Unrivalled Medicine God

Chapter 2221: Army Setting Out for Jiu Shang!

“Hahaha!”

From inside the Priest Temple’s main hall, a burst of hearty laughter could be heard.

Wing’s laughter carried a trace of excitement, a trace of anticipation, and also a trace of shock.

“Dao pill! What an exceptionally talented boy! Just how long has it been and he already refined a Dao pill! This Heavenly Emperor really didn’t misjudge him!”

Ji Mo also said with vicissitudes of emotion, “Second Sage’s talent truly surpasses ancient and modern times! Master, you aren’t aware of this, but when I saw him refining the Chaos Samsara Pill, while in a trance, I thought that it was Master refining the pill!”

Wing smiled slightly and shook his head and said, “You’re wrong!”

Ji Mo was taken aback and said, “Wrong?”

Wing nodded and said, “His alchemy talent is naturally this world’s apex! But, since time immemorial, including Medicine Ancestor that fellow and I, which one isn’t extraordinarily talented? But who could have such accomplishment at his age?”

Ji Mo was deep in thought. Thinking about it, it was indeed like that.

Being able to reach the level of Dao, regardless of whether it was the Medicine Ancestor or Sacred Ancestor High Priest, they were absolutely this world’s most outstanding geniuses.

But even the Medicine Ancestor and Sacred Ancestor High Priest still paled in comparison in front of Ye Yuan’s astonishing talent!

This point, whether or not he admitted it, it was the truth!

Ji Mo gave a bow and said, “Master, please give guidance!”

Wing slowly said, “Cultivation emphasizes on cultivating the heart! The vastness of the Heavenspan World can’t be imagined. The river of time surges; how many geniuses are akin to schools of carps crossing the river? But existences that can stand above the clouds all have qualities that ordinary people don’t possess! Only character can magnify your talent limitlessly, and let you possess infinite possibilities!”

“Not arrogant, not rash, not greedy, no resentment! Calm and wise when encountering things, have great willpower and absolutely won’t concede defeat! This boy possesses all the qualities to become a peerless powerhouse! Talent can be reformed. At the very least, it isn’t considered too hard for me to want to make a pig become a Heavenly Emperor. But a pig is a pig! Even if it became a Heavenly Emperor, it’s also a pig! He will still be gluttonous and lazy, and put cultivation aside. But character needs the accumulation of time, needs the understanding of oneself.”

“Of course, this logic, this Heavenly Emperor only slowly comprehended them after a very long time too. Compared to him, it’s as if he already knew them inherently! If my conjectures are right, he must have had a major incident happen to him in his early years.”

Sacred Ancestor High Priest’s gaze was deep, his eyes exuding wisdom as if he had seen through Ye Yuan.

Ji Mo was alarmed inwardly as he listened!

These words would likely cause a mighty uproar when placed in the outside world.

The world placed high regard on talent and did not value character.

But in his master’s eyes, one’s character was even more important than talent!

In fact, in his master’s eyes, talent was utterly worthless!

When Ji Mo was still immersed in the midst of shock, Wing laughed coldly and said, “Medicine Ancestor that old fellow will only be like this for the rest of his life! Because his character has flaws! This half step, he’ll never be able to cross it! Ye Yuan and I will surpass him in the end!”

Ji Mo’s heart shook wildly. His master already foresaw the future in the Priest Temple?

“Master, Second Sage is so extraordinarily talented. Will he arouse Medicine Ancestor’s dread or not?” Ji Mo suddenly thought of something and asked.

Wing sneered coldly and said, “With his character, he’ll naturally dread him! However, it’s common knowledge to the world that Ye Yuan is my Priest Temple’s Second Sage. I reckon that he won’t dare to make a move! With this Heavenly Emperor’s understanding of him, he’ll definitely use all sorts of ways to suppress Ye Yuan, and let him fade into the crowd! It’s just that ... *heh heh*, no matter what method he uses, it will probably have the opposite effect and boost Ye Yuan’s growth!”

... ..

Concerning the Southern Border’s four-party talk, the Southern Border Alliance compromised, the Myriad Treasure Tower compromised, and the seven great reclusive ancient families compromised too!

Heavenly Eagle Imperial City monopolized a 60% share of the Southern Border!

Actually, if the Myriad Treasure Tower apologized properly, he would not mind yielding some share to the Myriad Treasure Tower on account of Emyrean Flutterfeather’s face.

After all, he and the Myriad Treasure Tower did not have a deep-seated hatred.

But Heavenly Emperor Riverback posturing in front of Ye Yuan, postured these shares away.

Heavenly Emperor Myriad Treasure was the heavenly emperor who was best at doing business in the Southern Border. How shrewd was he?

He had Heavenly Emperor Riverback represent him to go to apologize. It was in order to fight for this bit of share.

But Heavenly Emperor Riverback screwed things up.

Heavenly Emperor Myriad Treasure had bitterness but nowhere to vent, and so he could only swallow his broken teeth down his stomach.

However, Heavenly Emperor Myriad Treasure promoted Emyrean Flutterfeather to the position of the Myriad Treasure Tower's sixth manager. His status was second only to the Myriad Treasure Tower's five great Heavenly Emperors.

And Emyrean Flutterfeather also became the first Emyrean Realm head manager in the Myriad Treasure Tower's history. His status was incomparably venerated.

Toward people related to Ye Yuan, Heavenly Emperor Myriad Treasure also personally transferred them, making their statuses have massive promotions.

The following matters, Ye Yuan stood aloof from worldly affairs, the other three parties carried out a seesaw game that dragged on for days.

The remaining 40% share, naturally neither of these three parties were willing to give in half a step.

But the most tragic one was still the Southern Border Alliance.

They did not have pill formulas in their hands and had no way of contending with the other two parties at all.

But all these, Ye Yuan did not go and pay attention to it.

Ye Yuan continued using the Fragrant Medicine Pavilion's name. Under Heavenly Eagle Bodhidharma's Pill Tower's name, he officially set up the Fragrant Medicine Pavilion and opened Fragrant Medicine Pavilion's branches all over the Southern Border.

This time, Heavenly Eagle Imperial City finally stood in front of the stage and chowed down on the largest slice of Southern Border's cake.

More than a thousand years passed. Heavenly Eagle Imperial City groomed one batch of powerful alchemists after another.

The present Heavenly Eagle Imperial City was an alchemy holy land in reality as well as in name.

Even the other seven great holy lands were also greatly inferior when compared to it!

The quality of Fragrant Medicine Pavilion's medicinal pills was extremely high. Coupled with Ye Yuan's name that was well-known throughout the Southern Border now, the moment Fragrant Medicine Pavilion's business opened, it was popular to the extreme.

Uncountable divine essence stones and uncountable spirit medicines, both came in a throng.

Toward this, apart from being envious, the other three parties could only accept it helplessly too.

Ye Yuan was very crafty, hurting their tendons and fracturing bones, but he did not press them into a dead end either.

Although 40% share was little, with the vastness of the Southern Border, they still had a massive revenue.

As long as it did not reach the point of a life-and-death struggle, there was no need for Heavenly Emperors to come forward.

On this day, outside Heavenly Eagle Imperial City, several dozen Empyrean powerhouses were shockingly present, the commotion shocking the heavens.

Ye Yuan swept his gaze across and said in a clear voice, "Everybody, this Ye has an irreconcilable hatred with Heavenly Emperor Jiu Shang! Today, this Ye will launch an offensive toward Jiu Shang Bodhidharma and end the enmity. Over a thousand years ago, Old Villain Jiu Shang suffered serious injuries. While he's weak, take his life! With fellow daoists setting off today, this Ye is endlessly grateful. This Ye will remember this favor in my heart!"

"Master Ye is too courteous!"

"Master Ye's enemy is our enemy, isn't that so?"

"Fiend race's evildoer should die in the first place! This time, render him beyond redemption!"

... ..

All the Empyreans immediately answered.

2000 years after coming to the Heavenspan World, Ye Yuan's strength finally grew to the point of wreaking vengeance and redressing hatred for his father!

The main culprit of Immortal Grove's chaos was Jiu Shang!

Over a thousand years ago, Jiu Shang even infiltrated the Immortal Grove World and almost destroyed Immortal Grove.

This enmity, Ye Yuan never forgot about it.

Now, Ye Yuan's feathers were already voluptuous and no longer had any scruples!

Hence, he launched an offensive toward Jiu Shang!

Chapter 2222: Challenging Formation

At Fiendflame Mountain, Jiu Shang Bodhidharma.

Not long before, this place was bustling and was the strongest Heavenly Emperor Bodhimanda in the vicinity.

But now, Fiendflame Mountain appeared very withered.

More than a thousand years ago, Heavenly Emperor Jiu Shang returned, being seriously injured and did not have time to explain anything. He fell into slumber.

Now, Fiendflame Mountain was currently in a state of the mountain pass being sealed off.

In the mountains, more than ten fiend race True God Realm powerhouses were currently patrolling.

A fiend said, "*Sigh*, this sort of wretched days, no idea when it will come to an end!"

“Isn’t that so! Thinking about back then, how glorious was our Jiu Shang Bodhidharma? Whenever we aren’t happy, we’ll go and capture some slaves to play with from the nearby human areas. Now, we’re almost becoming cowardly turtles!”

“*Heh*, I heard that Lord Jiu Shang already woke up not long ago! Very soon, we’ll be back out there!”

The moment the others heard, they were immediately incomparably invigorated.

This sort of wretched days, they seriously could not stand it any longer.

“Is it true? Reiter, you mustn’t lie to us!”

Reiter chuckled and said, “Of course it’s true! Actually, Lord Jiu Shang already woke up 200 years ago, but his injuries were too severe. He could not leave the mountain for some time. I even heard that it was a human junior who inflicted those heavy wounds on him. After he recovers his strength, he’ll find that brat to settle the scores!”

“Excellent! These shitty days have finally come to an end!”

The group of fiends was currently thrilled when suddenly, several dozen black dots approached from afar, flying over towards this side.

“Humans! *Hiss* ... Several dozen Empyreans?! What a terrifying line-up! Q-Quickly go back and report this!” Reiter’s expression changed drastically and he turned around, wanting to flee.

But unfortunately, it was already too late.

A youth in white clothing stepped out of the void and arrived before the fiends.

Reiter’s heart shook wildly, this youth in white was not old, but the pressure he gave him was akin to lofty mountains.

Nowhere to escape, Reiter could only toughen his scalp and bow down.

