#### Chapter 2451: Have You Given Up?

“Brat, don’t run if you have the capabilities! If you’re a man, have an open and above-board fight with this old man” Celestial Master Miluo roared angrily.

He already unleashed all of his abilities and even employed Heavenly Dao True Martial.

His Heavenly Dao True Martial could predict his opponent’s next move, and it was extremely accurate.

It was just a pity that it was completely useless against Ye Yuan.

He could never determine where Ye Yuan would appear in the next second!

Using coming and going like a shadow to describe Ye Yuan could not be more apt.

And the space that he sealed off was completely useless against Ye Yuan. Ye Yuan could always escape his lockdown easily.

Celestial Master Miluo was practically going insane.

Ye Yuan just smiled faintly when he heard that and said, “Old fogey, pretending to be a man with me? If you have the capabilities, suppress your cultivation realm to the initial-stage Nine-marks Heavenly Dao Realm. I guarantee that I’ll beat you until even your mum can’t recognize you!”

The corners of Celestial Master Miluo’s mouth twitched slightly, almost exploding.

With Ye Yuan’s combat power, if he was in the same realm, he could only be crushed!

He became completely demotivated!

Unable to hit him and also could not win in a quarrel, how to play?

By the side, Yue Mengli’s gaze flickered indeterminately, not knowing what she was thinking about either.

However, she did not make a move all along, just quietly watching.

Right then, a voice slowly came from the cave.

“Miluo, let him enter. You can’t deal with him.”

Miluo’s expression changed slightly. Finally, he still gritted his teeth unwillingly and said, “Yes!”

Ye Yuan gave him a glance and said with a faint smile, “Continue blaming yourself then. It’s best that ... you blame yourself for another ten billion years. At that time, perhaps your crimes can be lessened a little. *Uh ...* of course, if you stop condemning yourself, I’ll lend you a helping hand in the future.”

Finished saying, he walked away, leaving behind Miluo who had an angry expression.

Yue Mengli hesitated for a moment and also followed into the cave.

She led Ye Yuan through the cave.

Ahead, an archaic aura that had experienced the many vicissitudes of life hit him head-on.

This kind of aura seemed to be like an eternal existence as if overriding above all life!

The further ahead he went, the more Ye Yuan felt an archaic aura, which simply made people prostrate in worship!

Gradually, an underground hall entered Ye Yuan's eyes.

A tall and straight back currently had his back facing Ye Yuan, kneeling in front of the eight god statues.

Ye Yuan raised his eyes and glanced at the eight god statues, and his mind was shocked!

At this moment, that kind of aura that towered above all life was exceptionally strong.

The eight god statues seemed to have souls, they were looking at him too!

Those gazes attacked straight at the heart!

At this moment, Ye Yuan actually had an impulse to worship!

These eight god statues wanted to make him submit!

Ye Yuan's mind shook greatly, hurriedly mustering the Heavenly Dao power of the Lesser Heavenspan Mountain, to deal with this power.

*Swoosh!*

That man who had his back facing Ye Yuan suddenly launched an attack at this moment, throwing a punch over!

In a blink of an eye, he appeared in front of Ye Yuan.

The terrifying pressure was virtually crushing Ye Yuan into a meat-pancake, making him feel asphyxiated!

Too strong!

However, Ye Yuan's reaction was extremely fast too, immediately urging spatial law!

*Boom!*

The place where Ye Yuan was standing, there was a violent tremor in space.

But the current Ye Yuan switched positions with that man!

The man's attack missing, he did not pursue, but withdraw his aura instead and stood with his hands behind his back, sizing Ye Yuan up with interest.

"Well-deserving of being Saint Azure! This ancestor's attack, even if a Dao Ancestor was here, it would be too late to avoid it too! I didn't expect that you could actually resist the heavenly might of the eight gods and avoid this strike of mine! I'm very curious. How did you do it?" The man said with a faint smile.

This strike earlier, he did not hold back!

Furthermore, this place had the blessing of the eight god statues, the space was extremely stable.

Under such a space, wanting to use spatial law to evade attacks was doubly difficult.

Let alone that the eight god statues' heavenly might was irresistible.

Even if a Dao Ancestor was here, they would surely be affected too.

This strike earlier was absolutely a certain-kill blow in the eyes of the man.

Who would have expected that Ye Yuan actually still evaded it!

Ye Yuan frowned and looked at the man and said, "You're Tian Qing?"

The man said coolly, "That's right. It's precisely this ancestor! Speaking of which, this ancestor still has to thank you. If not for you restoring the chaotic spacetime, this ancestor will probably still be exiled in the spacetime turbulence."

This man was the divine race sovereign who made the Heavenspan World tremble, the one and only Ten-marks powerhouse. He was Tian Qing!

This blow earlier looked simple, but actually, it was incredibly lethal!

Ye Yuan deeply felt his power!

Because that strike earlier, it actually affected his chaos world!

The current Ye Yuan had his vital energy and blood surging, the chaos world being in havoc.

It could be seen to what degree the power of this punch was strong until!

Ye Yuan was slightly surprised in his heart and said with a sigh, "I still underestimated the heroes of the world! The force of his fist already reached the level of Dao and can affect my chaos world through spatial nodes! Truly inconceivable!"

Fortunately, Tian Qing did not have the intention of continuing to attack. Otherwise, whether or not he could walk out of the Abyss World was still unknown!

Clearly, Tian Qing was wary of Ye Yuan too.

Earlier, he was just testing a little, to see if Ye Yuan was really as impressive as the rumors.

If he really killed Ye Yuan, it would naturally be over.

Who would have thought that he actually still failed?

Ye Yuan could not even be killed in the ancestral land, it went even more without saying outside.

However, by the side, Celestial Master Miluo and Yue Mengli were dumbfounded with shock.

Especially Celestial Master Miluo, his mouth opened wide, and could not close for a long time.

He had never seen Tian Qing fail before!

Even if facing Grand Ancestor Spacetime back then, Tian Qing's attacks would never miss too!

