Chapter 1441: Breaking Through to the Heaven Glimpse Deity Realm!

There was a fruit-like object, suspending above the island quietly, giving off a holy aura.

“That ... is the aura of Dao! It’s the aura of Heavenly Dao! What is that?”

“I feel it too! Such a powerful Heavenly Dao aura! I feel like I’ve returned to my mother’s womb!”

“How magical! Why do I feel like ... Heavenly Dao is right in front of me?”

...

When everyone saw that fruit, each and every one of them revealed incomparably shocked expressions.

They could sense the aura of Heavenly Dao, but they did not know there was the existence of Dao Fruit, this sort of thing!

But Ye Yuan knew!

“That is a Dao Fruit! Sky Foothill Celestial Deity’s Dao Fruit! I didn’t expect that it was actually really found by me!” Ye Yuan said rather emotionally.

“Dao Fruit? What is that?” Bai Chen said perplexedly.

Ye Yuan smiled and said, “Swallow it and you can become the Sky Foothill World’s master, become a paramount existence! You can even walk out of this small world and enter the true major world!”

“Hiss ...”

Everyone all sucked in a cold breath, being stunned by Ye Yuan’s words.

Each and every one of them revealed unbelievably scorching gazes, already somewhat unable to hold it anymore.

“If you all want to seek death, I won’t stop you all either!” Ye Yuan said in a cold voice.

How could he not know the thoughts of these people? Whoever heard of this thing would probably be moved too.

“Grand Elder, what ... what is it?” asked a Grotto Profound martial artist.

Ye Yuan said nonchalantly, “Such a precious treasure, do you feel that it would be obtained so easily? If you don’t believe me, you can go and give it a try. If you can have a little bit of bone residue left, I’ll pluck my head off for you to kick as a ball.”

That person’s head shrunk back, the heated light in his eyes instantly fading away.

Not just him, Ye Yuan’s words were like a basin of cold water, extinguishing everyone’s flames.

“Ye Yuan, Myriad Longevity Heavenly Soul Stones! On that lone island is full of Myriad Longevity Heavenly Soul Stone!” Dustless said rather agitatedly.

Ye Yuan's eyes lit up, immediately incomparably excited.

Scattered on that lone island were all milky-white stones. They were precisely Myriad Longevity Heavenly Soul Stones!

To him, this Myriad Longevity Heavenly Soul Stone was much more valuable than the Sky Foothill Dao Fruit.

"Grand Elder, then ... what should we do now? It can't be that we just look on like this, right?"

Ye Yuan said, "In my current state, I can't make it through at all! This side is still considered safe. Better wait for me to recover strength first!"

Finished talking, Ye Yuan sat down cross-legged on the spot and started refining the medicinal pills' medicinal strength.

Time slowly trickled by, the others became nervous and restless.

The allure of the Dao Fruit was seriously too great. Even with Ye Yuan's sincere advice, they could not quite hold back anymore too.

"Each and every one of you, stay in your place for me! If anyone dares to act rashly without careful thought, don't blame me for falling out and showing no mercy!" Bai Xiu lowered his voice and warned everyone.

Regarding his actions, Bai Xiu was still constantly remembering it in his heart until now.

Hence, Ye Yuan's words, he treated it as an imperial decree to obey now.

Furthermore, facts proved that Ye Yuan's perception of danger was absolutely not what the rest could compare to.

If he said there was danger, then there was definitely danger!

Suddenly, the essence energy within this dome started closing in on Ye Yuan frenziedly.

Ye Yuan opened his two eyes wide, fishing out quite a few bottles of medicinal pills, and pouring all of it into his mouth in one go.

Apart from this, the Weeping Spirit Fruit left behind from breaking through the last time, Ye Yuan also swallowed all of it in one go.

When everyone saw this scene, they were all dumbfounded with shock.

"Eating ... Eating medicinal pills like this, wouldn't one explode and die?"

"Too scary! Just what kind of cultivation method is Grand Elder cultivating? This is also too freakish, right?"

"Grand Elder actually broke through just like this! This cultivation speed ... is simply unparalleled! Could it be that the outside world's martial artists all cultivate so quickly?"

...

Ye Yuan's injuries had just healed when suddenly, his mind became more agile as luck hit, finally grasping that trace of opportunity to break through to the Heaven Glimpse Deity Realm!

Of course, this was also his thick accumulations erupting, water flowing when the channel was formed!

After entering the Sky Foothill World, Ye Yuan had experienced several major fights and also experienced the death cultivation. He was just lacking an opportunity.

The brutal fight with Qin Tian previously, Ye Yuan finally grasped that trace of opportunity and successfully broke through.

But this Sky Foothill World's spiritual energy was too thin; insufficient to support him breaking through to Heaven Glimpse Deity Realm. Hence, he swallowed all of the divine pills that could supplement divine essence to make up for the inadequacy.

The divine essence required for the Chaos Heavenspan Canon's breakthrough was not a tiny bit.

Not enough!

Still not enough!

The divine essence contained in these divine pills was not enough for him to break through the bottleneck at all and reach initial-stage Heaven Glimpse!

Ye Yuan's divine sea was still expanded crazily, but the divine essence could not keep up.

Suddenly, Ye Yuan leaped and jumped straight into the huge pit!

Below was endless magma!

This scene was too suddenly, everyone all did not react and Ye Yuan jumped down already.

"Master!"

"Grand Elder!"

...

Everyone turned pale with fright, cries of exclamations sounded out everywhere, hurriedly craning their necks to look.

With this look, everyone could not help being dumbfounded with shock.

Ye Yuan actually sat cross-legged on an enormous stone stele. That stone stele emitted an archaic aura that had experienced the many vicissitudes of life which was actually even stronger than the Dao Fruit!

Below, with Ye Yuan as the center, it formed an extremely violent spiritual energy vortex.

To talk about spiritual energy, the spiritual energy in the magma was far more abundant than upstairs. Otherwise, it also would not be able to inoculate Giant Flame Stoneman, this kind of powerful creature.

Hence, Ye Yuan had a flash of inspiration and simply just absorbed the spiritual energy in the magma!

But the temperature in this magma was too high, enough to burn his whole person into nothing.

Hence, he took out the World Suppressing Stele and absorbed spiritual energy with the World Suppressing Stele as the medium.

Sitting cross-legged on the World Suppressing Stele, Ye Yuan could not feel the burning hot magma at all.

“What kind of existence is that stone stele, to actually be able to withstand the magma’s temperature! The Divine Ruins’ magma is what even grand completion Origin Deity powerhouses don’t dare to enter!”

“Grand Elder actually wants to absorb the spiritual energy in the magma to break through. This ... Isn’t this courting death?”

“Yeah! The spiritual energy in the magma is incomparably violent. Absorbing into the body will burn the meridians!”

...

However, Ye Yuan did not care at all!

He absorbed the spiritual energy in the magma greedily, then revolved the Chaos Heavenspan Canon’s second level cultivation method, converting it into divine essence, gathering it into the divine sea.

The entire process was extremely smooth.

The originally incomparably violent magma spiritual energy immediately became unbelievably well-behaved under the Chaos Heavenspan Canon’s refinement.

The burning power in the spiritual energy was also instantly refined away.

No idea how long had passed either, Ye Yuan’s divine sea finally stopped expanding. The divine essence in the divine sea was already completely filled too.

However, the divine essence in Ye Yuan’s divine sea became more and more viscous!

It was precisely because of so that the spiritual energy required for his breakthrough was several times, even several dozen times of other people!

“This ... is Grand Elder really a human? He ... He actually really refined the spiritual energy in the magma!”

“My God, he really broke through to the initial-stage Heaven Glimpse? Why does the feeling he gives me ... feel like a primal savage beast?”

“Simply inconceivable! Grand Elder really can’t be judged with common sense!”

Chapter 1442: 1442 Do You Think You’ll Be Fine If You Don’t Move?

1442 Do You Think You’ll Be Fine If You Don’t Move?

“Wonder what it will look like when divine essence is compressed to the limits! The Chaos Heavenspan Canon’s continuation is really worth looking forward to!”

Feeling the boundless divine essence undulations within his body, Ye Yuan felt like every pore in his whole body opened up.

Although this path of cultivation method self-creation was arduous, it was clearly worth it.

Currently, although he had just broken through to initial-stage Heaven Glimpse, the thickness of divine essence already did not lose to peak initial-stage Heaven Glimpse martial artists.

Coupled with the powerful Chaos Heaven Opening Sword Art, it practically took no effort for Ye Yuan to one-shot middle-stage Heaven Glimpse martial artists now.

Even late-stage Heaven Glimpse powerhouses, he had the strength battle it out too!

Ye Yuan leaped, bringing along the World Suppressing Stele, and flew back to the platform.

“Master, you’re really too incredible! Even breaking through was also so eclectic!” Bai Chen went up to greet and exclaimed.

“Yeah, Grand Elder. The cultivation method that you cultivate is actually so overbearing that you can even tame the spiritual energy in the magma too!” Bai Xiu also exclaimed in surprise.

If it were even, even if he could survive in the magma, the violent spiritual energy would also burn his meridians into a crisp.

Ye Yuan smiled and said, “This is also something that couldn’t be helped. The Sky Foothill World’s spiritual energy is too thin. Fortunately, it’s inside the Divine Ruins. If it was in the outside world, it might cause a massive commotion.”

If Ye Yuan cultivated at the outside world, most likely, the spiritual energy within a circumference of 10 thousand miles would be absorbed clean by him!

Such a large commotion, it was hard to ensure that it would not draw the Sky Foothill Divine Palace’s attention.

Suddenly, many holes appeared on this giant ring platform!

Swoosh! Swoosh! Swoosh!

One figure after another was transported out of the holes in various ways.

Seeing this scene, Ye Yuan’s expression could not help turning grim, instinctively having a foreboding premonition.

