[Unrivaled Medicine God](#)

Chapter 1291: Out of My League

Dustless finally knew why Ye Yuan could trigger the Heavenly Dao with Alchemy Dao, and from there, obtain the Immortal Grove Heavenly Dao's recognition.

This nuttiness really made him collapse!

If to say alchemists were all lunatics, then Ye Yuan was the lunatic among lunatics!

Ye Yuan used two hours' time, turning the Profound Essence Pill inside out before he was finally satisfied.

However, only then did Ye Yuan know that with his current strength, he could not refine the Profound Essence Pill at all.

Furthermore, he completely had no understanding of divine rank spirit medicines' medicinal properties. Even if one really placed the spirit medicines in front of him, he could not possibly refine it either.

The current Ye Yuan was a complete and utter alchemy path newbie!

Finally, Dustless said huffily, "You'd best hurry up and refine the Profound Essence Pill! At this rate, you'll be a cripple in the future!"

Only then did Ye Yuan come back to his senses and discovered that Dustless's words were right.

With his current body condition, if he did not quickly refine the medicinal pill, he might really be a cripple in the future.

However, Ye Yuan discovered to his dismay that his body completely did not have divine essence, and was unable to quickly refine the medicinal pills at all.

Fortunately, he regained consciousness and was able to guide his fleshy body to draw on the power of the medicinal pill.

Although the recovery speed this way was a little slow, it was much faster than absorbing unconsciously.

This Profound Essence Pill was indeed worthy of being a high-grade tier 1 divine pill. The medicinal effects were indeed powerful.

After half a day, Ye Yuan's fingers finally moved slightly, and he slowly opened his eyes.

What came into view was a delicate and beautiful young maiden.

Liang Wanru was currently looking at Ye Yuan. Seeing Ye Yuan wake up, a hint of surprise flickered across her eyes too.

"Was ... was it you who saved me?"

Opening the mouth to speak was different from communicating with divine sense. Ye Yuan discovered that he found it difficult to even speak, his throat smoldering.

Liang Wanru hurriedly went to get some water. Ye Yuan directly drank a large flask of water before feeling slightly better.

“Was it you who saved me?” Ye Yuan asked again.

Liang Wanru nodded her head.

Ye Yuan was stunned, only then, recalling that the other party was mute.

Liang Wanru had the poise of a willow and a beautiful face. It was too bad that she could not open her mouth and talk.

“Many thanks for the life-saving grace! Great kindness can’t be thanked with words. When Ye Yuan’s injuries recover fully, I’ll definitely repay Miss!” Ye Yuan said sincerely.

Liang Wanru beamed, but shook her head.

Ye Yuan knew that she wanted to say that saving him was not for the sake of repayment.

At this time, Liang Wanrong’s mocking cold laugh sounded out at one side. She said, “How laughable! Your divine sea is already ruined, fleshly body is already disabled; you’re already a cripple. To actually still want to make such an empty promise. My good elder sister, looks like you rescued a boastful fellow!”

Ye Yuan’s brows furrowed; he already got to know about this Liang Wanrong from Dustless.

When Liang Wanru rescued him, Liang Wanrong was strongly opposed and even threatened not to care about the two of them.

These two sisters’ disparity was really not an ordinary kind of huge.

One was gentle and kind, while the other was not just vicious like a viper, but was at the very least cold and heartless as one too.

Liang Wanru smiled apologetically at Ye Yuan. Clearly, she was apologizing for her sister’s rudeness.

Ye Yuan sighed in his heart, but then she asked: “You gave me the Profound Essence Pill, I’ll definitely think of a way to return the Profound Essence Pill to you!”

Seeing that Ye Yuan completely ignored her, Liang Wanrong could not help flying into a great rage and berated, “Terrific lad, you dare to ignore this miss? Do you believe this miss will throw you out of the fleet right now and let you run your own course?”

Ye Yuan had yet to say anything, but Liang Wanru blocked in front of Ye Yuan, using a stubborn gaze to look at her sister.

Her resolve to protect Ye Yuan already did not need to go into details.

But when Liang Wanrong saw this, she suddenly started giggling and said, “*Hehehe* ... My good elder sister, you wouldn’t have taken fancy on this pretty boy, right? *Uh* ... When just rescued, his face was covered in bloodstains; it was too awful to look at. Looking now, he’s good-looking little pretty boy! *Hehe*, a mute, a cripple, it’s a match made in heaven!”

Liang Wanrong found it funnier the more she thought. The more she thought, the more she felt that this idea was pretty good, laughing herself into fits.

But Liang Wanru was ashamed and angry, her chest heaving non-stop.

It was just that she could not talk and was totally unable to refute Liang Wanrong's words.

Ye Yuan suddenly said, "Miss Wanru is beautiful, magnanimous, and kind-hearted. If any man can marry her, that's his blessing. But Miss Wanrong ... *hur hur*."

Ye Yuan smiled and said nothing, but did not carry on speaking.

A '*hur hur*' already expressed the disdainful attitude incisively and vividly.

With this, Liang Wanrong directly jumped up!

She boasted of being beautiful as a flower and absolutely did not lose to Liang Wanru. Her status in the Liang Family was God knows how many times stronger compared to Liang Wanru.

This punk actually looked down on her!

"Stinking brat, you make it clear for this miss! What's the meaning of your '*hur hur*'?" Liang Wanrong already reached the edge of rampaging.

Liang Wanrong actually did not have much cunningness. These few years in the Liang Family, it was mostly her mother managing affairs.

Her despise towards her elder sister was already written on the face. Anyone could tell.

If she had any deviousness, she absolutely would not express it so obviously.

Therefore, even though she clearly knew that Ye Yuan would not say anything good, she still wanted to hear.

Ye Yuan laughed and said, "Nothing, the meaning is that you, Miss Wanrong ... are out of this Ye's league!"

That sarcastic tone of Ye Yuan's was practically almost blowing Liang Wanrong up.

He was clearly saying that you're inferior to your sister in every way, even if given to me, I would not even want!

In the Jewelhill City, the young masters that came to matchmake at least had to line-up a long street!

This guy actually looked down on her!

"You! You! You, a cripple, actually dare to look down on this miss? Zhang Shun, kill this guy for me and throw him at the roadside to feed the dogs!"

Liang Wanrong was also accustomed to being domineering, killing people at a word of disagreement.

"This ..." Zhang Shun said hesitantly.

Zhang Shun also had his head swell up when he saw. They were just household guards. These two little ancestors having a conflict, it made things very difficult for him being clamped in the middle.

Even though the second miss' status in the Liang Family was very high, he knew that his master still favored the eldest miss a little more.

With this, no one could be offended.

“Still in a daze for what? Zhang Shun, you aren't even obeying this miss' words anymore?” Liang Wanrong glared at Zhang Shun and said.

Finished talking, Liang Wanrong directly lifted a foot and actually struck Liang Wanru's chest directly, kicking her flying out.

Ye Yuan's expression turned cold, killing intent surging.

When Liang Wanrong saw this scene, she said with a cold smile, “A cripple still dares to glare at this miss? Do you believe that this miss will dig your eyeballs out right now? *Humph!* If you all are not making a move, this miss will do it myself!”

Done talking, Liang Wanrong closed in on Ye Yuan. She took out a glinting little blade and went for Ye Yuan's eyes.

Although Ye Yuan was able to open his mouth and speak, he could not move at all.

That kick of Liang Wanrong was very appropriate, kicking until Liang Wanru could not get up.

With this, nobody could protect Ye Yuan anymore.

The Ye Yuan lying on the carriage was just a lamp awaiting slaughter.

Liang Wanrong dangled the knife in front of Ye Yuan and said with a hideous grin, “Glare! Glare some more! In a minute, you won't be able to glare anymore!”

[Unrivaled Medicine God](#)

Chapter 1292: Shaming Bystanders to Death

Liang Wanru panicked. She struggled, wanting to get up. But this kick was truly not light, she actually could not get up.

Watching that knife get closer and closer to Ye Yuan's eyes, Liang Wanru started sobbing from anxiety.

Zhang Shun and the rest also looked at this scene helplessly. This missus was notorious for being cruel and cold-hearted. This boy actually dared to provoke the second miss, truly tired of living.

Glimpsing Liang Wanru's expression with her peripherals, Liang Wanrong felt pleased with herself inwardly.

Liang Wanru being like this was what she wanted to see the most.

That appearance that remained indifferent to favor or disgrace, she hated it the most!

Liang Wanrong raised the knife and stabbed down viciously.

Everyone all could not bear to look at this scene, turning their heads over.

But after waiting for a long time, they did not hear Ye Yuan's scream either.

Turning around and looking, each and every one of them could not help widening their eyes.

Bang!

The knife was thrown onto the ground. A hint of lust actually surfaced on Liang Wanrong's face.

Her gaze was blurry, her face scarlet red. Her two hands actually started fondling on her body. A pair of hazy eyes stared straight at Zhang Shun, making goosebumps break out all over his body.

"Second Miss, you ..."

Zhang Shun instinctively sensed that it was not good. Second Miss's mannerism was clearly the tempo of going into heat!

Sure enough, the second miss came to Zhang Shun's side with a lunge and directly wrapped around his waist, raised her head, and kissed Zhang Shun madly.

"Big Brother Shun, Rong-er has liked you for a long time! You ... take Rong-er, alright? Alright?"

Liang Wanrong's voice made Zhang Shun's bones go soft.

All of the guards were utterly dumbfounded. This ... What kind of situation was this?

Truthfully speaking, Liang Wanrong was very beautiful, and it was also this coquettish attitude making her irresistible. How could Zhang Shun be unmoved?

Except, it was merely being tempted.

So many people watching, wasn't it wanting his life?

Zhang Shun's face turned pale with fright, hurriedly wanting to push Liang Wanrong away. But Liang Wanrong stuck onto him like a dog-skin plaster and refused to let go no matter what.

Liang Wanrong's status in the Liang Family was extraordinary. Zhang Shun did not dare to deal a heavy blow either. His entire person almost went crazy.

