Chapter 2231: Leaving Elegantly

The two people were currently discussing matters regarding the Asura Blood Pool when someone came to visit.

When Ghost Empyrean Wild Blade saw the arrival, he bowed respectfully and said, "Lord Ghostpupil!"

This Ghost Empyrean Ghostpupil was also a late-stage Empyrean Ghost Dao powerhouse. His pair of black pupils were incomparably deep and seemed to be able to bewitch the heart.

Ghostpupil nodded slightly and said, "Wild Blade, Lord Vastsea made you bring your young lord to go see him."

Ghost Empyrean Wild Blade was taken back, using inquiring eyes to look at Ye Yuan.

Ye Yuan slowly got up and said coolly, "No need. You pack things up and go with me, I'm in a hurry!"

He was currently burning with anxiety. How could he be in the mood to have small talk with Heavenly Emperor Vastsea?

Delaying a moment longer, Dustless and Mu Lingxue would be in more danger.

In reality, Dustless also would not have fallen into such a deep sleep if not for protecting Mu Lingxue.

Without Dustless protection at the final moment, Mu Lingxue's final trace of spiritual consciousness would have long been shattered.

These days in Heavenly Eagle, Ye Yuan spent every minute and second in agony.

Now, obtaining the Silvernet Blood Essence's news, how could he still be willing to delay?

But Ghost Empyrean Ghostpupil's expression changed, and he said in a solemn voice, "Human, Lord Vastsea is summoning you. You dare to not give face?"

Ye Yuan did not even look at him and said coolly, "Wild Blade!"

Wild Blade's expression changed slightly, and he said with a bow, "Yes!"

Ghost Dao powerhouses had those who grew themselves, and also those who were raised like Wild Blade.

Ghost Dao powerhouses who made a contract were unable to defy their master's orders.

Ye Yuan's order had even higher authority than a Heavenly Emperor!

Ghost Empyrean Ghostpupils saw that Ye Yuan completely ignored him and could not help saying in a great rage, "Fine lad, Lord Vastsea asking to see you is valuing you! Since you don't know how to appreciate favors, then don't blame this Empyrean for not being courteous!"

Suddenly, the air in the house became cold.

A surge of cold wind rose from the ground and tunneled into Ye Yuan's body.

Ghost Emphyrean Ghostpupil's eyes suddenly released a black light. A powerful surge of soul force directly rushed into Ye Yuan's sea of consciousness.

"Beguiling Ghost Melody, heed my command! Brat, slap yourself all the way until this Emphyrean calls for you to stop!" Ghostpupil directly ordered.

Seeing Ghost Emphyrean Ghostpupil use his ultimate move the moment he came up, Ghost Emphyrean Wild Blade's expression changed greatly. He cried out in surprise, "Lord Ghostpupil, show mercy!"

"Snort!"

Right at this time, Ye Yuan released a cold snort from his mouth!

This cold snort, Ye Yuan brought along the Voice of the Dragon God of the dragon race.

"Mm!" Ghostpupil gave a muffled groan and was actually wounded by Ye Yuan's cold snort, causing even his body to become a lot more illusory.

Although Ghost Dao powerhouses did not have corporeal bodies, reaching Ghost Emphyrean Realm, they were already close to being corporeal.

But at this time, Ghost Emphyrean Ghostpupil was actually forced back into his original form.

"This ... How is this possible?" Ghost Emphyrean Ghostpupil looked at Ye Yuan with a look of fright, full of disbelief.

The aura on Ye Yuan's body was not strong. It was at least much weaker than his.

Facing such an opponent, his Beguiling Ghost Melody would work 100 times out of 100 times. If so, why did Ye Yuan's divine soul being released just like that, and then it could injure him?

Ghost Emphyrean Ghostpupil was extremely perplexed!

By the side, Ghost Emphyrean Wild Blade was also extremely shocked.

He was deeply aware of Ghost Emphyrean Ghostpupil's prowess. Even the three great Ghost Emphyreans under Heavenly Emperor Ghostridge's command were extremely apprehensive of him too.

This Beguiling Ghost Melody was extremely restraining toward same rank Emphyreans too, but it was shaken off by Ye Yuan so easily.

Not only shaken off, he even severely wounded Emphyrean Ghostpupil!

How could Young Master's strength be so horrifying?

Ye Yuan looked at Ghost Emphyrean Ghostpupil and said with disdain, "Even the Medicine Ancestor and Sacred Ancestor High Priest are unable to control my will. Just with the likes of your paltry ghost path mystic art, you want to control me? Do you know what's called overestimating your own ability?"

Ghost Emphyrean Ghostpupil had a face that was struck dumb with amazement!

With Ye Yuan's snort earlier, he indeed felt a willpower like beholding a great mountain hit him head-on.

It was precisely because of this that he was easily injured.

How could a mere human Empyrean Realm have such a formidable will?

Although Ye Yuan talked about whatever Medicine Ancestor and Sacred Ancestor High Priest, he felt that it was overly boastful. But Ghost Empyrean Ghostpupil dared to confirm that Ye Yuan's will was absolutely stronger than Heavenly Emperor Vastsea!

Furthermore, it was more than a magnitude stronger!

The shock in his heart was unable to use words to describe.

"Wild Blade!" Ye Yuan urged lightly. Ghost Empyrean Wild Blade suddenly startled awake and hurriedly packed up and got everything ready.

Ye Yuan brought Ghost Empyrean Wild Blade and swaggered out of Vast Huai Manor just like that.

But right at this time, a sinister to the extreme ghost aura descended from the sky. A virtually corporeal figure blocked in front of Ye Yuan.

This ghostly energy was extremely condensed. If an ordinary human Empyrean was here, they would likely have long been frozen stiff.

Inside Yin Huai Manor, a hint of a smile flashed across the corners of Heavenly Emperor Ghostridge's mouth.

"*Heh*, Vastsea that fool probably still doesn't know this boy's terror! Losing face in front of so many people in the city, this emperor will see how you still have the face to show yourself in the future!"

The events previously, he issued a gag order to the powerhouses in the manor, absolutely forbidding for anyone to spread it.

This boy was like a thorn. Heavenly Emperor Ghostridge felt that he definitely would not be used by Heavenly Emperor Vastsea.

Sure enough, in less than half a day, both parties fell out.

Heavenly Emperor Vastsea looked at Ye Yuan and said with a thunderous look, "Human brat, you brought away this Heavenly Emperor's subordinate. Not only did you not even inform in advance, you even seriously injured this Heavenly Emperor's subordinate! How do you plead?"

Ghost Empyrean Wild Blade's complexion was ashen as he cried out in surprise, "Lord Vastsea, Young Master he ..."

Ye Yuan stopped Wild Blade with a hand gesture. Looking at Vastsea, he said coolly, "*Uh*, since you came, then I'll inform you about it. Wild Blade will be following me in the future. Say your goodbyes. Wild Blade, let's go!"

A Heavenly Emperor powerhouse moving out had long already alarmed numerous powerhouses in the city. Mo Sha and his companions just happened to be among them too.

Seeing this scene, the pupils of the ghosts shrunk.

This fellow was so arrogant!

What he was facing was a Heavenly Emperor powerhouse!

“Could this human brat really be a fool? That’s Heavenly Emperor Vastsea! Yet he’s actually this arrogant?”

“Isn’t that so? Just nice. I can take a look at what he’s relying on to be able to bring away Ghost Emphyrean Wild Blade from Yin Huai Manor this time!”

“*Heh heh*, I somewhat understand now! Heavenly Emperor Ghostridge probably intentionally didn’t show up to let this kid bring away Wild Blade!”

... ..

Heavenly Emperor Vastsea laughed from extreme fury and said, “*Heh heh*, what an arrogant brat, could it be that you really take this Heavenly Emperor to not dare to make a move against you? Forget it, since you’re intentionally courting death, this Heavenly Emperor will send you off then!”

“Immobilize!”

Heavenly Emperor Vastsea’s voice had yet to fade when Ye Yuan already executed Time Freeze!

In an instant, laws descended, Vastsea was immobilized!

Back then, when Ye Yuan was still only initial-stage rank seven, he could already use this move and escape from under the hands of abyss monster Heavenly Emperor Manyu.

Let alone that he was currently already middle-stage rank seven.

How much stronger was the power of the present Time Freeze compared to that time?

“Wild Blade, go!” Ye Yuan grabbed the dumbfounded Ghost Emphyrean Wild Blade and directly teleported more than ten thousand miles away.

After an instant, space-time recovered. Heavenly Emperor Vastsea’s eyes were full of shock.

“Heavenly Dao True Word, spatial law! What a terrific human lad! Looks like Wild Blade followed a good master!”

Chapter 2232: Blood Sea Phenomenon

“Such thick carnage energy!”

Ye Yuan two people arrived before a long and unbroken stretch of mountains. A thick scent of bloody smell hit face-on, stirring up a sinister wind by his ears.

Under the illumination of sunlight, this mountain range actually gave off a series of blood-red light halo.

In the dense woods, numerous Ghost Dao powerhouses came and went.

But sensing the powerful auras coming off of Ye Yuan two people’s bodies, they did not dare to draw near.

“Young Master, be more careful. Humans coming to this place need to open up their world domains to resist the carnage energy. This carnage energy is extremely harmful to humans. Even Emphyreans will find it hard to withstand its corrosion too!” Ghost Emphyrean Wild Blade warned.

Ye Yuan gave him a glance and said smilingly, “Resist? Why is there a need to resist?”

Finished talking, his cultivation method revolved. He actually absorbed these carnage energies frenziedly.

Ghost Emphyrean Wild Blade’s two eyes became wide saucers, a look of shock on his face.

His young master was actually absorbing the carnage energy!

“Young Master, you!” Ghost Emphyrean Wild Blade cried out in surprise.

“That human is actually absorbing carnage energy. I think that he’s tired of living!”

“Jeje, perhaps he feels that our ghost race is pretty good and wants to join our ghost race?”

“Eh, something’s wrong! Why is his aura becoming stronger?”

In the distance, came some Ghost Dao powerhouse’s disdainful voices. But very soon, they discovered something amiss.

Humans were unable to use this carnage energy to cultivate at all.

Absorbing into the body would only harm their bodies.

But Ye Yuan’s aura was actually becoming stronger!

Ye Yuan absorbed for a while and immediately felt refreshed.

The thickness of this carnage energy could virtually catch up to the thickness of the devilish energy in the Dragon Eye Cave. Using it to cultivate naturally yielded twice the results with half the effort.

