Chapter 1281: Heavenly Emperor Jiu Shang

“Wildly arrogant!”

“Ignorant!”

Kunwu and Dustless virtually said it in unison.

This kind of word could only be spoken by ignorant people.

In the Heavenspan World, gifted powerhouses would boast exaggeratedly, saying that they could achieve Heavenly Emperean, even Heavenly Emperor.

But, even for Heavenly Emperors, they also never dared to blow this kind of trumpet, about becoming a Dao Ancestor!

Ye Yuan’s gaze was an unprecedented firm, and he said lightly, “Ignorant is fine as well! Wildly arrogant also works! In this life, if I can’t save Lingxue, I’m willing to sink into depravity for all ages!”

Kunwu’s emotions finally calmed down a little. He was indeed given a fright by Ye Yuan’s words earlier.

Because in the Heavenspan World, Dao Ancestor this realm was more like a totem.

The ones active in front of the public were only Heavenly Emperors and Heavenly Emperians.

But at this time, Kunwu still felt Ye Yuan’s powerful determination.

The resolve to put everything on the line to save his beloved!

“Forget it, you humans’ feelings, I’m unable to understand. Since you want to seek death, then I’ll tell you! The key to unlocking the World Locking Gate are the Four Symbols Spirits!” Kunwu said and heaved a sigh.

Ye Yuan was stunned. Only then did he understand the objective of Kanuo capturing the spirit of the white tiger back then. It was actually to unlock the World Locking Gate!

This way, back then when the dragon clan’s old patriarch brought the Sacred Dragon Token and left the dragon clan, as well as Long Zhan’s departure, it was probably all related to the World Locking Gate.

It was just that, don’t know if they passed through the turbulent spatial flow or not.

“Many thanks for Senior’s guidance! This junior still has some matters to deal with, and will take my leave first!”

Ye Yuan’s figure moved, returning to the dragon clan’s sky once more.

Kanuo was still in Ye Yuan’s imprisonment.

Ye Yuan did not say a word and directly nailed a Soul Locking Nail onto Kanuo’s body.

“HOWWLLL!”

A scream that sounded like ghosts wailing and wolves howling reverberated throughout heaven and earth, making everyone get goosebumps.

“No idea where Heaven Surmounting Divine King went to previously either. But his mood seems to be a lot better.”

“The Spirit Snow Divine King is gone. Maybe the Heaven Surmounting Divine King really has a way to save her! *Sigh*, hope that the Spirit Snow Divine King is fine.”

“No matter what, that Kanuo is dead for sure. Now, it’s time for him to suffer the wrath of the Heaven Surmounting Divine King!”

...

Ye Yuan did not say anything at all. He just nailed one Soul Locking Nail after another onto that cloud of black gas.

These Soul Locking Nails were all pulled off from Mu Lingxue’s body.

This cloud of black gas was similar to the fiend race’s divine soul. It was just that this kind of divine soul was exceedingly difficult to be killed.

Even though Kanuo was already very weak currently, these Soul Locking Nails still could not kill Kanuo.

However, it was plenty to make him wish he was dead.

“The pain that Lingxue suffered, I hope that you can savor it well for a bit,” Ye Yuan took his time and said.

Ye Yuan could maneuver the power of Heavenly Dao. Wanting to kill Kanuo was seriously too easy.

But how could killing him directly vent the hatred in his heart?

At present, the human race’s territory was virtually already a piece of scorched earth.

The humans who died in this war numbered more than billions.

All of these were caused by Kanuo single-handedly!

Including the grudge of murdering his father, Mu Lingxue on the brink of death was also Kanuo’s ‘meritorious deed.’

Ye Yuan’s killing intent towards him could practically burst through the clouds.

If Kanuo had ten thousand lives, Ye Yuan would definitely kill him ten thousand times!

“*Ahh!* Ye Yuan, spare me! I ... I can’t take it anymore! *Ahh ...*”

Kanuo howled like a pig being slaughtered and finally could not bear it anymore, opening his mouth and begging Ye Yuan for mercy.

Ye Yuan’s eyes were cold. Toward Kanuo, he only had a monstrous hatred, without a shred of compassion.

“The pain that you suffered is not yet one ten-thousandth of Lingxue’s, just this and you can’t stand it already? Rest assured, this is just the beginning. Before I leave the Immortal Grove Region, I’ll make you experience what is called true despair!” Ye Yuan said coldly.

Ye Yuan researched greatly into the divine soul path in the first place. Regarding methods of torturing people, he could be said to have it at his fingertips.

Now, he stepped into the Deity Realm and took control of Heavenly Dao. Dealing with Kanuo, he could switch things up and play for as long as several years.

It was just that normally, facing the enemy, he was disdainful to do so, that was all.

But toward Kanuo, it was an exception!

The crimes that Kanuo committed were too numerous to be recorded.

He must suffer endless agony and die.

Hearing Ye Yuan’s words, that cloud of black gas gave off a tremble, terrified to the extreme.

“Ye Yuan, I ... I was wrong! I really know that I was wrong! *Ahhh ...*”

“Since you know that you were wrong, then you have to make atonement. Now ... is the time where you atone for your crimes.” Ye Yuan said lightly.

“You ... You ... You’ll die a horrible death! Do you think that by breaking through to the Deity Realm, you can pass through the turbulent spatial flow? *Ahh, ahhh ...* You’re alone. It ... it’s impossible to pass through the turbulent spatial flow! You’re dead for sure! *Ahh, ahhh ...*”

“That I don’t need you to worry about. Before that, you’d definitely be dead already!”

Ye Yuan lightly threw down a sentence, but turned around and walked to another place, leaving Kanuo there howling miserably.

He already set up various means, taking turns one by one, it would make Kanuo ecstatic to the extreme until he wished he was dead.

Not far away from Kanuo, a beautiful woman was similarly shackled in the air.

This person was naturally Yue Ji.

Compared to Kanuo, Yue Ji’s treatment was much better. It was merely being imprisoned.

Seeing Ye Yuan walk in, a thick look of fear revealed in Yue Ji’s eyes.

She completely did not expect that this young man actually inherited this dilapidated world, taking control of Heavenly Dao!

Even if Ye Yuan really broke through to Deity Realm, by relying on the Fiendsource Bead, it was also not possible for Kanuo to be defeated so thoroughly.

But, under the Heavenly Dao, they did not have the least bit of strength to resist at all.

“Kanuo’s outcome, you saw it. Say the purpose of you guys coming here, I can give you all a quick death,” Ye Yuan said coolly.

Under Ye Yuan’s means, they could not even commit suicide.

Hence, granting Yue Ji death was already the greatest grace to her.

That extremely pitiful voice of Kanuo’s still entered Yue Ji’s ears repeatedly.

Yue Ji’s face changed, falling silent.

Ye Yuan did not urge either, quietly waiting for Yue Ji to open her mouth.

He knew that Yue Ji would definitely capitulate.

Sure enough, before long, Yue Ji opened her mouth.

“We’re here for those two empyrean spirit treasures in your hands. Of course, we were even planning on cultivating a demonic skill with the help of the living creatures here, and break through to the Divine Lord Realm!” Yue Ji said.

When saying these, she secretly looked to size up Ye Yuan, fearful that he would suddenly rampage.

However, Ye Yuan did not reveal any expression on his face. She could not guess what Ye Yuan was thinking at all.

“Who sent you all here?” Ye Yuan said coolly.

Yue Ji’s gaze turned intent, and she said, “It ... It was Heavenly Emperor Jiu Shang!”

The expression on Ye Yuan’s face finally had a hint of change.

He never would have thought that behind Kanuo and Yue Ji, was actually a Heavenly Emperor powerhouse!

A Heavenly Emperor powerhouse, that was a powerhouse at the very apex of the Heavenspan World.

Originally, Ye Yuan was still planning on finding their main instigator behind the scenes. After he cultivated to a certain realm, he would then take revenge.

Looks like now, he had to give the matter further considerations.

“There’s enmity between Heavenly Emphyrean Immortal Grove and Heavenly Emperor Jiu Shang?” Ye Yuan asked again.

[Unrivaled Medicine God](#)

Chapter 1282: An Ant Trying to Topple a Tree

Yue Ji nodded her head and said, “Heavenly Emperor Jiu Shang was a fiend race newly-ascended Heavenly Emperor a million years ago. Back then, he was an empyrean powerhouse at the height of his popularity along with Heavenly Emphyrean Immortal Grove and several others. They all had extremely high hopes of breaking through to the Heavenly Emperor Realm. And among them, Heavenly Emphyrean Immortal Grove and Heavenly Emperor Jiu Shang had been enemies for a long time already. After that,

Heavenly Emperor Jiu Shang obtained a Heavenly Emperor Dao Fruit in a heavenly emperor world, and broke through to the Heavenly Emperor Realm first.”

Ye Yuan’s face fell, and he said, “It was Heavenly Emperor Jiu Shang who killed Heavenly Emphyrean Immortal Grove? And then sent you all here to seize treasures?”

Yue Ji gave a bitter laugh and said, “In the eyes of a heavenly emperor, we’re merely ants. We haven’t even reached the Divine Lord Realm, so how can we possibly reach Heavenly Emperor Jiu Shang’s level? Heavenly Emphyrean Immortal Grove was also not killed by Heavenly Emperor Jiu Shang. His means were exceedingly formidable, even a Heavenly Emperor powerhouse found it difficult to kill him too! Heavenly Emperor Jiu Shang just severely wounded him. As for who killed him, it’s unknown.”

From Yue Ji’s words, Ye Yuan had a preliminary impression of the Heavenspan World as well.

The Heavenspan World was similarly a world filled with slaughter and struggles. In fact, it might be even more brutal than the Immortal Grove Region.

Ye Yuan even suspected that because Heavenly Emphyrean Immortal Grove was too severely injured, he was killed by some thieves and the likes who were coveting treasures.