“Reiter offers greetings to the human race’s Lord Empyrean!”

Ye Yuan stood with his hands behind his back and said coolly, “Where’s the entrance?”

Reiter was startled inwardly and said, “Your Excellency, our Fiendflame Mountain is already sealed off ...”

Rumble!

Ye Yuan flicked his finger, several True God Realm fiends by the side directly turned into flying ashes.

Reiter’s expression changed wildly and he said, “Y-Your Excellency, follow me.”

At this time, several dozen Empyreans tore across the sky and arrived with a howl.

A monstrous wave even surged in Reiter’s heart. These Empyreans’ strength, each and every one of their auras was incomparably powerful.

It seemed like ... the arrivals did not have good intentions!

Reiter led the group of Emyreans and arrived at the entrance area of Fiendflame Mountain.

The entire Fiendflame Mountain already activated the mountain protecting grand array, completely sealing shut the entire mountain pass gates.

People from the outside world could not enter it at all.

“Human race Emyreans, please halt! Advance any further and we’ll activate the mountain protecting grand array, and annihilate you all!”

The Emyreans had not arrived in front of the mountain pass gates yet when a warning voice came from within the grand array.

Several dozen Emyreans appearing at the same time, this commotion was seriously too big, wanting to conceal it would not even work.

Reiter cautiously sneaked a peek at Ye Yuan, feeling rather disdainful in his heart.

Fiendflame Mountain’s mountain protecting grand array was the result of Heavenly Emperor Jiu Shang expending a huge price to ask a fiend race Eight-star Formation God to lay down. Its power was immense.

This grand array could even block a Heavenly Emperor powerhouse, and yet this guy actually barged over so impetuously? Wasn’t this looking for a rebuff?

While talking, the mountain protecting grand array already activated, emitting waves of terrifying pressure.

The group of Emyreans that came together, each and every one of them also revealed looks of surprise.

With rank eight divine rank grand array, wouldn’t eradicating a few Emyreans be easily accomplished?

But just as everyone was in shock, Ye Yuan took a step out and directly entered the grand array without the slightest hesitation.

The Emyreans turned pale with fright and cried out in surprise, “Master Ye!”

Courting death! Reiter sneered coldly in his heart to no end.

Over at the grand array, Emyrean Cloudburst who was maintaining the array formation sneered coldly and said, “Truly a reckless and blind thing! Master Moji’s Black Goblet Sly Fiend Formation, even Lord Jiu Shang himself don’t even dare to clash head-on. A mere Emyrean actually dares to barge in!”

Finished talking, his hand-seals moved rapidly, the mountain protecting grand array started operating frenziedly.

Fiendish energy surged. A pressure that did not lose to a Heavenly Emperor suddenly descended.

Countless streaks of black light suddenly lit up and smashed over toward Ye Yuan.

Ye Yuan standing in the grand array alone appeared extremely insignificant.

The grand array surged with fiendish energy as if it had the might of heaven and earth.

That sort of feeling was like Ye Yuan standing on the shore alone, facing a tsunami that came roaring.

Empyrean Cloudburst's gaze turned intent, and he said with a cold yell, "DIE!"

Empyrean Cloudburst was a Seven-star Formation God himself. Controlling the array formation was naturally done with high proficiency.

Such a large formation, in addition to having someone controlling it, the power could not be imagined.

The human Empyreans' hearts leaped to their throats. This energy undulation was too terrifying.

Each ray of black light was sufficient to one-shot an Empyrean!

This was a true emperor-level grand array. This was far from what Empyreans were able to resist.

Even though they knew that Ye Yuan's array formation was formidable, this was a rank eight divine rank grand array after all!

Bang, bang, bang ...

Countless terrifying attacks landed where Ye Yuan was standing.

But right at this time, Ye Yuan's figure suddenly moved, taking a step.

Then, those countless berserk attacks instantly turned into nothing!

The sound of the thunder was loud, but the rain was little.

The astonishing momentum turned into smoke curling up in the air!

Empyrean Cloudburst trembled all over. His pupils constricted as he cried out in surprise, "This ... How is this possible? How does he know that that's the formation eye? Could it be ... a coincidence?"

The human Empyreans were shocked until they broke out into a cold sweat, only then, letting out a long sigh in relief.

They discovered that they still underestimated Ye Yuan!

For Master Ye to dare challenge the formation by himself, he naturally had assurance.

However, some Empyreans' brows also furrowed together.

What was the use of Ye Yuan entering alone?

While at this time, Ye Yuan took out a divine essence stone, then pointed at the void. The divine essence stone turned into a cloud of mist and disappeared.

Following that, he took another step out, moving forward again.

Empyrean Cloudburst's gaze turned cold and he said in a cold voice, "Impossible! It must be a coincidence! This Empyrean studied painstakingly for over 100 thousand years in order to fully control this set of array formation! But he only took one look and he found where the formation eye is?"

A rank eight divine rank array formation was incomparably difficult to understand, practically already touching Heaven Dao.

Even if he was a Seven-star Formation God, thoroughly controlling this set of array formations expended tremendous effort too.

Even so, he only merely controlled it too.

A rank eight divine rank array formation was not what he could comprehend at all.

Although this brat in front of him was an Emyrean, he was too young. It was simply impossible to see through the array formation with one glance.

Hence, the spells in his hands urged once more, the grand array activated once again.

The clouds and wind surged!

But, when those countless terrifying attacks landed, Ye Yuan took another diagonal stride.

All of the attacks dissipated without a trace once more!

Then, he took out a divine essence stone again and pointed at the void, turning into a cloud of mist once more.

“This ... Just who the hell is this young man?”

“No way, right? Could it be that the mountain protecting grand array actually can’t stop an Emyrean?”

“This brat wouldn’t be Master Moji’s disciple, right?”

... ..

Inside the grand array, the fiend race powerhouses were all unbelievably shocked.

[Unrivaled Medicine God](#)

Chapter 2223: Very Superficial

Emyrean Cloudburst became more and more alarmed!

At this point, if he still could not perceive Ye Yuan’s Formation Dao strength, then he would be a fool.

Ye Yuan’s every stride stepped on a formation eye.

As long as it was on a formation eye, no matter how he urged the array formation, he could not harm the other party.

But the crux was that wanting to find every formation eye was far too difficult!

Rank eight divine rank array formation was eternally changing, akin to a world evolving.

The complexity involved, ordinary martial artists could not gauge it at all.

But Ye Yuan only took one glance and understood?

Cold sweat poured profusely out of Emyrean Cloudburst’s back. He was scared by Ye Yuan.

This guy was Lord Jiu Shang's enemy?

Just what kind of a freak did Lord Jiu Shang provoke?

"Humph! So what even if you can crack the formation? A mere middle-stage Empyrean Realm, could it be that our Jiu Shang Bodhidharma is still scared of you?"

Empyrean Cloudburst laughed coldly and transmitted his voice through the array formation. He said, "All Empyreans head for the mountain pass gates and gather!"

The voice was like thunder, spreading to every corner of Jiu Shang Bodhidharma.

For some time, more than ten black shadows sped like the wind, flying towards the mountain gates.

When they saw the Ye Yuan above the void, each and every one of them was shocked speechless.

A mighty rank eight divine rank grand array actually could not stop an Empyrean?

"All of you prepare well. Once this punk successfully breaks through, you all will encircle and finish him off!" Empyrean Cloudburst said coldly.

The moment the other Empyreans saw Ye Yuan's realm, they could not help revealing disdainful looks.

"Cloudburst, you're also kicking up too much of a fuss over nothing! A mere middle-stage Empyrean Realm scared you until like this?"

"Yeah! You alone are sufficient too, right? Call us over for what?"

Empyrean Cloudburst frowned and said, "This brat is a little mysterious! Right now, Lord Jiu Shang is seriously injured and hasn't recovered. It's better to be safe and make provisions for contingencies!"

Hearing Empyrean Cloudburst said so, the others could only shut their mouths.

Furthermore, Ye Yuan was actually able to rush the rank eight divine rank grand array. They were also indeed extremely surprised.

Inside the grand array, Ye Yuan advanced unhurriedly. It was as if strolling idly in a courtyard.

Half a day later, Ye Yuan finally walked to the end of the grand array.

The final formation eye!

Empyrean Cloudburst's gaze turned sharp, and he said with a cold cry, "Everybody, prepare!"

More than a dozen Empyreans also had solemn faces, all accumulating power, awaiting release, planning on giving Ye Yuan a lethal blow after he broke through the array formation.

Ye Yuan stood still and took out another divine essence stone, and pointed at the void.

Rumble!

Suddenly, the entire Jiu Shang Bodhidharma started shaking violently, as if there was an earthquake.

Crack ...

Crack, crack, crack ...

Above the void, one fine fissure after another actually appeared on the Black Goblet Sly Fiend Formation.

The fissures grew longer and longer, larger and larger.

Empyrean Cloudburst's eyes were full of shock. He was already unable to control the array formation!

The rank eight divine rank grand array ... collapsed!

Back then, Heavenly Emperor Moji spent several hundred years of time in order to set up this grand array.

But now, it crumbled apart in an instant.

For a moment, there was flying sand and rolling pebbles, hills toppling and the earth quaking.

The entire Jiu Shang Bodhidharma fell into chaos.

Empyrean Cloudburst looked at that frail figure above the void blankly, a look of astonishment on his face.

A Seven-star Formation God cracked a rank eight divine rank grand array?

This world was too crazy!

One had to know, passing through a grand array and destroying a grand array, these were two totally different concepts.

A rank eight divine rank grand array, each formation eye was interlinked with each formation eye, forming a perfect ensemble.

The grand array operated, without rest.

Wanting to find a hint of flaw from hundreds of millions of pieces of information, and to destroy it, this was absolutely not the work of a single day!

Furthermore, destroying the formation was a hundred times, a thousand times harder than setting up the formation!

But Ye Yuan only walked one round in the grand array and wrecked it?

He, Empyrean Cloudburst, spent more than 100 thousand years just in order to control this array formation!

Was this fellow still human?

"You ... How did you do it?" Empyrean Cloudburst muttered.

Ye Yuan looked down at Empyrean Cloudburst and said coolly, "Those who find it hard don't know; those who know won't find it hard. This array formation is very superficial. Cracking it isn't difficult."

“S-Superficial?” Empyrean Cloudburst smiled bitterly. He felt that his brain was not quite sufficient to use.

He was truly unable to imagine that a rank eight divine rank array formation would one day actually be described as superficial by someone!