Seeing Ghost Emphyrean Wild Blade’s dazed expression, Ye Yuan smiled and said, “Carnage energy, devilish energy, heaven and earth spiritual energy, there’s essentially no difference. It’s just that the attribute is different, that’s all. The carnage energy here is extremely thick. It’s a superb cultivation ground for me. After finding the Silvernet Blood Essence, I want to enter closed-seclusion for a few days here.”

Ghost Emphyrean Wild Blade had a look of astonishment on his face and said with a sigh of admiration, “Young Master’s talent, even Lord Immortal Grove is far inferior!”

He had followed Ye Yuan for a short time after all. So he was far from aware about Dustless’s experience with Ye Yuan in the past.

While chatting, the earth suddenly quaked and the mountains shook. An even stronger carnage energy gushed out from underground.

The bloody light above the mountain range became incomparably forbidding, giving people a hair-raising feeling.

The Asura Blood Pool entrance in the distance, countless Ghost Dao powerhouses gushed out, fleeing like they were flying, all of their expressions seemingly incomparably terrified.

Behind them, bloody light shone brilliantly.

Those that were enveloped by the bloody light directly turned to ashes.

Ghost Empyrean Wild Blade had an anxious and doubtful look as he said, "This ... What terrifying power! What in the world happened in the Asura Blood Pool?"

But a hint of surprise flashed across in Ye Yuan's eyes and he said, "Such a phenomenon, I'm afraid that a precious treasure came into being!"

At this time, a deadpan face came beside Ye Yuan and said coolly, "This is already the third time within a month! I heard that in the other two major blood pools there, such phenomena similarly erupted. Looks like the Asura Blood Pool that has been quiet for countless years finally can't hold back anymore."

Ye Yuan gave him a glance and immediately sensed that this corpse path powerhouse was very extraordinary.

"You're a frequent guest of this place?" Ye Yuan asked.

The other party nodded his head and said, "I'm called Wu Jiang. I started braving the Asura Blood Pool starting from rank four."

Ye Yuan's pupils constricted slightly, revealing a hint of surprise.

The powerhouses in the outer-peripherals were many. Rank fours and rank fives could be seen everywhere. There were also quite a few rank sixes.

But Ye Yuan was clear that under such an environment, being able to cultivate all the way from rank four to rank seven was simply a miracle!

Looks like his feeling was not wrong. This Wu Jiang was very extraordinary!

"I'm called Ye Yuan! Since Brother Wu is a frequent guest here, then in your view, how high are the chances of the Silvernet Blood Essence appearing under this kind of phenomenon?" Ye Yuan asked.

Wu Jiang was startled, looking at Ye Yuan in surprise. Clearly, he did not expect that Ye Yuan was actually aiming for the Silvernet Blood Essence.

He shook his head and said, "Such a phenomenon, the Silvernet Blood Essence will definitely appear. It's just that ... with your strength, I advise that you'd better don't get yourself killed in vain."

Ye Yuan smiled and said, "Does Brother Wu want to team up with this Ye?"

Wu Jiang was slightly surprised, not expecting to be seen through with one glance by Ye Yuan.

He saw that Ye Yuan was actually able to absorb carnage energy to cultivate and felt that this boy was extraordinary. That was why he had the idea of making friends.

He had run around here for a long time and more or less understood the powerhouses here a little.

But there was no one capable of making him regarded the person with importance.

But this Ye Yuan, he gave him a feeling of being not simple from the first time he laid eyes on him.

Wu Jiang did not hide it either, nodding and saying, "This Wu has always moved independently for so many years and rarely found people to team up. But the blood pool abnormality this time is attracting more and more major powers. Furthermore, inside the blood pool is also filled with dangers. Hence, that's why I had this idea."

Ye Yuan nodded and said, "Since Brother Wu thinks highly, then this Ye will accept deferentially rather than decline courteously."

The voice had yet to fade when a terrifying aura descended from the sky.

"*Hahaha ...* With this Asura Blood Sea's abnormality, there's probably a peak Heavenly Emperor spirit treasure coming into being!"

Amidst the wild laughter, that ghost figure turned into a stream of flowing light and rushed into the cave by meeting the bloody light directly.

Wu Jiang's expression changed, and he cried out in surprise, "Heavenly Emperor Purplecloud! Even he came too!"

His voice had yet to fade when several other fearsome auras descended.

Those auras completely disregarded the bloody light and charged straight into the Asura Blood Sea.

Ye Yuan was also startled inwardly when he saw the situation. These Heavenly Emperor powerhouses were all middle-stage Heavenly Emperor peerless powerhouses. Each and every one of them was starting to move restlessly.

Before long, another cloud of black gas descended.

Those who were slightly touched by the black gas directly turned to ashes, scattering away.

Ye Yuan's pupils constricted, and he exclaimed in shock, "A Seventh Firmament Heavenly Emperor!"

Wu Jiang's deadpan face became several shades whiter and he said, "It's Heavenly Emperor Quicksand! I didn't expect that even he's alarmed too! With this, Asura Blood Sea is lively!"

In merely half a day, Ye Yuan saw that there were seven to eight middle-stage and late-stage Heavenly Emperor powerhouses entering the Asura Blood Sea.

As for initial-stage Heavenly Emperor powerhouses, those that entered were as many as more than a dozen!"

For some time, powerhouses gathered!

Of course, these Heavenly Emperors held in contempt toward the common treasures at the outskirts. They directly entered the depths of the blood sea.

No idea how long had passed. There were finally no more Heavenly Emperor powerhouses descending. Only then did everyone cautiously enter further inside the Asura Blood Sea once more.

Although the current Asura Blood Sea was dangerous, it was when the lucky chances were the most.

At this time, no one was willing to be outdone by others.

Perhaps a fortuitous encounter could let them soar to the heavens with one bound.

“Ye Yuan, it’s our turn to enter!” Wu Jiang said.

Ye Yuan smiled and said, “Afraid that it isn’t that simple! Those entering now, the lowest are Third Firmament Heavenly Emperor powerhouses too. First Firmament Heavenly Emperors and Second Firmament Heavenly Emperors haven’t appeared yet, don’t you find it odd?”

Wu Jiang’s expression changed.

Sure enough, Ye Yuan’s voice had yet to fade when several figures slowly walked out of the void.

Chapter 2233: Forming Enmity

“Heavenly Emperor Zhao Hun!”

“Heavenly Emperor Brutalfeather!”

“Heavenly Emperor Ghostmourn!”

... ..

“That’s ... Heavenly Emperor Ninelives! He’s a Second Firmament Heavenly Emperor powerhouse!”

One powerful figure after another appearing in succession. There were actually as many as seven people!

Everyone sucked in a mouthful of cold air, clearly not expecting that there were actually still so many Heavenly Emperors in hiding.

Wu Jiang looked at Ye Yuan in surprise, not knowing how he discovered these Heavenly Emperors.

Heavenly Emperor Ninelives’s gaze swept across the whole place and said in a cold voice, “All Emyreans are not to take action without authorization! Those who defy, die!”

The faces of the Emyreans present changed drastically, immediately realizing that they were designated as cannon fodder!

First Firmament and Second Firmament Heavenly Emperors were at the bottom of the barrel among Heavenly Emperors. They were not as confident as before.

Naturally, the places that Third Firmament Heavenly Emperor and above wanted to go, these cannon fodders were no use at all.

The abnormality this time was very strange, these First and Second Firmament Heavenly Emperors were rather cautious too. Finding Emyreans to be cannon fodders became a pretty good choice.

In the various major mystic realms, powerhouses making weaklings go be cannon fodders frequently appeared too.

Swoosh! Swoosh! Swoosh!

Suddenly, several figures sprinted wildly, heading for the opening of the Asura Blood Pool.

How swift were the movements of Empyrean powerhouses!

They were fast, but Heavenly Emperor Ninelives was faster!

It was only to see a hint of a cold smile flash across the corners of his mouth, his finger flicking lightly. Several streaks of light dots arrived in an instant.

Bang, bang, bang ...

Those scurrying Empyrean powerhouses were instantly slaughtered by him without missing a single one!

Among them, there were even several late-stage Empyrean powerful experts!

“Who else wants to leave?” Heavenly Emperor Ninelives said coolly, not carrying the slightest compassion.

The others were silent like cicadas in winter.

In front of Heavenly Emperors, they were akin to ants!

Only Heavenly Emperors could confront Heavenly Emperors!

Wu Jiang’s deadpan face became several shades whiter.

He involuntarily looked over towards Ye Yuan but discovered that Ye Yuan had a look of composure, seemingly not looking too worried, and immediately felt slightly calmer.

Seeing no one jump out, Heavenly Emperor Ninelives said coolly, “Very good. Since nobody is leaving, enter then.”

Got to admit, Asura Blood Pool attracted countless powerhouses.

Just the Empyrean powerhouses here were in the hundreds.

This force was already immensely powerful.

Just as everyone was planning on entering the blood sea, Heavenly Emperor Ghostmourn suddenly gave a light cry of surprise and said, “There’s actually still a human bug! You, come over!”

While talking, Heavenly Emperor Ghostmourn extended his hand and pointed at Ye Yuan.

Wu Jiang’s expression changed and could not help looking at Ye Yuan nervously.

Ye Yuan slowly stepped forward and said coolly, “What instructions does Heavenly Emperor Ghostmourn have?”

Heavenly Emperor Ghostmourn’s brows furrowed and he said unhappily, “A brat who’s so ignorant of the rules! A mere human bug also dares to encroach on my ghost race’s treasure?”

Finished talking, his finger flicked. A streak of white light shot right at Ye Yuan.

The horrifying energy undulation made all of the Emphyrean's faces change, all clamoring to dodge.

Ye Yuan was also surprised in his heart. He did not expect that this Heavenly Emperor Ghostmourn would actually kill people at a word of disagreement.

But although he was surprised, he did not panic. His figure retreated explosively, the bone sword attacking fiercely.

Bang, bang, bang ...

In an instant, Ye Yuan released thousands of incomparably swift and fierce sword lights, rumbling over toward that streak of white light.

Falling back several tens of thousands of feet in a row, that streak of white light was utterly dissipated by Ye Yuan in the end.

And between them, an enormous ravine was also blasted out.

Ye Yuan put away the sword and stood there, glaring at Heavenly Emperor Ghostmourn.

While the Emphyreans looked at Ye Yuan with astonished faces.

