Chapter 1341: Terrifying Cultivation Method

“Chaos Heavenspan Canon?” Dustless mulled over this name and muttered, “Could it be that this cultivation method you created called down the Heavenspan Mountain? This ... This is impossible!”

Ye Yuan shrugged his shoulders and said, “Who cares. Either way, isn’t everybody fine right now? *Uh ...* Senior, how long was I in seclusion?”

“Over 300 years have already passed inside the World Suppressing Stele!”

Dustless was still somewhat shaken from shock at this time. Before Ye Yuan entered seclusion, he said that Ye Yuan needed at least several thousand years.

But now, Ye Yuan only used the outside world’s 30 years and created the Chaos Heavenspan Canon.

“Already been 30 years? I reckon that Tower Lord Yang they all are anxious again, right?” Ye Yuan said with a bitter smile.

Without his medicinal pills, for the Myriad Treasure Tower to want to stand out among the masses, it was really not too easy.

Ye Yuan was just planning on leaving seclusion but was stopped by Dustless.

“Hang on! Your current realm has already reached the peak of initial-stage Grotto Profound. It’s just one step away from being able to break through to middle-stage! This old man wants to see just how powerful this cultivation method you created is!” Dustless said.

He was currently full of doubts, very curious about this cultivation method Ye Yuan created.

What kind of cultivation method could trigger such a terrifying heaven and earth abnormal activity from the Heavenspan World?

Ye Yuan froze when he heard that and said, “What Senior says makes sense. It’s not late for me to leave seclusion after breaking through.”

Finished talking, Ye Yuan flicked his long sleeves. A pile of medicinal pills appeared before his eyes.

All of them were divine-grade Divine Essence Pills!

With Ye Yuan’s present strength, refining divine-grade Divine Essence Pills was not considered some remarkable thing anymore.

If outsiders saw Ye Yuan’s extravagant cultivation style, they would definitely curse him for being a wastrel.

Divine-grade Divine Essence Pills were hard to ask for in the outside world, with demand but no supply.

But Ye Yuan ate it like broad beans!

Actually, Ye Yuan was also very eager toward the Chaos Heavenspan Canon.

Although this cultivation method was created by him, this was just the cultivation method he derived from visualization based on the Lesser Heavenspan Mountain.

As for how the specific results were, even he was also uncertain himself.

Therefore, Ye Yuan started consuming a Divine Essence Pill and assaulted middle-stage Grotto Profound!

The medicinal pill entering the abdomen, Ye Yuan refined it according to the Chaos Heavenspan Canon he created.

Then Ye Yuan's expression suddenly changed!

"What wrong?" Dustless asked, rather nervously.

Ye Yuan himself also had astonishment written all over his face as he looked at Dustless and said, "Already refined!"

Dustless's eyeballs stared like wide-circles, and he said in disbelief, "What did you say? R-Refined? You're saying that you already refined the divine-grade Divine Essence Pill?"

Ye Yuan nodded his head, similarly incomparably shocked as he said, "Yeah. I just revolved the cultivation method, and the Divine Essence Pills were refined into a wisp of divine essence, entering the divine sea. *Mm?* hang on, the divine essence in my divine sea seems to have become lesser!"

With this, the two people were utterly bewildered.

Dustless also detected it. Just now, Ye Yuan was already just a step away from middle-stage Grotto Profound.

But in this blink of an eye, he actually became a long way off!

"What the hell kind of cultivation method did you create? This ... This is also too freakish, right?"

Even if Dustless had lots of experience and vast knowledge, it was also his first time encountering this kind of situation.

Ye Yuan suddenly said, "Senior, although the divine essence became less, I feel that my divine essence seems to be much purer!"

Dustless thought about it and said, "Try refining a Divine Essence Pill again."

Ye Yuan nodded his head and started doing as said.

As soon as the Chaos Heavenspan Canon revolved, the Divine Essence Pill was refined almost instantly!

One had to know that for ordinary martial artists, even if their cultivation method was a very heaven-defying cultivation method, refining a divine-grade Divine Essence Pill needed half a month to a month's effort too.

But Ye Yuan instantly refined it!

This kind of refining speed was simply inconceivable!

Ye Yuan discovered that the Divine Essence Pill he refined it, it could not stir up even a trace of wave when it entered his divine sea.

He simply grabbed three Divine Essence Pills and stuffed them into his mouth, urging the Chaos Heavenspan Canon once more.

Three pills were still too little.

Hence, Ye Yuan refined Divine Essence Pills one after another.

Very soon, his Divine Essence Pills were depleted fully.

Close to 60, 70 divine-grade Divine Essence Pills were eaten completely by him like jelly beans.

By the side, Dustless was just dumbstruck with amazement from watching.

He had never seen before someone cultivating like Ye Yuan.

Those were 60 to 70 Divine Essence Pills, if it were others, their divine sea would probably be stuffed till it burst.

“This ... This is simply a bottomless hole! You’re initial-stage Grotto Profound currently, and the expenditure is already so great. When your realm is high, then the resources expended can be extremely horrifying to describe!” Dustless sighed emotionally as he talked.

Ye Yuan looked at Dustless with a guileless look and said with a bitter smile, “Looks like I can only earn money non-stop. Otherwise, with my current appetite, it really can’t fill me up!”

Dustless suddenly said, “You sense your divine essence, see if there’s any changes or not?”

Ye Yuan nodded and said, “*En*, my divine essence seems to be way purer than before! Once I unleash martial techniques, the power should be able to increase several dozen percent!”

Dustless nodded and said, “Then that’s right! No wonder this cultivation method of yours was able to trigger heaven and earth abnormal activity, truly remarkable! I really didn’t think that you, this brat, actually have such a heaven-defying lucky chance!”

Regardless of whether it was the essence energy Ye Yuan cultivated in the past or the divine essence he cultivated now.

Martial artists’ cultivation methods were different, resulting in the purity of the divine essence within their bodies to be different as well.

The more inferior the cultivation method, the more impurities in the divine essence absorbed as well.

Once the cultivation time increased, the divine essence in the divine sea seemed to already be filled to the brim, but in reality, the impurities accumulated became more and more.

Once reading the cultivation bottleneck, the effect of these impurities would be infinitely amplified, affecting the martial artist’s breakthrough from there.

Some people were unable to break through a small bottleneck for all their lives. It was this reason!

Pure divine essence also had many benefits, such as greatly increasing the power of the martial techniques released, such as even greater battle endurance.

All in all, the benefits were too many to enumerate.

A powerful martial technique could allow multiplication of the martial artist's combat power.

But a cultivation method determined how far this martial artist could walk in the end!

If Ye Yuan cultivated Heavenly Empyrean Immortal Grove's cultivation method, then it would be absolutely impossible for his accomplishments to surpass Heavenly Empyrean Immortal Grove.

What Ye Yuan wanted was not just Empyrean or Heavenly Emperor Realm.

Regardless of whether or not there was a possibility of reaching the Dao Ancestor Realm, he had to give it a try!

Hence, that was why he thought of creating a cultivation method belonging to him.

Looking at it now, the effects were still pretty good.

"Looks like wanting to break through to middle-stage Grotto Profound, it still needs several hundred divine-grade Divine Essence Pills! Right now, the Divine Essence Pills are already depleted fully. got to go out and refine anew," Ye Yuan said helplessly.

According to this degree of consumption, it was simply unimaginable in the future.

...

When Ye Yuan showed up at the Myriad Treasure Tower, he discovered that inside the Myriad Treasure Tower, it was stark empty, the business seemingly very bleak.

This situation made Ye Yuan very surprised.

Even if his seclusion time was a little long, it was not to the extent of the Myriad Treasure Tower becoming like this either, right?

Before he came, the Myriad Treasure Tower even contended with the other three great families.

"Hong Yin, what's going on here? Why isn't there a single customer in the Myriad Treasure Tower?" Ye Yuan said to Hong Yin, who was currently snoozing.

Chapter 1342: Immortal Grove Shaken!

At the Immortal Grove World, currently, a storm was arising!

Traces of profound power were flowing between heaven and earth.

The already decrepit Fang Tian suddenly opened both eyes, his eyes revealing rays of brilliant light.

"Senior! Senior!"

Bang!

Fang Tian's door was directly burst open by someone from outside. Teng Yun's figure appeared in front of him.

It was only to see Teng Yun having a look of wild ecstasy as he said, "Senior, do ... do you feel it? *Hahaha*, we ... we're finally able to break through to the Deity Realm!"

Fang Tian smiled and said, "That's right! Divine Dao laws have finally returned! The Immortal Grove Region gained a new lease of life and came back to life! Most importantly, we've confirmed that Ye Yuan is still alive now!"

Just earlier, Fang Tian distinctly sensed that his realm that was unable to break through for several tens of thousands of years finally had a trace of loosening up!

Over the years, he had long already seen through the secular world and severed that trace of thought.

He never thought that right on his deathbed, the opportunity to become a deity actually descended upon him.

To Fang Tian, breaking through to the Deity Realm was just lightly striding out the distance of a small step.

This Immortal Grove Region, he was bound to be the first martial artist to break through to the Deity Realm!

Teng Yun said excitedly, "*Haha*, yes! Not only is Ye Yuan alive, but he's also living very well! Truly can't imagine, it's been less than 50 years, and he already regained Heavenly Dao for the Immortal Grove Region!"

Fang Tian had a look of relief and said, "Yeah. These few years, I've always been worried about Ye Yuan's safety and never thought about being able to break through to the Deity Realm. Ye Yuan really gave me a huge surprise!"

How could Fang Tian not be surprised?

Once he broke through to the Deity Realm, his longevity would increase greatly. Living another 50 thousand years was absolutely no issue.

More importantly, with his cultivation realm comprehensions, breaking through to the Heaven Glimpse Deity Realm was also something sooner or later!

At that time, his lifespan would still have an even greater increase!

Ye Yuan really gave him a massive gift!

Right at this time, a terrifying aura surged towards the sky. An overwhelmingly powerful divine beast pressure swept across the entire Law Enforcement Hall.

