#### Chapter 2051: The Superficiality of Human Relationships

“Duan Yunfei, have you trained Serene Cloud Three Hundred Hands a thousand times? You dare to slack off here?” Yun Yi looked at the Duan Yunfei currently basking in the sun, reproaching angrily.

Duan Yunfei was the youth surnamed Duan who ridiculed Ye Yuan back then. When choosing a master, Duan Yunfei similarly joined in choosing Ye Yuan without the slightest hesitation.

After their group of people came to Heavenly Eagle Imperial City, they joined the Pill Tower. It was just that according to Ye Yuan’s instructions, they could only become medicine boys. Disregarding these miscellaneous chores, what they cultivated were also the most basic alchemy techniques.

To these alchemy geniuses who were arrogant at heart and haughty in manner, this was simply something that could not be tolerated.

They had to repeatedly do some dreary things every day, there was no time to cultivate at all.

In their view, it was completely wasting time.

This was not tempering them at all, but making fun of them.

In less than half a year, more than ten people left Heavenly Eagle Imperial City.

After a year, another seven to eight people could not endure it and left.

These genius disciples more or less had some background.

Later, after they heard the news of Ye Yuan’s demise, one after another left in swarms.

Now that ten years had passed, the original 40 people only had three scanty people left.

Apart from Yun Yi and Duan Yunfei, there was also a young man called Yang Xuan.

Yang Xuan was the Five-star group’s 20th place, which was also the last place. But only he persisted until now.

Even Luo Tianqi also immediately chose to leave after hearing that Ye Yuan fell.

“*Heh*, Brother Yun, if you didn’t make me stay behind, I, Duan Yunfei, would have long left! A lousy Serene Cloud Three Hundred Hands, I’ve already trained no less than several tens of thousands of times. What use is there? Moreover, Ye Yuan is already dead. Is there still meaning in continuing to persist?” Duan Yunfei said with a disdainful face.

Yun Yi’s brows furrowed, and he said with a cold snort, “Duan Yunfei, I kept on making you cultivate diligently, but you wouldn’t listen! Reading a book 100 times, the meaning can naturally be seen. Refining pills is also the same logic! If you trained in the Serene Hand Three Hundred Hands diligently, there will absolutely be a different feeling.”

Duan Yunfei chuckled and said, “Enough of that! Merely a rank one or two alchemy technique, what kind of different feeling can there be? You already trained diligently for ten years, but I didn’t see that

your realm had any breakthrough either! Forget it, forget it! I don't have the time to waste time here. Brother Yun, you're really not leaving together with me?"

By the side, Yang Xuan said, "Brother Duan, what Brother Yun said is correct. I also didn't expect that these foundational alchemy techniques still had such miraculous comprehensions in the past. If you cultivate diligently, it will really be different!"

Duan Yunfei gave a cold snort and said, "What has it got to do with you? Do you think you can call me Brother Duan? Get lost!"

Yun Yi's brows knitted tightly, and he said in a solemn voice, "You really want to go?"

Duan Yunfei said coolly, "Brother Yun, it's not that I'm criticising you, but no matter how great Ye Yuan's talent was, he also played himself to death! Your talent is currently the Southern Border's number one, but you want to waste your time here?"

Yun Yi heaved a sigh and said, "Forget it! There is little common ground for understanding between persons of differing principles. Leave! It's just that, hope you don't regret it in the future!"

Duan Yunfei smiled and said, "Regret? How is that possible! Brother Yun, the one regretting will be you! It's already been ten years, yet Ye Yuan didn't even wake up. Do you feel that he can still wake up?"

Finished talking, Duan Yunfei left with a loud laugh.

Yang Xuan let out a sigh and said, "Brother Yun, I really didn't expect that you could actually persist until this step."

Yun Yi was somewhat lost in deep reverie. Hearing Yang Xuan said this, he smiled slightly and said, "Is it that in your eyes, I'm just a silkpants, and that I can't endure hardships and suffering?"

Yang Xuan blushed. Clearly, he thought so.

But in these ten years, Yun Yi's actions and conduct indeed made him view him in a different light.

He was the one among everyone who could bear the most hardships and also cultivated the most diligently.

Even these rank one and two alchemy techniques, he had long already memorized them thoroughly, but he still practiced them again and again fastidiously,

When everyone was about to leave, it was also Yun Yi who spoke up and urged earnestly.

It was just that no one listened to him at all.

Musing for a moment, Yang Xuan suddenly said, "Brother Yun, then do you feel that ... Grandmaster Ye can really come back?"

Yun Yi's gaze turned intent. Heaving a sigh, he shook his head and said, "Honestly telling you, I also don't know!"

Yang Xuan said in surprise, "T-Then you're still staying here?"

Yun Yi smiled bitterly and said, "If it were five years ago, I still had some confidence that Grandmaster Ye can return. But it's already ten years now, that side has already sent news that Grandmaster Ye's body is already totally without any breathing. It's completely the manifestation of not having any life force. The reason why I stayed here is that I felt that Grandmaster Ye wasn't just testing us. He was really teaching us things. Ever since arriving at the Pill Tower, I discovered that turns out one can cultivate like this. The things that we originally overlooked are too many. Yang Xuan, I think that you also have the same feeling, right?"

Yang Xuan nodded his head seriously and said, "It's indeed like so! A towering skyscraper is constructed from its very base. We think that our alchemy talent is outstanding, but we neglected the importance of foundation. I think that for Grandmaster Ye to be able to have such terrifying strength at a young age, a very large part of the reason comes from this, right?"

Yun Yi nodded his head, deeply feeling that way too.

In these 10 years, Empyrean Pilljade called him back many times, but he refused to go back no matter what.

He was waiting, waiting for a miracle to appear!

...

Empyrean Flutterfeather looked at the Ye Yuan inside the Sea of Law, his gaze was extremely complicated.

"Ye Yuan, are you really dead? This Empyrean doesn't believe that you'll die in this matter. But ... it's been ten years. Why haven't you woken up yet?" Empyrean Flutterfeather said with a sigh.

"*Heh heh*, Brother Flutterfeather came again? It's already been more than ten years. You still haven't given up? This kid pried into Heavenly Dao, his divine soul has long been wiped out already. You're actually still thinking that he can come back to life?" Empyrean Proudcloud said with a snicker.

Empyrean Flutterfeather's brows furrowed slightly and said with a cold snort, "Proudcloud, these few years, the few of you went against the Peak Alchemy Meet's agreement and secretly ate Heavenly Eagle's territory. Do you really think that my Myriad Treasure Tower is to be trifled with?"

Empyrean Proudcloud laughed loudly and said, "Brother Flutterfeather's words are not right! Ye Yuan has already died. The places that Heavenly Eagle has jurisdiction over naturally became ownerless lands. Such a large territory, if those martial artists don't have medicinal pills, how to cultivate? We're also blessing a region by doing so, right?"

Flutterfeather's gaze turned slightly cold and was just about to fly into a rage when suddenly, his expression changed, gazing toward the Sea of Law in alarm.

But Empyrean Proudcloud laughed wildly and said, "*Hahaha!* The Sea of Law has started dissipating! Brother Flutterfeather, you can help Ye Yuan collect his corpse already."

Not far away, the Sea of Law that had been calm all along finally had activities.

The vast power of law made the spiritual energy around Tianyue Plaza produce intense undulations.

*Rumble!*

Right at this time, the winds and clouds suddenly changed. The sky gradually became dim.

In the space where the Sea of Law was at, a violent storm suddenly swept up. Limitless heaven and earth spiritual energy closed in toward the Sea of Law frenziedly.

Countless heaven and earth spiritual energy condensed to form a spiritual energy fog, turning corporeal!

And this storm was formed with Ye Yuan as the center!

Empyrean Flutterfeather was wildly elated in his heart. He then laughed coldly and said, "Collect corpse? Looks like ... there's no need anymore! I think you'd better think about how to give an account to the alliance!"

### Unrivaled Medicine God

#### **Chapter 2052: All-round Breakthrough!**

"This ... how is this possible?"

Empyrean Proudcloud's pupils constricted, with his expression changing wildly, looking at Ye Yuan who was at the center of the storm in disbelief.

This kind of thing should not happen at all!

Ye Yuan, he, was actually breaking through?

How could a person possibly last for as long as ten years inside such a horrifying Sea of Law?

The current Ye Yuan's imposing aura was extremely exuberant, with his life force thriving. How was there still any appearance of a dead person?

Ten years had gone by. There were only a scanty few people left who were still waiting for Ye Yuan to wake up around Tianyue Plaza. Lin Tong was among them.

Seeing this marvelous sight, Lin Tong's face showed wild ecstasy, his entire body was trembling in agitation.

"Hahaha! Grandmaster Ye indeed didn't die! Indeed didn't die! I knew that he wouldn't die! He wouldn't die!" Lin Tong said with near madness.

In these ten years, his mood fell to rock-bottom bit by bit. He even could not hold on anymore already.

But thinking of Ye Yuan's grace to him, he still persisted.

Around Tianyue Plaza, one figure after another suddenly appeared.

Those Empyrean powerhouses that had not left Cloudpill Great Imperial Capital showed up one after another.

Actually, the majority of the Empyreans did not leave.

They benefited a great deal inside the Sea of Law. Naturally, the earlier they comprehended, the more they digested.

Hence, in these ten years, a majority of the people all stayed behind in Cloudpill Great Imperial Capital.

At this time, everyone's faces were full of marvel.

They never would have thought that not only did Ye Yuan come back to life, but he also even caused such a huge commotion.

Looking at this, Ye Yuan's breakthrough was not simple!

This kind of commotion was far stronger compared to breaking through to Fourth Firmament True God!

"Grandmaster Ye really can't be gauged with common sense! Who could have thought that he was still for ten years? Not only did he come back to life, but there's also even such a huge breakthrough." Empyrean Lumen lamented.

"Looking at this scene, the heaven and earth spiritual energy in the circumference of 100 thousand miles seems to have been drawn over by this Sea of Law. If it's all absorbed, even if a Seventh or Eighth Firmament True God came, they would also blow up!" Empyrean Blazing exclaimed in admiration.

