Chapter 1391: The Sage Stone

This move, Sundering Stars, was just Ye Yuan's comprehensions in the Sword Tomb's first two levels.

At that time, he was comprehending in the second level, finally triggering the Chaos Heavenspan Canon's reaction, forming the elementary form of a Sword Dao martial technique.

Ye Yuan used a year's time to continuously perfect, only then, was there Sundering Stars.

However, the first two levels' Sword Dao laws were far from the extent of reaching grand completion Sword Dao first-layered heaven.

For Sundering Stars to have such power, on the one hand, it was because of the strength of the martial technique itself.

While on the other hand, it was because of the powerful cultivation method that Ye Yuan trained in!

"So that's how it is! Ye Yuan, the reason I'm finding you today, you've probably also guessed a bit. Since your martial technique originated from the Sword Tomb, then it should remain in the Wu Meng Academy, so as to benefit those who come after. Of course, the academy will also give considerable compensation. I wonder if you're willing?" Wen Yiyang slowly said.

Ye Yuan nodded his head and said, "That is, of course! I've already imprinted Sundering Stars' key secrets and my Sword Dao comprehensions these few years onto these two pieces of heavenly star jades."

While talking, Ye Yuan retrieved two pieces of heavenly star jades and passed them to Wen Yiyang.

Clearly, Wen Yiyang did not expect that Ye Yuan was so straightforward, and was absent-minded for a while before receiving the heavenly star jades.

Past students, making them have over the cultivation method that they comprehended themselves, most of them cherished their own belongings and were not willing to surrender them.

He did not expect that Ye Yuan actually even prepared the heavenly star jades.

Wen Yiyang had observed Ye Yuan for a long time already. But only meeting Ye Yuan today did he know that this youth in front of him was different from the rest.

Meticulous thoughts, straight to the point when doing things, without the least bit of hesitation and sloppiness!

Even harder to come by was that Ye Yuan's comprehension ability was abnormally high, talent surpassing others. He was far from those geniuses in the academy could compare to.

Wen Yiyang sunk his divine sense into the heavenly star jade and briefly skimmed it over. The expression on his face gradually became solemn.

Rank one martial techniques were all too simple to Wen Yiyang.

With his realm, even if it was an unfamiliar martial technique, it did not expend much effort for him to use it either.

But this Sundering Stars actually gave him a feeling of obscureness and difficult to understand.

For a moment, he was actually unable to pry into its depths!

This shock was naturally by no means insignificant!

“Mn, not bad! Very good! Indeed a strange and marvelous idea! Ye Yuan, you actually have such comprehension ability at a young age. It’s truly hard to come by!” Wen Yiyang put on an act and praised it.

He was a half-step Divine Lord mighty expert after all. How could he be willing to lose face in front of a student and say that he actually did not quite understand?

Later, he planned on properly studying this martial technique.

A martial technique that even he did not understand had indeed aroused his desire to win.

Ye Yuan said respectfully, “Many thanks for Academy Head’s praise. Disciple was lucky too.”

Ye Yuan naturally knew that he was pretending to be like this. Although Sundering Stars was just a Sword Dao first-layered heaven martial technique, it mixed in the Dao accumulations of the Chaos Heavenspan Canon, as well as the crystallization of Wu Meng Academy’s countless predecessors’ hard work. How could it be that easy to understand?

If it was that simple, on what basis could he defeat the half-step Heaven Glimpse Qin Shao with just entered late-stage Grotto Profound strength?

Furthermore, although divine inscriptions could depict Heavenly Dao, when portraying it, there were bound to be some losses.

The inheritance could be understood, but it could not be expressed with words one could easily understand.

Only by truly comprehending the deep meaning in it could one unleash its full power.

Hence, Ye Yuan was actually not worried about this skill spreading.

He was almost certain that in Wu Meng Academy at present, there was absolutely no one who could truly comprehend this martial technique.

“Ye Yuan, how about this? Because Sundering Stars isn’t complete, after I report to City Lord, His Excellency, later, we’ll temporarily set it as a quasi-supreme academy skill. As for the reward, it will be given to you as the standard of supreme academy skill, 100 thousand points! What do you think?”

Although Wen Yiyang spoke in a discussing tone, it actually left no room for doubt already.

Furthermore, 100 thousand points were really quite a bit in Wu Meng Academy already.

With these 100 thousand points, he basically locked in as first place on the outer-court’s points stone already.

Ye Yuan smiled and said, "Then I'll have to thank Academy Head very much! However, can I trouble Academy Head to help me exchange for some spirit medicines?"

Wen Yiyang was stupefied and said, "Spirit medicines? Can't you just directly go and exchange for them?"

Ye Yuan said, "The quantity that I require is relatively large. Furthermore, some spirit medicines are not common. If I go and exchange myself ..."

The moment Wen Yiyang heard, he understood and said with a nod, "Alright then, later, you get a list for me."

Ye Yuan took out another piece of jade slip and said, "I've already prepared it."

Wen Yiyang froze again and could not refrain from laughing in spite of himself and said, "You punk, really advanced gradually and entrench yourself at every step! Looks like you came prepared!"

Ye Yuan smiled and said, "Preparedness averts peril! Academy head deals with a host of problems daily, how bad would it be to come and trouble you again later."

Wen Yiyang nodded and said, "Alright, give it to me. Three days later, all of the students staying in the academy will gather and observe you engraving your name on the Sage Stone!"

When Ye Yuan bade farewell and left, Wen Yiyang actually had a feeling akin to being relieved of a heavy burden.

He, a half-step Divine Lord mighty expert, actually fell behind Ye Yuan half a beat in all aspects. It was so depressing.

"This kid really isn't simple!" Wen Yiyang praised.

...

On the plaza, several thousand people were standing in neat rows.

Everyone used an incredibly envious gaze to look at that young profile on the platform.

Of course, there were also some very unfriendly gazes.

Such as Wang Song and Qin Tian.

Hall of Fame was a supreme honor in Wu Meng Academy!

To be able to leave one's name on the Sage Stone, each one made immense contributions to Wu Meng Academy, leaving behind a brilliant stroke in Wu Meng Academy's history.

"Invite the Sage Stone!"

The moment Wen Yiyang's words faded, there was a tremor in the void. A chunk of enormous stone slowly ripped apart space and appeared in front of everyone.

The moment the Sage Stone appeared, Ye Yuan's expression became stern too.

The aura emitting off it made people have an impulse to prostrate in worship!

That was a sacred aura!

Ye Yuan slightly mustered up the power of the Lesser Heavenspan Mountain before neutralizing this aura.

Lifting his head and looking, golden light rippled on the enormous rock, each and every name dazzling the eye.

“Bow to the Sage Stone!”

Wen Yiyang took the lead and bowed down toward the Sage Stone.

The several thousand students on the plaza also stooped their bodies and bowed.

One could tell that they were all respectful from the bottom of their hearts.

Ye Yuan also bowed low. These past sages were worthy of his bow.

He knew that the swords in the Sword Tomb were left behind by these past sages.

Finished bowing, Wen Yiyang said to the Sage Stone in a clear voice, “Today, there is Disciple Ye Yuan, self-created a sword art, Sundering Stars, in the Sword Tomb, overpowering the six supreme academy skills, gifting it to the academy, with no greater merit! The incumbent Academy Head, Wen Yiyang, cordially invites the Sage Stone to permit Ye Yuan to engrave words and leave behind his name, entering the Hall of Fame!”

The moment Wen Yiyang’s voice faded, the Sage Stone suddenly shone with a bright light. A ray of golden light shot out, enveloping Ye Yuan inside.

Ye Yuan’s expression became austere, feeling as if his secrets were all being snooped out.

But right at this time, a surge of terrifying aura emitted from Ye Yuan’s body, suddenly flowing up in reverse, enveloping over toward the Sage Stone.

Rumble ...

The Sage Stone seemed to have suffered a tremendous stimulation and started trembling violently in the air.

Chapter 1392: Three Bows!

“This ... What’s wrong with the Sage Stone?”

Wen Yiyang gave a shocked cry, looking at the Sage Stone in disbelief.

Crack! Crack! Crack!

On the Sage Stone, cracked fine lines actually appeared!

When everyone saw this scene, they all unconsciously became nervous, not understanding what happened.

“Senior, what’s going on here? Could it be the Lesser Heavenspan Mountain’s effect?” Ye Yuan asked Dustless.

“Heh, this Sage Stone is merely a divine lord’s profound treasure. To actually dare pry into the Lesser Heavenspan Mountain, isn’t this an elderly person eating arsenic, seeking death?” Dustless said disdainfully.

Ye Yuan felt his head swell. If this was broken, the Wu Meng Academy would definitely suspect him.

“Senior, can you make the Lesser Heavenspan Mountain pull back or not? At this rate, I’ll be screwed,” Ye Yuan said with a bitter smile.

Dustless smiled and said, “You refined the Lesser Heavenspan Mountain, why did you come and ask me instead?”

Ye Yuan was stunned, hurriedly revolving the Chaos Heavenspan Canon in secret, attempting to communicate with the Lesser Heavenspan Mountain.

Sure enough, that oppression released by the Lesser Heavenspan Mountain gradually restrained itself.

When Ye Yuan saw the situation, he heaved a sigh in relief too.

After the intense tremor, the Sage Stone finally stabilized.

Those cracked fine lines were already slowly repairing itself.

Seeing this scene, only then, did Wen Yiyang’s expression get a little better.

“Academy Head, this ... what’s going on here?” Ye Yuan pretended to be frightened and said.

