Chapter 1611: Repaying Ingratitude With Kindness

Expending a Herculean effort, Song Qiyang finally refined the Unbosom Immortal Cloud Pill.

He secretly heaved a sigh in relief, wiped the sweat on his forehead, and lamented in his heart, "So freaking tired!"

Disregarding the level, the refining difficulty of the Unbosom Immortal Cloud Pill was already not less than some low difficulty rank four divine pills.

But right at this time, a mocking voice entered his ears.

"Look at you refining a rank three divine pill, why is it like you're having a constipation? I'm even somewhat doubting now, are you really a Four-star Alchemy God? They all said that you're once the Pill Tower's Three-star Alchemy God's number one person. I think this standard is also just so-so!" Gu Han's mockery seemed particularly grating on the ears.

Clearly, he had long finished the refinement, watching Song Qiyang refine with an amused expression by the side.

Song Qiyang was angered until his face was livid and he said furiously, "Punk, don't get too cocky! Flash out your medicinal pill for everybody to see, then be rampant with me!"

Gu Han shrugged his shoulders and said, "See then see, am I scared of you?! After I finished refining it just now, I observed by the side for a while. Regarding winning a rookie like you, I still have confidence."

Finished talking, Gu Han directly opened the furnace.

When everyone saw Gu Han's medicinal pill, each and every one of their faces revealed a look of despair.

"Why?! Why that kid can actually refine a high-grade Unbosom Immortal Cloud Pill!"

"The disparity is too great! With Song Qiyang's pill refinement situation, it's at most also middle or low-grade."

"Sigh, could it be that my Heavenly Eagle Imperial City, nobody can come out and take care of this punk?"

...

Each and every one of these people sighed incessantly. These few days, they were triggered badly by Gu Han.

It was just that none of them thought of Ye Yuan at all. Because the current Ye Yuan would not be included in the junior group long ago.

Ye Yuan was a Pill Tower elder, that was an existence with extremely high status. How could it be possible to get involved in this level of competition?

But if not counting Ye Yuan, there really wasn't someone capable of withstanding Gu Han's genius now.

He already made the Heavenly Eagle Imperial City lose all of its face.

Song Qiyang's expression was incomparably ugly. People are aware of their own affairs, he reckoned that his medicinal pill was most likely just low-grade.

This medicinal pill, he struggled greatly to refine.

Gu Han's face revealed mockery as he said, "Why? Don't dare to open? Or is it that you already know that you lost? Doesn't matter, according to our agreement previously, the one who loses bow three times to the victor, then say three times 'I'm a rookie, who greatly admires Lord Gu Han,' and this matter will be considered over."

Song Qiyang's face turned red, standing there being at loss.

In a corner building, River Eternal Imperial City's head elder had a regretful look. He said with a smile, "Brother Ruo Xu, looks like your Heavenly Eagle Imperial City really has no successor! I heard that this is the disciple that you're most proud of? He actually only has this bit of capability?"

Ruo Xu's face turned as black as the bottom of a wok and said, "Ling Zikun, you merely hit the jackpot and ran into a good apprentice. Being smug for what?"

Ling Zikun smiled and said, "Brother Ruo Xu, don't get angry. Juniors sparring a bit, why are you so angry? You look at when Xuan Yu's female disciple lost that day, she was much calmer than you!"

Ruo Xu said with a cold snort, "Ling Zikun, did you come to my Heavenly Eagle Imperial City to assume great airs, or do you really have important matters? If there aren't important matters, please go!"

Ling Zikun smiled and said, "Look at what you're saying, this old man naturally came here because I have important matters. But this matter isn't urgent for the time being, so I stopped for a longer period of time here. While I'm at it ... let the little fellows spar a bit, it's also considered getting acquainted!"

"Humph!" Ruo Xu gave a cold snort and stopped speaking.

In the crowd, in an inconspicuous corner, Ye Yuan asked Ning Tianping next to him in a low voice, "The others all did this?"

Ning Tianping nodded and said, "Otherwise? This punk is too cocky, but nobody can do anything to him. That's why he's arrogant until now."

In that case, Ning Siyu also bowed to Gu Han.

Ye Yuan did not have overtly angry emotions. This kind of small squabbles was just like children fighting to the current him.

His horizons and state of mind were far from what Gu Han, this kind of kid, could understand.

It was just that Ning Siyu was also considered half his disciple. Being defeated by a little brat, he still felt ashamed.

“Why? Senior Apprentice Brother Song is the disciple that Head Elder Ruo Xu values the most, it wouldn’t be can’t bear a loss and want to repudiate your debt, right?” Gu Han said with a smile that was not a smile.

Song Qiyang’s face turned into the color of pig’s liver. Making him, a Four-star Alchemy God, bow to a Three-star Alchemy God, and even had to call the other person lord, this was simply even more uncomfortable than eating a fly.

But in front of so many people, if he went back on his word, then what he disgraced wouldn’t just be him alone, there was also the entire Heavenly Eagle Imperial City’s people.

“Goddamit, what kind of world is this? Why are there so many freakish existences?”

Song Qiyang cursed in his heart, resolved his heart, and was just about to bow, but had their collar held by someone from behind.

Turning around to look, he could not help opening his mouth wide.

When the onlookers saw this young man who suddenly appeared, each and every one of them became incomparably excited, virtually almost shouted out.

Ye Yuan did a hush hand gesture, signaling everyone to be quiet.

Those people immediately understood and instantly quietened down.

But that look of anticipation on their faces could not be concealed no matter what.

Gu Han looked at everyone’s reaction, his face revealed a suspicious look.

Who was this? Why did everyone have this kind of expression?

Seemed like the moment this kid came, he could overcome the raging tides.

The other party was clearly just a grand completion Origin Deity.

In terms of realm, he was not even as high as him!

This kind of rookie wanted to beat him?

Dream on!

Didn’t he see that this Four-star Alchemy God in front of him already lost to him?

“Ye ...”

Song Qiyang was just about to speak but was interrupted by Ye Yuan. He said coolly, “Alright, leave it to me here. You go to one side and watch.”

Seeing Ye Yuan say so, Song Qiyang was akin to being granted amnesty and heaved a long sigh of relief in his heart.

He never dreamed that Ye Yuan would actually come forward at this time.

One had to know, his past with Ye Yuan was rather unpleasant!

If it were him, he might also want to watch Ye Yuan lose face on the stage, then go up and send this hateful punk packing.

Thinking this way, Song Qiyang could not help being somewhat moved in his heart.

He discovered that compared to Ye Yuan, he was simply a despicable person!

He repaid ingratitude with kindness, letting him leave casually at this time. It could be said to save his face to the greatest limit.

For the first time, Song Qiyang somewhat regretted opposing Ye Yuan.

“Halt! Senior Apprentice Brother Song, are you going to go back on your word here? If you do so, where you want Head Elder Ruo Xu’s face to go?” Gu Han did not take Ye Yuan seriously at all and said in a solemn voice.

Song Qiyang’s figure froze, and sure enough, stopped moving.

Ye Yuan waved his hand at him, indicating for him to go down, and said coolly to Gu Han, “He didn’t renege. His bet with you, I’ll take it over.”

Gu Han sized Ye Yuan up and down with a glance and said with a snicker, “You? A mere Three-star Alchemy God, what right do you have to help a Four-star Alchemy God take over? Your face isn’t that big yet!”

Chapter 1612: It Then

Regarding Gu Han’s contempt, Ye Yuan thought nothing of it.

“Isn’t Lord Gu Han known as River Eternal Imperial City’s number one genius? Why? You don’t even dare to accept a challenge from me, a mere Three-star Alchemy God?” Ye Yuan said with a light smile.

Gu Han had a proud look as he said, “Not just any random Tom, Dick, and Harry can challenge me! Who I challenged were all Heavenly Eagle Imperial City’s first-rate young geniuses. So who the hell do you think you are?”

This Gu Han was arrogant at heart and haughty in manner. The targets that he challenged were not randomly selected, but only challenged after careful inquiry.

It was just that nobody told him that Heavenly Eagle Imperial City still had a terrifying existence.

This existence was already not on the same level as a so-called genius like this.

The moment Gu Han’s words came out, immediately, a strange atmosphere spread out through the crowd.

Ye Yuan gently made a gesture, signaling everyone to calm down.

Everyone immediately understood and quietened down very quickly.

They already saw through that Ye Yuan was deliberately here to slap faces, and that he intentionally gestured to them to not divulge his identity.

Everyone was incomparably depressed these few days. Their geniuses suffered a crushing defeat, now, even the Four-star Alchemy God Song Qiyang was defeated.

More importantly, if they lost, they lost. But the one who lost even had to bow three times to him and even had to say that kind of nauseating words.

Gu Han's actions already aroused everyone's feelings of being filled with a common hatred for the enemy.

Ye Yuan taking the initiative now to come out and take care of Gu Han, how could they not be happy? Hence, they became very cooperative.

They all thought very playfully in their hearts that the expression on Gu Han's face in a while would definitely be extremely wonderful!

You're a genius?

You are unmatched under the heavens?

Hur hur!

When you witness Elder Ye's means, you'll know that your pride is simply a joke.

