#### Chapter 1731: Really Can't Find a Sixth One

Luo Yong's eyes lit up. The corners of his mouth revealed a hint of a smile like his wicked scheme succeeded.

While Duan Peng and the rest revealed looks of surprise.

This kid had some nerves!

Rather, it was Yu Jing who said rather anxiously, "Ye Yuan, you mustn't act without due consideration!"

Ye Yuan looked at her and said with a smile, "Merely a Raging Fire Centipede, no big deal. Why not Elder Sister Jing stand guard for me, how's that?"

Yu Jing thought about it but still nodded her head.

Ye Yuan did not talk rubbish either, taking out the Junyi Sword and slowly walked over toward the Raging Fire Centipede.

Seeing the Junyi Sword, the eyes of Duan Peng, Luo Yong, and the rest involuntarily turned sharp.

High-rank divine lord mystic treasure!

This kid indeed had some background.

Especially Luo Yong, his eyes revealed a greedy look.

Even though he was already Sixth Firmament Divine Lord, he only had an initial-rank divine lord mystic treasure on hand.

Compared to Ye Yuan, he was simply like a beggar.

Ye Yuan walked over toward the Raging Fire Centipede unhurriedly, without the least bit of pressure.

"Click click."

The centipede emitted a series of strange chirping sounds and suddenly turned around, tunneling into the woods.

Luo Yong's eyes went wide, caught somewhat off-guard by this sudden change.

The Raging Fire Centipede actually ran?

Facing a Third Firmament Divine Lord human, it actually ran?

One had to know, the strengths of fierce beasts were normally stronger than humans of the same rank.

Moreover, uncivilized fierce beasts, under the situation where the power gap was not too big, would not know what was called fear at all.

For example, when the Raging Fire Centipede clearly saw that there were five to six humans here just now, it still planned to attack them.

Now, what was going on?

“Where are you running!”

Just as they were in shock, Ye Yuan’s figure moved, tunneling into the forest.

Everyone was taken aback once more, this kid’s gall was so fat!

“Ye Yuan, don’t chase!”

Yu Jing’s expression changed drastically, immediately carrying her sword and chasing after.

But passing through the dense forest, how was there still Ye Yuan’s figure?

Yu Jing did not give up and chased ahead again.

Luo Yong came back to his senses, his face revealing a radiant smile.

This kid was really courting death himself!

“What’s wrong with that Raging Fire Centipede? Why would it run when it saw Ye Yuan?” Duan Peng said with a look of confusion.

Luo Yong smiled and said, “What else can it be? It must have unlocked a hint of wisdom and perceived that we weren’t to be trifled with, that’s why it would run away.”

Duan Peng nodded and said, “It’s likely the case! It’s just that ... Ye Yuan chasing after like this is very dangerous. I hope that Yu Jing can find him.”

Luo Yong naturally did not hope for Ye Yuan to return and said with a smile, “That brat was indeed a hothead. If he wants to seek death himself, can’t blame others.”

Duan Peng also shook his head, feeling that Ye Yuan’s foolish actions were rather unreasonable.

Even though he disliked Luo Yong, what Luo Yong said was right as well.

This Ye Yuan did not have any self-awareness at all. If he died, he could not blame others either.

Before long, Yu Jing dashed out of the dense woods, her expression very ugly.

“How is it? Found him?”

Even though he knew the result, he still asked.

Duan Peng could tell that Yu Jing was very concerned about this little brother.

Yu Jing shook her head rather blankly, her entire person like she was drained.

Luo Yong was secretly pleased in his heart and said, “No need to care about that kid anymore, at this time, he’s most likely already swallowed by the Raging Fire Centipede. Let’s continue walking.”

When Yu Jing heard this, she said in annoyance, “Luo Yong, what do you mean? You treat your companions like this? If you abandon Ye Yuan now, will you immediately leave us behind if we encounter danger later?”

Luo Yong could not help choking when he heard that, his expression ugly as he said, "H-How can it be? That kid overestimated his own ability and chased after himself. I didn't force him to go either."

Leaving behind one's companions was a taboo to them. This was an unspoken rule among squads that frequently came to the area.

Once the reputation spread, no one would dare to use them in the future anymore.

One person entering the mountain, the danger was also too great.

Yu Jing's words somewhat unmasked his motives, Luo Yong really did not dare to follow up.

"Boss Duan, I request to wait here for Ye Yuan!" Yu Jing looked at Duan Peng and said with a serious expression.

Duan Peng thought about it and said with a nod, "Then we will wait an hour for him then! If he still isn't here in an hour, we'll have to carry on our way."

"No need, I'm back!"

Yu Jing still wanted to say something when a voice suddenly sounded out.

Everyone followed the voice and looked over, and saw Ye Yuan slowly walk out of the dense forest.

Suddenly, everyone's gaze turned intent, all revealing a look of shock.

It was only to see that after Ye Yuan walked out, a huge centipede came out from behind.

The centipede was being dragged by Ye Yuan, already dead until it could not be any deader.

Bang!

Ye Yuan casually threw and threw the Raging Fire Centipede in front of everyone.

Duan Peng said with an astonished look, "This ... This was your doing?"

Ye Yuan smiled and said, "Otherwise? Is there still anyone else?"

Everyone was speechless, the outcome of the matter was too far from their expectations!

Especially Luo Yong, he simply felt even more uncomfortable than having eaten a fly.

Originally, he already sentenced Ye Yuan to death, being delighted and pleased in his heart.

Who knew that in a blink, not only did Ye Yuan return, he even killed the Raging Fire Centipede.

While talking, Ye Yuan took out several bright red fruits and threw them over one by one.

Of course, except for Luo Yong.

Duan Peng caught the fruits, gaze turning intent as he said in surprise, "Rank four spirit medicine Blood Curdle Fruit! You ... Where did you get it from?"

Ye Yuan said, "I chased this beast just now, chased all the way to its lair. After killing it, I searched its lair while I was at it and found these Blood Curdle Fruits. Since everyone is in the same team, of course

those who see it will get a share. Also, this Raging Fire Centipede will be given to Boss Duan. The benefits gotten later will be distributed by Boss Duan.”

Although the Blood Curdle Fruit was not some overly rare rank four spirit medicine, casually selling for several billion divine essence stones was still doable.

Ye Yuan was considered to have given them a big gift.

They did not do anything and earned several billion divine essence stones.

Furthermore, this Raging Fire Centipede was also full of treasures from top to bottom.

They previously even thought that Ye Yuan was here to scrape benefits. In a twinkle, Ye Yuan threw them a big bunch of benefits.

Boss Duan looked at Ye Yuan with an astonished face, not expecting Ye Yuan to be so generous.

This made them even more certain that Ye Yuan’s identity was definitely extraordinary.

If it were any of them, they would definitely pocket these things alone. Either way, no one saw it too.

But Ye Yuan actually took them out to share with everyone.

Luo Yang’s expression was gloomy as he said in a solemn voice, “Punk, what’s the meaning of this? Since those who see get a share, why do the rest all have, but I don’t?”

Ye Yuan said with an apologetic look: “Brother Luo, really sorry about it, this Ye only found five Blood Curdle Fruits in its lair just now and really couldn’t find the sixth one. I’m forced to make things a bit inconvenient for Brother Luo. Uh ... if find something later, this Ye will bring Brother Luo to share it.”

With Ye Yuan’s one sentence, everyone all secretly found it funny in their hearts.

These Blood Curdle Fruits were neither more nor less, just nice five. It was also too coincidental, right?

Furthermore, Ye Yuan shared with the rest, only Luo Yong’s was missing. This was definitely no coincidence as well.

Luo Yong had a grim expression as he said, “Humph! Kid, well done! A mere Blood Curdle Fruit, your father doesn’t think anything of it!”

#### **Chapter 1732: Smelling Fragrance and Recognizing Poison**

Duan Peng put away the Raging Fire Centipede’s corpse, the party embarked on the journey once more.

Yu Jing had a look of pleasant surprise and said, “You, kid, were too reckless! Just now, you scared Elder Sister Jing to death!”

Ye Yuan smiled and said, “Just a Raging Fire Centipede. It can’t hurt me. But Elder Sister Jing, can I ask? You seem to ... be very concerned about me?”

In the beginning, Ye Yuan just thought that Yu Jing was very good-natured.

But later, Ye Yuan gradually felt Yu Jing’s concern.

Especially when Luo Yong had him go deal with the Raging Fire Centipede earlier.

Yu Jing let out a sigh and said, "When Elder Sister Jing sees you, I'll think about that unlucky younger brother of mine. He's the same age as you. Back then, he was also young and spirited, wanting to challenge the Skydemon Mountain Range, but ..."

Talking up to here, Yu Jing choked a little.

Ye Yuan came to a realization when he heard it and said with a sigh, "Sorry, my deepest condolences, Elder Sister Jing."

Yu Jing snickered and glared as she said, "You punk, cursing my younger brother eh? He isn't dead yet!"

Ye Yuan froze when he heard it, immediately feeling incomparably wronged.

I say, sister, your action just now, anyone would think that he was dead!

Seeing Ye Yuan's wronged look, Yu Jing laughed and said, "Alright, alright, it was Elder Sister who didn't state it clearly. I'm not blaming you!"

That appearance was overflowing with flirtatiousness.

When it landed in the eyes of Luo Yong who was not far away, wasn't it lovers joking around?

"Brat, before you come out, your dad definitely didn't tell you that some people are who you can't afford to provoke! Dare to play me, I will let you die without even you knowing how you died!"

Luo Yong already sentenced Ye Yuan to death in his heart.

As long as there was a chance, he would definitely bury Ye Yuan alive!

This kind of thing, he had done it more than once or twice.

Only through Yu Jing's oral account did Ye Yuan know what happened to her younger brother.

It turned out that Yu Jing was not a member of Linyao Imperial City. Her younger brother wanted to hone himself, so he secretly left their hometown and entered the Skydemon Mountain Range to train.