No one could avoid his punch!

The Grand Ancestor Spacetime who comprehended spacetime law to the extreme, could not either!

But Ye Yuan actually evaded it!

How shocking was this?

In his view, Ye Yuan entering the ancestral land was completely an act of seeking death.

But who knew that even the divine race's strongest, Tian Qing, could not do anything to Ye Yuan.

Was this guy really so amazing?

The fact was, he really was!

*"Humph!* No need to say thanks. One day, I'll personally kill you with my own hands!" Ye Yuan said with a cold snort.

But when Tian Qing heard that, he laughed loudly and said, "Hahaha ... someone capable of killing me, there wasn't any in the past, and there also won't be any in the future! To tell you the truth, unless these eight gods come to life, otherwise, no one in the Heavenspan World can kill me! I know that your talent is very strong, but it's useless! This ancestor is undying and imperishable. You can't kill me! In the future, at best, this ancestor will dread you to some extent. That's all!"

Ye Yuan smiled coldly and said, "Is that so? Then let's wait and see!"

Tian Qing shook his head slightly, seemingly not willing to argue about this.

His confidence stemmed from his strength that was powerful until it was heaven-defying.

He had the qualifications to be arrogant!

"You came for Little Li. Do you understand it now?"

Tian Qing looked at Ye Yuan and said smilingly, "My divine race is a race favored by heaven! These eight gods are precious gifts from heaven, letting us stand above all life! Little Li is someone of the divine race. She's proud of being a member of the divine race, and she'll also fight for the divine race! So, have you given up?"

#### **Chapter 2452: Goodness Me, Got Swindled!**

These eight god statues in front of him seemed to have a kind of magical power.

Ye Yuan looked at them and had a feeling of facing the Heavenspan Mountain.

Strong!

Ridiculously strong!

What was the origin of these eight god statues?

If not for Ye Yuan having the Lesser Heavenspan Mountain, he would not have been able to resist the powerful pressure of these eight god statues at all, and would have long surrendered!

One had to know, even when Ye Yuan was facing the nine great Dao Ancestors, he did not employ the power of the Lesser Heavenspan Mountain!

These eight god statues were incredibly mysterious.

Ye Yuan ignored Tian Qing but sized the eight god statues up hard.

These idols were definitely the key to solving the problem with Li-er!

Suddenly, Ye Yuan stepped forward and walked over toward the first idol.

This idol was incomparably ferocious, an appearance of baring its fangs and brandishing its claws. Its right hand was even holding a fork, giving people an extremely dangerous feeling.

Ye Yuan walked in step by step, the power of that idol also became greater and greater.

Especially the expression on the idol, it seemed to have changed, becoming unbelievably angry.

He seemed to feel that this ant in front of him, actually dared to be impudent in front of him!

Tian Qing watched this scene calmly and did not stop it.

Yue Mengli frowned a little and said, "Lord Tian Qing, he ..."

Tian Qing extended his hand to interrupt Yue Mengli's words and said coolly, "I know what you want to say, and also know that you still have feelings for him. But this is his own choice! Furthermore, although this ancestor isn't afraid of him, I also don't wish for the human race to have an existence that can rival this ancestor to appear! Do you understand?"

Yue Mengli's face revealed a reluctant look and closed both eyes in pain.

Although she firmly believed that she was a member of the divine race, being completely devoted to the divine race, her nature was not wiped out.

She was still that Yue Mengli.

She still loved Ye Yuan deeply.

It was just that she knew Ye Yuan's character, it was impossible to defect to the divine race for her.

And it was also impossible for her to return to the human race because of Ye Yuan.

Therefore, she chose to restrain her feelings.

But, when Ye Yuan faced life and death, she still could not bear it.

Ye Yuan approached step by step, the entire hall was trembling.

Furthermore, the trembling grew stronger and stronger!

Ye Yuan had the help of the Lesser Heavenspan Mountain and did not fear the coercion of the idol at all.

Facing the coercion of the eight idols, the Tai Chi diagram faintly lit up behind him, and was actually trying to fight back!

But the more so, the stronger the reaction of the eight idols.

Even the expression on Tian Qing's face also became solemn as he said with a frown, "This brat actually still has the strength to fight back in front of the eight gods! However, he dares to provoke the eight gods, there's only a road that leads to death!"

That was right. Ye Yuan was provoking the eight idols!

Wanting to figure out the secret of the god statues, ordinary methods were definitely useless.

Therefore, Ye Yuan wanted to see just what the hell these eight idols were!

It was just that this scene was tantamount to playing with fire and burning oneself in the view of Tian Qing and the others.

The closer he got, the more Ye Yuan felt the terrifying pressure.

The eight idols were clearly already furious to the extreme.

The entire great hall's trembling became even more intense.

*Rumble ...*

Suddenly, the eight idols emitted a dazzling light at the same time, illuminating the entire great hall like daytime.

An enormous vortex condensed and formed above the great hall.

A powerful to the extreme suction force suddenly appeared.

Ye Yuan's physical body did not have many abnormalities. But his divine soul was actually going to leave his body involuntarily.

Ye Yuan's heart shook greatly, wanting to teleport away.

However, this suction force was too terrifying, he could not teleport at all.

With this, it really stabbed the hornet's nest!

The power of these eight idols, they were much stronger than he imagined.

When Tian Qing saw this scene, he could not help opening his mouth wide.

It was still his first time seeing that the idols would be so enraged.

As for the three of them, they did not feel much.

The divine race had long already unified spirit and body, this vortex did not target them.

However, Yue Mengli's expression changed wildly, her figure moved, about to go over and save Ye Yuan.

Previously, she did not save because she knew that Ye Yuan had the ability to protect himself.

But now, she could not continue watching anymore.

However, a powerful suction came whistling from the rear, she was actually unable to move an inch forward anymore.

Tian Qing did not allow her to take action!

“Lord Tian Qing!” Yue Mengli turned around and glared.

Tian Qing was unmoved and said coolly, “Do you want to disobey the Eight Extreme Divinities?”

