Chapter 2061: Admitting Defeat, One Should Have the Manner of Admitting Defeat!!

It was naturally impossible for the seven great ancient families to help the Myriad Treasure Tower for no reason.

These ancient families did not emerge and did not take part in the conflicts of the world.

Since they took part, it was naturally that something that moved them had appeared.

And this thing was the pill formulas in Ye Yuan's hands!

Prior to this, Ye Yuan already reached a consensus with the seven great families. As long as the Southern Border Alliance lowered their heads, he was willing to distribute the pill formulas to the seven great ancient families. Each ancient family would get two pill formulas.

Of course, Ye Yuan would not treat Emphyrean Chaoyuan shabbily either.

Beitang carefully put away the pill formula, an appearance of having obtained a priceless treasure.

The pill formulas of these conventional medicinal pills could maintain a major family's long-term prosperity!

How could he, Beitang Li, not be careful?

"Heh, Little Friend Ye is indeed trustworthy! Before I made this trip, Family Head already said that in the future, you're my Beitang Family's retainer elder. You keep this token well. If anyone dares to be disrespectful to Little Friend Ye, that's becoming enemies with my Beitang Ancient Family!"

Done talking, Beitang Li did not care about whether Ye Yuan agreed or not either, directly shoving the token into Ye Yuan's hand.

The other ancient families' representatives all secretly regretted endlessly, the Beitang Family was a little too shrewd.

While they could also invite Ye Yuan to be a retainer elder, how could it be as valuable as the Beitang Family who shoved the token first?

But they still made promises, saying that the token will be delivered very soon.

Ye Yuan was helpless and could only accept one by one.

Ye Yuan was not something who did not appreciate favors. Since people showed a warm attitude, he would not snub them.

Furthermore, these reclusive families' strength was not overt. According to what Emphyrean Flutterfeather said, each one of these families was very powerful.

Since that was the case, wouldn't Ye Yuan finding a few reliable allies for Heavenly Eagle be a good thing?

Obtaining the pill formulas and getting the Dreamlike Wine, Beitang and the rest were all bursting with joy, bidding farewell and leaving one after another.

Only at this time did Empyrean Flutterfeather's eyes glimmer as he said, "Is it really fine for you to hand the pill formulas to them? You should know the value of these pill formulas."

But Ye Yuan smiled and said, "Right now, the Myriad Treasure Tower and Southern Border Alliance are at war, so everyone won't think of anything. But as time passes, the pill formulas being in the hands of your Myriad Treasure Tower alone, then the Myriad Treasure Tower will become the target of public censure. When the time comes, can you guarantee that Pilljade they all won't cause problems? Now, there are even the seven great ancient families backing up the Myriad Treasure Tower. No matter how much they covet the pill formulas, they also wouldn't easily dare to make a move."

Empyrean Flutterfeather's pupils constricted, looking at Ye Yuan with amazement.

Immediately, the amazement became a bitter smile and he said, "It's still you who is far-sighted. Even I had both eyes clouded by this enormous profit!"

Although the Myriad Treasure Tower was strong, it was impossible to unify the Southern Border just based on a Myriad Treasure Tower.

It was unless Heavenly Emperor Myriad Treasure could overpower all of the Heavenly Emperor powerhouses and crown himself king.

Except, while Heavenly Emperor Myriad Treasure was wrong, he clearly could not accomplish this.

Since he could not do it, then these pill formulas could not be pocketed without sharing.

At that time, forces from various places would come and vie.

In front of enormous profits, perhaps it would even draw out Heavenly Emperor powerhouses. Then there would be no way to clean up the mess.

Since the pill formulas must be handed out, then building good relations with the few major reclusive ancient families was better than giving it to others.

Now, Empyrean Flutterfeather was rejoicing greatly for having made such a young friend back then.

Rather, it was Empyrean Pilljade who clearly had Yun Yi this ace in the hole, but did not know how to cherish and made things difficult for Ye Yuan at every turn.

Now, he probably regretted it until his intestines were green, right?

...

At City Lord Manor, Lustrous Gold Great Imperial Capital.

Empyrean Flutterfeather sat up straight, his aura astonishing people around him.

Empyrean Windrider and Empyrean Proudcloud had ugly expressions. The Myriad Treasure Tower's airs were too big. No matter what, they came representing the Southern Border Alliance, Empyrean Flutterfeather actually hung them out to dry for more than a month.

"Huhu, fellow daoists, right now, the Myriad Treasure Tower's stalls are too many, this Emyrean is busy every day and has neglected everyone. I am truly sorry about it."

Flutterfeather apologized verbally, but his face did not have any apology at all.

I did it on purpose, do you have a temper?

If you have a temper, push it back down for me!

Sure enough, Emyrean Windrider smiled awkwardly and said, "Yes, yes! Fellow Daoist Flutterfeather is presently the Southern Border's in-demand person, so you're naturally busy. It's also a should that we wait."

Emyrean Flutterfeather smiled and said, "Not at all, not at all! The Myriad Treasure Tower is just a small faction, how can it compare to the Southern Border Alliance's power and influence? I wonder what Fellow Daoist Windrider came to Lustrous Gold this time for?"

The meaning of the words was that you bullied people by taking advantage of your power and you bullied the few with an advantage in numbers. Now, weren't you still annihilated by me?

Flutterfeather's words carried some delight in his heart.

Honestly speaking, when he supported Ye Yuan ardently back then, his heart was actually racing too.

At that time, how cocky and insufferably arrogant were Emyrean Pilljade they all?

Ye Yuan was merely asking for an explanation. In the end, he was attacked collectively by Emyrean Pilljade's rallying and even threatened him, making him not stand on Ye Yuan's side.

Now?

Ye Yuan did not let him down, beating the Southern Border Alliance into a sorry plight by himself.

Emyrean Windrider's expression turned stiff, feeling stifled in his heart.

What did I come for, could it be that you did not know?

There was no point in slapping people's faces like that, right?

"Haha, Younger Brother Flutterfeather, this old man came this time representing the Southern Border Alliance to request for the Myriad Treasure Tower to lift your hand high in mercy! You look! Our two parties fighting here and there, disregarding losing our harmonious relationship, how awful would it be to end up in a situation of mutual destruction? Moreover, Younger Brother Flutterfeather is also a member of the Southern Border Alliance. Why is there a need to harm the harmony among your own family?" Emyrean Windrider was helpless and could only say with a fawning smile.

But when Emyrean Flutterfeather heard this, he sneered coldly in his heart.

This Southern Border Alliance really wanted face no matter what!

"Mutual destruction? Fellow Daoist Windrider is gilding your own face too much! My Myriad Treasure Tower already occupies half of the Southern Border, but you're telling me mutual destruction now? Moreover, this Emyrean has long already withdrawn from the Southern Border Alliance. You say my

own family ... *heh heh*, this Empyrean am not worthy to be part of you all!" Flutterfeather said with a cold smile.

But Windrider took no heed of it and said with a smile, "I understand Younger Brother Flutterfeather's meaning, but my Southern Border Alliance is after all the Southern Border's number one great faction. Even if the Myriad Treasure Tower holds the advantage presently, the Myriad Treasure Tower can't swallow this massive land of Southern Border!"

Empyrean Flutterfeather's gaze turned cold, and he said with a sneer, "Since that's the case, this Empyrean doesn't feel a need to carry on negotiating anymore too. Whatever methods the Southern Border Alliance still has, feel free to use them. My Myriad Treasure Tower will accompany you to the end! Fellow Daoist Windrider, please return!"

This bunch of guys actually still dared to be so domineering when they came to concede defeat, did they really take themselves to be the victor?

His Myriad Treasure Tower could not swallow the Southern Border, but was the Southern Border Alliance a monolithic block?

Really carry on fighting, there would ultimately be someone who could not hold out.

At that time, the Southern Border Alliance would definitely break up!

Empyrean Pilljade definitely saw this too, that was why he sent Empyrean Windrider here.

How could he, Empyrean Flutterfeather, not understand the situation?

Moreover, the Myriad Treasure Tower currently had the seven great ancient families supporting. So what was he, Flutterfeather, afraid of?

Empyrean Windrider's face changed, only then coming to a realization that the present Flutterfeather was already not the Flutterfeather back then!

Ever since bringing Empyrean Pilljade to his knees in the Cloudpill Summit, the present Empyrean Flutterfeather was already a fierce and ambitious figure!

"Younger Brother Flutterfeather, please calm your anger! This Empyrean ... This Empyrean coming this time, it's actually to represent the Southern Border Alliance to admit defeat. Brother Pilljade has given the verbal order that as long as Younger Brother Flutterfeather is willing, you can return to the Southern Border Alliance at any time. You are still the alliance chief!"

Empyrean Windrider finally lowered his high head.

He was the master of an exalted holy land, so when had he lowered his head to someone before?

But today, he had no choice but to lower his head!

Saying 'admit defeat' these two words out of his mouth was as heavy as 30 thousand catties.

When Empyrean Flutterfeather heard that, he just chuckled and said, "Admitting defeat, one should have the manner of admitting defeat! It's just, whether or not we reconcile, Flutterfeather can't make the decision! If you guys want to bury the hatchet, there must be another person who nods his head!"

Chapter 2062: Overwhelmingly Defeating the Southern Border With His Power Alone!

Standing at the right side and looking at Ye Yuan who had a smile that was not a smile, Emphyrean Proudcloud felt uncomfortable as if having eaten a fly.

After twists and turns, he finally still stood in front of Ye Yuan and was forced to admit his fault!

If he had long known it would be like this, might as well directly take a step back at that time. It would also not be to an extent of like this right now.

“Grandmaster Ye, Proudcloud is here to apologize to you!” Emphyrean Proudcloud said with a solemn face.

Ye Yuan pursed his mouth and said coolly, “Do you feel that I’ll accept this kind of insincere apology? If you can’t swallow your pride, why not Brother Proudcloud go back right away and prepare for another battle?”

Emphyrean Proudcloud’s face alternated between green and white. So many people were looking at them the moment, and yet he had to apologize to a True God Realm junior in public. This was simply unprecedented humiliation.

The most important thing was that he apologized and the other party was still not satisfied!

It was just that he did not see his own expression. How was that an apology? It was clearly coming to demand repayment of a debt.

Emphyrean Windrider also could not endure the sight of it anymore. His brows were furrowing slightly as he said, “Proudcloud, if you still have no regard for what’s important, this Emphyrean can’t protect you anymore after this!”