When Yu Jing learned the news that her younger brother left home, upon guessing that he definitely came here, she rushed to Linyao Imperial City straight away.

Only after inquiring about it did she know that her younger brother indeed came here, and even entered the mountain.

It was just that after some time, what she found out at the end was that her brother got inflicted by a strange poison.

Yu Jing searched for miracle doctors in Linyao Imperial City and also could not treat her younger brother's poison. She could only use some special means to temporarily suppress her younger brother's poison.

She did not dare to leave Linyao Imperial City. She was afraid that her younger brother would die on the way.

Hence, she simply became a hunter here, following squads in and out of the Skydemon Mountain Range to support her younger brother.

Presently, the poison's flare up incident was getting more and more. It was an indication that he did not have much time left

So hearing about him, Ye Yuan now understood that was why Yu Jing would be so sad.

Knowing this, Ye Yuan also sighed.

Yu Jing, a woman, spent so many years in Linyao Imperial City for her brother, truly not easy.

Linyao Imperial City was clearly different from other imperial cities. The weak were prey and the strong feasts here. It was more apparent than in other places.

Without strength, it was hard to advance an inch here.

Just like before, Luo Yong compelled him to fight against the Raging Fire Centipede. Apart from Yu Jing, no one helped to speak up for him.

If he was strong, killing the Raging Fire Centipede was one thing.

If his strength was lacking and he really died?

Most likely, no one would be sad, and would instead mock him for his strength being lacking.

The people here were all very realistic.

They walked together for benefit and also killed each other for benefit.

Ye Yuan said, "Elder Sister Jing, you rest assured. Your younger brother's poison, I'll help him to resolve it! At that time, you sister and brother will be able to go back home!"

Yu Jing did have the slightest excitement when she heard it, but she instead smiled and said, "Silly Little Brother. Your good intentions, Elder Sister understands it."

"Overestimating your own ability! Younger Sister Jing's brother, even Master Song Yu couldn't cure him. You, a snotty brat whose hair isn't even fully grown, what are you babbling about?" Luo Yong smiled coldly and said.

Duan Peng also smiled and said, "I didn't expect that Brother Ye is even an alchemist. But Master Song Yu is a Five-star Alchemy God. Even he was helpless, so you probably won't be able to do much."

Receiving the Blood Curdle Fruit and Raging Fire Centipede's corpse, Duan Peng's attitude toward Ye Yuan was much better.

But in this matter, he clearly felt that Ye Yuan boasted too much.

Yu Jing smiled bitterly and said, "I pulled a lot of strings and finally found Master Song Yu's connections. It's just that I didn't expect that even he was helpless about it too."

Linyao Imperial City was close to the Skydemon Mountain Range. Countless martial artists were killed and wounded every day.

This kind of place, the alchemy profession was naturally very developed too. Having a Five-star Alchemy God was not odd.

Ye Yuan suddenly scooted close to Yu Jing and sniffed vigorously.

Yu Jing was startled and even thought that Ye Yuan was going to be frivolous with her, hurriedly dodging aside and saying angrily, "Ye Yuan, what are you doing!"

Ye Yuan ignored her, slowly closed his eyes, and opened his mouth to say, "Ironwood Incense, Hunting Cloud Light Breeze Powder, Sandalwood Huo Ming Grass ... Uh ... looks like when your younger brother's toxicity flares up, it should be alternating between hot and cold, entire body twitching. If I didn't guess wrongly, he should be foaming at the mouth, his complexion waxing, vomiting blood, and several other symptoms. Putting it all together, your brother was probably inflicted by the Firecloud Ice Edge Bug's poison, right?"

Ye Yuan shut his eyes and said a whole bunch in one go.

When Luo Yong saw Yu Jing get angry, plus Ye Yuan's action earlier, anger also flared up in his heart.

Sneering secretly in his heart, he realised he finally found a chance!

He gave a cold shout, "Punk, you want to take the opportunity to take advantage of Younger Sister Jing, and even ranted nonsense! Your Father will exterminate you right now!"

Done talking, he released his aura and smacked a palm toward Ye Yuan.

But he did not notice that the more Ye Yuan talked, the more Yu Jing's eyes revealed a look of disbelief.

She suddenly grabbed Ye Yuan's arm and said in surprise, "You ... You're really too incredible!"

Luo Yong's action stopped abruptly. Ye Yuan's body was blocked by Yu Jing. If he smacked a palm down, Yu Jing would be gone.

"You ... You wouldn't have guessed that it was the Firecloud Ice Edge Bug with that sniff, right?"

Yu Jing was really stunned!

She only told Ye Yuan just now that her younger brother was tormented by a strange poison and did not say anything else.

But Ye Yuan actually only sniffed the smell on her body and listed those spirit medicines perfectly!

This was simply too inconceivable!

Furthermore, the things that Ye Yuan said were exactly the same as Master Song Yu!

One had to know, Master Song Yu diagnosed her brother in person, while Ye Yuan had not even met her younger brother before, and actually deduced so accurately.

This strength, she simply did not dare to imagine it.

When Duan Peng saw Yu Jing's reaction, he was also extremely shocked and said, "Yu Jing, you mean that ... what your brother was poisoned by was really the Firecloud Ice Edge Bug's poison?"

Yu Jing nodded and said, "Yes! What Master Song Yu said was exactly identical to what Yu Jing said, it's the Firecloud Ice Edge Bug! Furthermore, the symptoms that Yu Jing said were not the slightest bit off, just like he saw it with his own eyes!"

The rest all used eyes like they had seen a ghost to look at Ye Yuan.

What kind of freak was this fellow?

He only sniffed the residual medicinal fragrance on Yu Jing's body, and he could actually infer such a result.

This skill was simply formidable to the extent that it was somewhat ridiculous!

### Unrivaled Medicine God

#### **Chapter 1733: Making a Detour**

Yu Jing was a woman, furthermore, a beautiful woman.

Beautiful women naturally could not bear being covered all over with medicinal smell.

Adding on rouge and powder, the medicinal smell left on the body was already very, very faint.

But even so, Ye Yuan only relied on one sniff and could infer so much information. This skill was truly inconceivable.

"I didn't expect that Brother Ye concealed so deeply!" Duan Peng looked at Ye Yuan, a hint of pleasant surprise flashing across his eyes.

With such a formidable alchemist following their side, it was absolutely an unexpected surprise!

Teams with alchemists were universally acknowledged as having the lowest casualty rates.

It was just that alchemists were too expensive, they could not afford it at all.

Ye Yuan said to Yu Jing, "The Firecloud Ice Edge Bug is extremely rare. It can't be seen in the outside world at all. This kind of poison is indeed troublesome. This is because its ice and fire attributes, two attributes, interweave within the body, permeating all pores, like a millstone, subverting Yin and Yang, tormenting the martial artist's body."

Yu Jing nodded and said, "Yes, yes, yes, that's it! Ye Yuan, do you ... do you really have a way?"

Ye Yuan shook his head and said, "This poison is indeed powerful, so there's no method for the time being."

The moment these words came out, Yu Jing's face revealed an incomparably disappointed look.

But by the side, Luo Yong burst into laughter and said, "Haha, you talked for half a day, but it's equivalent to saying nothing! I even thought about how capable you were. Who knew that after talking for so long, it's equivalent to letting out a fart!"

Ye Yuan could not even be bothered to pay attention to him and asked Yu Jing, "Elder Sister Jing, the place where your younger brother was bitten by the bug, do you know where it is?"

Yu Jing shook her head blankly and said, "They were being hunted down by a very powerful fierce beast back then, fleeing in any path without any care. He did not know where he was bitten at all."

The moment Luo Yong heard, he revealed a gloating smile again.

With this, all of the clues were cut off, right?

Ye Yuan did not feel that there was anything and asked again: "Then ... you guys are very familiar with the Skydemon Mountain Range. Do you know whether there's some dark and humid place, overflowing with miasma, yet also a place where earth-fire is especially vigorous?"

Yu Jing still shook her head blankly, but Duan Peng suddenly said, "If it's this kind of place, I know one."

Seeing everyone look over, Duan Peng said, "Evil Water Ravine!"

The others were still, but the moment Luo Yong heard, his face could not help changing as he said, "It's that legendary Evil Water Ravine that has no return?"

Duan Peng also said with a solemn look, "That's right!"

Ye Yuan nodded and said, "That's it! Let's go and take a look!"

Ye Yuan's words made everyone stupefied.

Duan Peng did not expect Ye Yuan to leave right away and said in a solemn voice, "Brother Ye is taking things a little too lightly, right? This trip into the Skydemon Mountain Range, we have another goal. Making a detour to Evil Water Ravine now is probably inappropriate, right? Moreover, Evil Water Ravine is notoriously dangerous. The poison bugs inside are countless. A single misstep and we'd all die there."

Luo Yong also sneered when he heard that and said, "Kid, our squad was hired by Boss Duan with money, why is it like you're the employer now?"

When Yu Jing heard Ye Yuan's words, her heart could not help turning warm.

But Ye Yuan said coolly, "This Ye is an alchemist. In my eyes, nothing is more important than saving people. Moreover ... to talk about danger, our destination this time is definitely no better than the Evil Water Ravine, right?"

Duan Peng's expression changed when he heard that and fell silent.

Luo Yong's expression similarly changed. He said in a cold voice, "Kid, what do you mean?"

Ye Yuan smiled and said, "Nothing. Boss Duan said that when he entered the mountain last time, he accidentally learned of a place with the Silverwing Earthspirit Fruit. But he definitely didn't tell you guys that not only does the Silverwing Earthspirit Fruit have the Purple-eyed Devil Ape, this kind of powerful accompanying beast, but there's also even an accompanying spirit medicine like the Green Vine Emerald Net Flower. And the Green Vine Emerald Net Flower has the Darknight Poison Bat, this kind of accompanying beast. I think that these things added together, that place probably won't be much safer than the Evil Water Ravine, right?"

