Chapter 1871: The Terrifying Last Three Levels Sword Formation

“Continue!”

Ye Yuan did not hesitate in the slightest, choosing to continue challenging.

To others, this Heaven Killing Sword Formation was a life-snatching-like existence.

But to Ye Yuan, this was not considered anything.

Him being able to easily pass the rounds did not rely on spatial law either.

Arriving in the Immortal Grove World was like arriving at home. As long as he released Immortal Grove Heavenly Dao’s aura, it was impossible for this sword formation to attack him.

The Heaven Killing Sword Formation was like this, when plucking the Vermilion Bird true blood, it was also like this.

Ye Yuan possessed the Soul Suppressing Pearl and World Suppressing Stele, two lifeblood spirit treasures. How could the traps Heavenly Empyrean Immortal Grove laid down possibly cause harm to him?

In the fourth level sword formation, the power suddenly increased.

This time, Ye Yuan finally took action.

It was only to see his fingertip move lightly. Those streaks of sword light were pushed aside effortlessly.

Those horrifying sword lights could not get close to him at all.

“So strong! Ye Yuan cleared the fourth round much more leisurely than Xu Xing!”

“Xu Xing fused three powers of law, and there’s also the augmentation of the White Tiger true blood to be able to do it to this extent. Ye Yuan he ... based on what?”

Everyone looked at Ye Yuan’s casual state, each and everyone extremely alarmed and scared.

The current Ye Yuan did not employ the power of Heavenly Dao.

Xu Xing fused three kinds of law powers. It looked very strong, but comprehending three kinds of law powers similarly made his comprehension speed become very slow.

Although Xu Xing’s strength far surpassed powerhouses of the same rank after fusion, if he wanted to do it like Ye Yuan, leaping over two or three minor realms to fight the enemy, that was impossible.

And Ye Yuan’s Sword Dao law was already comprehended to middle-stage fifth firmament. His spatial law was even comprehended to the terrifying peak initial-stage fourth firmament.

After fusion, his combat strength was extremely formidable.

This Heaven Killing Sword Formation did an overall evaluation. To the Third Firmament Celestial Deity Ye Yuan, it was not considered very hard for him to clear the fourth round.

Following that was the fifth round, sixth round, Ye Yuan similarly made it through.

When the transmission array appeared, everyone held their breaths.

Would he choose to continue challenging?

“You can choose to leave now and can also choose to carry on with the challenge!” That voice sounded out once more.

At the far end of the grand array, the Xu Xing who originally already obtained a true god mystic treasure was very pleased with himself.

But now, his expression was very ugly.

He stared fixedly at Ye Yuan, hoping that he would choose to continue.

Because he was certain that it was impossible for Ye Yuan to clear the three rounds at the back.

The last three rounds, no one had seen it before, no one dared to go and attempt as well!

“Continue!” Ye Yuan said very calmly.

Everyone’s minds trembled, no one could have expected that Ye Yuan really dared to continue challenging.

In order to spite Xu Xing, he did not even want his life anymore?

One could tell and when Ye Yuan cleared the sixth round, although it was not as miserable as Xu Xing, it was also quite laborious for him.

The three rounds at the back, the possibility that he could make it through was virtually zero!

The seventh level difficulty did not activate immediately.

A destructive aura gradually crept out in the space.

Puu, puu, puu ...

The few martial artists standing closer were actually blown apart from this terrifying aura!

The countenance of the group of powerhouses suddenly changed, hurriedly retreating.

This seventh level sword formation’s power was actually so horrifying. A hint of aura that randomly effused out blew Celestial Deity Realm powerhouses up.

Then the Ye Yuan in the eye of the storm, his pressure could be imagined.

Everyone’s gaze was focused on Ye Yuan.

“This ... Someone is going to die! Ye Yuan overestimated his ability too much!”

“This is the might of an Empyrean? That boy is dead for sure!”

“The seventh level is already so horrifying, what will the ninth level sword formation look like?”

...

The expression on everyone’s face was extremely ugly. The power of this seventh level sword formation made them understand what was called awe!

This destructive power let them witness the power of Heavenly Empyrean Immortal Grove.

Right at this time, the seventh level sword formation activated!

Countless sword light directly engulfed Ye Yuan.

The powerhouses outside the array formation could not see Ye Yuan’s figure at all.

“*Hahaha* ... idiot, see if you still don’t die this time!” When Xu Xing saw this scene, he laughed wildly without ceasing.

A hint of relief actually flashed across Ji Kang’s face.

He was rejoicing, rejoicing that he did not go and challenge the seventh level difficulty!

Ji Kang weighed it over, if he challenged the seventh level sword formation, he would definitely die!

Time slowly trickled by. Gradually, the sword lights receded.

Everyone’s pupils shrunk, looking at that figure inside the sword formation in disbelief.

“This ... This is impossible! Such terrifying power, how can he possibly survive?” Xu Xing’s eyes were full of disbelief.

He completely never thought that he could see Ye Yuan. Under such horrifying sword lights, Ye Yuan would not be able to leave behind even a corpse.

But now, Ye Yuan was standing there perfectly fine.

It was just that there were many more wounds on his body.

Ye Yuan stood there without moving, both eyes tightly shut.

On the Frostcounter Sword, there was fresh blood dripping from the tip of the sword non-stop.

Ye Yuan’s state was clearly not very good, but his heaving chest told everyone that he was fine.

“How is this possible? He actually made it through the seventh level, it doesn’t make sense!”

“Could it be that his talent is even greater than Xu Xing’s?”

“But ... even Lord Ji Kang didn’t have the confidence to challenge the seventh level sword formation!”

...

A series of exclamations sounded out everywhere. Ye Yuan’s performance seriously exceeded their expectations too much.

Originally thought that Ye Yuan was just a Third Firmament Celestial Deity, reputation undeserved, unable to even pass the first three levels if he entered the sword formation.

But now, Ye Yuan actually cleared the seventh level in one go.

This kind of horrifying talent gave them a tremendous shock.

In a twinkle, the eighth level sword formation activated.

The power this time was several times more terrifying than the seventh level!

Xu Xing cursed Ye Yuan to die non-stop in his heart. He did not believe that Ye Yuan could even make it through the eighth level.

But, when the sword formation receded, Ye Yuan was still standing with his sword raised, no movements at all.

And the place where he was standing was identical to before, without shifting in the slightest.

Everyone was dumbfounded. What was going on here?

Could it be that Ye Yuan cleared the eighth level without moving at all?

The ninth level sword formation activated. That horrifying pressure made even Ji Kang, this Ninth Firmament True God powerhouse, feel asphyxiated.

Too terrifying!

"Je je ... rather interesting!" Inside the sea of consciousness, Empyrean Devilfeather suddenly started laughing strangely.

Ji Xun's brows furrowed slightly and he said, "Yeah! This boy has always been very odd!"

Empyrean Devilfeather smiled and said, "Can't you perceive it?"

"Perceive what?"

"This boy is comprehending on the sword!"

"C-Comprehending on the sword? Comprehending inside the Heaven Killing Sword Formation? What kind of joke are you making!" Ji Xun said in disbelief.

"Heh, if my conjectures are right, after the ninth level sword formation ends, he'll still maintain this posture. The eighth and ninth level difficulty, he never moved at all." Empyrean Devilfeather's words were astonishing.

Ji Xun got a big shock and said in disbelief, "How is that possible!"

Empyrean Devilfeather smiled and said, "If I didn't see wrongly, the limits of this brat's strength is the seventh level! The two rounds at the back, he didn't use his own strength to clear them at all!"

Chapter 1872: : Stellar War Banner

“Not relying on his own strength? But what kind of power can block such a terrifying sword formation?” Ji Xun was really astounded.

Empyrean Devilfeather smiled and said, “Most likely ... this boy has deep ties with Heavenly Empyrean Immortal Grove!”

Ji Xun was startled inwardly, having a feeling of suddenly seeing the light.

Right at this time, the sword lights receded. Ye Yuan’s figure appeared once more and it was still that posture.

Everyone held their breaths, they felt that something big was going to happen!

“E-Empyrean spirit treasure! He’s going to get an empyrean spirit treasure!”

Before this, no one would have expected that Ye Yuan could actually clear the ninth level sword formation.

But since he made it through, that meant that Ye Yuan would obtain an empyrean spirit treasure.

This was something that drove countless people nuts!

Ye Yuan slowly opened his eyes, the sword intent in his body bursting out, virtually turning corporeal.

His Sword Dao law went up another new stage, reaching late-stage fifth firmament!

Just as Empyrean Devilfeather surmised, he had been continuously comprehending on the sword previously.

“Congratulations on clearing the Heaven Killing Sword Formation. Now, you shall obtain an empyrean spirit treasure ... Stellar War Banner!”

A beam of light fell from the sky and landed in Ye Yuan’s hand, turning into a small black flag.

The small flag gave off intense undulations, making all of the martial artists’ eyes become heated.

Ye Yuan shook his wrist and the small flag immediately disappeared.

Following that, he slowly walked towards the transmission array.

Light flashed, Ye Yuan’s figure appeared on the other end of the Heaven Killing Sword Formation.

Swoosh!

Straight away, an afterimage barged into the Heaven Killing Sword Formation.

When everyone reacted to it, it was already too late, each and everyone extremely remorseful and angry.

“Damn it, got beat to it by that guy!” A few True God powerhouses stomped their feet.

Ye Yuan already made it through the Heaven Killing Sword Formation and entered the other side of the sword formation.

Now, whoever successfully clears the formation first, would have hopes of snatching an empyrean spirit treasure.

At such a crucial time, it was naturally the earlier one went over, the better.

And the first person to challenge the formation was precisely Ji Xun.

The grand array was already activated. The first three rounds were nothing to him at all.

The moment Ye Yuan's figure appeared, the atmosphere on the other end of the grand array immediately changed.

"Xu Xing, I've tried this grand array out. It's merely thus. You don't even dare to challenge the seventh level, truly weak!" Ye Yuan did not seem to feel the change in atmosphere at all, looking at Xu Xing as he said with a smile that was not a smile.

