Chapter 1691: Heavenly Eagle Change Heavens

Shi Feng's face immediately turned black like the bottom of a wok! But he could not refute it.

Did he want to grovel and wag his tail?

Of course he wanted to!

Too freaking wanted to!

Who could refuse the allure of achieving a breakthrough, becoming a ninth-layered heaven Divine Lord?

If Ye Yuan gave him a chance to grovel and wag his tail right now, he definitely would!

But the problem was, would Ye Yuan give it?

Ning Zhiyuan's body faintly exuded a powerful aura.

That was the aura belonging to a ninth-layered heaven Divine Lord!

He, Shi Feng, yearned for such strength so much!

Looking behind him again, that bunch of old fellows were in high and vigorous spirits. How was there any hint of being old and ailing like a candle in the wind?

Especially Ning Canghai, breaking through to become seventh-layered heaven Divine Lord in one stroke, he would have the qualifications to enter the Elders Association!

The Ning Family would occupy another spot in the Elders Association!

This significance was huge.

"Heh, Family Head is really wise! This time, our Ning Family thoroughly overshadowed the Shi Family!"

"In the future, our Ning Family will do Head Elder Ye Yuan's bidding without a word!"

"Oh, you guys, better hurry up and think of ways on how to let Head Elder Ye Yuan cool down! Haha ..."

The Ning Family's clan elders were all extremely pleased with themselves. That appearance was like villains intoxicated with success.

However, they had this qualification.

Because they knew that in the future, no family could surpass the Ning Family anymore.

Ye Yuan naturally would not be indifferent to the other families, but he absolutely would not treat the other families like the Ning Family.

This was the difference in the degree of intimacy.

Ning Zhiyuan laughed and said, "Shi Feng, don't blame me for not warning you. It's best that you rack your brain and think of how to cut off relations with Ruo Xu. This is your only hope. Hahaha ..."

Finished talking, Ning Zhiyuan brought the group of elders and swaggered away.

Shi Feng's brows furrowed and could not help musing.

Not just Shi Feng, the others similarly fell into deep thought.

There were some hints in Ning Zhiyuan's words!

...

Three months passed in a blink. During these three months, Ruo Xu suffered the pain of having his mind withered away. Even his entire person withered considerably.

Leaving the God Refining Abyss, Ruo Xu gnashed his teeth in hatred and said, "Ye Yuan, do you really think that you do whatever you want when you become the head elder? This old man will let you know what's called too high to touch!"

Ruo Xu did not even return home and went to the Shi Family straight away.

But what he did not expect was that the one who came out to meet him was actually Shi Song and not Shi Feng.

The person that the Shi Family sent out was Shi Song. Seeing Ruo Xu, Shi Song clasped his hands and said, "Shi Song has seen Third Elder."

Ruo Xu's face fell, and he said unhappily, "Shi Song, what did you call me?"

From being the head elder to the second elder, and then from the second elder to the third elder, this was the greatest pain in Ruo Xu's heart, and also the greatest shame.

This Shi Song actually rubbed his nose in it!

However, Shi Song said very calmly, "Third Elder, this was personally dictated by City Lord! This ... Shi Song is just a nobody, Third Elder you've already stayed in the God Refining Abyss for three months. Please don't make things difficult for Shi Song."

Ruo Xu's face turned black. Shi Song's words rendered him speechless.

Yes, Ye Yuan had just set the rules, so who would slam into the spearhead? Wasn't this looking for abuse?

Ruo Xu said unhappily, "We're in private, so what are you scared of?! Can he, Ye Yuan, really cover the sky with one hand? This old man coming out this time, I'll definitely play him to death!"

Shi Song sneered in his heart but said indifferently on the surface, "Third Elder, there are no walls in the world without a crack. Shi Song is just an unimportant character. Third Elder, don't make things difficult for me anymore."

Ruo Xu was in an irritable mood and waved his hand and said, "Forget it, forget it! Where's Shi Feng? Call him out to see me!"

Shi Song said, "Third Elder really came untimely. Patriarch he recently had some accidental gains and just entered seclusion a few days back. He likely won't come out any time soon."

The moment Ruo Xu heard, he said in a great rage, "What? At this juncture, he actually went into closed-seclusion! Could it be that he wants to see Ye Yuan shit and piss on the Shi Family's head? This bloody bastard!"

Ruo Xu had an enraged appearance from disappointment. Clearly, he was very angry.

Not going into a retreat earlier or later, he just had to enter closed-seclusion at this juncture where Ruo Xu came out of the God Refining Abyss.

If it were before, Shi Song naturally would not have any problem with it.

But now, he was very unhappy in his heart.

Did this Ruo Xu really take the Shi Family to be a dog of his?

Shi Song said, "This is also something that can't be helped. If Third Elder has something, please come again another day."

The expression on Ruo Xu's face was very ugly, giving Shi Song a fierce glare. He then left.

After Ruo Xu left, Shi Feng's figure slowly came out. Shi Song said with an angry look: "Patriarch, this old fogey really takes our Shi Family to be a dog raised by him! Does he think that the current Heavenly Eagle is still the Heavenly Eagle three months ago? If I were to say, we might as well directly lose all decorum with him."

Shi Feng said coolly, "Do you think that by losing all decorum, Head Elder will be able to accept us? Our muddy waters are too deep! Sigh ... right now, our Shi Family can only tuck our tails between our legs and behave. We can't provoke anyone. A single misstep and it's eternal damnation!"

Shi Song's expression changed and he said in surprise, "Patriarch, it wouldn't be so serious, right?"

Shi Feng gave him a glance and said, "It will be only more serious than you think! Head Elder's means already surpassed your and my understanding! As long as he's willing, he can support another family up like the Ning Family at any time! At that time, it wouldn't be the situation of whatever Shi Family and Ning Family contending for hegemony anymore. The Shi Family's existence will also become dispensable. Do you think it's serious or not?"

Shi Song's heart shook wildly. He suddenly discovered that the Shi Family was glorious on the surface right now, but actually, it was already in deep crisis.

Furthermore, what Shi Feng said was not exaggerating things to raise an alarm.

Within a short two months, there had already been more than 20 middle-stage Divine Lord Realm powerhouses who broke through in the city!

When others were breaking through and you still marched on the spot, then ... you would be eliminated sooner or later.

Currently, it was not just the Martial Tower's elders. Even those Pill Tower's elders could not sit still anymore as well.

Did the Pill Tower's elders not need to break through?

They desired to break through too!

But they themselves could not refine medicinal pills capable of breaking through at all.

But the problem was that they could not but Ye Yuan could!

Will you beg me?

Do you acknowledge me as the head elder?

Within three months, the heavens of the Heavenly Eagle Imperial City already thoroughly changed.

After getting rebuffed at the door several times in a row, Ruo Xu finally discovered that something was rather wrong.

These guys seemed to have discussed it. It was either closed-seclusion or busy. It was as if he became a plague, and everyone was staying away from him.

When suffering torment in the God Refining Abyss, he already thought of a countermeasure and prepared to come out and go all out.

But after he came out, Ruo Xu suddenly discovered that he already became a loner.

A belly full of methods, but he was unable to use a single one.

Finally, Ruo Xu came to find the disciple that he was proud of, Song Qiyang. Upon asking, he finally understood what happened.

Ruo Xu's heart shook wildly. He completely could not imagine that Ye Yuan, who had just broken through, his Alchemy Dao strength was already actually overwhelmingly horrifying!

[Unrivaled Medicine God](#)

Chapter 1692: Golden Sword Pact!

At the Ye Manor, a burst of hearty laughter came from inside a hall. "Hahaha! Truly refreshing! This old man fought with Ruo Xu that punk for so many years and couldn't do anything to him. You only used three months, and you cleaned him up properly," Coldfeather said with a big laugh.

Zheng Qi also smiled and said, "That old punk, I've also had enough of him when I was the Martial Tower's head elder these few years. Now, it feels all better."

The Martial Tower was under the control of the Pill Tower. This was something that could not be helped. Whoever came could not change this situation either.

Hence, no matter whether Coldfeather or Zheng Qi became the head elder, the result was all the same.

Even if their strength was stronger than Ruo Xu.

Three months' time passed. Ruo Xu came out of the God Refining Abyss but discovered that everything had changed.

The entire Heavenly Eagle Imperial City was not receptive to him.

Even those Pill Tower elders who looked to him for instructions in the past also all dove into Ye Yuan's camp.

Using Ruo Xu's words to say, this was going to lick Ye Yuan's stinky boots.

Yet, everyone gladly endured the hardship.

Coldfeather the three of them simply prostrated in admiration towards Ye Yuan.

Ye Yuan was clearly different from them, these martial arts and alchemy fanatics. His means emerged in endless streams.

Dealt a blow, gave a sweet date.

Struck another blow, gave another sweet date.

He did not keep people a thousand miles away and did not bring you in either, just letting you wait at the entrance.

These elders and deacons obeyed and carried out whatever Ye Yuan said now.

Ye Yuan said head east, they absolutely did not dare to head west.

The method of political games, Ye Yuan played it to perfection.

Coldfeather they all were also dumbfounded with amazement from watching these few days.

Was this kid really only several hundred years old?

This was simply an old cunning demon!

Ye Yuan smiled and said, "Ruo Xu this person's desire for power is too strong. This kind of people wielding power, the internal friction will be too much. I'm not willing to join in this kind of struggle. But since I promised City Lord, I naturally have to do it well."

Xuan Yu nodded and said with a smile, "You've already done sufficiently well! Right now, the Pill Tower has already gone onto the right track under your management. You handle affairs fairly, show no partiality to either side. Even though the time was short, you already won people's hearts."

Coldfeather also nodded and said, "You, kid, indeed have some skill, much more capable than the few of us old fellows. Now, regardless of whether the Pill Tower or Martial Tower, they are convinced by you, Head Elder Ye Yuan! Hahaha, just nice! This old man will also be retiring having made my mark."

Ye Yuan being head elder did not appoint people on the basis of favoritism.