Heavenly Emperor Ninelives's gaze flickered slightly, revealing a hint of surprise.

This scene earlier happened too suddenly, quick until everyone did not react to it.

But seeing Heavenly Emperor Ghostmourn taking action, they all thought that Ye Yuan was dead for sure.

They did not expect that Ye Yuan actually unleashed thousands of sword lights in a single breath, directly neutralizing Heavenly Emperor Ghostmourn's attack.

Even though this attack was merely a casual strike of Heavenly Emperor Ghostmourn's, it was also not what any Emphyrean could block.

This attack was more than enough to kill an Eighth Firmament Emphyrean!

At the very least, among the Emphyreans present, those able to block it did not surpass ten fingers.

"Huhu, Ghostmourn, you're really becoming promising, can't even take care of a human race Emphyrean Realm brat." Heavenly Emperor Zhao Hun said gloatingly.

"Ghostmourn, I don't know you! Seriously too disgraceful!" Heavenly Emperor Brutalfeather also had a look of being unable to bear to look at it.

Heavenly Emperor Ghostmourn was stunned at first, following that, there was boundless fury.

In front of a bunch of Heavenly Emperors, it was really a major loss of face with this!

"Damn human brat, this Heavenly Emperor will kill you!"

Done talking, Heavenly Emperor Ghostmourn's terrifying pressure suddenly erupted and was about to unleash a heaven-shocking strike.

When the Emphyreans felt this terrifying pressure, each and every one of them had ashen faces.

The might of a Heavenly Emperor was too terrifying!

At this time, Ninelives suddenly spoke up. He said, "Ghostmourn, spare this boy's life. His strength is decent. Killing like this is somewhat a waste."

Heavenly Emperor Ninelives was a Second Firmament Heavenly Emperor. Ghostmourn had no choice but to give face.

He gave a cold snort and said, "Boy, consider yourself lucky!"

Ninelives's gaze was indifferent as he said, "Go in!"

The Emphyreans opened up their domains and isolated the bloody light outside, and slowly entered the Asura Blood Pool.

Ye Yuan forcefully suppressed his fury and followed everyone into the cave.

There were seven Ghost Dao Emphyreans in front. Becoming enemies with them was clearly not a wise move.

His objective for coming here was the Silvernet Blood Essence, there was no need to do this kind of pointless fight.

Of course, this enmity, he noted it down.

Wu Jiang scooted over and said in surprise, "Brother Ye, are you alright? Just now, I even thought that you were dead for sure. *Heh*, your strength is pretty good, I, Wu Jiang, indeed didn't make an error of judgment."

Wu Jiang was somewhat surprised by Ye Yuan's strength. But his overtones were that he could also receive this strike.

How could Ye Yuan not understand? This Wu Jiang was clearly not an ordinary Emphyrean either.

Entering the cave entrance, it was a stretch of bloody light before their eyes. This place was an enormous underground cavern.

Along the way, there were big and small blood pits everywhere, flowing with dark red blood inside. Blood bubbles even bubbled from time to time.

"Don't touch these blood bubbles, once touched, even Emphyreans will have their souls dissipate too!" Wu Jiang warned.

Ye Yuan was slightly startled in his heart and nodded his head in response.

Apart from this, Ye Yuan discovered that the space here was extremely distorted. Ordinary Emphyreans were unable to traverse through space at all.

This Asura Blood Pool was like a giant spatial cage, constraining everyone in here.

Furthermore, the deeper in, the more terrifying the degree of spatial distortion.

Even Heavenly Emperors were unable to escape too.

Of course, this was no big deal to Ye Yuan.

His spatial law attainments were not what ordinary Emyreans could compare to.

This group of people was extremely strong. At first, they did not encounter any danger.

But very soon, they ran into problems!

"Ahhh!!"

A tragic cry came over. A Second Firmament Emyrean Ghost Dao Emyrean was directly sucked into a blood pool, vanishing without a trace.

With this, the hairs of all the Emyreans stood on ends.

They did not see the opponent at all and this Emyrean was gone.

Ye Yuan's gaze turned dark, and he said to Ghost Emyrean Wild Blade, "Wild Blade, get a little closer. Don't get separated from me."

Unrivaled Medicine God

Chapter 2234: : Bluffed Them

"Ahhh!!"

"Ahhh!!"

... ..

One after another, there were miserable screams coming over non-stop.

One Emyrean after another was directly sucked in the blood pools.

The Emyreans had panicky looks. They could not see the opponent at all.

Wu Jiang's expression was very ugly, and he said in a solemn voice, "This place is normally just the activity area of rank six powerhouses. Why did so many damn things pop out now suddenly?"

Ye Yuan's gaze flickered and he said, "A precious treasure coming into being. Having this kind of phenomena is also normal. Sun Moon Heavenly Pupil, activate!"

Ye Yuan had transcended seven Nirvanic Tribulations. The Sun Moon Heavenly Pupil had long been cultivated to an extremely high realm already.

At this time, the moment the Sun Moon Heavenly Pupil activated, the world immediately became different.

Amidst the bloody light, one gray figure after another was moving about everywhere.

These guys were hidden in the bloody light, the bloody light became their natural protective defense.

Even for Emyreans, it was very hard to discover them too.

Whoosh!

One of the gray figures suddenly shot out, flying toward Ghost Empyrean Wild Blade.

But Ghost Empyrean Wild Blade was completely clueless.

Ye Yuan's gaze turned sharp, and he cried out coldly, "Sword of will, chop!"

A transparent sword instantly condensed and chopped toward that gray figure with inconceivably swift speed.

"Yike!"

That gray figure emitted a strange cry and tunneled back into the blood pool with a *whoosh*.

Hearing the strange cry from behind, Ghost Empyrean Wild Blade was greatly startled, only then, knowing that he had gone to the gates of hell and came back.

Heavenly Emperor Ninelives's gaze flickered slightly and marveled with admiration. "Such condensed soul force, almost turning corporeal! His divine soul has likely already reached grand completion rank seven! This boy isn't simple!"

Heavenly Emperor Ghostmourn sneered and said, "So what if grand completion rank seven? How long can he still live in this place?"

Heavenly Emperor Ninelives nodded and said, "The stronger he is, the better it is for us naturally! With him around, at least we can take action later. With the blood pool having unusual changes, there will be quite a number of good stuff that will come out. But correspondingly, it would also be a lot more dangerous."

The other Heavenly Emperors nodded one after another, deeply feeling that way too.

Ye Yuan made a move to slay that gray shadow and stopped taking action.

Let things drift if they did not affect one personally.

Under such circumstances, standing out in the limelight did not have any good outcome.

If not for saving Ghost Empyrean Wild Blade, he definitely would not have taken action.

From time to time, there were still Ghost Dao powerhouses that were directly dragged into the blood pools.

Heavenly Emperor Ninelives pointed at Ye Yuan and opened his mouth and said, "You, go and take care of those gray shadows!"

Ye Yuan's brows furrowed and he said in a solemn voice, "If I say no?"

Heavenly Emperor Ninelives's tone carried a majesty that did not allow questioning as he said coolly, "Not taking action, you die!"

Clearly, with the eyesight of these Heavenly Emperor powerhouses, they could see those gray shadows.

It was just that none of them were willing to make a move.

These gray shadows were all soul bodies, killing all of them required tremendous expenditure of soul force.

The Heavenly Emperor powerhouses clearly wanted to preserve their strength to deal with those dangers at the back.

Heavenly Emperor Ninelives speaking had much greater weight than Heavenly Emperor Ghostmourn.

After all, he was a Second Firmament Heavenly Emperor super powerhouse!

By the side, Heavenly Emperor Ghostmourn smiled coldly and said, "Brat, being a cannon fodder has to have the awareness of being a cannon fodder! Go or die!"

These Heavenly Emperor powerhouses did not care at all, directly putting it out on the table.

In front of them, Empyrean powerhouses could only be cannon fodders.

Empyrean powerhouses dominated the secular world.

But in front of Heavenly Emperor powerhouses, they were still ants!

Ants did not have the qualifications to negotiate terms!

Ye Yuan's expression flickered indeterminately but did not take action after a long time.

Wu Jiang's expression changed slightly, and he urged, "Brother Ye, preserving your life is important. We can't afford to provoke Heavenly Emperor powerhouses!"

Finally, Ye Yuan's tightly clenched fists loosened. He slowly turned around, his figure moving, directly catching up to a gray shadow.

"Sword of will, kill!"

Ye Yuan's sword of will was incomparably swift and fierce. One sword landed. It directly slaughtered that gray shadow.

His figure moved swiftly, attacking like lightning, killing more than ten gray shadows in a blink of an eye.

When those gray shadows saw that they were unable to hide their figures anymore, each and every one of them hid inside the blood pools and no longer bubbled.

When the Empyreans saw that Ye Yuan was so ferocious, each and every one of them was extremely frightened too.

If this sword of will were to chop on their bodies, it would be fatal!

Even though their bodies were long already corporeal, they were still soul bodies in the end.

This sword of will's damage to them was even stronger than divine essence martial techniques.

Ye Yuan stopped, appearing somewhat dispirited and inert.

Those gray shadows were all rank seven soul bodies, their strength comparable to middle-stage Empyrean Realm.

Killing so many soul bodies, it was naturally somewhat 'too much' for Ye Yuan's soul force to bear.

He looked at Heavenly Emperor Ninelives coldly and said, "Satisfied now?"

Finished talking, he sat down cross-legged, planning on recovering soul force.

But at this time, Ninelives said coolly, "Not need to recondition, carry on walking. Do you plan on making so many people wait for you to rest up?"

Done talking, he flicked his sleeves grandly and said, "Continue forward!"

Ye Yuan's gaze turned cold and suddenly stood up, assuming a posture like he was going to risk his life, but he was held back by Wu Jiang.

"Forget it, forget it! They are all Heavenly Emperors. We can't afford to provoke them!" Wu Jiang urged.

These Heavenly Emperors did not view him as a person at all. They were simply ordering him about like a beast of burden!

Seeing Ye Yuan get deflated, Heavenly Emperor Ghostmourn said with a smug look, "*Huhu*, brat, this place isn't the place for you to act wildly! Got resentment, hold it in! Not stifling it ... you'll die!"

The moment Heavenly Emperor Ninelives released his imposing aura, a terrifying pressure descended on Ye Yuan's body.

"Still not moving? Do you really want to force this emperor to take action?" Heavenly Emperor Ninelives said coldly.

