Chapter 1971: : All Didn't Eat Rice?

Envy, jealousy, hatred.

These were those children of destiny's current emotions.

People were casually picking up treasures there, but they had to deal with the endless battle spirits here.

This kind of mood was really what the f*ck.

But they could not help it!

With Ye Yuan obtaining the Qinghong Battle Armor, it was even more likely that he could enter a place where no one could put up resistance against these battle spirits.

Even those First Firmament True God existences could not get close to his body at all too.

The Ancient God Battlefield indeed had treasures everywhere. Ye Yuan really picked up quite a number of precious materials, mystic treasures, cultivation methods, secret manuals and etc along the way.

However, this area was just the outer-region of the ancient god battlefield. The majority of treasures were mostly celestial deity mystic treasures and true god mystic treasures.

The Qinghong Battle Armor that Ye Yuan obtained was absolutely an extremely rare item.

It was also precisely because of this that everyone was extremely envious of him.

These children of destiny were highborn. They normally did not lack true god mystic treasures on them.

But empyrean spirit treasures, even the lousiest empyrean spirit treasure, a single one was also not what they could be entitled to.

Empyrean spirit treasures being placed in the outside world, each item was sufficient to cause a stir.

Suddenly, the scene before Ye Yuan's eyes changed. There were actually no more battle spirits following around him.

Those battle spirits seemed to fear something, all retreating away.

"Damn it, finally came out!"

"So many battle spirits! Just how many powerhouses died in that war back then!"

"Who the hell knows! Looking at this appearance, probably just the True God Realm powerhouses are in the tens of thousands!"

...

One small team after another killed their way out of the heavy encirclement of the battle spirit army, finally letting out a sigh of relief.

Even if it was forming teams to do battle, there were also quite a few children of destiny who died inside the battle spirit army.

Even on Extreme Luck's side, they also lost two children of destiny.

Now, counting in Ye Yuan, Extreme Luck only had seven people left.

Song Yu arrived behind Ye Yuan and said in a solemn voice, "Ye Yuan, hand over the empyrean spirit treasure!"

To them, empyrean spirit treasures were absolutely considered a major lucky chance.

As long as Song Yu obtained this empyrean spirit treasure, he felt that he might have a chance of breaking through to empyrean spirit treasure.

However, Ye Yuan ignored him.

Ye Yuan was currently straining his eyes and looking into the distance, brows tightly locked.

In front was a stretch of dusky fog. With his visual prowess, he could merely see a thousand feet away too.

Seeing that Ye Yuan had no reaction, Song Yu's brows furrowed. He then said in a cold voice, "I'm talking to you right now, didn't you hear?"

Right at this time, there were several more figures that slowly walked over, surrounding Ye Yuan in the center.

These were all Third Firmament True God powerhouses!

"Heh, emperor surmounting aura is also not a big deal. Hand over the empyrean spirit treasure," said a handsome young man with well-chiseled features to Ye Yuan.

"Entering the Ancient God Battlefield, destiny is useless; strength is number one," another effeminate middle-aged man said.

Although Ye Yuan performed extremely eye-catching inside the battle spirit army, in the eyes of these Third Firmament True Gods, it was nothing at all.

With their strength, even by themselves, they could barge through this battle spirit army too.

The might of a Third Firmament True God was far from what Second Firmament True Gods could compare to.

Ye Yuan turned around slightly, sweeping a glance over everyone's faces, and said with a faint smile, "Want the empyrean spirit treasure? Come and take it yourself!"

"Heh, think that you're of the emperor surmounting aura, you can be condescending? This place doesn't have just you, one emperor surmounting aura! I, Zuo Mo, am one too!" said that handsome youth disdainfully.

"Just an emperor surmounting aura! I, Feng Xiaotian, am also one. Therefore, are you planning on making us take action?" said the effeminate man.

Counting in Song Yu, there were four people surrounding Ye Yuan at present. They were all Third Firmament True Gods.

No matter how one looked at it, Ye Yuan did not have chances of victory either.

The rest were all quaking, clearly not expecting that these two people were both people with emperor surmounting auras.

Possessing an emperor surmounting aura and their own strength was even this strong, this was the capital to be arrogant.

Meanwhile, in their minds, Ye Yuan was somewhat overestimating his own ability.

Ye Yuan said coolly, "Really so much nonsense. If you're not making a move, I'll be taking action!"

His voice had yet to fade when the color of the sky suddenly turned dim.

A powerful stellar power suddenly appeared around Ye Yuan.

Stellar War Banner!

When the three people saw the situation, their faces could not help changing drastically.

"Empyrean spirit treasure! It's another empyrean spirit treasure!" Zuo Mo cried out in surprise.

"This kid actually has two empyrean spirit treasures!" Feng Xiaotian similarly cried out in surprise.

However, it was already too late for them to cry out in surprise.

Ye Yuan, who had already reached Origin Pill Realm, when he used the Stellar War Banner again, the power already could not be mentioned in the same breath.

It was only to see him point the war banner, directly smashing over toward Song Yu.

That horrifying stellar power made Song Yu's countenance change visibly.

He did not dare to be the slightest bit negligent, immediately mustering up all of his divine essence to stop the Stellar War Banner's power with world power.

Zuo Mo and the rest were also swift when the opportunity arose, giving a loud roar, "Attack together!"

The other three people unleashed attacks toward Ye Yuan without thinking.

Three terrifying energy undulations charged straight over toward Ye Yuan.

This was a method of relieving the besieged by besieging the besiegers, wanting to force Ye Yuan to pull back and save himself.

It was not that they wanted to save Song Yu, but the strength which Ye Yuan exhibited made them rather terrified.

Losing a companion, their combat power would naturally be greatly discounted.

However ... Ye Yuan did not have the intention of defending at all!

It was only to see rays of verdant rainbow emit off Ye Yuan's body, directly protecting him inside it.

Bang!

Bang! Bang! Bang!

Under the Stellar War Banner, Song Yu was akin to being struck by a sledgehammer, directly flying out backward.

Meanwhile, the other three attacks landed right on Ye Yuan's body.

The verdant light could not hold on very soon and dissipated.

Ye Yuan's figure was shaking until he retreated more than ten steps in a row before barely managing to stabilize himself.

"How is this possible!"

"Is it real or fake?"

"He ... He's actually completely fine?"

...

The three people looked at Ye Yuan, shocked until it could not be any greater.

The joint attack of three great Third Firmament True God powerhouses, Ye Yuan actually forcefully withstood it. There was not even a hint of injury on his body.

Even if he had an empyrean spirit treasure, this defensive power was also too perverse, right?

One had to know, empyrean spirit treasures were not a panacea.

If the offensive power was strong enough, one would also be shocked to death.

Under the teamwork of three Third Firmament True Gods, even if a Second Firmament True God used an empyrean spirit treasure, they should also have been shocked to death alive.

But Ye Yuan was actually completely unscathed.

Although Third Firmament True Gods were strong, Ye Yuan's perfect sixth transformation golden body's defensive power was perversely strong to begin with.

Now, adding on the Qinghong Battle Armor, for Third Firmament True Gods to want to hurt him, it was really very difficult.

Unless they could keep on dragging it out, and then deplete Ye Yuan's divine essence.

Otherwise, there was no chance at all.

More importantly, Ye Yuan would not give them the chance at all.

Because Ye Yuan still had another empyrean spirit treasure in his hand. He had the Stellar War Banner!

Song Yu struggled to crawl up, already sustaining considerable internal injuries.

He looked at Ye Yuan with an apprehensive look.

Two empyrean spirit treasures, this was a set-up that made him jealous until it drove him crazy!

Ye Yuan patted the dust on his body and said with a cold smile, "What? All didn't eat rice? Just this bit of strength and you also want to obtain an empyrean spirit treasure?"

The four people's faces turned grim, practically dripping water.

Unrivaled Medicine God

Chapter 1972: Consider Yourself Ruthless!

"Isn't it just relying on the power of an empyrean spirit treasure? What ability can that even be considered as?!" Zuo Mo laughed coldly with a look of disdain.

They were naturally unconvinced in their hearts. Putting aside the spirit treasure, Ye Yuan was not their match at all.

What kind of ability can that even be considered as, with him relying on foreign objects?

Of course, if these treasures landed in their hands, they absolutely would not say so.

Ye Yuan swept them a glance and said coolly, "I have empyrean spirit treasures; I'm bullying you all. Still not convinced?"

Finished talking, Ye Yuan did not say a word. The Stellar War Banner was waved once more.

When the three people saw the situation, their faces could not help changing.

Witnessing the Stellar War Banner's power, how could they still dare to be neglectful? All mustering up their strength, the three people joined hands to resist.

Bang!

Bang!

Bang!

Rumbling sounds shook the heavens.

Ye Yuan relied on the power of the Stellar War Banner and did not defend himself at all. He just pounced on the three people crazily, completely a bullying style of play.

Zuo Mo three people were beaten until they were practically about to vomit blood. They had yet to have fought such an aggrieved battle before.

They could only take a beating and could not fight back.

Fighting back was still okay, but they could not budge him even a little!

Their attacks did not have any effect when landing on Ye Yuan's body.

Fighting until now, Ye Yuan was completely fine.

Rather, it was them who were beaten by the Stellar War Banner until their innards were in upheaval, divine essence being in disorder.

This kind of fighting style was simply unreasonable.

“Stop! Quickly stop! We ... We don’t want the empyrean spirit treasure anymore!” Feng Xiaotian shouted repeatedly.

This kind of battle, he did not want to continue fighting anymore.