Proudcloud’s face changed and he gritted his teeth and said with a bow, “Grandmaster Ye, the matter previously was all Proudcloud’s fault. I hope that you raise your hand high in mercy and don’t carry on fighting with the Southern Border Alliance anymore!”

This time, although they could still hear his unwillingness, his attitude was clearly much more sincere.

Ye Yuan said coolly, “Forget it. Looking at your reluctant and unwilling appearance, I won’t make things difficult for you. But you wouldn’t be thinking of apologizing to this Ye with a single sentence, right?”

Proudcloud gritted his teeth and said, “Of course not! This Emphyrean is willing to take out 20% of his territory to give to Grandmaster Ye!”

Ye Yuan gave him a glance and said smilingly, “If you had long known what would happen today, why behave like that back then?”

Proudcloud was virtually about to explode, but right at this time, he heard Ye Yuan said faintly, “However ... that was the price for ten years ago. Back then, you invaded and occupied my territory. So this Ye wants an explanation. If you took out 20% of your territory, everything can naturally be discussed. But you all bullied people by taking advantage of your power and forced this Ye and Brother Flutterfeather out of the Southern Border Alliance. At this present time, you want to dismiss us with a mere 20% of your territory?”

Proudcloud's territory was not considered big among all of the factions in the first place.

20% of the territory was sufficient to make his flesh hurt for a long time.

But hearing Ye Yuan's words, he knew that this matter was likely unable to be settled anymore.

"I wonder just what Grandmaster Ye wants before you're willing to drop matters?!" Empyrean Proudcloud closed his two eyes and got ready to risk it all.

Ye Yuan said coolly, "Back then, those factions that took part in fighting for the territory all took out 40% of their territory. While you, Empyrean Proudcloud, took out 50% of your territory. If we do like in the past, this matter will be considered dropped."

Empyrean Proudcloud's expression changed wildly and he said furiously, "You ... You're bullying people too far!"

Ye Yuan's two eyes narrowed, his aura suddenly changing as he said in a cold voice, "I'm bullying people too far? Back then, the agreement was just decided and you all reneged on your words, snatching this Ye's territory! Yet, you all still felt zero shame and wanted to settle things without even a word of apology. How can there be such a bargain in this world? Later, your Southern Border Alliance sowed discord between Brother Flutterfeather and me in order to deal with this Ye. Later, we were even forced out of the Southern Border Alliance. After that, you all invaded the Myriad Treasure Tower's territory in a massive invasion and joined forces with a hundred forces to carry out a campaign against the Myriad Treasure Tower. This one event after another, this Ye hasn't said anything yet. Now, when it came out of your mouth, it came out that this Ye bullying people too far?"

Each sentence Ye Yuan said, he took a step forward, the momentum astonishing.

Someone was powerful as Empyrean Proudcloud was actually repeatedly forced back by Ye Yuan.

When Windrider and the rest saw, they could not help feeling dumbfounded in their hearts.

A mere True God Realm actually forced back an Empyrean powerhouse!

But they had to admit that Ye Yuan's grandmaster air was already formed, the imposing momentum on his body surmounting above all life.

This aura did not lord over others, but it gave people a feeling akin to that of the mighty ocean, causing them not daring to look straight at him!

Empyrean Windrider heaved a slight sigh. He knew that Proudcloud was already thoroughly suppressed by Ye Yuan and had no way of negotiating at all anymore.

"What Grandmaster Ye said is true. It's just that ... your demands are a little too harsh, right?" Windrider spoke up.

Ye Yuan gave another cold laugh and said, "Brother Windrider, this is just me and Proudcloud settling some scores. My score with Brother Pilljade and the Southern Border Alliance hasn't been calculated yet! Don't put things nicely. This Ye is standing here with the bearing of a victor today. If this Ye was defeated, your methods will likely be ten times fiercer than this Ye, right?"

Empyrean Windrider's face changed, but he still said with an awkward smile, "This ... How can this be possible?"

Ye Yuan said coolly, "Whether it's possible or not, you and I have a score in our hearts. So saying anymore is pointless. I'm only asking you, can my demand be satisfied or not?"

Empyrean Windrider nodded and said, "Okay, the alliance agrees on their behalf! Whatever conditions Grandmaster Ye still has, why don't you say it out together."

Ye Yuan waved his hand and said, "The rest can still be discussed. The Southern Border Alliance will compensate Heavenly Eagle ten million high-grade divine essence stones. In addition, I'll give a list later. You guys prepare the natural treasures on it and my hurdle will be considered cleared. However, don't you all think about this being settled all in one go. Only after the divine essence stones and the natural treasures on the list have fully arrived that Brother Flutterfeather will start his negotiations with you all."

Empyrean Windrider's face alternated between green and white. He felt like he was negotiating with an old monster, and not a thousand over years old young man.

This guy advanced gradually and entrenched himself at every step, not giving you any chance to play tricks at all.

He just planned to drag it out when Ye Yuan directly throttled him.

Ten million high-grade divine essence stones were nothing. It was just a single hair from nine oxen to a colossal giant like the Southern Border Alliance.

But the list that Ye Yuan pulled out would definitely far exceed ten million high-grade divine essence stones.

Furthermore, these spirit medicines must be very rare. Even if the Myriad Treasure Tower took action, they might not be able to collect them fully.

This kid was really a bloodsucker!

But Empyrean Windrider was also clear that Ye Yuan here was merely the small end. The real largest share was still at Empyrean Flutterfeather there.

The negotiation with the Myriad Treasure Tower was the major thing that had important consequences.

Empyrean Windrider mused for a while and said, "Alright, this matter, this Empyrean will agree on behalf of the alliance."

...

After Empyrean Windrider reached the Myriad Treasure Tower, the news of the Southern Border Alliance suffering a miserable defeat and lowering their heads swept throughout the entire Southern Border like the wind.

Not only did it cause a great sensation in the alchemy world, it similarly caused a stir in the entire martial arts world.

Those who were well-informed all understood that the Southern Border Alliance did not lose to the Myriad Treasure Tower but lost to a genius alchemist called Ye Yuan.

Ye Yuan's great fame instantly spread throughout the entire Southern Border.

...

At the Luo Family residence, the Luo Family's ancestor had an appearance of bitter resentment and being let down.

He pointed at Luo Tianqi's nose and scolded him severely, "You fool! An utter fool! If you enter Grandmaster Ye's tutelage and achieve the grand completion Dao Realm in the future, you'll be a great power of this Southern Border! A god-sent opportunity like this, you actually ran in front of Grandmaster Ye to flaunt your prowess? Was your head kicked by a donkey?"

Luo Tianqi did not give in. He said, "Ancestor, how could Tianqi have known back then that he, a salted fish, could also gain a new lease on life? Moreover, our Luo Family is backed by a heavenly emperor. So why is there a need to lick his smelly feet?"

"You!" The Luo Family's ancestor was angered until he blew smoke from all seven orifices, and he roared furiously, "Scram! Get lost for me! Starting from today, you'll be confined for 500 years and not permitted to take one step out of your room!"

Chapter 2063: Three Bullied Wives

The one being remorseful and angry was not just the Luo Family's ancestor. Those geniuses who had the chance to enter Ye Yuan's tutelage were currently all thumping their chests and stomping their feet at home, regretting endlessly.

Ye Yuan's talent was too great. Furthermore, his ability in teaching disciples was similarly powerful.

A figure able to take out more than ten kinds of pill formulas casually and propel the transformation of the Southern Border's medicinal pills, how weak could he be in the future?

Who could guarantee that several tens of thousands of years later, the Southern Border would not produce another Medicine Ancestor level character?

Even if Ye Yuan could not become a Medicine Ancestor, that was also absolutely a great grandmaster as weighty as Mount Tai.

Being able to become his disciple, that was a tremendous lucky chance.

"Old Man Pilljade is blind, but his great-grandson could see what others could not! Yun Yi, that kid, under Grandmaster Ye's tutelage, he will definitely be an earth-shaking great character in the future. Perhaps in the future, Old Man Pilljade wouldn't even be fit to carry shoes for this great-grandson of his!"

"This boy is too monstrous. I'm afraid that even the Medicine Ancestor back then also did not have this kind of terrifying strength, right?"

“He overturned the entire Southern Border Alliance with his power alone! This kind of heaven-shocking action, he can bear the title of ‘Little Medicine Ancestor’ already!”

...

No idea since when, this title of ‘Little Medicine Ancestor’ was crowned on Ye Yuan’s head.

The Southern Border’s various places were virtually all discussing Ye Yuan.

Ye Yuan had such dazzling strength, bystanders would naturally compare with the number one Alchemy Dao person.

In the end, they discovered that even when the Medicine Ancestor was returned to his youth, it would likely be hard to reach Ye Yuan’s current height too.

One had to know, Ye Yuan overpowered all of the Seven-star Alchemy Gods in the Cloudpill Summit.

Later, he even triggered the Sea of Law and entered Ancestor Realm.

At a young age, he was already a Mount Tai level figure of the alchemy world.

This kind of achievement, using accomplishment that surpassed ancient and modern times to describe was not the least bit overboard.

Being carried along by the heaven-shocking momentum, a puny little Heavenly Eagle Imperial City shockingly already became the Southern Border’s eighth great peak holy land.

Although this did not get the Southern Border Alliance’s acknowledgement, this was already an established fact in the hearts of numerous alchemists.

More and more alchemists poured into Heavenly Eagle Imperial City.

This small city already appeared too overcrowded.

Ye Yuan opening his mouth and exorbitantly demanding ten million high-grade divine essence stones from the Southern Border Alliance were done in order to expand the city.

Ten million high-grade divine essence stones, even at great imperial capital this level, it was also a massive resource.

For close to ten years, Ye Yuan also accumulated a sum of tremendous wealth from cooperating with the Myriad Treasure Tower. It was sufficient to use to expand the city.

The Myriad Treasure Tower and Southern Border Alliance’s negotiations were currently carrying out a seesaw game.

Actually, Ye Yuan and Flutterfeather were both clear in their hearts that just based on a Myriad Treasure Tower, even if adding in the seven great reclusive ancient families, they also could not devour the Southern Border, this piece of fatty meat.

This stall ultimately still had to be branched out.

Otherwise, what would they still sit down and discuss?

