

## Medicine God 1901

### [Unrivalled Medicine God](#)

#### Chapter 1901: Going on a Killing Spree

A warm and boundless divine essence directly rushed into Jiang Haitang's divine sea through her meridians.

That layer of seal was destroyed like crushing dead leaves.

Divine essence instantly filled her four limbs and bones once more.

Jiang Haitang looked at Ye Yuan, full of surprise.

"This ... This is Carefree Grove's unique seal. Even if a Ninth Firmament Celestial Deity powerhouse came, he can't dispel this seal too. How did you do it?"

Places of pleasure like Carefree Grove, what they acquired were mostly very high realm female cultivators.

As for how to control these female cultivators, they had their own methods.

This seal, it was naturally impossible for ordinary people to crack it.

Even if a Ninth Firmament Celestial Deity guest came, it was also impossible to want to crack their seal.

But Ye Yuan destroyed it like crushing a dead branch.

"Just a seal. It's no big deal, come on," Ye Yuan smiled and said.

Jiang Haitang was stunned, but shook her head and said, "We can't walk out! The City Lord Manor is behind Carefree Grove, and this place has a peak Ninth Firmament Celestial Deity holding down the fort! No one can bring people away from this place."

In imperial capitals, True God powerhouses were all very aloof existences.

For this kind of mundane task, there naturally would not be True God powerhouses to take care of it.

In reality, peak Ninth Firmament Celestial Deities could already suppress the vast majority of the people.

Moreover, it was the City Lord Manor behind Carefree Grove, how many dared to be insolent here?

But Ye Yuan smiled and said, "If I want to bring you away, no one can stop it."

Done talking, he did not care whether Jiang Haitang was willing or not, pulling her out of the door.

*Creak!*

The moment the door opened, five burly men already blocked outside the door.

The madam looked at Ye Yuan and said with a smug look, "I knew that Sir definitely didn't have good intentions finding this slut. If you have fun here, our Carefree Grove welcomes it greatly. But if you want to bring people away, that's a big no no. Sir, please be prudent."

Ye Yuan gave the madam a glance and said coolly, "I want to redeem Miss Haitang's freedom, state a price."

The moment the madam heard, she chuckled and said, "Sir, sorry about it, upstairs have informed, this whore isn't selling! Sir, I urge that you'd better put her down, you guys ... can't walk out of here. You look at them, each and every one ferocious looking. If they were to hurt Sir, that wouldn't be nice."

Seeing these burly men, Jiang Haitang's complexion also turned deathly pale.

"Ye Yuan, you ... you go by yourself!"

These few burly men all had uncommon strength, all having middle-stage Celestial Deity Realm cultivation.

Being able to look after the house and courtyard here, one's strength was naturally not ordinary.

Ye Yuan had a calm look and slowly said, "Is that so? Since not selling, then I can only forcefully bring her away."

As he said, Ye Yuan dragged Jiang Haitang and was going to walk outside.

The madam's patience was also whittled away completely at this moment, and said in a fierce voice, "Refusing a toast only to drink to a forfeit, beat for me!"

The five burly men rushed forward together, directly rushing into the room.

*Smack!*

A clear slap sounded out, the madam's entire person flew down from the second floor.

But those five burly men hit thin air and did not even catch the corners of Ye Yuan's sleeves.

"Goodness gracious! This heaven-damned fellow! Quickly go and call Lord Fang Kun here! Someone is causing trouble!"

Below came the madam's miserable howl like a pig being slaughtered.

Ye Yuan was neither too fast nor too slow, bringing Jiang Haitang and walking downstairs.

The entire Carefree Grove had a large-scale array formation set up, locking space.

Even a True God powerhouse could forget about teleporting out of here too.

Otherwise, wouldn't anyone be able to bring people away, or eat a free meal?

Hence, even though Ye Yuan was skilled in spatial law, he could not possibly directly teleport out of this place too.

However, this did not hinder him from displaying spatial law.

Tossing and turning about within a small area, that was no problem at all.

Jiang Haitang followed Ye Yuan, staring at his back view in a daze as if she was dreaming.

Numerous strong guards rushed over, but she only saw one cold light after another shoot out.

Middle-stage Celestial Deity Realm powerhouses were killed with one sword without any exception!

Even peak Sixth Firmament Celestial Deities would not do as well.

Jiang Haitang originally thought that Ye Yuan was just a Fifth Firmament Celestial Deity, being not much stronger than her.

But now, she knew that she was gravely mistaken.

Ye Yuan's might already exceeded her imagination.

No matter how powerful the opponent, they simply could not withstand a single blow in front of him.

The current Ye Yuan seemed to be a hero of the era in her eyes.

Everything was so calm and collected, everything was so casual and effortless as if nothing in this world could stump him.

At this moment, Jiang Haitang's eyes revealed a hint of hope.

Perhaps her father could really be saved!

Before long, there was already no one who dared to step forward.

Those guards were all frightened until their faces turned pale. Places that Ye Yuan passed by, they immediately kept a wide berth, fearful that a ray of sword light from Ye Yuan would dismember them.

*Swoosh! Swoosh! Swoosh!*

Several figures flashed past, blocking in front of Ye Yuan.

The one in the front was actually an Eighth Firmament Celestial Deity powerhouse.

Among these four people, the weakest was also Seventh Firmament Celestial Deity!

*"Hehehe! Great four protectors, you guys came right on time. Hurry up and kill this kid ..."*

The madam was currently pleased with herself when a streak of sword light suddenly flew over, her figure abruptly stopped.

Turns out that her head was already separated from her body.

That Eighth Firmament Celestial Deity's pupils constricted. He actually did not see clearly how Ye Yuan struck!

Ye Yuan looked at him and lightly spat out two words, "Get lost!"

As he said, Ye Yuan brought Jiang Haitang and moved forward again.

Learning what Jiang Haitang met with, Ye Yuan seemed calm, but actually, he was already furious to the extreme in his heart.

He was currently just finding some people to vent his anger.

And the Carefree Grove that had its back resting against the City Lord Manor was just right.

Being compelled by Ye Yuan's imposing momentum, the four great protectors actually took a step back without prior agreement.

Ye Yuan advanced again, and they retreated again.

Finally, that Eighth Firmament Celestial Deity could not stand it anymore and roared furiously, "Attack together! Kill him!"

Four streaks of sword light suddenly erupted. Four surges of world power formed a strange domain, surrounding Ye Yuan and Jiang Haitang tightly.

This strike was a certain-kill move!

The four great protectors had clearly received special training before, the four people's cooperation was very tacit.

Furthermore, their world power was even able to produce a resonance. Working together, the power multiplied.

"Where did this young man appear from? Such formidable strength!"

"Isn't that so? Clearly only at the Fifth Firmament Celestial Deity Realm, but middle-stage Celestial Deity Realm powerhouses are like paper paste in front of him."

"But he's too reckless, the four great protectors aren't to be trifled with! The four of them combining forces, it was said that they had once killed a Ninth Firmament Celestial Deity powerhouse! Let alone that there's a Lord Fang Kun who hasn't taken action yet!"

"*Heh heh*, becoming enraged to the extreme for a woman, I like this kid!"

...

The combat strength that Ye Yuan displayed made everyone sigh with admiration.

But facing these four great protectors, they did not feel optimistic about him.

Many minor realms away, furthermore, fighting one-versus-four, and these four people even had good teamwork.

No matter how one looked at it, Ye Yuan did not have chances of victory either.

### [Unrivaled Medicine God](#)

#### **Chapter 1902: Swaggering Off**

A cold light flashed and disappeared, blood splattering.

The neck of one of the four great protectors already had a large wound opened up, fresh blood spurting wildly without ceasing.

It looked like he could not survive anymore.

Just one sword move breached the formation of the four great protectors.

Inside the Carefree Grove was silent, all using terrified gazes to look at that figure.

How could this kid be so strong?

So young and his strength was so formidable, but why would he actually be completely unknown in Nine Pledge Imperial Capital?

One sword move felling the Carefree Grove's four great protectors, this strength should be the crowning figure of this generation among Nine Pledge Imperial Capital's junior generation.

Even that Linghua Pavilion's Rong Xiyue probably did not have such strength either, right?

Just where did this boy pop out from?

"Get lost!"

Ye Yuan opened his mouth once more, taking a step forward again.

The other three people's expressions flickered incessantly, falling backward uncontrollably.

The three people continuously fell back and actually unknowingly retreated to the entrance of Carefree Grove already.

They retreated, but then there was no room for retreat!

Falling back further and Ye Yuan would be out of Carefree Grove.

At that time, without the grand array freezing space, it would be even harder for them to stop Ye Yuan.

The three people's expressions flickered incessantly and exchanged glances, a hint of decisiveness flashed across their eyes.

"Kill!"

The remaining three great protectors mustered up their courage and rushed forward once more.

"Nine Polar Spectral Sword!"

"Scarlet Wind Deercry Sword!"

"Spirithorn Dawn Sword!"

...

Sword lights radiated brilliantly. Inside the empty great hall, sword energy wandered everywhere.

And Ye Yuan was in the center of this storm.

*Clank! Clank! Clank!*

In the time it took for sparks to fly off a flint, the four people exchanged blows countless times.

There was a series of exclamations all around, their eyes could not keep up with the speed of the few people drawing their swords at all.

The power of the four great protectors had long penetrated deep into people's hearts. No one dared to provoke them here.

But, Ye Yuan, a Fifth Firmament Celestial Deity, fought these three people head-on and was actually not the slightest bit weaker. This made them extremely surprised.

These three great protectors were all Eighth Firmament Celestial Deities, each person was three minor realms higher than Ye Yuan.

But they actually could not gain the slightest bit of advantage.

“A Sword Crossing the Void!”

*Swish!*

The moment the cold light appeared, all those present became silent.