Xu Xing's expression turned stiff. Recalling the big talk that he said previously, he wished to find a hole in the ground to tunnel into.

Ye Yuan challenging this Heaven Killing Sword Formation crushed him until he was badly battered all over!

Xu Xing could not figure out just how Ye Yuan made it through.

At this time, Xu Xing suddenly felt his shoulder being patted twice by someone. Turning around to take a look, who was it if not Ji Kang?

Suddenly, he came to his senses.

So what if Ye Yuan cleared the Heaven Killing Sword Formation?

A man's wealth was his own ruin by causing another's greed!

Ye Yuan became everyone's public enemy by obtaining the empyrean spirit treasure.

He swept a glance over and discovered that everyone was staring at Ye Yuan like hungry wolves.

"Heh, so what? Facing imminent death, you still have the energy to mess with me right now." Xu Xing said with a sneer.

Ji Kang looked at Ye Yuan and said coolly, "Hand over the empyrean spirit treasure and I can make it painless for you."

"Ji Kang, you want to pocket the empyrean spirit treasure alone?"

At this time, several more late-stage True God Realm powerhouses closed in, their expressions unfriendly.

Ji Kang's expression was calm as he said coolly, "The few of you dare to go against my Vast Heaven Great Imperial Capital?"

A True God Realm powerhouse said, "*Hahaha* ... Ji Kang, are you telling a joke? Inside a mystic realm, you're using imperial great imperial capital to scare us? As long as we obtain the empyrean spirit

treasure, who dare say that we can't break through to the Empyrean Realm? At that time, who would mind your Vast Heaven Great Imperial Capital?"

Facing an empyrean spirit treasure, no one could maintain composure.

Ji Kang's brows furrowed and he said with a cold snort, "Just the likes of you few also want to snatch the empyrean spirit treasure from me? Didn't you all discover that after passing the Heaven Killing Sword Formation, the realm suppression is no longer there?"

Bang!

On Ji Kang's body, terrifying world power suddenly bloomed, making the faces of the group of True God powerhouses change.

Ninth Firmament True God!

This was a real Ninth Firmament True God!

This Heaven Killing Sword Formation was a watershed. Clearing the sword formation, it seemed that everything returned to normal.

Recovering his true strength, Ji Kang's advantage became too great.

These True God powerhouses, even Eighth Firmament True God, were not his match either.

That True God Realm powerhouse previously continued shouting, "We have so many of us, scared of him for what? He's Ninth Firmament True God Realm, not an Empyrean Realm powerhouse either. If we join hands, he might not be our match!"

Ji Kang's gaze was scorching. Looking at the few True God powerhouses under Vast Heaven Great Imperial Capital's command, he said, "What about you guys? Are you going to deal with me together with them as well?"

Those few people exchanged glances, all hesitating.

Their current identities were very awkward.

To say that they were not moved by the empyrean spirit treasure, that was false.

But, once they took action, then there was no more path of retreat.

Bang!

Right at this time, another terrifying burst of world power suddenly erupted, and could actually contend with Ji Kang's aura!

Another Ninth Firmament True God!

That Ninth Firmament True God said, "*Heh heh*, Ji Kang, it's true that you're from the Vast Heaven Great Imperial Capital, but you're merely a Ninth Firmament True God. What right do you have to make them all withdraw? Empyrean spirit treasures are obtained by the fated. Your Vast Heaven Great Imperial Capital is also too overbearing, right?"

On Ji Kang's face, a visible change in countenance finally appeared.

"Yang Yidao! Turns out that you concealed your strength!" Ji Kang's pupils constricted as he said.

The others were all extremely surprised. This Yang Yidao was a powerhouse among itinerant cultivators and had always appeared in front of people as a Seventh Firmament True God.

But now, he actually directly reached the Ninth Firmament True God Realm!

Clearly, he concealed his strength, deceiving everyone's eyes and ears.

Yang Yidao smiled smugly and said, "Ji Kang, now, does this Yang have the qualifications to vie with you over this empyrean spirit treasure?"

Finished talking, he turned to Ye Yuan and said, "Boy, your talent is very good. Dying here is too pitiful. Hand the empyrean spirit treasure over to me, and I'll guarantee your life!"

Ji Kang's gaze turned sharp and he said, "Ye Yuan, as long as you hand the empyrean spirit treasure to me, I'll bring you into Vast Heaven Great Imperial Capital and groom you seriously! With your talent, you can definitely astound the world in the future!"

Ye Yuan's talent, everyone saw it with their own eyes, this could not be faked.

In their hearts, they had actually long acknowledged Ye Yuan.

It was just that under this kind of circumstances, a man's heart was incomprehensible, what use was there even if one's talent was any higher?

That Eighth Firmament True God powerhouse previously said, "*Humph!* Is Ninth Firmament True God very impressive? The bullshit that the two of you said is like farting, really take Ye Yuan to be a fool? Ye Yuan, hand the empyrean spirit treasure to me, with the few of us joining hands, we'll guarantee your life! I, Zuo Pan, am absolutely a man of my word and can swear a Heavenly Dao Oath!"

For a moment, these three major powers did not give way in the slightest, all coercing Ye Yuan to hand over the empyrean spirit treasure.

The Ye Yuan who had been silent all along suddenly laughed.

"I say, are you guys thinking too much? When did I say that I was going to hand the empyrean spirit treasure over to you guys?" Ye Yuan's words were full of ridicule.

[Unrivaled Medicine God](#)

Chapter 1873: Merely Thus

Yang Yidao laughed in spite of himself as he said, "Not handing over? Did you eat the wrong medicine? Just the likes of you, a Third Firmament Celestial Deity, can defend the empyrean spirit treasure?"

In front of a bunch of True God powerhouses, Ye Yuan actually said that he was not handing over the empyrean spirit treasure, it was really very brave.

Forget about Yang Yidao, Ji Kang, this kind of Ninth Firmament True God peerless powerhouse, even First Firmament True God was also not what a rookie like Ye Yuan could resist.

Xu Xing's contest with Ye Yuan was merely children playing house in these big shots' eyes.

They had the potential to be a powerhouse, but it did not mean that they were powerhouses right now.

This kind of stubbornness and pride that was utterly unjustifiable would only make Ye Yuan lose his life.

Ye Yuan said coolly, "Go and get it yourselves if you have the capabilities. Bullying a junior here and you're still puffed up with pride, each and every one of you is really shameless."

Ji Kang smiled coldly and said, "Boy, in this world, strength reigns supreme! Without strength, you're not fit to possess treasures!"

Yang Yidao also laughed loudly and said, "What is face? Can it be eaten as rice? Can it increase strength? Boy, you're still too young!"

Zuo Pan was clearly not that patient, snorting coldly as he said, "Enough nonsense! Boy, not handing over the empyrean spirit treasure, I'll kill you first!"

Originally, the group of True God powerhouses was ready to jump at each other's throats. But at this time, the spearheads were all aimed at Ye Yuan.

Ye Yuan not being willing to hand over the empyrean spirit treasure, no matter how they quibbled, it was all for naught as well.

"This boy wouldn't have lost his mind, right? Empyrean spirit treasure, he has the fate to obtain it, but doesn't have the life to use it!"

"Can't understand what this boy is thinking. If it were me, I'd have long thrown away the empyrean spirit treasure."

"This thing is a hot potato, but he actually can't even understand the situation. Reckon that he's dead for sure."

...

Not scared of blowing matters up when watching a show. Those Celestial Deity powerhouses and weaker True God powerhouses all felt that Ye Yuan was too unwise.

Ye Yuan held his palm out, the Stellar War Banner appeared in his hand. Waves of powerful undulations spread out.

Feeling this powerful undulation, the eyes of Ji Kang and the rest revealed incomparably fervent looks.

"That's it, this is more like it! It's no use being stubborn, hurry up and hand it over!" Ji Kang smiled and said.

Everyone all thought that Ye Yuan still submitted in the end.

Facing so many True God powerhouses, no one could be unyielding.

Who knew that a hint of a mocking smile flashed across the corners of Ye Yuan's mouth and he said coolly, "The Stellar War Banner is right here. If you have the capabilities, come over and take it!"

Everyone was taken aback, not expecting that Ye Yuan actually put on the posture of picking a fight.

Whoosh!

Right at this time, a figure suddenly dashed out behind Ye Yuan.

The faces of Ji Kang and the rest all changed. They did not expect that there would actually be someone who struck first to gain the advantage!

The auras of Ji Kang, Yang Yidao, Zuo Pan, and the rest all suddenly erupted, rushing over toward Ye Yuan.

But right at this time, the small flag in Ye Yuan's hand suddenly became bigger!

The sky suddenly turned dark, stars dotting the sky.

Ye Yuan gripped the Stellar War Banner with one hand and suddenly waved. Countless starlight suddenly coalesced onto the black flag.

A terrifying to the extreme aura suddenly erupted, catching that person who sneaked attack by surprise.

Bang!

The person who ambushed directly flew out a thousand feet away, fresh blood spurting wildly along the way. When he fell to the ground, there was not one unscathed spot on his body.

The figures of Ji Kang and the rest abruptly stopped, looking at this scene in tremendous alarm and terror.

"Is ... Is this the power of an empyrean spirit treasure? So powerful!" Ji Kang said with an astounded look.

Yang Yidao's expression was very ugly as he said, "Li Zhu is Sixth Firmament True God, to actually not even be able to block the power of one strike from the Stellar War Banner!"

"He just obtained the Stellar War Banner and doesn't have time to refine at all! Furthermore, he's only Third Firmament Celestial Deity, so why is he able to unleash such terrifying power?" Zuo Pan was full of puzzlement.

The person who sneaked attacked Ye Yuan just now was called Li Zhu, a True God powerhouse among the itinerant cultivators, his strength not weak.

When Ye Yuan and the three factions were disputing, he had long already planned on secretly ambushing.

He found the best angle to sneak attack and wanted to snatch away the Stellar War Banner as soon as he killed Ye Yuan, and then escape.

