Chapter 1301: Selfless Realm!

A surge of sweetness flowed into his heart. The Divine Rain Silk turned into threads of divine essence, entering Ye Yuan's four limbs and all the bones in his body.

Finally, it converged in Ye Yuan's divine sea.

Ye Yuan closed his eyes, sampling the Divine Rain Silk's medicinal properties in detail.

The knowledge that Dustless narrated rolled swiftly in Ye Yuan's mind, affirming with his experiences one by one.

However, after the Divine Rain Silk's medicinal strength entered Ye Yuan's divine sea, it dissipated to nothing very quickly.

Very soon, Ye Yuan's divine sea was thoroughly dried up.

"What did I say? You're purely wasting spirit medicines like this! Digest the things that I said more ..."

Dustless was currently grumbling when he suddenly discovered that Ye Yuan completely ignored him.

One look, Ye Yuan actually already entered a meditative state.

Dustless was helpless and could only shut up.

Two days later, Ye Yuan swallowed another portion of Divine Rain Silk.

Dustless could not do anything to Ye Yuan and could only cuss him out for being a wastrel.

But Ye Yuan acted arbitrarily without regard for others' opinion. It was as if he did not hear his words at all.

Only at this time did Dustless notice that ever since the first time he swallowed the Divine Rain Silk, Ye Yuan did not seem to have paid attention to him anymore.

"This guy, he wouldn't have ..."

Dustless sucked in a deep breath, his gaze when looking at Ye Yuan became odd.

He shut his mouth and just kept looking at him like this.

Ye Yuan already completely forgot about Dustless's existence. He was just like a puppet, swallowing a portion of spirit medicines every one to two days.

The spirit medicines were reducing one portion by one portion.

But Ye Yuan did not have the intention of stopping.

In a blink, over 30 days passed.

Ten sets of complete spirit medicines were only left with four sets now.

These 30 days' time, Ye Yuan exhausted a full six portions of spirit medicines!

When Ye Yuan opened his eyes, he discovered that Dustless's breathing became ragged, a pair of eyes staring at him like seeing ghosts.

Ye Yuan asked with a curious look, "Senior, what are you doing here? Could it be that there are flowers on my face?"

Dustless drew a deep breath and strove to calm his emotions down and asked Ye Yuan, "You wouldn't have ... grasped all of it, right?"

When he asked this kind of thing, Dustless actually started feeling somewhat worried lest he should lose it.

Ye Yuan froze. Only then did he understand that Dustless was asking him if he grasped the medicinal properties of the spirit medicines.

Ye Yuan shut his eyes and went through once, and discovered to his pleasant surprise that these spirit medicines' medicinal properties, he actually already grasped 70%-80%!

This discovery made Ye Yuan pleasantly surprised!

This period of time, he felt like he had a dream.

In the dream, he was continuously comprehending these spirit medicines' medicinal properties.

No idea how much time had passed either, he virtually grasped all of it.

He originally thought that he was having a dream. He did not expect that after waking up from the dream, he actually really grasped the medicinal properties of these spirit medicines!

This kind of feeling was really like dreaming!

Ye Yuan asked Dustless with a look of pleasant surprise and said, "Senior, I already grasped 70%-80% of the medicinal properties. This ... What's going on here?"

The corners of Dustless's mouth suddenly twitched, and he asked, "Did you feel like these 30 days' time, it was like having a dream?"

Ye Yuan froze and could not help saying in surprise, "30 days? 30 days already gone by?"

Merely just a dream, Ye Yuan felt that the time was very long in the dream.

But after waking up, he also felt that not a long time passed.

But hearing Dustless' meaning, 30 days had actually gone by already!

The more he said, the more puzzled Ye Yuan got, totally unaware of what happened.

He grasped these spirit medicines' medicinal properties bafflingly!

"Did you have a dream?" Dustless suddenly asked.

Ye Yuan nodded honestly.

“In the dream, did you feel like a very long time had already passed?”

Ye Yuan nodded once again.

“In the dream, did you continuously comprehend the medicinal properties?”

Ye Yuan nodded his head repeatedly.

Dustless let out a sigh and said, “You, brat, your luck is really excellent to the extreme! In an accident arising from many causes, you actually entered the Selfless Realm¹!”

“Selfless Realm?” Ye Yuan repeated it, clearly very unfamiliar with this realm.

Dustless said, “That’s right! The so-called Selfless Realm is a kind of spirit wandering away state! Under this sort of state, no matter what you learn, it’s incomparably fast! Since you entered the Selfless Realm until now, a total of 30 days’ time had passed. Figuring out 70%-80% of five kinds of divine rank spirit medicines in 30 days, this can simply be rated as a miracle! Only the Selfless Realm can achieve this kind of effect!”

Ye Yuan said in surprise: “There’s still such a realm? Doesn’t that mean that a hundred days’ time is sufficient for me to refine the Divine Essence Pill?”

“Pooh! You’re really shameless! Do you think that Selfless Realm is so easy to enter? Being able to enter this kind of state once, you already hit the jackpot! Under Divine Lord Realm, among a million martial artists, there might not be one capable of entering Selfless Realm too! Among them, includes Heaven Glimpse Deity Realm and Origin Deity Realm! Furthermore, even entering once, that’s very lucky too! The chances of entering again are even smaller than the first time!” Dustless said.

Ye Yuan was also secretly dumbfounded when he heard. It looked like he seemed to have really hit the jackpot.

“Senior, this Selfless Realm, just what kind of realm is it?” Ye Yuan said curiously.

“Since there are higher realms after Deity Realm, then after Heaven Man Unity heart realm, there are naturally higher realms too! Selfless Realm is the heart realm after Heaven Man Unity! Heaven Man Unity is the resonance towards Heavenly Dao, while Selfless is in accordance with Heavenly Dao! You definitely found the correspondence point with Heavenly Dao under the heavy pressure. Hence, you temporarily entered Selfless Realm. Cultivating by following a normal routine, only after reaching Divine Lord Realm, creating a world that belongs to you, can you find the correspondence with the Heavenspan world’s Heavenly Dao, and firmly enter Selfless Realm!” Dustless said.

The meaning of these words he said was very simple: Ye Yuan got very lucky. That was how he entered the Selfless Realm.

Wanting to enter again was undoubtedly a fool’s ramblings.

The disparity between Grotto Profound Deity Realm and Divine Lord Realm was too great.

But Ye Yuan laughed open-mindedly and said, “So that’s how it is! No matter what, grasping the medicinal properties is good. Senior, can we start expounding on Formation Dao?”

Dustless was not as accepting as Ye Yuan. He was still incredibly shocked in his heart.

He did not say certain stuff. Those able to coincidentally enter Selfless Realm, the vast majority were all Origin Deity Realm powerhouses!

The comprehension of Origin Deity Realms toward Heavenly Dao was already very high. If lucky, one would be able to find the correspondence point with the Heavenspan World's Heavenly Dao.

And Origin Deity Realms capable of entering Selfless Realm, the majority were all able to hew open a world, achieving Divine Lord Realm, truly becoming a powerhouse of a region!

Those like Ye Yuan, able to enter Selfless Realm after just breaking through to Grotto Profound Deity Realm, one might not even be able to find a few in the entire Heavenspan World!

This was the real reason why he was astounded!

In other words, as long as Ye Yuan could cultivate to the Origin Deity Realm by following a normal routine, reaching Divine Lord Realm was virtually a shoo-in!

After entering the Deity Realm, even though every step was extremely difficult, there was still a massive dividing crest between realms.

Divine Lord Realm, was the first hurdle!

[Unrivaled Medicine God](#)

Chapter 1302: Pill Formed!

"Hong Yin, you normally never make mistakes. But today, you already slipped up quite a number of times. Did you encounter something recently? I see that you seem to be somewhat absent-minded today," an old man said to Hong Yin.

Hong Yin had worked for the Myriad Treasure Tower for a very long time already. She had never made mistakes before.

But today, her entire person seemed to be muddle-headed. It was either counting the divine essence stones wrongly or getting the wrong things for the customer.

When the shopkeeper saw this, he could not refrain from coming up to remind.

Hong Yin said slightly apologetically: "Manager Su, really sorry. The mistakes made today, deduct from my wages!"

Manager Su shook his head and said, "I didn't mean that. This old man sees with my own eyes when you do things normally, so why would I deduct your wages for this minor thing? I see that you keep on looking around today like you're waiting for someone. Could it be that ... you took fancy on some family's son?"

Hong Yin's face flushed bright red, and she hurriedly shook her hand and said, "What's Manager Su thinking of? I was just ... I was just somewhat curious."

"Curious?" Manager Su wondered.

Heavenly Dao nodded her head and did not have the intention of concealing it either, narrating Ye Yuan's unusual situation that day, and said, "Today is just nice the tenth day, wonder if he succeeded or not. Hence, I've been restless all along."

Manager Su chortled with laughter when he heard and said, "Oh, Hong Yin, you're also a veteran of the Myriad Treasure Tower already. Why would you have this kind of naive thoughts? A guy who doesn't even have divine essence, how can he possibly refine a divine pill? You also said it, that youth was merely 30 to 40 years old. This age, one can't even accomplish learning the rudiments in alchemy, still want to refine pills with Formation Dao? What do you take those alchemy masters in the city to be?"

Hong Yin could not help being stupefied when she heard that, only then, feeling that she seemed to really be somewhat heading down a blind alley.

Around 30 to 40 years old, he was merely a youngster in the Heavenspan World.

Just as Manager Su said, how could this age possibly refine pills with Formation Dao, and refine divine pills?

Hong Yin was currently in a daze when a suit of azure robes walked out from the inner halls.

That place was precisely the direction that led to the cultivation rooms.

Ye Yuan walked straight towards Hong Yin and opened his mouth and said, "Miss, you said before that the Myriad Treasure Tower takes in middle-grade Divine Essence Pills. I wonder if it's still valid?"

