

Medicine God 1941

Chapter 1941: End Spirit Divine Pill!

Etiquette toward a senior!

These words were not just said to Zi Yu and Qing Yun two people, but it was also said to the Alchemy Celestial Pavilion elders that were present.

These were all peak Six-star Alchemy Gods whose fame shakes a region. They actually had to carry out the etiquette of a disciple to a Five-star Alchemy God?

If it were before, they would naturally be extremely unwilling to obey this command.

But now, they had witnessed Ye Yuan's strength, the group of elders did not have any complaints.

Ye Yuan fought with Empyrean Flutterfeather until they were evenly matched in skill and strength.

Furthermore, after Empyrean Flutterfeather had the alchemy battle with Ye Yuan, he actually gained enlightenment on Dao!

Ancestor Realm!

To alchemists, entering Ancestor Realm was their lifelong pursuit.

As long as one was an alchemist, they would want to enter the Ancestor Realm even in their dreams!

How difficult was it to enter the Ancestor Realm?

It was even harder than entering the realm of Heavenly Emperor!

In this Heavenspan World, there were still some Heavenly Emperor powerhouses. But how many Ancestor Realm powerhouses were there?

Empyrean Flutterfeather taking this step was equivalent to embarking on the path of Great Dao that led to the heavens!

Then, the Ye Yuan who could let Empyrean Flutterfeather take this step, how strong could his strength be?

Ye Yuan's current realm was still low, but no one out of all the people present doubted his future accomplishments!

"Lord Ye Yuan!" The group of Alchemy Celestial Pavilion elders bowed in salute toward Ye Yuan.

Ye Yuan nodded and said, "You're all seniors, so there is no need to stand on ceremony like this."

Ye Yuan was modest, but how could they really dare to make light of Ye Yuan?

In the future, wouldn't Empyrean Flutterfeather still remove their heads to kick like a ball?

But, unable to hold back his curiosity, Chen Chang still could not resist asking, "Your Excellency, I wonder just who won and who lost in this alchemy battle?"

Ye Yuan knew that these people were curious, but smiled and said, "I lost!"

Hearing this, everyone's hearts eased up.

Empyrean Flutterfeather gifting the Xuanlong Cauldron, they even thought that this battle, it was Empyrean Flutterfeather who lost.

But even if Ye Yuan was defeated, no one present dared to underestimate him anymore.

Seeing that Chen Chang still had a curious look on his face, Ye Yuan directly tossed the small bottle over and said with a smile, "Today, Senior Flutterfeather and I battling in alchemy, only the few of you know the results. If someone divulges it, I won't find trouble with you guys. But in the future, when Senior Flutterfeather comes out of seclusion, he'll naturally come to find trouble with you guys."

When everyone heard that, they were shocked inwardly.

Although this battle was Empyrean Flutterfeather's win, Ye Yuan did not pale the slightest in comparison too.

If it spread out, it would have a tremendous impact on Empyrean Flutterfeather's reputation.

Chen Chang received the small bottle, sunk his divine sense inside, and was immediately petrified.

The other people's hearts were itching unbearable and urged: "Brother Chen, just how is it, say something!"

Chen Chang was startled, passed the small bottle to Chen Yu, and muttered, "You see for yourself."

Chen Yu was baffled. Receiving the small bottle and taking a look, he was immediately petrified.

Everyone was rendered confused by these two, but they also knew that this Thousand Tribulation Chaos Essence Pill was definitely not ordinary.

Passing it over one by one, they were petrified one after another.

The expressions on their faces were fascinating to the extreme.

When Zi Yu and Qing Yun two people saw this scene, they were stirred up by it until their hearts itched unbearably.

Just what magical powers did this medicinal pill have, to make the group of Alchemy Celestial Pavilion elders behave like they saw a ghost?

After the two of them saw the medicinal pill, their expressions became no different from the rest.

"End spirit divine-grade! Didn't expect that this old man can actually see an end spirit divine pill in this lifetime! This life was truly not in vain!" Suddenly, Chen Chang let out a long sigh.

The other elders all nodded, clearly feeling the same as Chen Chang.

That was right, the Thousand Tribulation Chaos Essence Pill that Ye Yuan refined was precisely the extremely rare end spirit divine pill!

The five realms above divine-grade, purple spirit, void spirit, vast spirit, end spirit, spiritlink, each realm was harder than the last.

Vast spirit divine pills, one could still see it if they were lucky.

But end spirit divine pills were almost extinct in the entire Heavenspan World too!

Perhaps only Medicine Ancestor that level of powerhouse could refine end spirit divine pills.

As for the legendary spiritlink divine pill, to Chen Chang they all, they did not even dare to think about it.

Chen Yu looked at Ye Yuan and said in puzzlement, "Your Excellency, you refined an end spirit divine pill, so why ... why did you still lose?"

How hard was it to refine end spirit divine pills?

To alchemists, it was even harder than breaking through to be a Heavenly Emperor!

Ye Yuan refining an end spirit divine pill, that was simply sweeping across the world. He would actually still lose?

Ye Yuan smiled and said, "Because what Senior Flutterfeather refined is also an end spirit divine pills! Unfortunately, he saw another scenery in this alchemy battle, so ... his quality is slightly above mine."

Talking until here, Ye Yuan also revealed a trace of regret.

In this battle, Ye Yuan naturally gleaned considerable gains too.

That fleeting and ephemeral Ancestor Realm seemed to be a little clearer in front of Ye Yuan.

Unfortunately, the time that Ye Yuan immersed in the grand completion Dao Realm this level was still too short. How could he compare to Empyrean Flutterfeather who already had half a foot stepped into the Ancestor Realm?

But even so, he was also just a hair's breadth worse, barely losing to Flutterfeather.

The group of elders exchanged glances. They were incomparably shocked.

They were clear in their hearts that although the alchemy battle this time was fair, there was a difference in the end.

Xuanlong Cauldron's quality was clearly far better than Wandering Dragon Cauldron.

At the later stages, the Wandering Dragon Cauldron cracked apart. Ye Yuan maintained it from collapsing with tremendously strong control.

In between this, he naturally had to expend considerable energy

When refining pills, the difference of millimeters was as good as missing by a thousand miles. This kind of difference would naturally affect the final result.

In addition, Flutterfeather was of an Empyrean's body. In terms of divine essence thickness, in terms of divine soul's might, in terms of pill refining experience, it was all far stronger than the young Ye Yuan.

Under such a disparity, Ye Yuan only barely lost too.

One could say that he had a moral victory!

Of course, Ye Yuan would not find this sort of excuse for himself. Losing was losing, he could accept failure.

The benefits of this alchemy battle to him far exceeded the significance of winning or losing.

“Your Excellency, that means ... you can always refine end spirit divine pills in the future?” Chen Chang could not resist asking.

Ye Yuan shook his head and laughed in spite of himself as he said, “How is that possible? When this alchemy battle reached the end, Senior Flutterfeather and my Alchemy Dao produced a resonance, merging into one body in the end. He nourished my medicinal pill with his Dao, I nourished his medicinal pill with my Dao. That is how the current results came to be. If let us refine again, it’s impossible to refine end spirit divine pills too.”

Only when everyone heard that did they come to a realization.

It turned out that at the final juncture, the two people actually turned from enemies into friends, complementing each other. That was how a miracle was created, refining the end spirit divine pills.

...

A month passed in a twinkle, Ye Yuan finally came out of seclusion.

During this one month’s time, Ye Yuan experienced that alchemy battle time and again, obtaining tremendous benefits.

And this alchemy battle was also spread until it raised a babel of discussion in the city.

But to the vast majority of the people, he naturally lost to Empyrean Flutterfeather.

Although Ye Yuan displayed powerful strength, in front of Flutterfeather this Seven-star Alchemy God, he was still too unskilled.

Toward this, Ye Yuan naturally did not care.

His objective of coming to Lustrous Gold Great Imperial Capital was also achieved, he naturally planned on returning to Heavenly Eagle Imperial City.

“Your Excellency, with your talent, staying in an imperial city is seriously too unworthy of your talents! Why don’t you remain in the Alchemy Celestial Pavilion?” Chen Chang said.

Unrivaled Medicine God

Chapter 1942: Bai Chen Breaks Through!

“Huhu, does Brother Chen feel that Senior Flutterfeather hope for me to stay or not?” Ye Yuan looked at Chen Chang and answered with a question.

A hint of uncertainty flashed across Chen Chang’s face, and he said, “Yeah, fine talents and beautiful jades, Lord Flutterfeather shouldn’t let you go. But why ...”

“Because he knows that I won’t say, so he naturally won’t open his mouth,” Ye Yuan smiled and said.

Chen Chang was startled, suddenly discovering that he was somewhat meddlesome.

How wise was Empyrean Flutterfeather? He naturally knew that Ye Yuan staying was an immensely good thing to the Myriad Treasure Tower.

But he did not open his mouth all the way until he went into closed-seclusion.

Clearly, Empyrean Flutterfeather had long seen through Ye Yuan, knowing that he would not stay, so he also saved his breath.

Opening his mouth would definitely ask for a rebuff, so why bother?

“Brother Chen, rest assured, even if I don’t stay, I’m also the Alchemy Celestial Pavilion’s elder. My relationship with Myriad Treasure Tower can’t be cut cleanly,” Ye Yuan said with a smile.

...

Returning to Heavenly Eagle, Ye Yuan directly chose to go into closed-seclusion.

He brought back a large pile of spirit medicines from the Lustrous Gold Great Imperial Capital and started to devote himself to researching the Soul Driving Dao Fusion Pill.

Experiencing a battle with Empyrean Flutterfeather, Ye Yuan had a deeper understanding of Sacred Ancestor High Priest’s inheritance, and his understanding of pill refinement also grew deeper.

Although it did not reach the Ancestor Realm for the time being, his pill refining strength was more than a notch stronger than before.

But even so, wanting to find the Soul Driving Dao Fusion Pill’s pill formula was absolutely not an easy thing too.

Ye Yuan immersed inside the World Suppressing Stele’s space, deducing the pill formula daily, experimenting non-stop.