Except that had nothing much to do with Ye Yuan anymore.

Ye Yuan knew very little about Heavenly Emphyrean Immortal Grove and was far from talking about love or hate.

The Immortal Grove Region choosing himself was just a kind of instinctive protection towards the Heavenly Dao itself. It just thought that he could take on the responsibility.

Putting it bluntly, it was a kind of mutual exploitation.

While he did not fail to live up to the Heavenly Dao’s expectations either, achieving his present realm.

This kind of inheritance was different from Long Teng’s inheritance. Ye Yuan did not have the obligation to go and help him take revenge.

But Kanuo and Yue Ji were sent by Heavenly Emperor Jiu Shang, so that was different.

Disregarding that he was Heavenly Emperor Jiu Shang, even if he was Dao Ancestor Jiu Shang, Ye Yuan would definitely eradicate him too!

It was just that looking at it now, the hope was very slim.

Ye Yuan did not speak, waiting for Yue Ji to continue talking.

“Heavenly Emperor Jiu Shang had always coveted Heavenly Emphyrean Immortal Grove’s Soul Suppressing Pearl and wanted to make it his own. Hence, that’s why he sent Kanuo and me to search for the Immortal Grove Region. As a result, it was indeed found by us!” Yue Ji said.

Ye Yuan’s gaze was scorching as he said, “Heavenly Emperor Jiu Shang already ascended to the Heavenly Emperor Realm, so why would he still covet an emphyrean spirit treasure?”

Yue Ji smiled bitterly and said, "The rarity of heavenly emperor spirit treasures can be described seldom-seen! And the Soul Suppressing Pearl could be said to be top-grade among the masses! It was precisely because Heavenly Empyrean Immortal Grove had this empyrean spirit treasure, that he had always suppressed Heavenly Emperor Jiu Shang. It's just that didn't expect that Heavenly Emperor Jiu Shang's luck was better than Heavenly Empyrean Immortal Grove's. In the end, it was he who broke through first."

Ye Yuan nodded his head, finally having a rough understanding of the beginning and end of the fiend race's invasion.

"Heavenly Emperor Jiu Shang, is it? One day, I'll let you know that ants can topple trees too!"

Ye Yuan's gaze was sharp, seething with killing intent.

Seeing this scene, Yue Ji could not help being stunned.

This kind of big-talk, only this one in front of her dared to say it.

A heavenly emperor was the strongest existence in the Heavenspan World. Even Heavenly Emperor Jiu Shang, who had just ascended a million years ago, was also not what an empyrean world's ant could resist.

...

The great battle already stopped, but the Divine Realm was still making progress with no signs of stopping.

The entire human territory was already utterly destroyed by this war.

The original human race setup was already thoroughly smashed.

Countless human martial artists were turned into fiend slaves by Kanuo, and then utterly obliterated by that attack of Ye Yuan's.

The remaining humans returning to the human region anew were bound to experience a very long period of shuffling.

However, these were all not what Ye Yuan was concerned about.

Humans were especially adept at the law of survival. Once time passed, they would definitely establish a new order.

When Ye Yuan returned to the dragon clan, Fang Tian led everyone over.

They naturally inquired about Mu Lingxue's situation right away.

Ye Yuan shook his head and said, "Lingxue is fine for the time being. It's just that her situation is very bad. Senior, I came back to tell you all that I'm leaving! Brother Teng, the Divine Realm's matters in the future will have to trouble you."

Ye Yuan's words made everyone startled.

Fang Tian's expression changed, and he said, "Sure enough, are you going to the outside world?"

Ye Yuan revealed a look of surprise and immediately smiled and said, "Looks like Senior already guessed it! This world that we're in is merely a small world that a Martial Dao powerhouse opened up, called Immortal Grove Region! Outside, there's an even broader world! Want to save Lingxue, I have to go there!"

Even if Fang Tian already guessed it, hearing Ye Yuan say it out, he was still shaken to the core.

"Ye Yuan, just what realm are you at right now? It seems like the Deity Realm isn't as strong as you!" Fang Tian drew a deep breath and said.

When the others heard this, they also could not help perking their ears up.

This was the question that every one of them paid attention to!

Ye Yuan smiled and said, "I'm indeed initial-stage Grotto Profound Deity Realm currently. It's just that my situation is somewhat special. If I really have to say, I'm barely considered half-master of the Immortal Grove Region."

"Hiss ..."

Everyone drew a cold breath. This matter was not difficult to understand.

That was also to say that Ye Yuan was the Immortal Grove Region's true god!

A god that towered above all beings!

Recalling Ye Yuan's growth experiences, everyone felt like they were dreaming.

"Then ... do we still have hopes of breaking through to the Deity Realm?" Teng Yun asked with fear and anxiety in his heart.

This question was similarly the question that everyone was most concerned with.

Since Ye Yuan broke through to Deity Realm, then could they ... break through to the Deity Realm or not?

But Ye Yuan shook his head and said, "I induced Heavenly Dao with Alchemy Dao, completing the Heavenly Dao of initial-stage Grotto Profound Deity Realm within my body, obtaining Heavenly Dao's recognition from there. You guys are unable to replicate it."

Hearing Ye Yuan's reply, everyone's faces all involuntarily revealed a look of disappointment.

Ye Yuan smiled and continued, "But everybody rest assured, this is just temporary! As long as I can reach the outside world, when my strength increases in the future, I'll naturally have ways to make Immortal Grove Heavenly Dao rise again! At that time, all of you will be able to break through to the Deity Realm!"

One sentence made everyone pleasantly surprised.

Except, Fang Tian's expression was still somewhat unnatural. He discerned the overtones in Ye Yuan's words.

Everyone dispersed. There was only Fang Tian and Ye Yuan left inside the great hall.

Fang Tian said, “Ye Yuan, tell me honestly, this departure for the outside world probably won’t be so smooth, right?”

Ye Yuan smiled. He knew that he could not hide from Fang Tian. Hence, he briefly recounted the matters of the turbulent spatial flow, including the riddle of the disappearance of the Deity Realm powerhouses 100 thousand years ago.

Fang Tian’s heart shook when he heard this. He was aware how perilous that turbulent spatial flow was.

“No way! You definitely can’t go! Over 100 thousand years ago, there were at least 100 Deity Realm powerhouses. They faced near certain death when banding up together and entering the turbulent spatial flow! You by yourself, how can you possibly pass through the turbulent spatial flow?” Fang Tian said in a solemn voice.

Ye Yuan heaved a sigh and said, “Senior, my mind is made up, don’t urge anymore! Lingxue sacrificed her divine soul for me, how can I watch her die helplessly? Don’t talk about near-certain death, even if it’s a certain death, I have to brave it too!”

Seeing Ye Yuan’s attitude, Fang Tian knew that he could not persuade. Hence, he let out a sigh and said, “You’re a good boy that regards feelings and ties highly! Forget it, on your trip, you must be careful!”

Chapter 1283: Breaking the Seal

“Li-er, sorry!”

Under the moonlight, Ye Yuan and Yue Mengli stood side by side, the words full of guilt.

According to Ye Yuan’s original plans, once he was able to break through to the Deity Realm and end the fiend calamity, he would give Yue Mengli a glorious wedding.

But now, everything went up in smoke.

Mu Lingxue sacrificed her divine soul for him, leaving just a trace of spiritual consciousness left. Ye Yuan was seriously unable to marry Li-er.

With two lifetimes, Ye Yuan discovered that he actually fell in love with two people at the same time.

Ye Yuan always thought that he could put down Mu Lingxue. But that moment when Mu Lingxue unleashed Ice Sealing Ten Thousand Miles, Ye Yuan’s entire person seemed to be siphoned empty.

Only at that moment did Ye Yuan discover that the more he suppressed them, the deeper the feelings toward Mu Lingxue.

“Don’t say sorry! If really want to say it, it should be me who says so! If not for my selfishness, maybe when you and Elder Sister Mu reunited, you’d have already walked together. Such a thing wouldn’t have happened as well! I ...”

Talking up to here, Li-er involuntarily shed tears.

She was grieving for Mu Lingxue!

These few days, Li-er was constantly washing her face with tears.

That scene of Mu Lingxue sacrificing the divine soul, she saw it clearly inside the Vast Heaven Pagoda. At that time, her heart shattered.

She did not think that Mu Lingxue would actually be so decisive!

Only at that moment did she know that Mu Lingxue's love for Ye Yuan was not the least bit less than hers!

Only the depths of love would have such unhesitatingness.

Li-er was certain that if it was changed to her, she would likewise do so without the slightest hesitation.

But there was no if; the one crucified on the cross was Mu Lingxue!

In that instant, she suddenly felt somewhat envious of the Spirit Snow Divine King.

Because of those words, Ye Yuan would engrave it even deeper in his heart.

Ye Yuan lightly pulled Li-er into his embrace and said with a sigh, "Silly girl, don't cry anymore! You understand my heart, Lingxue's matters was a great blow to me. But your position in my heart isn't inferior to Lingxue's. It's just that her current condition, I truly can't deceive myself and go soaring away like a pair of birds forever."

Sure enough, Ye Yuan's words made Li-er stop crying. She could not bear to make Ye Yuan even more upset.

"Big Brother Yuan, don't say anymore, I understand! Go to the Heavenspan World! You must save Elder Sister Mu! Otherwise, I'd really not have the face to live on! If ... If ... I absolutely won't live on my own!"

Ye Yuan helped her wipe away tears and said with a smile, "There's no if! Don't you trust me?"

Li-er raised her head to look at Ye Yuan and nodded her head firmly.

The turbulent spatial flow was incomparably violent. If Ye Yuan brought the Vast Heaven Pagoda into it, it would be crushed into smithereens by the turbulent spatial flow!

