[Unrivalled Medicine God](#)

Chapter 2191: Escape!

The black fur subsided; his divine essence quietly changed.

Inside the chaos world, Ye Yuan recovered his original looks.

When Li-er saw this magical scene, her beautiful body shuddered, with her eyes full of disbelief.

Ever since being captured, Yue Mengli had been living in despair and fear every day.

Fear toward the future, fear toward the unknown.

She knew that she could not see Ye Yuan anymore!

But, in the midst of this despair, Ye Yuan actually broke through the layers of blockades and shackles, and then he arrived in front of her.

Her shock could be imagined!

Surprise, worry, longing ... countless emotions interweaved in Yue Mengli's heart.

"Big Brother Yuan, I ... I'm not dreaming, right!" Yue Mengli's eyes were blurred by tears as if she was in a dream.

Ye Yuan walked forward and lightly hugged Li-er as he said, "Of course it isn't a dream. Big Brother Yuan came to fetch you home."

"I even thought ... I even thought that I won't ever see you anymore! *Sniff, sniff ...*"

Ten years of despair, being snatched from the jaws of death, the agitation in Yue Mengli's heart currently simply could not be controlled.

Her state of mind was like grabbing onto a piece of driftwood before drowning.

That sort of agitation was simply hard to put into words.

How could Ye Yuan not know Yue Mengli's feelings?

He did not speak either, just lightly hugging her like this as he said, "Cry. It will feel a little better after crying out."

No idea how long passed either, the crying gradually stopped. Only then did Yue Mengli slowly lift her head. She looked at Ye Yuan as she said, "Big Brother Yuan, s-sorry, I ..."

Ye Yuan helped her to wipe away the tears and said with a light smile, "Silly girl, is there still a need to say this sort of words between you and me? There's no need to say anything. I understand."

These 2000 years of scrambling, who did Yue Mengli do it for?

Of course it was for him, Ye Yuan!

As for this kind of outcome, it was naturally not what Li-er hoped for either. How could Ye Yuan blame it on her?

One sentence, 2000 years of grievances, all melted away.

After feeling sad, Yue Mengli felt even more shocked.

With her current Second Firmament Empyrean strength, she actually could not see through Ye Yuan's cultivation!

"Big Brother Yuan, is ... is this your world? It seems ... to be different!"

Only at this time did Yue Mengli notice it. She saw the surrounding scenery and discovered that it was greatly different from ordinary small worlds.

She was rather surprised. Just what kind of boundary had Ye Yuan reached at the moment?

Ye Yuan nodded and said, "That's right, my world is called chaos world. It's indeed different from ordinary small worlds. I'll tell you about this again in the future. We have to think of a way to get out of here first."

Yue Mengli shook her head and said, "Big Brother Yuan, I know that you're very impressive, but it's no use! This room's restrictions were laid down by the Divine Race's Nineorigin. His strength is unfathomable."

Ye Yuan asked curiously, "Just what kind of race is this Divine Race? Why would you become their Divine Daughter?"

Yue Mengli said, "They said that the Divine Race is a race that's blessed by heaven. Hence, they call themselves as the Divine Race. The Divine Race has a sparse population, but each one is unbelievably powerful. As for me ... I don't know either, but it might be related to my spirit and body fusing into one."

When Ye Yuan heard that, his brows could not help knitting tightly together.

A race blessed by heaven! Such high-sounding sentiments!

Regardless of whether it was the human race or the demon race, they both did not dare to utter such big talk.

"Then why would this Divine Race get mixed up with the abyss monsters?" Ye Yuan said.

"Abyss monsters take pride in serving the Divine Race, and they obey the Divine Race absolutely! As for the relationship between them, I don't know." Yue Mengli clearly did not know much either.

But Ye Yuan was incomparably shocked in his heart, abyss monsters were extremely strong, far surpassing same rank humans.

But such a proud race actually bowed their heads in submission toward the Divine Race.

It could be seen that this Divine Race was definitely very powerful!

Ye Yuan nodded his head and said, "The restrictions here are extremely powerful. Even space is sealed. But as long as we leave this house, I have confidence in bringing you out!"

Li-er revealed a difficult look as she said, "But they won't let me go out of this house at all."

Ye Yuan smiled lightly and said, "Relax, leave it to me!"

... ..

Exiting the stone house and switching on the restrictions, Manya let out a long sigh in relief.

"*Huhu*, Mosius, this brat that you brought is pretty good! If he can coax Divine Daughter, you will be considered to have rendered a major accomplishment. At that time, this emperor will transfer you to the Divine Capital!" Manya looked at Mosius with a look of praise.

These few days, Yue Mengli's performance gave him a terrible headache.

Today, he could finally heave a sigh in relief.

He was naturally very satisfied with this kid who performed pretty well.

Mosius said sincerely, "Sharing Lord Manya's burdens is Mosius' honor!"

Manya nodded slightly and said coolly, "These few days, Lord Nineorigin has been handling the matter of the two world's passageway. I reckon that it's almost time. Once the two worlds' passageway is secured, we'll be able to send Divine Daughter into the abyss space. *Oh*, right, what were you looking for me for?"

Mosius said, "Subordinate came to report to Lord Manya that these few days, there was another batch of human powerhouses who entered the passageway again. This batch of human powerhouses was very strong, but they were still beaten off by us. But this time, this subordinate only had a pyrrhic victory, the casualties being extremely heavy."

Manya's two eyes narrowed and he said with a smile, "You this fellow, turns out that you're complaining to this emperor about being hard up. Relax. Later, I'll transfer some manpower from the other outer-region commanders there to you!"

Mosius was overjoyed and said, "Many thanks, Lord Manya!"

Manya chuckled and said, "Want to thank, thank this kid that you brought! If he placates the Divine Daughter, what does this minor matter count for?"

The abyss monster race was quite unruly. Making them deal with women, it was simply even more torturous than going down to the 18th level of hell to Manya.

Ye Yuan's appearance today completely liberated him. So how could he not be happy?

This way, he also did not have his former airs when talking to Mosius, and he was very cordial.

No idea how long had passed either, movements came from inside.

"Lord Manya, Divine Daughter has already agreed to stay! She says that she has something to tell Lord Manya. Lord Manya, please come in." Inside the stone house, there was a restriction that transmitted one's voice outside. Ye Yuan's voice came from inside.

The moment Manya heard, he could not help being overjoyed, hurriedly opening up the restrictions.

The moment the stone door opened, Manya was about to enter the stone house.

But right at this time, he suddenly discovered something amiss.

There was no abyss monster in the house, but an additional human!

Manya immediately felt that it was not good and was about to erupt.

However, it was already too late!

“Immobilize!”

Ye Yuan bellowed, the vital energy in his body surging crazily.

With this Time Freeze, he virtually used all of his strength!

Instantaneously, the power of Heavenly Dao restrained Manya.

However, Manya was a Heavenly Emperor powerhouse. He was far from what the current Ye Yuan could immobilize.

Dao marks swam on his body. He was about to burst through the fetters of Time Freeze in a moment!

However, Ye Yuan only needed this brief moment!

When he opened his mouth, spatial law was already set in motion, bringing Li-er and teleporting outside of the stone house.

“Spatial node technique!”

Ye Yuan brought Li-er and Mosius, executing the spatial node technique, returning to Mosius’ territory in an instant!

[Unrivaled Medicine God](#)

Chapter 2192: Come and Fight!

This series of actions was natural and smooth, being unbelievably fast.

From executing the immobilizing art to teleporting out, to executing the spatial node technique, it was just the time it took for sparks to fly off a piece of flint.

Ye Yuan had long calculated everything. When Manya broke through the constraints, he would have already slipped away long ago.

Manya was merely a First Firmament Heavenly Emperor. Although he was extremely strong, the constraints of Time Freeze on him were still a little useful.

What Ye Yuan needed was just that instant!

Returning to Mosius’s territory, he displayed the greater teleportation art again. It was impossible for a Heavenly Emperor to catch up to him within a short time too!

As long as they escaped outside of the Blackflame Cave, those abyss monsters would not be able to do anything to him anymore!

“Go!”

Upon landing, Ye Yuan did not hesitate in the slightest, directly bringing the two people and executing greater teleportation.

Although this Blackflame Cave was large, with Ye Yuan’s current spatial law, teleporting out was merely the matter of a few breaths of time.

Three people traversed through space and could see the Blackflame Cave’s entrance in several breaths of time.

Seeing the blue sky outside of the Blackflame Cave, Li-er’s face revealed a look of wild elation.

She did not think that she could actually return to the Heavenspan World!

However, Ye Yuan did not dare to be the slightest bit careless, urging spatial law to the limit.

He was not worried about Many, who he was worried about was that Divine Race powerhouse!

He had never seen before Divine Race powerhouses and did not know how strong Divine Race powerhouses were.

If there were any variables to his plan, it would likely lie on this Divine Race powerhouse.

The entrance got closer bit by bit, but Ye Yuan’s breathing became more and more ragged.

100 thousand feet!

50 thousand feet!

Ten thousand feet!

5000 feet!

1000 feet!

The entrance was right before their eyes.

Ye Yuan three people could already see the Angry Nether River outside.

But right then, an abnormality suddenly occurred!

A terrifying fist force tore through the void and arrived in an instant!

Bang!

The void trembled, Ye Yuan’s greater teleportation art was actually directly broken.

The three people fell!

Ye Yuan suddenly raised his head, a figure was standing above the entrance area.

Because of the lighting, it could not be seen distinctly.

