

Medicine God 1681

Unrivalled Medicine God

Chapter 1681: Sparing None!

“Nirvana Seal!”

Ye Yuan roared. The Nirvana Seal sped like the wind, speeding swiftly towards the Xiang Yunfei in the horizon.

Under everyone’s eyes, this black huge seal tore straight across the sky and landed on Xiang Yunfei.

Rumble!

The Nirvana Seal arrived first despite launching later, striking Xiang Yunfei firmly, directly blasting him into dregs.

Back then, when Ye Yuan was only Origin Deity Realm, he could also use the Nirvana Seal to kill the second-layered heaven Divine Lord Jing Lu.

Now that he broke through to Divine Vortex Realm, the power of this move already could not be mentioned in the same breath.

If Xiang Yunfei did not use that blood escape art, he might still be able to resist a little. But he took the road to ruin by using that move. His condition immediately fell drastically, virtually becoming a living target.

Ye Yuan had witnessed this move of his before, how could he possibly not guard against his move, and give him the chance to escape?

Boss He this group of people was long dumbfounded from watching.

Over a dozen breaths of time, Ye Yuan finished off a fourth-layered heaven Divine Lord neatly and tidily!

This kind of strength simply made people despair.

“Just what kind of ... monster did Xiang Yunfei that fellow provoke?!”

Boss He was overwhelmed with terror. He had roamed Riverluck Capital City unhindered for so many years and had never met such a terrifying opponent before.

His guts could not be said to not be big. To dare act against a seventh-layered heaven Divine Lord powerhouse and even successfully killing the other party.

To others, he was a nightmare-like existence.

But today, he finally encountered his nightmare.

Killing Xiang Yunfei with one move, Ye Yuan looked down from high above, looking at Boss He with his hands behind his back, just like a god of war descending.

Boss He’s entire body shuddered, not daring to meet Ye Yuan’s gaze at all.

“Y-Your Excellency, I ... I was wrong! I beg you, don’t kill me!”

Boss He this kind of person always liked to hide and scheme against people. He was actually very fragile inwardly.

Ye Yuan's domineering assault already utterly shattered his confidence, giving him an image of invincibility.

Hence, he yielded.

Ye Yuan laughed coldly and said in a cold voice, "Tianping, do it! Spare no one!"

He was genuinely enraged. If not for him making use of the electric snake to temper his fleshy body in the realm fog, he would already be a corpse right now.

This group of guys colluded together with Xiang Yunfei, one look and it was clear that they were not good people.

Not killing was insufficient to calm his fury.

Ning Tianping was similarly like so. Previously, if not for His Excellency's dragon roar shattering those arrows, he would have long been shot into a sieve.

His anger currently was not the slightest bit less than Ye Yuan's.

But the combat power that Ye Yuan displayed just now also made him secretly tongue-tied.

Too fierce!

Witnessing Ye Yuan's fury, how could Boss He still dare to stay? With a loud roar, he turned tail and ran!

It was just that his strength was even worse than Xiang Yunfei's. So how could wanting to run be that easy?

Over ten people scattered and fled in all directions. Ye Yuan gave a cold snort, his figure moving, shutting through the void and arriving straight amidst the crowd.

"Roar!"

A dragon roar reverberated throughout the sky. Those Divine Lord Realm powerhouses who were just about to escape, their figures suddenly stopped.

Those who were slightly weaker were directly shattered into dust by the Voice of the Dragon God.

Boss He's entire body trembled, his eyes full of astonishment.

Only now did he know how terrifying this roar of Ye Yuan's was!

He, his fourth-layered heaven Divine Lord powerhouses, was actually unable to control himself under this roar, almost falling down.

One had to know, even if Ye Yuan's fleshy body reached the peak of initial-stage fourth transformation, it was still a long way off from fourth-layered heaven Divine Lord.

With just a roar, it was actually able to make him, this fourth-layered heaven Divine Lord, unable to move!

Right at this time, Ye Yuan stopped the Voice of the Dragon God.

Ning Tianping understood tacitly, long sword brandishing, turning into a stream of flowing light and charged towards Boss He.

“Puchi!”

Ning Tianping did not give Boss He the slightest chance, directly killing him.

The remaining people were all shaken by Ye Yuan until they were dazed and confused, unable to differentiate north, south, east, west, at all.

Ning Tianping, one person and one sword, reaped wantonly, virtually wiping out the other side in a few breaths.

After doing this, Ye Yuan was hit with exhaustion, almost unable to stand firmly and dropping down from the sky.

The great battle just now seemed like the wind scattering away wisps of clouds. Actually, to Ye Yuan, the expenditure was immense too.

Employing the Voice of the Dragon God twice in a row and using the Universe Dragon Claw, coupled with the horrifying Nirvana Seal, this kind of expenditure was not what ordinary people could support at all.

After all, he had merely just broken through to Divine Vortex Realm currently too.

Ning Tianping’s expression changed and he cried out, “Your Excellency, are you alright?”

Ye Yuan waved his hand and said, “I’m fine, don’t need to care about me. Go and collect all of their storage rings. This set of array formation is indeed very powerful. Boss He definitely can’t set it up. There should be array flags supporting. Having this set of array formation is also a major card up my sleeves.”

Ning Tianping’s eyes lit up and he immediately acted accordingly.

Sure enough, Ning Tianping found a pile of storage rings on Boss He’s body and found an array flag inside.

Ye Yuan rested and rehabilitated for a while, his complexion also looked much better.

He took the array flag and looked, and said with a nod, “That’s it! This array formation is indeed good stuff! No wonder Boss He could kill a seventh-layered heaven Divine Lord powerhouse. Caught off-guard, even a seventh-layered heaven Divine Lord will be hard-pressed to block this Wind Breaking Arrow too!”

If not for the Voice of the Dragon God being too tyrannical, their current outcome would also be not much different from that seventh-layered heaven Divine Lord.

This array formation was obtained by Boss He in a mystic realm in his early years. At that time, it was already regarded as a precious treasure.

Sure enough, in these ten thousand years, he could be said to have slaughtered everything in his path by relying on this array formation.

Furthermore, he was low-profile and rarely revealed his real body in front of people; very mysterious.

Therefore, even though his strength was not strong, other people's faces changed when they heard about him.

Seeing the array flag and Wind Breaking Arrows, Ning Tianping felt lingering fear too.

This thing was indeed too dangerous.

Moreover, Boss He was clearly already familiar with this move. The timing was grasped beautifully, not giving them any chance to react at all.

Fortunately, His Excellency reacted extremely fast, shattering the Wind Breaking Arrows with a roar. Otherwise, the consequences would be too ghastly to imagine.

"Your Excellency, you're really too extraordinarily brave today! That Boss He was dumbfounded from watching and didn't react for a long time. I even thought that breaking through to become a fourth-layered heaven Divine Lord, I can be Your Excellency's guard for a period of time. I didn't expect that I'm already going to hold you back," Ning Tianping said with a bitter smile.

Ning Tianping's astonishment in his heart was not the slightest bit less than Boss He's.

After Ye Yuan broke through, it was also his first time truly seeing Ye Yuan take action.

This was true-blue raw power, without the slightest trickery.

Xiang Yunfei's strength naturally need not be said.

But under Ye Yuan's hands, he actually did not even have the strength to retaliate!

His Excellency was indeed still as freakish as before!

When at Origin Deity Realm, he could already annihilate a second-layered heaven Divine Lord.

After breaking through, Ning Tianping did not doubt in the slightest that Ye Yuan was able to defeat third-layered heaven Divine Lords. But he never dreamed that Ye Yuan was actually able to directly annihilate fourth-layered heaven Divine Lords!

One had to know, the gap between Origin Deity Realm and first-layered heaven Divine Lord was far from the disparity between first-layered heaven Divine Lord and fourth-layered heaven Divine Lord!

Ye Yuan patted Ning Tianping's shoulder and said with a smile, "I had some fortuitous encounters at the Heavenspan Mountain, so my strength increased significantly. Alright, let's go back to Heavenly Eagle Imperial City!"

Chapter 1682: Angrily Condemning the Ning Family's Elders

The Ning Family at the Heavenly Eagle Imperial City.

These several decades, the Ning Family's pressure was very great.

The Ning Family's number one genius, Ning Tianping, actually disappeared into thin air. This was too great a loss to the Ning Family.

However, the Ning Family's people were not fools. Ye Yuan had just left and Ning Tianping disappeared, ten to one that he followed Ye Yuan and left.

It was just that, Ye Yuan said that he wanted to go out and venture, finding the opportunity to break through. Nobody knew when this opportunity would appear, or what kind of dangers he would encounter outside?

The uncertainty was too great!

One had to know, when geniuses trained alone outside, the chances of dying were too high.

Heavenly Eagle Imperial City, there were quite a number of genius disciples who died outside each year.

Some of them were even Divine Lord Realm protectors, even deacons.

If Ning Tianping and Ye Yuan died outside, that was simply a devastating blow to the Ning Family.

A genius like Ning Tianping could not be groomed randomly.

The Ning Family's upper echelons already hated Ye Yuan to the core long ago.

It was fine that he left. But he actually abducted the Ning Family's, even the entire Heavenly Eagle Imperial City's, most prodigious junior away!

Over the years, Ning Zhiyuan seldom stayed in seclusion, devoting considerable effort into the grooming of young disciples.

Ning Tianping and Ye Yuan going out, Ning Zhiyuan was equivalent to being a cripple, unable to help at all.

Honestly speaking, Ning Zhiyuan was really not optimistic that Ning Tianping could return alive.

Even though the matter had already passed for several decades, the moment Ning Zhiyuan thought of Ning Tianping, he still felt very dejected.

On this day, someone from below suddenly came in to report that Ning Tianping came back!

Ning Zhiyuan's entire body trembled, suddenly getting up, figure directly disappearing from where he was.

