### Unrivaled Medicine God

#### Chapter 2181: Move Aside!

“What? Went missing?”

Ye Yuan suddenly stood up, his eyes full of fury.

A horrifying aura surged to the sky, practically going to turn the entire hall upside down.

He went through countless hardships and stood here, standing in front of Heavenly Emperor Fallen Maple, but the other party told him and Li-er went missing!

This result, he was somewhat unable to accept it.

When Fallen Maple and Jun Mingxin saw this scene, they also could not help being secretly startled.

Especially Jun Mingxin, only at this time did he know that when Ye Yuan was facing Lin Changqing previously, he did not use his full strength at all!

A Second Firmament Emphyrean actually had such power.

“Second Sage don’t get angry first. Please listen to this emperor explaining until the end,” Fallen Maple slowly said.

Ye Yuan forcefully suppressed his fury and said in a solemn voice, “You say!”

Fallen Maple slowly stood up and said, “Follow me!”

As he said, he flicked his sleeves grandly and brought Ye Yuan into a room.

Upon entering the room, a pungent and nose-piercing smell hit him head-on.

Ye Yuan’s brows furrowed, and he saw a person lying on the bed.

That person was unbearably rotten from head to toe, riddled full of holes, just like a cankered corpse.

When Ye Yuan looked over, he saw that that person’s breathing was akin to gossamer, merely still hanging in there with one last breath.

By the side, a thin and emaciated old man was currently spraying dew on the person’s body and turned a blind eye to the few people who just arrived.

Ye Yuan looked toward Fallen Maple, waiting for his explanation.

“He’s called Zhuo Yuanzhi. He’s this emperor’s disciple. Ten years ago, Angry Nether River was cut off and Blackflame Cave emerged. The surrounding hundred great imperial capitals turned into dead cities. Everybody said that that’s a Heavenly Emperor’s cave abode, attracting countless powerhouses over. The surrounding seven great Heavenly Emperor Bodhimandas around Blackflame Cave all sent people to investigate, but in the end ... not a single one came out! The number of Emphyreans that went missing was likely as many as hundreds!” Fallen Maple said with a sigh.

“Just a year ago, there were suddenly several people who escaped from Blackflame Cave. Junior Apprentice Brother Yuanzhi was one of them. It’s just that after he returned to Fallen Maple Bodhidharma, his entire person fell unconscious. In this one year, Martial Uncle Tan Yi exhausted all kinds of means and was also unable to curb the decay of Junior Apprentice Brother Yuanzhi. At the rate of this situation, he probably can’t last a month anymore.” Jun Mingxin followed up.

Ye Yuan’s brows furrowed slightly and he said unhappily, “Your Heavenly Emperor Bodhimandas have so many heavenly emperors, so why make a bunch of empyreans go and seek death?”

Jun Mingxin smiled bitterly and said, “Not that we weren’t willing to go, but that the Blackflame Cave’s entrance is extremely unstable. Forget about heavenly emperors, even if late-stage Empyreans were to pass through, the cave entrance would likely collapse at once! That way, there would really be no hope at all.”

Pausing for a bit, Jun Mingxin continued, “You don’t need to suspect anything. These few years, Master has always viewed Junior Apprentice Sister Meng Li in a different light. Her cultivation resources even make many junior apprentice brothers envious. But she’s the little junior sister, and she’s also pretty. So nobody haggled over these with her. The mission this time, Junior Apprentice Sister Meng Li also took the initiative to volunteer for it. But we did not expect that this kind of thing happened.”

Hearing these, Ye Yuan finally calmed down slightly.

His gaze looked towards Zhuo Yuanzhi and he said in a solemn voice, “In that case, the crux lies with him?”

Fallen Maple nodded slightly and said, “If Yuanzhi can wake up, we should be able to know the events that happened inside Blackflame Cave.”

Ye Yuan did not say another word, came beside Tan Yi, and said in a solemn voice, “Move aside!”

Tan Yi’s brows furrowed and he said unhappily, “Where did this little rascal come from? To dare speak to this emperor like this?”

This Tan Yi was Fallen Maple’s junior apprentice brother, an Eight-star Alchemy God super existence!

But such a powerhouse was being ordered around by Ye Yuan, how could he not be enraged?

Except, the current Ye Yuan could not be bothered to talk crap with him at all, and he said in a solemn voice, “Orthodox Jade Illusory Dew can indeed revive the dead, but your medicine isn’t matching the syndrome. Keep doing this and he’ll be dead!”

Being shot down by a junior so mercilessly, Tan Yi’s beard billowed.

But Ye Yuan being able to recognize the Orthodox Jade Illusory Dew at a glance still made him slightly surprised in his heart. He knew that Ye Yuan was a practitioner and definitely had extraordinary attainments in alchemy.

It was just that this brat being so wildly arrogant made him very displeased.

He snorted coldly and said, "Junior, this emperor has lived to this ripe old age and has never seen this kind of strange poison before! This Orthodox Jade Illusory Dew is already the most ideal prescription! Could it be that you still have a better option?"

Ye Yuan said coolly, "Therefore, please move aside!"

Tan Yi nearly choked to death from anger and was just about to fly off the handle, but then he heard Fallen Maple say, "Junior Apprentice Brother, this is the Demon Clan's Priest Temple's Second Sage, with his alchemy strength being unparalleled under the heavens! Perhaps ... he can save Yuanzhi; who knows?"

Tan Yi's pupils constricted, only then, sizing Ye Yuan up seriously.

He had never heard before Second Sage, but the Priest Temple was very famous.

This brat was the number one person beneath Sacred Ancestor High Priest?

How was this possible?

"Second Sage? *Heh heh*, this emperor wants to take a look at how much ability the Priest Temple's Second Sage has!" Tan Yi said with a cold laugh.

Ye Yuan's current thoughts were not on him at all, he just said coolly, "You just watch and that will do."

Ye Yuan came in front of the bed and fired out a strand of chaos divine essence, entering into Zhuo Yuanzhi's body.

This wisp of divine essence circled five rounds within Zhuo Yuanzhi's body and also did not find where the slightest problem lay.

He only felt that Zhuo Yuanzhi's bodily functions were rapidly falling. An irresistible decaying energy seeped out of every pore on his body.

Ye Yuan's brows furrowed tighter and tighter.

Tan Yi smiled coldly when he saw the situation and said, "Brat, even if you're some dogshit Second Sage, you're also looking down on Eight-star Alchemy Gods too much! Yuanzhi's body, this emperor has already checked it no less than 20 times, but failed to get anything! It's not some corpse poison and he also wasn't inflicted with some poison. It's just like he's rotting out of the blue. Did you also discover that it's like this?"

A hint of disappointment also flashed across Fallen Maple's eyes.

He heard that Ye Yuan was Second Sage, so that was why he felt that there was some hope.

So he did not expect that it would not cut it either.

Ye Yuan could not be bothered with Tan Yi's mocking. The seals in his hands suddenly changed irregularly, inside the house suddenly became a sea of stars.

Chaos Heavenly Star Art!

Tan Yi's pupils constricted, immediately discovering that Ye Yuan's alchemy technique was extraordinary.

Broad and profound like the sea!

This was Tan Yi's feeling.

Ye Yuan's hands moved like lightning, one stream of chaos divine essence after another was sent into Zhuo Yuanzhi's body.

Zhuo Yuanzhi's body actually slowly suspended into the air and gave off a faint silver light.

Seeing this scene, the three Heavenly Emperor powerhouses in the house exchanged sidelong glances, struck dumb with amazement in their hearts.

Was this Second Sage's strength?

Actually, when Fallen Maple saw Ye Yuan for the first time, he also had a feeling of young people could not be trusted with important tasks.

After all, being called Second Sage at this age was a little too inconceivable.

But now, his doubts were all gone!

The understanding of Dao that Ye Yuan exhibited was extremely deep.

"At a young age, he actually already comprehended his own Dao! This kid is truly a freak!" Tan Yi cried out involuntarily.

Right at this time, a brilliant light flashed in Ye Yuan's eyes, and he said with a cold smile, "What a cunning thing, turns out that it's actually hiding here! Come out for me!"

Ye Yuan struck a palm out, directly smashing down toward Zhuo Yuanzhi's head.

Tan Yi and the rest turned pale with fright and were just about to stop him, but then they saw a dark thing suddenly fly out!

### Unrivaled Medicine God

#### **Chapter 2182: Devilish Monster Appears**

The dark thing vanished after a flash, being unimaginably swift, directly shuttling into the void.

The three great Heavenly Emperors were caught by surprise and could not even react in time.

However, Ye Yuan was long prepared, his mouth opening slightly.

"Immobilize!"

Ye Yuan uttered the true word, it was as if time stopped.

That black bug had not escaped yet and was immobilized in midair.

The three great Heavenly Emperor's eyes went wide, looking at this scene in disbelief, and actually forgot to make a move for a moment.

“Still in a daze for?” Ye Yuan shouted coldly.

Fallen Maple suddenly woke up. Pointing at the void, a powerful restriction directly spread out, thoroughly imprisoning the black bug.

This was an Empyrean level black bug. With Ye Yuan’s strength, it was very hard to bind it. That was why he had Fallen Maple take action.

Ye Yuan’s gaze looked over toward the black bug, but the three great Heavenly Emperors’ gazes stared fixedly at Ye Yuan. It was as if they were looking at a monster.

The impact that the scene just now gave the three of them was seriously too strong!

Time and space froze at the same time!

Even Jun Mingxin was also affected by Ye Yuan’s Time Freeze, his movement being sluggish for an instant.

As for Fallen Maple and Tan Yi, the influence was negligible.