This figure stood with his hands behind his back, the gaze that looked down from a great height showed disdain upon the three people.

Ye Yuan focused his eyes and looked over, only to see that the other party's figure was no different from ordinary humans.

But the aura exuding off his body was actually quite similar to Heavenly Dao!

And on his body, one fine line after another entwined around.

Dao mark!

Ye Yuan looked at the other party, his expression incomparably solemn.

Powerful!

A might that made people suffocate!

This kind of might actually gave Ye Yuan a feeling of not being able to overcome with force.

Seeing this person, Li-er's eyes revealed a look of despair.

"Nineorigin!"

This person was the Divine Race powerhouse, Nineorigin!

"Divine Daughter, follow Nineorigin back! The Divine Race is your home!" Nineorigin said expressionlessly.

Yue Mengli bit her lips lightly and shook her head and said, "I'll never go back!"

Nineorigin sighed lightly, but turned to Ye Yuan and said, "You're the Ye Yuan that the Divine Daughter spoke of?"

Ye Yuan's brows furrowed and he said in a cold voice, "That's right! It's me!"

Nineorigin nodded slightly and said, "Entered the Divine Capital alone and brought Divine Daughter out under layers of experts. I've got to say, you're very outstanding! If I wasn't around, you'd likely really succeed. It's just too bad that ... you have to die!"

A hint of decisiveness flashed across in Yue Mengli's gaze and she said, "If Big Brother Yuan dies, I won't drag out an ignorable existence either!"

Nineorigin smiled lightly and said, "Not killing him also works, you go back to the abyss with me."

Yue Mengli said without the slightest hesitation, "Fine, I'll go with you guys!"

As she said, one powerful aura after another gathered over from all directions, surrounding Ye Yuan three people tightly.

Manya rushed over first. Kneeling down in front of Nineorigin with a thud, he said in fear and trepidation, "Great Sage Nineorigin, Manya deserves death!"

Nineorigin said coolly, "Give me a reason not to kill you."

Manya's entire body trembled, recounting the events previously in detail.

When Nineorigin heard, his brows could not help furrowing.

He was previously consolidating the spatial channel and felt the fluctuations in space, that was why he would take action.

If not, Ye Yuan would have long already brought Li-er and escaped at this time.

Hence, he was also very enraged at the Manya who was guarding Yue Mengli.

It was just that he did not expect that Ye Yuan actually had such miraculous means, to actually be able to bring Divine Daughter away with such a bizarre method.

Even with Nineorigin's hallowedness, he also could not help secretly feeling lucky at this time.

Just a little bit and Ye Yuan would have succeeded.

"Uncle Nineorigin, what's going on?" At this time, a young man stepped on air and came over, arriving beside Nineorigin.

Ye Yuan's pupils constricted, this young man's aura was the same as Nineorigin's, also of the Divine Race.

Nineorigin nodded slightly and said, "It's Xin? Xin, someone wants to bring away the Divine Daughter. Luckily, this was stopped by me."

Xin's eyes turned to Ye Yuan and he said with a frown, "It's this lowly human?"

Nineorigin nodded and said, "That's right."

Xin had a look of disdain as he said, "Lowly humans all deserve to die! Blaspheming the Divine Daughter is even committing a crime upon crimes! Manya, why haven't you taken action?"

Manya had a ferocious look on his face, he was incredibly furious with Ye Yuan.

An exalted Heavenly Emperor was actually played by a human.

Furthermore, it was even a human who was much lower realm than him!

"Yes, Lord Divine Son!" Manya kowtowed in reply and was about to make a move.

Nineorigin shook his head and said, "Divine Daughter agreed to go with us, so let him leave. Divine Daughter, can you leave with us now?"

Yue Mengli looked at Ye Yuan, a look of reluctance to part.

But she had no choice but to leave!

If she did not go, with Ye Yuan's strength, there was no hope of walking out of this place at all.

It was missing just this one final step!

Yue Mengli smiled bitterly and painfully in her heart.

“Big Brother Yuan, take care!” Tears fell down the corners of Yue Mengli’s eyes.

However, at that moment she turned around, a hand grabbed her.

“Big Brother Yuan?” Yue Mengli was taken aback.

Ye Yuan smiled.

Smiled very radiantly!

But it carried a hint of heroism and sorrow!

He and Li-er had their hearts linked up, so how could she not know what Ye Yuan was thinking?

Yeah, with Ye Yuan’s personality, how could he possibly watch her leave and not do anything?

Ye Yuan looked at Nineorigin and said with a cold smile, “So what if Divine Race? Today, I’m going to battle this Divine Race! Want to bring Li-er away, can! Step over my dead body! How can I, Ye Yuan, stand behind my woman and wag my tail pitifully?”

Nineorigin’s gaze flickered slightly and did not speak.

Xin’s mouth curled and he said contemptuously, “You’ve got some backbone, but what right does a weakling like you have to say this? You are only fit to stand behind women and wag your tail pitifully! This Divine Son wants to see how tough your bones are!”

Done talking, Xin gave a look. Many understood this signal.

It was only to see him reach his hand out. He beckoned, and then several hundred Empyrean level abyss monsters directly surrounded Ye Yuan three people tightly.

Ye Yuan waved his hand and said in a solemn voice, “Li-er, you go out first!”

Yue Mengli knew that this was probably Ye Yuan’s fight with the least chance of victory to this day!

Even when facing Kanuo back then, Ye Yuan also had a glimmer of hope.

But, the person Ye Yuan was facing today was Nineorigin, a supreme powerhouse!

“Big Brother Yuan, you ... you be careful!”

Forcefully enduring tears, Yue Mengli withdrew out of the battlefield.

Ye Yuan released his aura and yelled coldly, “Come and fight!”

[Unrivaled Medicine God](#)

Chapter 2193: Kill! Kill! Kill!

“Come and fight!”

The three words being spat out of Ye Yuan’s mouth were akin to evening drum and morning bell in a monastery, reverberating in the entire sundered boundary.

The domineering aura made Ye Yuan look akin to a god of war. He was not to be profaned!

Not a single person actually dared to step forward!

Several hundred Empyrean powerhouses were absolutely an extremely terrifying force in the outside world.

Such a line-up could practically take down the vast majority of great imperial capitals in the Heavenspan World already.

But now, they were intimidated by Ye Yuan alone!

Ye Yuan drew the bone sword and stood proudly among them, with the heroism and sorrow of a warrior who would never return again.

He understood that this was just that first wave!

But he did not care!

Why should he, Ye Yuan, fear a battle?

Xin's brows furrowed tightly, clearly very dissatisfied with these abyss monsters' performance.

"What are you all still waiting for? Want this Divine Son to personally take action?" Xin yelled coldly.

Only then did those abyss monsters seem to go crazy, charging over toward Ye Yuan.

Several hundred Empyrean level abyss monsters, there were even quite a number of Fourth and Fifth Firmament Empyrean abyss monsters among them.

What kind of terrifying force was this!

Ye Yuan's bone sword drew a line, Sword Hollow Etch suddenly attacking.

With one exchange, three First and Second Firmament Empyrean level abyss monsters died under the sword!

But it was also this instant that Ye Yuan fell into the sea of monsters.

All around him was surrounded fully by powerful attacks.

It was just that these attacks were nothing to Ye Yuan.

Under spatial law, he could easily avoid this degree of attack.

Those he had to truly be careful about were Fifth Firmament Empyrean abyss monsters.

Because these existences could hurt him.

Under such a chaotic battle, it was impossible for Ye Yuan's spatial law to completely avoid injuries.

After all, the strength of Fifth Firmament Empyrean abyss monsters was too strong!

Ye Yuan's sword swam like a wandering dragon, wandering among the horde, coming and leaving as it pleased.

Places that it arrived at, it would reap the lives of those low-level abyss monsters mercilessly.

True·A Sword Crossing the Void!

True Sword Hollow Etch!

Divine Dragon Trampling Heaven!

Ye Yuan executed one move after another, and he actually killed many of them until the monster horde was in a great fluster.

Xin frowned, clearly being very dissatisfied with the performance of the abyss monsters.

“Humph! Truly a bunch of useless things! So many Emphyreans actually can’t do anything to a Second Firmament Emphyrean!” Xin said with a cold snort.

But Nineorigin was not like him. Instead, he said rather interestedly, “Xin, this punk isn’t weak! Furthermore ... this punk is odd!”

Xin said with disdain, “So what? In front of the Divine Race, the human race is merely an ant that will crumble at the first blow!”

Nineorigin shook his head and said, “This boy is greatly different! Did you notice it? He’s completing battles after battles, absorbing the power of the tarnished black devil crystals!”

How sharp were Nineorigin’s eyes?

Although Ye Yuan did it covertly, he saw it clearly!

With each abyss monster he killed, he would snatch the tarnished black devil crystal over and secretly absorb its power.

But at this time, Ye Yuan’s speed of absorption was ten times than normal!

The current Ye Yuan could not care about whatever realm stability anymore.

He had to rapidly increase his strength right now!

He had to nurture his strength through constant battles, and he would then break through to the peak initial-stage Chaos Realm in the midst of the process!

Initial-stage Chaos Realm did not have a bottleneck. As long as he kept on absorbing, he could increase his strength rapidly.

At present, his realm was currently swiftly rising toward the peak Chaos Realm.

Hence, even though the battle was fierce, Ye Yuan’s chaos divine essence did not reduce, but it increased instead, his strength skyrocketing!