On this day, the clouds and wind suddenly changed in the Martial Tower. Countless spiritual energy gathered over here.

The entire city was alarmed!

“Such a large commotion, it seems like there’s someone going to break through!

“No way, right? What realm is he breaking through to, to actually cause such a big commotion? Even breaking through to the Ninth Firmament Celestial Deity Realm also won’t be like this, right?”

“Even the Ninth Firmament Celestial Deity Realm won’t have such a big commotion. Could it be ... the True God Realm?”

...

Below the Martial Tower, the people jumped in fright from their own guesses.

Everyone knew that there was currently only a peak Ninth Firmament Celestial Deity powerhouse in the city.

Even Lord Ye Yuan was also merely at the Eighth Firmament Celestial Deity Realm currently. In but a few days of closed-seclusion, could it be that he was breaking through to the True God Realm?

But thinking about it, everyone also felt that there was nothing impossible.

After all, anything happening to Ye Yuan did not seem to have any peculiarity.

The commotion grew more and more massive. The people increasingly believed that this was breaking through to the True God Realm!

No matter what, Heavenly Eagle Imperial City never had a True God Realm powerhouse be born before,

Bai Tong had always been very low-profile and did not reveal himself outside. So the city still did not know that there was already a Fourth Firmament True God powerhouse holding down the fort.

Now, a True God Realm powerhouse actually appeared, this was an important matter that rocked the whole city!

From today onward, Heavenly Eagle Imperial City would also have a True God Realm holding down the fort.

Finally, the storm passed, a figure slowly walked out of the Martial Tower.

“It’s him! It’s actually him! This ... How is this possible?”

“Isn’t that Lord Ye Yuan’s disciple, Bai Chen? Heard that he refined a celestial deity Dao Fruit, so how can he possibly break through to the True God Realm?”

“Could those all be rumors? How can people who refined celestial deity Dao Fruits possibly break through again?”

...

There were no walls in the world without any cracks. The matter of Bai Chen refining a Dao Fruit was not a secret in Heavenly Eagle Imperial City.

After all, the people who followed Ye Yuan, even the likes of City Lord Zuo Shujie, their strength all advanced by leaps and bounds. Only Bai Chen’s strength never had any change.

In the course of time, this rumor naturally became even more confirmed.

One had to know, Ye Yuan destroyed a vast spirit Sun Moon Azure Sky Pill in front of Lin Changqing back then.

If Bai Chen could break through to the True God Realm, Ye Yuan also would not possibly be so wasteful, right?

But now, this person who refined a Dao Fruit, destined to never break through again in this lifetime, actually broke through!

People thought of many kinds of possibilities and even guessed Leng Qiuling, Ning Tianping, and the rest. The only person they did not think of was Bai Chen.

No one would have thought that Heavenly Eagle's first True God Realm was actually Bai Chen!

Bai Chen just broke through, so his realm was unstable. The aura of True God Realm on his body could not be concealed no matter what, giving people a soul-stirring feeling.

For an imperial city, the deterrent force of a True God Realm powerhouse was too great.

Everyone looked at the Bai Chen high up in the sky, all worshiping from the bottom of their hearts.

Powerhouses were always respected by people.

Bai Chen looked at the top of the Martial Tower. He could feel the idolizing hearts of the people below.

At this moment, his heart became infinitely grand and heroic!

"AHHH!"

Bai Chen could not hold back and let out a long cry.

All along, the depression and pressure that was piling up in his heart were finally fully released at this moment.

Mockery that was everywhere, disdain that was pervasive, finally dissipated into thin air at this moment!

Bai Chen never dreamed that he would actually have a day where he could really break through to the True God Realm!

Recalling back then, he was still just a puny little Grotto Profound martial artist.

Who could have thought that a thousand years later, he could actually break through to the realm of True God! This was a realm that the powerhouses of the Heavenspan World yearned for in their sleep!

And all this was bestowed by his master!

His master really transformed the rotten into something magical. Even this kind of impossible thing, he accomplished it.

Several figures rose to the air, flying toward Bai Chen.

"Haha, congratulations to Younger Brother Bai for breaking through to the True God Realm in one stroke, really envying us to death! I didn't expect that His Excellency actually really succeeded!" Ning Tianping clasped his hands and congratulated him.

Ning Tianping had blind faith in Ye Yuan. But regarding this matter, he was still somewhat lacking in confidence.

It was just that he did not expect Ye Yuan really accomplished it.

The Soul Driving Dao Fusion Pill could be said to have blazed another era!

From now onward, refining Dao Fruits might become a shortcut of cultivation.

To those martial artists who had already lost all hope, this was a tremendous glad tiding.

The impact of this medicinal pill was too far-reaching. Ning Tianping was unable to imagine it.

White Light, Zuo Shujie, Coldfeather, even Leng Qiuling and the rest of the Celestial Deity Realm powerhouses, all came up to give their felicitations.

Bai Chen responded to them one by one, the gloominess in his heart swept away clean.

...

Inside the secret chamber, Bai Tong sized Ye Yuan up with a strange look.

“Just what kind of freak are you? To actually be able to even figure out a pill formula like the Soul Driving Dao Fusion Pill! But next, how do you plan on handling this pill formula?” Bai Tong asked.

Ye Yuan smiled and said, “For the sake of the Soul Driving Dao Fusion Pill, I expended considerable effort, I naturally have to use it to earn more. I plan on letting the Myriad Treasure Tower act as my representative to sell the Soul Driving Dao Fusion Pill and split the profits with them. After all, doing business this kind of thing isn’t what I’m skilled in.”

Bai Tong nodded and said, “That’s for the best! But once this Soul Driving Dao Fusion Pill comes into being, most likely, the Heavenspan World’s various major forces will all go crazy for it! You and the Myriad Treasure Tower will be hauling in huge profits this time.”

Ye Yuan was also proud of himself. For this Soul Driving Dao Fusion Pill to be able to be developed, he also felt very honored himself.

After all, this medicinal pill was unprecedented!

“*Heh heh*, I’ve already passed the news to the Myriad Treasure Tower. Before this, I should also break through!”

As he said this, Ye Yuan took out a small bottle.

Inside the bottle was precisely the end spirit Thousand Tribulation Chaos Essence Pill!

[**Unrivaled Medicine God**](#)

Chapter 1943: Roaring Into Existence

“This is impossible!”

Inside the Alchemy Celestial Pavilion, when several Alchemy Celestial Pavilion elders listened entirely the news that Chen Chang brought, their first reaction was that it was impossible.

“Brother Chen, did you make a mistake? How can there possibly be someone in this world who developed a medicinal pill that lets martial artists who refined Dao Fruits continue cultivating?” Chen Yu said.

“Yeah, this is also too ludicrous! People who refined Dao Fruits can’t cultivate. This is an iron-clad law. So how can someone possibly break it?” said another elder.

All in all, everyone refused to believe it. This kind of thing was seriously too absurd to the ear.

Chen Chang smiled bitterly and said, “Not hiding from everyone, but when this old man got this news a few days ago, my reaction when I just saw it was exactly the same as yours! But this old man confirmed the intel over and over again. I absolutely didn’t see wrongly. That’s why I convened everyone to discuss it. Furthermore, Lord Ye’s disciple, Bai Chen, already broke through to the True God Realm after consuming the Soul Driving Dao Fusion Pill.”

Hearing this, everyone’s faces changed abruptly, all falling silent.

A disciple who consumed a Celestial Deity Dao Fruit followed by Ye Yuan’s side. They were aware of it.

Now, he actually broke through to True God Realm?

This news was simply a bolt out of the blue!

The Alchemy Celestial Pavilion elders present were all scheming and farsighted people.

They were naturally clear about it. If the Soul Driving Dao Fusion Pill was announced to the world, they clearly know how big of a commotion it would cause, and also how massive a profit it would bring to the Myriad Treasure Tower.

In the Heavenspan World, encountering Dao Fruits was indeed an extremely difficult thing.

But that was relative to the extremely massive martial artist population.

Since ancient times, how many powerhouses had fallen and how many powerhouses rose up?

It could not even be counted clearly!

Some Dao Fruits slowly dissipated along with the passage of time.

But some Dao Fruits were obtained and consumed by present powerhouses.

There were even some major factions who preserved many Dao Fruits in their inventory, using it to reward disciples under them who had no hopes of breaking through.

To a Heavenly Emperor Bodhimanda, Celestial Deity Dao Fruits were no big deal. They even had quite a number of True God Dao Fruits.

These Dao Fruits originally did not have much use to Heavenly Emperor Bodhimandas.

But the Soul Driving Dao Fusion Pill’s appearance would let the value of these Dao Fruits increase several times over.

A disciple who did not reach Divine Lord Realm, as long as they let him swallow a Celestial Deity Dao Fruit, they could let him grow into a peak Celestial Deity powerhouse in a few hundred, even within several dozen years!

This way, how much cultivation time would it save?

“If this matter is real, our Myriad Treasure Tower shall become a major force at the peak of power and influence in the entire Heavenspan World! The function of this rank five divine pill is a little small, but

once this Soul Driving Dao Fusion Pill is released, the significance is too great. When Lord Ye breaks through to the True God Realm and develops the rank six divine pill, then it will be able to directly groom True God powerhouses! This ... Even thinking about it is frightening!” Chen Yu said with a look of astonishment.

The Celestial Deity Realm was no big deal with Heavenly Emperor factions.

But reaching the True God Realm, that was different.

Even for Heavenly Emperor Bodhimandas, True God Realm powerhouses were also not existences that could be overlooked.

After all, reaching Empyrean this level, those were all powerhouses whose name shook a region already. They were not willing to be subordinate to any Heavenly Emperor powerhouses.

Either they occupied a great imperial capital and crowned themselves as kings or they would become itinerant cultivators, seeking opportunities to climb to the summit of Great Dao.

Being able to nurture a True God Realm within a few hundred to a thousand years, this speed was simply terrifying!

More importantly, he could still continue cultivating in the future.