"What are you guys still standing around for? Quickly pull Second Miss away!"

Zhang Shun's scalp tingled and completely did not have the excitement of a beautiful girl delivering herself to the doorstep. If this were to be conveyed back to the Liang Family and be known by that shrew, he would be dead for sure.

Only then did the group of guards awaken from the dream and hurriedly went forward to pull Liang Wanrong away.

Liang Wanrong struggled and pulled Zhang Shun's clothes desperately, not letting go.

Fortunately, the guards' strengths were strong enough. The group of people swarmed forward before they could pull her off.

The current Liang Wanrong was disheveled, her upper body revealing large patches of snow-white skin, making the group of guards drool.

“Big Brother Shun, Rong-er really likes you a lot! Take Rong-er!”

Although being restrained, Liang Wanrong still pestered incessantly with infatuation.

Zhang Shun smoothed out his clothes, came before Liang Wanrong, and said with a salute, “Second Miss, sorry!”

Done talking, he chopped a palm at Liang Wanrong’s neck area. Liang Wanrong toppled with a grunt.

Finished doing these, Zhang Shun walked straight towards Ye Yuan.

After this bout of struggle, Liang Wanru finally recovered and got up from the ground.

Seeing this scene, she reached her hand out again and blocked in front of Ye Yuan.

Zhang Shun was stunned and said with a salute, “Eldest Miss, you also saw Second Miss’s condition, this brat’s origins are unknown. There’s a peculiarity. He’s probably not some good person! It isn’t good for you to defend him like this, right?”

Liang Wanru’s beautiful eyes flickered. Turning back and giving Ye Yuan a glance, she saw Ye Yuan’s calm appearance. She turned her head around and gestured towards Zhang Shun.

She pointed at Liang Wanrong. The meaning was that this incident was Liang Wanrong’s fault.

Zhang Shun felt his head swell. This matter, he saw it from beginning to end and naturally knew that it was Liang Wanrong finding trouble.

But Liang Wanru could say these words. He could not say it.

He was just a subordinate and could only turn the spearhead to Ye Yuan whose background was unknown.

However, he also did not perceive how Ye Yuan did it.

According to Dustless, these people were merely just a bunch of mortals.

Even though they were Dao Profound Realm mortals!

When he heard this theory, Ye Yuan also jumped in fright.

Dustless said that in the Heavenspan World, the realm when a martial artist was born, was mostly determined by the parents.

For example, the union of two Heavenly Emperor Realm powerhouses, the descendants born would at the minimum be Divine Lord Realm too. There was even a certain chance of giving birth to a True God Realm powerhouse!

In the legends, there were even Heavenly Emperor descendants who were born as empyreans!

Being True God Realm at birth, this was already winning on the starting line. Empyrean Realm was even more inconceivable.

At that time, Ye Yuan also found it fantastical.

The union of two ordinary Deity Realm powerhouses, the descendants born were mostly in the Dao Profound Realm.

Of course, the lowest was also being in the Dao Profound Realm.

Those in the Dao Profound Realm were called mortals in the Heavenspan World!

In the Immortal Grove World, the realm that the vast majority of martial artists pursued all their lives was also just mortals in this place.

But in the Heavenspan World, wanting to cultivate to the Deity Realm was far easier than the Immortal Grove World.

But even so, the greatest numbers in the Heavenspan World were still 'mortals.'

Among this group of people, there was only one Deity Realm powerhouse, which was Zhang Shun.

Hence, even though Ye Yuan was unable to move, utilizing the Sun Moon Heavenly Pupil to make Liang Wanrong succumb did not even count as the effort it took to raise a hand.

Liang Wanru's protection made things very difficult for Zhang Shun.

"Boy, what on earth did you do to the second miss?" Zhang Shun's gaze went past Liang Wanru and looked at Ye Yuan as he said.

Ye Yuan said coolly, "Is Guard Zhang mistaken about something? I can't even move right now, my divine essence completely lost. What do you think I can do? In my view, it should be that Miss Wanrong is really in love with Guard Zhang, right? Guard Zhang doesn't have to be unduly humble either. You're at any rate a Grotto Profound Deity Realm powerhouse and already transcended mortals. Even if something really happens with Miss Wanrong, it won't humiliate her either."

Zhang Shun's face fell, he knew that Ye Yuan was talking rubbish.

Yet, Ye Yuan has spoken it so logically.

He had been staring at Ye Yuan all along just now and was confident that it was impossible for Ye Yuan to do anything that he did not know under his eyelids.

In truth, Ye Yuan really did not utilize a trace of divine essence.

After Ye Yuan broke through to Deity Realm, the Sun Moon Heavenly Pupil recovered to the Deity Realm naturally.

With its cultivation, how could dealing with a mortal require utilizing any divine essence?

"*Humph!* Do you really take this Zhang to be easy to hoodwink? In this place, apart from you, who else would deal with Second Miss?" Zhang Shun said with a cold snort.

Ye Yuan smiled and said, "Guard Zhang, you got to speak with conscience! You said that I did it, there has got to be proof, right?"

Ye Yuan did not think that Zhang Shun knew about the Sun Moon Heavenly Pupil's existence. This kind of ocular art was a matter between the two people. Outsiders could not detect it at all.

With Liang Wanru around, Zhang Shun did not dare to be too impudent as well.

After a long time, he did not find any evidence either to prove that Liang Wanrong going mad was caused by Ye Yuan, and could only drop it.

Around ten o'clock in the evening, Liang Wanrong slowly woke up and discovered that the surrounding guards' gazes became odd.

She was suddenly startled, recalling her disgraceful scene during the day. Her face immediately flushed bright red.

[Unrivaled Medicine God](#)

Chapter 1293: Sisterly Affection

"I ... I'm going to kill you, lecher!"

Under shame and rage, Liang Wanrong raised a sword and stabbed over towards Ye Yuan.

But halfway there, she noticed that Ye Yuan was currently looking at her with a smile that was not a smile.

Liang Wanrong was suddenly startled, her figure abruptly stopping. Her gaze that looked at Ye Yuan was full of fear.

Liang Wanrong felt a cool breeze at her back, secretly thinking that it was a close call.

During the day, she fell for it without understanding anything and did not even know how she succumbed.

But she was certain that it was absolutely related to Ye Yuan!

"Zhang Shun ..."

Liang Wanrong was just about to order Zhang Shun when she suddenly remembered her actions during the day, her face flushing even redder.

Liang Wanrong even felt that even if the one she acted indecently to was Ye Yuan, it would have more face than Zhang Shun.

After all, Ye Yuan's identity was unknown, while Zhang Shun was a subordinate.

With this, she was really in a dilemma.

The one in a dilemma was not just her, there was also Zhang Shun and the group of guards.

Zhang Shun was an experienced veteran in the end and suddenly said, "Second Miss, ahead is the Myriad Beast Forest! At this time, we'll require you and Eldest Miss to cooperate to be able to lead us through together!"

Liang Wanrong was not an idiot in the end. Seeing that there was a way out, she hurriedly said, "Mm, what you said is right!"

...

After resting, the group of people entered the Myriad Beast Forest.

The Myriad Beast Forest was not a safe place. There were quite a number of divine beasts inside!

The divine beasts that were extinct in the Immortal Grove World were everywhere in the Heavenspan World!

Inside the Myriad Beast Forest were mostly ordinary demonic beasts. But the divine beasts that occasionally appeared were human martial artists' nightmare.

After entering the Myriad Beast Forest, Ye Yuan distinctly sensed Zhang Shun becoming alert.

The awkwardness from before was already completely replaced by solemnness.

The Profound Essence Pill was worthy of being a high-grade Tier 1 divine pill. After several days, Ye Yuan could already get down and walk around.

Even though he did not look much different from the average person, he was at least able to move already.

"Miss Wanru, could you let this Ye diagnose your pulse? This Ye is an alchemist. Maybe I can help you!" On the carriage, Ye Yuan told her this.

Ye Yuan's temperament had always been very easy-going. Liang Wanru did not have the intention of avoiding and nodded her head to allow it.

After a round of diagnosing, Ye Yuan's brows also knitted together.

The matter did not seem to be as simple as he imagined. Ye Yuan searched through the medicinal pills that he grasped and discovered that there was not a kind that was able to resolve Liang Wanru's symptoms.

Logically speaking, for hereditary deaf and mute, one could use medicinal pills to resolve. It was not a big deal in the Immortal Grove World.

However, Liang Wanru's body's situation seemed to be totally different from the Immortal Grove World!

This kind of innate muteness required the power of laws to resolve!

But Ye Yuan was completely clueless about divine pills!

His trumpet seemed to be blown a little too loudly.

Previously, Ye Yuan also thought that treating Liang Wanru's muteness was very easy. Looking at it now, it was not that simple.

"Senior, for Miss Wanru's situation, is there a low-grade Tier 1 divine pill that can resolve it?" Ye Yuan asked Dustless.

Ye Yuan already knew that Heavenly Empyrean Immortal Grove had extraordinary attainments in Alchemy Dao.

The Soul Suppressing Pearl was Heavenly Empyrean Immortal Grove's reliance!

Only with sufficient strong soul force could one have sufficiently great attainments in Alchemy Dao!

Dustless said, "That is, of course! In my view, when this Liang Wanru was born, she should have suffered an undeserved calamity, that's why it resulted in this kind of situation! The descendants of Deity Realm powerhouses, even if a mortal, would not have this kind of situation occur either! Liang Wanru's situation belongs to absent laws. The low-grade Tier 1 divine pill, Wisdomless Pill, can resolve this kind of situation."

Ye Yuan muttered, "Wisdomless Pill? Senior Dustless, I wonder how should this medicinal pill be refined?"

The only divine pill that Ye Yuan could refine right now was the Dao Defying Pill.

Wisdomless Pill, he had not even heard of it before. Naturally, refining it was out of the question.

Alchemy Dao, on the one hand, it was comprehending Heavenly Dao. On the other hand, it was a deep understanding of spirit medicines.

The two aspects were indispensable!