Wen Yiyang was also uncertain and shook his head and said, “I don’t know either. This kind of situation has never appeared before in the past. Did you have any special feelings just now?”

Ye Yuan shook his head and said, “No.”

Wen Yiyang frowned and said, “Then that’s strange. I feel ... the Sage Stone seems to be afraid of something! But now, it should have recovered to normal. Let’s continue the ceremony then! Carve the characters!”

Ye Yuan nodded his head, leaped up, and soared to the sky.

Clank!

The Evil Extermination suddenly moved out, engraving ‘Ye Yuan,’ two big words, on the Sage Stone!

Ye Yuan landed. Those two large characters immediately became dazzlingly golden, glaring and eye-catching.

When everyone saw Ye Yuan’s valiantness and heroic bearing, they were all incredibly envious.

When Qin Tian looked at this scene, for the first time in his life, he felt jealousy, this emotion.

All along, he had always been the object of jealousy.

In his eyes, there was only the Divine Lord Realm. He had no rivals among peers at all.

But today, that youth whom he sentenced as a dead man entered the Hall of Fame ahead of him, becoming the youngest Hall of Fame member in Wu Meng Academy's history!

He looked at Ye Yuan's back view, a cold light glinting in his eyes.

Qin Tian already made up his mind, the Hundred Cities Smelting Trial this time, he had to let Ye Yuan die inside!

"Congratulations to Ye Yuan for immortalizing his name! Respectfully see the sage off into the Hall of Fame!"

Under Wen Yiyang's voice, the Sage Stone concealed into the void once more, disappearing.

"Starting from today, you all shall receive Ye Yuan's kindness. Bow and pay homage to the sage!" Wen Yiyang said to all of the students.

Qin Tian, Wang Song, as well as the Qin Family's disciples all revealed very ugly expressions on their faces.

Especially Qin Tian, he actually had to bow down and pay respects to Ye Yuan. This was simply even more awful than killing him.

"One bow!"

Several thousand students on the plaza bowed down towards Ye Yuan. Wang Song's expression changed a few times, finally still bending his waist down unwillingly.

On the entire plaza, only Qin Tian alone stood still.

Wen Yiyang's brows furrowed and he said in a cold voice, "Qin Tian, why ... aren't you moving?"

Qin Tian's face was livid, the resentment in his head rising to the extreme.

Ye Yuan looked at Qin Tian rather interestedly, very much wanting to see what he will do.

Ye Yuan also never expected at the beginning that handing over Sundering Stars actually still had this kind of secondary effect.

This Qin Tian did not place him in his sights at all back then. But now, he had to bow toward him. He was probably extremely unwilling, right?

Qin Tian's expression changed several times, and he said out loud, "Lord Academy Head, Qin Tian will never cultivate this sword for life, there's no need to bow to him!"

Ye Yuan was rather surprised. He did not expect that this guy was still quite resolute.

It was then that Wen Yiyang gave a cold snort and said, "You don't cultivate this sword. But could it be that you're not a student of Wu Meng Academy? You dare to guarantee that your clansmen won't cultivate this sword either? Predecessors plant trees for descendants to enjoy the shade under the tree! The martial techniques and cultivation methods left behind by past sages benefit generation after generation. What right ... do you have to not bow?"

Qin Tian's knuckles were clenched until they cracked. Finally, he still lowered his proud head and bowed down toward Ye Yuan.

He knew that the outcome of continuing to contradict Wen Yiyang was being kicked out of Wu Meng Academy.

Even the Qin Family could not possibly compare foundations with the Wu Meng Academy.

Being chased out, he would have nothing worthy of praise!

Seeing this scene, a hint of a smile showed at the corners of Ye Yuan's mouth.

This guy still submitted in the end.

At this time, Qin Tian just happened to finish bowing. Raising his head and seeing this hint of a smile, that sense of humiliation instantly filled his chest.

"Second bow!" Wen Yiyang shouted again.

Everyone bowed again!

Qin Tian felt like he was about to explode. But he had no choice but to bow toward Ye Yuan once more.

"Third bow!"

Qin Tian's entire body trembled as he bowed down once more!

"Ceremony complete!"

The moment Wen Yiyang's voice fell, Qin Tian immediately flicked his sleeves and left.

Today was a day of extreme humiliation for him.

He and Ye Yuan could not live under the same sky, but he had no choice but to bow towards this enemy. This was truly a tragedy.

After everyone dissipated, Little Fatty Xie Jingyi found Ye Yuan and said with a wild laugh, "Did you see Qin Tian's expression? Hahaha ... Just now, it really killed Lord Fatty, me! But I didn't dare to laugh and nearly stifled out internal injuries. Hahaha ..."

Little Fatty's laughter was as if no one was around drew a series of sidelong glances. The Qin Family's disciples all used indignant gazes to look over.

Sensing these unfriendly gazes, Little Fatty chortled and said, "What? Want to hit me? Come on! Come hit me! Hahaha ... I just like to see the appearance of you all be pissed off looking at me, and can't kill me off."

Ye Yuan smiled wryly and shook his head. Ever since the incident last time, this punk seemed to have become a different person.

Although he was still that joker personality, he was no longer as weak as before but became incomparably arrogant.

...

Sundering Stars becoming a supreme academy skill naturally drew the attention of many students.

Its power, everyone had borne witness to it before. Everyone all coveted it immensely.

But they only discovered to their dismay after spending points to exchange for it that this martial technique was seriously too profound!

Even if Ye Yuan's personal journal was very detailed, their understanding was also very difficult.

The more Wen Yiyang studied Sundering Stars, the more shocked he got. He discovered to his surprise that with his realm, he actually had many hard to understand areas about this martial technique too.

But without a doubt, this was a powerful to the extreme martial technique.

Ye Yuan did not hold back. On the contrary, he made a lot of notes.

It was just that this martial technique had some areas that corresponded with the Chaos Heavenspan Canon. Without cultivating this cultivation method before, wanting to thoroughly grasp Sundering Stars was simply as hard as ascending to heaven!

Wen Yiyang studied with great concentration for a month's time and was actually only able to unleash 50% of Sundering Stars' power too!

He wanted to advance another step, but he could not do it no matter what.

Chapter 1393: Hundred Cities Smelting Trial

"Ye Yuan, not good! Things are bad! Uh, Teacher Chi?"

Little Fatty rushed into Ye Yuan's residence very impatiently. He discovered that Ye Yuan was sitting opposite Chi Fang.

Ye Yuan smiled and said, "Isn't it just releasing a list? Is there a need to kick up such a fuss?"

Little Fatty was stunned and said, "You knew?"

Ye Yuan said, "Teacher Chi already told me. Why? You were chosen too?"

The moment Little Fatty heard, he said gleefully, "That is, of course! This Lord Fatty already made it to the sixth level in Rockwind Cave! That's an absolute elite disciple!"

This time, it was Ye Yuan's turn to get a shock. The Rockwind Cave was the same as the Sword Tomb; both are places to clear challenges.

It was just that the Sword Tomb was a place for cultivating Sword Dao, while the Rockwind Cave was a place to cultivate laws of wind.

This Little Fatty never said it in front of him before all this while. Ye Yuan did not expect that he actually already cleared to the Rockwind Cave's sixth level!

One had to know that even Qin Shao was also merely Sword Tomb sixth level's strength right now.

Little Fatty's talent in the aspect of wind laws was truly seldom-seen.

Six years had already passed since Ye Yuan entered the Hall of Fame.

These six years' time, Ye Yuan passed it very peacefully. Virtually no one came to find trouble with him.

Since then, the Qin Family was low-profile in front of Ye Yuan to the extreme. No one came to provoke him before.

This way, Ye Yuan's six years were also devoted to cultivation.

He got a large batch of Tier 1 divine rank spirit medicines from the Myriad Treasure Tower and Wu Meng Academy in batches to study medicinal properties.

Ye Yuan researched for 30 years in the World Suppressing Stele and finally thoroughly grasped the medicinal properties of Tier 1 high-grade medicinal pills, and created a new batch of medicinal pills.

The Myriad Treasure Tower that obtained the pill formulas naturally made a huge fortune again.

For this, the Myriad Treasure Tower gave Ye Yuan 50 million low-grade divine essence stones again as a reward.

The remainder of the three years' time, Ye Yuan continued to endure in the Sword Tomb to be abused, continuously perfecting Sundering Stars.

A few days ago, Ye Yuan already passed through the Sword Tomb's third level and entered the fourth level.

Right at this time, Chi Fang came over, telling him that the Hundred Cities Smelting Trial was about to start.

And he was selected as one of the students participating in the Hundred Cities Smelting Trial.

This was originally a very normal thing. The Hundred Cities Smelting Trial in itself was choosing the most outstanding students to go and take part in.

Ye Yuan's performance was so eye-catching, there was no reason not to choose him. This had no areas for people to criticize.

But among the two teachers leading the team this time, one of them was a Qin Family's member!

"These few years, the Qin Family has been very quiet. I didn't expect that their goal was actually the Hundred Cities Smelting Trial this time! I went to find the academy head, even he can't do anything about it either! Ye Yuan, you have to be careful on this trip!" Chi Fang said in a solemn voice.

Ye Yuan said, "I didn't expect that the Qin Family's power is so great, to actually be able to influence the decision-making of the academy!"

Chi Fang nodded and said, "The Myriad Treasure Tower is an outside force after all. Its influence in the academy is too weak. But the Qin Family is different. They have operated in Wu Meng Capital City for God knows how many generations already. Regardless of whether it is in the academy or in the City Lord Manor, their power is deeply rooted, their influence tremendous. Although they don't dare to contend with the academy on the surface, pulling some underhanded tricks in secret is really impossible to guard against."

