Chapter 1271: So, This is the Deity Realm!

Fang Tian looked at the insufferably arrogant Kanuo in the distance, his expression turned gloomy.

“In the end, Ye Yuan couldn’t make it?”

“Senior, I’ll go and fight him!” Teng Yun said.

Fang Tian gave him a glance said, “You don’t need to go and die. With his current strength, annihilating you is just a matter of a flick of a finger. You’re unable to imagine how terrifying the strength of Origin Deity Realm is!”

Fang Tian comprehended for 10 thousand years and only merely comprehended concepts to the Heaven Glimpse Deity Realm.

It was precisely because of so that he was even more aware of how frightening the Origin Deity Realm was.

Moreover, even the Absolute Heaven back then was unable to kill Kanuo.

How great his strength was could be seen at a glance.

“Then ... What should we do?” With Teng Yun’s might, he had a look of despair at this time too.

Fang Tian heaved a sigh and said, “Delaying every second count, I guess! If Ye Yuan can succeed, he’ll help to avenge us. If not ... Then the Divine Realm will also end here!”

Teng Yun could not help feeling stifled when he heard that. He had followed Fang Tian for many years already. He had never seen before Fang Tian speak with this kind of tone.

He knew that Fang Tian was really at his wit’s end already.

Even if Fang Tian risked this old life, it was also not possible to be Kanuo’s match.

But at this time, Cao Yunzhi came over anxiously to find, and said, “Senior, that guy is too arrogant! The people below are all seething with righteous indignation and are all requesting to battle! I almost can’t suppress it anymore!”

Teng Yun brows furrowed, and he said, “This bunch of guys who think themselves to be infallible. Do they really think that the fiend race is kneaded from clay?”

Fang Tian said to Teng Yun, “You go and quell them a bit. Have everyone not to act recklessly without careful though! They don’t know the terror of a heavenly fiendgod, so being like this is also understandable. I’ll go and face-off with Kanuo.”

Finished talking, his figure moved, vanishing from where he was.

...

With the medicinal pill entering his abdomen, Ye Yuan felt like he was about to explode.

The surging medicinal strength gushed forth wantonly inside his body.

Finally, his body could not endure it anymore and directly exploded into pieces!

Seeing this scene, everyone's expressions changed drastically!

"Big Brother Yuan!"

"Big Brother!"

"Young Master!"

...

Li-er they all were dumbfounded by this scene that arrived unexpectedly. All of them screamed and sprinted towards Ye Yuan.

However, barely taking two steps, they were stopped by a powerful force and were unable to move an inch forward.

A calm voice sounded out beside their ears.

"He's not dead yet. Don't shout and wrangle! You all, look!" Kunwu said.

Everyone was shocked. Focused their eyes and looking over, they discovered that the shattered Ye Yuan did not scatter everywhere, but coagulated and did not dissipate.

An enormous Tai Chi diagram appeared out of thin air once more, condensing Ye Yuan's flesh and blood inside.

"Senior, this ... What's going in? Is Big Brother Yuan alright?" Li-er was uncertain what it meant and still asked incomparably nervously.

The scene just now was truly too frightening. At that moment, she only felt her head buzz, her mind a total blank.

But Kunwu said with an indifferent look, "*Heh*, how can a mortal fleshy body withstand Heavenly Dao? Reestablishing after being broken, he re-molded Heavenly Dao with a medicinal pill. Right now, his lesser Heavenly Dao is going to re-mold Essence, Energy, and Spirit, so that it can withstand his Heavenly Dao."

Everyone exchanged glances when they heard that, all had looks of incredulity.

They had never heard before that achieving Deity Realm would have such a thing happen!

Ye Yuan's way of breaking through was truly too frightening.

Seeing the expression on everyone's faces, Kunwu smiled and said, "If it was 100 thousand years ago, him breaking through to Deity Realm naturally doesn't need to be like this. But now ... *huhu*, one naturally can't use normal means to breakthrough. His current situation is tantamount to operating a miniature Heavenly Dao within his own body, and has no correlation with the outside world anymore! But you guys rest assured. When he breaks through to Grotto Profound Deity Realm, his strength will be much stronger compared to ordinary Grotto Profound Deity Realms."

Even though Kunwu's explanation was well-grounded and reasoned, with everyone's relationship with Ye Yuan, not seeing Ye Yuan recover his original appearance with their own eyes, how could they set their minds at ease?

But Ye Yuan's current state was totally different from that horrifying sight that everyone saw.

He felt like he seemed to have returned to his mother's womb. Everything was so serene and peaceful.

At this moment, he felt like he had floated above the ninth layer of heaven, overlooking all life.

As if the Divine Realm's everything, he was able to take it all into his sight!

"This is ... Endless World! Wu Fang City!"

Ye Yuan's gaze was currently staring at the Lower Realms' Wu Fang City at this time!

The city was still as busy as ever. Everyone came to this alchemy holy land to make a pilgrimage.

Ever since this place produced a Ye Yuan, the reputation of alchemy holy land could no longer be shaken.

"That is ... Father!"

Ye Yuan was pleasantly surprised. Who he saw was precisely Ye Hang!

Ye Hang at this time was currently sitting high above at the City Lord Manor, signing something for the people below.

Turned out that he was actually Wu Fang City's city lord already!

"*Heh heh*, ten years, Father really did it!"

Even though there was Ye Yuan around, the ten-year covenant originally was already nothing.

But Ye Hang still did not be laidback!

Within 10 years, Ye Hang broke through to peak Alchemy Sovereign, becoming this Wu Fang City's lord!

His grandfather, Ren Xingchun, had clearly relinquished his throne already.

Ye Yuan's heart stirred and saw that Ren Xingchun was currently cultivating in closed-seclusion inside a secret room.

In addition, Ren Hongling was currently talking to a teenage girl.

That little girl was actually 70% to 80% similar to Ren Hongling between the brows. She also looked somewhat similar to him.

"Could it be that this little girl ... is actually my sister! *Haha*, with a sister to carry out filial piety on my behalf, it also put my heart at much greater ease."

Discovering this scene, Ye Yuan was pleasantly surprised too.

Ye Hang's and Ren Hongling's age were not considered old. They, who were without children, gave birth to a sister for him alleviated Ye Yuan's sense of guilt significantly.

Following that, Ye Yuan's gaze swept over and saw the Tranquil Cloud Sect that was like the noonday sun.

The current Tranquil Cloud Sect was goodness knows how many times grander than before.

Inside the sect, Long Tang was dressed in the sect master's attire. He actually became the master of the Tranquil Cloud Sect already!

Seeing all these, Ye Yuan could not help feeling vicissitudes of emotion.

In a blink of an eye, it had already been close to 20 years since he left the Endless World.

Even though the Endless World was just a small world, it had a tremendous impact on Ye Yuan's this lifetime.

Of course, in the eyes of the current Ye Yuan, the Endless World did not even count as a small world.

Because even this Divine Realm was also merely an empyrean world.

Outside, there was an even broader space.

Suddenly, Ye Yuan's mind stirred, and he turned his gaze to the Divine Realm's dragon clan, and it involuntarily became intent!

Above the sky, Fang Tian and Heavenly Fiendgod faced each other from a distance, seemingly talking about something.

Heavenly Fiendgod Kanuo actually came into being once more!

Seeing this scene, Ye Yuan could not help panicking greatly in his heart.

He did not expect that it was still Kanuo who was a step faster in the end!

Just as Ye Yuan was burning with anxiety, Ye Yuan's consciousness was abruptly pulled away.

He only felt his eyes blur, the scene returning to the Godsfall Mountain Range again.

Sensing this brand new body, Ye Yuan felt like he possessed limitless power. It was as if the entire world could be used by him!

"So, this is the Deity Realm!" Ye Yuan muttered.

Chapter 1272: Brahma True Fiend, One Palm Destroying Worlds!

"Isn't this the senior who defeated that fiendgod on that day? *Haha*, he finally took action! With him around, the human race is all guaranteed!"

"Who's that lord? Is he very strong?"

"*Heh*, more than strong! The last time, that fiendgod took advantage of the Heaven Surmounting Divine King and Zhuge Qingxuan fighting until both sides suffered heavy losses and ambushed the dragon clan. It was this lord who made a move to repel him!"

“So formidable? That fiend race fellow is too cocky, to actually say whatever the Divine Realm is his! Really bullying that my Divine Realm has no one!”

...

Fang Tian’s sudden appearance gave the dragon clan’s powerhouses a heart-calming pill.

The scene of him defeating Kanuo that day was still vivid in everyone’s mind.

That heaven-shocking attack left an extremely deep impression on everyone.

And only then did those human race powerhouses know that turned out the human race still had an existence comparable to the Heaven Surmounting Divine King!

With this, their hearts finally went back in place.

They did not know how strong Kanuo was and also did not know how strong Fang Tian was.

In their view, the Heaven Surmounting Divine King battling three great fiendgods alone and even slaying one of them, was already powerful to the extreme.

No matter how strong these two people were, they also would not be stronger than Ye Yuan.

Therefore, the ignorant were fearless, this sentence, still made a lot of sense.

Fang Tian’s emotion was far from as relaxed as them.

“*Heh*, Fang Tian brat, you and I have fought for 50 thousand years. Today, this deity is finally going to banish you into the dirt!” Kanuo said with a cold laugh.

Ever since being suppressed by Absolute Heaven a million years ago, Kanuo could be said to be depressed to the extreme in the Immortal Grove Region.

All the way until 50 thousand years ago, he saw Heavenly Dao dwindle to zero, and humans were no longer able to step foot into Deity Realm. He thought that his chance had come.