Ye Yuan's comprehensions towards Alchemy Dao might have barely managed to reach the level. But regarding spirit medicines, he was utterly clueless.

Dustless listed several kinds of spirit medicines. Ye Yuan simply had never heard of them before!

Harboring the mentality of giving it a try, Ye Yuan said to Liang Wanru, "Miss Wanru, I wonder if you're familiar with the Heart Linking Grass, Tian Wang Branch, Purple Caltrop, these three types of spirit medicines or not?"

Liang Wanru was rather surprised. But after staring blankly, she walked to a carriage and pointed at a wooden box.

"This is ... the Heart Linking Grass?"

Under Dustless' guidance, Ye Yuan knew about the origins of the spirit medicine inside this box.

Divine rank spirit medicine, Heart Linking Grass!

Ye Yuan reached his hand out towards that wooden box but was stopped by Zhang Shun halfway.

"Boy! On account of Eldest Miss's face, I must give it! But these spirit medicines are all items that Master purchased. They are very important! If you want to touch, don't blame this Zhang for not being courteous!"

Zhang Shun's words were full of disdain!

A cripple who was unable to even gather divine essence actually wanted to poke his nose into divine rank spirit medicines, what was this if not a toad luster after swan meat?

These divine rank spirit medicines were all the Liang Family's important material reserves. How could he allow a stranger to encroach on it?

Ye Yuan chuckled and said, "So that's how it is! It was this Ye who was rude!"

Finished talking, Ye Yuan stepped aside and really did not touch those spirit medicines anymore.

Zhang Shun was stunned, not expecting that Ye Yuan was actually so forthright.

But very soon, the expression on his face changed, and he shouted, "Stop!"

Liang Wanrong said in puzzlement, "Guard Zhang, what is it?"

Zhang Shun's expression was solemn as he said, "Something is not right!"

"What's not right? Isn't it pretty alright like this now?" Liang Wanrong said.

Zhang Shun said, "It's precisely because it's like this, that something is amiss! Passing through the Myriad Beast Forest, things absolutely won't be so quiet! Along the way, even if we're any more careful, we'll encounter the obstruction of demonic beasts too! The quieter it is, the more amiss the situation is!"

Liang Wanrong knew that Zhang Shun was a veteran in this area.

Since he said so, then it was definitely a sure thing.

Zhang Shun's voice had yet to fade when shadows loomed from inside the forest. Those figures that disappeared and reappeared again like smoke already utterly surrounded Ye Yuan's party.

Among them, there were faintly several powerful undulations. They were divine beasts without a doubt!

Zhang Shun's expression was incomparably ugly, and he said with a solemn look, "Second Miss, this seems to be ... a beast tide!"

Liang Wanrong's face changed. She had naturally heard the reputation of the beast tide before.

Demonic beasts that covered the hills and filled the plains surrounded them, making it hard for them to escape even with wings!

Liang Wanrong never thought that she would actually encounter this kind of thing.

Swoosh! Swoosh! Swoosh!

Hordes of wild beasts' roars echoed throughout the entire Myriad Beast Forest.

They were already completely surrounded by these demonic beasts!

Right at this time, Liang Wanrong suddenly walked towards Liang Wanru and said with a bitter smile, "Elder Sister, didn't expect that we fought for so much, but would actually perish in this place together!"

Liang Wanru froze, her eyes immediately revealing a gentle look.

A person's words were nice when near death, birds cry plaintively before they died too.

She did not expect that Liang Wanrong actually thoroughly saw the light at this time!

Liang Wanru smiled slightly and shook her head, indicating that she did not mind.

Liang Wanrong took Liang Wanru's hand and said with a sigh, "Elder Sister, in the past, it was all my fault. Don't hate me, okay?"

Liang Wanru nodded her head, a look of relief on her face.

Chiii ...

But right at this time, the sound of a blade being drawn sounded out.

"Hahaha ... demonic beasts are extremely sensitive towards fresh blood. My good elder sister, if you die, it can let this younger sister escape alive! We can also be considered deeply affectionate sisters!" Liang Wanrong said with a loud laugh.

Unrivaled Medicine God

Chapter 1294: You Guys Are Too Slow!

This blade was undeniably planned. One cut directly severed Liang Wanru's aorta. Blood immediately gushed out in torrents.

Even though these demonic beasts were Tier 9, they were like the Immortal Grove World's desolate beasts, savage and yet to become civilized.

Sensing the taste of blood, all of them indeed pounced over towards Liang Wanru crazily.

That instant just now, Ye Yuan almost believed it too!

Did not expect that this Liang Wanrong was actually as venomous as a viper, feeding her elder sister to the tiger's maws to let herself escape!

Liang Wanrong swept past, her figure already a thousand feet away.

"Zhang Shun, let's go!"

"Second Miss, this ..."

"What? Do you have the confidence to deal with this beast tide?"

Zhang Shun shook his head. This was a certain-death situation!

"Then what are you still waiting for? Doesn't my good elder sister like that gigolo? Becoming a pair with him and having the same fate, Elder Sister should be thanking me!" Liang Wanrong said with a sneer.

Zhang Shun gave a glance over there pitifully. he let out a sigh and led the group of guards break out of the encirclement.

Over there, Liang Wanru's and Ye Yuan's profiles could not be seen already, completely engulfed by the frenzied demonic beasts.

A hint of a smug smile flashed across the corners of Liang Wanrong's mouth. *Finally, that annoying woman die!*

Even though the majority of the demonic beasts were attracted by Liang Wanru, there were still quite a number of demonic beasts in the surroundings. It was not that easy for them to want to escape.

The group of guards fought desperately. In the blink of an eye, they broke out several miles away.

“Second Miss, it’s not right! Why do I feel like the demonic beasts are getting more and more, unable to kill them entirely!” Zhang Shun said with a solemn expression.

Liang Wanrong clearly also realized this problem, her expression becoming very ugly.

“It’s all that slut, couldn’t even delay for a moment! Really useless! Don’t be long-winded anymore! Hurry up and charge outside. Otherwise, none of us can escape!” Liang Wanrong said fiercely.

Everyone did not dare to dawdle, making a concerted effort to break through.

Zhang Shun indeed deserved to be a Grotto Profound Deity Realm powerhouse. Walking among these Tier 9 demonic beasts was akin to entering an unpopulated land unobstructed.

However, the demonic beasts’ numbers were seriously too many to kill finish!

“Roar!”

An enormous roar came over. Zhang Shun’s expression suddenly changed.

He could judge from this pressure that it was absolutely a divine beast!

An afterimage flashed past, Zhang Shun’s expression changed drastically and instinctively blocked it.

Boom!

The powerful Zhang Shun was directly knocked flying out, spewing out a mouthful of golden blood.

This was the special hallmark of Deity Realm powerhouses!

“It’s a Cloudsoul Sound Rending Leopard!” Zhang Shun cried out in shock.

A Cloudsoul Sound Rending Leopard could be said to be overlord-rank demonic beasts in the forest. Its figure was not large, but its speed was incomparably strange. It was practically two to three times of human martial artists in the same realm!

Once tangled with it, there was virtually no possibility of survival!

Hence, that was why Zhang Shun would be so shocked.

The other people’s faces all revealed looks of despair. With the Cloudsoul Sound Rending Leopard here, they virtually did not have the possibility of escaping.

Zhang Shun sucked in a deep breath. A hint of ferociousness flashed across his eyes, and he said, “You all protect Second Miss to break through! I’ll cover the rear and deal with this beast!”

This Cloudsoul Sound Rending Leopard’s strength was very formidable. Battling together with Zhang Shun, it firmly overpowered Zhang Shun.

The party retreated as they fought. The guards were either injured or dead.

This beast tide's scale was not considered large, but it was also not what a martial artist team of several dozen people could withstand.

After a great battle, Zhang Shun was overpowered by the Cloudsoul Sound Rending Leopard until he could not catch his breath. Very soon, he was covered all over with wounds.

The guard team was surrounded by large numbers of demonic beasts and already had no way out. The numbers were dwindling.

The originally close to a hundred people team was only left with over 20 people.

Just as everyone lost all hope, the group of demonic beasts suddenly stopped the attacks.

Even the Cloudsoul Sound Rending Leopard also stopped its attacks against Zhang Shun.

Zhang Shun's breathing was ragged, dark golden-colored bloodstains everywhere on his body.

Under everyone's protection, Liang Wanrong was slightly better than the rest. But it was also just a little better.

The current Liang Wanrong was dressed in tattered clothes. Quite a number of places were ripped apart by demonic beasts, just like a beggar.

Although the group of demonic beasts stopped the assault, they surrounded and did not attack, and did not have the intention of letting everyone go.

"Second Miss, are you alright?" Zhang Shun asked.

"I'm still alright. Zhang Shun, what's this situation?" Liang Wanrong said with a gloomy look.

Zhang Shun shook his head and said, "I don't know! The demonic beasts in a beast tide are all in a berserk state. Logically speaking, this kind of situation won't happen. Looking at these demonic beasts' appearance, a beast king might have appeared."

Zhang Shun was a veteran and made his own judgment on this situation.

It was just that this judgment made everyone despair.

A Cloudsoul Sound Rending Leopard was enough for them to choke on already. A beast king that even it had to steer clear of? What would it be like?

Liang Wanrong's face revealed a look of unwillingness. She did not imagine that that disappointing elder sister could not even delay for a while. What a good-for-nothing!

As for Ye Yuan, she thought even lesser of him.

Just a cripple, he would probably be torn to pieces by those demonic beasts instantly.

Boom!

Boom!

Boom!

...

The entire Myriad Beast Forest started quaking from these heavy footsteps.

These demonic beasts all trembled incessantly, lowering their proud heads.

A beast king passing through, myriad beasts prostrated in worship!

The faces of Zhang Shun and the rest became even more incredibly ugly. This commotion, there was definitely an even more powerful divine beast appearing!

A giant elephant approached from far away, entering everyone's line of sight.

