[Unrivalled Medicine God](#)

Chapter 1931: Fangs

Currently, Ye Yuan and Yu Ying two people directly treated Wang Jian as air.

Ye Yuan did not cause trouble, but he was not afraid of trouble either.

Since people bullied him to the doorstep, he naturally had no reason to shrink back.

"Heh, looking down on even blackscale, truly outrageously arrogant! I'll let you take a look today at how strong blackscale is!" Yu Ying said with a cold smile.

Ye Yuan said coolly, "Is that so? Then I'll have to take a good look."

Below the stage, when Jiang Yuan master and servant were looking at this scene, they sneered coldly without ceasing.

How strong Yu Ying was, they were very clear.

Even level eight difficulty rank five divine pills, he had also once refined divine-grade before.

Although Ye Yuan's strength was great, reaching blackscale this level, he definitely reached the limit already.

"Heh, indeed a condescending fellow, this kind of people isn't worthy of remaining in the Alchemy Celestial Pavilion at all!" Jiang Yuan said with a cold smile.

After Jiang Hua was beaten, he found Yu Ying and requested him to take action to teach Ye Yuan a lesson.

Yu Ying was very devout to the Springwind Hall. Jiang Yuan also looked after him very well, the two people's relationship was very friendly.

Jiang Yuan said those groundless words for Yu Ying to hear. He was naturally greatly enraged and immediately came over to find trouble with Ye Yuan.

Now, Yu Ying goaded out Ye Yuan's arrogance. When it landed in Jiang Yuan's ears, he believed Jiang Hua's words even more.

Seeing Ye Yuan accept the bet, Jiang Hua was delighted to the extreme in his heart.

"Family Head, aren't I right? This punk thinks nothing of anyone, let alone me, a mere steward." Jiang Hua said with an aggrieved look.

Jiang Yuan nodded and said, "Climbing on top of our heads, he'll have to bear the consequences! I've already arranged for people to wait for him outside the city. As long as he leaves the city, he'll definitely die without a doubt!"

As Springwind Hall's elder, Jiang Yuan was naturally not some softhearted and benevolent person.

Ye Yuan hitting his steward was equivalent to hitting his face, how could he endure it?

Moreover, Ye Yuan even insulted Springwind Hall along with him.

Jiang Hua was overjoyed when he heard it. Clearly, he did not expect that Family Head actually handled things without missing a single detail.

“Many thanks, Family Head, for venting this frustration for me!” Jiang Hua said excitedly.

On the stage, the two people were already good to go. A great battle was on the verge of breaking out.

Before this, there had never been darkviolet alchemists who challenged blackscale alchemists.

The disparity between the two was too great, there was no possibility of challenging at all.

But today, Ye Yuan, this darkviolet, actually challenged a blackscale.

Furthermore, Yu Ying was an extremely powerful existence among blackscale alchemists.

“Brat, open your eyes wide and take a look at what’s called a true Alchemy Dao powerhouse! You are still early! Today, I’ll have you scam out of the great imperial capital!” Yu Ying said with a cold smile.

Actually, before this, everyone’s estimation of Ye Yuan’s strength was blackscale.

It was just that the strength difference of blackscale level alchemy powerhouses was tremendous too.

The powerful existences among them entered Dao Realm many years ago and were not what ordinary people could imagine.

To alchemy gods, Dao Realm was a watershed, another universe.

It was just that Yu Ying did not know that Ye Yuan was already at the grand completion Dao Realm.

“Alright, enough rubbish, if bragging can refine pills, anyone can be an alchemist in this Heavenspan World,” Ye Yuan said coolly.

Yu Ying’s face was black as he said in a solemn voice, “What a razor-tongued brat. During the alchemy battle, you have to be careful!”

Yu Ying’s vast soul force suddenly erupted, giving people a hair-raising feeling.

Entering a pill refining state, Yu Ying’s entire person still failed to show restraint, giving people an overbearing feeling.

Very soon, a profound and inscrutable aura gradually rose around the medicinal cauldron.

Bang!

Yu Ying’s aura became more and more powerful, like a fierce tiger, rushing towards Ye Yuan’s territory; incomparably domineering.

In the view of outsiders, Yu Ying wanted to forcibly occupy the entire ring, not giving Ye Yuan any leeway to survive.

The Dao Realm Yu Ying, his imposing momentum was naturally greatly different from the opponents that Ye Yuan encountered.

His impact force was more than a thousand times stronger than others.

Under Yu Ying's powerful aura, Ye Yuan appeared to be in a precarious situation.

"Indeed, it's still too early for Ye Yuan to deal with blackscale alchemists!"

"This is the strength of blackscale level pinnacle powerhouses? Indeed ridiculously strong! Looks like Ye Yuan encountered his match this time."

...

Seeing Ye Yuan's situation, people all sighed emotionally one after another.

"Brat, don't you look down on blackscale? This is the true strength of blackscale! I want to see how you refine pills still!" Outside of the pill refinement, Yu Ying still had leftover strength to talk with Ye Yuan.

Under the interference of his powerful aura, ordinary people could not maintain their state of mind at all.

Pill refinement did not allow the slightest error.

Once interrupted, it was very easy to affect the outcome of the pill refinement.

Yu Ying's aura was like tidewater, scouring Ye Yuan's aura wave after wave; incomparably domineering.

This kind of alchemy battle was the clash of two people's Dao.

But at this time, Ye Yuan slowly opened both eyes and said coolly, "Just this bit of strength? Really disappoints me!"

Yu Ying gave a cold laugh and was just about to refute when suddenly, his expression changed.

Ye Yuan's aura suddenly changed, an imposing momentum that was vast like the sea instantly pushed back.

Originally, on this ring, it teemed with Yu Ying's aura everywhere.

But in a blink of an eye, it was retaliated by Ye Yuan.

Yu Ying's expression suddenly changed. How could he still care to speak? He used all of his methods, wanting to stop the retreat.

But all of his actions were futile.

Ye Yuan's Chaos Heavenly Star Art went at full power, advancing irresistibly, crushing Yu Ying like sweeping away dead leaves.

However, Yu Ying was a Dao Realm powerhouse in the end. Finally, at the last moment, he blocked Ye Yuan's assault.

Seeing this scene, everyone's faces changed.

At this moment, Ye Yuan was akin to a god. That mysterious aura around him made people tremble.

"This ... What's going on here? Why did Ye Yuan suddenly become so strong?"

“Too inconceivable! Turns out ... Turns out that he concealed his strength all along!”

“Concealed strength my ass! It’s just that we were totally not qualified enough to make him use his full power!”

...

Everyone was extremely shocked. The scene before their eyes was seriously too out of their expectations.

All along, Ye Yuan’s alchemy battles appeared very cordial. He had never taken the initiative to attack others before.

Being low-profile for a long time, everyone thought that his strength merely stopped here.

But today, Yu Ying was overbearing, finally triggering Ye Yuan’s fury, making him bare his ferocious fangs.

He went all out!

The Ye Yuan who spared no effort was actually terrifyingly powerful!

The current Yu Ying was deathly pale, hands and feet all in confusion. He was already thrown into confusion.

Under Ye Yuan’s dominance, his aura was suppressed to within a radius of ten feet, unable to break through anymore.

“Not bad, at least you have some skill. It’s just that you’re too weak!”

Ye Yuan slowly opened his mouth, another wave of fierce attack lashed over.

“Puhwark!”

Yu Ying could not withstand it anymore, a mouthful of fresh blood spewed out.

His furnace of medicinal pills also thoroughly became useless pills.

Yu Ying looked at Ye Yuan, incomparably shocked.

Lost?

He was actually defeated!

He, a dignified middle-rank Six-star Alchemy God, an apex existence among blackscale alchemists, actually lost to a Five-star Alchemy God?

Yu Ying felt like he was dreaming.

[Unrivaled Medicine God](#)

Chapter 1932: Making an Apology

Wang Jian looked at the small medicinal bottle in his hand, being shocked speechless.

“Vast spirit divine pill! This ... How is this possible? This is a level eight difficulty Crimson Fire Nine Brilliance Pill!”

The moment these words came out, the whole crowd was amazed.

Before this, Ye Yuan had once refined vast spirit divine pills. It was just that after arriving at the darkviolet arena, he rarely refined vast spirit divine pills anymore. Even void spirit was seldom refined.

Everyone thought that this was because the difficulty of the medicinal pills grew, Ye Yuan’s strength was no longer sufficient to refine it anymore.

Only now did they know that turns out they all thought wrongly.

A big mistake!

When Ye Yuan exchanged blows with them, he did not even use 30% of his strength.

He was playing around!

Level eight difficulty vast spirit divine pill, what kind of concept was that?

This kind of strength was sufficient to sweep across blackscale level powerhouses.

Blackscale level powerhouses, forget about vast spirit divine pill, even purple spirit divine pills had to depend on luck too.

But Ye Yuan refined a vast spirit divine pill directly.

This disparity was too great!

Could it be that Ye Yuan was already equipped with the strength to become an alchemy celestial level powerhouse?

Thinking up to here, everyone was filled with shock.

Yu Ying looked at this scene in a daze. Until now, he was unable to believe it.

He lost, defeated very thoroughly.

In merely several dozen breaths from start to end, he thoroughly fell apart under Ye Yuan’s tidewater-like offensive.

But Ye Yuan refined a vast spirit divine pill!

This kind of strength was a summit that was far beyond his reach for life.

Ye Yuan slowly came before Yu Ying and said coolly, “Master, please.”

Yu Ying’s entire body trembled, the expression on his face changing again and again.

The reason why he made this bet was that he felt that he would not lose.

But the result was that he was defeated.

Not stepping into Lustrous Gold Great Imperial Capital in this lifetime, the consequence was too severe to him.

His prospects were great, with hopes of entering the Alchemy Celestial Pavilion.

But now, everything turned into bubbles.

Seeing that Yu Ying did not react, Ye Yuan said coolly, "Lost and still want to renege, is this Springwind Hall's style?"

Yu Ying was still silent. It was just that the muscles on his face were twitching. Clearly, he was struggling greatly in his heart.

Going back on his word in front of so many people, how did he still have face to meet people in the future in this Lustrous Gold Great Imperial Capital?

