

Medicine God 2031

[Unrivaled Medicine God](#)

Chapter 2031: The Summit Starts

Among Qiandan Pavilion's dozen over Emyreans, there was Cloudpill Great Imperial Capital's Seven-star Alchemy God.

Yun Yi went to ask that Emyrean after the incident. The result made him unbelievably surprised.

Something that more than ten Emyreans could not accomplish, Ye Yuan only used less than two days and resolved it.

This was also to say that Ye Yuan crushed more than ten Emyrean powerhouses, Seven-star Alchemy Gods!

This kind of strength could simply use horrifying to describe.

Even at Emyrean Pilljade here, he also did not dare say that he could firmly suppress so many Emyreans.

Did this title of grandmaster still need to be doubted?

"The truth is more terrifying than the rumors? Then ... Then what kind of situation is it?" The youth surnamed Duan stammered.

Just looking at these rumors currently, Ye Yuan's monstrousness was already shocking enough.

A result that was more terrifying than the rumors, to what degree of freakishness did Ye Yuan have to be!

Yun Yi smiled bitterly and said, "Don't ask anymore. The Cloudpill Summit is about to begin, you'll know very soon."

Done talking, Yun Yi waved his hand with somewhat waned interest and took his leave.

Over these 3000 years, Yun Yi thought that he was overwhelmingly talented, standing at the apex of the Southern Border.

But it was not until he heard of Ye Yuan's monstrousness that he suddenly discovered that his pride was not worth mentioning at all.

He was more than twice as old as Ye Yuan, but he was already standing at a height that was hard for him to reach in this lifetime.

The blow that this kind of reality dealt to him was too strong.

The most terrifying isn't that you are stronger than me, but that no matter how hard I work, I also can't catch up to your footsteps.

How much time did he, Yun Yi, needed to sit and debate on Dao with a group of Seven-star Alchemy Gods?

10 thousand years?

50 thousand years?

Or 100 thousand years?

He, Ye Yuan, only used less than 1500 years!

Even if he only used ten thousand years, how powerful would the Ye Yuan then be?

This sense of setback simply could not be described using words.

...

“Grandpas, could it be that ... we’re giving up just like that? Withdrawing from the Cloudpill Summit, our Zheng Family will definitely suffer a great loss in strength!”

On the way back, Zheng Buqun gnashed his teeth in hatred.

He never would have thought that that unremarkable young man actually really defeated his ancestor, making the Zheng Family fall into a situation of eternal damnation.

Zheng Qiyuan smiled coldly and said, “Giving up? How can it be possible! That brat’s deducing ability is indeed very strong, but I don’t believe that his pill refining ability is also as strong as his deducing ability! Grandpa has mucked around in the Cloudpill Summit for so many years, so how can my connections be what a little brat can compare to? This time, I want him to reveal his true colors!”

Zheng Buqun’s eyes lit up and he said in pleasant surprise, “Grandpa has a contingency plan?”

Zheng Qiyuan smiled and said, “Of course, what the path of alchemy relies on isn’t words, but thoroughly honed strength! He is only a brat who’s merely a thousand over years old. Could it be that he can compete with Seven-star Alchemy Gods that have refined pills countless times? When at the Peak Alchemy Meet, I’ll see what he has to be arrogant about!”

Zheng Buqun was overjoyed when he heard that. Ye Yuan indeed still would not have a good outcome.

Who did not know how to engage in an empty talk?

But alchemy never had shortcuts. Your comprehension ability could be very high, deducing could be very impressive, but when it came down to genuine pill refinement, only experiencing thoroughly tempering, could one have accomplishments.

Which one of them, these Seven-star Alchemy Gods, was not an old monster who had lived for hundreds of thousands, even millions of years?

The medicinal pills that they had refined before were sufficient to pile up to form a mountain!

How could a mere Ye Yuan possibly be a match?

...

Amidst the series of exclamations, the curtains of the Cloudpill Summit were finally drawn.

On this day, alchemy powerhouses gathered in Cloudpill Great Imperial Capital.

Several tens of thousands of alchemists gathered together in the plaza!

These tens of thousands of alchemists were all the elites among elites of the Southern Border's alchemy world.

Up on the high platform, a hundred Emyrean powerhouses sat up straight, imposing aura awing all those present.

This kind of grand line-up could only be seen at the Cloudpill Summit, this kind of grand occasion.

These 100 Emyrean powerhouses were all leviathans of a region, being peak Alchemy Gods.

But at this time, these Seven-star Alchemy Gods could only sit below.

On the highest part of the platform, there were still 14 seats left vacant.

Everyone knew that these 14 seats represented the highest standard of the Southern Border's alchemy world!

Each one was a grandmaster-class alchemy powerhouse!

Suddenly, a powerful aura came out of the void.

A middle-aged man dressed in loose white robes slowly walked out, akin to a god.

Emyrean Pilljade, peak Seven-star Alchemy God, Ninth Firmament Emyrean super powerhouse.

Under Heavenly Emperor, Pilljade was revered as supreme!

Emyrean Pilljade's gaze swept, majesty birthing on its own.

"Today, the Cloudpill Summit begins. Pilljade thanks everyone for honoring with a visit! This Emyrean knows that many people came to take part in the Cloudpill Summit aiming for the 13 grandmasters. Now, this Emyrean will invite the 13 grandmaster powerhouses who have arrived! Heavenly Soul Great Imperial Capital, Emyrean Blazing Sun!"

Emyrean Pilljade's voice had just faded when a fire-like man stepped out of the void. Nodding his head slightly to everyone, he walked towards his seat.

"Lustrous Gold Great Imperial Capital, Emyrean Flutterfeather!"

The Emyrean Flutterfeather dressed in azure loose robes walked out with a slight smile and clasped his hands slightly, then walked toward his own seat.

"Cloud Tremor Great Imperial Capital, Emyrean Luoshui!"

...

Emyrean Pilljade introduced one by one. The former few were all the masters of the six great peak holy lands. Each one was an apex existence of the Southern Border.

After these six Emyreans came onto the stage, they each sat on the two flanks of the empty middle seat.

The middle-most seat belonged to Empyrean Pilljade.

After the six sovereigns took the stage, Empyrean Pilljade continued introducing.

“Empyrean Lumen, Zhuge Ancient Family’s alchemy authority!”

“Empyrean Qianyu, from the Northday’s Lu Family!”

...

Six Empyrean powerhouses were finished introducing. Suddenly, the air seemed to have solidified, the entire plaza was dead silent.

Everyone knew that this final grandmaster was this Cloudpill Summit’s main attraction.

The Cloudpill Summit had not even started yet and this grandmaster who did not even reach Empyrean already chased the Zheng Family out of the Cloudpill Summit forever.

More importantly, he was the only alchemist who became a grandmaster at Six-star Alchemy God in the history of the Cloudpill Summit!

Even Empyrean Pilljade also paused slightly before slowly opened his mouth and said, “The last one, an extraordinary talent, invited by Empyrean Flutterfeather at a thousand over years of age, becoming this Cloudpill Summit’s grandmaster! Ye Yuan, from Southridge’s Heavenly Eagle Imperial City!”

Empyrean Pilljade finished introducing, Ye Yuan’s figure slowly stepped out of the void.

Everyone’s gazes all gathered on that ridiculously young grandmaster.

“Southridge’s Heavenly Eagle Imperial City? What is that place? Never heard of it before!”

“This kind of small place could actually produce a grandmaster?”

“This Ye Yuan really has the ability to hold the position of grandmaster? Although the Zheng Family withdrew from the Cloudpill Summit, I heard that they lost a bet. Just how much strength this Ye Yuan has, nobody knows either!”

“It’s a pity that we can’t challenge grandmasters. Otherwise, testing a bit and we’ll know.”

...

Although there had long already been Ye Yuan’s legends in Cloudpill Great Imperial Capital, when they really saw Ye Yuan, everyone still could not resist sucking in a cold breath.

Too young!

This age should be standing below and taking part in the alchemy battles together with them.

But now, he sat on the grandmaster seat.

“Brother Pilljade, letting a little child whose hair isn’t even fully grown sit on a grandmaster seat, where will the faces of us, these 100 Seven-star Alchemy Gods, go?”

Ye Yuan had not taken his seat yet when a voice dripping with sarcasm sounded out.

Unrivaled Medicine God

Chapter 2032: Battling a Group of Heroes

A good show was starting!

In the plaza, everyone's gazes were gathered on Ye Yuan.

"It's Empyrean Wenlan! His alchemy strength is also a top five existence among the group of Empyreans. Making him accept his position under Ye Yuan, he's likely unwilling to submit!"

"I didn't expect it! The curtains of the Cloudpill Summit has just drawn and gunpowder smell came out!"

"I heard that Empyrean Wenlan and the Zheng Family's ancestor are best friends. This is coming to uphold justice for him!"

...

Empyrean Wenlan who spoke was ranked fifth among the Empyrean seats.

This was also to say that below grandmaster, he was ranked fifth!

This kind of strength was also not at all inferior compared to grandmasters.

The moment he opened his mouth, those Empyreans all looked at Ye Yuan with looks of amusement, wanting to see how he faced the crisis in front of him.

Those present could be said to be the entire Southern Border's alchemy world.

If Ye Yuan revealed his true colors in front of so many people, he would probably have no face to meet people in the future.

At this time, another person opened his mouth and said, "What Brother Wenlan said is right. Even a mere True God Realm is riding on top of our heads. What face do we, these old fellows, still have to meet our children and grandchildren when we go back?"

The moment this Empyrean opened his mouth, someone immediately cried out in surprise, "It's Empyrean Daogan, the rank eight big shot! There's a good show to watch now!"

No one would have thought that these Empyreans would directly launch an attack in the opening address.

Furthermore, observant and conscientious people also saw through that when Empyrean Pilljade was introducing Ye Yuan, it was clearly different from the rest.

He only said that Ye Yuan was a genius that Empyrean Flutterfeather invited. This cut himself away cleanly.

It was Empyrean Flutterfeather making fun of everyone, nothing to do with Cloudpill Great Imperial Capital. Empyrean Pilljade implied this meaning.

