#### Chapter 2171: : Stomping Heavens Chosen Underfoot!

The heavenly emperor powerhouses were long already motionless. Their reaction was sufficient to prove how great the shock that Long Yuan's strength brought to them was.

Long Tianyu stroked his beard and said with a smile, "You guys are also looking down on Long Yuan too much. This isn't his true strength. However ... using it to deal with Ye Yuan is sufficient."

"W-What? This still isn't all of his strength?" When Long Zifeng heard this, his eyeballs almost popped out.

Divine Lightning Devastation, without heaven-defying talent, there was simply no way to awaken it.

But Long Tianyu said that this was still not Long Yuan's true strength.

Then how horrifying was this guy's true strength?

The group of heavenly emperors could not help but somewhat start having doubts about life.

Long Tianyu had a smug look and said with a faint smile, "Long Yuan is my Heavenly Dragon Stronghold's most talented Son of the Heavenly Dragon in this one million years, not one of! His talent can be ranked even when looking at the entire Dragon Clan! In the future, it's virtually a sure bet for him to become a Transcendent Heavenly Emperor!"

All of the heavenly emperors were speechless. Originally they thought that Ye Yuan could become a black horse in the Battle of Dragon Sons this time, or even pose a threat to Long Yuan.

But looking at it now, everyone was thinking too much.

Ye Yuan's talent was not even worthy of carrying Long Yuan's shoes!

So what if Atavism Dragon Soul? So what if perfect seventh transformation?

The dragon race's strongest talent was still bloodline power, still innate divine abilities!

Morningstar nodded slightly, revealing a look of approval. Clearly, he was very satisfied with Long Yuan.

This time, even Long Xiaochun did not dare to speak out and shoot Long Tianyu anymore. Because she was also somewhat in doubt about whether Ye Yuan could withstand such a terrifying lightning sea anymore.

... ..

In the midst of the endless lightning sea, Long Yuan stood proudly.

"Now, do you know the disparity between you and me? A thousand years later, you simply won't be able to imagine my realm! Didn't even comprehend innate divine abilities, just the likes of a trash like you also dare to talk wildly about talent?" Long Yuan said with a disdainful look.

Ye Yuan had no joy nor sorrow on his face and said calmly, "Who told you that I didn't comprehend an innate divine ability?"

Long Yuan's expression changed, but then he saw the bloodline pressure on Ye Yuan's body suddenly erupt.

That imposing momentum was actually not much weaker than him.

The spirit of a true dragon transformed into an enormous dragon and revolved around Ye Yuan, it was actually like a living thing!

An aura that came from great antiquity made the entire lightning sea start trembling.

That boundless dipper lightning that drove the heavens actually seemed to have intelligence, not daring to approach Ye Yuan.

Long Yuan's expression changed wildly, looking at Ye Yuan in disbelief.

"That ... What kind of innate divine ability is that? Why have I never seen it before?" Long Zifeng cried out in surprise.

Not just him, all of the heavenly emperors had blank looks on their faces.

Clearly, they all had not seen Ye Yuan's innate divine ability before.

Only the light in Morningstar's eyes grew brighter and brighter!

"Heretic Dragon Dominating Space! How long has it been since anyone in my Dragon Clan has awakened it!" Morningstar said with an emotional sigh.

Long Xiaochun seemed to understand and not understand and asked doubtfully, "Heretic Dragon Dominating Space? It sounds like it's very badass. Is it very impressive?"

"Heretic Dragon Dominating Space! It's actually Heretic Dragon Dominating Space! This ... This wouldn't be the legendary innate divine ability, right?" Long Zifeng trembled all over and cried out in surprise.

"My God! The first innate divine ability that this fellow awakened is actually Heretic Dragon Dominating Space?" A Heavenly Emperor cried out strangely.

"I ... I take back my words before. These two people are both monsters!"

There was an uproar among the heavenly emperors, being stunned by the scene before their eyes.

Only Long Tianyu's expression looked somewhat unnatural.

Morningstar nodded and replied Long Xiaochun: "A very impressive innate divine ability! Our dragon race is a species that Heaven looks after, with our bloodline containing the power of Heavenly Dao. Therefore, the innate divine abilities that we awaken are extremely powerful. However, Dragon Tyrannical Evanescent Slaughter, this level of innate divine ability, compared to Heretic Dragon Dominating Space, is far too lacking! Even Divine Lightning Devastation is also a magnitude weaker compared to Heretic Dragon Dominating Space!"

“Heretic Dragon Dominating Space is an innate divine ability that contains spatial law, bringing the might of heaven and earth, the power being unimaginable. More importantly, this innate divine ability, it’s already been at least ten million years since anyone has awakened it in my Dragon Clan!”

Long Xiaochun sucked in a breath and cried out in surprise, “So incredible? Ye Yuan’s spatial law is very formidable. No wonder he can awaken this innate divine ability.”

Morningstar said in surprise, “So that’s how it is, no wonder! The awakening of our Dragon Clan’s innate divine abilities is actually closely related to the inclinations of our bloodline. In Long Yuan’s bloodline, lightning-attribute laws are the most lively, so he awakened Divine Lightning Devastation. But wanting to awaken Heretic Dragon Dominating Space can’t be accomplished by merely having slight knowledge about spatial law. It looks like Ye Yuan’s spatial law is at least rank six and above!”

Hearing Morningstar’s analysis, the group of heavenly emperors was dumbfounded.

Witnessing Long Yuan’s talent earlier, each and every one of them was incredibly shocked and immediately cast Ye Yuan aside like a pair of worn-out shoes.

They did not think that in a blink of an eye, the talent that Ye Yuan displayed immediately overshadowed Long Yuan.

They naturally did not know that Ye Yuan broke through rank seven at the same time with his perfect seventh transformation plus essence, energy, and spirit three paths.

Under such a stimulation, awakening a formidable innate divine ability was merely ordinary!

These two people’s talents already completely exceeded the heavenly emperors’ expectations.

Just as the group of heavenly emperors was in shock, Long Yuan and Ye Yuan two people were dealing blow for blow and already reached a white-hot stage.

Long Yuan saw that the situation was not good, it was naturally impossible to give Ye Yuan another chance to display his innate divine ability.

“Lightning punishment! Obliterate for me!”

It was only to see him shake a finger, hundreds and thousands of wrist-thick blots of dipper lightning that drove the heavens suddenly fell down from the void.

Long Yuan was akin to a sovereign who controlled divine lightning, his momentum unstoppable.

Amidst the endless lightning sea, an enormous circular-shaped aura seemed to be like another world.

Ye Yuan was situated inside. Suddenly, he took a step out!

*“Roar!”*

The spirit of the true dragon gave an astonishing roar. Dragon claw virtually synchronizing with Ye Yuan, it stepped onto the void.

*Bang!*

This step, the entire heaven and earth trembled!

The space of the Mist Battlefield seemed to have been trampled into pieces.

Those hundreds and thousands of bolts of dipper lightning that drove the heavens were actually forcefully scattered away by the power of this stamp!

Long Yuan only felt a sweetness in his throat, a mouthful of blood mist spraying out wildly, already sustaining heavy injuries.

The lightning sea dissipated, the true dragon vanished.

Everything returned to tranquility.

Ye Yuan stood in the air, but swapped positions with Long Yuan, looking down from above.

Under this stomp, it trampled all of Long Yuan's pride to smithereens!

"This is your so-called talent? So-called pride? Very ordinary! Wonder if I have the qualifications to talk about a thousand years later now?" Ye Yuan said coolly.

Long Yuan's eyes were full of unwillingness. He had always thought that he was the Dragon Clan's junior generation's strongest genius.

In Heavenly Dragon Stronghold, he had never encountered a match before.

His pride was higher than the heavens.

But today, somebody actually trampled all of his pride underfoot.

He was unwilling!

He was unresigned!

All of a sudden, the Heavenly Dragon Mark on Long Yuan's forehead seemed to burn like a cluster of fire!

Ye Yuan's brows raised up slightly, a little surprised.

At the outside world, the group of heavenly emperors cried out in surprise one after another.

Long Yuan awakened a second time!

### [Unrivaled Medicine God](#)

#### **Chapter 2172: Long Yuans True Trump Card!**

"Second awakening! Long Yuan awakened a second time! *Hahaha* ... really have to thank Ye Yuan. If not for his stimulation, it would really not be so easy for Long Yuan to want to awaken a second time."

Long Tianyu could not resist letting out a burst of loud laughter when he saw the Long Yuan on the light screen.

To a Son of the Heavenly Dragon, the stronger the bloodline, the harder it was to awaken.

Long Yuan's bloodline could be said to be the strongest existence among the group of Sons of the Heavenly Dragon.

Him being able to awaken once in itself already illustrated that his talent was astonishing.

But wanting to awaken a second time, even if he refined numerous dragon origin crystals, he might not be able to accomplish it too.

However, under Ye Yuan's powerful pressure, Long Yuan's Heavenly Dragon Mark actually awakened a second time.

First awakening, bloodline rose sharply by ten times!

Under the augmentation of bloodline, the advancement of the Son of the Heavenly Dragon was all-round.

Long Zifeng also said in surprise, "I didn't expect that Ye Yuan is peerlessly talented, but then at the end he actually became a wedding gown for Long Yuan! Looks like the Battle of Dragon Sons this time, it's still Long Yuan who wins by a notch in the end!"

A Heavenly Emperor said, "A shame! With Ye Yuan's potential, if given time, his achievements might not be beneath Long Yuan's. It's just that ... Long Yuan awakened a second time, he probably wouldn't let him off."

... ..

In the Mist Battlefield, Long Yuan's vital energy surged to the sky.

The bloodline pressure that suffused the air was significantly stronger than before.

Ye Yuan looked at this scene rather interestedly and did not interrupt the other party in fluster and exasperation.

"*Hahaha* ... Ye Yuan, really got to thank you! If not for you, I still wouldn't know when my second awakening would have to wait until!" Long Yuan said with a wild laugh.

