Chapter 1991: Competing with Ancient Geniuses!

Everyone stared wide-eyed and tongue-tied. Clearly, they did not expect that Ye Yuan would actually continue challenging.

Logically speaking, Ye Yuan already proved himself and did not need to take the risk anymore.

But he actually chose to continue.

But Song Yu's expression changed, and he said anxiously, "Brother Ye, you ..."

He was just about to speak, but then he was interrupted. Ye Yuan said, "I promised Jian Sutao that I'll definitely get this emperor bone for him."

On the faces of Song Yu, Guo Jingyang, and the rest, revealed doleful looks.

They had never felt that they were so incompetent before!

Ye Yuan choosing to continue, was Jian Sutao the reason?

Definitely!

But they understood in their hearts that Ye Yuan did it more so in order to protect them!

If Ye Yuan gave up, under the Emyrean bone devil's sword, all of them would have to die.

No one could be spared.

Then, was there danger with Ye Yuan continuing to challenge the Emyrean bone devil?

Of course there was!

They were too clear about Ye Yuan's strength; just the Emyrean bone devil's first sword move forced out Sword Hollow Etch this move. So how powerful were the two swords at the back?

Unimaginable!

The bone devil said coolly, "You recover divine essence first then. The power of the second sword will exceed your imagination!"

Ye Yuan did not say anything. He just nodded his head slightly, swallowed a medicinal pill on the spot, and tried to recover his divine essence as fast as he could.

But the others had the jitters when they heard it. Exceeding their imagination; how strong was that?

But very soon, they would see it.

After half a day, Ye Yuan's divine essence was recovered fully, causing another commotion.

This recovery speed was a little too fast, right?

Ye Yuan came before the bone devil and said with clasped hands, "Senior, please make your move."

The bone devil nodded slightly, stabbing a sword out indifferently once more.

Although his stance of stabbing the sword was exactly the same as before, everyone's faces changed.

"Puhwark!"

"Puhwark!"

"Puhwark!"

...

Even though these children of destiny stood extremely far away, the sharpness exuding from the cutting edge of this sword still made them suffer serious injuries, all spurting fresh blood wildly.

There was no earth-shaking divine essence undulation, but the places that the sword edge passed by, everything was buried in oblivion.

This was the sword of death; it could annihilate everything!

The first sword move was like a baby learning how to walk compared to this sword.

And this was merely just displayed with the strength of a Second Firmament True God.

At this moment, they did not doubt in the slightest that even if it was a Fifth Firmament True God powerhouse, they also absolutely could not escape by a fluke under this sword.

They were very curious just what Ye Yuan would use to block this sword.

Right at this time, Ye Yuan also made his move!

"Sword Hollow Etch!"

Still this move!

This sword was indeed breathtaking, but under the Empyrean bone devil's second sword, it also paled in comparison.

Bang!

After blocking for a moment, Ye Yuan's Sword Hollow Etch was ultimately still annihilated.

Then, the remaining momentum of the bone devil's sword did not reduce, heading straight for Ye Yuan.

"Roar!"

A heaven-shocking dragon roar rose to the sky. Golden light burst forth brilliantly on Ye Yuan's body, his vitality billowed to the clouds.

At the same time, the Qinghong Battle Armor was also completely activated, releasing a dazzling light.

"Nirvana Dao Profound Dragon Armor!"

Ye Yuan roared, directly meeting the bone devil's sword.

Bang!

The two collided together without any flashiness; the void was quaking.

A streak of sword energy and a ball of golden light met squarely in the void, neither willing to give in.

The two energies were both being rapidly depleted.

The golden light on Ye Yuan's body was dissipating at a rapid speed.

When everyone saw this scene, each and every one of them was shocked until they stared dumbfoundedly with their mouths agape.

"What formidable defensive power! Ye Yuan he actually forcefully resisted this sword!"

"He ... He has the perfect sixth transformation golden body! Just how many trump cards does this guy have?"

"Defensive-type empyrean spirit treasure, perfect sixth transformation golden body, dragon race's pinnacle defensive martial technique; this guy ... simply makes people go crazy!"

...

At this moment, how could Ye Yuan still care about holding anything back? He displayed all of his trump cards in their entirety.

In terms of defense, he was number one in the same rank.

These three things added together, even if he stood there and let Fourth Firmament True Gods hit, Fourth Firmament True Gods still could not breach his defenses.

Just this aspect, Ye Yuan was stronger than Zhou Yu by no idea how many times.

But unfortunately, this sword move was not released by Zhou Yu, but the Empyrean Realm bone devil.

Even if suppressed to a Second Firmament True God strength, even if Ye Yuan neutralized a portion of the force with Sword Hollow Etch, Ye Yuan still could not withstand this swift and fierce sword.

"Puhwark!"

The light on Ye Yuan's body directly dissipated, wildly spewing a mouthful of fresh blood, his body directly flying out several tens of thousands of feet like a kite with a broken string.

Song Yu's face changed. His figure moved, hurriedly going over to catch Ye Yuan.

Ye Yuan's body was already drenched by fresh blood.

The power of this sword was utterly horrifying!

"Really received it!"

"Are my eyes failing me? He really succeeded!"

"If it were me, I'd probably be one-shotted immediately. Right?"

...

Everyone looked at Ye Yuan with incredible shock, eyes full of incredulity.

Such a terrifying sword was actually received by Ye Yuan.

One had to know, they were two minor realms higher than Ye Yuan. But that trace of sword energy that leaked out seriously injured them!

No wonder the Empyrean bone devil said that the power of this sword exceeded one's imagination.

Indeed far beyond imagination.

"Cough, cough, cough ..."

A bout of intense coughing sounds came over. Ye Yuan finally caught his breath.

But the injuries of his internal organs were extremely heavy currently. He could not even stand up.

Ever since he cultivated to the perfect sixth transformation golden body, he had yet to suffer such serious injuries before.

The power of this sword indeed surpassed his imaginations.

The bone devil looked at Ye Yuan and said coolly, "Junior, you're very decent. Your potential when put in this Empyrean's era, is also an ordinary genius already. However ... it's also merely just decent. You're still quite a bit off from being a true genius. True geniuses can receive my third sword move. But you ... the second sword move is already your limit. No harm telling you then. The power of the third sword move is 50 times stronger than the second sword move!"

Everyone was rendered speechless, from one shock, sinking into the midst of another shock.

Ye Yuan receiving this sword already made them feel ashamed of their unworthiness.

But, from the Empyrean bone devil's mouth, Ye Yuan's talent was also merely thus!

Merely ... just an ordinary genius!

If Ye Yuan's talent was merely an ordinary genius, then what would a true genius be like?

These children of destiny were all from great imperial capitals. They understood in their hearts that Ye Yuan's talent, when placed in Heavenly Emperor Bodhimandas, was likely also a peak existence.

But, from the Empyrean bone devil's mouth, he was actually just ordinary!

Just how strong were the geniuses of that era?

Truly a terrifying era!

"Senior, I ... want to challenge ... the third sword move!" Ye Yuan gritted his teeth and said feebly.

"What? He ... He still wants to challenge the third sword move, is he mad?"

"These should be his final trump cards, right? He was nearly almost killed just now! So it's absolutely impossible for him to receive the third sword move!"

“The second sword is already powerful until it makes people despair. So how strong will the third sword move be?”

...

Ye Yuan’s words made the group of children of destiny burst into an uproar.

Even the Empyrean bone devil also determined that it was impossible for Ye Yuan to receive the third sword move anymore. This guy actually chose to receive the third sword without hesitation!

Was this guy mad? Or was he tired of living?

Could it be that he was triggered by this Empyrean bone devil?

They guessed correctly!

People should not look at how Ye Yuan normally had an appearance of not giving a crap about anything; the pride in his heart, no one could scorn it.

Originally, he only wanted to protect Song Yu and the others.

But now, he had a reason to receive the third sword move for himself!

He wanted to cross space-time and compete with ancient geniuses!

Unrivaled Medicine God

Chapter 1992: Perfect Victory!

“He’s all healed? Could it be that what he ate was an immortal pill?”

“This recovery speed is also too fast, right? Previously, I saw that he clearly had an appearance like he was going to die, but now he’s healed in just three days?”

...

When everyone saw Ye Yuan walk toward the Empyrean bone devil, each and every one of them was shocked until they could not close their mouths.

Three days ago, Ye Yuan could not even crawl to his feet.

Three days later, he was completely fine.

Just what kind of medicinal pill did this fellow eat?

“Senior, please make your move!” Ye Yuan said with a scorching gaze.

The bone devil looked at Ye Yuan quietly and slowly opened his mouth and said, “Junior, you’ve already exhausted your potential. It’s impossible to receive the third sword move. This third sword move fused five kinds of laws. You’re simply unable to imagine its power.”

Everyone sucked in a cold breath.

Five kinds of laws; was this really what human strength could accomplish?

Could that era’s geniuses all be able to casually fused four or five kinds of laws?

Ye Yuan said coolly, "No need to say anymore. Senior, please make your move!"

The bone devil said calmly, "The doomsday battle buried too many things in oblivion. You're not in the wrong. There's no need for this kind of lame dignity at all. But since you wholeheartedly seek death, then this Emyrean will grant your wish. You watch closely."

Done talking, the Emyrean bone devil raised his sword once more.

It was still the exact same posture. It was just that this time, it was ordinary to the extreme.

It was as if the entire world became silent.

Just raising the sword, Ye Yuan felt the scent of death hit him head-on.

This sword move, one could not use words to describe it.

Seeing extraordinary amidst ordinary, the sound of thunder between silence.

Everything lied with the sword itself.

This was an extremely profound utilization of Sword Dao. It was brilliant in every way!

People who used the sword that could control it to such a level, Ye Yuan seldom saw it in his lifetime.

