#### Chapter 2341: : Qin Hu, Youve Screwed Me Over This Time!

“My greatest plus point is that I’m a man of my word! Furthermore, you seem to have forgotten. I said before to kill you until you don’t dare to go out of the city.”

Ye Yuan was very calm and did not feel surprised because Qin Hu brought a helper.

Furthermore, he felt very interested in this Mo Xi from listening to the other people’s discussions instead.

With regards to such a big point giver, it would not do if he was not interested either!

Mo Xi looked at Ye Yuan with a look of amusement and said with a light smile, “*Huhu*, kid, you really don’t know about the immensity of heaven and earth! The Primeval War Realm’s waters are much deeper than you think. You can’t play just because you’re talented!”

He naturally knew about Ye Yuan’s strength. It was just that fighting two-on-one, it was useless no matter how strong Ye Yuan was.

Ye Yuan looked at Mo Xi and suddenly said, “Your esteemed self is helping Qin Hu. Are you also going to kill this Ye until I don’t dare to go out of the city?”

Mo Xi could not help laughing as he said, “Of course! Qin Hu and I are extremely close friends in reality as well. You killed him once. So how can I make it easy for you? Your question was very moronic!”

But Ye Yuan smiled brilliantly and said, “That’s good then. I can set my mind at ease.”

The others were all speechless. This kid was too defenseless, he could still smile at this time!

Moreover, these words were indeed moronic enough!

You could set your mind at ease?

At ease about what?

“The two of you don’t go out of the city anymore in the future. Otherwise, if I see once, I’ll kill once!” Ye Yuan said with a faint smile.

“*Hahaha* ... Mo Xi, this kid probably still hasn’t figured out the situation until now! Looks like he’s underestimating you. Showcase your strength and let him take a look!” Qin Hu said with a loud laugh.

Mo Xi nodded his head and said coolly, “Okay!”

One mysterious and profound power of law after another suddenly descended, echoing around Mo Xi.

Earth, fire, water, wind!

It was another four kinds of power of laws!

Furthermore, these four kinds of power of laws were different from Qin Hu’s. They could form a perfect closed loop, the power unable to be mentioned in the same breath.

This Mo Xi's strength was much stronger than Qin Hu's!

At the same time, four beads of different colors slowly rose up, revolving around him.

The power of the four kinds of laws suddenly increased significantly again and also emitted a rhythmic tempo along with the four beads.

"These four beads are called the Four Directional Beads, a set of peak heavenly emperor spirit treasure! They correspond respectively to earth, fire, water, and wind, four kinds of power of laws, and are able to make my strength become a lot stronger! Kid, you try repeating those words earlier!" Mo Xi looked at Ye Yuan and said with a faint smile.

While on the other side, Qin Hu's power of laws had already been released.

His entire cultivation was all on his sword, his strength also fearsome.

It was just that compared to Mo Xi's Four Directional Beads, it was significantly lousier.

The two of them joining forces, it was hard to find a rival among this Cloudaid City's Fourth Firmament Heavenly Emperors.

No matter how great Ye Yuan's strength was, it was also impossible to be their match!

"*Hahaha*, kid, lost all hope, right? Mo Xi's strength is even above mine! With the two of us teaming up, are you still harboring hopes of getting lucky in your heart?" Qin Hu said smugly.

Seeing Mo Xi's strength, everyone was incredibly shocked.

Everyone only heard that he was impressive, but it seemed like his strength was very high. Earlier, they thought he was about the same as Qin Hu.

But looking at it now, that was not the case!

"So strong! I didn't expect that Mo Xi's strength is much stronger than Qin Hu's!"

"This kind of power of laws doesn't have the slightest flaws at all. Furthermore, with the augmentation of a peak heavenly emperor spirit treasure, its power is unimaginable!"

"No wonder it's said that Mo Xi's ranking is actually above Qin Hu's. Looks like his god of war points were all used on these four beads!"

"This boy, not listening to the advice of the elderly, suffering is right ahead! Asked him to not get too greedy, but he wouldn't listen!"

... ..

Many people present all started gloating over his misfortune. It was true that Ye Yuan's strength was strong, but he did not listen to other people's words.

They clearly had good intentions but were treated as ill-intent.

Actually, it was them who were thinking too much. Ye Yuan just wanted to get more god of war points, that was all.

And right at this time, Ye Yuan finally touched his swords.

*Swoosh, swoosh, swoosh ...*

Suddenly, a thousand over swords scattered all around, dancing wildly in the air.

Seeing this scene, Yang Ke's entire body trembled, and he actually gave a low cry rather agitatedly, "He finally deployed his swords! I indeed didn't guess wrongly! What he's strongest at isn't the physical body, but ... Sword Dao! No, wait, there's also ... Formation Dao!"

A thousand over swords, it was impossible to just be Sword Dao.

A bunch of Emyrean spirit treasures smashing over, he could blast it to dregs with a punch, what was there still?

At this time, Yang Ke had a strong feeling that he might be witnessing the birth of a miracle!

This newcomer was too formidable!

"Boss, what are you agitated for? Even if he knows Sword Dao and Formation Dao, it's also impossible to be those two people's match, right?" Peng Yang said.

Another person said, "Yeah, these two are too strong! If that punk is the same rank as them, there's still a show. But, his realm is too low!"

Yang Ke suddenly smiled and said, "*Heh heh*, you guys just watch!"

Ye Yuan's face did not show the slightest change in expression. He just said coolly, "I said before, I will kill until you guys don't dare to go out of the city! Do you guys really think that this Ye is kidding?"

"*Hahaha* ... this is your trump card? This pile of metal scraps and you want to deal with us teaming up?" When Qin Hu saw the situation, he said with a loud laugh.

Mo Xi also shook his head and could not help laughing as he said, "*Huhu*, kid, you really don't know the immensity of heaven and earth! Using a bunch of Emyrean spirit treasures and you want to deal with the two of us? Too naive!"

Ye Yuan gave them a cold glance and said coolly, "Is that so?"

*Swoosh! Swoosh! Swoosh!*

Suddenly, the sword formation unexpectedly erupted!

Sword Dao source and Formation Dao source reverberated between heaven and earth, enveloping Qin Hu and Mo Xi two people inside all at once.

All of a sudden, a feeling of immense danger welled up in their hearts, making the two people's faces change wildly.

"Two great source powers! Qin Hu, you've screwed me over this time!"

When Mo Xi saw Ye Yuan take action, his mind shook heavily.

He shouted at the top of his voice, roaring angrily.

At the same time, Qin Hu's expression also changed wildly, and he yelled, "Talk again later! Let's join hands first to repel the enemy!"

It was already too late to want to run!

Ye Yuan's speed was too fast, the swords coming and going were merely a matter of an instant.

In a blink, Ye Yuan's sword formation already covered Mo Xi.

In an instant, he felt a huge cage covering him firmly, unable to break free at all.

This sword formation was too scary!

His Four Directional Beads' power was tremendous, but no matter how great his power was, in front of source power, it was too weak until it could not stand up to a breeze either.

The power of source, that was an existence that only Deva Realm powerhouses could touch!

This guy was just a Second Firmament Heavenly Emperor. So how did he comprehend it?

Even though Ye Yuan's sword formation was formed with metal scraps, his power was currently being divided on 1,008 swords. He should not not have much power left.

Qin Hu had a conflicted look. He wanted to run, but he still endured it.

The loss outweighed the gain in doing so!

Hence, he released his full strength and rushed over toward Ye Yuan.

But he had yet to arrive when he saw the sword formation dice Mo Xi into minced meat as if chopping vegetables and cutting melons!

For a moment, everyone was shocked!

#### **Chapter 2342: Pitiful**

"The combination of two great sources! Too strong! Truly too strong! What did I say earlier? What he's strongest at is definitely sword technique. I didn't say it wrongly, right?"

Yang Ke was very agitated. He also did not know whether it was because he saw such a heaven-defying sword formation or because he guessed correctly.

However, his companions were clearly all very surprised.

They did not expect that it was really guessed correctly by Yang Ke.

It was just that even Yang Ke also did not expect that Ye Yuan's swordsmanship was actually so powerful!

One source power was already utterly shocking.

The sword formation created by the combination of two great source powers truly had boundless power.

Such a fearsome Mo Xi kicked the bucket without even blocking a single exchange.

Ye Yuan did not waste his time, controlling the thousand over swords to return to him and speeding toward Qin Hu.

Qin Hu was long already overwhelmed with terror. Under a loud roar, he also went straight back home.

The onlooking unpredictable children were all shocked until they were dumbfounded with shock.

They never could have thought that this battle would end in such a manner.

They thought that this would be an astonishingly great battle. Ye Yuan would try his best, but he would still die under the teaming up of Qin Hu and Mo Xi.

But the battle was merely several breaths of time from start to end.

Only then did those people who urged Ye Yuan understand that Ye Yuan truly had nothing to fear, and was not that he could not listen to persuasion.

“Impressive! How did this kid cultivate, he’s simply a freak!”

“Qin Hu really did a massive tumble with this. His god of war points will probably be reduced by half, right?”

“A perfect rank eight golden body is already freakish enough. So who would have thought that he actually also comprehended two powers of source?”

... ..

Above the void, Ye Yuan’s god of war points soared endlessly and already broke through 3000 points.

Breaking through to 3000 on the first day of entering the city, this was likely the first person among the one million unpredictable children too.