But making him leave Lustrous Gold Great Imperial Capital, he was unwilling too.

"Young man, must you compel people like this?" Just as it was awkward, a figure slowly walked out, going up the stage.

Yu Ying's expression changed, hurriedly bowing as he said, "Hall Master! I ..."

Ye Yuan sized up this fatty in luxurious clothing. This attire was just like a tycoon or local tyrant.

Ye Yuan did not expect that he was actually the Springwind Hall's hall master.

This fatty gave Ye Yuan an unfathomable feeling.

"Compelling people? *Heh*, this show today, everyone saw it. Just who is being overbearing, I believe that everyone has a score in their hearts," Ye Yuan said with a cold smile.

The fatty had a face full of flesh as he smiled and said, "Elder Yu won't come and find trouble with you without rhyme or reason. This matter has to have a cause, right?"

Yu Ying snorted coldly and said, "This boy relies on that his talent that surpasses people and so he doesn't pay any attention to people. His words even insult my Springwind Hall! As Springwind Hall's elder, how can I endure it?"

The fatty said, "You heard it too, my Springwind Hall is also a major hall of the Myriad Treasure Tower no matter what. Little Brother, you insulting like so, probably isn't appropriate, right?"

"Insult the Springwind Hall? *Heh*, you guys want to chase this Ye out of the great imperial capital just based on a one-sided account, truly a mighty show of power! Elder Jiang Yuan, you're also here right? Why don't you reveal yourself?" Ye Yuan suddenly said in a clear voice.

The moment these words came out, the expression of the Jiang Hua beside Jiang Yuan changed abruptly.

But Jiang Yuan gave a cold snort, figure drifting out.

Facing Ye Yuan, Jiang Yuan snorted coldly and said, "Ye Yuan, I heard that you shot to fame in the darkviolet arena and so I sent a subordinate to offer up lavish gifts, wanting to make acquaintances. But you injured him severely and even insulted my Springwind Hall with words, where's the reasoning?"

Springwind Hall's three big shots standing in sharp opposition to Ye Yuan currently, it also caused a stir.

Although Ye Yuan's talent was outstanding, his strength extremely formidable, in this matter, it seemed that it was really Ye Yuan's fault.

Below the stage, gesturing and pointing at Ye Yuan could not be helped.

But Ye Yuan was unmoved and said coolly, "Elder Jiang Yuan, the servant that you spoke of is Jiang Hua, right?"

Jiang Yuan snorted coldly and said, "Of course!"

Ye Yuan smiled and said, "Then ... where is he right now?"

"*Heh*, you still dare to challenge face to face? Then I'll let everybody take a look at that haughty visage of yours! Jiang Hua!" Jiang Yuan gave a cold snort and shouted.

But nobody answered.

Jiang Yuan's brows furrowed and he shouted once more, "Jiang Hua!"

No one answered still!

Jiang Yuan's heart thumped, secretly thinking that it was not good.

He still wanted to shout again, but was interrupted by Ye Yuan who said, "No need to shout anymore, he definitely slipped away already."

The expressions of the three Springwind Hall big shots changed at the same time. With this, they finally knew that the matter was not that simple.

"This ... What's going on here?" Jiang Yuan was somewhat thrown into a panic. He faintly felt that something was amiss.

Ye Yuan smiled faintly and said, "Of course he doesn't dare to come out and confront face to face. This matter, as long as you and I meet, he'll have nowhere to hide. Elder Jiang, you, an exalted Springwind Hall elder, was actually wrapped around a servant's little finger, and even caused such a big scene, truly laughable!"

That hall master's expression also changed slightly, knowing that they might really have been tricked by someone today. Frowning, he asked, "Little Friend Ye, what in the world is going on?"

Ye Yuan did not hide it either, roughly narrating the situation of going to the Jiang Manor that day, making the three people's faces change abruptly.

"It's also very simple to want to prove this matter, as long as Elder Jiang goes to the gatehouse to inquire about it, I believe that it will be clear at a glance. As for saying that I injured him and insulted the Springwind Hall, there was no such thing. Because since that day, I never saw him again," Ye Yuan said.

Jiang Yuan's knuckles cracked from clenching, his jaws tightly clenched. Clearly, he was already enraged to the extreme.

He did not expect that he, a dignified hall elder, actually became a blade in a servant's hand.

And this blade did not just slash himself, it even wounded the Springwind Hall.

Today, even Hall Master came forward in person, Springwind Hall could be said to have lost face all the way to their granny's house.

He wished to slice and dice Jiang Hua up right now.

Yu Ying's expression was similarly livid. He suddenly opened his mouth and said, "Since that's the case, why did you admit it readily?"

Ye Yuan looked at him and said coolly, "If I said it back then, would you believe?"

Yu Ying could not help choking when he heard that, only then recalling that Ye Yuan had indeed asked him before, but he shoved it back readily.

Even if Ye Yuan explained, he would not believe it at all either. He would only think that Ye Yuan was denying it.

About this, Ye Yuan was naturally well aware of it, so he completely could not be bothered to explain too.

When explaining without strength, everything was feeble.

Strength was the king's path. He made Yu Ying submit, then came forward to explain. The persuasiveness was naturally much stronger.

At this time, the hall master suddenly cupped his fists at Ye Yuan and said, "Little Friend Ye, this matter was all my Springwind Hall's fault, I apologize to you on behalf of Elder Yu and Elder Jiang!"

[Unrivaled Medicine God](#)

Chapter 1933: Entire City Shocked

"Hall Master Mu Feng actually apologized to Ye Yuan!"

"Truly remarkable! Hall Master Mu Feng is a peak True God Realm peerless powerhouse, and yet he actually apologized to a Celestial Deity Realm junior!"

"What the hell do you know! Ye Yuan utterly defeated Yu Ying, his strength can likely enter alchemy celestial class already. That's a figure on the same level as Hall Master Mu Feng! Such a figure, it's not good for Hall Master Mu Feng to offend either. Let alone that this matter was Springwind Hall's fault in the first place."

...

The hall master's action caused a stir in the crowd.

Mu Feng's position was at that pinnacle-most level in Lustrous Gold Great Imperial Capital. Other people could not even meet him.

If it were others, even if it was the Springwind Hall's fault, it was also impossible for him to lower his head and admit fault.

But who knew that he actually admitted fault to a Celestial Deity Realm junior?

"Hall Master ..."

Yu Ying and Jiang Yuan two people turned pale with fright and were just about to speak, but they were stopped by Mu Feng with a gesture.

The two people had ashamed faces, hanging their heads in shame.

The mess was caused by them but needed Hall Master to clean up their mess.

Ye Yuan looked at the fatty and said with a smile, "Whether Elder Yu leaves or not isn't important to me. But Springwind Hall's overbearingness, this Ye has had a taste of it. Since Lord Hall Master personally spoke up today, this Ye naturally doesn't have the reason to pester endlessly. This matter ends here."

Ye Yuan knew his limitations, he was merely a Celestial Deity Realm junior in the end.

Mu Feng made an apology to him in front of so many people, he naturally could not possibly latch onto Yu Ying and not let go.

It was just that he already had bad blood toward Springwind Hall in his heart. Regarding Mu Feng's show of goodwill, he did not buy it.

This matter also merely stopped here.

Toward Springwind Hall, Ye Yuan felt disinclined to have any favorable impression.

Regardless of whether it was Jiang Hua or Yu Ying, the impression left on Ye Yuan was really too deep.

The hall master was still all smiles, seemingly taking no notice of Ye Yuan's attitude as he said smilingly, "Little Friend Ye is broad-minded, Springwind Hall is endlessly grateful. Elder Yu, Elder Jiang, why haven't you thanked Little Friend Ye?"

When the two heard that, they hurriedly gave a bow.

Ye Yuan nodded his head slightly, considered to have answered.

No one could have expected that a huge conflict was resolved just like that.

Let alone did they imagine that a colossal Springwind Hall actually apologized to a Celestial Deity Realm!

Ye Yuan and Yu Ying's battle spread throughout the Alchemy Celestial Pavilion at the fastest speed. It even spread throughout Lustrous Gold Great Imperial Capital.

After that, Ye Yuan's background was already dug out.

The entire city was shocked!

Previously, there were many conjectures about Ye Yuan.

Some said that he came from some Heavenly Emperor Bodhimanda, some said that he came from a reclusive great family. Some even said that he was linked in many ways to Medicine Ancestor.

It was just that no one thought that Ye Yuan merely came from a measly little imperial city.

Digging further, he even only came out of a tiny little county!

An alchemist without the slightest background only used a short thousand over years to one-shot a blackscale alchemist. This talent simply startled heaven and earth and even made gods and ghosts weep.

For some time, Ye Yuan became the target that countless alchemists looked up to.

In the Alchemy Celestial Pavilion, several alchemy celestial class powerhouses were similarly incomparably shocked.

Especially Chen Chang, he already did not know what kind of words to use to describe the shock in his heart.

“Could it be that that Exquisite Jade Heart Recovery Pill was really refined by him? A Five-star Alchemy God refining a divine-grade Exquisite Jade Heart Recovery Pill, this ... How is this possible?” Chen Chang felt that his brain could not quite wrap itself around it.

Although there were faintly some guesses previously, he actually did not really believe it.

Firstly, Ye Yuan’s performance in the darkviolet arena gradually leveled out. Secondly, this sort of thing was too fantastical.

But Ye Yuan refined a level eight medicinal pill now, and he even actually refined a vast spirit divine-grade. Then reaching divine-grade for level nine difficulty did not seem to be something hard to comprehend.

A hint of surprise flashed across in Chen Yu’s gaze as he said, “In that case, he already has the qualifications to enter the Alchemy Celestial Pavilion! Most likely, in regards to the refinement of rank five divine pills, we’re not a match for him!”

When the few people heard that, they all exchanged glances.

Divine-grade Exquisite Jade Heart Recovery Pill, which of them could refine it in one stroke?

Unless it was like a blind cat bumping into a dead rat, otherwise, there was no chance at all.

But Ye Yuan refined one!

A Five-star Alchemy Celestial Pavilion entering the Alchemy Celestial Pavilion, they felt that it was very strange no matter how they thought about it.

