

## Medicine God 1861

### [Unrivaled Medicine God](#)

#### Chapter 1861: Who Is Brother With You?

The fire spread rapidly and was practically going to immolate the entire space.

For a moment, wails of doom filled the lands.

Under such power, even True God powerhouses were hard-pressed to escape death too.

“Junior Apprentice Sister, follow me. I’ll bring you out.”

Xu Xing flashed a confident smile at Leng Qiuling and was about to hold her hand.

Leng Qiuling’s face changed, and she hurriedly pulled her hand back.

Xu Xing’s hand froze there, his expression seemingly rather embarrassed, and he said with a smile, “Follow me closely. Don’t get lost.”

Finished saying, Xu Xing’s figure moved, speeding toward the depths of the mountain range.

Luckily, Thousand Soar Alliance’s people ran fast and escaped the core region of the grand array very quickly.

But the danger was not far away.

Even if right now was at the border region, a large cluster of flames would also rush out from time to time, reaping the lives of a group of powerhouses.

The strength of those True God powerhouses was formidable, but they were also delayed by those powerful lames.

As for Xu Xing they all, these juniors, could only band together.

But along the way, with Xu Xing leading a group of disciples to blaze a trail, it was very smooth sailing.

But he discovered that a young man followed by Leng Qiuling’s side from start to end, and his brows could not help furrowing.

“Boy, you don’t seem to be a Thousand Soar Mansion’s disciple, right? Get lost, our team doesn’t bring along good-for-nothings!” Xu Xing said unhappily.

In his view, Ye Yuan, this Second Firmament Celestial Deity, saw that their squad was powerful, and sought their protection.

How could he allow this sort of thing?

Leng Qiuling spoke up, “Senior Apprentice Brother Xu, Ye Yuan is my friend.”

Xu Xing’s expression was rather awkward as he said with a smile, “So, it’s Junior Apprentice Sister Leng’s friend, then that’s alright. But let’s get the unpleasant things out of the way first. People who don’t contribute, don’t think about getting any benefits!”

Ye Yuan just smiled and did not speak.

At this time, the Zhuo Han in the squad suddenly opened his mouth and said, “*Huhu*, not just being friends that simple, right? I heard that City Lord Gu has the intention of matchmaking Junior Apprentice Sister Leng and Ye Yuan! Junior Apprentice Sister Leng, congratulations to you!”

The moment these words came out, everyone’s faces changed.

Those present were all young heroes. The weakest in strength was also peak Fourth Firmament Celestial Deity.

Could a measly Second Firmament Celestial Deity be worthy of Leng Qiuling?

More importantly, there was an additional Xu Xing now!

Xu Xing was also taken aback, his gaze when looking at Ye Yuan had additional thick enmity.

Seeing this scene, Zhuo Han secretly felt great in his heart.

He knew that just this one sentence was enough.

Leng Qiuling’s brows furrowed, her gaze when looking at Zhuo Han was icy-cold.

How could Zhuo Han not feel it? But he already did not care anymore.

Forget that there was Ye Yuan, even if there was no Ye Yuan, it also had nothing to do with him anymore now.

Competing with Xu Xing?

That was looking for death!

Xu Xing did not want to lose his bearing in front of Leng Qiuling and only said indifferently, “*Oh?* To be able to be viewed favorably by City Lord Gu, looks like this Brother Ye is bound to have areas surpassing others! Later, this Xu would like to spar.”

But one sentence and the smell of gunpowder already became strong.

Ye Yuan gave him a glance and said coolly, “Who is brother with you? Are you worthy?”

Everyone was stunned, not expecting that Ye Yuan was actually so unyielding.

Xu Xing was also taken aback. He thought that Ye Yuan would beat a retreat in the face of difficulties after hearing his words. He did not expect that Ye Yuan actually showed such little regard for his face.

Ye Yuan naturally would not give him face. He did not have any improper thoughts toward Leng Qiuling, but these guys insisted on treating him as an imaginary foe.

The most important thing was that this Xu Xing was a hypocrite who posed as someone of high morals with one look.

Saw that his realm was low and wanted to drive him out of the team.

Actually, if not in order to protect Leng Qiuling, he would not be bothered to travel together with these people.

Yet, this Xu Xing was self-righteous and felt that Ye Yuan was benefiting from association with him.

Xu Xing's face fell and he said in a cold voice, "Refusing face when given! Since that's the case, then you have no need to follow our squad anymore too. After all, we don't know each other."

Leng Qiuling's brows furrowed and she said, "Ye Yuan is my Thousand Soar Imperial Capital's guest. If he isn't in this team, then I'll leave too."

Xu Xing's face changed, immediately overflowing with jealousy.

He did not expect that Leng Qiuling actually had just little regard for his face, and was actually put in a dilemma for a moment.

"*Humph!* I'll give Junior Apprentice Sister Leng face. Today's matter, this Xu remembered it!" Xu Xing said with a cold snort.

*Bang!*

Suddenly, a violent fire wave attacked. Everyone turned pale with fright.

"Xu Xing, this wave of fire is too strong. You guys take care of yourselves! Remember, don't split up!" Ji Kang's voice came over at this time.

"Got it, Elder Ji!" Xu Xing said in a clear voice.

Finished talking, he turned to everyone again and said, "Everybody, we'll join hands for this wave of fire, all heed my command! Junior Apprentice Sister Leng, you hide behind me."

Xu Xing had a righteous appearance that was unflinching in the face of death as if everything was within control.

Leng Qiuling originally did not want to answer, but seeing Ye Yuan wink at her, only then, did she retreat.

"*Ahh, ahhh, ahhh ...*" Another series of screams came over. Some weaker martial artists were still burned to death or seriously injured.

"Ye Yuan, right now is the juncture of life and death, could it be that you plan on hiding at the back like a girl?" When Xu Xing saw that Ye Yuan also shrank back at the back, he could not resist saying in a cold voice.

But Ye Yuan smiled and said, "You all are powerful, I'm just a rookie. It's safer to hide at the back."

The words incurred numerous scornful looks.

These young heroes all felt that this Ye Yuan was simply too shameless.

However, they already had no time to be scornful of Ye Yuan.

“Everyone listens to the command. Use your strongest attacks and meet the fire wave! Release!” Xu Xing gave a fierce cry, his long sword suddenly attacking.

A sword emerging, it was akin to a rainbow cutting across the sky, welcoming that wave of fire.

*Bang! Bang! Bang!*

Multicolored divine essence undulations revolved around inside the mountain range, meeting the blazing fire in unison.

*Puu, puu, puu ...*

Even though these were all distinguished folks among the junior generation, the Immortal Wind Grand Array was seriously too strong. The enormous shock wave knocked their bodies flying backward, fresh blood spewing wildly.

Xu Xing’s entire person appeared somewhat wretched, the clothing on his body was also significantly scorched.

However, the flames only paused slightly for a moment and staged a comeback.

Xu Xing’s face changed and he roared to the back, “Everyone quickly run! These flames are unstoppable!”

As he said, how could he still care about Leng Qiuling, turning tail and running?

*Bang!*

The flames immediately burned a large area, screams echoed out together.

Quite a number of young heroes did not have time to escape and were directly devoured by the large fire.

Xu Xing and the group of geniuses covered their heads and scurried away. No idea how long they fled either, finally escaping the engulfment of the flames.

But the moment he turned his head back, Xu Xing discovered that Leng Qiuling’s traces were long gone, and his expression could not help changing.

“Zhuo Han, you saw Junior Apprentice Sister Leng?” Xu Xing looked at the extremely wretched Zhuo Han and asked in a solemn voice.

Zhuo Han still had not caught his breath until now. Seeing Xu Xing inquire, he could not help shaking his head and said, “D-Didn’t see! Everyone was all fleeing on their own, how could I care about her?”

Xu Xing’s brows furrowed. Straining his eyes and looking into the distance, he discovered that the road when they came was long already engulfed by the large fire, becoming a sea of fire.

### [Unrivaled Medicine God](#)

#### **Chapter 1862: Door of Four Symbols**

A young hero said, “Senior Apprentice Brother Xu, just now, in the mayhem, I seem to have seen Junior Apprentice Sister Leng and that Ye Yuan get engulfed by the flames!”

Just now, a large wave of fire pounced over, engulfing many people all at once.

Leng Qiuling dying inside was nothing strange.

“Damn it!”

Seeing that vast expanse of fire sea behind him, Xu Xing was extremely remorseful and angry. He finally managed to take fancy on a woman and she was actually burned to death just like this.

But Zhuo Han had an excited look because he heard that Ye Yuan was dead too.

“Senior Apprentice Brother Xu doesn’t need to be like this. There are plenty of other fishes in the sea. Although that Leng Qiuling was quite good-looking, there are still some who can match up to Senior Apprentice Brother Xu with some difficulty.” Zhuo Han urged him.

Sure enough, the moment Xu Xing heard, his expression became much better and he switched to a regretful expression as he said with a nod, “Be that as it may, with Junior Apprentice Sister Leng dying in the sea of fire, I’m still very upset!”

Zhuo Han smiled and said, “Senior Apprentice Brother Xu is indeed somebody who values sentiments, Zhuo Han admires!”

“Eh, you guys, look! There seem to be people walking inside that sea of fire!”

Suddenly, a young man shouted.

Everyone got a big shock and used doubting gazes to look over.

It was fine if they did not look, but when they saw it, each and every one of them was shocked until their jaws hit the ground.

Amidst the sea of fire, there were indeed two figures vaguely visible, coming over to their side.

“This ... How is this possible? Such a terrifying sea of fire, there are actually people who can move inside it.”

“Yeah, I saw it clearly just now, a Fourth Firmament Celestial Deity powerhouse was instantly burned to ashes, how can there possibly be people moving around inside it?”

