#### Chapter 1761: Eternal Chess Game “Ask Not”

The white-haired old man changed to a fascinated expression and slowly said, “50 million years ago, my demon race’s Sacred Ancestor High Priest attained Dao. In order to right the demon race’s name, he went to challenge the human race’s Medicine Ancestor! Who knew that these two created a new path, and actually integrated Alchemy Dao into Go, playing an eternal chess game called ‘Ask Not!’”

When he heard that, Ye Yuan said in surprise, “Challenging the Medicine Ancestor! The demon race’s Sacred Ancestor High Priest was actually so powerful?”

The white-haired old man’s face fell, and he said with a black face, “What do you mean? Could it be that our demon race deserves to be worse than your human race?”

Ye Yuan laughed awkwardly and said, “Huhu, Senior, don’t blame me. Junior has always heard that the Medicine Ancestor is only half a step away from stepping into the realm of Dao Ancestor. So I instinctively thought that the Medicine Ancestor is this Heavenspan World’s strongest alchemist.”

In reality, even Dustless was also not clear how powerful the demon race’s Sacred Ancestor High Priest was.

After all, in the eyes of these top characters, Heavenly Empyrean Immortal Grove was merely a junior too.

When the Medicine Ancestor and Sacred Ancestor High Priest played chess, the Heavenly Empyrean Immortal Grove was still at no idea which faraway corner. There was also no Immortal Grove World.

The white-haired old man huffed, but his expression became much more relaxed. Letting out a sigh, he said, “Actually, what you thought is also right. Even though the Sacred Ancestor High Priest was powerful, he was still a hair inferior to the Medicine Ancestor in the end. This game of chess, it was still the Sacred Ancestor High Priest who lost in the end.”

Ye Yuan was secretly startled. He completely did not expect that the demon race’s Sacred Ancestor High Priest was actually so powerful, to be able to contend with the Medicine Ancestor in Alchemy Dao.

In the notion that Dustless indoctrinated to Ye Yuan, the Medicine Ancestor was an invincible existence. It was completely impossible for there to be someone who could rival him in Alchemy Dao.

One had to know, he was an extraordinary person who had half a foot stepped into Dao Ancestor Realm.

In Alchemy Dao, he could be said to be standing at the apex of this world.

However, the Sacred Ancestor High Priest could actually play with the Medicine Ancestor and only lose by a hair.

This strength, you probably could not find a second one in the entire Heavenspan World.

“Senior, losing is losing, why was this chess game called ‘Ask Not’?” Ye Yuan asked.

The white-haired old man glanced at Ye Yuan and said with a smile, "I said that this was a chess game, but actually, it was these two people's understanding of Dao. Back then, when he reached a dilemma, the Sacred Ancestor High Priest sat in front of the chess game for 100 thousand years. In the end, his hair and beard turned white, and he was seriously injured and vomited blood. He finally opened his mouth and asked the Medicine Ancestor just where did he lose. The Medicine Ancestor just smiled and said four words 'Ask not! Ask not!'. The name of this chess game also came from this."

"And then?" Ye Yuan said.

"It was said that the Sacred Ancestor High Priest had always taken this to heart and wholeheartedly wanted to take revenge and redress hatred. But he also knew that his gap from the Medicine Ancestor. Hence, after he returned to the demon race, he established the Priest Temple and took in disciples extensively, in hopes of being able to groom an existence who could contend with the Medicine Ancestor. At the same time, the Sacred Ancestor High Priest even reduced the complexity, engraving many copies of 'Ask Not', and distributed them to each Priest Temple. As long as someone could crack 'Ask Not', they would have the qualifications to directly enter the Priest Temple's headquarters," said the white-haired old man.

"So that's how it is. Looks like the elders want me to beat a retreat in the face of overwhelming odds against me," Ye Yuan smiled and said.

The white-haired old man said with a smile that was not a smile, "Are you scared?"

Ye Yuan smiled as he looked at the white-haired old man and suddenly said, "That day, when Hall Master Di Qiu wanted to kill me, it should have been Senior who helped me resolve my predicament, right?"

The white-haired old man was slightly stunned, then immediately pointed at Ye Yuan and said with a loud laugh, "I knew that it couldn't hide from you, this brat!"

Ye Yuan clasped his hands and said, "Junior thanks Senior for your life-saving grace. However, we've already known each other for more than half a year and Ye Yuan still doesn't know Senior's name."

The white-haired old man said coolly, "This old man has a single character name, Xiu. You can call me Senior Xiu."

Ye Yuan said knowingly, "Senior Xiu goading me is hoping for me to go and attempt it?"

Xiu smiled and said, "For 50 million years, those who could crack the simplified 'Ask Not' were only 11 people! These 11 people are presently all disciples under the Sacred Ancestor High Priest, and also the backbone of our demon race's alchemists. It's just a shame that these 11 people studied for tens of millions of years and are also unable to crack the real 'Ask Not'."

"50 million years and only 11 people, so how does Senior know that I can crack it?" Ye Yuan said with a smile.

Xiu shook his head and said, "Even the 'Ask Not' after simplification studies the mysteries of creation, opens up the mysteries of Great Dao, ordinary people can't pass it at all. A single misstep and one will even lose their lives on their spot. You're endowed with unusual intelligence; your views are unique, I think maybe ... you have a possibility of passing it. How about it? Have the guts to give it a try?"

In this half a year, Xiu sat down and debated on Dao with Ye Yuan. The more they talked, the more he took advantage of the opportunity.

And as time went on, he also became more confident in Ye Yuan's talent.

Hence, that was why he supported Ye Yuan to attempt it.

Ye Yuan smiled when he heard that and said, "How can this kind of thing need Senior to goad? If I had long known that there was such a chess game, I'd probably have long been unable to stand it and went to attempt it."

Hearing Ye Yuan said so, Xiu's expression became solemn instead and he said, "Brat, I know that you're exceedingly talented. But don't look down on this 'Ask Not'! For 50 million years, the geniuses who died under this 'Ask Not', can probably drown an imperial capital when added up!"

This chess game was the game of two supreme powerhouses. The perils contained inside were naturally all-pervasive.

This kind of chess game, dull talents were fine instead.

But once those outstandingly talented ones get caught inside, integrating into the game between the two, it would be extremely dangerous, fatal pitfalls hidden everywhere.

So, the higher the talent, the more miserably one would die instead.

That Ni Kun resorting to this move was actually wanting to borrow 'Ask Not' to kill Ye Yuan.

After all, the talent that Ye Yuan exhibited, everyone all saw it.

Ni Kin did not like Ye Yuan, but it did not mean that he did not acknowledge Ye Yuan's alchemy talent.

Ye Yuan smiled and said, "Where the Dao lies, even if tens of millions oppose, I'll also march forward bravely! If I don't even have this bit of courage, how can I talk about achieving the Great Dao?"

Xiu smacked his thigh when he heard it and said with a big laugh, "Good! This old man indeed didn't misjudge you!"

...

When Ye Yuan found Ni Kun, saying that he wanted to challenge 'Ask Not', Ni Kun was shocked inwardly.

He was currently plotting on how to force Ye Yuan to challenge 'Ask Not'. He did not expect that Ye Yuan delivered himself to the door.

This act made him somewhat stunned.

"You really want to challenge 'Ask Not'?" Ni Kun said in astonishment.

Ye Yuan smiled and said, "Isn't this precisely what you hope for?"

Ni Kun was taken aback and blurted out, "You know this too ... uh ..."

Ni Kun panicked, discovering that he divulged it.

Wasn't this equivalent to admitting that this matter was him inciting it at the back?

This kid was shrewd and crafty, really impossible to guard against.

Actually, whether he admitted it or not, Ye Yuan did not care.

This matter, Xiu already told Ye Yuan. Otherwise, he also would not know the dangers involved, and naturally would not know Ni Kun's diligence.

Ye Yuan smiled faintly and said, "Elder Ni Kun, why don't we make an agreement? How about that?"

Ni Kun's expression was somewhat ugly as he said in a solemn voice, "What do you want to agree on?"

Ye Yuan said, "If I fail, I won't speak again during the elders' sermons in the future. If I succeed by a fluke, all of the elders' sermons, everyone can speak freely as they wish! What do you think?"

### Unrivaled Medicine God

#### **Chapter 1762: I, Ye Yuan, Won't Be a Chess Piece!**

"Where are you all going?"

"You actually don't know such a major incident? That Ye Yuan who's known as the temple's number one genius is actually going to challenge 'Ask Not'!"

"What? Isn't this looking for abuse? Back then, Kuang Fei who was known as an unrivaled genius nearly died on the spot because he challenged 'Ask Not.' In the end, he recuperated for a full 100 years before barely managing to recover."

"Heh, 'Ask Not' is a vial of poison. Everyone knows that it's dangerous, but there's always someone who tries it. The more talented, the more it is so."

"Such a major thing, I have to go see!"

...

One person told ten, ten told a hundred.

The news of Ye Yuan challenging the divine game 'Ask Not' spread throughout the entire Priest Temple very quickly.

In the plaza, the elders were all present.

Ni Kun looked at Ye Yuan, a look of gloating over his misfortune.

He naturally knew that these so-called geniuses were all proud.

He was the same back then.

Recollecting back then, he was also extraordinarily gifted, thinking that he was the number one under the heavens. That was why he would go challenge 'Ask Not'.

The outcome naturally need not be said.

How similar was Ye Yuan's current appearance to his back then?