Right at this time, the rank three old man on the Empyrean seats also slowly opened his mouth and said, "Ignorant brat, what capability do you have to dare sit on the grandmaster seat? Brother Flutterfeather, are you joking with the Southern Border's alchemy world?"

“Hiss!”

The sounds of cold air being sucked in came from below.

“Rank three Empyrean Remotenight, rank fifth Empyrean Wenlan, rank eighth Empyrean Daogan. My God, Ye Yuan is in trouble now!”

The Cloudpill Summit had just started. Ye Yuan had yet to take his seat and three great Empyreans already directly put him on the spot.

By the side, Empyrean Pilljade had his head lowered, looking straight down, as if all this had nothing to do with him.

Empyrean Flutterfeather did not seem to mind and said with a faint smile, “Why does Brother Remotenight say so? Since this Empyrean gave the grandmaster token to Ye Yuan, I naturally acknowledge his strength.”

Empyrean Remotenight smiled coldly and said, “A mere thousand over years old snotty brat, what strength can he have? I heard before that he completed one of Brother Lumen’s ancient formulas. It’s just ... can this prove his strength? I also heard that he didn’t even dare to accept the challenge of a group of juniors. How can such a person sit on a grandmaster seat?”

Empyrean Wenlan said coolly, “Want to seat on that position of grandmaster, one naturally has to bring out the corresponding strength. Looking at his age, being able to refine rank five divine pills is already considered pretty good.”

An Empyrean said with a loud laugh, “Hey, kid, do you dare to accept this Empyrean’s challenge? If you don’t dare, hurry up and get down! The seat of a grandmaster isn’t so easy to sit!”

“Yeah, if even we can’t win, what qualifications do you have to sit on a grandmaster seat?”

With three great Empyreans taking the lead, it immediately made many Seven-star Alchemy Gods join in.

Although Empyrean Lumen already spread the news of the exchange meet, Ye Yuan did not take action after all.

Wanting to make these Seven-star Alchemy Gods completely accept a True God Realm, this was virtually something impossible.

At this time, Empyrean Pilljade suddenly opened his mouth and said, “Grandmaster Ye, looks like everyone has some doubts about your strength, why don’t ... you display a little?”

Empyrean Pilljade instructing, everyone’s gazes collectively gathered on Ye Yuan once more.

Quite a few people revealed amused expressions, all waiting to see Ye Yuan make a spectacle of himself.

Under the watchful gazes of the people, how would Ye Yuan respond?

From appearing on the stage until now, Ye Yuan was silent and did not speak all along.

Currently, Empyrean Pilljade asking questions, Ye Yuan's two eyes suddenly narrowed, sweeping over the faces of the group of Empyreans.

"You, you, also you, just now, you said that you want to challenge me?" Ye Yuan casually pointed at a few people, they were all Empyrean powerhouses who hooted at Ye Yuan the loudest.

"*Haha*, it's this Empyrean! Why? Is Grandmaster Ye going to accept this Empyrean's challenge?" One of the Empyreans said with a big laugh.

Ye Yuan ignored him and said coolly, "Who else is there? Since everyone is doubting this Ye's strength, fine. I'll give you all a chance! Any of you who wants to challenge me, this Ye will accept it all! If this Ye loses a match, I'll hand over the grandmaster token and withdraw from this Cloudpill Summit!"

One sentence stunned everyone.

"What a domineering declaration! He wants to challenge all the Seven-star Alchemy Gods below grandmaster with his power alone!"

"*Heh heh*, domineering also have to have the strength to be domineering! Forget about those at the bottom, those Empyreans ranked near the top, their strengths are virtually not weaker than the invited grandmasters. How much ability does he have, to dare challenge all of the Empyreans?"

...

A hundred Seven-star Alchemy Gods, their strength was naturally not uniform either.

The weak ones only had the strength of initial-stage Seven-star, initial-stage Dao Realm.

The strong ones were the likes of Empyrean Remotenight and his ilk, alchemy strength virtually not inferior to grandmaster powerhouses.

Ye Yuan, a puny little Six-star Alchemy God, these words were also too arrogant, right?

"*Hahaha*, truly unbridled on the account of your young age! When did our Southern Border's alchemy world produce such an arrogant junior? Do you know that those seated here today are all the leading authority figures of the Southern Border's alchemy world? You actually dare to challenge everyone?" Empyrean Remotenight could not help laughing out loud when he heard that.

Ye Yuan said coolly, "Since this Ye is sitting in this grandmaster seat, if I can't even win you guys, what qualifications do I have to sit here still?"

Empyrean Remotenight's brows furrowed and he said with a cold snort, "What a conceited brat! This alchemy battle, this Empyrean accepts it! This Empyrean wants to see whether or not you're really a heaven-defying talent!"

Ye Yuan's eyes did not even blink as he said coolly, "Okay, this Ye accepts! Who else is there?"

"Me!"

"This Empyrean will also challenge you!"

“Humph! Arrogant punk, this Emphyrean will let you know that the majesty of Seven-star Alchemy Gods cannot be provoked!”

...

How could the group of Emphyreans stand Ye Yuan being so arrogant? Each and every one of them stepped forward and challenged Ye Yuan one after another.

On the second Emphyrean seat, Emphyrean Purplewing’s brows furrowed slightly, and he said to Emphyrean Flutterfeather, “Brother Flutterfeather, this ... is likely not proper, right?”

But Emphyrean Flutterfeather smiled faintly and said, “Relax, Ye Yuan has his sense of propriety.”

Emphyrean Purplewing could not help choking when he heard that. Flutterfeather’s confidence in Ye Yuan was also a little too high, right?

In just a short while, there were 50 over Emphyreans challenging Ye Yuan. Their rankings went from the third place Remotennight to the 100th.

Emphyrean powerhouses capable of sitting on the platform were at least Dao Realm powerhouses too.

Those second-rate Seven-star Alchemy Gods, the Cloudpill Summit would not invite at all.

Therefore, even those Emphyreans’ rankings were toward the back, their strength could not be underestimated.

Right at this time, a thin and emaciated old man beside Emphyrean Purplewing opened his mouth and said nonchalantly, “Why don’t you count this old man in as well?”

[Unrivaled Medicine God](#)

Chapter 2033: You're too weak!

“It’s Emphyrean Chaoyuan! My God, his strength is absolutely grandmaster-level. He actually took action as well!”

“Emphyrean Chaoyuan has always been a maverick, so no holy land’s master invited him to hold the post of grandmaster. But his strength isn’t at all inferior to the grandmasters that were invited!”

“Ye Yuan bit off more than he could chew with this. With everyone at Cloudpill Summit taking action, he likely can’t take part in this Cloudpill Summit anymore!”

...

The moment the old man opened his mouth, there was immediately a series of exclamations below.

Those watching the show gloated over others’ misfortune even more.

Even Emphyrean Flutterfeather’s pupils also constricted, looking at Emphyrean Chaoyuan in surprise, clearly not expecting that he would make a move.

The strength of grandmasters was also not at the same level.

As the Southern Border's Alchemy Dao's number one person, Empyrean Pilljade was an Ancestor Realm peerless powerhouse.

And he was also the one and only Ancestor Realm powerhouse present.

As for the other six holy land's heads, there were grand completion Dao Realm and also late-stage Dao Realm.

As for the grandmasters who were invited, their strength was a notch weaker.

And the top five ranking powerhouses on the Empyrean seats, their strength was actually not much weaker compared to grandmasters.

Empyrean Purplewing was the representative of a typical example!

He had always taken on the position of grandmaster prior to this Cloudpill Summit.

But even so, he was only ranked second. If so, then Empyrean Chaoyuan who was ranked first place, his strength could be imagined.

With Empyrean Chaoyuan taking on the seat of grandmaster, there absolutely would not be anyone who would object!

From everyone's reaction, Ye Yuan also saw through that this Empyrean Chaoyuan was not simple.

But, what did he, Ye Yuan, have to fear?

There had never been anyone capable of making him lower his head before in alchemy.

There was not in the past, now, it was also impossible to have!

"Okay, I accept it!" Ye Yuan said coolly.

Empyrean Chaoyuan nodded his head and said coolly, "Seeing a thousand years old grandmaster, this old man is just curious and momentarily itching to have a go, and wants to spar."

Ye Yuan smiled slightly and said, "Brother Chaoyuan, please give pointers."

Empyrean Chaoyuan chuckled and said, "I dare not say give pointers. I hope that you don't disappoint this Empyrean."

He could tell that this Empyrean Chaoyuan did not deliberately make things difficult for him, he just purely wanted to spar.

This kind of mentality was like when Ye Yuan encountered Empyrean Flutterfeather back then, also finding ways and means to have a contest with him.

At this time, Empyrean Pilljade smiled slightly and said, "Since that's the case, then this Cloudpill Summit will open with this grandmaster challenge first."

The final tally was that there were a total of 63 Empyreans challenging Ye Yuan, more than half of the total.

When the audience below heard this figure, each and every one of them sucked in a cold breath.

With so many Seven-star Alchemy Gods challenging a Six-star Alchemy God, this was absolutely a rare spectacle of the entire Heavenspan World.

On the plaza, a ring was constructed.

Everyone's gazes all gathered on that young profile in the ring.

A middle-aged Empyrean leaped up, his gaze when looking at Ye Yuan was full of contempt.

"Kid, this isn't a place for you, your seat is there!" This Empyrean pointed at the crowd below and said coolly, "Why don't you admit defeat now and go back there? I think that everybody won't make things difficult for you on the account of Brother Flutterfeather's face."

Hoots of laughter came from all around, clearly quite approving of his words.

"What Empyrean Longyi said is right. This is a joke, wasting everyone's time!"

"Empyrean Longyi is a middle-stage Dao Realm alchemy master, immersing in alchemy for hundreds of thousands of years. Dealing with a Six-star Alchemy God is too effortless."

"Six-star Alchemy God versus Seven-star Alchemy God, I've never heard before of anyone who could win."

...

Although Ye Yuan pledged in all solemnity, saying to challenge all of the Empyreans, there were scanty few who truly felt that he had this strength.