Inside the Ning Family's main hall, quite a number of elders had astonished faces, looking at that young man currently in the main hall.

In a short few decades' time, Ning Tianping's realm actually broke through once more, directly becoming a middle-stage Divine Lord Realm powerhouse!

This kind of cultivation speed could be rated as terrifying.

"Could it be that this kid had some lucky encounter outside again?"

“Is it possible that he went out himself to train? Disappearing with that good-for-nothing was merely a coincidence?”

“There’s really the possibility! Going out with an Origin Deity Realm trash, what lucky chance can there be? Not being dragged to death is already pretty good.”

...

The clan elders discussed in low voices, directly separating Ning Tianping and Ye Yuan.

Among Heavenly Eagle Imperial City’s upper echelons, Ye Yuan already became a laughingstock.

Earth-shaking when being at the Origin Deity Realm before. But such a genius actually could not even break through to the Divine Lord Realm.

Ning Tianping’s brows furrowed. He was just about to fly off the handle when a figure arrived with a howl. It was precisely Ning Zhiyuan!

Ning Zhiyuan originally came ablaze with anger. But seeing that Ning Tianping actually broke through his realm, the anger on his face immediately dissipated considerably.

Ning Tianping also endured his anger and bowed to Ning Zhiyuan and said, “Tianping pays respect to Family Head!”

Even though Ning Zhiyuan already forgave Ning Tianping, in order to demonstrate the prestige of the family head, he still snorted coldly and said, “Humph! Leaving without saying goodbye, do you still have any respect for me, this family head, in your eyes?”

Actually, before Ning Tianping left, he was somewhat unhappy with Ning Zhiyuan.

The matter during the elders meeting, what Ning Zhiyuan did was unvirtuous.

But in all fairness, Ning Zhiyuan’s grooming of him was without sparing any effort. He really did not have much to say, so he used this method of leaving without saying goodbye. It was also considered declaring his dissatisfaction.

Regarding Ning Zhiyuan’s wrath, Ning Tianping accepted it calmly and said respectfully, “Tianping dares not!”

Ning Zhiyuan snorted coldly again and said, “Already done it, what’s there that you dare not? But forget it, I previously even thought that you left with Ye Yuan that good-for-nothing, so I was very worried. Looking at it now, you had another fortuitous encounter! To be able to break through to the middle-stage Divine Lord Realm within several decades, you’re also considered to have rendered merit for the Ning Family. Count it as making amendments for your wrongdoing in view of your accomplishments then!”

Ning Tianping could still accept it with an open mind at the beginning. But upon hearing Ning Zhiyuan call Ye Yuan a good-for-nothing, he immediately exploded.

He suddenly stood up, giving the surrounding people a scare.

“Tianping is extremely respectful toward Family Head in my heart, but the respect toward His Excellency is akin to beholding a great mountain! Family Head, I hope that you take back your words just now! His Excellency isn’t a good-for-nothing. He’s an unparalleled genius! Otherwise, you’ll feel regret for the words you said today!” Ning Tianping’s words sounded very cold.

Ning Zhiyuan was rendered dumbfounded by Ning Tianping’s attitude. His understanding of Ning Tianping had always been that he was very obedient and sensible, and also very respectful towards him.

But today, for a Ye Yuan, he fell out with him!

Ning Zhiyuan’s expression turned cold and he said in a cold voice, “Regret? A good-for-nothing who can’t even break through to the Divine Lord Realm is also considered an unparalleled genius? Ning Tianping, you’re very good! For the sake of a trash, you actually dare to rebuke me?”

The moment those clan elders heard, they also flew into a great rage and started condemning Ning Tianping.

“Tianping, you went out for a trip and your wings became hard huh! To actually dare be so rude to the family head!”

“Really getting out of hand! Do you think that breaking through to become a fourth-layered heaven Divine Lord, you can disregard the family head?”

“For a good-for-nothing, you actually dared to be insolent to the family head, truly preposterous and should be punished by family laws!”

...

Listening to these people clamor by his ears, Ning Tianping finally erupted.

He was respectful toward Ning Zhiyuan, but it did not mean that he also respected these people.

These old things, apart from normally telling people what to do and coming up with lousy ideas, they did not do proper business at all.

Putting it bluntly, it was a bunch of old fellows who were sitting around doing nothing and waiting to die.

Ning Tianping said in a great rage, “All of you shut up for me! Good-for-nothing? Can’t break through to the Divine Lord Realm? Talking bullshit here, you guys don’t ask His Excellency for pills in the future if you have the capabilities! Let me tell you guys, His Excellency is already very disappointed toward the Ning Family. Are you fools going to push the Ning Family into an abyss beyond redemption?”

The moment one of the extremely senior clan elders heard, he immediately exploded, pointing at Ning Tianping and scolding angrily: “L-Little bastard, you dare to speak to us like this? Rebellious! Rebellious! Family Head, you take a look, this little bastard went out for a trip and really became lawless and unbridled! That trash can’t even break through to the Divine Lord Realm! Could it be that this old man still needs to go and beg him for pills?”

However, Ning Zhiyuan ignored him, but looked at Ning Tianping and asked with a suspicious look, “Tianping, what’s the ... meaning of your words?”

Ning Tianping smiled coldly and said, "What meaning? Not only did His Excellency broke through to the Divine Lord Realm, but his growth in these several decades is also beyond your imaginations! Family Head, Tianping isn't showing disregard for my elders. It's really that I feel heartache and headache! If back then, you fervently supported His Excellency back then during the elders meeting, right now absolutely won't be this kind of situation! Our Ning Family would become Heavenly Eagle Imperial City's number one great clan! But now ... sigh!"

Ning Zhiyuan's gaze turned intent and he said in shock, "What did you say? Ye Yuan he ... he really broke through? That's impossible! Back then, he even consumed the Vastsun Universe Pill, but he didn't even reach half-step Divine Lord Realm, how can he possibly broke through to the Divine Lord Realm?"

Ning Tianping gave Ning Zhiyuan a glance and could not resist sighing quietly.

Ning Zhiyuan was deeply pricked by Ning Tianping's look as if a thorn pierced into his heart.

[Unrivaled Medicine God](#)

Chapter 1683: Bullying to the Doorstep

Ye Yuan entered the city very low-profiled, without drawing anyone's attention. He came straight to Zheng Qi's residence.

"Who is it, halt! Mn? You ... You're Elder Ye Yuan!" The guard's gaze turned intent, recognizing Ye Yuan.

"Oh? You know me?" Ye Yuan said with a smile.

The guard smiled and said, "Elder Ye must be joking. In this Heavenly Eagle Imperial City, who doesn't know you!"

Ye Yuan laughed in spite of himself and said, "In this Heavenly Eagle Imperial City, everyone knows that I'm a good-for-nothing!"

The guard's expression changed and he hurriedly said, "Elder Ye, no matter what others say, our Zheng Manor from top to bottom, not a single person dares to be disrespectful toward you, including this lowly one! Head Elder had once said that his life was saved by you. If anybody dares to speak impertinently about you, if minor, they will be chased out of the Zheng Manor. If severe, directly flogged to death!"

Ye Yuan did not expect that Zheng Qi actually used this kind of method to block everyone's mouth. But the emphasis on loyalty and friendship could be seen as well.

Ye Yuan nodded and said, "How is Head Elder's body?"

The guard let out a sigh when he heard that and said, "Sigh, Head Elder's body is getting worse each day. Head Elder Xuan Yu tried everything. But he is also unable to salvage the situation. Right now, Head Elder is already unable to get out of bed."

Ye Yuan's brows furrowed slightly and he said, "What's going on?"

Before Ye Yuan left, he specially checked Zheng Qi's body before. It was not to the extent of not being able to get out of bed so quickly.

Listening to the guard talk about the sequence of events, the rage in Ye Yuan's heart started blazing fiercely.

It turned out that after a Celestial Deity powerhouse of Utmost Peace Imperial City came out of seclusion and got to know the news of Gao Yuan's demise, he came to visit.

That Celestial Deity powerhouse came to find trouble with Ye Yuan and Zheng Qi two people.

Who knew that only after reaching the city did he know that Ye Yuan already left Heavenly Eagle Imperial City.

A Celestial Deity powerhouse arriving in person, this kind of thing naturally could not be brushed off lightly.

Utmost Peace Imperial City's strength was much stronger than Heavenly Eagle Imperial City. They had four Celestial Deity powerhouses, while Heavenly Eagle Imperial City only had two.

After that Celestial Deity powerhouse came, he asked Heavenly Eagle Imperial City to sentence Ye Yuan to death with a domineering attitude and to hand over the Origin Magnetic Divine Mountain.

Additionally, he even wanted Gao Yuan's disciple to challenge Zheng Qi, saying that it was to take revenge for his master.

This situation followed the same pattern as Zheng Qi back then.

It was just that Gao Yuan this person was insidious and cunning, schemed to harm fellow daoists. It was beneath contempt.

Now, this move was purely nonsensical.

How could Zheng Qi's physical condition at that time be able to withstand a great battle?

However, Zheng Qi argued strongly on his point of view back then, saying that the Fiend Calling Ridge battle, killing Gao Yuan was his doing alone, and had nothing to do with Ye Yuan!

Moreover, he accepted the challenge.

And the result of the challenge naturally went without saying.

Zheng Qi was beaten to serious injuries by Gao Yuan's pupil. Right now, he was only left with half a life.

Ye Yuan burned with rage when he heard this. The aura of Divine Vortex Realm unconsciously exuded out as he said in a cold voice, "What take revenge? It's simply aiming for the Origin Magnetic Divine Mountain, right?!"

That guard was merely Origin Deity Realm. Suddenly seeing the powerful pressure than Ye Yuan released, it crushed him until his face turned pale.

The guard was shocked inwardly, only now realizing in shock that Ye Yuan seemed to no longer be at the Origin Deity Realm anymore!

