

Medicine God 181

Chapter 181: The Teetering Imperial Family

Nanfeng Yi was stunned when he heard that. He did not think that this youth actually did not save the lightest bit of face for him.

Not mentioning about his identity as the emperor, just the fact that he was a Crystal Formation Realm expert, most likely not many Spirit Condensation Realm martial artists dared to be this impudent.

However, he also knew the pride of peerless geniuses like Ye Yuan.

The peerless geniuses who could make it past the Nine Heavens Road would undoubtedly be existences that would break out from the State of Qin! Therefore, Ye Yuan had the capital to be proud.

Nanfeng Yi naturally did not know that Ye Yuan was emboldened to talk to him on an equal basis because he possessed a Tier 3 demonic beast as a servant!

Nanfeng Zhirou did not tell Nanfeng Yi about the matter of Yuan Fei, because she promised Ye Yuan that she would tell no one.

After returning, Nanfeng Zhirou even hid it from Nanfeng Yi.

"Cough, cough."

Nanfeng Yi coughed to hide his embarrassment before saying, "I wonder, what's Little Brother Ye's view of the Drunken Star Manor's Pill Grading Assembly?"

Ye Yuan curled his mouth and said disdainfully, "Just a bunch of performing clowns. What Pill Grading Assembly? With Wan Donghai's paltry abilities, what does he know about grading pills! If my guess isn't wrong, this matter was cooked up by the Su Family. Wan Donghai is merely the puppet pushed onto the front stage by them."

Nanfeng Yi was astounded as he said, "To think that Little Brother Ye can actually see it so thoroughly! To our understanding, the Drunken Star Manor's Essence Gathering Pill originated from the high sect's Pill Hall! And this time, they even acquired the new types of medicinal pills from the Pill Hall to beguile the minds of people. Such intentions are condemnable!"

This time, it was Ye Yuan's turn to be stunned. "Oh? Came from Tranquil Cloud Sect's Pill Hall? Looks like this Pill Hall has some capabilities, to have actually developed so many new medicinal pills."

Ye Yuan's research into medicinal pills was incomparable to anyone else's. He was very much aware of just how difficult it was to develop new medicinal pills.

With the Boundless World's medicinal pills cognition, for the Pill Hall to have actually developed so many new medicinal pills was adequate to see the power of the Pill Hall's might.

Although these new medicinal pills were worthless in Ye Yuan's eyes, in other people's eyes, they were immense breakthroughs.

"That's a given. Ever since the Tranquil Cloud Sect's founder, You Wuya ascended, they had been through a period of degradation. All the way until the 11th generation Sect Master, Ouyang Tuotian came into the world and led the Tranquil Cloud Sect's revival with his own strength! But Ouyang Tuotian was not known for his martial prowess. He was an Alchemy Sovereign of his generation! During the period he took over as Sect Master, he used medicinal pills to create countless experts! It was also then that Tranquil Cloud Sect finally formed the scenario where the Martial Hall and the Pill Hall pitted against each other," Nanfeng Yi explained.

Ye Yuan gave a look of realization. Only now did he know the origin of the Tranquil Cloud Sect's Martial Hall and Pill Hall.

"Like this huh! Looks like Your Majesty came to look for me because you feel the pressure. If you had known beforehand, you should have acted differently then. If you had eradicated the Su Family earlier, there wouldn't be so many problems." Ye Yuan also roughly guessed Nanfeng Yi's purpose in coming.

Now, the only one who could contend with the Drunken Star Manor was the Fragrant Medicine Pavilion.

Nanfeng Yi came to look for Ye Yuan naturally because he wanted to let the Ye Family coordinate with the Nanfeng Family to wreck the Pill Grading Assembly this time.

Nanfeng Yi smiled bitterly and said, "You think I didn't want to? Do you know why the Su Family can get so many medicinal pills from the Pill Hall?"

"En? Could it be that there are people on top of the Su Family?"

Nanfeng Yi nodded and said, "Su Yulin's younger sister married a Pill Hall's elder, Ouyang Ming, twenty years ago. Even though the high sect has rules that members of the sect are not to interfere with secular affairs, it's still an easy matter for the Ouyang Family to help out the Su Family occasionally. Otherwise, how do you think Su Yubai became the Dan Wu Academy's Disciplinary Hall's First Elder? If not for the fact that his strength is insufficient, the position of Dean would probably have been taken by the Su Family long ago!"

Ye Yuan finally realized that there was actually so many things interlaced in between. No wonder Su Yubai could cover the skies with one hand inside the academy and nobody dared to make a sound!

The Su Family had people in the Tranquil Cloud Sect, that was why Nanfeng Yi held back in fear these few years and did not dare to attack the Su Family, resulting in rearing a tiger to one's own detriment!

Also, no wonder the Nanfeng Family's people were so low-key, and it also explained why the Imperial Family would support Ye Hang to contend with Wan Donghai. There was actually so much karma mixed inside.

From this, it seemed that Father's and Wan Donghai's antagonism was actually essentially the Imperial Family and Su Family challenging in the dark!

Looking at this, everything could be explained.

However, from the former situation, regardless of whether it was the Imperial Family or the Fragrant Medicine Pavilion, they both held the clear disadvantage!

This time, the Su Family got so many new medicinal pills from the Pill Hall and also stirred up the entire city by organizing a Pill Grading Assembly. Most likely, it was already time for the map to be unrolled to reveal the dagger.

And because of this, Nanfeng Yi finally could not sit still.

"Then . . . Your Majesty is looking for me for?" Ye Yuan could not help asking curiously.

"The Su Family's and the Wan Family's activities are already so rampant. I've secretly arranged for people to pay a few visits to the Fragrant Medicine Pavilion, but your honorable father has always been in closed-seclusion. I'm afraid . . ."

So, Nanfeng Yi was worried the Ye Hang was avoiding the fight. In that case, the Nanfeng Family would have no path of retreat at all.

Even if it was a passing thought, Ye Yuan was still rather displeased. No matter who it was, nobody wished for their own father to be used as a chess piece.

Now, in this sort of situation, if Ye Hang really failed, he would likely be the first target the Su Family and the Wan Family want to eliminate. At that time, whether the Imperial Family would lend a helping hand or not was another matter altogether!"

"Your Majesty wishes to let my father lead the vanguard. I wonder what kind of methods the Imperial Family have prepared? If the Su Family is really overthrowing, what does Your Majesty plan to do?" Ye Yuan's tone gradually grew colder.

Even though Nanfeng Yi was Nanfeng Zhirou's father and Nanfeng Ruoqing's older brother, his relation to Ye Yuan was zilch.

If the Imperial Family were destroyed, Ye Yuan would not mind rescuing Nanfeng Ruoqing and niece, but to make him slog it out for the Imperial Family based on this was a no-no.

Not to mention that Nanfeng Yi was still scheming against Father at this time.

"This . . ."

"Your Majesty calls me 'Little Brother Ye' simply because you took a fancy to my future status. But have Your Majesty ever thought that if the Imperial Family no longer existed, what's the point of you making friends with me, this future Core Disciple?" Ye Yuan ridiculed mercilessly.

"Ye Yuan, you're insolent!" Nanfeng Yi finally could not hold back his rage.

Ye Yuan was actually cursing the Imperial Family to be destroyed. This was something intolerable to him!

"Hur hur, insolent? No matter how insolent I am, can I be more insolent than the Su Family? Actually, Your Majesty knows clearly in your heart that the Imperial Family has reached an extremely precarious situation now. Even if I'm not insolent, can Your Majesty alter the outcome? Now that it's already like this, why is Your Majesty acting like you have a concrete plan? Could it be that Your Majesty is relying on sending my father to go and die? Does Your Majesty think that by sending my father out, it can eliminate the Su Family's ambition?" Ye Yuan said with a sneer.

An extremely terrifying aura was released. It was the powerful aura belonging to a Crystal Formation Realm martial artist.

But Ye Yuan did not budge an inch when facing this aura.

"Hur hur, I advise the Imperial Family to cool down! At this time, offending your only ally is not a wise move!" Ye Yuan said nonchalantly.

Nanfeng Yi's expression changed, and he immediately put away his aura.

Chapter 182: Gifting Pill

"You aren't thinking that the Wan Family and the Su Family will let your Ye Family off, right? This Pill Grading Assembly is pointing straight at the Imperial Family in the dark, but on the surface, it's pointing towards the Ye Family!"

After staying silent for a long time, Nanfeng Yi finally said this.

Ye Yuan laughed when he heard that and said, "Don't be mistaken, Your Majesty! Now that it's arrived at this, everyone in the State of Qin can choose to surrender. Only the Imperial Family cannot! For Your Majesty to threaten me with such words, are you too powerless?"

Ye Yuan finished talking, and Nanfeng Yi's face changed once again.

He initially thought that Ye Yuan was young and slightly easier to deal with. Who would have thought that Ye Yuan saw things more clearly than anyone else!

Although Nanfeng Yi had paid close attention to Ye Yuan for a long time, this was still the first time he came into contact with him in the true sense.

All the prior senses were obtained through Nanfeng Ruoqing and niece.

Now, Nanfeng Yi felt that this Ye Yuan was even harder to deal with than his father, Ye Hang!

Nanfeng Yi took in a deep breath before saying, "Ye Yuan, I wonder when is your father coming out of seclusion. If he still doesn't exit seclusion, even if the Ye Family wants to surrender, it's also futile, correct?"

But Ye Yuan just smiled when he heard that and said, "Your Majesty, since my father is in seclusion, I naturally have the final say in all of Ye Family's matters! Since Your Majesty came to seek me out, you're probably also eyeing this point, right?"

Nanfeng Yi revealed an embarrassed look, but Ye Yuan had poked his vital point.

