Chapter 1771: Rushing Heavenly Tiger Mountain Alone

Blackpupil's expression changed several times. Suddenly, his figure moved, suddenly vanishing, shutting into the void.

Ye Yuan had long expected it. Taking a step high into the air, a finger tapped out once more.

It was only to see a trace of crack ripped in space. Blackpupil's figure was directly sent out.

Blackpupil's pupils constricted and he said in horror, "S-Spatial law!"

Ye Yuan looked at him and said coolly, "Don't need to worry, I won't kill you. Take a trip with me."

Blackpupil's expression changed and he said fearfully, "W-Where are you bringing me?"

"Heavenly Tiger Mountain."

Blackpupil had a look of alarm and said in panic, "I ... I'm not going! You ... You're courting death! White Light already died, so what's the point of doing this now?"

The current Ye Yuan had a calm look. But those who knew him well knew that he was very angry.

Suddenly, Ye Yuan unleashed a finger again.

"Ahh! You ... You crippled my cultivation! You'll die a horrible death!"

A scream came from Blackpupil. That finger of Ye Yuan's just now directly made his inner-world shatter.

The current Blackpupil was already an out-and-out cripple.

Ye Yuan looked at him and said with a grim look, "My brother's life is tenacious, so he won't die. If he really died, I'll make the entire Heavenly Tiger Mountain be buried with him! As for you, there's absolutely no hope to get lucky."

Blackpupil's entire body trembled, revealing a look of despair.

Suddenly, he let out a wild laugh and said, "Just the likes of you will make the entire Heavenly Tiger Mountain be buried for him? What right do you have?"

Ye Yuan slowly walked over, hauling Blackpupil up. Taking a stride out, he directly left Tiger Bright Imperial City.

"You sent a message out with a secret art just now, right? Don't harbor delusions anymore, no one will come and save you," As Ye Yuan sped along, he said coolly.

Blackpupil's expression changed and he said in disbelief, "You want to scare me? My grandfather is Tiger Bright Imperial City's grand elder, late-stage rank five powerhouse! You crippled my cultivation, he'll definitely shred you into pieces."

Ye Yuan cast him a pitiful glance and said coolly, "Then you see if anyone will come and save you or not."

Time slowly trickled by, the two people got closer and closer to Heavenly Tiger Mountain.

However, there were still no activities at the rear.

Blackpupil's heart gradually sunk to the bottom.

He seriously could not understand why Grandfather would not come and save him.

And where Ye Yuan's confidence came from.

Thinking about Ye Yuan arriving at the border of Skydemon Mountain Range, Blackpupil finally knew that Ye Yuan was not scaring him, but he really had the confidence!

But why?

He was merely a Fifth Firmament Divine Lord martial artist, so why would Grandfather not dare to come?

"Why? WHY!" Blackpupil bellowed unwillingly.

Ye Yuan said coolly, "Didn't you say that with my strength, there isn't any problem passing 'Ask Not'?"

Blackpupil's pupils constricted and he said in disbelief, "You ... You really passed 'Ask Not'? This isn't possible! If you passed 'Ask Not,' why doesn't the entire demon race have any news at all?"

Ye Yuan said, "That's because I'm different from those people in the past!"

Blackpupil's entire body trembled. His mind was in disorder.

He previously said these words just to butter Ye Yuan up.

No one had cleared 'Ask Not' for eight million years already. Although Ye Yuan was very formidable, he did not believe that Ye Yuan had the ability to clear it at all.

But now, even his grandfather did not dare to chase after. Very clearly, a powerful force stopped him.

At least, City Lord His Excellency did not have this ability and strength!

Then ... it was really Lord Sacred Ancestor?

Extreme terror after long deliberation!

The deeper Blackpupil thought, the more despaired he got.

...

"This one is Ye Yuan, requesting an audience with Heavenly Tiger King!"

Ye Yuan stood in the air and said in a clear voice, his voice ringing throughout the whole Heavenly Tiger Mountain.

Blackpupil was scared until his legs were quaking. This guy's nerves were really too plucky.

Suddenly, several powerful auras stepped into the air and pounced over toward Ye Yuan two people.

Seven to eight fierce beasts with powerful auras directly took action indiscriminately.

Blackpupil was scared until his complexion turned ashen. These seven to eight fierce beasts, each one was several times stronger than him. Now, Ye Yuan and he were both dead for sure.

This guy's head really had a problem, to actually dare so be insolent in Heavenly Tiger King's territory. What was this if not tired of living?

Ye Yuan's face fell, his figure immediately became vague and insubstantial, directly rushing into the beast horde.

Bang! Bang! Bang!

Blackpupil only felt the divine essence around him disperse frenziedly.

Even though Ye Yuan battled seven to eight late-stage rank four fierce beasts by himself, he actually did not fall into a disadvantage in the slightest.

Was this guy a freak?

His combat power was actually so strong!

Just what kind of monster was White Light's brother!

Suddenly, a surge of remorse welled up frantically in his heart. He discovered that he had done an extremely foolish thing, and provoked the person that he least ought to!

"Divine Dragon Trampling Heaven!"

"Nirvana Seal!"

One powerful move after another spewed forth. Ye Yuan sent each one of those fierce beasts packing back into the Heavenly Tiger Mountain.

Ye Yuan stood in his air and called out in a clear voice once more, "I'm Ye Yuan, requesting an audience with Heavenly Tiger King!"

With this, no more fierce beasts rushed out.

Before long, a black tiger rose into the sky.

A powerful aura instantly enveloped Ye Yuan and Blackpupil.

"Punk, who are you? To dare act wildly at my Heavenly Tiger Mountain?" said the black tiger in human language.

Ye Yuan said coolly, "I want to meet Heavenly Tiger King!"

The black tiger gave a cold laugh when he heard that and said disdainfully, "Brat, your strength is decent. But why would Lord Heavenly Tiger King want to see you?"

Ye Yuan said, "I can treat Tigerheart!"

But the black tiger burst into laughter when he heard that and said, "Tiger Bright Imperial City even sent over a Five-star priest, but he was at a loss on what to do. Just the likes of you, a little brat still wet behind his ears, can treat Tigerheart's injuries?"

The terms of Heavenly Tiger King's retreat was naturally not just handing over White Light. There was also having the Priest Temple send people over to treat his son, Tigerheart.

In the end, Tigerheart's injuries were too severe, even the Priest Temple could not treat him.

Ye Yuan said coolly, "They are inferior to me! Treat the dead horse as if it's still alive; either way, you guys don't have other choices."

The moment the black tiger heard, he said in great rage, "Brat, what are you saying?"

Angry was angry, but the black tiger did not make a move.

Because he knew that Ye Yuan's words were harsh, but the logic was not wrong.

This brat suddenly appeared and even dared to say such big words. He likely did not say it carelessly.

Who would have nothing to do and treat their own life as a joke?

Seeing that Ye Yuan did not react, the black tiger said unhappily, "Since you came to treat Tigerheart, then what are you still waiting for? Come with me!"

But Ye Yuan did not move and said coolly, "I want to meet Heavenly Tiger King! Otherwise, I won't treat him."

The moment the black tiger heart, he immediately said in a great rage, "Brat, since you already came, it's no longer up to you now."

Ye Yuan said with a calm look, "You can try! I can treat Tigerheart; similarly, I can also make him unable to pray for life, nor beg for death! If you don't believe it, you can give it a try."

The black tiger's face fell and he said angrily, "Brat, you dare?!"

Seeing that Ye Yuan did not react, the black tiger immediately crumbled and gave a cold snort and said, "Kid, you wait here. I'll go and ask for Lord Heavenly Tiger King's opinion!"

Chapter 1772: Grievous News

"Human, you wanted to see me?"

In front of him, a majestic enormous tiger, a full person's height, talked in human language. His gaze stared intently at Ye Yuan, his body radiating a terrifying aura.

Thud!

Ye Yuan did not show the least bit of fear. Stretching out his hand and lightly pushing, he pushed Blackpupil in front of Heavenly Tiger King.

"This is the culprit who seriously injured Tigerheart! I can help you treat Tigerheart, but I need to see White Light first," Ye Yuan said coolly.

Heavenly Tiger King's gaze turned intent, and he said in a solemn voice, "Punk, are you negotiating terms with me? Do you think that you have the capital to negotiate terms in front of me?"

Ye Yuan gave him a glance and said calmly, "I'm not discussing terms with you, but I am giving you a chance. I hope that White Light had better be fine, otherwise ... the entire Heavenly Tiger Mountain will be buried for your foolishness!"

At this time, just the late-stage rank five fierce beasts by Heavenly Tiger King's side were as many as seven to eight.

This Heavenly Tiger Mountain, the rank five fierce beasts were no fewer than several dozen at the very least.

When these fierce beasts heard Ye Yuan's word, each and every one of them exchanged glances, their expressions very amused.

This human brat in front of them was actually threatening Heavenly Tiger King?

This kid likely lost his mind, right?

"Hahaha! I, Heavenly Tiger King, have been entrenched in Heavenly Tiger Mountain for as long as several tens of thousands of years. Even Tiger Bright Imperial City's city lord, I have killed one before too. There has never been a guy who dared to say this kind of wildly arrogant words in front of me! Kid, you're very courageous!"

Heavenly Tiger King let out a wild laugh. Clearly, Ye Yuan's words, he listened to it like a joke.

If not for Ye Yuan saying that he could treat Tigerheart, he would have long smacked him to death with one palm.

But Ye Yuan had a serious look as he asked in a solemn voice, "How is White Light?"