With the Myriad Treasure Tower's strength presently, eliminating the Southern Border Alliance was simply as easy as counting numbers, but it was not easy to annex the territories.

But even if they could not devour it, the Myriad Treasure Tower also had to fight for the maximization of benefits.

The Myriad Treasure Tower ultimately still had to join the Southern Border Alliance. It was just that the division of profits naturally could not be like in the past anymore.

The suggestion that Ye Yuan gave Flutterfeather was not to ask for too much of their territories, but the pill formulas must be grasped in their hands.

The Southern Border Alliance would definitely covet the pill formulas. The Myriad Treasure Tower's goal was to turn the Southern Border Alliance into their sellers.

The Myriad Treasure Tower provided the medicinal pills, while the Southern Border Alliance only had the selling rights. At that time, the profits would be divided again.

This way, the Myriad Treasure Tower's position of alliance chief would be as solid as a metal bucket.

As for medicinal pills, presently with the support of the seven great reclusive ancient families, they could be refined without ceasing.

These alchemy ancient families normally stayed hidden and did not emerge. But that was just relatively speaking.

For ancient family disciples to want to cultivate, it naturally could not do without large sums of divine essence stones.

This kind of remote controlling method was these reclusive ancient families' favorite method of earning money.

Of course, this was something that Emphyrean Flutterfeather needed to worry about, Ye Yuan could not be bothered to go and care.

Regardless of what the final outcome was, he just needed to sit and wait to get his share of the money.

On this day, Ye Yuan was currently in his manor cultivating when suddenly, someone came to report that Five Firmament Great Imperial Capital's Emphyrean Lu Yan came to request an audience.

Ye Yuan was slightly taken aback and immediately understood something, the corners of his mouth revealing a trace of a smile.

At the City Lord Manor, Ye Yuan sat high up at the court, while the exalted Emphyrean Lu Yan could only stand with his hands by the side below.

Looking at the Ye Yuan who was akin to being high in the clouds, Lu Yan felt all sorts of emotions jumbled up in his heart.

How could he have thought that within the imperial cities that he governed, there would actually be a huge dragon that soared to the sky?

Although Lu Yan was not someone involved in alchemy, a grand event like the Cloudpill Summit, how could he not know about what happened with his status as an Emyrean?

When one soul-stirring news after another came over, Lu Yan finally understood just what kind of existence he offended.

Back then, when Flutterfeather gave Ye Yuan the grandmaster token, beyond his shock, Lu Yan turned his nose up at it more.

A puny little True God Realm, holding a grandmaster token, going to the Cloudpill Summit to make a spectacle of himself?

At this age, he should compete with Six-star geniuses honestly and sincerely.

Be a grandmaster?

Was he worthy?

But when one news after another came over, only then did Lu Yan know that Ye Yuan was really worthy of being one!

But later, with the Myriad Treasure Tower and Southern Border Alliance battling against one another, Lu Yan saw hope again and even expelled the Myriad Treasure Tower, drawing the Cloudpill Establishment, these major factions in.

In his view, the Myriad Treasure Tower would surely be defeated without a doubt!

No matter how strong a faction was, how could they possibly be stronger than the entire Southern Border?

The Southern Border had a boundless expanse of land. Just the great imperial capitals had thousands to tens of thousands.

How could a mere Myriad Treasure Tower be the Southern Border Alliance's match?

But he never dreamed that Ye Yuan actually fought until the Southern Border was utterly destroyed with his power alone, ultimately sending people over to beg for peace.

Ever since he sent Lu Ziyi over to capture Ye Yuan, he had never had anything go right for him before.

Toward a mere imperial city, Emyreans could be said to hold power over its life and death.

Yet, in this Heavenly Eagle, Ye Yuan gave him one surprise after another.

The Five Firmament Great Imperial Capital was the Myriad Treasure Tower's traditional faction. Since they came to beg for peace, the Cloudpill Establishment, these factions, naturally had to withdraw.

With this, Emyrean Lu Yan was virtually about to cry.

He thickened his face to go and find the Myriad Treasure Tower, hoping for the Myriad Treasure Tower to rejoin the Five Firmament Great Imperial Capital. But they did not buy it at all.

Empyrean Flutterfeather gave the instructions concerning the Five Firmament Great Imperial Capital's affairs that they would not get involved at all.

Wanting to have the Myriad Treasure Tower rejoin the Five Firmament Great Imperial Capital, it must get Ye Yuan's approval.

There was no choice. Under Empyrean Lu Yan's helplessness, he could only humble himself and come and beg Ye Yuan.

Normally, forget about that. Without the Myriad Treasure Tower, he could find other forces to refine medicinal pills.

But the problem was that Ye Yuan poisoned several thousand True God Realms to death previously. The Five Firmament Great Imperial Capital virtually had no power to fight!

At this juncture, without the support of powerful medicinal pills, he would have to be a lone general without an army for god knows how long.

The current Empyrean Lu Yan brought along Deng Yunzai and Dai Chunhao, just like three bullied wives; on tenterhooks.

Empyrean powerhouse, that was the pinnacle-most existence in this secular world, how high-spirited were they?

They had never thought that they would actually have this kind of emotion in front of a True God Realm junior one day.

Lu Yan gave a deep bow toward Ye Yuan and said, "Five Firmament Great Imperial Capital's Lu Yan pays respect to Grandmaster Ye!"

[Unrivaled Medicine God](#)

Chapter 2064: Glory to Live in Heavenly Eagle!

This young man in front of him was the fellow who killed his precious daughter and slaughtered thousands of his subordinates.

Now, he actually had to show such solemn respects to the other party. He had no way to describe how uncomfortable this was.

But he also understood that with Ye Yuan's present status in the Southern Border, even if ten Lu Yans added up, he would also be inferior.

If not being backed by a heavenly emperor, Ye Yuan could plow Five Firmament Great Imperial Capital ten times over by randomly calling a few Empyreans.

Think about what kind of people Ye Yuan was associating with now?

Empyrean Flutterfeather, Empyrean Chaoyuan, and it was said that there were also the seven great reclusive alchemy ancient families' super powerhouses.

Any one of these people was not an existence that he could provoke.

Although the present Ye Yuan was still True God Realm, he already made him unable to look up to him.

“Empyrean Lu Yan coming to find this Ye, it really surprises me greatly!” Ye Yuan said with a smile that was not a smile.

Lu Yan had an awkward look as he said, “This ... The matters in the past was all this Lu who had eyes but couldn’t discern Grandmaster Ye’s true face, resulting in affronting Grandmaster. I hope that Grandmaster Ye is magnanimous and don’t haggle over it with us.”

Being under people’s roof, there was no choice but to lower one’s head.

At this time, how could an Empyrean’s face still be wanted?

Moreover, even the Southern Border Alliance’s big shots all lowered their heads and admitted their fault to Ye Yuan. What’s wrong with him, a mere Second Firmament Empyrean, lowering his head?

Ye Yuan laughed in spite of himself and said, “If apologies have any use, then what do we still cultivate for? Lu Yan, back then, you commanded an army of 100 thousand martial artists and several thousand True God powerhouses. If this Ye’s strength was lacking, this Heavenly Eagle would likely have not even dogs or fowls left anymore. You want to let matters go with this one light and fleeting sentence? Moreover, these few years, you all drove out the Myriad Treasure Tower. It’s clearly remnant hatred that’s outstanding. Why do you all feel that ... this Ye should help you guys?”

Ye Yuan was not a narrow-minded person. However, the Five Firmament Great Imperial Capital had an appearance of showing disdain on everyone and everything starting with Lu Ziyi, deciding people’s life and death at the drop of a hat, making him extremely unhappy.

Later, Lu Yan even dispatched an army of 100 thousand, claiming that he was going to slaughter the city.

If not for Ye Yuan killing several thousand True Gods with ruthless means, how could there still be any Heavenly Eagle Imperial City currently?

Lu Yan three people had awkward faces. At that time, both parties were akin to fire and water. Even now, they still had a blood feud.

It was just that circumstances were stronger than people. Lu Yan three people had to implore Ye Yuan and had no choice but to lower their heads!

“What Grandmaster Ye says is true. Back then, our hearts were blinded. That’s why we’d be like that. In order to express our apology, we brought some gifts over. We hope that Grandmaster Ye will kindly accept them,” Lu Yan said.

Ye Yuan laughed in spite of himself when he heard this. He then said, “Lu Yan, it’s not that this Ye is looking down on you, but can your Five Firmament Great Imperial Capital take out something that moves this Ye?”

When the three people heard that, they could not help choking.

That was true. With Heavenly Eagle’s present power and influence, they would be controlling 10% of the Southern Border’s medicinal pills market very soon. How astonishing was this wealth?

A mere Five Firmament Great Imperial Capital, even if these three great Emyreans took out all of their assets, Ye Yuan would completely turn his nose up at it too!

The three people exchanged glances and were like eggplants hit by frost; actually at a loss on what to do for a moment.

Although they were of noble Emyrean bodies, it was too insignificant in front of the present Ye Yuan!

Just as the three people lost all hope, Ye Yuan suddenly spoke up, "You all coming to find me, it's simply to get the Myriad Treasure Tower to rejoin the Five Firmament Great Imperial Capital. I'll give you all a chance, but whether you do it or not is up to you guys."

The moment the three people heard, they could not help being overjoyed.

But very soon, Lu Yan's face fell again.

He knew that the thing Ye Yuan was making them do definitely would not be that easy.

"Brother Lu Yan, what are you still in a daze for? Grandmaster Ye already said to give us a chance!" Deng Yunzai urged.

He already could not endure the present days anymore, the Deng Family had already run out of resources for as long as several years.

If there were still no medicinal pills provided, all of their Deng Family members' cultivation would probably get delayed.

So the moment he heard Ye Yuan's words, Deng Yunzai agreed without thinking.

Lu Yan's face changed several times. Ye Yuan did not urge either, just quietly waiting for a response.

Suddenly, Lu Yan's face turned intent, seemingly making up his mind, and said in a solemn voice, "Whatever orders Grandmaster Ye has, this Lu will definitely do it!"

Ye Yuan said coolly, "Good, I want the three of you to extend a formal apology in front of everyone in the city! Also, swear a solemn oath in front of everybody to never invade Heavenly Eagle in this lifetime. Don't use this sort of expression to look at me. It's not this Ye intentionally making things difficult for you all, but that you owe them an apology!"

