Unrivalled Medicine God

Chapter 1551: Not What You Can Imagine

The Ning Family was a leviathan in the inner city.

One should not look at how he broke through to the Divine Lord Realm currently. If the Ning Family wanted to kill him, it was merely as simple as crushing an ant!

Divine Lord Realm?

What the Ning Family lacked the least was Divine Lord Realm!

Didn't they all see that this young man in front was already a Divine Lord Realm powerhouse?

"Ning Family! Could it be one of the inner city's two great powerful families, the Ning Family?"

"What Ning Family could there be still? Xiao Riyue is really unlucky. He just broke through to Divine Lord Realm and actually provoked the Ning Family!"

"Tsk tsks, this situation turnaround is really too fast! Originally thought that the Sun Moon Gang will be on the rise, now ... heh heh."

...

The majority of the people were watching the show. Xiao Riyue was wildly tyrannical and highly oppressive. They could not bear the sight of it as well.

Now, seeing Xiao Riyue got deflated, each and every one of them also started gloating over his misfortune.

Seeing Xiao Riyue's dead-dog appearance, a hint of disdain flashed past in Ning Fangrong's eyes.

If Xiao Riyue had a little backbone, he might regard him higher.

However, he did not even have the thought of resisting.

This kind of person was destined to not accomplish great things.

However, this had nothing to do with him.

Xiao Riyue actually dared to have killing intent towards his little sister, then he would have to suffer the Ning Family's wrath.

If it were an ordinary person, then forget it. Yet, Xiao Riyue was even a Divine Lord powerhouse!

"Y-Your Excellency ... the ignorant isn't to be blamed. I really didn't know your identities! If I knew, give me ten galls and I also wouldn't dare ... deal a heavy blow toward this young lady!"

Xiao Riyue already completely broke down. That overweeningly arrogant appearance earlier was all gone now.

Just like ... a dog wagging its tail and begging for mercy.

Ning Fangrong said coolly, "These words, you go and explain to the Martial Tower's elders. Give you three breaths of time, immediately disappear from my sight. One ... two ..."

Just as Ning Fangrong shouted until two, Xiao Riyue already suddenly disappeared from where he originally was.

When Xiao Riyue showed up, everyone thought that the south city's heaven changed.

Who knew that in a blink, it became like this.

The moment Xiao Riyue left, Ning Fangrong turned to look at Ye Yuan and said with a frown, "You're called Ye Yuan, right? You actually dared to order my sister around like a maid. Do you know her identity?"

Everyone was stunned. What kind of situation was this?

Could it be that ... Master Ye did not come out of the Martial Tower?

Ning Fangrong's appearance seemed to be going to denounce him publicly for his crimes!

Ye Yuan said coolly, "No matter who she is, if she wants to learn alchemy from me, they have to start from a medicine attendant."

Ning Fangrong laughed in spite of himself and said, "Little Sister learning alchemy from you? You're a Three-star Alchemy God, she's a Three-star Alchemy God too. Furthermore, her master is a Four-star Alchemy God. What ... right do you have to teach her?"

Ye Yuan raised his eyebrows slightly, shot Ning Fangrong a glance, and said coolly, "Is Four-star Alchemy God very impressive?"

Ning Fangrong's eyes narrowed slightly and his tone turned cold as he said, "Young man, don't be ignorant of the immensity of heaven and earth. Curing a poison doesn't mean that you can put on airs and look down on others!"

The method that Ye Yuan cured the poison had indeed amazed Ning Fangrong. But this was just a single facet.

The might of a Four-star Alchemy God was far from what Three-star Alchemy Gods could imagine.

When Ning Siyu saw the smell of gunpowder gradually thicken, she hurriedly blocked in front of Ning Fangrong and said, "Big Brother, you're not allowed to find trouble with Master Ye! It was me who pestered him endlessly and insisted on him taking me in as a little medicine boy!"

Ning Fangrong looked at his little sister with surprise. Looking at this appearance, if he really made a move, she would even help outsiders to fight it out with him?

Recalling Ning Siyu's meek look from before, Ning Fangrong was incredibly shocked in his heart.

This little sister of his feared nothing and no one. Even Master Xuan Yu could not do anything about her too.

Now, she was actually so docile and obedient towards this young man.

What kind of magical power did this young man have?

Or was it that his little sister took fancy on him?

With his little sister around, it looked like he could not touch this brat today.

"Alright, looking on the account of your face, I won't make things difficult for him today. Follow me back," Ning Fangrong said.

Ning Siyu shook her head like a rattling drum and said, "You go back, I want to learn pill refinement at Master Ye here!"

Ning Fangrong's brows furrowed and he said in a solemn voice, "Nonsense! Your master is Master Xuan Yu. Learning alchemy from an unknown boy, where is my Ning Family's face going to be put?"

But Ning Siyu said, "I don't care. Either way, I'm not going back."

"You!" Ning Fangrong choked and said angrily, "Going back or not isn't up to you!"

But Ning Siyu glared fiercely and said, "You dare?! If you were to forcefully bring me away, I'll tell father and mother all of your dirty laundry!"

Ning Fangrong was driven utterly crazy. The moment this lass' unruliness flared up, it really gave people a headache.

At this time, Ye Yuan suddenly spoke up, "Leave!"

The moment these words came out, Ning Siyu and Ning Fangrong were both stunned.

Ning Siyu was just about to say something when Ye Yuan continued, "I took you in because I was afraid that you had nowhere to go. Since your family member had come to find you, you go back with him then."

"I don't want to go back!" Ning Siyu simply refused.

"Mn?" Ye Yuan frowned, seemingly the tempo of going to fly off the handle.

Ning Siyu got a shock and pursed her mouth and said unhappily, "Go back then go back, be fierce for what! But you have to promise me, the next time I come, you're not allowed to turn me down!"

Ye Yuan nodded and said, "You can come, but you must obtain the permission of your teacher! Even though you and I aren't master and disciple in name, there is the reality of master and disciple. Me teaching you alchemy goes against the moral principle."

Hearing this, Ning Siyu's initial displeasure turned to joy and said, "This is what you said!"

Ye Yuan nodded his head, considered to have tacitly agreed to it.

Ning Fangrong stared at this scene tongue-tied and his eyes wide, his head not quite wrapping itself around it.

Siyu this lass was actually so submissive toward this boy!

He said a sentence and was rebutted up to the sky. But Ye Yuan said a sentence and she did not even dare to talk back!

Could it really be ... one object subduing another?

How could he know that Ning Siyu was afraid that Ye Yuan would get really angry and never teach her alchemy henceforth?

Ning Siyu just recently knew what was called heavens beyond heavens, and there was always someone better after following by Ye Yuan's side these few days.

Her pride was beaten by Ye Yuan until there was not a patch of skin left whole.

Ye Yuan already used his alchemy strength to thoroughly convince Ning Siyu.

At the same time, she discovered the boundless charm of alchemy on Ye Yuan.

Hence, she was very afraid that Ye Yuan would not teach her alchemy.

"Big Brother, Little Huan, let's go! Master Ye, you mustn't act shamelessly! I'll come over and find you in a few days!" Ning Siyu said with a smile.

Ning Fangrong gave Ye Yuan a very profound glance, turned around, and left.

Exiting Cinnamon Street, Ning Siyu suddenly turned around and glared fiercely at Ning Fangrong and said, "Big Brother, don't think that I don't know what you're thinking! If you dare to have designs on Master Ye, I'll ignore you for the rest of my life!"

Ning Fangrong and stunned and laughed in spite of himself and said, "You lass! What the hell kind of bewitching potion did that boy feed you, you're actually so protective of him!"

Ning Siyu smiled and said, "You won't understand! Master Ye's realm is completely not what you can imagine! Even Master, his elderly self, might not be able to compare to Master Ye too[1]!"

[Unrivaled Medicine God](#)

Chapter 1552: Ning Siyu Refining Pills

Outside of the Pill Tower, a young man came up to greet.

Seeing the arrival of that person, Ning Siyu went up to greet him with a smile, "Hehe, Second Senior Brother, were you punished by Master again?"

This person was Ning Siyu's second senior brother, Ding Xun, an initial-stage Four-star Alchemy God existence!

Ding Xun was stunned and said, "How do you know?"

Ning Siyu beamed widely and said, "Divine essence unsteady. One look and it's excessive use of divine fire. Master punished you to practice fire control a hundred times again, right?"

Ding Xun pouted and said, "Little Junior Sister, you still have time to worry about me? Better worry about yourself! You went overboard this time!"

Ning Siyu smiled mischievously and said, "Second Senior Brother, why don't we make a bet?"

Ding Xun said suspiciously, "You lass, what lousy idea did you think of again?"

Ning Siyu smiled and said, "I say that not only will Master not punish me, but he'll also even praise me greatly!"

Ding Xun laughed in spite of himself when he heard that and said, "You lass, did you get delirious after going out for a few days? You actually ran away from home this time. Master will at least punish you with a closed-seclusion for three years. You actually said that Master he'll praise you?"

Ning Siyu said with a mischievous look, "Just say whether you dare to bet or not!"

Ding Xun could not help laughing as he said, "What item of Senior Brother's did you take fancy on again? But this time, you can't possibly win."

Ning Siyu grinned and said, "If Second Senior Brother you lose, then give me your Blue Voyage Insight Divine Fire!"

Ding Xun's eyes narrowed and he said with a smile, "Mischievous girl, your Cerulean Divine Flame is much stronger than the Blue Voyage Insight Divine Fire. What are you having designs on it for?"

Ning Siyu said, "Don't need you to worry about that. You just say whether you dare to bet or not! If I lose, the Heavenly Sieve Secret Art that Master bestowed on me the last time will be given to you!"