Their divine essence was already somewhat losing steam. Looking at Ye Yuan, on the other hand, he was completely fine.

Was this guy really a First Firmament True God?

Could it be that his divine essence was endless?

This kind of fighting method was too shameless, but they could not help it at all and could only admit defeat.

Suddenly, Ye Yuan’s figure abruptly stopped.

Zuo Mo three people heaved a sigh at the same time. But currently, the three of them were panting heavily for air, clearly tired out badly just now.

At this very moment, the gazes that these children of destiny looked at Ye Yuan with were full of alarm and fear.

No wonder he was of the emperor surmounting aura. Being just a First Firmament True God and he actually already had two empyrean spirit treasures on him.

Furthermore, these two empyrean spirit treasures had both offensive and defensive ability, and could actually let him jump realms to overpower three Third Firmament True Gods.

This kind of destiny could be rated as heaven-defying!

“Various lord emperor surmounting auras, if you need empyrean spirit treasures, you’re welcome to come to take it at any time,” Ye Yuan had a proud appearance due to having spirit treasures as he said with a grin.

The few people’s faces were very ugly. Zuo Mo gritted his teeth and said, “Consider yourself ruthless! Let’s go!”

Finished talking, he brought his own squad into the fog. He seriously could not stay in this place anymore.

The rest also slunk away.

Originally, everyone harbored the mentality of watching a show. But no one could have thought that the few strongest children of destiny were actually suppressed completely by a First Firmament True God.

They finally knew that Ye Yuan’s strength was already the pinnacle-most existence among these children of destiny.

At this time, a handsome youth suddenly walked up and said to Ye Yuan with clasped hands, "Brother Ye is indeed skillful. I'm from Pure Source Great Imperial Capital; my strength is just alright. I wonder if I can form a team together with Brother Ye?"

With his taking the lead, many children of destiny who boasted that their strength was decent all wanted to form a team with Ye Yuan.

For some time, Ye Yuan became a hot property.

Ye Yuan said coolly, "Sorry about this, but this Ye doesn't have the intention of forming teams with people. If there are any fortuitous encounters, everyone each relies on their own abilities."

As he said, Ye Yuan also strode straight into the fog.

He was neither kith nor kin with these children of destiny. He did not have the duty of being their protective umbrella.

Previously, when Zuo Mo the few of them came to find trouble, these people were all harboring the mentality of watching a show. Now, they wanted to come and find him. How could there be such a good thing in this world?

But Ye Yuan did not notice that a gaze in the crowd was staring fixedly at him all along without leaving.

...

Upon entering the fog, Ye Yuan's eyesight could only reach several hundred feet far.

Ye Yuan immediately perked his spirits up 120%. He had a feeling that starting from here, it would be considered entering the truly dangerous region.

Were those battle spirits outside strong or not?

Very strong!

But those battle spirits, not one actually dared to approach this fog. It clearly indicated that this place was very dangerous.

"This damn place! I can't see anything at all! How to search for treasures?"

"Damn it! I can only see several dozen feet away!"

"This place is too peculiar. Everyone, follow closer."

...

Inside the fog, those children of destiny were all depressed to the extreme.

Their eyesights were not as good as Ye Yuan, so they could only see several dozen feet away.

For a True God Realm powerhouse, this was no different from being a blind person.

This feeling made them very depressed.

Ye Yuan discovered that after entering the fog, the various teams became much more scattered. It was not not like the group of battalions previously.

Everyone also knew that while this place was dangerous. There would probably be quite a lot of good stuff.

However, Song Yu and Zuo Mo's two squads chose the same direction as Ye Yuan without prior agreement.

Of course, they actually completely did not know that Ye Yuan was not far from them.

"Mn? No, wait!"

Having just turned around, Ye Yuan suddenly felt that something was amiss. Turning his head around again, he looked toward Song Yu's squad.

With this look, he could not help shuddering with fear.

They entered from Extreme Luck Great Imperial Capital. There were a total of nine people.

Excluding him and those two who died, there should still be six people remaining.

But why were there seven people in the team currently?

The people that came together, Ye Yuan had an impression of them.

Sweeping a glance over, Ye Yuan discovered that there was something wrong with the last person.

He followed closely behind the last person before him, just like a specter.

About that last person, Ye Yuan had an impression. He was called Qian Feng, a peak First Firmament True God powerhouse.

But right at this time, that specter-like person's fierce eyes actually looked over toward Ye Yuan.

Ye Yuan felt shocked. This guy could discover him.

Could it be that this mist was useless against him?

"Qian Feng, careful behind you!"

Without the slightest hesitation, Ye Yuan immediately warned Qian Feng loudly.

At the same time, his figure shot out explosively, moving toward that specter behind Qian Feng.

They came out from the same great imperial capital after all. Ye Yuan did not wish to see something happen to Extreme Luck's people.

When Song Yu's squad heard Ye Yuan's yell, each and every one of them was baffled. But they all instinctively turned to look at Qian Feng.

Qian Feng himself was also stunned, having a baffled look on his face.

He instinctively wanted to turn around, but already did not have the chance.

He felt a stabbing pain behind his neck. Then, his entire person shriveled up at a speed visible to the naked eye.

When Song Yu and the rest saw this scene, each and every one of their pupils constricted.

Right at this time, Ye Yuan arrived. The Stellar War Banner swept out without the slightest hesitation.

Bang!

However, that figure was faster than him. With a whoosh, it dove into the fog, disappearing.

"ARGHH!!"

"ARGHH!!"

"ARGHH!!"

...

At the same time, a series of miserable screams sounded out inside the fog, giving people a hair-raising feeling.

Chapter 1973: Commander

When Ye Yuan rushed over, Qian Feng was already sucked dry.

And all this happened in just an instant.

Song Yu and the rest looked at Qian Feng's corpse. All of their faces were deathly pale.

If that ghostly thing was following behind them, and if Ye Yuan did not discover it in time, the consequences were too dreadful to contemplate.

This speed of sucking blood was too fast. They actually could not react at all.

Furthermore, this guy followed by their side for so long, and yet they actually did not notice it at all.

It was just that, how did Ye Yuan discover it?

They did not see Ye Yuan at all just now and Ye Yuan could actually discover the ghostly thing following behind them.

How did this guy do it?

Everyone was anxious and doubtful, looking at Ye Yuan with a flustered face.

"Ye Yuan, did you see clearly what that thing was?" Song Yu's complexion was somewhat pale as he asked.

Ye Yuan shook his head and said, "I couldn't see clearly. I only saw a green shadow. Its speed is too fast!"

After saying this, he inspected Qian Feng's dead body and discovered that behind his neck, there was a very fine puncture, like it was poked by a needle.

As for others, there were no other wounds.

Currently, the other teams also encountered similar situations, all having someone being sucked dry.

Some teams even had several dead already before it was discovered.

But until now, no one saw what that was at all.

For some time, everyone felt imperiled.

Suddenly, Guo Jingyang said to Ye Yuan, “Y-Ye Yuan, why don’t ... you join our team?”

“Ye Yuan, previously, it was all our fault. But everyone came from Extreme Luck Great Imperial Capital. I hope that looking on the account of being from the same hometown, you don’t leave us in the lurch!” Ma Chang also said with a terrified look.

They had long seen through that Ye Yuan was absolutely not as simple as he looked on the surface.

Along the way, many problems were already demonstrated.

He possessed two empyrean spirit treasures on him and could rival four great Third Firmament True God powerhouses. His defensive power was virtually without any weakness to exploit.

Now, that green entity, which others all could not see, Ye Yuan was the first to discover it and saw it.

If not for Ye Yuan discovering it, when that green monster continued sucking one by one, it was likely that they would not realize it.

Seeking sanctuary with Ye Yuan was the wisest path currently.

With these two people taking the lead, the remaining three people, including Liu Yi, also spoke up one after another, hoping for Ye Yuan to join.

Song Yu, who was by the side, his expression was ugly to the extreme.

He was this team’s leader. Now, he was actually overlooked by the entire team.

Ye Yuan’s brows furrowed slightly. This Song Yu made things difficult in every way. Actually, he did not want to join a team.

But in the end, everyone came from Extreme Luck Great Imperial Capital. If they all died here, he indeed could not justify it.

Furthermore, Ye Yuan could feel that inside this fog was indeed full of danger. If they grouped up together, it would be relatively safer.

Thinking up to here, Ye Yuan could not help looking toward Song Yu.

Song Yu’s expression was like a chameleon currently, changing non-stop.

“Brother Song, you also saw the situation earlier. If Ye Yuan can join us, we’ll be akin to adding wings to a tiger! This Ancient God Battlefield is much more dangerous than we imagine. An additional person is also an additional portion of strength, isn’t it?” Guo Jingyang urged.

Song Yu knew that if he still did not agree, these people would probably be leaving with Ye Yuan.

At that time, he would become a loner.

"Heh, even if I agree, will he be willing to agree?" Song Yu said with a cold smile.

Him saying these words was equivalent to giving himself an out.

As long as Ye Yuan loosened his mouth, this matter would be considered a done deal.

Seeing Song Yu's appearance of wanting face even in death, Ye Yuan smiled and said, "Yeah, I don't plan on joining Brother Song's team. Moreover, right from the beginning, Brother Song also didn't plan on bringing me, isn't that so?"

Finished saying, he turned around and left.

You want face?

Why should I give you face!

Song Yu's face turned to the color of pig liver.

Seeing that everyone's faces were unfriendly, Song Yu hurriedly shouted, "Brother Ye, wait! P-Please join our team. After all, everybody came from the same place. The matter previously, it was all my fault! Brother Ye, please don't mind it."