It was just that he never would have dreamed that Ye Yuan beat him half-death with just one move.

Ye Yuan looked at the few people with a smile that was not a smile and said coolly, "Why aren't you rushing up anymore? Don't you all want the Stellar War Banner? It's right here, so come and get it!"

The expressions of Ji Kang and the rest were very ugly. Ye Yuan this fellow was really provoking without any scruples!

“Boy, if you want to seek death, then we’ll fulfill your wish! Yang Yidao, Zuo Pan, we’ll attack together! This old man wants to see whether or not this boy has three heads and six arms!” Ji Kang said in a cold voice.

Yang Yidao and the rest all nodded and said, “Okay! Kill this brat first, and then we’ll slowly settle things among ourselves after!”

Clearly, these few people reached a consensus and were going to join hands to deal with Ye Yuan.

Bang! Bang! Bang!

One powerful aura after another suddenly released, rushing over toward Ye Yuan. Heaven and earth changed colors.

Inside the Law Enforcement Hall, Fang Tian and the rest had deathly pale complexions.

The powerful undulations coming from the direction of the Godsfall Mountain Range made the entire world shudder!

This surpassed the power of a small world!

They all, these people who lived in a small world, had never experienced such terrifying power before at all.

In their eyes, this kind of power was sufficient to destroy the Immortal Grove World!

“No wonder Ye Yuan said that even he had no confidence this time. Just what bunch of monsters entered this time?!” Fang Tian said in shock.

“Could it be that ... Ye Yuan is currently fighting with these monsters? This ... Just what level has he reached now?” Skydistant said.

An incomparably powerful Heavenly Dao power was injected into the Stellar War Banner frenziedly.

The Stellar War Banner suddenly expanded a little more again.

The skies turned dim, motes of stars dotting the sky, converging onto the Stellar War Banner once more.

Ye Yuan suddenly waved the war banner, an even more powerful force than before suddenly gushed out, colliding together with the few great True God powerhouses.

Bang! Bang! Bang!

Space tore apart, the earth split open!

Ji Kang, Yang Yidao, and the rest were directly blasted flying away by this tremendous force.

Of course, facing such terrifying power, Ye Yuan also suffered a considerable backlash.

But this was nothing. Right now, everyone’s gazes that looked towards him was akin to seeing ghosts.

A Third Firmament Celestial Deity, carrying an empyrean spirit treasure, overpowered several Ninth Firmament True God powerhouses.

This battle achievement simply made their heads explode!

“How is this possible? How in the world did he do it?”

“Even if it’s an initial-stage True God Realm powerhouse, it’s also impossible to rely on an empyrean spirit treasure to resist the teaming up of Lord Ji Kang and Lord Yang Yidao they all, right?”

“Everyone thought that Ye Yuan was a soft persimmon, who knew that this fellow was a diamond!”

...

Ji Kang and the rest forcefully endured the upheaval of their innards, using extremely shocked gazes to look at Ye Yuan.

The strength that Ye Yuan just displayed was practically the same as theirs!

No, it should be that it was even a notch higher than theirs!

Because Ye Yuan blocked the few of their combined attacks by himself!

This ... How was this possible?

“Don’t each and every one of you guys crack yourselves up to be powerhouses? Doesn’t strength reign supreme? This is your strength? It’s also merely thus!” Ye Yuan said with a mocking look.

[Unrivaled Medicine God](#)

Chapter 1874: Tang Yan

Ye Yuan’s mocking voice spread to the surroundings, sounding incomparably arrogant.

But currently, no one felt that he was arrogant at all.

Ye Yuan who was wielding the Stellar War Banner absolutely had the qualifications to show contempt for these few mighty peak True God powerhouses!

Rather, it was the Xu Xing in the distance who was currently already frightened until his complexion was pale.

Coming along the way, he completely looked down on Ye Yuan.

All the way until Ye Yuan cleared the Heaven Killing Sword Formation, he finally saw Ye Yuan’s terrifying potential and strength.

At that time, he already viewed Ye Yuan as a formidable foe.

But now, he was afraid!

Ye Yuan who possessed the Stellar War Banner actually fought to a draw with Ji Kang, Yang Yidao, and the rest.

Killing him was merely a matter of moving his fingertips.

Ye Yuan surveyed the four directions, waved the Stellar War Banner in his hand, and said with a grin, "The Stellar War Banner is right here. If anyone wants it, you're welcome to come and get it."

At this time, who still dared to come and snatch the Stellar War Banner?

Unless they were tired of living.

Ji Kang and the rest all had grim faces, feeling greatly disgraced.

Two Ninth Firmament True Gods and an Eighth Firmament True God joined hands and could actually only fight to a draw with a Third Firmament Celestial Deity.

This was simply a comical outcome.

But they knew that Ye Yuan indeed had the qualifications to possess the empyrean spirit treasure!

"*Humph!* Let's go!" Ji Kang gave a cold snort and brought everyone towards the next mountain peak.

The empyrean spirit treasures here were definitely not just one. Since Ye Yuan's strength was so formidable, fighting to the bitter end here was clearly not wise.

When Ji Kang and the rest left, Yang Yidao and the rest also left one by one.

With all these heavyweights leaving, the others who dared to provoke Ye Yuan even just slightly also left.

Inside the Heaven Killing Sword Formation, Ji Xun was still clearing the rounds.

Ye Yuan found a place himself and started meditating.

Previously, he gleaned considerable gains inside the Heaven Killing Sword Formation, making his Sword Dao law improve greatly, already reaching late-stage fifth firmament. He had to comprehend things properly.

The situation was good for him, Leng Qiuling and Gu Tianque still had not cleared the challenge, so he could just leisurely wait.

But right at this time, a young man suddenly came before Ye Yuan.

Ye Yuan slowly opened his eyes and said with a frown, "Is there something?"

"*Huhu*, nothing. It's just that I see Brother Ye's strength is astonishing and want to come and get acquainted. I'm Tang Yan, an itinerant cultivator," the young man said with cupped fists.

Ye Yuan had some impression of this Tang Yan. Previously, when challenging the Heaven Killing Sword Formation, he passed the first three rounds rather easily. At that time, it even surprised Ye Yuan.

However, he did not choose to continue challenging but directly came over through the transmission array.

Although this Tang Yan was an itinerant cultivator, his strength was definitely rather uncommon.

It was just that he was different from Xu Xing and Zhuo Han. He was very low-profile.

“So, it’s Brother Tang. Nice to meet you!”

Ye Yuan had always returned tenfold when others showed him respect.

This Tang Yan greeted with a smiling face and was very humble, so Ye Yuan naturally would not refuse.

Tang Yan smiled and said, “Actually, in the Door of Vermilion Bird, I already saw Brother Ye take action. At that time, it really gave me a fright! To be able to fuse Sword Dao law and spatial law to such a degree, this Tang has rarely seen it in my life!”

Ye Yuan said, “You’re too kind. Brother Tang’s strength is likely not as simple as it seems either, right?”

Tang Yan smiled bitterly when he heard that and said, “*Heh*, this Tang feels like I have some ability when I examine my own conscience, but compared to Brother Ye, it’s far from it. Not afraid of Brother Ye laughing, this Tang was also brimming with confidence before coming. But now, it’s difficult to dismount a tiger after getting on its back. I’m an itinerant cultivator without anyone to depend on. I wonder if ... I can follow Brother Ye? Being a follower is also good.”

Tang Yan said it euphemistically, but actually, putting it bluntly, he wanted to find a backer.

The fight now was no longer what he could take part in.

Many itinerant cultivators were all harboring the idea of fishing in muddled waters before coming in.

After all, True God powerhouses must be suppressed to Celestial Deity Realm too.

But now, everyone recovered their strength. They all, these Celestial Deity Realm powerhouses, became awkward.

Could not leave if they wanted to, also could not enter if they wanted to.

Although Ye Yuan was a Celestial Deity Realm too, right now, no one would regard him as a Celestial Deity Realm.

Tang Yan coming to find him to be his backer was quite normal.

Ye Yuan looked at Tang Yan with a scorching look, wanting to see something from his eyes.

But, Tang Yan had an honest look, his eyes very calm, unable to see anything at all.

“*Huhu*, the mystic realm at the back will likely be even more terrifying than this Heaven Killing Sword Formation. This Ye even has difficulties protecting myself, let alone talk about protecting Brother Tang. Apologies,” Ye Yuan said and cupped his fists.

Musing for a moment, Ye Yuan still rejected it.

He was not some rookie who just made his debut in the world. The logic of a man’s heart was incomprehensible, he still understood it.

Those who entered the Immortal Grove World, which one did not do it for the treasures here?

There were so many people on this trip, who Ye Yuan could trust was also just a Leng Qiuling.

Even Gu Tianque, he would not be completely reassured too.

Now, a stranger requested to be brought along, how could he possibly set his mind at ease and bring him by his side?

Actually, what Ye Yuan was most worried about was not Ji Kang these people.

Making use of the Stellar War Banner was just for the sake of providing a cover. Ye Yuan could sufficiently deal with Ji Kang and the rest by utilizing the power of Heavenly Dao.

What Ye Yuan was really worried about was Emphyrean powerhouses!

The words that he said to Fang Tian and the rest also stemmed from precisely this!

Saying that Ye Yuan was invincible in the Immortal Grove World, that was limited as well.

Right now, the Immortal Grove World recovered quite a bit of primordial energy. But it was still a little too forceful to want to deal with Emphyrean powerhouses.

Once Emphyrean powerhouses came to blows in the Immortal Grove World, they might very likely fight until this small world fell to pieces.

Although Heavenly Emphyrean Immortal Grove was just an Emphyrean too, he was not an ordinary Emphyrean after all.

He was much stronger than ordinary Emphyreans!

Who could guarantee that there were no Emphyrean powerhouses who suppressed their realms and quietly sneaked inside?

There was not the slightest flaw on this Tang Yan's body.

But Ye Yuan felt that no flaw was the biggest flaw!

When he scrutinized Tang Yan, Tang Yan's performance was too calm.