Four-star Alchemy God challenging Five-star Alchemy God, everyone marveled with admiration, praising them as a genius. After all, of the genius alchemists present, many people could do it.

Five-star Alchemy God challenging a Six-star Alchemy God, everyone would feel very surprised. This was already a genius among geniuses.

Hence, when Ning Siyu overpowered the group of geniuses back then, everyone felt incredibly astonished.

But, a Six-star Alchemy God challenging a Seven-star Alchemy God, this was simply rubbish.

Seven-star Alchemy Gods had mostly immersed in alchemy for hundreds of thousands of years, the terror of their strength simply could not be imagined.

A brat who only cultivated for a thousand plus years, what right did he have to challenge Seven-star Alchemy Gods?

However, outside of everyone's expectations, Ye Yuan looked at the Empyrean Longyi in front of him and said coolly, "You're too weak! So many people challenging, coming one by one is too troublesome. Why not ... come up five at a time."

The whole place was silent!

Everyone used eyes like looking at a fool to look at Ye Yuan, feeling that this guy's arrogance was simply unreasonable.

“Arrogant! Ignorant! Foolish! You, this junior, are simply conceited to the extreme!”

Empyrean Longyi was angered by this one sentence until his nose became crooked.

He was normally a super powerhouse who was revered by people. But today, he was actually slighted by a little brat like this, how could he not be furious?

But Ye Yuan continued coolly and said, “Relax, come five at a time. If I lost, I’ll likewise withdraw from the Cloudpill Summit.”

Empyrean Longyi’s two eyes went wide, nearly spewing out a mouthful of old blood.

He was already unable to use words to describe Ye Yuan’s arrogance. This fellow was simply impervious to reason.

Ye Yuan looked at Empyrean Pilljade and said, “Brother Pilljade, what do you think?”

Empyrean Pilljade was naturally also extremely disdainful in his heart.

Although Empyrean Longyi’s alchemy strength was nothing in his eyes, he was at least a Seven-star Alchemy God whose strength stood out among the masses.

For Ye Yuan to want to fight one-on-five, this was too arrogant.

Empyrean Pilljade looked towards Empyrean Flutterfeather and said, “This Empyrean doesn’t have any objections. What do you think, Brother Flutterfeather?”

Empyrean Flutterfeather nodded slightly and said, “Alright, one by one is indeed wasting time. How about this, the final 13 people change to one-on-one, the rest will all be one-on-five.”

Empyrean Flutterfeather’s words made everyone stare wide-eyed and tongue-tied. Empyrean Pilljade was stunned by it.

Was this deliberately striking Ye Yuan down, or that he was too confident in Ye Yuan?

No one would have thought that Ye Yuan’s faithful ally would agree so readily.

“Alright, then it’s settled,” Pilljade nodded his head and said.

Five Empyreans stood in the ring, feeling an unprecedented humiliation.

Each one of them was practically about to spew fire, planning on venting their stomach full of rage onto Ye Yuan.

An Empyrean gnashed his teeth in hatred and said, “Kid, you’ll know what’s called despair!”

Ye Yuan smiled and said, “Begin then, there are still many people waiting!”

That Empyrean’s expression choked, nearly spewing out a mouthful of old blood.

“Fellow Daoists, I didn’t expect that we’d also have a day where we’ll be looked down upon. Then today, let’s let this junior see our prowess!” Empyrean Longyi said with a cold smile.

The few people nodded slightly. The moment they released their auras, Alchemy Dao aura crushed over toward Ye Yuan crazily.

Seven-star Alchemy Gods taking action, the power was naturally extraordinary.

Five auras were akin to five fierce tigers, wishing to shred Ye Yuan alive.

“Is this Seven-star Alchemy Gods? Indeed powerful!”

“*Heh*, I want to see what right he, Ye Yuan, has to dare be so arrogant.”

“The few great Emphyreans are all enraged, Ye Yuan will have to lose a layer of skin this time even if he doesn’t die!”

Unrivaled Medicine God

Chapter 2034: Astonishing the World With a Single Brilliant Feat!

In past years, the sparrings between Emphyreans were all carried out during the Peak Alchemy Meet.

These young geniuses did not have the chance to see Seven-star Alchemy God take action at all.

But today, five great Seven-star Alchemy Gods were in sync and took action at the same time. How powerful were the power and pressure?

Furthermore, what these few Seven-star Alchemy Gods were currently refining were all rank six divine pills. This was simply a textbook-like performance to those young Six-star Alchemy Gods.

Seven-star Alchemy Gods refining rank six divine pills was undoubtedly using a butcher’s knife to kill a chicken.

In the view of these juniors who had never seen Seven-star Alchemy Gods take action before, it was naturally incredibly shocking.

“No matter how strong Ye Yuan is, it’s also impossible to block the teamwork of five Seven-star Alchemy Gods, right? This guy is too arrogant!”

Seeing five great Emphyreans take action, everyone shook their heads one after another.

The current Ye Yuan was already like a clown in their hearts.

When Emphyrean Wenlan saw the situation, he said with a big laugh, “*Huhu*, Brother Flutterfeather, you probably miscalculated this time, right? No matter how strong this kid is, how can he possibly defeat five great Seven-star Alchemy Gods?”

Emphyrean Flutterfeather just smiled and did not speak. One completely could not see worry from his face.

Sensing the five Alchemy Dao auras that could topple mountains and overturn the seas, Ye Yuan just laughed coldly. Forming a seal with his hand, a boundless aura rose to the sky like a rocket directly from between the gaps of the five great Emphyreans.

Everyone’s faces immediately changed drastically!

The moment this aura appeared, it immediately made the five great Emphyreans' aura pale in comparison.

That dazzling light forced everyone until they could not open their eyes.

If the five great Emphyreans' auras were likened to stars, Ye Yuan's aura currently was the sun!

Under the illumination of the sun, all stars lost their luster.

Only I alone reign supreme!

"What a powerful aura! It turns out that a Six-star Alchemy God can do it to this extent?"

"Too terrifying! To actually overwhelm five great Seven-star Alchemy Gods with Six-star Alchemy God strength, just what realm is Ye Yuan? Middle-stage Dao Realm? Late-stage?"

"How is this possible? How can a Six-star Alchemy God be so strong?"

...

On the plaza, cries of exclamations linked up together.

The Six-star Alchemy Gods here were no less than ten thousand people. Each one of them had a standard for the limits of Six-star Alchemy Gods in their hearts.

But the current Ye Yuan completely shattered all of their benchmarks, subverting all of their understanding.

It turned out that Six-star Alchemy Gods could be so strong!

In the crowd, Yun Yi looked at that dazzling figure, with his face full of bitterness.

"We were all wrong! Turns out that he wasn't posturing, but that he really finds us beneath contempt. Although we're all Six-star Alchemy Gods, we don't have the qualifications to challenge him at all!"

Only at this moment did Yun Yi finally understand that all of Ye Yuan's arrogance previously was just illustrating an all too normal thing.

Ye Yuan eyes no longer had those in the same generation long ago.

Those able to exchange blows with him were only Seven-star Alchemy Gods. Furthermore, they were peak existences among Seven-star Alchemy Gods!

Since that was the case, their provocation naturally appeared laughable.

Would an Emphyrean powerhouse mind a Celestial Deity Realm's provocation?

What difference was that sort of provocation from a naughty child pointing an adult in the face and saying, I want to defeat you?

As for Luo Yue and the rest, each and every one of them was shocked until it could not be any greater.

They had witnessed before Ning Siyu's Alchemy Dao and were utterly defeated at her hands until they were black and blue.

At that time, they thought that Ning Siyu was a rare alchemy talent.

But placing Ning Siyu in front of Ye Yuan, that was not on the same level at all!

No wonder even with Ning Siyu's exceptional talent, she had to be so respectful and submissive in front of Ye Yuan!

Ye Yuan's alchemy strength was sufficient to crush the majority of Seven-star Alchemy Gods.

Empyrean Pilljade, Empyrean Pilljade, Empyrean Lumen, Empyrean Chaoyuan, and the rest were all radiating brilliance in their gazes at this time.

Clearly, they were astounded by Ye Yuan's breathtaking debut.

This was Ye Yuan's first time taking action in the Cloudpill Summit. But it carved an indelible impression in the people's minds.

The five great Empyrean's faces changed drastically, a never before sense of oppression made them instantly have many mistakes appear.

When experts exchanged blows, victory and defeat lied in just millimeters.

This tiny bit of mistake already determined the conclusion.

The moment Ye Yuan made his move, he established his victory!

Of course, Empyrean Longyi and the rest were not ordinary people. Even when suppressed, they were still not defeated.

It was just a pity that defeat was already set!

The five great Empyreans could only eke out a meager existence under Ye Yuan's powerful pressure.

After more than two hours, Ye Yuan pulled back, the pill formed!

But the others were still struggling bitterly.

Ye Yuan looked at the five great Empyreans calmly. After he withdrew, the five great Empyreans finally recovered strength. After an hour, they completed the refinement.

Except, no one paid attention to them anymore.

Everyone's gazes were gathered on Ye Yuan.

Before this, no one could have thought that Ye Yuan had the strength to compete with Seven-star Alchemy Gods.

His words were ignorant, was arrogant, was unreasonable, in everyone's eyes.

But only now did they know that turns out that was merely Ye Yuan accurately stating his own strength!

Even if someone chose to believe Ye Yuan, it was also impossible for them to expect that Ye Yuan would defeat five great Seven-star Alchemy Gods in a crushing manner.

“Too incredible! Really too impressive! A thousand over years old young man, how can his alchemy strength be so strong?”

“Seven-star Alchemy God! Those are Seven-star Alchemy Gods! Furthermore, it’s even five of them. They were defeated just like this?”

“Just based on this fight, who dares to say that he doesn’t have the qualifications to sit on the grandmaster seat?”

...

Ye Yuan making his move shocked the entire Southern Border’s alchemy world.

Starting from today, Seven-star Alchemy Gods were not undefeatable!

About to open the furnace, everyone held their breaths.

“Ye Yuan, purple spirit divine-grade!”

“Empyrean Longyi, peak superior-grade!”

“Empyrean Pingao, superior-grade!”

