

Medicine God 1481

Unrivalled Medicine God

Chapter 1481: Sleepy

Swoosh! Swoosh! Swoosh!

Na Qi and Ye Yuan, the two people's figures moved quickly, their speed swift to the extreme.

You Nie watched until his eyes were dazzled, only feeling one afterimage after another made his entire person dizzy.

You Nie was a true-blue silkpants. Although he had a grand completion Two-star Fiend General cultivation realm, his strength was far lacking.

His visual prowess could not keep up with the two people's speed at all.

Na Qi had two claws worn on his wrist. A hundred claw strikes came out in a blink of an eye.

But each time, it would brush past Ye Yuan.

Each time, it was missing that little bit.

The claws scratched here and there around Ye Yuan, but could not touch him. This drove Na Qi crazy.

"Damn fellow, attack if you have the capabilities! What kind of ability is it considered to dodge and hide?"

On the practicing field, came Na Qi's roar.

"This is what you said." Ye Yuan's figure moved swiftly, but his words were calm.

"Rubbish, of course I said it! If you have the capabilities, fight openly! Do you, a pretty boy, only know how to dodge?" Na Qi bellowed angrily.

Pfft!

A sharp sword directly pierced Na Qi's head, grounding his fiend soul into smithereens.

His roar also came to an abrupt end.

"The moment I attack, you're dead," looking at Na Qi's corpse, Ye Yuan said helplessly.

"Fool! Unleashed a hundred moves and couldn't even touch the corners of his sleeves, he actually still didn't realize the disparity and still wanted him to attack! Truly seeking death!" You Dan said with a cold snort.

You Nie said blankly, "What ... What happened?"

In his eyes, Na Qi had always been suppressing Ye Yuan.

Why was he gone all of a sudden?

Ka Xin's expression turned dark, a hint of surprise flashing across his eyes and he snorted coldly, but then he fell silent.

Li Ji's gaze turned intent and a hint of intoxication actually flashed across her eyes.

Ye Yuan's every move and stance was truly cool to the extreme.

Good-looking, strength was even that formidable, really could not pick out any shortcomings!

She also did not think that Ye Yuan's strength was actually so powerful.

Seemed like when he killed that Lang Ge, Ye Yuan did not use his full strength at all.

"This kid is so strong! Looks like we all underestimated him!"

"Originally thought that he's the weakest among the three, so I didn't expect that his strength was the greatest!"

"He's just a middle-stage Two-star Fiend General, truly inconceivable!"

"Eh ... what's he doing?"

...

In the midst of everyone's exclamations, Ye Yuan hugged his sword and slowly retreated to the edge of the field, and actually found a corner and went to sleep.

Luo Qi and Pei Lan two people had fallen into a bitter fight, but already knew that Ye Yuan had won.

They originally thought that Ye Yuan would help. In the end, glimpsing through their peripherals, they discovered that Ye Yuan actually went to sleep, and were immediately enraged until smoke bellowed from all seven orifices.

"Punk, quickly come and help!"

"Hey, Source Night, don't you want those treasures?"

The two people started yelling anxiously. But what answered them was Ye Yuan's snoring.

This guy actually fell asleep?

Must be feigned!

Didn't this guy know what was called putting the big picture first?

Even if there was any grudge, it should also be settled after winning the opponent!

The two people remaining on You Nie's side originally thought that Ye Yuan would take the chance and come over to help.

In the end, Ye Yuan actually went over there and snored loudly in his sleep!

Happiness came too suddenly, making them rather overwhelmed.

Internal strife was really great!

With this, they naturally would not be silly enough to go and provoke Ye Yuan, but they want to finish off these two in front of them as soon as possible.

This way, they would surely win going two-on-one.

Hence, they became more valiant as they fought, killing until Luo Qi and Pei Lan two people were in a flurry.

Fortunately, both Luo Qi and Pei Lan still had some strength. After a bout of bitter fighting, the two of them both narrowly won their opponents.

The first round was actually cleared with dangers!

The moment it ended, Luo Qi exploded, coming to Ye Yuan's side ablaze with anger and berated, "Kid, what's the meaning? We could clearly finish off the opponent very quickly, but you're snoring loudly in your sleep here!"

Ye Yuan opened both eyes with a drowsy look and said blurry, "Mn? Ended? Sorry about it, slept too late yesterday. I was sleepy."

"Pffft!"

Everyone guffawed with laughter. This reason ... was seriously too crappy.

A Two-star Fiend General powerhouse, even if they did not sleep for a decade, it was nothing. But Ye Yuan said that he was sleepy.

Luo Qi had a hideous look on his face, becoming virtually contorted at this time.

"You!" Luo Qi was practically going nuts.

Ye Yuan stood up, yawned, and said with a still dissatisfied appearance, "Eh? Nobody came to find me, could it be that we won? Uh ... two seniors' strengths are indeed very formidable, Source Night admires! The battle at the back will still have to rely on the two of you."

As he said, Ye Yuan clasped his hands and had a very humble look, directly angering the two people until they were about to vomit blood.

Ye Yuan's comical appearance tickled Li Ji until she shook with laughter.

The fiend race men were all bold and unconstrained, yelling about killing at every turn. How many had a fine sense of humor like Ye Yuan?

Good-looking, young, powerful strength, and even humorous!

Such a man simply had a fatal attraction toward fiend race women.

Not just Li Ji, Lian Hua's gaze when looking at Ye Yuan was similarly extremely intoxicated.

After a farce, it was other teams' turn to compete.

Sure enough, the strength of Ka Xin's team was very powerful, finishing off the opponent virtually as easy as blowing off dust.

You Dan's group also won Lian Hua's group, obtaining a spot in the semi-finals.

While Fan Yu's group also defeated the Mo Family's group, obtaining a top four spot.

This way, the Fan Family actually took two spots, while the Mo Family was directly eliminated.

With this lottery draw, the Fan Family brother and sister were actually put in the same group.

Li Ji said with a smug look, "Big Brother, didn't you say that my men are no good? Now, us brother and sister are going to fight!"

Regarding Ye Yuan's strength, Fan Yu was greatly astonished too.

Only then did he know that he seemed to have really misunderstood his younger sister.

This Source Night, not only did he have the looks, he even had the strength!

The argument of relying on looks to get his position was probably false.

"Heh, then us brother and sister will compete! I'll say it first, they won't go easy. These things are too tempting, even if I make them go easy, they wouldn't be willing either," Fan Yu said with a laugh.

Li Ji smiled and said, "I won't go easy too!"

The first team up in this round was Ka Xin's team and You Dan's team. After a bout of fierce fighting, it was still Ka Xin's team who won.

Such a battle, what it tested most was the balance of the three people's strength.

Clearly, the strength of Ka Xin's group of three were all steady until it terrified people.

The advantage of the City Lord Manor could not be what the other three families could compare to.

When the other two teams were fighting, Pei Lan pulled Luo Qi to one side and said in a low voice, "This round, if he still dares to sleep, we'll directly admit defeat! Didn't this kid scam us? This time, we'll scam him too! Young master Fan Yu's those three aren't nice people. Either way, you and I can't win either. If this kid is wise, perhaps we'd still have hopes of winning."

Luo Qi nodded his head and said, "Alright, do it that way!"

[Unrivaled Medicine God](#)

Chapter 1482: Rules

On Fan Yu's side, the one taking the lead was called Xiu Ning.

Ye Yuan's opponent was precisely him.

However, this Xiu Ning had witnessed Ye Yuan's means and was clearly very apprehensive toward him.

"Brother Source Night has excellent skills; Xiu Ning admires. However, Luo Qi and Pei Lan are too weak, they can't win Starshine. Why not you admit defeat, those eight treasures obtained, we'll share two with you, how about it?" Xiu Ning looked at Ye Yuan and said.

Luo Qi and Pei Lan two people's expressions both changed and they said in a solemn voice, "Xiu Ning, what's the meaning of this?"

Xiu Ning said coolly, "Everyone is one of our own and know our own backgrounds. Even if you all rely on Brother Source Night to win us, it's also not possible to be Starshine, their group's match. Might as well directly admit defeat."

Luo Qi was angered by Xiu Ning until he choked and said with a cold snort, "We can't win, does it mean that the three of you can win?"

Xiu Ning said, "Honestly speaking, no assurance. Bu, the chances are at least greater than you three, no?"

Luo Qi and Pei Lan two people both had livid faces, extremely unwilling in their hearts

But they also knew that what Xiu Ning said was right.

With two battles, Starshine and the others, the three of their strengths were indeed not on the same level as the rest; terrifyingly stable.

"You guys can't win. I'd better go on my own," right then, Ye Yuan said coolly.

Xiu Ning's expression changed, but Luo Qi and Pei Lan, two people, revealed a look of great joy.

"Begin!" Ye Yuan said coolly.

Xiu Ning's expression turned dark, an iron fist attacking with a loud bang.

The moment he attacked, it could topple mountains and overturn the seas.

This Xiu Ning's strength was indeed not what Luo Qi and Pei Lan two people could compare to. As for that Na Qi, he was even less on the same level.

Just with Ye Yuan appraising, this Luo Qi's strength was already not inferior to the Qin Tian back then.

In comparison, Qin Tian was incredibly weak.

After all, this Xiu Ning was just a grand completion Two-star, but Qin Tian was a half-step Origin Deity.

This Xiu Ning's concepts comprehension were exceedingly strong. His combat experience was also extremely rich. He wore a profound divine artifact glove, a pair of iron fists were actually evenly-matched with Ye Yuan.

However, the current Ye Yuan was already no longer the Ye Yuan back then.

