#### Chapter 1531: Chill at the Balls

“Little Brother really has a sharp eye for discerning people. I, Ah Four, am a famous living map in the southern city! The matters in Heavenly Eagle Imperial City, there’s none that I don’t know!” Ah Four’s saliva flew everywhere.

Ye Yuan swept a glance over him and said coolly, “Then you tell me about this Heavenly Eagle Imperial City’s situation.”

Ah Four had an excited look as he said, “Heh, this isn’t a problem ...”

Ah Four started to spew things unceasingly, introducing the Heavenly Eagle Imperial City’s structure.

The Heavenly Eagle Imperial City was divided into a total of five major regions, north, south, east, west, four cities, as well as the inner city.

Within the imperial city, ranks were extremely stringent. The people of the four cities were prohibited from entering the inner city without getting permission.

Those who disobey were killed without amnesty.

And the prime requirement for entering the inner city was to possess the identity of a permanent residence, which was also the permanent token!

50 million divine essence stones made the vast majority of the people shrink back.

North, south, east, west, four cities, could be said to be the commoner areas, dragons and carps mingled together.

The region that Ye Yuan was at right now was the south city.

The south city was ruled by six major factions, the Dongfang Family, Zhao Family, Sun Family, three great families, as well as the Dragon Slaying Gang, Silverfeather Gang, as well as the Sun Moon Gang, three great gangs.

The three great families monopolized the south city’s economic lifeblood, while the three great gangs dominated the market.

The three people chatted as they walked and already passed through quite a few streets.

The streets bustled with heavy traffic; very flourishing.

Whoosh!

The three people were currently walking when a large group of people rushed out all of a sudden, surrounding the three people.

When the neighbors saw this scene, quite a few people all gathered together, seemingly already accustomed to it.

“The Dragon Slaying Gang is bullying newcomers again. This kid is also unlucky, why did he find Ah Four?”

“This kid has refined features and bright eyes, looks like a young master. One look and it’s clear that he hasn’t seen much of life. No wonder he would fall for it.”

“Hope that this kid is more sensible, saves himself a bout of beating too.”

...

There was a scar on the face of the person in front, looking very ferocious.

He sized Ye Yuan up and down, just like a greedy wild wolf.

“Ah Four, this fat sheep that you brought this time looks pretty good!” said the scar-faced man with a smile.

Ah Four went up to greet subserviently and said smilingly with an arched waist, “Hall Master Hu, it’s more than pretty good! This kid spent a million divine essence stones without even furrowing a brow.”

The scar-faced man’s brows raised up and he said delightedly, “Yo, it’s really a big fish! Ah Four, you did a good job this time. Later, you’ll get 5000!”

The moment Ah Four heard, he was overjoyed and hurriedly said, “Many thanks, Hall Master Hu! Many thanks, Hall Master Hu!”

Ye Yuan looked at this scene rather interestedly and said coolly, “So ... you’re not planning on bringing me to the Myriad Treasure Tower, are you?”

The moment the scar-faced man heard this, he laughed loudly and said, “Myriad Treasure Tower? Hahaha ... we are. Leave behind all the divine essence stones on your body, Grandpa Hu won’t care where you go.”

Ye Yuan said coolly, “If I say no?”

The moment the scar-faced man heard this, he said with a smile that was not a smile, “Every newcomer is very stubborn when they enter the city. But later, they become even more obedient like the dog at my house. Ah Four didn’t tell you how strong this south city’s Dragon Slaying Gang is? And I’m the Dragon Slaying Gang’s Azurewood Hall’s hall master, Hu Azurewood.”

Ye Yuan’s eyes narrowed slightly and he said, “Dragon Slaying Gang? Truly a fine name!”

Ye Yuan was born as half of the dragon race. This bunch of guys actually named the gang Dragon Slaying Gang. Wasn’t it coming to slay him?

Hu Azurewood laughed loudly when he heard that and said, “Is that so? I also feel that the name Dragon Slaying Gang is very domineering! Haha, but even if you curry favor, it’s no use too! Hurry up and hand over the divine essence stones on you. Otherwise ... your Grandpa Hu will teach you how to behave properly today!”

A cold light appeared in Ye Yuan’s eyes, his figure suddenly disappearing.

Swoosh, swoosh, swoosh.

Hu Azurewood had yet to react to what happened and Ye Yuan stood in front of him once more.

His expression turned dark and he pointed at Ye Yuan and said, "Brat, what are you playing at?"

Ye Yuan could not be bothered with him and said to Long Zhan, "Let's go! Uh, bring him along."

Long Zhan nodded and directly reached his hand out and grabbed toward Ah Four.

Ah Four was merely Heaven Glimpse Realm cultivation. How was he Long Zhan's match? Long Zhan knocked him out with one slap, then dragged him away like dragging a dead dog.

"Want to go? Have you asked your Grandpa Hu?"

Hu Azurewood shouted loudly and was about to make a move.

Suddenly, he felt a chill below his crotch.

"Hahahaha!"

The surrounding neighbors all started roaring with laughter.

Turns out that the moment these dozen over people made their move, their pants all fell down.

Now, they only felt a chill at their balls.

"Laughing at what?! Laugh again and we'll smash your shops!"

Hu Azurewood, a big grown man, was blushing scarlet red at this time.

But his prestige still had an effect. Everyone indeed did not dare to laugh anymore.

It was just that each and every one was stifled until their faces were bright red; very uncomfortable.

He hurriedly picked up his pants and said with a livid look, "This kid's realm isn't high, but his strength is actually so strong! If he wanted to kill us just now, we'd all be dead men now!"

Hu Azurewood was a middle-stage Origin Deity expert. The subordinates that he brought even had five or six initial-stage Origin Deity.

This level of strength already could not be ignored in the south city. Who knew that they were brought down by a young man with one sword.

Hu Azurewood did not see clearly how Ye Yuan drew his sword just now at all.

A look of horror appeared in Hu Azurewood's eyes. He, a middle-stage Origin Deity, actually could not even see how an initial-stage Origin Deity drew his sword. This was too scary!

The sight of a dozen over burly men picking up their pants and running on the streets was very spectacular.

...

Ah Four slowly woke up. Seeing the ferocious Long Zhan with malice written all over his face, he was immediately frightened out of his wits.

“Spare me! Your Excellency, spare me! This lowly one ... this lowly one was compelled against his will too!”

Ah Four knelt on the ground and begged with snot and tears running.

“I asked around earlier, the south city doesn’t have a Myriad Treasure Tower at all! The Heavenly Eagle Imperial City’s Myriad Treasure Tower is in the inner city!” Ye Yuan said coolly.

Ah Four trembled all over and said, “I ... I have a way of contacting the inner city! I ... I’ll definitely help Your Excellency contact the Myriad Treasure Tower!”

Ye Yuan gave him a glance and said with a smile, “Talking with smart people is effort-saving. It’s just too bad that your judgment is too poor.”

Ah Four cried bitterness when he heard that. How could he have thought that a kid who had just entered Origin Deity would actually have such formidable strength?

When Ye Yuan attacked with his sword, he only felt a gust of wind blow past and did not see anything at all.

This kind of speed was simply too terrifying.

Origin Deity Realm powerhouses attacking, Ah Four had naturally seen before quite a few. But he had never seen before such terrifying sword arts.

If he had long known it was like this, lend him a few galls and he would not dare as well!

“Your Excellency ... it was all Ah Four who had eyes but couldn’t see! But Your Excellency rest assured, Ah Four have never thought of harming Your Excellency’s life before! Hall Master Hu they all are only seeking wealth and won’t harm lives,” Ah Four said with a trembling voice.

Ye Yuan said coolly, “If you all have killing intent aroused, then it wouldn’t be as simple as pants dropping.”

Ah Four shuddered all over, only then, knowing that he had already made a trip to the gates of hell and back.

Suddenly, Ye Yuan slowly got up and said, “Let’s go.”

Ah Four froze and said, “Go where?”

Ye Yuan said coolly, “Bring me to the Dragon Slaying Gang’s headquarters.”

#### **Chapter 1532: Your Esteemed Gang, Please Change Name**

“Y-Y-Y-Your Excellency, just spare me! When they see that it’s me who brought you over, they will kill me!”

Getting closer and closer to the Dragon Slaying Gang's headquarters, Ah Four's legs went soft and could not walk at all.

Long Zhan carried him like carrying a little chick.

Ye Yuan gave him a glance and smiled broadly and said, "Aren't you afraid that I'll kill you?"

Ah Four's eyes saw black, and he directly fainted.

In this imperial city, a Heaven Glimpse Realm martial artist like Ah Four was a small character, with only the share of running errands. How could he dare to offend one of the six great factions, the Dragon Slaying Gang?

As one of the six great factions, the Dragon Slaying Gang's headquarters was very grand.

On the door plaque, 'Dragon Slaying Gang' three big words were written using a domineering font; very eye-catching.

Outside the headquarters' front door, five to six peak Heaven Glimpse martial artists were standing guard, giving the impression to deter strangers and giving warning to stay away.

Seeing Ye Yuan draw close, even though they discerned that Ye Yuan was an Origin Deity powerhouse, the few people did not take him seriously at all and reproached him. One said, "Didn't you see what place this is? Get lost!"

Ye Yuan smiled slightly. Raising his hand, it was a slash.

Crack!

The plaque that had 'Dragon Slaying Gang', three words, engraved, immediately turned into a pile of dust.

Those few guards got a huge fright, suddenly startling awake and saying with an angry roar, "Punk, are you courting death? Do you know what you've done?"