The two of their strength were too powerful.

But this did not hinder their shock!

“Heavenly Dao True Word! It’s actually Heavenly Dao True Word! An Empyrean Realm actually grasped Heavenly Dao True Word!” Fallen Maple sucked in a cold breath and cried out in surprise.

“How can this kid possibly grasped Heavenly Dao True Word?” Tan Yi said in surprise.

“What a formidable Heavenly Dao True Word! Just now, I was actually frozen for a moment!” Jun Mingxin said in shock.

Ye Yuan was still unaware, looking at the black bug, his expression increasingly solemn.

The aura that this black bug emitted, he was very familiar!

“This is ... *mn*? All looking at me for what?” Ye Yuan turned around and was just about to discuss with the three people, but then he saw that the three people were currently using extremely strange gazes to look at him.

What do you think?

You freaking did such a heaven-defying move and still did not allow us to be surprised?

The three great Heavenly Emperors were rendered speechless.

Invisible posturing was the most lethal!

“Just now, what was that move of yours?” Fallen Maple asked.

Ye Yuan was taken aback and said, “You’re talking about Time Freeze? That’s the dragon race’s innate divine ability! Could it be that Zheng Yufeng didn’t tell you that I’m the Dragon Clan’s Heaven’s Chosen Son?”

Ye Yuan had an appearance of them getting excited over nothing.

Since he threw this title out, he was naturally not some nameless person in the Dragon Clan. Wouldn't possessing one or two powerful divine abilities be something very normal?

It was just that these people completely did not take his latter identity seriously.

"Time Freeze ... the Dragon Clan's Heaven's Chosen Son ..." Fallen Maple muttered under his breath, clearly not knowing what this Heaven's Chosen Son meant.

The Dragon Clan, this kind of demon race with a supreme bloodline, each one was incomparably mysterious.

In the Heavenspan World, even for Heavenly Emperor major powerhouses, very few could know about the secrets involved.

The title of Second Sage was resounding like the roar of thunder to them, resulting in overlooking the identity of the Dragon Clan's Heaven's Chosen Son.

But now, Fallen Maple knew that Heaven's Chosen Son was absolutely an identity that could rival Second Sage!

Just based on this move!

This person in front of him was truly a monster that was beyond words!

What kind of eyesight did Yue Mengli have? To find such a peerless monster?

With Ye Yuan, who could still enter her eyes?

Thinking up to here, Fallen Maple could not help pitying his disciple.

But Ye Yuan waved his hand and said, "This isn't important! What's important is that ... this black bug is strange!"

The faces of Fallen Maple and the rest turned stern and asked, "*Oh?* What's strange?"

Ye Yuan said, "This thing is called an abyss monster!"

That was right! The aura coming off of this black bug was precisely the aura of an abyss monster!

Ye Yuan did not expect to actually see an abyss monster here.

Weren't these monsters suppressed in the Dragon Eye Cave by the Dragon Clan's major powers?

Could it be that ... Li-er got caught in that kind of terrifying place?

Thinking up until here, Ye Yuan wished to fly to the Blackflame Cave immediately.

"Abyss monster? Never heard of this thing before!" Fallen Maple said with a blank face.

Ye Yuan flicked his finger and shot out a streak of sword energy, directly annihilating the black bug, and said in a solemn voice, "You don't need to know too much. You just have to know that these things are

very dangerous, and that will do! Once these things run to the outside world, the people will be plunged into misery and suffering!”

Suppressing abyss monsters was the Dragon Clan’s secret, the outside world did not know at all. Ye Yuan naturally would not spread it either.

But this thing suddenly appeared in the Heavenspan World, so it was clearly not a good omen.

Hearing this, the three people’s expressions were strange. But Ye Yuan already returned to the head of the bed and continued exhibiting the Chaos Heavenly Star Art.

His Chaos Heavenly Star Art was all-inclusive, it could be said to have assembled the major accomplishments of his Alchemy Dao. Using it to shave the bone and heal the injury was naturally a cinch too.

Under the Chaos Heavenly Star Art, everything had nowhere to hide. Only then did Ye Yuan discover that this little abyss bug actually hid inside Zhuo Yuanzhi’s sea of consciousness, being extremely covert.

It was also no wonder that Tan Yi, this Eight-star Alchemy God, did not discover it.

After a day and night, Zhuo Yuanzhi’s decaying body actually started to slowly take a turn for the better.

That feeble aura of his actually slowly rose again too.

When Tan Yi saw this scene, his eyes became wide saucers!

“What an overbearing alchemy technique, to actually have such a miraculous effect! No wonder! No wonder Sacred Ancestor High Priest that kind of powerhouse actually viewed him in a different light, and he bestowed him the title of Second Sage!”

Another two days passed, Zhuo Yuanzhi finally slowly opened his eyes.

Seeing this strange man in front of him, Zhuo Yuanzhi felt as if he was dreaming.

“Zhuo Yuanzhi, let me ask you. How is Li-er doing now?” The moment Zhuo Yuanzhi woke up, Ye Yuan was too impatient to wait and asked.

Zhuo Yuanzhi clearly had not woken up from the nightmarish state yet as he murmured, “L-Li-er?”

Ye Yuan said in a solemn voice, “It’s Yue Mengli! Didn’t you guys enter the Blackflame Cave together? Where is she now? Is she still alive?”

Zhuo Yuanzhi’s eyes gradually focused, akin to waking up from a dream.

He struggled to recall the situation at that time, his gaze gradually becoming frightened.

“Ahh! Don’t come over! Don’t come over! I ... I’ll kill you all!”

Zhuo Yuanzhi seemed to have recalled some terrifying scene, his entire person became crazed, and he suddenly struck a palm out.

A terrifying force erupting at such a small distance, it could be seen how horrifying the power was.

But while he was quick, Ye Yuan was faster!

Zhuo Yuanzhi's force had not spat out yet, but Ye Yuan reached first despite launching later, pointing a finger out, directly restraining him.

Then, an extremely powerful soul force burrowed into Zhuo Yuanzhi's sea of consciousness domineeringly.

"Ye Yuan, what are you trying to do?" Fallen Maple said in alarm and anger.

Casting soul search, the damage to a person was irreversible.

But this scenario happened too suddenly. It was already too late for them to want to stop it.

Interrupting Ye Yuan at this time, it would be even more hopeless to salvage the situation for Zhuo Yuanzhi.

"Shut up! He'll be fine!" Ye Yuan said in a solemn voice.

Following that, one scene after another surfaced in Ye Yuan's mind.

After essence, energy, and spirit became one, Ye Yuan's divine soul strength became even more condensed and powerful.

Under the circumstances of Zhuo Yuanzhi being unconscious, Ye Yuan searching his divine soul would not cause harm.

Except, this scene in the view of Fallen Maple and the rest was something inconceivable.

### Unrivaled Medicine God

#### **Chapter 2183: Entering Blackflame Cave**

Tan Yi looked at Ye Yuan, his expression changing again and again.

He had always been paying attention to Zhuo Yuanzhi's activities and discovered that Zhuo Yuanzhi's divine soul did not get any damage.

Such terrifying divine soul control was simply inconceivable.

Even he, this Eight-star Alchemy God, could not achieve such precise control too.

"This ... Is this the standard of Second Sage?"

Starting from when Ye Yuan stepped into this room, the few things that he did made him, this Eight-star Alchemy God, feel ashamed of his unworthiness.

Only then did he truly realize what kind of existence Second Sage was!

Fallen Maple's expression was somewhat ugly as he said with a bitter smile, "Just what kind of a monster did Mengli this lass take fancy on? Back then, I was still intent on matching her with Changqing. Thinking about it, it's really laughable!"

Lin Changqing and Yue Mengli two people were Fallen Maple Bodhidharma's golden child and jade girl.

Unconsciously, everyone had long already treated them as lovers, Fallen Maple was no exception either.

Toward these two disciples that he was most proud of, Fallen Maple naturally consciously or even unconsciously wanted to matchmake the two of them.

It was just that for so many years, Yue Mengli had always kept Lin Changqing at a distance.

Fallen Maple knew that Yue Mengli had Mister Right in her heart, so he did not mind either.

In his view, when Yue Mengli reached great heights in the future and became a supreme Heavenly Emperor together with Lin Changqing, why would she place a mortal in her sights?

But Fallen Maple never dreamed that the mortal he knew only used a short thousand years' time and stood in front of him.

Although his strength was far inferior to his, in terms of status, it was already sufficient to stand on equal footing with him!

Furthermore, the strength that he displayed, even they all, these Heavenly Emperors, had to look up to as well!

Achieving the position of a sovereign in the future was just a matter of time.

His previous idea naturally became a joke.

After a while, Ye Yuan let go of Zhuo Yuanzhi, the expression on his face became solemn.

From Zhuo Yuanzhi's memories, he saw that Li-er just happened to be pursued by several abyss monsters at that time.

Those Empyrean powerhouses had never seen before such a ferocious species, all fleeing helter-skelter.

The events that happened later, Zhuo Yuanzhi did not know anymore.

"Senior Fallen Maple, thank you for your hospitality. This Ye wants to set off for Blackflame Cave at once. Farewell!" Ye Yuan clasped his hands and was about to leave.

"Hang on!" Fallen Maple hurriedly stopped Ye Yuan and said, "Actually, our seven great Heavenly Emperor Bodhimandas have already reached a consensus. We plan on sending elite disciples over to Blackflame Cave this time to investigate thoroughly. Our Fallen Maple Bodhidharma plan on sending Yufeng and another Empyrean Realm disciple over. Why don't ... Second Sage go together with them?"