Did not expect that the little known Fang Tian came soaring into existence, severely injuring him once more.

Toward Fang Tian, Kanuo hated to the extreme.

Now, he finally returned to the peak, returning as a king with the realm of a heavenly fiendgod.

How could there be the logic of Fang Tian not dying?

But First Level said with a face like an old well without ripples: “Kanuo, you didn’t succeed even after struggling for a million years, could it be that you still remain too obstinate to realize your error? This Divine Realm’s Heavenly Dao cannot tolerate you! Even if you returned to the peak, do you think that you’re this old man’s match? Don’t you forget, even if you’re any more powerful, you’re also merely a Half-Deity Realm! There isn’t an insurmountable gap between us!”

Fang Tian’s words made Kanuo’s heart thump.

Fang Tian’s words hit the mark!

Back then, Lord Fiend Empyrean made him and Yue Ji search for the Immortal Grove Region, and find Heavenly Empyrean Immortal Grove's empyrean spirit treasure.

They found the region and entered it, but a million years passed, and they still did not complete the mission.

Not that their strengths were not strong enough, it was because this Immortal Grove Region's Heavenly Dao rejected their appearance!

Could it be that this Fang Tian obtained some trump card again, that was why he was so confident?

Empyrean spirit treasure's could not be surmised with common sense!

At this time, Fang Tian already had no other means and could only put on an empty-fort strategy, scaring Kanuo away.

But it looked like this empty-fort strategy seemed to be somewhat effective.

"*Heh*, so what then? You're indeed very formidable, but compared to the Absolute Heaven back then, you're still a little inferior! Even Absolute Heaven couldn't do anything to this deity, could the likes of you? Moreover, this deity has obtained the Fiendsource Bead now. My strength is even greater compared to back then! Today, I want to see if this Immortal Grove Region's Heavenly Dao is really that so powerful!" Kanuo said with a cold smile.

He was not so easy to bluff. Preparing for so many years, how could he easily give up?

Rolling fiend energy spread out from Kanuo's body. Clouds of black gas virtually blotted out the sky and obscured the sun.

Only at this time did those humans before know how terrifying this Kanuo's strength was!

Fang Tian's expression was incomparably ugly. He also did not expect that this Kanuo was actually so decisive in going for the kill. He could not even delay for half a second.

He knew that that was already no way out!

Fang Tian did not value his life, he just could not bear to see ten thousand miles of land become a sea of blood.

Without the slightest hesitation, Fang Tian removed his seal on the essence energy sea. A powerful essence energy undulation made the human race powerhouses extremely inspired with enthusiasm.

Evenly-matched in strength!

Just looking at the magnitude of the essence energy, he and Kanuo both belonged to Half-Deity Realm; barely any difference.

But following the release of the essence energy seal, Fang Tian's appearance aged at a speed visible to the naked eye.

Seeing this scene, Kanuo was first stunned, then burned with a monstrous rage. In the end, he let out a wild laugh!

"Hahaha ... It turns out that you're already an expiring lamp that ran out of oil! What a terrific Fang Tian! You've bluffed this deity so bitterly these few years! Today, this deity is going to ground you to dust. Only then can it give vent to the hatred in my heart!" Kanuo laughed from extreme anger and said.

Only now did he know that Fang Tian was long a dying lamp already!

If he was not scared away the last time, there would not be today's matter long ago already.

He would not need to recover his peak strength and would be able to capture all of the people that posed a threat to him in one fell swoop!

Now, he wasted the greater part of a year's time in vain. But what he waited for was such a result!

"Senior, we'll fight side by side with you!"

At this time, over a dozen figures arrived in the air, standing together with Fang Tian.

Teng Yun, Long Min, Zhong Zizhen, and the rest revealed decisive looks. This scene was rather solemn and stirring.

"Humph! A bunch of ants! This deity will let you all take a look today, at just what kind of being a Heavenly Fiendgod is!"

Kanuo looked at everyone in disdain. Both hands forming a seal, a terrifying power of law wafted between heaven and earth.

Above the void, that monstrous fiendish energy gradually condensed to form a gigantic true fiend dharma idol.

The power emitted by that true fiend dharma idol made everyone's faces change drastically!

"Brahma True Fiend! One Palm Destroying World!"

Kanuo's cold voice sounded out as if he blew the horn that was destroying the world.

The true fiend dharma idol slowly opened its eyes. Everyone felt their blood run cold.

That feeling was really like it was Armageddon!

This true fiend dharma idol was too terrifying!

The people's gaze all involuntarily gathered on those dozen over profiles in the air.

That was their final hope!

Fang Tian's complexion was deathly pale. No one was sure if it was because he was already a dying lamp, or because of the pressure than the true fiend dharma idol gave him.

The true fiend dharma idol slowly raised its palm. A scent of despair instantly swept across the human powerhouses.

"Hahaha ... Enjoy this final despair! After today, the human race shall be thoroughly erased from the Immortal Grove Region! This Immortal Grove Region is my fiend race's!" Kanuo said with a crazed laugh.

A palm slowly pressed down. The entire space seemed to be squashed.

World destroying power, it was really not a brag!

“Do it!”

Fang Tian mustered up all of his final essence energy. A palm burst forth brazenly.

A terrifying force welcomed the true fiend palm!

Fang Tian’s strength could not be said to not be strong. This place actually just nice blocked the true fiend palm!

The other powerhouses also did not have the slightest hesitation, bringing out all of their strength one after another, welcoming the true fiend palm.

“Blocked it! *Haha*, blocked it!”

“Saved! If this palm were to land, we’d be dead for sure!”

“This senior has such formidable strength, to actually be able to block such a terrifying palm!”

...

However, the people’s excitement of surviving a disaster had yet to last for two breaths of time, and everyone’s faces already changed drastically!

Chapter 1273: Supporting the Sky With One Hand!

“*Puu, puu, puu!*”

In midair, the human race and demon race powerhouses virtually spewed blood at the same time. The barrier that a group of powerhouses used every last ounce of strength to create, crumbled with a loud bang!

Over a dozen figures fell down from the air powerlessly. The fiend palm continued to land neither too fast nor too slowly.

“Senior Fang Tian!”

Teng Yun yelled out, mustering the not much remaining essence energy, bundling up Fang Tian, who was on the brink of death.

“This ... What’s going on here? How ... How could he be so strong?”

“Human and demon, two race’s dozen over peak powerhouses, actually couldn’t even last past two breaths of time? My ... My eyesight isn’t failing, right?”

“This fiendgod seems to be somewhat different from those previously! He ... He’s so strong!”

“Where’s the Heaven Surmounting Divine King? Why hasn’t the Heaven Surmounting Divine King showed up until now? Could it be that ... he ...”

...

Only at this time did the human and demon, two race's martial artists, know how powerful Kanuo's strength was!

That apocalyptic palm was not shouted out to scare people!

Under a palm, Fang Tian plus over ten human and demon, two race's pinnacle powerhouses, were all defeated. What trump cards did they still have to resist?

At this time, someone finally thought of Ye Yuan and discovered that he never appeared before from start to end.

This human race's leader actually fled on the eve of battle?

For a moment, resentful scoldings spread among the crowd.

Of course, even more were ... feeling fearful!

The true fiend dharma idol's palm was still slowly landed. The earth was trembling.

The more it was this sort of time, the more they hoped for there to be the appearance of a savior, and were also disdainful towards Ye Yuan's action of fleeing in the face of danger.

More and more people scolded him, getting increasingly nastier.

All of the spearheads were all pointed at Ye Yuan.

Ye Yuan left in secret. The people who knew were not many.

Even the two race's upper echelons, those who knew were also a meager lot.

Seeing this scene, Teng Yun seriously could not resist and shouted angrily, "ALL SHUT UP FOR ME!"

Teng Yun's voice was akin to a great bell, directly suppressing all of the rebuking voices.

"You all these ignorant fools! Ye Yuan he entered deep into the god-forbidden region to search for an opportunity to become a deity in order to deal with Kanuo, facing certain death! You all, these useless fellows, each and every one of you only know how to blame heaven and other people. Think carefully, have you worked hard before yourselves?"

Everyone all quietened down, their faces revealing abashed expressions.

They suddenly discovered that Ye Yuan really had not appeared in a long time.

No one thought that he actually entered the god-forbidden region.

That was a place that even Deity Realm powerhouses did not dare to step foot into!

Looks like the Heaven Surmounting Divine King they all had long known that this fiendgod's strength was unstoppable. That was why he would use this kind of extreme method to search for a last hint of turning point for the human race.

But could he succeed?

It had been over 100 thousand years. How many peerlessly talented people were unable to open that magical door too?

Could the Heaven Surmounting Divine King succeed?

“Hahaha ... Tremble! Despair! Everything that Heavenly Empyrean Immortal Grove created, this deity is going to utterly destroy it today! Hahaha ...”

In the air, Kanuo’s high and mighty laughter came over.

In this day and age without Deity Realm, he was an invincible existence!

“Quick! O-Open up the 28 Constellation ... Spirit Guarding ... Grand Array!”

At this time, that feeble voice of Fang Tian came over.

Teng Yun was uncertain what it meant, but he still reacted at the first moment!

“Quick! The Four Symbols Family Clans activate the spirit guarding grand arrays at the same time!” Teng Yun roared loudly.

Even though the four clans were not together, they had an array formation that transmitted news amongst themselves.

Teng Yun’s order spread across the four clans right away.

The grand arrays activated. The spirits of the four symbols surged to the sky, working in concert with each other from a distance!

Azure Dragon, White Tiger, Vermilion Bird, Black Tortoise, the spirits of the four symbols seemed to have obtained impel, converging above dragon clan’s sky in an instant!