Fang Tian's brows raised up, and he said in surprise, "It's Senior Skydistant! Come, go out and take a look!"

Up above in the sky, an enormous black tortoise divine beast blocked out the sun and covered the sky. A horrifying pressure spread out for tens of thousands of miles.

“Hahaha ... Divine Dao laws finally returned! The thing that Heaven took away from me back then finally still came back! Hahaha ...”

Skydistant’s unbridled laughter was akin to waves of rolling thunder, rippling out, startling countless powerhouses.

To others, even if Heavenly Dao returned, it was also impossible for them to break through to the Deity Realm right away.

But Skydistant was originally a Deity Realm powerhouse. Heavenly Dao returning, he virtually returned to Deity Realm at the first moment.

Furthermore, it was grand completion Heaven Glimpse Deity Realm!

“White Light, it’s really great! Big Brother Yuan he ... he’s alright!”

The Li-er who had always been cool and quiet was also somewhat at a loss on what to do at this time.

These few decades, she was practically worrying about Ye Yuan every minute and second.

All the way until today, a large boulder in her heart finally landed.

White Light also had an excited look and said, *“Heh, we have to step up our cultivation. Otherwise, when we reach the Heavenspan World, we’ll be dragging Big Brother down again! Heavenly Dao returning anew, I believe Big Brother’s strength probably advanced by leaps and bounds in these few decades!”*

Li-er nodded her head, approving immensely in her heart.

These few decades, she really did not cultivate properly before.

Not that she did not want to, but that she was unable to calm her heart down all along.

Now, she wished that she could enter closed-seclusion straight away and cultivate, striving to break through to Deity Realm as soon as possible.

...

At the Godsfall Mountain Range, land of exile.

The ancestor here was the same as Skydistant, also returning to the Deity Realm.

“Jun-er, you really gave birth to a fine son! I truly didn’t expect that he actually really did it! Looks like ... him lifting the curse and letting the clansmen walk out of here is also just a matter of time!” said the ancestor.

But Ao Jun sighed slightly and said, *“It’s been hard on him these few years!”*

Ancestor smiled and said, *“You don’t let your imagination run wild now. Heavenly Dao returning, you have to cultivate well! When you break through to the Deity Realm, you’ll be able to resist a portion of the curse’s strength, your lifespan increasing greatly. Otherwise, when Yuan-er returns and discovers that his mother is already gone, wouldn’t he poke a hole in the sky?”*

Ao Jun giggled, being tickled by the ancestor too. Nodding, she smiled and said, "What Ancestor said is right. With his temper, he might really do that."

While at this time, Kunwu looked in the direction of the World Locking Gate and murmured, "That boy really made it there safely! However ... what on earth did he do there? It's just been 50 years, could it be that he already broke through to the Divine Lord Realm? That's impossible! *Sigh*, really envious of Dustless that old fart, to be able to follow there."

Logically speaking, Ye Yuan had to reach Divine Lord Realm before he could deliver Heavenly Dao and mystic qi to the Immortal Grove World through the two great empyrean spirit treasures.

But it had just been 50 years, and Ye Yuan did it.

Only 50 years to break through from initial-stage Grotto Profound to Divine Lord Realm, this was simply nonsense!

...

"*Ahh!* S-Sir Ye, you finally exited seclusion!"

Hong Yin was startled, only then realizing that it was Ye Yuan. She was extremely surprised.

"*Mm*, the closed-seclusion this time reached a critical moment, so the time was a bit long. What's wrong with the Myriad Treasure Tower, why isn't there a single customer in this hall?" Ye Yuan asked.

"Isn't it still the Wang Family! Ever since Sir took care of the Wang Family, they were very low-profile the first few years, low-key until they were almost non-existent anymore. But later on, they invited a Two-star Alchemy God from Brightraise City's main family, snatching away the Myriad Treasure Tower's glory all at once! These few years, our Myriad Treasure Tower was jointly suppressed by the City Lord Manor and Wang Family. We are already almost unable to hold on anymore," Hong Yin said urgently.

"Two-star Alchemy God? *Heh*, the Wang Family really played a big move, to actually even move out a Two-star Alchemy God! It looks like we were still too benevolent previously!" Ye Yuan said with a cold smile.

With Ye Yuan's temperament, after the incident last time, he would have destroyed the Wang Family.

However, Ye Yuan considered Jewelhill City's situation and knew that once he made a move against the Wang Family, the City Lord Manor would definitely have to intervene, so he let them off.

He Did not expect that they did not repent and correct their mistakes. It went from bad to worse instead.

"Sir Ye, that Two-star Alchemy God of theirs is very formidable. Not only did he push forth divine-grade Divine Essence Pills, he even rolled out heaven-grade Tier 1 middle-grade divine pills! They are trying to exterminate us once and for all!" Hong Yin said indignantly.

Inviting a Two-star Alchemy God already broke Jewelhill City's unspoken rules. The Myriad Treasure Tower naturally could not fend off.

Ye Yuan said curiously, "The Myriad Treasure Tower is Heavenly Emperor Myriad Treasure's business. Since the Wang Family invited a Two-star Alchemy God, why doesn't Tower Lord Yang invite a Two-star Alchemy God from the higher-ups?"

Hong Yin said helplessly when she heard this, "Sir doesn't know this. Our Myriad Treasure Tower is very weak in the entire Wu Meng Capital City area. Not only do we have to bear extremely heavy taxes, but there are also even all kinds of restrictions. Hence, Two-star and above Alchemy Gods are all scarce resources. Normally, they are all allocated to some larger counties. These few years, Tower Lord has also requested from them, but Jewelhill City, this kind of small place, the higher-ups simply just turned a blind eye and let us run our own course."

Chapter 1343: Essence Cultivating Pill

Although he had long guessed a little, the Myriad Treasure Tower being so miserable still made Ye Yuan very surprised.

The Myriad Treasure Tower was a Heavenly Emperor's business, to actually perform so miserably.

"So, we can only rely on our own efforts?" Ye Yuan said.

Hong Yin nodded helplessly and said, "It's this logic! But ... they have a Two-star Alchemy God! We can't win this battle, no matter what!"

Ye Yuan smiled and said, "A Two-star Alchemy God sounds impressive, but in Jewelhill City, those that can use up to Two-star divine pills, and can afford to use them, how many are there?"

Hong Yin said, "But the Wang Family's Tier 1 middle-grade divine pills' quality are all very high. They already squeezed us to the point of death."

Ye Yuan said with a nod, "En, Tier 1 middle-grade divine pills are indeed a problem. Looks like I'll have to break through earlier."

Hong Yin was stupefied, somewhat uncertain what it meant.

Ye Yuan said with a smile, "Alright, I'll go and meet Tower Lord. *Oh*, right, is Miss Wanru still alright?"

Mentioning Miss Wanru, Hong Yin smiled and said, "Couldn't be better! Miss Wanru's martial arts talent is really very incredible. Her strength already surpassed mine now!"

Ye Yuan's brows shot up, and he said, "She improved so quickly?"

Liang Wanru breaking through to the Deity Realm was also just a matter of these few decades. But Hong Yin was a Deity Realm powerhouse long ago.

In a short few decades, Liang Wanru surpassed Hong Yin. This kind of improvement speed could be described using terrifying.

Hong Yin suddenly changed to a wistful expression and said, "Yeah, I'm already no longer Wanru's match now! I say, Sir, you saved Wanru and also discarded her to one side without caring. It doesn't seem to be too good to her, right? Our Wanru thinks about you every day until she's infatuated!"

Ye Yuan was stunned when he heard that, shook his head, and said, "Don't talk nonsense. This Ye's heart is long committed already. I saved Miss Wanru just because she's my savior and didn't mix in the feelings of men and women."

Finished talking, Ye Yuan directly turned around and left, leaving Hong Yin behind with a bitter smile.

Ye Yuan felt his head swell too. His own affairs had yet to be sorted out, did not expect to leave behind a love debt again here.

It was just that Liang Wanru was his savior, Ye Yuan could not sit by idly and remain indifferent no matter what.

He owed Li-er and Mu Lingxue too much and could no longer accommodate others in his heart.

"Looks like I'll have to reduce contact with Miss Wanru in the future. Otherwise, she'll probably fall deeper and deeper," Ye Yuan muttered to himself helplessly.

...

When Yang Rui saw Ye Yuan, it was like seeing a bright light in the darkness.

"Oh my! Younger Brother Ye, if you still didn't leave seclusion, our Myriad Treasure Tower would have to close down shop for good!" Yang Rui pulled Ye Yuan and said.

Under this situation currently, Ye Yuan was his only hope.

Ye Yuan smiled and said, "Tower Lord need not worry. The Myriad Treasure Tower's matters, I've already learned from Hong Yin there."

Yang Rui's gaze glinted. At first it was a pleasant surprise. But very soon, it was doubt again as he said, "You really have a way? But ... it seems like there's still a very long way to go from the middle-stage Grotto Profound!"

Want to refine Tier 1 middle-grade divine pills, one naturally required their strength to reach the middle-grade Grotto Profound first.

The disparity between Deity Realm powerhouses was too great. Wanting to leap realms and refine divine pills, that was virtually something impossible.

After Ye Yuan cultivated the Chaos Heavenspan Canon, his realm did not increase, but fell instead, looking almost the same as before he went into closed-seclusion.

Therefore, Yang Rui expressed doubt toward Ye Yuan's words.

Ye Yuan smiled and said, "Tower Lord rest assured, you just send the word out. Our Myriad Treasure Tower is going to roll out a brand new Tier 1 divine pills. The effects are double compared to the Essence Increasing Pill, the price unchanged! Additionally, this kind of medicinal pill is available in all varieties, from low-grade to divine-grade!"

Every time Ye Yuan said a word, Yang Rui would be a degree shocked in his heart.

Essence Increasing Pill was a medicinal pill that middle-stage Grotto Profound used to cultivate. The medicinal efficacy was even greater than the Divine Essence Pill.

