Chapter 1651: Unfathomable.

“What a joke! Who does your City Lord Manor think we are? Your father will snatch people from you guys! What can you, Mu Dong, do to me? Liu Han, scram to one side for your father. Careful because I will squeeze you until you explode!” Du Mingliang said with a cold laugh.

“Du Mingliang, you’re so domineering! Going or not, doesn’t seem like you have the final say, right?” Liu Han said with a sneer.

“You all get lost to one side for your Father! Our City Lord Manor is on the orthodox side. Little Brother Ye Yuan should naturally go to the City Lord Manor first!” Mu Dong said.

Mu Dong came from the City Lord Manor, while Liu Han was the Blood Rainbow Manor’s messenger.

The moment the three people met, they got into an argument, with signs of striking at a word of disagreement.

Even though the three families jointly founded the Heavenly Network Gathering, the struggle between themselves had never stopped before.

This capital city, even the City Lord Manor could not suppress the other two major powers. The havoc could be seen at a glance.

The other two families did not have any respect for the City Lord Manor at all.

Now, Ye Yuan suddenly appeared. These three major factions naturally wanted to build a good relationship with him.

This Riverluck Capital City was a very sensitive place. Everyone fought each other and was also apprehensive of each other.

For Ye Yuan to be able to take out so many void spirit divine pills at once, and also have Ning Tianping, this third-layered heaven Divine Lord as a guard, they had no choice but to speculate about Ye Yuan’s identity.

The three families came to find Ye Yuan. They naturally had to investigate things.

Even though Ning Tianping called Ye Yuan brother out of his mouth, that respectful attitude could not be concealed. People with a discerning eye could tell at a glance.

Furthermore, such a young Divine Lord Realm powerhouse like Ning Tianping, only a major force could groom him.

This way, Ye Yuan’s identity was definitely extraordinary.

Moreover, how could ordinary forces be able to groom such a heaven-defying alchemist?

Therefore, these three families were very polite toward Ye Yuan.

If they were not wary of Ye Yuan's identity, with these three major forces' domineeringness, how could they possibly talk nicely to Ye Yuan? They would directly capture him and be done with it.

The three people were arguing unceasingly when Ye Yuan suddenly said, "When have I said that I'm going back with you all? You all please return. I still have to refine pills at night, so I don't have time to be a guest! Want to buy medicinal pills, please be early tomorrow. Not buying medicinal pills, don't waste my time!"

Finished talking, Ye Yuan directly circled around the three groups of people and went far away.

The three people looked at Ye Yuan leaving blankly just like that. No one actually dared to go up and stop.

Ye Yuan deliberately did so. The more unfathomable he was, the greater these guys would feel that he had a strong background.

His strength plus cocky attitude was sufficient to make the three major forces not dare to act rashly without careful consideration.

Ye Yuan coming to Riverluck Capital City was just passing and could not stay for long. He could not be bothered to have any entanglements with the native forces here.

Furthermore, in a place like this, the three major forces were all cunning foxes. If he really went, he would let the cat out of the bag instead.

Hence, might as well just ignore them!

Sure enough, the three sixth-layered heaven Divine Lord powerhouses, no one dared to make a move to stop. Ye Yuan swaggered away and left just like this.

When the surrounding martial artists saw this scene, their eyeballs popped out.

These three great factions domineeringly occupied Riverluck Capital City. No one dared to provoke in the vicinity at all.

It was said that these three great factions all had powerhouses supporting them at the back. They were not merely seventh-layered heaven Divine Lords.

All in all, this Riverluck Capital City was a large cake, everyone wanted a piece.

But such powerful three forces, no one actually dared to make a move against this Origin Deity Realm brat!

Clever people understood what was going on, dumb ones ... was only left with shock.

The three major forces' masters repeatedly exhorted them before coming, for these three people to not easily offend Ye Yuan.

In the end, Ye Yuan did not even pay attention to them.

The three people exchanged glances, discovering that the quarreling just now was plain silly, and could only turn around and leave.

...

At the Sword Star Alliance, Alliance Chief Li Xing was not surprised after listening to Du Mingliang's report.

"Alliance Chief, this boy is truly condescending! If not for your many exhortations, I'd really skin him just now!" Du Mingliang said angrily.

His strength was the well-deserving of being the number two person in the Sword Star Alliance. Normally, the wind and rain were at his beck and call. Today, he was actually ignored by an Origin Deity Realm kid, how could he not be angry?

Li Xing's gaze flickered, but he asked, "Oh, Mingliang, do you think that kid's condescension could be feigned?"

Du Mingliang shook his head and said, "Impossible! I've never seen before an Origin Deity Realm who dares to be so arrogant, completely not taking the three of us seriously! I, Old Du, followed you for so many years, I still have this bit of eye prowess. Moreover, wasn't Liu Han and Mu Dong there too? Even if he can fool me, it's also not possible to fool the three of us at the same time, right?"

Li Xing nodded when he heard that and said, "Then that's right! Only people who are accustomed to high-level powerhouses can disregard sixth-layered heaven Divine Lords like this. This kid's background definitely isn't small! Forget it. If he's not coming, don't come then. As long as he doesn't go to the other two, that will do."

Du Mingliang said, "Then ... that's it? It's said that this kid can refine level nine difficulty void spirit divine pills. If he can be used by us, then ... wouldn't it be effortless for us to finish off the other two families?"

Li Xing laughed in spite of himself when he heard it and said, "Finish off the other two families? You can forget about it! Once there's one among the three of us that falls, then the entire Riverluck Capital City will definitely have to be reshuffled anew! The other two families are absolutely unable to escape by sheer luck! It's been so many years. Do you, Old Du, still can't see it clearly?"

Du Mingliang was just a martial person and really could not understand the intricacies involved.

How powerful the strength behind Sword Star Alliance was, only Li Xing himself knew.

When Du Mingliang heard this, he was startled inwardly too.

Li Xing smiled and said, "Don't look at how our three families fight and kill. In reality, we've maintained a relative restraint. Once this balance is broken, then the consequences will be too ghastly to imagine! Therefore, even though this kid is monstrous, he's not what we can afford to enjoy! This kind of monstrous alchemist can only be groomed by a super major force. And only they can afford to enjoy his ability."

Pausing for a bit, Li Xing continued, "If my conjectures are right, this kid is very likely a genius disciple groomed by some imperial capital. He came out to train this time. That third-layered heaven Divine Lord kid is clearly not what ordinary major factions can nurture too! Furthermore, he might just be a cover and there's still a true powerhouse lurking in the city! The Suppression Ancient Heaven Gate is about to open, so we'd best not bring up unnecessary ramifications!"

The more Du Mingliang listened, the more alarmed he got. Only then did he know how grim the situation in the city right now was.

Similar scenes were playing out in the old lairs of the other two major forces.

Regarding Ye Yuan's identity, they were similarly extremely suspicious.

While Ye Yuan at this time already found a place to stay in the city and started to refine pills overnight.

Those extremely difficult medicinal pills, those able to afford them were in the small minority after all.

Billions of divine essence stones at every turn, even ordinary Divine Lord Realm powerhouses could not possibly take it out too.

Hence, the spirit medicines that he made Ning Tianping buy were all relative to some cheap medicinal pills.

There were still nine days left. It was enough for him to make a killing.

Unrivaled Medicine God

Chapter 1652: Counting Money Until Hand Cramps!

"Yoo, Du Mingliang, you came early enough!"

Early next morning, Mu Dong came to the Heavenly Network Gathering, but he discovered that Du Mingliang was already queuing at the very front of the ranks.

He waved his hand at that martial artist behind Du Mingliang and then directly cut the queue.

No one dared to talk behind his back!

Considering the strength of a sixth-layered heaven Divine Lord, plus the faction behind him, if anyone made idle talk, wasn't that courting death?

The rules here were set by the three major forces!

Du Mingliang saw Mu Dong and said coolly, "Didn't you come pretty early too? I reckon that Liu Han is going to reach too, right? After all, it's void spirit divine pill, so who can be unmoved?"

Mu Dong nodded his head and suddenly said with a sigh, "If I'd met Master Ye several tens of thousands of years earlier, how good would it be? How many years of bitter cultivation would this save me?!"

"Isn't that so! Now, this rank three divine pill is already not much use to us. Truly a shame!" Liu Han arrived and exclaimed.

That martial artist queuing behind Du Mingliang wanted to cry but had no tears and could only move another place back.

However, this was not over yet.

Apart from these three major forces, over a dozen more people came one after another. They were all middle-stage Divine Lord Realm powerhouses.

These people were without exception all powerhouses of the major forces within the city.

It was a pity for that person. He was queuing in the middle of the night since last night. In a short while, he was squeezed out of the first 20.

Right now, the procession was pretty much arranged according to the power of the forces in the city.

The stall owner had not appeared yet and the stall was empty. But everyone was very orderly, quietly waiting for the arrival of the stall owner.

Before long, Ye Yuan brought Ning Tianping and slowly stepped into the Heavenly Network Gathering.

Seeing Ye Yuan arrive, everyone had an excited look.

Yesterday, there were quite a number of people who bought the medicinal pills. Some news naturally spread out already.

The medicinal effects of Ye Yuan's void spirit divine pills indeed lived up to its reputation. A night passed, there were already quite a number of Origin Deity Realm martial artists who broke through.

Therefore, everyone looked forward to Ye Yuan's medicinal pills even more.

After all, compared to the Divine Lord Realm, the numbers of Origin Deity Realm were still more.

After tidying up, Ye Yuan gave Du Mingliang a glance and said coolly, "Begin then, what medicinal pill do you want?"