“Hang on, this seems to be a male and female. They look rather familiar!”

No need him to say, everyone already saw clearly. These two figures were precisely Ye Yuan and Leng Qiuling!

Ye Yuan held Leng Qiuling with one hand, disappearing and reappearing inside the sea of fire as if they would be engulfed at any time.

But those violent flames were seemingly avoiding the two of them. They were very safe from beginning to end.

Zhuo Han’s face almost became green, looking at this scene full of disbelief.

*Swoosh!*

Ye Yuan leaped, bringing along Leng Qiuling and directly jumping out of the sea of fire.

Naught a scratch!

Everyone did not quite dare to believe their eyes. Inside such a berserk sea of fire, they could actually remain completely unscathed!

Ye Yuan looked at Xu Xing and said with a look of amusement, "This Senior Apprentice Brother Xu, didn't you say that you wanted to protect Junior Apprentice Sister Leng earlier? Why did you run even faster than a rabbit?"

Xu Xing's expression choked up. He pledged in all solemnity just now with the appearance of a peerless hero, saying to protect Leng Qiuling.

But when he fled, he completely did not even look at Leng Qiuling and ran faster than everyone else.

"Junior Apprentice Sister Leng, I ..."

Xu Xing was just about to explain, but heard Leng Qiuling say indifferently, "Senior Apprentice Brother Xu's body is priceless, how can you risk your life? Moreover, Senior Apprentice Brother Xu and I are neither kith nor kin, there's also no need to stay behind to save me."

Toward Xu Xing, Leng Qiuling looked down on him from the bottom of her heart.

Everyone said that a friend in need is a friend indeed, it was not false at all.

Along the way, Xu Xing was always doing his best to please and woo. But when it really reached the critical moment, he was not reliable at all.

Such a person was not worthy of undertaking any responsibility at all.

Xu Xing they all retreated too suddenly, laying Leng Qiuling bare inside the sea of fire all of a sudden.

Leng Qiuling was caught off-guard and almost lost her life in the sea of fire.

At the eleventh hour, it was still Ye Yuan who stepped forward bravely and brought her out of the sea of fire.

But towards Ye Yuan, Leng Qiuling was also extremely shocked in her heart.

The surroundings were clearly all wildly dancing fire snakes, but they seemed to turn a blind eye to the two of them. She completely did not understand what happened.

All in all, places where the fire snakes arrived at, wails of doom filled the lands. Yet, the two of them could stand aloof without paying attention to others. It was truly incomparably magical.

Hearing Leng Qiuling said so, Xu Xing's heart seemed to have been pricked.

In so many years, Leng Qiuling was the first woman who moved him. He did not expect that in a blink of an eye, the two people's relationship actually became like this.

He used venomous eyes to look at Ye Yuan. He attributed this incident to Ye Yuan.

...

Inside a valley ahead, a group of True God powerhouses had long already arrived.

Ye Yuan swept a glance over and discovered that these True God powerhouses were all carrying wounds from head to toe. Their numbers also reduced a little.

Clearly, this Immortal Wind Heavenly Fire Grand Array's power was extremely strong. Even True God powerhouses found it hard to avoid the outcome of death too.

Currently, in the valley, apart from the Thousand Soar Alliance's powerhouses, the other itinerant cultivators were all taking a rest on their own too.

In truth, the itinerant powerhouses that came this time were several times of the Thousand Soar Alliance in terms of numbers. Among them also had quite a few True God level powerhouses.

But in this place, no one dared to employ the strength of True God Realm at all. Otherwise, being annihilated was just a matter of an instant.

Someone complained in the crowd, "The Heavenly Sun Mountain Range is so big. We haven't found the entrance to the abode yet and so many people already died! This place wouldn't be a hoax, right?"

"Isn't that so? This Four Symbols Grand Array is too terrifying. It's simply purgatory on earth! It wouldn't be that we couldn't even find the entrance and we'd all be dead, right?"

Regardless of whether it was the Thousand Soar Alliance or those itinerant martial artists, the expression on everyone's face was very ugly.

Clearly, this was also what they were worried about.

The Four Symbols Grand Array that Heavenly Empyrean Immortal Grove laid down was too terrifying, eradicating them was like playing.

But so many people died and they had not even seen the entrance to the abode. So how could they not be depressed?

*Rumble!*

Right at this time, in the four directions of the valley, four stone doors rose up from the ground, making the earth quake.

"The key to open up the abode lies inside these four stone doors! Inside each stone door contains a drop of Empyrean-level Sour Symbols true blood. When you collect the four symbols true blood, you'll be able to open this Empyrean's abode, and obtain this Empyrean's legacy!"

A voice was akin to rolling thunder, making everyone's faces wildly ecstatic.

Empyrean-level Four Symbols true blood, that was a massive lucky chance!

If one could obtain a drop of Empyrean-level Four Symbols true blood, even if they did not enter the abode, it was also sufficient to benefit for life.

The crowd started seething with excitement once more.

Especially Ji Kang, his two eyes were practically glowing.

His realm had always been stuck at peak True God Realm and kept being unable to break through.

He knew that he had already exhausted his potential and was completely unable to break through to the Empyrean Realm anymore.

But, if let him obtain a drop of Empyrean-level Four Symbols true blood, then he might very likely break through to the Empyrean Realm!

*Swoosh!*

Virtually without the slightest hesitation, Ji Kang immediately rushed towards the stone door on the east side.

That stone door was the Door of Azure Dragon.

At this time, how was the Thousand Soar Alliance still useful? These True God powerhouses all moved swiftly, moving towards the four stone doors

Whoever was a step slow, the lucky chance might be snatched away by others.

“Young Master Ye, which stone door are you planning to go?” Leng Qiuling asked rather curiously.

Ye Yuan smiled and said, “Vermilion Bird true blood should be the bloodline most suited for you! Why don’t we enter the Door of Vermilion Bird?”

Leng Qiuling looked at Ye Yuan in surprise. Hearing the meaning in his words, if they obtained the Four Symbols true blood, he was actually going to give to her?

“This ... Young Master Ye, are you not planning on obtaining for the Four Symbols true blood?” Leng Qiuling asked.

Ye Yuan smiled and said, “Just Four Symbols true blood, also not something remarkable. Come on.”

### [Unrivaled Medicine God](#)

#### **Chapter 1863: Vice Fire**

In front of their eyes was a boundless desert. Under the blazing sun, the entire world was akin to a heating stove.

Entering the Door of Vermilion Bird, it was quite a scene.

“This damn place, can’t see the end at a glance. Where can we even find the Vermilion Bird true blood?”

“Most likely, it’s deep in the desert. Don’t delay anymore. Keep delaying and others will beat us to it!”

Upon hearing this, the crowd poured towards the depths of the desert-like tidewater.

“Ye Yuan, let’s set off too,” Leng Qiuling said.

But Ye Yuan smiled and said, “More haste, less speed. It’s already so dangerous outside, so why would this desert not be dangerous at all?”

Leng Qiuling’s face changed. In this boundless desert, she could not feel the slightest danger.

It seemed that apart from being a little hot, there was nothing peculiar.

“This ... Then what should we do?”

Ye Yuan said, “You cultivate an ice-attribute cultivation method. So revolve your cultivation method and you’ll naturally be safe.”

Leng Qiuling was not quite certain what it meant, but she still followed Ye Yuan’s instructions and did it.

On Leng Qiuling’s body, cold air gradually grew. Her entire person seemed to be a lot colder too.

After doing this, the two walked toward the depths of the desert unhurriedly.

“*Heh*, these two people are really doing unnecessary things, this place has no danger at all and they actually started revolving divine essence. When they really encounter danger, see what they use to face the enemy.”

Seeing the divine essence on Leng Qiuling’s body, a series of mocking sounds immediately came over.

In everyone’s view, this kind of action was undoubtedly very foolish.

Constantly revolving one’s cultivation method would continue depleting the divine essence within the body. Once encountering a battle, one would not be able to deal with the enemy at their peak state.

“*ARGHH!!*”

Right at this time, a scream suddenly came from the crowd ahead. Then, his entire person caught on fire.

Everyone’s face changed, immediately retreating far away from that person.

Very soon, that person on fire burned into nothingness, like he evaporated into thin air.

Everyone’s faces changed one after another, not understanding what happened.

He was perfectly fine, why did he suddenly catch on fire?

Someone said in a panic, “This ... What happened?”

Just as everyone was anxious and doubtful, several more people right at the front suddenly caught on fire, then burned into nothingness.

At this time, everyone finally knew that this was not some incidental event.

Inside this desert, concealed dangers that they did not know.

“E-Everybody be careful! This fire is too formidable!”

“How the hell did that person burst into flames?”

“I ... I’m not playing anymore! I want to leave this place!”

...

Several clusters of flames made everyone immediately become alert.

Some people were even clamoring about wanting to leave.

But they barely walked two steps when a cluster of flames shot straight out, burning them into nothingness.

The group of powerhouses was dumbfounded with shock, completely unaware of what was going on.

Leng Qiuling looked at Ye Yuan rather amazedly. She felt that Ye Yuan making her revolve her cultivation method was likely in order to ward off this flame.

But what in the world was this?

Those powerhouses all did not dare to advance deep in anymore.

But there was no use at all, there were still many people who were directly burned away by the flames.

This way, Ye Yuan two people who were originally advancing slowly walked to the front ranks of the crowd instead.

The two of their abnormal states immediately attracted quite a number of people's attention.

"Why are the two of them fine?"

"Eh, the two of them have been constantly revolving their cultivation methods since entering this space! Previously, we were still mocking them all along, could it be that there's something fishy going on?"

"I understand! This ... This is vice fire[1]!"