Heavenly Tiger King waved his paw carelessly and said coolly, "Relax, he's currently locked up by me and suffered a small loss. But he's fine. You just have to treat Tigerheart, and I'll immediately release him!"

Hearing this, Ye Yuan's heart eased up and he said coolly, "As long as White Light is fine, everything can be discussed. Lead the way!"

Under Heavenly Tiger King's lead, Ye Yuan came to a cave.

On the simple and crude stone bed, a bright-colored tiger lay there, breath fleeting like gossamer.

Heavenly Tiger King's face fell and he said, "Kid, don't let me find out that you're toying with me. You will know the consequences."

In truth, he did not harbor much hope in Ye Yuan.

After all, Ye Yuan only had Divine Lord Realm's strength.

Tiger Bright Imperial City's high priests all came, and they all said that they were powerless to remedy the situation, and had him wait to collect the corpse.

But he loved his son dearly. Since Ye Yuan said so, he could only have Ye Yuan give it a shot.

Ye Yuan ignored Heavenly Tiger King and went straight to the edge of the stone bed, and pressed his palm on Tigerheart's body. Traces of thick divine essence probed into Tigerheart's body.

Ye Yuan's brows knitted tighter and tighter, hatred towards Blackpupil welling up even more in his heart.

This guy attacked really viciously!

Tigerheart's insides were virtually beaten into mush by Blackpupil, the vitality within his body almost already dissipated fully.

Even using medicinal pills, Tigerheart was completely unable to digest it too.

It was also no wonder that those Five-star high priests were all helpless.

This kind of situation, to the average person, it was basically waiting to die.

Heavenly Tiger King appeared slightly fidgety as he asked, "How is it? Is ... Is there hope?"

Ye Yuan nodded his head and said, "This guy is tenacious too, to actually be able to hold out until now. You rest assured. As long as he doesn't die, I can bring him back to life!"

Hearing Ye Yuan's words, Heavenly Tiger King's heart inexplicably eased up.

Ye Yuan took out a purplish-black medicinal pill. Supporting from under with his palm, the medicinal pill suspended above Tigerheart.

Ye Yuan's divine essence poured out trace by trace, guiding the medicinal strength of the purplish-black medicinal pill into Tigerheart's body.

The moment Heavenly Tiger King saw this, his gaze could not refrain from turning intent as he said in surprise, "This kid has such terrifying control!"

What kind of visual prowess did Heavenly Tiger King have? Ye Yuan's control over divine essence was too terrifying.

No need to talk about him; even those high priests from the Priest Temple absolutely could not do it to Ye Yuan's degree as well.

Tigerheart was only hanging in there with one breath and was totally unable to refine the medicinal strength himself anymore.

If he could still consume medicinal pills, Five-star high priests naturally would not be at their wits' end.

At least, prolonging his life was still doable.

Previously, that high priest also said before leaving that Tigerheart was not without hope. It was just that no one had that kind of fine control to ferry the medicinal strength into Tigerheart's body.

Even Hall Master Jin Hua could not do it too!

Now, this rank four little fellow actually did it!

“This kid indeed has some capability! His control over divine essence is simply brilliant to the max.” That black tiger from earlier marveled in admiration.

Heavenly Tiger King said excitedly, “Haha, truly, heaven doesn’t want my child to die!”

The black tiger was a little worried as he whispered, “Your Majesty, this kid wants that White Light, we . . .”

Heavenly Tiger King’s face turned black, two eyes glaring as he said in a solemn voice, “Wait for him to finish treating before talking! Talking about this now, do you want to die?”

The black tiger was startled inwardly and hurriedly withdrew, not daring to speak anymore.

Ye Yuan’s treatment lasted three days and three nights.

Under everyone’s marveling gazes, Tigerheart’s vitality went from nothing to something and gradually grew stronger again.

Although this process was extremely slow, the people present were all experts and could naturally feel the changes in Tigerheart’s breathing.

A smile unconsciously spilled out on Heavenly Tiger King’s ferocious looking face.

Suddenly, Ye Yuan’s palm pulled back, the treatment suddenly stopping.

Heavenly Tiger King’s face changed and he asked, “Kid, what’s the meaning of this?”

Ye Yuan slowly got up and wiped the fine beads of sweat on his forehead.

This method of ferrying medicinal strength was seriously too energy-consuming. Even he also felt very strained by casting it continuously for three days and three nights.

But the reason he stopped was naturally not because of this.

Ye Yuan looked at Heavenly Tiger King and said coolly, “Tigerheart’s current situation, living another few months isn’t an issue. I can continue to help treat him. But I have to see White Light first!”

The reason why he helped treat Tigerheart unconditionally was just in order to let them know that he had this strength.

But his goal was White Light.

Not seeing White Light, he would not continue taking action.

Regarding Heavenly Tiger King’s conduct, Ye Yuan had long inquired about it.

Heavenly Tiger King’s words, he naturally would not believe completely.

Heavenly Tiger King’s expression changed, and he said, “This king said that as long as you treat Tigerheart, this king will naturally release him.”

Ye Yuan shook his head and said, "I want to see White Light first!"

Heavenly Tiger King's expression became incomparably ugly and he involuntarily looked toward the black tiger.

Ye Yuan's face fell, immediately having a foreboding premonition. He said in a chilly voice, "Just how is White Light?! If you dare to deceive me, your son can forget about ever getting well!"

Heavenly Tiger King knew that it could not be hidden anymore and gave a cold snort as he said, "He's dead!"

Buzz!

Ye Yuan's eyes went black, staggering, nearly falling to the ground.

His head suddenly exploded, endless sorrow instantly filling his whole body.

"Puhwark!"

Ye Yuan's anxiety struck his heart, directly spewing out a mouthful of blood mist.

Chapter 1773: Magic Eye Grotto

Ye Yuan's eyes turned blood-red, berserk killing intent becoming corporeal, dispersing in all directions grandly.

"You really killed him?" Ye Yuan said in a cold voice.

Ye Yuan's murderous aura naturally could not pose any harm to Heavenly Tiger King.

In fact, the way they saw it, Ye Yuan's anger was simply laughable.

Heavenly Tiger King laughed loudly and said, "Looks like your relationship with that white tiger is really very deep! But your anger is utterly meaningless to this king. This is a world where the weak are prey and the strong feast. If you don't have the strength, even if you have monumental grievances, you also have to suppress it in your heart!"

Ye Yuan's entire body trembled, his gaze icy-cold as he said in a cold voice, "I ask you, did you really kill him?"

"Haha, this kid is probably really a fool, he still can't see the current situation clearly?"

"A rank four brat actually dares to threaten our Heavenly Tiger Mountain, this tone is also too big!"

"That punk called White Light actually dared to beat Young Patriarch Tigerheart to severe injuries, so serves him right to die!"

...

The fierce beasts following the Heavenly Tiger King all revealed teasing gazes.

To them, these powerhouses, occasionally toying with weaklings was also something pretty good.

Heavenly Tiger King burst into laughter and said, "Why, killed then killed, could it be that you'll really make our entire Heavenly Tiger Mountain be buried in death? Brat, not that I'm looking down on you, but just the likes of you? Now, go and treat Tigerheart obediently. If you dare to have any devious thoughts, this king will make you unable to beg for life nor plead for death!"

Suddenly, Ye Yuan's entire person recovered tranquility. His body stopped trembling. His pair of eyes looked at the Heavenly Tiger King, not carrying the slightest emotion.

The current Ye Yuan already could not use words to describe his rage.

A cold light flashed, the Junyi Sword already arrived in Ye Yuan's hand.

He walked over step by step toward the Heavenly Tiger King.

The Heavenly Tiger King's eyes were full of amusement as he said with a cold smile, "Kid, if you don't treat Tigerheart today, the consequences aren't what you can bear!"

Bang!

All of a sudden, the Heavenly Tiger King's aura was released fully. The powerful aura made the entire mountain forest tremble.

Even his subordinates were also all on tenterhooks, consciously retreating.

The Heavenly Tiger King already had one foot stepped into the threshold of rank six. The might of his imposing momentum, ordinary powerhouses could not withstand it at all.

Even Tiger Bright City Lord was not his match either. It could be seen how terrifying his strength was.

However, this powerful pressure had not closed in on Ye Yuan yet but the Heavenly Tiger King's eyes already revealed a look of horror.

His powerful aura was actually being suppressed back.

His figure suddenly froze there.

"Which ... Which lord arrived? Please reveal yourself!"

No one answered him!

The Heavenly Tiger King had a look of shock on his face. He completely could not feel any aura. But now, he could not even move his fingers!

He could only helplessly watch Ye Yuan approach him.

Same as him, none of the other fierce beasts were able to move as well.

The Heavenly Tiger King suddenly startled awake, only then remembering the words Ye Yuan said before.

He said that he was going to make the entire Heavenly Tiger Mountain be buried with White Light!

He only took it as a joke previously. He did not expect that this Divine Lord Realm human brat could actually find such a terrifying helper!

Looking as Ye Yuan drew close step by step, the Heavenly Tiger King finally sensed the arrival of death.

He currently could not even perform divine essence body protection.

It was as easy as flipping his hand over for Ye Yuan to want to kill him!

Looking at Ye Yuan's cold eyes, Heavenly Tiger King did not think that the other party would show mercy.

"H-Hang on! Maybe ... Maybe White Light isn't dead!" Heavenly Tiger King said rather feebly.

Ye Yuan's figure paused, not carrying the slightest emotion as he said, "You only have three breaths of time. If you can't convince me, you die!"

Heavenly Tiger King broke out in cold sweat. He had never felt before such tremendous pressure.

