Chapter 2111: Shameless

Inside the Priest Temple, Ye Yuan sat high above. Below, stood Xin Luo and the rest of the Seven-star priests, as well as Gongyang Lie.

At this time, the Seven-star priests' faces all had ashamed expressions.

Xin Luo stepped out of the ranks, bowed all the way down, and said in fear and trepidation, "We have offended Lord Second Sage previously and deserve ten thousand deaths!"

Gongyang Lie had an embarrassed look as he said with a bow, "Gongyang Lie has affronted Lord Second Sage. Your Excellency, please deal out punishment."

The group of Emphyreans could not help being secretly tongue-tied. Even Lord Heavenly Emperor actually acknowledged his fault!

They had lived to this ripe old age and it was really their first time seeing such a scene.

But thinking about it, this was also within reason.

The Second Sage that Sacred Ancestor High Priest personally conferred, his status was even above High Priest Redplume. He could take the bow of a Heavenly Emperor.

With the talent and strength that Ye Yuan displayed, surpassing High Priest Redplume in the future was also possible.

Ye Yuan waved his hand and said coolly, "This matter ends here. You all were merely made use of by Old Man Sacred Ancestor, why would this sage stoop to your level?"

Everyone exchanged glances, uncertain what it meant.

But everyone also quaked in their boots when they heard it. To dare call Sacred Ancestor High Priest as Old Man Sacred Ancestor, this was probably one of a kind, right?

If it were before, everyone would definitely turn their noses up at Ye Yuan's words.

But now, they did not dare to butt in at all.

This was a matter between great gods, so it was not their turn to interject at all.

Come one day in the future, Lord Second Sage would likely be able to grow to become an existence like Sacred Ancestor High Priest.

However, be that as it may, Ye Yuan was still rather grateful toward Old Man Sacred Ancestor.

The demon race's alchemy technique was a unique school of thought and indeed had many areas to glean from.

Ye Yuan also learned many things from these people.

Ye Yuan was never an egomaniac. On the contrary, he attached great importance to every alchemy battle.

While seemingly unconcerned with alchemy battles, Ye Yuan could actually glean knowledge from it every time.

And it was precisely this kind of accumulation that let him improve at breakneck speeds.

And this was also precisely what Sacred Ancestor High Priest wanted to see.

At this time, someone suddenly came to report. The person said, "Lord Second Sage, the Qilin Clan's Qi Zhen requests an audience."

The moment Xin Luo heard, his brows could not help raising up as he said, "Qi Zhen? That Qi Zhen which Qi Chen spoke of? Could it be that ... he came to find Lord Second Sage to complete the bet?"

On that day, Qi Chen made a bet with Ye Yuan in front of everyone.

This matter, the people present all knew.

Ye Yuan asked curiously, "Xin Luo, I heard that these legendary divine beast clans mostly stay reclusive and don't come out. But why did they appear in Westspirit Region this time?"

Xin Luo said, "Actually, this time was High Priest Redplume issuing invitations to the various major pseudo worlds, inviting the strongest juniors in the current era to come out and have an exchange. This Qi Zhen only came because he received the invitation. It's just that I don't know why, his journey seemed to have been delayed for a while now. So he only arrived at this time."

Ye Yuan felt enlightened in his heart and said, "In this case, Crimsonsky is here to take part in the convention this time?"

Xin Luo nodded and said, "Precisely so."

Ye Yuan said, "Then, the dragon race and other races have also arrived?"

Xin Luo nodded and said, "Yes. In the past, these races were not willing to interact with the outside world. But this time, they agreed and even sent out quite a few juniors."

The moment Ye Yuan heard, he could not help becoming curious.

Arriving at the Heavenspan World for so many, he had never heard of the dragon race's information.

As a successor of the dragon race, he was also very curious about the dragon clan.

Looks like this time, he could meet the dragon clan's powerhouses.

"Let him enter," Ye Yuan said coolly.

Before long, a young man with a frost look walked into the hall.

"I pay respects to Second Sage." Qi Zhen clasped his hands slightly, with his attitude being somewhat haughty.

Gongyang Lie's face turned cold and he said, "Insolence! Seeing Second Sage, how can you be so impolite?"

Seeing Gongyang Lie, Qi Zhen's pupils could not help constricting. It was actually a Heavenly Emperor powerhouse.

However, it was also just a slight surprise.

With his status in the Qilin Clan, he had seen before many Heavenly Emperor powerhouses.

"That's your Second Sage, not my Qilin Clan's Second Sage. What do you want me to do before it's considered polite?" Qi Zhen looked at Gongyang Lie and said neither obsequiously nor haughtily.

Gongyang Lie could not help choking when he heard that.

These apex divine beast races, each clan's foundation was unfathomable.

Not coming into being these countless years, who knew how many powerhouses were hiding inside their pseudo worlds?

Sacred Ancestor High Priest dominated the Demon Divine Region, but it was also just the Demon Divine Region on the surface.

Furthermore, Sacred Ancestor High Priest only had a unique school of thought in Alchemy Dao, and could not truly unify the demon race.

In the demon race, there were still some existences whose strength did not lose to Sacred Ancestor High Priest.

The demon races' species were numerous. Some races were powerful and not weaker than that of the outside world.

Just as the Qilin Clan, they had the capital to be haughty.

Squeezing Gongyang Lie with one sentence, Qi Zhen turned to look at Ye Yuan and said coolly, "I came here to inform you that the arranged battle between you and Uncle Chen previously, isn't counted."

The moment these words came out, the hall immediately burst into an uproar.

"What? Something that has been agreed upon, they actually went back on their word?"

"This ... This is also too shameless!"

"I understand! They must have seen Lord Second Sage's strength and are afraid of losing to Lord Second Sage, so they don't dare to compete anymore!"

"The Qilin Clan is really shameless!"

... ..

Each and every one of the priests present was extremely indignant.

This kind of shameless action, the Qilin Clan could actually do it.

They already acknowledged Ye Yuan, this Second Sage, in their hearts. Now, the Qilin Clan actually did this kind of shameless action, they felt like they experienced it for themselves.

Qi Zhen's face turned cold and he said in a solemn voice, "Everyone, you all had better pay attention to your words. My Qilin Clan isn't what anyone can bully! Uncle Chen and Second Sage's arranged bet, I wasn't present. They also didn't seek my opinion. This kind of agreement was taken too lightly, so how can it count?"

Qi Zhen was merely an initial-stage Emphyrean, but his bloodline was noble. Saying these words, it had its own majesty.

Furthermore, the Qilin Clan was incomparably powerful, this was something known to all in the demon race. Really offending the Qilin Clan, it would be hard to clean up the mess too.

Finished talking, Qi Zhen turned to Ye Yuan again and threatened, "Second Sage, you seized my Qilin Clan's precious treasure, it's equivalent to becoming enemies with my Qilin Clan. Qi Zhen gives you a piece of advice. You'd better send the emperor bone back to the Qilin Clan. Otherwise, bear the consequences yourself!"

The moment Ye Yuan heard, he was amused.

The Qilin Clan's shamelessness was really cut from the same cloth!

He looked at Qi Zhen and said with a smile, "Oh? I wonder what kind of consequences there will be?"

Qi Zhen laughed coldly and said, "Second Sage is from the human race and probably isn't aware of my Qilin Clan's power yet, right? My Qilin Clan's strength can rival half of the outside world's demon races! You, weigh it over yourself then! Farewell!"

Done talking, Qi Zhen turned around and left.

"Halt!" Ye Yuan shouted coldly. "Did I let you leave?"

Qi Zhen turned around and could not help laughing as he said, "What? Based on you, a True God Realm, you also want to make me stay? Or is it that you think they dared to forcefully keep me?"

Chapter 2112: Arent You Proud?

Qi Zhen looked at Ye Yuan and said those words with a disdainful look on his face.

This alchemy battle indeed made him inexplicably shocked, and even have a feeling of being ashamed of his unworthiness.

But so what?

Could it be that because of this, the Qilin Clan was going to give away a peak emphyrean spirit treasure?

What kind of concept was an emphyrean spirit treasure?

That was a treasure on the same level as the World Suppressing Stele and Soul Suppressing Pearl!

Such treasures could suppress a region and bring extremely good destiny.

Ye Yuan being able to rise up heaven-defyingly had an inextricable relationship with these two treasures.

Such a treasure, even when placed in the Qilin Clan, it was absolutely not a dispensable existence too.

If not for the Qilin emperor bone being too tempting and too extraordinary, it would be absolutely impossible for Qi Chen to suggest this kind of alchemy battle.

But now, they discovered that there was no hope of winning at all, and they could only choose this kind of shameless method to end this bet.

Qi Zhen really did not take Ye Yuan seriously. Even if he was Second Sage, he also could not posture on top of the Qilin Clan's head.

"Is that so? I can't keep you here, but what about it?"

Ye Yuan's gaze had a cold look as he slowly took out the emperor bone.

The moment the emperor bone emerged, a power that seemingly came from great antiquity suddenly descended. All of the powerhouses in the hall felt their shoulders sink, a tremendous pressure descending from the sky.

Everyone's faces changed colors!

On that day, when Ye Yuan took out the emperor bone, he did not trigger the power inside the emperor bone.

The aura that they felt flowed out of the emperor bone naturally.

But today, the pressure in the emperor bone was in full bloom. Even these Emphyreans felt enormous pressure.

Of course, it was merely just pressure, it did not give Ye Yuan the power to contend with Emphyreans.

But one person was different!

That person was Qi Zhen.

This was an emperor bone from the ancient era, the ancestor of the present Qilin Clan's ancestor. How noble was the bloodline and how strong was the pressure?

This kind of pressure originated from the depths of the bloodline and originated from the depths of the soul.

"Kneel down for me!"

Ye Yuan's cry was akin to the evening drum and morning bell in a monastery. Borrowing the might of the emperor bone, it shook until the great hall quaked incessantly.