Ding Xun's eyes lit up and he said, "For real?"

"Even more real than real gold!" Ning Siyu said with a smile.

Ding Xun nodded and said, "Okay! Second Senior Brother will bet with you! I don't believe that you can really escape Master's punishment this time!"

Ning Fangrong did not make a sound the entire time, looking at his little sister rather surprisedly.

He was the same as Ding Xun, uncertain where this lass' confidence came from.

Inside Ning Fangrong's mind, Ye Yuan's figure suddenly flashed across.

Could it be ... related to that brat?

Ning Fangrong denied this notion very quickly. How could this be possible!

...

Inside the lobby, Master Xuan Yu currently had his eyes shut to rest.

Hearing the commotion, he slowly opened his mouth and said, "Girl, you still know to come back, huh?!"

Master Xuan Yu's voice was very awe-inspiring, sounding very angry, but there was a trace of excessive doting that inadvertently flowed out too.

As the saying went: love hard, whip hard.

Master Xuan Yu was very satisfied with Ning Siyu, this final disciple, but also had a big headache.

This girl's talent was astonishing, but she just did not work hard.

Alchemy this path, such superficialness was very hard to have accomplishments.

Therefore, this time, he planned on punishing this lass properly, let her get her mind together.

Ning Siyu giggled and dashed to Master Xuan Yu's side with a lunge, pulled his arm up, and said coquettishly, "Master, I didn't go out this time to be naughty. It's going out to learn new skills!"

Master Xuan Yu was just a sucker for this. But this time, he decided to not fall for it. He must punish this girl!

Only to see him billow his beard and said with a cold snort, "Learn new skills? I think that you became capable! Don't need to say anything, immediately go to the heaven character number 3 room for closed-seclusion right now. You're not allowed to take a step out within three years!"

Hearing this, the corners of Ding Xun's mouth raised.

This girl clearly underestimated Master's fury this time.

That Heavenly Sieve Secret Art's rubbing, he had coveted it for a long time already.

This time, he finally got it!

But Ning Siyu was not afraid at all. Swaying Master Xuan Yu's arm, she said, "Master, I really went out to learn new skills this time! If you don't believe me, I'll refine a medicinal pill for you to see right now!"

Xuan Yu glanced at her and said with a cold smile, "Heh, lass, even if you pull any tricks, you can't escape the punishment of confinement too."

The smile on Ding Xun's face became even thicker. Ning Fangrong also beamed widely.

Master Xuan Yu was finally angered by this girl!

"Goodness, Master, I really went out to learn new skills this time! There's a very powerful fellow inside that Miracle Hand Parlor in the outer city. I went this time to ... interact with him! Master, if you don't believe, Siyu will refine a medicinal pill for you to see. If you still want to punish me after seeing it, Siyu will accept the punishment obediently!" Ning Siyu said.

Xuan Yu did not believe Ning Siyu's words at all. That little medicine shop, he already investigated it before. It was an unremarkable little medicine shop, almost closing down. What expert could there be still?

This girl was clearly playing tricks!

But he still said, "Alright, you try refining a medicinal pill. I want to see what you learned these few days!"

You have got to be kidding!

Merely a few day's time, how much improvement could her alchemy skills have?

Even though Ning Siyu this girl's talent was exceedingly high, a short few day's time, it was also not possible to make much progress.

Before long, Ning Siyu brought a pile of spirit medicines to the pill refining room.

Xuan Yu's gaze swept and could not help saying rather surprisedly, "You're going to refine the Meridian Heaven Heart Pill? But you never succeeded once before!"

Ning Siyu smiled smugly and said, "It's because I never succeeded once before that it can demonstrate my improvement!"

Xuan Yu pursed his mouth and declined to comment.

He did not believe that after a few days' time, Ning Siyu would be able to refine the Meridian Heaven Heart Pill.

But after Ning Siyu started refining the pill, Xuan Yu discovered something off.

He discovered that a kind of change happened to Ning Siyu!

This kind of change was ... focus!

Ning Siyu's disposition was being too hyper. When refining pills, it was very hard to calm down.

But this time, Ning Siyu was unprecedentedly focused.

Every movement, Ning Siyu completed it very on-point, working with the greatest care.

However, with the passage of time, the shock on Xuan Yu three people's faces became thicker and thicker.

In the past, when Ning Siyu refined pills, it was very easy to lose control in the second-half and have various situations occur.

But this time, she gradually entered an optimal state, her condition getting better and better!

Finally, Ning Siyu lightly cried, "condense." The medicinal pill formed!

When the last step was completed, Ning Siyu actually had a feeling of being beside herself with joy.

This kind of feeling had never happened before in her alchemy career.

She really did it!

Being imperceptibly influenced in the Miracle Hand Parlor these few days, she obtained tremendous improvement!

Especially when Ye Yuan cast the Chaos Heavenly Star Art at that time, it brought her into a mysterious realm, letting her obtain tremendous harvests.

Seeing Master and Second Senior Brother's incomparably shocked looks, Ning Siyu had a smug look.

"Master, Second Senior Brother, open the furnace and take a look then! I'm very much looking forward to it too!" Ning Siyu smiled and said.

Xuan Yu's palm shook, a medicinal pill flew out of the medicine cauldron.

The four people looked at that medicinal pill in the jade box, faces all revealing extremely shocked looks.

Even Ning Siyu herself also felt that it was unbelievable.

She had long expected that she made progress and should be able to refine the Meridian Heaven Heart Pill.

But she completely did not think that she could actually perform so well!

Unrivaled Medicine God

Chapter 1553: Dao Realm

High-grade Meridian Heaven Heart Pill!

Regarding this result, Ning Siyu was simply satisfied to the extreme.

Although in front of Ye Yuan, a high-grade Meridian Heaven Heart Pill could be refined until not even dregs remained. She was still very satisfied with her result.

But in Xuan Yu's and Ding Xun's eyes, it was completely different.

They all knew that before running away, Ning Siyu still repeatedly failed to refine the Meridian Heaven Heart Pill.

Her running away was not unrelated to this.

But how many days had it been?

She actually directly refined out a high-grade!

Could it be that this lass really went out to learn new skills?

Seeing her master's shocked expression, Ning Siyu was rather pleased with herself.

"Master, you look, you look, isn't my improvement very big? I didn't bluff you, right?" Ning Siyu smiled brilliantly and said.

After the astonishment, Xuan Yu said in surprise, "Girl, tell Master, what on earth did you do? Why is your improvement actually so great in a short few days' time?"

Ning Siyu said smugly, "Because of Master Ye! You don't know, Master Ye is really too cool when refining pills! I've never witnessed before, a person refining pills could actually refine until others become intoxicated ..."

Upon mentioning Ye Yuan, Ning Siyu started spewing forth unceasingly, not stinting with words of praises in the slightest.

"Hang on, this Master Ye that you mentioned, who is he?" Xuan Yu interrupted Ning Siyu's ecstasy and asked.

Ning Fangrong clasped his hands and said, "Master, it's like this ..."

Ning Fangrong briefly recounted the matter of the south city's Miracle Hand Parlor, Ye Yuan challenging five great forces alone, surprising Xuan Yu repeatedly.

Especially when mentioning that Ye Yuan refined the Heavenly Blood Marrow Changing Pill and helped Huang Qian be reborn anew, Xuan Yu was inexplicably shocked in his heart.

The Purple Quill Marrow Extermination, he naturally knew it. This poison was incurable, but it was actually treated by a junior!

"I didn't expect that the south city actually produced such a figure!" Xuan Yu sighed emotionally.

Ning Siyu looked at Xuan Yu's expression and said with a smile, "Master, did you have the thought of accepting a disciple stirred?"

Xuan Yu did not hide it either, saying with a smile, "It's you, lass, who's astute! That's right, such a genius, if he were taken away by others, that would be too much of a pity."

Although it sounded very impressive, Xuan Yu did not see it with his own eyes after all.

With his status as high-rank Four-star Alchemy God, taking in a Three-star Alchemy God, wasn't it more than enough still?

Ning Siyu giggled and said, "Master, rest assured. Nobody can take him in!"

"Mn? How so?" Xuan Yu said in puzzlement.

"Master, you look!"

Ning Siyu took out those two Gale Celestial Stone Pills. Xuan Yu's gaze turned sharp and he exclaimed, "Divine-grade Gale Celestial Stone Pill! This ... This was refined by him?"

Ning Siyu nodded her head, pointed at the Gale Celestial Stone Pill, and said, "This is his first time refining. This one was his second time refining."

Xuan Yu took those two medicinal pills from Ning Siyu's hand, his expression becoming incomparably solemn.

Nothing could reflect the alchemist's level more than medicinal pills. He discerned these two medicinal pills' extraordinariness with a glance.

Carefully looking it over, Xuan Yu suddenly said, "First time refining ... could it be that ... this young man already reached the legendary Dao Realm? No, this is impossible! I've never heard before that a Three-star Alchemy God can reach the Dao Realm!"

Ning Siyu and Ding Xun both had puzzled looks and said, "Master, what's the Dao Realm?"

Xuan Yu said solemnly, "The level of alchemists has always been divided based on the rank of the divine pills they could refine. But apart from this, there's still a mysterious and profound realm, that's the Dao Realm! The path of making sense is extensive and profound, nobody dares to say that they can refine all medicinal pills. Even Four-star Alchemy Gods also have rank three divine pills that they can't refine, let alone talk about rank four divine pills. But once one reaches the Dao Realm, then their understanding of Alchemy Dao will be exceedingly profound and can unleash the properties within spirit medicines to the

greatest extent. This kind of person, no matter what medicinal pills he refined, it would be accomplished with high proficiency!”