The moment these words came out, not just Hong Yin, even Manager Su also shuddered all over, using a gaze like they had seen a ghost to look towards Ye Yuan.

"You ... You ... You really refined the Divine Essence Pill?" Hong Yin was even stammering when speaking.

Ye Yuan smiled and said, "Of course I refined it. But there's only one. I wonder if the Myriad Treasure Tower will accept?"

Hong Yin did not answer Ye Yuan but used a strange gaze to size Ye Yuan up and down.

She wanted to find a trace of divine essence undulation from Ye Yuan.

But sadly, she was disappointed.

No divine essence!

Not even the slightest trace!

"Could it be ... Could it be that you really ..."

Hong Yin's words did not ask finish yet and were cut off by Manager Su.

He said with Ye Yuan smilingly, "Of course! Our Myriad Treasure Tower never refuses cooperation with alchemists. As long as the Divine Essence Pill you refined meets the requirements, we'll take them all!"

Ye Yuan nodded his head and took out a gray-black medicinal pill, medicinal fragrance suffusing everywhere.

Hong Yin and Manager Su's gaze turned intent. The quality of this Divine Essence Pill was even better than they imagined!

Middle-grade Divine Essence Pill was not without any surprises at all.

Good quality ones could come close to high-grade. Poor quality ones would also not be too far away from low-grade.

This middle-grade Divine Essence Pill that Ye Yuan took out, the quality was rather decent.

Although it was not at the level close to high-grade, compared to middle-grade Divine Essence Pills, the quality was much better.

Manager Su said, "Little Brother, our Myriad Treasure Tower is equally honest with the old and young when doing transactions. Your middle-grade Divine Essence Pill's quality is pretty good, the selling price will be a little higher than ordinary middle-grade Divine Essence Pills. This medicinal pill, I'll give you 28 pieces of divine essence stones."

Ye Yuan's eyes lit up, and he said with clasped hands, "This one should be the manager, right? Then, thank you very much! However, just give me 16 pieces of divine essence stones. That will do. I still have 3 pieces of divine essence stones here, I still want to rent another day's cultivation room. The rest, help me exchange all of it for the Divine Essence Pill's materials."

The remaining three pieces of divine essence stones were naturally leftover from Ye Yuan developing the array formation.

The array formation for refining Divine Essence Pills was called Lesser Divine Essence Formation.

This was an array formation specifically created for the Divine Essence Pill. The divine essence stones that it required were not many; just eight pieces.

Ye Yuan had 67 pieces left previously. Which was also to say that he only had eight chances.

Although the Lesser Divine Essence Formation only required eight pieces of divine essence stones, the complexity of this array formation far exceeded Ye Yuan's imagination!

Lu Linfeng's Formation Dao could be sad to be a pinnacle existence in the Immortal Grove World.

So much so that he already deduced the Heavenly Dao belonging to him.

But those array formations were not worth mentioning at all in front of this puny little Lesser Divine Essence Formation!

The two were on completely different orders of magnitude!

An array formation piled up with a mere eight pieces of divine essence stones virtually depleted all of Ye Yuan's mental energy.

Fortunately, Ye Yuan's Formation Dao foundation was much more solid than Dustless imagined.

Back then, inside the Peach Blossom Formation, Ye Yuan studied the array formation and laid down a solid foundation for Divine Dao array formations, making him infer some aspect of Divine Dao array formations from a glimpse.

Under the heavy pressure, Ye Yuan erupted with limitless potential.

He deduced the array formation frenziedly. In the following 55 days, Ye Yuan pushed himself to the limits.

That sort of craziness, even Dustless was secretly dumbfounded when he saw it too, exclaiming that he was sick.

However, what surprised Dustless even more was that Ye Yuan actually just lacked a tiny bit more to enter the Selfless Realm once again!

Ye Yuan at that time already entered a kind of mysterious state. But in the end, it still fell short of success by one step.

The Selfless Realm was too difficult to enter!

But Ye Yuan was not without harvests either. It was precisely the critical state this time, that let Ye Yuan's Formation Dao attainments advance by leaps and bounds, finally comprehending the Lesser Divine Essence Formation.

At that time, even Dustless whose eyes were at the top of his head also screamed out freak.

He totally did not expect that Ye Yuan actually really completed an impossible task in a short 100 day's time!

Formation Dao, medicinal properties, Ye Yuan comprehended all of it. It was just missing this final step of refinement.

Logically speaking, once the Lesser Divine Essence Formation was completed, as long as one placed the spirit medicines in a suitable position inside the array formation, it would be able to automatically complete the refinement.

But Ye Yuan's comprehension of the Lesser Divine Essence Formation was still very shallow. In the process of the pill refinement, various unexpected situations would occur.

The time still had five days remaining. Ye Yuan still had the last 27 pieces of divine essence stones remaining, which were also three refinement opportunities.

Because once the array formation activated, the energy inside the divine essence stones would be depleted, becoming barren rocks.

The first chance, Ye Yuan's refinement failed without the least bit of surprise.

Ye Yuan spent three day's time and consolidated the experiences of the first failure.

The second refinement, he finally succeeded!

But unfortunately, what was refined this time was merely a low-grade Divine Essence Pill.

Ye Yuan settled down and researched another day. Finally, at the last juncture, he refined this middle-grade Divine Essence Pill!

After Ye Yuan returned to the cultivation room once more, Hong Yin and Manager Su exchanged a glance, both seeing astonishment from the other party's eyes.

"This boy's talent is truly terrifying! Hong Yin, you continue to pay attention to him. If he needs any help, do whatever it takes! In addition, the Divine Essence Pills that he refines, purchase all of them at a high price!" Manager Su said with a slightly solemn gaze.

Unrivaled Medicine God

Chapter 1303: Unlimited Supply!

"Damn it! That punk really stayed at the Myriad Treasure Tower! I'm perplexed, where did he get divine essence stones?"

"I've already inquired before, Eldest Miss had Lan Qing send this boy quite a few divine essence stones."

"So, it's like that! But with Madam around, Eldest Miss doesn't seem to have much divine essence stones in her possession either, right?"

"En, at most, it's also around a hundred pieces. The Myriad Treasure Tower's Yellow Rank cultivation rooms need 10 pieces of low-grade divine essence stones too. He can't last past a few days. We can't afford to provoke the Myriad Treasure Tower. Just keep watch here then."

"Eldest Miss had always stood aloof from the world these few years, Madam couldn't find an excuse to mess with her either. This time, she sent that boy divine essence stones. This finally let Madam get the opportunity."

"Yeah! This matter concerns the Liang Family's rise and fall, even Family Head has nothing to say either. Want to say, Eldest Miss is also really pitiful. These few years, she has been badly oppressed by that pair of mother and daughter."

"Isn't that so. Now, she's thrown into the dungeons. That pair of mother and daughter probably won't let her off easily."

Zhang Shun duo waited for ten days outside the Myriad Treasure Tower, filling them with burning anxiety.

However, the Myriad Treasure Tower was not what the Liang Family could afford to provoke at all. They could only keep an eye on the Myriad Treasure Tower too, awaiting Ye Yuan to come out.

The more they waited, the more irritated the two people got.

A cripple actually wasted so much of their time.

But, hearing the meaning in their words, Liang Wanru was actually thrown into the dungeons by Wang Pianran because of sending Ye Yuan divine essence stones.

With Wang Pianran's methods, she naturally would not let Liang Wanru off so easily.

This time, perhaps she would be put to death.

At this time, ten days had already gone by inside the World Suppressing Stele, Ye Yuan left seclusion once more.

When Hong Yin saw the two middle-grade Divine Essence Pills in front of her, she could not help being shocked until she could not close her mouth.

She knew that the Divine Essence Stones on Ye Yuan was only sufficient to launch the Lesser Divine Essence Formation twice.

This was also to say that Ye Yuan's current success rate was 100%!

One had to know, Ye Yuan bought ten sets of spirit medicines previously and only took out a middle-grade Divine Essence Pill.

This improvement speed was truly a little too terrifying, right?

Of course, if she knew that before entering the cultivation room, Ye Yuan was still an out-and-out layman, wonder what she would feel.

Hong Yin was a Myriad Treasure Tower's veteran already. She knew how great the difficulty of Formation Dao Pill Refinement was.

Because nobody in Jewelhill City could perform Formation Dao Pill Refinement!

Not only Manager Su was this Myriad Treasure Tower's head manager, but he was also a peak One Star Alchemy God!

But even he could not perform this Formation Dao Pill Refinement either.

However, Ye Yuan actually already grasped Formation Dao Pill Refinement at this time. Furthermore, he even had such a high success rate, how could this not dumbfound Hong Yin?

"Sir is truly an alchemy genius; improvement speed is too quick! It has just been a day, and the quality of Divine Essence Pill that you refined is much better than before again! In another few days, Sir will probably be able to refine high-grade Divine Essence Pills," Hong Yin exclaimed.

Ye Yuan said smilingly, "Miss is too kind, my luck was just a little better."

Not that Ye Yuan was modest, it was really that his luck was good.

With only two chances, Ye Yuan swallowed another two sets of spirit medicines before refining in order to familiarize himself with the medicinal properties.

Only all the way until the last two days did he start refining.

With Ye Yuan's current strength, the assurance in refining Divine Essence Pills was also merely around 30%.

He did not expect that the two times actually all succeeded.

Hong Yin's beautiful eyes stared at Ye Yuan and said with a smile, "Sir, just call me Hong Yin will do. I wonder what's Sir's name?"

Ye Yuan said, "So, it's Miss Hong Yin, I am Ye Yuan."

"Sir Ye is so talented, to actually be completely unknown previously, Hong Yin is truly ignorant and ill-informed," Hong Yin said probingly.