Ye Yuan received the god of war points, returned to the city, and directly arrived at the Spirit Treasure Hall.

When Redleaf saw Ye Yuan, she could not help but ask doubtfully, “Isn’t the god of war points on Sir already spent finish? Why did you come back again?”

Ye Yuan smiled and said, “Someone is generous and keeps giving me god of war points non-stop. Miss Redleaf, Jade True Sword, give me ten of them!”

Redleaf opened her mouth wide, looking at Ye Yuan in shock.

Jade True Sword was a peak heavenly emperor spirit treasure. One sword would cost 372 god of war points!

This guy wanted to exchange for ten in one go?

Where did he get so many god of war points?

Redleaf suddenly thought of Qin Hu, but even Qin Hu probably did not have so many god of war points either, right?

The moment he settled the bill, she discovered to her shock that Ye Yuan really had that many god of war points!

When Ye Yuan left Spirit Treasure Hall, Redleaf did not even recover from the shock.

Ye Yuan spent all the god of war points on him and went straight out of the city, leaving Cloudaid City.

... ..

In Cloudaid City, a figure appeared rather flustered.

“Hey, did that punk called Ye Yuan really leave?”

“Yes, we saw him leave with our own eyes!”

“You’re sure that you didn’t see wrongly?”

“For sure!”

Qin Hu was already asking the seventh person here. Everyone told the same story, all saying that Ye Yuan already left. Only then did he finally set his mind at rest.

Returning to the city, he naturally could not avoid being reproved by Mo Xi.

It was fine that he himself got screwed, he even dragged his close friend into the water.

But fortunately, Qin Hu did not flee in the face of danger. The friendship between them could still continue.

“That brat already left. Let’s hurry up and leave the city too? If we run into that brat, he’ll definitely kill us again!”

Qin Hu inquired around and decided to leave the city right away.

He did not want to run into this monster again!

But Mo Xi was much more cautious than him. He shook his head and said, “Wait another two days! Going out now, it’s very easy to run into him. Furthermore, he might be intercepting us for all we know.”

“Right, right, right! It’s still you who’s smart!” Qin Hu repeatedly approved.

Two days later, the two went out of the city cautiously, looking all around.

Discovering that there wasn’t Ye Yuan’s figure, their hearts finally calmed down.

“Let’s hurry up and go, make sure not to run into that brat! I’ve already inquired clearly, he headed in the direction of Wish Valley, we’ll go in the opposite path of him, go to the Central Plains!” Qin Hu hurriedly said.

Mo Xi nodded and said, “Okay, we’ll go to the Central Plains!”

The two were just about to depart when suddenly, a voice came out of the void.

“Gentlemen, this Ye has been waiting for a long time. You guys are in a hurry. Where are you headed?”

Hearing this voice, Qin Hu two people's hair stood on end, all the goosebumps on their bodies rising.

This was simply the devil's voice.

Only to see Ye Yuan's figure walk out of the void, already cutting off the two people's path to withdraw back to the city.

"Y-Y-You ... didn't you leave already? W-Why would you show up here?" Qin Hu's expression changed wildly, scared until even his words were stammering.

Mo Xi had a stunned face and said, "His spatial law likely already reached an unimaginable level! So when he hides in the void, we can't discover him at all."

That was right, Ye Yuan deliberately left behind a false impression of having left. Following that, he shuttled into the void, and quietly sneaked back, waiting for the two to leave the city.

Before killing until the two did not dare to go out of the city, how could he leave?

Ye Yuan smiled and said, "Since you understand, then I'll send you guys on your way then!"

"Wait a minute ..."

Qin Hu still wanted to say something, but Ye Yuan did not give him the chance at all. The sword formation already greeted them, annihilating the two of them instantly.

Just went out of the city and they died again.

Qin Hu returned to the rebirth point and simply wanted to tear, but had no tears.

He originally had close to 3700 god of war points on him. After dying a few times, his god of war points directly shrunk by more than half.

Ye Yuan this fellow was too hateful, deliberately spending all the god of war points on him in order to fleece more of his god of war points.

His ranking already fell to around the ranks of 9000.

Mo Xi was not much better than him too, he just died one less than him. Right now, it had also shrunk by close to half.

"F\*ck you! Did you have nothing better to do? What the hell kind of monster did you provoke?! Forget about that he's a perfect eight transformation! Two great source powers, I've also resigned myself to it! Now, he's even proficient in spatial law! Do you think we should go out of the city or not?" Mo Xi bellowed crazily at Qin Hu.

He was really going crazy!

If he was merely strong, forget it. Could not afford to provoke, I could hide.

But Ye Yuan's spatial law was too powerful. With their strength, they could not detect this guy at all.

Then how would they know when Ye Yuan would leave?

With this, they really did not dare to go out of the city anymore!

Not far away, many people saw the bellowing Mo Xi and the Qin Hu who looked like a bullied wife, and they could not help casting sympathetic gazes.

In the crowd, there was still Yang Ke and the rest.

At this time, they felt extremely grateful.

Fortunately, Ye Yuan did not target them. Otherwise, they would be much more miserable than these two right now.

Each person could only stay for 20 days' time in the city.

Not leaving for 20 days, they would be directly obliterated by Heavenly Dao.

This time, Qin Hu two people endured for 20 days and finally still decided to make another run for it.

But just arriving outside the city, they were defeated by Ye Yuan once more.

With this, they really did not dare to go out of the city anymore.

Another 20 days passed. The pitiful Qin Hu and Moxi were directly obliterated by Heavenly Dao.

Half a year's time passed just like this, they were consecutively obliterated by Heavenly Dao close to ten times before going out of the city once again in trepidation.

#### **Chapter 2343: A Strange Couple**

Just as Qin Hu two people were frightened until they did not dare to go out of the city, Ye Yuan had long already left Clouдаid City.

He naturally would not really accompany these two people and keep on playing. Furthermore, he knew that with those few times, those two likely did not dare to go out of the city anymore as well.

He had also earned enough god of war points from these two and there was nothing to mess with anymore.

However, those two were intimidated from killing and did not dare to gamble at all.

They would rather be killed by Heavenly Dao than be willing to give Ye Yuan god of war points anymore.

Sun Moon Canyon was a relatively dangerous place around Clouдаid City.

In the canyon, there were many middle-stage Heavenly Emperor Realm fierce beasts coming and going.

With Ye Yuan's current strength, this place was clearly the most suitable cultivation place.

Before leaving, Ye Yuan made another trip to Spirit Treasure Hall and used Qin Hu two people's god of war points, and exchanged for 36 low-grade Heavenly Emperor spirit treasures.

He made a slight modification to the sword formation, with 12 peak heavenly emperor spirit treasures as the core, 48 low-grade heavenly emperor spirit treasures as auxiliary, driving a thousand Empyrean spirit treasures.

This way, with the augmentation of peak heavenly emperor spirit treasures, the power of the sword formation grew even stronger.

In the Primeval War Realm, as long as one left the city, there was a possibility of encountering dangers at any time.

Of course, the closer to the cities the place, the weaker the fierce beasts. The further away from the cities the place, the stronger the fierce beasts.

Walking all this way, Ye Yuan killed many fierce beasts, but the god of war points obtained were not a lot.

Only all the way until now did he know how hard it was to obtain god of war points.

Killing low-level fierce beasts did not seem to have many gods of war points.

While killing high-level fierce beasts, after your ranking became high, the god of war points obtained would get lesser and lesser.

There would come a day where your bottleneck would arrive.

So in this place, you needed to keep on getting stronger, before you could surpass yourself.

*“Eh, hubby, there’s a young fellow here!”*

*“You’re not allowed to look! Keep looking and I’ll kill him!”*

*“Hehe, hubby, I just like your jealous appearance! Why not, we kill him together?”*

*“Muack muack, wifey, I also love your beautiful and charming appearance the most! However, this little fellow’s realm is too low, there’s also no benefit in killing him, spare him then.”*

*“Hehe, my hubby is the most, most kind! Love you!”*

*“Muack muack, wifey, I love you too!”*

... ..

All of a sudden, a man and a woman walked over from not far away.

The two people’s conversation made Ye Yuan feel a chill.

This was clearly a pair of Dao companions. It was just that the two were chummy until it made people despair when they were talking.

Ye Yuan looked over, the man was unbelievably ugly, and the woman was well-matched with him.

Then the man said that the woman was beautiful and charming, while the woman said that the man was handsome and tall.

He really did not know where their courage came from.

These two people were really one family. Not entering the household door, they were quite a lively pair of living treasures.

But such a pair of ugly man and woman, they were actually unpredictable children too. It still made Ye Yuan quite surprised.

As the saying went, one should not judge other people based on their looks. It was probably like this.

Ye Yuan could not be bothered to pay attention to the two either and planned on leaving straightaway.

If they were to really make a move, he was naturally not afraid either.

Who would have expected that he was about to leave when that woman suddenly said, "Little Brother, your strength is too low. Why not come together with us? Us husband and wife will protect you!"

The moment the man heard, he was immediately enraged and said, "*Argh*, infuriating me to death, you still said that you didn't take fancy on this pretty boy!"

The woman rolled her eyes and said, "Silly darling! I saw that this babe is friendly and thought of our baby! If he was still alive, he'd probably be as handsome as him, right?"

As she said, the woman actually shed tears.

The moment the man heard, he also fell silent, and actually choked silently.

