Chapter 2201: Jadeheart Grass

"Dad, Uncle Jian, you guys are back?"

A'Yong welcomed the hunting party with a proud look.

His father, Chen Lie, the Chen Village's patriarch, was a powerful hunter who was renowned far and wide.

At this time, several powerful hunters returned. They were all carrying quite a number of games on them. It was naturally a fully-loaded return again.

"*Haha*, Yong-er, the luck this time was pretty good. I hunted a Snowjade Roebuck," Chen Lie said with a big laugh.

At this time, the villagers all gathered over, each and every one of them exclaiming with admiration.

"Patriarch is really impressive! This Snowjade Roebuck's strength virtually reached the peak of mortal beasts. It's also just a step away from becoming a divine beast, yet it was actually killed by you!"

"With this, our Chen Village can have enough to eat and wear for half a year!"

"Following Patriarch Lie is truly our fortune!"

... ..

Everyone had praises for him. Toward Chen Lie, they expressed admiration from the bottom of their hearts.

In the Heavenspan World, mortals living outside of counties might suffer the attack of fierce beasts at any time.

An entire village being destroyed was also a common occurrence.

But Chen Village showed signs of moving toward prosperity under Patriarch Chen Lie's leadership.

At least, they did not need to live days where they hid themselves from place to place.

Powerful strength was the foundation to live on.

A'Xiu squeezed in front of the people. Her eyes lit up as she said with surprise, "Uncle Lie, you're really too impressive, to actually even defeat a Snowjade Roebuck. In my view, you might be able to break through to achieve Divine Dao someday! Don't you think so, A'Ning?"

Ye Yuan had a vacant look and nodded along.

Chen Lie patted A'Xiu's head and laughed as he said, "Silly lass, how can the Divine Dao be so easy to achieve? I know my strength. Being able to reach the peak mortal realm is already the limit! However ... I have high hopes of Yong-er!"

By the side, Chen Jian also smiled and said, "Yes! Yong-er's strength will be able to catch up to the few of us old fellows in a few years. He is our Chen Village's future!"

Hearing the praises of the elders, Chen Yong's bashful flush carried a trace of smugness, giving Ye Yuan a glance that was somewhat demonstrating his strength.

Ye Yuan had another blank look and was at a loss on what to do.

Chen Lie directly threw the Snowjade Roebuck to his son and said heartily, "Cut off a bit more and deliver it to your Grandpa Yan. A'Ning, this Snowjade Roebuck is a great tonic. It's greatly beneficial to your injuries."

Chen Yong's face turned black, immediately feeling annoyed.

While Ye Yuan smiled humbly and said, "Thank you, Uncle Lie."

Everyone was very concerned about Ye Yuan in this village.

Although he lost his memories, he was very grateful to everyone.

"Oh, right, Uncle Yan, I found this when I entered the mountain this time." As he said, Chen Lie carefully took out a package from his bag.

His actions were very careful, fearful of breaking the thing inside the bundle.

Opening up the bundle, a surge of boundless spiritual energy spread out.

Chen Yan's expression changed and he cried out in surprise, "Spirit medicine! Divine rank spirit medicine, Jadeheart Grass! Although it isn't fully matured yet, the spiritual energy inside has a 10% chance of letting you to break through to the Deity Realm!"

Chen Yan was an old man who enjoyed high prestige and commanded universal respect in the clan. His status was even above Chen Lie's.

Because he was a mortal realm alchemist!

Hence, the moment he saw this spirit medicine, he recognized it.

The moment Chen Lie heard this, he was wild ecstatic and said with joy, "It's indeed the case! That Snowjade Roebuck was guarding this thing and refused to leave no matter what. It was indeed for the sake of breaking through to achieve Divine Dao!"

Chen Yan nodded and said, "That's right! If this Snowjade Roebuck swallowed the mature Jadeheart Grass, breaking through to Deity Realm would virtually be almost guaranteed! It's just too bad that ... this old man is incapable and can't refine the Jadeheart Pill. Otherwise, you breaking through to the Deity Realm would virtually be something that's guaranteed! A shame! A shame!"

Chen Yan lamented and sighed, repeatedly saying that it was a shame. Clearly, he found it a great pity.

Jadeheart Pill was a divine pill. To him, it was something that could be looked at, but could not be touched.

Not forming a pill and directly eating was only wasting this stalk of divine medicine.

But Chen Lie was indifferent and said with a smile, "Uncle Yan, you don't need to be like this. I plan on saving this Jadeheart Grass for Yong-er. His talent is greater than mine. He'll definitely be able to break through to the Deity Realm when the time comes."

But Chen Yan shook his head and said, "It's no use! By the time Yong-er cultivates to peak mortal realm, the Jadeheart Grass' spiritual energy will have more than half lost. At that time, it will also be no different from ordinary mortal-grade spirit medicines. Don't get any ideas about planting it either. The nurturing of divine rank spirit medicines is extremely nitty-gritty and profound. This old man doesn't have much assurance in being able to preserve its spiritual energy. Furthermore ... Luo Sheng is going to come and collect taxes tomorrow. Do you think that he'll let this divine rank spirit medicine off?"

With this, Chen Lie's expression became ugly.

By the side, Chen Yong's expression also became very ugly.

A Deity Realm powerhouse held a great significance to a village.

As long as a Deity Realm powerhouse appeared in a village, their survival rate would greatly increase and they also would not need to be afraid of the invasion of fierce beasts anymore.

And this village would also become a powerful village in one stroke, dominating the lives and deaths of other villages!

Luo Sheng that Chen Yan spoke of was a Deity Realm powerhouse!

Therefore, the Luo Village was also the strongest village in the radius of ten thousand miles, the other villages had to bow their heads in submission.

"This ... There's only 10% chance? It's too wasteful!" Chen Lie said gloomily.

The others all fell silent, while Chen Yong had a look of self-reproach, secretly hating that his strength was not strong enough.

Right at this time, a discordant voice suddenly sounded out, "Why don't ... I give it a try."

Everyone looked towards Ye Yuan in surprise, the one who spoke was precisely him.

Chen Yong just happened to be in a bad mood. Hearing Ye Yuan speak, he completely erupted.

"What has it got to do with you here? What do you, a good-for-nothing who doesn't even have essence energy, want to try? This is a quasi-divine rank spirit medicine. It's not for you to play around with!" Chen Yong hollered at Ye Yuan.

Ye Yuan wiped the spittle on his face and still had a blank face.

Even he himself also did not know why he would say such a thing.

The moment A'Xiu heard, she was immediately indignant and put her hands on her hips and said, "What are you being fierce for? A'Ning had good intentions too! Moreover, Grandpa said before, A'Ning must have been an important person in the past. How do you know that he can't do it?"

Chen Lie appeared slightly embarrassed as he said, "A'Ning, not that Uncle Lie doesn't trust you, but ... you don't even have essence energy."

Ye Yuan thought about it and said, "Uhh ... makes sense."

But by the side, Chen Yan was absorbed in thought and suddenly opened his mouth and said, "A'Ning, do you have the confidence of success?"

The others all used incomparably shocked gazes to look at Chen Yan, not understanding what he meant.

What methods could a cripple who did not even have essence energy have?

Ye Yuan was taken aback and shook his head and said, "I ... I don't know either."

Chen Yan asked curiously, "Then why did you say so just now?"

Ye Yuan smiled bitterly and said, "I don't know either, it didn't go through my brain earlier and I suddenly said it out loud."

Chen Yan's face revealed a pondering look. Finally, his gaze turned intent and he handed the Jadeheart Grass to Ye Yuan and said, "Come to my pill refining room. Whatever you need, take it yourself!"

Chen Lie had not said anything yet when Chen Yong directly lugged the Snowjade Roebuck and jumped up, saying in shock and anger, "Grandpa Yan! This is a quasi-divine rank spirit medicine!"

[Unrivaled Medicine God](#)

Chapter 2202: Divine-grade? What Is That?

"Uncle Yan, isn't this ... too rash?" Chen Lie also could not resist speaking up.

As for the people in the village, each and every one of them revealed reluctant looks too. Their gazes when looking at Ye Yuan were full of suspicion.

After all, what right did a brat, who did not even have essence energy, have to test a divine rank spirit medicine?

One had to know, to get divine rank spirit medicines on Jingning Mountain, one could come by with luck but not by searching for it.

Letting a person who lost his memories and did not have essence energy fiddle with it, wasn't it messing around?

Casually playing around and the 10% chance would even be lost.

Even Ye Yuan himself also said hesitantly, "Grandpa Yan, I'm afraid that ... this isn't appropriate, right?"

But Chen Yan waved his hand and said, "You go ahead and try. If it's really gone, this old man, I, will shoulder it. Chen Lie, you have no objections, right?"

Rubbish! Of course I have objections!

But Uncle Yan's status in the village was exceedingly high, not only was he his elder, he even saved many people in the village.

Without him, the Chen Village would have long failed to maintain itself.

For him, Chen Lie, to have everything today, Uncle Yan also contributed great efforts.

Chen Lie opened his mouth and said with a bitter smile, "Since Uncle Lie has decided, I naturally have no objections."

... ..

Chen Yan said that it was a pill refining room, but actually, it was just a thatched house.

What a stalk of quasi-divine rank spirit medicines influenced was the hearts of the people in the entire village.

If 10% hope placed on Chen Lie won the bet, that would be the village's future.

But right now, letting a guy who did not even have essence energy play with it, how could they not worry?

Upon entering the refining room, a familiar feeling hit him face-on.

Ye Yuan's entire spirit seemed to have become much better all of a sudden.

Chen Yan had been observing Ye Yuan all along. Seeing this scene, he himself also felt inspired.