Ye Yuan smiled and said, "This Ye just entered the city not long ago and is temporarily staying with the Liang Family."

Ye Yuan did not conceal it. He believed that with the Myriad Treasure Tower's strength, if they really wanted to check, it was very easy to find out.

Hong Yin was greatly surprised when she heard that. The Liang Family was one of Jewelhill City's big family clans. It was absolutely impossible to not even be able to take out this bit of divine essence stones.

Looking at Ye Yuan's pedantic appearance, it seemed like his relationship with the Liang Family was rather strange.

But, Hong Yin was also an experienced girl and did not bring it out on her face, but smiled radiantly and said, "So that's how it is. Will Sir continue to exchange these two Divine Essence Pills for divine essence stones and spirit medicines?"

Ye Yuan said with clasped hands, "I'll have to trouble Miss Hong Yin."

Two middle-grade Divine Essence Pills were 56 divine essence stones. Ye Yuan's financial situation became much better off all of a sudden.

He still only rented a day's cultivation room, exchanging all of the rest to spirit medicines and divine essence stones.

Time passed day by day, Ye Yuan's comprehension towards the Lesser Divine Essence Formation became deeper and deeper. The quality of the Divine Essence Pills refined also became higher and higher.

On the seventh day, Ye Yuan finally refined a high-grade Divine Essence Pill!

With this, Ye Yuan was finally considered to have leaped over the dragon gate.

To him, this was not a high-grade Divine Essence Pill, but 80 divine essence stones.

What Ye Yuan needed the most right now were divine essence stones!

Roughly the cost of 10 pieces of divine essence stones and refining a high-grade Divine Essence Pill worth 80 pieces of divine essence stones, this kind of incremental effect was what Ye Yuan was most willing to see.

When Hong Yin saw this high-grade Divine Essence Pill, she was shocked until she could not close her mouth once more.

Although the Divine Essence Pill was the most basic divine pill, Ye Yuan's improvement speed could simply use horrifying to describe!

However, what she was surprised by was still about that thing.

Following Ye Yuan's financial situation becoming more and more well-off, he had even more chances to refine medicinal pills. The understanding of medicinal properties and Lesser Divine Essence Formation also became deeper and deeper.

Hence, his success rate got higher and higher, the quality also became more and more stable!

In-between this, Hong Yin arbitrarily made a decision!

Limitlessly providing Ye Yuan divine essence stones and spirit medicines, as long as Ye Yuan handed the refined medicinal pills to the Myriad Treasure Tower.

Ye Yuan agreed without any hesitation. What he needed the most right now was practice.

With the support of a colossal titan like the Myriad Treasure Tower, he could finally go all out to refine Divine Essence Pills.

On the tenth day, the Divine Essence Pills that Ye Yuan refined were already stabilized at high-grade.

On the 18th day, the 280th day inside the World Suppressing Stele!

Inside the array formation, light faded away. Eight divine essence stones became barren rocks.

But a bright glint flashed across in Ye Yuan's eyes, revealing an excited expression.

"Haha, finally formed!"

Looking at the superior-grade Divine Essence Pill in his hand, Ye Yuan also felt inexplicably excited.

Divine pills were too hard to refine. In these 250 days, he refined pills, deliberated, refined pills, deliberated, over and over like this, no idea how many times he repeated it!

All the way until today, refining his first superior-grade Divine Essence Pill.

"Heh, just superior-grade, is there a need to be happy until like this? Refining a superior-grade Divine Essence Pill is merely just the beginning!" Dustless struck down without any mercy.

Although his words were said like that, Ye Yuan's improvement, Dustless took it into his sights every day and was long deeply convinced by Ye Yuan's talent already.

He felt that Ye Yuan was simply a genius born to refine pills!

Ye Yuan used the greater part of a year and reached a height that others could only attain using a hundred years!

This kind of improvement speed already could not be said to be fast to describe it.

But Ye Yuan was not beaten down at all and said excitedly, "Senior doesn't know, that in the past, my life-long pursuit was to refine a divine pill! Now that I refined a superior-grade Divine Essence Pill, it can also be regarded as attaining a higher level in divine pills! Junior is naturally happy!"

Dustless's requirement toward Ye Yuan was not superior-grade, but ... divine-grade!

Unrivaled Medicine God

Chapter 1304: Guest Alchemist!

The grades of divine pills were not identical to mortal-grade medicinal pills.

Above superior-grade was heaven-grade, and above heaven-grade was divine-grade!

Just take the Divine Essence Pill for instance; refining an ordinary low-grade Divine Essence Pill could match a month's bitter cultivation.

Reaching high-grade, it could match a year of bitter cultivation.

While divine-grade was sufficient to match ten years of bitter cultivation!

Ten years of bitter cultivation was nothing in the cultivation of this Deity Realm.

But the grades below divine-grade, if a person kept on taking them, the medicinal effects would continue to weaken.

But divine-grade would not!

This was also to say that if you could refine enough divine-grade Divine Essence Pills, your cultivation speed could reach ten times, a hundred times, even a thousand times of others!

This way, the ordinary to the extreme Divine Essence Pill became extremely extraordinary.

However, mortal-grade transcendent-grade medicinal pills were not worth mentioning at all in front of divine-grade Divine Essence Pills.

It could not even compare to heaven-grade!

And in the various major shops, they would never sell heaven-grade Divine Essence Pills.

As for divine-grade, that was just a grade in the legends.

Therefore, even though Ye Yuan refined a superior-grade Divine Essence Pill, Dustless was still pessimistic about him.

Divine Essence Pill was just a kind of basic medicinal pill. It was still far from the One Star Heavenly Mark Pill!

One Star Heavenly Mark Pill was a divine pill even harder to refine than the Profound Essence Pill!

In this regard, it was very in-line with Ye Yuan's cultivation mentality.

That was that the foundation must be solidified!

Refining the Divine Essence Pill to divine essence was precisely in order to solidify the foundation.

...

"Sir Ye, you finally exited seclusion! The last time you gave Hong Yin quite a few high-grade Divine Essence Pills, it gave Hong Yin a fright! I wonder this time, will Sir Ye give Hong Yin a pleasant surprise once again?"

When Hong Yin saw that Ye Yuan came out, she went forward to greet him with a wide grin, cracking a joke with him.

Interacting a few times, Ye Yuan also became much more familiar with Hong Yin, especially after limitlessly providing Ye Yuan spirit medicines and divine essence stones.

Recently, these few days, Ye Yuan exhausted large quantities of spirit medicines and divine essence stones. Even Hong Yin felt a bit overwhelmed too.

Especially in the last two days, there were already quite a few people gossiping.

Fortunately, after Manager Su knew about this matter, not only did he not blame her, he notified the warehouse side instead. Only then did it suppress those gossips.

However, if Ye Yuan really only ate and not vomited, it would make things difficult for her.

Hong Yin was also wagering, she was eyeing on Ye Yuan's potential!

If she could attract a future alchemy genius for the Myriad Treasure Tower, her position in the Myriad Treasure Tower would rise like the boat rising with the tide.

Ye Yuan had read countless people, how could he not perceive that hint of nervousness in the depths of Hong Yin's eyes?

"I wonder if this is considered a pleasant surprise or not?"

Ye Yuan placed the superior-grade Divine Essence Pill in front of Hong Yin with a smile.

Hong Yin's pupils constricted, her eyes full of incredulity.

"Sir Ye, this ... this ... is too amazing!" Hong Yin was agitated until she was almost incoherent.

No matter what grade of divine pill, the raw materials required were all the same.

Hence, the higher the grade, the higher the added value of the medicinal pill.

Similarly, materials worth 10 pieces of low-grade divine essence stones, once it reached superior-grade, then it was worth 500 low-grade divine essence stones.

This was a 50-fold increment!

How could Hong Yin expect that Ye Yuan actually refined a superior-grade Divine Essence Pill so quickly?

Ye Yuan smiled and handed a storage ring to Hong Yin, saying with a smile, "The fruits in this period of time are all here. The Divine Essence Pill is useless to me, I didn't take a single one, it's all for the Myriad Treasure Tower."

Hong Yin received the storage ring and examined, and was immediately stunned.

Inside the storage ring, there were actually quite a dozen Divine Essence Pills. Furthermore, among them, 60% and above were high-grade, only 40% was low-grade.

She looked at Ye Yuan like she saw a ghost, her eyes filled with astonishment.

Previously, backtracking from Ye Yuan's medicinal pills, Hong Yin estimated that Ye Yuan's pill refinement success rate was around 30%-40%.

Truthfully speaking, it was already rather high!

But now, Ye Yuan's success rate was actually as high as 70%!

This kind of success rate could be rated as frightening!

Even Manager Su probably could not reach such a terrifying success rate either.

"S-Sir Ye, you wait a moment, I have to report this matter to Manager Su! The pleasant surprise that you gave me was seriously a little too huge."

Hong Yin said and disappeared with a *whoosh*.

Ye Yuan smiled and found a place himself to sit down.

With Ye Yuan's personality, he did not like to be so high-profile. But if he did not reveal some strength, it was impossible for him to receive the Myriad Treasure Tower's high regard.

What he had to face currently was the powerful Liang Family. Furthermore, his divine sea was damaged. If he did not find a backstage supporter, it was very hard to beat the Liang Family.

And the Myriad Treasure Tower was clearly the best supporter.

He believed that it was impossible for the Myriad Treasure Tower's upper echelons to sit by idly and remain indifferent towards such a rising alchemy new star.

Ye Yuan was clear about this in his heart; his improvement in this period of time, even Dustless was dumbfounded. It was impossible for the Myriad Treasure Tower to remain indifferent.

One superior-grade Divine Essence Pill was enough!

...

"You're saying that youth called Ye Yuan refined a superior-grade Divine Essence Pill with Formation Dao Pill Refinement?"

A man in opulent clothing was also shocked when he heard Manager Su's report.