Ye Yuan originally did not want to care about the two but seeing the two get worked up, not seeming to be fake, he felt awkward to leave as well.

However, when he was just about to open his mouth to refuse, the man suddenly said, "Kid, you heard it, my wife sees that you're pitiful. In this Sun Moon Canyon, stick around with us husband and wife then!"

Ye Yuan smiled and said with cupped fists, "Many thanks for your husband and wife's kindness, but I'm used to traveling alone and won't impose on you two."

His words were said very courteously.

After all, they had good intentions. So Ye Yuan naturally maintained some respect.

It was just that the moment the man heard, he was indignant.

His face turned sullen, and he said in a solemn voice, "Asked you to follow, just follow. What's with all the crap?"

The moment Ye Yuan heard, he could not help shaking his head. They were truly a pair of weirdos.

The moment the woman heard, she hurriedly said, "Goodness gracious, you silly darling. What will you do if you frightened that kid? Little brother, this place is really very dangerous! Furthermore, there are also a lot of bad guys in Sun Moon Canyon. You should follow us. We can share some god of war points with you!"

This woman was really protecting him like protecting a calf.

However, Ye Yuan himself came to train in the first place. What the hell would it be if he followed these two?

Hence, he could only refuse this kind-intention.

Ye Yuan cupped his fists once more and said, "Madam, this Ye really appreciates your kind intentions. It's just that this Ye came here to train. It's seriously hard to follow you two. Farewell, the two of you."

As he said, Ye Yuan turned around and was about to leave.

But right at this time, there was suddenly a blur in front of his eyes, that man blocked in front of him.

The man had a grim look, appearing very angry, and said, "You punk, don't know how to appreciate favors! Since you're not willing to follow us, then I can only use force!"

Ye Yuan could not help being unable to stifle his laughter when he heard it. Heard before forcing a sale, never heard before compelling to follow and cultivate.

"This big brother, if you can keep this Ye behind, then there's also no harm in this Ye follow you guys!" Ye Yuan said coolly.

The man said, "*Heh heh*, punk, what high-sounding sentiments! You still don't know the two of us husband and wife's titles, right? The two of us are Heaven Mandarin and Earth Duck[1]. We're very famous in the Heavenspan World too!"

Ye Yuan was aloof and indifferent and said coolly, "Senior Heaven Mandarin, please!"

Heaven Mandarin's face turned black. A punch suddenly struck over.

But his attack clearly held back some strength. In his view, how could Ye Yuan's small body withstand his one punch?

While Earth Duck smiled by the side and did not speak, an appearance of watching a show.

Facing this punch, Ye Yuan did not avoid it and similarly threw a punch over.

He understood that he could only talk to this Heaven Mandarin with strength!

*Boom!*

A loud bang came over, Ye Yuan did not budge an inch, while Heaven Mandarin fell several steps back.

A tremendous force transmitted into his bosom and he hurriedly revolved divine essence to dispel it.

This punch, Ye Yuan similarly did not use his full strength too.

But this husband and wife two people had surprised expressions, clearly not expecting that Ye Yuan's strength was actually so strong.

"Perfect eighth transformation! Kid, I couldn't tell that you still have some real skills!" Heaven Mandarin said in surprise.

Ye Yuan smiled and said, "Senior Heaven Mandarin, can this Ye go now?"

Who knew that Heaven Mandarin shook his head and said, "The two of us husband and wife mean what we say. Ask you to follow, you have to follow! Keep being long-winded and I'm going to be serious!"

Ye Yuan also had some anger aroused from being repeatedly harassed by these two people.

These two were clearly harassing with unreasonable demands.

“Is that so? Then this Ye will have to witness Senior Heaven Mandarin’s brilliant moves! Please!” Ye Yuan said coolly.

[1] A play on words, mandarin ducks mean an affectionate couple.

#### **Chapter 2344: : Eight Great Source Powerhouses!**

Chapter 2344: Eight Great Source Powerhouses!

Upon exchanging blows, Heaven Mandarin let out all sorts of strange cries, making Ye Yuan’s scalp tingle.

However, these strange cries were extremely formidable. It actually contained sound wave attacks and achieved the same wondrous effect as the Voice of the Dragon God with different means.

Furthermore, Heaven Mandarin’s sound wave attack was already not far from the power of source.

Coupled with the strength of a Fifth Firmament Heavenly Emperor, Ye Yuan was actually not a match by just relying on the power of the fleshy body.

“Hahaha, brat, know my prowess now?” Heaven Mandarin said smugly.

But right at this time, a series of sword cries sounded out. Ye Yuan already brought out his sword formation.

The moment the sword formation arose, Heaven Mandarin’s expression suddenly changed and he cried out strangely, “Boy, I didn’t expect that you still had such capability! Wifey, quickly come and help!”

The Earth Duck by the side was also extremely surprised. Clearly, she did not expect that such a little fellow actually comprehended two great powers of source.

With her husband calling, Earth Duck joined the battle without the slightest hesitation.

However, same as Heaven Mandarin, Earth Duck also emitted a series of strange cries the moment she came in.

However, the power was completely different.

The two people combining, their sound wave attacks actually miraculously stepped into the realm of source!

Coupled with the two people’s strength of Fifth Firmament Heavenly Emperors, they actually fought on pair with Ye Yuan.

Ye Yuan was greatly surprised in his heart. He really rarely ran into someone who could rely on the power of source to fight with him until they were evenly matched.

Want to deal with Ye Yuan, there was only by relying on powerful cultivation realm, to carry out an unreasonable suppression.

Competing in power of laws was equivalent to seeking death.

Ye Yuan naturally did not know that the shock in Heaven Mandarin and Earth Duck's hearts was a hundred times than his!

Just now, they were still boasting shamelessly, saying that they wanted Ye Yuan to stick around with him.

But in a blink, Ye Yuan fought one-versus-two, and actually fought with them until neither could gain the upper hand.

"Hubby, this babe is so formidable, to actually comprehend two great powers of source!"

"Wifey, if our babe didn't die, he might also be so formidable now!"

"That's for sure!"

Ye Yuan's brows furrowed slightly, and he said in a solemn voice, "You two, how about we just stop here?"

"Alright, alright, not fighting anymore! You, this babe, are really strong. Let's stop fighting, can we talk?" Earth Duck said.

Ye Yuan nodded and said, "Alright."

Earth Duck was overjoyed and dragged Ye Yuan to start jabbering away.

One could tell that she genuinely liked Ye Yuan.

Earth Duck was like a loudmouth, talking about the two of them husband and wife's anecdotes.

It turned out that back then, they were also just a pair of very ordinary Emphyrean husband and wife, and were not very outstanding.

They even gave birth to a son and doted on their son a lot.

Their son's talent was astonishing, the moment he was born, he was peak True God. He also cultivated very fast. Using only ten thousand years, he cultivated to peak Emphyrean Realm. Just a step more, he would be able to step into the realm of Heavenly Emperor.

But something unexpected may happen at any time. Because his son offended a Heavenly Emperor powerhouse, he was killed by the other party.

The husband and wife two people were overwhelmed with pain to the point where they wished they were dead. Hence, their temperament changed drastically.

As the saying went, matters of the world were hard to predict, and this also paved open the two people's path of defying the heavens.

Their son dead, the two of them had all hopes dashed to pieces, and only had one thought remaining, that was to take revenge.

But the Heavenly Emperor was too strong to them!

As a result, the husband and wife two people supported each other and actually walked further and further on this path of sound law.

Later, the both of them broke through to Heavenly Emperor, and even comprehended sound source!

The Heavenly Emperor powerhouse who was originally undefeatable in their eyes, already became unbelievably weak.

The two killed the Heavenly Emperor and avenged their revenge, wandering the world ever since.

Because these husband and wife two people had strange personalities, they provoked many powerful enemies.

But their strength was formidable. Relying on the power of sound source, they even slew many powerful enemies.

Later, they also earned their titles of Heaven Mandarin and Earth Duck.

Hearing these two people's stories, Ye Yuan clicked his tongue in wonder, also filled with emotions at the unpredictability of heaven's secrets.

Under normal circumstances, these two absolutely would not have become such major powers.

But because of their son's death, it became the current situation.

"Little guy, I found you agreeable the moment I saw you, feeling like you're especially like our son. Furthermore, you're also different from the rest. When others see us pestering like this, they will be killing intent aroused. But you didn't" Earth Duck said with a smile.

Ye Yuan smiled and said, "I won't offend people unless I'm offended. You husband and wife didn't have ill-intentions toward me. So this Ye naturally won't deal a killing blow either. Alright, many thanks for the two of your boundless hospitality. This Ye is really going to cultivate now, farewell."

Earth Duck had a reluctant look, but they also knew that they could not keep Ye Yuan behind, and could only let Ye Yuan leave.

Just as Ye Yuan was about to leave, his expression suddenly changed.

A series of ripples suddenly surfaced in the surrounding space. One powerful aura after another came out of the void.

"Heaven Mandarin and Earth Duck, I searched for you guys for a very long time already! This time, let's see what you guys run to!"

A man in black robes walked out of the void and looked at Heaven Mandarin and Earth Duck as he said with a resentful look.

At the same time, in the other seven directions, seven figures also appeared.

These eight people, the auras on each person was extremely powerful. They were not the slightest bit weaker than Heaven Mandarin and Earth Duck.

Heaven Mandarin's brows furrowed and he looked at the man in black and said, "Jiang Zhe, you really linger on relentlessly! Also, you guys, you actually ran together!"