Qi Zhen's mind told him that he should not kneel.

However, his body and soul seemed to not heed his orders.

It was as if there was a demon in his heart, telling him to kneel down, to kneel down ...

In the midst of Qi Zhen's trembling, he slowly knelt down.

One could tell from his body that his entire person was undergoing intense struggle.

However, it was to no avail!

Under such a powerful bloodline pressure, his body actually did not listen to orders anymore!

That instant when Qi Zhen's knees came into contact with the ground, endless humiliation welled up in his heart.

He looked at Ye Yuan coldly, eyes bloodshot with rage as he roared, "Ye Yuan, you dare to humiliate me? Humiliating my Qilin Clan, you'll die without a burial ground!"

Everyone opened their mouths wide, looking at this scene dumbfounded with gaping mouths.

Even a Heavenly Emperor powerhouse like Gongyang Lie was also staring wide-eyed and tongue-tied at this time.

A primal variant species like the Qilin Clan, not only were they powerful themselves, the strength of their race was also powerful to the extreme.

Although he was a Heavenly Emperor powerhouse, when he saw a Qilin Clan's distinguished talent like Qi Zhen, he also had to give in a little.

But Ye Yuan actually used this kind of radical method to make him kneel?

"Lord Second Sage, this ... is probably not appropriate, right?" Gongyang Lie said cautiously.

Ye Yuan ignored him, but his gaze looked at Qi Zhen calmly as he said with a cold sneer, "Isn't your bloodline noble? Aren't you incomparably proud? Aren't you taking advantage of your power to bully people? Aren't you being shameless? Then let me tell you today, your pride is utterly worthless in front of me!"

"I don't need the Jade Cleanse Truefire Bottle. The wager can also be written off. I, Ye Yuan, am not an unreasonable person! But your Qilin Clan is self-assured that your bloodline is noble and looks down on everyone under the heavens, calling off the bet with this kind of shameless method. Turns out that the words of an Empyrean powerhouse are like letting out a fart!"

"If it's like this, forget it too. But you even ran in front of me to swagger and make a show of force, wanting me to hand the emperor bone over with both hands! If it's once or twice, forget it, but you all really take me, Ye Yuan, to be a soft persimmon, and can be threatened by any random Tom, Dick, or Harry? *Mn?*"

Ye Yuan glared fiercely, akin to a celestial deity that descended, giving people a feeling like he was a god.

When the surrounding Empyrean powerhouses heard Ye Yuan's denouncing, each and every one of them secretly sighed in their hearts too.

Indeed, even though Ye Yuan was a young genius comparable to Sacred Ancestor High Priest, he did not have the arrogance that a youth would normally have.

Even when Crimonsky was being arrogant in front of him, Ye Yuan also just brushed it off with a smile in the end.

But this Qilin Clan went too far.

That matter on that day, everyone present knew.

When Qi Yun saw Ye Yuan, he said that the emperor bone was the Qilin Clan's and was extremely overbearing.

Later, Qi You jumped out and was also like that.

Then later, Qi Chen, this late-stage Emphyrean mighty expert came out and was the same too.

Discovering Ye Yuan's identity in the end and knowing that the matter could not be done, he used a wager to seize it by force and trickery.

However, after witnessing Ye Yuan's strength, the Qilin Clan went back on their word again!

If they reneged on their word, forget it, you come and say it nicely.

Lower your head and admit your fault, perhaps Ye Yuan would not haggle over it anymore.

Yet, this Qi Zhen made it seem that he was number one under the heavens and ran in front of Ye Yuan to posture. Disregarding canceling the bet with this kind of shameless reason, he even wanted Ye Yuan to hand over the emperor bone with both hands.

Even a clay bodhisattva had some anger, let alone Ye Yuan, this genius who enjoyed success at a young age and had a status comparable to Sacred Ancestor High Priest.

No matter how easy-going one was, they also had a limit, no?

It was just that they did not expect that Ye Yuan's emperor bone actually had such terrifying power, to actually be able to pressure the Emphyrean Realm Qi Zhen to directly kneel down.

"Aren't you proud? Isn't your bloodline noble? Then I'll trample all of your pride underfoot!"

Done talking, Ye Yuan stomped down, directly stepping on Qi Zhen's face and stepping onto the floor.

The enormous force directly stomped until the ground fissured apart.

Ye Yuan's strength was not worth mentioning to Qi Zhen. It was just that his face hurt a little.

But the humiliation in his heart reached the peak at this moment.

He gritted his teeth and said viciously, "Ye Yuan, if you have the guts, kill me! As long as you don't kill me today, I'll grind your bones to dust and let you know what's called true remorse!"

How proud was the Qilin Clan? Today's incident would become his lifelong smirch. How could he not be enraged?

But threatening Ye Yuan, he was not worried that Ye Yuan would really do anything to him.

Humiliating him like this was already the limit that he could do.

Did he really dare to kill Qi Zhen?

The consequences of killing him were not what Ye Yuan could bear!

Except, he underestimated Ye Yuan's resolve.

He had always yielded to soft tactics and did not bow to force. Even if a Transcendent Heavenly Emperor came over, he could forget about making Ye Yuan lower his head too, let alone a mere Qi Zhen?

It was only to see killing intent appear in Ye Yuan's eyes. The bone sword was already gripped in his hand.

"Huhu, you think that with you having the Qilin Clan a backer, I won't dare to do anything to you? Since that's the case, then I'll send you off! I want to see what the Qilin Clan can do to me!"

Unrivaled Medicine God

Chapter 2113: Even if You're a Heavenly Emperor, It Won't Do Either!

A hint of disdain flashed across the corners of Ye Yuan's mouth, the bone sword directly thrusting out.

A threat of death pounced from head-on.

Qi Zhen's expression changed drastically. He did not think that Ye Yuan really dared to kill him.

Could it be that this guy did not care about the consequences?

Just as he thought that he was dead for sure, one fine blue thread after another blocked in front of Qi Zhen. Ye Yuan's bone sword was actually unable to move an inch further.

The pupils of all the Emyreans present shrunk. That was the Dao mark, the hallmark of a Heavenly Emperor powerhouse!

This kind of power was the might of heaven and earth, mortals were not able to resist it at all.

When Qi Zhen saw the Dao mark appear, he knew that Gongyang Lie would not passively watch him be killed, and he could not help being overjoyed.

With a Heavenly Emperor taking action, who else could kill him here?

Ye Yuan's expression turned cold and he looked at Gongyang Lie and said in a solemn voice, "You want to stop me?"

Gongyang Lie bowed and said, "Lord Sacred Ancestor High Priest, Qi Zhen's status in the Qilin Clan is extremely high. He can't be killed! Once killed, it will surely attract the fierce retaliation of the Qilin Clan. At that time, even Sacred Ancestor High Priest might not be able to protect you too!"

When Qi Zhen heard that, he seemed to have grasped the final life-saving straw, roaring wildly: "Ye Yuan, I'm the Qilin Clan's Alchemy Dao future, Ancestor Si Chen's successor! If you dare to kill me, you'll definitely regret it!"

Ye Yuan laughed coldly and said, "Really cannot change your nature! At this point, you still dare to threaten me?"

His gaze became cold, and he turned to Gongyang Lie and said icily, "When this sage is doing things, it's not your turn to come and butt in! Do you really want to stop me?"

Gongyang Lie mused for a moment and finally sighed and said, "Lord Second Sage, I'm doing it for your own good. I also don't wish for the demon race to fall into internal strife. Let Young Master Qi Zhen leave; this emperor will make my apologies to Lord Second Sage later."

In Gongyang Lie's view, killing Qi Zhen was a huge matter.

Once they provoked the Qilin Clan, they might come roaring into existence and make the entire Demon Divine Region fall into chaotic times.

Although Ye Yuan's title of Second Sage was big, he was merely a True God Realm in the end.

Gongyang Lie's respect was completely toward Sacred Ancestor High Priest, and it was not toward Ye Yuan.

Toward Ye Yuan himself, Gongyang Lie did not have too much awe and fear.

No matter how breathtaking Ye Yuan's performance was, that was also just a genius that had yet to grow up.

He was on a different level from a Heavenly Emperor powerhouse like him in the end.

Ye Yuan laughed loudly. The aura on his body was surging to the sky.

However, in front of a Heavenly Emperor powerhouse's strength, Ye Yuan appeared so insignificant.

His bone sword was still unable to advance the slightest bit.

Gongyang Lie shook his head and said with a sigh, "Lord Second Sage, give up. The strength of a Heavenly Emperor powerhouse, you're unable to imagine it! This emperor can't watch you do the wrong thing and go beyond redemption."

But right at this time, one fine blue thread after another crept out from Ye Yuan's body.

Ye Yuan's eyes also gradually became icy-cold.

Under the blue fine threads, Gongyang Lie's power suddenly collapsed with a loud bang!

Gongyang Lie's pupils constricted, wanting to make a move again, but it was already too late.

Puchi!

The bone sword directly pierced through Qi Zhen's chest. Violent Sword Dao law destroyed Qi Zhen's innards wantonly.

How powerful was Emphyrean Realm? But in front of Dao marks, what did it count for?

Until death, Qi Zhen's eyes opened wide, clearly not daring to believe everything happening before his eyes.

How could a True God Realm break through the Dao marks laid down by a Heavenly Emperor?

At this time, a trace of regret actually arose in his heart.

If he yielded to Ye Yuan, perhaps it would be a different outcome, right?

Pride, this thing, would really cause people's death sometimes.

"This ... How is this possible? Lord Second Sage he ... actually broke through Lord Gongyang's Dao marks!"

"What's that on Lord Second Sage's body? Could it be ... Dao marks too?"

"How can a True God Realm ... possibly use Dao marks? Could it be that my eyesight is failing?"

... ..

Inside the great hall, shocked voices linked up together.

The shock that the scene which happened just now brought to them was seriously too intense.

