Chapter 2001: Conclusion

“She ... She actually comprehended five types of power of law by herself, how is this possible?”

“All five elements! She comprehended all five elements! This comprehension ability is ... too terrifying!”

“The five elements mutually promote and restraint each other. If utilized properly, the power could rival supreme laws! This woman is remarkable!”

...

In the city, a series of exclamations came over.

They were never able to imagine that there was actually someone in this world who could comprehend five types of powers of law at the same time.

This kind of talent already exceeded their imagination.

Ye Yuan comprehended spatial law. This was indeed an extremely difficult thing. But comprehending the five elements at the same time, the difficulty was not the least bit weaker than spatial law.

Furthermore, these five kinds of laws were all comprehended to the level of rank six. This was simply inconceivable.

Even when Ye Yuan saw this scene, his pupils constricted too, his expression changing slightly.

He finally knew why even Bai Tong was defeated at her hands.

Lu Ziyi looked at Ye Yuan and said coldly, “Now, do you know what my reliance is? I admit that your talent is indeed pretty good, to actually be able to attain the perfect sixth transformation golden body. But all this is nothing in front of me!”

This woman was confident to the extreme and also powerful to the extreme.

Ye Yuan was indeed somewhat surprised in his heart. When he entered the Ancient God Battlefield this time, people he saw were all extremely talented geniuses.

Just take Zhou Yu for example, he was absolutely a first-rate powerhouse among peers.

But Zhou Yu compared to this woman in front of him, the disparity was too great.

Ye Yuan reined in his thoughts and looked at Lu Ziyi and said calmly, “It’s just too bad that you seem to be unable to fuse the five elements law.”

When Lu Ziyi heard that, her expression could not help choking.

This had always been her sore spot. She did not expect that it was exposed by Ye Yuan heartlessly.

Comprehending all five elements and fusing five laws were two entirely different concepts. The strength difference was also worlds apart.

However, fusing two types of laws was already something incredibly hard, let alone fusing five types of laws?

This kind of thing, just thinking about it felt horrifying.

Her face turned cold and she said, "Shamelessly boasting! Talk wildly again after you block my laws of five elements!"

Ye Yuan shook his head. Suddenly, his gaze turned cold and he said, "It's not blocking your laws. I said it before, all three of you have to die today! This is the price of you killing Jiang Ming."

Lu Ziyi sneered and said, "With just the likes of you?"

Ye Yuan nodded his head. "With the likes of me!"

As he spoke, Ye Yuan slowly pulled out the bone sword. It was precisely that empyrean spirit treasure that Empyrean Vast Universe gave to him!

Lu Ziyi's pupils constricted, looking at Ye Yuan in disbelief.

This guy actually had two empyrean spirit treasures on him!

A defensive-type empyrean spirit treasure, an offensive-type empyrean spirit treasure!

This ... How could a puny little Southridge Ten Cities give birth to such a monster?

Hang on, didn't this guy have a perfect sixth transformation golden body? Why was he using a sword?

Could it be that ... he was a martial-body dual cultivator?

That instant when she saw the bone sword, Lu Ziyi finally had a visible change in countenance.

A series of doubts were raised in her mind.

Today, the shock that this Southridge Ten Cities' patrolling inspector, who was viewed by her as a barbarian, brought to her was seriously too much.

Lu Ziyi recollected her thoughts very quickly. Her confidence in herself was irreplaceable. "I really underestimated you. However ... it's no use! My Five Elements Sword Art has no weakness to exploit."

"Is that so?"

Ye Yuan smiled disdainfully, holding the bone sword and dashing over, and then his figure turned illusory.

Lu Ziyi's pupils constricted again, clearly getting a shock.

Spatial law!

Furthermore, it was fifth level spatial law!!

This kid was not only extremely powerful in body-refinement, but his attainment in laws was actually also so terrifying.

However, there was already no time for her to be surprised.

This sword of Ye Yuan had a momentum akin to an overwhelming force. Lu Ziyi did not dare to be neglectful.

It was only to see her long sword swing, three types of power of laws immediately went to welcome him.

Bang!

Ye Yuan's fused sword intent clashed with Lu Ziyi's law of earth straight away.

The law of earth contained the power of the earth. Its defense was the scariest.

But, under Ye Yuan's sword, the law of earth could not stand up to the single blow at all, practically disintegrating in an instant.

However, what was scariest about the five elements was not the power of each type of law.

Five types of power of laws mutually promoted and restrained each other. As long as the utilization was appropriate, it would be able to unleash more than several times, even dozens of times the power of the law itself.

At this time, the law of wood and law of earth mutually complemented each other, coupled with the ceaselessness of the law of water, it actually made this sword of Ye Yuan's sink into the quagmire.

Ye Yuan's sword move that pressed forward with indomitable will was easily resolved by Lu Ziyi just like that.

It was quicker than words could tell.

Talking about this sword move was very long, actually, it was just a matter of an instant.

However, Ye Yuan swung his sword in a circle, his figure swaying, attacking with another slash.

Horrible power of laws rolled in midair. The martial artists in the city had long retreated to an extreme far place. How could they dare to approach in the slightest?

The showdown between two great True God Realm powerhouses, spectators would die upon contact!

Ye Yuan slashed consecutively, but no matter how his sword moves changed, he was unable to breach Lu Ziyi's laws of five elements.

Lu Ziyi was clearly incomparably familiar with the utilization of the five elements law.

Five types of laws alternated indeterminately, continuing in an endless cycle, not giving Ye Yuan any chance at all.

However, Lu Ziyi was constantly being suppressed by Ye Yuan and also did not have the strength leftover to retaliate at all, and could only defend passively.

Two mighty powerhouses fought until the sky was rent asunder and the earth split open in the sky of Heavenly Eagle Imperial City. The horrible energy undulations made people extremely terrified.

"I didn't expect that you actually fused Sword Dao law and spatial law, being truly out of my expectations. However, it's useless. My five elements law won't give you any chance," Lu Ziyi appeared very calm as she said.

Suddenly, Ye Yuan pulled back his sword momentum, leaving the battlefield.

Lu Ziyi looked at Ye Yuan and said with a cold smile, "What? Gave up is it? Now, it's my turn!"

Ye Yuan looked at Lu Ziyi and said coolly, "No need! You won't have the chance to make your move. Your five elements are merely thus. Next, you can go and die already!"

Lu Ziyi had a proud look on her face as she said with a cold smile, "Foolish thing, still haven't figured out your own strength until now? I've already grasped your strength clearly. Eat a sword move from me!"

Finished talking, Lu Ziyi stabbed a sword move out. The five elements were continuously reproduced in an endless succession under her sword, the energy getting more and more terrifying.

Ye Yuan just looked at this scene calmly, he was storing up strength.

A feeling of the heart and mind being linked together came from the bone sword.

This bone sword was indeed exceptional. To the current Ye Yuan, it was all too suitable.

Except, the current Ye Yuan, the aura on his body was very feeble and was not as outrageous as Lu Ziyi's.

Suddenly, he abruptly snapped open his eyes. A sword stabbed out flatly.

"Sword Hollow Etch!"

Even though it was Sword Hollow Etch, this sword actually had some similarities with Emphyrean Vast Universe's third sword.

It was just that Ye Yuan could not achieve fully retracting the sword momentum.

The more horrifying the sword move was, the harder to control it.

Ye Yuan's Sword Hollow Etch move, the power was too great.

Just like this, Ye Yuan's seemingly ordinary Sword Hollow Etch move whirled away toward the Five Elements Sword Art.

Chapter 2002: Stirring up Big Trouble

Lu Ziyi's face was full of disdain.

The power of this sword move looked to be just that tiny bit stronger than before.

This was Ye Yuan's ace in the hole?

All talk no action; it seemed like this kid only had just this bit of strength.

In a blink of an eye, Sword Hollow Etch collided together with the Five Elements Sword Art.

Bang!

The houses around instantly turned to dust, as if they had never existed before.

Lu Ziyi's expression instantly turned from disdain to stupefaction.

A force that toppled mountains and overturned the seas came over from the sword light.

Lu Ziyi's complexion turned white as a sheet, frenziedly urging her divine essence and mobilizing heaven and earth spiritual energy. The five elements continuously regenerated in endless succession, attempting to stop this terrifying force.

It was just that everything was futile.

Lu Ziyi felt that Ye Yuan's power was like a tsunami, the sky rending asunder and the earth splitting open, without ceasing.

No matter how she utilized the five elements law, she was unable to withstand it too.

"Puhwark!"

Lu Ziyi spurted out a mouthful of fresh blood wildly, directly being struck flying out by this sword move, falling heavily to the ground.

The current Lu Ziyi had her clothes all disheveled, hair hanging down loosely. How was there still that demeanor of a fairy maiden?

She was still struggling to get up, but a sword already reached her throat.

Ye Yuan's sword move was too strong. Her internal organs already suffered extremely severe injuries.

"This is your reliance, your pride? Merely thus. Right now, you're even inferior to the lowly commoners you spoke of. So what qualifications do you have to look down on them?"

Ye Yuan looked at Lu Ziyi, his words full of mockery.

Just earlier, Lu Ziyi was still a fairy maiden high up in the clouds, using a proud gaze to look at the world indifferently.

But now, Ye Yuan was looking down on her.

All of her pride was crushed by Ye Yuan at this moment until it was shredded to pieces.

"What bullshit genius, nothing at all compared to Lord Ye Yuan!"

"Really too strong! Lord Ye Yuan is really too strong! A genius who comprehended the five elements law is actually not even his match."

"Hahaha, really refreshing! Doesn't she look down on us, these lowly commoners? What about herself now?"

...