The spirits of the four symbols each gave a long roar, forming a terrifying resonance with each other.

An enormous barrier condensed and formed at the dragon clan’s sky.

Seeing this scene, everyone’s gaze that despaired revealed hope once more.

Everyone did not expect that the four clans activating the spirit guarding grand arrays at the same time, could actually have such an effect.

Boom!

The giant black palm landed right onto the barrier, shaking until the earth quaked.

“Blocked it! Didn’t think that the Four Symbols Family Clans still had such a formidable grand array!” A series of thrilled voices came from in the crowd.

Seeing that the barrier was actually effective, Teng Yun was greatly surprised too.

He had never heard before that the Four Symbols Family Clans’ spirit guarding grand arrays actually still had such an effect.

“Senior, it worked!” Teng Yun said with joy.

Fang Tian shook his head powerlessly and said, "It's useless."

The current Fang Tian had already reached the brink of death. He was just hanging in there with one last breath and might die at any time.

But Fang Tian's words made Teng Yun's heart sink.

But Kanuo looked at this scene coldly and said with a cold sneer, "Four symbols resonance? *Heh heh*, if it's the four clans' progenitors here, this four symbols resonance would naturally be powerful! But it's a shame, *oh*, it's a shame!"

A black bead was faintly discernible on Kanuo's forehead. His fiendish energy skyrocketed several times all of a sudden!

That true fiend dharma idol's power similarly skyrocketed several times!

Crack! Crack! Crack!

Under the demonic palm, that barrier only lasted for several breaths of time, and cracks actually started to appear.

That ear-piercing sound made the faces of the two race's martial artists turn deathly pale in an instant.

Still could not work!

The cracks on the barrier became more and more. Finally, unable to withstand the power of the palm, it thoroughly collapsed!

The spirits of the four symbols could not withstand this kind of power either, directly turning into nothingness.

Rumble ...

The gigantic palm came closer and closer. The pressure got increasingly closer.

Split ...

The giant palm had yet to completely land, and a group of martial artists whose strength was slightly weaker already could not withstand this pressure, vomiting fresh blood in large mouthfuls.

Bang! Bang! Bang!

Landing a fraction more, quite a few martial artists' bodies exploded straight away, being convulsed into meat paste.

The faces of Teng Yun and the rest were incomparably ugly. This Kanuo was too strong, strong until it made people despair!

He finally knew now, why Ye Yuan wanted to enter deep into the god-forbidden region, to seek out that virtually impossible hope.

Without Deity Realm, they had no chance of victory at all!

"Puhwark!"

The giant palm was already hanging over their heads. Teng Yun finally could not resist spewing out a mouthful of fresh blood.

That attack previously already exhausted most of his strength. Currently, he was already a spent force, and he still had to branch out a portion of essence energy to go protect Fang Tian.

He was already almost at his limits!

“Could it be that it ends here?” Teng Yun said with unwillingness.

“*Hahaha* ... Immortal Grove Heavenly Fiendgod is nothing more than this! You suppressed this deity for a million years, today, this deity shall get it all back, both principal and interest! Brahma True Fiend, kill for me!”

In the midst of Kanuo’s wild laugh, the giant palm landed with a loud bang.

Looks of despair surfaced on everyone’s faces. This front and back hundred breaths of time, they had seemingly fallen to the 18 levels of hell.

In the crowd, tragic cries rose one after another.

This was the cry of despair!

Boom!

Right at this time, the giant palm suddenly stopped!

Air billows rolled out, directly sweeping out 100 thousand miles away.

The air billows swept up a series of fierce gales, blowing until everyone’s eyes could not open.

When they came back to their senses and focused their eyes to look over, only to see a tiny and frail body, actually use one hand, and supported the Brahma True Fiend’s palm!

[Unrivaled Medicine God](#)

Chapter 1274: In a Flick of a Finger, an Army is Reduced to Dust

Insignificant and weak, that was in comparison to a true fiend dharma idol.

Facing that true fiend dharma idol akin to beholding a great mountain, that figure was simply insignificant.

But he only used one hand and propped that enormous palm up!

“Ye Yuan!”

“Heaven Surmounting Divine King! It’s the Heaven Surmounting Divine King! *Hahaha* ... The Heaven Surmounting Divine King finally rushed back!”

Ye Yuan’s appearance made everyone incredibly excited!

Previously, the Spirit Bristle Divine King said that the Heaven Surmounting Divine King entered deep into the god-forbidden region, searching for the opportunity to become a deity.

Now that the Heaven Surmounting Divine King returned, could it be that ... he succeeded?

With that in mind, they felt like their hearts were almost leaping out!

When Fang Tian saw Ye Yuan's figure, there was actually an additional trace of luster in those dead eyes.

Teng Yun even started trembling with excitement. He grasped Fang Tian's hands and said agitatedly, "Senior, he ... he came back! *Hahaha* ... He really came back! I say, could he have ... could he have ..."

Fang Tian was powerless to speak, but he still nodded his head firmly.

Right now, he could confirm that what caused these few days of heaven and earth phenomenon was definitely Ye Yuan!

As long as he came back, he must have broken through to the Deity Realm!

Furthermore, Fang Tian's concept comprehension was more than a magnitude stronger compared to the others. He could feel that elusive and intangible aura on Ye Yuan's body.

That sort of feeling was as if what he was facing was ... the Heavenly Dao.

Kanuo's eyes became wide-circles, looking at this scene in disbelief.

He knew how strong the Brahma True Fiend was. But Ye Yuan actually blocked it with just one hand!

"Brahma True Fiend! Crush for me!"

Kanuo urged the Fiendsource Bead to the limits. The power of the Brahma True Fiend's palm surged.

Ye Yuan gave a cold snort and gave a palm with a flip of a hand.

The tiny flesh palm came into contact with the Brahma True Fiend's palm once more and actually directly shocked the massive palm back.

The Brahma True Fiend's dharma idol seemed to have been struck by lightning, its entire body started trembling.

Finally, with a loud bang, it directly dissipated into nothing!

When the fiend race powerhouses saw this scene, their eyeballs popped out.

"W-What kind of joke is this?! The Brahma True Fiend ... was actually scattered by a single palm!"

The one who spoke was Fiendgod Jia Lan. When he saw this scene, he even suspected that there was a problem with his eyes.

How strong was the Brahma True Fiend?

Back then, when Absolute Heaven faced off with Lord Kanuo, he also kept a good distance away from this move!

But now, it was actually scattered by Ye Yuan's one palm!

Yue Ji's pupils also constricted. Likewise, as a heavenly fiendgod, she was naturally aware of the formidable aspect of Brahma True Fiend, this move.

This martial technique was passed down by His Excellency, Fiend Lord, and its power was boundless.

Even though Kanuo was unable to unleash its true power, it was also absolutely not what an empyrean world's aboriginal could defeat.

The only possibility was that ... Ye Yuan corroborated his Dao and became a deity!

But how was this possible?

Ye Yuan did not care about everyone's astonishment; his figure suddenly vanished.

When he reappeared again, it was already beside Fang Tian.

"Senior, Ye Yuan came late and has made you suffer!"

While talking, Ye Yuan extended two fingers. A ball of green light appeared on his fingertips.

It was only to see him lightly tap at Fang Tian's glabella. The green light flashed and disappeared, injecting itself into Fang Tian's body.

A colossal life force instantly shone inside Fang Tian's body, making him a lot more energetic.

"Ye Yuan, this ... this is?"

Fang Tian looked at this scene in disbelief. His bodily functions obtained restoration virtually instantly.

The him that was already close to death actually revived miraculously.

Ye Yuan said, "This is the lease of life that I sought from Senior Kunwu. With this wisp of vitality, it can guarantee you a hundred years of lifespan!"

"A-A hundred years?"

Fang Tian drew a breath of cold air, looking at Ye Yuan like he had seen a ghost.

Previously, Ye Yuan expended a Herculean effort before refining the arcane insight rank Heavenly Fragrance Life Extending Pill, extending his lifespan by 30 years.

Now, just a wisp of vitality could guarantee him a hundred years of longevity.

This was simply something inconceivable!

Ye Yuan smiled slightly and said, "That's right! Senior Kunwu's strength is what we're unable to imagine. If not that you've already reached the point where you're an expiring lamp that ran out of oil, just this wisp of vitality is sufficient to extend your lifespan by as long as 10 thousand years!"

Everyone was taken aback by shock!

Even the most powerful medicinal pill was also unable to extend lifespan by 10 thousand years.

Ye Yuan sought for a total for two wisps of vitality. One was for Fang Tian, but the other was for his mother.

"Ye Yuan, you ... could you have ..."

Teng Yun was not a person who did not know how to convey the meaning of his words. But at this moment, he really did not know how he should word it.

He was very afraid, terrified that Ye Yuan did not break through to the Deity Realm.

But this sort of thing was truly unimaginable.

Under the circumstances where Heavenly Dao was missing today, was there really someone capable of breaking through to the Deity Realm?

Ye Yuan smiled and nodded his head.

When everyone saw the situation, their minds all buzzed, becoming blank, all unable to think anymore.

It was true!

Ye Yuan really broke through to the Deity Realm!”

“Haha ... hahaha, Ye Yuan, c-congratulations to you! Haha ...”

There was a look of wild elation on Teng Yun’s face, and he could not even quite choose his words anymore. He was even happier than himself breaking through to the Deity Realm.

After the astonishment, the others were likewise greatly surprised.

Ye Yuan breaking through to the Deity Realm indicated that they no longer needed to be afraid of Kanuo!

Furthermore, Ye Yuan broke through to the Deity Realm. That meant that they could all break through to the Deity Realm!

