Chapter 2091: Heaven Shocking Lightning

Seeing Ye Yuan put away the bone sword calmly, Empyrean Windlike's two eyes were practically spewing fire.

Vast Wind Assemble's future was actually killed just like that, right under his eyelids.

He thought that by relying on his Empyrean might, it was absolutely impossible for such a thing to happen. Ye Yuan also would not dare to kill him right in his face.

But Ye Yuan killed him just like that.

"Punk, you've got guts!" Empyrean Windlike gnashed his teeth in hatred and said.

Ye Yuan said coolly, "Feng Tianyang coveted Lu-er's Profound Yin Divine Physique. He deserved to die!"

If Feng Tianyang just took fancy on Lu-er's beauty, Ye Yuan also would not have his killing intent aroused.

After all, everyone loved beautiful things. Ye Yuan would not go so far as to be so crazy, killing off anyone who took fancy on the people around him.

But Feng Tianyang never should have had designs on Lu-er's divine physique.

If Feng Tianyang took Lu-er's Profound Yin Divine Physique, Lu-er would become a cripple if minor, or kick the bucket if it was serious.

How could Ye Yuan tolerate this kind of thing?

"Good, good, good! Today, if I, Windlike, don't kill you, I'm not human!" Empyrean Windlike was already furious to the extreme, his body emitting an outrageous aura.

Feng Tianyang was the extreme north's future master, was the Vast Wind Assemble's future.

Now, he was actually dead!

Empyrean Windlike's fury could be imagined.

"What a terrific little brute, you dared to kill Honorable Nephew Tianyang, it's becoming enemies with the entire land of extreme north! Today, this Empyrean will definitely kill you!" Empyrean Ice Cloud immediately jumped out and said.

"Little Friend Ye Yuan, you went overboard in this matter! Today, you must stay here! This Empyrean won't sit by idly and remain indifferent too!" Empyrean Redfeather also said.

With Feng Tianyang dying at Jiu Luo Ji, it would be hard for them all, these people, to absolve themselves from the blame.

Once Empyrean Vast Wind investigated it, they would not be able to bear the consequences.

Hence, their attitude must be shown right now.

The other Emphyreans also spoke up, wanting to capture Ye Yuan one after another.

Ye Yuan's two eyes narrowed, and he said with a smile, "Kill me? *Heh heh*, today's matters aren't over yet! The injustice that Lu-er suffered these few years, this Ye will claim it back for her today all at once! Today, this Ye will exterminate your Ice Cloud Tower down to the last person!"

Ye Yuan staying behind was not for bravery or to fight.

When he found out the problem in Lu-er's cultivation method, he had killing intent aroused toward Emphyrean Ice Cloud.

Furthermore, in this Ice Cloud Tower, the ones who bullied Lu-er normally were not in the minority.

To Ye Yuan, Ice Cloud Tower already did not have the need to exist anymore.

It was just that these words sounded overly conceited in other people's ears.

"*Hahaha*, you want to kill this Emphyrean? Kid, I admit that you're very strong, but you, a mere True God Realm, want to kill an Emphyrean?" When Emphyrean Ice Cloud heard that, she burst out laughing.

Everyone all shook their heads one after another, feeling that Ye Yuan was too ignorant.

He was indeed peerlessly talented. But wanting to kill an Emphyrean, he was clearly not qualified enough yet.

In theory, that sword of Ye Yuan's was sufficient to threaten Emphyrean powerhouses.

It was just that these Emphyreans were not fools either. Would they stand there and let Ye Yuan kill?

Moreover, that kind of horrifying sword, the consumption would definitely be tremendous. How many swords could Ye Yuan unleash?

Ye Yuan sighed slightly, a dark metal ball suddenly appearing in his hand.

"This thing was originally my final trump card, I didn't want to use it easily. But today, in order to kill you, I can only use it." When Ye Yuan was talking, he had a look of reluctance to part.

"*Hahaha ... haha ... ha!*" Emphyrean Ice Cloud's laughter gradually ceased, the expression on her face becoming extremely fascinating.

Not just her, after the other Emphyreans saw that black ball, each and every one of their expressions became incomparably solemn.

Even Emphyrean Windlike, the fury on his face also diminished considerably. At this time, there was more alarm and fear!

Clearly, he feared this black ball like a tiger.

"Heaven Shocking Lightning! This ... This is heavenly emperor level Heaven Shocking Lightning! You ... Why would you have this sort of thing?" Emphyrean Ice Cloud cried out strangely. How was there still any of the former composure?

Currently, alarm and terror were written all over her face.

And the other Empyreans also unconsciously pulled apart the distance from her.

Ye Yuan said with a smile that was not a smile, "Turns out that you all recognize this thing *huh?* Then I don't need to do any explanations. Mn, just now, weren't you all very fierce, wanting to uphold justice for Feng Tianyang's death? That's okay; I don't mind. I welcome you all to come to find me to demand justice any time."

All of the Empyrean's faces turned black, nearly fainting in anger.

Demand justice my a*s! That's Heaven Shocking Lightning!

Heavenly Emperor level Heaven Shocking Lightning!

Heaven Shocking Lightning was a one-time consumable. Inside sealed the power of a certain powerhouse's one attack.

Once opened, it would be equivalent to that powerhouse's all-out attack.

And Heaven Shocking Lightning had many different colors. Among them, the highest grade of Heaven Shocking Lightning was black, and it was refined with special methods. It was extremely hard to come across.

What was sealed inside was naturally the attack of a Heavenly Emperor powerhouse!

If it was an empyrean level Heaven Shocking Lightning, everyone would not be at the extent of being so fearful.

After all, it was just the power of one strike. Furthermore, it was not executed by the caster themselves.

But, heavenly emperor level Heaven Shocking Lightning, how horrifying was the power?

This kind of Heaven Shocking Lightning, the materials required were extremely hard to come by. It was normally hard to chance upon.

Yet, Ye Yuan had one in his hands!

This was a deadly object!

Once Ye Yuan released the Heaven Shocking Lightning here, probably none of them, these Empyrean powerhouses, could survive!

The attack of a Heavenly Emperor shocked the heavens and earth!

In front of a Heavenly Emperor, all were ants!

This Heaven Shocking Lightning was obtained by Ye Yuan inside the Ancient God Battlefield's Heavenly Emperor Crape Myrtle's cave. Originally, it was used as his final trump card, to preserve his life.

Even when 100 thousand people besieged Heavenly Eagle back then, he also never used it.

But today, for Lu-er's sake, he decided to use it.

This Empyrean Ice Cloud's thoughts were extremely wicked. Not killing her, it was hard for Ye Yuan to dispel the hatred in his heart.

Thinking about everything that Ye Yuan suffered in these 1000 years, Ye Yuan's heart ached faintly.

The Empyrean Windlike who was still clamoring about taking revenge just now, his expression was currently deathly white, without any imposing momentum at all.

Right now, Ye Yuan's spearhead was clearly targeting Empyrean Ice Cloud. He did not wish to anger Ye Yuan and make Ye Yuan turn the spearhead to deal with him.

How could his fragile body bear it?

"Y-Ye Yuan, misunderstanding! It's all a misunderstanding! You look, in any case, this Empyrean has also brought Lu-er up for so many years and imparted to her cultivation methods." Empyrean Ice Cloud broke out in cold sweat, racking her brain to think of a plan to escape.

Ye Yuan narrowed his eyes and said with a smile, "Misunderstanding? *Huhu!* Lu-er has followed me since young, and I couldn't even bear to hit her once. You count for yourself, how much hardship has she suffered since she arrived at Ice Cloud Tower? Furthermore, in your eyes, she's probably just a cultivation tool, right? Now, you're telling me that it's a misunderstanding?"

Empyrean Ice Cloud discovered that this Ye Yuan was too smart as if he was an old thing that had experienced many vicissitudes of life. How was he like a young man?

This kind of inferior quibbling had no way of fooling him at all.

Hence, she gritted her teeth and said in a stern voice, "Glazed Frost Grand Art, absorb for me!"

"Ahhh!!"

"Ahhh!!"

"Ahhh!!"

... ..

Those Ice Cloud Tower disciples all cried out miserably.

The divine essence in their bodies actually broke out of their bodies frenziedly, swarming over toward Empyrean Ice Cloud.

And Empyrean Ice Cloud's aura was currently rising at a speed visible to the naked eye.

[Unrivaled Medicine God](#)

Chapter 2092: - Heaven-Rank Secret Order

Initial-stage Third Firmament Empyrean!

Middle-stage Third Firmament Empyrean!

Late-stage Third Firmament Empyrean!

Empyrean Ice Cloud's aura increased steadily, directly breaking through the fetters of Second Firmament Empyrean, reaching peak Third Firmament Empyrean.

And this was not over!

Her aura was still rising, heading straight for Fourth Firmament Empyrean.

The realm that originally needed year after year before she could break through was actually not the slightest bit stagnant at this moment.

However, those Ice Cloud Tower disciples were all sucked into dry corpses, the method extremely cruel.

Even when Yang Fei-er saw this scene, her face also turned pale.

These junior apprentice sisters and martial nieces that had lived with her for many years passed away just like that, without even a trace of strength to resist.

She could not help looking toward Ye Yuan. If not for this man, she would probably also be the same as them now, right?

The other Empyreans also stared at Empyrean Ice Cloud in immense shock, being stunned by this scene.

No one could have thought that she actually concealed such means.

It turned out that Empyrean Ice Cloud was the ambitious schemer hidden among them.

Ye Yuan's sudden appearance clearly disrupted Empyrean Ice Cloud's plans.

Otherwise, come one day in the future, when Empyrean Ice Cloud devoured all of her disciples in one go, she would likely be able to directly become the extreme north's number one person!

Even if Empyrean Vast Wind came, he might not be able to suppress her too.

At the thought of this, everyone was horrified.