Even that Cloudsoul Sound Rending Leopard also opened up a path, clearly incredibly wary of this giant elephant.

"It's a Devilheaven Giant Elephant! This Devilheaven Giant Elephant is a late-stage rank one divine beast!" Zhang Shun exclaimed.

That Cloudsoul Sound Rending Leopard was merely an initial-stage rank one divine beast.

A late-stage rank one demonic beast was sufficient to become the beast king among these demonic beasts already!

No wonder these demonic beasts all submitted in worship.

"Your Excellency, you look on that Devilheaven Giant Elephant's back, seems like there's somebody!" a subordinate suddenly said to Zhang Shun.

Zhang Shun was startled and could not help looking over at that elephant's back. Sure enough, he discovered two silhouettes.

It was just because of the angle, he could not see those two figures clearly.

But without a doubt, there were really people riding on the elephant's back!

This shock was by no means insignificant!

A late-stage rank one Devilheaven Giant Elephant's strength was incomparably fearsome.

Even in Jewelhill City, the martial artists capable of rivaling it were not many either.

But now, there was actually someone riding on its back!

Divine beasts and ordinary demonic beasts were different. Each one was incomparably noble.

Even if the martial artist's strength was stronger than them, it was also impossible to allow the other party to ride on its back!

Unless the martial artist's strength was powerful to a certain degree and subdued the Devilheaven Giant Elephant to become a mount.

Could it be that the strength of those two people on the elephant's back was actually so formidable?

Zhang Shun's face suddenly revealed a look of wild elation, and he said to Liang Wanrong, "Second Miss, perhaps we're not fated to die!"

Liang Wanrong was thrilled and immediately understood Zhang Shun's meaning. She shouted in the Devilheaven Giant Elephant's direction in a clear voice, "Seniors, this junior is the daughter of Jewelhill City's Liang Family. I, unfortunately, encountered this beast tide when passing through the Myriad Beast Forest. Hope that two seniors can take action to rescue us. The Liang Family will definitely thank the two seniors considerably!"

The Liang Family's influence in the Jewelhill City area was still very great. Liang Wanrong believed that the other party definitely heard of the Liang Family's great name before.

At this time, the Devilheaven Giant Elephant came close. A mocking voice came from on top of the elephant's back, "You guys are too slow. Why have you only walked this far?"

[Unrivaled Medicine God](#)

Chapter 1295: The Kind Wanru

Liang Wanrong, Zhang Shun, and the group of guards, their eyes became wide-saucers, staring at those two figures on the elephant's back in disbelief.

They even doubted it if they saw things wrongly or not!

The ones riding on the elephant's back were none other than precisely the Ye Yuan and Liang Wanru, whom they thought had long already perished in the beast tide.

Liang Wanrong was dumbfounded. She did not expect that the 'seniors' she begged were the two of them!

But how was this possible?

What they were riding was a late-stage rank one divine beast!

Two good-for-nothings actually subdued a divine beast?

"How can you guys ... How can ..."

Liang Wanrong muttered under her breath, still not believing the truth that she saw in front of her.

Not just her, Zhang Shun also had a look of bewilderment. The Devilheaven Giant Elephant was very violent. It could be said to kill on sight. It was actually subdued by the two of them.

Ye Yuan gave them a glance and said with a faint smile, "You guys carry on playing, we're just passing through and won't disturb you all."

Liang Wanrong was alarmed inwardly. Once Ye Yuan left, they would be dead for sure.

"Elder Sister, I'm your younger sister! Could it be that you're going to watch your own biological sister be killed by these demonic beasts and do nothing?" Liang Wanrong yelled.

Liang Wanrong was very smart. She knew that Ye Yuan would not save her, but Liang Wanru would!

Sure enough, Liang Wanru's lovely body trembled and used a pleading gaze to look at Ye Yuan.

That meaning was already very clear.

She hoped for Ye Yuan to save Liang Wanrong!

Ye Yuan sighed slightly. This girl was seriously too kind.

Even if Liang Wanrong treated her like that, she chose to tolerate it too.

However, Ye Yuan was not so kind-hearted.

This kind of viper-hearted woman, once he saved her, it might stir up some incidents in the future.

“*Heh*, using your own elder sister as bait to exchange for a chance for you to escape. Miss Wanrong, you’re really a good sister! Now, you want to exploit Miss Wanru’s kindness again?”

Liang Wanrong bit her lower lip tightly, tears welling up in her eyes. It was truly a sight that made people unable to help showing tender care.

“Sister, I was wrong! I really know that I was wrong! Just now, Wanrong was muddled for a moment too, that’s why I would do that kind of thing that’s worse than pigs or dogs! *Sniff, sniff ...*”

As she said, Liang Wanrong started sniveling. That appearance was delicate and touching.

Liang Wanru indeed softened her heart. She reached out her fair fingers and tugged the corners of Ye Yuan’s sleeves, the imploring look in her eyes even thicker.

Seeing this scene, Liang Wanrong secretly rejoiced.

This foolish elder sister was really a goody-two-shoes!

There was a chance!

Ye Yuan was silent and did not speak. Liang Wanru increased her strength again, tugging the corners of Ye Yuan’s sleeves. Tears were almost about to burst out.

Ye Yuan heaved a slight sigh and said, “Alright, I hope that you don’t regret it!”

Experiencing two lifetimes, Ye Yuan understood human nature too well.

Liang Wanrong, this kind of person, absolutely belonged to that incorrigible category.

Saving her today, not only would she not be grateful, she might even harbor resentment instead.

Seeing Ye Yuan relent, Liang Wanrong and the group of guards all revealed looks of wild ecstasy on their faces.

“Great! Thank you! Thank you, Brother-In-Law!”

Liang Wanrong blurted out, directly calling Ye Yuan as her brother-in-law.

Ye Yuan sneered coldly in his heart. Liang Wanrong’s performance was too clumsy in his eyes.

Want to act, also got to act more realistically. Cover up that hint of killing intent in your eyes, alright?

However, Liang Wanru blushed heavily and waved her hands repeatedly.

The two of them were sitting on the elephant's back currently, one in front, one at the back. Although Ye Yuan was very proper, it was indeed somewhat ambiguous.

Ye Yuan said coolly, "Guys, make way!"

Under Ye Yuan's order, those demonic beasts indeed clamored to open up a path.

Seeing this scene, Zhang Shun's eyes popped out!

He thought that these demonic beasts were afraid of the Devilheaven Giant Elephant. Looking at it now, they were actually afraid of Ye Yuan!

Ye Yuan was merely a cripple whose divine sea was crippled. How could he possibly make these demonic beasts fear him like so?

On what basis?

More importantly, among these demonic beasts, there was even the Cloudsoul Sound Rending Leopard and Devilheaven Giant Elephant, this kind of divine beasts!

How could Zhang Shun know that even though Ye Yuan's cultivation was completely wasted, the dragon race aura on his body was still there?

Dustless had said that the dragon race was an extremely noble divine beast bloodline even in the Heavenspan World too.

After Ye Yuan broke through to Deity Realm, his bloodline already evolved to divine rank.

How could these demonic beasts in the Myriad Beast Forest dare to be unbridled in front of him?

A mere beast tide was nothing to fear to Ye Yuan at all.

Yet, Liang Wanrong fancied herself smart and played out a disgusting scene, completely exposing her nature.

Zhang Shun stared at Ye Yuan, his gaze full of fear.

This man that came out of God knows where seemed to be very extraordinary!

He felt more and more that Ye Yuan was an enigmatic existence.

Clearly could not even condense divine essence, but his means emerged in endless streams.

To be able to make the demonic beasts in the beast tide afraid to such an extent, even Heaven Glimpse Deity Realm powerhouses could not do it too!

"Zhang Shun thanks Brother Ye for your life-saving grace on behalf of my brothers! Where I've offended previously, I hope that Brother Ye is magnanimous enough to forgive!" Zhang Shun bowed toward Ye Yuan and said with a salute.

Ye Yuan said indifferently, "Want to thank, thank Miss Wanru. With my temper, I absolutely won't save you all."

Zhang Shun could not help choking up. He did not think that Ye Yuan was so apathetic about giving face.

But at this time, it was also not up to him to not be unhappy. Hence, he gave thanks to Liang Wanru again.

Ye Yuan and Liang Wanru, the two of them, rode the Devilheaven Giant Elephant and passed right through the Myriad Beast Forest before putting it back.

Along the way, it was awe-inspiring.

Liang Wanrong could not even straighten her legs when riding in front of the Devilheaven Giant Elephant. She could only drag her injured body and walk together with the group of guards.

Along the way, she was also much more obedient and did not dare to be as arrogant and bossy as before.

When the Devilheaven Giant Elephant left, it even raised its trunk, like it was paying tribute to Ye Yuan.

Seeing this scene, the group of guards could not help clicking their tongues in wonder.

This scene, they had never seen before yet.

These few days, Ye Yuan already completely absorbed the medicinal strength of the Profound Essence Pill. But due to him being too heavily injured this time, his fleshy body only recovered 40-50%.

Traveling several more days, this party finally arrived at Jewelhill City!

Zhang Shun clasped his hands at Ye Yuan and said, "Brother Ye, this place is Jewelhill City already. I wonder what your plans are?"

Ye Yuan gave Liang Wanru a glance and said, "Miss Wanru's life-saving grace, this Ye hasn't repaid yet. How about I go to the Liang Family together with you all, may I?"

Ye Yuan originally planned on parting ways with this group of people after coming to Jewelhill City.

As for Liang Wanru's life-saving grace, he would naturally repay it in the future.

But now, he could not quite feel reassured about Liang Wanru. He could only enter the Liang Family together with her.

Actually, Zhang Shun hoped for Ye Yuan to leave. He was very apprehensive towards Ye Yuan right now. Furthermore, along the way, the things that Ye Yuan saw were too many. It might be detrimental to the second miss.

But Ye Yuan wanting to enter the Liang Family, he really did not have a reason to refuse.

With Miss Wanru around, it was also useless if he rejected it.