Xin’s expression changed and he cried out in surprise, “How can it be possible? Humans will explode and die from absorbing devilish energy!”

Nineorigin smiled lightly and said, *“Heh, what’s strange about this? Even though I don’t know what cultivation method this boy is using, he can actually simulate the aura of abyss monsters and hoodwink everyone. It’s sufficient to indicate his formidable aspect!”*

Xin's entire body trembled and he said in disbelief, "How can it be possible? This sort of thing, even our Divine Race can't accomplish it!"

Nineorigin smiled and said, "The man that can make Divine Daughter take a fancy to is bound to be extraordinary! Of course, he's naturally much worse compared to Divine Son."

Only after hearing this did Xin's expression become much better.

"That's of course! Our Divine Race is this world's strongest race to begin with, while each of our branches' Divine Sons and Daughters, they are all distinguished talents among peers; absolutely powerful existences. How many cruel battles has this Divine Son experienced before I have today's position? Just based on him, a mere human, what qualifications does he have to be mentioned in the same breath with this Divine Son?"

Nineorigin smiled slightly, clearly very much in approval of this.

He knew that for Xin to be able to have today's achievements, that was relying on absolute strength, crushing his peers and standing proudly above all heroes!

He had the qualifications to be arrogant!

At this time, Nineorigin suddenly turned to Yue Mengli. Taking a step, he arrived in front of her.

"Stop!" Yue Mengli shouted coldly.

Nineorigin smiled and said, "Divine Daughter, Nineorigin has already promised to let him go. It was him who isn't willing! Can you go with me now?"

Yue Mengli smiled coldly and said, "Don't you think about it! My divine essence has already spread throughout my entire body. As long as you move, I'll explode and die! If you don't believe me, you can give it a try!"

Nineorigin's brows furrowed. He did not think that Divine Daughter was actually so decisive. Letting out a sigh, he said, "Forget it, carry on watching then!"

At this time, the battle already entered a white-hot stage.

Ye Yuan's sword emerged like the wind, killing with each move, and already killed several dozen abyss monsters.

His realm already closed in on peak initial-stage Chaos Realm!

But by the side, Manya was in a thunderous rage and let loose a torrent of abuse towards the subordinates below.

"Are you all a bunch of pigs? So many Emphyreans actually can't deal with a puny little human!"

He did not expect that Ye Yuan's strength was actually so strong.

Those Fifth Firmament Emphyrean powerhouse existences could not touch Ye Yuan at all and were brought around in circles by Ye Yuan.

While Ye Yuan was like a sharp blade. Places that he passed through, he would wantonly reap lives.

Seeing that the situation was not good, Manya roared loudly, "All of you go down for this emperor, kill this boy!"

He was speaking to the dozen over Sixth Firmament Empyrean commanders!

And right at this time, Ye Yuan's aura skyrocketed!

Finally, he reached peak initial-stage Chaos Realm!

"Kill!"

"Kill!"

"Kill!"

Ye Yuan roared thrice, stepped onto the void, the spirit of the true dragon emerging.

Heretic Dragon Dominating Space!

The spirit of the true dragon trampling down, the sky was rent asunder and the earth split open, the void trembling.

Below Fifth Firmament Empyrean, they were actually all smashed to death by this foot!

One foot crushed more than a hundred Empyrean abyss monsters to death!

Sixth Firmament Empyreans had yet to take the stage and those Fifth Firmament Empyrean powerhouses were already frightened until they retreated to one side.

There was only Ye Yuan alone on the battlefield, being the last one standing!

The entire place was dead silent, everyone used incomparably shocked eyes to look at Ye Yuan.

Even those Sixth Firmament Empyrean abyss monsters who were just planning on going down, they were actually all cowed into not moving forward.

The current Ye Yuan was akin to a fiend god, giving people a feeling of not being able to overcome with force!

The arrogant and unyielding abyss monsters were also suppressed by Ye Yuan in aura!

Consecutively slaying several hundred Empyrean level abyss monsters, not only his imposing momentum did not diminish, it rose to another high instead!

Swoosh!

Ye Yuan's word pointed at the firmament and he glared furiously as he roared, "A bunch of ants, to dare claim to be exalted, come again!"

[Unrivaled Medicine God](#)

Chapter 2194: Battling Divine Son!

This was a battle without hope, but Ye Yuan's arrogance made heaven and earth terrified!

Even for a powerhouse like Nineorigin, the look of disdain on his face gradually faded away too.

What replaced it was a hint of respect!

Ye Yuan was not a god. Under the attacks of several hundred Emyreans that spanned the sky, even if he was proficient in spatial law, he already sustained considerable injuries too.

But this did not affect his astonishing imposing momentum in the least bit.

“Kill for me! You fools, do you want to anger this emperor to death? He’s just one person! Only one person!”

Manya was enraged until he stomped his feet and roared at his subordinates.

Those Fifth and Sixth Firmament Emyrean devil monster commanders also seemed to feel ashamed, all roaring and charging toward Ye Yuan.

At this time, the abyss monsters’ numbers plummeted sharply, but it scaled new heights in terms of quality.

Without a bunch of initial-stage Emyreans dragging down, but gained a batch of even stronger Sixth Firmament Emyreans!

How daunting was this kind of strength?

Several dozen black figures dashed over from all directions, virtually without dead angles.

The powerful aura practically sealed off all of the space!

An attack without dead angles!

A hint of a cold smile flashed across the corners of Xin’s mouth.

“Dead! No matter how impressive his spatial law is, he’d definitely die without a doubt under this strike too!” Xin said with a cold smile.

He pondered about it. If he were Ye Yuan, under this kind of attack without the slightest blind spots, there would be no hope for survival.

“Immobilize!”

One word emerging, time froze!

Everything around came to a standstill!

The several dozen incomparably berserk abyss monsters were instantly immobilized in midair.

No matter how formidable his strength was, no matter how many the numbers, under Heavenly Dao True Word, it was to no avail too!

Xin’s pupils constricted, looking at this scene in incredible shock. It was as if he had seen a ghost.

Even Nineorigin’s pupils also shrunk, his eyes revealing a hint of astonishment.

Although he knew that it was impossible for Manya to deceive him, he still did not quite dare to believe it.

Heavenly Dao True Word, Time Freeze!

This kind of thing, even he could not do it too!

The noble Divine Race could not do it too!

This mere Third Firmament Empyrean human actually accomplished it?

But at this moment, he finally understood why Ye Yuan could bring Yue Mengli and escape!

“Heretic Dragon Dominating Space!”

Ye Yuan shouted angrily, the divine dragon appearing once more!

Upon trampling down, the Fifth Firmament Empyreans were immediately pulverized into a scattered mess of flesh and blood; not a single one survived.

Sixth Firmament Empyrean abyss monsters also scattered flying everywhere, all heavily injured!

The combination of these two mighty dragon race innate divine abilities may be rated as invincible!

If not for Ye Yuan’s realm being too low, killing these abyss monsters would be no different from killing chickens too.

But even so, this foot going down, Sixth Firmament Empyreans sustained serious injuries!

At this moment, everyone deeply felt Ye Yuan’s might!

Even though there were many powerhouses here, there were quite a number of late-stage Empyrean Realm abyss monsters and also the Heavenly Emperor level Manyas, there was even a supreme powerhouse like Nineorigin.

But Ye Yuan this Third Firmament Empyrean still brought to them an indelible shock!

Was it that abyss monsters were too weak?

Of course not!

It was just that Ye Yuan was too strong!

However, Ye Yuan did not stop. Several dozen streaks of sword light instantly emerged, flying straight for those Sixth Firmament Empyrean abyss monsters.

Puu, puu, puu ...

Those abyss monsters fell to the ground with a loud bang, without the strength to battle anymore.

The entire scene fell into dead silence once more.

One exchange, several dozen Fifth Firmament Empyreans died, and Sixth Firmament Empyreans were seriously injured on the brink of death!

Ye Yuan reached his hand out and grabbed toward them. The tarnished black devil crystals were all sucked over by him.

With his cultivation method revolving, streams of black energy poured into Ye Yuan's body like smoke.

"This ... How is this possible? How can a puny human be so powerful?"

"Just what kind of existence in this human?!"

"Between this human and Divine Son, who do you guys think is stronger or weaker?"

... ..

These abyss monsters could not refrain from thinking like this.

Seemingly wanting to affirm what they were thinking, the tip of Ye Yuan's sword raised up, pointing at Xin as he called in a clear voice, "Divine Race's Divine Son, is it? Don't you guys praise yourselves to be the race chosen by gods? Do you dare to battle or not?!"

Ye Yuan was covered in blood from head to toe. Carrying the momentum of his initial victory, he was unrivaled and domineering, giving Xin an extremely strong sense of oppression.

Xin's face fell, his gaze icy.

A lowly human actually dared to provoke the mighty Divine Race!

Truly reckless and blind.

"*Humph!* Ant-like thing, you, still don't have the qualifications to challenge me!" Xin said disdainfully.

Ye Yuan smiled coldly and was full of scorn as he said, "Is it no qualification, or is it that you don't dare? Or is it that your might relies on these subordinates with profound cultivation realms?"

His words were full of contempt and disdain.

Xin's expression changed, his eyes spewing fire.

Nineorigin's gaze flickered, and he opened his mouth and said, "Xin, this boy is worthy of you taking action!"

Xin frowned and said, "Uncle Nineorigin, I, Xin, growing until today, have experienced thousands of major and minor battles, I've never made a move against an opponent weaker than me before! This brat is only a Third Firmament Emphyrean. What qualification does he have to have me take action?"