"A-Actually, after White Light was captured by us, he was thrown into the Magic Eye Grotto! That place is the Skydemon Mountain Range's forbidden land. As long as the person goes in, they have never come out alive before. So ... So ... he might still ... be alive ... right now."

Talking to the back, Heavenly Tiger King's voice became weaker and weaker.

Saying that White Light was still alive, even he himself did not quite believe it.

If White Light still had a trace of possibility of being alive, he would not deceive Ye Yuan either, saying that White Light was just being locked up.

However, Ye Yuan's bone-piercing icy aura immediately thawed significantly.

An additional trace of hope appeared in his eyes.

As long as it was not Heavenly Tiger King killing him himself, then he still had a glimmer of hope of survival.

Ye Yuan believed all along that White Light was not such an ill-fated person!

Following Ye Yuan putting away the Junyi Sword, the murderous aura on him dissipated considerably. That lofty suppression force on Heavenly Tiger King's body also disappeared along with it.

Heavenly Tiger King was shocked in his heart. He was completely unable to imagine what kind of strength the other party had, to be able to make him unable to even use demonic divine essence!

Ye Yuan looked at Heavenly Tiger King coldly and said, "Speak, what's the deal with this Magic Eye Grotto! You should be clear that you don't have a second chance!"

"Dare not, dare not! Heavenly Tiger will definitely say all that I know and say it without reserve!"

How did the current Heavenly Tiger King still have any mettle of a hegemon of a region?

In front of Ye Yuan, he was like a well-behaved little kitten, meek to the extreme.

He knew that that powerhouse hiding in the dark only needed a thought to be able to kill him!

Heavenly Tiger King deliberately shrunk his body, becoming half a size shorter than Ye Yuan. He carefully paid attention to his wording before slowly saying, "The Skydemon Mountain Range under our Empyrean Clouddridge's command has three forbidden lands: Purple Void Summit, Cloudsea Bamboo Forest, as well as the Magic Eye Grotto. Purple Void Summit is the roosting place of Empyrean Clouddridge, while the other two are death zones! No one knows what's inside the Magic Eye Grotto. But I heard that back then, there was a rank six great demon who had once gone in before. However, he never came out again. Since then, no one dare to enter anymore."

Speaking up to here, Heavenly Tiger King could not resist sneaking a peek at Ye Yuan but discovered that Ye Yuan was still emotionless, unable to discern what he was thinking at all.

Suddenly, Ye Yuan turned around and walked over toward Tigerheart again.

The Heavenly Tiger King looked at Ye Yuan in surprise and discovered that he actually started treating Tigerheart again!

Under Ye Yuan's marvelous skills, Tigerheart's heart grew in strength little by little.

After five days, Tigerheart appeared in front of the Heavenly Tiger King brimming with vitality and vigor.

Until now, the Heavenly Tiger King still did not quite dare to believe it. He said to Ye Yuan gratefully, "Many thanks, Your Excellency!"

Ye Yuan had a cold face and pointed at Tigerheart as he said, "Don't be in a rush to thank me first. He has to enter the Magic Eye Grotto together with me!"

The Heavenly Tiger King did not have time to be happy yet and his tiger body trembled as he cried out in shock, "This ... How can this do?"

Ye Yuan said coolly, "If I'm unable to come out, that person naturally won't eradicate your Heavenly Tiger Mountain. Your son will be buried in death for me and my brother! This is the karma that you planted yourself, so you have to bear the consequence!"

Ye Yuan was clearly in his heart, Wing wanted to find an opponent that could rival him, and not nurture a worthless wretch who grew up in a greenhouse.

If not for the sake of rescuing White Light, Ye Yuan also would not make the temple send an expert over.

As for entering the Magic Eye Grotto, that was clearly impossible.

And if Ye Yuan died inside the Magic Eye Grotto, everything was naturally dropped!

Chapter 1774: Void Realm, Sundered Boundary

Heavenly Tiger King had a pained look on his face. He really regretted it greatly now.

If he had long known what would happen today, why didn't he wait longer?

At least, Tigerheart did not really die, right?

Upon entering the Magic Eye Grotto, it was completely impossible for a person to survive.

It was said that even Emphyrean Cloudridge did not dare to enter deep inside!

Right at this time, Tigerheart suddenly opened his mouth and said, "Father, let me go!"

Heavenly Tiger King's tiger body trembled, looked at Tigerheart, and said, "If you go, there's no possibility of coming out again!"

Tigerheart let out a sigh and said, "Father, Tigerheart living a second life is overwhelmed with many emotions! This matter was us harming the innocent in the first place. We were at fault first. Lord Ye Yuan's loyalty is mind-boggling, not scrupling to enter the Magic Eye Grotto for his brother. What do I, Tigerheart, have to fear? If His Excellency dies inside, I'll accompany him! This is what us father and son owe him!"

In an instant, everyone within the cave did not seem to know Tigerheart anymore.

In the past, Tigerheart was arrogant and domineering, looking down on everyone and everything, like a child who never grew up.

But experiencing life and death this time, it was as if his entire person had changed.

Ye Yuan glanced at Tigerheart rather surprisedly, also not expecting that he would actually take the initiative to request to enter with him.

But very soon, he understood.

Between life and death, one could have a great awakening.

The current Tigerheart was like him back then.

Entering the Magic Eye Grotto this time, if he did not die, Tigerheart would definitely have great accomplishments in the future.

Heavenly Tiger King had a conflicted look. Finally, he still heaved a long sigh and said, "Forget it. You go with him!"

...

Standing in front of the Magic Eye Grotto, Ye Yuan seemed to see a primitive behemoth currently opening its gaping maws, wanting to swallow this mountain in one bite.

The light outside was clearly very good. But such a large cave, one actually could not even see the entrance of the cave!

Inside was endless darkness.

The Heavenly Tiger King looked at that cave entrance and said with a fearful look, "This place is the Magic Eye Grotto. No one has ever known what's inside and no one dares to go in as well."

Clearly, he also felt the terror of this Magic Eye Grotto.

Ye Yuan nodded his head and slowly walked over toward the Magic Eye Grotto.

Tigerheart said to the Heavenly Tiger King, "This child is going. Father, take care!"

Finished talking, Tigerheart jogged along and followed behind Ye Yuan.

Stepping into the Magic Eye Grotto, the figures of a human and a tiger were seemingly directly gobbled up by the enormous mouth, disappearing.

Ye Yuan only felt a blur before his eyes. When he looked back, how was there still the Skydemon Mountain Range's shadow?

"Your Excellency, we ... seem to have come to another space!" Tigerheart said.

Ye Yuan nodded and said, "Looks like this so-called Magic Eye Grotto is an entrance to another space. Furthermore, this entrance is one-directional, we can't go back anymore."

Tigerheart could not help being overjoyed when he heard that and said, "In that case, this place isn't a death zone. Then Brother White Light should still be alive?"

But Ye Yuan did not have any joy on his face. Clearly, he was not as optimistic as Tigerheart.

"This place isn't a nice place, but there's always an additional glimmer of hope. But I hope that I can find him. You should be able to break through to late-stage rank four after you eat it. Wait until after you break through, then we'll set off again."

While talking, Ye Yuan threw Tigerheart a medicinal pill.

Tigerheart said in surprise, "This ... This is a void spirit divine-grade Blazing Sun Skyflame Pill! Could this medicinal pill be refined by Your Excellency?"

Ye Yuan rolled his eyes and said, "If I didn't have this bit of ability, could I bring you back to life?"

When Tigerheart heard that, he said embarrassedly, "Haha, makes sense. However, doesn't Your Excellency blame me for harming Brother White Light?"

Ye Yuan said coolly, "This wasn't your original intention. I was angry at your father maligning the innocent indiscriminately. Moreover, every injustice had its perpetrator, every debt its debtor. This matter can't be blamed on you."

The moment Tigerheart heard, he could not resist saying, "Actually, Father he ..."

Ye Yuan waved his hand and interrupted, "You don't need to explain. If White Light is fine, everything is naturally easy to discuss."

Tigerheart did not dare to say any more words and could only secretly pray for White Light to be okay.

He swallowed the demon divine pill that Ye Yuan gave and started breaking through in closed-seclusion.

To the demon race, the bottleneck from middle-stage to late-stage was even harder to break through than the human race's.

Hence, the standing of priests in the demon race carried decisive weight.

Even if the Heavenly Tiger King really wanted to massacre Tiger Bright Imperial City, he also did not dare to do anything to the Priest Temple.

Otherwise, he would die without even knowing how he died.

Tigerheart's strength was similar to Blackpupil's and White Light's. Presently, White Light's strength already reached peak middle-stage rank four as well.

In-between this, they likely could not dispense with a bout of lucky chances.

Now, Ye Yuan produced the void spirit divine-grade Blazing Sun Skyflame Pill the moment he took action. Helping Tigerheart to break through was naturally something that was achieved without extra effort.

After Tigerheart went into meditation, Ye Yuan set up an array formation, isolating his aura. He then started surveying the vicinity.

This place was a region of bleak and desolation; quarry rocks and craggy rocks.

Furthermore, this place was completely in darkness, unable to see one's fingers when the hand was stretched out.

"Senior, what place is this?"

Dustless had vast experiences and knowledge. Facing this kind of unknown place, Ye Yuan naturally had to consult him.

Dustless shook his head and said, "I've never seen this kind of place before as well. But looking at it, it's like a sundered boundary between the Heavenspan World and the Void Realms."

"Void Realm? Sundered boundary?" It was still Ye Yuan's first place hearing these terms and could not help but wonder.