Ye Yuan smiled coldly and said, "Looks like the Qin Family still doesn't know how to the word 'pain' is written. Then I'll have to teach them well!"

Chi Fang gave a sigh and said, "Ye Yuan, this time ... it's Qin Tian personally taking action! The Hundred Cities Smelting Trial this time, you don't think about scoring any achievements anymore. After entering the mystic realm, best to find a place to hide and come out again when the trial ends. I've also arranged for an inner-court disciple this time. At that time, he'll take care of you."

Ye Yuan smiled and said, "Many thanks, Teacher Chi!"

...

The Hundred Cities Smelting Trial was a joint trial carried out by a hundred capital cities in order to train the disciples under them.

Those taking part in this trial were all the pinnacle-most disciples of the various major capital cities.

Hence, Ye Yuan being selected was also something within reason.

It was just that Ye Yuan got to know from Chi Fang that the Qin Family's descendants during this trip were as many as three people.

The Qin Family did not only have Qin Tian, one single genius.

It was just that his light was too dazzling, making others seem rather mediocre.

Apart from Qin Tian, the Qin Family disciples participating in the Hundred Cities Smelting Trial this time also had Qin Pei and Qin Zheng, two heaven camp geniuses.

These two were also grand completion Heaven Glimpse Realm powerhouses.

While outer-court disciples still had Qin Shao as well as two other Qin Family disciples.

The trial this time only selected a total of 30 disciples to take part. The Qin Family occupied six spots.

The might of the Qin Family could be seen at a glance.

In front of them was an octagonal altar. Wu Meng Academy's students already all finished assembling, transporting from this altar into the mystic realm.

When Wen Yiyang saw that everyone was here, he slowly opened his mouth and said, "Those present are all my Wu Meng Capital City's young generation's distinguished talents! The Hundred Cities Smelting Trial concerns my Wu Meng Capital City's prestige. After you all enter the mystic realm, you have to make a united effort and strive for the best! But most importantly, it's still returning safely! The academy advocates competition. Among you all, there are more or less some grudges. I don't wish to hear some news of internecine fighting when everyone returns. Otherwise, the academy will punish the people involved with due severity!"

Finished talking, Wen Yiyang's gaze swept over everyone's faces. The students all felt fearful in their hearts.

Wen Yiyang's words were actually said for the Qin Family's people to hear.

Ye Yuan's talent was clearly a notch above Qin Tian's. He did not wish for Ye Yuan to have any mishap.

It was just that this time, the Qin Family exerted pressure through the Elders Association, making the Qin Family's Qin Yuanlong lead the team, adding many variables.

Wen Yiyang had no choice and could only give a warning or two verbally.

The rest will have to depend on Ye Yuan himself.

"Academy Head, rest assured. Yuanlong definitely won't fail the mission this time!" Qin Yuanlong immediately expressed his attitude.

Wen Yiyang nodded his head but did not say much. He just said coolly, "Alright, set off."

The group stood on the altar. But when Ye Yuan turned back, Little Fatty's figure was already gone, and he involuntarily started searching in the crowd. Ye Yuan discovered that he already ran to a very delicate and pretty looking girl's side since goodness knows when.

The normally casual Little Fatty actually became bashful at this time, rather like a lady.

"X-Xiu-er," Xie Jingyi said shyly.

Ye Yuan came to a realization. It turned out that this senior apprentice sister was the Xiu-er in Xie Jingyi's mouth, Lin Xiu!

This kid really hid deep enough, to actually not even mention it to him until now.

Ye Yuan thought all along that Lin Xiu should still be in Brilliant Peace City. Did not expect that she was actually an inner-court heaven camp disciple.

Seeing Xie Jingyi said hello, Lin Xiu's brows furrowed, and she said, "Call me your senior apprentice sister!"

Xie Jingyi's expression changed, and he said stammeringly, "S-Senior Apprentice Sister!"

Lin Xiu's brows spread out slightly. Her tone also eased up a little, and she said, "I didn't expect that you actually really passed the entrance examination! Furthermore, you even obtained the qualifications to participate in the Hundred Cities Smelting Trial!"

Xie Jingyi had a look of joy and said, "That is, of course! I am a grown man. If I can't even do this, how can I be fit to be Xiu-er's man?"

Chapter 1394: Killing with a Borrowed Knife

Bang!

Little Fatty's round body flew straight out.

"Ouch, my butt!" Little Fatty wailed miserably.

Toward this poser little fatty, everyone all snickered endlessly.

“Heh, this reckless and blind thing, to actually dare be frivolous toward Senior Apprentice Sister Lin Xiu, his brain is spoiled, right?”

“Senior Apprentice Sister Lin Xiu is the inner-court disciples’ top talent. This little fatty actually had improper thoughts toward her, it’s really a toad lusting after swan meat!”

“Yeah, Senior Apprentice Sister Lin Xiu is a flower in our inner-court, turning her nose up at how many young outstanding talents. How could she take fancy on this ball-like little fatty?”

...

When Jia Chong saw this scene, he sneered coldly in his heart to no end.

“On his deathbed and he’s still in the mood to pick up chicks here. This fool wouldn’t really think that for him to be able to participate in the Hundred Cities Smelting Trial, it’s because his talent surpasses others, right?”

Jia Chong, as this season’s number two, was naturally selected for the Hundred Cities Smelting Trial too.

Little Fatty rolled and crawled to his feet, running to Lin Xiu’s side again with a waddle, thickened his skin, and said, “A gentleman reasons things out and doesn’t resort to violence. Xiu ... Senior Apprentice Sister, what are you doing here?”

“Dare to talk nonsense again, see if I tear your mouth!” Lin Xiu said coldly.

“Not saying, not saying anymore!” Little Fatty mumbled.

Right at this time, light shone brightly on the altar, spiritual energy surging wildly.

Following that, everyone disappeared.

Passing through a spatial passageway, there was a blur before the group of people’s eyes, arriving at a foreign space.

What entered the eyes were actually a hundred altars.

“Yoo, isn’t this Wu Meng’s Teacher Thundercry? You guys coming this time, which place from the last are you preparing to get?”

The moment they landed, there was an Origin Deity powerhouse by the side who made sarcastic remarks.

This trip, apart from Qin Yuanlong, there was another teacher leading the team. It was precisely the Thundercry who gave Ye Yuan and the rest the entrance examination back then.

Hearing these words, Thundercry’s brows furrowed but unexpectedly did not refute. He just snorted coldly and ignored the other party.

All of Wu Meng’s students, especially the inner-court disciples, were all filled with righteous indignation, wishing to rush over and directly clash together with the other party.

“Senior Apprentice Sister? Who are they? So cocky!” Little Fatty moved close to Lin Xiu’s side and asked curiously.

Lin Xiu's expression was very ugly as well as she said coldly, "They are Zuo Xiang Capital City's people. Their overall strength is sufficient to rank in the top ten among these hundred capital cities. Most importantly, the Zuo Xiang Capital City and our Wu Meng Capital City are sworn enemies! Every time, they would deliberately target us, snatching resources from our disciples. It's precisely because of them that our ranking is very low each time, virtually counting from the back."

The moment Little Fatty heard, he said furiously, "So arrogant? This time, Lord Fatty, I, must snatch all of the resources on them!"

Lin Xiu rolled her eyes at him and said huffily, "Just your bit of strength, it's not even enough to fill the crevices between their teeth, still snatch their resources?"

Little Fatty chuckled and said, "Senior Apprentice Sister, I know that you're strong, but Fatty, I, already can't be compared to the past now! This time, I must let you see that your foresight is correct!"

This guy spoke rubbish. Lin Xiu glared fiercely, but in front of other capital cities' disciples, she could not flare up and could only endure it.

When Zuo Xiang Capital City's Origin Deity powerhouse saw Thundercry say nothing, he was even more pleased with himself.

He suddenly swept his gaze, landing on Ye Yuan, and said with a smile, "Tsk tsk, Wu Meng Capital City's young disciples are really getting more abysmal with each generation! A late-stage Grotto Profound can actually take part in the Hundred Cities Smelting Trial too. Do you all really can't find people? Hahaha ..."

Thundercry's gaze looked at him like looking at a fool. Ye Yuan's cultivation realm was indeed too confusing. But his strength could absolutely rank in the top three among this batch of outer-court disciples.

If Zuo Xiang Capital City turned the spearhead at Ye Yuan, they were bound to suffer a huge loss!

But Thundercry naturally would not explain anything. Let this idiot invite ridicule upon himself.

"Zhang Sheng, don't look down on people! Ye Yuan is the strongest one among our batch of outer-court disciples! Even this season's top dog was defeated under his hands! Let your outer-court disciples be more careful. Otherwise, if they lose their lives, don't blame me for not warning you!"

Just as Thundercry was secretly pleased with himself. Qin Yuanlong suddenly came forward and condemned Zhang Sheng with righteous indignation.

The expressions of Wu Meng Capital City's students all changed. Qin Yuanlong's intention of killing with a borrowed knife was seriously too obvious!

It looked like Qin Yuanlong was defending Wu Meng Capital City's reputation. But in reality, he was warning Zhang Sheng to target Ye Yuan.

"Qin Yuanlong, what's the meaning of this?" Thundercry said furiously.

"Thundercry, Zuo Xiang Capital City is bullying people too far. Could it be that you can keep enduring?" Qin Yuanlong said neither obsequiously nor haughtily.