Rank eight!

The rank of Heavenly Emperor!

No matter which Dao, as long as it reached rank eight, it already scaled the mountain and looked down upon the world!

Formation Dao, Alchemy Dao, Talisman Dao, Sword Dao, so on and so forth, without exception.

And reaching this rank was as hard as ascending to the heavens regardless of which Dao.

Just like when Empyreans broke through to Heavenly Emperor, the difficulty involved made people despair!

Formation Dao entering rank eight was Heavenly Emperor level array formation.

Now, it was actually said to be superficial by someone!

How aggravating!

But Empyrean Cloudburst also had no choice to admit that Ye Yuan had the qualifications to say this sentence.

Along the way, Ye Yuan did not need the slightest effort when rushing the formation.

Saying that it was superficial ... did not seem to have any issue.

These several decades of amnesia had huge significance to Ye Yuan.

His understanding of Alchemy Dao and Formation Dao already transcended the appearance, and he glimpsed right at the source!

The rank eight divine rank array formation that seemed gigantic was merely constituted out of one small array formation after another in Ye Yuan's eyes.

No matter how powerful the array formation, it could not escape this scope.

Just like solving a mathematical problem, one could have several kinds, even several dozens of simple algorithms.

However, when encountering a truly complex problem, one would discover that these simple algorithms were all not useful anymore.

And at this time, the most basic calculation method became an omnipotent calculation method!

No matter how complex the mathematics problem, it could not break away from the scope of basic calculation methods!

Therefore, was there any meaning to researching one plus one equals two?

The significance was too great!

Alchemy Dao was like so, and Formation Dao was also like that.

Rank eight divine rank array formations were strong, but in Ye Yuan's eyes, it was merely a pile of matchstick frames.

He took out a few pieces of matchsticks and the frame fell apart.

Just that simple!

It was just that these things, even if he said for Emphyrean Cloudburst to hear, the latter also would not understand them.

Those dozen over Emphyreans stood there in a daze and did not know what they should do for a moment.

They mustered everything up to kill Ye Yuan, but all of a sudden, the house collapsed!

Now, the entire Jiu Shang Bodhidharma was exposed.

But there were ... several dozen human Emphyreans outside!

"*Hahaha* ... truly broadened my horizons! Rank eight divine essence array formation collapsed in an instant! Younger Brother Ye, your Formation Dao strength is probably already not beneath your Alchemy Dao!" Emphyrean Chaoyuan recovered from the shock first and said with a big laugh.

"An Emphyrean cracking a rank eight divine rank array formation, truly remarkable! Incredible!"

"Master Ye is well-deserving of being the Southern Border's number one person, cracking a Heavenly Emperor formation leisurely! Formidable! Domineering!"

The human Emphyreans all started exclaiming with admiration from the bottom of their hearts. Today, they really broadened their horizons.

Emphyrean Cloudburst's expression was incomparably ugly. But now that it came to this, he could only toughen his scalp and said, "This human brother, this place is Jiu Shang Bodhidharma. This is Heavenly Emperor Jiu Shang's territory. You ruined our mountain protecting grand array, aren't you afraid of Lord Heavenly Emperor taking revenge?"

Ye Yuan looked at him and said with a cold smile, "Stop borrowing the majesty of a tiger! That dog was severely wounded by me and won't recover so fast! Make him come out and die for me!"

[Unrivaled Medicine God](#)

Chapter 2224: Blood Yama Hall Master!

"What? It's you!" Emphyrean Cloudburst's heart shook wildly, looking at Ye Yuan with a look of astonishment.

It was not that they did not believe it, but Ye Yuan was seriously too young.

They always thought that the one who injured Heavenly Emperor Jiu Shang was a Heavenly Emperor powerhouse.

Who knew that it was actually such an Emyrean Realm young man!

Furthermore, Heavenly Emperor Jiu Shang was already injured for more than a thousand years.

A thousand years ago, what strength was Ye Yuan at? How could he possibly injure Heavenly Emperor Jiu Shang until like that?

That was a Heavenly Emperor powerhouse, right?

Heavenly Emperor powerhouses had extremely tenacious life force and were extremely hard to kill.

But when Heavenly Emperor Jiu Shang fled back, he was already weak until being no different from almost dead.

An Emyrean could injure a Heavenly Emperor until like that?

If they knew that Ye Yuan was just Divine Vestige Realm when he injured Jiu Shang, which was also Celestial Deity Realm, no idea how they would feel.

Ye Yuan said coolly, "What? Don't believe it? Call him out and you'll know!"

Swoosh!

Right at this time, on a distant peak, a cloud of black fog whirled away, the speed swift to the extreme.

A hint of a smile flashed across the corners of Ye Yuan's mouth, taking a stride out, traveling ten thousand miles in an instant!

In a flash, Ye Yuan actually reached first despite launching later, blocking in front of the black fog.

"Spatial law!" The pupils of the group of fiend race Emyreans shrunk, exclaiming in surprise.

"Brat, you're courting death!" Inside the black fog, an astonishing angry roar came over.

A horrifying energy undulation directly shrouded toward Ye Yuan.

This aura was actually late-stage Emyrean!

Although Heavenly Emperor Jiu Shang had not recovered his strength, he already had late-stage Emyrean strength.

This sudden scene made everyone's faces change wildly.

"Younger Brother Ye, careful!" Emyrean Chaoyuan cried out in shock.

A fiend race Emyrean said with a cold smile, "*Huhu*, reckless and blind thing!"

A starving camel was still bigger than a horse. No matter how injured he was, Jiu Shang was still a Heavenly Emperor powerhouse!

After a thousand years of rest and recuperation, even if Heavenly Emperor Jiu Shang did not recover to his peak, it was also not what everyone could block.

Ye Yuan's face was rippleless like an ancient well, lightly opening his mouth unhurriedly.

"Immobilize!"

Time became still!

Space froze!

"Heretic Dragon Dominating Space!"

With another leisurely sentence, an enormous dragon emerged out of the void, thrusting a claw toward the black fog.

Rumble!

The speed that the black fog returned was faster than when it went!

This claw directly kicked him to the foot of the mountain pass gates!

Ye Yuan leisurely took a step and returned before the mountain pass gates amidst everyone's dumbfounded gazes.

"This ... This ... What happened?" A fiend Empyrean's gaze was sluggish, still not quite understanding what happened just now.

Wasn't Ye Yuan going to die?

Why was Lord Jiu Shang kicked back in an instant?

Empyrean Chaoyuan's gaze turned intent and he exclaimed, "That's Heavenly Dao True Word! In that instant earlier, he froze space!"

The Empyreans sucked in a cold breath, their gazes full of horror.

After Ye Yuan returned, he displayed astonishing alchemy strength.

But he had never exhibited his martial strength in front of people before.

Today, he used two innate divine abilities consecutively, shocking everyone until they stared dumbfounded with their mouths agape.

These two paramount dragon race innate divine abilities were too domineering!

Empyrean Cloudburst muttered, "Spatial law, Time Freeze, cracking an emperor formation ... This ... Who the hell is this guy?"

"Impossible! This is impossible! It's just been a short thousand years! How can your strength possibly advance so quickly?" In the black fog, came Jiu Shang's frustrated sounding cry.

The voice was filled with alarm and terror.

Thinking back then, he transformed into Tang Yan and infiltrated into the Immortal Grove World, Ye Yuan was still just a Celestial Deity Realm little fellow.

At that time, Ye Yuan was merely an ant-like existence in his eyes!

He, an exalted Heavenly Emperor, did not take Ye Yuan seriously at all.

All of Jiu Shang's attention was on Heavenly Empyrean Immortal Grove.

But now, merely over a thousand years' time had passed. Not only did Ye Yuan enter the ranks of Empyrean, his strength could even forcefully contend with a late-stage Empyrean!

This kind of improvement could simply be rated as monstrous!

One had to know, this brat was merely a little crawling bug that walked out of the Immortal Grove World!

But now, a little bug trampled him, this Heavenly Emperor, underfoot!

Ye Yuan looked at the black fog, his gaze slightly cold as he said, "Jiu Shang, our score should also be settled properly!"

Suddenly, the void trembled, several dozen figures appeared in the sky above Fiendflame Mountain.

These several dozen figures were actually all Empyreans!

One of them was dressed in black robes, being well-built and full of power and grandeur. His aura was extremely thick. It was shockingly a Heavenly Emperor!

Seeing this scene, the human Empyreans' faces changed suddenly.

No one would have thought that the fiend race would actually have so many powerhouses jump out all of a sudden.

With this, both sides' strength suddenly reversed!

"*Hahaha* ... Boy, do you think that this Heavenly Emperor would resign myself to death? Since you're walking right into a trap, then this Heavenly Emperor will send you on your way to go accompany Old Fart Immortal Grove!" In the black fog, Heavenly Emperor Jiu Shang laughed wildly.

"Blackfuse, help me kill this boy!" Jiu Shang said to that Heavenly Emperor.

Blackfuse's gaze turned toward Ye Yuan, but he did not make a move immediately. He started sizing up Ye Yuan.

Suddenly, he opened his mouth and said, "Boy, you're ... Source Night?"

Ye Yuan beamed and said, "You're the Blood Yama Hall Master?"

Ye Yuan was very clear about the outfit of these people. It was precisely the Blood Yama Hall when he infiltrated into the fiend race back then!

Back then, his horizons were not broad, and even thought that the Blood Yama Hall was merely a faction that depended on Heavenly Emperor Jiu Shang.

He did not expect that there was actually still a Heavenly Emperor powerhouse in this Blood Yama Hall!

Blackfuse shook his head and said, “The Blood Yama Hall spread all over the fiend race. It’s much more powerful than you imagine, this emperor is just a branch hall’s hall master, that’s all. Rather, it’s you! In just 2000 years, you actually already broke through to middle-stage Emphyrean, truly terrifying talent!”

Ye Yuan scammed the Blood Yama Hall back then and brought away the entire Purple Extreme Hall, becoming the target of the entire Blood Yama Hall’s pursuit.

This matter was naturally just a tiny sea-spray to a Heavenly Emperor powerhouse, being not worthy of paying attention to.

But this Source Night triggered Great Dao Heavenly Melody, and he changed the Fiend Medicine Hall, making the strength of Capone Capital City’s fiend apothecaries multiply.

This matter had once caused a stir in the entire Blood Yama Hall’s Fiend Medicine Halls for a period of time. Even the Fiend Medicine Halls in imperial cities and imperial capitals headed to Capone Capital City to learn from their experience.