An Eighth Firmament Celestial Deity perished!

“This ... He is too strong!”

“Laws fusion! Spatial law! This is an unrivaled genius!”

“Just where did this kid pop out from? Such a character had never been heard of in Nine Pledge Imperial Capital!”

...

In a twinkle, two of the four great protectors were removed. The shock that this brought everyone was too intense.

And this sword also displayed Ye Yuan’s law comprehension to the fullest expression of its beauty and form.

They finally knew why Ye Yuan’s strength was so strong.

The two remaining people of the four great protectors looked at Ye Yuan with a look of terror, shocked speechless.

That sword just now, regardless of who Ye Yuan unleashed it at, they were powerless to block it.

Ye Yuan pulled Jiang Haitang and walked over toward outside the door again.

How could the two remaining people still dare to stop it? They involuntarily retreated to one side and automatically opened up a path.

The current Jiang Haitang had a blank look. This short distance of several thousand feet gave her a feeling like she was dreaming.

She was being led by Ye Yuan mechanically, walking over toward outside the door.

Ahead was Carefree Grove’s front door, just a few steps away.

Suddenly, a layer of ripple appeared in space, a figure emerged before everyone’s eyes.

A gray-robed middle-aged man’s gaze was cold, glancing at Ye Yuan, and taking a look at the two great protectors.

One of the protector's expression was ugly as he said, "L-Lord Fang Kun!"

"Can't even deal with a Fifth Firmament Celestial Deity, go back and receive punishment!" Fang Kun said in a cold voice.

That protector's expression was ugly as he said, "Y-Your Excellency, we ..."

Fang Kun gave a cold snort and immediately cut him off. "Talking what nonsense? You refuse to accept it?"

"I ... accept!" The protector's expression was ugly as he said.

All around, everyone's faces were strange.

They were all clear that today's matter really could not be blamed on the four great protectors.

But Fang Kun clearly did not care about these. He only looked at the result.

Fang Kun was a peak Ninth Firmament Celestial Deity. His strength was much stronger than the four great protectors added together.

In this Nine Pledge Imperial Capital, if True God Realm did not appear, he could practically sweep across all.

Holding down the fort at Carefree Grove for so many years, no slip up had ever occurred before, he was the Carefree Grove's sea-stabilizing needle.

Even if a Ninth Firmament Celestial Deity caused trouble, he also handled it all the same.

"With this, the matter has blown up, to actually startle Lord Fang Kun. Looks like today's matter can't be settled anymore."

"*Heh*, Lord Fang Kun's strength is extraordinary, this kid is too careless. A pity, having this strength at a young age, but have to die here."

"Yeah, with his strength, if he really wanted to kill his way out, he would have long charged out. But he insists on taking his time to walk, he blundered now!"

...

The people who were frequently at Carefree Grove all knew Fang Kun's awe-inspiring reputation.

No one dared to cause trouble at Carefree Grove, because they all knew that this place had Lord Fang Kun holding down the fort.

Fang Kun gave a cold snort, turned his head to look at Ye Yuan, and was just about to speak, but then he heard Ye Yuan say coolly, "Get lost!"

Fang Kun was taken aback and said with a sneer, "What a wildly arrogant brat, you don't think that I'm the same as these trash, right?"

Ye Yuan looked at him and said coolly, "You're no different from them. Not getting lost, you similarly have to die."

As he said, Ye Yuan pulled Jiang Haitang and walked forward once more.

Fang Kun laughed wildly when he heard that and said, "Reckless and blind thing, I want to see how you make me die!"

But right at this time, a series of blue tattoos spread out from Ye Yuan's body, cutting off the entire space.

Divine Vestige Space!

Currently, Fang Kun was very close to Ye Yuan, those blue patterns constructed and formed the Divine Vestige Space very quickly.

Fang Kun's heart palpitated, instinctively feeling that something was amiss, and instinctively wanted to break free of the fetters of the blue patterns.

However, it was already too late!

Fang Kun's pupils constricted, incomparably horrified in his heart.

Because he discovered that he was actually unable to shift through spatial law!

His body was restrained within the blue space.

*Bang!*

All of a sudden, Fang Kun released an attack.

However, the blue space did not waver at all.

The blue patterns became increasingly denser and increasingly compact, finally teeming the entire space.

"L-Let me out! Damn it, let me out!" Fang Kun howled in despair.

Ye Yuan's figure appeared, his eyes being incomparably cold.

Fang Kun looked at Ye Yuan and could not resist shuddering.

Those eyes even made a trace of chill well up from the bottom of his heart.

Ye Yuan looked at him and said coolly, "I already gave you the chance and asked you to get lost, but it's you who didn't cherish it yourself. So, go and die."

Ye Yuan lightly pointed a finger out, directly piercing through Fang Kun's heart, destroying all his vitality.

*Thud!*

The divine vestige dissipated, Fang Kun's corpse fell to the ground powerlessly. The surrounding was deathly quiet.

Carefree Grove's guardian, the peak Ninth Firmament Celestial Deity Lord Fang Kun, actually died just like this?

Everyone exchanged glances, completely no idea what happened.

“Go!”

Ye Yuan pulled Jiang Haitang and strutted out of Carefree Grove just like this, swaggering off.

The two great protectors exchanged a glance, there was only shock left in the other party’s eyes.

This scene was too astounding.

Originally thought that there would be a heaven-shocking great battle, no one could have thought that Fang Kun died bafflingly just like this.

### Unrivaled Medicine God

#### **Chapter 1903: A Slight Move in One Part May Affect the Situation as a Whole**

“What did you say?! Fang Kun was killed by a Fifth Firmament Celestial Deity?”

When Yu Jinsong got this news, he nearly jumped up from the seat.

Fang Kun’s strength, he was all too clear.

How could a Fifth Firmament Celestial Deity possibly kill him?

His first reaction when he heard this news was that he did not believe it.

“Isn’t that so? That boy used no idea what method, just like a cocoon, enveloping Lord Fang Kun inside. In just a blink of an eye, he died.”

When the leader of the four great protectors recalled the situation back then, he still had lingering fear in his heart until now.

With Ye Yuan causing a disturbance, the Carefree Grove came to a total standstill and was totally unable to operate anymore.

That place was a money squandering establishment, it was a tremendous source of revenue to the City Lord Manor.

With this, it was chopped by Ye Yuan. Yu Jinsong’s fury could be imagined.

Yu Jinsong was angered until his expression was livid. Looking at the protector, he said, “You said that that kid came from Southridge’s Heavenly Eagle Imperial City? Furthermore, he was just Heavenly Eagle Imperial City’s head elder?”

The protector sweat cold sweat profusely and said with a nod, “Yes, Young Master! That kid’s identity has already been investigated clearly. It’s Heavenly Eagle Imperial City’s head elder, Ye Yuan. Before going to Carefree Grove, he even made a trip to Flowing Wind Establishment and almost tore down the entire Flowing Wind Establishment! *Oh*, right, before he came to the imperial capital, he even killed the Wu Family’s young master, Wu Tian, as well as the Wu Family’s Eighth Firmament Celestial Deity retainer, Wu Yun. Coming to the imperial capital this time, he should be here for Jiang Jadehall’s case.”

The City Lord Manor’s investigative ability was still extremely strong. Just used a night and they already inquired about Ye Yuan’s ins and outs clearly.

Hearing the protector report one news after another, Yu Jinsong’s expression flickered incessantly.

In this short half a month's time, Ye Yuan already turned Nine Pledge Imperial Capital upside down, directly offending the three major forces.

Although the Wu Family's strength could not compare to these three forces, they were absolutely not some soft persimmon either.

The Wu Family's ancestor was a True God Realm powerhouse!

Yu Jinsong narrowed his eyes like a venomous snake and said in a cold voice, "Pass down the order for me. Three days later, openly execute Jiang Jadehall in Heavenly Grove Plaza! At that time, we'll lay down an inescapable net. This young master wants to see whether he has three heads and six arms or not!"

...

The news spread to City Lord Manor. As one of the three great factions, Kongming Academy naturally would not be unaware.

Song Yancai was currently standing in front of a middle-aged man but was fearful after the event in his heart.

Luckily when Ye Yuan left back then, he did not really make a move to stop.

Otherwise, his outcome would be exactly the same as Fang Kun.

Hang on, his strength was far worse than Fang Kun, there was no hope of surviving at all.

"Presently, the situation in the city is very delicate. Before yesterday night, most likely no one would have thought that an imperial city's head elder would actually stir up such a great disturbance!" The middle-aged man heaved a sigh and said.

Song Yancai smiled bitterly and said, "Who could have thought that a Fifth Firmament Celestial Deity brat could kill his way through Carefree Grove?"

The middle-aged nodded his head and said, "Jiang Jadehall is merely a puny little patrolling inspector and is totally insignificant. Waging war with City Lord Manor and Linghua Pavilion for him was seriously unwise. It's just that no one would have thought that he actually got acquainted with such a remarkable young man. Carefree Grove's business, everyone is very envious of it. No one has ever dared to cause trouble inside before. Who could have thought that Ye Yuan actually wiped them all out!"

Song Yancai said, "Then what should we do now? Ye Yuan already poked a hole in the sky, yet we ... are very passive!"

The middle-aged shook his head and said, "People above have already given the word. Jiang Jadehall must be protected! The City Lord Manor and Linghua Pavilion are eager for action. This boy has such terrifying talent, so he'll definitely be able to assist us in the future. Hence, we have to make up for the past blunder at all costs!"

When Song Yancai heard this, his expression changed slightly.

...

Everyone in the city was searching for Ye Yuan. But after he brought Jiang Haitang away from the Carefree Grove, his entire person seemed to have evaporated into thin air. No one could find him.

The City Lord Manor wanted to kill Ye Yuan, but they could not find him.