What crept out from Ye Yuan's body were clearly Dao marks!

But why would Dao marks that even a half-step Heavenly Emperor powerhouse could not utilize appear on a True God Realm powerhouse?

But the one who was more shocked was Gongyang Lie.

He, as a Heavenly Emperor powerhouse, naturally understood what Dao marks signified.

That was truly a power that belonged to Heavenly Dao!

Only by reaching the realm of Heavenly Emperor could one enter the Dao with their bodies and mobilize the might of heaven and earth to carry out attacks.

But, Ye Yuan, a mere True God Realm powerhouse actually grasped Dao marks?

This kind of thing was simply too outrageous to hear.

At this time, Ye Yuan took back the bone sword and slowly got up. The Dao marks on his body faded away like the tide.

His gaze was icy-cold. Gongyang Lie meeting eyes with him actually involuntarily shuddered.

What kind of look was this!

"You ... You actually grasped Dao marks! How is this possible?" Gongyang Lie looked at Ye Yuan and involuntarily asked.

His heart was completely being filled with questions at this time.

"If I, Ye Yuan, wants to kill people, no one can stop it! Even if you're a heavenly emperor, it won't do either!" Ye Yuan's words seemed to freeze space.

The current Ye Yuan seemed to have become a different person.

The composure on his face had long already disappeared. What replaced it was iciness.

But different from the last time in the Ancient God Battlefield, the current Ye Yuan seemed to still have a trace of reason remaining.

With the lesson learned last time, Ye Yuan already did not dare to employ the power of Dao marks too much.

If not for Gongyang Lie taking action, he would not have utilized it either.

Gongyang Lie's face changed, only then, waking up to reality.

A major issue happened!

"Ye Yuan!"

Gongyang Lie shouted coldly and said furiously, "You think that by calling you Second Sage, you can be lawless and unbridled? Do you know that you've caused huge trouble!"

Ye Yuan looked at Gongyang Lie coldly and said, "You think that I, Ye Yuan, can stand here and make you call me Second Sage, what I'm relying on is Sacred Ancestor High Priest? You're wrong! It's Sacred Ancestor High Priest who needs me, and it's not me who needs Sacred Ancestor High Priest!"

"Arrogances! Truly wild arrogance! Even if you're Second Sage, you also can't compare to Sacred Ancestor High Priest! Furthermore, your action right now dragged the entire demon race into the water!" Gongyang Lie said in a great rage.

Ye Yuan continued icily, saying, "If the Qilin Clan comes, I'll shoulder it alone! You don't need to worry!"

Done talking, Ye Yuan flicked his sleeves and left, leaving behind the dumbfounded crowd.

No one thought that things would actually develop to such an extent.

The situation presently already reached the degree where it could not be salvaged.

Looking at Ye Yuan's distant back view, Gongyang Lie could not help but smile bitterly.

He also did not expect that he personally took action and actually failed to stop Ye Yuan.

The Second Sage that Sacred Ancestor High Priest personally conferred was indeed extraordinary!

... ..

Very soon, Qi Chen and the rest were informed of the news that Qi Zhen was killed, and they were naturally extremely alarmed and enraged.

"Xin Luo, this Emphyrean is going to kill Ye Yuan right now. Don't you stop me! Even if he's the Second Sage, killing my Qilin Clan's alchemy genius, he'll also have to make amendments with death!" Facing Xin Luo, Qi Chen was in a towering rage.

Who knew that Xin Luo just shook his head and smiled bitterly as he said, "I won't stop you. It's just that, I'm afraid that even if you go, you can't kill Lord Second Sage either!"

[Unrivaled Medicine God](#)

Chapter 2114: Long Xiaochun

Hearing Xin Luo's explanation, Qi Chen was taken aback with shock.

Indeed, that emperor bone was extraordinary!

With Qi Chen's status, he had naturally seen before emperor bones handed down from ancestors.

But he had never heard of that an emperor bone could suppress bloodline and make the Qilin Clan not have the slightest strength to retaliate.

Let alone that Qi Zhen was even an Emphyrean powerhouse.

Wouldn't that mean that as long as Ye Yuan grasped the emperor bone in his hand, he would be in an undefeatable position when facing the Qilin Clan's Emphyreans?

No way, this emperor bone must be brought back to the clan!

"Very soon, Xin Luo, this matter, my Qilin Clan has remembered it. Your Westspirit Region just wait for my Qilin Clan's wrath! Qi Yun, let's go!"

Done talking, Qi Chen brought Qi Yun and the rest along, and then they left in a huff.

Xin Luo had long somewhat expected this scene. Seeing the situation, he could not help smiling bitterly.

It seemed like a blood storm could not be avoided anymore.

Thinking up to here, Xin Luo could not help giving rise to resentment toward Ye Yuan in his heart.

He vented his hatred but involved the entire demon race in the fires of war.

After Qi Chen and the rest left, Gongyang Lie's figure appeared.

"Lord Gongyang! What should be done about this matter?" Xin Luo said.

Gongyang Lie's face turned dark and he said, "What else can we do? If the Qilin Clan comes to denounce us, then there's only handing Ye Yuan over!"

Xin Luo's expression changed drastically when he heard that and said, "But ... But he's Lord Second Sage!"

Gongyang Lie sneered and said, "So what if Lord Second Sage? The might of the Qilin Clan, it's also not that you're not aware. Once a war starts, the entire demon race will definitely suffer a great loss in strength. At that time, can the other various races still be so quiet? Could it be because of Ye Yuan alone, we make the entire demon race fall into a crisis? I think that even if Sacred Ancestor High Priest was here, he would also hand Ye Yuan over without the slightest hesitation. Moreover, saying that he's Second Sage, he's currently merely a True God Realm. Who can know how the future will be? This Heavenspan World, the most valuable are geniuses, the least valuable ... are also geniuses!"

Before geniuses grew up, they were merely geniuses.

This Heavenspan World, there were geniuses dying every second. It was not lacking Ye Yuan alone.

Ye Yuan's alchemy strength indeed made them astounded. But why would a Heavenly Emperor powerhouse like Gongyang Lie really pay attention to a genius?

All of his respect toward Ye Yuan all stemmed from Sacred Ancestor High Priest.

Furthermore, Gongyang Lie also had selfish motives.

Ye Yuan's appearance already affected High Priest Redplume's status in the demon race.

Borrowing the Qilin Clan to eliminate Ye Yuan was also a pretty good choice.

By the side, Xin Luo's expression flickered incessantly.

This kind of thing was already not what he could intervene in.

... ..

Regarding killing off Qi Zhen, Ye Yuan did not have much feeling.

After returning to his residence, he went into seclusion for ten days and finally completely chased away that icy-cold feeling.

While using the power of Dao marks could make his strength soar, the consequence was also tremendous.

Under normal circumstances, Ye Yuan already did not dare to utilize Dao marks anymore.

However, Ye Yuan did not have too much fear toward the Qilin Clan.

With the Qilin emperor bone around, even if ordinary Heavenly Emperors came, he could directly suppress too.

Ye Yuan believed Empyrean Vast Universe's words more and more. The ancient era's powerhouses were really incomparably powerful.

This Qilin emperor bone had been through countless eons and actually still had such powerful might.

That kind of bloodline suppression, unless the Qilin Clan's pinnacle heavenly emperors came, otherwise, there was no way to contend at all.

According to Ye Yuan's judgment, it was unlikely that a mere Qi Zhen was unlikely to provoke the Qilin Clan's top heavenly emperors to act.

In front of a heavenly emperor, empyreans were merely ants too.

"Your Excellency, someone is requesting an audience outside." Ning Tianping's voice came from outside the door.

"Who is it?" Ye Yuan went out and asked.

"It's a little girl with a horn growing on top of her head. She said that she came to thank you." Ning Tianping said.

"Thank me?" Ye Yuan was at a loss.

Apart from Yang Fei-er and Lu-er, he did not know any little girl with a horn growing on her head here.

Arriving at the hall, Ye Yuan indeed saw a little girl with a horn growing on her head. Her appearance was very lovely and cute, making people feel happy when they saw her.

When Ye Yuan saw this little girl, he actually had a very cordial feeling.

“Could it be ...”

Ye Yuan was currently astonished in his heart when that little girl already saw Ye Yuan and came in front of Ye Yuan with a few leaps and bounds, having a pair of large eyes wide open as she said with a beam, “You’re Second Sage Ye Yuan? It was you who killed Qi Zhen?”

Ye Yuan was just about to admit it, but was interrupted by the little girl again. She said, “*Hehe*, well killed! This young lady has long found that Qi Zhen displeasing to the eye. I came today to tell you thanks. *Oh*, right! If the Qilin Clan dares to come to find trouble with you, you just report my name. They definitely won’t dare to make things difficult for you! *Oh*, and also, I’m called Xiaochun[1].”

Ye Yuan could not help laughing when he heard that and asked, “You’re from the Dragon Clan?”

Long Xiaochun revealed a look of surprise, and she said in astonishment, “*Eh*, how did you know?”

When demons transformed, their shapes were diverse. Not revealing their auras, one could not differentiate the race.

But when Ye Yuan saw Long Xiaochun, the dragon race bloodline in his body actually stirred restlessly. How could Ye Yuan still not understand what was going on?

Ye Yuan smiled and said, “I guessed it. You had enmity with Qi Zhen?”

Long Xiaochun nodded her head like a rattle drum as he said, “That guy won against my big brother in an alchemy battle and even flaunted his prowess, saying that my big brother can’t surpass him for life! *Tch*, don’t their Qilin Clan just rely on fire-attribute law to win by a notch in alchemy?”

Ye Yuan also secretly nodded when he heard it. This conformed to Qi Zhen’s temper, being overbearing.