“Dao Fruit! It’s actually the Dao Fruit! Hahaha ... I obtained it without any effort at all! Really obtained without any trouble at all!”

When Qin Tian saw the Dao Fruit suspended on the lone island, he was in a state of extremely ecstasy.

He also did not expect to actually find the Dao Fruit here!

That was a Celestial Deity Dao Fruit!

As long as he obtained the Celestial Deity Dao Fruit, he could reach Celestial Deity Realm within a very short time!

At that time, however vast the world, what place could he still not go?

Regarding the Divine Lord Realm, Qin Tian was still somewhat confident. But regarding Celestial Deity Realm, he never thought of it before.

Hard!

Too hard!

But now, this enormous cake was placed in front of him, how could he not be agitated?

Upon laying eyes on the Dao Fruit for the first time, he swore to obtain it at all costs!

Suddenly, he sensed something and looked in Ye Yuan's direction, his pupils involuntarily constricting and he drew a cold breath.

Just how long had it been, Ye Yuan actually broke through to Heaven Glimpse Deity Realm!

This was not some good news!

When Ye Yuan was half-step Heaven Glimpse, he already almost killed him.

Becoming a genuine Heaven Glimpse Realm powerhouse now, his strength improved by God knows how many times.

Unleashing that sword one more time, his Heavenly Feather Flexible Armor would not work anymore too!

"Dao Fruit? What is that thing?" Duan Fei said.

He could tell from Qin Tian's expression that this thing was definitely extraordinary.

"Good stuff! Heh heh, with this Dao Fruit, we can discuss things now! The precious treasures on Ye Yuan's body and this Dao Fruit, you pick one!" Qin Tian said coolly.

He did not conceal it either, briefly introducing this Dao Fruit's effect, making Duan Fei's countenance change visibly.

Controlling Heavenly Dao, becoming the sovereign of a world!

Such a thing, how could he not be moved?

"This Dao Fruit, I'm taking it!" Duan Fei forcefully suppressed the agitation in his heart and said.

As long as he swallowed the Dao Fruit, he would control the Sky Foothill World.

At that time, the Sky Foothill Divine Palace's palace lord would also have to grovel and lick under his feet!

Thinking about it made people excited!

"Alright, then it's settled! But because of this, we'd better settle the problem first!" Qin Tian said coolly.

Regarding Duan Fei's decision, Qin Tian did not have much objections.

He was indeed very moved by the Dao Fruit. But he had a feeling that the precious treasures on Ye Yuan were probably even more incredible than the Dao Fruit!

The talent that Ye Yuan displayed was too terrifying. If say Ye Yuan did not have a heaven-defying lucky chance, that was impossible.

Wu Meng Academy's resources were utterly insufficient to nurture such a freak.

Moreover, how could Qin Tian possibly give away the Dao Fruit on a silver platter?

Finishing off Ye Yuan, Qin Tian's next target would be Duan Fei!

"Azurepeak, Zuo Yun, Huo Tianyang, the few of you attack together! The White Night Sacred Palace's people, don't spare a single one!" Duan Fei said solemnly.

Hearing Duan Fei's orders, Azurepeak's face revealed a complicated look.

Those who charged out of the Giant Flame Stonemen there were all powerful people.

Right now, the various major sacred palaces, the one that was the most intact was the White Night Sacred Palace.

"Kill!" Duan Fei bellowed. A group of people encircled over towards the White Night Sacred Palace from both sides.

This was a ring-shaped platform. Ahead was endless magma. The White Night Sacred Palace's people already had no way to escape!

"You all listen well to me! In a while, no matter what happens, all don't anyhow take action! Stay on the spot and don't move! I'll do my best to protect you all!" Ye Yuan said solemnly.

Everyone's expression turned austere and they nodded one after another.

They also discerned that Duan Fei and Qin Tian joining hands, and Huo Tianyang also glaring like a ravening tiger by the side, they already had no way out.

Now, there was only listening to Ye Yuan.

Ye Yuan's face fell. Raising his hand, it was a Coiling Dragon Heaven Devastating Palm!

However, his target was not Duan Fei they all, but ... the direction of the Dao Fruit!

A massive azure dragon phantom flew straight for the Dao Fruit.

"Ye Yuan, you dare!"

When Qin Tian and Duan Fei saw this scene, they virtually cried out in shock in unison.

They thought that Ye Yuan was going for broke here.

A hint of a cold smile flashed across the corners of Ye Yuan's mouth. This bunch of fools really thought that the Dao Fruit was so easy to obtain?

Boom!

When the azure dragon phantom reached the lone island, it seemingly ran into a giant barrier, shaking until the entire dome started quaking violently.

Qin Tian and Duan Fei both heaved a sigh in relief, rejoicing that the Dao Fruit was okay.

However, very soon, the expressions on their faces changed.

Rays of faint-yellow light floated up, filling the entire dome very quickly.

Boom!

A pale-yellow light ball suddenly condensed and formed, bombarding right onto a Heaven Glimpse Deity Realm elder.

“ARGH!!”

That elder let out a shrill scream and was directly blown flying.

After that, his entire person turned into a fireball and started burning.

This scene made everyone break out in cold sweat.

“All stand still and don’t move! This damn guy set off the grand array! Right now, all of us have fallen into the grand array!” Duan Fei gnashed his teeth in hatred and said.

This grand array was too formidable. A Heaven Glimpse Realm elder only withstood for several breaths of time and turned into a cloud of flying ash.

Ye Yuan looked at this scene and said with a cold smile, “Do you think you’ll be fine if you don’t move?”

His voice had yet to fade when another light ball suddenly condensed and formed, roaring toward another Heaven Glimpse Realm elder once again!

[Unrivaled Medicine God](#)

Chapter 1443: Well Within Reach!

The result did not give the least bit of surprise. That elder was similarly burned to a crisp!

Swish!

Another fireball condensed and formed. It was just that the target this time was a Grotto Profound martial artist beside Ye Yuan.

Seeing this scene, Qin Tian’s face revealed a look of wild elation.

Although this fireball was not targeting Ye Yuan, to be able to make their side suffer heavy casualties, he was happy too.

Weren’t you doing unnecessary stuff?

Screwed your own people, right?!

Seeing the fireball draw near, that Grotto Profound martial artist was instantly drenched in sweat.

He was just about to take off and run when a voice sounded out beside his ear.

“Don’t resist, I’ll bring you to a safe place.”

This voice was simply like a heavenly melody, incomparably wonderful.

He only felt a blur before his eyes and a figure already pulled him along and escaped into the yellow light.

This action of Ye Yuan, he seemingly stepped on a land mine, triggering more and more fireballs to follow on their tails.

“Hahaha, you wouldn’t die if you didn’t look for trouble! Ye Yuan, let me see how you escape!” Qin Tian laughed wildly as he said with excitement.

But Ye Yuan paid no attention to it, bringing that person and teleporting, and actually scurried straight into that fireball!

When that Grotto Profound martial artist saw the fireball brush past his cheek, all the hair on his body stood on its end. He only felt his crotch become wet. He was actually scared until he peed.

At this time, everyone was watching Ye Yuan’s action.

The miraculous thing was that when he shuttled back and forth between the fireballs, not a single fireball actually touched him!

Qin Tian’s smile became stiffer and stiffer, finally freezing on his face.

Ye Yuan moved like the wind, changing no idea how many positions.

Suddenly, that Grotto Profound martial artist only felt a blur before his eyes. All of the fireballs vanished without a trace!

“Stay here and don’t move! Otherwise, an immortal can’t save you either!” Ye Yuan said solemnly.

“O-Oh!” That Grotto Profound martial artist nodded his head mechanically, only then, coming to a realization.

Just now, Ye Yuan brought him like dancing on the edge of a knife. That taste was really awesome.

“Four steps away, add three steps ...”

Inside Ye Yuan’s sea of consciousness, Dustless was currently swiftly explaining to him the footwork.

This grand array was incomparably profound. It was likely personally arranged by Celestial Deity Sky Foothill. With Ye Yuan’s current realm, it was naturally impossible to crack it.

But, he still had Dustless, this senior with vast experiences, along with him.

The moment this grand array activated he recognized this array formation.

This array formation was called the Flame Wandering Universe Grand Array of the Eight Desolates. It was a Five-star Divine Dao grand array, and its power was boundless.

But the grand array in front of him was clearly less than one-ten-thousandth of its peak.

Otherwise, these people in front would long have died out.

The instant when Ye Yuan saw the rest, he knew what was going to happen.

This was probably a plot set up by Celestial Deity Sky Foothill, wanting to replenish the continuously weakening Dao Fruit with the fresh blood of Deity Realm powerhouses.

Hence, that was why everyone would be transported here.

Very soon, Ye Yuan returned to his original position, grabbing Bai Chen and directly flying away.

He did the same, sending all of the White Night Sacred Palace's people to a safe place.

Qin Tian and Duan Fei's expressions were ugly to the extreme. This grand array was so powerful, but only Ye Yuan alone could come and go freely. This was not good news!

Duan Fei looked towards Qin Tian and said coldly, "Still don't think of a way, we'd all have to die here! Aren't you all outsiders very powerful? Why are you so useless?"

Qin Tian was livid with rage and said in a deep voice, "I told you long ago, this brat has precious treasures on him! This array formation's rank is extremely high. If its power wasn't significantly diminished, we'd have long died out!"

Duan Fei snorted coldly and said, "This doesn't change the fact that you're useless too!"

Qin Tian said angrily, "If you have any use, rush the formation for me to see!"

The two people were currently arguing when two fireballs flew over towards them.

The two people's expressions changed, attacking brazenly at the same time!

Boom!

Boom!

Those two fireballs were actually directly annihilated!

However, their faces did not have the slightest expression of joy. Because this kind of attack consumed too much divine essence.

They could block one, two, but once the grand array activated, it would not stop. How many could they block?