The commotion of Ye Yuan's breakthrough was too vast. Even if these Empyreans saw it, their faces changed slightly too.

While this bit of spiritual energy was nothing in their eyes, when placed in True God Realm, it was absolutely horrifying.

"He started absorbing spiritual energy!"

An Empyrean opened his mouth. Everyone held their breaths.

They all wanted to see just how far Ye Yuan could go.

At this time, in the center of the storm, Ye Yuan revolved the Chaos Heavenspan Canon frenziedly and started swallowing like a whale.

Ye Yuan thought, *after ten years of comprehending the Dao, finally I entered Ancestor Realm! According to my current accumulations, even if I break through directly to become a peak Sixth Firmament True God, there's also not the slightest problem. It's just that ... I don't know if this spiritual energy is enough to use or not!*

Even so, the seals that his hands were making were not the least bit slow.

One cluster of fog after another was directly absorbed into the body by him, and then being refined and stored in the Origin Pill.

That was time, it was one cluster after another, and not trace by trace.

With Ye Yuan's accumulations, he could have broken through to become a Fourth Firmament True God long ago.

Presently, comprehending Dao for ten years inside the Sea of Law, this was a lucky chance that bystanders could only look but could not catch up to.

With his current accumulations, directly breaking through even reaching to be a peak Sixth Firmament True God would not have the slightest hidden danger.

His aura rose steadily up, breaking through to become a Fourth Firmament True God without any surprises.

Except, this was far from stopping yet!

The current Ye Yuan was like a gluttonous behemoth as if he could swallow the entire world in one mouthful.

The speed of the spiritual energy condensing actually could not keep up with his speed of absorbing.

Outside of the Sea of Law, the group of Empyrean powerhouses watched dumbfoundedly and tongue-tied.

"This ... Absorbing spiritual energy like this, isn't he afraid of being stuffed until he explodes?" Empyrean Proudcloud opened his eyes wide and cried out in alarm.

"Stuffed until he explodes? *Huhu*, you don't know, right? Ye Yuan has a perfect sixth transformation golden body! At the same time, he's absorbing spiritual energy to increase his realm, and he's also transforming his fleshy body! I'm afraid that ... he'll complain that this isn't enough!" Empyrean Flutterfeather gave Empyrean Proudcloud a sidelong glance and said with a cold smile.

Finished talking, without waiting for Empyrean Proudcloud to be surprised, he reached his hand out and beckoned, yelling, "Ye Yuan, this Empyrean will lend you a helping hand!"

An Empyrean making a move, the heaven and earth spiritual energy within several hundreds of thousands of miles seemed to have been spurred, swarming over toward Tianyue Plaza frenziedly.

Although Ye Yuan was formidable, his realm was after all too low.

He wanted to gather more heaven and earth spiritual energy but lacked the strength to match his will.

Suddenly, he heard Empyrean Flutterfeather's bellow, and he could not help brightening up in his heart.

The surrounding spiritual energy actually turned into fine rain, falling down from midair!

But this spiritual energy fine rain would not land on the ground at all before being directly absorbed by Ye Yuan.

"*Hahaha!* Many thanks, Brother Flutterfeather!" Ye Yuan said in a clear voice.

With Empyrean Flutterfeather's help, Ye Yuan's aura soared straight to the highest heaven, his fleshy body and Martial Dao realm rising frenziedly at the same time.

At the same time, his divine soul also started fluctuating already, and actually started absorbing the Sea of Law!

*Rumble!*

Above the void, lightning flashed.

Ye Yuan's essence, energy, and spirit, three paths breaking through at the same time, how outrageous was the commotion?

Empyrean Proudcloud cried out in surprise, "He ... He's absorbing the Sea of Law! Is he mad?"

The other people's faces were also struck dumb with amazement!

What was the Sea of Law?

Putting it bluntly, that was a part of Heavenly Dao. That was something that surmounted above all life.

Even Empyrean powerhouses only comprehended inside too, how could they dare to show the slightest hint of blasphemy?

But Ye Yuan actually wanted to absorb the Sea of Law!

*"Hahaha! The sea is boundless. I'm only taking a grain of it! Absorb for me!"*

Ye Yuan laughed heroically while absorbing the Sea of Law frenziedly, causing his divine soul to bolster up continuously.

While he was unable to absorb so much of the Sea of Law, just absorbing a little and strengthening his divine soul was achievable.

Dustless's voice suddenly sounded out, "Ye Yuan, absorb more of the Sea of Law! Hurry!"

Ye Yuan did not have time to think too much. He just nodded slightly and poured a portion of the Sea of Law absorbed inside the Soul Suppressing Pearl.

No idea how long had passed either, the surrounding heaven and earth spiritual energy was practically absorbed clean by Ye Yuan. His breakthrough ... finally stopped.

"He's now a peak Fifth Firmament True God!" Empyrean Proudcloud's pupils constricted, looking at that figure that walked over in astonishment, full of disbelief.

Ye Yuan did not even move for ten years. The moment he did so, it was earth-shattering, directly breaking through two minor realms, reaching peak Fifth Firmament True God!

One should not look at how it was only two minor realms. For the others, that required several thousands, even several tens of thousands of years of accumulation, before it could be achieved. How horrifying was the spiritual energy required?

But Ye Yuan merely used ten years!

What they did not know was that Ye Yuan made use of this boundless spiritual energy and also broke through to the late-stage sixth transformation golden body.

As for his divine soul, it even reached peak rank six already!

This breakthrough could virtually use a complete remolding to describe Ye Yuan.

The Empyrean Pilljade who had been silent all along, his gaze flickered incessantly, and said with vicissitudes of emotion, "Yun Yi, that kid, he bet correctly!"

"Huhu, Brother Flutterfeather, many thanks for your assistance! If not for you, this Ye's breakthrough likely won't be so smooth," Ye Yuan took a few steps and arrived in front of Empyrean Flutterfeather and said while cupping his fists.

### Unrivalled Medicine God

#### **Chapter 2053: Shedding All Pretenses of Cordiality!**

At Heavenly Eagle, Duan Yunfei looked at Yun Yi with a look of awkwardness.

Before leaving, he pledged in all solemnity, saying that Yun Yi would regret it. But now, it was him who regretted it.

Yes, he came back again.

After receiving the news of Ye Yuan's domineering breakthrough, he returned to Heavenly Eagle without any stop.

Presently, the Pill Tower's administrator was Xuan Yu.

Toward these genius alchemists whose backgrounds were exceedingly profound, Xuan Yu could not offend them either. He could only let them come back.

Although he knew that Ye Yuan would not take these people in, how to decide it was Ye Yuan's business. He could not very well make a decision for Ye Yuan too.

"Brother Yun, I ..." Duan Yunfei said with a bitter face.

He persisted for as long as ten years but did not expect to fall short of success at the last second.

But not coming to try one time, he was also not reconciled to it.

Maybe Ye Yuan's heart would soften and take him in?

Yun Yi looked at Duan Yunfei and said with a sigh, "Sigh! I urged you not to leave back then, but you wouldn't listen! You already held out for ten years, so why was there a need to be anxious after that long?"

Duan Yunfei revealed a smile that was even uglier than crying and said, "Who could have thought that ... it would be like this?!"

At that time, the whole world firmly believed that Ye Yuan already died. Duan Yunfei never dreamed that not only did Ye Yuan not die, but also his strength improved greatly instead.

He already received the news from the Duan Family that Ye Yuan's domineering breakthrough at Cloudpill Great Imperial Capital shocked the world.

Essence, Energy, and Spirit; three paths breaking through at the same time, strength advancing by leaps and bounds, directly stepping into Ancestor Realm.

Such a heaven-defying figure, he actually thought that he was dead for sure previously!

*Freaking hell, Your Father's head must have been kicked by a donkey!*

Yun Yi shook his head and said, "Although I don't understand Grandmaster Ye, it seems like this level of figure will surely be proud to the extreme. Previously, even though you weren't too diligent in cultivating, he might have taken you in in consideration of your willpower. But you left halfway, so it's likely very hard for him to take you in anymore."

Duan Yunfei's expression choked up, Yun Yi's words dealt a blow to him.

Ten years of persistence were scrapped in one day!

*"Sigh, even if there's only a trace of hope, I also want to stay! Hope that he'll take me in on the account of my ten-year persistence!"* Duan Yunfei said with a sigh.

He currently regretted it until his intestines were green, but there was no regret medicine to eat in this world.

At least, his hope was much higher compared to Luo Tianqi those people.

Ever since Ye Yuan's news came over, the geniuses that left previously, many came back again one after another.

Presently, inside the Pill Tower, there were already close to 20 people.

Toward Yun Yi and Yang Xuan persisting like this, they were previously disdainful and scoff in derision at it before this.

But now, they were endlessly envious of these two people.

At the very least, these two people's chances were greater than theirs.

...

Inside Cloudpill Great Imperial Capital's City Lord Manor, Ye Yuan's gaze looked towards Emphyrean Proudcloud scorchingly and he said with a cold smile, "Brother Proudcloud, shouldn't you all give this Ye an explanation?"

Emphyrean Proudcloud gave a cold snort and said, "What explanation do you want? I've already sent the order, all of this Emphyrean's forces will immediately withdraw out of your sphere of influence. Could it be that this still isn't enough?"

"Not enough!" Ye Yuan said firmly and clearly.

Emphyrean Proudcloud sneered and said, "You say that it's not enough and so it's not enough? Don't look at how you're sitting on the seat of a grandmaster, thinking that you can really throw hands with this Emphyrean."

Ye Yuan said coolly, "Throw hands? You're fit too?"

"You!" Emphyrean Proudcloud said, seemingly stifled.

But Ye Yuan did not even look at him. Looking at Emphyrean Pilljade, he said, "Brother Pilljade, I wonder how you view this matter?"

From Empyrean Flutterfeather there, Ye Yuan had long known that this Empyrean Proudcloud and some of the other Empyreans were merely Empyrean Pilljade's lackeys.

As long as he forced Empyrean Pilljade to lower his head, Empyrean Proudcloud naturally would not even dare to let out a fart.