Kongming Academy wanted to find Ye Yuan to explain things, but sadly, they could not find Ye Yuan either.

Three days' time passed in a flash.

The matter of publicly executing Jiang Jadehall was already announced to the whole city through the City Lord Manor.

When he saw the light again, Jiang Jadehall felt that it was rather piercing to the eye.

He originally thought that he would die inside the jail dubiously just like that, but he did not expect that in order to kill him, the City Lord Manor made such a big commotion.

Suddenly, a group of people in front came over.

Seeing that person in the front, Jiang Jadehall's entire body trembled slightly.

It was precisely the one who framed him, getting him thrown in jail.

Yu Jinsong came in front of Jiang Jadehall and said with a smug smile, "Jiang Jadehall, are you very curious why killing you, a puny little patrolling inspector, would still cause such a big disturbance?"

Jiang Jadehall's heart was long akin to dead ash, how he died had no difference to him.

The only thing that he was worried about was his daughter.

Mucking around in Nine Pledge Imperial Capital for so long, Jiang Jadehall naturally understood his situation.

He was merely the sacrificial item of the upper echelons' fight.

Who could care about the life or death of a puny little patrolling inspector?

Jiang Jadehall drew a deep breath and looked at Yu Jinsong as he said, "Young Master Yu, Jiang Jadehall is merely a minor character, so death isn't regrettable. It's just that I hope you won't make things difficult for my daughter."

"*Hahaha!*" Yu Jinsong laughed loudly and said, "How could I bear to make things difficult for Haitang, my Lord Father-in-law!"

Jiang Jadehall's entire body trembled, looking at Yu Jinsong in great alarm and rage, he said, "You ... What did you do to her?"

Yu Jinsong looked at Jiang Jadehall with a smile that was not a smile and said, "What can I do to her? She came to beg me, beg me to let you out. I say, meat that's delivered to my mouth, I can't spit it out, right? *Tsk tsk*, didn't expect that you, a coarse man, your daughter was actually so ravishing, really electrifying!"

Jiang Jadehall was angered until his entire body trembled and he roared furiously, "You ... Animal! Animal!"

Jiang Jadehall bared his teeth, roaring at Yu Jinsong, but two rows of tears flowed down from the corners of his eyes.

His heart was currently already completely broken.

But Yu Jinsong laughed very happily. Patting Jiang Jadehall's shoulder, he said, "Don't be in a hurry. I still have a piece of good news to tell you! Someone came to save you!"

The current Jiang Jadehall could not hear Jiang Jadehall's words anymore at all. His mind was full of the image of his daughter being humiliated, hating to the extreme in his heart, and also hurting to the extreme.

Seeing that Jiang Jadehall did not react, Yu Jinsong asked with a smile, "You know Ye Yuan, right?"

Hearing this scene, Jiang Jadehall's entire body trembled, his eyes finally recovering clarity, looking at Yu Jinsong with a disbelieving look.

"You ... You're saying that Ye Yuan he came back?"

Yu Jinsong nodded and said, "Not only did he come back, he even rescued your daughter from Carefree Grove. Are you very pleasantly surprised?"

"C-Carefree Grove? How is that possible?" Jiang Jadehall's pupils constricted, instantly thinking of many things.

But, hearing that his daughter was rescued, Jiang Jadehall also felt his heart ease up.

But very soon, his face changed, looking at Yu Jinsong with indignation, gnashing his teeth in hatred.

### Unrivaled Medicine God

#### **Chapter 1904: Not Giving Face.**

"You ... You want to publicly execute me in order to lure Ye Yuan out?" Jiang Jadehall said with a furious roar.

Yu Jinsong had a smug look as he said smilingly, "You're not stupid, understanding it so quickly. Today, City Lord Manor has already arranged three True God Realm experts to lie in wait around the execution ground. The moment he appears, the three great True God Realm powerhouses will attack at the same time! You guess, what will be his outcome? *Hahaha!*"

Jiang Jadehall was incomparably shocked in his heart. In order to deal with Ye Yuan, the City Lord Manor actually sent out three True God Realm powerhouses.

Ye Yuan's strength was actually already powerful to such a degree?

It had just been a short few hundred years, Ye Yuan's growth completely exceeded his imagination.

Ye Yuan barged into a dragon's lair, a tiger's den alone in order to save him and save Jiang Haitang. He was very touched in his heart.

This made his promise to Ye Yuan become very important.

Except, this Yu Jinsong was shameless when doing things, by fair means or foul.

If he rashly came to save him, wouldn't he lose his life in vain?

Thinking up to here, his hatred toward Yu Jinsong was even more akin to a wave that dashed to the sky.

"You ... Despicable! Shameless! Yu Jinsong, even if I, Jiang Jadehall, become a ghost, I won't let you off either!"

Jiang Jadehall gnashed his teeth in hatred, doing his best, wanting to break free of the shackles.

It was just a pity that this shackle was forged from purple gold divine metal. Forget that his divine sea was sealed, even normally, it was impossible to break free too.

"Become a ghost? *Hehe*, you need to have a chance to become a ghost too! Bring him away!"

Yu Jinsong waved his sleeves grandly, the guard escorted Jiang Jadehall and marched for the execution grounds.

Jiang Jadehall was being sent away, his face ashen.

He hated Yu Jinsong, he hated his inability!

But he was completely powerless to change anything.

"Ye Yuan, you ... shouldn't have come!" Two rows of hot tears flowed down his face.

...

There had never been a lack of those who wanted to watch the fun. Currently, Heavenly Grove Plaza was long already packed full of people, nowhere to find a foothold at all.

"Really can't understand why executing a puny little patrolling inspector has to cause such a big commotion."

"*Heh*, you don't know this, right? Do you know who was the girl who was rescued, slaughtering their way out of Carefree Grove? It's this Jiang Jadehall's daughter! This show today, the real interest of the drunkard isn't in the wine!"

"You're talking about that Ye Yuan? Terrific lad, that's a god! A Fifth Firmament Celestial Deity and he actually slew Lord Fang Kun, truly remarkable."

"A shame! This scheme that Young Master Yu came up with today, even if Ye Yuan knows that it's a pit, he has to jump too! Unless, he doesn't want to save Jiang Jadehall anymore."

...

The matter of Ye Yuan causing a disturbance in Carefree Grove was no longer some secret long ago. It caused a huge stir in the city.

Curious folks naturally clawed out the whole sequence of events.

Originally, an insignificant patrolling inspector. But now, because of Ye Yuan's trouble-making, the degree of focus was extremely high.

Today, so many people came, wanting to see whether Ye Yuan dared to come or not.

Yu Jinsong sat on the seat of honor with a relaxed look.

"Discovered Ye Yuan yet?" Yu Jinsong said to the protector behind him.

This Wang Hu was precisely the leader of the four great protectors who had once fought with Ye Yuan before.

Hearing Yu Jinsong's question, Wang Hu shook his head and said, "Reporting to Young Master, didn't discover traces. Young Master, we put on such a grand line-up, so he ... probably don't dare to come, right?"

Yu Jinsong smiled and said, "This kid has been friends with Jiang Jadehall for several hundred years, their friendship very close. This time, for Jiang Jadehall's sake, he barged into Carefree Grove alone and rescued Jiang Haitang. It can be seen how important he views Jiang Jadehall. Therefore, there's no way he doesn't come! You continue investigating. Once you discover his trace, don't act rashly and alert the enemy. Tell me immediately."

"Yes, Young Master." Wang Hu received the order and left.

In order to capture Ye Yuan, Yu Jinsong laid down an inescapable net today.

Today, the city guards present were all elites among elites. Not only were their strengths formidable, but the power of their combined attacks were also extremely powerful.

Apart from this, he even brought a bunch of late-stage Celestial Deity Realm powerhouses, dispersed in all directions of the plaza.

The moment Ye Yuan appeared, this dense large web would directly pounce on Ye Yuan and kill him.

As for the three True God Realm powerhouses, they were also hidden in various areas of the plaza at this time.

Among these three True Gods, there were two First Firmament True God and one Second Firmament True God. It could be seen how highly he regarded Ye Yuan.

He had absolute confidence that as long as Ye Yuan dared to show face, he absolutely could not escape.

Suddenly, three figures barged into the execution ground.

When Yu Jinsong saw the arrivals, he could not help revealing a look of amusement. Getting up, he bowed and said, "Little Nephew Jinsong pays respect to Academy Head Fei!"

The person in front had a very powerful aura, he was actually a True God Realm powerhouse.

Bystanders did not know him, but Yu Jinsong naturally recognized him. He was called Fei Mingtian, one of Kongming Academy's assistant academy heads.

Following behind Fei Mingtian were Flowing Wind Establishment's establishment head Li Zian, and assistant establishment head, Song Yancai.

Fei Mingtian nodded his head and said, "Not seeing for several years, Honorable Nephew Yu's realm improved considerably again!"

Yu Jinsong smiled and said, "Academy Head Fei is too kind! Little Nephew is currently carrying out the City Lord Manor's law, I wonder what Academy Head Fei came for?"

Fei Mingtian's face fell. Yu Jinsong's words concealed a needle in wool, blocking him dead with one sentence.

Since Yu Jinsong dared to frame Jiang Jadehall, he naturally would not give people a handle and had long created sufficient ironclad proof.

Otherwise, the Kongming Academy would not go so far as to not make any noise at all.

Fei Mingtian said coolly, "Honorable Nephew Yu, Jiang Jadehall is at any rate from the Kongming Academy. Can you give our academy face and spare his life?"

Yu Jinsong laughed when he heard that and said, "Academy Head Fei's words aren't right! Although Jiang Jadehall originated from the Kongming Academy, he works in the City Lord Manor now. For so many years, the City Lord Manor also spent large amounts of cultivation resources on him, but he didn't think to repay it, and actually assassinated me! This kind of person, if he isn't sentenced to death according to the law, what will my City Lord Manor use to manage the Nine Pledge Imperial Capital?"