When the three people heard that, their faces changed rapidly.

Inside this tiny little City Lord Manor, the three of them lowering their heads to Ye Yuan. Although this was humiliating, it was actually nothing much.

With Ye Yuan's present identity and status, he could bear their apology.

But, making them apologize to those ants with their Emyrean bodies, that was another matter altogether.

With this apology, it would be known to millions. Where would their old faces go in the future?

Reaching their level of realm, forfeiting their integrity was minor, losing face was huge!

Looking at the three people whose faces were flickering intermittently, Ye Yuan slowly stood up and left with his hands behind his back.

“You all have three days’ time to consider. After three days, if you haven’t replied, you all can leave on your own.”

Beside the three people’s ears came Ye Yuan’s drawn-out voice.

...

Five days later, at Heavenly Eagle’s Pill Tower square, countless martial artists and alchemists were gathered here.

Among the people present, some people had been through that earth-shaking great battle. There were also people that joined Heavenly Eagle afterward and knew absolutely nothing about this.

But very soon, they learned the whole story of that earth-shaking great battle from other people’s mouths and was immediately shocked speechless.

Only then did they know that Grandmaster Ye still had such a brilliant battle record!

Annihilating several thousand True Gods with his power alone, creating three great Emphyreans with alchemy, six great Emphyreans coming to help out from all over the land, forcing a heavenly emperor to give in.

This kind of battle record was truly fascinating.

But they also learned at the same time why the martial artists in the city loved and respected Grandmaster Ye so much.

Grandmaster Ye became furious to the extreme not for his lover, but it was merely for a nameless kid called Jiang Ming.

This kind of benevolent master, was he not worthy of following?

Of course, many people present were very disdainful.

“Tsk, what does this count as? Presently, Grandmaster Ye defeated the Southern Border with his power alone; that is a truly heaven-shocking battle!”

“Hahaha! Reasonable, reasonable!”

Everyone burst into laughter.

“But today, Grandmaster Ye still made three great Emphyreans apologize to the whole city for our sakes!” The eyes of the martial artists that had experienced that battle brimmed over with hot tears.

“Recalling back then, it was really like a dream. At that time, these three great Emphyreans were gods in the sky in our eyes, crushing until all of us could not catch our breath. But now, a word from Grandmaster Ye can make them bow their heads in submission! It’s glorious to live in Heavenly Eagle!”

Unknowingly, the horizons of Heavenly Eagle’s martial artists also broadened significantly.

The originally incomparably mysterious Emphyreans in their eyes already became normal.

They all understood that it was not that they got strong, but that Grandmaster Ye became powerful!

This one sentence stirred up the sense of identity of all the martial artists. Everyone raised their hands and started shouting.

“Glory to live in Heavenly Eagle!”

“Glory to live in Heavenly Eagle!”

“Glory to live in Heavenly Eagle!”

...

On this day, three great Emphyreans apologized in public. The Southern Border was shocked.

Chapter 2065: Its You All Who Havent Seen Much of the World

The void vibrated, several young girls fluttering with immortal qi slowly walked out.

The girl in the front was dressed in clothes whiter than snow. Although she was not a beauty, she was also quite pretty. It was just that there was an additional trace of viciousness between her brows, giving people a feeling of keeping strangers away.

The few people strained their eyes and looked into the distance. A large-scale city rose up from the ground ahead, looking magnificent.

Beside the white-clothed girl, one of them said, “Senior Apprentice Sister Xun, this is the Heavenly Eagle Imperial City that Little Junior Sister said, right? I didn’t expect that a mere imperial city is actually so magnificent too!”

Mentioning that Little Junior Sister, a hint of disdain and mockery flashed across in her eyes.

Senior Apprentice Sister Xun pursed her mouth and said scornfully, “A mere imperial city made so luxuriously, the person managing affairs must like to do grandiose things to impress people, not making any contributions. *Humph!* I get angry at the mention of that wretched girl! If not for her, we also wouldn’t have needed to travel across the Heavenspan Mountain and run to the Southern Border from the Northern Border.”

The pretty junior apprentice sister smiled and said, “That wretched girl feels that she has the Profound Yin Divine Physique and looks down on Eldest Senior Sister. Master’s kindness toward her is as weighty as a mountain, but she doesn’t think about repaying it, and even wanted us senior apprentice sisters to run here from far away to capture people! Really damn it! When we capture the person she’s in love with, we’ll have to teach him a good lesson.”

Senior Apprentice Sister Xun did not express anything and just said coolly, “Come on, enter the city first before talking. Figure out that kid’s situation first. Otherwise, if we beat the grass and startle the snake, it wouldn’t be good if he runs.”

The party of five followed the crowd and entered Heavenly Eagle Imperial City.

Only after entering the city did the five people detect Heavenly Eagle's prosperity. It actually did not lose to ordinary imperial capitals. This made them very surprised.

Compared to the number of martial artists here, this city was not big, but appeared too small.

"Senior Apprentice Sister Xun, is this really a little imperial city? Why do I feel like this place is even more flourishing than the average imperial capital?" The pretty junior apprentice sister looked left and right and said in surprise.

Senior Apprentice Sister Xun frowned and said, "This place has medicine shops in great numbers, alchemy prevalent, looks rather like an alchemy holy land. That girl said before that her little lover is an alchemist. Looks like it matches. There's an inn ahead. Let's go over and inquire about it."

The few people entered an inn and found a table next to a window and sat down.

When the waiter came over, the pretty junior apprentice sister hurriedly asked, "Waiter, I see that your Heavenly Eagle Imperial City seems to have a lot of alchemists!"

The moment the waiter heard, he could not help saying with a proud look, "Ladies, you came from other places, right? *Huhu*, our Heavenly Eagle Imperial City is the Southern Border's number one alchemy holy land. If you want to request for pills, then you came to the right place."

The moment the few junior apprentice sisters heard this, they could not help snickering.

The pretty junior apprentice sister said in amusement, "Number one in the Southern Border? A little imperial city also dare claim to be the Southern Border's number one? Your place is remote and has probably never seen before how big the world outside is, right?"

Her meaning was saying that Heavenly Eagle Imperial City's people had never seen much of the world.

It was just that the pretty junior apprentice sister's laughing made everyone around her laugh instead.

"Little girl, not that we haven't seen the world. It's that you all haven't seen how big the world is! You go out and inquire and you'll know that our Heavenly Eagle Imperial City is number one in this Southern Border. I guarantee this is the truth!"

"*Haha*, even if Seven-star Alchemy Gods arrived at our Heavenly Eagle, they also have to bend their backs and walk!"

"Little girl, do more homework before going out. Otherwise, you'll become a joke when you reach the place!"

...

There were kind laughs all around. But it was incomparably ear-piercing to these few people.

The pretty junior apprentice sister's face turned red and was about to fly off the handle, but she heard Senior Apprentice Sister Xun cough lightly.

Senior Apprentice Sister Xun looked at the waiter and asked, "This little brother, since your place here is an alchemy holy land, then have you heard of a young man called Ye Yuan before?"

As if afraid that the waiter had not heard of him before, Senior Apprentice Sister Xun added, "Heard that his age isn't old, his alchemy skills ... should still be passable."

The moment these words came out, the whole place was silent. Extremely strange looks appeared on everyone's faces.

Senior Apprentice Sister Xun and everyone immediately also realized that something was wrong. Could it be that her words violated some taboo?

But they did not take it to heart. A mere imperial city, even if it violated some taboo, what could they do to her?

"Why? Did this young lady say something wrong?" Senior Apprentice Sister Xun asked curiously.

The waiter revealed a strange look and said, "That's not it, however ... if Lord Ye's alchemy skill is still passable, then other alchemists can find a piece of tofu to commit suicide with."

"Oh? In that case, he's very impressive?" Senior Apprentice Sister Xun did not take it seriously and asked coolly.

She was already very convinced that the people of this imperial city developed a wildly arrogant personality because it was too out-of-the-way.

Think that they were invincible under the heavens with a few formidable alchemists in the city.

Ignorance was truly terrifying!

She had still heard of the Southern Border's alchemy world before. The most powerful ones were Emyrean Pilljade as well as the leaders of the six great holy lands.

When was it a puny little imperial city's turn to assume hegemony?

The waiter smiled and said, "Impressive? *Huhu*, more than just impressive! Tell you this then. Even if Seven-star Alchemy Gods came, they would also have to respectfully call His Excellency 'grandmaster'!"

Senior Apprentice Sister Xun pursed her mouth, a disdainful look on her face.

This bunch of country bumpkins was truly wildly conceited to the extreme!

But the waiter was not aware at all and said without caring about others, "*Heh heh*, turns out that you want to meet Lord Ye. Then you all came to the right place. If it's at other places, you really can't meet him. But Lord Ye likes our shop and frequently comes to patronize our shop. *Eh*, what a coincidence, Lord Ye is here!"

The waiter shot a glance and just happened to see a young man bringing two followers downstairs, coming up the inn slowly.

Senior Apprentice Sister Xun's gaze turned intent, a hint of joy flashing across in her eyes.

It was truly wearing out iron shoes in a fruitless search and finding it by chance without even looking for it!

When the waiter saw that Ye Yuan came, he hurriedly went over to greet. Ye Yuan already went up the second floor.

"Haha, Lord Ye is here, the box room is already prepared, Your Excellency please enter." The waiter said with a broad grin.

Ye Yuan casually fished out a piece of high-grade divine essence stones and threw it to the waiter, saying with a smile, "Thanks for the trouble. Take this."

The waiter received it with a chuckle and said smilingly, "Thank you, Your Excellency, for the reward!"

At this time, the second floor's guests all stood up and gave a bow towards Ye Yuan, shouting in unison, "Your Excellency!"

Ye Yuan waved his hand and said with a laugh, "All sit, all sit. This Ye's mouth was just feeling itchy and came to have some dishes."

Everyone laughed and all sat down.

Ye Yuan being close to the civilians was known to all in Heavenly Eagle. Hence, everyone did not mind and were also not scared that they would affront Ye Yuan.

Rather, when Ye Yuan glimpsed and saw Senior Apprentice Sister Xun five people, his brows could not help furrowing.

These few people concealed their cultivation and seemed ... to have enmity towards me?

No time for him to think too much either, Senior Apprentice Sister Xun five people already got up.

