Chapter 2351: Reality Mercilessly Slapping Faces!

“It’s impossible, right? Why did Ye Yuan’s god of war points suddenly increase so much?”

“This Ye Yuan wouldn’t be that fool who was comprehending time law, right? He has never entered the God of War Golden List before!”

“Heard that this kid’s cultivation realm isn’t high, but his combat strength is extremely formidable, having comprehended two kinds of power of laws. It’s just that only focusing on strength now, doesn’t he feel that it’s too late?”

... ..

In Cloudaid City, everyone was discussing the Ye Yuan who just entered the God of War Golden List.

There was no choice. He was the focal point to begin with.

Now that he appeared in everyone’s field of vision again, it immediately attracted everyone’s attention.

Reaching the last ten years, those ranked towards the back basically all did not have hope anymore. Each and every one of them was bored out of their minds, and they naturally had to look for topics of discussion.

Very clearly, Ye Yuan was this sort of explosive figure.

Hence, everyone paid more attention to him.

Especially Jiang Zhe and his group, they wished for Ye Yuan to risk his life and fail to enter the top ten in the end.

That way, they would be able to mock to their heart’s content.

... ..

On the wilderness, two figures were currently advancing swiftly.

One was calm as a mountain, the other was so beautiful as to cause the flowers to blush and the moon to hide.

These two were naturally the Wan Zhen and Zhang Lian who were training in the Myriad Beast Battle Plain.

“How strange. We walked so far, but why didn’t we encounter a single fierce beast? According to past experiences, there should be even more fierce beasts here!” Zhang Lian said with a puzzled look.

Wan Zhen’s gaze was slightly sullen and he frowned and said, “Could it be that it has already been cleaned up by someone before?”

“Impossible! The fierce beasts in this region are very powerful! Even if you and I enter, we’ll have to be careful too. Once we fall into a heavy encirclement, it will be hard to escape death! In this Cloudaid City, apart from you and me, who else has this ability?” Zhang Lian immediately denied it.

Wan Zhen said, “What you said is right, but ... it’s indeed a little strange! *Eh*, there seem to be some activities over there. Go over and take a look.”

His perception was very keen, faintly feeling that there seemed to be significant undulations very far in front.

The two people’s movement techniques were extremely fast, rushing ahead very soon.

Suddenly, the two were stunned by the scene before their eyes.

In front of them was a sea of fierce beasts.

There were at least several thousand fierce beasts roaring crazily, rushing towards somewhere in the sea of beasts.

These fierce beasts seemed to be triggered by something. All of them were like they went mad.

Seventh Firmament and Eighth Firmament Heavenly Emperor fierce beasts! Furthermore, it was even fierce beasts with extremely high comprehensions in laws. There were several thousand of them bellowing in the wilderness all at once.

That scene was too shocking.

In the sea of beasts, there seemed to be a figure that appeared from time to time, unable to see clearly.

Those fierce beasts seemed to be losing their shit at that person.

The two people’s complexions were somewhat pale. Those violent attacks made them somewhat shudder with fear.

“Wan Zhen, this ... this scene, can you deal with it?” Zhang Lian swallowed his saliva and said.

Wan Zhen had a solemn look and shook his head and said, “Will die beyond a doubt!”

Zhang Lian said, “You’re the God of War Golden List’s number one, and I’m number two! Even you and I can’t handle it, then ... who’s in the sea of beasts?”

Wan Zhen was silent.

It was true that they were strong, but facing such a horrifying beast horde, it was impossible for them to survive too.

These fierce beasts were of different types; the laws comprehended were different.

Some laws just happened to restrain your law, which would make martial artists very uncomfortable.

Moreover, being besieged by so many fierce beasts, divine essence was a huge problem.

The divine essence of Heavenly Emperor powerhouses was extremely vast, but their moves likewise consume a lot of divine essence. Facing so many fierce beasts, their divine essence consumption speed increased sharply.

These two people killing all the way over, they at most faced the besiegement of 30 plus fierce beasts.

Several thousand fierce beasts, they did not dare to imagine it at all.

Suddenly, Wan Zhen's pupils constricted. His gaze turned intent, and he sucked in a breath of cold air deeply.

"Mn? What discovery did you make?" Zhang Lian said.

Wan Zhen said, "Have you noticed that the fierce beasts around that figure, their tempo is completely different from the outer-peripheral?"

Zhang Lian focused his eyes and looked over, and discovered that it was really the case!

Even though this range was not large, with his eyesight, he could naturally tell at a glance.

Just now, it was because it was too shocking, resulting in overlooking this detail.

"It really is true!"

Zhang Lian was talking halfway, when suddenly, his expression changed wildly and he exclaimed, "I-It wouldn't be him, right? This isn't possible!"

Wan Zhen's gaze became extremely solemn and he said, "Who else is there beside him? Actually, you yourself already have that thought, right?"

Zhang Lian said in shock, "He ... He really succeeded? But that's time law!"

A hint of melancholy suddenly flashed across Wan Zhen's face.

Clearly, this conjecture made him feel somewhat of a loss.

"So what if time law? No matter how difficult it is, there's also someone who comprehended it! Heavenly Emperor Profound Secrets can, why can't he? It's a shame that there's no more time. Otherwise, I'd really want to comprehend time law," Wan Zhen said.

It was not that he was unable to comprehend time law, but that time was too short.

A short thousand years, want to comprehend time law, this was simply something impossible.

Wan Zhen believed that Heavenly Emperor Profound Secrets must have also gone through countless years to comprehend time law.

As long as he was given time, he would definitely be able to comprehend time law!

Regardless of whether it was 10 thousand years, 100 thousand years, or hundreds of millions of years!

But the divine race would not give him time!

However, what he could not accomplish, Ye Yuan did it!

He only used a short one thousand years' time and comprehended the time law which was known as the supreme law.

This kind of talent was too terrifying.

No, Ye Yuan came in 100 years later than them, which was also to say that Ye Yuan only used 800 over years and achieved this great feat!

"We were still mocking him for clinging onto it previously. Now, what irony! It turns out that it's our talent that's too lousy, rashly discussing about people's talent!" Zhang Lian said with a bitter smile on his face.

To be able to rank second in Cloudaid City, it could be seen how confident he was in his own talent.

One had to know, those able to enter the Primeval War Realm were all unpredictable children, their talents extremely terrifying.

And he and Wan Zhen were the strongest ones among these unpredictable children!

They had sufficient reason to be proud.

Hence, when Ye Yuan was persistent in wanting to comprehend time law, they were very disdainful in their hearts.

The law that even they were unable to comprehend, what right did Ye Yuan have to comprehend it?

Even if he could comprehend, it was also impossible within a short thousand years.

Wan Zhen similarly smiled bitterly and said, "It's not just you. Every single person in the city was jeering at him, laughing at his ignorance, laughing at his overestimation of his own ability! I previously also thought that this kind of mocking made sense. But now, reality slapped faces mercilessly.

Comprehending time law, his gains from this trip to the Primeval War Realm is greater than any one of us!"

During these several hundred years, they felt that Ye Yuan's behavior was very naive.

Knowing how to make one's choice was what defined a wise man, and only then, could one achieve great things.

Ye Yuan clearly did not know how to choose.

But now, Ye Yuan used action to tell them that they were wrong!

The two looked from afar just like that. They wanted to see how strong Ye Yuan who comprehended time law was.

The more they watched, the more alarmed they got!

Chapter 2352: Soaring!

"How ... How is he earning god of war points?! It's simply snatching!"

Zhang Lian had a look of righteous indignation on his face, feeling that Ye Yuan's way of operating was very disgraceful.

Amidst the sea of beasts, Ye Yuan relied on his powerful sword formation to kill his way in and out. The outcome was the place being akin to a no man's land.

Under the intertwining of time law and spatial law, it was very hard for the attacks of these fierce beasts to hurt Ye Yuan.

But Ye Yuan's sword formation could cause a fatal blow to these fierce beasts.

Therefore, this scene seemed like a grand sight, but actually, Ye Yuan was as steady as Mount Tai.

But Wan Zhen's gaze was very solemn, and he said, "Although his realm isn't high, his strength is too formidable! Being able to control a thousand peak heavenly emperor spirit treasures, his soul force is simply fearsomely powerful! Also, the application of various laws is utterly brilliant too. This guy simply has no weaknesses to exploit!"

Zhang Lian looked toward Wan Zhen in surprise. He did not expect that the proud Wan Zhen actually had such a high appraisal of a person.

But hearing Wan Zhen's analysis, he also felt that this guy was too monstrous.

Ignoring other things, just controlling a thousand swords, the might of his soul force could be rated as terrifying.

Zhang Lian suddenly gave Wan Zhen a glance, his eye shimmering with water as he said, "At his rate, the two of our positions ... aren't safe!"

When Wan Zhen heard that, his expression could not help stiffening up.

"Leave!"

Wan Zhen's expression turned solemn, and he directly left.

Who among these geniuses was not arrogant at heart and haughty in manner?

Even if Ye Yuan's talent was stronger than theirs, they did not want to lose to Ye Yuan too.