Long Xiaochun sized Ye Yuan up and down and asked with a very curious look, “I heard that Qi Chen made a bet with you. But in the end, Qi Zhen really did not dare to accept the challenge and canceled the bet with not being present as the reason, and he even threatened you. That’s why he was killed by you; is that so?”

Ye Yuan nodded and said, “There was indeed such a thing.”

Long Xiaochun giggled after hearing and said, “Qi Zhen that fellow is really as cocky as before! But now, he can’t strut around anymore, *hahaha* ...”

Talking until the back, Long Xiaochun laughed until she shook with laughter, appearing very happy.

Laughing finish, Long Xiaochun patted Ye Yuan’s shoulder like a little grown-up and said smugly, “Remember, if those Qilin Clan’s old fellows come to find trouble with you, you just report my, Long Xiaochun’s name, got it?”

Ye Yuan found it funny. What sorts of existences were the Qilin Clan’s major powers? Why would they fear you, a little lass?

But, towards this childlike and naive little lass, he really could not bear to reject. Smiling, he nodded and said, "Long Xiaochun, okay. I've remembered it."

"Xiaochun!"

"Xiaochun! Are you here or not?"

Outside the door, an anxious voice suddenly sounded out.

The moment Long Xiaochun heard, she could not help getting a shock, hurriedly running to the back-hall.

In the end, she even turned her head around and warned Ye Yuan, "Not allowed to say that I'm here, got it? Otherwise, I'll beat you up!"

Long Xiaochun stuck her dainty little fist out, a threatening look on her face, then she slipped into the back-hall.

At this time, a handsome young man walked into the great hall with hurried steps.

Seeing Ye Yuan, the young man clasped his hands and said, "This brother, I wonder if you've seen a little girl with a horn growing on her head?"

Ye Yuan smiled and said, "Seen before. She's hiding in the back-hall."

Chapter 2115: Qilin Arrives

The youth was taken aback. At this time, Long Xiaochun already walked out from the back-hall, using murderous eyes to look at Ye Yuan.

"Ye Yuan, I trusted you! But you actually betrayed me!" Long Xiaochun said angrily.

Ye Yuan laughed in spite of himself and said, "Little girl, running away from home, your family will be worried. You saying that you thank me for killing Qi Zhen shows that you really love your big brother. Then how can you bear to make him worry?"

Long Xiaochun was stunned, revealing a thoughtful expression.

By the side, Long Xiaohai was already shocked speechless.

He looked at Ye Yuan in disbelief and said, "You ... You killed Qi Zhen? How is this possible?"

A True God Realm killed an Emptyrean Realm?

Long Xiaohai felt that this guy must be bragging.

Long Xiaochun held her head with her hand and revealed a furious appearance from failing to live up to expectations as she said, "You stupid big brother! This matter already caused a great sensation in the entire city, but you actually don't know! He's called Ye Yuan, the Second Sage personally conferred by Sacred Ancestor High Priest! He's amazing!"

Shock was written all over Long Xiaohai's face. Clearly, his brain could not quite wrap itself around it.

“S-Second Sage?”

He truly did not expect that this young man before his eyes actually had such a great background.

Long Xiaochun could not be bothered with Long Xiaohai’s shock and turned to Ye Yuan and said with the appearance of a little grown-up, “Uh ... I feel that what you said is very reasonable, but I finally managed to come out. Yet he wouldn’t let me go here, wouldn’t let me go there either. I could only sneak out.”

This Long Xiaochun stayed too long in the pseudo world and was filled with curiosity toward the outside world.

But along the way, Long Xiaohai refused to let her go anywhere. She was naturally very depressed. Hence, she secretly ran off halfway.

Long Xiaohai only came a few days later in order to find Long Xiaochun, so he did not hear the matter of Ye Yuan killing Qi Zhen.

Ye Yuan smiled and said, “Your big brother is worried about your safety too. That’s why he didn’t let you move around, isn’t that so?”

Long Xiaochun thought about it and nodded her head, but then she shook her head again and said, “I’m very amazing!”

Ye Yuan laughed and said, “Those who come are guests. Since you all came, sit down and drink a cup of wine.”

“Yay, yay! I love drinking wine the most!” Long Xiaochun said with an excited look.

A few cups of wine down the belly, Long Xiaochun was already slightly tipsy.

But her pretty face was glowing red, looking freaking adorable.

Long Xiaochun chirped away. Long Xiaohai also finally understood who Ye Yuan was. But he became even more shocked in his heart.

This young man was actually so incredible!

He had fought with Qi Zhen before and knew about Qi Zhen’s alchemy strength and even more about his pride.

But Qi Zhen actually did not even have the courage to make a move facing Ye Yuan!

Feeling an itch to test his skill, Long Xiaohai even wanted to spar with Ye Yuan a little. The result was naturally being abused until he was black and blue all over.

This way, Long Xiaohai admired Ye Yuan even more.

He finally knew why Qi Zhen did not even have the courage to make a move.

Long Xiaochun watched with great relish by the side, idolizing Ye Yuan to the extreme.

Long Xiaohai was also an alchemy fanatic, discussing in-depth with Ye Yuan for three days and three nights before being fully satisfied.

"Sigh, it's getting late. Elder Xun they all must be worried sick from waiting. Otherwise, I'd really want to consult Brother Ye for a few months more," Long Xiaohai said with a look of regret.

Ye Yuan smiled and said, "No worries. As long as you guys are willing, you can come to find me at any time."

Long Xiaohai was pleasantly surprised when he heard that and said, "Brother Ye, is this for real?"

Ye Yuan nodded and said, "I feel very congenial with your brother and sister two people. Looking at you guys is like seeing my kin, I naturally won't refuse."

Long Xiaochun nodded repeatedly and said, "Yeah, yeah, it's true, I also have this kind of feeling! The first time I laid eyes on you, it's like seeing a big brother."

After some small talk, the two people took their leave.

Before long, Long Xiaochun even repeatedly urged Ye Yuan, "You have to remember. If the Qilin Clan dares to bully you, just report my name!"

Ye Yuan just brushed it off with a smile and naturally did not take it seriously.

... ..

Three days later, an aura powerful until it made people asphyxiated instantly enveloped the entire city.

At this moment, two words flashed across the minds of everyone: Heavenly Emperor!

This powerful aura akin to a god, only Heavenly Emperor powerhouses in the legends could possess it.

"This emperor is the Qilin Clan's Heavenly Emperor Shaoyun! Give you all a hundred breaths of time! Hand over the chief criminal, Ye Yuan; otherwise, the whole city will be annihilated!"

A voice akin to a clap of thunder sounded out in the ears of every demon in the city.

The demon race powerhouses in the city were all ashen pale. Those who were slightly weaker were even injured by this voice.

"Heavenly Emperor powerhouse! It actually really drew a Heavenly Emperor powerhouse!"

"Damn it! It's all Lord Second Sage's fault! Showing off momentary bravery, what to do now?"

"At this time, Lord Second Sage should sacrifice himself to protect the entire demon race!"

... ..

There were discussions everywhere in the city.

Ye Yuan's residence was nearby, there were many demon race powerhouses yelling and hurling insults.

Suddenly, an angry voice sounded out, "All get lost for this empyrean!"

Everyone looked over, it was actually Empyrean Xin Luo!

"When the group of demon powerhouses saw Xin Luo, they immediately exploded.

“Lord Xin Luo, you have to stand up for us!”

“He, Second Sage, can’t make the entire city be buried in death with him because of his individual grudge.”

... ..

The pressure that a Heavenly Emperor powerhouse brought to people was seriously too strong.

At the moment of life and death, whatever Second Sage, whatever alchemy genius, it was all useless.

Xin Luo had a grim expression as he said coldly, “All shut up for this empyrean! This empyrean came to request Lord Second Sage to uphold justice for us!”

The moment everyone heard, their faces immediately revealed excited looks.

Uphold justice? Xin Luo’s meaning was handing Ye Yuan over.

Xin Luo arrived in front of the door and said in a clear voice, “Xin Luo requests an audience with Lord Second Sage!”

Creak!

The front door slowly opened. A white-robed youth slowly walked out.

When Xin Luo saw Ye Yuan, he was just about to open his mouth to speak, but then he heard Ye Yuan say coolly, “Don’t need to waste your breath anymore. I already said before on that day at the divine temple. This matter, I’ll shoulder it alone!”

Xin Luo could not help being stunned when he heard that. The words that Ye Yuan said back then, he thought that it was just joking around.

For this, he even laid down an all-encompassing net in the vicinity, afraid of Ye Yuan escaping.

However, not only did Ye Yuan not escape, he actually really stepped up right now!

Xin Luo even thought that he had to use force this time, who knew that Ye Yuan was so sensible.

Could it be that when he killed Qi Zhen, he already prepared to pay with his life long ago?

But no matter what, Ye Yuan himself being willing to go was naturally for the best.

Otherwise, a charge of being disrespectful toward Second Sage could not be avoided.

If Sacred Ancestor High Priest were to really demand accountability, he would definitely be that scapegoat.

Xin Luo gave Ye Yuan a bow and said, “Lord Second Sage understands the righteousness of a cause. Xin Luo admires Lord Second Sage.”

Ye Yuan looked at Xin Luo and said with a cold smile, “Stop putting on an appearance here. You arranged so many spies in the vicinity, do you really think that I don’t know? If this sage really wanted to leave, do you think that you can stop me based on these people?”

When Xin Luo heard that, he could not help revealing a look of surprise.

The spies that he arranged were all Emphyrean powerhouses. Ye Yuan actually knew all about it?

Not waiting for him to react, Ye Yuan already took a step out and arrived above the void.

Unrivaled Medicine God

Chapter 2116: I Am Guilty!

Ye Yuan sized up the old man in front of him. The old man had white hair and the complexion of a child, giving people a feeling of being as deep as the sea.

A Heavenly Emperor, that was a figure above the heavens, the true sovereign of this world.

