

## Medicine God 2211

Chapter 2211: Large Enemy Force Bearing down upon the Border

Emergence Spirit Ascension Pill, rank seven divine pill

After an Emphyrean consumed it, it could improve cultivation, breaking through bottlenecks.

It was just a normal medicinal pill. However, a medicinal pill that had reached end spirit, it was no longer ordinary!

Lin Changqing was currently a Second Firmament Emphyrean. With this Emergence Spirit Ascension Pill, Lin Changqing would not have any more obstacles all the way until he broke through to become a Fourth Firmament Emphyrean.

Furthermore, this process would be greatly shortened!

With Lin Changqing's talent, breaking through to become a Fourth Firmament Emphyrean within a few thousand years was nothing difficult.

But with this medicinal pill, the process would be cut down by at least ten times!

This was also to say that Lin Changqing would break through to the Fourth Firmament Emphyrean Realm within one to two centuries.

This kind of cultivation speed, when placed among those in the Emphyrean Realm, it was simply fantastical!

Lin Changqing looked at Ye Yuan and was shocked until his jaw was almost hitting the ground.

"You ... You freak! How can there be a person like you in this world?" Lin Changqing said speechlessly.

Ye Yuan smiled and said, "With the abyss monsters and the Divine Race coming into being, I'm afraid that the world is about to be thrown into chaos. After you go back, you still have to warn Heavenly Emperor Fallen Maple and let him build up strength. This is to prepare for unforeseen events. I've once heard before that a long time ago, an apocalyptic battle had once occurred before. I'm afraid that the crisis this time won't be inferior to the Doomsday Battle!"

Lin Changqing was startled in his heart, his expression turning somber.

Regarding Doomsday Battle this term, it was clear that it was tragic to the extreme.

Probably when the time came, no one in the Heavenspan World could escape by sheer luck!

He nodded his head solemnly and said, "You rest assured. I'll send the news back and let Master make preparations early. Rather, the problem is you. You're a cripple now. What will you do?"

Ye Yuan smiled and said, "Relax, I have my own way. Being quiet here for these several decades, I have made some accomplishments."

Lin Changqing's gaze flickered slightly, startled in his heart.

Ye Yuan did not have the slightest signs of divine essence flowing in his body. It was clearly the symptom of a small world collapsing.

The small world was the lifeblood of a martial artist. Even if there was a trace of damage, the price paid would be tremendous too.

Considering Ye Yuan's situation, it was likely that his small world had already nearly collapsed and was simply unable to accommodate divine essence anymore.

This kind of situation, this fellow had a way to restore it too?

Lin Changqing's eyes revealed a half-dubious look.

"Alright, looking at your pathetic appearance, this Emyrean will give you a lift!" Lin Changqing's mouth curled as he said.

Ye Yuan was not pretentious either, saying with a nod, "I'll have to trouble you."

His divine essence was completely lost currently, fleshy body yet to recover, a long journey would take great effort.

With Lin Changqing this Emyrean around, it was much more convenient.

"A'Ning!"

At this time, A'Xiu suddenly rushed out. Looking at Ye Yuan, her eyes were blurred with tears.

Ye Yuan let out a sigh and said, "A'Xiu, I've already recovered my memories. These few years, thank you so much for your and Grandpa Yan's care! I'm called Ye Yuan, and I'm from the Southern Border's Heavenly Eagle Imperial City. If we're fated ... we'll meet again."

He and A'Xiu were ultimately not people of the same world.

Rather than clinging on obstinately, it was better to cut the Gordian knot.

Hence, even if there was a thousand unwillingness, Ye Yuan did not express it either.

A'Xiu could not hold back anymore, tears bursting out.

In the end, she could only nod her head. She said, chokingly, "Take care!"

Ye Yuan said goodbye to Chen Yan and the rest, and then he left together with Lin Changqing and Lu-er.

He had a score in his heart. The current Heavenly Eagle was likely long already in a complete mess!

... ..

The reality was not too far from what Ye Yuan expected.

With how vast the Southern Border was, there would always be some people who were well-informed.

The demon race's Sacrificial Temple established the Second Sage. This matter caused a great sensation. Hence, the Southern Border naturally knew as well.

But later, they discovered that this Second Sage was actually the Ye Yuan who brought the entire Southern Border to its knees with his power alone back then!

This shock was by no means insignificant.

But several decades ago, another news came over that Ye Yuan's died in the Middle Realms, and the Heavenly Eagle Imperial City was a host of dragons without a leader.

With this, everyone's thoughts started stirring.

In the Southern Border's alchemy world, this was a huge piece of cake.

But at present, the largest share of this huge piece of cake was grasped in the hands of the Myriad Treasure Tower and the seven great ancient families.

These were two leviathans, the others did not dare to provoke.

However, the tiny Heavenly Eagle Imperial City became a fat piece of meat in everyone's eyes currently.

Because among the three forces that grasped the pill formulas, Heavenly Eagle Imperial City was the weakest.

The Southern Border Alliance began to cast covetous eyes toward Heavenly Eagle Imperial City with Empyrean Pilljade as the leader.

Fortunately, with Empyrean Flutterfeather's protection, Heavenly Eagle Imperial City ultimately made it through many years.

But along with the passage of time, the news of Ye Yuan's demise was confirmed. Many discordant voices also appeared within the Myriad Treasure Tower. Empyrean Flutterfeather's pressure grew greater and greater.

After all, no matter how strong Heavenly Emperor Myriad Treasure was, he was also just one of the Southern Border's many Heavenly Emperors.

With the other Heavenly Emperors joining hands to apply pressure, he also had no choice but to be wary.

Hence, these few years, Heavenly Eagle Imperial City began to fall into a precarious situation.

At this time, inside Heavenly Eagle Imperial City, everyone was jittery.

Above the top of city walls, Bai Tong brought everyone in Heavenly Eagle, his expression being solemn.

In the distance, countless black dots were currently closing in here rapidly.

Bai Tong secretly sighed and said, "Looks like that kid can't make it in time! I just don't know if he's still alive or not."

That kid he was talking about was naturally Ye Yuan.

"His Excellency definitely won't die!" Ning Tianping said with a firm look.

Bai Tong smiled bitterly and said, "Whether or not he's dead, I don't know. How to pass this hurdle today? Empyrean Pilljade brought the entire Southern Border's alchemy world, and they came in a threatening manner. With this, Heavenly Eagle will likely face a catastrophic calamity!"

The other people's faces turned deathly pale, all having looks of despair on their faces.

After being in a stalemate for several decades, Heavenly Emperor Myriad Treasure finally still maintained silence under the pressure of the various parties.

Hence, today, the Southern Border Alliance with Empyrean Pilljade as the leader, came bearing down upon the border in a large force!

How fast was the speed of the group of Empyreans? They arrived in an instant.

Empyrean Pilljade was high up above. Looking down at everyone below, he said with a cold smile, "Back then, that kid wreaked havoc at the Cloudpill Summit. He was so arrogant and domineering! He probably never dreamed that Heavenly Eagle Imperial City would experience this today, right?"

By the side, the Empyrean Proudcloud who was once forced into a hopeless situation by Ye Yuan laughed loudly and said, "That punk was arrogant and domineering, looking down on everything and everyone. He didn't place us, these seniors, in his sights at all! This kind of person, dying outside is something sooner or later! Today, we'll eradicate Heavenly Eagle Imperial City and take the pill formulas. This Southern Border will be our Southern Border Alliance's world again!"

Empyrean Pilljade nodded slightly. These few years, he had also spent it heavily oppressed.

But today, he was going to gain back all the ground!

He, Empyrean Pilljade, was still the Southern Border's number one Empyrean!

Empyrean Pilljade looked down and said in a clear voice, "Yi-er, come here!"

The Yi-er that he was talking about was naturally the Yun Yi who took Ye Yuan as his master.

For so many years, he let Yun Yi do as he wished. It was actually in order to obtain Ye Yuan's trust.

These few years, Yun Yi's status in Heavenly Eagle was extremely high and already took charge of the Pill Tower. He was one of the leaders of Heavenly Eagle.

Pilljade was clear in his heart that Yun Yi must have already grasped the secret of the pill formulas.

Everything was within his scheme.

At this time, everyone's gazes focused on Yun Yi.

"*Heh heh*, Ye Yuan that brat is a fool! Empyrean Pilljade's great-grandson, he actually put him in an important position!"

"Isn't that so! If it were me, I'd have long chased him away!"

"I heard that Yun Yi improved at an incredible speed these few years and already reached the middle-stage Dao Realm! Furthermore, he must have grasped some pill formulas' secrets!"

... ..

Quite a number of people were whispering with each other at Pilljade's side.

### Unrivaled Medicine God

#### **Chapter 2212: What in the World Are You Persevering For?**

Under everyone's eyes, Yun Yi slowly stepped forward.

Empyrean Pilljade had a slight smile on his face as he said with a nod, "Yi-er, this Empyrean knows that it's been tough on you these few years! In the entire Cloudpill Great Imperial Capital, only you are the most suitable to inherit my mantle! In the future, you'll be Cloudpill Great Imperial Capital's master!"

He was very satisfied with this great-grandson. Putting aside that he was exceedingly talented, he could even win Ye Yuan's trust.

Especially back then, he could remain patient and insist on not leaving. It made Empyrean Pilljade sit up and take notice of him even more.

Had the right character, had talent; he was naturally the most suitable candidate to inherit his position.

Yun Yi's expression was complicated. He looked at Empyrean Pilljade and had nothing to say for a while.

When Empyrean Pilljade saw that Yun Yi did not react. His brows could not help furrowing and he said, "Yi-er, why haven't you come over!"

Yun Yi drew a deep breath and directly knelt down, and said in a clear voice, "Lord Great-Grandfather, can you let Heavenly Eagle Imperial City off on the account of Yi-er's face?"

The moment these words came out, everyone's faces changed.

Was this guy mad?

That was his own great-grandfather!

Empyrean Pilljade's brows knitted tightly as he said in a solemn voice, "Yi-er, do you know what you're saying?"

Yun Yi nodded and said, "Master's kindness toward me is as weighty as a mountain. He really taught me pill refinement techniques and pointed the way to a bright future for me! These few hundred years, Yi-er can be described as thoroughly remolded myself! In front of such great kindness, Yi-er is unable to betray Master and watch Heavenly Eagle without lending a helping hand!"

