#### Chapter 2011: Make a Trip With Me

Above the void, two figures clashed.

Lu Yan retreated in defeat time and again under Bai Tong's folded fan, virtually without strength to retaliate.

If he really fought recklessly, he could hurt Bai Tong too.

But the problem was, Bai Tong was wearing the Qinghong Battle Armor on his body. The same damage, he suffered 100%. Bai Tong would only suffer 50% or even 30%.

Continuing to fight like this, the one to cave first could only be him.

Looking at the other two areas again, Deng Yunzai and Dai Chunhao were similarly being suppressed by their opponents.

Lu Yan's heart sank to rock-bottom with a rush.

The three of them came in a threatening and overbearing manner, fully thinking that they had cornered Ye Yuan. Who knew that they were actually being forced into a desperate strait by Ye Yuan now?

Producing clouds with one turn of the hand and rain with another was talking about Ye Yuan this kind, right?

Even though Ye Yuan was just a puny little True God Realm, the appearance of these three great Emphyreans in front of them all had direct connections with Ye Yuan.

Furthermore ... when did Emphyrean powerhouses and emphyrean spirit treasures become so worthless?

One tremendous force after another came over, Lu Yan's innards were in upheaval, virtually wanting to vomit blood.

*"Puhwark!"*

Finally, Lu Yan could not refrain from spewing out a mouthful of blood.

With consecutive clashes, he already sustained considerable internal injuries.

"No way! At this rate, I'll definitely succumb here! This guy's strength is above mine to begin with, and he also has the help of emphyrean spirit treasures. I don't have a chance at all!"

Lu Yan finally got a clear understanding of the situation.

From exchanging blows until now, the combat power that Lu Yan exhibited far surpassed Lu Yan's imaginations.

How was this a newbie who just entered Emphyrean?

This was clearly an old eccentric who had entered Emphyrean for many years!

Lu Yan already faintly guessed in his heart that Bai Tong was likely Empyrean Realm in the first place. It was just that because of some reasons he would fall to True God Realm.

But this way, he clearly had even less of a chance.

Lu Yan gritted his teeth and said, "Where's there's life there's hope! Retreat!"

Done talking, Lu Yan's divine essence surged, using even the strength to suckle for milk, finally forcing Bai Tong back a little.

And he seized this opportunity to turn around and escape.

Bai Tong just smiled coldly and said, "Want to go? How can it be that easy?"

It was only to see his figure flash and actually directly block Lu Yan's path.

Lu Yan's pupils constricted and he cried out in shock, "S-Spatial law!"

Bai Tong was not an ordinary Empyrean powerhouse, he also knew spatial law!

An emotion called despair spread in Lu Yan's heart.

He gritted his teeth and said to Bai Tong in a cold voice, "Must you force me to mutual destruction?"

Bai Tong looked at him very calmly and said, "Mutual destruction? Just based on you?"

He was originally a peak Empyrean super powerhouse. How much greater was his strength compared to Lu Yan?

Although his realm was more or less the same as Lu Yan's at present, he still had Ye Yuan's Qinghong Battle Armor and his Carefree Jade Fan, these two empyrean spirit treasures.

No matter what trump card Lu Yan had, he did not fear in the slightest too.

Bai Tong waved his hand and attacked again without another word.

Lu Yan felt his scalp tingle. Helpless, he could only meet the battle passively.

However, although Ye Yuan's side was domineering, wanting to take the other party down within a short time also could not be done.

Both parties' battle actually lasted for three days and nights.

The current Lu Yan had a head of disheveled hair, his breathing being in disorder. How was there any demeanor of the lord of a city still? Rather, he was exactly like the beggars on the roadside.

The other two people were also not much better than him, already forced into a desperate strait.

"Ye Yuan, I'm an Empyrean under Heavenly Emperor Extreme Nether's command. You dare to kill me? You can create several Empyreans, but can you create a Heavenly Emperor? If you kill me, Heavenly Emperor Extreme Nether definitely won't let you off!" Lu Yan used the last of his strength to roar.

The moment these words came out, the entire city was shocked.

If they were still able to imagine Empyreans, Heavenly Emperor already exceeded their imaginations.

Offending a Heavenly Emperor, the consequences were extremely terrifying.

At the top of city walls, Ye Yuan stood in the air, and said coolly: "Even if I let you off, could it be that you won't go find Heavenly Emperor Extreme Nether to get reinforcements? At that time, what will I use to restrain you? Since that's the case, better to kill you. Brother Bai, don't need to hold back, feel free to kill."

Bai Tong nodded slightly, the force in his hands becoming heavier.

Both parties' conflict clearly could not be mediated already. Wouldn't threatening again now be a joke?

The matters in the future, talk again in the future.

Furthermore, Bai Tong had a score in his heart.

Even if he really killed Lu Yan, Heavenly Emperor Extreme Nether might not really get angry.

After all, a future Seven-star Alchemy God compared to a mere Second Firmament Emphyrean, which held greater weight, it was impossible for Heavenly Emperor Extreme Nether to not be able to differentiate.

Toward an existence like Ye Yuan, the significance of roping in was clearly greater than killing and being merry after.

*Bang!*

Bai Tong pointed a fan out, Lu Yan's world domain was akin to having suffered a heavy blow, figure directly flying out backward, fresh blood spurting wildly.

The current Lu Yan was already an arrow at the end of its flight.

During this time, Lu Yan naturally unleashed all of his killing moves. But Bai Tong had two emphyrean spirit treasures and did not fear the other party's killing moves at all.

Bai Tong's two eyes narrowed slightly and said coolly, "About time to send you on your way!"

Lu Yan's pupils constricted, eyes revealing a look of unwillingness and despair.

He never dreamed that he would actually die here.

This place was just a tiny little imperial city!

Bai Tong pointed a fan out again. A powerful white light headed straight for Lu Yan.

But right at this time, a layer of ripple surfaced in space.

A figure stepped out of the void and just lightly waved a hand. The white light was instantly extinguished.

Bai Tong's pupils constricted, looking at the arrival with apprehension.

This was a gray-robed old man. The aura on his body, even the current Bai Tong also felt terrified.

In the city, including Ye Yuan, their faces all changed.

This gray-robed old man was very strong!

When Lu Yan saw the old man, his face revealed a look of wild elation and he cried out in surprise, “Brother Cang Yuan! *Hahaha*, you came right in the nick of time! Ye Yuan this traitor actually dared to murder an Empyrean, his crime is unpardonable.”

Empyrean Cang Yuan did not look at Lu Yan, but looked towards Bai Tong and said, “You esteemed self wants to kill my Extreme Nether Bodhidharma. That is treating Heavenly Emperor Extreme Nether too lightly, right?”

Ye Yuan’s brows furrowed, and his figure moved, stepping forward to welcome, saying coolly, “It was him who was overbearing. We merely retaliated. Why is it only he’s allowed to kill and others aren’t allowed to kill him?”

Empyrean Cang Yuan looked at Ye Yuan rather surprisedly and said, “You’re that Ye Yuan who poisoned several thousand True God Realms to death?”

Ye Yuan said coolly, “So what if yes?”

Empyrean Cang Yuan nodded his head and said, “Then that’s right, make a trip with me.”

Hearing this, everyone’s faces changed.

This Empyrean powerhouse who suddenly appeared was actually here for Ye Yuan.

They did not expect that the matter of Ye Yuan poisoning several thousand True God Realms to death actually spread to Extreme Nether Bodhidharma.

This was troublesome!

This Empyrean Cang Yuan’s strength was clearly stronger than Bai Tong.

The realm of Empyrean Realm, even if it was just the difference of one minor realm, it was also a gap that could not be made up for.

Ye Yuan’s two eyes narrowed slightly and he said, “If I don’t go with you?”

Empyrean Cang Yuan smiled slightly, the Empyrean pressure on his body suddenly released.

A power that was several times stronger than Lu Yan spread between heaven and earth.

“That’s not up to you!” Empyrean Cang Yuan looked at Ye Yuan and said coolly.

#### **Chapter 2012: Ye Yuan's Connections**

“Fourth Firmament Empyrean! This is Fourth Firmament Empyrean!”

“My God! What to do now?”

“The realm of Empyrean Realm, one realm is one world. In front of a Fourth Firmament Empyrean, Lord Ye Yuan likely has no means to contend anymore!”

...

There was a cry of exclamations in the city. They were all shocked by the strength that Empyrean Cang Yuan exhibited.

Empyrean Realm, the disparity of each minor realm was incomparably huge.

Among the powerhouses present, Bai Tong was the strongest.

But even if he was carrying two empyrean spirit treasures on him, it also could not make up for this massive gap.

Let alone that fact that Fourth Firmament Empyrean was middle-stage Empyrean Realm, more than a level stronger than initial-stage Empyrean Realm.

No one could have thought that such a huge change would actually occur.

A Heavenly Emperor Bodhimanda sent a messenger in person, and it was a middle-stage Empyrean Realm super powerhouse straight away.

Such a person, even if Ye Yuan had exceedingly formidable abilities, he was also powerless to turn the tables anymore!

Empyrean Cang Yuan looked towards Ye Yuan and said coolly, "Are you walking by yourself? Or do you want this Empyrean to take action?"

Being snatched from the jaws of death, Lu Yan could not resist bursting into laughter and said, "Brat, weren't you very arrogant? Didn't you want to kill this Empyrean? Now, this Empyrean will see what means you still have to be arrogant!"

Deng Yunzai and Dai Chunhao also revealed looks of wild joy on their faces. This switch from great sorrow to overwhelming joy made them forget their identities as Emphyreans for a moment, roaring with laughter without any scruples.

"Ye Yuan punk, this Empyrean will definitely tear you into pieces!" Deng Yunzai gnashed his teeth in hatred and said.

As Empyrean powerhouses, they had never thought that they would be in despair at the hands of a True God Realm.

Rather, it was Empyrean Cang Yuan who swept a glance over the three people rather surprisedly, not knowing why they had such great grievances.

He had just hurried over. How could he have thought that these three great Emphyreans were all created by Ye Yuan single-handedly?

The ones who wanted to kill them were clearly those three great Empyrean powerhouses!