He was really quite anxious. Ye Hang did not exit seclusion for a long time. The Imperial Family no longer had any buffer space. He only came to find Ye Yuan having no other alternatives, hoping to get Ye Hang to exit seclusion through Ye Yuan to resolve the immediate predicament.

But who would have thought that Ye Yuan was much harder to deal with than he imagined!

Nanfeng Yi sucked in a deep breath. This time, he finally truly placed Ye Yuan on equal footing as him to converse.

"Speak then! What request does the Ye Family have?" Nanfeng Yi said in solemnly.

"Haha, Your Majesty finally brought out some sincerity. However, my Ye Family does not have any request. Instead, we can gift the Nanfeng Family centuries of prosperity! My only demand is that within these few centuries, the Nanfeng Family is not to have the slightest bit of jealousy towards the Ye Family, and to let the Ye Family stand independently from the State of Qin's regime!" Ye Yuan said coolly.

"What did you say?!" Nanfeng Yi did not even think that Ye Yuan would actually raise such a request.

But Ye Yuan just smiled and said, "Your Majesty, I, Ye Yuan, will be serving as this chess piece! The Pill Grading Assembly is nothing but seeking popularity through hogwash to me! Not only can I cooperate with the Imperial Family to wreck the Pill Grading Assembly, but I can also coordinate with the Imperial Family to eradicate the Wan Family and the Su Family! It's just that I don't know if Your Majesty has such resolve!"

Nanfeng Yi sucked in a cold breath. Eradicating the Wan Family and the Su Family; not that he had never thought about it, but he had never dared to have such a notion.

The Tranquil Cloud Sect's Ouyang Family was not a family clan that the Nanfeng Family could afford to offend. Nanfeng Yi did not dare take this risk.

But now, Ye Yuan directly said to destroy the Su Family!

"This . . . Why not wait for your father to exit seclusion before discussing again?"

Ye Yuan curled his lips. He was very disdainful towards Nanfeng Yi's resolve. As the Emperor, how could he be so soft and irresolute?

It was true that the Su Family had a strong supporter, but if the Nanfeng Family kept giving in, it would ultimately only make the Su Family insatiable.

Nanfeng Yi was still not clear on this point until now!

Ye Yuan let out a sigh and said indifferently, "Looks like Your Majesty still has an inadequate understanding of me, Ye Yuan. I advise Your Majesty to chat more with Teacher Nanfeng as well as Senior Apprentice Sister before making this decision. I can only give Your Majesty these words: indecisiveness invariably leads to trouble!"

Finishing, Ye Yuan spoke no more. This conversation naturally also ended like that.

.....

The next day, Ye Yuan returned to the Dan Wu Academy. It caused a tremendous sensation in the academy!

"Hey, did you hear? Ye Yuan and Senior Apprentice Sister Feng disappeared for nearly a month in the Endless Trials. Now, they actually returned!"

"Yeah. I even thought that they died in the Endless Forest. Who knew that they actually came out!"

"Hey hey, Ye Yuan this person is bequeathed with destiny. I'm afraid that he won't die so easily! It's just . . . Ye Yuan came back, but Su Yishan still hasn't returned!"

"Uh . . . Is there some connection in between?"

"Are you retarded? Isn't it obvious? In the Endless Trials this time, the heavyweight class characters who went missing, other than Ye Yuan and Nanfeng Zhirou, is only Su Yishan! And now, only Ye Yuan and Senior Apprentice Sister Feng returned. Most likely . . ."

"You're saying . . ."

"Shh . . ."

Originally, coming back from the Endless Trials was no big deal. But the time which Ye Yuan and Nanfeng Zhirou went missing for way too long, way past the time set by the academy.

And the Martial Roll expert Su Yishan disappeared at the same time. There was massive abnormality revealed in between.

Now, Ye Yuan and Nanfeng Zhirou came back at the same time. Only Su Yishan had yet to return. There were already many people who guessed what happened during this one month.

After all, there had been quite a few cases like this in the past. Students who had conflicts went to participate in the Endless Trials, but only one party returned in the end.

The other party remained in the Endless Forest forever.

Ye Yuan naturally could not be bothered with these rumors. Right now, he was paying a visit to Huyan Yong.

"Haha, Ye Yuan! I knew that you won't die so easily!" Huyan Yong could not help laughing loudly when he saw Ye Yuan.

"Many thanks for Teacher Huyan's concern! Actually, this trip was really almost certain death. But luckily, there were more scares than dangers in the end. There were even some small gains," Ye Yuan said smilingly.

"En, not bad, not bad! Having gone to the Endless Forest once and actually directly breaking through to Second Level Spirit Condensation Realm! Really did not disappoint me!" Huyan Yong praised verbally, but waves were surging in his heart.

Even though Huyan Yong viewed Ye Yuan very highly, his improvement speed was too rapid!

This had only been a few days and Ye Yuan actually directly broke through to the Second Level Spirit Condensation Realm!

Since when had Spirit Condensation Realm become so easy to breakthrough?

"Haha, I wonder how long Teacher Huyan has been stagnated at the Ninth Level Spirit Condensation Realm?" Ye Yuan suddenly asked.

"What are you asking that for? Uh, let me see, roughly five or six years already. I keep being unable to find the opportunity to break through!"

Speaking of this, Huyan Yong also had a dispirited look.

This threshold from the Spirit Condensation Realm to the Crystal Formation Realm was not so easy to break through. Many Spirit Condensation Realm martial artists were unable to cross this threshold in their entire lives.

Huyan Yong's talent was not bad; he was a Spirit Condensation Realm martial artist who condensed four spirit liquid drops. But to breakthrough to the Crystal Formation Realm, it was simply an impossible matter without ten plus, twenty years of accumulation!

"Like that huh. I wonder how many percent confidence Teacher Huyan has in breaking through to the Crystal Formation Realm right now?" Ye Yuan asked.

Huyan Yong was even more surprised. But he still answered. "Are you joking, Ye Yuan? I haven't even reached half-step Crystal Formation Realm right now. To breakthrough to Crystal Formation Realm, I don't even have 10% confidence!"

Ye Yuan smiled and took out a medicinal pill from his storage ring for Huyan Yong, saying, "Teacher Huyan, this is the Crystal Formation Pill I refined. It can raise the chances of forming crystal by 60%. I wonder if Teacher Huyan has the confidence to break through to Crystal Formation Realm?"

"What? 60%?! You . . . Are you joking?" Huyan Yong nearly jumped up.

Chapter 183: Even If I'm the One Who Killed, so What?

A 60% chance to break through!

Huyan Yong looked at Ye Yuan as his mind completely blanked out.

Happiness came too suddenly!

Huyan Yong had never doubted whether or not he could break through to the Crystal Formation Realm. But that was something at least twenty years later!

But now, Ye Yuan actually brought him such an enormous surprise. Huyan Yong really did not dare to quite believe it.

Just how heaven-defying was a medicinal pill which could raise the chances of breaking through to Crystal Formation Realm by 60%?!

"Initially, I thought that I would need some time before I can gather these Crystal Formation Pill ingredients. I didn't think that I actually unintentionally acquired the main ingredients needed to refine it during this trip into the Endless Forest, so I just went ahead and refined it. Teacher Huyan is my savior. How could I dare to joke to Teacher Huyan like this?" Ye Yuan said with a smile.

"But . . . this medicinal pill is a Tier 2 medicinal pill; even high-rank Alchemy Masters can't refine it so easily, right? Could it be that you already have the strength that surpasses high-rank Alchemy Master?" Huyan Yong suddenly thought of something and exclaimed in surprise.

This was actually Huyan Yong overthinking it. It was essentially something impossible for high-rank Alchemy Masters to want to refine the Crystal Formation Pill!

Forget about high-rank Alchemy Masters, it would be impossible to refine the Crystal Formation Pill even for high-rank Alchemy Grandmasters!

The complexity of the Crystal Formation Pill's refinement was simply beyond the comprehension of the State of Qin's Alchemy Grandmasters. Even if Ye Yuan paired the ingredients for them to refine, they also could not refine it.

"Around there. Tier 2 medicinal pills already pose no difficulty to me," Ye Yuan said. He was not bragging but merely stating a fact.

Ye Yuan's soul strength had already reached the degree of a middle-rank Alchemy Master. Coupled with the level of refining method like the Yin-Yang Separation Flow Technique, refining Tier 2 medicinal pills really was not an issue to him.

Huyan Yong's mouth twitched uncontrollably.

This brat is really a wondrous freak!

Just at the Second Level Spirit Condensation Realm, and he actually said that Tier 2 medicinal pills had no difficulty. I wonder what the Dean will feel when he hears this.

Huyan Yong gently caressed the medicinal bottle Ye Yuan gave him and fell silent.

But from his lightly trembling body, it could be seen just how agitated he was inside!

Ye Yuan also did not urge him. He just waited for Huyan Yong to calm down quietly. He also knew just how great the impact the Crystal Formation Pill had towards Huyan Yong.

After a long time, Huyan Yong took a deep breath, then gave the medicinal bottle back to Ye Yuan, saying, "Ye Yuan, you'd better take this medicinal pill back!"

Ye Yuan was slightly stupefied and was somewhat confused. "Could it be that Teacher Huyan Yong doesn't trust Ye Yuan?"

Huyan Yong shook his hand and said, "How can Teacher not trust you? It's just that this medicinal pill is invaluable. I can't accept it. I think that judging from your improvement speed, breaking through to peak Ninth Level Spirit Condensation Realm is only a matter of within a year? You'd better save this medicinal pill for your own use! You need it more than me!"

Ye Yuan did not expect Huyan Yong to actually say something like this. He felt deeply touched in his heart.

To the Divine Realm's martial artists, Crystal Formation Realm might not be considered much. But Ye Yuan had stayed in the State of Qin for such a long time. He could fully understand just what the Crystal Formation Realm meant to the Spirit Condensation Realm martial artists!