A few days ago, someone was haughty from being conferred favors and was even fiercely punished by Ye Yuan.

Ever since then, Ye Yuan's prestige was also truly established.

The current Heavenly Eagle Imperial City could be said to be strongly united as one.

Ye Yuan looked at Coldfeather and said, "Brother Coldfeather, so many years have already passed. You still haven't touched that threshold?"

Coldfeather smiled bitterly and said, "How can it be that easy? This half step is as hard as ascending to heaven!"

Although Coldfeather was called an unprecedented prodigy, wanting to break through to the Celestial Deity Realm, it was still somewhat beyond his reach too.

These few hundred years, even though his realm soared wildly, his foundation was also completely used entirely during these few hundred years.

The Celestial Deity Realm could not be broken through just based on one's foundation.

Ye Yuan smiled and said, "Say that it's hard, it's also hard. Say that it's not difficult, it's not difficult either!"

One sentence made Zheng Qi and Coldfeather's bodies tremble at the same time.

Ye Yuan's words had a hidden meaning!

Xuan Yu who was by the side seemed to have thought of something and said in shock, "Ye Yuan, are you ... are you ... able to refine the Supreme Jade Void Pill already?"

"Supreme Jade Void Pill! This ... Ye Yuan, it isn't real, right?" Coldfeather's entire body trembled violently, his eyes revealing a look of disbelief.

Rank three had the Vastsun Universe Pill, while rank four had the Supreme Jade Void Pill!

This medicinal pill was naturally used to help martial artists break through to the Celestial Deity Realm.

Except, like how Three-star Alchemy Gods could not refine a Vastsun Universe Pill, for Four-star Alchemy Gods to want to refine a Supreme Jade Void Pill, it was simply a fool's talk.

To Heavenly Eagle Imperial City, no one had ever thought of wanting to go and refine this medicinal pill either.

Hence, when Xuan Yu said this name, Coldfeather two people palpated with eagerness.

Ye Yuan smiled and said, "As for now, it's still too early. But ... this day shouldn't be far either."

After breaking through to the Divine Vortex Realm, the majority of Ye Yuan's effort was placed on researching Alchemy Dao.

For him to be able to refine the Tenghai Space Splitting Pill, such a high difficulty medicinal pill so quickly, this was naturally inseparable from his hard work too.

Except, rank four divine pills were indeed a massive watershed. The refining difficulty was god knows how many times harder than rank three divine pills.

Even if it was Ye Yuan, wanting to refine level nine difficulty rank four divine pills in a short time, it was still somewhat beyond his power.

However, although Ye Yuan's words were spoken out nonchalantly, in the other few people's ears, it was akin to a bolt out of the blue.

Xuan Yu smiled bitterly and said, "You brat, U really don't know what to say about you! This old man studied Alchemy Dao for 100 thousand years, but I haven't even touched the borders of level eight difficulty. You just broke through for several decades and are already almost able to refine the Supreme Jade Void Pill. If this old man's skin was a little thinner, I'd really hit my head and die!"

When the few people heard, they all guffawed with laughter.

Although it was teasing, Ye Yuan's alchemy talent indeed made them visibly moved.

"It's just that ... the few primary medicines that the Supreme Jade Void Pill requires are all extremely hard to come by treasures. Our Heavenly Eagle Imperial City doesn't seem to have a complete range, right?" Coldfeather suddenly said.

A clever housewife could not cook a meal without rice. Even if Ye Yuan had the ability to refine pills, without spirit medicines, he still did not have a way.

Ye Yuan smiled and said, "You guys set your mind at ease about this. On this trip out, this Ye collected quite a few precious spirit medicines. Disregarding other things, helping the two of you breakthrough is no big problem."

The moment Coldfeather two people heard, they were wildly elated in their hearts.

Coldfeather said, "Ye Yuan, if this old man can break through to the Celestial Deity Realm, this old life will be considered sold to you!"

Zheng Qi smiled bitterly and said, "Grandmaster, my life was saved by him in the first place. This grace is hard to repay even with ten thousand deaths."

The few people were currently talking when a layer of ripple appeared in the space. Two figures slowly walked out. They were City Lord Zuo Shujie and He Chong.

"Paying respects to City Lord! Paying respects to Grand Elder!" Coldfeather and the rest hurriedly went up to salute.

Zuo Shujie's expression was rather ugly as he said in a solemn voice, "All sit down. This city lord has something to tell you all."

Seeing Zuo Shujie's appearance, Coldfeather and the rest of their hearts involuntarily thumped.

Looks like it was not some good thing!

Zuo Shujie reached his hand out, a small golden sword suspended on his palm.

"Golden Sword Token! This ... This is Utmost Peace Imperial City's Golden Sword Token! They're going to activate the Golden Sword Pact!" Zheng Qi's expression changed greatly as he said.

Zuo Shujie nodded and said, "This seat has just received Utmost Peace Imperial City's Golden Sword Token. They've agreed upon to launch the Golden Sword Pact ten years later! Looks like this time, they will not rest until they are dead!"

Coldfeather few people's faces instantly became ugly to the extreme.

“They ... They are bullying others too far!” Coldfeather gritted his teeth and said.

“Utmost Peace Imperial City, among us low-order imperial cities, their strength is very powerful! Activating the Golden Sword Pact, who can stop them?” Zheng Qi said full of bitterness.

Zuo Shujie heaved a sigh and said to Ye Yuan, “Ye Yuan, Utmost Peace Imperial City is aiming for you this time! Why not ... you leave Heavenly Eagle first and avoid the limelight for the time being!”

[Unrivaled Medicine God](#)

Chapter 1693: Who Dictates?

“They came for the Origin Magnetic Divine Mountain?”

Ye Yuan did not reveal a visible change in countenance, appearing very calm.

He did not understand what this Golden Sword Pact was. But Utmost Peace Imperial City provoked them time and again. Apart from the Origin Magnetic Divine Mountain, there was likely no other possibilities.

Zuo Shujie nodded and said, “They activated the Golden Sword Pact and mentioned that they wanted us to hand over the Origin Magnetic Divine Mountain! If not for the Origin Magnetic Divine Mountain, Utmost Peace Imperial City also would not go through such great trouble.”

Even under the command of the same heavenly emperor, the relationship between imperial cities was also not very harmonious.

Imperial cities were different from capital cities. Because of the geographical relationship, imperial cities were extremely far apart. It was also impossible for the imperial capital to be able to control every imperial city.

Hence, an imperial city of this level was actually relatively independent.

Therefore, some friction often happened between imperial cities, and it was also very normal.

Even if there was a valid reason, there was no incident of one imperial city destroying another in a normal situation.

An imperial city was equivalent to the mortal world’s vassal state.

And one imperial city making a move against another imperial city needed to issue a Golden Sword Token to the other party!

The Golden Sword Pact that Utmost Peace Imperial City activated was the first mode of the Golden Sword Token. It was considered relatively gentle.

This was the direct contention between both sides’ upper echelons. The loser would have to hand over the item that the other party asked for with both hands!

And the second mode was to directly shatter this golden sword. Then it was an irreconcilable-till-death situation for both sides.

The two imperial cities would be plunged into war.

Ye Yuan gained a clear item of this Golden Sword Pact and asked Zuo Shujie, "City Lord, that Utmost Peace Imperial City's city lord, I don't know if you're his match. Are you?"

Zuo Shujie's eyes narrowed slightly, extremely shocked in his heart.

Could the meaning in Ye Yuan's words be to really have a life-and-death struggle with Utmost Peace Imperial City?

He shook his head and said, "Ye Yuan, I know that you aren't willing, but Utmost Peace Imperial City is powerful and is a mid-upper imperial city in strength among our Southridge Ten Cities. Our Heavenly Eagle Imperial City has no way of competing. As for that Qiao Anshan, even though he's the same as me, both second-layered heaven Celestial Deities, he ... is already a peak second-layered heaven Celestial Deity. I'm not his match."

Ye Yuan smiled and said, "Then if ... I lend you the Origin Magnetic Divine Mountain?"

Zuo Shujie's entire body trembled and he said rather excitedly, "If I have the Origin Magnetic Divine Mountain in possession, I have at least 70% assurance to defeat him!"

However, he immediately became dejected and continued: "It's no use. Utmost Peace has four great celestial deities. Even though three of them are first-layered heaven celestial deities, He Chong alone isn't a match."

Ye Yuan held his palm out, a small black hill emerged.

"City Lord, it is not that Ye Yuan is stingy. But this Origin Magnetic Divine Mountain is still very useful to Ye Yuan. Otherwise, even giving to you is fine. In these ten years, the Origin Magnetic Divine Mountain will be under the charge of City Lord. I hope that City Lord uses it to win victory at the unfurling of the flag!"

Finished talking, Ye Yuan's palm pushed, the Origin Magnetic Divine Mountain landed in Zuo Shujie's hand.

Zuo Shujie's shock was by no means insignificant. He did not expect that Ye Yuan was actually so generous, to be willing to lend the Origin Magnetic Divine Mountain for him to use.

Before waiting for him to get over his shock, Ye Yuan took out another dark yellow-colored rope.

Zuo Shujie and He Chong's gazes turned intent and they cried out, "Immortal Binding Rope!"

Ye Yuan threw the Immortal Binding Rope to He Chong and said with a smile, "Grand Elder, this Immortal Binding Rope is useless to this Ye, give it to you."

At this time, He Chong's entire person was in a daze.

He had never thought that he would actually own a celestial deity mystic treasure one day!

This was a celestial deity mystic treasure! Ye Yuan gave it to him just like this?

"This ... Is this ... really ... given to me?" He Chong still had a look of disbelief until now.

Ye Yuan smiled and said, "Can this still be fake? Lend me a gallbladder and I also won't dare to crack jokes with Grand Elder."

Seeing Ye Yuan's eyes, He Chong was convinced that he was not joking with him.

He Chong sucked in a deep breath and said to Ye Yuan, "Alright, then I won't be pretentious anymore! Ye Yuan, if you have any needs in the future, feel free to ask me!"