"*Heh*, you two freaks, you don't know how many powerhouses you've provoked! Today, with us eight great source powerhouses moving out in unison, see where you guys can still run! In the future, see you guys once, kill you once!" Jiang Zhe said.

Ye Yuan's expression also changed when he heard that they were actually all source powerhouses!

How capable at provoking were this husband and wife two people, to actually draw eight great source powerhouses to team up all of a sudden.

However, with the two of their strange personalities, there was really the possibility.

Now, these eight people were clearly banding up to deal with them.

Earth Duck frowned and said, "Fine, you let Young Friend Ye leave. We'll slowly settle our scores!"

Jiang Zhe gave Ye Yuan a glance and said disdainfully, "This little thing is together with the two of you, two old freaks, can he still be anything good? It's naturally ... killing together!"

*Buzz ...*

While talking, Jiang Zhe snapped his fingers, a lightning ball that radiated electricity in all directions, flew toward Ye Yuan, the speed inconceivably fast.

Lightning source!

Ye Yuan's brows furrowed. Lifting his hand, it was a Transient Heavenly Dragon Hand.

*Boom!*

The lightning ball being punched heavily by Ye Yuan was directly annihilated.

Jiang Zhe underestimated Ye Yuan too much. So this move was very casual. Ye Yuan naturally resolved it very casually too.

But landing in Jiang Zhe's eyes, he was naturally somewhat surprised.

"*Eh*, a little interesting! This kid actually originates from the Dragon Clan. Furthermore, he's a perfect eighth transformation! Presently, in this Heavenspan World, those able to cultivate the physical body to the perfect eighth transformation are rare. Kid, what's your name called?"

Clearly, Jiang Zhe became a little interested in Ye Yuan.

"None of your business!" Ye Yuan said coolly.

What annoyed him the most was Jiang Zhe's appearance of arbitrarily deciding the life and death of others.

Clearly came to find trouble with Heaven Mandarin and Earth Duck, but wanted to implicate others.

He did not even finish saying a sentence yet and he wanted to kill him.

Therefore, Ye Yuan naturally would not show Jiang Zhe any good attitude.

Jiang Zhe was first stunned when he heard that, then his face turned black, and he said in a solemn voice, "Brat, I originally wanted to spare you. Looking at it now, it's you who are seeking death yourself!"

#### **Chapter 2345: Kindly Accepting**

"This sentence, I'll return it to you as it is! I originally wanted to spare you, but now ... prepare to die!" Ye Yuan replied unceremoniously.

These words immediately drew a wave of loud laughter from the eight great source powerhouses.

A Second Firmament Heavenly Emperor saying this sort of words was really very hilarious in their view.

A middle-aged man in white robes could not help laughing as he said, "*Huhu*, you think that with a perfect eighth transformation, you can be invincible in this Primeval War Realm? Boy, you're still too inexperienced!"

Earth Duck said, "Young Friend Ye, in a while, we'll hold these guys back. You go first! They are all source powerhouses. You're not their match by yourself!"

"If I want to leave, just the likes of them can't hold me back still. If I want to stay, none of them can leave!" Ye Yuan looked at Jiang Zhe, his tone exuding domineeringness.

It was just that this declaration sounded like childish words to the eight great source powerhouses.

Perfect eighth transformation, was it very impressive?

Jiang Zhe said to the white-robed male, "Lin Zhan, this brat will be handed to you! Regroup with us after killing him. These two old freaks' source laws are rather formidable. They are not easy to deal with."

Lin Zhan nodded his head and said, "Relax, I'll dispose of him within three moves!"

Jiang Zhe nodded and said, "Attack together! This time, we must make these two old fellows pay the price!"

The seven great source powerhouses' powers of law were released fully. One astonishing law undulation after another instantly reverberated inside Sun Moon Canyon.

Even Heaven Mandarin and Earth Duck two people also felt tremendous pressure.

"Young Friend Ye, don't put up a bold front anymore! Find a chance and quickly escape! You don't need to care about us!" Earth Duck said with concern.

She knew Ye Yuan's strength, dealing with one source powerhouse was not an issue.

But if Ye Yuan did not leave and attract even more source powerhouses, that would not be good.

In the beginning, Ye Yuan was still slightly critical of this strange husband and wife pair. But after listening to their tragic experience, Ye Yuan could not hate them anymore as well.

That pain of losing a loved one, he felt deeply affected by it.

The things that this husband and wife two people had suffered at that time, he could understand fully.

Furthermore, this Earth Duck was genuinely concerned about him.

*"Heh heh, you guys had better worry about yourselves!"* Jiang Zhe said with a cold laugh.

Seven great source powerhouses attacking at the same time, the commotion was extremely shocking.

Heaven Mandarin and Earth Duck cried strangely over and over again, letting out all kinds of sound martial techniques to deal with the seven people.

Ye Yuan could tell that these two still appeared rather strained under the pincer attacks of the seven people.

However, sound law was also an extremely high-level law. Coupled with these two people's tacit understanding and cooperation, their strength far surpassed those in the same rank.

For some time, they were actually able to barely ward them off.

*"Brat, stop looking, this Heavenly Emperor will send you back to the city right now! This level of battle isn't what you can take part in!"* Lin Zhan looked at Ye Yuan and said with a smug look.

*"Immobilize!"*

Lin Zhan's voice had yet to fade, only to see Ye Yuan nonchalantly spit a word out of his mouth.

Heavenly Dao suddenly descended, locking Lin Zhan firmly.

His gaze was incomparably shocked, wanting to speak, but was completely unable to move.

*Swoosh, swoosh, swoosh ...*

The sword formation suddenly arose, rushing over towards Lin Zhan.

In a breath, Lin Zhan was diced into pieces.

His source power had yet to be put to good use, and he was already slain by Ye Yuan.

Unimaginably fast!

*"Since you're in such a hurry to go back to the city, then this Ye will give you a ride then."* Ye Yuan said coolly, but sadly, Lin Zhan already could not hear it anymore.

Many runes entered Ye Yuan's body, Ye Yuan felt that his god of war points suddenly increased by more than 2000.

Source powerhouses were indeed different, their god of war points was also very abundant!

Lin Zhan could not hear it, but those powerhouses fighting over there felt this terrifying Heavenly Dao undulation already.

*"Heavenly Dao True Word! This kid actually knows Heavenly Dao True Word!"*

“What he mobilized should be time law! To be able to mobilize a Heavenly Dao True Word that’s of the two great supreme laws, too terrifying!”

“Also, that sword formation! Two great powers of source! My god, just what kind of freak is this kid?”

... ..

Not just Jiang Zhe they all, Heaven Mandarin and Earth Duck two people were also astounded.

They thought that the sword formation was already Ye Yuan’s final trump card. Did not expect that Ye Yuan actually still had such a heaven-defying ace-in-the-hole that was not used.

If Ye Yuan flashed this trump card, killing the two of them husband and wife just now would be effortless!

After Ye Yuan killed Lin Zhang, he slowly walked over to this side and said coolly, “I originally came here to train, but there are always some people who feel that they have too many god of war points and insist on sending me some. Since that’s the case, this Ye will kindly accept it!”

Not waiting for Jiang Zhe and the rest to react either, the moment Ye Yuan’s sword formation rose, he joined right in the battle.

Heaven Mandarin and Earth Duck’s combat power was actually higher than these source powerhouses.

Ye Yuan was able to fight to a draw with Heaven Mandarin and Earth Duck, but his strength was actually much stronger than them individually.

“Immobilize!”

Ye Yuan did not hesitate in the slightest, directly using Time Freeze, immobilizing Jiang Zhe firmly there.

Jiang Zhe was long prepared, the source power in his body surging wildly, attempting to break through Time Freeze.

Additionally, another three people saw that the situation was not good, and rushed right at Ye Yuan, attempting to stop him.

Ye Yuan’s sword formation revolved crazily, hurting one of them in a blink of an eye!

With the combination of two great powers of source, Ye Yuan’s combat power was much stronger than ordinary source powerhouses.

The only thing that he was at a disadvantage in was cultivation realm.

In the fight with Heaven Mandarin and Earth Duck previously, he did not use his full strength either.

At this time, he was truly enraged and went all out, hurting one of the source powerhouses in a twinkle.

Under Jiang Zhe’s frenzied assault, Time Freeze was finally burst through.

But he also broke out in cold sweat from shock.

This move was really impossible to guard against!

Unless one's strength reached the Seventh Firmament Heavenly Emperor Realm, otherwise, there was no way to fight with this kid at all!

With Ye Yuan joining the battle, the situation on both sides suddenly turned around.

The seven people diverted more than half of their power to deal with Ye Yuan, while the other three also started struggling in straitened circumstances under the teaming up of Heaven Mandarin and Earth Duck.

Originally, the eight people came in a threatening manner. At this time, they were actually devastated until their helmets and coats of mail were lost.

Ye Yuan fought four people by himself, even firmly suppressing his opponents in terms of momentum.

At that time, Ye Yuan fought more than 20 divine race powerhouses alone in Cloudheart Realm!

The formidable aspect of the sword formation was this!

When in a group battle, the power of the sword formation could be amplified infinitely.

In terms of strength, the strengths of source powerhouses were much stronger than those abyss monsters.

But no matter how strong, it also would not be stronger than those 20 people.