They naturally did not dare to attack Ye Yuan. But they still dared to threaten.

Normally, they were all used to playing the tyrant.

Ye Yuan swept a glance over them and said coolly, "Get your leader out. I'm finding them to discuss some matters."

The six people opened their eyes wide, looking at Ye Yuan like looking at a fool.

This guy destroyed the Dragon Slaying Gang's door head and did not think about escaping, but actually still wanted to see the leader. Was this tired of living?

"P-Punk, you wait! Don't run if you have the guts!" said a guard.

Ye Yuan smiled and said, "Relax, I won't run."

That guard said to the others, "You all keep an eye on him, don't let him run. I'll go and find Fifth Head over!"

Before long, that guard led a big man with a stocky and imposing build toward them. Presumably, it was that whatever fifth head.

The fifth head had a fierce-looking body, faintly exuding golden light. Clearly, he was a body-refinement expert.

“Fifth Head, it’s that kid! He smashed our signboard without saying a word when he came over!” said the guard and pointed at Ye Yuan.

When he saw Ye Yuan, he immediately roared loudly, “Hoy! Where did this brat come from, to dare smash my Dragon Slaying Gang’s signboard?! Prepare to die! Chasing Thunder Heaven Splitting Fist!”

The fifth head was clearly a barbaric man. Giving no chance to explain, he directly smashed a fist toward Ye Yuan.

With this, the fifth head radiated resplendently with golden light. His fleshy body actually already reached late-stage third transformation.

This level of body-refinement strength virtually swept across all in the same rank.

Boom!

The place where Ye Yuan was standing previously immediately had a large pit smashed out by the fifth head.

“Humph! Blind and reckless brat, became a meat pancake now, right? Come, men! Clean it up!” The fifth head patted his hands and said lightly.

“F-Fifth Head, b-behind!” The guard had an expression like he saw a ghost and said quiveringly.

The fifth head suddenly trembled, turning around to look. He discovered that a sharp long sword was currently pointed between his eyebrows.

The power of laws leaking out on the tip of the sword made the fifth head palpitate.

Such swift speed!

He, a late-stage third transformation golden body, actually could not keep up with an initial-stage Heaven Glimpse’s speed!

This ... was too terrifying!

A powerful physical body did not mean being impervious to swords and spears.

The head was clearly still a vulnerable spot of a body-refinement powerhouse.

As long as Ye Yuan’s divine essence urged, he would take flight to the land of immortals.

The fifth head broke out in a cold sweat and said stammeringly, “Little Brother, if ... if there’s anything ... we can sort it out.”

Ye Yuan said coolly, “I wanted to talk nicely, it was you who didn’t give me the chance.”

Finished talking, Ye Yuan put away the sword and stood there.

The fifth head's heart turned fearful. An initial-stage Origin Deity actually had such daunting strength. Could it be that this guy came out of the inner city?

In the fifth head's view, only those peak geniuses in the inner city had such terrifying strength.

For a moment, many thoughts flashed across in the fifth head's heart.

The muscles on the fifth head's face twitched several times and he said with an awkward smile, "This ... Little Brother, you tore down our signboard the moment you came up, it makes it very hard for Meng Huo!"

Ye Yuan nodded and said, "I'm very understanding, so you're not dead yet."

The fifth head had an embarrassed look and said, "Little Brother, I wonder what you tore down our signboard first? Could it be that ... our Dragon Slaying Gang offended little brother? Which bastard was it? As long as little brother says it out, I'll definitely beat that bastard to death!"

Ye Yuan smiled and said, "There was indeed someone who blocked the road to commit highway robbery, saying that it was to teach newcomers."

Meng Huo's expression turned stiff and said, "N-Newcomer? You didn't come out of the inner city?"

Ye Yuan said, "It's my first day entering the city today. Didn't expect that I encounter your esteemed gang's preferential treatment."

Meng Huo was speechless. Robbing rich newcomers, this was something that all of the gangs would do.

He did not expect that they actually kicked a metal plate this time.

The strength of this kid in front of him, even though the Dragon Slaying Gang did not fear him, he reckoned that it at least needed the third head to take care of him too.

But speaking of it, it was coincidental. The first few heads went to discuss matters with the Silverfeather Gang today and were all not around!

"But ... I didn't come here today for this matter," Ye Yuan continued talking.

Meng Huo was stunned, not this matter?

"Little Brother feel free to say what you have! Our Dragon Slaying Gang still has some power in the south city. As long as we can do it, we definitely won't refuse," Meng Huo patted his chest and said.

While Meng Huo was rash, he was not stupid.

Ye Yuan had such terrifying strength at a young age. At least in this south city, few people could do anything to him.

As long as he was willing to join any faction, that was a hegemon of a region!

These kinds of people were not good to offend.

At least before the boss returned, they could not offend.

He could not suppress this kid!

Ye Yuan nodded his head and said with a smile, "That's good then. I want ... your esteemed gang to please change name."

Meng Huo was stunned. His expression suddenly turned dark and he said, "Punk, the name Dragon Slaying Gang has already been used for several thousand years! You're ... deliberately finding fault?"

Ye Yuan shook his head and said, "Nay, nay, it's just that ... your name has violated my taboo!"

Meng Huo's face turned dark and he said, "What a joke! Who the hell are you? Violated your taboo and we have to change name? If ... I say no?"

Meng Huo was a man with a hot-blooded nature too. It was impossible to change names because of a word from Ye Yuan.

Moreover, this was also not something that he could make the call on.

But changing names, this kind of thing, had too much impact on the gang. The few heads absolutely would not change the name easily.

Moreover, even if they really changed the name, it also could not be changed because of a brat.

If this were to spread out, how would their Dragon Slaying Gang still keep a foothold in the south city?

Ye Yuan said indifferently, "Give you guys three days to consider. After three days, I'll come again. If you guys are still not willing to change that name when the time comes, then ... all of your branches will be eliminated! If you don't believe me, you can go ahead and give it a try!"

### [Unrivaled Medicine God](#)

#### **Chapter 1533: I m Not Here to Compete**

"Mn? Change name? Just an initial-stage Origin Deity? Ol' Fifth, are you teasing me?"

The Dragon Slaying Gang's boss, Yue Qingfeng, looked at Meng Huo with a suspicious look, incredulity written all over his face.

An initial-stage Origin Deity making the Dragon Slaying Gang change name. Ol' Fifth actually did not slap him to death with one slap!

Furthermore, why did they have to change their name?

Dragon Slaying Gang, it sounded so domineering!

Meng Huo's expression was very ugly. He did not wish to admit that Ye Yuan's strength was greater than him. That was too shameful.

A late-stage third transformation golden body actually lost to an initial-stage Origin Deity Realm. If this incident were to spread out, he would become the entire south city's laughingstock.

"You don't know, Big Brother. This kid's movement technique is very fast. A moment of carelessness and he slipped past. Even though our headquarters isn't afraid of him, it's hard to say for the branches below!"

Meng Huo's eyes swiveled around, changing to a roundabout way of saying things.

The people who saw this incident, he sent down a gag order.

Either way, if that punk dared to come three days later, it was also death.

Big Brother Yue Qingfeng was a half-step Divine Lord powerhouse. Even if that punk could go to the heavens, Boss could also smack him down.

But Yue Qingfeng waved his hand and said, "Ignore him. A little brat, how big a wave can he stir up? The day after tomorrow, we're going to negotiate with the Silverfeather Gang about the jurisdiction of the Qianting Three Streets. That's the major matter!"

Qianting Three Streets, that was the juncture area of the Dragon Slaying Gang and Silverfeather Gang, two great gangs, and also the wealthiest three streets, collectively known as the Qiantian Three Streets.

Both forces had been playing games all along. For the sake of these three streets, they had come to blows no idea how many times and had never decided on the ownership of these three streets.

Today, Yue Qingfeng brought people to go and negotiate, it was in order to settle the Silverfeather Gang.

But the result was very obvious, parting on a sour note.

The moment Meng Huo heard this, he also came around and said solemnly, "Why didn't agree on it today? That bunch of grandsons, got to give them a good one this time!"

Yue Qingfeng said, "Now, the conflict lies with the Qianting middle street. The Silverfeather Gang, that bunch of bastards, insists on monopolizing the Qianting middle street. Heh, Qianting middle street, they occupy two at once. They really dared to open their mouths!"

The moment Meng Huo heard, he was greatly enraged and said, "Damn it! The Qianting three streets were originally our territory. They still went from bad to worse? Boss, let Meng Huo go and take the charge this time, I will beat all of them down!"

One should not look at how Meng Huo just had a late-stage third transformation golden body. His strength was actually very formidable.

Facing off with a grand completion Origin Deity, he could also rely on his powerful physical body to forcefully contend.

It was just too bad that who he encountered was Ye Yuan.

His speed was crushed until not even dregs remained in front of Ye Yuan.

A hint of fierceness flashed across in Yue Qingfeng's eyes and he said, "Heh, this is also the last negotiation! If they still continue to pester with unreasonable demands, the negotiations the day after tomorrow will be when we lose all decorum!"

...

Ye Yuan entered an inn and asked for two rooms. One for himself, Long Zhan brought Ah Four to stay in the other.

The intestines of the Ah Four who just woke up turned green with regret, feeling like the entire world was collapsing.

Why was he blind? To provoke such an ominous god!

Even if he could escape the calamity this time, the Dragon Slaying Gang, that bunch of fellows, would not let him off either.

Because he still had to bring Ye Yuan to go and wipe out the Dragon Slaying Gang's branches.