If he encountered Qin Tian now, he did not need to rely on other people's strength at all. Him alone would suffice.

Qin Tian was powerful, but that was also just powerful in Wu Meng Capital City.

Among the entire Heavenly Eagle Imperial City's same-rank martial artists, those more powerful than him were too many.

Ye Yuan had experienced the tempering of the Death Cultivation Space, fighting instincts growing with each passing day.

Xiu Ning this level did not pose any threat to him at all.

Whoosh!

The Evil Extermination Sword was akin to a phantom, arriving in front of Xiu Ning's face.

An inch further and Xiu Ning's life would be considered gone.

"All admit defeat, we're all our own people. It will be unsightly if lives were lost," Ye Yuan said coolly.

The other two clearly did not expect that Xiu Ning was defeated so quickly.

They were still thinking of defeating Luo Qi and Pei Lan as quickly as possible, and then go and encircle and suppress Ye Yuan.

But Ye Yuan would not give them the chance at all.

At this time, the other two groups all stopped.

Ye Yuan said, "I'll only give one chance. If you still want to continue, I won't show mercy!"

Sensing the sharp edge at the tip of his nose, Xiu Ning broke out in cold sweat all over his body.

"I ... I admit defeat!" Xiu Ning said unwillingly.

The other two people's faces flickered for a while, but finally still admitted defeat.

Just like this, Ye Yuan's group entered the finals without shedding a drop of blood.

Luo Qi and Pei Lan revealed wildly elated looks on their faces. They were only a step away from those eight treasures.

How could Ye Yuan not know these two people's expressions? It was just that he sneered coldly in his heart.

In this world, the most terrifying thing was not the enemy being powerful, but overestimating your own ability.

Although treasures were good, one also had to have the life to take it!

Ka Xin looked at this scene, the expression on his face very ugly.

He called Starshine to his side and asked softly, "I didn't expect that this punk is a character who plays a sucker to catch a sucker! You watched his fights, so how do you feel?"

Starshine said, "In my view, this kid still held back when dealing with Xiu Ning!"

Ka Xin's brows furrowed and he said, "Then do you have confidence in winning him?"

Starshine smiled and said, "Your Highness rest assured, he held back. But how could Starshine not have held back too? Moreover, this is a three-people battle. Hu Yan and Hu Luo, the two brothers' strengths are much stronger than those two! The last fight, we'll definitely win!"

Hearing Starshine confident words, Ka Xin's face finally revealed a smile and said, "Not just take the victory, but also take ... his life!"

Starshine thought about it and said, "This punk's movement technique is extremely fast, there's some difficulty. But ... Starshine will do my best!"

Only then did Ka Xin smile with satisfaction.

In the box-room on this side, Li Ji looked at Fan Yu with a smug look and said, "How is it? Still want to send some experts over now? Hehe ..."

Fan Yu said helplessly, "Alright, alright, you're impressive, okay? But where did you find this lad? This person is too strong!"

Li Ji smiled and said, "Picked up by the road!"

Fan Yu rolled his eyes, but he said, "This chap's strength is decent. He can even have a showdown with that Starshine. It's just too bad that the other two are too weak. This last round is most likely fraught with grim possibilities."

But Li Ji said without a care, "Being able to fight to this extent, I'm already very satisfied. The last round win or not is already of no great importance. At least, they have already gained face for the Fan Family."

Fan Yu nodded his head, feeling that Li Ji's words made sense too.

The City Lord Manor's resources were far from what the other three families could compare to.

Losing to them was not unjust.

...

In the last round, both parties appeared on the stage.

Starshine grinned hideously and said, "Kid, your strength is very formidable! Why not this round, let's fight to our heart's content, what say you?"

Ye Yuan said coolly, "In what way to our heart's content?"

Starshine said, "Last round, let's change the rules a bit, not allowed to take the initiative to concede! Only dying in battle and being knocked out of the ring can one walk off. What do you think?"

Ye Yuan shrugged his shoulders and said, "I don't have objections."

But Luo Qi and Pei Lan's expressions changed, clearly having the intention of withdrawing.

The fiend race being warlike did not mean that they were not afraid of death.

Clearly aware that they could not match the opponent and still want to fight to the death, they were not fools either.

According to Starshine's rules, the battle's danger would greatly increase.

Starshine glanced at them and said disdainfully, "If you don't dare, just directly admit defeat! These eight treasures will belong to us! Heh heh, that Blackjade Profound Spirit Ointment, I've asked His Highness for a long time already and he couldn't bear to give it to me."

Luo Qi and Pei Lan's expressions changed again and again. Finally, they still gritted their teeth and said, "Change then, who's afraid of whom!"

Concerning Hu Yan and Hu Luo's strength, they had observed from the sidelines for a long time already.

Although stronger than them, it was also not strong to the point that they could not even escape.

If they could not win, just directly exit the ring would do.

"Haha, good, gutsy enough!" Starshine laughed loudly when he heard.

But Li Ji's expression changed. She smelled a hint of a plot and spoke up, "No way!"

But Ka Xin smiled and said, "Li Ji, their two parties, one is willing to fight, the other is willing to suffer. Let's not intervene. Or do you have so little confidence in your own household guards and feel that they don't even have the chance to escape?"

Unrivaled Medicine God

Chapter 1483: 1483 Phantom Kill

This matter was settled like this!

The battle started!

Whoosh!

A black metal rod smashed down towards Ye Yuan's head virtually without any sound of whistling through the air.

"So fast!"

"Starshine actually concealed his strength!"

"No, wait! The three of them all concealed their strengths!"

...

The overwhelming black metal rod was akin to the arm directing the fingers in Starshine's hands.

The moment he attacked, it was earth-shattering!

This was a completely different concept from his performance earlier.

Regardless of whether speed, power, or laws comprehension, it was on a completely different level.

Not just Starshine, but that Hu Yan and Hu Luo, the two brothers, also suddenly erupted. The moment they made their move, they locked down Luo Qi and Pei Lan.

However, Starshine's strength was undoubtedly the strongest among the three!

This rod strike, if it was his opponent just now, he would probably be able to make him explode in one move!

Those opponents previously, each and every one of them had lingering fear at this time.

Luckily, Starshine's target was Ye Yuan. Otherwise, they would have long croaked at this time.

The corners of Ye Yuan's mouth curled slightly and he revealed a mocking smile. Not retreating but advancing instead, his figure suddenly burst forth.

Clank!

A clear sound transmitted over. The tip of Ye Yuan's sword tapped onto the metal rod accurately, sweeping away the metal rod.

A surge of vibration force transmitted from the end of the rod. Starshine only felt his arm go numb, the metal rod almost slipping out of his hand.

At this instant, Starshine was extremely shocked in his heart.

This sword looked simple, but in reality, the difficulty was extremely great.

He had faced-off with quite a few people who used swords before and had never seen before counterattacking him with this kind of method.

The metal rod was merely two fingers thick. Furthermore, the rod-body was round. Under such a quick situation, wanting to hit the metal rod, what kind of visual acuity and control was needed?

If there was the slightest mistake, one rod landed and it was the outcome was dying, one's Dao vanishing.

This guy was simply a freak!

Clank! Clank! Clank!

A series of metal clashing sounds came over. In a blink, the two people exchanged several dozen moves and were actually evenly-matched!

Those household guards were all dumbfounded with shock.

"This Source Night indeed concealed his strength too!"

"A mere middle-level Two-star fiend general can actually perform to such an extent! Truly terrifying!"

"How the hell did this kid cultivate? Strength clearly isn't strong, but combat power is so strong!"

...

But right then, Luo Qi and Pei Lan could not hold on anymore.

Under Hu Yan and Hu Luo's powerful pressure, the two only had the ability to parry and not the strength to retaliate.

Only at this time did they realize why Starshine would propose that rule.

When they wanted to run away now, they could not do it at all!

"I concede! I concede! I beg you, let me off!" Luo Qi bellowed.

Hu Yan grinned hideously and said, "Heh, it's useless, die!"

“Puhwark!”

An iron fist of Hu Yan’s directly smashed Luo Qi into a meat patty.

At virtually the same time, Pei Lan was killed by Hu Luo too.

With this, the situation changed drastically!

In the practicing field, it actually instantly became a three-versus-one situation!

Starshine, Hu Yan, Hu Luo, three people, assumed a triangle formation, surrounding Ye Yuan in the center, cutting off all of his escape routes.

“Heh, didn’t expect it right, kid? Those two fools actually still harbored the thoughts of getting lucky, think that they could escape alive. Actually, our goal right from the start is you! Now, we’re three-on-one, see where you run!” Starshine laughed loudly and said.

Ye Yuan looked at him like looking at a fool and said nonchalantly, “Who told you that I’m going to run?”

“Heh, punk, still want to put on a brave front? You are by yourself and still want to deal with the three of us?” Hu Yan laughed coldly.

“Fool who overestimates his own strength, do you really think that you’re invincible?” Hu Luo mocked.

Ye Yuan let out a sigh and said, “Forever can’t communicate with fools.”

“Humph! Complacent fool who feels good about himself! Do you really think that you can defy the heavens? I’ll let you take a look at my true strength!” Starshine said with a cold smile.

“Demons and Monsters Pandemonium!”

Starshine shouted with countless rodd images greeting Ye Yuan.

This was already the power of laws of Rod Dao third-layered heaven. It could virtually sweep across those in the same rank.

Now, using it to deal with a middle-level Two-star Fiend General could be said to be overkill.

At the same time, Hu Yan and Hu Luo, two people, also made a move at the same time!

For a moment, the violent spiritual energy undulations turned the practicing field upside down.

