### Unrivaled Medicine God

#### Chapter 2281: Carrot and Stick

Looking at his new world, Ye Yuan's face could not help revealing a wry smile.

"Even if expanded a hundred times, my world is also just a drop in the ocean compared to the Heavenspan World!"

Ye Yuan's internal world was not the slightest bit inferior to the Heavenspan World in terms of quality.

But in terms of scale, it was far inferior.

Compared to the Heavenspan World, Ye Yuan's internal world could be said to be a pocket-sized world.

However, Ye Yuan was not discouraged.

The Heavenspan Mountain was a complete world, while his world still had a lot of potentials which could keep on being tapped.

He believed that one day, he could create a world that could be on par with the Heavenspan Mountain.

"I just broke through to the World Realm currently, but the thickness in terms of divine essence is already not inferior to peak First Firmament Heavenly Emperor! Coupled with Time Freeze and other divine abilities, even if I run into Third Firmament Heavenly Emperors, I have the power to fight too!"

The breakthrough this time, the increase in strength was tremendous.

When he was at peak Chaos Realm, he could cut down a First Firmament Heavenly Emperor powerhouse.

Now that his strength soared, being able to rival Third Firmament Heavenly Emperors was not incomprehensible.

Suddenly, Ye Yuan's expression changed wildly and he cried out in shock, "Damn it, here it is again!"

The eighth Nirvanic Tribulation arrived as promised!

Every inch of Ye Yuan's body was becoming decayed and aged.

Furthermore, Ye Yuan discovered that the nirvanic tribulation this time actually could not be defied!

Ye Yuan's gaze turned sharp, and he said with a cold snort, "So what if it can't be defied? I have an entire world as my backing. Can't I pull through a measly little nirvanic tribulation? Heaven and earth law, impose on my body!"

Ye Yuan established a connection between his fleshy body and the entire chaos world, drawing on the chaos world's power endlessly.

Those necrotic muscles were regenerating at a speed visible to the naked eye!

However, the rank eight nirvanic tribulation was indeed terrifying. Even if he drew the power of the world, it could only barely manage to let the speed of regeneration catch up to the speed of necrosis.

However, Ye Yuan's chaos world could draw the outside world's heaven and earth spiritual energy inexhaustibly to replenish. It was equivalent to Ye Yuan borrowing the power of the Heavenspan Mountain to tide over the nirvanic tribulation this time.

No matter how strong your nirvanic tribulation was, it was also impossible to be stronger than the Heavenspan Mountain.

No idea how long time had passed, and then the nirvanic tribulation finally stopped.

The speed of regeneration finally surpassed the rate of necrosis.

His fleshy body was rapidly recovering.

Finished transcending the nirvanic tribulation, Ye Yuan felt lingering fear too.

"No wonder no one dared to cultivate the perfect Nine Transformations Golden Body. This rank eight nirvanic tribulation isn't some nirvanic tribulation, but a certain-death tribulation. My chaos world is so powerful and I was still in such perilous danger. If it were others, they would have long died ten times over!" Ye Yuan said with vicissitudes of emotion.

But the more dangerous, the greater the benefits obtained naturally.

Currently, Ye Yuan's fleshy body obtaining the blessing of Heavenly Emperor could forcefully contend with heavenly emperor spirit treasures.

His casual punch could blow up a First Firmament Heavenly Emperor powerhouse!

... ..

The fog gathered by heaven and earth spiritual energy finally scattered away, revealing Ye Yuan's figure.

"Turns out that it's a First Firmament Heavenly Emperor little baby! Punk, you're deliberately causing trouble, right?"

"Impudent brat, if you don't give this emperor an explanation today, this emperor will definitely make you regret being born in this world!"

"Punk, you simply incur the wrath of gods and men when you do things! Do you know that you've already offended all of the Heavenly Emperors on the mountain?"

... ..

The moment Ye Yuan appeared, he was drowned by spittles.

A large group of Heavenly Emperor powerhouses surrounded, all scolding with flushed faces, filled with righteous indignation.

Ye Yuan had a blank look, completely unaware of what was going on.

In the crowd, Heavenly Emperor Justbright suddenly rushed in front of Ye Yuan, pointed at Ye Yuan's nose, and said viscosly, "Punk, this Heavenly Emperor has remembered you! Just you wait, after going out of the Heavenspan Mountain, this Heavenly Emperor will hunt you down till the end of the world!"

The moment Heavenly Emperor Justbright spoke up, the rest quietened down and used a very pitiful gaze to look at him.

This guy was too tragic!

Finally managed to corroborate the path of Ninth Firmament Heavenly Emperor supreme realm. In the end, the spiritual energy was directly drained by Ye Yuan, forcefully interrupting his breakthrough.

No idea when would be the next time he found this opportunity.

“Right, kill him! Not killing him, this old man can’t stomach this anger!”

“Kill him!”

“Kill him!”

... ..

Ye Yuan was taken aback and said, “Senior, how did I offend you? There’s no need to be so cruel, right?”

Heavenly Emperor Justbright stomped about in a frenzy and said, “How did you offend me? How did you offend me?! You just offended me!”

Actually, it was not like this mountain full of Heavenly Emperor powerhouses did not struggle before.

When Ye Yuan plundered the spiritual energy, they also attempted to absorb spiritual energy.

But, no matter how high their realm was, they could not win Ye Yuan at all!

Ye Yuan this side was like a vacuum zone, the heaven and earth spiritual energy gathered over here frenziedly.

No matter how hard they worked, it was all useless.

Ye Yuan’s expression was odd. Suddenly, he grinned and said, “Since everyone wants to kill me, then I can’t let you all go out of the Heavenspan Mountain!”

Heavenly Emperor Justbright said with a disdainful look, “Not letting us go out ...”

*Bang!*

Heavenly Emperor Justbright’s words were said halfway when it abruptly stopped, his face already struck by Ye Yuan’s fist, fresh blood pouring.

*Bang!*

*Bang!*

*Bang!*

... ..

Ye Yuan’s aura skyrocketed, one punch after another pummeling the group of Heavenly Emperors until they fled helter-skelter, wails of doom filling the lands.

No matter how strong they were, they could not escape Ye Yuan's violent hands at all.

"Ahh! Why! Why isn't he restricted by the Heavenspan Mountain and can attack at will?"

"Heavenspan Mountain, open your eyes and smite this guy!"

"Damn it! Damn it! Why doesn't the Heavenspan Mountain have any reaction at all?"

... ..

The Heavenly Emperors all shouted frantically, but the Heavenspan Mountain still did not have the slightest bit of activity.

Before long, the strongest group of people in this world fell to the ground.

They did not dare to fight back and could only get beaten.

Ye Yuan did not kill but beat until they cried for their father and mother.

Eighth transformation perfect golden body was no joke!

Ye Yuan grabbed Heavenly Emperor Justbright and smashed a fist on his face again and said, "Still want to kill me?"

"Kill! Blocking one's breakthrough is akin to killing people's parents! Kill me today if you have the ability! Otherwise, this Heavenly Emperor will definitely hunt you down to the ends of the world!"

*Bang!*

"Still killing or not?"

"Killing!"

*Bang!*

"Still killing or not?"

"Not killing anymore! Not killing anymore! You ... Stop hitting me!"

Ye Yuan let go of Heavenly Emperor Justbright and said with a sigh, "Wouldn't there be no need to suffer so much physical hardship if you say it earlier? Swear a Heavenly Dao Oath then!"

Heavenly Emperor Justbright had an appearance like his parents had died. Under Ye Yuan's despotic power, he swore a Heavenly Dao Oath.

Ye Yuan did not kill. He only beat these guys until they were in pain, and then forced them to swear a Heavenly Dao Oath one by one.

After everything was settled, Ye Yuan finally breathed a sigh of relief.

Being hunted down by the mountain full of Heavenly Emperor powerhouses was not a fun thing.

After he finished forcing everyone to swear the Heavenly Dao Oath, Ye Yuan arrived before Heavenly Emperor Justbright and patted his shoulder.

Heavenly Emperor Justbright jumped in fright and said with a mournful face, "I ... I already swore the Heavenly Dao Oath!"

Ye Yuan smiled and said, "Elder Brother, today's matter was my fault. In order to compensate you, this Ye can refine a Nine Refinements Cloudheaven Pill for you free!"

### Unrivaled Medicine God

#### **Chapter 2282: : Well Beaten!**

"Nine Refinements Cloudheaven Pill! You ... You know how to refine the Nine Refinements Cloudheaven Pill?"

Hearing the name Nine Refinements Cloudheaven Pill, Heavenly Emperor Justbright's breathing could not help becoming tense. But very soon, he smiled coldly and said, "Continue bragging, kid! Don't talk about the fact that you just broke through to Heavenly Emperor Realm; even if you cultivate to Ninth Firmament Heavenly Emperor, it's also impossible to refine the Nine Refinements Cloudheaven Pill!"

Rank eight divine pills were too difficult to refine!

To Heavenly Emperor powerhouses, even the most rubbish medicinal pill could make them excited for many years.

Rank eight divine pills were supreme level medicinal pills.

Without the strength of Ancestor Realm, there was no way to touch it at all!

But even if you had Ancestor Realm strength, it also did not mean that you could refine rank eight divine pills.

Therefore, the number of Eight-star Alchemy Gods was few and far between.

Furthermore, the further Eight-star Alchemy Gods went up, the more difficult it got!

A Nine Refinements Cloudheaven Pill was a level seven difficulty and above rank eight divine pill. The refining difficulty could be imagined.

Even some Eight-star Alchemy Gods with extremely deep qualifications could not refine it, let alone talk about a brat who just broke through to Heavenly Emperor.

Eight-star Alchemy Gods that could refine the Nine Refinements Cloudheaven Pill, each one was a supreme level figure of the Heavenspan World.

In terms of status, they were much higher than even Heavenly Emperor Justbright, this Eighth Firmament Heavenly Emperor!