Empyrean Pilljade's face fell and he said, "Although Younger Brother Proudcloud was wrong in this matter, during these ten years, everyone thought that something happened to you. According to the alliance's agreement, your territory was a land without a master. Therefore, Younger Brother Proudcloud's crime is pardonable!"

Although Yun Yi wanted to acknowledge Ye Yuan as master, this was this, and that was that.

In front of such tremendous profits, why would Empyrean Pilljade care about a measly little Yun Yi?

One should not look at how the places that Empyrean Proudcloud they all occupied was small. All of the Empyreans added up also reached 30% of the entire territory.

Cloudpill Great Imperial Capital already lost the position of alliance chief and 10% of the share. So how could they still make any concessions?

No matter how genius that Yun Yi was, he was also just a junior.

His Cloudpill Great Imperial Capital was such a colossal titan. Wouldn't grooming one or two geniuses still be easily accomplished?

Moreover, even if Yun Yi failed to acknowledge him as master, could it be that he could not teach him?

No matter what, he was an Ancestor Realm powerhouse too!

Empyrean Pilljade still had this bit of pride.

Ye Yuan smiled coldly and said, "Land without a master? *Heh heh*, want to act shamelessly is it? Looks like ... you all won't shed tears without seeing the coffin!"

Empyrean Proudcloud smiled coldly and said, "What? Could it be that you still really dare to withdraw from the alliance? Do you think that Brother Flutterfeather really dares to play such high stakes with you? Once you guys withdraw, that's contending against the entire Southern Border's alchemy world! You weigh the consequences yourself!"

The other Empyreans, including several grandmasters, all secretly nodded.

Ye Yuan said that he had more than a dozen pill formulas in his hands. He merely said it verbally, everyone would not take it seriously.

But becoming enemies with the entire Southern Border's alchemy world, not everyone had this guts.

After all, although Heavenly Emperor Myriad Treasure was formidable, the Southern Border also had quite a number of Heavenly Emperor powerhouses whose strength was not inferior to his.

Empyrean Pilljade also said, "Brother Flutterfeather, once you withdraw from the alliance, it's becoming enemies with everyone seated here! Although Ye Yuan's talent is high, he hasn't grown up after all and isn't able to refine rank seven divine pills. Is it appropriate for you to bet like this?"

His words were threatening Empyrean Flutterfeather, and similarly also isolating Ye Yuan.

Heavenly Eagle was merely a small place. If Empyrean Flutterfeather did not accompany Ye Yuan, Ye Yuan could not stir up any waves at all.

"Brother Flutterfeather, you have to think thrice before acting!" Empyrean Blazing Sun also urged.

The few great grandmasters, even Empyrean Windrider, were persuading Empyrean Flutterfeather. Only Empyrean Lumen was silent.

Clearly, they were joining hands to apply pressure and also joining hands to suppress Ye Yuan.

Once they separated Empyrean Flutterfeather and Ye Yuan, Heavenly Eagle would be a piece of fatty meat. The alliance before would not count anymore.

Previously, the various grandmasters were in a state of disunity and did not condense together at all.

But the shock that Ye Yuan's breakthrough this time brought to them was too strong, making them feel an immense threat.

If the Myriad Treasure Tower had Flutterfeather and Ye Yuan joining hands, who in the Southern Border could still suppress them in the future?

Hence, they unknowingly banded up together.

Everyone was currently chirping and talking non-stop when Empyrean Flutterfeather suddenly stood up. Gaze sweeping across everyone's faces, he said coolly, "You guys are also looking down on me, Flutterfeather, too much! Since you all are so shameless, then ... wage war then! From this day forth, my Myriad Treasure Tower will withdraw from the Southern Border Alliance. As for territory, all of us, each will rely on their own ability! If you guys can snatch territory from my Myriad Treasure Tower's hands, feel free to come and give it a try!"

Everyone's faces could not help changing drastically when they saw the situation.

They all did not expect that Empyrean Flutterfeather was actually so decisive!

### [Unrivaled Medicine God](#)

#### **Chapter 2054: Great Battle Starting**

The matter of the Myriad Treasure Tower withdrawing from the Southern Border Alliance stirred up titanic waves in the alchemy world.

As one of the several leviathans, the Myriad Treasure Tower's strength was second only to the Cloudpill Great Imperial Capital.

But no matter how powerful, it was also merely one of the seven leviathans.

Myriad Treasure Tower withdrawing out of the Southern Border Alliance was equivalent to waging war with the entire Southern Border.

Although it was not a slaughter of real swords and spears, this kind of merchant war was even more intense than fighting.

With the Myriad Treasure Tower's strength, could it survive under the besieging of the six great leviathans and all of the alchemy factions?

"Empyrean Flutterfeather was too impulsive. For the sake of a measly little Ye Yuan, he's actually going to become enemies with the entire Southern Border!"

"*Heh*, Grandmaster Ye is indeed impressive, can even say that it's also not overboard to call him the Southern Border's number one person. It's just that one person's strength is ultimately limited."

"You guys still don't know, right? The six leviathans already opened their shops all in the Myriad Treasure Tower's territory. With this, Heavenly Emperor Myriad Treasure might even have to come forward!"

"The six leviathans move so quickly. Empyrean Flutterfeather's intestines should be green with regret now, right?"

...

Everywhere in the Southern Border, the alchemy world was virtually all discussing this matter.

In their view, Empyrean Flutterfeather's decision was too unwise. It was clearly pushing the Myriad Treasure Tower into the fire pit.

At that time, it would probably need Heavenly Emperor Myriad Treasure to come forward and clean up the mess.

Heavenly Emperor powerhouses normally did not intervene in the affairs of the secular world. But this kind of major thing, Heavenly Emperor Myriad Treasure likely would not be able to look on either.

But at this time, on Lustrous Gold Great Imperial Capital's Cloud Dream Mountain, golden light rippled, horrifying aura came out from it.

Zi Yu and Qing Yun, two people, were feeling this undulation, being incomparably amazed in their hearts.

"Too strong, this is the undulation of Ancestor Realm powerhouses! Didn't expect that Elder Ye stepped into the Ancestor Realm so quickly and actually fought until he's evenly-matched with Master who broke through to Ancestor Realm!" Zi Yu said with alarm.

They looked down on Ye Yuan back then, but Ye Yuan and Empyrean Flutterfeather's battle thoroughly astounded the two of them.

Alchemy Intent Resonance, that kind of spectacular sight was still vivid in their impression until now.

Qing Yun pursed her mouth and said, "Even if he broke through to the Ancestor Realm, so what? He still isn't Master's match! Master even defeated Empyrean Pilljade in this Cloudpill Summit. The present Master is the Southern Border's number one person!"

Zi Yu also nodded and said, "That's true. How can Ye Yuan possibly be Master's match?"

The two people were currently talking when that astonishing aura was withdrawn.

Ye Yuan and Flutterfeather two people walked out with big smiles. Zi Yu, Qing Yun, Chen Chang, and the few elders immediately came up to greet, curious looks on their faces.

"Master, it must be you that won, right? You're the Southern Border's number one Alchemy Dao person!" Zi Yu said brimming with confidence.

Flutterfeather laughed loudly when he heard that and said, "Southern Border's number one person? *Hahaha!* My buttocks isn't warm from seating yet and it's snatched away by this brat! From henceforth, if a Heavenly Emperor doesn't come out, nobody can match him! Even those few old monsters who don't ask about world affairs are likely not Ye Yuan's match too."

Flutterfeather laughed very joyfully, and he also said it very easily. But when it reached the ears of Zi Yu and the rest, it was akin to a bolt out of the blue.

This meaning was that ... theirmaster was defeated?

"This ... How is this possible? Master even defeated Empyrean Pilljade in the Cloudpill Summit!" Zi Yu said in surprise.

In their hearts, Empyrean Pilljade was powerful as stars in the sky, unable to be defeated at all.

Now, their master broke through to the Ancestor Realm and defeated Empyrean Pilljade, who was the Southern Border's number one person, an existence that nobody could defeat.

But their master personally admitted that he was inferior to Ye Yuan.

How could ... this guy be so freakish?"

Flutterfeather laughed in spite of himself and said, "I fought three rounds with Ye Yuan and lost all of them! The rank six divine pills that he refined already infinitely approaches end spirit divine pill. I'm inferior to him!"

Just like when Martial Dao realm was cultivated to later stages, the span of the quality of vast spirit divine pills was also very huge.

If divide vast spirit divine pills to lower, middle, and upper, three grade, then the vast spirit divine pills that the two people refined in the past were middle-grade.

After stepping into Ancestor Realm, the vast spirit divine pills that Flutterfeather refined already reached high-grade.

But the current Ye Yuan, when refining vast spirit divine pills, could already reach peak high-grade, being only a step away from end spirit divine-grade.

If Ye Yuan's strength improved further, refining end spirit divine pills would likely be nothing difficult too.

Of course, talking about it was easy, doing it was hard.

After the Ancestor Realm, each step forward was far too difficult.

Flutterfeather knew that Ye Yuan's talent was exceedingly high, but wanting to poke through this layer of windowpane paper within a short time likely could not be done.

However, even so, Ye Yuan's strength was also sufficiently shocking already.

At present in the land of Southern Border, if Eight-star Alchemy Gods did not come out, likely no one could compete with Ye Yuan anymore.

As long as Ye Yuan broke through to the Empyrean Realm, he would be the true Southern Border's number one person.

Hearing Empyrean Flutterfeather's words, Zi Yu, Chen Chang, and the rest all drew a cold breath.

Three rounds, Empyrean Flutterfeather actually did not even win one match!

This showed that Ye Yuan already firmly suppressed Empyrean Flutterfeather in terms of strength.

Ye Yuan smiled and said, "Brother Flutterfeather, don't flatter me anymore. You bet the Myriad Treasure Tower on this Ye alone, this gamble is a little big! You're so confident in me?"

