Chapter 2441: Utterly Shameless!

“Utter nonsense! Dao Ancestors are the strongest in the Heavenspan World. This is everyone’s consensus. You want to use this to absolve from your crime, simply laughable!” Lin Chaotian said with a cold smile.

Ye Yuan similarly repaid with a cold smile as he said, “You had Lin Huan and Lin Lang test my depths in front of the mountain pass gates. Wasn’t it in order to measure my strength? How is it, are you satisfied or not?”

Actually, on the way here, Ye Yuan thought of many possibilities.

But he did not understand Lin Chaotian and also did not know how his character was.

Li-er rescued Daymeld, this matter was indeed easy to set off denouncing. Dao Ancestors launching an attack was also not incomprehensible.

But, encountering Lin Huan and Lin Lang in front of the mountain pass gates, it suddenly dawned upon Ye Yuan in his heart.

Ye Yuan knew that that was probing, but so what?

You want to see it, then I’ll show you!

He knew that his cultivation method probably really aroused observant and conscientious people’s coveting.

Regarding this point, Ye Yuan was actually long already mentally prepared.

After all, walking along the way, his performance was too monstrous. If it aroused the attention of some observant and conscientious people, wanting to find clues was not hard.

Let alone that with Lin Chaotian’s strength and status, investigating one Ye Yuan was seriously too easy.

As long as he was willing, he could investigate Ye Yuan inside out.

Now, Lin Chaotian was being overbearing, attempting to infuriate him, confirming his idea even more.

Concerning Lin Chaotian coveting his cultivation method, Ye Yuan was not surprised about it.

It was just that his method was a little too despicable.

Lin Chaotian just smiled lightly and said, “Looks like Lord Saint Azure is destined to betray the human race! Since that’s the case, then this ancestor can only carry out justice on the behalf of Heavenly Dao, and take you down!”

While talking, the horrifying aura on Lin Chaotian instantly covered the entire Origin Enlighten Mountain Range.

Once a Dao Ancestor was enraged, floating corpses will span hundreds of millions of miles!

Their power was simply unimaginable.

This level of powerhouse attacking, could rent the sky asunder and split the earth open, even causing the entire world to fall into collapse.

Otherwise, it would also not have been called Doomsday Battle.

Now, this level of powerhouse actually wanted to deal with a martial artist who just entered Deva Realm, how could it not make people's expressions change?

Even if situated outside of the mountain pass gates, Pang Zhen and the rest also felt as if the apocalypse had arrived.

This kind of terrifying power was what they had never witnessed before.

Dao Ancestor powerhouses had already not displayed their power in front of the world for far too long.

But today, Lin Chaotian made a move against Ye Yuan!

Wan Zhen's expression changed wildly and he said, "Not good! Is ... Is this the power of rules? Really too terrifying! Dao Ancestor Life actually really dares to risk universal condemnation, and make a move against Lord Saint Azure!"

Pang Zhen gritted his teeth and said, "How can this be?! With His Excellency's loftiness, how can he possibly betray the human race? Could it be that these Dao Ancestors don't distinguish black from white?"

The warriors of the unpredictable legion were all filled with righteous indignation.

In their hearts, Ye Yuan was a god-like existence!

The astonishing battle of Eight Void Mountain already completely subdued them.

That kind of loftiness, that kind of devising strategies in a command tent, that kind of life and death struggle, was etched deeply in each person's heart.

But now, the Dao Ancestors were actually going to make a move against their spiritual leader, they were unable to tolerate it.

It was just that they also knew that this sort of thing was not what they could intervene in at all. They could only wait here anxiously.

Terrifying wood-attribute power of rule enveloped the entire Origin Enlighten Hall.

The space here was directly locked down by the power of rule!

Reaching the realm of rule, one already touched the origin of Heavenly Dao, arriving at the same destination via different means.

Lin Chaotian's power of rule could completely affect spatial law, not letting Ye Yuan escape.

How could the power of rule of the number one Dao Ancestor be of the common sort!

Lin Chaotian's strength had long already reached an inconceivable realm.

Even for those Deva Fifth Blight powerhouses, apart from those few pinnacle-most progenitors, the others could not even move a muscle!

This kind of terrifying power made their faces change abruptly.

Everyone knew that Dao Ancestors were strong, but today, it was their first time witnessing the true power of a Dao Ancestor.

Too horrifying!

With Lin Chaotian's strength, killing Deva Fifth Blights was simply effortless!

Lin Chaotian looked at Ye Yuan, an attitude of looking down from a height, as he said coolly, "Saint Azure, this ancestor honors that you toiled hard and rendered great merits. So I won't kill you today. I'll only imprison you in Origin Enlighten Bodhidharma! After quelling the divine race, this ancestor will naturally let you leave! I believe that you don't have any objections, right?"

These words carried strong sympathy.

As if him not killing Ye Yuan was a great bestowal on Ye Yuan.

He was strong, so his words were natural law!

Ye Yuan's matter had no final verdict at all.

Especially that Ye Yuan threw out a speech on breaking the shackles. It added an additional trace of conspiracy to Lin Chaotian's actions and behavior even more.

It was just that at this time, who would come forward and speak up for Ye Yuan.

Who dared to step forward and speak up for Ye Yuan?

Facing Lin Chaotian's powerful pressure, Ye Yuan was composed and collected. He just smiled coldly and said, "Lin Chaotian, you showed your true colors, right? If you're really doing it for the good of the human race, and if you really suspect that I'll betray the human race, shouldn't you directly kill me now? Imprisoning me in Origin Enlighten Bodhidharma, are you planning on subjecting me to torture, to ask about the secret on me? Come on, kill me if you have the ability!"

Everyone stared wide-eyed and tongue-tied, they had never heard of such a request before!

But they also perceived it, Ye Yuan was mocking Lin Chaotian!

Lin Chaotian did not want to kill Ye Yuan at all.

Lin Chaotian had experienced the vicissitudes of ten billion years. How could he be goaded by a sentence?

He just said coolly, "Saint Azure is worrying too much! You created the human race's flourishing age through the ages, merits outweighing demerits! If this ancestor kills you, wouldn't I become someone who's ungrateful and forgets kindness? You rest assured. This ancestor will keep my word. After quelling the divine race, I'll definitely let you go!"

“Enough! Lin Chaotian, put away your disgusting face! Saint Azure was brought here by this emperor. So if you want to make a move against him, step over this emperor’s dead body! *Heh heh*, if you take care of Saint Azure himself and Saint Profound’s descendants today, you’ll be able to laugh overlooking the world tomorrow!” Right at this time, Heavenly Emperor Profound Secrets completely exploded.

The more he thought, the more he felt that Lin Chaotian’s motives were not pure.

If Ye Yuan did not say, he would not have imagined it.

But Ye Yuan already put it so clearly. Heavenly Emperor Profound Secrets came from that era too. So how could he not understand Lin Chaotian’s scheme?

Therefore, Ye Yuan’s words were extremely believable!

Lin Chaotian gave Heavenly Emperor Profound Secrets a glance and said coolly, “Us nine great Dao Ancestors control the Heavenspan World together! Since you say so, then this matter will be decided together by the nine great Dao Ancestors! Everyone, how do you all think that this matter should be dealt with?”

Heavenly Emperor Profound Secrets’ expression changed wildly!

One Dao Ancestor Life, although the weight of his words was heavy, he dreaded the name of Azure and Profound Dual Saints.

But nine great Dao Ancestors joining hands, this weight was too terrifying!

These nine people joining hands could pierce a hole in the sky!

“Saint Azure’s talent is too strong, if he defects to the divine race, probably even us Dao Ancestors won’t be able to suppress too! This ancestor feels like for the safety of the human race, we should imprison him temporarily!” Dao Ancestor Destruction said indifferently.

“This ancestor concurs!”

“This ancestor concurs too!”

... ..

As they spoke, seven great Dao Ancestors spoke one after another, their statements were actually surprisingly unanimous!

Chapter 2442: Rule Cage, Space Freeze!

“What about you, Ancestor Lightning?” Lin Chaotian looked in Ancestor Lightning’s direction and said calmly.

The other seven great Dao Ancestors already made their stands known. Only Ancestor Lightning seemed to still be hesitating.

Heavenly Emperor Profound Secrets seemed to have seen the last trace of hope and said loudly, "Pang Tian! Pang Zhen is right outside. Don't you know how great his change is? Even he doesn't believe that Saint Azure will betray the human race. Do you believe it?"

Ancestor Lightning was still silent. His gaze pierced through the hall, looking toward Pang Zhen outside of Origin Enlighten Mountain Range.

Everyone's gazes were focused on Ancestor Lightning.

After a moment, he retracted his gaze and said calmly, "This ancestor concurs!"

Buzz!

Inside the hall immediately burst into an uproar!

Heavenly Emperor Profound Secrets was livid with rage, cursing Ancestor Lightning loudly for being devoid of gratitude.

It was just that he could not change the result.

His individual strength was too weak!

No one could have thought that the nine great Dao Ancestors who had always been discordant were actually unexpectedly unanimous with regards to Ye Yuan's matter!

But didn't this confirm Ye Yuan's argument even more?

With the nine great Dao Ancestors having a united front, this was a power that carried heaven and earth along!

With this kind of power and influence, who dared to stop them?

Even if they coveted the secret on Ye Yuan, so what?

They were the truth!

They were power!

They were sublime!