Ye Yuan smiled and said, "Even if Grand Elder doesn't say, Ye Yuan has to ask the two of you for help too."

Zuo Shujie and He Chong exchanged a glance, both seeing surprise from the other party's eyes.

Seemed like this Ye Yuan had long had a plan in mind!

Ye Yuan said, "In these ten years, the two of you please collect more rank four spirit medicines back, the more the better! As for the Golden Sword Pact, the two of you can rest assured. They won't be cocky soon enough!"

Zuo Shujie and He Chong suddenly felt that this world already did not belong to them.

They came to urge Ye Yuan to leave, but now, it was different. Ye Yuan had one word for them: fight!

Could a first-layered heaven Divine Lord be dictating this struggle between Celestial Deity Realms?

Thinking about it, the two people felt that it was inconceivable.

Xuan Yu was rather worried as he said, "Ye Yuan, there are only ten years more. Do you ... have confidence in refining the Supreme Jade Void Pill within ten years?"

"What? Supreme Jade Void Pill?"

Although they were Celestial Deity powerhouses, Zuo Shujie and He Chong's reactions were no different from Coldfeather and the others previously.

Supreme Jade Void Pill, this term, was too distant from them.

At this time, the two of them finally understood where Ye Yuan's confidence lay.

Ye Yuan said, "I don't know either, but I will give it my best! All in all, running isn't a solution. Activating the Golden Sword Token this time, they are clearly coming for us. Even if I really leave, they probably won't let Heavenly Eagle Imperial City go that easily either."

Having said this, Ye Yuan's expression turned cold and he said, "Since they dared to reach their hands out, then they'll have to be prepared to be bitten!"

Ye Yuan was naturally not willing to leave. At present, close to 400 years had passed. There was still around 100 years to the 500-year-agreement.

Leaving at this time, if he missed Li-er and they all, there would be many twists and turns again.

Ye Yuan had long made a decision in his heart. Since he was not able to avoid it, then just battle!

He wanted to rely on his own power and let the entire Heavenly Eagle Imperial City become powerful!

...

At Utmost Peace Imperial City, Qiao Anshan's gaze swept over the group of powerhouses below and said coolly, "This time, we must obtain the Origin Magnetic Divine Mountain! If Heavenly Eagle Imperial City's people are impervious to reason, then kill without mercy!"

Wen Yilin said, "This kid called Ye Yuan has escaped several calamities time and again. This time, we absolutely can't let him get away!"

Qiao Anshan said, "Relax, this seat has already laid down an all-encompassing net, just waiting for him to escape! Zuo Shujie that coward, after receiving the Golden Sword Token, he'll definitely let Ye Yuan escape!"

Wen Yilin gave a thumbs up and praised, "City Lord truly takes every conceivable possibility into account! This punk called Ye Yuan is truly tired of living, to actually dare provoke a lion in its den! Not only did he kill Gao Yuan, he even snatched away the Origin Magnetic Divine Mountain and Immortal Binding Rope. If he doesn't die, it will be hard for this old man to dispel the hatred in my heart!"

Qiao Anshan smiled and said, "Relax, he's dead for sure this time! Also, you get Yang Fan to prepare well. This time ... let him personally avenge Gao Yuan!"

Unrivaled Medicine God

Chapter 1694: Jumping Clowns

Qiao Anshan never dreamed that the Heavenly Eagle Imperial City, which only had two Celestial Deity powerhouses, actually dared to have a battle with him!

After guarding bitterly for ten years, every important communication route of Heavenly Eagle's yielded nothing, making Qiao Anshan badly depressed.

One had to know, he paid a considerable price in order to seal off Heavenly Eagle Imperial City.

After all, he, a powerhouse from Utmost Peace Imperial City, had no way of completely covering Heavenly Eagle Imperial City.

But the final result was pointlessly wasting ten years.

"City Lord, the day of the Golden Sword Pact is getting closer and closer. Zuo Shujie that guy wouldn't really want to fight to the bitter end with us, right?" Wen Yilin asked rather anxiously.

Qiao Anshan had a feeling like his heart was dripping blood. Hearing that, he said in a cold voice, "Since Zuo Shujie himself wants to seek death, then this seat will fulfill his wishes! This time, we'll wipe out Heavenly Eagle Imperial City while we're at it, turning it into our puppet!"

Wen Yilin nodded and said, "This is them courting death, then we can't be blamed!"

Between imperial cities, if it was not a last resort, they would not exterminate the other party.

Killing a thousand of the enemy, losing 800 of your own. Although Qiao Anshan's strength was strong, if he really wanted to kill Zuo Shujie, he would pay a terrible price too.

The truly weak ones had long been eradicated.

Now, those able to survive were clearly all not weaklings.

Heavenly Eagle Imperial City was just relatively weaker.

And Zuo Shujie was the Heavenly Eagle Imperial City's sea-stabilizing needle.

But the situation this time was somewhat different. Qiao Anshan finally could not hold back anymore.

"As long as this seat refines the Origin Magnetic Divine Mountain, I'll be able to break through to become a third-layered heaven Celestial Deity! At that time, our Utmost Peace Imperial City will be sufficient to rank in the top three among the Southridge Ten Cities! Therefore, even at the risk of severe injuries, we have to obtain the Origin Magnetic Divine Mountain this time too!" Qiao Anshan said in a solemn voice.

...

On this day, the cloud and winds above Heavenly Eagle Imperial City suddenly changed erratically.

Over a dozen powerhouses stepped over through the air. The commotion created was astonishing!

The faces of the powerhouses in the city all changed drastically. They knew that the moment of Heavenly Eagle Imperial City's life and death had arrived!

Receiving the Golden Sword Token, it must be announced to the whole city.

Everyone in Heavenly Eagle Imperial City had long known that Utmost Peace Imperial City was going to activate the Golden Sword Pact already.

Heavenly Eagle Imperial City's powerhouses all looked up to the sky. That powerful line-up virtually made them despair.

"Four great Celestial Deity powerhouses! This ... is finally coming?"

"Wonder whether or not Heavenly Eagle can make it through the crisis this time!"

"Fighting two-on-four, this ... I completely can't see hope!"

"Sigh! Utmost Peace Imperial City's action is too fast! If give Head Elder Ye Yuan some more time, perhaps it wouldn't be today's situation!"

...

In these ten years, everyone in Heavenly Eagle Imperial City felt the danger.

But this was also Heavenly Eagle Imperial City's most united ten years.

The various major families gave up internal friction, putting more effort into cultivation.

Under the catalyzing of Ye Yuan's medicinal pills, Heavenly Eagle Imperial City gave birth to a large batch of powerhouses.

Presently, in the city, just the ninth-layered heaven Divine Lords were as many as three people.

Except, ninth-layered heaven Divine Lords were completely useless to battles at Celestial Deity level!

In front of Celestial Deity powerhouses, forget about ninth-layered heaven Divine Lords, even half-step celestial deities were ant-like existences.

“Zuo Shujie, get out for this seat!”

A thunderous voice instantly reverberated throughout the entire city.

Qiao Anshan’s shout, the commotion was extremely shocking.

He was deliberately demonstrating his strength, awing the powerhouses in the city.

At this time, two figures arrived high up in the air. They were precisely Zuo Shujie and He Chong.

Zuo Shujie looked at Qiao Anshan and said coldly, “Qiao Anshan, the hour hasn’t arrived yet. Lord Inspector hasn’t arrived as well. Flaunting your prowess like this, are you really bullying that my Heavenly Eagle Imperial City doesn’t have anyone?”

Qiao Anshan laughed loudly when he heard that and said, “Zuo Shujie, the Golden Sword Token has already been issued. We’re naturally avenging grievances if there are, taking revenge if there’s grudge! Lord Inspector hasn’t arrived yet, so let’s settle the previous scores!”

Zuo Shujie’s eyes narrowed slightly and he said in a cold voice, “What trouble do you want to stir up again?”

At this time, a figure on Utmost Peace’s side stepped out of the ranks and said in an angry voice, “It’s me! The enmity of killing my master is irreconcilable! The last time, City Lord was in closed-seclusion. That’s how you forcefully stopped it! This time, I must take revenge for Master! Hurry up and let that Zheng Qi guy come out to die!”

This person was none other than precisely Gao Yuan’s disciple, Yang Fan!

Celestial Deity powerhouse Wen Yilin was Gao Yuan’s master, while Gao Yuan was this Yang Fan’s master.

Speaking of which, Wen Yilin and Coldfeather were considered people of the same generation.

This Yang Fan’s talent was clearly limited. Until now, he was merely an eighth-layered heaven Divine Lord, being far worse than Zheng Qi.

If not for knowing that Zheng Qi’s essence was lost, even by lending Yang Fan a few galls, he also would not dare to come to challenge Zheng Qi.

However, after Zheng Qi recovered, he rarely showed face. Hence, Utmost Peace Imperial City that side did not know that Zheng Qi had actually long gone up a level already.

This attitude was struck too dazzlingly!

At this time, in everyone’s eyes, this Yang Fan was like a jumping clown.

Clearly, someone who bullied the kind and feared the wicked, yet, still wanted to put on eagerness to take revenge for his master.

Bluffing who?

One had to know, back then, when Zheng Qi went to take revenge, he went to Utmost Peace Imperial City all by himself!

Zuo Shujie did not know it beforehand. When he found out, he rushed to Utmost Peace Imperial City straightaway, only then saving the seriously injured Zuo Shujie who was dying.

But this Yang Fan?

That was Wen Yilin leading him over!

With Wen Yilin around, could it be that Heavenly Eagle Imperial City really dared to do anything to him still?

Prating on and on about taking revenge, it was truly a bit too fake.

Putting it bluntly, it was bullying that he was injured!

The great battle was about to commence, getting a jumping clown to come out made the powerhouses on Heavenly Eagle's side relax a little.

Zuo Shujie had the intent to mess with Qiao Anshan. At once, his brows furrowed slightly and he said, "Yang Fan, you're harassing with unreasonable demands! Last time, Zheng Qi was already beaten to severe injuries by you. What do you want still?"