But by the side, Zhang Sheng looked at Ye Yuan half-dubiously and did not discover any unusual areas.

A late-stage Grotto Profound could defeat the top dog?

Was it this kid who was too strong, or Wu Meng Capital City's this season's top dog who was too weak?

Right at this time, a virtual image descended from the sky, appearing in the center of the plaza.

Those Origin Deity Realm powerhouses all bowed down and said, "We pay respects to Lord Xuan Ling!"

Seeing this Xuan Ling, Ye Yuan's heart stirred.

The feeling that this virtual image gave him was the same as Wu Meng City Lord back then. They were actually both Divine Lord Realm powerhouses!

Xuan Ling nodded slightly and slowly said, "In a blink, it's been another 200 years. Each of you seems to have quite a few additional new faces again. I won't say much about the trial's rules, I presume everyone is already very clear. This old man only looks at the results, not the process. Regardless of what means you all use, whoever obtains the most number of natural treasures in the end will be the winner. The capital city that obtains first place this time shall obtain one Four-star divine pill. The inner-court's number one shall obtain a heavenly divine artifact, Spirit Gathering Plate. The outer-court's first place shall obtain ten Weeping Spirit Fruits. Everyone, work hard."

The moment Xuan Ling's words came out, it immediately caused an uproar.

"The rewards this time is actually the Spirit Gathering Plate! With this, cultivation speed can be ten times faster!"

"Weeping Spirit Fruit! It's actually the Weeping Spirit Fruit! Ten Weeping Spirit Fruits is enough for me to break through to Heaven Glimpse Realm!"

"I didn't expect that the rewards this time are actually so generous! It looks like I have to work hard!"

Hearing these rewards, the several thousand people were all incomparably excited.

Clearly, the things rewarded were all extremely rare items.

Ye Yuan was also secretly startled when he heard it. That Four-star divine pill was clearly awarded to the capital city's city lord.

It was just that, the one able to obtain it was just one city lord.

No wonder each capital city paid so much attention to this Hundred Cities Smelting Trial.

Xuan Ling waved a hand. Several thousand green lights appeared in front of everyone.

Ye Yuan's focused his eyes and looked over. It was a jade pendant.

"You all keep the jade pendant well. Right away, I'll be sending you all to your respective areas immediately. Once you encounter any danger, crush the jade pendant. You all will be immediately transported back to the altar. Of course, the storage rings on you guys will also be left on the site."

While talking, Xuan Ling kneaded seals with both hands. Ye Yuan only felt his eyes blur, his body vanishing from where he was once again.

Chapter 1395: Raising

Passing through a dense forest, over a dozen stalks of spirit medicines entered Ye Yuan's eyes.

"Heh, didn't expect that my luck was so good. The moment I came out, I ran into a dozen over stalks of Heavenly Fragrance Lotus Lush Grass."

Ye Yuan had just been transported over no long and smelled the scent of spirit medicines, and searched all the way over. He did not expect that the harvests were considerable.

Ye Yuan was just about to gather these Heavenly Fragrance Lotus Lush Grass when there was another series of activities in the dense forest.

"Heh, didn't expect to run into over a dozen stalks of Heavenly Fragrance Lotus Lush Grass all at once. Luck is really not bad."

A young man walked out from the other side of the dense forest. The words he said were exactly the same as what Ye Yuan said.

However, he directly ignored Ye Yuan.

This late-stage Grotto Profound rookie, he did not take him seriously at all.

"Kid, these spirit medicines, I'm collecting them. My, Grandpa Qiao's, mood today is pretty good, so I won't kill you. Get lost!" the young man waved his hand and said very magnanimously.

The moment Ye Yuan heard, he was tickled and said with a laugh, "These spirit medicines were discovered by me first. It's not very appropriate for you to do so, right?"

Qiao Jie laughed loudly when he heard it and said, "Boy, you probably don't know your Grandpa Qiao, right? In a while, go and inquire about it, the name of Heavenly Feather Capital City's outer-court's Qiao Jie!"

Ye Yuan said coolly, "Don't know, not interested in knowing either. Now, scram as far away as you can for me."

Done talking, Ye Yuan walked straight for those spirit medicines.

Qiao Jie's face fell, and he said with a cold snort, "Reckless and blind fool, refusing face when given!"

Qiao Jie directly drew his sword and stabbed towards Ye Yuan. He was actually really going to kill.

Ye Yuan could not even be bothered to raise his eyelid. Waving his hand, a sword slashed out.

Qiao Jie's aura was originally imposing. But the moment Ye Yuan's sword emerged, his face revealed a look of great horror, hurriedly changing the straight stab to a block.

He never dreamed that a late-stage Grotto Profound could use such a heaven-shocking sword.

This casual slash of Ye Yuan's shocked his three spiritual and seven physical souls out.

Clank!

Qiao Jie's sword was directly cut into two parts!

He repeatedly fell back several steps, the shock on his face lingering on for a long time.

If that sword went a little deeper just now, he would be directly cleaved into two halves currently.

Qiao Jie could not figure out how a late-stage Grotto Profound would have such powerful strength!

"You ... How are you so strong?"

Ye Yuan could not be bothered with him, putting those Heavenly Fragrance Lotus Lush Grass into his storage ring.

"Still not scrambling?" Ye Yuan's brows furrowed, and he said in a solemn voice.

Qiao Jie was startled and turned tail and ran. It was only to see him making three steps as if it was two steps, disappearing in Ye Yuan's line of sight in a twinkle.

Ye Yuan slowly put away the storage ring and slowly moved forward.

The storage rings on each person's hand were all newly issued by the person leading the team after entering the mystic realm.

Prior to this, all of them were requested to not bring their own storage rings in.

This way, it could prevent people from cheating.

Furthermore, this storage ring was specially made. Once a person shattered the jade pendant, it would automatically separate from the body and become other people's spoils of war.

"Why didn't you kill him?" At this time, Dustless suddenly spoke up.

Ye Yuan smiled and said, "We just came in, no hurry. Leave his small life. Later, I'll directly take it from them."

Dustless was stunned when he heard it and immediately burst into laughter and said, "You, punk, are too sinister! No wonder you had me plant a mark on every one of them. Turns out that it's actually this plan!"

Ye Yuan's meaning was, raise these people first, let them search for natural treasures everywhere.

At the end, Ye Yuan would directly snatch the storage rings off the others.

When at the altar, Ye Yuan had Dustless plan a mark on each of Zuo Xiang Capital City's students.

Dustless was an empyrean spirit treasure's artifact spirit. Leaving behind a trace of a mark on a bunch of Heaven Glimpse Realms and Grotto Profound Realms was all too simple.

Of course, there were also Qin Tian and Qin Yuanlong they all.

As long as these people entered a certain range of Ye Yuan's proximity, Dustless would be able to detect them.

Weren't they here to kill him? Play hide and seek with them then.

"Heh, these outer-court disciples, nobody is my match at all. Those inner-court disciples, I can't beat them either. This trial doesn't have much meaning at all. Therefore, better to not waste time on this. We'd best go find Little Fatty first. If they can't find me, I'm afraid that someone will have ideas about him. If Qin Family inner-court disciples find him, that would be bad," Ye Yuan said.

These few years, Ye Yuan directly consumed the medicinal pills that he newly researched. His realm was already no far from grand completion Grotto Profound.

Coupled with Sundering Stars already gradually approaching grand completion, Ye Yuan's current strength was no idea how much stronger compared to when fighting with Qin Shao.

Ordinary grand completion Grotto Profound Realms, even half-step Heaven Glimpse, very few were Ye Yuan's match as well.

Hence, these outer-court disciples could not arouse his interest at all.

Take that Qiao Jie just now for example; if Ye Yuan really had killing intent aroused, the other party would not even get to crush the jade pendant and would be instantly killed by him.

Through three years of tempering, Ye Yuan became more and more accustomed to utilizing Sundering Stars.

If not unleashing with all his might, he could even achieve instant-casting Sundering Stars, just like earlier.

This jade pendant was in order to protect these disciples to the greatest degree. But in past trials, there was no lack of those who were killed before even crushing the jade pendants in time.

Firstly, those people did not wish to give up on the natural treasures they found until the end.

On the other hand, even though the transported area was separated for outer-court and inner-court, these two areas were connected!

Once there were inner-court disciples who infiltrated into the outer-court disciples' region, suddenly sneak attacking, how could a Grotto Profound Realm rookie react in time?

Therefore, in this trial, everyone had to maintain a high-level mental tension.

Any instant of relaxation might very likely be fatal.

...

After several days, in the inner-court region, three figures gathered together.

"Big Brother Qin Tian!" Qin Pei and Qin Zheng saluted to Qin Tian.

Qin Tian nodded his head slightly and said, "Mn, Father expended considerable thoughts and effort for the same of the Hundred Cities Smelting Trial this time. Therefore, Ye Yuan must die this time!"

“That is, of course! Yu-er’s enmity, I couldn’t wait long ago!” Qin Pei said indignantly.

“This punk swept away our Qin Family’s face in front of the whole city. Not killing him, it’s hard to dispel the hatred in my heart!” Qin Zheng also said.

Clearly, they had great resentment toward Ye Yuan.

Qin Tian suddenly flipped his palm over. A flesh-colored little bug was faintly discernible on his palm.

“Uncle Yuanlong already planted the Child-Mother Heart Linking Bug onto Ye Yuan with a secret art. I can already sense his position currently! We’ll sneak over quietly so as to not let him discover us. This kid is very astute, we only have one chance. We must be doubly cautious. Before we make a move, we must have full assurance! If we let him crush the jade pendant, we won’t have the chance anymore!” Qin Tian said in a solemn voice.