He had the greatest seniority in this village and knew the most.

For Ye Yuan to be able to be injured until like that and still not die, he was absolutely not a mortal realm martial artist like them.

Ye Yuan being able to recover, his medicine actually did not have much effect.

More of it was Ye Yuan's own recovery ability!

Just now, Ye Yuan blurted out very naturally, like it was instinctive.

So he guessed that perhaps Ye Yuan was a powerful Alchemy God in the past!

Since Ye Yuan instinctively said that he could do it, then he might really have some way.

Chen Yan knew that the methods of Alchemy God powerhouses were inconceivable. It was completely not what a mortal realm alchemist like him could imagine.

Everyone was standing outside the door. Ye Yuan went into the refining room alone, walked around, and stopped, gently stroking some spirit medicines as well as some utensils.

Touching these things, Ye Yuan had an extremely familiar feeling.

That sort of familiarity was just like his body's instinct.

Ye Yuan felt that his blood was burning little by little.

"What a familiar feeling!" Ye Yuan muttered.

Everyone's gazes followed Ye Yuan's movements, not knowing what he wanted to do.

It was just that he walked around and did not have the intention of taking action.

Chen Yong snorted coldly and said unhappily, “He’s just walking around like that. The sky is already dark. I also don’t know what he wants to do! What can he do like this?”

“Yeah! Why do I feel like this kid isn’t reliable at all, like he’s pretending to be mysterious!”

“Uncle Yan, don’t be fooled by this boy. That’s a quasi-divine rank spirit medicine!”

... ..

Quite a number of villagers were very unhappy, grumbling toward Chen Yan.

Chen Yan’s brows furrowed, and he said with a low roar, “All shut up for this old man! Anybody else that dares to speak, get out for me!”

When everyone saw Chen Yan fly off the handle, each and every one of them was silent like cicadas in winter.

Chen Lie originally wanted to chime in a few words too, but seeing Chen Yan flared up, he could only shut his mouth sensibly.

Ye Yuan’s idling took more than an hour.

Suddenly, his footsteps stopped and he took out a piece of low-grade divine essence stone from an exquisite box.

Everyone’s faces changed!

This kid really knew what to take!

In a place like the Chen Village, a piece of low-grade divine essence stone was extremely precious.

All of Chen Yan’s hidden goods were also merely just three pieces.

This was still him having saved for many years and expended no idea how many materials before exchanging for it.

This kid was not courteous!

Ye Yuan picked up the divine essence stone and pushed away the things on the table, revealing a large empty area.

Then, his pen moved like flying, using the divine essence stone and started drawing on the table.

Everyone had stunned faces, only Chen Yan’s eyes became brighter and brighter.

Ye Yuan was depicting an array formation!

He could not understand this array formation at all; incomparably profound!

This is absolutely not the standard that a One-star Alchemy God can have! Chen Yan screamed in his heart.

In merely a few breaths, Ye Yuan casually drew a design.

Then, he walked over to the medicine rack there swiftly and casually grabbed a few spirit medicines. He threw them into the array formation together with the Jadeheart Grass.

“This guy’s eyes are actually shut!”

“He ... He’s also too casual, right?”

“Is there refining medicine like this? This is wasting spirit medicines, right?! You see, there’s indeed no reaction.”

... ..

The villages all revealed indignant looks because they discovered that Ye Yuan actually had his eyes shut throughout the whole process.

Although they could not understand the array formation, Ye Yuan’s attitude was also too casual.

And the array formation that Ye Yuan drew indeed did not have any activities.

“What the hell do you all understand?! A’Ning has already turned all of his abilities into instinct. He doesn’t need to look at all, and he doesn’t need to measure! All shut up for me and watch closely!” Chen Yan suddenly shouted coldly.

Everyone did not dare to say again.

One breath.

Two breaths.

Three breaths!

Murmur!

The array formation suddenly lit up, a thick surge of spiritual energy poured into the refining room crazily.

This array formation also had the effect of gathering spirit!

Even Ye Yuan himself was also dumbfounded by this miraculous scene.

He looked at his hands, a look of incredulity.

This was done by him?

After several breaths, the light faded. Four medicinal pills lay on the table quietly.

Everyone’s eyes became wide saucers, mouths opening widely, their faces full of shock.

Especially Chen Yong, he was previously making quite a bit of disparaging remarks.

At this time, Ye Yuan actually refined the medicinal pills.

With a method that he had never heard of before!

Used divine essence stone and casually drew a bit, and one could refine medicinal pills?

This kind of method, he had never thought of before even in his dreams!

Chen Yan's eyes shone with brilliant light, that look in his eyes wished to swallow Ye Yuan whole.

He trembled as he walked in front of the table. Carefully holding up a medicinal pill, he said agitatedly, "That's right! That's right! It's the Jadeheart Pill! Exactly the same as in the records! That spirit gathering array formation just now forcefully raised the quasi-divine rank spirit medicine to a divine rank spirit medicine and refined the Jadeheart Pill! No, wait, this ... this isn't an ordinary Jadeheart Pill! C-Could this be a divine-grade Jadeheart Pill?"

"What? Divine-grade Jadeheart Pill? This ... How is this possible?"

"My God, divine-grade Jadeheart Pill, I didn't hear wrongly, right?"

"Could it be that A'Ning is really a legendary Alchemy God?"

... ..

Nobody in the entire village had seen before an Alchemy God, let alone talk about a divine rank divine pill.

Even Chen Yan only noticed something off too and speculated.

Ye Yuan had a blank look as he said, "Divine-grade Jadeheart Pill? What's that?"

Chen Yan could not help choking when he heard that and almost dropped the medicinal pill onto the ground.

The villages also almost collectively fell to the ground. This guy did not even know what was a divine-grade divine pill, and yet he refined four divine-grade divine pills in one go?

Unrivaled Medicine God

Chapter 2203: I Feel That You'll Be Overwhelmed by It

"A divine-grade Jadeheart Pill is simply a god-like medicinal pill! As long as there's this one pill, your Uncle Lie will be able to 100% step into the Deity Realm that one even dreamed about! Four divine-grade Jadeheart Pills is equivalent to four divine rank powerhouses!"

Chen Yan had an agitated look, even reaching the point of fanaticism already.

He was now incomparably certain that the Chen Village picked up a treasure!

Before something happened to A'Ning, he was absolutely a Two-star Alchemy God!

No, it was Three-star!

Definitely a Three-star Alchemy God!

As for the even stronger Four-star Alchemy God, that already surpassed the scope of Chen Yan's understanding. He did not even have the courage to think about it.

Even if he racked his brains, he would also not be able to imagine what kind of powerful alchemy supreme lord was that.

Ye Yuan scratched his head and said, "Looks like I'm not a good for nothing trash."

Chen Yan laughed loudly and said, "Trash? This old man has never regarded you as trash! From that moment I saved you, I knew that you absolutely didn't belong in a shallow pond!"

By the side, A'Xiu looked at Ye Yuan, blinking her eyes and saying with a look of idolization, "*Hehe*, I said it before, A'Ning is definitely not an ordinary person!"

The villages were still in the midst of shock, they were stunned silly by Chen Yan's 'four divine rank powerhouses'.

"My God, four divine rank powerhouses! I didn't hear wrongly, right?"

"Then wouldn't our Chen Village become the strongest village in the radius of ten thousand miles?"

"This A'Ning truly can't be judged by his appearance! I didn't expect that he's actually an Alchemy God in hiding!"

... ..

At this time, how could the villagers still remember the mocking from before?

The few words 'four divine rank powerhouses' seemed to have magical power, making everyone change their tones immediately.

A Divine Realm powerhouse was the realm that every hunter in the village yearned for.

But to this day, a divine rank powerhouse had never appeared in the village before.

To mortals, taking this step was far too difficult!

It could not be realized throughout their entire lives too.

But Ye Yuan casually drew with his hands and magicked out four divine rank powerhouses, how formidable was this!

Chen Yong was incredibly embarrassed at one side.

Seeing A'Xiu's besotted appearance, the vat of vinegar in his heart was instantly knocked over again.

"*Humph!* What's impressive about it! I can also cultivate to the Deity Realm by cultivating myself!"

He thought so in his heart, but his eyes still flitted towards the Jadeheart Pills without putting up a fight.

As for Chen Lie and Chen Jian, their eyes had never left the Jadeheart Pills before. Their bodies even agitated until it was quivering.

That was Deity Realm!

Chen Yan was experienced with age in the end and was the first to recover from the shock.

He coughed dryly twice and called everyone's souls back, and slowly said, "Chen Lie, Chen Jian, the two of you each get a divine-grade Jadeheart Pill and immediately enter closed-seclusion. You must break through to the Deity Realm before tomorrow!"

"Yes, Uncle Yan!" The two people were wildly ecstatic and carefully received the medicinal pill from Chen Yan's hands, and they left with large strides.

Chen Yan carefully put away the two remaining Jadeheart Pills and said to Chen Yong and A'Xiu, "A'Yong, A'Xiu, these two medicinal pills are saved for you! From today onwards, you have to cultivate diligently and reach the peak mortal realm as soon as possible!"

A'Yong finally let out a sigh and said with cupped fists, "Yes, Grandpa Yan!"

When he said this, he could not resist secretly sneaking a peek at Ye Yuan and discovered that the other party was absorbed in thought, and he could not help secretly heaving a sigh in relief.

Fortunately, this guy did not haggle over things. Otherwise, if he taunted a few words, his face would have nowhere to go.

Especially that it was in front of A'Xiu.

"Grandpa, this isn't far! The medicinal pills were refined by A'Ning. Why isn't one left for him?" A'Xiu said unhappily.