This aura was absolutely Divine Lord Realm!

Elder Ye actually really broke through?

Ye Yuan suddenly realized the guard's awkward state, restrained the aura on his body, and said coolly, "You go and notify them, just say that I'm back."

The guard hurriedly said, "Elder Ye must be joking. Head Elder is at the courtyard. Head Elder Xuan Yu and Head Elder Coldfeather are both there, please!"

Ye Yuan nodded and casually fished out a medicinal pill and threw it to the other party, saying, "Thanks for the hard work, this is for you."

The guard received the medicinal pill and could not help being wildly ecstatic.

Void mystic divine pill!

Elder Ye's void mystic divine pill was hard to request for. Now, it was actually bestowed on him.

"Many thanks, Elder Ye!"

...

In a courtyard, Coldfeather and Xuan Yu two people looked at the Zheng Qi lying on the bed, frowning heavily.

Zheng Qi's aura was weak. Clearly, he was on the verge of dying.

But his face did not have too much regret. On the contrary, he seemed very open-minded.

"Grandmaster, Brother Xuan Yu, you guys don't have to be like this. Back then, when Master's great enmity was avenged, my long-cherished wish in this lifetime is also considered fulfilled. Living for these additional few years is already a profit," Zheng Qi gasped for air as he said, seeming very strained.

Xuan Yu had a look of self-blame as he said, "It's all this old man who is incapable. If Ye Yuan he can break through to Divine Lord Realm, he can definitely save you! Sigh!"

Upon mentioning Ye Yuan, Coldfeather flared up with anger and said with a cold snort, "That bunch of fools actually said that Wen Yilin was provoked by Ye Yuan! All of them don't have the capability but still want to push the responsibility onto others, truly the act of a scoundrel to the extreme."

Xuan Yu sighed and said, "This bunch of guys has always been like this, unable to take on responsibility at all."

"Huhu, when Ye Yuan breaks through and returns, I'm very much looking forward to how this bunch of people will look like! It's too bad that ... I can't see it!" Zheng Qi sighed and said.

To talk about his only regret, that was not being able to see Ye Yuan breakthrough.

Everyone had a score in their hearts, Ye Yuan going out this time probably would not be able to come back within a short time.

The opportunity to break through was not that easy to find.

It was just that they never dreamed that Ye Yuan, an Origin Deity Realm, actually dared to go to the Heavenspan Mountain!

“Who says that you can’t see it? Not only can you see it, but you can also even teach them a lesson one by one!”

Hearing the voice first before seeing the person!

This voice, Xuan Yu three people were too familiar. Indeed, looking outside the door, they saw a young man walk in with large strides. Who was it if not Ye Yuan?

“Ye Yuan, you ... you actually came back so quickly?” Xuan Yu said in pleasant surprise.

But Coldfeather’s expression changed and he said suspiciously, “You ... You broke through?”

Although Ye Yuan’s aura became much stronger, it gave him a feeling of inscrutability, leaving him somewhat uncertain.

Ye Yuan smiled and said, “Not breaking through, how would I dare come back? The feeling of being scolded trash while having my nose pointed doesn’t feel good!”

When the three people heard, they all burst into laughter.

Coldfeather laughed hard and said, “Like I said, how can a mere Divine Lord Realm possibly stump you? That bunch of fools, see what they still have to say this time! I’m really looking forward to their reaction right now!”

Ye Yuan smiled and said, “Let’s make idle talk again later. I’ll take a look at Head Elder Zheng first.”

Zheng Qi was feeble and weak, but seeing that Ye Yuan broke through, he was extremely overjoyed too, his entire person’s state becoming much better.

Ye Yuan investigated Zheng Qi’s physical condition and his brows could not help furrowing as he said with a cold snort, “What an insidious thing!”

Ye Yuan detected that inside Zheng Qi’s body, there was a stream of gentle Yin energy constantly whittling away Zheng Qi’s life force, hastening his death.

Clearly, this was intentional by the other party!

Xuan Yu sighed and said, “Even though that Yang Fan’s talent doesn’t match up to Younger Brother Zheng, his strength indeed can’t be underestimated. This gentle Yin force, this old man expended a Herculean effort and was also unable to purge it. I can only helplessly watch Younger Brother Zheng suffer away.”

Zheng Qi smiled when he heard that and said, “Brother Xuan Yu doesn’t need to blame yourself. This old man knows that you’ve already done your best.”

Ye Yuan frowned and said, “Brother Zheng’s medicinal pill, originally, I’ve already prepared it. It’s just that I didn’t expect that his situation is actually so serious. You guys wait for a moment, wait for this Ye to go and refine another medicinal pill!”

Unrivaled Medicine God

Chapter 1684: Medicinal Pill Unusual Change

After Ye Yuan left, Coldfeather said with an astonished look, "This ... He should have just broken through not long ago, right? He's already able to refine such a high level of difficulty medicinal pill?"

Xuan Yu mused for a moment and said, "The power of Dao Realm is not what the likes of us can surmise. To us, we're still stuck at the shallow realm of seeing a mountain as a mountain. He has likely already reached the realm of seeing a mountain as not a mountain! What he came into contact with is the source of Alchemy Dao. Learning yields twice the result with half the effort. It is far from what the likes of us can imagine."

Coldfeather was completely clueless about Alchemy Dao, but he knew Xuan Yu's strength.

Xuan Yu saying this showed that Ye Yuan's Alchemy Dao boundary was already unimaginable.

He suddenly thought of something and said to Xuan Yu, "Did you feel that this kid's realm is somewhat difficult to ascertain? It doesn't seem as simple as a first-layered heaven Divine Lord!"

Xuan Yu nodded and said, "Seeing him just now felt like he was completely reborn anew. Moreover, I couldn't see through his actual situation. It seems like a first-layered heaven Divine Lord, but at the same time it is not!"

Coldfeather drew a deep breath and said, "I have a feeling that this kid's accomplishments in the future, we probably can't imagine it!"

Xuan Yu nodded his head, deeply feeling that way too.

After several hours, Ye Yuan came out of seclusion.

Ye Yuan handed over two medicinal pills, seeming slightly tired as he said, "This is the Pure Yang Strong Divine Pill and Mystic Longevity Replenishing Essence Pill. Let Brother Zheng consume it."

Clearly, these two medicinal pills were not easy for the current him.

The Pure Yang Strong Divine Pill's effect was to purge the Yin energy within the body, while the Mystic Longevity Replenishing Essence Pill's effect was to nourish the blood and vitality, recovering one's energy.

Zheng Qi used the Crazy Sword Evanescent, the vital essence within his body had long been emptied out already. It was very hard for ordinary medicinal pills to replenish it.

Hence, that was why Xuan Yu had always been at a loss on what to do. Because he could not refine a high-grade Mystic Longevity Replenishing Essence Pill.

When Xuan Yu saw the two medicinal pills, his entire body involuntarily shuddered and he said in surprise, "D-Divine-grade! You just broke through and can actually already refine these two medicinal pills to divine-grade. This is truly inconceivable!"

These two medicinal pills were not simply. It was difficult for Xuan Yu to even refine superior-grade pills. Ye Yuan just broke through to rank four and could actually refine divine-grade already. It was not up to him to not be surprised.

This also showed that after breaking through to rank four, Ye Yuan's pill refining standard already surpassed him in all aspects!

Right now, Heavenly Eagle Imperial City's Alchemy Dao's number one person also officially changed hands!"

Ye Yuan smiled and said, "Brother Xuan Yu, I wasn't just thinking about how to break through in these close to 400 years' time! Rank four medicinal pills, I've long become thoroughly familiar with them. What was missing was just the level of attainment."

Xuan Yu smiled bitterly and said, "Even so, it's also sufficiently astonishing!"

400 years?

Xuan Yu already immersed in rank four medicinal pills for more than 40 thousand years. Ye Yuan only used 400 years and already completely defeated him.

This ... was perhaps the disparity between mortals and geniuses, right?

But Xuan Yu did not have the thought of being jealous of Ye Yuan but felt happy for him instead.

The current Ye Yuan truly held extraordinary meaning to Heavenly Eagle Imperial City already.

Ye Yuan said, "Brother Coldfeather, Brother Zheng's body is empty and already can't refine medicinal pills himself. You go and help him refine the medicinal pills."

Coldfeather nodded and said, "Alright, I'll take him there straight away."

After the two people left, Ye Yuan was just about to go into seclusion to recover his divine essence when someone outside came to report that the Ning Family's Ning Zhiyuan was requesting an audience.

The moment Xuan Yu heard, he could not help sneering as he said, "Heh, really materialistic! Back then, when you weren't able to break through to the Divine Lord Realm, he dropped a rock down the well at the elders meeting. Now, when he heard that you broke through, he's the first one to come to find you!"

Ye Yuan said coolly, "Just the way the world works! You go and tell him, just say that I'm currently helping Head Elder Zheng Qi refine pills and isn't free to meet guests."

The servant did not dare to disobey and could only back down.

These two were both big shots that could not be offended!

...

Outside the Zheng Manor's front door, Ning Zhiyuan's expression was somewhat ugly.

He was the head of the Ning Family, an eighth-layered heaven Divine lord powerhouses. Now, he was actually turned down at the door!

“Oh, Tianping, this kid is also a little too arrogant, right? This family head already came to seek an audience in person, he actually isn’t even meeting!” Ning Zhiyuan said with a frown.

Ning Tianping gave him a glance and said with a sigh, “Family Head, it’s not that I’m lifting His Excellency up. Ever since he stepped into Heavenly Eagle Imperial City’s gates again, this is already an era that belongs to him! His alchemy strength, I believe that you’re very clear. As long as he’s willing, he can groom a small family clan to become a leviathan like the Ning Family within a few hundred years! Do you think he has the capital to be arrogant or not?”

Ning Zhiyuan could not help choking when he heard that and was indeed incredibly regretful in his heart.