Now, Ye Yuan exchanged for 12 peak heavenly emperor spirit treasures and 48 initial-rank heavenly emperor spirit treasures, the power of the sword formation was more than a level stronger than back then.

Therefore, there was more than enough to spare for him to deal with these people.

The more Jiang Zhe and the others fought, the more alarmed they got. Originally, when this Second Firmament Heavenly Emperor was standing here, they thought that he was just a rookie.

Who knew that this kid was actually even stronger than Heaven Mandarin and Earth Duck teaming up!

They kicked an iron plate!

“Leave!”

Jiang Zhe saw that the situation was not good and immediately retreated.

The others saw the outcome too and fled one after another.

If a source powerhouse wanted to leave, nobody could keep them behind.

However, Ye Yuan just smiled coldly, his figure immediately melting into the void.

“Immobilize!”

Jiang Zhe's figure suddenly froze in the void.

Jiang Zhe's pupils constricted, his eyes full of horror.

He did not expect that Ye Yuan's spatial law was actually so formidable, catching up to him in a blink of an eye.

*Puchi!*

Sword light flashed, Jiang Zhe was directly killed.

Following that, Ye Yuan took another step out and caught up to another source powerhouse.

Once these few people's strength was scattered, how could they be Ye Yuan's match?

Ye Yuan killed four people in a row like chopping vegetables.

While the other three people were tied down by Heaven Mandarin and Earth Duck, and they were unable to get away for some time.

Ye Yuan rushed back again and slew the three people together with Heaven Mandarin and Earth Duck.

Eight great source powerhouses, there was actually not a single one who escaped.

In Cloudaid City, Jiang Zhe and the rest had lingering fear in their hearts, having horrified expressions on their faces.

"Really damn unlucky! To actually encounter such a freakish brat!" Jiang Zhe had a grim look as he said.

A source powerhouse said with a bitter smile, "Where did this kid pop out from? He's also too monstrous, right? Other people spend their entire lives and only comprehend one power of source. But he's too talented! One person comprehended two! That's not all; he even comprehended spatial law to such a high boundary, and even comprehended Heavenly Dao True Word!"

Looking at his expression, it was obvious he suffered a tremendous blow.

Even though they gathered eight source powerhouses, source powerhouses were also extremely rare existences among the unpredictable children.

They could be said to be geniuses among geniuses, monsters among monsters.

However, they all, these geniuses, monsters, all became dim and full under Ye Yuan's light.

"Damn it! Really stepped on dog shit when we went out! This kid's strength can probably already rank in the top 4000! It's also that his cultivation realm is too low; otherwise, even assaulting the God of War Golden List is also nothing difficult!" Lin Zhan said unhappily.

God of War Golden List, it was released once every 100 years.

This list only tabulated the unpredictable children within the top 3000.

Only people whose god of war points ranked in the top 3000 had the qualifications to be tallied in.

The unpredictable children who could enter the God of War Golden List, each one was an expert among experts, a genius among geniuses.

However, this so-called God of War Golden List was just Cloudaid City's sub-list.

“Forget it, forget it, when we see this kid in the future, directly make a detour! Encounter the Heaven Mandarin and Earth Duck, also directly make a detour! Can’t provoke, we can avoid!” Jiang Zhe said helplessly.

... ..

Killing eight source powerhouses in one breath, Ye Yuan’s god of war points soared crazily and broke through 5000 points very soon.

Heaven Mandarin and Earth Duck husband and wife two people were also stunned.

They said to protect Ye Yuan inside this Sun Moon Canyon. In the end, it was Ye Yuan who saved them.

When Ye Yuan was fighting with them before, he did not even take out half of his strength.

Otherwise, the result would be totally different.

“Young Friend Ye, it was us husband and wife two people who didn’t know what’s good for us. This time, thank you very much for lending a helping hand. We’re definitely becoming friends with Young Friend Ye! After going to the real world in the future, you must come and find the two of us to play,” Heaven Mandarin said.

Although the two of their personalities were peculiar, they were not unable to tell what was good for them.

Ye Yuan clearly did not want to stoop to their level. If they went from bad to worse, that would not be good.

The two of them did provoke many powerful enemies, but it was also not like they provoked everyone. Otherwise, they would have long kicked the bucket.

Ye Yuan smiled and said, “Definitely! This Ye still has to go cultivate and will take my leave here.”

Bidding farewell to the two, Ye Yuan headed toward the depths of Sun Moon Canyon.

In the dense woods, a lion-shaped fierce beast came out with a roar.

A Battle Xuan Beast! Ye Yuan found intel about this fierce beast from the information.

This Battle Xuan Beast’s strength was very strong and not weaker than source powerhouses.

What was even more terrifying was that this Battle Xuan Beast was able to control time law; extremely hard to deal with.

Ye Yuan expended some effort before killing it too.

“Killing such a powerful fierce beast and I only got three god of war points. Looks like the god of war points obtained from Jiang Zhe they all were too many. *Mn?* What’s this?”

Ye Yuan was currently lamenting about the god of war points when suddenly, he discovered that some mysterious and profound thing entered his body.

“That’s ... law fragment? A fragment of time law! Unfortunately, there are too few law fragments. I’m unable to comprehend them at all.”

Ye Yuan identified what this thing was very quickly and could not help being very excited.

But very soon, he felt dejected.

This law fragment was too small, it was simply impossible to be comprehended.

Suddenly, his eyes lit up and he said, “I wonder if the time laws in all of the Battle Xuan Beasts are the same or not. If they are not the same, then can one piece together a complete time law?”

Getting to work at once, he started searching for Battle Xuan Beast to proceed with hunting.

Battle Xuan Beasts were very rare, but one could always encounter them.

After more than ten days, Ye Yuan hunted another Battle Xuan Beast.

Then he became incomparably excited. It was because these two extremely tiny time fragments really merged together.

“*Heh*, excellent! This way, as long as I continue hunting Battle Xuan Beasts, I can always piece together a small piece of time law!” Ye Yuan said excitedly.

Feeling the flow of time here, Ye Yuan became very covetous of time law. He did not expect that there was really an opportunity to comprehend it.

Time law was very vague and insubstantial, but this small fragment was different.

It was tantamount to a reification of the power of law and could let martial artists directly view the mysteries of time law.

Of course, even so, wanting to comprehend time law was still as hard as ascending to heaven.

After all, this was the Heavenspan World’s hardest law to comprehend, not one of!

Even spatial law still had some disparity in front of time law.

Ye Yuan finally understood why there were so many source powerhouses here!

Looks like these geniuses obtained the other party’s law fragments after hunting fierce beasts, which allowed them to break through the shackle, reaching the realm of source.

Ye Yuan previously still found it strange. The source powerhouses here were a little too many.

“Starting from today, hunt Battle Xuan Beasts!” Ye Yuan immediately decided.

Arriving at the Primeval War Realm, even if he did not gain anything, merely a time law was also worth it.

However, Ye Yuan discovered very soon that the number of Battle Xuan Beasts was seriously too few. His efficiency of hunting was too low.

Hence, he simply returned to Cloudaid City and released a mission.

As long as someone could provide intel about Battle Xuan Beasts, after confirming it, he would give the other party 100 god of war points.

Very soon, the entire Clouдаid City knew that Ye Yuan was hunting Battle Xuan Beasts.

But what followed was everyone's ridiculing.

"Heh heh, truly a fool who overestimates his own ability! Does he really think that time law is so easy to comprehend?"

"This kid actually released such a mission, what a moron. Who does he think he is? Something that even Wan Zhen doesn't dare to touch, he dares to touch too!"

"I heard that Wan Zhen pieced together a whole piece of time law at that time and gained nothing after comprehending for several decades. In the end, he still gave up! This kid is also thinking too highly of himself."

... ..

The Wan Zhen everyone talked about, was the number one major power on the God of War Golden List rankings.

To be able to rank first on the God of War Golden List, his talent could be imagined.

But even such talent also ended in failure. So what did Ye Yuan count as?

### **Unrivaled Medicine God**

#### **Chapter 2347: Golden List Powerhouse!**

"Young Friend Ye, are you still persisting? Do you know that you've already become Clouдаid City's laughingstock? Do you know what they are saying about you behind your back? Especially Jiang Zhe, what he says is very unpleasant," Earth Duck urged painstakingly.

For three years, Ye Yuan had been persistently collecting time law fragments all this while.

Heaven Mandarin and Earth Duck husband and wife naturally also knew about this news. Hence, they wanted to persuade him to dispel this idea.

But Ye Yuan was very stubborn.

"Two seniors, Ye Yuan's mind is made up. You don't need to persuade me any longer," Ye Yuan said smilingly.

These three years, Ye Yuan practically did not go out to train. The majority of the time was staying in Clouдаid City to wait for news.

As long as he received the news, he would head to the wilderness to hunt Battle Xuan Beasts.

However, it was also not without gains.

Every once in a while, he would go out to hunt for a period of time.

Primeval War Realm's heaven and earth spiritual energy was extremely rich. In a short three years' time, Ye Yuan's realm already closed in on peak initial-stage World Realm.

This time, he just received the news that a Battle Xuan Beast King appeared in Longriver Forest. Ye Yuan was just planning on going out of the city to hunt.

Battle Xuan Beast Kings were very powerful, their realm comparable to peak Sixth Firmament Heavenly Emperor, but their combat strength was far greater than that.

More importantly, the time law of Battle Xuan Beast Kings was very strong, ordinary martial artists could not beat them at all.