"Heh, strength is all pretty good! After I retrieve the Dao Fruit, I'll come and settle scores with you guys again!" Ye Yuan looked at this scene and said with a cold laugh.

Finished talking, his figure moved, and actually moved in the direction of the Dao Fruit.

Qin Tian's entire body trembled, his gaze full of unwillingness.

Watching Ye Yuan draw closer to the Dao Fruit step by step, Qin Tian could not endure it anymore, his entire body's aura skyrocketing.

Ye Yuan's expression changed, looking over in Qin Tian's direction in surprise.

"Ye Yuan, you forced me! Today, I'll definitely kill you! Want to obtain the Dao Fruit? Dream on!"

Qin Tian shouted fiercely. His hand had an additional ice cube-like object.

A powerful spiritual energy undulation instantly swept across the entire dome.

"It's Ten Thousand Year Mystic Crystal! This small piece of Ten Thousand Year Mystic Crystal is sufficient for him to break through to the Origin Deity Realm! This guy actually still had such a thing in his hands!" Dustless said in surprise.

Boom!

Qin Tian's aura released fully. An overwhelming pressure instantly enveloped the entire place.

He was going to break through to the Origin Deity Realm!

"I've been suppressing my realm all along in order to comprehend Sword Dao! Today, for your sake, I'm going to break through to the Origin Deity Realm! You can be proud of this!"

Qin Tian laughed ominously, swallowing the Ten Thousand Year Mystic Crystal in one go.

Ye Yuan's expression changed. The speed of his feet accelerated, speeding over towards the Dao Fruit.

Qin Tian's aura was in the midst of rising crazily. Finally, he made his move and stepped right into the grand array.

Whoosh!

A fireball shot straight for Qin Tian.

Qin Tian did not even look, a sword directly flying out.

Boom!

That fireball was directly annihilated.

With the support of the Ten Thousand Year Mystic Crystal, Qin Tian did not care about the consumption of divine essence within his body at all.

Actually, with Qin Tian's talent, he could have broken through to the Origin Deity Realm long ago.

These few years, he had been suppressing and not breaking through all along in order to comprehend Sword Dao in the Sword Tomb.

As the saying went, thick accumulations burst forth. Him breaking through to the Origin Deity Realm now was virtually something that happened without extra effort.

Breaking through this sort of thing was all too easy for a genius like Qin Tian.

Duan Fei had a visible change in countenance watching by the side. He finally knew the disparity between him and Qin Tian, this kind of trial-takers.

Back then, he spent a full 50 thousand year's time in order to break through to the Origin Deity Realm!

But he broke through so casually.

Bang! Bang! Bang!

Qin Tian drew his sword like the wind, obliterating all of the fireballs that the grand array condensed.

Ye Yuan's footwork was walking in a roundabout manner.

While Qin Tian walked straight ahead in the direction of the Dao Fruit!

Very soon, Qin Tian rushed in front of Ye Yuan instead.

When Duan Fei saw the two people snatching the Dao Fruit, he finally could not hold back any longer.

"Damn it! Risk it all!"

Duan Fei gritted his teeth, figure flying out hastily, also rushing over toward the Dao Fruit.

Three figures broke through the grand array's layers of blockade, all wanting to be the first to obtain the Dao Fruit.

However, along with them getting closer and closer to the Dao Fruit, the fireballs around them also became more and more, the power increasingly horrifying.

Qin Tian's powerful strength was displayed in its entirety without a doubt at this moment.

His aura was still rising non-stop and already infinitely approached Origin Deity Realm.

Qin Tian had a look of joy. The Dao Fruit was already well within reach!

[Unrivaled Medicine God](#)

Chapter 1444: Far Away at the End of the Horizon!

"Hahaha, Ye Yuan, you're finally still going to die in my hands! The Dao Fruit is mine, Qin Tian's!"

Looking as if he was about to obtain the Dao Fruit, Qin Tian became incomparably excited.

However, the fireballs around him became more and more, also making it difficult for him to stride forward.

The Ten Thousand Year Mystic Crystal's spiritual energy was indeed abnormally powerful. Qin Tian's aura was still in the midst of rising crazily.

"Argh!"

Qin Tian shouted loudly, his aura rising to the peak all at once!

The pressure that belonged to Origin Deity powerhouses instantly spread out.

Qin Tian's gaze turned sharp, the long sword in his hand akin to a snake hissing, shooting over towards the surrounding fireballs like lightning.

"Puhwark!"

Even if he broke through to Origin Deity Realm, these powerful fireballs still injured Qin Tian's internal organs.

Qin Tian forcefully suppressed the injuries and continued advancing.

The fireballs became more and more concentrated, virtually drowning Qin Tian's entire person.

But the Qin Tian after breaking through was too powerful. Although he advanced slowly, it was very steady!

However, along with the passage of time, Qin Tian's injuries also became heavier and heavier.

While on the other side, Duan Fei's speed clearly slowed down immensely. He already almost could not block the fireballs' offensive anymore.

"Damn it! This grand array is too powerful! The farther in front, the more terrifying the power of the fireballs!" Duan Fei gritted his teeth and said.

"Puhwark!"

Qin Tian spewed blood along the way as he walked, finally arriving in front of the Dao Fruit!

The sacred aura of Heavenly Dao hit him head-on, making Qin Tian virtually about to rise to heaven.

Swoosh! Swoosh! Swoosh!

Qin Tian drew his sword like the wind, cutting down several fireballs in the proximity, left hand darting towards the Dao Fruit like lightning.

Right in front of his hands!

Qin Tian's heart was almost leaping to his throat!

This was a Dao Fruit!

As long as he swallowed it, the day he broke through to Celestial Deity Realm was right around the corner!

In that case, he would be a region's powerhouse in the Heavenspan World too.

When Wu Meng City Lord saw him, he would also have to respectfully call him 'Your Excellency'!

In the Heavenspan World, Dao Fruits were too scared, too precious.

Whoever saw them would inevitably be moved too.

"Now, you're mine!" Qin Tian spouted blood but had a blissful smile on his face.

Swoosh!

Right at this moment, Qin Tian only felt a blur before his eyes. An afterimage streaked past in front of him.

The Dao Fruit was gone!

In this instant, Qin Tian fell straight from heaven to hell.

The Dao Fruit that was clearly well within reach was actually snatched by someone!

Near at hand a moment ago, but far away at the end of the horizon a moment later!

That afterimage just now was unimaginably fast. Even Qin Tian did not catch his trajectory.

In addition, he appeared too suddenly. Qin Tian could not react at all.

“Such fast speed! What happened just now?”

“Don’t know! My eyes have always been staring at Grand Elder. Then, he suddenly disappeared!”

“Grand Elder snatched the Dao Fruit? Where ... Where is he?”

“Hahaha, so close! I already lost all hope just now, I even thought that we’re all dead for sure!”

...

Confirming that Qin Tian did not obtain the Dao Fruit, the people on the White Night Sacred Palace’s side were all wreathed in smiles.

Just now, their hearts had leaped to their throats and even thought that the Dao Fruit would definitely land in Qin Tian’s hands.

He did not expect that the situation changed drastically, and it was snatched away by Grand Elder.

Bang! Bang! Bang!

The rock wall above the dome suddenly experienced an intense explosion sound.

“Chasing Moon!”

Ye Yuan’s inconceivably quick sword extinguished the fireballs that tailed behind him.

Following that, Ye Yuan revealed his figure.

His hand held a fruit. It was precisely the Dao Fruit!

“Ye Yuan, I’ll kill you! The two of us cannot live under the same sky!”

As Qin Tian dealt with the fireballs, he roared at Ye Yuan crazily.

A duck that came to his hands flew away, Qin Tian’s fury at this time could be imagined.

He did not know why Ye Yuan would be quick to that degree just now.

He was clearly still very far from the Dao Fruit, but he snatched away the Dao Fruit like teleporting.

This snatching food from the jaws of a tiger, everyone did not react in time!

This scene happened too suddenly, too unthinkable.

Until now, there were still quite a number of people in the midst of shock.

Ye Yuan landed in the safe area again at this time and said to the Qin Tian who had his hands full, "You stay engaged first, I'll find you to settle scores in a while! The scores between the two of us really have to be settled properly!"

Finished talking, Ye Yuan's figure shifted swiftly, teleporting once more.

Before long, Ye Yuan appeared beside Bai Chen, handed the Dao Fruit to him, and said, "Eat it!"

Bai Chen had a look of utter disbelief. Then shook his head like a rattle-drum and said, "N-No way! Such a precious thing, Master, you only got it after escaping danger by a hair's breadth. How can you give it to me?"

Eating this Dao Fruit meant that one could control a world!

Ye Yuan actually gave it to him so casually?

Bai Chen knew the perils of that scene earlier. Although he could not see Ye Yuan's movements clearly, the intense explosions that came from above indicated that Ye Yuan definitely triggered the grand array.

Everyone all used incredibly envious gazes to look at Bai Chen. The White Night Sacred Palace's powerhouses were similarly like so.

Eating this Dao Fruit, one could control a world.

They, these Deity Realm powerhouses, Bai Chen could wield absolute power over their life or death!

Such a thing, who did not want?

Ye Yuan smiled faintly and said, "This thing is useless to me, I won't eat it no matter what."

Bai Chen's eyes went wide and he said in disbelief, "How can it be useless? If you eat it, you can control the Sky Foothill World!"

Ye Yuan said, "Things in the world, you win some and you lose some! Although the Dao Fruit is good, as long as one eats it, they will utterly wipe out their talent, cultivation difficulty becoming a thousand times, ten thousand times harder than ordinary people! If barring no accidents, they will just stop at the Celestial Deity Realm in this lifetime too. Unless ... they encounter an even more incredible Dao Fruit."

A person running into one Dao Fruit in a lifetime was already heaven-defying destiny.

Encountering a second one ... there was basically no possibility.