Eight Extreme Divinities was the name of these eight idols.

Yue Mengli had a conflicted look, looking towards Ye Yuan in pain.

While over there, Ye Yuan also saw this scene earlier, and the corners of his mouth could not help revealing a hint of a smile.

Indeed, Li-er’s heart had not changed!

With this, it was enough!

Although he encountered a dangerous situation, Ye Yuan did not regret it.

He could forget his own safety and brave dangers for Mu Lingxue. So he could naturally also throw away his life for Li-er.

Very soon, Ye Yuan’s divine soul was forcefully pulled out of his physical body like plucking a carrot.

*Swoosh!*

Ye Yuan’s divine soul was akin to a wild horse that ran away and was sucked into the vortex in a blink of an eye.

After this, everything returned to tranquility.

Ye Yuan’s physical body was standing there, motionless.

Two rows of clear tears fell down from the corners of Yue Mengli’s eyes.

She fell to the ground softly. It was as if all of her strength was drained.

“*Hahaha ...* dead! This damn brat is finally dead! Provoking the lord divinities? This serves him right!”  
But when Celestial Master Miluo saw this scene, he let out a wild laugh.

He was previously toyed with by Ye Yuan until he was confused and disoriented.

Ten billion years of humiliation, but it was still humiliation to this day.

But now, he was taken care of by the Eight Extreme Divinities, how could he not be delighted?

Even Tian Qing also spat out a turbid breath slightly, as if he was relieved of a heavy burden.

Clearly, Ye Yuan’s existence still gave him tremendous pressure.

Now that Ye Yuan was dead, he could finally make a move against the human race without worrying.

“Miluo, destroy his physical body. It’s also considered to have drawn a conclusion to your ten billion years of humiliation,” Tian Qing slowly said.

“*Heh heh*, alright!” Celestial Master Miluo said with a sinister smile.

These ten billion years of torture made him become a little neurotic.

Now that he had this opportunity, he had a morbid pleasure.

He walked towards Ye Yuan step by step, a hint of cruelty at the corners of his mouth.

Ye Yuan’s head was slumped, still maintaining the same posture as before, motionless.

Celestial Master Miluo got closer and closer and turned his palm up. A powerful force rolled in the palm of his hand.

With this palm landing, Ye Yuan’s physical body would probably be shattered.

“*Jeje*, brat, who asked you to show off! Is Saint Azure very impressive? My divine race is the race favored by heaven! You provoked the Eight Extreme Divinities, it’s angering heaven! How can heaven tolerate you? Go and die!”

While laughing strangely, Celestial Master Miluo’s palm fell down, smacking toward Ye Yuan’s head.

But right at this time, Ye Yuan suddenly turned his head.

There was a grayish-white color in his eyes!

Celestial Master Miluo originally came in a threatening manner, but currently, he jumped greatly in fright.

He really jumped up!

“Goodness me, god swindled!” Celestial Master Miluo cried out strangely and hurriedly jumped away.

Tian Qing’s expression changed and looked at Ye Yuan in shock as he exclaimed, “This ... What in the world is going on?”

#### **Chapter 2453: Don’t Provoke Him!**

*Swoosh!*

The gray-pupil Ye Yuan’s figure suddenly disappeared from where he stood. In the next instant, Celestial Master Miluo’s hair stood on end, a feeling of danger suddenly arising!

Behind him, a terrifying force was currently erupting!

The void shook, Ye Yuan’s figure suddenly appeared 100 feet behind Celestial Master Miluo.

And his hand was already holding the Limitless God Killing Bow and Sword of Spacetime!

The arrow was on the bow!

It was only to see his fingers loosen. An incomparably sharp cold light erupted in an instant!

At such a close distance, forcefully resisting the Sword of Spacetime released by the Limitless God Killing Bow, the power could be imagined.

All of these happened in the time it took for sparks to fly off a piece of flint; inconceivably fast.

Clearly, the gray-pupil Ye Yuan had already planned everything.

In an instant!

Celestial Master Miluo did not have time to turn around, all the hair on his body stood on end, and the power of protection instantly released.

This sudden scene, even Tian Qing did not react to it.

Everything happened too suddenly.

*Boom!*

It was only to hear a loud noise. Celestial Master Miluo's body was directly blasted flying.

It was also that his strength was too strong. Otherwise, with this sword, even if it was a Deva Fifth Blight, they would have to die with regrets too!

The gray-pupil Ye Yuan's calculation ability was unparalleled in the world!

An ice-cold personality unleashed his calculation ability to the extreme.

*Swoosh!*

The gray-pupil Ye Yuan's figure vanished once more, escaping into the chaos world once again.

When he appeared again, he already caught up to Celestial Master Miluo again.

It was just that at this time, Tian Qing already reacted to it.

His figure suddenly disappeared, arriving behind Ye Yuan in the blink of an eye.

If Ye Yuan killed Miluo, he would kill Ye Yuan!

*Swoosh!*

Ye Yuan's figure disappeared again, dodging this strike.

Tian Qing looked at Ye Yuan in astonishment, immensely shocked.

The feeling that this gray-pupil Ye Yuan gave him was even more dangerous than earlier!

Logically speaking, with Ye Yuan's cultivation realm and strength, it was completely impossible to harm Celestial Master Miluo. Even if under the circumstances that he was caught off-guard.

But Ye Yuan's timing was grasped too brilliantly. He made use of the time when everyone was stunned and instantly controlled everything.

Miluo was seriously injured!

Harming someone right under Tian Qing's eyelids, who he harmed was even Celestial Master Miluo, this kind of quasi-progenitor level expert.

This sort of thing, probably only the gray-pupil Ye Yuan could do it.

Tian Qing looked at the gray-pupil Ye Yuan with a frown and said in a deep voice, "Who are you?"

While Yue Mengli looked out-of-sorts and muttered, "I-It's him! He appeared again! Who ... Who on earth are you?"