With Ancestor Lightning making his stance clear, Lin Chaotian smiled slightly and looked toward Ye Yuan as he said, "Something that us nine great Dao Ancestors decided on, is something decided by heaven! Even if the divine race's Tian Qing was here, he wouldn't be able to refute it too! Do you submit?"

At this time, those people supporting Ye Yuan were already in despair.

Nine great Dao Ancestors joining hands, who could still overturn the heavens?

Just as Dao Ancestor Life said, even if Tian Qing was here, he would not be able to escape alive too!

Facing the powerful pressure of nine great Dao Ancestors, Ye Yuan appeared composed and collected.

He looked at Lin Chaotian and said with a light smile, "You nine great Dao Ancestors were single handedly created by me. Now, if I allow you all to knead me as you please, wouldn't I become a joke?"

The moment these words came out, everyone was dumbfounded.

Lin Chaotian laughed loudly when he heard that and said, “*Hahaha* ... Ye Yuan, times have changed. Those below Dao Ancestor are ants! Just based on your current strength, you also have wishful thinking of escaping from under our hands?”

Ye Yuan said coolly, “If I want to go, I’ll go. What can you do to me? Since I dared to come, I naturally have confidence in leaving! So what if nine great Dao Ancestors?”

His words made the hall explode all at once.

“He ... He wouldn’t have gone crazy, right? Space is already completely locked down! Even if he’s proficient in spatial law, it’s also impossible to escape from under the eyelids of Dao Ancestors!”

“Is there anyone in this world who can escape from under the cooperation of nine great Dao Ancestors? This is impossible!”

“Maybe he can in the future, but right now ... it’s absolutely impossible!”

... ..

No one believed Ye Yuan’s words, because that was something completely impossible.

What were Dao Ancestors?

To really talk about it, Dao Ancestors were the darlings of heaven!

They were the absolute powerhouses!

Heavenly Emperor Profound Secrets could be said to be the number one emperor in ancient and modern times already. But in front of Dao Ancestors, he was still nothing.

Let alone that it was nine great Dao Ancestors joining hands!

Sure enough, Lin Chaotian smiled disdainfully and said, “Is that so? Then this ancestor wants to witness Lord Saint Azure’s methods!”

Finished saying, Lin Chaotian gently pressed a palm down.

A cyan-colored palm carried horrifying to the extreme wood-attribute power of rule and crushed towards Ye Yuan.

Space was already locked down, but the power of this palm was sufficient to crush Deva Fifth Blights to dust!

A casual palm, but it made everyone present change expressions abruptly.

Ye Yuan just stood with his hands behind his back, as if he did not see this palm.

Boom!

The ground surface of the hall directly had a deep pit smashed out. That place already did not have Ye Yuan’s figure.

Origin Enlighten Hall had extremely powerful array formations guarding. But this palm actually directly shattered the array formation.

However, Lin Chaotian's expression changed wildly.

It was his first time having a visible change in countenance.

Lin Chaotian's figure suddenly disappeared from where he was.

When he appeared again, he was already outside the hall.

Above the void, Ye Yuan was still standing with his hands behind his back, as if nothing had happened.

Swoosh! Swoosh! Swoosh!

Eight great Dao Ancestors as well as those powerhouses all followed out.

Everyone's gazes when looking at Ye Yuan were full of amazement. It was as if looking at a monster.

"Is this the power of a Dao Ancestor? Merely thus!" Ye Yuan looked at Lin Chaotian, full of disdain.

There was already nothing in this world that could make Lin Chaotian, this level of powerhouse, visibly moved.

But today, he was truly shocked!

Ye Yuan actually escaped from under his eyelids!

"This ... How is this possible? Space was clearly already locked down, even if it's a Deva Fifth Blight, it would be impossible to escape too. How did he do it?"

"Too inconceivable! Could it be that Ye Yuan's spatial law already surpassed the power of rules?"

"No wonder Saint Azure is so calm! This is simply too inconceivable!"

... ..

Shocked words lingered on incessantly, everyone was dumbstruck with amazement.

The space inside the hall just now was clearly already locked by Lin Chaotian, Ye Yuan was absolutely unable to escape.

But Ye Yuan vanished from under their eyelids just like that!

Lin Chaotian's expression was very ugly. His majesty as Dao Ancestor was seriously provoked by Ye Yuan today.

"Your spatial law should be rank three source currently, right? Under my power of rule, even rank five source can't possibly escape. So how did you do it?" Lin Chaotian looked at Ye Yuan with piercing eyes as he questioned.

He was extremely shocked in his heart. At the same time, he was also extremely excited.

Ye Yuan's means were definitely related to the secret on him!

The more mysterious his means were, the stronger it meant this secret was!

If this secret was obtained by him, then what kind of terrifying realm would his strength reach?

Even thinking about it made people's hot blood seethe with excitement!

Ye Yuan seemed to have seen through what Lin Chaotian was thinking and said with a sneer, "What you're thinking is right. It's indeed related to a secret of mine! If you want to know, wouldn't you know after capturing me?"

Lin Chaotian's face turned black and he said in a deep voice, "A bunch of nonsense! No matter how clever your tongue is, you can't escape today either!"

Finished saying, he raised his fingertips. A surge of even more terrifying power of rule instantly spread across the world.

At this time, it was as if the entire Heavenspan World's wood power of rule was used by Lin Chaotian.

In virtually an instant, the entire Origin Enlighten Mountain Range's space was enveloped by the power of rule.

"Rule cage! Space freeze!"

"Hiss ..."

The faces of those powerhouses changed suddenly. They knew that Dao Ancestor Life became serious.

Rule cage was a unique method of rule powerhouses.

Those who reach the realm of Deva Fifth Blight, because of their closeness to Heavenly Dao, their application of spatial law would reach an extremely terrifying level.

Therefore, in a battle between Deva Fifth Blights, wanting to kill the other party was too difficult.

But Dao Ancestors could use the power of rule to seal off the entire region of space, leaving one with nowhere to run!

Under the power of rule, everything was futile!

This move was far stronger than that sort of casually sealing off space earlier.

They felt as if the entire Origin Enlighten Mountain Range's space was frozen. They found it hard to take even a single step.

[Unrivaled Medicine God](#)

Chapter 2443: Not One Of!

"Ye Yuan, this is already not that era where you're called Saint Azure! This is the era of Dao Ancestors! In front of Dao Ancestors, everything is in vain!"

Lin Chaotian had an imposing momentum, descending upon the world as if nobody in the world could beat him!

At this moment, almost one-tenth of the Middle Realms could feel the pressure of a Dao Ancestor.

The Heavenspan World was incomparably vast, one-tenth of the Middle Realms, the vastness of its area was virtually unimaginable.

It could be seen how terrifying Lin Chaotian's current aura was.

The power of rules was akin to heaven's might!

That kind of terrifying power, mortals simply could not imagine it!

When a Dao Ancestor got serious, heaven and earth changed colors!

In front of such heavenly might, the only one who could maintain composure was probably only Ye Yuan.

He looked at Lin Chaotian and said coolly, "Is that so? Since the era of Dao Ancestors was single handedly created by me, then let me single handedly end it! Lin Chaotian, I'm still not your match today, but before long, I'll be back."

Finished talking, Ye Yuan turned around and took a step out. With a disappearance and reappearance, he actually already arrived 100 thousand miles away!

Lin Chaotian's rule cage actually did not have the slightest effect on Ye Yuan!

The entire Origin Enlighten Mountain Range's cage existed only in name!

Dao Ancestors were ignored!

The expressions of the nine great Dao Ancestors changed wildly, their faces shocked to the extreme.

"This is impossible! How ... How did he do it?" Ancestor Fire's face was close to distorted.

No one had ever dared to provoke the majesty of Dao Ancestors before.

But today, it was provoked by a fellow who just entered Deva Realm!

"Still in a daze for what? Attack together, must keep him back! This ancestor doesn't believe that the nine of us joining hands can't even hold a guy who just entered Deva Realm!" Lin Chaotian's face was dark, his figure already disappearing from where he was, chasing after.

The nine great Dao Ancestors pulled themselves together and chased after right away.

Bang, bang, bang ...

The entire Origin Enlighten Mountain Range fell into chaos in an instant.

Outside the mountain pass gates, the faces of those powerhouses changed wildly one after another, each and everyone fleeing in disorder.

"Quickly go! The might of Dao Ancestors is too terrifying!"

Ye Yuan intentionally went in the opposite direction. But even so, with nine great Dao Ancestors attacking in unison, this commotion was still too terrifying.

Everyone felt that heaven and earth were shaking.

It was true shaking, like an earthquake.

Nine great power of rules erupted at the same time, triggering the power of heaven and earth. That kind of power could truly topple mountains and overturn the seas, it was unimaginable.

Under this kind of chaos, the entire space was completely disrupted.

Wanting to travel through space was totally impossible.

Nine auras that blotted out the skies and covered the earth caught up to Ye Yuan in virtually an instant, locking onto him firmly.

“Rule cage, lock!”

Nine great Dao Ancestors took action together.

Space seemed to really be frozen.

The few scattered flying birds were directly immobilized in the air, unable to even flap their wings.

However, Ye Yuan took another step out, walking out of the iron plate-like cage once again.

Ye Yuan turned back calmly and said, “Stop making futile efforts! You all can’t lock onto me! Forget that you all don’t know spatial law. Even if you cultivate spatial law to the realm of rule, you can’t keep me too!”

These words were indescribably domineering!

