Chapter 2331: Conferred the Status of an Ancestor!

Heavenly Eagle Bodhidharma, the stream of people were as many as schools of carps crossing the river, countless alchemy path powerhouses gathering from all directions.

On the day of the sermon, the noise and shouting were in great commotion.

A million alchemy path powerhouses gathered in Heavenly Eagle. It was a grand sight to behold.

Of course, this was just a very small part.

Even more alchemy path powerhouses were still on the way.

Ye Yuan was dressed in ceremonial clothes, sitting suspended on top of an enormous Tai Chi diagram. His eyes were shut closed, resting his mind.

An aura of Great Dao filled the entire space.

“That’s Second Sage’s Dao? Indeed extensive and profound! Just one look and I feel that it’s unfathomable!”

“Legends has it that Second Sage is already the alchemy path’s number one person! I didn’t expect that he’s actually going to spread his Dao to all life! Blessing all ages, truly a saint!”

“Us small fries really have a huge lucky chance this time.”

... ..

To the vast majority of alchemy path powerhouses, they did not know what it was at all.

Alchemy was just refining pills.

Only a handful of people could enter Dao.

But Ye Yuan hosting a sermon and spreading Dao would be a massive lucky chance to these people.

Normally, forget about Ye Yuan, even a Seven-star Alchemy God was also an existence that they could not touch.

But today, Ye Yuan’s actions would benefit the world!

Sacred Ancestor High Priest and his disciples, as well as a group of progenitors, were currently shockingly present, listening to Ye Yuan spread Dao.

These few days, Wing and Ye Yuan compete in alchemy many times, being equally matched.

While he benefited immensely!

Ye Yuan’s Dao was different from Medicine Ancestor. Medicine Ancestor’s Dao was unparalleledly tyrannical and overbearing.

Alchemy path powerhouses who had fought against him before, it was hard for their Dao hearts to inevitably lose balance. Wing was a victim of it.

Ye Yuan's Dao was even and calm, exhibiting a majestic atmosphere.

Debating on Dao with Ye Yuan, Wing unknowingly actually recovered his own Dao heart, his strength advancing by leaps and bounds!

However, debating on Dao was one thing. That was just some small exchanges.

While today, Ye Yuan spreading Dao, that was elaborating his Dao teachings. It was the demonstration of the essence of his Great Dao.

This action absolutely held extraordinary meaning to progenitor level, and to those old fellows who had been stuck before Dao pill for countless years.

Ye Yuan slowly opened his eyes and started preaching on Dao.

"My Dao is not another path. Spreading Dao today, it's to open up your Dao hearts."

"A myriad Great Daos, Alchemy Dao is a special path."

"What is Alchemy Dao? One pill, one world!"

"Then today, we'll start with Divine Essence Pill ..."

... ..

Following Ye Yuan talking tirelessly, below burst into an uproar.

Divine Essence Pill!

The alchemy path's number one powerhouse was actually talking about the Divine Essence Pill!

What was the Divine Essence Pill?

That was a rank one divine pill, the most basic divine pill!

This level of medicinal pills, they could refine a large bunch with a wave of a hand.

That was a medicinal pill that was given to rookies who just entered Deity Realm to eat!

My pants were already taken off, you're making me look at this?

For a moment, dissatisfaction, contempt, spurn, and cursing sounded out all around.

High-sounding words, this was simply duping people!

Wing's brows furrowed, and he said in a solemn voice, "Quiet! If there are any more noisemakers, die!"

An astonishing aura instantly covered the whole place.

Once a Deva Fourth Blight was enraged, it was not what they could withstand.

Immediately, it became quiet.

Wing gave a cold snort and said, “Ye Yuan preaching on Dao, this is the fortune of your lifetimes! Listen carefully, even if you just comprehend a fraction, it’s also enough for you all to benefit for life!”

Even though everyone did not dare to speak up due to Sacred Ancestor High Priest’s power, they were still disdainful.

Divine Essence Pill this sort of thing, what was nice to listen?

Toward these commotions, Ye Yuan did not care at all.

His time was limited. However much could be comprehended, it could only depend on these people themselves.

Although the Divine Essence Pill was shallow, it was the foundation of Great Dao.

Now that he had climbed to the summit, turning back to look at this kind of medicinal pill again, his opinion was naturally different.

The current Ye Yuan could casually refine rank one divine pills that were 100 times stronger than the Divine Essence Pill.

But why did he start with the Divine Essence Pill?

The Divine Essence Pill was a pill formula that had been handed down from ancient times. After countless years of baptism, it was a pill formula that had been tempered endlessly.

Even though the medicinal pill was simple, it contained the maxim of Great Dao!

Gradually, the expression on everyone’s face changed.

The original disdain, ridicule, conceit, turned into the current shock, admiration, and absorbed in thought.

Only now did they know that turns out a tiny little Divine Essence Pill actually contained so many truths!

The things that Ye Yuan talked about, they had never thought about them before.

He refined a Divine Essence Pill in front of everyone.

Each step, he analyzed deeply, demonstrating his own Dao little by little.

A tiny little Tai Chi diagram formed in the void.

Everyone’s expressions became incomparably shocked.

But among them, someone’s shock was greater than the others.

This person was Sacred Ancestor High Priest!

“It turns out that this is his Dao! A tiny little Divine Essence Pill actually hides such a great Dao! Rank one divine pills, we already overlooked such pills much. Then what about rank two divine pills, rank five divine pills, rank eight divine pills?”

“Many geniuses are all rootless weeds. They seemed powerful but were no use at all despite looking good. But his strength is a strength that has been tempered endlessly!”

“We have been searching for the fleeting and ephemeral Dao, but he has been focusing on every tiny bit! By now, he already became a sea!”

“I finally understand what the two races’ Dao is missing!”

Of the people present, Wing was closest to Dao.

Regarding Ye Yuan’s spreading of Dao, his thoughts and feelings were the deepest.

Their Dao had indeed built a 100 thousand foot building.

But their 100 thousand foot buildings lacked bricks and tiles. The buildings were full of holes.

Such a building, the higher one built, the more dangerous it was!

Therefore, his Dao failed in front of Medicine Ancestor, and he also lost himself.

But, even if Ye Yuan was defeated, he was the victor too!

Because his Dao was too stable!

Although the other progenitors did not feel as strongly as Wing, they also benefited a lot.

Following that, Ye Yuan gradually developed the entire system of rank one divine pills with the Divine Essence Pill as the foundation.

Only then did everyone discover that turns out among all the rank one divine pills, there existed all kinds of connections.

The shock in everyone’s hearts grew stronger and stronger!

Ye Yuan provided for them a brand new perspective. This was the perspective of God!

They were currently standing at the perspective of God, re-examining rank one divine pills.

Finding everything fresh and new!

Being filled with wisdom!

Enlightening the benighted!

They were more and more unable to describe their current feelings anymore.

What Ye Yuan exhibited for them was a brand new alchemy path cultivation system!

If in the past, Alchemy Dao relied on inheritances.

Today, Ye Yuan’s alchemy path was the great accomplishment of everyone gathering there!

This was a complete, brand new cultivation system that could stand up to scrutiny and could create countless alchemy path powerhouses!

Just like that, from rank one to rank two, all the way to rank eight divine pills.

Ye Yuan expounded his cultivation system little by little, spreading his Dao, clearly displaying the sequence of ideas in front of everyone.

Many people still thought that it was simple at first. But later, they could not understand at all anymore.

The further back, the more obscure and difficult it was to understand.

The one-year period arrived in a blink.

That moment when Ye Yuan stopped preaching on Dao, the tens of millions of powerhouses present were silent.

Wing's gaze was deep and suddenly opened his mouth and said, "Today, Ye Yuan will be conferred the status of an ancestor!"

Unrivaled Medicine God

Chapter 2332: Ancestor of Alchemy Dao!

"Ancestor Ye started the paradigm of Alchemy Dao, and is a man of great talent and virtue through the ages! Today, he shall be conferred the status of an ancestor!"

"Today, spreading Dao and blessing all ages! If Ye Yuan isn't conferred the status of an ancestor, heaven will not tolerate it!"

... ..

Regarding Ye Yuan being an ancestor, no one had objections.

Perhaps those people with meager strength did not understand the meaning of this spreading of Dao. But they all, these progenitors, were deeply aware of its profound impact.

Prior to this, regardless of whether it was the human race's or demon race's Alchemy Dao, it was all scattered and disorderly.

One could say that it was an act of hit-or-miss.

You comprehend your Dao, I refine my pill.

Even Medicine Ancestor was not able to distill it into a mature cultivation system.

But Ye Yuan did it!

Not only did he do it, he even spread his cultivation gains to all life, demonstrating it to everyone.

This merit was unprecedented since time immemorial!

A year of spreading Dao, the merit led to a thousand years' contribution.

Among these progenitor-level powerhouses, each person's gains were simply immeasurable.

As long as they went into closed-seclusion for some time, their strength would advance by leaps and bounds.

Especially the Sacred Ancestor High Priest, Ye Yuan's spreading of Dao opened up a new door for him.

Given time, as long as he digested the Dao that Ye Yuan preached on, he had confidence on surpassing Medicine Ancestor!

The tens of millions of alchemy path powerhouses present had tens of thousands who broke through.

Some Eight-star Alchemy Gods who had been stuck at peak Ancestor Realm for many years even faintly showed signs of touching Dao pill.

Before long, a large group of alchemy path powerhouses would appear among these people!

Ye Yuan glanced downwards and could not help sighing emotionally in his heart.

Oh, time!

What he lacked the most right now was time!

He needed time to grow up, these alchemy path powerhouses also needed time to grow up.

But the divine race would not give him this time.