Recalling Ye Yuan’s pill refinement, Ning Siyu could not help but be in strong agreement and said, “According to what Master said, he’s really like this! It seems like ordinary medicinal pills, as long as he takes action, it will be divine-grade! Only when refining the Gale Celestial Stone Pill, was there a tiny bit of flaw, refining a heaven-grade.”

The corners of Xuan Yu’s mouth twitched slightly. He still wanted to take Ye Yuan in as a disciple earlier. But now, he completely dispelled this notion.

Taking in an alchemist who was probably in the Dao Realm as a disciple?

One shouldn’t look at how he was a Four-star Alchemy God. He really did not have the qualifications!

Putting aside that he was just a Five-star Alchemy God, even Five-star Alchemy Gods similarly did not have the qualifications!

Because such an existence, as long as there was no accident, once they stepped into Divine Lord Realm, as long as they became familiar with the properties of Four-star spirit medicines, then he was the strongest Four-star Alchemy God!

This kind of people’s understanding of alchemy was completely not what he could imagine.

This guy was totally a great god!

“So ... So incredible? A Three-star Alchemy God can actually be formidable to such a degree?”

Ding Xun completely could not comprehend this kind of existence. In his view, one star was one world. Four-star Alchemy Gods were stronger than Three-star Alchemy Gods.

He had never heard before that a Three-star Alchemy God could actually be powerful to the point where even his master was afraid of.

Xuan Yu also took a hit and said with a sigh, “According to what I know, only alchemists that reached the Heavenly Emperor Realm and infinitely approaches the Great Dao can have a possibility of comprehending Alchemy Dao ... reaching the Dao Realm! Three-star Dao Realm ... it’s unheard of! If his future road is walked solidly, perhaps ... he can reach the realm of the Medicine Ancestor!”

“Hiss ...”

The three people present all sucked in a cold breath. Xuan Yu’s speculation was a little too frightening.

Medicine Ancestor was an existence that they simply could not imagine, virtually rivaling Dao Ancestors!

This young man who popped out of God knows where could actually reach that kind of realm. Just thinking about it felt inconceivable.

“No can do! This boy, I must meet him! Lass, later, you go and find this Ye Yuan, just say that ... Master wants to interact with him,” Xuan Yu said suddenly.

Ning Siyu had never seen before her master like this. Even when facing the lord of the Pill Tower, he was calm and collected too.

“Yes, Master!” Ning Siyu answered.

“Also, the Pill Tower’s competition will be starting soon. This period of time, you go over to his side more. You must build a good relationship with him. This has tremendous benefits to you!” Xuan Yu said.

Ning Siyu hugged Xuan Yu and said gleefully, “Hehe, Master is so good, you’re the most open-minded!”

...

“Second Senior Brother, hand over your divine fire!” Ning Siyu looked at Ding Xun and said with a smug look.

Ding Xun smiled bitterly. He indeed still lost.

But he did not renege either, forcing the Blue Voyage Insight Divine Fire out of his body and giving it to Ning Siyu.

This divine fire was already not very useful to him.

He suddenly thought of something and said with uncertainty, “You wanted this Blue Voyage Insight Divine Fire ... Is it to ... give it to that Master Ye?”

Ning Siyu smiled and said, “Hehe, Second Senior Brother is indeed clever! That guy is already a Three-star Alchemy God and actually still uses rank two divine fire! How unsightly!”

Ding Xun’s eyeballs nearly popped out. That guy called Ye Yuan was truly too freakish, right?

He used a rank two divine fire to refine a divine-grade Gale Celestial Stone Pill?

Unrivaled Medicine God

Chapter 1554: You Miscalculated

Wu Feng sat in the hall, his smile seemingly radiant.

Huang Haoran and Hao Qian sat on the right-hand side, appearing very flustered.

Although Huang Qian was saved, this 50 million went down the drain for Wu Feng.

Most importantly, it was a major loss of face!

Huang Haoran understood Wu Feng very well. He cared about face too much.

Normally, it was still fine. But if someone threatened his title as the south city’s number one alchemist, he definitely would not show leniency.

But this time, Ye Yuan’s power face-smacking thoroughly made a name for himself.

But Huang Haoran did not expect that Wu Feng’s mood today seemed to be pretty good still.

“Oh, Haoran, do you think that I’d blame you because of this matter?” Wu Feng said with a ghost of a smile.

Huang Haoran blushed with shame and said, "Master, I ..."

"Huhu, you followed me for so many years, could I still not know your feelings for Huang Qian? Otherwise, do you think that I'd invite Master to take action and come and diagnose him?" Wu Feng said with a smile.

Huang Haoran hurriedly said, "Haoran received Master's kindness and will never be able to repay it! Haoran's life is master's!"

Wu Feng nodded and said, "For Huang Qian to be able to recover, I'm happy for him as well. You don't need to think too much. This matter isn't your fault."

Huang Haoran said, "Master, this 50 million divine essence stones, I'll definitely think of a way to return to you!"

Wu Feng laughed loudly and said, "You, why are you so stubborn!"

Huang Haoran bowed and said, "Master, if I don't return you these divine essence stones, Haoran will have trouble sleeping and eating!"

Wu Feng smiled as he walked over, patted Huang Haoran's shoulder, and said, "Really can't do anything about you! Forget it, if you want to return a favor, it's also not impossible."

Hearing this, Huang Haoran's mind eased up. but heard Wu Feng's tone gradually turn cold as he said, "Then ... use your life to pay it back!"

Huang Haoran's entire body trembled, suddenly raising his head and looking at Wu Feng.

Suddenly, he felt his chest tighten, all the blood in his body becoming stagnant. His divine essence gradually solidified and his consciousness also began to blur.

"Master, you ..." Huang Haoran looked at Wu Feng in disbelief. He knew that he was poisoned.

There was poison inside the tea just now!

Wu Feng's gaze turned cold and he said in a cold voice, "Humph! Nice job, this old man became the entire south city's laughing stock now! Either way, this life of yours was saved by this old man too. Returning to this old man now, you have no objections, right?"

Huang Qian's heart suddenly twinged and he shouted, "Second Uncle, you ... you can't die! Wu Feng! You motherf*cker! My second uncle is so loyal to you, you ... you actually want to poison him to death!"

Huang Qian swayed, already somewhat unsteady on his feet.

He drank the tea just now too and was clearly poisoned as well.

The toxicity was very strong. Huang Haoran's eyes had already started to turn dim.

He used all of his strength to push Huang Qian out and said, "G-Go! Find ... M-Master Ye!"

Wu Feng sneered and said, "You look, your heart is already at Master Ye there, still loyal to me? But too bad, Huang Qian drank that cup of tea too. He's the same as you, both unable to escape death!"

Huang Qian's eyes turned bloodshot from anger, hot tears pouring out of his eyes, and his teeth gritting until it rattled.

The divine essence within his body suddenly revolved, his entire person rushing at Wu Feng like an arrow that left the bow.

Wu Feng was caught off-guard, not expecting that Huang Qian could actually still revolve divine essence.

However, Wu Feng's strength was too powerful in the end. It was far from what Huang Qian could compare to.

Boom!

In a haste, the two people exchanged a palm. Huang Qian immediately wildly sprayed fresh blood in the air, flying out backward.

While Wu Feng was also shaking until his vital energy and blood was tumbling, and was actually powerless to chase after for a moment.

Huang Qian's eyes were full of tears as he wailed, "Second Uncle, I ... I seem to be fine and can last until Master Ye there! You rest assured, I'll definitely avenge you!"

Huang Qian discovered that even though he was dizzy, his entire person was only somewhat unwell. His symptoms did not seem as severe as Huang Haoran's.

Hearing this, a hint of relief showed in Huang Haoran's eyes, his face revealing a trace of a faint smile.

He got it, it must be Master Ye's Heavenly Blood Marrow Changing Pill, making Huang Qian be reborn anew. His resistance to poison also increased greatly, that was why!

"Master, you ... miscalculated!"

Finished saying this sentence, Huang Haoran's closed his eyes forever.

"Second Uncle!"

Huang Qian's eyes welled up with tears, shouting until his throat turned hoarse.

...

"Master Ye, you see what I brought you!"

Ning Siyu held her palm out. A faint blue flame appeared in her palm.

Ye Yuan looked at Ning Siyu, rather surprisedly. He said, "You specially got this for me?"

Ning Siyu smiled slyly and said, "Accurately saying, it's we won it together!"

She briefly recounted the matter of winning against Second Senior Brother, making Ye Yuan smile.

"You had a good intention. This divine fire, I'll accept it, cancel out the divine essence stones you owe me."

Ye Yuan reached his hand out and beckoned. The faint blue flame came to his hand obediently.

Ning Siyu's pupils constricted. This guy's fire controlling art had simply reached the acme of perfection.

A foreign divine fire was actually so docile when reaching his hands!

But she felt something off very soon and said, "Hey, a divine fire is just worth four million divine essence stones? You ... You're robbing me!"

Ye Yuan glanced at her and smiled, but his palm moved. The Blue Voyage Insight Divine Fire was directly stripped by Ye Yuan, leaving behind just a tiny little tongue of flame.

One should not underestimate this tongue of flame. This was where the essence of the divine fire lay.

Then, Ye Yuan's palm flipped. The Cleansing Sandal Sacred Flame suddenly rose.

His palm merged together again. The Cleansing Sandal Sacred Flame directly swallowed that little cluster of fire up.

Ning Siyu opened her eyes wide and said indignantly, "Y-Y-You ... actually used your rank two divine fire to devour a rank three divine fire? You're wasting God's good gift!"