The one who spoke was a True God powerhouse.

Mentioning the name vice fire, that True God powerhouse's own expression also changed drastically, and was in a state of disbelief for a while.

Not just him, the other people's faces similarly changed dramatically.

"Vice fire is born in heart, without the slightest omen! Its power is immense! Legends have it that vice fire can burn everything, turning into nothingness."

When Ye Yuan heard everyone's surprised and bewildered voices, the corners of his mouth could not help smiling slightly.

These people finally reacted to it.

The Vermilion Bird was a divine beast of fire. Its attainment in the laws of flame was exceedingly deep.

This vast expanse of desert was actually a sea of vice fire.

Walking in this desert, one must maintain tranquility of the mind, rippleless like an old well.

Otherwise, once the vice fire was evoked, one would be directly burned to death.

Of course, Ye Yuan could not have known beforehand. But with Dustless around, this degree of trap naturally could not possibly affect him.

In reality, ever since entering the Heavenly Sun Mountain Range, Ye Yuan felt like he had returned home.

The extremely perilous land of danger to others was akin to flat ground for Ye Yuan.

These people were all overly anxious for success, wanting to find the Vermilion Bird true blood as quickly as possible. It was naturally impossible to maintain a calm mind. Evoking vice fire was naturally something very normal.

Discovering the oddity, these martial artists all strove to maintain tranquility of the mind. Sure enough, phenomenons of being burned by vice fire immediately fell drastically.

However, things were not as simple as they imagined.

As they continued going deeper, the temperature in the desert became higher and higher. Their state of mind also became more and more irritable. Hence, there were people who started to be burned to death by vice fire again.

In the crowd, two gazes were staring fixedly at Ye Yuan all along.

The older one among them opened his mouth and whispered, “*Heh*, this kid is indeed rather capable, to actually be able to see through the vice fire in-advance. If not for him, the two of us master and apprentice might die here too.”

The young man said, “Master, I keep feeling that something is off about this Ye Yuan.”

These two were Ji Xun and Zhuo Han, master and disciple.

When the two of them saw Ye Yuan enter the Door of Vermilion Bird, they also followed closely behind and came in.

The incident last time made Ji Xun very pent up with anger.

Ever since entering the Heavenly Sun Mountain Range, he had always been finding a chance to get Ye Yuan alone, wanting to kill him.

Seeing Gu Tianque entered the Door of Black Tortoise, Ji Xun realized that the opportunity came. Hence, he followed Ye Yuan two people and entered the Door of Vermilion Bird.

Originally, they wanted to immediately take action. But when he saw Ye Yuan make Leng Qiuling revolve her cultivation method, Ji Xun kept feeling that there was something fishy. Hence, he did not make a move all along.

They followed far behind the crowd. When he saw people being burned to death by vice fire in front, Ji Xun immediately understood.

Hearing Zhuo Han’s words, Ji Xun smiled and said, “What you said is right, this boy is indeed rather different from the rest. Let’s not take action first. I feel that by following him, we might be able to have an unexpected harvest.”

Seeing Zhuo Han’s unwilling look, Ji Xun continued, “Han-er, rest assured. Your grudge, Master will definitely avenge it for you! When we find the Vermilion Bird true blood, it’s when Ye Yuan dies!”

Time slowly trickled by, the crowd searched for as long as half a month in the desert, but did not have any harvests.

Many people became more and more irritable. The people who were burned to death by vice fire also became more and more.

“Does this damn place have Vermilion Bird true blood or not! Goodness, no, I can’t get angry, can’t get agitated, maintain tranquility! Stay calm!”

This person’s slapstick comedy immediately incurred a series of laughter.

But very soon, these laughing sounds quietened down.

Laughing would not do too.

Suddenly, someone in the crowd pointed in front and shouted, “You guys, look! What’s that?”

[1] This vice fire is a bit hard to translate, it’s a fire used to punish sinners in hell. But in this context, it’s a fire that burns when your emotions stir.

### [Unrivaled Medicine God](#)

#### **Chapter 1864: Killing People on the Spot**

No need for him to remind, everyone saw it.

Not far ahead, an oasis actually appeared.

In the center of the oasis was an island. There was a stone table on the island and a box was placed on the stone table.

“Vermilion Bird true blood! It must be the Vermilion Bird true blood!”

Everyone went berserk. How could they still care about other things, rushing over toward the oasis like crazy.

“The Vermilion Bird true blood is mine! Nobody is to snatch it!”

“Kill!”

“All scam further away for Your Father!”

...

The scene that was originally still peaceful instantly lost control.

The martial artists were all beside themselves with frenzy, fighting for that box.

But very soon, those Celestial Deity Realm martial artists discovered to their dismay that that box was already being taken over by more than a dozen powerhouses. They could not go up at all.

These dozen over powerhouses were all True God Realm powerhouses.

Even though they suppressed their realms at the Celestial Deity Realm, their strength was not what ordinary Celestial Deity Realms could compare to.

Their law comprehensions were much stronger than Celestial Deity Realm martial artists, not on the same level at all.

Around the stone table, laid dead bodies that covered the ground.

Ye Yuan and Leng Qiuling did not move. Seeing this situation, Leng Qiuling's expression dimmed, and she said, "Sure enough, this kind of lucky chance can only belong to True God Realms."

Ye Yuan said smiling, "That might not be so."

Leng Qiuling's beautiful eyes lit up and she said, "What does that mean?"

Ye Yuan smiled and said, "You'll know in a while. But before this, we still have to settle some scores."

Among the Celestial Deity Realm martial artists, Zhuo Han's gaze suddenly turned sharp.

He discovered that Ye Yuan was actually walking over to his side!

*Could it be that he discovered me? Impossible! We have been very careful along the way, it's impossible that he found out!* Zhuo Han thought in his heart.

At this time, Ji Xun was currently among those dozen over powerhouses in order to fight for the Vermilion Bird true blood and did not have time to care about Zhuo Han at all.

Things did not develop according to Zhuo Han's thoughts, Ye Yuan came closer and closer.

"Huhu, want to kill people, then hide your killing intent a little better. With Ji Xun around, you're too reckless and unbridled!"

Ye Yuan's voice entered Zhuo Han's ears leisurely, shattering his last trace of hope.

Zhuo Han's expression suddenly changed. How could he still dare to remain, his figure suddenly dashing out, scurrying over in the direction of the oasis.

"Master, save me!" Zhuo Han bellowed.

Those dozen over powerhouses were currently fighting in close quarters without rest. Ji Xun's strength took a very huge advantage among these powerhouses and was already almost snatching the box.

Who knew that at this time, Zhuo Han suddenly dashed out.

And behind him, Ye Yuan's figure arrived high up in the air.

The Frostcounter Sword sword in his hand, Ye Yuan's certain-kill attack was already in the midst of unleashing.

"Ye Yuan, you dare?!" Ji Xun's eyes turned bloodshot from anger as he roared.

Ye Yuan grinned and said, "Do you think I dare or not?"

Ye Yuan's timing of taking action was too cunning, it was precisely when Ji Xun could not take care of his front and rear at the same time

Ji Xun's two eyes were blood-red. In the interval where he was in a daze, he was struck by another True God powerhouse with a blade.

"A Sword Crossing the Void!"

Zhuo Han's movement technique was actually very fast, but what Ye Yuan used was greater teleportation!

No matter how fast he was, how could he escape Ye Yuan's sword?

A sword unleashing, Zhuo Han did not even have time to let out a scream and was utterly annihilated.

Heavenly Water Imperial Capital's most promising genius disciple, perished!

At the same time, Ji Xun was also hacked out of the battle royal by a blade, suffering a great loss in vitality.

But he did not care about the injuries on his body at all. He looked at Ye Yuan as he roared angrily, "Ye Yuan brat, not killing you, I, Ji Xun, am lesser than human!"

Ye Yuan looked at Ji Xun and said coolly, "I'm afraid that you don't have that chance anymore! I didn't provoke the two of you master and disciple, but the two of you master and disciple wanted to doom me time and again. *Heh*, really take me to be kneaded out of clay?"

Those Celestial Deity Realm martial artists looked at Ye Yuan with astonished faces.

This kid, a Second Firmament Celestial Deity Realm, actually dared to provoke a True God Realm powerhouse like this, this was being tired of living!

But that sword just now indeed took their breaths away.

A peak Second Firmament Celestial Deity actually one-shotted a Fifth Firmament Celestial Deity!

Furthermore, the person Ye Yuan killed was not some nameless and unknown person, but Zhuo Han who was known as Heavenly Water Imperial Capital's number one genius.

What in the world was this young man's background?

"*Hahahaha*, the Vermilion Bird true blood is mine!" Right at this time, that True God powerhouse who chopped Ji Xun flying with a blade previously, finally grabbed that box, and let out a wild laugh.

He charged out from the midst of more than a dozen True God powerhouses and finally got what he wished, acquiring the Vermilion Bird true blood.

Ji Xun's gaze revealed a look of insanity, forcefully suppressing the injuries in his body, his figure suddenly disappearing!

*Puchi!*

That True God powerhouse was currently laughing away loudly when suddenly, his heart spurted fresh blood wildly. He actually had a hole punctured through from the back by someone with one sword.

The box in his hand was naturally snatched away by someone.

And the person who killed him was none other than precisely Ji Xun.

In an instant just now, he unleashed a secret art, stimulating the potential in his body, and finished off that True God powerhouse with one sword while he was off-guard.

After snatching the treasure, virtually without stopping in the slightest, Ji Xun's figure turned into an afterimage, escaping out of the desert.

"Ye Yuan, when I refine the Vermilion Bird true blood, it will be the day where you meet your maker!" In the air, the words that Ji Xun left behind reverberated.