In this world, there was only Ye Yuan alone who could say this sentence calmly in front of nine great Dao Ancestors!

How could they know that the spatial law Ye Yuan used was already not the Heavenspan World’s spatial law, but the chaos world’s spatial law!

In the past, spacetime was in reverse chaos, Ye Yuan traveled through spacetime and returned to the previous epoch, and had an extremely deep understanding of spacetime law.

At that time, what he comprehended was his own spacetime law, and not the Heavenspan World’s spacetime law.

Hence, after he returned, he gave people an illusory feeling.

That sort of understanding did not disappear along with his return, but continued to accumulate, ferment, all the way until he broke through to Creation Realm!

After reaching the Creation Realm, Ye Yuan completely erupted!

The chaos world evolving heaven and earth, what it brought was not just the increase in strength, it also deepened his understanding of Heavenly Dao and the power of laws.

What Ye Yuan was walking, was a path that no one had ever walked before.

He did not need to imitate anyone’s tracks. What he had to walk was his own footmarks.

Even with Heavenspan World this blueprint, he also did not follow the Heavenspan World's appearance to create another Heavenspan World.

He comprehended his own time law, his own spatial law.

And now, he could freely superimpose one or two spatial nodes of the chaos world with the Heavenspan World.

He could traverse through space at will within the range of his chaos world.

The nine great Dao Ancestors wanted to use the Heavenspan World's rules to imprison Ye Yuan; wasn't this a joke?

Just as Ye Yuan said, even if they comprehended spatial rule, it was also impossible to do anything to him!

And this was also precisely where Ye Yuan's confidence for daring to come lied!

Ye Yuan had pride, but he was not stupid.

Something like walking right into a trap, he would not do it.

The entire Origin Enlighten Mountain Range was shocked.

At this very moment, Origin Enlighten Mountain Range attracted too much attention.

Everyone all thought that Ye Yuan was dead for sure this time.

But who knew that even with nine great Dao Ancestors joining hands, they were still actually unable to deal with Ye Yuan!

"I'm blind! I've definitely gone blind! Even the power of rules is actually unable to lock onto Ye Yuan!"

"I somewhat believe Ye Yuan's words now. The secret on him is too terrifying! No wonder even Dao Ancestors will be moved!"

"No wonder he dared to come! Even the power of rules can't lock onto him, it's tantamount to being in an undefeatable position!"

... ..

At this moment, virtually the entire Heavenspan World's upper echelons were shaken.

That moment when the nine great Dao Ancestors joined forces, everyone thought that Ye Yuan was finished.

But no one thought that the final result actually had a dramatic change occur.

Dao Ancestor Life taking action was unable to keep Ye Yuan!

Following that, nine great Dao Ancestors joined hands and were still unable to keep Ye Yuan!

If talking about the most shocking thing in this world, it was absolutely not a Dao Ancestor being defeated, and also not Tian Qing coming into being.

This play today was absolutely the most, most shocking thing in the history of the Heavenspan World!
Not one of!

This matter shall be written into the annals of history!

A martial artist who just entered Deva Realm actually escaped alive under the teaming up of nine great Dao Ancestors!

Lin Chaotian's expression was ugly to the extreme.

His gaze turned dark and he said, "Since I can't lock you down, then this ancestor will shatter this entire region of space! This ancestor wants to see what you'll use to resist!"

His voice had yet to fade when a terrifying wood power of rule bloomed once again.

Only to see his right foot stomp lightly, the earth shook and mountains swayed!

Rumble!

Fine spatial cracks spread out in all directions with him as the center.

The space within a radius of a million miles started collapsing!

Endless spatial storms were swept in from the spatial turbulent flows.

This was the strength of a Dao Ancestor!

It was just that he still underestimated Ye Yuan.

Without space being locked down, Ye Yuan could travel millions of miles in an instant. How could a Dao Ancestor hold him?

Hence, he had nothing to fear!

Ye Yuan looked at Lin Chaotian and said coolly, "Today's matter, this Ye has remembered it! The day when this Ye returns, I'll definitely settle this score properly with you all! Also, my secret, you can't cultivate it!"

Done talking, Ye Yuan's figure gradually faded, finally vanishing!

Chapter 2444: Make Way!

"Do you all know? The nine great Dao Ancestors' faces at that time were livid! Someone that even nine great Dao Ancestors can't keep behind is absolutely the most amazing existence since time immemorial!"

In the crowd, Bao Inquire talked about the scene at that time with a look of exultation, a look of enrapture on his face.

While the Heavenly Emperors next to him opened their mouths wide with shocked faces.

Although they did not believe it, this did not prevent them from being shocked.

The news of nine great Dao Ancestors joining hands to deal with Ye Yuan, but Ye Yuan leaving unrestrainedly, already spread throughout the entire Heavenspan World like the wind.

It was just that, those who knew the details, was none other than Bao Inquire.

Bao Inquire's strength was not strong, but his ability to inquire about news was top-notch.

Presently, these people around him seemed to be listening to a book from heaven, listening to the story of Ye Yuan's unrestrained departure.

"Bao Inquire, you're also too bullshit, right? Nine great Dao Ancestors locked down space with the power of rules, how did Saint Azure escape?" Someone questioned.

Bao Inquire chuckled and said, "This is also the most, most mysterious thing! So far, probably even the nine great Dao Ancestors haven't figured out how Lord Saint Azure did it, right? But I heard that there's a massive secret on Lord Saint Azure!"

He clearly knew that these people would question. After all, this matter was too fantastical.

Although the news already came out, the vast majority of the people felt that this incident was fake!

In their hearts, Ye Yuan should have passed the nine great Dao Ancestors' test and was released.

Such an explanation was more reasonable.

"What secret?" Sure enough, everyone was drawn by his words.

Bao Inquire's eyes also revealed a hint of solemnness as he said, "I heard that he has the secret to break through the shackles of Dao Ancestor on him!"

"What?! Bao Inquire, this joke of yours is also too much, right?"

"Yeah, breaking through Dao Ancestor's shackle?! I heard that even the divine race's major powers can't break the shackles of Dao Ancestor."

"Bao Inquire, your boasting is becoming more and more outlandish! *Hahaha ...*"

... ..

Actually, the events of that day, the news that really transmitted out were extremely, extremely little.

No idea what channel this Bao Inquire used either, to have actually inquired quite a bit of inside news.

It was just that this piece of news was too earth-shattering and already exceeded people's understanding.

Therefore, even if said, it was also treated as a joke by people.

Bao Inquire just chuckled and said, "What the hell do you guys know! Originally, I also thought that the nine great Dao Ancestors summoned Saint Azure for the human race's safety. But, only all the way until Lord Saint Azure exposed this matter was the objective of the nine great Dao Ancestors completely bared there and then!"

He paused for a bit and continued, "Although there's no solid proof for this, you all use your brains and think. The nine great Dao Ancestors raised a big rumpus to deal with a martial artist who just entered Deva; don't you all find it odd? Furthermore, Lord Saint Azure's awe-inspiring righteous aura rippled out in all directions on Origin Enlighten Mountain. Tens of millions of martial artists spontaneously rectified his name, how can he possibly betray the human race? This logic, even we can understand it. So would Dao Ancestors not understand? If not, what can move nine great Dao Ancestors at the same time?"

Bao Inquire's analysis was too articulate, making the group of Heavenly Emperors draw a cold breath.

If this matter was true, then it was simply incredible!

"But what's above Dao Ancestor? Is there really someone who can surpass Dao Ancestor in this world?"

Bao Inquire's gaze was deep as he said, "Then there's only waiting for that day when Lord Saint Azure returns! Currently, the nine great Dao Ancestors have already declared that Saint Azure betrayed the human race. Everyone has the right to punish. It's just that there are barely any who believe it! But it's probably irreconcilable till death between Saint Azure and the nine great Dao Ancestors!"

The group of Heavenly Emperors were extremely shocked. There was actually someone who was irreconcilable till death with the nine great Dao Ancestors!

This matter was definitely an eternally strange tale!

... ..

When the entire Heavenspan World was in a stir about this, Ye Yuan already embarked on the road to the west.

The nine great Dao Ancestors jointly announced to strip Saint Azure of his title and viewed him as the traitor of the human race.

Except, there were few believers.

The battle of Origin Enlighten Mountain Range was too sensational.

Coupled with Ye Yuan's prestige in the human race, there were barely any who believed Lin Chaotian their rubbish.

Walking along the way, Ye Yuan did not cover up his tracks.

Many powerhouses saw Ye Yuan and directly let him pass, without any intention of stopping at all.

Especially the land of the Western Realms, it was the land where Ye Yuan fought dauntlessly in bloody battles. His prestige was even more unbelievably high.

There were even many powerhouses who knew that he was passing through and even took the initiative to come up to say hello.

One needed to admit, it was kind of ironic.

At this time, Ye Yuan was currently standing in front of the entrance of the Abyss Suppressing Eight Realms, sighing ruefully.

There was already a large number of abyss monster corpses that fell in front of him.

Back then, he entered the Abyss Suppressing Eight Realms from here and had a great battle with the Dragon Clan.

At present, this place already became a wasteland. There was devilish energy everywhere and no longer the natural grace in the past.

The eight great supreme demon clans had lasted here for as long as ten billion years for the sake of guarding the abyss.

Heavenly Emperor Profound Secrets also planned for a long time for the resurgence of the human race.

But, the nine great Dao Ancestors stood at the pinnacle of the Heavenspan World, what had they done?