He, this family head, was actually not even as far-sighted as a junior.

The return of Ning Tianping’s investment in Ye Yuan would be unimaginable!

Ning Zhiyuan already knew that the cultivation method Ning Tianping was currently cultivating was no longer the Ning Family’s cultivation method anymore. It was a peak rank six cultivation method!

And this lucky chance, Ye Yuan turned his nose up at it, giving it to Ning Tianping with both hands.

This matter was top secret, Ning Tianping only told Ning Zhiyuan alone.

What kind of concept was a peak rank six cultivation method?

That was a cultivation method that could cultivate all the way to peak True God!

With Ning Tianping’s talent, cultivating to Celestial Deity Realm was simply like playing around.

Pausing for a bit, Ning Zhiyuan eased up his tone and said to Ning Tianping, “Oh, Tianping, you’re currently the closest person to Ye Yuan. Why don’t ... you help put in a good word for the Ning Family? Let him not hate the Ning Family anymore, alright?”

Ning Tianping smiled bitterly and said, “Family Head, not that I’m not willing to speak up for the Ning Family. His Excellency this person, you don’t understand. He has his own very firm set of views and clearly distinguishes kindness and hatred! As long as it’s a person that he acknowledges, he can put his life on the line under any circumstances and won’t ever hesitate. But if it’s somebody that he doesn’t acknowledge, even if you wear your tongue out, it’s useless too! If the Ning Family wants to reconcile with His Excellency, Family Head, please show your sincerity. As long as His Excellency is willing to let the past misdeeds become bygones, on the account of my face, he’ll more or less take care of the Ning Family a little. But Family Head, not that I’m exaggerating things to raise an alarm, this is also the last chance!”

Ning Tianping had followed Ye Yuan for a long time and already knew Ye Yuan very well.

Wanting to shake Ye Yuan’s judgment of a person, that was impossible, even for him.

In Ye Yuan’s eyes, he, Ning Tianping, was Ning Tianping. The Ning Family was the Ning Family, these were two different things.

Ye Yuan absolutely would not show extra care to the Ning Family because of Ning Tianping.

Hearing Ning Tianping's words, Ning Zhiyuan was slightly fearful in his heart.

He suddenly realized that the Ning Family already reached a very crucial fork in the road!

...

No idea how long had passed either, inside the hidden chamber, Coldfeather was currently helping Zheng Qi refine the medicinal pills when suddenly, his expression changed, hurriedly withdrawing his divine essence.

He looked at Zheng Qi in great shock and muttered, "This medicinal pill ... seems to be somewhat unusual! Zheng Qi, do you feel it?"

Zheng Qi's spirit already recovered 50% to 60% at this time. Hearing that, he nodded and said, "Grandmaster, I already feel it! Most likely ... I'm going to break through!"

Coldfeather's gaze turned intent and he said in shock, "What? These two medicinal pills are only supposed to help you recover from your injuries, but you're actually going to break through?"

Unrivaled Medicine God

Chapter 1685: Power of Chaos

"I ... I'm not too sure either, I just feel that I seem to have touched something. Maybe ... I can already break through to become a half-step Celestial Deity."

As the two medicinal pills gradually melted, there seemed to be some mysterious thing that fused into his body, making him have a feeling of sudden epiphany.

Zheng Qi had already stopped at the ninth-layered heaven Divine Lord Realm for several thousand years, failing to touch the threshold of Celestial Deity Realm.

This step was too difficult for ninth-layered heaven Divine Lords!

Zheng Qi never dreamed that at his most hopeless, Ye Yuan's two medicinal pills let him touch this threshold.

Forcefully suppressed the shock in his heart, Coldfeather said, "The opportunity can't be missed! You must go into seclusion properly! Your injuries are already 50%-60% recovered. So you already don't need my help anymore."

Zheng Qi nodded his head and continued to close his eyes and refine the medicinal pills, while Coldfeather quietly backed out of the hidden chamber.

Exiting the hidden chamber, Coldfeather went straight for Ye Yuan. He wanted to figure out just what mystery was in Ye Yuan's medicinal pills.

At this time, Ye Yuan and Xuan Yu were currently chatting.

Xuan Yu looked at Ye Yuan and said with a bitter smile, "Ning Zhiyuan is at any rate the head of a family. Are you really not going to give him face like this?"

Ye Yuan smiled and said, "Face is earned by one's self, not given by others. This Ye isn't someone who is extremely petty, but I also detest people who kick others when they are down. If not looking on the account of Ning Tianping's face, even if he stood guard at the door for a lifetime, I won't meet him either."

Xuan Yu let out a sigh and said, "Among the numerous family clans in the imperial city, actually, the Ning Family received the greatest favor from you back then. I didn't expect that he did such a thing at the elders meeting. It indeed chills people's hearts. Forget it, just a Ning Family. With your current strength, even those two upstairs also have to do things according to your mood."

Just as they were talking, Coldfeather rushed over in a hurry. Upon seeing Ye Yuan, he asked, "Ye Yuan, what mystery is in your medicinal pills? Why is Zheng Qi actually going to breakthrough after refining it?"

The moment Xuan Yu heard, he looked at Ye Yuan with a face full of shock.

Those two medicinal pills, he was all too clear. How could it possibly help Zheng Qi breaking through? Could it be that ... Coldfeather made a mistake?

Ye Yuan smiled and said, "These few years, I have some comprehensions toward medicinal pills again. I discovered that refining pills according to this kind of method will let the medicinal pill produce some change. I didn't expect that it can actually help Brother Zheng to break through. It's also considered an unexpected surprise."

When Xuan Yu and Coldfeather heard that, their entire bodies trembled violently. Divine-grade medicinal pills were already extremely impressive. Coupled with this kind of change, the medicinal pills refined were simply priceless treasures!

Actually, Ye Yuan had long discovered that ever since breaking through to the Divine Vortex Realm, his divine essence seemed to have some changes.

It actually produced a sort of mysterious power!

Regardless of whether it was using martial techniques or refining pills, there would be a very large degree of amplification.

Even though Ye Yuan broke through to rank four, he did not have world power. But he had this kind of mysterious power.

Ye Yuan called it ... the power of chaos!

He could feel that chaos power seemed to be even more profound and mysterious than world power.

Very clearly, having this chaos power, not only would Ye Yuan's strength be no weaker than those at the Divine Lord Realm, it would also be a magnitude stronger instead!

But these things were strictly a secret.

Hence, for these two people, Ye Yuan could only say that he used special pill refining methods, that was why it would make the medicinal pills produce a mutation.

Actually, what truly made the medicinal pills produce a change was his chaos divine essence.

But the chaos divine essence was Ye Yuan's greatest secret. He could not tell others.

Even in combat, Ye Yuan would also use the power of chaos to simulate the effect of world power, lest others see through the flaws.

Ye Yuan discovered that his chaos power was all-encompassing. Just like when he imitated a fiend race powerhouse back then, no one could tell at all.

This also let Ye Yuan have a guess that his chaos power should be a power that was of a higher level than world power.

Ye Yuan could feel that this divine essence's mutation should be due to those mysterious patterns.

But Ye Yuan's words were sufficiently astounding already.

Xuan Yu said in immense shock, "You're truly an Alchemy Dao's peerless genius! In my view, even if it's the Medicine Ancestor, when at your age, it's also impossible to be more impressive than you!"

Coldfeather sighed with admiration and said, "You, kid, are simply a freak! I really can't imagine how in the world you cultivate! Heh heh, back then, when you, kid, couldn't break through, those guys all dropped rocks down the well. Now, I want to see how they are going to grovel and lick your feet now!"

Xuan Yu smiled and said, "Isn't that so! There's already one groveling outside and already waited for seven days at the Zheng Manor's front door! I reckon that the news of Ye Yuan returning can't be hidden for long."

Coldfeather was stunned and said, "Who is it? To actually get the news so quickly?"

Xuan Yu smiled and said, "Who else can it be? Of course it's Ning Zhiyuan that old fox!"

Mentioning Ning Zhiyuan, Coldfeather's face turned black and he said in a solemn voice, "Serves him right!"

...

Finally, on the 15th day, Ye Yuan met Ning Zhiyuan.

This half a month's time, Ning Tianping had always accompanied him at the gatehouse and did not go and find Ye Yuan.

Regarding Ning Tianping's performance, Ye Yuan was still very satisfied.

This guy was very smart. He knew that speaking up for the Ning Family would only be counterproductive, so he might as well say nothing.

But him constantly accompanying at the gatehouse also showed the Ning Family's standpoint.

Loyalty and staunch but also had a sense of propriety.

This Ning Tianping, Ye Yuan really could not find any fault.

“Elder Ning, truly sorry. Head Elder Zheng’s body was deteriorating with each passing day and seriously couldn’t be delayed, resulting in neglecting Elder Ning. I hope that Elder Ning doesn’t blame me!”

Everyone still had to meet in the future, they still had to put on an act on the surface.

It was just that Ye Yuan’s words sounded very perfunctory. Clearly, it was intentional.

But this half a month, Ning Tianping revealed to him a corner of Ye Yuan’s iceberg. Ning Zhiyuan also deeply realized that this great god could not be offended.

Therefore, there was absolutely no way he dared to offend Ye Yuan.

“True, true, Brother Zheng’s body concerns the entire Heavenly Eagle Imperial City’s safety. It should naturally be a top priority. I wonder how Brother Zheng’s situation is now?” Ning Zhiyuan asked without leaving a trace.

Coldfeather gave a cold snort by the side and said, “No need for you to be concerned! What’s the point of coming? When he was injured, I didn’t see any of you come to see him until today!”

Ever since that elders meeting, Coldfeather had never shown Ning Zhiyuan a good attitude.

His seniority was exceedingly high and his strength was also powerful. In this Heavenly Eagle Imperial City, there were really not many who could do anything to him.