Before this, Wan Zhen two people were still relatively relaxed. Because there was already no one who could pose any threat to them.

But now, when they saw Ye Yuan hunting fierce beasts with such high efficiency, the pressure increased sharply.

After Ye Yuan finished dealing with this wave of fierce beasts, he would get thousands of god of war points no matter what.

... ..

Another year passed in a twinkle. It reached the day where the God of War Golden List was released again. Cloudaid City immediately became lively.

Early in the morning, it was already packed with people in front of Cloudaid City's central square. Jiang Zhe was shockingly there.

"Jiang Zhe, do you think Ye Yuan that brat will enter the top 2000 this time or not?" Lin Zhan asked Jiang Zhe.

"*Heh heh*, do you really think that god of war points are cabbages? The higher the rank, the less the god of war points obtained from hunting fierce beasts. He already entered the ranks of 2000 plus. Wanting to obtain a large batch of god of war points again, he'll have to hunt even more formidable fierce beasts. With his Fourth Firmament Heavenly Emperor strength, *heh heh ...*" Jiang Zhe said firmly.

"Indeed, just a fool! Originally, he was pretty talented. Why did he have to go and comprehend whatever time law. Now, there are just the last few years left. Then he came out, wanting to compete for it again. How could there be such an easy thing?"

"Yeah. If he succeeds like this, then wouldn't the Primeval War Realm's millions of geniuses become a joke?"

There were many people who agreed with Jiang Zhe in the crowd.

After all, Ye Yuan's way of doing things made many people feel inconceivable. He naturally became the object of ridicule too.

Suddenly, a rift fissured apart in the void. An enormous golden book broke out of thin air.

The book slowly unfolded. Everyone was brimming with expectations.

Very soon, the page of the book revealed the tip of the iceberg. A huge golden name appeared in front of everyone.

First place, Wan Zhen, 3,157,321 god of war points!

Seeing this name, everyone had a look that it was only to be expected.

"Really impressive! One year's time, Wan Zhen gained tens of thousands of god of war points again!"

"Reaching his ranking, he can still rise several tens of thousands in one year, his strength is really formidable!"

"His position of first place really doesn't have anyone who can shake it anymore. Zhang Lian won't cut it either."

... ..

Although they had already been amazed many times, when they saw Wan Zhen's ranking and god of war points, everyone still could not resist exclaiming with amazement once more.

For a thousand years, Wan Zhen already became a benchmark, becoming a phenomenon.

From the first time the God of War Golden List was released, Wan Zhen had firmly occupied the first place.

One had to know, the first time that the God of War Golden List was released, Wan Zhen spent several decades' time to go and comprehend time law.

Later, when the God of War Golden List was released the second time, Wan Zhen already left people far behind in the dust, gradually shaking Zhang Lian off.

Later, the gap between the two became wider and wider.

The pages unfolded again, revealing the second place Zhang Lian.

His god of war points also rose to more than 2.5 million.

Further down, the third place dropped to 1.7 million all of a sudden.

The gap grew wider and wider.

"Li Jin actually dropped out of the top ten! The competition for the top ten is really getting more and more fierce."

"There's also Zhu Tian, he's already squeezed to tenth place, those at the back are hot in pursuit!"

"Eighth place to 15th place, the gap isn't very big. If anyone breaks through in terms of comprehension, they will probably surpass very quickly!"

... ..

As the pages slowly unfolded, everyone's discussion became more and more heated.

The golden names of the top ten shone brilliantly and were many sizes larger than the other people's names.

Further back, there was actually not much viewing value anymore.

Even though there were some fluctuations in ranking, not entering the top ten, everything was futile.

However, there was another name that everyone was very concerned about, which was Ye Yuan.

The last time the God of War Golden List was released, Ye Yuan entered the God of War Golden List for the first time, which already caused a great sensation.

This time, everyone wanted to see whether Ye Yuan's ranking dropped out, or moved forward again.

After that, the speed at which the pages unfolded slowly increased until it was fanned out in the end.

Everyone habitually searched from behind. But after looking for half a day, they could not find Ye Yuan's name either.

"Anybody saw Ye Yuan's name? I already read until 1,500th place from the back and didn't see it!"

"Most likely fell out of the top 3000, right? Or maybe he already died and we just weren't aware."

"I found it! This ... This ..."

"What's wrong? What place is it?"

“5 ... 553rd place! How is this possible?”

“What?! 500 plus ranking?”

The crowd exploded all at once. Everyone looked in the direction of ranks around 500 and saw that Ye Yuan’s name was surprisingly in the 553rd position!

Promoting 2000 over places in a year?

This was also too freakish, right?

“553rd place, 634,365 god of war points! *Hiss* ... He obtained 500 thousand god of war points in this one year?”

“This God of War Golden List wouldn’t have made a mistake, right? When the God of War Golden List was released the first time, Wan Zhen used 30 years’ time and only obtained 500 thousand god of war points. Ye Yuan only used one year and achieved it?”

In the crowd, Jiang Zhe was completely dumbfounded.

Over 500 thousand god of war points in one year, this force of explosion was simply like a sledgehammer, stunning his entire person.

He was already prepared to taunt Ye Yuan, but this value of 500 thousand shocked him.

At the rate of this speed, wouldn’t even Wan Zhen’s position be threatened?

In the next eight years, 500 thousand in a year, that was four million god of war points! This was a heaven-defying tempo!

No, wait! The higher his ranking, the lesser the god of war points obtained when hunting fierce beasts.

Now, even Wan Zhen’s speed of getting god of war points had dropped; let alone Ye Yuan?

[Unrivaled Medicine God](#)

Chapter 2353: Major Reversal!

“He must have gone to the Myriad Beast Battle Plain. Otherwise, it’s impossible to get so many god of war points within a year!”

“Bullshit! Don’t you know that Wan Zhen is in the Myriad Beast Battle Plain too? He only obtained several tens of thousands of points!”

“That can only mean that Ye Yuan’s efficiency is too high! Could it be that he really comprehended time law?”

“That’s impossible! Even Wan Zhen couldn’t comprehend it. So what right does he have?”

... ..

Over 500 thousand god of war points in a year, this number shocked all of the unpredictable children in the city.

Hence, Ye Yuan was speculating how Ye Yuan obtained so many god of war points.

Everyone had different opinions about this matter.

No matter who, they could not explain it either.

Because apart from Ye Yuan, no one could achieve this.

Wan Zhen could not as well!

Hence, everyone waited to see, waiting for the update of the God of War Golden List next year.

A year's time was merely a snap of a finger.

The day when the God of War Golden List was announced again, arrived very quickly.

"I don't believe that this guy can really overturn the heavens! His ranking is so high now. The god of war points obtained will be greatly reduced! If he can get 200 thousand this time, it will already be very impressive!" Jiang Zhe predicted very confidently.

Everyone deeply felt that way too!

Not that they were looking down on Ye Yuan, but that this was an inevitable trend.

Along with the increase in ranking, getting god of war points would become harder and harder.

Even if your combat strength surpassed all others, you would always run into the upper limits of your own strength.

In a short thousand years' time, how could it be possible to continuously be improving, and challenging high-level fierce beasts endlessly?

This was illogical!

"I also feel that the god of war points he obtained this time should be between 200 thousand to 300 thousand. This time next year, it will definitely be even lesser; between 100 thousand to 200 thousand."

"*Mn*, it should be like this. He hasn't taken action for so many years, having an outbreak period is a very normal phenomenon. But it also ends here. Later, it will get slower and slower."

"Top ten is definitely enough to choke on. But within top 30 shouldn't be an issue anymore."

... ..

Everyone was all discussing the limits of Ye Yuan's strength and calculated that Ye Yuan's final result would be between 1.2 million to 1.4 million.

At the rate of the current trend, this god of war points was already sufficient to rank into the top 30.

But wanting to rank in the top ten, there was basically no chance.

Very soon, the golden book pages unfurled once more. Everyone had looks of anticipation on their faces.

The first place impressively still was Wan Zhen, without the slightest suspense.

But what surprised people was that Wan Zhen actually obtained a lump sum of 130 thousand god of war points this time, reaching more than 3.28 million!

This was a very horrifying number for his rank.

And the second place Zhang Lian actually increased more than 110 thousand god of war points too!

This chance made everyone rather surprised.

“How did Wan Zhen gain so many god of war points in this one year? Even if he casually hunted some fierce beasts now, it’s also impossible for Zhang Lian to catch up to him too, right?”

“There’s also Zhang Lian! These two people are suddenly struggling fiercely. What in the world are they afraid of?”

“*Heh*, maybe, they know about Ye Yuan’s sudden emergence, it’s also not impossible that they are afraid of him catching up!”

“*Hahaha* ... How is that possible! Even if give him another 100 years, he can’t catch up too!”

... ..

These words, everyone naturally just treated it as a joke.

No one would really take Ye Yuan seriously!

Ye Yuan just started, while Wan Zhen’s god of war points was six times of Ye Yuan’s.

How could this gap possibly be caught up to within a short seven years?