One had to know, he exhibited the power of peak True God Realm.

A merely Celestial Deity Realm would actually be completely indifferent.

Of course, Ye Yuan did not deny if Tang Yan had a firm mind and remained unmoved.

But he did not want to take the risk.

Tang Yan let out a sigh and said, "It was this Tang who was impetuous. I hope that Brother Ye doesn't take offense. Farewell!"

Ye Yuan nodded his head and did not say anything.

At this time, light flashed and Ji Xun's figure appeared.

Swoosh!

Virtually without pausing in the slightest, Ji Xun urged his movement technique to the limit, speeding towards the distance.

Ji Xun only cleared three rounds, the first three rounds were nothing to him.

Inside the array formation, the situation over this side, he saw it all.

So he chose to flee straight away.

Ye Yuan was long waiting for this moment. Laughing coldly, the Stellar War Banner in his hand activated once more.

A terrifying stellar power suddenly erupted, smashing over towards Ji Xun.

Bang!

Ji Xun spewed a mouthful of fresh blood wildly, but his figure swept away even faster!

“Ye Yuan! Our enmity is irreconcilable!”

Far away, came Ji Xun’s angry roar.

But his aura was very unstable. Clearly, he sustained heavy injuries.

Everyone looked at this scene in terror, silent like cicadas in winter.

An exalted Eighth Firmament True God powerhouse, the lord of a city, ran away the moment he saw Ye Yuan.

This situation was also unprecedented.

Chapter 1875: Wild Blade Ghost Emyrean

“It’s so quiet here. It’s likely not a good place. Ye Yuan, be more careful.” The surroundings were very quiet, making a foreboding premonition arise in Gu Tianque’s heart.

Ye Yuan nodded his head and said, “This place is extremely heavy with Yin energy, there are likely many evil abominations that come and go.”

In reality, Ye Yuan was not worried.

Dustless told him that this place was called Asura Ghost Domain, the place where Heavenly Emyrean Immortal Grove reared ghosts.

In this place, many powerful Ghost Dao powerhouses were being raised. There might even be an Emyrean Realm powerhouse existence.

But, with Dustless around, Ye Yuan was not worried at all.

It had already been close to a month’s time since coming out of the Heaven Killing Sword Formation.

Along the way, the few people saw quite a few dead bodies, but the three of them were safe and sound.

All this was naturally thanks to Ye Yuan.

To say that Gu Tianque did not have any ideas about the Stellar War Banner, that was impossible.

But the current Ye Yuan was already not the Celestial Deity Realm martial artist who could be bullied by anyone.

His combat strength approached Ninth Firmament True God!

Even if he had any ideas, Gu Tianque could only stifle it in his heart.

The three of them gradually penetrated deep into the Asura Ghost Domain. Suddenly, a series of fierce fighting sounds came from in front and they could not help becoming alert.

“Yang Yidao, finish off these ghosts first, otherwise, no one can think about getting the Seven-Colored Aegirine!” Ji Kang said with a furious roar.

The world power in Yang Yidao’s body erupted and he was currently locked in a tangled warfare with a peak rank six ghost.

These ghosts were all very hard to tangle with. Practically every one of them knew the Ghost Dao Hundred Runes, their strength exceedingly formidable!

Ji Kang’s pressure was tremendous, dealing with several ghosts.

The others also suffered heavy losses under the encirclement of a group of ghosts.

One of the Ghost Dao powerhouses among them roared angrily, “You all, these damn humans, to actually dare have designs on the Seven-Colored Aegirine! You all deserve to die!”

The number of Ghost Dao powerhouses were too many, the humans’ situation was clearly disadvantageous.

Hearing these people’s conversation, a hint of glimmer flashed across Gu Tianque’s eyes.

“Seven-Colored Aegirine! It’s actually the Seven-Colored Aegirine!”

Ye Yuan had a look of puzzlement as he said, “Senior, what’s Seven-Colored Aegirine?”

Gu Tianque looked at Ye Yuan rather surprisedly and said, “Yo actually don’t know about the Seven-Colored Aegirine?”

In his view, with Ye Yuan’s identity, how could he possibly not know about the Seven-Colored Aegirine.

Ye Yuan was taken aback, secretly thinking that it was not good.

The reason why Gu Tianque was very courteous toward him was that he was wary of his identity.

He blurted out just now but did not think about this. It likely made Gu Tianque produce a trace of suspicion already.

“Oh, I heard people mention it before in the past. But as for the specifics of what effects it has, I don’t know.” Ye Yuan said smilingly.

A hint of suspicion flashed across Gu Tianque’s eyes, but he still explained, “Seven-Colored Aegirine is a specialty product of the Heavenspan Mountain. Furthermore, it only appears in the Empyrean-level area! However, this thing is too rare, one piece might not appear in a million years. If a True God Realm can acquire a piece of Seven-Colored Aegirine, stepping into the realm of Empyrean will be right around the corner! This thing, even to Empyrean Realm powerhouses, it’s also immensely useful.”

Ye Yuan was also secretly shocked when he heard it, able to let a True God break through to the Empyrean Realm. It was not surprising that these people were crazy about it.

Clearly knew that they could not beat these Ghost Dao powerhouses, but refused to retreat no matter what.

“Ye Yuan, this Seven-Colored Aegirine, we must obtain it!” A hint of fierce glint flashed across Gu Tianque’s eyes.

This was a massive open space. Behind the Ghost Dao powerhouses, there was a deep dark cave.

If there were no accidents, the Seven-Colored Aegirine should be inside that cave.

Swoosh!

Gu Tianque’s figure moved, speeding over toward that cave.

This sudden turn of events naturally alarmed the group of powerhouses.

“Gu Tianque, you dare!” Ji Kang howled.

“Gu Tianque, you deserve to die!” Yang Yidao also roared angrily.

Gu Tianque’s actions made everyone extremely indignant.

They fought fiercely for half a day. Yet, they did not expect that they actually let Gu Tianque find an opening.

However, Gu Tianque’s speed was extremely fast. In just a blink of an eye, he tunneled into that cave.

The leader of the Ghost Dao powerhouses shouted angrily, “Ghostwind, you go in and kill him! The Seven-Colored Aegirine absolutely can’t allow others to take a share!”

“Yes!” That Ghostwind received the order and also tunneled into the cave.

The moment Ghostwind left, the pressure on Ji Kang’s side reduced significantly.

“Ye Yuan, this ...” Leng Qiuling also did not expect that Gu Tianque was so decisive, and was actually at a loss on what to do for a moment.

There was no idea what kind of existence inside that cave. She was rather worried about Gu Tianque’s safety.

Ye Yuan did not move and just said, “Wait and see first. Those people who concealed their strength will likely reveal their fox tails soon as well.”

Sure enough, the leader of the Ghost Dao powerhouses suddenly howled loudly at this time and said, “Into formation! Eradicate all these people for me!”

Woo! Woo!

All of a sudden, Yin wind howled, terrifying evil ghost power surged out.

When Ji Kang and the others saw this scene, each and every one of them turned deathly pale.

Those late-stage rank six Ghost Dao powerhouses all fired out mysterious and unfathomable seals. A terrifying aura condensed and formed.

The Ghost Dao leader roared angrily, "Wild Blade Ghost Empyrean, condense!"

Roar!

An enormous Ghost Dao powerhouse condensed and formed!

The gloomy and cold aura coming off his body virtually made space become solid.

Ji Kang's pupils constricted, his face white as a sheet as he cried out in shock, "Ghost Empyrean! G-Ghost Dao Heavenly Empyrean!"

The Wild Blade Ghost Empyrean held a curved blade made out of no idea what kind of material. A pair of deep eyes swept past, bringing everyone a feeling of death.

The Ghost Dao leader immediately knelt down and said, "Lord Ghost Empyrean, these people cast their covetous eyes on the Seven-Colored Aegirine. Your Excellency, please take action to punish!"

"Those who covet the Seven-Colored Aegirine, die!" The Wild Blade Ghost Empyrean practically squeezed these few words out of his throat, incomparably ear-piercing.

All of a sudden, the Wild Blade Ghost Empyrean cleaved a blade out, the places that it passed through, space fragmented!

The violent spatial storm brought out a massive tempest vortex. It was as if it was going to devour everything.

The countenance of Ji Kang and the rest suddenly changed, figures retreating explosively.

But, while he was fast, the Wild Blade Ghost Empyrean's blade was faster!

This Wild Blade Ghost Empyrean was a true Empyrean-level powerhouse, his strength terrifying to the extreme.

But right at this time, two unbelievably powerful auras suddenly erupted among the human powerhouses.

Two clouds of black energy rose to the sky, the power was actually not much weaker than the Wild Blade Ghost Empyrean!

Another two Empyrean powerhouses!

Bang!

Bang!

Two streams of black energy fired out, directly clashing together with the Wild Blade Ghost Empyrean's blade.

The Immortal Grove World's space was like paper, shredding into pieces by these three powerful to the extreme attacks.

A fiend race Empyrean powerhouse laughed strangely and said, “*Je je*, even thought that I could conceal my strength until Old Fart Immortal Grove’s palace. Didn’t expect that I was forced out here!”

The other fiend race Empyrean said, “Old Fart Immortal Grove is indeed well-deserving of being a peerless powerhouse capable of contending with Lord Jiu Shang. Already dead until like this and he can actually still summon out such a terrifying Ghost Dao powerhouse!”

These two were actually both fiend race’s Empyrean powerhouses!

The three powerful attacks gradually dissipated. Space recovered bit by bit.

Ye Yuan looked at this scene, expression being ugly to the extreme.

The thing that he was most worried about indeed still happened!

Chapter 1876: Attracting Firepower

“E-Empyrean powerhouse!”

Escaping a calamity by a fluke, Ji Kang and the rest were not the least bit happy.

The unexpected appearance of fiend race Empyreans disrupted all of their plans.

They thought that similarly Empyrean powerhouses, Heavenly Empyrean Immortal Grove’s abode should not have too great an attraction to Empyrean powerhouses.