Yun Yi's words came from the bottom of his heart.

Only all the way until he entered the Pill Tower did he know what was called true Alchemy Dao!

In these several hundred years, he could be described as casting off his old self and being reborn.

The present Yun Yi was long already not the Yun Yi back then.

Furthermore, Ye Yuan did not hoard anything from him and viewed him as a true successor, teaching him pill refinement.

A master is like one's father!

In Yun Yi's heart, he had long already taken Ye Yuan as his elder and treated him as his Alchemy Dao guide, as well as ... treating him as a God-like senior.

Making him betray Ye Yuan, he could not do it!

"Unfilial child! Don't you forget your identity!" Empyrean Pilljade said furiously.

Yun Yi's way of doing things seriously made him lose face. It was simply blatant face-slapping.

His own descendant was actually standing on the enemy's side.

Yun Yi had a resolute look as he said, "Lord Great-Grandfather, Yun Yi doesn't dare to forget my identity for a second! Just like back then, when Master asked Yi-er to betray Cloudpill Great Imperial Capital. Now, making Yi-er betray Heavenly Eagle, I can't do it either! Great-Grandfather, please raise your hand high up in mercy and leave."

Empyrean Pilljade said with a cold snort, "If I say no?"

Yun Yi seemed to have long expected it and said in a solemn voice, "Then Yi-er can only die together with Heavenly Eagle!"

As he said, he turned around and returned to the top of the city walls, and stood side by side with Bai Tong.

"Good! Good! Good! To think that I, Pilljade, was wise for a lifetime, but I actually raised such an unfilial descendant like you! Forget it! This Empyrean will take it as I didn't have you, this offspring!"

Empyrean Pilljade repeatedly said 'good' three times. It could be seen how furious he was currently.

His gaze turned dark as he said in a clear voice, "People in the city listen up! This Empyrean came here today to avenge my enmity with Ye Yuan punk! Those who are Ye Yuan's sworn followers all have to be rounded up in one fell swoop today! But this Empyrean cares about the welfare of every living thing and doesn't wish to implicate the innocent. Right now, anyone who steps forward and surrenders, this Empyrean can spare their lives and let bygones be bygones! In fact, Cloudpill Great Imperial Capital will even have a place for you!"

Taking revenge was one thing, but what Empyrean Pilljade valued more was the pill formulas!

Pill formulas were the future of the Southern Border Alliance.

Right now, the Southern Border Alliance was just the Myriad Treasure Tower's distributor, their profits being pitifully meager.

But with pill formulas, everything would be different!

There was also one thing. The medicinal pills that Heavenly Eagle produced, the quality was higher than those at other places!

What did this indicate?

This showed that Heavenly Eagle's alchemists had high standards!

Heavenly Eagle's Pill Tower's alchemists were all pillars of society. Their strength far surpassed those in the same rank.

With so many talented people, killing them would be too wasteful.

What Emphyrean Pilljade pursued was benefits and not slaughter.

Hence, before he took care of Heavenly Eagle, he naturally had to solicit some alchemists.

Under the Southern Border Alliance's army, Heavenly Eagle Imperial City was long already as precarious as a stack of eggs piled on top of one another.

Pilljade had faith that as long as these alchemists were not fools, they would size up the situation.

But one breath passed.

Three breaths passed.

Ten breaths passed.

No one stepped forward!

Not a single one!

Pilljade's expression became increasingly uglier and he said in a solemn voice, "You all rest assured, with this Emphyrean around, no one from Heavenly Eagle will dare to make a move against you all!"

Southern Border Alliance this side had as many experts as clouds. He himself was even a Ninth Firmament Emphyrean peerless expert.

This battle did not have any suspense at all.

But there was still no one who came out.

"Emphyrean Pilljade, give up on this! No one will go with you! We'll live and die together with Heavenly Eagle!"

"Stop trying to win popular support here! Who doesn't know that you're coveting the pill formulas! Still putting on an appearance here, don't you find it disgraceful?"

"Stop dreaming! Even if we die, we'll also bring the pill formulas into the coffin! If you have the ability, go find Heavenly Emperor Myriad Treasure and the seven great ancient families to ask for pill formulas!"

... ..

All of a sudden, a series of noisy voices came from the city.

The martial artists and alchemists in the city all let loose a torrent of abuse towards Emphyrean Pilljade.

Emphyrean Pilljade was angered until his expression was livid with rage, and was incredibly shocked in his heart.

Could it be that Heavenly Eagle Imperial City's civilians were all a bunch of desperate people who did not fear death?

Was there such a place in the entire Heavenspan World?

Why?

Why did these guys rather die than be willing to surrender?

Hearing the cursing voices that came from here, the Southern Border Alliance side was incomparably shocked.

“A-Are these guys all lunatics? Could it be that they all aren’t scared of death?”

“What the hell kind of place is Heavenly Eagle? Why are all of them like madmen?”

“There’s actually no one who surrendered! This ... How is this possible?”

... ..

How could they know that for Heavenly Eagle Imperial City to have its present cohesion, it was earned by Ye Yuan with his life!

Only sincerity could be exchanged with sincerity.

Relationships that were bound together using benefits ultimately could not go far.

Bai Tong looked at Empyrean Pilljade and laughed in spite of himself as he said, “Stop making futile efforts! Ye Yuan that brat’s abilities aren’t what you can imagine. Even if Heavenly Eagle Imperial City fights until the last soldier, there also won’t be anyone who surrenders. It’s impossible for you to bring away the pill formulas too. Using this scheme on Heavenly Eagle Imperial City, apart from asking for a scolding, there are no benefits at all.”

Empyrean Pilljade was angered until the muscles on his face were twitching. He did not expect this situation from start to end.

He thought that once the army arrived, wouldn’t a puny little Heavenly Eagle Imperial City tremble with fear and fall apart to pieces?

But who knew that these guys were a bunch of lunatics who did not fear death.

No one escaped!

No one surrendered too!

Just what kind of magical power did Ye Yuan this guy have?

He was clearly already dead. So what were these guys persevering for in the end?

In the end, he gritted his teeth and said in a cold voice, “Very well! Since that’s the case, then all of you can go and die! This Empyrean wants to see if it’s really all tough bones inside this imperial city!”

Finished talking, he flicked his sleeves grandly. Hundreds of Empyreans and countless True Gods charged over, their momentum astonishing!

Chapter 2213: The King Returns!

“F\*cking hell! I haven’t felt my blood boil with excitement like this for so long! Kill! Kill! Kill! Brothers, kill for me!”

On top of the city walls, Long Xiao’s scarred face appeared especially savage, bringing a group of brothers and charging over.

“Everyone, follow Big Brother Xun! Kill this bunch of foolish humans!” Long Xun yelled.

“What are you fighting me for?! Follow Big Brother Tian and finish off all of these bastards!” Long Zhaotian was still competing with Long Xun.

Before coming, Ye Yuan gave them a batch of medicinal pills.

At present, this group of people already all broke through to the Empyrean Realm.

Coupled with the dragon race’s powerful bloodline, their combat power could not be underestimated.

The two camps were akin to two giant curtains in the sky. They were about to gather together very soon.

As for Empyrean Pilljade, these grandmasters, each and every one of them stood with their hands behind their backs, sitting it out and reaping the spoils later.

All of a sudden, a figure interjected between the two main camps.

Empyrean Pilljade’s gaze turned intent and he stopped everyone with a hand gesture, and said with a frown, “Flutterfeather, what’s the meaning of this? Could it be that your Myriad Treasure Tower is really going to wage war with the Southern Border Alliance?”

On the surface, this was a war between Empyreans.

But in reality, it was a group of Heavenly Emperors controlling behind the scenes.

The reason why it was delayed for several decades was because of Heavenly Emperor Myriad Treasure and the seven great reclusive ancient families.

The Heavenly Emperor faction behind the Southern Border Alliance was competing with these two forces.

In the past, due to Ye Yuan this important figure being around, these two forces naturally brimmed with confidence toward Heavenly Eagle.

But along with the passage of time, the hopes of Ye Yuan returning alive became bleaker and bleaker.

Only then did Heavenly Emperor Myriad Treasure and the seven great reclusive ancient families gradually reach a compromise.

Otherwise, how could Empyrean Pilljade dare to launch such a large-scale war?

Behind the war that seemed simple, it involved tremendous profits.

Flutterfeather looked towards Empyrean Pilljade and said coolly, “This Empyrean coming today is only representing myself. It has nothing to do with the Myriad Treasure Tower!”

Empyrean Pilljade's brows furrowed slightly, showing a look of displeasure.

*Isn't this guy causing trouble?*

*You said that it has nothing to do with the Myriad Treasure Tower and so there is nothing then?*

*You, Empyrean Flutterfeather, is a high-ranking officer under Heavenly Emperor Myriad Treasure, an existence that is extremely likely to become an Eight-star Alchemy God in the future.*

*If you died here, wouldn't Heavenly Emperor Myriad Treasure risk it all to fight with me?*

At this time, another figure appeared beside Flutterfeather. It was Empyrean Chaoyuan!

"Add in this old man! Younger Brother Flutterfeather, I can't let you fight alone by yourself!" Empyrean Chaoyuan looked at Flutterfeather and said with a light smile.

Empyrean Pilljade's expression changed. Empyrean Chaoyuan was a peak Empyrean mighty expert, his strength being not worse than his.

The influence of this fellow's appearance on the battle situation was big.

Flutterfeather laughed loudly and said, "Elder Brother Chaoyuan, good fellow!"

Empyrean Chaoyuan laughed and said, "This old man is all alone and doesn't have any fetters. Rather, it's you who could put aside Heavenly Emperor Myriad Treasure that old thing and come help out! You're the one who's really loyal enough!"

The two exchanged a glance and both bursted out a series of laughter.

Seeing these two people had appeared, Bai Tong and the rest were greatly roused.

Empyrean Pilljade was angered until his expression turned livid. He did not expect that this battle without any suspense would actually repeatedly have a sudden turn of events occur.

Up until now, there did not seem to be a single thing that went his way.