Ye Yuan's words made everyone's countenance change visibly.

The Purple-eyed Devil Ape was a powerful rank four fierce beast. There was no need to talk much about it.

Darknight Poison Bat was similarly a fierce beast that made people's expressions change when they heard it. More importantly, they gathered in flocks; best to not provoke.

Martial artists were not alchemists in the end, how could they be so clear about the habits of spirit medicines?

The Silverwing Earthspirit Fruit was an extremely rare rank four spirit medicine, it could be sold for a high price when obtained.

They also did not think so much and followed along.

Who knew that that place was actually so dangerous!

"Duan Peng, what's the meaning of this?" Luo Yong's face fell and he questioned.

Duan Peng himself was also blindsided. These things that Ye Yuan said, he really did not know.

Back then, when he saw the Purple-eyed Devil Ape, he immediately ran away and did not see anything else at all.

"I really didn't know that that place was actually so dangerous!" Duan Peng said anxiously.

Luo Yong said with a cold snort, "You've been there, would you not know? At this point, do you still take us to be fools? Your father isn't going anymore!"

Ye Yuan said coolly, "I think that Boss Duan really doesn't know. The Silverwing Earthspirit Fruit faces the sun, it's likely at the entrance of some cave. The Vine Emerald Net Flower likes Yin and should be in the depths of a cave. But once startled the Purple-eyed Devil Ape, the Darknight Poison Bat will surely be startled too."

Ye Yuan's words made everyone feel lingering fear.

If they went over without due consideration like this, once surrounded by Darknight Poison Bats, they would not even know how they died.

Luo Yong said with a cold snort, "Since you knew, why didn't you say it earlier? I think that you're harboring ill intent!"

Ye Yuan rolled his eyes at him and said, "If I said earlier, would you all believe?"

Everyone could not help feeling suffocated when they heard it. If not for Ye Yuan displaying astonishing Alchemy Dao strength, they definitely would not believe.

A Third Firmament Divine Lord's words were not enough to believe.

Luo Yong's face fell and he waved his hand and said, "Don't care, your father isn't going anymore! Although treasures are good, I also need to have the life to take them. Your father doesn't want to die in vain!"

As he said, he was actually really about to leave.

Boss Duan had a look of unwillingness and stopped Luo Yong, and said, "Don't go, as long as we can obtain the Silverwing Earthspirit Fruit, you and I split 60% equally, the others share 40%! As long as our tactics are reasonable, it's not without a chance!"

The corners of Luo Yong's mouth curled, revealing a smile of his trickery succeeding.

He naturally did not want to really go, he just wanted to use this to exploit Boss Duan.

Although his strength was inferior to Boss Duan's, he was a true-blue Sixth Firmament Divine Lord powerhouse too.

This place could lack anyone but just could not lack him.

Luo Yong indeed stopped and looked at Boss Duan and said, "This is what you said!"

Duan Peng was just about to answer when Ye Yuan said coolly, "Then you should let him go. I have a way to not only obtain the Silverwing Earthspirit Fruit, but we can also obtain the Green Vine Emerald Net Flower! Furthermore, as long as you all make a trip to Evil Water Ravine with me, Elder Sister Jing and I, we won't take a single penny. The Silverwing Earthspirit Fruit and Green Vine Emerald Net Flower are all yours!"

The moment these words came out, everyone's faces changed.

Duan Peng said with great joy, "Is this true?"

Ye Yuan nodded and said, "When you told me that the objective of this trip is the Silverwing Earthspirit Fruit, I already made the preparations in the city. This minor matter is naturally nothing difficult."

Luo Yong immediately froze there, unable to leave.

So awkward!

#### **Chapter 1734: Falling Into Bug Encirclemen**

Upon entering Evil Water Ravine, a dark and damp scent hit head-on.

This place was densely covered in miasma, earth-fire exuberant, resulting in this dampness making people feel uncomfortable from head to toe.

"This damn place is simply a barren hill and turbulent waters. No wonder it's called Evil Water Ravine! Your Father is really retarded, to actually following you all to this kind of place!" Luo Yong cursed.

"No one made you come! You yourself insisted on following!" Yu Jing rolled her eyes and said huffily.

The moment Luo Yong heard, he could not help laughing awkwardly and stopped speaking.

He still thickened his skin and followed after in the end.

After all, the Silverwing Earthspirit Fruit was very valuable. Even according to the terms negotiated previously, his harvest was also not small.

Otherwise, with his strength, why would he follow Boss Duan to this kind of place.

Duan Peng said, "The insects and bugs here are countless, impossible to guard against. Everybody be a little more careful."

No need him to say, everyone already released their divine essence, protecting their bodies.

Yu Jing said rather nervously, "Can ... the method to save my brother really be found here?"

Ye Yuan smiled and said, "Myriad things under the heaven, reinforce and counteract each other. Although the Firecloud Ice Edge Bug is powerful, there's always something that restrains it."

Duan Peng frowned and said, "This place is so big, so how to find it?"

"Yeah! If there's really some antidote, would Master Song Yu not know? I've also heard of the Firecloud Ice Edge Bug before. It's simply incurable!" Luo Yong said with a cold smile.

Ye Yuan said coolly, "There are too many unknown things in this world. You don't know, doesn't mean there isn't! Forget about Master Song Yu, even the Medicinal Ancestor, would he dare say that he knows all of the myriad life under the heavens?"

Luo Yong sneered when he heard that and said, "Messing around for so long, it means that you also don't know what the antidote is? You hoodwinked everyone to come together, but didn't even have a clue, truly laughable!"

Ye Yuan smiled and said, "This 'everyone' doesn't include you. You insisted on following by yourself."

Luo Yong choked and was just about to fly off the handle, but then he heard Duan Peng saying, "Alright, old Luo, don't keep on making things difficult for Ye Yuan. Already came, so Ye Yuan, what should we do now?"

Ye Yuan was clearly long prepared and blurted out, "Of course it's finding the Firecloud Ice Edge Bug first! This thing is very formidable and should be perched at the place where it's the most humid and the earth-fire most vigorous! We'll just have to head toward this kind of place to look for it."

Firecloud Ice Edge Bug, Ye Yuan had never seen before either. This knowledge was all inherited from Dustless.

As for the method to resolve the poison, even Immortal Grove did not know as well.

However, this could not stump Ye Yuan.

When at the Immortal Grove World, he frequently liked to go and crack strange poisons that no one could resolve. He had his own set of methods.

Even though the Heavenspan World was different from the Immortal Grove World, the principle was interlinked.

The party headed toward the place where earth-fire was the most vigorous. But along the way, it could not avoid tangling with some poisonous things.

But this party was strong and did not expend much effort.

Looking as the earth-fire got more and more vigorous, the humidity also getting heavier and heavier, everyone actually had a feeling that even breathing became hindered.

Duan Peng frowned and said, "This place is too weird. These miasma, dampness, and earth-fire gas, is actually able to corrode divine essence. At this rate, I also can't persevere long."

Even Duan Peng, this peak Sixth Firmament Divine Lord existence, could not quite hold on anymore, let alone the others.

Yu Jing's complexion was very pale, forehead sweating profusely. Clearly, she already could not quite hold on anymore.

Ye Yuan, on the other hand, his chaos divine essence was incomparably sturdy and did not fear these gases' erosion.

His state was instead the best among the six people.

"Reckon that it shouldn't be far away, the earth-fire gas and humidity here are already very—Careful!"

Ye Yuan was just speaking when he suddenly pulled Yu Jing into his embrace and stabbed a sword out with a backhand, movements swift to the extreme!

Everyone did not understand what happened. Turning around to look, they saw that on the tip of Ye Yuan's sword, a milky-white bug was pierced on it. Their expressions changed drastically.

Duan Peng's expression changed and he said, "This bug is so formidable, quietly approaching so close and we actually didn't detect it! Hang on, could this be ..."

Ye Yuan slowly nodded and said, "That's right, this is it!"

In the team, someone suddenly exclaimed, "Not good, you guys, look!"

Everyone turned around to look and discovered that the surroundings were crawling densely full of bugs, blotting out the sky and covering the earth, even on the trees.

Seeing this scene, everyone's faces revealed a look of despair.

Duan Peng's complexion turned pale as he said, "Damn it, we entered the lair of the Firecloud Ice Edge Bugs! With this, it's hard to escape even if we grow wings!"

Luo Yong said fiercely, "Ye Yuan, it's all you! If not for you, we also wouldn't be at our wits' end now!"

Ye Yuan rolled his eyes at him and said, "Stop shouting and wrangling. Even if I did it on purpose, can you still escape currently?"

Luo Yong choked, immediately feeling incomparably aggrieved.

Yeah, this current sort of situation, even if he killed Ye Yuan, it could not change any outcome either.

Yu Jing's complexion also turned white and she said, "Ye Yuan, s-sorry, it was all Elder Sister Jing who harmed you!"

Ye Yuan smiled and said, "All putting on a dead person's face for what? It's not over yet. Want to grumble, wait until we go out before grumbling."

Luo Yong said furiously, "Go out? It has already reached this point, but you're still making wisecracks! These bugs are all rank four fierce beasts. Now, all of the paths are blocked. So how to get out?"

Ye Yuan ignored him and said calmly, "I'll bring you all out. All don't resist, continue to go in! This place isn't the place where earth-fire is most vigorous, the thing that can resolve the poison should be inside!"

Finished talking, Ye Yuan released his divine essence and wrapped the other five people inside, directly ripping apart space and passing through the insect swarm!

When everyone saw that they broke out of the insect swarm all of a sudden, each and every one of them was shocked until the shock could not be greater.

"Spatial law! Brother Ye really kept to your own counsel!" Duan Peng cried out in shock.

Luo Yong also had a look of astonishment. He did not expect that Ye Yuan actually comprehended such a terrifying power of law.

But Ye Yuan waved his hand dismissively and said, "Let's continue escaping toward the inside, but don't shake off the bug swarm. Let them chase after!"