The gray-pupil Ye Yuan gave a cold snort and said, "That fool, always acting on impulse. In the end, he needs this eminence to come out and clean up his mess!"

Finished saying this, he looked at Tian Qing again and said coldly, "Don't doubt your eyes, I'm Ye Yuan! We're of one body and two sides. It's just that this guy normally suppresses me. Now, his divine soul is sucked away. So this eminence can finally come out! You listen up. This eminence will cultivate in the Heaven Lineage. Don't let people come and disturb me. Otherwise, not even chickens and dogs will be spared below late-stage Nine-marks Heavenly Dao!"

Finished saying, gray-pupil Ye Yuan flashed and directly left the ancestral land, leaving behind the three people who were dumbfounded with shock.

Tian Qing's expression was ugly to the extreme.

He was actually threatened by someone!

He, this Heavenspan World's number one person, was actually threatened by someone!

*"Puhwark!"*

Celestial Master Miluo spurted a mouthful of fresh blood wildly, gasping heavily for air. Clearly, he had sustained extremely severe injuries.

He gritted his teeth and said, "Lord Tian Qing, this guy actually dared to threaten you! He must be killed!"

Tian Qing's face became black as the bottom of a pot and he said in a solemn voice, "How to kill? Didn't you notice? This Ye Yuan's calculation ability is extremely terrifying! His threat is even greater than that Ye Yuan before! Furthermore, this Ye Yuan doesn't have the slightest emotion at all. If we really provoke him, he'll really kill off the entire Heaven Lineage!"

Celestial Master Miluo's complexion was deathly pale, and he said gloomily, "Could it be ... could it be that nothing can be done about him?"

Tian Qing sighed slightly and said, "Forget it, let him be! He didn't leave. He should be waiting for that Ye Yuan previously to come out."

For some reason, Tian Qing suddenly somewhat missed that Ye Yuan a short while ago.

That Ye Yuan would consider the feelings between Yue Mengli, and would not kill the innocent indiscriminately.

But this Ye Yuan was completely different.

He could feel the gray-pupil Ye Yuan's iciness. That sort of iciness made even him feel somewhat piercing to the bone!

He did not doubt in the slightest that the gray-pupil Ye Yuan would really kill off his clansmen!

The gray-pupil Ye Yuan would only calculate and not talk about feelings!

This type of person was the most troublesome.

Furthermore, by relying on the calm to the extreme calculation ability, wanting to catch the gray-pupil Ye Yuan was even more impossible.

Hesitating to take action out of fear of damages, Tian Qing could only be threatened!

It was just that Tian Qing was a little curious. Why did the gray-pupil Ye Yuan have the confidence, thinking that the Ye Yuan before could still come out?

One had to know, this was the Eight Extreme Divinities; the eight divinities who created the powerful divine race!

Celestial Master Miluo opened his mouth wide, his face in disbelief.

Why did he take this hit in vain?

But thinking about that scene just now, he also shuddered a little without it being cold.

It was also that Ye Yuan's cultivation realm was lacking. Otherwise, that hit earlier, he would have long already fallen!

That strike earlier was too strong!

Tian Qing looked towards Yue Mengli and asked, "You've seen before this gray-pupil Ye Yuan? What's going on?"

Yue Mengli shook her head and said, "I also don't know what's going on, but this gray-pupil Ye Yuan is very strong. Don't provoke him! The gray-pupil Ye Yuan seems to have extremely terrifying judgment, and he can control everything on the battlefield! When Nineorigin brought me back to the clan back then, Ye Yuan turned into this state in the end. Then, he forcefully knocked Nineorigin down by a major cultivation realm with the realm of Empyrean!"

When the two people heard that, they both had solemn looks on their faces.

Indeed, not to be provoked!

A human Empyrean leapfrogged a major cultivation realm and beat Nineorigin who was already late-stage Eight-marks at that time, into a wretched state.

This sort of combat power was simply appalling to hear.

Even if it was Tian Qing, it was impossible to do it too!

... ..

In the Heaven Lineage, it completely exploded.

A human punk actually occupied the place with the strongest spiritual energy, and started cultivating as if no one else was present!

F\*cking hell! Too arrogant!

“Punk, what nerves you have, to dare behave wildly at my Heaven Lineage?”

“Punk, quickly scream! Otherwise, when the lords come, you’re dead for sure!”

“Still not going? I think that you’re courting death!”

*Swoosh!*

A streak of cold light flashed past, then, he died.

Everyone was dumbstruck with amazement, looking at this scene in disbelief.

You occupied our territory and still dared to kill our divine race’s people?

Too arrogant!

One powerful aura after another arrived with a howl.

The Heaven Lineage’s powerhouses rushed over one by one.

This brat from the human race was really too arrogant, completely not taking the divine race seriously at all!

“Punk, this progenitor gives you one last chance. Leave immediately! Otherwise, bear the consequences yourself!”

The one talking was Tian Xing, Heaven Lineage’s second-generation ancestor!

His status in the Heaven Lineage was second only to Tian Qing. His combat power was also second only to him, virtually rivaling the seven lineage’s progenitors!

No one felt that there was a problem with him saying this.

But right then, a thunderous voice rolled over from the direction of the ancestral land.

“Tian Xing, let him cultivate on Profound Heaven Ridge. Instruct all the clansmen. Don’t provoke him!”

Everyone was dumbfounded with shock.

[\*\*Unrivaled Medicine God\*\*](#)

**Chapter 2454: True Gold Isn’t Afraid of Fire!**

This was a brightly colored world.

As far as the eye could see, it was full of light dots with different colors.

Very pretty, but Ye Yuan had a creepy feeling.

“These are ... the power of the divine soul? No, wait! Like the power of the divine soul, but also not! These light dots seem to be something in the divine soul!” Ye Yuan looked at the spectacular scenery before his eyes as he said in shock.

His soul attainments were extremely powerful. Along with his strength stepping into Creation Realm, his divine soul already climbed to an extremely terrifying level.

Even some ordinary Deva Fifth Blights might not be as strong as him too!