According to everyone’s guesses, the greatest likelihood was still that these two people were going all out.

How could they know that Wan Zhen and Zhang Lian’s pressure came from precisely Ye Yuan!

Ever since they saw that Ye Yuan comprehended time law, the two of them seem to have gone crazy, desperately hunting fierce beasts.

They continuously challenged their limits, carrying out a slaughter frenziedly.

In this one year, the two people’s strength advanced by leaps and bounds, increasing significantly.

However, they did not dare to slack off in the slightest.

Because there was someone chasing from behind!

Looking further down, the top 30 was followed with close interest.

But, when the pages opened to the 30th place, everyone was shocked.

Only to see that on the third place from the bottom of the page, a golden name was written impressively: Ye Yuan!

28th place, Ye Yuan!

God of war points, 1,239,804!

In this instant, the unpredictable children in the entire square felt that their breathing became somewhat labored.

Those people who predicted Ye Yuan's god of war points previously all collectively lost their voices now.

The originally noisy square instantly quietened down.

Suddenly, someone said rather uncertainly, "This ... He entered the top 30 already? My eyes aren't failing me, right?"

"One year, 600 thousand god of war points, really blinded my eyes! Rising so many places in the ranking, his god of war points actually didn't drop, but increased instead! How did he do it?"

In the crowd, Jiang Zhe suddenly yelled hysterically, "The God of War Golden List must have made a mistake! There absolutely must be a mistake! One year 600 thousand, how can someone possibly achieve it?"

Not knowing why, he suddenly rather a little flustered.

One year 600 thousand god of war points, this kind of thing simply subverted his understanding.

"Right, there must be a mistake! This guy must have found this world's loophole! Otherwise, how can this year be even more than last year?" Someone immediately agreed.

"It must be like this! See his ranking next year then!"

When the matter exceeded everyone's understanding, they habitually let their imaginations run wild, finding all sorts of reasons to deny this phenomenon.

Especially for these geniuses, they did not want to acknowledge that someone was so much stronger than them.

... ..

In the fourth year.

Everyone already did not care about Wan Zhen and Zhang Lian anymore. Everyone's attention was all on Ye Yuan!

After a year's time, what place would Ye Yuan charge to this time?

When the golden book pages slowly opened, everyone's expressions solidified once more.

13th place!

Over 1.7 million god of war points!

A year's time, Ye Yuan increased by another 500 thousand!

Although it was a little less than last year, Ye Yuan still maintained the rapid growth momentum.

He was only a step away from the top ten!

As a result, the idea of a loophole in the rules caused a huge clamor once more!

Jiang Zhe already did not know how to describe his feelings. A few years ago, he ridiculed Ye Yuan over and over again, saying that it was laughable for Ye Yuan to make a frantic last-minute effort.

But now, he already became the most laughable person.

Ye Yuan used a rocket-like speed of rising to prove his ridiculousness.

So what if there were only ten years left?

“Insane, insane, insane! Really too crazy! In the last ten years, could it be that Ye Yuan is going to make a major comeback?”

“This guy wouldn’t be aiming for first place, right?”

“My god, close to 3.5 million god of war points, and it’s still growing! If it’s surpassed by him, wouldn’t the heavens change?”

... ..

At this time, some people thought of this possibility. They could not help being filled with fear!

Could Wan Zhen’s throne of first place be protected in the final six years?

[Unrivaled Medicine God](#)

Chapter 2354: Final Suspense!

In the fifth year, Ye Yuan’s god of war points grew by another 450 thousand, reaching 2.15 million.

This way, Ye Yuan used five years’ time and rose to the top three at a rocket speed!

The entire city was shocked!

No one could have thought that in the last ten years, the God of War Golden List actually changed heavens!

After close to a thousand years, more than 12 thousand unpredictable children fought hard before they had today’s results.

But who knew that Ye Yuan only used a short five years and climbed to third place.

The questioning voices grew louder and louder. The questioning of a loophole in the rules grew more and more.

Clearly, everyone was very unconvinced by this result.

But now, an even bigger question was placed in front of everyone.

That was ... could Ye Yuan surpass the top two on the ranking list? Could he make a heaven-defying comeback at the last moment?

These two shook the rest off far behind them.

“Wan Zhen and Zhang Lian suddenly making a determined effort. It wouldn’t really be because of Ye Yuan, right?” Suddenly, someone said weakly.

There had been this argument previously, but everyone felt that this argument was too ridiculous.

But today, when Ye Yuan climbed to third place, this notion suddenly popped up in everyone’s heads once more.

This time, everyone did not find it ludicrous anymore.

Although this argument was still a little preposterous, Ye Yuan’s speed of ascending was already sufficient to make the top two take it seriously.

“That’s impossible! How would Wan Zhen and Zhang Lian know that Ye Yuan’s god of war points will suddenly balloon?”

“It can basically be confirmed now that regardless of whether it is Ye Yuan, Wan Zhen, or Zhang Lian, they are all at the Myriad Beast Battle Plain. Maybe they met?”

“It’s also not entirely impossible! Previously, Wan Zhen and Zhang Lian’s god of war points clearly slowed down! These few years, they’ve made new heights year after year. Clearly, they are going all out. If there’s no sense of pressure, how can they possibly work so hard?”

... ..

With drive and without drive, those were two completely different things.

Wan Zhen and Zhang Lian already swept away all opponents five years ago.

For ten years, there was no one who could catch up to them at all.

Hence, even if they worked hard, it was also just a challenge to themselves, and would not push themselves to the limit.

But if they ran into Ye Yuan and witnessed Ye Yuan’s combat strength, that would be totally different.

This kind of situation was very likely!

For a moment, everyone fell into shock.

Could it be that Ye Yuan really relied on his strength and obtained so many god of war points?

The following few years completely became these three people’s tussles!

In the sixth year, Ye Yuan obtained another 400 thousand points, reaching 2.55 million; that was only a step away from Zhang Lian’s 2.8 million!

Everyone’s nerves were wound up tightly.

In the seventh year, Ye Yuan still obtained over 400 thousand god of war points, reaching more than 2.97 million.

This year, Ye Yuan was still ranked third.

However, he was merely just a few thousand god of war points away from the second place.

Without any doubt, this time next year, Ye Yuan would replace Zhang Lian who was at the second place, becoming the God of War Golden List's second place!

No one could have thought that Zhang Lian, who was as steady as Mount Tai, would actually be surpassed by someone one day!

Sure enough, in the eighth year, Ye Yuan obtained another 400 thousand god of war points, surpassing Zhang Lian in one stroke, becoming the God of War Golden List's second place!

On this day, the entire Cloudaid City was seething with excitement.

"Damn it, even though I've been mentally prepared for a long time, when this day really arrived, it still feels unthinkable!"

"What the f*ck! I can't figure it out! Even Wan Zhen and Zhang Lian can only obtain over 100 thousand god of war points in a year. So how did he achieve 400 thousand a year?"

"Zhang Lian has already been pulled down. Right now, there's only Wan Zhen left!"

... ..

Zhang Lian had already been surpassed. Ye Yuan was only left with a final opponent, Wan Zhen!

This person was Cloudaid City's insurmountable existence. He was a powerful opponent that made everyone not dare to look directly at him.

Starting from roughly the second hundredth year, there was already no one who dared to have the thought of surpassing him anymore.

This notion became increasingly stronger towards the end.

But no one could have thought that in the last ten years, a guy who had never entered the God of War Golden List before, suddenly skyrocketed heaven-defyingly, arriving at the position of second place!

And now, Wan Zhen's god of war points was 3.98 million!

Ye Yuan's god of war points was currently 3.42 million!

There was a difference of 560 thousand god of war points between the two!

Could it be surpassed?

Staying in the Primeval War Realm for close to a thousand years, these unpredictable children had never discovered that they would get so nervous.

Was it Wan Zhen narrowly defending his throne of number one, or Ye Yuan making a heaven-defying comeback, rising up amidst insignificance, and climbing to the summit?

This suspense would not be revealed until the final year.

It was another year in a blink!

On this day, the God of War Golden List was released!

When Wan Zhen's name appeared, everyone immediately seethed with excitement.

Someone exclaimed, "170 thousand! This year, Wan Zhen actually obtained 170 thousand! With this, the number one throne is secured!"

4.15 million!

This was Wan Zhen's current god of war points.

Following that, it was Ye Yuan!

3.83 million!

This year, Ye Yuan obtained 410 thousand god of war points!

Now, the difference between the two was 320 thousand.

"Hahaha, indeed still couldn't make it! Wan Zhen finally showed his stuff at the final juncture! At the rate of this speed, Wan Zhen just has to obtain 150 thousand god of war points next year and he'll surely win!"

When Jiang Zhe saw this result, he could not resist laughing out loud.

Finally, Ye Yuan still failed!

Even though he knew that Ye Yuan's current performance was already sufficiently heaven-defying.

Even though he knew that it was only because Ye Yuan lacked time.

But, for Ye Yuan to fail to get first place, he just felt happy!

As long as Wan Zhen got more than 150 thousand, that would be a gap of 470 thousand.