...

A grandmaster opened the furnaces of Ye Yuan and the others. Apart from Empyrean Longyi reaching peak superior-grade, the others were all only ordinary superior-grade, without even a heaven-grade.

Seven-star Alchemy Gods refining rank six divine pills, with the strength of Empyrean Longyi and the rest, heaven-grade was the minimum requirement.

Even divine-grade was nothing difficult to them too.

But they were suppressed firmly by Ye Yuan and could not even break through to heaven-grade.

The expression on Empyrean Longyi’s face was extremely ugly. He just gave a cold snort and returned to his seat.

He currently felt that his face was already utterly lost. He was actually suppressed by a Six-star Alchemy God to such a degree.

“*Huhu*, no wonder you could make Empyrean Flutterfeather view you in a different light. Grandmaster Ye’s strength indeed can’t be underestimated. However ... want to sit in the position of grandmaster just based on this, it’s still not enough!”

On the Empyrean seats, Empyrean Wenlan said dripping with sarcasm.

Ye Yuan’s situation, he could naturally do it and even do it better than Ye Yuan.

After all, the alchemy strength of Empyrean Longyi and the others could only be considered below-average among these 100 Empyreans.

But his words were still leaking a sour flavor.

Clearly, Ye Yuan's strength far exceeded everyone's imagination.

Unrivaled Medicine God

Chapter 2035: Empyrean Proudcloud

"Ye Yuan, purple spirit divine-grade!"

"Empyrean Azurerain, peak superior-grade!"

"Empyrean Jiu hao, superior-grade!"

...

Five Empyreans being defeated, another five Empyreans came. It was just that the result was still the same, a total defeat!

Five to six rounds were done in a row, the results were all the same.

Ye Yuan was forever purple spirit divine-grade, while the others were either peak superior-grade or superior-grade.

All in all, they were unable to break through to heaven-grade, this category.

Very soon, those Empyreans felt something amiss.

"*Hiss* ... This isn't right!" Empyrean Lumen said with a frown.

By the side, his good friend Empyrean Windrider smile and said, "*Huhu*, you also perceived it? This Grandmaster Ye isn't simple!"

Empyrean Lumen said in surprise, "You saw through long ago?"

Empyrean Windrider smiled and said, "The order of appearing on the stage is according to the strength of the Empyrean, which is also their seating order. The ones taking the field now, their rankings already reached 40-50th place. Their strengths are all much stronger than Younger Brother Longyi. Logically speaking, even if Grandmaster Ye's strength is formidable, there should also be someone who broke through to heaven-grade already. But up till now, there's actually no one who could break through to heaven-grade!"

"That is also to say that Grandmaster Ye still has the strength to spare! This ... Could it be that his strength can really reach the level of grandmaster?"

Empyrean Lumen was really shocked!

Originally, he thought that Ye Yuan was only extremely capable in deducing things, while his hands-on ability might be slightly lacking.

But who could have thought that Ye Yuan's hands-on ability was even more horrifying than his deducing ability!

Ye Yuan was truly a monstrous-like young man!

Empyrean Windrider smiled and said, "Whether or not he has the strength of an Empyrean, I have no idea. But I'm very curious now just who can force out his true strength."

Battling in alchemy until now, there was already no one who doubted Ye Yuan's degree of monstrousness. It was just that everyone was greatly looking forward to who could force out all of his strength.

One battle after another, those Five-star and Six-star Alchemy Gods below long already went from surprise to admiration with regards to Ye Yuan's strength.

They were different from those Empyreans. In the eyes of Seven-star Alchemy Gods, Ye Yuan was just a junior. A junior riding on top of their heads, so they were naturally unhappy.

But Ye Yuan and these juniors were peers. For a peer to be able to have such horrifying alchemy strength, what else could they do except admire?

After ten rounds of battle, Ye Yuan won all the way and not a single person could actually reach heaven-grade.

This kind of result was too unexpected.

"Grandmaster Ye is really too fearsome. From today onwards, he's my idol. I'll have the opportunity to stand in front of him in this life."

"Screw off, you! Previously, you were still saying that he's arrogant and ignorant about the immensity of heaven and earth."

That person's face turned red, and he argued and said, "That ... That's because I didn't know beforehand! Prior to this, who could have imagined that a Six-star Alchemy God could reach such a realm!"

"That makes sense. He really broadened my horizons today!"

...

After ten rounds of battle, Ye Yuan defeated 50 Seven-star Alchemy Gods. No matter whether he won or lost at the back, it was already sufficient to make these juniors worship crazily.

Swoosh!

A figure leaped into the air and landed in the ring, a look of scorn on his face.

"It's Empyrean Proudcloud! It's finally his turn to make a move!"

"Why? Is Empyrean Proudcloud very impressive?" Someone who did not understand asked wonderingly.

"Heh, more than impressive! Do you know why Lord Flutterfeather wanted Grandmaster Ye to fight one-on-one starting from Empyrean Proudcloud?"

"This ... Could it be that there's still some reason?" He originally thought that this was just casually said thoughtlessly. Looking at it now, it was clearly not the case.

That holy land disciple clearly had the intention of showing off too, saying smugly, "Empyrean Proudcloud is ranked 25th among all the Empyreans, the Seven-star Alchemy Gods before him were all middle-stage Dao Realm. But starting from him, those are all late-stage Dao Realm mighty experts!"

"So that's how it is! Starting from Empyrean Proudcloud, the strength goes up by a full level!"

There was a series of exclamations all around, finally understanding the difference involved.

Dao Realm was an extremely drawn-out realm. Similarly in middle-stage Dao Realm, the medicinal pills refined could have a huge difference.

And wanting to cultivate from middle-stage Dao Realm to late-stage Dao Realm, this was an incomparably difficult step.

Only by taking this step could one be considered a top Seven-star Alchemy God.

Empyrean Proudcloud was clearly such a powerhouse!

"Hang on! Then according to this, isn't Grandmaster Ye already late-stage Dao Realm?"

Very soon, someone reacted to it and thought of Ye Yuan.

Empyrean Proudcloud was the watershed of late-stage Dao Realm. If so, then with Ye Yuan defeating all of the middle-stage Dao Realms, wouldn't he very likely be late-stage Dao Realm?

A thousand over years old late-stage Dao Realm ...

When everyone reacted to it, each and every one of them sucked in a cold breath.

With Empyrean Proudcloud as a reference, everyone would have a taste of Ye Yuan's monstrousness even more.

To Six-star Alchemy Gods, just entering the Dao Realm was already the limit. Forget about the middle-stage Dao Realm, they did not even dare to imagine the peak initial-stage Dao Realm.

Because once you entered the Dao Realm, the difficulty of comprehending Alchemy Dao would soar. That required the accumulation of countless years.

And this long period of time was sufficient to let these geniuses break through to the Empyrean Realm already.

Previously, everyone's guesses about Ye Yuan's strength were mostly in the middle-stage Dao Realm.

But now, Ye Yuan rose a level out of the blue, reaching the late-stage Dao Realm.

This kind of change made everyone feel too astonished ... as well as absurd.

The holy land disciple that was originally showing off was also stunned. He clearly did not think of this as well.

That holy land disciple said, "This ... Although Grandmaster Ye is indeed an exceptional genius, it's impossible for him to be Empyrean Proudcloud's match. After all, the duration that Empyrean Proudcloud has been in the late-stage Dao Realm is already not short!"

The others also nodded their heads one after another. Monstrousness got to have a limit. A thousand over years old late-stage Dao Realm, this already could not be imagined.

If Ye Yuan crushed all the way again, it was clearly being too unreasonable.

But now, none of these juniors already felt that it was not apt for Ye Yuan to sit on a grandmaster seat.

He already surpassed 80% of Emphyreans at a young age, his future achievements would absolutely not be inferior to these grandmasters, even going further beyond.

Emphyrean Proudcloud looked at Ye Yuan and said with a disdainful look on his face, "Ye Yuan, this Emphyrean indeed underestimated you. I didn't expect that you're already late-stage Dao Realm at a young age. But you're too condescending, too arrogant! You challenged all the Seven-star Alchemy Gods with the grandmaster token as a wager. You'll stop here with me. You can only withdraw out of the Cloudpill Summit with a heavy heart!"

Similarly at the late-stage Dao Realm, he had cultivated several hundreds of thousands of years more than Ye Yuan. So how could he possibly lose to Ye Yuan?

But he was indeed surprised by Ye Yuan's talent.

He was even somewhat jealous.

With Ye Yuan's talent, surpassing him was just a matter of time.

Hence, he already made up his mind in his heart to ruthlessly quash Ye Yuan's prestige this time, making him lose all of his pride, crushing this genius completely!

Geniuses were breathtaking, but they were also easy to break.

The more prodigious, the more proud they were, the faster they would wither after being struck down!

Thinking up to here, Emphyrean Proudcloud was secretly feeling good in his heart.

"Oh? Is that so? To make me withdraw out of the Cloudpill Summit, just the likes of you aren't qualified enough yet!" Ye Yuan looked at Emphyrean Proudcloud and said calmly.

[Unrivaled Medicine God](#)

Chapter 2036: : Lending Cauldron

"Tsk tsk, really as arrogant as before! It's just don't know if he has the strength to continue to be conceited or not," Emphyrean Wenlan said with a faint smile.

The alchemy battles previously were all appetizers.

There was no comparison at all between late-stage Dao Realm and middle-stage Dao Realm powerhouses.

Now, reaching Emphyrean Proudcloud this watershed, it was the time to showcase one's true abilities.

Emphyrean Daogan said coolly, "A thousand over years old late-stage Dao Realm, this boy can be sufficiently proud. It's just that after reaching late-stage Dao Realm, it gets increasingly harder. No matter how great his talent is, this is also the limit."

The other Emphyreans secretly nodded their heads when they heard this.

They understood the difficulty of advancing even more after they reached the late-stage Dao Realm.

As for Ye Yuan walking to this step, they were indeed incomparably surprised. But to talk about going a step further and defeating late-stage Dao Realms, they did not believe it no matter what.

Emphyrean Proudcloud had a grim expression as he said with a cold smile, "Then let this Emphyrean have a crack at you! Illusory Truth Cauldron, open!"