Ye Yuan was not angry either and said with a light smile, "Whether I have the qualifications to challenge you or not, you ask them and you'll know. You guys, do I have the qualifications to challenge him?"

Ye Yuan said it to the crowd of onlookers, they were also very cooperative when they heard.

"Ye Yuan is our imperial city's youngest genius. He naturally has the qualifications to challenge you!"

"If even Ye Yuan doesn't have the qualifications, then nobody has this qualification!"

"Not daring to accept the challenge, you wouldn't be afraid of losing, right?"

...

Everyone clamored to get a word in, but nobody revealed Elder Ye Yuan's identity.

If not saying it out personally, Gu Han wouldn't believe even if he was beaten to death, that Ye Yuan was actually an elder-class figure.

In the corner building, Ling Zikun laughed in spite of himself and said, "Brother Ruo Xu, your Heavenly Eagle Imperial City's junior disciples already can't send people out? Even a Four-star Alchemy God was defeated, but to send out a Three-star Alchemy God over, isn't it simply asking for humiliation?"

Ruo Xu's face revealed an extremely strange expression. He did not expect that Ye Yuan would actually come forward at this time.

He even thought that Ye Yuan had no interest in this kind of struggle between juniors. He knew that with Ye Yuan's realm, this level of fighting was merely small squabbles.

But very clearly, Ye Yuan stepping up at this time was the most suitable.

"Ling Zikun, you don't get cocky too early! This young man is different from the rest!"

How shrewd was Ruo Xu? How could he reveal Ye Yuan's identity?

This Ling Zikun postured in front of him every day, so he had already had enough of that attitude.

Now that Ye Yuan took the initiative to step forward and slap faces, how could he not help him achieve success?

His conflict with Ye Yuan was also just internal conflict no matter what. But now, people were bullying his own side, so how could he help outsiders?

Sure enough, Ling Zikun had an indifferent look and could not help laughing as he said, "Different from the rest? How different can he be? Among Three-star Alchemy Gods, it's impossible for there to be someone who's Gu Han's match. His strength, you saw it too. What are the chances of winning do you think this unknown kid has?"

Ruo Xu gave a cold snort and stopped speaking.

But he was secretly thrilled in his heart.

Even I am Ye Yuan's vanquished opponent. But this dog-fart apprentice of yours also want to win against Ye Yuan?

You aren't even qualified to kneel and lick his shoes!

...

Seeing everyone's words, combining with the looks when everyone saw Ye Yuan previously, Gu Han already determined that Ye Yuan was likely a rising star in the city.

Except, why did no one tell him that there was still such a young powerhouse after he inquired for so many days?

Could it be that this guy in front of him was the strongest person among the young generation?

However, who cares!

Any young genius could only kneel and lick him too!

"Alright, I'll give you this opportunity! Same rules, you lose, together with him!" Gu Han said proudly.

Ye Yuan smiled and said, "Done, no problem."

Gu Han gave Ye Yuan a glance and said coolly, "Don't say that I'm bullying you. You pick the medicinal pill. Just pick that one that you're best at because it doesn't matter to me."

Ye Yuan pointed at the Unbosom Immortal Cloud Pill and said with a smile, "This then."

Gu Han was taken aback. He even thought that Ye Yuan wanted to pick some easier medicinal pills. He did not expect that this kid actually dared to challenge the Unbosom Immortal Cloud Pill.

After being dazed, Gu Han laughed in spite of himself and said, "Kid, do you really know how to refine pills? Could it be that you're blind? Even your Senior Apprentice Brother Song, a dignified Four-star

Alchemy God, nearly failed just now. You, a Three-star Alchemy God, actually want to compete in the Unbosom Immortal Cloud Pill with me?”

Song Qiyang did not leave, being said so by Gu Han, his entire person blushed red with embarrassment.

He wished to rush up to the stage and peel this punk’s skin off.

Ye Yuan smiled and said, “Just the Unbosom Immortal Cloud Pill, it’s nothing much.”

Gu Han knew that he was very arrogant, but he suddenly discovered that this guy in front of him was even more arrogant than him!

“Yoo, what high-sounding sentiments! Then I want to see whether or not your strength can match your tone!” Gu Han could not help laughing as he said.

The competition started.

The moment Ye Yuan made a move, Ling Zikun’s expression changed.

That kind of Great Dao melody, that skilled to the extreme pill refining technique, was not on the same level as Gu Han at all.

With Ye Yuan’s current strength, refining the Unbosom Immortal Cloud Pill was too easy. He only used 20% to 30% strength and it was sufficient to insta-kill Gu Han.

But in Ling Zikun’s view, it was completely not the case.

“This ... Could it be that this young man is your disciple? Brother Ruo Xu, you concealed so deeply!” Ling Zikun’s words revealed astonishment and helplessness.

He did not expect that Ruo Xu actually saved his ace in the hole till the end.

Only several dozen breaths passed and Ling Zikun knew that Gu Han did not have any chance of winning at all.

Not even a scrap!

Seeing Ling Zikun’s deflated expression, it was Ruo Xu’s first time laughing so happily in this one month.

Ruo Xu laughed and said, “Heh heh, this old man doesn’t have that blessing and also doesn’t have that strength.”

Ling Zikun said in surprise, “Could it be ... an apprentice of one of those few people?”

Heavenly Eagle Imperial City, the strongest were naturally not Ruo Xu and Zheng Qi.

The truly powerful existences normally could not be seen at all.

Hence, Ling Zikun thought of those few straight away.

Ruo Xu smiled and said nothing. He did not answer Ling Zikun.

Merely less than one hour and Ye Yuan was done.

When Gu Han finished refining, he discovered that Ye Yuan was currently looking at him with a look of amusement.

That expression was the exact same as how he looked at Song Qiyang before.

Unrivaled Medicine God

Chapter 1613: So-called Genius

Ye Yuan opened the furnace very leisurely, retrieved the pill. Naturally, Gu Han was shocked, not daring to believe it.

“D-Divine-grade! How is this possible!” Gu Han said in shock.

“Why can’t it be possible?” Ye Yuan said with a smile that was not a smile.

Gu Han pointed at Ye Yuan’s medicinal pill and said, “You’re just a Three-star Alchemy God, so how can it be possible to refine a divine-grade Unbosom Immortal Cloud Pill?”

Ye Yuan smiled and said, “Since it’s a rank three divine pill, why can’t a Three-star Alchemy God refine divine-grade? You can’t do it. It’s just because your cultivation is lacking.”

Gu Han was rendered speechless. His expression flickered non-stop and he gritted his teeth and said, “I don’t accept it! L-Let’s compete again!”

Ye Yuan shrugged his shoulders and said coolly, “Alright, your turn to choose this time then.”

Gu Han gritted his teeth and said, “I want to compete in the Mystic Moon Qi Condensing Pill with you!”

Mystic Moon Qi Condensing Pill was Gu Han’s current maximum ability.

If categorizing it according to difficulty, it should belong to peak level six.

With Gu Han’s present ability, even refining low-grade was only through brute force and with difficulty.

But at this time, he already could not care.

Compared to other geniuses, Gu Han’s age was already considered very young. Till this date, he was also merely 500 to 600 years old.

But today, he was completely defeated by someone at the same rank who was less than 300 years old. He could not endure this grievance.

Ye Yuan smiled and said, “I even thought that you’d pick some level seven difficulty. I didn’t expect that choosing here and there, it’s still level six. Forget it, don’t need you to refine either. You just watch by the side. When I finish refining, if you feel that you can surpass me, then it’s not too late to make a move then.”

Gu Han was so angry!

He had never been underestimated by someone like this before since he became famous in River Eternal Imperial City until now.

Ye Yuan’s words were clearly despising that his pill refinement speed was slow!

A sense of humiliation rose in Gu Han's heart.

These few days, he virtually swept across all the way, sweeping away Heavenly Eagle Imperial City's young geniuses.

Now, it was his turn.

But before waiting for him to agree, Ye Yuan already started refining the pill.

The more Gu Han watched at one side, the more alarmed he got. He was utterly dumbfounded by Ye Yuan's alchemy skills.

A Three-star Alchemy God could really do it to this extent?

The dull and boring pill refinement actually became beautiful in Ye Yuan's hands, making people have the jubilation of comprehending Great Dao.

There was actually still this kind of performance?

Gu Han finally understood it. He was not in the same order of magnitude with Ye Yuan at all!

An hour passed in a flash. When Ye Yuan successfully condensed the pill, Gu Han could not even quite dare to believe his own eyes.

A peak level six difficulty medicinal pill, he actually only needed an hour and it was done?

How in the world did this guy do it?

Ye Yuan was not long-winded, directly opening the furnace.

Gu Han looked at the divine-grade Mystic Moon Qi Condensing Pill, his eyeballs almost popping out.

"Well? If you can refine a void spirit divine-grade Mystic Moon Qi Condensing Pill, I'll admit defeat," Ye Yuan said with a smile.

When Gu Han heard, the corners of his mouth could not refrain from twitching heavily.

Void spirit divine-grade?

You're messing with me, right?!

"Hahaha, my Lord Gu Han, weren't you very cocky just now? Continue being cocky then!"

"My Lord Gu Han, didn't you claim that my Heavenly Eagle Imperial City has no one?"