Chen Yan smiled bitterly and said, "It is not that grandpa is taking advantage of A'Ning, but even if this medicinal pill was consumed by him, it also won't have the least bit of use."

A'Xiu was puzzled and asked, "This is a divine pill. How can that be possible?"

Chen Yan said, "A'Ning suffered heavy injuries. Spiritual energy can't be stored in his body at all. Even if he eats this spirit medicine, it will also be all in vain in the end."

A'Xiu still wanted to say something, but he heard Ye Yuan smile and said, "A'Xiu, it was you and Grandpa Yan who saved me. You taking this medicinal pill is ought to be too. *Uh* ... perhaps I can refine even more incredible medicinal pills in the future?"

The moment these words came out, Chen Yan's two eyes shone!

Goodness!

Why didn't I think of this?

After Chen Lie and Chen Jian broke through to the Deity Realm, getting divine rank spirit medicines would become much easier.

At that time ...

Thinking up to here, Chen Yan was virtually losing control of the feverishness in his heart!

Maybe he had hopes of breaking through to the Deity Realm too!

"Uncle Yan, things are bad! Luo Sheng brought the Luo Village's people and came to collect taxes in advance!"

Everyone was currently immersed in their fantasy when someone suddenly came to report, shattering all the fantasies to pieces at once.

No one thought that Luo Sheng actually came so quickly!

Chen Lie and Chen Jian two people were definitely already in closed-seclusion right now and could not be interrupted.

If Luo Sheng discovered that Jadeheart Pills, the Chen Village would likely face a catastrophic disaster!

In this county area, there was no justice to talk about.

Whoever's fist was larger, whoever was the law.

Luo Sheng was the sole Deity Realm powerhouse in the radius of ten thousand miles, his words were the imperial edict.

Furthermore, it was absolutely impossible for Luo Sheng to passively watch the Chen Village grow.

Chen Yan's face fell and he said, "Everybody, follow me. The matter of the Jadeheart Pills absolutely can't be divulged! Each and every one of you put away your expressions and pretend like there's nothing. Once the slightest hint is divulged, everyone will have to die, understand?"

Everyone's faces turned austere, nodding their heads one after another.

Chen Yan chased the villagers out, found a hidden area, and put away the two Jadeheart Pills before following out.

... ..

Chen Yan led everyone out of the village. They saw a middle-aged man in brocade opposite of them had unparalleled martial prowess.

A large contingent of troops was brought along behind him, the soldiers being strong and the horses sturdy.

Just the grand completion mortal realm powerhouses were more than ten people!

Chen Yan did not say a word and directly knelt down toward Luo Sheng who was riding on a horse.

"Chen Village's Chen Yan, leads the villagers to offer greetings to divine being, Lord Luo!"

With him kneeling, the rest knelt down one after another and called out, "Offering greetings to divine being Lord Luo!"

In the eyes of these mortal realms, Deity Realm was an invincible existence, being addressed respectfully as 'divine being'.

And in Luo Sheng's eyes, these villagers were all ants. Seeing him, they had to kneel down.

Otherwise, it was death!

Suddenly, Luo Sheng's brows furrowed, and he said with a cold snort, "Boy, who are you! Why didn't you kneel seeing this god?"

Chen Yan turned around and discovered that Ye Yuan was currently standing there blankly with his brows furrowed, deep in thought, and could not help being scared out of his wits.

How could this boy be dumb at the critical juncture?

When Ye Yuan saw everyone kneel, his brows knitted together instinctively.

No idea why, he did not want to kneel toward this person!

At the thought of wanting to kneel, every pore on Ye Yuan's body was resisting.

This was the pride that stemmed from his bones, even if he lost his memories, he could not be wiped away too.

A mere Grotto Profound, only just entered Divine Dao, what qualifications did he have to make the exalted Second Sage kneel?

The exalted Second Sage, that was the figure standing at the very summit of this Heavenspan World!

Could he, Luo Sheng, accept a kneel from the Second Sage?

Ye Yuan was absorbed in thought as he looked at Luo Sheng. Suddenly, he said with a serious face, "Uh ... I feel that you'll be overwhelmed by it!"

[Unrivaled Medicine God](#)

Chapter 2204: As Easy as Blowing off Dust

The moment these words came out, everyone's faces changed drastically.

Chen Yan's head went buzzing and almost exploded.

Why did this boy not know the proper way to act at this sort of time?

As long as he endured until Chen Lie they all broke through, with two mighty Deity Realms here, would they still need to be afraid of Luo Sheng?

"A'Ning, quickly kneel down! The prestige of Divine Being can't be affronted!" Chen Yan said with a low cry.

But Ye Yuan shook his head very seriously and said, "Grandpa Yan, I've considered it very seriously. He really can't take it!"

"Hahaha ..."

Luo Sheng let out a loud laugh and pointed at Ye Yuan and said, "A trash who doesn't even have essence energy actually says that this deity can't handle a kneel from you? If I insist on you making obeisance today?"

Ye Yuan thought about it and said again with a serious look, "I won't do obeisance even if I die!"

Luo Sheng nodded slightly and said to the subordinate beside him, "Go, make him kneel down! If he doesn't kneel, beat until he kneels!"

Chen Yan's expression changed greatly and he wanted to get up, but then he heard Luo Sheng say in a solemn voice, "Nobody is allowed to move! Anyone who moves, dies!"

Everyone was silent like cicadas in winter, how could they still dare to move?

They did not understand why Ye Yuan would be so stubborn.

Just making an obeisance, one would not die.

That subordinate had a pleased look as he swaggered in front of Ye Yuan.

At this time, A'Xiu suddenly stood up. Blocking in front of Ye Yuan, she said with a stubborn look, "You're not allowed to touch him!"

Pah!

Everyone did not react to it and A'Xiu was already struck flying by the subordinate with one slap.

"Divine Being said that whoever moves dies, are you deaf?"

As he said, the subordinate pulled out the saber at his waist and chopped over toward A'Xiu without the slightest hesitation.

"A'Xiu!"

Chen Yan's face changed wildly, but it was already too late to want to stop it.

Ye Yuan's expression changed greatly too and pounced toward A'Xiu without thinking, using his body to protect her below him.

Clank!

This saber landed on Ye Yuan's body without the slightest hesitation and emitted the sound of metal clashing.

The faces of the villagers changed again and again.

They first gave a cry of surprise, all thinking that Ye Yuan was dead for sure.

But Ye Yuan did not die.

The saber, shattered!

Yes, completely and utterly shattered.

"Ouch! My hand!"

The subordinate gave a painful cry. The saber that only had the hilt remaining fell to the ground, the webbing between his thumb and index finger being shocked until fresh blood spurted wildly.

Everyone had stunned faces. The one who was hacked was fine, while the person hacking was badly mutilated?

"What happened? Could it be that A'Ning's body is as tough and strong as steel?"

"This guy is really strange!"

... ..

Casually refining divine-grade divine pills, and being impervious to swords and spears from head to toe.

It turned out that even after losing one's memories, the person could still be so formidable!

Only Chen Yong's gaze flickered, connecting it to Ye Yuan's ease when chopping firewood in his mind. Could it be that this guy was a body-refinement martial artist in the past?

Now, he somewhat believed Grandpa Yan's words. Ye Yuan's origins were likely really not simple!

Luo Sheng's two eyes narrowed and he said in a solemn voice, "No wonder you're so cocky. It turns out that you're a body-refinement martial artist! However, in front of the power of Deity Realm, everything is drifting clouds!"

It was only to see him leap up. A force that could topple mountains and overturn the seas billowed to the sky.

The faces of the villagers all turned ashen pale, being stunned by this power.

This was the power of Deity Realm!

This kind of power crushed everything!

"DIE!"

Luo Sheng arrived in front of Ye Yuan with a leap and planned on killing Ye Yuan with a palm.

Facing this power, Ye Yuan's complexion also turned deathly pale.

He wanted to avoid this palm, but once he dodged, A'Xiu would die without a doubt.

Helpless, he could only forcefully withstand this palm.

Bang!

Thud, thud, thud ...

Luo Sheng fell back several dozen steps in a row before barely managing to stabilize his figure.

He looked at Ye Yuan with a look of astonishment.

This palm landing, Ye Yuan was completely unscathed, while his own palm already could not lift up anymore!

How could this guy's body be so tough?

The villagers had blank faces, looking at Ye Yuan with incredible shock.

Wasn't a Deity Realm an invincible existence?

Why was it that when facing such a frail A'Ning, he could not even harm a hair?

Luo Sheng's face fell and he turned angry from embarrassment and said, "Brat, consider yourself ruthless! However, I want to see how many people you can protect! Kill for me! Spare none!"

Luo Sheng's party was very strong, far from what the Chen Village could compete with.

Let alone that there was even Luo Sheng, this Deity Realm powerhouse around.

A hint of viciousness flashed across Luo Sheng's eyes, and he said to Chen Yan in a cold voice, "Old thing, to dare defy this deity's orders, seeking death!"

"STOP!"

However, right at this moment, two powerful auras surged to the sky, arriving in front of everyone in an instant.

"Patriarch!"

"A'Jian!"

When the villagers saw these two people, each and every one of them was inexplicably roused.

While Chen Yan had a look of astonishment on his face as he said in shock, "You ... How did you guys break through so fast?"

Chen Lie smiled bitterly and said, "I don't know what's going on either. Upon swallowing the medicinal pill, my realm reached grand completion, then I broke through to the Grotto Profound Realm without the slightest obstacle, not needing the slightest effort at all!"

Chen Jian also had a look of wonder as he said, "Me too! Furthermore, this is still only the beginning. My realm is soaring crazily all the way, breaking through all the way to the late-stage Grotto Profound Realm before stabilizing."