Senior Apprentice Sister Xun used a tone of looking down from a height and said coolly, "You're Ye Yuan?"

Ye Yuan nodded his head and said, "It's precisely this Ye."

Senior Apprentice Sister Xun continued, "Then do you know Lu-er?"

When Ye Yuan heard that, his expression changed wildly.

When Senior Apprentice Sister Xun saw Ye Yuan's expression, she was immediately certain and said indifferently, "Looks like I'm right. Lian Xin, take him down."

Chapter 2066: Crushing the Enemy With One Punch

"Yes, Senior Apprentice Sister!"

Behind Senior Apprentice Sister Xun, a girl in palace attire answered and stepped out.

Following her taking a step out, her aura rose straight up, reaching peak Fifth Firmament True God very soon.

That Lian Xin had a proud look, her gaze sweeping over everyone's faces, hoping to see worshipping looks from the eyes of the people crowding around and watching.

A middle-stage True God mighty expert was a god in imperial cities!

It was just too bad that she was disappointed.

The diners were indeed somewhat surprised at first because they did not think that these beautiful ladies actually wanted to deal with Ye Yuan.

But very soon, the expressions of these diners calmed down. And in their gazes, it even carried a trace of pity.

Even though these people's strength did not pass Celestial Deity Realm at the highest.

The big spectacles that Heavenly Eagle's martial artists had experienced before were too many. Forget about a measly little True God Realm, even if it was an Empyrean powerhouse, didn't they also apologize to everyone obediently?

Senior Apprentice Sister Xuan said coolly, "Just break the four limbs will do, don't harm his life. Otherwise, that slut will probably threaten to kill herself."

The moment these words came out, Ye Yuan's face fell.

Originally, when he suddenly heard Lu-er's news, he even thought that she was pretty good with these girls. Who knew that the other party wanted to break his four limbs the moment they made their move?

A surge of evil fire immediately rose in Ye Yuan's heart!

"Senior Apprentice Sister, rest assured. Lian Xin knows how far to go and when to stop. This kind of trash, whichever place I want to break him, it will be broken there."

Senior Apprentice Sister Xun nodded her head, clearly thinking so too.

The current Ye Yuan looked to be just Celestial Deity Realm cultivation too. He was utterly not worth mentioning in her eyes.

It was not that Ye Yuan was deliberately concealing his cultivation, but that he traveled incognito and did not wish to swagger through the streets.

But in the eye of Senior Apprentice Sister Xun and her group., he became a target that could be kneaded as they pleased.

Finished talking, Lian Xin's palm reached over, aiming for Ye Yuan's shoulder blade.

A surge of ice laws instantly spread out, enveloping over toward Ye Yuan. The entire space seemed like it was going to be frozen.

This palm was very swift and fierce, if hit, the shoulder blade would definitely shatter.

"Humph! Acting recklessly and blindly!"

Ye Yuan gave a cold snort, bending his fingers into a claw, and actually reached first despite launching later, directly disregarding Lian Xin's domain.

Crack!

It was only to hear a crisp sound. Lian Xin fell to the ground with a painful cry. Her shoulder blade bones were already crushed.

Senior Apprentice Sister Xun's pupils constricted and she cried out in surprise, "Spatial law!"

Ye Yuan ignored Senior Apprentice Sister Xun's surprise and said in a solemn voice, "Where's Lu-er? Who are you people?"

These few girls clearly did not have good intentions. Most likely, Lu-er's current situation was also not much better, Ye Yuan was naturally anxious in his heart.

After a brief surprise, Senior Apprentice Sister Xun recovered her calmness, her mouth curling as she said, "I underestimated you, but do you think that you can be unbridled because you know a bit of spatial law? Don't you worry. After breaking your four limbs, this young lady will slowly tell you that slut's news on the way. Huan Yi, teach him how to behave properly!"

"Yes, Senior Apprentice Sister!"

The pretty girl smiled sweetly and turned to Ye Yuan and said, "No wonder that slut always kept you in her thoughts. I didn't expect that your talent is actually not weaker than hers, cultivating to become a Fifth Firmament True God in a short 1000 years. However, it's useless. You dared to hurt my Ice Cloud Tower's disciples, it won't be as simple as breaking four limbs!"

While talking, Huan Yi's aura gradually grew stronger.

Taking three steps out, her aura already rose to Sixth Firmament True God!

But when that waiter saw the situation, he shook his head slightly and said with a sigh, "Really a little girl who hasn't seen much of the world before. Asking for trouble!"

When others all nodded slightly when they heard it, deeply feeling that way too.

If Ye Yuan was just an ordinary martial artist, they would definitely be worried for his safety.

But the one standing here was Ye Yuan. Even Lu Ziyi, that kind of genius who comprehended five kinds of laws, died in Ye Yuan's hands.

These few little girls in front of them thought that their strength was powerful, but actually, in Ye Yuan's eyes, they were simply ants.

The waiter's voice was not concealed. Hearing the waiter's words, her pretty face could not help turning cold, suddenly pointing a finger out, and actually pointed at the waiter.

"Ignorant ant, go and die!"

The waiter was merely Divine Lord Realm cultivation. Being hit by this finger, he would definitely be frozen into an ice sculpture.

But the waiter did not have the intention of dodging, because he knew that Ye Yuan would not let him die.

"*Humph!* You're the ignorant ant!"

Ye Yuan had long lost his patience. The other party kept on calling slut, how could he not be furious?

It was only to see his figure arriving in front of Huan Yi like a ghost.

Huan Yi knew that Ye Yuan knew spatial law and was actually long prepared.

But even so, she still jumped in fright from Ye Yuan's ghostly figure.

Huan Yu's ice law suddenly released, rushing toward Ye Yuan frenziedly.

But sadly, Ye Yuan did not give her the chance at all.

Smash!

A clear slap sounded out, Huan Yi was directly slapped flying out.

This time, Ye Yuan did not stop, figure moving once more, already arriving in front of Senior Apprentice Sister Xun.

Senior Apprentice Sister Xun laughed coldly, the aura on her body suddenly releasing. She was shockingly Seventh Firmament True God!

"Courting death!"

Senior Apprentice Sister Xun's reaction was also extremely fast. With a cry, her long sword was already in her hand in a twinkle,

But Ye Yuan did not dodge or avoid, a fist met with Senior Apprentice Sister Xun's sword.

Seeing that Ye Yuan actually used his physical body to forcefully resist her true god mystic treasure, Senior Apprentice Sister Xun was even more scornful in her heart.

"Ice Sleet Sword[1]!"

It was only to see the tip of her sword point. Countless ice sleet extended out of the void, piercing straight for Ye Yuan.

Those ice sleet were condensed by her with the power of law, the power immense. Each one was akin to a sharp sword. Even if a Seventh Firmament True God forcefully resisted it, they would also have to be poked into a mesh.

Ye Yuan actually forcefully resisted with his fleshy body. In her eyes, he was simply courting death.

But very soon, Senior Apprentice Sister Xun's expression changed wildly.

Because Ye Yuan rushed over!

Crack, crack, crack ...

It was only to see golden light radiate brilliantly on Ye Yuan's body. When those ice sleet touched the golden light, they were directly split into two, like ordinary ice cones.

These ice sleet that were able to pierce a Seventh Firmament True God to death were actually unable to stop Ye Yuan in the slightest?

How could she know that when Ye Yuan broke through domineeringly at Cloudpill Great Imperial Capital the last time, his physical body already broke through to late-stage sixth transformation?

Even when encountering a high-grade true god mystic treasure, he did not fear in the slightest too, let alone ice sleets condensed from mere power of law.

At this moment, Senior Apprentice Sister Xun's move was already ending and did not have time to change moves at all.

Seeing Ye Yuan's punch slam over, she did not have time to think too much, power of law erupting suddenly on her body. All around her body was actually covered in layers of ice armor.

Ye Yuan did not care and directly slammed a punch on it.

"Puhwark!"

Senior Apprentice Sister Xun vomited a mouthful of fresh blood wildly, figure directly flying out of the inn, her life and death unknown.

"Tianping, bring her to the City Lord Manor!" Ye Yuan said in a cold voice.

"Yes, Your Excellency!"

Ning Tianping had followed Ye Yuan for a long time and knew that Ye Yuan was currently already enraged to the extreme. At once, he did not dare to dawdle, his figure going out of the inn with a dash.

The Ice Cloud Tower's few disciples looked at Ye Yuan like seeing a ghost, their gazes full of shock.

Huan Yi covered her face and cried out in surprise, "Senior Apprentice Sister Xun's ice law is already cultivated to late-stage rank six, but she was ... actually sent flying with one punch?"

She could not help it but to be shocked.

Senior Apprentice Sister Xun was a small stage higher than Ye Yuan. Her ice law was also cultivated to late-stage rank six already. Her strength could also rank in the top five among the Ice Cloud Tower's young generation. She actually could not even not block one of his punches?

Was this fellow still human?

"Heh heh, I already said that you all haven't seen much of the world. How can His Excellency's strength be what you all, these little fellows, can judge?"

The waiter had a smug look as if the one who won was him.

[Unrivaled Medicine God](#)

Chapter 2067: Northernmost Steppe

Returning to the City Lord Manor, Ye Yuan was too impatient to wait to interrogate Senior Apprentice Sister Xun and the rest.

Lu-er's departure was a thousand years ago without news.

Over these 1000 years, Ye Yuan was constantly worried about her news.

It was just that the Heavenspan World was so big, so where would Ye Yuan go and find?

Now, he finally managed to hear Lu-er's news. Ye Yuan's emotion had been uneasy since then.

Moreover, he even knew that this piece of news definitely would not be too good.

Ning Tianping dragged Senior Apprentice Sister Xun and threw her in front of Ye Yuan. Senior Apprentice Sister Xun started coughing fiercely.

Huan Yi and the rest looked at Ye Yuan with terrified faces, full of disbelief.

This man in front of them was too powerful. One punch had beaten Senior Apprentice Sister Xun to heavy injuries.

"Speak! Where's Lu-er now? I hope that you all don't force me to search your souls!" Ye Yuan looked at Senior Apprentice Sister Xun and said coldly.

"Cough, cough ... your realm isn't even as high as mine. Want to use soul searching art on this young lady? *Cough, cough* ... bring it on!" Senior Apprentice Sister Xun said with a cold smile.

Ye Yuan's realm was not as high as hers, so his divine soul was naturally not as strong as hers.