Qin Pei said, “Big Brother, rest assured, with the three of our strength, plus the Heart Refining Turtle Breathing Formula, even if he walks by us, it’s impossible to discover it too!”

Qin Tian nodded and said, “Okay, let’s set off.”

Chapter 1396: Don’t Be Too Harsh When Doing Things

On an open field, over a dozen figures were currently chasing each other.

Right at the front was a ball-shaped little fatty. Who could it be if not Xie Jingyi?

But behind him, were over a dozen people in hot pursuit.

Little Fatty was fat, looking incomparably clumsy. Yet, his movements were extremely swift and nimble. Those dozen over people could not catch up to him and could only eat dust behind him.

These few years, Ye Yuan had been providing him divine-grade cultivation medicinal pills all along.

Such a long time had passed, and Xie Jingyi already broke through to grand completion Grotto Profound.

Coupled with the fact that he trained to the sixth level in the Rockwind Cave, and furthermore, cultivated one of the six supreme academy skills, God Bewildering Step, his movement technique virtually reached the pinnacle in Grotto Profound Realm.

For these people to want to catch up to him, it was easier said than done.

“Damn fatty, quickly hand over the Crimson Firmament Fruit and we’ll spare you from death!”

“Damn fatty, don’t run if you have the capability!”

“Halt, you damn fatty! To actually dare take advantage of the situation and steal our spoils of war! When Your Father catches you, I’ll definitely tear you into pieces!”

...

This group of people could not catch up to Xie Jingyi no matter what. Each and every one of them started cursing in exasperation.

"I say, you guys already chased Lord Fatty for three days and night, are you tired or not? Isn't it just a Crimson Firmament Fruit? Is there a need to be like this?" Xie Jingyi shouted loudly as he sprinted madly.

Three days ago, a group of people was currently in a fierce battle with three incredibly strong giant centipedes for this Crimson Firmament Fruit.

Little Fatty just happened to pass by there. Seeing the group of people in the midst of fierce fighting, his thoughts stirred, making use of his movement technique's advantage, swiping the Crimson Firmament Fruit.

With this, Little Fatty incurred public wrath.

Those people at the back forced the three giant centipedes away and chased after him desperately.

This pursuit lasted three days and three nights.

The Crimson Firmament Fruit was a very rare spirit fruit, a favorite spirit medicine of body-refining martial artists.

Little Fatty knew that Ye Yuan was a body-refining martial artist too. Furthermore, his strength was quite strong, that was why he had the idea.

"Isn't it just a Crimson Firmament Fruit? Said it lightly! Damn you fatty, stop! How are you running faster and faster?"

Liu Jin was currently cursing when he saw a figure appear in front of Little Fatty, and could not help being overjoyed.

"The friend in front, help us stop that damn fatty! Later, each of us will share with you three stalks of spirit medicines! Just have to stop him for a moment will do!" Liu Jin shouted.

Liu Jin and company were not considered far from Xie Jingyi. As long as he delayed him for a moment, they would be able to catch up.

At that time, Little Fatty would be hard-pressed to escape even with wings!

As for giving the three promised stalks of spirit medicines or not, it would depend on the mood.

Little Fatty naturally saw the arrival too. But he was not alarmed and was overjoyed instead, his feet accelerating even more, sprinting over towards that person.

Swoosh!

Little Fatty's figure flashed and hid behind that person nimbly, and actually did not run anymore!

When Liu Jin and the rest saw this, they could not help being overjoyed.

It turned out that these two people were together. This little fatty's brain wouldn't be spoiled, right? To actually hide behind a late-stage Grotto Profound rookie?

“Heh, I knew that you would come and find. Lord Fatty indeed didn’t judge wrongly. Those trash will be left to you. Lord Fatty was chased by them for three days and nights and I’m exhausted. I’ll go and rest first.”

Ye Yuan had his hands behind his back as he said with a faint smile, “Relax, leave it to me.”

At this time, Liu Jin and the rest arrived. Looking at Ye Yuan with a cold smile, they said, “Kid, your bit of strength also wishes to stand up for people?”

Ye Yuan said coolly, “Whether I have the strength or not, wouldn’t you know if you come and size it up?”

Liu Jin laughed loudly and said, “Did everybody hear that? This late-stage Grotto Profound guy wants to size us up!”

“Hahaha!”

Everyone roared loudly with laughter.

“Attack together, dice up this punk who doesn’t know the immensity of heaven and earth, then go capture that damn fatty!” Liu Jin shouted, wielding his sword and advancing.

Facing a bunch of grand completion Grotto Profound powerhouses, Ye Yuan was firm as a rock.

When this group of people came close, the Evil Extermination Sword suddenly attacked, a sword directly sweeping across.

A swift and fierce sword energy made the faces of Liu Jin and the rest suddenly change.

“Ouch!”

Liu Jin reacted fast too, directly doing a roll, narrowly avoiding this horizontal Sundering Stars.

The few people in the middle clearly did not expect that Ye Yuan’s strength was actually so powerful. Caught unprepared, it was already too late to dodge.

Helpless, they could only crush the jade pendant, their figures directly vanishing from sight. Several storage rings dropped down from their bodies.

Liu Jin did a roll and hurriedly crawled to his feet. Looking at Ye Yuan, he had an appearance akin to facing a great enemy.

“This kid is so strong! We’ll do a four-sided pincer and don’t give him a chance to attack!” Liu Jin shouted.

He raised his sword and was just about to rush forward, but he discovered that no one behind him moved.

There were even a few who took a few steps back, turning tail and directly slipping away.

Got to be joking!

That sword just now was too swift and fierce! Wasn’t fighting with this guy seeking death?

Can’t beat, it was naturally running.

“You bunch of timid fellows! Traitors!” Liu Jin said furiously.

Liu Jin raised his sword and already rushed to not far away from Ye Yuan, but his figure abruptly stopped.

He suddenly changed to a smiling face and said to Ye Yuan with a flattering smile, “Haha, just now ... was just joking with Lord Fatty! Just joking around!”

Ye Yuan smiled faintly and said, “Are you doing it yourself? Or let me do it?”

Liu Jin’s expression changed and he said embarrassedly, “I ... I’ll do it myself! I’ll do it myself! That ... if I hand over the storage ring, can ... can I not crush the jade pendant?”

Ye Yuan nodded and said, “That’s fine.”

The moment Liu Jin heard, it was like he was granted amnesty, hurriedly taking out his storage ring and putting it on the ground, then running away.

Little Fatty was absolutely tickled watching by the side and said with a hearty laugh, “Hahaha! This bunch of turtle grandsons[1]! Just now, they were still flaunting their might, why did they shrivel up now? To dare bully your Lord Fatty, you know my prowess now, right? Ye Yuan, finish off all of them!”

But Ye Yuan ignored Little Fatty and said with a faint smile, “You guys too, put down the storage rings and get lost!”

How could the others still dare to stay? Each of them left behind their storage ring, fleeing like a puff of smoke.

Regarding Ye Yuan letting them go, Little Fatty was very displeased and muttered, “This Lord Fatty, I, was chased by them for three days and nights! You actually let them go just like this?”

Ye Yuan reached out his hand and beckoned, collecting all of those storage rings, and said with a smile, “Don’t be too harsh when doing things, we’ll always meet again! Don’t you say so?”

Little Fatty’s eyes swiveled around and he immediately said joyfully, “Haha, you, this fellow, are simply rotten to the bones! But, Lord Fatty, I, like it! Hahaha!”

Little Fatty retrieved the Crimson Firmament Fruit from inside his storage ring and threw it to Ye Yuan, saying, “This thing is for you! Just a Crimson Firmament Fruit, this bunch of bastards actually chased me for three days and nights. In the end, they even lost their own storage rings. Was it worth it or not? Haha.”

Ye Yuan received the Crimson Firmament Fruit, his eyes lighting up.

Dustless had once given Ye Yuan a body-refinement pill formula before. These few years, Ye Yuan already gathered the other spirit medicines. He only lacked this Crimson Firmament Fruit!

He did not expect that he got it without any effort!

[1] It also means bastard.

Chapter 1397: Scapegoat

"Heh, thanks a lot, Brother. I was just in need of this!" Ye Yuan said with a laugh.

"Still saying this with me? These few years, I've eaten god knows how many of your medicinal pills. Want to really thank, I can't even thank enough for ten years. Better talk about what we have to do next!" Little Fatty said without a care.

Ye Yuan said, "Uh, there's a guy who just happens to be nearby. Just nice to deal with it together."

Little Fatty was stupefied, not understanding what Ye Yuan was saying.

Ye Yuan brought Xie Jingyi along and flew all the way, quietly walking into a dense forest.

Suddenly, Ye Yuan made a shush hand gesture. The two people slowed down and quietly approached ahead.

Not far away, a sound of a bout of fierce fighting came over.

Little Fatty focused his eyes and looked over, immediately recognizing who was that person currently in a fierce battle with someone.

That was a Qin Family's outer-court disciples called Qin Yu.

He was a season ahead of Qin Shao. But his talent was clearly inferior to Qin Shao's, still remaining in the outer-court.

Little Fatty looked at Ye Yuan, quietly doing a throat-swiping motion.

Ye Yuan smiled and shook his head, the divine essence within his body silently revolving.

Before long, a flesh-colored little bug appeared on Ye Yuan's palm.

Little Fatty was startled, immediately recognizing that this was a bug. It was just that the functions of bugs were infinite in variety. He also did not know what it was used for.