The distance that Ye Yuan shuttled through space was not very far. At this time, those bugs seemed to be very angry, all flying over toward this side.

Everyone immediately felt their scalps tingle, scampering away.

Ye Yuan chuckled and fired out several sword lights with a backhand, directly slaughtering a swarm.

With this, those bugs became even more berserk, flying over toward Ye Yuan in a fierce fighting mood one after another.

Ye Yuan grinned and sped away, catching up to Yu Jing who fell behind to the back very quickly.

As Yu Jing flew, she said gratefully, "Ye Yuan, I ... I really don't know how I should thank you!"

Ye Yuan smiled and said, "Want to thank, wait until after finding the antidote before talking. Right now, I don't have any confidence at all!"

The moment Yu Jing heard this, somewhat worrying about personal gains and losses, she said, "Can we ... find the antidote?"

Ye Yuan said, "Relax, no matter how powerful the poisonous object, within a circumference of 100 miles, one can definitely find the thing that restrains it!"

#### **Chapter 1735: Confronting Bug King!**

As it got closer and closer to the center of the earth-fire, the erosion of all kinds of corrosive gases naturally also became more and more severe. Yu Jing's aura was already starting to get chaotic, her speed naturally could not pick up as well, falling behind with Ye Yuan.

Suddenly, Ye Yuan pulled Yu Jing's hand and a surge of chaos divine essence passed over.

Feeling her hand being held, Yu Jing jumped in fright and was instinctively going to pull it out.

But very soon, she discovered a powerful and vigorous divine essence shielded her whole body, immediately reducing her pressure significantly.

Yu Jing looked at Ye Yuan in astonishment. Only then did she discover that the Third Firmament Divine Lord Ye Yuan was completely fine until now!

Now, he actually still had excess divine essence to come and help her.

How did this guy do it?

Feeling that powerful divine essence around her that was much more powerful than her own, she thought to herself that it was no wonder Ye Yuan could kill the Raging Fire Centipede.

This person was not simple!

"Thank you, Ye Yuan!" Yu Jing said from the bottom of her heart.

Ye Yuan smiled and said, "Elder Sister Jing, you've already said thank you many times!"

Yu Jing's face turned red and she said, "I ... Apart from saying thanks, I don't know what I should say."

Ye Yuan smiled and was just about to speak when suddenly, the mountains shook and the earth quaked ahead.

Bang!

A white enormous bug suddenly scurried out from underground and bit towards Ye Yuan.

The four people who were currently running in front were taken aback with fright by this sudden turn of events.

Duan Peng's expression changed and he said, "Shit, this is the bug king! Looks like it has peak middle-stage rank four strength! The two of them are in danger!"

The position where the bug king appeared did not deviate to either side and just nicely cut off the six people, blocking Ye Yuan two people.

When Luo Yong saw this scene, his face revealed an unnatural look of joy.

Even though Ye Yuan saved him just now, he still wished for Ye Yuan to go die!

Yu Jing's face turned white as a sheet and exclaimed, "Ye Yuan, be careful!"

This sudden turn of events was too abrupt, catching the two people off-guard.

It was already too late to want to avoid it.

Yu Jing wanted to push Ye Yuan away and confront that enormous bug herself, but she discovered that she could not push at all.

Right at this time, Ye Yuan's left hand threw a claw out with dragon roars howling endlessly.

Divine Dragon Trampling Heaven!

Bang!

A loud noise came over, Ye Yuan and the enormous bug each retreated several steps.

Yu Jing got a big shock. She did not expect that Ye Yuan's strength was actually this strong.

This bug king's aura was clearly significantly stronger than her, already reaching peak middle-stage rank four.

Ye Yuan, in his haste, actually fought to a draw with it!

Duan Peng and the rest also had shocked faces, not expecting that Ye Yuan was actually safe and sound.

"It turns out that Ye Yuan is actually even a body-cultivator. Furthermore, his strength is already at the middle-stage fourth transformation!" Duan Peng said with surprise.

Luo Yong even thought that Ye Yuan was dead for sure, so how could he have known that Ye Yuan's strength was actually so powerful. He laughed coldly and said, "Boss Duan, I've long said that this brat is unreliable! He hid his strength, pretending to be a pig in order to eat a tiger! I think that he's hiding a malicious intent. Yet, you all still believed his words."

Duan Peng looked into the distance, expression gloomy and uncertain, and also could not quite make a decision for some time.

Those in their line of profession, no one would really trust.

In this Skydemon Mountain Range, the most terrifying thing was not fierce beasts but the human heart!

Regarding Luo Yong and Ye Yuan two people's conflict, he had actually been sitting it out and watching the fight all along.

As long as it did not affect his journey, no matter how these two people quarreled, it did not hurt the important essentials.

But he discovered now that the things Ye Yuan hid were too many.

What Duan Peng did not expect the most was that Ye Yuan's strength was actually so powerful.

Just now, the bug king suddenly emerged. If it were him, he might not come out unscathed either, but Ye Yuan did it!

Looking at it this way, Ye Yuan's strength was already not beneath his.

While over there, with this delay, Ye Yuan and Yu Jing were surrounded by the Firecloud Ice Edge Bugs very quickly.

Yu Jing shouted, "Boss Duan, quickly come over and help!"

Luo Yong looked at Yu Jing, a spiteful look on his face. Suddenly, he gritted his teeth and said, "Boss Duan, you have to think clearly! Bringing this kid with us, weal and woe are unknown!"

Yu Jing saw that the few of them did not have any movements and said in a great panic, “Ye Yuan, you can definitely get out yourself, don’t care about me!”

Ye Yuan’s expression suddenly turned dark and he said, “Shut up! Let’s go out together! Hold me tight, don’t let go!”

Being shouted at by Ye Yuan like this, Yu Jing was immediately frightened until she did not dare to make a sound anymore, grabbing onto Ye Yuan’s hand tightly, not daring to loosen up.

Ye Yuan’s figure moved swiftly, rushing over towards the bug king.

Divine Dragon Trampling Heaven!

Ye Yuan blasted a move out once more, exchanging a blow with the bug king!

One human and one bug retreated several steps again!

If it was Ye Yuan alone, he naturally did not fear this bug king.

If not for the sake of finding the antidote, Ye Yuan would be able to kill this bug king with one sword.

But now, he needed these Firecloud Ice Edge Bugs to bring him to go find the antidote.

Once he killed the bug king, these Firecloud Ice Edge Bugs would definitely scatter and flee in all directions, and finding the antidote would be impossible.

As for spatial law, he used it straight away when he encountered the bug king just now, but it was negated by the other party!

This bug king seemed to be very sensitive towards spatial fluctuations.

Hence, Ye Yuan chose to confront head-on!

After retreating with his move, Ye Yuan forcefully endured the counter-shock and did not stop in the slightest, charging once more.

Another Divine Dragon Trampling Heaven!

Bang!

Powerful aftershock dispersed in all directions, directly sending those Firecloud Ice Edge Bugs that attempted to come close flying out, unable to approach at all.

Following that, the third time, fourth time, fifth time!

This bug king’s strength was truly formidable. If it were the average Sixth Firmament Divine Lord, they would also be shocked into minced meat by Ye Yuan’s uninterrupted Divine Dragon Trampling Heaven.

But, this bug king was just repelled back several steps each time, then welcomed Ye Yuan’s assault once more.

Blue patterns flashed on Ye Yuan’s body, his fleshy body erupting with unparalleled endurance. launching an assault time and again.

Far away, Duan Peng, Luo Yong, and the rest were all dumbstruck with amazement.

That series of loud noise gave them an incomparably strong impact.

This level of power was sufficient to utterly crush them!

“So strong! Could this guy’s body be forged from meteoric iron?”

“This is killing 800 of your enemy and losing 1000 of your own! No matter how strong the physical body, it still can’t withstand the execution of such martial technique!”

Luo Yong laughed coldly and said, “Heh heh, he still wants to be a hero to rescue the beauty! I think that he’s almost reaching the limits too, right?”

Duan Peng’s expression flickered incessantly. He was still struggling whether or not to take action.

Ye Yuan was like a madman, launching assaults again and again, clashing with the bug king.

Suddenly, Duan Peng clenched his teeth and charged over toward the bug king.

However, right at this time, Ye Yuan launched the 13th assault!

Rumble!

The bug king was directly smacked flying out by the dragon claw!

This time, it was unable to stabilize its figure anymore.

When Ye Yuan saw this, he could not help being overjoyed, grabbing Yu Jing and rushing over.

“Go!” Ye Yuan shouted loudly at the Duan Peng who rushed over, immediately speeding over.

Duan Peng looked at this scene in shock and was speechless for a while.

This guy assaulted 13 times consecutively, displaying such a powerful martial technique, and was actually still brimming with vigor currently!

But he also did not dare to stay, immediately running around and fleeing.

After that bug king landed, it crawled up very quickly, lifted its head to the sky, and gave a long roar.

Those Firecloud Ice Edge Bugs received its summoning and pounced toward Ye Yuan and the rest once more.

#### **Chapter 1736: Netherworld Dark Fragrance Flower**

“Retreated! They retreated!”

The few people were currently running when those Firecloud Ice Edge Bugs retreated like tidewater, including that bug king which also did not dare to come over anymore.

Seeing this, the few people all heaved a long sigh in relief.

This sea of insects was truly too scary, making them have a feeling of making a trip to and back from the gates of hell.

“Puhwark!”

Stopping, Ye Yuan’s injuries could no longer be suppressed and started vomiting blood in large mouthfuls.

Yu Jing’s expression changed and she hurriedly supported Ye Yuan and said, “Ye Yuan, are you alright?”

Ye Yuan waved his hand and said rather feebly, “I’m fine. I won’t die!”

Yu Jing had a remorseful look. She knew that Ye Yuan would only be injured so badly in order to protect her.