At this very moment, Long Yuan felt unprecedentedly well, feeling that he was unprecedentedly powerful.

His bloodline power was extremely strong in the first place. Now that it awakened a second time, it soared wildly by ten times.

This kind of increment was sufficient to insta-kill everything to a genius like him!

"You're welcome. Honestly speaking, your bit of strength previously wasn't enough for me to warm up yet. Hope that you don't disappoint me this time," Ye Yuan said with a faint smile.

Provoking!

Blatant provocation!

Even if your strength skyrocketed, I'll still look down on you!

Long Yuan's eyes narrowed and he said in a solemn voice, "Very well! I'll let you understand how serious the consequences of provoking me is!"

Ye Yuan nodded slightly and said coolly, "I'm waiting."

Long Yuan was triggered by Ye Yuan's nonchalant attitude until he was going crazy.

He stared at Ye Yuan coldly and said, "You must think that Divine Lightning Devastation is my limit, right? Let me tell you. Unfortunately for you, I already comprehended the third innate divine ability before my second awakening! After the second awakening, the power of innate divine abilities skyrockets by ten times! I want to see what you'll use to block!"

"Watch closely! Five Elements Divine Punishment Heavenly Lightning!"

Lightning sea again!

But this time, it was vastly different from that time before.

The taste of five elements law pervaded the air.

Five-colored lightning interweaved and fluctuated above the void. It was as if it was a dreamland, beautiful and luscious.

A grand sight!

But behind this magnificent scenery, it contained tremendous danger.

Seeing this Five Elements Divine Punishment Heavenly Lightning, Ye Yuan could not help thinking of the Greater Five Elements Heavenly Tribulation that he had once transcended in the Immortal Grove World.

It was just that Long Yuan's innate divine ability was no idea how many levels higher compared to that Greater Five Elements Heavenly Tribulation.

Five elements heavenly lightning concealed above the ninth heaven, shocking the world!

At the outside world was boiling over with excitement long ago.

"This kid ... actually comprehended a third innate divine ability!"

"Five Elements Divine Punishment Heavenly Lightning! This innate divine ability can be said to be the strongest lightning-attribute! It's said that when cultivated to the extreme, it can virtually stand on par with Lightning Ancestor!"

"Truly broadened my horizons today! These two great geniuses are truly each more astonishing than the other!"

... ..

Although they were all Heavenly Emperor powerhouses, in front of Sons of the Heavenly Dragon, especially in front of Sons of the Heavenly Dragon like Long Yuan and Ye Yuan, they were nothing at all.

As long as they stepped into the realm of Heavenly Emperor in the future, they could one-shot them with one hand.

This kind of genius, they were the true major power candidates.

As long as them had sufficient time, they would be able to make the entire Heavenspan World trembled!

Five Elements Divine Punishment Heavenly Lightning was one of the Dragon Clan's strongest innate divine abilities. It virtually represented the limits of lightning-attribute laws.

Following the increase in Long Yuan's strength, the power of this innate divine ability would grow with each passing day.

After Long Yuan reached the realm of Transcendent Heavenly Emperor, its power would be extremely terrifying.

If the Lightning Ancestor did not emerge, who could contend?!

Even Morningstar also stood up agitatedly, looking at that high and mighty figure on the light screen with a look of pleasant surprise.

*"Hahaha ... really didn't expect that such a great talent actually appeared in the Battle of Dragon Sons this time! My Dragon Clan shall descend upon Heavenspan World and make the world tremble! Tianyu, you hid from this emperor so bitterly!"* Morningstar said agitatedly.

Long Tianyu was clearly in the know long ago. The smugness on his face currently could not be concealed no matter what.

*"Heh heh, Lord Morningstar, it wasn't that Tianyu had the intention of hiding it. Originally, I thought that Long Yuan wouldn't use this final move. I didn't expect that it was actually forced out by Ye Yuan. It's Long Yuan who decided to tell you after the Battle of Dragon Sons!"* Long Tianyu said with a smile.

The other heavenly emperors had envious looks on their faces. Toward such a genius that was hard to come by in a million years, who did not want?

As the saying went, When one man attained Dao, his fowls and dogs ascended to heaven too.

When Long Yuan entered Heavenly Dragon Mountain in the future, Heavenly Dragon Stronghold's strength would definitely scale new heights.

The disparity would grow bigger and bigger.

Long Xiaochun pursed her mouth at one side, clearly very unhappy with Morningstar's performance.

He was still very optimistic about Ye Yuan just now. In a blink of an eye, he leaned toward Long Yuan again.

... ..

Electric current revolved around Long Yuan, his body emitting an extremely horrifying aura.

Five Elements Divine Punishment Heavenly Lightning was an extremely formidable innate divine ability in the first place. Its power was even a notch stronger than Heretic Dragon Dominating Space.

Now, he awakened a second time. It could be seen how powerful this innate divine ability was.

He looked at Ye Yuan as if looking at a dead person.

“Tremble! To be able to die under the divine punishment, you can be sufficiently proud! Five Elements Heavenly Lightning, Divine Punishment!”

A hint of cruelty flashed across the corners of Long Yuan’s mouth, akin to the Heavenly Dao which ruled the world, deciding Ye Yuan’s life and death.

Only to see him reach his hand out and beckon, lightning snakes that filled the sky ran wild like a host of demons dancing in riotous revelry, galloping towards Ye Yuan.

At this very moment, even if Ye Yuan used Heretic Dragon Dominating Space this move, it would be totally impossible to salvage the deteriorating situation too.

“Ye Yuan!” Long Xiaochun’s face turned white as she cried out in surprise.

Although she could not feel the power of Five Elements Divine Punishment Heavenly Lightning. just based on the frenzied scene on the light screen, Long Xiaochun could determine just how perilous Ye Yuan was at this moment.

Morningstar sighed slightly. In his view, Ye Yuan would definitely die without a doubt under the Five Elements Divine Punishment Heavenly Lightning.

At this moment, everyone sentenced Ye Yuan to the death penalty.

One awakened a second time, one did not awaken.

This enormous gap made people unable to find any excuse at all to feel that Ye Yuan had a chance to escape with his life.

However, from start until now, Ye Yuan never moved all along. He did not even release an innate divine ability to face the enemy.

However, just as the endless lightning was about to engulf him, Ye Yuan’s lips moved!

Yes!

What moved was only his lips.

### [Unrivaled Medicine God](#)

#### **Chapter 2173: Your Realm is Unimaginable!**

“Immobilize!”

Ye Yuan’s mouth lightly spat out a word.

The next second, the entire world was frozen!

The resplendent lightning snakes, five-colored lightning, dancing fog, including Long Yuan, everything and everything, was frozen!

The entire world was like a painting, being completely still!

Those crazily dancing five-colored lightning snakes, all of them stopped on top of Ye Yuan’s head.

Just like a kind of liquid that suddenly met with extreme cold, instantly being frozen.

This scene was incomparably bizarre.

Time, space, was seemingly completely frozen.

Suddenly, a hint of disharmony flashed past in the painting.

Somebody moved!

It was Ye Yuan!

Only to see him take a step out, his figure instantly crossing a distance of thousands of feet, arriving in front of Long Yuan.

*Bang!*

Without the slightest hesitation, Ye Yuan's punch slammed onto Long Yuan's face, directly blasting him flying.

At this time, a breath had just passed.

Time seemed to flow once more. The fog moved along with the wind once again.

However, that endless lightning sea dissipated with a loud bang, as if it had never appeared before.

Five Elements Divine Punishment Heavenly Lightning was broken!

At the outside world, all of the heavenly emperors' thoughts were seemingly frozen by Ye Yuan's one 'immobilize' word.

Of course, it was not that they were really immobilized, but that they were completely shocked by what happened on the light screen, resulting in forgetting to think.

All the way until a breath later did their thoughts similarly recover and move!

"W-What happened just now? Why do I feel like the entire mist world turned static?"

"Five Elements Divine Punishment Heavenly Lightning was broken just like this?"

"Could ... Could it be ..."

At this time, Morningstar slowly nodded his head, his eyes full of astonishment as he said, "Time Freeze! Which is also ... immobilization art!"

The moment these words came out, the platform immediately burst into an uproar.

All of the heavenly emperors' faces were full of a crazed look.

"That's impossible! Time Freeze, this is one of the dragon race's strongest innate divine abilities, capable of making it completely still within a certain range! He ... He just broke through to Empyrean Realm and didn't even awaken the Heavenly Dragon Mark. But then he comprehended this mighty divine ability?" Long Tianyu shouted shrilly.

Just a breath ago, he was still sentencing Ye Yuan to death, thinking that Ye Yuan was dead without a doubt.

After a breath later, Ye Yuan used the art of Time Freeze and slapped his face.

Of course, it also slapped everyone's faces.

Everyone did not expect, and it was also impossible to expect that Ye Yuan actually grasped this astonishing divine ability.

One breath!

Very short!

Very very short!

Fleeting!

But this one breath was enough for Ye Yuan to do too many things!

Such as, breaking the Five Elements Divine Punishment Heavenly Lightning with one punch!

Powerful until the Five Elements Divine Punishment Heavenly Lightning which shocked all of the heavenly emperors was broken by Ye Yuan just like that.

"Time Freeze! Legends say that that's a mighty divine ability that only the progenitor knows. It can be said to be a paramount divine ability among innate divine abilities! It ... It was actually grasped by him?" Long Zifeng already did not know what he should say.

Apart from shock, it was extreme astonishment!

The talent that Ye Yuan displayed already rendered them thoroughly speechless.

Was Long Yuan's talent very strong?

Yes!

But Long Yuan's talent was completely not worth mentioning in front of Ye Yuan!

That was the distance between a firefly and the bright moon!

If everyone was still immersing in the elation of obtaining a genius at the beginning, now, they even had a trace of fear.

When a person's talent surpassed everyone's understanding, he would be viewed as monstrous!

That was an aberrant lifeform!