Presently, that batch of fiend race alchemists that Ye Yuan nurtured back then, they already became the fiend race master-level alchemy masters. Their statuses were venerated.

After over 2000 years passed, the tiny action that Ye Yuan took against the fiend race alchemists back then, changed the entire fiend race’s alchemy world!

Of course, this was all events after Ye Yuan left.

It was also precisely because of this that Blackfuse had once specially asked for Source Night’s drawing. He memorized Ye Yuan’s appearance.

Back then, Ye Yuan transformed into Source Night. His appearance was not altered greatly, so Blackfuse recognized him with one glance.

Ye Yuan smiled and said, “I didn’t expect that a measly little Origin Deity Realm martial artist actually caught the attention of a Heavenly Emperor. Should this Ye feel honored or not?”

But Blackfuse shook his head and said, “Looking at it now, my attention to you was still too little! But speaking of which, this Heavenly Emperor still has to thank you!”

Blackfuse recounted the matter of the Fiend Medicine Hall, making everyone have shocked faces.

No one could have thought that Ye Yuan actually still had such a past.

Chapter 2225: The Supreme Art of War Is to Subdue the Enemy Without a Battle!

The group of Emphyreans could not help being rendered speechless. Seriously, even the fiend race had legends of Ye Yuan!

However, Ye Yuan was not surprised at this.

The fiend race’s alchemy skills were too weak. There were plenty of rooms for improvement.

His casual pointer or two was naturally greatly beneficial to the fiend race's alchemy skill systematization.

Hearing Blackfuse made small talk with Ye Yuan, Jiu Shang was at a loss on what to do.

What the freaking hell was going on here?

"Blackfuse! What's the meaning of this?" Jiu Shang said in a solemn voice.

Blood Yama Hall ignored him and looked at Ye Yuan as he said coolly, "Source Night, your strength is decent. Why don't you join our Blood Yama Hall and help this emperor manage the Fiend Medicine Hall? How about it?"

"Blackfuse!" In the black fog, Jiu Shang's voice was full of alarm and anger.

It was just that the human race Emphyreans all revealed strange looks.

Making the Priest Temple's Second Sage, the Southern Border's number one person, Ye Yuan, go and manage your Blood Yama Hall's lousy Fiend Medicine Hall?

This Heavenly Emperor was specifically here to be in charge of jokes, right?

Ye Yuan shook his head and laughed in spite of himself and said, "You can't afford to engage me!"

The Blood Yama Hall's Emphyreans all sucked in a cold breath.

This boy was so arrogant!

But Blackfuse did not get angry and just said coolly, "There is nobody that my Blood Yama Hall can't afford to hire! You're a human martial artist and don't know the power of my Blood Yama Hall! You just have to know that with this Heavenly Emperor's strength, I'm merely a minor character in the Blood Yama Hall too! How is it? Do you want to become a corpse here, or become my Fiend Medicine Hall's hall master?"

Blackfuse had a calm and collected look. In his eyes, Ye Yuan was merely an ant.

Letting Ye Yuan be the Fiend Medicine Hall's hall master was lifting him up to show favor.

Either die or surrender.

He believed that Ye Yuan was a clever man and knew what he should choose.

"*Huhu*, forget that you're a measly little branch hall, even your Blood Yama Hall's headquarters can't accommodate this great deity too!"

The void vibrated, a figure slowly walked out. It was precisely Bai Tong.

Bai Tong looked at Blackfuse and could not help laughing as he said, "You're making the Sacrificial Temple's Second Sage, Southern Border's number one Seven-star Alchemy God, go be your branch hall's hall master, aren't you afraid of stuffing your tiny temple until it explodes?"

The moment these words came out, Blackfuse's face that was like an ancient well without any ripples, finally revealed a look of surprise.

He looked toward Ye Yuan with an astonished face, attempting to link this young man with the Southern Border's number one person whose limelight was recently glaring.

Source Night was Ye Yuan?

Blackfuse's heart shook wildly!

As the Blood Yama Hall's hall master, how could he possibly not have heard of Ye Yuan's great name before?

But he did not think that the number one Alchemy Dao person whose name shook the Southern Border was actually the Source Night back then!

"You ... You're Ye Yuan? Yeah! Source Night (Yuan Ye), Ye Yuan, why didn't I think of it long ago!" Blackfuse stared at Ye Yuan and said with a bitter smile.

"What? He's the number one Alchemy Dao person, Ye Yuan, whose name shook the Southern Border?"

"Such an astonishing great figure is actually a snotty brat!"

"I heard that his Alchemy Dao already reached a transcendent realm, and he is extremely likely to be the next Medicine Ancestor!"

... ..

Blood Yama Hall's Emphyreans were all incomparably shocked, looking at Ye Yuan.

During this period of time, Ye Yuan's name shook the Southern Border.

Even in the fiend race, Blackfuse was similarly shocked by Ye Yuan's great name until his eardrums hurt.

It was just that he did not expect that the puny little Origin Deity Realm martial artist back then actually already grew up to become the Southern Border's leading authority figure now.

Who was Ye Yuan?

He was the Priest Temple's Second Sage, an existence second only to the Sacred Ancestor High Priest.

What Bai Tong said was right! His temple was too small and could not accommodate this great deity!

Ye Yuan smiled slightly and said, "I said before, you can't afford to engage me! Now, Brother Blackfuse, do you still want to interfere with my enmity with Jiu Shang?"

Blackfuse's gaze turned intent, and he said with a frown, "Jiu Shang is my fiend race's major power. How can this emperor sit by and watch him be killed by you?"

Ye Yuan smiled and said, "The Blood Yama Hall does business too. Hall Master Blood Yama Hall, why don't we discuss a deal, how about it?"

The moment Blackfuse heard, the corners of his mouth revealed a hint of a smile.

Talking with smart people saved things from becoming a hassle.

Their Blood Yama Hall did not have any fiend race ties.

He and Jiu Shang merely had a relationship of interest.

Why would he really care about Jiu Shang's life or death?

Now that he knew Ye Yuan's identity, how could Ye Yuan's value be what a measly little Jiu Shang could be compared to?

Even with 100 Jiu Shangs being added up, he was not as valuable as Ye Yuan!

If Ye Yuan was just a human Alchemy God, then forget it. However, he was also extremely proficient in fiend pills.

This way, Ye Yuan's value to the Blood Yama Hall was huge.

Unable to solicit, could cooperate!

"Huhu, wonder what business Master Ye wants to discuss?" Blackfuse said with a light smile.

Ye Yuan said coolly, "The Emyreans present, each person one Tyrant Blood Heavenly Fiend Pill!"

"Hiss ..."

The Emyreans present all sucked in a cold breath!

Tyrant Blood Heavenly Fiend Pill was the same as the human race's Emergence Spirit Ascension Pill, both medicinal pills that could advance cultivation.

Dozens of Emyreans present meant dozens of Tyrant Blood Heavenly Fiend Pills!

This was absolutely a splurge.

Want to talk about Tyrant Blood Heavenly Fiend Pill, it was also no big deal, the fiend race's fiend apothecaries at Seven-star level could refine it too.

But Ye Yuan's products were bound to be top quality!

Presently, Ye Yuan's medicinal pills were too hard to ask for.

One of his rank seven divine pills was even more expensive than a peak Emyrean spirit treasure!

One had to know, a medicinal pill was just a one-time consumable.

While a peak Emyrean spirit treasure could be used long-term.

The value between the two was unable to equate at all.

But now, Ye Yuan actually gave away dozens of Tyrant Blood Heavenly Fiend Pills the moment he opened his mouth, how could they not be shocked?

"Lord Blackfuse!"

"Agree to him, Lord Blackfuse!"

... ..

Each and every one of Blackfuse's subordinates hyperventilated and already could not control themselves.

Obtaining the Tyrant Blood Heavenly Fiend Pill which Ye Yuan refined, they might break through their shackles and improve their strength further!

How could they resist this sort of temptation?

As for Jiu Shang, he was long flung beyond the ninth heaven by them.

"Blackfuse, you ... you dare to sell me out?" In the black fog, came Jiu Shang's angry roar.

Blackfuse could not be bothered with him at all. He just stared at Ye Yuan with a scorching gaze and said, "Not enough!"

He had long seen through that there was an irreconcilable grudge between Ye Yuan and Jiu Shang.

Since that was the case, why wouldn't he demand an exorbitant price?

With him around, even if there was Bai Tong this Heavenly Emperor, Ye Yuan could forget about succeeding too.

Heavenly Emperors terrorized a region, this was not said for laughs.

As long as he was standing here, he was a ticking time bomb!

Ye Yuan clearly understood this logic too, that was why he would negotiate a deal with him.

Otherwise, why would Ye Yuan waste his breath with him?

"You say!" Ye Yuan said coolly.

This Blackfuse was a clever person too, Ye Yuan knew that it would not be so easy.

As long as the other party did not go too far, Ye Yuan could satisfy it.

Compared to a few medicinal pills, he valued Jiu Shang's life more.

Blackfuse grinned and said, "Talking with smart people saves the effort! From now onward, my Blood Yama Hall will send five fiend apothecaries to the Pill Tower every 100 years! I hope that Master Ye won't be stingy with teaching them!"

Ye Yuan was slightly surprised. This Blackfuse was rather bold, to actually want him to train his subordinates!

This way, even though he did not take on the post of Fiend Medicine Hall's hall master, it was also pretty much the same.

"Okay, deal!" Ye Yuan nodded his head slowly and said.

Chapter 2226: Here You Go

The pitiful Jiu Shang was sold by the two people just like that.

At his very moment, he experienced a suicide method called putting a noose around his own neck.

“Fine lad, it’s you who forced me! Blackfuse, this boy has a massive secret on him!” Inside the black fog, came Jiu Shang’s cold laughter.

Back then at the Immortal Grove World, the enormous mountain that descended from the sky had the aura of the Heavenspan Mountain!

This kind of treasure was absolutely what even those invincible supreme lords would be moved by.

Originally, he had always thought of finding Ye Yuan to take revenge after recovering from his injuries, and then snatch the giant mountain over while he was at it.

But he never thought that the speed of Ye Yuan’s growth would actually be so fast.

Furthermore, Ye Yuan even struck first to gain the advantage, directly rushing for Fiendflame Mountain.

But now, he was about to lose his life, what did he still want this secret for?