Chen Lie nodded his head and said, "Me too! What's even scarier is that even though I broke through to the late-stage Grotto Profound Realm, my realm is incomparably sturdy, without the slightest signs of instability!"

Chen Lie and Chen Jian's current realm was not the initial-stage Grotto Profound Realm, but it was the late-stage Grotto Profound Realm!

When Luo Sheng saw these two people, his face immediately turned ashen, shock on his face.

He was angered out of his mind by Ye Yuan just now and did not detect that these two people were not around for some time.

Who would have thought that in a blink of an eye, Chen Lie and Chen Jian, these two people, actually directly broke through to the late-stage Grotto Profound Realm?

Meanwhile, he was merely just at the initial-stage Grotto Profound Realm.

Chen Lie two people could trample him to death with one foot.

But at this time, there was already no one who would go and pay attention to him. Everyone cast shocked gazes toward Ye Yuan once more.

Just what kind of medicinal pills did this guy refine!

Even Chen Yan was also in a mess this time.

He had never heard before that a divine-grade divine pill could let a mortal directly breakthrough to late-stage Grotto Profound Realm!

This sort of thing was simply fantastical!

Divine-grade medicinal pills were already the limits of what he understood.

As for whatever purple spirit, void spirit, with his status, he was unable to come into contact with them at all.

Of course, if he came into contact with them, he would only be more shocked.

How could he know that the Jadeheart Pills which Ye Yuan casually refined already reached the peak of vast spirit divine-grade?

Although Ye Yuan was still in a state of amnesia currently, his pill refining skills practically flooded every cell in his body.

Refining a mere rank one divine pill was simply using a cannon to kill mosquitoes, wasting his talents on a petty job.

"A-Alright. Talk about A'Ning's matters afterward. We need to deal with the matter on-hand first," Chen Yan adjusted his dry throat and said.

Chen Lie nodded slightly and looked towards Luo Shen, his face full of killing intent.

Thud!

Luo Sheng directly knelt down without another word and wept, "T-Two lords, this lowly one had eyes but failed to recognize Mount Tai! I ... I beg you to spare my life! From today onward, the Luo Village will follow the Chen Village's lead! *Oh*, right, this lowly one collected quite a few good stuff these few years. I'm willing to offer them up!"

Chen Lie's gaze turned intent and he said, "Are there divine rank spirit medicines?"

Luo Sheng repeatedly nodded and said, "Have! There are some!"

Chen Lie and Chen Jian exchanged a glance and smiled.

[Unrivaled Medicine God](#)

Chapter 2205: Deity Realm Village

Under the attentive gazes of the villagers, Chen Yong and A'Xiu walked out of closed-seclusion.

The auras on their bodies were already totally different!

Deity Realm!

After these two people consumed the Jadeheart Pills that Ye Yuan refined, they broke through to Deity Realm without the slightest surprise!

Furthermore, these two people actually both reached middle-stage Grotto Profound Realm.

The power of the medicinal efficacy dumbfounded everyone.

With this kind of miraculous medicinal pill, how was there still a need to cultivate?

Prior to this, Chen Yong and A'Xiu still had a long way to go from the grand completion mortal realm.

But in a twinkle, they were already Deity Realm powerhouses.

The realm that was once far beyond reach, the Chen Village actually suddenly had four of them in one day. The villagers felt like they were dreaming.

"Tsk tsk, A'Ning is really our village's treasure!"

"Uncle Yan, you really picked up a big treasure for our Chen Village!"

"A'Ning, my family's Chun-er has just nicely reached a marriageable age. Why don't you consider it?"

... ..

A group of villagers crowded around Ye Yuan, pulling and yanking on him, making Ye Yuan very uncomfortable.

"Alright, alright! A'Ning isn't someone who belongs in a shallow pond, our village can't hold him!" Chen Yan chased everyone away and said crossly.

He did not lose his head by everything in front of him. Being able to refine such magical medicinal pills, Ye Yuan was absolutely not an ordinary person.

How could a measly little Chen Village hold this great buddha?

Chen Yan sneaked a glance at his granddaughter. Seeing the look in his granddaughter's eyes, he could not help sighing slightly in his heart.

Originally, everyone thought that A'Xiu and A'Yong were a pair. But Ye Yuan's appearance completely unlocked A'Xiu's maiden feelings.

It was just that, the dropping flowers pine for love, while the heartless brook will probably babble on!

Even if A'Xiu broke through to the Deity Realm now, she likely could not match up to Ye Yuan at all too.

Even though he did not know what kind of grade the Jadeheart Pills reached, without a doubt, it already exceeded his imagination!

Ye Yuan could even refine such heaven-defying medicinal pills under a state of amnesia and his divine essence being completely lost. It could be seen how formidable he was before.

"A'Yong, A'Xiu, why haven't you come over and thank A'Ning?" Chen Yan said in a solemn voice.

Chen Yong's expression was complicated. Finally, he still came before Ye Yuan and gave a bow, saying, "Many thanks, A'Ning!"

While A'Xiu said in surprise, "A'Ning, this medicinal pill is too magical! After I swallowed it, it's simply like I can automatically cultivate, breaking through to the Deity Realm in a blink of an eye!"

Ye Yuan scratched his head and said with a vacant look, "Uh, is it very impressive? I don't know either!"

A'Xiu nodded her head repeatedly and said, "Very impressive! Very impressive! Didn't you see that Luo Sheng's expression? He even wanted to cry previously!"

Ye Yuan smiled bashfully. Thinking about it, he seemed to really be quite impressive.

... ..

After several days, Chen Jian brought Luo Sheng back.

Everyone was very curious, not knowing what things Chen Jian brought back.

In front of everyone, Chen Jian chuckled and said, "Got to say, this guy really hid quite a number of good stuff these few years! Their Luo Village even got a miniature medicine garden and planted quite a few divine rank spirit medicines inside. This time, I raided all of them in one go."

When Chen Yan and the rest listened until here, each and every one of their eyes shone.

What they hoped to hear the most right now were divine rank spirit medicines!

What did divine rank spirit medicines signify?

A stalk of quasi-divine rank Jadeheart Grass created four Grotto Profound Realm powerhouses.

If there was a batch of divine rank spirit medicines placed here ... what would happen later already did not need to think too much.

The villagers were all wildly ecstatic. If the spirit medicines were sufficient, could they also break through to the Deity Realm?

Rustle!

Chen Jian let out the bunch of things inside the storage ring. Chen Yan's gaze turned intent, his face revealing a look of wild elation.

"Sundered Space Weed, Silver Frost Ginseng, Seamless Flower ... Also, this is a divine rank Jadeheart Grass! I didn't expect that the Luo Village actually collected so many good things!" Chen Yan said agitatedly.

By the side, Luo Sheng had long become a bitter-gourd face.

The divine rank spirit medicines that he gathered these few years were planned on using for himself to break through.

Who knew that it was wiped out all at once today.

"A'Ning, this ..." Chen Yan looked toward Ye Yuan pleadingly, somewhat fidgety in his heart.

Ye Yuan thought about it and said, "I'll give it a shot then!"

Chen Yan was overjoyed when he heard that and brought a bunch of spirit medicines into the refining room.

Following that, various sorts of light would come out of the refining room from time to time.

Outside the house, the expression of Luo Sheng who was watching Ye Yuan refine pills for the first time was fascinating to the extreme.

"This ... This is simply a miracle! I've never heard before that someone can refine pills like this! No wonder, no wonder your Chen Village has four Deity Realm powerhouses that appear all of a sudden! Who in the world is this young man?" Luo Sheng said in shock.

Chen Lie smiled until his mouth could not close, and he said with a proud look, "Three years ago, A'Ning sustained serious injuries. It was Uncle Yan and A'Xiu who saved him. As for who he is, we don't know as well."

Although he did not know, the smugness on Chen Lie's face could not be concealed no matter what.

Because he knew that the Chen Village would become completely different from today onward!

Seeing Chen Lie's expression, Luo Sheng's heart felt as awful as having eaten a fly.

But he could not hold back his feelings of envy.

Freaking hell, why didn't I encounter this sort of good thing?! Luo Sheng secretly cursed in his heart.

The efficiency of Ye Yuan's array formation pill refinement was very high. In less than half a day, these spirit medicines that Chen Jian brought were refined into all sorts of medicinal pills by him.

Furthermore, each medicinal pill emitted an extraordinary aura. Clearly, the grade was extremely high.

Chen Yan, Chen Lie, and the rest had wide beams on their faces. With these medicinal pills, the Chen Village would completely soar to the sky with one bound!

... ..

Clouddriver County, City Lord Manor.

City Lord Huang Wei was currently discussing matters with the few major family heads in the city when City Guard Commander, Li Zhe, suddenly barged inside.

Huang Wei's brows furrowed and he said, "What are you acting rashly for? Don't know the rules?!"

But Li Zhe right away said, "Your Excellency, something big happened! This subordinate doesn't dare to dawdle!"

Huang Wei said coolly, "My Clouddriver City has always been peaceful. What major thing can happen?"

Li Zhe said, "Your Excellency, a Deity Realm village appeared outside of Clouddriver City! Overnight, this Chen Village's population of 121 people all broke through to Deity Realm!"

"What did you say?" When Huang Wei heard this, he suddenly shot to his feet, not quite daring to believe his ears.

"Overnight? Got to be a joke! The people in this village wouldn't have been struck by lightning, right?"

"Commander Li, food can just be eaten, but words can't simply be said! Even if a capital city's Three-star Alchemy God came, it's also impossible to create 100 over Deity Realms overnight, right?"

... ..

When the few family heads heard this, they all had disbelieving looks. They could not resist scoffing at Li Zhe.