Even if Ye Yuan poisoned thousands of True God Realms to death, these three people also would not go so far as to hate Ye Yuan like this, right?

Looking at their appearances, they did not have much hatred toward those three Empyrean powerhouses instead.

This situation was very strange.

While at this time, Jian Hongxiao blocked in front of Ye Yuan and said in a solemn voice, "Fellow Daoist Cang Yuan, I'm Extreme Luck Great Imperial Capital's Stellar Hall's elder, Jian Hongxiao. Ye Yuan is my Extreme Luck Great Imperial Capital's close friend. Are you sure you want to make things difficult for my Extreme Luck Great Imperial Capital?"

Duan Yi also spoke up, "Ye Yuan is my Alchemy Celestial Pavilion's head elder, conversing as peers with Emphyrean Flutterfeather. Are you sure you want to bring him away like this?"

Cang Yuan's expression finally changed.

Clearly, these two great deities made his countenance have a visible change.

Apart from Heavenly Emperor Extreme Nether, no one dared to provoke these two great deities in the entire Extreme Nether Bodhidharma!

A measly little True God Realm martial artist actually had such a profound background?

Cang Yuan's shock was by no means insignificant.

He thought about it and shook his head and said, "This Emphyrean is on Head Elder's orders to bring Ye Yuan back to Extreme Nether Bodhidharma, Maybe ... it isn't a bad thing. If the Bodhidharma thinks highly of him, he will naturally have a meteoric rise in the future, with his future prospects being limitless."

When Lu Yan three people heard that, their faces could not help changing.

This was not the outcome that they wanted to see!

But very soon, Lu Yan's expression calmed down.

As long as he entered the Extreme Nether Bodhidharma, there would naturally be ways to deal with him in the future.

Ye Yuan looked at Extreme Nether Bodhidharma Cang Yuan and said coolly, "Then help me thank Head Elder for his good intentions. But ... this Ye doesn't have plans to go to Extreme Nether Bodhidharma."

Emphyrean Cang Yuan's brows furrowed when he heard that. This punk was impervious to everything!

It was only to see him snort coldly and said, "Little brat, truly refusing face when it's given! A mere True God, do you really take yourself to be somebody? Even if the two of their identities are extraordinary, do you feel that with their strength, it can awe this Emphyrean? Forget it! Since that's the case, this Emphyrean can't be bothered to waste his breath either. I'll directly bring you away."

Finished talking, Emphyrean Cang Yuan released his aura and strode over on the air.

With each step that he took, Cang Yuan's imposing momentum grew a notch stronger.

*"Puhwark!"*

*"Puhwark!"*

Finally, Jian Hongxiao and Duan Yi could not endure it, spewing out a mouthful of blood.

The disparity was too great!

“Move aside!” Cang Yuan flicked his sleeves grandly. Jian Hongxiao’s and Duan Yi’s figures were actually unable to hold steady and were directly sent flying by a tremendous force.

Without these two people blocking in front, Ye Yuan immediately felt a terrifying pressure come from straight ahead.

The pressure of a Fourth Firmament Empyrean was too fearsome, crushing him until his bones were creaking.

Cang Yuan looked straight at Ye Yuan and said calmly, “Brat, you’re too insolent. You think that there’s a few Empyrean backing you up, you can disregard this Empyrean? This Empyrean tells you, the might of an Empyrean ... can’t be defied! Now, come with me!”

Finished talking, Cang Yuan directly reached his hand out and grabbed toward Ye Yuan.

The world domain that surged forward like a torrential tide crushed Ye Yuan until he did not have the slightest strength to retaliate at all.

However, Cang Yuan suddenly discovered that a hint of a mocking smile flashed across the corners of Ye Yuan’s mouth, his gaze full of amusement.

Suddenly, Cang Yuan’s face changed, his figure retreating explosively.

Two figures stepped out of the void, one elderly and one young.

The old man looked at Cang Yuan and said coolly, “This old man is Shiyuan Chaoyuan. Brother Cang Yuan, please give face and lift your hand high up in mercy.”

Empyrean Cang Yuan’s face changed and he cried out in surprise, “You ... You’re Shiyuan Great Imperial Capital’s city lord, Empyrean Chaoyuan?”

The old man slowly nodded his head and said, “That’s right. It’s precisely this old man.”

Cang Yuan frowned and said, “Brother Chaoyuan is under Heavenly Emperor Cloudbright’s command. Your hand is extending too far, right?”

Empyrean Chaoyuan said coolly, “Little Friend Ye Yuan is my Shiyuan’s friend. Hearing that someone wants to be detrimental toward him, this old man specially came forth, wanting to be a mediator.”

Although the words were said courteously, the meaning of siding with him was already very clear.

Empyrean Chaoyuan still had a young man beside him. Who was it if not Song Yu?

The matter of Ye Yuan massacring several thousand True God Realms truly blew up too big.

After Song Yu heard about it, he immediately asked Empyrean Chaoyuan, hoping that he would come over and help Ye Yuan.

Empyrean Chaoyuan did not turn it down either, directly coming over.

After Song Yu returned, he already told Empyrean Chaoyuan all about the events in the Ancient God Battlefield. Empyrean Chaoyuan was also extremely shocked after listening to it.

Disregarding that Ye Yuan gave him a lucky chance, just based on that Ye Yuan was a super Alchemy Dao genius. This identity was also worth it for him to be friends with!

Empyrean Cang Yuan snorted coldly and said, "Brother Chaoyuan's face isn't big enough yet! Don't you forget, this place is Heavenly Emperor Extreme Nether's territory!"

"Is that so? Then ... what if you add us in?"

Empyrean Cang Yuan's voice had yet to fade when several more figures stepped out of the void.

It was another three great Empyrean powerhouses!

Including Empyrean Chaoyuan, the auras emitting off of these few people actually did not lose to Empyrean Cang Yuan!

"This one is Redleaf Fivepeaks!"

"This one is Fufeng Skyhowl!"

"This one is Bluemist Redcandle!"

Three great Empyrean cupped their fists at Cang Yuan, each introducing themselves.

Everyone sucked in a breath of cold air. No one would have thought that so many Empyrean powerhouses would actually have shown up in Heavenly Eagle Imperial City today.

Furthermore, each and every one of these Empyrean powerhouses was a super powerhouse whose name shook a region.

Cang Yuan looked at Ye Yuan like he had seen a ghost, incredibly shocked in his heart.

Just what kind of God was this kid, to actually be able to trouble so many overlords of a region to come and protect him from hundreds of millions of miles away!

### [Unrivaled Medicine God](#)

#### **Chapter 2013: What a Grand Spectacle**

Empyrean Chaoyuan, Empyrean Fivepeaks, Empyrean Skyhowl, and Empyrean Bluemist, these four people were all Fourth Firmament Empyrean super powerhouses.

Furthermore, the four of them belonged under different Heavenly Emperors.

This line-up was simply outrageous to hear.

Counting in the Extreme Luck Great Imperial Capital behind Jian Hongxiao and the Lustrous Gold Great Imperial Capital behind Duan Yi, there were six major forces fervently supporting Ye Yuan!

A Third Firmament True God brat actually had such a fearsome influence!

Inside Heavenly Eagle Imperial City, it was long already boiling with excitement.

This show today was truly exciting beyond words, reversing continuously.

Ye Yuan's trump cards were dealt out one after another, making people see a blur, more than they could keep up with.

Especially these four great Emphyreans this display, the hearts of the martial artists in the city raced madly.

These many middle-stage Emphyrean Realm super powerhouses, they had never even seen before in their lives!

"Lord Ye Yuan is simply incredible! So many Emphyrean powerhouses are all standing up for him!"

"My God, in all my years, I've never seen before such a grand spectacle. Even if I die today, I'd also be willing!"

"We really followed the right person! Today, even if the Jade Emperor came, he can forget about bringing away His Excellency too!"

...

The current Heavenly Eagle martial artists were all incomparably proud. They felt proud for being a Heavenly Eagle's martial artist.

Because they followed a miracle-like lord!

"Brother Cangyuan, you're a leviathan of a region. Why is there a need to make things difficult for a puny little imperial city? Can you sell Fivepeaks face and drop this matter?" Emphyrean Fivepeaks said coolly.

"Brother Cang Yuan, Little Friend Ye is a remarkable talent. Even if you guys are inviting, you also can't use this way of inviting!" Emphyrean Bluemist also said.

Emphyrean Cang Yuan's expression became incomparably ugly. Currently, he had ridden a tiger and found it somewhat hard to get off.

The line-up in front of him was too great, great until he could not quite withstand it anymore.

The Lu Yan three people behind him were long already staring dumbfoundedly with their mouths gaping.

The three of them were thoroughly struck dumb with amazement by Ye Yuan's methods and connections.

A measly little Third Firmament True God could actually move six leviathans of a region to protect and escort him.

This kind of means was simply inconceivable.

Emphyrean Cang Yuan gritted his teeth and said in a cold voice, "Fellow Daoists, acting like this is also looking down on my Extreme Nether Bodhidharma too much! What if I insist on bringing this kid away today?"

In his own territory, Empyrean Cang Yuan did not want to lose face.

Even if he braved all obstacles, he also had to bring Ye Yuan away.

At this time, Empyrean Chaoyuan slowly turned around, looked toward Ye Yuan, and said smilingly, "Little Friend Ye Yuan, it's merely a city. Why not go to my Shiyuan? This Empyrean will promise you an imperial capital. How about that? At that time, even if you do as you please in the imperial capital, nobody will bother with you either!"

Empyrean Fivepeaks chuckled and said, "Brother Chaoyuan, you really know how to be a good guy! Little Friend Ye Yuan, come to my Redleaf, this Empyrean will promise you ten imperial capitals!"

The other two people were naturally unwilling to show weakness and also promised great wealth to Ye Yuan.

Song Yu and several good friends naturally also urged by the side, all hoping for Ye Yuan to go to their territories.

On one side, Empyrean Cang Yuan's face was purple.

If Ye Yuan went to other great imperial capitals, then could he still interfere with him?

Weren't you Extreme Nether Bodhidharma?