"My Lord Gu Han, now, you're defeated. Who will your River Eternal Imperial City be sending over?"

"Hey, you lost. Quickly bow to our Elder Ye!"

"What genius?! What undefeatable in the same rank?! In front of Elder Ye, all are trash!"

...

The onlookers eating melon seeds had long been unable to hold it in, all erupting at this time.

They called 'my Lord Gu Han' again and again, speaking sarcastically to the extreme.

Holding back for a month, they could finally hold their heads up high now!

Originally, comparing notes and sparring among young geniuses, this was no big deal.

But this Gu Han was too tyrannical. People lost and they still had to bow, and even call him Lord Gu Han.

Him acting like that, it would be weird if the Heavenly Eagle Imperial City's people could be happy.

At this time, if they did not give Gu Han hell, then when would they wait until?

Ye Yuan looked at Gu Han and said with a smile, "What's the meaning of not talking? Is this not admitting defeat? River Eternal Imperial City's young genius is merely thus!"

Gu Han's entire person was dazed at this time and had yet to react to Ye Yuan's identity of elder.

There was not only Gu Han alone present, but there were also still several of his senior apprentice brothers.

At this time, a youth holding a sword slowly walked out of the crowd, his gaze scorching as he looked at Ye Yuan and said, "This brother, I wonder what they are calling you Elder Ye for?"

Ye Yuan smiled and said, "Calling me elder is naturally because I'm a Pill Tower elder."

The faces of the youth holding the sword and Gu Han changed, their eyes full of shock.

In front of so many people, it was naturally impossible for Ye Yuan to lie.

Then, this young man before their eyes was actually really an elder of the Pill Tower?

Too ridiculous, right?

After the shock, the youth holding the sword gave a bow to Ye Yuan and said, "Since you're a Pill Tower elder, coming forward to deal with my junior apprentice brother now seems to be somewhat bullying the weak as the strong, right?"

Ye Yuan looked at the youth grasping the sword and said coolly, "If your junior apprentice brother has my strength, he can naturally become an elder too. The crux isn't my identity but strength! Didn't he say that he wanted to challenge Heavenly Eagle Imperial City's geniuses? This Ye is untalented. Touching my heart and examining my conscience, I should be considered of the same age as your junior apprentice brother. Our realms are similar too, so it shouldn't be bullying the weak as the strong, right?"

Ye Yuan's words made the two people choke.

Yeah, Ye Yuan relied on his strength to become an elder.

But in reality, Ye Yuan was just the same age as them, even younger than them!

Him coming to accept the challenge, nobody could say any complaint.

The sword-grasping youth said in a solemn voice, "No matter what, Elder Ye's status is also put there and originally shouldn't join in our junior generation's sparring."

Ye Yuan's gaze was scorching as he said, "Then your meaning is, only you guys are allowed to win, Heavenly Eagle Imperial City isn't allowed to win?"

The sword-grasping youth had an embarrassed look. He discovered that this Elder Ye did not seem easy to deal with.

However, Gu Han was young and aggressive. Ye Yuan's words deeply triggered him.

His head heated up and he said in a clear voice, "Elder Ye, is it? I admit that you're of the same age as me, I also admit that I can't match up to your Alchemy Dao! But I'm still unconvinced! To me, Alchemy Dao is merely auxiliary, while Martial Dao is the right path! Elder Ye, this Gu is untalented and wants to challenge Elder Ye! I wonder if you dare to accept the challenge?!"

The moment these words came out, everyone's faces revealed odd looks.

If it were before, they naturally felt that Ye Yuan could not beat Gu Han.

But now, Ye Yuan was known as the Martial Tower's number one person!

Two years ago, he became the one and only martial artist capable of coming out of the spatial inheritance.

Such monstrous talent, who could compare?

This Gu Han, really giving up until he reached the Yellow River, not shedding tears until he saw the coffin!

The sword-grasping youth also said coolly, "Elder Ye, a so-called genius should be exceptional in both alchemy and martial arts! Since you're Heavenly Eagle Imperial City's elder, I presume that you also have some achievements in martial arts. If you can defeat my junior apprentice brother in martial arts too, we'll naturally be wholeheartedly convinced!"

Gu Han said, "Elder Ye, if you can best me in martial arts too, I'll kowtow to you three times!"

Ye Yuan gave these two people a glance and said helplessly, "Since you guys said so, then this elder will accept deferentially than to decline courteously."

Chapter 1614: Powerful Spatial Laws

Ling Zikun's expression was very ugly. He looked at Ruo Xu and said in a solemn voice, "Brother Ruo Xu, are you messing with me? Making an elder go and deal with my disciple, what is this if not bullying the weak as the strong?"

Actually, Ling Zikun knew that he was quibbling.

Ye Yuan's age was even much younger than Gu Han, so this argument could not hold water at all.

If want to say, he could only say that Gu Han's talent was much worse than Ye Yuan's.

For a Three-star Alchemy God to possess such terrifying talent, it truly made people be in despair!

These few years, he had always felt smug because of taking in Gu Han, this disciple, and also liked to bring Gu Han along to challenge everywhere.

During these recent few years, Gu Han had seen few defeats.

But today, they really kicked an iron plate.

Ye Yuan looked to be merely a little kid, but this little kid was already an honorable elder!

How could Ruo Xu be that easy to bluff? It was only to see him chuckled and said, "Brother Zikun, Elder Ye is my Pill Tower's elder. This old man doesn't have that authority to direct him to go and teach your disciple a lesson. Moreover, even though Elder Ye is a Pill Tower's elder, his age is even much younger than Gu Han. To talk about my Heavenly Eagle Imperial City's real strongest young genius, it should be him! You saying these words is a baseless false accusation."

Ruo Xu was refreshed in his heart. For the first time, he had gratitude, this emotion, toward Ye Yuan.

In this one month, he had suffered quite a bit of loss.

In front of Ling Zikun, he never raised his head before.

Ling Zikun's face was black as the bottom of a pot as he said in a solemn voice, "Resorting to sophistry in self-justification! No matter what, he's an elder! How can he go and compete with this old man's disciple?"

Ruo Xu gave him a glance and said with a smile, "Elder Ye is really disdainful to take action against your disciple. You aren't aware, back then, he casually taught Ning Siyu that lass for a few days and she defeated my disciple. If my conjectures are right, he's here to stand up for Ning Siyu that girl."

Ling Zikun's expression flickered incessantly and he said in a solemn voice, "Humph! So what?! My disciple is skilled in alchemy and martial arts. When he beats your Elder Ye, then your Heavenly Eagle Imperial City will utterly lose its face!"

But when Ruo Xu heard, he did not refute it.

That meaningful smile made Ling Zikun's heart palpitate.

Could it be that this Elder Ye was even a martial art expert?

Impossible!

This Elder Ye was so young, his Alchemy Dao had already reached sublimity. So how could his Martial Dao possibly be stronger than Gu Han?

But what was with Ruo Xu's expression?

...

"Eldest Senior Brother, this Elder Ye's alchemy talent is too terrifying! But in martial arts, he definitely can't match up to Little Junior Brother!"

The sword-grasping youth nodded and said, "Little Junior Brother fused the law of wind and law of fire. Furthermore, the two powers of laws are comprehended extremely highly. Ordinary same rank martial artists are not his match at all. Moreover, this Elder Ye's realm is not even as high as his."

"Huhu, this Elder Ye thinks that he's a genius. He's too condescending! Even if it's me, if at the same realm as Little Junior Brother, I'm definitely not his match either."

The sword-grasping youth smiled and said, "When Little Junior Brother defeats this Elder Ye, Heavenly Eagle Imperial City will have utterly lost its face."

Gu Han looked at Ye Yuan proudly and said with disdain, "Make your move! My realm is higher than yours, so I'll allow you three moves, lest that others say that I am bullying you!"

With him saying those words, people revealed odd looks again.

Elder Ye is an existence who comprehended spatial laws, and you allow him three moves?

This ... How fearless is this punk?

Sure enough, Ye Yuan smiled and said, "I, as an elder, could it be that I can still take advantage of you, a junior? Want to allow, it's also me who allows it. How about this? Feel free to make your move, and I won't retaliate. As long as you can touch the corners of my sleeves, consider it my loss!"

Gu Han seemed to have the funniest joke in the world. He wondered if this Elder Ye's head had a problem?

Could it be that Ye Yuan did not hear that he had already swept across the Martial Tower?

Could it be that Ye Yuan did not know that he fused the law of wind and law of fire?

Yes, he must not know of it!

Posturing huh?

Want face because of your identity as an elder?

You're just a Pill Tower elder, not Martial Tower elder!

Gu Han's senior apprentice brothers also froze when they heard it, and they immediately exchanged glances and smiled.

The sword-grasping youth smiled and said, "This Elder Ye is also an interesting person."

Gu Han laughed in spite of himself and said, "My Elder Ye, this is what you said! When you lose in a while, you'll bow to me six times all the same!"

Ye Yuan said coolly, "Of course, I'm as good as my word."

When Gu Han heard that, his face fell and a powerful aura spread out.

The battle previously, Gu Han did not even attack with his full strength.

But this time, he decided to go all out.

This man in front of him made him somewhat jealous!