Counting on the Dragon Slaying Gang to change names?

Better save it!

As for Ye Yuan, he let Ah Four bring him to purchase a batch of rank three spirit medicines in the south city, and plunged into the great undertaking of researching Three-star divine pills.

Along the way, Ye Yuan had long already fully digested Three-star divine pills' theoretical knowledge and also purchased many spirit medicines along the way.

Regarding Three-star divine pills, Ye Yuan could be said to improve at god-speed.

Ye Yuan discovered that ever since triggering the Great Dao Heavenly Melody the last time, his Alchemy Dao seemed to have entered a brand new realm.

Regarding the cultivation of Three-star divine pills, Ye Yuan's speed was much faster than before instead.

Now, with the Purple Extreme Hall, this flying sharp weapon, Ye Yuan could spare even more time to understand Alchemy Dao.

Flying for several years along the way, Ye Yuan spent several decades inside the World Suppressing Stele's space.

His current alchemy strength was already sufficient to insta-kill a group of Three-star alchemy gods.

But regarding research of Alchemy Dao, Ye Yuan never knew exhaustion. These three days' time, he did not plan on wasting it either. Hence, he entered the World Suppressing Stele's space to cultivate again.

Three days later, Ye Yuan slowly went to the Dragon Slaying Gang's headquarters by himself.

It was still those few guards. But when Ye Yuan saw them, he discovered that these guards all had very flustered expressions, and could not help being somewhat perplexed.

His strength was not to the extent of making the Dragon Slaying Gang panic like this, right?

"Hey, I came again. Go and get your boss over, just say that the one who asked you all to change names came," Ye Yuan said coolly.

One of the guards had a panicky look and immediately went in to report.

Before long, two leader-like middle-aged men came out of the headquarters.

“Third Brother, it’s this kid!” Meng Huo pointed at Ye Yuan and said.

Third Head frowned and looked at Ye Yuan, and said with anger on his face: “Kid, you’re tired of living, right? To actually dare make fun of our Dragon Slaying Gang?”

Ye Yuan gave the third head a glance and looked at Meng Huo again, saying, “Then your meaning is that you’re not changing it?”

“Change your head! Your Grandpa Fan is currently pissed today and has nowhere to vent. You, kid, knocked onto the spearhead! I will twist your head off right now and let you know the outcome of making fun of my Dragon Slaying Gang!”

Third Head gave a loud roar and directly brandished a large broad blade, hacking down towards Ye Yuan’s head.

Ye Yuan’s brows raised up. He noticed the injuries on this third head’s body did not seem to be light.

Clank!

The third head’s endlessly howling blade actually hit nothing!

“Third Brother, be careful! He’s behind you!” Meng Huo cried out in shock.

The third head got a big shock and hurriedly turned around and swung his blade.

Clank! Clank! Clank.

A series of metal clashing sounds made everyone dumbfounded.

An initial-stage Origin Deity actually fought with the grand completion Origin Deity Third Head until neither could gain the upper hand?

Where did this kid pop out from?

The more Third Head fought, the more alarmed he got. He actually could not quite keep up with Ye Yuan’s speed.

This kid’s movement technique was erratic, like a ghost; coming and going like a shadow.

Clearly looked like the sword was still very far away. In a blink of an eye, it arrived in front of him.

Too bizarre!

He was still scolding Ol’ Fifth useless previously. Only now did he know this kid’s terror.

“Stop!”

Third Head shouted loudly, pulling apart distance from Ye Yuan.

“Boy, you’re very strong! But if I wasn’t injured, you wouldn’t be my match at all!” the third head said with a dark expression.

Ye Yuan gave him a glance and said coolly, "I'm not here to compete with you, I'm here to get you guys to change names! It looks like you guys take my warning to be like water rolling off a duck's back. Very good, starting from tomorrow, have your branches be prepared, I'll go and tear them down one by one."

The third head's expression turned stiff and was really quite scared in his heart.

Ye Yuan's movement technique was too scary. Even if he was not his match, if Ye Yuan wanted to leave, he could not stop it either!

Right at this time, a guard suddenly ran out and shouted, "Third Head, Fifth Head! Second Head he ... he's almost on his last legs!"

#### **Chapter 1534: 1534 Offended People**

##### **1534 Offended People**

The third head and the fifth head's expressions changed drastically at the same time, turned around, and was about to enter the headquarters.

"Kid, Grandpa Fan has no time to reason it out with you today, my bro is going to die! Whatever there is, talk another day!" Third Head said a sentence to Ye Yuan and turned around, going to enter inside.

Ye Yuan was slightly surprised. It looked like this Dragon Slaying Gang seemed to have just experienced a great battle. No wonder the injuries on this third head's body were not light.

He ruminated a little and suddenly spoke up, "Hey, why don't I go in and take a look too. Uh ... I'm an alchemist, uh ... My standard is still okay."

Ye Yuan was afraid that the other party did not like him and added a sentence, blowing his own trumpet a bit while he was at it.

The third head was stunned and said angrily, "Punk, I don't have time to waste with you here! Scram further away for me!"

Ye Yuan smiled without any care and said, "Going to die either way, you just treat it as a Hail Mary effort. If I can really save him but you don't let me save, then your second head will also be angry until he climbs out of the grave to scold you if he dies."

The third head choked and did not have time to think too much, and said vigilantly, "Punk, I'm warning you, Big Brother is inside too. He's a half-step Divine Lord powerhouse. If you dare to play tricks, I guarantee that I'll die until not even dregs remain!"

Ye Yuan smiled and followed the two people in the Dragon Slaying Gang's headquarters.

On the bed, a burly man was on his dying breath. It was evident that his hours were numbered.

"Master Wu Feng, could it be that there's really no way? My second brother he ... in order to block this arrow, otherwise ... the one who's dead should be me! Master Wu Feng, as long as you can save me, I can agree to any terms!"

A middle-aged man had very red eyes and was currently pleading to an old man for help.

This middle-aged man should be the Dragon Slaying Gang's boss, that half-step Divine Lord powerhouse.

Master Wu Feng shook his head and said, "Everyone should be aware of the Thunder Chasing Arrow's prowess. The second head's heart meridians have already been severed. Furthermore, there's the Crimson Fire Bone Corroding Poison on the arrowhead. This old man has already tried his best, Chief Head, please restrain your grief and accord with inevitable changes."

The moment these words came out, the chief head's eyes revealed a look of despair. Tears actually already welled up in his eyes.

When Ye Yuan saw this scene, he could not help being slightly surprised.

This scene did not seem to be fake, but true sentiments flowing. It made Ye Yuan give rise to some favorable impression towards this Dragon Slaying Gang.

"Why not ... I give it a try." Ye Yuan glanced at the second head lying on the bed and suddenly spoke up.

The moment he spoke up, everyone looked over.

"Who is he?" The chief head's gaze turned intent and said suspiciously.

The third head's expression was somewhat ugly as he said, "Big Brother, he's ... that punk who wants us to change names."

The chief head's expression turned dark and he said with a cold shout, "Messing around!"

Right now, everyone was overwhelmed with grief and indignation, but he let an enemy enter inside here. Was this ... trying to be funny?

The chief head felt a wave of irritation in his head. Lifting his hand, it was a palm, striking toward Ye Yuan.

The palm of a half-step Divine Lord powerhouse, the commotion was extremely shocking.

He could not find a venue to give vent under his violent rage and just nice used Ye Yuan to vent.

But Ye Yuan was immovable like a mountain as he opened his mouth and said indifferently, "Hey, if you kill me, he's really going to die."

The chief head's palm wind abruptly stopped and he said in a solemn voice, "You can really save me?"

Ye Yuan smiled and said, "Of course I can save him. But I have a condition, you know it."

Chief Head's expression turned stiff, a strange expression involuntarily surfaced on his face.

Did the name that was used for several thousand years really have to be changed?

The chief head's expression turned dark as he said, "If you can really save my brother, what's the harm in changing names!"

At this time, Wu Feng suddenly spoke up, "Chief Head is truly laughing it off too easily. This kid is merely initial-stage Origin Deity. Could it be that he can still compare to this old man in alchemy? Even this old man is at his wit's end, what method can he have?"

The chief head's expression changed and he thought, yeah!

This guy wouldn't be intentionally making a fool out of him, right?

Master Wu Feng was a high-rank Three-star alchemist. In the land of the south city, there was none who was more powerful than him.

Even he was helpless. Could this kid still ascend to the heavens?

"Brat, you dare to mess with me?" The chief head's expression turned sullen, his gaze staring at Ye Yuan sternly as he said those words.

The chief head gave a cold snort and was just about to fly off the handle, but heard the third head say, "Boss, why not ... let him try! This kid ... is peculiar!"

The chief head froze, revealing a look of surprise.

He knew that Old Third was prudent and would not shoot his mouth off.

Could it be that this kid really had some skills?

Wu Feng snorted coldly and said, "Third Head, you're insulting this old man here! Forget it, since you guys don't trust this old man, then this old man is also making a fool of myself by staying here! Goodbye! Uh ... also, since you guys believe a brat who's still wet behind the ears than be willing to believe this old man, then in the future ... don't come and find this old man anymore!"

Finished talking, Wu Feng flicked his sleeves and left.

The moment Chief Head heard, his expression could not help changing drastically.

Wu Feng's status in the south city was unmatched. Saying that he was the south city's number one alchemist was also not over the top. His calling power was extremely strong.