Dustless said, "The Heavenspan World has existed for God knows how many hundreds of millions of years already. The small worlds left behind are too many to enumerate. Small worlds will gradually die along with the passage of time. But some major powers can connect their small worlds with the Heavenspan World, becoming one with the Heavenspan World. At the same time, it stands independent outside of the Heavenspan World. This kind of small world is extremely stable and people won't easily die. They will leave behind their legacies and descendants there, living and propagating. Places like this are called Void Realms. And the place of transit between Void Realms and the Heavenspan World are known as sundered boundaries! This kind of place is very unique and will tend to give rise to some powerful existences."

Ye Yuan was surprised inwardly, not expecting that the Heavenspan World still had this kind of place.

The world was truly so big that there was nothing to be surprised about!

However, he frowned and said, "No wonder I keep feeling that this place is threatened by a crisis of danger. Looks like this sundered boundary likely has some powerful existence!"

Dustless nodded and said, "I'm afraid so!"

Suddenly, Ye Yuan's face changed. A black shadow tore across the night sky, heading toward Tigerheart who was currently at the juncture of breaking through.

Without the slightest hesitation, Ye Yuan brandished his long sword and actually reached first despite launching later, stabbing at that black shadow.

Bang!

That black shadow was directly hacked by Ye Yuan's one sword.

"Howl, howl!"

The black shadow emitted yelping cries when it felt pain.

Ye Yuan's face fell, only then, discerning that this was a ferocious black wolf.

The might of its strength actually already reached late-stage rank four.

Furthermore, Ye Yuan was secretly shocked. This black wolf was actually completely unscathed taking on a sword from him!

Ye Yuan focused his eyes and looked. This hungry wolf had blood-shot eyes. Saliva was dribbling down its mouth as if it was currently in a state of rampage.

But right at this time, one dark shadow after another suddenly appeared in the darkness.

Ye Yuan focused his eyes and looked around. Tigerheart and he were actually already surrounded by hundreds of fierce beasts.

These fierce beasts' conditions were the same as that black wolf's.

Chapter 1775: Fierce Fighting With Fierce Beasts

Ye Yuan's pupils shrunk! Among the hundreds of fierce beasts, there was one with an extremely ferocious imposing momentum. It actually already reached peak late-stage rank four!

This kind of strength was an existence rivaling a Ninth Firmament Divine Lord.

Currently, Ye Yuan was already at the Fifth Firmament Divine Vortex Realm. Even facing Eighth Firmament Divine Lord powerhouses, he did not fear in the least bit too.

At this time, a Sky Thunder Raging Ox Beast had an outer-appearance similar to that of a reckless bull, but its aura was comparable to that of a Ninth Firmament Divine Lord.

With Ye Yuan's movement technique, if he really wanted to escape, this Sky Thunder Raging Ox Beast might not be able to catch up.

It was just that right now, Tigerheart was currently at a critical juncture of breaking through. Once he left, the other fierce beasts would definitely attack and chomp on him until not even dregs remained.

If it were others, their first thought at this time would be to run away.

But this was Ye Yuan!

Seemingly feeling the powerful pressure from the surrounding fierce beasts, Tigerheart's aura became disorderly.

His breakthrough had reached the most critical juncture. Once something went wrong at this time, his realm would fall if it was minor. If severe, his foundation would be damaged and it would be hard to recover to the peak again.

“Right now, you don’t need to think about anything. Focus on breaking through, and leave the rest to me! The sooner you break through successfully, the sooner we can break free.”

Ye Yuan’s words were transmitted into Tigerheart’s ears. Very soon, his aura became much more stable.

Ye Yuan looked at ferocious fierce beasts and let out a sigh as he said, “Looks like I can only risk it and wait for Tigerheart to break through successfully!”

Suddenly, a figure appeared beside Ye Yuan. It was precisely Ning Tianping.

Following the increase of Ye Yuan’s strength, the times when Ning Tianping could help Ye Yuan were already not much.

These few years, he had always been cultivating in closed-seclusion inside the Purple Extreme Hall.

Under Mo Lifei’s devoted training and with the help of Ye Yuan’s medicinal pills, he already broke through the bottleneck presently. He successfully became a Seventh Firmament Divine Lord.

“Your Excellency, this ...”

The moment Ning Tianping came out and saw such a shocking scene, he could not resist changing expression agitatedly.

Ye Yuan said coolly, “You stand guard over this guy! Don’t let fierce beasts come close. Leave the rest to me!”

Ning Tianping’s face changed and he said, “But Your Excellency, that fierce beast is too strong!”

Ye Yuan said coolly, “I’m not risking my life with it either, so afraid of what?”

“Yes, Your Excellency!” Ning Tianping gritted his teeth and said.

Facing such a perilous scene, but he could only support from the sidelines, how unwilling!

Ye Yuan brandished his long sword, figure shooting out like lightning, becoming erratic in the air.

The moment he attacked, it was the certain-kill Spirit Concealing Sword!

Puchi!

That black wolf previously was directly cleaved into two halves by Ye Yuan’s sword, dying until he could not be dead.

While his attack also successfully aroused the wildness of all of the fierce beasts.

“Roar, roar, roar!”

In the silent wilderness, hundreds of fierce beasts bellowed frenziedly, appearing extremely horrifying.

Ye Yuan attracted all of the fierce beasts all at once.

In the beast horde, Ye Yuan's figure flickered indeterminately, shuttled back and forth in space.

The moment he made his move, a fierce beast was killed.

But right at this time, that peak late-stage rank four fierce beast attacked.

"Roar!"

It was only to see that Sky Thunder Raging Ox Beast roared. The surroundings immediately turned into a sea of lightning.

Ye Yuan's expression changed. This lightning was too strong and actually had the effect of freezing space, making his spatial law unable to execute smoothly.

One had to know, Ye Yuan's greatest reliance was spatial law.

If his movement technique was being restricted, he would really be dead.

This Sky Thunder Raging Ox Beast was clearly not so simple.

"Roar!"

With another roar, that Sky Thunder Raging Ox Beast took a step, figure turning into an afterimage, butting over toward Ye Yuan.

This fierce beast was incomparably fast, arriving in front of Ye Yuan in a blink of an eye.

Puchi!

Those sharp bull horns directly stabbed two large holes in a late-stage rank four demonic beast.

At the critical moment, Ye Yuan broke free from the restraints of the lightning and escaped into the void.

Far away, when Ning Tianping saw the scene just now, he turned pale with fright.

Only after seeing Ye Yuan dodge this horrifying blow did he let out a sigh in relief.

"Puhwark!"

Ye Yuan directly spewed out a large mouthful of blood. Clearly, that blow earlier, he was still injured by the power of laws.

Ye Yuan did not dare to stay, fighting as he left, avoiding that area of lightning.

He believed that this kind of horrifying lightning power, it was impossible for that Sky Thunder Raging Ox Beast to release it frequently too.

Ning Tianping's complexion was white as a sheet, his heart almost jumping out.

He had not seen Ye Yuan take action for very long. So many years had passed, and Ye Yuan's strength had become increasingly terrifying.

A Divine Lord Realm who still had the strength to counter-attack under the encirclement of so many fierce beasts, one likely could not find a second person, right?

Suddenly, his face changed, a handful of fierce beasts sprinted over toward his side.

Immediately, Ning Tianping raised his long sword and guarded Tigerheart.

Fortunately, Ye Yuan restrained the vast majority of the fierce beasts' attention. Those that headed over here were merely some of the weaker fierce beasts.

Presently, under Mo Lifei's guidance, Ning Tianping's strength also grew with each passing day.

Wandering among more than a dozen fierce beasts, he did not fear in the slightest too.

Even though he could not accomplish Ye Yuan's casual killing, ordinary fierce beasts could not get close to him as well.

At Ye Yuan's side, the fierce beasts could not be killed finish.

Those that he could casually kill off were all some of the weaker fierce beasts.

But those fierce beasts whose strength surpassed late-stage rank four. Hence, wanting to kill them was not so simple anymore.

But even so, there were also seven to eight dead bodies of late-stage rank four fierce beasts at this time collapsed on the ground.

As for weaker fierce beasts, even more collapsed on the ground.

Falling into a heavy encirclement, Ye Yuan also felt unprecedented pressure.

Suddenly, Ye Yuan discovered that there were two late-stage rank four fierce beasts that already rushed to Ning Tianping's side.

He could not help being greatly alarmed. With Ning Tianping's current strength, he absolutely could not block those two late-stage rank four fierce beasts' assault.

Moreover, he was already quite occupied with things.

Whoosh!

Two terrifying sword lights arrived with a howl. Two fierce beasts fell to the ground at the sound of it.

But right at this time, that Sky Thunder Raging Ox Beast also shot an electric ball out of its mouth.

In order to kill those two fierce beasts, Ye Yuan opened the gates wide at this time. It was already too late to want to avoid.

But this scene, Ye Yuan had long expected it.

Blue patterns flashed on his body, golden light erupted.

Bang!

Ye Yuan forcefully suffered this blow, his entire body akin to being struck by lightning, fresh blood spraying wildly as he directly flew out several thousand feet away.

Right at this time, Tigerheart's breakthrough finally completed!

Seeing the corpses of the fierce beasts all over the ground, Tigerheart's heart was greatly shaken.

"This ... This was all done by Lord Ye Yuan? Just how terrifying is his strength?!"

Tigerheart had never thought that a human's strength could actually be daunting to such an extent.

Facing the encirclement of a peak late-stage rank four fierce beast as well as a large number of fierce beasts, he was actually still able to counter-attack so sharply.

Lord Ye Yuan's strength was really too horrifying.

One had to know, he was just a Fifth Firmament Divine Lord!

"You dumb tiger, what are you still stoning for? Quickly go save His Excellency!"