Du Mingliang was cautious as he said with a smile, "Little Brother Ye Yuan, what level nine difficulty medicinal pills do you have? Is there a Vastsun Universe Pill?"

Ye Yuan nodded and said, "There naturally is! But the spirit medicines of Vastsun Universe Pill is very hard to put together. I only have two on hand."

But Du Mingliang was overjoyed the moment he heard and said, "Great! The two Vastsun Universe Pills, I want them! Additionally, I still want 20 Vast Essence Pills ..."

Du Mingliang reported the names of quite a few medicinal pills in one breath. All levels of medicinal pills were involved.

The martial artists at the back all listened until they were extremely shocked.

Indeed loaded as hell!

Calculating this total price, it was probably no less than ten billion, right?

But Mu Dong and Liu Han were indignant. Mu Dong said furiously, "Du Mingliang, don't let your appearance of eating be so ugly! Could it be that only your Sword Star Alliance has money?"

But Du Mingliang smiled coldly and said, "Want to blame, blame that you didn't come earlier! If you were the first, would you buy up these two Vastsun Universe Pills or not?"

Mu Dong snorted coldly and said, "Don't give me that! Today, you must leave one for your father! Otherwise, let's showcase our true abilities!"

Du Mingliang sneered and said, "Fight then. You think I am scared of you?"

The scene was dangerously explosive, with the air of coming to blows at a word of disagreement.

Also could not blame them, a void spirit divine-grade Vastsun Universe Pill virtually represented a Divine Lord Realm powerhouse, which faction could be unmoved?

At this time, Ye Yuan frowned and said, "Alright, keep making a row and I won't sell a single one!"

Seeing Ye Yuan fly off the handle, the three people indeed stopped.

The martial artists at the back looked at Ye Yuan with shocked faces.

What background did this Master Ye have, to speak to sixth-layered heaven Divine Lord powerhouses like this? They actually did not even dare to let out a fart!

Ye Yuan paused for a bit and continued: "If you guys can pool together the spirit medicines, I can also help you guys refine. As for the fees ... two billion will do."

The moment Mu Dong and Liu Han heard, they could not help being overjoyed.

Gathering two sets of spirit medicines with the strength of these two families was still doable.

As for divine essence stones, they did not care at all.

The three major forces had been entrenched in Riverluck Capital City for many years, their foundation incomparably deep. Several billion was really no big deal to them.

Finally, Du Mingliang settled the accounts, he spent a total of more than 12 billion divine essence stones.

"Little Brother Ye Yuan, here's 12.1 billion divine essence stones, please count it." Du Mingliang handed the storage ring to Ye Yuan very respectfully.

Mu Dong and Liu Han were also very gallant, each buying around ten billion of medicinal pills.

Ning Tianping's eyes became wide-saucers at one side.

This money ... was blown over by a strong wind, right?

Yesterday was just a small scale operation? So today was the main show?!

These three major forces added up were already more than 30 billion!

At the back, there was still a long line of people waiting.

Although these forces could not compare to the three great factions, they more or less had some background and were also people who did not lack money.

On this day, Ning Tianping spent it counting divine essence stones. He felt that his head was already somewhat numb.

This was really counting money until hand cramps!

When this day ended, Ning Tianping counted it, a total of more than 110 billion entered the accounts!

One day, more than 110 billion!

Ning Tianping felt like his heart was about to jump out. Was there still this kind of operation?

However, this was not over yet.

In the following few days, all the places that sold spirit medicines in the city were raided by the three major forces.

These three great factions pooled together the portions of seven medicinal pills again. They requested Ye Yuan to take action to refine the Vastsun Universe Pill.

Without a doubt, among level nine difficulty medicinal pills, the Vastsun Universe Pill was the most popular and also the most practical.

Ten days' time passed in an instant. In these ten days, Ning Tianping deeply experienced Ye Yuan's powerful money-making ability.

"Hahaha ... Your Excellency, this is really too crazy! Ten days' time, a short ten days' time, we actually earned more than 400 billion! Over 400 billion!"

At the end of the tallying, Ning Tianping was happy until he almost went crazy.

The profit of refining void spirit divine pills was too great.

Just take the Vastsun Universe Pill for example, although its spirit medicines were rare, the total value was also just around 700 to 800 million.

But Ye Yuan refining and selling it, it then became three billion!

One Vastsun Universe Pill added more than two billion worth of value all at once.

Of course, Ning Tianping understood that only Ye Yuan, this kind of freak, could have such heaven-defying money-making ability.

If it were others, even Head Elder Xuan Yu and Second Elder Ruo Xu, they both did not have this ability!

Because they could not refine void spirit divine-grade!

Forget about void spirit divine-grade, even purple spirit divine-grade, they could not refine it.

Therefore, the added value of the medicinal pills was naturally not that high.

Ye Yuan smiled and said, "I'm also dog-tired these few days. There are still a few days before the auction. These few days, let's go shopping in the Heavenly Network Gathering. Whatever good things we encounter, let's buy them."

Unrivaled Medicine God

Chapter 1653: Supreme Token

Having money was capricious!

These few days, Ye Yuan and Ning Tianping only did one thing, which was to buy, buy, buy!

Ye Yuan was unable to refine rank four divine pills currently and could only help Ning Tianping purchase some medicinal pills and natural treasures.

Ning Tianping already cultivated to become a peak third-layered heaven Divine Lord now and already touched the bottleneck of fourth-layered heaven.

But without Ye Yuan's help, it was not easy for him to want to overcome this bottleneck.

These natural treasures and materials were unable to refine into pills, the help to him was also limited.

If buying some natural treasures could break through bottlenecks, the status of alchemists also would not be so lofty.

Third-layered heaven Divine Lord to fourth-layered heaven was a big bottleneck. Even if Ning Tianping's talent was very high, wanting to breakthrough under the circumstances of not borrowing external forces, without a thousand years, it was impossible.

But Ning Tianping was not in a rush either. After all, his current cultivation speed was already very fast.

And all this was thanks to Ye Yuan. He was already very satisfied.

With sufficient divine essence stones on hand, Ye Yuan also began collecting some more valuable rank four spirit medicines and started to set about to researching them.

In reality, regarding the study of rank four divine pills, Ye Yuan had long started.

He had the World Suppressing Stele, the utilization of time was ten times of others.

These 300 years' time, deducting away the outside world's time, Ye Yuan was equivalent to having spent more than 2000 years.

These 2000 years, it was also impossible for Ye Yuan to blindly focus on how to create the cultivation method.

Researching medicinal pills naturally became Ye Yuan's second choice.

Presently, Ye Yuan's foundation was already extremely solid. Even without Dustless's guidance, under his slow fumbling, he also had a tremendous understanding of rank four divine pills.

But under Dustless's guidance, his improvement was even more inconceivable.

If he could break through to the Divine Lord Realm right now, directly refining level six or seven difficulty rank four divine pills was nothing difficult.

But the gap between Divine Dao Realms was too great. The realms could not be jumped to refine at will like in the mortal realms.

Only if Ye Yuan broke through to the Divine Lord Realm could he refine rank four divine pills.

Rank four natural treasures were all very expensive. It was easily hundreds of millions of divine essence stones.

Five days' time, the two spent close to 100 billion!

"Hahaha, Your Excellency, this feeling of spending money is too awesome! I finally understand now why your cultivation is so fast!" Ning Tianping said with a loud laugh.

Ning Tianping had always felt that he was a local tycoon, but compared to these few days, he was simply a bumpkin!

What was called spending money like water?

This was called spending money like water!

Spending 100 billion in five days, who had such boldness?

To Ye Yuan, these divine essence stones were nothing more than tools to become stronger.

As the saying went: even if money is gone, it can be obtained again in a flash. It was really too easy for him to earn money.

Ye Yuan smiled and said, "In the past, I only purchased some rank three natural treasures and didn't feel that there was anything. Now, only after buying these rank four materials do I know what's labeled as expensive. If I really want to spend, 400 billion is also not enough to spend."

Ye Yuan wanted to take part in the auction, that was why he did not dare to really let loose and buy too much.

When he broke through to the Divine Lord Realm, 400 billion divine essence stones would be nothing to him at all.

Buying some rank four spirit medicine back for him to research would probably not even be enough.

One had to know that when Ye Yuan studied rank three divine pills, the divine essence stones expended was no less than several tens of billions.

And this kind of expenditure, ordinary Divine Lord Realms could not afford it at all, let alone talk about Origin Deity Realm.

The two people were currently chatting in the inn when Du Mingliang came to visit.

"Paying respects to Master Ye!" Du Mingliang's attitude toward Ye Yuan was very respectful. Even his term of address underwent a change.

This kind of respectful attitude, he did not feign it in the slightest.

The void spirit divine pills that Ye Yuan refined, the Sword Star Alliance already issued a batch, selecting some disciples with very good natural endowments to consume. The effects were surprisingly good!

In the past, they had only heard of void spirit divine pills before but had never seen it before. Hence, they also did not know the effects of void spirit divine pills.

But now, they finally witness the terrifying aspect of void spirit divine pills.

Zhao Jian was the disciple who consumed the Vastsun Universe Pill, and he broke through to the Divine Lord Realm within three days!

This kind of breakthrough speed was simply inconceivable.

Furthermore, Zhao Jian himself said that the medicinal effects of the medicinal pill were far from exhausted, and still needed a very long time to digest.

Barring no accidents, it could last for a hundred years!

At that time, him breaking through to third-layered heaven Divine Lord was nothing difficult!

This kind of medicinal effect, how could Li Xing and Du Mingliang not be astonished?