Ye Yuan shook his head and said, "They do theirs. I'll go on my own."

Ye Yuan was currently burning with anxiety, delaying for a moment more and Li-er would be in more danger.

He could not wait for a second longer.

Fallen Maple knew what Ye Yuan was thinking and said, "Actually, Yufeng they all are all set already. If not for Second Sage suddenly coming up the mountain, they might have already set off at this time. Since Second Sage wants to go, this emperor will have them set off at once, how's that?"

Ye Yuan thought about it and said, "Fine as well!"

On Sunset Peak, Zheng Yufeng brought four Empyrean powerhouses and prepared to set off with Ye Yuan.

These five Empyreans were shockingly all middle-stage Empyrean Realm powerhouses!

The few people were just about to set off when suddenly, a figure blocked their path.

It was none other than precisely Lin Changqing!

Lin Changqing directly knelt down toward Fallen Maple and gritted his teeth and said, "Master, please let Changqing go along!"

Fallen Maple said unhappily, "Nonsense! The Blackflame Cave is very dangerous, even if your Senior Apprentice Brother Yufeng went, Master is also filled with anxiety, let alone you? Go back!"

Lin Changqing had reddened eyes as he gritted his teeth and said, "If Master doesn't let me go, I'll kneel down and not get up!"

Fallen Maple was just about to fly off the handle, but he heard Ye Yuan said coolly, "Senior Fallen Maple, let him go."

Fallen Maple let out a sigh and waved his hand powerlessly and said, "*Sigh*, foolish! Go then, go on!"

With his eyesight, how could he not tell that Lin Changqing was going for the sake of Yue Mengli?

It was just that ...

Fallen Maple gave Ye Yuan a glance and took a look at Lin Changqing again, finally, it turned into a long sigh.

... ..

The group of people marched day and night without rest, with stars as a cloak and the moon as a hat, spending half a month's time, and finally rushed to Angry Nether Riverbank.

Angry Nether Riverbank was presently already the various major faction's forbidden ground.

But at this time, there were still many powerhouses surrounding and watching at the river.

These people were mostly Empyrean Realm powerhouses that came from the various major forces.

On the river, there was an enormous and dark cave entrance. There was dense black aura smoking around it. It was as if it was a prehistoric behemoth about to devour everything.

"Zheng Yufeng, why is your Fallen Maple Bodhidharma dragging your feet, only arriving now?" At this time, a middle-aged man came up and said to Zheng Yufeng.

Zheng Yufeng said, "Brother Li Yue, we were delayed for a while by some matters, hence, we came late."

Li Yue took a look at Ye Yuan and Lin Changqing behind Zheng Yufeng and said with a frown, "Isn't it agreed to only send middle-stage Empyrean Realms over? You guys brought two burdens. At that time, we'll still have to divide our attention to take care of them! Lin Changqing, this brat too, the two of you stay behind!"

When Lin Changqing heard that, his expression could not help changing.

He was indeed a genius, but his strength had not truly become powerful yet.

In front of Li Yue, he was still a junior!

While Ye Yuan behaved like he did not hear it at all, slowly walking to the riverbank, and sized up the Blackflame Cave's entrance seriously.

A very familiar feeling!

He had stayed for as long as ten years in Dragon Eye Cave and absorbed countless devilish energy.

But the strength of this devilish energy was much weaker compared to the Dragon Eye Cave.

Just as Fallen Maple said, this cave entrance was extremely unstable. Late-stage Empyrean powerhouses entering inside would probably make space collapse too.

When Li Yue saw Ye Yuan ignore him, he said with an unhappy look, "Hey, brat, this empyrean is talking to you. Didn't you hear?"

Ye Yuan could not be bothered to care about him and turned to Lin Changqing and said, "Follow me!"

Finished saying, Ye Yuan stepped onto the void and arrived above the river.

Lin Changqing was taken aback when he heard that, his face revealing a look of struggle.

But very soon, he clenched his jaws and followed after.

Li Yue was unhappy to begin with. Seeing this scene, he sneered coldly and said, "Zheng Yufeng, why did your Fallen Maple Bodhidharma bring a fool over? He wouldn't want to enter the Blackflame Cave just like this, right? The devilish energy there, if there isn't our restriction, it's sufficient to devour Empyrean Realm martial artists! This guy is seeking death!"

Zheng Yufeng also had a look of puzzlement and yelled in a clear voice, "Brother Ye, this devilish energy is extremely formidable and has already devoured many Empyrean powerhouses!"

Ye Yuan did not even turn his head back and said coolly, "I'll go in and take a look first. You guys just hurry up!"

Li Yue laughed loudly when he heard that and said, "Foolish thing! If you can enter, this empyrean will chop my head off for you to kick as a ball!"

Just as he was talking, Ye Yuan already arrived at the Blackflame Cave's entrance.

Endless devilish energy rushed toward him and Lin Changqing frenziedly.

Lin Changqing jumped in fright and hurriedly revolved his cultivation method, wanting to resist the devilish energy.

Right at this time, Ye Yuan's Chaos Heavenspan Canon activated. The devilish energy poured into his body crazily.

When the Lin Changqing following behind saw this scene, his eyes became wide saucers.

Li Yue opened his mouth wide, virtually able to stuff a fist in.

### Unrivaled Medicine God

#### **Chapter 2184: Abyss Monsters Strength!**

“This ... This guy is actually absorbing devilish energy!”

“He absorbed so much in one go and actually didn’t blow up and die!”

“Could it be that his body is forged from meteoric iron?”

... ..

Under the watchful gazes of the people, Ye Yuan brought Lin Changqing and slowly walked into the Blackflame Cave.

That appearance was like strolling in his own backyard.

The eyeballs of those Empyrean powerhouses all stared widely.

Devilish energy was extremely berserk in nature. Forget about absorbing like Ye Yuan; just absorbing a trace in, the consequences would be too ghastly to imagine too.

When Zheng Yufeng saw this appearance, he could not help having a bitter smile on his face.

Looking at Li Yue again, he said with a snicker, “Li Yue, what were you saying just now?”

Li Yu abruptly woke up and said with a look of embarrassment, “Ah? Oh, n-nothing! I didn’t say anything!”

Seemingly afraid of everyone continuing to ask, he said ferociously.

At this time, someone suggested, “This matter brooks no delay. We’d better hurry up and seal these devilish energies and enter the Blackflame Cave!”

Everyone naturally did not have objections.

With seven major forces, more than 40 middle-stage Empyrean Realm powerhouses took action.

How shocking was this commotion?

Everyone joined hands and laid down an enchantment, temporarily partitioning off the devilish energy.

Bustling around for roughly two hours, the enchantment was finally completed.

Only then did the group of Empyreans enter Blackflame Cave.

Upon entering Blackflame Cave, this was totally different from the outside world’s heaven and earth.

This place had black smoke coiling around, dim without light, looking grim and terrifying.

Li Yue and everyone had naturally never seen before such a place.

“What kind of damn place is this?” Li Yue said with a frown.

Zheng Yufeng also had a solemn look as he said, "Don't know, but ... it's definitely not a good place. Everybody, be more careful!"

"This place is the abyss monsters' world!"

At this time, a voice sounded out. Two figures slowly walked over from afar. It was precisely Ye Yuan two people.

Behind Ye Yuan, Lin Changqing's eyes never left Ye Yuan's body, his gaze full of terror.

"Abyss monster? What the hell is that?" Li Yue said in confusion.

The other Empyreans were also at a loss. Clearly, they had not heard of abyss monsters before.

Ye Yuan said coolly, "It's an extremely powerful race. All in all, everyone, just be more careful."

Li Yue said with a disdainful look, "Extremely powerful race? *Huhu*, how powerful can it be? This Heavenspan World is ruled by our human race! Even the demon race and fiend race also have to stand by the side!"

Another Empyrean said, "*Huhu*, this little brother is also exaggerating things to raise an alarm! There are so many of us middle-stage Empyrean Realm powerhouses here. Even if a late-stage Empyrean came, we might also not be without the strength to fight. What's there to be scared of?"

As an Empyrean, each person had their own pride.

Let alone that here were the proud heaven's chosen of seven great Heavenly Emperor Bodhimandas, each and every one of them having numerous trump cards. Why would they mind some abyss monsters?

Ye Yuan's few words, they did not take it to heart at all.

Li Yue's thinking actually also represented the thoughts of the vast majority of the Empyreans.

Not that they did not know that this place was dangerous, but that they were very confident in their own strength.

After all, those who came before were all some initial-stage Empyrean Realm disciples. Furthermore, the numbers were also far from as many as this time.

"Is that so? Then let's go!" Ye Yuan showed neither approval nor disapproval. He turned around and advanced.

Li Yue's mouth curled, and he said unhappily, "What a cocky kid!"

The party headed towards the depths when everyone's faces suddenly became fascinating.

Along the way, there were the corpses of black monsters strewn all over the ground.

The auras of these monsters were all very powerful. The vast majority of them were at the True God Realm. There were also quite a few at the Empyrean Realm.

These monsters had clearly just died not long, but they all had a common characteristic.

There was a large hole opened up in their heads!

Then, who killed these monsters?

As plain as day!

Everyone's gazes all looked toward Ye Yuan.

Apart from this brat, who else could there be?

Everyone was secretly surprised in their hearts, in merely less than two hour's time from start to end, this kid actually killed so many abyss monsters?

But Li Yue smiled coldly and said, "A Second Firmament Empyrean can kill so many monsters. So how strong can these monsters be? *Heh heh*, this brat wants to stand in the limelight and intentionally said these monsters to be very strong! In my view, it's merely thus!"