Perhaps, Deity Realm would descend upon the Divine Realm anew!

How could this sort of thing not make them wild ecstatic?

Ye Yuan smiled and said, “Talk about this later. I’ll be right back!”

These words were domineering!

To be able to say this sort of words to Heavenly Fiendgod Kanuo, there was probably only a Deity Realm powerhouse, right?

With a flash, Ye Yuan appeared in the sky once more, overlooking all life.

Even someone as powerful as Kanuo was also merely a slightly stronger ant in his eyes.

All under the Deity Realm were ants. This was not just lip service!

After breaking through to the Deity Realm, Ye Yuan deeply sensed the power of the Deity Realm!

He saw Fang Tian and Kanuo’s confrontation in his consciousness, then broke through to Deity Realm very soon and begged Kunwu for two wisps of vitality, crossing hundreds of millions of miles in an instant, arrived at the dragon clan, and just nice caught up to the Brahma True Fiend’s palm.

“Kanuo, you don’t belong here. You have plagued the Immortal Grove Region for as long as a million years! Today is your judgment day!” Those indifferent words of Ye Yuan’s directly sentenced Kanuo to death.

Kanuo’s expression changed, and he said in a stern voice, “Fiend race army, attack for me! Kill this kid!”

In the fiend race, there was only obedience.

Even if ahead was a blade mountain and sea of fire, those fiend race powerhouses would also proceed without hesitation!

For a moment, a horde of momentous and tidal-like voices sounded out!

The fiend race powerhouses and fiend slave numbered far more than billions.

Including Jia Lan, these fiendgods, each and every one of them brought out their strongest attack, wanting to drown Ye Yuan using human wave tactics.

Ye Yuan gave a cold snort and said coolly, “*Humph!* Dull and thickheaded!”

Finished talking, Ye Yuan suddenly smacked a palm out. Heaven and earth changed colors!

A berserk giant dragon rose into the air, charging forth and meeting those countless attacks.

Rumble ...

After ten breaths, there was a stretch of scorched earth before one’s eyes.

In a flick of a finger, an army was reduced to dust!

Chapter 1275: Kanuo’s Trump Card!

Between heaven and earth, there was a dead silence.

There was only a trace of cool breeze reverberating between heaven and earth.

The human martial artists felt like there was something stuck in their chest and had to get it out of their chest.

This scene deeply astounded them.

Slaughtering billions of powerhouses in one move, such means was simply inconceivable!

“My eyesight must be failing! It must be going blurry! This isn’t real!”

“T-Too strong! Deity Realm! This must be the Deity Realm! The Heaven Surmounting Divine King, he ... must have broken through to the Deity Realm!”

“No wonder everyone says that all are ants under the Deity Realm. Deity Realm ... is truly too strong!”

...

Such a spectacle was seriously too impactful.

Even the Fiendgod Jia Lan and four great fiendgods who had once considered themselves without equal in the world, all turned to dust under Ye Yuan's attack.

This was already another kind of realm, a realm that they were unable to imagine!

Such might, even his own people shuddered.

"Is ... Is this Deity Realm?"

Looking at that slightly thin and weak figure above in the sky, Teng Yun muttered to himself.

The powerful strength that Ye Yuan displayed struck his heart directly, making his heart quiver with excitement.

The thirst towards Deity Realm, they all, these powerhouses who stood at the pinnacle of the Divine Realm, yearned for it the most.

But, even if they stood at the summit, they could not touch that layer of membrane either.

Ye Yuan's breakthrough gave them hope.

"Don't think anymore, Ye Yuan's success cannot be replicated!"

Fang Tian heaved a sigh, shattering Teng Yun's dream to pieces.

He turned around to look at Fang Tian and said unwillingly, "W-Why?"

Fang Tian sighed again and said, "If my conjectures are right, Ye Yuan has already obtained Heavenly Dao's recognition and became a true deity that towers above all life! The strength that he displayed earlier was far greater than a true initial-stage Grotto Profound Deity Realm! His attacks carry the might of Heavenly Dao, that's why it's so powerful!"

"M-Might of Heavenly Dao?"

Teng Yun felt like his brain was somewhat short-circuiting. Fang Tian's words made him somewhat unable to comprehend.

What was Heavenly Dao?

That was the thing that all the martial artists had to comprehend!

Vague and intangible, the most mysterious of the mysterious!

Heavenly Dao towered above all life. How could it possibly be used by others?

Fang Tian's astonishment was no less than Teng Yun's

It was just that his understanding of the Heavenly Dao was far deeper than Teng Yun. So the things that he saw were far more than them.

"Heavenly Dao being absent, no matter how brilliant one was, it's also impossible to break the shackles! Ye Yuan blazed another path and created the Dao Defying Pill, and refined it successfully, completing Heavenly Dao within his body. The heaven and earth phenomenon a few days ago was probably a process of Heavenly Dao's recognition towards him!" Fang Tian said in a solemn voice.

Teng Yun was utterly in disorder and said in disbelief, "But ... But why?"

The current Teng Yun seemed to only have this one phrase 'why.'

Because he really had too many unsolved questions.

Fang Tian smiled bitterly and said, "What I can understand is also just this much! This Divine Realm doesn't seem to be as simple as we understand. But I suspect that beyond the Divine Realm, there might be a higher-order world!"

Teng Yun's entire body trembled, his face full of disbelief.

This news was simply too astonishing.

...

Ye Yuan stands proudly in the air, akin to a divinity!

That feeling of beholding a great mountain was established on strength.

Kanuo's eyes were filled with a look of fear.

Using overwhelmed by terror to describe was not over the top in the least bit!

He used a tone like he had seen a ghost and said to Ye Yuan, "You ... You actually obtained Heavenly Dao's recognition, and became the new master! This ... This is impossible!"

Kanuo's understanding was far from what the Divine Realm's martial artists could compare to.

The moment he saw this move of Ye Yuan's, Kanuo realized the severity of the problem.

Ye Yuan's palm was absolutely not just the strength of just entering the Deity Realm.

That majesty of Heavenly Dao could not be concealed at all!

"Didn't you see it? Kanuo, you've plagued the Immortal Grove Region for a million years. Now, it's time to end it!" Ye Yuan said coolly.

"Impossible! Impossible! You didn't obtain Immortal Grove that old thing's Dao Fruit, how can you possibly become the new master?" Kanuo's words were full of incredulity.

Hearing that, Ye Yuan's brows furrowed, and he said, "Dao Fruit?"

Ye Yuan realized that this might be the real objective of Kanuo entering the Divine Realm!

Kanuo realized that his tongue slipped, and he said unresignedly, "This deity is a heavenly fiendgod! Even if you stepped into Deity Realm, what does it count for? True Fiend Descending Upon the Earth!"

Kanuo was clearly unwilling to fail. His face fell, and monstrous fiendish energy slowly rose once more.

This time, the Fiendsource Bead suspended on above his head, amplifying his fiendish energy to the limits!

A violent black gas gradually condensed and formed in the air!

An enormous true fiend dharma appeared in everyone's line of sight!

Originally, that true fiend dharma idol was merely half a body.

But this time, it was a complete human form.

Furthermore, this true fiend dharma idol was goodness knows how many times more corporeal than before!

This true fiend dharma body was far from as large as before. But, that horrifying pressure that exuded struck everyone's hearts with great terror.

"Hahaha ... Ye Yuan, you're really very good! But it also ends here! True fiend dharma body, even though the power cannot rival one-millionth of a true fiend's strength, it's also absolutely not what the current you can resist!" Kanuo said with a wild laugh.

That black figure opened its eyes, staring at Ye Yuan coldly, a chilling intent penetrating to the bones.

"Is that so?" The corners of Ye Yuan's mouth revealed a disdainful look of ridicule.

Kanuo's expression turned cold, and he cried out, *"Kill!"*

Whoosh!

The true fiend dharma body suddenly disappeared. A terrifying apocalyptic power instantly wrapped Ye Yuan up.

The true fiend dharma body reached its hands out nimbly, a palm already pressing onto the top of Ye Yuan's head.

The human race martial artists all cried out. Even they also felt the power of this blow.

But Ye Yuan did not have the slightest intention of budging an inch.

He just stood there and did nothing.

Boom!

An even more terrifying undulation that before spread out!

The true fiend dharma body was actually sent flying out backward by a recoil force.

In midair, the true fiend dharma body seemed to have suffered a tremendous impact, its entire body trembling incessantly.

Finally, with a loud bang, it thoroughly dissipated into nothing.

Golden light radiated on Ye Yuan's body, looking incomparably sacred.

Kanuo's expression changed, and he exclaimed, *"Nine Transformations Golden Body! Black Tortoise Treasure Body Divine Art!"*

Even the Origin Deity Realm Zuo Zong could not breach Skydistant's defense. The Half-Deity Realm Kanuo was far too lacking!

After breaking through to Deity Realm, Ye Yuan's strength increase was all-round.

Regardless of whether it was offense or defense, it was all unassailable!

Ye Yuan gave Kanuo a glance and said coolly, "Now, your fiend race can utterly disappear in the Immortal Grove Region!"

Ye Yuan slowly raised his hand. The wind and clouds of the world suddenly changed!

A terrifying energy undulation swept across the entire world.

A hint of viciousness flashed across in Kanuo's gaze, and he suddenly burst into crazed laughter.

The void trembled and actually tore apart a large gouge.

A figure crucified on a cross appeared in front of Kanuo!

"Hahaha ... Ye Yuan, even if you broke through to Deity Realm, you're still not this deity's match! If you have the capabilities, come and kill me!" Kanuo laughed wildly unceasingly as if he was crazy.