Thinking up to here, Ye Yuan's body had uncontrollable killing intent spilling out.

Reaching the human race's life and death juncture, these few fellows were actually still coveting the secret on him.

It was not that his Chaos Heavenspan Canon could not be spread. It was just that his cultivation system was too unique. The nine great Dao Ancestors' foundation had already been established and it was simply impossible to cultivate.

Otherwise, Ye Yuan would have long passed it on.

Although this cultivation method was precious, in front of the human race's cardinal principles of righteousness, Saint Profound could even give up his life. So how could he not bear to give up a mere cultivation method?

"You ... Don't you get too smug! The divine race's lords are currently on the way and are about to arrive soon!" A Deva Realm abyss monster said fearfully.

As Ye Yuan advanced, he said coolly, "I'm just going to the Abyss World to take a look. Those who block me, die!"

The group of abyss monsters exchanged glances, their faces dumbfounded.

Both sides had already been fighting for many years. They had never seen before such an arrogant person, to actually dare to enter the Abyss World alone!

This guy was too arrogant!

Before long, a large group of divine race powerhouses arrived.

The one in the lead was a middle-stage Nine-marks powerhouse.

When he saw Ye Yuan, his expression could not help changing wildly as he cried out in shock, "You ... You're Ye Yuan!"

Hearing this name, the expressions of the divine race members and abyss monsters who were traveling with him all changed wildly.

This name was simply a nightmare-like existence in the divine race presently!

Eight Void Mountain's battle, more than half of the divine race and abyss devil race were killed and injured, suffering a great loss in vitality.

Ten billion years of accumulation was virtually destroyed overnight!

This kind of disastrous lesson already turned into a nightmare, imprinting deeply into each divine race member's heart, unable to be erased.

This person was simply the devil!

Ye Yuan looked at the other party and said coolly, "I'm going to the abyss! Make way!"

That middle-stage Nine-marks powerhouse opened his mouth wide, having a look of disbelief on his face.

This devil-like figure was actually going to head for the abyss alone?

He could not resist swallowing his saliva. Waving his hand, he said, "M-Make way! Let him pass!"

[Unrivaled Medicine God](#)

Chapter 2445: Don't Provoke Me

This place was a dark world.

There was a different moon hanging in the sky, white and holy.

Under this moon, a figure was walking forward slowly, as if browsing this dark landscape.

Around him, there were vague figures. It was just that no one dared to approach.

Ever since Ye Yuan stepped into the abyss, the divine race's danger warning already rose to the highest level!

The events here were currently being reported up layer by layer, reporting to the main center of the divine race.

Before long, the few great progenitors would know this news.

Before this, the divine race carried out the highest level of surveillance on Ye Yuan.

Regarding these people, Ye Yuan was naturally well aware of them. However, he directly chose to ignore it.

If not for the nine great Dao Ancestors causing unexpected trouble, he would have long entered the Abyss World to investigate things thoroughly.

Ever since seeing Li-er, Ye Yuan was filled with curiosity toward the divine race.

In order to untie the bell, the person who tied it was required. Wanting to bring back the original Li-er, he naturally had to understand this race first.

Before this, apart from killing, there was only killing between him and the divine race. There was no time to understand at all.

Of course, he also did not have that strength.

Now, he stepped into Creation Realm, his spatial law already reached the acme of perfection. With the strength to protect himself, he could naturally come and investigate thoroughly.

“This guy is also too arrogant, right? Is he treating the Abyss World as his own backyard?”

“F*cking hell! I heard that even Lord Daymeld nearly died at his hands! If not for that I can’t beat him, I’ll definitely go forth and tear him up right now!”

“Too arrogant! Why haven’t those lords come yet? I’m already ... almost about to freaking explode!”

... ..

The divine race was proud.

However, each step that Ye Yuan took currently, was trampling on their pride.

None of them dared to attack!

This person was their nightmare!

This person killed half of their people!

This person sent the ten billion year dream that the divine race had been suppressing, back to its original point!

If it was in the Heavenspan World, then forget it.

Now, he actually ran to the Abyss World to posture!

Each one of the divine race members around was livid.

Ye Yuan was just feeling everything here on his own, the Abyss World was very different from other small worlds.

The abyss devil race was originally also one of the Heavenspan World’s members.

They were the divine race’s most loyal lackeys.

Later on, the divine race retreated in defeat and arrived at the abyss devil race’s base camp, the Abyss World.

This place was filled with powerful devilish energy, it was the forbidden land of all races.

When humans came here, it was no different from courting death.

He was currently walking when a powerful aura came from head-on in front.

A figure stepped out of the void, his hands behind his back as he looked at Ye Yuan coldly.

The arrival said coldly, "Brat, I didn't expect that ... you actually grew to such a level! A pity I wasn't able to kill you back then! However, you delivered yourself to the doorstep today, this progenitor won't be courteous!"

Ye Yuan lifted his head, it was actually an acquaintance!

Oringuard!

Back then, in Cloudheart Realm, Ye Yuan almost died at his hands.

Seeing Oringuard appear, the divine race members were extremely aroused!

Oringuard was a late-stage Nine-marks mighty expert. Although he could not be compared to Daymeld, dealing with Ye Yuan was sufficient!

Each and every one of them was gloating over his misfortune, waiting to see Ye Yuan being killed.

But Ye Yuan just said coolly, "So, it's you. Don't waste your energy, you go back and tell Tian Qing, I'll stroll around in the Abyss World for a few days. Then I'll go and find him."

Oringuard's pupils constricted and he said in a cold voice, "Brat, you are stupid? Just the likes of you, you also want to meet Lord Tian Qing?"

Waves of jeering laughs came from all around.

Ye Yuan's words were too laughable.

It was true that he was strong.

But he relied on Eight Void Mountain's rule grand array to go on a massacre.

In the Abyss World, there was no rule grand array to protect him.

Did this guy really take the Abyss World to be his own home?

Still say stroll for a few days ...

Ye Yuan did not speak, he just hooked his finger at Oringuard, signaling him to come over. The provocation intent was extremely thick.

"Courting death!"

Oringuard gave a cold snort. His Heavenly Dao True Martial suddenly released, and he rushed over toward Ye Yuan.

The horrifying power was the same as back then!

Boom!

The place where Ye Yuan was standing directly turned into nothingness.

It was just that Oringuard's expression changed wildly.

This move, he actually missed!

A hundred miles away, Ye Yuan said coolly, "You can't kill me, but I can kill all of them! Don't try to provoke me. The consequences are beyond your tolerance. I'm just here to find Tian Qing to have a chat. Don't. Provoke. Me!"

Ye Yuan emphasized the last few words heavily.

Killing intent was extremely thick!

Originguard was extremely shocked in his heart. He had clearly sealed off this region of space just now, how did Ye Yuan evade it easily?

Just how many years had they not met? This guy was already strong until such an inconceivable degree?

"What on earth is going on? Lord Originguard actually can't do anything to him?"

"This guy is too arrogant! He's using all of our lives to threaten Lord Originguard!"

"Ahhh, ahhh, ahhhhh! He's going to find Lord Tian Qing to have a chat! Chat your mom! Can this guy be any more arrogant?"

... ..

A feeling of humiliation spread out in everyone's hearts.

Originguard was really held down by Ye Yuan. So he did not dare to make a move anymore.

'Don't provoke me,' these three words, the warning intent was already very thick.

Clearly, Ye Yuan's mood right now was not good.

Although he did not understand how Ye Yuan evaded his attack, he did not doubt in the slightest that Ye Yuan would really go on a killing spree!

The reason why he did not currently was just because he did not want to fall out too hard with the divine race.

Finding Lord Tian Qing to chat ... this guy was not joking!

This guy ...

Just as Originguard was stunned, Ye Yuan did not even look at him and left straight away.

Originguard's face immediately became black as the bottom of a pot.

He, an exalted divine race progenitor, was actually ignored by a junior!

But what could he do?

Everyone was stunned. No one could have thought that Lord Originguard came personally and was actually threatened by this human.

Lord Originguard did not even dare to let out a fart!

... ..

The news of Ye Yuan barging into the Abyss World shook the entire divine race very quickly.

All of the divine race was filled with righteous indignation!

How much divine race blood stained the hands of this devil?

Now, he actually ran to the Abyss World to act wildly!

But, the news of Oringuard returning without accomplishing anything, similarly spread like wildfire.

Everyone was shocked.

Oringuard was one of the Profound Lineage's progenitors, his strength being fearsome.

Even he, actually could not do anything to this devil, this was too terrifying!

What was even more damnable was that the divine race's upper echelons did not seem to have much reaction with regards to Ye Yuan's appearance.

It was like this matter did not happen.

This made all of the divine race feel even more humiliated!

At the Profound Lineage ancestral land, Oringuard had a look of indignation as he said to the elderly in front of him furiously, "Lord Originsmile, this matter can't be tolerated! Lord Originsmile please make a move personally, and kill this boy! Otherwise, where will our divine race's face go?"

This old man was the divine race Profound Lineage's forefather, Originsmile!

This was a terrifying existence on the same level as Tian Qing!

A faint smile hung on Originsmile's face, appearing very calm.

He motioned for Oringuard to sit down, and he said indifferently, "If he wants to meet Tian Qing, just let him go and meet. Withdraw all of the men. Leave him alone."

Oringuard's entire body shook, being stupefied on the spot.

Chapter 2446: Unveiling the Eternal Secret!