But Li Zhe said, "Your Excellency, this subordinate has a squire who went to the Luo Village in the vicinity of this Chen Village. He returned to his hometown to pay a visit to his elders this time and brought back this news! At first, this subordinate didn't believe it either. But this subordinate personally went to investigate and verify it. This matter is absolutely true!"

Everyone's expression turned stiff with shocked faces.

Li Zhe personally took a trip, looks like it would not be wrong.

But this sort of thing was too fantastical!

[Unrivaled Medicine God](#)

Chapter 2206: Collecting Ancient Records

To this day, Chen Yan still felt that he was having a dream.

The Chen Village actually became a Deity Realm village!

Even those brats who were still wet behind their ears, after consuming Ye Yuan's medicinal pills, they also broke through to Deity Realm overnight.

Ye Yuan's pair of hands was seemingly able to transform the rotten into something magical.

The Deity Realm that was as high as the clouds in their eyes, Ye Yuan could casually create them.

And now, even Clouddriver City's city lord was waiting outside of the village respectfully, not daring to have the least bit of arrogance.

That was Clouddriver City's city lord, an Origin Deity Realm mighty expert!

Origin Deity Realm was once an unreachable existence to the Chen Village, a figure in the heavens.

But now, he was actually standing outside the village obediently.

Drawing a deep breath, Chen Yan pushed the door and went in. Ye Yuan was currently holding his superficial Alchemy Dao records and classics, and reading with great gusto.

"A'Ning!" Chen Yan called smilingly.

Ye Yuan put down the book, got up, and said with a smile, "Grandpa Yan."

Chen Yan smiled and waved his hand, indicating for Ye Yuan to sit down, and saw, "Oh, A'Ning, this old man's books probably can't enter your sights at all, right?"

Ye Yuan shook his head and said seriously, "Although Grandpa Yan's books are shallow, I still learned many things from them. Uh ... I've already finished reading these books and made some remarks on them."

Reading these Alchemy Dao records, Ye Yuan understood with one glance and did not have the slightest feeling of sluggishness.

Ye Yuan seemed to be able to find his own past from them.

Chen Yan received them to take a look and could not help trembling all over.

It was only to see that many things were recorded densely on the records.

Ye Yuan's casual annotations immediately enlightened many areas that he did not understand in the past!

Briefly reading a few lines, he actually had a feeling of being enlightened.

Ye Yuan's casual annotations were already no idea how many times more brilliant than the contents in these books.

Chen Yan was sure that Ye Yuan's level was definitely a thousand times, even ten thousand times more brilliant than the people who wrote the books!

"Incisive! Truly penetrating! A'Ning, you must have been an incredible high-level Alchemy God in the past!" Chen Yan sighed with admiration as he said.

Ye Yuan smiled and said with a nod, "I also feel that way, regardless of whether it is refining pills or reading books, I have a very familiar feeling. It's as if I was born for the sake of refining pills. *Oh*, right, is Grandpa Yan finding me for something?"

Only then did Chen Yan wake up from the shock and said rather embarrassedly, "Almost forgot the official matters! Clouddriver City's city lord has come to realize the truth. Lord Huang Wei brought the family heads of the five major families in the city, and they personally came to our Chen Village to request an audience with you. They don't dare to come in and disturb and are currently waiting outside the village."

Ye Yuan was taken aback and said, "To see me?"

Chen Yan smiled bitterly and said, "Our Chen Village, the old and young, have all become Deity Realm powerhouses now. It already shocked all the neighboring households. It's also not strange that City Lord knows. The status of Alchemy Gods is venerated. He's definitely coming to find you to request for pills."

Ye Yuan thought about it and said, "I'll meet him then."

... ..

When Huang Wei and the few major family heads saw Ye Yuan, they were utterly stunned.

The one who created a Deity Realm village overnight was an ordinary person who did not even have divine essence?

He looked towards Chen Yan rather strangely, wondering if this guy was playing them.

Chen Yan hurriedly explained, "City Lord, A'Ning has always maneuvered heaven and earth spiritual energy to refine pills with array formations and doesn't need medicinal cauldrons or divine essence."

Huang Wei's whole body trembled and he cried out in surprise, "*Hiss* ... array formation refining pills!"

The few people exchanged glances and bowed respectfully toward Ye Yuan and said, "Clouddriver City's city lord, Huang Wei, offers greetings to Master Ning!"

Ye Yuan returned the bow and said, "Your Excellency doesn't have to be courteous."

Huang Wei said, "This city lord's intention of coming, I believe that Master Ning already knows. However ... I still want to witness Master's medicinal pills."

Ye Yuan nodded his head and said, "Grandpa Yan."

Chen Yan understood and took out a jade bottle and passed it to Huang Wei.

Huang Wei received the medicinal bottle and only took one look and cried out in surprise, "This is ... Profound Origin Pill! What a high-quality Profound Origin Pill! Master Shu Ping, you come and take a look!"

As he said, he passed the medicinal pill to an old man beside him.

Very clearly, this old man was also an Alchemy God, a Two-star Alchemy God!

Shu Ping's breaking was already somewhat losing control starting from when he saw the medicinal pill.

He received the Profound Origin Pill somewhat tremblingly and started looking closely at it.

When everyone saw Shu Ping's expression, each and every one of them felt lost.

They knew that this medicinal pill's quality was very high, but as for the specifics of how high, they did not know.

Shu Ping looked at it and tears actually strewn down his old face as he wept and said, "Didn't expect it! Truly didn't expect it! Having seen this pill, this old man can die without regrets!"

His expression whetted everyone's appetites.

Yet, this old guy was performing there alone and refused to talk about the subject of the matter.

Huang Wei could not resist asking, "Master Shu Ping, just what ... is so extraordinary about this medicinal pill?"

Only then did Shu Ping woke up and said with lingering palpitations in his heart, "Vast spirit divine pill! This is a vast spirit divine pill! Being able to see a vast spirit divine pill in this lifetime, this old man can die without regrets!"

The other few people trembled all over, looking at Ye Yuan with a look of horror.

Vast spirit divine pill, that was a medicinal pill of the legends!

Even if a Five-star Alchemy God came, it was also completely impossible to refine a vast spirit divine pill!

Now, it actually appeared in a county's small village.

This young man absolutely had an extraordinary background!

While Chen Yan had a baffled look, he completely did not know what a vast spirit divine pill was.

But seeing that the expression of a Two-star Alchemy God was at a loss whether to cry or laugh, he also knew that it was unusual.

It seemed like he still underestimated A’Ning!

Huang Wei suddenly got up and gave a respectful bow towards Ye Yuan and said, “Master Ning’s great talent is too unworthy of this small village. Is it possible for you to move to the City Lord Manor? As long as Master Ning goes to the City Lord Manor, this Huang will definitely treat you cordially to the highest standards!”

Chen Yan’s expression changed. This fellow was snatching people!

“No way!” He said without the slightest hesitation.

Huang Wei’s face fell. Normally, someone with a status like Chen Yan would have long been smacked to death by him with one slap.

But this way, he would be offending Master Ning.

Ye Yuan smiled and said, “There’s no need to go to the City Lord Manor. There’s no problem with you guys coming to find me to refine pills, but ... I have a condition.”

Hearing the first half of the sentence, Huang Wei had a look of disappointment.

At the latter half, he had an enthusiastic look again as he said, “What condition is there? Master Ning, feel free to speak up!”

Ye Yuan said, “Help me collect Alchemy Dao records. No matter what kind they are, however many there are, the more the merrier!”

Huang Wei had a curious look as he said, “Master Ning, with your alchemy strength, is there still a need to look at these Alchemy Dao records?”

Ye Yuan smiled and said, “There is no end to learning. There’s no harm in reading more books.”

Huang Wei and the rest revealed looks of admiration and said with a nod, “Master Ning, rest assured. Leave this small matter to this Huang!”

At this time, Shu Ping suddenly opened his mouth and said, “Master Ning, this Shu knows quite a few people in the same pursuit, getting some Alchemy Dao records shouldn’t be anything difficult. This Shu doesn’t request for medicinal pills. I only request to be able to stay by Master Ning’s side and observe you refining pills from the sidelines. I wonder if that’s allowed?”

Ye Yuan nodded and said, “No problem.”

Unrivaled Medicine God

Chapter 2207: Heaven Rewards the Faithful!

The noonday sun shone high above. Bright Moon Restaurant was bustling with activity, having all sorts of voices mingling together. It was very noisy.

But as the top restaurant in Dragonstone Imperial City, this place was the place where information was well-connected.

At this time, five martial artists were currently chatting merrily at a large table.

A man who had a scar on his face said mysteriously, "Have you guys heard? These few years, a big shot appeared in the east region of Kindness Imperial City!"

With him saying this, it indeed aroused the attention of the other few people.

A younger brother said with interest, "Elder Brother Scar, you're the most well-informed. Tell us what incredible big shot appeared."

Elder Brother Scar chuckled and said, "This remarkable figure isn't in Kindness Imperial City, but in a village that's in the wilderness of a county subordinate to Kindness Imperial City! This person is called Master Ning, his alchemy skills being exceptional!"

A companion said disdainfully, "*Haha*, Elder Brother Scar, you're talking nonsense here! What remarkable great figure can appear in a wild countryside's village?"

The moment Elder Brother Scar heard, he was immediately annoyed and said with a cold smile, "What the hell do you know?! This person is called Master Ning. Over 60 years ago, this Master Ning rose into prominence, completely turning a village that was full of mortals all into Grotto Profound Realms overnight! At present, more than 60 years have passed, those mortals that followed him back then are all Divine Lord Realm now! That tiny little village is full of Divine Lord Realm powerhouses now!"

The moment these words came out, the few people at the table sucked in a cold breath.