According to Ye Yuan's current rate of speed, it was roughly a little more than 400 thousand every year, it was impossible to defy the heavens next year.

The outcome is a foregone conclusion!

Seeing this result, many people also let out a sigh of relief.

"Sure enough, still unable to surpass!"

"Wan Zhen is so strong. He has always been sitting firmly at first place but was surpassed by Ye Yuan using ten years. I'm really unable to accept this!"

"There must be something fishy! He must have grasped a loophole in the rules. Otherwise, how can he possibly be so heaven-defying?"

... ..

Those present were all unpredictable children, all rare geniuses.

Wan Zhen being strong, that was having proceeded steadily step by step, and through a thousand years of hard work. They could accept it.

But Ye Yuan used a thousand years to gain enlightenment on Dao, and suddenly jumped out in the last ten years to compete for the rankings.

Furthermore, he only used ten years' time and reached second place.

They were unable to accept such a thing emotionally.

Maybe, they just did not hope to be crushed.

Tenth year, apart from the top 30, practically everyone returned to Cloudaid City.

There was already no point in continuing to cultivate.

Everyone was waiting for the last release of the God of War Golden List!

The release this time would determine who could get the final ten spots!

Suddenly, several beams of light flashed. There were suddenly several dozen additional people at the rebirth point.

Clearly, the hour had arrived, and everyone was transported back.

Unrivaled Medicine God

Chapter 2355: The Final God of War Golden List Publication!

These roughly over 30 people still had blank faces when they returned to the city.

Clearly, they still had not recovered to their senses.

Just earlier, each one of them was still in a bloody battle.

But in a blink, they were transported back.

Especially Ye Yuan, Wan Zhen, and Zhang Lian three people, they were clearly somewhat at a loss on what to do at this time.

Just earlier, Ye Yuan was still narrowly escaping death under the pincer attacks of a large group of fierce beasts.

Wan Zhen and Zhang Lian were the same.

Wan Zhen's gaze adjusted to the present very quickly and saw the Ye Yuan in the crowd.

He was just about to go over to greet when he was surrounded by a large group of people.

"Wan Zhen, how many god of war points do you have right now?" A powerhouse ranked 40 plus immediately moved closer to ask.

Wan Zhen was taken aback and said, "4.34 million, why?"

The moment these words came out, everyone's faces immediately revealed wild ecstasy.

“Hahaha, that despicable brat has completely no chance now! A gap of 510 thousand, it’s impossible for that punk to catch up!” That powerhouse said in great joy.

Wan Zhen frowned and said, “What gap of 510 thousand? What are you guys talking about?”

When he said so, there were immediately many people in the crowd who were filled with righteous indignation, especially Jiang Zhe.

“Wan Zhen, we really feel too unjust for you! There’s a punk who resorted to trickery, and he could actually attain 400 to 500 thousand god of war points in one year, forcefully climbing to second place from behind!”

“Yeah, lucky you stood firm and exerted your strength at the last moment, overwhelming him ruthlessly!”

“First place is first place. His strength indeed isn’t simply for show, to actually be able to obtain 190 thousand god of war points in a year!”

... ..

How clever was Wan Zhen? He discerned what the problem was from these people’s words very quickly.

“You guys are talking about Ye Yuan, right? He didn’t use trickery! Turns out that he’s already in second place? Indeed terrifying!” Wan Zhen also looked towards Ye Yuan in surprise again as he said.

Everyone was stunned, suddenly falling into silence.

Wan Zhen actually personally defended Ye Yuan!

This guy did not eat the wrong medicine, right?

“Didn’t use trickery? How is that possible? With your strength, you only got over 100 thousand god of war points every year. He’s far worse than you but actually got 400 to 500 thousand points in a year. This is too illogical!” Jiang Zhe said with a look of disbelief.

But Wan Zhen shook his head and said, “When Ye Yuan was fighting in the Myriad Beast Battle Plain, Zhang Lian and I saw it with our own eyes! He already comprehended time law. Laws of time and space being unleashed together, coupled with Sword Dao source and Formation Dao source, his strength is already not beneath mine! Furthermore, the power of his sword formation can deal with hundreds and thousands of fierce beasts at the same time. The efficiency of obtaining god of war points is far stronger than us! Even though 400 to 500 thousand in a year is a little exaggerated, he absolutely didn’t resort to trickery.”

At the same time, a hint of ridicule flashed across Zhang Lian’s beautiful face, and he said disdainfully, “You can’t imagine it, doesn’t mean that others can’t do it! If not for Ye Yuan’s encouragement, the two of us also wouldn’t have hunted fierce beasts without heed for our lives. Of course, we also wouldn’t have obtained tremendous benefits.”

Ever since seeing Ye Yuan’s battle, the two of them started a crazy hunting mode.

Although it was impossible to be like Ye Yuan, they frequently pushed themselves to their limits, narrowly escaping death several times.

In these ten years, the two of them similarly made great progress.

With motivation and without motivation, those were two totally different states!

The over ten thousand people in the square were shocked by these two people's words until they were staring dumbfoundedly.

Firstly, Ye Yuan really comprehended time law!

Secondly, Ye Yuan's 400 to 500 thousand god of war points every year, that was actually really obtained by him hunting fierce beasts himself!

Thirdly, his strength could actually rival Wan Zhen and Zhang Lian already!

This news was too soul-stirring.

In these ten years, they had always judged based on the numbers. It was far less shocking than Wan Zhen and Zhang Lian personally explaining it.

It turned out that Wan Zhen and Zhang Lian suddenly erupting was really because of Ye Yuan!

All of this was simply like a dream.

How could there be such a monstrous person in this world?

Ten years!

Ye Yuan used ten years' time and instantly obliterated their 1000 years of hard work!

They were all unpredictable children, existences that even heaven was jealous of.

But, if they were existences that even heaven was jealous of, then what ... was Ye Yuan?

When they were mocking Ye Yuan for comprehending time law, when they were questioning that Ye Yuan resorted to trickery, when they were mocking Ye Yuan for overestimating his own ability; Heaven was watching them and laughing!

Not that Ye Yuan was overestimating his own ability, he really had the talent to comprehend time law!

Wan Zhen could not be bothered to care about everyone's shock. Dividing the crowd, he came before Ye Yuan and said with a smile, "Younger Brother Ye is truly an unrivaled talent. You don't know how shocked the two of us were when we saw you execute time law on that day!"

Time law was known as the number one law in the world!

Although it was on par with spatial law, the difficulty of comprehension was several times harder than spatial law.

Even a peerless genius like Wan Zhen was unable to comprehend it too.

Ye Yuan smiled and said, "That day, I sensed the two of you fellow daoists. But at that time, it was trapped in a heavy encirclement and was too busy to say hello. I hope that Fellow Daoist doesn't blame."

Ye Yuan's impression of Wan Zhen was pretty good.

This was someone capable of shouldering great responsibility!

Wan Zhen shook his head and laughed in spite of himself and said, "What's Younger Brother Ye saying? I won't ask about your god of war points either. Let's await the release of the God of War Golden List together then!"

Ye Yuan smiled as he nodded his head. Right then, there was a tremor in the void, a volume of pages flew out for the last time.

Everyone's breathing became ragged.

"Impossible! Impossible! Even if these god of war points were derived from his true strength, it's also impossible for him to obtain 510 thousand god of war points with his ranking!" Jiang Zhe cried out frantically in his heart.

Judging from Ye Yuan's situation in previous years, it was impossible for him to surpass 500 thousand.

The pages slowly unfurled, affecting the hearts of each unpredictable children.

Very soon, the pages revealed the tip of the iceberg.

A huge golden name appeared in front of everyone.

Buzz!

There was immediately a burst of exclamation in the square.

"First place, Ye Yuan!"

"Surpassed! He really surpassed Wan Zhen!"

"Too inconceivable! In this last year, he actually obtained 540 thousand god of war points! How ... How did he do it?"

"Too crazy! Too shocking! Ten years, he only used ten years. He then reached the top of the God of War Golden List!"

... ..

A nuke seemed to have detonated in the square. Everyone exploded.

The first name that appeared on the page was precisely Ye Yuan's!

In the last year, Ye Yuan miraculously gained 540 thousand god of war points, and finally reached a horrifying 4.37 million, surpassing the Wan Zhen who had maintained first place for a thousand years with the edge of 30 thousand points.

The shock that this scene brought to everyone was seriously too strong.

Jiang Zhe looked at the name on the page, feeling battered out of his senses as he muttered under his breath, "How is this possible? How is this possible? Without cheating, how can he possibly get 540 thousand god of war points in a year?"

Unrivaled Medicine God

Chapter 2356: Caged Battle!

Second place, Wan Zhen, 4.34 million god of war points!

Third place, Zhang Lian, 3.21 million god of war points!

Fourth place, Gu Tianzhen, 2.12 million god of war points!

... ..

The God of War Golden List slowly unfolded, one name after another displaying in front of everybody.

The top ten names were finally decided as well.

Some rejoiced, some bemoaned. With Ye Yuan climbing to the top, there were naturally people who were eliminated.