Di Qiu looked at Ye Yuan and said in a hoarse voice, "Ye Yuan, you have to think clearly. Upon entering the chess game, life and death are unknown! The geniuses who died inside are too many to count!"

Ye Yuan said coolly, "Lord Hall Master, please cast the spell!"

Di Qiu saw the decisive look on Ye Yuan's face and no longer urged him. A profound spell soared to the sky.

A chessboard gradually became bigger, flying out of Di Qiu's palm, and landing in the center of the plaza.

Ye Yuan focused his eyes and looked over, but he only saw that that stone chessboard was very ordinary. It was no different from an ordinary chessboard.

On the chessboard, black and white chess pieces were crisscrossed, murderous intent faintly looming, giving people a soul-stirring feeling.

Ye Yuan only took one look and was no longer able to leave.

Ye Yuan was also a master in this aspect. Alchemy was dull and dry, when Ye Yuan was free and had nothing to do, he would play chess to temper his heart realm.

As the saying went: A myriad of Great Daos, all led to the same goal.

A tiny little chessboard actually contained the maxim of Great Dao.

Tian Yuan[1] as chaos, crisscrossing in vertical and horizontal directions, deriving a myriad Great Dao!

Actually, this was a universe!

Ye Yuan knew that this chess competition was actually the competition between the Medicine Ancestor and Sacred Ancestor High Priest, the two people's Dao.

Ye Yuan rapidly deduced in his mind and discovered to his amazement that the black pieces were already driven into an impasse.

No matter where the next piece landed, it was a certain-death scenario.

No wonder the Sacred Ancestor High Priest sat in front of the chess game for 100 thousand years back then.

No way to advance, unable to retreat, the Medicine Ancestor already forced the Sacred Ancestor High Priest to the edge of the cliff!

"This kind of chess game, there were actually 11 people who passed it?"

Ye Yuan was extremely shocked in his heart. Even though it was the simplified 'Ask Not', Ye Yuan could tell that this chess game was simply a certain-death scenario.

Those 11 people were actually able to pass the test, how astonishing was their talent?

"Heh heh, scared? If you back out now, you can still make it!" Ni Kun said with a cold smile.

"Ye Yuan, concede defeat! Don't overestimate your own ability!" Elder Li said with a smug look.

The other elders were also cynical. Regarding Ye Yuan's actions that were ignorant of the immensity of heaven and earth, they were all disdainful toward him.

Ye Yuan sneered when he heard that and said, "You guys can't, doesn't mean others can't! Since there are people who passed the test, then there's naturally a ray of hope! Can't pass, it can only be blamed you guys for being too stupid, unable to find a ray of hope!"

This bunch of old fellows wished that he would die in the chess game.

Saying so was merely in order to trigger him. Why would he show these elders a good attitude?

"Insolence! Ye Yuan, who do you think you're talking to?" Ni Kun said in a cold voice.

Ye Yuan looked at Ni Kun and said with a smile, "You schemed day and night to make me come and challenge 'Ask Not', isn't it wanting me to fall inside? If I die, I'd also be someone who's about to die right now, what's the big deal about saying a thing or two about you? If I really make it through, scolding you a few words is even less of a matter. Don't you agree, Elder Ni?"

Ni Kun was taken aback when he heard that. But he immediately smiled coldly and said, "Perhaps you'll be half-dead?"

Ye Yuan smiled slightly and said, "Then isn't that exactly to Elder Ni's taste?"

Ni Kun burst out laughing when he heard it and said, "I didn't expect that you're still pretty humorous."

Ye Yuan just smiled slightly, leaped up, and landed on the chessboard.

"Buzz!"

Instantly, the situation suddenly changed!

The entire chessboard was seemingly being activated.

Waves of dense aura rose out of thin air. Each chess piece seemed to have come to life.

In front of Ye Yuan seemingly became hordes of troops and horses. The two armies galloped and fought at close quarters, incomparably brutal.

Even if Ye Yuan utilized the Sun Moon Heavenly Pupil, it was of no use at all too.

With his strength, he could not see through at all.

Suddenly, two surges of aura that was formidable until it made people suffocate suddenly descended.

Ye Yuan's complexion turned pale and he vomited a large mouthful of blood with a cough.

In front of Ye Yuan, an enormous figure rose from the ground up. A pair of enormous eyes cast toward Ye Yuan.

This giant image was clearly in front of Ye Yuan, but Ye Yuan actually could not see it clearly.

"This is the Sacred Ancestor High Priest? So strong!" Ye Yuan said while being in shock in his heart.

Ye Yuan knew that this was merely a wisp of willpower transformed by the Sacred Ancestor High Priest.

But this trace of will was too powerful already. It actually made him have a feeling of being unable to match it.

“Lad, exterminate the Medicine Ancestor’s will with my will! I will bestow upon you a transcendent lucky chance!”

The enormous image slowly opened his mouth, his tone matchlessly domineering.

Done talking, a pair of enormous hands landed from the sky.

Ye Yuan’s expression changed. He felt that his own will was instantly crushed by a giant mountain, and was about to be crushed into a meat pie!

Unparalleled willpower!

Ye Yuan gritted his teeth and said angrily, “You want me to submit and let me become a chess piece in your hands! This is simply a certain-win game. It’s merely in order to let the challenger accept your will, that’s all!”

The giant image said without the slightest emotion, “So what? Can’t even withstand this seat’s will, so how can you become an existence that transcends the Medicine Ancestor?”

Ye Yuan’s expression flickered incessantly and he gritted his teeth and said, “I, Ye Yuan, won’t be a chess piece!”

Ye Yuan’s challenge was to clear the hurdle with his own strength, and not rely on other people!

He had never needed to take on other people’s will before!

The giant image snorted coldly and said, “Powerhouses all start from chess pieces! In this place, it’s not up to you! This seat is the chess game’s sovereign!”

This simplified ‘Ask Not’ was set up by the Sacred Ancestor High Priest in the first place.

This chess game was controlled by him and not the Medicine Ancestor.

Only the true ‘Ask Not’ was a chess game controlled by the Medicine Ancestor.

In this place, if the Sacred Ancestor High Priest wanted you to live, you live. If he wanted you to die, you would die!

Ye Yuan sneered and said, “My, Ye Yuan’s fate, has always been grasped in my own hands! A chess piece, I won’t deign to become it! Even if you’re the Sacred Ancestor High Priest, it won’t do too!”

The giant image gave a cold snort and said, “What an arrogant and unruly punk. Not accepting my will, the outcome is only death!”

The Sacred Ancestor High Priest’s voice was incomparably cold as if killing Ye Yuan was merely a matter of waving a hand.

Ye Yuan’s gaze was cold as he said in a chilly voice, “In that case, go ahead and try!”

### **Chapter 1763: Replacing**

At this time, the outside world saw another scene.

The moment the chess game started, everything would be hidden.

The chessboard radiated a brilliant light, projecting above the sky, forming an enormous chessboard.

Similarly, two giant illusions were currently facing each other in the sky, the momentum astonishing.

The chess game already started for a long time, but both parties still did not move.

Stonefeather frowned and said, "What's going on? It hasn't started until now?"

Ni Kun said with a gloating face, "This brat wouldn't be unable to withstand Lord Sacred Ancestor's will, right? Looks like this brat has an excess of talent but is lacking willpower!"

What this simplified 'Ask Not' tested was the Alchemy Dao will of the priests.

The more firm one's Dao seeking heart was, the more steps one could take.

Now, Ye Yuan could not even take a single step. It clearly showed that his willpower was weak and he was completely unable to withstand the Sacred Ancestor High Priest's peerless will.

Below, in the crowd, Xiu's brows were also knitted together.

"What's going on with this kid? Could it be that he's really unable to even withstand Lord Sacred Ancestor's initial-most will? Could it be that ... I misjudged him?"

Clearly, he was also extremely perplexed by this scene.

But Kong Yun laughed loudly and said, "This kid wouldn't have been directly crushed by Lord Sacred Ancestor's will, right? Genius? What a joke!"

The Chi Feng by the side also smiled coldly and said, "If he was directly crushed, then it will really become the biggest joke in the history of the demon race! Such a genius actually couldn't even withstand the initial-most will. It's also considered unprecedented and unrepeatable, right?"

Outside, many people were all gloating over others' misfortune.

But inside 'Ask Not', Ye Yuan had a resolute look, welcoming that powerful virtual image.

"Not being a chess piece, one must have the strength that crushes all life! You are no good! Since you cling obstinately to your own course, then suffer this seat's wrath!"

The moment the giant image's voice faded, it was as if the whole world collapsed.

A powerful willpower directly crushed over toward Ye Yuan.

This burst of willpower descending was like the sky collapsed, heaven and earth changing colors.

At this time, the Soul Suppressing Pearl emitted a gentle energy, wrapping Ye Yuan's divine soul up.

Although this willpower was strong, it was not the real 'Ask Not' after all.

With Dustless's current ability, he could completely isolate this willpower.

But who knew that Ye Yuan gave a cold snort and said, "Senior, you don't have to be like this! In terms of willpower strength, I, Ye Yuan, absolutely don't lose to anybody! Even if it is the Sacred Ancestor High Priest!"

The moment these words came out, the Soul Suppressing Pearl's power pulled back like tidewater.

That willpower, which could topple mountains and overturn the seas, directly scoured over toward Ye Yuan's divine soul.

Buzz!

Ye Yuan only felt his mind go into a daze, his entire person akin to being thunderstruck, spewing out a mouthful of blood once more.