Ye Yuan's ambition was very big. He thought nothing of Celestial Deity Realm at all.

Hence, this Dao Fruit was a heaven-defying treasure to others, but it was worthless to him!

Ye Yuan did not hide his voice. Qin Tian who was currently in a fierce battle with the fireballs nearly spewed out a mouthful of blood.

'Just stop' these two words were used well!

Celestial Deity Realm, even in the Heavenspan World, only one could be born among hundreds of millions of martial artists too.

This guy was actually so contemptuous.

“Therefore, you have to think clearly too. If you consume this Dao Fruit, you’ll never be able to break through past the Celestial Deity Realm in this lifetime anymore. Of course, you might not understand the significance of Celestial Deity Realm. Celestial Deity Realm, even in the great world outside, can also be considered a true powerhouse.” Ye Yuan said coolly.

By the side, Mo Yun’s breathing had long become extremely ragged.

Seeing Bai Chen still in a daze, he could not resist saying, “Silly boy, what are you still waiting for? This is a massive lucky chance that His Excellency bestowed upon you! Didn’t you see how much that intruder wants to get this Dao Fruit?”

Bai Chen abruptly startled awake, gaze looking firmly at Ye Yuan, and directly knelt down.

Dong dong dong!

Bai Chen gave three deep kowtows toward Ye Yuan.

“Master’s grace, I’ll definitely repay it after I break through to the Celestial Deity Realm!” Bai Chen said firmly.

[Unrivaled Medicine God](#)

Chapter 1445: Too Late!

Under everyone’s stares, Bai Chen slowly ate the Dao Fruit.

They all swallowed their salivas, staring at Bai Chen eagerly, their eyes full of envy.

Bai Chen’s entire body trembled, the light in his eyes gradually fading. A milky-white light screen enveloped him.

Bai Chen was like a fetus that returned to his mother’s body, curling up in the light screen, and falling asleep.

A boundless aura of Great Dao gradually spread out.

Rumble ...

The entire Divine Ruins started trembling, while this dome started collapsing, rubbles falling down one after another.

Crack! Crack! Crack!

The Flame Wandering Universe Grand Array of the Eight Desolates actually started collapsing. Those fireballs scattered everywhere gradually disappeared.

“Hahaha ... Ye Yuan, I want to see who can still save you now!”

The pressure reducing drastically, Qin Tian let out a wild laugh.

He was tormented by this grand array until he was about to go crazy. Just now, in order to snatch the Dao Fruit, he even piled injuries on top of his injuries.

While on the other side, Duan Fei was even more miserable than him.

Duan Fei, from head to toe, one could use the phrase being riddled with a thousand gapping words to describe him. There was virtually not an area that was in good condition.

Ye Yuan nonchalantly gave Qin Tian a glance and said disdainfully, "Just based on your condition, you also want to kill you?"

Ye Yuan's contemptuous eyes deeply stimulated Qin Tian and he said furiously, "I'm Wu Meng Academy's number one genius! A measly initial-stage Heavenly Dao dares to utter wild raving?! Die!"

Qin Tian shouted loudly, his figure rampaging, charging toward Ye Yuan like lightning.

Except, his aura was already far weaker than his peak.

Ye Yuan laughed coldly. His figure swayed and vanished from where he was.

Boom!

Boom!

Boom!

The two people turned into two phantoms, exchanging several rounds like lightning.

Evenly matched!

Qin Tian's internal organs suffered severe injuries, in addition to Heavenly Dao's suppression, his current strength was even worse than before breaking through.

Chasing Moon this move, what it emphasized was the unification of man and sword, destroying a solid dike with an ant hole, the speed swift to the extreme.

Ye Yuan went at full firepower, the strength that he erupted with instantly was not the least bit worse than Qin Tian's!

Under this sort of strange state, the two people's strength actually reached a strange balance.

The two were people with extremely powerful combat strength. This contest that was well-matched in strength shocked until the dome collapsed rapidly, debris flying everywhere.

"Duan Fei, go kill that brat! Otherwise, when he refines the Dao Fruit, you'll die until not even dregs can be left behind!"

In the fierce battle, Qin Tian's bellow sounded out.

Duan Fei was already incomparably tragic under the fireballs' attacks.

His Dao foundation was already ruined. Even if his injuries healed, his strength could not advance a step further anymore as well.

Qin Tian's words sounded by his ear like a clap of thunder. He abruptly startled awake, pouncing over toward Bai Chen like lightning.

Although Duan Fei similarly suffered a great loss in strength, he was an Origin Deity powerhouse in the end.

With his strength, Bai Xiu and the rest were really not a match.

However, Bai Xiu did not hesitate in the slightest, directly blocking in front of Bai Chen.

He already harbored the resolve of certain death and had to stop Duan Fei's attack.

Mo Yun and the rest of the elders also all rushed over, attempting to stop Duan Fei's footsteps.

Duan Fei gritted his teeth, ignoring the injuries on his body, and unleashing all of his remaining divine essence!

"Grand Luo Bo Ruo Palm!"

Duan Fei shouted fiercely. A terrifying aura rippled out, causing the faces of Bai Xiu and the rest to change drastically.

With Duan Fei's current injuries, if they wanted to escape, it could be done.

But behind him was Bai Chen!

"Protect Palace Lord to the death! Everybody attack with me!" Bai Xiu gritted his teeth and said.

"Yes!" Everyone did not shrink back at all, each executing various means, meeting that terrifying palm force.

Duan Fei laughed coldly and said, "A bunch of blind and reckless things! Since you all are seeking death, then this divine official will send you all to the western paradise!"

Finished talking, Duan Fei urged his palm force. A terrifying energy that blotted out the skies and covered the earth fired over in Bai Chen's direction.

"Hahaha, that brat is about to die in front of you right away! Are you very desperate? Relax, you'll also follow him to hell right away!" Qin Tian said with a big laugh.

Swoosh!

In the air, a hint of lightning laws suddenly flashed past.

Then, Qin Tian's smile froze on his face. He lost Ye Yuan's traces!

Ye Yuan disappeared from in front of him once more!

Qin Tian's expression changed, and he said with great astonishment, "It's ... It's Heavenly Thunder Swift Talismans! Damn Thundercry! It's his Heavenly Thunder Swift Talismans!"

Previously, the scene of Ye Yuan snatching the Dao Fruit was too sudden. Qin Tian did not react in time at all.

Now, he finally knew why Ye Yuan would disappear!

Chasing Moon plus Heavenly Thunder Swift Talisman!

When Ye Yuan unleashed Chasing Moon this move, he mobilized the Heavenly Thunder Swift Talisman at the same time! It could be said to be accelerating on top of speed!

The Heavenly Thunder Swift Talisman was Thundercry's proud work. Once unleashed, even ordinary Origin Deity powerhouses could not catch up too!

Even though Ye Yuan was unable to unleash the Heavenly Thunder Swift Talisman's full power, established on the basis of Chasing Moon, this move, coupled with the Heavenly Thunder Swift Talisman, his speed could virtually rival Origin Deity Realms.

Furthermore, with the Heavenly Thunder Swift Talisman's augmentation, the power of Chasing Moon, this move, was even more terrifying!

Swish!

Qin Tian shuddered, hearing the sound of a long sword passing through the flesh.

The eyes of the originally imposing Duan Fei gradually became lax.

That terrifying palm also directly dissipated without a trace.

Bai Xiu and the rest who were akin to facing a great enemy suddenly felt the pressure on their bodies easing up.

Then, they saw Duan Fei fall down feebly in front of them.

Duan Fei, dead!

The entire process was just a split second. Everybody did not react to it.

By the time they reacted to it, Duan Fei was already dead.

Swoosh ...

However, the nightmare still continued.

Qin Tian shuddered again. The scent of death hit him head-on!

With his strength, he actually only saw an afterimage charge over toward him.

Clank!

In his haste, Qin Tian instinctively swung out a slash.

Qin Tian only felt a tremendous force transmit over. The originally suppressed injuries could not be suppressed any longer, a mouthful of fresh blood spewing out wildly, his body flying out backward.

"Not over yet! Again!"

Ye Yuan's cold voice was like a death-hastening talisman, sounding out by Qin Tian's ear.

Qin Tian felt his scalp tingle. But this move of Ye Yuan's was too terrifying. He only managed to block it just now by relying on his instinctive reaction to danger.

The next sword, he did not have any confidence to block it!

Swish!

Qin Tian only felt a blur before his eyes, Ye Yuan arrived again!

Clank!

It was actually blocked again by him like a blind cat bumping into a dead rat!

It was just that under this immense force, the sword in Qin Tian's hand could not be held on anymore, slipping out of his hand, eventually falling into the magma.

"You're dead!"

Ye Yuan's nightmare-like words sounded out by Qin Tian's ears once again.

Qin Tian's pupils constricted, using a near trembling voice to beg, "I was wrong! Ye Yuan, I was really wrong! L-Let's reconcile!"

"Too late!"

Ye Yuan's voice was icy-cold without the slightest emotion, sounding out beside Qin Tian's ear for the last time.

Pfft!

The Evil Extermination Sword easily pierced the Heavenly Feather Flexible Armor, the long sword penetrating right through the internal organs!

Chapter 1446: Risking Their Lives

"I'm ... not ... willing!"

Qin Tian's eyes gradually became lax, carrying intense unwillingness.

He was the most prodigious student of Wu Meng Capital City in 100 thousand years. If barring no accidents, he could even step into the Divine Lord Realm.

Until one day, a guy called Ye Yuan appeared, snatching away all of his light.

This rookie who was only the Grotto Profound Realm actually covered the light of him, this half-step Origin Deity!

Only a short while ago, Ye Yuan was merely an ant that could be easily crushed to death in Qin Tian's eyes.

All the way until one day, he discovered to his surprise that this ant suddenly grew up.

Grew to the point where it was sufficient to threaten him!