When Liang Wanru saw Ye Yuan say so, her eyes revealed a look of pleasant surprise.

"Hurray, hurray! For Brother-In-Law to be able to enter the Liang Family, it's really excellent! As the younger sister, I'll definitely repay your life-saving grace properly!" But Liang Wanrong agreed with a cheerful expression.

Zhang Shun glanced at her and sighed helplessly.

This little lass, does she really think that Ye Yuan is so easy to deal with?

Him entering the Liang Family, whether it was catching a turtle in a jar, or inviting a wolf into the house, it was really hard to say!

Unrivaled Medicine God

Chapter 1296: Husband and Wife Devising a Stratagem

“Little Brother Ye, all thanks to you for this trip! Otherwise, this Liang really wouldn’t know how to face my two daughters anymore.”

“Family Head is too kind, this Ye just knows some beast taming arts, and just happened to come in handy during the beast tide. Want to really thank, it should also be this Ye saying it. If not for Miss Wanru, this Ye would already be a corpse exhibited in the wilderness right now.”

“*Haha*, Little Brother Ye is too humble! Since Little Brother Ye has nowhere to stay, then stay in the Liang Family first. When Little Brother Ye finds a place to stay, it’s not late to move out then as well.”

“Then I’ll have to impose on Family Head.”

Liang Mingyu was evidently a sly old businessman at a glance, very worldly-wise.

But his strength was not weak. He was a middle-stage Grotto Profound Deity Realm powerhouse.

These words sounded courteous, but it gave Ye Yuan a faint sense of alienation.

Even though Ye Yuan saved Liang Wanru and sister, Liang Wanru also saved Ye Yuan and even gave Ye Yuan to eat the Profound Essence Pill.

After listening to Zhang Shun’s report until the end, Liang Mingyu could not help feeling pain.

In Jewelhill City, the Profound Essence Pill was a life-saving medicinal pill.

He also knew that he owed Liang Wanru quite a lot these few years. Hence, that was why he left this medicinal pill to her for preserving her life.

He did not expect that his daughter actually gave it to a stranger.

But speaking of which, if not for this daughter being kind-hearted, saving an inconsequential Ye Yuan, she would probably have already perished in the belly of demonic beasts at this time too.

This was also considered kindness begets kindness!

But, toward this Ye Yuan whose background was unknown, Liang Mingyu held a little caution.

He doted on his eldest daughter very much and could not bear to make her upset, that was why he agreed for Ye Yuan to stay.

Later on, finding a reason, he was planning on chasing Ye Yuan out of the Liang Family. He did not wish to raise a cripple at home.

Actually, the intent of chasing away was already very clear in his words. He hoped that Ye Yuan could be a bit sensible and take the initiative to leave himself.

He did not expect that Ye Yuan actually pretended not to understand and climbed up along the shaft, lingering in the Liang Family.

Ling Mingyu was unhappy in his heart, but he naturally would not show it on the surface.

With his means, wanting to chase a cripple out of the Liang Family was too easy.

...

In a room, Liang Wanrong had watery eyes, lodging a complaint in front of a fat-headed and large-eared woman.

This fat lady was precisely her mother, called Wang Pianran.

It was just that this woman was completely mismatched with the 'Pianran' two words, giving people an extremely disgusting feeling¹.

For this kind of woman to be able to give birth to a beauty like Liang Wanrong, it was also all thanks to Liang Mingyu.

But in the Liang Family, Liang Mingyu really did not dare to offend this female bigshot.

Back then, the Liang Family fell into a crisis and was almost destroyed.

It was all thanks to Wang Pianran marrying over, the Liang Family and Wang Family joining in marriage, that they survived the crisis.

Wang Pianran considered herself to be the savior and was very domineering in the Liang Family.

"Mom, you aren't aware. That punk knows how to cast evil arts and cheated this daughter bitterly! I suspect that the beast tide this time was summoned by him originally. He definitely took fancy on Liang Wanru, that slut's looks, and deliberately tried to ingratiate himself to her! Fortunately, Daughter was astute, otherwise ... otherwise ... Mother, you probably can't see Rong-er anymore! *Sniff, sniff ...*"

Liang Wanrong pounced into her mother's embrace, crying her eyes out.

She gave embellishment to the events during the trip for Wang Pianran to hear.

Wang Pianran doted on this daughter like crazy in the first place. Even if she did not add colored details, she also would not be courteous towards Liang Wanru and Ye Yuan.

Seeing her daughter cry so mournfully, she was even more livid with rage, the flesh on her face piling together.

"Rong-er, you rest assured. Mother will definitely seek justice for you! It's fine if that brat was a little sensible and leaves, but since he came to the Liang Family, then he only has one path to hell! Also, that slut, looks like Mother was still too lenient towards her normally. This time, I have to make her remember it well!"

A cold light shone in Wang Pianran's gaze, and she shouted, "Come, men!"

A maidservant entered flusteredly and greeted with folded hands at the lower right side, saying: "Madam!"

“Call Liang Mingyu over for me, at once! Immediately!” Wang Pianran said sternly.

“Yes, Madam!” The maidservant was clearly very scared of this fatty, hurriedly scrambling away.

...

“Liang Mingyu, let me tell you, that brat who’s surnamed Ye must die! Otherwise, I’ll bring Rong-er back to the Wang Family tomorrow!” Wang Pianran said fiercely.

Liang Mingyu felt his head swell, fed up with this woman to the extreme.

Back then, he was left with no other choice that he married this fat and ugly woman.

Although he made it through the hurdle, it was also considered to have invited a wolf into the house.

This woman was just like a mad dog, aggressive and overbearing, taking herself to be the Liang Family’s matron, wanting to stick a hand into everything.

It was also precisely because of so that Liang Mingyu missed his former wife, Liang Wanru’s mother, even more.

Similarly, a woman, but why was the difference so great?

But even so, he could only swallow his grievances and said with difficulty, “This ... This isn’t too nice, right? After all, Ye Yuan saved our two daughters. If he dies in the Liang Family for unknown reasons, who would still dare to do business with our Liang Family in the future?”

Wang Pianran’s expression turned cold, and she said, “Liang Mingyu, don’t give me that! As long as you make him die unbeknown to gods and ghosts, who would know that there was this matter? Just a cripple, would somebody be concerned that this world lost a cripple? *Heh*, saved our two daughters? Perhaps, that beast tide was summoned by him in the first place?”

Liang Mingyu’s eyes narrowed. He really had not thought of this possibility before.

When Wang Pianran saw this, she suddenly changed her tone and said, “Liang Mingyu, that punk’s beast taming abilities are extraordinary! As long as you can pry open his mouth ...”

Wang Pianran had a sinister look, her face very proud of herself.

Even though she had a large head and big ears, she was not stupid.

In reality, Wang Pianran’s deviousness was much deeper than Liang Wanrong.

Otherwise, on what basis could she suppress the head of a family, Liang Mingyu?

When Liang Wanrong spoke of Ye Yuan’s beast taming ability, she had the idea already.

Ye Yuan, a cripple, was actually able to control a late-stage rank one Devilheaven Giant Elephant.

If this kind of method was obtained by the Liang Family, then the Liang Family would be able to become Jewelhill City’s number one great family in one leap!

There were quite a number of divine beasts inside the Myriad Beast Forest. Randomly catching a few over, this combat strength could not be overlooked too.

Liang Mingyu's entire body trembled. The greedy look in his eyes could not be concealed anymore.

"*Heh heh*, wifey is truly my better half! Ever since marrying wifey, my, Liang Mingyu's development these few years, has become smoother and smoother! Now, there are even hopes of becoming Jewelhill City's number one family!" Liang Mingyu said with an excited look.

Ye Yuan's life and death, he did not care. What he minded were just Liang Wanru's thoughts.

But now, Wang Pianran's words completely roused the ambition in his heart.

Beast taming arts capable of controlling a late-stage rank one divine beast, how could it not make people drool with envy?

Compared to Jewelhill City's number one family, what did Ye Yuan's little life count as?

Wang Pianran said proudly, "That is, of course! I know that you still miss that dead ghost these few years, but you also didn't think it over properly. If there wasn't me, Wang Pianran, how can you have the time to contrast past misery with present happiness?"

Unrivalled Medicine God

Chapter 1297: One Star Heavenly Mark Pill!

Ye Yuan was completely unaware that the Liang Family already viewed him as a fat lamb, planning on assassinating him.

What he had a headache over currently was how to repair his divine essence and let himself recover essence energy.

Divine sea damaged, essence energy utterly lost; Ye Yuan was unable to refine pills at all.

Unable to refine pills, his divine sea would be unable to recover.

This was an endless loop, making his head swell.

Of course, Ye Yuan could be said to be a complete layman towards medicinal pills right now.

The him who triggered Heavenly Dao with Alchemy Dao was a complete and utter layman here.

The current Ye Yuan was sitting in the dark!

"Senior Dustless, I wonder if you have any ways to resolve my current predicament?"

Ye Yuan was helpless and could only turn to Dustless for help.

After all, Dustless followed Heavenly Empyrean Immortal Grove and traversed the Heavenspan World unobstructed. The things that he knew were far more compared to him.

Dustless said huffily, "Know to ask this old man for help now? Back then, I told you not to flaunt your superiority. Now, suffered the fruits of your own evil deeds, right?"

Ye Yuan chuckled, smiled slightly, and said nothing.

Dustless' punch landing on cotton, he could not help billowing his beard and glared as he said, "Kid, not that I'm scaring you, but your current condition is basically considered crippled already. Not that there's no method, but for you to want to repair the divine sea, it at least has to wait a hundred years too."

But Ye Yuan's eyes lit up and said, "It's good that there's a way. What does a hundred year's time count for?"

Dustless said with a cold smile, "Heh, a hundred years is certainly nothing to you. But that little friend of yours can't wait a hundred years!"

Ye Yuan's expression instantly became ugly, and he said, "Senior, what do you mean? Could it be that the Soul Suppressing Pearl can't even maintain Lingxue's spiritual consciousness for a hundred years' time?"