Another Empyrean also nodded and said, "Killing so many in one go, these monsters' strength, they are likely even inferior to ordinary same rank humans. But the numbers of these monsters are too many, we'd best be more careful."

The group of Empyreans all nodded, the number of these monsters was indeed a little too many.

But looking at this, Ye Yuan's strength was still pretty good. It was just that no one was willing to admit it, that was all.

Lin Changqing opened his mouth, wanting to say something, but he did not say it out in the end.

Ye Yuan also could not be bothered to dispute anything. His attention was placed on the terrain.

He was searching for the scene when Li-er went missing according to Zhuo Yuanzhi's memories.

Roughly more than an hour's journey, the dead bodies on the ground gradually lessened.

Very clearly, this place was already the limits where Ye Yuan could scout.

Ye Yuan secretly went on alert. The abyss monsters in the outer regions were mostly not strong. But the deeper in, the strength of the abyss monsters gradually grew stronger.

*"Roar, roar, roar!"*

Finally, a group of abyss monsters of varying shapes and sizes dashed out, pouncing toward this group of people frenziedly.

These abyss monsters were extremely ferocious, their strength also extremely strong. There was quite a number of them that were Third Firmament Empyrean existences.

Li Yue just laughed coldly and said with disdain, "A bunch of trash! This bit of strength and they also dare to come up and court death! Truly a bunch of foolish things!"

Done talking, his finger pointed lightly. An incomparably swift and fierce gust of air struck one of the leopard-shaped abyss monsters.

*Bang!*

That abyss monster cried out strangely and rolled a few times on the ground, slipping away with a scamper.

Clearly, he realized Li Yue's power.

But Li Yue's expression changed. His gaze revealed a solemn look.

He was a Sixth Firmament Empyrean mighty expert. That finger just now, even if a Fourth Firmament Empyrean took it, it would also be serious injuries if not death!

But this abyss monster actually slipped away completely fine.

These monsters were actually so strong?

When he looked toward his companions around him again, he discovered that those Fourth Firmament Empyrean human martial artists were actually evenly matched in strength with those Third Firmament Empyrean abyss monsters!

A wave of cold air rose up in Li Yue's heart.

At the same time, it also rose up in everyone's hearts.

Only when they truly fought did they know how powerful these abyss monsters' strength was!

A Third Firmament Empyrean forcefully contending with a Fourth Firmament Empyrean?

These abyss monsters could actually jump realms to face the enemy!

Jumping realms to battle in Empyrean Realm, furthermore, they were even elites among human martial artists.

This scene simply subverted these Empyreans' understanding!

"Kill!" The few leaders' faces fell, and they took action and made a move.

With Fifth Firmament and Sixth Firmament Empyrean powerhouses making a move, the show in power was different now.

In an instant, those abyss monsters sustained casualties and retreated one after another.

But the expressions of these Empyreans became incomparably solemn.

At this time, somebody looked at Ye Yuan again and could not help sucking in a cold breath!

#### **Chapter 2185: Want to Die or Live**

Only then did everyone realize what kind of concept Ye Yuan exterminating hundreds of abyss monsters in an hour was.

Among these hundreds of abyss monsters, there were even many that were Empyrean level.

If looking at the situation of the fight just now, even a First Firmament Empyrean monster could also forcefully contend with a Second Firmament Empyrean existence.

Under the corroboration of the two, just what kind of inconceivable thing had Ye Yuan done?

More importantly, he only used two hours!

These Fourth Firmament Empyreans weighed themselves over, if they fought alone, it would absolutely be a dogfight, taking a very long time.

Just how strong was this brat's strength?

Previously, they all did not pay attention to the look in Lin Changqing's eyes at all.

But now, they finally understood!

This kid must have seen something remarkable.

"Changqing, what in the world did you see?" Zheng Yufeng pulled Lin Changqing to one side and asked softly.

Even if so long had passed, Lin Changqing was still in the midst of shock.

Prior to this, he did not know how strong Ye Yuan was.

But when he witnessed Ye Yuan butchering these abyss monsters, he finally understood that he and Ye Yuan were already people from completely different worlds!

"A massacre! A complete massacre! Those Second Firmament Empyrean abyss monsters couldn't last one exchange under his hands at all! He only needed one punch to annihilate the other party!" Lin Changqing said.

Ye Yuan could annihilate a Second Firmament Empyrean abyss monster with one punch, wanting to kill him was clearly just a matter of snapping a finger.

Just what kind of freak did he provoke?

No wonder Junior Apprentice Sister Mengli had always maintained a distance from him. No wonder even though he was so outstanding, Junior Apprentice Sister Mengli had always been aloof and indifferent.

It turned out that she actually had such a monstrous lover!

With such a man, how could he still enter her eyes?

Genius?

This term was a pile of dog shit in front of Ye Yuan!

Zheng Yufeng's pupils constricted and he cried out in surprise, "Massacre? Doesn't that mean that he has at least peak Third Firmament Empyrean combat strength?"

But Lin Changqing shook his head and said, "I suspect that it's more than that!"

*"Hiss!"*

Everyone sucked in a cold breath.

No wonder this guy was so arrogant! He really had the capital to be arrogant!

At this time, no one treated Ye Yuan as a junior anymore.

Being able to exterminate so many abyss monsters with his power alone, it would also absolutely not be as effortless as Li Yue they all, these Sixth Firmament Emphyreans.

Li Yue's gaze glimmered slightly, and he said in a solemn voice, "Why would these monsters be so strong, it's completely illogical! No wonder the Emphyrean Realm martial artists that entered this place before, none of them returned!"

Zheng Yufeng nodded and said, "What Brother Ye said earlier is right. Our mission has to be done cautiously. If the matter can't be accomplished, we must withdraw straight away."

Actually, everyone already somewhat wanted to beat a retreat.

But there was no harvest until now. They could not give an account after returning to their respective factions either, so they could only toughen their scalps and carry on walking.

However, what surprised everyone was that the journey that followed was unexpectedly calm. There were actually no abyss monsters coming to attack them again.

But it was precisely because of this that the uneasiness in everyone's hearts grew stronger.

Li Yue's heart was somewhat racing as he asked, Ye Yuan, "Boy, have you seen these monsters in the past before?"

Ye Yuan nodded and said, "Seen before!"

"Just what are these monsters? Also, where have you seen these monsters before?" Li Yue asked.

Ye Yuan said coolly, "No comments."

"You!" Li Yue could not help choking when he heard that and said angrily, "Cocky for what? You punk, not only have you seen these monsters before, you can even absorb devilish energy! In my view, you're definitely together with the monsters!"

The moment these words came out, the group of Emphyreans involuntarily pulled apart some distance from Ye Yuan.

Indeed, Li Yue's random guess made everyone give rise to suspicion in their hearts.

Ye Yuan was too peculiar!

When Li Yue saw that he isolated Ye Yuan with one sentence, he could not help feeling smug in his heart.

Who knew that Ye Yuan simply ignored him and walked forward without consulting anyone.

Li Yue was thoroughly infuriated by Ye Yuan's action of overlooking.

"Brat, this emphyrean is talking to you. Didn't you hear?" Li Yue said in a great rage.

Ye Yuan still ignored him. How could he know that Ye Yuan was currently not in the mood to play this sort of game with him at all?

All of his thoughts were placed on looking for Li-er.

Regarding the clues and inklings around, Ye Yuan would not let any of it go.

It was just too bad that up until now, Ye Yuan did not discover any situation.

Under his rage, Li Yue's aura erupted, and he was about to make a move against Ye Yuan.

But right at this time, a streak of black light flashed past in the dark night!

*Bang!*

The place where Ye Yuan was standing actually had a large pit blasted out.

Everyone's expression changed. They saw an abyss monster standing at the place where Ye Yuan stood previously.

While Ye Yuan's figure was already gone.

Could it be that ... Ye Yuan was killed just like that?

However, they did not have time to think too much. Because a large group of abyss monsters suddenly scurried out around them!

There were as many as several dozen!

Furthermore, the aura of each one was very strong, they were actually all middle-stage Empyrean Realm strength!

The expressions of the group of Empyreans changed wildly.

They were surrounded!

A despairing mood spread among the Empyreans.

These were all middle-stage Empyrean Realm abyss monsters. Judging from the situation that they encountered previously, they did not have the slightest chance of victory at all.

"You guys came right on time. Let me ask you. Have you all seen this human female before?"

Suddenly, a figure flashed at the top of a tree, Ye Yuan condensed Yue Mengli's image with divine essence.

But his words were asked at the abyss monster who ambushed him previously with a divine soul brand.

He had also asked before those Empyrean level abyss monsters previously, but those abyss monsters did not know at all.

Now, encountering these stronger abyss monsters, Ye Yuan asked once more.

*"Hahaha ... human brat, why should this empyrean answer your question? Become this empyrean's snack obediently, if this empyrean is happy, maybe I'll tell you!"* That Sixth Firmament Empyrean powerful existence said with a loud laugh.

This abyss monster's aura was the strongest. Clearly, it was the leader of this group of abyss monsters.

Sixth Firmament Empyrean could virtually sweep across the Empyrean powerhouses present!

"This punk actually didn't die!" Li Yue said in shock.

He knew how terrifying that strike earlier was. Furthermore, it was even a sneak attack.

If it were him, he also did not have absolute confidence in avoiding.

Ye Yuan was actually completely unharmed!

Ye Yuan let out a sigh and put away Li-er's image, and said coolly, "Then ... there's only beating until you all say it!"

The abyss monster leader laughed loudly and said, "Arrogant and conceited brat, just based on the likes of you all, these lowly humans, you also want to beat us noble abyss monsters?"