Otherwise, with Ye Yuan’s strength, that bug king could not stop him at all.

“Heh heh, the hero rescuing the beauty always need to pay some price!” Luo Yong said with a cold smile.

The moment Yu Jing heard this, she immediately exploded and scolded angrily, “Surnamed Luo, what do you mean? Just now, asking you all for help, none of you acted. Now, making irresponsible and sarcastic remarks, can you be more shameless?”

Luo Yong had always hankered after Yu Jing a lot. But looking at the current situation, he knew that he had no more hope.

Hence, the original enthusiasm became resentment.

This was the so-called, giving birth to hatred because of love, right?

Luo Yong smiled coldly and said, “Yu Jing, you don’t get deceived by this brat anymore! He concealed his strength, sneaked into our team. So who knows what’s he trying to do? If he’s open and aboveboard, why couldn’t he tell us earlier?”

Yu Jing responded with a cold smile, “Don’t think others to be as filthy as you!”

Ye Yuan waved his hand and said, “Stop quarreling, I’ll recover a bit!”

He fished out a medicinal pill and consumed it, and started to meditate on the spot.

Soon after, he regained more than half of his strength.

When everyone saw this scene, each and every one of them was extremely shocked.

The medicinal effects of this medicinal pill was also a little too good, right?

“This place is already the central-area of the earth-fire. If my conjectures are right, the antidote should be around here,” Ye Yuan got up and slowly said.

Duan Peng said, “But, how do we know what object can cure the poison here?”

Ye Yuan smiled slightly, extended his hand, and flipped it. A milky-white bug appeared in the palm of his hand. It was shockingly a Firecloud Ice Edge Bug.

The bug was very ferocious, having the appearance of baring its fangs and brandishing its claws. But it had restrictions laid down by Ye Yuan and could not break free at all.

“Using this to find it!”

The moment Yu Jing saw this, she could not help saying in surprise, “Under that sort of situation earlier, you actually still had time to capture a Firecloud Ice Edge Bug?”

Ye Yuan smiled and said, “Casually caught one, this thing is too weak.”

Everyone was rendered speechless!

Weak? This was a rank four fierce beast!

Ye Yuan opened his and started to turn around on the spot.

Suddenly, the bug in Ye Yuan’s palm became restless. Ye Yuan’s eyes lit up and walked over in that direction.

When everyone saw this scene, they could not help clicking their tongues in wonder.

Turned out that one could still use this kind of method to find the antidote, truly an eye-opener.

Ye Yuan kept on walking forward in that direction. The Firecloud Ice Edge Bug became more and more restless.

Suddenly, a stretch of dark-red little flowers appeared ahead.

The Firecloud Ice Edge Bug in Ye Yuan’s hand suddenly became incomparably frenzied, colliding around inside the restriction wildly. Then there was no more movement.

The moment everyone looked, it turned out that the Firecloud Ice Edge Bug was actually already without vitality. It died!

Yu Jing forcefully suppressed the joy in her heart and said with a hopeful look, “Ye Yuan, these flowers wouldn’t be ...”

Ye Yuan nodded his head and said, “That’s it, won’t be wrong!”

Duan Peng said with a doubtful look, “What flower is this? I never seemed to have heard of it before!”

Those in their line of work, even though they were not as proficient as alchemists, the vast majority of spirit medicines, they recognized them.

But this dark-red small flower, even though it brimmed with spiritual energy and the grade was not low, they had never seen before and also never heard before.

Ye Yuan smiled and said, “Never heard before, then it’s right. If everyone has heard of it before, how can a Five-star Alchemy God possibly be helpless to do anything about the Firecloud Ice Edge Bug’s poison? The Firecloud Ice Edge Bug is rare to begin with. The spirit medicines able to resolve its poison were naturally even rarer.”

Upon thinking, Duan Peng thought so as well. If it was a spirit medicine that everyone knew, this poison would be nothing unusual.

Ye Yuan was not long-winded, putting away these spirit medicines swiftly, and did not have the intention of allotting with the rest.

But Luo Yong was indignant and said unhappily, "Brat, what do you mean by this? This is, at any rate, a rank four spirit medicine too, could it be that you want to pocket it alone?"

But Ye Yuan said indifferently, "A spirit medicine whose name isn't even known, you plan on taking it to go sell for money? Don't waste things, alright? This thing placed in your hands is called a wanton waste of God's good gifts. Placed in my hands, it might be able to yield unusually brilliant results. Moreover, what qualifications do you have to compete with me? Don't you forget, we still have to pass through the Firecloud Ice Edge Bugs' territory to go back!"

At this time, Ye Yuan finally revealed his imposing side, momentum threatening, forcing Luo Yong to not dare to look him in the eyes.

At the start, he just did not stoop to haggle over it with this kind of person.

He did not expect that this guy jumped more and more merrily. Until now, he still did not figure out his standing, then he had no need to be courteous anymore.

These people were merely guides for Ye Yuan.

Luo Yong's face turned stiff when he heard that, and was taken aback by Ye Yuan's powerful aura, and actually did not dare to look Ye Yuan in the eyes anymore.

Not just Luo Yong, even Duan Peng also could not quite bear it and opened his mouth to smooth things over and said, "H-Haha, this trip was all Brother Ye putting in the effort. These things should be obtained by Brother Ye. Moreover, this flower can only treat the Firecloud Ice Edge Bug's poison. So its usage won't be too broad either. The price won't be too high. Old Luo, just let it go!"

When Luo Yong heard that, he also took the chance to back down. Giving a cold snort, he stopped talking.

Ye Yuan said coolly, "Hurry up, we shouldn't stay in this place for long!"

"Roar!"

His voice had yet to fade when a roar was heard from the dense woods.

Everyone's faces changed, taking off running!

Ye Yuan sprinted wildly along the way, maintaining composure on the surface. But actually, he was long already overflowing with joy in his heart.

These people did not recognize this dark-red little flower, but he recognized it!

This small flower was called Netherworld Dark Fragrance Flower, a rank four spirit medicine extremely abundant in spiritual energy.

Using it to refine cultivation medicinal pills, the medicinal effect was more than 10 times of ordinary medicinal pills!

It was just that this flower was seriously too rare. Even the Heavenly Empyrean Immortal Grove back then had merely just seen it once.

He did not expect that this thing actually still had the function of resolving the Firecloud Ice Edge Bug's poison.

Placed in the world, a medicinal pill could sell for a price of at least 100 billion too!

So many Netherworld Dark Fragrance Flowers, the value was simply immeasurable!

But just as Ye Yuan said, only by placing this spirit medicine in his hands could its true value be displayed.

Placed in other people's hands, it was simply a wanton waste of God's good gifts.

However, the medicinal pills that Ye Yuan currently used for cultivation were already pretty much depleted. It was precisely the time of shortage between two harvests.

Now, finding so many Netherworld Dark Fragrance Flowers, he did not need to worry about cultivation for a very long period of time in the future anymore.

This kind of treasure, Ye Yuan naturally would not let them land in these people's hands.

### [Unrivaled Medicine God](#)

#### **Chapter 1737: Betrayal**

It was extremely smooth when they came out. Ye Yuan held a Netherworld Dark Fragrance Flower in his hand. So those Firecloud Ice Edge Bugs did not dare to approach at all. Even the bug king also did not dare to easily come forward.

It could be seen from this that this thing was really the Firecloud Ice Edge Bugs' nemesis.

Following that, the party stepped onto the road of finding the Silverwing Earthspirit Fruit.

And in this party, Ye Yuan's status was also quietly changing.

At first, everyone felt that his strength was lacking and that he was here to take advantage of benefits.

But now, everyone knew that Ye Yuan could forcefully contend with the bug king. He absolutely had the strength to contend for superiority with Duan Peng and Luo Yong.

After half a month, under Duan Peng's leadership, the party finally arrived near the proximity of that cave.

Duan Peng's expression suddenly changed and he said, "Not good, someone came before us!"

In the grass patches ahead, some footprints were faintly discernible. Clearly, someone had beaten them to it.

Ye Yuan said, "No need to worry. According to your description, the Silverwing Earthspirit Fruit isn't fully mature currently. Even if someone discovers it, they also would not go and harvest it right now."

Duan Peng's heart eased up slightly, but still became somewhat worried.

Having more competitors, this was not a good thing.

At this point, one could only showcase their true abilities.

Right at this time, seven to eight figures dashed out of the dense words, completely blocking off the road.

The one in the lead was a burly man, holding a large ringed saber in his hand and overwhelmingly intimidating.

Duan Peng's face changed and he cried out in shock, "Qi Dongyu! It's you all!"

Qi Dongyu laughed and said, "Heh, I was wondering who it was, turns out that it's you! Duan Peng, you're also here for the Silverwing Earthspirit Fruit, right? Get lost, this place is taken charge by your father!"

The other squad had eight people. Just the Sixth Firmament Divine Lords had four. Hence, Qi Dongyu did not take Duan Peng seriously at all.

Duan Peng's face fell and he said in a cold voice, "Qi Dongyu, what right do you have to do this? This place was discovered by me first!"

Qi Dongyu burst into laughter and said, "You discovered it? Hahaha, Duan Peng, do you feel that I am bored and specially came to amuse me? What right? Based on the fact that I win in numbers! Eh? Isn't this Younger Brother Luo Yong?"

Qi Dongyu suddenly saw Luo Yong at Duan Peng's side and was clearly a little surprised.

When Luo Yong saw Qi Dongyu, he was immediately wildly ecstatic inwardly.

Qi Dongyu seeing him at this time, he chuckled and said, "Elder Brother Qi, I didn't expect to run into you here! F\*cking hell, I have had enough! Elder Brother, I'll join you all right now!"

As he said, Luo Yong's figure moved, directly dashing over.

Duan Peng's face changed and he said in a cold voice, "Luo Yong, what's the meaning of this?"