He isn't in your Extreme Nether Bodhidharma now, can you still interfere with him?

Furthermore, these few people's words were clearly said for Cang Yuan to hear, choking him badly.

Finished talking, the few Empyrean powerhouses all looked toward Ye Yuan with looks of anticipation, hoping for him to pick their side.

Already ended up in this state, Ye Yuan had no reason to continue staying.

Clearly, leaving was the best choice.

With Ye Yuan's talent and means, with how vast the world was, he could go anywhere.

Ye Yuan cupped his fists towards the few Empyreans and said smilingly, "Seniors' adulation, this Ye appreciates it. It's just that this Ye has lived for many years in Heavenly Eagle and already can't bear to part with this place."

The moment these words came out, everyone revealed looks of surprise.

Especially the few great Empyrean, they did not expect that Ye Yuan actually refused so straightforwardly.

Empyrean Chaoyuan said in surprise, "Little Friend Ye, you have to think clearly."

Ye Yuan nodded and said, "Thank you, Seniors, for coming to aid me from afar. It's just that this Ye's mind is made up, hope that Seniors don't take offense."

Cang Yuan sneered when he heard that and said, "You see, he doesn't appreciate the kindness at all! Exalted Empyrean powerhouses actually got snubbed despite their good intentions, truly laughable!"

Empyrean Chaoyuan frowned slightly and said coolly, "Little Friend Ye Yuan he naturally has the capital to reject. There's no need to sow discord."

Cang Yuan's pupils constricted, not expecting that these few were actually so protective of Ye Yuan!

He snorted coldly and said, "You guys can get in the way for a moment. But could it be that you can still block for a lifetime? Could it be that the few of you can still garrison at Heavenly Eagle every day?"

Empyrean Cang Yuan's voice had yet to fade when a storm occurred again.

Another two figures slowly stepped out of the void!

Cang Yuan's pupils constricted, staring at those two figures in disbelief.

"Another two Empyreans! My God, how many Empyrean powerhouses are coming today before it's considered done?"

"Hang on! Why do I feel that these two Empyreans' auras are unfathomable, even stronger than Empyrean Cang Yuan they all?"

"It really is! Could it be that ... these two great Empyreans are even stronger than them?"

...

Heavenly Eagle Imperial City was already thoroughly ignited. Today's spectacle, they felt that they could go out and boast for a lifetime already."

Such a grand spectacle was rarely seen in all of their lifetimes.

One Empyrean powerhouse appearing after another, each stronger than the last.

Furthermore, these two Empyreans looked like they were here for Ye Yuan too.

Just as everyone was in a state of disbelief, Jian Hongxiao and Duan Yi two people each stepped forward and bowed in salute.

"I pay respects to Lord Sutao!"

"I pay respects to Lord Flutterfeather!"

The arrivals were none other than precisely Jian Sutao and Empyrean Flutterfeather!

The expression on Cang Yuan's face changed again and again. He was virtually about to suffocate.

Extreme Luck Great Imperial Capital's city lord and Lustrous Gold Great Imperial Capital's city lord actually came together!

Empyrean Flutterfeather's status was extremely high among Empyreans.

One had to know, he was an extremely seldom-seen Seven-star Alchemy God, a grand completion Dao Realm super powerhouse.

Which Empyrean dared to not give him face?

Even Heavenly Emperor powerhouses also had to give him some face!

As for Jian Sutaο, that went even more without saying.

His identity was much more exalted than Jian Hongxiao's!

As the lord of a city, what Jian Sutaο represented was the Jian Family's face.

Furthermore, these two people were both Seventh Firmament Emphyrean super powerhouses!

The two great Emphyreans were both major figures who inspired awe all around.

Emphyrean Cang Yuan was not worth mentioning at all in front of them!

Seeing this line-up, even Chaoyuan and the few Emphyreans also went forward to bow in salute, expressing respect.

Regarding these two people's appearance, Ye Yuan was also greatly surprised.

But thinking about it, it was naturally impossible that they came to make things difficult for him. Hence, he stepped forward and said with a bow, "Ye Yuan pays respect to Senior Sutaο, Senior Flutterfeather."

Jian Sutaο nodded slightly and said, "You brat, you really can cause trouble! This Emphyrean even heard about your valiant record far in Extreme Luck!"

When Ye Yuan heard that, he could not help chuckling and paid no attention to it.

Rather, it was Emphyrean Flutterfeather who suddenly opened his mouth and said, "Ye Yuan, this Emphyrean came to find you because I have something to ask of you."

### [Unrivaled Medicine God](#)

#### **Chapter 2014: Cloudpill Summit**

The moment these words came out, everyone was extremely surprised.

What business did the exalted Emphyrean Flutterfeather, a late-stage Emphyrean great expert and a peak Seven-star Alchemy God, have to request a measly little True God Realm?

Ye Yuan nodded and said, "Senior Flutterfeather, please say it."

Emphyrean Flutterfeather opened his mouth and said, "Three years later, the Southern Border's seven great peak Emphyrean level alchemy holy lands will jointly organize an alchemy summit. At that time, there will be countless alchemy geniuses that gather in Cloudpill Great Imperial Capital. I wonder if you're interested?"

Ye Yuan still had not expressed anything yet, but then Cang Yuan said in surprise, "Cloudpill Summit! You ... You're here to invite Ye Yuan to take part in the Cloudpill Summit?"

The Heavenspan World was centered around the Heavenspan Mountain, dividing into east, south, west, north, and central, five borders.

The place where Heavenly Eagle was at was the Southern Border.

The Southern Border's territory was extremely vast, but those able to proclaim to be top alchemy holy lands were not many.

The Southern Border had a total of seven alchemy great imperial capitals that had long enjoyed a good reputation and were known as peak alchemy holy lands.

And among them, it was Cloudpill Great Imperial Capital's reputation that was at the height of power and splendor.

The alchemy summit initiated by Cloudpill Great Imperial Capital happened once every 5000 years. It was a cardinal matter of the Southern Border's alchemy world.

Its name was the Cloudpill Summit!

Alchemists able to take part in the Cloudpill Summit were all alchemy geniuses.

What shocked Cang Yuan was, what kind of identity did Emphyrean Flutterfeather have? To actually personally come to invite Ye Yuan to participate in the Cloudpill Summit?

One had to know, Lustrous Gold Great Imperial Capital was one of the seven great peak alchemy holy lands.

As an alchemy holy land's master, how venerated was Emphyrean Flutterfeather's status?

But now, he actually personally ran to Heavenly Eagle in order to invite a puny little True God Realm. How could this not surprise him?

Who knew that Emphyrean Flutterfeather shook his head slightly and said, "It's going to participate in the Cloudpill Summit, but it's not like what you think. With Ye Yuan's strength, him going to take part in the Cloudpill Summit, that would be bullying people."

Cang Yuan's gaze turned intent and he muttered, "B-Bullying people?"

He was somewhat unable to understand why a mere Third Firmament True God would be bullying people?

In the Cloudpill Summit, alchemy geniuses of this level should have a lot.

Ye Yuan poisoning several thousand True God powerhouses to death this time was seriously too glaring.

Hence, in Cang Yuan's impression, Ye Yuan was merely a very impressive poison master.

Ye Yuan's gaze twinkled, clearly somewhat stirred, and asked, "Is this Cloudpill Summit very impressive?"

The moment this question came out, the whole place was silent. Everyone used disbelieving gazes to look at Ye Yuan.

"Little Friend Ye Yuan, you actually don't even know about the Cloudpill Summit?" Emphyrean Chaoyuan said in surprise.

"Is the Cloudpill Summit very famous?" Ye Yuan said with a puzzled look.

Ye Yuan really did not know about this Cloudpill Summit. Dustless never told him before as well.

He also asked Dustless just now, clearly, he did not know either.

It seemed like this Cloudpill Summit should only have appeared after Heavenly Empyrean Immortal Grove died.

Empyrean Cang Yuan said with a cold smile, "Never even heard of the Cloudpill Summit, but you also dare to call yourself an alchemist?"

Even Lu Yan three people also had doubtful looks.

They had some doubts now that these three great Empyreans' appearance was not Ye Yuan's work at all.

Ye Yuan said with a look of amusement, "Does knowing about the Cloudpill Summit count as being an alchemist?"

Empyrean Chaoyuan and the rest all thought that Ye Yuan had an extremely profound background. Hence, that was why he could possess such terrifying strength at this age.

But now, they were somewhat uncertain.

In this land of the Southern Border, as long as one had some background, they should know about the Cloudpill Summit.

Let alone that Ye Yuan was even such a formidable alchemist.

If Ye Yuan was really just a genius who grew up at the bottom, then ... how monstrous was this guy!

Empyrean Chaoyuan said, "Little Ye Yuan isn't aware, but this Cloudpill Summit has a resounding reputation in our land of Southern Border. It's the alchemy summit that all alchemists look forward to. As long as one is an alchemist, they will take pride in going to the Cloudpill Summit once. There are even some Heavenly Emperor Bodhimanda's alchemy geniuses that will also come forth and take part ..."

Empyrean Chaoyuan briefly recounted the origin of the Cloudpill Summit. Ye Yuan was also greatly interested after he heard.

Gathering the entire Southern Border's alchemy geniuses, that was naturally an extremely grand meet.

Especially that there were also quite a few Dao Realm alchemists like Empyrean Flutterfeather.

Exchanging with alchemists like this was naturally what Ye Yuan wished in his heart.

Ancestor Realm was vague and ephemeral. Ye Yuan understood that constantly coping himself up in the room to work without reference was also not a good idea.

If he had a few more exchanges with people like Empyrean Flutterfeather, he might be able to break through the shackles.

"So that's how it is, then I naturally have to go and experience it." Ye Yuan nodded and said.

Empyrean Flutterfeather smiled and said, "This Empyrean knew that you would be interested. But if you go to the Cloudpill Summit, you naturally don't have to fight with those so-called geniuses. Us seven great alchemy holy lands each have two grandmaster tokens. One is naturally this Empyrean's. As for the other piece, this Empyrean thought it through, it's still you who's most apt."