Fei Mingtian's brows furrowed slightly, Yu Jinsong's words were flawless, he could not find any words to refute at all.

Although Flowing Wind Establishment was the place where Kongming Academy managed imperial cities, it was too inferior to show in public.

On the surface, all of the imperial cities were under the City Lord Manor's name.

"In that case, there's no leeway to maneuver? If I were to forcefully bring him away?"

The imposing momentum on Fei Mingtian's body gradually grew. Horrifying world power crushed over toward Yu Jinsong. Clearly, he was already angered.

But Yu Jinsong was completely fine as he said with a faint smile, "Academy Head Fei's emotion, this lowly nephew naturally understands. It's just that the law is the law, nobody can violate it, right? If Academy Head Fei were to really take action, I'm afraid that Lord Father will be making a move. Academy Head Fei wouldn't think that Lord Father knows absolutely nothing about today's matter, right?"

Fei Mingtian's expression changed. Yu Jinsong's father was naturally City Lord Yu Wenfeng, his strength unfathomable.

This punk actually used the city lord to threaten him!

Kongming Academy originally thought that by sending a True God powerhouse to act in capacity, Yu Jinsong should give face.

Who knew that Yu Jinsong's attitude was actually so decisive.

Yu Jinsong looked at Fei Mingtian and said with a light smile, "Academy Head Fei, not that this lowly nephew isn't giving face, but that the law beats everything! Kongming Academy is also a part of Nine Pledge Imperial Capital, producing such a treacherous traitor, shouldn't Academy Head Fei observe the execution then?"

### [Unrivaled Medicine God](#)

#### **Chapter 1905: Doing Something Difficult Effortlessly**

Fei Mingtian was angered until he trembled all over, but he was powerless to do anything.

His identity was extraordinary. Once he really made a move, that was thoroughly falling out with the City Lord Manor.

Fei Mingtian gave a cold snort, flicked his sleeves, and left.

But he did not leave. He simply retreated to one side to observe the execution from the sidelines.

"Academy Head Fei, what should we do now?" Li Zian asked.

Fei Mingtian let out a sigh and said, "This matter isn't easy to handle! Our Kongming Academy is in a disadvantageous situation to begin with. The City Lord Manor is probably ... hoping exactly for us to lose all decorum with them right now!"

Li Zian said, "Then ... what about Ye Yuan? If we don't save Jiang Jadehall, he probably won't be willing to drop the matter."

Fei Mingtian shook his head and said, "I hope that he isn't rash!"

Time slowly trickled by, there were no signs of Ye Yuan showing up.

Yu Jinsong got somewhat tired of waiting and said coolly, "Carry out execution!"

His subordinate said in a clear voice, "The hour is up, execute!"

The executioner received the order, carried a knife, and came before Jiang Jadehall.

All executioners used special magic weapons to carry out a death sentence.

To Divine Dao powerhouses, even if their heads were chopped off, they would not die either.

Unless one's comprehension in the power of laws was very deep, wrecking all of their life-force, that was how they could be killed.

The executioner's strength was not too strong, he naturally did not have this ability.

Yu Jinsong suddenly stood up and said in a clear voice, "Ye Yuan, I know that you're here. Aren't you very impressive? So why don't you dare come out anymore? Or is it that you took a fancy to Jiang

Haitang and only saved her and not her father? Gutless coward, come out if you have the capability! Still not coming out, Jiang Jadehall will be dead!”

Jiang Jadehall’s face changed, and he roared angrily, “Ye Yuan, you mustn’t come out! Thank you for saving Haitang, I already have no ties left! They laid down an all-encompassing net, just waiting for you to show up. You mustn’t come out!”

A hint of a cruel smile flashed across the corners of Yu Jinsong’s mouth. Jiang Jadehall’s words would only stimulate Ye Yuan to appear.

“I’m here!” Right at this time, a voice suddenly sounded out.

Except, this voice was too near as if it was beside his ear.

Suddenly, Yu Jinsong felt his scalp tingle. A feeling of incredible danger welled up in his heart and he instinctively wanted to escape.

However, it was already too late!

A figure suddenly appeared beside him, blue fine-lines suddenly wrapped over toward him!

Scheming against the unguarded, how could Ye Yuan give him the chance to escape?

Yu Jinsong fell into the Divine Vestige Space without the slightest surprise!

Very soon, the Divine Vestige Space dissipated. A sword was pressed on Yu Jinsong’s neck.

In this short while, Ye Yuan already sealed Yu Jinsong’s divine sea.

Everyone looked over but discovered that Ye Yuan was actually wearing the outfit of an ordinary city guard on him.

Turns out that he actually hid inside the city guard army.

Furthermore, his target was not Jiang Jadehall at all but Yu Jinsong!

This scene happened too quickly, swift until everyone did not react to it and Yu Jinsong already became a captive.

Yu Jinsong was a Ninth Firmament Celestial Deity powerhouse. No one would have expected that he actually did not even have the strength to resist and was restrained by Ye Yuan.

The city guards were very near Yu Jinsong. This bit of distance was merely the distance of a blink of an eye to Ye Yuan.

And with Yu Jinsong’s strength, it was impossible for Ye Yuan to succeed with one strike too.

Hence, he had long planned it out, using the Divine Vestige Space to restrain the other party.

This series of means was done in one go, not giving those three great True God powerhouses any time to react at all.

Fei Mingtian looked at Ye Yuan with an astonished look, full of disbelief.

No one could have thought that Ye Yuan would actually think of using such a method to save Jiang Jadehall.

“This boy is bold and meticulous in thinking, his talent surpassing others, truly terrifying!” Fei Mingtian said in shock.

*Bang!*

Three terrifying auras rose to the sky. The three great True God powerhouses who were lurking nearby finally showed their faces.

The three people surrounded Ye Yuan tightly but did not dare to step forward.

There was an uproar all around. Only then did they know that in order to deal with Ye Yuan, the City Lord Manor actually sent out three True God powerhouses.

Furthermore, one of them was even a Second Firmament True God!

It was just that these three great True God powerhouses did not even have a chance to make a move and Yu Jinsong was already kidnapped from under their eyelids.

This means was simply inconceivable.

Yu Jinsong laid down an all-encompassing net, wanting to capture Ye Yuan. In the end, he failed to capture him and got himself ensnared instead.

The three great True God powerhouses actually became ornaments.

That Second Firmament True God powerhouse said, “Brat, hurry up and let go of Jinsong. I’ll spare you from death!”

Ye Yuan looked at him with eyes like looking at an idiot and immediately gave Yu Jinsong a slap.

*Smack!*

A crisp sound could be heard clearly in the entire plaza.

Quite a number of people all touched their own faces unwittingly as if this slap was slapped on their faces.

“This slap is dealt for Haitang!” Ye Yuan said coolly, not having the slightest hint of emotion.

A slap landing, half of Yu Jinsong’s face already swelled up badly.

“You ... You dare to hit me?” Yu Jinsong’s words were unclear, his eyes when looking at Ye Yuan was full of disbelief.

*Smack!*

What answered him was a second slap.

“This slap is for Brother Jiang! These two slaps are tentatively the interest. Your dog-life, I’ll take it. Now, let him go!” Ye Yuan said coolly.

People looked at Ye Yuan with worshipping faces.

Too domineering!

If not for seeing it with their own eyes, they totally would not dare to believe that someone could toy with the entire City Lord Manor in the palm of their hand.

This composure, this strength, this easy accomplishment of a difficult matter as if it was easy, was absolutely not what ordinary people could achieve.

Two slaps thrashed Yu Jinsong until he became a pig head.

Jiang Jadehall looked at Ye Yuan blankly, as if he did not recognize him.

Not seeing for several hundred years, Ye Yuan's strength was actually horrifying to such a degree already.

After hearing Yu Jinsong's words, Jiang Jadehall was worried that he implicated Ye Yuan.

But who knew that Ye Yuan actually played something like this, capturing Yu Jinsong to be a hostage.

"Ye Yuan, you can't escape!" Yu Jinsong said unclearly.

"With you around, why would I not be able to escape?" Ye Yuan said coolly.

"L-Letting go of Jiang Jadehall, what if you kill me? I can let go of him, but you must swear a Heavenly Dao Oath that you absolutely can't kill me!" Yu Jinsong said.

Ye Yuan nodded his head and said, "Can!"

Ye Yuan did not plan on killing Yu Jinsong in the first place. He also knew that he could not kill him.

Capturing him was just in order to save Jiang Jadehall.

Very soon, Ye Yuan swore the Heavenly Dao Oath. This made Yu Jinsong's heart ease up.

"L-Let him go!" Yu Jinsong issued the order.

Jiang Jadehall's handcuffs and anklets were released. The him who regained freedom anew felt like he was dreaming.

"Get lost!" Ye Yuan said to the three great True God powerhouses.

The three great powerhouses were wary in taking action for fear of implications and could only open up a path.

Ye Yuan pushed Yu Jinsong and arrived on the execution grounds, and said to Jiang Jadehall, "Brother Jiang, Ye Yuan came late and let you suffered! I've let you and Haitang down."

Jiang Jadehall shook his head and said, "What's what I owe you! For you to be able to do things to this extent for Elder Brother, I didn't become brothers with you in vain!"

[Unrivaled Medicine God](#)

**Chapter 1906: Conditions**

Outside the city, there was a densely packed army. Three great True God powerhouses were at the front.

Ahead, Ye Yuan's sword detained Yu Jinsong, bringing Jiang Jadehall falling back.

"Brat, we've already let him go and you're still not letting him go, aren't you afraid of Heavenly Dao's backlash?" That Second Firmament True God said in a solemn voice.

Ye Yuan said coolly, "You all followed all the way, isn't it to wait to kill me after I let him go?"