Although Gongyang Lie was a Heavenly Emperor too, he was a servant and lacking some domineeringness. In front of Ye Yuan, he also did not dare to really reveal the aura of a heavenly emperor.

Only the Heavenly Emperor Shaoyun in front of him was considered a Heavenly Emperor powerhouse in the true sense.

Heavenly Emperor Shaoyun sized Ye Yuan up as if wanting to see through him.

His aura was extremely powerful. Of the demon race powerhouses below, there were already quite a number of people that actually knelt down.

It was just that Ye Yuan was so close to him, but was completely fine.

Swoosh!

In the crowd, a white figure suddenly shot up to the sky.

But she had not gone very far when her figure actually fell back involuntarily, as if getting backtracked.

“Uncle Zhi, what are you doing?” Long Xiaochun said to the dragon race elder beside her with an indignant look.

The old man was expressionless as he said coolly, “This is an unimportant matter that you shouldn’t poke your nose into!”

Long Xiaochun raised her dainty fists and said angrily, “How can it be an unimportant matter? Ye Yuan killed Qi Zhen; it’s equivalent to taking revenge for Big Brother Xiaohai. He’s our Dragon Clan’s friend!”

Long Xiaohai also urged by the side, “Uncle Zhi, take action and help Brother Ye!”

Long Chi was not the slightest bit moved and said coolly, “Coming out this time, this old man’s duty is to protect your safety. Although I don’t fear that Shaoyun, I’m also not willing to get involved with this trouble. The strength of a Heavenly Emperor powerhouse, you all are aware too. If you still dare to make trouble, I’ll tell your mother everything that happened along the way.”

This last sentence indeed had massive killing power. The Long Xiaochun who feared neither heaven nor earth seemed to have heard a desolate behemoth’s name. Her expression actually showed her being frightened until it turned pale.

It was just that the meaning in his words was that he actually did not fear heavenly emperors!

This Long Zhi was actually a dragon race heavenly emperor who concealed his strength!

“Uncle Zhi, you’re unvirtuous!” Long Xiaochun puffed her cheeks up and said with an unhappy look.

Long Zhi still said coolly, “Long Xiaochun, just the trouble that you caused along the way, if not for Uncle Zhi being around, you could have poked a hole in the sky! Have you forgotten who was wiping your buttocks behind you? You say that Uncle Zhi is unvirtuous, but Uncle Zhi won’t shoulder this blame!”

Hearing the word buttock, even Long Xiaochun’s pretty face also turned slightly red as she said huffily, “*Humph!* Boorish! Ignoring you!”

Done talking, Long Xiaochun turned around. But a pair of intelligent eyes were swiveling around.

Heavenly Emperor powerhouses see through everything. How could the commotion here escape Shaoyun’s eyes?

That scene of Long Zhi taking action just now landed in his eyes fully and he could not help being startled in his heart.

Dragon race heavenly emperor!

This bunch of guys would not come out to cause trouble, right?

Shaoyun originally came in a threatening manner. But if this matter had the Dragon Clan’s involvement, it would not be good.

Got to cut the Gordian knot!

Shaoyun’s mind spun lightning fast, already making a decision.

His gaze looked towards an area in the void and he said in a solemn voice, “Gongyang Lie, Ye Yuan killed my clan’s Qi Zhen. This emperor is bringing him away now, you have no objections, right?”

The demon race powerhouses were all extremely shocked. Although Heavenly Emperor Shaoyun was overbearing, the meaning in his words was actually discussing with someone.

Who could be worthy of a heavenly emperor’s deliberation?

That was surely a Heavenly Emperor powerhouse!

Was there still another Heavenly Emperor powerhouse here?

Gongyang Lie’s figure slowly came out and he looked at Heavenly Emperor Shaoyun and said coolly, “Lord Second Sage is willing to sacrifice himself to help all the demons in the entire city. This emperor naturally have no objections.”

“It’s another Heavenly Emperor powerhouse!”

“It’s our demon race’s Heavenly Emperor powerhouse!”

... ..

The crowd immediately burst into an uproar.

Gongyang Lie's existence, only a small number of Empyrean powerhouses knew. The demons in the city were completely unaware.

Toward Ye Yuan's action, Gongyang Lie was also very surprised.

He even thought that Ye Yuan would definitely threaten to die. Who knew that he was actually so shameless, directly surrendering without resistance.

As for whether Ye Yuan could run or not, he never considered it at all.

A mere True God Realm wanted to escape from a Heavenly Emperor powerhouse's hands?

That was not possible!

Ye Yuan could kill Qi Zhen that day. It was entirely because he was too careless, and also because Ye Yuan's method was too unexpected.

Who could have thought that a True God Realm could actually control the Dao mark?

Thinking up to here, a hint of regret arose in Gongyang Lie's heart.

If he was a little more decisive back then and directly restrained Ye Yuan, there would not be so much trouble.

It was just that there was no regret medicine that could be eaten in this world.

Shaoyun nodded slightly and looked over towards Ye Yuan and said in a solemn voice, "Ye Yuan, this emperor is asking you; do you know your crime?"

Ye Yuan laughed loudly when he heard that and said, "Crime? *Hahaha*, I'm guilty! Of course I'm guilty!"

Shaoyun's brows furrowed slightly. A powerful pressure suddenly enveloped Ye Yuan.

This was not realm coercion, Shaoyun was genuinely enraged.

How horrifying was the world power of a Heavenly Emperor?

"Since you know your crime, why haven't you knelt?!"

Heavenly Emperor Shaoyun glared fiercely. A cold cry reverberated throughout the entire city akin to a clap of thunder.

Everyone's faces became fearful, looking at Ye Yuan rather sympathetically.

"A shame, Second Sage was overly conceited and insolent on account of his ability. Today, all of his dignity is going to be trampled underfoot by the Qilin Clan."

"Heavenly Emperor Second Sage is avenging Qi Zhen here, gaining back face for the Qilin Clan! That day, Second Sage killed Qi Zhen really refreshingly. But coming out, debts have to be repaid."

"*Humph!* This incident was caused by him. So now, he naturally has to bear the consequences himself! How powerful is the Qilin Clan? How can they allow humiliation?"

... ..

Quite a few people harbored the emotions of gloating over others' misfortune to watch the show, with their words full of mockery and cynicism.

However, a breath passed, Ye Yuan was there like he was completely fine as if he did not hear it.

Two breaths!

Three breaths!

Ye Yuan still stood there and did not have the slightest intention of kneeling.

Heavenly Emperor Shaoyun's pupils constricted, his eyes full of puzzlement.

Ye Yuan looked at him with a faint smile just like that, as if he was air.

The entire city was dead silent. Everyone looked at Ye Yuan in shock, their gazes full of incredulity.

Ye Yuan could actually be perfectly safe and sound under a Heavenly Emperor powerhouse's coercion?

"This emperor is asking you to kneel! Didn't you hear me!?"

Heavenly Emperor Shaoyun shouted angrily again. An even more powerful aura surged to the sky and directly crushed over towards Ye Yuan.

Clearly, Heavenly Emperor Shaoyun was already enraged.

A powerful Heavenly Emperor powerhouse actually could not do anything to a True God Realm. This was too disgraceful!

So this time, he pulled no punches.

"Puhwark!"

"Puhwark!"

"Puhwark!"

... ..

This time, even those Emphyreans could not withstand his pressure, all spewing fresh blood wildly.

The might of a Heavenly Emperor was too strong!

But Ye Yuan still stood there calmly without any reaction at all.

Heavenly Emperor Shaoyun's expression changed wildly. He looked at Ye Yuan with a look of astonishment, his gaze full of disbelief.

"This is not possible! Why can a mere True God Realm stand up against this emperor's move?"

"Hahaha ... your Qilin Clan is really awe-inspiring! Shaoyun, I'm indeed guilty! But, I'm an innocent man who got into trouble because of his wealth!"

Bang!

Ye Yuan turned his palm over, the Qilin emperor bone already in his hand. A powerful pressure of bloodline power enveloped the entire heaven and earth until it made people feel suffocated.

Unrivaled Medicine God

Chapter 2117: : Ruthless Face Slapping

Ye Yuan held the emperor bone in his hand and slowly walked out, his aura growing stronger and stronger.

The expressions of the Qilin Clan's powerhouses changed drastically.

They looked at Heavenly Emperor Shaoyun with incredible shock, their eyes full of disbelief.

Heavenly Emperor Shaoyun actually trembled incessantly under this bloodline pressure!

Furthermore, the closer Ye Yuan got, the fierce Heavenly Emperor Shaoyun's trembling!

"What Qilin Clan's face? What avenging Qi Zhen? It's all bullshit! Your true objective of coming here is this, right?" Ye Yuan said with a cold smile as he walked.

Seeing this scene, all of the demon race powerhouses felt shocked to the core.

Especially those Empyrean powerhouses, their eyeballs almost popped out.

The more one reached their realm, the more they knew the terror of Heavenly Emperor powerhouses.

However, a mere emperor bone could actually completely suppress a Heavenly Emperor powerhouse.

This was too terrifying!

"The Qilin Clan is really making a mighty show of power! You all sensed this treasure and then thought that this treasure is yours? Calling for me to hand it over time and again, you even want me to kowtow and beg for mercy?"

"Being taught a lesson by me, the young one failed, so the old man came. The old one failed and an even older one came! Made a bet with me, but reneged on it one-sidedly, and even wanted me to offer up the emperor bone, and to make apologies to the Qilin Clan!"

Ye Yuan walked step by step, saying a sentence with each step.

While talking, it carried the effect of the Voice of the Dragon God, the power immense.

The Voice of the Dragon God contained the effect of a divine soul attack.

Each of his words was affecting the judgment of the demons in the city.

"Your Qilin Clan is really tyrannical!"

"However, it's too bad! You're overbearing, I'll be even more domineering than you all!"

"Kneel down!"

Ye Yuan's voice was akin to thunder. It was as if it fell down from above the nine heavens.