As he said, Empyrean Flutterfeather waved a hand. A pale-yellow light flew towards Ye Yuan.

Ye Yuan reached his hand out and took it. An archaic copper-colored token appeared in his hand.

The whole audience was petrified!

The group of Empyrean powerhouses was shocked to the extreme in their hearts.

Grandmaster token!

That was a grandmaster token!

The Cloudpill Summit's grandmaster token, that represented the strongest Alchemy Dao existences under Heavenly Emperor. How venerate was the status?

Now, Empyrean Flutterfeather actually handed it to Ye Yuan so casually!

What capability did this kid have?

Even Empyrean Chaoyuan the few of them were also shocked speechless at this time.

The few of them had heard of Ye Yuan's monstrosity from the mouths of Song Yu and the rest.

But that was hearsay after all.

They came here primarily because of Song Yu and the others' emperor surmounting aura.

As for the others, they were still half-dubious in the end.

But now, one grandmaster token was already sufficient to explain everything.

With Empyrean Flutterfeather's identity and status, how could he possibly hand such a valuable token to Ye Yuan for no reason?

The shock in Empyrean Cang Yuan's heart was unable to use words to describe at all.

Empyrean Flutterfeather gave Ye Yuan a grandmaster token. What did this represent?

This represented that Empyrean Flutterfeather acknowledged that Ye Yuan's status could already be on an equal footing with him!

This ... was too terrifying!

How venerated was Empyrean Flutterfeather's status? Even in front of Heavenly Emperor Extreme Nether, Empyrean Flutterfeather could also speak on equal footing.

Even though Empyrean Flutterfeather was just an Empyrean powerhouse, his position in the Southern Border's alchemy world was irreplaceable.

Legends said that Empyrean Flutterfeather even had a likelihood of stepping into Ancestor Realm.

Then his status would go up a level!

So what if Heavenly Emperor?

Heavenly Emperors needed medicinal pills too!

He did not need rank seven divine pills, but did his subordinates not require them?

Without medicinal pills, what would they use to win over Emyrean powerhouses?

Hence, Emyrean Flutterfeather's status was extremely high in the Southern Border and did not even lose to Heavenly Emperors.

But such a great deity was actually conversing as peers with Ye Yuan.

This ... This was too subverting!

How could a Third Firmament True God possibly have such powerful capabilities?

The crux was that he actually did not even know about the Cloudpill Summit!

Just what kind of freak did Heavenly Eagle Imperial City produce?!

### [Unrivaled Medicine God](#)

#### **Chapter 2015: Overbearing Emyrean**

"Although I don't know what that grandmaster token is, Lord Ye Yuan seems to be very incredible."

"More than incredible! That is Emyrean Flutterfeather! Emyrean Flutterfeather is actually conversing as an equal with our lord!"

"*Hehe*, I feel that before long, Heavenly Eagle Imperial City will be able to become the Southern Border's eighth great peak alchemy holy land."

...

Inside the present Heavenly Eagle Imperial City, there were quite a number of Four-star and Five-star Alchemy Gods. They naturally would not be foreign to Emyrean Flutterfeather.

When Emyrean Flutterfeather appeared, each and every one of them was incredibly shocked.

But later on, something that surprised them even more happened.

Emyrean Flutterfeather was actually conversing with Ye Yuan as an equal. What kind of honor was this?

One had to know, even for ordinary Emyrean powerhouses, Emyrean Flutterfeather was also not someone they could simply meet and talk with.

Today's Heavenly Eagle Imperial City thoroughly exploded.

This kind of sense of honor was considered to have been completely rooted in their blood.

Ye Yuan sized the grandmaster token up, but spread his two hands out and said, "Senior Flutterfeather, I really want to go, but you take a look ... With this current situation, I can't go no matter what."

Everyone's gaze collectively focused on Cang Yang. His expression instantly became very ugly.

At this time, Jian Sutao who had been silent all along suddenly waved his hand at Cang Yuan and said, "It's none of your business here anymore. You can go back."

Cang Yuan's expression changed and he said, "Empyrean Sutao, although your status is venerated, don't forget that this place is Lord Extreme Nether's territory! You're bullying people too far being like this!"

As a middle-stage Empyrean Realm powerhouse, Cang Yuan had always been high and mighty.

But today, he felt an unprecedented humiliation.

In the sky above a puny little imperial city!

This place was clearly Heavenly Emperor Extreme Nether's territory, but he was actually being commanded as others pleased.

It was just that Jian Sutao was not so easygoing.

He snorted coldly and suddenly flicked his sleeves grandly. A tremendous force that could topple mountains and overturn the seas crushed over toward Cang Yuan.

Cang Yuan's face changed, immediately mustering up a move to meet the enemy.

But upon contact with this tremendous force, Cang Yuan's world domain and martial technique instantly fell apart.

*Bang!*

Cang Yuan's figure flew out backward. His chest was already stained full of fresh blood.

"*Humph!* Who the hell do you think you are? To dare speak to this Empyrean this way? Forget about you, even Brother Extreme Nether will also have to give this Empyrean some face. If not for being in Brother Extreme Nether's territory, do you think that you can still stand here alive?" Jian Sutao said with a cold snort.

Lu Yan, Deng Yunzai, and Dai Chunhao, these three people, did not even dare to breathe loudly at this time.

Late-stage Empyrean Realm was seriously too strong!

Even Cang Yuan could not block a casual strike of Jian Sutao's too.

If they went forward, he would blow them to death with one puff.

Cang Yuan had a deathly white face, clearly already sustained heavy injuries.

Jian Sutao said coolly, "Concerning Brother Extreme Nether, this Empyrean and Flutterfeather have already gone over. This Heavenly Eagle Imperial City will be Ye Yuan's territory in the future. If someone comes here and the person acts wildly, that means the person is becoming enemies with this Empyrean. They will have to weigh themselves over! Now, you guys can get lost!"

The faces of Cang Yuan and the rest changed, not expecting that Jian Sutao and Empyrean Flutterfeather actually went to find Heavenly Emperor Extreme Nether for a measly little Ye Yuan!

Was this kid really that incredible?

At this very moment, continuing to stay would also be asking for trouble.

Cang Yuan gritted his teeth and said, "Let's go!"

Finished talking, the void rippled. Cang Yuan's figure disappeared.

How could Lu Yan three people still dare to remain there? They immediately escaped into the void running away.

The moment these few people left, thunderous cheers erupted in the city.

Today's fight was fought too satisfyingly!

Those proud sovereigns of great imperial capitals and bodhidharmas also could not do anything to them.

Furthermore, after today, Heavenly Eagle Imperial City would be an independent kingdom in reality as well as in name.

With a ruler that loved his people like Ye Yuan, how could they not cheer?

Seeing the performance of the martial artists in the city, even Jian Sutao and Empyrean Flutterfeather, these super powerhouses, were also all incomparably shocked.

They did not think that Ye Yuan's prestige in this imperial city was actually so high.

The cheers of those martial artists that came from the bottom of their hearts could not be faked.

They genuinely supported Ye Yuan and were not being perfunctory.

This kind of situation was virtually very hard to see in other cities.

Ye Yuan cupped his fists to the group of Empyreans and said, "Seniors coming to help from a long way away, this Ye is endlessly grateful. In the future, if there's any issue where you have a need for this Ye, feel free to speak up. This Ye absolutely won't refuse."

Empyrean Chaoyuan chuckled and said, "Little Friend Ye Yuan is too courteous! This Empyrean heard Song Yu mention that you defended them to the death inside the Ancient God Battlefield. Otherwise, they would have long perished, their Dao dissipating. More importantly, that kid actually broke through to the emperor surmounting aura. Just based on this, this Empyrean will also have to make this trip!

"Isn't that so? Guo Jingyang this brat, I thought that it would already be pretty good if he could rise to peak imperial aura. Who knew that this kid directly broke through to the emperor surmounting aura, *hahaha!*" Empyrean Fivepeaks laughed loudly and said.

Although the few Empyreans said it like that, they were already long overjoyed in their hearts.

Being able to build good relations with such a monstrous alchemy master by coming out this time, it was also considered worth it.

Although they were all Empyrean powerhouses, they were the same as Heavenly Emperor powerhouses, they also needed rank six divine pills!

More importantly, with Ye Yuan's terrifying talent and him conversing as equals with Emphyrean Flutterfeather, how horrifying was his alchemy strength?

In the future, as long as he broke through to the Emphyrean Realm, wouldn't he be a proper Seven-star Alchemy God?

Such an existence, being able to build good relations was naturally all that they could wish for.

Otherwise, how could those Heavenly Emperor powerhouses give Emphyrean Flutterfeather face?

Ye Yuan smiled and said, "Seniors are too polite. At the Ancient God Battlefield, that sort of place, we should help each other. If seniors don't dislike Heavenly Eagle, why not have a sit in the City Lord Manor and drink a cup of coarse alcohol before leaving."

Emphyrean Chaoyuan smiled and said, "Although the city is small, it accommodates you, this great buddha! Gentlemen, go over and have a sit?"

Emphyrean Skyhowl laughed and said, "Of course, of course! Master Ye Yuan's wine naturally isn't an ordinary product, how can this Emphyrean miss it?"

Seeing their lord address these Emphyrean powerhouses as brothers, the martial artists in the city felt even more proud of themselves.

Ye Yuan smiled and said to Bai Tong, "Brother Bai, I'll have to trouble you to bring the seniors to the City Lord Manor and let them sample the Dreamlike Wine that I stashed away."

Bai Tong nodded slightly and said to the few people, "Gentlemen, please follow me."

After the few people left, there was only Ye Yuan, Jian Sutao, and Emphyrean Flutterfeather left outside of the city.

Jian Sutao looked at Ye Yuan and said coolly, "This time, it's considered to have repaid your favor, right?"

Regarding Jian Sutao's appearance, Ye Yuan was also very surprised.

He even thought that Jian Sutao had very deep resentment toward him. He did not expect that he actually personally came forward this time to look for Heavenly Emperor Extreme Nether.

In the future, Heavenly Eagle Imperial City would be considered to no longer have future troubles.