He, being a genius, it was his first time being challenged by others!

He was truly unable to imagine it that a young man who was so much younger than him actually already became the Pill Tower's elder.

This was a disgrace to me.

"Wind Fire Setting Sun!"

Two powers of law blended in perfect harmony. Two kinds of terrifying spiritual energy displayed unrivaled power under the turbulence of the power of law.

When everyone saw this scene, each and every one of their faces revealed shock.

Only now did they know how great Gu Han's talent was!

It turned out that when he dealt with the Heavenly Eagle Imperial City's geniuses, he actually did not do his best!

At this time, the fire borrowed the wind's momentum, the wind helped the fire to blaze. The powerful attack came down onto Ye Yuan overwhelmingly.

This power gave people a feeling of palpitation.

However, Ye Yuan was composed, not moving a muscle. It was as if he did not have the intention of evading at all.

Seeing this scene, Gu Han could not resist laughing coldly, "Courting death!"

He was very confident in his attack. Ye Yuan actually did not dodge or evade. What was this if not seeking death?

But in the next instant, Gu Han's eyeballs nearly popped out.

"Impossible! How ... How can it be like this?!" Gu Han said with a look of disbelief.

Gu Han's attack suddenly disappeared several dozen feet in front of Ye Yuan.

When it appeared again, it already passed through Ye Yuan, directly arriving behind him.

Boom!

The grand array shook violently. This attack blasted onto the protective grand array solidly.

"Eldest Senior Brother, what happened? That Elder Ye didn't move at all, why did Little Junior Brother's attack pass right through him?"

The sword-grasping man's expression changed drastically and he cried out in shock, "Spatial laws! My eyesight isn't failing, right? How is this possible?"

The sword-grasping man's junior brother said in disbelief, "Spatial laws? Eldest Senior Brother, are you mistaken? How can there possibly be someone who comprehended spatial laws while being at the Origin Deity Realm?"

The sword-grasping man had shock written all over his face as he said, "It's absolutely spatial laws, no mistake! Furthermore, his spatial laws comprehension is already very high! Little ... Little Junior Brother has lost! He doesn't have any chance! No wonder Elder Ye dared to utter such brave words. Turns out that he actually comprehended spatial laws!"

Gu Han's expression was ugly to the extreme. Gritting his teeth, he said, "I ... I don't believe that I can't take care of you!"

Done talking, Gu Han's figure moved, dashing over toward Ye Yuan like lightning.

Unrivaled Medicine God

Chapter 1615: Brutalized to Tears

"Huu ... Huu ... Huu ..."

Gu Han panted heavily for air. His divine essence was already close to being exhausted, and he was tired until he was virtually collapsing from exhaustion.

But no matter how hard he tried, he could not touch the corners of Ye Yuan's sleeves.

The surroundings were dead silent. Their breathings were virtually about to stop.

All along, they had heard that spatial laws were very powerful; one of the supreme laws.

But just how strong spatial laws were, they had not seen it personally.

But today, they truly witness the might of spatial laws!

No one doubted Gu Han's strength. Being able to fuse two kinds of laws to this degree, his strength was already extremely daunting.

To say that he was undefeatable in the same rank was also not an exaggeration.

However, he still could not even touch a sliver of Ye Yuan's sleeves!

Everyone understood. If Ye Yuan wanted to kill Gu Han, he would not survive within a single breath of time.

"T-Too strong! Are these spatial laws? Simply undefeatable!"

"Grasping space, all attacks can't touch the other party at all, how to fight still?"

"No wonder it's called a supreme law. This level of strength, it's impossible for anyone to be Elder Ye's match beneath the Divine Lord Realm!"

...

People came back to their senses, but now they had a clearer understanding of Ye Yuan's might.

This level of strength, probably only the Divine Lord Realm's world power could resolve it.

"I ... I lost! Sniff, sniff ... I lost!" Gu Han finally shed unwilling tears and conceded.

Yes, he cried!

Today, it was his most agonizing failure in several hundred years.

There had never been an opponent who made him so powerless before.

This made his self-esteem had an intense sense of setback.

Alchemy Dao, crushed until he was badly battered and bruised.

Martial Dao, could not even touch the corners of his sleeves.

Genius?

This was simply a joke!

When people saw this scene, each and every one of them was stunned.

They did not expect that Gu Han was actually brutalized to tears.

But thinking about it, they felt that it made sense too.

Peers encountering Ye Yuan was really a tragedy.

From the beginning, this was a mistake.

If not for this case, on what basis could Ye Yuan set on the throne of elders?

At this moment, people actually inexplicably had an additional trace of favorable impression toward this arrogant Gu Han.

Mn, also sympathy.

In this one month, the impression that Gu Han gave people was very impetuous and arrogant, very overbearing. The feeling that it gave people was very uncomfortable.

But looking at it now, he was merely still a child.

Even though Gu Han's age was much younger than Ye Yuan, he clearly did not have Ye Yuan's legendary experiences. He naturally could not possibly remain indifferent when granted favors or be subjected to humiliation like Ye Yuan.

Ye Yuan also did not expect that Gu Han actually did something like this. After being momentarily dazed, he went up to pat his shoulder and said coolly, "Victory and defeat are common for soldiers. You only lost for a period of time, so it's no big deal."

Gu Han slapped Ye Yuan's hand away and said with tears in his eyes, "I don't need your pity! Are you trying to use the attitude of the victor to humiliate me right now? Dream on!"

This sentence made the hint of favorable impression that just appeared in everyone immediately vanish like soap bubbles.

But Ye Yuan did not get angry and said coolly, "Do you think that I have that need?"

Gu Han could not help choking when he heard that. He looked at Ye Yuan and opened his mouth, but he could not speak.

Yeah, Ye Yuan was not someone in the same world as him at all!

His bit of pride was worth nothing in Ye Yuan's eyes!

He was the Pill Tower's elder, an apex figure of the imperial city.

While him?

He indeed had a lot of potential and might become River Eternal Imperial City's apex figure in the future too.

But that was many, many years later.

His gap with Ye Yuan would only grow bigger and bigger along with the passage of time, and not shrink!

Ye Yuan looked at his expression and said with a smile, "You only saw my strength, but you don't know what I've experienced. Strength never comes out of thin air, for me to be able to defeat you, it's not just winning you in terms of talent. I admit that you're indeed extraordinarily talented, but thousands and tens of thousands of years later, you might not be stronger than our Heavenly Eagle Imperial City's disciples! Therefore, if you come to compare notes, we welcome it. But you were too overbearing when doing things, so we don't welcome you."

Only when Gu Han heard this did he know why Ye Yuan took action.

He suddenly realised it. Had he gone too overboard?

Winning one's opponent and even deliberately humiliating the opponent, this kind of thing happening to anyone, they would not be happy either.

"I ... I was wrong!" Gu Han said in a low voice.

The sword-grasping man suspected whether he heard wrongly or not. Little Junior Brother actually admitted his fault to others!

Someone as proud as Little Junior Brother actually admitted fault to others!

Everyone exchanged glances, all dumbfounded.

This stubborn and unruly young man actually admitted his fault to Elder Ye!

Too awesome!

Ye Yuan looked at Gu Han and said with a smile, "Even if you win against all of Heavenly Eagle Imperial City's genius disciples, I can't be bothered to care about you either. But you won and even wanted to humiliate your opponent, I can't put up with that. You're slapping the entire Heavenly Eagle Imperial City's face. I, as a Pill Tower's elder, naturally have to make a move to teach you a lesson. Leave then, with your talent, your future prospects will be limitless. But if you keep on putting on airs and looking down on people like this, you'll suffer a big loss sooner or later. Today, I only made a move to teach you a lesson, but your enemy probably won't let you off easily."

Gu Han gritted his teeth and said, "I ... Many thanks for Elder Ye's teachings!"

Finished talking, Gu Han bowed three times to Ye Yuan respectfully, turned around, and left.

The sword-grasping man and the rest were scared of Gu Han meeting with a mishap and hurriedly followed after.

A senior apprentice brother said, "Little Junior Brother, you ... You don't have to take it to heart. Victory and defeat are common fare for soldiers, next time, let's just win back!"

Gu Han gave him a glance and said, "Senior Apprentice Brother, do you think that I have a chance to win him?"

That senior apprentice brother choked when he heard that. He very much wanted to say can, but he knew that if nothing too unexpected happened, Gu Han probably could not catch up to Ye Yuan for the rest of his life.

The disparity between them was not what hard work could make up for at all!

Gu Han suddenly turned around and said to the sword-grasping man, "Eldest Senior Brother, the precious treasure coming into being this time, I want to go too!"

The sword-grasping man was not too surprised and said with a smile, "I have no objections. But ... it still requires Master's approval."

Gu Han nodded his head, turned around, and left.

...

"Tsk tsk, Elder Ye is Elder Ye, really too impressive!"

"Yeah, that kid has been showing off these few days. Not only did Elder Ye brutalize him to tears, he even made him admit his fault obediently. Such means, I'm convinced!"

"Whatever kind of genius, once they meet Elder Ye, that's a tragedy!"

"Haha, Elder Ye is simply a genius killer! In the past, Song Qiyang was like this. Now, this Gu Han was also like this."

...