Chen Chang was speechless. Recalling back then at the Hundred Herb Gathering, he even urged Ye Yuan with sincere words and earnest wishes, it was really laughable to the extreme.

He discovered that Ye Yuan did not have the impulsiveness that he should have at this age, but appeared extremely modest instead.

If it were a young man who had Ye Yuan's talent being wronged by someone who said that the medicinal pill was not refined by him, they would have long exploded.

But Ye Yuan did not!

Not only did he not, he even accepted his suggestion very humbly.

If Ye Yuan confronted him back then and refined pills in front of everyone, then his old face would really have nowhere to put.

Recalling it now, Chen Chang was actually full of gratitude and admiration towards Ye Yuan in his heart.

Young in age, but had such breadth of mind, this was not what ordinary people could do.

"*Huhu*, Alchemy Celestial Pavilion hasn't added new members in 100 thousand years already, right? It's also time that a new member joins. Ye Yuan entering the Alchemy Celestial Pavilion is absolutely an excellent thing to us and to the Alchemy Celestial Pavilion!" Chen Chang said.

Chen Yu also nodded and said, "This boy's future prospects are limitless. Him joining the Alchemy Celestial Pavilion will only make the Alchemy Celestial Pavilion's reputation grow."

...

Thud!

Jiang Yuan slightly used strength, Jiang Hua knelt in front of Ye Yuan.

"Younger Brother Ye, I'm really sorry about it! It was this Jiang who failed in disciplining and almost caused a catastrophe. Today, I brought this scoundrel in front of you to await your sentencing!" Jiang Yuan cupped his fists and said to Ye Yuan.

That day, after Jiang Hua left the Alchemy Celestial Pavilion, he wanted to slink off.

It was just a pity that the Springwind Hall's power and influence were too great. If they really mobilized the whole hall's strength to capture a Celestial Deity Realm, how could there be a chance for him to escape?

Several days later, Jiang Hua was captured in a commoner's house.

Today, Mu Feng and Jiang Yuan escorted Jiang Hua to Joyful Aroma Residence, delivering him in front of Ye Yuan.

Jiang Hua's eyes were full of despair. He crawled over towards Ye Yuan and kowtowed repeatedly as he said, "Lord Ye Yuan, spare me! It was all this lowly one who had eyes but couldn't see! It was all this lowly one who had eyes but couldn't see!"

Ye Yuan looked at Jiang Hua and said coolly, "That day, at the gatehouse, it was originally not a major issue that you blocked me outside the door. If you don't let me meet Elder Jiang, then I'll use my own means to meet Elder Jiang. But you never should have made people go and kill me. Since you had killing intent aroused, that's a situation where one of us has to die. How do you want me to spare you?"

When Jiang Hua heard that, he said with a look of despair, "Lord Ye Yuan, this lowly one knows his mistake! This lowly one really knows his mistake! I beg you to spare this lowly one!"

Ye Yuan could not be bothered with him and said to Jiang Yuan indifferently, "Elder Jiang, you brought the person over, do with him as you will."

Jiang Yuan also hated Jiang Hua to the bones and said in a cold voice, "Jiang Hua, I treated you well for so many years, but who knew that you actually repaid kindness with ingratitude! You were so malicious in your motives, nearly causing me to be doomed eternally! Today, if I don't kill you, it's hard to dispel this hatred!"

Jiang Hua still wanted to say something when Jiang Yuan smacked a palm toward his head, striking him dead.

Unrivaled Medicine God

Chapter 1934: Springwind Hall's Methods

"Younger Brother Ye, this matter was all my fault. This Jiang apologizes to you again here. I know that killing this damn thing isn't sufficient to appease Younger Brother Ye's wrath either, and so I specially brought some gifts as compensation."

As he said, Jiang Yuan clapped his hands. Several servants carried a big pile of things up.

"Younger Brother Ye, this is the list of gifts. Please kindly accept them."

As he said, Jiang Yuan handed over a long red list. Looking at the appearance, there were probably no less than a hundred items on it.

When Ning Tianping saw Ye Yuan nod his head, he went forward to receive the list.

Sweeping his gaze through, he could not help being flabbergasted.

Terrific fellow, this guy, was called he who had wealth speaks louder than others.

The gifts on the list, not one was not a treasure, worth several cities.

Ning Tianping marveled at Springwind Hall's extravagance in his heart. Of course, he marveled even more at his own lord's impressiveness.

Such a major hall like the Springwind Hall actually rushed to come and apologize.

Putting aside killing Jiang Hua, they even compensated with so many things.

Ye Yuan cupped his fists and said, "Then this Ye will thank Elder Jiang."

Jiang Yuan hurriedly said, "Not at all! This Jiang still has to thank Younger Brother Ye for being magnanimous and letting bygones be bygones!"

Ye Yuan said coolly, "Alright, this matter ends here, you and I are squared. Hall Master Mu, Elder Jiang, please!"

Although Ye Yuan had not entered the Alchemy Celestial Pavilion yet, everyone knew that this was already a sure bet.

The status of an alchemy celestial elder was a very special influence above that of the various major hall masters.

Hence, Ye Yuan had this confidence now.

The current Ye Yuan already did not need to cooperate with Springwind Hall anymore.

In reality, the hall masters of Lustrous Gold Great Imperial Capital's other three major Myriad Treasure Tower halls already sent people to get into contact with Ye Yuan.

Not just the three major halls, some other major forces also racked their brains, wanting to work together with Ye Yuan.

Ye Yuan had long let out the news. With his current identity, the forces that wanted to cooperate with him could be easily found. He naturally had no need to work together with the Springwind Hall that he had a grudge with anymore.

Seeing Ye Yuan directly send them out, Jiang Yuan's expression could not help changing.

They delivered such a big gift, it was naturally not just to make up with Ye Yuan so simple.

Hearing that Ye Yuan let out the news concerning people's interest in collaborating with him, Jiang Yuan wished to kill Jiang Hua a thousand times over.

This damn thing really bungled matters!

With Ye Yuan's Alchemy Dao strength, this sort of cooperation would absolutely be greatly beneficial to the Springwind Hall.

What did some spirit medicines count for? What was truly hard to seek were high-quality medicinal pills!

A level eight difficulty vast spirit divine pill, the value was thousands of times, even ten thousand times of the spirit medicines itself!

More importantly, this quality of medicinal pills, barely anyone could refine it.

As long as they cooperated with Ye Yuan, Springwind Hall would be equivalent to monopolizing the market of high-quality medicinal pills.

Whoever wanted to request for pills would have to go through their Springwind Hall.

This way, their Springwind Hall's status would soar, flinging the other halls far behind.

This significance was out of the ordinary!

Sadly, it was all ruined by Jiang Hua that bastard.

Originally in a favorable position, but now, it was far away in the horizon.

Jiang Yuan looked at Mu Feng rather anxiously, but the fatty hall master smiled slightly and said, "Little Friend Ye, I actually came today because I wanted to introduce you to someone."

This fatty had a smiling face all day long, but Ye Yuan could sense that he was a formidable character.

Not talking about other things, for this fatty to be able to apologize to him in front of so many people, this was not what ordinary people could do.

After all, his identity was not ordinary.

If not for Mu Feng's attitude, Ye Yuan also would not possibly drop this matter easily.

Ye Yuan smiled and said, "Hall Master Mu, your honorable hall and this Ye's affairs are already squared. This Ye doesn't wish to have any more ties with your honorable hall. Hall Master Mu's good intentions, this Ye appreciates it, but as for getting to know this person ... best forget about it."

Springwind Hall's overbearing style, Ye Yuan had already experienced it many times.

No matter what Mu Feng did, that unpleasantness in Ye Yuan's heart was not so easy to wipe away.

But Mu Feng smiled and said, "Little Friend Ye, don't refuse me so quickly. This person, you definitely want to become acquainted."

Ye Yuan was just about to refuse once more, but two figures walked right over.

"Ye Yuan!" The arrival was all smiles, his aged face even seemingly much younger.

"Brother Xiao? You ..." Ye Yuan was surprised.

The arrival was none other than precisely Xiao Feng. There was also a white-haired old man who came over together with him.

A few days ago, Xiao Feng suddenly said that he had business and immediately left. But today, he brought back an old man.

"Ye Yuan, I ..." Xiao Feng was somewhat abashed, seemingly having a bone in his throat.

Mu Feng smiled and said, "Little Friend Ye, let me re-introduce to you; Xiao Feng is our Springwind Hall's high-level protector now. Also, this Mr. Lu Zhe is presently also my Springwind Hall's elder."

Ye Yuan immediately understood; this fatty indeed had ulterior motives!

But Ye Yuan was also filled with emotions at this fatty's impressive methods, to actually think of making a move on the Xiao Feng by his side.

Xiao Feng was merely a measly little low-level deacon. There was still a distance of 108,000 miles away from being a protector.

High-level protector, that was a position that only Celestial Deity Realms could take on. Xiao Feng could be said to have ascended to the heavens in one step.

Ye Yuan finally knew why Xiao Feng was embarrassed. Turns out that he accepted Springwind Hall's arrangements and was afraid that Ye Yuan would be unhappy, that was why he would be like this.

However, Mu Feng's method, he really did not have any temper.

Ye Yuan understood Xiao Feng's feelings toward Springwind Hall. Although he was on very friendly terms with him, his sense of belonging to Springwind Hall was also extremely strong.

One could say that Springwind Hall was his home.

Moreover, there was even a Lu Zhe who was conveniently brought along.

Now, with this layer of relationship, apart from choosing Springwind Hall, who else could Ye Yuan choose?

"Huhu, congratulations to Brother Xiao on your promotion. Ye Yuan pays respect to Elder Lu. The matter previously, thank you very much, Elder Lu," Ye Yuan said and clasped his hands.

Within reason and favor, Ye Yuan owed Lu Zhe a favor. He had always remembered it in his heart.

Lu Zhe hurriedly said, "Master Ye is too courteous, it was merely the effort of lifting a finger. Furthermore, this old man's face is meager and can't be of much help. I've incurred Master Ye's ridicule."

Ye Yuan's identity, Lu Zhe had long learned about it from Xiao Feng.