"*Huhu*, what's Senior saying? The favor this time, Ye Yuan has received it," Ye Yuan said with clasped hands.

He, Ye Yuan, had always made clear distinctions between gratitude and resentment. The matter last time was indeed Jian Sutao who went too far.

But in the end, he was Jian Hongxiao's father-in-law. Ye Yuan naturally would not haggle over it too much.

Taking action this time, Jian Sutao was indeed a great help.

This favor, Ye Yuan naturally had to receive it.

## Unrivaled Medicine God

### **Chapter 2016: Cloudpill Great Imperial Capital**

However, by the side, Emyrean Flutterfeather was slightly afraid in his heart.

He completely did not think that going to Heavenly Emperor Extreme Nether there this time, he actually ran into Jian Sutao.

In the Southern Border, Jian Sutao's position was only higher and not lower than his.

One had to know, behind Jian Sutao was the Jian Family, this colossal giant.

Although Heavenly Emperor Myriad Treasure was powerful, compared to Heavenly Emperor Profound Secrets, the difference was too great.

He did not expect that Ye Yuan actually had such deep ties with the Jian Family.

Furthermore, looking at Jian Sutao and Ye Yuan conversing, the resentment was actually quite deep; an appearance of you're displeasing to my eyes, but I also can't do anything to you.

This ... was very weird!

Jian Sutao suddenly beamed and said to Ye Yuan, "*Heh*, kid, remember the words today. This is what you said, you owe me a favor."

The moment these words came out, Ye Yuan's and Emyrean Flutterfeather's faces both turned black.

Was this guy ... really the Emyrean Sutao that struck people with awe?

This appearance was completely the appearance of a despicable villain!

But Ye Yuan also long had an understanding of Jian Sutao's character. After being stunned, he nodded and said, "That's for sure! This Ye never reneges on my word."

Jian Sutao nodded and said, "This matter is settled; this Emyrean is leaving."

Ye Yuan cupped his fists and said, "Senior, take care."

Jian Sutao flashed a slight nod at Emyrean Flutterfeather to make an indication, then stepped out and concealed into the void.

"Senior Flutterfeather, today's matter, thank you very much. Ye Yuan remembers it firmly in my heart."

Ye Yuan naturally knew how exalted Jian Sutao and Flutterfeather's statuses were. For them to be able to take action and help, this due to their status. He naturally had to thank both of them.

Emyrean Flutterfeather waved his hand and said smilingly, "What's there to be courteous between you and me? If not for you, it will likely still need God knows how many years for this Emyrean to want to reach this realm that everyone is envious of. Moreover, this Emyrean knows that you have earned God knows how much divine essence stones for the Myriad Treasure Tower these few years. This favor, this Emyrean naturally has to receive it."

Disregarding other things, just the Soul Driving Dao Fusion Pill earned boatloads of divine essence stones for the Myriad Treasure Tower.

Furthermore, after Ye Yuan broke through to the Origin Pill Realm, he even developed the rank six Soul Driving Dao Fusion Pill. This pill formula was also handed over to the Myriad Treasure Tower.

Of course, these were all nothing.

To powerhouses at the level of Empyrean Flutterfeather, divine essence stones were already mere worldly possessions.

The most important was realm!

Ye Yuan's brows raised up and he said in surprise, "Could it be that Senior Flutterfeather already ..."

Flutterfeather laughed heartily and said, "That's right! For so many years, Cloudpill Great Imperial Capital's Empyrean Pilljade has always suppressed this Empyrean. The Cloudpill Summit this time, this Empyrean can finally lift my head up high!"

Ye Yuan smiled and said, "Congratulations, Senior Flutterfeather!"

Ancestor Realm!

This was the realm that all alchemists yearned for even in their dreams!

But this door blocked countless alchemy geniuses outside of it.

Even for Ye Yuan, he benefited a great deal from the alchemy battle with Empyrean Flutterfeather. But wanting to break through to the Ancestor Realm was also not something overnight. It could be seen how difficult this hurdle was.

For Empyrean Flutterfeather to be able to break through this shackle, he would be a true Alchemy Dao leviathan in the future.

Furthermore, after reaching Ancestor Realm, Empyrean Flutterfeather's realm would no longer be an obstruction.

Breaking through to the realm of Heavenly Emperor was also just a matter of time.

Flutterfeather laughed loudly and said, "Eh, don't keep on calling me as a senior. Although you're just at the True God Realm, your alchemy strength isn't weaker than this Empyrean's. In the future, you're bound to step into becoming an Alchemy God. In the future, you can just call me Brother Flutterfeather!"

Ye Yuan chuckled and called, "Brother Flutterfeather!"

Flutterfeather smiled and said, "Younger Brother Ye Yuan, this Cloudpill Summit is indeed a grand event of the Southern Border. Each time it's organized, not only do exceptional talents come forth in large numbers, but all kinds of rare spirit medicines and pill formulas also emerge in endless streams. After you settle the matters here, you can go over and experience it first hand. You won't be disappointed."

Ye Yuan nodded and said, "With Brother Flutterfeather saying so, Ye Yuan somewhat can't wait for it. Fine as well; after this matter is settled, I'll go over."

Flutterfeather nodded and said, "This Emyrean just exited seclusion, so there are still many matters to take care of. When the time comes, we'll rendezvous at Cloudpill Great Imperial Capital."

Ye Yuan cupped his fists and said, "Brother Flutterfeather, take care."

...

The four great Emyreans agreeing to have gathered in the city was originally just doing it for the occasion and giving Ye Yuan some face.

But who knew that their stay lasted a month's time, not willing to leave even if they were driven out.

The Dreamlike Wine that Ye Yuan brewed made the few great Emyreans enjoy so much that they forgot to go home, abandoning themselves to pleasure.

This wine was brewed with a special technique after Ye Yuan broke through to the Origin Pill Realm. It was specifically used to entertain distinguished guests.

Although it was refined with some rank six spirit medicines, the flavor of this wine was incomparably sweet and mellow, bringing back endless aftertastes.

Even if the few great Emyreans had vast experiences, they were also brought into submission by Ye Yuan's wine.

Only then did they know why even Flutterfeather was so polite toward Ye Yuan.

After a month, the four great Emyreans were seriously embarrassed to stay on any longer. Hence, each person brought along ten vats of fine wine and left Heavenly Eagle Imperial City with reluctance.

After a month's time, Ye Yuan also pretty much settled Heavenly Eagle Imperial City. Hence, he brought along Ning Siyu and stepped onto the road to Cloudpill Great Imperial Capital.

The present Heavenly Eagle Imperial City's situation was already totally different from back then.

Xuan Yu and the rest of the older generation alchemy powerhouses had long withdrawn from the core of authority at present.

Although there were Ye Yuan's medicinal pills helping, their potential had long been exhausted, their improvement was naturally also very limited.

On the contrary, it was the young generation whose strength advanced by leaps and bounds.

Right now, Ning Siyu's alchemy strength had long already surpassed Xuan Yu and her few senior apprentice brothers, becoming a distinguished talent of Heavenly Eagle Imperial City's Pill Tower.

The current Ning Siyu was already at the middle-stage Celestial Deity Realm. Her alchemy strength had also already touched the threshold of Dao Realm.

Among the young generation, she had no equal.

Walking along this road, Ye Yuan's influence on her was immense.

Back then, she had always followed along by Ye Yuan's side and watched Ye Yuan refine pills. Later, she also obtained Ye Yuan's personal guidance.

The present Ning Siyu was long already not the Ning Siyu back then.

However, when she heard that Ye Yuan was bringing her to Cloudpill Great Imperial Capital, she was still happy like a little girl, dancing for joy.

"My God, this is Cloudpill Great Imperial Capital? Why do I feel that as long as the person is from here, they will know how to refine pills?" Ning Siyu said with curiosity written all over her face.

Ever since entering the city, Ning Siyu could feel that the air suffused with medicinal fragrance.

By the street sides, alchemy battle arenas were seen everywhere. Furthermore, each match had a full house.

Clearly, Cloudpill Great Imperial Capital's alchemy atmosphere was already integrated into the lives of ordinary alchemists.

Ye Yuan also nodded and said, "Indeed, the standards of the alchemists here are much higher than at other places. It's worthy of being the Southern Border's number one alchemy holy land."

Ning Siyu pursed her lips and said, "What's the use even if it's more impressive? In front of Your Excellency, everything is in vain! Your Excellency is the number one alchemy genius!"

Ye Yuan shook his head and laughed in spite of himself. This lass was already idolizing him blindly now.

Suddenly, a voice sounded out. The person said, "Ooh! What high-sounding sentiments! Such a snotty brat also dares proclaim to be the number one alchemy genius?"

Clearly, Ning Siyu's words were heard by others, incurring a wave of displeasure.

### [Unrivaled Medicine God](#)

#### **Chapter 2017: I'm Afraid of Scaring You**

In front of him was a handsome young man. He was merely an Eighth Firmament Celestial Deity.

Beside him even followed a young lady. The two people's ages were similar. They were a rather matching pair.

But behind the two people followed two True God Realm guards. Their background was clearly not ordinary.

That young lady said with a disdainful look, "Really shameless, I've never seen someone who dares proclaim to be the number one alchemy genius! My Big Brother Qian is the Zheng Family's number one junior. Yet, he also doesn't dare claim to be the number one alchemy genius. Who the hell do you think you are?"

Ye Yuan was speechless when he heard that. When did he say that he was the number one alchemy genius?

These words were clearly said by Ning Siyu, alright?

But this lass really knew how to draw aggro for him!

The moment Ning Siyu heard this, she blew up.

“What the hell is the Zheng Family? Zheng Family’s junior generation? *Huhu!* Forget about your Zheng Family’s young generation, even if the Zheng Family’s elder generation comes, my family’s lord will crush all the same!”

Zheng Qian was young, so how could he endure it when he heard this? He immediately smiled coldly and said, “What high-sounding sentiments! In this Southern Border, there really aren’t more than a few who dares to talk about my Changlin Zheng Family in this manner!”

His words immediately caused a series of exclamations.

“It turns out that it’s the Changlin Zheng Family. That’s an ancient alchemy family second only to peak holy lands!”