*"Humph!* Do you think that you can escape? The monk can run, but the temple can't run! Unless you disregard the life and death of Heavenly Eagle Imperial City!" Yu Jinsong said with a cold smile.

Ye Yuan already swore a Heavenly Dao Oath, so he was not afraid that Ye Yuan would not let him go. Hence, he also became brazen and unbridled.

Ye Yuan's bottom-line, the City Lord Manor had long investigated it inside out. Yu Jinsong knew that using this to threaten Ye Yuan was definitely useful.

Who knew that Ye Yuan replied coolly, "You can send people to destroy Heavenly Eagle Imperial City, I'm powerless to stop it too. But, starting from today, you'll have to keep your nerves constantly tensed. Otherwise, maybe someday, you'll become a deceased soul under my sword."

Yu Jinsong's face fell and he said in a cold voice, "You're threatening me? Do you know how many True God powerhouses my City Lord Manor has?"

Ye Yuan was still calm as he said, "I'm just expounding a fact. There were many True God powerhouses present today too, but they failed to protect you."

The moment these words came out, not just Yu Jinsong, those few True God powerhouses also had awkward faces.

Yu Jinsong's expression flickered incessantly. He was really scared.

Ye Yuan came and went like a shadow. Furthermore, he was extremely adept in spatial law. It was truly impossible to guard against.

What was more terrifying was that blue space!

After he was taken into the Divine Vestige Space by Ye Yuan, his entire person did not have any strength to resist at all.

The various kinds of powers of law that he grasped actually all lost effect!

That feeling of powerlessness still made him have lingering fear in his heart until now.

He did not wish to experience that sort of feeling again!

At the thought of being stalked everyday by such a bizarre person, Yu Jinsong unwittingly felt chills up his spine.

Yu Jinsong gnashed his teeth in hatred and said, "You! Consider yourself ruthless!"

Bureaucratic play and trickery, resorting to schemes and intrigues, it had always been his, Yu Jinsong's, forte. He had never failed before.

Did not expect that today, all of his methods were cracked by this mysterious Ye Yuan. This made him extremely vexed in his heart.

Suddenly, the tip of Ye Yuan's eyebrows moved, and he said coolly, "Since you came, why do you not dare to show up openly?"

No one answered him. Those city guards looked around, but could not see any figure and even thought that Ye Yuan ate the wrong medicine.

Even those few True God powerhouses were also at a loss.

Ye Yuan pinned Yu Jinsong, his figure moving slightly, appearing somewhere else.

"Still not appearing?" Ye Yuan said again.

Suddenly, two figures emerged.

A black-robed middle-aged man and a gray-robed old man.

"C-City Lord Your Excellency!"

"Lord Academy Head!"

City Lord Manor's Second Firmament True God and Fei Mingtian cried out in surprise at the same time.

Arriving here, Fei Mingtian naturally followed too.

These two were none other than precisely the Nine Pledge Imperial Capital's city lord, Yu Wenfeng, as well as Kongming Academy's academy head, Li Kongming!

Li Kongming looked at Ye Yuan, a hint of surprise flashing across his eyes as he said, "A fine young man. Looks like your attainment in spatial law is much stronger than this academy head imagined!"

Everyone all looked at Ye Yuan with incredible shock. They were very puzzled how Ye Yuan discovered these two apex figures.

One had to know, even those True God powerhouses did not have the slightest clue about these two people's arrival!

Especially those few True God powerhouses, they even looked towards Ye Yuan in great shock.

Ye Yuan was able to discover Yu Wenfeng and Li Kongming, but they could not. This showed that Ye Yuan's attainments in spatial law were far above theirs.

But Ye Yuan was just Fifth Firmament Celestial Deity!

Ye Yuan ignored Li Kongming. He said to another area of the void, "If I didn't guess wrongly, the one hiding there is Pavilion Lord Linghua, right?"

Everyone was alarmed again. No one could have thought that Pavilion Lord Linghua also came personally!

Yu Wenfeng's and Li Kongming's faces changed slightly. They actually did not notice that there was still a person hiding in the void.

Concealing within the void, this was an extremely high-level concealment method.

Its degree of concealment was naturally greatly related to the martial artist's application of spatial law.

Cultivation reaching the True God Realm, one's small world was already very complete. The spatial law perceived through the small world would naturally be all the more powerful too.

It was just that the application of spatial law also differed from person to person.

Even for people in the same realm, there was a huge difference too.

Yu Wenfeng and Li Kongming had already discovered the other party long ago. It was just that they did not even discover Pavilion Lord Linghua. This showed that Pavilion Lord Linghua already surpassed them in this aspect.

Of course, this was just a minor trick to powerhouses of their level.

They concealed in the void, unable to give away any aura. Once there was any activity, the other party would detect it. Even using it to sneak attack would not do as well.

But even so, Pavilion Lord Linghua also became all the more mysterious because of this.

To powerhouses of this level, any hint of subtle difference could have the possibility of turning into victory.

This concealment method was the hardest to discover.

But the three of them, not a single one was actually able to escape Ye Yuan's arcane sights!

How could everyone not be shocked?

The black-robed Pavilion Lord Linghua slowly revealed his figure. It was just that he was hidden in the black robe, unable for the others to see him clearly.

"Young man, you're really great! Do you have an interest in joining my Linghua Pavilion?" Pavilion Lord Linghua slowly said.

Yu Wenfeng's and Li Kongming's expressions changed. No one could have expected that Pavilion Lord Linghua solicited the moment he opened his mouth.

"Ye Yuan, you mustn't! Kongming Academy is your home!" Li Kongming hurriedly said.

Yu Wenfeng also spoke up, "Ye Yuan, as long as you join the City Lord Manor, the matter today will be written off, I'll confer you the land of a hundred cities!"

When these words came out, the audience burst into an uproar!

Land of a hundred cities, how much resources did it possess? How many martial artists did it also possess, and how powerful of a faction could be developed?

To martial artists, this was absolutely an irresistible temptation!

As long as Ye Yuan agreed, he would virtually be equivalent to the lord of a small imperial capital.

Originally they thought that the three great apex powerhouses came out in order to go to war with Ye Yuan, but they did not expect that it was actually this situation.

“Father, I ...”

“Shut up! It’s none of your business here!”

Yu Jinsong was just about to speak when he was cut off by Yu Wenfeng heartlessly.

Ye Yuan looked at Pavilion Lord Linghua and said coolly, “Want me to join Linghua Pavilion, it’s also not impossible. But I have a condition!”

“What condition?”

Everyone’s hearts leaped up, especially Yu Wenfeng and Li Kongming’s.

“Hand Rong Xiyue over to me!” Ye Yuan said coolly.

Pavilion Lord Linghua fell silent for a moment and spoke up, “You can change to another condition!”

Ye Yuan waved his hand and said coolly, “I’m only stating the condition, whether to agree or not is up to you.”

Finished talking, he turned to Yu Wenfeng and said coolly, “I don’t want the land of a hundred cities. I only want Yu Jinsong’s life! If you agree, I’ll join the City Lord Manor!”

### [Unrivaled Medicine God](#)

#### **Chapter 1907: A Very Formidable Alchemist**

“What did you say?!” The moment Yu Jinsong heard this, he immediately exploded.

But Ye Yuan could not be bothered to look at him. He stared straight at Yu Wenfeng, being not the slightest bit afraid.

But Ye Yuan’s boldness also made everyone tongue-tied.

He did not even want the land of a hundred cities and just wanted Yu Jinsong’s life, truly broad-minded!

Of course, there were also many people who felt that he was stupid.

But Jiang Jadehall by the side was touched, understanding that Ye Yuan was venting this frustration for them father and daughter here.

The land of a hundred cities, what kind of power and influence, how glorious was that? Yu Wenfeng really put forth the blood capital in order to rope in Ye Yuan.

But Ye Yuan did not even bat an eyelid and refused.

Yu Wenfeng frowned and said, “Otherwise than this, everything else can be discussed.”

Ye Yuan shook his head and said coolly, “It’s me stating terms now, not you!”

Yu Wenfeng's face changed and he said with a cold snort, "Brat, do you really want to suffer the wrath of my City Lord Manor? Do you know what that means?"

*"Humph!* Yu Wenfeng, do you really think that you're impressive? I, Li Kongming, am protecting Ye Yuan!" Li Kongming said with a cold smile.

With his shrewdness, how could he let go of this chance?

The two conditions that Ye Yuan stated, it was impossible for those two to agree.

Then, Ye Yuan could only choose the Kongming Academy.

Ye Yuan gave Li Kongming a glance and said coolly, "You don't need to waste your efforts either, I won't go to the Kongming Academy."

Li Kongming's expression changed, and he asked, "W-Why? Do you know what consequences there will be without my Kongming Academy's protection?"

*"Hahaha!* Li Kongming, messing around for half a day, you were merely under the hallucination that the other party was willing! He doesn't buy it at all!" Yu Wenfeng laughed loudly when he heard that.

Ye Yuan said coolly, "You guys don't think too highly of yourselves either. I, Ye Yuan, don't need anyone's protection. I came to Nine Pledge Imperial Capital only for the sake of saving Brother Jiang. Now that the matter has already been accomplished, I can't be bothered to get involved in the affairs between you guys."

The surrounding was silent, they were all stunned by Ye Yuan's words.

Arrogant!

Too arrogant!

Facing a bunch of True God powerhouses, Ye Yuan actually dared to say this kind of words, this was simply courting death!

Did this boy have a problem with his head, or did he really have some reliances?

In the land of imperial capital, True God powerhouses were sovereign-like existences. Ye Yuan actually made them not think of themselves as a big deal!

This kind of word was simply high treason.

And he himself was merely a puny little Fifth Firmament Celestial Deity.