In front of Ye Yuan, he naturally did not dare to take advantage of his seniority.

Ye Yuan smiled and said, "It's not that Elder Lu didn't have the prestige, but it was just a despicable villain blocking the path. I have several medicinal pills here. Elder Lu, please kindly accept them."

As he said, Ye Yuan took out several small bottles and passed them over.

Elder Lu's expression could not help changing drastically when he saw and hurriedly turned it down, "I can't accept rewards without making any contributions. Master Ye, these medicinal pills are too precious."

Ye Yuan could tell that this Elder Lu had death qi revolving around his face. Clearly, his longevity was almost depleted, so he gave him some longevity extending medicinal pills.

With Ye Yuan's means, what he took out was naturally not ordinary goods. How could Lu Zhe dare accept it?

Ye Yuan smiled and said, "Elder Lu, disregarding that you've helped me before, Brother Xiao and I regard each other as brothers. You're his master, and naturally also this Ye's senior. If you don't accept it, that's looking down on this Ye."

Only when Xiao Feng heard this did his heart ease up, knowing that Ye Yuan did not get angry. He also urged, "Master, accept it."

Lu Zhe saw that Ye Yuan already put it like this and could only accept it.

[Unrivaled Medicine God](#)

Chapter 1935: : Challenging the Alchemy Celestial Pavilion

"Heh, Hall Master Mu truly played a good hand!"

There was only Mu Feng and Ye Yuan left inside the hall. Ye Yuan looked at the other party and spoke those words with a cold smile.

Mu Feng smiled and said, "Little Friend Ye calm your anger, this matter was this Mu's fault; hence, this Mu apologizes to you first."

Ye Yuan drank a mouthful of tea and said coolly, "What mistake did Hall Master Mu do? I still have to thank Hall Master Mu."

Mu Feng smiled and said, "I know that the other few hall masters have already come to find Little Friend Ye. Our Springwind Hall has also indeed offended you. But speaking of which, actually, the incident that Little Friend Ye encountered, it would likely have happened regardless of which hall. But our Springwind Hall is the most closely connected with Little Friend Ye. The obstacles will also be fewer when cooperating together, isn't it so?"

This point, Ye Yuan was naturally well aware of it.

It was just that if it happened, it happened, there was no if.

If his strength was inadequate, wouldn't he have died at Jiang Hua's hands?

"Letting Xiao Feng assume the post of a protector is naturally looking on the account of Little Friend Ye's face. But it's also not entirely because so. I plan on having Xiao Feng reside in Heavenly Eagle Imperial City permanently, specifically be in charge of the matters of cooperation. Letting him be in charge of this matter is naturally the most suitable. I wonder what Little Friend Ye thinks about this?"

Hearing this, Ye Yuan could not help being moved.

Heavenly Eagle cooperating with Myriad Treasure Tower, no matter who was sent, all sorts of friction could not be avoided.

Each serving their own master, this was unavoidable.

But if this person was Xiao Feng, it was naturally a different matter.

Seeing that Ye Yuan was moved, Mu Feng smiled again and said, "Furthermore, Little Friend Ye and our Springwind Hall are deeply connected. That Xie Jingyi and Liang Wanru are also under my Springwind Hall's name at present too. I've understood the situation, their talents are both pretty good, I plan on fetching them to the great imperial capital and heavily groom them."

Ye Yuan looked at Mu Feng with a solemn look. Mu Feng still had a smile on his face.

Suddenly, Ye Yuan beamed and said, "Hall Master Mu's terms make me unable to refuse!"

Ye Yuan had to admit that this Mu Feng was a formidable character.

Not that his martial prowess was very high, but he also grasped human nature rather accurately.

This fellow already had a clear insight of his personality!

The other various major forces all thought of using various kinds of superior terms to move him, but Mu Feng was different.

He discerned that Ye Yuan regarded the people around him very highly. His regard for his friends even surpassed his pursuit of benefits.

Otherwise, Ye Yuan also would not have flicked his sleeves and left at the Jiang Manor.

Ye Yuan was naturally displeased with Mu Feng acting first and reporting afterward, but he was happier for Xiao Feng.

At least with this identity, he could also straighten his back in the Springwind Hall.

Mu Feng also smiled and said, "Little Friend Ye, a pleasure to be working with you! You rest assured, I'll give Xiao Feng the highest authority. Whatever spirit medicines Little Friend Ye requires, as long as our Springwind Hall can get them, everything can be discussed."

Ye Yuan nodded and said smilingly, "Okay, let's have a good cooperation!"

...

The darkviolet arena storm passed very quickly. What astonished everyone was that Ye Yuan actually chose to cooperate with the Springwind Hall in the end.

The various major forces could only sigh and lament.

But what everyone paid attention to more was just how far Ye Yuan could walk in the Alchemy Celestial Pavilion.

Entering the Alchemy Celestial Pavilion was not an easy thing.

For blackscale alchemists to want to enter the Alchemy Celestial Pavilion, they had to defeat three Alchemy Celestial Pavilion elders.

This difficulty was simply too great!

Alchemy celestial level powerhouses, each one was a Dao Realm powerhouse. The might of their Alchemy Dao strength, ordinary people could not imagine it at all.

People should not look at how Yu Ying was at the Dao Realm. In front of alchemy celestial level powerhouses, he completely could not stand up to the competition.

Everyone did not know the little interlude that happened at the Hundred Herb Gathering, so everyone also did not have a direct understanding of Ye Yuan's strength.

In reality, even Chen Chang himself also did not know Ye Yuan's limits.

The various major forces losing the cooperation, each and every one of them was deriving pleasure from other people's misfortune, waiting to see Springwind Hall make a fool of themselves.

Time passed very quickly. In a twinkle, two months passed. Ye Yuan overcame all the difficulties along the way, rising from darkviolet to blackscale, and also obtained 30 straight wins in blackscale, finally obtaining the opportunity to challenge Alchemy Celestial Pavilion elders.

The blackscale arena was different from the darkviolet arena, the number of blackscale level powerhouses was far fewer than darkviolet.

Furthermore, the strengths of blackscale level powerhouses were all the more closer. Wanting to obtain consecutive wins was doubly difficult in the first place.

But Ye Yuan still made a clean sweep along the way.

Even Yu Ying was instantly defeated in front of him, so how many could be his match?

Finally, the time to challenge Alchemy Celestial Pavilion elders arrived.

On this day, there were streams of people.

The Alchemy Celestial Pavilion had 15 elders. Apart from two that were currently in terminal seclusion, the other 13 all turned up.

Quite a few came a long way from other places, for the sake of today's challenge.

Chen Chang looked at Ye Yuan, a rueful look.

He did not expect that this day arrived so quickly.

Dealing with Ye Yuan, he had no confidence at all.

"Ye Yuan, you obtained the chance to challenge Alchemy Celestial Pavilion elders. Now, you can choose the Alchemy Celestial Pavilion elders that you want to challenge," Chen Yu looked at Ye Yuan and said.

Ye Yuan said, "Elder Chen Yu, Ye Yuan has a presumptuous request, wonder if the Alchemy Celestial Pavilion can permit it or not?"

Chen Yu was puzzled, but still nodded and said, "Let's talk about it."

Ye Yuan said, "The three elders that I want to challenge are respectively you, Master Chen Chang, as well as Master Xiao Zhen! I wonder if it's allowed?"

The moment these words came out, the audience burst into an uproar.

"Is there a mistake? These three are the Alchemy Celestial Pavilion's publicly recognized strongest three elders. Ye Yuan is actually going to challenge the three of them?"

"This guy is really a mad man!"

"Isn't it said that persimmons have to pick soft ones to knead? He's picking a stone to knead!"

...

Arriving at the Alchemy Celestial Pavilion for such a long time, Ye Yuan naturally had some understanding of the Alchemy Celestial Pavilion elders' strength too.

The three people that he challenged were precisely the strongest three among the Alchemy Celestial Pavilion's elders.

Xiao Zhen came from another great imperial capital. His Alchemy Dao strength was not the least bit inferior compared to Chen Chang too.

However, Chen Yu felt bitter in his heart. The thing that he did not wish to see the most still happened.

Other people challenging the Alchemy Celestial Pavilion, that was all finding the weakest elders. But Ye Yuan failed to show restraint and directly challenged the three of them.

The most important thing was that he did not have any confidence in beating Ye Yuan.

The matter that Chen Chang spoke of, Chen Yu had long already known about it.

That level of divine-grade divine pill, he did not have confidence in refining it.

The three of them were all old fellows who had become famous for a million years. Ever since entering the Alchemy Celestial Pavilion, they had never been defeated before.

But today, they encountered a troublesome target.

If they lost, it would also be embarrassing!

Either way, Ye Yuan entering the Alchemy Celestial Pavilion was already set in stone, how great would it be to challenge those weak ones?

Chen Yu nursed a bitter grudge in his heart.

“You naturally can! What about the thing you want to ask?” Although Chen Yu was not willing to confront Ye Yuan, at this time, he naturally could not say no.

Ye Yuan looked at Chen Yu and said with a solemn look, “What I want to say is, I want to challenge the three of you at the same time!”

Murmur!

With this, below burst into an even greater uproar.

Challenging the Alchemy Celestial Pavilion’s strongest three people at the same time, what kind of concept was this?

[Unrivaled Medicine God](#)

Chapter 1936: Battling Three Elders

Chen Yu’s brows furrowed, revealing an unhappy look.

Ye Yuan actually challenged the three of them at the same time, this was also looking down on the few of them too much.

As Alchemy Celestial Pavilion’s veteran powerhouses, the three of their statuses naturally went without saying.

Ye Yuan was unbridled on account of his young age and also too overweeningly arrogant!

There was a series of sighs below the stage, all mocking Ye Yuan’s overestimation of his own ability.

“Ye Yuan, you’re extremely talented, your strength being extremely formidable. Concerning this point, this old man admits it! But you want to challenge the three of us at the same time, that’s looking down on others too much, right?” Chen Yu said in a solemn voice.

Clearly, he was unhappy.

The Alchemy Celestial Pavilion elders by his side also had unfriendly looks, their expressions when looking at Ye Yuan was full of enmity.