But Huyan Yong was actually willing to give up the chance to become a Crystal Formation Realm martial artist for him!

Just how much resolution was needed to be able to shake off the temptation of advancing to Crystal Formation Realm?!

Ye Yuan pushed the bottle to Huyan Yong again, saying with a smile, "Teacher Huyan is worrying too much. This Crystal Formation Pill isn't as precious as you imagine. I have as many as I want."

"Have as many as you want? Ye Yuan, you aren't deliberately saying it just to make me accept this medicinal pill, right?" Huyan Yong said disbelievingly.

Ye Yuan was helpless and took out another two medicinal bottles. The medicinal pills inside the bottles were shockingly all Crystal Formation Pills, stunning Huyan Yong until he was left with his mouth agape again.

Such a heaven-defying medicinal pill could be mass produced?

This brat's methods was truly inconceivable!

"Alright then, since that's the case, I'll accept it. However, this Crystal Formation Pill is overly monstrous. You have to secure this secret well and take care not to let others know!"

Huyan Yong was not a pretentious person. Ye Yuan already said it till this way, he naturally would not refuse it anymore. Instead, he gave a reminder to Ye Yuan.

"Of course."

Huyan Yong kept away the Crystal Formation Pill gingerly before saying to Ye Yuan, "Since you've already returned, then Su Yishan?"

"Dead," Ye Yuan said nonchalantly.

Huyan Yong was not too surprised. But he could guess that Ye Yuan's trip to the Endless Forest was not that peaceful.

"As long as you're fine, don't mind anything else. Lord Dean already came back. You follow me to meet him. He regards you very highly," Huyan Yong said.

"En, I should."

Ye Yuan did not refuse. After all, Huyan Yong protecting him was still the command issued by the Dean. It was proper and reasonable that he should pay a visit.

The two had just stepped out when they saw Su Yubai coming towards them with a tumultuous aura.

"Ye Yuan! What did you do to Yishan?! I'm warning you. If anything happens to Yishan, you and the Ye Family will join him!" Su Yubai bellowed angrily.

Ye Yuan looked at Su Yubai like staring at an idiot, saying coolly, "I say, First Elder Su, is there something wrong with your brain? You lost your nephew, but you don't go to the Endless Forest to look for him. What did you come running to me to make a fuss about?"

Su Yubai pointed at Ye Yuan's nose and roared in anger, "Ye Yuan! Don't fake an innocent face for this old man! The Endless Trials this time, you, Feng Zhirou, and Yishan took so long to return. You dare say that Yishan's disappearance had nothing to do with you?!"

Ye Yuan shot a glance at Huyan Yong and asked with a bewildered face, "Did Elder Su suffer some sort of stimulus recently? Why does it look like your brain isn't working too well?"

"His brain had never been working very well." Huyan Yong supplemented another knife quite irresponsibly, singing in chorus with Ye Yuan.

"In that case, can't blame him. Elder Su, do you have a misunderstanding? It seems like there isn't only the three of us who delayed our return in the Endless Trials, right? According to what I know, there's twenty over students who didn't come back this Endless Trials, yet, you just had to group the three of us together. How sinister! I know that Elder Su does not have a good impression of me, but you can't fabricate a charge against me like this!" Ye Yuan said innocently.

Seeing Ye Yuan and Huyan Yong chiming together, Su Yubai was even more infuriated!

Although Su Yishan was Su Yulin's son, he was raised up all alone by Su Yubai.

Not father and son, but as dear as father and son!

Otherwise, he would not have immediately come forward right after hearing that Ye Yuan came back.

But now, Ye Yuan and Nanfeng Zhirou both returned, and yet, Su Yishan still did not come back. Most likely, he was a goner!

After all, Su Yishan went to kill Ye Yuan. Su Yishan did not believe that they did not meet in the Endless Forest!

"Stop pretending to be innocent! In this batch of students, only you have a grudge with Yishan! If any accident befalls Yishan, you can't escape responsibilities!"

"Oh? Is that so? The Endless Forest is riddled with danger, so why can't Su Yishan have been killed by demonic beasts? Elder Su, this hole in your brain is really quite wide! But then again, even if I'm the one who killed, so what? Elder Su has no proof. You wouldn't just determine my crime with nothing but words, right? Uh . . . I almost forget. I'm the Tranquil Cloud Sect's Core Disciple now, so Elder Su can't convict me!" Ye Yuan said indifferently.

Chapter 184: Envoy

"Hahaha, you finally admitted it! Ye Yuan, you really think that I don't dare to kill you?" Su Yubai was so infuriated that he laughed.

"Heh heh, you also can't run if you kill me, yeah? When the Tranquil Cloud Sect finds you, it isn't something to joke about. Why don't you reconsider?" Ye Yuan said with a faint smile.

"Blame? You're overthinking it! Go to hell!"

Su Yubai was still talking when he suddenly exploded, thrusting a palm at Ye Yuan!

Heaven Flipping Palm!

The same move had a world of difference between Su Yishan and Su Yubai who executed it!

But this palm struck thin air.

Su Yubai only felt his vision blur, and nine Ye Yuans actually appeared at the same time! And he could not even distinguish which one was Ye Yuan's true body!

Following that, Su Yubai just passed through a phantom just like this. When he turned back, Ye Yuan remained standing where he was as if he never moved.

Su Yubai and Huyan Yong's face revealed astonishment at the same time. Since when had Ye Yuan learned such a powerful but peculiar movement technique?

Huyan Yong did not think that Su Yubai would really dare to make a move in the academy. In a moment of carelessness, it was already too late to defend.

But he could not have imagined that Ye Yuan could actually avoid Su Yubai's attack so easily!

"You actually broke through to the Second Level Spirit Condensation Realm!" Su Yubai said with disbelief.

It had not even been a month since Ye Yuan stepped into the Endless Forest, and he actually directly broke through to the Second Level Spirit Condensation Realm.

This speed . . .

"Haha, thanks to Elder Su's blessings, I broke through by a fluke."

Su Yubai's face darkened. This Ye Yuan's mouth really needed a beating! Whose blessing was not good that he had to have Su Yubai's blessings?

Wasn't this sickening people?

"Oh yeah. Does Elder Su still remember what I said before? I wasn't joking with you! Perhaps, I don't need a year!" Ye Yuan said while smiling.

Su Yubai's face changed when he heard that. With Ye Yuan's advancement speed, perhaps he really did not need a year!

Although that sentence from Ye Yuan made him into a joke in the Dan Wu Academy for a time, he had never taken it seriously.

But now, he suddenly discovered that Ye Yuan really did not seem to be kidding. He truly had this capability!

"Humph! Then you also have to survive a year first! Ye Hang's about to collapse right now. Do you feel you still have the chance?" Su Yubai said with a cold sneer.

"Is that so? I feel that Elder Su had better flaunt about it in front of me after my father falls from power. Otherwise, you will have your face smacked by me again. Although your face has already been smacked rotten by me, I don't mind hitting it again to tear it down some more," Ye Yuan said calmly.

"You!" Su Yubai nearly choked to death.

Ye Yuan could not be bothered with Su Yubai. He turned around and left with Huyan Yong. Watching Ye Yuan's back view, Su Yubai's eyes were about to spit fire.

But Ye Yuan had already grown to such an extent, and he even had a Huyan Yong by his side. He simply could not make Ye Yuan stay!

Even though the Su Family was very strong, it was not strong to such an extent that they could cover the skies with one hand in the Dan Wu Academy.

.....

"Ye Yuan, I didn't think that after your involvement in the Endless Trials this time, it's like you were reborn after coming back! That move just now, even if I were matched up against it, I would also be at a loss on what to do!" Huyan Yong marveled.

Huyan Yong felt that not only did Ye Yuan raise his cultivation realm, but his power also grew much greater.

Although he was only at Second Level Spirit Condensation Realm now, his strength was probably already not beneath Long Tang's!

Huyan Yong was somewhat faintly looking forward to the match between these two pinnacle geniuses of the State of Qin's Dan Wu Academy.

"Haha, I can be considered to have some small gains I guess." Ye Yuan also could not share too much and could only make it vague.

As a matter of fact, his biggest gain this trip to the Endless Forest was still the Medicine God's Soul Canon. It was just that he was still unable to comprehend those golden words in a short period of time. Hence, this Medicine God's Soul Canon was not useful to Ye Yuan at the moment.

The two traveled side by side and soon arrived at Jiang Yunhe's residence.

"Lord Dean, Ye Yuan has returned. I brought him over to pay respects to you," Huyan Yong said respectfully outside the door.

"Enter."

Huyan Yong and Ye Yuan pushed the door and entered once they heard that. Upon entering, they discovered that there were still other people inside the house.

An old man sat opposite Jiang Yunhe, giving people an immeasurable feeling. There was a young man standing beside the elderly man. Merely 18 or 19 years old, but already had Eighth Level Spirit Condensation Realm cultivation.

To possess such strength at this age, he was definitely like a crane standing among chickens when placed in the Dan Wu Academy! Even Long Tang could not compare.

"Haha, Ye Yuan! Such a coincidence. I was just about to send someone to call you and Long Tang over, but you arrived first. Quickly come over and pay respects to Lord Envoy Yao Qian!" Jiang Yunhe immediately laughed and said when he saw Ye Yuan.

It was very clear that Jiang Yunhe had long known about Ye Yuan returning to the academy.

"Junior Ye Yuan pays respect to Lord Yao Qian!" Ye Yuan did not say much and gave a salute to Yao Qian.

"Academy's instructor Huyan Yong pays respect to Lord Envoy!" Huyan Yong's face changed when he heard that and went forward to give a respectful bow.

Yao Qian lightly glanced at Ye Yuan and said, "En. You're the student who made it past the Nine Heavens Road with Essence Qi Realm strength?"