Ye Yuan's expression changed several times. Finally, he still drew a deep breath, turned around, and left.

"Very good, I've remembered this!" Ye Yuan said coldly.

"*Huhu*, he's threatening us! An Emphyrean is threatening Heavenly Emperors!" Heavenly Emperor Ghostmourn laughed in spite of himself.

"His strength is indeed pretty good. Just that his brain is a little flawed, can't understand the situation," Heavenly Emperor Zhao Hun said coolly.

Another Heavenly Emperor said with a cold face, "Reckless and blind thing! If not for being a little useful, this emperor would have long killed him!"

Toward Ye Yuan's threat, they naturally would not take it to heart.

In their view, making you all be cannon fodders, you would have to endure it!

In fact, you even had to express a thousand thanks!

Putting on airs, you don't have that qualification.

"Young Master, are ... are you alright? It's all me who's useless!" Ghost Emphyrean Wild Blade said with self-reproach.

Ye Yuan gave a wink and transmitted his voice, "I'm fine. I'm just bluffing them."

Ghost Empyrean Wild Blade was startled in his heart, looking at Ye Yuan with a shocked face.

How was this possible?

That degree of soul force expenditure earlier, even ordinary late-stage Empyreans would find it somewhat too much to bear, let alone Ye Yuan?

How could he know that Ye Yuan's divine soul was incomparably condensed to begin with?

After essence, energy, and spirit three paths fused into one, his divine soul was even formidable to the extreme, far surpassing those in the same rank.

Previously in the Immortal Grove World, in front of Ji Zhengyang's grave, Ye Yuan's thoughts flowed smoothly, his heart realm reached perfection, and his divine soul even already reached the grand completion realm of rank seven.

This degree of consumption was nothing at all to Ye Yuan.

In the process of advancing, with Ye Yuan absorbing some more carnage energy and converting it to soul force, it would be able to make up for the deficit.

Facing seven great Heavenly Emperors, it was naturally impossible for Ye Yuan to display all of his trump cards.

Therefore, he definitely feigned an appearance of his soul force being depleted.

Chapter 2235: Souleater Beasts

"Brother Ye, are you still alright?" Wu Jiang saw that Ye Yuan's complexion was pale, his entire body seemingly feeble, and so he could not resist asking.

Ye Yuan nodded slightly and said, "Still alright. I can still hang in there!"

Toward this Wu Jiang, it was just Ye Yuan's first time meeting, he naturally would not feel at ease letting him know everything.

These Ghost Dao powerhouses and corpse path powerhouses because of innate reasons, were more coldblooded and violent to begin with.

It was not that there was no good person among Ghost Dao Empyreans, but Ye Yuan did not dare and was also not willing to hand his trust over to a stranger.

He had traveled all over the place for so many years. This bit of shallow logic, he still understood it.

Wu Jiang let out a sigh and said, "Brother Ye, our arms can't wring the thighs and wind. They are Heavenly Emperor powerhouses after all. Only by enduring for some time, will there be an opportunity to escape!"

Ye Yuan nodded slightly and said, "I understand, but I just can't take this lying down!"

Wu Jiang nodded his head and continued saying, "Brother Ye is indeed a young heaven's chosen. Your number of trump cards makes this Wu lament at my own unworthiness too!"

He was really very surprised. Just now, the divine soul power that Ye Yuan exhibited made even the Ghost Dao powerhouses who have cultivated for many years feel ashamed of their unworthiness.

One had to know, Ghost Dao powerhouses did not have physical bodies. What they cultivated was the power of the soul body!

Ye Yuan was young in age. So Wu Jiang really did not know how he did it.

Furthermore, Ye Yuan's ocular arts were also extremely consummate, to actually be able to see through the unreal and see the gray shadows that even Ghost Emphyreans could not see too.

Coupled with that transcendent sword art from before, this was truly a terrifying young man!

It was just a pity that he was too incapable of retaining his composure, to actually expose his strength in order to save his servant.

Furthermore, he even offended the few great Heavenly Emperors!

This journey would probably not be too pleasant.

The party gradually went deeper and the cavern got increasingly larger. The blood pools also got bigger and bigger.

It was more appropriate to say that it gradually turned into a blood lake. The thick bloody air inside made people virtually want to vomit.

Even Ye Yuan was also dumbstruck with amazement by this spectacular sight.

With his eyesight, he could naturally tell that it was all real blood in the blood pools.

Furthermore, tremendous energy was contained in this blood.

Clearly, the former owners of this blood were all extremely strong powerhouses.

So much blood, then how many powerhouses died here?

Swoosh! Swoosh! Swoosh!

Suddenly, several green figures tore past like lightning.

Following there, a miserable scream came over.

A Ghost Emphyrean was directly dragged away by the green shadows.

But these green shadows did not go far but stopped in a cave entrance.

Ye Yuan focused his eyes and looked over, they were several kangaroo-looking little beasts.

While that Ghost Emphyrean being bitten by the little beasts actually did not have the slightest strength to resist at all.

Then, those few little beasts divided up and ate that Ghost Emphyrean in front of everyone just like that.

Acting recklessly and caring for nobody!

These little beasts thought nothing of so many Ghost Emphyreans!

“Souleater Beasts! It’s Souleater Beasts!” Those Ghost Emphyreans were all akin to facing a great enemy, retreating one after another.

While at this time, inside some of the small caves of the cavern, many of such little beasts suddenly tunneled out.

The little beasts got more and more, and actually surrounded the group of Ghost Emphyreans.

Even the faces of those Heavenly Emperors were extremely ugly too.

“What are Souleater Beasts?” Ye Yuan asked with an ignorant look.

Wu Jiang said, “Souleater Beasts are the jinx of Ghost Dao powerhouses, and also the natives of the three great blood pools, feeding on soul bodies. For Ghost Dao powerhouses that run around here, once they encounter Souleater Beasts, they will die without a doubt. The saliva that they secrete has extremely strong anesthetic and digestive effects against Ghost Dao powerhouses. Ghost Dao powerhouses are unable to resist at all. Furthermore, they have the ability to traverse through space. Their speed is extremely fast and impossible to guard against. Even Heavenly Emperor powerhouses are extremely apprehensive of them too.”

Ye Yuan was enlightened when he heard. It turned out that there was still such a formidable ferocious beast.

These Souleater Beasts were simply the jinx of Ghost Dao powerhouses. But to corpse path powerhouses and humans, they were nothing much.

They practically only lived in the three great blood pools.

Because this place had large quantities of soul bodies.

Whoosh, whoosh!

Another dozen over Souleater Beasts suddenly scurried out, the speed inconceivably swift.

Several Ghost Dao Emphyreans at the outer area were frightened until their complexions were ashen, all kinds of horrifying attacks flying over.

But these Souleater Beasts were incomparably sensitive. A twinkle in the air, and they directly dodged all of these disorderly attacks.

“Ahhh!!”

“Ahhh!!”

“Ahhh!!”

... ..

Several miserable cries came over. A few Ghost Emphyreans were dragged away by the Souleater Beasts just like that, who then started eating them with relish at one side.

Devouring these Ghost Dao Emphyreans, the auras of those Souleater Beasts actually grew stronger at a speed visible to the naked eye!

How could those Ghost Dao Emphyreans still keep their wits about them, turning tail and running?

The seven great Heavenly Emperors snorted coldly. A horrifying pressure spread out, those Emphyreans went even paler.

There were wolves in front, tigers at the back, they could not run at all!

The seven great Heavenly Emperors clearly regarded the Asura abnormality this time with great importance, it was impossible to withdraw easily.

At this time, Ninelives pointed at Ye Yuan and said coldly, "You, go and finish off the Souleater Beasts!"

Everyone was stunned. Even Ye Yuan was also taken aback.

"Me? Alone?" Ye Yuan somewhat did not dare to believe it.

Ninelives nodded and said, "That's right! You can choose to face them, or face the seven of us!"

A cold light appeared in Ye Yuan's eyes, this Heavenly Emperor Ninelives was too much!

This guy was clearly targeting him.

The other few Heavenly Emperors all had gloating faces. Clearly, they viewed him as a different kind and were only exploiting him.

As for his life and death, they did not care at all.

Ye Yuan's gaze flicked, and he said in a solemn voice, "Fine, I'll go!"

Ye Yuan brandished his sword and advanced, dividing the crowd, slowly walking over toward those Souleater Beasts.

The group of Heavenly Emperors exchanged glances and smiled, hints of amused expressions revealing on their faces.

There were several dozen Souleater Beasts in front of him. They were all rank seven existences.

Normally, it should be impossible for so many rank seven Souleater Beasts to appear all of a sudden.

But the blood pool was having abnormal activities currently, these guys all scurried out one after another.

"Kill!"

Ye Yuan gave a cold cry, his figure turning into a phantom, rushing straight for the Souleater Beasts.

What he rushed towards was just a middle-stage rank seven Souleater Beast, that Souleater Beast also charged toward Ye Yuan, a hint of scorn flashing across in its eyes.

With a squeak, it disappeared before Ye Yuan's eyes.

Then there was a squelch.

Amidst everyone's amazed gazes, when the Souleater Beast that originally disappeared showed its figure, the bone sword passed through its chest!

This Souleater Beast was already dead.

Before dying, the Souleater Beast still opened its eyes wide to look at Ye Yuan, clearly not believing that Ye Yuan could actually kill it.

"Squeak, squeak, squeak ..."

The Souleater Beasts started braying frenziedly, turning into one glimmering afterimage after another, pouncing over toward Ye Yuan.

The claws of these Souleater Beasts were extremely sharp. Their attacks actually carried spatial law!

Even when encountering ordinary Emphyreans, they likely had no opponents in the same rank too.

It was just a pity that they ran into Ye Yuan.

Apart from a few late-stage rank seven Souleater Beasts that could fight with Ye Yuan to the point they were evenly-matched, the other Souleater Beasts could not block Ye Yuan's sword at all.

Ye Yuan's sword was like a ghost amidst the bloody light. Areas that it passed by, it reaped the lives of Souleater Beasts without restraint.

Chapter 2236: Too Late

The Ghost Emphyreans were incredibly shocked!

Ye Yuan's strength was clearly only Fifth Firmament Emphyrean, but his combat strength was not the slightest bit inferior to a Seventh Firmament Emphyrean.

Furthermore, his sword was extremely bizarre. It actually disregarded the Souleater Beasts' spatial law!

No matter how swift like lightning these Souleater Beasts were, he could kill them with one sword move.