To be able to use such cruel means to equip herself, the Northernmost Steppe would probably immediately be plunged into darkness under this woman's rule.

In virtually an instant, Empyrean Ice Cloud's aura rose to Fifth Firmament Empyrean!

Empyrean Vast Wind not moving out, there were really few existences that could be found in this land of extreme north that could do anything to her.

Even Empyrean Windlike was weaker than her.

Empyrean Ice Cloud stood in the air, her white fairy dress fluttering away. Glaring at Ye Yuan, she said ferociously, "Brat, you forced my hand! The two of our debts have to be squared!"

Finished talking, Empyrean Ice Cloud took a step out and directly concealed inside the void.

The other people were all dumbfounded and tongue-tied, gazes casting toward Ye Yuan one after another.

They were afraid, afraid that Ye Yuan would use the Heaven Shocking Lightning on them.

Ye Yuan's two eyes narrowed and similarly took a step out, entering the void.

Seeing Ye Yuan left, everyone all heaved a long sigh in relief.

Finally sent this plague god away!

“Brother Windlike, this ...” Empyrean Redfeather said with a hesitant look.

Empyrean Windlike gave a cold snort and said, “This matter isn’t over so easily! *Humph!* After he uses that Heaven Shocking Lightning, I want to see what methods he still has to be cocky with us! Tianyang’s matter, I’m afraid that Big Brother already knows. At this time, he is probably already on the way.”

Perhaps feeling being at the mercy of a True God earlier was overly humiliating, he was a little loud when speaking. Everyone present could hear it clearly.

Empyrean Redfeather and the rest nodded slightly, clearly having long predicted that this matter would not be left at this.

Feng Tianyang was too monstrous, but such a monster died at Jiu Luo Ji. If there was no explanation for this matter, Empyrean Vast Wind would probably turn the entire Northernmost Steppe upside down.

... ..

A little while ago, inside a dark space of Vast Wind Assemble, a stalwart figure was currently sitting down cross-legged.

Behind him, several colored lanterns were suspended in the air.

These were all the lifeblood soul lamps of the Vast Wind Assemble’s important people.

Suddenly, one of the colored lanterns gave off an intense tremor, then shattered with a crack.

That big and tall figure suddenly opened both eyes, his gaze cold and gloomy, like a bottomless abyss.

“This Empyrean gave Tianyang several life-preserving divine abilities. Even when facing Empyrean powerhouses, he should be able to escape with his life! Furthermore, there’s Windlike accompanying him on this trip. So who could kill Tianyang in front of Windlike?”

Empyrean Vast Wind’s brows were tightly knitted, full of puzzlement.

He regarded Feng Tianyang extremely highly. Although he normally trained Feng Tianyang a lot, he also gave Feng Tianyang quite a lot of life-preserving divine abilities.

With these divine abilities around, even if facing an Empyrean powerhouse and Feng Tianyang could not beat him, he could still escape with his life.

For so many years, those divine abilities also let Feng Tianyang tide over perilous situations, turning dangers into safety time after time.

Let alone that this time was just marrying a girl. Furthermore, there was also Empyrean Windlike accompanying him.

In Empyrean Vast Wind’s view, there was no danger at all.

Yet, this time, Feng Tianyang died!

This son that he pinned high hopes on was dead!

Empyrean Vast Wind did not know that Feng Tianyang did not have time to use life-preserving divine abilities at all and was directly killed by Ye Yuan's Sword Hollow Etch.

Having lived for no idea how many tens of thousands of years, Empyrean Vast Wind had long already cultivated until he had no joy nor sorrow.

It was just that currently at his glabella, that thunderous rage hidden in the depths of his heart could be seen.

"Humph! No matter who it is, to dare kill Tianyang, even if this Empyrean goes up to the ninth heaven and below the earth, I'll also tear you to pieces! Not pulling your divine soul out and refining it for 100 thousand years, it will be hard to dispel the hatred in this Empyrean's heart."

Finished saying, Empyrean Vast Wind pointed at the void. Several dozen streams of light directly tore through the void and left.

After 15 minutes, Vast Wind Assemble was in an uproar.

Several dozen powerful auras gathered in the sky above Vast Wind Assemble, virtually making the entire territory asphyxiated.

"Isn't that Ling Yu Assemble's Empyrean Shen Luo? That's a Fifth Firmament Empyrean super powerhouse! Why would he appear here?"

"Also, that's Hedong Assemble's Empyrean Shi Mie!"

"That's Ironwood Assemble's Empyrean Ge Yun!"

"What in the world is happening, practically half of the Northernmost Steppe's Empyrean powerhouses have gathered at our here."

... ..

In Vast Wind Assemble, people who had the knowledge noticed that all of these Empyreans that normally did not show themselves to the public were now there.

Each one of them was a super powerhouse whose names shook a region.

But now, all of them were gathered in Vast Wind Assemble.

Even a fool also knew that something big was about to happen.

Empyrean Shen Luo was in front and said to Empyrean Vast Wind with clasped hands, "Brother Vast Wind, I wonder what happened? You actually want to use the heaven-rank secret order? The last time it was used, it was when the demon race's nine great sovereigns arrived together!"

The other Empyreans also had blank faces, not knowing what happened.

This heaven-rank secret order was the secret order that Empyrean Vast Wind commanded the extreme north with.

Normally, not reaching a life and death juncture, it would not be used.

Now, they received the heaven-rank secret order under the circumstances where they did not receive any danger alerts.

Empyrean Vast Wind had a calm expression, devoid of joy and sorrow as he opened his mouth and said coolly, "Wait, there are still a few that haven't arrived."

The other Empyreans exchanged glances, but no one dared to say anything.

Empyrean Vast Wind's prestige was not established through words but carved out with real swords and spears.

People should not look at how these Empyreans were all powerful. In reality, they were very fearful of Empyrean Vast Wind.

Before long, the void trembled and three figures slowly stepped out.

When the Empyreans saw this scene, their pupils could not help constricting.

"Empyrean Tian Jue!"

"Empyrean Mie Yu!"

"Empyrean Zhen Huang!"

"These three are all existences that aren't weaker than Empyrean Vast Wind! They actually came too! Looks like something big is really going to happen."

Unrivaled Medicine God

Chapter 2093: Heavenly Emperors Strike!

"Vast Wind, you issued the heaven-rank secret order to call us here. If there isn't anything special, you'll need to give me an account!"

Empyrean Tian Jue looked at Empyrean Vast Wind and said those words with a cold smile on his face.

Clearly, he did not really have respect for Empyrean Vast Wind.

Empyrean Tian Jue and the two great Empyreans were slightly weaker than Empyrean Vast Wind in terms of strength. But if they really fought, Empyrean Tian Jue three people also would not be that much weaker.

Hence, even though they treated Empyrean Vast Wind as their common lord, they actually did not really have respect for him.

Empyrean Vast Wind's two eyes narrowed, and he said coolly, "My son, Feng Tianyang, has perished. Inviting everyone here is to request for everybody to take action together and block off this hunt. After the matter is done, this Empyrean will naturally repay generously."

The moment these words came out, everyone's faces changed.

Feng Tianyang was known as the young generation's number one person. Once he stepped into Empyrean in the future, he would be the extreme north's common lord.

But now, he died?

Tian Jue and the rest were wildly elated in their hearts when they heard that. But in front of Empyrean Vast Wind, they could not express it and just said with a loud laugh, "Vast Wind, what has your son dying got to do with us? Isn't it too rash for you to send out the heaven-rank secret order arbitrarily?"

"Vast Wind, you're too unbridled! The heaven-rank secret order is the highest secret order that we've agreed upon. You actually gathered all of us here for this. What evil motives do you have?" Empyrean Mie Yu said in a cold voice.

"*Humph!* Vast Wind, if you don't give us an explanation today, this matter isn't over!" Empyrean Zhen Huang said unhappily.

While the three great supreme Empyreans dealing with Empyrean Vast Wind in unison, the other Empyreans were all silent like cicadas in winter.

The scene was already going out of control.

Many Empyreans were gloating over others' misfortune, waiting to watch Empyrean Vast Wind's good show.

After all, even though Empyrean Vast Wind was formidable, he was not formidable to the extent of truly unifying the extreme north.

Summoning the group of Empyreans here for his son, everyone was also rather unhappy in their hearts.

Feng Tianyang's death was actually something that had a far-reaching impact on the Northernmost Steppe.

Concerning this point, everyone had a score in their hearts.

Empyrean Vast Wind said coolly, "You want an explanation? This Empyrean will explain for you right now."

Done talking, Empyrean Vast Wind suddenly fired a palm out. Heaven and earth changed colors because of it.

Empyrean Zhen Huang's face revealed a look of great alarm, hurriedly raising his palm to meet the enemy.

However, a power akin to Mount Tai crushing down from above suddenly pressed over.

This palm, he was unable to contend with it!

Empyrean Mie Yu's two eyes narrowed and suddenly pointed a finger out too.

Crack, crack, crack ...

The wind and clouds changed, lightning flashing.

The battle between middle-stage Empyrean Realms was too earth-shaking.

Yet, under this palm of Empyrean Vast Wind, the two great Sixth Firmament Empyrean powerhouses were faltering very soon.

Empyrean Tian Jue gave a cold snort and also struck a palm out.

With three great Empyreans making a move at the same time, how shocking was the commotion?

However, what was even more shocking was Empyrean Vast Wind!

His palm seemed to have come from beyond the heavens, suppressing the world.

“Puhwark!”

“Puhwark!”

“Puhwark!”

Very soon, the three great Empyreans could not hold on anymore, spewing out a mouthful of fresh blood at the same time, figures flying out backward.

Empyrean Vast Wind’s one palm suppressed three great Empyreans!

“Damn it! You ... You broke through to the late-stage Empyrean Realm?” Empyrean Tian Jue looked at Vast Wind and said with a look of astonishment.

Empyrean Vast Wind said coolly, “Are you all still satisfied with this explanation?”