Manager Su nodded and said, "With this old man's experience, it absolutely won't be wrong! From the divine essence stones as well as the amount of spirit medicines that he consumed, it's not hard to determine, these Divine Essence Pills all originated from the Lesser Divine Essence Formation!"

The man in fine clothing mused for a moment and said, "If this is really the case, our Myriad Treasure Tower is in a favorable position. Investigated the background clearly?"

Myriad Treasure Tower said, "Investigated clearly, he was saved by the Liang Family's eldest miss in the wilderness, his origins unknown ... Now, the Liang Family seems to be hostile and wanted to harm him. That's why he would hide in our Myriad Treasure Tower and not dare to go out."

Manager Su rattled on, he actually already turned Ye Yuan inside out.

The man in fine clothing was slightly surprised as he said, "In that case, he had the intention of exposing his alchemy talent to us and seeking our protection?"

Manager Su said with a smile, "Looking at it now, it seems so!"

The man in fine clothing mused briefly and seemed to be muttering to himself, "According to what you all said, this boy has clearly just come into contact with alchemy not long. Such talent is truly terrifying, his future prospects are bound to be limitless! This kind of talent, once learned by Jewelhill City's other forces, he'll surely be seized openly! Unless we kill him now, otherwise, it's establishing a strong enemy for ourselves! We have no reason to refuse! Manager Su, you come forward on behalf of this tower lord and hire Ye Yuan to be the Myriad Treasure Tower's guest alchemist. All of the expenses that his pill refinement needs, count it all in my Myriad Treasure Tower's books. Also, he's completely without the power to protect himself right now, send Luo Jian to protect him."

Manager Su bowed and said, "Tower Lord is wise!"

Manager Su knew that Tower Lord Yang Rui was a person with tremendous foresight, and could definitely see Ye Yuan's potential.

Yang Rui scolded laughingly, "You old punk, stop sucking up! *Oh*, right, Hong Yin did very well this time, promote her a grade and bestow her a heaven-grade Divine Essence Pill."

Manager Su said smilingly, "Then this old man will thank Tower Lord on behalf of Hong Yin."

[Unrivaled Medicine God](#)

Chapter 1305: Luo Jian's Sword!

Upon exiting the Myriad Treasure Tower, Ye Yuan was blocked by Zhang Shun and another person.

"Sir Ye, you've made us search for you bitterly. This disappearance is a month's time!" Zhang Shun said with a bitter smile.

Ye Yuan was clear in his heart, but pretended to be puzzled and said, "Find me for? I heard that the Myriad Treasure Tower's cultivation rooms were pretty good, so I came here to cultivate for some time."

Zhang Shun was stupefied and said, "Cultivate?"

You, a fellow with a damaged divine sea, cultivate what?

Bullshitting wasn't done like this, alright?

Ye Yuan smiled but said nothing. Was cultivating alchemy not considered cultivation?"

Zhang Shun laughed dryly and said, "*Ha*, it's like this, Eldest Miss became seriously ill and has no appetite for food and drinks. Second Miss said that you're the closest to her, so we're asking you to return. Maybe it can make Eldest Miss take a turn for the better a bit."

The two of them kept watch for so long and felt that Ye Yuan might have perceived a little something. Hence, that was why they made up a lie to trick Ye Yuan back before talking.

There were too many people on the streets, it was hard to make a move.

Actually, it was not considered a lie either.

Because Liang Wanru was really almost dying!

Sure enough, Ye Yuan's face fell, and he said, "What's going on?"

Zhang Shun revealed an upset expression on his face and said, "This Zhang doesn't know what's going on either. It's just that this period of time, her mood became more and more dejected, and she had less and less appetite for food and drinks. Now, she already can't get down the bed!"

Ye Yuan's brows furrowed and said, "Go, return to the Liang Family."

Ye Yuan walked in front. Zhang Shun and the other person exchanged a glance, secretly ecstatic.

But Zhang Shun discovered that a guy in worn-out clothes and bristly stubble was currently hugging a sword and following them unhurriedly.

Zhang Shun's heart sank. This guy, he actually could not fathom him.

The Myriad Treasure Tower was not far from the Liang Family. Ye Yuan sped up and entered the Liang Family very soon.

Zhang Shun discovered that that sword-hugging man actually wanted to enter too, and could not help stepping forward to stop the other party.

"This brother, this place is the Liang Family's manor, please stop!"

The sword-hugging man seemingly did not hear his words at all, walking over straight towards him.

Zhang Shun's face fell and was about to make a move with another person.

But when the two of them just had this thought, only to see two gusts of strong wind arrive with a howl.

The two people's gaze turned intent, their bodies abruptly stopping.

Two strands of broken hair floated down. The two people's backs were instantly matted in cold sweat.

Such a quick sword!

The two of them did not see how this gruff man attacked at all!

They did not doubt in the slightest that as long as that sword earlier was somewhat deeper, the two of their heads would definitely be gone already.

In the time where they were dazed, the sword-hugging man already followed Ye Yuan in.

"Senior, where's Wanru?" Ye Yuan asked in a solemn voice.

"Inside the dungeon at the backyard. I'll lead you over," Dustless said.

Under Dustless's guidance, Ye Yuan found the dungeon's entrance very soon.

The ones watching the dungeon were all mortals. Ye Yuan sent them flying with a punch.

Inside the dungeon, Ye Yuan found the gaunt and thin Liang Wanru.

Her two eyes were sunken, her lips purple. Clearly, she was already deeply poisoned.

However, when she saw Ye Yuan, that dead gray eyes finally glowed with a trace of light.

Ye Yuan felt his heart ached. Such a kind-hearted girl, why did she have to suffer such unfair treatment?

He squatted down by the bed and said softly, "Come with me, alright? This place already has nothing worth for you to look back anymore."

Liang Wanru's eyes revealed a look of struggle. Finally, she still nodded her head.

Ye Yuan let out a deep sigh. At this point, this girl still had a hint of sentimental attachment.

He reached his hands out and carried Liang Wanru, walking straight outside.

Luo Jian was just like a shadow, following behind Ye Yuan unhurriedly.

"Today, I, Ye Yuan, owe you a favor!" Ye Yuan said when he passed by Luo Jian.

Luo Jian did not speak and did not indicate anything either. he still followed Ye Yuan just like that.

Upon exiting, the dungeon's entrance was already surrounded by a large group of people.

The two people in front were precisely Liang Mingyu husband and wife.

"Ye Yuan, you ungrateful and despicable villain! My daughter saved you, but you actually repaid kindness with ingratitude and injured our Liang Family's guards!" Liang Mingyu shouted.

Ye Yuan looked at him, a hint of cold light flashed across in his eyes.

It was said that even a tiger would not eat its own cubs, this Liang Mingyu was simply worse than a beast.

"*Heh*, what did I say? That beast tide that time was probably done by this boy himself! He coveted that whore's beauty, that's why he would deliberately draw the beast tide to play out a hero rescuing the beauty!" Wang Pianran fanned the flames at one side.

Liang Mingyu's brows furrowed. He was rather sensitive to the word 'whore.'

His daughter was a 'whore', then what was he?

But at this time, it was clearly not the time to fuss over these.

Ye Yuan discovered that this family was simply unreasonable.

Liang Wanru being born in this kind of family and was actually able to maintain her original nature was truly not easy.

"Repaying kindness with ingratitude? Or is it having diabolical ambitions? Miss Wanru saving me, that's what I owe her. This young master will naturally repay her. As for you guys, what has it got to do with me?" Ye Yuan said coolly.

“What a joke! Wanru is my daughter, her saving you is naturally the Liang Family saving you! You didn’t think to pay and actually even abducted Wanru! Today, you can forget about walking out of the Liang Family’s gates,” Liang Mingyu said coldly.

Ye Yuan smiled and opened his mouth to say, “Repay? I wonder if I hand over the beast taming art, would you all be satisfied?”

When Liang Mingyu and Wang Pianran heard ‘beast taming art,’ the three words, their eyes all lit up, their emotions becoming agitated.

But Liang Mingyu was rather shrewd. How could he display his own greed so easily?

“*Humph!* Boy, don’t give me that! You barged into the Liang Wanru and abducted Wanru, this is an unforgivable crime! Put down Wanru right now and surrender obediently without putting up resistance. Perhaps this family head can still spare your life!” Liang Mingyu said with insidious plans.

Ye Yuan gave him a glance with a smile that was not a smile and said, “Family Head Liang, you really want to lead the life of a whore and also expect a monument to your chastity! However, not only does this young master want to go out today, I even want to bring Miss Wanru along with me. If you have the capabilities, come and try stopping.”

Finished talking, Ye Yuan carried Liang Wanru and walked straight out.

“*Heh,* a crippled boy actually dared to boast so shamelessly! Do you think that by relying on that fellow behind you, you can break out of our Liang Family? You’re also looking down on the Liang Family’s strength too much!”

Liang Mingyu gave a cold laugh. Instantly, over a dozen figures surrounded Ye Yuan and Luo Jian.

Looking from these people’s auras, they were actually all initial-stage Grotto Profound powerhouses!

Swoosh! Swoosh! Swoosh!

Over a dozen figures assaulted Ye Yuan at the same time, not giving Luo Jian the slightest opportunity to save people.

But right at this time, everyone felt a blur before their eyes. Over a dozen gusts of fierce wind abruptly howled past.

Swoosh, swoosh, swoosh.

Blood light suffused!

The dozen over figures were directly sent flying out by these dozen over gusts of strong wind.

Liang Mingyu’s pupils constricted and looked at Luo Jian in disbelief as he cried out in shock, “Gale Sword! You ... you’re the Myriad Treasure Tower’s Luo Jian!”

Luo Jian rarely showed face in public, but his Gale Sword was very renowned.

The moment he attacked, Liang Mingyu finally recognized him.