But he saw Ye Yuan mutter away under his breath. That bug actually flew off Ye Yuan's palm and flew over towards Qin Yu.

Qin Yu was currently in the midst of fierce fighting with someone else. How would he notice that a bug already silently attached onto him?

Done with these, Ye Yuan made a gesture at Little Fatty and ran far away.

Although Qin Yu's talent could not compare to those true geniuses, his strength was not common either. After a bout of bitter fighting, he finally forced the other party to crush his jade pendant.

He picked up the storage ring dropped by the other party. Investigating it a bit, his face revealed a satisfied smile.

...

"Heh, what did you do just now? What use does that bug have?" Little Fatty asked with a curious look.

Ye Yuan smiled and said, "Just giving them a dose of their own medicine. That Qin Yuanlong planted a Child-Mother Heart Linking Bug on me and still thought that I didn't know. Heh heh, what expression do you think Qin Tian they all will have when they expended a tremendous amount of effort but found their own family's people?"

The Child-Mother Heart Linking Bug was naturally not discovered by Ye Yuan, but discovered by Dustless.

Dustless had existed for millions of years, so what had he not seen before?

Qin Yuanlong thought that it was seamless, but under Dustless's surveillance, nothing could be hidden at all.

Not only Dustless knew that he planted the Child-Mother Heart Linking Bug on Ye Yuan, he also knew the method to resolve this and to transfer it onto other people.

Little Fatty's eyes lit up and he said with a sinister smile, "Ye Yuan, I discovered that you're really damn bad! When you scheme, it simply makes people impossible to guard against! Haha, I can already imagine the expression on Qin Tian's face right now."

Ye Yuan smiled and said, "Heh, one must not have malicious intentions, but also must not be without caution against others. I don't harm people, but I can't be harmed by others either, don't you agree?"

Little Fatty deeply felt that way too as he nodded. Back then when he got into big trouble, Ye Yuan directly came forward to shoulder the blame.

This code of brotherhood was not what anybody could do.

"Oh, right, that Xiu-er of yours, what's going on? I didn't know that she's actually our Wu Meng Academy's number two person, an existence second only to Qin Tian! Such a proud daughter of heaven, she can take a liking to you?" Ye Yuan scoffed.

The moment Little Fatty heard, he was indignant and said unhappily, "Tch, no matter how proud the daughter of heaven, she can't escape Lord Fatty's fiendish palms either! Kaka!"

Ye Yuan was very curious. Although that Lin Xiu was very cold and proud, she clearly treated Little Fatty differently from the others.

Even if she did not care about Little Fatty a lot, she did not push him a thousand miles away like the rest either.

In between this seemed to have some inside story.

Hearing Little Fatty say so, Ye Yuan felt even more that there was something fishy.

Lin Xiu had already entered Wu Meng Academy for several hundred years. She was clearly not a figure in the same generation as Little Fatty.

But in the martial artist world, this bit of age did not count as a gap either.

Especially to Deity Realm powerhouses, they all belonged to young people.

At the very most, Lin Xiu could only be counted as Little Fatty's big sister.

"Just what the hell is going on, let's hear it." Ye Yuan had his curiosity stirred up too.

Little Fatty said with a boastful look, "Xie-er and I were engaged before we were born. It's just that she was born several hundred years earlier than me. Now, I chased after her footsteps and entered the Wu Meng Academy, how can she still run? Uh, of course, all of this was thanks to you. When Xiu-er and I become a done deal, I'll definitely thank you properly!"

The moment Ye Yuan heard, he came to a realization. No wonder Lin Xiu was icy cold to Little Fatty, but she also looked very surprised.

Clearly, she looked down on Little Fatty in the past. But she did not expect that not only did Little Fatty pass the entrance examination, he even took part in the Hundred Cities Smelting Trial!

Furthermore, Ye Yuan also saw through that Lin Xiu did not seem to be overly averse towards Little Fatty.

This point was a very good start.

...

Swoosh! Swoosh! Swoosh!

Several figures appeared in the dense forest. It was precisely Qin Tian trio!

"This place's terrain is good; it's suitable for an ambush! He's currently approaching in this direction. There's still an hour's journey. We'll set up an ambush here, wait for him to walk into the trap!" Qin Tian said.

"Yes, Big Brother Qin Tian!" Qin Pei and the other person responded.

"This brat is sly and cunning, you all mustn't reveal a hint of aura! When he enters my certain-kill range, I'll personally take action. The two of you support through coordinated action, understood?"

Qin Tian arranged the specifics of the ambush in an orderly manner; scrupulous in every detail.

He had never wanted to kill a person so intensely before. Starting from when Ye Yuan killed his younger sister, he already entered his must-kill name list.

And the humiliation that Ye Yuan brought to him when he entered the Hall of Fame was even buried in his heart constantly these few years, unable to shake off for a long time!

Therefore, this time, he must kill Ye Yuan personally.

Regarding this, he did not permit any slip-ups!

Arranging the ambush positions, the three people each concealed themselves, just like becoming one with the surrounding environment.

Looking from outside, it was really indistinguishable.

Sensing the Child-Mother Heart Linking Bug getting closer and closer, Qin Tian's emotions actually became excited unconsciously.

Must be calm!

Must not reveal any flaws!

Qin Tian continuously warned himself in his heart, letting his mood calm down.

With his strength, killing Ye Yuan was but a matter of waving a hand.

But this matter was hard in that Ye Yuan had the jade pendant in his hands!

Ye Yuan just had to crush the jade pendant and he could instantly teleport to the altar.

Hence, he had to make Ye Yuan not react, killing in one blow!

If he was slow by a bit, the Qin Family's few years of effort would be completely wasted!

Closing in!

Even closer!

Just a bit more and I would have sufficient assurance in killing him!

Right at the instant Ye Yuan's figure stepped into the range, Qin Tian moved!

He unleashed this sword with a momentum like a sudden peal of thunder which left no time for covering ears!

Pfft!

How powerful was Qin Tian's sword? This sword passed through Ye Yuan's sea of consciousness without any resistance.

Qin Tian was overjoyed in his heart. Finally finished off this damn fellow!

Chapter 1398: Nine Transformations Golden Body First Transformation!

Qin Tian's brow furrowed, suddenly feeling that it was somewhat amiss.

He abruptly turned around, suddenly feeling that the clothes worn by that person were rather familiar!

Recalling the scene of him killing just now again, that person ... seemed to be Qin Yu?

"Big Brother Qin Tian, killed ... killed the wrong person! It ... It's Little Yu!"

Qin Pei and Qin Zheng's actions were one beat slower than Qin Tian's, but saw a little more clearly.

Qin Tian's sword just now infused all of his strength. It was incomparably fast, not planning on giving 'Ye Yuan' any chance to catch his breath at all.

Under such swift speed, even he himself also did not see clearly what the other party looked like.

However, Qin Pei duo did not have time to yell yet and Qin Yu was already dead!

Qin Pei duo's quivering voices abruptly startled Qin Tian awake.

"Impossible! How could it be Little Yu? How could it possibly be Little Yu? Uncle Yuanlong clearly planted the Child-Mother Heart Linking Bug onto Ye Yuan. Why ... Why is it Little Yu?"

Everything was arranged seamlessly. But why was the one who came to deliver himself to death was Qin Yu?

Qin Tian racked his brains and could not think of a reason too.

Until now, he was not willing to admit killing the wrong person, this fact.

But he knew in his heart that he really killed the wrong person!

Qin Pei and Qin Zheng, the two people, exchanged a glance, both with dazed looks.

They also did not know why such a blunder would happen!

This Qin Yu was different from Qin Shao. He was also a Qin Family's lineal descendant, his bloodline relation very close to Qin Tian.

Furthermore, this Qin Yu relationship with him was normally pretty good as well, calling him Big Brother Qin Tian front and back; completely different from Qin Shao's coldness and pride.

Now, he actually personally killed his own younger brother!

This outcome, Qin Tian could not accept it no matter what!

"Big Brother Qin Tian, could it be that Ye Yuan detected Uncle Yuanlong's Child-Mother Heart Linking Bug, then deliberately grafted it onto Little Yu?" at this time, Qin Pei suddenly said out loud.

Clearly, this was the most likely situation to occur.

"Impossible! Uncle Yuanlong's expertise in Bug Dao has reached the acme of perfection. Even Teacher Thundercry didn't notice it when he planted the bug, so how could Ye Yuan possibly know? Moreover, even if he really knew, how could he possibly transfer Uncle's Child-Mother Heart Linking Bug onto Little Yu?" Qin Tian said furiously.

It was precisely because he was very confident in Qin Yuanlong's bug arts that Qin Tian would deal out the killing blow so assuredly.

Furthermore, when Qin Yuanlong planted the bug, even Thundercry, this Origin Deity Realm mighty expert did not detect it. How could Ye Yuan, a Grotto Profound Realm rookie, possibly discover it?

Boom!

Under Qin Tian's fury, he smacked a palm out, directly sweeping out a piece of open space in the dense forest!

Although he was unwilling to believe, he also knew that this was the most likely situation.

Except, how in the world Ye Yuan did it made him very puzzled.

“Damn it! Damn it! Damn it! Ye Yuan, I must tear your corpse limb from limb!”

The current Qin Tian changed and became incomparably irritable from his former proud and aloof character.

He was unable to accept that a Grotto Profound Realm rookie toyed with him in the palm of his hands!

The Hall of Fame that time was like this. This time, it was still the same!

That stifling feeling accumulating in his chest made him virtually about to explode.

He could clearly kill Ye Yuan with a wave of a hand, but the carefully planned killing trap actually became him killing his younger brother.