Flutterfeather smiled and said, "*Huhu*, they don't know your value, but this Empyrean knows! You could even create the Soul Driving Dao Fusion Pill. So what do a mere few kinds of commonly-seen medicinal pills count for? They all thought that you were bragging. When they witness your ability, I wonder what kind of expression it will be! In this game, I'll surely win and not lose. Why wouldn't I bet? Win the gamble and the Myriad Treasure Tower will be the Southern Border's number one major alchemy faction. All of them would have to bow their heads in submission! This Empyrean is already looking forward to the appearance of Pilljade that old fogey lowering his head in front of you and me now. *Hahaha!*"

After saying all these, Empyrean Flutterfeather even roared with laughter.

He did not know Ye Yuan's trump card, but he believed in Ye Yuan.

Others did not know the Soul Driving Dao Fusion Pill's terror, but Empyrean Flutterfeather was perfectly clear.

Those fools, originally something that could be resolved by lowering their heads, they insisted on forcing Ye Yuan to fly off the handle.

Ye Yuan could not help laughing when he heard that and said, "Brother Flutterfeather is really a calculative demon! *Huhu*, just based on your trust, I'll hand over these 15 kinds of pill formulas to you!"

Finished talking, Ye Yuan casually beckoned and took out a pile of jade slips and placed them on the desk.

Empyrean Flutterfeather's pupils constricted and he cried out in surprise, "So many?"

He casually picked up a jade slip and sunk his divine sense inside, his expression changing again.

Without the slightest hesitation, he switched to another jade slip.

Continuing to look one jade slip after another, the expression on Empyrean Flutterfeather's face became more and more solemn.

When he put down the last jade slip, his gaze when looking at Ye Yuan was akin to having seen a ghost.

*"Sigh, this Empyrean thought that I saw through you clearly, but only when I saw these pill formulas, did this Empyrean know that I still underestimated you! Just based on these pill formulas, this Empyrean wants all of them to crawl to Lustrous Gold Great Imperial Capital and lower their heads to you and me!"*

Talking about this, rays of brilliant light seemingly appeared in Empyrean Flutterfeather's eyes.

Ye Yuan's trump card gave him boundless confidence.

Empyrean Flutterfeather knew that this battle would cause a one-sided sanguinary slaughter in the entire Southern Border's alchemy world!

### Unrivaled Medicine God

#### **Chapter 2055: You Can Get Lost!**

Longwind Great Imperial Capital, Martial Dao was flourishing, powerhouses countless.

This place was in the scope of the Myriad Treasure Tower's influence. Other forces could not stick their hands in at all.

Of course, that was just limited to the Southern Border Alliance's rules that the other forces did not dare to enter.

Now, it was different!

Virtually overnight, Longwind Great Imperial Capital's medicine shops had a large bunch emerge like bamboo shoots after the rain.

Tranquil Heart Pavilion, Purplecloud Establishment, Swallow Pill Hall, so on and so forth. But the one with the biggest reputation naturally had to belong to Cloudpill Establishment.

Cloudpill Establishment was a super faction that did not pale in comparison to the Myriad Treasure Tower.

Its appearance symbolized a full-scale war between the Myriad Treasure Tower and the Cloudpill Establishment, two great super forces.

After these medicine shops were opened, they immediately formed a united front.

Unified fixed price, unified distribution, unified sales.

The objective was very simple, target the Myriad Treasure Tower and chase the Myriad Treasure Tower out of Longwind Great Imperial Capital!

Ding Xiao, Cloudpill Establishment's head shopkeeper, was skilled in management and had once chased all of five great grandmasters' factions out of a great imperial capital. Among them was the Myriad Treasure Tower.

Empyrean Pilljade sending him to Longwind Great Imperial Capital was clearly to give the Myriad Treasure Tower a fatal blow.

The news of the Myriad Treasure Tower and Southern Border going to war already spread throughout the entire Southern Border.

And Longwind Great Imperial Capital had an utmost significance to this war.

Once the Myriad Treasure Tower was chased out of Longwind Great Imperial Capital, they would likely have to face an all-round defeat.

At that time, a rout would be like a landslide. It would be hard for the Myriad Treasure Tower to have the strength to salvage the situation anymore.

At this time, inside the newly-opened Cloudpill Establishment's top floor hall, there was a large gathering.

The various major forces' shopkeepers were all gathered here, discussing the ways to target the Myriad Treasure Tower.

"Shopkeeper Ding, that Chou Tianyu is impervious to reason and advice. We've already lowered the prices 30%. Not only did he not lower the price, but he also announced to the outside world instead that after three months, the prices of all of the Myriad Treasure Tower's medicinal pills will rise 20%. I think that ... the Myriad Treasure Tower is taking the road to ruin here!" Tranquil Heart Pavilion's shopkeeper said with a contemptuous look.

The other shopkeepers also nodded slightly, showing visible delight on their faces.

Originally they thought that it was a life-and-death battle. They did not expect that the Myriad Treasure Tower was too weak to stand up to the competition.

Another shopkeeper reminded, "Shopkeeper Ding, although we're fighting a price war, it's bound to cause Longwind Great Imperial Capital's martial artists' frenzied snatching. At that time, the medicinal pills must ensure adequate stock!"

Ding Xiao nodded and said, "Brother Lin rest assured, those big shots above know the importance of this battle and already order their respective factions' Five-star and Six-star Alchemy Gods to go all-out in refining pills. You don't need to worry about the stock of medicinal pills."

Only then did Shopkeeper Lin let out a sigh of relief and said, "Then this Lin can relax. After this battle, even if Heavenly Emperor Myriad Treasure takes action, the Myriad Treasure Tower's share will certainly shrink substantially too."

This level of war, what it competed in was not whose household's Seven-star Alchemy Gods were more.

Looking at the entire Southern Border, Empyrean powerhouses were extremely scarce too.

Reaching this realm, everyone would find Seven-star Alchemy Gods to refine pills in private, and not go to medicine shops to purchase medicinal pills.

The truly massive consumer demographics were the Celestial Deity Realm and True God Realm martial artists.

They had immense purchasing power and also very high demands for medicinal pills.

Hence, whoever that could capture the hearts of this group of martial artists would be the final winner!

For the same of this Longwind battle today, Empyrean Pilljade united the five great peak holy lands and already prepared a certain-kill strike. They would not give Empyrean Flutterfeather any chance at all.

But at this time, Ding Xiao's brows furrowed and he said, "That might be the case, but according to what I know, Chou Tianyu isn't such a foolish person. Even if they are confident that the quality of medicinal pills is better than ours, it's also impossible to take the initiative to raise prices. What I'm worried about is that ... they have other contingencies!"

Shopkeeper Lin laughed loudly and said, "Contingency? What contingencies are there? I heard that for the sake of this war, the big shots gathered all of the most elite Five-star and Six-star Alchemy Gods together. We're a level higher than them in terms of medicinal pills quality! When we achieve big success on our first operation in Longwind Great Imperial Capital, there will be no more Myriad Treasure Tower in the future."

"Yeah, Shopkeeper Ding is too cautious. Although the Myriad Treasure Tower is strong, what do they count for compared to the entire Southern Border?" Tranquil Heart Pavilion's shopkeeper said.

"Shopkeeper Ding is probably afraid of them rolling out some new medicinal pill, right? *Huhu*, my lord has long said before, even if they have one or two new kinds of medicinal pill's pill formula in their hands, it will also be of no avail. Our medicinal pills' quality is good and the prices are low. Martial artists' aren't fools either, so why would they be drawn over by one or two kinds of new medicinal pills?" Purplecloud Establishment's shopkeeper said with a smile.

Ding Xiao's brows gradually smoothened out and he said with a smile, "*Huhu*, it was indeed me who was overly sensitive. About this battle, this Ding has managed things for many years and completely can't see their chances of victory. Even if an Eight-star Alchemy God makes a move, it's also impossible to reverse the situation."

...

At Pill Tower of Heavenly Eagle Imperial City.

Suddenly, someone cried out in surprise.=, "Lord Ye Yuan came! Lord Ye Yuan came to the Pill Tower!"

Yun Yi's entire body trembled, he knew that the moment of judgment had finally come.

But the others used pitying gazes to look at Yun Yi and also pitying gazes to look at Ye Yuan.

“Heh, Grandmaster Ye finally can’t hold out anymore, right? Now, it isn’t him choosing us, but whether we’re willing to acknowledge him as master or not anymore!”

“Once the Myriad Treasure Tower is defeated, if Grandmaster Ye wants to preserve his life, the best method will be to take us in as disciples and draw support from our factions to preserve his life. Otherwise, Heavenly Eagle’s destruction will be near at hand!”

“A shame about Brother Yun Yi. With Grandmaster Ye’s pride, he likely won’t choose him no matter what!”

...

Everyone discussed with laughter, Ye Yuan slowly walked in front of everyone.

“Yun Yi (Yang Xuan), pays respect to Master Ye!”

Yun Yi and Yang Xuan directly knelt down.

As for the rest, they had proud faces, not having the intention of kneeling at all.

“*Huhu*, Brother Yun, you still want to acknowledge him as master until now?” Duan Yunfei said with a disdainful smile.

Ye Yuan’s expression was calm as he looked at Duan Yunfei lightly and said, “Don’t you want to acknowledge me as your master?”

Duan Yunfei smiled and said, “Of course I want to acknowledge you as my master, but the winds of fortune changed. Now, it should be you begging me to acknowledge you as my master, and it’s not me taking the initiative to have you accept me.”

Yun Yi’s brows furrowed, and he said in a cold voice, “Duan Yunfei, you’re insolent! To actually be disrespectful toward Master Ye!”

Duan Yunfei did not care in the slightest and said, “Brother Ye, he might not even be able to protect his small life now, what are you still being so respectful toward him for?”

Ye Yuan took no notice of it. He just smiled faintly, gaze sweeping across the other people’s faces, and opened his mouth and said, “You all think so as well?”

At this time, Luo Tianqi stepped out of the ranks and said to Ye Yuan with cupped fists, “Grandmaster Ye, as long as you’re willing to take me in as a disciple and devote all your attention to teach me, my Luo Family will definitely ensure your safety! You should know, behind my Luo Family is Heavenly Emperor Darktime!”