Such a swift sword, who else could it be apart from Luo Jian?

“Ye Yuan is my Myriad Treasure Tower’s guest alchemist. Whoever touches him, shall be the enemy of the sword in my hand!” Luo Jian spoke for the first time.

Unrivaled Medicine God

Chapter 1306: Stringing Together Sugar Coated Haws

“G-Guest alchemist? B-Brother Luo, you wouldn’t be mistaken, right? He, a cripple, how to refine pills?”

Liang Mingyu felt that this reason was not funny at all!

Ye Yuan did not even have a trace of divine essence on his body, what would he use to refine pills?

However, Luo Jian was the Myriad Treasure Tower’s number one expert, a late-stage Grotto Profound Deity Realm powerhouse!

This guy was a sword fanatic. His sword arts had reached the highest level of attainments, his strength pushing straight for grand completion Grotto Heaven powerhouse.

This guy could not be provoked!

Therefore, even though Luo Jian’s reason was off the mark, Liang Mingyu was secretly startled in his heart.

No matter what this reason was, Ye Yuan had a very deep relationship with the Myriad Treasure Tower right now, this was beyond all doubt.

Luo Jian this person was not what a cripple like Ye Yuan could command.

Who knew that after Luo Jian said finish this sentence, he became a mute again and did not make any more sound.

That appearance was really cool to the extreme.

“Family Head Liang, it’s still that sentence, if you have the capabilities, come and try stopping.” Ye Yuan mocked.

Liang Mingyu could not help choking up when he heard that, but he really became cautious in taking action.

Luo Jian was someone that they could not afford to provoke!

Wang Pianran said anxiously by the side, “Mingyu, what are you scared of him for? Jewelhill City isn’t Heavenly Emperor Myriad Treasure’s domain either, with our Wang Family backing you up, still scared of him, a Myriad Treasure Tower? Call Second Uncle out, I want to see if this whatever Luo Jian is really as formidable as in the legends!”

Wang Pianran winked at Liang Mingyu vigorously, signaling how great the value on Ye Yuan was.

In the end, it was still greed and overwhelmed reason.

Only to see his expression turn cold, and he said, “Go and invite Second Elder over, just say that the Liang Family has encountered a powerful foe and request for his elderly self to assist! Then the others, attack together. I don’t believe that he can protect that boy’s safety alone!”

Under Liang Mingyu's command, all of the Deity Realm powerhouses all gathered together, surrounding Ye Yuan trio.

With this, it was a life-and-death struggle.

Ye Yuan and Luo Jian behaved like there was nobody around them, walking straight towards the gate.

Those family guards were all afraid of Luo Jian and just surrounded the three people, but no one dared to make a move.

"All attack for me! Those who defy will be opposing the Liang Family and Wang Family!"

Wang Pianran's shrill scream sounded out. Everyone could not help shuddering.

A martial artist finally could not resist making a move. But the blade in his hand had just raised up, and a gust of force-wind assailed.

"*ARGH!!*"

A tragic scream echoed. That martial artist's arm directly flew out along with his weapon.

Everyone did not see clearly how Luo Jian attacked. That person's arm was directly severed at the wrist.

Everyone just felt a cold wind swoosh. With this, there was really no one who dared to take action anymore.

No matter how Wang Pianran shouted, they did not dare to make a move anymore either.

Could not even see how he made his move, how to fight still?

Ye Yuan and Luo Jian strolled idly and walked towards the outside unhurriedly as if nothing happened at all.

That appearance was truly condescending.

However, the Liang Family's people had no temper.

Liang Mingyu himself was merely middle-stage Grotto Profound Deity Realm, even a notch inferior to Luo Jian. How could he dare to make a move?

He was aware that Luo Jian this person would never care about the strength of his opponent. The moment he made his move, it must draw blood.

Even if your strength was greater than his, he would also fight to the end.

Either you die or he perishes!

Looking as the two people were about to leave the Liang Family, Liang Mingyu and Wang Pianran were very panicky.

Right at this time, everyone just felt a blur before their eyes. An old man already appeared at the gate.

"Second Uncle!"

When Liang Mingyu saw the old man, he was immediately overjoyed.

This old man was Liang Mingyu's second uncle, also the person with the strongest combat power at present in the Liang Family; late-stage Grotto Profound Deity Realm powerhouse, Liang Hui.

"Mingyu, what's going on here?" Hearing the mournful cries in the courtyard, Liang Hui said with a frown.

"Second Uncle, Wanru saved that boy, but who knew that that kid was a wolf with wild ambitions, to actually covet Wanru's beauty, breaking into the Liang Family to abduct her away!" Liang Mingyu said.

The moment Liang Hui heard this, he could not help flying into a great rage and glared at Ye Yuan as he said, "A cripple actually dares to be so insolent at my Liang Family?"

Liang Mingyu hurriedly said, "This boy used no idea what kind of trick, to actually obtain the Myriad Treasure Tower's protection. They actually sent Luo Jian out to protect him. In our powerlessness, that's why we interrupted Second Uncle's peaceful cultivation."

Liang Hui was startled and could not help looking towards that burly man behind Ye Yuan.

Liang Mingyu continued when he saw the situation: "Second Uncle, you just have to hold Luo Jian back, when we take down that crippled boy, he won't dare to be insolent anymore."

Liang Hui's face fell, and he said with a nod, "No problem! This Luo Jian's strength is strong, but this old man can still hold him for a while. The rest will be left to you all!"

Liang Mingyu was thrilled the moment he heard it and said, "Rest assured, Second Uncle. That kid is merely a cripple, I'll take it upon myself later!"

Liang Hui nodded his head and said to Luo Jian, "Luo Jian! You're the Myriad Treasure Tower's number one swordsman, but today, you broke into my Liang Family and injured people! It's truly bullying people too far! This old man will come and face-off with you, see if you, this Myriad Treasure Tower's number one swordsman, has an undeserved reputation or not!"

Luo Jian was still silent, giving people the feeling that there was only him alone in the whole world.

Liang Hui's face fell and his figure shot forth. His hand already had an additional treasure sword at goodness knows when, charging over towards Luo Jian.

Deity Realm powerhouses, even just a minor realm apart, the disparity was very huge too!

Late-stage Grotto Profound compared to middle-stage Grotto Profound was god knows how many times stronger.

Wanting to leap realms and battle was virtually something impossible.

Many martial artists expended as long as 10 thousand years and were only able to break through a minor realm too.

Liang Hui's strength already infinitely approached Grotto Profound grand completion. This opening move was truly earth-shattering.

At the same time he made his move, Liang Mingyu moved too!

His target was Ye Yuan!

Although Luo Jian was known as the Myriad Treasure Tower's number one swordsman, his strength was merely around on par with Liang Hui. Wanting to shake off Liang Hui absolutely could not be done within a short time.

Therefore, that was why he would set his mind at ease and attack boldly.

But right at this time, a fierce gale swept up!

Clank!

A light ringing sound echoed out!

This time, everyone finally saw Luo Jian unleash his sword!

No berserk sword energy, no outrageous divine essence undulations, just stabbing out a sword plainly.

Clank!

A crisp metal clashing sound echoed out.

Puchi!

Luo Jian's long sword stabbed into Liang Hui's chest viciously.

However, the remnant momentum did not diminish. Liang Mingyu's figure had just reached midair when Luo Jian's sword carried along Liang Hui, directly stringing them up together!

The two sounds of a long sword entering the flesh made everyone shudder with fear.

"This ... How could he be so strong? Second Elder is only one last step away from Grotto Profound grand completion, to actually fail to last one exchange under Luo Jian's hands!"

"What to do? The Myriad Treasure Tower's number one swordsman is actually so strong!"

"This time, the Liang Family really kicked a steel plate! The Myriad Treasure Tower is what we can provoke at all!"

The Liang Family's guards were all deeply astounded by this scene. This Luo Jian was truly too strong.

By the side, Ye Yuan was apathetic to this scene and carried Liang Wanru, slowly walking out of the Liang Family's gate.

[Unrivaled Medicine God](#)

Chapter 1307: Inviting Humiliation?

"Elder Feng, how is it?"

Inside a box room of the Myriad Treasure Tower, Ye Yuan being anxious and fretful was asking Feng Ping who was currently taking Liang Wanru's pulse.

Feng Ping was Jewelhill City's Myriad Treasure Tower's chief alchemist. Under Manager Su's recommendation, he agreed to diagnose Liang Wanru's pulse.

Ye Yuan was currently a so-called Alchemy God, but he could only refine Divine Essence Pills. Regarding Liang Wanru's situation, there was nothing he could do about it at all.

Feng Ping shook his head and said with a sigh, "Miss Wanru's body is that of a mortal, but she's suffering from a divine rank slow-acting poison. How can her body endure it? Right now, the poison has already entered the viscera, and is about to reach the heart!"

Ye Yuan's expression could not help changing when he heard that. He did not have divine essence currently and was unable to help Liang Wanru diagnose her pulse.

But this poison entering the heart, he, as an experienced alchemist, naturally knew how dangerous it was.

No matter how weak the poison, as long as it entered the heart, then it was difficult for even immortals to save!

"Elder Feng, could it be that there's no other way?" Ye Yuan said with a frown.

Feng Ping shook his head and said, "To detoxify this poison, it must be a one-star divine-grade Detoxification Pill! In this Jewelhill City, there's still no one capable of refining a one-star divine-grade Detoxification Pill!"

A divine-grade Detoxification Pill, that was truly a god-like existence.

Forget about being in Jewelhill City, even a two-star alchemy god might not be able to refine it either.

Divine-grade medicinal pills required absolute strength plus heaven-defying luck before one could refine successfully.

By the side, Manager Su also sighed and said, "I know this girl. Although she can't talk, her disposition is very pure. I didn't expect that Liang Mingyu actually did this kind of tiger eating its own cubs thing, truly utterly devoid of conscience!"