Martial artists gained enlightenment on Heavenly Dao through the divine soul. Ye Yuan’s Heavenly Dao comprehensions were extremely terrifying, so his understanding of the divine soul also far surpassed others.

Although he did not know what these light dots were, he knew that this belongs to something in the divine soul!

Suddenly, Ye Yuan’s expression changed and he muttered to himself, “I somewhat understand! The members of the divine race view these idols as gods and respect them from the bottom of their hearts. It’s because this thing was taken away from their divine souls! Hiss ... these idols stored so many light dots. What do they want to do?”

“No, wait! The level of these idols is virtually comparable to the Lesser Heavenspan Mountain! It’s just much more sinister than the Lesser Heavenspan Mountain! The eight idols came to create such a powerful race. Just what’s the origin of these idols?”

The more Ye Yuan thought, the more terrifying it felt.

These idols were different from the Lesser Heavenspan Mountain. The Lesser Heavenspan Mountain was neutral and did not have any attributes.

But these idols extracted countless of a certain kind of power in the divine soul and stored it in this space.

This looked like a huge scheme no matter how he looked at it.

Except, who was controlling all these?

Ye Yuan suddenly felt that there was a pair of eyes staring at him above the void, overlooking all life in the world!

This sort of feeling made him shiver without being cold.

“Judging from the behavior earlier, Li-er’s nature wasn’t wiped out! All of them, including Tian Qing, have complete seven emotions and six desires. It’s just that their submissive wills toward these idols come from the bottom of their hearts! Most likely, the problem lies here! This place looks like a vessel. If I can break the idols and let these mysterious power return to their original bodies, can it make Li-er turn back to her original appearance?” Ye Yuan mused.

Arriving here made Ye Yuan instantly link it to a lot of things.

Since time immemorial, he was probably the first person who took the initiative to enter this space!

Including Tian Qing, even he never entered before.

Because no one could disobey the divine race's will. Let alone could there be anyone who could defy the will of the eight idols.

Ye Yuan's provocation infuriated the eight idols, making them take action against him, taking the initiative to suck himself into this space.

Clearly, these eight idols thought that after he arrived here, he would not be able to go out anymore.

These idols did not seem to have their own will but operated on their own according to some kind of will.

Of course, even so, these eight idols were extremely terrifying too.

Existences on the same level as the Lesser Heavenspan Mountain, it was terrifying even if it did not want to be!

At least, Ye Yuan currently had no way of breaking the god statues.

Rumble ...

Suddenly, this space had an insurrection.

Beneath Ye Yuan's feet, balls of terrifying flames leaped up.

The flames rose very suddenly, completely surrounding Ye Yuan's divine soul all at once.

An extremely strong burning sensation made Ye Yuan hurt until he gave a muffled groan.

"Ignorant ant, to dare provoke heaven's might! Today, the Eight Extreme Heavenly Fire is sent down to refine you! Savor the taste of being burned by myriad fires well!" In the void, came a furious voice.

This void was akin to a clap of thunder, shocking until Ye Yuan's eardrums hurt.

Ye Yuan had never seen such a terrifying power before.

This kind of power seemed to tower above all life!

This cluster of flames had eight colors, seemingly targeting the divine soul. The whole course of it was abnormally terrifying.

Ye Yuan's divine soul felt like it was going to evaporate.

"Mn!"

Ye Yuan gave a muffled groan and fell to the ground, and started twitching painfully.

The power of this flame was not a divine fire of the mortal world at all!

With regards to the mortal world's divine fires, Ye Yuan could virtually use being immune to describe.

He was the ancestor of playing with fire!

Even the flames condensed by Dao Ancestors, Ye Yuan did not fear in the slightest too.

But this Eight Extreme Heavenly Fire, Ye Yuan was helpless against it!

He could not control this flame at all!

This flame's agony of being scorched, Ye Yuan had already forgotten how long he had not tasted it before.

Pain!

Bone penetratingly painful!

From head to toe, every inch of Ye Yuan's skin was receiving the pain of immolation.

Furthermore, this Eight Extreme Heavenly Fire targeted the divine soul. That sort of pain penetrated even deeper into the bones.

Ye Yuan revolved his soul force to the max, but it was still like trying to put out a cartload of burning logs with a cup of water.

Clouds of water vapor rose up from his body.

Those were due to his soul force being evaporated by the Eight Extreme Heavenly Fire!

This Eight Extreme Heavenly Fire was too terrifying.

Ye Yuan's soul force was dissipating rapidly.

Ye Yuan's figure gradually became illusory.

"Hahaha ... Saw that? This is heaven's might! In front of heaven's might, not submitting, there's only death!" That voice came out once more, appearing rather invigorated.

Ye Yuan's consciousness started to become blurry.

His divine soul already almost could not hold on anymore.

"Am ... I going to die?"

"The opponent this time is too strong! He likely came from above the Heavenspan World!"

"If I die, what ... will happen to Li-er? Is she going to keep on being enslaved by people?"

"If I die, what about Lingxue? Her final wisp of spiritual consciousness is also extinguishing already!"

"No! I can't die!"

"So what if heaven's might! If you're heaven, then I'll poke through this heaven!"

"You want to refine me, isn't this a tempering to me?"

"I am going to defy heaven!"

“True gold isn’t afraid of fire!”

Ye Yuan used all the strength in his body and slowly crawled to his feet.

He sat cross-legged in the Eight Extreme Heavenly Fire and actually completely opened up his divine soul!

He was no longer using soul force to resist the flames.

In an instant, his divine soul was directly burned until it was significantly more transparent.

His agony also increased exponentially!

Ye Yuan opening up his divine soul was equivalent to drawing the Eight Extreme Heavenly Fire into his body, making every inch of the divine soul receive sanctification.

This sort of agony was ten thousand times, a hundred thousand times than before!

The expression on Ye Yuan’s face was becoming contorted.

But he still sat cross-legged, being motionless.

He was controlling his divine soul, attempting to guide these Eight Extreme Heavenly Fire!