She finally managed to get Ye Yuan this rank three divine fire, who knew that Ye Yuan actually directly destroyed it!

Ning Siyu was so angry!

Even if you wanted to raise a fire, it should also be using rank two to raise rank three, right?

This guy actually did exactly the opposite!

Ye Yuan smiled and said, "How can that divine fire of yours compare with my Cleansing Sandal Sacred Flame? In terms of pill refinement, I really can't find any more suitable than it. Furthermore, it followed me for close to a hundred years and accompanied me through life and death countless times. I can't bear to swap it out too. Devouring the fire essence, it should be able to evolve to rank three."

Ning Siyu was a little surprised. Why were these words ... said in such an elderly person's tone?

This guy was merely a hundred-odd year old. So why did he behave like he was several tens of thousands of years old, being an old man?

"Fine then, whatever makes you happy!" Ning Siyu shrugged her shoulders and said.

Just a rank three divine fire, it was nothing to Ning Siyu.

Right at this time, three figures entered the Miracle Hand Parlor.

An old man with a sage-like appearance, a fatty who was like a round ball, and there was also a very beautiful girl.

"Shopkeeper, I heard that this place will grant all requests, is this true?" the old man with a sage-like appearance asked the shopkeeper.

The shopkeeper said with a proud look, "That's of course! You go and inquire about it, this land of south city, who doesn't know our Miracle Hand Parlor's Master Ye's name!"

The moment these words came out, the three people's faces changed.

"What did you say?! Your presiding alchemist here is also called Ye Yuan?" the old man exclaimed.

Unrivaled Medicine God

Chapter 1555: Give Me a Proper Lesson

"Hahaha, you guys finally came!"

When Ye Yuan saw Little Fatty, he immediately gave him a bear hug.

Not seeing him for a long time, Ye Yuan was extremely excited.

Ning Siyu clicked her tongue in wonder looking by the side. In her eyes, Ye Yuan had always had the demeanor of a master. She did not expect that he actually still had such a side.

Xie Jingyi was agitated until his face was somewhat flushed and he said, "Good brother, I missed you to death!"

"B-Big Brother Ye!" Liang Wanru was a little shy but very happy.

Ye Yuan smiled and said, "Young Sister Wanru, your improvement isn't small! Haha!"

Liang Wanru smiled and said, "Isn't it still all thanks to the medicinal pills Big Brother Ye left for me? Otherwise, with Wanru's talent, how can I break through so fast?"

At this time, Liang Wanru already broke through to the Heaven Glimpse Deity Realm. It could be said astonishingly fast already.

Ye Yuan had long explained to Liang Wanru that they should address each other as siblings.

Even though the sincere feelings in Liang Wanru's heart had yet to fade, she could only accept this fact.

By the side, Xiao Feng marveled endlessly and said with a bitter smile, "This old man really didn't expect that it was you, this punk, who opened this Miracle Hand Parlor! Thinking back now, apart from you, who else dares to claim to grant all requests?"

Ye Yuan chuckled and said, "It was an action that couldn't be helped too. The conditions for entering the inner city are too harsh. As a last resort, I can only make the commotion a little bigger and draw you guys over."

Xiao Feng smiled bitterly and said, "Your commotion isn't small. Right now, in the inner city, many major forces all know that the outer city has a 'Will Grant All Requests' already!"

Ning Siyu's eyes swiveled around. Only then she understood that it turned out Ye Yuan hanging this signboard was actually in order to draw these three people over!

The first time she saw Ye Yuan, she felt that this guy was unbelievably arrogant.

But getting to know him, she discovered that Ye Yuan was not that kind of arrogant people, and she could not help being somewhat curious why Ye Yuan would hang such a show-off signboard.

She did not expect that it was actually to draw his friends out of the inner city!

Ning Siyu could not help being somewhat speechless. Only Ye Yuan, this kind of big-shot, could use this kind of whimsical method to attain his objective, right?

If it were somebody else, clearly inside a city, but the inner city and outer city could stop them for all their lives!

When Ye Yuan challenged five major factions alone, it was really cool to the max.

The Ye Yuan at that time gave her a feeling, that was invincibility!

Alchemy Dao was invincible!

Ye Yuan shrugged his shoulders and said, "This is also something that can't be helped. You guys know, I'm actually very low-profile."

Hearing this, the three people could not help rolling their eyes.

Xiao Feng billowed his beard and glared as he said, "You punk, you nearly turned Wu Meng Capital City upside down, you actually still dare to say that you're low-profile!"

"Haha, that was an accident!" Ye Yuan laughed and said.

Xiao Feng was just making a joke and did not continue to make fun of Ye Yuan regarding this matter. He knew that Wu Meng Capital City's incident was not Ye Yuan's fault.

Ye Yuan's high-profile was completely forced out.

"But your nerves are really great, to actually dare secretly return to Heavenly Eagle Imperial City! Qin Xiao still has some power in the Martial Tower, you got to be careful! Once the matter of you returning is known by him, he'll definitely think of ways to deal with you," Xiao Feng said.

Ye Yuan pursed his mouth and said disdainfully, "His dog life, I'll claim it sooner or later. Even though I can't deal with him right now, for him to want to kill me again, he can't do it!"

Xiao Feng's eyes lit up. It looked like Ye Yuan had quite a few fortuitous encounters again drifting around outside these few years!

Only then did Xiao Feng discover that Ye Yuan's realm already broke through to the Origin Deity Realm.

This cultivation speed was a little too fast, right?

When he left back then, he was just at the initial-stage Heaven Glimpse Realm!

In merely ten years from start to end, he actually directly broke through a major realm.

"Huhu, you punk can't be gauged with common sense! Alright, since we found you, go to the inner city together with us then!" Xiao Feng laughed and said.

With the Myriad Treasure Tower's strength, letting Ye Yuan enter the inner city was naturally a cinch.

Ye Yuan smiled and said, "No hurry, the reason I urgently used this kind of method to meet you guys is actually that there's still something more important."

Xiao Feng said puzzledly, "What is it?"

Ye Yuan took out a jade box and passed it to Xie Jingyi, saying, "Fatty, this is my promise to you! Today, I can fulfill it!"

Xie Jingyi's entire body trembled and he said in disbelief, "This ... Could this be ..."

He suddenly recalled that back then, when he had just woken up, Ye Yuan told him that he would definitely find a way to help him restore his divine sea!

At that time, Ye Yuan did not care about it at all, thinking that Ye Yuan was just consoling him, that was why he would say so.

Was it possible that ... this guy really did it?

How was this possible?

These few years, Xiao Feng even found the Myriad Treasure Tower's Four-star Alchemy God to help diagnose him, but nobody could do it!

His divine sea was virtually completely wasted; unable to recover at all.

Xiao Feng even spent a huge price inviting the Pill Tower's elder to take action and could not get his wish too.

These few years, Xie Jingyi was actually very decadent.

Becoming a cripple, this was not a life that he wanted.

He lost his family, lost the person he loved. Now, even his cultivation was gone. This made him almost despair.

These few years, he practically drowned his sorrows in alcohol everyday.

When Xiao Feng saw him like this, he was powerless too.

Ye Yuan smiled and said, "Good brother, you only became like this because of me! Not treating you, I'll feel uneasy for all my life. Don't be so agitated. Huhu, it's also thanks to you I guess, that I improved a step further in Alchemy Dao!"

The muscles on Little Fatty's face were quivering. On the one hand, it was because of excitement. On the other, it was because he was moved.

Getting such a brother, what else did he need?

But the Xiao Feng by the side trembled all over and said in disbelief, "You ... You really did it? Actually, me bringing Xie Jingyi here today is just wanting to try our luck. You punk ... which step did you walk until in Alchemy Dao?"

Ye Yuan shook his head and said, "I don't know either. But ... I seem to have stepped into another realm. As for the specifics, I can't say for sure too."

Xiao Feng sucked in a cold breath. He knew that when Ye Yuan was at the Grotto Profound Deity Realm back then, his understanding towards Alchemy Dao was already incomparably profound.

Stepping into another realm now, what kind of inconceivable world was that?!

Alchemists who knew Dao Realm existed were just in the small minority.

Master Xuan Yu only heard of this realm under a very coincidental situation too.

Even Dustless did not know about the Dao Realm, this state.

However, the Ning Siyu by side was incomparably certain at this time and this other state was Dao Realm!

She did not expect that this guy really stepped into Dao Realm!

This guy was too heaven-defying!

“Doesn’t matter! Since I caught you, this brat, you have to give me a proper lesson this time! After breaking through to Four-star Alchemy God, I feel that it’s hard to trudge along. It’s very difficult to have breakthroughs again. Just nice, can find you, boy, to clarify my doubts!” Xiao Feng said.

Ye Yuan smiled and said, “Haha, Brother Xiao is too modest. We definitely should discuss things! Fatty, you go into seclusion then. This Heart Healing Heavenly Mark Pill can definitely help you recover to your peak state. Us brothers will challenge the pugilistic world again!”

Hearing Ye Yuan talked about it heroically, Little Fatty also felt his heart stir, recalling the deed of slapping the little demoness back then.

[Unrivaled Medicine God](#)

Chapter 1556: So What If Picking a Quarrel With You All?

Ning Siyu stared at Ye Yuan, the confused look in her eyes becoming thicker and thicker.

She discovered that the things Ye Yuan said, she actually understood less and less!

What this guy talked about, was it really rank three alchemy knowledge?

But opposite of Ye Yuan, Xiao Feng had an appearance of learning with an open-mind, but his gaze became brighter and brighter, feeling a sense of enlightenment.

The agreed upon interaction became a one-sided clarification of doubts now.

At the same time, he was also shocked to the extreme in his heart.