In the crowd, several murderous gazes shot toward him.

Of course, Ye Yuan did not care at all.

Seeing this result, Wan Zhen himself was very surprised too.

He did not expect that Ye Yuan really did it!

Ten years ago, Ye Yuan never made it onto the God of War Golden List!

A gap of more than four million was caught up just like that.

Honestly speaking, he was still a little sour in his heart.

"Younger Brother Ye, you actually obtained 540 god of war points in this last year!" Wan Zhen looked at Ye Yuan and exclaimed.

Even though several hundred thousand a year was very impressive, this sudden eruption in the last year clearly still exceeded everyone's expectations.

Ye Yuan said, "I had some new insights during this year again, and so I made a trip to the Celestial Beast Plain. That's how I gained more than 500 thousand god of war points."

Wan Zhen's entire body trembled and he sucked in a cold breath as he said, "You went to the Celestial Beast Plain?"

"What?! He ... He actually went to the Celestial Beast Plain!"

"He's really a mad man! The Celestial Beast Plain is the central region of the Myriad Beast Battle Plain. Each one of the fierce beasts is incomparably powerful. He could actually come back alive from there!"

"Not that no one dares to go to the Celestial Beast Plain, but that no one can go there!"

... ..

The moment these words came out, everyone revealed extremely shocked expressions.

The Myriad Beast Battle Plain's area was extremely vast. But the more towards the central region, the stronger the strength of the fierce beasts.

Furthermore, the fierce beasts of the central region were very densely packed. Wanting to rush to the central region from the periphery of the Myriad Beast Battle Plain was simply an impossible task.

Even Wan Zhen could not do it either!

He and Zhang Lian also continuously went deep into the central region but failed to reach the Celestial Beast Plain in the end too.

But Ye Yuan reached it.

In reality, before being transported back just now, he was still undergoing a life-and-death battle in the Celestial Beast Plain.

Everyone suddenly somewhat understood why Ye Yuan was able to soar at a rate of 400 to 500 thousand god of war points every year.

Being able to rush into the Celestial Beast Plain, this in itself already illustrated many problems.

In reality, Ye Yuan had made great improvements in these ten years' time too.

Regardless of whether it was Sword Dao source or Formation Dao source, or whether spatial law, time law, he had an extremely deep understanding.

Under this kind of high-intensity battle, his potential was excavated once again.

Furthermore, after he finished taking care of a swarm, he would continue advancing forward, all the way until he reached the Celestial Beast Plain.

However, the strength of the fierce beasts in the Celestial Beast Plain was also indeed extraordinary.

Even he felt extremely strained too.

If not for his spatial law breaking through to rank eight at the final juncture, it would also not have been impossible that he would fall in battle and return to Cloudaid City.

"You this fellow, really a freak! I really want to know what kind of boundary you've reached currently!" Wan Zhen said with a bitter smile.

"There will be an opportunity," Ye Yuan said smilingly.

Everyone looked with gazes as if looking at a monster to look at Ye Yuan. This guy simply was not a human!

Just as everyone was exclaiming with admiration, there was suddenly a tremor in the void.

A huge cage broke out of the sky and suspended in the air.

At this moment, the million unpredictable children in the Primeval War Realm could see this enormous cage distinctly.

For a moment, there was shock all around!

“What’s this playing at again?”

“Could it be that the genius competition this time hasn’t ended yet?”

“Isn’t it said that as long as people entered the top ten, they can all obtain the inheritances? Could it be that it isn’t like this?”

... ..

Just as everyone was shocked, the figures of Ye Yuan and the rest gradually became illusory.

When they appeared again, they had already arrived in the cage.

There were also many strangers who appeared at the same time.

Sweeping a glance over, there were just a thousand people!

The top ten of each city all gathered in the cage!

“*Hiss ...*”

Everyone drew a cold breath.

Gathering the top 1000 people together, this was going to be a melee!

Suddenly, a voice came out of the void. It was precisely Heavenly Emperor Profound Secrets’s voice.

“This is your final test, a caged battle! This time, there are no restrictions. Bring out all of your means, and kill the people around you! The last person alive shall obtain a supreme inheritance! The next 10 people will obtain a top inheritance! The rest of the people will obtain an ordinary inheritance! Now, the killing begins!”

Heavenly Emperor Profound Secrets’ voice was akin to rolling thunder, exploding in everyone’s ears.

However, those unpredictable children were clearly all not prepared.

Even Ye Yuan had a stunned look too.

He heard Jian Yunxin say before that there were ten top inheritances, but he did not know that there was still a supreme inheritance.

Wonder what kind of terrifying legacy this so-called supreme inheritance was.

However ... a thousand of the top-notch unpredictable children were all gathered in one cage now. This would really be a terrifying bloody battle.

To think that Heavenly Emperor Profound Secrets could come up with such a perverse idea.

However, Ye Yuan understood very well.

Because in the future, these unpredictable children would definitely encounter this kind of scenario!

At that time, they might encounter even more and even stronger divine race powerhouses.

This kind of melee, just treat it as a preview in advance.

Dying in this caged battle now, they could still come back to life.

But in the future, when they faced divine race powerhouses, they would not be able to come back to life.

A little more preparation was considered to have a process of adapting in advance, right?

Ye Yuan turned to look at Wan Zhen beside him and could not help laughing as he said, "You see, I said that there will be an opportunity, right?"

Wan Zhen laughed loudly and said, "I didn't expect that it came so quickly! Okay, let me experience what right you have to walk in the Celestial Beast Plain!"

At this instant, Wan Zhen brimmed with fighting spirit.

Even though he knew that Ye Yuan was very strong, and also knew that Ye Yuan had many trump cards, he had his own pride. He also had absolute confidence in himself.

Therefore, he did not think that he would lose to Ye Yuan.

Who was stronger and who was weaker, got to fight before one would know.

By the side, Zhang Lian rolled his eyes and said, "The two of you fight then. I'm not getting involved. I'm not Wan Zhen's match. If you lose, the two of us fight then."

"Ahhh!!"

Suddenly, a scream came from beside them. There was actually someone who was killed already.

The battle came suddenly.

In an instant, the flames of war started burning in the cage.

Bang, bang, bang ...

Waves of terrifying energy undulation exploded in the cage.

This cage was clearly specially made. Even if a thousand unpredictable children fought frenziedly, they were unable to break this cage too.

At this time, several unpredictable children not far away saw that Ye Yuan's cultivation realm was low. They immediately rushed over toward him.

"Brat, really don't know how you came in. Your city is too weak! Sending you on your way then!" An unpredictable child grinned sinisterly and rushed over towards Ye Yuan.

However, he discovered to his horror that his speed of advancement became slower and slower, increasingly slower.

His pupils constricted, and he cried out in shock, "T-Time law!"

Unrivaled Medicine God

Chapter 2357: The Powerful Wan Zhen!

Suddenly, a cold light appeared around Ye Yuan.

Puchi!

Ye Yuan did not look at that guy at all and his body was already pierced into a sieve, kicking the bucket.

Opposite, Wan Zhen's pupils constricted.

Ye Yuan killed a top ten powerhouse so effortlessly!

Really very strong!

In Cloudaid City, people opened their mouths wide, looking at this scene with shocked faces.

"So strong! That's a powerhouse ranked in the top 10. He killed the other person without even giving him a look!"

"Is that time law? Indeed well-deserving of being a supreme law. It's really too strong!"

"Just how strong is Ye Yuan's current strength? From his appearance, it seems like he's going to fight with Wan Zhen!"

... ..

Everyone had looks of anticipation. They really wanted to take a look at just who was stronger and who was weaker between the former number one and the current number one.

While time law was powerful, Wan Zhen had experienced these few years of training. Just how strong he was, they were unable to judge as well.

Everything would only be known after fighting!

After all, Wan Zhen was three minor realms higher than Ye Yuan!

"Time law is indeed impressive!"

Wan Zhen laughed loudly, causing the pressure of an Eighth Firmament Heavenly Emperor to suddenly bloom!

During these ten years' time, Ye Yuan fought crazily. Currently, his realm improved further and was already comparable to Fifth Firmament Heavenly Emperor.

Among the unpredictable children, especially among these top 1000, even half a minor realm lower was fatal too.

But Ye Yuan was going to challenge the Eighth Firmament Heavenly Emperor Wan Zhen with a Fifth Firmament Heavenly Emperor cultivation realm.

But, no one felt that there was anything wrong.

Ye Yuan's trump cards were too many!

All of a sudden, five kinds of power of laws suddenly descended, forming a perfect closed loop around Wan Zhen.

Ye Yuan's pupils constricted and he cried out in surprise, "Fusing the Five Element Laws! Brother Wan indeed kept to your own counsel!"

Wan Zhen laughed loudly and said, "It's not that I kept to my own counsel. It's just that I didn't have a chance to display it!"

Five Element Laws, just comprehending one was nothing.

This was the most basic power of law, what the vast majority of martial artists comprehended was one or two of the Five Element Laws.

Those with stronger talents would comprehend three kinds.