"It's precisely this junior," Ye Yuan said.

No idea why, but Ye Yuan felt that this envoy's expression when looking at him was somewhat odd as if he did not really like him.

This old fellow should be from the Tranquil Cloud Sect. He did not seem to know anyone, right?

Ye Yuan could not figure out just where he had offended this old man.

The expression of the youth beside the old man was also filled with contempt when looking at him.

How baffling!

"Haha, this person beside Lord Yao Qian must be his proud disciple, Yang Hao. Don't look at him being so young, not only did he reach the Eighth Level Spirit Condensation Realm on the martial path, he's even a high-rank Alchemy Master already. He is a genius figure even greater than your Teacher Feng! He will be your and Long Tang's Senior Apprentice Brother in the future. You guys should try to be closer," Jiang Yunhe praised.

Being praised by Jiang Yunhe, Yang Hao's face showed a trace of delight, but it was concealed very well.

However, Ye Yuan saw that and could not help scorning in his heart. Just based on this disposition, it was futile no matter how high his cultivation realm was.

It looked like these sect members all had a lofty and exalted sense when coming to the secular world.

Ye Yuan could not resist glancing at Huyan Yong. Seeing that he had no reaction and seemed to feel that it was only natural, he could not help secretly sighing.

However, Ye Yuan was very disdainful of such an attitude. Ye Yuan listened to Jiang Yunhe's introduction while appearing calm on the surface. But he was criticizing ceaselessly in his heart.

What kind of genius did he count as? Since when did geniuses become so utterly worthless?

But in front of Jiang Yunhe, Ye Yuan obviously would not show anything. He just clasped his hands and said, "I've seen Senior Apprentice Brother Yang. In the future, after I enter the sect, I hope that Senior Apprentice Brother Yang can look after me."

Ye Yuan's manners were already considered very humble and appropriate. Who would have thought that this Yang Hao just replied indifferently, "Haha, Junior Apprentice Brother Ye is hailed as the number one person in a millennium. Why would you need the care of an incompetent person like me?"

Chapter 185: Never Met Anyone so Retarded

A thick smell of gunpowder appeared the moment he opened his mouth.

Ye Yuan's face fell slightly. This fellow was simply here to stir up shit, right?

He was originally already not that happy with Yang Hao's high and mighty attitude. He was only so courteous on account of Jiang Yunhe's face.

It not, with Ye Yuan's personality, he would not even be bothered with Yang Hao.

The so-called geniuses did not even count as dull wits in Ye Yuan's eyes!

"So Senior Apprentice Brother Yang knows that he is mediocre huh. Looks like you still have some clear estimation of yourself. I was worried that Senior Apprentice Brother Yang was getting a little carried away after being praised too much by people." Since the other party did not give face, Ye Yuan obviously had no need to be polite.

"Humph! The so-called number one person in a millennium is just extolled by some ignorant people of the secular world! Those who charged past the Nine Heavens Road, just a random grab in the Tranquil Cloud Sect and you get a bunch. Only the outer sect will sensationalize this stunt."

Facing Ye Yuan's ridicule, Yang Hao did not get stung by it but met him blow for blow.

Ye Yuan shrugged his shoulders and said, "I'm don't really care about what number one person in a millennium. Only some people with mediocre talent would take this sort of matter to heart."

With each 'mediocre talent' Ye Yuan said out loud, Yang Hao felt irritated by that constant harping on it in his heart. He was only being a little sarcastic to Ye Yuan just now. But he did not think that Ye Yuan would attack persistently from a chink in his armor.

"Junior Apprentice Brother Ye keeps saying mediocre. I wonder if you dare to compete with me, this mediocre talent? I want to consult just what kind of genius is the alleged number one person in a thousand years."

Yang Hao's condescending attitude was because he was dead sure that Ye Yuan would not dare to answer the challenge.

He was at Eighth Level Spirit Condensation Realm and high-rank Alchemy Master; a completely different level from Ye Yuan. If Ye Yuan dared to accept the challenge, then he would not be a genius, but a one hundred percent dumbass!

Ye Yuan was just about to say something when Jiang Yunhe by the side said, "Do not be rude, Ye Yuan! Lord Yao Qian is the high sect's Pill Hall elder. This trip for him and Yang Hao is to especially fetch you and Long Tang into the sect."

Finishing, he turned to Yao Qian again, saying, "Ye Yuan is young and aggressive. Pray that Lord Yao Qian will not take offense."

Facing Jiang Yunhe's reprimand, Ye Yuan did not voice anything. He knew that this was Jiang Yunhe reminding him that this journey to the Tranquil Cloud Sect had to be through the two of them and they could not be offended.

Yao Qian did not express anything. He just said indifferently, "The affairs of young people, just let them resolve it themselves. We old fellows should not interfere."

Yao Qian's status in the Tranquil Cloud Sect was much higher than him. Since he said so, Jiang Yunhe obviously could not say much. He just felt slightly displeased.

He naturally knew why this Yao Qian was targeting Ye Yuan. But he did not think that it would be so obvious, putting Ye Yuan down right after coming.

Yao Qian was an alchemist from the Ouyang Family line. He had very good relations with Ouyang Ming. Jiang Yunhe instantly felt that something was off when he saw him serve as the envoy.

Jiang Yunhe did not think that it was merely a coincidence for the sect to send Yao Qian over.

Indeed, the gunpowder smell started right after Ye Yuan entered!

Initially, he was still harboring a compromising attitude, hoping that Yao Qian would give him this face. Who knew that Yao Qian's light sentence would directly press down his stomach full of words?

This one elderly and one youth were truly going too far. An Eighth Level Spirit Condensation Realm actually verbally provoked a Second Level Spirit Condensation Realm. This was simply utterly shameless!

Even though this was Jiang Yunhe's first contact with Ye Yuan, he had long heard about everything he had done. He knew that this punk was definitely not some obedient baby. He might really just accept the provocation.

Jiang Yunhe knew that Ye Yuan was very monstrous, but the disparity between him and Yang Hao was not an ordinary kind of big.

Even though Ye Yuan advancing to Second Level Spirit Condensation Realm made him very surprised, it was still impossible to be Yang Hao's match.

Jiang Yunhe signaled with his eyes at Ye Yuan, but Ye Yuan simply ignored him.

"How about it, number one person in a millennium? Dare to compete?" Yang Hao looked at Ye Yuan pleased with himself as he squeezed with his words.

Even a clay bodhisattva have 30% anger, let alone Ye Yuan. While he did not know what the reason was, these two fellows were clearly targeting him.

If Ye Yuan could endure, then he would not be Ye Yuan anymore!

"If I don't even dare to answer the challenge of some second-rate talent, how can I dare be called the number one person in a millennium? Say it then; compete in what?"

Ye Yuan directly acknowledged this title of 'number one in a millennium' and stepped on Yang Hao again along the way.

Jiang Yunhe sighed in his heart. This punk indeed could not take the spurring!

The corner of Yang Hao's lips twitched when he heard that. This was a typical case of opening a dying factory after giving a bit of color, right?

However, when I trample you underfoot in a while, let's see if you dare to be so cocky!

He stole a glance at the two-star badge on Ye Yuan's chest and said in a scornful way, "Junior Apprentice Brother Ye's realm is too low. If we compete on the martial path, I might not win using my true abilities. Since Junior Apprentice Brother Ye is also an Alchemy Master, let's compete in alchemy skills. I wonder what Junior Apprentice Brother Ye's opinion is?"

Ye Yuan smiled. He smiled very happily.

Seen before retards, but never met anyone so retarded.

Ignoring the crushing advantage of cultivation realm and just had to choose something about alchemy skills. It looks like this fellow was very confident in his alchemy skills!

But . . . seeking out an Alchemy Emperor to compete in alchemy skills. How did Yang Hao have the nerve to come up with that?

Huyan Yong did not say anything ever since entering the house. He was also expressionless right now, but he was so delighted that flowers were blooming in his heart.

This idiot actually sought Ye Yuan to compete on alchemy skills. Wasn't this asking for it?

If it was before Ye Yuan came to look for him, he really would not have much confidence in Ye Yuan. But now, he very much wanted to see the fascinating expression on Yang Hao's face in a while.

Although Huyan Yong had completely no clue about alchemy, he knew that the Crystal Formation Pill was definitely not an ordinary Tier 2 medicinal pill. Even high-rank Alchemy Masters would probably find it very challenging to refine.

Yang Hao was actually competing in alchemy skills with Ye Yuan who could refine out Crystal Formation Pills. If this wasn't asking for a beating, then what was?

Not knowing why, when he saw Ye Yuan's smile, Yang Hao's felt a bout of frustration in his heart.

"What? Junior Apprentice Brother Ye don't dare to compete? If you don't dare to contend, then forget it. However, after you enter the sect, you just have to walk around me, that's all."

"En? This idea is pretty good. How about this, whichever one of us wins, the other party will have to walk around the other person if they see him. How's that?"

"Hur hur, ignorance is truly bliss! Fine, I promise you!" Yang Hao said brimming with self-confidence.

"Okay, you say it then. Compete in what?" Ye Yuan inquired.

"Controlling fire is the foundation for alchemists and also an important criterion to measure alchemy skills. Like this, let us each retrieve an ingredient on the spot and compete in controlling fire. I wonder what Junior Apprentice Brother Ye's opinion is?"

As he said, Yang Hao pointed to the Illuminating Fire on the inner wall of the house.

Illuminating Fire was a type of earth fire. Because its luminosity was better, it was generally used to illuminate.

Alchemy Apprentices did not have a high requirement towards controlling fire because of insufficient soul strength. But when one reached the Alchemy Master realm, their alchemy skills would finally be considered to have crossed the rudimentary threshold. The requirement towards controlling fire was also very high.