Several decades had already passed since the two people had an exchange the last time.

He discovered that now, he was already completely unable to exchange with Ye Yuan on an equal footing.

What Ye Yuan talking about was another realm, giving him a feeling of beholding a great mountain.

However, he had a feeling of becoming enlightened all of a sudden right now. Some problems encountered these few years, under Ye Yuan’s answering, became transparent.

“You, kid, are really remarkable! In a short several decades, you actually made such great progress! We ... are already unable to talk as peers,” Xiao Feng said speechlessly.

Ye Yuan smiled and said, "I also didn't expect that ever since stepping into another realm, there's a feeling of looking down from a high place. Many things that I didn't understand in the past, I can have it at my fingertips now."

Regarding this, Xiao Feng had his breath taken away and he said, "I really don't know what kind of realm can let you improve until this point! Looks like this old man can't just look forward blindly. According to what you say, the things that this old man left out in the realms before are seriously too many."

Seeing that Xiao Feng understood to some extent, Ye Yuan smiled and said, "Building a high-rise building, the foundation has to be deep. Otherwise, it will be a rootless weed and may collapse at any time. Regardless of whether alchemy or martial arts, the logic won't change."

Xiao Feng deeply felt that way too and said, "What my younger brother said is true! This old man will mend the pen after the sheep have been stolen when I go back[1]!"

The two people were just talking when Little Fatty pushed open the door and entered.

Xiao Feng looked over, his eyes involuntarily turning sharp.

An upheaval change seemed to have occurred to Little Fatty's entire person.

The decadence on his face was swept clean away, his essence, energy, and spirit having a whole new outlook.

Especially his eyes, it became sharp and radiant, becoming like a different person from before!

The only thing that did not change was that round figure.

And Little Fatty's realm also rose rapidly, his realm breaking through to half-step Origin Deity.

Just one more step and he could break through to Origin Deity Realm.

Seeing this scene, even Xiao Feng was unbelievably shocked.

This Heart Healing Heavenly Mark Pill that Ye Yuan took out was simply an uncanny work of the gods!

"Ye Yuan, this medicinal pill of yours is really too incredible! After I refine it, I simply have a feeling of being remould anew!" Little Fatty said with an excited look.

This feeling of being filled with power was truly long lost!

Ye Yuan smiled and said, "That's of course! This Heart Healing Heavenly Mark Pill's ingredients are extremely valuable. Even so, I collected ten sets of spirit medicines too and refined ten divine-grade Heart Healing Heavenly Mark Pills, picking out the one with the best quality and saving it for you."

A divine-grade divine pill, the quality would have a minute difference too.

Toward his own good brother, Ye Yuan naturally would not be stingy.

When he was at the fiend race, he made use of his relationship with the Fiend Medicine Hall and Fan Family, and immediately collected ten sets of Heart Healing Heavenly Mark Pill's spirit medicines.

If not for the materials being too precious, he even wanted to refine a hundred divine-grade divine pills, picking out the best one among them.

Little Fatty had a touched look and said, "Good brother!"

Ye Yuan smiled and said, "Oh, right, you comprehend the law of wind. Later, I'll find you refine a few Wind Language Pills. It should be a cinch for you to break through to the Origin Deity Realm."

The Wind Language Pill was the Gale Celestial Stone Pill's weak version. It could help Heaven Glimpse Realm martial artists comprehend the law of wind.

Xiao Feng and Ning Siyu were both speechless. With such a brother, breaking through was so effortless!

Dao Realm alchemists were really too frightening.

As long as Ye Yuan was given sufficient spirit medicines, he could even create an Origin Deity Realm army within a short hundred years!

"M-Master Ye!"

Right then, a shout came from outside the door.

Immediately after, it was a burst of footsteps.

Ye Yuan's brows furrowed, bringing everyone out to the lobby.

In the lobby, Huang Qian's entire person was collapsed in a pool of blood, not an unscathed spot from head to toe.

A large group of people ahead surrounded the entire hall until not even water could seep through.

"Go, bring the person over for me!"

The one at the front was a half-step Divine Lord powerhouse who did not place Ye Yuan in his sights at all.

This person was called Guo Xingwang, Deyi Hall's number one protector, his strength formidable.

As for Xiao Feng, he did not release his realm pressure. That person could not see through his depths at all.

A subordinate received the order and went, and was going to bring Huang Qian away.

"Master ... Ye, save ... save me!" Huang Qian used all of his strength and shouted to Ye Yuan.

Bang!

Ye Yuan raised a foot, and that subordinate immediately flew out, half-dead.

Guo Xingwang's gaze turned cold and he said to Ye Yuan, "Punk, don't think that you can be cocky by treating a few patients! This person is our Deyi Hall's important criminal. Now, we're going to capture him back. If you dare to poke your nose into what isn't your business, I'll tear down this little medicine shop of yours today!"

Guo Xingwang naturally knew about this Miracle Hand Parlor's foundation. It was said that there was even a Divine Lord Realm powerhouse who took action that day. Furthermore, it was even a member of the Ning Family.

It was just that that member of the Ning Family seemed to be very hostile towards the Miracle Hand Parlor. They naturally could not be their backer.

Therefore, he did not place the tiny little Miracle Hand Parlor in his sights at all.

Even if Xing Guan came, he did not fear in the slightest too.

Ye Yuan could not be bothered with him. Bending down to check Huang Qian's injuries, his brows involuntarily knitted together.

Huang Qian's injuries were very severe. Furthermore, he was even poisoned with a potent poison.

If it were other alchemists, they would definitely be at the end of their ropes already.

Ye Yuan moved like lightning, tapping a few times on Huang Qian's body, then fished out a healing medicinal pill and a Detoxification Pill, and stuffed them into Huang Qian's mouth.

Huang Qian's expression eased up and he directly fainted away.

When Guo Xingwang saw that Ye Yuan completely ignored him, he could not help burning with fury.

This punk was indeed as rampant as in the rumors!

"Kid, I think that you're refusing a toast only to drink to a forfeit! Do you really think that by hanging a signboard, you can pick a quarrel with my Deyi Hall? Heh, just nice, Xing Guan isn't around today, I'll take care of you, this condescending brat, first!"

Guo Xingwang laughed coldly and directly grabbed at Ye Yuan.

A measly initial-stage Origin Deity, wouldn't he mow him down with a snap of a finger?

Bang!

He was brought down in a snap of a finger!

In midair, Guo Wingwang sprayed fresh blood wildly, directly knocking into several subordinates before barely managing to stabilize his figure.

He scrambled to his feet, his gaze that looked towards Xiao Feng was full of shock!

A powerful aura instantly filled the entire hall.

That was the aura of a Divine Lord Realm powerhouse!

At this instant, all of Guo Xingwang's tyrannical aura completely became dim.

Wasn't it said that the Ning Family Divine Lord Realm already returned to the inner city?

Where did another Divine Lord Realm powerhouse pop out from?

Just what background did this little medicine shop have?

Xiao Feng's expression was slightly dark as he said, "A measly Deyi Hall, so what if picking a quarrel with you all?"

Unrivaled Medicine God

Chapter 1557: Hit! Hit Ruthlessly

"Y-Y-Your Excellency, this lowly one had eyes but couldn't see and offended Your Excellency! This ... This lowly one will get lost right away!"

Guo Xingwang originally thought that Ye Yuan was a soft persimmon. He did not expect that Ye Yuan was actually a metal plate.

"Halt!" Ye Yuan suddenly said in a cold voice.

Guo Xingwang's body turned stiff. Squeezing out a smile that was even uglier than crying, he said, "What ... What instructions does Master Ye have?"

Ye Yuan frowned and said, "What's wrong with him?"

Huang Qian was his patient. Ye Yuan had just treated him and he was immediately beaten by people until like this. He was also quite enraged in his heart.

Although their standpoints were different, his impression of this uncle and nephew two people were still considered pretty good.

Most importantly, Huang Qian was his proud achievement.

That Purple Quill Marrow Extermination was indeed very troublesome. It was extremely hard to come by test for him too.

If not for this, he also would not spend four hours to diagnose Huang Qian's pulse.

Actually, Deyi Hall's shameful deeds, he already guessed more than half when he saw Huang Qian.

It was nothing more than Wu Feng feeling that he had a great loss of face and cast the fire on this uncle and nephew two people.

Huang Qian's appearance probably meant that Huang Haoran was fraught with grim possibilities already.

Ye Yuan was not some goody-two-shoes. These two people did not have much relationship with him. He did not need to stand up for them.

But Deyi Hall actually pursued it until they made him very upset.

"This ... This ..." Guo Xingwang stammered, not knowing how he should answer.

Ye Yuan said coldly, "If you all caught him outside, I don't care and can't be bothered to care either. But you guys actually beat my patient until like this in the Miracle Hand Parlor, and then you want to walk away just like that?"

Guo Xingwang's expression was ugly to the extreme and he said awkwardly, "Master Ye, this ... this lowly one knows my mistake!"

Ye Yuan snorted coldly and said, "Death penalty can be spared, but it's hard to escape punishment!"

Guo Xingwang cried bitterness in his heart. But a Divine Lord Realm powerhouse was there, so he really did not dare to be insolent and could only say, "What does ... Master Ye want?"

Actually, Guo Xingwang heaved a slight sigh of relief in his heart. At the very least, he preserved his life.

Ye Yuan swept a glance at his subordinates and said coolly, "You guys, beat him up ruthlessly! Don't be too severe, let him return lying down and that will do."

"Pfft!"

Ning Siyu and Liang Wanru both could not resist laughing out loud.

Ye Yuan was too bad.