This was considered an apology.

Song Yu practically used all the strength in his body to say out this sentence.

When had he, Song Yu, admitted his mistake to others before?

But right now, he was riding on a tiger's back and found it hard to dismount. Not apologizing would not do either.

In this present situation, he did not have any confidence in himself.

Ye Yuan gave Song Yu a glance and said with a smile that was not a smile, "Want me to join, also can. But this method of dividing treasures will have to change."

Song Yu's face changed, but he became depressed very quickly and said, "How does Brother Ye want to change it?"

Ye Yuan said, "Whoever puts in more effort, gets more treasures."

When the rest heard it, they were overjoyed in their hearts.

This method of distribution was clearly much fairer.

Song Yu nodded his head and said, "I have no objections."

At this time, it was also no longer his turn to object.

Settling the storm, everyone continued advancing.

Along the way, everyone finally knew Ye Yuan's prowess.

Each one of them managed to get quite a few treasures!

At times, the treasure was clearly very far from them, but Ye Yuan saw it with one glance.

Clearly, Ye Yuan could see much further than them.

Recalling when in the battle spirits army, they did not even pick up a strand of hair. This treatment was simply a world of difference.

Furthermore, Ye Yuan's distribution was also very fair; practically everyone got a share.

The treasures that their squad obtained were several times those of other teams!

The intestines of these people were currently green with regret. If they had long followed Ye Yuan, how great would that be?

Furthermore, they discovered that screams would frequently sound out inside this fog, indicating that the other teams were still continuing to be attacked.

Only their team was without incident all the way.

That damn green thing never came to find them again.

"*Heh*, Brother Ye is indeed well-deserving of having an emperor surmounting aura! Not even those monsters dare to come close to us!"

"Yeah. Previously, it was all us who had eyes but failed to recognize Mount Tai, to actually look down on Brother Ye."

...

In the current situation, each and every one of them was very satisfied, and also did not stint with their praises toward Ye Yuan.

However, Ye Yuan was not as optimistic as them.

The calmer it was, the more intense the uneasiness in his heart.

"Everybody, be more careful, this fog is full of perils. There absolutely won't be just this bit of danger," Ye Yuan warned them.

As if in order to affirm his words, several black things suddenly shot toward them, the speed swift to the extreme.

Ye Yuan was naturally the first to discover the problem, his face could not help changing as he cried out in surprise, "Everybody, be careful! Brother Song!"

"Got it!" Song Yu answered in a solemn voice.

In the team, the two people's strengths were the strongest, and naturally blocked at the forefront, and the rest supported through coordinated actions. This was also the best way of fighting that they discussed beforehand.

Seven to eight afterimages arrived with a howl, Ye Yuan utilized the Stellar War Banner without the slightest hesitation.

Bang! Bang! Bang!

Those seven to eight afterimages were directly sent flying under Ye Yuan and Song Yu's attacks.

However, they had yet to have time to be happy yet when those black shadows charged forward once more as if they were not affected at all.

Ye Yuan's expression changed, and he said, "Such powerful defense! Everybody be careful!"

[Unrivaled Medicine God](#)

Chapter 1974: Black Corpse and Green Corpse

Bang! Bang! Bang!

Ye Yuan and the rest unleashed all of their means, bombarding that cluster of black entities indiscriminately.

But those black entities did not get the least bit of wound.

This time, Ye Yuan saw clearly. This cluster of black entities looked like a group of black apes, black hair growing all over their bodies, with their mouths revealing sharp tusks.

They were neither human nor ghost, being hideously horrifying.

Furthermore, the defensive power of these guys was extremely formidable. Just now, he utilized the Stellar War Banner, and it actually did not leave behind any marks on their bodies.

"B-Black corpse!" Song Yu looked at that group of black things, his complexion deathly pale as he said.

Ye Yuan frowned and said, "Black corpse? What's that?"

Song Yu's expression was ugly as he said, "After martial artists die, their corpses will undergo all sorts of unusual changes under some special environments. This kind of black corpse is the hardest to tangle with. Its defensive power is extremely fearsome. It is akin to a wall of bronze or iron, being impervious to swords and spears, as well as virtually immune to divine essence attacks!"

Ye Yuan only came to a realization after he heard that.

These black corpses were also around Second Firmament True God Realm, but their defensive power could virtually rival him.

Encountering this sort of thing was indeed very troublesome.

Furthermore, the speed of this thing was extremely fast; unable to shake off at all.

A hint of a smile suddenly flashed across Ye Yuan's face.

Competing on the physical body?

Huhu!

Suddenly, Ye Yuan put away the Stellar War Banner and said to Song Yu, "You protect them, leave these guys to me."

Song Yu was stunned and said, "Leave them to you?"

He knew that Ye Yuan cultivated the body and martial arts concurrently. But Ye Yuan's fleshy body power was also merely comparable to First Firmament True God. So how was he to fight with so many black corpses?

Just as Song Yu was in a daze, Ye Yuan already shot out like an arrow that left the bow.

Bang!

It was only to hear a dragon roar sound out. A black corpse in front of him was blasted until it flew straight out backward.

"Awoo!"

The black corpse let out a shrill scream, extremely ear-piercing in this fog.

Song Yu and everyone's pupils constricted, looking at this scene in great astonishment.

Bang! Bang! Bang!

Ye Yuan's fists were unleashed like the wind, each punch hitting the flesh, unfolding a fierce close quarter fight with seven to eight black corpses.

From time to time, those black corpses emitted shrill screams, making people shudder with fear.

Inside the fog, Extreme Luck's people were long already dumbfounded with amazement looking at the blurry shadows.

"How ... How can his fleshy body actually be so fearsome?" Guo Jingyang said.

"Yeah, his fleshy body is clearly only comparable to a First Firmament True God, but this combat power is actually able to thrash those Second Firmament True God black corpses! No wonder when he was among the battle spirit army, those battle spirits could not get close to him at all," Ma Chang also said in surprise.

This fleshy body strength already completely exceeded their imaginations.

On combat power and defensive power, Ye Yuan far surpassed same rank powerhouses, and he was even a magnitude stronger compared to a Second Firmament True God.

They reckoned that even if Ye Yuan did not borrow the power of empyrean spirit treasures, violently thrashing Second Firmament True Gods was also nothing difficult.

In the crowd, Liu Yi's gaze suddenly turned intent. As if recalling something, he cried out in surprise, "It's the perfect sixth transformation golden body! Ye Yuan must have cultivated the perfect sixth transformation golden body!"

"What?! Perfect sixth transformation golden body? This ... How is this possible?" Song Yu cried out in surprise.

Everyone knew how difficult cultivating the perfect sixth transformation golden body was, and how dangerous it was.

This sort of thing was practically impossible to happen.

However, apart from the perfect sixth transformation golden body, they could not find any reason to explain everything before their eyes.

Ye Yuan fighting one-versus-eight, actually beat until these black corpses wailed in pain.

This combat power was simply off the charts.

However, just as everyone was in shock, they did not detect that danger was already quietly closing in.

Ever since Ye Yuan reached the grand completion of Dao Realm, his divine soul was much stronger than those in the same rank.

Suddenly, he had a foreboding feeling well up in his heart, and he could not help yelling loudly, "Careful, there's danger!"

When Song Yu and the rest heard that, they could not help being startled inwardly, immediately going on alert. But it was already too late.

Swoosh! Swoosh! Swoosh!

Eight green shadows arrived in front of them like ghosts.

Song Yu's expression changed drastically. There was no time to think much. He suddenly hacked out more than a hundred streaks of sword lights.

But the speed of each of those green shadows was too fast, he was actually unable to lock on.

Bang!

Bang!

Bang!

There were three green shadows who were directly bombarded flying away.

But there were still five green shadows that rushed into the squad.

The other few people also each used their means, wanting to resist.

But their strength was ultimately much worse off compared to Song Yu.

"Ahh! Save me!"

A scream came over. One of the people was directly hauled away by the five green shadows, having no time to even resist.

"Explode for me!"

Right at this time, a roar suddenly came over. The power of stars suddenly unleashed, and it actually reached first despite launching later!

Those five green shadows were directly blown up by Ye Yuan's Stellar War Banner.

It turned out that Ye Yuan had already finished off those eight black corpses and arrived in the nick of time to save people.

"So stinky!"

All of a sudden, a fishy stench came over. Those green monsters that were blown apart had green juices flowing all over the ground.

Ye Yuan held his breathing and asked, "Hu Fei, are you alright?"

The current Hu Fei was still suffering from the shock. Only after hearing Ye Yuan's words did he suddenly startle awake. Shaking his head, he said, "I-I'm fine, thank you, Ye Yuan!"

Ye Yuan waved his hand and said, "Since all of us are companions, there is no need to be too courteous. These monsters come and go like shadows inside the fog. It's impossible to guard against them entirely. Everybody, be more careful."

Song Yu similarly had not recovered from the shock yet. Just now, the speed of those green monsters, each one was too fast. If not for his strength being above the average person, he would likely have been hit already too.

Suddenly, his expression changed, and he said, "I got it! Ye Yuan, these are green corpses!"

Ye Yuan's brows furrowed, and he said, "Green corpses?"

Song Yu nodded and said, "Green corpses are also a kind of corpse variant. What it likes the most is to suck human blood. These green corpses' whereabouts are strange, making us unable to guess. It can even transform into a human form. But its greatest weakness is that its defensive power is very weak. The one who sucked Qian Feng's blood dry previously was likely a green corpse!"

Ye Yuan frowned and said, "Black corpse then green corpse, this place really has strange things of every variety!"