Yang Hao saw that Ye Yuan was only a low-rank Alchemy Master, so he determined that he had just come into contact with controlling fire not long and should be very weak in terms of controlling fire.

This was intentionally making things difficult for Ye Yuan.

What he did not know was that not only did Ye Yuan know how to play with fire, there was even the Cleansing Sandal Sacred Flame inside his body . . .

Chapter 186: Fire Burning Buttocks

"Looks like Senior Apprentice Brother Yang is very confident in your control over fire! Okay, then compete in fire control. Please go ahead, Senior Apprentice Brother Yang," Ye Yuan said while smiling.

Smile then, smile then! In a while, I'll see if you can keep smiling! Yang Hao sneered coldly in his heart.

Comparing overall abilities in alchemy skill, perhaps he, Yang Hao, was not considered very impressive among the sect's core disciples.

But when competing in controlling fire, he could rank in the top twenty!

This country bumpkin definitely did not understand just what kind of concept was top twenty.

The geniuses of the Tranquil Cloud Sect were not something comparable to a mere outer sect. Like him, Yang Hao was merely just some dreg in the entire sect with his excellent talent!

Those fellows in the Pill Hall were more monstrous one after the other!

To be able to rank in the top twenty in the aspect of controlling fire, Yang Hao could already be amply proud!

"Humph! Watch closely. Today, I'll let you, a frog in a well, witness what is called controlling fire!"

As he spoke, Yang Hao went in front of the Illuminating Fire and beckoned with two fingers.

The flame directly broke away from the lantern and followed Yang Hao's finger as it danced in the air, looking extremely dazzling.

Yang Hao formed seals with both hands and the Illuminating Fire transformed into a thin and long fire dragon that coiled around him, looking very obedient.

This move was finished extremely beautifully, giving people a sort of feeling that it was very pleasing to the eyes.

Suddenly, Yang Hao beckoned with his fingertip. The fire dragon flew out from the boundary around his body and rushed straight at Ye Yuan.

Ye Yuan simply watched Yang Hao's performance with a faint smile and did not have the slightest intention of making a move.

A trace of a cold smile flashed across the corner of Yang Hao's mouth. He was already facing an imminent crisis, and Ye Yuan was still there pretending to be calm.

Although the might of the Illuminating Fire was not strong and would not cause Ye Yuan any substantial injuries, it was more than enough to leave him dusty and dirty in appearance.

It was as if Yang Hao had already seen the look of Ye Yuan being burned to a charcoal head.

But just as the fire dragon was several inches away from Ye Yuan's face, it suddenly started bouncing around.

Yang Hao's face changed. This fire dragon seemed to be trying to break free from his shackling and became unsettled. Ever since his fire controlling technique had reached Large Success, he had yet to encounter this sort of situation.

The Illuminating Fire was just the most common earth fire. It did not pose any difficulty to Yang Hao at all. How could a situation where it was breaking free of control appear?

Could it be Ye Yuan causing mischief? But there weren't even the slightest bit of essence energy undulations from his body!

Seeing ghosts! 1

Yang Hao obviously would not leave the Illuminating Fire unchecked to break free from his control. He gritted his teeth and increased the essence energy to urge it. But it was like the Illuminating Fire was being stubborn with him as it refused to move even half a step forward no matter what.

Yang Hao increased his strength again. Who knew that the seemingly clever move turned out to be a foolish one. With a whoosh, the Illuminating Fire actually scurried straight back towards Yang Hao!

Yang Hao jumped in fright at this scene and hurriedly urged with his fire controlling seals again.

The Illuminating Fire was only a very low-end flame after all. It was restricted by Yang Hao in a short while.

Following that, he beckoned with his fingertip, and the Illuminating Fire went back inside the lantern.

Clap! Clap! Clap!

Ye Yuan applauded and praised, "Senior Apprentice Brother Yang's fire controlling technique is truly transcendent! I, Junior Apprentice Brother, admire it greatly! It was a really close shave just now, nearly burning me. Luckily, Senior Apprentice Brother Yang showed mercy! However . . . caution is needed when playing with fire. Don't burn yourself, Senior Apprentice Brother Yang!"

Yang Hao's face was deathly sullen. All those present were experts. It was clear at a glance whether he showed mercy just now or not.

Ye Yuan saying these words were truly enormous sarcasm.

Except, he also could not figure out why the Illuminating Fire would suddenly lose control.

Ye Yuan clearly did not do anything at all!

Not just him who did not understand, Yao Qian by the side also did not understand. But the gaze he gave when looking at Ye Yuan became somewhat different.

Yang Hao wanted to use the Illuminating Fire to burn Ye Yuan. But Ye Yuan had the Tier 4 essence fire, Cleansing Sandal Sacred Flame, inside his body. When the Illuminating Fire approached Ye Yuan, it instinctively sensed extreme danger. How could it possibly burn Ye Yuan?

Humans were unable to feel such a level of coercion from ranks, but the flame itself was very sensitive.

"Humph! Your turn! I want to see just what kind of tricks can you play!" Yang Hao said in a deep voice.

"Haha, Senior Apprentice Brother Yang is already very amazing. What sort of tricks can I even play? I'll just copy it blindly," Ye Yuan said smilingly.

In the while that Yang Hao was stunned, Ye Yuan already reached out to beckon in thin air. The Illuminating Fire flew into Ye Yuan's hand obediently.

Seeing this scene, the pupils of the other four people in the house constricted.

Just based on this move, Ye Yuan was way too brilliant compared to Yang Hao!

Previously, Yang Hao walked under the lantern to execute the fire controlling seals before calling out the Illuminating Fire. But Ye Yuan was still several dozen meters away from the lantern, only to see that he casually called with one hand and the Illuminating Fire flew over itself.

The level was clear at a glance!

Without any gaudy fire controlling seals, Ye Yuan just supported with his palm and the Illuminating Fire automatically transformed into a fire dragon, circling around Ye Yuan.

The appearance was exactly the same as Yang Hao just now!

Yang Hao was so enraged that he ground his teeth in rage. This was simply a provocation!

Ye Yuan looked at Yang Hao and suddenly gave a peculiar smile. He lifted his hand and pointed a finger at Yang Hao.

Yang Hao jumped in fright when he saw the situation and hurriedly formed seals to deal with it.

After forming the seals, he discovered that he was tricked by Ye Yuan again. That fire dragon was still circling leisurely around Ye Yuan!

"Hur hur, don't be so nervous, Senior Apprentice Brother Yang. Just playing a prank," Ye Yuan said with a smile.

Yang Hao's face no longer had that initial haughtiness and calmness. He could not wait to rush up and give Ye Yuan a bite!

But right then, Ye Yuan spoke again.

"This time, it's for real. Be careful, Senior Apprentice Brother Yang!"

Ye Yuan pointed again. But . . . still just a finger!

Yang Hao smiled coldly and said, "Repeating old tricks don't have much of a meaning, right?"

"Dumbass! Quickly look behind you!" Yao Qian who had been mum all along finally made a sound.

Yang Hao was dazed. Turning around to look, he saw that his buttocks caught fire and a burned smell spread out.

Yang Hao jumped in fright and hurriedly formed seals to extinguish the flames on his butt. However, his attire was already burned through by the Illuminating Fire as two lumps of white flesh were revealed.

Swooshing bum down to the ground, Yang Hao's face was red to the tips of his ears.

"Hur hur, Senior Apprentice Brother Yang is really mindful of your face but disregarded your buttocks. Why are you so careless? If some senior apprentice sisters saw it when you head out, I'm afraid that Senior Apprentice Brother Yang's name will probably spread back to the sect very soon, right?" Ye Yuan chortled as he said.

Huyan Yong was originally someone who was serious in speech and manner, but even he could not hold back his laughter right now.

"Don't be smug, Ye Yuan! Let's compete again if you have the capabilities!" Yang Hao's face was red and his ears scarlet. He was clearly hopping mad from embarrassment.

"Sigh, Senior Apprentice Brother Yang can't take a loss! What are we competing on this time? Competing in Martial Path? You, an Eighth Level Spirit Condensation Realm, competing with me, a Second Level Spirit Condensation Realm. Even if you win, it will also be the big bullying the small if it spreads out, right?" Ye Yuan pretended to sigh emotionally.

"Enough! A loss means a loss! Do you feel that this isn't disgracing enough? Quickly go and change your clothes!" Yao Qian's face fell as he said to Yang Hao in mild irritation.

Being bellowed at by Yao Qian, Yang Hao was just like a defeated rooster and went to a quiet spot to change his clothing.

After Yang Hao left, Yao Qian looked at Ye Yuan with narrowed eyes and said, "Truly heroes come from youngsters! To think that such a talented figure actually appeared in my Tranquil Cloud Sect's outer sect!"

Chapter 187: Barely Passable

Yao Qian was currently very amazed in his heart, because even he also did not see clearly just how Ye Yuan got the Illuminating Fire behind Yang Hao imperceptibly just now!

This monstrosity of Ye Yuan far exceeded his imagination!

It looked like this title of 'number one in a millennium' was not without reason.

A 15-year-old Second Level Spirit Condensation Realm. This sort of cultivation speed was also not slow even when placed in the sect. Even more terrifying was that this Ye Yuan's alchemy skills should be very strong.

To obtain such accomplishments in the martial path and alchemy path at the same time, but only 15 years of age, his future accomplishments were limitless!

Except, this Ye Yuan offended the Su Family. This time, he would likely be wiped out by the Su Family.

It was somewhat of a pity.

"Lord Yao Qian flatters me. What number one in a millennium, Ye Yuan is not worthy. But compared to some mediocre talents, I'm still that little bit stronger," Ye Yuan said indifferently.

This old fellow clearly did not have any good intentions as well. Ye Yuan obviously did not need to be courteous.