Empyrean Tian Jue was tongue-tied for a moment and actually did not know what to say.

Empyrean Vast Wind’s gaze swept across everyone’s faces and said coolly, “Looks like nobody has objections anymore, set off then.”

Done talking, Empyrean Vast Wind stepped out and shuttled into the void.

The other Empyreans exchanged glances, but still followed him in the end.

... ..

Several tens of thousands of miles outside of Jiu Luo Ji, Empyrean Ice Cloud revealed her figure, having a hint of ridicule flashed across the corners of her mouth.

“So what if you have the Heaven Shocking Lightning? Can’t catch up to this Empyrean, everything is futile!”

Except, her voice had yet to fade when a layer of ripples emerged in space. Ye Yuan’s figure slowly stepped out.

Empyrean Ice Cloud’s words were immediately cut off.

She used a gaze like having seen a ghost and cried out in surprise, “You ... How can you be so fast?”

Ye Yuan played with the Heaven Shocking Lightning in his hand and said coolly, “You seemed to have forgotten that I know spatial law.”

Empyrean Ice Cloud naturally did not forget!

It was just that she did not think that Ye Yuan's spatial law would actually be fearsome to such a degree.

She traversed the void with the power of Fifth Firmament Emyrean. How fast was the speed?

Originally she thought that she would be able to shake Ye Yuan off, but who knew that she would be caught up so quickly.

A True God Realm could actually rely on spatial law to catch up to a Fifth Firmament Emyrean, what kind of shocking thing was this?

"You ... Just how will you be willing to let me off!"

Emyrean Ice Cloud's complexion was ashen, looking at Ye Yuan with a terrified look.

"Let you off? *Huhu*, you're probably thinking too much, you must die today!" Ye Yuan said coldly.

"You ... Are you mad? Your Heaven Shocking Lightning, there's even a possibility of killing a Heavenly Emperor powerhouse, but you're actually using it to kill me? This kind of precious treasure is a treasure that can fortify destiny regardless of which faction it's placed in! You're actually wasting it like this!" Emyrean Ice Cloud cried out at the top of her voice in shock.

"So what? In my view, there's only willing or not willing, not about it's worth." Ye Yuan still remained unmoved.

"You! You lunatic! Do you know once you use the Heaven Shocking Lightning to kill me, Emyrean Windlike absolutely won't let you off! Also, that Emyrean Vast Wind, he regards this son dearly! Right now, he's probably already on the way here. If you have the Heaven Shocking Lightning, they will absolutely be incomparably apprehensive. But, if you use it to kill me, you won't have a reliance anymore!" Emyrean Ice Cloud's eyes swiveled around, trying to persuade Ye Yuan.

However, Ye Yuan said coolly, "That doesn't need you to worry over. You also don't need to harbor thoughts of getting lucky anymore. No matter how what, you also can't escape death today!"

Facing Ye Yuan who was impervious to all reason, Emyrean Ice Cloud completely broke down.

She no longer had any thoughts of leaving things to luck, her figure moving and shuttling into the void, attempting to escape.

Ye Yuan just smiled faintly, right hand pushing lightly, lightly pressing the Heaven Shocking Lightning into the void.

Using spatial law in front of Ye Yuan, even if it was Emyrean Ice Cloud, it was also showing off in front of an expert!

It was only to see a horrifying to the extreme power burst out from within the void.

A blinding light could be seen distinctly even from more than a hundred thousand miles away.

At this time, it was as if there was only that area of pale-yellow light left in the world.

Rumble!

The Emyreans who were far away at Jiu Luo Ji currently had ashen pale faces.

That horrifying energy undulation was seemingly like the sound of thunder, exploding in their ears, being clear and distinguishable!

They were all very clear that this energy was released more than a hundred thousand miles away.

If released in this Jiu Luo Ji, the entire Jiu Luo Ji would probably be razed to the ground instantly!

An Empyrean powerhouse said falteringly, "This ... This is the strike of a heavenly emperor? R-Really too horrifying! Saying that it has the power to destroy the world is also not overboard!"

Currently, the group of Empyreans exchanged glances, and they actually felt somewhat grateful toward Empyrean Ice Cloud.

If she did not run away, Ye Yuan would likely have directly obliterated Jiu Luo Ji at this time!

[Unrivaled Medicine God](#)

Chapter 2094: Spatial Node Technique!

In Jiu Luo Ji, there was utter dilapidation.

Even when separated by such a great distance, Jiu Luo Ji was still affected.

This heaven-shocking strike let everyone feel clearly how powerful a Heavenly Emperor powerhouse was!

Originally, everyone did not have a clear understanding of Heavenly Emperors, this kind of legendary existence.

But now, everyone had an understanding!

The group of Empyreans strained their eyes and looked into the distance, all palpitating with anxiety and fear.

"Is ... Is this the strike of a Heavenly Emperor? No wonder everyone says that Heavenly Emperor is a life-form on another level. This kind of power is simply unimaginable!" Empyrean Redfeather's face turned pale as he said.

Only a short while ago, he felt that he was already standing at the summit of the world, thinking that Empyrean was already extremely powerful.

But now, he knew that in front of Heavenly Emperors, he was weak like an ant.

This kind of destructive power was simply unable to use shocking to describe.

"It's us being weak that restricted our imaginations!" Empyrean Xiao Yu lamented.

All the way until now, that light that covered the sky still did not dissipate.

It seemed to have become eternal in this world.

There was already no one who cared about whether Empyrean Ice Cloud was dead or alive. Under this kind of heaven-shocking strike, forget about a Fifth Firmament Empyrean, even a Ninth Firmament Empyrean or half-step Heavenly Emperor, so what?

There was only death!

Suddenly, the void trembled. Several dozen figures stepped out of the air. The entire Jiu Luo Ji immediately exclaimed in alarm.

Several dozen Empyreans, what kind of powerful line-up was this? To actually descend upon Jiu Luo Ji at the same time.

The extreme north was shocked!

Use their buttocks to think that everyone also knew who came.

It was just that Empyrean Vast Wind did not come in a threatening manner, but looked at the light in the horizon, his expression flickering incessantly.

Earlier, in the void, he felt a power that he was unable to contend with affecting the entire world.

It almost sent them, these Empyrean powerhouses, into the spatial turbulent flow.

This kind of horrifying power made his heart palpitate.

This was a power that he was unable to rival!

There was still such a terrifying power existing in this Northernmost Steppe?

An Empyrean who just came out said with lingering fear in his heart, "This ... What in the world happened here? Even a Ninth Firmament Empyrean also doesn't have such horrifying destructive power, right?"

"This power, could it be a Heavenly Emperor powerhouse? Could it be that ... Feng Tianyang offended a Heavenly Emperor powerhouse, that's why he was killed?" Empyrean Mie Yu's face also turned white, speculating.

These powerhouses were normally all high and mighty, having an appearance of impassiveness.

But having witnessed such a horrifying energy undulation, they were all not composed anymore.

Empyrean Vast Wind's two eyes narrowed, his gaze finally landing on Empyrean Windlike.

"Windlike, what's going on here? Who killed Tianyang?" Empyrean Vast Wind said in a solemn voice.

It was just that when asking this, the extreme north's sovereign, Empyrean Vast Wind, appeared lacking in confidence.

After all, this scene before their eyes was too shocking. It already far exceeded the scope of power that he controlled.

How could Empyrean Windlike not understand what Vast Wind was thinking?

In reality, the Empyrean Windlike who witnessed everything was currently even more shocked than Empyrean Vast Wind and the others.

But Empyrean Vast Wind was asking him. So Empyrean Windlike forcefully collected his thoughts, then briefly recounted the events from start to end.

When mentioning the Heaven Shocking Lightning, everyone including Empyrean Vast wind all let out a long sigh in relief.

If this thing was released against them, probably none of the Empyreans present would be able to survive.

That was several dozen Empyreans!

More than half of this extreme north's Empyreans still did not have any strength to retaliate in front of this power.

But beyond the shock, the group of Empyreans was secretly laughing at Ye Yuan's foolishness.

This kind of precious treasure was actually used to bombard a mosquito, killing the ant-like Empyrean Ice Cloud. It was truly a wanton waste of God's good gifts!

As long as Ye Yuan did not use it, he would be able to deter the entire Northernmost Steppe!

Even if Empyrean Vast Wind came to find him, he also would not dare to be impudent in front of him.

But now, Ye Yuan used it up. Wouldn't it be equivalent to asking Empyrean Vast Wind to exterminate him?

Sure enough, Empyrean Vast Wind gave a cold snort and said, "What a fine Ye Yuan! To dare kill my son, this Empyrean will definitely have you die without a burial ground!"

Although his words were ruthless, everyone heard the sense of relief in his words.

If Ye Yuan did not use up the Heaven Shocking Lightning, him coming in a threatening manner would probably have had his face slapped swollen.

"However, before this, I'll take care of the two of you first!"

Empyrean Vast Wind's gaze turned cold but landed on Yang Fei-er and Empyrean Loneswan.

After Ye Yuan left, Empyrean Windlike's aura had locked onto their bodies from far away the entire time. As long as they made any strange movements, he would deal a lightning blow.

But these two people were also sensible and actually did not run away.

Everyone looked at the two people with pity, feeling that they followed the wrong person.

"*Heh*, Old Man Loneswan, you're also someone who has lived to a ripe old age, to actually throw your lot in with such a fool. That kid had such a precious treasure in his hands and he actually used it to kill a measly little Ice Cloud. Are you regretting it to death right now?" Empyrean Tian Jue said mockingly.

Empyrean Loneswan's face did not have a flustered look, he just said coolly, "Tian Jue, you're wrong! Not only did I not regret it, but I'm also rejoicing greatly instead!"

Tian Jue laughed loudly when he heard that and said, "Rejoicing? You followed such a fool and are actually still rejoicing? Right now, he threw you here alone to wait for death, but you're actually still rejoicing? Old Man Loneswan, looks like you're really muddle-headed with age!"