Nineorigin said, "You've already witnessed his strength. You ask yourself. When at his realm, could you have done better than him?"

Xin choked when he heard that. Clearly, Nineorigin's words pricked his sore spot.

Then he heard Nineorigin slowly saying, "Furthermore, I feel that this boy hasn't gone all out!"

Xin's face changed, his eyes revealing a look of disbelief.

Even after using Heavenly Dao True Word, he still had not used his full strength?

Xin's gaze flickered and he said, "Fine! This divine son wants to see how much capability this brat has!"

Done talking, Xin's figure swayed and already arrived opposite of Ye Yuan.

He looked at Ye Yuan using a gaze like looking at a dead person and said with a cold smile, “Brat, this is you seeking death yourself. Don’t blame me! Bring forth your full strength. Otherwise, you won’t have the chance anymore!”

Ye Yuan smiled lightly and said, “Whether you can make me bring out all of my strength or not will have to depend on your ability!”

Xin laughed coldly, the aura on his entire body fluctuated, the shirt on his upper body directly blowing off.

On the defined muscles, eight blue patterns swam indeterminately on his body, giving people a mysterious and profound feeling.

Ye Yuan’s gaze shrunk, slightly revealing a look of surprise.

“Lowly human, I’ll let you understand how you die! What you humans cultivate is Divine Dao, while what our Divine Race cultivates is Heavenly Dao! We don’t need to comprehend Heavenly Emperor. As long as we inscribe Heavenly Dao on our bodies, we’ll be able to mobilize Heavenly Dao! This Divine Son is currently at the middle-stage Seven-mark Heavenly Dao Realm, which is also your middle-stage Empyrean Realm! With your strength, this divine son simply finds it beneath my dignity to take action!”

Xin had a proud look as he continued, “Do you think that your Heavenly Dao True Word is very formidable? *Heh heh*, I’m not afraid to tell you this. Each punch that we throw out, that’s a punch of Heavenly Dao! What does Heavenly Dao True Word count for?”

Ye Yuan looked at Xin and said with a cold smile, “Really so much crap! Talking so much, is it to show off your sense of superiority? Sense of superiority is beaten out using fists, not through words from your mouth!”

Xin’s face fell, and he said with a cold yell, “Courting death!”

Swoosh!

In a blink, Xin’s figure disappeared.

Ye Yuan’s pupils constricted, all the hairs on his body standing on end.

Having no time to think, he directly slammed a punch out.

Bang!

A terrifying air billow rippled out. Ye Yuan’s figure flew out backward.

Unrivaled Medicine God

Chapter 2195: Heavenly Dao Showdown!

“Lord Divine Son is mighty!”

“Ant-like human, in front of Lord Divine Son, you’ll crumble at the first blow!”

“Lord Divine Son is well-deserving of being the envoy of God, not to be blasphemed!”

... ..

The abyss monsters were all incomparably excited, cheering joyfully.

The powerful strength that Ye Yuan exhibited previously made each and every one of them somewhat doubt life.

The Divine Race that they followed was the strongest race in this world.

How could a mere ant-like human possibly be so strong?

But now, Lord Divine Son used unparalleled formidable strength to prove the Divine Race's might!

Of course, they subconsciously neglected that Ye Yuan had just experienced a great battle.

He faced several hundred Empyrean level abyss monsters by himself!

"Saw that? This is the might of the Divine Race! We are the race blessed by heaven!" Xin looked down upon Ye Yuan from a great height, his gaze full of disdain.

This formidable punch sent Ye Yuan's innards into an upheaval.

Crawling to his feet with difficulty, Ye Yuan spat a mouthful of blood foam and he grinned, "A little interesting! This is the Divine Race? Since that's the case, then you have a taste of my fist too!"

"Your fist? *Huhu ...*" Xin smiled disdainfully.

Swoosh!

Ye Yuan's figure swayed, arriving in front of Xin in an instant.

A punch came out!

Xin's reaction was also extremely fast, a punch similarly slammed out!

Bang!

Horrifying air billows spread out. Xin's body flew out akin to a cannonball, all the way until it bumped into the mountain nearby before he stabilized his figure.

All of the cheerings abruptly stopped!

Nineorigin's pupils constricted, with a hint of solemnness flashing across his eyes.

From the start until now, his face finally revealed a solemn expression for the first time.

It was only to see his gaze flicker. No idea what he was thinking about either.

One punch returning a punch!

Xin's pupils constricted, looking at Ye Yuan with incredible shock.

This punch did not cause much harm to him, but Ye Yuan's fist was odd!

That punch just now seemed to be identical with his, similarly containing the lingering charm of Heavenly Dao.

But how was this possible?

A human's ordinary punch actually contained Heavenly Dao concept?

In fact, this kind of Heavenly Dao concept was even above his!

It was as if Ye Yuan was the true Heavenly Dao!

While he was merely making use of Heavenly Dao; that was all.

When the fake met the real, the level was immediately established!

"You ... How can you possibly mobilize the power of Heavenly Dao? This isn't possible!" Xin shouted angrily.

"This is my Heavenly Dao, not your Heavenly Dao!" Ye Yuan grinned, saying something that was ambiguous.

This was not the power of Heavenspan World's Heavenly Dao. This was the punch where Ye Yuan fused essence, energy, and spirit!

Essence, energy, and spirit fusing into one, was also the energy source of his chaos world.

In other words, this was his Heavenly Dao!

Xin's gaze turned dark and he said in a cold voice, "Your Heavenly Dao? Shameless boasting! I don't care about your whatever Heavenly Dao. In front of power, everything is in vain!"

Done talking, Xin suddenly erupted. A punch of Heavenly Dao flew over toward Ye Yuan's figure like a wild tempest.

His movement technique traversed through the void, swift to the extreme. He was actually almost on par with Ye Yuan's spatial law!

The two people came and went, traversing through the void, their speed swift to the extreme.

Even those Seventh and Eighth Firmament Empyrean abyss monsters actually could not see the two people's fight clearly.

Ye Yuan also had no choice but to acknowledge the strength of the Divine Race's talent.

Xin clearly did not understand spatial law, but he could borrow the power of Heavenly Dao and complete space traversing.

But even though Ye Yuan's Heavenly Dao was weak, it was a complete Heavenly Dao!

The power of his essence, energy, and spirit fusing into one made up for the difference in realm.

The two people were evenly matched.

In a few breaths, the two people had clashed no idea how many punches.

The two people, each punch had the might of Heavenly Dao, fighting until the entire sundered boundary started trembling.

The expression on Nineorigin's face became more and more solemn. Toward the end, killing intent even appeared.

He did not think that this human who suddenly arrived actually had such formidable strength.

Divine Race matching up against the human race, they had never been defeated before in the same realm!

They were the race blessed by heaven, naturally powerful!

Their combat power was unparalleled under the heavens!

The reason why humans were powerful was that their propagation ability was too strong, giving birth to countless experts, and not that they were individually powerful.

But now, this human before his eyes actually fought to a draw with Divine Son with an unstable cultivation realm of Third Firmament Empyrean!

Furthermore, it was even under the circumstances of being heavily injured!

If this human grew up, he might become the greatest unforeseen accident to the Divine Race's grand plan.

This boy must be eliminated!

Just as he was thinking, a streak of golden light suddenly flashed above the void.

Rumble!

It was only to hear a loud bang. A figure fell down like a cannonball, being slammed underneath the ground.

Ye Yuan was covered in blood all over, akin to a fiend god, standing proudly in the sky!

All the way until just now, Ye Yuan was still holding back.

He mobilized the power of Divine Stele Injecting Spirit and finally overpowered Xin a notch in terms of strength.

Those abyss monsters, including a Heavenly Emperor powerhouse like Manya, all looked at Ye Yuan with incredible shock.

In the same rank, abyss monsters crushed humans!

In the same rank, the Divine Beast crushed abyss monsters!

Abyss monsters followed the Divine Beast not only because they represented Heavenly Fiendgod, but because they were strong.

But now, the existence that they viewed as undefeatable in their eyes was actually defeated?

"Freaking hell ... Is this emperor's eyesight failing? Lord Divine Son was actually defeated?" Manya had an expression like he had seen a ghost as he exclaimed.

“How is this possible? How can the Divine Race possibly lose?”

“A human actually surpassed the Divine Race? How can this sort of ridiculous thing possibly happen?”

... ..

Ye Yuan’s combat strength completely subverted their understanding.

The heaven-defying Divine Race actually lost to the lowly human race!

This sort of thing, they found it hard to accept in terms of feelings!

Bang!

Right at this time, a figure rushed up to the sky from underground.

Xin had a savage look, fire burning in his eyes, practically going to melt Ye Yuan.

In his eyes, Ye Yuan was just a lowly ant.

This ant did not even have the qualifications to make him take action.

But now, this lowly ant actually tramped the incomparably proud Divine Son underfoot!

Someone that you looked down on, that you viewed as an ant, a person that you viewed as dust, defeated you!

What kind of sense of humiliation could be stronger than this?

“Damn human, to be able to force this Divine Son to this step, you can be sufficiently proud! Now, you can go to hell!”

Xin’s two eyes were blood-red, the aura on his body surging to the sky.

The blue Dao marks on his body turned into strands of fine thread, wrapping around him.

An aura of Heavenly Dao suddenly descended.

It was as if Xin was Heavenly Dao!

Heaven and earth changed colors, the firmament trembled!