Opposite of them, everyone's faces turned stiff. The subordinates used strange gazes to look at Guo Xingwang.

Guo Xingwang said in a solemn voice, "I'll see which of you dare to make a move!"

"If nobody makes a move, then I can only invite Brother Xiao to take action," Ye Yuan said coolly.

Guo Xingwang simply wanted to curse and swear, but he did not dare!

Straight away, he could only have a bitter face and pointed at himself as he said, "Hit! H-Hit ruthlessly!"

The subordinates exchanged glances, nobody dared to make a move first.

Looking as Ye Yuan's expression was becoming increasingly grimmer, Guo Xingwang immediately flew off the handle.

"F*cking hell, asked you all you hit, did you hear it or not? You all want to die, is it? Hit!" Guo Xingwang put on a brave front and said viciously.

Looking at Guo Xingwang's behavior, the two girls covered their mouths and smiled. Even Xiao Feng was smiling too.

Ye Yuan this boy, his lousy ideas were really a lot.

When the subordinates saw that the boss was already like this, they could only grit their teeth and hit!

Bang! Bang! Bang!

A series of punches and kicks, Guo Xingwang was beaten until he rolled on the ground, already beaten black and blue.

Even though his subordinates' strengths were inferior to his, he did not dare to resist at all right now. He naturally could not avoid the agony of the flesh.

However, Ye Yuan was still not satisfied and said with a cold snort, "I said before, I want him to go out lying down! You all don't forget who I am, how bad his injuries are can't hide from my eyes!"

"Puhwark!"

Hearing this, Guo Xingwang immediately spewed out a mouthful of old blood and shouted, “Did you all not f*cking eat rice? Put in some effort for me! Hitting like this, do you all want to hit until tomorrow morning?”

While it hurt, how could the subordinates dare to deal a heavy blow?

Whoever used too much divine essence and got hated by the half-step Divine Lord boss, they would not even know how they died.

Hence, while they hit, it was impossible to cause real damage to Guo Xingwang at all.

But hitting like this, Guo Xingwang was even more painful instead.

The feeling of fists punching onto the flesh was not that comfortable.

With him roaring, the subordinates also knew that they could not be spared today and could all only burst forth with divine essence, greeting onto Guo Xingwang’s body.

Before long, Guo Xingwang was at death’s door and could not even speak.

“Alright, get lost then!” Ye Yuan said in a solemn voice.

The group of subordinates was akin to having been granted amnesty. Carrying Guo Xingwang, they left like a puff of smoke.

When the neighbors who did not know the truth saw this scene, they could not help being surprised.

“Isn’t that Deyi Hall’s chief protector, Guo Xingwang? I seem to have seen his subordinates beat him up just now?”

“It really seems so! Does this guy have a tendency for self-masochism? His own subordinates hit him and he actually still did not retaliate?”

“Hang on! They came out of the Miracle Hand Parlor. Could they have ... offended Master Ye?”

“Master Ye is merely initial-stage Origin Deity, so why is this bunch of people so scared of him? Tsk tsk, Master Ye is really unfathomable!”

...

Ning Siyu and Liang Wanru two people had long laughed themselves into fits already.

“Hehe, Master Ye, you’re really too bad! How do you want him to lift his head up in front of his subordinates in the future?” Ning Siyu laughed hard and said.

Ye Yuan smirked and said, “What does that have to do with me? They came to provoke me first! If people don’t offend me, I don’t offend people! If people offend me, heh heh!”

Ye Yuan let the shopkeeper tidy up and brought everyone into the inner hall.

Ye Yuan sent a trace of divine essence into Huang Qian’s body. Very soon, he slowly woke up.

“Your second uncle is already poisoned to death by Wu Feng?” Ye Yuan asked.

The moment Huang Qian heard Wu Feng's name, his two eyes turned blood-red, the muscles on his face started convulsing.

"Wu Feng this brute! I ... I must kill him!" Huang Qian said and gnashed his teeth in hatred.

Ye Yuan let out a sigh and reached his hand out to press on Huang Qian's head. A wave of gentle soul force invaded Huang Qian's sea of consciousness.

Gradually, Huang Qian quietened down and became less maniacal, his entire person much more peaceful.

Ye Yuan took his hand away and said, "Talk, say it out, it will feel better."

...

When Wu Feng saw Guo Xingwang's miserable state, the corners of his mouth could not help twitching.

Too miserable!

This guy was already almost beaten until he did not have human form anymore.

"Who did it?" Wu Feng said in a solemn voice.

The group of subordinates looked at each other, not knowing what they should say.

"We ... We were the ones who hit!" a subordinate said softly.

"Mn? What's going on? Made you all go out to capture a person, how did you all return like this?" Wu Feng said in a solemn voice.

That subordinate recounted the incident that happened at the Miracle Hand Parlor. Wu Feng's brows furrowed together.

"This boy clearly just came from outside the city. But why would there be a Divine Lord Realm powerhouse backing him up? Humph! So what if Divine Lord Realm powerhouse? Could it be that ... I don't have a backer? This punk opposed me time and again. Does he really take me, Wu Feng, to be easy to knead?! This time, I must tear down your signboard and chase you out of Heavenly Eagle Imperial City!" Wu Feng said with a cold snort.

[Unrivaled Medicine God](#)

Chapter 1558: Drag Over Here for Me

At the Pill Tower, the proud looking Wu Feng appeared very respectful in front of this slightly fat old man.

"How has Master been?" Wu Feng bowed down deeply.

This old man was the Pill Tower's high-level deacon, a middle-stage Four-star Alchemy God, Deercry.

Deercry was considered a senior deacon in the Pill Tower. His disciples spread all over the inner and outer city.

Wu Feng was one of his disciples.

As a disciple of the Pill Tower, Wu Feng naturally had the authority to enter the inner city.

Regarding this disciple, Deercry was still quite satisfied.

Although his talent was a little poor, having no hopes of breaking through to Four-star Alchemy God, he was at least very filial to Deercry and very sensible.

Such a person building his own influence in the outer city seemed to be a pretty good choice.

“Mn, you had a good intention. What ... interesting thing that you bring again this time?” Deercry said coolly.

Wu Feng pulled out a jade flask and handed it to Deercry respectfully and said fawningly, “Master, this is an Iceheart Jade Flask that this disciple obtained recently. It’s incomparably delicious.

Deercry took it and opened the flask lid. An enticing aroma instantly filled the room.

Deercry’s eyes lit up and he praised, “Fine wine! Fine wine! You had the heart!”

Wu Feng’s heart was dripping blood. One should not look at how this flask was not bit. It cost him several tens of millions of divine essence stones to buy it.

A tiny flask of wine, the price was comparable to the consultation fee for treating Huang Qian’s illness!

Deercry was a Four-star Alchemy God, so how could the things that could move him be ordinary items?

Each time he entered the inner city, Wu Feng would rack his brains.

Just as the Thunderclap Gang showed him filial respect, the tribute that he offered up to Deercry each time similarly cost a lot.

But with Deercry’s support, the divine essence stones that he earned every year was also an astronomical figure.

No loss!

Even the Dongfang Family did not dare to be disrespectful toward him.

Deercry put away the jade flask, gave Wu Feng a glance, and said coolly, “Did you ... run into some problems recently?”

Wu Feng smiled and said, “Master can see through everything! Recently, a junior appeared in the south city. He simply has no respect for anyone, incomparably arrogant! He actually dares to claim to grant all requests, turning the south city upside down!”

Deercry raised his eyelids slightly and said with a smile, “It’s that little medicine shop called Miracle Hand Parlor, right? Will grant all requests! Heh heh, I also heard about it. Truly high-sounding sentiments!”

Wu Feng hurriedly said, “Master has no idea! This punk’s tone is more than big, it’s simply huge without borders! Does Master remember a patient that I brought back then, even Master couldn’t find the cause of the illness?”

Deercry thought about it for a moment and said in shock, “You’re talking about that living dead person? Is it possible that ... that punk actually found it?”

Wu Feng nodded and said, “Heh, this punk blindly stumbled upon it and he actually really cured him!”

Deercry’s shock was by no means insignificant. A cause that even he could not find out, a Three-star Alchemy God actually cured it?

His gaze turned intent and he said in a solemn voice, “Then it looks like this brat really has some ability!”

Wu Feng was delighted inwardly, aware that his master was already somewhat unhappy. Immediately, he said with a cold smile, “Ability my *ss! He merely stumbled upon it blindly! What’s even more infuriating is that that subordinate of mine actually sold you out, saying that his nephew had once been treated by Master Deercry before and didn’t even find any problem. You guess what that kid said?”

Deercry’s gaze turned cold and he said in a low voice, “This seat doesn’t like to play this kind of guessing game! Speak!”

Wu Feng hurriedly put on an incomparably indignant front and said, “Yes, Master! That hateful brat actually said ‘Is this Master Deercry very amazing? A Four-star Alchemy God is also merely so!’ Don’t you find it infuriating?”

Wu Feng gave embellishment to it, angering Deercry until he turned livid with rage.

Bang!

The tea table beside Deercry directly shattered into dust.

The flesh on his face was convulsing. It could be seen how furious he was.

“A mere Three-star Alchemy God actually dared to utter such wild ravings! Could it be that ... you’re going to let them carry on surviving?” Deercry’s gaze was sharp as he stared at Wu Feng and said coldly.

Wu Feng put on an appearance of being bullied and said, “Master is unjust! How could I let this punk defile master like so? At that time, I sent people to go smash the Miracle Hand Parlor. Who knew that this Miracle Hand Parlor’s foundation is deep and found a Divine Lord Realm powerhouse from no idea where. Disciple ... Disciple really isn’t a match!”