Ye Yuan was as weak as a small rowboat under the three people’s joint-attacks!

When Ka Xin saw this scene, a hint of a cold smile flashed across the corners of his mouth.

He did not feel that Ye Yuan could survive under these three people’s pincer attack.

“Heh, my good little sister, next time, Big Brother will find you a good one next time. This punk touched my reverse scale, so I must kill him!” Ka Xin’s gaze looked toward Li Ji and he said in a solemn voice.

Seeing Li Ji’s nervous appearance, a hint of delight flashed across in Ka Xin’s heart.

He had always been paying attention to Li Ji. In the beginning, he discovered that he seemed to really have misunderstood Li Ji.

But later, Li Ji's gaze when looking at Ye Yuan became more and more infatuated. This made him have a feeling of shooting himself in the foot.

Therefore, Ye Yuan must die!

Lian Hua said with an indifferent look, "I'm still alright. Rather, Li Ji's there, so you'll probably be unable to bear the consequences."

Ka Xin's face turned dark and he said, "This matter will slowly fade in the future. But if that brat is still alive, that's the biggest threat!"

At this time, Starshine three people's attacks were launched at the same time!

Bang! Bang! Bang!

Countless attacks landed where Ye Yuan stood, virtually shattering that region of space.

Powerful undulations seeped out of the array formation, making everyone feel waves of shock.

This was a true expert!

Too strong!

"It's over. This magnitude of attack, even a half-step Fiend Commander probably can't block it too, right?"

"Source Night is definitely dead. Completely can't sense his undulations."

"Pity about a genius, who asked him to offend His Highness Ka Xin?"

...

A wave of sympathy came from all of the household guards. This Source Night was undoubtedly a genius. It was too bad that he did not know how to weigh and consider the situation, offending the powerful His Highness Ka Xin.

Death was also something within expectations.

Ka Xin looked at the practicing field with a cloud of smoke floating over it, a hint of a smile appeared at the corners of his mouth.

But right at this time, a voice sounded out in everyone's ear akin to a voice transmitting out from hell.

"Chasing Moon ... Phantom Kill!"

Starshine's gaze turned intent, revealing a look of astonishment!

Puu, puu, puu ...

But he had yet to have time to be shocked yet and was no longer conscious anymore.

Several whistling sounds came successively in the practicing field. Then Starshine three people's bodies directly exploded.

Ye Yuan's body slowly appeared, still standing on the spot, as if he had never moved.

Ye Yuan was completely unscathed. It was just that his complexion appeared rather pale, the fiend energy on his body also dissipated considerably.

But his opponents were already deadlier than dead.

“What happened just now? Did ... Did you guys see?”

“No! I didn’t see anything!”

“Fast! Too fast! What a swift sword art!”

...

Everyone all changed countenance visibly, totally not seeing clearly what happened just now.

Ye Yuan slowly walked out of the practicing field, came before Ka Xin, and said with a faint smile, “Many thanks for Your Highness Ka Xin’s reward.”

[Unrivaled Medicine God](#)

Chapter 1484: Dragon Soul Awakens Again

Ka Xin’s expression was grim until it was almost dripping water.

The others were all silent like cicadas in winter. Disregarding Ye Yuan killing Starshine three people, he still wanted to come before Ka Xin to slap his face. This way of doing things seriously made people palpitate with anxiety and fear.

“Take it, this is what you deserve!”

These few words, Ka Xin practically squeezed it out of the crevices between his teeth.

Ye Yuan smiled slightly, taking the eight treasures all into his possession.

“If there’s this kind of good thing next time, Your Highness Ka Xin mustn’t forget Source Night.” Ye Yuan smiled and said.

Ka Xin’s eyes narrowed slightly, revealing a cold light as he gnashed his teeth in hatred and said, “Relax, definitely won’t forget you!”

Li Ji discovered that the atmosphere was somewhat stiff. He stood up and said with an awkward smile, “Many thanks for Your Highness Ka Xin generous hospitality. We’ll be leaving first.”

A get-together dispersed with ill feelings.

But Ye Yuan did not care. He returned fully loaded.

These eight treasures indeed had quite a number of good stuff.

After everyone left, Lian Hua smiled at Ka Xin and said, “Within this Capone Capital City, it’s been very long since anyone could make you suffer such a huge loss. Hehe ... this Source Night is really interesting.”

Ka Xin said with a solemn face, “For provoking me, he’s dead! Immediately go to the Blood Yama Hall to issue a mission. Post a reward of 30 million low-grade fiend essence stones. I want his head!”

Lian Hua smiled and said, "You really think highly of him. Killing an ordinary middle-level Two-star fiend general only needs three million, but you added a full ten-fold; much more expensive than even a grand completion Two-star Fiend General's price!"

"Humph! Is he an ordinary middle-level Two-star Fiend General?" Ka Xin said with a cold snort.

...

Returning to the Fan Family, Ye Yuan entered a closed-seclusion state once more, and he started to take Blackjade Profound Spirit Ointment.

Ye Yuan's Nine Transformations Golden Body was already stuck at the first transformation for very long and kept failing to break through.

About body-refinement's breakthrough, the requirement towards resources was more stringent. Ordinary spirit medicines could not have an effect at all.

Nine Transformations Golden Body, each transformation was more difficult than the last.

From the first transformation to the second transformation, the difficulty was many times harder than breaking through from the Grotto Profound Deity Realm to the Heaven Glimpse Deity Realm.

Ordinary people were unable to shoulder this kind of terrifying resource consumption at all.

If not for Ye Yuan obtaining a One Transformation Profound Gold Pill previously, even grand completion first transformation was very hard to achieve too.

This Blackjade Profound Spirit Ointment was a body-refinement spirit medicine. Inside mixed in many extremely rare body-refinement materials. It was a priceless treasure.

In order to kill Ye Yuan, Ka Xin also put forth blood capital.

It was just that he did not expect that Ye Yuan overcame all the difficulties along the way. In the end, it was obtained by Ye Yuan himself.

Ye Yuan applied the Blackjade Profound Spirit Ointment evenly on his body and started revolving his skill to absorb the medicinal strength.

Very soon, a strong burning sensation came from Ye Yuan's body.

Along with the passing of time, the burning sensation became stronger and stronger.

Each breakthrough of body-refinement was an extremely tortuous process.

A single mishap and one would even fall into a situation of eternal damnation.

Back then, when Ye Yuan forcefully consumed the Tiger Dragon Creation Pill, that feeling of wishing he was dead was still vivid in his mind to this date.

Now, this kind of pain paled in comparison to that time.

Half a month later, after Ye Yuan withstood the ravaging of wave after wave of ecstasy, he finally broke through to the Nine Transformations Golden Body's second transformation!

Ye Yuan's body left behind a pile of fetid order black-colored sludge. That was the impurities extracted from his body after he completed the second transformation.

At this time, Ye Yuan's body emitted rays of golden light. Compared to the first transformation, it was much brighter.

"Finally broke through! Ever since cultivating to Deity Realm, the progress of body-refinement became slower and slower. Now, it's already completely thrown to the back by divine essence realm!" Ye Yuan lamented.

"The Black Tortoise Treasure Body Divine Art you cultivate is already gradually getting into conflict with the bloodline power within your body! This cultivation method has excessive defense and lacking offense; violating the dragon race's tyrannical bloodline power Heavenly Dao. The guy who imparted to you the cultivation method is simply a fool!" Dustless said unhappily.

"Achoo! Achoo! Achoo!"

In the Immortal Grove World, Skydistant sneezed three times in a row and said in puzzlement, "Could there be someone talking bad about me behind my back? Why did I sneeze so hard?"

Ye Yuan smiled bitterly and said, "But apart from this cultivation method, I don't know other body-refinement cultivation methods either!"

It was undeniable, the Black Tortoise Treasure Body Divine Art helped Ye Yuan a lot in the past.

If not for the Black Tortoise Treasure Body Divine Art, he could not even pass through the spatial storm.

But now, this cultivation method was already gradually restricting his cultivation.

The cultivation method did not lie in power, but compatibility with oneself.

This was also the reason why Ye Yuan insisted on creating a cultivation method belonging to himself.

Dustless smiled and said, "The dragon race has their own body-refinement cultivation method. You broke through to the second transformation golden body. Presumably, you should be able to learn it!"

Ye Yuan froze. Suddenly, his head buzzed, and his consciousness was dragged into another space.

"Roar!"

An earth-shaking dragon roar sounded out. An azure dragon phantom circled non-stop around Ye Yuan.

Finally, it submerged into Ye Yuan's sea of consciousness.

When Ye Yuan opened his eyes once more, he realized plenty of new information appeared in his mind, making his face reveal a look of wild ecstasy.

"Waited so long, finally awakened for the second time! Hahaha! Tyrant Dragon Regeneration Art's second level, Voice of the Dragon God's second level, Universe Dragon Claw, Heavenly Dragon Dharma Body! With the second awakening, I really obtained quite a few good stuff!" Ye Yuan said excitedly.

This second awakening, Ye Yuan grasped four powerful dragon race cultivation methods all at once.

Not commenting about the Tyrant Dragon Regeneration Art, after breaking through to the second level, his recovery ability would go up another level.

The Voice of the Dragon God was already Ye Yuan's sound-wave martial technique that he had not seen for ages. The first level was already of somewhat little value to the current Ye Yuan.

With the second level, as long as Ye Yuan utilised the power of the fleshy body, it would be a major killing tool again.

The Universe Dragon Claw was the second of the dragon race's three great paramount martial techniques!