It seemed like the other party was the same as him when he was alive, also employing other power of laws with Sword Dao, and reaching the pinnacle from there.

It was just that, fusing four kinds of power of laws with Sword Dao was truly inconceivable.

All of the children of destiny felt asphyxiated. They became wiser this time, staying far away from the center of the two people's battle, in case they were implicated.

Last time, it was just serious injuries and vomiting blood. This time, it was hard to say.

The Emyrean bone devil said that the power of this sword move was 50 times stronger than the second sword move!

This kind of increment could be rated as horrifying.

They seriously could not imagine what Ye Yuan would rely on to withstand this third sword.

But without a doubt, they all hoped for a miracle to appear.

If Ye Yuan died under this sword, they would have to accept the bone devil's three sword moves.

Of the remaining people, who had the confidence to block the bone devil's sword move?

If Ye Yuan died, they would all have to die.

But the problem was, could Ye Yuan block it?

Just as they were questioning, the Emyrean bone devil unleashed his sword.

This time, there was no sword energy. The Emyrean bone devil was going to approach him!

The Empyrean bone devil gripped his sword, stabbing straight for Ye Yuan's heart.

But Ye Yuan did not move and did not even use Sword Hollow Etch.

Gave up?

Anyone knew that when the Empyrean bone devil's sword arrived in front of Ye Yuan, that would be a heaven-shocking attack.

Quicker than words could tell.

Without even a blink of an eye, the Empyrean bone devil arrived in front of Ye Yuan.

"Careful, Brother Ye!"

"Brother Ye!"

...

Song Yu and the rest did not know what Ye Yuan wanted to do. Seeing the situation, they turned pale with fright.

Everyone cried out in shock, totally not knowing what Ye Yuan wanted to do.

But right then, an abnormality suddenly occurred.

From Ye Yuan's dantian area, countless blue fine threads crept out, tangling over toward the bone sword.

Puu, puu, puu ...

The air gave off a series of detonating sounds. Places that the bone sword arrived at, the blue fine threads were actually broken.

But, as the fine threads became more and more, the speed of the bone sword's advancement also became slower and slower.

"This is ... Dao mark?"

It was the Empyrean bone devil's first time having a fluctuation in emotion.

How could a Second Firmament True God possibly cultivate Dao mark?

This sword's power was too great. At first, the Dao marks could not tie it down at all.

But later, the Dao marks became more and more, and increasingly denser.

Finally, the bone sword was entangled.

However, the Dao marks did not stop there. Instead, they continued creeping up, tangling over toward the bone devil.

Gradually, the bone sword was unable to advance an inch further anymore.

The Empyrean bone devil turned pale with fright, the force in his hand becoming stronger.

Second Firmament True God became Third Firmament True God, then became Fourth Firmament True God.

But, it still would not do!

The aura on the Empyrean bone devil's body became stronger and stronger. When it soared all the way to Seventh Firmament True God, finally, the blue fine threads broke with a snap!

When at Ninth Firmament True God, Ye Yuan finally could not endure the Empyrean bone devil's powerful strength and was blasted flying out.

Everyone looked at this scene in tremendous shock. They were given a scare.

Such a powerful Empyrean bone devil was actually forced to raise his cultivation realm in the end before he could break free of those blue fine threads.

Where was the agreed-upon terrifying sword move?

Where was the agreed-upon same cultivation realm?

This third sword, the Empyrean bone devil was completely defeated!

Ye Yuan did not even make a move yet and the Empyrean bone devil was defeated by Ye Yuan's horrifying blue fine threads.

This scene made everyone's jaws drop. They looked toward Ye Yuan in incredible shock.

The current Ye Yuan already slowly crawled up from the ground.

Seeing Ye Yuan's ghostly-white eyes, everyone unwittingly felt a chill in their hearts.

What an icy-cold pair of eyes this was!

The current Ye Yuan, his disposition became like a different person from before.

That pair of eyes seemed to overlook all life, not carrying the slightest emotion.

Heavenly Dao!

That was the aura of Heavenly Dao!

How could a Second Firmament True God have such a terrifying aura on his body?

"You talked about how ancient geniuses were so and so; how the third sword was so and so. Looking at it now, it's also merely thus," Ye Yuan looked at the bone devil coldly and said indifferently.

Provocation!

Ye Yuan was provoking here!

He was provoking an Empyrean level powerhouse!

Was this guy mad?

However, using the Empyrean bone devil's words against himself, Ye Yuan indeed made him slap his own face now.

Ye Yuan did not only block this sword move. He even forced the Empyrean bone devil to raise his strength until reaching the Ninth Firmament True God Realm.

This was equivalent to the Empyrean bone devil slapping his own face!

Although they did not do it, these children of destiny actually had a liberating feeling.

From the Empyrean bone devil's mouth, ancient geniuses were merely able to barely manage to block the third sword move.

But Ye Yuan already forced the Empyrean bone devil to raise his realm to the Ninth Firmament True God Realm.

This proved that Ye Yuan's talent was far more outstanding compared to ancient geniuses!

The Empyrean bone devil used hollow eyes to stare at Ye Yuan. Ye Yuan used a cold pair of eyes to look at the Empyrean bone devil.

Two uncommon eyes stared just like this, silently.

After a long time, the Empyrean bone devil slowly said, "I take back my words from before! True God Realm comprehending Dao mark, this sort of thing is unheard of. Your talent, people already can't use common sense to judge it."

As he said those words, the Empyrean bone devil threw the bone sword in his hand. The bone sword flew toward Ye Yuan.

Everyone's faces changed drastically. The Empyrean bone devil actually yielded!

"This bone sword is yours. As for His Excellency's emperor bone, you can bring it away too! Such a prodigy coming into existence, I'm afraid ... the next doomsday battle isn't far already, right? Your Excellency, I've already completed my mission, and I should also rest."

After the Empyrean bone devil finished speaking, his entire body directly turned weathered, scattering and dispersing with the wind.

Ye Yuan put away the bone sword expressionlessly and slowly walked over toward the top of the bone mountain.

On the summit, the Qilin emperor bone gave off waves of light halo, stirring people's souls.

Chapter 1993: : What is That Anyway?

Ye Yuan walked up the steps, the pressure on his body becoming greater and greater.

Emperor bone, even if it was an emperor bone that had been through countless years of baptism, it still had his pride.

Ye Yuan's pair of white eyes did not carry the slightest emotion as he said coldly, "Past glory had long already vanished like mist and smoke. You still want to make a show of power after death? The past is already over, so let it be!"

On Ye Yuan's body, Dao marks twined around. This pressure was not worth mentioning to him at all.

Before long, Ye Yuan arrived at the summit of the bone mountain.

Before his eyes was a complete Qilin emperor bone.

Ye Yuan was rippleless like an ancient well and reached his hand out to grab. Right at this time, an abnormality suddenly occurred.

"Immobilize!"

A voice sounded out from the void. Powerful power of laws entangled over toward Ye Yuan frenziedly, completely binding the space around him.

"*Hahaha!* Ye Yuan, it's been hard on you along the way. This emperor bone, I'll accept it!"

Liu Yi's figure emerged, looking at Ye Yuan with a smug face.

Everyone was struck dumb with stupefaction by this sudden turn of events. No one could have thought that there was actually still someone hiding in the void.

This was truly the mantis stalking the cicada, being unaware of the oriole behind.

Except, how on earth did he do it?

"It's Liu Yi that damn fellow! He ... He's actually already the Fifth Firmament True God Realm." Guo Jingyang stared at that figure, shocked and enraged.

Just these short few months of not seeing him, Liu Yi actually already broke through to become a Fifth Firmament True God. It was simply outrageous.

Song Yu's eyes spewed fire as he said, "This guy must have swallowed all of the Profound Heaven Single Breath Fruits! Damn thing! I didn't expect that this guy still had such means of concealment. I really underestimated him!"

It was also too late for them to rush over now. For Liu Yi, the emperor bone was within easy reach.

Moreover, that area of space was already constrained, they could not break through at all.

"Damn it, really damn it! Could it be that we're going to helplessly watch this guy snatch away the emperor bone just like that?" Hu Fei said with an unwilling face.

"*Heh heh*, so what if he received three swords? In the end, isn't the emperor bone still snatched away by others?" Zhou Yu had a cold smile on his face.

Seeing Ye Yuan being intercepted, Zhou Yu was delighted in his heart.

"Ye Yuan, didn't expect it, right? Apart from the Chaos Origin Immobilizing Talisman, this old man even has High Clarity Void Escape Talismans. You guarded against this old man in every manner along the

way. In the end, weren't you still schemed against by this old man? *Heh heh*, obtaining this emperor bone, this old man will definitely be able to reach the emperor surmounting aura. The realm of Heavenly Emperor will no longer be delusions of grandeur for this old man!"

Liu Yi looked at Ye Yuan, being incredibly pleased with himself.

He had never thought that he would actually have the chance to break through to the realm of Heavenly Emperor one day.

At the thought of this, he was extremely excited.

Finished talking, he reached his hand out and grabbed at that Qilin emperor bone.

But right at this time, a ray of light bloomed from the emperor bone. Liu Yi's figure was directly blasted flying out like a cannon shell.

His expression changed, and he muttered, "How ... How can this be?"

However, a scene that made him even more shocked appeared.

The Ye Yuan who was originally restrained actually slowly opened up his footsteps, walked in front of the emperor bone, and slowly picked up the emperor bone.

Liu Yi seemed to have seen a ghost, exclaiming in shock, "This ... How is this possible? My Chaos Origin Immobilizing Talisman, no one should be able to resolve it within True God Realm!"