A hint of a smile surfaced on Empyrean Loneswan's face and he said coolly, "That strike just now, you all saw it, right? Do you feel that you are very insignificant? Do you feel that you're very weak? You guys aren't able to imagine this kind of realm throughout your lives, while I, will witness the birth of a peerless powerhouse! Or maybe one day in the future, this Empyrean will also possess this kind of power!"

"Hahaha, peerless powerhouse? You're talking about that kid? He'll become a dead person very soon! No matter how great his talent is, what's the use?" Tian Jue laughed loudly and said.

The other Empyreans also had mocking looks on their faces, feeling that Empyrean Loneswan had gone utterly insane and already could not figure out the situation.

Empyrean Vast Wind gave a cold snort and said, "Do you want to witness the birth of a peerless powerhouse? Can, go to another world, he'll go down to accompany you very soon. No, wait, he won't have the chance, because this Empyrean is going to extract his soul alive and refine it for 100 thousand years, making him never to reincarnate for all of eternity!"

His aura suddenly released, a horrifying pressure filled the group of Empyreans with fear.

Everyone knew that Empyrean Vast Wind genuinely became enraged.

It was only to see him throw a palm over toward Loneswan and Yang Fei-er fiercely.

But these two people were not seized with panic but took out a jade plate very calmly.

"Huhu, Vast Wind, your son's death only had himself to blame! You can't kill Master too! As for us, you likewise can't kill!"

Loneswan crushed the jade plate very calmly, the two people's figures instantly vanished on the spot.

Empyrean Vast Wind laughed coldly and said in a solemn voice, "Want to escape? How can it be that easy!"

It was only to see him extend a palm into the palm, chasing right after the two people.

It was just that when he probed into the void, where was there still the two people's shadows?

Empyrean Vast Wind's expression changed, and he said in alarm and fury, "Damn it! It's a spatial node technique!"

[Unrivaled Medicine God](#)

Chapter 2095: Warning

"It's actually a spatial node technique! This guy's grasp over spatial law actually already reached such an extent?"

Empyrean Tian Jue was dumbfounded with amazement as he looked at this scene.

Originally thought that Loneswan two people were dead for sure, who would have thought that they suddenly used spatial node technique, escaping away.

Even if there was a late-stage Emphyrean mighty expert like Emphyrean Vast Wind, he also could not hold these two back.

Spatial node technique was an extremely profound application of spatial law. There were also scanty few Emphyrean powerhouses that could grasp it.

The so-called spatial node technique was leaving behind a marker in some nodal point of space, and imprinting it onto some object with extremely complicated spatial secret art.

As long as one crushed this item, they would be able to trigger the spatial secret art and transport the person around it to that spatial node.

This kind of transportation was something instantaneous. Unless one's spatial law attainments reached a certain realm, otherwise, it was very hard to keep the other party behind.

"Damn it! This spatial node technique can't transport you two too far. After this Emphyrean kills that wicked thing, I'll come and take care of both of you!" Emphyrean Vast Wind's words appeared somewhat having become somewhat angry from embarrassment.

The other people were silent like cicadas in winter, all not daring to speak.

It was just that toward this scene just now, they were secretly startled.

In this Northernmost Steppe, there were few who could escape from under Emphyrean Vast Wind's hands so effortlessly.

"Tian Jue, Mie Yu, Zhen Huang, the three of you each lead a team and pincer Ye Yuan from three directions. If you guys let him escape, this Emphyrean will exterminate your clans!" Emphyrean Vast Wind said in a thunderous rage.

The three people's faces were slightly fearful, nodding their heads and answering yes one after another.

Emphyrean Vast Wind already planted a divine sense imprint on Ye Yuan, the three people chased after following the aura.

Emphyrean Vast Wind gave a cold snort and took a step out.

"Brother Tian Jue, this kid's spatial law is so impressive, but why is he hobbling slowly over there?"

Emphyrean Shen Luo sensed that Emphyrean Vast Wind's divine sense imprint speed of moving was not fast, and instead like it was sightseeing.

Emphyrean Tian Jue's brows furrowed and he said, "*Humph!* Conceited fool! No matter how great this kind of person's talent is, it's also impossible to rise up. Let's hasten our footsteps! The southwest direction is the Demon Divine Region. Once let him escape to the Demon Divine Region, that will be like a fish entering the sea."

Emphyrean Shen Luo nodded slightly, the party's speed increasing a little.

After half a day, above a stretch of wilderness, more than a dozen figures stepped out of the air.

Ahead, a youth in white stood with his hands behind his back, traveling leisurely and carefree.

When the youth in white saw Tian Jue and the rest, he flashed a smile and said, "Only came now. You guys are too slow."

Empyrean Tian Jue's two eyes narrowed and he said in a solemn voice, "You're Ye Yuan?"

Ye Yuan nodded and said, "That's right, it's precisely this Ye."

"You knew that we were coming?" Empyrean Tian Jue's brows furrowed, feeling puzzled in his heart.

In his view, Ye Yuan should be escaping in a panic right now.

But looking at Ye Yuan's appearance, it seemed like he was sightseeing, deliberately waiting for them to come.

He only felt that Ye Yuan was foolish before, not knowing that they were pursuing.

However, the moment Ye Yuan saw then, his face did not have the slightest expression of surprise. It was as if he knew about them chasing him long ago.

Ye Yuan smiled faintly and said, "That Feng Tianyang fused three power of laws. No matter where he's at, he's a peerless genius. Empyrean Vast Wind naturally dotes on him dearly. I killed him, so it's impossible for Empyrean Vast Wind to regard it like he didn't see it."

The moment Ye Yuan said it like this, Empyrean Tian Jue's brows knitted even tighter.

Ye Yuan's logic was extremely clear, not at all like a slow-witted person.

How could such a person possibly resign himself to death here?

"Then why didn't you run?" Empyrean Tian Jue said.

Ye Yuan smiled and said, "Although I'm proficient in spatial law, in front of a middle-stage Empyrean powerhouse, I can't escape at all. Since I can't run, then might as well don't run anymore."

Although Ye Yuan's spatial law was impressive, in terms of speed, it was at most only comparable to the initial-stage Empyrean Realm.

In front of middle-stage Empyrean Realms, there was no possibility of escaping at all.

The Northernmost Steppe was a vast territory that was immense; sufficient for Empyrean Vast Wind to catch up to him.

Therefore, Ye Yuan never planned on escaping at all.

As for Empyrean Ice Cloud, she just forcefully increased her strength with a secret art and did not count as a true middle-stage Empyrean Realm at all. Hence, that was why Ye Yuan could catch up to her very quickly.

"In that case, you're planning on surrendering without resistance?" Empyrean Tian Jue said in a solemn voice.

Ye Yuan laughed in spite of himself and said, "Surrendering without resistance? *Huhu*, you're thinking too much. Waiting for you guys here, I just want to tell Empyrean Vast Wind that he can't kill me."

Tian Jue laughed loudly when he heard that and said, "If you have the Heaven Shocking Lightning in your possession, he indeed can't kill you. But you actually used such a precious treasure to kill one Ice Cloud. So what reliance do you have now?"

Ye Yuan stood with his hands behind his back and said coolly, "How can my means be what you can imagine?"

Ye Yuan had a look of composure as if these Emyreans were all ants.

Right at this time, an astonishing aura descended. A middle-aged man in azure robes slowly stepped out. Who could it be if not Emyrean Vast Wind?

His gaze fell on Ye Yuan, cold until it pierced the bones.

"You're Ye Yuan?" Emyrean Vast Wind said in a solemn voice.

Ye Yuan sized Emyrean Vast Wind up for a bit and said coolly, "Well-worthy of being the extreme north's number one person. The aura on your body is much stronger compared to them. No wonder you could groom a genius like Feng Tianyang."

Emyrean Vast Wind was taken aback. This boy actually still had the mood to appraise him?

"*Humph!* You still have the gall to mention Tianyang! Since you got caught up by this Emyrean, I believe that you already came to understand, right?" Emyrean Vast Wind said coldly.

"Came to understand? What's that? I stayed behind just to warn you that Feng Tianyang coveted Lu-er's Profound Yin Divine Physique, his crime deserving more than death. This matter ends here. If you refuse to stop, bear the consequences yourself!" Ye Yuan said coolly.

"You are warning this Emyrean?"

A hint of a mocking smile flashed across the corners of Emyrean Vast Wind's mouth, seeming to find it very funny.

But Ye Yuan nodded and said, "That's right. It's warning you."

The other Emyreans' faces all revealed very comical looks. Clearly, they all felt that Ye Yuan's words were very hilarious.

"*Heh*, looks like you're impenetrably thickheaded. Then ... this Emyrean will send you off! Relax, I won't let you die so easily. This Emyrean will extract your divine soul and refine for 100 thousand years. I'll let you know the taste of despair."

Emyrean Vast Wind's aura suddenly rose, gradually reaching the peak. Then, he pressed a palm over toward Ye Yuan.

The moment a Seventh Firmament Emyrean made his move, how shocking was the commotion.

The other Emyreans' faces all changed, looking at this scene in incredible shock.

Too strong!

This palm virtually represented the apex of the Northernmost Steppe.

However, right at this time, a figure flashed out of the void.

That figure similarly smacked a palm out. The commotion was extremely shocking and actually roughly on par with Empyrean Vast Wind.

Bang!

A horrifying air billow came over. Even those Sixth Firmament Empyreans could not stand firm either, almost dropping down from the sky.

Empyrean Vast Wind's figure flew out backward. He looked at this figure in great shock and said, "Huntwind, what's the meaning of this? This is my human race's internal affairs. If you intervene, it's becoming enemies with the entire extreme north's human race!"

Unrivaled Medicine God

Chapter 2096: Second Sage

This middle-aged man that suddenly appeared had a stocky and imposing build, having a full beard on his face, looking very boorish.