Luo Yong sneered and said, "What's the meaning? Heh heh, along the way, I have had enough of you annoying cowards! You guys opposed me in all aspects for this kid, and even hope for me to help you? If not for the sake of the Silverwing Earthspirit Fruit, I would have quit long ago! Now, running into Elder Brother Qi, your father naturally has to join their company!"

The moment Yu Jing heard this, she said angrily, "Luo Yong, it was clearly you who made things difficult for Ye Yuan in all aspects along the way. Now, you're actually playing the blame game!"

Luo Yong smiled coldly and said, "You slut, shut up for your father! You clearly know that I'm interested in you, yet you engage in lovers talk with this gigolo along the way! It was on purpose, wasn't it?"

Duan Peng said in a solemn voice, "Luo Yong, you dare to betray your team! Do you still want to survive in this circle in the future?"

Qi Dongyu had been observing from the sidelines all along and already pretty much understood the situation on Duan Peng's side.

Seeing Duan Peng questioning, he spoke up, "You rest assured, no one will know. These few are all brothers that this Qi can trust. If they don't say, naturally no one will know."

This meaning was already very clearly, they were prepared to murder them to keep their mouths shut at this time.

Hearing that, Duan Peng's expression changed drastically, but Luo Yong got it and let out a wild laugh as he said, "Hahaha, Duan Peng, do you see it? This is called brothers! Want to blame, blame that brat!"

Qi Dongyu said to Luo Yong, "Coming out this time, I was originally going to call you, Brother. Seeing that you haven't returned yet, I missed you. But I didn't expect to meet here."

These two people were the so-called people of the same ilk being drawn to each other. Their relationship was very good.

Otherwise, Luo Yong also would not immediately turn traitor the moment he saw Qi Dongyu.

Luo Yong said with a loud laugh, "Elder Brother, this trip, this Luo doesn't want anything. Just kill this kid! I hope that Elder Brother will lend me a helping hand!"

Qi Dongyu looked at Ye Yuan rather surprisedly and laughed in spite of himself as he said, "Younger Brother Luo, against a Third Firmament Divine Lord, you actually still need me to take action? What's with you?"

Luo Yong said with a solemn look, "Elder Brother, don't underestimate this kid. He previously clashed with a peak middle-stage rank four bug king and didn't fall into a disadvantageous situation. His strength is absolutely not behind yours and mine!"

The moment these words came out, the expressions on Qi Dongyu's side all changed slightly.

A Third Firmament Divine Lord could actually clash with a peak middle-stage rank four bug king, this was too fake, right?

However, Qi Dongyu also knew that at this time, Luo Yong absolutely would not crack jokes with him. Hence, he also took it seriously.

"Wang Xiao, the three of you deal with Duan Peng! This kid, I'll attack together with Younger Brother Luo. The others, apart from that girlie, kill them all!" Qi Dongyu arranged things.

Yu Jing panicked when she saw the situation and said, "Ye Yuan, quickly go! With your strength, you can definitely escape!"

Following Luo Yong's betrayal, it was currently a nine-versus-five situation.

Furthermore, among the other side's nine people, there were five who were Sixth Firmament Divine Lord experts!

Even though Yu Jing had witnessed Ye Yuan's strength before, she did not think that Ye Yuan could still defy the heavens under this sort of situation.

Qi Dongyu laughed loudly when he heard it and said, "Escape? Girlie, don't you know that my, Qi's speed, is unparalleled under the heavens? With me around, he'll be hard-pressed to escape even if he grew wings!"

The Ye Yuan who had been silent all along suddenly smiled and said, "Escape? When did I say that I was going to escape?"

Qi Dongyu laughed when he heard that and said, "Punk, very gutsy! However ... it's no use! Resign yourself to fate!"

Ye Yuan ignored him, but looked toward Luo Yong and said, "I didn't fuss over it with you previously, but I didn't expect that you went from bad to worse and even want to doom your companions to death now. People like you shouldn't live in this world!"

Luo Yong laughed loudly and said, "I shouldn't live in this world? Hahaha, Ye Yuan, this is the funniest joke that I've heard since I entered the mountain! Elder Brother Qi, don't talk rubbish with him any longer. Let us make him know who shouldn't live in this world!"

"Okay! I'll challenge this kid, and see if he's as impressive as you said!"

As he said, Qi Dongyu brandished the large ringed saber and hacked toward Ye Yuan.

At the same time, Luo Yong moved too!

With two mighty Sixth Firmament Divine Lords attacking at the same time, the commotion was astonishing.

Especially Qi Dongyu, his speed was really very fast.

The seemingly cumbersome great ringed saber arrived in front of Ye Yuan's face in a blink of an eye.

Ye Yuan's expression did not change, a seal rapidly forming in his hand!

Swoosh!

Ye Yuan displayed spatial law, dodging Qi Dongyu's saber nimbly. Taking the chance where his saber momentum already died down, the seal suddenly released!

Nirvana Seal!

Luo Yong knew that Qi Dongyu's saber could not hack Ye Yuan and was just about to follow up with a sword, but discovered that a terrifying energy undulation was sent towards him!

Bang!

A loud bang, Luo Yong directly flew out backward, fresh blood spraying wildly, his aura withering rapidly.

"You seemed to have misunderstood something. Not killing you is because you're too weak, and not because you're too strong," Ye Yuan said coolly.

## [Unrivaled Medicine God](#)

### **Chapter 1738: Clay Chickens and Pottery Dogs**

With one seal, Luo Yong was heavily injured and dying!

With Ye Yuan's realm getting higher and higher, the power of the Nirvana Seal also grew with each passing day.

Back then, when Ye Yuan just entered Third Firmament Divine Vortex, his strength already surpassed the Sixth Firmament Divine Lord Xiahou Yun.

Now, he already reached peak Third Firmament Divine Vortex. Strength like Luo Yong's was not worth mentioning at all in front of him.

What was laughable was that he even provoked Ye Yuan along the way.

Getting hit by the Nirvana Seal, Luo Yong's vitality was rapidly fading away, his eyes full of disbelief.

He knew that Ye Yuan was very strong, but he never thought that when Ye Yuan fought with the bug king, it was actually not his full strength yet!

A body cultivator?

It was simply a joke!

How could he know that back then Yuan was just restricted by all sorts of conditions? It was not convenient to kill the bug king; that was all.

What was exhibited was naturally not his true strength.

At this time, the others also stopped fighting, looking over toward this side in surprise.

Qi Dongyu's expression was very ugly. His saber actually could not even touch the corners of Ye Yuan's sleeves!

Spatial law!

Was this kid a freak?

How could he comprehend such a mysterious power of law?

"E-Elder Brother Qi, s-save me!" Luo Yong used the last of his strength and shouted.

Qi Dongyu's expression changed several times. Suddenly, he said savagely, "You damn thing, to actually dare scam me! Go and die!"

Finished talking, Qi Dongyu swung the great ringed saber, a streak of saber light cleaved over.

The pitiful Luo Yong was directly cleaved into two.

Before dying, he was still hoping for Qi Dongyu to save me. Who knew that Qi Dongyu gave him a slash with a backhand.

Qi Dongyu ended Luo Yong with one saber, cupped his fists at Ye Yuan, and said with a smile, “Haha, Little Brother, misunderstanding, it’s all a misunderstanding! This Luo Yong was clearly making use of me. I hope that Little Brother doesn’t take it to heart.”

This scene turned around too quickly, everyone was dumbstruck with astonishment.

This Qi Dongyu was also a little too shameless, right?

But in the Skydemon Mountain Range, this kind of thing would frequently happen. After the surprise, everyone felt at ease.

In this place, there were only eternal interests, no forever enemies.

Duan Peng also heaved a long sigh in relief. He did not expect that Ye Yuan’s strength was actually so powerful, one-shotting Luo Yong in one move.

Clearly, Qi Dongyu felt that he was not to be trifled with and shrink back.

Ye Yuan had been watching from the sidelines with cold eyes all along, watching Qi Dongyu perform.

But at this time, Ye Yuan said with a faint smile, “Misunderstanding? I don’t think that it’s a misunderstanding! If my strength was lacking, the one lying on the ground right now would be me, isn’t it?”

Qi Dongyu said with an awkward look. “This ... This ... was really just a misunderstanding! Little Brother, we wouldn’t reach a concord without discord. In the future, I, Qi Dongyu, will be making friends with you!”

Ye Yuan looked at Qi Dongyu and said with a smile that was not a smile: “Looks like you haven’t figured out the situation! Becoming friends with me, are you worthy?”

Qi Dongyu’s expression changed and his face turned sullen as he said in a solemn voice, “Brat, we’ll have a chance to meet again! In this Skydemon Mountain Range, everybody will meet sooner or later. Must you insist on fighting to the death? Your strength is pretty good, but we have four Sixth Firmament Divine Lords. If we really fight it out to the bitter end, it’s still unknown who lives and dies!”

The moment Ye Yuan heard, he smiled and said, “You’re really confident!”

Qi Dongyu smiled coldly and said, “Confident? Your father has roamed unobstructed in the Skydemon Mountain Range for so many years, how could I survive without a little confidence? Wang Xiao, looks like this little brother wants to test our skills. Attack together!”

Those three Sixth Firmament Divine Lords also gathered over when they heard that.

Duan Peng had just let out a sigh in relief, thinking that this matter was over. Did not expect that Ye Yuan actually refused to drop the matter!

Although Ye Yuan was very strong, fighting two-on-four was still too disadvantageous.

But at this time, his only option was to stand together with Ye Yuan.

But Ye Yuan said coolly, "Boss Duan, you just watch by the side. Just a bunch of clay chickens and pottery dogs, this young master doesn't pay any attention to them yet."

Everyone was taken aback. Qi Dongyu let out a big laugh and said, "Hahaha, a fine clay chickens and pottery dogs! Your father wants to see if you have real skills or you're bragging!"

Ye Yuan drew the Junyi Sword and said coolly, "Wouldn't you know if you try it?"