Chapter 1276: Ice Sealing Ten Thousand Miles, a Thousand Autumn Snowfalls!

Ye Yuan's mind went buzzing for a bit, feeling like it was going to burst open.

The instant when he saw this figure, Ye Yuan finally understood just for what reason was his inexplicable heart palpitation!

Back then, Li-er was fine, and a chord in Ye Yuan's heart loosened up.

Ye Yuan also did not go and bother about that inexplicable palpitation anymore.

But it was precisely because of so that the self-reproach in his heart right now was even more severe.

"Hahaha, what's with your expression? Is it very surprising? Is it very delightful?" Seeing Ye Yuan's expression, Kanuo laughed loudly and said.

Ye Yuan's expression instantly darkened to the extreme.

His heart was dripping blood!

On the cross, four elegant limbs were nailed on it by four nails.

Fresh blood had long dried up!

That nail, Ye Yuan recognized it. It was called Soul Locking Nail. It was capable of nailing a person's divine soul, making it unable to escape.

Even a Divine King powerhouse could not either!

The cross also faintly had law undulations. It was clearly not an ordinary object.

Ye Yuan saw through at a glance, that array formation was precisely used for sealing essence energy!

On the cross, that kingdom-toppling face had a look of calmness and did not seem to have much fear.

On the contrary, there was actually still a hint of smile on her face!

But that hint of smile was even more like a steel needle, jabbing onto Ye Yuan's heart.

Ye Yuan understood the meaning of that smile!

She did not blame, did not resent; she ... just wanted to look at her heart's intent!

Meeting under this kind of circumstance to her, it was instead a ... most welcomed situation!

She was the Divine Realm's number one beauty ... Mu Lingxue!

"Hahah ... little girl, looks like there isn't you at all in his heart! Back then, he nearly fell into depravity for the Yue Family's little girl. But he has never cared about you before!" Kanuo said with a loud laugh.

Mu Lingxue ignored him. Looking at Ye Yuan, she said faintly, "Looks like, you're really very surprised."

Ye Yuan's heart twinged fiercely!

He opened his mouth but did not know what he should say.

What could he say?

Say that I had actually had Sudden Impulse before, but I never thought of you at all?

Mu Lingxue smiled.

The ice-beauty's smile was peerless and kingdom-toppling. It was as if heaven and earth were melted away.

The Mu Lingxue at this time gave people a heart-wrenchingly beautiful feeling.

Below, everyone was completely silent.

Everyone knew that there was an unclear relationship entanglement between the Heaven Surmounting Divine King and the Spirit Snow Divine King.

Back then, how many amazingly talented geniuses pursued the Spirit Snow Divine King.

But she only had feelings for the Heaven Surmounting Divine King!

It was unfortunate that the heartless brook babbled on while the dropping flowers pined for love. The two people did not walk together in the end.

Time had passed and circumstances have changed; the former Ji Qingyun returned with the domineering attitude of the Heaven Surmounting Divine King, but he walked together with Bright Moon City's proud daughter of heaven.

This was originally something that followed a logical train of thought as well. No one dared to say anything much.

After all, it was basically an outcome that happened without any external stimulus between Ji Qingyun and Mu Lingxue.

Nobody could not have thought that just as the war was about to settle down, Kanuo actually used the Spirit Snow Divine King as a hostage to threaten Ye Yuan!

Very clearly, it worked!

“You don’t need to say anything. I’ll just ask you one sentence!” Mu Lingxue said calmly.

Ye Yuan really did not know what kind of words to use to describe his current emotions.

If Mu Lingxue let loose a torrent of abuse to his face, he might be able to feel a bit better in his heart.

But Mu Lingxue was too calm, calm to the point where it made people terrified.

Mu Lingxue’s every word was like a blade, cutting on his heart blade by blade, making him feel unspeakable agony.

Only at this moment did Ye Yuan knew, the Deity Realm was not omnipotent!

At this very moment, even if he grasped Heavenly Dao, he was also that powerless.

Was there really no Mu Lingxue in his heart?

No!

A person was not a stalk of grass or a tree, how could one be heartless?

Previous life, he sought Dao wholeheartedly, feeling that attachments were a burden.

Towards Mu Lingxue’s feelings, he was not willing to accept.

But he did not really have no feelings for Mu Lingxue!

If not so, how could he refine pills for Mu Lingxue and save her life?

Later on, Ye Yuan met with a catastrophe and was stranded at the Endless World, but ran into Yue Mengli in an accident arising from many causes.

This disaster changed Ye Yuan far too much.

Not only did he embark on the Martial path, but he also opened up his heart and let Yue Mengli walk into his heart.

The two people experienced life and death together. Yue Mengli also finally moved Ye Yuan.

And Ye Yuan did not wish to let Yue Mengli down. That was why he would force himself to forget that past relationship.

Want to blame, could only blame fate for making a mockery out of men; the two people just passed each other by!

Even so, she did not blame him for anything either.

She did not even go and find trouble with Yue Mengli. Instead, when Ye Yuan was in danger, she saved Ye Yuan’s life!

Later on, she disappeared completely in Ye Yuan's life again.

From start to end, Ye Yuan had never met her, and did not even get to say a word of thanks!

The hardest thing to bear was a beauty's favor!

Toward Yue Mengli, toward Mu Lingxue, how was it not like so as well?

Mu Lingxue was the Divine Realm's well-renowned ice-beauty. Towards anyone, she had an icy-cold attitude.

But only when facing him, her entire person seemed to be thaw out.

This was a treatment that nobody had.

Different from the warmth of Yue Mengli's love, Mu Lingxue's love was like her personality; cold and silent!

Leaving the Medicine King Hall back then, Mu Lingxue never took a step into the Medicine King Hall again, entering closed-seclusion since then.

All the way until the Medicine King Hall's change and the news of Ji Qingyun's demise, his Dao vanishing, came to her attention.

She exited seclusion!

What Ye Yuan did not know was that Mu Lingxue had once gone up to the Medicine King Hall by herself and fought with Ji Canglan for several days, returning with serious injuries.

Later, Mu Lingxue knew that she was not Ji Canglan's match. Hence, she paid attention to the Medicine King Hall's movements in secret, before there was that day's rescue.

These 30 to 40 years of suffering, only Mu Lingxue herself knew!

But she had never gone to meet Ye Yuan to recount about everything before.

She just loved him in solitary in her own way.

"Y-You say!" Ye Yuan said with his tongue dry.

These few years, for the sake of Li-er, he practically sealed Mu Lingxue this person from his heart.

Therefore, even if it was Sudden Impulse, he also did not expect that it was actually related to Mu Lingxue.

But today, seeing Mu Lingxue, that seal was broken without the least bit of resistance.

Was it all life, or Mu Lingxue?

This was a multiple-choice question placed before Ye Yuan!

Clearly, this multiple choice question had no solution!

Even if he grasped Heavenly Dao presently, even if he looked down upon the world at present, even if he no longer had rivals in the world, it was also not possible for him to save Mu Lingxue from Kanuo's hands.

Because he knew that Kanuo absolutely would not give him a chance.

Mu Lingxue was the final hidden card that Kanuo specially prepared for Ye Yuan, and it was also a trump card. How could Kanuo possibly give him a chance?

Compared to Ye Yuan's dilemma, Mu Lingxue seemed calmer.

In everyone's view, she did not have any awareness of being a hostage.

Although her appearance looked very bleak and forlorn, it gave people a calm and magnanimous feeling.

The corners of Mu Lingxue's lips curled up. She smiled.

It was only to see her lightly open her red lips and slowly recite, "Ice sealing ten thousand miles, a thousand autumn snowfalls!"

[Unrivaled Medicine God](#)

Chapter 1277: A Storm Overnight Thaws It All Away!

"Lingxue, I ..."

This poem was the last sentence Mu Lingxue said to Ye Yuan before she left the Medicine King Hall back then.

Ice sealing ten thousand miles, a thousand autumn snowfalls, seemed like it was just a grandiose snow-covered landscape.

Actually, it was Mu Lingxue questioning Ye Yuan.

Of course, it was also a sentence that expressed her true feelings.

Back then, she used this sentence to force Ye Yuan to pour his heart out.

But Ye Yuan fell silent.

He did not give a response!

Mu Lingxue smiled mournfully at that time, and left abruptly with a flick of her sleeves, and never turned her head back again.

The meaning of Mu Lingxue's sentence was: if you don't accept my true feelings, then my heart shall be locked in ice henceforth, and never open my heart for anyone again.

In this life, the door to my heart would only open for you!

Ye Yuan's silence made Mu Lingxue heartbroken to the extreme. She returned to the Snowgod Palace from then and sealed off the gates.

Under this scene presently, Mu Lingxue asked this sentence once more!

"If you feel troubled, you can still choose to be silent," Mu Lingxue still said with a faint smile.

"*Haha*, you, little girl, are really an infatuated one! It's too bad that the heartless brook babbles on while the dropping flowers pine for love! You've done so much for him, but he doesn't appreciate the favor at all. Presumably, even your life or death, he won't care either!" Kanuo said with a laugh.

Ye Yuan's face fell, and he said with seething killing intent, "Kanuo, if you dare to touch a hair of hers, this young master will make you never reincarnate for all of eternity!"

Kanuo burst into laughter and said, "Is that so? What if I were to make her never to reincarnate for all of eternity?"

Finished talking, an additional bone awl suddenly appeared in Kanuo's hand and plunged straight into Mu Lingxue's chest.

"*Ugh ...*"

A heart-piercing pain spread throughout Mu Lingxue's entire body!

Mu Lingxue's brows furrowed tightly, the originally already deathly pale face became even more without a trace of blood. But she stubbornly did not cry out in pain.