Elder Feng revealed a disdainful look and said, "Liang Mingyu this person is too snobbish. Back then, in order to draw close to the Wang Family, he married Wang Pianran before his wife's corpse was cold. It has always been passed down as a joke in this Jewelhill City."

Manager Su suddenly had a look of wanting to speak but swallowing the words back, but it drew Ye Yuan's attention.

"Manager Su, do you have any way that can save Wanru?" Ye Yuan hurriedly asked.

Feng Ping gave Manager Su a glance and said, "Don't think about it, it won't work."

Manager Su said, "Yeah, Ye Yuan, this path truly can't work. Better not say, in case you are troubled by it."

Ye Yuan said curiously, "Where did this come from? Manager Su, Miss Wanru is this Ye's benefactor, no matter how difficult the matter, this Ye is willing to go do it too!"

Feng Ping smiled and said, "This matter, you probably really can't do it."

Ye Yuan had a puzzled look. Manager Su let out a sigh and said, "The poison that Miss Wanru is inflicted with is called Poisonfeather Thousand Night. It's the Wang Family's non-transmissible secret. This kind of poison, as long as it doesn't enter the heart, the Wang Family's Wang Lingbo can treat it!"

"That Wang Pianran is precisely Wang Lingbo's biological sister!"

Ye Yuan's brows knitted together. Feng Ping and Manager Su's meaning was already very obvious.

This was the Wang Family's poison; only the Wang Family could cure it.

And the Wang Family was precisely Wang Pianran's maiden family!

Have Ye Yuan go and beg the Wang Family?

Ye Yuan going to the Liang Family this time to abduct people and even had Luo Jian seriously injure the second elder and Liang Mingyu, the grudge was already set in stone.

With Wang Pianran that woman's ruthlessness, how could she possibly let her own brother save Liang Wanru?

Ye Yuan sucked in a deep breath and asked Feng Ping, "Elder Feng, how long can Miss Wanru still last?"

Feng Ping thought about it and said, "That's hard to say. Probably the latest is also tomorrow!"

Ye Yuan's face fell, and he asked again, "Elder Feng, Ye Yuan wants to request a one-star heaven-grade Detoxification Pill from you, is it allowed? Of course, this Ye don't want it for free either. This Ye can use a hundred heaven-grade Divine Essence Pills to compensate."

Feng Ping gave Ye Yuan a glance and said smilingly, "According to what I know, you seem to only know how to refine Divine Essence Pills currently, right? Do you plan to refine a divine-grade Detoxification Pill yourself? Give up! There's absolutely no way!"

Ye Yuan nodded and said, "I'll go to the Wang Family, if they agree to hand over the antidote, it's naturally a happy ending. If they don't agree ... then there's only this Ye taking action myself!"

Ye Yuan's words made everyone greatly astonished.

They had already discerned that he was an extremely proud person from this incident of Ye Yuan forcefully breaking into the Liang Family.

This matter of lowering his head to people, it should be that he absolutely would not do it.

Moreover, everyone had a score in their hearts that even if Ye Yuan deigned himself, the possibility of the Wang Family agreeing was virtually zero.

For the sake of Liang Wanru this lass, Ye Yuan was actually willing to suffer such humiliation!

"Ye Yuan, have you thought clearly?" Manager Su was visibly moved as he said.

But Ye Yuan smiled broadly and said, "Miss Wanru suffered such a tribulation because of me. She had a life-saving grace to me, why would I, Ye Yuan, not throw this face out? Even if there's only a feeble ray of hope, this Ye have to give it a try too!"

Everyone was visibly moved. They did not expect that Ye Yuan was actually such a loyal and sentimental person!

Elder Feng and Elder Su were both extremely shrewd people. They had long seen through that Ye Yuan's gaze when looking at Liang Wanru was without the slightest lust, indicating that he did not have presumptuous ideas towards Liang Wanru.

Then Ye Yuan was doing this just in order to repay the kindness!

At this time, Ye Yuan felt the corners of his sleeves more. Turned out that it was Liang Wanru who pulled it.

Lowering his head to take a look, he saw that two clear streams of tears were flowing down Liang Wanru's eyes.

Even though she was very weak at this time, her mind was still clear.

Ye Yuan was actually willing to suffer such humiliation for her, she was very upset in her heart.

Ye Yuan said with a smile, "Miss Wanru, you don't have to be like this. This Ye has a score in my heart. You rest assured, this Ye will definitely save you!"

Liang Wanru nodded slightly, but her emotions were somewhat agitated.

...

"Brother, you have to stand up for me this time! You don't know how arrogant that brat who's surnamed Ye was at that time! He didn't place our Wang Family in his sights at all ..."

At the Wang Family's residence, Wang Pianran was just like a machine gun, besmirching Ye Yuan in front of Wang Lingbo.

Wang Lingbo stood with his hands behind his back, quietly listening to his sister's complaints, but did not express anything.

He knew this younger sister's temperament. It was already pretty good to have 10% of everything she said to be credible.

Furthermore, how could the Liang Family's matters need Wang Pianran to sow discord?

He knew long ago!

"Pianran, you tell me honestly, just what secret is there on that Ye Yuan's boy's body?" Wang Lingbo said with a heated gaze.

Wang Pianran was stunned when she heard that, her gaze started becoming evasive.

"Brother, you ... what do you mean?"

Wang Lingbo said with a smile, "Pianran, a married woman should stand by her man, this is correct. But don't you forget, who was the one who gave you your position in the Liang Family! The Liang Family can be pulled, but ... also have to be struck! Do you think that Liang Mingyu obeying you in every way is really because you have power over major issues?"

Wang Pianran was suddenly startled. Only then did she realize that Elder Brother definitely executed many means behind her back these few years.

Liang Mingyu was hesitant to take action in fear of damages, and that was why he would please her in every way!

“Brother, I ... I ...”

Wang Lingbo’s one sentence made Wang Pianran completely flustered.

In term of schemes, she was far too lacking!

“The more stable the Wang Family’s position in Jewelhill City, the more pleasant your little days will be! Wouldn’t you say so?” Wang Lingbo still said with a smile.

Wang Pianran nodded her head woodenly.

“So, just what secret is there on that boy’s body?”

Unrivaled Medicine God

Chapter 1308: Wang Family’s Humiliation

“Hey, kid, the family head isn’t free today. You go back first. If you want to meet him, wait here tomorrow morning!”

A steward-like middle-aged man was currently shouting at Ye Yuan rudely.

Three days had already passed since Ye Yuan entered the Liang Family to rescue someone.

During these three days’ time, Ye Yuan waited at the Wang Family’s gate-house every day early in the morning.

All the way until the sun set, what he got was all the same sentence.

Ye Yuan knew that this was Wang Lingbo deliberately hanging him out to dry.

But Ye Yuan did not reveal the slightest hint of unhappiness. He just clasped his hands slightly at that doorman and bade his farewell.

Looking at Ye Yuan’s departing back view, the doorman also felt somewhat surprised.

“This kid is really tenacious. If it were others, they wouldn’t be able to take it long ago,” the doorman muttered to himself.

These few days, they changed ways to make things difficult for Ye Yuan, various kinds of suddenly turning hostile, even pouring tea on Ye Yuan’s face. But Ye Yuan did not have any complaints. After smiling slightly, he stood at one side and waited again.

Just today, a Wang Family’s descendant came to the gate-house and gave Ye Yuan a beating with blocking the way as the reason.

Ye Yuan still did not fight back when beaten and did not talk back when scolded.

Honestly speaking, even the doorman himself also could not quite look on anymore.

If it were others, they would have long left in a rage.

But Ye Yuan forcefully endured it.

The time limit that Ye Yuan set for himself was five days. After five days, if Wang Lingbo was still not willing to meet, he would cultivate himself, and refine a divine-grade Detoxification Pill!

Ye Yuan had sought a heaven-grade Detoxification Pill from Fengping. After Liang Wanru consumed it, it temporarily suppressed the spread of the Poisonfeather Thousand Night's poison.

Fortunately, the heaven-grade Detoxification Pill was effective enough and was able to delay the Poisonfeather Thousand Night's poison for 40 days before flaring up again.

This way, Ye Yuan would have 40 days of buffer time.

The refining difficulty of the Detoxification Pill was much greater than the Divine Essence Pill.

But to Ye Yuan, this was an incidental thing.

According to Dustless's way of saying, the next step was to practice refining the Detoxification Pill. It just happened to lay down the foundation for the One-star Heavenly Mark Pill.

However, Ye Yuan had to first cultivate the Divine Essence Pill to divine-grade.

This task was very difficult. Ye Yuan himself also did not know whether or not it could be completed, and he also could not bear to watch Liang Wanru suffer.

Therefore, being aware that the Wang Family was deliberately insulting him, he also forcefully tolerated it.

Fortunes changed, there would come a day where the Wang Family had to pay the price for their actions.

Luo Jian followed behind Ye Yuan unhurriedly; a glimmer flashed across his eyes.

This kind of look was rare on him.

"Haha, Brother, it's really liberating! You really don't know how arrogant this brat was at the Liang Family that day! I didn't expect that he doesn't even dare to let out a fart until now! Looks like that little girl still has some means, to actually enthrall this boy until he loses his head, willingly suffering such humiliation for her."

Getting to know the 'fruits' of these few days, Wang Pianran laughed very delightedly.

Wang Lingbo smiled faintly and said, "This boy is arrogant at heart and haughty in manner, but can suffer such humiliation. This determination isn't easy to deal with! This kind of person, if can't become friends with, then there's ... only making him die!"

But Wang Pianran was indifferent as she said, "Brother, you worry too much! Just a cripple. If not relying on the Myriad Treasure Tower, he'd die however I want to make him die!"

Wang Lingbo glanced at this foolish sister of his, shook his head, and said no more.