Another person, a Six-star genius, said, “Grandmaster Ye, my Hai Family has a deep relationship with Emptyrean Pilljade. As long as you’re willing to accept me as a disciple, my Hai Family will definitely put in a few good words in front of Emptyrean Pilljade!”

In their view, all of them were now Ye Yuan’s protective talismans.

No matter how proud Ye Yuan was, did he still dare to not take them in as disciples?

His best way out right now was to be everyone's master.

Ye Yuan looked at Luo Tianqi with a smile that was not a smile and said, "You're called Luo Tianqi?"

Luo Tianqi clasped his hands and said, "Yes, Grandmaster Ye."

Ye Yuan nodded his head slightly and said, "You can get lost!"

### Unrivaled Medicine God

#### **Chapter 2056: Surprising Choice**

Luo Tianqi looked at Ye Yuan with a disbelieving face. He was even thinking that he heard it wrongly.

At this juncture, Ye Yuan actually still made him get lost?

It was not just Luo Tianqi. The rest also looked at Ye Yuan with shocked faces.

"Grandmaster Ye, I think that you haven't had a clear understanding of the current situation. Once the Myriad Treasure Tower is defeated, do you feel that you can still be leisurely and carefree in this Heavenly Eagle Imperial City still? Without the Myriad Treasure Tower's protection, Emptyrean Pilljade they all will likely be the first to target you!" Luo Tianqi said with a cold smile.

He felt that there was a need to analyze the current situation for Ye Yuan. Otherwise, Ye Yuan might feel that he was still that high and mighty grandmaster.

Ye Yuan looked at Luo Tianqi and said calmly, "You said too much crap! I asked you to get lost, didn't you hear me?"

Luo Tianqi laughed due to extreme fury and said, "Good! Good! That day when you become a bereaved dog, I want to see what you have to be this arrogant! At that time, don't you regret it!"

Finished talking, Luo Tianqi turned around and was about to leave.

"Wait!" Ye Yuan suddenly yelled.

Luo Tianqi's footsteps paused. Turning around to look at Ye Yuan, he smiled coldly and said, "What? Regretting it? It's already too late to regret now!"

Ye Yuan had a lazy appearance as he said coolly, "I asked you to roll[1]. Didn't you hear me?"

Luo Tianqi's face changed and he said in a solemn voice, "You! You dare to humiliate me? I, Luo Tianqi, am a member of the Luo Family! Do you want to wage war with my Luo Family?"

Ye Yuan's gaze turned cold, a terrifying pressure crushed over towards Luo Tianqi.

*Bang!*

Without the slightest strength to resist, Luo Tianqi was directly pressed firmly onto the ground by Ye Yuan's pressure.

By the side, the pupils of Yun Yi and the rest of the True God Realm martial artists shrunk, looking at this scene with aghast.

There was nothing to say about Ye Yuan's alchemy talent; they prostrated on all fours in admiration.

But they never would have thought that Ye Yuan's Martial Dao was actually so strong too.

Although Luo Tianqi was True God Realm, pressing the other party on the ground, able to move just based on pressure, they could not do it.

Ye Yuan did not have an overbearing personality. So if they did not want to acknowledge him as their master, then just leave.

But this Luo Tianqi was too arrogant, using whatever Luo Family to pressure him at the drop of a hat. Did Luo Tianqi really take him to be easy to bully?

Even if Ye Yuan was made out of clay, he would have some anger too.

"Whatever you're unhappy about, say however you like behind my back. But saying it in front of me, you're in the wrong. Starting from now, until you roll out of Heavenly Eagle, as long as let me hear one more superfluous word, you don't need to leave anymore. Don't doubt whether I dare or not. You can very well give it a try," Ye Yuan said coolly.

Done talking, Ye Yuan withdrew his aura. Luo Tianqi felt like a giant mountain moved away from his body.

But no matter how arrogant he was, he also did not dare to bet with his life. He could only keep silent and say nothing. He started rolling on the ground, rolling out of the city little by little.

"Tianping, you send him out of the city. If he still dares to talk nonsense, directly kill him!" Ye Yuan instructed the Ning Tianping beside him.

Ning Tianping chuckled and said, "Yes, Your Excellency!"

Ning Tianping looked toward Luo Tianqi and did not have the slightest sympathy.

To dare posture in front of His Excellency, one needed to be prepared to have their face slapped by His Excellency.

This guy did not even figure out the situation and dare to posture. He truly did not know what he was talking about.

His Excellency even dared to throw hands at Empyrean Pilljade; could he be what you, a puny little Luo Family's Celestial Deity Realm, can blaspheme?

Your family's ancestor coming was more like it!

The others were all silent like cicadas in winter. How could they still dare to posture in front of Ye Yuan?

At this time, Ye Yuan slowly opened his mouth again and said, "I know that you guys feel that Heavenly Eagle is near destruction and feel that I should take you all as disciples to preserve myself. However ... you're thinking too much! Back then, I said it very clearly at the Cloudpill Summit. If you want to acknowledge me as your master, you have to undergo repeated trials. I gave you all the chance, but it was you who didn't cherish it yourselves. Hence, Yun Yi and Yang Xuan stay behind. The others can all scram!"

Yun Yi's entire body trembled, looking at Ye Yuan with a look of surprise.

Duan Yunfei similarly had a look of disbelief as he said, “Grandmaster Ye, are you mistaken? Yun Yi is Empyrean Pilljade’s descendant. You’re actually going to take him in as disciple?”

Ye Yuan said coolly, “What does that matter? A battle is a battle; accepting disciples is accepting disciples. These are two different matters to begin with. It’s you all who wanted to lump them together yourselves. I said it before, I first look at one’s character when taking in a disciple, look at disposition second, and third is talent. If Yun Yi was the same as you all, then even if his talent is higher than the heavens, I’ll also make him get lost. But he’s more of an alchemist compared to you all. His future accomplishments will also be what you all can only look up to.”

Yun Yi’s entire body trembled and actually wept from extreme joy.

When he heard that the Myriad Treasure Tower was breaking away from the Southern Border Alliance, Yun Yi already despaired.

He knew that it was impossible for Ye Yuan to take him in as a disciple.

Who would take the descendant of their enemy as a disciple?

But he never imagined that Ye Yuan gave him a huge surprise.

*Dong!*

*Dong!*

*Dong!*

Yun Yi kowtowed three times in a row to Ye Yuan and said while shedding tears of gratitude: “Master Ye, Yun Yi will follow you in this lifetime and will never change until death!”

Ye Yuan smiled and said, “You could lay down your noble status and come to the Pill Tower to be a little medicine boy. Ten years of persistence is sufficient to see your sincere heart toward alchemy. Other people all said that I wouldn’t accept you. Yet, I’m going to make the world see that his, Pilljade’s, descendant, will definitely surpass his predecessor!”

Yun Yi had a resolute face as he said, “Yes! Yun Yi definitely won’t let Master Ye down!”

Ye Yuan nodded his head and turned to Yang Xuan and said, “Yang Xuan, from today onward, you’re the fourth disciple under me, Ye Yuan. Come, pay respects to your senior apprentice brother and sister.”

Beside Ye Yuan stood Bai Chen and Ning Siyu.

Ever since entering the Heavenspan World, he only took Bai Chen, one disciple. Ning Siyu was the second.

Yang Xuan had a look of agitation and knelt down toward Ye Yuan. Following that, he bowed to Bai Chen, Ning Siyu, and Yun Yi.

No one could have thought that the two disciples which Ye Yuan accepted in the end would be the Cloudpill Summit’s first place and first place from the bottom.

Yun Yi’s identity was special, so no one thought that Ye Yuan would take him in.

Yang Xuan was even more unremarkable and did not even have any background.

Yet, these two people entered Ye Yuan's doorway in the end.

Duan Yunfei and the rest looked at this scene, with their faces full of envy.

With Ye Yuan's guidance, these two people attaining a higher level in alchemy in the future was highly probable.

But they missed this opportunity.

It was just that in this world, there was no regret medicine that could be eaten.

What Ye Yuan said was right. He already gave them the chance, but it was they themselves who did not cherish it.

The Myriad Treasure Tower and Southern Border Alliance's battle would probably last for ten years, or even as long as several decades no matter how fast it was.

And this period of time was sufficient for Ye Yuan to teach them many things.

Even though no one thought that the Myriad Treasure Tower would win, they were still very envious.

"Alright, you all can go now," Ye Yuan said coolly.

The expressions of Duan Yunfei and the rest changed, finally still leaving unwillingly.

They did not dare to disobey Ye Yuan. Luo Tianqi was the best example if they disobeyed him.

After everyone left, Ye Yuan opened his mouth and said coolly, "The two of you cultivated for ten years. Are there any harvests?"

Yun Yi bowed in salute and said, "Replying Master, Yun Yi benefited a great deal! Those people capitalized on that they were noble and turned their noses up at this training. But they didn't know that Master was actually teaching us!"

### [Unrivaled Medicine God](#)

#### **Chapter 2057: Whats Hard to Say?**

Ye Yuan looked at Yun Yi, his eyes revealing a trace of appreciation.

Someone who was not a "fool" or 'crazy' could not see through his intent at all.

Those so-called geniuses were shortsighted and only saw the benefits in front of them. Their achievements in alchemy would definitely be limited.

They proudly said they were smart, but in reality, they were unbelievably dumb.

Only 'fools' and 'lunatics' in those people's eyes had a heart that genuinely yearned for the Dao.

Did those people think that talent could resolve everything?

This was the dumbest notion!

Without endless hard work, without great willpower, great resolve, why would the door of Great Dao open to you?

"I only have hard work and foundation, these two words, when I teach disciples. You need to bear it in mind," Ye Yuan said coolly.

Yun Yi two people became solemn and hurriedly said, "Yes, Master. Disciple will bear it in mind."

How could Ye Yuan not tell what the two people were thinking in their hearts? He said, "What shortcuts are there to take on the path of the Dao? If you ask Master how to achieve the Dao, Master can only tell you that the Dao is under your feet! Being down-to-earth is the Dao! You guys saw Siyu radiated with splendor during the Cloudpill Summit, but you don't know how much hardships and effort she put in at the back. Therefore, if you want to learn whatever pinnacle Alchemy Dao from me, you can leave right now. I have nothing to teach you."