When martial artists took Divine Essence Pills until it had no more effect, they would normally choose to buy Essence Increasing Pills.

The journey of cultivation, without the assistance of medicinal pills, it was as hard as ascending to heaven.

Not many had Ye Yuan's heaven-defying means, to be able to refine divine-grade medicinal pills unceasingly.

Hence, they could only purchase higher-level medicinal pills.

Talking solely on medicinal effects, the medicinal effects of divine-grade Divine Essence Pills were about the same as high-grade Essence Increasing Pills.

However, divine-grade Divine Essence Pills were much more expensive than high-grade Essence Increasing Pills. The reason was that divine-grade medicinal pills could be consumed limitlessly.

It was just that to the vast majority of martial artists, divine-grade medicinal pills were just of little help.

Even if they could afford divine-grade Divine Essence Pills, it was also not possible to consume it long-term.

Therefore, divine-grade medicinal pills were generally just a gimmick. Those who really purchased them were actually not many.

After Wang Xuanfeng came to the Wang Family, he rolled out several kinds of heaven-grade Tier 1 middle-grade divine pills, which were naturally very popular.

Jewelhill City's alchemists purely had to hit the jackpot to refine heaven-grade divine pills.

But Ye Yuan actually said that he was going to launch a brand new kind of Tier 1 divine pills. This made Yang Rui shocked until his jaws dropped.

"Younger Brother Ye, you ... you can't joke around with me, right? D-Double the effect of the Essence Increasing Pill? Why have I never heard of such a medicinal pill before?"

Yang Rui felt that Ye Yuan must be joking.

Even in Wu Meng Capital City, the cultivation medicinal pills that middle-stage Grotto Profound used were also Essence Increasing Pills.

He had never heard before what kind of medicinal pill's medicinal properties was double that of the Essence Increasing Pill!

Furthermore, the price was even the same as the Essence Increasing Pill.

This was truly too fantastical.

Ye Yuan said with a smile, "It's also very normal for Tower Lord to not have heard of it before. This divine pill's name is called Essence Cultivating Pill. This Ye saw this medicinal pill in a very ancient classic

record. If Tower Lord feel worried about this Ye, then Tower Lord can also promote it again after waiting for this Ye to refine it.”

Ye Yuan giving Yang Rui a heads-up right now was naturally in order to garner eyeballs and let the Essence Cultivating Pill’s temperature heat up first.

This way, it was naturally beneficial to the Myriad Treasure Tower’s business.

If launching it after refining, they would naturally lose the initiative in terms of time.

Actually, this Essence Cultivating Pill was not what Ye Yuan saw in some records. It was not even taught to him by Dustless.

This Essence Cultivating Pill was a pill formula Ye Yuan created when he entered Dao with alchemy!

Ye Yuan never adhered rigidly to pill formulas when refining pills.

The majority of alchemists, when refining pills, all of them refined according to pill formulas, familiarizing with the medicinal properties through pill formulas.

But Ye Yuan’s focus was always on the spirit medicines, comprehending pills formulas with spirit medicines as the foundation.

If not for so, he would also be unable to create the Dao Defying Pill, that kind of heaven-defying pill formula.

When at the Immortal Grove Region, he already created numerous pill formulas.

Now, Ye Yuan entered Dao with alchemy, creating the Chaos Heavenspan Canon, this cultivation method, his understanding toward Alchemy Dao also became even deeper.

Coupled with that, he already fully grasped those several thousand kinds of Tier 1 spirit medicines’ medicinal properties, creating a few pill formulas was nothing much to Ye Yuan.

The Essence Cultivating Pill was one of them.

Yang Rui’s expression changed, and he hurriedly said, “Younger Brother Ye, this brother doesn’t mean that, don’t you misunderstood me! It’s just that Younger Brother’s words are too shocking, that’s why this brother would be so astonished.”

Ye Yuan smiled and said, “Tower Lord don’t have to stand on ceremony. For this Ye to be able to have today, it was all thanks to the Myriad Treasure Tower. This Ye isn’t someone who shows ingratitude for kindness, why would I get angry because of this small matter?”

Chapter 1344: Giving It to You

“Did you guys hear? The Myriad Treasure Tower already let out the word. They are going to launch a new kind of medicinal pill called ... called what again?”

“Essence Cultivating Pill!”

“Right, right, right! It’s Essence Cultivating Pill! Goodness gracious, it’s remarkable! I heard that this Essence Cultivating Pill’s medicinal effects are double that of the Essence Increasing Pill!”

“You believe that too? Do you think that it’s selling cabbages at the market? Do you know what kind of concept double is?”

“Makes sense. I reckon that it’s the Myriad Treasure Tower can’t sustain anymore, deliberately coming up with this gimmick to attract customers. Honestly speaking, our Jewelhill City’s Myriad Treasure Tower is indeed a little weak.”

“*Mm*, but in order to compete with the Myriad Treasure Tower, the Wang Family benefited us, these bottom-level martial artists. Whether or not the Myriad Treasure Tower can stir up any wave, we’ll just wait and see.”

...

The word that the Myriad Treasure Tower let out continued brewing in Jewelhill City.

But the majority of the people were not optimistic about the Myriad Treasure Tower.

Essence Cultivating Pill, this medicinal pill, nobody had heard of it before at all.

At least, within the entire Wu Meng Capital City’s area, no one had heard of such a heaven-defying medicinal pill before.

Even when Yang Rui heard Ye Yuan’s words, he had a look of disbelief, let alone these ordinary martial artists.

At the Wang Family’s residence, numerous high-level members were all scoffing at this matter.

“Elder Xuan, in your opinion, how great are the chances of the Myriad Treasure Tower being able to bring out this Essence Cultivating Pill?” Wang Su asked.

Wang Xuanfeng stroked his beard and smiled, saying disdainfully, “In my view, not even 10%! The Essence Increasing Pill’s formula has been circulated in the Heavenspan World for no less than a hundred million years. It had long been developed to the limits already. How can a medicinal pill even stronger than it possibly appear? Take ten thousand steps back, even if that kid really has the ability to defy the heavens and improve the pill formula, increasing 5% on top of the current foundation is already reaching the acme of perfection. Double the medicinal efficacy, *hur hur*, nonsense!”

Hearing Wang Xuanfeng’s words, the last trace of doubt in everyone’s hearts also dissipated into nothing.

“Since that’s the case, then it’s the Myriad Treasure Tower that’s at the end of its ropes?” Wang Yuxiang said.

Wang Xuanfeng smiled and said, “I think they should be failing already. All these years, they have probably reached the limit already.”

Wang Xuanfeng’s words made everyone heaved a long sigh of relief.

This fierce battle that had lasted for close to 30 years could finally end.

Finally, it still ended with the Myriad Treasure Tower's defeat.

Wang Yuxiang said joyfully, "Squeezing away the Myriad Treasure Tower, it was all thanks to Sir Su and Elder Xuan! Once the Myriad Treasure Tower leaves, Sir Su and Elder Xuan's cultivation resources will be fully covered by Jewelhill City's branch family!"

"*Huhu*, Elder Yuxiang don't need to be courteous, Jewelhill City's branch family and Brightraise City's main family are of the same breath and branch, bound together for good or ill," Wang Su said with a laugh.

Wang Yuxiang was slightly fearful in his heart, secretly alarmed by this Wang Su's experience and cunningness.

These words sounded like it was refusing, and also like accepting, leaving you scratching your head. It was equivalent to not saying anything.

But not saying was equivalent to saying it.

Brightraise City's main family's young generation, the competition was very fierce too.

For Wang Su to want to charge out of the heavy encirclement, it inevitably could not dispense with the support of resources from all around.

Therefore, saying these words were actually equivalent to accepting Jewelhill City's branch family's drawing closer.

Wang Yuxiang was a figure who became shrewd with age as well. He naturally would not fail to discern the meaning of Wang Su's words.

"Sir Su, Elder Xuan, once the Myriad Treasure Tower falls, our Jewelhill City branch family's grudge can be avenged!" A glimmer of cold light flashed across in Wang Yuxiang's eyes.

Wang Xuanfeng smiled and said, "That is, of course! That kid is merely a guest alchemist. With the two of us around, Yang Rui won't dare to be impudent too."

Once the Myriad Treasure Tower withdrew, Ye Yuan would be a rootless duckweed.

How he was to be kneaded, wasn't it still up to others?

The Wang Family had two mighty Heaven Glimpse Deity Realm powerhouses. Wasn't dealing with a Ye Yuan capturing with ease?

...

Half a month later, Ye Yuan exited seclusion.

When Yang Rui saw Ye Yuan, he could not help jumping in fright, an expression like having seen a ghost.

"You ... How did you break through?"

Half a month ago, Ye Yuan was clearly still a long way off from middle-stage Grotto Profound.

Half a month later, he broke through?

This kind of speed was also a little too fast, right?

Ordinary martial artists cultivating, from initial-stage Grotto Profound to middle-stage Grotto Profound, it needed several thousand years no matter what.

Even geniuses with exceedingly good talent, extremely powerful cultivation methods, under the accumulation of large quantities of medicinal pills, it also needed to expend several hundred year's time.

Before leaving seclusion the last time, Ye Yuan's cultivation speed was not so astonishing yet.

But this time, it was truly a bit too fast.

Breaking through in 15 days, could it be that there was no bottleneck?

Ye Yuan smiled and said, "Had some enlightenment during the previous closed-seclusion. The closed-seclusion this time, broke through the bottleneck in one shot. Tower Lord knows it. Not only do I have divine-grade Divine Essence Pills on me, but also there are even divine-grade Essence Cultivating Pills."

Yang Rui trembled all over, and he said in surprise, "You really refined the Essence Cultivating Pill?"

Ye Yuan laughed and said, "Could it be that tower lord really thought that I was joking with you? You look!"

A small medicinal bottle appeared in Ye Yuan's hand. Upon opening, medicinal fragrance overflowed.

Such plentiful medicinal strength!

Yang Rui received the medicinal pill with pleasant surprise and examined it carefully.