Its power was not at all inferior compared to the Voice of the Dragon God.

But what made Ye Yuan the most excited was none other than the Heavenly Dragon Dharma Body, this cultivation method.

Previously, he was still saying that he did not have the dragon race's body-refinement cultivation method. Now, it came!

Looks like Dustless had long expected it. That was why he would say those words.

Ye Yuan employing the Voice of the Dragon God and Universe Dragon Claw with the Heavenly Dragon Dharma Body, the powerful would be a magnitude greater!

"Heh, the dragon race is also a supreme existence among the Heavenspan World's demon race! As long as you continuously awaken, it will make you benefit to no end!" Dustless said with a light laugh.

Ye Yuan's eyes lit up and he said, "Senior, just what origin is this dragon race's progenitor? What kind of realm was he?"

Immortal Grove World's dragon race progenitor's realm determined the height that Ye Yuan's Atavism Dragon Soul could reach. Ye Yuan was naturally very concerned.

Dustless said, "Ao Qin that punk was True God Realm! As long as you keep on awakening, reaching the sixth transformation golden body by relying on the power of the fleshy body is no issue!"

Ye Yuan's pupils constricted when he heard that. He knew that the dragon race's progenitor might be very strong, but he did not think that he was powerful to such a degree!

True God Realm, that was an existence that the vast majority of the Heavenspan World's powerhouses all needed to look up too.

"Senior, where did the Four Symbols Family Clans' progenitors go?" Ye Yuan said curiously.

[Unrivaled Medicine God](#)

Chapter 1485: Blood Yama Hall

"The four great progenitors were the Immortal Grove World's realm guardian divine beasts, and also Immortal Grove's most important companions. With Immortal Grove perishing and his Dao vanishing, their situation is probably no better too. As for where they are, I'm not sure either. Back then, I'd

already fallen into a deep sleep and was sent back into that realm by Immortal Grove. The events later, I don't remember much."

Mentioning this, Dustless's expression became downcast too.

Clearly, what happened back then was not a pleasant memory.

"Senior, don't think too much about the events back then. This Heavenly Emperor Jiu Shang's lineage, I won't let a single one go!" Ye Yuan said in a solemn voice.

Dustless looked at Ye Yuan in relief, his expression calming down slightly.

He knew that if Ye Yuan could grow up step by step like now, taking revenge for Immortal Grove was not something impossible.

The time that followed, Ye Yuan re-tempered his fleshy body according to the Heavenly Dragon Dharma Body's cultivation method, and indeed felt extremely unhindered.

That feeling of stagnation previously completely vanished without a trace.

Furthermore, Ye Yuan discovered that this Heavenly Dragon Dharma Body was a very high-level body-refinement cultivation method; much more impressive than even the Black Tortoise Treasure Body Divine Art.

Ye Yuan spent three full year's time to temper his fleshy body. After finished tempering, his body-refinement realm actually already reached grand completion initial-stage second transformation.

Just missing a step and he could catch up to his divine essence realm already.

"Indeed, it's still the dragon race's cultivation methods that's the smoothest when cultivating!" Ye Yuan said with a bitter smile.

Before Deity Realm, Ye Yuan still did not feel anything when cultivating the Black Tortoise Treasure Body Divine Art.

But after the first transformation golden body was completed, Ye Yuan felt his cultivation speed become slower and slower.

The method of cultivation was clearly not wrong, but his strength was unable to advance.

Now, this kind of feeling was completely gone.

The three years in the World Suppressing Stele, merely three months passed in the outside world.

When Ye Yuan exited seclusion, he discovered that Li Ji was actually already waiting outside the door long ago.

"Miss Li Ji, you're ..." Ye Yuan said with a blank look.

He discovered that Li Ji looked at him with eyes exuding tender affection, just like a maiden who became enamored.

Li Ji's face turned red and she said bashfully, "Brother Source Night cultivates so diligently, no wonder you have such strength at a young age. Li Ji has already waited for two months here."

Ye Yuan secretly felt a headache come on. This fiend race girl was really bold and enthusiastic!

Li Ji did not indulge like other fiend race women. But once she encountered who she liked, she would become very forward and liberal.

This ... was going to launch an offensive against him.

Li Ji was not too alike the average fiend race women. The other fiend race women all did not refuse any admission, but she was different.

Ka Xin was one of the best among the young generation, his strength rated as invincible among Capone Capital City's young generation.

Yet, she did not like him.

Ye Yuan was somewhat of a different type. He had no lack of meticulousness amidst ruggedness, unrestrained, yet not barbaric. He was very different from the average fiend race men.

Originally, she just felt that Ye Yuan was good-looking and pleasing to the eye, and did not have too much of a feeling.

But Ye Yuan's performance previously was too eye-catching. That Phantom Kill move unleashing, it captured Li Ji's heart all at once.

"This ... Miss Li Ji finding Source Night, is there something?" Ye Yuan said.

Li Ji's beautiful eyes looked straight at Ye Yuan and said with a smile, "Why? Can't I come and look for you if there's nothing?"

Ye Yuan sweated profusely and said, "Of course not."

Li Ji said gloomily, "Source Night, I discovered that you're really different from the rest! If it were someone else, this young lady being so forward, they would probably have long been at a loss on what to do with joy. Yet, you seem to avoid me like the plague."

Ye Yuan chortled with laughter and said, "Isn't Miss Li Ji different from the rest too? Ka Xin is one of the top young heroes in the capital city. How many girls are infatuated with him? Yet, you speak brusquely towards him."

Li Ji smiled and said, "That's because ... he isn't as good-looking as you!"

Ye Yuan also smiled and said, "Huhu, that's true!"

Ye Yuan was living under someone else's roof now and could not express too reservedly either. Otherwise, it would definitely incur suspicion.

Li Ji laughed until she shook with laughter, clearly being tickled by Ye Yuan's humor.

"Hehe, it's also too boring for you to cultivate every day. Why not ... we go for a stroll around the capital city, how's that?" Li Ji asked probingly.

Ye Yuan thought about it and said, "Just nice, I also want to take a trip to the Blood Yama Hall. Why not Miss Li Ji take a trip with me, is that alright?"

Li Ji revealed a surprised look and said curiously, "What are you going to Blood Yama Hall for?"

Ye Yuan said, "Source Night has a relative who went missing and wants to go to Blood Yama Hall to inquire about it."

Li Ji revealed a look of realization and said, "Like that huh, then ... this young lady will accompany you."

...

Blood Yama Hall was a powerful underground organization of Capone Capital City.

This organization was not just limited to Capone Capital City. Its network and power spread throughout the entire Eminent Orchid Imperial City.

The might of its strength, even the City Lord Manor did not dare to easily get on bad terms with it.

Different from the City Lord Manor lording over a city, the Blood Yama Hall's goal was to earn money.

It was just that their methods of earning money were different from conventional means.

Blood Yama Hall was divided into quite a few halls: Blood Battle Hall, Assassination Hall, Hundred Knows Hall, Fiend Medicine Hall, so on and so forth.

All in all, their methods of earning money were mostly some things that could not be exposed to the public.

When everyone heard the Blood Yama Hall's name, they loved and hated it.

For example, Fiend Medicine Hall this place was somewhat similar to the Alchemist Association; a place specifically to refine medicinal pills.

The fiend race alchemists were called fiend apothecaries. The name was different, but it was actually about the same as human alchemists.

Except, the fiend race's medicinal pills were very different from the human race's; two entirely different approaches.

Fiend apothecaries' status in the fiend race was extremely revered. Because the fiend race was seriously too weak in this aspect.

The fiend race was warlike and valued valiantness. But making medicinal pills, this sort of delicate work, not many could really be qualified.

Hence, the fiend race's fiend apothecaries were much rarer than the human race's alchemists. Each one had exceedingly high statuses.

The fiend race did not lack powerful martial artists but lacked powerful fiend apothecaries.

Hence, everyone all liked the Fiend Medicine Hall, this place, but was afraid of the Assassination Hall, this sort of place.

As for the Blood Battle Hall, that was a killing field, and also the gambling place of the capital city's various major noble clans. It was very bloody.

The Hundred Knows Hall was naturally the place to inquire about information.

The moment Ye Yuan and Li Ji went out the door, they were locked on by someone.

Huo En was the Assassination Hall's heaven rank fiend general assassin. His strength belonged to the pinnacle-most existences among the Assassination Hall's fiend general killers.

He had kept watch for three month's time in the Fan Family's vicinity and finally managed to wait for Ye Yuan. But he did not expect that he came out together with Li Ji.

The Assassination Hall had a rule, one was not allowed to make a move against the four great families' direct line of descent disciples.

Of course, if they were paid a sufficient price, they would take action anyway.

The four great families' influence was enormous in the capital city. Pull one hair and the whole body was affected.

Even the Blood Yama Hall, this kind of major force, was not willing to easily offend as well.

"No wonder Ka Xin wants to kill this brat. He actually won over Capone Capital City's famous cold-beauty! Consider yourself lucky, kid, let you live a while more! Mn? They are going to the Blood Yama Hall?"

Huo En's brows shot up, revealing a hint of a smile.

Chapter 1486: All So Weak?

"Hey, are my eyes failing me? Miss Li Ji she ... is actually snuggling up to a man?"

"F*ck me, Miss Li Ji is my dream lover. She ... actually has someone she likes already! Truly a fresh flower stuck onto a pile of cow dung!"

"Are your eyes blind? Compared to that kid, you're the cow dung, okay?"

"This kid looks like a human. He's definitely a lead spearhead that looks silver; looks good but useless! I didn't expect that Miss Li Ji actually digs this type!"