Ning Zhiyuan also had an awkward look having met with a rebuff.

Ye Yuan smiled and said, “Since this Ye broke through, Brother Zheng is naturally fine. Elder Ning can rest assured.”

The few people were currently talking when a figure came in from outside the door. Who could it be if not Zheng Qi?

The current Zheng Qi had a robust physique and was light on his feet, agile and nimble. How was there still the slightest hint of being heavily injured on the verge of death?

The moment Ning Zhiyuan saw Zheng Qi, he could not help getting a shock!

Not only did the other party’s strength fully recover, it actually improved a step further, breaking through to half-step Celestial Deity Realm!

“Hahaha, Younger Brother Ye, your alchemy strength is truly getting more and more transcendent!” Zheng Qi entered with a big laugh.

[Unrivaled Medicine God](#)

Chapter 1686: Xuan Yu Resigns

Ning Zhiyuan’s eyes popped out!

Was this really that seriously injured Zheng Qi on the verge of death?

Zheng Qi had been stuck at ninth-layered heaven Divine Lord, this threshold, for God knows how many years already.

One had to know, the significance of half-step Celestial Deity was completely different from being a ninth-layered heaven Divine Lord.

Half-step Celestial Deity Realm meant that it was possible to step into the true Celestial Deity Realm anytime and anywhere.

Although this chance was not great, what if they suddenly had an epiphany one day?

The majority of imperial cities' Celestial Deity Realm powerhouses actually broke through muddleheadedly like that.

Those who truly relied on their talent to break through were exceedingly rare.

It was not that there weren't ninth-layered heaven Divine Lords who broke through to Celestial Deity Realm, but they were far too few!

So little until it was negligible!

The vast majority of martial artists stepped over from the threshold of half-step Celestial Deity.

One medicinal pill of Ye Yuan let him break through the bottleneck that he could not break through for several tens of thousands of years?

This kind of means was also too inconceivable, right?!

Seeing the energetic and vigorous Zheng Qi, Ye Yuan also said happily, "Haha, that Brother Zheng in the past who was full of high spirits is finally back again!"

Zheng Qi laughed loudly and said, "All these are still thanks to you! I really didn't think that your medicinal pills actually can have such a magical effect! Those ungrateful damn things will probably regret it this time until their intestines turn green, right? If I were to say, ignore all of them in the future! Whoever wants to request for pills, take divine essence stones to come and buy. One medicinal pill, 30 billion, even a single one short won't do! Eh, Ning Zhiyuan, you're here too?"

Zheng Qi had an excited look just now and only saw Ye Yuan in his eyes. Now, suddenly noticing the Ning Zhiyuan who was extremely embarrassed by the side, he could not help being a little surprised.

Ning Zhiyuan had a look of embarrassment, but he still gave a flattering smile and said, "Congratulations to Brother Zheng for recovering, and strength improving a step further!"

Zheng Qi rolled his eyes and said with a smile that was not a smile, "Ning Zhiyuan, your nose is sharp enough! Ye Yuan had just come back and you came to find him! The thing that your Ning Family did back then was unfair and shallow!"

Ning Zhiyuan had made the preparations to throw this old face out. Heaving a sigh, he said, "Yes, this Ning had eyes but couldn't see. Back then, I shouldn't have dropped a rock down the well in the elders meeting! This Ning came this time to sincerely apologize to Elder Ye!"

Zheng Qi sneered and said, "Who doesn't know how to add flowers to embroidery? Is there really such a good thing in this world? Do you think that Ye Yuan lacks an apology from you now?"

Ning Zhiyuang had an appearance like the situation was already so bad that to make it worse makes no real difference, but his attitude was very humble as he said, "This Ning knows that saying anything now is too late. It was this Ning who was blind, so I can't blame others. Fortunately, Tianping this child is loyal and righteous, hiding from the Ning Family's top to bottom, accompanying Elder Ye through untold dangers. It's also considered to have slightly made up for the mistake that this Ning made."

Hearing Ning Zhiyuang's words, Ye Yuan secretly scolded the sly old fox.

But this old man could swallow humiliation and bear a heavy burden, it was also considered hard on him.

Looking on the account of Ning Tianping's face, he would not really do anything to the Ning Family either.

Hence, he opened his mouth and said indifferently, "Alright, it's matter in the past. No need to mention them again. Elder Ning, please return!"

The moment Ning Zhiyuang heard, he could not help revealing great joy and said with clasped hands, "Elder Ye is indeed magnanimous! Then this Ning will go back first. In the future, as long as there's use for the Ning Family, Elder Ye feel free to speak up. Oh, right, the Ning Family also collected quite a number of precious rank four spirit medicines these few years. I don't know if they can enter Elder Ye Yuan's arcane sights or not. Elder Ye please accept them!"

Ye Yuan nodded his head and said coolly, "Put it down then."

...

Half a month passed, then news of Ye Yuan returning already spread like wildfire.

But toward this, the vast majority of the people still held disdainful attitudes.

Ruo Xu led a group of elders and gathered together. Everyone all had contemptuous expressions towards this news.

"This kid actually still had the face to come back! Reckon that he couldn't hack it anymore outside, right?"

"Heh heh, a trash who couldn't even break through to the Divine Lord Realm! What can he do coming back? Might as well die outside!"

"I guess that he also felt that he had no face to meet people, so that's why he blocked off the news, right? But doesn't he know that there's a saying called 'there isn't a wall in the world which hasn't a crack'?"

"Hahaha!"

...

Everyone guffawed. In their view, Ye Yuan returning and directly hiding and not meeting people, he definitely had not broken through yet and felt ashamed to meet people.

Of course, Ye Yuan even consumed a Vastsun Universe Pill back then, but it did not have any effect at all.

This was already synonymous with trash in everyone's view.

Ruo Xu smiled and said, "You guys can't say it like this either! Ye Yuan's attainments in rank three divine pills are still unmatched. In this Heavenly Eagle Imperial City, he still has a place for himself. That is ... making good use of trash!"

Everyone roared with laughter again, "Hahaha!"

When Ruo Xu learned of this news, he felt extremely liberated in his heart.

These few years, even though he was demoted to become the second elder, his influence in the Elder's Association did not diminish in the slightest.

One could say that Xuan Yu this head elder was just a symbol built without foundations.

Xuan Yu did not like fighting and was also unwilling to get involved in this kind of thing.

Therefore, Ruo Xu also became even more brazen and unscrupulous.

Rather, the Martial Tower that side, Coldfeather's control was very domineering, making it very difficult for Ruo Xu's hand to extend his reach.

But with the power on the Pill Tower's side, it was already enough.

After all, the Martial Tower still had to rely on the Pill Tower. Which Martial Tower elder dared to not give face to the Pill Tower's elders?

Right at this time, a subordinate suddenly came to report, saying that Grand Elder He Chong wanted to personally convene an emergency elders meeting to discuss an important matter.

Everyone's expressions could not help changing when they heard it. This timing was also too coincidental, right?

An elder asked, "Second Elder, could it be that this elders meeting ... is related to Ye Yuan? Otherwise, it also wouldn't be so coincidental, right?"

"Hey! Don't scare yourselves! Back then, Ye Yuan was practically chased out of the imperial city. If he really broke through and came back, why would he be so low-key? He would have long come to smack our faces! In my view, he doesn't have the face to meet people! Grand Elder convening an elders meeting, I think that there should be another important matter. Perhaps Utmost Peace Imperial City is causing problems again," said another elder.

When everyone heard that, they all nodded their heads.

One elder said with a look of dissatisfaction, "Speaking of this, I feel angry! If not for Ye Yuan and Zheng Qi, we wouldn't be so passive right now either! This Ye Yuan is good, ownself taking the Origin Magnetic Divine Mountain and running!"

Ruo Xu said, "Alright, don't simply guess anymore. When we see Grand Elder, we'll know."

...

In the great hall, He Chong sat at the top position and still had an unfathomable appearance.

The elders meeting started. He Chong opened his mouth and said indifferently, "Convening everyone today, there's an important matter to tell you all. Xuan Yu, you say it yourself."

Everyone was uncertain what it meant, looking at Xuan Yu in surprise, not knowing what medicine was being sold in the gourd.

Xuan Yu nodded his head and slowly said, "Everyone, this old man's personality, everyone is also aware. Taking on this position of head elder is truly a little an onerous task. Hence, I requested from City Lord and Grand Elder for me to resign from this position of head elder."

The moment these words came out, everyone was in an uproar, everyone's gazes cast toward Ruo Xu one after another!

Xuan Yu was ... admitting defeat?

[Unrivaled Medicine God](#)

Chapter 1687: Head Elder, Ye Yuan!

The moment Xuan Yu retired, only Ruo Xu could become this Head Elder! This struggle finally still ended in Ruo Xu's victory!

Indeed, Xuan Yu had been the head elder for so many years, but his presence was virtually zero.

The major and minor matters of the Pill Tower were mostly decided by Ruo Xu.

Xuan Yu was practically made a figurehead.

If it was another person, carrying on like this also had no meaning. Might as well resign from the position of head elder to avoid embarrassment.

Ruo Xu's face revealed a look of great joy. He had suppressed Xuan Yu for so many years. Suddenly being ridden on top of his head by him, he was naturally rather unhappy.

Now, he finally brought Xuan Yu down.

There was virtually little hope of Ruo Xu to break through to the Celestial Deity Realm and become a Five-star Alchemy God.

And his desire for power had inflated limitlessly.

Losing the position of head elder was a crowning humiliation to him.

Today, this disgrace was finally washed away!

Those Pill Tower elders all looked very excited too. Clearly, they felt happy about the success of their team.

Of course, under this kind of circumstances, they could not behave too overboard. But they were already ready to go back and congratulate properly.

"Head Elder, why are you doing this? In our Pill Tower, your strength is the greatest. This position of Head Elder, you're the most suited!"