At this time, Sacred Ancestor High Priest clasped his hands to the sky and said in a clear voice, "Demon race's Priest Temple will revere Ye Yuan as the ancestor of Alchemy Dao today!"

"The human race's Sky Bellow Realm respects Ye Yuan as the ancestor of Alchemy Dao!"

"The human race's Ninereign Realm respects Ye Yuan as the ancestor of Alchemy Dao!"

... ..

These progenitors' voices shook the sky, reverberating throughout the whole world.

All of the progenitor-level powerhouses actually revered Ye Yuan as an ancestor!

After the progenitors, it was peak Eight-star alchemy path powerhouses.

"Purple Sandalwood Bodhidharma reveres Ye Yuan as the ancestor of Alchemy Dao!"

"Enlighten Day Bodhidharma reveres Ye Yuan as the ancestor of Alchemy Dao!"

... ..

Each one that opened their mouth was a big shot of the alchemy world. The weight of their words was extremely heavy.

With so many supreme powerhouses respecting Ye Yuan, it could be seen that this spreading of Dao already brought the entire alchemy world into submission.

Those alchemists with meager strength still did not understand what was going on until now.

But so many big shots suddenly respecting Ye Yuan as an ancestor, this matter made them incomparably shocked.

“My God, what’s going on here? So many heavyweights are actually collectively revering Second Sage as an ancestor!”

“Second Sage merely just entered Heavenly Emperor not long, he’s actually conferred the status of an ancestor just like this?”

“Furthermore, this still isn’t an ordinary conferring as an ancestor! Even Medicine Ancestor didn’t have this kind of treatment either!”

... ..

Ye Yuan being conferred the status of an ancestor was different from the other progenitors.

Powerhouses who were able to become progenitors were at least Deva Third and Fourth Blight sovereigns too.

Even Deva First Blight and Second Blights did not have the qualifications to be called ancestors too.

But Ye Yuan just entered Heavenly Emperor not long ago. At present, his strength was only comparable to Heavenly Emperor Second Firmament. Yet, he was actually collectively revered as an ancestor by so many sovereigns!

It was being commonly revered as an ancestor!

This was also to say that all alchemy path powerhouses, including Sacred Ancestor High Priest, were a status lower in front of Ye Yuan!

Ye Yuan this ancestor of Alchemy Dao, surmounted above all progenitors!

This scene ... The vibe of ritual was extremely strong.

Powerhouses able to be called progenitors all had their own pride.

These progenitors all admitted that Medicine Ancestor was strong, but would not revere him as the ancestor above progenitors.

You are strong, that’s your business, nothing to do with me.

But today, they put aside the pride of a progenitor towards Ye Yuan.

This sort of thing could be said to be unprecedented since time immemorial!

A mere Heavenly Emperor actually towered above all progenitors.

This sort of thing, even thinking about it felt terrifying.

They did not understand, but they knew that these progenitors were not fools.

Being able to make these proud progenitors lower their heads, Ye Yuan’s spread of Dao definitely held extraordinary significance.

Their realms were too low and they were unable to detect the profundities within.

But they understood that they had witnessed the arrival of a new era of the alchemy path world!

Henceforth, Medicine Ancestor shall become a cloud that passed by, and what replaced him was the ancestor of the alchemy path: Ye Yuan!

In the crowd, Pilljade sighed despondently and said to the Yun Yi beside him, "Yi-er, this old man apologizes to you! Circumstances change with the passing of time. Facts have proved that your choice is right! It's me whose eyesight was too shallow."

Cloudheart Realm's battle, under Ye Yuan's protection, Pilljade escaped with his life by a fluke.

He and Ye Yuan fought for a thousand years. Only now when Ye Yuan was conferred the status of an ancestor did he know what a ridiculous thing that was.

Even when Ye Yuan spreading Dao, with his realm, he could not fully comprehend it.

But he faintly understood that Ye Yuan really did a major thing that shocked heaven and earth.

Forget about Ye Yuan. Even this descendant of his, he had also surpassed Pilljade all-round in Alchemy Dao presently.

He personally saw those big shots whose fame shook a region, looking humble in front of Yun Yi.

This level of existence, he did not even dare to think about it in the past.

Yun Yi gave him a glance and said with a smile, "What's Great Grandfather say? You raised Yi-er, groomed Yi-er; Yi-er remembers it in my heart. Yi-er has never blamed Great Grandfather, you don't need to worry about it. Actually, I followed Master just to seek out a higher level Alchemy Dao too. It's just that I also didn't expect that Master could actually walk to this step presently, it's really like a dream!"

Pilljade blushed with shame in his heart.

He knew that if not looking on the account of Yun Yi's face, Ye Yuan would have long destroyed Great Imperial Capital Pilljade.

With Ye Yuan's present strength, destroying Great Imperial Capital Pilljade was nothing at all.

Heavenly Emperor Zhuo Yun probably would not even dare to let out a fart!

Above the void, Ye Yuan's expression was calm, remaining indifferent whether granted favors or was subjected to humiliation.

Regarding the actions of the group of progenitors, he was indeed a little surprised. But he knew that he could shoulder it.

What he was surprised by was that these progenitors would actually let go of their pride and revere him as an ancestor.

A hundred years of alchemy battle with Medicine Ancestor, Ye Yuan had truly scryed the power of law.

Even though that trace of power of law was extremely vague, it benefited him endlessly.

At that moment, he finally integrated all that he learned and achieved mastery through a comprehensive study of the subject. That was how there was today's spreading of Dao.

Ye Yuan glanced below and said coolly, "That day, in Cloudheart Realm, I believe that everyone has some understanding too. The human race's Alchemy Dao has declined for a long time already, even the divine race looks down on it! Since everyone reveres me as an ancestor, then put aside sectarian views, and spread what you've learned to all life, and let everyone improve together!"

The divine race was extremely apprehensive of the human race's Alchemy Dao. But in the last epoch, those alchemy sovereigns all perished for the human race.

Now, even Oringuard this fellow could look down on the human race's Alchemy Dao already.

As long as the alchemy path rose, it would definitely play a key role in the war between the human and divine, two races.

What he lacked was still time!

"This old man will follow what Ancestor Ye says! After Ancestor Ye leaves, I'll spread the Dao!" Sacred Ancestor High Priest clasped his hands and said.

"We honor what Ancestor Ye says!"

"We honor what Ancestor Ye says!"

... ..

Regarding what Ye Yuan said, the group of progenitors concurred one after another.

Ye Yuan being conferred ancestor shocked the entire alchemy world!

There was no idea how many human powerhouses, it was naturally impossible to all come to Heavenly Eagle Bodhidharma.

Concerning Ye Yuan spreading his Dao, there were still some who were disdainful.

But when they knew that all of the progenitors including Sacred Ancestor High Priest, actually jointly revered Ye Yuan as an ancestor, their shock could not be any greater.

A brat who was still wet behind his ears, actually became the alchemy path's common ancestor?

No matter how great their influence was, they could not change this fact either.

No matter how great their influence was, could it be greater than so many progenitors?

The title of Ancestor Ye had already become an established fact!

His limelight even overshadowed the Medicine Ancestor back then!

During this period, inside a certain small world, above a quiet lake, a scrawny old man was sitting cross-legged.

Streams of immortal qi coiled around him, forming a circular aura field.

The circular aura field divided into two, circulating endlessly. That appearance ... was actually somewhat similar to Ye Yuan's Tai Chi diagram!

No matter how the aura field revolved, the surface of the lake was calm from start to end. It could be seen that the old man was not ordinary.

Before long, another figure landed on the surface of the lake.

He gave a bow toward the old man and said, "Master!

This old man was precisely the Medicine Ancestor who went missing after the Cloudheart Realm battle!

And the person who just appeared was the Eldest Disciple who went missing along with him. It was Heavenly Emperor Lastingjoy!

Medicine Ancestor nodded slightly and said coolly, "What events are there at the outside world?"

Heavenly Emperor Lastingjoy smiled and said, "The divine race army is bearing upon the borders. Ye Yuan is conferred the status of an ancestor!"

Medicine Ancestor smiled coldly when he heard that and said, "A child also dares to conceitly call himself as an ancestor!"

Heavenly Emperor Lastingjoy said, "It was not that he proclaimed himself as an ancestor, but that all the progenitors exalted him as an ancestor. Now, he's already the common ancestor of the alchemy path!"

Medicine Ancestor's entire body trembled, his eyes full of astonishment.

One had to know, he had roamed the Heavenspan World unobstructed for countless years, and also did not become the alchemy path's common ancestor.

But Ye Yuan did it!

Immediately, an extremely complicated emotion welled up in his heart.

"*Heh*, terrific lad! Fine means! However, he's also underestimating this ancestor too much! His Dao has inspired this ancestor greatly. As long as I digest his Dao, this ancestor will definitely be able to reach the true realm of Dao pill! When this ancestor comes into being anew, I'll make the myriad regions tremble! This ancestor is the common ancestor of the alchemy path!"

Puff!

Right at this time, a hand plunged into his chest.

Medicine Ancestor's entire body was paralyzed, immediately unable to move.

At the same time, he felt his strength flowing away bit by bit.

He looked at Heavenly Emperor Lastingjoy with a look of disbelief.

In this world, the one that he trusted the most was Heavenly Emperor Lastingjoy!

But Lastingjoy struck a vicious blow towards him!

He did not understand it. He did not believe it. He felt that it was inconceivable.

"W-Why?"

Heavenly Emperor Lastingjoy's hand was thrust in Medicine Ancestor's chest, still smiling as he said, "If there's only one person in this world who can achieve Dao pill, then it can only be me! I served you carefully; it's for the sake of today! Absorbing your Dao, I'll be the real Medicine Ancestor! Go in peace. Everything that you lost, I'll help you take it back!"

Medicine Ancestor's entire body was unable to move. He only felt that his Dao was slipping away little by little.