Hence, he planned on disclosing this secret fully, and let Blackfuse and the Blood Yama Hall take care of Ye Yuan.

He believed that they would definitely be very interested in this secret.

Hearing this, Ye Yuan stood with his hands behind his back and did not show anything.

Blackfuse had a rather fascinated expression as he asked with a faint smile, “Oh? What secret?”

“He has ...”

Rumble!

Jiu Shang’s words were said halfway when Blackfuse suddenly pointed a finger out.

Dao marks flashed, a terrifying energy undulation leveled the entire mountain to the ground!

A finger move of a Heavenly Emperor was utterly terrifying!

Everyone had their ears perked up, wanting to hear what Jiu Shang had to say.

But who knew that Blackfuse did not give him the chance at all.

However, Blackfuse did not kill Jiu Shang and even left him with one breath.

Jiu Shang’s life, he was naturally saving it for Ye Yuan.

Blackfuse looked toward Ye Yuan and said with a smile, “Master Ye became the Second Sage’s Alchemy Dao’s number one person, the Sacrificial Temple’s Second Sage, how can there be no secrets on him?”

In this Heavenspan World, of the people who made great achievements, who did not have a great secret on them?

Heavenly Emperor Profound Secrets, Sacred Ancestor High Priest, Medicine Ancestor, these people were bound to shoulder an astonishing secret on them.

But so what?

Even if he, Blackfuse, knew this secret, with the Priest Temple as the backer, could he still dare to do anything to Ye Yuan?

Let alone that there was even a Heavenly Emperor powerhouse present in front of him!

It was simply laughable for Jiu Shang to want to use this secret to exchange for his life.

Except, Blackfuse fancied himself clever and was presumptuous.

The secret on Ye Yuan was indeed an incredible secret!

The Lesser Heavenspan Mountain this supreme treasure, its value was simply immeasurable.

Once divulged, Ye Yuan would probably suffer endless pursuit.

However, Ye Yuan was far from concerned.

He calculated that Blackfuse would not give Jiu Shang the chance to speak.

He still had this bit of confidence.

Since Ye Yuan had once used the Lesser Heavenspan Mountain before in front of Jiu Shang, how could he not have something up his sleeves?

This was also one of the reasons why he cooperated with Blackfuse.

Ye Yuan smiled faintly and said with clasped hands, "Many thanks for Hall Master Blackfuse taking action. It saved me quite a bit of trouble."

Blackfuse nodded and said, "Since that's the case, this Heavenly Emperor will leave first. Master Ye, please don't forget the agreement between us."

After he was done talking, Blackfuse directly brought the excited-looking fiend race Empyreans and left Fiendflame Mountain.

The human Empyreans all exchanged glances. A Heavenly Emperor powerhouse was sent away just like that?

Second Sage was indeed Second Sage!

"Younger Brother Ye, what to do about these fiend Empyreans?" Empyrean Chaoyuan said.

Ye Yuan swept a glance and said coolly, "Kill them all!"

Hence, a slaughter began.

These fiend Empyreans were more or less related to the besieging of Heavenly Empyrean Immortal Grove back then.

Killing them was also considered giving an account to Heavenly Empyrean Immortal Grove.

Ye Yuan put Jiu Shang away, eradicated Fiendflame Mountain, and completely wiped out the Kanuo lineage that took part in the invasion of the Immortal Grove World back then.

This feud that bedeviled for millions of years was finally completely over.

... ..

Everything settled down, Ye Yuan's front foot had just returned to Heavenly Eagle and Blackfuse arrived right on his heels.

He came in person!

Coming along with him were also five Seven-star Fiend Apothecaries of the fiend race.

"Brother Blackfuse, you actually came personally!" Ye Yuan said in surprise.

Blackfuse smiled and said, "Master Ye might still be unaware of how precious your medicinal pills are. If this Heavenly Emperor doesn't come personally, it will probably be robbed halfway! The few of you, why haven't you offered greetings to Master Ye?"

The five great Emphyreans all bowed in salutation and said, "Offering greetings to Master Ye!"

Ye Yuan nodded slightly, considered to have responded, and said coolly, "I'll say the nasty things first! The few of you, upon entering my Pill Tower, you'll have to adhere to my Pill Tower's rules! Within these 100 years, your life and death are up to me!"

The five people's expressions turned somber, and they hurriedly complied.

After he was done talking, Ye Yuan turned to Yun Yi beside him and said, "Yun Yi, the five of them will be handed to you, just treat them as the Pill Tower's ordinary disciples will do."

Yun Yi bowed and acknowledged. Casually summoning a Celestial Deity Realm youth who was dressed as a medicine boy, he instructed him, "Qin Rui, the five of them will be handed over to you! Within these 100 years, you'll be responsible for their Alchemy Dao studies."

"Pffft!" The five people nearly spewed out a mouthful of old blood.

The five of them were late-stage Emphyrean mighty experts, Seven-star Fiend Apothecaries.

In the Blood Yama Hall, in the fiend race, which one of them did not have extremely venerated status?

Ye Yuan's name shook the Southern Border, they were only willing to go under Ye Yuan's tutelage thanks to his name.

But who knew that arriving at Heavenly Eagle, he actually let a little medicine boy be in charge of their alchemy studies?

Even the Heavenly Emperor Blackfuse by the side also frowned slightly.

Among the five people, the black-faced burly man in the front got up and said with displeasure, "Ye Yuan, what's the meaning of this? This Emphyrean is, at any rate, a Fiend Medicine Hall's hall master too. You're actually letting a Celestial Deity Realm little medicine boy be in charge of us? We came from thousands of miles away. Are you intentionally humiliating us?"

Ye Yuan laughed in spite of himself when he heard that and said, "Humiliating you all? This Ye doesn't have that leisure time! Qin Rui, spar with these five seniors."

Qin Rui stepped out of the ranks and said with a bow, "Yes, Grandmaster!"

Done talking, he turned to the five people again and said, "Senior, please teach me!"

The black-faced burly man sneered and said, "Very good! This Emphyrean wants to see if, in this Heavenly Eagle Bodhidharma, even a little medicine boy can teach this Emphyrean how to refine pills!"

Half a day later, the five great Emphyreans came before Blackfuse with their heads hung in shame.

"Your Excellency, we ... are ashamed!"

Blackfuse was shocked until he stared dumbfounded in amazement. These five people were already his Fiend Medicine Hall's pinnacle-most Seven-star Fiend Apothecaries. But they were actually devastated by a little medicine boy until their helmets and coats of mail were lost!

Just how profound was this Pill Tower's strength?

He suddenly somewhat understood why Ye Yuan's fame would be so resounding.

The fiend race's alchemy skills did not even count as trash in front of Ye Yuan!

Blackfuse drew a deep breath, reined in his thoughts, and said coolly, "Since that's the case, you all follow this little master and learn Alchemy Dao properly then!"

The five people no longer had any complaints and nodded in agreement.

A month later, Blackfuse brought several dozens of Tyrant Blood Heavenly Fiend Pills and left Heavenly Spiritual Pill Bodhidharma gleefully.

With these several dozens of Tyrant Blood Heavenly Fiend Pills, their branch hall's strength would soar significantly!

While those five Emphyreans stayed at the Pill Tower and became Qin Rui's little medicine boys.

On the second day Blackfuse left, Ye Yuan brought Jiu Shang and returned to the Immortal Grove World.

Chapter 2227: Samsara?

In front of the lone grave, the youth in white clothing sat on the ground. He leaned against a large tree. Holding a wine gourd in his hand, he drank the wine inside.

His expression appeared somewhat lonely.

Inside the pale-white flames, a wisp of remnant soul shouted himself hoarse, appearing extremely terrified.

"Ye Yuan, I was wrong! I beg you, don't kill me! As long as you spare my life, I will work like a horse for you in the future ..."

"Noisy!" Ye Yuan's snapped his fingers. The power of the flames soared once more.

Jiu Shang screamed miserably without ceasing, his fiend soul becoming even weaker.

This lone grave was erected for Ji Zhengyang by Ye Yuan back then, on the former site of the Medicine King Hall.

Ye Yuan drank a mouthful of wine and said to the gravestone, "It's been 2000 over years, Father, your deep hatred has finally been avenged. This karma ... is finally settled! Refining Jiu Shang's remnant soul requires seven by seven, 49 days. This child will keep watch over you here for 49 days."

Ye Yuan drank another mouthful, the corners of his mouth smiling as he said, "Still remember that back then, when I was six, you taught me pill refinement for the first time. I refined it into a ball of paste. You clapped your hands and laughed loudly, praising that my talent surpasses others."

"You told me to not be arrogant and not be rash, so I devoted myself to comprehending Dao for 200 years, and rose to prominence overnight in Cloudmarsh City!"

"... .."

It was like he was drinking with an old friend while engaging in small talk.

As he chatted, Ye Yuan's tears already drenched his shirt.

A father's love for his son; for more than 500 years, Ji Zhengyang gave the most noble fatherly love in this world to Ye Yuan.

For Ye Yuan to be able to have today's accomplishments, Ji Zhengyang took immense credit.

Ye Yuan naturally did not know that Sacred Ancestor High Priest's appraisal behind his back were these rare and commendable qualities in him.

Apart from experiencing huge changes, there was still a huge portion that originated from his father, Ji Zhengyang.

One could say that Ji Zhengyang was the beacon light of Ye Yuan's path in life.

Even after reincarnating, before Ji Zhengyang's remnant soul dissipated, he still taught Ye Yuan one final lesson.

Seven by seven, 49 days were about to pass in a twinkle, Ye Yuan poured some wine. Then he discovered that the wine gourd was already dry.

Wine drying up, the tears also dried along with the wind.

Ye Yuan slowly got up, looked at the gravestone, and said, "Originally I wanted to accompany Father a few more days. It's just that presently, Lingxue's life and death is unknown, while Li-er is trapped in the abyss. The Heavenspan World is about to fall into an upheaval. This child has no choice but to go! After everything settles down, this child will come and accompany Father again."

At this time, Jiu Shang's final wisp of remnant soul was also thoroughly refined.

Heavenly Emperor Jiu Shang completely dissipated into heaven and earth.

Watching Jiu Shang evaporate into thin air, a hint of relief flashed across in Ye Yuan's heart.

His thoughts were incomparably smooth and actually entered a state of emptiness.

The Lesser Heavenspan Mountain flew out of his body involuntarily and arrived in front of Ye Yuan.

Ye Yuan viewed it and actually produced a feeling of a trace of bloodline connection.