As for the other medicinal pills, they similarly had magical medicinal effects.

Hence, Du Mingliang was on all fours in admiration toward Ye Yuan now, and he was even more certain of Li Xing's judgment.

Ye Yuan was definitely some extremely terrifying major force's disciple, they could not afford to provoke!

Of course, there was no need to provoke as well!

Ye Yuan nodded his head and said in a lofty manner, "What did you come to find me for?"

Du Mingliang said, "Master Ye, the alliance chief heard that you have the intention of participating in the Riverluck Auction. The alliance chief specifically had me deliver to you the auction's supreme token. You can rely on this token to enter the auction's supreme area. Apart from this, our Sword Star Alliance will give up 5% of the commission for Master! This token, there's a total of nine pieces tonight, our Sword Star Alliance has three. This is one of them!"

Ye Yuan was rather surprised. Giving up a 5% commission, that was a 5% discount.

This was very seldom-seen in auctions.

Because these auction goods were not owned by the three major forces. They were obtained by martial artists who took them to the Heavenly Network Gathering to undergo auctioning.

Heavenly Network Gathering hosting the auction, they would draw a commission, considered as a labor fee.

Giving up a 5% commission, this was letting the Heavenly Network Gathering's profits become smaller. Hence, that was why Ye Yuan would be surprised.

Of course, those who really go and take part in the auction also would not care about these few hundreds of millions of divine essence stones.

Most importantly, this was a status symbol!

Presently, the major forces in the city were too many. Some foreign forces, even the three great factions were very apprehensive.

However, there were only a scanty nine pieces of these supreme tokens. The degree of value could be seen at a glance.

But he also did not show it and just said coolly, "Alright, I'll accept it. Help me thank the alliance chief!"

Du Mingliang hurriedly said, “Dare not, dare not. Master Ye looks after our Sword Star Alliance a lot, so this is considered a small thanks of ours.”

Ye Yuan just nodded his head, considered to have acknowledged it.

Witnessing the terrifying effects of void spirit divine pills, the Sword Star Alliance knew that these medicinal pills selling for 10 plus billion were simply too damn cheap!

Now, if these medicinal pills were placed on auction, forget about three billion, even six or seven billion, everyone would probably fight until their heads were broken and bleeding.

One medicinal pill creating a third-layered heaven Divine Lord powerhouse, it was extremely freaking worth it!

Furthermore, the Sword Star Alliance should be the biggest beneficiary. Because they bought two additional medicinal pills.

After the spirit medicines were collected, they approached Ye Yuan again to refine another two. Adding them up, it was four, the most among the three major forces.

A mere 5% commission was seriously nothing.

When Mu Dong saw Du Mingliang, he was immediately annoyed.

Preempted by this guy again!

This time, the Sword Star Alliance really earned big!

Mu Dong and Du Mingliang were the same, both here to deliver the supreme token.

The conditions they gave were the same as the Sword Star Alliance, both 5% commission.

Soon after, Liu Han arrived too.

Calculating it, Ye Yuan had a 15% discount.

The three families added together, this benefit was not small.

Nine pieces of supreme tokens, Ye Yuan alone acquired three pieces!

Something that costs ten billion being 1.5 billion cheaper, this could not be said to not be great sincerity.

Chapter 1654: Roll for Me to See

In front of Heavenly Network Gathering’s main hall, numerous powerhouses slowly entered.

Those able to enter this place were basically all Divine Lord Realm powerhouses.

For an Origin Deity Realm powerhouse, their net worth could not even buy leftover bits and pieces when they enter.

Want to enter Riverluck Auction, one would naturally need to verify capital. Without tens of billions of assets, one could not even enter the door.

The guard stopped Ye Yuan and said, "Please show your invitation card."

Ye Yuan was just about to take out the supreme token when a mocking voice sounded out by his ear.

"Get lost! A measly little Origin Deity Realm also wants to enter the auction, really overestimating your own ability!"

The one talking was a young man, first-layered heaven Divine Lord.

But behind him followed a fourth-layered heaven Divine Lord old man.

To be able to make a fourth-layered heaven Divine Lord be an attendant, clearly, this young man's identity was extraordinary.

Ye Yuan's brows furrowed. Really, wherever one went, there were posturing fools.

You enter your auction, I enter my auction, what did I hinder you in?

That young man handed over the invitation and said to the guard at the door, "Your Heavenly Network Gathering is too careless. Why would you let just anyone in? An Origin Deity Realm, what can he do if he goes in?"

Even though Ye Yuan's void spirit divine pills caused a sensation throughout the whole city, those who had truly met him before were also just those few people.

This guard clearly did not recognize Ye Yuan.

The guard swept a glance at the invitation and hurriedly bowed and said, "Turns out that it's Melody Sun Imperial City's Young Patriarch Jing Lu. Pardon me, pardon me. Replying Young Patriarch Jing Lu, as long as one has the Heavenly Network Gathering's invitation card, they can enter the auction. There's no restriction in terms of realm."

The guard's words made everyone incomparably surprised.

"That's Melody Sun Imperial City's Young Patriarch Jing Lu? I heard that he's a peerless genius. When he was born, he was already initial-stage Origin Deity Realm, and he broke through to first-layered heaven Divine Lord Realm at a mere 500 years old!"

"I also heard before. It's said that him breaking through to Celestial Deity Realm in the future is virtually a certainty."

Someone said softly, "But heard that this Young Patriarch Jing Lu is also notoriously overbearing, frequently taking advantage of his influence to bully people."

...

Clearly, Jing Lu's reputation spread far and wide. Many people had heard of him before.

When Jing Lu heard the surrounding sighs of admiration, he was incomparably pleased with himself in his heart. He enjoyed these envious looks very much.

"You all wouldn't be bored until you issued an invitation card to an Origin Deity Realm, right? Kid, do you have an invitation card or not?" Jing Lu asked Ye Yuan.

Ye Yuan was tickled by this guy and said with a smile, "Invitation card? I really don't have one."

Jing Lu's face fell and he said domineeringly, "Don't have an invitation card, why haven't you scrambled yet? Do you want this young master to send you rolling?"

Ye Yuan said coolly, "How to roll? You roll one time for me to see[1]?"

Jing Lu saw that Ye Yuan thought nothing of him and his expression could not help turning dark as he said in a cold voice, "Reckless and blind thing, a mere Origin Deity Realm dares to talk this way to this young master! Alright, this young master will let you know how to roll!"

Around them, quite a few people felt that Ye Yuan was very unwise.

Strength was clearly lacking, yet his attitude was still so unyielding. This was not having a backbone, this was being tired of living.

Done talking, Jing Lu released his aura, a foot kicked toward Ye Yuan's chest.

Behind Jing Lu, that old man's aura locked onto Ning Tianping firmly.

As long as Ning Tianping had a hint of reckless action, he would take action.

But what surprised him was that Ning Tianping did not have the intention of moving at all. Instead, his face revealed a hint of a mocking smile.

This foot carried world power, how could ordinary Origin Deity Realm powerhouses be a match?

The people seemed to have already seen the scene of Ye Yuan being kicked to death.

However, just as that foot was about to kick until Ye Yuan, Ye Yuan's body seemingly teleported half a position.

Bang!

A heavy punch struck Jing Lu's face!

This punch was caught off-guard, Jing Lu directly flew out backward, rolled several hundred feet on the ground before stopping.

This sudden turn of events was too sudden, everyone all did not react.

"What did I see? An Origin Deity Realm sent a Divine Lord Realm flying with one punch?"

"No, wait! My eyes must be failing me! This is impossible!"

"Isn't it said that Jing Lu is a genius hard to come by in 100 thousand years? Why is he so weak?"

"What that kid used just now seemed to be ... spatial laws! My God, spatial laws!"

...

This scene was already familiar to Ning Tianping. But to others, they were shocked to the core.

An Origin Deity Realm actually sent a Divine Lord Realm flying with one punch. This was too subverting.

"It turns out that this is how you roll! The posture is really unsightly. I'm not going to roll then." Ye Yuan said with a smile.

Jing Lu scrambled to his feet. The facial features on his face all shifted, his nose aching until tears kept flowing, his appearance extremely miserable.

He roared at the old man, "Uncle Huang, kill him for me! I want him dead!"

That old man's gaze turned sharp and he said in a cold voice, "Young man, you're courting death!"

Ye Yuan ignored him, fished out the supreme token, and gave it to the guard. He said, "I don't have an invitation card, I only have this. Can I go in?"

That guard's gaze turned intent and he said in great alarm, "Supreme token! Y-Your Excellency, this lowly one had eyes but couldn't see. I have offended Your Excellency, s-sorry!"

The supreme token was the highest-level invitation letter for the auction this time, the ones invited were all big shots.

With his status, he could not afford to offend at all.

Seeing this token, his heart could not help palpitating heavily.

Uncle Huang was just about to fly off the handle when that guard suddenly said coldly, "Halt! This lord is one of my Riverluck Capital City's most honorable guests! If you dare to attack him, it's becoming enemies with our three major factions!"

Uncle Huang and Jing Lu somewhat doubted whether their ears heard wrongly or not.

A measly Origin Deity Realm was actually Riverluck Capital City's most distinguished guest?

Jing Lu said in a solemn voice, "You dare to speak to me this way?"

But that guard did not yield in the slightest as he said, "Apologies. Young Patriarch Jing Lu is naturally our important guest, but the higher-ups instructed that if anyone sees a guest holding a supreme token, we must receive them with the highest standards! If you dare to attack this lord, then I can only say sorry!"

Not just Jing Lu, even the others also looked at Ye Yuan with incomparable shock.