Therefore, he did not scruple to sneak into the Sky Foothill World and also had to kill him.

But the final outcome concluded with his death.

A heaven's chosen of his generation perished here and now!

“This ... In a blink of an eye, killed two might Origin Deity powerhouses! How did this guy accomplish it?”

“Too ... Too strong! He’s just at the initial-stage Heaven Glimpse Realm, to actually forcefully toy two mighty Origin Deity powerhouses to death!”

“It’s hard for Deity Realm powerhouses to jump realms! But this guy’s combat power just shoots up at least two minor realms! Simply inconceivable!”

“This Ye Yuan is likely a first-rate genius in the outside world too, right?”

...

In the midst of everyone’s cries of exclamations, Ye Yuan put away his sword and stood there, not the slightest bit of pity in his eyes.

The Qin Family had already used no idea how many means in order to put him to death.

If not for him having some trump cards, he would have long died until not even dregs remained.

The first time this Qin Tian laid eyes on him, he already viewed him as a dead person.

Killing him, Ye Yuan did not have any psychological burden at all.

Boom ...

A piece of enormous rock fell from the sky, directly smashing onto the lone island.

That lone island could not bear it anymore, slowly sinking down.

The Myriad Longevity Heavenly Soul Stones scattered on the lone island actually slipped down, falling and dispersing into the magma.

He was in a fierce battle with Qin Tian just now. With his mind completely preoccupied, he did not notice this enormous rock.

Now, wanting to salvage it was already too late!

Without the slightest hesitation, Ye Yuan used the third Heavenly Thunder Swift Talisman, his body turning into an afterimage, speeding down below.

Ye Yuan urged the deploy within his body to the limit and actually reached first despite moving later, catching up to the Myriad Longevity Heavenly Soul Stones that were currently falling in an instant.

Ye Yuan moved like lightning. In this split second, he collected seven to eight Myriad Longevity Heavenly Soul Stones.

The rest, he was already powerless to do anything.

His straight line dash did not hold back at all. There was simply no way to change directions anymore.

“Grand Elder!”

When Bai Xiu and the rest saw Ye Yuan’s figure rushing towards the magma with immense speed, each and every one of them turned pale with fright.

It was just that Ye Yuan's speed was too fast. They did not have time to do anything at all.

Bang!

Ye Yuan knocked into the World Suppressing Stele at an extremely high speed.

The World Suppressing Stele kicked up a large cloud of magma because of the tremendous impact, scattering it everywhere.

"Puhwark!"

Ye Yuan directly spewed out a mouthful of blood and did not recover for some time.

This blow was too fierce. Even if Ye Yuan's fleshy body was strong, he suffered considerable internal injuries too.

It was equivalent to him suffering a full-powered impact of his own. If it were others, they could directly crash themselves to death!

"You punk, is life so worthless? If you keep playing like this, you'll play yourself to death sooner or later one day ..."

In his sea of consciousness came Dustless's roar.

Regarding Ye Yuan's dangerous action, he was virtually almost going crazy.

This series of actions just now only happened in a twinkle.

Not only did Ye Yuan have to collect the Myriad Longevity Heavenly Soul Stones, he even had to deploy the World Suppressing Stele. Once there was an accident and he dropped into the magma, he would thoroughly play himself to death.

"Huhu, aren't I fine? The Myriad Longevity Heavenly Soul Stone, I have to get it!" Ye Yuan forced a smile and said.

Ye Yuan struggled to his feet, ignored the injuries on his body, and leaped up.

"This place isn't suitable to stay for long, leave!" Ye Yuan said to the White Night Sacred Palace's group.

"But ... what about Palace Lord?" Bai Xiu said.

"He'll be fine. Bai Chen will be safer in this place than the outside world instead," Ye Yuan said coolly.

The dome collapsed, revealing a large gap above.

Ye Yuan leaped up, flying toward that gap.

The faces of Bai Xiu and the rest changed, also hastily following after Ye Yuan.

Swoosh! Swoosh! Swoosh!

One figure after another flew out from underground.

But compared to the battalion when they entered, these figures appeared rather few and scattered.

“It’s Huo Tianyang! That damn fellow, we can’t let him run!”

The moment Bai Xiu came out, he saw Huo Tianyang currently fleeing at full speed.

When the White Night Sacred Palace’s group saw this scene, each and every one of them wanted to chase after him.

“Don’t chase!” Ye Yuan said in a clear voice.

Bai Xiu and the others’ actions stopped, saying with puzzlement, “Grand Elder, Huo Tianyang is our mortal enemy, how can we let him go?”

Ye Yuan said coolly, “Let him wander around at leisure for some time first! When Bai Chen leaves seclusion, he’ll naturally go and take his dog life.”

Suddenly, Ye Yuan’s brows furrowed and he said in a solemn voice, “Quickly leave!”

Everyone’s hearts turned cold, speeding away like the wind.

Boom!

Not long after everyone left, raging magma spewed right out from underground, reaching the clouds!

That terrifying temperature, everyone could distinctly feel it from ten thousand miles away.

The magma was like a fountain, looking extremely spectacular.

When everyone saw this scene, their faces could not help changing as he said, “Grand Elder, this ... Will Palace Lord be fine inside?”

This magma was too frightening. It was not up for everyone to not be worried.

But Ye Yuan said coolly, “Relax! Eating the Dao Fruit, Bai Chen is Heavenly Dao! This magma is very dangerous to us, but won’t cause the slightest bit of harm to him.”

Only after hearing Ye Yuan’s words did everyone feel slightly more at ease.

They all knew that Ye Yuan would not harm Bai Chen.

Since he said so, it must be true.

Suddenly, Ye Yuan caught a familiar figure at his peripherals currently fleeing at a distance.

His figure moved and chased after.

“Brother Azurepeak, are you going to leave without saying goodbye when you see an old acquaintance?” Ye Yuan said coolly.

This person was none other than precisely the Divine Envoy Azurepeak.

There were two divine envoys who came together with Duan Fei this time.

But the other divine envoy already perished inside the grand array. Azurepeak’s luck was better, surviving by sheer luck.

He was afraid of being seen by Ye Yuan, so that was why he planned on secretly sneaking away.

He did not expect that Ye Yuan was so vigilant, to actually discover him.

Having his path blocked by Ye Yuan, Azurepeak's expression was somewhat ugly as he said, "So, it's Younger Brother Ye Yuan. Azurepeak's eyes are dull and didn't see previously. Please don't take offense."

How did the current Azurepeak still have any haughtiness of a divine envoy?

Ye Yuan had a grand display of invincible might, cutting down two mighty Origin Deity powerhouses on his own, leaving behind an indelible mark in the hearts of all the Heaven Glimpse Realm powerhouses.

Actually, in Ye Yuan's current condition, whether or not he was Azurepeak's match was still very hard to say.

But Azurepeak did not know that Ye Yuan only had three Heavenly Thunder Swift Talismans in his possession and already used all of them.

After all, Ye Yuan's current accumulated awe was too strong!

"Huhu, Brother Azurepeak, us straightforward people don't resort to insinuations. You have to think clearly. If you go back to the Sky Foothill Divine Place now to inform them, that's becoming enemies with the Sky Foothill World's sovereign! When Bai Chen refines the Dao Fruit, it will be the hour where you perish, your Dao disappearing!" Ye Yuan said darkly.

Chapter 1447: Those Who Submit Prospers, Those Who Defy Shall Perish!

Inside the Soul Suppressing Pearl, Ye Yuan looked at that fair and flawless face. His heart was in extreme pain.

So many years had passed, Mu Lingxue still had that peerless appearance, like a sleeping beauty, as if one could wake up her at any time.

But in these few years, Ye Yuan had once attempted countless times before and never succeeded.

Ye Yuan knew that in this peerlessly beautiful shell, there was already not a trace of life.

What there was, was only the currently dissipating spiritual consciousness.

Puu, puu, puu ...

Suddenly, clusters of gloomy cold light lit up around Mu Lingxue, like lighting candles.

These candle light-like gloomy lights enclosed Mu Lingxue's surroundings very quickly, guarding her in the middle.

"This is soul fire, able to hide this lass's aura and let her spiritual consciousness keep going without dissipating. As long as the Myriad Longevity Heavenly Soul Stones are still there, it can provide power for the Soul Suppressing Pearl unceasingly, lighting this soul fire."

Hearing Dustless's words, a large rock in Ye Yuan's heart landed.

These few years, Ye Yuan was actually very anxious in his heart.

“Senior, how long can these soul fires burn?” Ye Yuan asked.

Dustless’s let out a sigh when he heard that and said, “No idea how many lifetimes of blessing this girlie cultivated either, to be worth you risking your life to go and snatch these Myriad Longevity Heavenly Soul Stones for her. These Myriad Longevity Heavenly Soul Stones are sufficient for her spiritual consciousness to maintain and not dissipate for 200 years.”

Ye Yuan’s brows furrowed and he said, “Just 200 years?”

Dustless nodded and said, “Isolate Heavenly Dao aura isn’t so easily accomplished.”

Ye Yuan heaved a sigh helplessly and said, “This road is really arduous! This trip was nine chances to die and one chance to live, and it only exchanged for 200 year’s time.”

Just 200 years was merely a snap of a finger to Deity Realm powerhouses.

In these 200 years, not only did Ye Yuan have to cultivate, he even had to search for Myriad Longevity Heavenly Soul Stones everywhere. It was really very hard.

This trip into the Sky Foothill World could be said to be powerful enemies all-round. Regardless of whether it was Duan Fei or Qin Tian, even Huo Tianyang, they were all very troublesome opponents to Ye Yuan.

Although Ye Yuan successfully counter-killed two great Origin Deity powerhouses by relying on his wits in the end, the perils of the process were what outsiders could not imagine.

But, then again, this trip into the Sky Foothill World, one got to really thank Thundercry’s Heavenly Thunder Swift Talismans.