In fact, the Lu Ziyi whom Ye Yuan had once seen before, she was extremely talented, comprehending all of the Five Element Laws.

But comprehending was easy, while fusion was hard!

Wanting to fuse the Five Element Laws into one, this was something harder than ascending to heaven.

The difficulty was no less than Ye Yuan's comprehension of the two great supreme laws!

Five elements fusing into one, the power would not be the slightest bit inferior to the supreme laws!

Five elements, mutually promoting and restraining each other.

If it could be fused into one, it would be able to continue in an endless cycle. One thought, one world; it was exceedingly powerful.

Furthermore, Ye Yuan could feel that Wan Zhen's five power of laws was extremely balanced.

These five kinds of power of laws, there was you in me, me in you; nothing the least bit superfluous.

This kind of five elements fusion could be rated as perfect!

Suddenly, Ye Yuan's brows furrowed and he said, "Brother Wan's Five Element Laws is probably more than this, right?"

Wan Zhen smiled and said, "That's right! My water law, fire law, and wood law, already reached the level of source! It's just that once the five elements balance is broken, the power will be inferior to now instead. Hence, these three laws are almost useless to me."

Even Ye Yuan also sucked in a breath of cold air.

He originally thought that Wan Zhen comprehended one or two source powers. Did not expect that he actually already comprehended three kinds!

One day, if he comprehended five great source powers at the same time, and achieved the balance of the Five Element Laws once more, that would be too terrifying!

Ye Yuan drew a deep breath and said, "It was this Ye who underestimated the heroes of the world! Brother Wan's talent is unprecedented since time immemorial! What's even rarer is that Brother Wan's considerations are huge and can take a broad view of the world; truly hard to come by!"

Wan Zhen smiled and said, "Younger Brother Ye, stop overselling me! In terms of talent, who can compare to you? *Oh*, Time law! This Wan tried for a long time, but I still gave up in the end! Now, with Younger Brother Ye synchronizing time and space, your combat power is unparalleled under the heavens. Enough talk, let's fight!"

Ye Yuan was also filled with lofty sentiments and laughed loudly as he said, "*Hahaha*, come and fight!"

At this time, it already became a mess in the cage. It was incomparably chaotic everywhere.

But these two only had the other in their eyes.

A treasure pagoda suddenly appeared in Wan Zhen's hand.

Only to see his expression turn solemn, the aura of the treasure pagoda billowing to the sky, and suddenly slamming over towards Ye Yuan.

The speed was unbelievably fast.

Ye Yuan's gaze turned intent, the sword formation suddenly rising, meeting the treasure pagoda.

Boom!

Boom!

Boom!

The two people's battle gave off a loud noise.

One massive energy undulation after another rippled out between the two of them. No one dared to approach them at all.

Inside the cage, those unpredictable children were all shuddering with fear, choosing to stay away from these two people very consciously.

An unpredictable child could not resist cursing, "Damn, these two fellows are really strong! Similarly top ten, the disparity isn't just a little bit!"

"That one who's using the sword formation, still thought that he was easy to bully just now, didn't expect that he's so strong. Luckily I didn't make a move!"

"Time law coupled with two great source powers, this kid is simply a freak! Also, there's the other guy. He actually achieved the perfect balance of the five elements! These two aren't human at all!"

... ..

Regardless of which city it was, the gap between the top ten was very large too.

Under normal circumstances, the top three or top two was an echelon. It was even be divided into two or three echelons at the back.

As for how strong each city's number one was, it would only be known after competing.

But Wan Zhen and Ye Yuan's fight made them realize the disparity.

Amidst the chaotic battlefield, a black figure stood in the air, with the power of lightning on his body surging crazily.

No one dared to approach this person at all! The power of lightning on his body was too strong!

Even a fool could also guess that this person was the successor of Dao Ancestor Lightning, Pang Zhen!

His gaze was already drawn by Wan Zhen and Ye Yuan's gazes.

"*Heh*, I really didn't expect that besides us, another guy who can rival Wan Zhen actually popped out. This kid is very strong! Looks like the supreme position this time is very troublesome!"

A youth dressed in ink-black long robes fanned his fan, arriving beside Pang Zhen.

Others were afraid of Pang Zhen, but he did not seem to care at all.

This youth fanning his fan was Noble Carefree, Yu Tanzhi, who was as famous as Pang Zhen and Wan Zhen.

Pang Zhen snorted coldly and said, "The supreme position is mine. Nobody can snatch it away! Wan Zhen can't, you, likewise can't!"

Yu Tanzhi laughed and said, "Pang Zhen, you're always like this! Who can get the final position of supremacy, not reaching the end, who will know?"

Pang Zhen's gaze turned cold, the aura on his body surging as he said in a solemn voice, "Looks like you want to have a go at me?"

Yu Tanzhi put away his fan and said smilingly, "Fighting, naturally got to fight. But before this, shouldn't we clean up these trash first? Also, those two, isn't it good to let them fight first?"

Pang Zhen withdrew his aura and said coolly, "*Mn*, what you said makes sense!"

Swoosh!

Finished talking, his figure suddenly disappeared, his speed being inconceivably swift.

Chapter 2358: Five Qi Dayorigin VS True Nirvana Sword Formation!

Inside the cage, lightning ran rampant!

Places that it passed through, wailing sounded out!

Pang Zhen was well-deserving of being Ancestor Lightning's successor. To be able to cultivate lightning source to such a level, it was truly seldomly seen.

Laws had distinctions in superiority, but at the same time it also depended on how a person utilized it.

People who cultivated supreme laws might not be stronger than those who cultivated ordinary laws.

But Pang Zhen had clearly gained the essence of Ancestor Lightning's true legacy, applying lightning source to a transcendent realm.

However, they were all top ten powerhouses at any rate.

Especially the various cities' top three, those were all existences with extremely fearsome strength.

Pang Zhen being so overbearing also aroused the dislike of some powerhouses.

The temptation of this legacy was too great. Who did not want to get the supreme inheritance?

Even if they did not get the supreme inheritance, obtaining the ten major legacies was also pretty good.

Hence, some powerhouses discovered that something was wrong and established an offensive and defensive alliance very quickly.

In short, inside the enormous cage fell into an extremely chaotic situation.

But as the numbers decreased more and more, the battle situation also grew more intense.

Because those who remained were all experts among experts.

Even Pang Zhen also felt overwhelmed facing several great powerhouses at the same time.

"Hahaha, awesome! Younger Brother Ye, you should also bring out your true ability already!" Wan Zhen said with a loud laugh.

Ye Yuan also smiled and said, *"Brother Wan is indeed formidable! Since that's the case, this Ye won't conceal my abilities anymore!"*

Over here, the two people fought earth-shatteringly.

But up to this point, they both did not bring out their true strength and were both testing each other.

Even so, their combat power already surpassed the vast majority of the people present.

In Cloudaid City, Jiang Zhe was dumbstruck with amazement long ago!

Only seeing Wan Zhen and Ye Yuan's fight did he know how terrifying Ye Yuan's strength was.

The current Ye Yuan was more than ten times stronger than the Ye Yuan back then!

Let alone that Ye Yuan had not used the law of time and space yet.

Only then did he understand how laughable these few years of questioning were.

In the crowd, Qin Hu's expression was also very ugly as he said, *"Really blinded my dog eyes! How was it blinded by obsession back then, to go and provoke this freak?"*

Mo Xi gave him a glance and said crossly, *"If you know that you're blind, change your temper in the future, and stop making trouble everywhere! This is inside the Primeval War Realm. If it was outside, you'd had long died ten times over!"*

Qin Hu deeply felt that way too and nodded repeatedly and said, "You're right. I mustn't simply posture anymore in the future, and keep a low-profile. Damn, you really can't judge a book by its cover, and the sea cannot be measured with a bushel. Some people really can't be provoked!"

Only then did he know what kind of freak Ye Yuan was.

A thousand years was neither long nor short.

Ye Yuan's improvement in these 1000 years could simply be described with the word terrifying.

Forget that his realm increased quickly, his power of laws even advanced at a tremendous pace.

And he had not showcased his real skills yet!

"His move! Wan Zhen is going to use his ultimate move, Five Qi Dayorigin! I really don't know what kind of realm his move already reached!"

"My god, the power of this move is more than ten times stronger than just now!"

"This pressure, it's simply going to burst through the cage! Five Elemental Laws fusing perfectly is really too terrifying!"

... ..

Amidst everyone's exclamations, Wan Zhen's imposing aura suddenly rose several levels.

Above his head, a five-colored flower petal quietly condensed into shape.

Wan Zhen controlled the treasure pagoda, the five-petaled flower rotated without resting.

This scene looked very gorgeous.

But every powerhouse in the cage felt a dangerous aura.

Many powerhouses, even those powerhouses ranked in the top three, all gave a wide berth, consciously distancing themselves from the two.

Even Pang Zhen's eyes also flickered slightly, clearly very shocked.

Over the past thousand years, Wan Zhen's strength did not just improve by a little bit!

His major five elemental fusion became even more powerful!

When Ye Yuan saw this scene, his pupils also shrunk.

This Wan Zhen was really too strong.