“Yeah, Head Elder, you have to think thrice before acting!”

“Head Elder, this kind of joke mustn’t be joked, be careful, take caution!”

...

These elders all started urging. It was just that their tones appeared very perfunctory.

Those present were all extremely experienced people. Who could not tell?

Coldfeather looked at this scene with a smile, having a disdainful look on his face.

While Ning Zhiyuan had his head lowered, looking straight down as if it had nothing to do with him.

Clearly, he already learned to be wise.

Today’s matter was rather unusual. It was very likely to be related to Ye Yuan. Opening his mouth again, he would be a fool.

At this time, Ning Zhiyuan was very grateful to Ning Tianping in his heart. If it wasn’t for him, the Ning Family also would not benefit from being in a favorable position. They would definitely capsize again today.

Doing it again today, that would be offending Ye Yuan to the core.

Regarding these perfunctory voices to persuade him to stay, Xuan Yu understood in his heart. But he just smiled faintly and said, “Many thanks, everyone. Not being the head elder, this old man is still a member of the Pill Tower and can still contribute to Heavenly Eagle.”

Ruo Xu’s face had unconcealable smugness, but he still consoled, “Actually, I feel that it’s a good thing for Younger Brother Xuan Yu to temporarily resign from the position of head elder. He’s only a step away from becoming a Five-star Alchemy God right now. It’s time to put down secular affairs and seek to break through wholeheartedly. If Younger Brother Xuan Yu can breakthrough to become a Five-star Alchemy God, that will truly be a great thing for our Heavenly Eagle!”

These words sounded nice, but breaking through to become a Five-star Alchemy God, it was easier said than done.

It was not that to reach the half-step Celestial Deity Realm, you just had to work hard slightly and you would be able to break through to the Celestial Deity Realm.

Take Gao Yuan that guy as an example. Reached half-step Celestial Deity Realm for several tens of thousands of years but he didn’t break through to the Celestial Deity Realm either.

Following that, everyone feigned another round of persuasion to stay. Xuan Yu said coolly, “Everyone, there’s no need to persuade me. This old man’s mind is made up.”

At this point, the surface work had been done. Everyone naturally no longer try to persuade him.

He Chong said coolly, “What Ruo Xu said is right. Xuan Yu has already stepped into becoming a half-step Celestial Deity and should go into seclusion properly and strive to break through to become a Five-star

Alchemy God. Since his mind is made up, then this matter is decided. Now, I'll announce the new candidate for head elder."

Hearing this, Ruo Xu's face revealed an eager expression.

Other people's gazes are also cast on him.

Ruo Xu was a little excited in his heart. The feeling of being the focus on attention was pretty good.

In Heavenly Eagle Imperial City, the Pill Tower's position of Heavenly Eagle Imperial City had high authority and power. It could be said to be beneath two people and above tens of thousands.

This kind of power, who could be unmoved?

He Chong slowly opened his mouth and said, "The position of the Pill Tower's head elder is of utmost importance to my Heavenly Eagle. Naturally, the person with the greatest strength has to take on the post. This person is ..."

Speaking until here, He Chong deliberately paused, sweeping a glance over everyone's faces, finally stopped on Ruo Xu's face.

That expression was somewhat complicated.

However, the current Ruo Xu clearly did not notice it.

His buttocks already left his seat, preparing to receive the new appointment.

"Ye Yuan!"

At this time, He Chong lightly spat these two words out of his mouth.

Ruo Xu's smile instantly froze on his face.

He stood up halfway currently, but in the end, what He Chong spat out of his mouth was not his name.

This scene was rather awkward.

Everyone was extremely shocked, being rendered dumbfounded by this name.

How could the head elder be Ye Yuan?

How could the head elder possibly be Ye Yuan?

"G-Grand Elder, is ... is there a mistake?" Ruo Xu said with a look of disbelief.

Even though he knew that Ye Yuan returned. Even if he broke through, he was also not qualified enough to be the head elder, right?

He Chong's face fell and he said in a cold voice, "Ruo Xu, do you take this old man to be muddle-headed? Such a major matter, would I be mistaken? Brother Zuo, come on out."

He Chong's words made everyone's entire body tremble.

The city lord actually came in person?

At this time, the door to the side hall slowly opened. An old man and a young man, two people, walked out.

The old one was the City Lord Zuo Shujie whose movements and traces were elusive and secretive. The young one was naturally Ye Yuan.

Even Ning Zhiyuan also trembled all over when he saw City Lord personally send Ye Yuan out.

This matter of Ye Yuan assuming the post of head elder, he did not know beforehand.

It was just that he felt that the timing of Xuan Yu's resignation was too coincidental, so he faintly felt that it was related to Ye Yuan.

But he did not expect that Ye Yuan was actually going to replace Xuan Yu and take on the post of head elder!

Furthermore, it was even City Lord escorting him over personally.

The shocked ones were naturally not just Ning Zhiyuan alone.

The others were dumbfounded too!

The matters in the city, City Lord never took an interest in them.

If there really was something, it was also He Chong acting in capacity.

They did not expect that this time, for the sake of Ye Yuan assuming the post, he actually came personally!

Looking at Ye Yuan again, they were shocked again.

Ye Yuan really broke through!

Even though it somewhat could not be seen through, the aura on Ye Yuan's body was absolutely one in the Divine Lord Realm without a doubt!

However, letting a guy who just broke through to Divine Lord Realm be the head elder, it was taking it too lightly, right?

With Zuo Shujie appearing, He Chong took a back seat.

"Add a chair for Ye Yuan, put in on Xuan Yu's right-hand side," Zuo Shujie said coolly.

Under the word of command, someone immediately added a seat to Xuan Yu's right, letting Ye Yuan sit on it.

Even though it was just a small gesture, it revealed Zuo Shujie's regard for Ye Yuan!

Ruo Xu's expression flickered incessantly. He could not understand what capability this brat had to actually climb on top of his head!

Zuo Shujie gave everyone a glance and slowly opened his mouth and said, "I know that many people among you all are puzzled, why Ye Yuan should be the head elder! Actually, Ye Yuan wasn't willing to be this head elder. It was this city lord who requested repeatedly until he was willing to take the post."

Unrivaled Medicine God

Chapter 1688: Thrown Into God Refining Abyss

“W-What?! C-City Lord personally invited him to take the post?”

“What a joke! What ... What capability does he have?”

“Even if he broke through, becoming the head elder is also too forceful, right? I’m not convinced!”

...

When the elders heard Zuo Shujie’s words, each and every one of them was extremely shocked.

A brat who just broke through to the Divine Lord Realm actually became the Pill Tower’s head elder. This was also taking things too lightly.

They all did not understand why City Lord would regard Ye Yuan so highly.

Ruo Xu was extremely unwilling in his heart. Xuan Yu riding on his head, he was already very upset to begin with.

Now, it was actually changed to Ye Yuan riding on his head. He could not tolerate it even more.

He gritted his teeth and said, “City Lord, this ... I’m not convinced! A Divine Lord who just broke through becoming our Heavenly Eagle’s head elder, this is also taking things too lightly!”

Zuo Shujie gave him a glance and said coolly, “Head Elder this position has always been reigned by the strong. Otherwise, how to convince the masses? Inviting Ye Yuan to be the head elder is naturally because his ability is sufficient to convince the masses!”

Everyone’s faces could not help changing when they heard that, all revealing disbelieving looks.

Those present were all Alchemy Dao major powers. They were not characters who were easy to fool.

Even if a person refined rank three divine pills until it was transcendent, it also did not mean that the person could similarly do so with rank four divine pills.

Same for those of the Martial Dao, there was similarly a massive gulf between Martial Dao rank three and rank four.

This gulf needed time to bridge.

Rank four divine pills, an alchemist needed to integrate world power to be able to form a pill.

And the technique involved in this absolutely could not be utilized to the highest level in one or two days.

Ye Yuan’s Alchemy Dao talent was unparalleled, so no one doubted that he could refine rank four divine pills as impressively as rank three divine pills in the future.

But, at the very most, Ye Yuan merely broke through in the past several decades. How could he possibly have such profound Alchemy Dao strength?

Ruo Xu's expression was very ugly as he said in a solemn voice, "City Lord's meaning is that Ye Yuan's current Alchemy Dao strength already surpasses mine? Ruo Xu isn't convinced! I want to compete with him!"

Zuo Shujie smiled and said, "No need! Let you see a person, you'll understand! Zheng Qi!"

At this time, a figure outside the great hall slowly walked in. It was precisely the Zheng Qi who had already been missing for a long time!

Seeing Zheng Qi, everyone's faces changed.

"Half-step Celestial Deity! Head Elder Zheng he ... he actually broke through?"

"The stubborn injury on him is already all healed!"

"This ... Could this be Ye Yuan's work? This is impossible?"

...

When the group of elders saw Zheng Qi, their expressions abruptly changed.

Forget that injuries fully recovered, he actually even broke through!

Zheng Qi slowly stepped into the great hall. The past declining trend was swept clean and what replaced it was boundless enthusiasm.

He clasped his hands at Zuo Shujie and He Chong and said, "Paying respects to City Lord, Grand Elder!"

Zuo Shujie slowly nodded and said to everyone, "Ye Yuan already completely cured Zuo Shujie's hidden injuries. Furthermore, he even helped him improve a step further. Ye Yuan's strength, Xuan Yu also candidly acknowledged his defeat. That's why he would take the initiative to resign. Do you all ... still have any objections?"

The group of elders exchanged glances, being dumbstruck by amazement with today's sudden turn of events.

Before coming, they were even mocking that Ye Yuan had no face to see people.

But now, with a sway of his body, he actually became the head elder.

What shocked them even more was that Ye Yuan just broke through not long and his strength actually bested even Xuan Yu already.

Such horrifying strength, it was naturally more than enough to be the head elder.