Ye Yuan's current time law fragment was only left with the last tiny bit.

After hunting this Battle Xuan Beast King, his time law piece should be able to be pieced together.

Hence, he did not hesitate in the slightest, directly getting ready and setting off.

Ye Yuan did not care about god of war points ranking at all. The god of war points that he hunted these few years was practically all exchanged for heavenly emperor spirit treasures apart from using to issue missions.

Presently, Ye Yuan's sword formation was already replaced with Heavenly Emperor spirit treasures.

The power of the sword formation was virtually unstoppable!

Seeing Ye Yuan's departing back view, Heaven Mandarin and Earth Duck looked at each other and smiled bitterly.

"This babe, it's true that his talent is high, but he's too stubborn!" Earth Duck said.

Heaven Mandarin nodded and said, "Yeah! This kid is a character who's hopelessly headstrong. We can't persuade him."

"*Huhu*, our genius went out to hunt Battle Xuan Beasts again? *Tsk tsk*, after he comprehends time law, he'll definitely sweep across the entire Primeval War Realm! Remarkable! Remarkable!" From the back, came Jiang Zhe's ridiculing laughter.

Another person burst into laughter as he said, "Does this fool want to use this kind of method to prove that his talent is stronger than Wan Zhen? I only want to say that, very stupid and very naive! *Hahaha ...*"

Similar ridicules, Heaven Mandarin and Earth Duck already heard too much.

Either way, Ye Yuan's affairs had long already become the topic of ridicule for everyone after their meals.

The two of them also could not be bothered to care. So they just snorted coldly and directly left.

... ..

Leaving Clouddaid City, Ye Yuan sprinted straight for Longriver Forest.

Longriver Forest's fierce beasts were extremely powerful. There were also a lot of powerhouses here.

Ye Yuan arrived at the location of the intel and started searching for the whereabouts of the Battle Xuan Beast King.

*"Roar!"*

After a bout of searching, Ye Yuan finally discovered traces of the Battle Xuan Beast King.

He looked overjoyed and stepped forward brandishing his sword.

The Battle Xuan Beast King was well-deserving of being beast king level. Just his figure was twice as large as an ordinary Battle Xuan Beast.

The moment Ye Yuan approached its surroundings, he immediately felt like he had fallen into a time quagmire.

*"Roar, roar ..."*

When the Battle Xuan Beast King saw a human, it pounced over crazily.

*"Vile beast, you dare?!"*

Ye Yuan bellowed, spatial law and sword formation suddenly operating.

Two great powers of source surged frenziedly in the quagmire of time law, attempting to cause trouble for the Battle Xuan Beast King.

However, Ye Yuan really met his match this time.

Time law's power greatly exceeded his imagination.

His sword formation operated very strenuously.

His divine essence and soul force expenditure was practically several times the usual.

But the efficiency was less than half of the usual.

Coupled with that he was several minor realms lower than the Battle Xuan Beast King, Ye Yuan virtually fell into a hard fight in an instant.

Right when Ye Yuan fell into a tough battle, on top of the treetops of a distant forest, a middle-aged man in a sky-blue long robe was standing on top, his hands behind his back, currently watching the battle over there from a distance.

*"Hehe, what an ignorant little fellow, to actually really want to comprehend time law! Wan Zhen, are you afraid that he will beat you?"*

Suddenly, another figure appeared on a treetop not far from the middle-aged man in a blue robe.

This person had a beautiful face. If not for his adam's apple, probably everyone would think that he was a stunningly beautiful woman.

But his face made many peerless beauties feel ashamed of their unworthiness.

This middle-aged man in a blue robe was actually Cloudaid City's number one person, Wan Zhen!

Wan Zhen's face had no joy nor sorrow. His eyes never left Ye Yuan. He just said coolly, "Zhang Lian, you're thinking too much! If he can really comprehend time law, I'll be happy for him."

Zhang Lian!

If somebody was here, they would discover to their surprise that this beautiful man was actually Zhang Lian who was ranked second on the God of War Golden List!

Cloudaid City's number one person and number two person actually appeared in Longriver Forest at the same time, in order to watch Ye Yuan fight.

Zhang Lian revealed a look of resentment and said with a grin, "You this person, your words don't match what's in your heart!"

Wan Zhen had a deep gaze as he said coolly, "Primeval War Realm's training is nothing more than a game. That's all! The human race is imperiled. With Heavenly Emperor Profound Secrets opening up the Primeval War Realm, it's in order to let us increase our cultivation as soon as possible, and fight for the human race! At this time, the more the human race's powerhouses, and the stronger, the happier I naturally am! Can there be unbroken eggs when the nest is totally wrecked? If the divine race is really going to attack Heavenly Emperor Profound Secrets's side, I'm afraid that the first batch they are going to kill is us, these so-called geniuses!"

Zhang Lian did not think that Wan Zhen would actually say such a thing.

He and Wan Zhen had fought for a hundred years. The two had always found it hard to determine the victor.

It could be said that he was Wan Zhen's only opponent.

However, his considerations were just inside this Primeval War Realm.

Zhang Lian never thought that Wan Zhen was actually considering the matter of the Doomsday Battle.

He frowned and said, "Is the divine race really so powerful?"

"They will only be more powerful than you imagine! The Heavenspan World's former overlord, the existence that towered above all life, how could it be a trifling matter?" Wan Zhen said.

Zhang Lian was silent. After a long time, he suddenly opened his mouth and said, "That kid is going to die!"

But Wan Zhen said coolly, "The Battle Xuan Beast King is going to die!"

"Tch, under time law, it's hard for you and me to escape too, let alone this brat?" Zhang Lian said with a look of disbelief.

Wan Zhen seemed to be very confident in Ye Yuan and said coolly, "He knows time law too!"

An incomparably shocked expression suddenly showed on Zhang Lian's stunning face and he said, "How is that possible?"

Wan Zhen said indifferently, "Your understanding of him is too little!"

"Immobilize!"

Right then, this word seemed to pierce the void, drawing down the paramount Heavenly Dao.

A powerful and unmatched power of Heavenly Dao suddenly descended in the dense forest.

Feeling the undulation of the power of Heavenly Dao, Zhang Lian's shock could not be any greater.

It turned out that the time law Wan Zhen was referring to was this!

But very clearly, the power of Heavenly Dao that Heavenly Dao True Word induced was even stronger than the Battle Xuan Beast King's power of law!

Time suddenly solidified!

[Unrivaled Medicine God](#)

### **Chapter 2348: Comprehending Time Law**

"Really died ... What a powerful Heavenly Dao True Word!"

Zhang Lian was full of disbelief. On that beautiful face, it was full of shock.

Under Heavenly Dao True Word, the Battle Xuan Beast King was annihilated by Ye Yuan just like that.

"He was merely just feeling the power of time law just now. That's why he would get into a dogfight with the Battle Xuan Beast King. If he really took action, he would have long since slain the Battle Xuan Beast King," Wan Zhen said.

Zhang Lian was already speechless.

He had been observing Ye Yuan the entire time just now and knew that Ye Yuan's talent could not be underestimated.

But he did not think that Ye Yuan still had such heaven-defying means.

"A freak! Truly a little freak! This boy's talent is too terrifying. If not for his cultivation realm being lacking, you and I are likely not his match anymore!" Zhang Lian exclaimed.

He finally somewhat understood now why Wan Zhen would specially come to see Ye Yuan.

This kid would become the most threatening person to them!

"Two fellow daoists have watched for so long. Aren't you showing yourselves yet?"

Right at this time, a voice came over leisurely. Who could it be if not Ye Yuan?

Zhang Lian was taken aback again and said, "How did this boy know that we were spying on him?"

How could he know that Ye Yuan could even detect Heavenly Emperor Profound Secrets' spying, let alone them?

Wan Zhen was not too surprised and said indifferently, "Since we're discovered, go over and meet him then."

Hearing Wan Zhen two people report their names, Ye Yuan was a little surprised too.

He had never heard of Zhang Lian before, but Wan Zhen's great name, he already heard no idea how many times these few years that his ears already grew calluses.

These few years, he was constantly being compared to Wan Zhen, not wanting to know also he could not do it.

Wan Zhen's great name was resounding like the roar of thunder to Ye Yuan.

But upon meeting today, the other party gave him an unfathomable feeling.

Cloudaid City's number one was indeed not boasted out.

"This Wan has paid attention to you for a long time already," Wan Zhen said straightforwardly.

Ye Yuan was taken aback, then immediately smiled and said, "Does Brother Wan hope for this Ye to comprehend time law or to fail?"

Wan Zhen thought about it and said, "Both I guess."

Ye Yuan was taken aback and said with a nod, "Brother Wan is very honest. However, Brother Wan actually hopes that I can comprehend it. This makes this Ye a little surprised."

The impression that this Wan Zhen gave Ye Yuan was pretty good.

At least, he was not condescending like other geniuses. Furthermore, he was very candid.

The meaning of both was hoping, and also not hoping.

As the number one genius, something that even he could not do, but others achieved it, it was hard for him to avoid feeling uncomfortable in his heart.

This was human nature. Ye Yuan could understand it.

If it were him, he would similarly inevitably feel dejected in his heart.

But, while dejection was dejection, he would not be jealous of the other party with the heart of a despicable villain.

Very clearly, Wan Zhen was also such a person.

As for the reason that he hoped for it, Ye Yuan was rather curious.