In an instant, the aura of Dao spread out, everyone marveled in admiration one after another.

"This ... is an emphyrean spirit treasure!"

"Looks like Emphyrean Proudcloud means business!"

"This isn't fair! Emphyrean spirit treasure versus celestial deity mystic treasure, this is too unfair!"

...

The current Ye Yuan already gained a group of supporters.

When they saw Emphyrean Proudcloud using an emphyrean spirit treasure, they were immediately unhappy.

What the current Ye Yuan was using was still the Xuanlong Cauldron that Emphyrean Flutterfeather gave to him. It was a pinnacle existence among celestial deity mystic treasures, being not weaker than even true god mystic treasures.

However, a celestial deity mystic treasure was still a celestial deity mystic treasure. No matter how strong it was, it was not comparable to emphyrean spirit treasure.

Medicinal cauldrons had considerable enhancement ability for pill refinement, regardless of whether it was the quality of the medicinal pills or during the process of the refinement.

At similar strength, the medicinal pills refined by an emphyrean spirit treasure and refined by a celestial deity medicinal pills had no comparison at all.

"*Humph!* When this Emphyrean is refining pills, how can it be your turn to butt in, you juniors? Moreover, this alchemy battle doesn't restrict medicinal cauldrons. So what's wrong with me doing this? If he really has the strength of a grandmaster, would he mind this bit of difference?" Proudcloud said with a cold smile.

Shameless!

This was the feeling that Proudcloud gave everyone currently.

It was just that these were all juniors who did not have the right to speak at all.

But right at this time, a ray of white light flew out from the Emphyrean seats and landing in the ring.

A milky-white medicinal cauldron appeared in front of everyone.

When Empyrean Proudcloud saw this medicinal cauldron, his expression could not help changing greatly. Turning his head to look toward the Empyrean seats, he said in a solemn voice, "Brother Chaoyuan, what do you mean by this?!"

It turned out that this medicinal cauldron was actually Empyrean Chaoyuan's!

The aura coming off of this milky-white medicinal cauldron was even stronger than the Illusory Truth Cauldron. It was shockingly an empyrean spirit treasure too. Furthermore, its quality was even higher than the Illusory Truth Cauldron!

"This ... This is Empyrean Chaoyuan's lifeblood empyrean spirit treasure, Daytime Cauldron! He ... He can actually bear to take it out for Ye Yuan to use!" An Empyrean powerhouse marveled with admiration.

Empyrean Chaoyuan ignored Proudcloud and just said to Ye Yuan coolly, "Little Friend, this old man's Daytime Cauldron will be lent to you for use."

A wave of exclamations came from all around.

"Everyone says that Empyrean Chaoyuan doesn't tolerate unreasonable things. It's indeed like so!"

"Looks like Empyrean Chaoyuan couldn't endure the sight of it and even lent out his lifeblood empyrean spirit treasure."

"So what? Even so, it's still unfair! Grandmaster Ye's cultivation realm can't unleash the true power of an empyrean spirit treasure at all."

...

Empyrean Chaoyuan's action of lending his cauldron surprised everyone.

At this time, no one doubted anymore that he was not unhappy about being put under Ye Yuan.

The reason he did it was to witness Ye Yuan's true strength!

Ye Yuan lightly caressed the Daytime Cauldron and felt a surging force from inside. Using it to refine pills could absolutely yield twice the results with half the effort.

"Indeed a fine cauldron! Many thanks, Brother Chaoyuan!"

Ye Yuan lightly clasped his hands at the Empyrean Chaoyuan up on the high platform to express his thanks. But his tone of voice changed as he suddenly said, "However, why is there a need for an empyrean spirit treasure to deal with him? My Xuanlong Cauldron will suffice!"

Done talking, Ye Yuan pushed with his palm. The Daytime Cauldron immediately turned into a streak of white light and flew toward Empyrean Chaoyuan.

A hint of surprise flashed across in Empyrean Chaoyuan's eyes. Ye Yuan actually moved his Daytime Cauldron so effortlessly!

One had to know, this was his lifeblood empyrean spirit treasure. Although he did not deliberately control it, it was also not what anybody could move.

If Ye Yuan really wanted to use it, he still had to confer the intent to the Daytime Cauldron.

“What? He’s mad, right? Empyrean Chaoyuan’s good intentions, he actually doesn’t appreciate it?”

Seeing Ye Yuan’s actions, everyone was perplexed, giving off a series of exclamations.

Even Empyrean Proudcloud was already thrown into a daze by Ye Yuan’s action and did not react to it for a while.

Empyrean Chaoyuan took back the Daytime Cauldron and said coolly, “May as well.”

“*Heh heh*, a brat who overestimates his own ability! I’ll let you have a taste of this Empyrean’s prowess! Myriad Transformation Universe Hands!”

Empyrean Proudcloud kneaded seals, a pressure that surged to the extreme swept over toward Ye Yuan.

Seeing this scene, everyone’s faces changed one after another.

When those Empyreans took action previously, even when it reached around the 30th place later on, their Alchemy Dao auras also could not match up to 20% of Empyrean Proudcloud’s power!

Late-stage Dao Realm was actually frighteningly powerful!

In front of this aura, Ye Yuan was like a small rowboat in the ocean, appearing to be teetering on its last legs.

“Proudcloud’s Myriad Transformation Universe Hands is a rather formidable rank seven alchemy technique. Coupled with the Illusory Truth Cauldron, even this Empyrean have to deal with it carefully too. I don’t believe that this kid can really overturn the skies!” Empyrean Daogan said with a cold smile.

The junior disciples in the plaza all looked towards Ye Yuan very worriedly, wanting to see how he would respond.

Suddenly, Ye Yuan’s brows furrowed, his gaze when looking toward Empyrean Proudcloud carried some coldness.

“Even want to sneak attack me? This guy is really shameless! Since that’s the case, then I’ll teach you a lesson that you’ll never forget!” Ye Yuan sneered in his heart.

Just earlier, he clearly felt that inside the Alchemy Dao aura contained a portion of divine soul force. This guy actually wanted to sneak attack him.

But Empyrean Proudcloud should have some secret art. He did it very cleverly, it was hard for bystanders to detect.

At this very moment, Ye Yuan also became truly enraged.

Only to see him beckon with one hand, spirit medicines all flew into the Xuanlong Cauldron. A vast and mighty Alchemy Dao aura instantly rose up!

This imposing momentum was even several times stronger than the Empyrean Proudcloud who borrowed the power of an empyrean spirit treasure. It instantly eclipsed Empyrean Proudcloud’s aura.

On the Empyrean seats, Empyrean Chaoyuan suddenly stood up, staring fixedly at ye yuan, his eyes shooting out rays of brilliance.

The other Empyreans also had shocked expressions on their faces. Their gazes when looking at Ye Yuan were full of disbelief.

Empyrean Proudcloud was currently being pleased with himself when he suddenly felt a heaven-blotting-like aura instantly overshadow him.

His alchemy art was nearly directly interrupted.

In his abdomen, blood surged up, almost spurting out a mouthful of blood.

Fortunately, his realm was exceedingly high, forcefully suppressing this surging.

Except, he already completely lost living space under Ye Yuan's lofty aura.

"This ... How is this possible? A thousand over years old grand completion Dao Realm?" Empyrean Proudcloud was incomparably shocked in his heart.

[Unrivaled Medicine God](#)

Chapter 2037: Unrelenting

"Grand completion Dao Realm! This is definitely grand completion Dao Realm!"

"My God! What did I see? A thousand over years old grand completion Dao Realm, is there still justice?"

"Terrifying! Too terrifying! I've never seen before such a monster! No wonder he dared to look down on the numerous Seven-star Alchemy Gods, he indeed has this capital!"

...

The moment Ye Yuan made his move, the entire plaza was boiling over with excitement.

The eyes of those junior disciples revealed extremely fervent expressions. The idolizing feelings were not only expressed in words but also on the face.

No one could have thought that Ye Yuan was actually a grand completion Dao Realm mighty expert. This was too inconceivable to an alchemist that was only a thousand over years old.

Overwhelming!

An absolutely domineering crushing!

At this very moment, everyone was in the midst of shock.

This kind of domineering crushing, only people in the grand completion Dao Realm could do it.

But such a young person reaching the grand completion Dao Realm already exceeded everyone's imagination.

What kind of concept was grand completion Dao Realm?

In the entire Southern Border, at the Cloudpill Summit presently, it represented the highest standard.

And these 100 over Seven-star Alchemy Gods that were able to reach the grand completion Dao Realm did not surpass the number of fingers on both hands.

One should not look at how there were more than ten grandmasters up there. Those able to reach the grand completion Dao Realm were only the seven great peak holy land's masters.

As for the invited grandmasters, they were basically all late-stage Dao Realm. They were still a hair away from reaching grand completion.

But who among these Seven-star Alchemy Gods did not trudge for several hundred thousand years along the alchemy path, or even a million years before they had today's accomplishments?

But today, a True God Realm junior, a thousand over years old brat, was actually already grand completion Dao Realm!

This kind of astoundment simply could not use words to express.

How powerful was Empyrean Proudcloud? But even so, he actually almost vomited blood under Ye Yuan's pressure.

Under Ye Yuan's light, Empyrean Proudcloud was dim like stars in a haze; practically could not be seen.

At this very moment, Empyrean Proudcloud only wanted the alchemy battle to hurry up and end. He already almost could not bear it anymore.

A strong sense of humiliation welled up crazily in his heart.

He knew that Ye Yuan definitely detected his trick, that was why he attacked him in such a fierce manner.

Except, why was this guy able to block his divine soul attack?

He thought that he did it at the behest of gods and ghosts, who knew that it could not do anything to Ye Yuan at all.

I better ... I better directly give up and admit defeat! Empyrean Proudcloud thought bitterly in his heart.

"Huhu, a dignified Seven-star Alchemy God only has this bit of strength? Really disappointing!" Right at this time, Ye Yuan's ridiculing reached his ears.

Empyrean Proudcloud gritted his teeth and said, "Brat, d-don't you get cocky! I'll let you take a look at this Empyrean's strength!"