“This move is the strongest move that this Divine Son comprehended after experiencing 3000 over major and minor battles! To be able to die under this move, you can be sufficiently proud!” Xin looked at Ye Yuan, as if looking at a dead person.

Ye Yuan looked at Xin, his eyes calm.

He slowly took out the bone sword, essence, energy, and spirit, three kinds of power, turned into three auras, wandering around him.

“I, Ye Yuan, don’t need to borrow the power of Heavenly Dao.”

“I, Ye Yuan, am Heavenly Dao!”

Unrivaled Medicine God

Chapter 2196: Why Would I Fear a Fight!

Ye Yuan held the bone sword in his hand. Amidst the fierce winds, he walked over slowly under the pressure of Heavenly Dao.

No matter how the wind and rain howled, it could not shake him in the slightest.

However, Ye Yuan's commotion was far from as powerful as Xin's.

It looked like it could be extinguished at any time.

"Ignorant fool! How can Heavenly Dao be what you can imagine?"

Firmament with One Thought!

Xin threw a punch out. It was as if heaven and earth fell down, crushing the world.

The power of this punch was powerful to the extreme.

Under this punch, those abyss monsters actually trembled and knelt down.

"This is the true power of the Divine Race! Under this punch, everything will turn into nothingness! How can a mere human possibly understand it!" Many said agitatedly.

Xin's punch made them find the confidence that they lost anew.

They firmly believed that Ye Yuan would definitely turn to ashes under this punch!

Facing this earth-shattering punch, Ye Yuan's face was without any ripple like an ancient well.

At this time, his essence, energy, and spirit rose to the peak and fused into one.

All of the power was poured entirely onto the bone sword.

Chaos Essence One Breath Sword!

Carrying the method to contract his strength, Ye Yuan's sword attacked fiercely.

This was his pinnacle sword!

The sword of Great Dao!

In front of this sword, what did the trace of Heavenly Dao power that Xin borrowed count for?

Bang!

Bang!

The void trembled.

The terrifying power disappeared without a trace instantly.

But Ye Yuan and Xin two people were completely unscathed.

Because at this time, a figure stood between the two.

That person was precisely Nineorigin!

Just as the two people's astonishing strikes were about to collide, Nineorigin interjected domineeringly.

With his formidable strength, he forcefully obliterated the two people's all-out attack completely!

"This ... What's going on here? Lord Divine Son was clearly about to kill that human right away, so why did Lord Nineorigin make a move?"

"Yeah! Why would Lord Nineorigin make a move to save a human?"

"If not for Lord Nineorigin taking action, that human would have been dead for sure!"

... ..

The group of abyss monsters were full of puzzlement, not understanding why Nineorigin would cut in rudely at such a critical moment.

Xin's pupils also shrunk and he said with a frown, "Uncle Nineorigin, what have you done?"

Nineorigin did not answer Xin, but he looked at Ye Yuan and said coolly, "I admit defeat on Divine Son's behalf."

Xin's entire body trembled and he said, "Uncle Nineorigin, what did you say? I lost?"

Nineorigin's one sentence directly caused an uproar.

Those abyss monsters were all incomparably shocked. All of them were thinking that Nineorigin was making a joke.

Nineorigin nodded and said, "Just now, if I didn't make a move, you'll probably not be able to return to the abyss anymore. He fused essence, energy, and spirit three paths into one. It isn't one plus one plus one equals to three so simple! Although your Firmament with One Thought is strong, compared to this move of his, the disparity isn't small!"

Actually, Nineorigin already said it very tactfully in consideration of Xin's face.

Not that the disparity was not small, but that it was too far apart!

If he did not make a move, Xin would have died beyond a doubt.

This kind of strength was not what disparity could describe anymore.

Everyone sucked in a cold breath, even the Yue Mengli who was watching the battle at one side also turned pale.

For so many years, she desperately chased after Ye Yuan's footsteps.

But in the end, Ye Yuan's was already powerful to such an extent!

How could she not know the might of Divine Son?

That kind of Heavenly Dao might, even if a Sixth Firmament Emphyrean human came, they might not be able to block it too.

That was a truly astonishing strike!

But someone as strong as Divine Son was still not Ye Yuan's match.

"Impossible! I am the exalted Divine Race's Divine Son! How can I lose to a lowly human?! Uncle Nineorigin, you move aside! I'm going to fight him to the death!" Xin roared at Nineorigin.

As the Divine Race's Divine Son, how proud was Xin?

Not even fighting, how could he possibly believe that he lost to Ye Yuan?

Although he knew that it was impossible for Nineorigin to bluff him, he was still not willing to believe.

Even though Nineorigin making a move saved his life, it ruined his overflowing pride.

This felt even worse than death to him.

Nineorigin frowned and said, "Divine Son, the things shouldered on your body are too heavy. How can you act without due consideration? Our Divine Race has endured for hundreds of millions of years, only for the sake of recovering our former glory, have you forgotten?"

Xin's entire body trembled, his five fingers clenching tightly, making his fist creak from clenching.

"I ... I understand!" Xin's words carried strong unwillingness.

Nineorigin looked at Ye Yuan and said in a solemn voice, "I didn't expect that there's actually a genius like you in the human race! Looks like I underestimated the human race too much. Your lowly race can propagate without limit. They can naturally also give birth to some peculiar existences. You're likely the most talented human in this epoch!"

Ye Yuan smiled coldly and said, "So, are you going to kill me and extinguish the hope of the human race?"

Nineorigin shook his head and said, "There's naturally no need to kill you! We need the power of the Divine Daughter. But I can suppress you forever! After we suppress the Heavenspan World, you can still reunite with Divine Daughter!"

Ye Yuan's gaze was slightly cold. Sword pointing at Nineorigin, he said with a sneer, "Is that so? I said it before. Want to bring Li-er away? Step over my dead body!"

Nineorigin laughed in spite of himself and said, "Forget that you're currently already an arrow at the end of its flight; even at your peak, are you my match? You might not know my identity yet. I'm one of the Divine Race's nine Profound Lineage's elders! Calculating according to cultivation realm, I should be equivalent to your Eighth Firmament Heavenly Emperor. However, your Eighth Firmament Heavenly Emperors ... *huhu.*"

Ninth Firmament chuckled, clearly, he was very disdainful of the strength of Eighth Firmament Heavenly Emperors.

Yue Mengli's expression changed, her face revealing a look of despair.

She originally did not know the division of Nineorigin's realm. But hearing him say so, she knew that Ye Yuan had no hope at all!

Toward Nineorigin's pride, Ye Yuan did not doubt it.

Thinking of Xin's strength, his realm was about equivalent to a Fourth Firmament Emphyrean.

But Xin's strength was sufficient to instantly kill Fourth Firmament Emphyreans!

The Divine Race was this strong.

Ye Yuan's bone sword swung, walking over toward Nineorigin step by step. He said with a cold smile, "Really have a lot of crap! So what if you're an Eighth Firmament Heavenly Emperor? So what if you're one of the Profound Lineage's nine elders? Even if you're that Dao Ancestor in the heavens, why should I, Ye Yuan, fear a fight?"

The moment these words came out, everyone was silent like cicadas in winter.

This fellow's pride was really greater than even heaven!

Nineorigin's two eyes narrowed, the imposing aura on his body gradually releasing.

The horrifying power made everyone present feel suffocated!

Even when separated from extremely far away, those abyss monsters were being pressured until they lay in a prostrating posture on the ground, unable to even move a muscle.

Let alone the Ye Yuan in front of Nineorigin?

Ye Yuan walked toward Nineorigin step by step. Each step that he took was extremely difficult.

Just like a spring that was compressed to the extreme, he was unable to take a step further anymore.

Nineorigin looked at Ye Yuan and said with a light smile, "Under my pressure, you can still keep standing, you're already very good! It's just a shame that ... *mn?*"

Nineorigin's expression changed, his voice abruptly cutting off.

Because he discovered that Ye Yuan was advancing again!

Ye Yuan's eyes became colder and colder.

Countless blue lines poured out of Ye Yuan's body!

Those were Dao marks!

[Unrivaled Medicine God](#)

Chapter 2197: A Battle That Wagers Everything!

Ye Yuan's eyes already completely became a grayish-white color.

His entire person seemed to have turned into an ice sculpture, exuding an icy-cold aura from head to toe.

Not that he cultivated an ice-attribute cultivation method, but because his entire person became emotionless.

While the distance between him and Nineorigin also became closer and closer!

Nineorigin discovered to his surprise that his pressure was actually unable to stop Ye Yuan in the slightest anymore.

“Truly surprises me! A human Empyrean Realm martial artist can actually mobilize Dao marks! Young man, you really made me view the human race in a different light!” Nineorigin was not frightened and let out a praise instead.

While surprise was surprise, he did not feel much danger from Ye Yuan.

With Ye Yuan’s realm, no matter how heaven-defying he was, it was also impossible to cause any harm to him.

About this point, he could be certain of it!

An Eighth Firmament Heavenly Emperor being placed in the entire Heavenspan World, it was also an absolute powerhouse, a paramount existence.

They could look down on everything!

Ye Yuan walked over step by step, all the way until he walked to 100 feet in front of Nineorigin before his figure halted.

Nineorigin smiled lightly and said, “Young man, very good! To have the courage to stand before me, you’re already stronger than the vast majority of the people in this world!”

What kind of powerful existence was Nineorigin?

Being his opponent required courage!

This was not making a joke, but that after the difference in strength reached a certain degree, an enormous pressure formed naturally.