"The human race needs a leader who can contend with the divine race!" Wan Zhen said coolly.

"I didn't expect that Brother Wan is actually concerned about the overall situation. This Ye admires!" Ye Yuan cupped his fists and said.

These two people were chatting ardently, giving Zhang Lian the cold shoulder, making him feel like he became an outsider.

"Brat, your spatial law is so strong. Even if you want to become the human race's leader, you should also push spatial law to the level of source first! You're biting off more than one can chew like this!"

Furthermore, you wouldn't really think that time law is so easy to comprehend, right? Wan Zhen this guy's talent isn't ordinary!" Zhang Lian suddenly spoke up.

When Wan Zhen heard this, he also said curiously, "What Zhang Lian says makes sense. With your intelligence, you shouldn't do such an irrational thing. Hence, this Wan is also very curious why you'd insist on comprehending time law?"

Ye Yuan smiled and said, "This Ye naturally has my own reasons. If I succeed, the two of you will naturally know in the future. If I don't succeed, it's useless to talk about it."

He wanted to increase the human race's alchemy path strength with time law.

This was a sudden inspiration. Whether or not it could be realized was still hard to say. He was not willing to take it out to get laughed at.

As long as he said it, these two would definitely turn their noses up in disdain and ask him to stop dreaming.

But Wan Zhen's gaze flickered and he said, "Looks like what Brother Ye is planning isn't minor! Then this Wan will wish Brother Ye speedy success!"

... ..

After that day, Ye Yuan found a secluded place and laid down many large formations. Then he hid inside himself to comprehend time law.

This small piece of time law was also just a segment of time law.

But this segment was already sufficient for Ye Yuan to comprehend.

Time law was extensive and profound, extremely fleeting and ephemeral.

To the vast majority of martial artists, time was just a concept. There was no way to get started at all.

Where time was, how it operated, and how to measure it; there was no way to ascertain.

Even though Ye Yuan was considered to have learned the rudiments, it was also just a trace of sense from the unseen world. There was no way to get started with comprehending at all.

This small piece of law fragment was actually a key.

How to use this key to open time law this door, was the question that Ye Yuan needed to comprehend.

When he started comprehending the law fragment, he finally experienced the terror of time law.

That sort of feeling was like dredging for a needle in the sea.

Wanting to find an embroidery needle in the vast ocean, how difficult was that?

When he comprehended spatial law back then, that was because his Sword Dao reached the level of drawing parallels from inference, and coincidentally triggered spatial law.

Ye Yuan could continuously comprehend spatial law through Sword Dao.

But, time law was completely independent, there wasn't the slightest area to do things in an irregular manner or be opportunistic.

Walking along the way, Ye Yuan's comprehension of the power of laws was still smooth-sailing compared to other martial artists.

But this time, he really ran into a problem.

Time slowly trickled by, the seasons changed, spring left and autumn came.

In a blink, it was already a hundred years later.

On this day, it was the day where the God of War Golden List was announced again. The entire Primeval War Realm was astir.

"Don't have that kid in the list. It looks like he's still comprehending time law! What did I say? How can time law be so easy to comprehend?" Zhang Lian found Wan Zhen and said disdainfully.

Wan Zhen nodded and said, "Looks like I overestimated his talent a little! Time law is too difficult. Even if he touches Heavenly Dao, it's likely very hard to transform it into his own Dao too."

Heavenly Dao True Word touched Heavenly Dao, its power boundless.

But that was just guiding Heavenly Dao for their own use and not grasping the way to utilize time law.

He was interested in Ye Yuan precisely because of Heavenly Dao True Word.

Looking at it now, he had indeed somewhat overestimated Ye Yuan.

"After that kid returns, he'll likely become the entire Cloudaid City's laughing stock," Zhang Lian said with a smile.

Wan Zhen gave him a glance and said coolly, "Do you think that Ye Yuan will mind? He's someone with great willpower. So how can he possibly care about what other people think?"

... ..

Time flew like a shuttle, in a twinkle, another 200 years passed.

But merely three years had passed in the outside world.

But in Profound Secrets Heavenly Capital, a mocking voice came over.

An old man said with a disdainful look, "Profound Secrets, this is the human race's hope that you talked about? Three consecutive seasons of God of War Golden List, he didn't even enter the top 3000! If the human race were to rely on him, wouldn't we all be dragged into the ditch?"

#### **Chapter 2349: Ye Yuan Returns!**

"I know about that kid you're talking about. Isn't he that ancestor of Alchemy Dao who has been in the limelight recently? *Heh heh*, after the alchemy path declined, no one can lift up the big banner anymore.

A bunch of ignorant fellows, they are playing very enthusiastically by themselves. There's not the least bit of help with regards to the overall situation at all."

"I know about Cloudheart Realm's matters. This kid's talent is indeed pretty good. But unfortunately, he still can't stir up any waves among these unpredictable children!"

"Speaking of which, I still feel more optimistic about Xiao Qingsong, Huang Lin, Pang Zhen, and Wan Zhen they all! When they come out this time, they might become our human race's main pillars!"

... ..

The few old men looked at the newest release of God of War Golden List, all revealing looks of disdain.

Heavenly Emperor Profound Secrets was silent by the side, also not knowing what he was thinking about.

However, being able to talk in front of Heavenly Emperor Profound Secrets like this, these people present were naturally all the human, demon, and fiend races' top major powers.

At this time, a middle-aged man dressed in a blue daoist robe suddenly said to Heavenly Emperor Profound Secrets, "Profound Secrets, you take every conceivable possibility into account, but this time ... you probably miscalculated! This boy isn't worth our grooming!"

There was a lightning mark at the glabella area of the blue-robed middle-aged man.

There was no overly powerful aura on his body, but in his eyes, it was as if it was a vast sea of lightning.

Inside, a powerful to the extreme aura faintly exuded; extremely terrifying.

That look seemed to be able to destroy the world!

This was the incomparably mysterious Dao Ancestor Lightning!

His words could be said to hold tremendous weight.

Heavenly Emperor Profound Secrets selecting the human race geniuses, it was impossible for Dao Ancestors to not pay the slightest attention.

To them, the Doomsday Battle this time was similarly a life-and-death trial.

Heavenly Emperor Profound Secrets just said coolly, "This old man absolutely won't be wrong in judging people! Lightning, I know that you harbor selfish motives, but with this old man's experience, Pang Zhen can't succeed your position as Dao Ancestor Lightning."

During the Primeval War Realm struggle this time, the various major sovereigns all had progenies who were selected.

The Fifth Blight progenitors present as well as Lightning, this spokesperson of the Dao Ancestors, all hope that their offspring could obtain the final victory.

The Pang Zhen that Profound Secrets spoke of was precisely Dao Ancestor Lightning's descendant.

This Pang Zhen was of the innate Lightning Dao Body. His comprehension of lightning law and his talent were extremely terrifying.

Before entering the Primeval War Realm, he already comprehended the power of source, and his combat power was unparalleled.

“Profound Secrets! Can’t you say something nicer sounding!” Dao Ancestor Lightning said in a solemn voice.

Everyone felt terrified. Heavenly Emperor Profound Secrets actually said that Dao Ancestor Lightning harbored selfish motives to his face.

To dare talk to Dao Ancestor Lightning like this, there was probably only Heavenly Emperor Profound Secrets alone!

Profound Secrets said coolly, “This old man is just discussing the matter as it is. The few of you Dao Ancestors want to continue your glory. But first of all, the human race can’t fall! Concerning this point, this old man hopes that you guys are clear. Therefore, the battle of geniuses this time, strength determines everything!”

Lightning sneered and said, “What a joke! With Pang Zhen’s strength, can he still lose to a Second Firmament Heavenly Emperor brat?”

Heavenly Emperor Profound Secrets just smiled faintly and said, “Then, let’s wait and see.”

... ..

In the Primeval War Realm, a hundred years passed after a hundred years. In a blink, it had already been more than 800 years!

After more than 800 years, the competition of the God of War Golden List also became increasingly intense.

A hundred cities, only the God of War Golden List’s top ten had the qualifications to win in the end, and enter the Temple of Gods to accept the legacies.

This was a massive lucky chance!

For each city, the competition for the top ten was abnormally fierce.

Each time the God of War Golden List was released, the changes of the top ten would be huge.

Of course, there were also some powerhouses who stood out among the rest. They sat firmly in the top spot, their status could not be shaken by anyone.

Such as Wan Zhen, such as Pang Zhen, so on and so forth.

These unpredictable children, in this close to 1000 years, their improvement was so great that it was simply hard to imagine.

Their strength already reached an inconceivable height.

Except, among these people, Ye Yuan seemed to have vanished.

Even those guys who had once ridiculed him before, they already forgotten about his existence.

“The last ten years! Looks like Ye Yuan that kid really failed!” Wan Zhen’s words revealed a thick disappointment.

Time law was too difficult. With his talent, he was unable to comprehend it.

Primeval War Realm’s cultivation was too hard to come across to them, these unpredictable children.

Ye Yuan spent all of his time on this kind of unrealistic action, it was equivalent to wasting this rare opportunity.

Wan Zhen felt that it was too much of a shame.

“*Heh*, it’s that kid’s own choice, who can it be blamed on? We all urged him back then, but he wouldn’t listen at all! In this Primeval War Realm. How many have the talent that surpasses yours? Moreover, even if their talent surpasses yours, can they comprehend time law?” Zhang Lian said disdainfully.