Saving several tens of thousand years of cultivation time, the chance of stepping into Empyrean would also be much greater!

Chen Chang said, “The implications of this matter are too serious. Lord Flutterfeather is currently in closed-seclusion right now, so we can’t arbitrarily make the decision. My intention is to highlight this matter to Lord Myriad Treasure and let his elderly self make a final decision.”

Chen Yu nodded when he heard that and said, “Indeed, once this matter spreads out, that’s facing the entire Heavenspan World! Our tiny little Alchemy Celestial Pavilion can’t bear this kind of heavy burden.”

...

Inside a remote imperial city’s secret chamber, an old man emitting a rotting scent suddenly snapped open both eyes.

“Hahaha! Truly, heaven doesn’t want me to perish! I really didn’t expect that there’s actually someone capable of refining a miraculous medicinal pill like the Soul Driving Dao Fusion Pill. Back then, when I swallowed the Dao Fruit, I thought that there wouldn’t be the possibility of cultivating again in this lifetime. I didn’t expect that I could actually still wait it out! With my accumulations, as long as I can cultivate again, I’ll definitely be able to break through to the True God Realm in one stroke! This time, this old man has to buy the Soul Driving Dao Fusion Pill at all costs!”

When the old man got the news of the Soul Driving Dao Fusion Pill, his entire person fell into madness.

Very soon, he gave the orders to check all of the imperial city’s reserves and went to the Myriad Treasure Tower to purchase the medicinal pill.

...

Inside an imperial capital, two Celestial Deity Realm youngsters were currently standing opposite each other.

One of them said with a look of shock, "How come you cultivated so quickly? A few days ago, you were clearly just First Firmament Celestial Deity!"

The other person laughed loudly and said, "I swallowed a Celestial Deity Dao Fruit. With my talent, I'll be able to break through to become a Ninth Firmament Celestial Deity before long! Weren't you always very cocky, feeling that your cultivation speed is fast?"

When the other party heard that, his alarm and horror became mockery as he said, "Fool, you actually refined a Celestial Deity Dao Fruit in order to surpass me, really foolish! You won't have the chance to break through to True God Realm in this lifetime anymore!"

"*Heh heh*, the stupid one is you! My father already bought the Soul Driving Dao Fusion Pill from the Myriad Treasure Tower. As long as one consumes this divine medicine, they can cultivate all the same after refining a Dao Fruit! But you don't need to give it any further thought. There's only this one pill in the entire imperial capital. It was already bought by my father! *Hahaha!*"

When the other party heard this, he immediately had a stunned face.

...

The network of the Myriad Treasure Tower was indeed very vast. Once the news spread out, the Soul Driving Dao Fusion Pill immediately swept throughout the entire Heavenspan World like a fierce gale.

The Soul Driving Dao Fusion Pill roaring into existence immediately let everyone realize the incredible aspect of this medicinal pill.

The various major forces started snatching Soul Driving Dao Fusion Pills frenziedly.

Furthermore, the medicinal pills were all refined by Ye Yuan. The quality was all extremely high; all were above divine-grade.

Hence, the price of the Soul Driving Dao Fusion Pills was set to be extremely high.

But even so, it was still hard to request for a single pill.

One had to know, Ye Yuan was only one person. Even if he refined day and night, it was also impossible to satisfy the entire Heavenspan World's demand.

Of course, the Myriad Treasure Tower did not plan on satisfying the entire Heavenspan World's demand either.

The logic of rare commodities being sold at a high price was something they all knew. So how could the Myriad Treasure Tower, these business experts, not know it?

In many places, the price of one Soul Driving Dao Fusion Pill was even hiked up to a sky-high price.

Even the prices of some extremely high-quality rank six divine pills could not compare to the Soul Driving Dao Fusion Pill.

Firstly, the medicinal pills that Ye Yuan refined, the quality was superb. No one else could refine it.

Secondly, one medicinal pill could save thousands, even tens of thousands of years of cultivation time. So who would not be willing to buy one?

How much divine essence stones could be earned in the time saved, and also what realm could be cultivated until?

This matter, as long as one was not a fool, they would know how to calculate it!

Therefore, the Myriad Treasure Tower had its fame soared unprecedentedly in the entire Heavenspan World because of a Soul Driving Dao Fusion Pill.

Unrivaled Medicine God

Chapter 1944: Nirvanic Tribulation

Inside the secret chamber, Ye Yuan opened the small bottle lightly.

A medicinal fragrance that gladdened the heart and refreshed the mind instantly filled the entire secret chamber.

“End spirit Thousand Tribulation Chaos Essence Pill ... I reckon that it’s still unable to let me reach the perfect sixth transformation golden body. If I add in the true dragon’s blood, I wonder if I can achieve it or not.”

Ye Yuan did not hesitate either, swallowing the Thousand Tribulation Chaos Essence Pill in one gulp.

When the medicinal pill entered his abdomen, Ye Yuan’s both eyes suddenly went wide, an intense pain spreading throughout his whole body instantly, all the way to the top of his head.

Ye Yuan contorted his face in pain as he muttered to himself, “Indeed well-deserving of being the Thousand Tribulation Chaos Essence Pill, remolding the physical body, nirvanic rebirth!”

Thousand Tribulation Chaos Essence Pill was renowned for the two words, ‘Thousand Tribulation’.

Swallowing this pill was equivalent to suffering a thousand tribulations, overwhelming to the extent where one wished that they were dead.

Even peak five transformation golden body powerhouses also would not dare to swallow this kind of strong medicinal pill without careful consideration.

A momentary slip-up and it was the outcome of perishing, one’s Dao dissipating.

Peak five transformation powerhouses, their fleshy bodies rivaled peak celestial deity mystic treasures. It could be seen how powerful their physical bodies were.

But even so, they might not be able to withstand the medicinal impact of this Thousand Tribulation Chaos Essence Pill too.

This pill was too fierce.

Of course, the medicinal effect was also extremely strong.

And the end spirit divine pill that Ye Yuan consumed was specially prepared for himself by him too.

It was just that even he did not expect that he actually refined an end spirit Thousand Tribulation Chaos Essence Pill.

Cultivation techniques had differences in power. Martial artists in the same realm, the purity of divine essence was different, the power of the martial techniques displayed was also not necessarily the same.

The Nine Transformations Golden Body was similarly like so.

But each transformation of the Nine Transformations Golden Body had a legendary level — perfect grade!

Nine Transformations Golden Body, each transformation was equivalent to a nirvanic birth.

Rumor had it that when this Nine Transformations Golden Body was created back then, it was a life and death calamity.

Martial artists needed to shatter the physical body and absorb the power of Heavenly Dao to remold their golden body!

This was a very dangerous cultivation method. It was naturally also a cultivation method with tremendous power.

Except, this cultivation method of nine cycles of nirvanic rebirth was too dangerous. The death rate was extremely high.

Furthermore, the higher the number of transformations, the more perilous it got.

Reaching the sixth or seventh transformation, there were basically very few people who could pull through.

As for the eighth transformation, the realm of Heavenly Emperor, those able to reach it were even rarer.

Later on, people gradually found the nine transformations method that did not need a nirvanic rebirth.

This method sought after what was less attractive than the original choice, but could also obtain powerful strength.

It was just that compared to the perfect golden body, it was clearly much worse.

Ye Yuan only obtained this cultivation method from his true dragon memories after breaking through to the fifth transformation too.

‘True Dragon Dharma Body’ this cultivation method was the dragon race’s supreme cultivation method. It was just that the perfect golden body’s cultivation method was not mentioned in the method previously[1].

It was only comprehended after Ye Yuan reached the fifth transformation.

“Ye Yuan, you have to think clearly. Your disciples hid this cultivation method because they were afraid that future generations of disciples lose their lives from cultivating carelessly. Furthermore, you never tempered before a perfect golden body before the fifth transformation. This sixth transformation, you’ll have to transcend the previous five tribulations one after another at the same time!” Dustless urged.

Ye Yuan broke out in cold sweat. Gritting his teeth, he said, “Great Dao is difficult! If one doesn’t even have a heart that seeks Dao, why talk about climbing to the summit?”

Finished saying, Ye Yuan took out the jade bottle and poured all of the true dragon’s blood into his mouth.

Bang!

The berserk to the extreme energy instantly exploded within Ye Yuan’s body.

The Thousand Tribulation Chaos Essence Pill and Thousand Tribulation Chaos Essence Pill’s horrifying energy mixed together, practically about to burst Ye Yuan’s physical body apart.

Ye Yuan did not hesitate in the slightest and started circulating according to the perfect golden body technique recorded into the True Dragon Dharma Body.

Ye Yuan kept sucking in cold air from pain and already could not even cry out.

He was revolving the cultivation method with a powerful will.

The Thousand Tribulation Chaos Essence Pill indeed lived up to its reputation.

Ye Yuan felt like he had already died no idea how many times.

Those life and death tribulations experienced in the past appeared so feeble in front of the one this time.

“Ahh! My hand!”

Suddenly, Ye Yuan screamed miserably.

It was only to see the muscles on his hands actually dissipate inch by inch, leaving behind just white bones.

Very soon, Ye Yuan was only left with a golden skeleton, looking incomparably sinister.

Under this kind of agony, Ye Yuan’s divine soul was virtually being torn apart.

If not for the Soul Suppressing Pearl’s power, Ye Yuan would likely have his soul disintegrate already.

Ye Yuan also did not expect that this nirvanic tribulation was actually so terrifying.

Very soon, Ye Yuan’s golden bones also fragmented, turning into a powder state like it was weathered.

Logically speaking, the current Ye Yuan already disappeared without a trace and should not feel pain.

But his pain did not diminish the slightest bit and became stronger instead.

Ye Yuan's divine soul was very clear, he could feel the medicinal effects of the Thousand Tribulation Chaos Essence Pill starting to take effect.

Each of his bone marrow was being remolded!

No idea how long had passed either, Ye Yuan felt those weathered bones pieced together again, forming into a human-shaped skeleton.

Following that, flesh and blood started growing on the skeleton.