They completely could not understand, how did a measly Origin Deity Realm become the most distinguished guest?

"Humph! A mere second-layered heaven Divine Lord, what can you do to me? Uncle Huang, what are you still waiting for? Attack!"

The guard was merely second-layered heaven Divine Lord cultivation. Jing Lu did not take him seriously at all, directly ordering Uncle Huang to attack.

But Uncle Huang hesitated.

Before he came, Head Elder explained solemnly before, to make sure never to come into conflict with the three major forces.

Riverluck Capital City was merely a capital city. If they did not have a certain background, how could they possibly stand tall?

One had to know, there were three imperial cities around Riverluck Capital City. Among them included Melody Sun Imperial City.

But these three imperial cities had very weak control toward Riverluck Capital City.

One could say that Riverluck Capital City was an independent kingdom.

Uncle Huang was not a silkpants like Jing Lu, so he was deeply aware of the seriousness involved.

Killing an Origin Deity Realm was easy, but they already said the words very clearly.

Ye Yuan was the most honorable guest!

One had to know, even with their status, they did not get the supreme token.

The importance of this token could be seen at a glance.

Uncle Huang said, "Young Patriarch, better forget it! The less trouble, the better, let's go in!"

[Unrivalled Medicine God](#)

Chapter 1655: Heavenly Emperor Profound Secrets

"W-What did you say?"

Jing Lu somewhat doubted whether his ears heard wrongly or not.

Uncle Huang ... actually yielded?

Wasn't it just a measly capital city? What was he afraid of?

Uncle Huang pulled Jing Lu to the side and whispered, "Whatever there is, I'll tell you in a while. This place isn't a place to talk."

Finished talking, he brought Jing Lu along and directly entered the auction venue.

When everyone saw this scene, they were extremely surprised and started guessing Ye Yuan's identity one after another.

Very clearly, Melody Sun Imperial City did not dare to provoke Riverluck Capital City, while Riverluck Capital City did not dare to provoke Ye Yuan.

Calculating this way, Ye Yuan's identity was big until it was a little frightening.

Just what origin was this Origin Deity Realm young man?

In the crowd, someone suddenly shouted, "Eh? Isn't this Master Ye Yuan? Why haven't you gone in yet? The auction is going to start in a jiffy."

Ye Yuan took a look, feeling that he was a little familiar. It should be a powerhouse who bought medicinal pills back then.

This powerhouse clearly did not know what happened just now.

Ye Yuan smiled and said, "Going in right now, a small accident happened just now."

That powerhouse smiled and said, "Then let's go in together?"

Ye Yuan said, "Please!"

"Haha, to be able to walk with Master Ye Yuan, this Liu is extremely honored!"

Done talking, the two people entered side by side, leaving behind everyone with shocked faces.

"Wasn't that the Soaring Sky Gang's gang leader, Liu Changtian? He's a sixth-layered heaven Divine Lord powerhouse. He was actually so respectful toward that young man!"

"I remembered! The Medicinal Pill Shop that caused a stir in the entire city these past few days, the stall owner seemed to be called Ye Yuan!"

"It's actually him! No wonder! No wonder! Even the three major factions have to queue up obediently in front of him!"

"Heh heh, Young Master Jing kicked a metal plate this time."

...

Ye Yuan and Liu Changtian entered the main hall. A middle-aged man came up to greet them.

When Liu Changtian saw the arrival, his expression could not help changing.

"I didn't expect that Alliance Chief Li actually appeared in person!" Liu Changtian said with a respectful bow.

Alliance Chief Li was naturally the Sword Star Alliance's alliance chief, Li Xing.

Liu Changtian did not expect that for the sake of this auction, Li Xing actually showed up in person.

Li Xing smiled and said, "There are a few important people here tonight. This Li has no choice but to come. Master Ye Yuan, there was a little unhappiness just now. It was all our Sword Star Alliance who failed to look after well. Master Ye, please don't take it to heart."

Hearing this, Liu Changtian had a look of astonishment.

What kind of status did Li Xing have? He was actually so meek and humble toward an Origin Deity Realm!

This Ye Yuan's identity seemed to have an even greater background than he imagined!

Ye Yuan had never seen Li Xing before. But hearing the two people's conversation, he knew that this was the Sword Star Alliance's alliance chief.

"Some small fries always like to jump around, no worries," Ye Yuan said coolly.

Actually, Liu Changtian did not know that Li Xing was also extremely shocked in his heart.

Ye Yuan, an Origin Deity Realm, actually sent the first-layered heaven Divine Lord Jing Lu flying with one punch! How could he not be shocked?

Perhaps, this was a true genius!

Compared to Ye Yuan, Jing Lu this so-called genius was like a frog at the bottom of a well. He was forever only able to see that tiny patch of the sky!

Celestial Deity?

So what if Celestial Deity?

In the eyes of empyreans and heavenly emperor powerhouses, celestial deities did not even count as ants.

Li Xing said, "Younger Brother Liu, I won't accompany you anymore, please go ahead. Master Ye Yuan, I'll bring you to the supreme box room. That place won't be disturbed by outsiders."

Liu Changtian had an awkward look as he said with a smile, "You guys go ahead!"

This auction venue had a total of four regions. Heaven, earth, and man, three levels. There was also a region that was normally not open to the public, that was the supreme area.

But this time, they actually opened up the supreme area.

What astonished Liu Changtian even more was that an Origin Deity Realm actually entered the supreme area!

One had to know, with Liu Changtian's identity and status, he could only enter the earth rank region today too.

Li Xing led Ye Yuan to a box room in the supreme area. The space inside the private room was very large, the decors extremely extravagant.

There was a simple and archaic wooden table in the center. One look and Ye Yuan knew that it was made from Nine Profound Heaven Spirit Wood and that it was a priceless treasure.

On the table, various styles of pastries and spirit tea were neatly arranged.

By the side, there were even four extremely pretty maids serving on one side.

In front, there was a massive light screen, projecting the scene from the auction below in its entirety.

All in all, every little bit here evidently showed the inhabitant's status.

"Master Ye Yuan, you be inconvenienced a bit and stay in this No. 4 supreme box room for the time being," Li Xing said.

Ye Yuan had a face like an old well devoid of ripples. It was as if unmoved by all these. He just said coolly, "I've troubled Alliance Chief Li, you go and busy with your own things."

Li Xing said with a smile, "Alright, then this Li will take his leave. If Master Ye Yuan has any needs, let these maids go and notify me."

Finished talking, Li Xing took his leave and left.

After going out, Du Mingliang came up to greet and whispered, "How was it, Alliance Chief?"

Li Xing's expression was slightly dark as he said, "Indifferent whether granted favors or subjected to humiliation, style of talking uncommon, impressive in bearing. His background is definitely not small! Such a person isn't what we can build connections with. Just send him away properly and that will do!"

Du Mingliang was also extremely surprised. He did not expect that the alliance chief's appraisal toward Ye Yuan was actually so high.

...

These were naturally deliberately shown by Li Xing they all for Ye Yuan to see.

Displaying martial strength outside the door was not a dispute caused by personal feelings, but that he wanted to let the three major forces know that his origins were extraordinary.

How could an ordinary faction possibly groom an Origin Deity Realm martial artist who could jump realm and defeat a Divine Lord Realm?

His goal was very simple. It was the Boundless Heavenly Soul Stone.

If let people know that he merely came out of a low-level imperial city, with his means, it would definitely attract a lot of covetous eyes.

Even though he was not afraid, he could forget about getting the Boundless Heavenly Soul Stone.

Since that was the case, he might as well feign an unfathomable appearance. He would let everyone think that his background was extraordinary.

This way, there was naturally no one who dared to touch him.

However, Ye Yuan also deeply sensed Riverluck Capital City's complexity.

Behind the three major forces, there was definitely a Celestial Deity powerhouse manipulating everything.

Furthermore, this Celestial Deity powerhouse was not even an ordinary Celestial Deity powerhouse.

Otherwise, there was no way that even Melody Sun Imperial City's young patriarch did not dare to be insolent here.

Before long, in the light screen, an old man slowly walked up the stage and said in a clear voice, "Everyone, this old self is Jian Zhentao. I was invited by Riverluck Capital City to take on the role of host of this auction. Everybody rest assured, the things auctioning this time, this old self has already inspected them, they are all genuine goods. Furthermore, this old self believes that the auction articles in time definitely won't disappoint everyone."

After the old man finished his self-introduction, someone immediately exclaimed below the stage, "Jian Zhentao! Could it be a member of the Jian Family?"

Jian Zhentao stroked his beard and said with a smile, "That's right, this old self is precisely Heavenly Emperor Profound Secrets' descendant, a disciple of the Jian Family!"

Finished talking, the aura on Jian Zhentao's body released. A mysterious aura reverberated amidst the hall.

"Profound secrets divine essence! It's really a member of the Jian Family!"

"Once profound secrets appear, the genuine and the fake are immediately distinguished! Turns out that Elder Jian is a member of the Jian Family, pardon me, pardon me!"

"Haha, with Elder Jian here, we can rest assured!"

When everyone saw this mysterious divine essence, they immediately paid their respects to the old man.

Chapter 1656: Dao Ancestor's Helplessness

"To actually invite the descendant of Heavenly Emperor Profound Secrets, looks like the things this time is really very good!" Dustless suddenly said.

Ye Yuan was rather surprised as he said, "Oh? Is this Heavenly Emperor Profound Secrets very powerful?"