Heavenly Emperor Ghostmourn's gaze turned slightly dark and said, "This kid is fishy!"

Heavenly Emperor Ninelives' eyes were sharp and said with some surprise, "This boy knows some spatial law too. Furthermore ... he fused Sword Dao law and spatial law. His offensive power is very sharp. I didn't expect that he's also adept at restraining Souleater Beasts."

Heavenly Emperor Ghostmourn sneered when he heard that and said, "Human genius martial artist is it? *Jeje*, dying here is also pretty good!"

The other Heavenly Emperors also had gloating expressions on their faces.

But when the Emphyreans heard it, they felt surprised.

This punk's soul force was so strong. So they did not expect that he was also such a terrifying genius in martial arts.

No wonder he could actually block Heavenly Emperor Ghostmourn's attack previously.

“Squeak, squeak, squeak ...”

Suddenly, ear-piercing screams were emitted in the caves by the side.

Three enormous Souleater Beasts scurried out, pouncing straight for Ye Yuan!

“Hiss ... There are actually still several Eighth Firmament Empyrean Souleater Beasts hiding!”

“Luckily this brat lured them out! Otherwise, we’d be dead for sure!”

“However, this boy’s strength is genuinely strong. Placed among human martial artists, he’s absolutely a first-rate genius too! What a shame, he’s going to die here.”

... ..

When the group of Ghost Empyreans saw these three Eighth Firmament Empyrean Souleater Beasts, each and every one of them felt their scalps tingle.

This level of Souleater Beasts was virtually one bite each for them!

After Ye Yuan killed more than a dozen Souleater Beasts in a row, these three Eighth Firmament Empyrean Souleater Beasts finally could not hold back anymore.

With three Eighth Firmament Empyrean Souleater Beasts joining in, Ye Yuan’s pressure immediately skyrocketed.

But he relied on his movement technique’s superiority and could barely manage to tangle with the Souleater Beasts.

When the group of Empyreans saw this scene, each and every one of them was extremely shocked.

Ye Yuan’s combat strength was too fearsome. He was simply a human-shaped monster.

These three Eighth Firmament Empyrean Souleater Beasts, each one facing a human Eighth Firmament Empyrean could definitely win too.

But, under the pincer attacks of so many Souleater Beasts, Ye Yuan could actually still hold out.

Even though Ye Yuan’s body had quite a few injuries added, the number of Souleater Beasts was still slowly reducing.

The faces of the group of Heavenly Emperors finally revealed solemn expressions.

Heavenly Emperor Ghostmourn gnashed his teeth in hatred as he said, “This brat was actually still hiding his strength previously! If not for these three Souleater Beasts taking action, we’ve all have been deceived by him!”

Heavenly Emperor Ninelives’s gaze also turned slightly dark and said, “Hiding his strength is nothing much, but these Souleater Beasts are a huge threat! I reckon that there might even be peak Empyrean Realm Souleater Beasts hiding nearby!”

The moment these words came out, the Heavenly Emperors turned pale with fright!

Peak Empyrean Souleater Beasts were absolutely horrifying existences to Ghost Dao powerhouses.

Peak Empyrean and Eighth Firmament Empyrean Souleater Beasts hiding, what were their targets?

Was there still a need to say?

At this time, they were rejoicing greatly for Ye Yuan's existence.

If not for Ye Yuan, they might really have been tricked by these Souleater Beasts.

While Heavenly Emperors were invincible existences, Souleater Beasts and Ghost Dao Heavenly Emperors were different.

Peak Empyrean Souleater Beasts similarly posed tremendous threats to Ghost Dao Heavenly Emperors!

Encountering a natural enemy, the disparity in cultivation realm was no longer disparity sometimes.

If these Souleater Beasts sneak attacked by taking advantage of the chaos, the final result would really be hard to say.

If a peak Empyrean Souleater Beast could eat a Ghost Dao Heavenly Emperor, breaking through to become a Heavenly Emperor would practically not have much suspense anymore.

This kind of temptation was worth Souleater Beasts taking the risk.

However, all their plans were disrupted by Ye Yuan.

His strength was too strong and actually forcefully contending with the Souleater Beasts horde by himself!

Currently, even Eighth Firmament Empyrean Souleater Beasts were forced out, and they were still unable to do anything to Ye Yuan.

Sure enough, not long after, a green shadow tore through the blood colors and flew straight for Ye Yuan.

Rumble!

Ye Yuan's reaction was extremely fast. With a backhand, it was a sword.

However, this Ninth Firmament Empyrean Souleater Beast was too strong. Ye Yuan vomited a mouthful of fresh bloody violently and was blasted flying out.

How could Ye Yuan still dare to remain still? His figure flashed, tunneling into one of the nearby passageways.

"Squeak, squeak, squeak ..."

The Ninth Firmament Empyrean Souleater Beast cried out strangely and turned into a streak of green light to chase after.

The Souleater Beasts were already enraged. How could they be willing to let Ye Yuan go?

Several dozen Souleater Beasts were in hot pursuit, chasing Ye Yuan into that passageway.

A hint of amusement flashed across the corners of Heavenly Emperor Ninelives' mouth and he said coolly, "Alright, let's go then!"

Heavenly Emperor Ghostmourn laughed loudly and said, "This brat finally met his match. This time, see if he still doesn't die!"

Ye Yuan luring away the Souleater Beasts, the Emypreans could finally heave a sigh in relief.

But following that, there was no one to block the spear for them anymore, they could only hope for the best.

In the crowd, Wu Jiang's expression flickered incessantly. Finally, he still followed everyone and left.

... ..

Swoosh! Swoosh! Swoosh!

Ye Yuan turned into a streak of flowing light, speed swift to the extreme.

Behind him, several dozen Souleater Beasts were quick as lightning, in hot pursuit.

This passageway's blood light was a little dimmer, clearly, it was not the most important passageway.

In a blink, they arrived in an open area.

Ye Yuan's figure suddenly stopped!

The group of Souleater Beasts also abruptly stopped, enclosing Ye Yuan in the middle.

The Souleater Beasts' leader looked at Ye Yuan, a hint of balefulness in its gaze.

These Souleater Beasts had extremely high intellect. Furthermore, their guts were massive, to actually dare ambush Heavenly Emperors!

However, all these plans were ruined by Ye Yuan. So how could they not be furious?

Ye Yuan looked at the Souleater Beast leader and said with a light smile, "Alright, there's no one here anymore, can send you all on the way already!"

The current Ye Yuan, his entire person's aura was incomparably sharp and fierce, just like a sharp sword that was drawn from its sheath. How did he look like he was heavily injured earlier?

Heavenly Emperor Ninelives they all thought that Ye Yuan was already forced to his limits. Actually, all this was within Ye Yuan's calculations!

Souleater Beasts were very clever. Seeing Ye Yuan's appearance, they immediately became vigilant, eyes revealing wary looks.

"Squeak, squeak, squeak ..."

The Souleater Beasts suddenly cried out strangely, turning into bolts of lightning, and they were about to escape.

"Too late ... Immobilize!" The corners of Ye Yuan's mouth curled slightly as he opened his mouth and said coolly.

Time Freeze!

Several dozen streaks of sword light flashed by and disappeared. How much stronger was the power compared to before?

Chi! Chi! Chi!

Several dozen Souleater Beasts were directly killed by Ye Yuan!

The Eighth Firmament Empyrean Souleater Beast was already heavily injured on the verge of death, without the slightest strength to resist.

While the Ninth Firmament Empyrean Souleater Beast's strength was formidable and was not thoroughly dead yet.

"Seal!"

Ye Yuan moved like lightning, instantly laying down an array formation, and imprisoning these few Souleater Beasts.

Ye Yuan took out a small bottle and said with a faint smile, "I didn't expect that there are actually still fierce beasts like you guys. This really greatly exceeded my expectations. *Heh*, Heavenly Emperor Ninelives, since you think so highly of this Ye, then this Ye also can't be stingy and will send a big gift to you later!"

Chapter 2237: Repaying Great Kindness

Within a massive karst cave, several dozen figures were above the dome.

Above the dome, there was a densely packed swarm, blotting out the sky and covering the sun.

The Ghost Dao Empyreans were currently undergoing a bloody battle with a bunch of blood-red bats.

On the other side, the seven great Heavenly Emperors were currently in a fierce battle with three gigantic Bloodwing Bats.

Fortunately, space was heavily distorted here, the undulations of their battle, the majority of it was transmitted away.

The three Bloodwing Bat Kings were all Heavenly Emperor Realm, with their combat strength being extremely formidable. Even if there was Heavenly Emperor Ninelives, this Second Firmament Heavenly Emperor taking part in the battle, they were still unable to do anything to them within a short time.

A blood-red lotus flower was growing upside down above the dome, emitting heart palpitating undulations.

That was shockingly a rank eight spirit medicine!

On the battlefield, came Ninelives's alarmed and furious voice.

"This group of fools actually can't even take care of a bunch of bats! So many people added up isn't as good as that kid alone too! Really a bunch of good-for-nothings!"

At this time, he actually somewhat missed Ye Yuan.

This group of people walking all the way, encountered this Blood Lotus Flower before long.

Rank eight spirit medicine, these Heavenly Emperor powerhouses were naturally moved.

But who would have expected that this Blood Lotus Flower actually had a large group of Bloodwing Bats protecting, and there were even three Heavenly Emperor Realm Bloodwing Bat Kings!

Even though seven great Heavenly Emperors joining hands practically overwhelmed the Bloodwing Bats, they could not take them down in a short time either.

The living things in this blood pool all had their methods against soul bodies.

Among them, one of the Bloodwing Bat Kings was already a peak First Firmament Heavenly Emperor. Coupled with its strange sound wave attack, even Heavenly Emperor Ninelives would find it hard to ward off too.

While on the other side, those Bloodwing Bat numbers were tremendous.

Although the majority of these Bloodwing Bats were only rank six, the numbers of rank seven were not a lot, but their numbers were too many.

After a bloody battle, the Bloodwing Bats and Ghost Dao Emperors this side suffered heavy casualties.

“Damn it, if I’d long known this, I would have let that punk live a while longer! These fools, they simply don’t have any use at all.” Heavenly Emperor Ghostmourn gnashed his teeth in hatred.

Only at this time did they know the significance of Ye Yuan’s existence.

At this time, it was too late to repent.

“Brother Ninelives, this isn’t a solution. Until when are you planning on holding back?” Heavenly Emperor Brutalfeather said in a solemn voice.