A living Ye Yuan reappeared.

Ye Yuan sucked in a deep breath, his entire person feeling like he already died once.

"Huuu ... this is nirvanic tribulation? It's also too frightening!" Ye Yuan wiped the cold sweat on his forehead and said with lingering fear in his heart.

But Ye Yuan could feel that his physical body was indeed much stronger than before.

Suddenly, Ye Yuan's face changed. An even more intense pain rushed over as raging as tidal water.

His physical body dissipated once more!

Ye Yuan knew that the second nirvanic tribulation was about to start!

Ye Yuan was clear that he still had to go through it five more times at the back.

Furthermore, each one was more painful than the last, and each more dangerous than the last.

...

Just as Ye Yuan was walking along the borders of life and death, as long as several years already passed in the outside world.

Before closed-seclusion, Ye Yuan concentrated on refining a batch of Soul Driving Dao Fusion Pills, then washed his hands off it.

On this day, above Heavenly Eagle Imperial City's sky, a horrifying aura suddenly descended.

In the city, Bai Chen's expression changed, immediately flying up to meet that aura.

"Who is your esteemed self? I wonder what you came to my Heavenly Eagle Imperial City for?"

This person in front of him had black gas revolving around, the evil energy on his body extremely heavy. Furthermore, his aura was not weak, Bai Chen did not dare to slight him.

"You're that kid who ate the Soul Driving Dao Fusion Pill and broke through to True God Realm, right? I didn't expect that the rumors were actually true. People who swallowed Dao Fruits can actually really cultivate further!" The person in black sized Bai Chen up and clicked his tongue in wonder.

Bai Chen was startled inwardly and said with a frown, "I don't understand what you're talking about! We're just a tiny little imperial city. Where is there any Soul Driving Dao Fusion Pill?"

Ye Yuan collaborating with the Myriad Treasure Tower, they only said to the outside world that this medicinal pill was refined by the Myriad Treasure Tower.

Heavenly Eagle was merely a tiny little imperial city, it had no ability to protect the pill formula at all.

Once observant and conscientious people cast covetous eyes on it, it naturally could not avoid trouble.

It was just that Bai Chen did not expect that this person in black actually still came!

The man in black chuckled and said, “Kid, stop pretending. Our Deathsoul Gate got the intel that this medicinal pill is refined by a punk called Ye Yuan. That punk should be your master, right? Call him out! Otherwise, don’t blame me for going on a killing spree!”

[1] Not sure if this is a different method from Heavenly Dragon Dharma Body, or author remembered wrongly and keyed in the wrong name.

Unrivaled Medicine God

Chapter 1945: Crushed!

“Deathsoul Gate?” Bai Chen’s brows furrowed, clearly never heard of this name before.

But below, Leng Qiuling’s expression instantly became deathly pale.

“Bai Chen, this Deathsoul Gate is notorious in the Heavenspan World; raping and looting, committing arson and murder, their evil doings knows no limits. Ordinary martial artists tremble with fear when they see them. This Deathsoul Gate is incomparably mysterious, no one knows where they are hiding at. But places that they pass through is like locusts passing through, the people will definitely be plunged into misery and suffering.”

Leng Qiuling’s voice transmission made Bai Chen’s expression changed.

“*Heh heh*, looks like there are still some knowledgeable people in this city. You already know that my Deathsoul Gate isn’t to be trifled with. Hurry up and call Ye Yuan out. Otherwise, don’t blame me for not being courteous,” said the black-clothed man.

“Master has already been in seclusion for several years and isn’t able to meet you. If you want to request for pills, come again after some time,” Bai Chen’s expression was slightly dark as he said.

The black-clothed man gave a cold laugh and said, “People that my Deathsoul Gate wants to see, even if he’s inside a coffin, he’ll also have to come out!”

That appearance was incomparably arrogant, not taking Bai Chen, this True God Realm, seriously at all.

Bai Chen’s brows furrowed and his tone also became cold as he said, “Disturbing people’s closed-seclusion is akin to killing their parents! Your esteem self is a little too overbearing!”

But the black-clothed man said in derision, “Killing people’s parents, I, Mo Qing, have done it no idea how many times! What’s the harm in killing one more time? Since he’s not coming out, then I’ll kill until he comes out, starting from you!”

Finished talking, Mo Qing released his aura. The world power of a True God Realm suddenly released, clouds of black energy coiling up, giving people a soul-stirring feeling.

“Peak First Firmament True God!” Bai Chen’s expression changed as he cried out in surprise.

He broke through to the True God Realm for less than 10 years and just barely managed to stabilize his realm.

It was clearly somewhat taxing to deal with this Mo Qing.

The disparity of a minor realm of True God Realm was even greater than Celestial Deity Realm.

Even within the same small realm, the gap would also be massive.

“*Je je*, just the likes of you, this little baby who just entered the True God Realm, also dare to oppose me? Five Ghosts Open Gate!”

Mo Qing spread out both hands, five skulls flew out of his sleeves, turning into five streams of flowing light and flowing over toward Bai Chen.

Bai Chen’s face fell, a pitch-black long spear suddenly appeared in his hand.

This long spear was a middle-grade true god mystic treasure that Ye Yuan spent a huge price to get for him when at the Lustrous Gold Great Imperial Capital.

With a spear in his hands, Bai Chen’s entire imposing aura suddenly erupted.

The five skulls emitted sobbing sounds, lingering around Bai Chen’s ears.

Bai Chen was alarmed inwardly and hurriedly revolved his state of mind, wanting to resist this voice that struck the divine soul directly.

But, the noise that these five skulls emitted seemed to be magical, making him unable to focus.

Bai Chen was unresigned to fold his arms and wait for death, the tip of the spear shook, world power suddenly unfurling.

That bone-infesting sound immediately diminished significantly.

Clank! Clank! Clank!

Spear unleashing like rain, Bai Chen’s spear danced impenetrably, not giving the five skulls any chance.

Mo Qing gave a cold snort and said, “Brat, what capability does it count as to rely on the advantage of weapons! Since you want to court death, then I’ll send you off!”

Finished talking, the spell in his hand changed. The five skulls actually opened their mouths one after another, spitting out wisps of black fog towards Bai Chen.

Bai Chen’s expression changed greatly, immediately feeling like his spear technique sunk into a bog.

Swoosh! Swoosh! Swoosh!

The five skulls were connected in heart and mind, under Mo Qing’s control, there was virtually no dead angles.

“Netherworld Five Ghosts Slaughter!”

The speed of those five skulls suddenly became incomparably fast. Bai Chen's two eyes could not keep up at all.

Bang!

It was only to hear a loud bang. A skull directly breached Bai Chen's world domain, smashing onto his protective divine essence, smashing him flying out.

Bai Chen tasted sweetness in his throat, spurting out a mouthful of blood.

Except, it was not over yet.

Those five skulls all arrived in quick succession, not giving him the slightest time to catch his breath at all. They were actually going to drive him to his death!

Bang!

Another blow, Bai Chen felt like his entire chest was rupturing.

Even if he had the advantage in weapons, he was still not this Mo Qing's match!

In the city, inside the Martial Tower, Bai Tong let out a slight sigh, his figure about to dash out.

It was naturally impossible for him to watch Bai Chen get killed by the other party.

But right at this time, a voice came over.

"No need, let me!"

Bai Tong's gaze turned sharp, his eyes revealing a look of astonishment.

In the city, everyone looked high up at the sky, anxious looks on their faces.

This Deathsoul Gate's True God Realm powerhouse was too strong. Bai Chen who just entered the True God Realm was not his match at all.

Right at this time, a figure suddenly appeared in front of Bai Chen.

Bang!

Ye Yuan threw a punch casually, directly sending the five skulls scattering everywhere.

When Bai Chen saw Ye Yuan, he said with a look of pleasant surprise, "Master, you finally came out of seclusion!"

Ye Yuan turned around and said, "Swap with me. You go and rest."

When Bai Chen saw Ye Yuan, his two eyes became wide-saucers as he said in surprise,

"Master, you ... you ..."

The current Ye Yuan was much taller, face as fair as jade, skin like condensed snow, valiant and heroic in bearing, looking like he returned to 17 or 18 years old, like he returned to boyhood from old age.

The present Ye Yuan was absolutely a handsome to the extreme pretty boy.

If not for that the contour profile of the face was still similar to Ye Yuan, Bai Chen virtually did not dare to recognize him.

Below, when everyone saw Ye Yuan's face, each and every one of them was also incredibly surprised.

"Eh ... did His Excellency also cultivate Senior Bai Tong's cultivation method, returning to boyhood from old age?"

"Tsk tsk, Lord Ye Yuan's current face is really handsome until it makes people despair!"

"You look at those female cultivators, each and every one of them are becoming love-crazed!"

...

They did not know why Ye Yuan would have such a big change when he came out of seclusion this time.

They were even more unaware of how terrifying of an agony Ye Yuan suffered to be able to have his current transformation.

Only the Bai Tong inside the Martial Tower, his face revealed an astonished look.

He knew that Ye Yuan succeeded!

The current Ye Yuan looked just like a tender youth who was inexperienced in the ways of the world, looking harmless to man and beast.

No matter how one looked, Ye Yuan was like a scholar without the strength to bind a chicken.

But Bai Tong knew that Ye Yuan returned to his original simplicity!

His physical body was already cultivated to a flawless realm, all of his power fused into the bones and muscles.

Unassuming if not released, astonishing people once it was unleashed!

"You're Ye Yuan? Looks very weak! Boy, take a trip with me!" Mo Qing looked at Ye Yuan and asked coolly.

The realm that Ye Yuan currently displayed was just Ninth Firmament Celestial Deity.

In Mo Qing's view, it was naturally too weak.

Swoosh!

Ye Yuan's figure suddenly disappeared on the spot. Mo Qing's two eyes went wide, his hair standing on end, a feeling of incredible danger welled up in his heart.

Without the slightest hesitation, he instantly summoned the five ghosts and compressed world power to the limit.

Bang!

Mo Qing's figure immediately flew several miles away.