While talking, an overpowering sword intent surged to the sky, his figure also became illusory.

Qi Dongyu's countenance suddenly changed and he cried out, "Laws fusion!"

However, there was already no time for him to be shocked. Ye Yuan already rushed over.

Ye Yuan who displayed spatial law, how fast was his movements?

He did not employ the Spirit Concealing Sword at all. Ordinary laws fusion, the power was already exceedingly formidable.

Ye Yuan rushed into the midst of the four, akin to a tiger entering a flock of sheep, suppressing until the four people could not lift their heads at all.

In a blink, the four people's bodies were all injured.

Ye Yuan caught a gap, thrust a sword out, and pierced over towards Qi Dongyu's heart.

Qi Dongyu was greatly alarmed, wanting to dodge was already too late. He instinctively raised the great ringed saber to block.

Clank!

A crisp sound of metal clashing came over. Qi Dongyu's pupils gradually widened, his vitality rapidly fading away.

Ye Yuan's sword broke the great ringed saber into two, the remnant force not reducing, going straight into the heart.

"Do you think you're clay chickens and pottery dogs or not?" Ye Yuan said coolly.

The other three people gasped heavily for air, their bodies all sustaining considerable injuries, eyes full of horror.

This Third Firmament Divine Lord in front of them was too strong!

Strong until it made people despair!

Duan Peng watched until his face turned white and said in shock, "Qi Dongyu's Ghost King Great Ringed Saber is a middle-grade divine lord mystic treasure. It ... It was actually cut in half by a sword!"

Although Ye Yuan's sword was a high-grade divine lord mystic treasure, wanting to break a middle-grade divine lord mystic treasure was also not that easy.

One could imagine how powerful the force on Ye Yuan's one sword was!

Ye Yuan put away the long sword. Qi Dongyu fell to the ground weakly and was already devoid of life.

How could Wang Xiao three people still dare to make a move? Directly kneeling down, he said with a mournful face, “Y-Your Excellency, spare our lives! This lowly one ... This lowly one had eyes but failed to recognize Mount Tai! I beg Your Excellency to spare our lives!”

Ye Yuan ignored them and said to Duan Peng, “Boss Duan, these people will be left to you to deal with.”

This kind of thing, Boss Duan was naturally the most adept.

He sized all of the things these people entered the mountain with, then directly made them get lost.

Since Ye Yuan left it to him to deal with, he naturally did not have the intention of killing anymore.

Duan Peng had lived for so many years, he could naturally perceive this.

Qi Dongyu’s party really acquired quite a number of good things. They could be sold at a high price.

Of course, these natural treasures, Duan Peng naturally let Ye Yuan have the first pick.

Regarding spirit medicines, Ye Yuan had always welcomed all that came. He picked some that he needed. But the rest, he did not take fancy to them.

Done with all this, only then, did everyone let out a sigh in relief. Gazes that looked at Ye Yuan again were already totally different.

Even Duan Peng, his eyes when looking at Ye Yuan was also full of awe.

“Alright, it’s also about time. The Silverwing Earthspirit Fruit is likely about to mature. Those Purple-eyed Devil Apes are probably unable to hold themselves back anymore. In a while, I’ll go lure the Purple-eyed Devil Apes away. You guys go and pick the Silverwing Earthspirit Fruit and Green Vine Emerald Net Flower. Bring this powder on you. If those Darknight Poison Bats attack you guys, scatter this over, they won’t dare to get close.”

As he said, Ye Yuan fished out several packets of medicinal powder and threw it to the few people.

#### **Chapter 1739: Purple-eyed Devil Ape**

The party quietly sneaked over toward the cave. Suddenly, a series of roars came from in front.

Ye Yuan’s expression changed and he said, “Not good, this aura ... The Purple-eyed Devil Ape went berserk!”

The other people’s faces also turned pale. The horrifying aura coming from in front made their hearts palpitating.

Duan Peng’s complexion was ashen as he said, “Once the Purple-eyed Devil Ape goes berserk, its strength rivals a Seventh Firmament Divine Lord! This ... What should we do?”

Everyone seemed to be in deep thoughts due to his words. But this was interrupted when they saw a Purple-eyed Devil Ape in a bloody battle with a behemoth.

That behemoth's strength was also peerlessly powerful, already reaching peak middle-stage rank four!

However, the Purple-eyed Devil Ape after going berserk was obviously a notch stronger!

A pair of enormous fists were like two cannonballs, beating that behemoth until it did not have the slightest strength to retaliate.

Ye Yuan's eyesight was excellent, one look and he saw that the Silverwing Earthspirit Fruit within the cave was already mature!

This behemoth was clearly drawn over by it.

Once the Purple-eyed Devil Ape took care of this behemoth, it would definitely go pluck the Silverwing Earthspirit Fruit straight away.

"It's a Scarlet Armored Beast! No wonder it could force the Purple-eyed Devil Ape to go berserk!" Ye Yuan said.

Yu Jing sensed the Purple-eyed Devil Ape's raging strength. Her face was white as a sheet of paper as she said, "Ye Yuan, why don't ... we give up? This Purple-eyed Devil Ape is too powerful. Even though your strength is strong, but ..."

Yu Jing did not continue, but her meaning was already very clear.

Ye Yuan most likely was not this Purple-eyed Devil Ape's match, so it was better to not take the risk.

Everyone had a score in their hearts. Even though Ye Yuan's strength was extremely powerful and could even one-shot Sixth Firmament Divine Lord powerhouses, facing off against Seventh Firmament Divine Lords, it was still not enough.

Between a Seventh Firmament Divine Lord and a Sixth Firmament Divine Lord, there was a massive bottleneck. The strength difference was tremendous.

If Ye Yuan could break through to become a Fourth Firmament Divine Lord, it would be a cinch.

However, Ye Yuan was only a Third Firmament Divine Lord right now. He was two stages away from the berserk Purple-eyed Devil Ape.

This kind of gap was not what talent could make up for.

After all, between each minor realm of the Divine Lord Realm, the gap was tremendous too, let alone two stages.

Duan Peng opened his mouth and did not speak.

He knew that he did not have the right to speak currently.

But letting him retreat right now, he was indeed unwilling.

Accompanying Ye Yuan into the Evil Water Ravine, he took on a great risk too.

In the end, it was all for naught, how could he be willing?

Right at this time, they could hear a loud noise in the distance. The Purple-eyed Devil Ape's iron fist directly blasted the Scarlet Armored Beast flying, causing it to be dead until it could not be any more deader.

Ye Yuan's expression changed, his figure scurrying out like lightning.

"Carry out according to the original plan!"

Throwing down this sentence, Ye Yuan's figure disappeared.

When he appeared again, he already swept to the vicinity of the Purple-eyed Devil Ape.

The four people's expressions changed drastically, not expecting that Ye Yuan was actually so decisive. Wanting to stop it was already too late as well.

Duan Peng's expression changed several times and he gritted his teeth and said, "Brother Ye is truly someone who values friendship. Being able to find him this time was my, Duan Peng's, blessing!"

Among the Skydemon Mountain Range's teams, being able to run into this kind of friend, that was really a rare species.

Yu Jing said with a worried look, "Yeah, Brother Ye is a good person!"

As the saying went: a friend in need is a friend indeed. It was pretty much like this.

Facing a powerful adversary, Ye Yuan stepped forward bravely without any hesitation. This sentiment, who could remain unmoved?

Ye Yuan stepped into the void and rushed over toward the cave. His goal was shockingly the Silverwing Earthspirit Fruit!

The Purple-eyed Devil Ape had just resolved a powerful foe. It did not expect another one to spring out again, it was angered until it bellowed wildly.

It was currently in a berserk state. Its aura was extremely powerful.

Seeing Ye Yuan, it raised its hand. It was a punch, the speed swift to the extreme.

With the Purple-eyed Devil Ape under a berserk state, regardless of whether it was power or speed, it soared dramatically.

Even if Ye Yuan used spatial law, the difference was still too big.

In the time it took for sparks to fly off a flint, Ye Yuan clashed with the Purple-eyed Devil Ape.

The moment he made his move, it was his strongest attack!

Spirit Concealing Sword

Rumble!

Ye Yuan felt his internal organs shifted positions, figure flying out backward, fresh blood spurting wildly in the air.

But the Purple-eyed Devil Ape was also not much better. This sword of Ye Yuan was incomparably swift and fierce and actually opened up a wound on its chest.

“Roar!”

“Roar!”

The Purple-eyed Devil Ape was thoroughly enraged. A Third Firmament Divine Lord human actually injured it!

Fierce beasts had savage and cruel temperaments to begin with. Under its rage at this time, it went even more utterly crazy.

In the distance, Duan Peng and the rest revealed appalled looks, looking at this scene in extreme shock.

“So strong! Turns out that this is Brother Ye’s true strength! That sword earlier was really too terrifying!” Duan Peng said in shock.

“A Third Firmament Divine Lord actually injured the Purple-eyed Devil Ape after going berserk, crossing two stages! This ... This is too inconceivable!”

Yu Jing exclaimed, “No wonder Brother Ye has always been calm and composed. Turns out that Luo Yong they all were simply clowns jumping around in his eyes!”

Ordinary Third Firmament Divine Lords, forget about clashing with the Purple-eyed Devil Ape, they could be smacked into minced meat by a palm-wind of the other party more than several hundred feet away.

But Ye Yuan actually forcefully exchanged a blow with the Purple-eyed Devil Ape and even injured the other party. This subverted common sense too much.

Suddenly, Duan Peng’s face changed and he said, “Wait, after this guy goes berserk, regardless whether defense or recovery ability, it can be rated as freakish! This bit of injury is simply nothing to it!”

It was only to see the wound on the Purple-eyed Devil Ape’s chest in the midst of recovering at a speed visible to the naked eye.

“Roar!”

“Roar!”

The Purple-eyed Devil Ape lifted its head to the sky and gave a long roar, pounded its chest twice fiercely, then its figure flew out like a cannonball!