This move had not been unleashed yet, but there were no flaws at all.

This battle was a tough fight, there was no chance to gain any advantage by trickery.

His thoughts stirred and the sword formation suddenly changed.

It was just that this change did not have any major changes in the eyes of others.

“Did the formation change? Doesn’t look very impressive!”

“This bit of change, can it survive under the attack of the Five Qi Dayorigin?”

“Is this Ye Yuan’s final trump card? Doesn’t look like much! Even if he used time law, it’s also impossible to be very strong, right?”

... ..

The power of the sword formation was not so intuitive.

But once one got caught in the sword formation, that would be terrifying.

Bystanders could not understand Ye Yuan’s action at all. They just instinctively felt that he could defend against Wan Zhen’s move.

True Nirvana Sword Formation!

This was Ye Yuan’s newest comprehended sword formation. It was also by relying on precisely this set of sword formation, that Ye Yuan could kill into the Celestial Beast Plain, and obtained more than 500 thousand god of war points at the final moment, making a heaven-defying comeback!

One could imagine how strong this sword formation was.

Over the past thousand years, especially the recent ten years, Ye Yuan’s Sword Dao source and Formation Dao source improved significantly again.

During a battle, Ye Yuan fused these two great powers of source and the law of time and space fully, creating this set of True Nirvana Sword Formation!

The power was extremely terrifying!

Wan Zhen similarly did not understand, but he instinctively felt that Ye Yuan’s change seemed to be even more profound.

How profound, he could not explain it.

But he understood that it was absolutely impossible for Ye Yuan to rely on an ordinary move to deal with his Five Qi Dayorigin.

He would know how strong after he gave it a try!

At once, he no longer hesitated as well, urging the treasure pagoda.

Five flower petals rolled like a wheel and flew over toward Ye Yuan.

In an instant, everyone felt like heaven and earth were pressing down.

The five elements developed myriad things in the world. Wan Zhen perfectly used the Five Elemental Laws, didn’t it represent the entire world?

Ye Yuan did not hesitate in the slightest, True Nirvana Sword Formation suddenly operating, forming a world of its own.

Rumble!

As soon as they collided, it was as if the world started shaking.

The entire cage started trembling violently.

Many unpredictable children were currently in the midst of fierce fighting. Even though they already avoided far away, they were still affected by this tremor.

They did not have time to resist in the slightest and were directly drowned by the horrifying energy, dying until they could not be dead.

Wan Zhen's pupils constricted, he did not expect that this unremarkable sword formation was actually so strong!

Evenly-matched!

At once, he did not dare to be neglectful, divine essence surging crazily once more.

That five elements spinning wheel actually started disintegrating after this collision!

“Deriving Myriad Dao!”

Wan Zhen roared explosively, that five enormous flower petals immediately decomposed into thousands of miniature petals.

Ye Yuan's pupils shrunk, the power of this move was several times stronger than earlier!

These decomposed petals seemed disorderly and unsystematic, but actually, every five petals formed a miniature closed loop.

And between each closed loop, there was a magical kind of power attracting.

This was deriving myriad Dao!

Ye Yuan's gaze turned slightly dark, his figure moving. He actually directly took a step out and entered among those countless flower petals!

[Unrivaled Medicine God](#)

Chapter 2359: Welcome to Come Over

In virtually an instant, Ye Yuan was drowned by the five petals.

In fact, even his sword formation was submerged too.

Everyone opened their mouths wide and had shocked faces.

It could be played like this still?

Wasn't this courting death?

Deriving myriad Dao, it could only be overcome by strength.

If Wan Zhen's move had flaws, Ye Yuan could naturally break them through ingenuity.

But Wan Zhen's move did not have flaws at all. It was perfect until there were no weaknesses to exploit!

Then, how terrifying was the power of the core area of this move?

Slightly using one's brain to think and one would understand.

Boom!

Boom!

Boom!

Amidst the petal rain that filled the sky, a series of detonating sounds came over.

People could not see Ye Yuan's figure at all, they only saw one streak of sword light after another appearing and disappearing again inside.

But when Pang Zhen saw this scene, his gaze turned sharp!

"What a formidable brat, to actually see through where the problem lies at a glance! Wan Zhen this move derives myriad Dao, wanting to crack it, there's only from the inside! Although doing it like this, the danger is also several times greater! But, this is the only chance!" Pang Zhen said in shock.

Five elements developing Dao, continuous reproduction in an endless succession!

That was the power of Dao, even if it was Dao that had shrunk countless times smaller.

Wan Zhen's strength did not lie in how strong his offensive power was, but precisely that he had no chinks in his armor.

No matter how you raged like a storm, how could you break my Dao?

Among these top-notch unpredictable children, to talk about whose offensive power was number one, that was definitely Pang Zhen.

But to talk about who was the most difficult to deal with, that was definitely Wan Zhen!

Even Pang Zhen also did not dare to easily make a move against Wan Zhen.

Wanting to defeat Wan Zhen, either break through with strength, such as a Deva Realm martial artist forcefully using cultivation realm to suppress him firmly.

Or it was collapsing from within!

Very clearly, Ye Yuan saw through where the problem lay at a glance.

But seeing through was one thing; whether he dared to enter was another thing.

The core of this move was not a glass bottle that broke at a touch, but was powerful until it made people despair instead!

Several powerful unpredictable children were all paying attention to the battle situation over here.

Seeing this scene, each and every one of them was extremely shocked.

“Ye Yuan is definitely dead this time! Evolving myriad Dao to form its own world, isn’t it seeking death for him to enter inside the world?”

“Heh heh, it’s indeed still Wan Zhen who’s a level stronger! Looks like him being able to obtain so many god of war points was purely due to the sword formation.”

“Something’s not quite right! Why do I see that Wan Zhen’s expression is becoming more and more serious?”

... ..

The crowd that was eating melons and who did not understand the truth naturally felt that Ye Yuan’s behavior was very foolish.

Strength determined the horizon!

Although they were all unpredictable children, the gap between these powerhouses in the city and the powerhouses inside the cage was too great!

Boom!

Boom!

Boom!

The explosion sounds became more and more intense, and increasingly horrifying.

That earth-shaking sound seemed to be one sledgehammer blow after another, striking onto people’s hearts.

Suddenly, the earth quaked and mountains swayed!

Those countless petals actually suddenly exploded at this time, shattering into pieces.

The horrifying energy undulation actually seeped out of the cage and reached the Primeval War Realm!

Immediately, mountains collapsed and the earth split apart!

This was the power of a Heavenly Emperor level powerhouse. The power was seriously too horrifying.

Wan Zhen spewed a mouthful of fresh blood wildly, letting out a muffled groan, his figure flying out backward.

While at this time, ten thousand streaks of sword light poured out, blinding everyone’s eyes.

That was Ye Yuan’s sword formation!

Everyone opened their mouths wide, looking at this scene with shocked faces.

Ye Yuan, he won?

Even the likes of Pang Zhen and Yu Tanzhi also had astonished expressions on their faces.

No one could have thought that Wan Zhen actually really lost.

Furthermore, he was defeated so quickly!

The current Ye Yuan appeared somewhat tousled, the wounds on his body shocking to behold.

Among his peers, those able to push him to this extent, Wan Zhen was still the first!

“What a terrifying sword formation! You already perfectly fused two great sources and the laws of time and space. This sword formation will definitely radiate with splendor in the future! What’s its name?”

Wan Zhen clutched his wound and looked at Ye Yuan as he said in shock.

Just earlier, he already went all out, wanting to kill Ye Yuan.

But unfortunately, the power of Ye Yuan’s sword formation was too powerful!

Regardless of whether it was defense or offense, it was ridiculously strong!

Sword Dao source was a law that was among one of the few with top offensive power to begin with. The laws of time and space were also perfectly fused inside, as well as the enhancement of Formation Dao source.

This move was too vague and too swift and fierce!

Such a move that no rivals in the same rank at all!

If not for him being three minor realms higher than Ye Yuan, he would have long lost.

He, would not have been able to receive even one of Ye Yuan’s strikes!

One had to know, three minor realms of Heavenly Emperor Realm, how big a gap was that?

Not talking about three, just one, was an insurmountable chasm to ordinary people!

But Ye Yuan leapfrogged three minor realms and defeated the top genius, Wan Zhen.

How could they not be shocked by this scene?

The sword light converged and hovered quietly around Ye Yuan.

Ye Yuan smiled and said, “This formation is called true nirvana!”

Wan Zhen laughed loudly and said, “*Haha*, True Nirvana Sword Formation, a good name! I hope that this set of sword formation can defend the dignity of our human race!”

Ye Yuan’s expression turned somber, and he nodded his head seriously and said, “This Ye will do my best! Brother Ye, our battle ends here. How about it?”

Clearly, the two of them did not really determine the victor.

This move earlier, Ye Yuan did defeat Wan Zhen.

But Wan Zhen was notoriously difficult to deal with. It was not that easy of a matter for Ye Yuan to want to kill Wan Zhen.

The two of them appreciated each other and naturally were not willing to determine life and death right now. That way, they would miss the legacies.