Ye Yuan ignored him, but he shouted at Li Yue and the rest, "Hey, do you all want to die or live?"

Li Yue's face fell and he said in a cold voice, "Rubbish! Of course it's want to live! But just based on you, what right do you have to say such words?"

Ye Yuan said coolly, "If you want to live, don't resist, do as I say. If want to die... then just take it as I didn't say anything."

### Unrivaled Medicine God

#### **Chapter 2186: Pummeling**

The faces of the group of Empyreans all changed irregularly.

A Second Firmament Empyrean asked them if they wanted to die or live. This scene was rather comical.

But the circumstances were more persuasive than rational thinking. At present, it already reached the moment of life-and-death. It did not allow them to be wayward.

The choice determined the outcome.

Was it to believe Ye Yuan or to fight to the death?

Li Yue had a very conflicted face. He disliked Ye Yuan's cocky appearance greatly.

But he was similarly clear that with the current situation, they probably could not even escape if they wanted to!

"Brother Ye, I'll listen to you!" At this time, Zheng Yufeng was the first to step forward and fervently support Ye Yuan.

He knew that the time left for them was already not much!

“Little Brother, hope that you don’t scam us!” Another person stepped forward.

“Little Brother Ye, this empyrean is handing this old life to your hands!”

... ..

Facing the terror of death made everyone make a decision very quickly.

In a certain death situation, everyone could only choose to believe Ye Yuan.

Li Yue’s expression flickered incessantly. Finally, he gritted his teeth and also said, “Brat, if you dare to scam this empyrean, this empyrean won’t let you off even if I become a ghost too!”

Ye Yuan nodded slightly and suddenly fished out a large bunch of golden needles.

When everyone saw the situation, their faces could not help changing.

What did this kid want to do?

“I’m going to poke you guys a bit. Don’t resist. Otherwise, I can’t answer for the consequences.” Ye Yuan said coolly.

Li Yue’s two eyes narrowed and he said in a solemn voice, “Brat, you wouldn’t be wanting to stab the acupoints with a golden needle, right?”

Ye Yuan nodded slowly and said, “That’s right!”

Li Yue’s face fell and he said, “Nonsense! So many of us, by the time you finish applying the needles, the flowers would have turned yellow! Are you freaking screwing with us?”

Hearing Li Yue’s words, quite a few people revealed unhappy looks.

Clearly, they all felt that they were being made fun of.

The abyss monster leader also laughed loudly as it said, “*Hahaha* ... Kid, just based on a few needles and you want to deal with noble abyss monsters?”

Ye Yuan said coolly, “Who said that I’m going to apply the needles one by one? I said, don’t resist, otherwise, bear the consequences yourself! It’s coming!”

Everyone’s hearts turned cold, only to see Ye Yuan knead seals.

Several hundred streams of golden light turned into flowing light, dancing wildly in the darkness.

*Swoosh, swoosh, swoosh ...*

In one breath, several hundred streams of golden light flashed and disappeared.

The group of Emphyreans only felt like their bodies were being bitten by several ants. Then, a boundless power emerged from every pore on their bodies.

“What powerful strength! I feel like I’m already invincible under the heavens!”

“This is golden needles piercing acupoints method? Truly too amazing!”

“Hahaha, you bunch of trash, come over and fight with Grandpa!”

... ..

Each Empyreans' body erupted with a fearsome aura.

Just like their strength instantly increased by one realm.

Li Yue felt that power coming from all over his body and felt like he could contend with Seventh Firmament Empyreans!

At this moment, his gaze when looking at Ye Yuan became incomparably surprised.

In an instant, controlling several hundred golden needles and accurately stabbing into the acupoints of every Empyrean's body without error, what kind of terrifying control was this?

Although he was not an alchemist, he also knew that this kind of terrifying control was not what ordinary alchemists could achieve!

Golden needle piercing the acupoints method, the strength, divine essence, soul force, as well as precision, so on and so forth, the things that needed to be paid attention to were far too many.

Furthermore, among the Empyreans present, each person's strength was different. Each person's realm was different. The situation was incomparably complex.

It could be said that how to apply the needles for each person had to be tailor-made.

Golden needles piercing the acupoints method was an extremely dangerous method. The difference in millimeters was something that could be fatal.

But Ye Yuan drafted up a set of acupuncture outline for everyone in such a short time.

Even if an Eight-star Alchemy God came here, it was also impossible to stimulate each person's potential so precisely.

What kind of monster was this fellow?!

Those opposite were monsters.

But this monster in front of them was even more terrifying than those monsters opposite!

The abyss monster leader finally discovered a hint of something amiss.

The auras of these Empyreans suddenly became very powerful.

However, he did not feel that abyss monsters would lose to weak humans!

“Minions, kill for me! Tear these foolish humans to shreds!” The abyss monster leader bellowed.

Under the word of command, several dozen abyss monsters roared and charged over toward the human Empyreans.

“Haha, perfect! Watch this Empyrean tear you trash into pieces!”

These human Empyreans all had their strength skyrocket, brimming with vigor and energy. They were just worried about having nowhere to vent it.

Seeing the abyss monsters rush up, they did not retreat, but advanced instead, directly rushing over.

For some time, the human Empyreans and abyss monsters fought and killed until the sky was rent asunder and the earth split open, with the void trembling.

Li Yue abyss monster and actually directly charged toward the abyss monster leader!

This leader was Sixth Firmament Empyrean, even if he could not deal with a Seventh Firmament Empyrean human martial artist, exterminating Sixth Firmament Empyreans was still very easy.

But when Li Yue clashed together with him, he actually did not fall into a disadvantage!

The human Empyrean powerhouses all seemed to have been injected with stimulants, and actually fought and killed until the abyss monsters steadily lost ground.

This kind of horrifying strength fought until the abyss monsters cried out strangely.

By the side, when Lin Changqing saw this scene, he was transfixed.

His strength was too weak, stabbing or not stabbing him was irrelevant to the overall situation. Ye Yuan did not apply golden needles piercing acupoints on him either.

This guy's means were truly inconceivable!

At this time, he actually somewhat regretted following after.

The more he came into contact with Ye Yuan, and the more he witnessed Ye Yuan's methods getting more and more, the more that he felt ashamed of his unworthiness.

He currently even had a feeling that only someone like Ye Yuan was worthy of Yue Mengli.

Him pursuing Yue Mengli was simply sullyng her!

Lin Changqing shook his head hard, attempting to shake this kind of thinking out of his head.

But it would not go away at all!

In front of Ye Yuan, he grew less and less confident.

These human Empyreans were the elites of the various Bodhidharmas to begin with, their strength far surpassing their peers.

Now that their potential was stimulated, each and every one of their strength skyrocketed, and they could actually pummel same rank abyss monsters.

The originally certain-death situation actually became a one-sided situation now.

Especially the high-level combat powers, Zheng Yufeng and the rest, their strength was about the same as Li Yue's.

Currently, they even rampaged in all directions, killing those Fifth Firmament Empyrean abyss monsters until they were in a sorry plight.

After they managed to find time, they joined Li Yue's battle group.

One versus one became two versus one became three versus one.

The abyss monster leader nearly vomited blood at this time.

But, even if he wanted to run now, he could not run away either.

Under the pincer attacks of the few mighty experts, the abyss monster leader was getting defeated not long after.

The devil monster leader's aura became weaker and weaker. In the blink, it was riddled with injuries, its strength being less than 10%.

"Leave it alive!" Ye Yuan called out.

Li Yue said with a cold snort, "This kind of monster, spare for what? Just kill it!"

As he said, he suddenly made a move and was about to slay the devil monster leader.

"Immobilize!"

A thunderclap-like voice seemingly shouted out from great antiquity.

The few mighty experts were caught off-guard and were actually immobilized at the same time!

A figure suddenly appeared in front of the devil monster leader.

"Puhwark!"

Ye Yuan directly plunged a hand into the devil monster leader's head. He grabbed the devil monster leader's tarnished black devil crystal!

### [Unrivaled Medicine God](#)

#### **Chapter 2187: Forgot to Tell You**

"Seal!"

Ye Yuan gave a cold cry and sent out a force, directly sealing the devil monster leader's tarnished black devil crystal.

Quicker than words could tell.

This series of actions did not even reach a breath of time.

Finishing with all these, Time Freeze suddenly shattered.

Everything returned to normal.

The few great Empyreans used eyes like having seen a ghost to stare fixedly at Ye Yuan.

This guy actually froze all of them just now!

Although it was just a short instant, they were really unable to do anything during that moment!

“This ... This guy can actually control spacetime? What was that just now? Heavenly Dao True Word?” Li Yue looked at Ye Yuan, his eyes full of shock.

Although Ye Yuan’s golden needles piercing the acupoints turned the battle situation around, the unhappiness in Li Yue’s heart was not dispelled.

He knew what Ye Yuan wanted to do, but the unhappiness from before turned into a wicked mentality during that moment.

He wanted to kill this devil monster leader and sever Ye Yuan’s hope!

But Ye Yuan used this sort of bizarre way to save the devil monster leader.

How could this not surprise him?

How many methods did this brat have?

Done with all this, Ye Yuan turned around, seething with killing intent.

Li Yue’s way of doing things already touched his bottom line!

“Don’t you forget, after the golden needles pierced your acupoints, there will be a period of extreme weakness! At that time, your life and death will be dictated by me!”

Ye Yuan’s words were bone-piercingly cold.

Li Yue’s expression changed drastically. He only cared about venting his anger earlier, why would he think so much?

Currently, upon Ye Yuan’s reminder, only then did Li Yue suddenly startled awake.