However ... Ruo Xu was awkward.

Seeing that no one spoke anymore, Zuo Shujie said coolly, "Actually, Ye Yuan originally already resigned from his post as an elder and wasn't willing to come out of retirement again. Yesterday, I found Ye Yuan for a long talk before he reluctantly agreed to it. Starting from today, Ye Yuan is the Pill Tower's head elder, presiding over all matters of the Pill Tower. Xuan Yu is the second elder, Ruo Xu is the third elder, so on and so forth."

Finished talking, Zuo Shujie said to Ye Yuan, “Ye Yuan, the Pill Tower this whole works will be entrusted to you in the future. However, your most important task is still cultivation. After all, you’re my Heavenly Eagle’s future!”

Ye Yuan smiled and said, “City Lord rest assured, Ye Yuan has a score in my heart.”

Zuo Shujie was not overselling Ye Yuan. He really talked until his jaws ached before convincing Ye Yuan.

To Ye Yuan, the reason why he returned to Heavenly Eagle Imperial City was primarily still because of the 500-year agreement with Li-er they all.

Ye Yuan still had feelings for Heavenly Eagle. At least, in this place, there were quite a few of his fetters.

Furthermore, Ye Yuan also understood that making an exception to promote him to become a Pill Tower elder back then was naturally Zuo Shujie’s intention too.

If this were not the case, he might still have to wait until God knows when to find Qin Xiao to take revenge back then.

In the end, he owed Zuo Shujie a favor.

Hence, that was why he agreed to take on the post of head elder.

Ye Yuan naturally understood that this position of head elder was not easy to be. But he did not mind either.

Ruo Xu could bully Xuan Yu, but wanting to bully him, Ye Yuan, he was still a bit too tender.

Moreover, in front of absolute strength, any tactic was utterly useless!

In Alchemy Dao, Ye Yuan had such confidence.

Zuo Shujie said coolly, “I can naturally set my mind at ease with you. Alright, this matter is settled like this!”

Finished talking, Zuo Shujie and He Chong two people left straight away, leaving behind everyone with baffled faces.

Ruo Xu shot Ye Yuan a glance coldly, gave a cold snort, and turned around, about to leave.

“Halt! Did I let you go?” Ye Yuan said coolly.

Ruo Xu suddenly turned around, eyes spewing fire as he said in a cold voice, “Ye Yuan, you don’t be too smug!”

Ye Yuan looked at Ruo Xu and said coolly, “It’s true that a crooked stick will have a crooked shadow! No wonder back then, Song Qiyang, a disciple, dared to even turn his nose up at me, this elder. Turns out that it was taught well by you, his master! City Lord’s words earlier, could it be that you didn’t hear?”

Ruo Xu was already beyond furious and roared loudly, “If this old man wants to leave, could it be that you can still stop?”

Finished talking, his figure moved, directly walking out of the great hall in large strides.

Right at this time, Coldfeather and Zheng Qi got up at the same time, one left and one right, stopping Ruo Xu.

The power of half-step Celestial Deity emitted off the two people's bodies. Ruo Xu's expression finally changed.

He suddenly realized that these two great half-step celestial deities were both Ye Yuan's close buddies.

Ye Yuan said coolly, "Brother Coldfeather, you're the Martial Hall's head elder. Defying one's superior and affronting the prestige of the head elder, what should be the punishment?"

Coldfeather broke into a smile and said, "Apart from City Lord and Grand Elder, the head elders' authority is paramount and isn't permitted to be affronted. If there are offenders, throw into the Martial Tower's God Refining Abyss!"

The God Refining Abyss was a separate space inside the Martial Tower, a place used specifically to punish prisoners.

That Qin Xiao was currently imprisoned in the God Refining Abyss.

Ruo Xu's expression changed when he heard that and glared at Ye Yuan as he said, "Ye Yuan, you dare?!"

Ye Yuan laughed when he heard it and said, "Why wouldn't I not dare? Today is this elder's first day taking office and you gave me an opening gambit. If I let you go out like this, how will I still be a head elder? Brother Coldfeather, Brother Zheng, take him down and throw him into the God Refining Abyss for three months, so as to punish him!"

Chapter 1689: Ning Family Requesting for Pill

"Ye Yuan, just you wait! Don't think that you can do whatever you please after becoming the head elder!" Ruo Xu's voice got further and further. Then, the entire great hall was silent, quietly until even a pin dropping on the ground could be heard too.

In these several tens of thousands of years, no one had ever dared to throw Ruo Xu into the God Refining Abyss before. Ye Yuan actually did so!

Who was Ruo Xu?

He was Heavenly Eagle Imperial City's person-in-charge in these few tens of thousands of years.

Even the former Head Elder Zheng Qi also did not dare to offend him too much.

In reality, even though Zheng Qi had many discontentments with Ruo Xu in the past, it was basically all swallowing the knocked-out teeth into his stomach.

After all, the Martial Tower had many areas where they needed to request the Pill Tower.

Even if Xuan Yu became the head elder, this kind of situation still did not change in the slightest.

Coldfeather was unhappy with Ruo Xu, but he did not dare to really do anything to him as well.

But today, this move of Ye Yuan's was too ruthless!

Staying three months in the God Refining Abyss, the time was not long, but this punishment was awful.

More importantly, to Ruo Xu, this kind of high and mighty important person, it was simply unprecedented humiliation.

How would he still show his face to people after coming out?

The group of elders all used extremely stunned gazes to look at Ye Yuan.

Everyone said that new officials would make drastic changes to an organization upon taking charge, but this change was also done a little too aggressively, right?

One had to know, Ruo Xu's prestige in Heavenly Eagle was extremely high. His forces were even deeply entangled and difficult to deal with. Wanting to use one God Refining Abyss trip to uproot his forces, this was impossible.

The elders on Ruo Xu's side all used gloating expressions to look at Ye Yuan.

This newly-appointed head elder was still too inexperienced, thinking that it could bring down Ruo Xu?

But Ye Yuan did not have this awareness. Sitting on the seat of honor, he swept a glance over everyone and opened his mouth and said nonchalantly, "In the future, if somebody dares to defy their superiors, the crime will be the same as Ruo Xu's! Additionally, this elder has just taken office, I naturally have to give everyone some benefits. Starting from today, within three months, all elders can rely on their contribution points to find me to refine medicinal pills! You all can also refine pills for your juniors!"

When Ye Yuan finished talking, he discovered that these elders' reactions were all very indifferent. No one actually took the initiative to come find him to refine pills.

But regarding this kind of situation, Ye Yuan had long expected it.

Ruo Xu was too deeply entrenched in Heavenly Eagle Imperial City. These elders, regardless of whether the Pill Tower or Martial Tower's elders, all did not dare to offend him.

It was still unknown who would gain supremacy, how could they dare to easily choose teams?

At this time, the Ning Zhiyuan who had been silent all along suddenly stood up and said to Ye Yuan with an excited look: "Head Elder, I wonder if ... you can refine the Tenghai Space Splitting Pill?"

Ye Yuan gave Ning Zhiyuan a glance rather surprisedly, not expecting that the one who stepped forward at this time was actually him.

One had to know, stepping forward at this time was equivalent to utterly falling out with Ruo Xu.

But, thinking about it, Ye Yuan also felt relieved.

Compared to falling out with Ruo Xu, Ning Zhiyuan clearly valued the increase of his own strength more.

Reaching Ning Zhiyuan's current realm, the medicinal pills capable of letting him improve were not many anymore.

And this Tenghai Space Splitting Pill was precisely one of them.

Reaching the Divine Lord Realm, the increase in strength was not just how much divine essence amassed anymore. What they regarded more highly was developing the inner world.

Ning Zhiyuan had stopped at the eighth-layered heaven Divine Lord Realm for many years already, failing to break through to become a ninth-layered heaven Divine Lord for a long time.

He had also found Ruo Xu to refine the Tenghai Space Splitting Pill before. But Ruo Xu refined a few times and it all failed.

This was a level seven difficulty medicinal pill. Even for Xuan Yu and Ruo Xu, the success rate of refining was extremely low too.

Ye Yuan gave Ning Zhiyuan a glance and said coolly, "You gather the spirit medicines and come find me tomorrow. Alright, all disperse."

Ning Zhiyuan was scheming and calculating and rarely got excited.

But now, his face actually appeared somewhat flushed because of agitation.

"Heh, Elder Ning, you really believe that he can refine the Tenghai Space Splitting Pill? At that time, if he can't refine it, your Ning Family will have a good show to watch!"

"Yeah, Elder Ning, you were also too reckless this time!"

"Elder Ning, I'm somewhat pitying you right now!"

...

These elders all came in front of Ning Zhiyuan, expressing their sympathy and gloating over his misfortune.

They totally did not believe that Ye Yuan could refine the Tenghai Space Splitting Pill.

In fact, they did not even believe that Ye Yuan could cure Zheng Qi.

The vast majority of them were guessing if Ye Yuan obtained some essence replenishing and vitality nourishing supreme treasure while traveling outside, that's how it brought Zheng Qi back to life, even breaking through the shackles.

To say that Ye Yuan refined such a high difficulty medicinal pill, they really did not believe.

Toward this, Ning Zhiyuan just smiled did not say much.

With Ning Tianping around, his understanding of Ye Yuan was naturally not what these fools could compare to.

...

On the second day, Ning Zhiyuan indeed came to find Ye Yuan.

Ye Yuan saw that he was somewhat hesitating and said coolly, "Just say whatever you want to say, I don't like to beat around the bush."

Ning Zhiyuan was slightly embarrassed as he said, "Head Elder, it's like this, there are some people in our clan who heard that head elder can personally refine pills, and all want to request pills from you. Wonder if ..."

Ye Yuan gave Ning Zhiyuan a glance. The other party could not help feeling somewhat guilty, as if being seen through by Ye Yuan.