A kid who just broke through to Heavenly Emperor Realm said that he wanted to refine the Nine Refinements Cloudheaven Pill, wasn't this a joke?

"*Huhu*, kid, you got to run it through your head when you're boasting!"

"If you can refine the Nine Refinements Cloudheaven Pill, then I can eat the Heavenspan Mountain!"

“Who do you think you are? The reincarnation of the Medicine Ancestor? Able to refine the Nine Refinements Cloudheaven Pill the moment you broke through?”

... ..

Ye Yuan’s words immediately drew a wave of ridicule.

Ye Yuan did not care and said with a light smile, “Brother Justbright, this Ye isn’t joking with you. Later, you come to Heavenly Eagle Bodhidharma to find me. However, you have to gather the rank eight spirit medicines yourself. This Ye isn’t so loaded!”

Finished talking, he turned around and walked towards the transmission array, and went out to the Heavenspan World.

“Heavenly Eagle Bodhidharma ... Heavenly Eagle Bodhidharma, this name is so familiar! Ah! It ... It’s him!” Heavenly Emperor Qing Shan cried out in surprise.

The others had baffled looks, not knowing what this guy was yelling about.

The name of this Bodhidharma, they had never heard before. It was clearly a minor faction.

“Kicking up a big fuss for what? Southern Border that kind of small place, what major faction can there be, being all startled!” Heavenly Emperor Justbright wiped the blood on his face and said unhappily.

Heavenly Emperor Qing Shan said, “You all have been in retreat here for many years and completely don’t know how terrifying this person is!”

When everyone heard it, they could not help becoming interested.

Someone said, “It’s just breaking through to the Heavenly Emperor Realm, what’s there to be afraid of? But his cultivation method is indeed rather sinister, to actually drain all the heaven and earth spiritual energy above 100 thousand miles! But so what? In the outside world, I can smack him to death with one slap!”

But Heavenly Emperor Qing Shan became more and more excited, and he said, “The significance of him breaking through to Heavenly Emperor is extraordinary! Lord Justbright, your beating wasn’t in vain, you made a fortune!”

The moment Heavenly Emperor Justbright heard this, he was greatly enraged and said, “Punk, this emperor remembered you! This emperor can’t do anything to that punk, but could it be that I still can’t do anything to you?”

Heavenly Emperor Qing Shan’s expression changed greatly. He was just a First Firmament Heavenly Emperor, so how could he stand being marked by Heavenly Emperor Justbright?

He waved his hand repeatedly and explained in a fluster, “Lord Justbright, calm your anger! Hear me say it entirely first! This Heavenly Eagle Bodhidharma is a new faction that just rose up in these recent few centuries. But no one dares to ignore this faction in the Heavenspan World anymore! That kid earlier is Heavenly Eagle Bodhidharma’s leader! And he also has another identity! He is the Priest Temple’s Second Sage!”

“Second Sage! Sacred Ancestor High Priest is an existence second only to the Medicine Ancestor, he’s the Priest Temple’s Second Sage, then ...” When everyone heard this name, their faces finally became solemn.

This Second Sage was not what anybody could take on!

This title could only be recognized by the Sacred Ancestor High Priest himself.

Furthermore, once he acknowledged it, it was equivalent to saying that Ye Yuan had strength that was not inferior to him!

But, a brat who just broke through to Heavenly Emperor Realm, how could he possibly stand on equal footing as Sacred Ancestor High Priest?”

Heavenly Emperor Qing Shan nodded and said, “Not long ago, when he was still a Seven-star Alchemy God, he refined an end spirit divine-grade Nine Profounds Heavenly Emperor Pill, and forcefully created a Heavenly Emperor! At that time, he was hailed as the next Medicine Ancestor! Now, he broke through to the realm of Heavenly Emperor ...”

The words at the back, Heavenly Emperor Qing Shan did not speak, but the meaning was already very clear.

This guy was remarkable!

This kind of supreme level Eight-star Alchemy God would become the target of all Heavenly Emperors to suck up to!

The Heavenly Emperors present were already stunned by Heavenly Emperor Qing Shan’s words.

A Seven-star Alchemy God refining an end spirit divine-grade Nine Profounds Heavenly Emperor Pill!

This level of skill was simply an accomplishment that surpassed ancient and modern times!

Now that he broke through to Heavenly Emperor Realm, wouldn’t it be incredible?

Nine Refinements Cloudheaven Pill was indeed hard to refine, but to Ye Yuan, it did not seem to be something beyond comprehension.

*“Hahaha ... Well beaten! Well beaten! Beaten too well!”*

Heavenly Emperor Justbright suddenly burst into laughter and said three ‘well beaten’ in a row, and said agitatedly, “Kid, what you said is right, this beating was indeed not in vain! This emperor won’t hunt you down anymore, and even have to thank you well! If that boy can refine an end spirit Nine Refinements Cloudheaven Pill, this emperor will also have more confidence in transcending the Deva blight tribulation! Well beaten! Really well beaten! *Hahaha ...*”

Heavenly Emperor Justbright laughed crazily, but everyone understood his feelings very well.

Breaking through to become a Ninth Firmament Heavenly Emperor was nothing. The scariest thing was still the Deva blight tribulation!

End spirit Nine Refinements Cloudheaven Pill was much more helpful to Heavenly Emperor Justbright than breaking through to Ninth Firmament Heavenly Emperor!

At this time, everyone could not help looking at Heavenly Emperor Justbright rather enviously.

This beating, he took it too beautifully!

If they could, they would be willing to be pummeled into a pig's head by Ye Yuan.

Heavenly Emperor Justbright did not break through to become a Ninth Firmament Heavenly Emperor this time, but he had blessings come to him in the disguise of misfortune!

*"Haha, still cultivate my ass! This emperor will go out right now and quickly collect the spirit medicines and find that bra ... oh, no, find that master to refine the pill! Everyone, goodbye!"*

As he said, Heavenly Emperor Justbright left with a big laugh.

... ..

Ye Yuan left the Heavenspan Mountain through the transmission array and arrived at the Heavenly Fate Town where Heavenly Emperor powerhouses climbed the mountain.

Returning to the Heavenspan World, he could teleport and return to Southfoot Town swiftly.

Breaking through to World Realm, Ye Yuan's divine essence was incomparably thick. A greater teleportation was the distance of a million miles.

But when he was just about to leave, he heard somebody shout behind him, "This ... Younger Brother Ye Yuan!"

Ye Yuan turned out and looked, who could it be if not Heavenly Emperor Justbright?

But seeing his fawning look, he clearly already knew his identity.

*"It's Brother Justbright huh? Why did you come out so quickly? Heavenspan Mountain Dao comprehension is the optimal place to breakthrough!"* Ye Yuan said with a joking look.

Heavenly Emperor Justbright's old face was thick and he said with a smile, "With you, this great deity around, still cultivate my ass! This old man will go and find spirit medicines right away, and then I'll go to Heavenly Eagle Bodhidharma to find you later! You can't renege on what you promised me!"

### [Unrivaled Medicine God](#)

#### **Chapter 2283: Old Friend**

Ye Yuan thought about it and said, "If you're looking for spirit medicines, might as well take a trip with me together to Cloudheart Realm. The Myriad Region Alchemy Conference is hosting the Myriad Region Alchemy Conference, I believe that there won't be a shortage of rank eight spirit medicines."

Although he did not deliberately interrupt Heavenly Emperor Justbright's breakthrough, this consequence was indeed caused by him.

With Ye Yuan's personality, he would naturally make up for it.

Moreover, this matter was merely a matter of lifting a hand to him.

Cloudheart Realm was the Medicine Ancestor's Bodhidharma.

The Medicine Ancestor opened up a world of his own and was aloof from worldly things.

The Heavenspan World's alchemy path powerhouses all took pride in being able to enter the Cloudheart Realm.

It was just that the difficulty of entering Cloudheart Realm was too high, those with ordinary identities could not enter at all.

Cloudheart Realm was the well-deserved number one alchemy holy land of the Heavenspan World!

Heavenly Emperor Justbright was surprised when he heard that and said, "There's actually still this sort of thing? Cloudheart Realm hasn't had any major activities in very long! Why did the Medicine Ancestor suddenly think of hosting this sort of grand event this time?"

He was in closed-seclusion for many years and completely did not know about this.

But with Heavenly Emperor Justbright's status, he naturally knew about the moving direction of the Cloudheart Realm.

The Cloudheart Realm had always been aloof from worldly affairs. It would not care about everything in the secular world at all.

Even if they really organized something like an alchemy conference, it would also be held by his disciples in the secular world. They would not go to the Cloudheart Realm at all.

Ye Yuan smiled and said, "If I said that it was organized in order to take a hit at me, will you believe me?"

Heavenly Emperor Justbright laughed loudly, his expression suddenly reining in as he said, "I won't believe even if you beat me to death! What kind of status does the Medicine Ancestor have? Why would he personally make a move to take you, a junior, down? Even if you're the Priest Temple's Second Sage, with your current strength, his disciples giving you a blow is more than enough, why would he need to drag in so many people?"

Even though he knew that Ye Yuan was the Second Sage, he did not have a clear understanding of Ye Yuan's strength.

Even if Ye Yuan could refine the Nine Refinements Cloudheaven Pill, wanting to reach the level of Dao Ancestor's realm, it was still too far away.

Dao pills, that was the highest pinnacle of the alchemy path!

And this step was virtually impossible to take.

Since time immemorial, how many astonishingly talented alchemy powerhouses had attempted to reach the level of Dao pill.

But they all did not succeed.

Now, the Heavenspan World's Dao pill powerhouses were far too few.

Ye Yuan still had to continue working hard to prove his strength!

It was just that he did not know that Ye Yuan had long already refined a Dao pill!

If not because of this, why would the Medicine Ancestor take up arms and hold the Myriad Region Alchemy Conference this time?

But Ye Yuan could not be bothered to explain these. He just shrugged and said, "Come on."

The two people left Heavenly Fate Town and were just about to teleport away, but discovered that there were some tiny black dots in the distance.