Those golden needles indeed let him obtain powerful strength, but what about after tiding over the immediate crisis?

Suddenly, Li Yue’s two eyes narrowed and he said with a hideous grin, “So what? This Emphyrean hasn’t passed the powerful period yet currently!”

Zheng Yufeng’s gaze turned cold, and he said in a solemn voice, “Li Yue, do you still want face? If not for Ye Yuan, we’d probably have long been killed by these abyss monsters now! You actually want to repay kindness with ingratitude now!”

Li Yue smiled coldly and said, “So what? This punk is so unbelievably cocky! This Emphyrean has long been displeased at the sight of him! Now, the crisis has already been resolved. We also roughly understand the situation here already and can go back and report on the completion of the mission. This brat doesn’t have much use anymore as well!”

Zheng Yufeng’s gaze turned cold and he said in a cold voice, “Have you asked me about wanting to kill Ye Yuan? Or is it that you think that everybody will look on with folded arms?”

Li Yue chuckled and suddenly made a move.

A large number of umbrellas flew towards the sky, instantly enveloping the few powerhouses in the vicinity fully.

Zheng Yufeng's face changed and he cried out in shock, "Ten Directional Forbidden Spirit Umbrella! You actually even brought this out!"

Ten Directional Forbidden Spirit Umbrella was a peak empyrean spirit treasure of the Clearwater Bodhidharma that Li Yue was from.

Or should it be said that it was a quasi-heavenly emperor spirit treasure!

This spirit treasure had a resounding reputation within the seven major factions' sphere of influence.

It was because this empyrean spirit treasure could absorb the divine essence of the martial artists within a certain radius, and then supplement it onto themselves.

This was equivalent to reducing the opponent's strength when fighting and increasing one's own strength.

If it was under the situation where their strengths were on par, this empyrean spirit treasure would be a trump card!

And this empyrean spirit treasure was most formidable during group battles.

Like now!

At this time, everyone only felt that a portion of the divine essence in their bodies was instantly drained.

While Li Yue's aura was in the midst of soaring madly.

Finally, he actually stepped into Seventh Firmament Empyrean!

Although this was just temporary, he truly possessed the strength of Seventh Firmament Empyrean right now!

"Hahaha ... now, is there still anyone that wants to come out and protect this brat?" Li Yue looked like a cat that ate the canary, letting out a wild laugh.

How could the others still be Li Yue's match after having a significant amount of divine essence drained?

Even Zheng Yufeng also shut his mouth sensibly.

Speaking at this time was equivalent to seeking death!

He could not help looking toward Ye Yuan, having a worried look on his face.

Just earlier, a stream of strange power circled one round inside Ye Yuan's body, attempting to draw out his divine essence.

But this force actually could not extract Ye Yuan's chaos divine essence.

In the end, it returned without accomplishing anything.

Ye Yuan looked at Li Yue expressionlessly and said coolly, "This empyrean spirit treasure is pretty good. I'll be accepting it."

Li Yue narrowed his eyes, a cold light shining as he said in a cold voice, "Reckless and blind thing! Is your reliance that Heavenly Dao True Word? With my present strength, you can at most only freeze time for that instance! Even if I stand there and let you hit, what can you do to me? But how many times can you use this martial technique?"

Seventh Firmament Empyrean versus Second Firmament Empyrean, the disparity in-between was a massive chasm.

Even if Ye Yuan's combat strength was astonishing, it was also very hard to kill Li Yue in an instant.

Hence, he had nothing to fear!

Ye Yuan's eyelids raised slightly, and he said coolly, "If you keep spurting nonsense, the golden needles piercing acupoints method will time out!"

Li Yue could not help choking when he heard that and said in a solemn voice, "Courting death!"

Under his rage, Li Yue exerted all of his strength. The tremendous power of Seventh Firmament Empyrean made the faces of everyone present change drastically.

Sixth Firmament Empyrean to Seventh Firmament Empyrean, this was a massive gulf.

Now, Li Yue crossed this gulf, how many times did his strength increase?

More importantly, Li Yue was still under the effect of the golden needles right now, his strength terrifying to the extreme!

"Crimsonmoon Azurelight Sword!"

One sword emerging, countless streaks of azure lights were akin to dense rain, stabbing at the place where Ye Yuan was at.

Unavoidable!

*Bang! Bang! Bang!*

After a bout of indiscriminate bombardment, a large pit was blasted out at the place where Ye Yuan was standing at.

Even the void had several cracks blasted out, while Ye Yuan vanished without a trace.

Li Yue chuckled and said, "So what even if you have a lot of measures? So what if you know the golden needle piercing acupoints method? Didn't you still die at this Empyrean's hands?"

"This move is lacking in power! Just a reminder, the duration of the effect doesn't have long remaining." A leisurely void sounded out behind everyone.

Everyone turned around, but saw that Ye Yuan was currently standing on top of a tree; very cozy.

While his body did not have any injury at all.

Li Yue's pupils constricted and he looked at Ye Yuan in disbelief as he gritted his teeth and said, "Impossible! My Crimsonmoon Azurelight Sword even locked space down! How did you escape?"

Ye Yuan was still expressionless as he said, "Uh, forgot to tell you. My spatial law is already comprehended to the peak Sixth Firmament. I'm afraid that it's a little hard for your degree of attack to want to harm me."

Li Yue's entire body trembled, his eyeballs almost popping out.

Spatial law comprehended to peak Sixth Firmament, what kind of concept was this?

Beneath Heavenly Emperor, it was far too difficult to want to kill Ye Yuan!

Unless one planned things beforehand, like Long Xiao, locking down all space.

Otherwise, there was basically no hope!

But now, where would Li Yue go and make arrangements?

A despairing mood instantly spread throughout Li Yue's entire body.

Could not kill Ye Yuan, then there was only waiting for Ye Yuan to come and kill him!

*Thud!*

Li Yue actually knelt down toward Ye Yuan involuntarily.

"B-Brother Ye, I ... I, Li Yue, had eyes but failed to recognize Mount Tai! S-spare me!"

### [Unrivaled Medicine God](#)

#### **Chapter 2188: That's Right, Playing You**

When he said this, Li Yue was practically sobbing.

His greatest reliance was the Ten Directional Forbidden Spirit Umbrella!

Under such a circumstance, it could let his strength soar.

But who knew that Ye Yuan's greatest trump card was not whatever golden needles piercing acupoints, nor was it some Heavenly Dao True Word. It was actually spatial law!

While Ye Yuan could not win against him, Ye Yuan did not need to fight with him at all.

As long as Ye Yuan ran the timer out, he could only stretch his neck out for the executer's blade.

This was impressive!

"Sixth Firmament spatial law ... Brother Ye's strength is truly inconceivable!"

"At a young age, how can he be so monstrous? Could it be that this guy started cultivating in his mother's womb?"

"Heh, Li Yue this fellow calculated everything, but he failed to calculate this. He finally kicked a metal plate today."

... ..

Ye Yuan looked at Li Yue and said coolly, "Sparing you, it's not that I can't."

When everyone saw the situation, they secretly nodded one after another.

This was also within reason. Li Yue's status in Clearwater Bodhidharma was rather high. Otherwise, he would not have been bestowed the Ten Directional Forbidden Spirit Umbrella.

Ye Yuan was apprehensive of the faction behind him, so sparing his life was also ought to be.

Otherwise, after going out, Ye Yuan would have endless trouble.

Li Yue's eyes glinted and he said in pleasant surprise, "As long as Brother Ye lifts your hand high up in mercy, Li Yue is willing to pay any price"

Ye Yuan's finger pointed at the void, pointing at the Ten Directional Forbidden Spirit Umbrella as he said, "I want it."

Li Yue's face changed, his expression ugly as he said, "This ... The Ten Directional Forbidden Spirit Umbrella is my Clearwater Bodhidharma's precious treasure. It can't be easily given to people. If handed to Brother Ye, I'll definitely be heavily punished after going back!"

Ye Yuan smiled lightly and said, "If you don't hand it to me, you'll suffer a heavy punishment right now."

Li Yue was silent for a moment. Gritting his teeth, he said, "Fine, I'll give it to Brother Ye!"

His hatred toward Ye Yuan in his heart was already heinous.

But the circumstances were stronger than people. He had no choice but to lower his head right now.

Li Yue secretly swore in his heart. After going out, he would definitely request his elders to take action and exterminate this hateful punk.

At once, Li Yue did not hesitate either, calling in the Ten Directional Forbidden Spirit Umbrella and wiped away his divine soul imprint, and gave this quasi-emperor level empyrean spirit treasure to Ye Yuan just like this.

Done with all these, the time limit for golden needles piercing acupoints finally arrived as well.

The Emphyreans present wailed out, all collapsing from exhaustion.

But being able to preserve their lives was already very good, this bit of agony was naturally no big deal.

Furthermore, everyone discovered that Ye Yuan's golden needles piercing acupoint technique was extremely profound. It only made them collapse from exhaustion and did not cause any damage to their bodies or cultivation.

This way, everyone was naturally endlessly grateful toward Ye Yuan.

Ye Yuan put away the Ten Directional Forbidden Spirit Umbrella, arrived before Li Yue, and said coolly, "The time is up. I can send you on your way."

Li Yue's expression changed wildly and he said in alarm and anger, "You ... You played me?"

Ye Yuan admitted it very shamelessly: "That's right, played you. Wanting the Ten Directional Forbidden Spirit Umbrella was merely to drag it out. Do you think that without you, I won't be able to wipe away your divine sense imprint?"