Dustless was also helpless as he said, "If I'm at my heyday, forget about 100 years, even a million years isn't an issue either. But my current state, I can at most last for another ten years, and I'll fall into a slumber again."

Ye Yuan's heart thumped, not expecting that Dustless's condition was actually bad to such an extent.

He drew a deep breath and said, "Senior, I wonder how can I let you recover strength?"

Dustless sighed and said, "The three great empyrean spirit treasures are connected by blood with Heavenly Empyrean Immortal Grove. Upon Immortal Grove's death, the three great empyrean spirit treasures will suffer severe damage. Hence, that's why this old man fell asleep. Although you let this old man wake up, if you can't provide sufficient nourishment for this old man, this old man will still decline, all the way until I fall asleep. Originally, absorbing the Deathsoul Tree, it's also not to the point of falling asleep so quickly. But sustaining the vitality of that little friend of yours needs to consume quite a bit of strength. In my current state, I can at most still last for ten years!"

Only then did Ye Yuan know how serious the state of affairs were.

Once Dustless fell asleep, he would not be able to maintain Mu Lingxue's spiritual consciousness, and she would die.

Want to let the Soul Suppressing Pearl keep on sustaining, that will require an endless supply of nourishment!

But in his current condition, where would he go to provide nourishment?

Everything had to wait for him to recover his strength before talking.

A ten-year period was merely a snap of a finger in the Heavenspan World. One could not even raise their cultivation by a trace.

This point, Ye Yuan had known long ago.

The cultivation of the martial artists here was easily calculated with 100 thousand years.

Deity Realm powerhouses were merely the Heavenspan World's ants too.

Only by cultivating to the Divine Lord Realm could it be considered to have minor accomplishment.

Ye Yuan sucked in a deep breath and opened his mouth to say, “Senior Dustless, what’s the method that you speak of just now?”

At this very moment, Ye Yuan himself was already at the ends of his rope, and could only place hopes on completing the method that Dustless mentioned as soon as possible.

Dustless being so unhappy was also because of this reason.

He had a way, but for the current Ye Yuan to want to complete this method, that was virtually something impossible!

He gave a drawn-out sigh and said, “In the Heavenspan World, there’s a kind of pill refining method called Formation Dao Pill Refinement! Right now, your divine essence is completely gone. Only with this channel, can you refine medicinal pills. With your divine sea’s degree of damage, a low-grade Tier 1 divine pill, One Star Heavenly Mark Pill, is sufficient already. It’s just too bad that both your essence energy realm and Alchemy Dao already broke through to Deity Realm, but your Formation Dao didn’t! Moreover, you’re completely clueless about divine pills. The refining difficulty of divine pills is completely not what mortal-grade medicinal pills can compare to! Forget about 10 years, even if I give you a hundred year’s time, you might not be able to refine a One Star Heavenly Mark Pill too!”

The mystic grade medicinal pill that had once let Ye Yuan command the winds and clouds in the Immortal Grove World, it merely became the mortal-grade medicinal pills from Dustless’ mouth presently.

It was not that Dustless looked down on Ye Yuan. In fact, he already regarded Ye Yuan very highly.

How could Heavenly Empyrean Immortal Grove’s pill formulas be so easy to refine?

If ordinary alchemists were able to refine, Dustless would not be so desperate too.

This Jewelhill City had alchemists who could refine the Profound Essence Pill. Worst come to worst, hand the pill formula over to the other party, it could always succeed.

But the problem was, this One Star Heavenly Mark Pill, ordinary alchemists could not refine it at all.

The Profound Essence Pill was not even fit to carry shoes in front of the One Star Heavenly Mark Pill!”

The Profound Essence Pill, as long as one’s realm reached, refining was not hard.

Although a One Star Heavenly Mark Pill was a low-grade Tier 1 divine pill, it required profound understanding towards Alchemy Dao to be able to refine it.

Skill being lacking, it was pointless no matter how high the realm.

Ye Yuan mused for a moment and said with a solemn expression, “Senior, for the average person to become an initial-rank One Star Alchemy God, how long does it normally take?”

The Alchemy God Realm was divided into nine stars. The Profound Essence Pill and One Star Heavenly Mark Pill both belonged to Tier 1 divine pills. One Star Alchemy God could refine already.

Of course, one was an initial-rank Alchemy God, while the other was a high-rank Alchemy God.

Dustless said, "The Alchemy Dao that you understood is merely just a portion of the Heavenly Dao which Immortal Grove comprehended! You were able to trigger the Immortal Grove Heavenly Dao. But in front of the Heavenspan World's Heavenly Dao, it's not worth mentioning at all! In the Heavenspan World, Alchemy Dao is even more extensive and profound! For ordinary people, even if their Alchemy Dao talent is exceedingly good, it requires a thousand years' time too, before they can have a preliminary grasp of the medicinal pill's refinement, and become a One Star Alchemy God! Hence, in the Heavenspan World, the status of alchemy gods are even higher than in the Immortal Grove World!"

Ye Yuan drew a cold breath when he heard that. Only now, did he know how precious that Profound Essence Pill was!

Ye Yuan merely used 300 years' time to cultivate to peak Alchemy Emperor back then.

Now, wanting to cultivate to initial-rank One Star Alchemy God actually required a thousand years' time!

Furthermore, this was even just the most elementary level initial-rank One Star Alchemy God.

Refining a One Star Heavenly Mark Pill, an ordinary initial-rank One Star Alchemy God definitely would not do.

Even though Dustless did not say, Ye Yuan reckoned that wanting to reach the level of being able to refine a One Star Heavenly Mark Pill, it probably needed at least over 2000 years' time too!

Coming back to his sense from shock, Ye Yuan asked, "Since that's the case, why does Senior say that this junior requires a hundred years' time?"

Dustless said, "Of course it's because of the World Suppressing Stele! You broke through to Deity Realm, you can activate some of the World Suppressing Stele's functions already. And apart from inscribing the Immortal Grove Heavenly Dao, the World Suppressing Stele's greatest use is being able to change the flow rate of time!"

Ye Yuan's gaze sharpened. This function, he had already coveted it for a long time.

He did not expect that he could actually use it already!

[Unrivaled Medicine God](#)

Chapter 1298: A Man Without Money Is No Man at All

"Hey, don't be happy too early! The World Suppressing Stele can only activate the first layer space right now. The time ratio is only one-to-ten. Your talent is indeed pretty good, but the Heavenspan World's talents are way stronger! Immortal Grove was one of them! Even for him, reaching this step took a thousand years too! Even if your talent is greater than his, 800 years is already the limit too. Which is also to say that you only have 80 year's time. These 80 years, you still have to divert attention and learn Formation Dao. 10 years, it's absolutely impossible for you to succeed!" Dustless struck down without showing the slightest bit of mercy.

In this world, how many dared to say that their talent was even greater than Heavenly Emphyrean Immortal Grove?

That was an existence closest to Heavenly Emperor!

While Ye Yuan was just a native of the Immortal Grove World, with innate deficiencies.

Wanting to surpass Heavenly Empyrean Immortal Grove, that was nigh impossible.

Dustless' estimations were already regarding Ye Yuan infinitely highly!

80 years was the limit that Ye Yuan could reach already.

This was already an achievement that surpassed Heavenly Empyrean Immortal Grove.

But Ye Yuan could not wait 80 years. He only had 10 years' time!

And within 10 years, it was absolutely impossible for Ye Yuan to succeed!

However, Ye Yuan completely did not have the look of being beaten down on his face. He smiled and said, "Not trying, how would you know?"

To Ye Yuan, the most frightening was not difficulties but having completely no way.

As long as there was a way, he could face the difficulties and advance!

Wasn't this road crossed this way?

Even the Deity Realm, which no one had achieved in 100 thousand years, he succeeded too!

Nothing in the world was difficult for one who set his mind to it!

If Ye Yuan was scared from beginning to end, it would also be impossible to trigger Heavenly Dao and become the controller.

Talent was one aspect, but determination and hard work were just as important!

Dustless did not think that Ye Yuan was actually not the least bit dispirited.

On the contrary, the current Ye Yuan's gaze was sharp, filled with fighting intent from head to toe.

Dustless discovered that his understanding of Ye Yuan seemed to be too little.

If Long Teng was here, he absolutely would not say this kind of words.

Dustless let out a sigh and said, "Fine then. At this point presently, it seems like there's no other way as well."

Although he said so, Dustless did not harbor much hope in Ye Yuan.

Reaching initial-rank One Star Alchemy God within 10 years, this was indeed pushing people a little too much beyond their power.

"But, the first difficulty put in front of you right now isn't Alchemy Dao and Formation Dao, but ... divine essence stones," Dustless continued.

Ye Yuan froze, also discovering the severity of the problem.

He had Dustless mentioned that the Heavenspan World's universal currency was divine essence stones.

Furthermore, divine essence stones were not that anybody could have. On mortals, under ordinary circumstances, it was impossible to have divine essence stones.

Martial artists cultivating, deducing Formation Dao, all could not dispense with divine essence stones.

But now, Ye Yuan was penniless. Even if he wanted to cultivate Formation Dao, there was also no way to start practicing.

When at the Immortal Grove World, Ye Yuan's Alchemy Dao reached the acme of perfection. Casually refining a few medicinal pills could exchange for money.

Therefore, he had never worried about money before.

But now, he could only even refine the most basic Tier 1 divine pill, use what to exchange for money?

Don't count on the Liang Family, it was already pretty good that Liang Mingyu did not drive him out.

Ye Yuan suddenly discovered that it was truly a penny stumping a hero!

"This ... This is really a problem!" Ye Yuan said with a bitter smile.

"En?"

Ye Yuan's brows furrowed. A knocking sound suddenly sounded out outside the door.

Opening the door to take a look, it was an unfamiliar little girl. Looking at the appearance, it should be a maidservant.

That maidservant was also sizing Ye Yuan up and said doubtfully, "You're Ye Yuan?"

When Ye Yuan heard this tone, it seemed like the arrival was somewhat unfriendly.