In order to build relations with Wu Feng, the Dragon Slaying Gang had to spend a large amount of divine essence stones every year to be able to invite him.

Otherwise, how could Wu Feng be what the average person could invite?

Offending this great deity, the Dragon Slaying Gang's days in the future would be tough!

The chief head hurriedly chased after and said, "Master Wu Feng, this ... we were also worried about Second Brother's life, that's why we would be like this. We really didn't have the intention of disrespecting Master. Master, please don't get angry!"

Wu Feng gave a cold laugh and said, "That's your business, what has it got to do with me? Do you think that alchemy skills can be learned in a day or two? It's already not bad for such a kid who's still wet behind his ears to be able to refine medicinal pills, still want to save people? Huhu! This old man will leave my words here, if he can save your second brother, this old man will pluck his head off for him to kick like a ball! Humph!"

Finished talking, he did not care about the chief head either, directly flicking his sleeves and leaving.

Who was he, Wu Feng?

That was a golden signboard of the south city!

The Dragon Slaying Gang's decision was simply slapping his face.

He had just sentenced the second head to death. In the end, this bunch of fellows found someone to save me. Furthermore, it was even a little kid.

This ... was simply preposterous!

The chief head's expression was ugly to the extreme. He turned around and glared furiously at Ye Yuan and said, "Kid, it's all thanks to you! If I find out that you're messing with my Dragon Slaying Gang, I'll pluck your head off and go apologize to Master Wu Feng and ask for punishment!"

Ye Yuan gave the chief head a glance and said with a smile, "When most people talk to me like this, they will be put into the blacklist by me. Even if you were to kneel down and beg me, I won't agree to save him either. But looking on the account of your brotherhood, this young master, I, won't fuss about this."

The chief head's face turned black, gloomy to the extreme.

This kid was too pretentious.

He nearly believed it!

Why would Ol' Third believe this kid? He needed to ask him properly in a while.

"Go, prepare a clean basin for me. Fortunately, this young master is carrying quite a few spirit medicines on me. But the spirit medicines' cost, you guys have to pay!" Ye Yuan said to the chief head.

Everyone's faces choked up. Was this kid ... reliable?

### [Unrivaled Medicine God](#)

#### **Chapter 1535: If It's Severed, Just Join It Back**

The chief head and his brothers exchanged glances, uncertain what it meant.

Why did saving people need a basin?

"Ol' Third, what is this kid doing?" the chief head asked softly.

At this time, Ye Yuan was already diagnosing the second head's pulse.

The third head had a baffled look and said, "How would I know? If I were to know, I can already save Second Brother!"

F\*ck me, you're also too irresponsible here!

You found him!

The chief head's eyeballs went wide and he said, "Feels like this kid is very unreliable. What the hell is wrong with you, to insist on letting him try?"

The third head said, "I exchanged blows with him outside just now. I ... fought to a draw with him!"

The chief head's gaze turned sharp, revealing a shocked expression.

An initial-stage Origin Deity fought to a draw with Ol' Third?

No wonder Ol' Third said that this kid was peculiar.

Third Head continued talking. He said, "To have such terrifying strength at a young age, I guess that this kid's origins background is definitely powerful. So ... maybe he really has a way to do it?"

The chief head's gaze looked at Ye Yuan with a glimmer and stopped talking.

Before long, a clean basin was brought over.

Ye Yuan also slowly stood up and came to the basin.

It was only to see him knead a seal with his hand. A pile of spirit medicines appeared in the basin.

Ye Yuan's palm shook, those spirit medicines were directly shattered into dust. Stalks of spirit medicines became a pile of powder.

The chief head glanced at the second head, his eyes slightly red, and asked Ye Yuan, "That ... Little Brother, Master Wu Feng said that Second Head's heart meridians are already severed. Can ... can he really be saved?"

Everyone there was a cultivator and naturally knew what heart meridian being severed meant.

Even for Deity Realm powerhouses, once the power of laws severed the heart meridians, it was certain death too.

This kind of damage was irreversible.

Hence, that was why Wu Feng said that there was no way.

Ye Yuan gave him a glance and said coolly, "If it's severed, just join it back."

"J-Join it back? If the heart meridian is severed ... it can still be joined back?"

The chief head had never heard before that there was actually still such a miraculous method.

While talking, Ye Yuan placed both hands in the basin. Those powder adhered to his hands.

Ye Yuan came before the bed and pressed both hands on the second head's chest.

A surge of divine essence undulation lit up on Ye Yuan's body.

Clouds of mist gradually appeared at Ye Yuan's palm area.

Before long, Ye Yuan stood up again, sucked up some more powder, and rinsed and repeated.

"This ... Doing what here?"

"No idea. Never seen before this kind of healing method. Shouldn't it be feeding medicinal pills to Second Brother?"

"This kid wouldn't really be messing with us, right?"

"Just using divine essence to steam a little like this can bring Second Brother back?"

...

The few brothers all chimed in, very pessimistic about Ye Yuan's approach.

They naturally could not tell how delicate the work of Ye Yuan's hands were.

Ye Yuan organically fused together the spirit medicines on his hands with divine essence, then sent the medicinal strength into the second head's heart meridians through the pores.

The second head's heart meridians were already severed. Even if he consumed medicinal pills, it was also not possible to make a full circulatory cycle.

But Ye Yuan could help the second head to absorb the medicinal strength using this kind of method.

And this would repair the already severed heart meridians unceasingly under Ye Yuan's catalyzing.

Ye Yuan slowly expelled the power of laws that were wreaking havoc in the heart meridians with these spirit medicines, then carried out repairs.

The requirement towards divine essence manipulation was exquisite to the point where it made one's hair stand on end.

Ordinary alchemists, even Four-star Alchemy Gods, could not possibly do it to Ye Yuan's extent too.

Ye Yuan's method of manipulating divine essence came from endless tempering.

In Ye Yuan's view, the path of medicinal pills was never just refining pills.

Time slowly trickled by. The bottom of that basin of spirit medicine powder could be seen very quickly.

"C-Cough, cough, cough ..."

Suddenly, an intense bout of cough came out of the second head's mouth.

When the few brothers saw this scene, each and every one of them roused themselves up.

"Really ... Really brought back to life? My God, this kid's level is actually even more formidable than Wu Feng's!" The third head opened his mouth wide and could not close his mouth for a long time.

"Pooh! Wu Feng's standard isn't even fit to carry shoes for this kid! That Wu Feng said it like he's oh so important, and even said what, pluck his head off to kick like a ball. I want to see whether he really plucks his head off or not!" Ol' Fifth, Meng Huo, said.

"Too magical! It's still my first time seeing that someone could still be saved when their heart meridians are severed! This ki ... this master is really too amazing!" the chief head also exclaimed in wonder.

Seeing the second head wake up, the self-reproach in Chief Head's heart also lessened considerably.

This arrow was too sneaky. If not for Second Head blocking it for him, the one lying here right now would be him.

At this time, Ye Yuan slowly got up. The few brothers immediately gathered over.

"Ki ... Uh, Master, how's my second brother?" Chief Head asked anxiously.

Ye Yuan said coolly, "The arrow wound is already fine, heart meridian is already joined up. But this poison is a little powerful. Prepare a room for me, I want to refine pills. Don't let anyone come and disturb me. In addition, my spirit medicines and medicinal pills are very expensive. Uh ... on the account that it's our first time working together, I'll charge you guys 3 million divine essence stones then."

"Hiss ... Five million divine essence stones, why don't you go and rob?" Meng Huo's eyes went wide. He was taken aback with fright by this price.

Ordinary Three-star divine pills, the price was also just between 300 thousand divine essence stones to one million divine essence stones.

The moment Ye Yuan opened his mouth, it was five to ten times the price!

The other brothers also felt their flesh hurt. But Chief Head only furrowed his brows, then said, "Ol' Fifth, shut up! What price Master wants to put, that's how much it is! Five million divine essence stones, we'll pay!"

Ye Yuan smiled and said, "It's still Chief Head who is gallant. When you all see the medicinal pill, you'll know that it's worth the money."

After Ye Yuan left, Ol' Fifth said indignantly, "Big Brother, he's clearly demanding an exorbitant price here!"

Ol' Third also said, "Yeah, Big Brother! We can give him five million divine essence stones, but ... our gang's name can't be changed!"

Chief Head snorted coldly and said, "Is Ol' Second's life just worth a mere five million? Mn? Any one of your lives is priceless in my eyes! What does a mere five million count for?"

With this cold snort, everyone did not dare to speak anymore.

At this time, the Ol' Second on the bed finally woke up.

"Ol' Second, you're awake! That's really great!" Chief Head said with an excited look.

The second head's eyes were a little dazed as he struggled to say: "I ... I got hit by the Chasing Thunder Arrow and actually didn't die?"

Meng Huo laughed loudly and said, "Hahaha ... you were originally dead for sure, but ran into an incredible master who brought you back to life!"

A hint of surprise flashed across in Second Head's eyes and he looked at Chief Head.

Chief Head nodded and said with a smile, "What Ol' Fifth said is right! Ol' Second, it's all thanks to you this time. Otherwise, Big Brother's life will probably be done for. This life, Big Brother owes you!"

Second Head forced a smile and said, "Big Brother, do we, brothers ... still have to say this sort of distant words?"

#### **Chapter 1536: Conferring Name**

Ye Yuan making people not disturb was not really because he was afraid of people disturbing, but that his medicinal cauldron was too shocking.

Once the matter that he had a divine lord mystic treasure on him leaked out, what he would face would likely be the frenzied pursuit of Divine Lord Realm powerhouses.