When looking at the Lesser Heavenspan Mountain again, the scenery before Ye Yuan's eyes was already completely different.

This Lesser Heavenspan Mountain was an assemblage of colors, but constructed and formed out of tiny pieces of cubes.

These little cubes divulged incomparably complicated and detailed information, making Ye Yuan unable to grasp it too.

"This is ... the aura of the Great Dao source? Yeah, the Lesser Heavenspan Mountain is incomparably profound and capable of letting me comprehend the Chaos Heavenspan Canon, this kind of cultivation method. It's naturally closely linked with the Great Dao source! I just don't know what relationship this Lesser Heavenspan Mountain has with that Heavenspan Mountain."

Suddenly, Ye Yuan's brows jumped slightly. A wisp of green smoke suddenly emerged above Ji Zhengyang's gravestone.

It flashed across in a twinkle!

Ye Yuan's heart jumped wildly and was incomparably shocked.

"This ... This is ... Father's remnant soul has already completely dissipated! How can there possibly still be divine soul undulations? That ... is also ... the aura of source?" Ye Yuan was shocked until he could not express it with words.

Back then in the Endless World, he watched his father's remnant soul dissipate into thin air with his own eyes.

But now, what was with the divine soul undulation on the gravestone?

"Remnant soul ... Karma ... Source ... Could it be ... samsara?"

Ye Yuan's mind flashed like lightning, instantly thinking of many things.

Father's soul did not disintegrate but was a remnant soul dissipating.

Once Jiu Shang died, all of Father's karma in this world was settled.

Hence, Father turned into a trace of source and went to reincarnate?

But ... was there really a venue for reincarnation in this world?

Why was it never heard of?

Where did one go to reincarnate?

This world always had legends about reincarnation.

But it had never been heard of that anyone really reincarnated.

A person dying was like the lamp extinguishing, all thoughts becoming ashes!

Dying was dying.

Even for those Heavenly Emperor powerhouses, no one had heard before of someone who reincarnated and ascended the summit again too.

Suddenly, Ye Yuan's gaze turned intent, looking toward the Lesser Heavenspan Mountain.

Following that, his gaze seemed to pass through the void again, looking at the Heavenspan World, the Heavenspan Mountain.

"Just what's there on the Heavenspan Mountain? Even Dao Ancestors can't climb to the summit. Can I ... go up? Father ... wouldn't really have entered samsara?"

Ye Yuan muttered under his breath and suddenly felt an extremely strong impulse toward the Heavenspan Mountain.

No idea how long passed either, Ye Yuan's gaze suddenly turned intent and he said, "Father, if there's really samsara in this world, this child will definitely find you and let you recover your memories! What you and Mother went through in this lifetime is far too painful! I'll definitely think of a way to make it up to you!"

Ye Yuan re-living another life, even though Father Ye Hang and Mother Ren Hongling had some gray days, they loved each other for life.

Presently, under Ye Yuan's protection, reaching old age together, even living forever, was not something hard.

But, his previous life's father, Ji Zhengyang, and mother, Ao Jun, experienced far too many bumpy roads and setbacks.

The two people were in the right place, but at the wrong time, and they were unable to be together from the beginning to the end.

Ye Yuan rescued his mother, but he was forever unable to rescue his father. This was the biggest regret in Ye Yuan's heart.

Maybe he still had a chance to make up for this regret?

Ye Yuan was not sure, but as long as there was a trace of possibility, he would not give up!"

... ..

Bidding farewell to Ye Hang husband and wife, and his other, Ao Jun, Ye Yuan returned to the Heavenspan World once more.

Presently, the Southern Border's general situation had already settled down. With Bai Tong holding down the fort, he could also leave with his mind at ease.

After the great battle with Nineorigin the last time, not only was Ye Yuan's chaos world utterly destroyed, his fleshy body debilitated, his divine soul even almost turned to ashes.

If not for Dustless deploying the Soul Suppressing Pearl to protect Ye Yuan at the final juncture, he would not have lost his memories so easily.

After all, Nineorigin was not an enemy that Ye Yuan had encountered in the past.

He was too strong!

His strength was sufficient to rival a human race's Ninth Firmament Heavenly Emperor!

What kind of concept was a Ninth Firmament Heavenly Emperor?

Someone like Jiu Shang, he could kill him with a puff of air!

For Ye Yuan to be able to survive under his hands, it was already a miracle.

But the price was Dustless falling into slumber.

Without Dustless's support, Mu Lingxue's spiritual sense became weaker and weaker.

Hence, after suppressing the Southern Border's upheaval, Ye Yuan had to leave!

He had to go to Shinra Ghost Region, to search for a natural treasure called Silvernet Blood Essence.

Silvernet Blood Essence was immensely helpful for recovering soul bodies and could help Dustless recover.

However, just as Ye Yuan was about to leave, Ning Tianping also came to bid farewell to him.

At present, Ning Tianping already broke through to the Emyrean Realm with the help of Ye Yuan's medicinal pills.

His strength was already suddenly to go and take revenge for his master, Mo Lifei.

Mo Lifei had once said before, his opponent's strength was merely at the peak True God Realm.

Even if he broke through after so many years, with Ning Tianping's strength, it was naturally a cinch to deal with him. Ye Yuan naturally had no reason to stop him.

Ye Yuan gave Ning Tianping some medicinal pills and Emyrean spirit treasures to protect himself. This master and servant two people left, going on their own path.

Chapter 2228: Bring Wild Blade Ghost Emyrean Over!

Shinra Ghost Region was a land with extremely strong yin energy. Human martial artists did not dare to approach at all.

Legends had it that this place was once an ancient battlefield, with countless powerhouses who had died.

Countless remnant souls and skeletons experienced year after year of changes and became Ghost Dao powerhouses.

And this ancient battlefield also gradually evolved into the Shinra Ghost Region.

This place, Ghost Dao powerhouses gathered, there was no lack of Emyrean level powerhouses.

With Ye Yuan walking into Fengdu Ghost City, he immediately attracted the attention of many Ghost Dao powerhouses[1].

“Eh, it’s actually a human! Haven’t tasted the flavor of humans for so long! I didn’t expect that there’s actually someone who isn’t afraid of death delivering himself to our doorstep.”

“Jeje, what a delicious smell! His blood must taste very good!”

“All don’t snatch him from me! This human is mine!”

... ..

When several rank six Ghost Dao powerhouses saw Ye Yuan, each and every one of them salivated heavily like they had seen a delicacy.

Humans were delicious food in their eyes.

Rumble!

The moment Ye Yuan’s aura released, the pressure of Chaos Realm suddenly bloomed, directly crushing those few Ghost Dao powerhouses to dust.

The complexions of the other Ghost Dao powerhouses turned deathly pale, looking at Ye Yuan with horrified faces, turning around and wanting to flee.

“You, come over!” Ye Yuan suddenly pointed at a rank six heavenly corpse with a deathly pale complexion and said.

That heavenly corpse was no different from humans. It was just that his complexion was dreadfully pale.

At this time, because he was frightened, his face was even more without any rosiness.

“S-Senior, what instructions do you have?”

Ye Yuan said coolly, “I’m looking for Wild Blade Ghost Emphyrean. Do you know where he’s at?”

Fengdu Ghost City was an emperor-level ghost city, with the occupied territory being massive. There were three great Ghost Dao Heavenly Emperors inside.

The forces established by the three great Ghost Dao Heavenly Emperors were respectively called Yin Huai Manor, Vast Huai Manor, Li Huai Manor.

Wild Blade Ghost Emphyrean had once told him that he was under Heavenly Emperor Cangsu’s Vast Huai Manor.

The heavenly corpse said, “Wild Blade Ghost Emphyrean? He ... He should be imprisoned in Yin Huai Manor currently!”

“Imprisoned?” Ye Yuan’s brows furrowed slightly.

The heavenly corpse nodded and said, “A few days ago, Yin Huai Manor suddenly attacked Vast Huai Manor. It caused a huge commotion in Fengdu Ghost City. Wild Blade Ghost Emphyrean fumbled and was captured. Vast Huai Manor lost more than a dozen hidden streets.”

Ye Yuan's gaze turned intent and he said, "Lead the way."

The heavenly corpse was taken aback and said, "Where to?"

Ye Yuan said coolly, "Yin Huai Manor!"

The heavenly corpse said in surprise, "Senior, Yin Huai Manor has experts as plentiful as clouds, just the Emphyreans are as many as more than a dozen! You're all alone ..."

Ye Yuan's brows furrowed slightly, with his tone turning slightly cold as he said, "Lead the way!"

The heavenly corpse was startled and said, "Yes!"

The heavenly corpse trembled with fear, bringing Ye Yuan around. They then arrived in front of a feudal government office that occupied a huge area.

On the feudal office was written three large characters, 'Yin Huai Manor'!

Ye Yuan knew that Shinra Ghost Region's Heavenly Emperor powerhouses did not easily move out as well.

As long as Heavenly Emperors did not take action, with his current middle-stage Chaos Realm strength, there were already not many in the Emphyrean Realm who could do anything to him.

Moreover, Fengdu Ghost City's three great Ghost Dao Heavenly Emperors were only First Firmament Heavenly Emperors.

Even if they wanted to take action, Ye Yuan had the power to protect himself too.

"Eh? Human!"

When Yin Huai Manor's guards saw Ye Yuan, their two eyes lit up.

Ye Yuan stepped forward and said coolly, "I'm here to bring Wild Blade Ghost Emphyrean away!"

The guards exchanged glances and suddenly let out loud hoots of laughter.

"Bring Wild Blade Ghost Emphyrean away? Who do you think you are?!"

"What a delicious boy! His blood must be very sweet."

"Boy, since you came, forget about leaving. Stay behind and let us brothers have a taste!"

Done talking, the few guards rushed forward and were about to tear Ye Yuan to pieces.

Ye Yuan gave a cold snort. Stomping his feet, a horrifying air billow spread out with him as the center.

Bang, bang, bang ...

The few guards directly exploded, turning into clouds of flying ashes.

The remaining force of the air billow did not diminish, directly shocking until the earth ruptured, transmitting into Yin Huai Manor.

After killing a few guards, Ye Yuan lifted his foot and slowly walked towards the feudal office.

That heavenly corpse's eyes went wide. He even thought that Ye Yuan came to beg for leniency. But this guy was actually going to directly kill inside?

Nuts, right?

Yin Huai Manor was a Heavenly Emperor powerhouse's faction!