This place was dangerous, but the benefits obtained might not be a lot.

This kind of thing was an arduous but fruitless task to Empyrean powerhouses.

Hence, no one thought that there would be Empyrean powerhouses who enter.

But now, two Empyrean powerhouses appeared all at once.

When the Wild Blade Ghost Empyrean saw these two mighty fiend race Empyrean powerhouses, he also had a solemn look on his face.

“Wild Blade Ghost Empyrean, is it? The Seven-Colored Aegirine belongs to the two of us, you don’t have objections anymore, right?” The fiend race Empyrean said.

Wild Blade Ghost Empyrean gave a fierce howl and said, “The Seven-Colored Aegirine can only be possessed by Heavenly Empyrean Immortal Grove’s successor! If you all want it, you must kill me!”

The fiend race Empyrean laughed loudly and said, “There’s no choice then. Eymond, attack together and dispose of him!”

Two great fiend race Empyreans took a stride out, space trembled from it.

Bang!

Bang!

Bang!

Wild Blade Ghost Emyrean was not the least bit afraid, clashing together with the two great Emyrean powerhouses.

The exchange of Emyrean powerhouses fought until space was reduced to fragments.

Those weaker Celestial Deity powerhouses were directly buried in oblivion by the air billows that flowed out.

How could Ji Kang and the rest still dare to remain in the vicinity, with each and every one running far away.

Immortal Grove World's space was like shattered glass, spreading further and further.

The Immortal Grove World was plunged into an abyss of misery!

Far away, Ye Yuan's heart was dripping blood.

The Immortal Grove World's every blade of grass and every tree, he could feel it clearly.

In the current Immortal Grove World, mountains and rivers were crumbling, blood flowing like rivers.

Countless lower realms were already disintegrated and torn by dissension in the midst of this great battle.

"I can't let them continue fighting anymore!"

Ye Yuan gritted his teeth, took a step out, and stepped right into the battlefield.

Three mighty Emyrean powerhouses spanning across in the middle, no one could enter that cave at all.

This figure that suddenly appeared made everyone get a big surprise.

Ji Kang's gaze turned intent and he cried out in shock, "It's Ye Yuan! Does this boy want to court death? Those are Emyrean powerhouses!"

"*Heh*, an ant who's blind and reckless also wants to obtain the Seven-Colored Aegirine, to go hell!"

Eymond gave a savage laugh and suddenly threw a punch out. A terrifying ball of black energy shattered the void and fired toward Ye Yuan.

Ye Yuan just felt like the end of the world had arrived. That horrifying power made his fleshy body fall apart.

Emyrean powerhouses were too strong!

"Stellar War Banner! Divine Vestige Space!"

Ye Yuan yelled out, injecting the power of Heavenly Dao frenziedly into the Stellar War Banner.

At the same time, he opened up the Divine Vestige Space!

Ye Yuan's two eyes were icy-cold, not carrying the slightest emotion.

The power of the Stellar War Banner could virtually sweep across True God Realms. But facing an Emyrean powerhouse, it was somewhat inadequate to look at.

But Ye Yuan was simply a crawling bug in Eymond's eyes, he did not pay attention to him at all.

The majority of his focus was placed on Wild Blade Ghost Emyrean.

This punch did not use his full strength.

Bang!

The black energy broke through the Stellar War Banner, the residual force slammed completely onto the Divine Vestige Space.

Those countless blue patterns directly fell apart to pieces.

Ye Yuan's figure was also blasted out of the Divine Vestige Space by this punch.

"Puhwark!"

Ye Yuan spewed fresh blood wildly, but he did not hesitate. With another flash, he flew straight into the cave.

"Mn? A Celestial Deity Realm boy received a punch of mine, and he actually didn't die!" Eymond said in shock.

Not just him, Ji Kang, Yang Yidao, and the rest, were all dumbstruck with amazement.

Ye Yuan actually blocked an Emyrean powerhouse's attack!

Although Eymond was not serious with this attack, if it were them, they would definitely be blasted into dregs.

But Ye Yuan actually forcefully blocked it!

Not only did he block it, he even had leftover strength to barge into the cave.

They discovered that ever since entering this mystic realm, Ye Yuan refreshed their understanding time and again.

From a Third Firmament Celestial Deity that was weaker until he could not be weaker, to killing Zhuo Han, then to humiliating Xu Xing, then to forcefully resisting three peak Third Firmament powerhouses.

Now, he could actually even block an Emyrean powerhouse's attack. It was simply inconceivable!

"Qiao Yuan, Eymond, you two fools, why haven't you quickly chased after?! This boy's strength rivals Ninth Firmament True God, the people inside aren't his match!" At this time, someone in the crowd suddenly bellowed wildly at the two great fiend race Emyreans.

Qiao Yuan's brows furrowed. Looking over at that person, he frowned and said, "You know me?"

That person had an indignant appearance and said in a great rage, "Your Father is Devilfeather! Stop being long-winded, hurry up and go chase! When you see that boy, kill without amnesty!"

This person was none other than precisely Ji Xun who was seriously injured by Ye Yuan and escaped.

Qiao Yuan's and Eymond's pupils constricted at the same time, and they came to a realization very soon.

Empyrean Devilfeather, that was an old subordinate of Heavenly Emperor Jiu Shang.

Back then, he was sent by Heavenly Emperor Jiu Shang to pursue Heavenly Empyrean Immortal Grove, but he never came back. They did not expect that he actually did not die yet.

The two of them did not doubt Devilfeather's words. To be able to say out the two of their names and even say the name Devilfeather, this was not what anyone could do.

The two exchanged a glance and Qiao Yuan said, "Chase!"

Wild Blade Ghost Empyrean also gave a loud roar, raised his blade, and chased after, saying, "Where are you running!"

Three great Empyrean powerhouses all chased into the cave.

The catastrophe of the Immortal Grove World finally stopped for the time being.

Space slowly started to recover. Everything also returned to tranquility.

But at this time, all the people inside the Law Enforcement Hall were white as a sheet.

In front of this kind of apocalyptic power, their strength was fragile like ants.

Facing this kind of apocalyptic crisis, they were so feeble and powerless.

What they could only do was wait quietly.

"This calamity ... wonder if the Immortal Grove World can pull through or not," Fang Tian said with a pale expression.

...

Sensing that horrifying undulation stop, Ye Yuan also let out a long sigh in relief.

"Puhwark!"

Ye Yuan's fresh blood spewed mouthful after mouthful. His injuries were extremely severe.

Although the Divine Vestige Space was powerful, facing existences like Empyrean powerhouses, it was still unbelievably fragile.

"My strength is still too weak! That damn Old Fart Immortal Grove, what the hell do you want to do?" Ye Yuan roared.

Inside his sea of consciousness, Dustless was silent.

He knew about Ye Yuan's feelings toward the Immortal Grove World. This place had his kin and was also the place where he grew up.

He could not possibly watch these people die unfeelingly, watch this world crumble.

Therefore, his fury toward Heavenly Empyrean Immortal Grove also reached the limit.

Heavenly Empyrean Immortal Grove clearly had the power to suppress Empyreans. But after arriving here, he did not suppress anymore.

Once the power of an Empyrean was unleashed, that was truly destroying heaven and earth.

Facing Empyreans with Ye Yuan's current strength, it truly felt powerless.

Bang! Bang! Bang!

Just as Ye Yuan was denouncing angrily, intense fighting sounds came from in front.

Suddenly, his eyes suddenly saw light. A massive karst cavern appeared before his eyes.

Inside the karst cavern, iridescent rays of light blossomed. It was unbelievably beautiful.

Unrivalled Medicine God

Chapter 1877: Innumerable Ghost Shadows

"Damn it! You damn thing, get lost for Your Father!" Inside the karst cavern, came Gu Tianque's roars.

Gu Tianque and Ghostwind, two people, were currently fighting fiercely without rest inside the cave.

Gu Tianque's strength was a notch higher. But wanting to finish off Ghostwind within a short time was also not an easy thing.

On a stone platform in the depths of the karst cavern, a fist-sized seven-colored rock was placed quietly there.

Ye Yuan's gaze turned intent, guessing that it should be the Seven-Colored Aegirine.

Even separated so far away, Ye Yuan could also feel the tremendous energy contained inside it. It even made the injuries on his body instantly become much better.

"This is the Seven-Colored Aegirine? Indeed mystical, no wonder even Empyrean powerhouses are moved," Ye Yuan said with vicissitudes of emotion.

While talking, waves of powerful undulations came from behind. Wild Blade Ghost Empyrean and the fiend race Empyreans already chased after.

Without the slightest hesitation, Ye Yuan took a stride out and arrived on top of the stone platform.

"The Seven-Colored Aegirine is mine!" Below, came Gu Tianque's roar.

Ye Yuan totally ignored him, reaching his hand out and grabbing at the Seven-Colored Aegirine.

Ghostwind laughed savagely and said, "Blind and reckless thing, a measly Celestial Deity Realm also wants to encroach upon the Seven-Colored Aegirine!"

He knew that that stone platform was not a good place that could let people take away the Seven-Colored Aegirine at will.

Woo! Woo!

Ye Yuan's hand had not touched the Seven-Colored Aegirine yet and a cold to the extreme aura already came over.

Countless ghosts howled and screamed, dashing out of the stone platform, and pouncing over toward Ye Yuan.

These evil ghosts all had incomparably powerful auras. Even if a True God Realm powerhouse was here, they would also be torn to pieces.

This tiny stone platform was actually a place that hid ghosts!

When Gu Tianque saw this scene, his complexion turned deathly pale too. Even if Ghostwind did not chase after, if he went to take the Seven-Colored Aegirine rashly, his outcome would likely not be much better too.

Fortunately now, there was Ye Yuan luring out these fierce ghosts.

“Hahaha, the Seven-Colored Aegirine is mine!”

Right at this time, Gu Tianque suddenly erupted, forcing Ghostwind back several steps.

Following which, his figure was like lightning, pouncing over toward the Seven-Colored Aegirine.