Ning Tianping's eyes could not help turning bloodshot when he saw Ye Yuan getting injured.

Seeing that Tigerheart was actually in a daze there, he could not refrain from bellowing loudly.

Chapter 1776: Give to You.

Tigerheart suddenly trembled. His figure suddenly shot out explosively.

Breaking through to late-stage rank four, Tigerheart's speed increased explosively, arriving at Ye Yuan's side in a blink of an eye. He directly hauled Ye Yuan up and left.

Getting hit by only a single move, Ye Yuan's insides were in upheaval, already sustaining serious injuries.

But at this time, Ning Tianping fell into heavy encirclement and found it very hard to break free.

Ye Yuan forcefully suppressed his injuries. Waving his hand, it was a dozen over rays of sword light, directly hacking those fierce beasts into pieces.

"Go!"

Ye Yuan gave a cold cry, pulling Ning Tianping and getting on the tiger back together.

Behind them, a group of fierce beasts was in hot pursuit.

Fortunately, Tigerheart's speed was extremely fast. Those fierce beasts could not catch up for the time being.

"Are you alright, Your Excellency?" Ning Tianping asked with a concerned look.

Ye Yuan shook his head and said, "I'm fine! I'll recover from my injuries first!"

As he said, Ye Yuan swallowed a medicinal pill and immediately started recuperating from his injuries on Tigerheart's back.

That blow from the Sky Thunder Raging Ox Beast was extremely heavy. If it were an ordinary Fifth Firmament Divine Lord, they would have long been slaughtered.

“This Heavenly Dao tattoo is indeed powerful. Otherwise, even if I have the Nine Transformations Golden Body, I probably couldn’t withstand this blow either, right?” Ye Yuan said with vicissitudes of emotion in his heart.

Entering the Heavenspan Mountain’s realm fog that time and obtaining this Heavenspan Mountain tattoo, he truly benefited endlessly.

After a short while, Ye Yuan’s complexion gradually became rosy.

“Your Excellency, that bunch of fierce beasts are like crazy, chasing us all the way and not letting us go!” Tigerheart said.

Ye Yuan’s face fell slightly and he said, “These fierce beasts seem to want to force us to a certain place! I feel that they seem to be controlled by something.”

From the beginning, Ye Yuan felt that the states of these fierce beasts were not right.

The moment these words came out, Tigerheart and Ning Tianping’s expressions both changed drastically.

“This ... Then what should we do?” Ning Tianping said worriedly.

Ye Yuan mused for a moment, his eyes revealing a firm look as he said, “Since someone wants to meet us, then let’s make a trip!”

Ning Tianping and Tigerheart were naturally very worried. But since Ye Yuan made a decision, they still carried it out firmly.

Ye Yuan naturally did not want to go through dangers. But if White Light was thrown in, then he very likely encountered danger too.

Since that was the case, he had to take this risk.

Just as they were running, a gloomy and dark cave entrance appeared ahead.

Before approaching yet, a gust of Yin wind directly blew over, making the three people feel a chill from the bottom of their hearts.

“Your Excellency, what a terrifying Yin wind. There’s likely an extremely powerful existence inside here!” Ning Tianping said.

Ye Yuan’s face fell and he said, “Go in!”

Tigerheart did not hesitate in the slightest. With a few lunges, he dashed straight in.

“Your Excellency, those fierce beasts ... didn’t seem to have chased in!” Tigerheart said.

Ye Yuan nodded and said, “Looks like it was someone who wanted us to enter this place! Come, let’s go in. I want to take a look and what the hell this place has.”

...

After Ye Yuan three people's figures disappeared, four to five figures appeared at the entrance of the cave.

These few people were each riding a mount.

"Heh, that rank five evil spirit inside, we were just vexed over being unable to deal with it. I didn't expect that there were two suckers who delivered themselves to the doorstep," said one of the gray-robed men[1].

The gray-robed man rode a white tiger, his aura seemingly very powerful.

"It's still Eldest Senior Brother who is brilliant! Evil spirits like to possess humans the most. Once it seizes possession of those two scapegoats, it will definitely be in a period of weakness. At that time, we'll be able to sit down and reap the spoils without lifting a finger. The Yin Spirit Stone and the Nine Yin Soul Devouring Grass inside this Blackspirit Cave will be ours!" Beside the gray-robed man, a girl dressed in a fiery-red long skirt said.

"Haha, as long as we get these two items, our Spirit Controlling Sect will definitely take first place in this trial." Another person said.

The gray-robed man continued saying, "Speaking of which, that Fifth Firmament Divine Lord guy has such powerful strength! Under the encirclement and assault of hundreds of fierce beasts, he could actually make a full retreat. If his realm was a little higher, I'm afraid we won't even be his match."

Speaking of this, the other few people's faces turned slightly apprehensive.

Ye Yuan three people's actions had actually always been under their surveillance.

But the combat power that Ye Yuan exhibited made each and every one of them extremely shocked.

A Fifth Firmament Divine Lord was actually still able to make a full retreat under the encirclement and suppression of a group of late-stage rank four fierce beasts.

What was even more frightening was that there was even a peak late-stage rank four fierce beast inside.

At first, they only wanted to scare Ye Yuan and force Ye Yuan away.

As for Tigerheart's life or death, they did not care at all.

Who knew that Ye Yuan actually did not escape and instead rushed into the beast horde alone.

Fortunately, that peak late-stage rank four fierce beast's strength was quite powerful and could still suppress Ye Yuan.

Otherwise, it would really be tough for them to operate.

Even so, they were also startled by the combat power Ye Yuan displayed.

The face of the woman in red clothes also revealed a look of surprise and said, "The cultivation method that this guy cultivates is different from ours. He likely came in from the Heavenspan World. Could it be that ... the Heavenspan World's martial artists are all so powerful?"

The gray-robed man shook his head and said, "Impossible! That kid is definitely a top prodigy in the Heavenspan World! Sword Dao law fused with third firmament spatial law, such talent is rare in the world. Even in the Heavenspan World, it's absolutely impossible for him to be an unknown person too. He must be a major faction's top disciple. However, this has nothing to do with us. Either way, he's dead for sure. Let's go in. I reckon that that kid had already been taken possession of right now. Dragging it on won't be good for us."

Finished talking, the few people entered inside the cave together.

This cave was very similar to the Yin Wind Den that Ye Yuan entered back then. But the evil spirits inside were clearly much more powerful compared to the Yin Wind Den.

However, the strengths of the Spirit Controlling Sect's people were also extremely strong.

Especially the gray-robed man, his strength already reached half-step Celestial Deity Realm, the strongest existence among the party.

Ordinary evil spirits could not approach him at all.

The party gradually went deep in and also became especially careful.

Suddenly, two figures appeared ahead. The gray-robed man focused his eyes and looked. Who was it if not Ye Yuan and Ning Tianping?

The gray-robed man swept a glance around the cave and discovered that there was indeed no longer that rank five evil spirit, and was immediately overjoyed.

"Hahaha, you two fools, indeed seized possession of these two humans! Now, I'll send you guys on your way! The Yin Spirit Stone and the Nine Yin Soul Devouring Grass are our Spirit Controlling Sect's!" said the gray-robed man as he laughed loudly.

Right at this time, an icy-cold aura came out from Ye Yuan's body.

He suddenly opened his mouth, looked at the gray-robed man, and said, "You deserve death!"

The gray-robed man was indifferent and said coolly, "I deserve death? Hahaha, if you were at your prime, I'd be somewhat scared of you. This appearance right now, best forget about this kind of threatening!"

Ye Yuan's gaze was icy-cold, his body emitting waves of gloomy and cold aura.

A terrifying figure drifted out of Ye Yuan's body.

The gray-robed man's expression changed drastically and he said in disbelief, "This ... How is this possible? You ... You weren't possessed?"

Ye Yuan sneered and said, "Like to be possessed so much? Then, I'll give him to you!"

[1] I don't know why 2 instead of 3, maybe Tigerheart wasn't considered since they were riding on his back?

Chapter 1777: Big Brother Is Here to Pick You Up

The gray-robed man revealed a look of shock. He was seriously unable to imagine how a Fifth Firmament Divine Lord escaped the fate of being possessed.

Furthermore, looking at this appearance, this evil spirit was actually even being used by Ye Yuan currently!

“L-Little Brother, actually ... actually, this was all a misunderstanding!” the gray-robed man said with an ugly expression.

He never would have thought that the scheme he designed meticulously actually buried him alive currently.

Not only was this kid not possessed, he actually even used this evil spirit to deal with him instead.

One should not look at how he was currently a half-step Celestial Deity. Because in front of a rank five evil spirit, it was still not enough to look at.

That was an existence that could rival Celestial Deity Realm!

“Misunderstanding? Those fierce beasts outside were all controlled by you, right? Driving us in was in order to have this rank five evil spirit seize possession. Don’t tell me that this wasn’t your doing!” Ye Yuan said coldly.

The gray-robed man’s expression was incomparably ugly. He did not expect that Ye Yuan actually even guessed this.

“Little Brother, you guys should be both from the Heavenspan World, right? Bamboo Groove Void Realm doesn’t allow the appearance of the Heavenspan World’s humans. We’re all the Spirit Controlling Sect’s disciples, having a trial in this sundered boundary. In order to seize the Yin Spirit Stone and Nine Yin Soul Devouring Grass inside this cave, that’s why we made this decision. Our Spirit Controlling Sect’s status inside the Bamboo Groove Void Realm is very high. As long as Little Brother you let us off, our Spirit Controlling Sect will definitely keep you safe!” The gray-robed man’s eyes swiveled as he blurted out more information.