This outcome practically drove him nuts.

Qin Pei and Qin Zheng, the two of them were silent like cicadas in winter, not daring to say much either.

They knew that Qin Tian already reached the brink of eruption. They did not dare to go and set off this catalyst.

No idea how long had passed either, Qin Tian finally calmed down.

It was just that Qin Pei and Qin Zheng felt that Qin Tian seemed to be even more somber than before.

“Bury Little Yu! I’ll go and contact Uncle Yuanlong, tell him that the assassination failed! We’ll go do the mission first. I don’t believe that this guy can keep on not show up!” Qin Tian’s tone was icy-cold, not containing a trace of emotion.

In a certain corner of the mystic realm, Qin Yuanlong suddenly trembled, his gaze revealed a look of astonishment.

Just earlier, he received the news Qin Tian transmitted.

The assassination failed!

Ye Yuan saw through his Child-Mother Heart Linking Bug and even transferred it onto Qin Yu!

This ... How was this possible?

“Yuan Long, what’s wrong with you?” Thundercry’s voice sounded out at an inappropriate time, interrupting Qin Yuanlong’s shock.

“N-Nothing!” Qin Yuanlong’s expression was not quite natural.

They also had the mission of harvesting spirit medicines when they entered the mystic realm. These places were very dangerous. Ordinary disciples could not come over.

It was just that along the way, Thundercry was just like a dog-skin plaster; eyeing him at all times, leaving him no chance to leave at all.

Previously, Qin Yuanlong was still secretly sneering at Thundercry. He already planted the Child-Mother Heart Linking Bug, but the other party did not know.

But now, all of the mocking became astonishment.

Ye Yuan did not die. It was his nephew, Qin Yu, who died!

“Since it’s fine, the spiritual energy of that area ahead is very rich. There might be spirit medicines. Let’s go over,” Thundercry said.

“Mn, let’s go.” Qin Yuanlong feigned an appearance as if nothing was wrong and followed Thundercry away.

It was just that he was already cudgeling his brain for a plan to leave.

...

Time passed day by day, various places inside the mystic realm played out the fighting and killings among the various cities’ disciples.

But Ye Yuan hid in a concealed cave to refine a One Transformation Profound Gold Pill.

One Transformation Profound Gold Pill was the body-refining pill formula that Dustless gave to Ye Yuan.

With his current strength, Tier 1 divine pills were basically nothing difficult.

He spent half a year’s effort to research the One Transformation Profound Gold Pill’s array formation thoroughly, finally refining this medicinal pill a few days ago.

Inside the dark cave, golden light radiated, illuminating the entire cave akin to daytime!

After another month of refining, Ye Yuan’s Nine Transformations Golden Body’s first transformation was finally achieved!

At this time, Ye Yuan’s entire body was molded like a golden body, the entire body assuming a golden color, looking very strange.

No idea how long had passed either, the light faded. Ye Yuan’s skin finally recovered to its normal appearance.

But his current fleshy body was filled with strength.

Ye Yuan had a feeling that right now, by just relying on the Coiling Dragon Heaven Devastating Palm, he could have a battle with Qin Shao.

“Unfortunately, my fleshy body hasn’t broken through to the second transformation yet. Otherwise, my Atavism Dragon Soul should be able to awaken for the second time, right?” Ye Yuan pondered rather regretfully.

Ye Yuan’s Atavism Dragon Soul’s first awakening was ahead of schedule. But this second awakening kept failing to arrive.

But after reaching the Heavenspan World, Ye Yuan also discovered that even one of the dragon race’s paramount martial techniques, the Voice of the Dragon God, was also not considered a top-notch cultivation method in this place.

This move could not possibly be like it used to be in the Immortal Grove World, being ever-victorious.

At least, the Sundering Stars that he currently comprehended was more than a magnitude stronger than the Voice of the Dragon God.

However, the Voice of the Dragon God was still a very incisive martial technique in the end.

Furthermore, once he awakened for the second time, he could directly comprehend the power of laws to the limits of the second level. Helping him to leap realms to battle was also nothing difficult.

"It's almost time. I should also go out and settle scores!" Ye Yuan slowly got up and walked towards the cave entrance.

Chapter 1399 Limitless Challenge!

"Heh, the few of you are from Wu Meng Capital City, right? What a coincidence. Hand over the storage rings obediently, and then commit suicide!"

Qiao Jie brought along five Heavenly Feather Capital City's students and surrounded three students from Wu Meng Capital City, with a look of swagger.

Through a few months' time of wandering around, the majority of the capital cities were all able to gather a group of their own students.

One person fighting alone could not compare to numbers after all.

Apart from this, the relationships between some capital cities were pretty good. They would even cooperate with each other to deal with other capital cities.

Of course, some solitary people would also gather together, forming one small group after another.

All in all, what this Hundred Cities Smelting Trial trained was not just the students' strength, it was more on their survivability.

Under the circumstances of ensuring that they were not finished off, and finishing off others!

Qiao Jie later inquired from many parties and finally knew that the late-stage Grotto Profound who broke his sword originated from Wu Meng Capital City.

Now, when he saw Wu Meng Capital City's people, he vented his anger on these people.

"Our Wu Meng Capital City and the Heavenly Feather Capital City each stay in our own lanes. We'll just hand over the storage rings, why is there a need to pressure people?" said a student from Wu Meng Capital City.

Qiao Jie had a smug look as he said, "Want to blame, blame that fellow called Ye Yuan. Who asked him to provoke Lord Qiao, me?"

"Turns out it's Ye Yuan! This guy is really a troublemaker!"

"Yeah! This guy went around to stir up trouble at the Wu Meng Academy. I didn't think that participating in the Hundred Cities Smelting Trial, he still provoked enemies everywhere!"

“Why doesn’t that guy go and die!”

The moment the three people heard that it was Ye Yuan who attracted the enemy, their temper flared up out of nowhere.

In the Hundred Cities Smelting Trial, the biggest taboo was making enemies everywhere. But Ye Yuan provoked enemies everywhere.

But now, they were made to shoulder the blame. This naturally made them very depressed.

“Originally thought that everyone is from the same academy, but you guys are talking bad about me behind my back. What should I do?”

At this time, a leisurely voice sounded out, making everyone get a shock.

Qiao Jie’s expression changed. This voice, he was too familiar with it. Who could it be if not Ye Yuan?

Sure enough, Ye Yuan brought along a little fatty and appeared before everyone’s eyes.

Seeing Ye Yuan, Qiao Jie instinctively wanted to run. But he instantly saw quite a few fellow disciples around him, and immediately became much braver in his heart.

“Hey, punk, you finally showed up! The score last time, we should settle it properly!” Qiao Jie said with a cold smile.

Ye Yuan said with a smile that was not a smile, “We should settle it properly! The few of you, hand over your storage rings!”

Qiao Jie sneered coldly and said, “You’re really arrogant! There are six of us today. Could it be that you plan on fighting one-on-six?”

Ye Yuan said coolly, “So what if one-on-six? Looks like you want me to take action!”

Done talking, Ye Yuan directly unleashed Sundering Stars over.

Qiao Jie’s expression changed drastically. This sword move was no idea how much stronger than that move used to deal with him back then!

Only at this time did he know that Ye Yuan did not use much strength at all back then!

This move of Ye Yuan’s was incomparably fast. Qiao Jie simply could not avoid it.

With strong unwillingness, he crushed the jade pendant.

Ye Yuan swept a glance over the remaining people and said nonchalantly, “You guys want me to take action too? Your strength is even worse than his. If I unleash my sword again, you guys might not have time to crush the jade pendant!”

The remaining five people were all white as a sheet. How could they still dare to resist? They crushed their jade pendants in succession, transporting away.

Ye Yuan reached his hand out and beckoned. 20 over storage rings came to his hand.

“Heh, looks like letting that guy off back then was right. This half a year, that guy collected quite a number of storage rings. It saved me quite a bit of trouble,” Ye Yuan said with a satisfied look.

When the Wu Meng Academy’s three people saw Ye Yuan eradicate Qiao Jie six people with a wave of a hand, each and every one of their faces were very ugly.

Ye Yuan never made a move in these six to seven years. They completely did not know how powerful Ye Yuan’s strength was currently.

At that time, Ye Yuan defeated Qin Shao, but he was not powerful to this kind of degree.

This was just six to seven years’ time, and Ye Yuan’s strength was already no longer what it was before!

What was laughable was that they were still talking about him behind his back just now, and yet, it was heard by Ye Yuan.

With this, it was awkward!

“You fools, not taking the side of your own people in this Hundred Cities Smelting Trial, but you actually blamed Ye Yuan! Really stupid! This Hundred Cities Smelting Trial, if you don’t provoke others, will others not come and kill you? Have you all stayed too long in the academy, your brains all gone soft?” Little Fatty came forward and reprimanded those few people.

“This ... We ... We know we were wrong.”

Those few people’s expressions were extremely ugly, but also did not know how they should refute, and could only admit their mistakes.

The current Ye Yuan was already not on the same level as them long ago.

Ye Yuan gave them a glance and said coolly, “Looking on the account of being fellow disciples, you guys leave! But help me do something!”

Hearing Ye Yuan’s words, the three of them were akin to being granted amnesty, and hurriedly said, “Junior Apprentice Brother Ye, feel free to instruct!”

Ye Yuan said indifferently, “A month later, I’ll accept the challenge of all outer-court disciples at Howless Ridge! No restriction on numbers, no restrictions on methods! You guys help me to spread this news!”