The martial artists in the city all started cheering frenziedly.

No one could have thought that Ye Yuan still had a perfect victory facing a powerful existence with five laws, particularly the five elements.

One had to know, Lu Ziyi was two minor realms higher than Ye Yuan!

True God Realm, two minor realms meant a disparity of several thousand years or even several tens of thousands of years.

Of course, this was just to geniuses.

To those ordinary martial artists, a minor realm might be several hundreds of thousands of years!

Lu Ziyi's expression was also extremely ugly. She never would have thought that she would actually lose to a Third Firmament True God, this bumpkin-like existence in her eyes.

This kind of blow virtually shattered all of her confidence.

At this time, a black-clothed armored soldier hurriedly spoke up, "Brat, there's Empyrean Lu Yan behind Miss Ziyi. If you dare to touch her, the entire city has to be buried in death with her!"

Hearing that, everyone shuddered with fear.

An Empyrean powerhouse, this was something that they had never thought about, and also an existence far beyond their reach!

Once an Empyrean was enraged, corpses would span ten thousand miles!

If they provoked an Empyrean powerhouse, how could a mere Heavenly Eagle Imperial City bear his wrath?

Lu Ziyi looked at Ye Yuan and said coldly, "My father is the Five Firmament Great Imperial Capital's city lord, Lu Yan. Even if you won against me, so what?"

Ye Yuan shook his head and could not help laughing as he said, "The person that I, Ye Yuan, want to kill, even if the Jade Emperor comes, he can't stop it too! So what ... if Empyrean?"

But Lu Ziyi was indifferent, she felt that Ye Yuan was indulging in contention of mouth and tongue.

Empyrean powerhouse, that was a godlike existence, who would dare defy?

She looked at Ye Yuan and said calmly, "Ye Yuan, you're a talent! I admit that I'm inferior to you! But, if you dare to touch a hair of mine, you'll die without a burial ground! These lowly commoners will likewise be buried in death with you!"

When Ye Yuan heard that, his face was full of sneers.

This woman was also too conceited.

At this point, she still thought that he was pretending to be profound?

The moment Ye Yuan heard, he was amused.

"Huhu, at this point, do you still feel that you're lofty and above the masses?" Ye Yuan said with a cold laugh.

Lu Ziyi gave Ye Yuan a glance and said calmly, "Stop being pretentious here! Could it be that you really dare to kill me? My father is an Empyrean powerhouse. That isn't an existence you can afford to provoke. Being able to defeat me shows that you're indeed very strong and have no relations whatsoever with these powerless lowly plebeians. All in all, you don't dare to kill me, and even have to send me back properly."

When Ye Yuan heard, he laughed in spite of himself.

This woman was really hopeless.

He looked at Lu Ziyi and said with a cold smile, "Originally, I'm not a bloodthirsty person. But you never should have killed Jiang Ming. Maybe in your eyes, he's just an insignificant small character. But in my eyes, he's a young man who had affection and loyalty. If you don't die today, heaven will not tolerate it!"

Done talking, the tip of Ye Yuan's sword moved, stabbing right through Lu Ziyi's heart.

Until death, Lu Ziyi had a look of disbelief.

Was this guy ... mad?

He ... He actually really dared to kill her!

However, Lu Ziyi's pupils gradually dilated, the look in her eyes gradually started turning lax.

A proud heaven's chosen of her generation fell here!

Everyone looked at this scene in incredible shock, disbelief on their faces.

When that black-clothed armored soldier uttered the awe-inspiring name of the Empyrean, everyone was taken back.

It was just that none of them thought that Ye Yuan actually really dared to kill people.

And the reason was just a lowly commoner that they spoke of.

"You ... You actually really kill Young Lady, are you crazy?" That True God Realm black-clothed armored soldier had a look of disbelief all over his face.

Could it be that this guy did not fear an Empyrean powerhouse?

He actually killed an Empyrean's daughter!

Ye Yuan looked at that black-clothed armored soldier and said coldly, "This Ye has a clear conscience when doing things! If I let her go, how will I give an account to the deceased Jiang Ming? Considering everything and everyone beneath their notice, then they have to bear the consequences of looking down on everyone and everything! Also, you all, none of you can think about leaving."

That black-clothed armored soldier's face changed, feeling like he ran into a lunatic.

Why was this guy so unreasonable?

Completely could not talk sense!

The more you spoke, the more he fought with you!

...

When Ye Yuan saw Zuo Shujie and the rest, the rage in his heart grew even more.

Zuo Shujie few people already lost most of their life, only leaving behind one last breath.

If not for that Lu Ziyi wanted to bring them back to Five Firmament Great Imperial Capital, they would likely have already perished and their Dao dissipating at this time.

Of course, this was nothing to Ye Yuan, As long as there was a breath there, Ye Yuan could save them.

However, when they knew that the Five Firmament Great Imperial Capital's powerhouses were completely annihilated, their faces were still incomparably shocked.

This time, a big hole was poked in the basket!

Such exceptionally talented figures were bound to be Five Firmament Great Imperial Capital's important figures, so how could they drop the matter?

When Bai Tong saw Ye Yuan, he smiled and said, "You indeed didn't let me down."

Ye Yuan smiled and said, "I've made you suffered."

Chapter 2003: Lu Yan's Fury

Inside the City Lord Manor, the atmosphere did not ease up even after the deaths of the three great geniuses.

On the contrary, the atmosphere was rather suffocating.

"Your Excellency, this ... Is our Heavenly Eagle Imperial City considered to have revolted?" City Lord Zuo Shujie asked somewhat flusteredly.

Under Ye Yuan's miracle medicine, Zuo Shujie finally had his life saved.

As an imperial capital's city lord under Five Firmament Great Imperial Capital's command, he had awe and veneration in his heart toward the existence of great imperial capitals.

This kind of awe and veneration had been accumulating over a very long time. So how could it be wiped away easily?

Ye Yuan killed an Empyrean's daughter and slaughtered hundreds of black-clothed armored soldiers. Among them, there were even some True God Realm commanders.

This way of doing things was simply too insane.

What everyone was worried about now was the Empyrean's vengeance.

Empyreans were invincible existences in everyone's eyes.

Even if your True God Realm strength was monstrous, in front of an Empyrean powerhouse, it was still too weak to stand up to the competition.

Ye Yuan's strength was strong, powerful until he could kill Lu Ziyi who comprehended the laws of the five elements. But in front of an Empyrean powerhouse, he would still be too weak to take a single blow.

Ye Yuan laughed in spite of himself when he heard that and said, "Revolt? Since we've never obeyed before, what's there to revolt?"

He had never treated himself as anyone's citizen. Taking on this position of patrolling envoy was also merely in order to make it convenient to run Heavenly Eagle Imperial City.

With Ye Yuan's personality, he naturally would not leave his life at other people's mercy.

Even if the other party was an Empyrean powerhouse, they could forget about making Ye Yuan lower his head too.

"But, Big Brother, our Heavenly Eagle Imperial City doesn't have an Empyrean powerhouse to hold down the fort. If that Empyrean Lu Yan really comes knocking, how should we respond?" White Light also frowned and said.

This time, he felt tremendous pressure too.

"Yeah, all are ants beneath Empyrean. Your Excellency, your strength is extremely strong, but you haven't reached Empyrean in the end," Ning Tianping also said with a worried look.

"Master, aren't you Alchemy Celestial Pavilion's head elder? If you go and invite Empyrean powerhouses with this identity, they should give face, right?" Bai Chen suddenly said.

His words made everyone's eyes lit up all at once.

The identity of Alchemy Celestial Pavilion's head elder was extraordinary.

Even Empyrean powerhouses should give some face too.

After all, who would offend a super Alchemy God with a great future?

Ye Yuan shook his head and said, "You all are thinking too much. No matter how powerful the Alchemy Celestial Pavilion is, they are also merely just a bunch of Six-star Alchemy Gods. Empyrean powerhouses, which one isn't extremely proud? How could they possibly come and be my hired thug for this sort of thing?"

This would not do, that would not do as well, everyone really did not know what they should do.

The title of Empyrean was like an enormous haze, crushing until everyone could not breathe.

Everyone fell silent again.

This atmosphere was not just inside the City Lord Manor. It was also spreading in the entire imperial city.

Although the present Heavenly Eagle Imperial City's strength already could not be compared to the past.

Matching up against a great imperial capital, this level of a city, was undoubtedly an ant trying to shake a big tree.

But even so, only a very small portion of people chose to leave Heavenly Eagle Imperial City.

The vast majority of martial artists all chose to stay behind.

Ye Yuan cutting down three great geniuses in a rage, they understood that it was not for himself. It was for an unimportant person.

That nobody was called Jiang Ming.

After that day, everyone remembered this once insignificant name.

Because that was the personification of each and every one of them.

Wasn't each and every one of them the Jiang Ming among the numerous living things?

"I'm just an itinerant cultivator. These several tens of thousands of years, I've lived in more than a dozen cities before. But no city made me have such a sense of belonging."

"Lord Ye Yuan is different from ordinary controllers! In his eyes, every martial artist of Heavenly Eagle is his family."

"Isn't that so? The last time, Deathsoul Gate provoked him; Lord Ye Yuan would rather bind both hands himself than be willing to have one more person in the city get hurt! One has to know, with his strength, killing those people wasn't a hard thing. This time, he also killed people in a rage for that nobody Jiang Ming."

...

Ye Yuan made the martial artists here in Heavenly Eagle had a great sense of belonging these few years.

He managed the Martial Tower and the Pill Tower, and opened them to all martial artists, and reduced the tax of the martial artists in the city. This series of things did not need to be said.