In this Heavenly Eagle Imperial City where divine lords walked everywhere, Ye Yuan did not dare to be careless.

After two hours, a newly refined Detoxification Pill was completed.

This was the Detoxification Pill that Ye Yuan developed himself. It was very different from the rank three Detoxification Pill in the world.

“Divine-grade!” When the chief head saw the pill, his two eyes gave off rays of brilliant light.

A rank three divine-grade divine pill, this was not what anybody could refine!

Wu Feng was known as the south city’s number one alchemist. At the very most, he could only refine superior-grade divine pills.

Just this even needed a massive burst of luck.

But this young man in front of him, the moment he made his move, it was divine-grade!

The chief head drew a breath of cold air, endlessly shocked as he looked at Ye Yuan.

But he discovered the problem very soon and could not help saying puzzledly, “Master, what ... what medicinal pill is this?”

Ye Yuan rolled his eyes and said, “Detoxification Pill, what medicinal pill can it be still? Could it be that I’m letting him eat a medicinal pill to increase cultivation right now? Not eating? Give back to me if not eating.”

The chief head’s hand hurriedly shrank back and he said awkwardly, “M-Master, I didn’t mean that. Master might not be aware, the Crimson Fire Bone Corroding Poison is very powerful. Ordinary detoxification pills can’t cure it. Only by prescribing the right remedy for it one can cure the poison.”

Ye Yuan rolled his eyes and was just about to lose his temper when the chief head directly came to the bedside subserviently and stuffed the medicinal pill down the second head’s mouth.

He only questioned it instinctively. After all, the Crimson Fire Bone Corroding Poison’s power was rather famous.

But he discovered very quickly that his doubts were totally unjustified.

The master even joined back the heart meridians, could this medicinal pill be a bluff?

Furthermore, it was a divine-grade medicinal pill!

Sure enough, the second head whose complexion was black took a turn for the better very soon.

The medicinal pill’s efficacy was amazingly good.

“What a powerful Detoxification Pill! This ... Just how long has it been, Second Brother’s poison is actually gone?”

“Yeah. Even the Crimson Fire Bone Corroding Poison’s detoxification pill doesn’t have such a fast effect too!”

“What detoxification pill is this, it’s too exaggerated! Compared to this, those detoxification pills on the market are simply trash!”

The few brothers cried out with exclamations, all stunned by Ye Yuan’s detoxification pill.

They all, these gangs, lived a life on the edge every day. Getting injured and poisoned was all too normal.

If there was such a medicinal pill, who would still be afraid of getting poisoned?

Thud!

After the second head got up, he immediately knelt down in front of Ye Yuan and said respectfully, “Many thanks for Master’s life-saving grace. Zhu Yong won’t ever forget it!”

Ye Yuan said coolly, “Heh, don’t need to thank me. I didn’t treat you without conditions.”

As he said, his gaze looked towards the chief head and said, “Chief Head, don’t forget our agreement!”

Chief Head was also forthright, nodding and said, “I, Xing Guan, am a man of his word. Since I promised Master Ye, I naturally won’t renege! But ... this Xing has a presumptuous request.”

Ye Yuan thought nothing of it and said coolly, “Tell me about it.”

Chief Head said, “I heard that Master Ye has just entered Heavenly Eagle Imperial City. I wonder if you have a place to go to?”

Ye Yuan froze and said, “Place to go ... There is. It’s just that it seems like I can’t go in right now.”

These few days, he already had Ah Four take care of this matter. But it seemed like it could not be resolved in a short while.

The difficulty of entering the inner city seemed to be even greater than he imagined.

Heavenly Eagle Imperial City made clear distinctions, inner city and outer cities were like two different worlds.

Inner city was the place where the imperial city’s elites were located.

Chief Head said, “Since that’s the case, Master Ye needs a place to stay as well. Why not ... join our Dragon ... our gang, how’s that? Master, rest assured. All of your expenses will be borne by us!”

Ye Yuan gave Xing Guan a glance with a smile that was not a smile and said, “You all bear it? Do you know how much divine essence stones are needed to raise a Three-star alchemy god?”

Chief Head’s expression could not help choking up, revealing a blush.

He was just harboring the thought of giving it a try. Indeed it could not work out!

Master Ye's level was much more formidable than Wu Feng. How could he take fancy on the Dragon Slaying Gang?

Even though alchemists were very rich, they burned even more money.

If they could afford to raise, they would have long raised one. Why would they wait until now?

Those capable of raising alchemists were just the three great families, this kind of major families with deep foundations.

Even though their three gangs were part of the six great factions, compared to the three great families, they were still much worse.

The streets that the three major gangs managed, those were all side-streets that the three great families did not take fancy on.

The truly prosperous areas were all controlled in the hands of the three great families.

Chief Head had an embarrassed look as he said, "This ... It was this Xing who was rash, hope that Master Ye doesn't take offense."

How could Ye Yuan not know what idea Xing Guan had? They offended Wu Feng to the core this time and was afraid of being suppressed by Wu Feng. That was why he would hope for him to stay.

Wu Feng was known as the south city's number one alchemist. He naturally had immense summoning power.

If he could not treat the second head, then forget it. Xing Guan they all going to admit their mistake and gift some divine essence stones. Only then they could resolve the issue.

But he treated the second head. Wu Feng definitely would not spare any effort to suppress the Dragon Slaying Gang for the sake of his face.

At that time, their situation would be awkward.

Wu Feng this kind of existence was what any party wanted to rope in.

Hence, the current Dragon Slaying Gang's situation was very pessimistic.

The current Xing Guan could not bring out the air of a half-step Divine Lord in front of Ye Yuan at all.

Alchemists were this awesome.

Even if his realm was not as high as yours, you did not dare to offend either.

Especially when Ye Yuan was the Dragon Slaying Gang's only hope now.

Ye Yuan smiled and said, "Letting me stay behind, it's also not impossible. But ... I won't join in your gangs' struggles. In addition, you guys prepare a shop for me."

Xing Guan's entire body trembled, looking at Ye Yuan in disbelief.

The other few brothers similarly had stunned faces, their eyes when looking at Ye Yuan was full of incredulity.

A-Agreed just like this?

Originally, they already lost all hope. They did not expect that Ye Yuan did a 180-degree turn and actually agreed to it!

Immediately, their faces revealed a look of wild elation.

“Haha, no problem! Whatever you need, Master Ye feel free to open your mouth! Oh, right, since Master requests us to change names, then ... why not confer a name?” Xing Guan said with great joy.

Ye Yuan agreeing to Xing Guan naturally had his considerations.

He discovered that wanting to enter the inner city was really a very difficult thing.

That Ah Four probably could not be counted on.

The Myriad Treasure Tower was probably a first-rate major force in the inner city too.

Ah Four this kind of small fish, how could he get in contact with that kind of existence?

Since that was the case, he might as well find a place to settle down first.

Although this Dragon Slaying Gang was of lowly status, they were faithful and loyal to friends, and also quite trustworthy, making Ye Yuan feel pretty good.

Since he was unable to enter the inner city, let the Myriad Treasure Tower come find him then.

Ye Yuan thought about it and said, “A sudden clap of thunder out of the blue, why not ... use the name Thunderclap Gang then.”

#### **Chapter 1537: Will Grant All Requests**

Deyi Hall was the south city’s largest medicinal hall. Wu Feng was the number one person here.

As the south city’s number one medicinal hall, Deyi Hall naturally had unceasing traffic, their business very popular.

“What did you say?! Zhu Yongtian didn’t die?”

Wu Feng looked at the manager opposite, shock filling his eyes.

The manager nodded and said, “Not only did he not die, but he’s also already full of vitality and vigor! He was seen going to a branch hall this morning, talking in a jovial manner. It was like he wasn’t seriously injured on the verge of death at all!”

Wu Feng’s gaze turned intent and he shook his head and said, “Impossible! I personally diagnosed his pulse! His heart meridians were already fully severed, even immortals would be hard-pressed to save him. It’s just three days’ time, so how can he possibly be robust and lively already?”

The manager smiled bitterly and said, “I’ve already sent people to inquire about it. Zhu Yongtian is really already well. Furthermore, the Crimson Fire Bone Corroding Poison in his body is already fully removed.”

Wu Feng's expression changed, his brows furrowing tightly until creases could be seen and he said in a solemn voice, "Is it possible? Was he really brought back to life by that brat? A brat who's still wet behind the ears, how can he possibly have such capability?"

The manager was puzzled as he said, "Brother Wu Feng, the kid that you're talking about is?"

Wu Feng froze, shook his head, and said, "Nothing! Starting from today, Deyi Hall as well as all of the Dongfang Family's medicinal halls will discontinue all cooperation with the Dragon Slaying Gang, banning the sale of medicinal pills to them! Humph! Since they look down on this old man, then they will have to suffer this old man's wrath!"

The manager's expression changed and he said with difficulty, "Brother Wu Feng, this ... the Dragon Slaying Gang is our major client, this isn't too good, right?"

Wu Feng snorted coldly and said, "Why? Don't I even have this bit of authority?"

The manager smiled bitterly and said, "Brother Wu Feng is too serious, you naturally have this authority. Alright then, it will be as Brother Wu Feng said!"

Wu Feng's status in the Dongfang Family was too high. Even though he was Deyi Hall's manager, he could not offend this great deity.

It was just that he was very curious, who could make the Wu Feng who had always been proud of his success take up arms and go to war?

...

"What did you say? Zhu Yongtian actually didn't die? How is this possible? My Thunder Chasing Arrow has never failed before!"