Empyrean Pilljade's gaze turned intent, and he said in a solemn voice, "Very good! This Empyrean has always admired Brother Chaoyuan's strength very much. Today, I'll spar with Brother Chaoyuan!"

As for Empyrean Flutterfeather, their side had a lot of powerhouses. There was naturally someone to handle him.

Empyrean Chaoyuan's gaze turned sharp, and he said with a big laugh, "You hypocrite, only choose to hear the nice things! This is a life-and-death fight! Who's sparring with you? Bring it on!"

After he was done talking, Empyrean Chaoyuan's aura was released fully. The horrifying pressure made the hearts of all the martial artists jump.

If one's strength did not reach the Empyrean Realm, they were unable to even stand firmly in the air.

This was a peak Ninth Firmament Empyrean top powerhouse.

The moment Ninth Firmament Empyreans moved out, this battle became bewildering and confusing.

Empyrean Pilljade also felt nervous. Empyrean Chaoyuan's aura was extremely strong and actually faintly had signs of breaking through to the Heavenly Emperor Realm.

"Looks like this old punk obtained great benefits from the Cloudpill Summit last time!" Empyrean Pilljade secretly cursed hatefully.

The moment Empyrean Chaoyuan released his aura, he became somewhat apprehensive.

Once he lost, this fight would really be hard to say!

Empyrean Chaoyuan smiled coldly when he saw the situation and said, "Why? Don't dare to come anymore, Pilljade brat?"

Pilljade's face fell and he said in a cold voice, "Who's scared of whom?!"

Done talking, the power of Ninth Firmament Empyrean was released fully. He actually barely managed to stand up to Empyrean Chaoyuan as equals.

The great battle was at an explosive point!

"Yo, so lively!"

Just as both sides ended up in a deadlock, a voice suddenly sounded out from the void.

This voice ... seemed to be a little familiar!

Empyrean Chaoyuan and Empyrean Flutterfeather exchanged a glance, both of their minds quivering.

On Heavenly Eagle's side, Bai Tong and the rest similarly felt their minds tremble!

"It's His Excellency! His Excellency didn't die! His Excellency came back!" Ning Tianping said with wild elation.

At this time, the void vibrated. Three figures emerged.

There was a youth in white clothing in the middle. Who could it be if not Ye Yuan?

"Hahaha, it's His Excellency! It's really His Excellency! He didn't die! He came back!"

"What did I say! His Excellency can't be killed!"

"His Excellency is mighty!"

"His Excellency is mighty!"

... ..

With Ye Yuan appearing, Heavenly Eagle's side seemed to have been ignited all at once.

Their backbone, their spiritual leader, their king finally returned!

Everyone seemed to have gone mad, shouting, cheering for the lord in their hearts!

At the opposite side, the Southern Border Alliance's powerhouses were all extremely shocked.

They were seriously unable to imagine that the entire imperial city was cheering for Ye Yuan's return.

What kind of magical power did this guy have?

Ye Yuan's feet stepped on an array formation. Looking at Empyrean Pilljade, he smiled lightly and said, "Pilljade, not seeing you for a few years, you're still such a good-for-nothing!"

Ye Yuan's sudden appearance gave Empyrean Pilljade a fright.

However, he discovered very quickly that something seemed to be off about Ye Yuan!

He actually did not have a trace of divine essence undulation from head to toe!

Furthermore, Ye Yuan's vital energy was extremely weak. Clearly, it was a body that was heavily wounded.

It seemed like the rumors about his demise were not a groundless rumor.

It was just that this kid had a tenacious life and actually did not die!

Since he was a cripple, then what did he still take to heart for?

Pilljade laughed coldly and said, "Kid, look at those subjects of yours. How much they looked forward to your return! It's just a pity that ... what awaits them is a cripple! I really don't know what face a cripple like you still have to come back and be their city lord!"

The moment these words came out, only then did everyone startle awake.

They were all immersed in jubilation earlier and did not notice Ye Yuan's abnormality.

Now, only upon hearing Empyrean Pilljade's words did they discover that Ye Yuan's condition was extremely poor. There ... was not even a trace of divine essence undulation!

How could this be?

The Heavenly Eagle side that was still cheering joyfully earlier immediately fell into silence.

No divine essence undulation signified that the small world had completely crumbled.

Then wouldn't His Excellency ... really have become a cripple?

The morale that had just been roused on Heavenly Eagle's side was immediately squelched.

But Ye Yuan did not mind and said with a faint smile, "So what? With me around, Heavenly Eagle is safe and sound!"

### [Unrivaled Medicine God](#)

#### **Chapter 2214: Just Running an Errand**

Ye Yuan's words made the minds of Heavenly Eagle's people tremble!

His Excellency was still so domineering when speaking!

No idea why, those words coming out of Ye Yuan's mouth were so convincing.

Even if he was currently just a cripple.

“With you around, Heavenly Eagle is safe and sound? *Hahaha* ... really making this Empyrean die of laughter! A cripple who doesn’t even have divine essence actually dares to say this sort of boast!” Empyrean Pilljade laughed loudly and said.

The big shots on the Southern Border Alliance’s side also all shook their heads one after another and could not help laughing.

A trash who did not even have divine essence, why would they take notice of him?

But Ye Yuan completely ignored Empyrean Pilljade. With a flick of his fingertips, a pale-yellow line appeared between the two main camps. It was as if a line was drawn in the sky.

“Those who cross the line will be killed without mercy!” Ye Yuan’s nonchalant words came out, appearing somewhat careless.

With this, the Southern Border Alliance’s side ridiculed even harder.

“*Hahaha*, a cripple actually dares to utter this kind of shameless boasting! Everyone, attack for me! I want to see how a cripple can kill us without mercy!” Empyrean Proudcloud jumped around the happiest, bringing a bunch of subordinates and rushing over.

“Wanting to block the entire Southern Border Alliance by drawing a line, you, this cripple, are also overestimating your own ability too much!”

“Everybody attack together! See how this cripple kills without mercy!”

... ..

Quite a number of Empyreans completely turned their noses up at Ye Yuan’s threat and brought a large group of people, directly charging over.

When Pilljade saw this scene, he could not help sneering coldly.

Although he was being restrained by Empyrean Chaoyuan, both side’s combat strengths were not on the same level at all.

Ye Yuan’s actions were purely messing around.

The expressions on Heavenly Eagle’s side changed, Bai Tong and the rest were about to rush over.

But Ye Yuan turned around and said coolly, “All back down!”

Everyone’s faces changed, stopping one after another.

Soon, the Southern Border Alliance army broke through that line Ye Yuan drew.

Proudcloud took the lead and said with a cold smile, “Brat, this Empyrean broke through this line now, what can you do to me? Today, this Empyrean is going to ...”

Right at this time, Ye Yuan’s fingers snapped lightly, and he said indifferently, “Hundred Schools of Thoughts Nine Profound Heaven Subduing Grand Array, kill!”

Above the void, streaks of golden light lit up, slicing space into pieces like countless blades.

Empyrean Proudcloud's words were said halfway when suddenly, his whole body was torn apart!

He could not talk anymore.

The Third Firmament Empyrean, Empyrean Proudcloud, died!

"Ahhh!!"

"Ahhh!!"

"Ahhh!!"

Heavenly Eagle Imperial City's sky, miserable cries suddenly sounded out. The dead bodies of countless powerhouses fell down in succession.

Powerhouses that crossed that yellow line all died.

In virtually an instant, the Southern Border Alliance's side suffered heavy casualties.

Those powerhouses who had not crossed the line yet turned pale with fright and stopped one after another. How could they still dare to advance?

Everyone looked at Ye Yuan with horrified faces, as if they had seen a malefic star.

In a short dozen over breaths, there were thousands of Empyreans and True Gods that fell.

However, they did not even know how they died!

Empyrean Pilljade's pupils constricted, a pair of eyes glued on Ye Yuan, full of shock.

Array formation!

In an instant, Ye Yuan laid down an enormous array formation above the void.

Those who entered this array formation were all garroted!

The problem was, even he, this Ninth Firmament Empyrean mighty expert, actually could not tell how Ye Yuan laid down the formation too!

When did this boy's array formation attainments become so powerful too?

Forget about True God Realms, Empyrean Proudcloud was a Third Firmament Empyrean mighty expert, he was actually dismembered like chopping vegetables just like that!

How great was the power of this array formation?

It was deathly silent above the void. No one dared to underestimate Ye Yuan this cripple anymore.

While the Southern Border Alliance army also all stopped before the yellow line. No one dared to take half a step over the line anymore!

Empyrean Chaoyuan looked toward Empyrean Pilljade with a strange look and said with a cold smile, "Cripple? *Huhu*, Pilljade, your eyesight is as poor as before!"

“Lord Ye Yuan is mighty!”

“Lord Ye Yuan is mighty!”

... ..

When Heavenly Eagle’s subjects saw this scene, each and every one of them started shouting madly with excitement.

Even without divine essence, His Excellency’s invincible might still could not be violated!

Empyrean Pilljade burned with fury. Clenching his jaws tightly, he shouted angrily, “Ye Yuan punk! This Empyrean wants to see how many tricks you have! Southern Border Alliance, heed my command! All Empyrean powerhouses, attack together! Annihilate Heavenly Eagle!”

No matter how strong Ye Yuan’s array formation was, it was also impossible to block late-stage Empyrean powerhouses.

Those grandmasters were all late-stage Empyrean mighty experts. It was simply nothing more than wishful thinking for a mere array formation to want to block them.

Empyrean Windrider and those grandmaster powerhouses were aware that they could no longer look on with folded arms.

None of them thought that this act today would actually be forced into such a plight.

But the arrow was notched and already had no choice but to release.

Not taking down Heavenly Eagle today, there would no longer be the Southern Border Alliance in the future.

Therefore, Ye Yuan had to die!

More than ten late-stage Empyrean super powerhouses moving out, how shocking was the commotion?

Let alone that there were even several dozen Empyreans behind them!

Ye Yuan said coolly, “Gentlemen, listen to this Ye’s word of advice! Withdraw now and everything can still be discussed. Crossing this line, that’s becoming this Ye’s mortal enemy! From this day forth, irreconcilable till death!”