"Lingxue!" Ye Yuan exclaimed.

"*Heh heh*, the Soul Locking Nail's prowess, you should know," said Kanuo, as he looked at Ye Yuan with a smile that was not a smile.

The Soul Locking Nail's prowess, Ye Yuan naturally knew it!

It was able to cause irreversible damage to the divine soul. Furthermore, this kind of damage was continuous!

It would torment the martial artist's divine soul unceasingly until the divine soul was destroyed.

One could imagine just how much torment Mu Lingxue was currently suffering at this time.

Ye Yuan's face was grim to the extreme, and he said in a solemn voice, "What the hell do you want?"

Kanuo said with a sinister smile, "You die, or she dies!"

"Ji Qingyun, you ... haven't answered me!" Mu Lingxue said feebly.

This nail ramming down, Mu Lingxue's vitality was seriously injured. But her two eyes stared at Ye Yuan even more incisively.

Ye Yuan's mind trembled, and he blurted out, "A storm overnight thaws it all away! Lingxue, sorry, it is I who let you down ..."

Mu Lingxue's chest heaved unsteadily. Even breathing became very difficult.

However, this sentence of Ye Yuan's was like the warm sun in winter, instantly thawing her long already frozen heart.

She had never been so happy before!

The human race martial artists were all besotted by this smile of hers.

At this moment, they finally understood what was called toppling all life!

Even though they all knew that this smile only belonged to the Heaven Surmounting Divine King.

“With this sentence of yours, it’s enough!” Mu Lingxue said with a smile.

“*Haha*, what a fine pair of cruel fated mandarin ducks, parted in life and separated in death! It’s too bad that you guys have no chance to continue your former destiny anymore! Ye Yuan, I’m only giving you three breaths of time. Every three breaths that pass, I’ll drive a Soul Locking Nail into her body, now ... the countdown starts!” Kanuo said and burst into laughter.

Ye Yuan’s chest was almost exploding. He really did not know how to choose.

What was certain that upon his death, the Divine Realm would no longer have hope.

But, to make him helplessly watch Mu Lingxue be subjected to all kinds of torment and die, how could he do it?

This ... was an unsolvable question in the first place!

“Ye Yuan, I hope that you can grow to a ripe old age with her! With this sentence of yours, Lingxue has no regrets in death!”

Suddenly, Mu Lingxue incomprehensibly gave this sentence.

In her eyes was full of tenderness, making Ye Yuan feel like a knife was being twisted in his heart.

Only then did Ye Yuan know that Mu Lingxue was really very easy to satisfy.

The moment Kanuo heart, he let out a wild laugh and said, “Die? In front of this deity, you can’t die ... as you please! Your essence energy is sealed, divine essence is locked, use what to die? *Hahaha ...*”

Mu Lingxue’s eyes finally landed on Kanuo, but it was icy-cold.

“Kanuo, you captured me to threaten Qingyun. Actually, you didn’t know that this was also what I hoped for! If not for the sake of waiting until today, how could I give you this opportunity?”

Mu Lingxue gave a cold laugh. A freezing to the extreme aura emitted from her body.

This freezing to the extreme aura instantly swept across the entire stretch of heaven and earth!

The previous moment, it was still clear skies for ten thousand miles. The next instant, it was overcast with dark clouds.

Very soon, goose feather-like heavy snow fell.

“Lunatic! You mad woman! You ... How did you do it?”

Kanuo’s voice was filled with terror as if the end of the world had arrived.

Ye Yuan’s entire body trembled, seemingly remembering something!

...

“Ye Yuan, do you know what the Nine Yin Divine Link Meridian’s most powerful move is?”

“The Nine Yin Divine Link Meridian is just a type of spirit physique. It’s also not a cultivation method or martial technique, what strongest move can there be still?”

“Of course! This is the move recorded in the Heaven Illusionary Ice Soul, it’s name is called Ice Sealing Ten Thousand Miles! Upon unleashing this move, within ten thousand miles will turn into an ice plain, snow falling in the sky for three years! Even peak Void Mystic powerhouses will also be frozen immediately!”

“So strong? Then isn’t your Snowgod Palace the true number one under the heavens? But why have I never heard of it before?”

“Because utilizing this move requires reversing the meridians and sacrificing the divine soul. It’s a mutual destruction move! If you don’t promise me, I’ll use this move and perish together with you!”

“Huhu, what kind of joke is this?”

“I’m not joking with you! Ji Qingyun, I’ll gift you a poem. If you can’t match with the second half, I’ll launch this move right now! Ice sealing ten thousand miles, a thousand autumn snowfalls!”

“...”

Mu Lingxue naturally did not unleash this move. She left.

Ye Yuan thought that she was joking all along, thinking that she only came up with this strategy in order to force himself.

He did not expect that she really unleashed it!

There really was this move!

A terrifying freezing air reverberated throughout heaven and earth; it was as if it could make time and space freeze.

The power of this move was truly very terrifying.

If it were before, this move was sufficient to freeze Ye Yuan to death.

But she knew that Ye Yuan, who had already become the number one person through the ages, did not care about this bit of cold air!

Her goal was suicide!

She used this move to break through Kanuo’s restrictions, destroying this trump card in Kanuo’s hand!

“Lingxue, stop! Quickly stop!”

Ye Yuan shouted until his throat hoarse, resounding through the clouds.

Ye Yuan’s figure instantly appeared beside Mu Lingxue, holding her in his arms.

When Kanuo saw this scene, his expression changed several times.

His figure moved; he sped away toward the horizon!

But right at this moment, a terrifying power of law descended from the sky, like a cage, thoroughly confining him.

Kanuo's figure abruptly came to a stop. A shrill and miserable scream sounded out.

Unrivaled Medicine God

Chapter 1278: Spiritual Consciousness Not Extinguishing

Kanuo's howl was akin to slaughtering a pig, divulging terror and despair.

This power of Heavenly Dao was not what he could withstand at all.

Ye Yuan did not kill him; he just shackled Kanuo, making him unable to move.

"Noisy!"

Hearing that pig slaughtering-like howl, Ye Yuan was extremely irritated in his heart and fired out an arc of light with a wave of a hand.

Boom!

Kanuo's voice immediately went mute and could not emit any sound.

His physical body directly collapsed under this blow, leaving behind only a cloud of black gas.

The black gas was also dim without light under this blow, almost dissipating.

Now, it was finally quiet.

Ye Yuan directly fired his remaining ball of vitality into Mu Lingxue's body.

But there was not a hint of color.

Mu Lingxue's aura was still in the midst of dissipating.

Ye Yuan shed tears as he poured colossal amounts of soul force as well as divine essence into Mu Lingxue's body.

But this was still unable to stop the elapsing of Mu Lingxue's life.

Drip ... Drip ...

Ye Yuan cast spells as he cried tears. Tears dripped onto Mu Lingxue's face.

In his embrace, Mu Lingxue's eyes were already gradually lax. But one could tell that she did not have any regrets.

On the contrary, a faint smile hung on her face, appearing very satisfied.

"Your ... Your dream ... finally came true, congratulations."

One sentence, it virtually exhausted all of her strength.

She knew that Ye Yuan's lifelong pursuit was the Alchemy God Realm.

At present, Ye Yuan stepped into Deity Realm. This dream naturally came true as well.

To be able to witness this scene, and also obtain Ye Yuan's answer, and even saw Ye Yuan's true sentiments pour out for her, she ... had nothing to be dissatisfied with.

This move, Ice Sealing Ten Thousand Miles, was a true mutual destruction.

Reversing the meridians, was the maximum degree of damage to a martial artist's bodily functions.

What was even more terrifying was sacrificing the divine soul!

Once the divine soul was wiped out, there would no longer be this person in the world!

Once this move was unleashed, it would be irreversible, all the way until one's life was exhausted!

Even though Ye Yuan grasped Heavenly Dao, he was not omnipotent.

Facing the elapsing of life, he also appeared so powerless.

No matter what methods he used, he was unable to stop the elapsing of Mu Lingxue's life.

"Don't speak anymore! You fool! Why did you have to do this?! Don't die! You can't die! I ... My promise hasn't been fulfilled yet!" Ye Yuan's heart ached to the extreme.

Mu Lingxue opened her mouth, wanting to speak. But she already could not say anything.

Color was fading frenziedly from that stunning face. Her vital functions were also rapidly dissipating.

Her divine soul was already not left with much and could not support her to talk anymore.

Seeing this scene, the human race powerhouses were all extremely moved.

Quite a number of people already had their faces covered in tears.

"Sigh, stubborn boy! Stubborn boy!"

On Fang Tian's face, tears were already flowing from aged eyes.

Mu Lingxue's deep love deeply shook him.

To be able to have such a soul mate was Ye Yuan's blessing.

But it turned into such an ending.

"The Spirit Snow Divine King's feelings touched the ninth heaven, to be so decisive for the Heaven Surmounting Divine King! She saved the Heaven Surmounting Divine King, and even saved the entire Divine Realm!"

"The Spirit Snow Divine King's feelings for the Heaven Surmounting Divine King, it is known by all in the Divine Realm! She waited silently for many years, just to wait for the Heaven Surmounting Divine King's one sentence, I ..." While talking, that person already choked up.

“The Spirit Snow Divine King is our benefactor! She saved all life under the heavens! Let’s pray for her together!”

This suggestion immediately obtained everyone’s recognition.

Thud, thud ...

One set in motion a bunch, a bunch spurred on a large swath.

The human race martial artists actually knelt down collectively.

“Spirit Snow Divine King, please take care!”

“Spirit Snow Divine King, please take care!”