“The Zheng Family’s number one person of the young generation, Zheng Qian, he’ll definitely radiate splendor in the Cloudpill Summit this time!”

“Zheng Qiang! I heard of him before! He’s merely a thousand over years old and he already reached middle-stage Initial Realm. He has potential of stepping into the Dao Realm in the future!”

...

Hearing the surrounding people’s discussion, Zheng Qian had a proud look.

The Changlin Great Imperial Capital’s Zheng Family’s strength in the Southern Border’s alchemy world was an existence second only to these seven great holy lands.

The Zheng Family’s ancestor was also a rarely-seen Seven-star Alchemy God. Their status could be seen at a glance.

With Zheng Qian stepping into middle-stage Initial Realm at a young age, it was also something to be proud of.

One should not look at how Ye Yuan entered the Initial Realm, broke through to the Dao Realm along the way, and now, even closed in on the Ancestor Realm. Initial Realm was something that one could come across by luck, but not by searching for it to ordinary alchemists.

Reaching the Initial Realm was a very long process, requiring incalculable time to accumulate.

Recalling things back then, Xuan Yu lived to a ripe old age and was also merely at the middle-stage Initial Realm.

Zheng Qian was merely a thousand years old and he was already at the middle-stage Initial Realm. It was naturally worth being proud of.

“Hear that, number one alchemy genius? If you have the guts, let’s have a match!” Zheng Qian suddenly ignored Ning Siyu and provoked Ye Yuan.

Everyone used gloating expressions to look at Ye Yuan, feeling that he would not dare to accept the challenge at all.

Although Ye Yuan's cultivation realm was higher than Zheng Qian, their ages were more or less the same.

In everyone's view, Ye Yuan put more energy into martial arts.

As for alchemy, this was painstaking work. So how could it be that easy?

Therefore, if Ye Yuan competed with Zheng Qian, he would surely lose without a doubt.

After all, encountering this kind of alchemy genius, there was only the outcome of being crushed.

Ye Yuan shook his head and could not help laughing as he said, "Competing with me? You're not qualified enough yet. Siyu, let's go."

As he said, Ye Yuan turned around and was about to leave.

Forget about Zheng Qian, a puny little Celestial Deity Realm, even the opponent was a peak Six-star Alchemy God, Ye Yuan could also crush the person without any trouble.

One had to know, Ye Yuan fought on alchemy with Empyrean Flutterfeather until it ended in a tie.

A measly little Zheng Qi, he seriously could not get interested.

But Zheng Qian sneered and said, "What do you mean not qualified enough? Don't dare means don't dare! Zhao He, Li Hu!"

The figures of those two True God Realms moved, blocking the two people's path.

"If you don't dare to compete, then kneel in front of this young master and admit your fault! My Zheng Family isn't what just anyone can humiliate!" Zheng Qian said with a cold smile.

Ye Yuan shot a glare at Ning Siyu. The latter stuck her tongue out mischievously and lowered her head, not daring to look at Ye Yuan.

"If you really want to compete, get your family's ancestor over. As for you, better forget it, I'm afraid of scaring you," Ye Yuan said coolly.

The moment Zheng Qian heard, he smiled coldly even more.

"What a conceited brat! Forget it, since you don't dare to accept the challenge, then kneel down and acknowledge your fault!" Zheng Qian shouted coldly.

As he said, Zhao He and Li Hu two people grabbed Ye Yuan, and they were actually going to forcefully make Ye Yuan kneel.

These two people were both Third Firmament True God powerhouses and also considered powerhouses of a region.

But unfortunately, they ran into Ye Yuan.

Ye Yuan's figure did not move and the two people actually grabbed an illusory figure.

It was just that these two people did not have time to be surprised yet when Ye Yuan already swiftly pointed out with a backhand.

*"Pffft, pffft!"*

It was only to hear two muffled groans. Zhao He and Li Hu fell to the ground at the sound of that and could not crawl to their feet anymore.

When Zheng Qian saw this scene, his eyes became wide-saucers.

Zhao He and Li Hu two people were both experienced veterans of a hundred battles. It was rare to meet a match in the same rank. But in front of Ye Yuan, they actually could not even receive a single move?

The surrounding people were likewise extremely surprised.

Disregarding how Ye Yuan's alchemy strength was, his martial arts was also a little too strong, right?

"You ... What do you want to do? I ... I'm a member of the Zheng Family. If you dare to touch me, you'll absolutely die without a burial ground!" Seeing Ye Yuan walk over toward him, Zheng Qian hurriedly took several steps back. He was saying threatening things but was inwardly shaking.

*"Oh? Is that so?"*

Ye Yuan looked at Zheng Qian with a look of amusement. Suddenly, he flicked his finger. A cluster of fire suddenly flew towards the other party.

Zheng Qian was first stunned, then immediately laughed coldly and said, "Playing with fire with me? Overestimating your own ability too much! I'll let you witness this young master's fire controlling art!"

It was only to see the seals in his hand change irregularly, and he suddenly shouted loudly, "Freeze for me!"

That cluster of fire indeed paused, and it actually froze three feet in front of Zheng Qian.

"What formidable fire controlling technique! Indeed well-deserving of being the Zheng Family's number one genius!"

"Impressive, impressive! Although that kid's Martial Dao is strong, playing with fire is showing off in the presence of an expert."

*"Heh, a single mistake and he'll have to suffer silent loss himself!"*

...

A series of exclamations came from all around. Clearly, they were all astounded by Zheng Qian's fire controlling art.

Zheng Qian laughed loudly and said, "Do you want to use fire controlling technique to tell me that your Alchemy Dao is very strong? Then this young master has no choice but to tell you that you're too weak! Watch out, return for me!"

Zheng Qi kneaded another seal and fired it over toward that cluster of fire.

*Whoosh!*

The flame suddenly disappeared!

Zheng Qian's gaze turned intent, currently wondering what happened when suddenly, the girl next to him cried out in surprise.

"Your head! Big Brother Qian, your head!"

"My head? What's wrong with my head?"

Zheng Qian felt baffled and reached his hand out toward his head to touch.

With this touch, he could not help jumping with fright.

His head was extremely smooth like it was smeared with oil.

His head full of hair was actually all gone!

At this moment, the top of Zheng Qian's head was brilliant enough to reflect one's image, shimmering with light, like a lamp.

*"Pfft!"*

*"Hahaha ..."*

A wave of guffaws came from all around. Zheng Qian's face was red with a tint of black, wishing to find a hole in the ground to tunnel into.

He immediately revolved divine essence, wanting to grow hair. But it was completely useless.

He discovered that the pores on top of his head seemed to all be sealed, unable to grow hair at all.

This shock was by no means insignificant!

He looked toward Ye Yuan with immense shock but saw that Ye Yuan was currently looking at him with a look of amusement. Ye Yuan said with a smile, "This time, just take it as a small punishment. If there's still a next time, you won't get off so easily!"

Done talking, Ye Yuan brought along Ning Siyu, turned around, and left.

### [Unrivaled Medicine God](#)

#### **Chapter 2018: Does This Work?**

"Such an exquisite fire controlling technique! Burned a head full of hair but the person is completely fine."

"That young man is really capable! I even thought that he was bragging!"

"Looks like tigers are crouching and dragons are hidden in the Cloudpill Summit this time!"

...

After the loud laughter, everyone finally came to realize the truth about the prowess of Ye Yuan's fire controlling technique.

Even the bald Zheng Qian also felt lingering fear.

His experience was more vivid than others. The fire burned on top of his head, not leaving him a single strand. It was as if it was shaved using a razor blade.

But he did not feel any heat at all.

This fire controlling technique was simply inconceivable.

Most likely, even Big Brother Qun also could not do it to this extent either, right?

Zheng Qian thought in his heart.

Looking at the direction Ye Yuan left, Zheng Qian gnashed his teeth in hatred and said, "Damn fellow, don't let me run into him again! To dare humiliate my Zheng Family, this young master will definitely teach you a lesson!"

...

"Your Excellency, you were really too cool just now! *Hehe*, that snotty brat actually still wanted to challenge you, really overestimating his own ability," Ning Siyu said with an excited face.

Ye Yuan shot her a fierce glare and said crossly, "You still have the cheek to say? What number one alchemy genius? You're also not scared of spraining your tongue! Talented people remain in concealment in this Heavenspan World, so who dares to claim to be number one?"

Ye Yuan was very confident, but he was never arrogant.

This Heavenspan World was too big; geniuses were also akin to schools of carps crossing the river.

This title of number one was too big!

Even reaching Medicine Ancestor that kind of realm, didn't he also encounter an opponent like the High Priest?

If he was not apprehensive of the High Priest, why would he say 'Ask Not' two words?

Ning Siyu stayed for a long time with Ye Yuan and knew his temper. She giggled and said, "I don't care. Either way, you are the number one alchemy genius in my heart! Moreover, among the young generation, who can reach your boundary? Even in the entire Heavenspan World, it also can't be found, right?"

Ye Yuan was rendered speechless and waved his hand, feeling lazy to talk anymore.

Bringing Ning Siyu and strolling one round in the outer-city and having purchased some rare spirit medicines, the two planned on heading for the inner-city.

The passageway leading to the inner-city, there was currently a group of soldiers guarding it. Each person had to go through stringent screening.

The two were just about to go over but saw a group of people currently coming over from another direction.

One of them was extremely eye-catching. Who was it if not the bald Zheng Qian?

When Ning Siyu saw Zheng Qian, she could not refrain from laughing out loud with a snigger again.

His Excellency was also such a troll. He burned Zheng Qian's hair and even did not let him grow it out.

A fine handsome youth became a little bald donkey. How to let him go and find a girl in the future?

Zheng Qian also just happened to look over. Noticing Ye Yuan, he immediately yelled out.

"Big Brother Buqun, it's this fellow who claims to be the number one alchemy genius! You have to take revenge for me!"

Beside Zheng Qian, a slightly older youth was sizing Ye Yuan up with an unfriendly expression.

He slowly walked toward Ye Yuan and said with a cold smile, "A brat whose hair isn't even fully grown also dares to claim to be the number one alchemy genius? It was you who burned Young Brother Qian's hair?"