Yang Fan sneered and said, "Zheng Qi this guy wanted to harm Master many times! Now, he finally succeeded! Humph, not killing him, I'm not worthy as a man!"

Zuo Shujie gave a cold snort, flicked his sleeves grandly, and said, "Zheng Qi is currently in closed-seclusion and isn't convenient to accept the challenge!"

At this time, Qiao Anshan said with a broad smile, "Zuo Shujie, back then, Zheng Qi came to find Gao Yuan to take revenge, this seat didn't stop it! What's with your deal now? Yang Fan and Zheng Qi are of the same generation and can be said to have irreconcilable enmity! This kind of enmity, how can we intervene? If you don't let him come out, then this seat will take action and destroy his manor first before talking! Even if Lord Inspector came, he wouldn't say much either!"

Zuo Shujie felt great in his heart, but he had rage on his face as he said, "Qiao Anshan, you don't push people too far!"

Qiao Anshan smiled and said, "Blood debt is paid for by blood, how is this called pushing people too far?"

Zuo Shujie's expression changed several times and he shouted to the city below, "Send people! Go and invite Head Elder Zheng Qi here!"

"Yes, City Lord!" A deacon received the order and left.

Actually, Zheng Qi was really in closed-seclusion. Even Zuo Shujie did not know his current situation as well.

His current mood was also in a mess. Success or failure lay in this one fell swoop as well.

If Zheng Qi was unable to break through to the Celestial Deity Realm, then Heavenly Eagle Imperial City will really perish this time!

Unrivaled Medicine God

Chapter 1695: Nowhere to Put Face

“Invite here? Hahaha! In my view, it should be being carried over!” Yang Fan laughed loudly as he said with a mocking look.

A wave of loud laughter sounded out at Utmost Peace’s side.

They all knew that because Zheng Qi used the Crazy Sword Evanescent. He lost too much essence and was already not long for the world.

Now, he must be in a half-dead state.

This kind of trash, still need to go and invite him?

Yang Fan looked even smugger. The feeling of stepping on Zheng Qi’s face was really too awesome.

He and Gao Yuan could not be said to be very close in the past.

With Gao Yuan’s personality, how could he possibly sink in the capital on his own disciple without holding anything back?

However, Yang Fan’s potential being lacking was a fact. He had always been chastised because of this as well.

As someone in the same generation, Zheng Qi was respected as Heavenly Eagle Imperial City’s head elder, but he was just a small elder.

The disparity between the two was too great.

Hence, taking revenge for his master was merely a cover. He wanted to borrow this to give vent to the dissatisfaction and resentment in his heart.

Yang Fan understood that having him take action as merely in order to find an excuse that Heavenly Eagle Imperial City could not refuse.

But so what?

Being stifled for too long, he had got to release it!

Hence, Yang Fan was like a jumping clown, talking drivel there, his words being very disdainful toward Zheng Qi.

“Hey, Zheng Qi this cowardly turtle, why haven’t you come out yet? I say, your Heavenly Eagle Imperial City wouldn’t deliberately want to shield him, right? Since he’s already dying, then hurry up and get him out so that this Yang can send him off!”

Yang Fang talked in high spirits over there but did not detect that a hint of ripple surfaced in space.

Qiao Anshan and the rest were powerful and had long detected something amiss, faces involuntarily changing slightly.

At this time, a figure slowly walked out. Qiao Anshan and the rest suddenly changed countenance.

Yang Fan's haughty voice suddenly stopped, just like a duck with its throat squeezed, emitting a strange cry.

"Z-Z-Zheng ... Y-You ... Impossible! I ... My eyesight must be failing!"

Yang Fang was frightened by the scene in front of him until his entire face turned purple.

He rubbed his eyes hard, discovering the Zheng Qi was still standing there perfectly fine, his aura shocking!

At this time, Zheng Qi's eyes were profound, aura shocking. How was there still any hint of his essence being in a deficit, an appearance that he was not long for this world?

Of course, what they were shocked at was far from this!

Even though Zheng Qi did not deliberately release his realm pressure, the aura faintly given off his body was God knows how many times stronger than people in the Divine Lord Realm.

Even a fool could also tell that Zheng Qi was currently a true-blue Celestial Deity powerhouse!

On Utmost Peace Imperial City's side, each and every one of them was shocked until they could not close their mouths.

They scratched their scalps till it hurts and also could not understand why a dying man suddenly became a Celestial Deity powerhouse?

Back then, about Yang Fan beating down Zheng Qi with one palm, Wen Yilin saw it with his own eyes.

Just how long had passed, not only did Zheng Qi come back from the dead, he even broke through the massive shackle and became a Celestial Deity powerhouse?

The faces of Wen Yilin and Zuo Shujie revealed a look of wild elation when they saw Zheng Qi's breakthrough was successful.

Ye Yuan this boy truly turned something rotten into the magical!

It also could not be blamed that Qiao Anshan they all opened their mouths wide, not daring to believe. Even they themselves were affected, so how did the others not also feel like they were dreaming?

"City Lord, I heard that ... someone wants to find me to take revenge?" Zheng Qi said coolly.

One sentence, Yang Fan's face turned pale with a whoosh.

Take revenge?

Finding a Celestial Deity to take revenge?

My head f*cking burned out, right?!

Yang Fang wished to find a hole in the ground to bore into at this time.

He finally realized that he was simply a clown jumping around just now.

He wanted to send Zheng Qi off?

Zheng Qi sending him off was more like it!

Zuo Shujie had a broad smile and said by nudging his mouth, "There, it's that person, Gao Yuan's disciple! He said that he has the enmity of killing his master with you and cannot live under the same sky as you. He even said to let everyone be a witness, he wanted to help his master, Gao Yuan, take revenge. Why don't you grant his filial piety!"

"Hahaha!"

The powerhouses in the city finally could not hold it in anymore, all letting out wild laughter.

This scene was simply comical to the extreme.

"It's really killing me! A Divine Lord Realm actually wants to find a Celestial Deity powerhouse to take revenge! His head was kicked by a donkey, right?"

"You look at his cocky appearance just now, he probably only knows how to bully the old, weak, sick, and disabled, right?"

"Is this guy really Utmost Peace Imperial City's elder? This is clearly a clown! Hahaha!"

...

The entire city roared with laughter. This scene was simply wonderful to the extreme.

Yang Fan's face simply had nowhere to put.

"City Lord, I ..." Yang Fan had a bitter look, looking at Qiao Anshan anxiously.

Qiao Anshan's expression at this time was not much better than Yang Fan's.

This was Yang Fan losing face, could it be that he wasn't losing face?

"Scram to one side! Disgraceful thing!" Qiao Anshan said in a solemn voice.

Yang Fan felt akin to being granted amnesty and hurriedly retreated to the back of the group.

But at this time, how could Zuo Shujie be willing to yield?

"Don't go! Just now, it was you all who were shouting and wrangling, calling to have Zheng Qi come out, saying to find him to take revenge. Now that I called him out, why don't you all take it! Yang Fan, where's your filial piety?"

Zuo Shujie pressed on relentlessly. Now, it was turning one's spear against himself, even Qiao Anshan also did not know how to dodge it for a while.

Qiao Anshan gnashed his teeth in hatred and said in a low voice, "Who can tell me what's going on?"

Wen Yilin still had not come back to his senses until now. Hearing Qiao Anshan questioning people, he answered, "This ... might be that the Heavenly Eagle Imperial City obtained a natural treasure of heaven and earth recently, this punk hit the jackpot, breaking through by a fluke!"

Another Celestial Deity powerhouse, Peng Zhi, also said: "It must be so! Celestial Deity Realm isn't as common as cabbages, being able to break through when one wants to break through. Zheng Qi was just lucky! A first-layered heaven Celestial Deity who just broke through, there is nothing to fear at all!"

Qiao Anshan nodded slightly. He also felt that this was the most likely scenario.

Hence, he gave a cold snort and said, "Zuo Shujie, do you still want face or not? Forcing a Divine Lord Realm powerhouse to seek revenge on a Celestial Deity Realm powerhouse? Since Zuo Shujie already broke through, then he's someone of our generation. How can he go and get involved in the matters of Divine Lords again?"

When these words came out, the audience burst into an uproar.

This degree of shamelessness was unparalleled.

It was clearly you all who pushed people too far. Now, you even played the blame game, saying the Heavenly Eagle Imperial City was shameless.

Zuo Shujie clasped his hands and said with a look of admiration, "Qiao Anshan, this Zuo got to hand it to you today! Your face is even thicker than my Heavenly Eagle Imperial City's city walls! Even if this Zuo brings out 100% of my power, it probably can't breach the skin of your face either!"

Qiao Anshan's face turned black and was just about to flare up when another horrifying aura descended from the sky.

A middle-aged man in azure clothing slowly stepped out of the void.

The horrifying aura exuding off his body made the faces of Heavenly Eagle's powerhouses change greatly.

This aura was much stronger than even the two great city lords!

Zuo Shujie's and Qiao Anshan's face changed at the same time, saying to the middle-aged man in azure clothing respectfully, "Paying respects to Lord Inspector!"

The middle-aged man in azure nodded slightly and said coolly, "Southridge Ten Cities has already not activated the Golden Sword Token for several tens of thousands of years. What is it for this time?"

[Unrivaled Medicine God](#)

Chapter 1696: Magic One Out for You

"Reporting to Lord Inspector, Heavenly Eagle Imperial City killed my Utmost Peace's head elder inside a mystic realm with extremely shameless means, snatching away the Origin Magnetic Divine Mountain! Head Elder Gao Yuan was the most promising to break through to the Celestial Deity Realm in our Utmost Peace Imperial City. This time, our Utmost Peace suffered heavy losses. Therefore, that's why this lowly official activated the Golden Sword Token out of rage."

“Lord Inspector, Qiao Anshan is making slanderous charges! Gao Yuan plotted to harm my Heavenly Eagle’s martial artists many times in the mystic realm and more than deserves death!”