Empyreans had the pride of an Empyrean. With Ye Yuan's nonchalant goading, how could Empyrean Proudcloud endure it? Gritting his teeth, he erupted once more.

It was just that his aura had yet to appear and it was extinguished by Ye Yuan without the least bit of mercy.

In front of Ye Yuan, he actually did not have the slightest leeway to resist.

"Condense!"

All of a sudden, Ye Yuan gave a cold cry, and a pill was formed!

While at this moment, Empyrean Proudcloud seemed to have experienced a great battle, his entire person appearing somewhat feeble.

Although an Empyrean's divine soul and divine essence was extremely thick and Ye Yuan could not really do anything to him, teaching him a bit of a lesson was still achievable.

In this alchemy battle, the two people were not on the same level at all. For Empyrean Proudcloud to want to refine pills under Ye Yuan's heavy pressure, he had to expend several times, even several dozen times of Ye Yuan's effort.

Even if he was an Empyrean, he was also incredibly weary at this time.

When everyone looked at this scene, they could not help casting pitying gazes towards Empyrean Proudcloud.

"Really too strong! It's still my first time seeing a Six-star Alchemy God torment a Seven-star Alchemy God until like this."

"Ye Yuan really overpowered Empyrean Proudcloud with strength, the title of grandmaster is well-deserving!"

"Don't you guys forget! What Ye Yuan used was just a celestial deity mystic treasure, but what Empyrean Proudcloud used was an empyrean spirit treasure!"

...

The moment this came out, the surroundings fell silent.

Empyrean Proudcloud was crushed by Ye Yuan until he was black and blue all over under the circumstances of holding all the cards.

This strength could really use horrifying to describe.

"Ye Yuan, vast spirit divine-grade!"

"Empyrean Proudcloud ... middle-grade!"

The judge gave Empyrean Proudcloud a rueful glance and slowly said.

"Hahaha!"

A wave of laughter came from below.

An exalted Seven-star Alchemy God actually only refined a middle-grade when refining a rank six divine pill. It was simply a massive joke.

The current Empyrean Proudcloud wished to find a hole in the ground to tunnel into.

Before the alchemy match, how fired up with boundless enthusiasm was he? Completely not putting Ye Yuan in his eyes.

But now, reality gave him a resounding slap.

In front of Ye Yuan, he was nothing.

Empyrean Proudcloud's gaze secretly shot a glance at Ye Yuan, filled with enmity.

This kid made him utterly lose his face today!

When had he, an exalted Empyrean, a Seven-star Alchemy God in the late-stage Dao Realm mighty expert, suffered such humiliation before?

However, nobody was paying attention to him anymore. Everyone's gaze was focused on Ye Yuan.

A thousand over years old grand completion Dao Realm! This was too terrifying!

With Ye Yuan's talent, he might be able to become a second Medicine Ancestor in the future!

At this time, Empyrean Purplewing suddenly opened his mouth and said, "I believe everyone has already seen Ye Yuan's strength. There shouldn't be anyone with objections about him sitting on a grandmaster seat anymore, right?"

Empyrean Purplewing was already completely convinced by Ye Yuan. At this very moment, he no longer had any complaints about Empyrean Flutterfeather handing the grandmaster token to Ye Yuan.

On the contrary, he was full of admiration toward Ye Yuan.

Such a young grand completion Dao Realm, it was absolutely adding wings to a tiger to the Myriad Treasure Tower.

"Of course there's no objections! If even a grand completion Dao Realm can't sit on a grandmaster seat, then who else is fit to sit up there?"

"There's no need to compete anymore for those at the back too, Grandmaster Ye's title lives up to his name!"

...

The group of Empyreans no longer had objections. Ye Yuan already used his strength to convince all of the Seven-star Alchemy Gods from the bottom of their hearts.

But right at this time, a discordant voice slowly sounded out.

"Since he accepted the challenge, then he naturally had to finish competing in the alchemy battles. He'll hand over the grandmaster token if he loses a match, this was what he said. How can he go back on his word?"

The one who spoke was precisely Empyrean Pilljade.

Everyone's hearts turned cold, not expecting that Empyrean Pilljade was actually still biting on and not letting go!

Empyrean Purplewing frowned and said, "Brother Pilljade, Ye Yuan already proved his strength, what significance is there still to continue competing?"

But Empyrean Pilljade smiled and said, “Even if this Empyrean agrees, I’m afraid that Brother Chaoyuan won’t agree too, is that right, Brother Chaoyuan?”

Everyone’s gazes looked toward Empyrean Chaoyuan collectively.

“What’s the meaning of this? Could it be that Empyrean Chaoyuan can still be Grandmaster Ye’s match?”

“Empyrean Chaoyuan is merely in the Empyrean seats. At the very most, he’s also evenly-matched in strength with the invited grandmasters. What meaning is there to continue competing?”

...

On the plaza, a series of wondering voices came over.

Empyrean Chaoyuan rarely took action. Everyone only knew that he was formidable, but they did not know how impressive he was.

Seeing Empyrean Pilljade inquire, Empyrean Chaoyuan slowly stood up and was just about to speak, but he saw Ye Yuan suddenly opened his mouth and said, “This Ye is a man of his word! This alchemy battle ... will continue! Brother Chaoyuan, please don’t stint in enlightening me with your teachings!”

[Unrivaled Medicine God](#)

Chapter 2038: Pinnacle Battle, Commences!

Under the focus of all of the gazes, Empyrean Chaoyuan slowly got up.

He stroked his beard lightly and said smilingly, “This youth is formidable and worthy of respect! I’m not worthy of giving teachings. Let us compare notes.”

Ye Yuan’s gaze turned intent, and he said with a smile, “*Haha*, toward Brother Chaoyuan, this Ye will definitely go all out!”

“What? Could it be that this isn’t Ye Yuan’s limit yet?”

The words made everyone incomparably shocked.

Grand completion Dao Realm already made everyone’s eyes fall to the ground.

But hearing the meaning in Ye Yuan’s words, he actually did not even go all out when crushing Empyrean Proudcloud like that just now!

This ... This was too terrifying!

Just where was this fellow’s limit?

All of the Empyreans used eyes like looking at a monster to look at Ye Yuan, their faces being full of doubt and shock.

Empyrean Chaoyuan was clearly very surprised too. It was only to see his two eyes narrowed together slightly, and then he said with a smile, “Alright, this old man will wait and see.”

Empyrean Chaoyuan took his seat. Empyrean Pilljade smiled and said, "In a while, you all have to open your eyes wide and watch. The battle of two great grand completion Dao Realms isn't so easily seen. If you can comprehend just a little, you all will benefit for life!"

"What?! Empyrean Chaoyuan he ... is also grand completion Dao Realm?"

"No way, right? If Empyrean Chaoyuan is at the grand completion Dao Realm, wouldn't he be even more formidable than some grandmasters? He's actually still sitting on the Empyrean seats?"

"Empyrean Pilljade's words hold true like an emperor's, so it's likely not far off! I really didn't expect that there's actually still this kind of mighty expert in the Empyrean seats. No wonder with Empyrean Purplewing's strength, he can only lower himself to the second-rate seats."

Clearly, everyone did not know Empyrean Chaoyuan's true strength. There were even many Empyreans who had stupefied faces.

Empyrean Pilljade wanted to make use of Empyrean Chaoyuan to block Ye Yuan and chase him out of the Cloudpill Summit!

Everyone said that Empyrean Pilljade and Empyrean Flutterfeather were not on good terms. This was indeed the case.

But while surprise was surprise, everyone was still looking forward to this battle immensely.

Just as Empyrean Pilljade said, the clash of two great grand completion Dao Realms was bound to be a fierce struggle between two evenly-matched opponents.

This kind of alchemy battle was hard to come across in ten thousand years!

After the surprise, the alchemy battles continued.

It was just that the battles afterward no longer had much suspense.

Empyrean Daogan, Empyrean Wenlan, even the rank three Empyrean Remotenight, when they went up the stage, they all had expressions like their parents had died, being extremely ugly.

How venerated were their statuses? Now, they had to undergo a sure-lose alchemy battle under the watchful gazes of the people. It was really even more awful than killing them.

These few great Empyreans were all leading authority class figures. What they valued the most were their own feathers. Even if they really had to lose, it also could not be in front of so many people's faces.

At this very moment, their intestines were green with regret.

But how could they have thought that Ye Yuan would actually be monstrous to such a degree?

Thinking about it now, their provocation seemed so laughable.

A late-stage Dao Realm expert challenging a grand completion Dao Realm powerhouse?

It was not on the same level at all, alright?!

The results were as expected. Even Emphyrean Remotenight could not gain the least bit of advantage under Ye Yuan's hands too, and he was defeated in the end.

But these few Emphyrean's final medicinal pill grades were all peak superior-grade without exception.

At this time, everyone finally came to realize the truth, turns out that Ye Yuan did it on purpose!

Even Emphyrean Remotenight was firmly suppressed by Ye Yuan to peak superior-grade, so how terrifying was his control over alchemy?

Late-stage Dao Realm and grand completion Dao Realm, only being a hair away, but the strength was worlds apart.

After Emphyrean Remotenight quietly walked off, everyone roused themselves.

The main show had arrived!

Even the powerhouses on the grandmaster seats also became 120% alert, looking forward to this pinnacle battle!

This match was absolutely a pinnacle battle!

Because Emphyrean Realm Pilljade was the only Ancestor Realm powerhouse, no one was his match at all. So the battle of peak Dao Realm was the pinnacle battle.

The six great holy lands' masters cherished their feathers, it was impossible to fight in front of people.

If not for a Ye Yuan appearing today, they could forget about seeing this kind of pinnacle battle all their lives.

Emphyrean Chaoyuan looked towards Ye Yuan and said with a hint of marveling, "Truly didn't expect that this old man would actually have a day where I'd cross swords with an opponent like you."

Ye Yuan smiled and said, "In this world, the unexpected things are in the majority. The things within expectations are few."

Emphyrean Chaoyuan laughed loudly when he heard that and said, "Good, an extraordinarily intelligent child! This old man hasn't had this kind of blood-boiling feeling for far too long already. Encountering you today made this old man much younger all of a sudden!"