"Lord Originsmile! He already slapped faces until our doorstep. Yet, we're actually going to watch just like that?" Oringuard had a shocked face as he said unwillingly.

He was completely unable to understand Originsmile's way of doing things.

Something that Ancestor could clearly suppress with a slap if he took action, why did he say to just watch?

But Originsmile took his time and slowly took his seat and said, "If you know who he is, you wouldn't have this kind of thought!"

Oringuard was taken aback, having a baffled look on his face.

Who was Ye Yuan, could it be that he would not know?

Back then, he almost killed Ye Yuan!

“Who ... Who is he? Although this brat is formidable, he also merely just entered Deva Realm! If Your Excellency took action, how can he have a reason to not die?” Oringuard asked in puzzlement.

Originsmile smiled faintly and he suddenly changed the topic and said, “Do you know at whose hands our divine race was defeated back then?”

Oringuard was stunned again, not knowing what Originsmile meant, but he still said, “Back then, the human race’s 18 grand ancestors suppressed our race’s powerhouses with death. Especially Grand Ancestor Spacetime, he exiled Lord Tian Qing to the spacetime turbulence, that’s how our race was defeated! To be honest, we didn’t lose!”

Originsmile shook his head and said smilingly, “You’re wrong! In the last Doomsday Battle, we were defeated by the hands of the human race’s two great saints! It’s just that these two people were too low-profile. So we didn’t know at all! This matter only spread among the humans only recently too.”

Oringuard’s eyes revealed even more puzzlement.

What did these have to do with Ye Yuan?

Losing at whose hands, that was all ten billion years ago already, what did it have to do with today?

Originsmile motioned for him to stay calm and sit down to listen slowly, then he slowly said, “In the last epoch, the human race was weak. So how did they suddenly rise up and had 18 grand ancestors appear? Don’t you find it strange?”

Oringuard frowned, being uncertain what it meant.

This was an eternal mystery. They completely did not know why the human race suddenly had experts as plentiful as clouds, suppressing the divine race.

The human race back then was clearly unbelievably weak.

Grand Ancestor Spacetime these powerhouses seemed to have jumped out of crevices in a rock.

“This ... They naturally acted in secret, hiding in a small world like us, and nurtured these powerhouses!” Oringuard said.

Originsmile nodded and said, “Indeed so! It’s just that our divine race has Celestial Master Miluo surveying the world. With so many powerhouses rising up, it’s impossible that he doesn’t detect it at all. But he didn’t detect it. So don’t you find it strange?”

Oringuard’s pupils constricted and he said, “I-Indeed strange!”

Originsmile said, “In the history of the human race, two key figures had appeared before! These two people were respected by the myriad races, and they were conferred the title of Azure and Profound Dual Saints, illuminating through the ages! It was precisely these two key figures who changed the power structure of the Heavenspan World ...”

Originsmile talked tirelessly, and Oringuard listened in incredible shock.

He never thought that there was actually still this unknown past in history!

After the shock, Oringuard suddenly felt that something was not quite right.

Didn't he come to find Lord Originsmile to talk about Ye Yuan. So why did he digress to Azure and Profound Dual Saints?

"Ye Yuan, but ... but what have these got to do with Ye Yuan?" Oringuard faintly felt that something was not quite right. But he could not figure out the crux, and could only ask.

Originsmile's fingers tapped on the table lightly, as if wanting him to relax, and he slowly opened his mouth and said, "Ye Yuan ... is the Saint Azure of the Azure and Profound Dual Saints!"

Oringuard's pupils constricted, his entire body seemingly like he was electrocuted. He stood up quickly and cried out in surprise, "What?! Y-Your Excellency, this joke can't just be said out! If he's Saint Azure, he should be an old monster who has lived for ten billion years! So how can he possibly only have this bit of strength?"

Originsmile let out a sigh and said with a bitter smile, "When this ancestor heard this news, my reaction wasn't much better than yours. This matter sounds fantastical, however ... it's absolutely true! This period of ten billion years of spacetime is actually completely in disorder! All of us have been living in a disoriented spacetime! Also, I don't know what method Ye Yuan used to actually travel through spacetime and return to ten billion years ago, leaving behind 18 inheritance grand arrays for the human race! That's how it created 18 grand ancestors!"

Originsmile paused for a bit and said, "Our divine race was actually defeated by him!"

Oringuard already did not know how to describe his feelings. The thing that Originsmile talked about was simply like a fantasy tale.

It was too nonsensical!

But he knew that Originsmile would not joke with him.

This matter must be absolutely true!

These bits and pieces that were hidden in the dust of history actually affected the direction of the next ten billion years.

This kind of means simply surpassed the ancients and amazed the contemporaries!

Oringuard felt that his brain could not quite wrap itself around it.

No idea how long had passed either, before Oringuard recovered to his senses from the shock.

His gaze turned intent and he said, "Since that's the case, we should eliminate Ye Yuan even more! Once he grows up, he'll simply be our divine race's nightmare!"

Originsmile smiled bitterly again when he heard that and said, "It's too late! He has already grown up!"

Originguard was perplexed and said, "Your Excellency, you're one of the eight great progenitors, with your level of prowess being unmatched. Could it be that you can't take care of a brat who just entered the Deva Realm?"

Originsmile shook his head and said, "It's not hard for me to kill him! What's hard is that I'm unable to lock onto him at all! You should have already felt this."

Originguard's entire body shook and he said in disbelief, "This is impossible! With Your Excellency's strength, his spatial law is completely useless!"

Originsmile let out a sigh and said, "News just came over from the Heavenspan World. Ye Yuan escaped alive from under the cooperation of nine great Dao Ancestors! The nine great Dao Ancestors utilized nine great power of rules to lock space, but he still escaped! No matter how strong this progenitor is, I'm also not stronger than the joined forces of nine great Dao Ancestors augmented by rules!"

Originguard felt his head explode all at once.

Nine great Dao Ancestors joined forces and actually let Ye Yuan escape?

This ... How was this possible?

Even if Ye Yuan comprehended spatial rule, it was also impossible to accomplish it, right?

The might of nine great Dao Ancestors, it was what even the divine race's progenitor was extremely apprehensive of.

What right did Ye Yuan have?

He thought that Ye Yuan just relied on spatial law to escape his certain-kill blow.

Looking at it now, he simply became a joke!

Originsmile glanced at him and said coolly, "Now, you understand why he dared to come to the Abyss World by himself, right? Do as I say. Don't go and provoke him. If we really enrage him, he can't do anything to us, but those under middle-stage Nine-marks, there are probably few who can stay alive. Let him do whatever he wants to do. As long as it's not too overboard, leave him alone."

... ..

The divine race's upper echelons maintained a tacit understanding unexpectedly.

The people who had been keeping watch on Ye Yuan all along were also all withdrawn until not one of them remained, making it much more peaceful and quiet for him.

Ye Yuan knew very well that the divine race's upper echelons must have obtained news from the Heavenspan World.

Although the divine race was defeated, it was impossible for them to not leave behind informants in the Heavenspan World.

The matter of nine great Dao Ancestors joining hands to deal with him shook the entire Heavenspan World, it was impossible for the divine race to not know.

These few days, Ye Yuan had been moving around on the Profound Lineage's territory.

On this day, he arrived at the central region of the Profound Lineage, Heavenly War Hunting Ground!

This place was the land where divine sons and divine daughters were selected!

Unrivaled Medicine God

Chapter 2447: Three Great Heavenly Dao True Martialists!

In the dense forest, there was a stretch of open ground. Five or six men and women were currently carrying out a life and death fight.

Terrifying Dark marks bloomed in the dense forest, fighting incomparably fiercely.

A quasi-divine son said in a solemn voice, "Yuan Ming, you have nowhere to run already! Hand over the Dao mark crystal! Otherwise, die!"

By the side, a quasi-divine daughter said coolly, "Yuan Ming, hand the Dao mark crystal to me, I'll guarantee you from death!"

When the others heard that, their faces changed.

That person who was being ganged up on laughed wildly and said, "The Dao mark crystal is on me. You all come and take it if you have the ability!"

"Humph! Courting death!"

The few people were furious and attacked Yuan Ming at the same time.

But right then, a layer of ripples surfaced in space. A powerful domain power suddenly erupted.

The few people had no command over themselves and were directly pushed flying out, fresh blood spurting wildly.

Yuan Ming was overjoyed. He already harbored the thought of certain death, did not expect that he was saved by someone in the end.

"Many thanks for rescuing, Your Excellency!"

A figure slowly walked out, his aura illusory, making people unable to see clearly.

However, the expressions of Yuan Ming and the other quasi-divine children changed wildly.

"Human!"

"Who are you, to actually dare barged into Heavenly War Hunting Ground? Are you tired of living?"

... ..

Yuan Ming and the others were incomparably shocked in their hearts!

This place was the divine race's central region. So how could a mere human possibly arrive here without any sound?

What were the lords doing?

Ye Yuan's gaze swept across everyone's faces and he said coolly, "Ask you all about someone. Tell me everything about her and I'll spare you all from death."

His words carried a tone that did not allow questioning.

However, these divine children did not care at all.

One of them sneered and said, "Brat, if you have the time to threaten us here, might as well hurry up and run! Heavenly War Hunting Ground has middle-stage Nine-marks powerhouses garrisoning, they must be currently on their way!"

Whoosh!

An invisible streak of sword energy came out, that quasi-divine child was already dead than dead before he even had time to react.