Hence, Ye Yuan could only pass through the turbulent spatial flow alone.

Ye Yuan already separated the Vast Heaven Pagoda and Vast Heaven Stele. He would bring the Vast Heaven Stele and Soul Suppressing Pearl, and pass through the World Locking Gate!

"You stay behind with White Light and cultivate in peace. Come the day when you guys break through to the Deity Realm, that will be the point where I have preliminary success in the Heavenspan World!" Ye Yuan said.

Ye Yuan was currently considered half-master. When his cultivation reached the Divine Lord Realm, the Divine Realm's Heavenly Dao would naturally strengthen anew!

At that time, the Divine Realm's martial artists would be able to break through to the Deity Realm anew.

"Rest assured, Big Brother Yuan, I'll work hard on cultivating!" Li-er said.

Ye Yuan nodded and said, "En, your strength advances at a tremendous pace. There are already not many able to outperform you in the Divine Realm. I can naturally rest assured. Tomorrow, I'll let Senior Skydistant out. As long as he's around, nobody in the Divine Realm can overturn the heavens. When my strength is sufficient, I'll return to see you."

...

But when Ye Yuan appeared in front of Skydistant again, it gave Skydistant a fright.

He used an expression like he had seen a ghost to look at Ye Yuan and said in incredible shock, "You ... You actually broke through to the Deity Realm? This ... This is impossible! Heavenly Dao is missing, how did you break through to the Deity Realm?"

He did not believe this kind of bizarre thing. But that powerful aura of Ye Yuan, even he quivered endlessly.

This could not fool anyone!

Ye Yuan did not reply to his question but said with a scoff, "*Huhu*, Senior Skydistant has been suppressed by Zuo Zong for as long as a million years, seems like you're not anxious to get out at all?"

Skydistant froze again and said, "Go out? Don't joke around! Don't tell me that you're here to let me out?"

Ye Yuan shrugged his shoulders and said, "That's how it is."

Skydistant said crossly, "Brat, you aren't here to specially make fun of me after breaking through to the Deity Realm, right? Even if you broke through to the Deity Realm, you're also just initial-stage Grotto Profound Deity Realm. How can this bit of strength possibly let me out? This joke isn't funny at all!"

Ye Yuan smiled without saying a word. Reaching his hand out towards the void a bit, the entire Bloodrain Wilderness started trembling violently.

The demonic beasts and medicine spirits were all in a tizzy, not knowing what was happening.

Boom!

An afterimage shattered the fetters of space, leaping straight out from the depths of the seventh level.

A burly man appeared in front of Ye Yuan. Who could it be if not Skydistant?

It was just that shock was written all over Skydistant's face.

Ye Yuan's casual move broke Zuo Zong's seal. This ... how is this possible?

It turned out that Ye Yuan was really not here to make fun of him, but to really let him out!

"Congratulations to Your Excellency for seeing the light of day again!"

Zuo Zong's seal being broken by Ye Yuan with a finger, the current Bloodrain Wilderness was consolidated into an enormous medicine garden by Ye Yuan with a great divine ability.

When the original sixth level's three great kings saw Skydistant appear, they all came forward to congratulate.

Skydistant waved his hand impatiently. Staring fixedly at Ye Yuan, he said, "Boy, what on earth is going on? Even if Absolute Heaven reincarnates, it's also impossible to break the seal that Zuo Zong laid down so easily. How did you do it?"

Ye Yuan smiled faintly and said, "Under the Heavenly Dao, what does Zuo Zong count for?"

Skydistant's entire body trembled, looking at Ye Yuan like he had seen a ghost.

He was too shocked just now, his brain short-circuiting for a moment, and did not come back to his senses.

Thinking back now, that finger of Ye Yuan's earlier was incomparably profound. He could not fathom it at all.

That ... was the aura of Heavenly Dao!

Heavenly Dao was actually being used by Ye Yuan?

Skydistant was instantly thrown into confusion.

This kind of thing could not be understood at all.

Ye Yuan did not have the intention of keeping him in suspense, briefly recounting the events that happened these few years, including the matter of the Great Dao pill refinement and exterminating the fiend race.

Skydistant's brain that had just recovered a little fell into a short-circuit once more.

The three great kings were similarly like so!

They exchanged glances, their faces full of disbelief.

Recalling when Ye Yuan entered the Bloodrain Wilderness back then, he was just an ant-like existence in their eyes.

In just a few year's time, he actually became the master that towered above all life?

This kind of feeling was completely like having a dream!

"Y-Y-You, you're saying that Heavenly Fiendgod Kanuo and Yue Ji are already suppressed by you, and about to be executed right away?" Skydistant said.

Mentioning Kanuo, the killing intent in Ye Yuan's body involuntarily spread out.

Including Skydistant, everyone's heart shuddered.

Just a surge of aura was actually so terrifying!

This was the strength of the controller!

Chapter 1284: Law Enforcement Hall

“Your Excellency, according to your instructions, all humans have already been expelled out of the Demon Region. Moreover, the Mystic Gate has already issued the order, announcing dissolution ...”

In the hall, Cao Yunzhi reported to Ye Yuan about the direction of the human race’s progress very meticulously.

The human race had its own set of survival rules. With Ye Yuan chasing them out of the Demon Region, before long, they would form a new arrangement.

The demon race’s losses were similarly very heavy in order to resist the assault of the fiend race, and they needed to rest and build up strength.

Ye Yuan already issued a strict order, within a hundred years, if any humans invade the Demon Region, they would be killed without mercy!

Even though the martial artist world was originally the weak being prey and the strong feasts, Ye Yuan did not wish to repeat the same mistake as with the stoneman clan’s incident.

After hearing the instructions, Ye Yuan said coolly, “You’ve done very well! Although the Mystic Gate has already disbanded, the fiend calamity this time probably requires a thousand years, even longer, before we can recover some vitality. During this period, the Divine Realm naturally can’t avoid killing. Hence, I’m preparing to set up a Law Enforcement Hall, which is independent of the Divine Realm, specifically to punish those people who are utterly devoid of conscience. This Law Enforcement Hall will be managed by Senior Skydistant. The operation of the Law Enforcement Hall will be left to you to be in charge then.”

Cao Yunzhi trembled all over. But the look of wild ecstasy on his face could not be concealed no matter what.

He was extremely clever, how could he not understand the significance of this Law Enforcement Hall?

This shall be a powerful force that transcended the entire Divine Realm. It shall be the Heaven Surmounting Divine King’s spokesperson!

With Ye Yuan’s awe, this force could be said to be the Divine Realm’s overlord.

While he would be this force’s operator in practice. The scope of his authority could be said to surpass the Divine Realm.

Cao Yunzhi already knew that Skydistant’s strength was even stronger than Fang Tian.

Furthermore, establishing this Law Enforcement Hall, the Spirit Bristle Divine King they all would definitely join.

This was actually just another Mystic Gate!

He indeed bet correctly back then!

Cao Yunzhi prostrated on the ground and said agitatedly, “Yunzhi thanks Your Excellency for the promotion! Yunzhi will definitely do his very best to serve till the end of his days!”

Ye Yuan looked at him with a smile that was not a smile and said, "Having you be in charge of the Law Enforcement Hall's operation is naturally because you have this ability. You're a clever man and should know how great the authority I've bestowed upon you! But, if you dare to use power to seek personal gain, making use of the Law Enforcement Hall's strength to eliminate dissidents and build your own force ... Kanuo's outcome, you saw it!"

Ye Yuan's tone became increasingly colder. Cao Yunzhi felt like the entire sky was almost collapsing, making him instantly feel like he had fallen into an ice cellar.

The wild elation from before instantly turned into a mountain-like pressure.

Right now, Kanuo was still wailing incessantly in the sky!

Just a moment ago, a whole bunch of thoughts had indeed flashed across in his inner-heart.

But now, a fire in his heart burned all these thoughts away.

This one in front of him was the Divine Realm's master!

An existence that controlled Heavenly Dao!

His might made the entire world tremble.

No one could surpass him!

"Your Excellency, rest assured. Even if you lend Yunzhi a hundred galls, Yunzhi won't dare either!" Cao Yunzhi hurriedly said.

Ye Yuan nodded his head and said, "I can naturally trust you, but let's get the unpleasantness out of the way first. On my trip to the outside world, firstly it is in order to save Lingxue. In addition, it's also for the sake of rebirthing the Divine Realm's glory! If I discover that somebody stabbed me in the back, I'll make him wish he's dead! Understood?"

Cao Yunzhi's expression turned fearful, and he said, "Yunzhi understands!"

Seeing Cao Yunzhi's appearance, Ye Yuan knew that his words took effect.

Cao Yunzhi was a smart man and also indeed the best candidate to manage the Law Enforcement Hall. But he was absolutely not an upright gentleman. If he did not knock and beat him, he might do something in the future.

Behind the World Locking Gate, the danger of the turbulent spatial flow, apart from Li-er, White Light they all, only Fang Tian alone knew.

Even if Ye Yuan really met with some mishap inside the turbulent spatial flow, Cao Yunzhi absolutely would not dare to mess around either.

Cao Yunzhi was very clearly how powerful Ye Yuan's current strength was!

"En, you're a clever person, and should be able to guess my objective of establishing this Law Enforcement Hall! This Law Enforcement Hall's constitution will be drawn up by you. I just want one

point, that is not to intervene in the Divine Realm's affairs. But also don't allow extreme things to happen, got it?" Ye Yuan said solemnly.

Ye Yuan's goal was very simple. He just wanted to come up with a transcendental force to grasp the Divine Realm's developmental direction.

The existence of the Law Enforcement Hall was much higher than the status of the Holy City.

What it represented was Ye Yuan himself.

When Ye Yuan is not in the Divine Realm, it would be up to the Law Enforcement Hall to manage the Divine Realm on his behalf.