But Ye Yuan had a relaxed look as he said smilingly, "Elder Chen Yu, don't get agitated. Let me finish saying."

Chen Yu had a black face as he said, "Say!"

Ye Yuan said, "This Ye doesn't have the intention of looking down on the elders. The reason why I did so is actually because of another reason. If Ye Yuan can win by chance, I have a presumptuous request."

Chen Chang said, "We're not unreasonable people, if you can win, you'll be a member of our generation. Whatever you need us elder brothers to help with, just open your mouth. There is no need to use this kind of method to goad us."

Toward Ye Yuan, Chen Chang still quite admired him.

Furthermore, he understood that Ye Yuan was not that sort of impetuous and arrogant person.

There must be a reason why he did this.

But this way of doing things was too provocative. It would definitely push people away.

Ye Yuan shook his head and said, "If I can win, I wish to challenge Empyrean Flutterfeather. Hope that seniors can fulfill this request."

One stone stirred up a thousand ripples!

Everyone's faces changed abruptly, being stunned by Ye Yuan's words.

1

"Arrogant! Too arrogant! He ... He actually dares to challenge Empyrean Flutterfeather? How dare he!"

"Ignorant of the immensity of heaven and earth! Who is Empyrean Flutterfeather? How could he be what a puny little Celestial Deity Realm can challenge?"

"This brat must have lost his mind!"

...

There was an uproar at the scene. The crowd was thunderstruck by Ye Yuan's words until they were tender on the inside and crispy on the outside.

It had already been no idea how many years, no one had ever dared to say that they wanted to challenge Empyrean Flutterfeather!

Forget about a puny little Five-star Alchemy God, even Seven-star Alchemy Gods, those who dared to challenge Empyrean Flutterfeather were not many either.

Chen Yu looked at Ye Yuan and said with a cold smile, "Do you know what you're saying?"

Ye Yuan nodded and said, "I naturally know. My objective of coming to Lustrous Gold Great Imperial Capital is seeking cooperation on one hand. While on the other hand, it's in order to challenge Empyrean Flutterfeather!"

Entering the Alchemy Celestial Pavilion had never been Ye Yuan's goal.

With his strength, entering the Alchemy Celestial Pavilion did not pose the least bit of difficulty at all.

"*Humph!* Brat who overestimates his ability, you think that by entering the Alchemy Celestial Pavilion, you have the qualifications to challenge Lord Flutterfeather?" Chen Yu said with a black face.

Ye Yuan said, "Hence, I proposed challenging the three of you at the same time. If I win, it can at least show my strength too. Isn't that so?"

Everyone was astonished. Only now did they know Ye Yuan's intention.

"*Humph!* Even if you really win, you're also not qualified enough to challenge Lord Flutterfeather, give up on this!" said an Alchemy Celestial Pavilion elder with a cold snort.

Chen Chang also said, "With your talent, you might not be unable to attain Lord Flutterfeather's height in the future. It's just that challenging him right now, you're not qualified enough yet."

Ye Yuan fell silent. Empyrean Flutterfeather had long already had the status of not to be blasphemed, just like gods, in these people's hearts.

A puny little Five-star Alchemy God challenging him was seriously too grossly overestimating his own ability in their eyes.

Below the stage, there was also a series of taunting and mocking voices, all ridiculing Ye Yuan for being ignorant of the immensity of heaven and earth.

Ye Yuan heaved a sigh and said, "Since that's the case, forget it then."

Finished talking, he actually turned around and walked outside.

Chen Yu frowned and said in a cold voice, "Ye Yuan, what do you mean by this?"

Ye Yuan said without even turning his head back, "I entered the Alchemy Celestial Pavilion in order to challenge Empyrean Flutterfeather. Since I can't get my wish, entering the Alchemy Celestial Pavilion lost its meaning too."

Wildly arrogant!

Too wildly conceited!

The people looked at Ye Yuan and already did not know what to say.

In Lustrous Gold Great Imperial Capital, the final goal that all of the alchemists strove toward was the Alchemy Celestial Pavilion.

But Ye Yuan actually turned his nose up at it!

Actually, Ye Yuan was really not arrogant. It was just that his horizons were different from these people.

Just like a Heavenly Emperor powerhouse, would he care about a True God Realm's organization?

It was impossible to have any interest at all!

Although Ye Yuan did not reach the Heavenly Emperor Realm, the strength of Alchemy Celestial Pavilion these elders was still far too lacking compared to him.

"This empyrean accepts your challenge." Right at this time, a voice suddenly descended.

Everyone's faces suddenly changed. Was that Empyrean Flutterfeather?

"Lord Flutterfeather!" Chen Yu and the rest said in surprise.

They did not expect that Empyrean Flutterfeather would actually descend personally and agree to Ye Yuan's challenge!

"The three of you have a match with him then. Little Friend, don't let this empyrean down!"

Finished talking, that voice disappeared without a trace. It was as if it had never appeared before.

When Ye Yuan heard this, a hint of joy flashed across on his face.

Looks like his performance these few days in the Alchemy Celestial Pavilion indeed attracted Empyrean Flutterfeather's attention.

Chen Yu sucked in a deep breath and said in a solemn voice, "Stinking brat, don't you get dizzy with success! Our hurdle isn't easy to clear!"

Ye Yuan cupped his fists and said with a smile, "Please give guidance!"

1

...

On the stage, three great alchemy celestial level powerhouses had fearsome auras, crushing over towards the Ye Yuan currently in the center.

However, Ye Yuan did not have the least bit of panicky look.

Three great alchemy celestial level powerhouses joining hands, the commotion was indeed extraordinary. It was far from what Yu Ying that kind of blackscale level powerhouse could compare to.

It was just that even with three people joining hands, it also could not stop Ye Yuan's momentum.

His imposing momentum was akin to floodwaters about to breach the dam; advancing irresistibly.

"How can this be? These three are the Alchemy Celestial Pavilion's strongest elders. Under their teamwork, even Seven-star Alchemy Gods have to temporarily avoid the cutting edge too. But Ye Yuan is actually faintly suppressing them!"

"Too terrifying! Could it be that this guy doesn't have a limit?"

"It can't be that he really has the strength to challenge Lord Flutterfeather, right?"

...

Under Ye Yuan's assault, fine sweat beads seeped out on the foreheads of the three great alchemy celestial level powerhouses, appearing very strained.

The refinement of rank five divine pills competed in the understanding of rank five divine pills, the medicinal properties of rank five spirit medicines, as well as Alchemy Dao Realm.

In these few aspects, Ye Yuan completely crushed the three great alchemy celestial level powerhouses.

This alchemy battle seemed like Ye Yuan was very weak, but actually, it was not the case at all.

It was at this time that everyone finally saw clearly Ye Yuan's strength. They also finally knew where Ye Yuan's confidence lay in challenging the three great alchemy celestial level powerhouses.

"Condense!"

Ye Yuan gave a low cry, the medicinal pill formed!

The three great elders were akin to being relieved of a heavy burden, only then slightly heaving a sigh of relief.

Very soon, the three great elders also completed the pill refinement.

The moment they opened up the furnace to take a look, the crowd was flabbergasted!

"Void spirit divine pill! Under this kind of brute force confrontation, Ye Yuan actually still refined a void spirit divine pill!"

The three elders' medicinal pills were one high-grade, two middle-grades.

Not that they could not refine high-quality medicinal pills, but it was that they were utterly suppressed by Ye Yuan's imposing momentum, unable to unleash their strength at all.

Ye Yuan won again!

[Unrivaled Medicine God](#)

Chapter 1937: Empyrean Flutterfeather

"This Ye Yuan is merely roughly a thousand years old. Even if he started cultivating in his mother's womb, it's also impossible to suppress three great Alchemy Celestial Pavilion elders, right?"

"Really blinded my dog eyes! My many years of living was really in vain!"

"No wonder Lord Flutterfeather personally descended. His elderly self has probably long seen through Ye Yuan's strength!"

...

From the initial-most mockery to the current astonishment, the audience's understanding of Ye Yuan reached a new height.

The most important thing was that Ye Yuan was too young!

Being an alchemist was an occupation that accumulated day in and day out. No matter how a person was talented, it was also impossible to reach this goal in one step.

But Ye Yuan subverted their understanding.

The three great elders looked at Ye Yuan, being shocked speechless.

They did not expect that Ye Yuan's strength was actually frighteningly formidable.

This kind of strength, he had probably already walked a long way in Dao Realm.

As for how far, they were unable to estimate it at all.

When facing Ye Yuan, it made the three of them have a feeling like trying to shake a big tree.

This kind of feeling, they only had it before when facing Empyrean Flutterfeather.

"Three seniors, thanks for giving way!" Ye Yuan cupped his fists and said.

These three people's strengths were indeed very strong. It could even be said that they were the strongest opponents that Ye Yuan had encountered to this date.

In alchemy, Ye Yuan was close to invincible. He had always made a clean sweep of his opponents.

But these three people joining hands indeed caused some impact on him.

At least, he could not do what he did to Yu Ying, directly vanquishing them.

Under his powerful pressure, the three of them still persisted until the end.

Chen Chang looked at Ye Yuan and let out a sigh as he said, "Give what way? Ye Yuan, time makes it inevitable that in every profession, the new generation surpasses the last one. Your strength is already beyond imagination. Work hard! This is the alchemy celestial token, from today onward, you're Alchemy Celestial Pavilion's elder; on equal footing with us. This is somewhat wronging you, but this identity can bring you tremendous convenience."

As he said, Chen Chang handed over a token that looked like it was studded with stars, being incomparably profound.

"Thank you, Brother Chen!" Ye Yuan received the token and cupped his fists as he said.

The other two people both fell silent, clearly not quite able to accept this result.

...

The news of Ye Yuan overpowering three great Alchemy Celestial Pavilion elders spread far and wide in the Lustrous Gold alchemy world.

Everyone knew that the Alchemy Celestial Pavilion produced a very young elder.

The entire Lustrous Gold Great Imperial Capital was practically talking about this matter.

Roughly a thousand years old Alchemy Celestial Pavilion elder, this was absolutely an explosive topic of conversation, enough for these people to comment for several years, even several decades.