He called the doorman over and instructed, "Tomorrow morning, when that boy comes, directly lead him to the great hall."

...

The next day, when Ye Yuan showed up at the Wang Family's great hall, Wang Lingbo, Wang Pianran, Liang Wanrong, were already waiting in an arranged order, in the solemn manner of a tri-hall joint hearing.

Ye Yuan did not mind either. He just clasped his hands at Wang Lingbo and said, "Ye Yuan has seen Family Head Lingbo!"

Wang Lingbo narrowed his eyes as if he did not see Ye Yuan at all. His attitude was very haughty.

"You're the Myriad Treasure Tower's newly promoted guest alchemist?"

"Yes!"

"Looks very ordinary! You're looking for me for the Poisonfeather Thousand Night's antidote?"

Ye Yuan nodded and said, "That's right? Miss Wanru is at any rate Family Head Lingbo's niece. Hope that you can raise your hand in mercy and let her off!"

"*Huhu*, niece? Ye Yuan, you're telling bald-faced lies here! My brother only has one niece, that is Rong-er! That whore, if she dies, she dies! To dare be mentioned in the same breath with my family's Rong-er?" Wang Pianran giggled.

That face piled up with fats looked incomparably hideous.

Wang Lingbo said coolly, "What Pianran said is right, that lass has no blood relations with me at all, on what basis should I save her? Or is it that you can take out something that can move this family head?"

While talking, a glint flashed across Wang Lingbo's eyes.

Beast taming arts that could command a late-stage Tier 1 divine beast, even Wang Lingbo also had to be tempted.

Ye Yuan looked at Wang Lingbo and said coolly, "I know that you all want the beast taming art, but I don't have any beast taming arts at all!"

Wang Pianran immediately berated, "Do you take us to be three-year-old children? You, a cripple, but can control a late-stage Tier 1 divine beast. Without beast taming arts, how can you possibly do it?"

Ye Yuan did not talk nonsense. A surge of faint dragon pressure was released.

Feeling this surge of dragon wave, Wang Lingbo's pupils constricted.

Although this bout of pressure was not strong, it was indeed an authentic dragon race pressure!

He finally knew that Ye Yuan was not lying, his eyes revealing a thick look of disappointment.

His face turned cold, and he said, "Since you don't have beast taming arts, then what right do you have to make me save an unrelated person? Moreover, that lass's existence is a threat to Rong-er in itself!"

Ye Yuan said coolly, "This Ye has nothing valuable. But, as long as Family Head is willing to save Miss Rong-er, this Ye is willing to refine pills for the Wang Family for 10 years, and not take a single cent!"

Wang Lingbo smiled disdainfully and said, "Do you really think that I'll believe that you're some guest alchemist? An alchemist would go and seek help from Feng Ping? Just a cripple, what medicinal pills can you refine? However ... I can give you a chance. If you accomplish it, it's not that I can't save that girl."

Ye Yuan's brows furrowed, and he said, "Family Head, please say."

Wang Lingbo smiled coldly and said, "Your actions, Rong-er is very upset. She has already cried about it to me several times! As long as you can make her happy, it's not impossible for this family head to save her."

Liang Wanrong walked down from the hall at this time, circled around Ye Yuan twice, and said smugly, "Boy, didn't think that you'd land in this young lady's hands one day, right? Weren't you very cocky? Didn't you look down on this young lady? If you have the capabilities, say it one more time!"

Ye Yuan drew a deep breath and bowed deeply to Liang Wanrong and said, "It was this Ye who was rude, hope that Miss Wanrong doesn't take offense!"

Liang Wanrong said delightedly, "Want me to not take offense, also can! I just have one request, kneel down, and call this young lady grand-aunt thrice! Maybe if I'm happy, I'll let Uncle give you the antidote!"

Behind Ye Yuan, Luo Jian involuntarily gripped his sword, truly somewhat unable to look on anymore.

But all of a sudden, Liang Wanrong's gaze became hazy. Her complexion became flushed, and she pounced toward Wang Lingbo.

Chapter 1309: Luo Jian's Appraisal

"Uncle, actually, Rong-er has already liked you for very long!"

Liang Wanrong sprinted all the way. While running, she even took off her clothes and headed for the Wang Lingbo sitting above.

She had fallen for Ye Yuan's move last time, and now the same thing happened. She was too elated with the situation that she forgot it. She had long tossed the matter of falling for this move back then beyond the nine clouds.

Caught unaware, Ye Yuan directly made her succumb.

When Wang Pianran saw this scene, she could not help jumping with fright. Why would her daughter suddenly become like this?

Wang Lingbo's brows furrowed. Waving his hand, it was a slap.

Slap!

A clear slapping sound echoed throughout the entire great hall, clear and audible.

Liang Wanrong was directly slapped until she spun in the air. When she landed on the ground, she was already out cold.

“Rong-er! Brother, what are you doing!”

Wang Pianran screamed at the top of her voice, and she hurriedly went over to help up her daughter.

But Wang Lingbo ignored his sister. He used a murderous gaze to look at Ye Yuan.

“Ocular arts! *Heh*, I really underestimated you! But ... you deserve death!”

Wang Lingbo’s face was cold. Clearly, he had killing intent aroused towards Ye Yuan.

But Ye Yuan smiled and said, “If we can’t see eye-to-eye, then don’t talk anymore. But don’t take this Ye to be an idiot! Luo Jian, let’s go!”

Ye Yuan turned around and left without the slightest hesitation.

A flicker of surprise flashed across Luo Jian’s gaze. His look when looking at Ye Yuan finally had a slight change.

Wang Lingbo’s brows furrowed and he said coldly, “If you dare to walk out of this front door, that girl will be dead for sure!”

Ye Yuan turned around and looked at Wang Lingbo as he said with a faint smile, “Rest assured, even if you die, Wanru won’t die! Not only won’t she die, but she’ll even open her mouth and speak anew, stepping into Deity Realm. She will let you all, people who bullied her, have a good look!”

Finished talking, Ye Yuan turned around and left, and did not look back again.

Wang Lingbo laughed wildly and said, “*Hahaha* ... Ignorant child! My Wang Family’s Poisonfeather Thousand Night, even Feng Ping that old fart can’t do anything about it. With just the likes of you, a brat who’s still wet behind the ears? Dream on!”

As for what Ye Yuan said, making Wanru open her mouth and speak, and step into Deity Realm, Wang Lingbo even directly chose to ignore it.

This ... was impossible!

The reason why Ye Yuan chose to take action against Liang Wanrong was that he saw through this family, and they had no good faith at all.

He had been examining the words and expressions all along. When Wang Lingbo learned that he did not have beast taming arts, he thoroughly lost interest in him.

What replaced it was a look of disdain and banter.

This kind of people’s words, Ye Yuan would not believe at all.

Even if he really knelt down for Liang Wanru, it was also impossible for Wang Lingbo to give him the Poisonfeather Thousand Night’s antidote.

The reason why he said so was entirely in order to humiliate him.

If he really knelt down and begged, not only would the other party not give him the antidote, they would even go from bad to worse.

Hence, he decisively chose to take action against Liang Wanrong.

She wanted to humiliate him, then let her disgrace herself first!

Ye Yuan walked straight out of the Wang Family and never looked back.

Looking at Ye Yuan's departing back view, Wang Lingbo's expression was grim to the extreme.

...

"This Ye Yuan, what do you think of him?" Yang Rui's gaze was deep as he asked Luo Jian.

He had Luo Jian follow Ye Yuan. It was to protect Ye Yuan and also naturally to monitor and observe Ye Yuan.

After all, Ye Yuan's origins were unknown.

"High morality reaching up to the clouds, wise and farsighted, unfathomable!" Luo Jian appraised.

Yang Rui's gaze flickered, revealing a look of surprise and he said in surprise, "Oh? Someone able to make you evaluate like so isn't simple! This boy is truly so impressive?"

Yang Yui knew that Luo Jian's experience was exceedingly vast. Ordinary people could not enter his arcane sights at all.

There had never been a person who could make him appraise so highly before.

High morality reaching up to the clouds, he could understand. Wise and farsighted was also barely passable.

But a cripple with a damaged divine sea, no matter how formidable, it was limited too. Luo Jian actually used 'unfathomable' to describe him. It truly made Yang Rui very surprised.

"Perhaps, he's a dragon wandering the shoal!" A glint flashed in Luo Jian's eyes.

Yang Rui's face revealed a musing look, and he said, "Then your meaning is that us roping this boy is correct?"

Luo Jian was silent for a moment and then said, "Maybe there will be unexpected gains."

Yang Rui frowned and said, "Then do you think you can refine a divine-grade Detoxification Pill?"

Luo Jian shook his head. Clearly, he also did not think that Ye Yuan could create a miracle.

After all, there were only over 30 days.

And Ye Yuan seemed to only know how to refine Divine Essence Pill currently. Wanting to refine a divine-grade Detoxification Pill, this was simply something impossible.

...

Returning to the Myriad Treasure Tower, Ye Yuan applied for sufficient quantities of medicinal herbs and divine essence stones from Manager Su. He then directly chose to enter closed-seclusion.

Out of 40 days, four days were already spent. He still had 36 days, which was also a year's time.

In this one year, not only did he have to cultivate the Divine Essence Pill to divine-grade, he even had to cultivate the One-star Detoxification Pill to divine-grade!

This task was even more daunting than him cultivating the Divine Essence Pill.

Starting closed-seclusion, Ye Yuan began to refine day and night.

Although Ye Yuan's understanding of the Lesser Divine Essence Formation became increasingly profound, wanting to refine a divine-grade Divine Essence Pill, it was still far too lacking.

He was still a long way from heaven-grade right now!

"The Lesser Divine Essence Formation is the foundation of all rank one pill refining formations. Not training it to the acme of perfection, it's impossible for other array formations to have any accomplishments," Dustless said.