Ever since absorbing the large amount of sea of law that time, the Soul Suppressing Pearl already completely advanced. It became a heavenly emperor spirit treasure.

With the Soul Suppressing Pearl's current strength, wouldn't wiping away Li Yue's divine sense imprint still be easily accomplished?

The reason why he played the hypocrite with every semblance of sincerity was merely to prevent a cornered dog from biting, that was all.

Li Yue was incomparably ashamed and resentful and roared furiously, "You ... If you dare kill me, Clearwater Bodhidharma won't let you off!"

Ye Yuan said coolly, "So what? You taunted and jeered along the way, I couldn't be bothered to haggle over it. But when you attempted to kill the abyss monster leader, your time of death arrived!"

Ye Yuan was not someone who sought revenge for the smallest grievance, but if Li Yue killed the devil monster leader, it would be equivalent to severing hopes of finding Li-er.

He could not tolerate this!

Li-er's life or death was unknown. Ye Yuan was in a heavy mood to begin with.

Li Yue provoked him time and again. He originally could not be bothered to haggle over it.

But in the end, he actually repaid kindness with ingratitude and wanted to kill the devil monster leader.

One had to know, Ye Yuan was their group's life savior!

Li Yue was simultaneously alarmed and enraged, but at this time, he was already a fish on the chopping board. So how could he still have the strength to resist Ye Yuan?

Currently, Li Yue's divine essence had been exhausted. He did not have any spare strength to protect his body at all.

A cold light flashed. Li Yue perished, his Dao dissipating!

Everyone looked at this scene in great shock, being shocked by Ye Yuan's ruthlessness and decisiveness.

A Sixth Firmament Emphyrean, Clearwater Bodhidharma's future Heavenly Emperor powerhouse, was blotted out by Ye Yuan just like that.

Those Clearwater Bodhidharma Emphyreans were all silent like cicadas in winter, afraid of Ye Yuan transferring his anger onto them.

Who knew that Ye Yuan turned around and walked toward the abyss monster leader.

The monster leader looked at Ye Yuan, his eyes full of terror.

This human brat was too bizarre!

Ye Yuan was clearly different from other humans, aware of where the weakness of abyss monsters lay.

Detaining his tarnished black devil crystal, even if he had monstrous strength, he was also a piece of junk now.

“Human brat, give up! This empyrean won’t tell you what you want to know! It’s impossible for the noble abyss monsters to submit to humans!” The monster leader looked at Ye Yuan and said with a cold smile.

“Is that so?”

Ye Yuan suddenly grabbed, holding the tarnished black devil crystal in his hand.

Chaos Heavenspan Canon quietly revolved and started absorbing the tarnished black devil crystal’s power.

The monster leader’s entire body trembled, looking at Ye Yuan in disbelief.

This human was actually absorbing the tarnished black devil crystal’s power!

He could actually absorb the tarnished black devil crystal’s power!

He only felt that the strength in his body was being extracted bit by bit.

Ye Yuan’s speed of extracting the tarnished black devil crystal was not fast, but this way, the monster leader’s fear would gradually magnify.

“You rest assured. I won’t devour all of your strength. When your strength drops to the True God Realm, I’ll release your seal and let you go back. I think that your companions should be very happy to see you then,” Ye Yuan said coolly.

The monster leader’s body shuddered again, its gaze full of terror.

The monster leader cried out, “You ... You’re a demon!”

Ye Yuan had lived for more than ten years in the Dragon Eye Cave and had killed before no idea how many abyss monsters. How could he not know their habits and characteristics?

The abyss monster world was a hundred times, a thousand times crueler than the human world!

The rise of a Sixth Firmament Empyrean devil leader followed the wake of countless slaughter and suppression.

When those companions of his see his strength fall to True God Realm, his outcome would be unbelievably wretched.

Ye Yuan ignored the devil leader, he just quietly absorbed the power in the tarnished black devil crystal.

True suffering was not dying all at once.

But the process of quietly waiting for death!

Terror spread in the devil leader’s body little by little.

The other Emphyreans all quietly watched Ye Yuan, their eyes full of astonishment.

They could feel that the devil leader's aura was diminishing bit by bit, while Ye Yuan's aura was growing stronger little by little.

Ye Yuan was actually absorbing the devil monster leader's strength to increase his own strength!

Just what kind of freak was this guy!

Finally, the devil monster leader could not endure this kind of despairing feeling and broke down.

"I ... I'll talk! I'll talk! I beg you, stop absorbing!"

### [Unrivaled Medicine God](#)

#### **Chapter 2189: Continuing Forward**

Listening entirely to the news from the devil monster leader, Ye Yuan's brows furrowed even tighter.

Li-er did not die!

But Li-er was captured!

These abyss monsters were actually going to send Li-er into the abyss space!

With the devil monster's level, he did not know the reasons involved.

The human powerhouses who fell into the Blackflame Cave previously were already all devoured by the abyss monsters.

Only left Li-er alone!

There were clearly more unknown secrets involved.

Although it was Ye Yuan's first time hearing abyss space this place, there was no need to guess that he also knew that the place was the abyss monsters' main camp!

If Li-er went there, even if he had exceedingly formidable abilities, it would also be hard to rescue her.

Ye Yuan knew that this abyss space definitely had immensely powerful existences.

Otherwise, why would those Dragon Clan major powers suppress in the depths of the Dragon Eye Cave?

For some time, Ye Yuan's heart burned with anxiety.

At this time, Zheng Yufeng went up and consoled him. Zheng Yufeng said, "Brother Ye, Junior Apprentice Sister Mengli will be blessed by the heavens and definitely turn calamities into blessings!"

Ye Yuan forcefully pressed down the anxiety in his heart and nodded slightly as he said, "Senior Apprentice Brother Zheng, thank you for your auspicious blessings! Arriving here, I believe that everyone also knows the situation in the Blackflame Cave. Continuing to advance further, I'm afraid that everyone won't be able to return anymore. It ends here then!"

The few leaders nodded one after another, all agreeing with Ye Yuan's view.

This damn place, they did not wish to stay for a moment longer.

If not for Ye Yuan, they would already currently be dead until dregs did not remain.

Zheng Yufeng let out a sigh and said, "There's only like this."

Suddenly, Lin Changqing rushed in front of Ye Yuan, and pointed at Ye Yuan as he roared angrily, "Ye Yuan, you coward! Do you plan on leaving Junior Apprentice Sister Mengli here alone?"

Everyone cast strange gazes toward Lin Changqing, Ye Yuan's choice was naturally the wise choice.

Continuing forward at this time, what could he do apart from sending himself to death?

Lin Changqing's action was a little too impulsive and without due consideration.

Ye Yuan ignored Lin Changqing and said to the few leaders with clasped hands, "Gentlemen, we'll part here!"

Everyone was stunned, what did this mean?

Zheng Yufeng asked probingly, "Brother Ye, you aren't leaving together with us?"

Ye Yuan shook his head and said, "Li-er is in danger. How can this Ye look on with folded arms? Even if I lose this life, this Ye will also have to rescue her!"

At this time, tenderness revealed in Ye Yuan's eyes made the group of Emphyreans cast sidelong glances too.

Only then did everyone know that Ye Yuan's meaning was that they should leave, while he would stay.

What a lovesick man!

Zheng Yufeng was taken aback and urged, "Brother Ye, it is not that this Zheng isn't concerned about Junior Apprentice Sister Mengli. Didn't you also see it? Continuing forward is certain death! Is such a thing that brings destruction on yourself worth it?"

Ye Yuan smiled and said, "There's not worth it or not; only willing or not. Gentlemen, let's part here."

Done talking, Ye Yuan brought the devil monster leader and turned around and left.

Lin Changqing was frozen on the spot. Abruptly startling awake, he took quick steps and caught up to Ye Yuan.

"I'll go too!" Lin Changqing said with a firm gaze.

Ye Yuan looked at Lin Changqing and said calmly, "If I go myself, there's a fraction of assurance. Bringing you ... this fraction will be gone. If you insist on following and sending yourself to doom, I have no objections either. But ... don't ... follow ... me!"

Talking to the back, Ye Yuan's tone gradually turned cold.

The meaning of his words was already very clear, you could only get in the way if you follow!

Lin Changqing's complexion turned deathly pale with a whoosh, feeling all the strength in his body being drained.

If it were before, if anyone dared to say such things in front of him, he would definitely have sent a slap over.

But now, after witnessing Ye Yuan's series of inconceivable means, his confidence was long demoralized until it was battered black and blue.

Finally, it turned into a bitter smile as he said, "Alright, I got it!"

Finished talking, Lin Changqing turned around, his back view being indescribably lonely.

Ye Yuan looked at Lin Changqing's back view and shook his head slightly.

He understood Lin Changqing's thoughts. It was just too bad that no one could understand his knot with Li-er.

Lin Changqing could only be a passer-by.

Zheng Yufeng also sighed slightly. Toward this scene, he had nothing to say as well.

To talk about Lin Changqing, he was absolutely exceptionally gifted, being the most unequivocally talented among them apprentice brothers.

It was just a shame that his opponent was Ye Yuan!

In front of such a monster, so what even if one's talent was any greater?

Ye Yuan brought the devil monster leader and gradually vanished from everyone's line of sight.

Zheng Yufeng and the rest did not dare to stay too long either, withdrawing one after another.

After an hour, Ye Yuan suddenly stopped and asked the devil monster leader, "Do you have a name?"

The devil monster leader trembled and said, "This lowly one is called Mosius."

Ye Yuan nodded slightly and said, "From today onward, you're my slave! Now, let's sign the Devil Devouring Contract!"

Mosius's expression changed wildly, looking at Ye Yuan with a look of terror.