Especially during this recent incident, Ye Yuan's actions and conduct thoroughly conquered the martial artists in the city, making everyone submit wholeheartedly.

This made them feel like Heavenly Eagle Imperial City had a feeling of home.

In this indifferent world, there was a ruler who sincerely supported bottom-level martial artists. This was clearly an extremely rare thing.

Therefore, despite being clearly aware that Ye Yuan's opponent this time was an Empyrean powerhouse, no one shrank back. Instead, they had an appearance like they were bound by a common hatred for the enemy.

...

There were no walls without cracks in the world. The news of Ye Yuan killing the three great geniuses, Five Firmament Great Imperial Capital received the news very quickly.

At this time, the Deng Family's and Dai Family's two ancestors were currently in a furious rage at the City Lord Manor.

The Deng Family's ancestor Deng Yunzai roared furiously at Lu Yan, "Brother Lu Yan, this punk called Ye Yuan really ate a bear's heart or leopard's gall, to actually dare kill our family's Deng Wei! Not killing this fiend, it will be hard to dispel the hatred in my heart!"

By the side, the Dai Family's ancestor, Dai Chunhao, similarly had a look of thunderous rage as he said, "My Dai Family expended countless painstaking effort on Yang-er for him to be who he is today. I was even hoping for him to inherit my mantle. But I didn't expect that he died in this brat's hands. Not killing him, I, Dai Chunhao, swear that I'm less than human."

These two ancestors currently had extremely vigorous auras. A few sentences were practically about to bring down the roof. Their fury could be seen from just this.

Opposite them was a middle-aged man with a frosty expression.

This middle-aged man was precisely Lu Ziyi's father, the master of Five Firmament Great Imperial Capital, Lu Yan.

For these two family's ancestors to dare raise such a clamor in front of an Emyrean, they were clearly in the same generation as Lu Yan.

These two people were shockingly Emyrean powerhouses too.

Heavenly Eagle Imperial City's martial artists did not know Five Firmament Great Imperial Capital's actual situation.

If they knew that Ye Yuan offended three great Emyrean powerhouses in one go, no idea how despairing it would be for them.

Lu Ziyi's brows furrowed slightly. Snorting coldly, he said, "What's the fuss? Those two grandsons of yours have already been separated by no idea how many generations. Although their talents were pretty good, if really talking about it, it's also just like that. Whether or not they can break through to be an Emyrean is still another matter altogether. However, my Ziyi is a one-in-ten-thousand peerless genius. She already grasped the true essence of the five elements. Given time, her strength will definitely be above mine. You guys are furious, could it be that this Emyrean isn't as furious as you all?"

Lu Yan overflowed with majesty with every movement and action. Even though Deng and Dai two people were both Emyrean powerhouses, they also fell silent at this time.

Yeah, actually, the angriest one should be Lu Yan.

With Lu Ziyi's talent, breaking through to the Emyrean Realm in the future was virtually a sure bet.

In fact, there was a possibility of breaking through to the legendary realm of Heavenly Emperor!

Such a rare talent, forget about the puny little Five Firmament Great Imperial Capital, even when placed in a Heavenly Emperor Bodhimanda, she also did not pale in comparison to those geniuses.

Now, she died bafflingly just like that.

How could he, Lu Yan, not be furious?

“That ... Brother Lu Yan, why don’t we make a move together, and go kill that punk!” Deng Yunzai asked probingly.

Lu Yan smiled coldly and said, “Kill him? Isn’t that letting him off too lightly? This Empyrean will let him know what’s called despair!”

Chapter 2004: I'll Spare Your Life

At Heavenly Eagle Imperial City, there was panic and terror everywhere.

A piece of news came that Five Firmament Great Imperial Capital’s city lord, Empyrean Lu Yan, issued an Empyrean Order with the identity of city lord.

Within the boundary of Five Firmament Great Imperial Capital, all 187 imperial capitals, all martial artists above Celestial Deity Realm, were all to head to Nine Pledge Imperial Capital and gather!

Empyrean Order, within the boundaries of a great imperial capital, it was a paramount order.

Cities that received the order had to put aside all matters and follow the order unconditionally.

But this kind of Empyrean Order might not be deployed once in a million years.

But this time, Empyrean Lu Yan utilized it!

The goal was in order to deal with an imperial city!

One had to know, in all 187 imperial capitals, each imperial capital had at least ten or more True God Realm powerhouses.

Some high-order imperial capitals even had several dozen True God Realm powerhouses.

How terrifying a force was this?

“Is this Empyrean Lu Yan mad? Dealing with us, a tiny little imperial city, he’s actually going to mobilize several thousand True God Realm powerhouses?”

“This ... How to fight this? Even if each of us has three heads and six arms, it’s also impossible to win!”

“Counting in Lord Ye Yuan and Lord White Light, Lord Leng Qiuling, as well as Lord Ning Tianping who just broke through, the True God Realm powerhouses in the city are also just six people when added together. Six versus several thousand?”

...

Everyone was in despair!

This kind of power comparison simply made people be in despair.

To an imperial city, a True God Realm was sufficient to make all of them look up to already.

But now, several thousand True God Realms were actually coming all at once. This kind of shock simply could not use words to describe.

Everyone only had one thought in their mind now, that was Empyrean Lu Yan went crazy!

He was driven mad by Lord Ye Yuan!

Inside the City Lord Manor, there was a depressing atmosphere. Everyone's face was covered in a layer of frost, incomparably solemn.

"I really didn't expect that Empyrean Lu Yan would actually be so crazy, sending out thousands of True God Realm powerhouses at once. This is pushing us to our wits end!" Jiang Jadehall lamented.

Everyone was silent, they really did not know how to follow up.

Under absolute power, all hard work was feeble.

Even if Ye Yuan's Alchemy Dao was exceedingly formidable, it was also impossible to create thousands of True God Realms within a short time!

Let alone that among these several thousand True God Realms, some were even horrifying Ninth Firmament True God Realm existences.

Pick out any one of these people at random and it would be enough for Heavenly Eagle Imperial City to choke on.

"You guys, you guys say something! This ... Is this trying to stifle me to death?" White Light paced back and forth, seeming very anxious.

They all, these people, had always had blind faith in Ye Yuan.

But this time was different!

No matter how capable Ye Yuan was, it was also impossible to deal with these thousands of True God Realm martial artists!

When the others heard White Light's words, each and every one of them heaved deep sighs, but they still did not speak.

They did not know what to say at all.

Right at this time, someone suddenly came to report that a powerhouse in a large black cloak came from outside, unable to see the face clearly.

Everyone exchanged glances. Already at this time, who would still pay a visit to request an audience?

"Let him enter," Ye Yuan said coolly.

Before long, a powerhouse completely covered in a black cloak appeared in front of everyone.

Ye Yuan sized the other party up and said with a slight surprise, "It turns out that it's City Lord Yu, why would you show up here? At this time, you should be avoiding our Heavenly Eagle like the plague."

That person untied his cloak and revealed his figure, looking at Ye Yuan rather surprisedly.

His disguise was actually seen through by him with one glance?

The arrival was none other than precisely Nine Pledge Imperial Capital's city lord, Yu Wenfeng!

Yu Wenfeng's appearance caught everyone by surprise. Everyone looked over one after another, not knowing what medicine this guy was selling in his gourd.

Yu Wenfeng smiled bitterly and said, "Little Brother Ye really has terrific means. Looks like my guess was correct, you wouldn't resign yourself to death like this."

Ye Yuan laughed in spite of himself and said, "City Lord Yu, you and I are at warring sides. Coming here ... aren't you afraid that I detain you?"

Who knew that Yu Wenfeng let out a slight sigh and said, "Little Brother Ye, honestly speaking, this Yu came here to request for Little Brother Ye to show mercy. Under the Empyrean Order, this Yu is the Nine Pledge City Lord and has no choice but to become enemies with Little Brother, there's really no choice! If there's a possibility, this Yu really isn't willing to be enemies with you."

Yu Wenfeng's wording made the Heavenly Eagle's upper echelons that there present very surprised.

This guy's head was kicked by a donkey, right?

Right now, both party's strength disparity was so great. But he came to beg Ye Yuan to show mercy?

Did he figure out the situation or not?

Ye Yuan smiled and said, "City Lord Yu, are you mistaken? Several thousand True God Realm powerhouses are sufficient to crush Heavenly Eagle dozens of times over, even dregs won't be left. You're actually asking me to show mercy?"

But Yu Wenfeng said with a solemn look, "Others don't know your identity, but I know! Back then, when you were still at the Celestial Deity Realm, you already became the Alchemy Celestial Pavilion's head elder. How can there not be an Empyrean powerhouse supporting behind you? With the Myriad Treasure Tower's rallying power, if they really want to have a showdown with Empyrean Lu Yan, it is also not impossible. Hence, I know that you absolutely won't sit passively and await doom!"

Ye Yuan looked at Yu Wenfeng with a smile that was not a smile and said, "What you're worried about is this? Then I can tell you that you don't need to worry about it. The Myriad Treasure Tower's Empyrean powerhouses won't help me."

Yu Wenfeng was taken aback, clearly feeling very surprised.

But after musing for a moment, he still said firmly, "Little Brother Ye, I know that you're not an ordinary person and definitely have other means. All in all, I came here this time to tell you that my Nine Pledge Imperial Capital will hold a perfunctory attitude toward the Empyrean Order this time. I only hope that Little Brother Ye will show mercy when the time comes!"

Ye Yuan did not expect that when the whole world felt pessimistic about him, this Yu Wenfeng actually felt optimistic about him, and even took a huge risk to have him show mercy.

This time, he viewed Yu Wenfeng in a different light.