The five skulls directly fell apart to pieces, shattering into a pile of dust.

Mo Qing barely managed to stabilize his figure. Looking at Ye Yuan like he saw a ghost, he said in horror: "What powerful fleshy body strength! You ... You're at the sixth transformation golden body? No, wait, even if it's the sixth transformation golden body, it's also impossible to shatter my Five Ghosts Open Gate with one punch!"

"Injured my disciples, you ... are courting death!" Ye Yuan could not be bothered with him as he said coldly.

Unrivaled Medicine God

Chapter 1946: Lurking

Five Ghosts Open Gate was the true god mystic treasure that Mo Qing sanctified.

Even if it was inferior to the long spear in Bai Chen's hand, it absolutely could not be shattered by one punch too.

Sixth transformation golden body martial artists, just the fleshy body was comparable to mystic treasures. But to say shattering with one punch, that was absolutely impossible.

But what was going on with this fellow in front of him?

This young man before his eyes was not to be trifled with!

Swoosh!

How could Mo Qing still dare to stay? He turned around and ran, his figure instantly shuttling into the void.

But his figure had just moved when a figure blocked in front of him.

It was precisely Ye Yuan!

Mo Qing's pupils constricted and he cried out in surprise, "S-Spatial shift! Who ... Who on earth are you?"

Ye Yuan looked at him and said calmly, "You came to find me. Didn't you inquire about who I am?"

Mo Qing had a panic-stricken face, gritted his teeth, and said, "I'm a member of the Deathsoul Gate! If you dare to kill me, it's becoming enemies with the Deathsoul Gate!"

"Deathsoul Gate? Never heard before! Die."

Ye Yuan slammed a fist out calmly, the entire space solidified.

Even if Mo Qing wanted to escape, he could not escape either.

His world power, his protective divine essence, could not even block for a moment under this one punch, directly collapsing.

Bang!

Mo Qing's entire person directly exploded, turning into a burst of blood rain.

A peak First Firmament True God powerhouse directly died under Ye Yuan's one punch.

“So strong! A peak First Firmament True God powerhouse, Lord Ye Yuan crushed him with one punch!”

“He didn’t employ any divine essence. This should be the power of the fleshy body. Lord Ye Yuan should have broken through to the sixth transformation golden body!”

“But is a sixth transformation golden body so strong? Those skulls should be a true god mystic treasure, right? His Excellency shattered them with one punch, truly terrifying!”

...

Everyone looked at how Ye Yuan was like a god of war, all shocked until they could not close their mouths.

In just a short few years of closed-seclusion, the moment he came out, he disposed of a True God powerhouse.

Indeed well-deserving of being Lord Ye Yuan!

Looking at his fist, Ye Yuan was rather satisfied.

“Possessing this kind of power, these few years of suffering was also not in vain.”

These six nirvanic tribulations, Ye Yuan took eight years to transcend them.

During these eight years, Ye Yuan walked along the borders of life and death every minute and second.

That feeling was akin to touring the 18 levels of hell, the blade mountain, fire sea, oil bath, so on and so forth.

This kind of torment, Ye Yuan’s scalp still tingled when he recalled it now.

He also finally understood why the dragon race’s founding ancestor would seal these memories to after rank five.

Nirvanic tribulation was really not what ordinary people could transcend.

Especially the last one, the sixth nirvanic tribulation, Ye Yuan almost could not endure it quite a number of times.

In the end, he still relied on powerful willpower and forcibly held out.

“Ye Yuan, you were a little impulsive this time. The Deathsoul Gate is famed for being hard to entangle with in the Heavenspan World, specialized in doing some murder and arson acts, and is also the Heavenspan World’s largest assassin organization. This faction’s powerhouses are countless and have already existed for god knows how many years. Furthermore, it’s said that its creator was a Heavenly Emperor powerhouse. You killed a member of the Deathsoul Gate now, so you have to be careful of their revenge,” Dustless warned.

When Ye Yuan heard that, his brows also furrowed slightly.

He had really never heard of Deathsoul Gate this name before, but hearing the meaning in Dustless’s words, he had no choice but to guard against.

Originally planned on making use of the Soul Driving Dao Fusion Pill to earn more money, but did not expect to cause such a storm.

However, even if he knew the Deathsoul Gate's prowess, it was also absolutely impossible to let Mo Qing leave.

"I got it. Looks like we still have to make some preparations," Ye Yuan said.

...

Inside a hidden chamber underground of an inn in Nine Pledge Imperial Capital, more than a dozen black lotuses were placed.

Suddenly, a black lotus right at the end suddenly fell apart.

The black shadow inside the secret chamber was abruptly startled and muttered to himself, "Mo Qing actually died? Shouldn't be! Heavenly Eagle Imperial City only has a newly-ascended True God Realm, so how can he possibly be Mo Qing's match? Even if he's really not a match, it's also impossible to not even be able to escape, right?"

No one would have thought that this inconspicuous little inn was actually a branch of the Deathsoul Gate.

And those dozen over black lotuses represented more than a dozen True God Realm powerhouses.

If City Lord Yu Wenfeng knew that there were actually so many True God powerhouses under his rule, he would definitely be uneasy even when sleeping.

The black shadow paced back and forth. Suddenly, the seals in his hand changed erratically, finally turning into several streaks of black threads, concealing into the void.

Swoosh! Swoosh! Swoosh!

Very soon, several figures flew into the underground secret chamber.

"Chief!"

After the few people entered, they bowed down towards that black shadow.

The black shadow sat down, made a sound of acknowledgement, and said, "A mission came from upstairs, saying that we must capture the Southridge Patrolling Inspector Ye Yuan alive. I sent Mo Qing over, but ... he died!"

"Mo Qing this fool, he had always thought of himself as infallible. Dying was also a matter of time," one of the people said.

Another person said, "Your Excellency calling us here, could it be to have us take action together?"

The black shadow said coolly, "Yes, Ye Yuan this boy can't be underestimated, he always has unexpected means. This time, the five of you go together, Lu Xin assumes personal command, the four of you join hands. Additionally, bring over Traceless Spatial Lock. This boy's spatial law is remarkable, you all have to ensure that it cannot fail under any circumstances before you can take action, understood?"

When the five people heard that, they were all extremely surprised.

Lu Xin frowned and said, “Your Excellency, it’s just capturing a puny little Celestial Deity Realm. Isn’t it making a mountain out of a mole hill? Even without using Traceless Spatial Lock, the five of us joining hands, could it be that he could still escape?”

The black shadow waved his hand and said, “This is the person that the people upstairs want. So matter how highly we regard him, it’s not over the top. Furthermore, Mo Qing is already dead. To be able to kill off a True God Realm without a sound, it’s hard to guarantee that Heavenly Eagle Imperial City doesn’t have any contingencies. Once any slip-ups occur, you and I can’t shoulder it! Do it according to my words, if you fail, carry your head back to see me!”

The five people were slightly fearful in their hearts and no longer dared to be negligent.

“Yes, Your Excellency!”

...

The five people receiving the mission, broke it down into its elements, and quietly sneaked into Heavenly Eagle Imperial City.

The Deathsoul Gate’s disguising and concealing techniques were extremely skillful. On the surface, Lu Xin five people were merely very ordinary Divine Lord Realm martial artists.

The present Heavenly Eagle Imperial City, Divine Lord Realm martial artists were everywhere on the streets, it was nothing at all.

The five people were extremely patient. This lurk became half a year long.

On this day, the five people gathered together in an unassuming commoner’s residence.

Upon entering the door, one of the assassins, Xu Mao, said unhappily, “Mo Qing was really a stupid pig, acting rashly and alerting the enemy. Now, just great! That kid doesn’t leave the City Lord Manor at all. We can’t find the opportunity to act at all!”

Inside the City Lord Manor would normally be laid down with a lot of restrictions.

Even people very skillful in spatial law would also find it very hard to sneak inside without a sound.

The few people were veteran assassins. But Ye Yuan huddling up in his shell like a turtle, they could not do anything either.

“Alright, he’s already dead. What’s the use of you complaining about him? But, this Ye Yuan kid is truly incredible, to actually be able to develop such a heaven-defying medicinal pill. It’s also no wonder that the people upstairs want to capture him alive,” said another assassin.

At this time, the Lu Xin who was silent all along opened his mouth and said, “Since he’s not coming out, then we’ll go in.”

[Unrivaled Medicine God](#)

Chapter 1947: Penetrating Insight

“Your Excellency, the Cloudmoon Imperial City’s envoy team has arrived and are currently requesting an audience outside,” Ning Tianping reported.

Ye Yuan nodded and said, “Let them come in. The Cloudmoon Imperial City and the Myriad Treasure Tower have very deep connections. I can’t shirk responsibility either. Furthermore, the city lord came to visit in person, so it’s also considered giving us sufficient face.”

Ning Tianping said, “Your Excellency, this sort of thing, wouldn’t it do to let City Lord Zuo go and handle it? Why is there a need to welcome personally?”

Ye Yuan smiled and said, “It’s cooling to have your back against a large tree! I naturally don’t need to give face to anyone but myself. But the entire Heavenly Eagle Imperial City is hard to defend just based on my power alone. With a Heavenly Emperor faction as a backer, it would naturally be much safer.”

When Ning Tianping heard that, he was filled with deep respect in his heart.

In his eyes, city lords were mostly selfish and sought personal gain, fleecing the blood and sweat of martial artists.

But Ye Yuan was different. His nature was uninhibited, and he did not like to be constrained by an identity like a patrolling inspector.

But in order to protect the people around him, he continuously let Heavenly Eagle develop and strengthen, and even made friends with a major force like the Myriad Treasure Tower.

Encountering this sort of thing, one could only compromise out of consideration for the general interest too.

Ning Tianping was clear that with Ye Yuan’s character, he was actually unwilling to bother with this kind of mundane affairs.

After Ning Tianping withdrew, a group of people walked in after a while.

The person at the front was a middle-aged man, having Eighth Firmament Celestial Deity cultivation, being the strongest person among the party.