“Spirit Snow Divine King, please take care!”

...

The tumultuous voices reverberated throughout the firmament, echoing through the entire firmament.

Ye Yuan shouted tremblingly, “Lingxue, did you hear that? Not just me, everyone in the Divine Realm, they all don’t wish for you to leave! You ... You can’t die!”

However, no matter how he shouted, Mu Lingxue was already unable to hear his voice anymore.

She slowly shut her eyes, looking like a peaceful sleeping beauty.

Ye Yuan exhausted all of his means and was also unable to salvage her divine soul from collapsing.

Ye Yuan gritted his teeth, picked Mu Lingxue up, and immediately vanished in everyone’s line of sight.

When he appeared again, he already crossed hundreds of millions of miles and arrived in the Godsfall Mountain Range.

The him who grasped Heavenly Dao could travel unhindered within this Immortal Grove Region!

“Senior, your means are exceedingly formidable! Please save her!”

Ye Yuan placed Mu Lingxue flat on the ground and directly knelt down toward Kunwu.

Kunwu gave Mu Lingxue a glance and said with a sigh, “You researched the divine soul path quite deeply and should know that sacrificing the divine soul is unsalvageable! Forget about me, even if Immortal Grove that old fart revives, he can’t save her either.”

Ye Yuan’s entire body trembled, and he said in disbelief, “How ... How can that be? I-Isn’t he the person who created this world?”

Kunwu said, “Creating the world doesn’t mean being able to control everything in the world! Humans are the most magical species in this world! Even if he created the Immortal Grove World’s humans, he also can’t control their birth, old-age, illness, and death. His Heavenly Dao was also merely comprehended. It’s just an incomplete Heavenly Dao, that’s all. After creating this world, everything was all Heavenly Dao operating on its own.”

Crack! Crack!

Ye Yuan's finger joints cracked, his heart aching until he was unable to breathe.

This outcome, he was really unable to accept it.

"Could ... Could it be that there's really no way?" Ye Yuan said unwillingly.

Kunwu said, "Not that there's no way; it's just ... too difficult, too difficult!"

When saying the 'too difficult' at the back, Kunwu involuntarily aggravated his tone.

It could be seen the degree of this method's difficulty.

But to Ye Yuan, this was undoubtedly a heavenly melody!

He looked at Kunwu with an excited look and said, "Senior, please advise! No matter how difficult, Ye Yuan has to accomplish it too!"

Kunwu said with a smile, "Something that even Immortal Grove couldn't accomplish, can you do it?"

Ye Yuan's entire body trembled, but his eyes revealed a determined look very quickly, and he said, "Senior, please advise!"

Kunwu sighed and said, "No harm in telling you. But ... the likelihood of you accomplishing it is negligible! Before that, I'll cast a secret art first. It can protect a trace of her spiritual consciousness from extinguishing. As for the matters later, it will depend on you."

Ye Yuan's face revealed a look of wild ecstasy, and he hurriedly said, "Many thanks, Senior!"

Ye Yuan retreated. Kunwu casually fired out nine streaks of light, inserting around Mu Lingxue.

Ye Yuan was startled, aware that those were nine branches of Kunwu Divine Wood.

This thing was equivalent to a part of Kunwu's body, incomparably precious.

First was the Kunwu Flower, then it was Kunwu Branches. This favor, Ye Yuan remembered it firmly in his heart.

Kunwu recited a spell. Those nine tree branches gave off a dazzling light, assimilating into Mu Lingxue's soul.

Mu Lingxue did not react in the slightest. But Ye Yuan could sense that her last trace of divine soul was finally preserved!

Chapter 1279: Heavenspan World!

"Old Fart Dustless, this kid already grasped control of Heavenly Dao. Until when are you planning to hole up like a turtle?" Kunwu suddenly said.

Ye Yuan was stunned when he heard that, somewhat uncertain what it meant. Because Kunwu said it to him.

Suddenly, a faint gray shadow appeared in front of the two. It was an old man who had experienced many vicissitudes of life.

The old man's figure was very faint, faint until it was about the same as a transparent person.

"You piece of wood. You clearly know that I'm very weak right now, still want to call me out!" Dustless smiled as he scolded.

Kunwu smiled and said, "Not that I wanted to call you out, it's him who requires your help!"

Dustless said with a bitter smile, "You, *oh* you, alright then. Since it's his matters, it's not up to this old man to turn it down either!"

While talking, Dustless lightly swept at Mu Lingxue. A surge of mysterious power instantly wrapped her up.

Following that, Mu Lingxue turned into an arc of flowing light, and actually entered Ye Yuan's glabella.

This scene made Ye Yuan jump in fright.

Mu Lingxue actually entered inside the Soul Suppressing Pearl!

"Senior, this ..." Ye Yuan said in wonder.

Kunwu smiled and said, "Old Fart Dustless is the Soul Suppressing Pearl's artifact spirit. That move of mine can only preserve a trace of that lass's spiritual consciousness from extinguishing. But it can't last for a long time either. Want to maintain her life force, you must borrow the Soul Suppressing Pearl's power."

Ye Yuan's shock was by no means insignificant. He did not think that this old man was actually the Soul Suppressing Pearl's artifact spirit!

He hurriedly gave a bow toward Dustless and said, "Please, Senior!"

Ye Yuan could sense that Dustless's condition was not very good. Taking Mu Lingxue's physical body into the Soul Suppressing Pearl already expended considerable amounts of his strength.

Dustless smiled and said, "You're the Soul Suppressing Pearl new master. This is naturally what I should do. Moreover, without you, I wouldn't be able to reawaken as well. It's just that my current state is very unstable. Maintaining that little lass's life force still requires the supplementation of soul force."

Ye Yuan suddenly thought of that Deathsoul Tree and Li Gui. Could it be that that Deathsoul Tree and Li Gui were actually devoured by this old man before his eyes?

This idea gave Ye Yuan a fright.

Someone as powerful as the Deathsoul Tree was actually devoured by the Soul Suppressing Pearl so effortlessly?

"The soul force supplementation that Senior talked about, could it be ... devouring divine souls?" Ye Yuan asked.

Dustless smiled and said, "That's right! The Immortal Grove Region's lifeforms, their soul force is too weak and is completely insufficient to let me recover. Only a fellow like the Death soul Tree can barely manage to satisfy my appetite."

Ye Yuan was speechless for a while when he heard. The Death soul Tree was already an invincible existence in the Divine Realm. It was actually just barely able to satisfy his appetite!

But thinking about it, Dustless only recovered this tiny bit after gobbling up the Death soul Tree, he was also relieved.

The artifact spirit of an empyrean spirit treasure was not what he could conjecture.

"The Soul Suppressing Pearl is a divine soul defensive type empyrean spirit treasure. Its power is boundless! If Old Fart Dustless can recover to his peak state, even if a heavenly empyrean arrives in person, they won't be able to attack your divine soul either! This kind of empyrean spirit treasure, even in the Heavenspan World, it's also exceedingly rare!"

Clearly, Kunwu held the Soul Suppressing Pearl in very high esteem.

But Dustless said with a smile, "In my current state, I can at most only withstand the divine soul attacks of Heaven Glimpse Deity Realm. Any stronger and I'd probably have to fall into slumber again."

Ye Yuan said curiously, "That Death soul Tree ..."

"The Death soul Tree was born in the Immortal Grove Region, while I'm Immortal Grove's empyrean spirit treasure. No matter how strong he is, he can't escape the palm of my hands either! Moreover ... he was imprisoned in this God-forbidden region by this old man in the first place, originally planning on devouring him. The result was ... I fell asleep myself first," Dustless said.

Ye Yuan clicked his tongue in wonder when he heard, not expecting that there was actually still such a thing.

Messing around for so long, this Death soul Tree was actually just a nourishment that the Soul Suppressing Pearl was rearing in a pen!

No wonder he cursed that old fart so fervently. Turned out that it was actually Dustless.

Ye Yuan cupped his fists towards Kunwu and said, "Senior, I wonder what the method to save Lingxue is?"

What he was most concerned about right now was still this.

Without a doubt, the method to save Mu Lingxue was definitely in the world outside.

Something that even Heavenly Empyrean Immortal Grove could not accomplish, it could be imagined how difficult that was!

This path was even more densely covered with thorns than his road of revenge.

Kunwu smiled and said, "You don't be anxious first. Since you're going to the Heavenspan World, I'll tell you about the Heavenspan World's situation first. Then you consider whether or go or not."

Ye Yuan drew a deep breath and said, "Senior, please say!"

Kunwu nodded his head and said, "Heavenspan World and the Immortal Grove Region are two totally different concepts! It's not a higher-level space compared to the Immortal Grove Region, but a world that existed since time immemorial! The reason why it's called Heavenspan World is that there's a divine mountain there called Heavenspan Mountain! In the Heavenspan World, your so-called Deity Realm is only the starting point!"

Ye Yuan's expression changed. The meaning in Kunwu's words was that he, this existence that stood at the very summit of the Immortal Grove Region, was only the most ordinary person if he went there!

Just like ... a mortal!

But toward the Heavenspan World, Ye Yuan still yearned for it more.

He very much wanted to see just how strong that world's powerhouses are!

"Heavenspan World? Heavenspan Mountain? Senior, then what kind of existence is Heavenly Empyrean Immortal Grove in the Heavenspan World?" Ye Yuan muttered.

Kunwu smiled and said, "Deity Realm has a total of six major realms, namely: Grotto Profound Deity Realm, Heaven Glimpse Deity Realm, Origin Deity Realm, Divine Lord Realm, Celestial Deity Realm, as well as True God Realm! Above True God Realm is the Heavenly Empyrean Realm! Heavenly Empyreans are also major power-class existences in the Heavenspan World, towering above Deity Realm! And above Heavenly Empyrean Realm, there's even Heavenly Emperor and Dao Ancestor, two great realms! The true masters of the Heavenspan World are the Dao Ancestors!"