Divine Lord Realm’s gaze turned cold and he said icily, “Just a Divine Lord Realm and he dares to vilify a Pill Tower’s senior, humph! This seat wants to see how hard their bones are!”

Deercry slowly got up, summoned a middle-aged man, and said in a solemn voice, “Tang Rui, take a trip with Wu Feng. Tear down that whatever Miracle Hand Parlor for me! Drag that punk called Ye Yuan here for me! As for that Divine Lord Realm, send him to the Martial Tower with interfering in the outer city’s affairs as the reason!”

Tang Rui bowed and said, “Yes, Lord Deacon!”

...

Hearing Huang Qian’s words, Ye Yuan sighed too, while Ning Siyu and Liang Wanru two people were extremely indignant.

"This Wu Feng is simply inhumane! Saved him before that it's a big deal? He can be so unscrupulous and unbridled? A-Angering this young lady to death!" Ning Siyu was enraged until her chest heaved up and down, almost about to rush out to take revenge for Huang Qian.

"Big Brother Ye, this Wu Feng is indeed too infuriating. Their uncle and nephew two people were loyal and staunch. But in the end, they got this kind of ending. You have to stand up for them!" Liang Wanru also said.

Ye Yuan patted Huang Qian's shoulder and opened his mouth to say, "My condolences. Don't think so much first, stay here first and heal your injuries before talking."

Huang Qian was stunned, his eyes revealing a look of despair.

If even Master Ye did not care, then he would really have no hope of taking revenge.

Wu Feng's power in the south city was not something he could shake.

"M-Many thanks, Master Ye!" Huang Qian gritted his teeth and answered.

After Huang Qian left, the two ladies' gazes when looking at Ye Yuan was full of unhappiness.

"Ye Yuan, I really misjudged you! Didn't expect that you're so cowardly and afraid of getting into trouble!" Ning Siyu had an appearance that abhorred evil as if it were her enemy as she said.

"Big Brother Ye, are you really the Big Brother ye that I know? That Huang Qian is already so tragic, you actually don't even help him!" Liang Wanru questioned Ye Yuan for the first time.

Ye Yuan laughed in spite of himself and said, "Didn't I already take him in? How else do you want me to help him?"

"You ... Shouldn't you go and capture that Wu Feng to bow his head and admit his guilt in front of Huang Qian?" Ning Siyu said indignantly.

Ye Yuan smiled, but did not answer Ning Siyu, and went out the door.

His attitude angered Ning Siyu until she stomped her feet and said, "Hey, what's with your attitude?! A-Angering this young lady to death! This young lady wants to break off all relations with you!"

Ye Yuan was just about to go out the door when a benevolent-looking old man entered the Miracle Hand Parlor.

"May I ask if Master Ye is around?" said that old man.

Ye Yuan glanced at him rather surprisedly. He actually could not fathom the other party's depths.

Could it be ... another Divine Lord Realm powerhouse?

"I'm Ye Yuan. I wonder why is Senior looking for this Ye?" Ye Yuan said with clasped hands.

When the old man saw that Ye Yuan was so young, he could not help getting a huge shock and said, "This old man is Xuan Yu from the Pill Tower. I heard that Master Ye is an alchemy expert, so I purposely came to compare notes with you, exchanging views."

Unrivaled Medicine God

Chapter 1559: Comparing Notes

“Comparing notes? Not interested!”

Some random guy that he did not know wanted to compare notes with him. How could he have so much free time to entertain the guy?

He already cured Little Fatty now and already had no worries. He could choose to not give anyone face.

At the very most, he would hide in the Purple Extreme Hall and run away.

With a true god mystic treasure, even this Heavenly Eagle Imperial City’s city lord could not breach its defenses too.

Therefore, Ye Yuan had nothing to fear right now.

The old man’s face turned stiff, clearly not expecting that Ye Yuan was so disrespectful.

Even if he did not know him, in this imperial city, mentioning the Pill Tower’s name, he had never been so disregarded before.

But Xuan Yu was good-tempered and did not get angry. He was just about to open his mouth and exchange greetings but saw a group of people come out of the inner hall.

Seeing Xuan Yu, Xiao Feng’s entire body trembled and he said in disbelief, “Could Sir be ... Master Xuan Yu?”

Xuan Yu did not recognize Xiao Feng but was somewhat surprised too. This place actually still had a Four-star Alchemy God.

“Huhu, it’s precisely this old man. Pardon this old man for not remembering if I’ve seen you before, but I wonder who your esteemed self is?” Xuan Yu said with a faint smile.

Xiao Feng gave a bow respectfully and said, “Junior is the Myriad Treasure Tower’s Xiao Feng. The last time the Pill Tower hosted a sermon, Junior was lucky enough to listen to Master’s teachings!”

Xuan Yu smiled and was indifferent to it.

The alchemists who heard him preach on Dao before in this Heavenly Eagle Imperial City were truly too many. He naturally could not remember all of them.

“So that’s how it is! But why would the Myriad Treasure Tower’s alchemist be here?” Xuan Yu asked curiously.

“Master Master Xiao and that guy are old acquaintances. They knew each other very long ago already,” at this time, Ning Siyu suddenly spoke up.

Regarding Xuan Yu’s arrival, she did not feel surprised. It was just that she did not expect that he would come so quickly.

“Master?”

Xiao Feng's gaze turned intent, looking at Ning Siyu in great surprise.

He completely did not expect that this girl's background was actually so great.

Xuan Yu was an authority-class figure in the Pill Tower. She was actually Xuan Yu's disciple!

Ye Yuan was slightly surprised too, not expecting that this old man was actually Ning Siyu's master.

But this way, it could be explained too. Most likely, the other party saw the Gale Celestial Stone Pill, that was why he would come to find him to compare notes.

"Master Xuan Yu coming here, could it be for Ye Yuan?" Xiao Feng was not stupid either, guessing a trace of inkling very quickly.

Xuan Yu smiled and said, "Yes. I heard that Master Ye's Alchemy Dao is peerless and specially came to ask for advice."

Xiao Feng's pupils constricted. Although he knew that Ye Yuan was very formidable, for even Master Xuan Yu to also respectfully call Ye Yuan 'master', it still made him feel extremely uncomfortable.

One had to know that if Master Xuan Yu stomped his feet, this Heavenly Eagle Imperial City would quake!

His attainments in alchemy were also far from what the average Four-star Alchemy God could compare to.

Now, he was actually so humble in front of Ye Yuan!

But Ning Siyu came to Xuan Yu's side in a huff, pulled him away, and said, "Master, don't exchange notes with this guy anymore. He isn't worthy! Humph!"

Xuan Yu was somewhat surprised by Ning Siyu's attitude. This girl lauded Ye Yuan to the skies, so why did it seem like they fell out in a blink of an eye?

He was not pulled away by Ning Siyu, but asked doubtfully, "Lass, what's wrong?"

Ning Siyu stomped her feet and recounted the matter of Huang Qian uncle and nephew angrily and said, "Master, don't you think that this guy is infuriating? Not worthy of taking on any responsibility, still call master!"

Xuan Yu looked at Ning Siyu, and then he looked at Ye Yuan again, and suddenly said with a smile, "Lass, what do you know? That uncle and nephew two people are Wu Feng's subordinates. Wu Feng also had a life-saving grace toward them. Although killing them is rather despicable, others can't talk behind his back at all! You ask Master Ye to intervene, what identity would he use to go and intervene? There's no justifiable reason!"

When Ning Siyu heard that Master actually stood on Ye Yuan's side, she could not help saying angrily, "Why are you like this too, Master? Need what justifiable reason? Directly capture him, will other people still dare to make idle talk?"

Xuan Yu smiled and said, "You lass, so impatient, craving for the world to be plunged into chaos! Master Ye is merely initial-stage Origin Deity, not only is the Deyi Hall's own strength formidable, but they also

have all kinds of connections with the Dongfang Family and the Pill Tower. You asked him to go and intervene, isn't this sending him into the tiger's maws?"

Ning Siyu was anxiously and reproved, "Then ... could it be that we're not going to do anything?"

"Huhu, you lass! Did he say that he's not caring? Alright, you shouldn't worry, don't be concerned about it too much. Otherwise, go back and face the wall for three years!" Xuan Yu said with a smile.

The moment she heard this, Ning Siyu immediately shriveled up.

"Not worrying about it then! Humph!" Ning Siyu made a funny face at Ye Yuan.

But she also felt much more relieved in her heart. She knew that Master definitely saw through something, that was why he would say so.

Ye Yuan was also very surprised. This old man saw it clear as day and seemed to have already seen through him.

Sure enough, this was not a simple old man.

"Turns out that Senior is Siyu's master. I've offended Senior earlier. Since Senior wants to compare notes on Alchemy Dao, then enter the inner hall and chat then," Ye Yuan said and clasped his hands together.

Xuan Yu could not suppress laughter and said, "I didn't expect that in this Heavenly Eagle Imperial City, this old man actually had to rely on my disciple's face to achieve my goal one day, haha!"

Wherever Xuan Yu went, there were always many attendants crowding around. Who was not respectful to him?

Who knew that today, an Origin Deity Realm junior actually did not even pay attention to him.

Ye Yuan's attitude clearly changed because of Ning Siyu. This made him unable to resist mocking himself.

Entering the inner hall, Ye Yuan opened his mouth and said, "I wonder how Senior wants to compare notes?"

Xuan Yu had clearly long thought about it and immediately said, "Make it pill refining then!"

Ning Siyu immediately spoke up, "Master, you're a Four-star Alchemy God, isn't this bullying people?"