When laying eyes on this Essence Cultivating Pill for the first time, Yang Rui was incomparably certain in his heart that the Myriad Treasure Tower would survive!

Even though it was impossible to judge the strength of the medicinal strength from the appearance, that abundant medicinal strength filled him with confidence.

"Younger Brother, can ... can I try it?" Yang Rui asked with some agitation.

Ye Yuan smiled and said, "Of course you can!"

Yang Rui sent the medicinal pill into his mouth with a slight fluster. Once the medicinal entered the mouth, a surge of majestic medicinal strength instantly filled the whole body.

He clearly felt his divine essence that had not moved for a long time actually have a slight trace of increase!

This discovery made Yang Rui incomparably shocked.

Logically speaking, with his realm, this level of medicinal pill was already completely useless to him.

Even if Ye Yuan claimed that this medicinal pill's medicinal efficacy was double of the Essence Increasing Pill!

But that sort of feeling absolutely would not be wrong.

His divine essence really had a slight trace of increase!

When the Su Linpu by the side saw that the expression on Yang Rui's face was extremely fascinating, he could not resist asking, "How is it, Tower Lord?"

Yang Rui ignored him, but turned towards Ye Yuan with a look of wild ecstasy and said, "Younger Brother Ye, you're really exceptional! I can be sure that as soon as this medicinal pill is rolled out, probably the entire Heavenspan World will go crazy because of it! This Essence Cultivating Pill truly brings benefits to the entire Heavenspan World's bottom-level martial artists!"

Su Linpu's expression changed, sighing with amazement.

The weight of Yang Rui's words were too heavy!

Benefiting the entire Heavenspan World, it could be seen that this medicinal pill was absolutely heaven-defying to the max.

This evaluation was too high!

But Ye Yuan smiled and fished out a jade slip, saying with a smile, "This is the Essence Cultivating Pill's pill formula, I'll give it to Tower Lord. These few years, this Ye received the Myriad Treasure Tower's great grace. I have nothing to repay it with. I'll use this Essence Cultivating Pill's pill formula as payment."

Yang Rui's entire body trembled, using an extremely skeptical gaze to look at Ye Yuan and said, "Younger Brother Ye, you ... you aren't joking, right? Do you really not know what this Essence Cultivating Pill means?"

Ye Yuan smiled and said, "It's precisely because I know it. Hence, that's why I'm giving it to Tower Lord."

Chapter 1345: Sold Out

Yang Rui gave Ye Yuan a profound glance and found that Ye Yuan was currently looking at him with a smile.

He was startled inwardly and understood very quickly why Ye Yuan did it.

This boy has such meticulous thoughts. Gifting pill formula, this move is simply beautiful to the extreme! Yang Rui praised Ye Yuan in his heart.

Even Yang Rui could discern the significance of this pill formula, so how could the others not perceive it?

Once this Essence Cultivating Pill spread out, it would definitely be like a plague, spreading throughout the entire Heavenspan World.

That way, the Essence Cultivating Pill was not only not a good thing to Ye Yuan, but it also became a hot potato instead.

So much so that it would invite a fatal disaster.

But, if the Myriad Treasure Tower possessed the Essence Cultivating Pill's pill formula, it was completely different.

The Myriad Treasure Tower was Heavenly Emperor Myriad Treasure's business. People who dared to have ideas on his business were really not many.

Even those true powerhouses would not find trouble with Heavenly Emperor Myriad Treasure because of a measly little Tier 1 middle-grade pill formula either.

This first point was Ye Yuan's wise and discreet self-preserving move.

The second point, just as Ye Yuan said himself, it was in order to repay the kindness.

It was just that this big gift was a little too heavy.

Once the Essence Cultivating Pill is released, the Myriad Treasure Tower would definitely be able to sweep across Jewelhill City like crushing dead leaves.

And Yang Rui contributing the pill formula to the Myriad Treasure Tower would definitely obtain the upper echelons' substantial rewards.

This favor could not be said to not be big!

Of course, Yang Rui understood that if it was in order to keep discreetly out of harm's way, Ye Yuan could completely not take this pill formula out.

As long as he did not take it out, everything had nothing to do with Ye Yuan.

This way, it was sufficient to see that Ye Yuan was someone who valued relationships greatly.

He only took out such a bombshell in order to save the Myriad Treasure Tower.

Yang Rui sucked in a deep breath and said, "Younger Brother Ye, I understand! In the future, we'll address each other as brothers. This favor, Elder Brother, I, received it!"

Ye Yuan smiled and said, "Then I'll be haughty and call Brother Yang. Brother Yang, this Essence Cultivating Pill's refinement is rather difficult. If Elder Song has any areas he doesn't understand, you can have him come find me."

Yang Rui nodded and said, "Okay, no problem."

Elder Song was the new One-star Alchemy God that upstairs sent.

It was just that after he came, it did not change the Myriad Treasure Tower's predicament at all.

...

"F*ck me, came late again! You bunch of animals, it's also too early, right?"

"The Myriad Treasure Tower is going to release another batch of Essence Cultivating Pill today. Not coming earlier, can't even drink a mouthful of soup."

"Damn it, I'll give you 50 divine essence stones, you give your place to me, how's that?"

“Screw off! Want to buy my place with just 50 divine essence stones? 500, not a single piece fewer! Furthermore, after you buy the Essence Cultivating Pill, you must share with me one, I’ll buy at the original price!”

“Go to hell, you!”

...

As soon as the Essence Cultivating Pill rolled out, it was immediately like a tornado, instantly sweeping across the entire Jewelhill City.

The Myriad Treasure Tower’s door was almost burst open.

Ye Yuan made use of that half a month’s time and refined a large batch of Essence Cultivating Pills.

The rest, he did not care.

In operations, Yang Rui and Su Linpu were clearly much more experienced than him.

The two people formulated a series of promotion tricks, recruiting three groups of martial artists outside to test the pill for free.

In the first batch, quite a number of people harbored doubtful attitudes. Those who really came to test the pill were not many.

But it was precisely after this first batch of people tested the pill, the Essence Cultivating Pill’s reputation blew up in one go!

The Essence Cultivating Pill was a brand new kind of medicinal pill. Consuming this medicinal pill the first time, the effects were the most apparent.

Even though everyone doubted the Essence Cultivating Pill’s medicinal effects, the people who paid attention were a lot.

After all, the Myriad Treasure Tower already let out the big talk.

But after the few people testing the pill consumed the Essence Cultivating Pill, the results were immediate, their auras surging immensely on the spot.

This kind of effect was absolutely what the Essence Increasing Pill could not attain.

The people who tested the pills were like having picked up a treasure, all incomparably excited.

With this, it stirred up everyone’s appetite.

Hence, the slots for the second batch and third batch of pill testing, everyone went crazy.

Someone auctioned it off at a high price when they obtained the slot to test the pills.

It was said that the highest price was auctioned at 10 thousand pieces of low-grade divine essence stones!

After three batches of pill testing, the Myriad Treasure Tower’s sales immediately became explosive to the max.

A never-before explosive!

Same price, but medicinal effect was double of the Essence Increasing Pill, who would still go and buy the Essence Increasing Pill?

Hence, not just the Wang Family, inside the Lu Family and Lin Family's shops, it virtually became completely deserted overnight.

Wang Family, everyone all became ants on a hot pan, all going in circles anxiously.

"Elder Xuan, didn't you say that it was absolutely impossible for the Essence Cultivating Pill to exist? Now, we don't have any response measures at all, and are very passive!" Wang Su grumbled.

Wang Xuanfeng's face was also very ugly. Of course, even more, it was an embarrassment.

He said with certainty previously, declaring that it was absolutely impossible for the Myriad Treasure Tower to refine whatever Essence Cultivating Pill.

Now, this face was smacked resoundingly loud!

In reality, Wang Su knew that even if the Wang Family responded in advance, facing the Essence Cultivating Pill's powerful offensive, they were still at a complete loss as to what to do.

"This can't blame me either! Do you all know what this Essence Cultivating Pill's appearance means?" Wang Xuanfeng said.

"It means that our Jewelhill City's branch family can't hold on anymore!" Wang Su said crossly

These few decades, in order to challenge the Myriad Treasure Tower, the Wang Family's expenditures were tremendous too.

They were originally planning on dominating Jewelhill City after exhausting the Myriad Treasure Tower to death.

But they did not expect that they did not exhaust the Myriad Treasure Tower to death, but instead, let the Myriad Treasure Tower deal a head-on blow!

This blow was too vicious. It might directly smack them to death.

Wang Xuanfeng smiled coldly and said, "Foolish! Wang Su, your horizons are too shallow! How can you take on major responsibilities in the future? In my view, this Essence Cultivating Pill's appearance is going to affect the entire Heavenspan World! Heavenly Emperor Myriad Treasure will make use of this medicinal pill to amass countless riches!"

Wang Su smiled coldly and said, "Heh, Elder Su, do you think I haven't considered this point? It's just, do you feel that that boy named Ye Yuan will hand over the pill formula? This pill formula's value simply can't be estimated! Facing such huge profits, who would easily spit it out?"

Wang Xuanfeng froze. He did not think of this layer.

Wang Su looked at Wang Xuanfeng and continued: “Therefore, this kid is digging his own grave! Don’t look at how they are rejoicing right now. Before long, that boy and the Myriad Treasure Tower will definitely lose all decorum! When the time comes, *heh heh!*”

Hearing Wang Su’s analysis made Wang Xuanfeng and the rest kindle hope once more.

Wang Yuxiang said, “Then Sir Su’s meaning is ... we continue to hold, hold until they fall out?”

Wang Su nodded his head and said, “That’s right!”

Wang Yuxiang’s expression was ugly as he said, “But our Jewelhill City’s branch family can’t compete with the Myriad Treasure Tower’s vast wealth after all. These few years, we’ve already depleted all of our resources. Continuing to stall, I’m afraid that the Myriad Treasure Tower hasn’t fallen, and our Wang Family will collapse first!”

Wang Su had stayed in Jewelhill City for several decades and naturally had an understanding of the Wang Family’s financial resources.