...

Ye Yuan and Li Ji two people walking on the capital city's streets incurred waves of exclamations.

If looks could kill, Ye Yuan would have long died several tens of thousands of times already.

Regardless of whether it was the fiend race men or human race men, they all had an accursed attribute, that was that what could not be obtained was the best.

Li Ji was Capone Capital City's famous cold-beauty, the pursuers countless, including Ka Xin this kind of young outstanding talent.

But not a single one could move her heart.

But now, their goddess was actually captured by someone. This was simply a piece of explosive major news.

On the entire street, it was suffused with a thick sour smell.

This was not knocking over a vinegar jar, but knocking over a vinegar sea; already drowning the entire street[1].

The moment they went out the door, Li Ji snuggled up to him very daringly. A delicate fragrance bored right into his nostrils, making him involuntarily feel his mind rattle.

One had to admit, Li Ji was an exceedingly beautiful stunner.

Unrestrained but without losing inner-restraint, enthusiastic but without losing shyness. It was very different from the average fiend race women.

She did not enthrall people, but bystanders would involuntarily be attracted by her.

On the surface, Ye Yuan held his chin up and chest out, seemingly feeling proud for conquering this belle.

But in his heart, Ye Yuan was crying bitterness without ceasing.

No matter how good Li Ji was, she could not compare to Yue Mengli and Mu Lingxue's position in his heart too.

It was just that forced by the circumstances, he could only put on a show too.

"Fiend Medicine Hall? Miss Li Ji, why don't we enter here to take a look first?"

The two people passed by a pavilion. On it was written 'Fiend Medicine Hall', these three words stirring Ye Yuan's heart.

He wanted to refine a Second Transformation Profound Gold Pill right now and was still lacking some spirit medicines.

Just now passing by the Fiend Medicine Hall, he naturally had to go in and take a look.

A hint of surprise flashed across Li Ji's eyes and she said in surprise, "Could it be that you're even a fiend apothecary?"

Ye Yuan smiled and said, "Understand a thing or two."

Li Ji suddenly beamed widely and said, "I'm accompanying you, you go where you want to."

Ye Yuan was speechless.

...

The two people entered the Fiend Medicine Hall. Waves of rumbling sounds came from inside.

Fire seething with activity made the entire Fiend Medicine Hall's temperature become very high.

No idea what the Fiend Medicine Hall's people were thinking either, to actually put the medicine refining room in the outer-hall.

Four to five old men were currently working hand in hand, urging the furnace fire non-stop, bustling until their faces were covered in sweat.

Ye Yuan only swept a glance and unwittingly shook his head secretly.

It looked like he overestimated the fiend apothecaries' alchemy standards.

This kind of standard did not even count as apprentice level in front of him.

The Heavenspan World's races were numerous, and Alchemy Dao was categorized into various forms. Hence, there was also no centralized organization similar to the Alchemist Association.

The standard of alchemy would depend on the grade of the medicinal pills refined.

But these fiend apothecaries' refinement techniques were simply crude to the extreme. Ye Yuan could not quite bear to look straight at it.

Of course, this was also due to his level being too high.

When he was at One-star Alchemy God, he could already give guidance to the peak Three-star Xiao Feng. The height of his level could be imagined.

Now, Ye Yuan broke through to the Heaven Glimpse Realm, his Alchemy Dao level naturally rose higher along with it.

These few years, Ye Yuan's strength advanced by leaps and bounds, but his Alchemy Dao similarly did not fall behind.

Ye Yuan entered the Dao with alchemy, creating the Chaos Heavenspan Canon. His deep understanding of Alchemy Dao, others could not understand it at all.

With the World Suppressing Stele in hand, Ye Yuan had ample time to study Alchemy Dao.

There were even quite a few middle-aged fiend apothecaries crowding around the old men.

It looked like they should be One-star fiend apothecaries.

Clearly, they were all learning.

Ye Yuan suddenly turned toward Li Ji curiously and asked, "Are Capone Capital City's fiend apothecaries all so weak?"

Li Ji suddenly looked up, looking at Ye Yuan in surprise.

Weak?

These few in front were leading authority-class figures among Two-star fiend apothecaries!

Even the four great families had many requests for them too. Nobody dared to offend them.

These people would actually be said to be weak!

Swoosh! Swoosh! Swoosh!

Puu, puu, puu!

At virtually the same time, everyone suddenly turned their heads and looked at Ye Yuan.

The medicinal pills in those few pill furnaces were virtually scrapped at the same time.

Ye Yuan himself was also stunned. He asked very softly and even thought that these people all could not hear.

He did not expect that everybody heard his words!

One had to know, when alchemists were refining pills, they all gave their full attention, having no distractions in their hearts.

Even when learning, one should also put in their heart and soul.

How could his soft voice be heard by people?

Ye Yuan still really did not understand the standards of the fiend race alchemists and even thought that these few old men were just small-fry class figures. Hence, that was why he would ask this.

But looking at it now, it seemed like he caused an uproar.

“Brat, you’re a toad yawning[2]; what high-sounding sentiments!” One of the old men who was abnormally ugly looked at Ye Yuan and gave a cold smile.

Ye Yuan had yet to speak when Li Ji hurriedly spoke up, “Haha, Grandpa Meng Qi, this is a misunderstanding! In Capone Capital City, who doesn’t know that you’re a leading alchemy authority? Source Night, why haven’t you quickly apologized to Grandpa Meng Qi?!”

Li Ji winked hard at Ye Yuan, signaling him to hurry up and apologize.

Except, Meng Qi clearly did not want to let Ye Yuan off so easily. He snorted coldly and said, “So, it’s the Fan Family’s lass. Could this be a boy toy that you recruited? Strength isn’t powerful, but his tone isn’t small! This old man refined medicinal pills throughout his lifetime. Today, I was actually said to be too weak by a brat still wet behind his ears! Haha, interesting, very interesting!”

Li Ji had an embarrassed look as he said, “Grandpa Meng Qi must be joking. In the entire Capone Capital City, who doesn’t know the renown of the Fiend Medicine Hall’s five elders? Source Night he’s new here and momentarily let his tongue slip, isn’t that right, Source Night?”

Ye Yuan shrugged his shoulders and said, “Although I really want to flatter them a bit, I seriously can’t utter it. Can’t even concentrate when refining pills, what kind of good medicinal pills can you refine anyway?”

Li Ji’s expression changed, not expecting that Ye Yuan’s temper was so stubborn, to actually not be willing to lower his head.

She knew that Ye Yuan was very proud and also had the capital to be haughty. But in alchemy, these few were already old men who had made a name for themselves long ago.

Ye Yuan's boasting was bragged too overboard.

Ye Yuan merely swept a glance earlier and could tell the level of alchemy standard?

This boy was also too haughty, too condescending!

She kind-heartedly helped him to mediate, this guy actually still went from bad to worse.

However, Li Ji did not know, Ye Yuan could compromise in other aspects. Only in alchemy, he was truly unable to meet halfway.

Making him butter up some guys who were not even fit to do chores for him, he really could not do it.

"Haha, good! Very good! Kid, your hair isn't even fully grown yet, but to actually dare utter this kind of boasting! This old man wants to see how high a level you are!" Seeing Ye Yuan's attitude, Meng Qi laughed from extreme fury.

Unrivaled Medicine God

Chapter 1487: Can Give It a Try

But Ye Yuan smiled and said, "So-so I guess. But it should be slightly higher than you all."

One sentence nearly choked everyone to death.

Seen before shamelessness, but never seen before this shameless!

This skill of climbing up along the shaft was already at the acme of perfection!

"Where did this punk pop out from? To actually dare be so arrogant!"

"The five elders have immersed in Alchemy Dao for all their lives, their alchemy strengths have long attained the acme of perfection. How can they let a fool tarnish their reputation?"

"Lord Meng Qi, being so long-winded with this brat for what? Directly kill him!"

...

Ye Yuan's words directly incurred public wrath.

When Li Ji saw that the scene was somewhat out of control, she winked furiously at Ye Yuan in anxiety.

She was secretly pouring out endless grievances in her heart. At this rate, this big sister can't save you anyhow!

Meng Qi's gaze was slightly cold. Using a hand gesture to stop the others' excoriation, he said in a cold voice, "Brat, spouting wild drivel in the Fiend Medicine Hall, the Fan Family can't save you no matter what! Come, men! Cripple this brat for me and throw him to the medicine garden as fertilizer!"

Under Meng Qi's command, over a dozen big strong men suddenly popped out in the hall. One look and it was clear that they were not weak.

Li Ji's expression changed drastically. Pulling Meng Qi's arm, she begged, "Grandpa Meng Qi, you watched Li Ji grow up since young! He ... He's my man. I beg you, give him a way out, alright?"

Li Ji's tone was virtually carrying tears.

She was all too clear about the might of the Blood Yama Hall's Fiend Medicine Hall. The Fan Family also could not possibly go to war with the Fiend Medicine Hall because of a puny little Source Night.

Really angering the Fiend Medicine Hall, directly destroying the Fan Family was also not impossible!

Meng Qi glanced at Li Ji, looked at Ye Yuan again, and said with a cold snort, "Brat, don't say that this old man didn't give you a chance! These five furnaces of scrapped pills, you pick one at will. Able to differentiate any scrap pill's 30% composition, I'll spare your life!"

Li Ji panicked again the moment she heard and said, "Grandpa Meng Qi!"

Meng Qi gave a snort and said, "Lass, if not looking on the account of your face, this old man won't even give him this bit of chance! If he understands alchemy, then forget it. If this kid pretends to know what he doesn't know and ruins this old man's reputation here, could it be that this old man still has to let him off?"