Even if you were an Empyrean, you also would not dare to rush like this, right?

Fine lad, this human brat is too domineering!

Ye Yuan caused a huge commotion, alarming Empyrean powerhouses very soon.

A Ghost Dao Empyrean stopped Ye Yuan and said in a cold voice, "Human punk, to dare act wildly in the Yin Huai Manor, are you courting death?!"

Ye Yuan looked at him and said coolly, "Bring Wild Blade Ghost Empyrean over and I'll leave at once."

The Ghost Dao Empyrean sneered coldly and said, "Who do you think you are, you ask this Empyrean to bring him over and this Empyrean will bring him over? Then what face will the Yin Huai Manor still have to keep a foothold in the city?"

Ye Yuan said coolly, "Are you mistaken? I'm not discussing it with you. I'm just informing you! If he's not coming out, then I'll search for him by myself!"

The Ghost Dao Empyrean could not see through Ye Yuan's actual situation. But he saw that Ye Yuan was young. Even if he was at the Empyrean Realm, he also would not be too strong.

Hence, he gave a cold snort and whirled toward Ye Yuan.

Ye Yuan's hand seals were like phantoms, and he said in a cold voice, "Seal!"

He instantly formed a formation!

The Ghost Dao Empyrean was directly sealed in the array formation by Ye Yuan, unable to even move.

Presently, Ye Yuan's strength improved further. The power of the Hundred Schools of Thoughts Nine Profound Heaven Subduing Grand Array grew more than a magnitude stronger.

Dealing with a Second Firmament Empyrean Ghost Dao Empyrean, he did not need the slightest effort at all.

That Ghost Dao Empyrean had a look of terror. He totally did not see clearly how Ye Yuan made his move, and he was already completely sealed.

No matter how he urged his strength, he was unable to break free!

How could this human boy be so strong?

Very soon, there were several more Empyreans that came out again, and they were all sealed by Ye Yuan in one move!

The rank six powerhouses in Yin Huai Manor, each and every one of their eyes were almost popping out.

“Just who the hell is this human brat? He hasn’t made a serious move yet and half of Yin Huai Manor is already defeated!”

“This boy is an extremely formidable rank seven Formation God, too terrifying! If not for showing mercy, the few lord Empyreans would probably already be all dead!”

“This boy is here for Wild Blade Ghost Empyrean! He’s actually forcefully barging into Yin Huai Manor! Really crazy! Lord Chi Jue has already rushed over, so he’s dead for sure!”

... ..

While talking, an Empyrean powerhouse with a deadpan face appeared in front of Ye Yuan.

“Boy, it ends here! Take a step further and you’ll die without a burial ground!” Chi Jue said in a cold voice.

Ye Yuan looked at him and said coolly, “I said before, bring Wild Blade Ghost Empyrean over, and I’ll leave at once.”

Empyrean Chi Jue’s face fell, and he said in a cold voice, “Since you’re seeking death, then this Empyrean will send you off! *Hah!*”

It was only to see him roar wildly, a punch charging toward Ye Yuan.

This Empyrean Chi Jue was a corpse path Empyrean. His fleshly body was immensely powerful and was already late-stage rank seven.

A corpse path Empyrean primarily cultivated the fleshly body. A body full of tough muscles forcefully contending with Empyrean spirit treasures was nothing difficult.

It was just a shame that he ran into Ye Yuan.

Bang, bang, bang ...

In a blink, the two people clashed over several dozen moves.

Empyrean Chi Jue retreated wildly. His two meaty palms felt like they were already not his anymore.

Ye Yuan looked at him and said with a strange look, “You’re competing on physical body with me?”

Empyrean Chi Jue looked at Ye Yuan with a terrified look as he said in shock, “Perfect seventh transformation golden body!”

[1] Fun fact, 酆都城(Fengdu City) is a term for the netherworld/hell. The author just added a ghost here to modify it slightly.

Chapter 2229: Fine, Give You Face!

After Jiu Shang died, Ye Yuan’s heart realm reached perfection, his thoughts flowing smooth, his strength reaching greater heights.

Presently, he was already comparable to Fifth Firmament Empyreans.

With the strength of Ye Yuan's fleshy body, forcefully contending with a Seventh Firmament Empyrean was no problem at all.

And he did not even utilize any martial technique at all.

"Chi Jue, what are you dragging your feet for? Just a human brat, and yet you still haven't taken care of it until now?"

"*Haha*, I said that you all, these corpses, only have a body full of boorish muscles and don't have any use at all!"

"It's also not useless, at least it can be used as a meat shield!"

At this time, another three figures arrived, encircling Ye Yuan in the middle.

These three people were shockingly all late-stage Empyrean mighty experts!

Empyrean Chi Jue snorted coldly and said, "The three of you, stop gloating over others' misfortune here! This punk has a perfect seventh transformation golden body. His fleshy body strength is not beneath mine! Furthermore, he's even a Seven-star Formation God. His strength isn't to be underestimated!"

The other three people revealed shocked faces, looking toward Ye Yuan with amazement.

These three great ghost empyreans were respectively Ghost Seven, Si Chen, and Demoncloud.

They were the same as Empyrean Chi Jue. They were the four late-stage Empyrean generals under Heavenly Emperor Ghostridge's command.

An Empyrean Demoncloud said with a cold laugh, "Perfect seventh transformation! *Heh heh*, looks like Old Chi, you ran into a tough nut this time! However, perfect seventh transformation is completely useless in front of my Ghost Dao Hundred Runes!"

Ye Yuan looked at the four great Empyreans and said coolly, "Looks like I have to beat you all down before you guys know pain!"

If it were before, Ye Yuan would still need to be very careful, using a scheme to rescue Wild Blade Ghost Empyrean out.

But presently, his strength already did not need to act in a secretive manner. He could just directly kill to the doorstep, neat and tidy.

Shinra Ghost Region was this kind of lawless place, where the weak were prey and the strong feasted.

Therefore, Ye Yuan could not be bothered to talk rules with them at all, directly beating them into submission.

Of course, on the account of Heavenly Emperor's face, he would not deal a killing blow.

Otherwise, he would be fine, but Wild Blade Ghost Empyrean would be dead for sure.

"*Huhu*, truly a shameless boasting brat! This Empyrean will place an order for your blood in advance! Brothers, attack together!"

Empyrean Si Chen laughed coldly, the seals in his hands already started kneading.

“Ghost Dao Hundred Runes, Myriad Ghosts Devouring Hearts!”

All of a sudden, shrill screams of countless fierce ghosts suddenly sounded out, making people feel like their hearts were tearing apart as they listened to it.

The ferocious ghosts wailed shrilly as they chomped down on Ye Yuan.

“Ghost Dao Hundred Runes, Vast Sea Ghost Hands!”

Empyrean Demoncloud gave a fierce cry, an enormous ghost palm descended from the sky, directly slamming toward Ye Yuan.

“Ghost Dao Hundred Runes, Innumerable Ghost Shadows!”

Empyrean Ghost Seven cried strangely. Countless dark shadows extended out from underground, intertwining over toward Ye Yuan.

Three ghost talismans were executed. They were all Empyrean level ultimate moves, with their power being incomparably formidable.

One attacked the heart, one was a frontal clash, and one was a restraint. Coupled with Chi Jue this meat shield, the attacks of the four great Empyreans simply left no room for criticism!

“*Hahaha*, brat, die!” Empyrean Si Chen cried out strangely.

Facing the ghost shadows that blotted out the skies and covered the earth, Ye Yuan just lightly spat out a word!

“Immobilize!”

The air instantly solidified!

The amusement in the four great Empyreans’ eyes disappeared and what replaced it was terror.

They could not move anymore!

The shackle of Heavenly Dao froze everything.

Whatever move, whatever ghost shadows, were all frozen.

“True Sword Hollow Etch!”

Ye Yuan swung his bone sword, four streaks of sword light instantly fired out.

Boom, boom, boom, boom!

Four figures flew out backward in four directions!

Three Ghost Dao Empyreans were directly cleaved into two. But very soon, their bodies merged together. It was just much fainter.

As for Chi Jue, a large wound was opened up on his chest, a ghastly sight.

Defeating four Emphyreans with one move!

The four great Emphyreans looked at Ye Yuan with terrified faces, their gazes full of shock.

“Heavenly Dao True Word, controlling space! This ... This ...” Si Chen said with a look of horror.

Ye Yuan stood with his sword behind his back as he said coolly, “It’s just a warning this time. Keep forcing me and next time, you won’t be able to recover!”

This sword move, Ye Yuan already held back.

Otherwise, how could there be a possibility of them recovering?

One had to know, back then inside the Blackflame Cave, Ye Yuan annihilated hundreds of Emphyreans by himself!

Now that he broke through to middle-stage Chaos Realm, would he think anything of a few guys who had not even reached Eighth Firmament?

The expressions of the four great Emphyreans were very ugly. Only now did they discover what kind of a monster they faced!

Suddenly, Ye Yuan raised his head to look at the sky and said coolly, “Looking for so long, isn’t it time to show yourself? Heavenly Emperor Ghostridge!”

A figure slowly walked out of the void, looking at Ye Yuan, amazement in his eyes.

The arrival’s aura was faintly discernible; hard to grasp. It was shockingly a Heavenly Emperor powerhouse!

Who could this Heavenly Emperor be if not Heavenly Emperor Ghostridge?

Ye Yuan killed all the way inside and caused such a huge commotion. As a Heavenly Emperor powerhouse, it was naturally impossible for him to not detect it.

It was just that he felt that the Emphyreans could take care of Ye Yuan. In the end, the four great Emphyreans all came out and were taken care of by Ye Yuan with one sword.

That scene just now completely astounded him.

Ye Yuan could actually control space-time, making space-time freeze!

Although he was not involved earlier, he sensed that this Heavenly Dao True Word’s binding power was immensely strong. Even if it was him, it would be difficult to escape the constraints too!

Heavenly Emperor Ghostridge looked at Ye Yuan, his gaze was actually somewhat wary.

“Young man, this Heavenly Emperor doesn’t seem to have provoked you in the past. Why did you run to my Yin Huai Manor and cause such a big disturbance?” Heavenly Emperor Ghostridge used sullen anger to suppress his dread.

But Ye Yuan did not care at all and said coolly, “I’m just here to bring Wild Blade Ghost Emphyrean away, but nobody was willing to talk nicely.”