Didn’t you want to refine me?

Then I’ll use your Eight Extreme Heavenly Fire to temper my divine soul!

Either succeed or die trying!

This kind of heavenly fire that came from beyond the heavens, it normally could not be found at all.

It was a calamity to Ye Yuan, but was it also not a massive lucky chance?

Failing to pull through, everything naturally did not need to be discussed anymore.

But if he pulled through, the benefits that Ye Yuan would obtain would also be unimaginable!

Suddenly, Ye Yuan let out a burst of wild laughter as he said, “Hahaha ... Great! Didn’t you want to refine me? Not enough! Still not enough! Your Eight Extreme Heavenly Fire is too weak! Still not enough to refine me! Is this your heaven’s might? Too weak!”

### [Unrivaled Medicine God](#)

#### **Chapter 2455: Chaos Origin Divinity!**

“Not enough! Still not enough! Too weak! Didn’t you claim to be heaven’s might? Are you tickling me?”

“Come, come, come, increase the heat! I want to see whether you can refine me or not!”

“Hahaha ... Great! Again!”

... ..

Within that space came Ye Yuan’s loud laughter from time to time.

This was not saying that Ye Yuan was not in pain.

In reality, his pain was increasing manifold!

Heaven's might was furious, the energy of the Eight Extreme Heavenly Fire was also continuously increasing.

Clearly, the eight idols were truly enraged under Ye Yuan's triggering.

But Ye Yuan did not care!

Him yelling this pain out could disperse some agony of being burned instead.

Ye Yuan's divine soul became weaker and weaker under the refinement of the Eight Extreme Heavenly Fire.

At this time, it already became very faint.

But, Ye Yuan was still incomparably stubborn.

*"Humph! Stubborn fellow, see how long you can still last! Didn't you want to increase the power of the Eight Extreme Heavenly Fire? I'll satisfy you!"* That voice came out again.

Ye Yuan's voice became weaker and weaker, and increasingly undetectable.

Until later on, his divine soul was already extremely faint, and only a faint outline could be seen.

But that voice laughed heartily and said, *"Hahaha ... An ignorant ant also dares to have delusions of grandeur of resisting heaven's might! Weren't you shouting very merrily just now? Yell! Yell again!"*

But right at this time, that feeble divine soul of Ye Yuan's gradually shrunk and contracted again.

In the end, it turned into a cluster of faint gray fog.

The gray fog became increasingly smaller. In the end, it became the same size as the other light dots.

It was just that the color of this ball of gray fog was completely different from the other light dots.

The other light dots had all kinds of colors and only did not have gray color.

*"Heh heh, it's actually the gray-color of chaos mind power. The quality is pretty good!"* In the void, that voice sounded out again, appearing rather excited.

But right then, an abnormality suddenly occurred!

That ball of gray fog actually started devouring the surrounding light dots!

A small ball of gray fog actually started gradually becoming larger.

The gray fog extended four tentacles and gradually turned into the four limbs of a human body, and stretched a head out again.

A gray-robed Ye Yuan's outline gradually took shape.

The gray-robed Ye Yuan was like a suction cup, absorbing the surrounding light dots crazily.

And his body also became more and more solid.

*Rumble ...*

The entire space started trembling.

Along with Ye Yuan's body becoming more and more solid, the vibration of space became more and more intense.

Until the end, there were actually signs of collapsing.

"Chaos origin divinity! This ... This is impossible! You ... How can you possibly condense a chaos origin divinity? Not good! If he continues condensing, the Divinity Gathering Space will collapse! Damn brat, you really got off cheap!"

In the depths of space, came that person's panicked voice.

The current Ye Yuan felt indescribably refreshed.

He felt like he was almost floating up to the heaven.

He really pulled through the tempering of the Eight Extreme Heavenly Fire!

Ye Yuan could feel that his divine soul became purer and purer under the tempering of the Eight Extreme Heavenly Fire!

Unprecedentedly pure!

This sort of purity, he had to cultivate until God knows when before he could attain it.

At this time, Ye Yuan felt that his divine soul was indescribably powerful!

As if it could shatter this space!

However, right then, he felt that his body was being involuntarily repelled by this space.

With a swoosh, he disappeared!

... ..

"Progenitor Tian Xing, that guy is too tyrannical!"

"Yeah, Progenitor! This guy won't give us any workable method at all!"

"The entire Heaven Lineage's spiritual energy is absorbed by him alone, what the hell are we still cultivating for?"

... ..

In front of Tian Xing, a group of Heaven Lineage powerhouses was extremely indignant.

It had already been a year in a blink of an eye. The gray-pupil Ye Yuan already incurred the wrath of the entire Heaven Lineage.

He did not care about others when he cultivated.

Although the Heaven Lineage's powerhouses already avoided him and went to other places to cultivate, the commotion of gray-robed Ye Yuan's cultivation was seriously too big.

Furthermore, it got bigger and bigger!

Gray-pupil Ye Yuan's cultivation was completely a plundering style cultivation.

When he cultivated alone, he absorbed all of the spiritual energy in the proximity.

In the beginning, Heaven Lineage's powerhouses were reluctant to give in and wanted to compete with the gray-pupil Ye Yuan.

But they discovered to their dismay that no matter how they absorbed the spiritual energy around, they could not win the gray-pupil Ye Yuan.

Progenitor Tian Qing gave the order for everyone to stay far away from this fellow. So everyone could not take action against him.

But plundering resources was okay, right?

Hence, since one person could not win the gray-pupil Ye Yuan, a whole group of people then!

The younger generation could not win the gray-pupil Ye Yuan, then the progenitors go!

However, they discovered to their dismay that the gray-pupil Ye Yuan's plundering of spiritual energy was completely unreasonable.

Even if the progenitors joined the great battle of wresting spiritual energy, they still could not win the gray-pupil Ye Yuan.

The divine race's requirement for spiritual energy was not considered high. They primarily used it to nourish the physical body and nurture the divine soul.