However, what made them discuss even more was Ye Yuan's battle with Empyrean Flutterfeather.

The number of years that Empyrean Flutterfeather had been famous already could not be investigated.

But his might was absolutely beyond all doubt.

Seven-star Alchemy God, this was an insurmountable peak in the first place.

Let alone that Emyrean Flutterfeather was even an extremely formidable existence among Seven-star Alchemy Gods.

Even if Ye Yuan defeated three great alchemy celestial level powerhouses, this action was still overestimating his own ability in their eyes.

But sadly, this battle would not be publicized. Those able to watch the battle were only the Alchemy Celestial Pavilion's elders.

Lustrous Gold Great Imperial Capital was built by the mountains. On the Clouddream Mountain, aloud and mist coiled up all year round, being extremely elegant.

It was just that no one dared to go up the Clouddream Mountain at all.

Because they knew that Clouddream Mountain was Emyrean Flutterfeather's Dao field.

Since ancient times, only Emyrean level powerhouses could go up Clouddream Mountain. And their objectives were mostly in order to request for pills.

Thanks to Ye Yuan, the dozen over Alchemy Celestial Pavilion elders scaled up Clouddream Mountain today.

Inside the archaic and magnificent hall, it appeared extremely empty.

A faint medicinal fragrance lingered in the air, making people feel refreshed and relaxed.

Two little medicine boys were currently fanning the medicinal cauldron's fire. Seeing Ye Yuan come in, their eyes revealed a hint of disdain.

The little medicine boy in purple clothing looked at Ye Yuan and said with an unhappy look, "It's you who wanted to challenge Master? Not much older than us either, truly overestimating your own ability."

The little medicine boy in green said with an unfriendly expression, "*Hmph hmph!* Won against the Alchemy Celestial Pavilion's elders and you got carried away! They are nothing in front of Master!"

The Alchemy Celestial Pavilion elders by the side had awkward faces, not quite able to maintain their dignity anymore.

But it could not be helped that they could not maintain their dignity. These two little medicine boys were Emyrean Flutterfeather's direct lineage disciples. Their statuses were even higher than theirs, they did not dare be insolent.

But they also knew that the strength of these two little medicine boys in front of them was extraordinary.

If one looked down on them because of their age, then they would definitely suffer a huge loss.

Suddenly, they thought of this freak beside them again, and they were actually rendered speechless.

Those two little medicine boys were strong because they had a Seven-star Alchemy God master, but what about Ye Yuan?

Ye Yuan came from a little county and relied on his own efforts to walk step by step until this day. That was truly monstrous.

“Zi Yu, Qing Yun, don’t be rude!”

Just as everyone was awkward, a figure appeared.

Ye Yuan looked at the arrival and actually could not quite see through clearly.

Ye Yuan clearly knew that the person in front of him was Emyrean Flutterfeather, but he was unable to see clearly, as if a layer of fog covered his face.

Emyrean Flutterfeather’s entire person was like an incarnation of Dao, so fleeting and ephemeral.

This was not Ye Yuan’s first time seeing an Emyrean powerhouse. He had even killed before Emyrean powerhouses. But that was inside the Immortal Grove World, the Immortal Grove Heavenly Dao suppressed those people immensely strongly.

But in the Heavenspan World, it was still Ye Yuan’s first time coming into contact with an Emyrean powerhouse. It was truly illusory and ephemeral to the extreme.

When Zi Yu and Qing Yun, the two medicine boys saw Flutterfeather, the haughty expression on their faces immediately reined in.

It was just that in their eyes, it was still full of disdain toward Ye Yuan.

“We pay respects to Lord Flutterfeather!” When the group of alchemy celestial elders saw the arrival, they immediately bowed in salute.

Ye Yuan cupped his fists and said, “Thank you, Lord Flutterfeather, for acquiescing to my wish!”

Flutterfeather sized Ye Yuan up and said, “You’re at grand completion Dao Realm?”

Ye Yuan and the group of Alchemy Celestial Pavilion elders were greatly astonished when they heard that.

Ye Yuan did not expect that Emyrean Flutterfeather actually saw through him with one glance.

Dao Realm was different from Martial Dao Realm, unable to see through at a glance.

Furthermore, Dao Realm was extremely illusory and insubstantial, ordinary people could not estimate it at all.

But Flutterfeather actually saw through at a glance.

The Alchemy Celestial Pavilion elders all turned pale with terror. They knew that Ye Yuan was definitely a Dao Realm powerhouse, but they did not think that Ye Yuan was actually a grand completion Dao Realm powerhouse.

Dao Realm was different from Martial Dao Realm. Initial-stage Dao Realm and grand completion Dao Realm, even if ordinary alchemists worked hard for all their life, they could not attain it too.

To the vast majority of alchemists, the grand completion Dao Realm was the opposite shore!

But Ye Yuan actually reached the grand completion Dao Realm at a young age. It was truly unthinkable, and not up to them to not be shocked.

Sizing Ye Yuan up once more, Ye Yuan's figure became extremely stalwart in their eyes.

"Could it be that Senior Flutterfeather has already reached Ancestor Realm? If that's really the case, this junior was impetuous!"

Very soon, Ye Yuan regained his nerves and answered with a question.

Flutterfeather smiled and said, "How can Ancestor Realm be so easy to attain? However, this empyrean shouldn't be far away! As for seeing through your realm, when you reach this empyrean's boundary, it will naturally be clear at a glance."

Unrivaled Medicine God

Chapter 1938: Intense Confrontation!

"So that's how it is!"

Ye Yuan was calm on the surface but actually extremely shocked inwardly.

The meaning in Emphyrean Realm Flutterfeather's words was that he was only a step away from the Ancestor Realm.

Compared to the Dao Realm, the Ancestor Realm was even more vague and insubstantial, and it was even harder to fathom.

Although Ye Yuan was already at the grand completion Dao Realm, he still did not have the slightest clue about Ancestor Realm.

"Achieving the grand completion Dao Realm at a young age, your future prospects are limitless!" Emphyrean Flutterfeather said with vicissitudes of emotion.

"Senior Flutterfeather is too kind!" Ye Yuan said.

"*Huhu*, enough talk, since you want to challenge me, let's begin then. The medicinal pill is up to you to choose," Flutterfeather said coolly.

Ye Yuan nodded. He was also somewhat unable to hold himself back anymore.

An opponent like Emphyrean Flutterfeather could not be encountered randomly.

Compared to Emphyrean powerhouses, grand completion Dao Realm alchemists were harder to encounter.

"Why don't we refine the Thousand Tribulation Chaos Essence Pill, I wonder what Senior Flutterfeather thinks?" Ye Yuan said.

“*Mn?* Thousand Tribulation Chaos Essence Pill is a supreme medicinal pill for five transformation body-cultivators. Refining it is quite hard, you’re sure that you want to refine it?” Empyrean Flutterfeather said.

Ye Yuan nodded and said, “This is it.”

The classification of medicinal pills was just a general division. Similarly level nine difficulty medicinal pills, it was naturally impossible for the refining difficulty to be exactly the same.

Just like the Cleansing Rain Dream Reverting Pill that Ye Yuan refined before, the difficulty level was virtually unimaginable.

This Thousand Tribulation Chaos Essence Pill’s refining difficulty was considered very high among rank five level nine divine pills already.

To Ye Yuan, refining the Sun Moon Azure Sky Pill, Exquisite Jade Heart Recovery Pill, this kind of commonly seen medicinal pills would naturally be the most suitable.

Although Ye Yuan’s strength was extremely strong, in terms of pill refining experience, in terms of understanding toward the medicinal properties of spirit medicines, how could he compare to the Empyrean Flutterfeather who had lived for several million years?

This choice was not wise for Ye Yuan.

Empyrean Flutterfeather nodded his head. Flicking his sleeves grandly, a medicinal cauldron appeared in front of him.

“Since it’s refining a rank five divine pill, this Empyrean naturally won’t take advantage of you either. This is the medicinal cauldron that this Empyrean used when I was at Celestial Deity Realm, it’s called Xuanlong Cauldron, which hasn’t been used for several million years already. If you win this Empyrean, this Empyrean will give it to you,” Empyrean Flutterfeather said.

Ye Yuan sized up the Xuanlong Cauldron in front of him. Waves of profound and inscrutable undulations emitted from it, it was a rare treasure among celestial deity mystic treasures.

To Five-star Alchemy Gods, it was absolutely a treasure that they yearned for even in their sleep.

Except, when Zi Yu and Qing Yun two people saw this scene, they could not help having astonished faces.

“Master, this disciple has begged you for a thousand years already and you weren’t willing to bestow the Xuanlong Cauldron to me. Now, you’re actually going to gift it to an outsider,” Zi Yu said with an aggrieved look.

These two little medicine boys had clearly received Empyrean Flutterfeather’s dotting favor, to actually dare speak to him like this.

But one could also tell from his expression that this Xuanlong Cauldron was an exceptionally fine medicinal cauldron.

Empyrean Flutterfeather smiled and said, "Not giving you is naturally because you aren't worthy of this medicinal cauldron. Although it's already useless to me, this Empyrean has nourished it for several million years. It's spirituality has long already surpassed ordinary celestial deity mystic treasures. Whoever inherits it and uses it to refine pills, that naturally also represents this Empyrean's face. The two of you are still far away from this step!"

Qing Yun pursed his mouth and said, "I don't believe that this brat can be Master's match!"

Empyrean Flutterfeather waved his hand and said, "Don't be impolite; quickly go prepare the spirit medicines."

The two disciples did not dare to dawdle, quickly going to prepare two sets of Thousand Tribulation Chaos Essence Pill spirit medicines.

These spirit medicines were worth a thousand gold outside, but in Clouddream Mountain, it naturally did not count for anything.

Empyrean Flutterfeather's palm brushed past, it seemed to have magical powers, those spirit medicines actually turned into motes of light, gathering over towards the Xuanlong Cauldron.

Ye Yuan's pupils constricted; Empyrean Flutterfeather actually directly skipped the medicinal embryo refining segment.

This technique was simply inconceivable.

The pupils of the Alchemy Celestial Pavilion's elders all shrunk, clearly being astounded by this scene.