Empyrean Pilljade burst out laughing when he heard that and said, “From this day forth? How are you going to have any day after today! Boy, this Empyrean knows that you’re some bullshit Second Sage, but that’s the demon race’s title, are you planning on bringing it to the human race to threaten us? Let me tell you, today, no matter who comes, you can’t be saved either!”

“Oh? Is that so?”

Empyrean Pilljade’s voice had yet to fade when a figure slowly walked out of the void.

The moment this person appeared, the faces of Empyrean Pilljade and the rest of the powerhouses changed one after another.

What a terrifying aura!

This person gave them an unfathomable feeling.

Heavenly Emperor powerhouse!

Empyrean Pilljade's pupils constricted and he said in a solemn voice, "No matter who your esteemed self is, Heavenly Emperor powerhouses are not to interfere in worldly affairs! Let alone that you're even a demon Heavenly Emperor! Could it be that you're planning on making a move against us at the risk of universal condemnation?"

The demonic aura on the other party's body billowed to the sky. How could Empyrean Pilljade not recognize?

He already roughly guessed the other person's identity. It was just that he paid no attention to it.

Forget about the demon race's Heavenly Emperor, even if Sacred Ancestor High Priest came in person, he also would not dare to behave atrociously in the human race's territory!

Heavenly Emperors were not to intervene in worldly affairs. This was the unspoken rule that all Heavenly Emperors abided by.

Moreover, a demon race's major power running to the human race territory to kill people, once this sort of thing happens, things would blow up.

The Heavenly Emperor powerhouse stood with his hands behind his back as he said coolly, "This emperor is Stardrive under Sacred Ancestor High Priest's command. I only came over to run an errand. You all don't have to make a big fuss."

The moment these words came out, everyone sucked in a cold breath.

High Priest Stardrive!

Those present were mostly involved in alchemy. So how could they not know High Priest Stardrive's reputation.

This was one of the 11 disciples under Sacred Ancestor High Priest's command!

Hang on, what did he say just now?

Run an errand?

What kind of figure was High Priest Stardrive? Who had this qualification to be able to make him run an errand?

Suddenly, everyone's gazes shifted to Ye Yuan, being incredibly shocked!

[Unrivaled Medicine God](#)

**Chapter 2215: Chaos Samsara Pill!**

"R-Run an errand? Do my ears have a problem?"

"High Priest Stardrive is a true pinnacle major power. Making him come and run an errand ..."

“Everyone says that Ye Yuan is the Priest Temple’s Second Sage. I even thought that it was merely nominal. I didn’t expect that ... his status is actually so high!”

... ..

The Southern Border Alliance’s Seven-star Alchemy Gods all opened their mouths wide, looking at Ye Yuan in extreme shock.

This sort of thing seriously subverted their understanding too much.

High Priest Stardrive was a late-stage Eight-star super existence. He had a status that tipped the scales in the entire alchemy world.

Such a major power, they did not have the good fortune to meet in their lifetimes too.

But such a major power was actually just here to run an errand?

However, the following scene affirmed their thoughts even more.

High Priest Stardrive gave a respectful bow towards Ye Yuan and said, “Ji Mo offers greetings to Second Sage!”

Ye Yuan nodded slightly, but his gazes glimmered.

Seeing Ji Mo this time, he was even more unfathomable than the previous time.

“I’ve troubled you to make a trip!” Ye Yuan said.

Ji Mo smiled and said, “No trouble. It is only ought to be.”

Ye Yuan also smiled and said, “Congratulations to Brother Ji Mo for making great improvements in strength!”

Ji Mo also grinned and gave another bow and said, “Coming over this time, it’s precisely to thank Second Sage!”

Ye Yuan waved his hand and said, “Thank what? Being able to comprehend things, that’s your lucky chance.”

These two people’s conversations made everyone stunned again.

Concerning High Priest Stardrive’s strength advancing greatly, why did he have to thank Ye Yuan?

Could it be that Ye Yuan was already strong to the degree that he could casually give pointers to High Priest Stardrive?

This ... How was this possible?

However, some Emphyreans were well-informed people. Their gazes flickered, seemingly recalling something.

A grandmaster said, “I heard that Ye Yuan solved the Eternal Chess Game ‘Ask Not’ in the Westspirit Region back then. It was High Priest Stardrive who brought it over! With Ye Yuan solving the game, High Priest Stardrive was watching by the side, he likely gleaned considerable gains!”

“There’s actually really such a thing?! That Eternal Chess Game ‘Ask Not’, I’ve also heard of it before. That’s the showdown between the Medicine Ancestor and Sacred Ancestor High Priest. Someone like Ye Yuan can break the deadlock too?”

That grandmaster sighed and said, “Originally, this Empyrean naturally didn’t believe it too. But ... High Priest Stardrive came personally. So this matter naturally won’t be fake.”

The Demon Clan was too far from the human race in the end. There were naturally missing pieces of information when the news came over.

Hence, toward these news, these Empyreans were naturally half-dubious.

Especially that they viewed Ye Yuan’s strength as being meager. How could he possibly crack the chess game where Medicine Ancestor and Sacred Ancestor High Priest faced off?

It was just that looking at it today, this matter really could not be any more real!

“Brother Ji Mo, have you brought the things that I want?” Ye Yuan said.

Ji Mo nodded slightly and said, “Receiving Second Sage’s news, Ji Mo did not dare to stop for a second and gathered the spirit medicines and rushed over.”

As he said, Ji Mo took a storage ring out and said, “What Second Sage needs, I will do it on your behalf.”

Ye Yuan nodded and said, “I’ll have to trouble you.”

Ye Yuan’s body did not have divine essence and could not even open the storage ring at all. Hence, that was why he needed Ji Mo to do it on his behalf.

Finished talking, Ye Yuan turned around and said to Empyrean Pilljade, “Just now, you said that I’m trash?”

Empyrean Pilljade’s expression flickered incessantly. What kind of eyesight did he have? He naturally saw through Ye Yuan’s actual situation with one glance.

The current Ye Yuan, his small world had already collapsed. He was unable to accommodate divine essence at all.

This kind of person, what was he if not trash?

No matter how strong the Formation Dao, what was the use if one could not cultivate?

He smiled coldly and said, “Could it be that what this Empyrean said is wrong?”

Ye Yuan smiled slightly and said, “Pilljade, today, I’ll let you see who’s the trash! From today onward, I, Ye Yuan, have the final say in the Southern Border’s alchemy world!”

Pilljade was startled inwardly! Could it be that this boy really had some method and could recover?

But, with his small world crumbling, even if Medicine Ancestor came, it would be difficult to repair too, right?

Not waiting for him to react yet, Ye Yuan's fingertips flicked out like phantoms. One array formation after another constructed in the void.

Seeing his appearance, who still did not know that Ye Yuan wanted to refine pills?

They all knew that he was using Formation Dao Pill Refinement, but what kind of medicinal pill was Ye Yuan going to refine to be able to let himself recover?

However, the brilliance of Ye Yuan's technique and complexity of the array formations made everyone secretly alarmed.

The array formations that Ye Yuan set up, they had not seen a single one before!

"Ten Absolute Heavenly Hu!" Suddenly, Ye Yuan called out loudly.

Ji Mo flicked his fingers, a spirit medicine flew towards the array formation.

*Swish!*

The spirit medicine entered the formation and immediately turned into a pile of powder.

But the movements of Ye Yuan's hands did not stop and was still laying formations frenziedly.

"Unreasonable Azure Spirit Fruit!"

"Ancient Orchid Earthsun Gold!"

... ..

Ye Yuan's mouth uttered the name of one rank seven spirit medicine after another from time to time.

These rank seven spirit medicines were all incomparably precious.

It was very difficult for Ye Yuan to want to gather them. Therefore, that was why he informed the Priest Temple to have Ji Mo deliver them.

Ji Mo sent the spirit medicines into the array formation very cooperatively. They were refined in the formation.

But no one knew what he was doing.

Even the strange hue in Ji Mo's gaze also gradually thickened.

With his vision, he actually could not understand what Ye Yuan was doing!

When pills entered rank seven, it was extremely rare for people to go and refine pills with Formation Dao anymore.

Concerning the complexity involved, ordinary people could not imagine it at all.

Furthermore, there was no one that had used Ye Yuan's method to refine pills with Formation Dao.

Formation Dao Pill Refinement was done by setting up all the array formations, and then placing the spirit medicines inside, and letting the array formation complete the refinement process by itself

But Ye Yuan was refining the spirit medicines stalk by stalk.

This kind of method, they had never seen before at all!

But every spirit medicine as well as the portion that Ye Yuan sent into the array formation, those Seven-star Alchemy Gods all learned it deeply by heart.

What if this was an incredible medicinal pill?

It was just that they did not think about it, Ye Yuan dared to refine the pill in front of so many of them, how could he be afraid of them secretly learning?

Empyrean Pilljade sneered coldly and said with disdain, "The medicinal theory is utter rubbish. His array formations are too many and disorderly! What kind of bullshit medicinal pill can such an array formation refine?"

By the side, Empyrean Windrider also nodded and said, "With his small world crumbling apart, it's simply beyond redemption! In my view, this boy is merely talking big to impress people."

The array formation grew more and more massive, and increasingly complex.

A high building rose from the ground. It was as if Ye Yuan was using building blocks to construct a skyscraper.

This building took ten days and nights!

At this time, half the sky was filled with stars, as if Ye Yuan embedded the stars into the sky; exquisitely beautiful!

Ye Yuan flicked his fingers, shooting toward a corner of the array formation.

"Formation rise, pill condense!"

*Clank!*

With a crisp sound, the entire array formation seemed to have come to life all of a sudden.

*Rumble!*

The void trembled. Endless light radiated out.

The entire array formation suddenly seemed to have come to life. Incomparably shocking aura burst forth.

Ji Mo's expression changed wildly, and he cried out in shock, "This ... This is the aura of a complete world! Second Sage used array formations and constructed a complete world!"

"Chaos Samsara Pill, condense!"

*Rumble!*

All of a sudden, light converged swiftly, a medicinal pill that radiated golden light suspended above the void quietly.

## Unrivaled Medicine God

### Chapter 2216: Dao Pill!

“T-The aura of Dao!”