The news of Ye Yuan brutalizing Gu Han to tears made everyone talk with great gusto.

Ravaging Gu Han was within everyone's expectations.

But they never thought that Gu Han actually took the initiative to admit fault in the end, his attitude sincere.

Such a stubborn and unruly genius, this simply made people's jaws drop.

In the corner building, Ling Zikun finally heaved a long sigh and said to Ruo Xu, "Oh, Ruo Xu, it's almost time. We should also talk about business."

Unrivaled Medicine God

Chapter 1616: Xiantian Divine Lord Mystic Treasure

“elders, i believe that the news of ling zikun’s arrival, everyone already knows about it. actually, his real objective of coming this time is to seek help from us ...”

ruo xu spoke with confidence and composure, introducing the true objective of ling zikun coming this time, making all of the elders visibly moved.

it turned out that river eternal imperial city had a sudden phenomenon. it was very likely that a precious treasure was about to be born.

but the place where the phenomenon occurred was at the borders with eminent orchid imperial city.

this phenomenon clearly could not hide from the eyes and ears of the fiend race.

a precise treasure capable of causing a heaven and earth phenomenon, the fiend race would naturally covet it too.

now, there were already large groups of experts gathering at the place where the phenomenon occurred.

river eternal imperial city was worried that a single log could not prop up a tottering building. hence, they sought assistance from the surrounding imperial cities.

ling zikun’s party precisely came to heavenly eagle imperial city to ask for help.

the two imperial cities were adjacent neighbors. if river eternal imperial city wanted to seek help, they naturally had to look for the heavenly eagle imperial city.

“elder zheng qi, this matter still needs your martial tower to take action. what do you think?” ruo xu asked zheng qi.

zheng qi mused for a moment and said, “this matter concerns the fiend race, we naturally have to help. it’s just that, if there is only one precious treasure, what should be done about the final ownership?”

ruo xu said, “this matter, i’ve already asked ling zikun. he said that precious treasures are obtained by the fated. as long as it doesn’t land in the hands of the fiend race, that will do. but hearing ling zikun’s meaning, this precious treasure is likely extraordinary. it might attract fiend race celestial deity realm powerhouses!”

the moment these words came out, everyone’s face suddenly changed.

once celestial deity realm powerhouses stepped in, this matter would become very tricky.

zheng qi thought about it and said, “this matter, best for this old man to personally take action! with the others going, they probably can’t control the scene. disregarding fiend race powerhouses, just that land where precious treasure would be born will likely be quite dangerous too.”

“no way! head elder zheng, you’re the martial tower’s leader! how can you take the risk personally?”

“yeah, head elder zheng, you’re the strongest person in the martial tower. if you were to meet with any mishap, what would we do?”

the moment zheng qi said that he wanted to go, many elders directly expressed objection.

but zheng qi waved his hand and said, “it’s precisely because this old man is the strongest that i have to personally go there. supporting river eternal imperial city is one thing, seeing if there’s a chance to seize the precious treasure is another. more importantly, i have to bring the people who go back! this matter, there’s no need to say anything, this old man’s mind is made up!”

at this time, the pill tower and martial tower’s elders were all present.

the martial tower was going on an expedition, so the pill tower naturally had to refine a batch of medicinal pills too.

ye yuan looked at zheng qi, his gaze revealing admiration.

anyone knew that this trip was dangerous. even celestial deity realm powerhouses might be alarmed. seizing treasure this sort of thing, it was probably not that easy.

even if zheng qi went personally, it was also not certain that he could return safe and sound.

clearly, zheng qi knew that this trip was perilous, that was why he would go personally, only to hope to bring some more people back.

this undertaking filled ye yuan with deep veneration.

at this time, he could casually appoint an elder to go, and presumably, no one would dare to say a word.

ruo xu also did not expect that zheng qi was actually so decisive. he opened his mouth and said, “old brother, have you really decided on this?”

zheng qi nodded and said, “brother ruo xu, those few are in closed-seclusion all year round. when this old man isn’t around, heavenly eagle imperial city will be entrusted to you.”

ruo xu sighed and said, “alright! this matter, this old man can’t help much either. these few days, this old man will urge the pill tower’s elders to refine more batches of medicinal pills.”

zheng qi cupped his fists and said, “then i’ll have to trouble brother ruo xu!”

afterward, zheng qi picked out another ten or so martial tower elders, deacons, and protectors.

these people had to follow him.

even head elder was personally going, they naturally had no reason to refuse.

moreover, this kind of thing, if it happened to anyone, they would have the mentality of leaving things to luck.

what if the precious treasure was obtained by them?

“alright, this matter is decided, all disperse then,” ruo xu said.

at this time, the ye yuan who had been silent all along suddenly spoke up, "head elder zheng, i'm going too."

ruo xu's brows furrowed and he berated, "elder ye, what are you messing around for?"

the moment zheng qi heard, he also shook his head and said, "elder ye, this trip is too dangerous, even this old man doesn't have the confidence to get out unscathed. you'd best not go. you're our heavenly eagle imperial city's future hope, nothing must happen to you!"

ye yuan smiled and said, "everyone, calm down. listen to me until the end."

as he said, he looked at ruo xu and asked, "head elder ruo xu, did ling zikun tell you what the precious treasure coming into being this time is?"

ruo xu was stunned and shook his head and said, "the precious treasure hasn't been born yet, how would he know?"

ye yuan smiled and said, "if my guesses are right, the venue where the precious treasure is being born this time should be the fiend calling ridge's natural chasm, right?"

ruo xu was surprised as he said, "how did you know?"

the specifics of the location was not disclosed previously, but ye yuan actually knew the location of the birth of the precious treasure, how could this not surprise him?

ye yuan smiled and said, "i've been to the fiend calling ridge before, and also went down the natural chasm before, so i'm still rather familiar with that place. i know that you all are worried that my realm is lacking. but going this time, even if a person's realm being high, it will likely be useless."

when the group of elders heard ye yuan's words, they were incredibly shocked.

they also did not expect that ye yuan actually went to river eternal imperial city before, and even went down fiend calling ridge's natural chasm before.

zheng qi's brows knitted together and he said to ye yuan, "elder ye, you continue speaking!"

he realized that ling zikun probably held something back, afraid that they would not go, so he did not say.

ye yuan nodded his head and continued saying.

actually, when ye yuan returned from the fiend race back then, he went down the natural chasm once more.

he could sense that natural chasm's extraordinariness and harbored a curious mindset, that was why he went down to investigate.

of course, others could also feel it. it was just that they did not have the ability to go down.

even divine lord realm powerhouses got to be careful going down too. a single misstep and it was the outcome of being smashed to pieces.

one had to know, the further down that natural chasm, the stronger the forcefield.

when ye yuan just broke through to origin deity realm back then, he could just happen to go down and temper the origin magnetism spirit wood and explore it along the way.

at that time, ye yuan sunk down close to ten thousand meters and still did not reach the bottom.

but at that time, a strong uneasiness came from below, making ye yuan not dare to go deeper anymore.

but ye yuan also felt that there seemed to faintly be a powerful aura transmitting out from below. it was as if there was some treasure currently gestating.

this kind of magical place giving birth to whatever treasure was also a very normal thing.

hearing ruo xu's introduction earlier, ye yuan immediately connected it to this natural chasm.

"if my conjectures are right, the precious treasure coming into being this time might be an innate divine lord mystic treasure, or might even be an innate celestial deity mystic treasure!"

ye yuan words hell-bent on shocking people to death, igniting the elders meeting all at once.

"what? innate divine lord mystic treasure!"

"my god! don't talk about innate celestial deity mystic treasure, even innate celestial deity mystic treasure, celestial deity powerhouses can't hold back either!"

"this ling zikun wouldn't be scamming us, right?"

all the elders revealed fervent looks, clearly extremely moved by this innate divine lord mystic treasure.

Chapter 1617: Old Scores

ruo xu and zheng qi both had astonished expressions. innate divine lord mystic treasure, this term, deeply shocked them.

ye yuan only heard dustless mention this thing when he dove down the natural chasm too.

dustless told ye yuan at that time, the origin magnetic field at this place was so strong. an innate divine lord mystic treasure might be born deep at the bottom.

innate divine lord mystic treasure and divine lord mystic treasures refined postnatal, that level was completely different.

although divine lord mystic treasures were rare, reaching ruo xu's and zheng qi's level, having one was not a problem.

but innate divine lord mystic treasure was so rare that hearing it made one's hair stand on end.

the reason why it was called innate divine lord mystic treasure was naturally because it was gestated naturally.

it was just that the conditions for forming were extremely harsh. only in some very special places, could it inoculate successfully.

innate divine lord mystic treasures, its power overwhelmed same rank postnatal divine lord mystic treasures.

not just so, the most precious aspect of innate divine lord mystic treasures was that it was conceived naturally. within it contained heavenly dao laws.

once martial artists refined an innate divine lord mystic treasure, they could fuse with this portion of heavenly dao strength, letting themselves break through the shackles from there.

to a divine lord realm powerhouse, the chances of breaking through to celestial deity realm would also greatly increase.

how could this kind of treasure not move people?

if the thing being born this time was an innate celestial deity mystic treasure, that value was immeasurable.

celestial deity realm powerhouses would definitely go into action without delay.