Looking at the appearance, it was a group of people besieging a person.

Heavenly Emperor Justbright frowned and said, "A bunch of little guys, a small squabble, no need to care about them, come on."

He looked over towards Ye Yuan but discovered that Ye Yuan's gaze turned intent, his entire person already stepping out on the sky and went over there with one step.

Heavenly Emperor Justbright's pupils constricted and he cried out in surprise, "Spatial law! What swift speed! This boy is indeed very peculiar!"

*Swoosh, swoosh, swoosh!*

Several streaks of sword lights flashed past, there was instantly only one person left on the battlefield.

When a woman in blue garment saw Ye Yuan, it was as if her entire person was drained, falling down softly.

Ye Yuan's expression changed, hurriedly going up to support.

At this time, he was incomparably surprised in his heart. This girl in front of him was the Shadowmoon Sect's Senior Apprentice Sister Baili Qingyan when he was in the Bamboo Groove Void Realm!

This girl who should be in the Bamboo Groove Void Realm actually appeared in the Heavenspan World!

Seeing Baili Qingyan, Ye Yuan's head suddenly exploded.

When he was comprehended Dao on the Heavenspan Mountain previously, Baili Qingyan seemed to have called out softly in the crowd.

But at that time, all of his body and mind were immersed in comprehending the Chaos Heavenspan Canon and did not hear at all.

But when Ye Yuan's consciousness at that time fused into Heavenly Dao, he naturally saw everything around him clearly.

Looking back now, wasn't Baili Qingyan above ten thousand miles?

She came to find him!

Ye Yuan made his judgment straight away.

If not for seeing Baili Qingyan here, Ye Yuan would have even forgotten this person.

Regarding Baili Qingyan's affection, Ye Yuan naturally knew about it.

But his heart could not accommodate other women at all anymore.

It was just that Ye Yuan did not expect that Baili Qingyan was actually so deeply in love, secretly running out of the Bamboo Groove Void Realm.

Furthermore, looking at her appearance, Baili Qingyan should have run out very, very early on.

Otherwise, with Baili Qingyan's aptitude, it was absolutely impossible to cultivate to Emyprean Realm in the Bamboo Groove Void Realm.

Only by coming to the Heavenspan World and having fortuitous encounters time and again could she cultivate to the Emyprean Realm within such a short time.

In an instant, Ye Yuan thought of many things.

When Baili Qingyan saw Ye Yuan, her face revealed a trace of a slight smile. Using all of her strength, she said, "Being able to die in your arms, I ... I'm perfectly contented!"

Ye Yuan's gaze turned slightly dark and he said, "With me around, you won't die!"

The current Baili Qingyan, her life force was already severed, her life fading away rapidly.

At this time, Heavenly Emperor Justbright already arrived too. Taking a look at the injuries on Baili Qingyan's body, he shook his head and said, "It's useless, her life force has already been thoroughly cut off. Even if you're the Second Sage, there's no way to save at all! Unless ... the Medicine Ancestor comes in person!"

Ye Yuan turned around and shot him a fierce glare, and said in a cold voice, "Shut up for me! Come over, use your longevity to channel qi to her!"

Heavenly Emperor Justbright's expression changed and he said, "Rubbish! This emperor's blight tribulation is about to arrive soon, using longevity to channel qi to her, isn't it courting death? Moreover, even if I channel qi to her, it's also just delaying her death, it can't save her at all! This kind of loss-making transaction, this emperor won't do it!"

Ye Yuan bellowed, "Enough crap! Your loss in longevity, I'll help you make up for it! In addition, not counting refining the Nine Refinements Cloudheaven Pill this time, I'll owe you a favor!"

When Heavenly Emperor Justbright heard this, his eyebrows shot up and he said, "Is this for real?"

"If you keep on talking f\*cking nonsense, do you believe that I won't even help you to refine the Nine Refinements Cloudheaven Pill anymore?" Ye Yuan exploded with a rare swear word.

Baili Qingyan's life was rapidly dissipating, continuing to delay and it would really be hopeless.

He was burning with anxiety and this guy was still rambling nonsense, how could he not be angry?

Seeing Ye Yuan's expression, Heavenly Emperor Justbright did not dare to talk rubbish and hurriedly came over to use his longevity to help Baili Qingyan extend her life.

Ye Yuan let go of Baili Qingyan and immediately went to one side to meditate, his entire person entering a state of emptiness.

When Heavenly Emperor Justbright saw this scene, he could not help saying very curiously, “What in this boy doing? Can meditating a bit save this girl? This kid wouldn’t be swindling me, right?”

One breath!

Ten breaths!

100 breaths!

A hundred breaths later, Ye Yuan suddenly snapped open both eyes, both hands pointing out in the void non-stop.

An incomparably complex grand array quickly formed in the void.

Seeing this scene, Heavenly Emperor Justbright was greatly astonished!

Such a complicated and elaborate array formation was absolutely not what Eight-star Formation Gods could set up!

Heavenly Emperor Justbright had never seen before the scene of Ye Yuan refining the Chaos Samsara Pill. If he had seen it before, he would know what Ye Yuan was doing.

He was going to refine a Dao pill!

### Unrivaled Medicine God

#### **Chapter 2284: Things Still Remained the Same, but the People Were No Longer the Same**

Heavenly Emperor Justbright had broad and profound knowledge, and he had naturally heard of Dao pills before.

Except, it was merely limited to hearsay only too.

Dao pills were too rare!

Forget about him, a Heavenly Emperor expert, even if it was a Deva Realm powerhouse, those who had actually seen before Dao pills could be counted on one hand too.

And the value of a Dao pill was already impossible to measure using divine essence stones.

The array formation that Ye Yuan set up became more and more complicated, Heavenly Emperor Justbright became more and more alarmed as he watched.

Actually, prior to this, he more or less still had some doubts.

That Heavenly Emperor Qing Shan’s words were indeed too fantastical.

After all, Ye Yuan’s realm was too low.

But witnessing Ye Yuan’s inconceivable means one after another, he finally believed it.

Ye Yuan, this Second Sage title was well-deserved!

And this also greatly increased his confidence towards Ye Yuan.

Suddenly, an aura of Great Dao source suddenly descended, making Heavenly Emperor Justbright's pupils constrict.

"Formation rise, pill condense!"

It was only to hear Ye Yuan give a cold cry. The grand array erupted with an extremely brilliant light.

The aura of Great Dao source suddenly entered the grand array, fusing together with those spirit medicines.

"D-Dao pill! Absolutely won't be wrong, this must be a Dao pill! It must be a Dao pill!"

Heavenly Emperor Justbright's voice suddenly became agitated.

He was an old monster who had lived for a trillion years, but Dao pill this sort of thing, it was still his first time seeing one!

Dao pills were too rare!

Suddenly, his expression changed and he said in shock, "Could it be that what he said was true? Myriad Region Alchemy Conference is really only organizing the Myriad Region Alchemy Conference this time because he dreads him? This ... This is also too inconceivable! Talented people will be born to take over the previous generation, each leading a domain for a million years! Looks like the Medicine Ancestor really encountered his match this time!"

Seeing Ye Yuan refine the Dao pill, Heavenly Emperor Justbright suddenly associated it with many things.

Only at this time did he truly understand how serious a promise from Ye Yuan was!

Helping him refine the Nine Refinements Cloudheaven Pill, he really picked up a treasure.

Some longevity in exchange for a favor from Ye Yuan, this deal was really a bargain.

"Freaking hell, this emperor is really too lucky to actually run into such a good thing!" Heavenly Emperor Justbright could not resist swearing.

Very soon, the light faded. A lustrous golden medicinal pill suspended in the air.

Ye Yuan reached his hand out and seized it, bringing it over.

Baili Qingyan had long already lost consciousness. Ye Yuan pried open her mouth and sent the medicinal pill in.

"Master Ye, what medicinal pill is this?" Heavenly Emperor Justbright asked with a curious look.

"No name!" Ye Yuan said without even looking at him.

Heavenly Emperor Justbright said in surprise, "How can a medicinal pill not have a name?"

"Why must a medicinal pill have a name?"

"Ah! You were meditating just now, could it be in order to create a new pill formula?" Heavenly Emperor Justbright suddenly exclaimed in surprise.

Ye Yuan did not speak, declining to comment.

But by the side, Heavenly Emperor Justbright was shocked speechless.

Meditating for a hundred breaths and creating a Dao pill.

Just how monstrous was this guy?

"Ugh ..."

Baili Qingyan let out a groan in her sleep, gradually waking up.

"I ... I'm not dead yet?" She was a little surprised as she said.

When she saw Ye Yuan walk into the realm fog, she knew that Ye Yuan would probably come out of Heavenly Fate Town.

Hence, she decisively went down the mountain and killed all the way over from another town.

But these people's strengths were too strong, she used too many spells that stimulated her potential along the way.

When she saw Ye Yuan, she was already severely wounded. Coupled with the sequela caused by stimulating her potential, she was already on the verge of death.

But Ye Yuan's medicinal pill forcefully dragged her back from the god of death.

"With me around, you can't die," Ye Yuan said smilingly.

Baili Qingyan forced a smile and said, "Not seeing for close to 2000 years, you've already become so formidable!"

Ye Yuan smiled and said, "You also became a lot stronger."

Baili Qingyan stared at Ye Yuan and said with a multitude of feelings, "I thought that I would never see you again. Heaven took pity on me, I actually saw you when in a hopeless situation."

Ye Yuan sighed slightly and said, "Silly girl."

Baili Qingyan smiled and said, "I know that I'm silly, I clearly knew that it wasn't possible, but I still couldn't control myself from wanting to see you. Therefore, you guys just left and I already followed you guys out. I thought that I could find you, but I didn't expect that this parting was close to 2000 years!"

Ye Yuan was slightly moved and said, "What in the world did you experience these 2000 years? Who were the people hunting you down earlier?"

Dao pills were Dao pills, when talking, Baili Qingyan's complexion already improved a lot.

When Heavenly Emperor Justbright by the side saw this scene, his eyes went wide.