The current Ye Yuan was an aberrant lifeform in the eyes of the group of heavenly emperors!

Morningstar sighed lightly and slowly said, "We all underestimated Ye Yuan! Being able to be bestowed a Heavenly Dragon Mark by a major power in the clan, how could Ye Yuan be ordinary? It's just that this emperor also didn't expect that he could even comprehend Time Freeze, this kind of mighty divine ability!"

... ..

In the Mist Battlefield, Long Yuan looked at Ye Yuan with a look of horror.

Just now, he thought that Ye Yuan was dead for sure.

Suddenly in an instant, a strange power suddenly appeared, thoroughly binding him.

In the eyes, the world was completely still!

He struggled desperately, wanting to break free of this strange power.

But, everything was futile.

Whatever Heavenly Dragon Mark, whatever Five Elements Divine Punishment Heavenly Lightning, in front of this strange power, it was not worth mentioning at all.

That feeling was seemingly like he was facing Heavenly Dao.

Insignificant!

He just felt that he was too insignificant!

Then, he was wrecked.

“Time Freeze! This is Time Freeze! You ... How can you possibly comprehend this innate divine ability? This isn’t possible! This is impossible!” Long Yuan said with a look of shock.

Ye Yuan’s mouth curled and he said coolly, “You can’t do it, but doesn’t mean that others can’t do it. There’s nothing impossible in this world. It’s just that with your realm, you’re unable to imagine it. That’s all!”

Long Yuan’s entire body trembled, his eyes full of decadence.

He praised himself to be the Dragon Clan’s number one genius in one million ears and could show disdain for the world.

Comprehending the Five Elements Divine Punishment Heavenly Lightning, he was once pleased with himself, thinking that no one could do it anymore.

But, the height that Ye Yuan was standing at was far beyond his reach!

“Impossible! I’m a genuine dragon! How can I possibly be inferior to you, this half-human, half-dragon, lowly life-form? Five Elements Divine Punishment Heavenly Lightning, annihilate for me!”

Long Yuan suddenly launched an attack. Horrifying five-colored lightning fell from the sky, falling straight down.

The pride in his chest made him unable to accept this result at all.

Only a short while ago, he thought that he could casually eradicate Ye Yuan.

But now, he discovered that he was so laughable.

He was unable to accept this result!

Hence, he wanted to kill Ye Yuan!

Ye Yuan’s gaze turned cold and he said in a chilly voice, “Reckless and blind!”

“Immobilize!”

Ye Yuan’s lips moved lightly, the word “immobilize” was spat out of his mouth again.

One word leaving the mouth, even with his strength, he felt drained too.

This kind of great divine ability, it was naturally impossible for Ye Yuan to release it limitlessly.

Furthermore, the time of the Time Freeze this time did not even reach half a breath!

However, it was sufficient to kill Long Yuan!

From the start until now, Long Yuan always had a high and mighty appearance.

Attacking time and again, it all wanted to kill him.

If it were others, they would probably have been killed by Long Yuan no idea how many times already.

Until now, this guy still refused to come to his senses, did he really take him to be a good-two-shoes?

On the platform, when Morningstar saw this scene, his expression could not help changing drastically as he cried out in alarm, “Not good! Ye Yuan wants to kill Long Yuan!”

Virtually without thinking, Morningstar fired out several spells in a row.

A light beam suddenly charged into the Mist Battlefield and actually directly smashed Time Freeze.

The light beam directly covered Long Yuan, bringing him out of the Mist Battlefield.

Ye Yuan’s brows furrowed slightly, very unhappy in his heart.

He knew that someone made a move and rescued Long Yuan.

Apart from Morningstar, there naturally would not be others.

Although his Time Freeze was impressive, in front of a supreme powerhouse like Morningstar, it was completely useless.

Long Yuan was also restricted to First Firmament Empyrean. Otherwise, it would not have been possible for Ye Yuan to want to freeze for a breath of time.

In the end, Time Freeze only mobilized the power of Heavenly Dao.

The higher the realm, the stronger the comprehensions in Heavenly Dao too. Wanting to bind the other party with the power of Heavenly Dao would naturally be increasingly difficult.

However, under his certain-death scenario just now, Morningstar did not make a move to save him either.

But now, seeing that Long Yuan was about to die, he made a move to save him.

Ye Yuan was naturally outraged in his heart!

[Unrivaled Medicine God](#)

**Chapter 2174: 100 Pieces of Dragon Origin Crystals**

The light screen slowly dissipated. A youth in white walked over leisurely.

On the platform, everyone looked at the youth in white, with their eyes full of terror.

Yes, terror!

These Heavenly Emperors were all frightened by Ye Yuan's talent.

The Sons of the Heavenly Dragon who had exchanged blows with Ye Yuan before actually took a step back without prior agreement.

This guy was not human at all!

He was a monster!

But Long Xiaochun had a look of delight, coming up to greet.

"Ye Yuan, this young lady knew that you're the most formidable. Indeed, you didn't disappoint me!"

Ye Yuan smiled slightly. Bringing Long Xiaochun and landing on the platform, his eyes suddenly turned sharp.

He stared at Morningstar intently and said in a solemn voice, "Senior doing so, shouldn't you give me an explanation?"

Swallowing insults and humiliation silently was not Ye Yuan's personality. Since he did so, he would have to pay the price!

The Heavenly Emperors were shocked when they heard that. This guy was really arrogant, to actually dare question Lord Morningstar.

Did he think that taking the first place of the Battle of Dragon Sons, he could challenge a Heavenly Dragon?

"Insolence! Who do you take yourself to be me? To dare speak to Lord Morningstar like this?" Long Tianyu just had a stomach full of anger that had nowhere to be released. So he immediately jumped out.

Ye Yuan completely ignored him and stared right at Morningstar's two eyes.

Morningstar sighed slightly and said, "You're both my Dragon Clan's pillars of society. Any one of you that dies is my Dragon Clan's tremendous loss!"

Ye Yuan suddenly burst out laughing when he heard that. His gaze turned to Long Yuan, and he said with a smile that was not a smile, "Pillars of society? *Huhu*, what a fine pillar of society!"

Those words were full of mockery.

Long Yuan had a look of shame and anger, wishing to find a hold in his ground to tunnel into.

The other Sons of the Heavenly Dragon also lowered their heads one after another. If even Long Yuan did not count as a pillar of society, what did they count as?

But these words coming out of Ye Yuan's mouth, no one could refute it at all!

He used strength, used talent, and proved that Long Yuan was merely trash!

“Ye Yuan, you’re insolent! If Long Yuan isn’t a pillar of society, then are you? You’re merely ...” Long Tianyu could not endure this awkward atmosphere and spoke out, berating.

“Shut up!” Morningstar suddenly yelled angrily, interrupting Long Tianyu’s words.

But Ye Yuan chuckled and said, “Continue saying that I have half human-race bloodline. In your eyes, I’m a different species. Isn’t that so? Hence, when Long Yuan used Five Elements Divine Punishment Heavenly Lightning, you didn’t make a move to save me. But when I wanted to kill him, you made a move and saved him! In your eyes, no matter how strong I am, I’m also not the Dragon Clan’s own people, isn’t that so?!”

Morningstar’s old face turned slightly red. Being exposed by Ye Yuan so blatantly, it was so embarrassing!

Although Ye Yuan obtained the Dragon Clan major power’s Heavenly Dragon Mark, he still had some reservations in the end.

It was just that he did not expect that Ye Yuan actually saw things as clearly as viewing a blazing fire, guessing his thoughts penetratingly.

This kid was not simple!

Morningstar heaved a sigh and said coolly, “This matter was indeed this emperor breaking the rules. However, Long Yuan is indeed a genius hard to come by in a million years. Killing him is a pity! Speak, this emperor can promise you a condition!”

The heavenly emperors had stunned faces, Lord Morningstar actually yielded toward a junior.

No matter how great your talent was, before growing up, you were also merely a junior.

On what basis?

How could they know that Morningstar was wary of that major power behind Ye Yuan!

These people did not know, but Morningstar was very clear.

This major power was not a major power on Heavenly Dragon Mountain, but ... a major power sealed in the abyss!

That place’s existences, each one of them was a major character that shocked heaven and earth.

He could not afford to provoke!

Even Heavenly Dragon Mountain could not afford to provoke either!

“I want a hundred pieces of dragon origin crystals!” Ye Yuan said coolly.

His objective was not to find trouble. Facing the leviathan, Heavenly Dragon Mountain, his rage was not worth mentioning at all.

This world always revered strength as supreme.

If he possessed the strength to destroy Heavenly Dragon Mountain right now, would he still be here expressing his fury?

No!

He would trample the entire Heavenly Dragon Mountain underfoot like trampling on Long Yuan.

Morningstar's eyes narrowed, and he said, "What do you want so many dragon origin crystals for? With your current strength, the dragon origin crystal that you refine in the Mist Battlefield is already the limit."

Ye Yuan said coolly, "That doesn't need you to care anymore. I naturally have my own use!"

Morningstar shook his head and said, "No way! Dragon origin crystals are the Dragon Clan's supreme treasure, only heavenly dragons and Sons of the Heavenly Dragon can use. Even the various stronghold's dragon lords don't have the qualifications to use them either!"

Ye Yuan suddenly saw the light. Morningstar was afraid of him bringing dragon origin crystals out, or giving them to others to use.

One had to know, this dragon origin crystal was much more formidable than whatever true dragon blood.

Even humans could also skyrocket in strength after refining.

But he was also somewhat surprised, not expecting that dragon origin crystals were actually so valuable.

Ye Yuan thought about it and said, "Since that's the case, I'll refine it here. There's no problem like this, right?"

Morningstar was taken aback and said, "You? Here?"

Ye Yuan nodded and said, "Aren't you worried that I'd leak dragon origin crystals out? Since that's the case, then I'll refine it in front of you. There's no problem like this, right?"

Morningstar was speechless and said, "There's naturally no issue, but ..."