"What a sharp tongue. But young people should learn how to restrain themselves a little. Otherwise, you will suffer."

"If other people respect me a foot, I will return them 10 feet. If other people reach out for a yard after taking an inch, I'll leave no room to advance! This is my life principle!"

"Haha, oh Yunhe. This little baby is really quite interesting." Yao Qian ignored Ye Yuan and turned to say to Jiang Yunhe.

Jiang Yunhe felt quite awkward and chuckled drily, saying, "Ye Yuan's personality is like this. Don't lower yourself to his level, Lord Yao Qian."

"Why would I bother arguing with a little child?" Yao Qian said coolly.

Right then, a voice came from outside the door. "Lord Dean, Long Tang requests for an audience."

"Come on in," Jiang Yunhe instructed.

Long Tang's arrival also eased up some of the awkwardness. But when he saw Ye Yuan, his eyes instantly turned sharp.

This Ye Yuan actually broke through to the Second Level Spirit Condensation Realm already!

Initially, he thought that having broken through to the Fifth Level Spirit Condensation Realm, he finally shook off Ye Yuan. If Ye Yuan did not break through to the Spirit Condensation Realm, then his arranged battle with Ye Yuan had no meaning.

Who would have thought that Ye Yuan's improvement speed was not the slightest bit slower than him!

Long Tang could consecutively breakthrough within a month was first, because of his accumulation, and secondly, because he reaped no little benefit on the Nine Heavens Road. Thirdly, it was because of the Essence Spirit Pill.

He only dared to consecutively breakthrough two realms in a short period of time because he combined so many elements.

But Ye Yuan went for a trip to the Endless Forest and was already Second Level Spirit Condensation Realm when he came back. This improvement speed was too terrifying!

One had to know that before Ye Yuan left for the Endless Forest, he had just broken through to Ninth Level Essence Qi Realm not long ago!

Ye Yuan also looked towards him at this time. The pair smiled when their eyes met, but did not say anything.

Jiang Yunhe gave an introduction. Yao Qian only opened his mouth to talk after Long Tang finished paying his respects.

"I'm here this time under the sect's command to come to the outer sect to fetch you two into the sect. The two of you passed through the Nine Heavens Road, so you naturally possess the identity of the sect's core disciple. But before entering, the two of you still need to understand the rules of our Tranquil Cloud Sect. After entering the sect, you must obey the rules stringently. Otherwise, bear the consequences!"

As he spoke, Yao Qian casually struck out two streaks of white light. Two jade slips landed separately in Ye Yuan and Long Tang's hands.

Ye Yuan submerged a wisp of divine sense into the jade slip to read the contents.

After reading the contents, Ye Yuan was also sighing incessantly. From the rules, one could see that the rivalry within the sect was way crueler than in the Dan Wu Academy.

That was a genuine survival of the fittest!

Within the Tranquil Cloud Sect, they were separated into Elite Disciples, Core Disciples, and Outer-sect Disciples.

The normal advancement channel was that the top students in the outer sects barely had the qualifications to become an outer-sect disciple after passing the Heaven Rank Advancement Test!

And there are three routes to become a core disciple. The first route was advancing from outer-sect disciple. The second way was passing the Nine Heavens Road. Other than these, it would be disciples specially approved by the sect's upper echelons.

Elite disciples had some similarities to the Martial Roll set up in the Dan Wu Academy. Only those disciples who were extremely strong in the alchemy path or martial path can qualify!

Moreover, elite disciples, core disciples, and outer-sect disciples were not unchanging. They would undergo ranking every two months. Those ranked near the back would be eliminated from entering the next level, while disciples who had outstanding performance but a lower rank will advance up a level.

Hence, the number of elite disciples and core disciples were basically fixed!

And outer-sect disciples who failed the assessment would end up doing miscellaneous affairs!

Miscellaneous affairs did not have the slightest status in the Tranquil Cloud Sect. Every day, they had to do large numbers of miscellaneous stuff. There was simply not much time to cultivate.

Amid the elite disciples, core disciples, and outer-sect disciples, the treatment they enjoy also had an extremely huge difference!

In the Dan Wu Academy, many of them were members of aristocrat families. To them, the use of academy resources made no difference.

Wealth allowed willfulness!

But that would not do in the Tranquil Cloud Sect!

The Tranquil Cloud Sect carried out a points system. To obtain corresponding cultivation resources in the academy, one had to use points to exchange.

Without points, it was difficult to take a single step in the Tranquil Cloud Sect!

Points could not be bought with money. Only by making a certain level of contribution for the sect can one obtain the corresponding points.

It could be seen from this system that trying to smoke your way through life in the Tranquil Cloud Sect was absolutely impractical! Only by constantly cultivating, cultivating, and cultivating, could one plant their footing firmly in the sect!

The sect did not raise a single trash!

Yao Qian glimpse at the two of them indifferently and said, "Both finished reading the sect's rules? I can tell you two that with your current strength, you're actually only capable of ranking in at roughly the middle of the outer-sect disciples. There's still some distance away from core disciple. Especially Ye Yuan. You're only at the Second Level Spirit Condensation Realm. You're probably at the bottom even among the outer-sect disciples. Hence, you two had better grasp your time tightly to cultivate more if you want to get the appropriate resources. Or else, you will be eliminated in the first sect competition. That would also leave Yunhe without any face, right?"

Hearing Yao Qian say so, Long Tang looked at Ye Yuan rather odd expression.

Ye Yuan's strength could only be at the bottom of the barrel among the outer-sect disciples? This Yao Qian definitely did not know the fearful aspect of Ye Yuan!

Even though he himself broke through to the Fifth Level Spirit Condensation Realm now, he also did not dare say that he can certainly win Ye Yuan! Even if he only had the strength of the middle reaches of the outer-sect disciples, Ye Yuan was definitely roughly the same as him.

Being at the bottom was impossible!

Additionally, with Ye Yuan's improvement speed, he would most likely steady his footing very soon among the core disciples after entering the sect, right?

Yao Qian saw Long Tang's expression and said carelessly, "You guys still don't have too clear an understanding about the might of the sect disciples. I just wish to tell you, don't be naïve enough to think that you can leap ranks to battle. You two will only realize just how small and weak you are after entering the Tranquil Cloud Sect!"

Long Tang's heart jolted when he heard that, but Ye Yuan laughed and said, "Lord Yao Qian really likes to worry. If you have much spare time, why not educate that incompetent disciple of yours. I think that with his standards, we're still barely passable to make it as core disciples after going to the sect."

Chapter 188: Leave It to Me!

Yao Qian's eyes revealed a trace of cold light.

Evidently, he was truly infuriated by Ye Yuan repeatedly making light of him.

Yao Qian's status in the sect was not low. Disciples would be most respectful when they saw him. Since when did anyone dare to rebuke him so?

Ye Yuan hadn't even entered the sect yet currently. If he were to enter, what would happen?

Of course, he definitely would not reflect on himself. It was him who provoked Ye Yuan in the first place.

"Haha, good! Very good! Ye Yuan, with your current realm, you only have the right to be at the bottom when you enter the Martial Hall. But your Alchemy Path talent is not bad. If you enter the Pill Hall, perhaps you can retain the opportunity to be a core disciple. However, I'm afraid that I have not told you this yet. My identity in the sect is . . . a Pill Hall Elder!"

Yao Qian's words were a blatant threat.

The meaning of his words was crystal clear. After you enter the sect, make sure you don't fall into my hands!

Naturally, with Ye Yuan's Second Level Spirit Condensation Realm cultivation, he could only be sent to become an outer-sect disciple if he entered the Martial Hall. At that time, would it not be a matter of a word from Yao Qian to knead him however he wished?

Ye Yuan curled his mouth and said, "Oh yeah? Looks like to avoid Elder Yao, I can only enter the Martial Hall. Uh, that's also pretty good. With your standard of teaching disciples, wouldn't I be delayed to death if I enter the Pill Hall?"

"Alright, Ye Yuan, say a few sentences less! Elder Yao Qian, Ye Yuan, he . . ."

Jiang Yunhe saw Ye Yuan rebuking Yao Qian again and could not resist reprimanding him.

Except, at this time, Yao Qian suddenly stood up, flicked his sleeves and said, "Dean Jiang, you really taught a fine student! I think that with your merits, you can forget about getting the lower half of the Purple Center Soul Incantation in this lifetime! Humph!"

Finishing, Yao Qian ignored Jiang Yunhe's persuasion to stay and directly left.

Jiang Yunhe glared fiercely at Ye Yuan, but finally said powerlessly, "You this punk, why are you so adept at causing trouble?! Ignoring that you turned the whole academy upside down, you haven't even entered the sect, and you already offended a sect elder! Wait until you enter the sect and you'll get it! In this place, there's at least your father's backing. But after entering the sect, you'll find no kin to turn to. At that time, who can protect you?"

Huyan Yong also furrowed his brows and said, "That's right, Ye Yuan. A man knows when to yield and when not to. After your power becomes great and you advance to elite disciple, you wouldn't need to see Yao Qian's mood anymore. Why offend him now?"

"Haha, that Yao Qian and Yang Hao were obviously targeting me. Even if I make concessions for the general interest, will they let me off? Not necessary, right? This kind of people, if they are offended, then let them be offended. No big deal. Rather, Lord Dean, what the meaning of the Purple Center Soul Incantation Yao Qian spoke of just now? Listening to its name, it should be a soul cultivation method, right?" Ye Yuan said without a care.

Jiang Yunhe let out a sigh and knew deep down that what Ye Yuan said was reasonable.

He was much clearer on Yao Qian's past history than Ye Yuan and Huyan Yong. In reality, he was still holding onto the mentality of hoping that there was a chance both parties would be amicable.