Ghostwind got a big shock, but it was already too late to want to go and intercept.

But right at this time, a terrifying soul vortex erupted from Ye Yuan’s body.

The shrill screams emitted by those fierce ghosts were as if Ye Yuan was a dreadful monster; avoiding him as if he was a plague.

Ye Yuan reached his hand out and grabbed, directly grabbing the Seven-Colored Aegirine in his hand.

Those fierce ghosts did not dare to approach Ye Yuan but took Gu Tianque to be the target to vent, pouncing over toward him frenziedly.

Swoosh!

Swoosh!

Swoosh!

Right at this time, three extremely powerful auras barged into the karst cavern, they were precisely the three great Emyrean powerhouses!

“Heh heh, kid, see where you’re gonna run still!” Qiao Yuan said with a mocking look.

“Didn’t expect that a Celestial Deity Realm brat could actually block a punch from Your Father! Truly impressive! However, it also ends here. Hand over the Seven-Colored Aegirine!” Eymond said with a cold smile.

This karst cavern only had one exit. Right now, the exit was thoroughly blocked off by three great Emyrean powerhouses, there was no way out at all.

The other powerhouses also followed inside but hid far away, not daring to come over at all.

Wild Blade Ghost Emyrean’s gaze also locked onto Ye Yuan firmly and said furiously, *“Kid, put down the Seven-Colored Aegirine!”*

Ye Yuan's gaze glinted and he suddenly smiled and said to the two great Empyrean powerhouses, "When did I say that I was going to run?"

Qiao Yuan was taken aback and said with a cold smile, "Best that you don't run. Looks like you've resigned yourself to date! Hand over the Seven-Colored Aegirine then, and this Empyrean can spare you from death!"

The moment Ye Yuan heard, he was amused and said with a big laugh, "You fiends, each and every one of you are dumb like pigs, to actually take others to be as silly as you all? Spare me from death? This kind of trick, even three-year-old kids won't believe either, right?"

Qiao Yuan's face fell, and he said in a cold voice, "Brat, you're very good! This Empyrean will refine you into a fiend slave and imprison your divine soul for a hundred thousand years!"

Ye Yuan ignored him, but he said to Wild Blade Ghost Empyrean, "You come over. The Seven-Colored Aegirine, I'll only hand over to you! Furthermore, I can help you chase away these two fools!"

The moment Qiao Yuan duo heard this, they laughed wildly without ceasing.

"*Hahaha!* Boy, your joke is really very hilarious, I'm almost laughing myself into fits." Qiao Yuan said with a big laugh.

Forget about them, even Wild Blade Ghost Empyrean himself also did not take Ye Yuan's words seriously at all.

But, Ye Yuan saying to hand the Seven-Colored Aegirine over to him still moved him.

It was only to see his figure moved, arriving in front of Ye Yuan.

An extremely gloomy and cold aura came over, nearly freezing Ye Yuan into a corpse.

The severity of a ghost empyrean's Yin aura, ordinary powerhouses were not able to withstand it at all.

"Brat, hand over the Seven-Colored Aegirine then," Wild Blade Ghost Empyrean said.

"Wild Blade, still remember this old man?" A voice transmitted right into Wild Blade Ghost Empyrean's sea of consciousness, making his entire body shudder.

"You ... You're Lord Dustless?" Wild Blade Ghost Empyrean replied.

Dustless laughed and said, "*Huhu*, it's precisely this old man!"

Wild Blade Ghost Empyrean's body trembled violently. This aura, he was too familiar. Who could it be if not Dustless?

Heavenly Empyrean Immortal Grove rearing Ghost Dao powerhouses, what did he use to raise?

Of course it was the Soul Suppressing Pearl!

This divine soul-type empyrean spirit treasure was not what ordinary empyrean spirit treasures could compare to.

One could say that the Ghost Dao powerhouses here were all trained by Dustless single-handedly.

“T-That’s great! Your Excellency, you’re alright! It’s really great!” Wild Blade Ghost Emyrean was extremely agitated.

“*Huhu*, now isn’t the time to catch up, I’ll possess your body and teach those two fiend race Emyreans a little lesson,” Dustless said.

Wild Blade Ghost Emyrean did not hesitate at all, saying with a nod, “Okay! With Lord Dustless taking action, those two damn things will definitely die very horribly!”

Suddenly, Wild Blade Ghost Emyrean’s eyes suddenly snapped open, the imposing momentum on his body suddenly changing.

Qiao Yuan and Eymond’s faces changed, secretly thinking that things were not good.

They did not stop Wild Blade Ghost Emyrean just now because no matter whose hands the Seven-Colored Aegirine was in, the two of them could not avoid a fight with Wild Blade Ghost Emyrean.

As long as they blocked the exit and did not let them go out, it would do.

Fighting two versus one, the two of their chances of victory were very high.

As for Ye Yuan saying that he could let Wild Blade Ghost Emyrean defeat them, they only took it to be a joke.

But now, they had a trace of foreboding premonition in their hearts.

“Eymond, attack!” Qiao Yuan shouted fiercely, rushing together with Eymond, pincer-attacking Wild Blade Ghost Emyrean.

Wild Blade Ghost Emyrean gave a cold laugh and said with a furious roar, “Ghost Dao Hundred Runes ... Innumerable Ghost Shadows! Dark Extermination Ghost Blade!”

In an instant, Wild Blade Ghost Emyrean transformed into countless incarnations, each one’s aura was incomparably powerful.

Qiao Yuan’s and Eymond’s expressions changed suddenly, urging the fiend essence within their bodies to the limit.

Bang! Bang! Bang!

Countless blade images landed frenziedly, turning into an airtight blade-net, slicing the entire space into fragments.

Qiao Yuan and Eymond wailed miserably, with their figures flying out backward. The fiend energy on their bodies immediately decreased significantly.

Qiao Yuan struggled to crawl to his feet, gnashing his teeth in hatred as he said, “Damn it! How can it be like this?!”

Chapter 1878: Immortal Grove Heavenly Palace

“What a powerful attack! It’s simply impeccable!”

“Why did this Wild Blade Ghost Emyrean suddenly become so strong?”

“This is the 81st rune of the Ghost Dao Hundred Runes, Innumerable Ghost Shadows! He actually cultivated to such a boundary already!”

“No, wait, he definitely didn’t have this strength previously. What in the world did Ye Yuan do to him?”

...

Ye Yuan’s words were still ringing in their ears, he said that he could help Wild Blade Ghost Emyrean chase these two mighty fiend race Emyreans away.

Just now, they were the same as the two great Emyreans, taking it to be a joke.

They did not expect that in a blink of an eye, Wild Blade Ghost Emyrean really brought down these two mighty fiend Emyreans with one blade.

Ye Yuan looked at that rapidly shrinking space, letting out a slight sigh of relief in his heart.

This blade arrived quickly and also left quickly, not like the great battle previously. The ripping of space was continuous and the destructive power was also completely different.

Previously, Wild Blade Ghost Emyrean’s fight with the two great Emyreans, he did not have the chance to approach Wild Blade Ghost Emyrean at all. He could only enter the cave to draw their attention.

Ye Yuan looked at the two great fiend Emyreans and said coolly, “Now, is it still a joke or not?”

Qiao Yuan’s expression was very ugly. An exalted Emyrean powerhouse was actually made a mockery off by a Celestial Deity Realm.

However, what on earth did this boy do, to actually make Wild Blade Ghost Emyrean’s strength increase greatly?

Ghost Dao Hundred Runes’ 81st rune, that was a Ghost Dao that even Emyrean powerhouses found hard to comprehend, and Wild Blade Ghost Emyrean actually used it.

“Kid, don’t you be impudent! The victor hasn’t been decided yet! Eymond, attack together!”

Qiao Yuan gave a fierce cry, fiendish energy immediately surging on his body.

Ye Yuan’s gaze turned sharp and he said coldly, “You guys really want to go to the point of no return for a Seven-Colored Aegirine?”

Qiao Yuan sneered and said, “So what?”

Ye Yuan smiled coldly and said, “I don’t care, but Heavenly Emyrean Immortal Grove’s real treasures should be inside that palace. But if you guys want to really fight it out with Wild Blade Ghost Emyrean, the Immortal Grove World will likely fall apart to pieces. At that time, that palace will drift into spatial turbulent flows and you guys can forget about finding it again!”

The moment Qiao Yuan heard, the imposing momentum on his body immediately diminished significantly.

What Ye Yuan said was right, they already sensed that the Immortal Grove World could not withstand Empyrean-level battles at all.

Once they fought it out to the bitter end, the entire world would collapse and that palace would definitely crashed into a spatial turbulent flow.

Wanting to enter the palace at that time would be virtually impossible.

However, Qiao Yuan still did not give up and said to Wild Blade Ghost Empyrean, "Wild Blade, this kid said to give you the Seven-Colored Aegirine, but he didn't give it to you. Could it be that you're going to stomach this insult?"

Wild Blade Ghost Empyrean gave Ye Yuan a glance and said coolly, "I hit it off very well with this little brother. That Seven-Colored Aegirine, I'll give it to this little brother!"

"WHAT?!"

Qiao Yuan's eyeballs went wide, disbelief written all over his face.

Wild Blade Ghost Empyrean fought with them for the greater part of a day for the Seven-Colored Aegirine. Now, he actually gave the Seven-Colored Aegirine to Ye Yuan?

The others similarly had astonished looks, feeling that this scene in front of them was seriously too subverting.

One had to know, they had a bloody battle with those Ghost Dao powerhouses for a long time for the Seven-Colored Aegirine.

Now, Wild Blade Ghost Empyrean actually made the decision and gave the Seven-Colored Aegirine to Ye Yuan.

This ... This made people too peeved!

Of course, what they had even more was envy.

That was a Seven-Colored Aegirine, giving a Celestial Deity Realm powerhouse to use was simply a wanton waste of God's good gifts!

This thing was something that could let Empyrean powerhouses advance.