...

The moment they came up, Qiao Anshan and Zuo Shujie engaged in a war of words.

Each side believed that they were correct, both sides having their merits.

But this kind of thing was clearly unable to distinguish between true and fake.

When the middle-aged man in azure heard ‘Origin Magnetic Divine Mountain,’ these few words, his brows raised up slightly, clearly somewhat surprised.

“Enough!”

When the middle-aged man in azure saw the two people quarrel without stopping, he could not help shouting in a low voice.

Sure enough, the two people did not dare to speak anymore.

The middle-aged man in azure said, “I didn’t expect that the Southridge Ten Cities, this kind of remote place, can actually give birth to a treasure like the Origin Magnetic Divine Mountain. No wonder you all did not stint to activate the Golden Sword Pact for this! Since the Golden Sword Token is already issued, then follow the rules. The victor gets the Origin Magnetic Divine Mountain!”

The middle-aged man in azure clearly saw it very clearly. This kind of debate, arguing for 10 thousand years and it was also hard to determine the winner.

The crux of the problem was the Origin Magnetic Divine Mountain. Qiao Anshan’s goal for activating the Golden Sword Pact was clearly for the Origin Magnetic Divine Mountain too.

It was no use fighting a war of saliva; there was only showcasing one’s true ability.

At this time, Qiao Anshan suddenly said, “Lord Inspector, we didn’t activate the Golden Sword Pact this time just for the Origin Magnetic Divine Mountain. It’s also for a person!”

The inspector was slightly surprised as he said, “Oh? Who is it?”

Qiao Anshan said, “He’s called Ye Yuan, the main culprit who killed Head Elder Gao Yuan! If we win in the Golden Sword Pact this time, we still want Heavenly Eagle to hand this kid over!”

The inspector nodded his head when he heard that and said, “If you can win, you naturally have the final say.”

In the eyes of the inspector, only Celestial Deity Realm powerhouses could enter his arcane sights. The life and death of a Divine Lord, he would not go and pay attention at all.

Losing the Origin Magnetic Divine Mountain, would Heavenly Eagle still care about one person?

But Zuo Shujie’s expression changed and he said, “Qiao Anshan, you’re shameless!”

Qiao Anshan sneered and said, "Where's Ye Yuan? In front of Lord Inspector, you wouldn't want to hide him, right? Or is it that that kid is already scared until he doesn't dare to come out?"

"Yeah, you're too ugly, scaring this elder badly until I don't even dare to come out.c

Right then, a languid voice suddenly sounded out. Ye Yuan's figure stepped on the air and arrived.

"Puchi!"

Ye Yuan's words immediately aroused a burst of laughter.

Qiao Anshan was very short and his appearance very ugly. It was indeed somewhat frightening.

Qiao Anshan was greatly enraged the moment he heard and said, "Brat, you're courting death!"

Ye Yuan still had a lazy expression as he said coolly, "The Golden Sword Pact hasn't started yet and you want to make a show of authority already? Do you have any respect for Lord Inspector?"

Qiao Anshan's expression changed and indeed did not dare to make a move anymore.

Ye Yuan gave a bow to the inspector and saluted as he said, "Heavenly Eagle's Ye Yuan, pays respect to Lord Inspector."

A hint of surprise briefly flashed across the inspector's eyes. He discovered to his surprise that with his strength, he actually could not quite see through this young man!

This kid was not simple!

Virtually at once, the inspector drew a conclusion about Ye Yuan.

The inspector asked with some confusion, "You're Ye Yuan? Qiao Anshan said that it was you who killed Utmost Peace's head elder, Gao Yuan?"

Logically speaking, with Ye Yuan's realm, it was impossible to kill Gao Yuan.

Who knew that Ye Yuan nodded his head, admitted it very shamelessly, and said "Gao Yuan that guy wanted to kill me time and again. In the end, his strength was lacking and was quashed by me using the Origin Magnetic Divine Mountain instead. Inside mystic realms, killing people and snatching treasures is a common occurrence, what's the big deal? Qiao Anshan, if you want the Origin Magnetic Divine Mountain, say it open and aboveboard; want to be a prostitute and also want to set up a memorial archway, your heart is indeed as ugly as your face!"

Qiao Anshan's face turned from green to yellow. He discovered that he really was not Ye Yuan's match in arguments.

At this rate, he would be angered to death by Ye Yuan for sure.

Qiao Anshan glared at Ye Yuan and said, "Razor-tongued little bastard! Wait till the Golden Sword Pact is over, I'll see if your mouth can still be glib or not!"

Ye Yuan said indifferently, "Is it just two more people in the Celestial Deity Realm? Look at how you're showing off!"

Mentioning Celestial Deity Realm powerhouses, Qiao Anshan finally found a reason to be proud of himself and said with a big laugh, "What reason do I have to not show off? The strong reigns supreme! An ant-like person like you only has the right to be trampled underfoot by this seat! If you have the capability, magic out two more Celestial Deity Realms for me! Hahaha!"

Ye Yuan looked at Qiao Anshan like looking at an idiot and suddenly reached his hand out and pointed, pointing in the direction of the Martial Tower, and said coolly, "Ugly, you look closely. I'll magic one out for you right now!"

Qiao Anshan's expression changed, looking in the direction that Ye Yuan pointed, but there was no activity at all. His face could not help turning dark as he said, "Little bastard, you dare to toy with me?"

Ye Yuan smiled and said, "Toy with you? You take a look again."

Qiao Anshan turned his head again and still did not discover any movements.

He was practically about to lose it!

Qiao Anshan could not wait for a moment longer. He swore in his heart and he must kill Ye Yuan.

Qiao Anshan gnashed his teeth in hatred and looked at Ye Yuan as he said, "Little bastard, very good! You're very good! After the Golden Sword Pact, you'll know what's called a life worse than death!"

Ye Yuan had a wide grin and looked at Qiao Anshan as he said, "You take a look again, really magicked them out!"

"Little bastard, are you done?! Lord Inspector, this lowly official requests to immediately start the Golden Sword Pact!" Qiao Anshan was virtually about to break down and said to the inspector.

But he waited for a long time and the inspector did not even move.

Lifting his head and looking, Qiao Anshan discovered that the inspector had a solemn look, and the direction that he was looking in was precisely the direction of the Martial Tower, which was also the direction that Ye Yuan pointed at.

Qiao Anshan was alarmed inwardly and instinctively turned his head to look, his expression instantly changing drastically.

It was only to see that the original peaceful Martial Tower actually raged with a fierce storm at this time.

Violent spiritual energy poured over in that direction frenziedly.

This commotion was clearly someone breaking through to Celestial Deity Realm!

R-Really magicked out?

It was only to see a figure fly out of the Martial Tower, standing high in the sky, absorbing spiritual energy frantically.

That commotion was extremely shocking.

"That ... That's Coldfeather! How ... How is it possible? He ... He broke through too!" Wen Yilin cried out strangely and shouted in disbelief.

Wen Yilin was not foreign to Coldfeather. They were geniuses in the same era and had once contended for a long time in secret.

It was just that the final result was that Wen Yiling stepped into the Celestial Deity Realm, while Coldfeather ended up missing.

Even though Coldfeather came back now, he was already no threat to Wen Yilin.

How could more than 100 thousand years of idling away be that easy to remedy?

Wen Yiling coming this time, he originally wanted to see Coldfeather and even chastise the latter a bit.

But who knew that what he waited for was this kind of result!

Unrivaled Medicine God

Chapter 1697: Four Celestial Deities Gathered Together!

Qiao Anshan's pupils constricted. His head felt like it exploded with a buzz. Another Celestial Deity Realm powerhouse!

This way, wouldn't Heavenly Eagle Imperial City's Celestial Deity powerhouses be the same as Utmost Peace Imperial City?

Qiao Anshan stared fixedly at the Coldfeather above the Martial Tower's sky, his eyes full of disbelief.

When did Celestial Deity powerhouses become cabbages?

Overnight, Heavenly Eagle actually had two more Celestial Deity powerhouses!

"This ... This is impossible! He had wasted more than 100 thousand years and has long passed his prime already! How can he possibly breakthrough to reach the Celestial Deity Realm?"

"If say one was hitting the jackpot, then what about two? This ... This is also too ridiculous, right?"

"Who can tell me what on earth happened?"

...

Utmost Peace Imperial City's side, each and every one of them was shocked until they could not close their mouths.

The shock that Coldfeather's breakthrough brought to them was too much.

To the Southridge Ten Cities' Divine Lord Realm powerhouses, the Celestial Deity Realm was like a heavenly chasm, unable to surmount it at all.

How many Divine Lord Realm powerhouses were there in the Southridge Ten Cities!

No one knew!

However, these ten cities' Celestial Deity powerhouses added up were merely a scanty few 20 to 30 people!

This kind of breakthrough ratio virtually made people despair.

Hence, don't look at how those in the Celestial Deity Realm such Zheng Qi, Ning Tianping, they were extremely talented. When arriving in front of the threshold of Celestial Deity Realm, that was an insurmountable high mountain!

Put in the past, it was hard for the Southridge Ten Cities to produce one who broke through to the Celestial Deity Realm in 10 thousand years.

But today, two broke through all at once!

The inspector's gaze flickered incessantly, titanic waves stirred up in his heart too.

With his eyes, he could naturally see through that Zheng Qi also just broke through not long ago.

Now, Heavenly Eagle Imperial City had another one who broke through!

What was going on today?

Could this ... really be a coincidence?

"Head Elder Ye Yuan is mighty!"

"Head Elder Ye Yuan is mighty!"

"Head Elder Ye Yuan is mighty!"

...

Just as the Inspector and Utmost Peace Imperial City's powerhouses were in immense shock, a tsunami-like clamor came from below.

Coincidence?

How was this possible!

Experiencing the initial-most shock, Heavenly Eagle Imperial City's powerhouses came to realize the truth very quickly.

Zheng Qi's and Coldfeather's breakthroughs were absolutely not some coincidental events!