When that person saw Ye Yuan, he immediately cupped his fists and said with a big laugh, “I’ve long heard that Master Ye has achieved your ambitions while young. Upon meeting today, you’re indeed extraordinary!”

Ye Yuan also clasped his hands and said smilingly, “City Lord Xu Guang has an extraordinary presence and isn’t a common person. Breaking through to become a True God is right around the corner. Come, come, come! Sit down and talk.”

Everyone sat down as host and guest. Ye Yuan said, “The medicinal pills that City Lord Xu Guang is asking for, this Ye will refine them as quickly as possible. I’ll have to trouble you to wait patiently for two days.”

Xu Guang laughed loudly and said, “No rush, no rush. I know that Master Ye’s Alchemy Dao is unparalleled under the heavens, why would I be in a hurry? This Xu knows that it’s not easy to request for Master Ye to take action and naturally can’t treat you shabbily. I have a precious treasure here. Master Ye, please take a look.”

Ye Yuan nodded with a smile as he said, “*Oh?* City Lord Xu said it so solemnly, then this Ye really have to take a look. Tianping, give the orders; let City Lord Xu they all prepare a banquet and treat City Lord Xu’s party cordially.”

Ning Tianping was somewhat puzzled, but still acknowledged it and withdrew.

Xu Guang took out a tiny tray with a smile. Ye Yuan’s gaze turned sharp, immediately feeling the extraordinariness of this tray. It was actually a true god mystic treasure!

“Master Ye, this treasure is called ... Traceless Spatial Lock!”

As Xu Guang said, the surrounding air seemed to solidify, everything became blurry.

Ye Yuan’s two eyes narrowed slightly and did not reveal an overly surprised expression.

Xu Guang was still all smiles as he said, “Once it activates, the surrounding space will be locked! The people outside can’t enter, the people inside ... can’t go out! *Heh heh*, Master Ye, are you going to submit obediently, or do you want the few of us brothers to take action?”

Ye Yuan looked at Xu Guang and said indifferently, “The few of you are members of Deathsoul Gate?”

Xu Guang’s expression changed slightly and said, “How did you know?”

Ye Yuan looked at ‘Xu Guang’ and said indifferently, “Your disguise is indeed pretty good, unfortunately ... it can’t deceive my eyes. To have such attainments in the art of disguising, apart from the Deathsoul Gate, I can’t think of others.”

Having cultivated the perfect sixth transformation golden body, the benefits that Ye Yuan obtained was tremendous.

This time, Ye Yuan cleansed his marrows and remolded his fleshy body, his visual prowess also obtained a massive improvement.

Furthermore, the Sun Moon Heavenly Pupil had followed Ye Yuan for a long time, making use of Ye Yuan’s perfect visual strength, the power increased by more than a magnitude.

Presently, using fiery golden eyes to describe Ye Yuan’s visual strength was also not overboard¹.

The moment ‘Xu Guang’ and the rest entered, they were seen through by Ye Yuan.

This party was precisely the five assassins sent out by the Deathsoul Gate.

And ‘Xu Guang’ was precisely the Fourth Firmament True God powerhouse, Lu Xin.

Lu Xin looked at Ye Yuan, his gaze revealing an uncertain look. But very soon, he felt at ease and opened his mouth and said, “Everyone says that Master Ye’s high morality reaches the clouds and values the people around him very highly; it’s indeed true! You saw through us, but you sent away that Ning Family’s brat. Looks like you’re afraid of accidentally hurting him.”

Ye Yuan was silent, considered to have acquiesced to it.

The Deathsoul Gate sent a First Firmament True God last time. This time, they would naturally be stronger than last time.

Ning Tianping being here, he did not have the confidence in ensuring his safety.

"Heh heh, looks like you already have the awareness and plan on making a trip with us?" Lu Xin said with a laugh.

Ye Yuan said calmly, "You guys want to capture me back to refine pills for you all?"

Lu Xin said, "I'm only following the orders from upstairs. As for capturing you back to do what, that's not what I can ask. Alright, giving you a chance now; seal your divine sea yourself and follow us."

Ye Yuan sneered coldly and said, "Go? You all killed Xu Guang's party and sneaked into my Heavenly Eagle Imperial City, could it be that you still want to leave alive?"

Lu Xin and the rest were taken back and could not help laughing as they said, "Talking wildly, just the likes of you, a Celestial Deity Realm, can you still resist us?"

Suddenly, a figure appeared beside Ye Yuan. It was precisely Bai Tong.

With Dustless's warning, how could Ye Yuan possibly not be on guard?

So in this half a year, Bai Tong had always been inside the Purple Extreme Hall in closed-seclusion and had always been following by Ye Yuan's side too.

When Lu Xin saw Bai Tong, his pupils could not help constricting, expression suddenly changing.

This person's aura was actually identical with him, a Fourth Firmament True God powerhouse too!

When did Heavenly Eagle Imperial City have such an expert?

Could it be that Mo Qing died at his hands?

"I'll leave this guy to you, no problem, right?" Ye Yuan said.

Bai Tong rolled his eyes and said, "Take away the 'right' word."

Ye Yuan was unable to stifle his laughter when he heard that.

This guy really had cold humor!

The two people chatted, not taking Lu Xin five people seriously at all.

Lu Xin smiled coldly and said, "Fool, so what even if there's a Fourth Firmament True God? Could it be that he, a Celestial Deity Realm, can still deal with four Second Firmament True Gods?"

The other four people were all Second Firmament True God powerhouses.

Ye Yuan said coolly, "Wouldn't you know after trying?"

Finished talking, Ye Yuan pushed with the tip of his feet, figure immediately turning into an afterimage, pouncing towards one of the killers.

That assassin had a scornful look, world power suddenly erupting, wanting to take Ye Yuan down a notch.

While the other three people watched this scene calmly, waiting to see Ye Yuan's wretched appearance.

Upstairs only said not to kill Ye Yuan, but did not say not to let him get injured.

Since he was looking for abuse himself, then it also could not be blamed on others.

In a blink of an eye, Ye Yuan arrived.

Lifting his hand, it was a straight punch, looking like mortals fighting.

Bang!

That assassin's world domain was immediately smashed until it sunk in, his entire person flying out like a cannonball.

"Puhwark!"

The assassin fell to the ground, opening his mouth and vomiting out a large mouthful of blood.

The pupils of the other four people shrunk, looking at this scene in astonishment and disbelieving faces.

"Sixth transformation golden body! He's actually a body cultivator! No, wait, even if it's the sixth transformation golden body, it's also not possible to be so strong! Could ... Could he have ... a perfect sixth transformation golden body?" Lu Xin looked at Ye Yuan and said in astonishment.

[Unrivaled Medicine God](#)

Chapter 1948: Kicking a Metal Plate

The explosive power in that instant just now made the few Second Firmament True Gods feel their hearts palpitate.

Furthermore, Ye Yuan did not employ any martial technique, erupting with power that was based fully on the power of the fleshy body.

Such powerful fleshy body power, apart from the perfect sixth transformation golden body, Lu Xin could not think of a second possibility at all.

Ye Yuan looked at Lu Xin and said coolly, "At least you have some knowledge."

Even if they were mentally prepared, Lu Xin and the rest were still stunned by this answer.

Lu Xin revealed a look of great shock and said, "How is that possible? Disregarding that the requirement of the perfect sixth transformation on resources is harsh, even the Nirvanic Tribulation of the perfect sixth transformation golden body, not one in a hundred might be able to tide it over too. How did you do it?"

Perfect golden body, each additional transformation, the nirvanic tribulation that needed to be faced was even more horrifying!

Even among a hundred perfect fifth transformation golden body martial artists, there might also not be one capable of enduring it.

Deducing it like this, to be able to endure from perfect first transformation to perfect sixth transformation, even among 10 million body cultivators, there might not be one person who succeeds too. It could be seen how rare it was.

The anguish of the perfect sixth transformation nirvanic tribulation, ordinary people could not imagine it at all.

Those able to reach a perfect sixth transformation golden body could also be counted on one hand in the entire Heavenspan World. It could be imagined how shocked Lu Xin was currently.

Even in his dreams, he also would not have thought that Ye Yuan was actually such a terrifying body cultivator.

Ye Yuan naturally knew how terrifying this nirvanic tribulation was. But he pulled through.

“Very unfortunately, I’m that one,” Ye Yuan said very calmly.

The expression on Lu Xin’s face gradually became solemn. He said to the four people in a solemn voice, “The four of you attack together and use combined attacks. Make sure not to underestimate him! If it can’t be done, leaving first will be the best choice.”

When Xu Mao four people heard that, they had solemn looks on their faces too.

They originally thought that it was catching a turtle in a jar. They did not expect that it was going to be troublesome.

Ye Yuan’s light punch already clearly showed how strong his perfect sixth transformation was.

Swoosh, swoosh, swoosh, swoosh!

Xu Mao four people’s actions were extremely fast, each standing in position. The imposing momentum immediately became subtle.

Ye Yuan’s gaze turned intent and also could not help becoming cautious.

These four people just getting into position already became a unified entity. Once they unleashed an attack, the power would likely be extraordinary.

It was true that his perfect sixth transformation was formidable, but it was not invincible.

A Second Firmament True God was far stronger than A First Firmament True God in the first place.

If not for this, Ye Yuan’s punch previously would have long eradicated that assassin.

But the other party only suffered some injuries. It did not have a huge impact on the battle.

The disparity between Second Firmament and First Firmament True Gods was clear at a glance.

True God Realm powerhouses were not some random Tom, Dick, or Harry. Martial artists able to break through to the True God Realm, each one of them was a genius among geniuses.

That punch of Ye Yuan’s before was merely just a probe.

Whoosh!

Suddenly, Xu Mao moved!

A sword move, swift like lightning.

Ye Yuan's gaze turned dark and pointed a finger out. He was actually relying on his fleshy body to meet a true god mystic treasure!

Clank!

A clear metal clashing sound came over. Xu Mao seemed to have been struck by a tremendous force, falling back.

Ye Yuan was just about to chase after when another sword stabbed over.