He looked at Heavenly Emperor Lastingjoy. It was as if it was his first day knowing him.

This guy could actually absorb his Dao!

Medicine Ancestor discovered that he underestimated Heavenly Emperor Lastingjoy too much.

The anesthetic in Lastingjoy's hands, with his body that was close to Dao, he was actually unable to dispel it.

Gradually, Medicine Ancestor's aura grew weaker and weaker.

Finally, he turned into a pool of blood.

A sovereign of his generation who had commanded the Heavenspan World for countless years, a figure almost like a Dao Ancestor, actually died in a small world that no one knew just like that!

While at this time, the Great Dao aura on Lastingjoy's body gradually became thicker.

A hint of a smile flashed across the corners of his mouth and he said, "These countless years, I've concealed so bitterly! I devoured other people's Dao non-stop, continuously became stronger, and finally stepped into the realm of Dao pill. Absorbing this old thing's Dao, I'll be the strongest alchemy path sovereign in this world! Ye Yuan that brat's Dao must be even more delicious. After I absorb his Dao, I'll be the alchemy path's number one person since time immemorial! At that time, maybe I can reach Dao Ancestor that level; who knows?! Really looking forward to it!"

It turned out that Heavenly Emperor Lastingjoy actually walked an extremely strange path of Alchemy Dao.

His Dao was to continuously devour other people's Dao!

Heavenly Emperor Lastingjoy was a figure from the same era as Medicine Ancestor. His alchemy path talent was ordinary, but he was an eccentric genius-like figure.

Following Medicine Ancestor, he had witnessed countless alchemy path geniuses.

Hence, he devoured non-stop, continuously becoming stronger. He actually reached the realm of Dao pill in the end!

However, he concealed it extremely well. Even Medicine Ancestor did not detect it either. Medicine Ancestor trusted him immensely instead.

Now, he even devoured Medicine Ancestor's Dao, truly becoming the alchemy path's number one person.

Even the current Ye Yuan was inferior to him too!

Now, he set his sights on Ye Yuan again!

During this period, the Ye Yuan who had just been conferred ancestor, already embarked on the road to the Primeval War Realm.

... ..

Profound Secrets Heavenly Capital, the place where Heavenly Emperor Profound Secrets stood toweringly.

This was an enigmatic figure, and also a legendary figure.

Of course, he was also a figure who was powerful until it made people despair!

Arriving at Profound Secrets Heavenly Capital, Ye Yuan was deeply shocked.

The Jian Family was too strong!

Those walking around everywhere here were all at least True God Realm powerhouses!

Heavenly Emperor and Emphyreans who were hard to come across in the outside world, could be seen everywhere here!

Only then did Ye Yuan know that it turns out that only those members of the Jian Family who were second-rate, would be sent out.

“No wonder everyone says that the Jian Family is the Heavenspan World’s number one family. This grandeur was indeed not boasted out!” Ye Yuan exclaimed.

“*Huhu*, I’ve incurred Young Friend Ye’s ridicule!”

At this time, a figure appeared behind Ye Yuan. It was precisely Jian Yunxin.

Ye Yuan bowed and said, “Senior!”

Jian Yunxin smiled and said, “*Huhu*, congratulations to Young Friend Ye, for being conferred the status of an ancestor! Ancestor Ye is already a member of my generation now. You don’t need to be so courteous.”

Ye Yuan being conferred ancestor was a huge thing in the alchemy world.

But in the eyes of a powerhouse like Jian Yunxin, it was nothing.

Presently, the human race’s alchemy path was too weak. It could not provide much help for the Domsday Battle at all.

What the Jian Family thought highly of was still Ye Yuan’s unparalleled combat power!

Hence, he still addressed Ye Yuan as Young Friend Ye Yuan.

Regarding the matter of being conferred the title ancestor, it was merely just being polite.

Ye Yuan was aware in his heart but did not say much.

It was a fact that the alchemy path had declined, it was pointless to say anymore.

Otherwise, how could it be him, this junior's turn, to be called ancestor?

However, Ye Yuan had confidence in being able to make the alchemy path regain its glory in the future!

Ye Yuan smiled and said, "Senior is jesting. Please bring me to the Primeval War Realm then."

Jian Yunxin smiled and said, "No rush. Father wants to see you!"

Ye Yuan's pupils constricted and he said in surprise, "Heavenly Emperor Profound Secrets wants to see me?"

He thought that he was merely an ordinary genius in the eyes of the Jian Family's people.

After all, no matter how amazing he was, he should not have been able to enter Heavenly Emperor Profound Secrets's arcane sight.

He did not expect that the human race sovereign, Heavenly Emperor Profound Secrets, actually wanted to see him!

Jian Yunxin nodded and said, "Father thinks very highly of you. He says that you'll surely make great accomplishments. Young Friend Ye, this emperor has followed Father for close to ten billion years. Yet, it's still my first time seeing him value a junior so highly. The battle of geniuses this time, you have to perform well and not let Father down!"

Chapter 2334: The Jian Family's Curiosity Is Innate

Chapter 2334: The Jian Family's Curiosity Is Innate

In front of him was an ordinary but hale and hearty old man. Ye Yuan even could not feel the undulation of divine essence in his body.

Throwing him into the crowd absolutely would not arouse any attention.

He was like air, clearly standing there. But it was as if he did not exist.

It was seriously very hard for Ye Yuan to associate this person in front of him to the master whose name shook the world, Heavenly Emperor Profound Secrets.

Very clearly, Heavenly Emperor Profound Secrets had already reached the realm of returning to one's original simplicity on the journey of Dao!

Ye Yuan was sizing Heavenly Emperor Profound Secrets up. Heavenly Emperor Profound Secrets was also sizing him up at the same time.

"Little Fellow, you seem to be very curious about this old man," Heavenly Emperor Profound Secrets said with a warm smile.

When Ye Yuan heard that, he also smiled and said, "Senior is probably the Heavenspan World's most mysterious Deva powerhouse. Isn't it very normal for this junior to be a little curious?"

Heavenly Emperor Profound Secrets said meaningfully, “*Huhu*, little fellow, you’re also very mysterious in my eyes!”

Ye Yuan’s heart went cold. Heavenly Emperor Profound Secrets’s words had an implicit meaning!

Could it be that he discovered something?

Seeing Ye Yuan’s expression, Heavenly Emperor Profound Secrets laughed and said, “You don’t need to be so nervous. Geniuses who can reach unpredictable aura, which one doesn’t hide massive secrets on them? It’s just that you seem to be a little more mysterious compared to them. Hence, this old man is very interested in you.”

“Unpredictable aura?” Ye Yuan asked doubtfully.

Back then, Jian Hongxiao said that he was of the emperor surmounting aura. What was this unpredictable aura?

The Jian Family’s cultivation method was very mysterious. Ye Yuan did not know much about it either.

Jian Yunxin explained, “Our human race’s numbers are huge. With Father’s means, the vast majority of people’s fate can be predicted. But heaven’s secrets are hard to predict. There will always be some people’s fate that’s beyond Heavenly Dao! These people’s fate, even Father finds it difficult to predict too. People possessing this kind of destiny have an unpredictable aura! Previously, our Jian Family members being unable to discern your destiny with the aura viewing art, it’s due to this!”

Ye Yuan was enlightened when he heard that. No wonder the Jian Family’s members would go blind when they saw him. It turned out that it was actually due to this reason.

Heaven’s secrets could not be predicted. So how could it be measured with the naked eye?

Heavenly Emperor Profound Secrets said, “Unpredictable children are not within the operation of Heavenly Dao! Even Heavenly Dao can’t grasp their destiny too. Their talent tends to be extremely astonishing, and they are distinguished talents of the current era!”

Ye Yuan frowned and said, “According to what Senior said, there should be many unpredictable children. Our human race has huge numbers. Since there are so many extremely talented people, then our human race should be extremely strong. Why is it so weak now?”

Heavenly Emperor Profound Secrets sighed deeply and looked straight at Ye Yuan as he said, “A destiny that even Heavenly Dao isn’t able to control, how can Heavenly Dao allow it to live in this world?”

Ye Yuan’s entire body trembled, seemingly understanding something.

Unpredictable children were incredibly talented, their destinies being extremely strong. But because of this, they were not tolerated by Heavenly Dao!

Therefore, Heavenly Dao would obliterate these existences in all sorts of ways, to ensure the normal operation of Heavenly Dao.

This way, wouldn’t he have to face the sanction of Heavenly Dao?

“Therefore, over the past ten billion years, the human race’s geniuses have been abundant like schools of carps crossing the river. But those who could truly survive are scanty few! Of course, for those able to survive, each person’s strength is immensely strong. Since you’re an unpredictable child, I believe that you’ve also experienced it strongly. Your encounters were probably much more perilous than ordinary martial artists,” Heavenly Emperor Profound Secrets said.

Ye Yuan recalled his encounters and thought that it was indeed the case.

Walking all the way until today, the dangers that he had experienced were beyond count.

Fortunately, he pulled through all of them.

“Senior didn’t come to find me to tell me these, right?” Ye Yuan suddenly said.

Heavenly Emperor Profound Secrets smiled and said, “Didn’t I say just now that you’re very mysterious too? During these 100 years, this old man has seen before no idea how many unpredictable children. But those who can have such accomplishments at your age, there is only you alone! Hence, this old man is very curious about you too.”

Ye Yuan said hesitantly, “Does Senior ... want to use the aura viewing art on me?”

“*Huhu*, the Jian Family member’s curiosity is innate.” Heavenly Emperor Profound Secrets smiled and said.

“But didn’t you say that I’m of the unpredictable aura? Will your eyes have any problem?” Ye Yuan asked rather worriedly.

Only then did he understand where the Jian Family’s people’s curiosity came from.