"Kneel!" A thunderous voice ordered Ye Yuan's divine soul.

However, Ye Yuan was like a stubborn rock in a waterfall that stood firmly. No matter how powerful this will was, he simply remained immovable.

"Heh, I, Ye Yuan, don't even kneel to heaven. So why would I kneel to you? If I'm not even a match for a wisp of your remnant thought, how can I save my lover?!"

Ye Yuan gritted his teeth. A surge of stubborn willpower surged to the sky!

Gradually, the imposing momentum on Ye Yuan's body actually became stronger and stronger, and actually faintly showed signs of withstanding the sacred ancestor's will.

This was a competition of willpower!

Ye Yuan entered the Heavenspan World in order to save Mu Lingxue.

For this, he must walk up to the summit of the Heavenspan Mountain, and also must have absolute strength.

Living two lives, experiencing bumpy roads, Ye Yuan would not really entrust his hopes onto the Dao Ancestors.

Ye Yuan understood the logic. The one who could truly save Mu Lingxue was only him!

Therefore, he could not lose to anyone!

All beneath Dao Ancestors were ants!

Someone as powerful as the Sacred Ancestor High Priest was also merely a chess piece.

Furthermore, Ye Yuan possessed the Lesser Heavenspan Mountain and created a peerless cultivation method. His horizons were absolutely not what the average martial artist could compare to.

He faintly had a feeling that even Dao Ancestors might also be chess pieces in this world's overall situation!

He, Ye Yuan, was unwilling to be a pawn!

He wanted to dictate his own destiny!

This clash of will, the hardest was the initial-most one.

Once pulled through, it was far from as intense as at first.

“Eh?”

A soft cry of surprise came from the void. It clearly felt very surprised at Ye Yuan not being crushed into pieces.

“Looks like this seat underestimated you! Since that’s the case, suffer this seat’s wrath!”

The giant image gave a cold snort. Pointing his enormous finger, a majestic power of Great Dao carried powerful will and rumbled toward Ye Yuan once more.

Ye Yuan’s gaze turned intent, a hint of cold smile flashing across the corners of his mouth as he said, “This is your Dao? Indeed powerful! It’s just that to me, it’s merely thus!”

Ye Yuan put his two hands together, a massive Tai Chi Diagram suddenly unfolded!

“Tai Chi Great Dao Diagram! How is this possible?!”

Shock appeared for the first time in the giant image’s words.

He was seriously unable to understand how a junior who was just Divine Lord Realm could cultivate the Tai Chi Great Dao Diagram, this sort of thing!

Bang!

The sacred ancestor’s Great Dao and Ye Yuan’s Tai Chi Great Dao Diagram emitted violent collisions in this stretch of void.

The earth quaked and mountains swayed!

At the same time, the outside world’s chessboard similarly gave off intense quaking.

It was as if the chessboard was about to collapse.

Xiu’s expression changed drastically and he revealed a thick look of disappointment as he said, “This ... He really can’t even lay down a single chess piece?”

“Hahaha, this kid actually boasted shamelessly about wanting to challenge ‘Ask Not’. In the end, he actually didn’t even set down a single piece, what a hoot!” Ni Kun said and laughed loudly.

The other elders also secretly shook their heads. Clearly, they felt that this was a farce.

Kong Yun also had a mocking look as he laughed loudly and said, “What’s called overestimating your own ability? This is called overestimating your own ability! Didn’t put down a single piece and was wiped out by Lord Sacred Ancestor’s will. This time ... it’s really unprecedented and unrepeatable!”

Chi Feng laughed hard and said, “Our Tyrant Origin Imperial City has to keep this secret well. Otherwise, it will be really disgraceful.”

Bang!

Right at this time, Sacred Ancestor High Priest's phantom suddenly shattered, turning into motes of starlight, dissipating between heaven and earth.

Xiu's expression changed and he said in surprise, "This ... What's going on? Logically speaking, this game should have already ended. Why ... is the Medicine Ancestor's phantom still there, but Lord Sacred Ancestor's phantom actually crumbled?"

His skill was profound, what he saw was naturally far from what others could compare to.

This scene seemed to be different from his understanding.

It seemed to be somewhat unusual!

Suddenly, his pupils shrunk, gaze looked towards the void in amazement.

The place where Sacred Ancestor High Priest shattered originally, a figure was actually gradually condensing!

"This ... How is this possible?"

Xiu looked towards the sky in incredible shock. That figure gradually condensed.

Judging from the outline, it was actually exactly similar to Ye Yuan's!

That enormous chessboard's two sides were now replaced with the Medicine Ancestor and Ye Yuan!

Same as Xiu's expression, everyone below all had astonished looks, being taken by surprise by this sudden change!

### [Unrivaled Medicine God](#)

#### **Chapter 1764: A Lousy Chess Move**

Looking at that gradually solidifying phantom, everyone was shocked to the core.

Different from the Medicine Ancestor's vagueness and illusoriness, Ye Yuan's figure appeared extremely solid.

One look and you could tell that he was Ye Yuan!

"This ... What's going on here? Why did the one playing with the Medicine Ancestor become Ye Yuan?"

"Are you kidding me? Ye Yuan is actually going to replace Lord Sacred Ancestor and play with the Medicine Ancestor?"

"Never heard of anyone who could replace Lord Sacred Ancestor. What in the world happened inside the chess game? Why would such a thing happen?"

...

At this time, the Priest Temple was in shock.

The Sacred Ancestor High Priest and Medicine Ancestor had already played for 50 million years. In the long river of history, the geniuses who had challenged 'Ask Not' before were God knows how many.

There were even 11 people who really succeeded in challenging.

But it had never been heard of that someone could replace Lord Sacred Ancestor and play against the Medicine Ancestor!

This kind of thing, saying it out, no one would believe it.

Today, it actually really happened before their eyes.

How could this not surprise them?

However, this was not over yet!

Opposite, the Medicine Ancestor's aura started to skyrocket. An aura of Great Dao spread out between heaven and earth.

When everyone saw this scene, their faces could not help changing suddenly.

Xiu had a look of shock as he muttered, "This ... Without Lord Sacred Ancestor's absolute suppression, the Medicine Ancestor's Dao accumulations are fully released! This is a showdown between Ye Yuan and the Medicine Ancestor! How in the world did this kid do it?"

Xiu knew that this was just the 'Ask Not' after simplification.

The Medicine Ancestor's Dao accumulations were less than 1% of the true 'Ask Not'!

But even so, it was also not what the average person could imagine.

Otherwise, there also would not be only a scanty 11 people who could pass the test in 50 million years.

However, the tests in the past were all the Sacred Ancestor High Priest forcefully suppressing the Medicine Ancestor's Dao accumulations with his absolute power.

Just as Ye Yuan said, this 'Ask Not' was a certain-win situation in the first place.

The only problem was whether or not the challenger could bear his willpower oppression.

However, once the Medicine Ancestor's Dao accumulations lost the suppression, that was the real Medicine Ancestor!

Even though it was just an extremely tiny portion of the Medicine Ancestor's Dao accumulations.

Everyone was uncertain what it meant. But without a doubt, for Ye Yuan to be able to replace him, it was not what the average person could do!

"Could it be that Ye Yuan wiped away Lord Sacred Ancestor's will?"

Ni Kun was startled by this thought of his that jumped out and immediately denied his idea.

This was something impossible!

Back then, he had experienced first-hand the might of Lord Sacred Ancestor's will.

That kind of might simply made people unable to give rise to the slightest thought of resistance.

If say his own will was an ant, then Lord Sacred Ancestor's will was a tall mountain!

Between the two, resistance, this relationship, did not exist at all.

There was only submission!

Ye Yuan's current strength was even lesser than his back then. How could he possibly wipe away Lord Sacred Ancestor's will?

But in Ni Kun's heart, there was a different voice continuously creeping.

...

Within the chess game, a 100 thousand foot giant towered opposite Ye Yuan.

The aura was more than a hundred times stronger than before!

"Interesting. I didn't expect that in this world, there's actually someone capable of releasing a trace of this seat's residual Dao accumulation under Wing's hands! You are probably the first in these 50 million years, right?"

Above the sky, a pair of eyes like two bright beacons in the dark night cast toward Ye Yuan.

Those eyes overlooked the world!

Even if it was just a trace of residual Dao accumulation. It did not even count as a remnant thought.

This kind of eyes that was like looking at an ant made Ye Yuan very uncomfortable.

Ye Yuan said coolly, "I've long heard that the Medicine Ancestor's Alchemy Dao is unparalleled under the heavens. Today, this Ye wishes to ask for advice!"

That phantom revealed a hint of surprise and said with a faint smile, "Ask for advice? Huhu, junior, you're not qualified enough!"

His words were full of contempt.

Medicine Ancestor, he was the proud Medicine Ancestor.

Even though this was like a residual Dao accumulation from 50 million years ago, his pride was still irreplaceable.

He was the man who stood at the apex of this world's Alchemy Dao.

Actually, the ones he looked down upon were more than just Ye Yuan.

Even the Sacred Ancestor High Priest from 50 million years ago, he probably thought nothing of him as well, right?

'Ask Not' two words already expressed this contempt without any doubt.

Most likely, this was also the true reason why the Sacred Ancestor High Priest reflected on the bitter lesson and resolved to surpass the Medicine Ancestor, right?

This humiliation, to the Sacred Ancestor High Priest, this kind of proud demon race powerhouse, it was probably not so easy to wash away.