It was just that the divine essence undulation on his body was different from Vast Wind and the rest. It was shockingly a demon race's major power!

He was Empyrean Huntwind, one of the Northernmost Steppe's five great demon race Empyreans.

His status was comparable to Empyrean Vast Wind's in the demon race.

Hearing Empyrean Vast Wind's question, Empyrean Huntwind chuckled and said, "You old wily fox, using the human race to come and suppress this Empyrean? *Heh*, if not for dreading those few old monsters, do you think that it's your turn to be unbridled here?"

Empyrean Vast Wind snorted coldly and said, "This boy has the enmity of having killed my son. If you protect him, you can forget about leaving this place today!"

But Empyrean Huntwind ignored him. Instead, he turned around and gave a respectful bow toward Ye Yuan and said, "Huntwind was tardy in coming to the rescue. I hope that Lord Second Sage pardons my offense."

Ye Yuan stood with his hands behind his back and said coolly, "No worries. The time was just right."

Empyrean Huntwind suddenly switched to a pleased expression as he asked excitedly, "Lord Second Sage killed Feng Tianyang?"

Ye Yuan nodded his head and said coolly, "Feng Tianyang coveted Lu-er's Profound Yin Divine Physique and was killed by me with one sword move."

"*Hahaha*, well killed! This Empyrean wanted to kill that punk long ago, but Vast Wind this old thing is too cunning, not giving me any chance. I didn't expect that he actually died in Lord Second Sage's hands!" Empyrean Huntwind said with a big laugh.

Although he was laughing, he was actually extremely shocked in his heart.

What kind of character was Feng Tianyang?

Even he, one of the demon race's five great Emyreans, was extremely apprehensive of him.

Once Feng Tianyang grew up, it would absolutely be a catastrophic blow to their demon race.

Hence, for so many years, Emyrean Huntwind had once engineered numerous murder schemes targeting Feng Tianyang.

But none ever succeeded even once.

For this, the demon race even lost numerous geniuses.

Who could have thought that Feng Tianyang actually died just like that?

He died in the hands of a middle-stage True God Realm!

When Vast Wind and the rest of the Emyreans saw Huntwind's attitude, their eyeballs nearly popped out.

This stubborn and unruly demon race major power was actually so respectful toward a human race's True God Realm?

In this land of extreme north, Vast Wind and the rest had fought with the demon race's five great Emyreans countless times before. When had they seen him be so respectful toward someone before?

Also, Emyrean Huntwind actually called Ye Yuan 'Second Sage'.

Who could shoulder this form of address?

Just who was this kid in front of him?

Emyrean Vast Wind did not know that before Ye Yuan came to the extreme north, the demon race's Sacred Ancestor High Priest announced to the entire demon race that he was conferring to Ye Yuan the title 'Second Sage.'

In alchemy, this was an existence second only to him!

This title stirred up monumental waves in the demon race.

The Sacred Ancestor High Priest's status in the demon race was extremely revered. The 'Second Sage' that he personally conferred, how venerated was that status?

Why would Ye Yuan not have any reliance when coming to this Jiu Luo Ji?

This title of 'Second Sage' was the path of retreat that he saved for himself.

Ye Yuan knew that the Northernmost Steppe was a vast territory. Even if he saved Lu-er, he might not be able to escape too.

And this Northernmost Steppe's demon race was his greatest reliance.

Hence, that was why Ye Yuan used up the Heaven Shocking Lightning without any scruples.

Seeing Empyrean Huntwind's gloating appearance, Empyrean Vast Wind finally could not endure it anymore.

"Humph! Huntwind, this Empyrean doesn't care who he is! If you dare to stop this Empyrean today, this Empyrean will make you fall here!"

Empyrean Vast Wind's aura suddenly released and actually directly reached Seventh Firmament Empyrean!

Huntwind had a look of amusement as he said, *"Haha,* did you think that only you broke through?"

The moment Empyrean Huntwind's aura was released, berserk demon divine essence was emitted, and he was actually not the least bit weaker than Empyrean Vast Wind!

Empyrean Vast Wind's expression changed. He thought that he would be able to suppress the five great Empyreans after he broke through. Who knew that Empyrean Huntwind was the same as him, also breaking through to the late-stage Empyrean Realm.

Except, his notion of killing Ye Yuan would not change at all simply because of Empyrean Huntwind's breakthrough.

"Tian Jue, Mie Yu, Zhen Huang, this Empyrean will deal with this old bear. You all attack together, go kill that boy!" Empyrean Vast Wind ordered.

Empyrean Huntwind laughed loudly and flicked his sleeves grandly and said, "Competing with numbers? Open your dog eyes and take a look!"

The moment these words came out, each and every one of the human race's major powers' faces changed drastically.

Swoosh! Swoosh! Swoosh!

In the void, one figure after another stepped out of the air. It was all Empyrean powerhouses!

Roughly calculating a bit, there were probably already several hundred Empyrean powerhouses.

The faces of Vast Wind and the rest turned pale with a whoosh.

"This ... What the hell is going on here? The demon race's five great Empyreans have always been divided, why would they join hands and attack this time?"

"This kind of line-up, probably the entire extreme north's demon race Empyreans are all here, right?"

"How is this possible? The extreme north's demon race goes on conquests year in and year out without ceasing, that's how our human race can keep a foothold here, but today ..."

... ..

When the human race's several dozen Empyreans saw such a terrifying line-up, each and every one of their faces revealed looks of despair.

In the Northernmost Steppe, the demon race's strength was much stronger than the human race.

It was just that among the demon race's powerhouses, neither yielded to the others. That was how the human race could survive between the crevices.

But today, these different species of demons actually all joined hands.

This kind of situation had never happened before.

If prior to this, their understanding of 'Second Sage' still remained on that it was a term.

However, now, they finally had a clear understanding of how powerful this noun was.

What kind of person could make the entire extreme north's demon race be bound by a common hatred for the enemy?

Even if Huntwind broke through to the late-stage Emphyrean Realm, he also could not do this!

In fact, those few old monsters of the demon race likewise could not do it too!

But Ye Yuan did it.

Emphyrean Vast Wind finally understood what kind of powerful opponent he was facing.

"Hahaha! Vast Wind, weren't you very arrogant just now? Continue to be cocky now! You want to kill Second Sage, then today, our extreme north's demon race will annihilate your human race!" Huntwind laughed wildly and said.

Several hundred Emphyreans ganging up on several dozen Emphyreans, this kind of strength comparison was not on the same level at all.

Emphyrean Vast Wind's face was ashen. He never dreamed that he would end up in such a hopeless situation today.

When he heard that Ye Yuan used up the Heaven Shocking Lightning, he not only had fear toward Ye Yuan in his heart.

But who could have thought that a measly little True God Realm actually moved the entire extreme north's demon race Emphyreans?

"Vast Wind, this Emphyrean said before, you can't kill Master!" A figure slowly stepped out. It was precisely Emphyrean Loneswan who escaped with the spatial node technique.

Emphyrean Vast Wind's expression flickered incessantly, and he gritted his teeth and said, *"You all really want to fight a life-and-death struggle for a human?"*

One of the demon race's five great Emphyreans, Emphyrean Divine Scorpion, said with a sinister smile, *"Heh heh, Vast Wind, this Emphyrean wanted to kill you long ago! This time, you can forget about escaping!"*

The five great Emphyreans each stood separately, surrounding Emphyrean Vast Wind.

As long as he made any unusual movements, what awaited him would be a lightning blow.

Finally, Emphyrean Divine Scorpion clearly could not hold back anymore, wanting to take action.

“Stop! Without my orders, no one is allowed to make a move!”

Ye Yuan stood in the air, Empyrean Divine Scorpion stopped rather unwillingly.

He looked at Empyrean Vast Wind and said coolly, “Vast Wind, I wonder if this Ye’s warning is effective or not?”

Unrivaled Medicine God

Chapter 2097: What Are You Happy About?

Vast Wind, Tian Jue, and the rest had blank expressions. Was this Empyrean Divine Scorpion in front of them really that Divine Scorpion that they knew?

This Empyrean Divine Scorpion was an existence that did not give in to anyone.

But now, he was submissive and obedient toward Ye Yuan. They simply could not believe their eyes.

“Ye Yuan, this Empyrean is considered defeated today! I only beg that you take into account that we’re of the same human race and let us leave!” Empyrean Vast Wind gritted his teeth and said.

Although he gave in, the resentful look in Empyrean Vast Wind’s gaze flashed past.

The other human Empyreans were also all sighing endlessly. The haughty and overbearing Empyrean Vast Wind actually lowered his head toward a True God Realm powerhouse.

They were all clear what kind of proud existence Empyrean Vast Wind was.

Such a person’s heart was loftier than the sky, how could he admit defeat?

Ye Yuan looked at Vast Wind and said with a faint smile, “Of course. This Ye isn’t a murderous person. The rest can all leave, but only you and Empyrean Windlike will probably have to stay here forever.”

Empyrean Vast Wind’s face changed drastically when he heard that and looked at Ye Yuan with an alarmed and enraged face as he roared, “You’re ... despicable!”

Ye Yuan could not help laughing as he said, “Despicable? *Huhu*, I warned you previously. It’s considered to have given you a chance, but it was you who didn’t cherish it. Since my identity is already leaked, do you think that I’d wait for you to come and take revenge?”

Ye Yuan and Lu-er’s identities were not a secret anymore. As long as Empyrean Vast wind inquired slightly, he would be able to know that he came from Heavenly Eagle Imperial City.

Being remembered by a Seventh Firmament Empyrean mighty expert day and night, even if Ye Yuan had formidable abilities, it was also hard to take comprehensive precautions.

Ye Yuan was not a person who murdered the innocent. The grudge between him and Vast Wind was just a personal grudge, so he did not wish to implicate too many outsiders.