He was certain that Ye Yuan was a genius who was inexperienced in the affairs of the world. This time, he likely came out to train, that was why he strayed into the sundered boundary.

This kind of people, intimidating with threats and beguiling with benefits a little, it was very easy to fall for it.

Either way, Ye Yuan was completely clueless about the Bamboo Groove Void Realm’s affairs.

Sure enough, when Ye Yuan heard the gray-robed man’s words, his expression changed slightly and he said, “Want me to let you all off, also can. But you have to promise me a condition!”

The moment the gray-robed man heard, he could not help being wildly elated in his heart, secretly thinking that this punk was indeed easy to hoodwink!

He hurriedly said, "Whatever condition Little Brother has, feel free to speak up. Just take it as we offended Little Brother and making an apology to you."

Ye Yuan said coolly, "Your mount is pretty good, I want it!"

The gray-robed man's expression changed, his face revealing a look of reluctance.

When Ye Yuan saw his expression, he immediately turned cold and said, "Why? Can't bear to part with it?"

The gray-robed man had an awkward look. This white tiger's bloodline was extremely pure. There was a lot of room for future development, not like his other mounts.

For this, he expended considerable effort.

The gray-robed man thought, this kid knows good stuff, to actually want my white tiger the moment he opened his mouth! Forget it, hold him steady first before talking. As long as I trick him back to the sect, wouldn't this white tiger still be mine?

"H-Haha, not hiding from little brother, but I really can't quite bear to part with it. But just now, it was indeed our fault. Then I'll bear the pain and give it to Little Brother!"

The gray-robed man had a reluctant look as well, lightly patting the white tiger. The white tiger came to Ye Yuan's side very obediently.

Seeing this scene, Ye Yuan's heart was full of monstrous killing intent.

It was just that he did not reveal a single trace of it.

That was right, this white tiger was none other than precisely White Light!

The reason why he did not take action for so long was also precisely because of White Light.

Ye Yuan recognized him the moment he laid eyes on him.

But very clearly, White Light did not recognize him.

Or should he say, he was unable to recognize Ye Yuan at all!

Ye Yuan did not understand this Spirit Controlling Sect's methods and did not dare to easily show it.

The current White Light was like a docile kitten. If the gray-robed man made him go east, he absolutely would not head west.

Without a doubt, he was controlled by this Spirit Controlling Sect's disciple with some kind of method.

At the thought that his brother was actually at the mercy of others like so, the killing intent in Ye Yuan's heart was practically about to burst his body.

Ye Yuan did not have the slightest clue about the Bamboo Groove Void Realm. If this Spirit Controlling Sect's method had some unique aspects, a moment of impulsiveness would harm White Light instead.

Although Ye Yuan was confident, it was not to the point of arrogance yet.

He did not have confidence that he could get rid of this beast controlling method.

Ye Yuan lightly stroked White Light's fur, revealing a very pleased expression.

"Mn, indeed pretty good! What you should do, don't need me to teach you, right?" Ye Yuan frowned and said.

The gray-robed man chuckled and said, "Little Brother don't blame, this beast is a transformed demonic beast and doesn't listen to taming. That's why I used the Dark Soul Pearl to suppress his beast soul. Originally, I planned on bringing him to the Spirit Controlling Sect to tame him properly and make him form a spirit beast contract with me. Since Little Brother likes him, then I'll give the Dark Soul Pearl together to Little Brother."

The gray-robed man had a smile on his face, as if very sincere.

When doing a favor, go all the way. Either way, this Dark Soul Pearl would still return to his hands in the end.

When Ye Yuan heard, he could not help saying with great interest, "Oh? Your Spirit Controlling Sect is indeed a little interesting. This kind of means isn't commonly seen in the Heavenspan World. I wonder how you plan on taming him?"

The gray-robed man chortled loudly and said, "These demonic beasts are all inherently lowly beings! Want to tame him, one naturally has to teach him a good lesson, then continuously suppress his beast soul with my Spirit Controlling Sect's secret art. Even if he's the reincarnation of Buddha's warrior attendant, he'll also have no choice but to submit in the end."

The moment Ye Yuan heard, flames of fury flared up in his heart all at once.

He virtually used all of his strength before controlling his anger.

"Oh? So that's how it is. Then what's that Dark Soul Pearl? How to use it?"

Ye Yuan was like a curious baby at this time, continuously inquiring about the Spirit Controlling Sect's methods.

The gray-robed man was patient, silently chanting the spell. A surge of boundless soul force gushed out, entering straight into White Light's sea of consciousness.

Then, Ye Yuan saw a dark-black pearl slowly fly out.

And right at this time, White Light's eyes finally turned from turbid to clear.

When he saw Ye Yuan, his entire body could not help trembling, tears bursting out.

"B-Big Brother!"

Ye Yuan's face finally revealed a radiant smile. Lighting stroking that soft fur of White Light, he revealed a trace of a tender smile and said, "Alright, everything is over, Big Brother is here to pick you up!"

When the Spirit Controlling Sect's people saw this scene, their countenance could not help changing.

Especially the gray-robed man, his expression became extremely ugly.

“Punk, turns out that you guys know each other! You ... You tricked me?”

At this point, how did the gray-robed man still not know what Ye Yuan’s goal was?

It was just that he never dreamed that Ye Yuan actually knew this white tiger!

Now only did he know that this kid was clearly aiming for the white tiger!

He thought that he deceived Ye Yuan, but he did not know that he had been led by the nose by Ye Yuan all along.

He regretted in his heart!

It turned out that he had a trump card in his hands, but he gave it to the other party for free!

“Big Brother, I ... I ...”

Along the way, White Light had suffered no idea how much hardship. Being overcome by sorrow at this time, he could not control anymore and dug into Ye Yuan’s embrace like a child, bursting into tears.

Ye Yuan hugged White Light’s head and said, “Big Brother knows that you suffered a lot of hardships. You rest assured, Big Brother will help you square the accounts one by one! Now, start squaring it from here!”

Unrivaled Medicine God

Chapter 1778: Heavenly Ghost Incarnation

“You just said earlier that demon races are inherently lowly beings?” Ye Yuan’s eyes turned sharp, his gaze looking at the gray-robed man was icy-cold.

The gray-robed man’s expression changed and he said in a cold voice, “So what? If you dare to kill me, it’s absolutely impossible to escape out of the sundered boundary! I, Sikong Xiu, am the Spirit Controlling Sect’s core disciple! If you dare kill me, the Spirit Controlling Sect won’t let you off!”

At this time, the gray-robed man could only rest his hopes on that the Spirit Controlling Sect’s prestige could suppress Ye Yuan.

Ye Yuan said coldly, “Who cares who the hell you are? If you dare to humiliate my brother, there’s only one outcome, and that’s death!”

While talking, Ye Yuan’s thought stirred, that evil spirit’s aura suddenly erupted.

A chill that penetrated to the bones instantly made the temperature in the cave plummet to freezing point.

“Kid, do you really think that we’re lambs waiting to be slaughtered? Our Spirit Controlling Sect is far stronger than you imagine!”

Sikong Xiu gave a cold laugh, powerful soul force spewing out.

When his fellow disciples saw the situation, their expressions became incomparably ugly.

“Senior Apprentice Brother Sikong, we really have to use this move?”

“Yeah, Senior Apprentice Brother Sikong. Using this move, we’ll fall back several minor realms!”

Clearly, the side-effect of this move was immense. Otherwise, Sikong Xiu also would not wait until now before using it.

Sikong Xiu gave a cold laugh and said, “If cultivation realm is gone, it can be cultivated again. Losing your lives, can you all still revive? At this point, do we still have a choice?”

It was not that the rest did not understand this logic. It was just that their own strength was cultivated bitterly. Once it fell, wanting to cultivate it back would have to expend countless times again.

This undoubtedly needed immense courage for them.

But at this time, they clearly had no options already.

The group of Spirit Controlling Sect disciples’ soul forces virtually burst forth at the same time. These soul forces actually produced a strong resonance.

Ye Yuan looked at this scene with a cold face and said coolly, “Kill!”

The evil spirit emitted a shrill screech, pouncing over toward the Spirit Controlling Sect disciples.

A hint of a cold smile flashed across the corners of Sikong Xiu’s mouth and he said, “How can the might of my Spirit Controlling Sect be what an ant like you can imagine? A measly evil spirit, do you really think that you can take down us? Oh guardian of the sect, Spirit Controlling Sect disciple, Sikong Xiu, offers a sacrifice with soul force and divine essence, to summon the guardian sacred beast!”

The other disciples and Sikong Xiu were the same, chanting away.

Those divine souls dispersed in the air underwent a bizarre change at this time.

An enormous claw that seemingly came from great antiquity probed out of the void!

This enormous claw gave off a powerful aura. It was actually a level stronger than even the evil spirit!

Rumble!

Two mighty rank five powerhouses directly collided together.

But that enormous claw was clearly a notch greater, directly smacking the rank five evil spirit flying with one claw.

That evil spirit’s aura immediately withered significantly.

Then, an enormous beast covered in silver scales all over slowly stepped out of the void.

The behemoth’s body gave off an unfathomable aura.

Ning Tianping’s face changed and he said, “This ... This is the beast soul of a Silverscale Single-Horned Beast! What a powerful beast soul!”

The auras of Sikong Xiu and the rest immediately wilted considerably after this behemoth appeared.

But Sikong Xiu was incomparably excited and said with a big laugh, "Punk, you forced me! This Silverscale Single-Horned Beast is our sect's guardian sacred beast, a former rank seven powerful existence! Now, suffer his wrath well!"

Tigerheart actually started shuddering in front of this Silverscale Single-Horned Beast's beast soul.