Yu Wenfeng's guess was correct. He, Ye Yuan, was never a person who would resign himself to death.

Lu Yan came up with such a grand line-up, thinking that it could intimidate him, make him despair.

But he was wrong.

Ye Yuan slowly nodded and said indifferently, "Alright, I got it, I'll spare your life."

Yu Wenfeng's pupils constricted, and he immediately nodded his head and said to Ye Yuan with cupped fists, "Many thanks, Little Brother Ye. This Yu is currently at the teeth of the storm. It isn't advisable to stay for long, so I'll take my leave first! After this matter, this Yu will personally drop in to give thanks!"

Ye Yuan nodded his head slightly. Yu Wenfeng was secretly alarmed in his heart and immediately took his leave and left.

After Yu Wenfeng left, the others used extremely odd gazes to look at Ye Yuan.

White Light immediately jumped up and yelled, "Big Brother, you hid from us so bitterly! Turns out that you've long had a countermeasure, why didn't you say so earlier?"

Ye Yuan smiled and said, "You idiot, following Big Brother for so many years, don't you understand me yet?"

White Light smacked his head and said gloomily, "I ... I was also stupefied this time. Such a grand display, it's still my first time encountering it! I say, Big Brother, just what method do you have? Could it be that ... you invited an Empyrean powerhouse over?"

Ye Yuan could not help laughing as he said, "Invite what Empyrean powerhouse? I don't have that ability! But ... we can create an Empyrean powerhouse ourselves!"

Unrivaled Medicine God

Chapter 2005: Facing an Army Alone!

"C-Create an Empyrean powerhouse?"

White Light was first stunned, but he woke up to reality very soon, suddenly looking at Bai Tong.

Among these people, if talking about who had the likelihood of becoming an Empyrean powerhouse, there was only Bai Tong.

Bai Tong's eyebrows raised up, and he shook his head and said, "It's no use. The Cleansing Rain Dream Reverting Pill's high-level version is a rank seven divine pill. You currently can't refine it at all."

Ye Yuan smiled and said, "The last time I refined the Cleansing Rain Dream Reverting Pill, I already researched this medicinal pill thoroughly long ago. Although I'm unable to let you recover to peak state right now, returning to Empyrean Realm is still achievable."

The moment these words came out, everyone's faces revealed looks of wild elation.

Didn't this mean that in the future, Heavenly Eagle Imperial City would have an Empyrean powerhouse to hold down the fort?

Bai Tong also had a pleasant look of surprise as he said, "Is this true?"

Ye Yuan smiled and said, "The Cleansing Rain Dream Reverting Pill is indeed a little obscure, but if one really has a thorough understanding of it, it's actually also just like that. Furthermore, some spirit medicines' medicinal properties don't require such obscure spirit medicines. Before going to Extreme Light Imperial City, I've already informed Myriad Treasure Tower to let them prepare rank six spirit medicines."

As he said this, Ye Yuan took out a medicinal pill.

Bai Tong's gaze could not help turning sharp, staring fixedly at Ye Yuan.

This kid really aggravated people to death without paying for it!

Also just like that?

No matter how insignificant it was, that was also a level nine medicinal pill!

Other people followed it by the book but you were good, directly creating the medicinal pill.

Similarly an alchemist, but why was the disparity so great?

Bai Tong had to admit that this kid really had a talent that ordinary people found it hard to imagine in terms of Alchemy Dao.

Ye Yuan's understanding of medicinal pills had always pointed straight at the source.

The things that he saw were totally different from other alchemists.

Pill formulas were never some imperial edicts in Ye Yuan's eyes.

"How's the medicinal effect? I heard that Empyrean Lu Yan is a Second Firmament Empyrean powerhouse," Bai Tong received the medicinal pill and asked.

Ye Yuan smiled and said, "Relax, your strength won't be weaker than him. At that time, I'll give you the Qinghong Battle Armor, so you won't lose to him no matter what."

Everyone's face was wild with joy. None of them thought that Ye Yuan had actually long prepared a contingency.

"But, Big Brother, Five Firmament Great Imperial Capital has three great Empyrean powerhouses! Although the other two are just First Firmament Empyreans, they still have that many True God powerhouses," White Light suddenly frowned and said.

The high-level combat power was settled, but the other party's force was too powerful.

Once Bai Tong was tied down, two First Firmament Empyreans plus several thousand True God Realm powerhouses would attack. Heavenly Eagle Imperial City still could not block them!

Ye Yuan smiled when he heard that and said, "A bunch of clay chickens and pottery dogs; what's there to be worried about? Everyone set your mind back at ease and have a good rest."

When everyone heard that, their eyes lit up.

It seemed like Ye Yuan had ready plans to meet the situation long ago.

Sure enough, one sentence from him and everyone really set their minds at ease.

...

On this day, the gazes of the guards in the city suddenly turned sharp, discovering that there were countless little black dots in the horizon that were currently heading over here.

Countless martial artists were akin to locusts passing through, making people's scalps tingle.

One of the guards said, "This ... This ... so freaking spectacular! I have never seen before so many True God Realm powerhouses in this lifetime!"

When that guard saw this scene, he was frightened until his legs quivered.

After all, such a scene was truly rare in the Heavenspan World.

Such a large-scale True God Realm martial artist battle was simply appalling to hear.

Using this kind of terrifying line-up to deal with a tiny little imperial city was even more unheard of.

Another guard had an ashen face as he said, "It's over, it's over! How to fight? This is not on the same level at all!"

Although everyone made up their minds to live and die together with Heavenly Eagle, seeing such a terrifying scene, each and every one of them still could not resist trembling.

A guard commander swallowed his saliva and instructed his subordinates, "S-Still in a daze for what? Hurry and go report to Lord Ye Yuan!"

But that subordinate did not move, pointing at the horizon and muttering, "N-No need. Lord Ye Yuan he ... he already came out."

Everyone looked over in the direction he was pointing at. It was only to see a young and handsome figure standing on top of city walls, standing with his hands behind his back, quietly looking into the distance.

"W-Why is His Excellency by himself? Could it be that he's planning on dealing with these 100 thousand people alone?" Everyone was filled with fear.

A guard commander plucked up his courage and asked, "Lord Ye Yuan, you ... What are you doing?"

Ye Yuan turned around and flashed him a smile, saying "All of you back down, leave it to me."

Everyone's faces changed, this answer was too fantastical.

Facing an army of 100 thousand alone?

Furthermore, the other party had five to six thousand True God Realm powerhouses!

That guard commander said resolutely, "Your Excellency, you mustn't be suicidal! Although we're weak, we'll fight to the end with you."

Ye Yuan smiled and said, "All back down. Just a bunch of motley crew, so no need to be so nervous."

When everyone heard, they were rendered speechless.

Motley crew?

Even if it was a motley crew, reaching True God Realm, it was also not what they could withstand!

Countless powerhouses arrived with a howl, giving people an extremely strong visual impact.

Ye Yuan's figure moved, going to welcome them.

When the few people in front saw a young man coming head-on, they could not help having stunned faces.

"Stop!"

More than 100 thousand martial artists gradually stopped, facing Ye Yuan from a distance.

The few people in front were shockingly Ninth Firmament True God mighty experts.

A middle-aged martial artist stepped out of the ranks and looked at Ye Yuan as he said with a cold smile, "Brat, why is it just you alone? Where are the others? All scared until they don't dare to come out anymore?"

"*Heh*, you're that Ye Yuan punk, right? Do you regret it? Planning on coming out to meet your death now? However ... it's useless, Lord Lu Yan already issued a death order. Not a single one of Heavenly Eagle Imperial City's martial artists will be spared!" Another Ninth Firmament True God stepped out of the ranks and said.

"Kid, you really ate a bear's heart or leopard's gall, to actually dare kill Miss Ziyi! Now, it's useless even if you regret it too! The entire city has to be buried in death with you!"

Several Ninth Firmament True Gods looked at Ye Yuan with amused expressions on their faces.

A puny little Ye Yuan was merely an ant-like existence in their eyes.

Even if he killed Lu Ziyi, even if he was exceptionally talented, he was just a Third Firmament True God.

No matter how heaven-defying he was, it was also not worth mentioning in front of a Ninth Firmament True God.

Any one of them that stepped out could easily pinch Ye Yuan to death.

Ye Yuan had a calm expression. He just looked at the few Ninth Firmament True Gods indifferently and slowly opened his mouth and said, "You all are overlords of a region. Looking on the account that your many years of bitter cultivation wasn't easy, I'll give you guys a chance now. Quickly leave and I'll spare your lives!"

The voice was not loud but transmitted into everyone's ears clearly.

Everyone had stunned faces, especially these Ninth Firmament True Gods in front of him.

Was this kid frightened silly?

What did he say just now?

Spare our lives?

Just based on him, a Third Firmament True God?

“Hahaha, kid, I didn’t hear it wrongly, right? Your meaning is that you alone are going to annihilate all of us?”

Ye Yuan slowly nodded and said, “You got it right.”

Unrivaled Medicine God

Chapter 2006: Hundred Miles Incense

“Hahaha!”

After a moment of deathly silence, crazy laughter erupted from the army, shaking the surroundings.

A Third Firmament True God said that he was going to exterminate an army of more than 100 thousand by himself. This joke was really too hilarious.

“Kid, let’s not talk about us, these Ninth Firmament True God city lords. But even those Eighth Firmament True Gods can also pinch you to death with one hand! You actually boasted shamelessly, saying that you’re going to exterminate all of us by yourself?” A Ninth Firmament True God City Lord convulsed with laughter.

“Kid, we’ll watch right here, watch how you exterminate all of us!”

“We’re so scared! You look at me, my legs are scared until they are trembling!”