Ye Yuan looked at Liu Yi with a cold face and said coolly, "Foolish thing, the emperor bone has spirituality. Since he let the Empyrean bone devil test us and I passed the test, it naturally acknowledged me as his master. As for your Chaos Origin Immobilizing Talisman, what is that anyway?"

Ye Yuan who was under the white-pupil state had the Divine Vestige Space all around him, being untainted by myriad laws.

How could a mere Chaos Origin Immobilizing Talisman really immobilize Ye Yuan?

Not just Liu Yi, Song Yu and the rest were also shocked to the extreme.

They had all been immobilized by this Chaos Origin Immobilizing Talisman before. That feeling of powerlessness virtually made them despair.

But Ye Yuan was actually not affected at all?

Liu Yi still had one last Chaos Origin Immobilizing Talisman left. He had long planned it out, just waiting for this final moment to pillage destiny.

Who could have thought that Ye Yuan was actually not affected at all?

From start to end, he was just a clown jumping around!

"Last time, you snatched the Profound Heaven Single Breath Fruit. You were lucky that you ran fast. This time, just nice. We can settle the accounts." Ye Yuan looked at Liu Yi, not having the slightest emotion.

A hint of viciousness suddenly flashed across in Liu Yi's gaze, and he said with a cold smile, "Settle the accounts? With just the likes of you, a Second Firmament True God? I know that you're very impressive, but I'm a Fifth Firmament True God right now! What do you have to settle the scores with me?"

Suddenly, a ghost claw appeared in Liu Yi's hand. It was shockingly an empyrean spirit treasure.

Ye Yuan seemed to have not seen it, slowly walking over toward Liu Yi.

This Ye Yuan made Liu Yi feel extremely uneasy.

That icy-cold feeling made him feel like he was virtually going to be frozen stiff.

He gritted his teeth and snapped. "Extreme Nether Deathsoul Claw!"

A horrifying aura of death instantly erupted.

A cloud of black gas suddenly rumbled over toward Ye Yuan.

But Ye Yuan still did not have the slightest movement.

Blue fine threads extended out, colliding together with that cloud of black gas very quickly.

That cloud of black gas seemed to have seen a ghost, immediately vanishing into thin air.

Liu Yi's eyes became wide-saucers, looking at this scene in disbelief.

What the hell were these blue fine threads?

Without the slightest hesitation, Liu Yi turned tail and ran.

Except, it was already too late.

The divine marks' speed of extending was even faster than he imagined.

In a blink of an eye, he was engulfed inside the Divine Vestige Space.

"Welcome to my world!"

Liu Yi's pupils constricted, his face looking bewildered and lost as he said, "Your ... Your world?"

Liu Yi was not foreign to small worlds.

But Ye Yuan's world, he had never seen before.

How could there be such a small world?

He attempted to use his ability and deploy his world power.

But he discovered to his astonishment that his world power was actually unable to release outside of his body in this place!

"This ... This ... What the hell kind of place is this?" Liu Yi became more and more alarmed and terrified in his heart.

In this place, he was just like a mortal.

No, wait, even less than a mortal.

Ye Yuan said, "You don't need to know. You just have to know that your so-called destiny is ... nothing in front of me! Now, you can go and die already."

Done talking, Ye Yuan's finger pointed toward him. Liu Yi directly exploded into nothingness.

When his figure appeared again, Liu Yi already evaporated into thin air.

When the others saw this scene, each and every one of them was shocked speechless.

Song Yu and the rest were wildly elated, sprinting over in a few steps.

"Brother Ye, where's Liu Yi?"

Ye Yuan said coolly, "Dead."

Song Yu laughed loudly and said, "*Haha*, I knew it! This wretched grandson wouldn't have a good outcome! Brother Ye, really nice means, to actually be able to even easily resolve the Chaos Origin Immobilizing Talisman."

Ye Yuan gave him a glance and said coldly, "Paltry tricks, nothing to be feared."

Being given this glance by Ye Yuan, Song Yu had a feeling of plunging into an ice cellar.

Ye Yuan could not be bothered with Song Yu. His figure moved, speeding straight into the distance.

Unrivaled Medicine God

Chapter 1994: Profound Secrets' Attention

"Brother Ye!"

The expressions of Song Yu and the rest changed, hurriedly chasing after Ye Yuan.

He suddenly felt that this Ye Yuan in front of him became so unfamiliar.

"Brother Ye, where are you going?"

Ye Yuan's movement technique was extremely fast. Song Yu and the rest actually could not catch up and could only shout from behind.

Suddenly, Ye Yuan's footsteps stopped, and he said in a cold voice, "Stop following me. Otherwise, don't blame me for turning my back on old friends."

The figures of Song Yu and the rest turned stiff, looking at Ye Yuan in somewhat disbelievingly.

Was ... this still that Ye Yuan they knew?

Watching Ye Yuan left, Song Yu and the rest did not dare to stop him.

This Ye Yuan before their eyes was too horrifying and too cold. If they had followed, he would probably kill them without the slightest hesitation.

"Brother Song, what's wrong with Brother Ye?" Guo Jingyang asked puzzledly.

Song Yu's expression was rather ugly as he said in a solemn voice, "Brother Ye's cultivation method is indeed exceptionally rare, to even be able to disregard cultivation realm and instantly kill his opponent. But ... it seems to have considerable side-effects and will affect one's temperament."

Guo Jingyang's face changed and he said, "This ... What to do about this? He wouldn't keep going like this, right?"

Song Yu shook his head and said, "Of course not. But if he keeps on cultivating like this, he'll probably become a peerless powerhouse without the slightest emotion in the end!"

The other few people's expressions were all very ugly when they heard it. They already treated Ye Yuan as a sworn friend for life and death and were very worried about Ye Yuan.

"This ... Then is it really fine for us to let him leave just like that?" Hu Fei asked worriedly.

"Relax, you saw his strength too. To be able to force the Empyrean bone devil to raise his realm to the Ninth Firmament True God Realm, ordinary dangers can't do anything to him at all. Moreover, even if he's like this now, he also wouldn't possibly push himself onto the road to ruin. In fact, I feel that he might be calmer than ever under this state," Song Yu said with a sigh.

The rest were speechless for a while and actually did not know what to do.

"Brother Song, then what should we do now?" Guo Jingyang asked.

Song Yu thought about it and said, "The matter here is pretty much settled. So let's return to the circle and wait for Brother Ye."

...

Three months later, Ye Yuan finally returned to the circle.

When Song Yu and the rest saw Ye Yuan, each and every one of them was extremely excited.

"Brother Ye, you're back! You worried us to death these few months!" Hu Fei said.

Ye Yuan smiled and said, "Sorry, I've made everyone worry."

By the side, Song Yu suddenly said in surprise, "Brother Ye, you broke through again?"

Not seeing for a short three months, Ye Yuan actually grew stronger by another minor realm.

At present, he already reached the peak Third Firmament Origin Pill Realm and was only a step away from the Fourth Firmament Origin Pill Realm.

Ye Yuan nodded and said, "I had another fortuitous encounter these few months and broke through by a fluke."

Song Yu also discerned that Ye Yuan did not seem to be willing to talk too much about the events of these few months. So he also shut his mouth sensibly.

But Ye Yuan's realm increasing still gave him a shock.

Song Yu these few people understood that the implications of Ye Yuan breaking through a minor realm was that he was no longer the same person like in the past.

The current Ye Yuan dealing with Fifth Firmament True God powerhouses, it would likely be a cinch too.

After returning to the circle, everything settled down.

Ye Yuan observed for a bit. The children of destiny that returned to the circle safely were already less than one in ten.

Although this Ancient God Battlefield was teeming with lucky chances, it was also extremely dangerous.

But those able to return mostly had great improvements in strength, their auras more than a level stronger compared to before.

In the crowd, Ye Yuan even saw a familiar figure. It was Zhou Yu.

Zhou Yu's gaze was also sizing Ye Yuan up. Discovering that Ye Yuan looked over, he immediately turned his head over and did not dare to meet his eyes.

For the current Zhou Yu, his heart was pounding away.

He was afraid, afraid of Ye Yuan coming to find trouble with him.

Zhou Yu did not expect that just three months passed and Ye Yuan directly grew stronger by a minor realm.

When Ye Yuan was at the Second Firmament True God Realm, he was already not a match. Now, he was naturally even less of a match.

If Ye Yuan was bent on finding trouble with him, he would not be able to bear the consequences.

Luckily, Ye Yuan just gave him a glance and did not have the intention of coming over to find trouble with him. Only then did he let out a long sigh in relief.

Since entering Ancient God Battlefield until now, around one and a half year's time had passed. The remaining time, everyone each entered meditation, waiting for the end to end.

Of course, there were still some children of destiny who kept seeking lucky chances outside, returning to the circle one after another.

In a blink, the three years limit was up. That Heavenly Emperor powerhouse's voice sounded out once more.

"Congratulations to all of your children of destiny, reaping bountiful harvests in the Ancient God Battlefield. However, I hope that everyone remembers my Jian Family's kindness. In the future, if my Jian Family has any requests, I hope that everyone doesn't turn it down!"

"Lord Heavenly Emperor is too courteous. The Jian Family's matter is my matter!"

"Lord Heavenly Emperor rest assured!"

"Definitely, definitely!"

...

The group of children of destiny hurriedly said.

Following that, that Heavenly Emperor powerhouse continued saying, "After you all experienced this, your destinies should undergo a change once again. After going back, let your city lords view it. Alright, let's say goodbye here."

Hearing this, everyone had excited looks on their faces.

The vast majority of them were imperial aura. Emperor surmounting auras were just a minority after all.

If they could evolve to emperor surmounting aura, then they would have hopes of breaking through to the realm of Heavenly Emperor in the future.

That would be a massive good fortune to them.

After all, at great imperial capital this level, wanting to break through to the realm of Heavenly Emperor was far too difficult!