Dustless said, "More than powerful! He can observe the destiny of what's under the heavens, talk about the life and death of martial artists, differentiate the truth and falsehood of myriad things, and is one of the most mysterious and most terrifying existences among transcendent heavenly emperors! Heavenly Emperor Profound Secrets' art of observing aura is unparalleled under the heavens! See that divine essence? That's called profound secrets divine essence. Only Heavenly Emperor Profound Secrets and his descendants can cultivate this kind of divine essence. It's similar to a bloodline inheritance."

Ye Yuan said in surprise, "There's still such a mysterious divine essence?"

Dustless nodded and said, "If Heavenly Emperor Profound Secrets says that someone can become a heavenly emperor, that person will definitely become a heavenly emperor powerhouse! If he says someone will die halfway, that person is bound to meet with a premature end! As long as it's things that Heavenly Emperor Profound Secrets predicted, it has never been wrong before!"

Ye Yuan was incomparably shocked in his heart. He did not expect that there was actually still a powerhouse who discerned heaven's secrets so thoroughly!

What Ye Yuan did not know was that just a little earlier, Dao Ancestor Life quietly arrived at Heavenly Emperor Profound Secrets's manor.

"Profound Secrets, 500 years ago, Heavenspan Mountain's abnormality, what do you think about it?"

Heavenly Emperor Profound Secrets gave Dao Ancestor Life a very meaningful glance and said with a smile, "Life, it's not like you don't know my rules. Matters regarding the Heavenspan Mountain, I'm completely ignorant!"

If outsiders were to know that Heavenly Emperor Profound Secrets actually talked to Dao Profound Life like this, they would definitely be incomparably shocked.

Dao Ancestors were high and above, showing disdain upon the world.

Even transcendent Heavenly Emperors were ants in front of them too.

But this Heavenly Emperor Profound Secrets actually did not have the least bit of respect toward Dao Ancestor Life.

Dao Ancestor Life frowned and said, "This, I naturally know. I just wanted to ask you if the time has come or not!"

When saying this, Dao Ancestor Life had a solemn look, as if encountering an earth-shaking matter.

Something that could make a Dao Ancestor powerhouse so visibly moved naturally would not be that simple.

Profound Secrets heaved a sigh and said, "You've experienced the last epoch, you naturally have an idea in mind. This kind of thing, is there still a need to ask me? Everyone says that Dao Ancestors can live forever, but that's just because they don't live long enough. In this world, what can live forever is probably just the Heavenspan Mountain, right? Or maybe, even the Heavenspan Mountain isn't undying and indestructible too! This kind of thing, who knows."

Dao Ancestor Life's expression changed. Profound Secrets's words poked his sore spot.

The world all said that Dao Ancestors were above worldly considerations, but they did not know that Dao Ancestors had Dao Ancestors' hardships too.

"In that case, it's really coming?" Dao Ancestor Life said in a low voice.

Heavenly Emperor Profound Secrets smiled and said, "Oh, Old Mei, so many years have passed, you still haven't gotten over it? Life and death are decreed by fate. It's not what you and I can control."

Dao Ancestor Life's expression flickered incessantly, and he said with a sigh, "Saying is easy but doing it is difficult!"

Heavenly Emperor Profound Secrets gave him a glance and suddenly said, "On that day, I observed the celestial phenomena at night. In the south, Purple Qi surged to the sky. An abnormality is bound to happen. But this heaven's secret, I can't perceive it."

Dao Ancestor Life's gaze turned intent, his figure suddenly disappeared.

"Vast Universe!"

Before long, a middle-aged man appeared in front of Dao Ancestor Life.

"Dao Ancestor!" Heavenly Emperor Vast Universe said respectfully.

Heavenly Emperor Vast Universe was slightly fearful in his heart. It was rare for the dao ancestor to summon him one in a million years, what was this today?"

Dao Ancestor Life nodded and said, "You immediately send people to the south and search carefully for me. See in this recent 500 years, what kind of heaven and earth phenomenon appeared! I don't want anything left out, understand?"

Heavenly Emperor Vast Universe hurriedly said, “Yes, this subordinate understands! This subordinate will go and send people right away!”

...

“In front of everyone, it’s the appetizer that the auction this time is starting with. Divine Dao rank five martial technique, Heavenly Profound Divine Sword! This martial technique is very powerful, one can cultivate all the way to Celestial Deity Realm! Each level cultivated, one can virtually sweep across all in the same rank! The base price is ten billion! Each increment has to be no less than 500 million!”

Jian Zhentao was clearly very experienced with this kind of auction because of his vast experience, stirring up the atmosphere at the scene with a few sentences.

Divine Dao rank five martial techniques were martial techniques created by at least Celestial Deity powerhouses. The power was naturally extraordinary.

And this cultivation method was clearly even more extraordinary. Jian Zhentao used sweeping across those in the same rank to describe it, it clearly let the auction liven up all at once even more authoritatively.

Very soon, this Divine Dao rank five martial technique was sold at a price of 16.5 billion.

Ye Yuan was not interested in this. No matter how strong the martial technique, it was also not as good as what was suitable for him.

Clearly, the Misty Sword Art was the most suitable for him!

The Misty Sword Art that was based on the Chaos Heavenspan Canon was something no martial technique could replace.

Sweeping across those in the same rank was merely a joke in front of Ye Yuan.

His current combat strength could already kill the majority of first-layered heaven Divine Lords.

Same rank?

To Ye Yuan, there was only jumping realms!

Uncle Huang persuaded ardently before Jing Lu realized Riverluck Capital City’s remarkableness, and also understood what their threat meant.

Jing Lu was arranged in the heaven rank area, which was also a private room. It was just that the private room was far lacking compared to the supreme area.

“Young Patriarch, our goal this time is the Boundless Heavenly Soul Stone. If the divine essence stones aren’t enough when the time comes, what should we do?” Uncle Huang said.

Jing Lu waved his hand and said full of confidence, “No worries, we brought 120 billion this time. It’s enough to win the bid for the Boundless Heavenly Soul Stone. The Boundless Heavenly Soul Stone is useful to the Divine Lord Realm, while its value to the Celestial Deity Realm isn’t that much. The price won’t be too high. This is a complete Divine Dao rank five martial technique. Our Melody Sun Imperial City obtaining it is also akin to adding wings to a tiger, who dares to say anything?”

Uncle Huang saw Jing Lu's aloof and indifferent appearance and could not help letting out a sigh and no longer urged.

He knew this young patriarch's temper. Say anymore and he would get angry.

The price of 16.5 billion already exceeded the value of this martial technique. Uncle Huang felt that it was not worth it.

It was just that these words, he did not dare to say it.

Afterward, several more things were auctioned. The final transaction prices were basically all above 20 billion.

The good things tonight were truly a lot!

But these things were not indispensable to Ye Yuan. He could not muster up much interest.

"I believe that tonight, quite a number of people are aiming for an auction item. This piece of Boundless Heavenly Soul Stone was discovered in an ore lode. Not only is the chunk extremely big, but it's also very pure. This old man has already appraised it. It's most suitable to use to help ninth-layered heaven Divine Lords and half-step Celestial Deity powerhouses to comprehend Heavenly Dao. This piece of Boundless Heavenly Soul Stone, the base price is 28 billion. Each increment is no less than one billion! Now, start bidding!"

"35 billion!" The moment Jian Zhentao's voice faded, someone immediately raised by seven billion divine essence stones.

Uncle Huang was slightly disappointed at the side. This Young Patriarch Jing Lu was still too young, no patience at all.

Auctions this sort of thing, what was play was psychological warfare. How was it competing on the volume of voice?

"37 billion!"

"40 billion!"

"50 billion!"

Jing Lu directly added another 10 billion, everyone became quiet.

Chapter 1657: Backlash

In a few bids, the price of the Boundless Heavenly Soul Stone directly doubled.

This stance of being determined to get it really cowed quite a number of people.

However, this was clearly not the final outcome.

With such a sucker placed there, how was there a reason to not cheat him?

Suddenly, a fifth-layered heaven Divine Lord powerhouse shouted, "51 billion!"

Jing Lu's face fell. He was still pleased with himself for a while when he saw that he stumped everyone earlier.

He did not expect that in a blink of an eye, someone raised the price.

He gritted his teeth and said, "I don't believe it! 52 billion!"

That person said coolly, "53 billion!"

Jing Lu was enraged until his face was livid and he continued, "60 billion!"

This time, that martial artist did not increase the price anymore. He said smiled faintly and said, "I don't want anymore, better give it to him!"

The moment Jing Lu heard, his face could not help revealing a smug look and he said with a cold smile, "Fighting with this young master, can you afford to contend?"

Jing Lu's voice was not concealed, everyone in the room heard it.

Those present were mostly clear-headed people, everyone's faces revealed a knowing smile.

He slightly used a bit of trick and he directly increased by ten billion.

Uncle Huang could not bear to look straight ahead, but he could not speak up to warn either, his expression crumbling.

Jian Zhentao smiled slightly and said, "60 billion, is there still higher than 60 billion? If there isn't this piece of Boundless Heavenly Soul Stone will belong to the Heaven No. 5 Room's guest!"

Everyone was silent. Everyone felt that the Boundless Heavenly Soul Stone already exceeded its original value and that it was clearly not worth to make a move anymore.

Right at this time, a faint voice sounded out, "100 billion!" This made everyone feel surprised.

Among the audience, someone immediately whispered, "100 billion! Someone actually offered 100 billion to buy a piece of Boundless Heavenly Soul Stone! Isn't this being a sucker?"

At this time, an extremely experienced person explained, "Heh heh, a little interesting! This isn't a sucker, but an expert!"

"Mn? What do you mean?"