"It's precisely this Ye, may I ask for Miss's name?"

"I'm called Lan Qing, Miss Wanru's personal maidservant."

Ye Yuan brows raised and he said, "So, it's Miss Lan Qing. Is Miss Wanru well?"

Lan Qing looked at Ye Yuan and rolled her eyes as she said, "Well my *ss! Miss has been grounded!"

Ye Yuan frowned and asked, "What's going on here?"

"What's going on? You still have the cheek to ask! It's all because of you that Miss was grounded by that shrew! Furthermore, she even docked her three years of divine essence stones!" Talking to the back, Lan Qing suppressed her voice and said.

That shrew was an existence which she could not provoke.

If it was heard by someone, she was dead for sure.

Ye Yuan reckoned that the Liang Family probably did this in order to stop him from meeting her, that was why it was like this.

He only came to the Liang Family in order to protect Liang Wanru. But he suddenly discovered that he seemed to be a little too weak and could not help at all.

Musing for a moment, Ye Yuan opened his mouth again and said: "Could it be that Miss Lan Qing came to find this Ye in order to denounce me for my crimes?"

Lan Qing had already long seen through that Ye Yuan was merely a good-for-nothing who could not cultivate. She did not understand why Miss was so worried about him.

She snorted coldly and unwillingly threw Ye Yuan a storage ring, finally muttering to herself, "I really don't know what Miss thinks, clearly a cripple."

As she said, she turned right around and left, and could not be bothered to even give Ye Yuan another look.

Ye Yuan just smiled and did not mind.

He could tell that this Lan Qing was standing up for Liang Wanru, feeling indignant on her behalf.

Furthermore, she did not say wrongly either, wasn't the current him a cripple?

The storage ring was an owner-less item. Ye Yuan sunk his divine sense inside and discovered that inside the storage ring, there were a hundred milky-white stones.

"This lass is really delivering charcoal in the snow, to actually send you divine essence stone!" Dustless said in surprise.

Ye Yuan was stunned and said in surprise, "These are divine essence stone? Such thick spiritual energy!"

Ye Yuan had never seen before divine essence stones. Only when he heard Dustless' gasp, did he know that these milky-white stones were divine essence stones.

Divine essence stones were completely different from essence crystals. When martial artists absorbed the energy inside, they could directly convert it into divine essence.

Deity Realm martial artists' cultivation could not get away from divine essence stones.

The Heavenspan World's heaven and earth essence energy was not called essence energy but called spiritual energy.

The energy concentration of spiritual energy was more than goodness knows how many times higher than essence energy, completely another level of energy.

And divine essence stones would only be produced in regions with an extremely high concentration of spiritual energy.

"Unfortunately, these are merely low-grade divine essence stones. Furthermore, the quantity is too little, completely not enough for you to cultivate," Dustless said.

But Ye Yuan said rather happily, "Having is better than nothing! Senior, this matter brooks no delay, where do we start from?"

Dustless also knew that time was pressing and did not hesitate at once, saying, "Start from the Divine Essence Pill then, this is the most basic divine pill already! Extract and refine the divine essence inside

spirit medicines, condensing to form a pill, and providing for martial artists to cultivate. This is the pill formula, you go and buy some spirit medicines back first.”

Ye Yuan had an additional pill formula in his mind. The spirit medicines that this pill formula needed were not many, looking very simple.

Ye Yuan knew that this Divine Essence Pill should be similar to mortal-grade medicinal pills, the likes of the Essence Gathering Pill and Explosive Yuan Pill.

Of course, this was completely the medicinal pills of two worlds.

Ye Yuan already made up his mind to definitely comprehend the Divine Essence Pill within the shortest time.

As long as he could refine the Divine Essence Pill, he would be able to rely on selling medicinal pills for a living.

Chapter 1299: Myriad Treasure Tower

“Forget about the Liang Family. Senior, where do we go to buy spirit medicines?” Ye Yuan said.

Dustless said, “Go to the Myriad Treasure Tower then! The word-of-mouth of the Myriad Treasure Tower under Empyrean Myriad Treasure is still very secure. When Heavenly Empyrean Immortal Grove was alive, he liked to go to the Myriad Treasure Tower to buy things too.”

Ye Yuan nodded his head. Even Heavenly Empyrean Immortal Grove acknowledged it, so he naturally would not have any objections.

Getting his things in order, Ye Yuan went straight out of the Liang Family.

Inquiring, Ye Yuan headed for the Myriad Treasure Tower. Dustless’s voice sounded out in Ye Yuan’s mind.

“Kid, there’s a tail following. It’s that Zhang Shun.”

Ye Yuan was alarmed inwardly, but his expression did not change. He continued walking forward.

The Heavenspan World was totally different from the Immortal Grove World. Ye Yuan’s divine sense could only extend roughly the distance of a hundred feet here.

Furthermore, the Heavenly Dao’s suppression toward martial artists here was exceptionally powerful.

Under Divine Lord Realm, martial artists were unable to fly!

Hence, Ye Yuan’s perception was far from as sensitive as at the Immortal Grove World.

Fortunately, Dustless was incomparably powerful. At practically the first instant, he detected Zhang Shun’s existence.

Zhang Shun was probably up to no good chasing after him.

“Looks like Liang Mingyu had some devious ideas,” Ye Yuan replied.

“En, most likely took a fancy on that so-called beast taming technique of yours,” Dustless said.

“I can’t return to the Liang Family anymore. What should I do?” Ye Yuan asked.

“No worries. You have divine essence stones on you, can go to the Myriad Treasure Tower and rent a cultivation room, and focus on figuring out Formation Dao and Alchemy Dao. However, this will have to depend on your comprehension ability. If you’re still not able to refine divine essence pills before the divine essence stones are depleted, this little life of yours ... will probably be hard to preserve,” Dustless said.

Ye Yuan’s brows shot up, but he said with high morale, “*Heh*, this is considered driving me into a dead end? Looks like there’s only going for broke.”

Ye Yuan was a cripple now. What could move Liang Mingyu was probably just that non-existent beast taming technique. This was not hard to guess.

Luckily, he came out in time. Any later and he probably would not even be able to leave the Liang Family’s gate.

Ye Yuan hastened his footsteps and arrived at the Myriad Treasure Tower very soon.

“*Hiss*, what a grand Myriad Treasure Tower!”

In front of him was a magnificent and imposing building.

Carved balustrades and marble steps, richly decorated jade halls, a grand atmosphere, but completely did not have the air of an upstart.

“*Heh*, Empyrean Myriad Treasure corroborated his Dao with artifacts, and is the wealthiest heavenly emperor in this Heavenspan World! Even in this remote Jewelhill City, the Myriad Treasure Tower also isn’t what the Liang Family, that sort of bumpkin, can rival,” Dustless said.

Ye Yuan felt a burst of yearning when he heard this. But he recollected his mind very quickly and stepped into the Myriad Treasure Tower.

“This sir, our Myriad Treasure Tower has everything under the sun. I wonder, what do you require?” A pretty maidservant came up to receive him.

She was called Hong Yin, specifically responsible for guiding customers to shop.

Seeing Hong Yin, Ye Yuan’s gaze involuntarily turned sharp.

A little maidservant was actually a Deity Realm powerhouse!

This Myriad Treasure Tower was indeed extraordinary!

Furthermore, this Hong Yin should be able to see through him at a glance. Although there was some disdain in her eyes, it was concealed very well. One could not even hear a trace of impatience in her words.

Indeed well-deserving of being a faction under a Heavenly Emperor’s command!

“I need five catties of Divine Rain Silk, eight catties of Goldenwind Immortal Grass, six catties of Heavenly Silk Crystal ...”

Ye Yuan listed out five to six kinds of divine rank spirit medicines in one go. Although these spirit medicines were divine rank spirit medicines, they were all entry-level.

Hong Yin could not help being stunned when she heard these but felt at ease very soon.

These spirit medicines were all beginner alchemists' spirit medicines. They were normally used for newcomers to get started.

This youth in front of her did not have the slightest trace of divine essence undulations, he was probably a cripple. He should be a servant of some alchemy god master, running errands for him.

“Alright, Sir. I'll send someone to fetch it at once. Is there still anything else you need?” Hong Yin asked again.

Ye Yuan continued, “I wish to rent a training room.”

Hong Yin froze, buying so many spirit medicines and entering a training room for what?

Could it be that he did not need to deliver it back for his master?

How could a servant be so daring?

Suspicious were suspicions, Hong Yin still smiled radiantly and said, “Our Myriad Treasure Tower's training rooms are divided into Heaven, Earth, Mystic, Yellow, four ranks. Heaven Rank training rooms are 1000 pieces of low-grade divine essence stones for a day. Earth Rank training rooms are 500 low-grade divine essence stones for a day. Mystic Rank training rooms are 100 low-grade divine essence stones a day. Yellow Rank training rooms are 10 pieces of low-grade divine essence stones a day.”

Ye Yuan's face could not help turning stiff.

So expensive!

He originally planned on renting 10 days. A hundred low-grade divine essence stones were gone all at once, while the divine essence stones that Liang Wanru gave him were merely 135 pieces in total.

Subtracting away the costs of buying spirit medicines, what could he cultivate still?

Ye Yuan knew that the purchasing power of divine essence stones was still quite okay.

But the cultivation rooms in the Myriad Treasure Tower were truly too expensive as well.

“This ... Is there a cheaper cultivation room?” Ye Yuan thickened his skin and asked.

Ye Yuan smiled bitterly in his heart for a while. He did not expect that he would actually have a day where he was so miserable too.

Fortunately, before he came to the Heavenspan World, he already had sufficient mental preparations, and it was not to the extent of having a huge psychological drop. It was just somewhat sighing emotionally.

Hong Yin felt a bout of contempt in her heart. No money, put on an act for what?

Contempt was contempt, but Hong Yin was a very professional maidservant. She smiled faintly to Ye Yuan and said, "Of course. We still have ungraded cultivation rooms here, it only requires four pieces of low-grade divine essence stones a day. But, these ungraded cultivation rooms, the effects are much poorer, the cost to performance ratio isn't high. Does sir really want to rent it?"