"Divine Daughter Yue Mengli, I want to know everything about her here," Ye Yuan still said nonchalantly.

The few people were frightened by Ye Yuan, each and every one of their complexions turning pale.

That streak of sword energy just now was seriously too strong!

That sort of power surpassed their understanding of humans!

Ye Yuan's gaze looked towards that quasi-divine daughter.

The quasi-divine daughter's expression changed wildly and she stammered, "I ... I never heard of this name before! D-Don't kill me!"

"Puchi!"

The moment a cold light appeared, the divine daughter died!

Ye Yuan's gaze looked over toward the quasi-divine son next to her.

That quasi-divine son seemed to be stared at by the god of death, his hair standing on end.

But right at this time, one powerful aura after another arrived with a howling, stepping on the air as they arrived!

"Impudent! Who dares to cause havoc in the Heavenly War Hunting Ground?" The arrival's voice was akin to a great bell, his aura extremely imposing.

Ye Yuan looked towards the arrival, a hint of a smile flashing across the corners of his mouth.

Another old acquaintance!

"Ye Yuan! You ... Why are you here?!" When the arrival saw Ye Yuan, he could not help crying out in surprise; even his voice changed.

Ye Yuan smiled and said, "Xin, long time no see!"

The arrival was none other than precisely the divine son who was pummeled heavily by Ye Yuan back then. It was Xin!

Not seeing for many years, Xin's strength actually broke through to middle-stage Nine-marks too!

Xin gave a cold laugh and said, "I didn't expect that you actually have the ability to sneak into Heavenly War Hunting Ground! *Heh heh*, it's just a shame that you're too stupid, to actually expose your whereabouts here!"

These few years, Xin had been in charge of the Heavenly War Hunting Ground's divine children selection all along and did not take part in the war between the two races.

And the outside world's news also did not reach here.

Hence, he did not know what kind of sensation Ye Yuan entering the Abyss World caused.

When Ye Yuan heard that, he could not help laughing as he said, "I think that you're mistaken. I didn't sneak in, but walked in openly."

Xin laughed loudly and said, "*Hahaha* ... Are you kidding me? Forget about you, even your human race's Dao Ancestors also don't dare to enter the Abyss World swaggeringly! You're actually telling me that you walked in openly?"

Ye Yuan shrugged and said, "Looks like your intel is outdated enough."

But Xin did not care, smiling coldly as he said, "You're here to find Yue Mengli, right? She is no longer who she used to be! She's currently our divine race's divine daughter. She is Lord Tian Qing's successor! In the future, she even has the possibility of reaching Lord Tian Qing's height!"

Ye Yuan shook his head and said, "I've already met her. I didn't come to find her. I'm just here to inquire from people on how she lived in the divine race. Since you came, you can tell me about it."

Xin laughed loudly when he heard that and said, "Why should I tell you? Back then, being defeated at your hands, I cultivated desperately after returning. It's for the sake of finding you to get revenge! I didn't expect that you actually delivered yourself to the doorstep! After I cripple you, I'll bring you in front of Yue Mengli, and let her tell you herself! *Hahaha* ..."

The defeat back then was a tremendous blow to Xin.

After returning to the divine race, he cultivated desperately, and entered deep into dangerous places several times, narrowly escaping death.

His talent was extremely high to begin with. Coupled with painstaking cultivation, that was how he broke through his bottlenecks repeatedly, reaching middle-stage Nine-marks Heavenly Dao Realm.

Presently, he was already a top existence in the divine race!

Such painstaking cultivation was all for Ye Yuan's sake.

It was just that he did not know what kind of terrifying level the present Ye Yuan already reached.

Xin knew that the divine race was defeated, but he did not know that they were defeated at Ye Yuan's hands.

When everyone heard that, they all looked toward Ye Yuan with looks of surprise.

“So, it’s this human who defeated Lord Xin back then!”

“*Heh heh*, this guy is dead for sure! Lord Xin has really been cultivating desperately these few years. Not only did his cultivation soar, he even comprehended three kinds of Heavenly Dao True Martial!”

“Now, among our divine race’s same rank, there’s no one who’s Lord Xin’s match at all! This boy is dead for sure!”

... ..

The gazes that these people looked at Ye Yuan with were already like looking at a dead person.

They all knew how much Lord Xin had put in his effort for today!

Ye Yuan looked at Xin and shook his head and laughed in spite of himself as he said, “Your strength indeed improved considerably, but it’s just a pity that your intel is too outdated! Alright, since you’re not talking, then I’ll beat you until you talk!”

Xin gave a cold laugh and said, “You also broke through to the Deva Realm? It’s no use! The current me is no longer the me back then! Heavenly Dao True Martial, release!”

Void Blade!

It was only to see Xin reach his hand out and beckon. A golden-colored light blade condensed and formed in his hand!

Feather of Heavenly Dao!

A pair of white-feathered wings slowly spread open behind his back.

Nine Heavens Frost!

On the body of the Void Blade, there was actually an additional layer of light white frost.

The moment three great Heavenly Dao True Martial emerged, the terrifying aura immediately swept throughout the entire Heavenly War Hunting Ground.

All of the divine sons and divine daughters inside were stirred!

Everyone stopped cultivating one after another and looked toward these two people fighting fiercely in the air.

“Who is this, to actually make Lord Xin unleash three great Heavenly Dao True Martial?! This guy is dead for sure!” A divine son said.

With three great Heavenly Dao True Martial, his might was boundless.

Xin stood proudly in the air, akin to a celestial deity. Looking at Ye Yuan, he said coldly, “Ye Yuan, these three great Heavenly Dao True Martial are all prepared for you! The Void Blade can slash all things in the world! Feather of Heavenly Dao can increase my speed tenfold! Nine Heavens Frost can freeze space! You have no way of evading!”

Unrivaled Medicine God

Chapter 2448: Not a Shameful Thing

“Oh, is that so? Looks like it’s indeed pretty scary.”

Facing Xin’s three great Heavenly Dao True Martial, Ye Yuan appeared very calm.

It was only to see him extend a hand out casually, and he then called out, “Sword, come.” Then the Sword of Spacetime came into being!

The oppressive chill made Xin’s expression change.

He did not expect that Ye Yuan could actually condense a light sword out of thin air too.

“Then let me see how strong the three great Heavenly Dao True Martial targeting me are.” Ye Yuan said nonchalantly.

Xin’s wrath was instantly ignited.

Ye Yuan did not take him seriously at all!

“Courting death!”

Xin clenched his jaws tightly, the wings behind his back shaking slightly. His figure cut right through the void, arriving a thousand feet in front of Ye Yuan.

The speed was inconceivably swift!

Only to see his wrist turn, the Void Blade suddenly slashed, directly slicing open a hole in the void.

At the same time, layers of frost appeared around Ye Yuan.

The space around him was actually directly frozen!

Three great Heavenly Dao True Martial suddenly erupting, the power was truly formidable to the extreme.

The surrounding divine children were all extremely excited, they were already brought into submission by Xin’s strength.

“DIE!”

Xin let out a loud roar, the Void Blade slashing down without hesitation.

But right then, Ye Yuan moved.

There was no astonishing strike with a shocking commotion. Even spatial law was not used, he just met the Void Blade with a casual swing.

The frost in front of him was directly sliced into two.

The so-called imprisonment became a joke.

Xin’s pupils constricted, he did not expect that the light sword in Ye Yuan’s hand was actually so sharp!

In a blink of an eye, the blade and sword intersected!

Crack ... Crack, crack!

The Void Blade in Xin's hand actually produced fine cracks.

"Pffft!"

Xin seemed to have suffered a heavy blow, his entire person being blown away.

The Void Blade in his hand fragmented inch by inch!

With a frontal clash, three great Heavenly Dao True Martialists collapsed with a loud bang.

Ye Yuan won!

Xin spurted a mouthful of blood wildly, eyes looking at Ye Yuan in shock.

Everyone was transfixed, not daring to believe the scene before their eyes.

Three great Heavenly Dao True Martialists, cultivation realm winning Ye Yuan's, he was actually completely defeated with one exchange?

This was too ridiculous, right?

"N-No way, right? Lord Xin couldn't even receive a single move?"

"Lord Xin is already a top existence among Nine-marks powerhouses. He was actually leapfrogged by a human in cultivation realm and then defeated? W-Who is he?"

"When did such a prodigious powerhouse appear in the human race?"

... ..

The divine children felt that their worldview had completely crumbled.

The powerful divine race was actually defeated by a human!

"This is the result of your hard work over these years? Really weak!" Ye Yuan brandished his sword and cornered Ye Yuan, a look of disappointment on his face.

Xin was indeed very strong, it was just that he was not even as good as the Daymeld after getting injured, how could he be his match?

Let alone that the current Ye Yuan was also much stronger compared to when he just broke through.

Xin had a look that was battered out of his senses, he cultivated bitterly for so long, narrowly escaping death several times, what he waited for was today.

Ever since the last defeat, his strength advanced by leaps and bounds these few years, and he originally thought that he could avenge himself.

Who would have expected that he lost in a single exchange!

The three great Heavenly Dao True Martial were weak like a pile of sand sculptures in front of Ye Yuan, crumbling at a touch.

Before taking action, he felt that he was strong to the extreme.

But after attacking, just as Ye Yuan said, he was too weak!

“Impossible! H-How can I lose to you? This is impossible! How much hardship have I suffered these few years, it was for the sake of defeating you! I won’t lose! I won’t lose!” Xin roared angrily.