He thought about it and said, “These two days, I’ll ask for help from the main family, have them support Jewelhill City’s branch family! The war is already fought until now, just see who can last longer!”

Chapter 1346: A Lucky Chance

“Elder Feng, how is it? You refined it?”

The one asking was Wu Meng Capital City’s Myriad Treasure Tower’s Han Tian. The old man opposite him was the Myriad Treasure Tower’s chief alchemist, Three-star Alchemy Master, Xiao Feng.

Xiao Feng shook his head and said with a bitter smile, “This old man has cultivated Alchemy Dao for tens of thousands of years. I’ve never thought that I actually can’t even refine a Tier 1 middle-grade divine pill!”

Han Tian’s shock was by no means insignificant, and he said, “Failed? This ... This isn’t possible, right? A mere Tier 1 middle-grade divine pill, even you, this peak Three-star Alchemy God, actually can’t refine it?”

Half a month ago, Han Tian received the Essence Cultivating Pill’s pill formula that Jewelhill City’s Myriad Treasure Tower transported over through back channels.

After receiving Yang Rui’s intel, Han Tian immediately realized a huge business opportunity.

Hence, he started mobilizing Wu Meng Capital City’s Myriad Treasure Tower’s alchemists and started refining the Essence Cultivating Pill according to the pill formula.

But he discovered very quickly that he was too naive!

Although the Myriad Treasure Tower was short on manpower, there were still some Two-star Alchemy Gods.

But among these Two-star Alchemy Gods, there was actually not a single person capable of refining the Essence Cultivating Pill.

In amazement, Han Tian found a Three-star Alchemy God to refine. The result was still the same!

In the end, Han Tian, who was out of options, finally engaged Three-star Alchemy God, Xiao Feng.

But what astonished him was that even Xiao Feng actually failed!

Was this Essence Cultivating Pill so hard to refine?

Xiao Feng let out a sigh and said, "This pill formula seizes the good fortune of heaven and earth. If without extremely deep comprehensions toward Alchemy Dao, it's impossible to refine one. This old man ... is still lacking some level of attainment."

Actually, he was already very close to success. It was just too bad that no matter what, he could not break through that final checkpoint.

When Han Tian heard these words, he could not help losing heart.

When he just obtained the Essence Cultivating Pill's pill formula, he even thought that he picked up a treasure. But looking at it now, it was purely of little value.

If it could not be refined, what could be done even if this pill formula was any more impressive?

"I didn't expect that it was actually drawing water with a sieve! *Sigh* ..." Han Tian said helplessly.

Xiao Feng thought about it and said, "Tower Lord, I have an idea."

Han Tian said listlessly, "What idea Elder Feng has, feel free to say."

Xiao Feng said, "I wish to make a trip to Jewelhill City!"

Han Tian froze and hurriedly shook his head and said, "This isn't appropriate, right? Elder Feng, your status is exalted. How can you condescend your exalted self to that kind of secular place? You want to meet that guest alchemist called Ye Yuan, right? If you wish to meet, I'll just send people to fetch him here."

To them, Jewelhill City, this sort of place was not worth them heading there at all.

But Xiao Feng shook his head and said, "That's not right, Tower Lord! As it goes: those who reached first can teach. Since that Ye Yuan already refined the Essence Cultivating Pill, it indicates that his understanding of alchemy must be deeper than mine! At least on the refinement of Tier 1 divine pills, I'm inferior to him! This kind of figure is bound to surpass this old man in the future, we should give him adequate courtesy! Such a genius, once employed by our Myriad Treasure Tower, he'll definitely be a pillar of the Myriad Treasure Tower in the future!"

Han Tian thought about it and said with a nod, "Elder Feng's words make sense. Then ... I'll have to trouble Elder Feng to make a trip! If possible, you must bring him to Wu Meng Capital City!"

Xiao Feng said, "*Huhu*, not a trouble at all! I have a feeling that perhaps ... this trip is a lucky chance for me."

...

Half a year's time passed in a twinkle since the Myriad Treasure Tower launched the Essence Cultivating Pill.

In this half a year's time, the shops of Wang Family, Lin Family, and Lu Family were all completely devoid of people.

The launch of the Essence Cultivating Pill was a virtually catastrophic blow to them.

The Lin Family and Lu Family were still a little better. But the Wang Family was already spending more than they earned.

The Myriad Treasure Tower and Ye Yuan's split that Wang Su said with certainty, they kept failing to see it.

This half a year's time, Ye Yuan spent it very cozily.

Apart from refining a batch of Essence Cultivating Pill every day, it was cultivating inside the World Suppressing Stele's space, comprehending concepts.

This half a year also made Yang Rui crazy with delight.

The Myriad Treasure Tower could be described with the saying bringing in bushels of gold daily!

Every day, Yang Rui was immersed in the midst of shock.

He had a score in his heart, the divine essence stones that the Myriad Treasure Tower earned in this half a year could virtually be placed in the same category as Brightraise City, that kind of large county.

Finally, the Wang Family could not sit still anymore.

At this time, Wang Su was currently at Jewelhill City's City Lord Manor.

"*Huhu*, Younger Brother Wang Su, how have you been! I heard that your brother, Wang Song, already broke through to late-stage Heaven Glimpse, right?" City Lord Chen Yongnian said with a laugh.

Wang Su smiled and said, "Brother Chen's intel is very up to date! His breakthrough was also a thing of last year."

Chen Yongnian said with an envious look, "Wang Song's talent is exceedingly high and also has the Wang Family as a backer. Unlike us impoverished people, we have got to be busy with secular affairs every day!"

Wang Su smiled and said, "Brother Chen, you're the lord of a city, wielding great power in your hands. Other people are all too envious!"

Chen Yongnian chuckled and said, "Younger Brother Wang Su coming this time, it's not for no reason, right?"

Wang Su silently cursed this sly old fox, but he still had a smile on his face as he said, "That is, of course, But ... the matter of cultivation, Brother Chen doesn't have to worry either. As long as Jewelhill City's Wang Family pulls through this crisis, Brother Chen's cultivation will be covered by Elder Yuxiang, don't ... you agree?"

Wang Yuxiang by the side hurriedly said, "That is, of course! In the past, it was our Wang Family who couldn't do it. We hope that City Lord, Your Excellency, is magnanimous enough to forgive us. This time, our Wang Family prepared a slight gift, just take it as an apology."

Wang Yuxiang's heart was dripping blood. Even if the Wang Family tides over this disaster, the largest share of their income in the future would probably have to be used to pay tributes.

Wang Su, Wang Xuanfeng, and now, throwing in another Chen Yongnian, this expenditure was too great.

Grotto Profound Deity Realm martial artists were still a little better. But Wang Xuanfeng and Chen Yongnian were both Heaven Glimpse Deity Realm martial artists.

Their expenditure, to the Wang Family, the pressure was still huge.

But compared to the Wang Family collapsing entirely, clearly this result, he could still accept.

All of this was brought by Ye Yuan that punk.

Wang Yuxiang had long hated Ye Yuan to the bones in his heart.

This Chen Yongnian was Wu Meng Academy's same-year students with Wang Su's elder brother, Wang Song.

Wu Meng Academy was Wu Meng Capital City's government-managed school.

The students that graduated from here were mostly dukes or princes of a region, representing the various major counties managed by Wu Meng Capital City.

After the two people came out of Wu Meng Academy, one came to the remote Jewelhill City to be city lord, while the other became deputy city lord at Brightraise City.

Although one was head and one was deputy, because the cities were different, their statuses were naturally different too.

Wang Song, this deputy city lord, had a higher position and more authority compared to Chen Yongnian, this city lord.

Furthermore, Wang Song broke through to the late-stage Heaven Glimpse first. Later on, he might even be placed in an important position in Wu Meng Capital City.

To talk about this Chen Yongnian, he was also an extremely shrewd and wily old fox.

The Myriad Treasure Tower and Wang Family's struggle, he naturally took it into his sights. But bade his time all along, waiting for the Wang Family to come and find him.

Now, the Wang Family indeed could not hold on anymore.

Even though he was the city lord, the various major families' taxes, he had to turn it over to higher authorities. The City Lord Manor still had enormous expenditures. What he could have from the leftover was naturally not much.

Hence, that was why he would use this kind of method to make the Wang Family take the initiative to pay tributes to him.

These were filling his own pockets.

“Huhu, Elder Yuxiang is too courteous. You all coming to find this city lord this time, is it because of the Myriad Treasure Tower’s matters?” Only now did Chen Yongnian lay his cards on the table.

Chapter 1347: You Don’t Say, How Would I Know?

“A banquet with hidden dangers! Ye Yuan, this banquet, you mustn’t go!” Yang Rui said solemnly.

At this time, Yang Rui and Ye Yuan both received an invitation in their hands.

These two invitations were issued by City Lord Manor.

The four families fought for so long, City Lord Manor had always remained silent.

This time, they were finally making a move.

It was just that Ye Yuan received an invitation too. This made Yang Rui very uneasy.

Ye Yuan smiled and said, *“Just go. Why shouldn’t I go? They are aiming at the Essence Cultivating Pill. If I don’t go, this matter will probably never end.”*

Yang Rui naturally knew that they were aiming at the Essence Cultivating Pill. But if Ye Yuan went, he felt uneasy.

Those going this time were all experts. He could not protect Ye Yuan by himself.

“I know, but ... I’m afraid that this invitation will be detrimental to you!” Yang Rui said.

“No way, right? This time, it’s the city lord coming forward personally. No matter how courageous their few families are, they also don’t dare to act wildly in front of the city lord, right?” Ye Yuan said puzzledly.

Yang Rui sighed and said, *“You don’t know this. That Wang Su, who came from the Wang Family’s main family, his elder brother came out of Wu Meng Academy with City Lord Chen Yongnian. Before you exited seclusion, the City Lord Manor actually suppressed us directly and indirectly, the intentions are already very obvious.”*

Ye Yuan’s brows raised up, and he said, *“You’re saying that they are acting in collusion, all targeting us?”*

Yang Rui nodded and said, *“If barring no accidents, it should be so! Hence, for the sake of your safety, you’d better not go!”*

The complexity of Jewelhill City’s situation exceeded Ye Yuan’s expectations.