Heavenly Emperor Ninelives let out a sigh and said, “Forget it. I originally wanted to save some strength, but these three fellows are indeed somewhat troublesome.”

Finished talking, his fingertips curled lightly. A black lantern appeared in his hand.

The black lantern emitted an incomparably strong aura, it was shockingly a heavenly emperor spirit treasure!

When the Heavenly Emperors saw this scene, each and every one of them was overjoyed.

“Youluo Ghost Lantern!” Heavenly Emperor Ghostmourn said with a pleasant surprise.

This Youluo Ghost Lantern was Heavenly Emperor Ninelives’s lifeblood heavenly emperor spirit treasure. Its power was immensely powerful.

One could say that the Heavenly Emperor Ninelives with the Youluo Ghost Lantern was the real Heavenly Emperor Ninelives!

It was only to see Heavenly Emperor Ninelives hold his palm out. Youluo Ghost Lantern exuded a sinister ghostly energy, making the entire karst cave’s temperature drop by a few degrees.

“Voracious Ghost Face, devour for me!”

Heavenly Emperor Ninelives’s gaze turned intent, crying out coldly. A behemoth-like ghostly figure emerged from the Youluo Ghost Lantern.

This ghost face opened its gaping maws and guzzled over towards the three Bloodwing Bat Kings.

Sensing this terrifying ghost face, a hint of viciousness flashed across the eyes of that strongest Bloodwing Bat King’s eyes.

Suddenly, bloody light shone brightly, the three Bloodwing Bat Kings opened their gaping maws.

A sound wave that could obliterate heaven and decimate the earth vibrated out.

“Puhwark!”

“Puhwark!”

“Puhwark!”

Far away, quite a few Ghost Dao powerhouses were affected by this horrifying sound wave and directly exploded.

The faces of the seven great Heavenly Emperors changed greatly, not expecting that these Bloodwing Bat Kings were actually so strong.

No time to think too much, they unleashed all of their trump cards, meeting with the Bloodwing Bat Kings one after another.

The great battle escalated once more!

The seven great Heavenly Emperors had the advantage in numbers in the end. Gradually, the three Bloodwing Bat Kings finally could not hold on anymore.

The seven great Heavenly Emperors were incomparably excited. Their injuries were not light either, but obtaining the Blood Lotus Flower, everything would be worth it.

“Yo, very lively huh!”

Right at this moment, a discordant voice suddenly sounded out.

The Heavenly Emperors’ gazes turned intent, looking at that figure which suddenly appeared with horrified faces.

Who could this figure be if not Ye Yuan?

Heavenly Emperor Ninelives’s eyes shrunk and he exclaimed, “This boy is actually not dead? No, wait! Why doesn’t he have any injuries on his body at all?”

Being pursued by a peak Empyrean Souleater Beast, Ye Yuan actually did not have injuries on his body!

How did this guy do it?

The seven great Heavenly Emperors all had astounded faces. It was also because of this that they were almost finished off by the Bloodwing Bat Kings.

They had no time to think too much, immediately recollecting their mouths and focusing on dealing with the Bloodwing Bat Kings.

Actually, Ye Yuan had arrived long ago and was concealed in the void all along, observing the great battle between the Bloodwing Bat Kings and the Heavenly Emperors.

At this time, the timing was apt, that was why Ye Yuan revealed his figure.

“How is this possible? Boy, what do you want to do?” Heavenly Emperor Ghostmourn said in alarm and anger.

Ye Yuan smiled and said, “Do what? In order to repay Lord Heavenly Emperors’ great kindness, this Ye is naturally going to pluck this Blood Lotus Flower away.”

Done talking, Ye Yuan did not hesitate either, striding out and flying straight for the Blood Lotus Flower.

The number of Bloodwing Bat was a lot. The moment they saw Ye Yuan rush over, there were immediately several Empyrean Realm Bloodwing Bats that rushed over, attempting to stop Ye Yuan.

But, the places that Ye Yuan’s sword light arrived at, these Bloodwing Bats were not opponents that could last one exchange with this sword move at all!

His combat power was even stronger than these Ghost Empyreans added together!

But the moment he joined the battlefield, there were immediately even more Bloodwing Bats that came to surround him.

Ye Yuan brandished his sword and slaughtered them, akin to entering a no-mans-land.

No one noticed that when Ye Yuan was killing the Bloodwing Bats, he was quietly laying down an array formation above the dome.

Over there, when the Heavenly Emperors saw this scene, each and every one of them was extremely alarmed and enraged.

They cursed fervently, but Ye Yuan completely ignored them and got closer and closer to the Blood Lotus Flower.

Heavenly Emperor Ninelives’s gaze turned intent and he suddenly smacked the Youluo Ghost Lantern.

A thick to the extreme black gas gushed out, enveloping his whole body.

“Vajra Ghost Body! Explode for me!”

Heavenly Emperor Ninelives seemed to have draped on a layer of battle armor, his combat power suddenly going off the charts.

Those three Bloodwing Bat Kings were long already arrows at the end of its flight. How could they resist the Second Firmament Heavenly Emperor, Heavenly Emperor Ninelives, rampaging once more?

Rumble!

Rumble!

Rumble!

The horrifying energy undulation made the entire karst cave's space become several degrees more distorted.

The three great Bloodwing Bat Kings were finally finished off by Heavenly Emperor Ninelives.

While at this time, Ye Yuan already charged to the vicinity of the Blood Lotus Flower.

Heavenly Emperor Ninelives' gaze was incomparably cold as he said with a sneer, "Heaven has a path, but you refuse to walk; hell has no gate yet you want to barge inside! Since you're seeking death, then this Heavenly Emperor will send you off!"

Heavenly Emperor Ghostmourn also smiled coldly and said, "Brat, you survived a calamity and actually still dared to come and court death! This time, I'll see where you can hide! Kill!"

A measly little Emphyrean actually dared to covet the treasure that they expended great efforts to obtain.

The seven great Heavenly Emperors were incomparably enraged and actually joined forces and charged over.

Seven Heavenly Emperors, how astonishing was the power?

When the other Ghost Dao powerhouses saw this scene, each and every one of their complexions turned deathly pale.

While right at this time, a hint of a strange smile suddenly flashed across the corners of Ye Yuan's mouth.

When Heavenly Emperor Ninelives saw this smile, all the hair on his body stood up.

Chapter 2238: Ravaging Heavenly Emperors!

An unbelievably strong sense of crisis welled up in Heavenly Emperor Ninelives's heart.

He looked at that extremely mocking smile of Ye Yuan's. No idea why, it was like seeing the faint smile of the grim reaper.

"Not good! There's a trap!"

Heavenly Emperor Ninelives's figure suddenly stopped, wanting to pull out and leave.

But how could it still make it in time?

"Formation, arise!" Ye Yuan said with a cold cry.

Suddenly, the seven great Heavenly Emperors' area became a misty stretch.

“Ahh! Souleater Beasts’ saliva! This is the saliva of Souleater Beasts!” Heavenly Emperor Ghostmourn gave a miserable scream. His cries were filled with alarm and terror.

“Ahhh!!”

“Ahhh!!”

“Ahhh!!”

... ..

Miserable cries came over one after another. The seven great Heavenly Emperors seemed to have fallen into hell all of a sudden, crying out at the top of their voices.

Heavenly Emperor Ninelives moved the fastest according to the circumstances, directly breaking the formation and leaving.

But he was the first who charged over. The Souleater Beasts’ saliva that he was contaminated by was also the most.

Although Ye Yuan’s array formation was formidable, it was nothing to Heavenly Emperor powerhouses.

However, the goal of Ye Yuan’s array formation was not to trap them. It was just to make them get contaminated with the Souleater Beasts’ saliva.

Heavenly Emperor Zhao Hun’s reaction was the slowest. His whole body from head to toe was practically tainted by Souleater Beasts’ saliva.

His body instantly became much dimmer.

The other Heavenly Emperors were also infected with Souleater Beasts’ saliva to varying degrees!

For some time, miserable cries lingered in their ears.

With the addition of Ye Yuan, those Ghost Dao powerhouses’ pressure fell drastically and already broke up the remaining Bloodwing Bats.

When they saw that the seven great Heavenly Emperors were actually in this state, each and every one of them looked toward Ye Yuan with incredible shock.

Not only did this guy not die, he killed his way back instead and turned the Heavenly Emperors into this state!

Was ... he still human?

“Damn it! How can this Souleater Beast saliva be so strong? This Heavenly Emperor ... This Heavenly Emperor feels like I’m about to asphyxiate already!” Heavenly Emperor Ninelives’s gaze finally revealed a hint of panic.

Ye Yuan took his time to pluck the Blood Lotus Flower, put it away, and said with a faint smile, “I refined this Souleater Beast’s saliva before. The power ... is roughly 100 times of the original!”

Heavenly Emperor Ninelives’ pupils constricted, looking at Ye Yuan with a look of terror.

Souleater Beast saliva was a potent toxin to soul bodies to begin with. Now, this was actually 100 times greater than before!

This lethality was too great!

On Heavenly Emperor Ninelives's body, Dao marks flickered incessantly.

But it was still unable to stop the dissipation of the body!

Amidst the miserable cries, Heavenly Emperor Zhao Hun's figure became dimmer and dimmer, finally dissipating without a trace.

The Ghost Emphyreans only felt their scalps tingle, looking at this scene with great terror.

The scene before their eyes was seriously too shocking.

"A ... A Heavenly Emperor powerhouse died just like that?" A Ghost Emphyrean still did not quite dare to believe it.

Heavenly Emperor powerhouses were extremely hard to kill and also represented invincibility.

In their view, Heavenly Emperors were undying existences.

But now, one was actually killed by an Emphyrean just like that!

All the gazes gathered on Ye Yuan, full of dread.

This human was too terrifying!

Very soon, another Heavenly Emperor scattered and disappeared completely, dead!

Ye Yuan stood with his hands behind his back, looking at this scene with a calm face.

Dao marks revolved on the Heavenly Emperors' bodies, resisting the corrosion of the Souleater Beast saliva madly.

After all, they were Heavenly Emperor powerhouses. Enveloping in Dao marks, their life force was extremely strong.

Heavenly Emperor Brutalfeather, Heavenly Emperor Ghostmourn, and a few others were more careful. The Souleater Beast's salivas they were tainted by were not much. They barely managed to resist it.

Heavenly Emperor Ninelives's strength was the strongest. He resisted the corrosion desperately.