Heavenly Emperor Ghostridge nearly spewed out a mouthful of old blood. *You barged inside with such swagger and wanted people, who would talk nicely with you?*

Heavenly Emperor Ghostridge said coldly, "If you bring him away with one word, wouldn't this Heavenly Emperor not have any face?"

Ye Yuan thought about it and said, "Fine, I'll give you face!"

Finished talking, Ye Yuan clasped his hands at Heavenly Emperor Ghostridge and said coolly, "Heavenly Emperor Ghostridge, please raise your hand high up in mercy and let Wild Blade Ghost Emphyrean go!"

Said please, but Ye Yuan's tone did not have any intention of pleading at all.

If you were willing, you had to give.

Not willing to give, you also had to give!

The Emphyreans all had strange looks on their faces. This human boy was really overbearing and so arrogant!

Heavenly Emperor Ghostridge's expression was livid as he said in a solemn voice, "Do you really take it that this Heavenly Emperor doesn't dare to do anything to you?"

Ye Yuan said calmly, "If I leave, you can't keep me behind. If I want to kill people, you can't stop it! Don't believe it? You can give it a try!"

Finished talking, he clasped his hands again and said, "Heavenly Emperor Ghostridge, please raise your hand high up in mercy and let Wild Blade Ghost Emphyrean go!"

Time Freeze coupled with spatial law, it was very easy for Ye Yuan to escape in front of a First Firmament Heavenly Emperor.

But wanting to stop Ye Yuan's assassination, it was not possible unless these Emphyreans hid inside Yin Huai Manor every day!

Heavenly Emperor Ghostridge gnashed his teeth in hatred, wishing to smack this guy to death with one slap.

But he really did not dare try!

Wild Blade Ghost Emphyrean was merely a minor character of little importance.

These Emphyreans by his side were not what one Wild Blade Ghost Emphyrean could compare to.

If they all died, wouldn't he become a lone general without an army?

Even if it was a Heavenly Emperor, wanting to take in so many Emphyreans was not so easy too.

Emphyrean powerhouses were leviathans of a region. So how could they become other people's subordinates so easily?

Chapter 2230: Three Great Blood Pools!

“Eh, Mo Sha, you’re actually not dead yet! That human powerhouse let you go just like that? Where is he?”

Heavenly corpse Mo Sha did not leave, he really wanted to see what kind of confidence this human had to dare invade a Heavenly Emperor’s manor.

At this time, quite a few people also came after hearing the news. Seeing that Mo Sha was actually not dead, they could not help feeling surprised.

They even thought that Ye Yuan killed him long ago.

Mo Sha’s deadpan face squeezed out a trace of an ugly smile and said, “He went in!”

“Went in? He wouldn’t have ... entered just like this to ask for people, right? *Huhu*, when was Yin Huai Manor so easy to enter?”

Mo Sha smiled bitterly again and said, “He killed his way inside!”

“*Puhwark!*”

The few Ghost Dao powerhouses by the side directly spat out. One of them said, “Killed his way in? This human brat’s brain wouldn’t be spoiled, right?”

“*Huhu*, he was so cocky just now. Right now, I reckon that he’s already being divided up and eaten by Empyrean Chi Jue they all, right?”

“Even if he’s a peak Empyrean, forcefully barging into Yin Huai Manor is also a one-way ticket to ... C-Came out!”

This Ghost Dao powerhouse’s words were said halfway when he opened his mouth wide, looking at Yin Huai Manor’s gates with incredible shock.

The rest had doubtful faces. Turning their heads and looking, they were instantly dumbfounded on the spot.

It was only to see a human and a ghost, one in front and one at the back, strutting out of Yin Huai Manor’s front door!

They even saw some Empyrean powerhouses that they normally would not come into contact with at the back, watching the two people leave like sending away the god of plague.

Seeing Ye Yuan bringing Ghost Empyrean Wild Blade away, those Empyreans let out a long sigh in relief.

Outside, the ghosts had shocked faces, not understanding the situation. But they felt that it was very impressive.

That Ghost Dao powerhouse who was speaking earlier said stammeringly, “C-Came out just like that?”

“No way, right? Could it be that this human kid is a Heavenly Emperor powerhouse?”

Mo Sha stared wide-eyed and tongue-tied, shook his head, and said, “No, he’s just an Empyrean! But how could an Empyrean bring Ghost Empyrean Wild Blade away? Could it be that ... Heavenly Emperor Ghostridge watched him act unbridledly just like that?”

Heavenly Emperor Ghostridge naturally would not watch Ye Yuan act presumptuously. But making the Yin Huai Manor suffer heavy losses for a measly little Ghost Empyrean Wild Blade was not worth it.

Hence, he still compromised in the end.

.After all, Ye Yuan gave him face too

Although this face was somewhat unpleasant.

Following behind Ye Yuan, titanic waves surged in Ghost Empyrean Wild Blade's heart.

When he saw Ye Yuan in the Immortal Grove World, Ye Yuan was still only at the Celestial Deity Realm.

At that time, the small and weak Ye Yuan still needed him, this Ghost Empyrean's protection.

But now, only a thousand over years passed, Ye Yuan brought him, this captive prisoner, out from a Heavenly Emperor's manor.

What was even more terrifying was that when he was brought out, he even saw Heavenly Emperor Ghostridge!

At that time, Heavenly Emperor Ghostridge's expression was really fascinating to the extreme.

Then, Ye Yuan brought him away in front of Heavenly Emperor Ghostridge's face.

Before he left, Ye Yuan even said, "Thank you for Heavenly Emperor Ghostridge's face."

What the hell was that?

If that Heavenly Emperor Ghostridge was not around, then it was still alright.

Yet, Heavenly Emperor Ghostridge was still around!

Furthermore, looking at the situation, Yin Huai Manor had just experienced a great battle.

Then ... how in the world did Ye Yuan do it?

Ghost Empyrean Wild Blade understood that no matter how Ye Yuan did it, this young man in front of him was no longer that kid who sought protection under his wings back then anymore!

The two people had just walked several streets when suddenly, a bunch of ghosts and monsters rushed over head-on.

When they saw the Ghost Empyrean Wild Blade behind Ye Yuan, they were immediately frozen on the spot.

"Wild Blade, how ... how did you come out?" When a Ghost Dao Empyrean in the lead saw Wild Blade, he had an expression like a ghost had seen a ghost; very fascinating.

Wild Blade's face revealed a moved look and said smilingly, "You Fang, it's Young Lord who rescued me."

Empyrean You Fang's eyes landed on Ye Yuan's body and he said in surprise, "Young Lord? It's this kid? Didn't you say that your young lord was a Celestial Deity Realm? Just based on him, he can rescue you out of Yin Huai Manor's ghost prison?"

Wild Blade's face fell slightly, and he said, "You Fang, don't be impudent! Young Lord is no longer that weak youth long ago, he's currently already an Empyrean powerhouse! Even Heavenly Emperor Ghostridge is somewhat afraid of him!"

Empyrean You Fang had a look of disbelief, sizing Ye Yuan up and down.

But Ye Yuan could not be bothered to be long-winded with them and said coolly, "Wild Blade, go!"

"Yes, Young Master!"

Wild Blade answered and left with Ye Yuan.

Arriving at Wild Blade's residence, Ye Yuan directly opened his mouth and said, "Wild Blade, do you know where in Shinra Ghost Region has Silvernet Blood Essence?"

Ghost Empyrean Wild Blade said in surprise, "Silvernet Blood Essence is an extremely precious rank eight natural treasure. It's also very rare in Shinra Ghost Region. What does Young Lord want it for?"

Ye Yuan said, "The Soul Suppressing Pearl is seriously damaged. Dustless fell into a slumber. I urgently need the Silvernet Blood Essence to let Dustless recover his strength!"

Ghost Empyrean Wild Blade turned pale with fright and said, "What? Lord Dustless he ... he's so strong! Who could send him into a slumber? Could it be ... a Heavenly Emperor powerhouse?"

In my memories, Dustless's might left no room for doubt.

A Heavenly Emperor not emerging, no one could do anything to him at all.

It was just that Ghost Empyrean Wild Blade did not know that the Soul Suppressing Pearl had long already reached the level of a heavenly emperor spirit treasure. Dustless' strength advanced even further than before.

Ye Yuan just nodded his head and did not say anything.

Nineorigin was not just a Heavenly Emperor powerhouse so simple.

That was a supreme existence that could forcefully contend with Ninth Firmament Heavenly Emperors!

Recovering from his shock, Ghost Empyrean Wild Blade frowned and said, "Silvernet Blood Essence is a great tonic item to divine soul type powerhouses. When each piece of Silvernet Blood Essence comes into being, it will attract Heavenly Emperor powerhouses to take action. There will even be situations where some Heavenly Emperors being killed because of the battles for the Silvernet Blood Essence. In the course of time, the majority of them are controlled in the hands of middle-stage Heavenly Emperors, maybe even those above them."

Ye Yuan listened until his brows furrowed tightly too.

He knew that Silvernet Blood Essence was very popular, but he did not expect that it was actually popular to this extent.

Snatching a Silvernet Blood Essence from the hands of a middle-stage Heavenly Emperor powerhouse, it could not be done, unless he was tired of living.

“Is there no other way?” Ye Yuan frowned and said.

Ghost Empyrean Wild Blade said with difficulty, “There is a way, but it’s also extremely dangerous. This Silvernet Blood Essence is produced in Shinra Ghost Region’s three great blood pools! The three great blood pools are respectively Hell Blood Pool, Extinction Blood Pool, as well as Asura Blood Pool! Legends have it that the three great blood pools were gathered and formed by the blood of ancient supreme powerhouses. Not only is there massive resentment, but there are also remnant souls of supreme powerhouses appearing and disappearing from time to time. Of course, this place is also a superb cultivation land for Ghost Dao powerhouses. There will be countless Ghost Dao powerhouses and corpse path powerhouses being there all year round. In there, there will be many Empyrean powerhouses breaking through every year, but also many Empyrean powerhouses dying! Some Heavenly Emperor powerhouses also never come back after entering the depths!”

Ye Yuan sucked in a deep breath. Sure enough, this Silvernet Blood Essence was an extremely troublesome thing!

But no matter how troublesome, he had to go too.

His time was very tight. He already could not afford to dawdle.

At this rate, Dustless and Mu Lingxue would both be in danger.

His gaze turned intent and he said, “Where’s the nearest blood pool from here!”

Ghost Empyrean Wild Blade was startled inwardly, knowing that Ye Yuan already resolved himself. He then said, “Asura Blood Pool!”