Song Yu's expression suddenly changed, and he said, "Not good! The blood of green corpses is poisonous! Hu Fei he ..."

When everyone heard that, their faces all changed, looking over at Hu Fei.

"Hu Fei, you ..." Guo Jingyang cried out in shock.

Hu Fei was also stunned and asked doubtfully, "W-What's wrong with me?"

His face already started rotting, becoming incomparably hideous. But he seemed to be completely clueless.

Ye Yuan's expression changed, and he roared loudly, "Hu Fei, open your mouth!"

At this point, Ye Yuan already quietly replaced Song Yu's position, becoming everyone's backbone.

In his one sentence, Hu Fei instinctively opened his mouth.

Whoosh!

A medicinal pill flew straight into his mouth, melting the moment it entered his mouth!

Then, everyone saw that the places that were rotting on his face and body were actually recovering frenziedly.

One side was rotting, one side was recovering.

Two overbearing forces crossed swords fiercely inside Hu Fei's body.

Hu Fei screamed miserably. He fell to the ground, and he started rolling about in agony.

Unrivaled Medicine God

Chapter 1975: Profound Heaven Single Breath Fruit!

A heart-wrenching yell made everyone feel palpitations.

This kind of yelling persisted all the way for close to an hour.

All the way until the end, Hu Fei was already exhausted and could not even make a sound.

"Cured! It's actually cured! I heard that the poison of a green corpse is completely incurable! But now he's actually cured!" Song Yu cried out in surprise.

Although Hu Fei already had no strength, the rotting flesh on his body was currently recovering.

Clearly, Ye Yuan's medicinal pill won against the green corpse's poison.

Everyone looked at this scene with astonished faces, full of disbelief.

In that sort of situation just now, it was obvious that the green corpse's poison was extremely strong. Even if there was medicine, it would be very difficult to treat too.

But Ye Yuan's medicinal pill actually forcefully dragged Hu Fei back from the palace of hell.

"Brother Ye is well-deserving of being hailed as a master. Such means is simply inconceivable!" Guo Jingyang exclaimed with admiration.

"This is truly superb medical skills that can revive the dead! Brother Ye's means, I've had a taste of it," Ma Chang praised sincerely.

Ye Yuan smiled and said, "I also didn't know whether this Nourish Clear Pill was useful or not. Under that kind of situation just now, I could only give it a shot."

When Song Yu heard that, his pupils could not help constricting as he said, "What? Nourish Clear Pill? This ... This is just the Nourish Clear Pill?"

Not just him, everyone was filled with shock.

The Nourish Clear Pill was just the most common rank six detoxification pill. Its refining difficulty was just level one. In terms of medicinal effect, it was unbelievably weak.

They all thought that what Ye Yuan fed Hu Fei was some miracle elixir, but who knew that it was just the most common street-ware, the Nourish Clear Pill!

For the Nourish Clear Pill to be able to have such terrifying medicinal effects, what grade did that have to be?

Purple spirit divine-grade?

Void spirit divine-grade?

As for vast spirit divine-grade, they did not even dare to think about it.

They had never seen before a rank six vast spirit divine pill.

Ye Yuan nodded and said, "The spirit medicines of Extreme Luck Great Imperial Capital's Myriad Treasure Tower are limited. They don't even have some precious spirit medicines, so there's no way to refine some detoxification pills with good effects. I can only use the Nourish Clear Pill to make do with it."

Ye Yuan did not understand their astonishment. The Nourish Clear Pill was truly too easy for him.

He casually refined and it was peak vast spirit.

Except, Song Yu and the rest exchanged glances, and they were immediately rendered speechless.

This kind of accomplishment was also a little too frightening, right?

Just the Nourish Clear Pill had such terrifying effects; then if let him refine some high-level medicinal pills, how dreadful would it be?

Right at this time, Hu Fei slowly woke up.

"I ... I'm not dead yet?" Hu Fei said somewhat dazedly.

"Hu Fei, you have to thank Brother Ye properly. If not for his medicinal pills, you'd probably already be a pile of white bones now," Guo Jingyang said.

Hu Fei suddenly recalled Ye Yuan's yell, making him open his mouth. He hurriedly bowed to Ye Yuan and said, "Many thanks, Brother Ye. This kindness, this Hu will never forget for life. Brother Ye is a true gentleman, repaying ingratitude with kindness, this Hu is ashamed."

Those who ridiculed Ye Yuan previously, Hu Fei was naturally one of them too.

But now, he was filled with regret.

Ye Yuan smiled and said, "No need to be courteous. It's just a matter of lifting a finger. Let's continue moving forward."

...

After traveling for more than half a month, they did not encounter any more danger.

Now, even Song Yu did not have any temper toward Ye Yuan too.

As for the others, they had long already regarded Ye Yuan as the backbone.

Suddenly, Ye Yuan's figure stopped.

Song Yu raised his brows and asked, "Brother Ye, are there any discoveries?"

They all knew now that Ye Yuan's visual prowess was much stronger than theirs. He could always discover some things that they could not discover.

Ye Yuan nodded his head and said with a smile, "I didn't expect to actually be able to see the Profound Heaven Single Breath Fruit in this place!"

"Profound Heaven Single Breath Fruit!" Song Yu's pupils constricted as he cried out in surprise.

"It's actually the Profound Heaven Single Breath Fruit. That thing, as long as you swallow one, it will match up to a thousand years of bitter cultivation!" Guo Jingyang said with a look of excitement.

The others were extremely excited. A Profound Heaven Single Breath Fruit was sufficient to let them break through one or even two minor realms. How could they not be agitated?

"Brother Ye, how many of this Profound Heaven Single Breath Fruit are there?" Song Yu asked rather nervously.

If there was only one, then he would have rejoiced too soon.

This spirit fruit could only be owned by Ye Yuan alone.

This kind of heaven and earth spirit fruit did not enter the ranks. It was even more useful than a hundred medicinal pills. Its value simply could not be measured using divine essence stones.

Two small realms of True God Realm, if really cultivating according to the normal routine, under the circumstances of swallowing a medicinal pill, there was absolutely no chance without a thousand years.

With the Profound Heaven Single Breath Fruit, it was equivalent to saving a thousand years of bitter cultivation!

Ye Yuan said, "Three! Discuss the matter of distribution later. There's a black corpse guarding beside the Profound Heaven Single Breath Fruits! This black corpse isn't simple, I'll go and lure it away. Song Yu you bring them to harvest it!"

Song Yu's face was full of excitement. If there were three, he could definitely get one.

This way, him breaking through to the Fourth Firmament True God Realm would virtually be a sure bet.

"Okay, you be careful!" Song Yu said with a smile.

Ye Yuan nodded his head and slowly headed over there.

The black corpse had clearly discovered Ye Yuan too. But it did not immediately launch an attack. Instead, he used a pair of black hole-like eyes, staring fixedly at Ye Yuan.

Ye Yuan's brows raised up, and he said in surprise, "This black corpse seems to have already given birth to a trace of spiritual wisdom. This is truly inconceivable. Looks like it's the effect of this Profound Heaven Single Breath Fruit."

He approached the black corpse unhurriedly just like that. The aura on that black corpse's body grew stronger and stronger; its entire being was accumulating momentum, awaiting release, just like a startled tiger.

Finally, when Ye Yuan walked closer and reached 100 feet in front of him, the black corpse could not endure it anymore, suddenly attacking Ye Yuan.

Bang!

A fierce clash, Ye Yuan and the black corpse each retreated more than ten steps.

Evenly-matched in strength!

But, even if Ye Yuan had the Qinghong Battle Armor protecting, his innards were already in an upheaval state now.

Peak initial-stage rank six!

Ye Yuan was alarmed in his heart, finally knowing this black corpse's strength.

He previously already felt that this black corpse was not simple. Now, after exchanging blows, it was indeed the case.

The power of one's fleshy body was the integration of Heavenly Dao laws into the flesh and blood. The naked eye could not perceive it.

Only when using vital energy, erupting with power, could one see through the actual situation.

A peak initial-stage rank six was equivalent to a Third Firmament True God.

It was just that this black corpse's fleshy body power was clearly much stronger than a Third Firmament True God.

While Ye Yuan had merely just entered the sixth transformation.

By relying on the perfect sixth transformation golden body, Ye Yuan's strength was comparable to Second Firmament True Gods.

Coupled with the Qinghong Battle Armor, Ye Yuan's defensive power approached Third Firmament True God.

But matching up with this black corpse, Ye Yuan could not gain the slightest bit of advantage.

However, Ye Yuan did not hesitate in the least bit, directly launching a second round of attacks!

Bang!

Bang!

Bang!

Clashing three punches in a row, Ye Yuan finally could not resist spurting out a mouthful of blood.

When that black corpse saw the situation, he pounced over toward Ye Yuan fiercely.

His intellect was limited in the end, and he was wary of Ye Yuan previously.

Now, discovering that Ye Yuan was not a match, he immediately chased after.

Ye Yuan did not hesitate in the slightest, turning tail and running!

“Song Yu!”

“Got it!”

Song Yu was long prepared, rushing at the Profound Heaven Single Breath Fruit like an arrow that left the bow at this time.

The other few people followed closely behind and also pounced toward the Profound Heaven Single Breath Fruits.

However, just as they were about to touch the Profound Heaven Single Breath Fruits, an abnormality suddenly occurred!

[Unrivaled Medicine God](#)

Chapter 1976: Liu Yi's Means

“Immobilize!”

A voice suddenly sounded out, Song Yu four people's figures were actually forcibly immobilized in midair just like that!

Yes, only four people.