As he said this, he took out a medicinal cauldron. But it was not the Daytime Cauldron. It was a true god mystic treasure.

"This is the cauldron that this old man used back then. This old man won't take advantage of you when crossing swords with you," Emphyrean Chaoyuan said.

But when Ye Yuan saw the situation, he shook his head and said, "Our battle should naturally call forth all the resources in our power. The Daytime Cauldron is Brother Chaoyuan's highest standard. If this Ye has an emphyrean spirit treasure, I'd also take it out without the slightest hesitation."

When Emphyrean Proudcloud heard this, he could not help smiling coldly as he said, "Truly arrogant to the extreme! He still dares to be so careless when facing off against Brother Chaoyuan!"

Empyrean Wenlan gave a cold snort and said, "Ignorant! Does he really think that he's invincible under the heavens by entering grand completion Dao Realm? Facing Brother Chaoyuan's strength, even holy land masters are somewhat wary, but you're looking down on him here!"

These few people were all defeated at Ye Yuan's hands and were very reluctant to give in in their hearts.

Now that they nabbed the chance, there naturally could not be dispensed with a bout of ridiculing.

Ye Yuan just smiled coldly when he heard that and said, "What do you know? This isn't looking down on my opponent, but respecting my opponent. Dealing with you guys, this Ye couldn't be bothered to use my full strength at all!"

The few people's expressions changed, and they said in fury, "You! Unbridled! Wildly arrogant! When you lose to Brother Cloudpill Summit and leave the Cloudpill Summit dusty and dirty in appearance, I'll see what you have to be arrogant!"

But Ye Yuan said coolly, "It's hard to come across a worthy opponent in life. Brother Chaoyuan is an opponent that this Ye respects! Toward opponents that I respect, this Ye will definitely go all out. So what even if I lose?"

These words were said valiantly, making the blood of the junior disciples in the plaza boil with excitement.

They saw through that Ye Yuan did not care about this grandmaster token at all.

Ye Yuan was enjoying the joy of battling in alchemy. This was seeking the apex of Alchemy Dao.

As for the grandmaster token, it was merely a worldly possession!

Cultivators of our generation should be like so!

For a moment, countless worshiping gazes were cast towards Ye Yuan.

"*Hahaha!* What a fine hard to come across a worthy opponent in life! Good, then this old man will go all out in this battle! Ye Yuan, regardless of whether victory or defeat, this old man will become friends with you, my friend across generations!" Empyrean Chaoyuan said with a big laugh.

With a thud, the Daytime Cauldron smashed onto the ring, giving off a series of horrifying undulations.

This Daytime Cauldron's power was clearly several grades higher than even Empyrean Proudcloud's Illusory Truth Cauldron.

"This old man was already at the grand completion Dao Realm 30 thousand years ago. I've gradually progressed in this realm for a long time. Coupled with the Daytime Cauldron, this peak empyrean spirit treasure, you have to be careful!" Empyrean Chaoyuan said with a laugh.

But Ye Yuan did not care at all and said calmly, "Please!"

Empyrean Chaoyuan nodded slightly. Seals formed in his hands and he said in a solemn voice, "Grand Luotian Thousand Illusory Dreamcloud True Art, release!"

The moment Empyrean Chaoyuan made his move, everyone's expressions changed.

Unrivaled Medicine God

Chapter 2039: Half-Step Ancestor Realm!

On the stage, fog curled upwards. An even and calm aura gradually released.

Although it was not outrageous like those Emyreans before, this aura made everyone's faces change.

Strong!

Unexpectedly strong!

Emyrean Chaoyuan's Alchemy Dao aura was like a towering mountain, standing steadfast.

Even if Ye Yuan crushed Emyrean Proudcloud's imposing momentum, it also could not match up to the current Emyrean Chaoyuan.

"Huhu, Brother Chaoyuan's Alchemy Dao realm seems to have improved significantly again! Looks like he's the most promising alchemist of our Southern Border to step into Ancestor Realm after me! Although Ye Yuan is impressive, it's likely very hard for him to want to pass his hurdle!"

When Emyrean Pilljade saw this scene, his face revealed a slight smile, showing a face full of approval.

Clearly, he was long confident about Emyrean Chaoyuan's strength.

There was a series of exclamations in the plaza. Clearly, everyone did not expect that Emyrean Chaoyuan's alchemy strength was actually so powerful.

"With this, Grandmaster Ye is in trouble! This opponent is too strong!"

"I really didn't expect that turns out Emyrean Chaoyuan's alchemy strength is actually even stronger than grandmasters."

"It's over, it's over! Grandmaster Ye finally managed to prove his strength, but he is going to be kicked out of the Cloudpill Summit!"

...

If Emyrean Chaoyuan did not use the Daytime Cauldron, maybe Ye Yuan still had the strength to contend. But Ye Yuan let him use the Daytime Cauldron.

With the augmentation of an emyrean spirit treasure, Emyrean Chaoyuan's strength was at least 20%-30% stronger.

This was practically fatal in the showdown between experts.

Even Ye Yuan himself was also slightly surprised in his heart. He also did not think that Emyrean Chaoyuan's strength was actually so strong.

Looking at the strength that Emyrean Chaoyuan displayed, it could virtually rival Emyrean Flutterfeather's back then.

However, Ye Yuan was not the slightest bit worried and brimmed with fighting intent instead.

Only by encountering such an opponent would this trip not have been in vain!

“Haha, bring it!”

Ye Yuan laughed loudly, the Chaos Heavenly Star Art suddenly erupted. An aura that was not weaker than Emphyrean Chaoyuan instantly erupted.

Bang!

The collision of two mighty auras was akin to two massive mountains colliding together, sweeping up an energy storm frenziedly.

This spectacle was not the slightest bit inferior to the imposing momentum Ye Yuan and Emphyrean Flutterfeather’s alchemy battle back then!

Emphyrean Pilljade’s pupils constricted and he cried out in surprise, “Evenly-matched! This ... how is this possible?”

One had to know, not only did Emphyrean Chaoyuan occupy the absolute advantage in divine soul, divine essence, and various aspects, he even had the augmentation of an emphyrean spirit treasure.

But even so, he only fought until he was roughly on par with Ye Yuan.

This was also to say that if it was under the same rank, Emphyrean Chaoyuan was not Ye Yuan’s match at all!

Emphyrean Flutterfeather’s eyes also emitted a rare glimmer.

Of those present, only he knew that Ye Yuan’s strength became much stronger compared to their alchemy battle before.

If the current Ye Yuan carried out an alchemy battle again with him back then, it would not be known who would emerge victoriously!

“Huhu, is it just evenly-matched?” Emphyrean Flutterfeather said with a smile that was not a smile.

Hearing this, everyone was startled inwardly.

Focusing their eyes and looking, sure enough, they saw Ye Yuan’s aura becoming stronger and stronger, and actually faintly showed signs of overpowering Emphyrean Chaoyuan.

However, this kind of advantage was not obvious, Emphyrean Chaoyuan was after all not the likes of Emphyrean Proudcloud.

At this moment, Emphyrean Chaoyuan had a somber look. He never dreamed that he would actually feel such tremendous pressure from a Six-star Alchemy God.

Emphyrean Chaoyuan was an itinerant cultivator. He had once obtained an Eight-star Alchemy God’s inheritance by chance.

This Grand Luotian Thousand Illusory Dreamcloud True Art, even when facing-off against any holy land’s master, he did not fear in the slightest too.

Who could have thought that he would actually be suppressed in front of Ye Yuan?

Two massive mountain-like auras added radiance and beauty to each other, soaring straight to the sky. This scene was rather similar to Ye Yuan's battle with Empyrean Flutterfeather back then.

But sadly, Empyrean Chaoyuan's was ultimately a notch weaker and was unable to produce a resonance with Ye Yuan.

Ye Yuan released his aura fully, gradually shattering the scene of being evenly-matched in strength, and actually suppressed Empyrean Chaoyuan.

However, Empyrean Chaoyuan did not show weakness in the slightest too, standing up to Ye Yuan's aura firmly.

Empyrean Pilljade's expression became more and more solemn, narrowing his eyes as he said, "Could it be that ... he already touched the threshold of Ancestor Realm, and stepped into half-step Ancestor Realm?"

Empyrean Flutterfeather had a smile in his gaze, secretly thinking to himself that this guy finally became aware of it!

The moment Ye Yuan made his move, Empyrean Flutterfeather discovered that Ye Yuan's present realm was already similar to his back then!

This was also to say that Ye Yuan already glimpsed the door of Ancestor Realm. As long as there was an opportunity, he would be able to step into Ancestor Realm.

Dao Realm to Ancestor Realm, the most difficult was this step.

Ancestor Realm was too fleeting and ephemeral. Even for grand completion Dao Realm to want to touch this boundary, it required an immense comprehension ability and a lucky chance too.

Even Empyrean Flutterfeather also did not expect that Ye Yuan actually found this path so quickly.

Just how much time had passed from the last Alchemy Celestial Pavilion alchemy battle until now?

This kid's comprehension ability simply startled heaven and earth and made gods and ghosts weep.

Empyrean Pilljade's words were like casting a rock into a pool of still water, immediately a series of great waves.

"What? Half-step Ancestor Realm! Doesn't that mean that he has a possibility of stepping into Ancestor Realm at any time?"

"Too crazy! Really too crazy! Could it be that this kid is the reincarnation of the Medicine Ancestor?"

"He's just in the True God Realm! Once he reaches the Empyrean Realm or the Heavenly Emperor Realm, how terrifying would he be?"

...

The group of Seven-star Alchemy Gods immediately burst into an uproar!

Ancestor Realm, that was all of their lifelong pursuits. But this step was far too difficult.

Forget about Empyrean Proudcloud, this kind of late-stage Dao Realm, even the seven great peak holy land's masters were also stuck firmly in front of this step, unable to break through for hundreds of thousands of years.

But how old was Ye Yuan?

Such a monstrous existence simply made them jealous until they wanted to kill people.