A village with all the people being at the Divine Lord Realm, how terrifying was this?

In just 60 years, making a village of mortals all reaching the Divine Lord Realm, was this something that a human could accomplish?

A companion said with a look of disbelief, "Elder Brother Scar, you ... you're also being too ridiculous, right? This sort of thing, even a Six-star Alchemy God likely can't do it too, right?"

Elder Brother Scar sipped a mouthful of wine and said with a chuckle, "Therefore, that's why I said that he's a remarkable great figure! Right now, the heavyweights of the several dozen imperial cities around that village, even the heavyweights of imperial capitals, are virtually all his esteemed guests! Our Dragonstone Imperial City is a little far away from Kindness Imperial City, so the news is much slower. At first, I didn't believe it either. But a friend of mine heard this news when he was in traveling outside and really dropped by to request for pills. In the end, he broke through!"

His companions' faces were full of shock!

Elder Brother Scar was a Third Firmament Divine Lord. Being able to be his friend, it was naturally a person at the Divine Lord Realm too.

Being able to let a Divine Lord Realm breakthrough so casually, it was definitely not what an ordinary person could do.

“Elder Brother Scar, such an astonishing great figure, would the medicinal pills be so easy to request?” A companion asked curiously.

Elder Brother Scar smiled coldly and said, “Didn’t you not believe it just now?”

The companion gave an awkward laugh and said, “Not that I don’t believe, but it’s truly that it’s somewhat fantastical!”

Elder Brother Scar had the intention of showing off as he said smugly, “Saying that that master’s medicinal pills are easy to request for, they are easy. Saying that they aren’t easy to request for, it’s also not easy. It just depends on whether you have that affinity or not.”

The companion’s appetite was also successfully whetted up and he asked with a curious look, “*Oh?* What does that mean?”

Elder Brother Scar smiled and said, “This master wants for nothing and only asks for Alchemy Dao records! Furthermore, as long as it’s an Alchemy Dao record, he would accept it without exception and refine medicinal pills for you. But a few years ago, it was naturally a little easier to ask for it. But along with the passage of time, the records in that master’s hands got more and more. The duplicates naturally also got more and more. This way, medicinal pills became harder to ask for. That friend of mine obtained before an Alchemy Dao record in his early years, it just so happened that that master didn’t have it. That’s how he succeeded by a fluke.”

Everyone had a look of realization and said, “So that’s how it is!”

The more Elder Brother Scar said, the more proud of himself he got as he continued, “Furthermore, I heard that this Master Ning doesn’t have any divine essence in his body, relying completely on array formations when refining pills! Even so, the quality of the medicinal pills that he refines is extremely high. The pills absolutely won’t be below divine-grade! Medicinal pills that have been refined by him have already been hiked to a sky-high price outside. Furthermore, there was demand, but no market!”

When the companions heard, each and every one of them clicked their tongues in wonder.

Not far away, a man and a woman sat by the window.

The woman had a fine gauze covering her face, her body trembling slightly.

The man opposite sighed and said, “The greater the hope, the greater the disappointment too! What they are talking about is Master Ning.”

The girl suddenly calmed down again and said softly, “Even if I search until the seas wither and rocks decay, I also have to find Young Master!”

The man let out another sigh and said, “Really envy him, to be able to have lovers like you all.”

Done talking, the man put down a few pieces of divine essence stones on the table and got up and said, “Come on. I hope that this piece of news isn’t simply a waste of effort this time.”

The girl with the fine gauze nodded slightly, got up, and left Bright Moon Restaurant with the man.

... ..

Over 60 years passed quickly. The originally quiet little village became the most bustling place in a radius of ten million miles.

Chen Village had many powerhouses coming and going every day.

In these 60 years, Master Ning's reputation grew more and more resounding. Powerhouses of various places came due to his fame.

It alarmed the surrounding capital cities, imperial cities, and even imperial capitals.

In just 60 years, apart from refining pills, Ye Yuan only did one thing. That was reading books!

The Alchemy Dao records that he collected were enough to fill a house to the rafters. He immersed himself in the Alchemy Dao records every day.

He could not remember the things in the past, but amidst the pill refinements and Alchemy Dao records, he seemed to be able to find a trace of his past shadow.

Being very wide-read, Ye Yuan gleaned much nourishment from it.

Gathering knowledge from around the world, Ye Yuan's Alchemy Dao strength also advanced by leaps and bounds unknowingly.

With the pill refining strength that Ye Yuan exhibited, there were naturally people who had devious ideas before too.

But ever since a Celestial Deity Realm powerhouse entered the Chen Village and never came out again, no one dared to have designs on the Chen Village anymore.

Along with the passing of time, Ye Yuan's injuries got better bit by bit.

Although he still did not have divine essence, over 60 years passed, his fleshy body already recovered 30-40%.

Ordinary Celestial Deity Realms were unable to get close to him at all.

"A'Ning, someone came to request for pills again! They said that they brought many precious books this time that the village doesn't have!" A'Xiu entered Ye Yuan's room and said joyfully.

Ye Yuan put down the jade slip in his hand and said with slight surprise, "Is that so? To talk about the Alchemy Dao records in my possession, there are really not many anymore. 60 years have passed, the Alchemy Dao records that don't repeat also became fewer and fewer! Quickly bring me to go meet them!"

A'Xiu nodded her head and brought Ye Yuan out.

The arrivals were a man and a woman. When Ye Yuan saw the two, he clasped his hands and said, "I wonder what medicinal pills the two of you want to ask for?"

The man and woman both did not speak, but stared fixedly at Ye Yuan, their whole body trembling.

The woman gently took off her face-gauze, revealing a face that could topple kingdoms.

When A'Xiu saw this girl, she also could not help feeling ashamed of her unworthiness.

She was somewhat marveling with admiration in her heart, how could there be such a beautiful girl in the world?

However, the girl's state did not seem to be quite right.

She was too agitated. Taking off the face-gauze, her clothes were already drenched by tears.

She looked at Ye Yuan and said agitatedly, "Young Master, Lu-er knew that you'd definitely be fine! Definitely be fine!"

Unrivaled Medicine God

Chapter 2208: This Guy Needs Stimulus!

"Young Master? Miss, did you get the wrong person?" Ye Yuan could not help being stunned and said.

Lu-er's expression changed wildly. Her beautiful body trembled fiercely as she said in puzzlement, "Young Master, I'm Lu-er. You ... You don't recognize me anymore?"

Over 60 years on tenterhooks, Lu-er's footprints practically covered everywhere in the Middle Realms. Finally, she saw Ye Yuan today.

Who could have thought that they would fail to recognize each other despite meeting!

What kind of huge blow was this?

Lu-er's head spun, practically about to faint away.

Ye Yuan's brows furrowed slightly, trying hard to remember something.

He really could not remember anything, but he kept feeling that he seemed to have been acquainted with Lu-er.

"Miss, you know me? Sorry, I've already lost my memories for many years and really can't remember anything anymore," Ye Yuan said helplessly.

But A'Xiu's brows furrowed, having an appearance akin to facing a great enemy.

Could it be that this lady was A'Ning's lover?

If this was the case ... then wouldn't she not have any hope at all?

In front of Lu-er's looks that could topple kingdoms, she really did not have any confidence at all.

"Right! If an accident didn't happen, how could Young Master possibly not come back and find me?" Lu-er looked at Ye Yuan and said with a painful smile.

"Ye Yuan, you scoundrel! I entrusted Junior Apprentice Sister Mengli to you! Forget that you didn't bring her out, but now, you actually even forgot your own name and don't remember anyone anymore? To think that you still repeatedly called for Li-er in the past, you've completely forgotten about her now, right?" The man beside Lu-er suddenly flew into a rage.

This man was none other than precisely Lin Changqing!

To talk about this Lin Changqing, he was truly infatuated with Yue Mengli.

Along with the passing of time, there was already no one who thought that Ye Yuan was still alive.

But Lin Changqing did not give up even when there was no news about Yue Mengli.

Hence, he followed along with Lu-er and drifted for over 60 years, searching for Ye Yuan.

The only clue was that the glimpse of golden light back then flew in the east direction.

Hence, the two people followed along the Angry Nether River and went east, searching city by city.

During this, they also obtained many clues before. But in the end, they always returned disappointed.

Hope became increasingly more bleak. Lin Changqing also did not harbor much hope in his heart anymore.

It was Lu-er's persistence that made them keep on walking until now.

As the saying 'Heaven rewards the faithful,' going through all kinds of hardships and difficulties, they finally saw Ye Yuan.

But who knew that it was such a situation.

When Lin Changqing saw Ye Yuan's appearance, these few years of grievance finally erupted thoroughly.

When Ye Yuan heard 'Mengli' two words, his heart ached for no reason.

"Hey! Who are you! To dare shout at A'Ning in Chen Village, do you know where this place is?" A'Xiu immediately blocked in front of Ye Yuan and berated them.

These few years, the people who came to Chen Village were all reverent and respectful. No one dared to shout and wrangle in front of Ye Yuan.

Hence, Chen Village's people, including A'Xiu, developed the habit of considering themselves superior.

Seeing Lin Changqing flew off the handle, A'Xiu naturally yelled.

"Get lost! It has nothing to do with you here!"

Lin Changqing's palm pushed lightly. A'Xiu's entire person immediately flew out.

But he had a sense of propriety when he made his move. Although A'Xiu was injured, it was not serious.

"A'Xiu!" Ye Yuan's brows furrowed, glaring at Lin Changqing after that.

Lin Changqing also looked at Ye Yuan coldly and said with a cold snort, "Since you don't remember anything, then I'll beat you until you remember!"

Bang!

A terrifying aura released, the entire house was blasted to ashes.