When the Sun Moon Gang's second head, He Xiao, heard this news, his first reaction was to not believe it.

Thunder Chasing Arrow, the momentum was akin to chasing thunder; none could withstand its onslaught!

Although He Xiao was just a grand completion Origin Deity, by relying on the Thunder Chasing Arrow, shooting a half-step Divine Lord dead was nothing difficult.

As long as he was given an adequate opportunity!

The Silverfeather Gang spent a huge price before inviting He Xiao to take action but did not expect for it to fall short of success at the last stage.

Xing Guan was not shot dead. Now, even the Zhu Yongtian who helped him block the arrow actually survived too. How could this not shock him?

"Heh, Zhu Yongtian has already appeared in public, it can't be faked. Furthermore, there's an even more explosive news, the Dragon Slaying Gang ... changed names to Thunderclap Gang!" the Silverfeather Gang's chief head, Luo Yu, said.

He Xiao's expression changed, showing a look of surprise on his face.

What the hell was this Dragon Slaying Gang up to?

“You came to find me today to take about this? I’ve already taken action. Zhu Yongtian not dying, the responsibility of this matter isn’t on me! Could it be that your Silverfeather Gang wants to go back on your word?” After the initial shock, He Xiao recovered the demeanor of a fierce and ambitious person.

Luo Yu smiled and said, “Rest assured, Qianting Three Streets, there’s one for you guys! I came today to find you to discuss cooperation. Once the chief head breaks through to Divine Lord Realm, he can’t interfere with the south city’s matters anymore. Before this, our two gangs should still cooperate sincerely and wipe out the Thunderclap Gang first. What do you think, future chief head?”

Among the three gangs, the Sun Moon Gang’s strength was the greatest.

The Sun Moon Gang’s chief head’s strength was already infinitely close to the Divine Lord Realm and might break through at any time.

These few years, he had always been in the state of closed-seclusion.

And He Xiao’s strength was also virtually on par with half-step Divine Lord.

According to the Heavenly Eagle Imperial City’s rules, Divine Lord Realm powerhouses were not to intervene in the outer cities’ affairs.

When the time came, He Xiao would be the Sun Moon Gang’s chief head.

He Xiao gave Luo Yu a very meaningful glance and said, “Are you ... making a show of goodwill to our Sun Moon Gang?”

Luo Yu smiled and said, “Fine birds choose the tree to perch on! Our three major gangs have fought in the open and in the dark these few years. But in the eyes of the three great families, we’re merely a bunch of motley crew. Now, we finally produced a Divine Lord Realm powerhouse, this also makes us have the feeling of leaning against a big tree!”

When he said this, Luo Yu felt many vicissitudes of emotion too.

The three major gangs’ power being inferior to the three great families was because they did not have a Divine Lord Realm powerhouse as a backer.

The three great chiefs were all competing to see who could break through to Divine Lord Realm first these few years.

Looking at it now, it was naturally the Sun Moon Gang’s chief who was a notch higher.

Even though Divine Lord Realm powerhouses were not to directly intervene in the outer cities’ matters, manipulating in secret was definitely there.

Otherwise, on what basis could the three great families suppress them?

When He Xiao heard this, he could not help saying with a smile: “It’s still Chief Head Luo who recognizes the facts of the situation, unlike that Xing Guan who’s impervious to all reason. But, Xing Guan’s strength is indeed very formidable; not easy to deal with!”

Luo Yu smiled and said, "In the past, he isn't easy to deal with. But now ... no idea why, Xing Guan offended Master Wu Feng. Now, Deyi Hall and Dongfang Family's businesses have already utterly boycotted the Thunderclap Gang. Without the Dongfang Family's protection, could he, Xing Guan, still overturn the heavens?"

He Xiao's brows raised up and he said, "Is this real?"

Luo Yu smiled and said, "More real than real gold!"

The two people looked at each other and smiled.

...

On Cinnamon Street, a handsome looking youth brought along a young book attendant, and they were currently wandering on the streets[1].

"Mis – Young Master, it's getting late, we should go back," the book attendant said.

That youth had refined features and bright eyes, the skin color fair. One look and it was a woman cross-dressed as a man.

But even if it was cross-dressing and not applying makeup, it could not block her beauty too.

The youth glared and scolded, "Little Huan, is your skin itching again? We're running away from home here! Running away from home, understand? Go back? Go back for what? Walk right into a trap?"

Little Huan pursed her lips and did not dare to say a word more.

Suddenly, the youth raised her head and saw 'Will Grant All Requests', four big words, written on a small medicine shop, and could not help revealing a look of disdain.

"Heh, such a small medicine shop probably doesn't even have a Three-star alchemy god. To actually dare claim to grant all requests. This young la ... young master wants to see how you grant all requests!"

While talking, the youth raised her feet and went straight into the medicine shop.

"Shopkeeper, your front door writes 'Will Grant All Requests', can you refine all medicinal pills?" the youth directly opened her mouth and asked.

The shopkeeper hurriedly came out to greet and appeared slightly embarrassed as he said, "This ... should be ... can?"

The shopkeeper seriously could not carry on talking. Yesterday, the chief head brought a young man over, saying that this medicine shop was up to him to take charge.

In the end, the first thing that this young man did was to hang a 'Will Grant All Requests' plaque at the entrance.

His sweat poured profusely back then. The tone was a little too big, right?

Even though this young man was an initial-stage Origin Deity, he was too young, too boastful.

You look, this plaque had not been hung for long and someone came over to find fault, right?

“Can? You’re the shopkeeper, you’re asking me? Heh, you all really have such high-sounding sentiments, is this to offend all of your peers?” the youth said with a cold smile.

### Unrivaled Medicine God

#### **Chapter 1538: Didn’t Expect That . . . It’s So Easy**

The shopkeeper had an embarrassed look, stammering and somewhat unable to speak.

‘Will grant all request,’ these words, no medicine shop dared to say it.

If they treated someone to death or could not refine the medicinal pill, that would really be smacking their own face swollen.

Furthermore, Cinnamon Street was out-of-the-way. This small shop of theirs did not attract people’s attention. Otherwise, this place would have long been rallied and attacked by their peers.

But the shopkeeper knew that this kind of thing could not be avoided. It would be known by people sooner or later.

And this youth was likely the first one dropping in to find fault.

“Hey, shopkeeper, I’m asking you something, talk! Since you guys will grant all requests, then I’ll request for a pill right now! Do you dare to accept, shopkeeper?”

The youth had an overbearing appearance, forcing the shopkeeper back several steps.

The shopkeeper also wanted to say yes, but he did not have the confidence!

One look and it was clear that this youth was a wealthy young master. He was clearly here to cause trouble. So how could the medicinal pill he requested be easy to refine?

“This ... This ...” The shopkeeper’s head was full of sweat, not knowing how he should answer.

The corners of the youth’s mouth curled and she said disdainfully, “If you don’t have the ability, pretending to be capable for what?! Hey, this ... young master will tear down your signboard!”

“Y-Young Master, this ... this isn’t good, right?” Little Huan felt very embarrassed by her ‘young master’s overbearing appearance and urged.

“What’s not good? They dared to make this boast, do they still not let people tear down this plaque?” the youth said unrelentingly.

Right then, a young man came out from behind the screen, opened his mouth, and said indifferently, “Miss, what medicinal pill you want to ask for, just feel free to say. Tearing down people’s signboard at the drop of a hat, this isn’t good.”

Ye Yuan’s words were said very calmly, seemingly forgotten that he had just torn down people’s signboard a few days ago and even forced them to change their gang’s name.

Uh ... this was voluntary, not forced.

That youth could not help being somewhat surprised when she saw Ye Yuan see through her at one glance. Soon after, she was a little angry.

This guy, the logic of not exposing when seen through, did he not understand?

But saw the corners of her mouth curl and she said disdainfully, "And I was wondering, this signboard was hung by you, right?"

Ye Yuan said without any change in countenance: "So what if yes?"

"So what? Huhu. what a big tone! Do you think that you're the Medicine Ancestor? Will grant all requests! This ... young lady will tear down this signboard of yours today!"

Ye Yuan said coolly, "Tearing down my signboard, you need to have the ability to do it."

"Ha! Look at you, brat. Age isn't old, tone really isn't small! You wait!"

This girl suddenly turned around and ran out of the hall, coming to the street. Cupping her hands around her mouth, she shouted loudly, "Hey, everyone come over and take a look, everyone come and see!"

With her shouting, there were immediately quite a few people who were drawn over.

Even though Cinnamon Street was in a remote place, it more or less had some popularity. Otherwise, the Thunderclap Gang would not open a small shop here either.

The girl sneered coldly and thought to herself, Aren't you very cocky? So many people watching, when you can't refine the medicinal pill in a while, I want to see how you clean up the mess! This signboard of yours, this young lady is bent on tearing it down today!

Seeing this scene, the shopkeeper's heart thumped and secretly thought to himself that it was over.

But an imperceptible smile flashed across the corners of Ye Yuan's mouth. This ... seemed to be pretty good too.

Little Huan had an embarrassed look and said to Ye Yuan, "This sir, really sorry, my family's young lady has a personality that craves for the world to be plunged into chaos."

Ye Yuan waved his hand and said with a smile, "No harm, let her make trouble."

The shopkeeper gave Ye Yuan a sidelong glance, thinking to himself, you're about to fold up for good soon, still let her cause trouble ...

With this, he was going to lose his job.