He did not think that Ye Yuan actually even knew about the Devil Devouring Contract.

How could he know that Ye Yuan had killed countless abyss monsters in the Dragon Eye Cave and had long thoroughly grasped some information about the abyss monsters?

This Devil Devouring Contract was similar to the slave contract of humans.

Once the contract was formed, the abyss monster would unconditionally obey the other party and become the other party's slave.

If there was the thought of resisting, they would immediately get a backlash from the contract and die, with their outcome being extremely miserable.

Under normal circumstances, even if abyss monsters were to die, they would not sign a Devil Devouring Contract too.

But at the thought of Ye Yuan's methods, Mosius could not refrain from shuddering.

"Even if we signed a Devil Devouring Contract, you also can't possibly rescue that human girl! Further in are all late-stage Empyrean lords. There are even Heavenly Emperor level lords holding down the fort! If you go, there's no hope at all!" Mosius gnashed his teeth in hatred and said.

Ye Yuan looked at him and said coolly, "That's not something that you should be worried about. You can choose to die or sign a Devil Devouring Contract with me."

Dignity this thing, once lost, then it would be lost again and again.

Under Ye Yuan's despotic power, Mosius finally still signed the Devil Devouring Contract with Ye Yuan.

"Master!" Mosius lay prone in front of Ye Yuan, his attitude being incomparably humble and polite.

Ye Yuan nodded slightly. Suddenly, his aura changed.

Thick devilish energy poured out of Ye Yuan's body and wrapped his entire person up.

Thick black fur also grew on Ye Yuan's body.

He looked exactly like an abyss monster.

Abyss monsters had no common form; humanoid shapes were also not in the minority.

"M-Master, this is ... too inconceivable!" Mosius was shocked until he could not use words to describe it any longer.

A human actually became an abyss monster with a sway of his body.

Even he, this Sixth Firmament Empyrean super powerhouse, could not differentiate the truth in the slightest!

What kind of existence was this master of his?!

Ye Yuan said coolly, "Can your Heavenly Emperor powerhouses differentiate my appearance?"

Mosius shook his head hard and said, "Absolutely impossible to tell! All of the characteristics on Master's body are identical with abyss monsters. They absolutely can't differentiate Master from abyss monsters!"

Ye Yuan nodded and said, "That's good then. You take these tarnished black devil crystals and recover your cultivation as fast as possible."

#### **Chapter 2190: A Thousand Years in a Blink**

Along the way, the devilish energy gradually grew thicker.

In the surroundings, some powerful auras appeared at times, and then disappeared.

These auras were much stronger than even Mosius's.

Ye Yuan followed him. It was smooth along the way.

There were countless checkpoints they had to pass through. The two people finally arrived at a small-scale city.

When a guard saw Mosius, he asked, "Mosius, not garrisoning your own territory, what are you doing here?"

Ye Yuan noticed that the guards here were all Empyrean-level powerhouses!

Mosius hurriedly answered, "I'm here to meet Lord Manya. There's an important matter to report."

The guard's gaze landed on Ye Yuan and he said in a solemn voice, "Who is he?"

Mosius explained, "He's my subordinate. This important information was discovered by him."

The guard said coolly, "Lord Manya is currently trying to cheer the Divine Daughter up. I'm afraid that he doesn't have time to meet you. You go to the courier station to rest first and await summons."

Mosius was taken aback and said, "Divine Daughter? What Divine Daughter?"

The guard smiled and said, "You still don't know? It's that human female who was captured! Great Sage Nineorigin said that she's the Divine Race's Divine Daughter and is to be sent to the Abyss World. Otherwise ... how can she possibly live until now?"

Ye Yuan's heart shook wildly when he heard that.

How did Li-er become a Divine Daughter?"

Also, what the hell was this Divine Race?

For some time, Ye Yuan's heart was in an upheaval. It was as if this matter concerned some earth-shattering secrets.

"Your Excellency, this lowly one has a way to coax that human Divine Daughter to cheer up," Ye Yuan said to the guard.

The guard was taken aback and said, "You really have a way? The Divine Daughter kicks up a row daily about wanting to return to the human race. It's no use no matter how Lord Manya persuades her. His head is almost exploding! If you really have a way, that will be a major achievement."

Ye Yuan said, "Your Excellency, rest assured. This lowly one will definitely accomplish it."

The guard said, "Alright then, you guys go to the courier station first. I'll go and report to Lord Manya."

Mosius brought him to the courier station. Monstrous waves surged in Ye Yuan's heart.

The abyss monsters here were no longer disorganized like he had seen before.

On the contrary, the abyss monsters in this city were like an army!

A city, courier station, guards, these were not things that a race like the abyss monsters would have.

Although the intelligence of abyss monsters was rather high, their world leaned more toward fierce beasts.

The weak were prey and the strong feasts; and the strong survived!

Also, hearing about the Divine Race and the Divine Daughter, what kind of place was this abyss space?

Asking Mosius, he was not clear either.

With his status, he could not come into contact with these at all.

Mosius was just a weakling who was banished outside.

He took orders from Manya, and Manya brought him here. That was all.

Also, there was this region of space. No matter how Ye Yuan looked, why did it seem like a sundered boundary connecting the abyss space and the Heavenspan World?

Since the Dragon Clan was suppressing the abyss space, it showed that that place was the only passageway.

Then what was the deal with this place?

For some time, countless doubts and suspicions lingered in Ye Yuan's heart.

Not long after, that guard came to the courier status and found Ye Yuan.

When Manya heard that Ye Yuan could cheer the Divine Daughter up, he was overjoyed and made Ye Yuan go over at once.

When Manya saw Ye Yuan, he asked with uncertainty, "You can make the Divine Daughter feel at ease and stay?"

Ye Yuan nodded and said, "Lord Manya, rest assured. Not completing the mission, this lowly one will carry my head to see you."

Manya's eyes lit up and he said with a big laugh, "Good! If you can make the Divine Daughter set her mind at rest and stay, this emperor will give you great rewards!"

Finished talking, Manya brought Ye Yuan and arrived at a stone house.

The stone house was very spacious, but the moment Ye Yuan got close, he discovered that a lot of restrictions were laid down in the perimeter.

These restrictions, Ye Yuan actually had never seen them before. They were very profound.

Clearly, this was in order to prevent Li-er from running.

Upon entering the door, two items flew over with a *whoosh*.

Inside the house, a woman's angry yell came over, "Scram! I asked you all to get lost! Are you all deaf?"

But these words sounded like the most moving honeyed words in Ye Yuan's ears.

How many years had he not heard this voice already?

This separation was already close to 2000 years!

Time did not wear away his feelings but made longing converge into a sea instead.

When that beautiful figure landed in his eyes, Ye Yuan's heart that was firm as stone also melted.

*"Sniff, sniff ... Big Brother Yuan, Li-er can't see you ever again. Sorry ... really sorry ... Li-er ... Li-er didn't do it on purpose!"*

After the tantrum, Li-er lay on the table, crying her heart out.

Ye Yuan's heart quivered, practically about to shed tears.

In his impression, Li-er was good-natured and lovely, graceful and dignified. She would never be so irascible.

But now, she knew that this departure would be eternal separation. That kind of hopeless feeling poured out from the depths of her heart, that was why she would become like this.

Manya had a depressed look. These few days, he was suffering Yue Mengli's fury.

Manya gave Ye Yuan a look, Ye Yuan got the meaning and moved a few steps forward, bowing as he said, "Lord Divine Daughter, this lowly one has good news to tell you."

Yue Mengli suddenly exploded and roared angrily, "I don't want to hear any good news! You get lost for me! You ugly fellow, scram for me!"

Suddenly, Yue Mengli's entire body trembled, staring fixedly at Ye Yuan's eyes.

The boundless rage suddenly became tranquility.

Ye Yuan bowed his body, but a pair of eyes met with Yue Mengli's.

One look was sufficient between him and Li-er!

Although this abyss monster in front of her, from external form, looking at the aura, she completely did not recognize, but no idea why, this look immediately made her quieten down.

Why did this look so familiar?

Why did this look so alike Big Brother Yuan's?

He was clearly an abyss monster, so why ...

Li-er's entire person turned stiff there.

Manya's gaze flickered! There was a chance!

Yue Mengli's reaction was also quick, her pretty face turning cold as she said, "What good news, say!"

Ye Yuan grinned and said, "The human race that side sent people to come and find Divine Daughter."

Yue Mengli's heart quivered and she said, "What happened to them?"

Ye Yuan chuckled and said, "What else can there be? They were naturally sent packing by Lord Mosius."

Yue Mengli's brows furrowed, and she reproached, "You this fellow, deliberately showing off in front of me is it?"

The moment Manya heard that things were going wrong, he hurriedly scolded, "You damn thing, intentionally using this news to anger Divine Daughter?"

But who knew that Yue Mengli waved her hand and said to Manya, "Forget it, you withdraw first! Since there's that side's news, I want to hear him say."

Manya hurriedly answered and withdrew.

As long as this ancestor stopped kicking up a row, all would be fine and right with the world.

Leaving Ye Yuan behind to chat with her also seemed to be a pretty good choice.

He was not scared of Ye Yuan bringing Yue Mengli and running away either. After all, the restrictions here were laid down from Lord Nineorigin.

Even a Heavenly Emperor powerhouse could forget about escape from here too!

The moment Manya left, Yue Mengli's gaze looked at Ye Yuan somewhat blurry as she said, "The look in your eyes ... is very similar to an old friend of mine!"

Ye Yuan smiled slightly, chaos world power quietly releasing, wrapping him and Li-er up inside.