However, the current Ye Yuan could also truly feel the might of this Medicine Ancestor before his eyes!

Without the Sacred Ancestor High Priest's suppression, this Medicine Ancestor in front of him was even stronger than that Sacred Ancestor High Priest from before.

Towards this pride, Ye Yuan was naturally very disdainful and said coolly, "Haven't competed yet, so how do you know that I'm not qualified enough?"

Finished talking, he did not wait for the Medicine Ancestor to answer either and pointed out. A black chess piece condensed out of the void!

Smack!

A crisp sound echoed throughout the world!

A surge of Great Dao aura crept out!

When the piece landed, the entire chessboard flashed with a piercing light.

Two powerful auras rose to the sky. It was as if all of the chess pieces came to life.

On the whole board, hordes of troops and horses galloped, winds howling heavily.

Two Great Dao auras fought each other in close quarters, rending each other, neither was willing to give in half a step.

Within an extremely tiny space, the melody of Great Dao manifested in its entirety.

The Medicine Ancestor's gaze turned sharp and he cried out in shock, "Tian Yuan[1]! Junior, you have such courage! This is digging your own grave!"

Smack!

Above the void, light flashed!

Ye Yuan's phantom landed a piece, going straight for Tian Yuan.

Below, everyone exclaimed in shock, "Tian Yuan!"

When Ni Kun saw this scene, he smiled coldly and said, "This kid is a total layman! Playing Tian Yuan in such a final phase of the game, what difference is there from courting death?"

Di Qiu also shook his head and said, "Took the field shockingly, I was still wondering how greatly different this kid was. I didn't expect that he was actually so bad. With this defeat, it's likely hard to survive!"

Ye Yuan's chess move was seen as a wasted move by everyone.

This 'Ask Not' game was actually set up anew by the Sacred Ancestor High Priest himself after going back many steps.

Each step had its set routine.

Putting it bluntly, it was retracting a false move in chess!

As long as one could withstand the sacred ancestor's will, they could become a chess piece in the sacred ancestor's hands, walking on step by step until they won.

Except, few could withstand the willpower of that many steps.

But now, Ye Yuan's move completely exceeded everyone's expectations.

Of course, there were many people present who knew chess.

This step landing in everyone's eyes was a wasted move.

One had to know how astonishing the Sacred Ancestor High Priest's chess prowess and Dao accumulation was. The steps that he derived were definitely the most perfect steps.

Now, Ye Yuan actually wanted to blaze another trail.

Furthermore, he even played a lousy move. How could they not be surprised/

Black and white, Tian Yuan was a hotly contested spot!

This game was also a fierce struggle launched revolving around Tian Yuan.

But no one dared to take Tian Yuan first!

Even the Medicine Ancestor did not dare too!

Because that way, there would be no path to retreat.

But Ye Yuan did it without the slightest hesitation!

[1] Tian Yuan is a chess move in Go.

#### **Chapter 1765: Breaking Out of the Cocoon and Becoming a Butterfly**

"Digging my own grave, is it? If you have the capability, bury me."

Ye Yuan stared into the sky, the corners of his mouth revealing faint mockery.

The other party was merely a trace of residual Dao accumulation. Really don't know where his confidence came from.

"Humph! Ignorant junior, since you're wholeheartedly seeking death, then this ancestor will send you on your way!"

The Medicine Ancestor's voice carried thick sullen anger.

Smack!

A white piece landed, the situation suddenly changed on the entire chessboard again!

Only to see the white piece turn into thousands of martial artists rushing over, their momentum imposing.

On Ye Yuan's side, the black pieces also transformed into countless black-clothed martial artists.

Both sides launched a dreadful slaughter.

Except, the Medicine Ancestor was indeed worthy of being the Medicine Ancestor. His white pieces already took the advantage.

This piece landed. It immediately launched an encirclement against Ye Yuan's Tian Yuan and already showed trends of turning his advantage into victory.

Smack!

Ye Yuan landed another piece without the slightest hesitation, seemingly without going through any thought at all.

But this piece did not unfold around Tian Yuan but instead landed ten thousand miles away.

It was completely unrelated to that Tian Yuan move earlier.

"Ignorant! Now, you know how foolish that move just now was, right? However, you already don't have regret medicine that you can eat. Placing a piece, this round has started!"

The Medicine Ancestor's words were full of ridicule and disdain.

While talking, another piece landed.

The white-clothed martial artists' imposing momentum grew even stronger and soared significantly once more, blotting out the sky and covering the earth. It was all the white-clothed martial artists' figures, their momentum extremely shocking.

Smack!

Ye Yuan landed another piece and said with a faint smile, "In my dictionary, there's no word 'regret'! Wait until you defeat me before bragging!"

...

Above the sky, the two people played off.

The white pieces' odds of winning grew higher and higher. The black pieces were at a disadvantage to begin with. Now, it was even encroached upon by the white pieces little by little.

When the priests of the temple saw this scene, each and every one revealed disdainful looks.

"This Ye Yuan is too weak! His Dao isn't worth mentioning at all in front of the Medicine Ancestor!"

"Yeah, this is called overestimating your own ability, right? What kind of existence is the Medicine Ancestor? Even Lord Sacred Ancestor wasn't his match, what right does he have!"

Medicine Ancestor, even in the demon race, he was also a figure at the absolute summit of this world.

Unless one reached the Sacred Ancestor High Priest's realm, otherwise, anyone challenging him, that was an act of overestimating their own ability.

This game had nothing to do with strength, only alchemy.

But in this world, whose attainments in alchemy could be mentioned in the same breath with the Medicine Ancestor?

Hence, Ye Yuan was out and out overrating his own ability.

Ni Kun looked at the gradually losing black pieces and said with a cold smile, "This game is the showdown of Dao. The most pieces lost, the greater the Medicine Ancestor's Dao accumulation's impact on him. According to this current trend, it's likely one-sided! This brat is dead for sure!"

"Wouldn't die if he didn't seek death! The chess path that Lord Sacred Ancestor deduced, who can surpass it in this world? Yet, he took unnecessary actions, insisting on playing against the Medicine Ancestor himself. This is really courting death. You look at his chess moves, not only was it not thought through, it doesn't have any methodology at all. It's simply messing around." Elder Li said with a scornful look.

Ni Kun smiled and said, "Geniuses are all proud. But he also doesn't weigh who his opponent is!"

On the chessboard, Ye Yuan placed his pieces extremely quickly, without thinking at all.

Black versus white, each step was doubly cautious.

Back then, this game that the Sacred Ancestor High Priest and Medicine Ancestor two people played lasted as long as 100 years.

And the final piece, the Sacred Ancestor High Priest even sat dully for 100 thousand years!

This was longer than the lifespan of mortals.

Xiu looked at that game of chess and could not resist shaking his head slightly as he sighed and said, "This boy is arrogant at heart and haughty in manner, unwilling to submit to anyone. Too tough and it's easily broken!"

Xiu was shrewd with age. Although Ye Yuan was immersed in the chess game, he already saw through many things.

Ye Yuan was unwilling to be a pawn, that was why he seized control of the black pieces.

Now, facing the Medicine Ancestor, this kind of peerlessly powerful expert, how was there the logic of not being defeated?

Smack!

Right at this time, Ye Yuan landed another piece!

Xiu's entire body trembled, his eyes revealing a look of disbelief.

"Mn? This ... What's going on here? That Tian Yuan move ... came ... came to life!"

Xiu looked at the chessboard, eyes full of disbelief.

He suddenly discovered that Ye Yuan's initial-most lousy move actually connected all of the dead positions together goodness knows when!

The originally self-alienating move actually became a brilliant move of chess unknowingly.

After several dozen rounds, the Medicine Ancestor already slaughtered Ye Yuan until he threw away his helmet and coat of mail, in a state of confusion.

On the chessboard, the black pieces were deathly still everywhere.

But after Ye Yuan placed this piece just now.

All came to life!

One pool of stagnant water after another finally converged at the Tian Yuan area, connecting to form a vast ocean!

The situation suddenly changed!

The Medicine Ancestor stopped!

The Medicine Ancestor's fingers condensed a piece but did not land it for a long time.

"Mn? What's going on? Why did the Medicine Ancestor stop?"

"Another few pieces and Ye Yuan will utterly lose, right?"

"The white pieces already took the absolute initiative, there's nothing to consider already, right?"

...

Many priests and trainees whose chess prowesses were lacking did not see through the marvelous aspect of that Tian Yuan move at all.

However, Di Qiu and the group of elders, each and every one of their faces changed drastically. Looking at that black piece in the center of the chessboard, their eyes were full of shock.

At this time, the black piece at Tian Yuan was akin to a blazing sun in the dark night; incomparably dazzling.

No one could have expected that that seemingly useless chess move actually revived all of the declining trends at this time!

Ni Kun's face was ashen as he said in shock, "He ... How did he do it?"

Everyone had this question in their hearts. How in the world did Ye Yuan do it?

...

"You ... How did you do it?"

On the chessboard, the Medicine Ancestor asked everyone's question.

From the Medicine Ancestor's tone, one could also hear that his current shock was not the least bit less than those people outside.

He sized himself up that Dao magical arts were extremely formidable. Each step was the development of Dao.

With his accomplishments in Dao, he actually fell into Ye Yuan's trap and did not have self-awareness.

This kind of means, how could he not be shocked?

This was a game of chess, but also a showdown of Dao.

The chess players understood heaven and earth clearly, developing Great Dao.

Each step contained heaven's secrets.