Forget about Ye Yuan who was only a Third Firmament Empyrean, making a human Third Firmament Empyrean stand 100 feet in front of a Ninth Firmament Empyrean, he would probably be scared until he wet his pants too!

Ye Yuan’s feet stopped moving forward, and he opened his mouth and said coldly, “What will make you view in a different light is still at the back!”

A hint of strange smile showed at the corners of Ye Yuan’s mouth.

Following that, the two figures disappeared into thin air just like that!

Xin’s pupils constricted. Immediately, the corners of his mouth revealed a hint of a mocking smile.

“To actually take Uncle Nineorigin into the small world, truly a blind and reckless fool!” Xin said with a cold smile.

Those abyss monsters all burst into an uproar.

“This boy wouldn’t have been scared silly, right?”

“If Lord Nineorigin flicks a finger, his small world would probably shatter, right?”

“A small world is the most fragile. Others are afraid of the opponent finding the small world. This guy actually still took the initiative to take Lord Nineorigin inside!”

“If it was somebody else, then forget it, but that’s Lord Nineorigin!”

... ..

Even Yue Mengli was very puzzled too, worry written all over her face.

Small worlds were where the foundation of human martial artists lied, it was the source of their strength.

At the same time, small worlds were also the most fragile place.

Each human martial artist would guard the entrance to the small world tightly, fearful of the opponent barging in.

If they were weak, it was still alright. Powerful existences could destroy the small world in an instant.

Even if they were not strong, battling in a small world, the damage to the small world was also permanent.

Killing 1000 of the enemy, losing 800 of your own!

Just like back then, a bunch of Emyreans barged into Immortal Grove World. Even if they only slightly engaged in a battle, it caused indelible harm to the Immortal Grove World.

If not for Ye Yuan overcoming the raging tides in the end, the Immortal Grove World would have long turned to ashes.

Ye Yuan took an Eighth Firmament Heavenly Emperor Divine Race member in with Third Firmament Emyrean boundary, wasn’t this looking for abuse?

Nineorigin sized Ye Yuan up rather interestedly and said with a light smile, “This is your final trump card? Your small world can’t withstand my one strike at all! This trump card of yours makes me very disappointed!”

Nineorigin’s thoughts were the same as the rest, not only did this final trump card of Ye Yuan did not have the slightest effect, it appeared extremely foolish instead.

Perhaps Ye Yuan was very confident in his small world, but what kind of person dared to let an Eighth Firmament Heavenly Emperor in?

Let alone that he, Nineorigin, was not an ordinary Eighth Firmament Heavenly Emperor!

For him to be able to become one of the nine elders, the might of his strength was far stronger than even same rank Divine Race members.

What did an ordinary Eighth Firmament Heavenly Emperor count for?

“Oh? Is that so?”

Ye Yuan who had gray eyes said those words coldly, his figure suddenly disappearing.

A faint smile was still hanging on Nineorigin’s face, indifferent toward Ye Yuan’s action.

But in the next moment, the smile on his face suddenly vanished. What replaced it was incomparably seriousness.

A feeling of incredible danger welled up in his heart!

That was the power of Great Dao!

Dao mark!

No time to think too much, Nineorigin urged all of the Great Dao power in his power and met with Ye Yuan’s punch.

Bang!

The entire chaos world started trembling. Nineorigin was smashed flying out backward, his divine sea experiencing an upheaval.

Then he used an extremely shocked gaze to stare fixedly at Ye Yuan.

“What about now?” Ye Yuan said coldly.

Nineorigin’s two eyes narrowed, only then, started sizing the chaos world up seriously.

It was fine if he did not size it up, but when he did, his heart shook wildly!

The chaos world was totally different from the worlds in his understanding!

Incomparably thick aura of Great Dao, incomparably thick chaos divine essence, plus Dao marks that filled the sky.

Everything added up made him think that he was situated in the prehistoric Heavenspan World!

For ordinary human Emphyreans, small worlds had long already formed and could accommodate living things, absorb the power of faith, and nurture treasures.

But Ye Yuan’s small world seemed to have only just formed!

Everything and everything was still in the midst of inoculation.

Although this world was still in the budding stage, the power of Heavenly Dao contained inside was actually almost on par with him, this Divine Race ninth elder!

Ye Yuan could completely maneuver the power of Heavenly Dao inside this world to face the enemy.

Nineorigin stared hard at Ye Yuan and said in shock, *“This place is your small world? How can a small world be like this? What kind of cultivation method are you cultivating?!”*

The gray-eyed Ye Yuan said coldly, "That doesn't need you to worry about! Prepare to die!"

Nineorigin's pupils constricted when he heard that and he said with a cold snort, "You're also looking down on my Divine Race too much! Your small world indeed exceeded my expectations. But it ... is still too weak! After this battle, your small world ... will collapse! And you will become a cripple!"

The gray-eyed Ye Yuan said coldly, "So what?"

While talking, he threw another punch out.

Nineorigin met the attack!

Each of the two people's punches carried an incomparably thick aura of Great Dao.

This battle was truly apocalyptic!

Each time the two people's fists clashed, it would shake the chaos world until it was in an upheaval.

Space shattered, divine seas rolled.

Actually, each of Nineorigin's attacks would cause irreversible harm to Ye Yuan.

But he did not care at all.

Bang!

Bang!

Bang!

... ..

Time slowly trickled by, no idea how long had passed either, Nineorigin still did not come out.

At this time, those abyss monsters finally realized that something was wrong.

"What's going on? Could it be that ... Lord Nineorigin is actually in a fierce battle with that boy?"

"How can this be possible? A mere Emphyrean Realm's small world should not be able to withstand one-ten-thousandth of Lord Nineorigin's power at all!"

"But what on earth are these two people doing in the small world? They wouldn't be chatting, right?"

... ..

Everyone's heart itched like a cat wanting to scratch its body. They really wanted to see the situation inside the chaos world.

But only Ye Yuan could open up the entrance of the chaos world.

If he did not open it, others could not go in at all!

[Unrivaled Medicine God](#)

Chapter 2198: Pride of Heavenly Dao!

Bang!

With the horrifying clash, the two people were each sent flying out.

Space shattered, chaos roiled!

Nineorigin had a head of disheveled hair, his body already stained full of bloodstains, and no longer had his elegance and naturalness at the beginning.

He looked at Ye Yuan and said in a solemn voice, "You're mad! Keep on fighting like this, your small world will be completely ruined!"

While that might be the case, Nineorigin was unbelievably shocked in his heart.

Inside this small world, his strength was being suppressed endlessly, while Ye Yuan's strength was being magnified limitlessly.

In the chaos world, he could not mobilize any heaven and earth spiritual energy at all.

What he could rely on was only his strength!

He felt like he got on a lone island. There was not the slightest bit of help at all.

While what Ye Yuan possessed was the entire world!

The small worlds of humans were all Heavenspan World's Heavenly Dao.

Normally, Nineorigin would not have a feeling of having his hands and feet bound up when inside them.

But Ye Yuan's chaos world was completely different from ordinary worlds.

At this time, the chaos world was already riddled full of holes, virtually on the verge of collapsing already.

Ye Yuan's clothes were in rags from top to bottom, bloodstains all over, looking alarming at the sight.

But his face was still cold as if he could not feel the least bit of pain.

In the chaos world, he could indeed control everything, even control time and space.

However, Nineorigin was too powerful!

The Dao marks on his body were basically a sharp weapon that could shatter everything.

From this point of view, the Divine Race was indeed a race that was favored by heaven.

Even if he could only rely on himself, the disparity between Ye Yuan and him was still enormous.

"So what? Under Heavenly Dao, all are ants! Being unbridled in front of me, you ... deserve to die!" The gray-eyed Ye Yuan did not have the slightest emotion when speaking.

In front of him, the powerful Nineorigin actually became an ant-like figure.

Nineorigin's gaze turned cold, and he said in a cold voice, "Young man, you're too condescending! Today, I'll let you take a look at the might of the Divine Race!"

All of a sudden, Nineorigin's aura erupted. The terrifying power made the entire chaos world start to tremble.

His whole body was swathed in Dao marks. An apocalyptic aura spread out.

The aura of Divine Son Xin was not worth mentioning at all compared to Nineorigin.

This is true power, unrivaled might!

Even under the powerful suppression of the chaos world, this powerful force still shows signs of bursting through the firmament.

"Divine Race? In front of me, Ye Yuan, you all are merely a bunch of ants!"

Ye Yuan flicked his sleeves grandly, both hands drawing a circle. A Tai Chi diagram condensed in front of him.

Nineorigin's pupils shrunk. A pressure akin to beholding a great mountain hit from head-on.

His heart shook wildly, secretly sighing in relief at how lucky he was!

Ye Yuan's realm was too low. If Ye Yuan's cultivation realm could reach the Heavenly Emperor Realm, killing Nineorigin would be akin to killing a dog in this world!

At this time, Nineorigin actually had some regret, regretting that he was overly careless.

If not for him underestimating the enemy too much, being brought into the chaos world by Ye Yuan, he would also not be in such a difficult position.

It was just that, who could have thought that a mere Emphyrean Realm actually had such a powerful small world?

At this very moment, Nineorigin's despise toward Ye Yuan had long already been swept clean.

What replaced it was incomparably solemnness.

He did not know how strong Ye Yuan's move was and also did not know whether he could block it or not.

This strike would determine life and death!

It was not up to him to think too much either. Nineorigin practically used all of his strength.

All the strength that he could muster in his body was completely poured into executing this move.