However, this could not scare him.

Ye Yuan smiled and said, *“Since they are already riding on top of our heads, we can’t avoid it no matter what. Not going today, they will always have a way to come and find trouble again. Rather than that, might as well take this opportunity, everybody lay it out on the table, that’s better.”*

Yang Rui said anxiously, "Goodness, why are you so obstinate? That City Lord Chen Yongnian is a middle-stage Heaven Glimpse powerhouse. Once he steels his heart to deal with you, I can't stop him!"

Ye Yuan chuckled and said, "Tower Lord is overly concerned. Even if they have that layer of relationship, I think the city lord won't make a move without careful consideration too. After all, his identity is placed there."

...

Unable to persuade Ye Yuan, Yang Rui still brought him over.

He could only place his hopes that Chen Yongnian could have misgivings about the Myriad Treasure Tower's prestige and not dare to make a move against Ye Yuan.

The City Lord Manor's main hall was very large. The banquet was very sumptuous too.

That young city lord on the seat of honor also wore a broad smile. He looked like he had a good relationship with everyone.

It was only after three rounds of drinking had passed did Chen Yongnian bring up the topic.

"Thank you all for giving this city lord this face, to be able to come to the City Lord Manor and get together. Everyone, all present here are my Jewelhill City's pillars of strength. Everyone says that if enmity is not settled amicably, there is no end to it, doesn't everyone agree?"

Chen Yongnian's gaze swept over everyone's faces one by one. Everyone immediately felt immense pressure.

Even Yang Rui felt tremendous pressure too.

"City Lord, Your Excellency, is right!" Lu Family's old head said with a smile.

"That's right, that's right! Everyone says that amiability brings wealth, *haha ...*" Lin Family's old head also concurred.

But Wang Su smiled faintly and said, "What Brother Chen says is right. Jewelhill City is everybody's, not one family's. It's not good to be overbearing!"

Chen Yongnian looked towards Yang Rui and said with a smile, "Tower Lord Yang, what say you?"

Yang Rui's expression was rather ugly as he smiled slightly awkwardly and said, "This ..."

He was very reluctant. When the Myriad Treasure Tower was about to go out of business back then, why didn't you, Chen Yongnian, say so?

Now that the Wang Family was collapsing, you came forward to posture?

Except, the pressure that Chen Yongnian gave him was too great. He had no choice but to lower his head.

Strength was one aspect, more importantly, what Chen Yongnian represented was Wu Meng Capital City!

Yang Rui's words reached the tip of his tongue, but he was interrupted by Ye Yuan.

"Uh ... delicious! Too delicious! *Tsk tsk*, City Lord Manor is indeed not an ordinary place. The taste of this dish is excellent!" Ye Yuan smacked his lips, enjoying it greatly.

In this situation, the Lin Family's family head, Lin Zaitian, Lu Family's Lu Jinghao, as well as Wang Lingbo, could only stand at one side.

But Ye Yuan was sitting carelessly to Yang Rui's right, eating and drinking to his heart's content.

Chen Yongnian's brows furrowed, his gaze sweeping towards Ye Yuan. But Ye Yuan directly ignored him and only cared about his eating.

Chen Yongnian felt his fist land on cotton, feeling very uncomfortable.

Even the initial-stage Heaven Glimpse Yang Rui yielded, this punk actually deliberately came out to cause trouble.

"Ye Yuan, could it be that ... you have objections towards this city lord's words?" Chen Yongnian said with a frown.

It was only after hearing his name being called did Ye Yuan raise his head. He looked towards Chen Yongnian, saying with a blank look, "*Mm?* City Lord, Your Excellency, did you say something just now? Your dishes are too delicious, I didn't hear!"

Pretend!

Carry on feigning!

When he spoke just now, the entire main hall could hear, he did not believe that Ye Yuan could not hear it!

But, got to say, Ye Yuan was a very crucial figure today.

Otherwise, he would not specially give him a seat either.

Chen Yongnian reined in his temper and said, "This city lord said earlier, everyone is in the same city and meet frequently. If enmity is not settled amicably, there is no end to it! Don't you say so?"

Ye Yuan was thrilled the moment he heard and said with a smile, "Enemy? Who's the enemy? My enemy¹ is Drunken Wind Inn's Little Red. Could it be that City Lord knows this Ye likes this and called her here too?"

Drunken Wind Inn was Jewelhill City's largest brothel. This, Ye Yuan still knew. But Little Red was him talking nonsense.

Chen Yongnian was nearly angered until he had internal injuries. This guy was clearly inserting dialogue for comic relief on purpose.

Yang Rui sweated profusely as he listened by the side, while Wang Su and the rest had gloating faces.

Offending the city lord in Jewelhill City was not some wise move.

Chen Yongnian gave a cold snort, but said to Yang Rui, "Tower Lord Yang, this city lord only hosted this banquet on account of everybody's contributions to Jewelhill City for many years, and let everyone bury the hatchet! Is this your Myriad Treasure Tower's attitude?"

This cold snort, Chen Yongnian used the aura of middle-stage Heaven Glimpse. The impetus was very shocking.

Yang Rui's expression changed, and he was just about to speak but was intercepted by Ye Yuan, who said, "*Haha*, turns out what City Lord is talking about is this! Say it earlier! You don't say, how would I know? Burying the hatchet is good, I wonder what brilliant idea City Lord, Your Excellency, has?"

Chen Yongnian was just about to suppress Yang Rui with ruthless means and force him to submit. But having Ye Yuan cause a disturbance like this, he almost spewed out a mouthful of old blood.

Ye Yuan brought him around a roundabout and circled back again. Wasn't this messing with him?

However, Chen Yongnian did not wish to make things too unpleasant either. It was true that he was targeting the Myriad Treasure Tower today, but he would try his best not to make a move to the best of his ability.

To actually employing martial strength was a problem too.

After all, the Myriad Treasure Tower was not to be trifled with as well.

This was a Heavenly Emperor powerhouse's business!

Chen Yongnian endured his anger, snorted coldly, and slowly said, "I have an idea. Everyone, we discuss it a bit, see if it works or not. Tower Lord, if there's money to make, everybody should earn them together. Don't you think so? Your Myriad Treasure Tower's Essence Cultivating Pill is too tyrannical. This way, everybody doesn't have means of subsistence anymore. Why not you all take out the Essence Cultivating Pill's selling rights and share some with the Wang, Lin, and Lu, three families!"

Chapter 1348: The Greatest Benevolence

"Bullying people too far!"

The moment Chen Yongnian's voice faded, Yang Rui quickly stood up, with a look of unrestrained rage.

This request was seriously too much!

Today, this was clearly a treacherous plot. Chen Yongnian brought the three great families to force an abdication.

"Tower Lord Yang, don't get agitated! Sit down, sit down and talk! Mm?"

Seeing Yang Rui did not sit down, a surge of powerful aura released from Chen Yongnian's body, oppressing Yang Rui.

In an instant, Yang Rui felt immense pressure.

The strength of middle-stage Heaven Glimpse was much stronger than initial-stage Heaven Glimpse.

Yang Rui did not have any leeway to resist in front of him at all.

Just as Yang Rui could not bear the pressure and was about to plop his bottom down, Ye Yuan slowly stood up.

A wave of faintly discernible aura slowly rose. Chen Yongnian's face changed, his gaze looking towards Ye Yuan with astonishment.

This aura of Ye Yuan's was not cultivation realm suppression, but ... contained a kind of Dao concept!

Under Ye Yuan's surge of aura, Chen Yongnian's aura actually had a feeling of imminent collapse.

Chen Yongnian was greatly astonished. If the standoff continued, his Dao heart would collapse!

Chen Yongnian withdrew his aura, the pressure on Yang Rui's body suddenly eased up.

But his gaze turned toward Ye Yuan in astonishment.

"City Lord, Your Excellency, things can be talked through. Overwhelming people with power like this isn't good, right?" Ye Yuan said with a faint smile.

Everyone all looked at Ye Yuan with a solemn look. A middle-stage Grotto Profound actually made a middle-stage Heaven Glimpse's aura give a wide berth?

This was truly too outrageous to hear!

Ye Yuan's aura originated from the Lesser Heavenspan Mountain.

It also originated from the Chaos Heavenspan Canon!

Ye Yuan's cultivation method was a terrifying existence that triggered the entire Heavenspan World's abnormal activity.

Using cultivation realm pressure in front of him, wasn't it looking for a pummeling?

"This city lord making him sit down, isn't it in order to discuss properly? It was Tower Lord Yang who got agitated on his own! This city lord convened everyone together in order to discuss a good countermeasure!" Chen Yongnian found a way out for himself.

However, this could not conceal his inner shock.

Only then did he know that this middle-stage Grotto Profound boy in front of him seemed to be even more troublesome than Yang Rui!

Ye Yuan gave Yang Rui a look, motioning for him to sit down. He then smiled and said, "City Lord, Your Excellency, don't blame this Ye for saying unpleasant things. It's truly that you're demanding an exorbitant price! The profits of the Essence Cultivating Pill, everybody is aware. Their three families don't need to do anything and want to have a piece of the pie, how can there be such a good thing in the world?"

"Heh, we also didn't say do nothing! What conditions there are, you all feel free to state them.

Otherwise, if you really press the three of our families, the Myriad Treasure Tower's business can also forget about operating any further!" Wang Su said coolly.

These words were rather shameless.

Use one's butt to think and the person would also know that what Wang Su was referring to was definitely some despicable methods.

The meaning was, if I have a hard time, you all can also forget about having a good time!

But Ye Yuan smiled when he heard that and said, "That's more like it! Since you want to negotiate, you naturally have to bring out sufficient sincerity. As long as you all are willing to offer enough price, it's also not like this Essence Cultivating Pill can't be given you all."