At the same time, the Qilin emperor bone's bloodline pressure also reached the peak at this time.

The moment this voice landed, Heavenly Emperor Shaoyun actually could not withstand the pressure and directly knelt down in front of Ye Yuan in the air with a thud.

Behind him, Qi Chen and the rest of the Qilin Clan's Empyrean powerhouses all could not withstand this pressure and knelt down too.

The entire Qilin Clan was kneeling in front of a young man.

This young man seemed like a god.

A Heavenly Emperor kneeling, it was as if the void started trembling.

All the demon race powerhouses in the city were deathly silent.

Heavenly Emperor Shaoyun came in a threatening manner and was actually coerced into kneeling by Ye Yuan with a few sentences?

That ... That was a Heavenly Emperor powerhouse!

A Heavenly Emperor powerhouse was actually pressured into kneeling by a True God Realm martial artist?

Even if Ye Yuan borrowed the power of the emperor bone, being able to obtain the emperor bone's recognition, this was an inconceivable thing to begin with.

Whoever obtained the treasure, that treasure would naturally be a part of their strength.

Heavenly Emperor powerhouses were god-like existences in everyone's cognition.

Below Heavenly Emperor, even Empyrean powerhouses were like ants too.

If it was not something major, Heavenly Emperor powerhouses would not be walking around in the secular world at all. They overlooked the world in Heavenly Emperor Bodhimandas.

But now, an existence that they viewed as a god actually knelt down!

Heavenly Emperor Shaoyun's gaze stared fixedly at Ye Yuan, almost spewing fire.

A stifled breath was stuck in his chest, virtually making his entire body about to explode.

However, no matter how he struggled, he could not stand up from under this bloodline pressure at all.

This was trembling that originated from the soul!

In front of the emperor bone, he could not give birth to even the courage to resist.

At this very moment, Heavenly Emperor Shaoyun was like a wooden puppet that was strung up.

Although he was unbelievably awake, his body and soul did not listen to orders and were being suppressed by a mysterious power, making him only able to submit.

Beyond the rage, Heavenly Emperor Shaoyun had more shock.

He was the Qilin Clan's Heavenly Emperor to begin with and naturally would not be unfamiliar with Qilin emperor bones. Even the bones in his body could similarly be called emperor bone too.

However, when he was facing this emperor bone, it was like a child facing a giant.

At this time, inside the city, the Dragon Clan's powerhouses were also incomparably shocked.

What they were shocked at was not the Qilin emperor bone, but that Ye Yuan actually used the Voice of the Dragon God!

"It's actually the Voice of the Dragon God! Could it be that this boy even fused a true dragon bloodline? But even if he fused a true dragon bloodline, it's also impossible to use a secret art like the Voice of the Dragon God!" Long Zhi looked at the Ye Yuan in the sky and said with a doubtful look.

The Voice of the Dragon God was an extremely complicated dragon race secret technique. Disregarding that it was powerful, it was also famous for being difficult to train.

It was inconceivable to them that Ye Yuan could utilize the Voice of the Dragon God to such an extent.

As a Heavenly Emperor powerhouse, Long Zhi could naturally determine the strength of the Voice of the Dragon God.

If this roar of Ye Yuan's was aimed at ordinary martial artists, it could absolutely one-shot same rank powerhouses!

Even when facing a martial artist who was a minor realm higher, he would also be able to contend with them.

This kind of strength was absolutely not what fusing true dragon bloodline could explain.

Long Xiaochun also opened her mouth wide and said in surprise, "Goodness gracious! Ye Yuan is too incredible! That's a Heavenly Emperor powerhouse, but he actually directly made him kneel! Looks like he really don't need this young lady to take the stage anymore. But ... it feels really great! The Qilin Clan, that bunch of old things, this young lady is very displeased at the sight of them, see if they still dare to make a show of force!"

Long Zhi gave Long Xiaochun a glance and could not help rolling his eyes.

"Ye Yuan, you dare to humiliate this emperor! This emperor will definitely make you regret coming to this world!" Heavenly Emperor Shaoyun roared at Ye Yuan.

He came in a threatening manner and roared at Ye Yuan earlier, attempting to make Ye Yuan kneel down and ruthlessly slap Ye Yuan's face. In the end, Ye Yuan was completely fine.

But now, Ye Yuan's voice shook the entire world, pressuring him, a Heavenly Emperor powerhouse, and the entire Qilin Clan to kneel instead.

This face was really slapped resoundingly!

One time, two times, three times.

The Qilin Clan coming out of hiding this time, not only did they not exhibit their race's power, they instead had their faces repeatedly slapped by the same person.

This kind of thing, it was depressing just mentioning it.

Heavenly Emperor Shaoyun felt ashamed, and enraged, and could only use his roars to vent the repression in his heart.

"Hahaha ... your Qilin Clan is really jackals from the same lair! Even the lines are the same! Your words are identical as when Qi Zhen knelt down back then! However, this is what you all asked for yourselves! I, Ye Yuan, am not domineering like you guys. But if someone is being domineering on top of my head, then I'll be even more overbearing than you!" Ye Yuan said with a loud laugh.

Ever since coming to the Westspirit Region, the Qilin Clan had been arrogant and bossy in front of him time and again.

In the end, wasn't it still bullying him on the basis that his strength was weak and his realm was low?

But the Qilin Clan never dreamed that Ye Yuan had the emperor bone, this trump card, in his hands.

When facing the Qilin Clan, he was virtually set in an undefeatable position!

Now, even a Heavenly Emperor powerhouse knelt down.

Everyone was silent like cicadas in winter. The development of the matter already completely exceeded all of their expectations.

"Humph! How can my Qilin Clan's dignity allow you to provoke like this? Conceited child, hand over the emperor bone and prepare to die!"

Right at this time, a cold snort transmitted out of the void, carrying a majesty that did not tolerate profaning.

Chapter 2118: Unexpected Reinforcement

A young man dressed in white robes walked out of the void and slowly walked over toward Ye Yuan. He was actually not the least bit affected by the emperor bone.

"Qi Zixu!"

In the crowd, when Long Zhi saw this youth in white, his expression could not help changing.

Long Xiaochun looked towards Long Zhi with a curious face. She sensed dread from Long Zhi.

Clearly, this Qi Zixu was not ordinary.

Even a fool could also tell that this Qilin Clan's Heavenly Emperor powerhouse, who could actually resist the emperor bone's bloodline pressure, was naturally not an ordinary person.

Qi Shaoyun was still kneeling there right now!

“Ye Yuan is in trouble now. Heavenly Emperor Zixu is actually not afraid of the emperor bone’s pressure!” Long Xiaohai said with a worried look.

But Long Zhi shook his head and said, “Who said that he doesn’t fear the emperor bone’s pressure? If he isn’t afraid, he would have long smacked Ye Yuan to death with one slap!”

Long Xiaohai opened his mouth wide, his face astonished.

This emperor bone’s power truly exceeded imagination!

“It’s actually another Heavenly Emperor! Looks like this time, the Qilin Clan is being serious.”

“An innocent man gets into trouble because of his wealth. Second Sage really said it correctly! A mere Qi Zhen is nothing in front of this emperor bone.”

“When the Qilin Clan saw this emperor bone, how can they still resist!”

... ..

The demons in the city were all extremely frightened. The current situation already completely went out of control.

Even Gongyang Lie also looked at Heavenly Emperor Zixu stupidly, with a look of astonishment.

He did not think that the Qilin Clan actually even sent out Heavenly Emperor Zixu.

Similarly a Heavenly Emperor, Qi Shaoyun was trash in front of Qi Zixu.

At this time, Ye Yuan had a solemn look on his face. The matter already exceeded his control.

The Qilin Clan’s reaction was far stronger than he imagined.

He also detected that this Qi Zixu’s strength far surpassed Qi Shaoyun. His bloodline power was also unimaginably powerful, even the emperor bone also found it hard to control.

After all, no matter how strong the emperor bone was, it was just a bone too. It was impossible to be infinitely powerful, suppressing all of the Qilin Clan.

When the Qilin Clan’s members became powerful to a certain degree, they would naturally be able to shake off the bloodline pressure.

However, Ye Yuan could feel that this Qi Zixu did not find it easy.

He was just pretending to be calm. Actually, the pressure on his body was not the slightest bit least.

When Heavenly Emperor Shaoyun saw Heavenly Emperor Zixu, his face revealed a look of wild elation.

“Lord Zixu, you ... you came in the nick of time! This brat actually dared to humiliate our Qilin Clan! You have to kill him!” Qi Shaoyun glared at Ye Yuan and said with a look of grief and indignation.

Since making his first appearance in the world, no idea how many tens of thousands of years had passed.

A humiliation like today, he had never experienced it before.

There were countless demon race powerhouses below, but he was pressured by people until he was made to kneel under the watchful gazes of the people.

Heavenly Emperor Zixu nodded slightly, indicating that he got it.

His expression was calm, but actually, all of his body and mind were used to resist the emperor bone's pressure.

If not for seeing personally with his own eyes, it would also be very hard for him to believe that an emperor bone could actually have such horrifying bloodline pressure.

Under everyone's stares, Heavenly Emperor Zixu slowly walked in front of the emperor bone.

It was only to see him slowly reach a palm out. Blue fine threads crept out, climbing over toward the emperor bone like vines.

Very soon, the emperor bone was wrapped up by countless Dark marks.

Heavenly Emperor Shaoyun and the rest of the Qilin Clan's powerhouses only felt the pressure on their bodies lighten and they could actually stand up.

Ye Yuan's two eyes narrowed, attempting to urge the emperor bone to break free of the constraints of the Dao marks. But that power was too strong. With his strength, he was unable to affect it at all.

Heavenly Emperor Zixu looked at Ye Yuan as if he was looking at an ant and said coolly, "You don't need to waste your strength anymore. This emperor bone is owned by my Qilin Clan in the first place. Now, it can return to the rightful owner."