Even White Light was also deathly pale, akin to facing a great enemy.

"Your Excellency, this ... this Silverscale Single-Horned Beast is too powerful, it's not what we can rival at all!" Tigerheart said tremblingly.

Ye Yuan looked at that beast soul and said with a cold smile, "Guardian sacred beast? A rank seven powerful existence, but you guys actually wiped away the consciousness of his beast soul and imprisoned him inside the sect, making him unable to reincarnate for all of eternity, guarding the sect generation after generation. This kind of sect, how vicious!"

Dustless saw through with one glance that this beast soul was merely a small portion of the main body.

Clearly, with the strength of these people in front of them, summon at this kind of power was already the limit.

However, the baleful aura on this beast soul was very strong, it did not willingly defend the sect, but it was the Spirit Controlling Sect that imprisoned it in a certain place with a special method, offering it up for the sect disciples to control.

This kind of method was extremely cruel, the beast soul would never reincarnate for all of eternity!

Rank seven divine beast, that was a powerful existence comparable to heavenly empyreans. Each one was an incomparably proud existence, to actually be controlled by a bunch of trash.

This was simply the trampling of dignity to a rank seven divine beast.

Sikong Xiu gave a cold laugh and said, "So what? In the eyes of our Spirit Controlling Sect, fierce beasts and divine beasts are merely slaves provided for martial artists to control! They only need to obey our orders and do things! So what if a rank seven divine beast, isn't it still a brutish animal?"

Sikong Xiu was not ashamed in the slightest but took pride in it instead.

A rank seven divine beast, what kind of proud existence was it? It actually became a brutish animal out of his mouth.

Ye Yuan's eyes narrowed slightly, revealing a hint of a chill and he said in a cold voice, "Survival of the fittest in natural selection, this in itself has no cause for much criticism. But your Spirit Controlling Sect's conduct is too cruel, going against nature and reason, being worse than even animals! You deserve death!"

Sikong Xiu burst into laughter when he heard it and said, "It's just too bad that you can't kill me! That evil spirit of yours is too weak!"

Ye Yuan pursed his lips and said with disdain, "Although this divine beast is strong, it's just a pity that you guys are too weak. The beast soul summoned is merely just initial-stage rank five!"

Sikong Xiu smiled and said, “Heh, dealing with that trash evil spirit of yours, it’s enough! Guardian sacred best, tear that punk into pieces for me!”

“Roar!”

An earth-shaking roar echoed out. That Silverscale Single-Horned Beast raised its enormous claw and smack over towards Ye Yuan.

This claw carried a realm suppress that shocked the soul, powerful to the extreme.

Even though it was just initial-stage rank five, he was once a rank seven powerful existence after all.

That kind of pressure that came from the depths of the soul made people shudder.

Even First Firmament Celestial Deity martial artists absolutely could not survive by a fluke under this claw!

In comparison, Ye Yuan’s evil spirit was much weaker.

“Hahaha, go to hell! A fool who overestimates his ability!”

Ye Yuan looked at this scene coldly, his face not having the slightest change in countenance.

Right at this time, an even more powerful soul force than the Silverscale Single-Horned Beast suddenly burst forth.

“Ghost Dao Hundred Runes, 21st Dao, Heavenly Ghost Incarnation!”

That evil spirit’s body suddenly expanded more than ten times, raised a ghost claw, and smashed over toward the Silverscale Single-Horned Beast.

Bang!

Sikong Xiu’s expression changed drastically, looking at this scene in disbelief.

Only to see the guardian sacred beast that they took great pains to summon dissipate with a loud bang under this punch!

This evil spirit was suddenly more than ten times stronger than before!

“Puu, puu, puu!”

With the guardian sacred beast being defeated, these Spirit Controlling Sect disciples suffered great damage to their minds, all spurting fresh blood wildly, bodies flying out backward.

Sikong Xiu’s expression was struck dumb with amazement as he looked at this scene and said, “This ... This is impossible! How can this evil spirit be so strong?!”

Chapter 1779: Humiliation

“The guardian sacred beast was actually defeated!”

Blasting away an initial-stage rank five beast soul with one punch, this kind of strength simply made people shocked.

One had to know, this rank five evil spirit was not considered powerful.

Even human first firmament celestial deities could defeat him.

But the guardian sacred beast was actually directly killed in one shot!

“This is your greatest reliance? What laughable pride!”

Ye Yuan’s words were full of contempt.

This beast soul was indeed powerful, but in front of the present Dustless, it was still not enough to look at.

Following Ye Yuan’s strength gradually becoming stronger, the Soul Suppressing Pearl also recovered a lot of power.

Although this rank five evil spirit was powerful, it did not unlock intelligence.

After Dustless appeared, he directly subdued the evil spirit.

Previously, it was all the evil spirit fighting instinctively.

But just now, Dustless controlled the evil spirit’s actions through the Soul Suppressing Pearl.

With his Ghost Dao attainments, the power of this punch, even a Second Firmament Celestial Deity would also find it hard to resist, let alone the beast soul that Sikong Xiu summoned.

The faces of the Spirit Controlling Sect’s people revealed despair. Only at this time did they deeply experience Ye Yuan’s might.

Sikong Xiu’s face was ashen. Right now, they used their final trump card. Not only did they could not kill Ye Yuan, but their cultivation realms were also greatly damaged instead.

The current Sikong Xiu, his realm already fell to Seventh Firmament Divine Lord.

Even without borrowing the evil spirit’s strength, Ye Yuan could easily kill him too.

“White Light, I’ll leave this guy to you. The humiliation that he gave you, get it back a thousand times over!” Ye Yuan turned around and said to White Light with a smile.

The current White Light already recovered to human form. He looked at Sikong Xiu, eyes spewing fire.

Walking out of the Immortal Grove World, he had yet to suffer such unprecedented humiliation before.

Hearing Ye Yuan’s words, he gritted his teeth and said, “Thanks, Big Brother! This guy’s life, I’m taking it!”

Sikong Xiu was aware that he would not get away. Hearing that, he laughed wildly and said, “Lowly animal! Turning into a human form also can’t change the fact that you’re lowly! Just the likes of you also want to take my life?”

Rage was written all over White Light's face as he said in a solemn voice, "Big Brother has done it to this extent for me. If I still can't kill you, I'm also not fit to be his brother anymore! Scoundrel Sikong, prepare to die!"

On White Light's body, the white tiger pressure virtually turned corporeal. It was only to see him turned into an afterimage, shooting over toward Sikong Xiu.

Sikong Xiu gave a cold laugh and directly brought out the Dark Soul Pearl and said, "Reckless and blind fool, don't you forget, the Dark Soul Pearl is still in my hands."

Whoosh!

His voice had yet to fade when a beam of sword light passed through the void, slashing directly on the Dark Soul Pearl.

Clank!

The strength of this sword was tremendous, directly hacking the Dark Soul Pearl flying, breaking free of Sikong Xiu's grasp.

Right at this moment, White Light's figure already arrived!

Bang!

White Light's punch smashed solidly on the right side of Sikong Xiu's face, directly knocking him to the ground. Half of his face became distorted.

The current White Light already reached the level of late-stage rank four as well.

This punch was thrown in anger, how great was its power?

Sikong Xiu's eyes rolled back, clearly being smashed dizzy.

White Light naturally knew that the Dark Soul Pearl was in Sikong Xiu's hands, but he likewise knew that Ye Yuan would not let Sikong Xiu have an opportunity to attack.

White Light's trust in Ye Yuan was unconditional.

Leaving his back to Ye Yuan, he was too at ease.

White Light did not stop, following up with his victorious pursuit, pummeling Sikong Xiu.

Taking advantage of the initiative, how could Sikong Xiu who originally had strength matching White Light's still have any power to resist at this time?

Ye Yuan just wanted to let White Light vent the grievances in his heart, he naturally would not give Sikong Xiu any chance for a fair fight.

Ye Yuan picked up the Dark Soul Pearl and could not resist sizing it up.

"Senior, this thing also seems to be a soul-type divine lord mystic treasure. It's quite mysterious!" Ye Yuan communicated with Ye Yuan in his consciousness.

Dustless nodded and said, "This object is refined specifically to target beast souls. It possesses extremely strong suppression effects, able to make the demon race's beast souls produce the thought of submitting uncontrollably."

Ye Yuan played with it for a while and suddenly said, "Senior, this thing is a soul-type divine lord mystic treasure, then can you ... alter it?"

The moment Dustless heard, he immediately understood Ye Yuan's meaning and smiled as he said with a nod, "Although beast souls and divine souls are two different forms, they are essentially the same. This old man just has to slightly add something extra and it can naturally work."

The moment Ye Yuan heard, the corners of his mouth revealed a hint of a smile.

"White Light, alright!"

Hearing Ye Yuan's yell, only then did White Light stop and spat fiercely.

"Big Brother!"

Ye Yuan smiled and said, "Vented your anger yet?"

White Light grinned and said, "Feels much better!"

Ye Yuan chuckled and said, "Let you watch a show, it will feel even better."

White Light's eyes lit up, faintly revealing a look of anticipation.

Ye Yuan came to the half-dead Sikong Xiu's side. Lifting his hand, he drove the Dark Soul Pearl into his divine soul.

At the same time, a mysterious power also entered his divine soul along with it.

Immediately, Sikong Xiu's eyes became hollow.

When his fellow disciples saw this scene, their faces could not help changing drastically.

That red-clothed girl said, "This ... How is this possible? The Dark Soul Pearl's effect on humans is extremely weak. Senior Apprentice Brother Sikong has peak Divine Lord Realm divine soul, so how can the Dark Soul Pearl be effective?"