In the crowd, Ye Yuan's brows furrowed slightly, because he felt that the Heavenly Emperor was currently paying attention to him.

It seemed like his perception was not wrong. He really caught the attention of the Jian Family and even Heavenly Emperor Profound Secrets!

But he did not express anything, waiting for the Ancient God Battlefield to close the same as the rest.

Everyone was currently rejoicing, only to see a light flash and the circle directly disappeared. Everyone was sent into the passageway.

...

At the Profound Secrets Bodhimanda, Jian Yunxin bowed to Heavenly Emperor Profound Secrets and said, "Father, that little fellow called Ye Yuan obtained the Qilin emperor bone inside the Ancient God Battlefield this time. In addition ... he even made a trip to Crape Myrtle Cave."

Heavenly Emperor Profound Secrets's brows raised up and he said in surprise, "Crape Myrtle Cave is the place where Heavenly Emperor Crape Myrtle died. Fellow Daoist Crape Myrtle was a well-renown Transcendent Heavenly Emperor in the last epoch. Inside the Crape Myrtle Cave is full of dangers. He, a True God, actually entered the Crape Myrtle Cave? Also, he could block Emyrean Vast Universe's three sword moves; it shows that his talent is also similar to the geniuses of the last epoch!"

Jian Yunxin clearly also felt that it was incredulous and said, "Indeed so. Jian Rong has been constantly observing this little fellow. After he obtained the Qilin emperor bone, he entered the Crape Myrtle Cave alone. It's just that that place shields against all probing. So Jian Rong was unable to find out just what that little fellow did inside too."

Heavenly Emperor Profound Secrets nodded his head and said, "Even if this emperor went, I'd also be unable to investigate the situation inside Crape Myrtle Cave, let alone talk about Jian Rong. This little fellow is really getting more and more interesting."

Jian Yunxin thought about it and said, "Father, Jian Rong also discovered an interesting thing."

Chapter 1995: Burning Hot

"Oh? Say it! Heavenly Emperor Profound Secrets said curiously.

"When that Ye Yuan received Empyrean Vast Universe's third sword move, Ye Yuan actually forced him to raise his realm to Ninth Firmament True God Realm before defeating Ye Yuan. And after that, Ye Yuan seemed to have a great change in disposition, heading to Crape Myrtle Cave all by himself."

Jian Yunxin clearly knew about Ye Yuan's affairs like the back of his hand.

When Heavenly Emperor Profound Secrets heard, he indeed revealed an astonished expression.

"The Ninth Firmament True God Realm? What formidable means! Even this emperor also wasn't this heaven-defying back then. Just what kind of deity is this kid? However, a great change in disposition also shows that his cultivation method has a problem. Furthermore, the problem isn't small. Whether or not he can achieve greatness in the future, it is something unknown," Heavenly Emperor Profound Secrets exclaimed with admiration.

Jian Yunxin nodded and said, "This child feels this way too. However, if Father is interested in him, why not do a divination?"

Heavenly Emperor Profound Secrets laughed in spite of himself and said, "Do you think that I didn't perform a divination before? This child can't be fathomed!"

Jian Yunxin's pupils constricted, incredibly shocked in his heart.

"Alright, this matter ends here. The world shall soon change. I hope that my Jian Family can tide over this tribulation safely." Heavenly Emperor Profound Secrets sighed lightly and walked away with his hands behind his back.

...

Inside Virtuous Wind Establishment, Jian Sutaο looked at Ye Yuan five people, being rather surprised in his heart.

With the Ancient God Battlefield opening up this time, their Extreme Luck Great Imperial Capital actually had more than half return!

In the past years, being able to have two or three people returning was already pretty good.

Being completely wiped out was also not something impossible.

In reality, with the Ancient God Battlefield opening up this time, many great imperial capitals' children of destiny did not have a single one come back.

This time, not only did five return, furthermore, each and every one of these five had great improvements in strength.

Especially Song Yu, he already reached peak Fourth Firmament True God.

The other three people also all broke through to Fourth Firmament True God.

Even Ye Yuan also broke through two minor realms in one go.

One could say that it was a happy ending situation.

“Looks like you all had considerable harvests in the Ancient God Battlefield this time!” Jian Sutaο said.

Song Yu smiled and said, “It was all thanks to Brother Ye along the way. If not for him, we’d likely have been completely annihilated. *Oh*, right, when we’re coming back, that Lord Heavenly Emperor said that our destinies all had changes. I wonder if City Lord can take a look for us?”

Jian Sutaο nodded his head and said, “Naturally can.”

As he said, he mustered up the aura viewing art and looked towards Song Yu and the rest.

Of course, he deliberately avoided Ye Yuan.

He did not dare to look.

It was alright if he did not look, but one look and he jumped in fright.

When Song Yu saw Jian Sutaο’s expression, he asked doubtfully, “What’s wrong, City Lord?”

Jian Sutaο clicked his tongue in wonder and said, “Strange! Really strange! Making a trip to the Ancient God Battlefield, you all actually advanced to emperor surmounting aura? Let me take a look again.”

As he said, he mustered up the aura viewing art again and examined them closely again.

The four people’s destinies had indeed broken through to the emperor surmounting aura.

This was incredible! Within the entire great imperial capital, four emperor surmounting auras actually appeared all at once. This was one of its kind.

As for Song Yu and the rest, each and every one of them was extremely excited.

Song Yu originally had a peak imperial aura. He was an existence only a step away from reaching the emperor surmounting aura.

Breaking through to the emperor surmounting aura was something within reason.

But the rest made Jian Sutaο greatly surprised.

Of course, they themselves were also extremely surprised.

Among the three people, Guo Jingyang and Middle-stage both had late-stage imperial auras. Hu Fei merely had a middle-stage imperial aura.

Who could have thought that even Hu Fei became emperor surmounting aura?

Although the Ancient God Battlefield is a good place to change one’s destiny, such a big transformation wouldn’t occur too! Emperor surmounting aura isn’t some cabbage. More often than not, 100 great imperial capitals can’t produce one emperor surmounting aura too. But now, four popped out all at once.

Counting in Ye Yuan, it's five! This ... Hang on, could it be that ... the problem lies with Ye Yuan? Jian Sutaο was speculating about this in his mind.

Thinking like this, he felt that it was very likely.

Jian Sutaο discovered that all the people who got close to Ye Yuan seemed to have massive changes to their destinies.

Just take Jian Hongxiao for example; he originally should not have the chance to return to the Stellar Hall already.

Who knew that not only did he come back, he even broke through to the Empyrean Realm!

This destiny was simply heaven-defying.

The more Jian Sutaο thought, the more he felt that the probability was very high.

One had to know, their ancestor, Heavenly Emperor Profound Secrets, was such an existence with extremely heaven-defying destiny.

Hence, the Jian Family became one of this Heavenspan World's top major family clans.

Even those Transcendent Heavenly Emperors also had to give some face when seeing the Jian Family's members.

Could it be that Ye Yuan was actually such an existence?

The more Jian Sutaο thought, the more alarmed he got, and the more curious he became. Just what kind of magical power did this Ye Yuan have on him, to actually be able to have such tremendous influence?

Except, he did not dare to look!

Whenever he gave rise to the thought of viewing Ye Yuan's aura, a feeling of immense danger would well up in his heart.

"City Lord, I ... I really broke through to the emperor surmounting aura?" Hu Fei said with an upsurge of excitement.

Jian Sutaο said in a solemn voice, "Why? Do you doubt this empyrean?"

Hu Fei hurriedly said, "Dare not, dare not! It's just ... I don't quite dare to believe it. Thank you very much, City Lord!"

Jian Sutaο nodded his head and said, "You all go out. Ye Yuan stay."

Song Yu and the rest knew that Jian Sutaο did it for the emperor bone and left very sensibly.

After the few people left, Ye Yuan took out the emperor bone. A powerful aura immediately teemed the entire Virtuous Wind Establishment.

Jian Sutaο's gaze turned intent, and he said agitatedly, "It's indeed the Qilin emperor bone! You ... You actually really brought it out!"

Ye Yuan looked at Jian Sutaο and said with a cold smile, “City Lord really knew how to plan things! Don’t you tell me that you didn’t know who was watching over this Qilin emperor bone?”

On this trip, Ye Yuan could be said to have had a narrow shave.

This Qilin emperor bone was not what True God Realm martial artists could get at all.

This Jian Sutaο was simply digging a pit for him.

It was not just him. Those children of destiny who went to the Bone Devil Ridge also fell for the scheme.

If they knew that there would be an Emphyrean bone devil guarding the Qilin emperor bone, they would not go even if beaten to death.

Therefore, Ye Yuan was very angry right now.

Him being able to get the Qilin emperor bone did not mean that he was not angry.

Jian Sutaο’s face was also thick. He just said coolly, “What? Do you want to go back on your word?”

Ye Yuan looked at Jian Sutaο and said calmly, “Not to the extent of going back on my word. I, Ye Yuan, am a man of my word. This Qilin emperor bone is naturally for you. It’s just that I don’t know if you have that ability to take it or not.”

Jian Sutaο smiled and said, “You don’t need you to worry about this. Just an emperor bone, so how could this Emphyrean fail to suppress it?”

Ye Yuan just smiled and casually threw the emperor bone to the other party.

Jian Sutaο reached his hand out to catch, his state of mind agitated.

But soon enough, his expression changed.

“Ouch!”

Jian Sutaο cried out strangely, directly throwing the emperor bone out.

A charred smell came over. It turned out that his palm was already burned into black charcoal.

This Qilin emperor bone was burning hot!

Chapter 1996: Destined to Meet but Not Fated to Be Together

“Damn it, what trickery did you play?” Jian Sutaο glared at Ye Yuan as he said.