Ye Yuan had his breath taken away from listening to it. He did not expect that the Deity Realm actually still had so many realms.

Empyrean in his eyes is already an existence too lofty beyond reach. He did not expect that above heavenly empyrean, there were actually still even higher realms!

Seeing Ye Yuan's expression, Kunwu smiled and said, "Don't have that sort of unrealistic ideas anymore! The realm of Dao Ancestor is not what you can imagine! The Heavenspan World only has nine Dao Ancestors. They are all paramount existences who obtained the recognition of a law, and they have already existed for countless billions of years! They are invincible existences! A law commanding recognition of a Dao Ancestor, unless they die, otherwise, even if your talent is even more heaven-defying than the Dao Ancestor's, it's also impossible to reach their realm!"

Ye Yuan drew a cold breath when he heard that and said in horror, "There's actually still such a thing?"

In Ye Yuan's understanding, as long as talent was sufficient, as long as effort was enough, one could step foot in a supreme realm one day.

But his way of thinking did not seem to work in the Heavenspan World.

Only when a Dao Ancestor died would a law become vacant.

But a Dao Ancestor was a powerhouse standing at the summit of the entire Heavenspan World. Who could make them fall?

Unless they killed each other!

But Kunwu said that they had already existed for god knows how many billions of years. This indicated that neither one of them could do anything to the others.

Hence, this became a paradox!

What Kunwu said was right, even if your talent was any more heaven-defying, it was also impossible to become a Dao Ancestor.

Kunwu looked at Ye Yuan's expression and smiled again as he said, "I've said, this isn't a thing that you should consider now. What you have to consider now is how to pass through the turbulent spatial flow!"

Chapter 1280: Tears of Life!

"Spatial turbulent flow?" Ye Yuan had a bewildered look, not sure what it meant.

"An empyrean world is a sealed-off small world that is incompatible with the Heavenspan World. In an empyrean world, even if one cultivates to True God Realm, they will also be unable to ascend to the Heavenspan World! Because every empyrean world has a World Locking Gate! This World Locking Gate cuts off the empyrean world and the Heavenspan World. In between, is endless spatial turbulent flow," Kunwu said.

Ye Yuan was startled in his heart and said, "Then the Deity Realm powerhouses 100 thousand years ago, didn't they all pass through the World Locking Gate, and entered the Heavenspan World?"

A hint of disdain flashed across the corners of Kunwu's mouth, and he said, "They went out through the World Locking Gate. As for how many were able to reach the Heavenspan World, there's no way of knowing."

Ye Yuan's eyes became wide-saucers, finally understanding Kunwu's meaning.

This turbulent spatial flow was too terrifying!

The Deity Realm powerhouses that left the Immortal Grove Region 100 thousand years ago were at least no less than a hundred people.

Even though the Deity Realm had declined, there were definitely Heaven Glimpse Deity Realm existences among them.

Such a powerful lineup, but Kunwu used 'how many' this quantifying term to describe it. It could be seen how many people would die in the turbulent spatial flow¹!

One had to know that those Deity Realm powerhouses were all the Immortal Grove Region's apex existences!

Those who survived in this turbulent spatial flow was actually not even one-tenth!

Seeing Ye Yuan's expression, Kunwu knew that Ye Yuan understood and said with a smile, "Now, you still want to go to the Heavenspan World?"

A hint of viciousness flashed across in Ye Yuan's gaze, and he said, "Even if this turbulent spatial flow is any more terrifying, it's also not as terrifying as losing Lingxue! The Heavenspan World, I must go and brave it! Senior, please point out the right path!"

Kunwu laughed in spite of himself and said, "Truly an infatuated one! But this turbulent spatial flow is just the first test that you have to face! The second condition is the truly difficult one!"

Ye Yuan drew a deep breath and said, "Senior, please say!"

Kunwu was also solemn as he said, "Legends have it that on the Heavenspan Mountain, there's a kind of spring water called Tears of Life. In the legends, this Tears of Life flows down from the top of the Heavenspan Mountain. As long as one consumes a drop, even if they only have a trace of spiritual consciousness existing, they can come back to life too! It's rumored that very, very long ago, somebody had once found this Tears of Life before. But that's just a rumor. Nobody has really found it before. At least, with Immortal Grove's realm, he had never seen it before."

Hearing Kunwu said so, Ye Yuan also heaved a sigh in relief.

"Senior, even if this junior has to dig three feet deep into the Heavenspan Mountain, I must also find this Tears of Life!" Ye Yuan said firmly

Heaven rewards the faithful. If there was a glimmer of hope, he would not give up!

He believed that there would come a day where he could find this Tears of Life.

It was just that his words made Kunwu and Dustless laugh at the same time.

Ye Yuan had a blank look, unsure what was going on.

Dustless smiled lightly and said, "Kid, you're really an ignoramus who's fearless! That Heaven Passage Mountain isn't what you can dig as you like! That's the Heavenspan World's Dao enlightening holy land! Only when you reach the Divine Lord Realm and open up an inner world, can you step onto the Heavenspan Mountain! Otherwise, you'll be crushed into meat paste by the Heavenspan Mountain's power of laws! And Divine Lord Realm powerhouses can only climb up 10 miles. Further up, only by reaching Celestial Deity Realm, can one set foot on it. The things that Heavenly Empyrean Immortal Grove haven't seen are at least above 10 thousand miles! Even if you can cultivate to the Heavenly Empyrean Realm, no idea what year it will be already!"

Ye Yuan drew a cold breath when he heard. Only then did he know this Heavenspan Mountain's extraordinariness.

He was still curious before, why the world outside would be named after a mountain. It turned out that it was actually this reason.

Kunwu added, "I forgot to tell you, the nine great Dao Ancestors gained enlightenment on Dao above a million miles on the Heavenspan Mountain, and from there, obtained the recognition of a law, becoming a Dao Ancestor! Many people all speculated, if there's really Tears of Life, it's very likely above a million miles! But how much assurance do you feel you have in cultivating to become a Dao Ancestor?"

Ye Yuan's entire body trembled, finally knowing why Kunwu said that it was virtually impossible!

Because wanting to become a new Dao Ancestor, there must be an old Dao Ancestor who passed away!

This difficulty was simply comparable to ascending to heaven.

Ye Yuan's expression instantly became incomparably ugly. He suddenly discovered that Kunwu saying so much was equivalent to wasting his breath.

"Senior, this ... Could it be that there's no other way?" Ye Yuan said helplessly.

Kunwu gave him a glance and said with a nod, "There are two more ways!"

Ye Yuan's eyes lit up, not expecting that Kunwu actually said two more ways all of a sudden!

"Senior, please say!" A glimmer of hope could be seen in Ye Yuan's eyes again.

Kunwu let out a sigh and said, "The first method is to invite one of the Dao Ancestors to take action, and have him help look for the Tears of Life! The second method is to invite the Life Dao Ancestor to take action! What he obtained was the recognition of Life Laws. If he's willing to take action, he should be able to save this lass. Of course, this is just my conjecture! In the Heavenspan World, the strongest person that one is able to see is also just Heavenly Emperor. Dao Ancestors have already not appeared for goodness knows how many years. Nobody had seen them before at all."

Ye Yuan's mind was in a mess. Saying these words was pretty much the same as not saying.

Summing these three methods up only had one point, that was that he must have a Dao Ancestor take action, or reach the realm of Dao Ancestor.

This ... was virtually something impossible.

Seeing Ye Yuan's absent-minded look, Kunwu and Dustless exchanged a glance and was also helpless.

They could see through Ye Yuan's feelings for Mu Lingxue. But, wanting to save a person who only had a trace of spiritual consciousness remaining, this difficulty was too great.

"Give up. This matter to you is simply impossible! In fact, in my opinion, the likelihood of you passing through the turbulent spatial flow is virtually zero! Stay in the Immortal Grove Region to be your controller well!" Kunwu let out a sigh and said.

After a long time, Ye Yuan sucked in a deep breath, his emotions seemed to have calmed down considerably.

Seeing Ye Yuan's expression, Kunwu and Dustless also let out a sigh in relief at the same time.

If Ye Yuan died in the turbulent spatial flow, the Immortal Grove Region would become a masterless empyrean world again.

Before long, it would thoroughly decline and wither away.

Their relationship with Heavenly Empyrean Immortal Grove was not shallow, and they were naturally unwilling to see this kind of thing happen.

"Senior, please tell me the way to pass through the World Locking Gate!" Ye Yuan said with a resolute gaze.

Kunwu, the two of them, were greatly surprised. They even thought that they heard wrongly.

They already stated the pros and cons very clearly. But Ye Yuan was still obstinately stuck in a delusion.

For a girl, taking a completely impossible path, and might have the possibility of losing his life at any moment, this was simply incomprehensible.

The powerhouses of Heavenspan World were not what an empyrean world's ant could be presumptuous enough to surmise!

Even if Ye Yuan controlled the Immortal Grove Region, he was still the bottommost-level existence in the Heavenspan World!

Even if Ye Yuan was amazingly talented in the Immortal Grove Region, reaching the Heavenspan World, even a dragon had to coil up too!

"You have to think carefully!" Kunwu said in a deep voice.

Ye Yuan's expression was a never before seen determination. He nodded and said, "I've thought of it very clearly! If I must become a Dao Ancestor to save Lingxue, then I'll become the Heavenspan World's tenth Dao Ancestor!"