Because there was one other person who was still moving.

Liu Yi!

It was only to see a yellow talisman in his hand turn into a myriad of fine threads, dissipating into the wind.

“Heh, one Chaos Origin Immobilizing Talisman exchanging for three Profound Heaven Single Breath Fruits; it really is worth it!” Liu Yi looked at those three Profound Heaven Single Breath Fruits greedily, an excited look on his face.

With these three Profound Heaven Single Breath Fruits, he would be able to break through to the middle-stage True God Realm within a very short time.

How could this sort of good thing be shared with others?

The pupils of Song Yu and the rest constricted. None of them would have thought that the Liu Yi who was always wretched and low-profile would actually rise in revolt at this time.

And the moment he took action, it was earth-shaking.

They currently only felt that their bodies were bound by countless profound power of laws, unable to break free at all.

“Liu Yi, you ... you actually dared to scheme against your own companions?” Song Yu said in a great rage.

“If you dare to touch the Profound Heaven Single Breath Fruits, Ye Yuan won’t let you off!” Guo Jingyang similarly said with a look of sullen anger.

In this team, the one that they looked down on the most was Liu Yi.

Along the way, Liu Yi was extremely low-profile, causing his sense of existence extremely low.

But it was such a person who actually remained hidden with tricks up his sleeves.

At this time, the wretched expression on Liu Yi’s face was swept clean. The indescribable sharpness in his gaze made people stunned.

At this moment, they all understood that turns out this fellow was simply playing a pig to eat a tiger!

“Heh heh, I even used the Chaos Origin Immobilizing Talisman. So do you think I dare to touch the Profound Heaven Single Breath Fruit or not? Not only am I going to touch the Profound Heaven Single Breath Fruits, but I’m also even going to ... heh heh.”

Talking up to here, Liu Yi’s gaze turned cold, revealing a fierce killing intent.

He was actually going to kill off all witnesses!

The Chaos Origin Immobilizing Talisman was coincidentally obtained by Liu Yi inside an Empyrean’s ruins. There were a total of five.

This thing was incomparably profound and mysterious. Forget about Third Firmament True Gods, even Fourth Firmament True Gods also had to stop for several breaths of time.

And these several breaths of time was sufficient for him to kill his opponent.

In the past, in order to snatch good stuff, he already used two. This was the third.

And this Chaos Origin Immobilizing Talisman was his, Liu Yi’s, greatest reliance.

It was also by relying on precisely this Chaos Origin Immobilizing Talisman that his destiny soared all the way up, breaking through to become an imperial aura, having the qualifications to enter this Ancient God Battlefield.

Playing a pig to eat a tiger had always been his style.

Each time they teamed up to enter mystic realms, he would be like this, often rising in revolt at the critical moment.

Furthermore, as long as he succeeded, he would eradicate all of his teammates. He was incomparably vicious!

The expressions of Song Yu and the rest changed drastically. Song Yu desperately wanted to break free of that power of law constraint, but he could not break free at all.

The space around him seemed to have been solidified, while he was experiencing as if he was being welded into concrete. He was unable to even move a muscle.

Liu Yi put away the three Profound Heaven Single Breath Fruits and said with a laugh, “*Heh heh*, stop wasting your energy. With your strength, you can’t move at all within a hundred breaths! Now, this old man will send you all on your way.”

“Liu Yi, you dare?! Ye Yuan definitely won’t let you off!” Song Yu roared.

He was genuinely afraid. He did not expect that he would actually succumb here.

Liu Yi chuckled and said, “If Ye Yuan didn’t leave, I really wouldn’t have dared to take action. That kid is too wily. I can’t grasp him at all. But now, I have to thank that black corpse.”

In this team, the only one that Liu Yi was apprehensive of was Ye Yuan.

The secrets on Ye Yuan were too many; his means were also far too many.

Walking along the way, Liu Yi had always been observing Ye Yuan.

But the more he observed, the warier he got.

Liu Yi also understood that Ye Yuan was also constantly guarding against him.

Hence, he had always been very low-profile, not daring to overstep in front of Ye Yuan.

Liu Yi’s gaze turned cold, a small and exquisite ax appeared in his hand. It was shockingly an empyrean spirit treasure!

Song Yu few people’s eyeballs were almost popping out. This Liu Yi actually had an empyrean spirit treasure too!

“*Heh*, are you very surprised? In the past, I obtained an Empyrean’s complete legacy, empyrean spirit treasure, Chaos Origin Immobilizing Talisman, and cultivation method. It was all derived from that Empyrean. Do you all think that only you’re proud sons of heaven? Laughable!”

Toward Song Yu, these few flowers that grew up in a greenhouse, Liu Yi was full of disdain.

He had today by relying on his own abilities, walking over step by step.

But Song Yu they all?

These young masters who had golden spoons in their mouths while growing up enjoyed the best cultivation resources since young.

Liu Yi suddenly raised the ax and hacked down toward Song Yu.

But right at this moment, a powerful aura drew close from afar, the speed extremely fast.

Liu Yi’s face changed, and he said in a solemn voice, “Consider yourselves lucky!”

Finished talking, his figure moved, diving into the fog, disappearing.

Ye Yuan's speed was extremely fast, arriving nearby in a blink of an eye.

Seeing everyone's state as well as the Liu Yi who disappeared, Ye Yuan instantly understood.

"Ye Yuan, Liu Yi he ..." Song Yu said remorsefully and angrily.

Ye Yuan nodded his head and said with a sigh, "I've been constantly guarding against Liu Yi, but I didn't expect that this black corpse was so troublesome, so I was a little late in coming back here."

Song Yu was struck with terror, only then knowing that Ye Yuan had long noticed Liu Yi.

It was only the few of them that brought along Liu Yi foolishly and even counted money for people after being sold.

"Since you knew, why did you still bring him along?" Song Yu asked puzzledly.

Ye Yuan said, "This Liu Yi, I couldn't see through him and was afraid that he'll do something in his desperation. So I've never exposed him. But I already warned him when inside the circle. I didn't expect that he actually really dared to make a move!"

Right at this time, Song Yu felt that the power of laws around him loosen up. He pulled hard, those law threads directly crumbled apart.

"It turned out that this guy obtained before an Empyrean powerhouse's complete inheritance. He used the Chaos Origin Immobilizing Talisman and immobilized all of us," Song Yu gnashed his teeth in hatred and said.

Ye Yuan was surprised as he said, "I didn't expect that he actually still had such means. I really underestimated him."

Ye Yuan daring to leave was only because he originally also felt that Song Yu could contain Liu Yi.

After all, not everyone was like him, able to cross two realms to battle.

But clearly, Ye Yuan underestimated Liu Yi.

With this Chaos Origin Immobilizing Talisman, it would likely be hard for even middle-stage True Gods to escape his murderous scheme.

Song Yu suddenly recalled something and asked Ye Yuan, "Oh, right! What about that black corpse?"

Ye Yuan said, "Driven away by me, it shouldn't dare to return for the time being."

Song Yu was taken aback and said, "D-Driven away?"

That was an existence whose fleshy body rivaled peak initial-stage sixth transformation golden body; it was actually driven away by Ye Yuan?

It seemed like Ye Yuan's means were even more formidable than he imagined!

Ye Yuan smiled and said, "Because I felt that there was a hint of strange undulation here, so I employed some means. This black corpse is indeed formidable. It's still beyond my power to want to kill him!"

Kill ...

Song Yu was immediately rendered speechless.

If it were him, he would have long ran until he disappeared, Ye Yuan actually still wanted to kill that black corpse.

Chapter 1977: Profound Heaven Single Breath Pill

"Sigh, like drawing water with a sieve; all these were in vain! That damn Liu Yi, the next time I see him, I'll definitely show him some colors!" Song Yu said with a depressed look.

The Profound Heaven Single Breath Fruit was an extremely rare heaven and earth spirit fruit. It could save a lot of cultivation time. This was too important to martial artists.

The others also had resentful faces, clearly all being extremely aggrieved.

"Sigh, he better be careful; don't let me run into him again!" Guo Jingyang said.

Everyone turned around and prepared to leave, but Ye Yuan suddenly said, "Hold on."

"Mn? Brother Ye, do you still have something?" Song Yu asked puzzledly.

Ye Yuan did not speak, but walked to the Profound Heaven Single Breath Fruit's plant, bent down, and carefully pried aside the dirt, revealing the root portion.

Everyone was very perplexed, not knowing what Ye Yuan was planning to do here.

Ye Yuan cleaned the dirt on the root and pulled out the root without damaging it, saying with a smile, "Although the Profound Heaven Single Breath Fruit is gone, this tree root is also good stuff."

"Tree root? What use does the tree root have?" Song Yu asked doubtfully.

Ye Yuan said, "Because the Profound Heaven Single Breath Fruit is too heaven-defying, it's totally unable to integrate with other spirit medicines to form medicinal pills. But the Profound Heaven Single Breath Pill's tree roots is the core ingredient to refine the Profound Heaven Single Breath Pill. Although the effects of the Profound Heaven Single Breath Pill can't compare to the Profound Heaven Single Breath Fruit, it can also let the person who consumes it have a great improvement in strength."

When the four people heard it, they all had looks of wild elation.

Ye Yuan was a master-level alchemist, him saying this sort of words, that naturally meant that there was some assurance.

"There's actually still Profound Heaven Single Breath Pill this sort of thing! That's really great!" Ma Chang said in pleasant surprise.

However, Song Yu's brows suddenly furrowed and he said, "But where to gather the other spirit medicines in this sort of place?"