"Clearly, this piece of Boundless Heavenly Soul Stone, guests in Heaven No. 5 Room and Supreme No. 4 Room are determined to get it and absolutely won't allow the slightest accident. But Supreme No. 4 Room's guest has never made a move. He was waiting to see how much his opponent had! Now, his opponent is clearly only left with the Heaven No. 5 Room's guest. And at this time, he raised the price to 100 billion all of a sudden. It has probably already reached Heaven No. 5 Room's limits. This way, he can save divine essence stones to the greatest degree. Because Heaven No. 5 Room exposed too much!"

That person said in shock, "There's actually still this kind of strategy?"

“That’s of course! At times, auctions will encounter this kind of situation. Some people are aiming at an item. No matter what, he has to win the bid. At this time, the tactic becomes very important. You look, Heaven No. 5 Room still wants to increase the price, but he already can’t increase it anymore!”

When Jing Lu heard this offer, his expression immediately became incomparably ugly.

He brought a total of 120 billion out. Right now, he was only left with 103.5 billion.

Ye Yuan’s price quote directly pushed his limit. He was unable to increase the price anymore.

Gritting his teeth, Jing Lu yelled, “103.5 billion!”

Then in the next second, Ye Yuan opened his mouth and said indifferently again, “105 billion!”

Bang!

Jing Lu smashed the tea table in front of him with a palm and said angrily, “Damn it! This person is a lunatic, right? To actually spend over 100 billion to buy a piece of Boundless Heavenly Soul Stone!”

Uncle Huang let out a sigh and said, “Young Patriarch, forget it. That person is the same as us, hell-bent on obtaining the Boundless Heavenly Soul Stone.”

Jian Zhentao also did not expect that this piece of Boundless Heavenly Soul Stone could be sold at such a high price.

“This piece of Boundless Heavenly Soul Stone belongs to the guest in the Supreme No. 4 room!” Jian Zhentao announced.

He was very curious just who was in this Supreme No. 4 Room, to actually play with auctioning tricks to such a high degree of perfection.

Actually, when Jing Lu called out 60 billion, he estimated that Jing Lu’s limit was roughly 100 billion.

But he had immersed in this for many years, his experience being exceedingly rich. That was how he had this estimation.

That Supreme No. 4 Room’s guest actually had such judgment too. Presumably, he must be an expert.

Jian Zhentao thought in his heart, this Supreme No. 4 Room is rather interesting. In a while, I must broaden my experience.

The following auctions had nothing to do with Ye Yuan anymore.

Even though the cost of buying the Boundless Heavenly Soul Stone far exceeded his expectations, he did not feel that there was anything.

As long as it could preserve Mu Lingxue’s life, forget about 100 billion, so what even if 1 trillion?

There were quite a number of forces present that came from Celestial Deity factions.

The last few auction items could only be used by Celestial Deity Realm powerhouses. The competition was also abnormally fierce.

These things were too far away for Ye Yuan. Moreover, Ye Yuan did not lack them either.

As long as he broke through to the Divine Lord Realm and opened up the Purple Extreme Hall's second level, the good things inside were definitely too many to count.

After the auction ended, Ye Yuan went backstage to pay with divine essence stones. He did not expect that Jian Zhentao was actually already waiting there.

Jian Zhentao saw Ye Yuan, his gaze involuntarily turning intent.

He did not think that such a veteran bidding technique actually came from such a young person's hands.

"Elder Jian!" Ye Yuan said with Jian Zhentao with clasped hands.

Toward this Heavenly Emperor Profound Secrets, Ye Yuan was still very interested.

He very much wanted to understand what kind of Heavenly Dao laws could let them cultivate such mysterious divine essence.

Jian Zhentao smiled and said, "Indeed, heroes come from youngsters! I really didn't expect that Supreme No. 4 Room's guest was actually such a young man!"

At this time, Li Xing suddenly appeared and said, "Huhu, Elder Jian isn't aware, Master Ye isn't an ordinary young man!"

Jian Zhentao was slightly surprised and looked towards Li Xing and said, "Oh? How is he not ordinary?"

Li Xing smiled and briefly recounted Ye Yuan's situation.

In his heart, Jian Zhentao was wildly in shock. He said somewhat disbelievingly, "Alchemy God Li, you can't simply say this kind of words! This old man has lived to this ripe old age and could be said to be very knowledgeable and experienced. I've also not seen before void spirit divine pills more than a few times."

Li Xing smiled and said, "This matter, Riverluck Capital City's people are all aware. Moreover, how could this Li dare to talk rubbish in front of Elder Jian?"

Heavenly Emperor Profound Secrets's lineage proliferated, their family extremely massive, and they were scattered all over the Heavenspan World. Jian Zhentao was merely a very distant offspring of Heavenly Emperor Profound Secrets.

But even so, no one dared to underestimate Jian Zhentao too.

Because no one dared to underestimate the Jian Family.

Jian Zhentao was incomparably shocked in his heart and unconsciously revolved divine essence, applying it on his two eyes, and looked over toward Ye Yuan.

"ARGH!!"

Jian Zhentao suddenly screamed miserably, covering his eyes with both eyes.

Li Xing could not help turning pale with fright when he saw the situation and hurriedly said, "Elder Jian, what's wrong with you?"

Jian Zhentao put down both hands tremblingly, the surrounding people all got a big shock.

It was only to see his two eyes tightly shut with two rows of bloody tears flowing down the corners of his eyes, looking incomparably grim.

Ye Yuan also did not expect that this kind of situation would appear and said worriedly, “Elder Jian, are you alright?”

Jian Zhentao slowly shook his head and said, “This old self is inept and incurred Little Friend Ye Yuan’s ridicule.”

Unrivaled Medicine God

Chapter 1658: Spirit Circle Projection

Titanic waves surged in Jian Zhentao’s heart!

His Profound Spirit Chaos Formula was already cultivated to peak fourth level. His art of viewing aura was also grand completion rank four. However, he actually suffered such a terrifying backlash with one glance.

The grandeur of this boy’s destiny was simply appalling!

“Elder Jian, you used ... the art of observing aura on Ye Yuan just now?” Li Xing seemed to have understood something and could not resist asking.

Jian Zhentao knew that he could not hide it. So he said with a bitter smile, “Hearing what you said just now, this old self was somewhat curious. So I utilized the art of observing aura. I didn’t expect that ... this old man was inept and actually suffered a backlash!”

Li Xing said in shock, “Elder Jian must be joking! Within the boundaries of these three imperial cities, who doesn’t know that Elder Jian’s art of observing aura is extremely accurate. How can you be inept?”

At this time, another two figures walked over. They were City Lord Chai Rong and the Blood Rainbow Manor’s manor lord, Wang Chao.

When they saw that Jian Zhentao’s two eyes were flowing with bloody tears, they turned pale with fright and said, “Elder Jian, what’s wrong with you?”

Li Xing briefly explained the situation. The two people’s gazes when looking at Ye Yuan was full of astonishment.

Looks like their judgment previously was indeed not wrong.

“Elder Jian, I wonder what color Master Ye Yuan’s destiny is?” Chai Rong asked.

Heavenly Emperor Profound Secrets’s art of observing aura was not a secret. A person’s destiny could be divided into seven levels. When observing aura, it would show different colors.

Red aura was the weakest, while purple aura was the most prosperous!

Normally, those able to reach purple aura, as long as they did not fall, breaking through to the True God Realm in the future was virtually a sure bet.

That powerhouse who left behind the Suppression Ancient Heaven Gate had once been viewed by the Jian Family's art of observing auras, and the person had the most prosperous purple aura.

Jian Zhentao smiled bitterly and said, "This old man didn't see anything at all! But this old man reckons that Little Friend Ye Yuan's destiny is likely the imperial aura!"

He only took one look and blinded himself!

"Imperial aura!" The three great powerhouses shuddered all over.

Imperial aura, they had also heard before. It was just that in Riverluck Capital City, this kind of remote place, it was impossible for imperial aura to appear at all.

Because people who have imperial aura appear could be said to have a heaven-defying destiny, and they were all able to step into the Empyrean Realm in the end!

Being a Heavenly Empyrean, that was already a powerhouse that stood at the very summit of this world, an existence that they needed to look up to, and also an existence that could not be reached for life!

Could it be that this young man in front of them could achieve the Empyrean Realm in the future?

Dustless already told Ye Yuan these, so Ye Yuan also understood the meaning of imperial aura.

But he was not interested in this. What he was interested in was Jian Zhentao's cultivation method.

Ye Yuan suddenly cupped his fists and said, "Elder Jian, Ye Yuan has a presumptuous request."

At this time, these few people's perceptions of Ye Yuan were somewhat different again.

A future Empyrean powerhouse, was he not worth them fawning on him?

Jian Zhentao slowly nodded and said, "You say."

Ye Yuan said, "Elder Jian, can you display your divine essence again? Junior wants to experience it personally."

Jian Zhentao was rather surprised but did not refuse it either. Hence, he revolved the Profound Spirit Chaos Formula and released his divine essence.

Carefully sensing the divine essence that Jian Zhentao released, Ye Yuan trembled all over.

This divine essence was indeed incomparably mysterious. More importantly, Ye Yuan actually sensed a hint of chaos divine essence concept from Jian Zhentao's divine essence.

This made him incredibly shocked!

Every martial artists' divine essence would have subtle differences because of the differences in the cultivation method they cultivate.

Some divine essences were suited to cultivate Sword Dao martial techniques, some divine essences were suitable to cultivate fire martial techniques. But those able to cultivate out a trace of chaos divine essence was one of a kind!