“Forget it, not talking about him anymore! In the last ten years, the God of War Golden List is announced once every year! I plan on going to the Myriad Beast Battle Plain to train, are you going?” Wan Zhen said.

In Clouddaid City, the only one who could pose a threat to him was Zhang Lian.

Toward this opponent, Wan Zhen still regarded him very highly.

Zhang Lian smiled brightly, his looks able to topple kingdoms, and said, “That’s of course! This is my only chance to surpass you. So how can I not give it a shot?”

Wan Zhen nodded and said, “Okay, set off together!”

Myriad Beast Battle Plain, was the most dangerous place within Clouddaid City’s territory.

The fierce beasts there were not only huge in numbers, furthermore, each one was extremely powerful.

Even with Wan Zhen’s current strength, he also did not have confidence in coming out alive.

Actually, not just them, the unpredictable children ranked in the top 50 would probably all choose the Myriad Beast Battle Plain as the final land of trial.

Because this was their last chance!

But not long after they left, a youth in white robes slowly entered Clouddaid City.

“Yo, isn’t this our son of time? Spent more than 800 years, came back after comprehending time law? My heavens, impressive!”

“The last ten years, is our son of time going to defy the heavens? *Tsk tsk*, what a shame, the disparity is too great!”

“That might not be it! He grasped time law. So his strength is definitely Clouddaid City’s number one already! Ten years is sufficient for him to charge for first place! *Hahaha!*”

... ..

Upon entering the city, Ye Yuan heard a series of harsh ridicules.

No one else, they were precisely Jiang Zhe and co.

As a source powerhouse, Jiang Zhe's improvement in strength these few years was extremely terrifying too.

His ranking already ranked around 2000, becoming a golden list powerhouse!

Even though it was very hard to obtain god of war points, after more than 900 years of accumulation, the current God of War Golden List's god of war points was already an extremely horrifying number.

Especially those like Wan Zhen, their god of war points was unimaginably high!

Assaulting the top ten in ten years' time was simply something impossible.

Ye Yuan did not care about Jiang Zhe's mocking. He walked straight to Spirit Treasure Hall.

It was still Redleaf, it was just that circumstances already changed with the passing of time.

"Sir Ye hasn't come for very long already. What are you buying this time?" Redleaf said smilingly.

"Jade True Swords, 1000 of them!" Ye Yuan said coolly.

### [Unrivaled Medicine God](#)

#### **Chapter 2350: Entering the God of War Golden List!**

Redleaf did not know when Ye Yuan left, her entire person was still in a dazed state.

The price of one Jade True Sword was 300 over points. 1000 over was more than 300 thousand!

Ye Yuan paid close to 400 thousand god of war points in one go, and he purchased more than a thousand Jade True Swords!

This was really a huge splurge!

This young man who had already disappeared for close to 890 years and had never appeared on the god of war points, where did he get so many god of war points?

One had to know having 300 thousand god of war points was already sufficient to rank in the top 1000.

The God of War Golden List's ranking, the closer to the front, the greater the difference in god of war points.

Just like Wan Zhen who was in the first place currently, his god of war points reached more than three million!

This was an extremely terrifying number, a figure that made virtually all of the unpredictable children feel despair.

The only one who could threaten him was only Zhang Lian.

But even Zhang Lian currently only had over 2.4 million; this was a full 500 thousand over god of war points worse than Wan Zhen.

The god of war points in the top ten of the God of War Golden list were basically all above one million too.

Existences like Wan Zhen had never died before since entering the Primeval War Realm until now.

900 over years of accumulation, that was no joke.

Actually, Ye Yuan had merely only come out for three years.

These three years' time, he was hunting fierce beasts in the Myriad Beast Battle Plain.

Several hundred years of gaining enlightenment on Dao, Ye Yuan's realm already broke through to middle-stage World Realm.

If let others know that Ye Yuan obtained 400 thousand god of war points in a short three years, they would definitely be astounded with amazement.

This efficiency was simply too terrifying!

The Myriad Beast Battle Plain was a place that even the likes of Wan Zhen and Zhang Lian did not dare to easily step foot into.

"Yo, our son of time is going out of the city to earn points? *Hahaha*, having comprehended time law, you must be very formidable, right? Is ten years' time enough?"

"Impressive, our son of time is going to counterattack! With 1.3 million over points, you can definitely enter the top ten! Buck up!"

"*Haha*, son of time, ten years is enough, it can be used as a thousand years!"

... ..

Ye Yuan went out of the city. It was all taunting voices everywhere around him.

With regards to him, such a weird existence, everyone naturally turned their noses up in scorn.

Everyone entered in order to improve themselves and fight for the qualifications to enter the top ten.

But Ye Yuan was good, to actually waste all of his time on time law.

There were still ten years now, he suddenly ran out to earn god of war points, it really made people laugh their heads off.

As for time law, nobody thought that Ye Yuan comprehended it at all.

Want to comprehend, he would have long comprehended it. Yet, he comprehended it when it was about to end?

... ..

After leaving the city, Ye Yuan returned to the Myriad Beast Battle Plain once more.

A thousand peak heavenly emperor spirit treasures, under Ye Yuan's control, how powerful was its might?

Ye Yuan already obtained 400 thousand points here without these heavenly emperor spirit treasures, let alone now.

After arriving at the Myriad Beast Battle Plain, Ye Yuan started his crazy plan for earning points.

There were very few people in the Myriad Beast Battle Plain. Those who dared to come here were mostly extremely strong, so not many people noticed Ye Yuan's existence.

If somebody was here, they would discover that the flow of time around Ye Yuan was currently quietly changing.

The moment those fierce beasts entered a certain range, it was like they had fallen into a quagmire, allowing Ye Yuan to do as he pleased.

That was precisely the sign of time law!

Ye Yuan was able to earn god of war points so quickly in the Myriad Beast Battle Plain precisely because of time law!

Everyone thought that Ye Yuan wasted these few centuries. Who could have expected that he really comprehended time law?

With regards to the comprehension of time law, Ye Yuan had an advantage that no one else had.

He already learned the rudiments of time law to begin with. Coupled with Heavenly Dao True Word, Ye Yuan was not absolutely ignorant about time law.

But even so, time law was still the power of law that he spent the most time on so far.

Around roughly 400 years, Ye Yuan finally opened this door and started comprehending the law fragment.

However, it was not smooth-sailing for Ye Yuan when he was comprehending time law.

In the 400 years after that, only then did he slowly digest this small piece of time law.

Using close to 900 years' time to go and comprehend a power of law, this was something that Ye Yuan had never encountered before.

It could be seen how great the difficulty of time law was.

There were indeed many unpredictable children in the Primeval War Realm.

But in terms of comprehension ability, none was superior to him!

Regardless of the power of law, Ye Yuan was the first to advocate it, comprehending the Chaos Heavenspan Canon, this heaven-defying existence of a cultivation method.

It was impossible for the likes of Wan Zhen and Pang Zhen to be stronger than him too.

No matter how powerful these geniuses were, their cultivation time was also several times, even several dozen times, several hundred times of Ye Yuan's!

But, Ye Yuan used such a short time and comprehended a law that was even stronger than theirs.

Who was stronger and who was weaker was clear at a glance.

However, comprehending this small piece of time law fragment, Ye Yuan's application of time law was only at the degree of one-to-five as well.

Right now, he could speed up the surrounding flow of time by five times, or reduce it by five times.

Although it was only this, Ye Yuan's improvement in strength was far more than that.

His Sword Dao source, Formation Dao source, plus spatial law, were incomparably swift and fierce in the first place. Now, with the addition of the application of the speeding up and slowing down of time, the variations of his means would become even harder to ascertain.

When facing the enemy, his combat power would be even more terrifying.

It was also precisely so that Ye Yuan could be like fish in water in the powerful Myriad Beast Battle Plain.

... ..

Very soon, the God of War Golden List was released once more.

Because the time Ye Yuan returned to the city was only less than a year, he still did not make the list this time.

This way, it attracted even more mockery.

Close to a thousand years of accumulation, wanting to enter the rank of top 3000 now, roughly requiring only 100 thousand god of war points.

Ye Yuan merely entered the Myriad Beast Battle Plain for four to five months' time, it was naturally impossible to attain so many god of war points.

However, it was already very close too.

"*Huhu*, only nine years left, this guy didn't even make the top 3000, what a joke!" Jiang Zhe looked at the God of War Golden List and mocked.

"After nine years, I really want to take a look at his expression. This guy will be the laughingstock of the entire Heavenspan World!" Lin Zhan also said with a snicker.

Very soon, another year passed.

This time, Jiang Zhe could not laugh anymore.

"My eyes aren't failing, right? This ... This ... one year's time, he earned more than 100 thousand god of war points? It's too fake!"

Jiang Zhe looked at the name on the God of War Golden List with a shocked expression on his face.

Ye Yuan, 159,842 god of war points, ranked No. 2745!

This name finally made it onto the God of War Golden List for the first time!

Ye Yuan's name had long been resounding like the roar of thunder in Clouaid City.

Everyone knew that there was such a fool who overestimated his own ability, spending all of his time on comprehending time law.

Falling behind others by 990 years, how could it be possible to catch up within a short time?

One had to know, the powerhouses who entered the top 3000 had gone through close to a thousand years of accumulation, before obtaining 100 thousand over god of war points!

But Ye Yuan only used one year and entered the top 3000?