Ye Yuan's words made everyone's eyes light up.

Of course, apart from Yang Rui.

"Ye Yuan, you ..." Yang Rui said anxiously.

The reason why the Myriad Treasure Tower could run a monopoly was because of the Essence Cultivating Pill's advantage.

If they gave the selling rights to the other three families, their advantage would be all gone!

Unless it was a last resort, he absolutely would not agree.

Ye Yuan gave him a look, indicating for him to hold his horses.

Wang Su forcefully suppressed the wild elation in his heart and said calmly, "What conditions there are, feel free to list them! As long as it's not too overboard, I believe everyone won't refuse! Everyone is all in Jewelhill City, mutual benefits and coordinate development is the right path."

Half a year passed, the Essence Cultivating Pill's reputation already gradually spread to other places.

Right now, many other cities' martial artists would also rush to Jewelhill City without paying heed to the distance, in order to buy the Essence Cultivating Pill.

At present, the Essence Cultivating Pill's price rose again and again. But the people coming to buy the medicinal pill were still going after it like a flock of ducks.

This medicinal pill's profits were too great!

How could Wang Su not be delighted?

Not just him, the other two families' old heads also revealed expressions of wild ecstasy on their faces.

They never thought that Ye Yuan actually agreed so easily.

Ye Yuan smiled and said, "My condition isn't overboard at all. To you all, it's merely a matter of lifting a finger."

Hearing these words, the three families' hearts eased up.

It seemed like the Myriad Treasure Tower was still afraid of the City Lord Manor in the end!

Ye Yuan paused for a bit, but his gaze looked toward Wang Lingbo and said indifferently, "His life, exchange for the Essence Cultivating Pill's selling rights! How is it? It's a good deal, right?"

The rest were still okay, but the Wang Family's people's faces all changed drastically.

Wang Lingbo even pointed at Ye Yuan angrily and said, "Brat, what do you mean?"

Wang Su's face fell, and he said, "Are you making a fool out of our three families?"

Ye Yuan shrugged his shoulders and said smilingly, "This is already my greatest sincerity! At the Yin Wind Den, the Wang Family's three great elders hunted Luo Jian and me down. Don't tell me that this wasn't your idea! Every injustice had its perpetrator, every debt its debtor. It's already my greatest benevolence to not let the Wang Family be buried in death!"

Previously, Ye Yuan was afraid of breaking Jewelhill City's balance and made things difficult for the Myriad Treasure Tower, that was why he would spare Wang Lingbo's life.

With his temper, directly exterminating the Wang Family back then was also not impossible.

But now, these few families were already riding on top of his head. How could Ye Yuan possibly show mercy to him?

"*Heh*, make my Wang Family be buried in death, your esteemed self has such high-sounding sentiments! With just the likes of you, a middle-stage Grotto Profound?" Wang Yuxiang said with a cold sneer.

"Ye Yuan, everyone said that if enmity is not settled amicably, there is no end to it! Even though the Wang Family sent people to hunt you down back then, you're safe and sound right now, while their elders are all dead. This is also considered evening up. Give this city lord face and drop this matter at that, alright?" Chen Yongnian finally spoke up.

Ye Yuan chuckled and said, "The Essence Cultivating Pill's profits, there's no need for me to say no more. I just have this one condition! Agree, everything can be discussed! Disagree, then there's no need to discuss anymore."

Ye Yuan's casual sentence sealed off all of the retreat paths.

The atmosphere instantly fell to a freezing point, becoming peculiar.

Yang Rui was expressionless, but in his heart, he prostrated in admiration toward Ye Yuan.

This move was played too beautifully, directly kicking the ball back to the other party.

Wang Lingbo's weight was not light nor heavy, just nice.

If it were Wang Yuxiang, then it would appear too insincere.

Wang Lingbo was merely a Grotto Profound Realm martial artist and did not count as much. But he was also the Wang Family's present family head, his status being extraordinary.

At this time, all of the focal points were gathered onto Wang Lingbo.

Especially Lu and Lin, two families' old heads, their gazes faintly looked towards him.

What was even more damnable was that Wang Su's gaze also wittingly or unwittingly flitted over.

Clearly, he was very conflicted.

Who was Wang Lingbo, how could he not perceive the current situation?

"Wang Su, what's the meaning of this? Could it be that you're going to kill your own clansman because of this boy's one sentence?" Wang Lingbo's expression changed and asked him.

Chapter 1349: Everyone Kicks a Man Who Is Down

"*Cough, cough*, Elder Brother has misunderstood. How can this Wang have this kind of idea?" Wang Su said, rather awkwardly.

One had to admit that Ye Yuan's suggestion indeed made him tempted.

Wang Lingbo, this level of martial artist, could easily be found among people in the main family. Losing one to exchange for the Essence Cultivating Pill's selling rights was still very worth it.

But this sort of words could not be said no matter what.

Those who accomplished great things did not bother with the trifles!

He was already weighing it over in his heart, whether or not to dispose of Wang Lingbo in secret, and then find Ye Yuan for peace talks.

Wang Yuxiang's expression was also very ugly. That faintly imperceptible look of Wang Su's just now, how could he not tell?

Making him use his son's life to go exchange for the Essence Cultivating Pill's selling rights, he was not willing even if beaten to death.

He would rather fight it out with the Myriad Treasure Tower!

Ye Yuan's condition made the banquet's atmosphere become delicate.

Wang Yuxiang's face fell, and he said, "Ye Yuan, we came with sincerity, can you also show your sincerity?"

"Sincerity? Where's the sincerity? *Huhu*, pardon this Ye's eyes for being blind, but I don't see it! You all don't have sincerity, but this Ye came with the greatest sincerity. Wang Lingbo took action against me back then, he should have today's reckoning," Ye Yuan said with a faint smile.

Wang Lingbo was angered until he gnashed his teeth in hatred by the side. He knew that right now, apart from his father, probably everyone wanted him dead!

"City Lord, Your Excellency, Ye Yuan is clearly borrowing a knife to kill people. Don't accept his provocation! Even if we really kill my son, what if their Myriad Treasure Tower reneges, what to do?" Wang Yuxiang said solemnly.

Chen Yongnian fell silent. His attitude made Wang Yuxiang's and Wang Lingbo's hearts sink to rock bottom.

“With this city lord around, I believe the Myriad Treasure Tower won’t go back on their word, right?”
Chen Yongnian looked at Ye Yuan with a heated gaze and said.

Ye Yuan smiled without saying a word but did not answer.

Wang Lingbo’s expression changed drastically, and he hurriedly said, “City Lord, what do you mean?”

Chen Yongnian said coolly, “What do I mean? Everybody is doing business in Jewelhill City, each relying on their own ability. But you sent people to hunt down the other party, it already overstepped the boundary!”

The moment Old Man Lin heard these words, he immediately concurred: “Yeah! Everyone is clear about the cause of this matter, wasn’t this all caused by that shameless younger sister of yours? It was your Wang Family’s wrongdoing to begin with, and then you guys still wanted to exterminate everyone! It’s too much!”

Old Man Lu also said, “The martial path has the martial path’s rules. While business has business rules. Wang Lingbo, you doing this has greatly ruined the rules of business!”

Wang Lingbo’s expression turned deathly pale. He finally knew what was called everyone kicks a man who was down.

“You all ... You all ... shameless!” Wang Lingbo was angered until he could not even speak.

Before coming today, he was still very excited.

But he never dreamed that this play today would actually ring the funeral bell for him!

Now, this situation, everyone already wanted to kill and be done with it!

Even the fellow clan member, Wang Su, was also sharpening his knife.

Wang Yuxiang was extremely furious too and rebuked, “You two old fogeys, shut up for me! You all are really shameless to the extreme!”

Chen Yongnian said coolly, “What they said is right too! Wang Lingbo, since you did something wrong, you have to bear the consequences. Are you doing it yourself, or do you want this city lord to take action?”

Chen Yongnian seemed to be talking about a very dull matter, his voice not carrying a trace of emotion.

Wang Lingbo trembled all over, his gaze revealing a look of despair.

It seemed like he could not escape his doom today!

His gaze suddenly looked towards Wang Su, seemingly grasping the last strand of life-saving straw, saying urgently, “Sir Su, we’re close relatives of the same clan. Could it be that you’re also going to be subjected to the sowing of dissension by these despicable villains?”

He knew Wang Su’s status. If Wang Su opened his mouth, Chen Yongnian might not be unscrupulous and brazen.

Wang Su looked straight ahead and could not be bothered to give him a glance at all.

The matter already developed to this kind of extent, he already had no need to protect Wang Lingbo anymore.

“Elder Brother, it’s not that Wang Su isn’t saving you; it’s truly a situation where the evil we bring onto ourselves are the hardest to bear!” Wang Su said emotionally.

Wang Su’s words became the final straw that brought down the camel, shattering all of Wang Lingbo’s fantasies.

Suddenly, Wang Lingbo’s figure moved, speeding outside of the main hall.

“Humph! Courting death!”

Chen Yongnian gave a cold snort, directly reaching a claw out. Wang Lingbo’s figure abruptly stopped.

But right at this time, Wang Yuxiang also made a move!

There was no way he could watch his son be killed unfeelingly!

Chen Yongnian’s face fell, and he said with a cold snort, “Overestimating your own ability!”

While talking, Chen Yongnian turned his claw into a palm. A surge of immense force emerged in full force.

Bang!

Just one palm, Wang Yuxiang’s body was like a kite with a broken string, flying out backward.

In front of Chen Yongnian, Wang Yuxiang was weak until he did not have any strength to retaliate!

Following that, Chen Yongnian turned his palm into a claw once more. Wang Lingbo’s figure was actually directly burst open by a powerful essence energy!

While from start to end, Chen Yongnian just sat still.

With a wave of a hand, one dead and one injured!

The aura that looked down upon the world was displayed in its entirety.

At this time, Wang Yuxiang was still lying on the ground, vomiting blood in large mouthfuls.

His gaze when looking at Chen Yongnian was filled with killing intent.