Ye Yuan just said coolly, “You’re also looking down on me, Ye Yuan, too much. The things that I, Ye Yuan, promised, I’d never go back on my word. I said it before; take it if you have the ability.”

Jian Sutaο gritted his teeth and said, “I don’t believe that I can’t deal with a dead person’s bone!”

Done talking, Jian Sutaο’s Emphyrean pressure suddenly released. Raising his hand, a streak of divine essence fired out, enveloping the emperor bone.

The power of an Empyrean was formidable to the extreme. Ye Yuan who was by the side had a deathly pale complexion.

But right at this time, the emperor bone radiated a brilliant light and gave off a gentle, but powerful energy, which actually pushed Jian Sutaο's Empyrean pressure back.

Jian Sutaο's face changed, and then the divine essence in his palm increased more in power.

However, this gentle energy was like a spring; the more he exerted strength, the greater the rebound force.

Bang!

Jian Sutaο finally could not bear it and was directly sent flying by this powerful force.

Then, that Qilin emperor bone slowly flew up and actually automatically returned to Ye Yuan's hand.

Jian Sutaο's expression was very ugly. At this point, how could he still not understand that this was the emperor bone having its own will, not willing to follow him?

Except, he was very perplexed. This Qilin emperor bone had already existed for God knows how many billions of years. Why would it still have such terrifying energy?

Ye Yuan looked at Jian Sutaο and said coolly, "You calculated everything and had children of destiny seize the emperor bone for you. But you didn't expect that only someone acknowledged by the emperor bone can take it away, right?"

Jian Sutaο's expression was very ugly. A trace of fresh blood dripping down from the corners of his mouth. His internal organs already sustained injuries.

He looked at Ye Yuan and said coldly, "What an insolent brat! Do you really think that this Empyrean doesn't dare to touch you?"

Ye Yuan said with a faint smile, "It's not that I'm looking down on you, but you really don't dare to touch me. When I entered the Ancient God Battlefield this time, that Heavenly Emperor powerhouse of your Jian Family was constantly spying on me. Now, I reckon that even Heavenly Emperor Profound Secrets also knows all about my actions inside the Ancient God Battlefield. If my conjectures are right, Profound Secrets Bodhimanda's order is already on its way."

Jian Sutaο smiled dismissively and said, "You're using Ancestor Profound Secrets to intimidate me? *Huhu*, putting this aside, how can the spying of a Heavenly Emperor powerhouse be what you, a mere True God Realm, can detect?"

The spying of Heavenly Emperor powerhouses, ordinary martial artists naturally could not discover it.

But the cultivation method that Ye Yuan cultivated was extremely special, pointing straight at the source of Great Dao. He was very sensitive to this kind of spying.

Otherwise, he would not have discovered Heavenly Emperor Profound Secrets's spying too.

Even though it was just a trace of blurry feel, this feeling constantly existed since entering the Ancient God Battlefield. This clearly indicated that someone was continuing to spy on him.

And in the Ancient God Battlefield, who else had this ability apart from Jian Rong?

Ye Yuan understood in his heart that since the Jian Family's upper echelons paid attention to him, then they absolutely would not deal a killing blow to him.

The Jian Family members' curiosity was very strong.

Ye Yuan shrugged and said smilingly, "Don't your Jian Family believe in fate the most? Then with your judgment of me, do you feel that I'd be such a short-lived person?"

Jian Sutaο could not help choking when he heard that.

That was right. Although he could not directly use the aura viewing art on Ye Yuan, he could feel Ye Yuan's exuberance to the extreme destiny. It absolutely did not look short-lived.

This point, even Jian Hongxiao could detect it. As the Extreme Luck Great Imperial Capital's master, studying the mysteries of good fortune, how could he not be able to feel it?

Could it be that ... what Ye Yuan said was true?

Speaking of it was coincidental too.

Right at this time, Jian Sutaο's mind stirred, and actually received a voice transmission.

This transmission was actually ... personally relayed by Heavenly Emperor Yunshang!

Jian Sutaο's shock was by no means trivial.

He looked at Ye Yuan with a look of astonishment, his eyes full of disbelief.

Who was Heavenly Emperor Yunshang?

That was one of the Jian Family's ancestors, a Transcendent Heavenly Emperor super powerhouse!

Although Jian Sutaο was a powerhouse of a region too, compared to Heavenly Emperor Yunshang, he was nothing!

Heavenly Emperor Yunshang was Ancestor Profound Secrets's biological son!

Ancestor Profound Secrets had lived for countless millions of years; his offspring was numerous.

But those that could live until now like him could be counted on one hand.

This Heavenly Emperor Yunshang was one of the remaining few with great accomplishments!

With Heavenly Emperor Yunshang personally passing on the voice transmission, what did that represent?

It represented that Ancestor Profound Secrets might really be paying close attention to Ye Yuan!

This ... How was this possible?

"Sutaο, this emperor bone isn't fated with our Jian Family. So don't make things difficult for Ye Yuan because of this. Additionally, you and Hongxiao have to pay closer attention to this child. Understood?"

Heavenly Emperor Yunshang's words directly sounded out inside Jian Sutaο's mind

"Yes, Sutaο understood!"

Jian Sutaο had a solemn look, immediately answering in his mind.

There was just this one sentence and Heavenly Emperor Yunshang did not make any more sound.

Opposite of him, when Ye Yuan saw Jian Sutaο's entire body tremble, he instantly understood.

He did not expect that this piece of instruction came right in the nick of time.

Everything before was all his conjectures. Him saying these naturally had some intention of intimidating the other party.

But now, all of his guesses were confirmed.

It seemed like the one that paid attention to him inside the passageway was really Heavenly Emperor Profound Secrets!

Jian Sutaο stared at Ye Yuan. He was unable to calm down his emotion for a long time.

This boy was truly freakish to the point of making people speechless.

The prying of Heavenly Emperor powerhouses, even he was also unable to detect it. So how did this boy know?

Also, even if Heavenly Emperor Jian Rong spied on him, how did he know that he was being followed by Heavenly Emperor Profound Secrets?

If Jian Rong's spying was detected by him, he could still understand it.

But who was Heavenly Emperor Profound Secrets?

In this Heavenspan World, those able to compete with Heavenly Emperor Profound Secrets absolutely did not surpass the number of fingers on both hands.

His might was affirmed through countless years.

A True God Realm like Ye Yuan, just what kind of capital did he rely on to detect Heavenly Emperor Profound Secrets's prying into?

Also, what kind of being was Heavenly Emperor Profound Secrets?

This art of prying into heaven's secrets was created by his elderly self.

If he was curious about Ye Yuan, wouldn't he perform a divination himself?

Or was it that even Ancestor Profound Secrets could not divine Ye Yuan's destiny too?

This ... This was simply inconceivable.

The suspicion in Jian Sutaο's heart became increasingly stronger. The more he thought, the more alarmed he got; the more he thought, the more curious he got.

His curiosity was like a cat scratching, almost scratching his heart into pieces.

However, he really did not dare to spy on Ye Yuan!

Rather, it was Ye Yuan who looked at Jian Sutaο with an unperturbed look and said coolly, "Looks like you've already received the news. I can only tell you that you're destined to meet this emperor bone but not fated to be together."

"Puhwark!"

Jian Sutaο could not resist spewing out a mouthful of old blood.

For the sake of this Qilin emperor bone, he waited for no idea how many tens of thousands of years. But in the end, it was obtained by this brat.

The key was that the higher ups even issued a death-order to not get involved with this thing anymore.

Except, if it was gone, it was gone. But could Ye Yuan freaking not ... show off his cleverness after what had happened?

Jian Sutaο regretted it until his intestines were green now. If he had long known, he would not have let Ye Yuan enter the Ancient God Battlefield.

Now, things were great, it all became a wedding gift for Ye Yuan.

But then again, could it be that this was also foreordained by the heavens?

Chapter 1997: Denounce Crimes Publicly

"Haha! Congratulations to Brother Hongxiao for achieving the realm of an Emyrean, truly to be congratulated!"

When Ye Yuan saw Jian Hongxiao, he had a joyful face.

Not seeing him for three years, Jian Hongxiao was already an Emyrean Realm powerhouse now.

"Huhu, stop making fun of your elder brother. Becoming an Emyrean, half of the credit goes to you!" Jian Hongxiao said with a big laugh.

The current Jian Hongxiao was full of high spirits. He did not look old and decrepit like when Ye Yuan saw him for the first time.

The backlash of Heavenly Dao was already completely dispelled. Breaking through to the Emyrean Realm, he had a lot of longevity added out of the blue.

The current Jian Hongxiao was no longer that mopey Extreme Light Imperial City's Profound Secrets Pavilion Lord.

Seeing Jian Hongxiao like this now, Ye Yuan also felt happy for him from the bottom of his heart.

“Brother Hongxiao not only returned to the peak now, but you also even improved a step further. This Ye can also set my mind at ease. Coming today, it’s firstly to visit Brother Hongxiao. Secondly, it’s to say goodbye to Brother Hongxiao,” Ye Yuan said smilingly.

Jian Hongxiao’s face changed when he heard that and said, “Why? Leaving already?”

Ye Yuan and said, “Heavenly Eagle Imperial City that side isn’t stable yet. I can’t set my heart at ease. I better to go back as soon as possible.”

Jian Hongxiao also felt touched in his heart when he heard it. Heavenly Eagle Imperial City was newly set up. However, Ye Yuan immediately put down the matters over there just for the sake of coming to repay gratitude.

For him, Ye Yuan even did not hesitate to enter the Ancient God Battlefield, experiencing life and death.

Jian Hongxiao understood in his heart. People should not look at how Ye Yuan broke through two minor realms in a row inside the Ancient God Battlefield in a simple manner. This was because the dangers that he experienced were definitely unimaginable too.