He was the Medicine Ancestor, being able to do this was not surprising.

But Ye Yuan, a mere Divine Lord Realm junior, was still 108 thousand miles away from Great Dao.

What right did he have to be able to do it to this step?

No, wait, Ye Yuan's Dao was even more profound than him and went even deeper.

Thinking now, before Ye Yuan placed his piece, he had probably seen through the entire chess game already.

Hence, that was why he would land the piece on Tian Yuan without the slightest hesitation.

And it was precisely this Tian Yuan move that reduced the situation he mastermind with painstaking effort to naught!

This move was too amazing!

The crucial piece from a wasted chess move to reviving the whole board, this Tian Yuan move simply completed the transformation of breaking out of the cocoon and becoming a butterfly.

He could only be convinced!

Because Ye Yuan saw what he could not see!

Ye Yuan looked at the Medicine Ancestor and said coolly, "This is a showdown of Dao. Being able to do it is naturally because I'm standing higher than you, and I can see further than you! Honestly speaking, you somewhat disappoint me!"

### [Unrivaled Medicine God](#)

#### **Chapter 1766: 12th Person!**

These words were domineering!

If let the people outside hear it, that was absolutely a sentence like a bolt out of the blue.

Except, the current Ye Yuan was indeed very disappointed.

Ever since learning from Dustless that the Heavenspan World's strongest alchemist was the Medicine Ancestor, Ye Yuan wanted to compete with him one day very much.

But this battle today was not fun.

That Tian Yuan move landing already determined the outcome.

This was simply a game of unequal strength.

Of course, this was not because the Medicine Ancestor's strength was not strong, but because this simplified 'Ask Not' was too weak.

The true 'Ask Not,' the current Ye Yuan could not contend with it at all.

Most likely the moment he entered the game, he would be obliterated.

Although this Medicine Ancestor in front of him was powerful, in front of Ye Yuan's Dao, it was still not enough to look at.

After all, he had already comprehended the Tai Chi Great Dao Diagram. His comprehension of Dao was far from what the average alchemist could compare to.

Came with ardent hope, but discovered that his opponent was too weak, Ye Yuan was naturally disappointed.

"Junior, you're too arrogant! I'm just a trace of Dao accumulation that the true self left behind in 'Ask Not'. The might of the true body is not what you can imagine at all." The Medicine Ancestor said in a solemn voice.

Ye Yuan smiled and said, "I naturally know this. I'm still not arrogant to the point where I believe I can defeat the Medicine Ancestor. It's just that in the future, I'll have to play a match with him."

The Medicine Ancestor snorted coldly and said, "Truly an arrogant and ignorant junior! The true body's realm, ants can't imagine it at all. Even Wing is also not worth mentioning in front of him. In this world, it's impossible to surpass the true self."

This Medicine Ancestor in front of him was just a wisp of residual thought left by the true self. It did not even count as an avatar.

But his confidence in his real self was stronger than anyone else.

In his consciousness, the Medicine Ancestor was the strongest in this world. It was forever impossible for someone to replace him.

And this was likely the true self's own thought as well.

Ye Yuan sneered when he heard it and said, "Talents appear from generation to generation! Your way of thinking is really laughable! Medicine Ancestor, is just other people's honorific title, and not a real Dao Ancestor."

The Medicine Ancestor was full of sullen anger when he heard it and said, "Junior, you dare to blaspheme the true body! It's unforgivable!"

Ye Yuan shook his head when he heard it and said, "I was just stating a fact, place your piece!"

The Medicine Ancestor gave a cold snort and said, "Bratty child, this ancestor doesn't believe that I can't take care of you!"

Smack!

After ruminating, the Medicine Ancestor placed his piece again.

Once this chess game started, the winner must be determined. This was the rule set by the Sacred Ancestor High Priest.

Ye Yuan only relied on his will to take control of the authority of placing the pieces and was not able to dictate the direction of this chess game.

After all, this 'Ask Not' was made by the Sacred Ancestor High Priest.

Smack!

Ye Yuan similarly landed a piece without thinking.

Just like this, the two people started an intense confrontation once more.

It was just that now, the situation was already completely reversed.

Ye Yuan's offense was akin to toppling mountains and overturning the seas, the Medicine Ancestor was unable to resist at all.

...

"Directly ate a huge swathe! My god!"

"This ... Is this going to exterminate and spare none? This Ye Yuan is also too ruthless, right?"

"Too frightening! I heard before that those who cleared this 'Ask Not' were merely able to win the Medicine Ancestor by half a move. But this Ye Yuan ..."

At the outside world, there was a series of exclamations.

Ye Yuan's offensive became fiercer and fiercer, killing until the white pieces threw away their helmets and coats of mail, losing large areas of land.

Those elders, priests, trainees, were all stunned.

When they mocked Ye Yuan's lousy chess move, they never would have thought that this game of chess would actually develop to such a point.

It was dead silent on the plaza. Only those one chess piece after another flashed like one shining star after another.

Bang!

Suddenly, Medicine Ancestor's figure directly shattered, like when the Sacred Ancestor High Priest shattered previously, dissipating between heaven and earth.

Only the, did everyone abruptly startle awake!

Ye Yuan won!

No deadlock, no ending in a tie.

What there was, was just a one-sided big victory!

When that Tian Yuan was connected, everything was already destined.

Whoosh!

All of the light dissipated with a loud bang. On the chessboard, Ye Yuan's figure was revealed.

Everyone looked towards that slightly skinny figure, eyes full of disbelief.

"The ... The 12th person!"

In the crowd, someone suddenly murmured.

"12th person? What 12th person? T-The 12th person!"

Everyone did not react at first to what this 12th person meant.

But very soon, they came to realize the truth.

Ye Yuan already became the 12th person to pass 'Ask Not' in 50 million years!

Xiu looked at that figure and said in wonder, "Eight million years! Finally, another genius who can pass 'Ask Not' appeared! Furthermore, his talent is even greater!"

The first 11 people were merely chess pieces in the sacred ancestor's hands.

They could only bear the sacred ancestor's will and could not resist at all.

But Ye Yuan's Dao heart was firm. Not only did he shatter the Sacred Ancestor High Priest's will, he even slaughtered the powerful Medicine Ancestor until he threw away his helmet and coat of mail, with the army in utter disarray!

Such strength, such talent, was simply unprecedented throughout the ages!

"Hahaha ... Good! What a fine Ye Yuan! This hall master indeed didn't misjudge him! Didn't expect that my Tyrant Origin Imperial City actually produced such a genius!"

Suddenly, Di Qiu let out a burst of wild laughter.

After eight million years, the Demon Divine Region produced a genius who cracked 'Ask Not' again. He, as the Tyrant Origin Imperial City's Priest Temple's hall master, naturally rendered great merits.

Furthermore, this was also a great honor.

One had to know, eight million year's time, how many geniuses rose and fell, sunk and floated.

But Ye Yuan's light was too dazzling!

Ni Kun and Elder Li and the others' faces were ugly to the extreme currently.

Them letting Ye Yuan go challenge 'Ask Not' was actually in order to harm him.

Who knew that Ye Yuan passed 'Ask Not' so perfectly?

With this, Ye Yuan soared to the sky in one bound, his status equivalent to the Sacred Ancestor High Priest's disciples.

This identity, one sentence could determine their life and death!

The two exchanged a glance and discovered that they had a feeling of digging a pit for themselves to jump, feeling incomparably bitter.

...

At this time, in the distance human territories.

The Medicine Ancestor who was currently in closed-seclusion suddenly startled awake.

"What's going on? Why ... Do I sense a threat?" The Medicine Ancestor said with a frown.

Toward this feeling that came suddenly, the Medicine Ancestor was extremely surprised.

Reaching his level of realm, apart from Dao Ancestors, nobody could threaten him at all.

But now, he actually had this kind of feeling.

That wisp of residual consciousness was not connected to his body at all. He did not know the events that occurred in 'Ask Not'.

However, that was a wisp of his residual consciousness after all. Residual consciousness being annihilated, he was naturally hit by a sudden impulse.

It was just that he could never have dreamed that this threat would originate from a Divine Lord Realm martial artist.

At virtually the same time, Sacred Ancestor High Priest also suddenly snapped open his two eyes, his eyes revealing rays of brilliance.

He opened his mouth and said with a faint smile, "50 million years, I waited for it! I didn't think that someone could actually wipe away my will and defeat the Medicine Ancestor!"

### [Unrivaled Medicine God](#)

#### **Chapter 1767: Powerful Opponen**

"Congratulations, Master! After eight million years, someone finally cleared 'Ask Not' again! Wonder what kind of talent this little junior brother of ours has!"

In front of Sacred Ancestor High Priest, a middle-aged in blue appeared very respectful.

But his face had a look of joy.

Clearing 'Ask Not', this was a great joyous matter in the Demon Divine Region.

Because anyone knew that clearing 'Ask Not', the Sacred Ancestor High Priest would take them in as a disciple!

This was absolutely a great event in the demon race's alchemy world!

The Sacred Ancestor High Priest slowly opened his mouth and said, "You haven't publicized this matter, right?"

The middle-aged man in blue froze. Master's attitude seemed to be somewhat off!

"No. When Ji Mo got this news, I came to report to master straight away and haven't had time to tell the others yet."

Wing said coolly, "This matter, don't publicize it anymore. Just take it as if nothing happened."

Ji Mo could not help being taken aback when he heard it and said in surprise, "Master, why ... why is this?"

Wing smiled and said, "He's different from you all!"