Otherwise, whether to win or lose was seriously hard to predict.

Thundercry handed the Heavenly Thunder Swift Talismans to Ye Yuan in order to let him have the ability to escape.

He probably never dreamed that Ye Yuan actually relied on these three Heavenly Thunder Swift Talismans and killed two mighty Origin Deity powerhouses, and even snatched back seven pieces of Myriad Longevity Heavenly Soul Stones.

“You’ve already done very well!” Dustless patted Ye Yuan’s shoulder and comforted.

...

In a twinkle, half a year’s time already passed.

In this half a year, Dustless had been constantly absorbing the energy in the Myriad Longevity Heavenly Soul Stones.

The White Night Sacred Palace’s powerhouses never went far away the whole time. They were all waiting for Bai Chen to refine the Dao Fruit.

Except, they all seemed somewhat anxious at this time.

“Grand Elder, I wonder when Palace Lord will be able to finish refining it? What if ... the Sky Foothill Divine Palace’s people came?” Bai Xiu said rather worriedly.

“This will have to depend on his good fortune. But I reckon that the time should be just about there,” Ye Yuan said.

Only after hearing Ye Yuan’s words did everyone calm down slightly.

Suddenly, a terrifying aura suddenly descended. Everyone’s expressions changed greatly.

“W-What a powerful aura! This ... This is the aura of grand completion Origin Deity! Could it be the Sky Foothill Palace Lord coming in person?”

Bai Xiu’s complexion became incomparably pale. The might of this aura virtually made people despair.

Ye Yuan’s expression changed slightly too, not expecting that they were actually exposed.

“Heh, what a clever and ingenious fellow, made this palace lord search for so long! Come on out!” A dignified voice sounded out in the space outside.

“Go on out!”

Ye Yuan extended a hand and tapped. Space shattered, everyone’s figures appeared.

In the air was an old man with deep eyes.

Behind the old man were even seven powerhouses.

These seven people were all middle-stage and late-stage Origin Deity experts!

While that old man himself was a grand completion Origin Deity Realm powerhouses.

This force, when put together, was simply too terrifying.

Seeing Ye Yuan and the others reveal themselves, the old man said with a profound gaze, “This palace lord searched in this area for over a dozen days without results. If not for this palace lord having a flash of inspiration and using the Profound Space Dharmamudra, you all might really have evaded it!”

Ye Yuan’s gaze turned intent and looked toward the Dharmamudra that was suspending in front of the old man. An extremely powerful spatial undulation revealed above it.

After coming out from underground, Ye Yuan opened up a pocket space in the nearby forest and let the White Night Sacred Palace’s group of people hide inside, avoiding the Sky Foothill Divine Palace’s search.

He did not expect that it was still just a step short of success.

A small world’s space was far from as stable as the Heavenspan World’s. With Ye Yuan’s current strength, opening up a pocket space was nothing difficult.

It was just that he did not expect that this Sky Foothill Divine Palace still had a divine artifact that detected spatial undulations, to actually be discovered by them.

“Your esteemed self is the Sky Foothill Palace Lord?” Ye Yuan said somberly.

“Since you know this palace lord, why haven’t you truthfully given that kid’s whereabouts? Otherwise, this palace lord will make you regret living on this earth!”

A burst of killing intent spread out. Everyone’s faces changed.

But Ye Yuan was unmoved and said coolly, “Dao Fruit coming into being, the Sky Foothill World has a worthy successor. You all should comply with Heaven’s Will. Don’t do the kind of things that will bring about your own destruction.”

The Sky Foothill Palace lord laughed coldly and said, “Heaven’s Will? This palace lord is Heaven’s Will! The Sky Foothill Divine Palace dominated generation after generation, how can it be a brat who’s still wet behind his ears’ turn to come and rule?”

The Sky Foothill Palace Lord could be said to be a sovereign-like existence in the Sky Foothill World.

Now, Bai Chen coming into existence with a roar threatened his position. How could he willingly yield his sovereign authority with both hands?

The Sky Foothill Palace’s expression turned grim and he said, “Looks like you’re refusing a toast, only to drink a forfeit!”

Finished talking, the Sky Foothill Palace Lord waved a palm very casually, crushing over toward Ye Yuan’s direction.

In an instant, heaven and earth changed colors because of it!

In the Sky Foothill World, grand completion Origin Deity powerhouses were virtually on par with Heavenly Dao.

The moment he attacked, it was truly powerful to the extreme.

But right at this time, Ye Yuan’s face revealed a mocking smile.

Boom!

Everyone only felt a blur before their eyes. The palm that could topple mountains and overturn the seas immediately vanished into thin air!

A youth stood in the air, suddenly appearing in everyone’s line of sight.

“Palace Lord!”

“It’s Palace Lord! Hahaha ... Palace Lord refined the Dao Fruit!”

“Palace Lord is mighty and unparalleled!”

...

The White Night Sacred Palace’s people originally lost all hope already. But seeing that youth’s back view, they were immediately wild with ecstasy.

The youth was none other than precisely Bai Chen!

The current Bai Chen was strikingly similar to when Ye Yuan took control of Heavenly Dao back then.

Bai Chen's gaze was like lightning. Looking in the Sky Foothill Palace Lord's direction, he said in a cold voice, "From this day forth, I, Bai Chen, take control of Sky Foothill! Those who submit, prosper! Those who defy, perish!"

Sky Foothill Palace Lord's entire body trembled. He discovered that he was so insignificant in front of this youngster.

Even if he was only at the Heaven Glimpse Realm!

Unrivaled Medicine God

Chapter 1448: Say Goodbye

Refining the Dao Fruit, Bai Chen directly soared a major realm!

Although Bai Chen's realm was still not enough to look at in front of the Sky Foothill Palace Lord.

But in the Sky Foothill World, he was invincible!

"Mn?"

Bai Chen snorted coldly, akin to a thunderclap, blasting until the Sky Foothill Palace Lord moved several steps back in a row.

A trace of blood flowed out of the corner of the Sky Foothill Palace Lord's mouth. He actually already suffered internal injuries.

"S-So strong!"

"What Palace Lord is displaying right now is merely him at the Heaven Glimpse Realm, but he could injure a grand completion Origin Deity powerhouse with a sound! Is ... this the strength of a sovereign?"

Everyone was dumbfounded with shock by Bai Chen's means!

The expressions of those few Origin Deity powerhouses behind the Sky Foothill Palace Lord all changed drastically when they saw this scene.

"This ... This old man, Mu Jian, pays respect to Lord Sovereign!"

Although he had intense unwillingness, Mu Jian knew that the disparity between him and Bai Chen was too great!

Not submitting, he had to die!

With him kneeling, the other seven Origin Deity powerhouses also followed and knelt down.

"Sky Foothill seven elders pay respects to Lord Sovereign."

Bai Xiu had an excited look and also brought the White Night Sacred Palace's people to follow and bowed down, saying excitedly, "We pay respect to Lord Sovereign!"

Bai Chen said coolly, "This day forth, the Sky Foothill Divine Palace is dissolved on the spot. The White Night Sacred Palace will replace the Sky Foothill Divine Palace and rule Sky Foothill!"

Mu Jian's gaze turned intent and he involuntarily cried out, "Lord Sovereign, this ... this ..."

Bai Chen's gaze turned intent and he said in a cold voice, "Why? Do you have objections?"

Sensing Bai Chen's killing intent, Mu Jian was alarmed inwardly and hurriedly said, "D-Dare not! Mu Jian dares not!"

Bai Chen's voice and expression relaxed slightly and he said coolly, "This Bai won't meddle with secular affairs as the sovereign! As long as you all don't become disloyal, you'll naturally be put in an important position anew."

Mu Jian's eyes lit up, and he hurriedly said, "Mu Jian doesn't dare! From today onward, Mu Jian will definitely do everything in my power to assist the White Night Sacred Palace to manage the affairs under the heavens!"

Bai Chen lightly grunted, slowly turned around, and looked in Ye Yuan's direction.

Ye Yuan was currently sizing Bai Chen up with interest. After taking control of Heavenly Dao, his demeanor indeed became different.

His horizons were already not on the same level as these people.

Bai Chen flicked in long sleeves and knelt down toward Ye Yuan.

"Disciple Bai Chen thanks Master for your grace of rebirth! From this day forth, Master Ye Yuan is Sky Foothill's father. As long as Master has instructions, the entire Sky Foothill will definitely go through fire and water!" Bai Chen said with a solemn look.

Bai Chen's words made everyone's countenance change.

Bai Chen's current identity was already completely different.

He was the master of a world. Wanting to kill Ye Yuan was but a matter that could be done with ease.

But Bai Chen actually paid such solemn respects to Ye Yuan and even revered Ye Yuan as his superior, putting the latter at the position of the sovereign's father.

As long as Ye Yuan was willing, he could summon wind and call for rain in the entire Sky Foothill World!

Except, they all looked down on Ye Yuan too much.

And also underestimated Ye Yuan's strength too much!

If it were anybody else, they would be at Bai Chen's mercy in the Sky Foothill World.

But Ye Yuan would not!

The Sky Foothill World's Heavenly Dao was but an extremely small portion of the Heavenspan World's Heavenly Dao.

Ye Yuan controlled the Lesser Heavenspan Mountain. He could completely not be fettered by the Sky Foothill Heavenly Dao.

If Bai Chen really had any wicked designs, Ye Yuan could completely rely on the Lesser Heavenspan Mountain's power to contend with Heavenly Dao.

It was also to say that Ye Yuan was entirely on the same starting line as Bai Chen.

In front of Ye Yuan, Bai Chen was just a Heaven Glimpse Realm martial artist!

With Ye Yuan's strength, if he really wanted to kill Bai Chen, it was akin to taking something out of his own pocket.

However, Bai Chen indeed did not disappoint him.

His attitude showed that Ye Yuan did not misjudge people.