"*Haha*, this punk probably came from some countryside and has never seen much of the world. Think that having a bit of ability, he can be number one under the heavens. In this Cloudpill Summit, even Brother Zheng doesn't dare claim to be the number one genius. This little brat actually dares proclaim to be the number one genius."

Another young man stepped forward and looked at Ye Yuan with a contemptuous look.

Zheng Qian also stepped forward and looked at Ye Yuan as he said with a cold smile, "Big Brother Buqun, this brat is ridiculously arrogant and even said want to compete with him, invite our Zheng Family's ancestor out."

When the others heard, they all revealed amused smiles.

This brat did not even know how to come up with a draft before boasting!

The young man beside Zheng Buqun said with a disdainful look, "*Haha*, kid, do you know what kind of person the Zheng Family's ancestor is? That's a Seven-star Alchemy God, Dao Realm expert. Just the likes of you, this snotty brat, dares to challenge the Zheng Family's ancestor?"

These few people each threw a sentence in, deriding Ye Yuan non-stop. Ning Siyu was indignant.

She said with a scornful look, "So what if Seven-star Alchemy God? Even Emphyrean Flutterfeather addresses my lord as his brother too! Could it be that your family's ancestor is stronger than Emphyrean Flutterfeather?"

The moment everyone heard, not only were they not intimidated, but the look of ridicule on their faces also grew thicker.

That young man said with a big laugh, "Emphyrean Flutterfeather? *Huhu*, little girl, Emphyrean Flutterfeather is one of the Cloudpill Summit's grandmasters. How exalted is his position? This kid addresses him as his brother? Stop joking around with me, alright?"

Zheng Buqun shook his head and laughed in spite of himself when he heard that and said, "Turns out that it's two braggarts who don't know the immensity of heaven and earth. I was wondering which genius. This kind of ignorant fool, there will always be some in each Cloudpill Summit."

*"Hahaha!"*

The two people's discussion aroused a series of mocking voices from all around.

What kind of identity did Emyrean Flutterfeather have? That was an important character that was on par with Cloudpill Great Imperial Capital's Emyrean Pilljade.

Beneath Heavenly Emperor, they were practically the pinnacle-most existences.

This kind of powerhouse would address a True God Realm junior as a brother?

You have got to be kidding!

Ye Yuan raised his brows slightly and said coolly, "Done talking? If you're done, get lost for me."

Zheng Buqun's brows raised up and he said, "You want to enter the inner-city? Kid, do you have the Cloudpill invitation?"

Ye Yuan said coolly, "Cloudpill invitation? What's that?"

The young man who was surnamed Duan could not help laughing as he said, "You don't even know what's the Cloudpill invitation and you dare to come and take part in the Cloudpill Summit? I'm telling you, only alchemists holding the Cloudpill invitation have the qualifications to enter the inner-city. As for you, go back where you came from."

The bald Zheng Qian laughed loudly and said, "I was wondering what expert and where you were from. Messing around for half a day, you don't even have the Cloudpill invitation!"

At this very moment, Zheng Qian was even more certain that Ye Yuan was some martial arts ancient family's descendant. Although his Martial Dao strength was very strong, he was completely clueless about Alchemy Dao.

As for fire control, martial artists adept in fire-attribute cultivation methods would likewise be very formidable in controlling fire.

He admitted that Ye Yuan was a martial arts genius. But this place was an alchemy summit. What did it have to do with martial artists?

Geniuses alchemists able to come to the Cloudpill Summit would not care about martial artists at all.

Because the statuses of these alchemists were much higher than ordinary martial artists.

Zheng Buqun waved his hand and said, "Hurry up and get lost, kid. Stop making a spectacle of yourself here. Do you see their eyes? You're currently just like a clown jumping around. This place is the world of alchemists, it's ... fateless with you!"

The young man surnamed Duan turned his head and said to a soldier, "Commander Gan, looks like this kid's skin is very thick, I'll have to trouble you to send him off!"

That Commander Gan was amused from watching for a long time by the side. Hearing this, he slowly walked in front of Ye Yuan, reached his hand out, and said with a sullen face, "Leave, please! If you don't go, then this commander will be personally taking action and sending you out of the city!"

This Commander Gan was a Fifth Firmament True God powerhouses. There was naturally power when he spoke.

Ye Yuan looked at Commander Gan, slowly took out a token, and said coolly, "I don't have whatever Cloudpill invitation, but wonder if this thing can go in or not?"

#### **Chapter 2019: Luckily You Know**

Commander Gan did not even look at the token in Ye Yuan's hand and just said with a cold snort, "Whatever thing is also useless, this commander only acknowledges the Cloudpill invitation."

"*Haha*, do you think that Cloudpill Great Imperial Capital is some random place? Casually taking out a token and you can go in? What a bumpkin!" Zheng Qian said with a look of disdain.

"The Cloudpill Summit only acknowledges the invitation and won't recognize other things. You don't even know this bit of general knowledge and also dare to come and take part in the Cloudpill Summit?" Zheng Buqun said with a cold smile.

They were really brought to tears from laughing at watching the joke today.

The current Ye Yuan was completely a bumpkin who had never seen much of the world before in front of them.

This fellow was completely clueless about the Cloudpill Summit, but he ran in front of them, these alchemy geniuses to posture, adding a bunch of merriment.

Seeing these few people's reactions, Ye Yuan was also taken aback.

He looked at the grandmaster token in his hand and felt baffled.

It seemed like this thing was not too useful!

He even thought that this thing looked very impressive. But taking it out, people did not recognize it at all.

"Kid, looks like you really want this commander to take action!"

In Commander Gan's eyes, Ye Yuan was merely a little child showing off; talking big to impress people.

He released his aura and directly grabbed at Ye Yuan.

The aura of Fifth Firmament True God was suddenly released, locking right onto Ye Yuan.

While Zheng Qian and the rest revealed gloating looks, looking at this scene calmly.

Ye Yuan's brows furrowed. This Commander Gan struck rather heavily. With this grab, if his strength was inadequate, he would really be heavily injured.

Clearly, this guy was currying favor with these few ancient families' descendants and deliberately dealt a heavy blow.

It was only to see him snort coldly. Suddenly, a Life and Death Seal fired out.

A Fifth Firmament True God versus a Third Firmament True God; Commander Gan thought that he would capture him easily.

Who knew that the moment Ye Yuan made his move, that pressure that could topple mountains and overturn the seas came from head-on.

*Bang!*

Commander Gan was caught off-guard and directly smacked flying by this Life and Death Seal. He seemed to be injured in an extremely wretched manner.

Zheng Buqun's pupils constricted and he said in surprise, "This ... How is this possible?"

The young man surnamed Duan also said with surprise, "How can this kid's strength be so strong?"

They were all waiting for Ye Yuan to suffer a loss. Who knew that Ye Yuan was fine and actually crippled Commander Gan in one move.

An initial-stage True God Realm striking a middle-stage True God Realm flying away in one move, this sort of thing was too outrageous to hear.

Ye Yuan looked too unremarkable, a thousand over years old, how strong could he be?

Yet, he wasted Commander Gan in one move!

"S-Still in a daze for what? This kid actually dared to cause trouble, c-cripple him for me!" Commander Gan gritted his teeth and roared at the soldiers.

At once, a large group of guards rushed forward and surrounded Ye Yuan in the middle.

Ye Yuan frowned slightly. He also did not expect to cause such a big commotion. Who knew that these guys did not even recognize the grandmaster token.

Actually, this could not be blamed on Commander Gan they all too. How could a grandmaster token this sort of thing be what Commander Gan would know of?

One had to know, in the entire land of Southern Border, there was only a total of 14 grandmaster tokens.

Those who possessed grandmaster tokens were all people with extremely revered statuses. They were at least middle and late-stage Emyrean super powerhouses too.

The moment these people appeared in Cloudpill Great Imperial Capital, there would immediately be Emyrean powerhouses that came out to welcome them. They would not enter from the city gates in an ostentatious manner like this at all.

Ye Yuan did not know the inner reason. He only wanted to stroll around more in the city, who knew that it caused such much misunderstanding.

But at this point, Ye Yuan naturally would not hold back either.

These guards were mostly at the Celestial Deity Realm. There was also a portion of True God Realms. But in front of Ye Yuan, it was completely lacking. He knocked down these guards with a few moves.

Zheng Qian's expression was ugly to the extreme as he said, "How can this guy's strength be so powerful?"

Ye Yuan's age was merely similar to his. But his combat power was no idea how many levels higher than him.

Looking across the Southern Border, there were also not many capable of surpassing Ye Yuan in martial arts.

But Zheng Buqun chuckled and said, "This kid is courting death himself!"

Zheng Qian was taken back and said, "Why?"

Zheng Buqun smiled and said, "Originally, he was swindling people. If he was given a beating and thrown out, the matter would be settled. But now, he caused such a big commotion. There will immediately be someone who comes out to take care of him. What's the use even if he's any stronger? Can he be stronger than Ninth Firmament True God powerhouses?"

The moment Zheng Qian heard, he immediately reacted to it and said with a big laugh, "Haha, this kid is dead for sure!"

"Who is it? To dare cause trouble in my Cloudpill Great Imperial Capital?"

The voice had yet to fade when a voice closed-in from far away, arriving in an instant.

A burly man with a curly beard appeared in front of Ye Yuan, his expression unfriendly.

When Commander Gan saw the curly-bearded burly man, it was as if he grasped a life-saving straw, hurriedly saying, "Lord Qin Chong, this punk doesn't have an invitation. I chased him out of the city, not only did he not leave, he even beat me and the soldiers to serious injuries!"

Qin Chong also had a fiery temper. Hearing Commander Gan's words, he immediately flared up with anger.

The moment Qin Chong heard, he said in a great rage, "What? Impudent brat, to actually dare ..."

When Zheng Buqun and the youth surnamed Duan saw Qin Chong fly off the handle, their faces revealed an expression of gloating over others' misfortune.

Qin Chong was a Ninth Firmament True God mighty expert. No matter how heaven-defying Ye Yuan was, could he still deal with him?