Talking about it was slow, but actually, the change just now happened in just an instant.

Only then did that group of True God powerhouses feel as if they woke up from a dream. Each and every one of them was in a crazed state, rushing after Ji Xun.

They only found the Vermilion Bird true blood after going through hardships, how could they possibly allow Ji Xun to monopolize it?

"Want to monopolize the Vermilion Bird true blood, no chance in hell!"

"Leave behind the Vermilion Bird true blood!"

...

After the group of True God powerhouses left, this slaughter finally calmed down.

Those Celestial Deity Realm martial artists looked toward Ye Yuan, pitying expressions on their faces.

Ji Xun obtaining the Vermilion Bird true blood, after refining, his strength would surely soar greatly.

He was originally a True God powerhouse already. So wouldn't dealing with Ye Yuan be accomplished with ease after this?

Without the Vermilion Bird true blood, these people naturally had no need to stay anymore as well.

Amidst a series of sighs, these Celestial Deity Realm martial artists left the oasis.

Leng Qiuling came to Ye Yuan's side and said with a sigh, "You were too impulsive! Killing a Zhuo Han is easy, but you thoroughly enraged Ji Xun like this. He obtained the Vermilion Bird true blood now. After refining, his strength will definitely improve further. At that time, he'll be even harder to deal with."

Even if Ji Xun could not employ the strength of True God Realm in this place, his realm could infinitely approach True God Realm.

Furthermore, Ji Xun's law comprehension was exceedingly high. It was completely impossible for Celestial Deity Realm martial artists to be his match.

Provoking such a powerful enemy was clearly not a very wise thing.

Who knew that Ye Yuan smiled and said, "Ji Xun obtained the Vermilion Bird true blood? *Huhu*, most likely ... he'll be disappointed."

Leng Qiuling's face changed when he heard that and said, "Mn? What do you mean?"

Ye Yuan smiled and said, "The Vermilion Bird true blood is still here, so ... what Ji Xun brought away definitely isn't the Vermilion Bird true blood."

"Still here? This ... how is this possible?"

Even if Leng Qiuling was cold as ice, she was also surprised by Ye Yuan's words.

Under the watchful gazes of everyone, Ji Xun clearly obtained the Vermilion Bird true blood, but Ye Yuan said that he did not obtain it!

### [Unrivaled Medicine God](#)

#### **Chapter 1865: Plucking the Sun Barehandedly**

Inside the bleak and desolate desert, more than ten figures were flickering irregularly.

"Ji Xun, leave behind the Vermilion Bird true blood!"

"Your secret art has probably already reached the limit, right?"

More than ten powerhouses were in hot pursuit, this chase had also escaped more than god knows how many tens of thousands of miles away already.

Ji Xun's entire person was in a great panic and he was still driven into an impasse.

Finally, those dozen over figures caught up to Ji Xun, cutting off all of his paths of retreat.

"*Heh*, Ji Xun, you suffered heavy injuries and can't escape!"

"Hurry up and hand over the Vermilion Bird true blood and we'll spare you from death!"

Although Ji Xun's background was deep, at this time, who would still care about him, this city lord?

Ji Xun's expression turned solemn and he said in a deep voice, "Want the Vermilion Bird true blood, come and get it if you have the capabilities then!"

"Humph! Refusing a toast only to drink to a forfeit!"

More than ten figures rushed up together, unfolding a fierce slaughter.

Although Ji Xun was a Seventh Firmament True God powerhouse, he could not unleash his true strength at all currently. Coupled with that he was fighting against the odds, how could he be these people's match?

*Puchi!*

A blade pierced right into his abdomen, completely wiping out his vitality.

That True God powerhouse holding the blade grinned hideously and said, "You courted death yourself, can't blame me!"

Right at this time, the corners of Ji Xun's mouth revealed a hint of a strange smile. That True God powerhouse immediately felt something amiss.

"Be careful!"

Those over a dozen people were just about to step forward and search his body, but Ji Xun's body suddenly exploded. A massive energy wave spread out vigorously.

The dozen over people were blown off their feet, each and every one suffering heavy injuries.

That True God powerhouse who wielded the blade was actually directly blasted into ashes.

"Nine Suns Thunder Exploding Talisman! D-Damn it! We were tricked!"

"Chasing for so long, this was actually a clone of his!"

...

At this time, underground in some remote place inside the desert, Ji Xun's entire person was covered by sand.

He opened up a narrow space under the ground and hid here.

His aura was currently dispirited and inert, but looking at the jade box in his hand, his two eyes emitted light.

"*Heh*, in order to obtain you, I even abandoned the clone that I cultivated for several tens of thousands of years! With this Vermilion Bird true blood, I can definitely break through to the Empyrean Realm and become the sovereign of a region! Ye Yuan brat, you killed Han-er right in front of my face. I'll make you wish you were dead!"

Upon thinking of Ye Yuan, Ji Xun's fury was boundless.

If not for Ye Yuan killing Zhuo Han at the crucial moment, greatly shocking his mind, he also would not have been ambushed by someone, and obtaining this jade box would not expend so much effort.

That clone was obtained by him several tens of thousands of years ago and had always followed him. Presently, it already cultivated to the boundary of Fifth Firmament True God as well.

This clone cost him countless painstaking efforts.

Now, everything was gone.

Ji Xun's hatred toward Ye Yuan could be imagined.

He naturally would not have thought that he nearly almost killed Ye Yuan back then.

Feeling the waves of powerful undulation coming from inside the jade box, Ji Xun felt an upsurge of emotion.

Carrying flustered feelings, Ji Xun's divine essence surged, slowly opening the jade box.

*Bang!*

A cloud of black gas suddenly emerged, immediately covering Ji Xun's face.

"*Hahaha*, this empyrean finally sees the light of day anew! Boy, I'll borrow your body to use!"

A sinister voice came over, the black gas bored straight into Ji Xun's body.

“*Ahh!* What the hell are you, get lost for Your Father! Get out of Your Father’s body!” Ji Xun roared furiously.

“*Je je*, this seat is Empyrean Devilfeather! To be able to get possessed by this empyrean, you should be happy!”

“Scram! What dogfart Empyrean, your bit of strength also wants to seize possession of my body? Dream on!”

“*Je je*, this Empyrean already invaded inside your sea of consciousness, want to seize possession or not, that’s not up to you too!”

“Why?! Why isn’t it the Vermilion Bird true blood inside this box?” Ji Xun bellowed.

“Vermilion Bird true blood? Turns out that you were finding the Vermilion Bird true blood! *Hahaha*, in this space, the Vermilion Bird true blood is that blazing sun, you actually thought that it’s inside this jade box? Really foolish! But, it’s precisely also because of your foolishness that this empyrean can see the light of day again!” Empyrean Devilfeather laughed strangely as he said.

“B-Blazing sun! I-Impossible!”

Empyrean Devilfeather’s words made Ji Xun’s mind tremble greatly.

A person and a fiend unleashed an intense struggle inside Ji Xun’s sea of consciousness.

...

“That’s the Vermilion Bird true blood? This ... How is this possible?”

Leng Qiuling raised her head and looked at the sky, that blazing sun was incomparably scorching.

But she was unable to believe no matter what that that blazing sun was actually the Vermilion Bird true blood that everyone racked their heads to snatch for.

Ye Yuan smiled and said, “This space is hewed open with the Vermilion Bird true blood as its foundation. And this oasis is the center of this space. One can only obtain the Vermilion Bird true blood from here.”

Leng Qiuling’s mouth opened into a circle and said with a disbelieving look, “Then ... Then what was it that Ji Xun snatched away?”

Ye Yuan smiled and said, “That I don’t know. But ... I reckon that it’s nothing good, *huhu*.”

Leng Qiuling listened until she stared dumbfounded and was tongue-tied. Until now, she still felt like she was dreaming.

Looking at the dead bodies strewn all over the ground in the oasis, Leng Qiuling could not help smiling bitterly.

These people went through all kinds of hardships and difficulties to come here. They did not expect that what they fought over was actually a fake Vermilion Bird true blood.

However, Leng Qiuling soon felt at ease too.

The world of martial artists was like this to begin with.

Those who possess a great destiny could obtain astonishing treasures inside mystic realms, going through a nirvanic rebirth.

But the vast majority of the people would perish inside mystic realms.

The birth of a powerhouse was built on countless corpses.

Using the achievement of a general was built on the dead bodies of countless soldiers was not over the top at all.

“But ... how should we obtain the Vermilion Bird true blood?” Leng Qiuling asked with uncertainty.

In this place, no one dared to fly toward the sky. Because the high-altitude restrictive array formation was not what they could contend with.

This had already been confirmed by countless people.

Ye Yuan smiled slightly, figure leaping, and stepped onto that stone table.

*Rumble!*

In the sky, winds and clouds changed. An extremely powerful flame appeared indistinctly as if it was going to burn the entire space.

And Ye Yuan was situated in the center of this firestorm!

Seeing this scene, Leng Qiuling’s expression changed greatly, and she exclaimed, “Ye Yuan, be careful!”

But Ye Yuan did not care at all, figure leaping straight up to the clouds!

At the same time, a majestic power of Great Dao burst forth on Ye Yuan’s body, welcoming that horrifying flame.

Leng Qiuling’s pupils constricted. That limitless flame was actually shrinking!

As if ... it was afraid of Ye Yuan.

Those flames finally converged on the blazing sun.

Ye Yuan flew higher and higher, all the way until he was at the same height as the blazing sun.

Under Leng Qiuling’s astonished gaze, Ye Yuan reached his hand out and plucked at the blazing sun.

At this time, the incomparably berserk blazing sun actually became incomparably docile, its light weakening extremely rapidly, finally turning into the appearance of a drop of blood.