How could she know that the level of the Soul Suppressing Pearl was much higher than this Dark Soul Pearl?

With Dustless's means, adding extra stuff was too easy.

Ye Yuan cracked a smile and said, "Lie down!"

Sikong Xiu seemed to have forgotten his pain, immediately laying on the ground like a dog.

"Go, lick White Light's shoes properly, lick until it's clean!" Ye Yuan ordered.

The current Sikong Xiu was exactly the same as the White Light before, obeying Ye Yuan's orders involuntarily.

Furthermore, this Dark Soul Pearl only suppressed the divine soul. Hence, what he was doing, he was perfectly aware.

Otherwise, White Light also would not have such a strong sense of humiliation after recovering his freedom.

Sikong Xiu crawled to White Light's side like a dog and really started licking White Light's shoes.

Very soon, White Light's shoes were licked very clean.

Ye Yuan reached his hand out and beckoned, the Dark Soul Pearl returned to his hand. Sikong Xiu's eyes also recovered clarity.

He looked at Ye Yuan, eyes bloodshot from anger as he said, "Punk, you dare to humiliate me like this?! I'll fight it out with you!"

White Light raised his feet and directly kicked him flying.

Ye Yuan looked at him coldly and opened his mouth to say: "Now, feel humiliated? Do you feel what my brother experienced?"

Sikong Xiu clutched his chest and gritted his teeth and said, "Pooh! How can he, a lowly brutish animal, be mentioned in the same breath with me?"

Ye Yuan said with a smile that was not a smile, "Is that so? What difference was there between you and an animal just now? As long as I'm willing, I can make you be an animal for life! Do you want to try it?"

Sikong Xiu's face changed, eyes revealing a look of fear.

This guy in front of him was simply a devil!

Seeing Sikong Xiu keep mum, Ye Yuan smiled and said, "You relax, I feel it utterly beneath my dignity to use an animal like you! Doing these is purely in order to humiliate you! I'll let you know that the outcome of bullying my brother is very serious! Now, you're useless. So tell me everything you know about the Bamboo Groove Void Realm's situation!"

Chapter 1780: Heart of the Void Realm

"Tell you? Heh heh, dream on! Even if I die, I won't tell you anything!"

The current Sikong Xiu was already close to going mad, his dignity was already utterly ravaged.

His hatred toward Ye Yuan also reached the peak.

But Ye Yuan just smiled faintly and said, "You misunderstood. I didn't have the intention of listening to you speak. What you say, I won't believe it either. So, I'll see for myself."

Sikong Xiu froze when he heard that and laughed wildly as he said, "You want to soul-search? Hahaha, my Spirit Controlling Sect is most proficient in the divine soul path. My realm is also a lot higher than yours. You actually said to me that you want to soul-search? Ignorant fool!"

Ye Yuan looked at Sikong Xiu very calmly and said with a smile that was not a smile, "Is that so?"

Bang!

Ye Yuan directly stomped Sikong Xiu to the ground with a foot, divine soul pouring into his sea of consciousness frenziedly.

Sikong Xiu's realm fell greatly, but his divine soul was still very powerful.

Logically speaking, it was totally impossible for Ye Yuan to want to soul-search.

Sikong Xiu naturally thought so as well. His soul force also poured out frenziedly, wanting to directly extinguish Ye Yuan's divine soul.

But right at this time, a mysterious energy was directly pumped into his sea of consciousness.

His divine soul seemed to be instantly frozen, unable to move at all.

That sort of feeling was like having his hands and feet bound up. He could only passively watch Ye Yuan's divine soul searching willfully in his sea of consciousness.

Sikong Xiu was overwhelmed with shame and anger. All of his secrets were displayed in front of Ye Yuan unreservedly.

When the Spirit Controlling Sect disciples saw this scene, each and every one of their faces changed drastically.

Ye Yuan really succeeded!

This young man in front of them was too scary! Who on earth was he?

After a slight while, Ye Yuan's divine sense withdrew, his eyes revealing a ruminating expression.

"Ye Yuan, I'm going to kill you! Kill you!"

Sikong Xiu pounced over toward Ye Yuan with a roar. Ning Tianping flashed, directly sending him flying with a slap.

The current Sikong Xiu was already an arrow at the end of its flight. With Ning Tianping's current skills, dealing with him was easily accomplished.

"A trash like you wants to kill His Excellency?" Ning Tianping said disdainfully.

Ye Yuan looked at Sikong Xiu and said with a cold smile, "Your Spirit Controlling Sect is really worse than animals! White Light, Tianping, Tigerheart, kill all of them, spare none."

This Spirit Controlling Sect committed many evils and had utterly no humanity to speak of.

This Sikong Xiu was even more wicked, raping and looting, committing all kinds of atrocities.

This kind of person, if Ye Yuan did not run into him, then forget it

Since he provoked him, Ye Yuan naturally would not be soft-hearted.

These Spirit Controlling Sect disciples were all in very sluggish states currently because of summoning the guardian sacred beast. White Light three people disposed of those few like chopping vegetables.

“Big Brother, I really didn’t think that you could actually search for me until here! If not for you, I probably ...”

White Light’s expression dimmed. Thinking of that life worse than pigs and dogs from henceforth, he could not help feeling lingering fear.

Ning Tianping could not resist saying, “Brother White Light, you don’t know how great a price His Excellency expended in order to find you.”

Ye Yuan glared fiercely and said angrily, “You talk too much!”

Ning Tianping stuck out his tongue and sensibly shut up.

White Light was moved inwardly. With Ning Tianping saying so, how could he still not understand in his heart?

“Alright, don’t listen to this punk talk nonsense. It’s good that you’re alright.” Ye Yuan patted White Light’s shoulder and said.

White Light nodded his head and said no more.

Between him and Ye Yuan already did not need to say too many feeble words to thank.

If Ye Yuan was in trouble, he would likewise throw caution to the winds and go save him.

Only after a bout of small talk did Ye Yuan know that White Light did not want to come to the Demon Divine Region on his own initiative, but he was compelled against his will.

Back then, after he left Heavenly Eagle Imperial City, he accidentally stumbled into a grotto.

White Light obtained the tiger clan’s legacy inside the grotto and was also trapped there for as long as several hundred years.

Later, White Light’s strength advanced a lot, and he could finally walk out of the cave.

Who knew that walking out from there, he already arrived at the Demon Divine Region.

Then later on, Ye Yuan knew about it.

When he knew the whole story, his entire person was stunned there.

He did not think that he treated Blackpupil as a brother, but Blackpupil took him to be a fool.

But after hearing the Blackpupil was tortured to death by the Heavenly Tiger King, White Light also felt at ease.

No matter what, Big Brother already avenged him.

“Big Brother, what should we do now? Did you find any useful clues from that Sikong Xiu?” White Light asked.

The urgent matter on hand was for the few people to find a way out.

Ye Yuan nodded and said, "Bamboo Groove Void Realm has a void realm heart. Void realm hearts are a singularity that connects the Heavenspan World and void realms. It can continuously draw energy from the Heavenspan World without ceasing, maintaining the void realm's consumption. As long as one can find the void realm heart, they will be able to find a way back."

White Light frowned when he heard that and said, "This void realm heart is so important. So it definitely isn't that easy to find, right?"

Ye Yuan smiled bitterly and said, "This Bamboo Groove Void Realm is an empyrean level void realm. Many major sects also have True God Realm powerhouses holding down the fort. Wanting to barge into the place where the void realm heart is at is simply nothing more than wishful thinking."

The three people could not help drawing a cold breath when they heard. This void realm heart was so important, it was definitely held in the hands of the most powerful characters.

Empyrean level powerhouses, blowing a breath could turn the few of them into dust. Wanting to barge into the place where the void realm heart was at was simply an impossible mission.

"Your Excellency, this ... could it be that we have to keep on waiting here?" Ning Tianping's expression changed slightly as he said.

Ye Yuan said, "Not necessarily so as well! The faction in charge of the void realm heart is called Bamboo Groove Holy Temple. Under the Bamboo Groove Holy Temple, there are more than ten True God level sect forces. Every thousand years, these True God level sect forces would undergo the Bamboo Groove Martial Conclave, and the top five of the Bamboo Groove Martial Conclave will have the qualifications to become the Bamboo Groove Holy Temple's disciple. And these five people will also obtain the qualifications to enter the void heart realm to gain enlightenment on Dao!"

Inside the void realm heart, there were the lifetime comprehensions of the major power who created this void realm left behind.

So it was not only an important treasure for maintaining the operation of the void realm, it was also an excellent place for comprehending Dao.

"Big Brother, your meaning is that we have to join these sects, then take part in the Bamboo Groove Martial Conclave?" White Light said.

Ye Yuan smiled and said, "Not us, it's me! This Bamboo Groove Void Realm martial artists' legacies are extremely ancient. The divine essence that they cultivate is also different from the Heavenspan World. When you guys arrive at the sects, as long as you utilize divine essence, you'll immediately be found out. So, the few of you wait in the Purple Extreme Hall and cultivate well. I'll bring you all back to the Heavenspan World."

White Light shrugged and said, "Alright. Big Brother, your cultivation method is too freakish. So it is better to leave this kind of thing for you to do."

He knew that Ye Yuan's cultivation method could even simulate the fiend race's fiend essence, let alone this Bamboo Groove Void Realm's divine essence.

Ye Yuan carried out soul-search on Sikong Xiu and naturally knew the exit of the sundered boundary.

He let White Light and the rest enter the Purple Extreme Hall. He then headed toward the exit that led to the Bamboo Groove Void Realm himself.