Who knew that Yao Qian simply did not give him any face, putting Ye Yuan down the moment he arrived.

But the pitiable thing was that the blow did not work. Instead, it broke his teeth.

"What you said is right. The Purple Center Soul Incantation is a soul cultivation method, and it is also the strongest soul cultivation incantation in the Tranquil Cloud Sect! Those elders in the Pill Hall basically all train in this soul incantation. I'm the same. The Purple Center Soul Incantation is split into two parts. The first half can allow alchemists to train to the Alchemy Grandmaster realm, while the second half can train to the Alchemy Sovereign! But the sad thing is that ever since Patriarch Ouyang Tuotian, the Tranquil Cloud Sect never had anyone who could cultivate to the Alchemy Sovereign realm."

Jiang Yunhe's eyes were full of regrets. He clearly revered Ouyang Tuotian very much.

Consolidating the words Yao Qian left behind before he left, Ye Yuan immediately understood in his heart. "Lord Dean came to the State of Qin's Dan Wu Academy to hold a post for earning points to exchange for the lower half of this Purple Center Soul Incantation?"

Jiang Yunhe nodded bitterly and said, "That's right. I was born in the Pill Hall. Before coming to the State of Qin, I was a deacon in the Pill Hall. The point requirement for the Purple Center Soul Incantation is too much. With my status and identity in the sect, it was simply impossible to earn so many points. Hence, I planned for this outside job. Initially, I thought that I could raise a few talents for the sect. But who would have thought that after coming to the State of Qin for so many years, the Dan Wu Academy had never improved. In these few years, only Mo Yuntian, this one genius appeared. But this time, you and Long Tang appeared at once. Two geniuses who crossed the Nine Heavens Road. I was elated in my heart. But I didn't think that this was the outcome . . ."

After a short pause, Jiang Yunhe continued, "After the two of you enter the sect, Ouyang Ming and Yao Qian will definitely find ways to suppress you. Therefore, you must tuck your tails and behave! Especially Ye Yuan. I know that you're peerlessly talented, but your present cultivation realm is too low. There's something Yao Qian said that was right. The might of the sect's disciples is something you guys can't imagine! So, you two need to raise your cultivation realms as soon as possible to solidify your position as core disciples, understood?"

"Ouyang Ming?" Ye Yuan went blank when he heard that.

"That's right. Ouyang Ming holds enormous power in the sect's Pill Hall. And Ouyang Mind is also a Pill Hall elder on friendly terms with Yao Qian." Jiang Yunhe said.

"Turns out that there's such a level of relation huh. No wonder this old punk aimed for me right after he came." Hearing Jiang Yunhe said something like that, Ye Yuan immediately understood the situation.

"Looks like you already know the background of the Su Family, so there's no need for me to remind you. However, the capital's undercurrent is turbulent recently. Your father is also at the edge of the storm. You father and son still need to take precaution when doing things! In my opinion, your father should still take the initiative to withdraw from this whirlpool. Why be a pawn for the Imperial Family?"

It was very plain that Jiang Yunhe knew the movements in the State of Qin like the back of his hand. It was just that his status was aloof and it was inconvenient to be involved.

Ye Yuan shook his head and said, "The grudge between our Ye Family, the Wan Family, and the Su Family is irreconcilable. Even if they didn't stir up so much shit, these two families are destined to be destroyed!"

Jiang Yunhe could not help sucking in a cold breath after hearing it. These words were domineering.

Even he, Jiang Yunhe, dare not say to exterminate these two great families. But it was so natural coming from Ye Yuan's mouth.

One had to know that in these two great families, just the Crystal Formation Realm powerhouses were as many as three!

And on Ye Yuan's side, counting Nanfeng Yi and that Imperial Uncle from the Imperial Family that had not shown his face for a long time, was only three as well.

Both parties were on par. Wanting to exterminate the other party was too difficult! What was Ye Yuan basing this on?

"Ye Yuan, your future prospects are limitless. Don't be reckless in doing things! Your strength is still not enough to make a splash in this storm. Don't ruin your own magnificent future for these sort of secular world affairs!" Jiang Yunhe urged bitterly.

Jiang Yunhe also clearly had his talent appreciating heart moved and did not wish for any accidents to befall Ye Yuan.

Ye Yuan gave a bow to Jiang Yunhe and said, "Relax, Dean. I know what to do. Thanks for your care towards me this period of time! I'm going back to the capital tomorrow. After the capital's affairs settle, I'll come and bid farewell to dean again. As for the matter of Purple Center Soul Incantation, leave it to me!"

Chapter 189: Becoming Beautiful!

"Leave it to you?" Jiang Yunhe went blank when he heard that.

"That's right! Isn't the use of these outside dojos to dig for talents for the sect? As long as I can become an elite disciple, the merits for the dean will be about there already, right?" Ye Yuan said.

"That might be true, but to become an elite disciple is too difficult, too difficult! I know that your talent is matchless, but the elite disciples in the sect, each and every one of their talent is not beneath yours!" Jiang Yunhe shook his head and said.

Ye Yuan smiled but did not explain. Rather, it was Huyan Yong who voiced out at this time. He said, "Lord Dean, I, on the other hand, believe that Ye Yuan can become an elite disciple! Even though that Yao Qian kept harping on how Ye Yuan's strength is too low, I feel that Ye Yuan can steady his footing among the core disciples very soon."

Jiang Yunhe revealed a strange expression. He had never seen Huyan Yong view a student so highly before.

.....

Leaving Jiang Yunhe's place, Ye Yuan directly went to find Nanfeng Ruoqing.

"Aunt, how is it, how is it? Did I become prettier yet?" Nanfeng Zhirou asked Nanfeng Ruoqing frantically.

Ye Yuan had already helped her and Nanfeng Ruoqing refine the Beauty Retaining Pill. Right after consuming it, there was an indescribable feeling coursing through her veins. Her own body seemed to have undergone some sort of unspeakable transformation.

Nanfeng Ruoqing carefully measured up Nanfeng Zhirou, then pinched her small cheeks and said in surprise, "This skin of yours is about to drip water! Touching it feels just like a newborn baby! Is this Beauty Retaining Pill really so miraculous?"

Not that the State of Qin did not have beautifying medicinal pills, but the effects of those sort of pills were at most to delay aging. With the passage of time, it would still leave behind the vestige of time on people's faces.

Moreover, those type of medicinal pills tends to have side-effects here and there. As time passed, it would slowly surface.

Even so, these type of medicinal pills still made some noble family women flock to them like ducks. More often than not, it could not be bought with money.

For the Beauty Retaining Pill Ye Yuan refined to have such an effect, once it entered the market, it would surely soar to a sky-high price.

"Ah! You look! The calluses on my hands also disappeared!" As she was talking, Nanfeng Zhirou waved her hands.

Nanfeng Ruoqing gave a look, and it was real!

Don't think that Nanfeng Zhirou was a princess embodied in all manners of pampering. For the sake of pursuing the martial path, she suffered no little hardship. Due to her being a martial artist who used a sword, it was hard for her hands to avoid calluses after so many years.

If one had to say the area which Nanfeng Zhirou was most displeased with herself, it would be this pair of hands. And now, her hands were fair and tender, impossibly fine. It was just like a young lady who grew up in a boudoir and completely unlike a martial artist's.

"I didn't think that Ye Yuan could actually refine such a miraculous medicinal pill! And he even said that not only did this Beauty Retaining Pill have zero side-effects, it even has the effects of improving the constitution. Can a Tier 2 medicinal pill attain such results?" Nanfeng Ruoqing was filled with disbelief.

She had always taken pride in her own Alchemy Dao attainments. But ever since meeting Ye Yuan, she knew that she was but a frog at the bottom of a well.

"Ah, Aunty!" Nanfeng Zhirou exclaimed in surprise again.

"What are you freaking out over, you bloody lass?" Nanfeng Ruoqing spat.

Nanfeng Zhirou moved closer to Nanfeng Ruoqing's face and exclaimed, "Aunt, in the past, you don't look like my aunt. Now, you look even less like my aunt!"

"Damn lass, if I'm not your aunt, then who is?"

"After you consumed the Beauty Retaining Pill, you're practically like my twin sister! Even though your age isn't that old, you look much younger now!" Nanfeng Zhirou cried out in surprise.

Ye Yuan refined a batch of Beauty Retaining Pills and gave Nanfeng Ruoqing and niece one each. Other than that, he also saved one for his mother and Lu-er.

"Ah? Is that true?" Nanfeng Ruoqing touched her face and said in astonishment.

"It's true! More real than real gold! There's a mirror here; quickly take a look!" Nanfeng Zhirou said and took a mirror, passing it over to Nanfeng Ruoqing.

Nanfeng Ruoqing faced the mirror to have a look and then exclaimed in surprise, "It's true! The current me looks like I returned back to two, three years ago; around the same age as you."

Even if Nanfeng Ruoqing's personality was very quiet, she was still overjoyed right now. As long as one was a woman, they would not have any resistance towards becoming beautiful.

"Hehe, when we go out next time, other people might think that you're my older sister!" Nanfeng Zhirou suddenly thought about this scene and grinned from ear to ear.

"Damn lass, no matter what I become, I'm still your aunt! If Imperial Brother heard these words, he would definitely confine you again!" Nanfeng Ruoqing glared.

Nanfeng Zhirou stuck out her tongue mischievously.

"En? Aunt, quickly look! Lu-er seems to be moving!" Nanfeng Zhirou suddenly cried out in joy.

Hearing Nanfeng Zhirou's shout, the two of them hurried over to the bed, only to see Lu-er's eyelids moving slightly as if she was really about to wake up.

Lu-er's frost poison was very powerful. It was almost on the verge of erupting. Hence, she was still temporarily unable to awaken after swallowing the Essence Yang Pill.