"*Haha*, it should be that way! If we die now, wouldn't it become a great tragedy in life?" Wan Zhen laughed loudly and said.

At this time, there were still roughly close to half of the powerhouses left inside the cage.

The death rate also became lower and lower.

The powerhouses from all areas were mostly in a melee.

Those weaker ones had basically already been eliminated in one round.

Those remaining were all powerhouses!

Seeing Ye Yuan turn around, those powerhouses close to him changed expressions one after another, hurriedly backing away.

Clearly, they were afraid.

The commotion caused by the two people's showdown earlier was seriously too great.

Even though they examined their own conscience and felt that they were very strong, they were also not strong to such a degree.

Furthermore, they were extremely apprehensive of the True Nirvana Sword Formation.

The True Nirvana Sword Formation was strong but strong to what extent, only Wan Zhen who experienced it personally would know.

How could the rest dare to go and touch Ye Yuan?

Seeing the others' cowering appearances, Ye Yuan could not help being speechless.

Ye Yuan did not like this kind of feeling. Even though he killed these people, they would not truly die.

He could challenge the strong, but with regards to the weak, as long as they did not come and provoke him, he really could not quite make his move.

After all, this was also their hope.

It was the hope of obtaining an inheritance!

Otherwise, why would they need to fight fervently here?

Ye Yuan shrugged and said, "You guys continue. I'll rest for a while. *Uh* ... If anyone wants to come and kill me, you are most welcome to come over."

Finished talking, he actually sat cross-legged and recovered his vitality on the spot.

The others exchanged glances and could not help being speechless.

This guy was posturing too hard, right?

But did they dare to go up and provoke Ye Yuan?

They did not dare!

Chapter 2360: Tried to Steal a Chicken Only to End up Losing the Rice

“I’m Jingnan City’s Tao Hanyi, seeking guidance from Brother Ye’s brilliant moves!”

Just as everyone was wavering and not advancing, a figure arrived not far in front of Ye Yuan and challenged Ye Yuan.

He was open and aboveboard and did not suddenly sneak attack.

He looked very much like an upright gentleman.

But Yu Tanzhi had a disdainful look as he said, “This hypocrite still made a move in the end! But it’s good like this as well. We can see this kid’s depths again.”

Many people who knew Tao Hanyi all had disdainful looks on their faces.

Making a move at this time was clearly wanting to take advantage of people’s predicament.

However, under this kind of life-and-death battle, it also did not seem to fail to conform with the rules.

Either way, this was a battle without any rules. As long as one put the opponent to death, it would do.

Regardless of whether you sneak attacked, or took advantage of others’ difficulties.

Ye Yuan opened his eyes, glanced at the other party, and slowly stood up.

“Okay, please condescend to teach,” Ye Yuan said with a light smile.

Tao Hanyi had a well-mannered appearance as he clasped his hands and said with a smile, “Brother Ye’s sword formation is transcendent, you have to show leniency!”

But in his heart, he sneered coldly to no end.

Tao Hanyi thought in his heart, he caused such a huge commotion just now. This kid’s divine essence expenditure must be huge! Dealing with him at this time, the timing is just right! As long as I kill him, I’ll be the genius who towers above Wan Zhen!

Ye Yuan was taken aback, feeling a little baffled.

Show leniency?

Are you joking?

Right now, this was a life-and-death battle!

But seeing the other party’s kind appearance, he could only smile and said, “Life and death are up to fate, each relies on one’s own abilities then!”

He did not kill Wan Zhen. Firstly, because they appreciated each other. Secondly, killing Wan Zhen needed to expend huge amounts of energy, the losses outweighed the gains.

But this did not mean that he would also do the same to the others.

Since he came to challenge, then he would have to be prepared to die.

Ye Yuan was also considered to have reminded the other party tactfully. But in Tao Hanyi's eyes, it became sarcasm.

However, he still maintained his demeanor and said smilingly, "Haha, that's okay!"

A moment ago, he was still talking in a jovial manner.

The next second, he already dealt a devastating blow!

Virtually instantly, Tao Hanyi's tempest-like attack already arrived.

As Jingnan City's number one, Tao Hanyi's strength naturally did not need to be elaborated.

Hundred Samsara Saber!

Tao Hanyi's power of law was the fusion of the law of saber and samsara law, the power tremendous!

Heavenly Dao samsara, want you to live, you'll live!

Want you to die, you'll die!

The terrifying saber light instantly engulfed Ye Yuan.

Ye Yuan's entire person was submerged in the sea of blades.

Ye Yuan was naturally not some rookie. The True Nirvana Sword Formation was already in operation long ago, the four great power of laws transformed into thousands of light, clashing head-on with Tao Hanyi's endless blade lights.

For a moment, saber lights and sword images, laws intertwined.

The terrifying energy undulation swept across the entire cage in virtually an instant.

But the more they fought, the more alarmed Tao Hanyi became.

Although his power of law was not as strong as Wan Zhen's, among the top geniuses, it was very formidable already as well.

This guy battled with Wan Zhen and was clearly in a difficult position. So how did he still have such thick divine essence?

His saber images seemed to have fallen into a quagmire when being inside the True Nirvana Sword Formation, unable to cause any harm to Ye Yuan at all.

Only at this moment did he deeply understand, how powerful the guy who broke Wan Zhen's development of myriad Dao was!

Pang Zhen and the rest had been paying attention to the battle here all this while. Seeing Tao Hanyi gradually losing ground, they could not help being incomparably shocked in their hearts.

He was sure that when Wan Zhen and Ye Yuan fought just now, they did not hold back at all.

That battle could be said to be the top level battle in the cage already.

The consumption of this level of battle could be described using horrifying.

Pang Zhen naturally would not think that Ye Yuan was not able to fight anymore.

But he never thought that Ye Yuan's combat power could actually still maintain so vigorously.

One had to know, Tao Hanyi was not some random Tom, Dick, or Harry.

Each city's first place, each one of them was an extremely powerful genius.

Although Yu Tanzhi and the rest were very scornful of Tao Hanyi's behavior, this did not prevent them from acknowledging Tao Hanyi's talent.

Prior to this, he did not experience any great battle either.

But now, he wanted to take advantage of Ye Yuan's battle and let himself fall into passiveness instead.

Very soon, his saber lights were suppressed to the extreme by Ye Yuan.

From his limitless suppression in the beginning, to the current feebleness and dead luster, it did not last too long.

Life and death were already just on the line!

The shock in Tao Hanyi's heart grew greater and greater, and he shouted loudly, "Brother Ye has excellent means. This Tao admits defeat! Brother Ye, please show mercy!"

But Ye Yuan did not buy it in the slightest and said coolly, "Sorry. In a life-and-death battle, whence the mercy? Moreover, the moment your esteemed self made your move, it was already a life-and-death showdown. Now, pleading for me to show leniency, don't you find it too late?"

Ye Yuan was also not a fool.

Could sparring and wanting your life be the same?

This guy had that pose of risking his life the moment he came up. He clearly wanted his life.

Ye Yuan's thoughts were meticulous. How could he not tell that this guy came to take advantage of others' difficulties?

He thought that he had just experienced a great battle and felt that he was easy to bully.

Heh heh, how could there be such a bargain?

Tao Hanyi yelled out, "Brother Ye, this Tao is ..."

How could Ye Yuan listen to him talk nonsense? Urging the True Nirvana Sword Formation, he directly annihilated this guy.

"Turns out that this is Ye Yuan's true combat strength!"

"His divine essence is too thick. After going through that kind of great battle, he actually still had such terrifying strength!"

"I know Tao Hanyi, even though he isn't as strong as Wan Zhen, for Wan Zhen to want to beat him, it absolutely won't be so effortless either. Ye Yuan is really too strong!"

“I finally understand how he surpassed Wan Zhen in ten years. With thick divine essence like his, coupled with his sword formation, it’s simply a killing machine!”

... ..

There was a shock in Cloudaid City. Only after experienced this great battle, did they finally fully believed that Ye Yuan relied on his own strength to surpass Wan Zhen.

He, this number one person, was fully deserving!

And this battle also truly shocked all of the geniuses in the cage.

Now, who still dared to be blind and come forward and attempt to take advantage?

Even the likes of Pang Zhen and Yu Tanzhi also did not dare to easily step forward.

They were confident that they would not lose to Ye Yuan, but what if they lost?

Their objective was the final supreme inheritance, and it was not to show off momentary bravery.

Therefore, everyone chose to ignore Ye Yuan with a very tacit understanding.

This time, Ye Yuan was really able to recover his vitality with peace of mind.

Along with the passing of time, the battle situation inside the cage also became fiercer and fiercer.

The numbers continuously decreased. From 500 to 400, then to 100.

Finally, there were only several dozen people left!

These remaining several dozen people were all the top-notch group of geniuses. Each person’s strength was extremely powerful.

Of course, of the people remaining, the vast majority were all people who ranked first place in their respective cities.

However, there were also upsets.

Some people were ambushed by someone, and then they died due to fatigue.

But of those who remained, there were clearly none who were weak.