“elder ye, this matter is of utmost importance, you can’t make any jokes!” zheng qi sucked in a cold breath and said to ye yuan.

ye yuan smiled and said, “how can this ye joke about this matter? but what’s there below that natural chasm, this ye can’t say for sure as well. but it’s definitely very dangerous. furthermore, the further down that natural chasm, the stronger the forcefield. one’s realm will also be suppressed drastically. the higher the realm, the higher the suppression. if head elder, you go, i reckon that at most, you can only unleash the strength of third-layered heaven divine lord.”

hearing this, everyone’s faces turned slightly fearful.

zheng qi’s expression could not help becoming serious. this news that ye yuan brought was very useful to him.

this news, knowing in-advance and preparing for it was god knows how many times better than last minute fumbling blinding when the time came.

realm suppression was not targeted at them only but targeting everyone.

once they were prepared, that was taking the initiative.

at that time, fighting for the innate divine lord mystic treasure was not impossible.

“elder ye, if it’s really as you say, we still have to give this matter further thought and confer at length. but ... you still can’t go. the ones going this time are definitely all divine lord realm powerhouses. even if their realms are suppressed, they are also not what you can deal with. moreover, there are still celestial deity powerhouses raring to go.” zheng qi said.

ruo xu also said, “elder ye, old brother zheng qi is also worried about your safety. you’d best not go and join in the fun.”

ever since after ling zikun’s incident, ruo xu’s impression of ye yuan improved significantly.

thinking about it, for heavenly eagle imperial city to have such a genius, there only seemed to be advantages and no disadvantage.

furthermore, ye yuan repaid ingratitude with kindness, preserving song qiyang's face, and also let him vent his grievance. this made him much more pleased in his heart.

in the past, he was under an obsession, seemingly taking unnecessary pains to split hairs, opposing ye yuan in every way. it seemed to be somewhat too much.

ruo xu knew that his hate had extended on account of another, because of xuan yu, and because he feared ye yuan.

but ye yuan said, "two head elders, recently, i encountered some bottleneck in cultivation and it's hard to resolve. this time, i can just go out and take a walk. you all rest assured, this ye still has some means, protecting myself should be an issue. moreover, at the fiend calling ridge there, i think nobody is more familiar and more used to it than i am."

when zheng qi saw ye yuan's composed appearance, he could not help being secretly alarmed.

hearing the meaning in ye yuan's words, he still had a considerable trump card on him!

zheng qi ruminated for a moment and finally said, "alright, since elder ye insists on going, then go along. but, once there's something amiss, you must escape right away. you mustn't seek to outshine others!"

...

coming to the fiend calling ridge once more, ye yuan was also dumbstruck with amazement by the scenery before his eyes.

countless brilliant rays of sunlight shone out from inside the 100 thousand foot abyss, spectacular to behold.

from very far away, ye yuan sensed the extremely strong origin magnetic field. slight weaker divine lord realm powerhouses could not even fly.

at this time, fiend calling ridge's two shores already had large numbers of powerhouses gathered. they were practically all divine lord realm and above powerhouses.

disregarding the fiend race's side, just the human race's side, the divine lord realm powerhouses that came were no less than 100 people.

among them had the reinforcements which river eternal imperial city invited, and also reclusive powerhouses who were drawn over.

"how is it, ye yuan?" zheng qi asked ye yuan.

ye yuan observed for a while and said, "this forcefield is at least five times of the original. furthermore, it's still growing stronger continuously! i didn't expect that in a short 100 years' time, such a massive change actually happened to this place."

"then according to your surmises, what kind of treasure will be born this time?" zheng qi said.

ye yuan mused for a moment and said with a solemn expression, "it's still hard to say right now, but likely ... the grade won't be too low."

the two people were currently talking in a low voice when suddenly, a pair walked over this side.

"haha, zheng qi, long time no see, you're actually not dead yet!" an ear-piercing voice drifted over from a distance.

zheng qi's face turned black and he said coldly, "gao yuan, you're not dead, how can this old man dare to die?!"

the one in the lead was a slightly chubby old man who looked very wretched. but his aura was very powerful. it was actually on par with head elder zheng qi.

gao yuan laughed loudly when he heard it and said, "how can a defeated opponent dare to talk brave words?! heh heh, didn't expect that you dared to come personally this time. you mustn't be like that damn master of yours, who died here without any explanation."

zheng qi's expression was incomparably ugly. ye yuan could clearly feel his fury, but he forcefully reined it in.

"gao yuan, don't you get cocky! master's grudge, i'll seek it back personally one day!" zheng qi said in a cold voice.

upon meeting, swords were drawn and they were ready to jump at each other's throats.

ye yuan was uncertain and asked an elder by the side, "what's going on here?"

the elder said, "several tens of thousands of years ago, head elder's master perished inside a mystic realm. but it was said that at that time, head elder's master originally wouldn't have fallen. he only died because he fell into a trap dug by this gao yuan. in the end, this gao yuan escaped safe and sound, while head elder's master died inside the mystic realm. head elder later cultivated bitterly, and finally broke through to become a ninth-layered heaven divine lord. hence, he went to find this gao yuan to take revenge. who knew that because of the lucky chance that this gao yuan obtained inside the mystic realm that time, he actually touched the threshold of celestial deity realm, and stepped into half-step celestial deity realm. head elder returned in defeat and was nearly killed by gao yuan. if not for city lord personally taking action, head elder would probably have already perished."

ye yuan did not think that there were actually still so many twists and turns involved.

back then when he brought coldfeather back, after coldfeather heard the news of wu xingtang's demise, he was still dejected for a while.

clearly, he also valued this disciple of his greatly.

[Unrivaled Medicine God](#)

Chapter 1618: Unfortunate Wretch

"Haha! Why wouldn't I be cocky? The precious treasure being born this time might be the turning point for me to break through to the Celestial Deity Realm! The height that you and that damn master of

yours couldn't reach, I reached it. Won't you say I should be pleased with myself?" Gao Yuan said smugly.

In fact, he was still one generation older than Zheng Qi.

According to his seniority and strength, he shouldn't come to this place personally.

Now that he was here, he naturally came for the lucky chance this time.

He already had half a foot stepped into Celestial Deity Realm, but he kept failing to break through.

Such a lucky chance, he naturally would not let it go easily.

Zheng Qi was angered by him until his face was livid, but there was nothing he could do.

Even though he caught up from behind, catching up to Gao Yuan's realm, who could have thought that he relied on the lucky chance he schemed and to harm his master? At the end, he actually had half a foot stepped into the Celestial Deity Realm.

Zheng Qi's talent was also extremely outstanding. But regarding the Celestial Deity Realm, he had the heart, but his strength was lacking.

These few years, he practically used everything in his arsenal and was also unable to find the opportunity to break through to Celestial Deity Realm.

"You naturally have a possibility of obtaining the lucky chance and breakthrough to Celestial Deity Realm. But you also have a likelihood of dying in the Fiend Calling Ridge, becoming a pile of yellow dirt," Ye Yuan suddenly spoke up.

Gao Yuan's face fell, his eyes revealed a murderous light as he looked at Ye Yuan.

Ye Yuan was not afraid and met Gao Yuan's gaze.

"Where did this punk come from? The seniors are talking. Is there a right for you to interrupt?"

Nobody would have expected that while talking, Gao Yuan raised his hand and it was a palm.

A powerful palm force rushed toward Ye Yuan at lightning speed.

This palm was too sudden. There were no signs beforehand at all, resulting in everyone not reacting.

Sounds of exclamations could be heard all around. It was as if already seeing the scene of Ye Yuan being smacked into minced meat by a palm.

How powerful was the palm of a half-step Celestial Deity powerhouse? Even just a casual strike was also not what a grand completion Origin Deity martial artist could resist.

But the next scene made everyone's exclamations become stupefaction.

Boom!

A loud boom, a first-layered heaven Divine Lord powerhouse beside Gao Yuan directly flew out.

That person fell to the ground, his entire person incomparably miserable and was actually on his dying breath already.

Gao Yuan's countenance suddenly changed and he cried out in shock, "Spatial laws!"

Ye Yuan smiled and said, "Oh, not bad huh. You have some knowledge."

Gao Yuan's expression was ugly to the extreme. Fishing out a medicinal pill, he said to the people beside him in a solemn voice, "Let him take it!"

The people beside him did not dare to dawdle, hurriedly going to feed the medicinal pill to that unlucky first-layered heaven Divine Lord powerhouse, who was twisting up in a fluster.

Gao Yuan looked at Ye Yuan, a cold light glinted.

He was bullying Ye Yuan on the basis that was young just now, determining that he was Zheng Qi's junior disciple who was brought out this time to see the world.

Who could have expected that this young man was actually so troublesome and actually comprehended spatial laws!

What kind of visual prowess did Gao Yuan have? He saw through at a glance that Ye Yuan's spatial laws were not that kind of half-baked stuff, but extremely profound comprehensions

That blow earlier looked simple, but in reality, Ye Yuan manipulated spatial laws, went through a very complicated spatial shuttling, only then, transmitting the attack onto that unfortunate wretch.

This level of means was simply inconceivable.