The three great powerhouses were all taken aback when they heard it. Immediately, Yu Wenfeng laughed loudly and said, "Brat, do you know who you're talking to?"

Ye Yuan replied coolly, "I naturally know!"

Yu Wenfeng laughed from extreme rage and said, "Alright then, this seat wants to see what confidence you have to say this kind of words!"

No one could have expected that Ye Yuan actually slowly nodded his head and said, "You can give it a try."

As he said, Ye Yuan pushed Yu Jinsong, directly throwing him out.

Everyone was stunned, was Ye Yuan returning the hostage to the opponent?

How were they going to fight?

A City Lord Manor's True God powerhouse hurriedly made a move and caught Yu Jinsong.

Finally escaping Ye Yuan's control, Yu Jinsong pointed at Ye Yuan and roared angrily, "Father, kill him! Kill him!"

*Bang!*

Yu Wenfeng directly smacked a palm out. Horrifying energy undulation crushed over towards Ye Yuan.

"Brother Jiang, follow me!"

Ye Yuan grabbed the collar of the Jiang Jadehall whose complexion turned white, his figure moving, vanishing from where he stood.

Yu Wenfeng's horrifying palm immediately struck thin air.

The group of powerhouses suddenly cried out in surprise, "Spatial shift!"

They all knew that Ye Yuan's spatial law was rather powerful, but they did not know that it already reached such a degree.

"No wonder! No wonder he could slaughter his way through inside the Carefree Grove! Turns out that his spatial law is already comprehended to the fourth firmament!"

"Not only that! He already fused Sword Dao law and spatial law, this talent is too terrifying!"

"Turns out that this is his confidence, turns out that he's already established in an undefeatable position!"

...

Amidst the wave of exclamations, Ye Yuan's figure emerged once more.

The place where he stood was just nice between the three great powerhouses.

That bout of tune-up previously, actually, Ye Yuan had long calculated it.

Once these three people unleashed attacks, he would be able to shift away at once, avoiding the three people's attacks.

Otherwise, how could he put himself in a perilous situation?

Therefore, when Yu Wenfeng unleashed his attack, Ye Yuan evaded it at the first moment.

Facing off with the three great powerhouses from far away, Ye Yuan stood proudly, giving people a feeling of extreme trance.

Ye Yuan was clearly just an unassuming Fifth Firmament Celestial Deity, but in terms of aura, he actually did not lose to the three great Third Firmament powerhouses.

Ye Yuan looked at Yu Wenfeng and said coolly, "Now, you saw my confidence?"

Yu Wenfeng gave a cold snort and said, "So what? Is it possible that you think this seat can't do anything to you because you know spatial shift?"

Ye Yuan said coolly, "I know that the speed of a True God powerhouse is exceedingly fast, comparable to spatial shift. But, if I didn't have confidence in my own speed, do you think that I'd stand here to talk and chat with you? If you don't believe me, you can give it another try."

That bout just now, Yu Wenfeng did not go all out. Ye Yuan did not use his full strength either.

At present, Ye Yuan's cultivation grew deeper with each passing day. His comprehension of spatial shift also gradually deepened. The ability of spatial shift was no longer what it had been a long time ago.

Even when facing True God powerhouses, he had the capital to escape too.

As long as he avoided the world power of True God powerhouses, however vast the world was, he could roam as he pleased!

Of course, if the space to display it was insufficient, once he fell into the world domain of a True God powerhouse, then he would be in danger.

Hence, he captured Yu Jinsong as a hostage and retreated to outside the city. It was in order to avoid the world domains of these True God powerhouses.

Everything was long within his calculations.

If he did not plan out a route of retreat for himself, how could he dare barge into Nine Pledge Imperial Capital by himself and rescue Jiang Jadehall alone?

Yu Wenfeng's expression was livid. It was already disgraceful enough that he, an exalted middle-stage True God, took action, and actually could not take down a puny little Fifth Firmament Celestial Deity.

Now, he would not attempt again rashly.

And now, he also understood Ye Yuan's intentions.

The place where ye yuan stood was just nice outside of the place that his world power was able to reach, making him extremely upset.

The Pavilion Lord Linghua who had been silent all along suddenly spoke up, "What a terrific lad, interesting! Interesting! It's just that you can escape, but can Heavenly Eagle Imperial City escape?"

Ye Yuan was not surprised, Heavenly Eagle Imperial City was Nine Pledge Imperial Capital's subsidiary. It was too easy for them to want to investigate his relationship with Heavenly Eagle.

He looked at Pavilion Lord Linghua and said coolly, "Indeed, I'm currently powerless to stop you all from destroying Heavenly Eagle. But you all similarly can't catch me either. You guys remember this for me; as

long as you all dare to touch Heavenly Eagle, I'll completely destroy your three major factions in less than 500 years!"

These words, Ye Yuan said them casually. But the killing intent in that voice was clear to anyone.

"*Heh*, you, brat, are really confident! 500 years and you want to eradicate us?" Yu Wenfeng said with a cold smile.

Clearly, he did not believe it.

Ye Yuan looked at him and said coolly, "If I'm willing maybe it won't need 500 years. Don't you all forget, I'm also an alchemist! A very formidable alchemist!"

### Unrivaled Medicine God

#### **Chapter 1908: When One Man Attains Dao, His Fowls and Dogs Ascend to Heaven Too**

"A very formidable alchemist? *Heh*, how formidable can you be? Could it be that you can even refine rank six divine pills?" Yu Wenfeng said with a cold smile.

Five-star Alchemy Gods were everywhere in the imperial capital. There were also quite a few formidable ones.

He did not believe how formidable Ye Yuan, a Five-star Alchemy God, could be.

The incident of Lin Changqing causing a great disturbance at Heavenly Eagle happened recently. Ye Yuan came too quickly, the news had not spread to the imperial capital.

Of course, this was also because Wu Tian this inspector was finished off, the transmission of information also slowed down a lot.

If they knew that Ye Yuan directly threw away a Sun Moon Azure Sky Pill, they would definitely cuss Ye Yuan out for being a prodigal son.

*Swoosh! Swoosh! Swoosh!*

Ye Yuan casually threw out three small bottles, flying straight for the three great powerhouses.

The three people caught the small bottles and took a look, pupils constricting.

Following that, they used incomparably shocked gazes to look at Ye Yuan.

Although it was not Sun Moon Azure Sky Pill this kind of heaven-defying medicinal pill, the medicinal pills that Ye Yuan took out were also sufficient to awe them.

After all, what Ye Yuan took out were vast spirit divine pills!

"Brother Jiang, let's go!"

Finished talking, Ye Yuan turned around and left.

Everyone used baffled gazes to look at those three.

They did not know what kind of medicinal pills could actually make the three great powerhouses have such a loss in composure.

“Father, they are gone!” Yu Jinsong roared angrily.

*Smack!*

A clear slap echoed out, Yu Jinsong was directly slapped flying.

“Tie this unfilial son up for me and bring back!”

Done talking, his figure moved, disappearing.

Li Kongming and Pavilion Lord Linghua similarly disappeared.

Everyone had dumbfounded looks, completely not knowing what happened.

Three medicinal pills actually made the three great powerhouses’ attitude have such an upheaval transformation.

Everyone knew that Yu Jinsong was Yu Wenfeng’s most precious son. Now, he actually wanted to tie Yu Jinsong up.

This Ye Yuan was truly terrifying.

...

This raiding incident of the Nine Pledge Imperial Capital’s execution ground came to a conclusion just like that.

But Ye Yuan became Nine Pledge’s legend.

A Fifth Firmament Celestial Deity caused a big disturbance in an imperial capital and made a full retreat.

More importantly, the three major factions actually did not have anyone denounce Heavenly Eagle Imperial City.

Before long, another news spread to the three major forces.

Not long ago, an Empyrean powerhouse had once slaughtered his way to Heavenly Eagle Imperial City and in the end, returned in defeat.

There was even a little interlude in-between; Ye Yuan took out a vast spirit Sun Moon Azure Sky Pill!

These two news were akin to a bolt out of the blue, shocking the three major factions.

Very soon, a piece of news that made people even more shocked came out of City Lord Manor.

Ye Yuan was appointed as the new Southridge Ten Cities’ patrolling inspector!

Furthermore, Ye Yuan this patrolling inspector did not need to offer tributes to the imperial capital and did not need to report his work to the imperial capital!

Listening neither to orders nor serving!

The moment this order came out, the entire Nine Pledge Imperial Capital was shaken.

This was equivalent to Ye Yuan becoming Southridge Ten Cities' absolute sovereign, acquiring territory and becoming king.

In reality, the Southridge Ten Cities consisted of just ten very poor imperial cities, merely a single hair from nine oxen for the Nine Pledge Imperial Capital.

But this matter had never happened before in the history of Nine Pledge Imperial Capital.

The moment the news came out, the entire Heavenly Eagle Imperial City rejoiced.

Ye Yuan was originally Heavenly Eagle's god-like figure. At present, Head Elder becoming the patrolling inspector, their days in the future would get much better.

One had to know, the imperial city's yearly tributes was a very horrifying sum.

To a barren place like Heavenly Eagle, this was a tremendous burden.

It was also because of this that Heavenly Eagle's overall strength had not been able to improve all along.

After Ye Yuan took on the post of patrolling inspector, it greatly reduced the tax burden. This was something that made all martial artists indebted. Southridge's martial artists' love and support for Ye Yuan reached the peak for some time.

However, there was also an awkward matter.

Following the arrival of Leng Qiuling and the others, the positions of Zuo Shujie and the few of them Celestial Deity powerhouses became awkward.

White Light obtained the White Tiger true blood, his strength advancing at a tremendous pace, already broken through to middle-stage rank five.

Ning Tianping's strength also already broke through to the Fourth Firmament Celestial Deity Realm.