But his body was still in the midst of slowly dissipating.

Very soon, the third Heavenly Emperor perished!

Heavenly Emperor Brutalfeather, Heavenly Emperor Ghostmourn, and the rest finally kept the dissipation of their bodies in check.

But their bodies already became very illusory. The Souleater Beast's saliva clearly caused them great injury, and they were unable to recover to full health within a short time.

The Ghost Emphyreans sucked in a cold breath!

In a blink, out of seven great Heavenly Emperors, three died and three were injured, there was still one currently struggling desperately.

This human was simply too fearsome!

But seeing this scene, the group of Ghost Emperors also felt delighted in their hearts.

From the beginning, they were kidnapped by the seven great Heavenly Emperors, who forced them to enter and be cannon fodders.

Now, seeing them so miserable, they were naturally happy to see it happen.

Heavenly Emperor Ninelives's figure became fainter and fainter, and he was clearly could not hold on already.

As for Heavenly Emperor Ghostmourn, his expression currently was extremely ugly.

Swoosh!

Heavenly Emperor Ghostmourn did not hesitate in the slightest, turning around and fleeing.

Ye Yuan laughed coldly, taking a step out, and actually reached first despite launching later, blocking Heavenly Emperor Ghostmourn.

"Why? Meeting once again, haven't even said hello properly and you want to leave already?" Ye Yuan said with a cold smile.

Heavenly Emperor Ghostmourn's strength currently had less than 5% remaining and was weak to the extreme. He was not Ye Yuan's match at all.

"You ... What do you want?" Heavenly Emperor Ghostmourn said with a look of apprehension.

"What do I want? *Huhu*, don't you have any idea what you've done before? Didn't you say that my threat was very laughable? Didn't you say that an Emperian threatening a Heavenly Emperor is overestimating my own ability? What about now? Are Heavenly Emperors very impressive?" Ye Yuan said with a look of amusement.

Were Heavenly Emperors very impressive?

How insufferably arrogant was the Heavenly Emperor Ghostmourn previously, killing people at a word of disagreement.

In his eyes, Ye Yuan and these Ghost Dao Emperians were merely ant-like existences.

But now, Ye Yuan had full confidence when he said this sentence!

The other Heavenly Emperors were still fine, but this Heavenly Emperor Ghostmourn wanted his life straight away.

Later, he also incited Heavenly Emperor Ninelives time and again.

This enmity was long formed. It was naturally impossible for Ye Yuan to let him off.

“Ye Yuan, the matters previously were all this Heavenly Emperor’s fault! I apologize to you! I ... I beg you to give me a way out!” Heavenly Emperor Ghostmourn was shameless and actually lowered himself and begged Ye Yuan for mercy.

Ye Yuan grinned and said, “If apologizing had a use, what do we still need cultivation for? Isn’t becoming strong is to be able to control everything as we wish?”

Heavenly Emperor Ghostmourn’s expression changed, and he said in a cold voice, “Ye Yuan, do you really want to have a life and death struggle?”

Ye Yuan could not help laughing as he said, “Life and death struggle? With just the likes of you?”

Heavenly Emperor Ghostmourn’s gaze turned intent. Gritting his teeth, Dao marks surfaced on his body.

A surge of Heavenly Dao pressure suddenly enveloped.

There was suddenly a dark ax in his hand!

Heavenly emperor spirit treasure!

He snorted coldly and said, “A starving camel is still bigger than a horse! Ye Yuan, you forced me!”

“That’s Distant Hatred Heaven Slaughter Axe, Heavenly Emperor Ghostmourn’s consummate skill!”

“Heavenly Emperor powerhouses are Heavenly Emperor powerhouses! Even when seriously injured, they are also not what Emphyreans can provoke!”

“What’s Ye Yuan doing? Could it be that he already resigned himself to fate?”

... ..

The Ghost Emphyreans had shocked faces, clearly being intimidated by Heavenly Emperor Ghostmourn’s imposing aura.

Even if Heavenly Emperor Ghostmourn was currently seriously wounded, the might of a Heavenly Emperor still could not be provoked.

Just based on heavenly emperor spirit treasures and Dao marks, he could still instantly kill peak Emphyrean powerhouses!

Ye Yuan stood with his hands behind his back. With a calm mind, he was watching Heavenly Emperor Ghostmourn perform, seemingly not having the intention of taking action.

Just as Heavenly Emperor Ghostmourn’s aura soared to the peak and the ax was about to land.

Ye Yuan lightly spat a word out of his mouth.

“Immobilize!”

At the same time, Ye Yuan flashed, already arriving in front of Heavenly Emperor Ghostmourn, scattering Souleater Beast’s saliva.

Chapter 2239: Even

The shrill scream shook until the entire cave was practically about to collapse.

The quantity of this bunch of Souleater Beasts' salivas was sufficient for Heavenly Emperor Ghostmourn to die ten times over!

He could dispel away the Souleater Beast saliva in the array formation, but in his current state, how could he dodge Ye Yuan's Time Freeze?

His figure became fainter and fainter, finally dissipating without a trace amidst the miserable screams.

Ye Yuan received Heavenly Emperor Ghostmourn's ax and put away the Heavenly Emperor spirit treasure.

Although he did not use an ax, it was a Heavenly Emperor spirit treasure after all.

Each and every one of these Heavenly Emperors had ulterior motives too. The battle situation was so fierce, and yet Heavenly Emperor Ghostmourn actually still held back.

While at this time, over at Heavenly Emperor Ninelives's side, the struggle came to an epilogue already as well.

A Second Firmament Heavenly Emperor, the tenacity of his life force was on a completely different level.

He got hit by the most, but he held out the longest!

All of the Emphyreans' gazes shifted along with Ye Yuan, and they could still hear the sounds of cold air being drawn from time to time.

This guy was too terrifying!

"Just now, that was ... Heavenly Dao True Word, right?"

"Heavenly Emperor Ghostmourn didn't die in vain! They all thought that they had already figured out Ye Yuan's trump cards. But what Ye Yuan displayed before was merely just a portion of it!"

"With a wave of a hand, among the seven great Heavenly Emperors, five dead and two injured! Truly a terrifying fellow!"

... ..

These Ghost Dao Emphyreans were also old monsters who had lived for no idea how many tens of thousands of years already. But their past experiences added up was also not as shocking as today.

Only today did they know that it turned out Heavenly Emperors could be so feeble too.

Ye Yuan's footsteps moved, slowly walking over towards Heavenly Emperor Ninelives.

"Brat, this Heavenly Emperor won't let you off!" Heavenly Emperor Ninelives looked at Ye Yuan hatefully and bellowed.

The corners of Ye Yuan's mouth curled slightly, revealing a look of disdain.

The threat of someone who was about to die, would he take it to heart?

Rather, that Youluo Ghost Lantern, Ye Yuan paid quite a bit of attention to it.

“Release!”

Right at this time, Heavenly Emperor Ninelives finally gave up struggling, ending his life with his own weapon.

Heavenly Emperor Ninelives, perished!

Everyone’s heart shook wildly. Although they had known the ending long ago, when this ending really occurred, they still felt like they did not dare to believe it.

After all, that was a Second Firmament Heavenly Emperor!

Ye Yuan himself did not have much reaction to his suicide, grabbing straight at the Youluo Ghost Lantern.

But just as his hand was about to grab until the Youluo Ghost Lantern, warning bells rang!

At this time, a voice suddenly sounded out, “Brother Ye, careful! Heavenly Emperor Ninelives didn’t die!”

No time to think too much, Ye Yuan displayed spatial law to the extreme, directly vanishing on the spot.

Rumble!

The place where Ye Yuan was standing, a vacuum was directly blasted out in the blood light.

Only afterward did it slowly recover.

“Puhwark!”

Even if Ye Yuan’s reaction was extremely fast, he was still affected by this.

His gaze turned slightly dark, looking at the Youluo Ghost Lantern.

It was only to see a ghost slowly emerge from within. Who could it be if not Heavenly Emperor Ninelives?

He looked at Ye Yuan. A hint of killing intent was flashing across his eyes as he said in a solemn voice, “Turns out that this is your true strength. We were all hoodwinked by you!”

The spatial law that Ye Yuan displayed just now already reached peak rank six.

Even ordinary Heavenly Emperors would find it hard to compare too.

The certain-kill strike that he prepared for Ye Yuan was still evaded by Ye Yuan in the end.

Heavenly Emperor Ninelives could not help regretting deeply!

Ye Yuan looked at Heavenly Emperor Ninelives, his gazes glimmering.

This guy actually rose from the dead!

But the Second Firmament Heavenly Emperor was significantly weaker than before, and already dropped to a First Firmament Heavenly Emperor.

Heavenly Emperor Ninelives did not make a move now. Clearly, he was extremely wary of Ye Yuan too.

The Souleater Beast's saliva after being refined was too strong. If he were to be contaminated again, he would virtually not have much strength to fight back anymore.

"Heavenly Emperor Ninelives! *Heh heh*, I underestimated your name!" Ye Yuan said with a cold laugh.

Heavenly Emperor Ninelives snorted coldly and said, "This Youluo Ghost Lantern can save eight soul parts, nourishing them inside! Each soul part is one life. This Heavenly Emperor naturally has nine lives! Otherwise, how do you think Heavenly Emperor Ninelives this title came about?"

Ye Yuan nodded and said, "So that's how it is! I killed a life of yours, we're considered even. If you provoke this Ye again, then this Ye don't dare to guarantee how many lives you can still have remaining!"

This was a blatant threat!

Heavenly Emperor Ninelives's gaze turned cold. Staying quiet for a moment, he suddenly turned his head to look at Wu Jiang.

"You know this Heavenly Emperor's trump card?"

The one who warned earlier was none other than precisely Wu Jiang.

Wu Jiang's expression was somewhat ugly and he said, "Back then, you and Heavenly Emperor Spiritbless, in order to fight for the Silvernet Blood Essence, perished together. This Wu just happened to be present! However, the result of that battle was that he perished, but you obtained the Silvernet Blood Essence, and broke through to become a Second Firmament Heavenly Emperor!"

When everyone heard this, they could not help revealing a look of surprise.

Heavenly Emperor Spiritbless was also a peerless powerhouse who walked out of the Asura Blood Sea, but he died in the end.

They did not expect that he actually perished together with Heavenly Emperor Ninelives.

Youluo Ghost Lantern this heavenly emperor spirit treasure was truly a major killing tool!