All the way until this moment, they finally understood why Empyrean Flutterfeather gave the grandmaster token to Ye Yuan!

Ye Yuan already surpassed 95% of the Seven-star Alchemy Gods here, reaching a realm that they looked up to.

Even for the seven great peak holy land's masters, apart from Empyrean Pilljade, there was only an Empyrean Flutterfeather who touched the threshold of Ancestor Realm and stepped into half-step Ancestor Realm.

The others were all lingering around grand completion Dao Realm. Regarding Ancestor Realm, they were unable to find the correct approach from start to end.

Ye Yuan was an existence on the same level as Flutterfeather!

If even he did not have the qualifications to hold this grandmaster token, who else had the qualifications?

"Condense!"

"Condense!"

Virtually crying out in chorus, Ye Yuan and Empyrean Chaoyuan shouted out.

Empyrean Chaoyuan looked toward Ye Yuan, his gaze still carried shock.

If talking about who had the strongest feelings with regards to Ye Yuan's strength, it was none other than him.

"This battle indeed didn't let this old man down! I didn't expect that Grandmaster Ye stepped into half-step Ancestor Realm at a young age, truly envying this old man to death!" Empyrean Chaoyuan lamented.

Ye Yuan smiled and said, "Brother Chaoyuan doesn't need to be envious. With your strength, you'll eventually step into Ancestor Realm in the future!"

Empyrean Chaoyuan suddenly laughed out loud, saying, "*Hahaha* ... this old man has never doubted this! This battle, this old man has reaped great benefits. This trip wasn't in vain. The rest no longer have any meaning. Brother Pilljade, Brother Flutterfeather, this old man will be going back to enter closed-seclusion and will bid farewell here!"

Done talking, he did not wait for everyone to say anything, directly stepping into the void.

Unrivaled Medicine God

Chapter 2040: Structure Changes

The furnace had yet to be opened, but everyone already had an idea about the results in their hearts.

Before this, no one would feel that Ye Yuan could really defeat all of the Seven-star Alchemy Gods and sit on the seat of grandmaster.

But now, Ye Yuan used his fearsome strength to refresh everyone's understanding.

"He ... He really did it! Truly inconceivable! A Six-star Alchemy God actually swept across all the Seven-star Alchemy Gods!"

"If Empyrean Pilljade doesn't make a move, there's likely no one who can do anything to him in this land of Southern Border, right?"

"Truly terrifying talent! Could it be that this Heavenspan World is really going to produce a second Medicine Ancestor?"

...

Recalling the scenes of Ye Yuan battling in alchemy, everyone still felt like they were dreaming.

That was not some new rising Alchemy Dao star, he was already standing at the summit of the Southern Border's alchemy world!

Surpassing Empyrean Pilljade was likely just a matter of a twinkling of an eye.

No one doubted that Ye Yuan would step into Ancestor Realm!

Ancestor Realm required countless years of accumulation to others. But to Ye Yuan, it did not seem distant.

Didn't he also just spend more than a short thousand years' time to reach this step today?

In the crowd, Yun Yi's face was full of a bitter smile.

When he heard that Ye Yuan was this season's Cloudpill Summit's grandmaster, his first reaction was refusing to accept it.

He, Yun Yi, was Empyrean Pilljade's great-grandson. His alchemy talent was unparalleled. He only used 3000 years and broke through to the Dao Realm.

Even those Dao Realm geniuses in the Cloudpill Summit this time also used at least 5000 years and above.

All geniuses paled in comparison in front of him.

He believed that the day would come when he would be able to reach Empyrean Pilljade's height and become the apex of this Southern Border.

But all this pride was crushed into smithereens in front of Ye Yuan.

In front of Ye Yuan, what did Empyrean Pilljade count for?

Those geniuses who had once attempted to challenge Ye Yuan had even more shameful looks because of their unworthiness.

Ye Yuan was not using Ning Siyu as a shield at all. He was really disdainful to take action against juniors.

That was an insult to a grandmaster!

Would Emphyrean Pilljade, Emphyrean Flutterfeather, Emphyrean Chaoyuan, these people, accept the challenge of a junior?

Obviously not!

Ye Yuan's maidservant, Ning Siyu, was the one in the same generation as them.

While Ye Yuan was a big shot on equal footing with the Southern Border's pinnacle-most alchemy masters!

"Brother Pilljade, I wonder if this Ye has the qualification to sit in this grandmaster seat now?" Ye Yuan looked at Emphyrean Pilljade and said nonchalantly.

Emphyrean Pilljade had an awkward look. Forcefully squeezing out a smile, he said, "Of course you're qualified! Grandmaster Ye really broadened this Emphyrean's horizons today!"

Under the watchful gazes of the people, Ye Yuan slowly sat on the grandmaster seat.

While at this time, his seat was already arranged next to Emphyrean Flutterfeather.

Clearly, this represented that his status already towered above the other five great holy lands' masters!

In the plaza, all gazes were focused on Ye Yuan.

What kind of glory was this!

After Ye Yuan took his seat, Emphyrean Pilljade appeared slightly embarrassed as he said, "*Cough, cough*, Grandmaster Ye's title is fully deserving. Since Grandmaster Ye has proved his strength, then the Cloudpill Summit this time will officially ..."

"Wait a minute!" Right at this time, Emphyrean Flutterfeather suddenly opened his mouth and interrupted Emphyrean Pilljade's words.

Emphyrean Pilljade's brows furrowed and he said in a solemn voice, "Is there something else, Younger Brother Flutterfeather?"

Emphyrean Flutterfeather said with a faint smile, "Since this Cloudpill Summit is so lively, why don't we let it a little livelier? I wonder what's your opinion, Brother Pilljade?"

Emphyrean Pilljade smiled coldly when he heard that and said, "Your words, are you challenging this Emphyrean?"

Emphyrean Flutterfeather said with a faint smile, "It's impolite not to reciprocate since Brother Pilljade questioned this Emphyrean's sincerity toward the Cloudpill Summit. Due to this, I, Flutterfeather, naturally have to seek justice for Ye Yuan. Does Brother Pilljade dare to have a battle?"

Talking until the back, the aura on Emphyrean Flutterfeather's body suddenly erupted, like a sharp sword that was about to be drawn; not revealing the sharp edge, but the sharp sword suspending high above carried a powerful confidence of who but myself could do it?

Emphyrean Pilljade chuckled and said, "In this land of Southern Border, no idea how many years it has been since anyone has challenged this Emphyrean. Fine, as you wish!"

The plaza burst into an uproar!

Emphyrean Flutterfeather was actually going to challenge the Southern Border's kind, Emphyrean Pilljade!

Who did not know that Emphyrean Pilljade was the only Ancestor Realm powerhouse among the Southern Border's Seven-star Alchemy Gods?

Where did Emphyrean Flutterfeather get the guts?

The Emphyreans present also had surprised faces, clearly not expecting that Emphyrean Flutterfeather was so resolute.

He was clearly standing up for Ye Yuan. But was he Emphyrean Pilljade's match?

Everyone knew that Emphyrean Flutterfeather was a rising star, and he was also once the Southern Border's number one genius, his light dazzling.

But for so many years, Emphyrean Flutterfeather had always been suppressed by Emphyrean Pilljade.

As for why, everyone had an idea in their hearts.

Emphyrean Pilljade felt threatened!

Suddenly, everyone thought of a possibility. Each and every one of them opened their eyes wide, their faces full of disbelief.

Could it be that this Southern Border's alchemy world was going to change rulers?

Emphyrean Flutterfeather said with a faint smile, "Brother Pilljade agreeing so readily, don't forget our Southern Border Alliance's agreement!"

Emphyrean Pilljade's face changed and he said with a cold smile, "Even if you really broke through to Ancestor Realm, would this Emphyrean lose to you?"

Emphyrean Flutterfeather said coolly, "Talk is cheap. Let's showcase our true abilities!"

Finished talking, Emphyrean Flutterfeather's figure leaped, landing on the ring.

Emphyrean Pilljade gave a cold snort, striding with his hands behind his back, and similarly landing in the ring.

"Don't say that this Emphyrean is bullying you. You decide the medicinal pill!" Emphyrean Pilljade said with a proud look.

As the Southern Border's number one person, Emphyrean Pilljade had his pride.

Emphyrean Flutterfeather said, "Heavenly Center Nine Lives Pill then!"

Empyrean Pilljade's pupils constricted and he said, "You indeed broke through?"

The refining difficulty of rank seven divine pills was tremendous. Without Dao Realm strength, one could basically only refine level one or two medicinal pills.

And level nine and above medicinal pill, without Ancestor Realm strength, it could not be refined at all.

This Heavenly Center Nine Lives Pill was a kind of level nine medicinal pill!

Empyrean Flutterfeather choosing this medicinal pill clearly showed that he already stepped into the Ancestor Realm!

"Huhu, speaking of which, this still have to thank Younger Brother Ye. Without him, I'm afraid that it will be difficult to break through even if given another 100 thousand years too!" Empyrean Flutterfeather said with a smile.

"What? Empyrean Flutterfeather really stepped into the Ancestor Realm? Then doesn't this mean that a second Ancestor Realm powerhouse appeared in our Southern Border?"

"Empyrean Flutterfeather stepping into Ancestor Realm is actually related to Ye Yuan!"

"My God, why is this Ye Yuan so monstrous? An Ancestor Realm, a half-step Ancestor Realm, looks like this Southern Border alchemy world's structure is really going to change."

...

Hearing this news, the plaza broke out into a commotion!

The Myriad Treasure Tower suddenly having an additional Ancestor Realm and a quasi-Ancestor Realm, their alchemy strength would soar greatly.

This Southern Border alchemy world was no longer the Cloudpill Great Imperial Capital's world.

What surprised people, even more, was that Empyrean Flutterfeather breaking through to the Ancestor Realm was actually because of Ye Yuan.

It could be said that Ye Yuan made the Southern Border completely change rules with his power alone!

Empyrean Pilljade gave a cold snort and said, "Even if you broke through to the Ancestor Realm, you also merely just entered the Ancestor Realm. Do you really think that you've cornered this Empyrean? This Empyrean will let you take a look at the true strength of the Ancestor Realm!"