“Hahaha!”

Another wave of loud laughter could be heard.

Everyone looked at Ye Yuan with an amused expression. It was as if looking at a fool.

Before coming here, everyone thought that Ye Yuan was an exceptionally talented person. They did not expect that he was such a fool.

This made the originally somewhat nervous atmosphere suddenly ease up.

After all, this kid provided for them quite a bit of laughter on his deathbed.

However, there was also someone who did not laugh.

In the army, Yu Wenfeng’s expression was very ugly.

He also did not expect that Ye Yuan would actually face the entire army alone by himself.

Even though he also felt that Ye Yuan’s words were very funny, his understanding of Ye Yuan was much deeper than the others.

For a person to be able to say this kind of words, if he was not a genuine fool, then he really had something to rely on.

Yu Wenfeng knew that when Ye Yuan wiped out the Deathsoul Gate branch that time, he acted after planning it out, advancing gradually and entrenching himself at every step. In the end, not even a mosquito was let out.

How could such a person possibly be a fool?

That indicated that Ye Yuan really had a trump card!

But he could not figure out even after racking his brain just what Ye Yuan's trump card was.

Ye Yuan let out a slight sigh and said, "Looks like my persuasion doesn't have much use. I originally didn't want to commit unnecessary slaughter, but since you guys are seeking death yourselves, then it can't be blamed on me."

A Ninth Firmament True God used eyes like looking at a fool to look at Ye Yuan and said, "I really don't know what for Lord Lu Yan dispatched such a massive force. An idiot like you, randomly sending a few powerhouses over and you'd be eradicated. Kid, this city lord will be sending you to hell right away, to avoid you making a spectacle of yourself here."

Done talking, that person's body released a horrifying power, crushing over toward Ye Yuan.

But at this time, Ye Yuan's figure also became blurry.

Bang!

This move slammed right onto space.

That powerhouse's pupils constricted, and he cried out in shock, "Spatial shift! No wonder this kid is so arrogant, but ... is this your reliance? Everybody attack together; trample Heavenly Eagle Imperial City!"

Rumble!

The commotion was overwhelming. The Five Firmament army advanced toward Heavenly Eagle Imperial City, shaking heaven and earth.

But right at this time, light rain suddenly drizzled down from the sky in a continuous stream.

"Eh? Why did it suddenly rain?"

"This rain is so strange. Why is it green?"

"Smells good ... This rain actually has an alcohol aroma!"

...

The blue skies that originally spanned for ten thousand miles suddenly rained at this time. Furthermore, this rain was different from ordinary rain. It was actually glossy and green, and it was even accompanied by a slight alcohol aroma, making people intoxicated.

This strange sight made everyone stop, all being extremely curious.

Those few Ninth Firmament True God powerhouses leading were also curious at first.

But very soon, they discovered something wrong.

“Hang on! There’s something ... wrong with this rain!”

Everyone’s faces suddenly changed, but it was already too late!

“Puhwark!”

A Celestial Deity Realm martial artist suddenly spurted blood wildly, bleeding with seven orifices, then plummeted down to the ground powerlessly.

“Ahhh!!”

“Ahhh!!”

“Ahhh!!”

...

Following that, one tragic scream after another came over. People were falling toward the ground one after another.

The sky was still drizzling rain, and now it was also raining corpses.

Miserable wails echoed together. This area under the sky instantly became purgatory.

In the crowd, the moment Yu Wenfeng laid eyes on this green rain, his expression suddenly changed, his scalp tingling.

A feeling of extreme danger instantly welled up in his heart.

He virtually did not hesitate in the slightest, using the fastest speed to rush over toward Heavenly Eagle Imperial City.

However, it was already too late.

In this stretch of space, the green rain was everywhere, entering from every pore, nowhere to hide.

His body was already contaminated by raindrops.

But he did not give up, using all the strength in his body and speeding over toward Heavenly Eagle Imperial City.

“Little Brother Ye, s-save me!” Yu Wenfeng screamed madly.

He already felt that his divine essence was starting to become stagnant, the terrifying poison was currently flowing everywhere in his body along with his blood.

Even if he forcefully used divine essence to force it back, it did not have any effect at all as well.

This situation frightened him until he was scared out of his wits.

Suddenly, a light flashed. Yu Wenfeng felt himself being wrapped away by a spatial force.

His heart eased up, suddenly feeling incomparably glad about his decision before.

But the others were not so lucky.

Those Celestial Deity Realm martial artists could not endure more than a while, directly croaking one after another.

Luckily, the range of this rain was not large. Many Celestial Deity Realm powerhouses did not rush within the boundary of that green rain yet.

When those people behind saw those struggling figures in front, each and every one of their eyes went wide.

True God Realm martial artists had thick divine essence. The time that they persisted was a little longer. But it was also just a little longer.

First Firmament and Second Firmament True God martial artists started kicking the bucket.

“Ahh, ahh, ahh! Save me! I don’t want to die!”

“Lu Yan, you’ve doomed us!”

“Lord Ye Yuan, we were wrong! I beg you, save me!”

...

In the air, miserable wails echoed together.

Those late-stage True God powerhouses all had ghastly pale faces. Their strength was powerful, forcefully suppressing the poison.

Except, that poison was akin to a desolate beast, wreaking havoc within their bodies, and actually had signs of losing control.

A Ninth Firmament True God city lord said in agony, “R-Really a mistake this time! Just what kind of existence is this Ye Yuan?”

“What poison is this? It’s actually so strong? I ... I almost can’t suppress it anymore!”

“This Ye Yuan simply has abilities that even gods and ghosts cannot fathom! When gods fight, small ... small imps like us suffer!”

These Ninth Firmament True God were all incomparably anguished. Right now, their intestines were green with regret.

Only then did they understand what Ye Yuan’s warning previously meant.

He was really giving them a lease on life!

But they did not believe it at all, and they took it as a joke.

Only now did they know that turns out, they were the joke!

It was just that, who could have predicted such means?

Ye Yuan actually hid the poison in the void and made everyone get poisoned with this kind of indiscriminate method.

His means were simply inconceivable!

...

Feeling the poison in his body gradually dissipating, Yu Wenfeng had the joy of surviving a calamity.

His complexion was deathly pale, using an extremely awe-stricken gaze to look at Ye Yuan.

"M-Master Ye, just ... just what poison is this? Even Ninth Firmament True Gods can't withstand it either!" Yu Wenfeng said with lingering fear in his heart.

Ye Yuan looked at Yu Wenfeng and lightly spat three words out of his mouth, "Hundred ... Miles ... Incense!"

Unrivaled Medicine God

Chapter 2007: Rather Provoke 3000 Powerful Enemies Than Bully One Poison Master!

"Hundred Miles Incense ..."

Yu Wenfeng could not help becoming absent-minded. Such a beautiful name, but it killed upon infliction!

Was ... this the strength of the Alchemy Celestial Pavilion's head elder?

One would rather provoke 3000 powerful enemies than to bully one poison master!

This sentence suddenly popped out in Yu Wenfeng's mind.

This was a saying that was widely circulated in the Heavenspan World. But in reality, it had already been too long since anyone remembered this sentence.

The meaning was very simple: people would rather provoke 3000 powerful enemies, than to go against a poison master!

Clearly, the deterrent force of a poison master was extremely great!

Poison Dao was merely a branch of Alchemy Dao.

And a powerful Alchemy God would rarely divide out his energy to go and research the poison path.

Poison master was an occupation that made people fearful. Rarely would people dare to go and provoke them.

Powerhouses who studied the poison path tend to be cruel and black-hearted people. They simply had no scruples when doing things.

There was once a Seven-star Poison Master who poisoned a great imperial capital into a dead city in his fury. Not a single person escaped.

In Lu Yan's impression, Ye Yuan was just a peerless genius who could defeat and even kill Lu Ziyi.

But he forgot that Ye Yuan was also an alchemy master who was formidable until it made people fearful!

The Alchemy Dao that Ye Yuan understood had long already pointed right at the source. His Poison Dao attainments did not pale much in comparison to his Alchemy Dao.

It was just that Ye Yuan rarely used poison, so the world did not know.

But today, it shocked the world!

Hundred Miles Incense was a type of strong poison that Ye Yuan manufactured. Even if a Ninth Firmament True God got hit by it, it was also nine chances to die and one chance to survive.

But it was easier said than done to make a Ninth Firmament True God be poisoned.

As long as True God Realm mighty experts opened up their protective divine essence and world domain, they could easily shield the poison gas outside.

Hence, Ye Yuan made use of spatial law and laid down a large-scale poison array in the void.

Inside this poison array, extremely strong corrosive Origin Eroding Water was even incorporated into it.

As long as one entered this area of space and Ye Yuan activated the array formation, the Hundred Miles Incense would be able to seep into the world domain of martial artists along with the Origin Eroding Water, poisoning them from there.

This was the grand array that Ye Yuan meticulously set up, specifically used to deal with these True God Realm powerhouses.

As for those Celestial Deity Realms, they were merely bystanders who were implicated.

The scope of the poison array that Ye Yuan set up was not large. The vast majority of Celestial Deity Realm martial artists escaped by the skin of their teeth.

It was just that the shock in their hearts currently could not use words to describe at all.

“Too ... Too scary! Several thousand True God Realm powerhouses, 70% died in a blink of an eye! 70%!”

“Just what kind of a terrifying opponent has Empyrean Lu Yan provoked?!”

“Master Ye Yuan practiced medicine in order to help the people and has saved no idea how many people. But no one could have thought that he was actually also such a terrifying poison master!”

...

Looking at the True God powerhouses who were still struggling, everyone sucked in cold breaths, faces turning white.