Of course, he could also feel that Ye Yuan used all his strength to mobilize the entire world's power too.

This was the clash between Heavenly Dao and Heavenly Dao!

"Cleansing the World!"

"Great Dao is Unparalleled!"

Bang!

Two apocalyptic attacks instantly collided together.

The horrifying energy undulation formed a terrifying black energy vortex, akin to a black hole.

Exploding sounds were everywhere in the entire chaos world.

It was as if it was the end of the world.

The two people were directly drawn into the black hole, life and death being unknown.

No idea how long had passed either. Everything returned to tranquility. The entire chaos world fell into dead silence.

... ..

“Already been three days and nights. Why hasn’t Lord Nineorigin come out?”

“Lord Nineorigin wouldn’t really have become interested and is chatting with that kid, right?”

“Got to say, that boy is still quite capable. Perhaps he can win Lord Nineorigin’s recognition!”

... ..

In the sundered boundary, the abyss monsters were discussing animatedly. But Yue Mengli’s fingers gripped tighter and tighter.

Her fingernails were already sinking into her flesh, but she was still oblivious to this.

Three days and nights already passed in a twinkle. The two people still did not have movements inside Ye Yuan’s small world.

No one knew what was happening inside either!

But the longer it got, the more worried Yue Mengli was of Ye Yuan’s safety.

His opponent was one of the most fearsome existences in this world!

Xin’s brows also furrowed tighter and tighter, *Uncle Nineorigin would not really have gone in to chat with Ye Yuan, right?*

Saying such things, ghosts would not believe it too.

But could the mere Empyrean Realm Ye Yuan really battle with Uncle Nineorigin for three days and night?

Xin felt that it was extremely preposterous!

Forget about Ye Yuan, even if an Eighth Firmament Heavenly Emperor was here, it was also impossible to last past half a day from under Uncle Nineorigin’s hands!

Could it be that Ye Yuan’s small world really had some exceptional aspects?

Yes, it must be like that!

That punk used a trick and trapped Uncle Nineorigin in the small world.

Rumble!

Right at this time, the void trembled, a figure burst out.

Everyone looked toward the arrival with sidelong glances.

This person did not have an intact spot from head to toe, his entire person like he was hauled out of a pool of blood, looking incomparably sinister and terrifying.

Blood dripped from his body like water droplets.

His aura was also extremely chaotic. He only had the strength of Emyrean Realm.

“U-Uncle Nineorigin?” Xin shouted with uncertainty.

“It’s me!” The blood-man used an extremely parched voice to answer.

But his gaze was locked above the void firmly, without even blinking.

It was as if there was a primitive fierce beast there.

This blood-covered man was precisely Nineorigin!

The current Nineorigin was actually forcefully beaten down a major realm!

Xin opened his mouth wide and simply did not dare to believe his own eyes.

Was this blood-man before his eyes that was virtually about to die really his Uncle Nineorigin?

Uncle Nineorigin was one of the Profound Lineage’s nine elders!

What kind of astonishing powerhouse was that? That was a powerhouse who made myriad worlds tremble! That was a powerhouse who made myriad races bow in worship!

Now, he actually became like this?

While his opponent was merely just a Third Firmament Emyrean!

Xin even somewhat doubted life.

Murmur!

Below, all of the abyss monsters directly broke out into a commotion.

They used extremely shocked eyes to look at Nineorigin, their gazes full of incredulity.

“This ... How is this possible? What in the world happened inside that small world?”

“That’s Lord Nineorigin! Lord Nineorigin who is ever-victorious! Who can tell me what on earth happened?”

“Impossible! This is absolutely impossible! Lord Nineorigin is the god in my heart! How can he possibly be beaten until like this?”

... ..

The group of abyss monsters was doubting this.

No one could have thought that a one-sided battle actually developed to this conclusion in the end.

Unrivaled Medicine God

Chapter 2199: Wait for You to Fetch Me Home!

However, the fact was like that!

The Lord Nineorigin who was formidable like a god sustained serious injuries, his realm falling greatly!

“U-Uncle Nineorigin, what in the world happened? Why did you ... become like this?”

When Xin was talking, he felt somewhat parched.

The shock that this scene brought to him was too strong!

“Hahaha ...”

Uncle Nineorigin suddenly let out a burst of wild laughter and said, “Worth it! Crippling this boy, no matter how heavy the injuries I sustain, it’s also worth it! Xin, running into this boy here is our Divine Race’s fortune. If we allow him to grow up, our Divine Race will likely suffer a disastrous calamity!”

Xin’s pupils constricted, his eyes full of shock.

Who Nineorigin was talking about was not an individual, but the entire Divine Race!

For the Divine Race to dare come into being, they have naturally already readied themselves perfectly.

But all these would change because of one person?

Wasn’t Nineorigin’s appraisal of this boy too high?

Suddenly, his expression changed. The corners of his mouth revealed a trace of a bitter smile.

Nineorigin already became like this; could this still not explain the issue?

Nineorigin was one of the nine Profound Lineage’s elders, all who could sit in this position were people who had experienced many battles and crushed their peers.

But such a powerful Ninth Elder was actually hurt so badly.

How in the world did this Ye Yuan do it?

No matter how unwilling he was to admit it, Xin also understood that Ye Yuan’s talent was indeed a notch above his.

But he never could have thought that Ye Yuan was actually monstrous to such a degree!

“Nineorigin, what did you do to Big Brother Yuan? Where ... Where is he?” Yue Mengli glared at Nineorigin and said with a worried look.

Nineorigin did not look at her, staring hard at a certain area in the void as he said in a cold voice, “Apologies, Divine Daughter. Your Dao Spirit Physique is indeed the strongest divine physique in this world! But today, this boy must die!”

Yue Mengli's pretty face turned pale, all the blood fading away instantly.

Nineorigin's meaning was very clear, Ye Yuan was currently not dead yet.

But he had to die!

Right at this moment, a figure fell out of the void.

It was precisely Ye Yuan!

The current Ye Yuan was no better than Nineorigin too. There was not an unscathed spot from top to bottom.

Furthermore, he was already unconscious, his entire person falling powerlessly, the speed getting faster and faster.

Swoosh!

Virtually without thinking, Yue Mengli rushed over akin to an arrow that left the string.

"Stop her!"

Nineorigin yelled. Many did not have the slightest hesitation, leaping up and directly stopping Yue Mengli.

How powerful was Many? Yue Mengli was directly restrained by him.

At the same time, Nineorigin gathered all the strength in his body without the slightest hesitation. He then smacked a palm toward Ye Yuan!

"Big Brother Yuan!" Yue Mengli's scream reverberated throughout the sundered boundary.

But Nineorigin did not hesitate in the slightest at all.

This palm was a certain kill!

At this very moment, there was already no one that could save Ye Yuan.

"Hahaha ... Die!"

Just as this palm was about to land on Ye Yuan's body, golden light suddenly radiated from Ye Yuan's body!

"Roar!"

A giant golden dragon leaped into the sky from Ye Yuan's body, letting out an astonishing furious roar.

This roar made the entire sundered boundary tremble.

Space shuddered, one fine crack after another fissuring.

These fissured fine cracks did not show signs of healing but fissured larger and larger instead.

An enormous dragon claw trampled down on Nineorigin's head.

Nineorigin's expression changed wildly, but currently, his move was already ending and he did not have his power at this peak. It was already too late to want to run.

"Lord Nineorigin!"

At the critical moment, Manya roared madly, instantly diving beneath the dragon claw and knocking Nineorigin flying.

Bang!

The giant dragon trampled down, debris flying everywhere, space collapsing.

The powerful Manya turned to ashes under this foot and did not even emit a miserable scream.

Nineorigin rolled several hundred times on the ground before stabilizing his figure.

This change was too intense. Everyone did not react to it.

Nineorigin's bloodstained face was full of terror at this time.

Just now, if not for Manya sacrificing himself and knocking him away, the one who died would be him!

He never dreamed that in the end, Ye Yuan actually still had the spirit of a true dragon protecting him!

Let alone did he imagine that he, one of the exalted Profound Lineage's nine elders, actually nearly died here!

Nineorigin's back was already drenched in cold sweat.

But toward Manya's death, his eyes did not reveal any sorrowful expression.

In his eyes, abyss monsters were a bunch of slaves.

Dying for him, that was Manya's honor.

Suddenly, he trembled all over, his entire person turning stiff there, not daring to even move.

The giant golden dragon's pair of dragon eyes were currently looking down at him from a great height.

For a moment, Nineorigin's hair stood on end, not daring to even breathe.

He was afraid that once he breathed, the giant golden dragon would give him another stomp.

After one breath, the dragon tail circled around, protecting Ye Yuan in the middle, and flew out of the Blackflame Cave with a *whoosh*.

Nineorigin's bottom plopped onto the ground, panting heavily for air, feeling the joy of having survived a disaster.

Nineorigin secretly sighed in relief that luckily, this spirit of a true dragon only had the power of one strike. Otherwise ... he would be doomed today!

Rumble!

The powerful spirit of the true dragon passed through the Blackflame Cave's entrance, making the originally already unstable cave entrance completely collapse.

The Blackflame Cave's entrance disappeared just like that.

Space was shattering, caving in, fissures getting larger and larger.

This sudden turn of events happened too suddenly. Everyone did not react in time.

Yue Mengli wanted to escape, but it was already too late.

However, being able to see Ye Yuan escape, she was already very comforted in her heart.