Ye Yuan directly cut off his words and said coolly, "No buts, if I can't refine a hundred pieces, this matter will be considered dropped like this."

Already said things to this kind of extent, what could Morningstar still say?

At once, Morningstar nodded his head and said, "Okay, but ... act within your capability."

But Long Tianyu had a cold sneer on his face and said, "A hundred pieces? Stuff yourself to death!"

The others also involuntarily shook their heads. Clearly, they felt that Ye Yuan was looking down on everyone and everything too much.

"Each awakening, one can at most only refine 20 pieces of dragon origin crystals. Any more and they won't be able to withstand it at all. Even if he's of the perfect seventh transformation, he also can't withstand a hundred pieces of dragon origin crystals!"

“There was once a dragon who forcefully integrated dragon origin crystals. In the end, at the 25th piece, he was forcefully blown up! This kid is courting death!”

“*Heh heh*, so arrogant, I want to see how many dragon origin crystals he can integrate!”

... ..

To Morningstar, dragon origin crystals were naturally not an issue.

Only to see him flick his sleeves grandly, 100 pieces of dragon origin crystals suspended in midair quietly.

Ye Yuan did not say a word, reached a hand out to pluck off a dragon origin crystal, and directly started refining.

An indescribable pain started pulsing within his body.

However, after the origin dragon energy entered the body, Ye Yuan’s heavenly dragon mark actually did not have the slightest reaction.

The reason why he wanted dragon origin crystals was that Ye Yuan also saw the power of Heavenly Dragon Marks.

After one awakening, the bloodline rose ten times!

This kind of strength amplification, how could Ye Yuan not be moved?

Dragon origin crystals were a specialty product of Heavenly Dragon Mountain. It was now or never! Opportunity seldom knocked twice.

Hence, he wanted to try whether or not he could stimulate his bloodline power and reach the first awakening.

The reason why he said 100 pieces was because he was unsure how many he needed.

Previously in the Mist Battlefield, he already integrated 15 pieces of dragon origin crystals. But the effects did not seem to be very apparent.

The moment origin dragon energy entered the body, it seemed like a stone sinking into the ocean.

#### **Chapter 2175: Divine Stele Injecting Spirit!**

16 pieces!

17 pieces!

... ..

20 pieces!

21 pieces!

In a blink of an eye, Ye Yuan refined six pieces of dragon origin crystals.

The speed of refining caused everyone to be tongue-tied.

More importantly, Ye Yuan's face did not have much of a painful expression, as if he was just doing something ordinary.

"Sure enough, a perfect seventh transformation is indestructible!"

"This brat's confidence lies on the perfect seventh transformation, right? But how many can the perfect seventh transformation refine?"

"Our dragon race's physical bodies, which one isn't extremely tough? Even if it can't compare to the perfect seventh transformation, the difference also won't be too much. He can at most refine 30 pieces, and he'll reach his limits!"

... ..

All around, heavenly emperors and Sons of the Heavenly Dragon were discussing animatedly.

They felt that the reason why Ye Yuan was a little more formidable than normal people was merely by relying on the perfect seventh transformation. That was all.

However, along with the quantity refined becoming more and more, Ye Yuan's pain was indeed rising exponentially.

He had refined so many dragon origin crystals and absorbed large quantities of origin dragon energy, but the Heavenly Dragon Mark still did not have any activities.

Rather, it was his cultivation realm that started to slowly climb after absorbing large quantities of dragon origin crystals.

When Ye Yuan absorbed his 30th piece of dragon origin crystal, people's expression started to slowly change.

"Is this guy a lunatic? He ... Doesn't he know pain?" Long Seven looked at Ye Yuan's facial muscles that were twitching slightly as he said through gritted teeth.

Talking about it, someone had once refined 25 pieces of dragon origin crystals before.

But people that were truly able to refine until the 20th piece were extremely, extremely few.

Because towards the back, barely anyone could withstand that agony at all.

But Ye Yuan refined 30 pieces of dragon origin crystals in one go. He actually forcefully endured it and did not even make a sound.

How strong was this fellow's will?

Around 30 pieces of dragon origin crystals, that was virtually the limit of all dragons!

If not for the muscle twitching slightly on Ye Yuan's face, they would even suspect that refining dragon origin crystals was not painful at all.

31 pieces!

32 pieces!

... ..

Ye Yuan did not have the slightest intention of stopping, continuing to refine dragon origin crystals.

The expression on everyone's faces became more and more fascinating.

Fine beads of sweat started seeping out on Ye Yuan's forehead.

Following the refined dragon origin crystals becoming more and more, the sweat beads became denser and denser, and increasingly larger.

Meanwhile, the twitching of the muscles on his face also became increasingly stronger.

54 pieces!

55 pieces!

... ..

The surrounding crowd's mouths opened wider and wider until it was practically ear to ear in the end.

This guy was absolutely a lunatic!

The unbroken law that Sons of the Heavenly Dragon were unable to refine above 25 pieces was already broken by Ye Yuan long ago.

Everyone had underestimated Ye Yuan.

They underestimated the might of a perfect seventh transformation and underestimated Ye Yuan's powerful and persevering will even more.

A perfect seventh transformation, what it promoted was not just the strength of the physical body, there was also the tensile strength of the fleshly body.

Being overly tough was easy to break, but a tough and pliable fleshly body was even more terrifying!

Other people's fleshly bodies being unable to withstand it did not mean that Ye Yuan was unable to withstand it.

As for this anguish, Ye Yuan had long already experienced it no idea how many times!

This time was merely going through another time!

Morningstar looked at Ye Yuan and said with a slight sigh, "For this child to be able to have such accomplishments, what he relies on isn't merely talent! Most likely, the hardships that he has experienced, ordinary people can't imagine it at all!"

Morningstar they all, these old monsters that have lived to an advanced age, were deeply aware of the importance of tribulations to a powerhouse.

These heavenly emperors in front of them, their talents might not be strong, but the hardships that they experienced were not few.

Perhaps back then, there were more brilliantly talented geniuses among their peers.

But those geniuses all faded into the crowd in the end.

While they walked to this supreme position of Heavenly Emperor.

Sons of the Heavenly Dragon being unable to refine more dragon origin crystals, actually, a very large degree was because their will was not strong enough.

This issue totally could not be seen on Ye Yuan.

No matter how strong the will of the Son of the Heavenly Dragon, they also turned pale in comparison when put in front of Ye Yuan.

Over 50 pieces of dragon origin crystal already exceeded their imaginations!

Long Zifeng also smiled bitterly and said, "Not afraid that others are more talented than you, just afraid that people more talented than you are more hardworking than you! Long Seven, your road after today is still long, understand?"

Long Seven's expression flickered incessantly. Finally, he nodded slowly and said, "Long Seven understands!"

The various Sons of the Heavenly Dragon all revealed pondering looks.

Ye Yuan's body had the quality that they lacked, which was also the necessary quality to become a powerhouse.

Only Long Yuan's expression flickered. No idea what he was thinking about.

82 pieces!

83 pieces!

... ..

89 pieces!

Just as everyone was already numbed, Ye Yuan's glabella suddenly seemed to have caught on fire.

The surging dragon race pressure made everyone present feel heart palpitations!

Morningstar's pupils constricted and he cried out in surprise, "Finally awakened! No, wait, this is ..."

He suddenly raised his head to look towards Heavenly Dragon Mountain. Sure enough, a white light beam fell from the sky and landed directly on Ye Yuan's body.

The Heavenly Dragon Mark at Ye Yuan's glabella actually turned into one line after another, burrowing into his chest like tiny snakes.

"Divine Stele Injecting Spirit! This boy ..." Morningstar opened his mouth wide, a look of disbelief as he said.

He suddenly felt that he seemed to have done something wrong!

If he was a little more decisive, extending a helping hand when Ye Yuan was fighting with Long Yuan.

Even if Ye Yuan did not need his help, his current attitude would also be vastly different!

Long Xiaochun had a doubtful look and asked in puzzlement, "Divine Stele Injecting Spirit? What is that?"

Morningstar sighed emotionally and said, "The Heavenly Dragon Mark is born from the Dragon Mark Monument sensing dragon race bloodline. When your bloodline reaches the requirement of the Dragon Mark Monument, the Dragon Mark Monument will produce a resonance with your bloodline power, awakening from there. Of course, the requirement that the Dragon Mark Monument has for each awakening is different."

Morningstar paused for a bit, took a deep breath before saying, "But there is an exception! When your bloodline power is strong to a certain degree, the Dragon Mark Monument will take the initiative to inject a trace of dragon spirit into you, representing acknowledgment toward you! This is Divine Stele Injecting Spirit! And dragons that had obtained Divine Stele Injecting Spirit have a possibility of becoming ... the next Dragon Ancestor!"

Long Xiaochun opened her mouth wide, shock written all over her face.

While the other dragons were all staring dumbfoundedly with their tongues tied, looking at Ye Yuan in disbelief.

Dragon Ancestor, that was the progenitor of all dragons, the strongest dragon race bloodline powerhouse!

All these countless dragons were his descendants.

After each generation of Dragon Ancestor, no idea how many hundreds of millions of years needed to pass before the next Dragon Ancestor would be born.

Because of this, it carried on from generation to generation.

Of course, it was only a possibility. It was not a certainty.

In a period, there would always have several Divine Stele Injecting Spirit appear.

But there was only one that would become Dragon Ancestor in the end!

No one could have thought that after Ye Yuan refined the dragon origin crystals, it would actually produce such an unforeseen turn of events.

At this time, Ye Yuan suddenly snapped open both eyes and gave a cold snort.

A streak of lightning flashed past, the imprint in the Heavenly Dragon Mark was directly wiped away!

"Heh, I knew that there was nothing good! Turns out that it was hiding here!" Ye Yuan slowly stood up and said with a cold smile.

#### **Chapter 2176: Leaving**

In the deepest parts of the abyss, a light cry of surprise suddenly transmitted over.

Following that, several powerful auras started surging.