They would never forget such a scene for life.

It was too shocking!

“M-Master Ye was forced into it! He previously warned us. It’s just ... It’s just that we didn’t listen at all!” Suddenly, someone said in the crowd.

Death-like silence!

They suddenly recalled that sigh of Ye Yuan's.

It turned out that all the way until the final moment, Ye Yuan did not wish to make use of this poison array too.

But he had no choice. Facing such a powerful enemy, if he did not use cruel means, he could not tide over this disaster at all.

Very soon, Seventh Firmament True God powerhouses started toppling one by one.

When Yu Wenfeng looked at this scene, his heart felt an icy-chill.

He had lived for a million years and had yet to be so grateful to a decision he made before.

"Hundred Miles Incense is a kind of strong poison that I created after breaking through to rank six. Even if it's a Ninth Firmament True God, as long as they smell the fragrance, even if they have exceedingly formidable abilities, it's also powerless to remedy the situation. I originally didn't want to do this kind of terrible thing, but these people are clearly willing to be that Lu Yan's lackey. I could only do this. I gave them the chance, but it was them who missed it themselves." Beside Yu Wenfeng's ear, Ye Yuan said coolly.

Yu Wenfeng's emotions could not calm down for a long time.

Only after a long time did he suck in a deep breath and said, "Master Ye already showed mercy! If you were really cruel and merciless, these 100 thousand over people, it's likely that no more than a few people can survive!"

Ye Yuan nodded slightly and said, "I roughly calculated the dimensions when laying down the poison array in the void. Any smaller and there will likely be fishes that slip through the net!"

Yu Wenfeng listened until he palpitated with anxiety and fear. Ye Yuan's means were simply inconceivable.

Laying down such a horrifying poison array in the void, probably only a freak like Ye Yuan could accomplish it, right?

The shock of the martial artists in his city was not the least bit lesser than those Celestial Deity Realm powerhouses outside.

Their eyes were glued at the sky above, even forgetting to cheer.

"W-We won?" In the crowd, no idea who suddenly said a sentence, immediately setting off a big hoo-ha.

"Lord Ye Yuan is really too incredible! I always thought that he was just an exceptional Alchemy God. I didn't expect that his Poison Dao attainments are not the slightest bit inferior to his Alchemy Dao!"

"So those late-stage True God Realm powerhouses are ... are gone just like that?"

"Heh, they deserved to die! These people were all here to massacre the city. Even so, Lord Ye Yuan still gave them the chance. It was them who were seeking death!"

"Hahaha! We really followed the right person! Our Heavenly Eagle Imperial City might be able to develop into a peak Heavenly Emperor Bodhimanda in the future!"

...

The city was rejoicing!

Ever since Lu Yan issued the Empyrean Order, they had always been in the midst of despair.

All the way until today, Ye Yuan gave Lu Yan a resounding slap with ruthless means!

This slap was sufficient to shock the world!

...

In the City Lord Manor at Five Firmament Great Imperial Capital.

"Brother Lu, at this time, Heavenly Eagle Imperial City has probably already been leveled to the ground, right?" Deng Yunzai was calculating the time, rather delighted in his heart.

Lu Yan nodded his head and said, "At this hour, it should be about there! Ye Yuan this brat should already be in despair, right? Wait until they detain that punk and bring him to Five Firmament Great Imperial Capital, this Empyrean will let him know what's called life worse than death."

Dai Chunhao gnashed his teeth in hatred and said, "Over 100 thousand martial artists bearing down on the borders, blotting out the sky; he's probably trembling now, right?"

Lu Yan sneered coldly and said, "What this Empyrean wants is his despair! Otherwise, even grinding his bones to dust will still can't dispel the hatred in this Empyrean's heart."

The three people were currently talking when a black-clothed armored soldier scrambled into the hall frantically.

"City Lord! City Lord! Things are bad!" The black-clothed armored soldier had a flustered expression, rambling incoherently.

Lu Yan's brows furrowed and he said with a cold smile, "What's going on? Didn't I let you keep an eye on the intel there? Why are you panicking until like this? Could it be that the sky fell down?"

The black-clothed armored soldier said with a crying face, "City Lord, two lord Empyreans, the sky really fell down! Under the Empyrean Order, the 187 imperial capitals that are subordinate to the Five Firmament Great Imperial Capital, 4321 True God Realm powerhouses are ... all ... all ..."

Talking up to here, the black-clothed armored soldier could not continue anymore.

Lu Yan's entire body trembled. A terrifying aura was released from his body, and he yelled furiously, "All what?"

The black-clothed armored soldier swallowed his saliva and used a mosquito-like voice to say, "Completely annihilated!"

[Unrivalled Medicine God](#)

Chapter 2008: Are You Brain-damaged?

“Talking nonsense!”

These two words, Lu Yan practically squeezed them out of the crevices between his teeth.

Deng and Dai two people, both of their eyes became wide-saucers. Their eyes were filled with disbelief. Their entire person was akin to being struck by lightning, turning stiff.

This piece of news was seriously too astounding.

Lu Yan pointed at that black-clothed armored soldier’s nose and roared angrily, “In a tiny little imperial city, the strongest is merely Fourth Firmament True God. This Empyrean sent an army of 100 thousand, and just the Ninth Firmament True Gods are as many as more than a dozen. How can they possibly be completely wiped out? Did you not bring your brain when you come to report?”

Lu Yan’s roar was virtually going to bring down the roof.

The black-clothed armored soldier was practically turning limp on the ground under Lu Yan’s enormous pressure, unable to even speak.

How could the might of an Empyrean be what a puny little soldier can withstand?

At this time, Deng Yunzai was the first to come to his senses. He hurriedly pulled Lu Yan and said, “Brother Lu Yan calm your anger, let him finish saying.”

Done talking, he turned to the black-clothed armored soldier again and said, “Quickly say what in the world had happened!”

How could the black-clothed armored soldier dare to dawdle? He recounted the events of Ye Yuan poisoning several thousand True God powerhouses to death in detail.

Lu Yan three people listened until they stared dumbfoundedly with slack jaws. They never would have thought that what they waited for was actually such a result.

“This ... This ... How can this be? How could it be like this?” Lu Yan took several steps back in a row, face full of disbelief.

The black-clothed armored soldier naturally could not possibly be lying. It was just that he was not willing to believe it himself.

This piece of news made people unable to believe it. He was not willing to believe it at all.

This way, wouldn’t he, this Five Firmament Great Imperial Capital’s city lord, become a lone general without an army?

This move of Ye Yuan’s was really too ruthless!

Right now, all of the imperial capitals under his command actually all become empty cities.

Without a True God Realm powerhouse holding down the fort, how could an imperial capital still be worthy of being called an imperial capital?

It directly dropped a level, becoming an imperial city!

From great imperial capital directly to imperial capital, wouldn't he, this great imperial capital's city lord, become a laughing stock of the world?

Lu Yan was virtually breaking down!

This blade of Ye Yuan's directly chopped the level of the cities under his jurisdiction in two at the waist.

Deng Yunzai and Dai Chunhao similarly had vacant faces. They exchanged a glance, both seeing incredulity from the other party's eyes.

"Void Poison Refining Formation, this kind of means is simply inconceivable! Just what kind of freak is this kid!" Deng Yunzai said in shock.

"Rather provoke 3000 powerful enemies than to bully one poison master! Who could have thought that this kid also had such inconceivable attainments in the path of poison?" Dai Chunhao said with a bitter look.

The rule of Empyreans had always been as strong as iron.

Unless it was similarly an Empyrean, otherwise, no one could shake them at all.

But this kind of understanding was clearly not too applicable when used on Ye Yuan.

Suddenly, Lu Yan's aura turned cold, and he gritted his teeth and said, "Looks like he's forcing this Empyrean to personally make a move! This time, this Empyrean is going to flay his skin and pull out his tendons, refine his soul alive, make him never be able to reincarnate for all of eternity!"

...

At Heavenly Eagle Imperial City, there was rejoice among the people.

"Heh, Big Brother, since I knew you until now, I really rarely saw you use poison! This battle is to the immense satisfaction of the masses!" White Light said with an excited face.

"Master's methods are indeed inconceivable. We shouldn't have doubted you!" Bai Chen also said with an excited look.

But Ye Yuan shook his head and said, "Us alchemists will not talk about bemoaning the state of the universe and pitying the fate of mankind, but we also shouldn't commit too much slaughter. If not for that Lu Yan pushing people too far, I also wouldn't be willing to use this poison formation."

As an alchemist, Ye Yuan had his own stance.

But living two lifetimes, he was also not a foolish person.

Other people already killed to the doorstep, he naturally would not fold his arms and wait for death.

Bai Tong had not exited seclusion yet, he could only use this sort of method to meet the enemy.

Otherwise, the one who died would be him.

These few years, Yu Wenfeng had been in a state of immense shock the whole time.

Toward Ye Yuan's unfathomable means, he was long already wholeheartedly convinced.

But at this time, his brows were tightly knitted and he said, “Master Ye, this Yu doesn’t want to be a wet blanket. It’s just that ... this way, Empyrean Lu Yan will likely personally take action! Empyrean Lu Yan is a Second Firmament Empyrean expert! Furthermore, Deng Wei and Dai Yang you killed, their two major families’ ancestors are both Empyrean powerhouses!”

Ye Yuan just smiled when he heard it and said, “Many thanks for Brother Yu’s warning. But ... it’s just three Empyreans, so not a big deal.”

Yu Wenfeng felt stifled when he heard that, nearly choking on a breath of air.

Just ... three Empyreans?

Empyreans ... were not a big deal?

This ... This kind of thing, it was really his first time hearing it!