If he cast soul-search, not only would it not succeed, it would harm his own divine soul instead.

Ye Yuan's face fell and he said, "Since that's the case, you go and die then!"

Presumably, this woman never did anything good for Lu-er too. If killed, then killed. Ye Yuan did not have any psychological burden.

An ocean-like soul force poured out of Ye Yuan's mind sea.

The faces of the few girls changed wildly, only then knowing that Ye Yuan was not joking around.

Breaking through the last time, Ye Yuan absorbed the Sea of Law, his divine soul already reached the limit of True God Realm.

"Stop! I'll say! I'll say!" Senior Apprentice Sister Xun screamed.

"Too late!"

Ye Yuan did not give her the chance at all, directly attacking Senior Apprentice Sister Xun's mind-sea.

Senior Apprentice Sister Xun's divine soul attacked in retaliation frenziedly. Ye Yuan just gave a cold snort, the Soul Suppressing Pearl's power suddenly poured out, instantly tearing down all of her resistance.

Ye Yuan did not have the slightest sympathy, reading Senior Apprentice Sister Xun's divine soul roughly.

One scene after another flashed across in Ye Yuan's mind. The more he looked, the angrier he got.

It turned out that the Northern Border had a region called Northernmost Steppe. That place was a land of bitter coldness, factions complicated and complex. Things were not well-defined like the Southern Border, belonging to some Heavenly Emperor Bodhimanda.

That place was a no man's land. Heavenly Emperors did not have any interest in this region at all. Hence, it was divided up by major and minor forces.

But as a matter of fact, there were nine great Empyrean-level factions that were the strongest here.

This Ice Cloud Tower was one of the Empyrean-level forces.

Roughly a thousand years ago, Lu-er appeared at the Northernmost Steppe by some unknown means and was taken fancy on by the Ice Cloud Tower's master. She was then taken in as a disciple.

Back then, Lu-er was merely Heaven Glimpse Realm, but the Ice Cloud Tower's cultivation method was extremely suitable for Lu-er.

By relying on the Profound Yin Divine Physique, her cultivation speed was extremely fast.

Over a thousand years, she already cultivated to True God Realm. At present, she was already a Fifth Firmament True God powerhouse.

Of course, this was also all thanks to Ye Yuan.

Back then, he helped Lu-er's Nine Yin Divine Link Meridian to improve further with divine pills, evolving to become the Profound Yin Divine Physique. That was how there was the present Lu-er.

But walking along this path, Lu-er suffered considerable hardships.

This Senior Apprentice Sister Xun was envious that not only was Lu-er pretty, but her cultivation talent was also even extremely high.

In fact, back then, because Lu-er violated a rule, she hung Lu-er up to beat, beating until Lu-er nearly died.

If not for Second Senior Sister helping out later, Ye Yuan probably would not be able to see Lu-er anymore.

Of course, although this Senior Apprentice Sister Xun was jealous, she only listened to others.

The one who really wanted to deal with Lu-er was Eldest Senior Sister, He Xiangyun!

As for that Ice Cloud Tower's master, she had an attitude of letting things take their course.

Although this Ice Cloud Tower's was a female force, under the environment of the Northernmost Steppe, they were mostly self-centered, and would not care about the life and death of the people below at all.

In this Ice Cloud Tower, to really talk about treating Lu-er well, there was only Second Senior Sister, Yang Fei-er.

This time, the reason why Xun Qingling came to find Ye Yuan was because another of the Northernmost Steppe's Empyrean-level force's young lord took fancy on Lu-er, intimidating the Ice Cloud Tower's tower master with threats and beguiling with benefits, making her marry Lu-er to him.

The Ice Cloud Tower's master could not resist the temptation and finally still agreed.

It was just that Lu-er threatened to die. That was how the Ice Cloud Tower's master did not succeed.

Lu-er's thoughts were pure and her feelings for Ye Yuan were known by Eldest Senior Sister He Xiangyun long ago. Hence, she suggested to the Ice Cloud Tower's master to capture Ye Yuan to threaten Lu-er, and force Lu-er to give in.

The moment the Ice Cloud Tower's master heard this, she was overjoyed and immediately allowed it.

Because she knew that the place Ye Yuan was at was merely an imperial city, so sending Xun Qingling over was already more than sufficient.

It was just that the Ice Cloud Tower's master never dreamed that with Ye Yuan's present strength, killing Xun Qingling was merely a matter of flicking a finger.

Moreover, Heavenly Eagle Imperial City's strength at present was not the slightest bit weaker than Ice Cloud Tower.

What was laughable was that Xun Qingling and co. thought that they were powerful and came over to capture people without even making inquiries, resulting in being directly annihilated by Ye Yuan.

"You all, very good!"

When he said this, Ye Yuan's teeth creaked from grinding.

When the Ning Tianping and Bai Chen by the side saw this scene, they could not help secretly being speechless.

They did not know what Ye Yuan saw in Xun Qingling's divine soul, but they rarely saw such a furious expression on Ye Yuan before. It could be seen that Ye Yuan was already enraged to the extreme.

"Y-Your Excellency spare our lives!" How could the few girls still have any proud appearance? They were already terrified to the extreme.

"*Heh*, this Ye isn't someone who kills indiscriminately. It's just that you all normally treated Lu-er like that, so you can't be spared!"

Finished talking, Ye Yuan waved a hand. Several streaks of sword energy fired out, directly blasting the four people to mere residue.

These four people were all Xun Qingling's accomplices. In these 1000 years, there were no few instances of bullying Lu-er and even quite a few times of harming Lu-er to death. How could Ye Yuan spare them?

After killing four people, Ye Yuan sucked in a deep breath, forcefully calmed down, and said, "Invite Senior Bai Tong they all over."

Hearing that Ye Yuan was going to the northern land, everyone was very worried.

After all, arriving at that sort of place, no one knew Grandmaster Ye.

If anything mishap happened, that would not be good.

Bai Tong frowned and said, "Why not ... I go together with you."

Ye Yuan shook his head and said, "At present, Heavenly Eagle has just stabilized. Forces everywhere are casting covetous eyes, so there must be an Empyrean-level powerhouse holding down the fort. All of you stay. Just Tianping following me will do."

Bring Bai Tong over would naturally be much more secure.

But the Southern Border was not calm and tranquil. Empyrean Pilljade and the rest were all casting covetous eyes. Without an Empyrean-level powerhouse holding down the fort, Ye Yuan could not set his mind at rest.

Through several years of seesawing and negotiations, the Myriad Treasure Tower and Heavenly Eagle joined the Southern Border Alliance once more.

With this battle, the Myriad Treasure Tower was naturally the greatest beneficiary, but Heavenly Eagle Imperial City's limelight was the brightest.

As the saying went, the winds howl around the highest peaks, it was impossible for Empyrean Pilljade they all to willingly be suppressed just like this. Perhaps some troubles would occur.

Bai Tong was not just an Empyrean powerhouse, but a Seven-star Alchemy God too. With him garrisoning Heavenly Eagle, Ye Yuan could naturally be much more reassured.

"Yun Yi, when Master isn't around, this land of Southridge will be presided over by you. If you encounter anything that can't be resolved, consult Senior Bai, understood?" Ye Yuan instructed.

Yun Yi nodded and said, "Yes, Master!"

After arranging everything for Heavenly Eagle, Ye Yuan brought along Ning Tianping. The two embarked on the journey to the Northernmost Steppe.

[Unrivaled Medicine God](#)

Chapter 2068: Just Telling the Truth

The Northernmost Steppe was said to be a grassland, but actually, it was merely a wasteland.

The area here was vast, with fierce beasts everywhere.

The humans living here had to band up together to keep warm, gathering together.

It was also precisely because of this that the people here were stubborn and unruly, killing people at the drop of a hat.

Only the strong could survive here.

This place was a magical place where martial artists formed factions and gangs, for the sake of benefits and murdering each other.

But each beast tide, they were able to put aside all grievances and resist the fierce beasts.

Jiu Luo Ji was such a place.

The northern land was extremely cold. The air here seemed to be able to freeze people into ice sculptures.

Even if one's cultivation reached True God Realm, you could feel the bone-piercing chill too.

This place was the world of ice law. Hence, the moment people were born, they would grasp a law, that was ice law.

Hence, the martial artists here were powerful and often grasped more than two laws.

At this time, inside a small tavern in Jiu Luo Ji, martial artists were gathered in twos and threes, drinking and chatting.

This was the way of life of martial artists in their leisure time; warming their bellies with strong alcohol and chatting about the affairs of this Northernmost Steppe.

Hence, the tavern's business was very good.

A man and a woman, two young people wearing fur skirts entered the small tavern and did not find a space after looking around for a long time, their expression somewhat disappointed.

The girl pointed at a corner and said, "Big Brother, look! The table over there only has two people sitting. Why won't we go over and share tables?"

In a corner, two young men were currently drinking alcohol. One of them was all wrapped up and still freezing until he was trembling. The other was dressed in thin attire, but he seemed to be completely fine.

The man nodded his head and said, "Come, go over and take a look."

The two people came beside the table. The man clasped his hands and said, "This little brother, I'm Southwater Street's Wu Song, and this is my younger sister, Wu Ling. You look, this Raging Fire Tavern's business is too good. Can we share tables?"

The young man dressed lightly sipped a mouthful of wine and said coolly, "Sit."

The brother and sister two people were overjoyed and directly sat down opposite and shouted, "Waiter, bring four jugs of Raging Fire Brew!"

"Alright!"

Far away, the waiter shouted at the top of his voice.

Very soon, four jugs of Raging Fire Brew were served. Wu Song opened the seals and directly swigged a mouthful, saying with a smile, "Refreshing! *Haha* ... this little brother, come, cheers!"

The young man opposite raised his glass in a slight gesture and sipped another mouthful of alcohol.

When Wu Ling saw the appearance of rejecting people a thousand miles away opposite, she curled her mouth and said, "Putting on an appearance!"

Wu Song laughed and said, "Little Brother, don't blame her. This younger sister of mine doesn't think before talking. Wonder how do I address you two brothers?"

"Ji Qingyun!"

“Ning Tianping!”

The two people answered one after another.

These two people were precisely the Ye Yuan master and servant who crossed over the Heavenspan Mountain and borders to come.

Currently, more than 50 years had already passed since Senior Apprentice Sister Xun and the rest went to Heavenly Eagle.