Ji Mo froze when he heard that and said with uncertainty, "Different?"

He could not figure out, didn't they all clear 'Ask Not'? What was different?

Master selected disciples with 'Ask Not' as the standard, attempting to be able to groom an existence that surpassed the Medicine Ancestor one day.

This matter, the entire Demon Divine Region knew about it.

Now, there was another such genius, but Master did not seem to plan on taking him in as a disciple.

This made him very puzzled.

Wing slowly got up, walked to a chessboard in the corner, and said coolly, "Ji Mo, you all think that I cut out and simplified this 'Ask Not' chess game in order to find a talented person. Then have you all thought before whether I found him or not?"

Ji Mo was caught off-guard by this sudden question.

Suddenly, his expression changed drastically and he said, "Master's meaning is that ... actually us 11 fellow apprentices aren't ... aren't considered to have passed your test at all?"

Wing slowly turned around and looked at Ji Mo as he smiled and said, "The 11 of you are indeed my demon race's Alchemy Dao geniuses that are hard to come by in a million years. It's just a pity that with your talents, it's very hard to surpass Master!"

Ji Mo was incredibly shocked in his heart. His understanding in these few million years was suddenly subverted.

The 11 of them fellow apprentices had always viewed Master as their goal.

But, over 50 million years passed, even Eldest Senior Brother was also unable to reach Master's height!

Just as Master said, for them fellow apprentices to want to surpass Master, it was virtually impossible.

This was not something willing or not, but can or cannot!

Could not even surpass Master, let alone talk about surpassing the Medicine Ancestor who towered above all life.

“Master, your meaning is that ... he can surpass you?” Ji Mo said with his eyes full of shock.

Wing smiled and said, “Can surpass or not, I don’t know. After all, who can say for sure what will happen in the future? But, at least up to this point, he’s stronger than you all!”

This time, Ji Mo was not shock.

His gaze was full of unwillingness to submit.

One had to know, the 11 of them fellow apprentices, each of them was someone who had the ability to rule the world.

After all, in 50 million years, only 11 of them emerged.

But hearing Master’s tone, they were completely not worth mentioning in front of this kid.

The pride of a genius made him very unconvinced in his heart.

“Master, just where is he strong?” Ji Mo asked.

Wing gave him a glance and said smilingly, “I know that you’re unconvinced in your heart, but he did what all of you couldn’t accomplish!”

Ji Mo’s face changed and he said, “Could it be that he shouldered all of your will?”

Wing laughed in spite of himself when he heard that and shook his head as he said, “All of my will? That isn’t my true test for you all! Among the 11 people, your talent is the highest, shouldering 90% of this seat’s will, completing ‘Ask Not’! But even all of it isn’t what I desire too! My true intention is ... shattering my will and replacing it!”

“Shattering Master’s will? In ... In this world, apart from the Medicine Ancestor, how can someone possibly do it?”

Ji Mo’s expression suddenly changed. The words that Master said made him very perplexed!

His master was the demon race’s strongest alchemist, not one of.

Being able to shatter his Alchemy Dao will, what kind of heaven-defying thing was that?

Apart from the Medicine Ancestor in his youth, who could still accomplish it in this world?

Who knew that Wing just said coolly, “If he can’t even crush my will, what qualifications does he have to go and challenge the Medicine Ancestor? Since the Heavenspan World’s ancient times, only a Medicine Ancestor emerged to this date. I can surmount all of the human race’s alchemists, but can’t surpass the Medicine Ancestor!”

Titanic waves surged in Ji Mo’s heart!

Honestly speaking, he had never thought about this before.

In fact, the more he cultivated, the more he felt that Master was too lofty beyond reach.

But Master being inferior to the Medicine Ancestor was an incontestable fact.

Then just how horrifying was the Medicine Ancestor's strength?

Could it be that in this world, there was actually really someone capable of shattering Master's will?

"Then Master's meaning is that ... he did it?" Ji Mo drew a deep breath and said.

Wing's eyes narrowed slightly and he said with a smile, "Not only did he do it, he even defeated the Medicine Ancestor! Even though that Medicine Ancestor isn't worth mentioning at all, in regards to his realm, he's an undefeatable existence! However, he won!"

Wing ignored the great shock in Ji Mo's heart and continued, "What I'm looking for has never been some disciple, but ... a powerful opponent who can stand on par with me! Powerhouses look down upon the world, but who would know that the more one reaches my level of realm, the more fuzzier it actually is! Why did the Medicine Ancestor say 'Ask Not' two words to me? Because those two words are the true gap between me and him! If I can see clearly this 'Ask Not' two words, I might be able to be his match! It's just that talk is cheap, but doing it is even harder than ascending to the heavens."

Speaking up to here, Wing's two eyes revealed rays of brilliance, and was boundlessly heroic for a moment!

"Invincibility is the loneliest! I think that the Medicine Ancestor's thoughts are the same as me, right? Therefore, I need a powerful opponent! Only a powerful opponent can let me improve further! Understand?"

Ji Mo was completely unable to use words to describe his emotions. This place was too crazy!

The world was envious of the 11 of them. But who could have thought that the 11 of them were merely Master's abandoned pieces!

They only barely managed to have the qualifications to be Master's disciples.

But what Master needed was an opponent!

Ji Mo was shocked for a long time. Finally, it turned into a bitter smile and said, "Master, then have you never thought before, what if ... you lose?"

Wing smiled, smiled very brightly, and said, "This seat won't lose!"

Ji Mo looked at Wing with great surprise, feeling that this master before his eyes was totally different from the one he knew.

The master in the past, that was an existence high above the clouds.

Nothing could move him.

But now, he was like a hot-blooded young man, bursting with youthful vigor anew.

Master's spirit was burning!

## Unrivaled Medicine God

### **Chapter 1768: Tianlu Pavilion's Fifth Level!**

"In short, this matter is settled. If someone reveals half a word to the outside world, kill without mercy!"

Inside Tianlu Pavilion, Xiu seethed with killing intent.

Opposite him, Di Qiu was full of doubts and puzzlement.

He completely did not expect that what he got was actually such an order.

Cracking 'Ask Not' was a grand event of the demon race. Virtually everyone knew about it.

But why did everything change when it reached Ye Yuan here?

"Your Excellency, can I ask why?"

Xiu smiled bitterly and said, "How can Lord Sacred Ancestor's thoughts be what you and I can conjecture about? We only need to obey orders."

Di Qiu was helpless and said with a nod, "Yes, Di Qiu obeys the command!"

After Di Qiu left, Xiu held a white light ball in his palm, his expression complicated.

It was only to see him lightly pressed his palm, and then a ball of light merged into space.

Before long, Ye Yuan's figure appeared in Tianlu Pavilion.

"Senior, you're looking for me?" Ye Yuan bowed and said.

Xiu nodded and said, "These few days, you've been in closed-seclusion all along. How's the harvest?"

Ye Yuan shook his head and said, "Honestly speaking, the harvest ... isn't big."

When Xiu heard that, he had a strange look on his face.

No matter who it was, as long as they did not die in 'Ask Not', they would have some harvest.

Some people after coming out, their Alchemy Dao strength would advance by leaps and bounds, even reigning supreme in a city.

This depended on talent.

All Tyrant Origin Imperial City's elders had basically cleared 'Ask Not.'

One had to know, inside 'Ask Not' contained the Dao of the Medicine Ancestor and Sacred Ancestor High Priest, these two Heavenspan World's apex Alchemy Dao experts!

But Ye Yuan actually said that there was not much gain.

This was too depressing!

Ye Yuan said that he did not have harvests was naturally not because his comprehension ability was poor, but that his strength was too strong.

The Dao contained in 'Ask Not' could not give Ye Yuan much comprehension at all.

But these few years, Ye Yuan still learned quite a bit of things from 'Ask Not.'

After all, those two were the Heavenspan World's top powerhouses.

"Senior Xiu, don't use this kind of eyes to look at me. You should be able to tell that 'Ask Not's effect on me isn't big," Ye Yuan saw Xiu's look and explained with a smile.

For such a long time, Ye Yuan more or less had some understanding of Xiu's Alchemy Dao strength.

Even though he had never exhibited it in front of him before, just based on some of his views, it was far from what those elders could compare to.

He should be able to tell that his strength already far surpassed the level of 'Ask Not'.

Xiu heaved a sigh and said, "Knowing is knowing, but these words still make this old man have an impulse to beat people."

Ye Yuan smiled bitterly and said, "Senior didn't find me in order to beat me up, right?"

Xiu smiled and said, "You passed 'Ask Not's test, in the future, all of this Tianlu Pavilion's floors will be opened to you at any time. Especially the fifth level, I believe that there are things that interest you!"

When Ye Yuan heard that, his eyes could not help lighting up and he said in pleasant surprise, "Are Senior's words true?"

In half a year's time, Ye Yuan had always remained on the first three floors. The books here were already pretty much digested by him.

Even the third floor was Xiu letting him enter through the back door.

That place was a place that only elders could enter.

As for the fourth floor, even if Ye Yuan and Xiu's relationship was very good, he was not willing to open this back door either.

He did not expect that clearing 'Ask Not' actually still had this kind of benefit.

Even Xiu was not willing to let him enter. This showed that the books on the fourth floor and above were definitely all extremely precious stuff.

Such things, probably only the hall master, a person of this level, could go in.

Ye Yuan did not even know that inside this Tianlu Pavilion still had a fifth floor!