Heavenly Emperor Spiritbless perished, but Heavenly Emperor Ninelives obtained the Silvernet Blood Essence. Because of it, he broke through to become a Second Firmament Heavenly Emperor.

It was just a pity that this time, Heavenly Emperor Ninelives did not obtain any benefits. Not only did he lose a life, but his realm also fell too.

In the end, the Blood Lotus Flower was also acquired by Ye Yuan.

One could say that any gains could not make up for the losses!

Ye Yuan arrived in front of Wu Jiang with a flash and said, "Just now, many thanks for Brother Wu's warning. This Ye owes you a favor."

Finished talking, Ye Yuan took out the Blood Lotus Flower. A sword light flashed past and actually directly split the Blood Lotus Flower into two.

He passed Wu Jiang half and said coolly, "This half portion of Blood Lotus Flower, just take it as returning your favor."

All around, the Empyreans' faces had surprise and also envy.

One sentence exchanged for half a Blood Lotus Flower. This was too effortless.

Wu Jiang did not take it and said with a bitter smile, "Actually, even without my reminder just now, Brother Ye would be fine too. This Blood Lotus Flower, I'm not worthy of it!"

It was not that he, Wu Jiang, was an upright gentleman, but actually he had witnessed Ye Yuan's numerous means. His opinion of Ye Yuan was already not the same long ago.

In the very beginning, he only felt that Ye Yuan's strength was not ordinary. That was why he wanted to form an alliance with him.

But along the way, Ye Yuan overcame all the difficulties with his strength alone. He was virtually undefeatable in Empyrean Realm!

Now, he even slaughtered five great Heavenly Emperors in a row!

This kind of battle achievement simply subverted his understanding.

Just now, he saw it plainly. When he was warning Ye Yuan, the latter already unconsciously displayed spatial law.

Hence, even without his warning, Ye Yuan would also be fine.

At most, the injuries would just be slightly worse.

Therefore, it was not that he did not want to take this half Blood Lotus Flower, but that he did not dare to take it.

Obtaining this half portion of Blood Lotus Flower, with his talent, he would have another 10% assurance of assaulting rank eight Empyrean!

Ye Yuan directly stuffed half of the Blood Lotus Flower into Wu Jiang's hands and said coolly, "This Ye looks at the process, not look at the result. You deserve to take it!"

Along the way, Ye Yuan was still rather discontented with Wu Jiang.

After all, he and Wu Jiang formed an alliance, but Wu Jiang never took any action.

However, with that warning earlier, this half a Blood Lotus Flower was worth it!

Chapter 2240: Does This Boy Want to Defy the Heavens?

It was a great battle. The losses were heavy. Everyone recuperated on their own.

Ye Yuan did not think too much, directly swallowing his portion of Blood Lotus Flower.

Blood Lotus Flower was an extremely rare rank eight spirit medicine, the spiritual energy contained within was extremely abundant.

If refined into a pill, it would be a medicinal pill that could let Heavenly Emperor powerhouses advance greatly in strength.

The Blood Lotus Flower grew in the Asura Blood Sea, this kind of place. Hence, it contained a lot of carnage energy inside. Ordinary human martial artists did not dare to directly swallow it at all.

Seeing Ye Yuan directly swallow the Blood Lotus Flower, the Emyreans could not help being stupefied.

However, Ye Yuan did not care. Carnage energy was similarly a great tonic to him.

Half a day later, Ye Yuan's aura skyrocketed, finally reaching peak middle-stage Chaos Realm. There was only a hair's breadth away from late-stage Chaos Realm.

Seeing this, everyone could not help feeling speechless.

This human was unable to gauge using common sense at all.

Ye Yuan found Wu Jiang and discovered that his aura also rose significantly, and that he had already reached peak Emyrean Realm.

Furthermore, Ye Yuan could detect that the Blood Lotus Flower still had a large portion of medicinal strength that was not refined.

The residual rank eight laws in the Blood Lotus Flower would also help him comprehend Heavenly Dao, and this would increase the chances of breaking through to become a Heavenly Emperor.

Ye Yuan could perceive that Wu Jiang's strength was extraordinary.

With this Blood Lotus Flower, he already faintly had some awareness that breaking through to become a Heavenly Emperor in the future would likely not be difficult.

This thing meant too much to Wu Jiang!

Rather, it was Ye Yuan who was like a bottomless pit, sucking all the medicinal strength without anything remaining.

"Looks like Brother Wu's harvest is greater than I imagined. Congratulations, Brother Wu," Ye Yuan said with a light smile.

Wu Jiang had a grateful look as he said, "This is still all thanks to Brother Ye gifting the medicine!"

Ye Yuan waved his hand and said, "The Silvernet Blood Essence hasn't appeared for a long time, but Heavenly Emperor level fierce beasts are already appearing here. Continuing forward will be unbelievably dangerous. Let's bid farewell here."

Wu Jiang's gaze flickered and was just about to speak when suddenly, the laughter of a child suddenly sounded out inside the karst cave.

"Hehehe ..."

The faces of the Emyreans changed slightly. Suddenly, a streak of silver light flashed past.

Whoosh!

Everyone only felt a blur before their eyes, that silver light rushed straight for the Heavenly Emperor Brutalfeather who was currently healing his injuries!

The powerful Heavenly Emperor Brutalfeather actually did not have the slightest strength to resist and was directly abducted away.

“Sun Moon Heavenly Pupil, activate!”

Ye Yuan’s gaze turned sharp, directly activating the Sun Moon Heavenly Pupil. He then saw a seven to eight years old child biting Heavenly Emperor Brutalfeather in his mouth, and he was heading toward the depths of the passageway.

Heavenly Emperor Brutalfeather’s face revealed a look of terror. But he was being bitten by the child and did not have leftover strength to resist at all.

Wu Jiang’s face changed and he said, “That’s ... the aura of the Silvernet Blood Essence! A Silvernet Blood Essence that has taken human form!”

Ye Yuan’s expression changed wildly. Virtually without the slightest hesitation, his figure shot out like lightning.

At the same time, Heavenly Emperor Ninelives’s figure also shot out like lightning.

The two figures, one in front and one at the back, vanishing from everyone’s line of sight in a blink of an eye.

“This Silvernet Blood Essence actually grasped spatial law!”

Ye Yuan was startled. With his spatial law comprehensions, he actually could not catch up to the Silvernet Blood Essence within a short time.

This Silvernet Blood Essence’s spatial law was already rather terrifying.

However, Ye Yuan’s spatial law was ultimately a notch higher. The distance was constantly shrinking.

At the back, the more Heavenly Emperor Ninelives chased, the more alarmed he got.

He, this Heavenly Emperor powerhouse, actually could not catch up to an Emyrean!

Ye Yuan’s spatial law was not restricted here at all.

This guy was simply a monster.

However, he was, at any rate, a Heavenly Emperor powerhouse, forcefully relying on his powerful divine essence as an advantage, hanging behind Ye Yuan.

Three figures, racing each other, dashing in the passageway.

But Ye Yuan was burning with anxiety in his heart, the deeper in, the more dangerous.

Those top major powers were all in the depths of the passageway.

The direction that this Silvernet Blood Essence was heading in was precisely where the bloody light was most flourishing.

While at this time, Ye Yuan's Sun Moon Heavenly Pupil saw it clearly.

As the Silvernet Blood Essence fled, it gnawed on Heavenly Emperor Brutalfeather!

He could feel that child's aura currently becoming stronger little by little.

"Hurry! A little faster!"

Ye Yuan urged his speed to the limits, but he was still unable to be any faster.

Although the distance was shrinking, continuing to chase at this speed, no idea when he would have to chase until.

At this very moment, Ye Yuan only had one thought in his mind, that was to be a little faster!

Behind Ye Yuan, Heavenly Emperor Ninelives's pupils suddenly constricted, his heart shaking wildly.

In his eyes, Ye Yuan's speed suddenly skyrocketed, like he added an ignition device, heading for the Silvernet Blood Essence like flying.

"What's going on? This boy clearly already reached his limits. Why would he suddenly become so fast? No, wait! It's ... It's me who slowed down!"

Monstrous waves stirred up in Heavenly Emperor Ninelives's heart. He discovered that the scenery on both sides gradually slowed down.

But he was clearly maintaining the fastest speed.

What was going on?

Earlier, when he saw Ye Yuan suddenly accelerate, it was just his misconception.

Suddenly, Heavenly Emperor Ninelives's thoughts flashed in his mind, his gaze revealing a look of amazement.

"T-Time law! This boy comprehended time law?"

"Won't be wrong! This ... This is definitely time law!"

Heavenly Emperor Ninelives' current emotion was simply unable to use words to describe. He just felt his back drip with cold sweat.

He only felt like there was a myriad of profanities running across his mind.

How could there be such a monstrous person in this world?

"Time law, spatial law! Two supreme laws, he comprehended two forms of time! Does this boy want to defy the heavens?"

Any words were insufficient to describe his current shock.

At this moment, he was incomparably certain that Ye Yuan indeed touched time law, making the surrounding time flow slow down.

Hence, that was why his speed would be blinding fast.

Concerning supreme laws, comprehending one was already the blessing of 18 generations of ancestors.

This boy actually comprehended two of them!

In the future, after he corroborated his Dao and became a Heavenly Emperor, the day when he became a supreme lord, who could still be his match in this Heavenspan World?

Terrifying!

Too terrifying!

Just thinking about it, Heavenly Emperor Ninelives shuddered without feeling cold.

Reaching Heavenly Emperor Realm, the things that could make them be in awe and veneration were already very few.

He had never thought that he would reveal fearful feelings toward an Emyrean Realm martial artist one day!

Meeting Ye Yuan for the first time, he only felt that his strength was decent.

But along the way, he forced out Ye Yuan's strength little by little.

When Ye Yuan displayed Heavenly Emperor True Word, that instant he annihilated Heavenly Emperor Ghostmourn.

Only then did he know what kind of a monster he provoked!

But he was still unconvinced. He was a Heavenly Emperor. How could he accept an Emyrean scaring him to this extent?

Hence, he wanted to borrow the opportunity of rebirth and kill Ye Yuan in one stroke.

But Ye Yuan's spatial law erupted in full force, finally still avoiding his certain-kill strike!

At that time, he became extremely apprehensive of Ye Yuan.

If not for the Silvernet Blood Essence being too important to him, he even wanted to leave at this point.

But precisely because he followed after, he witnessed the moment of a miracle!

A peerless powerhouse who gathered two supreme laws onto one body was born!