They were also considered to be extremely experienced alchemists already, their statuses incomparably revered.

But the workings of this scene in front of their eyes, they had simply never heard of it before.

Empyrean Flutterfeather was an extremely mysterious existence, it was naturally impossible to refine pills in front of these people's faces.

Being able to come here and watch today was still thanks to Ye Yuan. It also let them broaden their horizons.

When Zi Yu and Qing Yun saw this scene, their faces revealed smug smiles.

"Saw that? This is merely the tip of Master's strength. This stinking brat is totally overestimating his own ability!" Zi Yu said.

"Even if he's at the grand completion Dao Realm, compared to Master, he's also worlds apart! Pill refinement isn't competing in just realm!" Qing Yun said.

Seemingly detecting the strange look in Ye Yuan's eyes, Empyrean Flutterfeather said with a smile, "This Empyrean has immersed in Alchemy Dao for millions of years and has long already understood the medicinal properties of all kinds of spirit medicines like the arm directs the fingers. If I can't even do this, then my reputation is also too undeserved."

Ye Yuan smiled and said, "Senior Flutterfeather is impressive. This junior really broadened my horizons!"

Done talking, Ye Yuan's hand was like a wandering dragon. A cluster of pale white flames emerged from his palm, turning into nine fire dragons.

Under Ye Yuan's control, the nine fire dragons were akin to living things, suddenly diving into the medicinal cauldron in front of him.

Bang!

The medicinal cauldron suddenly gave off a sonorous dragon roar, reverberating throughout the hall.

Ye Yuan's medicinal cauldron was obtained in the Purple Extreme Hall, it was called Wandering Dragon Cauldron!

Even though it was a celestial deity mystic treasure too, it was much worse than a treasure like the Xuanlong Cauldron.

A celestial deity mystic treasure that was nourished by an Empyrean powerhouse for several million years was not what ordinary objects could compare to.

However, the Wandering Dragon Cauldron suddenly radiated a brilliant light under Ye Yuan's manipulation.

Right at this time, Ye Yuan reached his hand out and beckoned. The spirit medicines flew straight into the Wandering Dragon Cauldron.

"Pfft!"

Zi Yu and Qing Yun two people immediately burst into laughter.

"Does he know how to refine pills or not? Can throwing the spirit medicines in all together like this refine medicinal pills? This brat isn't here to joke around, right?" Zi Yu convulsed with laughter as he said.

"*Heh heh*, he tried to draw a tiger but ended up with the likeness of a dog! He wants to follow Master's example, but he also doesn't measure his own capabilities, can he learn it?" Qing Yun similarly burst into laughter and said.

When the Alchemy Celestial Pavilion elders saw this scene, each and every one also shook their heads.

It seemed like Ye Yuan was arrogant at heart and haughty in manner and directly had his tempo taken by Empyrean Flutterfeather.

That fire controlling art was naturally extremely formidable, but he could not even refine the medicinal embryo refine superb medicinal pills?

It was just that none of them noticed that a hint of strange light flashed across in Empyrean Flutterfeather's eyes.

"Brilliant! Truly excellent! Little Friend, just based on this move, you're adequate to be this Empyrean's opponent!" Flutterfeather had a rare burst of exclamation.

His words made everyone's faces change slightly.

Zi Yu and Qing Yun two people's smiles immediately turned stiff on their faces.

It was clearly Ye Yuan behaving carelessly, so why did their master give such a high evaluation?

Was this move ... brilliant?

Why couldn't they tell?

"Master, how is his move brilliant? Randomly throwing spirit medicines in like this can refine the medicinal embryo?" Zi Yu was full of puzzlement.

Flutterfeather smiled faintly and said, "You guys can't, but he can! This move is extremely brilliant, but you guys can't learn it!"

Unrivaled Medicine God

Chapter 1939: Twin Dragons Shocking the Heavens!

Emyrean Flutterfeather's words made the hearts of Zi Yu and the rest tremble.

Ye Yuan's technique was clearly just like a big jumble of mess, so why did it become very brilliant?

"This move of his seems like a big mess, but actually, there is a well-thought-out plan. He made the medicinal cauldron operate on its own with an extremely brilliant fire controlling art. As long as these spirit medicines enter the medicinal cauldron, they would automatically be extracted until the divine fire and medicinal cauldron's control, tempered, and formed into medicinal embryo! Of course, wanting to do it to this step, there's an exceedingly high requirement of familiarity with the medicinal properties of spirit medicines, fire controlling technique, and the medicinal cauldron. This requirement is close to rigorous, ordinary people can't do it at all."

Emyrean Flutterfeather spoke with confidence and composure, but everyone was alarmed when they heard it.

"A-Automatically operating to extract the medicinal embryo? How is this possible?" Chen Yu said in shock and horror.

He was a Dao Realm powerhouse himself and naturally knew how difficult this was.

Emyrean Realm Flutterfeather said coolly, "Nothing is impossible. You can't because your skill isn't up to par. Ye Yuan's fire controlling art has already attained sublimity, and even this Emyrean dare not say that I can win against him."

"Hiss!"

The sound of cold air being sucked in echoed in the hall.

How terrifying Emyrean Flutterfeather's fire controlling art was, they were completely unable to imagine.

But he said that Ye Yuan's fire controlling art was not the least bit inferior to him.

How terrifying was this?!

One had to know, Emphyrean Flutterfeather was an old monster who had already lived for several million years. Having such a profound fire controlling technique was not unusual.

But Ye Yuan?

He was only roughly a thousand years old!

Zi Yu and Qing Yun two people no longer dared to speak, their faces being very ugly by the side.

The two of them were even much older than Ye Yuan. But in terms of fire controlling technique, they were not even fit to carry Ye Yuan's shoes.

Even though Master doted on them a lot, he had never given them such a high evaluation before.

"Huhu, I've displayed my ability in front of Senior Flutterfeather," Ye Yuan said.

Flutterfeather said coolly, "You and I know it perfectly well, so why is there a need to say such things? Next, this Emphyrean won't hold back anymore. This Emphyrean's alchemy technique is my self-created Soul Heavenly Revelation Art. You have to be careful."

Ye Yuan cupped his fists and said, "Chaos Heavenly Star Art, please give pointers!"

A strange look fleeted across Emphyrean Flutterfeather's eyes, thinking to himself in alarm, *Chaos Heavenly Star Art, was it intentional or unintentional? The word 'chaos' was not what anyone dared to use!*

But very soon, Emphyrean Flutterfeather reined in his thoughts, his entire person becoming tranquil.

An aura of Dao that could not be described with words started filling the air in the hall.

A thread of flame that was as fine as silk slowly flowed into the Xuanlong Cauldron like a stream.

There were the grace and serenity of the silent night.

Ye Yuan's pupils constricted, being fully aware that he ran into an expert.

Refining a rank five divine pill, he had yet to encounter such great pressure before.

Ye Yuan did not dare to be negligent, the Chaos Heavenly Star Art revolved. A similarly incomparably profound aura spread out from Ye Yuan's body.

Two auras collided together fiercely.

Ye Yuan's mind was shocked and nearly went limp.

What a powerful impact force!

Ye Yuan felt that it was like the weight of Mount Tai bearing down on him, being powerful and unstoppable.

The alchemy battles previously, no matter how powerful the opponents were, how fierce the impact was, it was unable to shake him in the slightest.

But this time, Ye Yuan actually felt like he was unable to confront the opponent.

This kind of aura was not the pressure of an Empyrean, but the aura formed from refining medicinal pills.

Because of the limitation of rank five divine pills, no matter how great your strength was, you could only urge rank five divine pills to the limits and would not exceed the scope of rank five.

It was just that the strength of the alchemist, the aura that was released was totally different.

Powerful ones could have their qi surge to the clouds, triggering the power of heaven and earth.

Weak ones could only barely manage to hold out, so on and so forth.

Currently, after the medicinal pill aura of Empyrean Flutterfeather and Ye Yuan two people clashed vigorously, they turned into two enormous dragons, spiraling up, rushing straight for the clouds.

That imposing momentum could be said to startle the heavens and shake the earth.

At this time, Zi Yu and Qing Yun two people no longer dared to speak up to ridicule Ye Yuan.

Although Ye Yuan's medicinal pill aura was inferior to Empyrean Flutterfeather's, the might of its imposing momentum made people tongue-tied.

This commotion was absolutely not what the likes of their strength could bring out.

They finally understand why Master wanted to battle in alchemy with a puny little Celestial Deity Realm with the body of an Empyrean Realm.

Ye Yuan indeed had this qualification.

On the other side, the Alchemy Celestial Pavilion's elders all revealed shocked expressions.

Especially the Chen Yu three people who had exchanged blows with Ye Yuan before. They were even more inexplicably shocked in their hearts.

"Turns out that this is Ye Yuan's full strength! When he was battling in alchemy with us, he didn't use his full strength at all!" Chen Yu said with a pale complexion.

Chen Chang also nodded slowly and said, "Grand completion Dao Realm! This is the strength of grand completion Dao Realm! The likes of us can't imagine it at all!"

Xiao Zhen sighed emotionally and said, "No wonder he dared to utter wild ravings, wanting to challenge Lord Flutterfeather! Us mortal men can't arouse his interest at all! This boy's talent is truly terrifying, being already at the grand completion Dao Realm at a young age! After hundreds of millions of years past, the Heavenspan World might produce another Medicine Ancestor."

When everyone heard that, they were shocked.

In these countless tens of thousands of years, only one Medicine Ancestor emerged.

Although the Demon Race produced a Sacred Ancestor High Priest, the Sacred Ancestor High Priest was still quite a bit worse compared to the Medicine Ancestor.

But Ye Yuan's age determined his future potential.

Who could say that he could not reach the Medicine Ancestor's boundary in the future?

While they were talking, Emyrean Flutterfeather's and Ye Yuan's auras grew stronger and stronger. The pill refinement also reached a white-hot degree.

"Roar!"

An illusory purple dragon rushed to the sky, directly breaching the great hall's constraints, heading for the horizon.

Ye Yuan's side was also not resigned to playing second fiddle.

"Roar!"

A ferocious dragon similarly rose to the sky, catching up to the purple dragon very quickly.