This lass was clearly a person who was about to die just now. In a twinkle, she was alive and well?

Was this the power of a Dao pill?

Dao pills, he only heard before how magical it was.

But it was still his first time truly witnessing its might.

This kind of means simply transformed the rotten into something magical.

With Ye Yuan around, it was really hard to die even if one wanted to!

Baili Qingyan slowly sat up, an additional hint of determination in her expression.

Previously when she saw him, her eyes were full of tenderness.

But at this time, when her injuries got better, this hint of determination was revealed unnaturally.

Ye Yuan discovered that Baili Qingyan was different from before.

When in the Bamboo Groove Void Realm, she was just a genius disciple. Although her talent was decent, she was like a flower in a greenhouse.

But now, there was an additional strong murderous air in Baili Qingyan's eyes.

This showed that she had experienced no idea how many killings in these few years.

Baili Qingyan was neither too fast nor too slow, slowly recounting her experiences over these few years.

But Ye Yuan's expression gradually became gloomy.

The ordeals that Baili Qingyan experienced these few years were simply unimaginable.

To a girl, for her to be able to pull through was simply a miracle.

"How many times, I wanted to die to end it. But, not seeing you, I'm still unwilling. It's precisely this unwillingness that supported me to this day. Originally, seeing you, my wish was already fulfilled and I could die with my eyes closed. Didn't expect that I was saved by you.

Talking up to here, Baili Qingyan's eyes turned dim.

"When in the Bamboo Groove Void Realm, I couldn't help falling in love and didn't think that much at all. But after arriving at the Heavenspan World, experiencing life and death countless times, only then did I gradually understand that it's simply impossible between us. However, I'll still want to go and find you uncontrollably. It's just that I was controlled by them and couldn't escape at all."

"Originally, dying was my best option. That way, at least I can occupy a place in your heart. Yet, you brought me back to life."

The present Baili Qingyan was no longer the Baili Qingyan back then long ago.

However, her heart towards him had never changed before.

Ye Yuan did not say anything, he had no way of promising Baili Qingyan.

Just as Baili Qingyan said, his heart could not accommodate her!

Except, everything that Baili Qingyan endured was all because of him.

On this aspect, he could not sit by idly and remain indifferent.

Ye Yuan slowly stood up and said, "Senior Apprentice Sister Baili, lead the way."

Baili Qingyan was taken aback and asked, "Where to?"

"To kill!" Ye Yuan seethed with killing intent.

#### **Chapter 2285: Killing People**

Middle Realm, Riversun Great Imperial Capital!

In a certain underground palace, a man in white was currently playing with two concubines.

A subordinate came in hastily and reported, "Lord Branch Head, the few Emyreans who were pursuing Baili Qingyan that lass, their soul tablets have all shattered. They should already be all dead!"

"What? Five Ninth Firmament Emyreans hunting down an Eighth Firmament Emyrean actually died? When did that girl become so powerful?" The man in white almost jumped up.

The subordinate said with difficulty, "About this ... Subordinate doesn't know."

The man in white was silent and did not speak. Suddenly, he said, "Go and get her soul tablet over! Looks like this emperor is going to take action myself. *Jeje*, this lass is really feisty, to rather die than submit to this emperor! This emperor wants to see where she can hide to?"

Before long, the subordinate came over carrying Baili Qingyan's soul tablet.

The man in white took the soul tablet, a look of amusement on his face.

His divine sense sunk into the soul tablet. Suddenly, his brows knitted tightly together.

The man in white said with a strange look on his face, "Hang on, why do I sense that she's currently very near to me?"

"You didn't sense wrongly. She's indeed right here."

At this time, a calm and collected voice sounded out.

Following that, three figures slowly walked out of the darkness.

One of them was precisely Baili Qingyan.

And among these three people, that old man gave him a feeling of extreme danger.

What a powerful aura!

Virtually without the slightest hesitation, he suddenly stomped his foot! The void trembled!

His figure gradually disappeared into the darkness, and his aura also became illusory.

Heavenly Emperor Justbright's expression changed, and he exclaimed in surprise, "Concealment arts! Not good, he's going to run away!"

"Immobilize!"

However, his voice had yet to fade when Ye Yuan lightly spat a word out of his mouth.

Everything suddenly paused!

Heavenly Emperor Justbright looked at Ye Yuan dumbfoundedly and stammered, "H-Heavenly Dao True Word! You ... Just how many trump cards do you have?"

Ye Yuan said coolly, "Don't worry, you'll see it little by little."

As he said, he slowly walked into the darkness and pointed. The man in white was like a deflated ball, his entire person becoming dispirited and inert.

The man in white was merely a First Firmament Heavenly Emperor. To Ye Yuan, killing him did not need the slightest effort at all.

Ye Yuan carried him and directly threw him in front of Baili Qingyan, and said coolly, "You do it yourself."

Baili Qingyan looked at the powerful Heavenly Emperor, he could not even make a move in front of Ye Yuan, and she could not help feeling a burst of pride.

The present Ye Yuan was really too strong!

Baili Qingyan looked at the man in white and said with a cold smile, "Rui Qin, you didn't expect that you'd have today, right?"

Rui Qin's face changed, and he said, "Baili Qingyan, don't you forget, you still have the Deathsoul Curse that isn't dispelled! If you dare betray the Deathsoul Gate, you'll die without a burial ground!"

Baili Qingyan said disdainfully, "Very regretfully, my Deathsoul Curse has already been dispelled!"

Rui Qin laughed loudly when he heard that and said, "Hahaha ... the Deathsoul Curse that even Heavenly Emperors can't undo, just the likes of you can undo it?"

"I naturally can't dispel it, but he can!" Baili Qingyan pointed at Ye Yuan and said.

Rui Qin still did not believe and said with a sneer, "The Deathsoul Curse is the Deathsoul Gate's unique curse. Even Ninth Firmament Heavenly Emperors can't undo it! Just the likes of him, a First Firmament Heavenly Emperor, also wants to dispel it? Baili Qingyan, could it be that you take this emperor to be a fool?"

But Baili Qingyan said coolly, "You should have heard of his name before, the Priest Temple's Second Sage!"

This time, Rui Qin's expression finally changed.

He turned his head to look at Ye Yuan, his gaze full of horror.

“You ... You’re Second Sage Ye Yuan! How can it be! How can it be! I ... I have no grudge nor enmity with you! Why are you ...”

Not so long ago, the higher ups just issued an order to let the Deathsoul Gate never provoke Ye Yuan.

Who could have thought that he did not provoke Ye Yuan, but Ye Yuan paid a visit himself instead?

Ye Yuan looked at him and said coolly, “Because she’s my friend! Your Deathsoul Gate’s people deserve to die!”

Baili Qingyan’s experience during these 2000 years was precisely having fallen into the Deathsoul Gate!

In the Deathsoul Gate, Baili Qingyan received the most brutal, killing training.

She forcefully carved out a bloody path from among hundreds of thousands of Divine Lord Realms.

Using other people’s blood to forge her present Empyrean Realm strength.

For 2000 years, she wandered about the borders of life and death countless times.

If not for this thought of seeing Ye Yuan supporting her, she would have long died.

But it was also precisely because of this that the strikingly beautiful Baili Qingyan became a cold killer.

Only in that moment when she saw Ye Yuan did her heart that she already sealed for a long time finally thaw.

Baili Qingyan was assigned to the Riversun Branch and put under Rui Qin.

But this guy actually coveted Baili Qingyan’s beauty.

Rui Qin originally wanted to use force, but he did not know that Baili Qingyan had long made preparations for this day.

She actually used a secret art and escaped this calamity!

However, Baili Qingyan’s Deathsoul Curse was still grasped in Rui Qin’s hands.

These few years, she had to suffer the torment of the Deathsoul Curse every day.

But Rui Qin had coveted Baili Qingyan for a long time already and did not want to kill her. Instead, he sent subordinates to hunt down Baili Qingyan.

Baili Qingyan was helpless and could only hide on the Heavenspan Mountain.

At that place, those assassins did not dare to take action.

But she never thought that she actually bumped into Ye Yuan there. It was also considered meeting with life in a desperate situation.

However, it was also precisely because of this that Ye Yuan thoroughly rampaged against the Deathsoul Gate.

“How did this happen? How can this be! You ... You guys can’t kill me! If you kill me, the Deathsoul Gate won’t let you all off!” Rui Qin roared.

Ye Yuan said with a disdainful look, “You all are merely the divine race’s lackeys, yet, you still don’t know it, truly lamentable! Rest assured, the Deathsoul Gate can’t jump around for more than a few days anymore.”

*Whoosh!*

A cold light flashed, Baili Qingyan already attacked with her sword.

Rui Qin’s divine sea was thoroughly sealed by Ye Yuan and he was completely unable to make use of world power to protect his body.

This sword was neat and tidy.

But right at this moment, Ye Yuan reached his hand out and grabbed forward, grabbing Rui Qin’s divine soul in his hand.

An overbearing divine sense suddenly crushed over.

He wanted to soul-search

As a Heavenly Emperor, Rui Qin definitely knew quite a bit about the Deathsoul Gate’s secrets.

However, a cloud of black energy suddenly erupted, attempting to extinguish Rui Qin’s divine soul.

This was the seal added in Rui Qin’s divine soul, once someone searched the soul, he would be directly annihilated, and cause a fatal blow to the soul-searcher.

Ye Yuan smiled coldly and said, “Playing this in front of me, you’re just showing off in the presence of an expert!”

His divine soul suddenly turned into a large hand and directly grabbed at that seal.

Then, under this large hand, that seal was actually forcefully pressed back down!

Heavenly Emperor Justbright stared dumbfoundedly with slack jaws. This kind of divine soul fight was the most dangerous.

Ye Yuan’s divine soul was even more tyrannical than his divine essence. It was completely unreasonable, directly pressing the seal back and forcefully searching the soul.

What this kind of exchange competed in was not just soul force. There was also comprehension toward the divine soul.