The pupils of Lu and Lin, two families’ old heads, also shrunk, looking at Chen Yongnian with incredible shock.

They also did not expect that Chen Yongnian was actually powerful to this kind of extent already.

It seemed like he was also merely a step away from late-stage Heaven Glimpse.

Chen Yongnian killing Wang Lingbo with ruthless means and bringing down Wang Yuxiang also had the intention of establishing prestige.

He already had not displayed his strength in front of the public for many years. Now, let them take a look that he, this city lord, was not someone to be provoked.

Of course, the most important was still shocking Ye Yuan, making him realize his promise.

The Yang Rui by the side was long dumbstruck with amazement already.

Before coming, he never thought that Ye Yuan's casual few sentences would make the alliance of the three great families and City Lord Manor to fall apart.

Now, Wang Lingbo was dead, and Wang Yuxiang severely wounded. The Wang Family was virtually crippled already.

Not only was this youth's talent extremely high, these means and resourcefulness were also exceedingly formidable. Truly terrifying!

Except, after witnessing Chen Yongnian's means, Yang Rui no longer had thoughts of getting lucky.

Looks like Ye Yuan also knew that the Essence Cultivating Pill could not be protected anymore. Hence, that was why he would maximize the role of the Essence Cultivating Pill, using it to knock dead the Wang Family father and son.

Clearly, he succeeded.

Ye Yuan observed all of this from the sidelines the whole time. These people all posed as people of high morals, but they disowned all relatives and friends in front of benefits. Truly laughable.

Putting it bluntly, they were a bunch of despicable people who only sought profits.

Finished doing all these, Chen Yongnian used an indifferent gaze to look at Ye Yuan and said, "Wang Lingbo broke Jewelhill City's business world order, even death cannot atone for his crimes! Tower Lord Yang, Ye Yuan, what to do next will depend on you all!"

"Depend on us? Depend on us what?" Ye Yuan switched to a smiling face and asked with a smile.

His words made everyone's faces changed!

Could it be that this boy was going to go back on his word?

Chen Yongnian's face fell, and he said, "The condition that you raised, I've already promised you on behalf of their three families! Now, it's time for you to realize your promise!"

Ye Yuan's smile was very radiant as he said, "Promise? Did I say anything? Did City Lord, Your Excellency, hear wrongly?"

Chapter 1350: You All, Can't Dictate Anything!

"H-Hahaha, what a joke! Truly laughable!"

Far away, came Wang Yuxiang's mocking and dispirited laughter.

At this point, how could the rest still not know that they were tricked by Ye Yuan?

From the very beginning, Ye Yuan never planned on giving them the selling rights of the Essence Cultivating Pill. It was just in order to let them fight in the nest!

Their group of people was despicable villains in vain, unexpectedly letting Ye Yuan watch a good show on one side.

Wang Su's face was grim as he said, "Ye Yuan, you dare to go back on your word and toy with us?"

Ye Yuan smiled faintly and said, "Keeping one's words is reserved for gentlemen. You all, a bunch of despicable people, what integrity is there to speak of? Giving you all the sales rights today, you all will come and annex the Myriad Treasure Tower in the future. But this play just now was still really exciting, letting this Ye see the faces of you all, this group of people, clearly. *Heh heh.*"

Ye Yuan's words were like the emperor's new clothes, tearing off their disguise without any mercy.

Their performance previously was like a clown fooling around.

"Good, very good! Boy, you're using your life to provoke this city lord! Since you did so, then you should have some awareness, right?" Chen Yongnian said with an incredibly grim look.

Yang Rui suddenly stood up, blocking in front of Ye Yuan.

"What do you all want to do? Chen Yongnian, I'm warning you, Ye Yuan is the Myriad Treasure Tower's guest alchemist. If you dare to touch him, that's going against the Myriad Treasure Tower!" Yang Rui said solemnly.

He also did not expect that Ye Yuan would actually be so straightforward, playing this move with the other party.

Now, satisfying was satisfying, but it also incurred public wrath.

None of these guys were good people. It was impossible for them to let Ye Yuan go so easily.

Chen Yongnian sneered coldly when he heard that and said, "Yang Rui, are you scaring me? This place isn't Heavenly Emperor Myriad Treasure's territory. It's no use for you to pull out this tiger skin! As long as this city lord doesn't kill you, I don't believe that the Myriad Treasure Tower can do anything to me!"

Yang Rui's expression changed, and he said, "If it were before, there's naturally nothing if you killed him. But he handed the Essence Cultivating Pill's pill formula to the Myriad Treasure Tower now, do you think that upstairs will still sit by idly and remain indifferent?"

Yang Rui's words made Chen Yongnian and the rest greatly shocked.

They all thought that right now, the Myriad Treasure Tower was relying on Ye Yuan, and that the Essence Cultivating Pill's pill formula was still in Ye Yuan's hands.

But they never thought that Ye Yuan actually handed over the pill formula!

Like this, the matter was somewhat troublesome.

Even though this place was not Heavenly Emperor Myriad Treasure's domain, the Myriad Treasure Tower's power absolutely could not be overlooked.

Otherwise, Chen Yongnian also would not be so apprehensive and not dare to kill Yang Rui.

“Brother Chen, today, this punk has to be killed no matter what! Things have already come to this point. If we let him swagger his way out of the City Lord Manor, what face does our three families and the City Lord Manor still have to carry on living in this Jewelhill City? Since he isn’t willing to hand over the Essence Cultivating Pill, that’s the outcome of fighting to the death, nobody can benefit!” Wang Su said solemnly, right at this time.

Chen Yongnian thought about it and felt that what Wang Su made a lot of sense.

Today, his, this city lord’s, face, was considered utterly lost. If he did not kill Ye Yuan, how would he still rule Jewelhill City in the future?

He nodded his head and said, “What you said is right! Even if really killed, it’s also not Myriad Treasure Tower’s turn to come and punish this city lord! *Humph*, Ye Yuan, today, you’re dead for sure!”

Not just Chen Yongnian, the Lu and Lin two families’ old heads also went forward to surround unknowingly, enclosing Ye Yuan duo in the center.

This move of Ye Yuan had offended everyone present.

Wang Su smiled coldly and said, “Boy, do you think that by handing over the pill formula, everything will be fine? This place is Jewelhill City; it’s Brother Chen’s territory. You ... can’t overturn the heavens!”

Ye Yuan smiled faintly and said, “You guys think too highly of yourselves! Don’t think that you can dictate anything. In reality, you all ... can’t dictate anything!”

Finished talking, Ye Yuan turned around and walked over toward the front door.

“Humph! Blind reckless fool!”

Chen Yongnian gave a cold snort, his figure suddenly shooting out, speeding over towards Ye Yuan.

When killing Wang Lingbo and wounding Wang Yuxiang, Chen Yongnian did not get serious. But against Ye Yuan, he was really enraged!

This opening move was a lightning-quick blow!

Yang Rui’s face revealed a look of astonishment, feeling like a great mountain was crushing over towards him.

At virtually the same time, another surge of powerful aura billowed to the sky, rushing over toward Ye Yuan.

Wang Yuxiang!

“Brat, not killing you today, I’m less than human!” Wang Yuxian roared.

Two great experts teaming up for a pincer attack, even if Yang Rui had three heads and six arms, he could not stop it either.

Just as he was going to risk it all, a gust of piercing cold wind suddenly started howling inside the main hall.

An additional figure appeared beside Ye Yuan at no idea when.

The moment this figure appeared, it gave people a feeling akin to falling into an ice cellar.

Who could this figure be other than Gui Yun?

It was only to see him flicked his sleeves. A gust of bone-piercingly cold wind howled toward Wang Yuxiang.

Following which, he pointed a finger out, meeting this palm of Chen Yongnian's!

All of this happened in the time it took for sparks to fly off a piece of flint. Everyone did not react on time.

Wang Yuxiang was seriously injured to being with. This attack was completely hanging on with one breath.

This flick of Gui Yun's, Wang Yuxiang's entire person was akin to being struck by lightning, his figure abruptly stopping, already unable to move when it brushed past halfway.

This force-wind froze all the blood in his body.

When looking again, he was actually completely lifeless already.

While Chen Yongnian this side had a frontal exchange with Gui Yun!

Boom!

An explosion sounded out, powerful wind spilling over. Chen Yongnian's figure retreated explosively, even faster than when he came!

All the way until his body hit a stone pillar, did he barely managed to hold steady.

Chen Yongnian's expression was ugly to the extreme. He felt like his whole body was petrified, unable to move a muscle at all.

This shock was by no means insignificant. He hurriedly revolved divine essence before purging this frozen feeling.

"Two-star evil spirit!"

Chen Yongnian's gaze turned intent, his gaze when looking at Gui Yun was full of dread.

That blow just now, the superiority was immediately established!

Very clearly, he was not Gui Yun's match!

These few years, Gui Yun's strength advanced by leaps and bounds under Dustless's guidance.

The Ghost Dao Hundred Runes, he already thoroughly grasped the first two runes. Although he had not broken through realm yet, his strength could no longer be mentioned in the same breath.

Chen Yongnian was not worth mentioning in front of him at all.

Gui Yun's opening move was similarly one death and one injured, thoroughly stunning everyone.

Turns out that this was Ye Yuan's trump card!

This evil spirit's strength made all of them feel appalled.

"Master, want to kill them or not?" Gui Yun gave a bow toward Ye Yuan respectfully, seeking his opinion.

This sentence made a chill run down everyone's spine.

They did not doubt in the slightest that Gui Yun had this strength.

Messing around for a long time, they all, this group of people, were merely clowns jumping around.

Right from the beginning, Ye Yuan did not place them in his sights at all.

Ye Yuan's confidence was never some Essence Cultivating Pill, but this middle-stage Two-star evil spirit!

Ye Yuan's gaze swept over everyone, finally landing on Chen Yongnian. He said with a faint smile, "City Lord, today's banquet was pretty good. Putting aside the delicacies, there was even a good show. Now, this Ye is going to leave, I wonder if you still have any objections?"