"Spatial laws! That young man actually knows spatial laws!"

"My God, this kid actually comprehended spatial laws, and he's only just Origin Deity Realm!"

"When did such a freak appear in Heavenly Eagle Imperial City?"

...

Hearing spatial laws, cries of exclamations sounded out by the side.

This kind of heaven-defying law, who did not wish to comprehend it?

Except, let people cultivate bitterly for ten thousand years and they also could not figure out a speck.

Even though these Divine Lord Realm powerhouses could use a portion of spatial power, regarding spatial laws, they still only knew a bit of superficial knowledge.

But Ye Yuan was just Origin Deity Realm and had not even opened up his own small world, and actually already comprehended spatial laws.

For a moment, jealousy, envy, various emotions, suffused in the air.

When Gao Yuan attacked just now, Zheng Qi got a fright too. But Gao Yuan caught him by surprise, making him too late to come to the rescue.

No one could have thought that Ye Yuan had long been prepared, giving him a dose of his medicine, crippling a Divine Lord Realm powerhouse of the other side.

All of the frustrations just now turned into veiled delight.

“Old Punk Gao Yuan, you made an error of judgment this time. Ye Yuan isn’t some junior. He’s my Heavenly Eagle Imperial City’s elder. He still has the qualifications to scold you a bit,” Zheng Qi said with a beam.

There was another wave of exclamations around. It was still their first time hearing that an Origin Deity Realm could actually become an imperial city’s elder.

But just based on this spatial laws, it seemed to be sufficient as well.

He nearly one-shotted a first-layered heaven Divine Lord with one move!

Even though there was suspicion of opportunism, if it were others, who could do it?

Gao Yuan’s gaze was icy-cold and clearly had killing intent aroused towards Ye Yuan. He said in a cold voice, “Very good, you all are stirring up this old man’s wrath here! Then you guys have to be prepared to receive this old man’s fury!”

While talking, a terrifying pressure instantly descended.

Those who were slightly weaker practically could not stand on their feet.

The pressure of a half-step Celestial Deity Realm was too strong!

Zheng Qi revealed a solemn look, secretly thinking to himself that this old fellow’s strength seemed to be much stronger again.

But Ye Yuan was composed in the face of a crisis, seemingly not worried at all.

At this time, Ling Zikun suddenly appeared and said, “Dear me, Brother Gao Yuan, on the account of this old man’s face, you all put down your individual grievances first, alright? Opposite, the fiend race is glaring like a ravening tiger. If we have internal strife first, who the big lucky chance belongs to this time would be hard to say!”

Gao Yuan’s expression changed, his aura instantly withdrawing.

He gave a cold snort and said, “Ling Zikun, looking on the account of your face today, I’ll spare this brat first! But after this matter, this old man will definitely seek justice for the disciple under me!”

Ling Zikun hurriedly said, “Brother Gao Yuan, calm down! Brother Gao Yuan, calm down! Oh, right, this one is the Yan Ze who’s garrisoned at Tiderain City. He’s more clear about the situation around here, let him introduce it first.”

A middle-aged man flashed out from behind Ling Zikun, gave a bow to Zheng Qi, Gao Yuan, and the rest, and said, “This lowly one, Yan Ze, pays respect to your excellencies!”

Suddenly, a person behind Yan Ze cried out, “Y-Ye Yuan! You’re Ye Yuan!”

Yan Ze's gaze turned intent and he could not help sweeping over Ye Yuan, immediately feeling somewhat familiar.

Suddenly, he also suddenly came to realize the truth and exclaimed, "You ... You're Ye Yuan!"

Ye Yuan had long recognized these two people. One was the Yan Ze who had a chance encounter with him before, the other was an old acquaintance, Ling Feng.

He did not expect to actually be able to meet these two people on this kind of occasion.

Ling Zikun's face fell and he said with a cold snort, "What Ye Yuan? Is Ye Yuan what you guys can call? Got to call Lord Ye Yuan or Elder Ye Yuan!"

This shock was by no means insignificant. Ling Feng did not understand, but Yan Ze understood what being an elder meant.

Thinking back then, when he saw Ye Yuan, the other party was still merely a little kid who had just entered Heaven Glimpse Realm.

Only a hundred over years had gone by, but Ye Yuan actually already became an imperial city's elder?

This ... This was too fantastical, right?

Chapter 1619: Humans Common Enemy

"all old friends already, don't need to be like this. just call me ye yuan. ling feng, long time no see, you seemed to be doing pretty well now!" ye yuan said with a smile.

ling feng was incomparably shocked. in just a short hundred over years, ye yuan's realm actually already grew from the initial-stage heaven glimpse back then to the current grand completion origin deity.

this cultivation speed was simply inconceivable.

"e-elder ye! n-not at all."

ling feng also came back to his senses and immediately realized that ye yuan's present identity was extraordinary. how could he still dare to address ye yuan as brothers?

ye yuan smiled and did not force things as well.

he knew that there was already an insurmountable gulf between him and ling feng. having him talk on equal footing with him again was likely very difficult.

his growth would inevitably be accompanied by this kind of situation happening.

yan ze was similarly incomparably shocked in his heart. back then, ye yuan was still just a little fellow in his eyes.

he did not expect that a hundred over years of not seeing, he was already an imperial city's elder.

this made him rather uncomfortable.

but he came back to his senses very quickly and said to ling feng, "ling feng, you understand this area the best. introduce the situation of fiend calling ridge for the various lords then."

ling feng bowed and said, "yes, lord yan ze!"

at this time, numerous divine lord realm powerhouses gathered around, all of their auras shocking.

facing so many divine lord realm powerhouses, ling feng's complexion was also rather pale.

fortunately, he had been on the battlefield for many years and was also a person full of vigor and vitality. he could barely manage to calm himself.

hence, he started to speak with fervor and assurance, introducing the terrain and features of fiend calling ridge, the dangers of the natural chasm, as well as the opposite fiend race's forces distribution.

ling feng had flopped around here for many years and knew these things with great familiarity.

while yan ze was pulled to one side by ling zikun who asked softly, "how did you guys know ye yuan?"

mentioning this, yan ze's expression turned fearful, being filled with great respect for ye yuan.

back then, if not for ye yuan, tiderain city would have long been breached.

now, this place would likely be the fiend race's territory already.

he recounted the events back then, making ling zikun incredibly shocked.

"this kid is indeed a freak! when at heaven glimpse realm, he could challenge the fiend race army alone. for him to have such accomplishments now, it's also not unusual anymore," ling zikun said with a sigh.

yan ze said curiously, "head elder, this ye yuan is merely at the grand completion origin deity realm. no matter how powerful his strength is, it's also limited, right? why can he become heavenly eagle imperial city's elder?"

ling zikun chuckled and said, "this kid's alchemy dao strength, even heavenly eagle imperial city's pill tower's head elder is ashamed of his inferiority. do you think he can become an elder or not? moreover, he even comprehended spatial laws. he's simply a freak!"

yan ze's eyes opened wide, with a look of disbelief.

even though he guarded the frontier, what heavenly eagle imperial city's pill tower's head elder signified, he was very clear.

ye yuan was just grand completion origin deity and could actually make head elder candidly admit defeat.

such strength was a little too freakish, right?

very soon, ling feng introduced the general situation on this side. everybody also had an understanding.

right now, the precious treasure had not come into being yet. after everyone understood the situation, they each found a place to conserve strength and build up energy.

but ye yuan pulled ling feng to one side and talked about the old days with him, and gave him some rank two divine pills.

ling feng's talent was pretty good. he was clearly peak middle-stage heaven glimpse already.

when he saw the medicinal pills ye yuan gave, he was shocked until his jaws hit the ground.

he realized that as long as he had these medicinal pills, it should not be a problem for him to break through to origin deity realm.

what ye yuan left for him were all divine-grade medicinal pills!

in the following few days, everyone all quietly waited for the day the precious treasure came into being.

on this day, light rose to the sky at fiend calling ridge, dazzling to the extreme, giving people a strong sense of shock.

"this ... what a powerful aura, this is the aura of great dao laws."

"the precious treasure is finally born! just based on this aura, it's absolutely a rare treasure!"

"too strong! no wonder everyone said that even celestial deity powerhouses will be moved. this treasure, i must acquire it!"

...

sensing the might of the treasure, the people were all unbelievably fervent.

everyone clamored to the edge of the cliff and looked down.

"the treasure is already born! everybody, quickly go down!"

someone gave a roar and leaped into the natural moat.

with the first person taking the lead, someone immediately followed suit. quite a number of itinerant cultivators were afraid of people taking the initiative and also jumped down after.

"argh!!"

but with this jump, there was immediately someone who discovered something amiss.

those people lost their center of gravity all of a sudden and actually dropped straight down the 100 thousand foot abyss.

screams came over, making everyone panic.

one had to know, these were all divine lord realm powerhouses; capable of flying in the air. they were actually unable to resist the origin magnetic field within the natural chasm.

someone exclaimed, "everybody don't jump! this origin magnetic field is too strong, there's simply no way to fly in the air!"

their faces revealed looks of despair. was this going to return empty-handed after entering a treasure mountain?

heavenly eagle imperial city's group also came to the edge of the chasm at this time.

ye yuan discovered that the origin magnetic field at this time was more than a dozen times stronger than originally.

such a horrifying gravity, even divine lord realm powerhouses found it difficult to control themselves too.

and he knew that the further down, the stronger the forcefield. falling down only had the outcome of being smashed into pieces.