Ye Yuan had clearly already reached the acme of perfection in the path of divine soul!

#### **Chapter 2286: Pulling up by the Roots**

“Have you guys heard? In a short few months’ time, the Deathsoul Gate’s major and minor branches already have several dozen of them destroyed!”

“The Deathsoul Gate has committed all sorts of evil and finally brought retribution upon themselves! How gratifying!”

“I really didn’t expect that even Cloudlink Mountain Range is actually the Deathsoul Gate’s assassin base! I heard that there were three powerhouses who went over and directly wiped them out all at once, rescuing hundreds of thousands of martial artists.”

“No idea who did this either, but it’s truly the greatest good!”

“Those martial artists who escaped said that the leader was a youth in white. When he charged into Cloudlink Mountain Range, he used Heavenly Dao True Word and froze space-time! Being able to use this move, it should be Second Sage Ye Yuan, right?”

“It’s actually him! Second Sage really did a great thing!”

... ..

A short few month’s time, Ye Yuan destroyed a large number of major and minor Deathsoul Gate branches.

This organization’s structure was extremely secretive. If not for Ye Yuan opening up a gap from Rui Qin, he could not find the way at all.

However, once this gap was opened up, it was like a breached bank.

Ye Yuan killed all the way over, and searched souls all the way, and grasped more and more secrets.

In the end, he finally touched the killer base of the Deathsoul Gate, and then he brought Heavenly Emperor Justbright and pushed over.

Cloudlink Mountain Range’s killer base was precisely the place where Baili Qingyan was trained.

Except, each time Baili Qingyan went in and out, she could not figure out the direction at all.

Hence, there were countless killers who walked out of here, but no one knew that this place was the Deathsoul Gate’s training base.

And this place also had white bones buried in the hundreds of millions.

Fortunately, Ye Yuan tracked down by following the clues and finally found this place from a Deathsoul Gate upper echelon’s body.

This time, Ye Yuan virtually pulled the Deathsoul Gate up by the roots.

As the divine race’s lackey, the Deathsoul Gate’s master was also merely Fourth Firmament Heavenly Emperor cultivation.

After all, the divine race was also unable to control Heavenly Emperors that were too powerful.

Under Heavenly Emperor Justbright’s formidable strength, they could not stand up to a single blow at all.

The reason why the Deathsoul Gate was powerful was precisely because of its mysteriousness and unknown.

And once this secret was revealed, the Deathsoul Gate would also become fish on the chopping board, being placed at the mercy of others.

Inside the Hidden Lineage's small world, Third Elder Ru Feng was angered until he stomped his feet in anger.

"It's this brat again! It's this brat again! This time, I must tear his corpse into countless pieces!" Ru Feng said in a thunderous rage.

By the side, Divine Daughter Rong Xiyue also had a solemn look as she said, "The Deathsoul Gate being uprooted, it's equivalent to our Hidden Lineage losing its eyes to monitor the Heavenspan World! This is very bad news to us."

Head Elder Ji Ling sighed and said, "In order to establish the Deathsoul Gate, this old man expended a lot of effort back then, using means to deceive everybody, establishing it under the eyelids of the human race's major powers. In order to prevent news from being leaked, I even specially added a divine soul seal to each Heavenly Emperor. I didn't expect that that kid can actually crack the divine soul seal, and track down by following the clues! Sigh! Really underestimated him!"

The human race had quite a number of major powers that came from the previous era, these people were extremely guarded against the divine race.

Even Ji Ling this level of powerhouse did not dare show his face easily too.

Otherwise, what awaited them would be a catastrophe.

Deathsoul Gate could be said to be Ji Ling's painstaking effort.

He did not expect that it was actually wiped out in one fell swoop by Ye Yuan.

Ru Feng said fiercely, "Head Elder, I'll go and kill this punk! Not killing him, it's hard to dispel the hatred in my heart!"

Ji Ling shook his head and said, "At this time, we can't stir up unnecessary incidents! The Divine Martial Hall's lords will be coming out of seclusion very soon, and the two world's seal has already loosened too. The opportunity for our Divine race to rise up again is already ripe. This time, with our high-level combat power, coupled with the help of the abyss devil race, we'll surely be able to completely defeat the human race. If something goes wrong at this time, then all previous efforts will be wasted, better to bear with it."

Ru Feng gnashed his teeth in hatred and said in a cold voice, "*Humph!* That punk got off lucky! After our divine race returns anew, the first one that this elder is going to kill will be this punk!"

... ..

Seeing Ye Yuan again, Heavenly Emperor Xin Yu felt jittery.

This person was very dangerous!

Heavenly Emperor Xin Yu was greatly shocked in his heart. When Ye Yuan went on a trip up the Heavenspan Mountain, his strength was actually already so terrifying?

*"Hahaha ...* Younger Brother Ye truly brings great joy to the masses! This Deathsoul Gate is like a fly, plaguing the Heavenspan World for no idea how many years already. Many people wanted to get rid of them. But these guys were too mysterious. People couldn't find their lair at all. It's still Younger Brother Ye who's impressive, pulling them up by the roots the moment you make your move!" Heavenly Emperor Xin Yu sighed with admiration as he said.

But Ye Yuan shook his head and said, "The Deathsoul Gate is nothing to be scared of. The divine race behind them is the most terrifying! In an epoch's time, the divine race has accumulated god knows how formidable a strength. Once it erupts, the Heavenspan World will probably be plunged into an abyss of suffering."

Heavenly Emperor Xin Yu said in puzzlement, "The divine race?"

Ye Yuan nodded and said, "The Heavenspan World's former ruler! In the last epoch, the divine race was defeated by the human, demon, and fiend races teaming up. The divine race then retreated to the Abyss World. Before long, they will stage a comeback!"

*"Hiss ..."*

Heavenly Emperor Xin Yu sucked in a cold breath, this kind of secret, it was still his first time hearing.

Ye Yuan said coolly, "These few days, many thanks to Brother Xin Yu for taking care of Senior Drunkard. In order to express thanks, this Ye will refine a medicinal pill for Brother Xin Yu."

Heavenly Emperor Xin Yu's entire body trembled, and he immediately burst into ecstasy.

Only when Old Drunkard saw Heavenly Emperor Xin Yu's reaction did he know how high Ye Yuan's current status was.

He also finally understood what Xin Yu said to him meant.

"In that case, I really have to thank Younger Brother Ye very much!"

Ye Yuan smiled and said, "In the era of great struggle, an additional portion of strength is an additional portion of protection. Brother Xin Yu, treasure it."

Ye Yuan helped Xin Yu finish refining the medicinal pill, then took his leave.

After Ye Yuan left, a figure slowly appeared beside Heavenly Emperor Xin Yu.

Xin Yu bowed in salute and said, "Lord Swordtime, how is this boy?"

This man was precisely the Deva Fourth Blight supreme powerhouse, Heavenly Emperor Swordtime!

Heavenly Emperor Swordtime slowly opened his mouth and said, "He discovered me!"

Xin Yu was startled and said, "How is this possible?"

If a Deva Fourth Blight sovereign had the intention to hide, even Ninth Firmament Heavenly Emperors had no way of discovering too.

Ye Yuan just broke through to Heavenly Emperor and he could already discover Heavenly Emperor Swordtime's spying?

“His understanding of Heavenly Dao already exceeded your imagination! This boy will surely achieve great things in the future! It’s just that I don’t know if there’s time for him to grow or not!” Swordtime said, deep in thought.

Heavenly Emperor Xin Yu’s face changed and he said, “Your Excellency, why are you also ... Could it be that this divine race is really so terrifying?”

Swordtime’s expression was solemn as he said, “More terrifying than you think! Doomsday Battle isn’t just casual talk! Once the war starts, it will obliterate the heavens and decimate the earth. Even a Dao Ancestor, that level of a powerhouse, will find it hard to not get involved too! Because the divine race has existences rivaling Dao Ancestors too!”

Heavenly Emperor Xin Yu’s mind shook wildly, his gaze being full of astonishment.

#### **Chapter 2287: Afraid That You Cant Clean up the Mess**

The clouds and fog were so heavy that one only knew that they were in the mountains.

What it was referring to was the Cloudheart Mountain Range.

Cloudheart Mountain Range was an extremely huge mountain range around the Heavenspan Mountain, heaven and earth spiritual energy extremely abundant.

The entrance of the Cloudheart Realm was in the area where Cloudheart Mountain Range’s spiritual energy was the thickest.

Normally, no one would come here.

This place was the Medicine Ancestor’s Bodhidharma, no one dared to profane the Medicine Ancestor’s invincible might.

But now, Cloudheart Mountain Range was crowded with people. Many powerhouses were flying towards the depths of the mountain one after another.

“*Tsk tsk*, the Medicine Ancestor occupies this level of spirit mountain and great river, truly remarkable! If not for following you, this emperor wouldn’t dare approach this place too!” Heavenly Emperor Justbright said with vicissitudes of emotion.

Thinking of how he was Eighth Firmament Heavenly Emperor, he was also an apex existence in the Heavenspan World.

But Cloudheart Mountain this sort of place, he would never have dared to come.

Cloudheart Realm’s background was far deeper than the Priest Temple.

This place had powerhouses as plentiful as clouds. Even Deva Realm super powerhouses also did not dare to act wildly here, let alone Heavenly Emperor Justbright, an Eighth Firmament Heavenly Emperor.

Sensing the oppressive spiritual energy, Ye Yuan nodded and said, “This place is close to the Heavenspan Mountain, it’s likely one of the Bodhidharmas with the richest spiritual energy. With the Medicine Ancestor’s ability, he can live up to this place.”

Although very disdainful toward the Medicine Ancestor's character, Ye Yuan did not have any doubts about his strength at all.

*"Eh, what a pretty beauty!"*

A young man next to him suddenly stopped, eyes staring right at Baili Qingyan, with a lecherous look.

Behind the youth, an old man with a white beard and hair followed.

The old man's body emitted powerful undulations. He was clearly not mediocre.