Ye Yuan smiled and said, "I just happen to have the other spirit medicines on me. I'm only lacking this core ingredient. Now, it can be refined."

As he said, Ye Yuan immediately took out the Xuanlong Cauldron. One spirit medicine after another emerged and was sent into the medicinal cauldron by Ye Yuan.

When Song Yu and the rest saw this scene, they could not help being shocked inwardly.

Why would Ye Yuan bring along so many spirit medicines on him?

Could it be that he had foreseeing abilities and knew that he could run into the Profound Heaven Single Breath Fruit this time?

One had to know, rank six spirit medicines were not street-side cabbages. Even if one was a Six-star Alchemy God who had already been famous for a long time, it was also impossible to bring so many spirit medicines out on their person.

Song Yu and the rest were all people with vast experiences and knowledge. They knew that these supplementary medicines were all some very precious spirit medicines.

They did not know that Ye Yuan was the Alchemy Celestial Pavilion's head elder. These spirit medicines were nothing to him.

Fortunately, the other core medicines and supplementary medicines that the Profound Heaven Single Breath Pill required were all not very rare. Ye Yuan could just easily gather them and bring all of them along with him.

Currently, Ye Yuan not only had Heavenly Empyrean Immortal Grove's inheritance, he even had the Sacred Ancestor High Priest's powerful inheritance.

Regarding some obscure pill formulas, he grasped a lot of them.

This Profound Heaven Single Breath Pill was one of them.

With him refining pills on the spot, a profound and inscrutable power of law revolved around the medicinal cauldron and spread out.

They all knew that Ye Yuan was an alchemy master, but observing Ye Yuan refining pills in close distance still shocked these proud sons of heaven.

Their family clans and great imperial capitals did not lack Six-star Alchemy Gods.

But the Six-star Alchemy Gods that they had seen were simply not even fit to carry his shoes when put in front of Ye Yuan!

This kind of disparity, even if they were laymen, they could also feel it distinctly.

A medicinal fragrance that gladdened the heart and refreshed the mind spread out, Song Yu and the rest could not suppress the wild elation in their hearts.

The Profound Heaven Single Breath Pill was formed!

"Brother Song, this is yours."

Ye Yuan reached his hand out and beckoned, the medicinal pill flew straight for Song Yu.

Song Yu received the medicinal pill and took a look, and he could not help sucking in a cold breath as he said, “T-T-This ... vast spirit divine pill!”

He finally knew now the reason why Ye Yuan would be held in esteem by the entire Extreme Luck Great Imperial Capital with a mere First Firmament True God’s cultivation.

This kind of pill refining skill was simply inconceivable!

When Guo Jingyang and the rest heard ‘vast spirit divine pill’, four words, each and every one of them were shocked speechless.

Ye Yuan nodded and said to the others, “You all stand guard over Brother Song, I’ll continue refining pills.”

There were many Profound Heaven Single Breath Fruit’s root hairs. It was sufficient to refine five to six people’s share of Profound Heaven Single Breath Pill. Those that were there naturally had a share.

After several hours, Guo Jingyang three people each received a Profound Heaven Single Breath Pill and were agitated until their faces flushed red.

People should not look at how each and every one of them was children of destiny, proud sons of heaven. Concerning this vast spirit divine pill, it was still their first time taking it in all their years of living.

Furthermore, it was even such a heaven-defying Profound Heaven Single Breath Pill!

Right at this time, Song Yu’s aura suddenly changed and actually broke right through the bottleneck of Fourth Firmament True God.

When the three people saw this scene, their faces revealed wild joy.

Originally, Song Yu was only an initial-stage Third Firmament True God. Just by consuming a medicinal pill, he actually broke right through to become a Fourth Firmament True God.

This medicinal pill was heaven-defying!

“Incredible! Incredible! This Profound Heaven Single Breath Pill’s effect is not too off compared to the Profound Heaven Single Breath Fruit too!” Hu Fei exclaimed with admiration.

“Brother Ye, I, Guo Jingyang, have never admired anyone before in this life. Today, I’m really prostrating on all fours in admiration of you!” Guo Jingyang praised with admiration.

At this time, with Song Yu breaking through successfully, his face did not conceal the look of wild joy in the slightest.

He really did not think that this Profound Heaven Single Breath Pill could actually directly let him break through to be a Fourth Firmament True God!

The gap of one minor True God Realm boundary was massive. It was already very impressive for ordinary medicinal pills to be able to make up for one-thousandth of the cultivation time.

But this Profound Heaven Single Breath Pill actually directly let him cross the large bottleneck of initial-stage True God Realm and middle-stage. So how could this not make him pleasantly surprised?

He bowed all the way down toward Ye Yuan and said sincerely, “Brother Ye, the incident previously was all I, Song Yu, being a scoundrel. I hope that you don’t take it to heart. From today onward, you and I are sworn brothers in life and death!”

He really felt regret for the incident before now.

If it were others, even if they pocketed the whole of these Profound Heaven Single Breath Fruits’ plant, they would also have no temper.

But Ye Yuan actually contributed his own spirit medicines and helped them to refine such a heaven-defying Profound Heaven Single Breath Pill.

Repaying ingratitude with kindness, how could he not be moved in his heart?

Ye Yuan smiled and said, “*Huhu*, Brother Song doesn’t have to be courteous. Didn’t everyone already say that we’re brothers long ago?”

The words made everyone extremely moved.

Along the way, Ye Yuan shared treasures, saved Hu Fei, resisting powerful adversaries, and had long already become their backbone.

At this point, they already took Ye Yuan to genuinely be a sworn brother in life and death.

Following this, with Song Yu and Ye Yuan standing guard, the others each refined the medicinal pills to break through.

This Profound Heaven Single Breath Pill’s effect was extremely heaven-defying.

Hu Fei’s strength was the weakest, being only at the initial-stage Second Firmament True God Realm.

After consuming the medicinal pill, he broke right through to become a late-stage Third Firmament True God, directly crossing more than a minor realm.

As for Guo Jingyang and Ma Chang two people, they broke right through to be peak Third Firmament True Gods.

Furthermore, they could feel that the Fourth Firmament True God Realm was already not far away.

Finally, it was Ye Yuan’s turn to refine the medicinal pills.

The other four people each had a medicinal pill, Ye Yuan still had two Profound Heaven Single Breath Pills on him.

Ye Yuan directly swallowed both medicinal pills without the slightest hesitation.

Chapter 1978: The Remains of an Emphyrean

“Terrific fellow! Brother Ye swallowing two medicinal pills in one go, isn’t he scared of being stuffed to the point of bursting?” Guo Jingyang said in surprise.

“Heh, Brother Ye is truly an eccentric. He’s different from others from head to toe. Relax, he’s not a fool either. So how could he possibly commit suicide? But for him to be able to digest two Profound Heaven Single Breath Pills, his cultivation method likely far surpasses ours!” Song Yu looked at Ye Yuan and said.

“We consumed a Profound Heaven Single Breath Pill and directly broke through a minor realm. Brother Ye directly ate two, he can likely soar straight to be a Third Firmament True God, right?” Hu Fei said.

When the others heard it, they had looks of approval.

This medicinal pill’s medicinal effect was so good. With Ye Yuan’s talent, breaking through two minor realms shouldn’t be anything difficult.

But, Ye Yuan did not do as they wished, directly breaking through to be a Third Firmament True God.

It was only all the way until the end did Ye Yuan suddenly burst through the bottleneck, reaching Second Firmament True God.

Two Profound Heaven Single Breath Pills actually only barely managed to break through to Second Firmament True God?

“Brother Ye, this ... What’s going on here?” Song Yu said in surprise.

Ye Yuan smiled and said, “The cultivation method that I cultivate is somewhat special. The spiritual energy quantity it requires is too great. These two Profound Heaven Single Breath Pills were barely able to let me break through to be a Second Firmament True God.”

The few people exchanged glances, being extremely shocked.

This cultivation method was a little too perverse, right?

Ye Yuan suddenly clasped his hands at the few people and said, “Alright, brothers, let’s part here.”

The four people’s expressions changed. Song Yu frowned and said, “Why like this, Brother Ye? Could it be that we did something overboard?”

“Yeah, Brother Ye. If you feel that the treasures we get are too much, we can take a little less.” Guo Jingyang said without the slightest hesitation.

Ye Yuan waved his hand and said, “Everyone, no need to think too much. The place that this Ye is going next is too dangerous. This Ye might not be able to make a full retreat myself. Everyone is best not follow.”

When the few people heard that, their expressions were strange.

They were very clear about Ye Yuan’s strength. He currently broke through his realm and actually still did not have confidence in making a full retreat. It could be imagined how dangerous that place was.

Hu Fei suddenly said, “Since that’s the case, I, Hu Fei, have to go even more! My life was saved by you. Now, I also obtained your Profound Heaven Single Breath Pill. If this Hu doesn’t forge ahead because of fear, what difference is there from an animal?”

Hu Fei’s words made the others all surprised inwardly.

Song Yu said, "Brother Ye, you saying this is not treating the few of us as brothers! We'll share weal and woe together! No matter how dangerous the place you want to go is, we'll follow you!"

Guo Jingyang and Ma Chang also each made their stand, saying to follow Ye Yuan over.

Ye Yuan was moved in his heart and said with a nod, "Alright, since you're willing to go together, then this Ye won't be melodramatic either, let's go together!"

...

Looking at the bones that spanned all over the mountain, Song Yu's expression changed slightly as he said, "Brother Ye, the place that you want to come is actually the Bone Devil Ridge!"

The Bone Devil Ridge was a rather dangerous place in the peripherals of the Ancient God Battlefield.