Ye Yuan already predicted earlier that it would take roughly another two, three days. Now, just over two days had passed, and Lu-er indeed woke up.

Lu-er's breathing became stable as she gradually opened her eyes. Her gaze was somewhat hazy.

"I . . . Where am I? Could it be that I'm already dead?"

"You silly lass, take a good look at who we are! Are you cursing us to die here?" Nanfeng Zhirou said huffily.

Nanfeng Ruoqing pulled on her clothing and shot her a glare before saying to Lu-er, "Lu-er, I'm Feng Ruoqing. Don't you remember me?"

Lu-er carefully sized up Nanfeng Ruoqing and suddenly exclaimed, "Ah! Aren't you Teacher Feng? Why are you . . . Why do you seem to have become different? Like . . . Like you became younger! Sorry, I . . . I . . ."

Nanfeng Ruoqing's blushed and said, "This is thanks to your family's young master. He refined a type of medicinal pill for us. After we took it, we became like this. Oh, right, how are you feeling right now? In order to save you, your young master could be said to have gone through fire and water during this one month!"

Lu-er was greatly alarmed when she heard this. "Is . . . Is Young Master okay?"

"Haha, of course he's fine! Your young master's life is tenacious as hell, how can he die so easily?"

Right then, a bout of laughter came from outside. It was precisely Ye Yuan.

Lu-er was immediately overjoyed when she heard Ye Yuan's voice and was about to climb up from the bed. Ye Yuan hurried went up to support her and said grumpily, "Lie down properly for me! What are you messing around for? You're still quite frail now; take a good rest."

Lu-er saw Ye Yuan, and her tears flowed down uncontrollably. "Young Master, I . . . I thought that I couldn't see Young Master anymore. Sniff sniff . . ."

Ye Yuan gently stroked Lu-er's fine hair and said with a smile, "Silly girl, with Young Master around, how could you die? Even if you entered King Yama's hall, Young Master could still pull you back! Alright, stop letting your thoughts run wild. I prepared some vitality replenishing medicinal pills for you. You recuperate for a while, and then we head back home!"

Chapter 190: Teaching Father Alchemy

At the Ye Family courtyard, Ye Hang and Ye Yuan sat facing each other.

"Yuan-er, it's only been one month of not seeing you. To think that you broke through to the Second Level Spirit Condensation Realm!"

Ye Hang looked at Ye Yuan full of pride. Seeing his son improve at godspeed made him even happier than his own breakthrough.

"Haha, father's Second Level Crystal Formation Realm also stabilized, and you also successfully broke through to middle-rank Alchemy Grandmaster. This time, the Pill Grading Assembly that Wan Donghai cooked up is probably lifting a stone to smash his own feet," Ye Yuan said with a laugh.

"Haha, this is all thanks to you! If you didn't impart me those two cultivation methods, our Fragrant Medicine Pavilion could only avoid the edge."

"Humph! Avoid the edge? I will definitely pull out the Wan Family and the Su Family by the roots this time! If not for my life being tenacious, I would have long been murdered by those two family's people multiple times!" Speaking of the Wan Family and the Su Family, Ye Yuan was full of grievance.

Counting that time from his predecessor, it had already been more than three or four times that the Wan and Su Family plotted to harm him!

Especially that time by Su Yubai. If not for Huyan Yong stepping out bravely at the crucial time, he would have long been a ghost under the palm.

But Ye Hang shook his head and sighed. "Even if my strength had some breakthrough, to want to pull these two families up by the roots, I'm afraid that it's still beyond my means."

"Relax, Father. You just focus on working together with the Imperial Family to deal with the enemy. At the crucial moment, I will give them a huge surprise!"

"Oh? How will that work?" Ye Hang asked in slight shock.

In the State of Qin, the Su Family was extremely powerful. Even the Imperial Family was very wary of them.

More importantly, the Su Family had a backer in the Tranquil Cloud Sect. The Nanfeng Family did not dare to make a move recklessly the whole time.

The power of a sect was not something that a secular Imperial Family could withstand. Just the Ouyang Family alone could sweep across the Imperial Family by casually sending over a Seven or Eighth Level Crystal Formation Realm!

Not to mention that Crystal Formation Realm was only among the weakest within the sect's powerhouses.

"Follow me, Father." Ye Yuan got up and headed over to Ye Hang's private refinement room.

Ye Hang looked at Ye Yuan's secretive appearance and could not help following in puzzlement.

Arriving at the refinement room, Ye Yuan set down restrictions in the refinement room before saying to Ye Hang, "Look, Father."

As he spoke, Ye Yuan casually gestured. A white colored ape appeared out of thin air! It was precisely Yuan Fei!

However, Yuan Fei's condition did not appear to be too good. He was severely wounded by Black Crow Old Man and still had not recovered until now.

Although his injuries were not life-threatening, he required at least a month if he wants to fully recover.

And Ye Yuan was still unable to refine Tier 3 medicinal pills right now, so he had no way of helping Yuan Fei recover from his injuries.

However, Yuan Fei's appearance gave Ye Hang a huge shock. If not for his son telling him to pay attention just now, he might have already rushed to attack Yuan Fei right now.

"Sss . . . Tier 3 demonic beast! Just now, could that be . . . a spatial artifact?" Ye Hang's eyes were filled with intense shock. The gaze he looked at Ye Yuan with was full of incredulity!

Ye Yuan smiled and said, "That's right, it's precisely a Tier 3 demonic beast Long-arm Stone Ape and spatial artifact! He's called Yuan Fei; a servant I took in during this trip to the Endless Forest. This spatial artifact is also owned by Yuan Fei. Except, in order to protect me, he was wounded by a powerhouse and has not recovered until now."

This time, Ye Hang was shocked until he remained dazed for a long time before saying, "What kind of expert could actually hurt a Tier 3 demonic beast?! You actually got into trouble with such a terrifying expert when you went to participate in this Endless Trials?"

If Ye Yuan were not his son, he would definitely think that the other party was talking bullshit!

Also, Ye Yuan had only broken through to the Spirit Condensation Realm not long ago. How did he subdue a Tier 3 demonic beast?

This . . . This was simply incomprehensible!

Towards his father, Ye Yuan did not have the intention of concealing. He recounted the events of this trip of the Endless Forest modestly, leaving Ye Hang speechless for a long time.

Nevertheless, Ye Yuan did not say that who he encountered was a Sea Transformation Realm powerhouse. He only said that he met a middle-stage Crystal Formation Realm expert. Both sides fought a great battle, which was why Yuan Fei suffered heavy injuries.

Even though he fabricated a master to use as a pretense, it was still too ludicrous for a Second Level Spirit Condensation Realm to kill a Sea Transformation Realm powerhouse.

Ye Hang had always been very gratified by his son's rise, but he had never noticed that Ye Yuan had already grown to such an extent unwittingly.

After the shock, Ye Hang felt a sense of relief.

His son no longer needed to grow up under his wings! Ye Yuan had already become a towering tree!

"I really did not expect that you actually had such experiences in the Endless Forest. Just relying on this Long-arm Stone Ape clan, you can sweep across the State of Qin!" Ye Hang sighed emotionally.

Thousands and thousands upon of Long-arm Stone Apes! This force, when placed in the secular world, was too overwhelming!

"Father, Yuan Fei's injuries are very severe. But my current strength is too weak, so I can't refine Tier 3 healing medicinal pills. I brought you here to ask you to help him refine medicinal pills!" Ye Yuan said.

Ye Yuan had long refined medicinal pills for those injured Tier 2 Long-arm Stone Apes to treat them. Only Yuan Fei's wounds left him helpless, so it kept delaying until now.

Ye Hang was stunned when he heard that. He had never learned the refining method for demonic beast medicinal pills.

"But, I don't know how to refine medicinal pills for demonic beasts' use."

"Don't worry. Master once imparted me the pill formula and refinement method. I'll pass them all to you, then assist you in the refinement from the side. It should be able to work," Ye Yuan said.

This healing medicinal pill was not something too complicated. Ye Hang had already broken through to middle-rank Alchemy Grandmaster realm and also had Ye Yuan, this Alchemy Emperor guiding from the side. Refining it did not pose a problem.

"Your master is really an expert! He actually even know the refining methods for demonic beast medicinal pills! Alright. Father will learn a little about this demonic beast medicinal pill's refinement method!"

Ye Hang was also an alchemy fanatic. Once he heard that he could learn the refining method for new medicinal pills, he immediately behaved like he was on stimulants.

"Okay, this medicinal pill is called Bone Growing Pill. I've already prepared the ingredients. Now, I will pass the refining method to Father."

Finishing, Ye Yuan threw a jade slip to Ye Hang. Ye Hang sunk his divine sense inside and started to study the refining method for the Bone Growing Pill.

Ye Yuan had long prepared to let Ye Hang help to refine medicinal pills. Therefore, back in the imperial palace, he already let Nanfeng Ruoqing prepare the relevant ingredients.

While Tier 3 herbs were very precious, it could not stump the Imperial Family. The herbs required for the Bone Growing Pill was very common, so Nanfeng Ruoqing prepared them very swiftly.

While Ye Hang was studying the refining method for the Bone Growing Pill, Ye Yuan already finished pairing up all the ingredients and refined the medicinal embryo. 1 Ye Hang was only responsible for the final refinement. This way, it could ensure the maximum success rate.

After four hours, Ye Hang roused from his rumination. When he saw that Ye Yuan already finished refining the medicinal embryo, he could not help being secretly amazed.

"Done, let's start refining!" Ye Hang said.

"Okay. I prepared a total of five sets of herbs. It should be enough for Father to refine out the Bone Growing Pill. Start refining then, Father. I'll remind father on what to do at the critical moment," Ye Yuan said.

Ye Hang nodded. Gesturing with one hand, a portion of the medicinal embryo landed in his hands.