All of this was thanks to Head Elder Ye Yuan!

If it were before, they would naturally feel that this was nonsense.

An initial-rank Four-star Alchemy God, could he dictate the breakthroughs of Celestial Deity Realm powerhouses?

This was utterly rubbish!

But now, no one would doubt it!

During these ten years, Ye Yuan created countless miracles with his power alone.

Very old undying existences who already could not possibly break through long ago, all gained a new lease on life, making breakthroughs again under Ye Yuan's rank four divine pills.

Therefore, they had reason to believe that today's miracle was bestowed by Head Elder Ye Yuan. It was not simple a coincidence.

The inspector trembled all over, looking at Ye Yuan in incredible shock.

Only now did he know that this little fellow who was merely first-layered heaven Divine Lord was actually even Heavenly Eagle Imperial City's head elder!

What kind of concept was this?

Either Zuo Shujie's brain was spoiled, or this kid had extremely extraordinary aspects!

Clearly, Zuo Shujie's head could not possibly be spoiled. Then ... the answer was self-evident.

It was just that he racked his head and also could not figure out how Ye Yuan dictated two great Celestial Deity powerhouses to breakthrough.

He did not think of medicinal pills at all. A first-layered heaven Divine Lord refining the Supreme Jade Void Pill?

Are you kidding me?

"Hahaha ... Qiao Anshan, now, my Heavenly Eagle has four Celestial Deity powerhouses too! I see what you have to be arrogant!" Zuo Shujie said with a loud laugh.

Among the Southridge Ten Cities, Heavenly Eagle was considered as an existence with the lowest strength.

He, this city lord, had always tucked his tail between his legs and behaved.

Today, he could finally hold his head up high.

Giving birth to two great Celestial Deity powerhouses within one day, Heavenly Eagle Imperial City's strength could soar to the front ranks all at once.

Qiao Anshan's expression was ugly to the extreme. This sudden change caught him by surprise.

Hearing the shouts from below, he was similarly extremely shocked in his heart.

Could it be that Zheng Qi and Coldfeather's breakthroughs were actually thanks to Ye Yuan?

It was only to see him snort coldly. He said, "Zuo Shujie, don't get arrogant! The Golden Sword Pact is a life-and-death battle. Can two Celestial Deity Realms who just broke through change the battle situation?"

Zuo Shujie simply ignored him, turned to Ye Yuan, and laughed loudly as he said, "Ye Yuan, you actually really did it! This battle, you've earned the most credit!"

Ye Yuan smiled and said, "Arranged some means in order to enter the Martial Tower and delayed some time. Fortunately, it wasn't too late."

Zuo Shujie's gaze turned intent, sniffing a hint of something unusual from Ye Yuan's words.

Why did Coldfeather's breakthrough have to be inside the Martial Tower?

Seemed like ... there was some story!

Qiao Anshan could not quite stand still anymore. He gritted his teeth, toughened his scalp, and said to the inspector, "Lord Inspector, this lowly official requests to immediately start the Golden Sword Pact!"

Although Coldfeather and Zheng Qi both just broke through to the Celestial Deity Realm, Celestial Deity Realm was Celestial Deity Realm!

If it was really four-versus-four, the variables were too great.

However, the inspector's expression turned cold and he said in a solemn voice, "Are you teaching this envoy on how to do things?"

Qiao Anshan was startled inwardly and hurriedly said, "This ... This lowly official dare not!"

The inspector gave a cold snort and said, "Good that you don't dare! Once the breakthrough starts, he's a member of our generation! How can the Golden Sword Pact, such a major event, be treated as a child's play? Starting the Golden Sword Pact now, are you trying to have everyone talk behind this envoy's back? Mn?"

Qiao Anshan broke out in cold sweat and repeatedly said that he dare not.

The inspector said in a cold voice, "If this matter was passed back to the imperial capital, do you think that I can continue to be an inspector? Or is it that you want this envoy to show partiality to your Utmost Peace Imperial City and slaughter the entire Heavenly Eagle?"

Qiao Anshan's sweat fell like a waterfall and did not even have time wipe away sweat as he hurriedly said, "T-This lowly official knows my mistake! This lowly official was just ... just anxious and didn't expect that it offended Your Excellency. I hope that Your Excellency doesn't blame me!"

The inspector said in a cold voice, "Stand down! After he breaks through, the Golden Sword Pact will commence immediately!"

How could Qiao Anshan still dare to speak? He could only retreat to one side and did not even dare to let out a fart.

Time slowly trickled by, spiritual energy also gradually dissipated.

But the aura on Coldfeather gradually became stronger.

"Hahaha ... I didn't expect it! Truly didn't think that this old man actually still has a day where I broke through to the Celestial Deity Realm!"

After breaking through, Coldfeather let out a wild laugh, reverberating throughout heaven and earth.

Over 400 years ago, he was still trapped inside the spatial inheritance, unable to escape at all.

At that time, he never dreamed that he would actually still have a day where he could break through to the Celestial Deity Realm in this lifetime.

This was something that he did not even dare to dream about during the past 100 thousand years.

But today, Ye Yuan actually helped him to actualize it.

Swoosh!

Coldfeather strode out, crossing a distance of 100 thousand feet, directly arriving at Ye Yuan's side.

"The Supreme Jade Void Pill is indeed wondrous! Ye Yuan, the favor that this old man owes you can't be repaid entirely in this lifetime!" Coldfeather said to Ye Yuan with a big laugh.

Suddenly, he felt the powerful pressure on the inspector's body. Coldfeather's expression changed and he bowed as he said, "Heavenly Eagle's Coldfeather, pays respect to Lord Inspector!"

The inspector nodded slightly and said, "Mn, since you've already broken through, the Golden Sword Pact will start at once!"

[Unrivaled Medicine God](#)

Chapter 1698: Preserve Your Little Life

Outside Heavenly Eagle Imperial City, eight great Celestial Deity powerhouses stood in the air.

The great battle had yet to start and the commotion was already monstrous.

In the distance, there were already countless Heavenly Eagle powerhouses surrounding and watching, being stunned by this powerful line-up.

Celestial Deity powerhouses, they normally could not even see one. Today, they saw eight all at once, as well as the inspector!

"Zuo Shujie, prepare to suffer my wrath! Today, you must die!"

Qiao Anshan had a furious look. Today's situation already completely stepped out of his control.

The reason why he dared to activate the Golden Sword Pact was that Utmost Peace Imperial City's Celestial Deity Realms were powerful.

But now, both sides were actually evenly-matched!

This fight, the variables were too great.

However, as long as he could kill Zuo Shujie, everything could end.

The Golden Sword Token was already issued, Qiao Anshan did not have any way out as well. Either you die or I perish!

Zuo Shujie smiled coldly and said, "That will have to depend on whether you have this ability or not!"

Qiao Anshan snorted coldly, the aura on his body releasing fully. Zuo Shujie's expression could not help changing.

"This guy, his aura grew a lot stronger again! Looks like he's already very close to a third-layered heaven Celestial Deity!"

Zuo Shujie's strength was still some distance away from peak second-layered heaven Celestial Deity.

There was a massive difference in strength between each minor realm of the Celestial Deity Realm.

Even each minor realm was also accumulated over countless years.

Qiao Anshan's strength had always been half a notch stronger than Zuo Shujie.

But moving out this time, Qiao Anshan's strength seemed to be much stronger again!

If without the Origin Magnetic Divine Mountain, this battle was really fraught with grim possibilities.

Upon thinking of the Origin Magnetic Divine Mountain, Zuo Shujie was shocked in his heart again.

Because the Origin Magnetic Divine Mountain was already thoroughly refined by Ye Yuan!

The Origin Magnetic Divine Mountain was extremely difficult to refine. If it were him, even several thousand years and he might not be able to refine all of it either.

But how many years had it been since Ye Yuan obtained the Origin Magnetic Divine Mountain?

This kid was full of secrets everywhere on his body!

Over there, Wen Yiling looked at Coldfeather, his eyes full of disdain.

"Coldfeather, even if you broke through to the Celestial Deity Realm, you're still just an ant in my eyes! You've just entered the first-layered heaven Celestial Deity Realm, while I'm already a peak first-layered heaven Celestial Deity!"

Coldfeather laughed in spite of himself and said, "More than 100 thousand years have already passed, and yet you're still so cocky!"

Wen Yilin's face turned black and he said in a solemn voice, "Courting death!"

Right at this time, the inspector said in a clear voice, "Golden Sword Pact, life-and-death battle, begin!"

Qiao Anshan's expression turned intent and he yelled coldly, "KILL!"

The moment the word 'kill' came out of the mouth, Qiao Anshan's entire person was akin to a cannonball, charging toward Zuo Shujie.

Four pairs of Celestial Deity powerhouses instantly clashed together.

That commotion could be said to be earth-shattering.

Above in the sky, a cloud of smoke floated over the battlefield, auras surging to the sky.

That violent aftershock, even if a trace leaked over, it could still crush them into minced meat.

Those Divine Lord Realm powerhouses were far away, but their faces were already white-faced without any blood.

This battle was on a completely different level from them.

Especially Qiao Anshan and Zuo Shujie, the commotion of these two people's battle was tremendous, overshadowing the other three pairs of Celestial Deity powerhouses.

The inspector shot a glance at the Ye Yuan not far away and asked rather curiously, "You don't seem worried about them at all?"

In reality, even if Heavenly Eagle Imperial City produced two more mighty Celestial Deity powerhouses all at once, he was still not optimistic about Heavenly Eagle.

After all, Utmost Peace Imperial City's Celestial Deity powerhouses held an overwhelming advantage.

Powerhouses who just reached the Celestial Deity Realms and veteran of the Celestial Deity Realms, their strengths were completely different.

If without a very powerful trump card, wanting to defeat the opponent was simply wishful thinking.

But when the inspector glanced at Ye Yuan, he discovered that he was calm and composed, there was no worry on his face at all. This made him very curious.