The master and servant two people went through many twists and turns, and were travel-weary, finally hurrying to the Northernmost Steppe half a year ago.

But they did not take action immediately. With the two of their strength, even if they barged into the Ice Cloud Tower, it was also impossible to rescue Lu-er.

Fortunately, Ye Yuan ascertained that Lu-er was fine for the time being. Hence, he started planning how to save Lu-er.

Arriving here, it was naturally not suitable for Ye Yuan to use his original name, so he simply used his previous life's name.

“*Haha*, turns out that it's Brother Ji and Brother Ning! I'll gift these two jugs of wine to you two. Just take it as thanking the two of you for offering your seats,” Wu Song pushed two jugs of wine forward and said.

Ye Yuan nodded slightly and said, “Then this Ji won't be courteous.”

Wu Song sized Ye Yuan up and could not resist the questions in his heart and said, “Isn't Brother Ji cold wearing so lightly?”

Speaking of which, this master and servant two people were weird too. One wore very little but was aloof and indifferent, while the other wore very thickly but was trembling heavily.

Ye Yuan smiled and said, “Not cold.”

By the side, Ning Tianping could not resist rolling his eyes, his gaze full of envy.

He also did not expect that this trip out was actually such a tough errand.

With his presently Third Firmament True God cultivation, he was actually trembling from the cold like a mortal.

But his lord was not at all unadapted to this kind of environment.

This guy had a late-stage perfect sixth transformation golden body and did not know what cold was at all.

Wu Ling snickered and said, “Putting on airs! In my view, he's definitely keeping out the cold with divine essence, but doesn't know that this is a big taboo in the Northernmost Steppe. If you encounter any enemies and only have 70-80% divine essence left, there's no difference from seeking death.”

Divine essence keeping out the cold, this could indeed resist the chill.

It was just that in the Northernmost Steppe, no one dared to do so.

Because at this place, there were murders to seize property at the drop of a hat, or fighting with fierce beasts in the wilderness. One must maintain their peak state.

Divine essence to ward off the cold had to deplete large amounts of divine essence under this kind of extremely cold weather.

Once encountering the enemy, it would be too late to even cry.

Ning Tianping was just about to flare up when he heard that, but Ye Yuan smiled and said, “*Huhu*, this Ji has plenty of divine essence and isn’t afraid to consume it.”

Wu Ling could not help choking when she heard that and said with a cold snort, “Don’t listen to an elderly person’s advice and you’ll suffer right away! Really won’t be rewarded for good intentions!”

Wu Song was a little awkward by the side and said with a laugh, “My younger sister is frank with a ready tongue. Come, this Wu drinks a toast to two brothers.”

Finished drinking, Wu Song put down the wine jug, wiped his mouth, and said, “Refreshing! In this Jiu Luo Ji, it’s still the Raging Fire Brew that has the strongest kick. Drinking a mouthful down is like a ball of fire burning. Comparing the alcohol of other taverns to it, they are still much more lacking! Brother Ji, you’re also into this alcohol, right?”

Ye Yuan shook his head slightly when he heard that and said, “This alcohol is just average, still passable.”

Wu Song’s brows furrowed when he heard that, thinking to himself that this kid was indeed something who put on airs. Would you die if you did not trigger people?

The Raging Fire Brew was a strong drink that was renown far and wide and deeply loved by the martial artists in the steppe.

But reaching Ye Yuan’s mouth, it became average, passable.

Even if Wu Song was broad-minded, he nearly spewed a mouthful of alcohol over too.

Who knew that this tavern’s boss had sharp ears and actually heard Ye Yuan’s words. He immediately laughed coldly and said, “Lad, don’t be so arrogant when speaking! In this Jiu Luo Ji, who doesn’t know that our Raging Fire Tavern’s Raging Fire Brew is akin to a fire on the grasslands, and mandatory for the grassland’s martial artists. Even compared to the medicinal pills of masters, it doesn’t pale in the slightest too.”

All around, people who loved to drink all had unhappy expressions too.

“Kid, your hair isn’t even fully grown yet and you dare to posture here?”

“Then kid, you’re wearing so little, is it using divine essence to ward off the chill? If you have the capability, don’t drink this alcohol.”

“Raging Fire Brew is Your Father’s favorite! Are you f*cking trying to court death!”

...

Ye Yuan's one sentence immediately ignited the tavern.

Wu Long snickered by the side and said, "See, I knew it! Putting on an appearance, you incurred public wrath now, right?"

Rather, it was Wu Song who was kind hearted, hurriedly standing up to clasp his hands at everyone, saying, "*Haha*, brothers don't mind it, this brother of mine misspoke after drinking, misspoke after drinking!"

The tavern's boss had a cold smile on his face as he said, "Misspoke after drinking? *Heh heh*, if you feel that my alcohol isn't good, don't drink if you have the capability! Go, go, go! This place doesn't welcome you!"

Ye Yuan shrugged and said, "I was just telling the truth, don't drink ... then don't drink then. Either way, it's also dull and tasteless."

Chapter 2069: Sunshine Glow

"Dull and tasteless? F*cking hell!"

When the tavern boss heard Ye Yuan's words, he was angered until he stomped his feet.

When the others saw this scene, other than finding it funny, they could not help pitying Ye Yuan.

This tavern's boss was called Zhang Tu. In his early years, he killed people and committed arsons. His evil deeds knew no limits. His strength also reached middle-stage True God Realm and was not a good person.

All the way until acquiring this Raging Fire Brew's formula later did he open the Raging Fire Tavern here.

The tavern's boss directly dashed in front of Ye Yuan in rapid steps and said with a cold smile, "Kid, I, Zhang Tu, have sold the Raging Fire Brew in this Jiu Luo Ji for ten thousand years and have never heard anyone say that it's dull and tasteless before! If you don't give an explanation today, don't think about walking out of this door!"

Everyone used pitying gazes to look at Ye Yuan. Jiu Luo Ji's veteran folks all knew that this Zhang Tu was not to be trifled with.

Otherwise, with his Raging Fire Brew being highly in demand, could it be that no one dared to have designs on him?

It was that no one dared, that's all!

Wu Ling rolled her eyes and said, "How? Made people angry, right? Why don't you have a lid over your mouth? See how you clean up the mess!"

Wu Song shot a fierce glare at her. Turning around with a fawning smile, he said to Zhang Tu, "Boss Tu, this little brother of mine just has arrived and doesn't know the rules. Don't stoop to his level."

But Zhang Tu smiled coldly and said, "Who the hell are you? What's your basis for not making Your Father stoop to his level? I'm going to stoop to his level today! If these words were to spread out, how will Your Father's shop still run?"

Finished talking, he looked toward Ye Yuan again and said with a cold smile, "Brat, don't blame Your Father for not giving you a chance. As long as you bring out a better alcohol than Raging Fire Brew today, this matter will be dropped and Your Father will even apologize to you. If you can't take it out ... *heh heh* ..."

Zhang Tu had an appearance of itching for a fight. Clearly, he harbored ill-intent.

Wu Song shot Ye Yuan a fierce glare by the side and whispered, "Apologize! Brother Ji, quickly apologize to Boss Tu!"

Ye Yuan sat there calmly and completely ignored Zhang Tu, but he looked at Wu Song with a smile as he said, "Sit down, Brother Wu. Just based on you defending this Ji like so, this Ji will treat you to a cup of wine today."

While talking, a small flask appeared in Ye Yuan's hand.

Ye Yuan pulled open the lid of the flask. A thick aroma of alcohol instantly filled the entire small tavern.

"So fragrant! Fine wine!"

"My God, this wine is more than ten times more fragrant than the Raging Fire Brew!"

"What alcohol is this? This old man has never smelled before such an alcohol aroma in this life before!"

...

Upon lifting the flask lid, cries of exclamations within the small tavern linked up together. Quite a number of people were already hazy-eyed from drunkenness just by smelling this alcohol aroma.

Zhang Tu's expression instantly became extremely ugly. He did not expect that Ye Yuan really took out the wine.

Just based on this alcohol aroma, the wine in Ye Yuan's hand far surpassed the Raging Fire Brew!

"*Uh* ... smells so good! Big Brother, I want to drink!"

By the side, Wu Ling was already drunk, letting out a light moan that was unable to hide her hankering.

It was only to see that saliva already drooled out at the corner of her mouth.

This fragrance was truly tempting!

Smack!

Wu Ling just reached her hand out and was smacked flying by Ye Yuan with a slap.

"*Ouch!* Why did you hit me!"

This slap also woke Wu Ling up from the pain.

But at this time, she looked at Ye Yuan with a look of surprise, as if she had seen a ghost.

This guy really had fine alcohol on him!

“This alcohol is only for Brother Wu to drink, none of your share!” Ye Yuan said coolly.

“*Tch*, stingy! Don’t drink then, who wants it!”

Although she said so, Wu Ling’s pair of eyes lingered on the small flask, saliva drooling out again from the corner of her mouth.

In this Northernmost Steppe, women similarly loved drinking.

It was not just Wu Ling. Everyone in the small tavern smacked their lips, staring fixedly at the small flask in Ye Yuan’s hand.

Under the watchful gazes of the people, Ye Yuan poured a small glass for Wu Song.

The moment the wine came out of the flask, the fragrance became stronger!

Wu Song looked at Ye Yuan with a look of surprise. He was smashed dizzy by this biscuit that fell from the sky.

Only he could drink this wine!

“Brother Wu, sample how’s this Ye’s wine,” Ye Yuan made an inviting gesture and said with a light smile.

Wu Song desperately swallowed his saliva, the gluttonous bug in his abdomen was already endlessly agitated.

“Then ... This Wu won’t be courteous!”

Wu song raised the glass, placed it at the tip of his nose and took a whiff, and almost threw the glass away.

Too fragrant!

He drank so many years of wine and had never smelled before such a fragrant to the extreme wine.

The others looked at Wu Song, saliva dripping all over the floor, all incredibly envious.

Rather, it was Wu Song who actually could not quite bear to drink it after the wine reached his mouth.

By the side, Ning Tianping said with an envious look, “*Tsk tsk*, this Sunshine Glow, His Excellency couldn’t even bear to let me drink one mouth. Boy, you have the good fortune of the mouth!”

Ye Yuan scolded laughingly, “You rascal, don’t think that I don’t know how much you secretly drank, to actually still dare to vent your grievances here? Really think that I don’t dare to beat you?”