The two people's faces changed, repeatedly saying that they dare not.

But the shock in their hearts could not use words to describe at all.

They were unable to imagine Senior Apprentice Sister Siyu's efforts. Then how much was sunk in behind Master's glory?

"Master, Disciple understands! From today onward, Disciple will lay down all pride and follow by Master's side."

Yun Yi was not trying to calm Ye Yuan down. Those words made him have a feeling of being enlightened all at once.

And these ten years of bitter cultivation also made him more able to understand the meaning behind Master's words.

Since that was the case, start over from the bottom then.

"It's just ... Master, you and Empyrean Flutterfeather withdrawing from the Southern Border Alliance this time, is it really fine?" Yun Yi said worriedly.

He was not taking Ye Yuan's side, but Yun Yi was very conflicted currently.

After all, one was his great-grandfather, and the other was his master.

Whichever getting hurt was not what he wished to see.

Ning Siyu smiled when she heard that and said, "You guys are also looking down on Master too much! You'll understand his means very soon!"

...

Three months passed in a twinkle!

On this day early morning, a group of shopkeepers gathered at Cloudpill Establishment once more.

Ding Xiao said in high and vigorous spirits, "Gentlemen, we didn't fail to live up to expectations. These three months, we fought an extremely beautiful war! At present, we've already controlled more than

70% of this Longwind Great Imperial Capital's market! Reaching this step presently, no matter how capable Chou Tianyu is, he's also powerless to turn the tables!"

"*Hahaha!* I can finally report on the fulfillment of the mission! Maybe we don't need ten years and the Myriad Treasure Tower will be thoroughly defeated by us," Shopkeeper Lin said with a big laugh.

Another shopkeeper said with a laugh, "*Heh heh*, that is inevitable. No matter how strong the Myriad Treasure Tower is, no matter how strong Empyrean Flutterfeather is, no matter how strong Ye Yuan is, it's also impossible to be the entire Southern Border Alliance's match! The resources in our hands, apart from those reclusive forces, we occupy more than 50% of the Southern Border. If we lose like this, then we can find a piece of tofu to kill ourselves!"

Ding Xiao nodded his head and said, "According to the news that I grasp, the most elite alchemists of the entire Southern Border have already been gathered at the back, refining medicinal pills without ceasing. These medicinal pills will be provided to us in an endless stream. We'll be able to extend out to the various imperial capitals with Longwind Great Imperial Capital as our foundation very soon."

When the group of shopkeepers heard, they could not help being greatly roused.

Controlling 70% of the market, it was also no wonder that these shopkeepers were all fired up with boundless enthusiasm.

The major and minor factions present were likely no fewer than 40 to 50 in total.

This virtually represented the entire Southern Border's pinnacle factions. Defeat, this sort of term, would not appear in their dictionaries at all.

Even if Ye Yuan had some trump cards in his hands, in their view, it was merely eking out a meager existence and delaying the time of the Myriad Treasure Tower's defeat by a little.

"*Oh*, right! Didn't Chou Tianyu say that they were going to raise prices? *Haha*, I want to see who will still go to the Myriad Treasure Tower to buy medicinal pills after raising prices!" Shopkeeper Lin suddenly thought of something and said with a big laugh.

"Things are bad! Things are bad!"

Shopkeeper Lin's voice had yet to fade when a manservant directly rushed into the hall and said in a great panic.

Ding Xiao snorted coldly and berated, "What is it? Making such a big fuss over nothing, where's the sense of propriety?"

How could the manservant still care about being punished? Pointing at the opposite, he said, "Shopkeeper Ding, things are bad! The Myriad Treasure Tower opposite is already almost packed until it's bursting! Those martial artists have all gone crazy, desperately fighting to purchase their medicinal pills. The martial artists that were originally here at our side have all ran over to their side now."

"What did you say?"

Ding Xiao's eyes went wide, somewhat doubting if his ears heard wrongly or not.

Why would those martial artists run to the Myriad Treasure Tower opposite?

The other shopkeeper's faces were full of a disbelieving expression.

Their notion at this time was unusually unanimous, that was that this manservant was lying!

"The Myriad Treasure Tower raised prices on all medicinal pills today. So why would martial artists go and fight to buy their medicinal pills at their place? What nonsense are you talking about?" Ding Xiao said in a cold voice.

Although he knew that this manservant did not dare to lie to him, he was still unable to believe it.

That manservant had a bitter face as he said, "Shopkeeper Ding, even if you lend this lowly one a gall, this lowly one also wouldn't dare to talk rubbish!"

Ding Xiao frowned and said, "Go! Let's hurry up and go take a look!"

As he said this, he took the lead and went down the building.

When he just arrived in the audience hall, Ding Xiao was stopped by a few people. He hurriedly switched to a smiling face and went up to greet.

These few were all their Cloudpill Establishment's major clients and could not be offended.

"*Haha*, Family Head Su, Family Head Ren, what wind blew you guys here?" Ding Xiao cupped his fists and said smilingly.

These two people were precisely two of Longwind Great Imperial Capital's five major families, the family heads of the Su Family and Ren Family.

These few months, Ding Xiao expended a Herculean effort and unleashed all of his abilities before prying them over from the Myriad Treasure Tower's hands.

Presently, these two major families' medicinal pills were all provided by their Cloudpill Establishment.

Family Head Su smiled and said, "This Su coming today together with Younger Brother Ren is because there's something that we want to request Shopkeeper Ding to help us with."

Ding Xiao hurriedly smiled and said, "Easily arranged! You two are this Ding's financiers, I'll naturally offer my services! Is it that the medicinal pills aren't enough to use recently? No problem, I'll have servants send a batch of medicinal pills over right away."

Family Head Su waved his hand and said, "No need, no need! The Su Family's medicinal pills for cultivation is enough!"

Ding Xiao said in surprise, "Then ... what did Family Head Su come to find this Ding for?"

Family Head Su took a look at Family Head Ren with some difficulty. Family Head Ren clearly had a hot temper and said impatiently, "What's hard to say? Shopkeeper Ding, this Ren and Family Head Su coming this time, it's to terminate our two families' contracts with the Cloudpill Establishment. In the future, concerning the medicinal pills that our two families use for cultivation, we won't need to trouble the Cloudpill Establishment anymore!"

## Unrivaled Medicine God

### **Chapter 2058: The Opponent is Too Strong!**

“What? You ... You want to terminate the contract?”

Ding Xiao’s expression changed, somewhat doubting whether he heard wrongly or not.

Terminating the contract was nothing to the Cloudpill Establishment. But to the Su Family and Ren Family, it was a big problem.

Family Head Su smiled and said, “Don’t say it so unpleasantly. This Su went back and discussed with the family clan’s elders and felt that the medicinal pills we ordered at our Cloudpill Establishment are too many. So ...”

How astute was Ding Xiao? He immediately realized that something was not right.

Could it be that these two great families were pulled over by the Myriad Treasure Tower opposite?

But just what kind of conditions did the other party give, to be able to make these two great families terminate the contract at the risk of offending the entire Southern Border Alliance?

The reason why the Southern Border Alliance was powerful was because they formed an entity.

Bound together for good or bad.

If any faction dared to offend them, they could completely force them out and not provide medicinal pills for them.

This kind of outcome, even for a powerful city like Longwind Great Imperial Capital, it was also too much to bear.

Ding Xiao’s two eyes narrowed slightly and his tone became cold as he said, “Family Head Su, Family Head Ren, do you know what the consequences of terminating the contract is? The consequences of offending our Southern Border Alliance isn’t what you guys can bear!”

The warning hint of these words was already very thick.

Family Head Su’s face changed, but Family Head Ren did not have that great of a temper. Snorting coldly, he said, “Offend, then offend. What’s the big deal? It’s already enough for our Ren Family to cooperate with the Myriad Treasure Tower! Previously, we were bewitched by you. That’s how we lost the initiative. This Ren hasn’t even settled the score with you yet!”

The moment these words came out, the faces of Ding Xiao and the group of shopkeepers changed greatly.

A measly little Ren Family really had the confidence to lose all decorum with the Southern Border Alliance?

Who gave him the confidence?

The Myriad Treasure Tower?

On what basis?!

When Family Head Su saw that Family Head Ren left no room to salvage things, he let out a sigh and said, "Shopkeeper Ding, truly sorry about it. To choose the lesser of two evils, my Su Family seriously can't continue the cooperation with you. Your medicinal pills are simply garbage compared to the Myriad Treasure Tower! Farewell!"

Finished talking, Family Head Su cupped his fists and directly left.

Family Head Ren naturally would not stay either, following Family Head Su and leaving the Cloudpill Establishment.

Ding Xiao stood there, his expression gloomy and erratic.

Garbage?

Several dozen factions, gathered the most elite alchemists, the medicinal pills refined were actually called garbage?

Ding Xiao was unable to accept this fact. He wished to rush up and tear Family Head Su's mouth into pieces.

Would he believe this kind of lousy reason?

"This ... Just what's going on here? What in the world did the Myriad Treasure Tower do?" Shopkeeper Ling lost his previous composure long ago, astonishment on his face.

The others also had panic looks. Clearly, they were completely mentally unprepared about this sudden change.

Who could have thought that their three months of hard work, the Myriad Treasure Tower only used one morning and completely overturned the situation?

However, these Su and Ren two families were just the beginning.

Following that, one batch after another of big and small family factions actually all came to pay a visit and terminate their contracts.

Not just Cloudpill Establishment, but also Tranquil Heart Pavilion, Purplecloud Establishment, and the rest; the orders that they previously negotiated practically all fell short of success at the last step now.

Continuously for an entire day, they spent it in the midst of being utterly exhausted from overwork.

It was only all the way until the evening, when a series of medicinal pills were presented in front of the shopkeepers did they know why Family Head Su called their medicinal pills garbage.

"These ... What are all these medicinal pills? Where did the Myriad Treasure Tower get the pill formulas? To actually be able to refine so many terrifying medicinal pills?" When Shopkeeper Lin was talking, his entire body was quivering.