Ye Yuan smiled and said, "Those few fellows are dead for sure, so what's there to be worried about?"

The inspector was stunned when he heard that and said in astonishment, "Dead for sure?"

Ye Yuan said, "Otherwise? From that moment Qiao Anshan activated the Golden Sword Token, the final result was already decided."

These words were ... domineering!

It was just that coming out from the mouth of a first-layered heaven Divine Lord junior, it seemed very comical.

The inspector was somewhat at a loss whether to cry or laugh. He shook his head, rather disappointed in Ye Yuan.

Unable to even judge the overall situation, it seemed like he was just a prodigy who was ignorant of the immensity of heaven and earth.

However, even though disdainful, he was still very curious about Ye Yuan.

After all, a first-layered heaven Divine Lord was actually able to refine the Supreme Jade Void Pill, this kind of peak rank four medicinal pill; this was seriously too amazing.

One had to know, even the imperial capital's genius alchemists could not possibly refine peak level nine medicinal pills when at this realm too.

Therefore, even though everyone pledged in all sincerity and solemnness, the inspector himself still had some reservations.

The inspector said with a faint smile, "Huhu, junior, you might not know how great the disparity between Celestial Deity Realms is! Even though Heavenly Eagle has two more Celestial Deities, they have just entered the Celestial Deity Realm and are far from those veteran Celestial Deity Realms' match. This matter, I think that Heavenly Eagle is a little unreliable!"

Ye Yuan turned his head and looked at the inspector with a smile as he said, "Does Your Excellency still have something you want to say?"

The inspector was slightly startled in his heart. He only said half a sentence and this kid already knew his intentions?

This kid was shrewd!

The inspector said coolly, "If Heavenly Eagle is defeated, your little life will be lost! That Qiao Anshan absolutely won't let you off!"

Ye Yuan smiled and said, "What does Lord Inspector want? The Origin Magnetic Divine Mountain or the Supreme Jade Void Pill?"

The inspector's expression became slightly austere, looking at Ye Yuan in surprise.

He suddenly discovered that he really underestimated this kid. This fellow was sly and shrewd. He was like an old fellow wise in the ways of the world and not like a young man at all.

Since they were clever people, the inspector did not beat around the bush anymore as well. He opened his mouth and said coolly, "The Origin Magnetic Divine Mountain is the Golden Sword Pact's wager, it isn't convenient for this envoy to intervene. Rather, your little life, this envoy can save it. At that time, you just have to help this envoy refine a Supreme Jade Void Pill will do. However, this envoy wants high-grade and above. Do you have the assurance to refine?"

A Supreme Jade Void Pill, even in the imperial capital, it was an extremely hard to come by medicinal pill too.

Even Five-star Alchemy Gods might not be able to refine it too.

For the inspector to want to get such a medicinal pill, the price expended was still considerable.

People should not look at how he was awe-inspiring in the Southridge Ten Nations. If they really settled down at the imperial capital and got to know things, he was also merely an unimportant character[1].

Ye Yuan knew that Leng Qiuling came from an imperial capital. She was already about to break through to the Celestial Deity Realm at a young age.

This at least showed that Celestial Deity Realms were nothing in imperial capitals.

Hearing the inspector's words, Ye Yuan suddenly smiled and said, "Lord Inspector is worrying too much. If you want the Supreme Jade Void Pill, this Ye will just help you to refine. There is no need to use this Ye's life to secure one. Your Excellency, rest assured. Heavenly Eagle will definitely win this battle!"

The inspector was speechless. He suddenly felt like he could not quite figure out this brat anymore.

Clearly an incomparably clever person, but why was he so far off the mark when talking?

Win?

Use what to win?

Right at this time, a series of loud noises came from the sky.

Qiao Anshan completely rampaged, berserk strength suppressing Zuo Shujie firmly.

The inspector looked at Ye Yuan and said with a smile, "This is your certain victory?"

[1] Southridge Ten Cities and Southridge Ten Nations seem to be used interchangeably.

Unrivaled Medicine God

Chapter 1699: Heavenly Eagle's Trump Card!

In the distance, the cluttered and violent attacks shook until space was trembling.

Utmost Peace Imperial City's four great Celestial Deity powerhouses already suppressed Heavenly Eagle's side all-round.

They were well-deserving of being veteran Celestial Deity Realms. Regardless whether it was divine essence or world power, it was much more stronger compared to Coldfeather they all, newly-advanced Celestial Deities.

At that start, it still did not show. But along with the passing of time, this kind of advantage was clearly magnifying continuously.

Even Zuo Shujie already showed signs of defeat too.

"Continuing like this isn't a solution! City Lord they all almost can't hold on anymore!"

"Utmost Peace's Celestial Deity Realms are too strong, ancestor they all, the time they broke through is still too short!"

"What to do? Could it be that ... Heavenly Eagle's Dao teachings are going to wither away henceforth?"

...

Far away, Heavenly Eagle's martial artists all revealed worried looks.

The joy of two great Celestial Deity Realms appearing was already swept clean.

"Hahaha! Zuo Shujie, so what if four Celestial Deities? Just based on your bit of means, can you be my match?"

Qiao Anshan laughed wantonly as he unleashed martial techniques frenziedly, continuing his victorious pursuit.

Zuo Shujie's aura gradually weakened, virtually losing the strength to retaliate.

The other few people all encountered similar situations.

Wen Yilin laughed loudly and said, "What did I say? Ants are ants in the end! Do you think that the disparity of more than 100 thousand years can be made up for by breaking through to the Celestial Deity Realm? Hahaha, prepare to die!"

The inspector smiled as he looked at Ye Yuan and said, "Now, do you still think that I have no need to state this condition?"

Exchanging pill for one's life and Ye Yuan directly helping him refine pills, this was two different concepts.

Ye Yuan directly helping him refine pills was equivalent to him owing Ye Yuan a favor.

To martial artists, what they were most unwilling to do was to owe others favor.

If the favor could not be repaid, when breaking through, it might produce a mental demon. The consequences would be very severe.

Therefore, between martial artists, what was valued more was an equivalent exchange and not owing favors.

To Ye Yuan, it was similarly likewise.

The inspector's status was extraordinary. Having him owe him a favor was equivalent to having a safeguard in this Southridge Ten Nations.

This kind of bargain deal, not making it was a fool!

But Ye Yuan's face did not have any hint of worry as he said and said, "Yes, it's not necessary."

The inspector shook his head, feeling that Ye Yuan would not shed tears without seeing the coffin.

But he was not in a hurry either and said with a faint smile, "This envoy is giving you this chance now. In a while, it will be you coming to beg this envoy!"

Ye Yuan also smiled and said, "If I agree now, in a while, Lord Inspector's face won't look good."

The inspector chuckled when he heard that and said, "You, kid, are rather interesting. This envoy wants to see if a miracle will appear today or not."

Ye Yuan said, "Not a miracle. It's strength!"

The inspector shook his head and laughed in spite of himself. He could not be bothered to bicker with Ye Yuan anymore.

While up in the sky, signs of Zuo Shujie and the rest's defeat were already more evident.

Qiao Anshan's face was even more proud of himself. He held a massive greataxe and shouted fiercely, "Zuo Shujie, this axe will send you to the west! Overlord Heaven-Splitting Axe, kill for me!"

This massive axe was a celestial deity mystic treasure. This axe cleaving out seemed to have the power to split apart heaven and earth.

Clearly, this was Qiao Anshan's true killing move.

A series of exclamations came from below. Quite a number of people all shut their eyes, unable to bear the sight of seeing Zuo Shujie being hacked to death.

Rumble!

An earth-shaking loud noise came over, but Zuo Shujie was not split in half.

Rather, Qiao Anshan himself had been repelled backward several tens of thousands of feet.

Qiao Anshan's expression changed and he cried out, "Origin Magnetic Divine Mountain! Impossible! You ... You refined the Origin Magnetic Divine Mountain? No, wait, this isn't your Origin Magnetic Divine Mountain!"

The current Zuo Shujie appeared slightly wretched, supporting a dark small hill on his palm.

That small hill emitted waves of powerful aura on Zuo Shujie's hand.

Hearing that, Zuo Shujie smiled coldly and said, "Didn't expect it, right? Ye Yuan already completely refined the Origin Magnetic Divine Mountain. Haven't you always wanted it very much? Then come and taste its true power today!"

Done talking, Zuo Shujie pushed with his palm. The Origin Magnetic Divine Mountain turned into a streak of black light, instantly smashing toward Qiao Anshan!

The speed was too fast. Qiao Anshan could not avoid it in time at all and could only block with the giant axe.

Bang!

Qiao Anshan was directly smashed flying away, fresh blood spewing wildly.

He revealed a look of astonishment, his eyes full of disbelief as he said, "Impossible! Just how many years has it been? How can he, a Divine Lord Realm brat, possibly refine the Origin Magnetic Divine Mountain?"

Zuo Shujie chuckled and said, "If you're able to survive, you can go and ask Ye Yuan. But as for now ... heh heh!"

Zuo Shujie controlled the Origin Magnetic Divine Mountain and clashed together with Qiao Anshan once more.

The Origin Magnetic Divine Mountain in Zuo Shujie's hands, that power was a completely different concept than in Ye Yuan's hands.

Qiao Anshan's giant axe was already extremely powerful. But as long as it bumped into the Origin Magnetic Divine Mountain, Qiao Anshan immediately flew out backward.

Such a battle was simply unreasonable.

The might of a xiantian celestial deity mystic treasure was displayed beyond all doubt at this moment.

If the Origin Magnetic Divine Mountain could not be completely refined, it would not be able to fully unleash its true power.

Ye Yuan could still use it to smash people, but using it in a battle of Celestial Deity powerhouses would not cut it.

Ye Yuan refining it fully, even though he was unable to unleash its true power due to his realm being low, lending it to Zuo Shujie to battle, that power was totally different.

Therefore, that was why Qiao Anshan would be so shocked seeing the Origin Magnetic Divine Mountain.

The Origin Magnetic Divine Mountain was extremely difficult to refine. Qiao Anshan did not think that this thing could be used to battle at all.