Ning Tianping had an embarrassed look as he said, “Wasn’t it because I was scared of the cold? *Heh heh*, Your Excellency’s wine really tastes better the more you drink! Even several times stronger than the Dreamlike Wine!”

Ye Yuan rolled his eyes and could not be bothered to care.

Arriving at this land of bitter coldness, in this half a year's time, apart from inquiring information, Ye Yuan was brewing this Sunshine Glow.

Although Ye Yuan did not fear the cold wind, it was uncomfortable in this land of bitter cold after all.

Drink a mouthful of warm wine and everything would naturally be resolved.

"Brother Wu, not that this Ye is stingy, you can only drink a cup of this wine, any more and you'll definitely collapse," Ye Yuan said with a smile.

Wu Song smiled when he heard that and said, "Brother Ji is looking down on this Wu too much, this Wu known as a thousand cups without getting drunk. Even this Raging Fire Brew, I'll be totally fine after drinking five jars too."

Finished talking, he tilted his head back and downed it in one go.

Drinking finish, Wu Song had a peculiar look on his face.

When Zhang Tu saw the situation, he immediately laughed loudly and said, "*Hahaha* ... What did I say? What bullshit Sunshine Glow?! How can it compare to my ..."

"Fine wine!"

Zhang Tu's words were said halfway when it was directly cut off by these two resounding to the extreme words of Wu Song.

"Fine wine! Fine wine! Fine wine! Really f*cking delicious!"

Wu Song said three fine wines in a row and followed up with a vulgarity.

Zhang Tu's face immediately fell, would you die if you freaking let me say finish?

But the others could not wait and looked at Wu Song blankly as they asked curiously, "Brother, how is it good?"

"Yeah, quickly say!"

"*Tsk tsk*, really want to drink a mouthful!"

...

The current Wu Song, his eyes actually already started becoming hazy, shaking his head hard, wanting to wake himself up a bit.

When everyone saw the situation, they could not help being secretly tongue-tied.

This wine ... was so strong?

"I ... I can't describe it. Either way, it's just delicious!" Wu song said in a rough voice.

Zhang Tu had a look of refusing to submit as he said with a cold smile, "What's the use of being delicious? My Raging Fire Brew has the effect of warding off the cold. Drink a vat and you don't need to use divine essence for three days! No matter how fragrant your wine is, it also can't compare to my Raging Fire Brew!"

When he said this, he had a proud look.

This Raging Fire Brew's greatest function was not deliciousness, but it was keeping out the cold!

In this land of extremely cold, it was the most practical.

As for deliciousness, that was still secondary.

It was just that his voice had yet to fade when Wu Song directly pulled open his leather mantle and took off all of his clothes, shouting at the top of his voice, "Hot! So hot!"

Chapter 2070: Just Waiting for Someone Here

Everyone used pitying looks to look at Zhang Tu. His final trace of pride was trampled to pieces by Wu Song's unwitting stripping.

Everyone could tell that Wu Song was not pretending.

Currently, Wu Song's skin was slightly red. His body actually emitted steaming vapor.

"*Hahaha*, refreshing! Truly refreshing! Brother Ji, this wine of yours is simple godlike!" Wu Song said with a big laugh.

Ye Yuan smiled and said, "Drinking this cup, you don't need to expend divine essence to keep out the cold within half a month."

Wu Song nodded slightly and said, "I can feel that this wine entering the abdomen is just like there's a pool of hot spring, reaching throughout the entire body from the abdomen. At the rate of the current speed, there's absolutely no problem not using divine essence for ten days to half a month! Sunshine Glow, *haha*, the wine is indeed as its name suggests. Right now, I feel like there's a warm sun glowing inside my body, being incomparably warm!"

By the side, Wu Ling was long already drooling with envy.

She used a guileless gaze to look at Ye Yuan and said in a spoiled manner, "Big Brother Ji, let me drink a cup too."

"You?" Ye Yuan gave her a meaningful glance with a strange expression.

Wu Ling suddenly understood something, her face could not help changing, her pretty face flushing red.

"*Hahaha ...*"

Loud hoots of laughter echoed within the house.

"Girl, no worries. Just strip, we'll take it as we can't see!"

"Scared of what, our extreme north's girls are men!"

"*Hahaha ...*"

...

Everyone burst out laughing. Wu Ling wished to find a hole in the ground to tunnel into.

At this time, a middle-aged man walked over and said to Ye Yuan with a smile as he said, "This little brother, I want to ask for a cup of wine to drink. Is that okay?"

The moment this man came out, everyone's hearts turned cold.

"It's Lightning Blade Wang Hang! If this kid dares to not give the alcohol to drink, he'll likely can't go out of this door today!" Someone discussed softly.

"*Heh*, Wang Hang is a tough character who'll pull out his blade at a word of disagreement. More importantly, there are few people who can last beyond three blades under his hands!"

When Zhang Tu saw this scene, his face switched to a relaxed expression again.

This kid was likely here to cause a scene today. There was finally someone who came to take care of him.

Ye Yuan did not even look at Wang Hang. Picking up the small flask, he poured himself a full cup, then held it up.

"*Tch*, pretending for what, didn't he still yield?" Wu Ling whispered.

Wang Hang also had a smile on his face, his saliva almost dripping down, reaching his hand over.

Who knew that Ye Yuan directly tilted his head back and drank it himself.

Wang Hang's expression turned stiff, his hand extended there, unable to take it back or leave it there.

"Kid, you tricked me?" Wang Hang glared and said in a solemn voice.

"I already said, only Brother Wu can drink, did you take it that I was joking? Giving you to drink, where will my face go?" Ye Yuan said coolly.

These people were all watching the show just now. Now, they wanted to ask for alcohol to drink. He, Ye Yuan, was not so lowly.

Seeing Wang Hang's expression turn grim until water could drip out, everyone felt their scalps tingle.

This boy was too capable of causing trouble.

Provoking Zhang Tu was still not enough, and then he provoked Wang Hang.

Did this guy really want to go out horizontally today?

"This boy is mad, right? He actually dared to provoke Lightning Blade Wang Hang!"

"Wang Hang is peak Fourth Firmament True God. It's said that he once contended with a Fifth Firmament True God with his lightning blade and didn't get defeated. This kid is tired of living!"

...

Seeing Ye Yuan's death-courting action, everyone turned pale with fright.

When Wu Song heard Ye Yuan's words, the originally 30% drunkenness was immediately frightened awake.

"Brother Ye, forget it! Just a cup of wine. This ... This is Lightning Blade Wang Hang!"

Wang Hang was very famous in this region, Wu Song naturally knew his name.

Ye Yuan and Ning Tianping two people both concealed their cultivations. In other people's view, these two people were merely young men who were over a thousand years old. So how much strength could they have?

Therefore, the people in this house did not take the two of them seriously.

"*Heh heh*, too late! To dare refute my, Wang Hang's, face, there's only death! Killing this brat, Your Father can naturally drink his wine!"

While talking, Wang Hang suddenly pulled out his blade, the power of ice and the power of lightning revolving around him.

This Wang Hang actually fused ice law and lightning law!

The commotion of this blade was outrageous to the extreme.

"It's over, dead for sure!"

"This boy is really stubborn!"

"Isn't that so? Just a cup of wine."

...

Just as everyone had sympathetic faces, the blade already arrived in front of Ye Yuan.

Following that, it was dead silent inside the tavern.

Ye Yuan actually used his palm and directly caught Wang Hang's knife edge.

Just this light grab and the fused power of law immediately vanished without a trace.

Zhang Tu's pair of eyes became wide circles, looking at this scene in disbelief.

The strength of this Wang Hang's lightning blade absolutely did not lose to his. The edge of the blade was actually caught by this kid with a grab?

Wang Hang was similarly incomparably alarmed and terrified. He stared at Ye Yuan with a dumbstruck face, desperately wanting to pull his blade out.

But unfortunately, no matter to what degree he pushed his divine essence, his lightning blade seemed to be welded to Ye Yuan's hand, unable to budge an inch.

"L-Let go! Still not letting go, Your Father won't be courteous anymore!" Wang Hang said threatening in manner, but inwardly shaky.

When Ye Yuan heard that, he gave an 'oh' lightly, his palm opening up.

Wang Hang was currently using strength to pull the blade. With Ye Yuan's releasing it, his entire person directly did a dog-eat-shit tumble.

"It's you who made me let go. So why didn't you prepare well yourself?" Ye Yuan said with an innocent look.

When had Wang Hang suffered such unprecedented humiliation before? He immediately said in a great rage, "Punk, you're courting death! Ice Lightning Blade! Go to hell for me!"

This time, Wang Hang's body erupted with an even fiercer aura.

The fused power of laws was even pushed to the peak by him.

Everyone's faces revealed great shock.

Someone exclaimed in admiration, "This is Wang Hang's true strength! This aura probably doesn't lose to Fifth Firmament True Gods, right?"

But Ye Yuan shook his head slightly and said coolly, "I already spared your life just now, but you insist on coming to seek death. Forget it, I'll send you off then."

Following that, amidst everyone's shocked gazes, Ye Yuan lightly met Wang Hang's blade with a finger.

"Puhwark!"

The terrifying fused power of law immediately evaporated into thin air.

Wang Hang's entire person directly exploded into a cloud of blood mist.

Ye Yuan waved his hand, directly annihilating the blood mist.

It was deathly silent inside the house, everyone used eyes like they had seen ghosts to look at Ye Yuan.

This was Lightning Blade Wang Hang!

H-He died just like this?

This guy caught a true god mystic treasure with his bare hands. So how powerful was his fleshy body!

It turned out that this boy was really not boasting about not being afraid of the cold.

Why would a fleshy body rivaling a true god mystic treasure be scared of the cold?

Zhang Tu's face seemed to have opened up a dye-house, changing colours non-stop.

He secretly sighed at getting lucky. Fortunately, the one who attacked just now was Wang Hang and not him.

Otherwise, the current him should be about the same as Wang Hang, right?

How could ... this boy be so strong?

"I'm just waiting for someone here. So you all don't annoy me. You guys can drink this wine in the future, but I'm just afraid that you all can't afford it," Ye Yuan said coolly.

He filled a cup of wine for himself and poured another cup for Ning Tianping, and downed it in one go.
Everyone was speechless. Didn't you say earlier that ... could only drink one cup?