"*Hahaha*, return to the rightful owner? Your Qilin Clan is really as shameless as before! As the saying goes: a crooked stick will have a crooked shadow. No wonder Qi Yun and Qi Zhen those two people were so shameless," Ye Yuan said with a loud laugh.

This Qilin Clan's overbearing and shamelessness, Ye Yuan truly experienced it.

From top to bottom, the style was really unexpectedly the same!

Heavenly Emperor Zixu was totally indifferent and said coolly, "Are you very angry right now? But your fury can't resolve any problem. What you should be indignant about is your weakness. My Qilin Clan has stood proudly for endless ages. So how formidable is our strength? How can we allow you, a mere True God Realm, to act wildly? *Mn?*"

A cold snort, Ye Yuan seemed to have received an attack that weighed a heavy 30 thousand catties, causing his figure flying out backward, with fresh blood spurting wildly from his mouth.

Ye Yuan barely managed to stabilize his figure. But the moment he raised his head, Heavenly Emperor Zixu already arrived in front of him.

"Kneel down!"

Heavenly Emperor Zixu gave a low cry. Ye Yuan felt as if the sky had fallen down. Limitless power was forcefully crushing on his shoulders.

Ye Yuan's sweat instantly broke out, his bone emitting creaking sounds.

The muscles in his body already seeped out blackish-red bloodstains because of the powerful pressure. The situation was looking very grim.

But he stood up stubbornly.

On Ye Yuan's body, two powerful bloodline powers surged to the sky.

At the same time, the Chaos Heavenspan Canon revolved wildly, attempting to resist this pressure.

In addition, Ye Yuan unleashed spatial law continuously, guiding this power out.

Not reaching a last resort, Ye Yuan did not wish to utilize the Divine Vestige Space.

"Making me kneel? Not unless I die!" Ye Yuan gritted his teeth and said.

When Heavenly Emperor Zixu saw Ye Yuan unleash all of his means and actually barely managed to resist his pressure, this made him incredibly shocked.

He looked at Ye Yuan and nodded slightly as he said, "Spatial law, true dragon bloodline, Qilin bloodline! Your means are really quite a few! I have to admit that you're very outstanding. It's a shame that in front of this emperor, all these are merely in vain. Kneel down for this emperor!"

Bang!

An even more horrifying power enveloped down like it blotted out the skies and covered the earth.

Ye Yuan's vision went dark, and he actually almost really knelt down.

He knew that if he still did not deploy the Divine Vestige Space, he would definitely suffer humiliation today.

Just as his Divine Vestige Space was about to activate, a pure white figure suddenly appeared beside Ye Yuan, brandishing his fist and directly smashing over.

Bang!

Crack, crack, crack ...

Fine cracks actually appeared in the space around Ye Yuan.

In the end, it collapsed with a loud bang.

The pressure on Ye Yuan's body suddenly eased up and he actually regained freedom of movement.

The heavy pressure that Heavenly Emperor Zixu applied on him was actually smashed to dust by this punch.

He looked at that figure beside him with a surprised face, shocked speechless.

"Heh heh, this young lady said it before; I'm very amazing!" Long Xiaochun brandished her fist at Ye Yuan and gave a beaming smile.

Long Zhi was frightened until he nearly sat on the ground with a plot. He was speechless as he said, "Really damn it! When did this little lass run over!"

Long Xiaochun was clever and mischievous. He was negligent for a moment and she slipped away.

But at this time, he could not look on with folded arms anymore as well. He could only take a step out and arrive above the void.

Heavenly Emperor Zixu looked at Long Xiaochun coldly and said in a solemn voice, "Dragon race little girlie, do you think that this emperor doesn't dare to kill you?"

"If you dare to kill her, my Dragon Clan will completely break out into war with your Qilin Clan!" Long Zhi said coolly as he slowly walked over.

Chapter 2119: Mysterious Long Xiaochun

"Remember, if those Qilin Clan's old fellows come to find trouble with you, you just report my name: Long Xiaochun!"

This sentence echoed in Ye Yuan's mind.

Originally, Ye Yuan just took it as a joke. But looking at it now, it was not the case.

This girl's identity was very extraordinary!

Furthermore, what was the deal with that horrifying strange power just now?

Ye Yuan also did not expect that this little girl was actually already a rank seven powerhouse at a young age!

But even if it was a rank seven powerhouse, the power of that punch earlier was also too terrifying.

Heavenly Emperor Zixu looked at Long Zhi, his expression slightly dark as he said, "Is your Dragon Clan going to intervene in this matter? Since this emperor appeared here, you should know my clan's attitude. Is it worth it for a mere human True God Realm?"

Heavenly Emperors did not easily wade into the mortal world, let alone an existence like Heavenly Emperor Zixu?

Since Heavenly Emperor Zixu came, that represented that the Qilin Clan already regarded this matter very importantly.

If the Dragon Clan intervened in this matter, it would surely aggravate the Qilin Clan's upper echelon.

This was something to be very afraid of to the two clans.

Long Zhi was just about to speak, but he noticed Long Xiaochun put her hands by the side of her waist, and then she said, "*Humph!* Don't talk about whatever Dragon Clan, Qilin Clan, Today's matter, this young lady is butting in for sure! Ye Yuan is my good friend. So if you dare to touch him, this young lady will show you!"

Long Zhi cried bitterness in his heart, he wished to block this little girl's mouth.

This one in front of him was the Qilin Clan's Heavenly Emperor Zixu, a Third Firmament Heavenly Emperor horrifying existence!

This kind of powerhouse was a peerless powerhouse that could rule over a region.

With him coming, what it represented was the Qilin Clan's face and attitude.

Hence, that was why he would forcefully suppress Ye Yuan, attempting to gain back face for the Qilin Clan.

It was just a shame that just as he was about to succeed, Long Xiaochun suddenly popped out, making him fall short of success.

"Huhu, very good! Looks like your Dragon Clan thinks that my Qilin Clan is easy to bully! Since that's the case, don't blame this emperor for going on a killing spree!" Heavenly Emperor Zixu laughed from extreme fury when he heard that.

At the same time, the Heavenly Emperor's pressure on his body instantly covered the entire world akin to the thunderclouds in the sky.

The moment his world power released, heaven and earth changed colors.

The world power of a Third Firmament Heavenly Emperor was too strong!

Even Long Zhi's expression also became incomparably ugly, and he said in a solemn voice, "Lord Zixu, my Dragon Clan has no intention of intervening in this matter! Long Zhi will bring Xiaochun away right now."

At the same time, Long Xiaochun also put away the teasing look on her face and said seriously, "Uncle Zhi, I'm not going! Ye Yuan is my Long Xiaochun's friend! I, Long Xiaochun, won't abandon my friend! If you dare to forcefully bring me away, I'll cry for you to see!"

Although the current sight was incomparably serious, the numerous demon race powerhouses in the city were still tickled by Long Xiaochun.

Ye Yuan also found it funny, this lass' way of blackmailing people was also too unique, right?

Looks like it was really a little princess!

But Long Zhi's face revealed an incomparably serious expression.

"Don't, don't, don't! My great-grandaunt, you mustn't cry! Sigh, I really can't do anything about you!"

Long Zhi sighed slightly and turned to Heavenly Emperor Zixu and said, "Lord Zixu, this matter ... your esteemed clan please lift your hand high in mercy and let this little brother off. As for Xiaochun, you can't afford to provoke her. Better withdraw. Otherwise ... you'd be the chief culprit of launching a divine war!"

The moment 'divine war' two words came out, everyone's faces changed drastically.

These two words represented destruction!

“Divine war, that’s the tangled warfare of late-stage Heavenly Emperor powerhouses! With these two clans’ strength, there might even be Transcendent Heavenly Emperors taking part. At that time, the entire pseudo world will probably be collapsed, right?”

“Divine war! Who on earth is this little lass? The Dragon Clan actually won’t scruple to launch a divine war for her?”

“Maybe it is just to scare people, right? That Dragon Clan’s Heavenly Emperor wants to use these two words to scare away Heavenly Emperor Zixu?”

... ..

The power of Heavenly Emperor powerhouses was too terrifying, especially late-stage Heavenly Emperor powerhouses. With every movement and action, they had the power to destroy heaven and obliterate the earth.

Back then when Ye Yuan used the Heaven Shocking Lightning, the strike of a Heavenly Emperor directly leveled a radius of ten thousand miles to the ground.

Jiu Luo Ji that was several tens of thousands of miles away also suffered a powerful secondary impact.

That kind of power was really too frightening.

Once a divine war was launched, it would surely be fought until the sky was rent asunder and the earth split open and the people plunged into misery and suffering.

It was also precisely so that Heavenly Emperor powerhouses would maintain relative restraint and not easily enter the mundane world, and only move around in the Heavenly Emperor Bodhimanda that they opened up.

Now, Long Zhi actually said that the Dragon Clan was going to launch a divine war for this little girl!

By the side, Ye Yuan observed with cool detachment, but monstrous waves already set off in his heart.

He felt that Long Xiaochun’s threat was only joking around just now, but looking at it now, it was not ordinary!

Long Xiaochun definitely had an extremely important position in the Dragon Clan.

He did not expect that this artless and childlike little girl was actually so unfathomable.

Even Heavenly Emperor Zixu was also stunned by Long Zhi’s words.

Qi Zhen’s status in the Qilin Clan was indeed extremely high, but it also did not reach the extent of launching a divine war.

The Qilin Clan sending him this time, more importantly, it was still for the sake of obtaining the emperor bone.

But this unassuming little lass actually had such an important status?

Kill? Or not to kill?

Heavenly Emperor Zixu actually fell into hesitation.

After all, the significance of 'divine war', these two words, was exceptional.

Once the Dragon Clan and Qilin Clan started a divine war, it would probably engulf the entire Demon Divine Region.

With the two clans' strength, the casualties would definitely be very tragic.