Ye Yuan smiled faintly and said, “You only cared about cultivating, you probably don’t know how many major events happened outside these few years. If you knew, you wouldn’t be so naive anymore. *Uh ...* But it all doesn’t matter. Tell me about Li-er’s affairs, or ... die.”

Ye Yuan’s words were said very lightly as if they were friends engaging in small talk.

But anyone could tell that he did not mind killing Xin off.

Xin and Nineorigin were both the chief culprits who took Li-er away back then. Ye Yuan did not have the slightest psychological burden in killing him.

“*Humph!* Kill if you want to! Even if I die, I won’t tell you a single word too!” Xin roared angrily.

“*Oh, go and die then.*”

Ye Yuan just gave a nonchalant “oh.” The Sword of Spacetime was moving forward, and it was about to kill.

The expressions of the divine children changed wildly, not expecting that Ye Yuan was actually so decisive.

But right at this time, Ye Yuan’s expression suddenly changed, disappearing from his original spot with a teleport.

Space trembled slightly. An old man stepped out of the void in front of Xin. Appearing together with him was also Originguard.

The moment this old man in front of him appeared, Ye Yuan felt an extremely strong pressure.

This old man looked just like an ordinary old man.

Too ordinary!

Then there was only one explanation. This old man was too strong!

The old man said with a laugh, “*Hoho*, well-deserving of being the Saint Azure of eternity. Such keen insight!”

Ye Yuan’s brows furrowed slightly, and he said, “You’re ... the Profound Lineage’s progenitor?”

The old man nodded slightly and admitted, “This old man is Originsmile. I’m precisely the Profound Lineage’s progenitor.”

Xin had a shocked face. He did not expect that it actually alarmed Lord Progenitor!

“Lord Originsmile, I ... I lost face for the Profound Lineage!” Xin knelt down and kowtowed as he said.

Originsmile said smilingly, “There’s no shame in losing to Saint Azure. Get up.”

Xin had a dumbfounded look, uncertain what it meant.

Originguard motioned for him not to talk and to just listen by the side.

Originsmile looked toward Ye Yuan and said, “With how honorable Saint Azure’s status is, don’t haggle over things with juniors. Li-er is different from them and isn’t cultivating in Heavenly War Hunting Ground. You can’t inquire about anything too. Why not go to this old man’s place? This old man will tell you everything. How about it?”

Ye Yuan’s brows furrowed tightly, very unhappy with Originsmile’s form of address[1].

However, he still nodded his head and said, “Okay!”

“Please!” Originsmile turned sideways slightly and made an inviting hand gesture.

Ye Yuan did not say a word, figure moving, merging into the void.

Everyone present was dumbfounded.

All the way until Originsmile’s figure disappeared, the entire Heavenly War Hunting Ground was deathly silent.

Lord Progenitor was actually so polite to a human?

There was no mistake, right?

Especially Xin, his pair of eyes were almost popping out.

He thought that Progenitor came to help him kill Ye Yuan. In the end, he was so courteous toward Ye Yuan.

“Lord Originguard, this ... what’s going on here?” Xin asked dumbfoundedly.

Originguard sighed and said, “Ye Yuan is no longer the original Ye Yuan! You’ve been in closed-seclusion cultivation all along these few years and don’t know what happened in the outside world. Our divine race’s defeat was thanks to him!”

Originguard did not hide anything either, briefly recounting Ye Yuan’s matter.

Finished saying, Originguard patted Xin’s shoulder and said with a sigh, “Losing to him isn’t something disgraceful. You have to know, even the human race’s nine great Dao Ancestors suffered a big loss to him! Otherwise, with his cultivation realm, how can he dare enter the Abyss World?”

Finished saying, Originguard turned around and left.

Xin’s entire person was frozen there, feeling like his entire person was unwell.

Anyone who heard about Ye Yuan’s affairs would probably not be fine.

Xin was merely having the same reaction of Originguard back then.

Chapter 2449: Realm of Ten-marks!

Amidst an ethereal mountainous landscape, there were pavilions and terraces, with the spiritual energy being extremely oppressive.

Ye Yuan followed Originsmile to this place and could not help being greatly surprised.

This place actually had spiritual energy!

Seemingly detecting Ye Yuan's surprise, Originsmile said smilingly, "Devilish energy and spiritual energy are both a type of heaven and earth energy. They can actually be converted into each other. This sort of thing isn't something that only you can do."

Ye Yuan nodded slightly, expressing understanding.

It was just that who could know the shock in Originsmile's heart?

This sounded simple, but apart from the few of them progenitors, no one in the divine race could do it.

But he already noticed previously that Ye Yuan was constantly refining the devilish energy to cultivate!

.

This was also to say that Ye Yuan's understanding of heaven and earth energy, already reached the level of them, these progenitors!

This was too terrifying!

This Saint Azure was exuding abnormality all over his body, even he, this progenitor, could not see through him!

The two took their seats between the mountains and rivers. Ye Yuan sat opposite of Originsmile calmly, without the slightest fear.

To bystanders, being so close to a progenitor was equivalent to seeking death.

But to him, Originsmile was not much different from ordinary people.

If Originsmile had any malicious intent, Ye Yuan only needed to stir his thoughts and he would be able to leave.

Within his domain, he made the call!

"How is Li-er different from them?" Ye Yuan went straight to the point.

Originsmile did not answer. He smiled and said, "Saint Azure and Little Li are a pair of dragon and phoenix among men, being a match made in heaven and earth. As long as you can join our divine race, you guys will be able to continue your former fated relationship. So why bother working yourself to the bone for those few despicable villains?"

Those few villains that Originsmile was talking about were naturally referring to the nine great Dao Ancestors.

Ye Yuan knew that this matter naturally could not hide from the divine race's progenitors.

Ye Yuan's contributions were high until it shocked the world. His accomplishments surpassed ancient and modern times, but he was framed by the nine great Dao Ancestors, becoming the human race's traitor.

Who could tolerate this sort of thing?

If it were ordinary people, the divine race would naturally disdain to rope in.

But Ye Yuan was different. He was Saint Azure!

Furthermore, wanting to rope Ye Yuan in, now was the best time!

As long as Ye Yuan defected to the divine race, the human race would definitely be defeated!

Ye Yuan gave him a glance and said coolly, "Put away your little ulterior thoughts! I, Ye Yuan, am not working for anyone. I only seek to have a clear conscience! The few of them aren't qualified enough to make me sell my life!"

Originsmile was indifferent and said smilingly, "But, however vast the world is, there's already no place for you to stay! The human race's destruction won't take long either!"

Ye Yuan said nonchalantly, "Even if the human race is defeated, I'll also send you all back into the abyss again in the future!"

The smile on Originsmile froze, feeling like the topic could not quite continue anymore.

This guy was really impervious to everything!

He was somewhat unable to understand why a guy who was abandoned by his race was so stubborn?

"You're very confident huh? It's just that ... you probably don't know how strong Tian Qing is! Furthermore, in the near future, we'll also have one more Tian Qing level powerhouse!" Originsmile said.

Ye Yuan's gaze turned slightly dark and he said with a frown, "You're talking about ... Li-er?"

Originsmile nodded and said, "That's right! Didn't you ask how is she different from the rest? She is the same as Tian Qing. She is of the Innate Dao Physique that's one of its kind! Heh heh, those few Dao Ancestors of your human race think that we're apprehensive of their Dao Ancestors' strength. Actually, that's not the case at all! We're just waiting for Little Li's rise! At that time, with two Tian Qings, what will your human race use to stop?"

Even if it was Ye Yuan, he also could not help drawing a cold breath.

He did not think that Li-er's talent was actually so powerful!

No wonder the last time he saw her, she actually gave him a sense of danger.

One had to know, he already broke through to Creation Realm at that time!

Ye Yuan frowned and said, "If she's not cultivating at Heavenly War Hunting Ground, then where is she cultivating?"

"Ancestral Land! Right now, Tian Qing is personally teaching her! With her rate of improvement, before long, she'll be able to become our divine race's second Ten-marks Realm!" Originsmile said.

Ye Yuan's pupils shrunk slightly and he cried out in surprise, "Ten-marks Realm?"

Originsmile nodded and said with a smile, "The seven of us great progenitors are all at the grand completion Nine-marks Heavenly Dao Realm. Only Tian Qing strode across the shackles of Nine-marks, reaching the realm of Ten-marks! He is undying and imperishable! Hoho, Ye Yuan, I know that you're very strong, but facing Tian Qing, you still have no chance of winning! How formidable was Grand Ancestor Spacetime back then? Wasn't he powerless against Tian Qing too? I know that your talent is even greater than Grand Ancestor Spacetime's. It's just that at the very most, you can at best tie with him. That's all! The human race only have one Saint Azure, but my divine race has ... two Tian Qings!"

Even if the human race produced Ye Yuan, this level of talent who could rule the world, the divine race would never give up on retaking the Heavenspan World too!

They were still brimming with confidence!

Where did their reliance lie?

Tian Qing!

The realm of Ten-marks!

This was an insurmountable existence!

This was an undying and imperishable myth!

Even if it was Saint Azure, he could at most fight to a draw with Tian Qing too.

The divine race was not afraid!

Originsmile looked at Ye Yuan with a smile on his face, he weighed the pros and cons, hoping that Ye Yuan could change his mind.

After all, the human race already had nothing worthy of him being reluctant to part anymore.