Ye Yuan smiled as he helped Bai Chen up and said, "It's good that you have this thought. But ... Master is leaving!"

Bai Chen's expression changed and he said, "Master, you have to face all kinds of killing in the outside world. How can it be as leisurely and carefree as the Sky Foothill World? How about you stay behind and rule the Sky Foothill World together with me?"

Ye Yuan shook his head with a smile and said, "Master only reached the Heavenspan World after experiencing hardships. How can I give up easily? Master has things that must be done!"

Bai Chen thought about it and said, "Then ... I'll go to the Heavenspan World together with Master! With Bai Chen's current strength, I should be able to help master."

Ye Yuan patted his shoulder and said with a smile, "Bai Chen, don't underestimate the heroes under the heavens! You have to bear in mind in the future, there is always someone better and a heaven beyond the heavens! The sovereign of a world is nothing in the Heavenspan World! You can control the life and death of everyone here, but going to the Heavenspan World, you are but an ordinary Heaven Glimpse Realm martial artist. Your urgent matter on hand is to completely digest the power of the Dao Fruit and become a true Celestial Deity powerhouse. At that time, you'll go to the Heavenspan World to find me."

Bai Chen refined the Dao Fruit. But wanting to break through to Celestial Deity Realm still required the accumulation of time.

After all, people at the Celestial Deity Realm were too powerful. Wanting to reach it could not be done in a short time.

According to Ye Yuan's estimations, for Bai Chen to want to cultivate to the Celestial Deity Realm, it at least needed 200 years' time.

Even if he went to the Heavenspan World now, he could not be of help to Ye Yuan at all.

Hearing these words, Bai Chen involuntarily revealed a disappointed look.

"But ... Alright, I'll listen to Master and absolutely won't look down on the heroes under the heavens! When I achieve Celestial Deity Realm, I'll definitely go to the Heavenspan World and brave it!" Bai Chen said with a firm gaze.

Ye Yuan smiled and said, "Okay, Master is waiting for you in the Heavenspan World!"

Suddenly, Ye Yuan's expression became stern and he said somberly, "Oh, right, before you break through to the Divine Lord Realm, you absolutely mustn't show anything unusual! If there are people

from the outside world coming in for trials, you have to pretend not to see. Whatever that should be done should still be done. Make sure not to let the cat out of the bag, got it?”

Seeing Ye Yuan instruct so solemnly, Bai Chen knew the severity and said with a nod, “I understand! Rest assured, in these few decades, I’ll definitely tuck my tail between my legs and behave.”

Each small world was a treasure vault with limitless resources, and also an excellent place for training disciples under them.

But if this small world broke free from control, Wu Meng City Lord would likely not let the matter go.

Once he personally enters the Sky Foothill World, then Bai Chen would be in danger.

“Alright, it’s getting late. Master should leave!” Finished talking, Ye Yuan was planning on leaving.

“Wait a minute, Master!”

Bai Chen suddenly stopped Ye Yuan, turned to Mu Jian, and said, “Does the Sky Foothill Divine Palace have Myriad Longevity Heavenly Soul Stones?”

Mu Jian did not dare to conceal and hurriedly said, “Myriad Longevity Heavenly Soul Stones are too hard to come by. The consumption these few years were also not small. Presently ... there are only three pieces left!”

Bai Chen’s brows furrowed. Mu Jian’s expression changed, his heart thumping away.

Clearly, Bai Chen was unhappy.

“Forget it, bring it all!” Bai Chen said coolly.

This kind of precious thing, Mu Jian naturally kept it on him.

Only to see him take out three pieces of milky-white stones. It was precisely the Myriad Longevity Heavenly Soul Stone.

Bai Chen handed them to Ye Yuan and said helplessly, “Myriad Longevity Heavenly Soul Stones are too rare. This disciple can only do so much. When I thoroughly take control of Heavenly Dao, I’ll definitely bring Myriad Longevity Heavenly Soul Stones to go and find Master!”

Ye Yuan was not courteous either, directly putting it away.

Other things, he could not care. But Myriad Longevity Heavenly Soul Stones, he needed it too much.

“Alright, Master will accept it. Farewell!”

Done talking, Ye Yuan’s figure moved, vanishing from where he originally was.

Chapter 1449: Handing in Mission

Under the shade of trees, a group of students was currently chatting idly.

The object of conversation naturally could not do without those most talented students.

“Oh, right, the outer-court’s number one genius, Ye Yuan, has already not returned for over ten years. Heard that he took a trial-taking mission and went to a small world. It wouldn’t be that ... he can’t return anymore, right?”

“Heh, it’s not impossible! Normally, going out to train, it ranges between three years to five years and they’ll pretty much be back. Exceeding eight years, there were basically very few that returned.”

“Yeah, it’s already been over ten years, it likely bodes ill rather than well!”

“It’s a pity, with his talent, stepping into Divine Lord Realm is virtually a sure bet!”

“Heard that Senior Apprentice Brother Qin Tian went to experience and temper himself too. The two of them, one after another, is a little too coincidental! Furthermore ... Senior Apprentice Brother Qin Tian hasn’t returned until now too.”

“Shhh ... do you want to die?! How dare you say this kind of thing?!”

“Mn? You guys, look, that ... that is ...”

Everyone followed the gaze and looked over, and could not help being surprised.

Ye Yuan slowly walked in, looking very calm and collected.

The direction he was heading in was precisely the Merit Hall.

“It’s Ye Yuan! He ... He actually broke through to initial-stage Heaven Glimpse!”

“My God, this is also too freakish! This kind of cultivation speed is simply too terrifying!”

“I remember that when he went out, didn’t he just break through to late-stage Grotto Profound? It’s just been over ten years and he crossed over half-stop Heaven Glimpse, directly breaking through to the Heaven Glimpse Realm?”

“This guy’s talent is too frightening! He has entered the sect for less than 30 years and broke through from middle-stage Grotto Profound to initial-stage Heaven Glimpse. This kind of cultivation speed is simply too abnormal.”

...

The aura emanated by Ye Yuan made everyone extremely surprised.

Although those who entered Wu Meng Academy were geniuses among geniuses, those with cultivation speed like Ye Yuan were really one of its kind.

More importantly, not only did Ye Yuan’s realm advance extremely fast, but his strength was also daunting to the extreme, crushing those in the same rank!

Now that Ye Yuan broke through to the Heaven Glimpse Deity Realm, it was equivalent to entering the inner-court.

This way, the inner-court’s situation would likely undergo a massive change.

“Go, let’s go and take a look just what mission Ye Yuan was carrying out! Wasn’t it said that small worlds’ spiritual energy is very sparse, very hard to break through realms? How in the world did this guy do it?”

Ye Yuan’s appearance immediately caused an uproar.

Quite a number of people followed suit, following Ye Yuan to the Merit Hall.

Regarding the matter of divulging Ye Yuan’s information, even if ten years had passed, Yu Jing had always taken it to heart.

A genius like Ye Yuan was destined to shake the Wu Meng Capital City, even an existence who was going to enter Heavenly Eagle Imperial City.

But because of the Qin Family’s selfishness, such a prodigy perished in a small world. This was really something that made people choke with anger.

How much face did Ye Yuan gain for Wu Meng Capital City by defeating Jin Yu?

But now, he was going to die in the hands of a vile character.

But because of this matter, Yu Jing got quite a bit of benefit instead.

In secret, Qin Tianning gave Yu Jing considerable compensation.

At this time, a figure entered the Merit Hall. Yu Jing’s mood was somewhat irritable and said impatiently without even looking, “Go to the jade pillars there to find the mission first, then come find me when you’re done.”

“Senior Apprentice Brother, I’m here to hand in the mission.”

Only then did Yu Jing slightly raise his eyelids and looked at the arrival. But his expression abruptly changed and he quickly stood up.

“Y-Y-Ye Yuan! You ... You actually ... came back!”

Seeing Ye Yuan, Yu Jing was shocked until he was staring with his mouth agape.

Ye Yuan did not return for ten years. Yu Jing thought that Ye Yuan had long died under Qin Tian’s hands already.

But now, Ye Yuan actually returned in perfectly good condition. How could he not be shocked?

Ye Yuan looked at Yu Jing, his gaze slightly cold as he said with a smile that was not a smile, “Senior Apprentice Brother Yu seems to be very surprised seeing me return!”

At this time, the number of people outside the Merit Hall was swarming. Yu Jing startled awake very quickly, his expression somewhat unnatural as he said, “H-How so! I was just surprised. Junior Apprentice Brother Ye took a Three-star mission and actually completed it? Mn? You ... You broke through to Heaven Glimpse Realm!”

Buzz!

Yu Jing just happened to find a reason to deal with Ye Yuan but instantly ignited the outside.

“Three-star mission! He actually drew a Three-star mission on his first time going out to train!”

“Got to be kidding! Three-star missions, the death rate for the simplest ones also exceed 50%! Ye Yuan actually completed the mission and came back!”

“This guy ... simply can’t be gauged with common sense! Freak! Freakish until he has no friends!”

“Other people all have narrow shaves going. Not only did he not die when he went, but he also broke through his realm instead!”

...

The people surrounding and watching outside the door directly blew up. A Grotto Profound Realm student actually went to take a Three-star mission!

Disregarding this, not only did Ye Yuan complete the mission, he even broke through a major realm and came back.

This ... Did he still want people to live?

Actually, the most shocked one was not those people outside, but Yu Jing!

Monstrous waves were surging in his heart right now!

He knew that Qin Tian went to the Sky Foothill World to hunt down Ye Yuan.

Now, Ye Yuan completed the mission and returned. What about Qin Tian?

In an instant, Yu Jing thought of many possibilities.

Could it be ... No way!

Even if Ye Yuan broke through to Heaven Glimpse Realm, it was also impossible to be Qin Tian’s match. He was a half-step Origin Deity powerhouse!