Ji Mo looked at the golden medicinal pill that was suspending quietly. His eyes were full of shock, and he felt that his throat was somewhat dry.

The golden medicinal pill was extremely dazzling, glaring until all the Emphyreans could not open their eyes.

The undulations coming off of the medicinal pill made everyone’s faces change drastically!

They had never seen before such an aura from a medicinal pill.

This kind of aura was incomparably deep, incomparably vast, as if ... facing the entire Heavenly Dao.

It was as if that was not a medicinal pill, but ... a world!

Emphyrean Pilljade’s expression changed wildly and he said in shock, “This ... This is the aura of the Great Dao. Why would there be the aura of the Great Dao in a medicinal pill?”

“What kind of medicinal pill is this? Why would there be such a miraculous undulation!”

“Too bizarre! What in the world did this guy do?”

... ..

The Emphyreans present were all shocked, being speechless.

This medicinal pill that Ye Yuan refined already completely surpassed their understanding.

There was a trace of Dao accumulations hidden in the medicinal pill, this was common knowledge.

But Dao accumulations and the aura of Great Dao, that was two totally different things!

The Great Dao aura, which was the source of Dao, was the most fundamental rule of this world.

Why were Dao Ancestors powerful?

Because they obtained the recognition of the source of Dao, controlling the rules in a region!

And Dao accumulations were just like a firefly in front of the Great Dao source.

“Won’t be wrong! Although the aura of the Dao is still very weak ... this medicinal pill already touched the borders of Dao pill! *Hiss* ... worthy of being the person that Master chose, truly terrifying!”

Ji Mo looked at Ye Yuan and drew a cold breath, forcefully calming his heart down.

The Emphyreans present all did not know what this medicinal pill signified.

But he knew!

This medicinal pill represented that Ye Yuan would enter the ranks of the top alchemists in this world!

He would advance shoulder to shoulder with Medicine Ancestor and Sacred Ancestor High Priest!

And this also represented the superlative of the Heavenspan World's Alchemy Dao.

This kind of medicinal pill was called 'Dao pill' by Sacred Ancestor High Priest!

Dao pill surmounted above divine pill, standing on par with Heavenly Dao!

There were so many Eight-star Alchemy Gods in the Heavenspan World, but why did Medicine Ancestor and Sacred Ancestor High Priest tower above all life?

He, High Priest Stardrive, was also a late-stage Eight-star peerless expert, but he was also unable to be mentioned in the same breath with them!

The reason was because of Dao pill.

That was another level of alchemy skills and already dissociated from the level of divine pills.

However, regardless of whether it was the Medicine Ancestor or Sacred Ancestor High Priest, they were both unable to refine a true 'Dao pill'.

Otherwise, the Medicine Ancestor would not be the Medicine Ancestor, but simply a Dao Ancestor.

But on this step, clearly, these two major powers could walk in the front.

That was a mysterious and hard to fathom realm, a boundary that made people captivated!

Only the Sacred Ancestor's students knew the profound secrets involved in this.

Ji Mo knew that at present, the alchemists that could refine the embryonic form of a Dao pill in this Heavenspan World, the number definitely did not surpass the number of fingers.

Each one of them was a heaven-shocking important figure.

But now, they would probably have to include Ye Yuan!

Although the aura of Dao contained inside this medicinal pill was still very weak, this kind of feeling would not be wrong.

Everyone did not know the tumultuous waves in Ji Mo's heart. But this golden-colored Chaos Samsara Pill was already enough to make them shocked.

Ye Yuan reached his hand out and beckoned, the Chaos Samsara Pill came into his hand.

Without the slightest hesitation, Ye Yuan directly swallowed it.

The body that was originally a pool of stagnant water immediately raged like a storm!

*Rumble!*

The berserk spiritual energy undulations billowed to the sky with Ye Yuan as the center. Limitless spiritual energy gathered over crazily.

Ye Yuan was like a bottomless chasm, devouring spiritual energy crazily.

While within his body, the chaos world that was originally in fragmented pieces actually displayed great vitality once more like a withered tree that came back to life!

Chaos Samsara Pill was like a delicate tinker, starting to restore Ye Yuan's chaos world little by little.

No one understood what Ye Yuan experienced in these several decades.

To the peerless powerhouses that frequently fought until the sky was rent asunder and the earth split open, and the mountain and rivers flowed in reverse, concerning the squabbles between mortals, they considered it completely beneath their notice.

No one thought much about those most, most basic things. They felt that those were all trash and should be eliminated.

But Ye Yuan did not think so!

One will never achieve their goals without doing things a step at a time.

No matter how grand the move, no matter how great the strength, it was put together and formed from bit by bit of foundation.

He grew up like this and also demanded others to grow like this.

During these several dozens of years, Ye Yuan instinctively ran through those Alchemy Dao records that those experts cast aside like a pair of worn-out shoes systematically.

He lost his memories and could not remember alchemy things at all.

Whatever Sacred Ancestor High Priest's legacy, whatever Heavenly Empyrean Immortal Grove's inheritance, he forgot all of them cleanly!

All of his reliance was his own instincts!

His alchemy talent, his alchemy instincts, the alchemy strength that he tempered thoroughly.

Bit by bit, little by little, it accumulated to an extremely terrifying level.

All the way until Lin Changqing appeared, pushing Ye Yuan to his limits, he achieved mastery through a comprehensive study of the subject, and finally stepped into the middle-stage Dao Realm with one step.

At present, what kind of realm did his Alchemy Dao reach? Even he himself did not know either.

But he knew that he was very strong!

*Indescribably strong!*

*So what if the world crumbled?*

*So what if divine essence was completely lost?*

*I'll refine pills and restore all of them!*

This Chaos Samsara Pill was the grand achievement work that his Alchemy Dao gathered!

The horrifying energy undulation continued for a full three days and nights.

Ye Yuan was like a heaven-devouring behemoth, swallowing heaven and earth spiritual energy greedily.

Three days later, Ye Yuan slowly opened both eyes, brilliant light radiating!

Not only did this 'quasi Dao pill' restore his chaos world fully, it even let his strength scale new heights!

At present, he already stepped into the middle-stage Chao Realm!

During this period, Empyrean Pilljade and the rest were akin to sitting on pins and needles.

They really wanted to make a move to interrupt Ye Yuan's refinement. They wanted to stop Ye Yuan from recovering his strength.

But, with High Priest Stardrive this major power watching at one side, they did not dare to do anything at all.

Of course, what shocked them even more was that Ye Yuan really recovered!

A martial artist whose world shattered actually recovered his strength miraculously!

Would this sort of thing really happen?

But it happened right before their eyes!

"This ... What kind of medicinal pill is this, to actually be able to let a shattered world come back to life! Impossible! Why haven't I heard of such a medicinal pill before?!"

"Too terrifying! This guy's alchemy strength is absolutely the number one person among Seven-stars!"

"This boy is simply a freak!"

... ..

The Southern Border Alliance Empyreans were all shocked speechless.

Actually, all the way until just now, they were not willing to believe that Ye Yuan was really able to recover.

But the reality was often quite cruel!

Seeing Ye Yuan's strength recover fully, Heavenly Eagle Imperial City cheered with jubilation.

This was their lord, their omnipotent lord!

Ye Yuan looked at Empyrean Pilljade and said with a cold smile, "Pilljade, I wonder who's the trash now?"

Chapter 2217: Who Knows What the Hell He Experienced?!

Empyrean Pilljade's expression was extremely ugly.

With Ye Yuan appearing in such a way, everyone all thought that he was already a cripple.

But who knew that he actually refined a miraculous medicinal pill and completely restored his small world!

Now, not only did Ye Yuan's cultivation recover fully, but his strength also become a notch higher.

This made things awkward.

His gaze turned intent, and he said with a cold smile, "Even if you recovered your strength, what can you change? This show today doesn't only have this Empyrean dictating here! Do you, a puny little Heavenly Eagle Imperial City, dare to become enemies with the entire Southern Border's Heavenly Emperors?"

After he was done talking, he turned to Ji Mo again and said in a solemn voice, "Lord Stardrive, although you're a demon race major power, this place is the human race boundary! Right now, our Southern Border Alliance is going to launch a general offensive towards Heavenly Eagle Imperial City. Are you really going to take action?"

These words had some meaning of forcing him out of the way.

But he believed that High Priest Stardrive definitely would not dare to risk universal condemnation.

The human race's strength was far stronger than a mere Priest Temple.

But Ji Mo did not care at all. Instead, he waved his hand dismissively and smiled as he said, "I said that I'm just here to run an errand. Whatever you all want to do, that's your business."

Empyrean Pilljade's face became blacker and blacker. The more Ji Mo said this, the more uncertain he was.

*You, a major power, are here now, but you said to me that you would not care about anything!*

*If you did not care, I would have long thrown a slap over.*

*Would you allow it?*

"Uh ... Right. The spirit medicines that Second Sage wants isn't just these. After he finishes refining the medicinal pill, this emperor can also return and report completion on the mission. At that time, you all can fight however you like. Your human race's internal affairs, this emperor won't intervene in them," Ji Mo's face still had a faint smile as he said coolly.

Empyrean Pilljade's face turned black again.

Ye Yuan found it funny in his heart, *this fellow is rather interesting.*

It turned out that not every major power was so old-fashioned and posturing.

*Uh ... Ji Mo's posturing was postured refreshingly and free from convention.*

At this time, Ye Yuan suddenly turned around and said to Bai Tong, "Senior Bai Tong, back then, when I brought you away from Bamboo Groove Void Realm, I'd once promised you good fortune! Today, I'll gift this good fortune to you!"

Bai Tong's entire body trembled.

Then he saw that Ye Yuan had already started setting up a formation.

Recovering his strength, with the traction of divine essence, Ye Yuan's speed of setting up formations was God knows how many times faster than before!

Merely half a day's time, an enormous array formation surfaced in front of everyone.

Although this array formation was inferior to the array formation that refined the Chaos Samsara Pill previously, it was also extremely complicated.

Even if those Empyrean powerhouses opened their eyes wide and exerted their divine sense to the limits, they were still unable to understand the mysteries involved.

By the side, Ji Mo sneered coldly in his heart.

Even he could not understand this array formation, so how could these fools understand?