Baili Qingyan's brows furrowed slightly but did not pay attention to that young man.

*"Ye Yuan, let's go,"* Baili Qingyan said.

Ye Yuan nodded his head and was just about to continue ahead, but that youth's figure moved, blocking the few people's path.

*"Huhu, what a feisty beauty. This young master, I, like it! Beautiful lady, I am the most outstanding Seven-star Alchemy God of the Purple Azure Realm's Leng Family, Leng Tianhao. In the future, I'll be entering the Medicine Ancestor's tutelage. If you follow me, you'll have endless glory and wealth."*

Leng Tianhao said these words very confidently. He felt that as long as he brought out the Leng Family's name, Baili Qingyan would definitely be moved.

*"Purple Azure Realm's Leng Family!"*

Ye Yuan and Baili Qingyan did not have much reaction, but Heavenly Emperor Justbright got a shock, a look of dread on his face.

Seeing Heavenly Emperor Justbright's reaction, Leng Tianhao's face was even more proud of himself.

*"Why? is the Purple Azure Realm's Leng Family very famous?"* Ye Yuan asked curiously.

Heavenly Emperor Justbright nodded slightly and said, *"The Purple Azure Realm is an alchemy ancient family with an extremely distant legacy, its background extremely deep! The Leng Family's ancestor himself is a peak Ancestor Realm alchemy master. The Leng Family's Leng Tianqi even went under the Medicine Ancestor's eldest disciple's tutelage, and is the Medicine Ancestor's grandpupil."*

Heavenly Emperor Justbright had lived for a long time and knew about these reclusive families of the Heavenspan World like the back of his hand.

Moreover, this Leng Family was an extremely formidable alchemy ancient family in the first place.

Hearing Heavenly Emperor Justbright's words, Leng Tianhao said smugly, *"Heh, Leng Tianqi is precisely my elder brother!"*

Ye Yuan gave an *'oh'* and did not express much.

*"Little Beauty, there's no future following this kind of poor and pedantic boy. Following me, not only can you enjoy wealth and glory, reaching peak Heavenly Emperor in the future is nothing difficult too! How about it, consider it?"*

As Leng Tianhao said, he actually reached his hand out to grab at Baili Qingyan in front of Ye Yuan and Heavenly Emperor Justbright's faces.

Baili Qingyan's gaze turned cold, figure flashing, avoiding this touch.

Leng Tianhao did not care in the slightest and said smilingly, "Little Beauty is shy! Relax, Big Brother will dote on you well in the future."

A surge of killing intent welled up from Baili Qingyan's body and she said in a cold voice, "Ye Yuan, I want to kill people!"

Ye Yuan said coolly, "Kill for what? A guy whose head is swimming with sperm, castrate him."

Baili Qingyan smiled sweetly and said, "Good idea!"

These two people chatted as if there was no one else around, but the old man opposite became alert.

A powerful and unmatched aura suddenly released, enveloping the three people.

A cold light flashed, Baili Qingyan's sword was inconceivably fast.

However, the old man opposite was an Eighth Firmament Heavenly Emperor supreme powerhouse. How could he give Baili Qingyan the chance to draw her sword?

"Immobilize!"

However, before he even made a move, Ye Yuan opened his mouth calmly.

A terrifying wave of Heavenly Dao law suddenly descended, restraining the old man.

An Eighth Firmament Heavenly Emperor powerhouse, Ye Yuan was unable to restrain him for too long. It was just for a moment in time.

But just this moment was sufficient.

"Ahhh!!"

An astonishing cry reverberated throughout the clouds, Leng Tianhao clutched his lower body in pain.

The old man's expression changed drastically, and he said with a furious roar, "You guys dare to cripple Young Master?! This emperor will make you pay with your lives!"

Done talking, a terrifying aura erupted once more. The old man rushed toward Ye Yuan.

But right at this time, a figure interjected in the middle of both parties, blocking the old man's path.

The arrival was a middle-aged in azure robes, his aura extremely strong, even above the old man.

He looked at the old man and said in a cold voice, "Those who attack within the Cloudheart Mountain Range, kill without mercy!"

Before the old man spoke yet, they heard Leng Tianhao's pig-slaughter-like voice sound out. He said, "It was them who made a move first! Daoist Brother Azurefeather, I'm Leng Tianqi's younger brother. You ... You have to uphold justice for me!"

When he was talking, cold sweat poured profusely. Clearly, he was in immense pain.

Heavenly Emperor Azurefeather turned to look at Ye Yuan and said in a cold voice, "It's forbidden to take action on Cloudheart Mountain Range, didn't your family's grown-ups teach you before coming?"

Ye Yuan gave him a glance and said with a faint smile, "With your shrewdness, can't you tell what's going on? Questioning me like this, is it that you think I'm easy to bully?"

Heavenly Emperor Azurefeather was sent to patrol the mountains. He was naturally a character adept at dealing with people.

He came over and took a look, and he immediately understood what was going on.

It was just that Leng Tianhao mentioned his family, and that was his own people. He naturally had to side with Leng Tianhao.

But he never thought that Ye Yuan actually laid bare the truth with a single comment.

This boy was clearly very young. Why would he have such meticulous thoughts?

*"Humph! No matter how glib your tongue is, you attacking is real! Could it be that this emperor can't deal with you? This emperor gives you a chance! Cripple your own divine sea, and I can spare you from death!"*

Heavenly Emperor Azurefeather stood with his hands behind his back as he said coolly.

He knew most of the Heavenspan World's various major families' alchemy experts.

But regardless of whether it was Ye Yuan or Heavenly Emperor Justbright, both looked very unfamiliar to him.

So he determined that Ye Yuan was merely a small faction's genius, that was all.

His Cloudheart Realm could afford to offend.

*"Ha! Cloudheart Realm's people are truly awe-inspiring! It's just that if you flaunt your power in front of me, I'm afraid that you can't clean up the mess in a while! In a while, you'll probably be kneeling in front of me and apologizing,"* Ye Yuan said with a cold sneer.

Heavenly Emperor Azurefeather was tickled the moment he heard and laughed in spite of himself and said, "Snotty brat, probably never seen the world before, right? There have only ever been others apologizing to Cloudheart Realm's people, Cloudheart Realm's people will never apologize to outsiders! Just the likes of you also want to make this emperor apologize? Now, this emperor gives you three breaths of time, if you don't take action, this emperor will do it!"

"Three!"

"Two!"

"One!"

**Chapter 2288: Kneel and Apologize**

“Looks like this emperor still has to do it!”

Seeing that Ye Yuan did not take any action, Heavenly Emperor Azurefeather calmly pointed a finger out and was about to eradicate Ye Yuan.

But right at this time, a figure suddenly blocked in front of Ye Yuan and casually waved his hand, extinguishing this attack.

Seeing the arrival, Heavenly Emperor Azurefeather’s pupils constricted, and he said with a bow, “Lord Zi Jin!”

Zi Jin ignored him. He turned around and gave a bow toward Ye Yuan, saying, “Medicine Ancestor’s disciple, Zi Jin, offers greetings to Second Sage.”

Hearing the name Second Sage, Heavenly Emperor Azurefeather’s expression changed wildly.

Who in the world did not know him!

This alchemy world’s upstart, Heavenly Emperor Azurefeather had long heard of his name like a thunderclap piercing the ear.

But he had not seen Ye Yuan before!

A chill ran down Heavenly Emperor Azurefeather’s back. Only then did he know that he caused huge trouble.

The commotion at this side was blown up very big and already attracted quite a number of powerhouses to stop and watch.

Hearing Zi Jin’s words, everyone looked toward Ye Yuan, extremely surprised.

“He’s the legendary Second Sage? I really couldn’t tell! So young and he’s actually already so impressive!”

“I heard that Second Sage’s alchemy strength can already rival peak Eight-star Alchemy Gods, wonder if it’s true or fake.”

“*Tsk tsk*, Lord Azurefeather was too much just now. This matter probably can’t be settled.”

... ..

The name of Second Sage had long already been resounding like the roar of thunder in the alchemy world.

It was just that the people who had seen Ye Yuan before could be counted with one’s fingers.

Ye Yuan said coolly, “*Huhu*, your Cloudheart Realm’s way of hospitality, this Ye is considered to have experienced it.”

Zi Jin’s gaze flickered slightly and he said in a solemn voice, “Azurefeather, why haven’t you come over and apologize to Lord Second Sage!”

Heavenly Emperor Azurefeather could only toughen his scalp and come over. Giving a bow toward Ye Yuan, he said, "Azurefeather didn't know that Second Sage has arrived, resulting in offending Second Sage. Please pardon my offense!"

Ye Yuan said with a faint smile, "Brother Azurefeather, what did you say just now? This Ye didn't hear clearly. Can you repeat it again?"

Heavenly Emperor Azurefeather's expression was extremely ugly, Ye Yuan's warning was still ringing in his ears.

Just now, he still did not feel anything. But currently, his face felt burning hot, like he had been slapped twice.

Of course, these two slaps were dealt by himself.

He postured too much earlier.

Just finished saying that Cloudheart Realm's people would never apologize to outsiders, in a blink, he slapped his own face.

"Azurefeather had eyes but failed to recognize Mount Tai. I hope that Second Sage can calm your anger." Azurefeather was helpless and could only apologize once again.

Ye Yuan said coolly, "If you don't deal with affairs fairly and show off your power, forget it. But just now, you had killing intent toward this Ye! You wouldn't think that this will slide with such a light and floaty sentence, right?"

Azurefeather's expression changed, and he said in a solemn voice, "Lord Second Sage, this emperor is at any rate Ninth Firmament Heavenly Emperor too. You don't need to be so persistent, right? Don't be too ruthless, so that we can meet on good terms in the future!"

A Ninth Firmament Heavenly Emperor naturally had the pride of a Ninth Firmament Heavenly Emperor.

This level of a powerhouse was already standing at the summit of the Heavenspan World.

Deva Realm powerhouses mostly remained reclusive, very rarely did anyone show their face.