It turned out that it was all inherited from their forefather.

However, he was a little worried about Heavenly Emperor Profound Secrets. Because he was different from the others.

He was in possession of the Lesser Heavenspan Mountain. Its power was boundless.

Even though he was facing Heavenly Emperor Profound Secrets, Ye Yuan was also a little worried.

But Heavenly Emperor Profound Secrets laughed loudly when he heard it and said, “Little Fellow, you’re still the first one who looks down on this old man like this! You have to know, the aura viewing art was created by this old man. Other people can’t look at unpredictable aura. So you think this old man is not able to perceive it? Heavenly Dao is ethereal, but one can always discern some inklings.”

Ye Yuan thought about it and said with a nod, “Since that’s the case, Senior go ahead and cast the spell then.”

Heavenly Emperor Profound Secrets nodded slightly, the aura on his body suddenly changing.

Ye Yuan’s entire body trembled, feeling as if he had arrived in another world.

This world was the world belonging to Heavenly Emperor Profound Secrets.

In this place, he felt like he was stripped bare, all secrets unable to remain hidden.

Ye Yuan was shocked in his heart. Was this the strength of the strongest person who could pry into Heavenly Dao?

A milky white light surfaced on Heavenly Emperor Profound Secrets's eyes.

This light shone on Ye Yuan's body, seemingly wanting to see through Ye Yuan's secrets.

But right at this time, a shocking change suddenly occurred!

On a sunny day, a bolt of lightning suddenly cut through the sky, and directly slammed into this space!

Heavenly Emperor Profound Secrets' expression changed wildly, all the hair on his body standing on end.

There was no time to think too much. Heavenly Emperor Profound Secrets suddenly pointed a finger at the sky. An astonishing aura erupted.

At this time, the number one Heavenly Emperor's strength was displayed to the fullest expression of its beauty and form.

The expression of Ye Yuan who was in front of him similarly changed wildly. He felt as if this finger of Heavenly Emperor Profound Secrets could pierce a hole in the sky!

This finger was too strong!

Rumble!

With a loud bang, space collapsed, and the mansion was directly turned into ruins!

Heavenly Emperor Profound Secrets spewed a mouthful of fresh blood wildly, looking toward Ye Yuan with a shocked face, speechless for a long time.

The scene earlier was too shocking!

He looked at Ye Yuan with the aura viewing art just now, but seemed to have seen an eye!

That eye seemed to pierce through the unreal, looking at him from some hidden place.

Meeting eyes with that eye, he felt like he was going to die.

He felt ... as if he met gazes with Heavenly Dao!

How could such a thing happen?

Unpredictable children were not tolerated by Heavenly Dao.

But why did he feel like he was staring at Heavenly Dao?

This kind of feeling was too contradictory!

And this thunderbolt out of the clear sky was Heavenly Dao's warning!

Prying into Heavenly Dao was treason and heresy!

Heavenly Dao would naturally send down a warning!

It was also that Heavenly Emperor Profound Secrets' strength was fearsome. If it were others, they would have likely been directly smitten into flying ashes!

How could he have known that the Lesser Heavenspan Mountain on Ye Yuan could be said to be a miniature Heavenly Dao?

Him prying into Ye Yuan's secrets was equivalent to peeping at Heavenly Dao.

How could this sort of action be tolerated by Heavenly Dao?

Heavenly Emperor Profound Secrets' strength was monstrous. Ever since he attained Dao, this sort of situation had never happened before.

Today, he was really scared.

Chapter 2335: Cloudaid City

Swoosh! Swoosh! Swoosh!

One incomparably powerful aura after another arrived in an instant.

The Jian Family had many experts. Seeing such a terrifying line-up, each and every one of them was alarmed.

"Who dares to act wildly in the Jian Family!"

"To dare make a move against Progenitor, got tired of living?"

... ..

Alarmed and angry voices came over one after another. But when they arrived here, they could not help having stunned faces.

A handsome youth was standing in front of their progenitor. There was no one else.

This youth's strength was only Heavenly Emperor Realm, but their progenitor who was opposite him was heavily injured until he vomited blood!

Could it be that it was this youth who hurt their progenitor?

How was this possible?

They wanted to berate this youth, but they felt that it was somewhat funny.

How could their progenitor possibly be hurt by a Heavenly Emperor?

Just as they were stunned, they saw Heavenly Emperor Profound Secrets wave his hand slightly and say, "It's fine. All go back!"

Everyone exchanged glances, being at a loss on what to do.

Jian Yunxin also woke up from the shock and said, "It's fine. All go back for now!"

Only then did everyone leave with puzzled looks.

Ye Yuan also had a helpless look and said, "Profound Secrets Heavenly Capital should have many spirit medicines, right? Why not, let this Ye refine a medicinal pill for Senior to heal your injuries?"

Heavenly Emperor Profound Secrets nodded slightly, expressing his consent.

He naturally knew about the matter of Ye Yuan being conferred the status of an ancestor. If anyone in this world could refine pills for him, it would be none other than Ye Yuan.

Jian Yunxin sent Ye Yuan to refine the pill and then turned back.

Heavenly Emperor Profound Secrets was well-deserving of being the number one Heavenly Emperor, at this time, he already recovered to normal.

Seeing Jian Yunxin looking like he wanted to speak, but swallowing his words back, Heavenly Emperor Profound Secrets said coolly, "He's different from the rest! Unpredictable children similarly have the distinction of high and low. But no matter how high they are, they also won't provoke Heavenly Dao's warning! This old man has divined for a trillion years and also can't see where the human race's way out lies. Perhaps this slight variable ...will fall on him for all I know!"

Jian Yunxin's entire body trembled and he said, "This boy must be hiding a massive secret on him! Why don't ... Father replace him?"

Heavenly Emperor Profound Secrets gave him a glance and shook his head and said, "It's been so many years. Don't you understand it yet? Every single being has its own destiny! That secret with him is a variable. Placed on me, it will become a fixed number! In this battle, the human race will definitely be defeated! If it becomes a fixed factor, then the human race will be ruined in this old man's hands! Putting aside merits and demerits, will the divine race let us, these existences, off?"

Jian Yunxin drew a breath of cold air and said in shame, "It was this child who was impulsive! But he's currently too weak! Can he really grow to the extent of influencing the battle situation?"

Heavenly Emperor Profound Secrets laughed in spite of himself and said, "How can I know? If he can be divined, he wouldn't be an unpredictable child! It's precisely because he's unpredictable that the human race has a chance! Actually, the one who's curious isn't just you. This old man is very curious too!"

Several days later, Ye Yuan refined a quasi-Dao Pill.

After Heavenly Emperor Profound Secrets consumed it, his injuries immediately improved significantly.

Except, Heavenly Emperor Profound Secrets' realm was too high. Ye Yuan's realm was not there yet currently. Hence, the medicinal pills refined could not let him recover fully.

But with Heavenly Emperor Profound Secrets' ability, what remained was not that serious.

With regards to Ye Yuan's alchemy skill, Heavenly Emperor Profound Secrets also lauded over and over again.

After the matter, Jian Yunxin brought Ye Yuan into the Primeval War Realm.

The Primeval War Realm's entrance was in Profound Secrets Heavenly Capital.

"Alright. I'll send you up to here. After you go in, you'll naturally know what to do," Jian Yunxin said.

Ye Yuan nodded his head and entered the small world.

A feeling of weightlessness suddenly appeared. Ye Yuan only felt a blur before his eyes and he entered a ball of light.

Then a large amount of information entered his mind.

It turned out that this Primeval War Realm was actually a world like the Death Cultivation Space.

This ball of light could perfectly replicate his strength.

Of course, this Primeval War Realm was established by Heavenly Emperor Profound Secrets by expending great efforts. It was naturally God knows how many times more advanced than the Heavenly Empyrean Immortal Grove!

Ye Yuan led the clone. Furthermore, all that this clone acquired in the Primeval War Realm was equivalent to him obtaining it.

This was also to say that when the clone cultivated in the Primeval War Realm, the heaven and earth spiritual energy would be transmitted onto the main body.

This was equivalent to the main body cultivating.

This clone was actually equivalent to Ye Yuan's own body!

Furthermore, this clone could revive infinitely!

This kind of means was simply inconceivable.

This clone would enter the Primeval War Realm to fight!

In the Primeval War Realm, there were a hundred cities. Each city had ten thousand unpredictable children.

The unpredictable children fought among each other or went out of the city to hunt all kinds of ferocious beasts.

Fighting was not allowed in the city. Outside the city, there were hunting grounds.

With each fierce beast hunted, one would obtain god of war points.

Among unpredictable children, they were ranked based on god of war points.

This Primeval War Realm was actually a virtual battle space!

"Hiss ... A million unpredictable children! Furthermore, they are all Heavenly Emperor powerhouses!"
When Ye Yuan became aware of this information, he could not help feeling shocked.

He did not expect that the human, demon, fiend, and various races actually had so many unpredictable children.

This was still merely just unpredictable children. The human race's Heavenly Emperor powerhouses are probably numbered in the tens of millions!

Ye Yuan discovered that he still underestimated the human race.

He used to think that Heavenly Emperors were paramount existences. The numbers must be extremely few.

But reaching his present realm, the level that he came into contact with was totally different. Only then did he discover the strength that the human race concealed!

The reproduction ability of these few races was too strong!

Back then, the few races used human wave tactics and brutishly defeated the divine race to death.

If I could not beat you with one progenitor, then three.

If three could not beat, then five! Ten!

The invincible divine race was suppressed just like that.

But thinking carefully, Ye Yuan felt at ease.

The Heavenspan World was boundless without horizon, the numbers of the few races could simply be calculated in billions of trillions.

Even if one Heavenly Emperor appeared among a billion martial artists, the number that accumulated would also be very considerable.