Differentiating a scrap pill's composition. To very proficient Fiend Apothecaries, they might not be able to say it all correctly.

Differentiating a scrap pill's composition was totally different from distinguishing a medicinal embryo's composition.

Scrap pills' various ingredients had already fused together through the pill furnace's tempering; making no distinction between each other.

Wanting to differentiate, the difficulty was immense.

Even Meng Qi himself, if under the situation of not knowing the pill formula, he could at most differentiate 70% too.

Him making this request of Ye Yuan was not considered excessive. It really gave some face to Li Ji.

But his own face still had to be preserved too.

30%, no less!

But Ye Yuan smiled and said, "Just differentiating the elements, easy."

"Easy? Not afraid of twisting your tongue when bragging too! Lass, you don't even give face to Ka Xin that brat. At the end of the day, you found such a hothead?" Meng Qi billowed his beard and glared as he said.

Li Ji's face turned red and could not help looking over toward Ye Yuan.

Ye Yuan did not speak, directly coming in front of Meng Qi's medicinal cauldron. Palm surging forward, a ball of black sticky substance was shaken out.

Seeing this, a hint of surprise was briefly shown on Meng Qi's face.

When experts make their move, the genuine and the fake would become clear at a glance.

Ye Yuan's grasp toward medicinal cauldrons was evident. One look, and he was obviously a very experienced person.

It looked like this kid was really an expert.

It was just that, wanting to say that Ye Yuan could differentiate the scrap pill's composition, he did not believe.

Ye Yuan observed slightly for a while, sniffed, and said coolly, "Inside, there's Dragon Beard Root, Fiend Flame Crystal, Rosewood Assimilation Crane Grass ..."

Ye Yuan took his time and reported the names of each and every spirit medicine.

With each name reported, the expression on everyone's face was a degree more shocked.

After Ye Yuan reported the final name, he pursed his lips and said, "It's a shame, your control over fire is too inadequate. In the first step of tempering, the fire was 30% too hot. In the third step, it was 20% too weak. The fourth step ... Furthermore, your attention was so scattered when you refine pills; you're completely unable to integrate the Dao accumulations. Even if you form the pill, it is at most also just low-grade."

Everyone's gazes all looked toward Meng Qi. These things, they could not tell, and were all very curious, wanting to listen to Meng Qi's own view.

There was no expression on Meng Qi's face, seemingly turning his nose up at Ye Yuan's remarks.

Actually, in his heart, monstrous waves had long been set off already.

This kid was formidable! To actually discern so many things from a scrap pill!

One's personal affairs, one would be aware. Although Meng Qi's standard was lousy, he was a pill refining veteran already as well. How could he not know where he went wrong?

But knowing did not mean being able to overcome.

There was a limit to a person's strength and when methods were pointless. At times, no matter how hard one worked, they were also unable to break through.

Alchemy was a delicate task in the first place. It could not allow the slightest hint of error.

However, Meng Qi was at any rate a leading authority-class figure among Fiend Apothecaries. Being preached to in public by a kid still wet behind his ears, where would he put his face?

He toughened his scalp and answered back sarcastically, "Heh, do you know how great the refinement difficulty of the Devil Dragon Flame Crystal Pill is? You argued it reasonably and logically. If you have the ability, refine one for me to see!"

The Devil Dragon Flame Crystal Pill was indeed a very hard to refine Two-star divine pill. Among Capone Capital City's Two-star Fiend Apothecaries, only he could refine it.

Even the others present could not refine it at all.

Hence, he wanted to use this sentence to shut Ye Yuan's mouth, and make him stop 'talking nonsense'.

However, he was disappointed.

Ye Yuan looked at him with a smile that was not a smile and said, "You really want me to refine?"

Meng Qi was first stunned, following that, his expression turned sullen and he said, "Rubbish! Who doesn't know how to speak thoughtlessly? You say that we all can't do it, then you refine one for me to see! If you can't refine, hurry up and get lost for this old man!"

He did not believe that this punk could really refine the Devil Dragon Flame Crystal Pill!

These words sounded very tough on the surface, but actually, it was already equivalent to acknowledging Ye Yuan's level.

Ye Yuan's composition was said without the slightest error. This point could not be hoodwinked.

Meng Qi reckoned that Ye Yuan definitely had a very formidable master at the back and taught his basic skills very solidly.

But to say that Ye Yuan could refine the Devil Dragon Flame Crystal Pill, he did not believe even if he was beaten to death.

Without several thousand years of cultivation, wanting to refine this difficulty of Two-star divine pill was virtually impossible!

Ye Yuan smiled and said, "Devil Dragon Flame Crystal Pill, I really never refined before."

Hearing this, Meng Qi's heart eased up. This kid finally yielded.

He was just about to speak, but heard Ye Yuan say leisurely, "But if insisting for me to refine, I can give it a try."

Meng Qi nearly spat out a mouthful of old blood. Don't have such a long pause when talking!

Hang on, first time refining?

"Kid, did you take the wrong medicine? Do you think that you're the Medicine Ancestor? No matter what kind of medicinal pill, you're able to produce it off the top of your head?"

"You never refined before the Devil Dragon Flame Crystal Pill. This is deliberately toying with us?"

"Lord Meng Qi already spared your life, you still want to go too far, is it?"

...

Ye Yuan's words immediately brought down a wave of condemnation.

"Medicine Ancestor? Who's Medicine Ancestor? Could it be ... one of the Dao Ancestors?"

When Ye Yuan heard this name, his heart involuntarily stirred, and started communicating with Dustless through his consciousness.

Dustless said, "The Medicine Ancestor isn't a Dao Ancestor, but his status in the Heavenspan World is extremely high. One can say that he's the earliest ancestor of the Heavenspan World's Path of Medicinal Pills. Inside the houses of many alchemists, they would even enshrine and worship his memorial tablet!"

Ye Yuan said in surprise, "There's actually such a figure! He calls himself Medicine Ancestor without authorization. Could it be that the nine great Dao Ancestors would let it go unchecked?"

Dustless smiled and said, "The nine great Dao Ancestors are above worldly considerations and normally don't care about the Heavenspan World's matters. Moreover, the Medicine Ancestor's position is indeed very special. The nine great Dao Ancestors each control a region of Heavenly Dao laws; virtually invincible existences. But the Dao of Alchemy's strongest person, the Medicine Ancestor, doesn't control a Heavenly Dao. But his strength is acknowledged by all of the Dao Ancestors. Of course, don't talk about the Medicine Ancestor, even a transcendent Heavenly Emperor, this kind of existence, is also not what the likes of us can estimate."

Ye Yuan's lifelong pursuit was the limits of Alchemy Dao.

Toward the Alchemy Dao's paramount existence, Ye Yuan was naturally fascinated.

"I didn't expect that the Heavenspan World actually had such a character! I really hope that one day, I can sit and debate on Dao with him!" Ye Yuan said with vicissitudes of emotion.

...

Meng Qi's expression turned slightly dark. He could not quite grasp Ye Yuan anymore.

Want to say that Ye Yuan had no ability, Ye Yuan really said out all of the medicinal pill's elements.

But to say that Ye Yuan could refine the Devil Dragon Flame Crystal Pill, he did not believe even if beaten to death.

"Humph! Prepare the spirit medicines! I want to see what kind of medicinal pill he can refine! Kid, don't blame me for not warning you, I'll give you three chances. If you can't refine, bear the consequences yourself!" Meng Qi said solemnly.

Ye Yuan chuckled lightly and said, "Relax, this level of medicinal pill still can't stump me. Don't need three times, once is enough."

"Haha, what high-sounding sentiments! Young man, better to be a little more low-key, or the wind might sprain your tongue!" Meng Qi laughed from extreme fury.

Ye Yuan smiled and did not answer.

Very soon, the Devil Dragon Flame Crystal Pill's spirit medicines were ready.

Ye Yuan said to Meng Qi, "Borrow divine fire to use!"

The moment these words came out, everyone's faces all revealed a peculiar look.

A Fiend Apothecary actually did not have his own divine fire?

Did this guy really know how to refine pills?

A divine fire was the divine rank state of essence fires.

Ye Yuan's Cleansing Sandal Sacred Flame had long already advanced to divine rank and become a divine fire. But after Ye Yuan broke through to Heaven Glimpse Realm, the Cleansing Sandal Sacred Flame did not evolve along with it.

Now, when Ye Yuan refined pills, there was no convenient divine fire to use. He could only find Meng Qi to borrow fire.

"Looks like I have to find a chance to let the Cleansing Sandal Flame Lotus evolve. This isn't the way to go. If only Fiery was by my side."

Ye Yuan sighed emotionally in his heart and unwittingly missed Fiery.

On the road of becoming a fugitive, Ye Yuan virtually spent all of his savings, just to familiarize himself with Two-star spirit medicines' medicinal properties.

When he came out of Wu Meng Capital City, the low-grade divine essence stones on Ye Yuan were very sizable. He had about as much as 80 million.

The divine essence stones that the Myriad Treasure Tower awarded to Ye Yuan was 40 million.

In addition, Ye Yuan successively killed Qin Tian as well as Lin Xiu, Qin Zheng, and the rest. The storage rings on them were all taken into Ye Yuan's possession.

Counting it together, when Ye Yuan left, the divine essence stones on him were plenty.

On the way of fleeing, each time Ye Yuan reached a city, he would sweep up the goods and purchase spirit medicines.

Presently, there was already plenty of room to spare for Ye Yuan to refine Two-star divine pills.