“What’s wrong, Boss?” Bai Chen’s voice came in the midst of darkness.

After being silent for a moment, the mysterious powerhouse slowly said, “That kid ... erased the imprint that you left behind!”

Bai Chen was slightly surprised and said, “This isn’t possible, right? Just based on his strength, he can discover the concealed means that I left behind? Unless ...”

“That’s right! Under the dragon spirit, nothing can hide! He ... is already acknowledged by the Dragon Mark Monument!” The mysterious powerhouse’s words carried some marveling.

“What? Old Bai just bestowed the Heavenly Dragon Mark and he obtained Divine Stele Injecting Spirit?”

“This kid has Your Father’s style back then!”

“Another Divine Stele Injecting Spirit! Looks like ... the next Dragon Ancestor is about to be born!”

... ..

The moment mysterious powerhouse’s words came out, a series of exclamation came over from the darkness.

Clearly, Divine Stele Injecting Spirit was also an extremely major thing to them as well.

Bai Chen suddenly said, “This boy, when I saw him back then, I kept feeling that he was extremely unusual! His realm was clearly not worth mentioning, but ... I had a feeling of being unable to see through. Looking at it now, this boy is indeed extraordinary!”

The mysterious powerhouse said, “Heaven shall confer great responsibility onto this person! A great era is arriving, capable people are emerging! Now that the seal is getting more and more unstable, it likely can’t last much longer. Once the abyss opens, the Heavenspan World will be plunged into an abyss of misery and suffering again! But what I’m most worried about isn’t this! Perhaps, this boy is where the hope of this era lies!”

When everyone heard that, they all fell silent.

... ..

The white light faded. Ye Yuan slowly stood up.

His upper garment was long already incinerated by blazing flames, revealing a strong muscular body.

A golden dragon was imprinted onto his chest as if it was a living thing.

Even if it was a Heavenly Emperor powerhouse, in front of this golden dragon, they actually also had an impulse to prostrate in worship.

If not for their realm being too high, they would probably have long already knelt down.

However, the other Sons of the Heavenly Dragon did not have this kind of strength.

This horrifying bloodline pressure directly pressured them until they knelt on the ground!

Only Long Xiaochun alone was not affected.

Long Yuan wished to find a hole in the ground to burrow into. He cracked himself up to be the Dragon Clan's number one genius. But now, he did not even have the qualifications to carry Ye Yuan's shoes anymore!

Ye Yuan reached his hand out and beckoned, a white long robe was already put on his body.

He cupped his fists lightly toward Morningstar and said coolly, "Senior, now that things are over, this Ye takes my leave!"

Morningstar's face changed and he hurriedly said, "Hold on! You can't go!"

Ye Yuan frowned slightly and said unhappily, "Why? Does Senior still have something?"

Morningstar's expression flickered incessantly and he said, "Ye Yuan, the matter previously was all this emperor's fault! Now, this emperor sincerely welcomes you to join Heavenly Dragon Mountain!"

Ye Yuan chuckled when he heard that and said, "No need. There is little common ground for understanding between persons of differing principles! Moreover, this Ye still has more important things to do. I won't be going up Heavenly Dragon Mountain!"

*Previously, you looked down on me. Now that you saw that my bloodline was powerful, you want to keep me behind?*

The pride in Ye Yuan's heart was far greater than Long Yuan's.

It was just that he had experienced the many vicissitudes of life and would not show it at all, that was all.

But this kind of pride was carved into his bones.

Some things, he was disdainful to do!

Morningstar's face fell and he said, "Ye Yuan, since you obtained the Divine Stele Injecting Spirit, I'm afraid that leaving or staying isn't up to you anymore!"

Ye Yuan's two eyes narrowed and he said with a light smile, "You want to forcefully keep me back?"

Morningstar said, "If you refuse to realize your mistake, then this emperor can only take action!"

Ye Yuan gave a cold laugh and said, "*Heh*, in the end, your bones still think that I'm a different species! I obtained Divine Stele Injecting Spirit. Your Heavenly Dragon Mountain ... will probably find it hard to eat and sleep after today, right?"

Morningstar's expression was somewhat ugly, and he said in a solemn voice, "Ye Yuan, I hope that you don't force me to take action!"

Ye Yuan laughed and said, "I, Ye Yuan, will rather break than bend! Want to make me go up the mountain, make your move then!"

At this time, Long Xiaochun suddenly blocked in front of Ye Yuan. Staring fixedly at Morningstar, she said, "Grandpa Morningstar, if you dare to make a move against Ye Yuan, I'll never go up the mountain!"

Morningstar's brows furrowed slightly and he said, "Xiaochun, this is a serious matter! Don't mess around! Move aside!"

"I'm not moving!"

Morningstar's two eyes narrowed, his finger pointed lightly. Long Xiaochun then fainted.

With his strength, it was too easy to deal with Long Xiaochun.

Morningstar looked at Ye Yuan and said in a solemn voice, "I'll be offending you then!"

Facing an opponent like Morningstar, even if Ye Yuan obtained Divine Stele Injecting Spirit, it was also completely impossible to be a match.

A late-stage Heavenly Emperor, that was a supreme level powerhouse who was capable of truly looking down upon the world.

Morningstar had not made a move yet, and Ye Yuan felt a giant mountain-like pressure descend on his body.

Just as Morningstar was about to make a move, his expression suddenly changed drastically!

The imposing aura on his body withdrew, and he let out a sigh and said, "Forget it, leave!"

Seeing this scene, everyone could not help being very surprised.

Lord Morningstar actually shrunk back?

The Long Yuan who was originally waiting to watch a good show could not help dropping his glasses.

Just as he thought that Ye Yuan was finally going to be forced to submit, Morningstar actually brushed it over easily!

Ye Yuan's brows furrowed and he said, "Who was that person?"

His heart was akin to a clear mirror, immediately aware that it was that major power who bestowed him the Heavenly Dragon mark that gave the order.

It was just that he was very curious about that person's identity.

Morningstar shook his head and said, "When the time is right, you'll naturally know! Ye Yuan, remember, no matter where you go, you'll always be my Dragon Clan's pride!"

Ye Yuan's mouth curled, and he turned around and left.

He had a lot of fetters with the Dragon Clan and also did not have any irreconcilable conflicts, there was naturally no way to cut away.

It was just that he did not like Morningstar's way of doing things. That was all.

After Ye Yuan left, Long Tianyu's face revealed an indignant expression and he said, "Lord Morningstar, letting him go just like that? On his body, there's the Dragon Clan's destiny!"

Although he did not want to admit it, Long Tianyu still had no choice but to admit that Ye Yuan's talent already exceeded their understanding.

The significance of Ye Yuan's existence was also far more important than they imagined!

How could such a person move around freely outside?

Morningstar's face fell and he yelled coldly, "Does this emperor still need you to direct me how to do things? Get lost!"

Long Tianyu's expression changed, and he could only retreat to one side obediently.

Morningstar currently needed a target to vent at this time and Long Tianyu ran out.

Scold who if not him?

At this time, Morningstar's heart was surging turbulently like a tsunami!

It turned out that that legendary lord was actually still alive!

It turned out that Ye Yuan's Heavenly Dragon Mark was actually bestowed by him!

Ye Yuan was actually the person that he picked!

How many years had he already not appeared?

Including those supreme powerhouses of Heavenly Dragon Mountain, they all also thought that that lord had already died long ago.

Morningstar did not think that he was actually still living in this world!

This news made his mind, a late-stage Heavenly Emperor's mental state, shook.

Earlier, in front of Ye Yuan, he barely managed to maintain composure and nearly broke decorum.

He was thinking, if anything really happened to Ye Yuan earlier, would that lord directly smack him to death with one slap or not?

#### **Chapter 2177: Is There Still a Need to Compete After Another Thousand Years?**

At the Falling Maple Mountain Range in the Middle Realms.

This place was endowed with a beautiful scenic environment, immortal qi lingering in the air. The entire mountain range was hidden in the fog, unable to see the actual situation.

Powerful spiritual energy was akin to the spring rain, nourishing everything in the mountain range.

On a narrow winding trail, a man and a woman were walking shoulder to shoulder, moving along.

"Young Master, is Elder Sister Li-er really here?"

"That's right! I'd once inquired from Jian Sutao before; Lin Changqing came from Fallen Maple Bodhidharma!"

“Is this Heavenly Emperor Fallen Maple very strong?”

“Heavenly Emperor Fallen Maple is Fifth Firmament Heavenly Emperor, an extremely famous powerhouse of the Middle Realms!”

“Then ... if he harms you?”

“He ... won’t dare!”

This one man and one woman were none other than precisely the Ye Yuan and Lu-er who came from afar.

After leaving Heavenly Dragon Mountain, Ye Yuan went back to release Long Xiao and the rest, and signed a soul contract with them, taking them in as servants.

Following that, he ordered Ning Tianping to bring along Long Xiao, Loneswan, Long Xun, and the rest to Heavenly Eagle Imperial City.

While he brought along Lu-er and directly came to the Middle Realms’ Fallen Maple Mountain Range.

Now that his strength was already sufficient, Ye Yuan could not wait a moment longer, directly rushing up to Fallen Maple Bodhidharma to find Li-er.

After the Divine Stele Injecting Spirit, Ye Yuan’s realm skyrocketed once more.

Presently, his realm was already comparable to a Second Firmament Empyrean.

After Chaos Realm, Ye Yuan’s realm was completely different from before.

Chaos Realm was divided into initial-stage, middle-stage, and late-stage. Before reaching the middle-stage, he would not encounter bottlenecks.

But according to the division of Empyrean Realm, his strength was currently roughly equivalent to a Second Firmament Empyrean.

While his chaos world also expanded to a distance of 5000 feet already.

“Halt!” The two people were currently walking when two people suddenly jumped out of the fog, blocking the two people’s path.

One of them said in a solemn voice, “This place isn’t a place that you guys should come to! Hurry up and leave!”