And Ninth Firmament Heavenly Emperors could be said to be existences that rule a region of the world.

Heavenly Emperor Azurefeather knew that Ye Yuan's status was extraordinary, but he was only a little guy who just entered Heavenly Emperor after all.

Him apologizing to Ye Yuan was already giving adequate face, he was actually still not satisfied!

Ye Yuan ignored him, but looked at Zi Jin and said with a smile, "Brother Zi Jin, what do you say?"

Zi Jin's expression was also ugly. He did not expect that Ye Yuan had not entered Cloudheart Realm yet and both sides already fell out so badly.

To be honest, he also did not know why Master regarded Ye Yuan so highly.

But Master gave the instructions, to have him make sure to settle Ye Yuan down well.

In contrast, Heavenly Emperor Azurefeather's face was nothing.

"Azurefeather, kneel down!" Zi Jin suddenly said in a solemn voice.

Azurefeather's expression changed drastically and he said, "Lord Zi Jin!"

"Kneel! Apologize!" Zi Jin's tone became unprecedentedly harsh.

Heavenly Emperor Azurefeather had a look of unwillingness on his face. Looking at Ye Yuan fiercely, he wished to kill him.

But, under Zi Jin's powerful pressure, he could only grit his teeth and kneel.

Following Heavenly Emperor Azurefeather kneeling down in the air, a series of exclamations came from the sides.

A Ninth Firmament Heavenly Emperor actually knelt down toward someone!

This level of existence had always been high and mighty in their eyes, akin to gods.

But now, a god-like existence in their eyes actually knelt down!

If Heavenly Emperor Azurefeather knelt to a Deva Realm, they would not be so surprised too.

But, the target of his kneeling was merely a little guy who had just entered Heavenly Emperor!

No matter if Ye Yuan was the Second Sage; he was too young after all.

Not everyone had the Medicine Ancestor and Sacred Ancestor High Priest's level of judgment, being able to discern Ye Yuan's extraordinariness.

In the hearts of the vast majority of the people, Ye Yuan was merely just a genius. That was all.

A genius and a powerhouse were two totally different concepts.

A powerhouse, that was a leviathan who truly commanded a region; his every movement and action could affect the direction of the Heavenspan World.

While a genius only had the potential of becoming a powerhouse.

Before growing up, geniuses were merely just geniuses too.

But such a person actually pressured a Ninth Firmament Heavenly Emperor into kneeling and apologizing!

Ye Yuan looked at Heavenly Emperor Azurefeather and said coolly, "Looks like Brother Azurefeather is very unconvinced."

Azurefeather glared at Ye Yuan and said in a cold voice, "Today's matter, Azurefeather has noted it down!"

Ye Yuan smiled and said, "Are you very confused? Doesn't matter, you'll understand very soon."

Finished talking, Ye Yuan turned to Zi Jin and said, "Brother Zi jin, how to deal with those two?"

Over there, Leng Tianhao was long already frightened silly, even forgetting his pain.

Who was he posturing in front of just now?

Second Sage!

His big brother, Leng Tianqi was indeed formidable, but he was also merely the Medicine Ancestor's grand-pupil.

While Second Sage was an existence on equal footing as the Sacred Ancestor High Priest!

Even his big brother's master was a junior in front of Ye Yuan too!

He actually said to Baili Qingyan just now that there was no future in following this boy?

Zi Jin gave Leng Tianhao a glance and said coolly, "Cut off both hands and punish him by confining him back in the clan for 5000 years! Wonder if Second Sage is still satisfied with this punishment?"

Ye Yuan nodded his head and said, "Can!"

*Whoosh!*

A cold light flashed, Leng Tianhao's two hands were severed at the wrist.

"Ahh! My ... My hands!" Leng Tianhao screamed miserably.

With Zi Jin taking action, the wounds carried the power of source.

Wanting to regrow a pair of hands was probably not so easy.

An alchemist losing both hands was tantamount to cutting off all of his future.

This punishment could not be said to not be heavy.

"Bring him back and confine for 5000 years! If anyone in the Leng Family is unconvinced, say that this is my verdict!" Zi Jin looked at the old man and said coolly.

His level of status and strength, a single word was worth a thousand pieces of gold.

He said to confine for 5000 years, the Leng Family absolutely would not dare to let him out at 4999 years.

The Leng Family's ancestor's strength was strong, but in front of the Medicine Ancestor, he was nothing.

Furthermore, legends had it that the Leng Family's ancestor was originally a nominal disciple of the Medicine Ancestor.

Regarding Zi Jin's words, the Leng Family absolutely would not dare to defy.

Everyone was extremely puzzled when they saw this scene.

They did not understand why Lord Zi Jin would be so respectful toward Second Sage.

The old man's expression changed several times. But in the end, he still brought away Leng Tianhao who was wailing in pain and left.

## Unrivaled Medicine God

### **Chapter 2289: Boiling Water, Brewing Tea!**

“Lord Zi Jin, I’m unconvinced! An exalted Ninth Firmament Heavenspan World actually knelt down and apologize to a brat who’s still wet behind his ears! After today, I, Heavenspan World Azurefeather, will probably become the laughingstock of the entire Heavenspan World!”

Settling Ye Yuan down well, Azurefeather went to find Zi Jin and strongly expressed his indignation.

The Myriad Region Alchemy Conference this kind of grand occasion, it was hard to come by once in a million years too.

The various regions’ powerhouses present at that time were not in the minority. This matter could not be hidden at all.

The moment Azurefeather dropped to his knees, what dropped was his dignity as a Ninth Firmament Heavenly Emperor. How could he endure it?

Zi Jin gave him a glance and said with a sigh, “I’m sorry. Actually, I really don’t understand it either. But this was instructed by Master. I had no choice but to do it like this!”

Azurefeather’s face changed, and he said in confusion, “The Priest Temple might be sitting high up in a leading position in the eyes of others. But in the eyes of our Cloudheart Realm, what do they count for? I don’t understand. I really don’t understand!”

Zi Jin said, “Master naturally has his own reasons for doing things. So it’s not up to us to question it. If you want to blame, blame that you shouldn’t have offended him. No matter what, for him to be able to be valued highly by Sacred Ancestor High Priest, he naturally has his saving graces!”

Azurefeather’s expression flickered incessantly and he gritted his teeth and said, “I can’t swallow this grievance! If I get the chance, I definitely won’t let him off!”

Zi Jin said coolly, “You don’t have to worry about this. The alchemy geniuses that came to Cloudheart Realm this time are plentiful like oxen hair. Among them, there is no shortage of existences whose talent won’t lose to him. He’s occupying a high position. So he’ll naturally become the common target for public scorn, you just have to wait and watch a good show.”

Azurefeather’s eyes lit up. His mood immediately improved by a lot.

Yeah, so what if Second Sage?

The Myriad Region Alchemy Conference this time gathered the top-notch alchemy geniuses of the Heavenspan World.

Some of their backgrounds were not even worse than Sacred Ancestor High Priest’s!

How could their disciples be amateurs?

If Ye Yuan was Sacred Ancestor High Priest’s disciple, then forget it. But he was Second Sage!

Those geniuses were a generation lower than Ye Yuan for no reason. How could they endure this kind of insult?

Zi Jin gave him a glance and said, "Didn't Ye Yuan cripple Leng Tianqi's younger brother? He should currently be simmering with rage. You go and find him. Have him incite some genius disciples. There will naturally be someone who goes and find trouble with Ye Yuan. As long as our people don't provoke him, I believe that Master shouldn't say anything."

The moment Azurefeather heard, he was overjoyed and said, "Why didn't I think of that! It's still Lord Zi Jin who's impressive, rousing the dreamer from his sleep with one word! Whatever dog fart second sage, I'll definitely make him reveal his true colors!"

... ..

At this time, Ye Yuan arrived at Cloudheart Realm's Feather Mountain. This place was the place where Sacred Ancestor High Priest was staying.

"Second Sage!" Ji Mo said with a respectful bow.

Now, Ji Mo already treated Ye Yuan as his teacher.

Ye Yuan nodded and said, "Lead the way then."

"Please!"

Ji Mo turned around and led the way, entering a large hall.

The hall was very empty, without even a guard.

A middle-aged man in plain clothing, his face firm and determined, was seated in the middle of the hall. In front of him was a tea table.

Not far from the middle-aged man, ten unfathomable powerhouses were standing around respectfully, their attitudes very respectful.

At the first sight of this middle-aged man, Ye Yuan felt that he was unfathomable!

That sort of feeling was even more stately than those god statues he saw in the divine race.

The middle-aged man did not speak, he was very busy.

A ball of water was currently flowing in pace with his two hands. Inside the water ball, green leaves appeared indistinctly.

The movements of the middle-aged man carried the thick lingering charm of Great Dao.

That ball of water in his hands gradually evolved to become a world.

Using the method of Great Dao pill refinement to boil water and brew tea, Sacred Ancestor High Priest's means were truly inconceivable.

Suddenly, the middle-aged man's palm shook. That ball of water traversed through the void and arrived in front of Ye Yuan.

Ye Yuan was taken aback at first, but he immediately reacted and reached his hand out to beckon, catching all of the water droplets without leaking the slightest hint.

This was a medicinal pill that had yet to be perfected, it could collapse at any time.

But the function of this medicinal pill was to bring out all of the medicinal effects inside the spiritual tea.

Said that it was brewing tea, but in reality, it was refining a pill.

It was just that those able to brew tea with the method of alchemy, one probably could not find more than a few in this world.

Ye Yuan understood that Sacred Ancestor High Priest was testing him!

It was not easy to be the Second Sage!

Whether or not he had the qualifications to walk into this hall and sit opposite of Sacred Ancestor High Priest, it would have to be put off until after passing this test.

If he did not pass this test, Sacred Ancestor High Priest did not mind chasing him out.

A lingering charm of Great Dao similarly erupted on Ye Yuan's body.

Ye Yuan held the ball with both hands, a Tai Chi diagram emerged behind Ye Yuan.