Clearly, Ye Yuan's Formation Dao Pill Refinement already reached the boundary of following his own will.

To him, whether it was using medicinal cauldron to refine pills or using array formation to refine pills, there was already not much difference.

Ye Yuan integrated his alchemy skills into Alchemy Dao, grouping them randomly.

Targeting different medicinal pills, he could create different Formation Dao Pill Refinement.

Although the methods used may vary, the principle was the same.

That 'principle' was his Dao!

"Dream Returning Heart Replenishing Pill, condense!"

Ye Yuan gave a cold cry, a resplendent light radiated once more.

Pill formed!

"Hiss ... End spirit divine pill again!" The group of Empyreans could not refrain from drawing a cold breath once more.

"Although this medicinal pill isn't as good as that one previously, it also already firmly reached the level of end spirit! Truly ... terrifying!"

"To be able to steadily refine rank seven divine pills to the level of end spirit, this boy's realm has likely already reached middle-stage Ancestor Realm!"

"Don't you guys forget! The medicinal pill that he refined earlier was an extremely obscure medicinal pill!"

... ..

Obscure medicinal pills were totally different concepts from ordinary medicinal pills.

Back then, when Ye Yuan refined the Cleansing Rain Dream Reverting Pill, he practically exhausted his divine soul. The difficulty could be seen.

Now, refining the Dream Returning Heart Replenishing Pill, the difficulty rose god knows how many levels up.

However, Ye Yuan still accomplished it with high proficiency!

The alchemy strength that Ye Yuan exhibited made the Southern Border Alliance's empyreans despair.

"From today onward, I, Ye Yuan, have the final say in the Southern Border's alchemy world!"

This sentence echoed in their ears from time to time.

Previously, they all still felt that Ye Yuan did not know what he was talking about, but now ... they already could not find the words to describe their current emotions.

Bai Tong received the medicinal pill and said with surprise, "Dream Returning Heart Replenishing Pill?"

Dream Returning Heart Replenishing Pill was not the medicinal pill to let him completely recover his strength.

Hence, when Bai Tong heard this name, he was very surprised too.

Ye Yuan smiled and said, "Senior returned to boyhood from old age. It's caused by the defect in your cultivation method. Your cultivation method will harm a portion of the divine soul in exchange for great improvements in power. With your divine soul getting damaged, Heavenly Dao is defective. Even if Senior's cultivation is exceedingly high, it's also hard to step into the realm of Heavenly Emperor. This Dream Returning Heart Replenishing Pill can complete your divine soul and let your divine soul reach the peak. At that time, breaking through again would be much easier."

Bai Tong's entire body trembled. The defect in his divine soul was unable to recover fully even with the medicinal pills left behind by his ancestors.

Ye Yuan altered his pill formula and it was actually capable of restoring his divine soul?

Just what kind of realm did this fellow's current Alchemy Dao reach?!

This kind of level nine difficulty peak rank seven divine pills, wanting to make the slightest changes was as difficult as ascending to heaven.

But Ye Yuan modified it like he had it at his fingertips!

This world was too crazy.

Bai Tong nodded slightly and said with a smile, "Fine lad, thanks a lot!"

He put away the medicinal pill and did not have the intention of refining it, but then he heard Ye Yuan say with a wide grin on his face, "Just nice. There's Brother Ji Mo standing guard here, Elder Brother Bai should just directly refine the medicinal pill. There's still ... something better after this!"

"B-Better?" Bai Tong was taken aback, his brain not quite following Ye Yuan's words.

This Dream Returning Heart Replenishing Pill was already the best medicinal pill that he could imagine.

*What kind of medicinal pill could be better than this?*

*Could it be ...*

Suddenly, a thought crept up in his mind and his heart shook wildly!

*Could ... he really do it?*

Among Seven-star Alchemy Gods, it has never been heard of that anyone could refine that medicinal pill!

Yes, he was not an ordinary Seven-star Alchemy God ...

A hint of a smile flashed across the corners of Bai Tong's mouth, and he nodded his head slightly at Ye Yuan, directly consuming the Dream Returning Heart Replenishing Pill.

While the others were shocked speechless.

"Could it be that this guy still wants to refine the Nine Profounds Heavenly Emperor Pill?"

"Crazy! Really nuts! Wasn't it said that this boy died? What the hell did he experience these few years? Why would he be monstrous until like this?"

"Who the hell knows what he experienced! But ... even that heaven-defying Chaos Samsara Pill was refined. So the Nine Profounds Heavenly Emperor Pill ... shouldn't be anything difficult, right?"

... ..

The expressions of the Southern Border Alliance's Emphyreans became more and more fascinating.

Everyone already guessed what medicinal pill Ye Yuan was going to refine.

But they still did not dare to believe it.

This was because this medicinal pill was a heaven-defying existence to Seven-star Alchemy Gods, even to Eight-star Alchemy Gods.

If one had to add a difficulty above level nine, then this medicinal pill was the existence that surpassed level nine difficulty!

The Nine Profounds Heavenly Emperor Pill!

The medicinal pill that could create a Heavenly Emperor powerhouse!

[Unrivaled Medicine God](#)

**Chapter 2218: If He Were to Become Emperor, Who Would Dare Disobey?!**

A Heavenly Emperor was this world's true hegemon!

The goal that every martial artist strove toward their whole lives was to become a Heavenly Emperor.

This step stumped no idea how many outstanding figures.

Just take Emphyrean Pilljade for example. Was his talent not high?

Once he was the sole Ancestor Realm powerhouse of the Southern Border, how dazzling was this halo?

But even so, he was still blocked in front of the gates of Heavenly Emperor mercilessly.

Then about Empyrean Chaoyuan, who cultivated to the peak Empyrean Realm with the identity of an itinerant cultivator, how astonishing was his talent?

Moreover, he was even an extremely powerful Seven-star Alchemy God.

But likewise, he was unable to take this step.

It had already been several million years!

Also one thing, that was that ... Heavenly Emperors were not able to be created using medicinal pills!

Actually, it was not that there wasn't such a medicinal pill, but it was that ... this medicinal pill was too hard to refine.

Even for those peak Eight-star Alchemy Gods, there were also very few that could successfully refine the Nine Profounds Heavenly Emperor Pill.

But now, Ye Yuan was doing it!

Ji Mo looked at Ye Yuan setting up the formation, and the flesh on his face hurt without him being aware.

Even though it was just rank seven spirit medicines, the Nine Profounds Heavenly Emperor Pill's spirit medicines, each kind was incomparably precious and rare.

Each spirit medicine was worth a city!

In this Heavenspan World, there were really not many that could gather the spirit medicines of the Nine Profounds Heavenly Emperor Pill.

It was also only because Second Sage opened his mouth to request for them. Otherwise, even if others wanted to refine it, they would also be unable to make something out of nothing!

This time, the array formations that Ye Yuan laid down were even more profound and complicated.

The refinement of the Nine Profounds Heavenly Emperor Pill was seriously too difficult and profound.

However, Ye Yuan still constructed the colossal array formation methodically.

The array formation became more and more complicated, increasingly difficult to understand.

The aura coming from within the void also became more and more profound.

But the Southern Border Alliance's Empyreans became more and more anxious.

It seemed like ... the momentum of Heavenly Eagle's rise was already unstoppable!

"Could it be that ... this Empyrean is really going to witness a miracle? A Seven-star Alchemy God refining the Nine Profounds Heavenly Emperor Pill? I never even heard of it before!"

"*Sigh*, comparing people is really odious! This boy is too monstrous!"

“If ... this Nine Profounds Heavenly Emperor Pill can be given to this Emphyrean, how great would that be?”

... ..

The Nine Profounds Heavenly Emperor Pill, a medicinal pill that could create Heavenly Emperors, how could they not covet it?

At this time, how were they still in the mood to go and attack Heavenly Eagle?

These Emphyreans, especially those at the peak, their only thought was envying Bai Tong!

At this time, they wished for time to flow backward, and they would go and suck up to Ye Yuan desperately.

As long as they obtained Ye Yuan’s recognition, perhaps they would also be able to obtain the Nine Profounds Heavenly Emperor Pill. They would then step into that fleeting and ephemeral Heavenly Emperor Realm!

Inside Heavenly Eagle Imperial City, Yun Yi raised his head and looked at the sky, his expression seemingly incomparably excited.

This was the Alchemy Dao that he yearned for!

Compared to his master’s Alchemy Dao, what did mere Seven-star Alchemy Gods count for?

In front of his master, cultivation realms did not have any meaning at all!

His understanding of Alchemy Dao already glimpsed the source of the Dao.

Maybe come one day in the future, he would also be able to refine such a heaven-defying medicinal pill!

Staying in Heavenly Eagle was not the choice that he made, but a steadfast belief in his heart.

His identity was extremely sensitive. If it were others, it was absolutely impossible to take him in as an apprentice, let alone the opportunity to be imparted with various skills.

But after so many years in Heavenly Eagle, Yun Yi could clearly feel his alchemy strength advance by leaps and bounds!

This could not be faked!

Making him betray Heavenly Eagle at this time, he really could not do it.

Right at this time, on the other side, Bai Tong’s aura billowed to the sky.

His aura rose steadily up, heading straight to becoming a peak Emphyrean.

When everything calmed down, Bai Tong’s entire person was like a sharp sword that came out of the sheathe, sharp edge revealing in its entirety!

Coincidentally at this moment, Ye Yuan pointed at the void and yelled out, “Formation rise, Nine Profounds Heavenly Emperor Pill, condense!”

*Rumble!*

Another heaven-shocking array formation's operation.

Nine Profounds Heavenly Emperor Pill, formed!

End spirit Nine Profounds Heavenly Emperor Pill!

Southern Border Alliance that side, the Emphyreans' eyes were almost popping out.

Towards Ye Yuan's strength, they were long already wholeheartedly convinced.

Right now, their only thought was envy!

Ye Yuan put away the medicinal pill and said to Bai Tong, "Brother Bai Tong, how do you feel?"

Bai Tong smiled and said, "Great! Indescribably great!"

The Dream Returning Heart Replenishing Pill already treated all of his hidden injuries. The current Bai Tong already reached his peak state in all aspects.