"Senior, rest assured. I have a score in my heart and won't rush for quick results," Ye Yuan said.

"En, although your talent is extraordinary, wanting to cultivate the Divine Essence Pill and Detoxification Pill to the divine-grade realm within a year is still too forceful! Therefore, you have to be mentally prepared."

"No need to be mentally prepared. I'll definitely succeed!" Ye Yuan said with a sharp gaze.

Dustless looked at Ye Yuan and said no more.

He discovered that Ye Yuan belonged to that kind of becoming stronger when encountering something stronger personality.

The greater the difficulty faced, the more his fighting intent surged instead.

Although pill refinement did not compare to fighting, the difficulty placed in front of Ye Yuan was even greater than fighting.

Calm whenever encountering major issues!

This was the feeling that Ye Yuan gave Dustless.

Before failure, he would absolutely not see that sort of dispirited mood from Ye Yuan.

It seemed like Ye Yuan would never consider the issue of what happens after failure.

Dustless also had no choice but to admit that this kind of quality was extremely rare.

Perhaps Ye Yuan had come along this way, relying on precisely this quality.

One had to admit that entering the Selfless Realm at that time, the help to Ye Yuan was seriously too great.

According to normal comprehension, it was absolutely impossible for Ye Yuan to comprehend the medicinal properties of those few kinds of spirit medicines to such an extent in such a short time.

Through the refinement previously, Ye Yuan's comprehension of the spirit medicines' medicinal properties already reached 80%!

Adding on Ye Yuan's comprehension towards the Lesser Divine Essence Formation becoming deeper and deeper, his attainments in the Divine Essence Pill advanced by leaps and bounds.

Half a month later, Ye Yuan was already able to steadily refine superior-grade Divine Essence Pills.

One and a half months later, Ye Yuan finally refined a heaven-grade Divine Essence Pill for the first time.

Three months later, Ye Yuan was already able to steadily refine heaven-grade Divine Essence Pills!

Finally, Ye Yuan arrived at the threshold of refining a divine-grade Divine Essence Pill!

[Unrivaled Medicine God](#)

Chapter 1310: Drawing Parallels from Inference!

Heaven-grade!

Heaven-grade!

Still heaven-grade!

Half a year already passed since Ye Yuan entered closed-seclusion. But no matter how Ye Yuan refined, he was also unable to break through to divine-grade!

Heaven-grade to divine-grade was like an insurmountable chasm. No matter how hard Ye Yuan worked, he was also unable to cross it.

Three months ago, Ye Yuan was already able to steadily refine heaven-grade medicinal pills.

But three months passed, Ye Yuan made no progress at all.

“Senior, I've already completely comprehended the spirit medicines' medicinal properties. The Lesser Divine Essence Formation is also thoroughly comprehended already. Why is it that I just can't refine divine-grade Divine Essence Pills?” Ye Yuan wondered.

Dustless said, “Divine-grade is not in the ranking in the first place. Refining heaven-grade medicinal pills, as long as one worked hard, it can be achieved. But divine-grade, it will depend on one's comprehension ability and lucky chances! For the same type of medicinal pill, divine-grade is another kind of realm! Only with repeated tempering can one have a possibility of comprehending Dao. But this to you is the hardest. Three months' time, it is too short!”

One could say that divine-grade was the grade that tested an alchemist's pill refinement talent!

Insufficient talent, no matter how hard you worked, it was also not possible to refine divine-grade medicinal pills.

But even if ordinary alchemists' were exceptionally talented, it was also not possible to refine a divine-grade divine pill within three months.

Forget about three months, even three years, 30 years, it was also impossible!

A hint of understanding flashed inside Ye Yuan's mind, and he said, "In this case, divine-grade divine pills already belong to the domain of 'Dao'? Just like when I refined the Dao Defying Pill, it aroused the resonance of Heavenly Dao, the same?"

Dustless stroked his beard and smiled, praising, "That's right! The path of medicinal pills, the things refined are corporeal objects, emphasizing skill but slighting the Dao. Therefore, wanting to touch the fleeting and ephemeral Heavenly Dao would be even more difficult!"

Ye Yuan nodded his head and said, "I understand!"

Finished talking, Ye Yuan sat down cross-legged and no longer refined pills.

In his mind, he started recalling his contact with divine pills bit by bit.

From Dustless narrating the spirit medicines' medicinal properties to comprehending the Lesser Divine Essence Formation, then to forming the pill, and then to heaven-grade Divine Essence Pill.

Every detail along the way, Ye Yuan re-experienced it anew.

After each time Ye Yuan refined pills, he would summarize it meticulously. Hence, towards each process, he would remember it vividly.

The current Ye Yuan seemed to have returned to that ignorant and dull novice, re-experiencing the process of refining the Divine Essence Pill anew.

Gradually, Ye Yuan entered a wondrous state.

At this moment, those five spirit medicines' medicinal properties were seemingly shattered into countless fragments by Ye Yuan.

Ye Yuan was situated in this vast ocean of fragments, undergoing the experiences anew.

After that, Ye Yuan carried out a reorganization of these fragments!

Ye Yuan was already familiar with the five spirit medicines' medicinal properties until he could not be any more familiar.

At this moment, those fragments continuously constructed new models in his mind.

Constructing, overturning, constructing again, overturning again!

Time passed day by day. In a twinkle, a month's time passed again.

Ye Yuan slowly opened his eyes, a glimmer of understanding flashed across his eyes.

Dustless's gaze turned intent, and he said in amazement, "You ... comprehended everything?"

Ye Yuan nodded with a slight smile and said, "Should be!"

Dustless was stunned and blurted out, "This ... How is this possible? A month's time and you comprehended it?"

Dustless was all too clear how difficult divine-grade Divine Essence Pill was to comprehend!

Even though the Divine Essence Pill was just the most basic divine pill, the refining difficulty was who knows how many times greater than the Dao Defying Pill.

Without the accumulation of time, wanting to thoroughly comprehend the Divine Essence Pill was impossible!

However, from Ye Yuan coming into contact with the Divine Essence Pill, merely less than three month's time had passed.

This kind of improvement speed was too terrifying!

Ye Yuan just smiled and started to set up the Lesser Divine Essence Formation.

Taking action this time was totally different from any situation in the past.

A measly eight pieces of divine essence stones seemingly transformed into tens of millions of Great Dao in Ye Yuan's hands, looking exceedingly profound.

Dustless's eyes stared until it went wide. He was finally certain that Ye Yuan was not bragging!

He really ... comprehended it!

This kind of comprehension was different from other alchemists hitting the jackpot and refining divine-grade divine pills, but Ye Yuan really understood the Dao of the Divine Essence Pill.

In the future, when Ye Yuan refined the Divine Essence Pill, the chances of reaching divine-grade was absolutely above 1%!

One should not underestimate this one percent. For ordinary alchemist, even an exceptionally powerful One-star Alchemy God, the chances of refining divine-grade Divine Essence Pills would not surpass 1% either. It could virtually be overlooked!

Furthermore, following Ye Yuan's understanding of Alchemy Dao becoming deeper and deeper, this chance would even become higher and higher.

The light faded away. A translucent Divine Essence Pill appeared before Ye Yuan's eyes.

A divine-grade Divine Essence Pill!

"You ... You really comprehended it! Freak! Truly too monstrous! Seven months! You only used seven months' time and comprehended the divine-grade Divine Essence Pill!" Dustless said, rather agitatedly.

Only at this time did he discover that he really underestimated Ye Yuan.

This guy was simply born for the sake of medicinal pills!

Solid foundation skills, heaven-defying comprehension abilities, terrifying talent, let him create a miracle!

Counting in the one month from before, Ye Yuan spent a total of one year and seven months in the World Suppressing Stele.

He used such a short time and refined the divine-grade Divine Essence Pill.

This was simply inconceivable!

One had to know that when Heavenly Empyrean Immortal Grove achieved this step back then, he also used a hundred year's time!

The time that Ye Yuan spent was only 1% of what Immortal Grove spent!

However, Ye Yuan did not have an overly surprised expression.

Seven months had already gone by. He was only left with five months' time!

Ye Yuan spent one year and seven months to comprehend the Divine Essence Pill. Then what about the Detoxification Pill, which was even harder than it?

No time to waste anymore!

"Senior, please teach me the refining method of the One-star Detoxification Pill." Ye Yuan said.

Dustless nodded. He also knew that time was pressing. Hence, he collected his mind very quickly and started narrating to Ye Yuan the medicinal properties of the spirit medicines.

The Detoxification Pill's divine rank spirit medicines had a total of seven kinds. This account of Dustless was ten days and ten nights!

The complexity of the seven kinds of spirit medicines far exceeded Ye Yuan's imaginations.

Ye Yuan finally knew why the Divine Essence Pill was the most basic divine pill.

However, Ye Yuan refining the Divine Essence Pill already laid down a solid foundation. He was no longer an ignorant person.

But the speed of Ye Yuan comprehending the Detoxification Pill was goodness knows how many times faster than the Divine Essence Pill.

When Dustless saw Ye Yuan's comprehension speed, he could not help being dumbfounded.

He followed Heavenly Empyrean Immortal Grove and commanded the wind and clouds in the Heavenspan World for aeons. The geniuses that he had seen were numerous like schools of carps crossing the river.

But he had never seen before someone's comprehension ability capable of reaching Ye Yuan's level.

Ye Yuan's alchemy talent could be described using frightening!

"Drawing parallels from inference! This kid's comprehension strength is simply inconceivable. Other people would spend even more time learning other medicinal pills after the Divine Essence Pill. But this boy actually became faster and faster! The Divine Essence Pill opened up the gates of divine pills for him. Now, he has already stepped onto a broad path, his future limitless! Given time, this boy's accomplishments in alchemy might not be incapable of surpassing Immortal Grove!" Dustless sighed emotionally.