When Wing saw this scene, his eyes glimmered slightly, the corners of his mouth revealing a hint of a smile.

At the same time, his disciples became unsettled.

Although Ye Yuan this name had sounded out in their ears no idea how many times before, it was still their first time truly meeting Ye Yuan.

In their hearts, they were naturally somewhat disapproving of Ye Yuan, this rising star.

Even if they knew that Ye Yuan was not an ordinary person.

This was human nature. Before seeing it with your own eyes, no matter how exaggerated the tale, there would always be that trace of doubt in the heart.

But now, they finally understood why their master would choose Ye Yuan.

Looking at the Great Dao power contained in this Tai Chi diagram, they were actually unable to see through completely with their realm.

The current Ye Yuan actually gave them a feeling of profoundness and mystery!

That sort of feeling was like facing their own master, even though Ye Yuan's Great Dao still appeared somewhat immature, being far from as vigorous and solid as their master's.

But Ye Yuan had indeed already walked onto the same Great Dao!

Concerning this point, they were well aware in their hearts!

Ye Yuan's actions possessed natural grace, akin to floating clouds and flowing water. It was natural and smooth, giving people a feeling of gladdening the mind and refreshing the spirit.

Suddenly, his fingertips guided, the spiritual tea flew back with a whoosh.

Wing smiled slightly and reached his hand out to catch it effortlessly. He continued refining.

His refinement was steady and composed as if the Heavenspan Mountain was suppressing in front, being vastly different from Ye Yuan's style.

Suddenly, he shook again. The spiritual tea flew over once more.

Ye Yuan caught it, refined it again, and returned it again!

These two people, going back and forth, fought with great pleasure.

By the side, the group of disciples was long already stunned from watching.

This guy could actually catch the Tea Dao world that Master refined!

Too terrifying!

Normally, Wing would also occasionally play this game with them.

As disciples, they had followed Wing for tens of millions of years. But it was impossible to keep going.

This refinement seemed simple, but actually, the more toward the back, the more complicated.

Often, when they caught it at the back, it would make the entire world collapse, making the tea water all spill out.

But Ye Yuan fought with Sacred Ancestor High Priest for dozens of rounds and actually did not fall into a disadvantageous situation in the slightest!

No matter how Sacred Ancestor High Priest refined it, Ye Yuan could catch it, and continue refining, then throw it back.

Ignoring other things, just this action already surpassed all of them!

Suddenly, with Wing's fingertips guiding, the spiritual tea entered the teapot without spilling the slightest bit.

Immediately, fragrance greeted the nose, suffusing the entire hall.

Then, it was the entire Feather Mountain!

At this time, no matter which corner of Feather Mountain, this thick tea fragrance could be smelled!

#### **Chapter 2290: First Lesson**

"Hahaha! Splendid!" Wing clapped his hands and laughed loudly, seemingly very delighted.

Clearly, he was satisfied to the extreme with Ye Yuan's performance.

Wing made an inviting gesture, indicating for Ye Yuan to take a seat.

This meant that Ye Yuan had the qualifications to sit and debate on Dao with him.

The title of Second Sage also became in reality as well as in name.

“Senior Sacred Ancestor’s strength is what broadened junior’s horizons,” Ye Yuan sat down opposite Wing and said with a smile.

Ever since entering the Heavenspan World, Ye Yuan was virtually ever-triumphant in alchemy. He had never encountered a match before.

But this time, Ye Yuan knew that he really met his opponent!

The Medicine Ancestor and Sacred Ancestor High Priest were the two great peaks of Alchemy Dao, the apex of the world.

Wanting to surpass them was immensely difficult!

Even if Ye Yuan comprehended the source of Great Dao, and touched the level of Dao pill, there was still a considerable gap compared to them.

Those few moves earlier and Ye Yuan already deeply felt that might of Sacred Ancestor High Priest.

It was as if what was in front of him was an insurmountable mountain.

Of course, Ye Yuan was too young.

Regardless of whether it was the Medicine Ancestor or Sacred Ancestor High Priest, the time that they researched on alchemy had already been too long.

Wing filled Ye Yuan’s cup with tea and said smilingly, “I indeed didn’t misjudge. You didn’t let me down! It has only been a short 2000 years and your alchemy strength is already so terrifying, far exceeding my imagination.”

Ye Yuan smiled and said, “Actually, from the first time I cracked Ask Not, you knew that there would be this day, no? In alchemy, this junior is confident that I’m not inferior to anyone, even if it’s you or the Medicine Ancestor!”

Ye Yuan had extremely strong confidence in alchemy path.

This was exchanged from his trillions of tempering and tens of millions of victory.

This kind of confidence was already deeply engraved in his bones, nobody could shake it.

But the moment these words came out, the faces of all the disciples changed.

The third person among the 11 disciples said in a solemn voice, “Impudent! Even if Master conferred you the title Second Sage, before you reach Deva Realm, you don’t have the qualifications to be so unbridled in front of Master too!”

Ye Yuan looked at him and said with a smile, “This isn’t insolence, it’s a hero valuing a hero! This Ye respects Senior Sacred Ancestor’s breadth of spirit. So beating him is the greatest respect towards him! What he needs is not yes-men, but a powerful opponent! How can someone who behaves respectfully and is a yes-man be fit to be his opponent?”

The third disciple smiled coldly and said, "Preposterous! For you to have today's accomplishments, isn't it still because Master deliberately nurturing you? But when you come before Master, you don't have the slightest gratitude, simply showing ingratitude for kindness!"

Ye Yuan laughed loudly when he heard that and said, "You guys seem to have some sort of misinterpretation of the meaning of nurturing. That's right, I'd indeed borrowed Senior Sacred Ancestor's power these few years. But in terms of nurturing, I'm afraid that this Ye can't compare to one-ten-thousandth of you all, right?"

When the disciples heard that, each and every one of their faces became extremely ugly.

The implied meaning of these words was that you guys were too weak!

You all, these disciples, which one wasn't personally groomed by Sacred Ancestor High Priest?

They enjoyed the Priest Temple's resources, consuming countless of them.

But up until today, they did not have the qualifications to sit opposite their master too.

This was the disparity between them!

"This Ye have today's accomplishments. It wasn't by relying on anyone's nurturing, but it was exchanged for by relying on my own efforts! Relying on other people's grooming, one will never become a true powerhouse! You guys are like this, and the Medicine Ancestor's those disciples are similarly like so! No doubt that walking other people's paths are shortcuts, but not being able to walk your own path, you guys can forever only stand there. But I can sit here!"

Apart from Ji Mo, the other disciples' expressions changed drastically one after another.

Wildly arrogant!

Too wildly arrogant!

This guy actually still dared to be so rampant in front of their master!

Second Disciple said in a solemn voice, "Master, this boy is too condescending! He doesn't show any respect for you at all! In the future, when he achieves supremacy, he'll surely be our Priest Temple's mortal calamity!"

Sacred Ancestor High Priest did not speak all along. He just drank tea quietly, allowing Ye Yuan and his disciples to cross swords with words.

He put down the cup and said with a loud laugh, "*Hahaha* ... you all are wrong! Not only will Ye Yuan not become our enemy, but he'll also become our most powerful ally instead! Or should I say, he'll forever be the Priest Temple's Second Sage!"

Second Disciple was perplexed as he said, "Master, this is impossible! Such a conceited person, this disciple has seen before no idea how many. How can this kind of person possibly become our ally?"

Sacred Ancestor High Priest gave him a glance and said, "What Ye Yuan said, each word is a gem! It's just that you all aren't able to understand, that's all! Didn't you all discover that these few days, Number Seven changed a lot?"

All the disciples were startled, looking toward Ji Mo one after another.

If Sacred Ancestor High Priest did not say, they really would not have noticed it.

With him saying this, they noticed that it was really true!

These few years, not mentioning about Ji Mo's great improvement in strength, his entire person's temperament and aura also changed greatly.

Could it be that these changes were all because of Ye Yuan?

This shock was by no means insignificant.

Sacred Ancestor High Priest smiled and said, "Not only is Ye Yuan not disrespectful toward me, but he's actually very respectful toward me! I didn't choose him because I want him to be obsequious in front of me, but because I want him to become a true powerhouse. I want him to help me break the shackles!"

"He doesn't owe me anything. For him to be able to have today's achievements, it was by relying on his powerful willpower and strength!"

"From that moment he sat opposite me, our confrontation is considered to have officially begun! Every movement, every word, even action, are all a competition between us. Since it's a competition, then one can't lose on aura! If he's reverent and respectful in front of me, then there's no need to compete. He already lost!"

"What Ye Yuan said is right. He can sit opposite me calmly, but you guys? Which of you can sit in front of me and regard with equanimity, drink tea calmly, and debate on Dao?"

The group of disciples all had ashamed looks on their faces. What their master said was right. Making them sit opposite him and drink tea indifferently and calmly, none of them could do it!

Even the Eldest Disciple, High Priest Green Nether, who followed their master the longest, could not do it too!

Sacred Ancestor High Priest smiled and said, "This is the first lesson that Second Sage taught you guys. Think about it properly! His appearance might be a turning point in your lives!"

Everyone's hearts suddenly trembled. No wonder their master brought all of them with him.

At first, they even thought that it was bringing them to witness the Myriad Region Alchemy Conference. Only now did they suddenly come to realize the truth. It turned out that it was for Ye Yuan!

Their master's action was well-intentioned!

Sacred Ancestor High Priest poured tea for Ye Yuan and said smilingly, "*Huhu*, I naturally know that you have this potential and strength. Except, I won't lose either!"

Ye Yuan smiled and said, "Losing and winning is very important, but it's also not important! Losing, need to see if the loss is worthwhile or not!"

Sacred Ancestor High Priest gave Ye Yuan a meaningful glance and let out a sigh as he said, "You're stronger than me! This logic, I only understood it after a very, very long time. But it looks like you're already prepared."

Ye Yuan smiled and said, "Understanding now isn't too late either! The strong will always become braver in the face of setbacks!"