"ye yuan, this ... what to do here?" zheng qi could not resist asking.

ye yuan smiled and said, "we can only each display our magical abilities! according to my estimation, seventh-layered heaven divine lords should be able to go down on their own. ninth-layered heaven divine lords can roughly bring two or three people down."

zheng qi said in surprise, "this forcefield is actually so strong?"

ye yuan nodded and said, "only strong, not weak! how powerful the forcefield below is, i can't say for sure as well. perhaps when seventh-layered heaven divine lords go down, they will also have to suffer a huge loss."

"hiss ..."

heavenly eagle's people sucked in a cold breath. the strength of this forcefield was also too great.

the crux was that going down did not have any way of resorting to trickery at all. only by relying on the world power of divine lord realm powerhouses, forcefully breaking free of the constraints of the forcefield, could one stabilize their figure from there.

everyone also did not think that such a situation would actually occur.

"this ... doesn't this mean that only four or five of us can go down?" zheng qi said helplessly.

everyone had disappointed looks. not being able to go down meant that they brushed past the lucky chance this time.

ye yuan smiled and said, "that's talking about others. we're naturally all going down."

ling zikun suddenly came close and asked ye yuan, "that ... elder ye, you know spatial laws. are you able to bring people down?"

his words immediately attracted many people's attention, scooting over one after another.

"elder ye, bring us down!"

"yeah, reaching below, we might be facing the threat of the fiend race. one more person, one more portion of strength!"

"elder ye, we should be united against outsiders now, don't you say so?"

...

those divine lord realm powerhouses all looked at ye yuan eagerly, afraid that he would refuse.

but at this time, gao yuan suddenly snorted coldly and said, "all so submissive and meek for what? if he dares to not agree, that's becoming all humans' common enemy!"

Chapter 1620: Not This Price

the moment these words came out, the scene became quiet.

but very soon, someone came forward to concur.

"yeah! we're all giving river eternal imperial city a helping hand. what right does he have to not bring us down?"

"we're fighting for the human race right now. if he doesn't bring us, that's rising universal condemnation!"

"the fiend race is glaring like a ravening tiger, every additional person we have, it's an additional portion of strength! if he doesn't bring everybody down because of a little selfish motive, that's too beneath contempt!"

...

these people suddenly discovered that gao yuan fought for an excellent reason for them.

hence, they started agreeing one by one.

at this time, each and every one of them was righteous and awe-inspiring, as if they incarnated to become the messengers of justice, seemingly all becoming the heroes of the human race.

they all believed that under this kind of pressure, forget about ye yuan, even heavenly eagle imperial city would also put pressure on ye yuan and force him to give in.

no imperial city dared to shoulder such a crime.

sure enough, zheng qi's face changed several times. he opened his mouth, but he did not know how to start talking.

rather, there was an elder who could not hold back and said, "elder ye, why not ... just bring them along! this ... this isn't a joke."

"yeah, elder ye, this crime, our heavenly eagle imperial city can't bear it!"

gao yuan watched his scene, sneering in his heart to no end.

make him come and beg ye yuan?

no chance!

he was secretly pleased with himself in his heart. i only used a slight trick. at the end, wouldn't you still have to submit obediently?

ye yuan remained silent the whole time, quietly watching these people perform.

they all seemed to be here to help river eternal imperial city resist the fiend race, but actually, they were all here to fish in muddy waters.

this point, ye yuan was well aware long ago.

these people were in a state of disunity, they were not as united as the fiend race at all.

really encountering the fiend race, they might do something.

after a while, when the surrounding voices gradually became quieter, only then ye yuan took his time to say, "all done posturing?"

everyone's faces became stifled when they heard this. then they heard ye yuan slowly say, "mn ... looks like you're done posturing. then let me say a few words. firstly, don't take the human race's righteous cause to come and pressure this little lord. the things that this little lord has done for the human race, you all can't even catch up by whipping your horses. secondly, don't hope to use heavenly eagle imperial city to come and pressure me. my temper isn't too good. if really push me into a corner, i'll withdraw from heavenly eagle imperial city right now. none of you can think about going down!"

gao yuan smiled coldly when he heard that and said, "without the protection of heavenly eagle imperial city, do you think that you can walk out of here?"

ye yuan gave him a glance and said coolly, "old thing, this little lord, i, am not bringing your people down today. come bite me if you have the capabilities!"

gao yuan's face fell and he said, "kid, you really take it as this old man doesn't dare to touch you?"

ye yuan did not have the slightest fear and said hatefully, "you feel free to come and give it a try!"

ling zikun saw that the situation was not good and hurriedly became a mediator.

if really fell out, the one suffering a loss would still be them, river eternal imperial city.

"goodness me, for everybody to be able to come to fiend calling ridge, it's giving my river eternal imperial city face. brother gao yuan, younger brother ye, let's all simmer down first, alright?" ling zikun said.

ye yuan did not care about him either and continued, saying, "thirdly, this little lord, i, can be persuaded by reason, but not cowed by force! just now, those who use whatever human race's righteous cause to come and pressure me, each and every one of you, i've remembered it! if you guys want to go down, can. each person, one billion divine essence stones! not a single one less! don't tell me that you all can't take it out, and also don't think about bargaining, this little lord isn't a three-year-old kid. the rest, i can bring you guys down for free."

those people who concurred with gao yuan earlier immediately felt as uncomfortable as having eaten a fly.

the price of one sentence of one billion divine essence stones!

however, gao yuan, ling zikun, zheng qi, and the likes, were all incomparably shocked in their hearts.

they were all high-ranking figures who wield authority, they were the most proficient in this kind of stratagem.

they never expected that ye yuan actually resolved all of the previous awkwardness with a beautiful tai chi push.

he threw his temper, and also brought the people away, and even made a big killing.

this ... was simply mind-blowing!

want to go?

can, but pay up!

actually, the people who concurred with gao yuan just now were mostly those middle-stage divine lord realm powerhouses.

their strengths were inadequate to go down, but they also wanted face, and also wanted to curry favor with gao yuan, this half-step celestial deity powerhouse. that was why they would say those kinds of words.

while those slightly weaker initial-stage divine lord realm martial artists mostly did not make a sound.

even though ye yuan's strength was weak, he was a true-blue elder.

with their status, they could not afford to offend at all. they naturally did not dare to speak out.

at this time, each and every one of them rejoiced greatly. luckily, they did not throw a rock down the well just now.

you stepped on me and still wanted to make me bring you down?

how could ye yuan let them do as they wished?

not dying, i also have to make you lose a layer of skin!

ye yuan uttering one billion this number, naturally he had a score in his heart.

these middle-stage divine lord realm powerhouses, most were some imperial city's major families' powerhouses, their status extraordinary. they were naturally much wealthier compared to those itinerant cultivators.

one billion this sum, they could definitely take it out. but it would absolutely make them lose a layer of skin.

"why? nobody wants to go down? head elder ling, not that i'm not giving face, it's that they themselves don't want to go down! those who didn't posture earlier, all stand on this side. i'll bring you all down right away," ye yuan said coolly.

the moment his voice faded, a large group of people rushed over to this side, for fear of falling behind.

before long, close to a hundred people stood behind ye yuan.

the ones who spoke up to squeeze ye yuan were just the minority after all.

at this time, they stood in the wind like lone flowers swaying; lonely to the extreme.

while talking, a burst of spatial laws surged. ye yuan was really going to directly bring these people down.

how could those people still carry on waiting? they immediately loosened up.

“elder ye, one billion, i pay! just now ... i’ve offended you just now. i’m truly sorry about it.”

a sixth-layered heaven divine lord powerhouse ran over in a hurry and stuffed the storage ring holding divine essence stones into ye yuan’s hand.

ye yuan weighed the storage ring and said with a smile, “mn, everything can be arranged if there’s money. go to that side then. one billion divine essence stones to buy a lucky chance, you don’t lose out! huhu.”

that person was akin to being granted amnesty, hurriedly standing behind ye yuan.

with someone taking the lead, how could the others still endure it? all handed divine essence stones onto ye yuan’s hands in great haste, afraid of ye yuan going back on his words.

zheng qi was long already dumbfounded at ye yuan’s side.

in this short while, ye yuan already collected over ten billion divine essence stones!

this ... this was simply opening a divine essence stone mine!

was earning money so easy?

different from zheng qi, gao yuan’s expression was ugly to the extreme.

“h-head elder, what should we do?” gao yuan’s subordinates asked weakly.

clearly, they were anxious too.

gao yuan’s expression flickered incessantly. ye yuan’s move really checkmated him, embarrassing him to the extreme.

now, their utmost peace imperial city was already being isolated.

gao yuan gritted his teeth and said, “go!”

utmost peace imperial city’s powerhouses were akin to being granted amnesty, heading over to ye yuan’s side one after another, wanting to pay divine essence stones.

however, ye yuan did not receive it and said coolly to gao yuan, “old man gao, if your men want to go down, can as well. but ... it’s not this price!”