The Ning Family's clansmen would request pills from him?

This was probably Ning Zhiyuan deciding all on his own, right?!

He wanted to increase the family clan's strength and was also afraid of offending Ye Yuan, that was why he said it like this.

Ye Yuan said coolly, "Since I personally promised, I naturally won't go back on my words. You leave behind all the spirit medicines, the contribution points will be deducted from you. Five days later, come over to fetch the pills."

The moment Ning Zhiyuan heard, he could not help being overjoyed and said, "Many thanks, Head Elder!"

After Ning Zhiyuan left, Ning Tianping revealed his figure and thanked Ye Yuan with a bow, "Many thanks, Your Excellency, for not taking prior transgressions to heart, and refining pills for the Ning Family's members."

Ye Yuan smiled and said, "This family head of yours helped me out a lot this time. Otherwise, this deadlock would really be hard to clear."

Ning Tianping smiled and said, "That's Your Excellency's charity to the Ning Family. With this chance placed in front of him, the family head naturally values the Ning Family's future more. Family Head has already been stuck being an eighth-layered heaven Divine Lord for tens of thousands of years and has always been unable to break through. Once this opportunity is missed, it will be hard for him to want to break through! With his shrewdness, how could he possibly let go?"

Ye Yuan sized Ning Tianping up and said with a nod, "Your cultivation recently, the rate of progress is pretty good!"

Ning Tianping smiled and said, "Is Your Excellency praising yourself? This is all thanks to Your Excellency's medicinal pills! After Your Excellency broke through to become a Four-star Alchemy God, the medicinal pills refined are even more miraculous. My cultivation simply advances by leaps and bounds! At this speed, I can probably assault the fifth-layered heaven Divine Lord Realm in less than 50 years!"

These few days, Ye Yuan refined quite a few medicinal pills for Ning Tianping.

Ning Tianping ate those ordinary rank four divine pills like swallowing miracle elixirs, strength improving by leaps and bounds. Now, he already became a middle-stage fourth-layered heaven Divine Lord.

This cultivation speed could be rated as horrifying in Divine Lord Realm.

Very soon, a month's time passed, the entire Heavenly Eagle Imperial City stirred up overnight.

Unrivaled Medicine God

Chapter 1690: Stirring up the Entire City

A Ning Family's clan elder who was a sixth-layered heaven Divine Lord, Ning Canghai, broke through to become a seventh-layered heaven Divine Lord!

Another Ning Family's clan elder who was a fifth-layered heaven Divine Lord, Ning Zhongkai, also broke through, becoming a sixth-layered heaven Divine Lord!

...

The Ning Family's patriarch, Ning Zhiyuan, finally broke through his bottleneck, becoming a ninth-layered heaven Divine Lord!

News after another stirred up the entire city, sweeping across the entire Heavenly Eagle Imperial City like the wind.

It was as if overnight, the entire Ning Family ascended!

Those Ning Family clan elders sitting around waiting to die, without any hopes of breaking through, actually all broke through!

This news was too shocking.

Of course, the most shocking one was still Ning Zhiyuan's breakthrough!

What did a ninth-layered heaven Divine Lord mean?

It meant standing at the summit of the imperial city!

Apart from Celestial Deity powerhouses, ninth-layered heaven Divine Lords were the strongest!

Furthermore, after becoming a ninth-layered heaven Divine Lord, it also meant that Ning Zhiyuan had the chance to touch that fleeting and ephemeral Celestial Deity Realm.

No matter whether it was successful or not, at least he had this qualification.

In the city, how many could have such qualifications?

"Hey, this news wouldn't be fake, right? Those few old fellows were already approaching their hour of death, they actually broke through?"

"How can this be fake? Those few old things are beside themselves with joy, wishing for the entire city to know that they broke through!"

"This ... This is also too coincidental, right? It couldn't be that ... the Ning Family collectively gained enlightenment, right?"

"Enlightenment my *ss! Are you dumb?! Head Elder Ye Yuan promised at the elders meeting that all of the elders can find him to refine pills, but nobody took him seriously. Only Ning Zhiyuan alone requested him to refine pills! In the end, the Ning Family's members all ascended overnight!"

“Is this ... real or fake? Didn’t Head Elder Ye Yuan just break through not long ago? His alchemy skills already reached such a terrifying degree?”

...

The powerhouses in the imperial city were all discussing this matter.

To Divine Lord Realm martial artists, what else could be more attractive than breaking through?

Hence, within the major family clans, they were all thrown into utter disarray.

Especially among those elders’ families, it became a total mess.

Those clan elders were all blaming the patriarchs. Why didn’t they go and request pills from Head Elder Ye Yuan?!

At the Shi Family’s residence, several old fellows were pointing at Shi Feng’s nose and scolding him.

Shi Feng and Ning Zhiyuan could be said to be two heroes who existed side by side. The two were both eighth-layered heaven Divine Lord powerhouses, both occupying a very important position in the Elders Association.

The Shi Family and Ning Family had also been secretly competing all along.

Shi Feng and Ruo Xu walked very close, so they had always been suppressing the Ning Family.

In this matter, Shi Feng chose to stand on Ruo Xu’s side without any hesitation.

That day, Ning Zhiyuan’s very cautious appearance, Shi Feng was still very disdainful when he saw it, even somewhat looking down on Ning Zhiyuan’s groveling.

In his presence, he did not have qualms reproving Ning Zhiyuan behind his back.

But who knew that only a month’s time passed, and then Ning Zhiyuan actually directly broke through, becoming a ninth-layered heaven Divine Lord powerhouse.

Shi Feng was utterly stunned by this news!

But he had not come back to his senses yet and a bunch of clan elders blocked him in tightly, all pointing at his nose and scolding.

“Shi Feng, how are you serving as the family head?”

“Shi Feng, you’re also too much! Head Elder Ye Yuan was personally invited by City Lord, but you actually didn’t give him face!”

“It’s great now, right? The Ning Family members’ noses are all facing the sky! You look at us! Take a look at us!”

...

These clan elders were all very elderly figures. Many of them were Shi Feng’s elders. Scolding him was not weird at all, not giving him any face at all.

Shi Feng was scolded until his face turned green, but he could not do anything at all.

These old fellows did not have other capabilities and only knew how to say this and that all day long.

“Alright, alright, hold your horses. Elders, aren’t I thinking of ways to remedy it here?”

Shi Feng brushed it off for quite a while, finally throwing these old fellows off.

But he felt his head aching too. Right now, the development of the situation in the city far exceeded his imagination.

This move was truly earth-shattering!

One could imagine that right now, the threshold of Head Elder Ye Yuan’s manor was already being trampled flat.

Shi Feng finally understood why Ye Yuan dared to directly throw Ruo Xu into the God Refining Abyss.

He based it on absolute confidence in his own strength!

Without genuine ability, don’t go and do what you can’t accomplish.

Ye Yuan and Xuan Yu walked very closely, so it was impossible to not know how great Ruo Xu’s force in Heavenly Eagle was.

But he still dared to take over this position of head elder. This showed that he definitely had some reliance.

What Ye Yuan needed was merely a breakthrough point.

Very luckily, the Ning Family became this breakthrough point!

Shi Feng suddenly discovered that he reacted too late after it happened.

Thinking these through now was already too late.

One misstep, and then every step was wrong!

The time limit given by Ye Yuan was only three months. Now, a month had already passed.

The next two months’ time, there would be countless families racking their heads, wanting to fight for this spot.

The time was too short!

It was impossible for Ye Yuan to put all of his energy on one family like the Ning Family.

Currently, the initiative was already completely grasped in Ye Yuan’s hands.

Whoever he wanted to refine pills for, he would refine pills for!

Whoever was an eyesore, he could completely cast you aside.

Shi Feng heaved a sigh, slowly stood up, and walked over towards Ye Manor.

Sure enough, the guardhouse of Ye Manor was already packed full of people. It could already open up a teahouse.

Except, everyone's faces had worried looks, looking like prisoners awaiting trial.

Normally, when everyone saw Shi Feng, they would definitely say hello right away.

But today, not a single person actually cared about him.

Shi Feng saw an elder he was on good terms with and went up to ask, "Brother Zhao, who is Head Elder meeting?"

This person was called Zhao Yibin, the Zhao Family's patriarch.

When Zhao Yibin lifted his head and saw that it was Shi Feng, he could not refrain from complaining. He said, "Who else can it be? Isn't it all the Ning Family, that bunch of bastards? Humph! Look how smug they are!"

The moment he said this, the others immediately exploded.

"Zhao Yibin, if you want to offend Head Elder, don't cause trouble for us!"

"Yeah! The Ning Family is the favorite of Head Elder currently. What's wrong with being a little smug?"

"Aren't you just feeling unfair in your heart to see Ning Canghai's cultivation catch up to yours?"

...

One person, one mouthful of spittle, they could directly drown Zhao Yibin to death.

Yet, Zhao Yibin did not dare to lose his temper, immediately realizing his loss of composure and apologized to everyone, "Everybody, calm your anger! Everyone calm your anger! It was all this Zhao's fault!"

Only after a bout of apologizing did everyone's wrath subside.

When Shi Feng saw this scene, he was immediately dumbfounded.

Everyone's nerves were already sensitive to such an extent?

Who knew that Zhao Yibin shot Shi Feng a fierce glare and stopped talking.

Shi Feng was speechless. Only now did he know what kind of shock the Ning Family's collective breakthrough brought to everyone.

Now, everyone was afraid of offending Ye Yuan by saying a word!

Right at this time, Ning Zhiyuan brought a group of old fellows and came out of the Ye Manor hastily.

The moment Ning Zhiyuan saw Shi Feng, he laughed smugly and said, "Shi Feng, what did you all say to me that day? Grovel and wagging my tail? Now, even if you grovel in the dirt and wag your tail, Head Elder might not give you this chance either! Hahaha!"