After all, these were all the human race’s powerhouses. Once they all died here, the entire extreme north would probably be plunged into misery and suffering.

This kind of thing, Ye Yuan could not do it.

He surveyed the surroundings and said coldly, "Today's matter is just the personal grudge between me and Vast Wind! Those who don't want to die, hurry up and get lost for me!"

The group of Emphyreans exchanged glances, Vast Wind gritted his teeth and said in a solemn voice, "Don't get fooled by this brat's sowing discord! He has clearly thrown his lots in with the demon race and wants to divide and destroy our extreme north's human race!"

"*Haha*, Vast Wind, you saying these words is also insulting our intelligence too much! You want to drag us down the water together, no chance at all! This Emphyrean was forced against my will to come here in the first place. Feng Tianyang dying is a good thing to us. Now, there's someone taking care of you, we're all too happy!" Emphyrean Mie Yu said with a loud laugh.

"Vast Wind, you've played the tyrant in the extreme north for so many years! You finally came to an end! I, Zhen Huang, won't be accompanying anymore." Finished talking, Emphyrean Zhen Huang directly shuttled into the void and disappeared.

With these two people taking the lead, the other Emphyreans also left one after another.

Emphyrean Tian Jue and the rest were unconvinced by Vast Wind to begin with. If not for him breaking through to be Seventh Firmament Emphyrean and forcing these Emphyreans to come here, they absolutely would not get involved in this matter.

Now, there was someone taking care of Vast wind, so they were all too eager.

From this, one could also tell that Vast Wind ruling the extreme north's human race, what he relied on was just martial strength. There were not many people who sincerely followed him.

Looking at one Emphyrean after another leaving, Emphyrean Vast Wind was close to despairing.

Ye Yuan looked at him and said with a smile that was not a smile, "Looks like your popularity isn't too good. There's not even one that stayed behind. Looks like you normally don't enjoy popular support in the extreme north!"

Emphyrean Vast Wind looked at Ye Yuan, gnashed his teeth in hatred, and roared furiously, "Damn little brute! Today, even if I die, this Emphyrean will also slaughter you!"

Everyone did not predict that Emphyrean Vast Wind would suddenly erupt.

How outrageous was the commotion once an Emphyrean was enraged? Even Emphyrean Huntwind did not react.

But he was a powerhouse on the same level as Emphyrean Vast Wind after all. Even if he was half a beat slower, he also chased after in time.

It was only to see him suddenly slam a fist out, the imposing momentum swift and fierce to the extreme.

However, Emphyrean Vast Wind did not avoid this punch. He torpedoed toward Ye Yuan at full strength.

All of a sudden, an energy undulation that blotted out the skies and covered the earth crushed over towards Ye Yuan frenziedly.

Bang!

It was only to hear a loud boom transmit over, Emphyrean Vast Wind's figure flew out like a kite with a broken string.

However, his palm already fired out too.

Although it was just a palm that was struck hastily, how powerful was the strength of a Seventh Firmament Emphyrean?

Even if it was a casual palm, butchering True God Realm martial artists were also as easy as blowing off dust.

Seeing Emphyrean Vast wind forcefully take a fist of his, Emphyrean Huntwind felt his scalp tingle.

If Sacred Ancestor High Priest died at his place here, Sacred Ancestor High Priest would probably fly into a thunderous rage, right?

"Careful, Second Sage!"

Emphyrean Huntwind only had time to cry out in surprise, the palm already arriving!

Bang!

The place where Ye Yuan stood, space shattered, spiritual energy flying everywhere. An intense light shone until people could not open their eyes.

When the light dissipated, that place already did not have Ye Yuan's figure long ago.

All of the demon race's powerhouses felt their scalps tingle. Second Sage was killed by someone under their heavy encirclement?

This ... This was a sin!

Once Sacred Ancestor High Priest raged, the Northernmost Steppe would not have the blade of grass grow!

"Damn it! Damn it! Damn it! This Emphyrean will kill you!"

Emphyrean Huntwind roared at Emphyrean Vast Wind, suddenly slamming a fist over.

Bang!

Forcefully receiving Huntwind's punch, the current Emphyrean Vast Wind was already seriously injured. How could he still be Huntwind's match?

This punch, he forcefully withstood it again.

However, his face did not have any decadence, but instead burst out laughing as he said, "*Haha ... cough cough ... hahaha*, what bullshit Second Sage?! Didn't he still die at this Emphyrean's hands? Tianyang, Father has ... *cough cough* ... avenged you!"

Emphyrean Vast Wind started laughing free from inhibitions as he coughed blood.

Emphyrean Huntwind bristled with anger, but to the Vast Wind who already had the will to die, his fury had no use at all.

A moment of carelessness let Second Sage die! He could not absolve himself from the blame!

“What are you happy about?” Right at this time, a faint voice sounded out in everyone’s ears, making Empyrean Vast Wind’s laughter abruptly stopped.

A young and handsome voice slowly stepped out, who could it be if not Ye Yuan?

Empyrean Huntwind’s eyes went wide, and he said in disbelief, “Lord Second Sage, you ... you didn’t die?”

The other demon race Empyreans also had astonished faces. Although that palm earlier was not strong, it was enough to one-shot an initial-stage Empyrean Realm powerhouse.

But Ye Yuan was completely unscathed!

“This ... How is this possible? That palm of mine clearly already hit you!” Empyrean Vast Wind had a blank face as he said in shock.

Ye Yuan shook his head slightly and said, “You don’t seem to know this, but Loneswan their spatial node technique, it was personally set up by me. With my spatial law attainments, even if there isn’t Huntwind they all around, it also won’t be easy for you to want to kill me, let alone that you can only ambush me while taking advantage of their inattentiveness? This degree of attack is indeed lethal to other True God Realms, but I laid down several dozen spatial nodes all around here. As long as my thoughts stir, I’ll be able to teleport away. How can it be that easy for you to want to kill me?”

“This ... This ...” Empyrean Vast Wind looked at Ye Yuan, his complexion ashen.

The palm that he risked his old life to exchange for actually did not even harm Ye Yuan’s hair!

Unrivaled Medicine God

Chapter 2098: High Priest Redplumes invitation

It was simply very hard for people who did not truly learn the rudiments of spatial law to imagine how profound this law was.

The higher the realm, the more accomplished with high proficiency the application of spatial law. It would instead form more of an illusion. That would be so for someone who was actually already very skilled in the aspect of spatial law.

However, being able to be called a supreme law, how could spatial law be that easy?

Martial artists’ understanding of law was just one aspect, the ingenuity in varying tactics depends on mother wit.

With Ye Yuan’s attainments in the aspect of spatial law, even if he was not an Empyrean’s match, if an Empyrean wanted to kill him, it was not as simple as dying to one palm.

Very clearly, Empyrean Vast Wind was misled just like that.

In reality, the Empyreans present were all deceived by Ye Yuan.

“Alright, you’ve experienced it now. You can give up hope now, right? Huntwind, send him on his way!” Ye Yuan said coolly.

“*Eh*, alright! *Haha*, it’s still Lord Second Sage who is impressive. Otherwise, this old bear, I, would have to expend considerable effort to kill him!” Empyrean Huntwind rubbed his fists and wiped his palms, appearing extremely excited.

He and Vast Wind were the demon race’s and the human race’s number one person. The two people had fought for no idea how many years.

Today, he could finally eliminate this guy. So how could he not be excited?

Huntwind’s palm carried horrifying power, directly annihilating Empyrean Vast Wind.

The all-powerful lord of the extreme north, Empyrean Vast Wind, was annihilated just like that.

As for Empyrean Windlike, it was naturally even less necessary to go into details. Under the garroting of the group of demon race Empyreans, he fell in battle very quickly.

“Young Master!”

At this time, Lu-er’s figure slowly walked out of the void, akin to a fairy maiden descending upon the world.

Even if these demon race Empyreans saw, they also could not help becoming absent-minded.

Ye Yuan looked at Lu-er and could not help sighing. The thin and frail young lass back then already grew into a tall and graceful lady now.

The current Lu-er did not lose to Li-er and Mu Lingxue, the two great goddesses, in terms of looks in the slightest.

Furthermore, Lu-er’s Profound Yin body bestowed on her a disposition as clean as ice and as pure as jade, akin to a fairy maiden that had transcended the mundane world.

“*Huhu*, it’s all over! In the future, this young master won’t let you suffer any harm again!” Ye Yuan lightly caressed Lu-er’s head and said smilingly.

Lu-er nodded her head and said, “It was Lu-er who caused trouble for Young Master.”

Not far away, Yang Fei-er looked at this scene with an envious look.

In Ice Cloud Tower, Yang Fei-er was the closest to Lu-er and naturally knew that she always kept that young master in her thoughts.

It was just that in her view, that so-called young master was not worthy of Lu-er at all.

Lu-er was exceptionally talented. There were practically no obstacles in corroborating her Dao as an Empyrean in the future at all, while that young master was merely a puny little imperial city’s alchemist.

A thousand years later, the two people would long already not be on the same level anymore.

But when she knew Ye Yuan’s identity, Yang Fei-er was thoroughly stunned.

Lu-er's young master was actually so freakishly talented!

If it was merely talent, forget it. The series of events that happened later made her shocked until it could not be any greater.

Eradicating He Xiangyun with his fist, slaying Feng Tianyang with his sword, and even obliterating Empyrean Ice Cloud with a heaven-shocking attack.

Now, even the leader of the extreme north's human race, Empyrean Vast Wind, also died in his hands.

Not just so, he even became the demon race's Second Sage. Even the Empyrean Huntwind that Empyrean Vast Wind who was very wary of was also submissive and obedient to him.

This kind of peerlessly heroic man, which woman could not admire?

Yang Fei-er sighed faintly and actually became somewhat envious of Lu-er.

Ye Yuan comforted Lu-er a while and suddenly opened his mouth and said, "Already watched for so long, still not showing yourself?"