"Just nice, I was called out by them from the Senro Ghost Realm and can still stay for a few days. I'll follow along with Little Friend Ye Yuan then." Just as everyone was unbelievably surprised, Wild Blade Ghost Empyrean threw out another heavyweight bombshell.

Qiao Yuan's face turned black and nearly had an impulse to curse and swear.

This guy could be off doing anything, but he just had to be Ye Yuan's bodyguard!

He was originally still planning on finishing Ye Yuan off along the way. Now, nothing could be done.

No one would have thought that a great struggle for the Seven-Colored Aegirine would actually conclude like this.

The group of True God Realms fought fiercely for more than ten days, in the end, even Empyrean powerhouses took action. But nobody obtained the Seven-Colored Aegirine in the end and instead let Ye Yuan, this Celestial Deity Realm, get it.

Helpless, the party could only rest their hopes on that palace.

Three great Empyreans blazing the trail, there naturally would not be much danger on the way.

Very soon, the group of people arrived on that tallest mountain peak.

Only after arriving before it did everyone feel the majesty and magnificence of this palace.

But Ye Yuan's gaze landed on a young man by his side.

That person seemed to have noticed Ye Yuan too and flashed a friendly smile at Ye Yuan, saying, "Brother Ye, we meet again! You're really impressive, to actually be able to snatch the Seven-Colored Aegirine from the hands of a group of Empyrean powerhouses!"

This person was none other than precisely Tang Yan!

Ye Yuan did not expect that this Tang Yan who concealed his abilities actually walked all the way here!

One had to know, previously in the Asura Ghost Domain, the Celestial Deity Realm powerhouses who challenged the Heaven Killing Sword Formation had pretty much all fallen.

Especially those itinerant cultivators without backers, the casualties were even terrifyingly huge.

Ye Yuan did not think that Tang Yan actually pulled through.

"*Huhu*, Brother Tang indeed keeps your ability hidden deeply! This Ye admires!" Ye Yuan also clasped his hands and said with a smile.

Ye Yuan touched his own heart and felt that he was rather accurate at reading people. But this Tang Yan, he could not see through.

Tang Yan smiled and said, "What ability do I have to hide? It was merely hiding from place to place and barely managing to walk until here, that's all. Even so, this Tang also narrowly escaped death several times."

Ye Yuan smiled and said, "Brother Tang is modest."

"*Heh*, finally arrived at Old Fart Immortal Grove's lair! Immortal Grove Heavenly Palace! *Heh heh*, that thing should be hidden in here, right?" Qiao Yuan chuckled and was about to step into the great hall.

He was brave stemming from great ability and was also not afraid of whatever contingency Heavenly Empyrean Immortal Grove set up.

"Hold on!" Ji Xun suddenly shouted.

Qiao Yuan's brows furrowed and he said, "*Mn?* What's wrong, Old Fogey Devilfeather?"

Empyrean Devilfeather could not even take care of a True God Realm right now, how could Qiao Yuan take him seriously?

Jiu Shang said in a solemn voice, "Lord Jiu Shang sent you two pigs here, isn't he afraid of spoiling the important affair?"

Qiao Yuan snorted coldly when he heard that and said, "Devilfeather, stop putting on stinky airs in front of Your Father! If you're formidable, why would you be suppressed by Old Fart Immortal Grove for five million years?"

Ji Xun's face turned black and was practically about to rampage.

But he was currently a tiger who had ended up in an open plain, so how could he be Qiao Yuan's match?

It was only to see him snort coldly. He said, "Okay then! If you want to seek death, go in then!"

Qiao Yuan's brows furrowed and he calmed down instead.

Suddenly, his gaze swept and landed on a Third Firmament True God.

"You, go in first!" Qiao Yuan said in a cold voice.

That Third Firmament True God's face changed but hesitated.

Qiao Yuan said in a cold voice, "If you're not going, die!"

As he said, powerful fiend essence burst forth, crushing that Third Firmament True God until he could not catch his breath.

Empyrean powerhouses were too strong!

Bang!

Qiao Yuan did not give him time to hesitate at all, suddenly slamming a fist out, immediately blasting him into dregs.

Then, his gaze landed on another True God Realm and said, "You, go in!"

The moment that person heard, his face was immediately ashen.

But at this time, it was not allowed for him to refuse at all.

Carrying flustered emotions, he walked towards the main entrance of the palace.

Buzz, buzz ...

Bang!

A horrifying energy undulation landed. That True God powerhouse did not even let out a scream. He directly turned to ashes.

Chapter 1879: Eradicate Him for Me!

The group of powerhouses all had slightly fearful expressions. This Immortal Grove Heavenly Palace's restrictions were too powerful.

Qiao Yuan's face changed. He then pointed at another True God powerhouse and said, "You go!"

But this time, he pointed at Yang Yidao.

The moment Yang Yidao heard, his face immediately turned pale and he stammered, “L-Lord Empyrean, haven’t we already tested it?”

Qiao Yuan snickered and said, “Not testing more, how will this Empyrean know where the weak point of this restriction is?”

One sentence and everyone felt imperiled.

Ji Kang, Zuo Pan, and the rest of the True God Realm top powerhouses, all had very ugly faces.

The fox mourning the death of a rabbit was pretty much like this.

Yang Yidao was aware that there was no chance to be spared. Suddenly, he knelt in front of Ye Yuan with a flash.

He understood that at this time, there was only Ye Yuan who could save him.

“L-Little Brother Ye Yuan, I-I beg you, save me!”

Ye Yuan was also rendered dumbfounded by this sudden change. An exalted Ninth Firmament True God powerhouse actually knelt in front of him?

When the other True God powerhouses saw this scene, they could not help giving rise to the feeling of the fox mourning the death of a rabbit.

At this time, the Celestial Deity Realm martial artists whose numbers were not many felt very safe instead. Because even if they went, they could not probe anything out at all.

When Qiao Yuan saw this scene, he immediately laughed.

“*Huhu*, if you’d long known that it would be this way, why behave like that back then? He obtained an empyrean spirit treasure based on his own ability, you guys insisted on abusing your power to bully people. Now, you’re in a crisis and turned around to beg him. Is it that you guys will sell him again after this round? Ye Yuan brat, let me remind you, Wild Blade Ghost Empyrean can’t stay for more than a few days here.”

Qiao Yuan had a smile on his face, seemingly not worried at all that Ye Yuan would help Yang Yidao.

Along the way, they concealed their strength, taking Ye Yuan’s conflict with these people into their sights.

At this time, Yang Yidao’s intestines were green with regret.

Smack!

Smack!

Smack!

Yang Yidao slapped himself ruthlessly and cried bitterly, “Ye Yuan, I made a huge mistake! It was all my fault! I shouldn’t have been blinded by obsession and covet your empyrean spirit treasure! But ... But in

the end, we're all humans, are you going to passively watch everyone die in the hands of the fiend race?"

"Yeah! Ye Yuan, at this time, we should be bound by a common hatred for the enemy and deal with the fiend race together first!"

"Everyone is human compatriots, you can't stand by and watch us die!"

...

The moment they heard Yang Yidao's words, these True God powerhouses all voiced their vocal support, wanting to hold Ye Yuan ransom to ethical principles.

Ye Yuan was originally somewhat stirred, but when Yang Yidao said until the second half of his sentence, Ye Yuan became enraged.

"Enough!"

Ye Yuan gave a furious roar, interrupting their words.

Everyone's faces changed, they all saw through that Ye Yuan was angered.

"Yang Yidao, if you're scared of death yourself, then be scared of death yourself. Deliberately dragging everyone in, are you bullying me for being soft-hearted? Or is it that you feel that I'm young, easy to hoodwink?" Ye Yuan looked at Yang Yidao and said with a cold smile.

Yang Yidao's face was ashen. He did not expect that Ye Yuan was actually so sharp.

His bit of trick was seen through by Ye Yuan.

He was secretly shocked. How could a thousand over years old little fellow have such profound cunningness?

He, this old monster who had lived for a million years, could not play any tricks.

"Also, you guys! Know that you're humans now? Know that there are compatriots now and want to fight the enemy with a common hatred? What the hell have you been doing? When the two of them were dealing with me inside the cavern, did one of you come forward? Previously, when Ji Kang they all were taking advantage of their power to bull people, did any one of you step forward to step up for me? Now, know how to be scared?"

Ye Yuan's gaze was scorching, sweeping over each person's face.

The places it passed through, those True God powerhouses all lowered their heads.

Ye Yuan sneered inwardly. These people posed as people of high morals but were self-centered.

Saying whatever human race's righteousness was merely holding you ransom to ethical principles.

What Qiao Yuan said was right, even if he helped these people pass this hurdle, once Wild Blade Ghost Emyrean disappeared, they would recover to their original faces very quickly.

"Hahaha! Boy, I really underestimated you. Looks like you see things even more thoroughly than I do!"
Qiao Yuan laughed loudly and said.

Ye Yuan suddenly reined in his expression and said coolly, "I know that there are definitely Emphyrean powerhouses among the humans too. But ... I really admire your tolerance, to actually be able to endure until now. *Huhu*, thinking of sitting things out and reaping the spoils later?"

Ye Yuan's words made Qiao Yuan's face change.

They naturally also suspected that the humans had Emphyrean powerhouses around too. But even the Seven-Colored Aegirine appeared and the human Emphyreans did not show face. They thought that there were none.

He did not expect that Ye Yuan actually suspected that the humans had Emphyreans too.

Ye Yuan swept his glance over and said with a faint smile, "All not making a sound *huh?* All treating me as a sucker, making me fight to the death with the fiend race Emphyreans, is it? Sorry, you guys want to dodge, but I won't let you do as you wish! Senior Wild Blade, give them a chop, force out our Lord Emphyreans for me!"

The moment Qiao Yuan heard, he could not help laughing loudly and said, *"Hahaha! Boy, you're indeed ruthless enough! A great character!"*

But the faces of Ji Kang and the rest changed and said, "Ye Yuan, you ... what do you want to do?"

Ye Yuan smiled coldly and said, "Don't blame me, want to blame, blame the Lord Emphyreans! Senior, do it!"