Empyreans already stood at the apex of ordinary martial artists.

Apart from those fleeting and ephemeral Heavenly Emperor powerhouses, no one dared to not take them seriously!

Empyreans, even if First Firmament Empyrean, no one dared to slight them too.

But three Empyreans were actually so beneath contempt coming out of Ye Yuan’s mouth.

Right at this time, a horrifying aura instantly spread throughout the entire Heavenly Eagle Imperial City.

“Ye Yuan punk, I give you three breaths of time! Hurry up and get out to die! If you’re late for a second, this Empyrean will directly turn Heavenly Eagle to dust!”

A thunderous furious roar sounded out in every corner of Heavenly Eagle Imperial City.

This horrifying pressure made some weaker martial artists directly spurt fresh blood wildly, collapsing to the ground.

“Empyrean! It ... It’s an Empyrean powerhouse!”

“My God, an Empyrean powerhouse personally moved into action!”

“This ... What to do here?”

...

The city was in a panic. This powerful pressure made them virtually about to suffocate.

Yu Wenfeng’s face changed, his face instinctively revealing a fearful expression.

Ye Yuan said coolly, “This Lu Yan is really domineering, wanting to annihilate the whole city at a drop of the hat. I’ll go and meet him!”

Done talking, his figure moved, directly disappearing from inside the City Lord Manor.

The others also had visible changes in countenance, hurriedly going out of City Lord Manor, and looking over toward the sky.

Above the void, three figures stood in the air. That horrifying pressure made the world tremble.

Ye Yuan's figure emerged, facing the three people from far away.

Lu Yan's pupils constricted, clearly somewhat surprised at Ye Yuan's spatial law.

But very soon, his surprise was replaced by fury.

"You're Ye Yuan?"

Ye Yuan's face was without fear as he said coolly, "That's right."

Lu Yan's two eyes narrowed slightly and he said in a solemn voice, "Do you know your crime?"

Ye Yuan's eyelids raised slightly and he said coolly, "Don't know."

"You! Insolence! You killed my child Ziyi, poisoned my True God army to death; the crimes you committed are too numerous to be recorded! You actually said that you don't know?" Lu Ziyi was triggered by Ye Yuan's attitude and could not refrain from saying in a great rage.

Ye Yuan was still calm as he said, "Lu Ziyi killed my citizens indiscriminately, imprisoned my loved ones, and even wanted to send me to Five Firmament Great Imperial Capital to carry out an execution on the spot. Your meaning is that I have to stand here and let her kill? You sent an army of 100 thousand to massacre the city, saying that spare none. Your meaning is also to have me stand here and let them kill? Are you brain-damaged?"

Ye Yuan's voice spread throughout the entire city, making everyone shudder with fear.

Lord Ye Yuan was indeed well-deserving of being Lord Ye Yuan, these words were ... domineering!

Unrivaled Medicine God

Chapter 2009: Is an Empyrean Very Impressive?

Lu Yan was angered until his expression was livid. Since he stepped in Empyrean, no one had dared to speak to him this way.

But the moment Ye Yuan opened his mouth, it was calling him brain-damaged.

Disobeying an Empyrean was a serious crime!

His two eyes narrowed slightly and he said in a cold voice, "Insolence! This Empyrean's words are the words of an emperor! Ask you to die, you have to die! To dare disobey this Empyrean, even if you want to die today, you can't do it either!"

By the side, Deng Yunzai said in a cold voice, "Brother Lu Yan, talking nonsense with him for what? Directly take this brat down and grind his bones to dust and refine his soul alive. See if he still dares to be so arrogant!"

But when Ye Yuan heard that, his face revealed a mocking look. He said with a cold smile, "Grind my bones to dust? Refine my soul alive? Your esteemed self's methods are so ruthless!"

Deng Yunzai snorted coldly and said, "Why? Know to be scared? It's useless! In front of us Empyreans, you're an ant! Moreover, it's three Empyreans standing in front of you! Those methods of yours are not

worth mentioning at all in front of us! However ... to be able to alarm the three of us to come forward personally, you can be sufficiently proud!"

In Deng Yunzai's view, for a puny little Third Firmament True God to be able to startle the three of them mighty Empyreans to descend in person, this was something worthy of him to be proud of.

How noble was the status of an Empyrean?

They were normally utterly disdainful to take action against a puny little True God Realm.

But today, they made an exception and came.

When the martial artists in the city saw Ye Yuan facing the Empyrean powerhouses squarely, each and every one of their souls were about to fly out.

"Those are Empyrean powerhouses! Lord Ye Yuan gained their rancor right away?"

"Lord Ye Yuan would rather break than bend! If I were standing in front of an Empyrean, my legs would probably be soft."

"I'm really breaking out into a sweat for Lord Ye Yuan! Although I feel that Lord Ye Yuan has other trump cards, I really can't figure out what trump cards he still has, to be able to deal with Empyrean powerhouses."

...

To say that they were not worried, that was impossible.

Although Ye Yuan created a miracle previously, exterminating several thousand True God Realm powerhouses by himself, these three people in front of him were Empyreans!

Several thousand True God Realms sounded intimidating, but in front of an Empyrean powerhouse, they were like paper paste.

Even if there was only one Deng Yunzai present, those several thousand true god realm powerhouses would not be able to stir up any waves at all.

This was the disparity between Empyrean Realm and True God Realm!

This kind of disparity could not be made up for using numbers at all.

But Ye Yuan created miracles time and again, making Heavenly Eagle's martial artists have a kind of incomprehensible confidence in him.

This intense paradoxical sense made them worried about Ye Yuan's safety. At the same time, they also look forward to what kind of heaven-shocking move he would come up with again.

The moment he heard Deng Yunzai's words, Ye Yuan was amused.

"Is an Empyrean very impressive? My methods are far from what you guys can surmise."

Lu Yan's gaze turned cold and he said in a cold voice, "Whether or not it's impressive, you'll know right away! Your so-called measures are utterly not worth mentioning in front of absolute strength."

His patience was already completely whittled away by Ye Yuan.

He thought that with him personally descending would make Ye Yuan scared, would make Ye Yuan shudder with terror, even kneel on the ground and beg for mercy.

But none of that happened!

Not only that, each word that Ye Yuan had said choked him half to death.

On Lu Yan's body, the might of an Empyrean suddenly released, directly grabbing at Ye Yuan with a palm.

Ye Yuan had a calm look, not having the intention of taking action at all.

Lu Yan laughed coldly and said, "The big talk was pretty good, but aren't you still surrendering with folded arms?"

But right at this time, a layer of ripples suddenly emerged in the space between him and Ye Yuan.

An Empyrean pressure that did not belong to him suddenly erupted. A palm reached out from within the void, directly clashing together with him.

Bang!

Lu Yan's figure retreated explosively, looking at that youth in white opposite, shock all over his face.

"Second Firmament ... Empyrean!" Lu Yan said in disbelief.

Deng Yunzai and Dai Chunhao's pupils constricted, being surprised by this youth in white who suddenly appeared.

When did Heavenly Eagle Imperial City have such an additional super powerhouse?

Lu Yan's brows were tightly knitted, his expression extremely grim as he looked at Bai Tong and said in a solemn voice, "This fellow daoist, this Empyrean is the master of Five Firmament Great Imperial Capital. Today, I came to clean up my household, please don't intervene in this matter!"

Bai Tong looked at Lu Yan and said with a look of amusement, "Ye Yuan is my good brother, but you're asking me not to intervene? You ... aren't brain-damaged, right?"

Lu Yan's face instantly turned black as the bottom of a wok.

Why was this guy's mouth so sarcastic too?

The words that came out were actually the exact same as Ye Yuan's too!

But what was even more in his heart was shock.

A Second Firmament Empyrean actually addressed Ye Yuan, this Third Firmament True God, as his brother?

Lu Yan was currently in a state of disbelief when a series of exclamations suddenly came from inside the city.

"Isn't that Lord Bai Tong?"

"Eh, it really is! Wasn't Lord Bai Tong Fourth Firmament True God? Why did he break through to become a Second Firmament Empyrean all of a sudden? This ... This is also too fast, right?"

"Hahaha! Lord Ye Yuan is Lord Ye Yuan! He indeed had a contingency plan!"

"Lord Ye Yuan's Alchemy Dao is unparalleled. It must be that he triggered with medicinal pills, that Lord Bai Rong broke through to Empyrean Realm!"

...

Bai Tong had taken action several times, the martial artists in the city were all not foreign to him.

With this appearance, he leaped from Fourth Firmament True God to Second Firmament Empyrean all of a sudden, making everyone exclaim with admiration.

They did not know that Bai Tong was originally an Empyrean powerhouse. This kind of leaping-style breakthrough was simply incredible!

How shocking were the eyes and ears of Empyrean powerhouses?

The discussion of the martial artists in the city made Lu Yan three people's eyes almost pop out.

A Fourth Firmament True God?

This one front of them was that Heavenly Eagle's Fourth Firmament True God?

Just how long had it been, he directly broke through to Second Firmament Empyrean from Fourth Firmament True God?

There was a myriad of profanities running across in Lu Yan three people's minds.

Don't be so demoralizing!

Just what ... medicinal pill did you freaking refined?

Lu Yan gritted his teeth and said, "Brat, you think that pulling out a Second Firmament Empyrean and it's fine? Don't you forget, we have three Empyrean powerhouses!"

As he said, he said to Deng and Dai two people, "I'll tie down this fellow, you guys go and deal with that punk! Take him down immediately. Don't play with him anymore!"

Deng and Dai two people nodded their heads in response. Lu Yan leaped, clashing together with Bai Tong.