But this Devil Dragon Flame Crystal Pill, it was really his first time refining.

Heavenly Empyrean Immortal Grove studied the fiend race's medicinal pills greatly. But Ye Yuan only obtained the knowledge from Dustless there after all. As for the specifics of how to refine, he had not tested it before.

But with Ye Yuan's present alchemy strength, refining the Devil Dragon Flame Crystal Pill, this kind of medicinal pill, was nothing difficult.

Meng Qi gave a cold snort and held his palm out. A pale-white fire seedling appeared in the palm of his hand.

"A Fiend Apothecary without even a divine fire actually dares to spout empty rhetoric too! I want to see how you refine pills! Humph!" Meng Qi said with a cold snort.

The fire seedling floated over in Ye Yuan's direction. Ye Yuan reached his hand out and beckoned. With a slight finger movement, the small fire seedling immediately grew into a fire tree.

The exquisiteness of the technique, those Fiend Apothecaries actually could not see through!

"White Elegance Devil Flame. Uh, it's not bad. I'll make do and use it then," Ye Yuan said.

When Meng Qi saw this scene, he could not help being shocked inwardly.

Disregarding anything else, just this technique of controlling fire was much stronger than him.

His own divine fire was actually so obedient and docile reaching Ye Yuan's hands. This made titanic waves set off in his heart.

Even he himself could not do it to this degree too!

This ... This was also demoralizing.

However, this was just the beginning.

When Ye Yuan started refining the pill, Meng Qi's pride was directly washed away by wave after wave of floodwaters!

"What impressive fire controlling methods! This kid actually really knows how to refine pills! Furthermore ... his level is quite high!"

"What kind of refinement method is this? Never seen it before!"

"Yeah! It's totally different from our pill refining techniques! But why do I feel that this technique is of a much higher level than ours?"

"Stupid! That Dao accumulation! His technique secretly contains Heavenly Dao, obtaining Heavenly Dao's support!"

...

Cries of exclamations sounded out all around, Meng Qi was utterly dumbfounded.

This was a true expert!

Just this pill refining technique was already on a completely different level than him!

The Fiend Medicine Hall's five elders all had their eyes glued at this time, fearful of missing any step.

This kind of master-level refinement could not be seen simply if they want to!

Li Ji's cherry lips opened slightly and never shut before the whole time.

Cool!

Too cool!

She watched Ye Yuan refine pills and was actually wholly enraptured.

Since young, she had also seen quite a few Fiend Medicine Hall's fiend apothecaries refining pills.

But no one had ever given her this feeling of being refreshed in mind and spirit.

"Condense!"

No idea how long had passed either, and then it was only to hear Ye Yuan cry out lightly. The furnace fire extinguished, the medicinal pill formed!

Ye Yuan sighed and said, "First time refining, the fire control still isn't quite there yet. The quality of the medicinal pill is probably not too ideal."

Finished talking, Ye Yuan reached out his hand and beckoned. A medicinal pill flew into the jade vessel.

"S-Superior-grade! Superior-grade Devil Dragon Flame Crystal Pill! Hiss ..."

Everyone all sucked in a mouthful of cold air, looking at Ye Yuan like they had seen ghosts.

This medicinal pill barely managed to reach the level of superior-grade.

Superior-grade Devil Dragon Flame Crystal Pill was still called not too ideal?

Meng Qi wished to give himself a tight slap. This was too demoralizing!

Him refining the Devil Dragon Flame Crystal Pill, the best grade was also just middle-grade. He had never refined before high-grade.

Another person refining for the first time, and it was a superior-grade!

This disparity ... was too great!

He did not doubt Ye Yuan's excuse. Meng Qi knew that it was probably really Ye Yuan's first time refining the Devil Dragon Flame Crystal Pill!

Even though Ye Yuan's refining technique was extremely profound, that awkwardness and inexperience when just starting could not be concealed.

This kind of situation, he had seen them too many times among newbies.

But along with the passing of time, Ye Yuan clearly gradually entered an optimal state and found the feeling. Hence, the more he refined, the smoother it got.

Unrivaled Medicine God

Chapter 1489: Already Came, Leaving for What?

"Your Highness Ka Xin, please wait!"

Ka Xin brought Lian Huo and just entered the Fiend Medicine Hall when he was stopped by a One-star Fiend Apothecary.

Although Ka Xin's status in the capital city was very high, in the Fiend Medicine Hall, he did not dare to be unbridled too.

"Ah, Brother Lu He. I made an appointment with Lord Meng Qi ten days ago. There are some important matters to discuss with him," Ka Xin cupped his fists and said.

Even though the other party was just a One-star Fiend Apothecary, he was Lord Meng Qi's accomplished disciple. Ordinary people could not afford to offend.

Lu He said, "Apologies, Your Highness Ka Xin. Master he's currently meeting an important guest in the inner-hall and has already instructed, nobody is to disturb him!"

Ka Xin frowned and said, "Even I'm not an exception too? I'm here representing the City Lord Manor, this matter is likewise no trivial matter! Moreover, I've already made an appointment ten days ago."

"This ..."

Lu He's face revealed a difficult look. Ka Xin's status was indeed extraordinary.

Moreover, Ka Xin was not here representing himself. He was representing the City Lord Manor.

Although the Blood Yama Hall did not fear the City Lord Manor, face still had to be given.

"Why not ... Better trouble Brother Lu He to go and pass on a word. Presumably, Lord Meng Qi won't dismiss me," Ka Xin said with clasped hands.

Lu He thought about it, nodded, and said, "Alright then, I'll go and ask Master."

Lu He turned around and went in. Lian Hua smiled and said, "Wonder what kind of big shot Lord Meng Qi is seeing, to actually even ignore our affairs."

Ka Xin smiled and said, "To be able to refuse us outside the door, it must be an incredible major figure. I reckon that it might very likely be a Three-star Fiend Apothecary."

Lian Hua nodded her head, clearly quite in approval of this.

Coincidentally, Fan Yu also entered the Fiend Medicine Hall at this time.

Seeing Ka Xin and Lian Hua, Fan Yu's heart thumped, secretly thinking not good.

The Fiend Medicine Hall released a batch of medicinal pills recently. They were in very high demand now. Quite a few factions went into action without delay.

Among these, the one with the strongest competitive power was naturally the City Lord Manor.

Although the alchemy strength of Meng Qi and the rest were too trash in front of Ye Yuan, the medicinal pills produced by the Fiend Medicine Hall were indeed very popular in Capone Capital City.

In the fiend race, good Fiend Apothecaries were too few.

The City Lord Manor had long gotten the news. Hence, Ka Xin made an appointment with Meng Qi ten days ago to meet today.

Ka Xin had a smile on his face as he said, "Heh, Brother Fan Yu came a step late. Lord Meng Qi isn't meeting guests today, better go back."

Fan Yu's expression was somewhat ugly as he said with a cold snort, "Your City Lord Manor eating meat, aren't you even going to leave a mouthful of soup for people to drink? This time, our Fan Family will definitely fight it out with you!"

Ka Xin laughed and said, "Heh, I'm about to go in and finalize this matter with Lord Meng Qi right away, what will you use to fight to the bitter end with me? Haha, want to fight it out, come early next time."

The muscles on Fan Yu's face twitched a few times, suddenly feeling powerless.

The four great families' foundations were still much worse compared to the City Lord Manor!

People had money and power. Each time the price offered, it was 30% higher than the rest. How to discuss things?

At this time, Le He came out of the inner-hall, the expression on his face rather ugly.

When Ka Xin saw Lu He's expression, his heart involuntarily thumped.

"Brother Lu He, what did Lord Meng Qi say?" Ka Xin said with clasped hands.

Lu He said crossly, "Your Highness Ka Xin, please return! I asked you to go back, but you insisted on me going to disturb Master! Now, just great. I got a good scolding from him right to my face, are you happy?"

Clearly, Lu He was already unable to maintain his original demeanor.

This scolding was not light!

Just now, the moment he entered and just reported Ka Xin's name, he was scolded angrily by Meng Qi. Even expelling from tutelage, this kind of words, was uttered.

It would be weird if Lu He's mood could be good!

Ka Xin had an awkward look. Stuffing a storage ring into Lu He's hands, he said, "Here are 50 thousand low-grade fiend essence stones, just take it as Brother Lu He's laboring fees. Since Lord Meng Qi is meeting an important guest, then Ka Xin won't disturb anymore. I'll come to visit again another day."

Who knew that Lu He directly pushed the storage ring back and said, "Just now, Master was already very angry and even said expelling me from tutelage, this kind of words! Aren't you making me take the road to ruin here? Quickly go, quickly go!"

Ka Xin was extremely depressed. He did not know just what kind of important guest Meng Qi was meeting.

Even meeting City Lord, it would not be to an extent where he expelled his own disciple from his tutelage for relaying a message, right?

Moreover, he did not hear of any remarkable major figure who came to the city recently!

Later, better inquire about it, and make some appropriate compensation.

If he were to offend the Fiend Medicine Hall because of this matter, the losses would outweigh the gains.

Getting rebuffed, Ka Xin had an unhappy look too.

He glimpsed at the Fan Yu who was unwilling to give up by the side, and he said indifferently, "Come on, didn't hear that Lord Meng Qi is currently meeting an important guest? Could it be that you want to cause Brother Lu He to be scolded one more time?"

These words had somewhat of an ulterior motive. It was clearly to irritate Lu He!

Lu He was in a bad mood just now and directly ignored the Fan Yu by the side.

Only after Ka Xin saying this did he notice that Fan Yu had already stood at one side for very long.

Lu He took care of many things for Meng Qi throughout the year and was also a smooth and artful figure.