Now, not only could Ye Yuan enter the fourth level, he could even enter the fifth level that had never been heard of. How could this not surprise him?

Xiu smiled and said, "Why would I lie to you? Go on!"

Ye Yuan did not say a word and went straight up to the fourth floor.

Looking at Ye Yuan's departing back view, Xiu shook his head and said, "This kid actually kept his mouth shut about the matter of acknowledging a master. In this world, how many people want to acknowledge the Sacred Ancestor as master, but he ... seems to hold it in disdain!"

...

"Cloud Pendant Heavenly Sunbow Pill! This ... Isn't this the demon race's Supreme Jade Void Pill?"

"Also, these alchemy techniques are all extremely powerful treasures!"

"And these demonic attraction art methods are truly exquisite!"

...

Ye Yuan lingered on the fourth floor, viewing those classics, gasping in admiration again and again.

Although this fourth floor's classics were far lacking in quantity than downstairs, they were clearly more than a grade higher than those below.

With Ye Yuan's eyesight, he could naturally discern that these classics should be the demon race's most precious batch.

Even though these classics were all used by Divine Dao rank four or five powerhouses, without a doubt, they were extremely precious.

If these classics were in the human race, it would not be easily shown to people at all.

For Ye Yuan to be able to have today's accomplishments, it was largely due to benefiting from Immortal Grove's legacy.

Although he had long already surpassed his predecessor, the pill formulas that Immortal Grove left behind, alchemy techniques, etc, the significance to Ye Yuan naturally went without saying.

Clearly, in the demon race, these things were similarly incomparably precious.

Browsing entirely the fourth floor's classics, Ye Yuan entered the fifth level impatiently.

He very much wanted to look at what kind of things were actually even more precious than the fourth floor's classics!

The fifth floor's space was stark empty. Only a white light ball suspended quietly in the air.

Ye Yuan was very curious and pressed his palm on it.

Buzz!

In an instant, countless information entered Ye Yuan's mind.

"This ... This is the Sacred Ancestor High Priest's legacy?"

Ye Yuan's mind was shaken and came to his senses very quickly about what this mass of information was.

“However ... these inheritances don't seem to have his comprehension toward the Dao. Instead, they are the demon race's most basic stuff. Could it be ...”

In these legacies, there were medicinal property explanations of countless spirit medicines, detailed interpretation of alchemy techniques, and also the demonic attraction art's supreme arts.

Even though the content had common aspects with those at downstairs, they were a totally different concept!

These things were a top alchemist's lifetime comprehension toward the Alchemy Dao!

For an alchemist to want to corroborate the Great Dao, they must walk out a path that belonged to him.

Just like Ye Yuan, even with Heavenly Empyrean Immortal Grove's inheritance, he still walked out an alchemy path belonging to him.

And the Sacred Ancestor High Priest's inheritance was clearly much higher rank than Heavenly Empyrean Immortal Grove's!

These two were not on the same level at all.

In an instant, Ye Yuan seemingly understood something.

A hint of a smile flashed across the corners of Ye Yuan's mouth and he said, “What a daring Sacred Ancestor High Priest! He wants to let me grow up and become his opponent, spurring him to break through the shackles from there! Looks like this ‘Ask Not’ isn't what the world thinks at all! What he's finding is a person capable of shattering his will, and not a chess piece in his hands! Heh, most likely even the Medicine Ancestor also didn't expect that the Sacred Ancestor High Priest actually has such boldness, right? Perhaps in the future, he can really become the second Medicine Ancestor, who knows!”

### [Unrivaled Medicine God](#)

#### **Chapter 1769: White Light's News**

Obtaining Sacred Ancestor High Priest's inheritance, Ye Yuan's attainments in demon divine pills could be said to have advanced at a tremendous pace.

This legacy was too valuable to Ye Yuan.

After several years, Ye Yuan's attainments in demon divine pills finally reached the pinnacle.

At the same time, his Alchemy Dao strength also had a significant improvement.

In this period, the temple gathered some level eight and nine difficulty spirit medicines. Ye Yuan took action and refined them.

Furthermore, the demon divine pills he made, the lowest was also divine-grade.

The Priest Temple's upper echelons were naturally extremely shocked by this, especially Di Qiu. Back then, he did not believe that Ye Yuan could create much value for them within 300 years at all.

But now, he finally knew that he was ridiculously wrong.

On this day, Di Qiu came to find Ye Yuan and apologized when he opened his mouth.

“Haha, Ye Yuan, this hall master apologizes to you about what happened that day! You fulfilled your promise. Looking at it now, it was my temple that earned big from you,” Di Qiu laughed loudly and said.

Di Qiu’s personality was frank and straightforward. Admitting his fault, he did not have the slightest hesitation either.

With his identity, being able to do this was truly not easy.

Even though he wanted to kill Ye Yuan that day, Ye Yuan could also understand Di Qiu’s thoughts.

After all, he still had human blood flowing in his body.

To an alchemist who had never come into contact with demon divine pills before, 300 year’s time was indeed not long.

Hence, he smiled and said, “Hall Master doesn’t have to be like this. This Ye knows that the request that day was indeed somewhat brusque.”

Di Qiu chortled and said, “Fine lad, I knew that you weren’t a petty person! Giving a plum in return for a peach, coming to you today, I actually have some news about the matter you entrusted to me.”

Ye Yuan’s entire body trembled and he said with a worried look, “Is ... Is he okay?”

But Di Qiu’s brows furrowed together, making Ye Yuan’s heart abruptly twitch.

“Okay or not, I can’t say either. But ... the odds are likely against him rather than in his favor.” Di Qiu said.

Ye Yuan’s complexion turned deathly pale. Di Qiu did not leave him hanging either, recounting the entire sequence of events.

Although finding someone was like searching for a needle in a haystack, even in the Demon Divine Region, pure white tiger bloodline was extremely rare too.

The Priest Temple was indeed well-deserving of being one of the demon race’s most colossal forces. Through the news given by Ye Yuan, they finally found White Light’s news within a few years.

It turned out that White Light had been living in Tiger Bright Imperial City all along these few years.

Tiger Bright Imperial City could be said to be the gathering ground of the tiger clan. There were many tiger clan powerhouses in the city.

The White Tiger Clan’s bloodline was similarly extremely noble in the Heavenspan World.

So after coming to the Heavenspan World, White Light’s cultivation speed was actually not slow.

It was just that compared to Ye Yuan, it was still much slower.

But arriving at the demon race, and arriving at Tiger Bright Imperial City, he relied on his bloodline talent and strength and became an indispensable young powerhouse of Tiger Bright Imperial City.

However, Tiger Bright Imperial City was different from Tyrant Origin Imperial City.

The Skydemon Mountain Range in the vicinity of Tiger Bright Imperial City had a very strong faction. Both parties would frequently clash.

Not long ago, Tiger Bright Imperial City and that faction had another conflict again.

And White Light took part in the operation this time.

White Light teamed up with another Tiger Bright Imperial City's young genius and beat the other party's leader to heavy injuries and on the verge of death.

No one could have expected that this leader who was injured was actually the son of that faction's chieftain, Heavenly Tiger King.

With this, a big hole was poked in the basket.

The Heavenly Tiger King was enraged and sent out all of the fierce beasts under his command, surrounding Tiger Bright Imperial City until not even water could seep through.

Yet, this Heavenly Tiger King's strength was stronger than Tiger Bright Imperial City's city lord.

After both parties exchanged blows, Heavenly Tiger King injured the city lord and threatened that if they did not hand over the culprit, he would directly slaughter the city.

Hence, White Light took the initiative to step up.

Heavenly Tiger King took White Light away, that was how the beast tide retreated.

Di Qiu let out a sigh and said, "Speaking of which, the two of you brothers are loyal people. Actually, the one who took action and injured the Heavenly Tiger King's son wasn't White Light. But he and Blackpupil are good brothers, so he took the initiative to step forward, bearing the blame on Blackpupil's behalf."

Ye Yuan's brows furrowed and he asked, "How long ago was this?"

Di Qiu said, "This was just a few months ago. But ... I've heard before that Heavenly Tiger King's name. He's very savage and cruel. If he didn't have some scruples, he might have really slaughtered the city. That brother of yours, White Light, is fraught with grim possibilities!"

Ye Yuan's expression changed and he said to Di Qiu with clasped hands, "Hall Master, this matter brooks no delay. I'll set off now and head for Tiger Bright Imperial City!"

Di Qiu did not stop either and said, "There are transmission arrays between Priest Temples. You can go over through the transmission array."

Ye Yuan's eyes lit up and he said with clasped hands, "In that case, thank you very much, Lord Hall Master!"

Imperial cities were mostly independent. Under normal circumstances, there were no transmission arrays.

Just like the relationship between Heavenly Eagle Imperial City and Utmost Peace Imperial City back then, if there was a transmission array, that would be equivalent to self-destruction.

But the demon race's priest temples spanned all over each imperial city. It was still permitted for them to set up some small-scale transmission arrays internally.

Of course, this transmission array naturally had strict rules for usage too. People apart from the Priest Temple were absolutely not allowed to use it.

...

Passing through the transmission array, what was supposed to be a several years' journey, Ye Yuan only used half a month's time and reached Tiger Bright Imperial City.

"Ye Yuan pays respect to Hall Master Jin Hua!"

Coming out of the transmission array, a man dressed in hall master long robes came up to welcome.

Ye Yuan naturally knew it in his heart and bowed to him.