Bai Tong's sleeves waved, a folded fan lightly pointed out. It was shockingly an empyrean spirit treasure!

It was only to see him step forward and actually ignore Ye Yuan who was behind him.

A powerful aura hit from head-on, Lu Yan's face changed.

He did not have an empyrean spirit treasure!

How could he have empyrean spirit treasure? How could everyone have one?

With this exchange of blows, he was immediately suppressed by Bai Tong.

“Quickly attack, this guy isn’t easy to deal with!” Lu Yan roared loudly.

When the martial artists in the city saw the situation, they could not help getting a big shock.

“Not good, Lord Ye Yuan was too careless! The other party has three Emphyreans!”

“Lord Ye Yuan, quickly run!”

...

The martial artists in the city all cried out in shock.

Deng and Dai two people exchanged a glance, looked at Ye Yuan, and said with a cold smile, “Punk, resign yourself to fate! This time, I see who else will come and save you!”

Done talking, the two people stepped forward, and directly grabbed at Ye Yuan.

But right at this time, there was another ripple in the void. Two figures stepped out of the void.

Chapter 2010: Repeated Surprises

“It’s another two Emphyrean powerhouses!”

“My God, is this a magic trick?”

“Sure enough, Lord Ye Yuan’s methods are inconceivable!”

...

Looking at those two figures above the void, the martial artists in the city seethed with excitement.

Their eyes were full of worship, already treating Ye Yuan as a godlike existence.

Back then, when Lu Ziyi came to Heavenly Eagle Imperial City, how insufferably arrogant was she?

These Emphyrean powerhouses were high and mighty, aloof from the world.

But now, their faces were slapped resoundingly by Lord Ye Yuan.

These martial artists, who were living at the bottom, were really satisfied to the max.

Everyone knew that Emphyrean powerhouses could not be opposed, but no one could have thought that Ye Yuan actually magicked out three Emphyrean powerhouses like a magic trick.

You send an army of 100 thousand, I annihilated all of your True God powerhouses.

You had three great Emphyreans come, I’ll magick out three great Emphyreans!

No matter what means you have, in front of Lord Ye Yuan, you could only be crushed dejectedly.

“Is an Emphyrean very impressive?”

This sentence was still ringing in his ears!

It was not that Ye Yuan was arrogant, but that he really had the capital to look down on Lu Yan.

These two great Empyreans that suddenly appeared, one had an old figure, but was in good health; the other reached middle-aged, seemingly in high and vigorous spirit.

However, Deng Yunzai and Dai Chunhao's current gazes were all gathered on that middle-aged person, full of disbelief.

"Duan Yi!" Two people cried out in surprise at the same time, gazes full of disbelief.

This middle-aged person, they all recognized him, it was precisely Five Firmament Great Imperial Capital's Myriad Treasure Tower's tower lord, Duan Yi!

They were too familiar with Duan Yi. He had already been stuck at peak Ninth Firmament True God Realm for several hundred thousand years.

Barring no accidents, it was totally impossible to break through to the Empyrean Realm.

But the problem was, something impossible had occurred now!

"You ... You actually broke through to the Empyrean Realm?"

Deng Yunzai felt that this world was too crazy. Was the Empyrean Realm so easy to breakthrough to?

Duan Yi smiled and said, "A fluke, a fluke! For this Duan to be able to break through, it was all thanks to Elder Ye's credit. If not for him refining a Heaven Seizing Good Fortune Pill for this Duan, this Duan can forget about breaking through to the realm of Empyrean in this lifetime."

The pupils of Deng and Dai two people constricted, crying out in surprise, "H-Heaven Seizing Good Fortune Pill! How is this possible?"

Duan Yi just smiled and said, "What does the Heaven Seizing Good Fortune Pill count for to Elder Ye? His methods, you all can't imagine it at all. Otherwise, how could he become our Alchemy Celestial Pavilion's head elder?"

"H-Head Elder?"

These two people seemed to have been struck by bolts of lightning, standing transfixed on the spot.

They only thought that Ye Yuan's Alchemy Dao strength was decent. How could they have imagined that Ye Yuan was actually the Alchemy Celestial Pavilion's head elder?

Alchemy Celestial Pavilion elders, they were all peak Six-star Alchemy Gods, and their strengths were exceedingly formidable.

Ye Yuan, a mere Third Firmament True God, actually overpowered a group of peak Sixth Firmament Alchemy Gods?

They suddenly discovered that their understanding of Ye Yuan was far too little!

In Martial Dao, Ye Yuan slew Lu Ziyi who comprehended the laws of five elements.

In Poison Dao, Ye Yuan refined a formation in the void, eradicating thousands of True God powerhouses.

In Alchemy Dao, Ye Yuan even refined the Heaven Seizing Good Fortune Pill, letting the Duan Yi who could not break through to the Empyrean Realm for several hundred thousand years, to now successfully break through becoming an Empyrean.

Living to a ripe old age, they had never seen before such a monstrous figure too!

Far away, the Lu Yan in the middle of a great battle was similarly incomparably shocked in his heart.

He never thought that the land he governed actually produced such an alchemy-martial dual unrivaled prodigy.

But, under this kind of circumstances, both parties already did not have room to salvage it!

“Stop talking nonsense with them! Those two people merely just broke through to Empyrean Realm. Hurry up and take care of them! Don’t you guys want to avenge Deng Wei’s and Dai Yang’s enmity?” Lu Yan said with a cold shout.

Dai Chunhao’s gaze turned to the other old man, his gaze cold as he said, “Who is your esteemed self? Why are you intervening in my Five Firmament’s affairs?”

It was only to see that old man said coolly, “This old man was originally Extreme Light Imperial City’s Profound Secrets Pavilion’s pavilion lord, Jian Hongxiao. Obtaining Ye Yuan’s help, I returned to Extreme Luck Great Imperial Capital now and embarrassingly I am now a Stellar Hall’s elder!”

“What? You ... You’re Jian Hongxiao? Weren’t you a Celestial Deity Realm martial artist? Why ... Why did you also break through to the Empyrean Realm now?”

Deng and Dai two people were practically about to break down.

Information about this Jian Hongxiao, they naturally knew. After all, Extreme Light Imperial City was not considered far from Five Firmament Great Imperial Capital.

This Ye Yuan really seemed to be performing a magic trick, turning a Fourth Firmament True God into a Second Firmament True God in a short time, and similarly turning a Celestial Deity Realm powerhouse into a First Firmament Empyrean.

Jian Hongxiao smiled and said, “This Empyrean got a backlash from Heavenly Dao back then. My strength greatly diminished. That’s why I would lay dormant in Extreme Light Imperial City. Now, obtaining Ye Yuan’s medicinal pill, not only did my strength recover full, it even improved a step further, breaking through to the Empyrean Realm.”

These two people were turning numb.

What kind of place was Extreme Luck Great Imperial Capital?

That was the Jian Family’s territory!

They could not give Jian Hongxiao face, but could it be that they were not going to give face to Jian Sutaο behind Jian Hongxiao?

Moreover, there was even a Heavenly Emperor Profound Secrets that the entire Heavenspan World dreaded behind them!

Deng Yunzai and Dai Chunhao exchanged a glance. Suddenly, their gazes turned sharp.

“Gentlemen, Ye Yuan and our enmity cannot coexist under the same sky! Today, no matter what identity you have, those who dare bar us from capturing Ye Yuan, we’ll determine life and death!” Deng Yunzai said ferociously.

Asking them to stomach this grievance, they seriously could not do it!

It was just that their threat did not have any effect at all. Duan Yi just said coolly, “Ye Yuan is my Alchemy Celestial Pavilion’s head elder, so this Empyrean naturally has to ensure his safety. Want to fight, then fight!”

Jian Hongxiao also had a calm face as he said, “Ye Yuan and I are sworn friends for life. Want to kill him, step over this Empyrean’s corpse!”

As he said, Duan Yi and Jian Hongxiao two people turned their palms over, each taking out a weapon.

In Duan Yi’s hand was a bone sword.

In Jian Hongxiao’s hand was a war banner.

“E-Empyrean spirit treasures! You guys just broke through to the Empyrean Realm not long and you actually have empyrean spirit treasures already?” Deng Yunzai was practically going mad.

These two empyrean spirit treasures were naturally the bone sword and Stellar War Banner.

These two empyrean spirit treasures when placed in Duan Yi’s and Jian Hongxiao’s hands, the power was more than a magnitude stronger than in Ye Yuan’s hands.

“Want to fight, then fight! What’s with all these nonsense?”

Duan Yi laughed coldly. Thrusting a sword out, the wind and clouds changed colors.

The moment Jian Hongxiao’s Stellar War Banner unfurled, horrifying stellar energy swept over towards Dai Chunhao.

Four Empyrean powerhouses instantly clashed together.

Although Duan Yi and Jian Hongxiao two people just entered Empyrean, what they consumed were vast spirit divine pills. Their realm had long already consolidated. There was no way they looked like they just entered the Empyrean Realm.

Coupled with the empyrean spirit treasures in their hands, after both sides came into contact, they directly crushed Deng and Dai two people until they could not breathe.

Over there, Lu Yan became more alarmed the more he fought, and wanted to vomit blood the more he fought.

When Bai Tong made his move, he did not defend at all!

Only after several exchanges did Lu Yan discover that Bai Tong was actually wearing an empyrean spirit treasure on his body!

Bai Tong was holding an offensive-type empyrean spirit treasure in his hand, and he was wearing a defensive-type empyrean spirit treasure on his body. However, the two people's cultivation realms were more or less the same. So how could Lu Yan fight against him?

After a few exchanges, Lu Yan could only defend passively. How was there still strength to counterattack?