However, Heavenly Emperors were easy to obtain, while Devas were hard to ask for!

Deva Realm powerhouses were truly rare.

Those able to transcend the Deva blight tribulation were one in a million.

The vast majority of Heavenly Emperors all died in the Deva blight tribulation.

Hence, in the last Doomsday Battle, the human race sovereigns virtually all fell. It was a destructive blow to the human race.

After understanding the Primeval War Realm's information, Ye Yuan's consciousness sunk into the light ball. He only felt a blur before his eyes and his entire person arrived at a prosperous city.

Ye Yuan, Second Firmament Heavenly Emperor.

City location: Cloudaid City!

God of war points: zero!

God of war ranking: 12,532!

At this time, some more information appeared in Ye Yuan's head.

Very clearly, there were currently a total of 12,532 unpredictable children in this Cloudaid City.

And his ranking was at the bottom!

"Eh, another newcomer."

“*Huhu*, so weak, just Second Firmament Heavenly Emperor.”

“This bit of strength also dares to come to the Primeval War Realm. Reckon that before long, he’ll be frightened until he doesn’t dare to go out of the city, right?”

... ..

The moment Ye Yuan landed, he immediately attracted a crowd of onlookers.

Of course, there was more disdain.

Second Firmament Heavenly Emperor strength was not worth mentioning in the city.

Ye Yuan knew that the Primeval War Realm had already been open for more than a year.

It was equivalent to him falling far behind the rest!

Unrivaled Medicine God

Chapter 2336: Giving Away Heads

“Looking at your appearance, you should have just come back from the dead, right? How many times have you died? *Uh*, sorry about that. It should be how many dozen times?”

Ye Yuan swept a glance over the few people’s faces, his tone full of mockery.

These few people’s strengths were not very strong. The strongest was also merely Third Firmament Heavenly Emperor, but he was mocking him here, it was really ridiculous.

Sure enough, the moment the few people heard, their faces immediately changed.

Several dozen times was a bit exaggerated. But they had indeed died more than ten times already.

But in such an environment, the mortality rate of weaklings was extremely high.

The eyes of one of them, a youth in brocade, turned cold and he said, “Brat, newcomers got to have the awareness of newcomers! Being too arrogant, you’ll die very miserably!”

The youth in brocade was called Yang Ke, the leader of this group of people, a peak Third Firmament Heavenly Emperor.

Their group had just encountered the ambush of an expert outside the city. In the end, their group was annihilated.

At this time, this group of people was currently upset. When they saw Ye Yuan, they could not help mocking him a little.

Ye Yuan laughed in spite of himself and said, “The moment I entered, you guys have been ridiculing me non-stop. Now, you’re saying that I’m arrogant. Why has the side of reason been occupied by you?”

Yang Ke said in a cold voice, “In the Primeval War Realm, the words of the strong are the side of reason! Brat, if you dare to say this sort of words outside the city, you’d already be a dead man!”

Ye Yuan smiled lightly and said, “*Oh*, is that so? Then I’ll go out of the city right now. Do you guys dare to come?”

Yang Ke was stunned, could this guy be a fool?

They were apprehensive and did not dare to make a move inside the city. But leaving the city, they would be able to strike a fatal blow.

This kind of thing was very commonly seen outside the city.

Outside the city, not only did one have to be on guard against fierce beasts that might appear at any time, they even had to take precautions against humans who pop out from God knows where.

Except, Ye Yuan was a newcomer. There was no god of war points on him at all. Killing would be in vain too.

According to the Primeval War Realm's rules, by killing the opponent, one would be able to obtain 10% to 70% of the god of war points on them.

The higher the opponent's ranking, the more god of war points obtained, and the fewer conversely.

In the beginning, some powerful people would intentionally wait for other people's ranking to get high before hunting them down.

But over time, the rankings would also become more and more stable.

Challenging people who ranked higher than them was equivalent to giving away their heads.

"Hahaha, are you challenging this emperor? Seen before those who seek death, but never seen before someone like you who's in such a hurry to court death! Just entered and you want to experience the taste of death? Rest assured, it's exactly the same as in reality!" Yang Ke said with a loud laugh.

Even though Ye Yuan did not have god of war points on him, Ye Yuan was so arrogant. How could he yield?

Moreover, they had just been group annihilated, finding a rookie to vent was also pretty good.

Ye Yuan said coolly, "I'm eyeing your god of war points. Although it's a bit less, it's better than nothing."

The moment the few people heard, they could not help bursting into laughter.

When Yang Ke heard that, he laughed even harder and said, "You, this newcomer, are really interesting! Good, very good! Then let's go outside the city and cross swords, your Grandpa Yang's god of war points are here. Take it if you have the ability!"

Ye Yuan was not long-winded either, directly turning around and heading in the direction out of the city.

In the city, many martial artists saw that there was a show to watch and could not hold back their curiosity, and also followed after.

"This newcomer is really interesting. A Second Firmament Heavenly Emperor is actually so arrogant!"

A martial artist said with vicissitudes of emotion, *"Heh, those able to enter the Primeval War Realm, which one isn't an astonishing talent outside? But after arriving here, only then will one know that there's a heaven beyond heaven, and that there's always someone better!"*

“This kid can probably jump ranks and battle outside. But he likely doesn’t know that everyone here can jump ranks and battle! However, there’s no use at all!”

... ..

Regarding Ye Yuan’s action, the group of unpredictable children was very disdainful.

When they just entered, which one did not have their noses pointed at the sky?

But along with the passing of time, their confidence was beaten down little by little.

Until now, they already learned to tuck their tails between their legs and behave.

Accidentally offending an expert, that expert would chase after you, killing you all the way until you did not dare to go out of the city!

But it was also not absolutely safe in the city.

Because there was a time limit in the city.

Once the time was up, the Primeval War Realm’s rules would directly obliterate you!

Yang Ke’s squad had a total of six people, two Third Firmament Heavenly Emperors, and four Second Firmament Heavenly Emperors.

But even if they were Second Firmament Heavenly Emperors, they were peak existences too. They were only a step away from being a Third Firmament Heavenly Emperor.

Arriving outside the city, they looked at Ye Yuan like a big bad wolf saw a little white rabbit, having playful expressions on their faces.

This kid actually really came outside the city.

“Peng Yang, go and teach this little brother of ours on how to behave in Cloudaid City!” Yang Ke said to his companion.

The companion called Peng Yang had a playful look on his face as he said smilingly, “Okay, teaching newcomers this sort of thing, I’m most happy to do it! Brat, you must think that you’re very amazing, can jump ranks and challenge opponents! But, each one of us can jump ranks and battle outside! Therefore, after you die, remember to tuck your tail and ...”

Boom!

Peng Yang’s words had yet to fade and he was already dead.

Ye Yuan suddenly exploded with a punch, his speed unimaginably quick.

Everyone did not react yet and Peng Yang already returned to the place of rebirth once more.

Ye Yuan had a calm and collected look. It was as if he did something very ordinary.

While at this time, one gilded inscription text after another entered his body.

This was god of war points.

Casually killing Peng Yang, Ye Yuan obtained 32 god of war points.

“Just this bit of god of war points. You guys are so weak!” Ye Yuan said with some dissatisfaction.

Peng Yang’s ranking was not high, but compared to Ye Yuan, it was very high.

He obtained 30% of Peng Yang’s god of war points, which was also to say that Peng Yang’s god of war points was just in the low 100s.

Ye Yuan was just speaking his mind, but this was a great insult to Yang Ke and the rest.

God of war points being low indicated that their strength was weak!

Actually, their god of war points was not considered low either, especially Yang Ke, he could rank close to 10,000.

But they had just experienced a group annihilation and lost a lot of god of war points at once. Hence, that was why it appeared little.

Yang Ke’s gaze was gloomy and he seethed with killing intent as he said, “Brat, you actually didn’t follow the rules and sneak attacked Peng Yang!”

Ye Yuan could not help laughing and said, “A fight means a fight. What’s with so much crap? Moreover, isn’t this Primeval War Realm a land of slaughter? Could it be that when killing people, we still have to bow to each other first and say hello?”

“Hahaha ...”

A wave of guffaws came from all around.

Indeed, what Ye Yuan said made a lot of sense.

They also saw that Ye Yuan’s realm was too low, so they underestimated him.

Otherwise, why would they be long-winded with him? Most likely, the moment they went out of the city, the six of them would have attacked together and besieged Ye Yuan.

Yang Ke’s gaze was cold, and he said in a low voice, “Attack together, kill him!”

Swoosh! Swoosh! Swoosh!

Yang Ke’s patience already reached its limit.

He wanted to wreck this guy to death, and let him know the taste of being so overwhelmed with pain to the point where he wished that he was dead!

In the Primeval War Realm, being dead was not scary. What was scary was the process of death.

That process was the exact same as the real body!

Except, the reality was quite different from what he imagined.

The moment they came to blows, he discovered how strong Ye Yuan’s strength was!

Unrivaled Medicine God

Chapter 2337: Nightmare

That was right, these unpredictable children were all astonishingly talented, their law comprehensions extremely strong. They could indeed jump ranks and do battle.

It was just a pity that their strength was still far lacking when compared to same rank divine race powerhouses.

But who was Ye Yuan?

Back then, his realm was not as good as Divine Son Xin's, but he was able to crush the other party.

Now, his realm could be seen as comparable to a Second Firmament Heavenly Emperor. But the thickness of his divine essence was no idea how many times stronger than a Second Firmament Heavenly Emperor.

It was not at all inferior when compared to a Third Firmament Heavenly Emperor as well.

Such strength, even if he did not employ Time Freeze, this kind of heaven-defying divine ability, it would also be too effortless to deal with Yang Ke and company.