But they could not do without spiritual energy either.

Ye Yuan absorbed all of the spiritual energy around the proximity to this mountain in one go. What the hell were the others still cultivating for?

Hence, everyone ran in front of Progenitor Tian Xing to complain.

There was no way to live!

At this time, a large group surrounded Progenitor Tian Xing, making a din until his head hurt.

Progenitor Tian Xing's expression was very ugly too and he said in a solemn voice, "Alright, alright! Stop making noise! This ancestor got it. I'll go and see Progenitor Tian Qing now and ask him what to do!"

Before long, an unrivaled aura flew out of the ancestral land and landed on Profound Heaven Ridge.

When the group of divine race members saw this scene, they were excited to the extreme.

"*Hahaha*, Progenitor Tian Qing finally made a move! His elderly self finally can't stand it anymore!"

"This brat is dead for sure! See if he still dares to be so arrogant!"

“Freaking hell! Your father has never seen before such tyrannical cultivation. No matter how we try to absorb spiritual energy away from him, we couldn’t beat him!”

... ..

Tian Qing landed not far from the gray-pupil Ye Yuan and said coolly, “Are you here waiting for him to come out?”

The gray-pupil Ye Yuan’s cultivation speed was much faster than Ye Yuan’s.

This one year’s time, his plundering style cultivation already reached the bottleneck of the middle-stage Creation Realm.

The chaos world within his body had already begun to take shape.

Just a step more and he would be able to break through the bottleneck.

It was also precisely because of this, that he had been absorbing spiritual energy even more crazily during this period of time, so as to enrich the chaos world.

Seeing Tian Qing arrive, the gray-pupil Ye Yuan did not have the slightest emotion as he said, “You want to say that he can’t come out anymore?”

Tian Qing stood with his hands behind his back as he smiled faintly and said, “Isn’t that so? He offended heaven’s might and was punished by the divinities. It’s absolutely impossible to come out anymore! You obtained the physical body. Isn’t it perfect?”

The gray-pupil Ye Yuan looked at Tian Qing like looking at a fool and said, “Are you stupid? He’s the main soul. If he’s dead, can I still exist in this world? Are you done talking rubbish? If you’re done, get lost! Don’t delay my breakthrough!”

The gray-pupil Ye Yuan’s words did not show the least bit of mercy.

Furthermore, his voice was extremely loud, the voice spreading all over the Heaven Lineage.

Tian Qing’s expression instantly became incredibly dark.

A piercing cold killing intent emitted from his body.

This gray-pupil Ye Yuan was not cute at all!

#### **Chapter 2456: Don’t Dare to Keep Me Around!**

“Freaking hell! Even if the uncle can tolerate it, the aunt can’t endure it! This punk actually dared to even scold Lord Tian Qing!”

“He ... He’s actually making Lord Tian Qing get lost! Lord Tian Qing, kill him!”

“What on earth is Lord Tian Qing afraid of? In this world, apart from Dao Ancestors, who else can make Lord Tian Qing fearful?”

... ..

After the death-like silence, the entire Heaven Lineage exploded.

The Heaven Lineage's powerhouses were all filled with righteous indignation, furious to the extreme.

Tian Qing was the god in their hearts, the divine race's one and only Ten-marks powerhouse!

This guy actually dared to make him get lost!

Tian Qing's expression flickered indeterminately, similarly wishing to smack the gray-pupil Ye Yuan to death with one slap.

But he knew the consequences of smacking this slap down!

This boy was about to break through right away. If really annoyed him, he reckoned that even late-stage Nine-marks would not be able to survive.

Forcibly suppressing the anger in his heart, Tian Qing frowned and said, "You aren't going to transcend the blight tribulation! What kind of cultivation method are you cultivating?"

After calming down, Tian Qing suddenly thought of something and could not resist asking.

The current commotion was completely not the scene of transcending the Deva blight tribulation.

He suddenly remembered those words that Daymeld said after he was rescued.

At that time, he did not pay attention to it yet, but now, he discovered that something seemed to be a little off about Ye Yuan.

The gray-pupil Ye Yuan gave Tian Qing a glance coldly again and said impatiently, "Are you stupid? If I'm transcending the Deva blight tribulation, will I do it right under your eyelids? As for what cultivation method I'm cultivating, you don't need to care! You just have to know it's very strong!"

Tian Qing was speechless

Spiritual energy surged, the gray-pupil Ye Yuan already reached the critical moment of breakthrough.

Hence, he said coldly again, "Still not getting lost? Do you want me to kill people while breaking through?"

Tian Qing could not let out a single word.

This gray-pupil Ye Yuan was really not cute at all!

Tian Qing turned around angrily and left, making everyone's jaws drop.

Including Progenitor Tian Xing, his eyeballs were almost popping out.

Lord Tian Qing was cursed out by a human junior and actually turned around and left without even letting out a fart?

Was this still the Lord Tian Qing that they know?

Tian Qing turned his nose up at the world and was peerlessly unparalleled, fighting through the nine heavens and ten earths. When had he been scolded like this by someone before?

Immediately, a sense of humiliation rose up in the hearts of each divine race powerhouse.

Seeing Tian Qing come over, Tian Xing went up to receive, and gnashed his teeth in hatred as he said, "Lord Tian Qing, this ... Just why is this!"

Tian Qing let out a sigh and said, "I can't kill him, but he can kill you all! This person is ruthless. If we provoke this person, he'll kill off the Heaven Lineage!"

*"Hiss ..."*

Tian Xing drew a cold breath and said with a shocked face, "In that case, the news that came from the human race is true?"

As the Heaven Lineage's upper echelon, Progenitor Tian Xing naturally knew about Ye Yuan's affairs.

At first, he felt that the likelihood of this matter being rumors snowballing was greater.

How could someone possibly escape from under the hands of the nine great Dao Ancestors?

Even if it was the eternal Saint Azure, it would not work too!