Otherwise, lend him a few gallbladders and he also would not dare to issue this Golden Sword Token!

For Ye Yuan to be able to refine the Origin Magnetism Spirit Wood so quickly, it was naturally because of the Origin Magnetism Spirit Wood.

Ye Yuan's comprehension in origin magnetic law was already extremely high. Coupled with the natural affinity of the Origin Magnetism Spirit Wood, he naturally refined the Origin Magnetism Spirit Wood many times faster than others.

The current Qiao Anshan wanted to vomit blood several times. Under the circumstances where the strength difference was not great, the suppression of the Origin Magnetic Divine Mountain was simply too terrifying.

The moment the Origin Magnetic Divine Mountain came out, the battle situation immediately had a great reversal.

Over there, He Chong suddenly brought out the Immortal Binding Rope, catching his opponent by surprise all of a sudden.

He Chong was a veteran Celestial Deity Realm too, the difference from his opponent was not big.

Now, suddenly having an additional celestial deity mystic treasure, he took the absolute upper-hand all of a sudden.

When his opponent saw the Immortal Binding Rope, he nearly spewed out a mouthful of old blood.

This was Utmost Peace's celestial deity mystic treasure. Now, it was actually being used by He Chong to deal with him!

The most blinding one still had to be Coldfeather.

He did not take out any magic treasure. But his figure suddenly became erratic, his entire person seemingly shuttling back and forth in space.

Spatial laws!

"It's spatial laws! Ancestor Coldfeather he ... he comprehended first-layered heaven spatial laws!"

"I understand! No wonder he wanted to break through in the Martial Tower! Turns out that he went to comprehend spatial laws!"

"These 100 thousand over years were also not completely wasted away! With spatial laws, even if it's just first-layered heaven, one's strength will be totally different too!"

...

Watching the scene, Heavenly Eagle's martial artists cried out in shock.

[Unrivaled Medicine God](#)

Chapter 1700: Flames of War Extinguish, Heavenly Eagle Rejoices!

When martial artists broke through a major realm, that was when they were closest to the Heavenly Dao, and it was also the easiest time to comprehend the Dao.

Coldfeather had the foundation of spatial laws and his comprehension ability was not poor either.

Hence, Ye Yuan set up an inheritance space anew, making it more suited for Coldfeather. It was all to help him achieve a breakthrough in spatial laws.

And Coldfeather did not disappoint Ye Yuan's expectations either. When breaking through, he finally grasped first-layered heaven spatial laws in one stroke.

In normal situation, even if having another few tens of thousands of years, he also might not be able to completely comprehend it.

Ye Yuan integrated the power of chaos into the Supreme Jade Void Pill. To begin with, it was extraordinary.

Coupled with Ye Yuan's ataraxia and tranquil heart, that was how it helped Coldfeather successfully to break through.

And now, it was finally Coldfeather's turn to display his abilities.

Even though Coldfeather did not fuse Sword Dao and spatial laws into one like Ye Yuan, coupled with spatial laws, his strength became totally different.

Although Wen Yilin's strength was decent, he was still considered a newbie in the Celestial Deity Realm. His breakthrough was also something that happened in these few tens of thousands of years.

In an instant, his pressure surged.

Among the four people, only Zheng Qi's strength was slightly weaker. But his opponent's strength was also average. He could still barely hold on.

Therefore, after Heavenly Eagle's people showed their trump cards, the situation instantly reversed!

Swish!

A swift and fierce sword light flashed past. Wen Yilin directly had a hole bored through.

Coldfeather continued his victorious pursuit, one sword faster than the other.

Wen Yilin was routed like a landslide, how did he still have any strength leftover to counterattack?

Bang!

Another streak of sword light passed through the void, landing on Wen Yilin, directly knocking him into the ground.

Coldfeather raised his longsword, looked at the half-dead Wen Yilin, and said coolly, "I've indeed wasted more than 100 thousand years, but my life is better than yours! Because when I was at my most hopeless, I ran into the person who rekindled my lease of life."

Wen Yilin was already heavily injured, currently on the verge of death. His eyes were full of terror as well as the desire to live on.

He was actually defeated just like this!

Coldfeather did not have the slightest compassion, swinging his long sword, ending Wen Yilin's life.

When the inspector saw this scene, he was speechless for a long time.

Truly, in a blink of an eye, the whole world was turned upside down.

Heavenly Eagle actually really turned things around!

He never dreamed that Heavenly Eagle actually prepared so many contingencies!

The inspector opened his mouth, wanting to say something, but nothing came out.

Up in the sky, the battle still continued.

Zuo Shujie controlled the Origin Magnetic Divine Mountain, sweeping forth ever-victorious. Qiao Anshan became increasingly unable to hold on.

Their strength was originally very close. Zuo Shujie relied on the power of the mystic treasure and became braver as the battle progressed.

Bang!

A moment of carelessness and Qiao Anshan was smashed flying out backward.

Who would have thought that Qiao Anshan actually turned into a stream of flowing life and fled at the risk of heavy injuries!

This sudden turn of events caught everyone by surprise.

The inspector gave a cold snort, figure rushing out swiftly.

A powerful to the extreme aura surged straight for the horizon.

A swift figure passed by. The inspector actually reached first despite moving later, stopping Qiao Anshan.

The inspector said coolly, "Where are you going?"

Qiao Anshan's entire person had already gone berserk, and he roared furiously, "Why do you care where your father is going?! Your father doesn't want to die, so get lost!"

Done talking, the frenzied Qiao Anshan actually cleaved an axe blow towards the inspector.

"Courting death!"

The patrolling inspector was a paramount existence in the Southridge Ten Nations.

This Qiao Anshan had also lost his head in defeat, to actually dare attack him.

It was only to see the inspector suddenly erupted with an imposing manner. It was world power. He suddenly punched out!

Bang!

A loud noise came from the sky.

After that, there was no more after that.

The inspector put away Qiao Anshan's giant axe and said with a cold snort, "Blind and reckless thing! To actually dare make a move against this envoy!"

In a blink, two great Celestial Deity powerhouses fell. This battle no longer had any suspense.

Following Coldfeather and Zuo Shujie joining the battle royale, Heavenly Eagle completely wiped out Utmost Peace's Celestial Deity powerhouses neat and tidily.

Once the Golden Sword Token happened, that was a situation of not resting until they were dead. Either you die or I perish.

It was just that Qiao Anshan never dreamed that Utmost Peace Imperial City actually ended up in this conclusion in the end.

"Heavenly Eagle is mighty!"

"City Lord is mighty!"

"Head Elder Ye Yuan is mighty!"

...

The entire Heavenly Eagle Imperial City seethed with excitement, from despair to hope, then to victory.

This battle met with life in a desperate situation, bringing them too many surprises.

No one could have thought that the powerful Utmost Peace Imperial City was actually wiped out just like this.

And the ones who launched the war were even Utmost Peace Imperial City themselves.

Zuo Shujie few people's faces also revealed looks of wild ecstasy.

This battle was fought until it was really to their heart's content.

As the weakest existence among the Southridge Ten Cities, Zuo Shujie this city lord was actually very vexed and timid.

But today, they announced their might to the other eight imperial cities!

"Haha, it's really too great! I don't even remember how long it's been since I've felt so refreshed!" He Chong said with a big laugh.

Zuo Shujie smiled and said, "Yeah! After this battle, our Heavenly Eagle is sufficient to rise to the top five ranks of the Southridge Ten Nations! In the future, no one can think about bullying us anymore! Come, we have to thank Ye Yuan properly. Without him, today's result will be completely different!"

Everyone secretly nodded their heads when they heard that and followed Zuo Shujie over.

Four great Celestial Deity Realms arrived together. Zuo Shujie directly returned the Origin Magnetic Divine Mountain to Ye Yuan and said with a smile, "Ye Yuan, this battle, I represent Heavenly Eagle Imperial City to thank you!"

Ye Yuan smiled and said, "City Lord's words are too serious. This Ye is Heavenly Eagle's Pill Tower's head elder, I naturally have to contribute effort to Heavenly Eagle."

The four great celestial deities were all extremely grateful to Ye Yuan in their hearts.

Except, what they could give Ye Yuan was seriously not much.

Furthermore, they similarly knew that Ye Yuan's end journey was absolutely not at a tiny little Heavenly Eagle Imperial City. Even the Southridge Ten Cities could not pin him down.

Sooner or later one day, he would leave.

But without a doubt, the transformation that Ye Yuan brought to Heavenly Eagle was tremendous.

At this time, the inspector slowly came over. His gaze swept past Ye Yuan, but he said to Zuo Shujie, "The Golden Sword Pact has already concluded. This envoy has to make a trip back to the imperial capital and report the situation of the Southridge Ten Nations to the higher-ups. According to the rule, Utmost Peace Imperial City will be under Heavenly Eagle's jurisdiction now. You guys should send people to take over control of Utmost Peace as soon as possible, but don't make any trouble."

Zuo Shujie hurriedly said, "Yes, Lord Inspector!"

The inspector nodded his head and said to Ye Yuan, "Ye Yuan, you come with me for a bit."

Under everyone's wondering gazes, the inspector brought Ye Yuan to one side and said, "Kid, this time, count it as this envoy owes you a favor! Returning to the imperial capital this time, this envoy will bring over the spirit medicines to refine the Supreme Jade Void Pill. At that time, you take action to refine one for this envoy."

Ye Yuan smiled and said, "Your Excellency is too serious. It's just a minor favor. Your Excellency, you don't need to take it to heart."

The inspector gave Ye Yuan a deep glance, feeling secretly alarmed in his heart.

He finally understood now that this kid already had prepared plans to deal with the situation. When saying and doing things, he seemed very wild. Actually, everything was within his control.

No need to take to heart?

Even if he, Ye Yuan, did not take it to heart, could he not care about it?

But Ye Yuan did not say a word and just said that it was a small matter.

This way, it saved his face and also made him owe a favor.

This kid was impressive!