Xuan Yu pulled a long face and said disgruntledly, "Go to one side and watch! In a while, when Master Ye and I refine pills, you learn properly. It's sufficient for you to benefit for life! Competing in pill refinement with Master Ye, what we're competing in are naturally rank three divine pills!"

Ning Siyu muttered to herself and retreated to one side reluctantly.

While Xiao Feng was extremely excited. These two people sparing in pill refinement was absolutely the greatest flourishing moment in the entire history of Heavenly Eagle Imperial City.

But the audience were only him and Ning Siyu, two people. This was a massive lucky chance!

Chasing away Ning Siyu, Xuan Yu turned to Ye Yuan again and said, "This old man prepared ten kinds of pill formulas and prepared two sets of spirit medicines for each pill formula. Let's each refine ten of the same medicinal pill, how about it?"

Ye Yuan was naturally indifferent and said with a nod, "Up to your preference!"

Xuan Yu nodded his head and said, "Then I'll go first! The first kind of medicinal pill, Silvermoon Pointstar Pill."

For the sake of fairness, Xuan Yu only used a rank three medicinal cauldron too. It was the medicinal cauldron that he used when he was still a Three-star Alchemy God.

The moment Xuan Yu made his move, there was naturally the air of a master.

Condensing the embryo, dowsing, refining the pill, it was done in one go.

Ye Yuan observed from the sidelines and could not help secretly nodding.

As expected, worthy of being an important character that even Xiao Feng admired. This pill refining technique could absolutely count as a master.

"Silvermoon Pointstar Pill, the primary ingredient is Silvermoon Weed, Pointstar Seed, two kinds of rank three spirit medicines. But the key lies in the fusion of supplementary materials ..."

After Xuan Yu started refining the pill, Ye Yuan suddenly started reviewing it softly.

Xiao Feng's and Ning Siyu's eyes turned sharp and hurriedly perked their ears up, staring at Xuan Yu with utmost concentration at the same time.

Unrivaled Medicine God

Chapter 1560: Helping You Teach Disciples

The Silvermoon Pointstar Pill's refinement difficulty is considered as medium difficulty. It was slightly easier than the Meridian Heaven Heart Pill.

With Xuan Yu's strength, it did not require too much time.

After four hours plus, the Silvermoon Pointstar Pill was done.

Xiao Feng praised him. "Master Xuan Yu is indeed worthy of being the Pill Tower's Second Elder. This Universe Transfer Hand is truly transcendent! This Silvermoon Pointstar Pill, the lousiest is probably superior-grade too, right?"

Xuan Yu chuckled and said, "This old man has put on an incompetent performance. I wonder what Master Ye thinks about it?"

Ye Yuan said coolly, "Barely passable I guess. Some minute details are still not on point enough yet. But divine-grade should be just about enough."

Xiao Feng listened until the muscles on his face twitched heavily. To dare appraise Master Xuan Yu like this, there was probably just Ye Yuan, right?

But Ning Siyu smiled playfully and said, "Master, he criticized you until you were utterly worthless just now! According to what he said just now, you were more than a tiny bit off. It's simply that you don't know how to refine pills!"

Xuan Yu's eyes glimmered and he said, "Oh? What did Master Ye say just now?"

The corners of Ye Yuan's mouth twitched. He was just explaining for her and Xiao Feng to listen just now.

Xuan Yu was, at any rate, an alchemy master and still had to have face. He did not expect that this girl was so tactless, saying it out to his face.

Ning Siyu did not hide it either, repeating Ye Yuan's words once.

The more Xuan Yu listened, the more solemn his expression got.

Reaching his realm, his understanding of alchemy was naturally not what the average person could compare to.

Even Xiao Feng was akin to a child in front of him.

But some details that Ye Yuan said, they were all something that he had never paid attention to before.

Some understanding regarding Dao, he was actually unable to fully comprehend it!

But with his experience, he could naturally distinguish whether Ye Yuan said it correctly or not.

He was certain that refining according to Ye Yuan's method, the quality would definitely attain greater heights!

Even though reaching divine-grade, this kind of level, the improvement in quality was negligible, the effect was heaven and earth!

The Dao Realm was actually so dreadfully appalling?

This Silvermoon Pointstar Pill was his specialty medicinal pill. He did not expect that there were actually still so many areas missed out.

"Master Ye is indeed well-deserving of being a Dao Realm master, able to recognize the whole through observation of one small part! This old man has been taught by you!" Xuan Yu said.

Ye Yuan raised his eyebrows and said with uncertainty, "The Dao Realm?"

Xuan Yu was surprised as he said, "What, could it be that you actually don't know your realm?"

Ye Yuan smiled bitterly and said, "I broke through by chance. But regarding this realm, I'm completely clueless. Senior please resolve my doubts."

Xuan Yu could not help being speechless. He did not even know about the Dao Realm and he could actually even break through.

But thinking about it, that made sense too. Ye Yuan's level, unless he was an apex major power's disciple, otherwise, how could he possibly know about the existence of Dao Realm?

Straight away, he did not conceal it either. Xuan Yu explained Dao Realm for Ye Yuan to hear.

After Ye Yuan listened to it, he finally understood his current realm.

It seemed like when he re-cultivated Alchemy Dao and used the Ten Directions Heaven Seizing Art, it was already very close to the Dao Realm.

Through his experience in the Heavenspan World, he finally broke through while being at the fiend race's territory

Ye Yuan clasped his hands and said, "Thank you, Senior, for resolving my doubts. It's my turn to refine the Silvermoon Pointstar Pill. Please don't laugh at my performance."

But Xuan Yu stopped Ye Yuan and said, "Master Ye, wait a moment."

Ye Yuan said in puzzlement, "What is it?"

Xuan Yu said, "It's almost time, they should have arrived."

Right then, the shopkeeper came in to report that four young men came outside.

Bringing them in and taking a look, Ning Siyu nearly jumped up: "Eldest Senior Brother, Second Senior Brother, Third Senior Brother, Fourth Senior Brother, why have you all come?"

When Ye Yuan saw this lineup, how could he still not understand? He could not help smiling bitterly and said, "Senior, you're borrowing comparing of notes to have me help you teach disciples!"

Eldest Senior Brother's brows furrowed and he said with a cold snort, "Teach disciples? A mere Three-star Alchemy God actually dares to boast so shamelessly!"

"Master, your status is noble. How can you spar in pill refinement with a Three-star Alchemy God?" Third Senior Brother said.

"Master, you made us come to watch a Three-star kid refine pills? This ... Isn't this wasting time?" exclaimed Fourth Senior Brother.

Only Second Senior Brother sized Ye Yuan up and down and did not say anything.

But his eyes were also full of suspicion.

It was true that Ye Yuan was too young. He was really unable to imagine that such a young man could refine the divine-grade Gale Celestial Stone Pill!

Xuan Yu billowed his beard and said with a cold snort, "The few of you, following this old man these years, you've already become somewhat condescending! Even Master has to show some respect towards Master Ye, but you guys actually dare to be disrespectful towards him?"

The four apprentice brothers' faces could not help changing when they saw Master get angry. Each and every one of them turned silent.

But their faces had a big 'not convinced' written on it. Even a fool could see it.

These apprentice brothers four people, the eldest senior brother and second senior brother were both Four-star Alchemy Gods. Third senior brother and fourth senior brother also both reached peak Three-stars and could break through at any time. How could they possibly be convinced by Ye Yuan?

When Xuan Yu saw their expressions, he was still about to fly off the handle but was stopped by Ye Yuan who said with a smile, "Senior, the ignorant is not to be blamed. You made Four-star Alchemy Gods come and watch a Three-star Alchemy God refine pills, anyone would feel indignant in their hearts."

"Heh, at least you have self-awareness!" Eldest Senior Brother said with a cold smile.

Ye Yuan glanced at him and said with a smile, "How about this, I won't force you guys either. I'll compete in ten pill formulas with your master. If I have a medicinal pill's quality lower than your master's, I'll kowtow and apologize for my offense toward you all, alright?"

"Wildly arrogant!"

"Ignorant!"

"Ignorant of the immensity of heaven and earth!"

Ye Yuan's words made the four people explode all at once.

Even Xuan Yu himself also slightly revealed a look of surprise on his face.

This kid was so confident!

He knew that the Dao Realm was formidable, but just how formidable, he had not seen it before.

It was precisely because the Dao Realm was hard to come by that he would call several apprentices to come and observe and study.

These ten pill formulas were all carefully selected by him, each harder than the last.

Men all made mistakes, horses would stumble. This kid was so confident in himself?

"Hehe, I approve! I approve! Master Ye, teach my senior apprentice brothers a good lesson! Let them know what's called heaven beyond heaven, and that there's always someone better!" Ning Siyu craved for the world to be plunged into chaos and clapped her hands gleefully.

Eldest Senior Brother's face turned black and he said unhappily, "Little Junior Sister, just whose side are you on, to actually help an outsider!"

Ning Siyu stuck her tongue out and said, "I'm naturally on Master's side. But it's really very hard for Master to want to win against Master Ye!"

Ye Yuan just smiled and said to Xuan Yu, "Senior, open the furnace!"

Xuan Yu's palm shook, the Silvermoon Pointstar Pill flew out. It was shockingly a divine-grade!

When Eldest Senior Brother saw the divine-grade Silvermoon Pointstar Pill, he immediately smiled coldly and said, "Saw that? This is true strength! Master already refined a divine-grade Silvermoon Pointstar Pill. I want to see how you are going to surpass him! A mere Three-star Alchemy God, truly ignorant to the max!"

“Kid, sprained your tongue talking big, right? Directly kneel down and kowtow then!” Third Senior Brother also said.

But Ye Yuan laughed in spite of himself and said, “Who told you guys that divine-grade can’t be surpassed?”