Cao Yunzhi's expression became stern, and he said, "Your Excellency rest assured. Yunzhi will definitely satisfy Your Excellency."

After Cao Yunzhi left, Skydistant and Fang Tian walked out from behind the curtains.

After Skydistant was rescued by Ye Yuan, he immediately took action and thoroughly annihilated the Yu Soul Sect's Dao legacy.

With his strength, Cloudsky they all did not have any room to resist at all.

Being suppressed for a million years, Skydistant finally vented a breath of foul air.

Of course, this was all thanks to Ye Yuan.

He was originally not planning on coming out already. Did not expect that Ye Yuan actually took control of Heavenly Dao and easily let him out.

"*Huhu*, fine means! Carrot and stick, even if you leave the Divine Realm, that kid probably won't dare to seek power for personal gains either," said Skydistant who raised a thumbs up to Ye Yuan.

"*Heh*, this boy is really a freak! Not only is he a cultivation genius, but he also has a very good grasp on the human heart! Cao Yunzhi that brat is a real piece of work. Disregarding his formidable strength, his cunningness is also first-rate. If Ye Yuan doesn't play this move, even Teng Yun, the few of them, might end up as his hired thugs too! But no matter how he jumps around, he's also completely cornered by Ye Yuan," Fang Tian also laughed and said.

Ye Yuan smiled and said, "There are no two ways about it; he's still afraid of my strength! In front of absolute strength, any schemes are useless."

Fang Tian nodded and said, "That's right. With your current strength, it's not up to Cao Yunzhi to not fear the sword suspending above."

Skydistant said, "Ye Yuan, when are you planning on leaving?"

Ye Yuan said, "After three months! Only after I settle the Divine Realm's matters can I leave without any fears of trouble back at home."

Before leaving, the things that Ye Yuan had to do were too many.

Li-er, Lu-er, White Light, he had to placate all of them well. Apart from this, he even took the time to make a trip to the Lower Realms and fetched Ye Hang and the rest to the Divine Realm.

With his current strength, doing these was just a matter of a single thought.

Ye Yuan prepared many medicinal pills for Ye Hang's family, sufficient for them to cultivate to the Divine King Realm.

This departure for the Heavenspan World, Ye Yuan did not know how long he would travel.

But Ye Yuan knew that over there, a million years was but a snap of a finger.

Ye Yuan did not wish for when he returned, his parents already returned from dust to dust.

Having Ye Hang they all cultivate to Divine King Realm and supplementing with medicinal pills, it was sufficient for them to live for as long as several tens of thousands of years.

The few people were currently chatting when Ye Yuan's mind suddenly stirred, his brows knitting together.

Through Heavenly Dao, Ye Yuan detected that somewhere in the Divine Realm, there was a surge of terrifying undulation that billowed to the sky.

"What's wrong, Ye Yuan?" seeing Ye Yuan's expression, Fang Tian asked in a solemn voice.

Unrivaled Medicine God

Chapter 1285: Array Amplifying Heavenly Dao!

"Somebody triggered the Heavenly Dao, wanting to break through to the Deity Realm!" Ye Yuan said with a frown.

Skydistant and Fang Tian exchanged a glance when they heard that, both incredibly shocked.

"This ... How is this possible? In this world, apart from you, there's actually still someone capable of breaking through to the Deity Realm?" Fang Tian said with a look of disbelief.

When it came to talent, he, Fang Tian, could be said to be the greatest in the Divine Realm!

Even he was unable to break through to Deity Realm, so how could someone possibly break through to the Deity Realm?

He conceded to Ye Yuan, but other people breaking through to Deity Realm, he was unconvinced.

"Yeah, you wouldn't have been mistaken, right? To say that there's still someone capable of breaking through to Deity Realm, I won't believe even if you beat me to death!" Skydistant said.

Ye Yuan suddenly said, "I only said that somebody is breaking through to the Deity Realm; I didn't say that he broke through to the Deity Realm. If barring no accidents, he's probably going to fail."

Only upon hearing Ye Yuan's words did the two people's expressions become a little better.

But they were very curious just who was breaking through to the Deity Realm.

Those with the qualifications to break through to the Deity Realm in the Divine Realm were just those few. There was no reason that they did not know.

“However ... his breakthrough method is really indulging in the wildest of fantasy! It’s too bad, too bad!” Ye Yuan said with vicissitudes of emotion.

Ye Yuan’s words involuntarily aroused the two people’s curiosity.

“Ye Yuan, just what in the world is happening? Are you trying to exasperate me to death?” Skydistant said anxiously.

Ye Yuan smiled slightly. His mind stirred, and he arrived at the summit of a tall mountain.

Three people stood in the air, looking at the raging storm in the distance.

When Skydistant and Fang Tian saw this scene, their faces revealed an astonished look at the same time.

Fang Tian’s gaze turned intent, and he exclaimed, “Grand Yan Divine King! This ... This is the aura of Heavenly Dao! He ... He actually used array formations to derive Heavenly Dao!”

This powerhouse that was currently breaking through to the Deity Realm was actually the Grand Yan Divine King, Lu Linfeng!

During the turmoil with the fiend race, he never showed himself all along. Fang Tian did not expect that he was actually preparing to break through to the Deity Realm!

Although he could not see his true body, Fang Tian was not foreign to Lu Linfeng’s aura and recognized it at a glance.

Skydistant was also unbelievably shocked and exclaimed, “He ... He’s actually going to create a Heavenly Dao that belongs to him! This guy is really a genius!”

In the distance, inside the array formation, a sacred aura surged to the sky.

That array formation subverted their past understanding.

Within the scope of the array formation, there was a very unique atmosphere.

That atmosphere did not belong to the Immortal Grove Region, but it belonged to ... the Grand Yan Divine King himself!

The array formation’s area was akin to another world, appearing out of place with the surrounding environment.

Grand Yan Divine King Lu Linfeng, actually derived Heavenly Dao with Formation Dao, creating a Heavenly Dao that belonged to him.

This way of thinking could not be said to not be genius!

Furthermore, it seemed like he was already not far away from success!

It was precisely because so that Skydistant and Fang Tian would be so visibly moved.

However, Ye Yuan let out a sigh and said, “Doing this, he’ll suffer the wrath of heaven!”

Skydistant duo trembled all over, looking toward Ye Yuan, uncertain what it meant.

If other people said these kinds of words, they would definitely turn their noses up and scoff.

But, in this Immortal Grove Region, no one had more authority to say this kind of words than Ye Yuan.

His words virtually represented the Heavenly Dao!

He said that he would suffer the wrath of heaven, then he would definitely suffer heaven's condemnation!

Except, they did not understand. Why would such a shockingly brilliant idea suffer heaven's condemnation?

"Old Fart Lu is indeed a rare genius! Even if his strength is slightly weaker than Zhuge Qingxuan and Brother Teng, he clearly has more ideas than them on Dao. It's just a shame that Old Fart Lu is pulling up seedlings to help them grow here!" Ye Yuan said with vicissitudes of emotion.

"Pulling up seedlings to help them grow?" The two said with a puzzled look.

Ye Yuan nodded his head and explained, "Creating Heavenly Dao, that is something that only Divine Lord Realm can do. Old Fart Lu is only Half-Deity Realm, how can he be capable of creating a Heavenly Dao belonging to him? Furthermore, in the Immortal Grove Region, Heavenly Empyrean Immortal Grove's Heavenly Dao rejects all other Heavenly Daos. Him creating a Heavenly Dao that belongs to him, that is challenging the prestige of Heavenly Dao. How can Heavenly Dao not eradicate him? This idea seems genius, but actually, it's no different from seeking death."

Ye Yuan's words made the two shudder with fear.

The two of them were Half-Deity Realm powerhouses. Moreover, their concepts were already comprehended to Heaven Glimpse Deity Realm.

But regarding Heavenly Dao's understanding, they could not even catch up to Ye Yuan by whipping their horses.

They only felt that Lu Linfeng's aura was incomparably powerful, charging straight for Deity Realm.

But did not expect that there were actually still so many tricks involved.

As if affirming Ye Yuan's words, an apocalyptic aura descended from the sky at this time.

Skydistant and Fang Tian's countenance suddenly changed!

This aura was even stronger than what Ye Yuan exhibited!

At this time, they finally understood Ye Yuan's words.

Heavenly Dao was enraged!

Lu Linfeng's approach already thoroughly infuriated Heavenly Dao.

Heavenly Dao had no consciousness. It was just a kind of extremely mysterious rule. Everything was a primitive instinct.

The Immortal Grove Region's Heavenly Dao was the rules that Heavenly Empyrean Immortal Grove set.

Now, someone was challenging the prestige of Heavenly Dao. It instinctively wanted to give it a catastrophic blow.

Hence, this terrifying heavenly tribulation descended from the sky.

A dark-yellow lightning bolt plummeted straight down from the clouds. This lightning bolt was like a towering tree that reached the heavens, incomparably thick.

The target was precisely the grand array that Lu Linfeng set up!

The commotion of Lu Linfeng's breakthrough was indeed huge. But he already realized that his way of doing things would not work. The array formation already showed signs of instability.

This terrifying heavenly tribulation arriving at this time, his gaze revealed a look of despair.

Only at this time did he realize that he seemed to have angered Heavenly Dao.

The Heavenly Dao wanted to kill him and be done with it!

Just as that incomparably thick lightning bolt was about to fall on the array formation, a gentle power of Heavenly Dao overlapped on top of his array formation.

When that dark-yellow lightning bolt landed on it, it actually directly dissipated into nothingness.

The Lu Linfeng inside the array formation was incomparably shocked as he looked at this scene. He did not expect that this heavenly tribulation was actually all talk no action.

"Puhwark!"

It was not up to him to be shocked. The breakthrough failing caused him to suffer a tremendous backlash, fresh blood spurting wildly.