Ye Yuan forcefully resisted Yang Ke two people's attacks. One punch each, in virtually a blink of an eye, he blew the other three Second Firmament Heavenly Emperors up.

Perfect eighth transformation golden body was no joke!

The Heavenspan World's body-refining powerhouses were countless. But a person who could cultivate the fleshy body to perfect rank eight was one of a kind!

Yang Ke two people did not hurt Ye Yuan but shocked themselves until their vital energy was in upheaval.

This scared them badly enough.

"This is your strength to jump ranks and battle? It looks like the ranks that you're jumping isn't enough!" Ye Yuan said with rather waned interest.

He still thought how formidable these unpredictable sons were. In the end, they were weak to the max.

Of course, Ye Yuan could feel that Yang Ke their strength was indeed very strong.

With their strength, they could even rival Fourth Firmament Heavenly Emperors.

But so what?

Their so-called jumping ranks were only targeted at the most ordinary Heavenly Emperor powerhouses, that was all.

Those who have fought with Ye Yuan before, which one was not a prodigy among geniuses?

Yang Ke's expression was incomparably ugly. They were lecturing Ye Yuan earlier, making him tuck his tail between his legs and behave.

Now, their face was really slapped burning hot.

“Run!”

Yang Ke saw that the situation was bad and turned tail and ran.

Ye Yuan said coolly, “It’s too late!”

It was only to see him punching a fist out, carrying a series of dragon roars, and tearing through the air.

True Transient Heavenly Dragon Hand!

Boom!

Yang Ke two people felt their hearts drop and turned around to resist it.

But the power of this punch already exceeded their limits.

After resisting it slightly, they were directly decimated.

From start to end, it was merely a dozen over breaths of time.

By the side, all the unpredictable children were stunned from watching.

The people who were somewhat looking down on Ye Yuan previously felt their faces were burning currently.

“He wiped out a squad in a few breaths of time by himself! How ... How can he be so strong?”

“Too scary! His fleshy body is actually able to forcefully contend with the attacks of a Third Firmament Heavenly Emperor! Unless ... Unless he’s of the perfect rank eight golden body!”

“Heaven beyond heaven; there’s always someone better ... He’s the heaven beyond heaven. He’s the person who’s always better!”

... ..

Amidst everyone’s shocked gazes, Ye Yuan slowly entered the city.

Encountering a few people who delivered their heads the moment he came in, Ye Yuan was still in quite a good mood.

Annihilating six people, his god of war points already rose to 247.

His ranking also already rose to rank 11,328, rising more than a thousand places at once.

While at this time, Yang Ke and the rest who returned to the rebirth point, all had hard-to-conceal depression on their faces.

They ... were annihilated once more!

Just returned to Cloudaid City, they were actually annihilated once more!

With this, their losses were huge.

Several people's ranks fell crazily. Especially the few Second Firmament Heavenly Emperors, it was virtually almost falling to their tails.

"Damn it, after I died the last time, I expended a Herculean effort before amassing several hundred god of war points. With this, it's all gone!" Peng Yang said gloomily.

He felt like there was a resentful lump in his chest, making his chest almost explode.

Imagine that you were climbing a mountain and finally climbed halfway up the mountain.

In the end, your hand slipped and you fell by more than half.

Another slip and you fell to the starting point.

At this time, whose mood could be good?

Yang Ke had a look of lingering fear as he said, "That punk is too strong! I feel like he didn't take out his true strength at all and easily wiped us out! I reckon that his true strength will likely rank within 8000!"

Everyone's faces were startled and they said, "It's impossible, right? Within 8000, that's middle-stage First Firmament Heavenly Emperor powerhouses already!"

Yang Ke had a solemn expression as he said, "Disregarding other things, with just his perfect rank eight golden body, there's absolutely no issue with being ranked in the top 9000! If he's still concealing strength, he can absolutely be ranked in the top 8000!"

When everyone heard that, they sucked in a breath of cold air.

Someone smiled bitterly and said, "Why are we so unlucky, encountering such a jinx the moment we revived? This guy is simply like a nightmare, I don't want to remember it anymore!"

Including Yang Ke, everyone had bitter smiles.

It was really a memory that one could not bear to recall!

... ..

"Truly a magical world! The flow of time here is a hundred times slower than the outside world! I entered a year late, but actually, 100 years have already passed in this place! With over 100 years' time, I'm afraid that a large group of powerhouses has emerged, right?"

Ye Yuan discovered that the Primeval War Realm's flow of time was very slow. It was only 1% of the outside world!

If he cultivated in here, it was equivalent to cultivating for 100 years in the outside world!

This was simply a cultivation paradise to Ye Yuan.

His eyes suddenly lit up and he said, "If I can comprehend time law and create a space for Heavenly Eagle Bodhidharma's alchemy path powerhouses to gain enlightenment on Dao, their strength will definitely improve by leaps and bounds! It's just that I don't know if there's an opportunity to comprehend time law here or not!"

Presently, the human race's alchemy path powerhouses were a little useless.

Human leaders like Heavenly Emperor Profound Secrets did not care about the alchemy path's existence at all.

Because they felt that the alchemy path had declined and would not have much effect on the Doomsday Battle.

But if there were several people who could comprehend the power of law and comprehend the true Dao pill, then the alchemy path would regain its glory anew, and make the divine race dread!

Thinking up to here, Ye Yuan was rather excited.

But very soon, he became a little dejected again.

Time law was too hard to comprehend. It was even harder than spatial law!

Although he already entered the door, he had not been able to find a way to improve further all the way until now.

"Forget it. Better don't think too much! Exchanging for some Heavenly Emperor spirit treasures and going out to earn god of war points are more realistic."

Everyone who entered the Primeval War Realm came in all on their own.

All the treasures on their bodies were unable to be brought in.

Want to use treasures in the Primeval War Realm, one could only make an exchange with god of war points.

There was a Spirit Treasure Hall, Medicinal Pill Hall, and so on and so forth in the city. They could all be exchanged for by using god of war points.

Hence, god of war points was extremely important in the Primeval War Realm.

"Sir, I wonder how I can help you?" Ye Yuan entered the Spirit Treasure Hall and an enchanting woman in red clothes came up to greet him.

"I need a sword!" Ye Yuan said.

The woman in red smiled brightly and said, "Sir, please follow me."

She led Ye Yuan into a place called Sword Pavilion. There were all kinds of swords laid out inside in a dazzling array.

The woman in red smiled and said, "Sir, there are tens of thousands of swords in all kinds of styles inside the Sword Pavilion. You can choose freely."

Ye Yuan nodded his head and casually circled one round, and could not help drawing a cold breath.

These swords were so expensive!

The roughly 200 god of war points that he had just obtained was barely able to buy 12.

More importantly, there were no Emyrean spirit treasures here!

“That ... Do you guys have Emyrean spirit treasures here?” Ye Yuan asked rather embarrassedly.

Unrivaled Medicine God

Chapter 2338: Prodigal Son

The woman in red’s expression turned cold as she said, “Emyrean spirit treasure? Sir, are you making fun of this girl?”

There were still some martial artists buying swords in the Sword Pavilion currently. Hearing these words, they could not help glancing over sideways with mocking faces.

Those able to enter the Primeval War Realm were all Heavenly Emperor powerhouses. No one would use Emyrean spirit treasures.

This guy asked for Emyrean spirit treasures the moment he opened his mouth. He was used to being poor, right?

But Ye Yuan asked with a serious look, “Not making fun of Miss. I’m serious! Either way, the swords here are all made of energy and laws. Since it’s able to create heavenly emperor spirit treasures, then it can create Emyrean spirit treasures too, right?”

Seeing that Ye Yuan’s expression did not seem to be fake, the woman in red said with a frown, “Can it can. It’s just that ... no one has ever bought Emyrean spirit treasures before. Furthermore, you’re using Emyrean spirit treasures to deal with Heavenly Emperors, isn’t this a joke?”

By the side, a burly man said mockingly, “*Haha*, Miss Redleaf, can’t you tell yet? This kid is clearly a pauper who can’t take out god of war points to buy Heavenly Emperor spirit treasures!”

Ye Yuan was indifferent and said with a nod, “That’s right, I just arrived today and can’t take out too many god of war points. Therefore, I can only substitute it with Emyrean spirit treasures.”

Redleaf was enlightened and said, “Like this *huh*, then you can go outside the city to hunt down fierce beasts and obtain god of war points. Hunting those lowest grade Azure Light Beasts, the money saved can still be used to buy a heavenly emperor spirit treasure.”

Azure Light Beasts were one of the lowest level fierce beasts in the Primeval War Realm. Its strength was relatively weak, but the god of war points obtained from hunting it was also pitifully little.

Every 100 Azure Light Beasts killed would only obtain one god of war point.

However, Azure Light Beasts were actually not as easy to kill as Redleaf said.

They appeared in groups and often went together in hundreds or thousands.

Furthermore, the so-called weak was just relatively speaking.

Even if it was the Azure Light Beast, their strength was significantly stronger than ordinary First Firmament Heavenly Emperors too.

To martial artists who were weaker, wanting to obtain sufficient god of war points was not easy.

"Haha, Miss Redleaf, let him do what he wants! This kid is just a Second Firmament Heavenly Emperor. Wanting to get the god of war points for a heavenly emperor spirit treasure, who knows how many years he'll have to wait until!" That burly man mocked once more.

Ye Yuan's brows furrowed, and he glanced at that burly man.

Who knew that that burly man glared and threatened, "What, brat? Not convinced? Keep staring! Do you believe that I will kill you every time I see you?"

Ye Yuan nodded slightly and said, "Very good, I've remembered you!"