He had galloped across the market all his life and had yet to encounter such a powerful enemy before.

The other party did not use any management methods at all and did not need any roping in or stomping at all, and completely did not need deliberate marketing.

Once the medicinal pills were out, all of the opponents were directly crushed!

This was absolute strength. It did not require that many flashy methods at all.

Just like an Empyrean powerhouse dealing with a True God Realm, what schemes or intrigues did they need to use?

One completely did not need such a thing!

Simply throwed a big slap over, directly pulverizing all of them!

“This should be the evolved version of the Buddha Jade Pill, right? This is the evolved version of the Chaos Origin One Breath Pill? ... My God! Virtually all of the common medicinal pills in the market all have evolved versions!”

A shopkeeper said with a bitter smile, “They ... They directly advanced medicinal pills by an era! Compared to these medicinal pills, ours are indeed rubbish!”

“This ... How to still compete? Even if we have several hundred parties teaming up, we’re also not the Myriad Treasure Tower’s match! This kind of opponent isn’t on the same level at all!”

The boundless enthusiasm from the morning was long gone without a trace already.

These shopkeepers all seemed to be like eggplants hit by frost, being unable to perk up at all.

Combining six great peak holy lands coupled with several dozen major factions, such a long period of meticulous planning, it was completely a joke!

Ding Xiao let out a slight sigh and said, “This matter is already not what we can influence. It’s better to leave it to the lords to go worry about it. Our opponent is too powerful!”

The current Ding Xiao had a feeling of all hopes being dashed to pieces.

He had sunk and risen all his life, and exchanged blows with countless powerful opponents before. It could be said to be emerging victorious in every battle.

But this time, he felt powerless.

Crossing swords with this kind of opponent, one did not have any chance at all.

He could feel that there was seemingly a giant shadow behind the Myriad Treasure Tower, manipulating this war.

That person was Ye Yuan, Grandmaster Ye!

In front of Grandmaster Ye, Ding Xiao felt like he was just like a child.

No matter how you fought with flashy moves, the other party did not take you seriously at all.

Although he said to leave it to the various lords verbally, actually, Ding Xiao understood in his heart that this war, the Southern Border Alliance already completely lost!

Even if it was the six great grandmasters joining hands, they were also unable to salvage this kind of declining trend.

Unless, they could join hands and take out a batch of even more advanced medicinal pills.

Except ... how was that possible?

Even if the Medicine Ancestor took action, he might not be able to do it too!

...

One bad news after another flew to Cloudpill Great Imperial Capital like scraps of paper.

“All of Longwind Great Imperial Capital’s Cloudpill Establishment’s medicinal pills cannot be sold and we are already unable to sustain our expenditure. Shopkeeper Ding requests to withdraw from Longwind Great Imperial Capital!”

“Ling Yun Great Imperial Capital’s Cloudpill Establishment has already gone bankrupt. Shopkeeper He requests to withdraw!”

“Autumn Day Great Imperial Capital’s Tranquil Heart Pavilion has already gone out of business. Shopkeeper Feng requests to withdraw!”

...

In the audience hall, Emyrean Pilljade’s expression was grim until it was virtually about to drip water.

Among these intel, many places were not the Myriad Treasure Tower’s territory, but the six great holy lands’ territory!

It was as if the Myriad Treasure Tower opened up throughout the entire Southern Border’s great imperial capitals overnight.

Furthermore, they only used an extremely short time and made the Southern Border Alliance crumble like crushing dead leaves.

The Myriad Treasure Tower’s new medicinal pills were too domineering!

As long as one was not a fool, they would definitely choose the Myriad Treasure Tower’s medicinal pills.

So what if prices rose?

Even if it rose 20% the price, the Myriad Treasure Tower’s medicinal pills cost-performance was still a great deal higher than ordinary medicinal pills!

This war already did not have suspense!

#### **Chapter 2059: All-round Defeat**

“T-T-This ... How can this be? Brother Pilljade, you mustn’t leave us alone to die! Ye Yuan he ... is definitely taking revenge on us!”

Hearing one news after another transmitting over, Emyrean Proudcloud looked like he lost his wits.

The Southern Border Alliance was actually all-round defeated within a short half a month’s time.

Especially his territory, it was shockingly already a severely hit area.

The Myriad Treasure Tower even did a 3% discount in his territory. Furthermore, the medicinal pills were very plentiful.

This kind of situation absolutely could not be seen elsewhere.

Because right now, the Myriad Treasure Tower's medicinal pills were extremely sought after. Even if it rose 20% in price, it was still hard to seek out a single pill.

Although the Myriad Treasure Tower was well-prepared this time, they could not stand up to the tidal water-like martial artists.

No matter how many the medicinal pills were, it was also impossible to satisfy the requirements of all martial artists.

After all, there were too many martial artists and too few alchemists.

Hence, Empyrean Proudcloud's territory was virtually crushed by the Myriad Treasure Tower already. His medicine shops could not continue operating anymore.

Even a blind person could also tell that the Myriad Treasure Tower and Ye Yuan were deliberately squelching Empyrean Proudcloud.

Empyrean Pilljade's brows furrowed, and he said with a cold snort, "How to save you? Our six great holy lands already can't save ourselves now, and you're still counting on us to go and save you? Didn't you hear? Just earlier, Eastfence Great Imperial Capital had already completely fallen and became the Myriad Treasure Tower's territory?"

Eastfence Great Imperial Capital was a very important great imperial capital in Empyrean Pilljade's hands. Its status was similar to that of the Myriad Treasure Tower's Longwind Great Imperial Capital.

Even Eastfence Great Imperial Capital had fallen into enemy hands, it could be imagined how dangerous the current situation was.

At this time, Empyrean Wenlan could not resist saying, "*Humph!* Proudcloud, you still have the cheek to say that! If not for you, this kind of situation also wouldn't have appeared! Back then, if you lowered your head to Ye Yuan, how can we get into such a mess?"

His losses were also extremely devastating, his mood very bad.

Seeing Empyrean Proudcloud jump out, he finally could not resist bursting out.

Empyrean Proudcloud said in a great rage, "Wenlan, you're shooting me at this time now? Back then, I wonder who was it that banged his fist on the table and yelled bravo, and even said that they wanted a share of the loot?"

"You!" Empyrean Wenlan was stifled, but he was unable to refute Empyrean Proudcloud.

When Ye Yuan withdrew from the Southern Border Alliance, Empyrean Wenlan clapped his hands and cheered at that time.

Furthermore, in the beginning, because of face, he was embarrassed to make a move to swallow Ye Yuan's territory.

But later, he had indeed reached his hands out to Ye Yuan's territory.

"Enough!" Empyrean Pilljade yelled furiously and said, "What's the use of arguing now? If you have the time, then why not think about how to salvage our position in this declining state?!"

Empyrean Windrider said, "Right now, it isn't just the problem of defeat! For the sake of the operation this time, we've virtually mobilized all of the Southern Border's elite alchemists and refined large batches of medicinal pills. If these medicinal pills are unable to be sold, they will rot inside the warehouses."

Empyrean Blazing Sun also said with a solemn face, "This time is different from the past. As long as medicinal pills are stored properly, they will always sell. But these medicinal pills that Ye Yuan took out have already rolled out across the board in the Southern Border. Once they become conventional medicinal pills, our medicinal pills won't be able to sell at all!"

Empyrean Lumen let out a slight sigh, and said, "I urged you all back then, but you all wouldn't listen. Now, it's too late to regret!"

The others were silent.

Empyrean Lumen warned them back then, saying that Ye Yuan's understanding of Alchemy Dao was extremely deep, creating several kinds of new pill formulas was not a problem. But no one believed.

It was just that Empyrean Lumen was still extremely shocked in his heart.

He thought that he already thought highly of Ye Yuan. He did not expect that Ye Yuan's performance still exceeded his imaginations.

As soon as these medicinal pills emerged, it was like martial artists cleansing their marrows, making the entire Southern Border's alchemy world have an overall reorganization.

To the six great holy lands, the blow was close to catastrophic.

Empyrean Pilljade's gaze flicked, and he opened his mouth and said, "Now that it has come to this, we already don't have a way out! Order all medicine shops to lower the prices of medicinal pills by half! If it really doesn't work, then drop it to 40%, 30%! Since we can't beat them in terms of quality, we'll use price to force them into a corner! Can such a colossal Southern Border Alliance be defeated by a mere one person? Then wouldn't we all become laughingstocks?"

Hearing Empyrean Pilljade's words, the other people's minds quivered.

Losing a little was much better than medicinal pills rotting in the warehouse.

The Southern Border Alliance used too much strength this time. The one-off medicinal pills refinement was roughly enough for the various major factions to sell for as long as ten years.

But this kind of method was a typical example of harming others without benefits; it was too shameless.

It was just that reaching this point, these heavyweights would not care about whether it was shameless or not.

Therefore, a drawn-out fierce battle unfolded between the Southern Border Alliance and Myriad Treasure Tower.

The Myriad Treasure Tower's medicinal pills were indeed unparalleled under the heavens, refreshing the understanding of all martial artists.

As soon as the more than ten kinds of medicinal pills were rolled out, it immediately swept through the entire Southern Border, with sky-high praises.

In contrast, the Southern Border Alliance's medicinal pills were too lousy.

However, one could not help that they were shameless!

If the Myriad Treasure Tower was selling their medicinal pills for 100 thousand high-grade divine essence stones, then the Southern Border Alliance only sold theirs for 50 or even 30 thousand high-grade divine essence stones. This was still very attractive to some bottom-level martial artists.

For some time, both parties were stalemated there.

This seesaw battle lasted until the fifth year. Finally, the balance was broken by a series of news.

Firstly, Empyrean Chaoyuan came out of seclusion and announced to join the Myriad Treasure Tower's camp.

The second news, the Beitang Ancient Family and seven great ancient families that were reclusive similarly announced to join the Myriad Treasure Tower's camp.

Although Empyrean Chaoyuan was an itinerant cultivator, the forces under his command still could not be underestimated.