Breaking through currently was the most suitable!

Ye Yuan also smiled and said, "That's good! NOW, directly refine this then!"

As he said, he handed the Nine Profounds Heavenly Emperor Pill to Bai Tong.

Bai Tong refined it on the spot without another word.

Half a day later, a horrifying aura rose up.

The originally cloudless sky suddenly rolled and seethed.

The earth was quaking.

A strong wind was howling.

Heavenly Eagle Imperial City's structures could not withstand this pressure at all and were virtually about to collapse.

The martial artists in the city were even tottering on their feet.

A glint flashed in Ji Mo's gaze, and he casually fired out a spell.

In an instant, Heavenly Eagle Imperial City stabilized.

The pressure of a Heavenly Emperor's breakthrough was too great for normal martial artists!

Even these Emphyreans in front of him, all of them had solemn expressions too, mustering up all the divine essence in their bodies, resisting this pressure.

However, no one left!

A Heavenly Emperor breaking through, Great Dao would descend.

This kind of lucky chance could not be encountered by everyone.

Perhaps the observation this time could let them have some harvests?

*Crack, crack, crack ...*

Bai Tong's aura became grander and grander. He became increasingly stronger.

The Heavenly Emperor's barrier was unable to stop his breakthrough at all.

Amidst everyone's shocked gazes, Bai Tong broke through the fetters of Empyrean Realm in one go, busting through that shackle!

A Heavenly Emperor powerhouse was born domineeringly just like that!

Everyone was staring dumbfounded with their mouths agape, shocked expressions on their faces.

Empyrean Pilljade gave a bitter laugh and said, "This ... is the power of an end spirit Nine Profounds Heavenly Emperor Pill! Truly, if he were to become emperor, who would dare disobey?!"

Empyrean Windrider also sighed faintly and said, "Breaking through the shackles with Alchemy Dao, Heavenly Dao has to make some concessions too! This boy is already not what the likes of us can provoke!"

Empyrean Pilljade sighed dejectedly, knowing that what Empyrean Windrider said was not false.

Although they all, these alchemy major powers, had not seen a Heavenly Emperor breaking through before, they still knew what the breakthrough would be like.

When others broke through, they needed to shake off the fetters of Heavenly Dao countless times, struggling to free themselves from the shackles of Empyrean Realm.

Breaking through was fighting with heaven, fighting with earth, fighting with oneself!

But Bai Tong's breakthrough was extremely domineering.

Have obstructions, directly burst through!

Have fetter, directly chop off!

The momentum of becoming a Heavenly Emperor, even heaven and earth was unable to stop it!

This kind of breakthrough, the impact was too strong.

Bai Tong stood in the air. Looking at this world again, it was as if everything changed colors.

"Turns out that the world is like this!" Bai Tong could not resist letting out an emotional sigh.

Suddenly, the aura on his body released. A horrifying pressure spread out, spreading across the entire sky.

Heavenly Emperor pressure!

Bai Tong's gaze turned sharp. Sweeping across the sky, he said coldly, "From this day forth, this Heavenly Emperor will garrison Heavenly Eagle, forming the Heavenly Eagle Bodhidharma! All of the

Southern Border's alchemy matters will be controlled by the Heavenly Eagle's Pill Tower! Whoever isn't convinced, feel free to come and find this Heavenly Emperor!"

### Unrivaled Medicine God

#### **Chapter 2219: Work Things Out!**

A Heavenly Emperor was like a heavyweight bombshell or a nuclear bomb, being a deterrent.

The destructive force of a Heavenly Emperor was too strong. Secular cities were not much different from toys to a Heavenly Emperor.

Furthermore, the survivability of a Heavenly Emperor was extremely strong. They were exceedingly difficult to kill.

Once a Heavenly Emperor was determined to seek vengeance, even if he was only a First Firmament Heavenly Emperor, his destructive power would also be extremely astonishing.

Hence, there was this unspoken agreement between heavenly emperors to not intervene in worldly affairs.

Once the Heavenspan World becomes depraved, then the Heavenspan World would wail in sorrow.

Now, Heavenly Eagle Imperial City produced a Heavenly Emperor. They had sufficient capital to play with other Heavenly Emperors.

They could take a share of the loot from the Southern Border, this large cake!

The Southern Border Alliance army slipped away with their tails between their legs. Emyrean Pilljade did not dare to even let out a fart.

From this day onward, Southern Border alchemy world's arrangement would have massive changes!

A new peak Alchemy Dao holy land suddenly emerged!

Previously, Heavenly Eagle Imperial City could be said to exist by depending on the Myriad Treasure Tower. It was only because their strength was not strong enough.

But now, Heavenly Eagle had a Heavenly Emperor holding down the fort. This caused the Heavenly Eagle Imperial City to join into the ranks of the Southern Border's top factions.

No one dared to not give Heavenly Eagle Imperial City face anymore.

Let alone that after this battle, Ye Yuan's fame surpassed even the new Heavenly Emperor, making the entire Southern Border hear about it like the sound of thunder.

A Seven-star Alchemy God was capable of refining the Nine Profounds Heavenly Emperor Pill!

From this day forth, Ye Yuan became the well-deserved number one person among Seven-star Alchemy Gods!

The impact of this title was too great.

The medicinal pills that you could not refine, I could refine!

Powerhouses that you could not create, I could create!

Injuries that you could not treat, I could treat!

With how vast the Southern Border was, who dared to say that they would not need to ask Ye Yuan for help?

What if someday, an Emphyrean was heavily injured on the verge of death and needed medicinal pills to save their life?

If one day, a Bodhidharma's direct lineage disciple needed an extremely hard to refine medicinal pill to break through?

Nobody dared to say for certain!

In the past, Ye Yuan was just a Seven-star Alchemy God and was unable to refine rank seven divine pills. His value was naturally not great.

But now, Ye Yuan's status was already totally different.

He already truly became a figure of authority in a region!

No one dared to not give him face!

Not long after, the Southern Border organized a four-party talk.

Southern Border Alliance, Myriad Treasure Bodhidharma, seven great ancient families as well as ... Heavenly Eagle Bodhidharma!

"I want 60%!" The moment Ye Yuan sat down, he nonchalantly tossed out a heavyweight bombshell.

Emphyrean Pilljade shot to his feet and berated angrily, "Brat, your appetite is also a little too big! Careful you don't burst!"

The representative of the seven great ancient families, Beitang Li, also frowned and said, "Little Brother Ye, show mercy whenever possible! The incident this time, even if we were in the wrong, we also restrained ourselves for a long time for Heavenly Eagle Imperial City's sake. Isn't that so?"

Emphyrean Flutterfeather remained silent.

Ye Yuan smiled slightly, got up, and said, "Is that so? Then ... there's nothing to discuss. Gentlemen, let's showcase our true abilities then!"

Done talking, he was actually going to leave the meeting.

The few great Emphyreans almost spewed out a mouthful of old blood. Who negotiated like this?

What the hell ... Did not even talk yet and you were going to dust your bottom and leave?

You directly threw 60% the moment you came, we only said a sentence and you wanted to showcase our abilities.

This ... Still discuss for what?!

Shouldn't negotiations be push and pull, all parties playing a seesaw game?

Why did it totally change here?

This brat was also too tyrannical!

"Hold on! Lets ... work things out, can't we?" Empyrean Pilljade did not have a temper anymore and could only speak up.

Beitang Li also hurriedly got up and pulled Ye Yuan and said, "Dear me, Little Brother Ye, everything can be discussed! Let's sit down first and talk properly. How about it?"

Ye Yuan did not sit down and just said coolly, "Nothing to discuss! Right now, our Heavenly Eagle is the victor. You guys ... are the defeated ones! 60%! I've already made a huge sacrifice. If can, you guys carry on discussing. If can't, you guys can carry on discussing too."

Domineering!

Tyrannical!

Not giving the other three parties any leeway to turn around at all.

Ye Yuan this time was simply like a different person from back then.

In the negotiations back then, Ye Yuan did not show face at all. A large portion of the profits was even given to the Myriad Treasure Tower.

Heavenly Eagle Imperial City merely just became an appendage to the Myriad Treasure Tower.

But today, Ye Yuan was too domineering. He was simply unparalleled and tyrannical!

*I set the price. You guys can discuss the rest. It has nothing to do with me.*

Then Ye Yuan turned around and left just like that.

The other few people exchanged glances. Baffled looks could be seen on their faces.

Bustling around for such a long time, in the end, Ye Yuan came over and dropped a single sentence, and he was done?

Empyrean Pilljade looked at Empyrean Flutterfeather. He said with a sneer, "Flutterfeather, the good brother that you made! You did not stint to fall out with Heavenly Emperor Myriad Treasure and also had to help Heavenly Eagle Imperial City. In the end, he's treating you like this!"

Flutterfeather looked at him and said with a faint smile, "This Empyrean is this Empyrean. The Myriad Treasure Tower is the Myriad Treasure Tower! He isn't targeting this Empyrean. He is targeting the Myriad Treasure Tower! It's the Myriad Treasure Tower that abandoned Heavenly Eagle first! Younger Brother Ye's heart is like a clear mirror and naturally has his considerations. Rather, it's you who ought to consider the things afterward properly. Otherwise, toward Heavenly Emperor Wanzhe there, it will be hard to give him an account."

Empyrean Pilljade's gaze turned intent, his expression instantly becoming incomparably ugly.

This four-party talk was facilitated by the Southern Border Alliance in the first place.

But currently, this sort of situation could not carry on negotiating at all.

Could it be that they were going to start a war again?

But if they started a war, the Southern Border Alliance would not have any chips on hand at all!

The Southern Border Alliance that had the greatest influence and strongest strength in the past, currently it was the party with the fewest chips presently!

They were the party with the weakest power and influence.

The Myriad Treasure Tower had pill formulas!

The seven great reclusive ancient families also had pill formulas!

Heavenly Eagle was even the master of the pill formulas!

Only the Southern Border Alliance had nothing!

Of course, it was also not that they had nothing.

They had territory!

... ..

Very soon, someone came to visit.

But the one who came this time was a Heavenly Emperor powerhouse!

Empyrean Flutterfeather led the Myriad Treasure Tower's Heavenly Emperor Riverback and approached Ye Yuan.