When the burly man heard Ye Yuan's words, he could not help laughing loudly as he said, *"Haha, I am really so scared! Did you guys hear that, he's remembered me! Brat, then you remember my name, Qin Hu! This name will become your nightmare in the Primeval War Realm!"*

"It's over. This kid probably doesn't know who Qin Hu is, right? A young calf doesn't fear the tiger!"

"Qin Hu is a famous demon king. Furthermore, he likes to stir trouble a lot and already killed until many unpredictable children don't dare to go out of the city anymore!"

"He's a Fourth Firmament Heavenly Emperor powerhouse. It's said that his ranking already reached the top 8000!"

... ..

When everyone saw Ye Yuan's unconvinced appearance, each and every one of them could not help secretly shaking their heads.

Newcomers should be more low-profile, they could not afford to provoke everyone.

But Ye Yuan nodded his head and said, "Qin Hu, *mn*, I've remembered this name. This period of time, you don't go out of the city anymore. It's very dangerous!"

Qin Hu's face turned black, and he said with a cold smile, "Nice one, punk! Not many people dared to talk to me this way in this Cloudaid City yet! In order to reward your bravery, I will make your divine soul tremble!"

But Ye Yuan could not be bothered to pay attention to him anymore and turned to Redleaf and said, "Miss has misunderstood. This Ye doesn't want one sword, but 1012 swords! Additionally, I need 12 Heavenly Emperor spirit treasures."

Redleaf had a shocked face and said, "You just came today and already have so many god of war points?"

The others, inclusive of Qin Hu, all had suspicious faces.

Clearly, they did not think that Ye Yuan had this strength.

"Heh, just you brag! You, a newcomer, can have so many god of war points?" Qin Hu said with a look of disbelief.

Ye Yuan could not be bothered to care about him and shrugged as he said to Redleaf, "This Ye isn't bored until the extent where I'll come and make fun of Miss Redleaf. However, I only have 247 god of war points, the remaining seven god of war points, using it to exchange for a thousand over Emyrean spirit treasures should be sufficient, right?"

Ye Yuan thought so. After all, Emyrean spirit treasures were worthless in this place, being less than even trash.

Apart from Ye Yuan, no one was interested at all.

Redleaf's vermilion lips opened wide, unable to close her mouth for a long time.

He only arrived at the Primeval War Realm today, and he actually already obtained 247 god of war points!

God of war points were not so easy to get, especially to a martial artist who looked very weak like Ye Yuan.

Redleaf said, "Sir, you might not know what god of war points means, right? 247 god of war points, to many people, that takes more than ten years to obtain."

She felt that Ye Yuan spending god of war points like this was too wasteful.

Simply a prodigal son!

Not just her, the other martial artists present also thought so.

But Ye Yuan did not dare at all. Taking a look at Qin Hu, he said, "It's fine. After spending them, there's still someone who'll come and give me more!"

In his heart, he already regarded Qin Hu as a cash withdrawal machine.

Qin Hu's face turned black, the anger in his heart growing even more.

He already made up his mind to make this punk not dare to leave the city again!

When Redleaf saw that she could not persuade Ye Yuan, she could only say, "Alright. Since Sir insists on doing so, then the thousand over Emyrean spirit treasures, I'll count it as five god of war points then. It's a total of 245 god of war points, sir please pay the bill."

Ye Yuan nodded his head and followed Redleaf and arrived in front of a jade plate.

He put his palm on it, one gilded rune after another was pulled out of his body, entering the jade plate.

His god of war points was instantly only left with two pitiful ones.

And his ranking also dropped to the last place at once.

Seeing that Ye Yuan really paid so much god of war points, everyone could not help having shocked faces.

But even more was still feeling that this guy was too prodigal!

Other people's ten years' worth of god of war points, he spent it in one go!

Moreover, he bought so many Heavenly Emperor spirit treasures, what was the use?

Ye Yuan took the swords and was immediately satisfied.

With the sword formation, his strength would be stronger.

But he had his own plans. He planned on slowly exchanging these thousand over Empyrean spirit treasures into all Heavenly Emperor spirit treasures!

At that time, the power of his sword formation would be extremely terrifying!

This was actually very hard to realize outside.

After all, the outside world's Heavenly Emperor spirit treasures were very rare.

Wanting to collect a thousand swords was very, very difficult.

Killing people and seizing treasures this sort of thing, Ye Yuan could not do it yet.

But in this Primeval War Realm, it was very easy to do so.

The Heavenly Emperor spirit treasures here were only composed of energy and laws. They could be supplied limitlessly.

As for god of war points, he did not care at all.

As long as his strength was strong enough, would he still be scared that there was no god of war points?

Wasn't there going to be god of war points being delivered right away soon?

Chapter 2339: Battling Qin Hu

Ye Yuan put away the sword and slowly walked out of the city.

Qin Hu followed him from far away, but he walked very carefully, as if afraid of startling Ye Yuan.

Ye Yuan discovered it long ago, but he could not wait for the other party to follow.

He lacked god of war points very much right now!

If Ye Yuan's plan was known to others, they would definitely scold him for being prodigal.

Just take the lowest-grade Heavenly Emperor spirit treasure to calculate it; a thousand swords needed ten thousand god of war points too.

This god of war points was sufficient to rank within 3000 already.

This guy was actually just using it to buy swords!

"Heh, there's a good show to watch! That newcomer brat offended Qin Hu. Qin Hu is currently planning on going to find him to settle scores!"

"Poor thing, this kid doesn't seem to have detected it yet that a tail is following behind him."

... ..

In the crowd, Yang Ke's ears moved slightly, hearing this news.

Especially 'newcomer brat' these few words, it aroused his curiosity at once.

Upon inquiring, there was a prodigal son who spent more than 200 points and bought a thousand over swords in the Spirit Treasure Hall.

The moment Yang Ke heard, wasn't this Ye Yuan?

"This guy, forget about that he killed us, he also provoked Qin Hu?" Yang Ke said in puzzlement.

"*Heh heh*, Qin Hu is a powerhouse ranked within 8000. That punk is dead for sure this time! Boss, let's go together to take a look!" Peng Yang said excitedly.

"Go!"

The brothers six people could not hold back their curiosity and also followed after.

After Ye Yuan left the city, he headed towards the wilderness.

Before walking very far, a figure blocked his path, it was precisely Qin Hu!

Qin Hu looked at Ye Yuan with a look of amusement and said, "Brat, you really have the guts, to really dare leave the city so quickly!"

Ye Yuan smiled lightly and said, "If I don't leave the city, how will you come and give me god of war points?"

Qin Hu laughed loudly and said, "Those who dare to speak to me this way are all already dead men. Punk, before long, you'll doubt life! I will kill you until you don't dare to leave the city!"

Ye Yuan was indifferent and said coolly, "*Oh*, then what are you still waiting for, bring it."

Ye Yuan's nonchalant attitude made Qin Hu greatly enraged in his heart.

He gave a cold snort, his figure suddenly launching forward. A shocking aura suddenly erupted.

At the same time, four power of laws added radiance and beauty to each other, reverberating between heaven and earth.

A powerhouse who fused four powers of law!

Qin Hu being so arrogant indeed had his capital to be arrogant.

Ye Yuan had seen before countless geniuses but had never met before a genius who fused four kinds of laws.

Furthermore, the power of laws that Qin Hu fused, their realms were all extremely high, already reaching the level of rank eight.

One had to know, each additional power of law fused, the difficulty increased exponentially.

Fusing three kinds could already be considered a genius among geniuses.

But Qin Hu fused four kinds, this kind of talent was extremely heaven-defying already.

At this moment, Ye Yuan finally understood what was called an unpredictable child.

With talent like Qin Hu's, jumping ranks to battle was simply as easy as eating and drinking.

"Tsk tsk, really envy Qin Hu's talent!"

"This fellow looks boorish and is unreasonable, but actually, he's extremely talented! His Sword Dao is fused with wind, fire, and water, three kinds of power of law. The power is irresistible!"

"That kid thinks that he's a genius, but how can he know the horror of this Primeval War Realm?"

... ..

When the group of geniuses saw Qin Hu take action, each and every one of them was incomparably envious.

They were all geniuses too. But compared to Qin Hu, they were simply even less than trash.

"Hahaha ... Punk, do you regret it very much now? However, you already have no chance!"

When Qin Hu saw the surprised expression on Ye Yuan's face, he could not help being very pleased.

He appreciated this kind of expression very much!

Ye Yuan could not help shaking his head and smiling when he heard this. He said, "Regret? There's no such word in my dictionary!"

"Humph! Reckless and blind brat, go to hell!"

Qin Hu roared loudly and raised his sword, rushing over.

For a moment, sword energy intermingled with the other three kinds of power of laws. Its power was irresistible.

Golden light shone brilliantly on Ye Yuan's body. An astonishing dragon might similarly surged to the sky.

Amidst everyone's shocked gazes, Ye Yuan actually relied on his fleshy body to clash together with Qin Hu!

In the wilderness, two figures crisscrossed, fighting until the earth shook and mountains swayed.

The more Qin Hu fought, the more alarmed he got. Ye Yuan actually relied on his fleshy body to fight with him until they were locked in a struggle!

He fused four kinds of power of laws and was actually unable to do anything to Ye Yuan.

One had to know, even in the Primeval War Realm, he was an existence who jumped ranks to battle!

Everyone thought that his ranking was close to rank 8000, but actually, his rank already rose to around 6900.

But he was actually unable to do anything to a Second Firmament Heavenly Emperor brat.

This kid was actually of the perfect rank eight golden body. Furthermore, he was of the dragon race!

How could he know that Ye Yuan was an existence who obtained Divine Stele Injecting Spirit, a candidate for the Dragon Clan's progenitor?

The dragon race was extremely talented, their strength far surpassed same rank humans in itself.

The elites among the dragon race could naturally contend with the human race elites.

And Ye Yuan's talent was at the top of the pyramid in the dragon race!