When everything evaporated away, only then, did Lu Linfeng saw clearly that there were three figures in the distance currently looking at him. This made him greatly surprised.

In order to ensure that his breakthrough was not interrupted, he set up many large formations around him. Even peak Void Mystic absolutely could not barge inside either.

But these three people actually entered effortlessly.

Furthermore, he actually did not detect it in the slightest.

If the three people touched the array formation, his breakthrough would have long failed.

The three silhouettes flashed and arrived in front of him in a blink of an eye.

Seeing the arrivals, Lu Linfeng's gaze turned intent, and he said in surprise, "Ji Qingyun! Was ... Was it you who saved me?"

Lu Linfeng was not a fool. The might of that bolt of heavenly tribulation before could virtually destroy the heavens and decimate the heaven. But it started off with a large bang and ended with a whimper, finally dissipating into nothing. This was definitely someone making a move to assist.

Except, that kind of Heavenly Dao's might, who had this ability to save him?

Lu Linfeng had always focused on closed-seclusion, making preparations for today's breakthrough. Regarding the Divine Realm's matters, he did not have the slightest clue.

Suddenly, his entire body trembled and his gaze revealed astoundment as he said, "You ... You broke through to the Deity Realm? This ... This is impossible! I must have seen it wrongly!"

Unrivaled Medicine God

Chapter 1286: World Locking Gate!

This person, Ye Yuan, in front of him gave Lu Linfeng a feeling of being above the clouds.

This kind of strength, what was it if not someone in the Deity Realm?

Furthermore, Lu Linfeng faintly had a feeling earlier, that aura that saved him was actually identical with the Heavenly Dao's!

Fang Tian looked at Lu Linfeng with sympathy and said, "You didn't guess wrongly. Ye Yuan, he indeed broke through to Deity Realm. He is now the Divine Realm's sole Deity Realm powerhouse!"

Lu Linfeng's entire body trembled, his gaze when looking at Ye Yuan was full of bizarreness.

For the sake of today, he had prepared for who knows how many years and expended god knows how much effort.

Before today, Lu Linfeng had been very confident.

He was confident that his approach was the most genius idea in the Divine Realm's 100 thousand years.

Not saying that it was definitely able to break through to the Deity Realm, but it was absolutely the most promising.

In the end, he failed!

This was originally nothing. After all, over these 100 thousand years, the people who failed were too many.

But a Deity Realm powerhouse actually really showed up in front of him!

Nothing was more demoralizing than this.

Ye Yuan knew that him appearing at this time was not some good timing. But Lu Linfeng's relationship with him was not shallow.

To really calculate, he was even half a disciple of his.

Allowing Lu Linfeng to be killed by heavenly tribulation, Ye Yuan could not do it.

"Impossible! Even I failed, and you ... How did you accomplish it?" Lu Linfeng said, battered out of his senses.

These words sounded very arrogant, but Lu Linfeng indeed had the capital to be arrogant.

He derived a Heavenly Dao belonging to him with Formation Dao. This talent, this boldness, this strength, apart from Ye Yuan, there really was not a second person.

Even Fang Tian was also inferior to Lu Linfeng in certain aspects.

Ye Yuan smiled and said, "What you walk on is the Formation Dao, what I walk on is the Alchemy Dao. You derived Heavenly Dao with array formations, I completed Heavenly Dao with the Alchemy Dao; that's all there is to it."

Lu Linfeng's gaze turned intent, and he muttered, "Completing Heavenly Dao with Alchemy Dao, completing Heavenly Dao with Alchemy Dao! That's all ... there is to it?"

He naturally understood Ye Yuan's words. In fact, Ye Yuan's path had the same ingenuity of achieving the same goal via different means with him.

It was just that, he failed, while Ye Yuan succeeded!

Lu Linfeng keenly realized the profundities in Ye Yuan's words. One derived Heavenly Dao with Formation Dao, the other completed Heavenly Dao with Alchemy Dao.

It looked almost the same, but actually, it was diametrically opposed!

Ye Yuan's words were very vague, but it made Lu Linfeng suddenly feel refreshed.

Ye Yuan was telling him that his idea was too unrealistic, that was why it would fail.

Lu Linfeng could not refrain from recalling that terrifying heavenly tribulation and involuntarily palpitated with anxiety and fear.

He suddenly felt that something was wrong. Deity Realm was strong, but just now, he himself already touched the threshold of Deity Realm too. It seemed like it was still somewhat enough to choke when dealing with this heavenly tribulation.

"Ye Yuan, the heavenly tribulation just now ... even if you're Deity Realm, it's also impossible to resolve it so easily, right?" Lu Linfeng asked probingly.

Fang Tian smiled and said, "Ye Yuan isn't an ordinary Deity Realm! You have been in closed-seclusion all along and probably don't know what happened in the Divine Realm. Ye Yuan is already the Divine Realm's controller now, surmounting above all life."

"C-Controller?" Lu Linfeng's pupils constricted. He was frightened by this term.

Ye Yuan looked at him and said with a smile, "Old Fart Lu, you don't need to be disheartened either. With your talent, as long as you cultivate according to conventional routine, there's still a chance to corroborate the Great Dao again. Making a move earlier was just returning the favor of you imparting to me your knowledge."

Lu Linfeng's face was ashen pale, and he said with self-ridicule, "Talk is cheap for you, corroborate the Great Dao again? Easier said than done! This path doesn't work. This Lu's years of effort is equivalent to being in vain."

Ye Yuan said with a smile, "Great Dao leads to the same destination. How can your efforts be wasted? You should just cultivate with peace of mind. In the future, there will be an opportunity to cultivate to the Origin Deity Realm. When the time comes, it will be the time for this method of array amplifying Heavenly Dao to give off its brilliance! That's all this Ye has to say. Old Fart Lu, you take care!"

Finished talking, Ye Yuan brought Fang Tian and Skydistant along with him and disappeared from where they were.

Lu Linfeng trembled. Looking at the direction Ye Yuan's figure disappeared, he did not come back to his sense for a long time.

Ye Yuan's few short sentences revealed a lot of information!

Could it be that Ye Yuan really had a way of making that vanished Heavenly Dao of the Divine Realm's return again?

Highly probable!

Ye Yuan's current realm was already what he could not see through.

Furthermore, listening to the meaning in Ye Yuan's words, after Origin Deity Realm, there were actually even higher realms!

But these were too far away for him.

Ye Yuan's words re-ignited Lu Linfeng's hope.

He got a backlash from Heavenly Dao, his strength greatly diminished. But Ye Yuan's move already minimized Heavenly Dao's damage to him to the greatest degree, preserving his foundation.

As long as he cultivated hard, he could still return to the peak.

...

Three months later, in the land of extreme east of the Divine Realm, at the end of the Garnersky Sea Region, there was a stretch of heavy fog.

The feeling that the stretch of fog gave people was extremely dangerous. Even Ye Yuan's gaze revealed a look of dread too.

Several figures stood in the air. Ye Yuan, Fang Tian, Skydistant, Yue Mengli, White Light, Long Teng, and the rest, all came here to see Ye Yuan off.

There were four phantoms behind Ye Yuan. They were precisely the spirits of the four symbols!

"What, scared? There's the realm barrier protecting here, the violent spatial turbulent flow can't come in. Once you pass through the World Locking Gate, it's the endless spatial turbulent flow after that! Do you ... still want to brave it?"

A voice came from within the void. It was precisely Kunwu.

Ye Yuan drew a deep breath and said, "Senior, don't need to persuade anymore. Ye Yuan's mind is made up!"

“Heh, truly a brat who doesn’t turn back without hitting the south wall! Forget it, if you want to court death yourself, others can’t stop you either,” Kunwu said in a disappointed and angry tone.

Ye Yuan slowly turned around and gave a bow towards the spirits of the four symbols, and said, “I’ll have to trouble four seniors!”

The spirits of the four symbols were the totem powers of the four clans and did not have consciousness. But they were subjected to the domination of the Sacred Dragon Token, that was why Ye Yuan could bring them here.

Finished talking, Ye Yuan brought out the Sacred Dragon Token. A sacred aura instantly radiated the entire sea region.

The spirits of the four symbols also each split into north, south, east, west, revolving around the Sacred Dragon Token and standing in the air.

Suddenly, four clear cries billowed to the sky. The spirits of the four symbols opened their enormous mouths at the same time and spewed out a surge of powerful laws undulation, converging over towards the void.

“World Locking Gate, open!”

Four arcs of light shot to the sky and finally gathered in one place above the void.

An archaic aura that had experienced the many vicissitudes of life came from above the void.

A massive stone door manifested!

Following the appearance of this stone door, everyone only felt like their divine souls were about to collapse and dissipate.

This aura that suppressed everything truly made people collapse.

Ye Yuan’s body gave off an aura belonging to Heavenly Dao, enveloping everyone. That feeling of collapse instantly vanished into nothing.

Everyone looked at that archaic gate, unbelievably shocked.

“This is the World Locking Gate? What a powerful aura! Not reaching the Deity Realm, one can’t withstand this kind of frightening pressure at all!” Fang Tian said with a sigh.

“No idea how those Deity Realm powerhouses back then knew about this exit either. Those selfish fellows had best all be buried in the turbulent spatial flow!” White Light said with indignation.

Chapter 1287: Turbulent Spatial Flow!

“Senior Skydistant, Senior Fang Tian, after Ye Yuan leaves, the Divine Realm will have to trouble you all to take care of it!” Ye Yuan clasped his hands at the two and said.

Finally, the time to leave still came. Leaving his homeland, Ye Yuan also had a myriad of feelings well up in his heart for a moment too.

This place had what he was worried about, had his fetters. No matter where he went to, this was his home.

Regarding his home, Ye Yuan was naturally very concerned about his posthumous coverage.