The three people’s expression changed, drawing a cold breath, using dumbfounded gazes to look at Ye Yuan.

This ... was too crazy!

Ye Yuan was going to challenge a hundred cities’ geniuses with his power alone!

“Junior Apprentice Brother Ye, this ... this is ... too risky, right?”

Ye Yuan said coolly, “Taking the risk or not, don’t need you to worry about it! You just say that I have several hundred storage rings in my hands. As long as they are confident in themselves, they can come and challenge me!”

The three people exchanged glances, all being dumbstruck with amazement by Ye Yuan's arrogant words.

This Hundred Cities Smelting Trial had been held for no idea how many seasons. No one had even been arrogant to the degree to challenge all of the hundred cities' elite disciples!

But he, Ye Yuan, did just that!

One had to know that although this smelting trial was called Hundred Cities Smelting Trial, the capital cities taking part were far from just 100 capital cities!

In reality, the cities taking part were close to 200!

Each city had 30 people taking part, which was also close to 6000 people!

According to the one-to-two ratio of inner-court disciples and outer-court disciples, outer-court disciples were close to 4000 people!

These 4000 people were all elites among elites of each capital city. Every single one was a very formidable expert.

But now, Ye Yuan wanted to challenge these 3000 over geniuses with his power alone!

They did not know whether such an action should be called courageous, or seeking death.

When the three people came to their senses, Ye Yuan was already long gone.

"Are ... Are we really going to say that? This guy ... is also a little too crazy, right?"

"But his strength is really powerful! I've heard of that Qiao Jie just now before. He's a Heavenly Feather Capital City's peerless genius. His strength was probably not beneath Qin Shao's! Even he couldn't last past one move under Ye Yuan's hands!"

"But Ye Yuan said, no restrictions on methods, no restriction on numbers! One person challenging close to 4000 people, just thinking about it is terrifying!"

"Since he said so, we'll comply with it! Either way, if something happens, it has nothing to do with us either!"

Chapter 1400: Who Was Toyed?

"Did you hear? There's a fool who actually wants to challenge all of the hundred cities' geniuses at Howless Ridge!"

"How is it possible to not hear of it? This wouldn't be news deliberately released by someone, wanting to ambush us halfway, right?"

"Heh, I heard that this fool called Ye Yuan came from Wu Meng Capital City and is just late-stage Grotto Profound."

“Late-stage Grotto Profound? Why is it more and more nonsensical? For a late-stage Grotto Profound to be able to survive until now is already a miracle. He still has the strength to challenge so many geniuses?”

“No matter what, Howless Ridge must be very lively now already. We’d best go and take a look!”

...

This one month’s time, the news of Ye Yuan putting out the challenge for all outer-court disciples at Howless Ridge spread like wildfire.

Some people dismissed this with a laugh. But some people were still moved by the storage rings in Ye Yuan’s hands.

More and more outer-court disciples were currently rushing to Howless Ridge.

Not long after this group of people left, two silhouettes walked out of the dense forest.

But these two people were Qin Yuanlong and Qin Tian!

Qin Yuanlong tangled with Thundercry for several months and finally found a chance to shake him off.

The two of them rendezvous in this outer-court region. They did not expect that they would hear news about Ye Yuan.

“Humph! This brat is really rampant! He really thinks himself to be invincible under the heavens? He probably doesn’t know that those from powerful capital cities, many disciples all intentionally suppressed their realms to comprehend the power of laws!” Regarding Ye Yuan’s arrogant actions, Qin Tian responded with a cold sneer.

“This punk is indeed arrogant without limit! But this kind of courting death action, we can make use of it,” Qin Yuanlong said with a smile.

“With Uncle around, since we know the whereabouts of that kid, he’s naturally certain to die!” Qin Tian said.

...

The current Howless Ridge had long gathered a large group of students already.

Ye Yuan stood on the mountain, standing with his hands behind his back, with an attitude of standing proudly under the heavens.

By his side, over a dozen figures already surrounded him.

“Sure enough, the first to find Ye Yuan was the Zuo Xiang Capital City’s people!”

“Use your butt to think and you’ll also know! Zuo Xiang Capital City and Wu Meng Capital City are implacable enemies. Each time, they will eye Wu Meng’s students to kill. This time, there naturally won’t be any exception either.”

"I heard that He Ning is Zuo Xiang's outer-court's number one person, an existence with hopes of breaking through to Divine Lord Realm. Him alone is already very hard to deal with, let alone 15 to 16 people!"

"Ye Yuan this fellow is too ignorant of the immensity of heaven and earth! He Ning isn't the strongest. Yong Dang Capital City's Jin Yu, Chang Jia Capital City's Qiu Shuisheng, they are the most terrifying existences!"

He Ning was Zuo Xiang Capital City's outer-court's number one person. His Sword Dao laws already reached the third level of Sword Dao second-layered heaven, his strength extremely formidable.

But Zuo Xiang Capital City's might did not lie on He Ning alone.

Those students by his side, each and every one of them, their strengths were not ordinary too.

When he heard that Ye Yuan was Wu Meng Capital City's disciple, he brought all of Zuo Xiang Capital City's disciples and rushed over straight away.

Towards Wu Meng Capital City's disciples, they had never been soft-hearted.

Furthermore, they never paid attention to fighting one-on-one. Want to fight, it was all together!

"Kid, I say, are you brave, or is your brain not working well? Looks like your Wu Meng Capital City's this season's top dog is really unbelievably weak, to actually lose at the hands of you, this fool. Haha ..." He Ning said with a loud laugh.

Ye Yuan gave him a glance and said coolly, "So much crap. If you're not making a move, I'm coming!"

Seeing Ye Yuan's rushing figure, He Ning said disdainfully, "Just this bit of strength? To dare be so arrogant, I even thought that you can let me enjoy to my heart's content!"

Facing Ye Yuan's attack, He Ning did not retreat, but advanced instead, his figure disappearing bizarrely.

At the same time, Zuo Xiang Capital City's other people also moved.

The reason why Zuo Xiang Capital City was powerful was not just because their students' strength was powerful, their cooperation was also incredibly close.

The moment these dozen over people made a move, it was akin to one person fighting; incomparably harmonious.

Clank!

He Ning exchanged a sword move with Ye Yuan in a blink, but he was shocked until his arm went numb, his long sword nearly slipping out of his hand!

His expression changed, greatly astonished in his heart!

How could a late-stage Grotto Profound's casual sword move have such terrifying strength?

Clank! Clank! Clank!

Ye Yuan's sword emerged like the wind. Under the encirclement of over a dozen people, it came and went freely, without the slightest hint of falling into a disadvantage.

In one exchange, all of Zuo Xiang Capital City's people fell into immense shock.

He Ning's expression turned fearful and he said in a solemn voice, "All don't hide it anymore! Nine Firmament Sword Energy, kill!"

Zuo Xiang Capital City's group of students cooperated seamlessly. Under He Ning's command, the within the group battle immediately crisscrossed with sword energy. Rays of terrifying sword energy slashed over toward Ye Yuan.

"Strength isn't bad! A little interesting!"

Facing the besieging of over a dozen experts, Ye Yuan did not seem to feel taxed. Instead, he appeared to have plenty more to spare.

Zuo Xiang Capital City's Nine Firmament Sword Energy was indeed very strong. Displaying the move with over a dozen people joining hands, its might was even more unimaginable.

Only such a battle could make Ye Yuan enjoy it.

Those sword after sword of Ye Yuan's parried seemingly in a careless manner. Actually, each sword contained the sword intent of Sundering Stars inside.

His utilization of Sundering Stars currently was long already not limited to that heaven-shocking chop.

With every movement, releasing and withdrawing as he pleased.

In such a small-scale battle, Ye Yuan practically utilized the sword intent of Sundering Stars to the limits!

It was just that this battle was totally not the case in the view of outsiders.

"He Ning, stop playing! Is it fun to toy with the young man?"

"Haha, you guys have to bring out a bit of strength at any rate. Otherwise, when other people see it, they'll even think that you guys aren't a match for a late-stage Grotto Profound!"

"When can your Zuo Xiang Capital City get rid of this bad habit and stop playing cat-and-mouse games?"

Among Zuo Xiang Capital City's students, they could sense the other parties' positions through the Nine Firmament Sword Energy.

Hench, each trial, they could virtually find their companions the fastest. They would then regroup into a powerful team to crush the opponent.

It was precisely because of so that their overall strength ranked among the best of these hundred cities.

They also frequently surrounded their opponents and not kill, forcing the other party to crush their own jade pendant.

This was a humiliation toward the opponent and also made many weaker capital cities gnash their teeth in hatred.

This point, Wu Meng Capital City's disciples felt it the most.

But, no matter how furious they were, no one could do anything to Zuo Xiang Capital City either.

Powerful strength was so capricious.

It was just that this time, it was totally not the case.

He Ning knew his own pain. This Ye Yuan was really powerful to the extreme. The more he fought, the more alarmed he became.

This brat cultivated no idea what kind of heretic martial technique. A casual sword move contained tremendous power, capable of easily breaking their Nine Firmament Sword Energy.

This point, outsiders could not tell at all. Only by feeling it personally could one experience it.

It was precisely because of so that it let everyone mistakenly thought that Zuo Xiang Capital City, these guys' old habit flared up again, deliberately playing with Ye Yuan.

In reality, it was them who were toyed by Ye Yuan!

Clank!

Suddenly, a clear sound transmitted out. The long sword in a Zuo Xiang Capital City's disciple's hands was directly shook to fly out.

And Ye Yuan's next sword move already slashed over like lightning!