He believed that Ye Yuan was a clever person and knew which side to choose.

This Doomsday Battle was a war without the least bit of suspense, from that moment when the divine race obtained Li-er!

However, after Ye Yuan experienced the initial-most shock, he slowly raised his head and looked at Originsmile meaningfully, and said with a smile, "In your mind, I can only fight to a draw with Tian Qing?"

Originsmile chuckled and said, "I know what you want to say. Those few guys are already possessed by the devil, to actually believe this sort of thing. Or is it that you really believe that you can become a sovereign above Dao Ancestors? No one can transcend worldliness in this world!"

In Originsmile's view, this rumor was just a wishful thinking of the nine great Dao Ancestors.

It was just that they did not know how much research Lin Chaotian had done on Ye Yuan.

If Ye Yuan was an ordinary genius, how could he have entered his arcane sights?

The Heavenspan World's spiritual energy being resurrected, Heavenspan Mountain's phantom, an unusual cultivation realm, it all proved his conjecture!

Otherwise, how could Lin Chaotian make a move to target Ye Yuan at the risk of universal condemnation?

The allure of breaking the shackles was seriously too great!

Especially to them, these Dao Ancestors, this sort of allure was simply irresistible.

Ye Yuan smiled and said, "I also don't know if I can transcend worldliness or not, but I won't let the divine race enslave the human race again! This is my bottom line! If you all want to return to the last epoch, then step over my dead body!"

As he said, he slowly got up, and said coolly, "Alright. Dissidence of opinion makes it useless to talk. Looks like we have nothing to talk about. I want to see Tian Qing!"

Clearly, Originsmile could not convince Ye Yuan. Ye Yuan likewise could not convince Originsmile.

The desperate struggle between the two races would not change because of him, Ye Yuan alone.

And Ye Yuan's attitude would also never change.

Even if Li-er would become the second Tian Qing, it was also unable to change Ye Yuan's determination to protect the human race.

However, Ye Yuan's objective in coming to the Abyss World was to understand the reason for Li-er's change.

He needed to see Tian Qing!

Chapter 2450: You Hurt Me and Laughed It Off!

Stepping into this valley, Ye Yuan felt tremendous pressure.

This kind of pressure, Ye Yuan did not even feel before on the nine great Dao Ancestors' bodies.

On both sides, were rows of statues of different shapes and colors.

The oppression emanating off each statue was actually no less than late-stage Nine-marks powerhouses!

Ye Yuan had seen the appearance of these statues before. It was precisely those eight statues that he saw at the Hidden Lineage.

It was just that the statues here were of different shapes, but much more complex than the Hidden Lineage.

Passing through this corridor of statues, Ye Yuan arrived at the entrance of a huge cave.

The terrifying undulation that he felt came from precisely here..

Ye Yuan knew that this place was where the divine race's truly powerful secret lied!

Two figures appeared at the entrance of the cave, making Ye Yuan's expression suddenly turned stiff.

"You came?" Yue Mengli opened her mouth and said. Her tone was still indescribably distant.

Ye Yuan nodded his head and said, "Mn, I came to see what turns you into like this."

Yue Mengli said coolly, "This is how I am originally. In the past, it's just that I didn't awaken."

Ye Yuan's heart felt pain without any cause, but he still said, "I'll bring you home."

Yue Mengli did not speak, but her expression was indescribably contemptuous.

At this time, the old man next to her smiled and said, "You're Ye Yuan? Hoho, this old man waited for ten billion years in order to see you!"

The old man's smile was very contorted. The aura on his entire person was very messy.

A little ... hideous and unsightly.

He looked like he suffered very serious injuries.

However, Ye Yuan did not remember that he had met him before.

"Oh? Why do you want to see me?" Ye Yuan asked doubtfully.

The old man's expression suddenly became extremely savage and he said with a strange smile, "Why do I want to see you? Jeje ... It's you who made this old man suffer ten billion years of torment in the ancestral land! It's you who made this old look neither like a human nor a ghost! Why do you think this old man wants to see you?!"

A terrifying aura instantly spread out, locking onto Ye Yuan instantaneously.

That imposing aura was actually not much weaker than Originsmile!

This old man was actually an existence close to a progenitor!

However, Ye Yuan's countenance did not change when facing the nine great Dao Ancestors. So why would he fear an old man?

He just shrugged and said coolly, "How would I know? What does the torment you suffered have to do with me?"

Ye Yuan's expression triggered the old man deeply.

He suddenly became incomparably berserk and said with a furious roar, "You caused this old man to become like this and still dare to laugh it off? Because you and that Heavenly Emperor Profound Secrets hid from this old man's surveillance, this old man suffered the agony of being sliced into thousands of pieces here for ten billion years because of self-condemnation! You dare say that it has nothing to do with you?"

The current old man had bloodshot eyes and was incomparably maniacal, almost rampaging.

Clearly, he hated Ye Yuan to the extreme!

And Ye Yuan finally discerned a clue.

He revealed a faint look of enlightenment and said, "So, you're Celestial Master Miluo!"

Ye Yuan had once heard of this Celestial Master Miluo from Jian Rufeng.

Back then, although Jian Rufeng and Celestial Master Miluo did not have a frontal confrontation, they had crossed swords secretly for countless years.

It was just that Celestial Master Miluo himself was not aware.

However, Jian Rufeng also had the greatest esteem for this Celestial Master Miluo, lauding his divination arts with praises unceasingly.

Jian Rufeng was also merely a hairsbreadth stronger than Celestial Master Miluo.

Hence, he had to borrow the power of 100 Jian Family powerhouses before he could shield heaven's secrets!

Ten billion years ago, Ye Yuan had once appeared before and had also once attracted Celestial Master Miluo's attention.

It was just a pity that Ye Yuan traveled across time and space, heaven's secrets were fleeting and ephemeral.

Coupled with that Ye Yuan himself was incomparably unpredictable, therefore, Celestial Master Miluo could not find him at all.

Furthermore, the time that Ye Yuan appeared was extremely short. Later on, he even disappeared. Therefore, Miluo never met Ye Yuan before at all.

However, it was precisely these two guys that he had never seen before who made him suffer endless humiliation, making him suffer the agony of being sliced to a thousand pieces in the ancestral land!

This misery, only he himself understood it.

What was even more infuriating was that he was defeated without rhyme or reason!

He did not even know who his opponent was!

Only all the way until recently, when the legend of Azure and Profound Dual Saints came to light among the human race, did Celestial Master Miluo woke up like a dream!

Combining with the Heavenly Dao that he divined back then, it was not difficult for Celestial Master Miluo to divine that Ye Yuan was precisely that person that he kept looking for back then but could not find!

Today, when he saw Ye Yuan, this fury could not be contained any longer and erupted!

“Jeje ... Brat, turns out that you know this old man huh! You caused this old man to have no peace for ten billion years. Today, you actually delivered yourself to the doorstep. You can’t be forgiven!” Celestial Master Miluo said with a strange laugh.

Ye Yuan had a sad expression on his face as he said, “Sorry about it, causing you to become like this. I blame myself very much in my heart.”

Celestial Master Miluo sneered and said, “It’s too late to blame yourself now!”

Ye Yuan hurriedly waved his hand and said excitedly, “Not too late, not too late. I blame myself that you’re not miserable enough yet! To actually run into you today, it’s really great!”

Celestial Master Miluo’s expression changed wildly, and he roared, “Courting death!”

A terrifying aura instantly erupted. Celestial Master Miluo raised his hand and it was a punch, the entire space started trembling.

The horrifying power of Heavenly Dao directly constricted the space where Ye Yuan was standing to the extreme.

The corners of Ye Yuan’s mouth curled and his figure flashed, instantly disappearing from where he was!

Boom!

Celestial Master Miluo’s punch missed and his expression could not help changing wildly.

“Brat, I see where you can run to in my divine race’s ancestral land!”

Boom!

Boom!

Boom!

Celestial Master Miluo completely erupted, hitting until the void trembled.

However, this ancestral land’s space seemed to be protected by some inexplicable power, it actually did not collapse.

It was just that no matter how hard Celestial Master Miluo attacked, he could not touch a corner of Ye Yuan’s sleeves.

Ye Yuan smiled and said, “Celestial Master Miluo, you surveyed the world for the divine race. Have you counted how many have died at your hands directly and indirectly? The crimes that you’ve committed are too numerous to be recorded! These ten billion years aren’t even enough to redeem your crimes! Do you feel pain now? Then those myriad races’ geniuses who died in your hands, do you understand their pain?”

Ye Yuan's words were full of disdain.

Celestial Master Miluo surveyed the world and was also the most notorious executioner at that time!

The myriad races' geniuses that died at his hands were simply beyond counting!

How could these crimes be what ten billion years could redeem?

Ye Yuan felt that it was not enough!

Celestial Master Miluo roared angrily, "Rubbish! My divine race towers above the myriad races! Those ants actually dared to rebel against my divine race, death isn't regrettable!"

But Ye Yuan laughed loudly when he heard that and said, "Is that so? Looks like you hate me very much, then I appeared in front of you, and you also can't finish me off. Does it feel very uncomfortable? Is the divine race very impressive? You, a progenitor class powerhouse, can't even take care of me, this new Deva Realm? Really disgraceful!"

Sure enough, Celestial Master Miluo was driven crazy by Ye Yuan's words. His so many years of humiliation finally found a place to vent.

Now, he actually could not do anything to the other party!

Nothing was more maddening than this.