Fang Tian said, "Go on, rest assured about the Divine Realm's matters. With Skydistant and me around, they can't stir up any large waves. There's also Lu Linfeng. He went to find Cao Yunzhi the other day as well, taking the initiative to request to serve as the Law Enforcement Hall's guest elder."

Ye Yuan was slightly surprised as he said, "I didn't expect that this guy would actually do such a thing."

The Grand Yan Divine King had always moved independently. Apart from taking in a disciple, he had never joined any faction before and was completely indifferent to the Divine Realm's matters as well.

Ye Yuan also did not expect that he would actually take the initiative to request to join the Law Enforcement Hall.

Skydistant smiled and said, "Isn't this still on account of your face? He's giving a plum in return for a peach here, returning your life-saving grace!"

Ye Yuan chuckled and did not say anything.

With so many powerhouses holding down the fort, presumably, no major storms should appear in the Divine Realm. He could also leave with peace of mind.

"Senior Long Teng, on this journey, thank you very much for your care!"

Ye Yuan gave a deep bow toward Long Teng.

Long Teng was a teacher-like friend to Ye Yuan and helped Ye Yuan tremendously.

Previously, in order to let Ye Yuan escape, Long Teng even did not hesitate his soul disintegrating to resist Kanuo. How could Ye Yuan not be moved?

"Go on, go on, but you must take care!" Old Teng had tears running down his aged face as he said.

Ye Yuan nodded his head solemnly and came before White Light.

The two people grasped hands and had a big bear hug.

Between brothers, there was no need for too many words.

"Big Brother, you can go with peace of mind. I'll work hard on cultivation. When you restore the Divine Realm's Heavenly Dao one day, I'll go to the Heavenspan World to find you!" White Light said firmly.

Ye Yuan chuckled and said, "Good brother! I'll wait for you in the Heavenspan World!"

By the side, Lu-er was long already sobbing until tears poured down.

"Young Master, Lu-er ... can't bear to leave you! Sniff, sniff ..."

Ye Yuan pulled Lu-er into his embrace. Lightly stroking her hair, he said, "Good Lu-er, you cultivate well too. When you break through to the Deity Realm, Young Master will definitely fetch you to the Heavenspan World, alright?"

Lu-er pushed Ye Yuan away and said with teary eyes, "Young Master, you have to keep your word!"

Ye Yuan smiled and said, "When have Young Master lied to you before?"

Lu-er smiled through tears and said, "I knew that Young Master is the best! Young Master, rest assured; Lu-er will definitely cultivate well and strive to break through to the Deity Realm as soon as possible!"

Yue Mengli still had an indifferent expression, as if nothing could move her.

Except, that hint of sadness and reluctance to part in her eyes could not be concealed no matter what.

Ye Yuan heaved a sigh and said, "Li-er, you too."

Li-er's expression dimmed. She nodded and lightly hummed.

Looking at Li-er's eyes, Ye Yuan felt his mind filled with a myriad of thoughts and was actually speechless.

Ye Yuan understood that if they had to compete to see who was better, among these people, the one who could not bear for him to leave the most would be Li-er.

But, in order to not make him worry, she stubbornly endured it.

This girl, he really had nothing to nitpick with.

Ye Yuan opened his mouth, wanting to say something, but he did not say it.

At this time, any words were feeble.

With this departure, life and death were hard to predict, weal and woe unknown.

That was a completely foreign world. They did not know, Ye Yuan similarly did not know.

Just like entering the Godsfall Mountain Range back then, Ye Yuan seriously could not give them any promise.

"I'm going!"

Ye Yuan hardened his heart, turned around, and flew towards that World Locking Gate.

Li-er's tears could not hold back anymore and burst out. She shouted at Ye Yuan's back view: "Big Brother Yuan, Li-er will go and find you! You must take good care of yourself!"

Ye Yuan's figure paused, but gritted his teeth and refused to turn his head back, his figure finally vanishing behind the World Locking Gate.

He was afraid, afraid that he did not have the courage to leave.

When Ye Yuan's figure disappeared from her line of sight, Li-er's entire person seemed to have been sapped of strength, falling down weakly.

Lu-er was startled and hurriedly supported her, similarly complaining tearfully, "Big Sister Li-er, you have to hang on! Young Master ... Young Master, he'll definitely be fine!"

Li-er's tears were like floodwaters that broke the dam, drenched a peerlessly beautiful face.

"I know ... I know! He'll definitely be fine!" Li-er choked.

The two sisters hugged their heads and cried bitterly. When everyone by the side saw this scene, they all could not hold back tears from trickling down their cheeks.

What they could do was only to pray, pray that Ye Yuan was able to survive the turbulent spatial flow.

...

In front of Ye Yuan was a murky gray space, no direction, no sounds.

What there was, was just violent energy undulations.

Ye Yuan heard Kunwu say before, this turbulent spatial flow was actually a sea of space, pieced together and formed by countless spatial fragments.

The friction and fluctuations between the spatial fragments would produce incomparably violent energy, wiping out everything in the sea of space.

Of course, this kind of energy had strong and weak types.

Strong ones, even if it was a Divine Lord Realm powerhouse, they could obliterate too.

Weak ones, it was nine chances to die and one chance to live for Grotto Profound Deity Realm powerhouses too.

Right now, Ye Yuan had just passed through the World Locking Gate. The turbulent spatial flow was not very strong yet.

Following his penetration deep inside, these energy storms would become stronger and stronger.

All the way until the end, utterly obliterating him.

Want to shuttle back and forth in the turbulent spatial flow safely, one must have at least True God Realm strength!

Hence, that was why Kunwu said that Ye Yuan entering the turbulent spatial flow was certain death.

That group of people 100 thousand years ago relied on safety in numbers, under their teaming up, that was how they had an additional ray of hope.

Kunwu said, even if they were really able to pass through the turbulent spatial flow, to have five people remaining was already considered pretty good.

Of course, this was still an optimistic estimation.

The greatest likelihood was still not a single one left!

Therefore, Ye Yuan, a rookie who had just broken through to Deity Realm, wanting to pass through the turbulent spatial flow, could virtually be said to be a fool's talk!

This turbulent spatial flow, the most dangerous was still not these violent energies, but those spatial fragments.

Once bumped into by those spatial fragments, even Celestial Deity Realm powerhouse would be shredded into pieces by the unstable spatial fragments too!

Ye Yuan drew a deep breath and shrunk the Domain of Sword to a radius of ten feet. At the same time, an earth-yellow light flooded on his body, revolving the Black Tortoise Treasure Body Divine Art, his figure shooting out akin to an arrow that left the string!

After breaking through to Deity Realm, Ye Yuan's defense could truly use powerful to describe already.

The Domain of Sword and Black Tortoise Treasure Body Divine Art evoked with Deity Realm, the power could not be mentioned in the same breath.

One had to know that even the Origin Deity Realm Zuo Zong back then was unable to do anything to Skydistant. How powerful the defensive strength of this cultivation method was, it could be imagined.

Entering the sea of space, countless violent energies assailed from all directions.

The tiny figure of Ye Yuan was instantly drowned out.

Only at this time did he truly understand why Kunwu was not optimistic about him.

[Unrivaled Medicine God](#)

Chapter 1288: Spatial Storm!

When Ye Yuan was still in the Divine King Realm, three great fiendgods joining hands were also unable to breach his defense.

Breaking through to the Deity Realm now, his defense was god knows how many times stronger compared to back then.

But even so, Ye Yuan could not endure the turbulent spatial flow that surged over from all directions very soon.

His divine essence was being rapidly consumed, his physical strength was also being depleted quickly.

At the rate of this speed of consumption, before long, he would be utterly swallowed up by these violent spatial turbulent flows.

"Sigh, kid, I told you not to come, but you insisted on coming! Now, you know that Kunwu and I weren't joking around with you, right?"

In his sea of consciousness, Dustless's voice rang out.

How could Ye Yuan's huge consumption of physical strength and essence energy hide from his eyes?

This was still the beginning, and Ye Yuan already almost could not bear it anymore.

Continuing forward would be facing certain death.

Ye Yuan smiled bitterly and said, "If Senior has time to laugh at me, might as well help me think of a way!"

“Heh, passing through the turbulent spatial flow, you can only rely on your own strength. I can’t protect myself currently, how can I help you?” Dustless said.

Ye Yuan was helpless and could only grit his teeth and endure forcefully.

Ye Yuan carefully avoided the spatial fragments while gritting his teeth and resisting the impact of the turbulent spatial flow.

At the start, Ye Yuan’s speed was very fast.

But very soon, it became very hard for him to move his feet.

Although this process was painful, Ye Yuan was still able to accomplish slow progress by relying on his powerful defensive strength.

Cultivating the Black Tortoise Treasure Body Divine Art to the Divine Dao first level, Ye Yuan’s defensive strength was even stronger compared to those middle-stage, even late-stage Grotto Profound Deity Realm powerhouses back then!

Coupled with the Domain of Sword, Ye Yuan’s defensive strength could absolutely rival those in the Grotto Profound Deity Realm grand completion!

Ye Yuan still had this bit of confidence.

Time slowly passed, the Dustless inside the Soul Suppressing Pearl was also shocked by Ye Yuan’s willpower.

According to the Divine Realm’s time, Ye Yuan already walked in this turbulent spatial flow for seven days and nights.

Logically speaking, Ye Yuan should have long reached his limits.

But, by relying on his willpower and exquisite control over divine essence, he forcefully sustained for seven days and nights.

The Divine Realm had long been devoid of divine rank spirit medicines already. Ye Yuan did not have divine pills’ formulas either. Hence, there was no way to refine divine pills at all.

Even arcane insight rank’s mystic grade medicinal pills had no effect at all on the current Ye Yuan too.

Without the support of medicinal pills, Ye Yuan could only rely on his own strength.