Everyone in Chen Village was startled and gathered around one after another.

“This ... What a strong aura! What boundary powerhouse is this young man?”

“Could it be ... True God Realm?”

“Sh*t! A’Ning’s strength can still deal with Celestial Deities, but I’m afraid that it’s inadequate to deal with True God Realm powerhouses!”

... ..

Chen Village’s villagers were long already not ignorant people.

They already had a great understanding of this Heavenspan World’s division in cultivation realms.

These few years, they had also seen before many powerhouses, even Celestial Deity Realm powerhouses.

But no one had ever given them such a powerful pressure before.

Within 100 thousand feet, they were practically all unable to stand!

Bang!

Lin Changqing did not say a word, raising his hand. He punched toward Ye Yuan.

Ye Yuan was caught off-guard and directly blasted out by that single punch!

“*Hahaha*, why didn’t you retaliate? Back then, weren’t you very cocky in Fallen Maple Bodhidharma? Didn’t you say that I’m not from the same world as you? What about now? You look at yourself, just like a dog! If it wasn’t for me showing mercy, you’d already be dead just now!” Lin Changqing let out a wild laugh as he said.

Actually, toward Ye Yuan, he was long already wholeheartedly convinced.

Having witnessed Ye Yuan’s methods, he was clear in his heart that it was simply impossible for him and Ye Yuan to be in the same world!

Persisting until today, he just could not feel at ease about Yue Mengli and wanted to seek confirmation about her safety from Ye Yuan’s mouth, that was all.

It was just that he did not expect that Ye Yuan actually became like this.

Ye Yuan slowly got up, his gaze becoming icy-cold.

“Everybody fall back!” Ye Yuan said in a solemn voice.

The villagers all had solemn expressions, retreating one after another.

Lin Changqing sneered when he saw the situation and said, “*Oh?* Angry? You’re just a cripple now. You don’t even have divine essence, while your fleshly body only just recovered 30-40% strength. This bit of strength, still want to deal with this Emphyrean?”

Lu-er frowned and said, “Lin Changqing!”

Lin Changqing waved his hand and said nonchalantly, "Relax, I won't kill this guy! This guy needs a stimulus!"

Lu-er opened her mouth but did not stop it in the end.

Perhaps this could be regarded as a method.

By the side, the villagers were all stricken dumb with amazement!

This empyrean!

Heavenly Empyrean!

Only an Empyrean powerhouse would call themselves this Empyrean!

This young man was actually an Empyrean powerhouse!

Too terrifying.

Even if they were already no longer what they used to be, Empyrean powerhouses were still existences that they were unable to imagine.

Could it be that this Empyrean was actually old acquaintances with A'Ning?

Lin Changqing laughed and said, "Today, this Empyrean is going to trample you underfoot!"

Swoosh!

Lin Changqing did not say another word. Raising his hand, it was another punch.

Bang!

The void trembled wildly. This time, Ye Yuan was blasted flying!

On the contrary, it was Lin Changqing who was shocked until he fell back several steps in a row.

His pupils constricted and he cried out in surprise, "Instant array formation! How is it possible? This guy doesn't even have a trace of divine essence, and yet he can actually perform instant array formation?"

In that instant just now, Ye Yuan laid down an array formation, blocking Lin Changqing's attack.

Of course, Lin Changqing did not bring out his true strength.

Ye Yuan looked at Lin Changqing coldly and said, "Even if you know me, you also can't bully A'Xiu! This score, I'm going to settle it for her!"

Lin Changqing smiled coldly and said, "So what if bully her? *Heh heh*, you're indeed not an ordinary guy! I didn't expect that in such a predicament already, you still have such strength! Today, this Empyrean wants to see to what extent your instant array formation can achieve!"

Bang!

Lin Changqing's divine essence erupted, his strength immediately soaring significantly.

"*Haha*, be careful! This Empyrean is coming!"

Lin Changqing's aura skyrocketed, directly rushing over toward Ye Yuan.

Such power already reached the True God Realm.

How had the villagers seen before such shocking power? Each and every one of them was shocked until they stared dumbfounded with their mouths agape. They could not help worrying for Ye Yuan.

Unrivaled Medicine God

Chapter 2209: Achieving Mastery Through Comprehensive Study, Divine Soul

Bang, bang, bang ...

The earth-shaking loud bangs spreaded throughout the wilderness.

The more Lin Changqing fought, the more alarmed he got!

His strength already rose to the limits of True God Realm, but Ye Yuan relied on array formations and blocked off all of his attacks!

Why was this fellow still so strong after being wrecked until like this?

"I don't believe that I can't crack your tortoiseshell!"

Lin Changqing's temper also flared up. His aura suddenly soared wildly, directly breaking through to the Empyrean Realm!

The moment his Empyrean Realm's aura appeared, heaven and earth changed colors because of it.

In this wilderness, he was an unrivaled celestial.

On Jingning Mountain, when those fierce beasts felt this horrifying pressure. Each and every one of them fled at full speed, all helter-skelter.

Ye Yuan's gaze turned sharp. The movements of his hands became increasingly profound.

In this cycle of 60 years, Ye Yuan read extensively on Formation Dao and refining pills. Even he himself also did not know what kind of realm he reached.

But without a doubt, he was very formidable!

Through a cycle of 60 years' worth of operations, Ye Yuan hoarded many divine essence stones in his hands. It was sufficient to use to lay down formations.

Bang, bang, bang ...

Another series of wanton bombardments.

But the power of Ye Yuan's array formations actually rose another level out of the blue, blocking Lin Changqing's attacks in its entirety.

The villagers were long already struck dumb from watching. Only at this time did they know what kind of terrifying realm A'Ning's strength reached!

"It turns out that this is A'Ning's true strength!"

“My God, our Chen Village actually picked up a Seven-star Alchemy God!”

Chen Yan’s gaze flickered and he said, “I’m afraid that ... A’Ning isn’t an ordinary Seven-star Alchemy God! *Sigh*, this day finally still had to arrive!”

Talking until here, Chen Yan’s expression dimmed.

He felt that the day of Ye Yuan’s departure was probably arriving!

Over these 60 years’ time, Ye Yuan brought to the Chen Village an earthshaking transformation, bringing them to another world.

Presently, their Chen Village’s strength could virtually sweep across any capital city!

In just 60 years, to ordinary martial artists, it was not even enough to cultivate from initial-stage Grotto Profound to middle-stage Grotto Profound.

But Ye Yuan forcefully created a Divine Lord village.

What kind of terrifying strength was this!

The more Lin Changqing fought, the more alarmed he became, and the more force his hands exerted too.

Right now, he already fused two kinds of law powers but was still unable to breach Ye Yuan’s array formations.

Damn it! Failed to stimulate this guy, while I’m forced to use all my strength instead! A trash who doesn’t even have divine essence actually forced out my full strength! Is this guy still human? Lin Changqing secretly cursed in his heart.

Ye Yuan refreshed Ling Changqing’s view on life once more.

The current Ye Yuan was simply a cripple.

But even if Ye Yuan became a cripple, he still could not find any sense of superiority.

“Don’t care anymore! Serves you right if I beat you to death!”

Lin Changqing’s heart burned with fire, with the strength of Second Firmament Emphyrean directly bursting forth.

Three kinds of fused law power made the void start to tremble.

Bang, bang, bang ...

Another series of wanton bombardments!

This time, Ye Yuan finally could not quite hold on anymore.

Those array formations collapsed faster and faster under the bombardment of three kinds of fused law powers!

"Hahaha ... see how you be cocky still! This time, I must beat you until you submit!" Lin Changqing was delighted in his heart as he said with a big laugh.

But right at this time, Ye Yuan actually already shut his eyes!

"Mn? Something's wrong!"

Lin Changqing instinctively felt that something was not right. Ye Yuan's array formations seemed to show signs of achieving mastery through a comprehensive study of the subject under his heavy pressure!

The recoil force became stronger and stronger!

With Lin Changqing's eyesight, he could naturally tell.

Although the power of Ye Yuan's array formations previously was extremely strong, they were all some scattered array formations that were not assembled.

Each and every array formation was disjointed.

But now, these messy array formations actually had signs of integrating into one!

"This guy is actually borrowing me to temper array formations! Freak! Truly a freak! Fine, since that's the case, as you wish!"

Lin Changqing gave a cold cry and finally drew his long sword.

Bluecloud Truefeather Sword!

Lin Changqing's strongest attack!

Three fused power of laws virtually sundered the void.

Everyone's expressions changed wildly, crying out in shock.

Lu-er even gave a tender cry, roaring angrily, *"Lin Changqing, what are you doing?"*

She completely did not have time to think too much, running like mad toward Ye Yuan.

At this time, she only had one thought, that was to save Ye Yuan!

But right at this time, Ye Yuan suddenly snapped open both eyes, his hands instantly firing out several thousand pieces of high-grade divine essence stones.

At the same time, an incomparably profound aura of law suddenly descended, landing on Ye Yuan's body.

"Hundred Schools of Thoughts Nine Profound Heaven Subduing Grand Array, seal!"

A cold cry came out of Ye Yuan's mouth, the grand array suddenly formed.

In an instant, the entire space was frozen.

Bang!

Lin Changqing's Bluecloud Truefeather Sword landed on the grand array, but the grand array did not budge an inch!

Done with these, Ye Yuan no longer took any action and sat down cross-legged, allowing the aura of laws to descend freely.

Inside the array formation, Lin Changqing cried out in surprise and said, "This also works? This guy comprehended just like that?"

He suddenly realized that he was still inside the cage and shouted madly, "Let me out, you damn fellow!"