Huntwind and the rest of the Empyreans exchanged glances, looking all around, and did not discover traces of other people at all.

Suddenly, a layer of ripple emerged in space. A figure was like a ripple, slowly condensing and forming into an old man like

The old man had a goatee, looking very amiable.

When Huntwind looked at the arrival, he could not help opening his eyes wide.

He, this Seventh Firmament Empyrean powerhouse, did not even discover the arrival, Ye Yuan discovered him?

No wonder Sacred Ancestor High Priest valued Lord Second Sage so highly. He was indeed extraordinary!

Previously, his awe toward Ye Yuan mostly originated from Sacred Ancestor High Priest.

But now, he discovered that this Second Sage was really not simple.

However, what shocked him even more was this goatee old man. With his strength, he actually could not fathom the old man's depths!

The goatee old man gave a bow towards Ye Yuan and said with a smile, "This old man Gongyang Lie[1], as a servant by High Priest Redplume's side, pays respect to Lord Second Sage!"

Toward goat beard's self-introduction, Ye Yuan did not have any reaction. But each and every one of the demon race Empyreans present, their eyeballs nearly popped out.

"H-High Priest Redplume! Extreme north's Huntwind pays respect to Lord Gongyang!" Empyrean Huntwind actually knelt straight down, knees hitting the ground.

"Paying respect to Lord Gongyang!" The group of Empyreans all prostrated.

Ye Yuan was at a loss and said in puzzlement, “High Priest Redplume? Who is that?”

The goat beard’s brows furrowed slightly, but he still explained, “High Priest Redplume is the eleventh disciple under Sacred Ancestor High Priest; one of the demon race’s strongest 11 people in terms of Alchemy Dao apart from the Sacred Ancestor High Priest himself!”

Ye Yuan was enlightened the moment he heard this.

This High Priest Redplume was Sacred Ancestor High Priest’s little disciple.

Not just any random Tom, Dick, or Harry, could become a servant by High Priest Redplume’s side.

This goat beard was likely a Heavenly Emperor powerhouse!

Hence, that was why Huntwind and the rest would be so respectful.

Of course, just based on High Priest Redplume’s servant, this identity, even if the goat beard did not have a Heavenly Emperor’s cultivation realm, it was also sufficient to do as he pleased in the demon race.

“So that’s how it is. What did you come to find me for?” Ye Yuan said with a faint smile.

Facing a Heavenly Emperor powerhouse, Ye Yuan did not have much awe or veneration.

He saw Sacred Ancestor High Priest’s thoughts as clear as a blazing fire. Previously, when he solved ‘Ask Not’, he did not express anything but suppressed the matter instead. Sacred Ancestor High Priest was worried that giving him too high a status would hinder his growth.

Presently, Ye Yuan displayed his talent for the first time in the Southern Border, crushing until the whole territory’s Seven-star Alchemy Gods bowed their heads in submission. Sacred Ancestor High Priest felt that the time already arrived. That was why he would announce to the outside world that he was ‘Second Sage’.

This title of ‘Second Sage’ was not that he felt that Ye Yuan’s standing could already match up to this kind of status.

On the contrary, Ye Yuan’s present strength was completely inadequate to harness this title!

In terms of realm, Ye Yuan was merely True God Realm.

In terms of Alchemy Dao, Ye Yuan also merely just entered Ancestor Realm currently.

There were countless powerhouses in this world, but Ye Yuan never felt that he was invincible under the heavens.

Not mentioning others, just talking about these 11 disciples under Sacred Ancestor High Priest, each one of them was a demon race major power, with their Alchemy Dao strength being immensely formidable.

The current Ye Yuan was far from a match.

Sacred Ancestor High Priest giving him this title was to make him become the target of public scorn, to let him swiftly grow up amidst adversity.

Clearly, his every action and conduct, the other party was paying attention to it.

Humph, this kid is so condescending, to actually think nothing of Master! Does he really take himself to be Second Sage?

Seeing that Ye Yuan's face did not have any look of awe, Gongyang Lie was very unhappy in his heart.

However, he did not show it on his face and said with a faint smile, "Westspirit Region under Master's command is going to host a grand Demon Divine Pill Convention. He heard that Second Sage is an alchemy master and specially invited Second Sage over to give a pointer or two."

Chapter 2099: He Has Been Lonely for Too Long

"Master, Little Junior Brother he ... seems to be somewhat dissatisfied with your decision, and he arbitrarily summoned Ye Yuan to Westspirit Region," Ji Mo said with a helpless look[1].

Sacred Ancestor High Priest stood with his hands behind his back. Suddenly, he reached his hand out and beckoned. A table-sized chessboard landed on the table.

"Ji Mo, you bring this chessboard and make a trip to Wan Xiang Great Imperial Capital." Wing said with a faint smile.

Ji Mo's entire body trembled and he said, "Master, this ... this is the Ask Not chessboard that you studied for several million years! You're actually going to let that kid crack it? You ... wouldn't really take him to be Second Sage, right?"

When he said this, Ji Mo's words more or less still carried some indignation.

He touched his heart and felt that when he was young, he also had talent that did not lose to Ye Yuan.

However, he did not obtain his master's such serious and earnest response.

Wing gave Ji Mo a meaningful glance and said with a smile, "Second Sage? *Huhu*, Ji Mo, the more one cares about this title, the more one can't amount to anything great! You apprentice brothers pay too much attention to this title! To people who pursue Dao, all undeserved reputation is fabricated, only one's own strength is real!"

Ji Mo trembled again, his face revealing an ashamed expression as he bowed. He then said, "What Master says is extremely right. Ji Mo has learned it."

These days, them apprentice brothers cared about this title of Second Sage immensely.

One had to know, they all, these apprentice brothers, had already followed Sacred Ancestor High Priest for several millions of years. But no one could get this name.

But now, a measly little True God Realm, Six-star Alchemy God, was actually enjoying such a revered reputation.

What did 'Second Sage' mean?

That was an existence second only to the sacred ancestor high priest. Furthermore, it was the honor of having the Sacred Ancestor High Priest personally grant it.

But now, Sacred Ancestor High Priest roused the dreamer from sleep with a word. Ji Mo could not help being taken aback by surprise.

He gave him a glance and said with a faint smile, "The so-called martial artists yearn for Dao is actually merely a joke. This world is a vanity fair. How many can throw aside fame and pursue Great Dao? Even those high and mighty Dao Ancestors probably find it hard to truly abandon this world's fame and gain too. But this Ye Yuan, this seat has observed him for a long time. His Dao is different from the others! In Alchemy Dao, his innocence and devotion definitely have never wavered before! And this is also the greatest difference between you all apprentice brothers and him!"

Ji Mo's expression gradually became solemn. The more he followed by Sacred Ancestor High Priest's side, the more he felt his shallowness.

It was just that this logic, him understanding did not mean that he could really do it.

In this world, who did not understand the logic of yearning for Dao?

But after reaching Emphyrean Realm, cultivation is easily calculated with millions of years. How many powerhouses could really endure the whittling of time?

Time was a butcher's blade!

Since time immemorial, how many Emphyreans, or even Heavenly Emperor powerhouses, had it killed?

"What Master said, Ji Mo has received the teachings!" Ji Mo said respectfully.

"*Haha*, go on! This seat already can't wait and want to have a battle with this boy. Truly an opponent that makes people's hot blood seethe!"

Sacred Ancestor High Priests gaze seemed to have passed through the firmament, arriving at the Northernmost Steppe.

... ..

"*Huhu*, looks like ... Sacred Ancestor High Priest can't quite stand the loneliness anymore!"

Hearing what Gongyang Lie said, a hint of a smile flashed across the corners of Ye Yuan's mouth.

His gaze looked towards the horizon as if piercing through the void, meeting eyes with a certain someone on the horizon.

The so-called being spiritually attached to a friend that one had not met, was likely talking about the two of them, right?

It was just that Ye Yuan's words were so uninhibited and unbridled in Gongyang Lie's view.

"*Humph!* Don't Second Sage forget, your title is bestowed by Sacred Ancestor High Priest. The minimum respect should still be shown!" Gongyang Lie said unhappily.

How shocking was the rage of a Heavenly Emperor?

Huntwind and the rest were crushed by this powerful pressure until they could not breathe and did not even dare to raise their heads.

In Gongyang Lie's view, High Priest Redplume was already a paramount existence.

Then, what kind of existence was his master, Sacred Ancestor High Priest?

People should not look at how they called him Second Sage. In reality, there were not many who truly took him to be Second Sage.

Ye Yuan looked at him and said with a faint smile, "Goat beard, one day in the future, you'll know what I mean. Sacred Ancestor High Priest he ... has been lonely for too long. You all won't understand."

Gongyang Lie seemed to only have a hazy notion, but he still gave a cold snort and stopped talking.

Before coming, High Priest Redplume instructed before, to make sure not to rub Second Sage the wrong way.

Gongyang Lie was merely a servant, so he naturally did not dare to defy.

"Alright, you can go. Half a year later, I'll keep the appointment." Ye Yuan waved his hand and motioned for Gongyang Lie to leave.

Gongyang Lie had an oppressed look as he said with a cold smile, "Very well! I hope that half a year later, Lord Second Sage won't disappoint Gongyang! Farewell!"

Done talking, Gongyang Lie's figure gradually turned illusory, finally disappearing.

Only after Gongyang Lie's figure completely vanished did Huntwind and the rest finally let out a sigh in relief.

Just now, Lord Gongyang Lie was clearly already enraged. It was just that due to Lord Second Sage's identity, that was why he forcefully pressed it down.

Except, the pressure of a Heavenly Emperor was too strong. Many Emphyreans were already dog-tired and could not even stand.

Emphyrean Huntwind had a bitter face as he said, "Lord Second Sage, you ... you're a big shot, but it's too much for us, these small fries!"

Ye Yuan smiled and said, "Relax, your friendly sentiments, this Ye will bear it in mind. This half a year, I'll create several Emphyrean powerhouses for your demon race."