Leng Qiuling went even more without saying, she refined some more Vermilion Bird true blood and already broke through to late-stage Celestial Deity Realm presently, reaching the Seventh Firmament Celestial Deity Realm.

In contrast, the position of Zuo Shujie, this city lord, appeared awkward.

However, Ye Yuan brought out a large batch of spirit medicines when he came out of the Void spirit. The low-grade spirit medicines that he gave Zuo Shujie they all to consume were naturally not few.

Under Ye Yuan's assistance, Zuo Shujie and the rest broke through realms one after another.

On this day, Zuo Shujie broke through to the Third Firmament Celestial Deity Realm and immediately came to find Ye Yuan.

"Zuo Shujie thanks Your Excellency! If not for Your Excellency, Shujie probably won't be able to break through to be a Third Firmament Celestial Deity in this lifetime!" Zuo Shujie prostrated on the ground as he said.

One's personal affairs, one would be aware. Zuo Shujie knew that his potential had long been exhausted. It was totally impossible to break through to be a Third Firmament Celestial Deity.

But a medicinal pill from Ye Yuan let him gain a new lease on life. Not only did he break through to Third Firmament Celestial Deity Realm, it even stimulated his potential once again.

He sensed that he could still continue comprehending Heavenly Dao now and even break through to the Fourth Firmament Celestial Deity Realm!

This was what he did not dare to think at all prior to this.

And this was also precisely the powerful aspect of void spirit, vast spirit divine pills.

One had to know, a mere rank five divine pill moved even Lin Changqing, this Empyrean powerhouse who came from a Heavenly Emperor Bodhimanda!

Zuo Shujie was clear in his heart that this kind of medicinal pill used on him was simply a wanton waste of God's good gifts.

Letting those geniuses take it was making the best use of things.

But Ye Yuan gave it to him without the slightest hesitation!

Hence, toward Ye Yuan, Zuo Shujie was still grateful apart from gratefulness.

"What's Brother Zuo saying? Back then, without your care, there also won't be today's Ye Yuan. This trivial matter isn't worth mentioning. In the future, you will realise this is simply a small matter. Your realm also absolutely won't stop at Third Firmament Celestial Deity!" Ye Yuan said smilingly.

When Zuo Shujie heard that, he was agitated until he trembled all over.

Yeah, what did this count for to Ye Yuan?

As the saying went: when one man attained Dao, his fowls and dogs ascended to heaven too. It was talking about this, right?

"Thank you, Your Excellency! Your Excellency, this Zuo came today, apart from thanking Your Excellency, I also want to resign from the position of city lord!" Zuo Shujie said.

Presently, Ye Yuan was no different from a local tyrant. The appointment of city lord, he naturally had the final say.

Ye Yuan knew what Zuo Shujie was thinking in his heart and said with a wave of his hand, "Brother Zuo, you don't need to be like this. You still are the city lord! This position of city lord is also not whoever's realm is higher can be. The tricks involved, they can't figure it out in a short while either. This city lord, it's most suitable for you to be. Brother Zuo, I, this patrolling inspector, was also forced into doing what's beyond me, there are many things that are too complicated and difficult to unravel. You're also aware, my ambition doesn't lie here. These secular affairs, hope that Brother Zuo can share my burden."

Ye Yuan said it very sincerely, filling Zuo Shujie with fear and trepidation.

He naturally knew Ye Yuan's ambition. How could a puny little Southridge Ten Cities trap him?

It was just that, looking at it now, Ye Yuan was planning on making this place into his base. This made Zuo Shujie very happy.

“Since Your Excellency said so, then ... this Zuo will thicken my face and continue holding the post!”

The two people were currently talking when Ning Tianping suddenly came in to report. He said, “Your Excellency, there’s a powerhouse outside who says that he’s your disciple and wants to meet you.”

### Unrivaled Medicine God

#### **Chapter 1909: Crazy Idea**

“Disciple?”

Ye Yuan frowned and could not come up with anything after thinking for a long time. When did he take in a disciple?

But, thinking about it, it also seemed like no one dared to come and impersonate as his disciple currently, right?

“Let him come in,” Ye Yuan instructed.

Not long after, Ning Tianping led a young man in, his handsome face like carved jade, elegant and natural.

“Master!” When the young man saw Ye Yuan, he had a look of wild elation on his face, pressing his head onto the ground.

Seeing the other party, Ye Yuan also finally recalled who this disciple was and was immediately overjoyed.

“Bai Chen!”

This young man was precisely the disciple that Ye Yuan took in back then in the Sky Foothill World. It was White Night Sacred Palace’s palace lord, Bai Chen.

Parting for close to a thousand years, Ye Yuan did not expect that he actually came to find him, and immediately felt very warm.

The Ning Tianping and Zuo Shujie by the side both had strange expressions when they saw this scene.

This peak Ninth Firmament Celestial Deity powerhouse actually called master when he saw Ye Yuan. It seemed somewhat strange no matter what.

They naturally did not feel that Ye Yuan did not have the qualification. It was just that the disciple’s realm was even higher than the master’s, this was indeed rather unusual.

Furthermore, this Bai Chen was also too young, to actually already have peak Ninth Firmament Celestial Deity cultivation. It made them feel very odd.

“Tsk tsk, Your Excellency is Your Excellency, even taking in a disciple is so incredible!” Ning Tianping said with vicissitudes of emotion.

“You followed His Excellency for so long, have you seen His Excellency accept disciples before?” Zuo Shujie asked.

Ning Tianping shook his head and said, “Never seen before.”

Zuo Shujie's pupils shrunk and he said in surprise, "Then doesn't that mean that His Excellency already accepted this disciple before coming to Heavenly Eagle? This disciple ... is also too heaven-defying, right?"

Bai Chen's age was even younger than Ye Yuan, how could he have such horrifying cultivation speed?

"*Haha*, quickly get up! I didn't expect that what you refined was actually a peak Ninth Firmament Celestial Deity Dao Fruit, your present realm is actually above mine!" Ye Yuan had a rare bout of hearty laughter.

It could be said that he watched Bai Chen grow up.

To be able to have such accomplishments presently, he was naturally happy.

Peak Ninth Firmament Celestial Deity, although it did not count as some impressive big shot, it was also considered a powerhouse of a region already.

When Ning Tianping and Zuo Shujie heard this, only then did they come to a realization. Turned out that Bai Chen actually refined a Celestial Deity Dao Fruit to cultivate so quickly.

Bai Chen blushed with shame and said, "Master, don't make fun of me anymore. Master's cultivation speed is simply terrifying. In less than a short thousand years, you cultivated from Grotto Profound Realm to your present realm; it's seldom-seen universally! Furthermore, Master still has infinite potential, but I no longer have the possibility of breaking through!"

Talking up to here, a hint of dejection flashed across in Bai Chen's gaze.

To the him back then, Celestial Deity Realm was an existence too lofty to reach, a realm impossible to reach throughout his entire life.

But now, he was the master of Sky Foothill, a Ninth Firmament Celestial Deity powerhouse. His horizons were already different from normal.

In this Heavenspan World, there was still an entirely different world!

Back then, Ye Yuan also warned him before. But at that time, on the one hand, he was forced by the circumstances. On the other hand, he acknowledged that he could not reach his present realm.

But now, when he really fully refined the Dao Fruit, he somewhat felt a sense of loss.

The road was chosen by him, he did not regret it. But the sense of loss in his heart could not be avoided.

Especially after seeing Ye Yuan, this kind of feeling became increasingly stronger.

Seeing Bai Chen's appearance, Ye Yuan also sighed.

Bai Chen's talent was pretty good in the Sky Foothill World. But with his talent, it was very hard to break through to the Celestial Deity Realm.

Refining the Dao Fruit was indeed a very decent choice for him.

But human desire was ever expanding. Who could be willing to never make progress for all their lives?

Moreover, Bai Chen was still so young.

Thinking up to here, a crazy idea suddenly appeared in Ye Yuan's mind.

Did people who refined Dao Fruits really had no hopes of advancing ranks anymore?

Perhaps, perhaps he could invent a medicinal pill that could let people who refined Dao Fruits advance ranks?

As soon as this idea was born, it could not be stopped no matter what.

"Bai Chen, heaven doesn't seal off all paths! Maybe there's still a way. Coming to find me this time, what plans do you have?" Ye Yuan said smilingly.

Bai Chen thought that Ye Yuan was consoling him and just forced a smile.

After Bai Chen refined the Dao Fruit, he discovered that he was unable to comprehend Heavenly Dao anymore. His cultivation also would not have any growth.

No matter how hard he worked, it could not change this result either.

Only then did he know that his master did not bluff him.

There was really no hope at all!

He was different from those people on their deathbeds snatching for Dao Fruits. He was too young.

He was unwilling, so he ran out of the Sky Foothill World, wanting to come to the Heavenspan World to seek out lucky chances.

He came to find Ye Yuan before, but at that time, Ye Yuan already left Heavenly Eagle, his whereabouts not known.

Hence, he started drifting around in the Heavenspan World.

But the more he came into contact with, the more he despaired.

He knew that once refined a Dao Fruit, there was no more possibility of breaking through. Unless one refined an even stronger Dao Fruit.

But this difficulty was too great!

The higher Dao Fruits went, the rarer they got. The chances of appearing were too low.

Furthermore, each time they appeared, there were countless powerhouses who went to snatch it.

Hence, Bai Chen became more and more in despair.

"Master, I wish to stay by your side. If you have anything that you need this disciple to do, this disciple will carry out my obligations!" Bai Chen said.

Bai Chen was very grateful toward Ye Yuan. Without Ye Yuan, he would have long died, let alone become Sky Foothill World's sovereign.

Now, his cultivation realm could still do a little something for Ye Yuan. Another few more years, he probably would not even have the opportunity to do miscellaneous chores for Ye Yuan anymore.