This Hundred Schools of Thoughts Nine Profound Heaven Subduing Grand Array was incomparably solid, sealing shut all of the space. His Bluecloud Truefeather Sword was unable to leave behind a mark. Wanting to escape was simply a fool's talk.

During these 60 years, Ye Yuan had browsed through no idea how many Alchemy Dao records and created God knows how many major and minor array formations.

It could be said to have gathered the forte of different schools.

These abilities seemed to be imprinted in his body.

Even if he did not remember anything, he could still rely on his instincts and comprehend them thoroughly.

It was just that in the wake of his Formation Dao and Alchemy Dao strength becoming stronger and stronger, he naturally encountered a bottleneck.

During these 60 years, all that he learned was overly multifarious, being unable to fuse them into one.

But today, under Lin Changqing's pressure, bit by bit, Ye Yuan finally broke through his limits and achieved mastery of everything through comprehensive study, successfully comprehending this heaven-defying grand array.

While on the other hand, Ye Yuan's Alchemy Dao realm also achieved success without extra effort and was about to break through to the middle-stage Ancestor Realm!

This power of law was the reward for him!

Law descending, the aura of Ye Yuan's divine soul grew stronger and stronger.

Lin Changqing cried out in surprise as he said, "This guy's Alchemy Dao broke through! Divine soul recovery, wonder whether or not his memories can recover!"

Lu-er had a look of pleasant surprise as she said, "Definitely can! Definitely can!"

The villagers looked at this scene. Feeling the holy aura coming off Ye Yuan's body, they could not resist prostrating in worship.

Chen Yan smiled bitterly and said, "Turns out that this is A'Ning's original strength! He's not somebody in the same world with us at all!"

By the side, A'Xiu bit her lips lightly, tears falling from her eyes.

When Chen Yan saw this scene, he could not help secretly sighing in his heart.

No idea how long had passed either, Ye Yuan finally slowly opened both eyes.

"I, Ye Yuan, finally returned!"

That moment she saw Ye Yuan's eyes, Lu-er knew that her young master had returned again!

Ye Yuan looked at Lu-er and said with a sigh, "Lu-er, it's been hard on you these few years!"

Unrivaled Medicine God

Chapter 2210: Giving a Peach, Returning a Plum

Lu-er burrowed into Ye Yuan's embrace. Shaking her head, she sobbed as she said, "It wasn't hard on Lu-er. It was Young Master who had it tough!"

How could she not understand? Ye Yuan becoming like this, he must have experienced a great battle without equal inside that Blackflame Cave.

Young Master was just one person!

What he shouldered back then, who could understand?

Ye Yuan sighed again and said, "It's just a pity that I didn't bring Li-er back."

At this time, Ye Yuan stepped into the middle-stage Ancestor Realm, his divine soul recovering, and became even stronger than before.

The events inside the Blackflame Cave, he already remembered all of them.

He and Nineorigin experienced a life-and-death great battle, triggering an enormous space-time black hole.

Nineorigin was seriously injured. He was also similarly heavily wounded on the verge of death.

Ye Yuan could feel that the power of Divine Stele Injecting Spirit in his body disappeared completely.

Looks like it should be the golden dragon in his body that saved him at the critical juncture.

It was just that ... Li-er probably could not return anymore!

Ye Yuan was mournful in his heart. He did not know what kind of world was the abyss, but wanting to bring Li-er back from there was harder than ascending to the heavens.

There was no need to talk about the might of abyss monsters, the Divine Race's strength was even above the abyss monsters.

Ye Yuan's power alone was too meager.

"Young Master, Elder Sister Li-er will definitely be fine!" Lu-er suddenly stopped crying and said firmly.

Ye Yuan helped her to wipe away her tears, his gaze unprecedentedly steadfast as he said, "Mn, will be fine! Even if I trample this sky to pieces, I'll also bring her back! I think that she's also waiting for me!"

This was his solemn promise to Li-er through the air!

Inside the array formation, Lin Changqing yelled loudly, "Hey! Are you guys done chatting? If you're done, let me out!"

These two chattered for half a day, directly treating him as air.

Yet, this array formation was like an iron cage, he was unable to budge it in the slightest.

Only then did Ye Yuan remember Lin Changqing. Hence, he casually waved his hand and dispelled the array formation.

Lin Changqing came before Ye Yuan, an expression like he had seen a ghost as he said unhappily, "You this fellow, are really disgusting. Already became a cripple and you're actually still so formidable!"

Lin Changqing was really incomparably shocked in his heart. Ye Yuan was actually still able to force him into a hopeless situation under such a state.

This kind of thing was simply fantastical!

Ye Yuan smiled and said, "Lin Changqing, still got to thank you a lot this time! Without you, don't know I'll have to wait until when to recover my memories!"

It was really all thanks to Lin Changqing this time. Otherwise, for him to want to reconcile what he learned these few years, he would probably still have to wait until god knows how long.

Lin Changqing rolled his eyes and said, "Don't give me that! I didn't do it for you! But speaking of which, what on earth did you experience inside that Blackflame Cave? Why did you become like this? Also, where's Junior Apprentice Sister Mengli?"

Although he knew that the likelihood of Yue Mengli returning was very low, he still could not resist asking Ye Yuan.

Ye Yuan heaved a sigh and briefly recounted the events back then.

Of course, he skipped over the matter of pulling Nineorigin into the chaos world and having a great battle.

This sort of thing was too earth-shaking. He did not want to let people know.

A Third Firmament Empyrean had a life-and-death great battle with an Eighth Firmament Heavenly Emperor in his small world, and he even forcefully knocked the other party down a major cultivation realm.

If this matter spread out, no idea what kind of storm it would stir.

But even so, it was also sufficient to set the world on fire already.

Ye Yuan faced the Divine Race and abyss monster army by himself, and he wiped out the other party's abyss monsters below late-stage Empyrean Realm.

This battle achievement could be rated as freakish!

Lin Changqing had entered the Blackflame Cave before and knew how strong these abyss monsters were.

Even if he fused the power of three laws, he could at most fight to a draw with same rank abyss monsters.

But Ye Yuan actually slaughtered so many abyss monsters whose realms were even higher than his with his power alone!

Furthermore, he even escaped outside.

Closing his eyes and he also knew how miserable the battle situation back then was.

If it were others, even if they had a thousand lives, they would also have died inside.

Bang!

Lin Changqing suddenly smashed a fist hard on Ye Yuan's chest and said furiously, "Punk, I'll forgive you this time! But when your strength becomes powerful, you have to fetch Junior Apprentice Sister Mengli back! Otherwise, I definitely won't let you off!"

Ye Yuan rolled his eyes at him and said coolly, "Doesn't seem like it's your turn to come and say these words."

Lin Changqing was greatly enraged, but recalling Ye Yuan's mysterious array formation, he could only pull back hatefully.

Actually, Ye Yuan knew what kind of feelings Lin Changqing said this sentence with, and felt very warm in his heart.

No matter what, this fellow's concern toward Li-er was not fake.

Otherwise, he also would not have accompanied Lu-er to look for him for so many years.

"Do you have rank seven spirit medicines on you?" Ye Yuan suddenly opened his mouth and said.

Lin Changqing was taken aback and said, "I do, why?"

Ye Yuan said, "Take them all out, let me see."

Lin Changqing had a strange expression and took all of the rank seven spirit medicines on him out, and asked curiously, "What are you trying to do?"

Ye Yuan swept a glance over the rank seven spirit medicines on Lin Changqing and said with a nod, "Worthy of coming out from a Heavenly Emperor Bodhimanda, your finances are still quite abundant. This time, being able to reconcile my knowledge and recover my memories, it's a huge favor from you. I'll help you refine a few medicinal pills. Take it as returning your favor."

Lin Changqing's eyes became wide-saucers and he said with a look of disbelief, "You ... You want to use array formation to refine rank seven divine pills?"

Ye Yuan said coolly, "You just watch."

Ye Yuan's feet moved swiftly, one divine essence stone after another shooting out, and started setting up the array formation.

Lin Changqing's heart shook wildly. He naturally knew Formation Dao Pill Refinement, but he had never heard before that someone could refine rank seven divine pills with Formation Dao.

The higher the rank of the medicinal pill was, the more difficult it would be. The degree of complexity was what normal people could not imagine at all.

Let alone that the things involved in Formation Dao Pill Refinement were a hundred times, a thousand times more complicated than directly refining the pill.

Many Seven-star Alchemy Gods did not even figure out ordinary pill refinement. How could they have the ability to refine rank seven divine pills with Formation Dao?

What on earth did this guy experience these few years?

One array formation after another connected together, becoming more and more complicated, and increasingly colossal.

Finally, an array formation actually occupied more than half of the village!

Such a colossal and complicated array formation, just looking at it gave people a headache, let alone talk about setting it up.

Ye Yuan played the rank seven spirit medicines in the center of the array formation. Casually throwing out a piece of divine essence stone, he gave a low cry, saying, "Formation, arise!"

The divine essence stone thrown out hit a piece of divine essence stone inside the array formation. Then, it seemed to have turned on the domino effect, the entire array formation was lit up very quickly.

Bang!

Terrifying heaven and earth spiritual energy instantly swarmed around from all directions, forming a massive spiritual energy tempest.

Following that, this grand array sent out a magical scene.

Inside the array formation, there were the sun, the moon, and the stars revolving without rest, as if it formed a world.

Lin Changqing seemingly became solemn. It was still his first time seeing such a magical alchemy technique. His mouth open widely, unable to close for a long time.

No idea how long had passed. Finally, the array formation stopped. A medicinal pill suspended in the air quietly, emitting a thick medicinal fragrance.

Lin Changqing's entire body trembled as he said in disbelief, "This ... This is an end spirit divine pill! An end spirit Emergence Spirit Ascension Pill!"