Ye Yuan grasped lightly, holding this drop of Vermilion Bird true blood in the palm of his hand, and floated down.

Leng Qiuling looked at Ye Yuan with a look of astonishment on her face.

“You ... How did you do it?”

## Unrivaled Medicine God

### **Chapter 1866: Great Destiny**

Everything was as a matter of course. It was as if all this was prepared for Ye Yuan.

No matter looking from which angle, climbing up to the sky to pluck the blood, this sort of thing, was an extremely dangerous thing.

But Ye Yuan did it so calmly.

That appearance was like walking one round in his own backyard.

“You refine it here. I’ll stand guard over you. Nobody should come over to this place anymore.”

Ye Yuan handed the Vermilion Bird true blood to Leng Qiuling, but Leng Qiuling did not take it.

“This ... you’re really giving it to me?” Leng Qiuling’s eyes carried some doubt.

Not that she was suspicious, but that this kind of massive lucky chance was what even peak True God powerhouses were moved by. But Ye Yuan gave it to her without the slightest hesitation.

This kind of thing, anyone would feel like they were dreaming.

Ye Yuan smiled and said, “How can the relationship between friends be what a drop of true blood can replace? That day, if not for you speaking up to stop it in the Leng Family, this Ye would have many more troubles appear out of thin air. This drop of true blood, give to you.”

“B-But this is too valuable.”

With the treasure being in front of her, it would be false if Leng Qiuling said that she was unmoved. But this Vermilion Bird true blood was really quite a hot potato.

Ye Yuan smiled and said, “How can an Empyrean’s abode possibly just have this bit of Vermilion Bird true blood? The real treasures are all inside the abode. This Vermilion Bird true blood might not be considered very valuable.”

...

This refinement took three months’ time.

On this day, in the oasis, a scorching light shot to the sky.

An enormous Vermilion Bird phantom formed behind Leng Qiuling.

Her aura was also much stronger than before and actually already stepped into Sixth Firmament Celestial Deity.

“*Huhu*, congratulations! From today onwards, ice and fire laws fusing, Miss Leng’s strength will increase greatly! The title of Vast Heaven Great Imperial Capital’s number one genius will likely change owners very soon.”

Leng Qiuling slowly opened her eyes, Ye Yuan’s voice transmitted into her ears.

Leng Qiuling was just about to answer when her gaze turned sharp, a hint of surprise flashing across her eyes.

Unknowingly, Ye Yuan also actually broke through to become a Third Firmament Celestial Deity already.

“Didn’t you break through too?” A hint of a bitter smile flashed across the corners of Leng Qiuling’s mouth.

She thought that by obtaining the Vermilion Bird true blood, she would suppress Ye Yuan for some time. She did not expect that within a short three months, Ye Yuan similarly broke through his realm.

Could it be that this guy had no bottlenecks?

Ye Yuan smiled and said, “This Vermilion Bird true blood’s vital energy is too beneficial. I also suffered a considerable impact by the side and actually found the opportunity to break through just like that. Alright, it’s getting late, we should head out. Opening up the Emyrean abode still needs to borrow the power of your Vermilion Bird true blood.”

Leng Qiuling nodded her head slightly and followed Ye Yuan, heading toward the exit together.

When they returned to the Heavenly Sun Mountain Range, that valley was already packed full of martial artists.

“Tsk tsk, that Xu Xing is really remarkable, to actually obtain the White Tiger true blood! His strength is formidable to begin with. Now, among the junior generation, nobody is his match at all.”

“Isn’t that so? Heard that a kid called Ye Yuan actually dared to snatch away his woman, really tired of living!”

“*Heh*, to talk about this Ye Yuan, that isn’t some nice guy either! Inside the Door of Vermilion Bird, Ye Yuan killed Heavenly Water City Lord Ji Xun’s disciple in front of his face. Putting aside that Ye Yuan’s strength is fearsome, his gall is also unbelievably fat! However, Ji Xun obtained the Vermilion Bird true blood, so that kid will likely suffer a disaster.”

“There’s still such a thing? Then this kid really took the road to ruin! No matter how talented he is, he’s also merely a Second Firmament Celestial Deity. In front of Xu Xing and Ji Xun, he’s akin to an ant.”

...

At this time, the general situation had already settled down. Everyone was discussing the ownership issue of the Four Symbols true blood this time.

Several wisps of discussing sounds floated into Leng Qiuling and Ye Yuan’s ears.

Leng Qiuling’s brows furrowed. She did not think that Xu Xing actually obtained the White Tiger true blood.

She knew how difficult it was to obtain the true blood from the hands of a group of True God powerhouses.

This Xu Xing was truly a proud son of heaven, his destiny exuberant!

Suddenly, a dark shadow arrived with a howl. The powerful aura immediately enveloped Ye Yuan two people.

“DIE!”

On the Thousand Soar Alliance’s side, Gu Tianque’s expression suddenly changed, attacking fiercely at the same time.

Bang!

In an intense clash, Gu Tianque was actually struck until he fell back repeatedly.

“Ji Xun, what’s the meaning of this?” Gu Tianque said in a solemn voice.

This dark shadow was none other than precisely the Ji Xun who just came out of the Door of Vermilion Bird.

At this time, Ji Xun’s aura was much more gloomier and colder compared to before, virtually able to freeze people.

“Gu Tianque, I only want this boy’s life, it has nothing to do with you! If you don’t move, I’ll kill you too!” Ji Xun said in a cold voice.

Gu Tianque was greatly enraged when he heard that and said, “Want to kill me? With just the likes of you?”

Ji Xun released his aura. The terrifying aura spread out, making Gu Tianque’s pupils shrink.

This Ji Xun seemed to be different.

“You can try!” Ji Xun said in a cold voice.

At this time, Ji Kang suddenly stepped forward and said, “Alright, everyone is about to enter the Emyrean abode, the real treasure should all be hidden there. Two great True God powerhouses having an internal strife here isn’t some good thing. Give me face, put aside whatever grudge there is. It won’t be too late to kill people after leaving this Emyrean abode.”

Ji Xun’s expression changed several times and he snorted coldly and said, “Fine, I’ll give you face! Gu Tianque, after going out, if you still dare to protect this little animal, I’ll definitely kill you! If you don’t believe it, you can give it a try!”

Gu Tianque snorted coldly and said, “Impervious to reason!”

Actually, he was extremely shocked in his heart. Exchanging a blow just now, Ji Xun’s strength seemed to be much stronger than before.

But in this place, everyone suppressed their cultivation realms. Just how one’s strength was, one could only know after going out.

Ji Kang smiled and said, “*Huhu*, Ji Kang heard that you obtained the Vermilion Bird true blood. Come, the other three people are already in position. You guys open up the Emyrean abode!”

Hearing this, Ji Xun's expression became even uglier as he said in a solemn voice, "I didn't get the Vermilion Bird true blood!"

Ji Kang's smile turned stiff on his face and he said in surprise, "You didn't obtain it? Then who got it?"

Ji Xun's unfriendly gaze looked toward Leng Qiuling.

"Heh, if a snipe and a clam are locked in a fight, it's only to the advantage of the fisherman! I didn't expect that in the end, it actually let this girlie become the fisherman!"

Everyone's gazes looked over toward Leng Qiuling, all incomparably surprised.

Only then did Gu Tianque also pay attention to this disciple of his at this time, she actually already broke through to become a Sixth Firmament Celestial Deity!

Beyond the shock, he was pleasantly surprised.

"*Haha*, Ling-er, you really obtained the Vermilion Bird true blood?" Gu Tianque said with a big laugh.

Leng Qiuling nodded her head, counted as acquiescing to it.

When Xu Xing heard this news, he also laughed loudly as he said, "*Huhu*, it's really great! Junior Apprentice Sister Qiuling, you and I are both people of great destiny! It's impossible for you and that ant beside you to get together! The gap between you guys will only get bigger and bigger! Come, let's go open up the abode!"

He felt that him acquiring the White Tiger true blood and Leng Qiuling obtaining the Vermilion Bird true blood could already shake off all of the young generation.

In the future, even stepping into the realm of Empyrean was also not impossible.

Ye Yuan was naturally even less worthy of Leng Qiuling.

"Great destiny? Senior Apprentice Brother Xu, I think that you're mistaken. The one who possesses a great destiny isn't me, but Ye Yuan. This Vermilion Bird true blood was given to me by him," Leng Qiuling shook her head and explained.

### [Unrivaled Medicine God](#)

#### **Chapter 1867: Empyrean Abode's True Colors**

"G-Gave to you?" Xu Xing opened his eyes wide, a look of disbelief.

Four Symbols true blood, this kind of massive lucky chance, would actually be given to others with two hands?

Not just Xu Xing, the others also looked at Ye Yuan with stunned faces.

This guy was also too extravagant in order to chase after a girl, right?

Quite a number of people looked at Leng Qiuling, all envious to the extreme.

They only hated that they did not have Leng Qiuling's looks and let Ye Yuan gift this massive lucky chance to them. How great would that be!

Obtaining the Vermilion Bird true blood was not just increasing cultivation so simple. That was equivalent to cleansing the martial artist's marrows anew, letting the martial artist have greater room for improvement in the future.

Especially for peerless geniuses like Xu Xing and Leng Qiuling, they even had a chance of stepping into the realm of Empyrean in the future!

That realm was a legendary existence, who would not be moved?

Leng Qiuling nodded and said, "Without Ye Yuan, even if I knew where the Vermilion Bird true blood was, it's also impossible to obtain it."

Ji Xun's gaze locked onto Ye Yuan firmly, gnashing his teeth in hatred.

Everyone did not discover that the blazing sun in the sky was the real Vermilion Bird true blood, so why was he able to discover it?