Ye Yuan said coolly, “Demon Clan’s Priest Temple’s Second Sage and Dragon Clan’s Heaven’s Chosen Son, Ye Yuan, came to keep the agreement with Lin Changqing!”

When the two people heard that, their faces could not help changing.

These two titles, either one could scare people to death.

The demon race’s Priest Temple was one of the demon race’s top factions.

Sacred Ancestor High Priest was an existence second only to the Medicine Ancestor in the Heavenspan World.

The Priest Temple's Second Sage, what kind of existence was that?

As for the Dragon Clan, that was even more terrifying!

Although the Dragon Clan was reclusive, the Heavenspan World never lacked legends of the dragon race.

Major powers emerged from this clan, it was a genuine apex race.

The Dragon Clan's Heaven's Chosen Son ... Using one's butt to think, they would also know that he was extraordinary.

"This guy looks very ordinary, saying that he has such a big background. He wouldn't be bluffing people, right?"

"Are you stupid?! We can't see through this guy's depths at all! He's likely at least an Empyrean class powerhouse too! The two of us can't make the call for this matter. Better invite Lord Yufeng to make a decision!"

"Right, right! What you said is right!"

The two people discussed softly for a while and said to Ye Yuan, "This lord, you wait for a moment. We'll go in and report!"

Ye Yuan nodded slightly and did not mind.

Before long, a middle-aged man wearing an exquisite long robe slowly walked out of the fog.

He sized Ye Yuan up and said with a frown, "This little brother, you said that you have an agreement with Junior Apprentice Brother Changqing?"

Ye Yuan looked at him and said with a nod, "That's right! A life-and-death agreement!"

The moment these words came out, the faces of Zheng Yufeng and the guards changed wildly.

They all did not think that Ye Yuan was actually here to cause trouble!

Zheng Yufeng said in a solemn voice, "Your esteemed self have such gall, to actually dare come to our Fallen Maple Bodhidharma to cause trouble!"

Ye Yuan flipped his palm over, a token appeared in his hand.

A profound and archaic aura hit him in the face.

Zheng Yufeng's expression changed drastically. He could sense that the aura on this token was much stronger than even his master's aura! It was absolutely not an ordinary item!

On the face of the token, two large, simple, and archaic characters were written on it, 'Second Sage'!

This Second Sage Token was brought by Ji Mo back then. It was personally forged by Sacred Ancestor High Priest. It was used to symbolize Ye Yuan's identity.

It was one of a kind!

“This token was given by Sacred Ancestor High Priest. I think that in this world, there shouldn’t be more than a few people who can imitate it, right? If you still have doubts, then take a look at this!”

As he said, Ye Yuan pulled aside his lapel, revealing the golden dragon imprint on his chest.

Seeing this golden dragon, Zheng Yufeng’s expression became even uglier.

That golden dragon was incomparably ferocious, as if it was a living thing; as if in the next instant, it was going to pounce over and bite him to death!

He was not aware of the Dragon Clan’s matters. But a Second Sage newly-emerging in the Demon Clan, cracking the eternal chess game, ‘Ask Not’, he had heard of it.

He previously still thought that some major power emerged in the Demon Clan. He did not expect that the so-called Second Sage was actually so young!

Even more so, he never expected that the Demon Clan’s Second Sage was actually a human!

Zheng Yufeng’s heart shook wildly. When did Junior Apprentice Brother Changqing provoke such a powerful existence?

At this time, Zheng Yufeng no longer doubted and said with cupped fists, “Heavenly Emperor Fallen Maple’s disciple, Zheng Yufeng, pays respect to Second Sage! I wonder how Junior Apprentice Brother Changqing offended Lord Second Sage? Yufeng will apologize on his behalf!”

Behind the Second Sage stood Sacred Ancestor High Priest.

Even if it was Heavenly Emperor Fallen Maple, he also had to give this face.

Let alone that behind this fellow also stood the Dragon Clan!

The reason why Ye Yuan flashed his identity the moment he came up was in order to make Heavenly Emperor Fallen Maple cautious in taking action and be wary of the forces behind him.

Presumably, with Sacred Ancestor High Priest’s and the Dragon Clan’s forces, it was sufficient to intimidate all sides.

So what if he was a Fifth Firmament Heavenly Emperor?

Ye Yuan said coolly, “There’s no need to apologize! More than a thousand years ago, Lin Changqing suddenly appeared in Heavenly Eagle Imperial City and made a 2000 year life-and-death agreement with me! We signed a divine soul contract and will not rest until we’re dead!”

Zheng Yufeng’s expression changed again, secretly cursing to no end in his heart.

Could this Lin Changqing’s head be spoiled? To actually go and sign a divine soul agreement with Second Sage, never resting until they were dead?

He suddenly thought that something was not right and said in puzzlement, “Since it’s a 2000 year agreement, then the time shouldn’t be up yet as of today. Why did Lord Second Sage come here now?”

Ye Yuan could not help laughing when he heard that and said, “Another thousand years and I’ll be able to kill him by huffing out a breath, will there still be a need to compete?”

A thousand years ago, when Lin Changqing descended upon Heavenly Eagle Imperial City, Ye Yuan was still only at the Celestial Deity Realm and did not even reach the True God Realm.

A thousand years later, Ye Yuan was already an exalted Emyrean, looking down upon the world!

A thousand years' time was very short in other people's eyes.

But to Ye Yuan, he took that short period to complete the transformation from Celestial Deity to being an Emyrean!

Presumably, when Lin Changqing saw him, he would definitely jump right out of his skin, right?

Zheng Yufeng naturally did not know this, his brows knitted tightly and he said unhappily, "Lord Second Sage's status is noble, but you're also looking down on our Fallen Maple Bodhidharma too much, right? With Junior Apprentice Brother Changqing's talent, he might not be inferior to you, Second Sage, a thousand years later!"

He felt that this Second Sage was too condescending, so his tone also became blunt.

But Ye Yuan waved his hand and said smilingly, "Whether I'm looking down or not, you let Lin Changqing come out to meet me and you'll know. I think that even if I lend him some guts, he also won't dare to drag on any longer."

### [Unrivaled Medicine God](#)

#### **Chapter 2178: You're Making Me Look At This?**

"Mn? You're saying that Ye Yuan came?"

When Lin Changqing heard this name, he immediately jumped up. A hint of a cold smile flashed across the corners of his mouth.

Back then, he was also triggered by Ye Yuan. So he worked very hard and cultivated bitterly.

In over a short thousand years, he already broke through to become a Second Firmament Emyrean!

This speed was already quick to the extreme among those in the Emyrean Realm.

Zheng Yufeng nodded and said, "That's right! He's currently at Sunset Peak!"

Lin Changqing laughed loudly and said, "This kid should be here to kneel on the ground and beg for mercy, right? However ... he dared to covet Junior Apprentice Sister Meng Li. I must have him die!"

Zheng Yufeng's expression became peculiar, and he said in a solemn voice, "Looking at his appearance, he doesn't look like he's here to beg for mercy!"

Lin Changqing waved his hand and said very surely, "He must be here to beg for mercy! The 2000 years agreement isn't up yet. So why would he come to Fallen Maple Bodhidharma? Back then, when I saw him, he hadn't even reached the True God Realm. It can't be that he cultivated to Emyrean in a thousand year's time, right?"

With this, Zheng Yufeng also became somewhat uncertain.

Ye Yuan was just like a mortal in front of him. He could not see through his depths at all.

While talking, Ye Yuan gave him an unfathomable feeling.

In the beginning, he still thought that Ye Yuan was an Empyrean powerhouse.

But hearing Lin Changqing, it was naturally impossible for Ye Yuan to be an Empyrean.

In this world, which monster could cultivate from the Celestial Deity Realm to the Empyrean Realm in a short thousand years' time?

Perhaps Ye Yuan was relying on his identity and oppressing people by force.

Zheng Yufeng still wanted to say something when Lin Changqing already left with a loud laugh.

“Senior Apprentice Brother, still in a daze here for what? Follow me to go teach this punk a good lesson!”

He already could not wait and wanted to devastate Ye Yuan.

This kid embarrassed him badly back then!

Now that he delivered himself to the doorstep, if he did not humiliate him well, how could he dispel the hatred in his heart?

... ..

Sunset Peak was the first peak of Fallen Maple Bodhidharma, and it was also where the entrance to the mountain was.

Ye Yuan stood on the plaza, carefully feeling the thick to the extreme spiritual energy all around, and he could not help feeling vicissitudes of emotion.

This Fallen Maple Bodhidharma should be on an offset of the Heavenspan Mountain.

Cultivating in this kind of place would simply yield twice the results with half the effort!

Just as he was ruminating, Ye Yuan's gaze suddenly flickered, looking at the arrival with a smile that was not a smile.

“*Hahaha* ... Ye Yuan, you want to beg for mercy from this empyrean? This empyrean tells you, it's impossible!” Lin Changqing took a step out of the void and used a sympathetic gaze to look at Ye Yuan.

Ye Yuan was also sizing up Lin Changqing.

Recalling back then, when Lin Changqing descended upon Heavenly Eagle Imperial City, how haughty and all-powerful was that?

If not for Treasure Pig flying off the handle and sending him flying with a sneeze, perhaps Ye Yuan would have long been killed by Lin Changqing.

Even if the Ye Yuan back then had millions of methods, he could only look and do nothing.

But a thousand years passed. Lin Changqing broke through his cultivation realm and became a Second Firmament Empyrean. Even so, now he could no longer muster up Ye Yuan's interest.

With Ye Yuan's current strength, he could smack a Second Firmament Empyrean to death with one slap.

No matter how strong this Second Firmament Empyrean was!

Looking at Lin Changqing again, Ye Yuan's eyes already carried a trace of pity.

"Lin Changqing, not seeing you for a thousand years, you disappoint me too much," Ye Yuan shook his head and said with a sigh.

Lin Changqing laughed coldly and said, "What? Want to preserve the last of your dignity? It's no use! During these 1000 years, this empyrean's strength has already grown to an extent that you can't imagine! Experience it well!"