In this place, Ye Yuan unleashed his advantages of an alchemist to the limits.

His control over the Domain of Sword could be described using harsh.

If he could use a fraction of divine essence, Ye Yuan absolutely would not use a trace more of divine essence!

Humans would erupt with tremendous potential under a critical state.

In seven days’ time, Ye Yuan’s exquisite control aspect of divine essence actually improved even further.

This point, Dustless also secretly expressed his wonder.

Except, even if Ye Yuan lasted seven days and nights, it was also just taking the first step of a ten thousand miles long journey.

According to Dustless, wanting to pass through this sea of space required two months' time!

The further back, the more powerful the turbulent spatial flow would become, while Ye Yuan's consumption would also be greater and greater.

Hence, even if Ye Yuan lasted seven days and nights, Dustless was not optimistic about him at all either.

In just seven days' time, Ye Yuan's divine essence was already exhausted by more than half.

The remaining journey, this kind of consumption would only increase more and more. What would he use to tide over the journey at the back?

Suddenly, Ye Yuan's brows furrowed. The energy undulations around him actually became even more violent all of a sudden.

In virtually an instant, the pressure on Ye Yuan's body skyrocketed, the divine essence and physical strength consumption suddenly becoming several times faster.

Ye Yuan's expression became incomparably ugly. At the rate of this consumption speed, he could not sustain for very long.

"Senior, what's going on here?" Ye Yuan asked Dustless.

Dustless's expression was also incomparably ugly as he said in a solemn voice, "Your luck is really booming! This ... This is a spatial storm!"

"Spatial storm?" Ye Yuan's brows furrowed even tighter.

This name did not sound like a jackpot, no matter what.

Dustless said, "A spatial storm is a situation when two enormous spatial fragments collide into each other, and then shatter apart, throwing the energy inside the sea of space into complete havoc. Just like a tsunami at sea, the spatial turbulent flow's berserk extent will instantly increase several dozen times, even several hundred times! It's just that this spatial storm might not be encountered even once in several decades normally! I didn't expect that you ran into it! Ye Yuan, turn back! Once a spatial storm kicks up, you absolutely can't pass through the turbulent spatial flow!"

Clearly, even Dustless was also very apprehensive of this spatial storm.

Ye Yuan sucked in a cold breath. Increasing several dozen times, even several hundred times, he could not withstand it with his strength at all.

This was truly rain pouring throughout the night when your roof was already leaking. Ye Yuan did not expect that his luck was actually so good, encountering this kind of thing.

Ye Yuan's expression flickered incessantly, his heart was also struggling incessantly.

The surrounding energy undulations became stronger and stronger, virtually going to shred his entire person up.

This was still just the beginning. Moving forward, the spatial storm would get even more terrifying!

Terrifying until one was unable to imagine it!

“Ye Yuan, what are you still in a daze for? A spatial storm is absolutely not what you can resist alone! Even if a Divine Lord Realm powerhouse enters the center of the storm, it’s a road that leads to death too!” Dustless said urgently.

He did not wish for Ye Yuan to die just like this. That way, he probably would not have the possibility of waking up the next time already.

The Immortal Grove World’s Heavenly Dao already could not sustain for that long anymore.

But Ye Yuan was still hesitating.

“Hurry, Ye Yuan! You won’t make it if you’re any slower!”

Ye Yuan suddenly clenched his teeth and urged his essence energy and physical strength to the limits, and plunged headlong into the storm!

“Are you mad, Ye Yuan?” You’re courting death here!” Dustless said with a furious roar.

He did not think that Ye Yuan actually did not retreat. He advanced instead, marching into the spatial storm.

Ye Yuan did not speak. His gaze was incomparably firm, entering the spatial storm without any hesitation.

This spatial storm’s scale was massive. Ye Yuan was already brought inside by the storm. Even if he escaped, he might not be able to get out either.

Turning back again at this time, his essence energy and physical strength might not be able to sustain him to return to his starting point as well.

Therefore, he chose to move forward!

Since he came here, there was no road back anymore.

Being overly cautious and indecisive, he would die even quicker instead.

“Lunatic! You lunatic! You fool who overestimate your own ability! Ignorant of the immensity of heaven and earth! Do you think that by controlling Heavenly Dao, you can consider everybody and everything beneath your notice? Let me tell you, in the Heavenspan World, you’re mere an ant ...”

Dustless howled inside Ye Yuan’s sea of consciousness. But no matter what he said, Ye Yuan turned a deaf ear too.

He clung stubbornly to his own course and advanced forward, urging essence energy and physical strength to the limits.

Violent energy sliced on Ye Yuan’s body akin to sharp knives.

Very soon, his defense could not support it anymore.

Ye Yuan's body was sustaining a tremendous impact.

Ye Yuan mustered up the Tyrant Dragon Regeneration Art, repairing the injuries within his body frenziedly.

The spatial storm became more and more rampant, ravaging Ye Yuan's fleshy body crazily.

Chapter 1289: Mute Girl Wanru

The noon-day sun high in the sky, spiritual power was plentiful.

On a field overgrown with weeds, a group of carriages and horses with several dozen people were currently advancing slowly.

"Second Miss, there's another half a month's journey, and then we'll reach the Myriad Beast Forest! After the Myriad Beast Forest, we won't be far from Jewelhill City anymore."

The one talking was a middle-aged man dressed as a guard. In front of him was a pretty-looking woman.

Looking at that appearance, she should be the leader of this company.

"En, instruct everyone to be a little more careful. The Myriad Beast Forest has been rather tumultuous recently. After passing through the Myriad Beast Forest, this young lady will give everybody double the pay," the woman said with a nod.

The middle-aged man was overjoyed and said, "Thank you very much, Second Miss!"

He turned around and called out to the group of guards: "Did everybody hear that? Second Miss wants to double our pay, so all buck up and be smart about it! Do you hear me?"

The group of guards were also overjoyed and said, "Thank you very much, Second Miss!"

The woman smiled slightly and nodded her head to give a signal.

Her gaze inadvertently looked over toward the woman at the rear, a hint of disdain showing at the corners of her mouth.

That woman was weak as a willow, her spirit appearing slightly haggard. But in terms of looks, it was several points above that second miss.

Toward the second miss' display, the girl did not express much. Clearly, she was indifferent by favor or disgrace.

Suddenly, her brows knitted, and she suddenly drew the reins of her horse and turned off the main road.

When the second miss saw this, she frowned and berated, "Liang Wanru, what are you going to do¹?"

The girl ignored her and got down her horse, entering into the grassy growth.

In the thicket, there was a man covered in wounds and scars, too ghastly to look at.

The woman frowned hard, her face revealing a look of lament.

She turned around and beckoned to the middle-aged guard. That guard was just about to move, but then he heard the second miss said coldly, "Zhang Shun, you're not to go! A dead man, bring along for what? If she wants to take alone, let her carry him over herself."

Zhang Shun hesitated for a bit, and finally still retreated to one side, and did not go over.

Liang Wanru sighed slightly and actually really took it upon herself to go and support that 'dead man.'

The 'dead man' was not very heavy. But there were dried bloodstains all over his body. He had already basked under the blazing sun for god knows how many days, with his body emitting waves of unbearable smell.

The 'dead man' was none other than precisely the Ye Yuan who escaped with his life by a fluke from inside the spatial storm!

He was naturally not really dead, but he was also not far from death.

Ye Yuan did not have an intact spot from head to toe. The skin and flesh on his body were turned out, scorched under the blazing sun for quite a long time, giving off a nasty smell.

Even with the Tyrant Dragon Regeneration Art, it was also unable to recover the injuries on his body.

Moreover, Ye Yuan did not have a trace of essence energy undulation from head to toe at this time; he was no different from a mortal and was just left with one last breath.

Continuing to bask under this blazing sun, this final breath probably would not be ensured anymore as well.

Liang Wanru endured the stench on Ye Yuan's body and carried him onto a carriage.

On the carriage was full of goods giving off a faint medicinal fragrance.

But Ye Yuan was completely oblivious at this time, allowing Liang Wanru to fiddle as she pleased.

The second miss slowly came to the carriage's side. Looking at the Ye Yuan lying on the carriage dead to the world, her brows involuntarily knitted together tightly.

Liang Wanru's ethereal and refined body was also made very messy by Ye Yuan at this time.

But she did not seem to mind.

"*Heh*, my good elder sister, even though this person is still hanging in there with one last breath, he's already no different from a dead person. Our trip hasn't been too smooth. Aren't you adding more to the disarray by bringing him along? Let me tell you, if we run into any dangers in the Myriad Beast Forest, nobody will care about his life and death!" the second miss said coldly.

Liang Wanru did not speak and actually used her hand to gesture something.

This beautiful Liang Wanru was actually a mute!

The second miss clearly understood Liang Wanru's hand gesture. With a look of disgust on her face, she said with a cold snort, "Saving a life is better than building a seven-storied pagoda? My good elder sister, are you feigning a heart of gold again? Yeah, you're a living bodhisattva, we're all heinous

sinners! *Huhu*, with the way he looks, you got to save him first before talking! This stinky man's divine sea is damaged, and his fleshy body has already suffered irreversible damage. Even if Elder Fan is here, he's also powerless to turn the tables!"

Liang Wanru's expression dimmed, giving Ye Yuan a sympathetic glance. Suddenly, she fished out a bright red medicinal pill and was going to give Ye Yuan to consume.

The second miss's gaze turned intent, and she looked at Liang Wanru in disbelief as she said, "Are you mad? This Profound Essence Pill is a high-grade Tier 1 divine pill. It's a relic that Father left for you. You actually want to take it out to save a person who has nothing to do with you? When we go back, I must tell this matter to Father!"

Not just the second miss, even those guards' faces also revealed a look of astonishment.

High-grade Tier 1 divine pill, each one was incomparably precious.