He was once the Stellar Hall’s elder and naturally knew the dangers of the Ancient God Battlefield. An entire force being completely wiped out, this sort of thing, often happened in the history of Extreme Luck Great Imperial Capital.

Jian Hongxiao heaved a sigh and said, “Then I won’t hold you back. When I’m free later, I’ll go to Heavenly Eagle to visit you.”

Ye Yuan clasped his hands and said smilingly, “Brother Hongxiao, you have to keep your word.”

...

Inside Heavenly Eagle Imperial City’s City Lord Manor’s hall, two men, one woman, and three youngsters were sitting.

Below them, City Lord Zuo Shujie, Coldfeather, and the rest were kneeling on the ground.

That young man on the left-hand side said with a cold smile, “Zuo Shujie, your Southridge Ten Cities gained autonomy and claimed kingship, disrespecting my Five Firmament Great Imperial Capital. How do you plead?”

This young man was called Deng Wei, the number one genius of the Five Firmament Great Imperial Capital’s Deng Family.

Placed in the entire Five Firmament Great Imperial Capital, he was also a first-rate existence.

The man on the right-hand side was called Dai Yang, the number one genius of Five Firmament Great Imperial Capital’s Dai Family.

As for that cold beauty in the middle, she was the Five Firmament Great Imperial Capital’s City Lord Manor’s number one genius, Lu Ziyi.

The number one geniuses of Five Firmament Great Imperial Capital’s three major families actually all gathered at Heavenly Eagle Imperial City.

Facing these three great geniuses, Zuo Shujie did not even dare to breathe loudly.

These three people were clearly representing the Five Firmament Great Imperial Capital to come and denounce them for their crimes.

Right now, Heavenly Eagle Imperial City's situation was equivalent to carving out a place within the scope of Five Firmament Great Imperial Capital's jurisdiction, carving out territory and claiming kingship.

How could Five Firmament Great Imperial Capital possibly permit this sort of thing to happen.

Heavenly Eagle Imperial City was not a place like Extreme Light Imperial City that no one dared to provoke.

Zuo Shujie thought that with the Southridge Ten Nations being far away from the central authority, they would not intervene. Five Firmament Great Imperial Capital might not even take notice.

But who knew that after several decades, the news still leaked out.

"This ... three lords are mistaken. We ... How can our Southridge Ten Cities possibly show disrespect to Five Firmament Great Imperial Capital? Lord Ye Yuan is just Nine Pledge Imperial Capital's patrolling inspector. We're a city under Nine Pledge Imperial Capital's command!" Zuo Shujie said.

Deng Wei smiled coldly and said, "Do you take the three of us to be fools? Can Yu Wenfeng still govern you all now?"

Zuo Shujie panicked in his heart but still said, "Naturally can be governed.

Deng Wei could not help choking when he heard that and said with a cold smile, "*Heh*, looks like ... you won't shed tears without seeing the coffin! Do you think that with this young master's identity, I still need any evidence to kill you, a puny little imperial city's city lord?"

Finished talking, the aura on Deng Wei's body skyrocketed, terrifying True God Realm pressure suddenly erupted.

How could Zuo Shujie, a mere Fourth Firmament Celestial Deity, be able to block such a terrifying energy undulation? The bones in his body were crushed until they burst apart.

"Puhwark!"

Zuo Shujie and the rest directly spewed out a large mouthful of blood, already sustaining extremely serious injuries.

On the seat of honor, Lu Ziyi opened her mouth and said coolly, "Alright, they merely take orders from people. The perpetrator hasn't appeared yet, so killing them is also useless."

Deng Wei gave a cold snort and said, "These lowly things! Not giving them a bit of color, they don't know my prowess! Come, men! Detain these few people into the dungeons for me. Once that Ye Yuan comes back, Detain him away along with the rest!"

Under the word of command, quite a few armored soldiers came in from outside. They were shockingly all peak True God Realm strength.

But there was no need for them to take action anymore, Zuo Shujie and the rest were all hanging in there with a breath now. Not dying was already pretty good.

After dealing with them, Dai Yang said with a cold snort, "These guys are more stubborn one after another. I'm afraid that they have succumbed to that Ye Yuan's influence! I'm very curious now, whether that kid called Ye Yuan has three heads and six arms or not!"

Deng Wei faced the Lu Ziyi in the seat of honor with a fawning smile and said, "Miss Ziyi, what should we do next?"

Lu Ziyi said coolly, "Everyone that has connections to Ye Yuan, throw them all into the dungeons! When that Ye Yuan returns, detain him and bring him to Five Firmament Great Imperial Capital along with the others."

Deng Wei and Dai Yang exchanged a glance, both secretly surprised in their hearts.

Although this Lu Ziyi was a woman, her methods were not an ordinary kind of cruel!

This way, it was equivalent to rounding up the Southridge Ten Cities in one fell swoop.

"But, there are still two True God Realm powerhouses in this city. That First Firmament True God isn't a problem. But that Fourth Firmament True God is likely not easy to deal with!" Deng Wei looked at Lu Ziyi meaningfully and said.

Lu Ziyi slowly stood up and said coolly, "Leave that Fourth Firmament True God to me. The others, you guys go and take care of it. If anyone resists, directly kill them!"

...

At this time, Bai Chen, White Light, Ning Tianping, and the rest were all gathered together.

"These people aren't here with good intentions!" Bai Chen said with a frown.

Lu Ziyi and the rest were all middle-stage True God Realm powerhouses. He was not a match for them at all.

White Light's expression changed, and he said, "Who cares! If really can't work it out, fight it out with them!"

Leng Qiuling shook her head and said, "It isn't advisable to be impulsive for this matter. With their strength currently, we're not their match at all. This matter, we can only wait for Ye Yuan to come and resolve it."

Under the effect of Ye Yuan's medicinal pills, the few of them were all peak Ninth Firmament Celestial Deity powerhouses now. It was just that they were still a step away from True God Realm.

However, this kind of power was not worth mentioning at all in front of Lu Ziyi three people.

"But these few fellows are so insidious. The moment they entered the city, they sealed off all of the array formations. Now, news can't go out at all. If Big Brother really comes back, wouldn't he be walking right into a trap?" White Light said with a frown.

But Bai Chen shook his head and said, “I agree with Miss Leng’s opinion. With Master’s talent, he definitely already broke through to the True God Realm now. Even if he’s not a match for them, these few people can’t make him stay either. As long as Master is fine, everything is alright.”

Unrivalled Medicine God

Chapter 1998: Jiang Ming, I’ve Remembered It!

Very soon, the news spread out.

People from the City Lord Manor as well as powerhouses that were related to Ye Yuan, including those at the Celestial Deity Realm were all thrown into prison.

One True God Realm powerhouse, Bai Chen, was directly smacked by a palm move from his opponent, resulting in serious injury.

The black-clothed armored guards that the three great powerhouses brought took charge of the entire city’s defense.

Everyone was only allowed to enter and not allowed to go out.

The entire city was in a stir!

These few years, martial artists lived very comfortably in Heavenly Eagle Imperial City under Ye Yuan’s governance.

Heavenly Eagle Imperial City’s Alchemy Dao’s prosperity also attracted a large number of martial artists.

The overall strength of the martial artists in the city already increased by a great deal.

These changes were visible in everyone’s eyes.

The martial artists in the city were very averse to these black-clothed armored soldiers that suddenly appeared.

It was just that the strengths of these black-clothed armored troops were too strong. Hence, they did not dare to resist at all.

Everyone dared to get angry but did not dare to speak up.

“If only Lord Ye Yuan was in the city, these guys definitely won’t dare to be unbridled.”

“*Sigh!* I heard that the ones who came this time are Five Firmament Great Imperial Capital’s middle-stage True God Realm powerhouses! Even if Lord Ye Yuan is here, it will likely be tough to stem the raging tides too.”

“Behind them, stands an Empyrean powerhouse! Even thinking about it makes people tremble! Could it be that ... Heavenly Eagle Imperial City is going to return to its state like in the past in the end? We barely experienced a few good days!”

Great imperial capitals were represented by Empyrean powerhouses.

Empyrean powerhouses represented invincibility!

At least, for an extremely long time, Heavenly Eagle Imperial City's martial artists never thought that they could get involved with Empyrean powerhouses.

This level of powerhouse could massacre countless imperial cities with a wave of a hand. They were not in the same world as them at all.

Now, being targeted by this kind of powerhouse, everyone bemoaned endlessly in their hearts.

At least, the current days were much better than in the past. Who would be willing to return to the past?

"Oh, right, isn't there still a Fourth Firmament True God powerhouse in the city?"

No idea who spoke, it rekindled everyone's hope again.

What they did not know was that Lu Ziyi was currently confronting Bai Tong at this time.

"Am I making a move, or are you doing it yourself?" Lu Ziyi said coolly, without the slightest emotion.

Bai Tong said coolly, "I'll only use one move. If you can receive it, I'll enter the prison by myself."

He was currently merely an initial-stage Fourth Firmament True God, but Lu Ziyi was a peak Fifth Firmament True God.

There was practically a difference of two minor cultivation realms between the two people.

Although Bai Tong was an Empyrean powerhouse, his strength was not considered strong among Empyreans.

His most important identity was still an alchemist.

Lu Ziyi nodded slightly and said, "Okay, I'll give you this chance. Make your move!"

Bai Tong smiled slightly. Waving his hand, he pointed a finger out. The entire void started trembling.

Lu Ziyi's face revealed a slight look of surprise, but his expression turned to normal very quickly.

It was only to hear her give a delicate cry, her dainty palm smacking out without any mercy.

For a moment, a horrifying power of law was virtually going to punch through space.

Bai Tong's pupils constricted, immediately feeling tremendous pressure.

Bang!