The children of destiny that entered the Ancient God Battlefield in the past, as long as they stepped into the Bone Devil Ridge, barely any could come out alive.

When the few people saw those dazzlingly white bones, they suddenly felt their hair stand on end.

Ye Yuan nodded and said, "This Ye owes Jian Sutaο a favor. He made me enter the Ancient God Battlefield to help him retrieve an item. It's in this Bone Devil Ridge."

"Jian Sutaο? City Lord? He ... Isn't he asking for your life?" Song Yu said in surprise.

Ye Yuan was helpless as he said, "This old punk is a hypocrite. I was also compelled against my will. The few of you have to think clearly. There's still a chance to retreat now. If you really enter the Bone Devil Ridge, it will probably be too late for you guys to want to retreat."

Song Yu said in a solemn voice, "Brother Ye, what are you saying here? Would I, Song Yu, be someone who clings to life and fear death?"

Regarding Song Yu's performance, Ye Yuan was greatly surprised.

His impression of Song Yu previously had never been very good. He did not expect that after experiencing difficulties together, he became gutsier.

Clearly knew that the mountain had a tiger, yet, moved towards the tiger mountain, this was not what anybody could do.

It seemed like this guy was just used to being arrogant and imperious, but in reality, his nature was not that bad.

"Huhu, since that's the case, then let's challenge this dragon chasm and tiger den!" Ye Yuan said with a smile.

Upon entering the Bone Devil Ridge, Ye Yuan felt like he entered another world.

In the depths of the Bone Devil Ridge, a powerful to the extreme undulation faintly passed out, giving him a feeling of palpitation.

Ye Yuan thought about it, could this be the Qilin emperor bone?

The party carefully headed towards the depths of the Bone Devil Ridge.

Suddenly, a strong undulation came from in front.

Song Yu said in surprise, "There's actually someone who beat us to it. Could it be that there's someone who's the same as us, also thinking about getting the Qilin emperor bone?"

Ye Yuan nodded and said, "It's not impossible! Since there's someone who brought the news to Jian Sutao, then there will naturally be people who could bring the intel to other city lords. Come, let's go over and take a look."

The few people concealed their tracks and carefully scooted over.

The line of vision gradually became clear. Ahead, seven to eight people were surrounded tightly by a group of bone devils, falling into a bitter fight.

The Ancient God Battlefield was an enormous space. The deeper in, the stronger these lifeforms.

The Bone Devil Ridge was already a very dangerous place in the peripherals of the Ancient God Battlefield. The strength of these bone devils actually had a few that were Fourth Firmament True God strength. The rest also had Third Firmament True God Realm.

However, among those seven to eight people, there were actually two that were Fourth Firmament True God, giving Ye Yuan a shock.

"It's Zuo Mo and Feng Xiaotian they all! They ... actually broke through, becoming Fourth Firmament True Gods!" Song Yu cried out in surprise.

Ye Yuan nodded and said, "They are all in possession of emperor surmounting aura. Encountering some lucky chances in this Ancient God Battlefield and breaking through to be a Fourth Firmament True God is also not strange."

Song Yu nodded his head but secretly sighed at his luck in his heart.

If not for Ye Yuan, just based on his imperial aura, it would likely still be quite a bit off to want to break through to be a Fourth Firmament True God!

In fact, with a misstep, dying at Liu Yi's hands was also not impossible.

Thinking up to here, Song Yu became even more grateful toward Ye Yuan.

"Strange, why do I feel that these bone devils seem to have gone mad?" Hu Fei suddenly said.

Ye Yuan's gaze turned intent, discovering that it was indeed the case.

Those bone devils all had astonishing momentum, like humans who were enraged, each move aiming for the vitals.

The few people exchanged a glance and said in unison, "There's a treasure!"

Ye Yuan observed for a while and made a hand gesture to Song Yu as he said, "Come, we'll circle around!"

That group of bone devils chased Zuo Mo and his party. Clearly, they chased after all the way.

Ye Yuan brought his own party and acted cautiously. Very soon, they saw a cave.

Inside the swarthy black cave, several rays of dim light actually faintly seeped out.

“Let’s go in to check it out.”

Ye Yuan brought everyone and entered the cave cautiously.

Those few rays of dim light became stronger and stronger. Everyone’s hearts pounded heavily, being aware that the treasure was right in front.

Due to Zuo Mo and the rest drawing the bone devils away, it was currently completely empty inside the cave. They did not run into any dangers.

Suddenly, the line of sight became clear. Ye Yuan’s gaze turned intent. He then said in pleasant surprise, “This is ... the remains of an Empyrean!”

Chapter 1979: Whatever You Say

Even if the Empyrean had already died for no idea how many tens of thousands of years, his remains were still radiating golden light, emitting an extremely profound energy undulation.

This golden bone was indestructible and imperishable.

“What powerful energy undulations. This Empyrean was likely already approaching the Heavenly Emperor Realm when he was alive,” Song Yu said with terror in his heart.

Ye Yuan nodded his head and said in approval, “Those bone devils were likely bone under the influence of this Empyrean’s remains, and they also grew up under his Dao skandha, resulting in reaching today’s realm. Hence, Zuo Mo they all wanting to get this Empyrean’s remains resulted in driving those bone devils mad.”

Guo Jingyang chuckled and said, “They lured all those bone devils away, which benefited us. The Dao skandha and energy contained inside this Empyrean’s remains is sufficient to let us break through quite a few realms.”

This Empyrean’s remains had a lot of spirituality. Furthermore, it contained tremendous energy. Using it to cultivate and using it to comprehend Heavenly Dao would both yield twice the results with half the effort.

What was called a massive lucky chance?

This was it! This was called a massive lucky chance!

In this Ancient God Battlefield, no idea how many major powers had once perished.

Even if just obtained a tiny bit, it was also sufficient for them to benefit for life.

“I feel that the remains of this Empyrean should be owned by Brother Ye. Along the way, without him, we might have been long dead,” Hu Fei said.

A hint of unwillingness to party flashed across in Song Yu's gaze. But he struggled for a while and still nodded and said, "What you said is right. Brother Ye, the remains of this Empyrean belongs to you."

The treasure being in front, saying that they were unmoved was fake. But they were also clear in their hearts, if not for Ye Yuan, they could not walk until here at all.

Along the way, Ye Yuan exerted the most effort, but he distributed the treasures to everyone.

Ye Yuan smiled and said, "Those who see it have a share, what's the deal with me pocketing it all by myself? This Empyrean's remains, everyone shares them equally."

Song Yu was taken aback when he heard that and said, "Brother Ye isn't joking, right? This Empyrean's remains are likely even harder than ordinary empyrean spirit treasures, how to split?"

Ye Yuan smiled and said, "We can't divide it, but somebody can divide it!"

Everyone was uncertain what it meant. While they were in a daze, Ye Yuan already walked over toward the remains.

It was only to see him picking up the Empyrean's remains. He actually directly started to refine it on the spot.

Buzz!

Right at this time, an immensely powerful soul force suddenly emerged from the Empyrean's remains.

"*Hahaha!* This old man was trapped for countless eons! Today, I finally get to see the light of day anew! Kid, in order to repay you, become this old man's fleshy body!"

Seeing this old figure, the faces of Song Yu and the rest all changed drastically.

"Empyrean's residual thought! This Empyrean powerhouse actually sealed a wisp of his residual thought inside the remains!" Song Yu cried out in shock.

"Be careful, Brother Ye!" Guo Jingyang and the rest had looks of terror on their faces as they shouted.

The aura that this Empyrean's residual thought exhibited was too powerful, making their divine souls quiver.

Empyreans were existences standing at the summit of this world.

Their might, mortals were completely unable to understand it.

In front of this Empyrean's residual thought, they could not give rise to any thought of resisting at all.

Ye Yuan did not have the intention of running at all. Looking at the Empyrean's residual thought, he smiled and said, "Senior, I'll have to trouble you to divide this into five portions."

The Empyrean's residual thought was just immersing in the wild ecstasy of breaking free. But hearing Ye Yuan's words, his laughter abruptly ceased.

Could it be that this kid was a fool?

Right now, this old man is about to seize possession of you!

Not just him, even Song Yu they all were also shocked speechless.

What was Ye Yuan doing here?

The script shouldn't be like this!

Could it be that Ye Yuan was scared silly by this Empyrean's residual thought that suddenly came out?

"Kid, this Empyrean is going to take possession of you right now. Don't you understand?"

The Empyrean's residual thought looked at Ye Yuan with a puzzled face.

This brat did not look like a fool no matter how one looked at him!

Ye Yuan smiled and said, "I'm asking you to divide the remains. Don't you understand?"

Fool!

Absolutely a moron!

At this moment, the Empyrean's residual thought was incomparably certain that this was absolutely a moron!

"Forget it, indeed a fool. I'll free you afterward, and you'll thank this Empyrean!"

The Empyrean's residual thought felt very bored. He felt that at this time, Ye Yuan should be trembling and kneeling on the ground, begging him for mercy.

But the script did not develop according to his expectations.

He wanted to seize possession of Ye Yuan, but Ye Yuan actually wanted him to divide the remains.

Back then, after a great battle, he was heavily injured on the verge of death.

He was unresigned to it and wanted to revive.

Hence, he refined his lifetime cultivation all into a bone of his.

Then, he directly sealed a wisp of his remnant thought inside this bone and fell into an endless slumber.

As long as someone obtained these remains and attempted to refine them, they would be able to open the seal and let him come out to seize possession and revive.

Now, someone refined it, so he came out.

He thought that the world would quiver because of it, but Ye Yuan did not.