They, these guards, could not afford it even if they bankrupted themselves!

Liang Wanru looked at her and smiled slightly, but did not hesitate in the slightest, stuffing that Profound Essence Pill into Ye Yuan's mouth.

She brought over some water for Ye Yuan to drink, guiding the medicinal pill in.

When the second miss saw this scene, she snorted coldly and said, "Liang Wanru, it's fine that you yourself are a good-for-nothing. But now, you still want to bring along a good-for-nothing! We're not here to sightsee. If we really encounter any danger, nobody will care about you guys!"

Liang Wanru looked at her and still smiled slightly.

This smile was like a spring breeze blowing past, warming people's hearts.

Except, it could not warm the second miss' heart.

The group of people continued on their way. No one bothered with Liang Wanru and Ye Yuan at all.

Clearly, Liang Wanru was a marginalized figure.

However, Liang Wanru did not complain about anything, taking the utmost care of Ye Yuan along the way.

She endured the stench and helped Ye Yuan clean up the rotten flesh on his body, helping him clean his wounds.

Apart from that Profound Essence Pill, Liang Wanru took out some more medicinal pills, giving Ye Yuan to eat every other two days.

Seeing this scene, the second miss, Liang Wanrong, just watched differently, with a look of disdain.

She and Liang Wanru were biological sisters. It was just that Liang Wanru was born of the legal wife, while she was a concubine's child.

Their father, Liang Mingyu, loved Liang Wanru's mother very much and treated Liang Wanru very well as well. But Liang Wanru suffered many setbacks in life. Her mother passing away prematurely, and she was innately unable to talk.

Later on, Liang Mingyu remarried. That was how there was Liang Wanrong.

Liang Wanrong's mother was another large family clan's daughter in Jewelhill City. Marrying Liang Mingyu was marrying to someone of a lower status, and she had always been very domineering in the Liang Family.

Liang Wanrong mother and daughter found Liang Wanru displeasing to the eye no matter how they looked at her, so they caused her hardship in all manners.

Liang Mingyu lacked power and could only turn a blind eye to this.

Fortunately, he had some conscience and compensated his eldest daughter a little in private. That was how it let Liang Wanru have an easier time.

The Liang Family was in the medicinal herbs business. This time, the two daughters were sent to import a batch of medicinal herbs. At this time, it was already on the way back.

When Liang Wanrong saw her elder sister's busy appearance, suddenly, a wicked thought lingered in her heart and did not go away for a long time.

At this time, it had already been over ten days since Liang Wanru saved Ye Yuan.

Under her meticulous care, Ye Yuan finally woke up from his coma.

Chapter 1290: Miraculous Encounter

"Brat, you finally woke up!"

Ye Yuan had just regained consciousness when Dustless's voice sounded out by his ears.

He had just regained consciousness and could not even open his eyes.

A heart-piercing intense pain transmitted over, making Ye Yuan's divine soul quiver.

But he could not even groan.

His entire body seemed like it was totally not his.

"Senior Dustless? I ... I'm not dead yet?"

Regarding him surviving miraculously, Ye Yuan also felt very surprised.

Recalling the spatial storm, Ye Yuan still had lingering fear in his heart until now.

In front of those violent spatial energies, Ye Yuan was feeble as if he was a mortal.

Ye Yuan virtually exhausted all of his means and could not withstand the storm's invasion too.

Finally, he was ravaged until there was not an intact spot on his body from top to bottom. If not for his powerful fleshly body and the Tyrant Dragon Regeneration Art, Ye Yuan probably would not even have residue left.

Even Ye Yuan himself also did not understand how he came out alive.

“This old man wishes that you were dead! You, brat, were simply messing around too much!” Dustless said crossly.

Scolding was scolding, but seeing Ye Yuan wake up, Dustless finally heaved a sigh of relief.

He also did not expect that Ye Yuan actually really passed through the spatial storm miraculously, and arrived at the Heavenspan World!

This kind of thing, logically speaking, it was impossible to accomplish.

Yet, it happened.

Ye Yuan laughed embarrassedly and said, “Senior, don’t blame me. Didn’t I pull through? If we went back that time, it might be even worse than the current situation!”

Dustless gave a cold snort and stopped speaking.

Ye Yuan asked probingly, “Senior, have I ... arrived at the Heavenspan World?”

Dustless grunted and said, “You were one lucky bastard! Absolute pure dumb luck!”

This was equivalent to tacitly acknowledging Ye Yuan’s query. They really came to the Heavenspan World!

Ye Yuan also did not expect that his luck was really so good.

“Haha, dumb luck is good too! Senior, how did we arrive at the Heavenspan World?” Ye Yuan said in pleasant surprise.

Seeing Ye Yuan ask, Dustless fell silent too.

Being able to come to the Heavenspan World, even he felt like he was having a dream.

He really did not expect that Ye Yuan actually really passed through the spatial storm. This was something that had never happened before.

An initial-stage Grotto Profound Deity Realm rookie actually passed through a spatial storm. This was too inconceivable.

“When you were unconscious, you just nice barged into the center of the spatial storm! Didn’t expect that the central area of the spatial storm was actually calm and peaceful, without even a hint of energy undulation. That’s how you escaped a disaster! You drifted in the center of the spatial storm for as long as half a year and was actually brought to the spatial rift that left to the Heavenspan World by accident! This series of events, apart from using pure dumb luck to describe, this old man seriously doesn’t know what to say,” Dustless said.

Ye Yuan was also surprised when he heard it. He did not expect that this coma was actually half a year's time already.

It was really as Dustless said, his luck was truly good to the extreme.

This was completely unconscious drifting. He might also be swept into a turbulent spatial flow and never come out again.

He did not think that he actually came to the Heavenspan World just like that.

Dustless suddenly continued, "But, for you to be able to barge into the heart of the spatial storm, this in itself was already a miracle! Kid, you really made this old man view you in a different light!"

The more one went towards the center of the storm, the stronger the energy undulations.

The region near the central zone, even Divine Lord Realm powerhouses had virtually no possibility of surviving too.

But Ye Yuan relied on his own willpower and forcefully pulled through.

Not that Ye Yuan's strength was stronger than Divine Lord Realm, and also not that a Divine Lord Realm's strength was weak, one could only say that Ye Yuan's physiological attribute was too strong; his recovery ability was too strong. That was how he could accomplish this kind of virtually impossible thing.

Ye Yuan possessed the azure dragon and black tortoise, two great divine beasts' peak cultivation methods. That was the key to him breaking into the center of the storm!

Ye Yuan smiled and said, "Senior, where are we now? My divine sense is unable to leave the body currently, and my eyes can't see. I don't know the outside world's situation at all."

Dustless recounted the events of him prior to being rescued by Liang Wanru, making Ye Yuan feel frightened for a while after the event.

Drifting for half a year inside the spatial storm, Ye Yuan's physical strength had already reached the limits.

Any later and he probably would not have the chance to awaken at all.

Actually, these few days, Dustless was also secretly fretful.

It was just that he could not help Ye Yuan with anything at all, and could only leave it up to fate.

Fortunately, Liang Wanru showed up.

Within the spatial storm, Ye Yuan's Essence, Energy, and Spirit, three paths, all suffered a devastating blow.

Right now, he could not even let his divine sense leave his body. But viewing internally could still be done.

Ye Yuan examined his body before knowing how terrible the situation was.

After he broke through to the Deity Realm, his essence energy sea transformed to become a divine sea.

But now, his divine sea was completely dry. Moreover, it suffered massive damage and was already unable to gather divine essence anymore.

As for his fleshy body, being repeatedly ravaged by the energy inside the spatial storm, his recovery ability was already weakened to the extreme.

He was unable to activate the Tyrant Dragon Regeneration Art at all currently.

Cultivating all the way until now, Ye Yuan had yet to sustain such serious injuries before!

One could say that he was basically equivalent to a cripple right now.

“En? This ... This is a divine pill?” Ye Yuan suddenly said in surprise.

Liang Wanru let Ye Yuan consume the Profound Essence Pill. But there was no divine essence within Ye Yuan’s body, and he could not refine the medicinal strength at all. He could only wait for the Profound Essence Pill’s medicinal strength to dissolve on its own. This process was very slow.

This Profound Essence Pill was a healing medicine. It had tremendous benefits for the recovery of Ye Yuan’s physical body.

It was just that Ye Yuan could not unleash the medicinal strength currently. Hence, the recovery was very slow.

Ye Yuan’s lifelong pursuit was the Alchemy God Realm. At present, breaking through to the Deity Realm, he achieved Alchemy God.

But he was completely clueless about divine pills!

One could say that he had to start everything over from scratch now. It was completely different from that sort of enlightened cultivation practice in the past¹.

A foreign world, foreign cultivation realms, even his most proficient medicinal pills, he was utterly ignorant too!

However, in that instant, he sensed the divine pill, Ye Yuan became entranced!

This ... was the medicinal pill that he sought all his life!

Except, it seemed like it was also nothing much in the Heavenspan World.

If Ye Yuan knew the value of this Profound Essence Pill, he probably would not say so.

“Tsk, merely the lowest grade divine pill, what’s worth kicking a fuss about for?” Dustless said in disdain.

Ye Yuan ignored him. He was already obsessed. He used divine essence to analyze the compositions of the Profound Essence Pill. But he discovered that he completely could not do it!

He did not recognize it!

The divine rank spirit medicines in the Immortal Grove World had long already disappeared without a trace. Ye Yuan had not seen before divine rank spirit medicines.

Occasionally, the names of some divine pills, he had still seen before on books and records. But the specifics of the refining method, there wasn't as well.

"Senior, you know this kind of divine pill? What's divine pill is this? Use what to refine? Do you know the refining method? ..."

The moment Ye Yuan opened his mouth, he asked a whole bunch of professional questions.