Two powers of law collided fiercely in the air, Bai Tong's figure flew out backward.

Lu Ziyi looked at the Bai Tong who fell to the ground and said coolly, "Strength isn't bad, but it's just that it's still a bit lacking."

Finished talking, she left with her hands behind her back.

Bai Tong gave a bitter laugh, really having a feeling of a tiger who landed in a plain being bullied by a dog. But he still walked into the prison obediently.

...

When Ye Yuan stepped into Heavenly Eagle Imperial City, he immediately detected that something was wrong.

He furrowed his eyebrows but still walked over in the direction of the City Lord Manor.

“Lord Ye Yuan! Lord Ye Yuan came back!” Very soon, the martial artists in the city recognized Ye Yuan, all revealing half hopeful and half fearful faces.

Ye Yuan sensed the peculiarity in their gaze, but he did not pay mind and just answered with a smile.

Suddenly, a young Divine Lord Realm martial artist grabbed hold of Ye Yuan and said anxiously, “Lord Ye Yuan, you can’t go to the City Lord Manor! Hurry up and leave!”

Ye Yuan’s brows furrowed, thinking to himself that something indeed happened!

“What happened?” Ye Yuan asked.

The Divine Lord Realm martial artist said, “Your Excellency, don’t care about it! Hurry up and go! It will be too late if you still don’t leave! Five Firmament Great Imperial Capital’s powerhouses have already surrounded the entire city until not even water can seep through, just waiting for your appearance!”

“Five Firmament Great Imperial Capital?” Ye Yuan was startled in his heart, not expecting that the problem actually came from Five Firmament Great Imperial Capital.

He did not become the Southridge patrolling inspector harboring the mentality of setting up a separatist regime. It was just that making him go to Nine Pledge Imperial Capital to report and pay his respects every day, he could not possibly do it.

As for Five Firmament Great Imperial Capital, that was naturally even more impossible.

Except, Ye Yuan did not expect that Five Firmament Great Imperial Capital actually intervened in the remote Southridge Ten Cities.

The Divine Lord Realm martial artist nodded and said, “Correct. They sent three middle-stage True God Realm powerhouses to come. Their means are all very formidable. Even that Fourth Firmament True God powerhouse was defeated. Hurry and leave! If still not leaving, it will really be too late.”

Ye Yuan’s pupils constricted when he heard this. Others did not know Bai Tong’s identity, but Ye Yuan knew. Bai Tong was an Emphyrean powerhouse!

Even if matching up against a Fifth Firmament True God, Bai Tong also should not lose.

Being able to defeat Bai Tong, the strength of the people that came this time was really very strong!

But what Ye Yuan was more worried about was still Bai Tong’s safety.

“That Fourth Firmament True God you mentioned, is he alright?” Ye Yuan’s tone gradually turned cold.

The Divine Lord Realm martial artist shook his head and said, “How can this lowly one know such things? Either way, the people from the City Lord Manor and people who are related to Your Excellency have virtually all already fallen into enemy hands; life and death unknown!”

Life and death unknown!

Ye Yuan's head went buzzing.

Bai Chen, White Light, Leng Qiuling, and Jiang Jadehall, they all were Ye Yuan's extremely close people.

If they all died, Ye Yuan would really go insane.

"Ye Yuan, it's true! Hurry and leave! The guards in the city now have all been swapped out. They have probably already gotten the news. If you still don't go, it will really be too late!" This Divine Lord Realm clearly respected Ye Yuan a lot; his words were full of concern.

Ye Yuan drew a deep breath and worked hard to calm himself down.

He knew that with this person's level, it was impossible to know the specifics of the matter.

This incident still had to meet the other party before it could be confirmed.

If ... If someone really died, Ye Yuan would definitely destroy the Five Firmament Great Imperial Capital!

Ye Yuan suddenly beamed widely and asked, "Little Brother, what's your name?"

The Divine Lord Realm martial artist was taken aback and blurted out, "This ... This lowly one is called Jiang Ming."

Ye Yuan nodded and said smilingly, "Jiang Ming, I've remembered it."

Finished talking, his figure moved, heading straight in the direction of the City Lord Manor.

But right then, an abnormality suddenly occurred.

A ray of sword light sped over like the wind from ten thousand feet away, arriving in an instant.

But the target was not Ye Yuan!

Ye Yuan naturally felt the sword light and abruptly wanted to turn around.

Except, it was already too late.

Bang!

Horrible law undulations directly obliterated Jiang Ming!

How could a mere Divine Lord Realm powerhouse block a True God's sword?

"As a Five Firmament Great Imperial Capital's citizen, to actually turn traitor and tip people off; truly a commoner! Death isn't regrettable!"

A sweet-sounding voice closed in from afar.

The voice was so pleasant, but the person's action was so cruel.

Chapter 1999: Lowly Commoner

Although this was on a bustling street, the entire city was incomparably quiet. Only this pleasant-sounding voice was reverberating.

Lu Ziyi walked over lightly just like that as if a heavenly maiden descending upon the mortal world.

That appearance made all life topple.

But in the eyes of the current Ye Yuan, this was a skeleton.

A pink skeleton!

She was heartless, she was cold, and she looked down on all living things.

In her eyes, she was heaven, not allowing the slightest bit of defiance.

“Your Excellency, hurry and go! It will be too late if you still don’t leave!”

“Your Excellency, I’m called Jiang Ming!”

...

Jiang Ming only spoke a few sentences to Ye Yuan in total, the words still ringing in his ears.

It was also Ye Yuan’s first time seeing this young Divine Lord Realm martial artist. He could see Jiang Ming’s feelings of idolization toward him from the other party’s eyes.

He was innocent.

But this woman killed him in front of him just like that!

Unforgivable!

An icy-cold killing intent instantly swept throughout the entire street.

On the streets, it was as if the temperature suddenly fell several degrees.

Lu Ziyi looked at Ye Yuan expressionlessly and said while having a pitying look, “Are you angry for a lowly commoner? Truly pitiful! It likewise also shows your incompetence! You couldn’t save him and similarly can’t save yourself too.”

Not that Ye Yuan did not want to save, but that that sword move earlier grasped the situation too well.

His heart was full of worry over White Light and the rest. The moment he moved, he called forth all of his energy, and then the sword came from another direction. He had no time to turn around and save Jiang Ming at all.

Even if he knew spatial law, it also could not make it in time!

Ye Yuan’s two eyes were icy-cold as he questioned, “In your eyes, is human life akin to grass? You are targeting me, so why make a move against an irrelevant person!”

Lu Ziyi had a calm look as she said, “A mere lowly commoner. If he’s killed, then he’s killed, what can you do to me? Moreover, he isn’t an unrelated person. He tipped you off. Rebelling against us by giving information is the same crime as revolting!”

By the side, Deng Wei could not help laughing as he said, "Really a foolish guy! He's clearly so weak, yet he still wants to share his sympathy with such a lowly commoner. I really don't know how he cultivated reaching his realm."

Dai Yang also laughed in spite of himself and said, "This kid's cultivation speed is pretty fast. The intel that we received was that he might have broken through to the True God Realm already. I didn't think that he's already Third Firmament True God. However ... it's still too weak!"

Lu Ziyi said coolly, "Rootless wood, waterless duckweed; no matter how high the realm, it's also futile."

These three people chimed in one after another. Heavenly Eagle's martial artists were uncomfortable all over when they listened.

In the eyes of these proud chosen of heaven, they all, these people, were simply insignificant existences.

One more, one less, it completely did not matter to these proud chosen of heaven.

Of course, it was like this in the entire Heavenspan World.

It was just that after experiencing Ye Yuan's rule, they felt that this was a heavenly paradise.

Ye Yuan was different from these high and mighty proud chosen of heaven!

He would fly into a great rage for an insignificant civilian.

This kind of warm feeling was what they had never experienced before.

Ye Yuan looked at Lu Ziyi, his face frosty as he said, "The three of you keep harping about him being a lowly commoner. Do you really think that you're dragons or phoenixes among men? In my eyes, you guys are the out-and-out lowly plebeians!"

His words were full of ridicule.

Lu Ziyi's expression was calm and did not get angry. She just said coolly, "Indulging in contention of mouth and tongue? That laughable dignity of yours is actually utterly worthless. Okay, I'll give you a chance, if you can win any one out of the three of us, I can bring my men and leave."

Five Firmament Great Imperial Capital's understanding of Ye Yuan was actually not much.

They received a tip-off, saying that Ye Yuan was acting autonomously. It was only then they started paying attention to such a remote Southridge Ten Cities.

Looking into it slightly, they discovered that Southridge Ten Cities' situation was indeed somewhat abnormal.

Hence, that was why there was this operation.

The reason why they sent out such a powerful line-up was that they knew that a Fourth Firmament True God powerhouse had once appeared here before.

As for Ye Yuan, they did not place him in their eyes at all.

But Ye Yuan's appearance indeed made these three people somewhat surprised.

Logically speaking, Ye Yuan at most just broke through to the True God Realm currently. Who knew that he already reached the Third Firmament True God Realm so quickly.

But, even if it was Third Firmament True God, Lu Ziyi still did not take him seriously.

Initial-stage True God Realm and middle-stage True God Realm were on completely different levels.

Ye Yuan's gaze was frosty as he said, "No need! Today, none of you can leave! In your eyes, Jiang Ming is a lowly commoner. But in my eyes, he's ten thousand times nobler than you all. Hence, I'll use your blood to hold a memorial ceremony for Jiang Ming!"

Deng Wei laughed loudly when he heard it and said, "Ignorant thing, to actually place that lowly commoner in the same category as us. Are you trying to infuriate us? Well, you've succeeded. You'll regret it."

Finished talking, he slowly walked out, aura becoming stronger and stronger, climbing to the peak very quickly.