“The world is so vast, looks like I’ve underestimated the heroes of the world! This Jian Zhentao is merely ninth-layered heaven Divine Lord and he’s already so powerful. I wonder how powerful that Heavenly Emperor Profound Secrets is!” Ye Yuan said with vicissitudes of emotion in his heart.

Dustless said, “Heavenly Emperor Profound Secrets has lived for god knows how many tens of thousands of years. He’s the transcendent heavenly emperor with the longest lifespan! There’s even a legend that he had once fought for the position of Dao Ancestor before but failed in the end. This kind of existence naturally can’t be placed in the same category as ordinary people. Those kinds of existences are all powerhouses who approach Great Dao. Cultivating chaos divine essence isn’t anything strange.”

Ye Yuan said, “Looks like my path isn’t wrong. Even Heavenly Emperor Profound Secrets, that kind of powerhouse, is also pursuing chaos divine essence! It’s just that their chaos divine essence is far from as pure as mine.”

Witnessing Jian Zhentao’s divine essence, Ye Yuan became even more certain of his path.

What he wanted to do right now was to find the direction of the next step!

“Many thanks, Elder Jian! The Profound Spirit Chaos Formula is indeed profound and inscrutable, Ye Yuan admires,” Ye Yuan said sincerely.

“Huhu, that’s the grace that’s bestowed by Ancestor. We only learned a bit of smattering; not worth mentioning. If Little Friend Ye Yuan is free, there’s no harm taking a trip to Extreme Light Imperial City,” Jian Zhentao said.

Ye Yuan nodded and said, “Alright, I’ll definitely pay a visit next time!”

...

In a corner of the street, Jing Lu gnashed his teeth in hatred and said, “Uncle Huang, that kid keeps refusing to come out. He definitely bought something! Supreme region, those who would buy the Boundless Heavenly Soul Stone is only him!”

After the auction ended, Jing Lu was unwilling to accept it.

He suspected that the one competing with him was Ye Yuan, so he stood guard outside.

Uncle Huang also nodded when he heard it and said, “Very likely! I inquired before, he collected Myriad Longevity Heavenly Soul Stones previously. Bidding with Young Patriarch for the Boundless Heavenly Soul Stone is within reason.”

Jing Lu’s gaze was dark as he said in a cold voice, “No way, I can’t stomach this! Uncle Huang, I’m going to kill him! Firstly, it avenges the enmity previously! Secondly, it’s also to snatch the Boundless Heavenly Soul Stone for Father. Missing this time, Father will have to wait for no idea how many years before having a chance to break through to Celestial Deity Realm!”

Uncle Huang frowned and said, “Young Patriarch, while that’s right, the three major forces are clearly partial toward him. It’s not easy for us to act!”

“I also didn’t say to kill him in the city. When the Suppression Ancient Heaven Gate’s inheritance is over, he’ll definitely leave Riverluck Capital City. At that time, we ...”

Jing Lu had a vicious expression as he did a beheading action.

Uncle Huang thought about it and said with a nod, “Young Patriarch’s words are reasonable! It’s just that ... I’m afraid that this kid’s background isn’t small. If we want to kill him, we’d better be fully prepared!”

Jing Lu nodded and said, “Mn, you ask Father for help right now. Have him send more experts over! Heh heh, an Origin Deity Realm kid, to dare challenge this young master, this young master will let you know what’s called despair!”

“Yes, Young Patriarch!” Uncle Huang said.

...

On this day, the north of the city suddenly erupted with rays of brilliant light.

Several hundred rays of light suddenly projected down from the sky, shining on the earth, as if spotlights.

“Spirit circle projection! It’s the spirit circle projection! The Suppression Ancient Heaven Gate is now open!”

This phenomenon made the martial artists in the city seethe all at once.

For a moment, those martial artists ran wild all at once, speeding out of the city frenziedly, lest they get left behind.

In the wilderness to the north of the city, a stone gate stood erect and tall.

In front of the stone gate, circles of light appeared on the ground. The martial artists fought with each other, attempting to enter the light circles.

Chapter 1659: Fight of Spirit Circles

“As long as one can last 100 breaths in the light circle, they can obtain the recognition of the Suppression Ancient Heaven Gate and enter inside, obtaining the inheritance!”

“All get lost for me! Those who bar me, die!”

“This light circle is mine! Bang!”

...

For some time, countless fervent gazes looked towards the Suppression Ancient Heaven Gate. They all hoped to enter inside and obtain the inheritance.

However, there were only merely several hundred seats. The competition was unusually fierce.

In midair, countless divine essences countless without restraint, looking incomparably gorgeous.

Horrifying powers of law undulated in the sky. Martial artists fell from time to time.

The scene was extremely tragic!

However, the truly powerful existences had not made a move yet. The ones who rushed over now were all small fries.

“Your Excellency, these guys are crazy. It’s really terrifying!” Ning Tianping said emotionally.

Ye Yuan smiled when he heard that and said, “This kind of lucky chance is sufficient to change one’s life to bottom-level martial artists. They naturally have to do whatever it takes.”

Ning Tianping said, “Fortunately, this Suppression Ancient Heaven Gate has a bone age limit. Otherwise, it would really have nothing to do with us anymore.”

This Suppression Ancient Heaven Gate seemed to be searching for a successor. Hence, the skeletal age was restricted to under 5000 years old.

Those over 5000 years old, even if they occupied the light circle, they would be rejected too.

With Ning Tianping’s strength, he was already an outstanding talent among those below 5000 years old. Hence, him occupying a light circle was virtually a sure thing.

Otherwise, once those middle-stage Divine Lord Realm powerhouse took the field, what has it got to do with the others anymore?

Ye Yuan smiled and said, “It’s almost time, let’s go!”

Ning Tianping smiled slightly, his figure rushing out.

Ye Yuan followed closely behind and was actually not much slower than Ning Tianping.

“You all look, there’s actually an Origin Deity who wants to occupy a light ring. Is he courting death?”

“Hahaha, truly, there are all kinds of birds once a forest is big.”

“Mn? Hang on! Why can an Origin Deity Realm fly?”

“It’s really so! I got it, he must have comprehended spatial laws! My God, truly monstrous!”

“So what? Whoever prevents your father from obtaining the inheritance, your father will take his life!”

...

Ye Yuan was seriously too conspicuous among a group of Divine Lord Realm powerhouses, immediately drawing people’s attention.

Under Ning Tianping’s protection, Ye Yuan directly occupied a light circle.

Then, Ning Tianping also occupied a light circle in the vicinity.

Ning Tianping’s strength was too powerful, few were his match.

“Brat, get lost for your father!”

Not long after Ye Yuan landed and occupied a light circle, a first-layered heaven Divine Lord rushed over towards Ye Yuan domineeringly.

Occupying a seat was not the end, one must be able to hold for a hundred breaths before they could obtain the Suppression Ancient Heaven Gate's recognition.

Ye Yuan laughed coldly, the Junyi Sword suddenly attacking.

Rumble!

That martial artist was directly blasted flying by Ye Yuan with one sword!

Originally, everyone felt that Ye Yuan was a soft persimmon. So they were all raring to have a go.

This sword of Ye Yuan's stunned everyone at once, making them not dare to make a move without careful consideration.

"This spirit circle, this Ye wants it! Those who are not convinced, come and fight me!"

Ye Yuan stood upright with his long sword, unparalleled and domineering.

Even though he was just Origin Deity Realm, his aura surged to the sky, and actually gave those martial artists tremendous pressure. For a moment, no one dared to step forward.

"How can this kid be so strong?"

"An Origin Deity Realm could actually overpower a first-layered heaven Divine Lord with one sword!"

"I remembered, heard that there was an Origin Deity Realm who defeated Melody Sun Imperial City's Young Patriarch Jing Lu a few days back! This must be him!"

...

The moment everyone heard, their expressions could not help changing greatly, revealing looks of apprehension towards Ye Yuan.

For some time, there were already quite a few people who wanted to beat a retreat and compete for other spirit circles.

"Everybody, attack! He's only one person. I'll see how many people he can block!" Suddenly, someone in the crowd fanned the flames.

Ye Yuan's gaze turned cold and looked at that person.

That person was none other than precisely Jing Lu!

Those martial artists being incited by Jing Lu were indeed moved.

"An Origin Deity Realm kid also wants to occupy a spirit circle, dream on! Everybody, attack together!"

Sure enough, over a dozen first-layered heaven Divine Lord powerhouses actually charged over towards Ye Yuan in unison.

Occupying a spirit circle, one could not move anymore. Otherwise, precious time of occupying a spirit circle would not be counted anymore.

Therefore, every person who occupied one must have the strength that surpassed people!

Because they were all living targets!

Clearly, Ye Yuan seemed much weaker among them.

Seeing this scene, Jing Lu was very pleased with himself in his heart.

“Heh, so what if you can jump realms and battle? I don’t believe that you can fight over a dozen Divine Lord powerhouses alone! Offended this young master and you still want to obtain the inheritance? Dream on!”

Done talking, Jing Lu raised his long sword and also rushed over toward Ye Yuan.

In an instant, Ye Yuan was surrounded by enemies in all directions!

He laughed coldly and said with disdain, “Want to bully the weak with numbers? Then you all have to be prepared for death!”

Regarding Ye Yuan’s threat, they naturally did not take it to heart.

After all, Ye Yuan was just an Origin Deity Realm!

Over ten of them, they did not believe that they could not force Ye Yuan out.

Buzz!

Those dozen or more people were currently arriving swiftly when suddenly, with a series of whooshes, all of them fell down from the air.

Misty Sword Art!

Ye Yuan’s sword energy came out. Those few powerhouses who rushed in front were all swept by it. Their bodies being riddled with wounds by the sword energy.