Rumble!

The Empyrean's residual thought turned into a cloud of black smoke and attempted to directly tunnel into Ye Yuan's body.

"Careful, Brother Ye!"

The faces of Song Yu and the rest changed drastically, wanting to rush forward. But their feet could not move at all.

But right at this time, an even more horrifying aura erupted from Ye Yuan's body.

An enormous soul vortex was like a limitless blackhole, and it actually took the initiative to welcome the Empyrean's residual thought.

"Argh! E-Empyrean spirit treasure! Damn it!"

The Empyrean's residual thought that originally had an imposing momentum suddenly cried out strangely. That cloud of black smoke desperately wanted to break free of the vortex's suction.

But how could Dustless possibly let him escape?

The Soul Suppressing Pearl was precisely these soul bodies' jinx.

Back then, the Soul Suppressing Pearl's spiritual energy was virtually drained dry by Heavenly Empyrean Immortal Grove.

But after Ye Yuan's so many years of nourishing, the Soul Suppressing Pearl's vital energy already recovered 60% to 70%.

This 60% to 70% strength was naturally inadequate to deal with genuine Empyreans. But dealing with a mere remnant thought was sufficient.

That Empyrean's residual thought unleashed all of its abilities, wanting to escape the Soul Suppressing Pearl's suction. But he was currently like having fallen into a quagmire, unable to extricate himself at all.

His mood gradually went from surprise to fear.

"Little Brother, t-this old man knows that he is wrong. Let this old man off, alright? This old man really knows that he is wrong!"

How did the Empyrean's residual thought still have that insufferable arrogance from earlier? His words even carried weeping.

He was really scared!

The threat that this kind of soul-type empyrean spirit treasure posed to him was too great.

Ye Yuan smiled and said, "I can let you go, but you must divide the remains into five portions."

How could the Empyrean's residual thought still dare to say a word of no? He hurriedly said, "Whatever Little Brother says is what it is! Don't talk about five portions; even 50 parts, this old man will divide for you too."

Ye Yuan nodded his head. The soul vortex instantly dissipated. The pressure on the Empyrean's residual thought's body suddenly eased up, revealing his figure once more.

Except, his figure was clearly much fainter compared to before. The expression on his face also appeared very weary. Clearly, he sustained considerable damage.

Song Yu and the rest looked at this scene blankly. Each and every one of them was shocked until they could not close their mouths.

There was still this kind of strategy?

Chapter 1980: Doomsday Battle!

A stream of soul force crept out. The remains actually started melting from the middle.

Finally, it was divided into five portions.

The Empyrean's residual thought was currently like an aggrieved little wifey, not daring to even breathe loudly.

He slumbered for countless tens of thousands of years, but what he waited for was actually such a result?

Even thinking about it felt aggrieved!

Getting a share of the remains, Song Yu said very contentedly, "*Heh heh*, Brother Ye's means really emerged in endless streams. This Song has broadened his horizons."

However, the shock in his heart could not be described using words.

He could guess that Ye Yuan definitely had a divine soul type empyrean spirit treasure on him!

Would he freaking ... give it a rest already?

Stellar War Banner, Qinghong Battle Armor, now, there was also another extremely rare divine soul type empyrean spirit treasure.

When did empyrean spirit treasures become common street-ware too?

Ye Yuan smiled and said, "Thank me for what. Want to thank someone, you naturally have to thank this senior. He put in painstaking effort and sealed his lifetime power into the remains for so many years, waiting for future generations to come. He is very noble!"

"Puhwark!"

The Empyrean's residual thought almost spewed out a mouthful of old blood.

Don't make fun of people like this!

Song Yu and the rest had smiling faces, treating it as a joke.

The Empyrean residual thought said with a bitter face, "L-Little Brother, you look; the remains are already given to you. So can you raise your hand high up in mercy and let ... let this decrepit old man go?"

In this short while, his term of self-address changed several times.

He first went from this Empyrean, to this old man, finally becoming this decrepit old man.

At this time, he already became incomparably humble in front of Ye Yuan.

But Ye Yuan smiled and said, "What's the hurry? You've already slept for so many years and finally managed to come out. We have got to chat more, right?"

*I ... I don't know what the f*ck to tell you!*

"H-Huhu, I wonder what Little Brother wants to chat about? T-This decrepit old man has slumbered for too long and already doesn't remember many things."

The Empyrean's residual thought revealed a smile that was even uglier than crying.

Ye Yuan was secretly surprised.

This guy already slumbered until his memories dissipated away. How long did he sleep?

50 million years?

100 million years?

One billion years?

Ye Yuan said, "What's your name?"

The Empyrean's residual thought was thinking about it, but then he shook his head and said, "Can't remember clearly anymore. This old decrepit self remembers that ... they all seemed to have called me Daoless back then."

"Daoless? Huhu, as your name implies," Ye Yuan said with a smile that was not a smile.

This guy sealed his remnant thought inside the remains. It was clearly harboring the thought of harming people.

Presumably, he was also not some good person when he was alive.

Except, encountering Ye Yuan now, he could not stir up any waves no matter how formidable he was.

Daoless's expression was rather ugly as he said with a bitter smile, "I-I've incurred Little Brother's ridicule."

Ye Yuan said, "Let me ask you; just what kind of place is this Ancient God Battlefield?"

Daoless's brows furrowed together, seemingly thinking hard.

But in the end, he shook his head and said, "It's been too long, so I really can't remember clearly anymore. This old decrepit self only remembers that this battle back then swept the entire Heavenspan World into action. Virtually no powerhouse could stay out of it."

Although Daoless's words were flat, when Ye Yuan and the rest heard it, they felt struck with terror.

A war that was unequaled by contemporaries that swept throughout the entire Heavenspan World, how tragic and spectacular was that?!

It seemed like too many peerless powerhouses had fallen back then in this Ancient God Battlefield. No wonder it was so dangerous.

Ye Yuan's brows furrowed slightly as he said, "I heard that Dao Ancestor powerhouses have perished here before; was there such a thing?"

After another bout of brain-racking, Daoless nodded and said, "That great battle, no one was able to detach themselves from it; even Dao Ancestors could not as well! Not only did Dao Ancestor powerhouses die in battle, but there were also even more than one."

"Impossible! Dao Ancestor powerhouses are undying and imperishable, so how can they possibly die? *Humph*, you also don't come up with a draft when lying!" Song Yu's expression changed slightly and he said with a cold snort.

But Daoless shook his head and said, "I didn't lie. The terror of that war isn't what you can imagine at all."

Daoless's complexion was somewhat ashen as if those blurry memories made him very afraid.

The few people's complexions were very ugly too. It was still their first time hearing that Dao Ancestor powerhouses would actually die!

Dao Ancestor powerhouses were existences that obtained the recognition of the laws of a region. They were equivalent to the representatives of Heavenly Dao, so who could kill them?

Ye Yuan heaved a sigh and said, "Looks like this Heavenspan World is far from as simple as we imagine!"

Although Heavenly Empyrean Immortal Grove was formidable, he was also just an Empyrean in the end. He was not even a Heavenly Emperor.

Heavenly Emperor powerhouses, that was another world, another circle.

They might have some connection with a certain Dao Ancestor, and would also naturally know things that many people did not know.

As for Heavenly Empyrean Immortal Grove, he had not entered that circle yet. So the things that he knew were also very limited.

All these required Ye Yuan to go and fumble himself around.

"Regarding that war, how much do you still remember?" Ye Yuan asked again.

Daoless shook his head and said, "I can't remember clearly anymore. This old decrepit self was also just a small fry in that war. I only remember that later on we called that war ... Doomsday Battle!"

Ye Yuan's face changed and he said, "Doomsday battle ... What a terrifying name! Did the entire Heavenspan World come close to dying out? Then who were your opponents?"

Daoless frowned and said, "I can't remember too clearly anymore. I only remember that ... it was a race war!"

"Race war? Could it be the human race and fiend race? Or demon race?" Ye Yuan frowned and said.

"It was not any of them! I ... I can't remember anymore! I only remember that that race was very terrifying! Very terrifying! They ... were too strong!"

When saying this, Ye Yuan could feel the tremors in Daoless's heart.

Clearly, he really feared that race immensely.

"Alright, no matter what race they are, they already don't exist in the Heavenspan World anymore at present," Ye Yuan said helplessly.

Hearing these two people's conversation, the shock in Song Yu four people's hearts practically could not use words to describe.

They seemed to have heard the greatest secrets of this Heavenspan World.

It turned out that Dao Ancestor powerhouses would die too!

It turned out that an apocalyptic war had happened to the Heavenspan World before!

It turned out that ...

It was just a shame that Daoless's memories were too incomplete. Otherwise, they would definitely be able to know even more things about the doomsday battle.

"L-Little Brother, this old decrepit self has already told you everything that I know. C-Can I go?" Daoless said with an ugly expression.

Ye Yuan said with a smile that was not a smile, "Go? *Huhu*, you even wanted to take possession of me. Do you still hope for me to let you go?"

Daoless said gloomily, "That ... That was all a misunderstanding ... A misunderstanding!"

Ye Yuan said with a cold smile, "A misunderstanding? I don't feel that it was a misunderstanding! You deliberately planned to seal yourself inside the remains; wasn't it in order to seize possession of people? If I let you out, are you planning on finding a suitable fleshy body, and then finding me to take revenge again?"

Daoless's expression was ugly as he said, "H-How is that possible?"

Ye Yuan waved his hand and said coolly, "Don't need to say anymore! Letting you go is impossible. I give you two options. It is either you follow me starting today or you die!"