Ye Yuan's eyes lit up. He only asked tentatively, did not expect that there really was.

He was only renting the cultivation room in order to refine pills. Good or bad did not matter.

Right now, he did not have the qualifications to cultivate at all.

"Alright, I'll rent for 10 days! You have someone directly deliver the spirit medicines to the cultivation room!" Ye Yuan said straightforwardly.

Hong Yin did not expect that Ye Yuan really rented it.

She was very perplexed by Ye Yuan's actions. Could it be that this young man who did not even have divine essence actually wanted to refine pills himself?

You have got to be kidding!

The professional Hong Yin smiled faintly again and said, "Okay, Sir. Adding the spirit medicines that you bought previously, it's 68 pieces of low-grade divine essence stones in total. Please pay the bill first."

Ye Yuan felt his flesh hurt, retrieving 68 pieces of divine essence stones from within the storage ring and paid the bill.

With this, inside his storage ring was only left with 67 pieces of divine essence stones.

If he was unable to use these 67 pieces of divine essence stones to refine a Divine Essence Pill, then what awaited him shall be death!

Right now, Ye Yuan already had no paths of retreat!

"Oh, right, if I can refine Divine Essence Pills, will your Myriad Treasure Tower accept it?" Ye Yuan suddenly opened his mouth and asked.

Hong Yin was stunned. This was still her first time encountering such a person!

Buying spirit medicines at the Myriad Treasure Tower, he actually wanted to refine into medicinal pills and sell to the Myriad Treasure Tower!

But she already confirmed one thing. This young man renting a practice room was really to refine pills himself!

However, a youth who did not even have divine essence, what right did he ... no, wait, Formation Dao Pill Refinement!

Hong Yin's entire body suddenly trembled, thinking of a kind of possibility.

But how was this possible?

Formation Dao Pill Refinement, in this Jewelhill City, there should be no one able to do it, right?

Unrivaled Medicine God

Chapter 1300: Medicinal Properties of Divine Rank Spirit Medicines

“Divine pills are naturally accepted. But it will have to depend on what grade of Divine Essence Pill you refine. Our Myriad Treasure Tower guarantees quality. Divine Essence Pills lower than middle-grade, we won’t accept any.”

Hong Yin was shocked inwardly but was still calm on the surface.

Furthermore, she was very puzzled. This youth seemed to be very short on money.

But, if he really knew Formation Dao Pill Refinement, how could he possibly be poor until he could not even afford to rent a Yellow Rank cultivation room?

But Ye Yuan did not mind Hong Yin’s words. He asked, “I wonder what’s your acquisition price?”

Hong Yin was not impatient and replied, “Middle-grade Divine Essence Pill, 25 pieces of low-grade divine essence stones. High-grade Divine Essence Pills, 80. Superior-grade Divine Essence Pills, 400 pieces.”

Middle-grade Divine Essence Pills’ selling price was 30 pieces of low-grade divine essence stones. High-grade was 100 pieces, superior-grade was 500 pieces.

Since the Myriad Treasure Tower purchased medicinal pills, they naturally wanted to earn the price difference.

This price was already very fair.

In reality, the one that sold the most was still low-grade Divine Essence Pills.

The majority of martial artists could only afford to consume low-grade.

Because Divine Essence Pills were running stock medicinal pills for martial artists to cultivate, middle-grade was still a little okay. High-grade would easily require hundreds of divine essence stones. Ordinary martial artists really could not afford it.

As for superior-grade Divine Essence Pills, that was really a sky-high price.

But what the Myriad Treasure Tower walked was the quality goods route. Hence, low-grade Divine Essence Pills which did not meet the mark, they did not sell at all.

Ye Yuan nodded and said to Hong Yin with clasped hands, “Thank you very much, Miss.”

Looking at Ye Yuan’s departing back view, Hong Yin’s beautiful eyes swiveled around.

Although she did not think that Ye Yuan could refine Divine Essence Pills, she garnered interest in Ye Yuan.

After entering the cultivation room, Ye Yuan directly sunk his divine sense into the World Suppressing Stele according to the method that Dustless said. Suddenly, his eyes blurred, directly entering inside a milky-white space.

Ye Yuan discovered that the time flow rate here was indeed much faster than the outside world.

“Senior, get started then!” Ye Yuan drew a deep breath and said with a firm gaze.

He only had 10 days, which were 100 days’ time inside the World Suppressing Stele!

A 100 days’ time to use to master Formation Dao Pill Refinement, this was an incomparably arduous challenge. He did not have any time to waste.

This was a virtually impossible task!

Dao Defying Pill said, “Compared to mortal-grade medicinal pills, the refinement threshold of divine pills is much higher! You had once refined the Dao Defying Pill before. Even though that medicinal pill was incredible, it’s also still in the scope of mortal-grade medicinal pills! Divine rank spirit medicines, even the lowest level divine rank spirit medicines, the complexity of the medicinal properties is also 10 thousand times, even 100 thousand times, a million times, of mortal-grade spirit medicines! Therefore, wanting to refine divine pills, one must first familiarize with the medicinal properties of divine rank spirit medicines! This is a drawn-out process. But you only have ten chances!”

The spirit medicines that Ye Yuan purchased were the quantity of 10 sets of Divine Essence Pills in total!

This was also to say that not only did he have to use these 10 sets of spirit medicines to familiarize himself with the medicinal properties, he even had to use them to attempt pill refinement.

Furthermore, he must even succeed in refining a middle-grade Divine Essence Pill.

This difficulty was too great.

Dustless sighed and said, “Kid, even if it’s Heavenly Empyrean Immortal Grove, it’s also impossible to complete such a refinement. It’s really making things hard for you!”

Ye Yuan smiled and said, “Senior, these emotional words, it’s not too late to wait until after Ye Yuan fails before talking.”

Dustless’s gaze turned intent, and he said with a nod, “I’ll be telling you about the medicinal properties of these few kinds of divine rank spirit medicines. As for how much you can comprehend, it will have to depend on yourself! First, it’s the Divine Rain Silk ...”

Dustless talked smoothly, clearly long memorized the medicinal properties of these low-level spirit medicines thoroughly already.

However, no matter how familiar Dustless was, that was Dustless’s business.

Pill refinement this sort of thing, only if the alchemist himself comprehended it could he refine it.

Talking and mastering were two completely different things.

There was a saying: ‘Knowledge from books was ultimately shallow, one must experience it firsthand to know the intrinsic quality.’ This was the situation.

Pill refinement had always been a skill that was continuously refined and tempered. No matter how thoroughly the master expounded, it also required one to explore it little by little.

At most, it was just shortening this process.

Ye Yuan focused on things the way he had never done before. Every word that Dustless said, he imprinted it firmly in his mind.

He did not have many chances to go and repeatedly experience the medicinal properties of these spirit medicines. Then what Dustless said was very important.

Refining divine pills, Ye Yuan was an out-and-out novice. But in terms of pill refining experience, few people could match up to Ye Yuan.

Even if what he refined were all mortal-grade medicinal pills!

This talk was ten days and ten nights!

A hundred days, one-tenth was gone in a blink of an eye!

Even though Dustless had long warned before, Ye Yuan still did not expect that a mere five kinds of lowest-level divine rank spirit medicines were actually complicated to such a degree.

In these ten days, the quantity of information which Dustless narrated, even Ye Yuan had the impulse to shrink back at the sound of it.

Without the least bit of exaggeration, every kind of spirit medicine was an encyclopedia!

At this time, he finally knew why Dustless was so pessimistic about him.

The refining difficulty of this Divine Essence Pill, the Dao Defying Pill could not catch up to it even by whipping the horse!

What Dustless talked about was still just the medicinal properties. The true pill refining process was goodness knows how many times more complicated than this.

A hundred day's time was indeed too forceful.

"*Heh*, kid, know the difficulty of refining divine pills, right? Now, are you still so confident?" Dustless could not resist teasing when he saw Ye Yuan's expression.

Ye Yuan smiled bitterly when he heard that and said, "The difficulty is indeed much greater than I imagined! But, it's still that sentence: I already have no way out. Since that's the case, then I'll face the difficulties!"

Done talking, Ye Yuan slowly closed his eyes, and started digesting his gains over these ten days.

A colossal amount of information needed him to go and digest little by little.

He did not have the conditions to experiment repeatedly. He could only do his homework before-hand.

Two days later, Ye Yuan slowly opened both eyes.

Dustless said in surprise, "You used two day's time and already completely digested it?"

Ye Yuan smiled and said, "Can't say completely digest, but I more or less understand a little. The things that Senior said ultimately needs to be experienced firsthand. Otherwise, everything is just empty talk."

Dustless's brows furrowed, and he said, "Kid, I urge that you'd best experience it for a few more days. Your divine sea is damaged. After swallowing these spirit medicines, the medicinal properties will dissipate very quickly. The time left for you is just one-tenth, even one-hundredth of ordinary martial artists!"

Ye Yuan nodded and said, "Of course I know this. But the verification of medicinal properties, it is still better to experience it firsthand."

Finished talking, Ye Yuan did not hesitate either, directly retrieving a portion of Divine Rain Silk and started chewing it bit by bit.

...

At this time, outside the Myriad Treasure Tower, Zhang Shun and another Liang Family's family guard were already impatient from waiting.

"Why hasn't that punk come out after entering the Myriad Treasure Tower?" the family guard said.

Zhang Shun mused for a moment and said, "He wouldn't have ... entered the cultivation room, right?"

That family guard was stunned and said with a snicker, "Cultivation room? A cripple, enter a cultivation room for what? Isn't this taking off the pants to let out a fart, an unnecessary move?"

Zhang Shun also felt that it was not too likely. But Ye Yuan staying until now, what could it be apart from entering the cultivation rooms still?

"This kid is very strange, mustn't let down our guard! No matter what, we'd best keep a close watch. If he doesn't come out, then we'll wait until he comes out!" Zhang Shun said.