“Origin magnetic laws! My God, how can this kid’s means be so many?”

“Spatial laws, origin magnetic laws, how can this kid comprehend so many obscure laws?”

“Too strong! First-layered heaven Divine Lords are not his match at all!”

...

Ye Yuan’s methods had astounded everyone.

Under the gaze of thousands of Divine Lord Realm powerhouse, he alone swept away over a dozen people.

First-layered heaven Divine Lord Realm powerhouses did not have the strength to retaliate at all in front of him!

This kind of strength was already considered a top powerhouse among first-layered heaven Divine Lords.

Such a person naturally had the qualifications to obtain a spot!

“Who else is still unconvinced, you can all come! This Ye will receive you all!”

Ye Yuan stood with his sword brandished, his gaze like a torch, aura imposing.

Those powerhouses finally retreated.

“Q-Quickly run! This guy ... This guy is too strong!”

The martial artists who survived stumbled and crawled away.

Jing Lu was suddenly assaulted by the Origin Magnetic Field just now and did a dog-eat-shit tumble.

Fortunately, he charged a little later and was not hit by the sword.

Otherwise, he would be a corpse right now.

Looking at Ye Yuan’s invincible figure, Jing Lu was full of fear and resentment.

How could there be such a freakish person in this world? How could someone’s talent be even greater than his?

Right at this time, Ye Yuan’s gaze passed through the crowd and cast at him.

Jing Lu’s entire body turned stiff as if being hit by a paralyzing hex, not daring to move in the slightest.

The killing intent in Ye Yuan’s eyes was not disguised in the least bit. Clearly, he was genuinely enraged.

Finally, all of the powerhouses retreated. Ye Yuan’s place became a forbidden place.

Even those second-layered heaven Divine Lord powerhouses were not willing to come and provoke Ye Yuan too.

Not that they were afraid of Ye Yuan, but that there were soft persimmons to knead, why should they pick a hard persimmon?

All around, bloody battles happened repeatedly. Quite a number of young geniuses perished, their Dao disappearing.

But Ye Yuan stood proudly. No one dared to come up and provoke anymore.

Chapter 1660: Starry Sky Treasure Selection

Finally, the fights became fewer and more sparse. The spirit circles each fell under someone’s ownership.

But those who obtained spirit circles, most of them were third-layered heaven Divine Lords and second-layered heaven Divine Lords. The number of first-layered heaven Divine Lords were very few.

After Jing Lu was frightened away by Ye Yuan, he also found a sucker and forcefully occupied a spirit circle.

A hundred breaths of time passed, one spirit circle after another emitted traces of dense mist.

Suddenly, Ye Yuan felt that a wisp of his divine sense involuntarily broke free of his body, flying toward the Suppression Ancient Heaven Gate.

Swoosh, swoosh, swoosh ...

Rays of light broke free, flying into the Suppression Ancient Heaven Gate.

Those martial artists who failed to snatch the spirit circles could only see these people enter to search for treasures off with their eyes with envious looks.

Ye Yuan only felt a blur before his eyes and he entered a vast starry sky.

“Is this the legendary Suppression Ancient Starry Sky? Indeed magical!”

“Each star represents a treasure! The brighter the star, it means the more powerful the treasure!”

“Still waiting for what, come on!”

...

Treasure in front, the martial artists all lost composure, taking action one after another, flying over toward those stars.

Those slightly darker stars, they did not take fancy on them. They were all aiming for those brightest few stars.

It was just that they flew halfway and their figures were unable to advance an inch anymore.

“Heh heh, really overestimating their own abilities! How can truly powerful inheritances be what the average person can obtain?” Dustless said disdainfully.

The Soul Suppressing Pearl was integrated inside Ye Yuan’s divine sense and was also brought inside.

Ye Yuan said, “Wonder to which step I can walk to!”

Dustless stroked his beard and said, “Huhu, with this old man around, you’ll naturally get the best!”

Ye Yuan could not help smiling when he heard it.

It was said that this inheritance was left behind by a True God powerhouse, but the Soul Suppressing Pearl was a peak empyrean spirit treasure. Dustless did not take it seriously at all.

“The means of True God powerhouses are indeed inconceivable, to actually be able to create such a region of consciousness space! It’s just that no idea what the strongest inheritance here is?” Ye Yuan said.

“The strongest inheritance is naturally not here, but in the depths of the starry sky!” Dustless said.

Ye Yuan smiled at Ning Tianping and said, “Tianping, let us go and join in the fun too.”

“Heh heh, alright! I also want to see where my potential lies!” Ning Tianping said with a smile.

Finished talking, the two people leaped and headed over toward the vast starry sky.

“Damn it, just a little bit more, move for me!”

A second-layered heaven Divine Lord martial artist struggled until his face reddened to the ears, but his body was unable to advance an inch.

But he was only several hundred feet away from a very dazzling star.

Right at this time, two figures lightly walked by him, incomparably relaxedly, forming a fierce contrast with him.

Ning Tianping saw that that star was very bright and could not resist reaching out to fish it over.

That martial artist glared and roared furiously, "That's mine! You're not allowed to snatch!"

Ning Tianping said with an amused look, "Is your name written on it?"

That person could not help choking when he heard it, but he was fiercely unwilling to submit in his heart.

Comparing people, it was really odious!

This region of starry sky, the deeper in, the higher one's talent naturally was.

He already used all of his strength to arrive here, but it now seemed like a joke.

Ning Tianping carefully sensed it a bit, but his brows furrowed slightly and he said, "Your Excellency, this is a Divine Dao rank five cultivation method, it seems to be pretty good."

That martial artist's entire body trembled, the unwillingness in his eyes even stronger.

Who knew that Ye Yuan said coolly, "Just a Divine Dao rank five cultivation method. Can only bring one thing out from here, throw it away."

"Oh!" Ning Tianping casually threw it very obediently. That star returned to its original spot.

That martial artist was utterly stunned by these two people's conversation. This was also too casual, right?

That originally thick unwillingness turned into astoundment at this time.

Divine Dao rank five cultivation method, they did not even take fancy on it?

One had to know, Divine Dao rank five cultivation methods were easily the price of one or two billion!

That martial artist had tears coursing down his face, thinking to himself, you guys shouldn't toy with people like this, might as well directly take it away.

This was also too hurtful, right?

Ye Yuan and Ning Tianping did not stop at all, directly leaving.

While that martial artist was still desperately crawling forward, hoping to be able to reach that Divine Dao rank five cultivation method.

It was just that no matter how hard he strove, he was always lacking that little bit.

Several hundred martial artists, everyone had their own goals. But those able to reach rank five cultivation methods were originally already scanty few.

As for even deeper, they were unable to arrive there at all.

“Hahaha ... peak rank five cultivation method, Crimsonlight Nine Brilliance Divine Art! With this cultivation method, I can cultivate all the way to the peak of the Celestial Deity Realm!”

In the starry sky, a voice suddenly sounded out loud, seemingly very excited.

Not far away, some martial artists cast envious gazes.

“Indeed worthy of being a genius known to definitely step into Celestial Deity Realm, to actually be able to obtain a peak rank five cultivation method!”

“Sigh, the disparity between anyone is too great!”

“Barring no accidents, the cultivation method that Jing Lu obtained will probably be the best this time, right?”

...

Hearing the sighs of admiration coming from everyone, Jing Lu was extremely pleased with himself.

Because in this starry sky, he walked right at the forefront.

Clearly, his talent was the greatest!

Melody Sun Imperial City’s apex cultivation method could only cultivate to the third-layered heaven Celestial Deity Realm.

Therefore, without a special fortuitous encounter, Jing Lu’s final realm would stop here too.

But now, it was different!

This set of Crimson Light Nine Brilliance Divine Art was sufficient to support him to cultivate to the peak ninth-layered heaven Celestial Deity, only a step away from the True God Realm!

Jing Lu believed that with his talent, he could absolutely cultivate to the ninth-layered heaven Celestial Deity Realm.

Right at this time, two figures came over, seemingly very relaxed.

Amidst everyone’s amazed stare, Ye Yuan and Ning Tianping strolled over leisurely and arrived beside Jing Lu very quickly.

Ning Tianping gave Jing Lu a glance and said disdainfully, “A mere Divine Dao rank five cultivation method, look how excited it made you. Useless!”

Toward Jing Lu, Ning Tianping did not want to have any favorable impression.

Seeing him show off, he could not resist giving him a blow.

When Jing Lu saw these two people, the joy from a moment ago immediately disappeared in a flash.

Looking at the two people’s appearance, it seemed like they still had the strength to spare.

While he was already powerless to move forward.

“Humph! What are you showing off for? The further in front, the greater the resistance! I don’t believe that you guys can still advance much!” Jing Lu said with a cold smile.

“Oh? Is that so? Then let’s wait and see!” Ning Tianping said with a sneer.

Ye Yuan shot Jing Lu a glance lightly and said, “Come on. Just a frog at the bottom of a well, no need to care about him.”

Finished talking, Ye Yuan brought Ning Tianping and continued forward, leaving behind the black-faced Jing Lu.

Sure enough, the resistance in front became greater and greater. Before long, Ning Tianping was unable to advance anymore.

The tremendous resistance made it hard for him to take a single step.

“Your Excellency, I ... I can’t move any more!” Ning Tianping said.

However, he did not have the intention of being unreconciled to it.

Ning Tianping knew that for him to be able to walk until here was entirely His Excellency’s credit.

With his original talent, he was probably not even as good as Jing Lu.

Ye Yuan glanced around and said with a nod, “Alright, you stay here, I’ll go further and take a look.”