Furthermore, he heard that Qin Tian already suppressed his realm for very long. As long as he was willing, he could break through to the Origin Deity Realm at any time!

Very soon, Yu Jing rejected that most frightening thought.

Because this notion was too absurd.

Ye Yuan’s gaze was deep and serene, looking at Yu Jing meaningfully, and said with a faint smile, “Like that huh. This Ye had some minor gains in these ten years and broke through by a fluke. Senior Apprentice Brother Yu, this is the Nine Melody Psychic Immortal Fruit. My mission should be considered as completed, right?”

Yu Jing’s heart thudded, secretly thinking that things were bad.

Could it be that ... Ye Yuan really ran into Qin Tian and he already knew that it was me who divulged the information about his mission?

But if Ye Yuan really encountered Qin Tian, how did he return?

Also, where in the world did Qin Tian go?

A series of queries sounded out in Yu Jing's heart. But the more he thought, the more he felt that there was no answer.

He totally could not guess what happened in the Sky Foothill World.

"H-Haha, of course it's completed! Junior Apprentice Brother, hold on, I'll clock the mission's rewards into your academy token right now."

Yu Jing did not dare to meet Ye Yuan's eyes and laughed awkwardly, clocking the mission's points into Ye Yuan's academy token.

"Junior Apprentice Brother Ye, done. You're really too incredible. Such a difficult mission, you, a Grotto Profound martial artist, actually completed it!" Yu Jing said with a laugh.

Ye Yuan smiled and said, "Just a fluke."

Ye Yuan put away the token, divided the crowd, and directly left.

The moment he left, the others immediately surrounded over.

"Senior Apprentice Brother Yu, just what Three-star mission did Ye Yuan draw?"

"Yeah, tell us."

According to the academy's rules, after a student completes the mission, the mission's information could be disclosed.

Of course, apart from the coordinates.

Yu Jing was pestered badly. He could only smile bitterly and say, "It's the number eight mission! What Ye Yuan drew was the number eight mission on the Three-star jade pillar!"

All those present were dead silent!

Chapter 1450: Rage

"What did you say? Ye Yuan he ... he came back?"

Learning of this news from Qin Tianyu's mouth, Qin Tiannan almost jumped up.

Qin Tianyu's expression was very ugly as well. His face was currently sullen until it was almost dripping water.

He slowly nodded his head and said with a solemn look, "Just earlier, Ye Yuan already took the Nine Melody Psychic Immortal Fruit and went to the Merit Hall to hand in the mission! I came to find you straight away when I got the news."

"Then ... Then what about Qin Tian? Is there news?" Qin Tiannan asked with a flustered look.

He already could not care about killing Ye Yuan anymore now. Qin Tian's life or death was the question that he was most concerned about.

However, Qin Tianyu shook his head and said, "Qin Tian didn't return. There's no news at all!"

Qin Tiannan turned deathly pale and said absent-mindedly, "Impossible! Impossible! Qin Tian must have been delayed by some business!"

Qin Tianyu heaved a sigh and said, "You don't need to be so worried either. In my view, Little Tian should have been delayed by some matters. With Ye Yuan's strength, it's simply impossible to do anything to him."

Qin Tian's facial expression eased up slightly and he forced a smile as he said, "What Elder Brother said is right. I ... I lost myself in concern here. Although Ye Yuan this brat is freakish, to want to deal with Qin Tian, he's not qualified at all."

Qin Tianyu's brows furrowed, but said, "There's still something that I haven't told you. Ye Yuan he ... Not only did he complete the mission, he even broke through to the Heaven Glimpse Deity Realm already!"

Qin Tiannan's expression changed. His heart that had just settled down leaped up once more.

"How is this possible? When he went, he was just late-stage Grotto Profound. It's just been ten years or so and he broke through to the Heaven Glimpse Realm?"

Qin Tianyu let out a sigh and said, "This matter has already spread across the entire Wu Meng Academy, so it can't be wrong!"

Qin Tiannan's expression flickered incessantly. Qin Tianyu slowly got up, patted Qin Tiannan's shoulder, and said, "Wait and see first! If you really can't, you can only find Ye Yuan to have a showdown."

...

All the way until he returned to his residence, Ye Yuan did not see Xie Jingyi. This made Ye Yuan very surprised.

The news of him returning definitely spread throughout the entire Wu Meng Academy like the wind. Logically speaking, Little Fatty should have long arrived.

"Could it be that this guy went into seclusion to cultivate?" Ye Yuan said with a frown.

However, Ye Yuan kept feeling somewhat uneasy.

"Better go and take a look at him!" Ye Yuan thought about it and still intended to go to Xie Jingyi's residence to take a look.

Ye Yuan was just about to step out but bumped into Chi Fang directly.

"Teacher Chi?" Ye Yuan said rather surprisedly.

When Chi Fang saw Ye Yuan, his eyes lit up first but became gloomy again very quickly.

"You're going to find Xie Jingyi, right?" Chi Fang opened his mouth and asked.

Ye Yuan's heart thumped, a foreboding premonition welling up in his heart.

"Something happened to Little Fatty?"

Chi Fang heaved a sigh and said, "You follow me!"

...

Looking at the Xie Jingyi lying on the bed, his breathing very feeble, Ye Yuan's fury filled his chest with a wham.

Feeling that icy-cold aura on Ye Yuan, Chi Fang's expression changed slightly.

Little Fatty's current condition was very terrible. There was virtually not an intact spot on his body, his face being beaten until it lost human form, his body also riddled with a thousand gaping wounds. Clearly, he had had his fill of torment.

More importantly, Little Fatty's body already did not have the slightest trace of essence energy undulations!

His divine sea was crippled, already thoroughly becoming a cripple.

At the rate of the current situation, Little Fatty would not last past a few days.

"Who did this?"

Ye Yuan's words did not carry the slightest emotion, as if he was talking about something that had nothing to do with him.

But Chi Fang could tell that Ye Yuan's rage had already reached the peak.

Chi Fang did not hide it either, recounting the events of a few days back.

Actually, Little Fatty was very smart. After Ye Yuan left, he was very low-profile. The vast majority of the time, he was cultivating on his own.

In this period, Wang Song and Jia Chong they all provoked many times, but Little Fatty just did not fall for it.

All the way until half a year ago, Little Fatty broke through to the half-step Heaven Glimpse Realm.

The excited Little Fatty ran straight to the inner-court to find Lin Xiu. Since then, the two people's feelings made remarkable progress.

Ten days ago, Lin Xiu suddenly arranged to meet with Little Fatty outside the academy.

Little Fatty did not suspect anything and actually really went to keep the appointment.

He did not expect that Lin Xiu had actually long arranged with the Qin Family's Qin Zheng, Qin Pei, as well as Wang Song and Jia Chong!

This was simply a trap!

“Only later did I know that Lin Xiu had actually secretly liked Qin Tian all along. It’s just that nobody knew. The Qin Family’s people saw that there was no opportunity to take advantage of, and that’s why they had the idea of finding Lin Xiu to take action. Xie Jingyi indeed fell for it.”

Chi Fang paused for a bit and continued explaining, “When the Xie Family heard that Xie Jingyi became a cripple, and also because of the Qin Family’s matter last time, they already don’t care about him. I know that you and he have a close relationship, so I sent him to the Myriad Treasure Tower. But his injuries are too severe, the Myriad Treasure Tower’s alchemists are also at a loss on what to do, and could only make him hang on with one breath.”

Ye Yuan listened quietly all the way, his expression calm, his emotions did not have much ripples.

It was just that the cold light in his two eyes revealed itself more and more.

Ye Yuan did not speak, taking out a medicinal pill, and stuffing it into Xie Jingyi’s mouth.

Chi Fang’s gaze turned intent. He discovered that he did not recognize the medicinal pill in Ye Yuan’s hand.

Although that was just a Tier 1 divine pill, he had actually never seen before!

Tier 1 healing divine pills were just those few types. Chi Fang recognized all. But he had actually never seen before the medicinal pill in Ye Yuan’s hand!

Chi Fang was startled inwardly, understanding it very quickly.

This was the same as the Essence Cultivating Pill, also a new kind of medicinal pill. Furthermore, it was a high-grade Tier 1 divine pill!

Ye Yuan pushed down the medicinal pill with divine essence. Little Fatty’s body actually strengthened a little.

Chi Fang’s gaze sharpened, immediately knowing this medicinal pill’s prowess.

“Teacher Chi, where are those few people right now?” Ye Yuan said indifferently.

He knew that Chi Fang definitely knew those few people’s whereabouts.

Chi Fang’s expression changed and he said, “You’re going to find them right now?”

Ye Yuan said coldly, “It’s the Qin Family again! It looks like they really take me to be a soft persimmon, kneading as they wish! Teacher Chi, I’ll take action myself for this matter. It has nothing to do with the Myriad Treasure Tower.”

Chi Fang’s expression was rather ugly as he said, “I didn’t mean that. It’s just ... you’re not their match!”

In that group of people, there were quite a few grand completion Heaven Glimpse Realm powerhouses.

Especially, Lin Xiu, she was even known as the number one person below Qin Tian.

Even though Ye Yuan broke through to Heaven Glimpse Realm, there was still some gap from those people.

But this matter, it was really inconvenient for the Myriad Treasure Tower to intervene. They had no justifiable reason to carry out a campaign at all.

Ye Yuan said coolly, "You just need to tell me where they are!"

Chi Fang's expression changed again and again, and finally he said, "They are at Clearwind Inn, all there!"

Ye Yuan nodded his head and walked towards the outside.

At this time, Chi Fang suddenly opened his mouth and said, "Did that Qin Tian ... go to hunt you down?"

Ye Yuan's figure paused and he opened his mouth and said, "That's right!"

Chi Fang was startled again and said in surprise, "You guys exchanged blows before? Then you came back. He ..."

"Dead."

Ye Yuan lightly threw down this word and went out the door.