When he saw Fan Yu, his eyes immediately lit up and he went forward to greet with a smile: "Turns out that Young Master Fan Yu came too. Apologies, apologies, Lu He did not entertain well."

Those words of Ka Xin's just now actually already made Fan Yu give up.

He did not expect that Lu He actually took the initiative to engage in small talk with him.

One had to know, he did not even give face to Ka Xin earlier!

"What's Brother Lu He saying? It's Fan Yu who suddenly paid a visit and imposed on you," Fan Yu hurriedly said.

Lu He smiled and said, "Young Master Fan Yu coming to the Fiend Medicine Hall, it's also in order to request an audience with Master, right?"

Fan Yu was slightly embarrassed, but still nodded his head and said, "Fan Yu will leave right away and won't cause trouble for Brother Lu He anymore."

Lu He was taken aback with fright and hurriedly pulled him, saying, "Don't! Already came, leaving for what? I'll go in to report right away, you wait a minute."

Done talking, Lu He directly turned around and left.

Ka Xin already walked to the entrance, but forcefully stopped his footsteps.

He looked at Lu He's departing back view, enraged until his complexion was livid!

What the hell was this?

Since the beginning to end, Lu He never showed him a good attitude.

Even if he agreed to go in and report just now, it was also with a reluctant look.

But now, Fan Yu himself said that he was going to leave, but Lu He took the initiative to hang onto Fan Yu and not let him leave. Lu He even took the initiative to go in and report!

Didn't he say earlier that Meng Qi even said about expelling from tutelage, this kind of words?

Fan Yu himself also had a baffled look, completely not knowing what happened.

His relationship with Lu He did not seem to be good to this kind of extent, right?

Before long, Lu He came out gleefully and said to Fan Yu, "Master said, let Young Master Fan Yu wait in the side-hall for a while. When he's done over at his side, he'll immediately come and see you!"

Happiness arrived too suddenly. Fan Yu completely did not react to it.

What happened?

By the side, Ka Xin's expression was long already black as the bottom of a wok.

Chapter 1490: Double Standards

“Brother Lu He, what’s this? Didn’t you say that Lord Meng Qi isn’t seeing anyone?”

Ka Xin tried his best to make his tone seem calmer, covering up the rage in his heart.

This double standard was also a little too obvious, right?

He had not even left yet!

Lu He’s brows furrowed and he said unhappily, “Mn? Your meaning is that I’m lying to you? Why not do this then? After Master comes out, we’ll confront face-to-face?”

Although Ka Xin tried his best to control his tone, the skepticism in his words could not be concealed no matter what.

Lu He’s anger rose up with a puff.

He helped him go in to report. Putting aside that he did not get any benefits, he was even scolded angrily by Master.

Meng Qi did not have just him, one disciple, alone. A single misstep and he fell out of favor, there would be nothing to do with him in the future.

Forget it if Ka Xin was not grateful, he even wanted to question him.

Even a clay bodhisattva had some anger. Lu He finally stopped showing Ka Xin a nice attitude.

Ka Xin said with an awkward look, “Brother Lu He misunderstood. I ...”

Lu He directly cut off his words and said with a cold smile, “I didn’t misunderstand anything! The matter previously, just take it as it didn’t happen. Consider it myself being opinionated. Just treat it as I was careless in making friends. Your Highness Ka Xin, please go back!”

Ka Xin’s expression changed, knowing that this was offending Lu He to the core.

He stood there, unable to leave nor stay.

Lu He said in a cold voice, “Why? Your Highness is not leaving? Could it be that you still want me to send Your Highness out?”

Ka Xin finally left dejectedly. But the grievance nursed in his heart, no one could understand.

With his status and standing, when had he been subjected to this kind of treatment in Capone Capital City before?

The more he thought, the more amiss it felt, and he said in a solemn voice, “There must be something wrong with this! How can the Fan Family and Fiend Medicine Hall’s relationship possibly compare to ours? Today’s incident is too abnormal, I must investigate clearly who Meng Qi was meeting!”

...

Fan Yu followed Lu He to the side-hall with a blank look. Pushing the door and taking a look, he saw an all too familiar figure.

“Li Ji? Why are you here?!” Fan Yu said in surprise.

“Eh? You came too? I ... I was accompanying Source Night to stroll around in the city. He said to come to the Fiend Medicine Hall to take a look and I followed.” Li Ji said with a slightly red face.

“Came with Source Night? Where is he?” Fan Yu said with a dark expression.

This punk, his younger sister accompanied to come out, but he was good, hanging his younger sister out here alone to dry.

But a glimmer of smugness flashed across in Li Ji’s eyes as she said with a smile, “He’s currently chatting with Grandpa Meng Qi! This chat lasted three days and three nights!”

“What?!” Fan Yu nearly jumped up, being taken aback with fright by Li Ji’s sentence.

He turned his head and looked at Lu He, and said with his eyes wide-open, “Brother Lu He, the important guest that you said wouldn’t be Source Night, right?”

Lu He beamed and said, “Who else can it be if not him? Heh, your Fan Family really remained deeply hidden, to have actually invited this kind of big shot and still maintaining your countenance.”

Fan Yu said with a confused look, “B-Big shot?”

Source Night’s strength was indeed not bad, but to say big shot, it was a little too far-fetched, right?

What in the world ... happened in-between this?

Lu He even thought that Fan Yu knew. But looking at it now, he was really kept in a dark.

Li Ji said with a proud face, “Big Brother, I only knew that Source Night was actually even a Fiend Apothecary when I saw Source Night refining pills too! Furthermore, it’s the very formidable kind ...”

Li Ji described the events that happened previously with a look of excitement, making Fan Yu dumbfounded with shock.

His first reaction was, was this Source Night really that Source Night he knew?

Source Night’s age seemed to be even quite a bit younger than him. How could he possibly be a fiend apothecary that even Lord Meng Qi looked up to?

But Li Ji was here, who could that be if not that Source Night?

He originally thought that Meng Qi was meeting some remarkable important person, that was why he would not even give face to Ka Xin.

He did not expect that it was actually Source Night!

No wonder, oh, no wonder!

That excitement when Lu He saw him, turned out that it was because of Source Night!

What kind of character was Fan Yu? He practically reacted to it right away. Lu He being extra familiar with him was treating him as a straw to clutch at.

Previously, because of helping Ka Xin to pass a message, he offended Meng Qi.

But he was Li Ji's elder brother. Li Ji and Source Night's relationship was very ambiguous. Meng Qi naturally regarded him as someone very close to Source Night.

This ... Why did it feel like a dream?

...

A full three days had already passed since the Fiend Medicine Hall's five elders listened to Ye Yuan's sermon on Dao.

These three day's time, Meng Qi five people listened like they were in ecstasy and enrapture.

They had never known that pill refining still had so many tricks involved!

Especially when Ye Yuan performed a skill to focus on pill refinement, they used all kinds of methods and also could not distract Ye Yuan in the slightest.

Finally, Ye Yuan still refined a high-level medicinal pill, making them marvel in astonishment.

Only then did they know why Ye Yuan would say that they were weak previously.

They could not even accomplish the most basic focusing, let alone talk about refining high-level medicinal pills.

Ye Yuan also knew that the fiend race's disposition was hot-tempered. Most were frank without tact. Making him focus on pill refinement was indeed making things a little hard.

But, where there was a will, there was a way. Meng Qi they all failing to do so was primarily still because their method was not right.

Ye Yuan casually imparted some spirit calming and mind focusing spells to them. These old fellows were all akin to having obtained a priceless treasure, endlessly grateful towards Ye Yuan.

Meng Qi was currently in high spirits when Lu He came in and said that Ka Xin was looking for him. How could he not be furious?

Compared to advancing his own alchemy strength, what the hell did Ka Xin count as?!

Suddenly, Ye Yuan seemed to have thought of something and said, "Oh, right, talking nonsense with you all these few days, forgot all about proper business."

The five elders were rendered speechless. How did this transmission and preaching of Dao become talking nonsense?

Except, the things that Ye Yuan narrated to them were really not that profound.

Similar to focusing, it was alchemists' basic skills, the five elders all could not do it.

For them to be able to refine complete medicinal pills could not be said to not be a kind of miracle.

Of course, even though Ye Yuan turned his nose up at the five elders' pill refinement, he could not underestimate fiend apothecaries either.

The fiend race's alchemy skills also had quite a few saving graces.

"I wonder what the proper business Master Source Night said is? Meng Qi will send people to go and do it right away! I beseech Master Source Night to be generous and preach Dao to us for a few more days!"

Meng Qi was incomparably respectful towards Ye Yuan now. Ye Yuan's alchemy standard was an existence that he could not look up to at all.

He even felt that those few Three-star fiend apothecaries in the city could not compare to a fraction of Master Source Night too!

Even though they could refine Three-star medicinal pills.

But Ye Yuan said, "Preaching Dao will end here first. Coming to the Fiend Medicine Hall, I just wanted to purchase a few kinds of spirit medicines. In addition, I still have some matters and want to take a trip to the Hundred Knows Hall. You all can't do it on my behalf."

The moment Meng Qi said, he hurriedly said, "Isn't Master Source Night smacking Meng Qi's face by saying this? Just a few kinds of spirit medicines, what's there to buy? As long as the Fiend Medicine Hall has it, feel free to take it! If there isn't, the Fiend Medicine Hall still has the confidence in acquiring it within a short time! As for the Hundred Knows Hall that side, their door isn't easy to enter. How about this, you take my Blood Yama Token and go. Those guys won't cause problems for Master!"