Seeing everyone gather over, the girl was pleased with herself inwardly, but her face was indignant as she said, "Everyone, look at this small shop. It actually writes will grant all requests. I think this medicinal shop's alchemist must be very impressive! Today, this young master will let everyone test the water, let everyone see if this little medicine shop is really a lair of undiscovered talents!"

With her shouting, it immediately caught everyone's attention.

"Eh, when did this plaque of Miracle Hand Parlor hang up? How come I didn't know?"

"Will grant all requests! What high-sounding sentiments!"

"Those major medicinal shops in the inner city don't dare to hang this kind of plaque too, right?"

...

Miracle Hand Parlor was this small medicine shop's name. It had also been on Cinnamon Street for some years already. Everyone had long become used to it.

The shopkeeper quietly hung this plaque out, afraid of drawing people's attention.

Now, it was good, this lassie directly attracted all the people here.

A look of despair appeared on the shopkeeper's face.

This lassie was too ruthless!

Done talking, that girl turned around and said to Ye Yuan, "Hey, kid, dare to come out or not? In front of everyone, let's take a look at how impressive this 'will grant all requests' of yours is!"

Ye Yuan smiled slightly and slowly came out. He clasped his hands at everyone and said, "How do you do, neighbors? This Miracle Hand Parlor will be managed by me, Ye Yuan, in the future! Whatever rare or puzzling illness everybody has, pill refinement and medicine, you can all come and find me. Below rank four, all demands will be satisfied[1]!"

"Ha, this kid really dares to brag!"

"Below rank four, all demands will be satisfied. This boast is bragged too hard, right?"

"Isn't the Miracle Hand Parlor the Dragon Slaying Gang's territory? Where did this punk pop out from?"

...

Ye Yuan's words made everyone burst into an uproar all at once.

The girl narrowed her eyes, looking at Ye Yuan with a sneer in her heart.

Still pretending!

In a while, I see how you wind up the matter!

Kid who doesn't know the immensity of heaven and earth!

"Heh, Master Ye, since you're so incredible, then I'll request a pill from you right now!" That girl said.

Ye Yuan did a go ahead hand gesture and said, "Requesting pill, prepare your own spirit medicine and pill formula. Rank three divine pills starts from one million divine essence stones."

"Hiss ..."

The moment these words came out, that girl could not help opening her mouth wide and said in shock, "One million divine essence stones? Why don't you go and rob people?"

Ye Yuan said coolly, "My medicinal pills are worth this price!"

Wildly arrogant!

Truly wildly conceited!

Master Wu Feng's medicinal pills were not so expensive either!

This kid was crazy for money, right?

Looking at Ye Yuan's appearance that asked for a beating, that girl could not help feeling exasperated and said, "Fine! I, Ning Siyu, want to try what kind of medicinal pill you can refine! Here, pill formula and spirit medicines are all inside this storage ring! If you can't refine, I'll smash your signboard on the spot!"

Ye Yuan received the storage ring and took out the pill formula and took a look, involuntarily showing a look of surprise on his face.

When Ning Siyu saw Ye Yuan's expression, she could not help saying with a cold smile, "How is it? Stunned, right? Watch me smash your signboard!"

Done talking, she leaped up and was going to smash the signboard.

But her body had just flew into midair and had her ankle caught by Ye Yuan, and was forcefully dragged down.

"You! So many people are watching, you dare to go back on your word?" Ning Siyu said angrily.

Ye Yuan glanced at her indifferently and said, "When did I say that I can't refine it?"

Ning Siyu sneered and said, "Your expression just now already betrayed your thoughts!"

Ye Yuan laughed in spite of himself and said, "I thought that you'd give me some difficult problem. Didn't expect that ... it's so easy."

### **Unrivaled Medicine God**

#### **Chapter 1539: Gale Celestial Stone Pill**

"Easy? You're saying that the Meridian Heaven Heart Pill is easy? H-Ha! Truly shameless boasting!"

Ning Siyu was utterly speechless. She really did not know where Ye Yuan's confidence came from, to actually be this arrogant.

Meridian Heaven Heart Pill was a middle-grade rank three divine pill. Furthermore, it was a very difficult to refine type among rank three middle-grade divine pills.

Ning Siyu's talent was extremely high. One should not look at how she was young. She was already a middle-rank Three-star Alchemy God.

This Meridian Heaven Heart Pill was precisely the medicinal pill that she failed to refine for a long time.

This medicinal pill's refinement difficulty was immense. Even if Ning Siyu's master refined it, he could only occasionally refine one to superior-grade.

One had to know, her master was a Four-star Alchemy God!

This cocky boy in front of her was actually so arrogant.

Ye Yuan gave Ning Siyu a glance and said smilingly, "Meridian Heaven Heart Pill, the refinement fee is two million divine essence stones. Do you have them?"

Ning Siyu glared and said angrily, "Don't you look down on people! Isn't it a mere two million divine essence stones? This young master is poor until I'm only left with divine essence stones!"

Ye Yuan laughed in spite of himself and said, "Alright then, you wait."

Finished talking, Ye Yuan turned around and entered the inner hall.

Although two hours passed, everyone did not leave. Instead, there was a trend of gathering more and more.

'Will Grant All Requests', this gimmick, was indeed rather beckoning.

Everyone all wanted to see if this ridiculously young alchemist really had the standard, or was a half bucket of water sloshing around.

But everyone was very pessimistic about Ye Yuan. Such a young alchemist, even if he was really a Three-star alchemist, it was also impossible to have a very high standard.

Since Ning Siyu came to kick down the dojo, the pill formula that she took out definitely was not some commonplace pill formula.

Ordinary alchemists probably could not refine it.

But at this time, Ye Yuan slowly came out from the inner hall.

Seeing Ye Yuan come out so quickly, Ning Siyu's face revealed a smug smile.

"Kid, can't refine it, right? Did you ... ruin all of my spirit medicines? Heh, the Meridian Heaven Heart Pill, this level of medicinal pill, how can it be what any random Tom, Dick, and Harry, can refine?" Ning Siyu said smugly.

This Meridian Heaven Heart Pill, even if her master came to refine it, the process still needed half a day's time too.

Refining it in two hours?

Ning Siyu did not even consider this being possible at all!

"This kid is totally putting up an act! Still will grant all requests, what a joke!"

"Isn't that so? No idea where the Dragon Slaying Gang found this kid either, isn't this asking for trouble?"

"The Meridian Heaven Heart Pill, I heard before. It's a very difficult to refine middle-grade rank three divine pill. This brat's hair isn't even fully grown, can he refine it?"

"Come, come, come, let's smash the signboard together! Isn't this making fun of us?"

...

Ning Siyu was all roused up when she heard and said delightedly, "You don't have any objection about me smashing the signboard now, right? Oh, right, my spirit medicines' money, you got to compensate me. A total of 500 thousand divine essence stones!"

As she said, Ning Siyu was going to smash the signboard.

Ning Siyu's body had just risen to midair and then was dragged down by Ye Yuan. She could not help saying in exasperation, "You punk, are you courting death?"

Ye Yuan ignored her, but stretched his hand out and said, "Give it."

Ning Siyu froze and said, "Give what?"

Ye Yuan said, "Two million divine essence stones!"

Ning Siyu blew her top all at once and bellowed, "You didn't even refine the medicinal pill and still want to ask me for divine essence stones? You ... You're not duping people, you're a scam shop!"

Ye Yuan said coolly, "Who told you that I didn't refine it?"

Ning Siyu snickered and said, "Rubbish! Two hours, you can refine the Meridian Heaven Heart Pill? If you were to refine it, I'll eat the medicine cauldron!"

Ye Yuan fished out a small jade box. The moment the jade box opened, a medicinal fragrance that gladdened the heart and refreshed the mind instantly spread out.

Ning Siyu's smile immediately froze there, looking at that dark red medicinal pill in disbelief.

"This ... This is impossible! Divine ... Divine-grade Meridian Heaven Heart Pill? Y-Y-You ... Where did you get it from?"

Ning Siyu was like a startled little rabbit, at a loss on what to do and where to go.

Her master could not even refine a heaven-grade Meridian Heaven Heart Pill, let alone divine-grade.

This kid actually brought a divine-grade out!

"This ... This is really a divine-grade medicinal pill!"

"Are my eyes failing me? A Three-star Alchemy God refined a rank three divine-grade divine pill?"

"The Meridian Heaven Heart Pill isn't an ordinary medicinal pill! He can actually refine a divine-grade! This ... This is too fake, right?"

...

The surrounding people were all dumbfounded. Divine-grade medicinal pills were extremely rare and also not what they could afford.

But now, this young man actually took out a divine-grade divine pill!

Ning Siyu reached her hand out, wanting to take the medicinal pill. But Ye Yuan pulled his hand back and Ning Siyu grabbed thin air.

"Want the medicinal pill, pay money!" Ye Yuan said coolly.

Ning Siyu pursed her mouth and threw a storage ring to Ye Yuan. Snatching the jade box over, she said, "Take it! Look at that money-face appearance of yours! Humph!"

Observing the Meridian Heaven Heart Pill closely, it was indeed divine-grade!

The medicinal pill was still steaming. Clearly, it had just come out of the furnace.

This ... was really refined that this kid?

Titanic waves surged in Ning Siyu's heart. The difficulty of the Meridian Heaven Heart Pill, she was all too clear!

She had already attempted to refine this medicinal pill for several years, but she had never succeeded before.

But this kid refined it in two hours!

This ... I don't believe it!

"I don't believe it! You ... You must have cheated!" Ning Siyu suddenly said.