Coupled with the formidable strength of rank eight golden body, fighting to a draw with him was nothing unusual.

The geniuses who came to watch the battle were long already dumbfounded with shock from watching.

Some people had already seen before Ye Yuan's battle with Yang Ke six people and knew about his prowess.

But they did not know that Ye Yuan was actually so powerful!

Yang Ke six people were not on the same level as Qin Hu at all.

Even if the six of them added up together, it was not even worthy enough to carry shoes for Qin Hu!

But Ye Yuan actually fought to a draw with him.

"Just where did this freakish brat pop out from? His strength is actually so strong!"

"He can fight to a draw with Qin Hu. Doesn't that mean that his strength can already rank within 8000?"

"*Hiss ...* A Second Firmament Heavenly Emperor kid actually ranked within 8000, simply dare not imagine!"

... ..

In the Primeval War Realm, jumping ranks and battling was a very indulgent behavior.

Because the geniuses here were too many.

Very unfortunately, Qin Hu was that extravagant one.

But today, the powerful Qin Hu was actually leapfrogged and battled by someone!

How could these geniuses not be shocked?

This was also to say that their so-called geniuses, so-called unpredictable auras, were not worth mentioning in front of Ye Yuan at all!

Qin Hu gritted his teeth and said angrily, "Punk, consider me to have erred in judgment! Your strength is indeed very strong, but you're still hard-pressed to escape death today!"

Suddenly, his figure retreated explosively.

At the same time, the sword, wind, fire, water, four kinds of power of laws in his body, started revolving according to some sort of rule.

Heaven and earth suddenly became berserk until the maneuvering of his power of laws.

Everyone's hearts turned fearful, knowing that Qin Hu was going to release a big move!

This move, very few people could force it out of him.

But Ye Yuan did it!

"To be able to force me to use this move, you can be sufficiently proud! Heavenly Dao Combined Spirit Sword!"

A sword stabbed out, heaven and earth changed colors!

The sharpness of this sword was unrivaled!

Except, a hint of disdain showed on Ye Yuan's face, the dragon might on his body quivering once more.

Behind him, the spirit of a true dragon suddenly appeared, being incomparably solid. It was as if it was a true dragon descending upon the world.

Heretic Dragon Dominating Space!

Chapter 2340: Ye Yuan Who Keeps His Word

The spirit of the true dragon overlooked the world from above the firmament, showing disdain over everything in the world.

That kind of domineeringness carried the world before him!

Taking a step out, the world was shocked!

Boom!

Hills toppled and the earth quaked. The void trembled. Everyone's countenances changed visibly.

These two people's strength was really too fearsome.

This clashing of major moves was actually evenly matched!

Qin Hu's strength was truly formidable, while Ye Yuan's innate divine ability was a top-notch existence even in the Dragon Clan. Yet he actually only fought to a draw with him.

The strength of an unpredictable child was displayed to the fullest expression of its beauty and form on Qin Hu.

However, everyone's shock was due to Ye Yuan.

The reason was very simple. Qin Hu was defeated!

The Second Firmament Heavenly Emperor Ye Yuan fought to a draw with the Fourth Firmament Heavenly Emperor Qin Hu!

This was enough to shock them.

“This innate divine ability is really terrifying! In the same rank, who can be his match?”

“This is a spatial-attribute innate divine ability, that’s one of the supreme innate divine abilities! Most likely, it’s a top existence in the Dragon Clan too!”

“Qin Hu even said that he was going to kill until this kid would not dare to leave the city. Looking at it now, it’s really a joke!”

“Looking at it like this, this newcomer kid, his strength should be ranked within 8000 at the lowest too!”

... ..

Just as everyone was exclaiming in amazement, Qin Hu suddenly spewed out a mouthful of fresh blood wildly, his figure flying out backward.

Under the two people’s stalemate, it was finally still Qin Hu who was defeated!

This kind of confrontation had a tremendous impact force on the martial artist themselves to begin with.

It was true that Qin Hu was formidable, but how could he be as strong as Ye Yuan’s body?

Under the circumstances where their strength difference was not great, body-refining martial artists would almost certainly win!

With Ye Yuan gaining momentum in one move, he immediately chased after. He pursued in haste and pummeled fiercely.

Qin Hu was seriously injured. So how could he withstand this bout of beating? In a few blows, he was on his dying breath.

Everyone could not help feeling alarmed from watching. This kid was really vicious when making his move!

But in this place, everyone existed for god of war points, not being viscous would not do.

“*Huhu*, thank you for your god of war points!” Ye Yuan looked at the half-dead Qin Hu and said with a light smile.

Qin Hu said with his dying breath, “Brat, don’t run if you have the capability! After I revive, I’ll come to find you to settle scores!”

He lost and was unconvinced!

His strength was clearly not weaker than Ye Yuan’s, but Ye Yuan relied on the advantage of his body to defeat him.

Moreover, with his god of war points, once he died once, the losses would be too great.

He could not swallow this insult!

Ye Yuan smiled slightly in his heart and was very satisfied with Qin Hu’s reaction.

As long as he employed the sword formation, annihilating Qin Hu would simply be effortless.

Fusing four kinds of power of laws was indeed powerful.

But no matter how strong, could it be stronger than the combination of two great source powers?

But why did he have to expend his strength and unfold a life-and-death struggle with Qin Hu?

He did it in order to make Qin Hu feel unwilling to submit!

It was in order to make Qin Hu come out to take revenge!

This way, he would be able to continue plundering god of war points.

Wasn't he going to kill him until he did not dare to come out?

Fine then, I'll kill you until you do not dare to come out!

Furthermore, Ye Yuan knew that Qin Hu definitely would not come out alone this time. He would definitely find a helper.

At that time, *heh heh!*

The current Ye Yuan could already predict the scene of god of war points rising rapidly.

"Okay, I'll wait for you here!" Ye Yuan said with a calm expression.

Finished saying, with a bang, he finished Qin Hu off with a punch.

One cluster of runes after another entered Ye Yuan's body, Ye Yuan's eyes could not help lighting up.

So many god of war points!

Because Ye Yuan's ranking was only 12,000 plus, but Qin Hu's ranking was around 7000.

This huge difference let Ye Yuan obtain 40% of the other party's god of war points!

Right now, Ye Yuan already had 1,480 points on him!

And his ranking already rose to rank 8,941 too.

Even Ye Yuan himself was also shocked by the points.

"Tsk tsk, really awesome!" Ye Yuan exclaimed.

Truly becoming a tycoon in an instant!

Seeing the expression on Ye Yuan's face, everyone was incredibly envious in their hearts.

They knew that Ye Yuan definitely obtained a significant amount of god of war points!

In this Primeval War Realm, the stronger the opponent killed, the more the god of war points obtained.

But during these 100 years' time, the rankings were actually already relatively stable.

Wanting to jump several thousand places to kill the opponent in front was simply a fool's talk!

But Ye Yuan killed the formidable Qin Hu just like that and snatched so many god of war points like pulling a tooth from the tiger's mouth.

However, Ye Yuan was currently meditating calmly on the spot and was actually really waiting for Qin Hu to come out. This made many people extremely surprised.

Was this kid a fool?

Could it be that he really thought that Qin Hu would fight one-on-one with him?

"Young man, hurry up and go! Qin Hu has a buddy in the city called Mo Xi. His strength is even a notch above his! You're only waiting to die by being here!" A kind-hearted person came forward to persuade him.

"Yeah, kid, don't get too greedy! You waiting for him here is equivalent to waiting for death!"

... ..

Ye Yuan's gaze swept over and he said with a smile, "Many thanks for everyone's warning, but this Ye said to wait for him, I won't go back on my word and will wait here for him to come!"

When everyone saw that Ye Yuan did not listen to advice, they could not help shaking their heads and sighing.

This kid was really hopelessly headstrong!

It was useless even if he was strong, being brainless was too scary!

Except, the Yang Ke in the crowd was absorbed in thought.

"I really didn't expect that this kid would be so formidable! However, *heh heh*, he's a fool, to actually really wait here for Qin Hu to come back!" Peng Yang said.

But Yang Ke frowned and said, "Don't you guys find it strange?"

Everyone was taken back, uncertain what it meant.

"What's strange about it? This brat and Qin Hu are about on par. If add in Mo Xi, this kid will be dead for sure!"

"Yeah. His fleshy body is strong, but Qin Hu's strength isn't weak either! If he doesn't leave now, it's tantamount to seeking death!"

But Yang Ke shook his head and said, "I heard that he used all the god of war points that he snatched from us to buy swords! Furthermore, he bought over a thousand! But have you guys seen him draw a sword?"

The vast majority of the people neglected this problem!

Not that they deliberately overlooked it, but that the combat strength that Ye Yuan displayed made them believe in Ye Yuan's strength strongly.

They felt that Ye Yuan's strongest trump card should be the perfect rank eight golden body!

Ye Yuan relied on perfect rank eight and could already defeat the Qin Hu who fused four kinds of power of laws. It could be seen how monstrous he was.

Then did he still need other means?

But Yang Ke thought of this question!

He did not know how strong Ye Yuan's sword arts were, but in this Primeval War Realm, there definitely would not be someone silly enough to spend all the god of war points on them to go and buy something useless!

Yang Ke's followers could not help being stunned, also discovering this issue now.

But Yang Ke smiled strangely and said, "I'm somewhat curious now, just how strong his sword arts are!"

... ..

An hour later, two figures came out of the city with a howl, arriving in no time!

These two people were precisely Qin Hu and his buddy, Mo Xi!

The two people, one in front and one behind, blocked off all of Ye Yuan's paths of retreat.

Qin Hu looked at Ye Yuan and said with a loud laugh, "Punk, you really keep your promises, to actually wait here to die! *Hahaha ...*"