Ye Yuan nodded his head and said, "Tianping, go and call them together, I'll introduce to them this disciple of mine."

Ye Yuan introduced Heavenly Eagle's Celestial Deity Realms, everyone also became acquainted with this disciple of Ye Yuan's.

It was just that in their hearts, everyone still looked down on him, this Ninth Firmament Celestial Deity. It was just that no one expressed it.

Among these people included Ning Tianping, White Light, as well as Leng Qiuling and the rest.

Martial artists who refined Dao Fruits, everyone would have some discrimination in their hearts.

Firstly, this was something earned without any labor toiled. Secondly, this kind of person's potential was already exhausted and it was impossible to break through anymore.

If Bai Chen went to an ordinary imperial city, everyone naturally would not have this kind of thought. But following by Ye Yuan's side, everyone had limitless futures.

Only Bai Chen would never be able to improve.

Hence, even though Bai Chen was presently the highest cultivation realm in Southridge Ten Cities, the number two powerhouse in martial prowess, everyone actually more or less had scorn in their hearts.

This kind of subtle atmosphere, Bai Chen could also feel it himself.

But, for Ye Yuan's sake, he endured it.

Ye Yuan could naturally see it clearly too, but he did not say anything.

This matter, he did not dare to say for certain either. Hence, he did not say it to anyone.

Furthermore, right at this time, Nine Pledge Imperial Capital that side also sent people.

On this day, Nine Pledge Imperial Capital's City Lord Manor sent several martial artists, detaining a prisoner, arriving at Heavenly Eagle Imperial City.

The one in the front was a young man.

This young man was a little older than Yu Jinsong, but he had some similarities with him between his eyebrows.

Seeing Ye Yuan, that young man bowed in salute and said, "I'm Yu Changyun. I come here specially to pay respects to Lord Patrolling Inspector on Father's command."

### [Unrivaled Medicine God](#)

#### **Chapter 1910: Awe**

Among the arrivals, there was not one True God Realm powerhouse.

In Heavenly Eagle Imperial City, apart from that mysterious pink pig, similarly did not have a True God Realm.

The City Lord Manor doing so already expressed sufficient respect toward Southridge.

Of course, everyone was well aware that actually, that was respect toward Lord Patrolling Inspector Ye Yuan.

*"Tsk tsk, those are all the imperial capital's lords! If not for Lord Ye Yuan, how could they possibly come to our backcountry?"*

*"I heard that that person talking with lord Ye Yuan is Nine Pledge Imperial Capital City Lord's son, half-step True God Realm. Even he has to be so polite to our Lord Ye Yuan!"*

*"Heh, Lord Ye Yuan is really too incredible, even True God powerhouses have to conduct themselves based on his expression!"*

...

In the city, bustling streams of people watched Ye Yuan meet with the City Lord Manor's powerhouses with idolizing expressions on their faces.

Ye Yuan swept a glance at Yu Jinsong who was already all bundled up. He then said coolly, "Looks like City Lord His Excellency is very sincere!"

Ye Yuan understood that this tying up was done for him to see. Yu Jinsong did not have any strength to resist at all.

The restriction that he planted on Yu Jinsong, the City Lord Manor was still unable to dispel it until now!

Ye Yuan's chaos divine essence was extremely special in the first place. It even mixed in blue divine marks inside. Even if a True God powerhouse wanted to release it, it was absolutely not an easy matter too.

Yu Jinsong's face no longer had the former pride. It was full of dispiritedness and terror.

Yu Changyun clasped his hands and said, "My younger brother was malicious, resulting in committing a grave mistake. Father ordered me to tie him up and await Lord Patrolling Inspector's sentencing."

Ye Yuan just smiled and said, "Go to the City Lord Manor before talking."

Ye Yuan led the party into the City Lord Manor and sat down as host and guest.

Yu Changyun signaled his subordinate with his eyes. The subordinate got the meaning and brought Yu Jinsong to the hall, letting him kneel down in front of Ye Yuan.

"Father said that this boy is too malicious, resulting in offending Lord Patrolling Inspector. Now, we tie him up here; want to kill or dismember is up to you."

Yu Changyun got up to clasp his hands in salute, his attitude very humble and polite, as if the one kneeling below was not his younger brother.

Ye Yuan said coolly, "With my temperament, even killing him several times isn't enough. But this incident, I'm not the party involved. Killing him or not, I still need to ask Brother Jiang father and daughter to make a final decision."

Jiang Jadehall's entire body trembled, tears pouring out.

Starting from when he was framed and thrown into jail, until escaping with his life now, Jiang Jadehall had never thought that he could personally take revenge.

To him, Yu Jinsong was a figure far removed from the masses.

Wanting to take revenge was far too difficult.

But now, Ye Yuan put the chance in front of his eyes.

He walked toward Yu Jinsong tremblingly, his footsteps carrying a hint of solemnness.

He hated Yu Jinsong to the bones, not because of himself, but because of his daughter.

This animal actually sullied Jiang Haitang's innocence, so how could he get over it?

"Jiang Jadehall, you dare?!" Yu Jinsong sensed the threat of death and roared angrily at Jiang Jadehall.

Jiang Jadehall's expression changed and he actually came to a standstill.

Before this, he, Jiang Jadehall, had always been an insignificant character.

Even if Yu Jinsong was being tied up, he was also an important person with a deep background.

Jiang Jadehall did not dare about himself. He was afraid that killing Yu Jinsong would bring trouble to Ye Yuan.

If tying Yu Jinsong up and bringing him over was just Yu Wenfeng's act of giving face, if he really killed, it would definitely incur considerable trouble.

After all, Yu Wenfeng was a middle-stage True God Realm powerhouse. Once all decorum was lost, the land of Southridge would definitely be plunged into misery and suffering.

"Brother Jiang, don't need to worry about anything. Want to kill or dismember, it is up to you. I can shoulder it!" Ye Yuan said coolly.

Hearing this, Yu Jinsong's expression could not help changing and he roared angrily, "Ye Yuan, you dare to kill me?"

Ye Yuan looked at him and said with a smile that was not a smile, "You're merely a sacrificial piece right now, that's all. Yet you still want to assume the majesty of the tiger? City Lord Yu has not just you, one son. If you died, then you died; so what? If he really wanted to protect you, you also wouldn't show up here today."

Yu Jinsong's expression changed and he said in a solemn voice, "I'm his most outstanding son, he won't abandon me! If you dare to touch me, he'll definitely trample Southridge to the ground!"

Ye Yuan laughed when he heard that and said, "I think that you're mistaken! He didn't send you here because he didn't like you, but because he knows that he can't protect you anymore no matter what! You know, he can't kill me. But before long, I'll be able to kill him. You dying and you all dying together, he chose you dying, that's all."

The talent that Ye Yuan displayed was too strong. No one would doubt whether he could step into the True God Realm.

Taking action against Ye Yuan now, one they could not kill him, what awaited them would be his future crazed revenge.

The reason why Ye Yuan displayed his talent in front of the three great powerhouses was for the sake of astounding them, making them not dare to act rashly without careful consideration.

Moreover, Heavenly Eagle still had an even more mysterious pink pig.

Therefore, Ye Yuan was not afraid of anything!

Yu Wenfeng could only abandon Yu Jinsong right now to get on friendly terms with Ye Yuan.

If he became enemies with Ye Yuan, then when he grew up in the future, the consequences would be catastrophic.

Ye Yuan's analysis made Jiang Jadehall's eyes become bright.

He understood, the present Ye Yuan already had the capital to challenge True God powerhouses.

Even True God powerhouses had to come and butter him up!

Hence, he did not need to fear anything.

Suddenly, Jiang Jadehall pointed like lightning, pointing at Yu Jinsong's abdomen.

*"ARGHH!!"*

Yu Jinsong gave a miserable scream, his entire person sent flying out.

The corners of Yu Changyun's mouth twitched slightly but recovered his calm very quickly.

"M-My cultivation! You ... You crippled my cultivation!" Yu Jinsong roared furiously.

Jiang Jadehall did not look at him. He said to Ye Yuan with cupped fists, "Ye Yuan, Haitang and I thank you! Thank you for giving me the chance to take revenge with my own hands!"

Ye Yuan smiled and said, "Brother Jiang doesn't need to be like this. The road after today is still long!"

Jiang Jadehall nodded his head solemnly and took his leave.

He did not know how to express his feelings of gratitude. But at this moment, he already made up his mind that this life was Ye Yuan's!

"Ye Yuan, kill me if you have the guts! Otherwise, you'll definitely regret it!" Yu Jinsong roared.

*Bang!*

Ye Yuan flicked his sleeves, directly sending him flying out.

“Noisy! Throw him out of the city for me!” Ye Yuan said coolly.

Done with these, only then did Ye Yuan return to his seat and said to Yu Changyun coolly, “City Lord Yu’s generous gift, I’ll accept it. However, this is what he owes me, it’s not considered a favor. If you want to request for medicinal pills, there still needs to be additional compensation.”

The corners of Yu Changyun’s mouth twitched again, rather unhappy in his heart.

If not for Yu Wenfeng repeatedly exhorting before coming, forbidding him from provoking Ye Yuan, he would have long exploded.

Outside all talked about how Ye Yuan was so and so. He did not see it with his own eyes and naturally did not believe it.

But his father said it very seriously, so Yu Changyun did not dare to defy.

Because he did not wish to become a second Yu Jinsong.

“*Haha*, that’s of course!” Yu Changyun said with a laugh.

“I wonder what medicinal pill Brother Yu is requesting?” Ye Yuan asked.

Mentioning this, Yu Changyun was rather agitated as he said, “These few days, His Excellency racked his brain and finally gathered the spirit medicines required for the Sun Moon Azure Sky Pill. We hope that Lord Patrolling Inspector can refine one on our behalf. As for the compensation, it will naturally satisfy you.”