Finished talking, the aura on Lin Changqing's body erupted out without the slightest reservation.

On Sunset Peak, the berserk aura swept out, making people give sidelong glances.

"Martial Uncle Changqing has actually already broken through, becoming a Second Firmament Empyrean! His cultivation speed is also too fast, right?"

"These ... These are three types of laws, Martial Uncle Changqing actually fused three kinds of law powers!"

"Who is that kid? To actually dare provoke Martial Uncle Changqing, is he tired of living?"

... ..

Lin Changqing's seniority in Fallen Maple Bodhidharma was extremely high. His talent was also extremely great.

He had not shown himself for a long time. Now that he displayed his strength, it directly renewed the understanding of his fellow apprentices, and it naturally aroused a wave of exclamations.

At this time, Zheng Yufeng also just happened to rush over. Seeing Lin Changqing reveal his strength, his pupils could not help constricting.

"Junior Apprentice Brother Changqing he ... is also too monstrous!"

In terms of talent, Lin Changqing was first-rate among them fellow apprentice brothers.

His cultivation time was the shortest, but it was already almost catching up to them, these senior apprentice brothers.

In this 1000 years, Lin Changqing dwelt in the deep seclusion of his own home and virtually rarely showed face.

Before closed-seclusion, he still only fused two kinds of law powers.

Zheng Yufeng did not expect that now, he actually fused three kinds of law powers!

Fusing two kinds of law powers and fusing three kinds, those were totally different concepts.

If they all, these people, were geniuses, then Lin Changqing was the genius among geniuses!

He already won these senior apprentice brothers!

Feeling the strength that Lin Changqing exhibited, Ye Yuan was also slightly surprised.

Just looking at this scene before his eyes, Lin Changqing's talent was even stronger than the Northernmost Steppe's Feng Tianyang!

Well-deserving of being a Heavenly Emperor Bodhimanda! The disciples were indeed outstandingly talented.

It was just that ... Ye Yuan's realm was significantly lower than Feng Tianyang's back then and he already annihilated him.

Now that his realm was on par with Lin Changqing's, how could Ye Yuan take him seriously?

Moreover, Ye Yuan's current trump cards were far more compared to that time!

*"Hahaha, saw that? Only a genius like this empyrean can match up to Junior Apprentice Sister Meng Li! An ant like you also have delusions of grandeur, wanting to contend with a proud eagle too? Now, beg me! Maybe ... I'll be so benevolent that I'll let you off!"* Lin Changqing said with a loud laugh.

What he and Ye Yuan signed was a divine soul contract and not a Heavenly Dao Oath.

If both parties were willing, they could get rid of the agreement.

Of course, it must be both parties agreeing. If one party was not willing, this agreement would continue taking effect.

Zheng Yufeng looked at Ye Yuan and could not help smiling coldly.

So what if Second Sage?

So what if the Dragon Clan's Heaven's Chosen Son?

Junior Apprentice Brother Changqing was also a peerless genius that was hard to come across in a million years!

Even if Ye Yuan could surpass Junior Apprentice Brother Changqing in the future, he did not have that time either!

Over 2000 years' time, it was simply insufficient to let Ye Yuan catch up to Junior Apprentice Brother Changqing.

Ye Yuan was improving, but Junior Apprentice Brother Changqing was similarly improving!

When Ye Yuan heard that, he could not help but laugh in spite of himself and said, "Lin Changqing, really don't know where your sense of superiority comes from. You once bragged and boasted to be a genius in front of me, but now, a thousand years have passed, you're just letting me look at this? What's even more laughable is that you're actually still patting yourself on the back!"

Lin Changqing's face fell slightly and he said in a cold voice, "Brat, you really don't want face when it's given! Posturing isn't done like this! You know that by getting a treasure that blocks your strength and

using tricks to mislead people, you can be impudent in front of this empyrean? If not for that the 2000 years agreement hasn't arrived yet, this empyrean would slap you to death with one palm right now!"

"Treasure that blocks strength? Using tricks to mislead people??"

The corners of Ye Yuan's mouth revealed a hint of amusement, and he said with a light smile, "Then open your eyes and take a look at whether or not I'm using tricks to mislead people then!"

### Unrivaled Medicine God

#### **Chapter 2179: What Kind of Ant You Are!**

With Ye Yuan as the center, a circular aura slowly pushed outward.

Under Ye Yuan's aura, Lin Changqing's world domain seemed like paper paste, directly being crumbled apart.

That feeling was like an egg meeting a rock.

Lin Changqing's expression changed wildly, frenziedly urging his world power, attempting to block Ye Yuan's advancement.

However, it was no use at all!

The two people's engagement was like a strongman and a child pushing each other.

The strongman pushed the child completely one-sidedly.

The aura extended out very quickly, reaching a distance of 5000 feet.

This radius of 5000 feet was water-tight and impregnable. Ye Yuan was the sovereign!

Everyone looked at this scene in shock. They were unable to imagine why Ye Yuan's domain would be so solid.

The Lin Changqing who was likewise a Second Firmament Emphyrean actually did not even have the strength to fight back.

Lin Changqing's himself, his eyeballs even popped out.

He looked at Ye Yuan with a stunned face, just feeling that his mind was somewhat numb and unable to wrap itself around this.

"You ... You ... Second Firmament Emphyrean, this ... How is this possible?"

Lin Changqing somewhat doubted whether or not his eyes had problems.

He thought before, Ye Yuan was extraordinarily gifted and could break through to the True God Realm in a short thousand years.

He could even break through to the late-stage True God Realm.

But he never dreamed that Ye Yuan only used a short thousand years' time to go from being a Celestial Deity to becoming a Second Firmament Emphyrean!

Now, Ye Yuan was already standing on the same starting line as him!

Furthermore, Ye Yuan's domain power was extremely condensed. It was clearly more than a level higher than him.

This indicated that Ye Yuan did not pursue speed blindly and disregard his foundation.

This ... How was this possible?

Zheng Yufeng also opened his mouth wide, with disbelief written all over his face.

Junior Apprentice Brother Changqing had always been called a monster in Fallen Maple Bodhidharma. His talent was extremely great and his cultivation speed extremely fast.

But his talent was simply trash in front of Ye Yuan!

"Remember that a certain somebody said before, I and Li-er and you, will never be people of the same world! You said it correctly! You and I will never be people of the same world!"

Ye Yuan's words struck the heart directly, making Lin Changqing's mind trembled.

The same sentence, but the meaning that it had was entirely different.

That was a kind of contempt that looked down from a height!

A thousand years later, Ye Yuan and his positions had quietly switched over.

He had never thought much of Ye Yuan before from the bottom of his heart.

An ant that came from an imperial city, how could he compete with him, this peerless heaven's chosen that came from a Bodhidharma?

But Ye Yuan used Second Firmament Empyrean cultivation and shattered all of his pride to smithereens!

This was just a thousand years!

Another thousand years, what realm would Ye Yuan reach?

The 2000 years agreement ... was truly laughable!

A thousand years later, just based on his cultivation realm, Ye Yuan would be able to trample him to death like stepping on an ant!

Zheng Yufeng had a vacant look, he finally understood what Ye Yuan's words when he entered the mountain meant.

"A thousand years later, I can even kill him by puffing out a breath. Is there still a need to compete?"

Yes, there was naturally no need to compete anymore!

A thousand years later, Ye Yuan would at least be at the middle-stage Empyrean Realm, or even a late-stage Empyrean Realm major power.

While Lin Changqing would at most be a Third Firmament Empyrean.

But even if Ye Yuan was only at the late-stage Empyrean Realm, smacking Lin Changqing to death with one slap would be sufficient.

So what even if fused together three kinds of law powers?

Suddenly, Lin Changqing seemed to have thought of something, his gaze turning intent.

Right, I still fused three kinds of law powers!

Even if he is Second Firmament Empyrean, so what?

In the same rank, I'm invincible!

He sucked in a deep breath, the proud demeanor on his body recovered once more, and he looked at Ye Yuan and said with a cold smile, "Good! Since your present realm already caught up to mine, then our life-and-death agreement can be brought forward in advance!"

These words were somewhat shameless, even Zheng Yufeng felt his face turn red.

He clearly knew that he would not be able to win a thousand years later, he wanted to bring the fight forward now, what was this if not shameless?

Ye Yuan looked at Lin Changqing, his eyes full of pity as he said with a light smile, "Are you sure?"

Lin Changqing smiled coldly and said, "What? Are you scared?"

Ye Yuan laughed loudly and said, "Lin Changqing, back then, when you came to Heavenly Eagle, you viewed me as an ant and said that I couldn't match up to Li-er. Today, I'll let you see that you're just an ant in my eyes, and also just how powerful Li-er's man is!"

Hearing Ye Yuan said it like this, Lin Changqing felt his jealousy peak.

He thought that by relying on his talent, he would be able to move Junior Apprentice Sister Meng Li one day.

He also knew that for so many years, Li-er's heart had never wavered before.

And now, Ye Yuan even grew to the extent of making him fearful.

Looking at it now, these two people were so fitting.

He became a clown instead!

But at this point now, it was clearly not the time to want face anymore.

"Fine, since that's the case, then let's amend the divine soul contract and start the life-and-death wager now!" Lin Changqing said with a cold sneer.

But Ye Yuan shook his head and could not help laughing as he said, "The ignorant are truly fearless! You're still obsessing over the wager? That is no longer important! Isn't your reliance having fused together three kinds of law powers? Now, I'll stand right here, unleash your strongest strike. I'll let you see what kind of an ant you are!"

Lin Changqing could not help being taken aback when he heard that.

Could this guy be a fool?

On Sunset Peak, a wave of snickering also came over.

“Where did this guy pop out from? Ran all the way here from afar to seek death?”

“*Heh heh*, strength is decent, but his head isn’t useful.”

“In this world, I’ve yet to hear that in the same rank, someone dares to withstand an attack that fused three kinds of laws!”

... ..