Arriving in the mortal world, he was a supreme Heavenly Emperor hegemon.

But in front of the two clans' top major powers, he was still inadequate to look at.

He could not shoulder 'divine war' two words!

Heavenly Emperor Zixu was not worried that Long Zhi was lying. No Heavenly Emperor powerhouse dared to use divine war, this kind of word, to threaten the other party.

Furthermore, looking at the clues and inkings, Long Xiaochun this little girl seemed to really be exceptional.

"Forget it, looking on the account of the Dragon Clan, I'll spare your dog life! But you have to be more careful. Maybe some day, my Qilin Clan will come and take your life. You don't be so lucky every time," Heavenly Emperor Zixu finally heaved a sigh and looked at Ye Yuan as he said coolly.

Everyone looked at the sky in disbelief. Heavenly Emperor Zixu actually gave up just like that.

With Heavenly Emperor Zixu leaving, it would also be equivalent to Ye Yuan slapping their faces for nothing. The Qilin Clan was considered to have swallowed the insult and humiliation silently.

With the Qilin Clan's pride, they were actually able to stomach this insult.

It seemed like the deterrence of 'divine war' two words was really huge!

Long Zhi also let out a slight sigh in relief but shot Long Xiaochun a fierce glare. The latter rolled her eyes and turned her head around, completely ignoring him.

When Long Zhi saw the situation, he could not help feeling stifled.

Heavenly Emperor Zixu turned around and arrived beside the emperor bone.

But right at this time, there was a ripple in the void. A figure stepped out of the void first and grabbed the emperor bone.

"Dao mark! You can actually control Dao mark!"

Heavenly Emperor Zixu's eyes turned cold and he said in a solemn voice, "*Humph!* This emperor already spared your life, but you actually still want to take away the emperor bone?"

Chapter 2120: You Knew That I Was Around?

Apart from Gongyang Lie who did not feel surprised, the pupils of the other Heavenly Emperor powerhouses shrunk. They were clearly stunned by this scene just now.

A True God Realm powerhouse grasping Dao mark, this kind of thing was unheard of.

Ye Yuan actually used Dao mark to break Heavenly Emperor Zixu's restrains, this was simply inconceivable.

But very soon, each and every one of them shook their heads and sighed.

This Ye Yuan was really courting death!

Even if he grasped Dao mark, the two people's strengths were not on the same level at all.

Ye Yuan's eyes were icy-cold as he said, "Mine means it's mine! Want to bring away the emperor bone? Not unless you step on my corpse!"

Ye Yuan could be said to have experienced a thousand hardships to obtain the emperor bone.

Obtaining the emperor bone, Ye Yuan was equivalent to the emperor bone's master. He absolutely did not allow others to take the emperor bone away.

Even if the emperor bone was taken away by the Qilin Clan, it would also be impossible for them to obtain the emperor bone's recognition.

"Huhu, you think that with the Dragon Clan protecting you, this emperor really doesn't dare to kill you?"

Heavenly Emperor Zixu's fury that had just calmed down rose up once more.

This kid was simply ignorant.

He turned to Long Zhi and said in a solemn voice, "Long Zhi, this emperor has already given your Dragon Clan face! If you guys dare to stop again, don't blame this emperor for being ruthless!"

Long Xiaochun was just about to speak when she heard that, but how could Long Zhi give her the chance? He directly made a move and imprisoned her.

"Let me go! Uncle Zhi, still not letting go, I'm going to cry!" Long Xiaochun screamed.

Long Zhi casually pointed a finger, Long Xiaochun's eyes rolled back and actually fainted.

Long Zhi carried the unconscious Long Xiaochun and said coolly, "Lord Zixu rest assured, Long Zhi won't stop you again."

Similarly a Heavenly Emperor powerhouse, Long Zhi was very clear that the dignity of a Heavenly Emperor could not be violated.

Today, for Long Xiaochun's sake, Heavenly Emperor Zixu already put down his dignity and did not stoop to her level.

But if they reached for a yard after taking an inch, no one could bear the fury of a Heavenly Emperor.

The term divine war could indeed threaten Heavenly Emperor Zixu, but it was also impossible to make a Heavenly Emperor give in limitlessly.

For the sake of not letting Long Xiaochun mess around, Long Zhi could only knock her out.

Indeed, launching a divine war for a True God Realm was not worth it!

Even though Long Zhi was very curious about Ye Yuan, this curiosity was not enough to let him protect Ye Yuan to death.

Heavenly Emperor Zixu nodded slightly, turned to Ye Yuan, and said with a cold smile, "Heaven has a path, but you refuse to walk! Hell has no gate, yet you want to barge inside! Now, nobody can save you from up in the heavens to down below the earth!"

"Who said that nobody can save him?"

Just as Heavenly Emperor Zixu's aura surged to the sky, a man in a blue garment slowly walked out of the void with his hands behind his back, blocking in front of Ye Yuan.

The arrival was a middle-aged man with a long flowing beard, his complexion rosy akin to Marquis Guan Yu[1].

The middle-aged man with a flowing beard looked very ordinary, just like a mortal. But Heavenly Emperor Zixu's facial expression was an unprecedented solemnness.

Seeing this middle-aged man in blue, Heavenly Emperor Zixu was akin to facing a great enemy as he said in a deep voice, "Who is your esteemed self? Could it be that you also want to butt into my Qilin Clan's affairs?"

With his strength, he actually could not see through the blue-clothed man's depths.

Ye Yuan looked at the back view of the man in blue and said coldly, "You finally came out!"

The man in blue ignored Heavenly Emperor Zixu, but he turned his head and said with surprise, "You knew that I was around?"

Ye Yuan shook his head and said, "I didn't know, but I could feel that there was someone watching here!"

The man in blue was slightly taken aback and said with a nod, "No wonder Master conferred you Second Sage. The title of Second Sage is fully deserving."

The moment these words came out, everyone broke out into a commotion.

The pupils of the few great Heavenly Emperors also shrunk, their gazes revealing astonishment.

Who was the person who conferred Ye Yuan as Second Sage?

Sacred Ancestor High Priest!

This man in blue actually called Sacred Ancestor High Priest as his master. Then his status was already almost certain!

Sacred Ancestor High Priest's 11 disciples, each one was an earth-shaking great figure.

Even the weakest High Priest Redplume was a late-stage Heavenly Emperor peerless powerhouse.

This one in front of them was clearly not High Priest Redplume; otherwise, Gongyang Lie would not have no reaction at all.

Then who was this person?

Even Ye Yuan's icy-cold eyes also shrunk slightly.

He had long felt that someone was watching here. Furthermore, this aura, he had a very familiar feeling.

Hence, that was why he risked his life and also had to snatch the emperor bone back.

Giving the emperor bone to others with both hands was not his, Ye Yuan's, style.

It was just that he also did not expect that Sacred Ancestor High Priest actually sent his own disciple over personally!

The entire incident was started by Qi Zhen. With the unexpected turn of events until now, several Heavenly Emperor powerhouses showed themselves.

In the end, it actually startled Sacred Ancestor High Priest!

Gongyang Lie had also never seen before the man in blue. But his status was high above, so Gongyang Lie had clearly heard about him before.

From the clues and inklings, he determined the identity of the man in blue and hurriedly bowed in salute and said, "Could Your Excellency be ... High Priest Stardrive?"

The man in blue looked towards him and said coolly, "That's right. It's precisely this venerable."

"It's actually High Priest Stardrive! That's Sacred Ancestor High Priest's seventh disciple! His status is even above High Priest Redplume's!"

"I didn't expect it! Really didn't expect it! I can actually see High Priest Stardrive's true self one day!"

"Looks like we all underestimated Sacred Ancestor High Priest's resolve!"

... ..

All the demon race powerhouses in the city had devout looks, looking at the High Priest Stardrive above the void.

Sacred Ancestor High Priest was a paramount existence, his disciples similarly enjoyed the worship of the demon race powerhouses.

Their lineage created countless powerhouses for the demon race and also let the demon race be able to stand tall in the Heavenspan World.

This man in blue was precisely Ji Mo who was always by Sacred Ancestor High Priest's side. He was known as High Priest Stardrive.

It was just that the name Ji Mo, extremely few people knew of it.

Gongyang Lie had a look of astonishment, and he slowly knelt down and said, "Old Servant Gongyang Lie, offer greetings to High Priest Stardrive!"

Ji Mo gave a cold snort and directly pointed a finger out.

Bang!

Gongyang Lie's figure flew out backward, spurting out a mouthful of blood with a cough.

But he hurriedly crawled up and knelt back down.

Ji Mo said coolly, "Crippled ten thousand years of your cultivation and imprisonment for 5000 years of confinement! Go!"

Gongyang Lie's complexion was deathly pale as he prostrated deeply and said, "Thank Lord Stardrive's kindness of not killing!"

He smiled ruefully to no end in his heart.

He thought that Second Sage was merely conveniently set by Sacred Ancestor High Priest. What did a mere True God Realm count for?

But he severely underestimated Ye Yuan's status in Sacred Ancestor High Priest's heart!

High Priest Stardrive arriving here was absolutely not representing himself, but he was actually representing Sacred Ancestor High Priest!

Sending High Priest Stardrive over, the significance was extraordinary.

That was virtually equivalent to Sacred Ancestor High Priest arriving in person!

Everyone opened their eyes wide, looking at this scene in disbelief.

Similarly a Heavenly Emperor powerhouse, Gongyang Lie was simply like an ant in front of High Priest Stardrive!

Crippled your cultivation and confined you, you still had to thank the Lord for his kindness!

But everyone understood in their hearts that High Priest Stardrive was enraged because Gongyang Lie offended Ye Yuan.

The Qilin Clan bore down upon the borders with a great army, but not only Gongyang Lie did not protect Second Sage, he also actually even took the initiative to hand over Second Sage. He already committed a severe offense.