Ye Yuan also did not expect that this Purple-eyed Devil Ape was actually so powerful.

That sword just now was virtually his strongest attack already. It actually only left behind a shallow wound on the other party’s body.

But his goal was not to clash head-on with the Purple-eyed Devil Ape but to draw the other party away.

Hence, he borrowed the counter-shock, figure dashing out like lightning.

“So fast!”

Ye Yuan was secretly shocked in his heart. This Purple-eyed Devil Ape's speed seemed to exceed his expectations.

Ye Yuan who comprehended spatial law, his speed far surpassed ordinary people's. Even Sixth Firmament Divine Lords also could not keep up with his speed.

But this Purple-eyed Devil Ape after going berserk was actually even faster than him!

Ye Yuan had already not felt such a strong sense of oppression for very long. He did not expect that he was forced to such a degree by a fierce beast today.

One ape and one human, both figures were extremely swift, vanishing from everyone's line of sight in a blink.

Duan Peng brought everyone and revealed their figures, speeding over in the direction of the cave swiftly.

Yu Jing was very flustered and said, "That Purple-eyed Devil Ape's speed is so fast. Brother Ye will ... will be fine, right?"

Yu Jing was very worried about Ye Yuan, her words already carrying sobbing.

Duan Peng's expression was also very ugly, but he still said, "This is the chance that Brother Ye risked his life to create for us. If we can't even do this well, then we'd be letting him down too much! Brother Ye is a lucky fellow. He'll definitely be fine!"

#### **Chapter 1740: Time Lag**

Time Lag Not far away, there was a plant, as tall as half a normal person's height. On the plant, seven to eight blueish-white fruits were growing on it. They were shockingly the Silverwing Earthspirit Fruits.

Duan Peng few people went up and collected all of these Silverwing Earthspirit Fruits into their bags, without any obstruction.

Following that, they walked toward the depths of the cave and indeed discovered a large area of Green Vine Emerald Net Flowers.

Duan Peng said with vicissitudes of emotion: "Brother Ye is truly a rare talent, knowing the habits of these spirit medicines like the palm of his hands!"

Yu Jing said, "He can even resolve the poison of the Firecloud Ice Edge Bug, so what does this bit count for?"

Duan Peng nodded his head and said, "Everybody, get ready! Be careful of the Darknight Poison Bats' sneak attack!"

The few people nodded in response, preparing the powder that Ye Yuan gave.

At this point, they were already thoroughly convinced in Ye Yuan's strength.

Ye Yuan said that this powder was useful, then it was definitely useful.

Otherwise, these Darknight Poison Bats' danger level was not the slightest bit inferior to the Purple-eyed Devil Ape's. How could they dare to move?

The few people made preparations and started gathering the Green Vine Emerald Net Flowers.

Right at this time, a series of wing-flapping sounds came from within the cave.

Only to see a densely packed large swarm of bats pouncing over towards the four people viciously.

These bats were all the size of a human head, fierce-looking, looking incomparably ferocious.

"Withdraw!"

Duan Peng suddenly gave a loud roar, directly scattering the powder Ye Yuan made into the air. The others also did the same.

"Squeak, squeak!"

The originally aggressive and fierce Darknight Poison Bats suddenly gave off shrill screams.

Those bats stained by the powder struggled for a moment and turned into a pool of blood very quickly.

The other Darknight Poison Bats were also akin to facing a great enemy, circling around in the sky, not daring to approach.

When the few people saw this scene, they could not help being dumbfounded with shock.

"This powder is so powerful, rank four fierce beasts were exterminated in a blink of an eye!"

"This thing is simply like corpse-melting powder, but the power is God knows how many times greater!"

Duan Peng was secretly alarmed and said in a solemn voice, "Move faster!"

The few people did not dare to delay, putting away these Green Vine Emerald Net Flowers hurriedly.

Those Darknight Poison Bats watched the few people's actions helplessly but did not dare to move forward.

The powder suffused in the air was a deadly threat to them.

Duan Peng and the rest gathered all of these Green Vine Emerald Net Flowers and also retreated hurriedly.

When the few people exited the cave, a peerlessly powerful aura suddenly arrived from the distance with a howl.

Duan Peng's expression changed greatly and he cried out in shock, "Not good, it's the Purple-eyed Devil Ape! Could ..."

Yu Jing's tears flowed down, shaking her head in an unwillingness to believe as she said, "No! Brother Ye he won't die!"

Duan Peng said in a solemn voice, "Now's not the time to be saying this, being caught up by the Purple-eyed Devil Ape, we'd be dead for sure! Quickly run!"

How could the few people dare to stay? All of them mustered their speed to the limits, wanting to shake off the Purple-eyed Devil Ape.

“Roar!”

“Roar!”

The Purple-eyed Devil Ape’s roars arrived close from afar, its speed swift to the extreme.

Duan Peng turned his head to look, his heart immediately turning cold.

That Purple-eyed Devil Ape was extremely berserk right now, with its two enormous eyes emitting a purple light that stirred people’s souls. This was the hallmark of the Purple-eyed Devil Ape being berserk to the limit.

The Purple-eyed Devil Ape under this state, its strength was the most terrifying!

One had to know, even Ye Yuan could not shake off the Purple-eyed Devil Ape, let alone these people.

Among the four people, Yu Jing’s strength was the weakest, her speed also the slowest.

In a whistle, the Purple-eyed Devil Ape already caught up.

Suddenly, Yu Jing stopped, looked at the Purple-eyed Devil Ape with a decisive look, and said, “You animal, to actually kill Brother Ye, I’ll fight it out with you!”

Finished talking, she used all of her strength and rushed over towards the Purple-eyed Devil Ape with a sword.

Yu Jing knew that this was a suicide attack, but she already did not want to run anymore.

When Duan Peng and the rest saw this scene, they could not help turning pale with fright.

But he already revealed a decisive look, gritted his teeth, and said, “F\*cking hell, your father will fight it out with you too! Everybody attack together, avenge Brother Ye!”

Done talking, he suddenly erupted, and actually arrived first despite launching later, charging over towards the Purple-eyed Devil Ape.

However, the devil ape until the purple-eye state, its imposing momentum was truly incomparably dreadful.

Before arriving near it, the four people already felt tremendous pressure, as if their movements also became sluggish.

“Roar!”

The Purple-eyed Devil Ape’s iron arm swept, a terrifying palm-wind swept over!

The palm-wind had yet to arrive and it already blew until the four people were reeling from right to left.

It was not a fight on the same level at all!

The Purple-eyed Devil Ape’s slap was too fast, arriving in front of the four people in a flash.

This palm landing, the four would absolutely die!

At the critical moment, a figure suddenly charged out of the void, shooting straight for the Purple-eyed Devil Ape's eyes!

This was too sudden, even the Purple-eyed Devil Ape did not react as well.

But the Purple-eyed Devil Ape's reaction speed could be rated as fast, the other iron arm immediately smacking its palm over toward that figure.

"Puchi!"

"Roar!"

Duan Peng four people were smacked flying; Ye Yuan who rushed out of the void was similarly smacked flying.

However, the Purple-eyed Devil Ape's eyes were injured by Ye Yuan's swift and fierce sword energy, being in pain until it kept howling.

"Hide further away!"

Ye Yuan spewed out a large mouthful of blood as he shouted fiercely.

Seeing that Ye Yuan was not dead, the four people could not help being overjoyed.

Hearing Ye Yuan's roar, they also abruptly startled awake and dodged far away.

Ye Yuan forcefully suppressed his shocked internal organs once more and put away the Junyi Sword.

Taking the chance when the Purple-eyed Devil Ape was crying out in pain, the Tai Chi Diagram in his hand suddenly appeared!

Far away, when Duan Peng and the rest saw this scene, each and every one of them was shocked until they could not close their mouths.

"This ... This is the legendary Great Dao pill refinement! My god!" Duan Peng said in shock.

Only to see a medicinal pill gradually condense and form in the center of the Tai Chi Diagram.

Previously, the Purple-eyed Devil Ape was chasing Ye Yuan, looking as if it was about to catch up. But the Purple-eyed Devil Ape suddenly turned around and went back in the direction of the cave.

When Ye Yuan saw the situation, he could not help turning pale with fright, knowing that this guy's intellect was rather high, and already realized that this was a scheme to lure the tiger out of the mountains.

Ye Yuan secretly thought to himself that this was not good. At the rate of this speed, the few of them would probably find it very hard to escape.

He knew that this battle was likely unavoidable already.

Originally thought that luring the enemy away from its base could work, who knew that this Purple-eyed Devil Ape's intellect far exceeded his imagination.

But with his current strength, he was not the Purple-eyed Devil Ape's match at all.

In his haste, Ye Yuan's figure shuttled, entering the World Suppressing Stele, and let Ning Tianping urge the Purple Extreme Hall to fly speedily in the direction of the cave.

Inside the World Suppressing Stele's space, Ye Yuan used the Netherworld Dark Fragrance Flower that was just obtained and started to carry out a pill refinement.

Originally, Ning Tianping had been urging the Purple Extreme Hall all along, quietly following Yu Jing and the rest, only waiting for Ye Yuan's refinement to succeed.

Who knew that at this time, Yu Jing actually turned around and clashed head-on with the Purple-eyed Devil Ape.

Helpless, Ye Yuan could only give up on the pill refinement and made a move to sneak attack the Purple-eyed Devil Ape in the time it took for sparks to fly off a piece of flint.

However, the medicinal pill was refined halfway. If it could not refine successfully, it was still death.

This bit of injury was not fatal to the Purple-eyed Devil Ape!

Hence, Ye Yuan directly refined the medicinal embryo inside the Profound Yellow Cauldron and immediately refined the pill with Great Dao!

Because of the time lag, Ye Yuan's medicinal pill already reached the final juncture.

In this short while, Ye Yuan shouted 'condense' fiercely, the medicinal pill was finally refined successfully!