After a thousand years of growth, Lin Changqing was no longer his goal.

Lin Changqing’s talent compared to Long Yuan was worlds apart.

Long Yuan was trampled underfoot by Ye Yuan, let alone Lin Changqing?

Killing Lin Changqing was merely a matter of snapping a finger.

Even if he really killed, Heavenly Emperor Fallen Maple also would not dare to say much.

But this place was the Bodhidharma that Li-er was at any rate. Furthermore, it looked like Li-er should have received considerable benefits in this place.

Even though Lin Changqing was Li-er’s pursuer, he could tell that he had more of admiration toward Li-er and was not shameless like Long Hao.

If he really killed Lin Changqing, it would not be good for everyone, and it would also make things difficult for Li-er.

Therefore, Ye Yuan could not be bothered to kill him either.

However, Ye Yuan still wanted to let Lin Changqing know that not only was he, Ye Yuan, worthy of Li-er.

Furthermore, in this world, only he was worthy of Li-er!

Canceling the divine soul agreement, Lin Changqing was still somewhat in the clouds, feeling puzzled.

Could this guy really be a fool?

“Ye Yuan, have you thought carefully? If this sword of mine goes down, you’ll die!” Lin Changqing said in a solemn voice.

Ye Yuan laughed in spite of himself and said, “I’m just letting you take a look at how great the disparity between you and me is!”

Lin Changqing’s gaze turned cold and he said in a cold voice, “Since you’re bent on seeking death, I presume that Li-er won’t blame me either! Bluecloud Truefeather Sword!”

One sword unleashing, three kinds of power of laws interweaved together, virtually slicing space apart.

The incomparably swift and fierce sword light slashed through the void and headed straight for Ye Yuan!

Ye Yuan stood with his hands behind his back. Facing this astonishing sword, his expression did not change and his heart did not race, without the slightest intention of avoiding.

*Bang!*

The void trembled, the earth shook.

But Ye Yuan was as stable as Mount Tai, not budging an inch!

### Unrivaled Medicine God

#### **Chapter 2180: Repeated Blows!**

On Sunset Peak, everyone's expression became extremely fascinating!

This move that was an attack sufficient to cleave apart mountains actually did not leave any traces on Ye Yuan's body!

Similarly a Second Firmament Emphyrean, why would such a thing happen?

Only after a while did everyone come to realize the truth, cries of exclamations linking up.

"Really blinded my dog eyes! Martial Uncle Changqing wouldn't be intentionally going easy, right?"

"Facing a same rank opponent, no matter how weak the opponent, it's also impossible to be completely unscathed by standing there and letting the other party hit, right?"

"Martial Uncle Changqing fused three kinds of law powers. Even a Third Firmament Emphyrean also wouldn't dare to forcefully resist his attacks, right?"

... ..

Lin Changqing was a celestial figure in the eyes of these fellow sect members, an existence that they were unable to reach at all.

But today, Lin Changqing went all out and actually failed to leave behind any traces on his opponent's body.

This kind of impact was seriously too intense.

Lin Changqing had a blank face. Looking at the Ye Yuan who was proud and unmoving, he muttered, "That's impossible! This ... How is this possible? Bluecloud Truefeather Sword actually can't even leave a mark on his body?"

His words were full of a bitter flavor.

At this instant, he truly experienced the disparity between him and Ye Yuan.

Even just now, when Ye Yuan reached Second Firmament Emphyrean, he still had not despaired like so before.

He still felt that he could compete with him, and that he still had the right to speak as equals.

But at this very moment, the last of his pride was also crushed into pieces!

Ye Yuan was already powerful until it made him despair!

Suddenly, Ye Yuan raised his head to look at the sky and said coolly, "This brother, you watched the show for so long. Shouldn't you show yourself now?"

Everyone's expression changed and could not help looking around.

Sure enough, a middle-aged person slowly walked out of the void and lightly clasped his hands at Ye Yuan as he said, "Heavenly Emperor Fallen Maple's eldest disciple, Jun Mingxin, pays respect to the Priest Temple's Second Sage! Junior Apprentice Brother Changqing offended Second Sage; this emperor apologizes on his behalf! Many thanks to Second Sage for showing mercy!"

Ye Yuan nodded slightly and said coolly, "He's at any rate Li-er's senior apprentice brother too. On the account of Li-er's face, I spared his life, that's all."

Jun Mingxin smiled slightly and said, "Second Sage coming to Fallen Maple, our humble place is honored by your presence. Master is already waiting on the main peak. Second Sage, let us move now."

Ye Yuan nodded and said, "Alright, lead the way."

"Please!"

Jun Mingxing and Ye Yuan, one in front, one at the back, disappeared from Sunset Peak.

*Murmur!*

With this, Sunset Peak completely burst into an uproar.

"What did I see? Great Martial Uncle, an exalted Heavenly Emperor powerhouse, actually apologized to that young man?"

"What did Great Martial Uncle say? Second Sage? What's that?"

"Who the hell knows, but he's definitely an incredible existence! Otherwise, him being someone only at the Empyrean Realm, why would Great Martial Uncle treat him with such respect?"

... ..

Everyone clamored to get a word in, all speculating Ye Yuan's identity.

But their levels were too low and could not come into contact with Second Sage this concept at all.

Lin Changqing stood transfixed on the spot. Until now, he still had not reacted to what was going on.

Zheng Yufeng went up and patted his shoulder, saying with a sigh, "Actually, until just now, I still wasn't willing to believe that he was the Priest Temple's Second Sage, an existence whose status is second only to the Sacred Ancestor High Priest! Even the 11 great disciples are all beneath him!"

Lin Changqing's entire body trembled, using a look of disbelief to look toward Zheng Yufeng.

He cultivated bitterly in closed-seclusion these few years and completely did not know about the outside world's affairs.

But the Priest Temple, Sacred Ancestor High Priest, as well as what kind of figures the Sacred Ancestor High Priest's 11 great disciples were, he was aware.

Ye Yuan actually lorded above the 11 great disciples!

How was this possible?

Was this Ye Yuan really the same person as the ant that he had once seen before at the imperial city?

Zheng Yufeng looked at Lin Changqing somewhat sympathetically. He knew how great the blow this time was to Lin Changqing.

When an existence whom you once viewed as an ant suddenly stood in front of you

And used a gaze that looked down from a height to look at you, and you did not have the slightest strength leftover to resist.

That kind of despair was truly unable to use words to describe.

Only using a thousand years' time, not only did Ye Yuan complete an all-round transcending in terms of strength, but in terms of status, he also completed a super magnificent transformation.

Even his master would likely have to show Ye Yuan some respect too, right?

After all, Second Sage was not merely a simple person!

The status signified that Ye Yuan was the Priest Temple's number two figure, being an existence that no one could blaspheme!

"Also, that sword earlier, he was able to remain perfectly unharmed. He likely cultivated the legendary perfect seventh transformation golden body! Furthermore ... it doesn't seem to be just so simple! He said himself that he's also the Dragon Clan's Heaven Chosen Son!"

Zheng Yufeng could not quite bear to shoot down this junior apprentice brother, but some things, he had to let Lin Changqing know.

Because Lin Changqing's matters probably would not be left at this.

Ye Yuan not killing Lin Changqing, that was him being magnanimous.

But, Fallen Maple Bodhidharma provoked such a major god, could it be that it was left at that just like this?

Lin Changqing's gaze turned slack, he was virtually breaking down.

A thousand years later, the blow that Ye Yuan's transformation gave people was virtually catastrophic!

Heaven's chosen?

Truly laughable!

In front of such a monster, who dared to claim to be heaven's chosen?

Indeed, he and Ye Yuan were not people of the same world at all!

“These ... These 1000 years, what in the world happened? O-Oh right, where’s Junior Apprentice Sister Meng Li? Why didn’t she appear?” Lin Changqing suddenly thought of something and asked.

Zheng Yufeng opened his mouth, wanting to speak, but then he swallowed the words back.

... ..

Inside a great hall at the main peak, an old man sat up straight.

Ye Yuan followed Jun Mingxin and slowly walked in.

“Master, Second Sage has arrived!”

Ye Yuan clasped his hands and said, “I pay respects to Senior Fallen Maple!”

Fallen Maple’s gaze flickered slightly, and he said with a faint smile, “This emperor has long heard that Second Sage resolved the eternal chess game, Ask Not, and is the current generation’s number one alchemy outstanding figure. I didn’t expect that you were actually so young!”

Ye Yuan smiled and said, “Senior is too kind.”

Fallen Maple was slightly surprised in his heart, Ye Yuan had no joy nor sorrow on his face. It was as if he was a deep chasm.

As a Heavenly Emperor, he actually could not quite see through this young man.

On Ye Yuan’s body, there was not the slightest trace of a peerless heaven’s chosen’s wild arrogance, and also not the flippantness that a youngster should have.

Every movement and action was neither servile nor haughty.

Fallen Maple could not help sighing emotionally, Lin Changqing compared to Ye Yuan was like mud to cloud!

“*Huh*, Changqing this child was dotted rotten by this emperor, resulting in affronting Second Sage without regard to propriety. This emperor ... apologizes for him!” Fallen Maple said with all smiles.

Ye Yuan’s brows furrowed slightly. He kept feeling that something was not quite right.

Ever since entering Fallen Maple Bodhidharma, the commotion that he caused was not considered small. Even Fallen Maple was alarmed, so there was no reason for Li-er to not know!

Fallen Maple would not be unaware of his intentions for coming, but he used Lin Changqing’s behavior to talk about things.

Something fishy!

“Senior Fallen Maple, I came for Li-er. I presume that you’re also awake. I wonder where Li-er is at right now? This Ye wishes to meet her!” Ye Yuan said.

“This ...” Fallen Maple’s face revealed a look of difficulty.

Ye Yuan’s heart tightened, and he said in a solemn voice, “What’s wrong with Li-er?”

Fallen Maple knew that he could not hide it and said with a slight sigh, "Li-er she ... went missing!"