Exiting seclusion this time, he broke through to the half-step Ancestor Realm!

This kind of strength was an apex existence even when placed in the entire Southern Border. No one dared to overlook him.

And the addition of the Beitang and other ancient families gave the Southern Border Alliance the most lethal blow.

The seven great ancient families, each family was an ancient family at the Mt. Tai level of the Southern Border's alchemy world. Their strength even did not lose to the seven great peak holy lands.

With their support, the Myriad Treasure Tower's strength immediately soared by a great deal.

To the Myriad Treasure Tower, the most important was the problem of resources. After all, it was hard for two fists to fight four hands.

But although these reclusive ancient families were obscure, they had tremendous influence in terms of resources.

With this kind of confidence, the Myriad Treasure Tower was not afraid of fighting a protracted war at all.

*You lower your price, I want to see until when you can do so!*

When it reached the eighth year, the Southern Border Alliance finally started collapsing.

Firstly, a batch of medium and small factions could not bear the stalling and started going out of business one after another.

The resources grasped in their hands were far too lacking compared to those peak holy lands.

Right on the heels of that, some grandmasters' factions also gradually started going bankrupt.

Later on, even a major force like the Cloudpill Establishment also started to not be able to hold on anymore.

In the ninth year, Cloudpill Great Imperial Capital's City Lord Manor was overcast with dark clouds.

Fatigue and helplessness were written all over the faces of all of the heavyweights.

"Brother Pilljade, we can't continue like this! Carrying on like this, the entire Southern Border will become the Myriad Treasure Tower's territory!" Empyrean Remotenight said with a mournful look.

"Yeah, this war is a bottomless hole! If we keep dragging on, the resources that we accumulated over a long time will all be gone!" Another Empyrean was practically crying.

#### **Chapter 2060: Lowering Head**

Among the Empyrean powerhouses present, which one did not have abundant net worth?

In these hundreds of thousands of years, the Southern Border Alliance monopolized more than 70% of the entire Southern Border's medicinal pills market. The wealth accumulated was incomparably abundant.

It was just that no matter how abundant, they also could not feed into a bottomless hole!

Moreover, although their business was huge, the majority of what they gained had to be contributed to Heavenly Emperor Bodhimandas.

Without the protection of Heavenly Emperors, they were nothing.

Just like the Myriad Treasure Tower, it was precisely because their back was resting against Heavenly Emperor Myriad Treasure that Flutterfeather had this confidence to make a clean break from the Southern Border Alliance.

Otherwise, why would these people fight what trade war with Empyrean Flutterfeather? They would have directly called up a bunch of Empyrean powerhouses and annihilated the Myriad Treasure Tower.

Over nine years, these people felt deeply fatigued.

Fighting a war that could never be won had no meaning whatsoever!

Especially that Empyrean Chaoyuan and the seven great reclusive ancient families making a move dealt an even more lethal blow to them.

Empyrean Pilljade's expression flickered incessantly, and he gnashed his teeth in hatred and said, "Really damn it all to hell! I didn't expect that they actually made the seven great reclusive families come into being unknowingly. Truly off by one move!"

Empyrean Blazing Sun sighed and said, "The chips in their hands are too strong! Even for the seven great reclusive ancient families, it's also impossible to not be moved when they see these medicinal pills. After all, that represents strength!"

The power of medicinal pills was too strong. It could even create a great ancient family within a short few thousand years.

Just like Heavenly Eagle Imperial City, celestial deities were already everywhere within a short few hundred years just based on Ye Yuan alone.

Recalling when Ye Yuan just entered Heavenly Eagle back then, their Celestial Deity Realm powerhouses were merely just two people!

This was the power of medicinal pills.

The Myriad Treasure Tower bringing out so many epoch-making medicinal pills in one go, how could reclusive ancient families possibly not be moved?

"*Sigh*, now that it has come to this, saying anymore is useless. In my view, we'd better lower our heads to the Myriad Treasure Tower!" Empyrean Windrider let out a sigh and said.

He and Empyrean Lumen were the best of friends. Back then, Empyrean Lumen urged him to not get involved in this messy situation.

But in front of tremendous profits, Empyrean Windrider still failed to resist in the end.

Of course, more importantly was that he completely did not believe that a puny little Ye Yuan could make the entire Southern Border change skies.

But now, reality gave him a merciless slap.

The Southern Border's sky really changed!

With this war, the Southern Border Alliance suffered a great loss in vitality. In the future, they could only look up to the Myriad Treasure Tower for direction.

Empyrean Windrider's words pricked everyone's nerves all at once.

'Lower heads,' these two words were something that they had always had on the tip of their tongues but did not dare to say out too.

Which of those present were not important figures that made the Southern Border tremble when they stomped their feet? Saying lowering their heads, this sort of phrase, out of their mouths represented humiliation.

In reality, how could they not tell that this war was hopeless long ago?

What made them hold on until now was face.

Killing 1000 of the enemy, losing 800 of your own forces.

They would rather cause mutual destruction to both sides with the Myriad Treasure Tower than be willing to lower their heads.

But, reaching today, they still had to lower their heads in the end!

“No way! Our Southern Border Alliance unified the Southern Border’s alchemy world, but now, we have to lower our heads to the Myriad Treasure Tower? In the future, who will still think highly of our Southern Border Alliance?” Empyrean Proudcloud was the first one to jump out to object.

Of course, he said it with a strong sense of righteousness, but everyone knew what he was plotting.

It was just that the words he said were also that nerve which everyone felt the most pain. Everyone was silent and did not speak.

The muscles on Empyrean Pilljade’s face twitched. After remaining silent for a long time, he finally slowly closed his eyes and said, “Proudcloud, this matter was caused by you, so you go to the Myriad Treasure Tower and lower your head to acknowledge fault! In addition, Younger Brother Windrider, the negotiations with the Myriad Treasure Tower, the full authority will be handed to you. Remember, it’s us admitting defeat to the Myriad Treasure Tower, and not admitting defeat to Ye Yuan!”

When Empyrean Proudcloud heard that, his face immediately turned ashen, a sense of disgrace instantly welling up in his heart.

This was Empyrean Pilljade’s action of sacrificing the knights in order to save the queen!

Empyrean Proudcloud was unwilling, but he had no choice.

Breaking away from the Southern Border Alliance?

Ye Yuan had this confidence, but he, Proudcloud, did not.

Once he broke away from the Southern Border Alliance, his outcome would be being swallowed by everyone present until not even dregs remained!

...

In the tenth year of the fierce fighting, the Southern Border Alliance finally lowered their proud heads and conceded defeat to the Myriad Treasure Tower.

On this day, Empyrean Windrider brought a group of Empyrean powerhouses and came to Lustrous Gold Great Imperial Capital to negotiate with Empyrean Flutterfeather.

But Empyrean Flutterfeather hung them out to dry for as long as a month.

In a pavilion halfway up Cloud Dream Mountain, several figures were currently drinking and chatting away merrily.

A drunkard old man lauded with praises unceasingly, "Fine wine! Truly fine wine! Little Friend Ye is well-deserving of the title of grandmaster, drinking this Dreamlike Wine is really like being rapt in a dream!"

Ye Yuan smiled and said, "If Brother Beitang likes it, I'll order people to bring a few vats over later. But this alcohol isn't easy to brew. This Ye can't take much out either."

The old man's eyes lit up when he heard that and said with joy, "Is this for real?"

Ye Yuan smiled and said, "Could this Ye still bluff Brother Beitang?"

The old man laughed loudly and said, "Then this Emphyrean won't be courteous with you!"

This old man was precisely Beitang Ancient Family's alchemy master, Beitang Li, whose alchemy strength virtually reaching the grand completion Dao Realm.

It was just that the Beitang Family tended to be low-profile, so it was not known by outsiders.

When the others saw the situation, they also asked for the Dreamlike wine from Ye Yuan one after another. Ye Yuan naturally satisfied them one by one.

The Dreamlike Wine indeed had a superb taste. Even people who did not like to drink alcohol also loved it so much that they could not bear to part with it.

The seven great ancient families rendered great assistance to the Myriad Treasure Tower this time, Ye Yuan naturally did not stint to give some small gifts as reciprocatory gifts.

Emphyrean Flutterfeather also felt vicissitudes of emotion at one side. Even before starting the war, he also never thought that only using ten years, the Myriad Treasure Tower made the Southern Border Alliance bow their heads in submission like the autumn wind sweeping away fallen leaves!

His initial plan was for the Myriad Treasure Tower to be able to gain a firm foothold under the pincer attack of the Southern Border Alliance. This was already his highest estimated result.

Who knew that the pill formulas Ye Yuan took out directly swept throughout the entire Southern Border, and the formulas even forced out the seven great ancient families that had always been reclusive.

These seven great ancient families were not the Myriad Treasure Tower going to beg them one by one, but them taking the initiative to come and implore!

The attraction of these pill formulas was seriously too great!

Back then, when these seven great ancient families found the Myriad Treasure Tower, Emphyrean Flutterfeather said that these pill formulas were Ye Yuan's. They refused to believe no matter what and thought that the Myriad Treasure Tower was cherishing their own old broomstick.

Later, Beitang and the rest were unconvinced and challenged Ye Yuan and were wrecked by Ye Yuan until they returned in great defeat. Only then did they believe that the pill formulas were Ye Yuan's.

However, this was also making friends after a fight.

Right now, Beitung and the seven great ancient families had the greatest esteem for Ye Yuan and already were friends in spite of the differences in age.

With the allying of the seven great ancient families, the Southern Border Alliance became too weak to stand up to competition.

After three rounds of drinking, Beitung Li chuckled and said to Ye Yuan, “Younger Brother Ye, *heh heh*, our friendship is friendship, business is business. You look ... the Southern Border Alliance has already lowered their heads, shouldn’t our agreement take effect too?”

Ye Yuan laughed and said, “Elder Brother Beitung is really anxious! Would this Ye be a stingy person? The pill formulas will be presented right away!”

Finished talking, Ye Yuan took out a bunch of jade slips and distributed them respectively to the seven great ancient families’ representatives.