Although Di Qiu did not say that Ye Yuan cleared 'Ask Not,' the words in the message he transmitted to him expressed Ye Yuan's extraordinariness.

Jin Hua was not a fool, he naturally understood what it meant.

Hence, he personally came to welcome Ye Yuan.

Ye Yuan was unfamiliar with this place. His greatest reliance was the Priest Temple and naturally had to be more courteous to Jin Hua.

When Jin Hua saw Ye Yuan, he could not help slightly revealing a look of surprise. Nodding his head, he said, "You're Little Friend Ye Yuan? I heard that your talent is outstanding and can already refine level eight and nine demon divine pills?"

Ye Yuan understood in his heart and said with a nod, "That is kind praise from Hall Master Di Qiu. If Hall Master Jin Hua needs this Ye to put forth my strength, this Ye will naturally carry out my obligations!"

Jin Hua smiled, very satisfied with Ye Yuan's behavior.

Clearly, talking with smart people was very easy.

However, he was also secretly shocked in his heart.

He even thought that Ye Yuan was a peak rank four powerhouse. He did not expect that Ye Yuan was only a Fifth Firmament Divine Lord.

Could this bit of strength really refine the Cloud Pendant Heavenly Sunbow Pill?

Di Qiu seemed crude and careless, but he naturally also would not be as simple as he portrayed.

Even though the relationship between priest temples was much closer than between imperial cities, asking people for help naturally had to promise some benefits.

And Ye Yuan was the biggest benefit.

He already hinted in the news he sent over that he could have Ye Yuan refine some level nine difficulty medicinal pills.

“Huhu, then I’ll have to trouble Little Friend Ye Yuan. I heard Di Qiu say that you and White Light are life-and-death brothers?” Jin Hua asked casually.

Ye Yuan nodded his head and said, “We’re good brothers that have braved countless dangers! Lord Hall Master, I heard that he also has a good brother in Tiger Bright Imperial City, Blackpupil. I wonder if you can tell me about this person?”

### Unrivaled Medicine God

#### **Chapter 1770: Set Up**

“Hahaha, Brother Ye’s alchemy skills have truly reached the acme of perfection! In my view, with your strength, there’s no problem passing ‘Ask Not!’”

In the restaurant, a demon race youth faced Ye Yuan, a flattering look on his face.

Ye Yuan took a sip of wine and said coolly, “Brother Blackpupil’s words are flattering a little too over the top. During these 50 million years, only 11 people have cleared ‘Ask Not.’ Your words are pushing me into the fire pit!”

Blackpupil seemed slightly awkward as he laughed and said, “Haha, no matter what, Brother Ye’s alchemy standards are the most formidable that I, Blackpupil, have seen to this day! If not for you, it’s probably impossible for me to break through to late-stage rank four within a short time!”

Ye Yuan smiled and said, “Brother Blackpupil is too modest. With your talent, I was merely adding flowers to embroidery.”

Ye Yuan made a compliment very deftly. Blackpupil was indeed very pleased with himself.

“Heh, to talk about talent, if I, Blackpupil, admits to being second in Tiger Bright Imperial City, no one will identify as first!” Blackpupil said with a proud face.

Ye Yuan nodded his head and said in strong agreement, “This Ye just arrived here. But I heard that there’s still a pretty talented one in the city? What’s he called again?”

Blackpupil’s expression changed, but he still said, “White Light!”

“Right, right, called White Light! I heard that that punk overestimated his own ability and actually wanted to compete with Brother Blackpupil!” Ye Yuan said with an unhappy look.

Blackpupil’s expression was slightly unnatural as he shook his head and said with a sigh, “What’s Brother Ye saying? White Light is my close brother! He’s currently thrown in prison. I’m also very pained about it!”

The moment Ye Yuan heard this, he was unhappy. His face turned sullen as he said, “Heh, Brother Blackpupil is treating me as an outside! Forget it, forget it, don’t talk about this at this time. This wine is also pretty much drunk, this Ye will take his leave first.”

As he said, Ye Yuan was really going to get up and leave.

Blackpupil got a fright and hurriedly pulled Ye Yuan and said, “Don’t, don’t! Brother Ye, it was all Blackpupil’s fault, let’s sit down and slowly talk, slowly talk!”

Ye Yuan sat down with an unhappy look and said, "Blackpupil, I felt that your talent is pretty good. That's why I made friends with you. Do you think that just anybody is qualified to become friends with me?"

Before coming, Ye Yuan already had Jin Hua spread that word, saying that he could refine level nine medicinal pills.

Prior to this, Ye Yuan already refined a medicinal pill and helped Blackpupil successfully break through his bottleneck, reaching late-stage rank four.

In reality, when Ye Yuan heard about this incident, he felt that there was something very fishy.

If they were really close brothers, how could he possibly watch Heavenly Tiger King capture White Light away passively?

If it were Ye Yuan, he would rather die himself than let Heavenly Tiger King capture White Light away.

This matter, it was pronounced to the outside world that it was all done by White Light.

But the news held by the Priest Temple clearly did not stop there.

Even though the temple did not care about the affairs in the city, with their standing, the eyes and ears in the city naturally could not be avoided.

Hence, the moment Ye Yuan came out of the Transmission array, he asked about it.

Setting up this plot today was in order to bait him.

In terms of cunningness, ten Blackpupil was not Ye Yuan's match too.

With a few interactions, Blackpupil already took Ye Yuan to be a good friend that could be confided in.

Coupled with Ye Yuan intentionally or unintentionally saying that he wanted to help Blackpupil refine the Cloud Pendant Heavenly Sunbow Pill, he naturally became even more docile and obedient towards Ye Yuan.

However, Ye Yuan never mentioned the matter of White Light all the way until today, did he casually mention it.

If Blackpupil really took White Light to be a brother, then it was Ye Yuan who misunderstood. White Light standing up for a brother, he naturally had nothing to say.

But, if there was really something fishy in-between, then he would not be courteous.

Blackpupil knew that Ye Yuan had the ability to refine the Cloud Pendant Heavenly Sunbow Pill and was naturally willing to make friends with Ye Yuan.

Even if they did not become friends, he could not offend either!

One had to know, one medicinal pill from Ye Yuan could let him break through to rank five.

How could this sort of person be offended?

Sure enough, Blackpupil had an ingratiating look as he said, "Brother Ye, calm your anger. One look and you're a clear-headed person! Either way, that brat is already dead, so there's nothing that can't be said. That punk indeed didn't know how to appreciate favors. That's why I did a small trick and eliminated him."

The moment Ye Yuan heard, he could not help saying with great interest, "Oh? In that case, that son of Heavenly Tiger King, it was you who deliberately took action to severely injure him?"

Blackpupil smiled and said, "That's of course! I originally wanted to directly kill him, but I didn't expect that this guy had coarse skin and thick flesh, and actually didn't die! White Light that fool actually really stood up for me and shouldered this matter."

While talking, Blackpupil had a contemptuous look on his face.

Ye Yuan had already inquired before, this Blackpupil normally addressed White Light as his brother and took on quite a number of things for White Light.

Quite a few demons in this city found White Light an eyesore. As long as Blackpupil ran into them, he would definitely cuss the other party out.

Looking at it now, these were probably arranged by Blackpupil.

Ye Yuan had a smile that was not a smile when he heard it and said, "Brother Blackpupil, you treated your own brother like that. You wouldn't stab me in the back one day too, right?"

The moment Blackpupil heard, he hurriedly said, "What's Brother Ye saying? I, Old Black, am not this kind of person! Actually, I've hinted to that White Light to leave many times and not compete for the position of young city lord in Tiger Bright Imperial City with me. But he wouldn't listen. I only came up with this scheme out of helplessness! Brother Ye, you opened your heart up to me. I, Blackpupil, only take you as a friend in this lifetime!"

The smile on Ye Yuan's face grew increasingly thicker, making Blackpupil feel a chill run down his back.

"B-Brother Ye, what's with you?"

Ye Yuan sneered and said, "Then do you know that White Light and I are also close brothers who stand or fall together?"

Blackpupil's expression changed when he heard it and said with an ugly expression, "This ... How is this possible?"

Ye Yuan's face recovered tranquility and he said coolly, "White Light has stuck together with me and depended on each other for survival from birth! Now, you actually stabbed him in the back. What do you think ... I should do?"

Blackpupil's face fell and he said in a cold voice, "You ... You deliberately tricked me?"

Ye Yuan said coolly, "You're not considered too dumb yet! White Light he's pure-hearted and really took you, this kind of venomous person, to be a friend. But how can I, his big brother, let you get off scot-free?"

Blackpupil's expression changed several times. Finally, it turned into a cold smile and he said, "With the likes of you? You're as dumb as that brother of yours! Since you suspect me, you actually still helped me to refine medicinal pills and helped me break through! Heh heh, go die!"

While talking, Blackpupil's aura skyrocketed. The strength of late-stage rank four erupted in its entirety, him pouncing over toward Ye Yuan.

Ye Yuan stood there and pointed a finger out very calmly.

Bang!

Blackpupil's body was akin to being struck by lightning, suddenly flying out backward. Fresh blood was spewing wildly in the air.

Landed on the ground, he looked at Ye Yuan in horror, face revealing a panicky look as he said in disbelief, "This ... How is this possible?"

Ye Yuan looked at Blackpupil coolly and said, "White Light doesn't like to show off, so he definitely didn't tell you why he'd leave my side and come to Tiger Bright Imperial City from afar. The strength that you rely on isn't worth mentioning in front of me at all!"