Qin Chong was just about to go crazy, suddenly turning his head to look at Ye Yuan, but saw Ye Yuan slowly take out a token. Ye Yuan said, "I gave this to them to see this, but they all didn't recognize it. I wonder if ... you recognize it?"

Ye Yuan also asked probingly. If this Qin Chong still did not recognize it, then he could only slip away.

Zheng Buqing scoffed when he saw the situation and said, "Still taking this lousy token out, could it be that ... this kid is really a fool?"

Fortunately, Qin Chong's reaction made Ye Yuan heave a sigh in relief.

The moment Qin Chong saw the token, his pair of eyes immediately went wide.

He looked at the token and looked at Ye Yuan again, his eyes full of disbelief.

"This ... This ..." Qin Chong stammered and actually could not speak.

How could a grandmaster token be in the hands of a young man like this?

Commander Gan did not know the inner reason and urged, "Lord Qin Chong, what's wrong with you? This brat is too insolent, you mustn't let him off easily!"

*Smash!*

A clear slap sounded out, Commander Gan was directly slapped flying out.

This slap made everyone stunned.

Before figuring out what was going on, they heard Qin Chong roar, "You scoundrelly thing! Don't drag me down if you want to die! Also, you all, are you in a rush to reincarnate? All put away your weapons for me!"

The group of guards looked at each other, blank looks on their faces.

Suddenly, Qin Chong knelt down with a thud and said to Ye Yuan with cupped fists, "These scoundrelly things are insensible. Your Excellency, please don't take offense! When this lowly one returns, I'll definitely teach them a good lesson!"

"This ... What's going on here? Lord Qin Chong actually knelt down to a Third Firmament True God?"

"Just what background does this kid have?"

"Could it be that ... that token is very impressive?"

...

Cries of exclamations sounded out all around, completely knocked dizzy by Qin Chong's actions.

Ye Yuan put away the token and let out a long sigh in relief, and then he said smilingly, "Luckily you know. Otherwise, it would really be somewhat troublesome."

#### **Chapter 2020: Yun Yi**

"Yes, yes, yes, Your Excellency. It was all because they had eyes but couldn't see, offending Your Excellency. Your Excellency, please don't take offense. This grandmaster token isn't what servants like them can recognize," Qin Chong's cold sweat poured profusely as he hurriedly explained.

How exalted were the statuses of people who possessed the grandmaster token? How could they be what he could afford to provoke?

This kind of existence could decide his life and death with one word.

One must not look at how he was Ninth Firmament True God. Because in the eyes of Empyrean powerhouses, he was merely an ant-like existence.

His own city lord also could not offend a big shot that possessed a grandmaster token for a mere True God Realm expert.

Of course, the grandmaster token that appeared in Ye Yuan's hand indeed made him very surprised. It could even be said to be hard to imagine.

But a grandmaster token was a grandmaster token. Qin Chong did not doubt its authenticity in the slightest.

In this land of Southern Border, who could snatch away a grandmaster token from the hands of the seven big shots?

Ye Yuan's bit of strength was not even enough to fill the crevices between the big shots' teeth. It was even less likely that he snatched it.

Moreover, this grandmaster token also could not be used after snatching it!

Therefore, even though there were a hundred disbeliefs in his heart, Qin Chong still did not dare to be careless in the slightest.

Ye Yuan waved his hand and said helplessly, "I just wanted to enter the city, but they insisted that I was swindling people. *Uh ... can I go in now?*"

Qin Chong hurriedly nodded and said, "Of course, of course! All the grandmaster residences have already been arranged. This lowly one will lead the way for you!"

Ye Yuan nodded his head and followed after.

Ning Siyu was delighted in her heart when she saw the expressions of Zheng Buqun and the rest.

"You bunch of guys don't even recognize the grandmaster token and you dare to flaunt your prowess here. I can only say that you're ignorant! You all mocked my lord, but you don't know that you were the most laughable! Your levels are too far apart!"

Finished talking, Ning Siyu caught up with Ye Yuan, leaving behind the dumbfounded crowd.

Zheng Buqun still had a look of disbelief until now as he muttered, "That is a grandmaster token? This ... How is this possible?"

The youth surnamed Duan had an expression like he had seen a ghost as he said, "A Third Firmament True God grandmaster? This ... Is there a mistake?"

...

The grandmaster residence was grand and magnificent, flushed with spiritual energy. It was absolutely in a favorable geographical location.

The residence was built around a lake. In the middle was a miniature lake.

Qin Chong carefully led Ye Yuan into the Danfeng Court and settled him down.

Seeing Qin Chong wanting to speak but swallowing the words back, Ye Yuan said coolly, "Just ask whatever you want to ask. Why are you, a seven-foot-tall burly man, behaving like a woman?"

Qin Chong smiled ostentatiously and said, "I wonder which city lord Master Ye received the invitation from?"

Qin Chong naturally knew the seven great Emphyreans. Ye Yuan was clearly not one of them. Then he could only be invited by one of the Emphyreans.

Ye Yuan said coolly, "This Ye was invited by Emphyrean Flutterfeather."

Qin Chong's gaze turned intent, and he said in surprise, "Emphyrean Flutterfeather?"

Ye Yuan said curiously, "Why? Is there anything wrong?"

Qin Chong hurriedly smiled flatteringly and said, "N-Nothing wrong."

Although he had a fiery temperament, he was also not so superficial when conducting himself. It was truly that Ye Yuan's grandmaster token was too surprising.

Ye Yuan's brows furrowed, and he said with a cold snort, "Do you feel that I'm easy to hoodwink because I'm young?"

Qin Chong's expression changed, being aware that he could not deceive him anymore. He could only smile bitterly. He said, "H-How can it be? In the past, Emphyrean Flutterfeather would always invite the Myriad Treasure Tower's Emphyrean Purplewing over. I didn't expect that ... he actually invited Master Ye this time?"

Ye Yuan's brows could not help furrowing when he heard it and started musing.

Previously when he agreed to Emphyrean Flutterfeather, he forgot that there was such a thing.

Since each city lord had another grandmaster spot, then it would definitely be existences that were about the same as them in the past!

Now that this spot was given to him, wouldn't he have offended another grandmaster?

Thinking up to here, Ye Yuan could not help feeling a headache.

Emphyrean Flutterfeather gave him an extremely high status, but Emphyrean Flutterfeather also put him on the fire to roast.

By the side, Qin Chong's thoughts drifted, speculating Ye Yuan's identity.

Could it be that this Ye Yuan came from the Myriad Treasure Bodhidharma and was a newly emerged genius junior of Myriad Treasure Bodhidharma?

Coming to the Cloudpill Summit this time was likely to come and experience it.

It was just that giving him a grandmaster token was a little too extravagant, right?

For Ye Yuan's bit of strength to really want to experience things, wouldn't putting him in the disciples' generation to spar with those people be more meaningful?

Thinking about it, Qin Chong also felt that something was not right.

Ye Yuan's martial arts strength was extremely strong. Jumping realms to battle was nothing difficult. Then how strong could his alchemy strength be?

This place was the Cloudpill Summit and not the Martial Dao Summit.

Thinking up to here, Qin Chong became even more disdainful toward Ye Yuan in his heart.

*Alright! You, a martial arts powerhouse, came to the Cloudpill Summit to pass off as a grandmaster!*

*When the time comes, you'll be embarrassed.*

He was practically certain that Ye Yuan was the kind of profligate descendant who was conceited and insolent on account of his ability.

He stayed for a long time in the Heavenly Emperor Bodhimanda and came out to look for fun. Qin Chong also saw that he even brought along a beautiful maidservant by his side.

Of course, he could only put these thoughts in his heart and naturally would not say it out.

"Alright, you can go. *Oh*, right! She's called Ning Siyu. Help her arrange a bit for her to take part in the Cloudpill Summit," Ye Yuan said.

"Yes, Your Excellency." Qin Chong was unable to make head or tail of it, but still answered and left.

Could it be that this kid came to take part in the Cloudpill Summit for this lass?

Occupying a grandmaster spot for a mere Five-star Alchemy God, truly capricious!

...

A Third Firmament True God grandmaster spread in the inner-city very quickly.

Beyond the shock, there was even more indignance.

What capability did a mere Third Firmament True God have, to actually be able to get a grandmaster token?

One had to know, Six-star Alchemy Gods could be easily found in the city. Many were young and promising genius figures. There were also peak Six-star Alchemy Gods that enjoyed high prestige and commanded universal respect.

Which of these people were not stronger than Ye Yuan?

Especially when everyone knew that Ye Yuan was merely a thousand over years old. Furthermore, after knowing that his martial arts were rather impressive, this indignant feeling spread even more.

At this time, seven to eight alchemy geniuses were currently gathered in a restaurant discussing this matter.

“Brother Yun Yi, you aren’t aware, but that kid is really arrogant to the extreme, saying that he’s what number one alchemy genius! To talk about this number one alchemy genius, it can only be Brother Yun Yi!” The one talking was precisely Zheng Buqun.

Ever since learning that Ye Yuan had a grandmaster token in his possession, he was extremely dissatisfied in his heart.

How could a mere Third Firmament True God be worthy of the grandmaster token?

Ye Yuan ‘uttered wild ravings’ and completely did not put his Zheng Family in his sights at all.

He could not swallow this insult.

It was just that Ye Yuan had a grandmaster token in his hand, so he had to swallow it even if he did not want to.

But just because he could not do anything to Ye Yuan, it did not mean that others could not as well.

Yun Yi was a genius alchemist of this Cloudpill Summit, one of the extremely few geniuses who broke through to Dao Realm in this Cloudpill Summit.

Barring no accidents, the champion crowned in the Cloudpill Summit this time would be born from these few Dao Realm powerhouses.

Furthermore, this Yun Yi’s identity was special. He was Empyrean Pilljade’s great-grandson, possessing an extremely exalted status even in Cloudpill Great Imperial Capital.

With him around, wouldn’t dragging that conceited brat down the horse be easily accomplished?

At the very least, Yun Yi could make him lose all standing and reputation, and leave Cloudpill Great Imperial Capital dusty and dirty in appearance.