A Fifth Firmament True God!

When the martial artists in the city saw this commotion, each and every one of their expression changed abruptly. They could not help worrying for Ye Yuan.

They knew that every minor realm of True God Realm had a tremendous disparity; let alone that there was a small stage between Ye Yuan and Deng Wei!

He looked at Ye Yuan and said with a pitying look, "Originally planned on detaining and bringing all of you to the great imperial capital. Looking at it now, there's no need anymore."

It was only to see two kinds of power of law fuse together in perfect harmony, his aura rising a level once more.

Horrifying heaven and earth spiritual energy gathered over crazily.

"So strong! This is wind and lightning, two powers of law fusing. Furthermore, these two kinds of laws are already cultivated to middle-stage rank six."

"Truly well-deserving of being a genius that came from a great imperial capital. He's actually this strong!"

"Lord Ye Yuan isn't looking too good. Although he also has law fusion, the realm disparity is too great!"

...

The martial artists in the city could not refrain from worrying about Ye Yuan.

Reaching True God Realm, jumping realms and battling became increasingly difficult.

Moreover, Deng Wei, this kind of genius was an existence invincible in the same rank to begin with.

"A bumpkin like you will never understand the difference between you and a true genius. If you can receive this Wind Lightning True Grand Palm and not die, this genius can consider sparing your life!"

Deng Wei's gaze turned cold and suddenly threw a palm out, aiming straight for Ye Yuan.

But, amidst everyone's shocked gazes, Ye Yuan did not move a muscle.

Yes, there wasn't the slightest bit of law undulation on Ye Yuan's body. He also did not condense any heaven and earth spiritual energy.

He ... actually stood there and let the other party hit!

Everyone was stunned!

Facing a powerhouse who was two minor realms higher than him, he actually stood there and did not move?

Everyone's hearts leaped to their throats, looking at Ye Yuan with worried faces.

Lu Ziyi just smiled coldly and said, "Stupid!"

This palm arrived in an instant and bombarded Ye Yuan's body solidly, erupting with an intense speed.

Everyone looked at this scene in complete bewilderment, not knowing why Ye Yuan would do this.

Deng Wei looked at that ball of light with a contemptuous look and said disdainfully, "Foolish thing, think that he's an unkillable cockroach?"

But very soon, the light dissipated. A figure stood there proudly, standing stone still.

Unrivaled Medicine God

Chapter 2000: The Laws of Five Elements!

"This ... How is this possible?"

"Actually completely unscathed! Lord Ye Yuan he ... How did he do it?"

"This defensive strength is truly freakishly powerful!"

...

There were cries of exclamations in the city. Following that, there was joyful cheering.

Not seeing him for several decades, Lord Ye Yuan's strength increased to a realm that made people tremble again.

Of course, this was to the enemy.

Deng Wei's pupils constricted, staring fixedly at that figure, full of disbelief.

Ye Yuan stood proudly, his body not even having a damaged corner of his sleeves.

How freakish was this defensive power?!

Lu Ziyi's brows furrowed slightly, clearly extremely surprised by this scene.

"Just now, there was ... the undulation of an empyrean spirit treasure! He has a defensive empyrean spirit treasure on him!" Lu Ziyi opened her mouth and said coldly.

“E-Empyrean spirit treasure?” Deng Wei looked at Ye Yuan absent-mindedly.

Immediately, his face revealed a look of wild elation.

Ye Yuan had an empyrean spirit treasure on him. As long as he killed Ye Yuan, wouldn't the empyrean spirit treasure be his?

How could Deng Wei's little thought hide from Ye Yuan's eyes?

He opened his mouth and said coolly, “Want the empyrean spirit treasure?”

Deng Wei did not have the intention of hiding and said with a smile, “I didn't expect that there's still an unexpected harvest by coming here. That empyrean spirit treasure, I want it!”

Ye Yuan nodded his head and said, “Can. As long as you can block a blow from me.”

Deng Wei burst out laughing when he heard this. He said, “Overconfident fool! You think that by relying on an empyrean spirit treasure to block my attack, your strength outmatches this young master's strength? If this young master can't even block this blow of yours, wouldn't these several thousand years have been lived in vain?”

Ye Yuan was expressionless. He had been suppressing his rage constantly.

“Very well, then you receive it well!”

Ye Yuan's figure suddenly erupted, arriving in front of Deng Wei like lightning.

“So fast!”

Deng Wei's pupils constricted, world domain and protective divine essence bursting out crazily.

However, his world domain and protective divine essence could not block Ye Yuan in the least bit at all.

Ye Yuan was just like a sharp knife, barging straight into Deng Wei's world domain, two hands directly grabbing his shoulders.

Deng Wei was greatly alarmed in his heart and struggled desperately, wanting to shake off Ye Yuan.

But very soon, an acute tearing feeling came from his body. It was extremely painful.

“What happened? Why do I feel like my body isn't mine anymore?”

This was the last thought that flashed past in Deng Wei's mind. Because his body was already torn in half by Ye Yuan using brute force.

The entire city was silent!

Everyone looked at this scene in incredible shock, feeling the jitters.

Tearing a Fifth Firmament True God with his hands, it was such a spectacular sight. It was their first time seeing such a thing happen in their lives.

Too shocking, too intense!

Too ... liberating!

These few fellows had always been swaggering before others, harping on and on about lowly commoners.

In the eyes of these people, they all, these ordinary martial artists, were merely targets to be exploited, sheep that they were raising.

Deng Wei was forcefully torn in half by Ye Yuan just like that.

“Middle-stage ... perfect sixth transformation golden body!”

Lu Ziyi and Dai Yang’s pupils constricted, looking at Ye Yuan in immense shock.

The might of Ye Yuan’s fleshy body power greatly exceeded their imaginations.

Only then did they know that when Ye Yuan blocked Deng Wei’s strike, the empyrean spirit treasure was merely adding flowers to embroidery.

What Ye Yuan truly relied on was his powerful to the extreme fleshy body!

Achieving a middle-stage sixth transformation golden body, this was the lucky chance that Ye Yuan obtained inside the Crape Myrtle Cave.

Currently, Ye Yuan had been suppressing his rage all along, so he needed to vent.

And Deng Wei was clearly the best target.

Ye Yuan stood with his hands behind his back, looked toward Lu Ziyi, and said coldly, “This is the so-called genius that you guys spoke of? Merely thus! I really don’t know where your so-called sense of superiority came from! You kept saying on and on about how they are lowly commoners, but in my eyes, you guys are the lowly plebeians.”

“They work hard and fight every day in order to live. They frequently wander the borders of life and death. They supply resources to you all, these so-called geniuses. But in the end, they became the lowly commoners that came out of your mouth.”

“You don’t need to worry about food and clothing, don’t have to worry about resources, don’t lack cultivation methods, and mystic treasures are free for your picking. Putting it bluntly, you all just simply reincarnated well. Even so, he still couldn’t block a move from me. What a joke! You all remember for me, killing you guys today is for the sake of a young man called Jiang Ming!”

Ye Yuan’s every word and sentence rang with power, condemning Lu Ziyi and Dai Yang until they were utterly worthless.

He naturally had this capital.

Previously, Deng Wei’s words were wildly conceited, not taking Ye Yuan seriously at all.

But in the end, he could not even hurt a single strand of Ye Yuan’s hair. He could not even block one blow from Ye Yuan.

Lu Ziyi's expression did not have much of a change. She just said with a cold smile, "This is your reliance? You think that by killing Deng Wei, you've cornered us? Also, you killing Deng Wei is already a capital crime. You and the people around you all have to die!"

Ye Yuan sneered and said, "Is that so?"

Swoosh!

Voice had not faded and Ye Yuan's figure suddenly erupted.

The Dai Yang who was by the side immediately felt his scalp tingle, a feeling of immense danger welling up in his heart.

He used all of his energy to defend, but it was to no avail!

Bang!

Ye Yuan's punch landed, Dai Yang's entire person was blown apart, turning into a cloud of blood mist, no time to even defend.

And from start to end, Lu Ziyi observed coldly from the sidelines, not having the intention of helping.

"Lord Ye Yuan's strength is actually already so strong!"

"Hahaha! Beat this group of condescending things to death! Lord Ye Yuan, we support you!"

"Lord Ye Yuan, kill that girl! Take revenge for Jiang Ming!"

...

The martial artists in the city all watched until their hot blood boiled with excitement, shouting crazily.

They all knew that Ye Yuan similarly rose from nothing. He relied on his own efforts and walked until today step by step.

Now, Ye Yuan represented them and beat these condescending geniuses until they were utterly routed. How could they not be excited?

Lu Ziyi looked at Ye Yuan and was still calm as she said, "I admit that I underestimated you. But, it also ends here! Although the perfect golden body is formidable ... you still can't escape death!"

Ye Yuan sneered and said, "I really don't know where the confidence of you all, these so-called geniuses, came from."

A sword appeared in Lu Ziyi's hand like a magic trick and she slowly said, "Don't know is it? Then ... this young lady will use it to tell you where my confidence comes from."

Lu Ziyi's long sword swung, the air immediately became wet.

Law of water!

Following that, she beckoned with one hand. A cluster of flames wrapped around her.

Law of fire!

The next second, the sword light turned cold. A yellowish-brown colored light halo lit up.

Law of earth!

In the city, the faces of all of the martial artists changed.

The laws of five elements, three appeared all at once.

Furthermore, there were still no signs of stopping.

Lu Ziyi pointed with her sword, and another green light lit up. An aura of life filled the air.

Everyone cried out in surprise, "Law of wood!"

"There ... There wouldn't be more, right?" The expressions of the martial artists in the city changed.

However, things did not go as people wanted. Lu Ziyi let out a delicate cry, another power of law lit up!