... ..

Emphyrean Vast Wind's demise in battle shook the entire Northernmost Steppe.

Vast Wind two brothers, as well as Feng Tianyang's passing, changed the entire Northernmost Steppe's arrangement.

Vast Wind Assemble fell apart, while Emphyrean Tian Jue, Emphyrean Mie Yu, Emphyrean Zhen Huang, and the rest of the powerful Emphyrean powerhouses broke away from central authority and exercised local power. The Northernmost Steppe entered the warring states era, having endless disputes.

But a legend was left behind in this land of extreme north.

“You all don’t know how insufferably arrogant Feng Tianyang was back then. The fusion of three laws, that power, even if an Empyrean powerhouse saw, they would also have to keep a wide berth. But Lord Ji Qingyun directly annihilated him with just a casual sword!”

“Master Ji is really my extreme north human race’s savior! If not for him, our extreme north’s human race will probably be plunged into an abyss of suffering!”

“Master Ji is truly remarkable! I heard that he’s even the demon race’s Second Sage. Even if Empyrean Huntwind saw him, he has to bow his head in submission and be obedient!”

... ..

After that incident, Ye Yuan ordered Empyrean Huntwind that the demon race was not to invade the human territory within a thousand years.

It was also precisely because of this order that let the human race barely manage to maintain.

The land of extreme north was where the strong feeds and the weak were prey. What Ye Yuan could do was also just this.

If the human race was still unable to give birth to powerhouses that were able to resist the demon race within a thousand years, then it was also not his fault anymore.

Survival of the fittest in natural selection.

It was impossible for Ye Yuan to protect the extreme north human race for life. Their strength still needed themselves.

And in this half a year, Ye Yuan refined several heaven-rank Demon Empyrean Pills for the extreme north’s demon race, creating several Empyrean powerhouses for the extreme north’s demon race.

The demon race simply prostrated on all fours in admiration toward Ye Yuan, this Second Sage.

Half a year later, Ye Yuan brought Lu-er and the rest, and stepped onto the road leading to the Westspirit Region.

Chapter 2100: : Opposing Heavenly Emperor

“Xin Luo leads everyone to pay respects to Lord Gongyang!”

Below the hall, a crimson-haired middle-aged man led a group of powerhouses wearing priest divine robes and prostrated on the ground, the appearance extremely devout.

Each and every one of these powerhouses had powerful auras. They were all the same, being Empyrean powerhouses.

But in front of Gongyang Lie, this Heavenly Emperor powerhouse, they did not even have the qualification to raise their heads.

Of course, what they were more awestruck by was the High Priest Redplume behind Gongyang Lie! Sacred Ancestor High Priest's eleven disciples, each one was a leviathan of a region, an existence in charge of a region.

But they were all very puzzled in their hearts. Who was this True God Realm junior standing beside Lord Gongyang?

Which True God Realm junior had the qualifications to stand beside Lord Gongyang?

Could it be a disciple that High Priest Redplume recently took in?

Gongyang Lie waved his sleeves grandly and said coolly, "All come and pay respects to Lord Second Sage."

Everyone trembled all over, looking at Ye Yuan with disbelieving faces.

"He ... He's the Second Sage that Sacred Ancestor High Priest chose? So young!"

"A mere True God Realm can actually overpower 11 great disciples, what capability does this kid have!"

"Based on what? A punk like this, based on what can he overpower High Priest Redplume? I'm not convinced!"

... ..

Below, a commotion immediately came from the group of Emphyreans. Clearly, they were stunned by Gongyang Lie's introduction.

But after the shock, each and every one of these Emphyreans' faces revealed indignant looks.

Those present were all the Westspirit Region's elite Seven-star priests. They were all supporters of High Priest Redplume.

If High Priest Redplume's eldest senior brother, High Priest Cloudcave, was conferred 'Second Sage', they naturally would not say anything.

However, Ye Yuan was too young, and his realm was too low.

Such a young man who suddenly appeared wanted to ride on top of High Priest Redplume's head, how could they be convinced?

The red-haired powerhouse, Xin Luo, bowed and said, "Lord Gongyang, please pardon us for being impolite. This junior in front of us is merely a thousand over years old. His realm is merely late-stage rank six. Letting him become Second Sage, we truly can't accept it!"

"Yeah, Lord Gongyang! Letting us bow to a junior like this, we're seriously unconvinced!"

"Lord Gongyang, saying something unpleasant first. If we bow to him, can he afford to accept it?"

... ..

There was a hubbub below. Clearly, they were extremely averse to this Second Sage who suddenly appeared.

High Priest Redplume they all, fellow apprentice brothers, those were all top powerhouses among Heavenly Emperors.

Among Eight-star priests, they were all apex existences.

Even such a top character was unable to become Second Sage, but a junior became Second Sage.

These people did not say certain words out, that was whether or not Sacred Ancestor High Priest was muddle-headed with age.

A few years ago, Sacred Ancestor High Priest announced to the demon race that he was conferring Ye Yuan as Sacred Ancestor High Priest.

No one knew who Ye Yuan was, where he popped out from.

This announcement was vague, only saying that Ye Yuan's alchemy strength was immensely formidable, and he had once resolved the Eternal Chess Game, 'Ask Not'.

There was nothing else.

In the beginning, everyone was extremely stunned.

But later, everyone was speculating one after another that Second Sage might be some reclusive powerhouse, an existence on the same level as Sacred Ancestor High Priest.

Suddenly coming out and debating on Dao with Sacred Ancestor High Priest and was just a bit inferior, so that was how he was conferred as Second Sage.

But now, a group of Emphyreans suddenly saw a True God Realm. Furthermore, it was even a human, becoming Second Sage and being above them. They were unable to accept this kind of thing.

Seeing everyone's fierce reaction, Gongyang Lie did not get angry but was delighted instead.

Of course, he, an old monster who had lived for no idea how many years, naturally would not show it on his face.

It was only to hear him snorting coldly. He said, "Insolence! How can it be up to you all to butt in about the Second Sage that Sacred Ancestor High Priest personally conferred? Forget about True God Realm, even if a Heaven Glimpse Realm is here, you all have to prostrate in worship too!"

The moment a Heavenly Emperor raged, it was as if the entire hall was quaking.

All of the Emphyreans' faces turned fearful and immediately became silent.

But each and every one of these Emphyreans was also an old monster. They caught some unusual meaning from Gongyang Lie's words.

Lord Gongyang had an implicit meaning!

Sure enough, Gongyang Lie turned to Ye Yuan and said with a smile, "Lord Second Sage, your status is noble. Please don't stoop to the level of a bunch of boorish fellows."

Ye Yuan sneered coldly in his heart. How could he not understand Gongyang Lie's thoughts?

Wasn't acting this out today to take him down a notch?

If it was really some welcoming ceremony, he should have long given these people a heads-up, and not like this right now, everyone having vacant faces, then completely exploding.

With his status of High Priest Redplume's spokesman and a Heavenly Emperor powerhouse, if he were to really forcefully suppress, how could these Emphyreans dare to speak?

It would also not be their turn to talk!

The 'Second Sage' that Sacred Ancestor High Priest personally conferred, even High Priest Redplume did not dare to butt in too.

But his face had never joy nor sorrow as he said with a faint smile, "Huhu, I'm going to stoop to their level today!"

As Ye Yuan smiled, the aura on his body suddenly flared, immediately having a feeling of looking down upon the world.

Gongyang Lie's expression changed. He did not expect that Ye Yuan's reaction would actually be so intense.

He thought that with so many Emphyrean powerhouses, plus him, this Heavenly Emperor powerhouse who lorded over all life, wouldn't toying with a measly little Ye Yuan still be easily done ?

But Ye Yuan did not play games with him at all!

Was this Ye Yuan in front of him who looked down upon the world really that True God Realm kid?

Gongyang Lie's eyes could not help going into a trance.

"Gongyang Lie, you don't need to play this kind of outwardly compliant, but inwardly opposing game with me! The demon race has always been lofty and straightforward. If you're unconvinced by me, just say it right out, don't need to incite them to come and squeeze me. You've taken human form for too long and are about to lose even your ancestor's guts too, right?" Ye Yuan questioned.

Gongyang Lie's face turned black, nearly spewing out a mouthful of old blood.

Ye Yuan really did not save him any face when opposing him, this Heavenly Emperor.

If any junior dared to talk to him like this, they would have long been beaten to death by him with a sneeze.

Yet, this in front of him was the Second Sage that Sacred Ancestor High Priest personally conferred, who dared to touch him?

Him playing a bit of petty tricks in secret was still okay, but to really take action, that was a big no-no for him.

"This emperor ... this emperor is unconvinced! Can you, a measly little True God Realm, shoulder the name of Second Sage?" Gongyang Lie was angered until his face reddened to the ears as he said.

Below, those Emphyrean powerhouses were long already staring dumbfoundedly.

A True God Realm who dared to oppose a Heavenly Emperor powerhouse; they had lived for several million years, it was still really their first time seeing.

These two realms were people of two completely different worlds!

Forget about True God Realm, even Empyrean Realm, a Heavenly Emperor could also smack him to death with one slap.

With Gongyang Lie's realm, if he really wanted to kill Ye Yuan, he would not even need a finger.

Ye Yuan this Second Sage, was really extraordinary!

"Hahaha ..."

Hearing Gongyang Lie's words, Ye Yuan suddenly laughed loudly and said, "Gongyang Lie, do you feel that Sacred Ancestor High Priest is muddle-headed with age?"

Gongyang Lie's face changed and he said in alarm and anger, "You ... You're spurting nonsense! Why would ... Why would this emperor have this kind of thought!"

Ye Yuan smiled indifferently and said, "Don't need to hide it. I know that not only you think so, but they also think so! But let me tell you this. I'm indeed not High Priest Redplume's match right now. But before long, I'll surpass him!"