"*Huhu*, Elder Brother Flutterfeather, I was just about to find you, but I didn't expect that you came personally." When Ye Yuan saw Flutterfeather, he had an enthusiastic look.

As for the Heavenly Emperor Riverback who was in the leading position, it was like Ye Yuan did not see him at all, treating him like air.

It was so awkward!

To dare treat a Heavenly Emperor as air, Ye Yuan was probably the first person in the Southern Border.

Flutterfeather could only toughen his scalp and answered, "Younger Brother, this is my Myriad Treasure Tower's Third Manager, Heavenly Emperor Riverback!"

The Myriad Treasure Tower's power and influence were tremendous. There was naturally more than one Heavenly Emperor.

In the Southern Border, Myriad Treasure Bodhidharma's power and influence were extremely powerful. Otherwise, how could their business span across the Southern Border?

Heavenly Emperor Riverback put aside his embarrassment and said fawningly, "Little Friend Ye's battle shocked the Southern Border and became the Southern Border Seven-star Alchemy Gods' number one person! It really broadened people's horizons!"

Ye Yuan smiled and said, "About this, speaking of which, I still have to thank Heavenly Emperor Myriad Treasure very much for giving me this opportunity."

Heavenly Emperor Riverback almost choked to death. He could only cough dryly twice to resolve the awkwardness.

"Little Friend Ye, this matter was indeed my Myriad Treasure Tower's fault. But then again, for Little Friend Ye to be able to have today's accomplishments, my Myriad Treasure Tower also made great contributions. Are our two families really going to make distinctions between each other?" Heavenly Emperor Riverback asked.

Chapter 2220: Disregarded

Ye Yuan's footsteps stopped, and then the smile on his face gradually disappeared.

By the side, Emyrean Flutterfeather sighed slightly, knowing that this matter could not be settled anymore today.

Before coming, he exhorted over and over again, for Heavenly Emperor Riverback to not mention the past, and just to acknowledge their faults sincerely.

That way, maybe there was still a trace of salvaging.

But Heavenly Emperor Riverback capitalized on his status and talked about the past.

With Ye Yuan's temper, how could he let the matter drop?

Sure enough, Ye Yuan laughed coldly and said, "Fellow Daoist Riverback, isn't your face red from saying this? You all touch your hearts first. The Myriad Treasure Tower's these several thousand years of glory, who did it rely on? Was it me, Ye Yuan, who received favors from your Myriad Treasure Tower's light? Or was it your Myriad Treasure Tower who received favors from my, Ye Yuan's light!"

Over these thousand years, the Myriad Treasure Tower could be said to be unprecedentedly powerful.

The profits that they earned were as much as the past several tens of thousands of years added up, even several hundreds of thousands of years.

With such a huge profit as support, the Myriad Treasure Tower naturally groomed countless powerhouses too.

And this profit was all created from Ye Yuan's pill formulas!

Ever since Ye Yuan entered the Heavenspan World, the special pill formulas were given to the Myriad Treasure Tower. Its value could virtually buy a Heavenly Emperor Bodhimanda!

Especially after the last Cloudpill Summit, the Myriad Treasure Tower's reputation developed to the peak.

What Ye Yuan returned to the Myriad Treasure Tower was much greater than what he took.

He, Ye Yuan, had always repaid with precious jade after receiving a peach fruit when making friends.

Ye Yuan being able to leave with his mind set at ease was equivalent to entrusting Heavenly Eagle Imperial City to the Myriad Treasure Tower.

Although he treated the Myriad Treasure Tower as a friend, in the end, the Myriad Treasure Tower only treated him as a partner of interest.

When Heavenly Eagle needed help the most, the Myriad Treasure Tower pulled the firewood out from under the boiler.

They stopped caring!

What difference was this kind of action from kicking you down the cliff with one foot?

Even though the Myriad Treasure Tower did not take part in the besieging this time, they were one of the accomplices too!

Ye Yuan was clear in his heart that with the Myriad Treasure Tower's present strength, they could definitely withstand the heavy pressure of the Southern Border Alliance.

At the very least, preserving Heavenly Eagle was still achievable.

But they shrunk back!

They felt that with Heavenly Eagle losing him, it lost its utility value. Hence, they directly sold Heavenly Eagle out.

Only then did Ye Yuan come to realize the truth. It turned out that Myriad Treasure Tower was merely a group of merchants who were trying to outwit the other in the end!

Merchants only ever pursued profits!

But Emphyrean Flutterfeather was a different type.

Heavenly Emperor Riverback's old face turned red. He knew that what Ye Yuan said was not false!

In reality, he was also an indirect beneficiary.

But the pride of a Heavenly Emperor made him unable to lower his head.

Saying some self-degrading words was already his limit.

And Ye Yuan's attitude also thoroughly infuriated him.

Heavenly Emperor Riverback's gaze turned dark, and he said, "Ye Yuan, this Heavenly Emperor humbled himself and pleaded with well-meaning advice, but you're pushing people too far! Don't you forget! The pill formulas are still grasped in the hands of the Myriad Treasure Tower! If we publicize the pill formulas, you should know the consequences!"

Ye Yuan looked at Heavenly Emperor Riverback like looking at a fool and grinned as he said, "As long as you're happy!"

After he was done talking, he turned to Flutterfeather and said, "Elder Brother Flutterfeather, since Ji Mo that fellow came, I conveniently extorted some rank seven spirit medicines. These two days, I just happened to refine several Emergence Spirit Ascension Pills. It should be sufficient for you to cultivate for a period of time. As for Elder Brother Chaoyuan there, I'm having a bit of a headache."

Ye Yuan patted his head, an appearance of his head hurting.

He was indeed feeling some headache!

The matter this time, the two people that Ye Yuan owed the biggest favor to were Empyrean Flutterfeather and Empyrean Chaoyuan.

Empyrean Flutterfeather's situation was still fine. He still had room to go up.

But Empyrean Chaoyuan, his situation was to reach the Heavenly Emperor Realm!

Where would he go and pool together another set of Nine Profounds Heavenly Emperor Pill's spirit medicines?

By the side, Heavenly Emperor Riverback's gaze turned intent.

Those were end spirit divine pills!

At present, when a medicinal pill that Ye Yuan personally refined was placed outside, it was a priceless treasure.

One end spirit Emergence Spirit Ascension Pill, even if exchanging for a rank eight divine pill, there would also absolutely be someone who would swap.

But he actually gave it to Empyrean Flutterfeather like giving a cabbage!

The moment he gave Empyrean Flutterfeather, it was several pills!

These medicinal pills were sufficient for Empyrean Flutterfeather to cultivate to the peak Empyrean Realm.

"Brat, you're too condescending! You'll pay the price for your arrogance!" Heavenly Emperor Riverback had a feeling of being disregarded and said furiously.

But it was like Ye Yuan did not hear him. He then said to Flutterfeather, "Oh, right, Elder Brother, here are my Alchemy Dao experiences these few years. You can take it and have a look. Let's improve together."

Flutterfeather's gaze turned slightly intent and his breathing became ragged.

Compared to medicinal pills, this jade slip was more valuable!

"Ye Yuan, are you really going to force yourself into a dead end? People who dare to become enemies with my Myriad Treasure Tower all didn't have a good ending!" Heavenly Emperor Riverback said furiously.

Ye Yuan said, "Brother Flutterfeather, call Elder Brother Chaoyuan tomorrow too. Let's get good and drunk!"

Heavenly Emperor Riverback was speechless.

He seriously could not stay on in this place anymore.

After Heavenly Emperor Riverback left, Flutterfeather sighed slightly and said, "Why is there a need for this, Younger Brother? Could it be that ... you're really not scared that the Myriad Treasure Tower publicize the pill formulas?"

Ye Yuan smiled mysteriously and said, "Pill formulas? *Heh heh*, using my pill formulas to threaten me, I really don't know if that guy's brain is made out of tofu or not! If Heavenly Emperor Myriad Treasure is smart, he should restrain himself a little! They should prop you up! With you around, some things can still be discussed. If they offend you, *heh heh* ... Myriad Treasure Tower's business in the Southern Border will come to an end too!"

Empyrean Flutterfeather's expression turned slightly somber. Only then did he know that Ye Yuan's trump card was no longer some pill formulas long ago.

Perhaps from the very beginning, he never placed these pill formulas in his sights!

Yeah, using Ye Yuan's own pill formulas to threaten him, wasn't this a joke?

... ..

"Master, this snotty brat is too condescending, completely making light of our Myriad Treasure Bodhidharma! In my view, we should publicize the pill formulas now and ally with the other two parties to deal with this punk together! Isn't his Heavenly Eagle Bodhidharma just a measly little First Firmament Heavenly Emperor? Can they still become enemies with the entire Southern Border?"

Returning to Myriad Treasure Bodhidharma, Heavenly Emperor Riverback had a look of rage.

He was Heavenly Emperor Myriad Treasure's eldest disciple and followed Heavenly Emperor Myriad Treasure the longest. His status in Myriad Treasure Bodhidharma was also extremely high.

It was just that he said it with a look of exultation, but he did not notice that Heavenly Emperor Myriad Treasure's expression already become extremely ugly.

After he finished saying, Heavenly Emperor Myriad Treasure laughed coldly and said, "Riverback, are you a pig? This Heavenly Emperor made you represent the Myriad Treasure Tower to go to apologize to him. But then you ran over to show off your power and prestige to Ye Yuan? Did your brain short-circuit?! Is a Heavenly Emperor very impressive? Don't you know that Ye Yuan used a medicinal pill and forcefully created a Heavenly Emperor powerhouse? If not for the Nine Profounds Heavenly Emperor Pill's spirit medicines being too rare, Empyrean Chaoyuan would be Heavenly Eagle Bodhidharma's second one! In the future, there will still be a third, a fourth!"

Heavenly Emperor Riverback was scolded until he was struck senseless. His master had never flared up with such a temper before.

What was going on this time?

"Do you think that those few lousy pill formulas are very impressive? Using the pill formulas that Ye Yuan handed to us to threaten him, was your head kicked by a donkey?" The more Heavenly Emperor

Myriad Treasure scolded, the more enraged he became, showing a disappointed appearance of expecting better from him.