Ji Xun learned from Empyrean Devilfeather there that the blazing sun in the sky was the real Vermilion Bird true blood. Originally, he still harbored great hopes, thinking that no one would discover it.

But sadly, when he came out from underground, he discovered that that blazing sun in the sky was long gone.

The sky was still that sky, but the Vermilion Bird true blood was not around anymore. This made him practically go insane.

"*Je je*, this boy is rather interesting! The concealment of the Vermilion Bird true blood can be said to be highly ingenious. Everyone can see it, everyone is under its illumination, but ... it's simply impossible for there to be people who would think that the sun on top of their heads was actually the Vermilion Bird true blood. But this boy did it!" Empyrean Devilfeather said with a strange laugh.

Empyrean Devilfeather was still suppressed by Ji Xun in the end. But Ji Xun was not able to exterminate him too and could only seal him up, not giving him the chance to recover.

But when Empyrean Devilfeather saw Ye Yuan, he became greatly interested.

"*Humph!* No matter how extraordinary he is, it's also hard to escape death in the end!" Ji Xun said with a cold snort.

Empyrean Devilfeather laughed and said, "Heh, have you ever thought that this boy might be hiding an even greater secret on him?"

Ji Xun's mind stirred, but he still said disdainfully, "No matter how great the secret on him is, can it be bigger than Heavenly Empyrean Immortal Grove's treasures?"

Empyrean Realm also said, "That's true. Back then, Heavenly Empyrean Immortal Grove nearly almost broke through to the realm of Heavenly Emperor. Lord Jiu Shang was even a magnitude worse compared to him."

On this side, Xu Xing could not quite maintain his expression anymore.

He was still just pledging in all solemnity, saying that Ye Yuan was an ant and did not have a great destiny. But in a blink of an eye, his face was slapped resoundingly.

Ye Yuan obtained the Vermilion Bird true blood and gave it straight to Leng Qiuling.

He, Xu Xing, obtained the White Tiger true blood but chose to refine it himself.

Now, he ran over to say whatever you and I both have great destinies, this was simply performing a slapstick.

Feeling those strange gazes from all around, Xu Xing wished to find a hole in the ground to tunnel into.

Ji Kang also looked at Ye Yuan rather surprisedly. Nodding his head, he said to Leng Qiuling, "Since that's the case, then let's get started?"

Leng Qiuling nodded slightly, leaping up and flying in front of the Door of Vermilion Bird.

Xu Xing and the other two people also flew in front of their respective doors. Apart from Xu Xing, the other two were both True God Realm itinerant cultivators.

But the True God Realm powerhouses on the Thousand Soar Alliance's side were empty-handed.

The four people revolved the bloodline power within their bodies. Immediately, four enormous Four Symbols phantoms emerged in the air.

Four roars echoed out, those four phantoms tunneled straight into the Four Symbols doors.

Inside the Four Symbols doors, four beams of light emitted, colliding together fiercely.

*Rumble!*

A massive stone door condensed and formed in the valley.

On the stone door, an archaic aura that had experienced the many vicissitudes of life exuded, stirring people's souls.

Even those True God powerhouses were all incomparably rattled too.

The aura inside this stone door was not what they could contend with at all.

Seeing this stone door, Ye Yuan's pupils constricted.

"This aura, could it be ..."

Dustless also had a look of surprise and said with a nod, "Most likely, you guessed correctly! What in the world does this old fogey want to do?"

The others naturally would not pay attention to Ye Yuan. All of them had their attention drawn by this stone door.

"*Haha*, after this stone door opens, it definitely contains countless treasures! Come on!"

Finally, someone could not hold back the excitement in their hearts and sped over toward the stone door.

With someone leading the way, how could these people still endure it, all flying toward the stone door crazily?

Leng Qiuling's figure floated down but discovered that Ye Yuan's expression was very ugly.

"Ye Yuan, what's wrong with you?" Leng Qiuling asked curiously.

Ye Yuan frowned and said, "Nothing, let's go in too."

The scene before their eyes changed. The group of powerhouses arrived in another mountain range.

"What is this place?"

"That stone door just now seems to be the entrance to a small world!"

"Could it be that ... this place is Heavenly Empyrean Immortal Grove's small world?"

"*Heh*, it's likely the case! If one can find Immortal Grove's Dao Fruit here, that's truly soaring to the heavens in one bound!"

...

These martial artists were not fools either, realizing something very quickly.

Ye Yuan looked at the scene before his eyes and could not help heaving a heavy sigh.

The thing that he was most afraid of indeed still happened.

This place was none other than precisely the Immortal Grove World!

This place, Ye Yuan was too familiar.

This place that they were at right now was precisely the Godsfall Mountain Range!

Heavenly Empyrean Immortal Grove connected his own small world to that stone door.

The aura of that stone door was practically identical to the World Locking Gate. Ye Yuan recognized it with one glance.

Ye Yuan did not know what Heavenly Empyrean Immortal Grove was trying to do. But so many Celestial Deities, even True God powerhouses entering the Immortal Grove World. Once a great battle occurred, the people would likely be plunged into an abyss of suffering!

To these martial artists, a small world counted for nothing at all.

But, this place was his, Ye Yuan's hometown, the place that he grew up in.

"Ye Yuan, what's wrong with you? Your expression is very ugly!" Leng Qiuling asked concernedly.

She discovered that ye yuan's entire state was rather off starting from just now.

Ye Yuan waved his hand and said, "I'm fine. You should follow City Lord Gu first. I have some matters and need to leave for a while. I'll come and find you guys again later."

Finished talking, Ye Yuan did not wait for Leng Qiuling to agree either, his figure moving and vanishing on the spot.

Ji Xun's attention had always been on Ye Yuan. When he saw Ye Yuan leave, he originally planned on chasing after.

But in a blink, he lost Ye Yuan's traces. This made him greatly shocked in his heart.

"*Je je* ... really wearing out iron shoes in a fruitless search and finding it by chance without even looking for it! Didn't expect, didn't expect that we actually arrived at Old Fart Immortal Grove's small world! That thing is likely here too, right?" Emyrean Devilfeather laughed strangely as he said.

Ji Xun's heart stirred and he asked, "That thing? What thing?"

Something that could move a Heavenly Emperor powerhouse definitely would not be an ordinary object.

Emyrean Devilfeather gave a cold laugh and said, "You'd best not have designs on it. That's something that Lord Jiu Shang wants. If you dare to touch it, you should know the consequences."

Ji Xun's expression changed and he fell silent.

### [Unrivalled Medicine God](#)

#### **Chapter 1868: Heaven Killing Sword Formation**

*Rumble!*

The earth trembled, the whole world in shock.

Inside the Law Enforcement Hall was long in a chaotic mess.

"What happened again? Why does it feel like ... it's the apocalypse?" Fang Tian's expression was very ugly, a foreboding feeling lingering in his heart.

At present, Fang Tian was the controller and knew everything about the Immortal Grove World like the back of his hand.

Just earlier, a primeval-like force suddenly barged into the Immortal Grove World.

That force made even him, this controller, feel palpitation.

Skydistant, Lu Linfeng, Teng Yun, and the rest of the powerhouses naturally sensed this horrifying aura too, coming over one after another.

"Elder Fang, what happened?"

"Why is our Immortal Grove World always dogged by misfortune and disasters? *Sigh!*"

Everyone clamored to get a word in. Some grumbled, some were helpless, but even more were alarmed and panicky.

Fang Tian shook his head and smiled bitterly as he said, "This ... I don't know what happened as well. This aura, I can feel that it's very similar to the World Locking Gate's aura. But it's in the direction of the Godsfall Mountain Range. My perception ... isn't able to extend over."

Everyone's faces changed. Even Fang Tian this controller was unable to perceive it, this matter was definitely huge.

Right at this time, a figure appeared out of thin air, his expression solemn.

"Everyone!"

Seeing the arrival clearly, everyone's face was wild with joy!

Indeed, whenever the Immortal Grove World was in danger, Ye Yuan would always show himself.

"Ye Yuan, it's really great that you came back! Something seems to have happened over at the Godsfall Mountain Range that side ..."

Fang Tian spoke halfway when Ye Yuan interrupted his words by saying, "Senior Fang Tian, I entered the Immortal Grove World from over there! This incident is likely not so simple. A large group of Heavenspan World powerhouses entered the Immortal Grove World and might make the Immortal Grove World fall apart to pieces!"

When everyone heard that, each and every one of them had ashen looks.

They did not expect that the state of affairs would actually be so serious.

"Ye Yuan, this ... what is going on here?" Fang Tian's face changed as he said.

Ye Yuan shook his head and said, "I don't know either! But one thing is certain, this is a set up arranged by Heavenly Empyrean Immortal Grove. But what his goal is, I can make nothing of it. This matter has already exceeded my control. Senior Fang Tian, what you all have to do next is to stabilize the Immortal Grove World! Starting from now, everyone is prohibited from entering the Godsfall Mountain Range. You all rest assured, unless I die, I won't let the Immortal Grove World be broken into pieces! Alright, not saying anymore, I'll be leaving now. Remember, make sure not to enter the Godsfall Mountain Range!"

Finished saying, Ye Yuan's figure disappeared before everyone again.

Everyone's faces had solemn looks. They felt pressure from Ye Yuan.

The Ye Yuan in the past had always been calm and composed. But this time, he seemed to be somewhat different from usual.

After the crisis of the fiend race, they seemed to have not seen Ye Yuan so anxious before anymore.

Someone as powerful as the Heavenly Sin Heretic God was also toyed by Ye Yuan in the palm of his hands.

Figure flashing, Ye Yuan returned to the Godsfall Mountain Range once more.

But the expression on his face became even uglier!