"Big Brother Yuan, I'll live on well and wait for you to fetch me home!" Yue Mengli said smilingly with tears flowing.

At this time, Nineorigin appeared beside Yue Mengli and said with a bad timing, "His inner-world already completely crumbled, fleshy body being heavily injured. His cultivation has already been wiped out in a day! Even if he doesn't die, he'll also be a cripple in the future! Divine Daughter, you're my Divine Race's member from birth, this world's paramount existence! In the future, when we return to the Heavenspan World anew and beat down the human, demon, and fiend races and descend upon the world like a sovereign, that will be your home to return to."

Yue Mengli gave him a glance and smiled disdainfully.

To others, their small world collapsing and cultivating being lost might mean that their life was over.

But Yue Mengli firmly believed that Ye Yuan still had a day where he would rise up.

No matter how arduous this path was, Ye Yuan would not give up too!

If talking about who understood Ye Yuan best in this world, that was her, Yue Mengli!

Of course, she was completely disdainful to explain to Nineorigin.

"Come on!"

At this time, Yue Mengli was no longer melodramatic. Instead, she walked toward the abyss calmly.

Nineorigin was taken back, but since Yue Mengli was sensible, he naturally would not say anything either, slowly following after.

Before leaving, he gave Xin a look, Xin understood and nodded.

Bang!

Suddenly, a terrifying force was sent out. Mosius was directly blasted into residue by Xin.

Yue Mengli's pretty face turned cold, and she said in alarm and anger, "You!"

Xin said coolly, "Living off people while secretly helping others, he deserves to die!"

Done talking, Xin left with his hands behind his back.

The remaining abyss monster army also headed over toward the abyss one after another.

The sundered boundary crumbled apart continuously, fragmenting non-stop, finally turning into a horrifying spatial tempest.

The spatial passageway that the Divine Race racked their brains to form was smashed to pieces just like that.

Everything returned to tranquility!

Chapter 2200: Chopping Firewood

The wind howled and the water turned cold; the brave warriors will never return!

The news about Ye Yuan rushing into Blackflame alone in order to rescue his beloved spread like wildfire.

A monster like Ye Yuan naturally aroused the attention of the various major forces that entered the Blackflame Cave. Hence, they inquired about Ye Yuan's origins one after another.

There were no walls without a crack in this world. Ye Yuan had long already stated his identity when he entered Fallen Maple Bodhidharma. It naturally could not be hidden.

Only at this time did everyone suddenly startle awake. It turned out that this was the Second Sage who gave rise to much discussion a few years ago!

Beyond the shock, everyone was also endlessly sympathetic.

Such an exceptional talent actually fell in the Blackflame Cave just like that. It was truly lamentable!

The Blackflame Cave completely collapsed. The cave entrance vanished. Space recovered to how it was initially. The Angry Nether River flowed without ceasing once more.

Everyone knew that Ye Yuan most likely died inside.

The only thing that was mysterious was that right as the passageway collapsed, a streak of golden light flashed by and disappeared.

In the beginning, there were also people who guessed whether or not this golden light would be related to Ye Yuan.

But along with the passage of time, no one saw Ye Yuan anymore. Everyone's doubts also gradually evaporated into thin air.

Because the Second Sage's maidservant was still in Fallen Maple Bodhidharma.

From then on, Ye Yuan never came to see Lu-er before.

On Sunset Peak, Lu-er quietly cried as she said, "Young Master, they all said that you died, but I don't believe it! Even if I walk to the ends of the world, I must find you too."

In a blink, it was already three years.

Over 100 thousand miles away from Cloudriver Country, there was a place called Jingning Mountain.

The sun came up from the east mountain, the setting sun bypassing the top of the mountain, illuminating a peaceful little village.

Inside the village, there was smoke curling up from each of the kitchen chimneys there, indicating people getting up at sunrise.

Those living in the village were a bunch of mortals.

A robust young man said with displeasure, "Dumbo, go and chop all these firewood! Our Chen Village doesn't raise idle people!"

Standing opposite him was a young man wearing coarse cloth, his face without any complexion.

Dumbo did not say anything, turned around and came beside the firewood pile, and started chopping firewood.

Chop!

Chop!

Chop!

One section after another of white oak lay beside Ye Yuan neatly, gradually stacking higher.

The robust young man had an astonished look. Following that was gloominess all over his face.

White oak burned easily and the temperature was high. It was an excellent fuel to burn.

But it was extremely tough. The strongest hunter in the village also needed three to four swings before they could split it.

Chopping firewood was actually strenuous work.

A'Yong making him chop firewood was actually intentionally making things difficult for him.

But this fellow actually split them with one swing. Furthermore, the cuts were extremely smooth. It was as if they had been sanded out before.

Strange!

It was weird!

This kid obviously looked like he was half-dead, so how did he have so much strength?

A girl ran over angrily and pulled Dumbo behind her, and shouted at the robust young man, "A'Yong, you're bullying A'Ning again!"

When the robust young man saw the situation, he immediately burned with jealousy.

A'Xiu was the prettiest girl in Chen Village, while he was the Chen Village's most promising hunter!

He and A'Xiu were childhood friends, both being young and innocent. They were an innocent and pure pair in everyone's eyes.

As they gradually grew up, A'Yong secretly fell in love with A'Xiu and viewed her as his exclusive slice of meat.

At the same time, he was also very hardworking, striving to become the most outstanding hunter in the villages around.

It all seemed like success would come when the conditions were ripe.

Until this Dumbo appeared, everything was turned upside down!

A'Xiu and Grandpa picked Dumbo up by the brookside.

When he was just brought back, Dumbo was covered in blood all over and was already no different from a dead man.

Everyone thought that he was dead for sure. But who knew that he actually forcefully hung in there with one breath and did not die.

A'Xiu was kindhearted, taking the utmost care of Dumbo every day.

Just two days ago, Dumbo could finally get down the bed and walk.

But these three days, A'Xiu clearly drifted apart a lot from A'Yong. It was naturally because of Dumbo.

Jealousy burned. so A'Yong liked to find trouble these few days.

"I didn't bully him. There are no men in the village loafing around, since Dumbo is well, he naturally has to work," A'Yong said.

A'Xiu said, "His body isn't fully recovered yet and is still very weak. He's not suited to work! Also, he only lost his memories and isn't a dumbbo. You're not allowed to call him dumbbo!"

The person A'Ning out of A'Xiu's mouth and the Dumbo out of A'Yong's mouth was naturally Ye Yuan who sustained serious injuries in the Blackflame battle.

The current Ye Yuan did not remember anything. So A'Xiu's grandfather named Ye Yuan as Chen Ning.

Hence, A'Xiu normally called Ye Yuan as A'Ning.

But the current Ye Yuan's aura was feeble. His divine essence collapsed and dissipated, and he even lost his memories and was no different from a mortal.

The battle with Nineorigin, the two people's battle produced an extremely terrifying energy vortex.

Nineorigin's realm fell greatly, while Ye Yuan naturally sustained even heavier injuries.

In that battle, Ye Yuan's essence, energy, and spirit virtually collapsed all-round.

There was still a thread away from death.

A'Xiu turned around and pulled A'Ning as she said, "A'Ning, let's go!"

But Ye Yuan did not leave and said with a smile, "What A'Yong said is right. Since I'm a part of the village, I should do a little something for the village. These three years, A'Xiu and Grandpa, as well as

everybody, took good care of me. That's how I could survive. I feel bad sitting around doing nothing, waiting to die like that."

As he said, Ye Yuan walked back beside the firewood pile and continued chopping firewood.

One swing.

Another swing.

The incomparably heavy ax was akin to weightless in Ye Yuan's hand.

A'Xiu also opened her mouth wide, looking at Ye Yuan with an astonished look.

This fellow clearly only got down from the bed for a few days. So how did he have so much strength?

In merely less than an hour, that hill-sized firewood, all were chopped completely, and they were piled neatly together.

Ye Yuan finished chopping the firewood, turned his head, and discovered the two people with their mouths wide open, looking at him. He could not help being perplexed as he said, "What's wrong with you guys? Why are you using this sort of eyes to look at me?"

A'Yong's face fell, and he said, "You, this fellow, wouldn't have pretended for three years, right? Right, you must have intentionally feigned death to get close to A'Xiu!"

A'Xiu shot him a fierce glare. When she and Grandpa saw Ye Yuan, Ye Yuan did not even have a breath, not an intact spot from head to toe.

Could this sort of thing be faked?

But she looked at Ye Yuan again and said, "This is white oak. Even if Uncle Lie was here, chopping these firewood entirely will also take an entire day's time. You finished chopping in an hour! Do you think we should be surprised or not?"

Ye Yuan scratched his nose and said doubtfully, "Is that so? But I feel that it's very easy to chop. Just a light swing. I don't need to use much strength either, and it will split apart."

The two people were speechless, using eyes like looking at a monster to look at him.

How could they know that Ye Yuan's physical body was the perfect seventh transformation golden body?

If at his prime, flick a finger and the entire Jingning Mountain would be leveled to the ground.

Even if he was seriously deficient in vital energy currently, chopping firewood was still a piece of cake.

At this time, there was suddenly noise and excitement at the entrance of the village.

A'Yong's brows raised up and he said with pleasant surprise, "Dad they all came back! Dad must have hunted many fine beasts going out this time. A'Xiu, let's hurry over and take a look."

A'Xiu pulled Ye Yuan and said with a smile, "A'Ning, let's go over and take a look too."

Ye Yuan nodded his head and was dragged to the village entrance.