Two illusory enormous dragons had a great battle at the horizon, the commotion grew stronger and stronger.

The present Lustrous Gold Great Imperial Capital, the color of the sky completely dimmed down.

The clear skies that originally stretched thousands of miles actually had fine rain clouds rain down at present.

All the martial artists in the city were drawn by the two enormous dragons high up in the sky.

"This phenomenon came from Clouddream Mountain, heard that that newly appointed Alchemy Celestial Pavilion elder is challenging Emyrean Flutterfeather. Could it be that they are battling in alchemy?"

"Heard that Emyrean Flutterfeather's divine fire is Purple Wing True Dragon Fire. That purple enormous dragon is likely transformed by Emyrean Flutterfeather, right? Then the other enormous dragon is Ye Yuan?"

"Really too crazy! Elder Ye Yuan is just a Five-star Alchemy God, he can actually fight with Emyrean Flutterfeather, this Seven-star Alchemy God, until they are evenly-matched?"

...

The commotion caused by Ye Yuan and Emyrean Flutterfeather battling in alchemy was too big, it was hard for the entire city of martial artists to not be concerned even if they did not want to.

It was just that at this very moment, what they were shocked by was not how strong Emyrean Flutterfeather's strength was, but that a Five-star Alchemy God could actually fight with a Seven-star Alchemy God until they were locked in a struggle!

A Five-star Alchemy God could actually cause such a phenomenon, Ye Yuan's strength already far surpassed the people's imaginations.

Bang!

Right at this time, the two enormous dragons in the sky gave off a fierce collision.

The spiritual energy of heaven stirred up by the two enormous dragons instantly set off an enormous undulation.

In a twinkle, lightning flashed and thunder rumbled as if the end of the world had come.

Crack, crack, crack ...

Bolts of lightning wrapped in horrifying pressure rushed into Clouddream Mountain, landing inside the hall!

Unrivaled Medicine God

Chapter 1940: Etiquette of a Senior

“Buzz, buzz!”

The aura of Alchemy Dao followed by lightning slammed right into the hall.

Empyrean Flutterfeather and Ye Yuan’s faces changed at the same time, the seals in their hands changing swiftly and indeterminately like the clouds.

The horrifying lightning was actually guided into the medicinal cauldrons by Empyrean Flutterfeather and Ye Yuan.

Immediately, countless lightning flashed incessantly on the Xuanlong Cauldron and Wandering Dragon Cauldron, looking hair-raising.

“They ... They are actually snatching pill tribulation!” Chen Chang exclaimed in shock.

As alchemists, they were clear how terrifying this level of pill tribulation was.

In reality, when each alchemist encountered pill tribulation, they would respond carefully, fearful of making the slightest mistake.

But these two people actually used pill tribulation to temper the medicinal pills!

If it was tempering medicinal pills, fine, the two of them were actually afraid that the pill tribulation was insufficient and desperately vying for the pill tribulation!

These two were absolutely lunatics!

The group of Alchemy Celestial Pavilion elders looked at this scene in incredible shock and already did not know what they should say.

It was only to see bolts of lightning entering the medicinal cauldrons. The energy undulations inside the medicinal cauldrons became stronger and stronger, actually showing sights of losing control.

Crack! Crack! Crack!

Ye Yuan’s Wandering Dragon Cauldron actually started cracking apart.

Chen Chang’s expression changed and he said, “It’s over! This pill tribulation’s energy is too terrifying, Ye Yuan’s medicinal cauldron already almost can’t take it anymore. A single slip up and the furnace will blow up!”

When Zi Yu and Qing Yun two people saw this scene, they could not help revealing a look of wild ecstasy.

“Haha, this brat lost for sure! Can’t even control medicinal cauldron, refine what medicinal pills?” Qing Yun laughed loudly as he said.

But those Alchemy Celestial Pavilion elders were silent. They knew that even if Ye Yuan’s furnace exploded, it was also not due to lack of skill.

Even though Empyrean Flutterfeather only used a celestial deity mystic treasure, this celestial deity mystic treasure was nourished by him for several million years. Its bearing capacity was absolutely not what Ye Yuan’s Wandering Dragon Cauldron could compare to.

The aura set off by these two people refining pills practically reached the limits of rank five divine pills already. So the pill tribulation brought down was also not what ordinary medicinal cauldrons could withstand.

Although the Wandering Dragon Cauldron was decent, it was clearly a little worse in handling such horrifying energy.

However, Ye Yuan did not have the intention of giving up. He still controlled the medicinal cauldron with his full attention, refining the medicinal pill.

The two enormous dragons were still in a struggle, pill tribulation continuously poured into the medicinal cauldron.

The Wandering Dragon Cauldron’s cracking became more and more serious, the cracks on it also became more and more.

Qing Yun was long already waiting for the furnace to blow up. But a very long time had passed and the Wandering Dragon Cauldron still did not show signs of blowing up.

“This ... What on earth is going on here? His medicinal cauldron has clearly reached the limits it can bear long ago, but why hasn’t it blow up?” Qing Yun said gloomily.

The Wandering Dragon Cauldron’s cauldron body was already fragmented into little pieces. One could practically say that it had fallen apart. Logically speaking, the furnace should have long blown up, yet, it just refused to explode!

Chen Chang said, *“His medicinal cauldron had indeed reached its limits long ago, but Ye Yuan relied on the power of Great Dao and forcefully maintained the medicinal cauldron! His control over the medicinal cauldron has simply reached an inconceivable level!”*

Zi Yu and Qing Yun exchanged a glance, being shocked speechless.

It was still their first time seeing that one’s control over the medicinal cauldron could reach such a horrifying degree.

Was this really what people could accomplish?

Bang!

Bang!

Bang!

High up in the sky, a purple and a white, two enormous dragons, unfolded a fierce confrontation, the imposing momentum getting stronger and stronger.

Bang!

Suddenly, after the two enormous dragons had a fierce collision, they fell apart to pieces!

The two illusory massive dragons turned into motes of light.

And right at this time, Emyrean Flutterfeather's and Ye Yuan's minds became more agile as luck hit, suddenly opening both eyes.

The two originally diametrically opposed auras actually started blending together in perfect harmony!

Ye Yuan's aura gradually converged into Emyrean Flutterfeather's aura, while Emyrean Flutterfeather's aura also slowly converged into Ye Yuan's aura.

It seemed like the two medicinal pills were going to fuse together!

When the group of elders saw this scene, they could not help exchanging glances as they had never seen before such a scene.

"Aren't they battling in alchemy? Why is it that when they fight until the end, the banners are lowered and the drums are silenced, shaking hands and burying the hatchet?" Chen Yu said with a baffled look.

"What kind of situation is this?" Chen Chang was similarly doubtful as he asked.

The two auras were like two converging rivers, finally converging into the sea.

Very soon, those two auras combined into one!

An air billow spread out with the two people as the center, immediately sending the group of elders flying out.

The two people's medicinal cauldrons practically gave off a dazzling light at the same time.

"Condense!"

"Condense!"

Right at this time, Emyrean Flutterfeather and Ye Yuan gave a sharp cry at the same time.

That violent aura, countless energy, was recalled in an instant, entering the two medicinal cauldrons.

The pill condensation succeeded!

"*Haha!* Feels great!" Emyrean Flutterfeather's hearty laughter reverberated in the great hall.

Indeed, it had already been God knows how many years since Emyrean Flutterfeather had such a satisfactory fight.

As an outstanding talent among Seven-star Alchemy Gods, not many people could become Emyrean Flutterfeather's match at all.

Ye Yuan was seeking an opponent that could match his strength with; so wasn't he the same too?

This battle was to his heart's content.

Crack, crack, crack ...

With the pill condensation succeeding, the Wandering Dragon Cauldron finally could not bear it, falling apart to pieces, turning into a pile of fine powder.

It could be seen from this how horrifying the pill tribulation caused by the two people previously was, to actually turn a celestial deity mystic treasure to dust.

Ye Yuan moved like lightning, keeping the medicinal pill into a small bottle that was prepared long ago.

Done with all this, Ye Yuan cupped his fists and said to Emyrean Flutterfeather, "Congratulations, Senior Flutterfeather!"

Emyrean Flutterfeather was clearly in a great mood currently as he said smilingly, "Thanks for your congratulations! Without you, this old man couldn't have taken this step either!"

Ye Yuan smiled and said, "Senior Flutterfeather's realm is already there. You were just lacking an opportunity. Now, success comes when the conditions are ripe. Felicitations!"

Emyrean Flutterfeather reached his hand out and beckoned, putting away the medicinal pill. Then, he pushed lightly, pushing the Xuanlong Cauldron in front of Ye Yuan.

"This Xuanlong Cauldron has followed this old man for several million years. Meeting you today, you definitely won't ruin its reputation! I'll give it to you," Emyrean Flutterfeather said smilingly.

Ye Yuan was not courteous either, directly keeping the Xuanlong Cauldron and said with clasped hands, "Thank you, Senior Flutterfeather."

With a bout of alchemy battle, Ye Yuan naturally knew about Xuanlong Cauldron's prowess.

Under that horrifying pill tribulation, the Xuanlong Cauldron was actually unscathed; this could be seen at a glance.

Far away, when everyone heard the two people's conversation, each and every one of them was shocked until they could not close their mouths.

What Ye Yuan was congratulating, they were naturally well aware.

Especially Zi Yu and Qing Yun two people, their faces revealed a look of wild elation, practically about to jump up in happiness.

"Master, you ... you comprehended it?" Zi Yu said rather incoherently.

Emyrean Flutterfeather stroked his beard and said with a smile, "Yes! Starting from today, master will begin closed-seclusion. So you all don't disturb me. As of today, Ye Yuan will be the Alchemy Celestial Pavilion's head elder. All of you have to show the etiquette toward a senior, understood?"

Everyone was stricken with fear, all bowing their heads in salute as they said, “We obey Lord Flutterfeather’s dharmic decree!”

Finished talking, Empyrean Flutterfeather’s figure moved, immediately disappearing from the great hall.

The group of Alchemy Celestial Pavilion elders exchanged glances, akin to being lost in the clouds and mist.

This battle, just who won?