This sword was extremely sharp, piercing straight for Ye Yuan's lower ribs.

Although Ye Yuan's fleshy body was powerful, he was not really impervious to swords and spears.

Second Firmament True God coupled with the power of joint attacks was already sufficient to hurt him.

Being forced to, Ye Yuan could only temporarily avoid the sharp edge.

The four people's cooperation was extremely tacit. Ye Yuan was actually unable to get away for some time under the four people's pincer attacks.

Hence, the five people became tangled in battle just like that.

At this time, with the Traceless Spatial Lock activating, everyone could only return to the basic, relying on movement technique to move, unable to traverse the void.

But Ye Yuan only relied on that explosive power and did not suffer the least bit of loss in movement.

By the side, when Lu Xin saw this scene, he was shocked speechless.

"With the four of them displaying Nightmare One Heart, even when dealing with a Third Firmament True God, they can also persist for the time it takes to brew a pot of tea. But now, they actually can't do anything to him?"

One had to know, Second Firmament True God basically did not have any strength to fight back in front of Third Firmament True Gods.

But Xu Mao four people's joint attacks could persist for the time it took to brew a pot of tea and not be defeated. This was already very incredible.

Ye Yuan had just entered the sixth transformation, calculating it, he was also merely a First Firmament True God. He was actually evenly-matched with the four people.

A perfect golden body had always been an existence of the legends, Lu Xin had never seen before too.

He did not expect that perfect sixth transformation was actually so terrifying.

At this time, the Bai Tong by the side opened his mouth and said nonchalantly, "Don't look anymore, it's our turn."

Lu Xin's face sunk, sneering coldly as he said, "Reckless and blind thing! Since you're courting death yourself, then I'll send you off!"

"Exterminating Traceless Sword!"

Lu Xin's figure suddenly disappeared from where he was as if he shuttled into the void.

But space was currently being locked.

Bai Tong had a composed face. A fan appeared in his hand at no idea when and he pointed out the fan with a backhand.

Clank! Clank! Clank!

In a blink of an eye, the two people exchanged several dozen blows.

Whoosh!

Lu Xin's figure appeared once more. He stared at the sword in his hand, his expression ugly to the extreme.

His sword was a middle-grade true god mystic treasure. Currently, on the sword body, numerous fine chips actually appeared on it.

"E-Empyrean spirit treasure! You actually have an empyrean spirit treasure!" Lu Xin gritted his teeth, expression ugly to the extreme.

Even though Bai Tong was unable to unleash the full power of the fan, Lu Xin was incomparably certain that this fan was absolutely an empyrean spirit treasure!

A Fourth Firmament True God actually owned an empyrean spirit treasure?

Furthermore, just those few exchanges earlier, Lu Xin was already totally certain that the law comprehension of this person in front of him was unfathomable. He was not a match at all!

Lu Xin was also a fearsome existence in the Deathsoul Gate. There were even quite a few Fourth Firmament True Gods who died at his hands.

But now, he was actually powerless to do anything to a Fourth Firmament True God.

This person in front of him was powerful to the point there were no chinks in his armor to exploit.

Lu Xin suddenly discovered that this Heavenly Eagle Imperial City's waters were simply too deep!

Before he came, he felt that Lord Shadowwind made too big of a fuss over a minor issue.

But now, he felt that Lord Shadowwind underestimated Ye Yuan too much!

This kid was simply an enigmatic existence.

Creating a medicinal pill that even the Deathsoul Gate was extremely moved by a perfect sixth transformation golden body. There was even a Fourth Firmament True God who possessed an empyrean spirit treasure following by his side!

How was this an imperial city?

This foundation was already sufficient to become an imperial capital!

Who could have thought that in a tiny little Heavenly Eagle Imperial City, there were actually such undiscovered talents who remained in concealment?

Roar!

Right at this time, a dragon roar shot to the sky.

A horrifying energy undulation spread out from Ye Yuan's body.

Lu Xin looked over, his pupils constricting.

Only to see that the current Ye Yuan was overflowing with vigor as if he was a roaring enormous dragon.

Those four people were holding out bitterly under Ye Yuan's tremendous strength and were already almost crumbling.

Ye Yuan finally used the Universe Dragon Claw!

Under the augmentation of the perfect sixth transformation golden body, the power of this move strengthened more than several times.

Each punch that Ye Yuan slammed out practically had the offensive power of a peak Second Firmament True God.

That horrifying strength was virtually punching through space.

Lu Xin's heart sunk to rock-bottom. He knew that they kicked a metal plate this time!

[Unrivalled Medicine God](#)

Chapter 1949: Indiscriminately Slaughtering the Innocent!

"No way, can't continue being stalemated like this. Otherwise, not one of us can leave!"

Lu Xin knew that under this current circumstance, they were unable to succeed at all.

Regardless of whether it was Ye Yuan or this Fourth Firmament True God in front of him, neither one was a pushover.

He had to escape, pass the news back, and let Lord Shadowwind send even stronger powerhouses here.

Thinking up to here, Lu Xin gritted his teeth. His mind stirring, the Traceless Spatial Lock was released quietly.

Whoosh!

Lu Xin's figure suddenly vanished, shuttling into the void.

A Fourth Firmament True God powerhouses could travel ten thousand miles in an instant, going out of Heavenly Eagle Imperial City in a blink of an eye.

When Bai Tong saw the situation, he only laughed coldly. Taking a step out, he also disappeared.

Over that side, Ye Yuan was extremely sensitive toward spatial law. The instant when the Traceless Spatial Lock was dispelled, he detected it.

Seeing Bai Tong chase after, Ye Yuan said in a clear voice, "Keep him alive!"

"Relax!"

In the void, came Bai Tong's voice. Then there was no more sound.

And inside the City Lord Manor came Xu Mao four people's cursing voices.

"Lu Xin, you'll die a horrible death!"

"Despicable villian who doubled-crossed, you definitely won't have a good end!"

...

Lu Xin ran without even giving a heads-up undoubtedly made the four of them fall into a desperate situation.

The moment space opened up, Ye Yuan's figure became even more unpredictable.

Shuttling within the void coupled with the power of the Universe Dragon Claw, his momentum was irresistible.

Even with four people joining hands, they were also suppressed by Ye Yuan until they did not have the slightest strength to retaliate.

Bang! Bang! Bang!

Inside the city lord manor, came intense exploding sounds, immediately alarming outside.

Sensing the horrific undulations coming from inside, Ning Tianping's complexion turned white.

He finally knew what was amiss!

Ye Yuan making him go out was actually in order to protect him.

True God level battles were not what he could take part in at all.

The four people fought incomparably fiercely, fighting all the way from the city lord manor to high up in the sky.

Ye Yuan was akin to a god of war, still brimming with imposing vigor under the encirclement of the four great powerhouses.

This scene naturally landed in the eyes of the martial artists in the city, all incredibly shocked.

"Is my eyesight failing? Those are four Second Firmament True God powerhouses. Lord Ye Yuan can actually fight one-on-four?"

"Lord Ye Yuan seems to have reached the sixth transformation golden body. But would the sixth transformation golden body be so strong?"

"Sixth transformation golden body is just slightly stronger than same rank martial artists. But to say powerful until this kind of extent, it's clearly impossible."

"I heard those body cultivators have a type of superlative golden body called the perfect golden body. This is the ultimate state of body cultivating martial artists. Could it be that ... Lord Ye Yuan he reached the perfect golden body?"

...

The martial artists in the city were all speculating. Someone guessed the perfect golden body very quickly, causing each and every one of them being extremely shocked.

Ye Yuan's Martial Dao cultivation clearly did not reach the True God Realm yet. Then there was only this explanation.

The perfect sixth transformation golden body, this legendary realm, Lord Ye Yuan actually successfully cultivated it!

Everyone looked at that flawless figure, all idolizing immensely.

Except, just what was the deal with these True God powerhouses of unknown origins?

Over there, in the midst of fierce fighting, Xu Mao's eyes swiveled, suddenly calling out in a clear voice, "Stop attacking him! We'll split up and massacre the civilians in the city. We'll see if he can kill the four of us at the same time or not!"

When Ye Yuan heard that, his expression immediately changed drastically.

What he was most worried about was these people making a move on the common people in the city. He did not expect that they really did not have a bottom line, using unscrupulous means in order to achieve their goal.

When the other three people heard that, their eyes could not help lighting up.

They were all beaten silly by Ye Yuan, all just thinking about how to run. It was this Xu Mao's brain that was agile, to actually think of using this kind of method to coerce Ye Yuan.

Swoosh, swoosh, swoosh, swoosh!

The four people did not hesitate in the slightest, flying out in four different directions.

Although Ye Yuan was skilled in spatial law, he also could not possibly attend to four different directions at the same time.

In his rage, Ye Yuan suddenly slammed a fist out.

Far away, one of the assassins was directly brought down by Ye Yuan!

It was just that even though his figure tottered and he was seriously injured, he still did not die.

A Second Firmament True God martial artist was seriously too strong!

With his current strength, he was utterly devastated one-on-one. But to talk about killing in a single blow, it was clearly not too likely.

In the time it took for this one punch, the other three people already pulled apart distance from Ye Yuan.

They did not plan on all evading in the first place, it just depended on whose luck was good.

Ye Yuan injured one person, but he was unable to injure the other three people at the same time.

"Hahaha! Ye Yuan, I want to see how much time you can use to kill all four of us! Do it!" Xu Mao laughed crazily as he said.

Swoosh, swoosh, swoosh!

Three incomparably swift and fierce sword lights tore across the sky, flying straight for the downtown area.

Ye Yuan's face changed greatly, exhibiting spatial shift without the slightest hesitation.

Bang!

A sword light landed on Ye Yuan, immediately slamming Ye Yuan onto the streets.

But the other two streaks of sword light, Ye Yuan was powerless to salvage the situation.

Bang, bang!

Hundreds and thousands of martial artists turned to ashes under these two streaks of sword light.

Second Firmament True God powerhouses, to ordinary martial artists, those were god-like existences.