The Kunwu Divine Wood that originally towered into the clouds actually disappeared without a trace already.

“Senior, Senior Kunwu he ...”

Dustless shook his head and said, “I don’t know either! At that time, I’d already fallen into slumber. The matter between him and Immortal Grove, I’m not aware of it.”

Ye Yuan’s brows knitted even tighter. He seriously could not figure out just what on earth Heavenly Emyrean Immortal Grove was doing, to actually draw so many powerhouses to his lair.

Especially that even the Kunwu Divine Wood which was unwavering for ten thousand years already disappeared into thin air now as well!

Ye Yuan said in a solemn voice, “I keep feeling that this matter isn’t so simple. Forget it, take it one step at a time then. Just hope that Heavenly Emyrean Immortal Grove doesn’t use his own small world as a chip!”

Finished saying, Ye Yuan’s figure moved once more, disappearing.

...

“Heaven Killing Sword Formation! There are a total of nine levels of power. Those who clear three levels can enter the next mountain peak. People who clear the six levels will be awarded a true god mystic treasure. Those who clear nine levels will be awarded an empyrean spirit treasure!”

On a mountain peak, Heavenly Emyrean Immortal Grove’s voice sounded out once more.

Ahead, an enormous sword formation spanned in front of the group of powerhouses.

At this time, everyone already saw that on that tallest mountain peak far away, there was a large palace, emitting an aura that made people’s hearts palpitate.

Anyone could guess that the true treasures were likely inside that palace.

However, Heavenly Emyrean Immortal Grove’s words still drove the group of powerhouses into a frenzy.

Empyrean spirit treasure!

That was something that made Emyrean powerhouses go crazy for. Now, it was right in front of their eyes!

But they also knew that wanting to clear the level nine difficulty was practically something impossible.

But if one could clear the level six difficulty, obtaining a true god mystic treasure was also very decent.

Those True God powerhouses, not everyone had a true god mystic treasure.

This kind of thing could be encountered but could not be hoped for.

“Let me!” A Ninth Firmament Celestial Deity martial artist could not resist and was the first to challenge the formation.

No one stopped him. There would always be someone who would spearhead the attack. This person going to probe the sword formation's power was also a pretty good choice.

*Swoosh!*

That powerhouse leaped and entered straight into the Heaven Killing Sword Formation.

Immediately, countless sword lights came whistling from all directions.

That Ninth Firmament Celestial Deity's strength was indeed intrepid. No matter how strong the sword lights were, they could not do anything to him.

"Fan Ming's strength is indeed formidable. Heard that he once challenged three powerhouses of the same rank without being defeated. His strength is rather powerful among itinerant cultivators!"

"Looking at it, he might be able to obtain a true god mystic treasure!"

"*Tsk tsk*, Celestial Deity Realm and possess a true god mystic treasure, really envious!"

...

Fan Ming clearly had some fame among the itinerant cultivators.

The moment he made his move, the others all gasped in admiration.

At the same time, they also had a clear understanding of the sword formation's power.

Furthermore, Ninth Firmament Celestial Deity was a tier-one team powerhouse among these powerhouses to begin with.

Sure enough, Fan Ming's strength was intrepid, clearing the level three difficulty sword formation very quickly.

Then, a transmission array appeared in the corner of the grand array.

"Now, you can choose to leave and can also choose to carry on challenging!" Inside the grand array, a voice sounded out.

"I choose to continue challenge!" Fan Ming said without the slightest hesitation.

In the wake of his voice fading, that transmission array disappeared. The grand array started operating again.

All of a sudden, the situation changed drastically!

Inside the Heaven Killing Sword Formation, a series of horrifying sword energy practically turned corporeal, passing through the sword formation.

Although the group of powerhouses was outside the sword formation, they felt like the series of terrifying sword intent was virtually piercing through them!

Terrifying!

The difficulty of this fourth level soared several times all at once!

Fan Ming's expression changed drastically. But it was already too late for him to want to regret it now.

*Swoosh, swoosh, swoosh ...*

One sword light after another arrived with a whistle. How could Fan Ming still dare to dawdle, bringing out 120% of his ability immediately.

*Puchi!*

A sword light pierced right through his protective divine essence, tearing through his body.

Following the first sword light landing, countless sword lights rained down like a web, puncturing Fan Ming into a sieve.

Outside the sword formation, it was death-like silence.

### Unrivaled Medicine God

#### **Chapter 1869: Xu Xing's Coercion**

A Ninth Firmament Celestial Deity powerhouse actually died in front of them just like this. This cast a shadow over the road ahead.

They finally knew that this true god mystic treasure was not easy to get.

Let alone clearing the level nine sword formation and obtaining the empyrean spirit treasure.

"Let me give it a try!"

At this time, Ji Kang suddenly stepped forward and walked toward the sword formation.

Among this group of people, Ji Kang's strength should be the strongest. Everyone was very looking forward to it, wanting to see just which step he could walk to.

Upon entering the sword formation, Ji Kang's strength immediately unfolded.

In the first three rounds, Fan Ming did not clear it easily, but Ji Kang cleared it naturally and smoothly.

Reaching the fourth round, everyone's hearts became nervous.

But without any surprises, Ji Kang chose to continue challenging it.

Fourth round, Ji Kang's pressure soared!

Everyone could feel that he was straining much more than before.

But he was an entire major realm higher than Fan Ming. His strength naturally could not be mentioned in the same breath.

It was everyone's first time witnessing the fifth round. The powerhouses outside the sword formation all turned pale.

Too horrifying!

However, Ji Kang still made it through smoothly.

In the sixth round, after Ji Kang suffered a series of tempestuous sword lights, he still made it through.

When the transmission array appeared in front of Ji Kang again, he hesitated.

“You still have three breaths of time to consider! Three, two ...” That voice in the sword formation sounded out once more. Everyone’s hearts leaped to their throats.

Right at this time, Ji Kang moved!

He stepped into the transmission array without the slightest hesitation, vanishing.

“Even Lord Ji Kang don’t dare to challenge the seventh level too? Sure enough, an empyrean spirit treasure isn’t that easy to get!”

Those True God powerhouses had regretful faces. Even Ji Kang did not dare to challenge the seventh level. Them going to challenge it were most likely to die too.

Although empyrean spirit treasures were good, one also needed to have the life to take it!

Before long, Ji Kang’s figure appeared on the other side of the grand array.

Clearly, he obtained a true god mystic treasure at some place.

However, his face did not have any joy.

True god mystic treasures might be good stuff to others, but to him, it was merely something superfluous.

With two people taking the lead, these powerhouses started challenging one after another.

But, for Celestial Deity Realm martial artists, virtually no one dared to challenge the fourth round.

In reality, Celestial Deity Realm martial artists, people that were able to clear the first two rounds were very, very few.

Only to see one life after another snuff out inside the Heaven Killing Sword Formation.

True God powerhouses, someone challenged the fourth level too. But after five to six True God powerhouses died in a row, no one dared to continue challenging as well.

Ye Yuan quietly returned beside Leng Qiuling since no idea when as he said, “Looks like this round is very brutal!”

Ye Yuan saw that the number of martial artists was clearly much lesser than before, only then sighing emotionally.

Leng Qiuling nodded her head and said, “The power of this sword formation is very terrifying. Even Lord Ji Kang only cleared the sixth round too.”

Ye Yuan nodded his head, having a rough understanding of the Heaven Killing Sword Formation’s power.

“A genius that holds even the Vermilion Bird true blood in contempt, this sword formation definitely can’t stump you. Why don’t you go up and try? You wouldn’t be ... scared, right? *Hahaha ...*”

Xu Xing had always been staring over here. The reason why he had not gone to challenge yet was to wait for Ye Yuan.

Ye Yuan made him lose face time and again. He must win back some ground this time in the Heaven Killing Sword Formation.

“Young Master Xu, don’t make things difficult for people. A Third Firmament Celestial Deity going up is definitely death.”

“Lend him a few galls and he also doesn’t dare to go up, right?”

“Hey, boy, you even gave the Vermilion Bird true blood to Miss Leng. Don’t lose face in front of a beauty. Hurry up and go give it a shot.”

...

The moment Xu Xing opened his mouth, many young geniuses immediately started squeezing Ye Yuan.

In their eyes, Xu Xing and Leng Qiuling were people who genuinely had great destinies. In this mystic realm trip, their harvests were likely far more than this.

And Ye Yuan was utterly worthless in their eyes.

Said that he gave the Vermilion Bird true blood to Leng Qiuling, who saw it?

Said that he killed Zhuo Han with one sword, they did not believe at all.

A Third Firmament Celestial Deity was A Third Firmament Celestial Deity. If they did not see with their own eyes, no one would believe that Ye Yuan could really kill Zhuo Han.

Even if he killed, he definitely used despicable means too!

Toward these people’s contempt, Ye Yuan naturally would not pay attention. He just said coolly, “I say, can you be a bit more promising or not?”

Xu Xing’s expression turned cold and he said in a solemn voice, “You’re saying that I’m a good-for-nothing?”

“You want me to be killed by the Heaven Killing Sword Formation and still have to use this kind of second-rate goading technique, what is it if not good-for-nothing? If you issue a challenge to me and compete in who clears the most rounds, I can view you in a better light,” Ye Yuan said coolly.

Xu Xing’s face alternated between green and white. His paltry trick was seen through by Ye Yuan with one glance.

“Saying so much, aren’t you still gutless, not daring to enter the sword formation!” Xu Xing said with a cold smile.

This sword formation’s terrifying power already scared away quite a number of martial artists.

Those weaker Celestial Deity Realm martial artists were already not planning to continue advancing anymore. They did not have hopes of clearing the first three levels at all.