Wild Blade Ghost Emphyrean nodded slightly, evil ghostly power suddenly erupting. Those human powerhouses were all ashen

In front of Wild Blade Ghost Emphyrean, they did not have the strength to retaliate at all. There was no difference from lambs awaiting slaughter.

The blade rising, the terrifying aura raged.

Whoosh ...

Wild Blade Ghost Emphyrean did not hesitate in the slightest and really chopped a blade over.

The faces of the human powerhouses all abruptly changed, they finally knew that Ye Yuan was not joking with them.

But right at this time, two powerful auras suddenly erupted, meeting this blade.

Bang!

The blade momentum dissipated, everything returned to tranquility.

Two auras that were not weaker than the fiend race Emphyreans appeared in the midst of the human camp.

The faces of the powerhouses around them suddenly changed, backing away one after another.

Ji Kang's pupils constricted, looking at one of the figures and exclaimed, "Lord Zhao Min, you ... you're here too!"

Zhao Min looked at Ji Kang and said with a cold snort, "*Humph!* Vast Heaven Great Imperial Capital's face is totally lost by you all!"

Ji Kang had a look of embarrassment. Being suppressed by a Celestial Deity Realm boy along the way, this was simply a great stinging insult in his life.

But he had no choice!

Putting aside that he had peak True God strength, he even had an Empyrean powerhouse protecting!

The other Empyrean powerhouse said, "*Heh heh*, Zhao Min, you might not fare better than how Ji Kang did too. This boy isn't simple!"

"Enough crap! Du Hong, this is my Vast Heaven Great Imperial Capital's affair. It has nothing to do with you!" Zhao Min said unhappily.

Finished talking, Zhao Min looked at Ye Yuan and said in a cold voice, "Boy, you're very gutsy, to actually dare oppose my Vast Heaven Great Imperial Capital! The consequence isn't what you can bear!"

Ye Yuan looked at him and suddenly grinned and said, "Are you threatening me? Senior Wild Blade, eradicate him for me!"

Chapter 1880: Mysterious Tang Yan

Bang!

Wild Blade Ghost Empyrean did not hesitate at all, Innumerable Ghost Shadows was executed once more, directly bombarding a blade over.

One blade directly blasted Zhao Min flying.

"Cough, cough!"

Zhao Ming was struck by the blade and already sustained serious injuries, coughing vigorously.

Wild Blade Ghost Empyrean's Innumerable Ghost Shadows, even Qiao Yuan and Eymond joining hands, was not a match for it. So how could a measly Zhao Min alone possibly block it?

"Hahaha! Zhao Min, is your brain spoiled? Didn't even figure out the situation and you dare to threaten Ye Yuan?" When Qiao Yuan saw the situation, he could not resist laughing loudly.

The two of them fiend race mighty Empyreans did not even dare to attack Wild Blade after joining hands.

Zhao Min, alone and without backing, actually dared to use Vast Heaven Great Imperial Capital to coerce Ye Yuan. Did he really take Ye Yuan to be a soft persimmon?

When those True God powerhouses saw this scene, each and every one of their hearts leaped to their throats.

That was an Empyrean powerhouse, and yet Ye Yuan sent him packing with one word.

It was also that the space here was not stable enough. Otherwise, Ye Yuan would likely deal a fatal blow.

But this attack already gave Zhao Ming a serious injury too.

Zhao Min crawled to his feet, his expression ugly to the extreme. No idea whether was it because he got injured, or was it because it was humiliating.

“Those who came here are all aiming for the treasures. You used Vast Heaven Great Imperial Capital to threaten me? I think that you really didn’t bring your brain out when you left the house!” Ye Yuan said with a cold smile.

“C-Consider yourself ruthless!” Zhao Ming gritted his teeth and stopped talking.

Under this situation right now, the most domineering one was not the few mighty Empyrean powerhouses, but Ye Yuan, this puny little Celestial Deity Realm!”

This was because Wild Blade Ghost Empyrean’s strength far surpassed the other Empyreans.

And Wild Blade Ghost Empyrean obeyed Ye Yuan’s every command!

Zhao Min, this major faction’s Empyrean powerhouse, was insufferably arrogant because he was used to playing the tyrant.

Because of Ye Yuan’s conflict with Ji Kang, Xu Xing, and the rest, he felt that it provoked Vast Heaven Great Imperial Capital’s face. That was why he blurted out those words.

Except, he never thought that Ye Yuan would actually be so decisive in going for the kill, making a move at a word of disagreement.

Ye Yuan’s words and actions were not like a junior’s at all, but a fierce and ambitious person who ruled a region.

“*Heh*, since these two cowardly turtles came out too, then we can discuss how to enter the Immortal Grove Heavenly Palace, right?”

These words, Qiao Yuan said them to Ye Yuan.

Currently, Ye Yuan undoubtedly had the greatest right to speak.

Ye Yuan said coolly, “How to go in is your business. If you have the ability, go in to seize the treasures. If you don’t have the ability, keep watch outside! Senior Wild Blade, let’s go!”

Done talking, Ye Yuan brought Wild Blade Ghost Empyrean and entered inside the restriction with a stride.

Qiao Yuan’s pupils constricted, this brat’s guts were also too plucky, to actually go in just like this. Wasn’t he scared of death?”

“*Humph!* Blind and reckless thing!” When Zhao Min saw the situation, he said with a cold snort.

At the same time, he cursed non-stop in his heart, cursing for Ye Yuan to be directly exterminated by the restriction.

However, he was disappointed.

After Ye Yuan walked into the restriction, the restriction did not have any reaction at all!

It was only to see him shift positions, directly arriving outside the palace's front door.

Creak ...

The door was lightly pushed open by Ye Yuan.

Qiao Yuan's face changed, and he said with a furious roar, "Turns out that this kid knows restrictions! Damn it!"

"Can't let this boy go in! Otherwise, the treasures inside will be swept clean by him alone!" Zhao Min also said anxiously.

Ye Yuan turned around and said with a smile, "You guys take your time. No rush. I'll go in to explore the way first."

Done talking, he stepped right into the Immortal Grove Heavenly Palace.

"This ... What to do here? Old Fart Immortal Grove's restrictions are extremely formidable. Based on our strength, forcefully barging won't work at all!" Eymond said anxiously.

The others also had looks of despair. No one would have thought that at the final juncture, everyone would be played by Ye Yuan.

When everyone was at a loss on what to do, he swaggered his way in.

"Everyone, I think that I can bring you all in." Just as everyone lost all hope, a voice sounded out like heavenly music.

Looking over to where the voice was, everyone discovered that it was actually a Celestial Deity Realm young man.

"You? You're sure that you can?" Zhao Min used doubting eyes to look at him.

The young man smiled brightly and said, "I can go ahead first."

Everyone exchanged glances, Qiao Yuan said in a solemn voice, "Okay! You go!"

The young man slowly walked out, akin to strolling idly in a courtyard, and really made a round trip.

Except, his speed of clearing the restriction was much slower compared to Ye Yuan.

When everyone saw the situation, they immediately revealed wildly ecstatic looks.

No one would have expected that this Celestial Deity Realm young man could actually crack such a profound restriction.

Qiao Yuan's eyes lit up and he said with pleasant surprise, "What's your name called?"

The young man smiled and said, "Tang Yan."

This young man was none other than precisely Tang Yan!

Even Ye Yuan also did not think that apart from him, this place actually still had someone capable of passing through the restriction.

"*Hahaha*, truly, heaven didn't fail me! Quickly, you lead the way!" Qiao Yuan said impatiently.

But Tang Yan smiled and said, "Senior don't be anxious, Tang Yan don't have other abilities, but have done some research on restrictions. However, this junior has a presumptuous request."

Qiao Yuan's face changed, but he recovered back to normal very quickly and said smilingly, "Speak!"

At this time, if Tang Yan did not raise any requests, it would be abnormal instead.

Tang Yan smiled and said, "Seniors have to do everything in your power to ensure my safety after entering this Heavenly Empyrean Immortal Grove. I hope that everyone swears a Heavenly Dao Oath! Don't use this kind of eyes to look at me. With Heavenly Empyrean Immortal Grove's attainments, there is still no idea what kind of restriction exists inside. Ensuring my safety, seniors will only earn and not lose out. By now, this junior already has no other requests and only asks to be able to go out safely."

The few mighty Empyrean powerhouses exchanged glances, agreeing to Tang Yan's request very quickly.

Just as Tang Yan said, Heavenly Empyrean Immortal Grove's restrictions were too terrifying.

This place was Heavenly Empyrean Immortal Grove's lair, what kind of restrictions were inside was still not known.

With Tang Yan around, it was indeed a pretty good choice.

After swearing the Heavenly Dao Oath, Tang Yan started to bring everyone into the Immortal Grove Heavenly Palace.

...

After entering the heavenly palace, Wild Blade Ghost Empyrean said with a cold laugh, "*Heh*, how would those fools have thought that Young Master is Lord Immortal Grove's successor? With this, they can only wait blankly outside."

Ye Yuan said with a smile, "That might not be so!"

Wild Blade Ghost Empyrean's face changed and he said, "Young Master, what does this mean?"

Ye Yuan said, "Heavenly Empyrean Immortal Grove laying down such a big set up, it was in order to lure these people in. Now that they already arrived at the gate, how can they possibly be turned away at the gate?"

Wild Blade Ghost Empyrean's face changed, and he said, "This ... What in the world does Lord Immortal Grove want to do?"

Ye Yuan chuckled and said, "That can only ask him to know! Either way, it's definitely not some good thing to the Immortal Grove World! *Mn?*"

Suddenly, Ye Yuan's brows furrowed, sensing a wave of undulation in the Purple Extreme Hall.

His thoughts stirred and Little Tong appeared hugging the pink Treasure Pig.

"Snort snort ..." Treasure Pig grunted at Ye Yuan.

Ye Yuan's eyebrows raised up and he said with a smile, "Okay, we'll follow you!"

Little Tong let his hand go. Treasure Pig immediately scurried into the depths of the great hall like lightning.