Little Huan was also incredibly shocked at one side. But Ning Siyu's endless pestering, she really could not look on anymore.

"Young master ..."

"Shut up!" Ning Siyu shouted at Little Huan, then turned to Ye Yuan again and said, "Kid, there must be something shady involved! I don't believe that you can refine a divine-grade Meridian Heaven Heart Pill!"

Ye Yuan shrugged his shoulders and said indifferently, "Believing it or not is up to you. Our transaction is already done."

So infuriating!

Can you, this punk, not be so cocky or not?

"Kid, I still want to ask for a kind of medicinal pill! If you can even refine this medicinal pill, I'll believe that you can really grant all requests! Otherwise ... I'm still going to smash your signboard!" Ning Siyu said.

Ye Yuan was amused and said smilingly, "As long as there's business, I won't refuse the arrival."

A hint of a cold smile flashed across the corners of Ning Siyu mouth and she said,

"This is the Gale Celestial Stone Pill's pill formula and spirit medicines. If you can refine it, I'll immediately get lost!"

"Hiss ... Gale Celestial Stone Pill! What background does this brat have? To actually have this pill formula!"

"Gale Celestial Stone Pill, it's said to be a medicinal pill that can help martial artists comprehend the law of wind, being incomparably profound. This medicinal pill isn't available on the market at all!"

"This medicinal pill is famous for being hard to refine. Heard that even for Four-star alchemy gods, it's very hard to refine!"

“Heh, this young man ... is in trouble now!”

...

Ye Yuan received the pill formula and browsed it over. A hint of a smile flashed across the corners of his mouth and he said, “A little interesting!”

Ning Siyu sneered and said, “Do you dare to accept or not?”

Ye Yuan smiled and said, “What’s not to dare? But this medicinal pill isn’t cheap!”

Ning Siyu snorted coldly and said, “If you can really refine it, money is no object!”

Ye Yuan nodded his head and said, “Alright then, eight million divine essence stones!”

### Unrivalled Medicine God

#### **Chapter 1540: Chaos Heavenly Star Art!**

“Hiss ... Eight million divine essence stones, this ... this is a robbery!”

“Crazy, crazy! A medicinal pill eight million divine essence stones. This kid is crazily thinking about money!”

“Heh, demanding an exorbitant price got to have the ability to take it as well!”

...

Ye Yuan’s quoted price directly made everyone burst into an uproar.

Eight million for one medicinal pill, this was not even counting the spirit medicines’ cost.

This was simply a sky-high price!

The entire Heavenly Eagle Imperial City, there was also barely any medicinal pill that could sell at the price of eight million.

This kid absolutely went crazy thinking about money!

The corners of Ning Siyu’s mouth twitched and she said, “If you can really refine it, so what if eight million? But I have a request, you must refine the pill in front of everybody!”

She did not believe that Ye Yuan could really refine a divine-grade divine pill.

Something that even Master could not refine, how could Ye Yuan possibly refine it?

Moreover, this Gale Celestial Stone Pill’s difficulty was God knows how many times harder than the Meridian Heaven Heart Pill!

Even for her master, the chances of refining were very small too!

Ye Yuan nodded his head and said, “Deal. All come in then.”

Ning Siyu followed Ye Yuan inside angrily. The others exchanged glances and also entered in a single line.

The Miracle Hand Parlor was not big. Ye Yuan's pill refining room was also not that luxurious. With so many people entering it, it seemed a little packed.

These people all extended their heads, wanting to see how Ye Yuan refined pills.

Just now, this young man took out a rank three divine-grade divine pill!

When Ning Siyu saw this simple and crude pill refining room, she could not help pursing her mouth.

This rundown place, could it really give birth to some legendary existence?

What Ye Yuan used was a celestial deity artifact medicinal cauldron. The Profound Yellow Cauldron naturally could not be taken out in front of everyone.

Either way, the celestial deity artifacts inside the Purple Extreme Hall were a lot. There were still other medicinal cauldrons.

Gale Celestial Stone Pill, Dustless mentioned it to him before but did not have the pill formula. This would be Ye Yuan's first time refining one.

After doing the prep work, he started meditating, deducing the pill formula in his head.

The spirit medicines that Ning Siyu prepared were only sufficient to refine twice. It was still a little difficult for him to want to refine it within two tries.

Of course, this was so to other people.

Ning Siyu looked at Ye Yuan and had a contemptuous look. This guy was definitely posturing!

This room was full of people. Did meditation not require a quiet environment?

Do you have to be so amateur?

If you can deduce the pill formula under this kind of environment, that would really be seeing ghosts!

Ning Siyu pursed her mouth and said disdainfully, "Putting on an act! I want to see how long you can maintain it!"

She already determined now that Ye Yuan was totally a layman!

As for that medicinal pill earlier ... it might have been stolen from somewhere!

Roughly two hours later, Ye Yuan slowly got up and arrived before the medicinal cauldron.

Everyone held their breaths, quietly waiting for Ye Yuan to refine pills.

Ye Yuan's palm shook, shattering medicine and condensing the embryo!

The excess spirit medicines, Ye Yuan lightly flicked, directly sending into another container.

Very soon, the two medicinal embryos were condensed finish.

The entire process was natural and smooth; finished in one go.

A hint of surprise flashed across in Ning Siyu's eyes. Ye Yuan's method had indeed astonished her.

Except, was this medicinal embryo really reliable?

That casual flick could expel the excess spirit medicines?

At least, her master could not achieve such precise control.

Shattering medicine and condensing the embryo was not considered some incredible skill to Alchemy Gods.

But Ye Yuan's shattering medicine and condensing the embryo was vastly different from ordinary Alchemy Gods.

A feeling of ... consciousness flowed.

Refining pills using consciousness flow?

Hur hur!

Pill refinement was an extremely rigorous study. Could consciousness flow refine the medicinal pill[1]?

"Tsk, who doesn't know how to act cool!" Ning Siyu said scornfully.

However, Ye Yuan already entered pill refinement state. Ning Siyu's ridicule, he did not hear a single word.

Ye Yuan held his palm out. A pale white flame appeared in his palm.

"Snicker ... A rank two divine fire? Want to refine the Gale Celestial Stone Pill? This guy is joking around, right?"

Seeing the Cleansing Sandal Sacred Flame in Ye Yuan's palm, Ning Siyu immediately laughed.

Rank two divine fires, regardless of whether in terms of temperature or sustainability, it did not reach the requirement of refining rank three divine pills at all.

The Gale Celestial Stone Pill, this level of medicinal pill, the requirement of the flame itself was exceedingly high.

For rank two divine fires to want to refine the Gale Celestial Stone Pill, it was simply a fool's talk.

Under Ye Yuan's painstaking nurturing, the Cleansing Sandal Sacred Flame had long broken through rank one divine fire as well, reaching rank two.

It was just that the Cleansing Sandal Sacred Flame's advancement speed clearly could not catch up to Ye Yuan's speed of breaking through.

His palm urged, the Cleansing Sandal Sacred Flame entered inside the medicinal cauldron.

Puu, puu, puu ...

The Cleansing Sandal Sacred Flame emitted light exploding sounds.

The temperature of the medicinal cauldron suddenly soared!

Flame Explosion Art!

A surge of scorching temperature hit from head-on, making everyone's faces suddenly change.

"This ... Is this a rank two divine fire? Why would it have such a horrifying temperature?"

"This temperature has probably already reached the level of rank three divine fire, right?"

"A rank two divine fire giving off a rank three divine fire's temperature? This ... Is this a joke?"

...

Waves of exclamations emitted from the crowd. Ning Siyu also had shock written all over her face.

Even though it just barely reached the temperature of rank three divine fires, it had indeed reached it.

How did this guy do it?

Ye Yuan only developed this Flame Explosion Art in order to compensate for the inadequacies of his divine fire.

Ye Yuan could let each fire seedling undergo a small-scale explosion with terrifying control, letting the divine fire's overall temperature rise a level from there.

This was Ye Yuan's action that could not be helped. But in everyone's view, it was an inconceivable thing.

Ning Siyu's eyes glimmered, discovering a trace of inkling very soon, and could not help having a look of surprise.

The little fire seedlings that this kind of art of flame explosion required to control was a very horrifying number.

This guy's control over flames had simply reached the acme of perfection!

It was just that ... if using this method, would he still have energy to go and control the pill refinement?

Controlling flames and controlling the pill refinement, these were two things and needed to be done separately.

Without a doubt, this method of controlling fire needed to expend tremendous energy. Then what would Ye Yuan use to refine pills?

A hint of a gloating smile flashed across the corners of Ning Siyu's mouth. What was the use of being good at fire control? Forming the pill was the crux!

But very soon, her smile turned stiff on her face.

Inside the entire room, a mysterious aura started filling the air.

This aura was like wine fragrance, making people intoxicated and unable to extricate themselves.

"Chaos Heavenly Star Art!"

Ye Yuan shouted lightly, his entire person seemingly turning into a region of chaos, giving people the feeling of beholding a great mountain.

Ning Siyu's eyes became somewhat misty, as if she was drunk.

Her entire person was immersed in the sea of Dao, unable to extricate herself.

As for the rest, they were even more like so.

Inside this pill refinement room, the aura of Great Dao pervaded the air!

Chaos Heavenly Star Art was the alchemy technique that Ye Yuan developed. It was also the extension of his Alchemy Dao when he was a mortal realm.

If his alchemy skill was a tender seedling in the past, then his current alchemy skill was a great tree currently growing tall and strong!