Hence, Xu Xing was certain that Ye Yuan's bit of strength definitely did not dare to enter the sword formation.

Ye Yuan laughed when he heard that and said, "Since you want to play, then I'll play with you. You go and challenge first. If the rounds I clear is less than yours, the mystic realm at the back, I won't go anymore."

"Ye Yuan, you mustn't!" Leng Qiuling's face changed and she urged.

She knew that Ye Yuan's strength was powerful, but this sword formation, even Ji Kang did not dare to go and challenge the seventh level too. It was too terrifying.

Ye Yuan's willful challenge would get him killed.

Xu Xing laughed loudly when he heard that and said, "Alright then, I'll go and challenge it first! At that time, don't get scared until you wet your pants! *Hahaha ...*"

A wave of hooting also came from all around, very disapproving of Ye Yuan's 'willful' provocation.

Hearing Ye Yuan's laughable challenge, Xu Xing was overjoyed in his heart.

This time, he was finally going to make Ye Yuan lose all face in front of Leng Qiuling.

Xu Xing was not perfunctory either, leaping and entering inside the Heaven Killing Sword Formation.

Upon entering the sword formation, countless sword lights came head-on.

Xu Xing's strength was formidable, lifting something heavy as if it were light, blocking it easily.

"Brother Xu's strength is truly astonishing like a celestial's!"

"His Sword Dao law fused with lightning and fire, two great laws. Now, he refined the White Tiger true blood too, his current strength is too terrifying."

"The first three rounds shouldn't have any suspense anymore. As long as he clears the third round, Ye Yuan will have to clear until the sixth round! *Heh*, that kid will likely really be scared until he wet his pants."

...

The power of the Heaven Killing Sword Formation was set according to the martial artist's overall strength, becoming stronger when encountering someone strong, becoming weaker when encountering someone weak.

Xu Xing's comprehension of laws was indeed formidable. He cleared the first three rounds very quickly.

When the transmission array appeared, that voice sounded out once more.

"I choose to continue!" Xu Xing immediately said without the least bit of hesitation.

Exceeding everyone's expectations, Xu Xing actually chose to continue challenging the formation!

The grand array that fell silent lit up once again.

The terrifying sword light suddenly leveled up, Xu Xing's aura also skyrocketed along with it.

### Unrivaled Medicine God

#### **Chapter 1870: Standing Firm**

"Tsk tsk, Xu Xing is forcing Ye Yuan to the death here!"

"Can this guy clear the sixth round?"

"Since he dared to do so, he likely has some confidence! Fusing three kinds of law powers, plus the White Tiger bloodline, his strength is already unimaginable."

...

Xu Xing's crazy action caused a huge uproar.

Ever since Fan Ming, no Celestial Deity Realm martial artists dared to challenge the fourth round at all.

Only by clearing the third and sixth round would a transmission array appear.

If one could not clear it, then there was only the outcome of waiting for death.

Quite a few people cast amused looks toward Ye Yuan. If Xu Xing really made it through the sixth round, then it would be fun for them to see Ye Yuan going through the challenges.

Reckon that he would really wet his pants.

Xu Xing did not disappoint everyone. Although it was rather strained, he still successfully cleared the fourth round.

In the fifth round, the White Tiger bloodline power in Xu Xing's body suddenly erupted, making it through.

Everyone was stunned, including those True God powerhouses. Each and every one of them became somewhat ashamed of their inadequacy.

A Celestial Deity Realm martial artist actually made it to the sixth round!

While they, these True God powerhouses, actually did not even dare to challenge the round.

The so-called proud son of heaven was roughly like this.

In the level six sword formation, the power was tremendous. Xu Xing who was amidst sword lights was far from as composed as before, with the injuries on his body also increasing.

Xu Xing's sword intent crisscrossed, three kinds of law powers utilized to the limit. The White Tiger bloodline power was similarly urged to the limit.

Even so, Xu Xing was also perilously close to death, brushing past the death god many times.

Everyone's hearts leaped to their throats, not knowing if he could clear this round or not.

Suddenly, the sword formation abruptly stopped. The transmission array appeared.

Xu Xing succeeded in clearing this round!

All of the powerhouses drew a cold breath. The peak Sixth Firmament Celestial Deity Xu Xing actually cleared the sixth round!

This was absolutely an incomparably proud battle achievement!

The current Xu Xing was riddled with injuries. But his image became incomparably tall and big in everyone's eyes.

This was a young man whose prospects were boundless!

Dragging his all scratched up body, Xu Xing moved over toward the transmission array.

Before entering the transmission array, Xu Xing even turned around and looked in Ye Yuan's direction, giving a profound look.

*Swoosh! Swoosh! Swoosh!*

Everyone's gazes looked toward Ye Yuan in unison.

This trumpet was blown too loudly!

According to Ye Yuan's statement, he must now complete the level nine sword formation before he could continue exploring the mystic realm.

But the level nine sword formation, was this possible?

Lord Ji Kang was a Ninth Firmament True God powerhouse. He did not dare to challenge the level seven sword formation too.

The power of the ninth level, no one dared to try at all.

That was a taboo existence!

"Young Master Ye, it's your turn now! Just now, you made the boast. Now, are you going up or tucking your tail between your legs and getting lost?" The one who spoke was Nine Fire Imperial Capital's genius disciple called Qi Heng.

Ye Yuan had an impression of this person. This person had been constantly sucking up to Xu Xing.

But saying this to him at this time, no one felt that there was anything inappropriate.

After all, in everyone's eyes, Ye Yuan was the braggart who blew his own trumpet too loudly.

No one thought that he would enter the sword formation, because Ye Yuan definitely would not treat his life as a joke.

"Where did this dog come from, anyhow barking here?" Ye Yuan did not even look at Qi Heng as he said.

Qi Heng's expression changed and he said angrily, "Want to say dog, you're the dog, right?! Aren't you wretched like a stray cur right now?"

Ye Yuan laughed the moment he heard and said, "Your master merely cleared the sixth level sword formation, look how you're showing off. Since you want to lick his smelly boots so much, why don't you dare to go challenge the sword formation yourself?"

Everyone looked at Ye Yuan with mocking looks. Already at this point, his mouth was still unrelenting.

Merely cleared the sixth level sword formation?

Right now, the ones who cleared the sixth level sword formation, one was the Ninth Firmament True God Ji Kang, the other was the Sixth Firmament Celestial Deity Xu Xing.

Holding in contempt, it was also not your turn to look down on!

Qi Heng sneered and said, "Razor-tongued! Since you don't dare to go challenge the sword formation, why haven't you quickly scrambled yet? Making a spectacle of yourself here, your face is really thick!"

"Yeah, really shameless! No matter what, Xu Xing already cleared the sixth level sword formation, what about you?"

"Hurry up and get lost, don't be an eyesore here! You'll only make people look down on you more like this."

The moment Qi Heng spoke, quite a number of people concurred.

No one thought that Ye Yuan dared to enter the sword formation, which was no different from courting death.

"When did I say that I'm not entering the sword formation?" Ye Yuan said with a guileless look.

Everyone was taken aback for a while and did not come back to their senses yet. It was only to see Ye Yuan pat Qi Heng's shoulder and say nonchalantly, "Open your eyes wide and take a look at how weak your master is!"

Finished saying, Ye Yuan leaped and landed right in the sword formation.

This scene reversed too quickly, everyone did not react to it and Ye Yuan already went in.

After Xu Xing successfully cleared the rounds, everyone's preconceived notion was that Ye Yuan did not dare to enter the sword formation anymore.

But Ye Yuan went in, catching them by surprise.

Leng Qiuling also did not react to it. It was already too late to want to stop it and she could not help having a worried look.

When Qi Heng saw the situation, he said with a cold smile, "*Heh*, this guy couldn't stand being provoked and indeed went in to seek his doom!"

Upon entering the sword formation, countless sword light came from all directions.

Ye Yuan stood with his hands behind his back and completely did not have any intention of defending.

Everyone was dumbfounded, entered the sword formation already and this guy actually still wanted to act cool!

However, they did not have time to mock yet when their expressions immediately turned stiff.

Those dense sword lights, not one actually landed on Ye Yuan's body.

Too relaxed!

Too effortless!

Just like this, Ye Yuan passed the first level sword formation without even moving a finger.

“This ... This is also too fake, right?” Qi Heng said with a look of astonishment.

“Spatial law is a supreme law. It’s not at all surprising for him to be able to do it to this step. But the power of the sword formation at the back gets stronger and stronger. Wanting to use this kind of opportunistic method to pass the round is impossible! I reckon that next round, he’ll have to take action,” Ji Xun said with a sullen look.

When everyone heard that, they all came to a realization.

But right at this time, the second level sword formation also started activating!

Ye Yuan stood firm!

Those sword lights still could not touch the corners of Ye Yuan’s sleeves!

Ji Xun’s face immediately turned stiff there.

His face was slapped resoundingly!

“Third round, he’ll definitely make a move in the third round!” Ji Xun gritted his teeth and said.

The second round did not have any suspense, Ye Yuan cleared it easily.

Third round, Ye Yuan still did not move!

*“Hahaha!”*

Everyone looked at Ji Xun with peculiar faces, laughing wildly without ceasing.

Ji Xun’s face practically turned black like the bottom of a wok.

He could not understand why Ye Yuan could be as steady as Mount Tai in the midst of such berserk sword lights!

While the rest were laughing, the shock in their hearts was not any bit less.

Were the first three rounds strong or not?

So many dead people were lying there!

Quite a number among them were even high-level Celestial Deity Realm powerhouses.

But Ye Yuan, he was just a Third Firmament Celestial Deity.

Even if he comprehended spatial law, on what basis did he not even have to move a finger?

These first three rounds were cleared too trivially, right?