In imperial cities, most were some Divine Lord Realm and Origin Deity Realm martial artists. How could they block this kind of terrifying attack?

Places that the sword lights passed through, it became an abyss of suffering!

"Hahaha! Feels great!" Xu Mao burst out laughing.

Another assassin also burst out laughing as he said, "If I knew that this brat was this silly long ago, wouldn't he have submitted obediently once we randomly captured a few people? Why is there still a need to go through so much trouble?"

In a heap of rubble, Ye Yuan shot up to the sky, gaze turned bloodshot from anger. Both eyes were already blood-red.

This attack did not cause any damage to him, but how could the civilians in the city block such a terrifying attack?

"Again, again!"

Xu Mao laughed loudly, unleashing his sword once more decisively.

"STOP!"

Ye Yuan roared, teleporting once more, and was slammed down once again without the least bit of surprise.

However, at the other two places, there were many martial artists who were killed again. There was no time to even escape.

Inside the city was already a chaotic mess. Places that the sword lights passed through were already heaps of ruins.

“Stop! I’ll go with you!” Ye Yuan roared angrily.

Xu Mao did a hand gesture, indicating for the other two to stop for now.

Ye Yuan flew up once more and came towards Xu Mao.

Xu Mao was long beaten by Ye Yuan until he was terrified. Seeing that Ye Yuan had an aggressive posture, he fell back repeatedly and cried out in alarm, “Stop!”

Ye Yuan was helpless and could only stop. But his pair of eyes were full of iciness.

When Xu Mao saw that Ye Yuan indeed stopped, he could not help becoming pleased with himself again and said with a laugh, “*Huhu*, Master Ye, your strength is formidable, so don’t get so close to me. I’m scared!”

Ye Yuan looked at him coldly and said in a deep voice, “I’ll go with you guys, don’t attack innocent people anymore!”

Xu Mao had a smug look as he said, “If you were so obedient long ago, wouldn’t they not have needed to die? *Heh heh*, but ... we don’t trust you, you’re too powerful! Once you go back on your word, we won’t be able to do anything to you.”

Ye Yuan said coldly, “I can seal my vital energy and blood and seal up my divine sea! But you all have to swear a Heavenly Dao Oath to absolutely not go back on your promise afterward and attack the civilians in the city!”

When Xu Mao heard that, the smug look on his face became more apparent.

Unrivaled Medicine God

Chapter 1950: Golden Needle Stabbing Acupoint

“Your Excellency!”

Seeing Ye Yuan being brought away helplessly, the civilians in the city were all weeping.

Quite a few people even directly knelt down, kowtowing in the direction Ye Yuan left.

They understood that Ye Yuan was brought away by these people in order to protect them.

Body cultivating martial artists sealing their vital energy and blood was like sealing the divine sea, unable to display fleshy body power anymore.

Ye Yuan doing so was undoubtedly binding both hands himself, becoming fish on a chopping board, being at people’s mercy.

Bai Chen, Ning Tianping, Leng Qiuling, and the rest shot up one by one, wanting to stop them from leaving.

“Let go of Master!”

“Your Excellency, I won’t let them bring you away!”

...

When Xu Mao saw this scene, his face revealed a cruel smile.

“Halt!”

Suddenly, Ye Yuan shouted.

Bai Chen and the rest all stopped their footsteps involuntarily.

Ye Yuan looked at them with an outraged look.

Bai Chen they all had yet to see before this kind of enraged expression on Ye Yuan’s face.

Ye Yuan’s gaze was scorching as he said in a deep voice, “All go back for me! Whoever takes another step forward, don’t say that you know me, Ye Yuan, any longer in the future!”

Everyone’s faces changed and sure enough, did not dare to move anymore.

Xu Mao grinned and said, “What a touching scene! But ... willingly be tied up for a bunch of ants, I have got to admit, you’re simply ridiculously foolish.”

Ye Yuan’s expression was calm and did not get angry because of Xu Mao’s mockery. He just said coolly, “Let’s go.”

Just like this, Ye Yuan was brought away under everyone’s watchful gazes.

“Sigh, being able to meet this kind of lord, we really have the good fortune of three lifetimes! If it were other cities, even if we were completely wiped out, it would also be impossible for the city lord to furrow his brows at all, right?”

“His Excellency was brought away, what should ... Heavenly Eagle do from now on?”

“No matter what, I’ll treat Heavenly Eagle as my home in this lifetime!”

...

Ye Yuan saving people by sacrificing his own life made countless martial artists in the city incredibly touched.

The world of martial artists was lonely and also selfish.

However, it was precisely in this selfish world that Ye Yuan’s selflessness could move people even more.

Even though they had just experienced a tribulation, at this moment, these people felt a feeling called home toward Heavenly Eagle Imperial City.

Inside the City Lord Manor, Bai Chen and the rest bit their lips and gnawed their teeth with bewildered and stumped faces.

They did not know which faction these True God powerhouses came from, but a faction capable of sending out so many True God Realm powerhouses was absolutely not an ordinary faction.

"Really damn it! Damn it! It's ... It's all us who are too weak!" Bai Chen said with tears running down his face.

The others were silent.

Even Bai Chen this True God Realm powerhouse was powerless to do anything, so what use could they, these Celestial Deity Realm martial artists, be of?

They already did their utmost to catch up to Ye Yuan's footsteps, but the gap between them and Ye Yuan became bigger and bigger.

Finally, it could only be up to Ye Yuan to come and protect them.

Just as everyone was at a loss on what to do, a flying figure entered the City Lord Manor.

Thud!

Bai Tong casually threw, throwing a figure onto the ground. Who could it be if not Lu Xin?

The current Lu Xin had his divine sea sealed, lying limp on the ground like a dead dog.

The moment Bai Tong came in, he noticed that the atmosphere was somewhat off and asked with a frown, "What's wrong? Where's Ye Yuan?"

No one answered him, the atmosphere within the entire hall was crushing until it made people asphyxiated.

"I'll kill you!"

Suddenly, Bai Chen exploded, abruptly thrusting a spear towards Lu Xin's heart.

Bai Tong frowned, sleeves flicking grandly, directly sending Bai Chen's spear flying.

"Ye Yuan said it before; he wants him alive," Bai Tong said coolly.

Bai Chen suddenly turned around and roared at Bai Tong, "Master was already captured by them! What's the use of keeping him alive?"

When Bai Tong heard this, his two eyes narrowed slightly and asked, "With Ye Yuan's strength, how can those small fries capture him?"

Among the few people, Leng Qiuling was still considered calm. She briefly recounted the events previously, making Bai Tong stunned too.

He did not expect that Ye Yuan would actually do such a thing.

Musing for a moment, Bai Tong said, "Relax, Ye Yuan will be fine. You guys lock him up, I'll go to Ye Yuan's aid."

Everyone trembled all over when they heard it. Ning Tianping hurriedly asked, "Senior, what do you mean?"

Bai Tong said coolly, "You guys are also looking down on Ye Yuan too much. If a few random cats and dogs can capture him away too, he also wouldn't possibly cause such a big spectacle. Relax, I'll be right back."

Finished talking, Bai Tong's figure moved, vanishing on the spot.

Everyone exchanged glances, their faces involuntarily revealing a look of wild elation.

...

The four great True God Realm powerhouses brought Ye Yuan away, traveling ten thousand miles in a single breath, and already flew god knows how far.

"Xu Mao, this time, if not for you, we'd definitely be completely annihilated!" An assassin buttered him up.

Xu Mao's expression was slightly dark as he said, "Now's not the time to be happy yet. Don't you guys forget, Heavenly Eagle Imperial City still has a Fourth Firmament True God!"

The other three people's faces changed, the smugness from before immediately swept away cleanly.

They were indeed somewhat dizzy with success just now.

Among the four people, Xu Mao was the leader.

"This ... Then we'd better hurry up and escape. As long as we escape to Goldenwing Imperial Capital, our mission will also be considered as completed!"

Xu Mao nodded and said, "Lord Shadowwind already notified the Goldenwing Branch. They have already sent people to coordinate at the borders. As long as we reach the borders, it will be considered thoroughly safe. But, you guys don't have to be too worried either. We have this kid in our hands. Even if that person really chases after us, out of fear of implicating him, he won't dare to do anything to us either."

Suddenly, Ye Yuan's figure paused, coming to a stop.

Xu Mao's brows furrowed and he said in a solemn voice, "Punk, what do you want to do? I'm warning you, don't get any lousy ideas. Although upstairs made us not harm your life, if you really push us, it's hard to say!"

Ye Yuan looked at him, his gaze icy cold as he said, "This place should be far enough from Heavenly Eagle Imperial City, right?"

"Mn? What do you mean?" Xu Mao and the rest were startled inwardly, their gazes revealing a vigilant look.

Suddenly, a golden needle appeared in Ye Yuan's hand since God knows when. Before everyone came back to their senses, he suddenly stabbed toward his own body with a ghostly speed.

The final needle was directly stabbed onto his Baihui acupoint.

This scene happened too quickly, Xu Mao and the rest completely did not have time to stop it, all turning pale with fright.

“ARGH!” Ye Yuan gave a long cry, his aura suddenly erupting.

Bang!

All of a sudden, powerful vital energy erupted from Ye Yuan’s body. The horrifying pressure made the four great Second Firmament True Gods suddenly change countenance.

Xu Mao looked at this scene in incredible shock as he said in a panic, “This ... how is this possible? I clearly sealed your vital energy and blood personally and watched your vital energy completely fade! You ... How did you do it?”

Sealing vital energy, this was a very safe method.

Even if you had immensely formidable abilities, you could forget about breaking free too.

Otherwise, with Xu Mao’s cunningness, how could he possibly set his mind at ease and bring Ye Yuan out just like this?

But now, Ye Yuan actually broke free of the vital energy and blood seal.

Looking at Ye Yuan’s imposing momentum, it was even several times stronger than before!

Ye Yuan looked at Xu Mao coldly and said in a deep voice, “Golden needle stabbing the acupoint, reversing vital energy and blood, life and death gateway, sudden enlightenment¹!”