Tian Qing nodded his head slightly and said, "I've already confirmed it! Furthermore, his main soul was sucked away by the Eight Extreme Divinities. Right now, this God knows what the hell this existence is doesn't have the slightest feeling. He's more tricky than that one!"

When the surrounding powerhouses heard this scene, each and every one of them was unbelievably shocked.

There was actually such a monstrous person in this world!

No one could have thought that Progenitor Tian Qing actually really made a move before already.

More importantly, he could not do anything to Ye Yuan!

No wonder Progenitor Tian Qing would issue such an order.

Progenitor Tian Xin's complexion was ashen as he said, "This ... This guy is also too strange! His divine soul was sucked away and another divine soul actually appeared again? Also, the cultivation method that he cultivates actually doesn't need to transcend the Deva blight tribulation! No wonder there would be that kind of rumor!"

The rumor that he was talking about was naturally referring to Ye Yuan being able to break the shackles of Dao Ancestor.

Judging from the current situation, it was really not impossible!

Tian Qing's brows also furrowed slightly, the staunchness in his heart suddenly weakening that tiny trace.

He originally did not believe that Ye Yuan could surpass him.

But now, the strangeness that Ye Yuan exhibited really made people feel lacking in confidence.

But right at this time, Ye Yuan started breaking through.

The berserk spiritual energy seemed like a surging tsunami, rolling over toward the direction of the gray-pupil Ye Yuan.

A storm raged fiercely!

However, the gray-pupil Ye Yuan did not refuse any!

No matter how much spiritual energy surged over, he accepted it all!

With regards to the ninth level of the Chaos Heavenspan Canon, Creation Realm and its spiritual energy absorption, it made one's hair stand on end!

Inside the chaos world, the architecture of mountains and rivers, lakes and seas, the sun, the moon, and the stars, became clearer and clearer, and increasingly brighter.

When Tian Qing and the rest of the divine race saw this scene, each and every one of them was dumbstruck with amazement.

They had once ruled the Heavenspan World and understood the human race's cultivation method extremely well.

It was just that, they searched through their memories and also could not find which human major power had such a heaven-shocking breakthrough effect.

If not Deva Realm, then what on earth was it?

Tian Qing's brows were knitted tightly and he murmured, "His world power is so strong! Although his world domain isn't big, this progenitor actually has a feeling of facing the divinities!"

Tian Qing's comprehension of Heavenly Dao was extremely deep.

There was likely no one who could surpass him in this world.

Even Dao Ancestors could not as well.

Therefore, he was extremely sensitive to the world power that Ye Yuan released.

Ye Yuan breaking through, the power of the world spread out, making him have a feeling of facing 'heaven'!

He never had this kind of feeling before!

Progenitor Tian Xing's expression changed greatly and he said, "This ... This is impossible, right? How can someone possibly reach the height of the divinities in this world?"

Tian Qing shook his head slightly and said, "Perhaps, it's my misconception. However, his cultivation method is indeed very strange. He actually doesn't need to transcend the Deva blight tribulation! Furthermore, looking at his appearance, after breaking through this time, I'm afraid that ordinary late-stage Nine-marks won't be his match anymore too."

*Rumble ...*

All of a sudden, the earth quaked and mountains swayed.

This space actually started shaking violently.

Progenitor Tian Xing's expression changed and he turned to look in the direction of the ancestral land.

"This ... What's going on here?"

Tian Qing's expression became even uglier and he said absent-mindedly, "It's the direction of the ancestral land! C-Could it be that he really came out? This ... How is this possible?"

He had lived for countless years and experienced countless things.

But all of it added up was also not as shocking as what he had experienced in this past one year.

*Swoosh!*

A blurry gray figure came whizzing from the direction of the ancestral land.

In a blink of an eye, he arrived in front of everyone.

A figure stood with his hands behind his back, standing not far from Tian Qing.

Tian Qing's expression became extremely solemn, looking at the gray figure in front of him with a frown.

He actually could not quite see through this divine soul in front of him!

It was clearly Ye Yuan's divine soul in front of him.

But it was completely different from before!

As for the specifics of what the difference was, he could not put it into words as well, but it was just different.

"You ... You really came out! How did you do it?" Tian Qing said in shock.

Ye Yuan shrugged and said coolly, "That guy didn't dare to keep me around, and he forcibly chased me out."

### [Unrivaled Medicine God](#)

#### **Chapter 2457: You Liar!**

The corners of Tian Qing's mouth twitched slightly, unhappy inwardly.

*Brag!*

*Just you brag!*

*You're already boasting to the skies!*

*If I believe you, this progenitor would lose!*

To be able to escape from under the hands of the Eight Extreme Divinities, Tian Qing had no choice but to admit that Ye Yuan was very impressive. Ye Yuan exceeded his expectations too much.

It was just that, not daring to keep him around?

*Huhu!*

However, what was the deal with Ye Yuan's divine soul?

Tian Qing discovered that Ye Yuan's divine soul seemed very different from before.

He did not know what was going on, but in terms of quality, this divine soul could be rated as perfect!

Even his divine soul was also far worse compared to Ye Yuan's.

What on earth did this boy experience?

"Who's that guy that you're talking about?" Tian Qing said with a frown.

Ye Yuan shook his head and said, "Don't know. Some rambling guy, but he was really very formidable. He almost refined me to death. But very sadly, he didn't refine me to death, and he let my divine essence metamorphosed instead. *Oh*, right. He called my divine soul as chaos origin divinity. Do you know what it is?"

Tian Qing had a blank look as he shook his head and said, "Never heard of it."

Ye Yuan stopped paying attention to him, but then he turned to look in the direction of the gray-pupil Ye Yuan and said in slight surprise, "This guy has done a good job! Broke through so quickly."

Over there, spiritual energy roiled. Ye Yuan saw that his cultivation realm was currently rising rapidly, assaulting the middle-stage Creation Realm!

It looked like he was about to break through.

Tian Qing looked at Ye Yuan's divine soul, killing intent suddenly arising in his heart.

His understanding of Ye Yuan before was limited to the information that came from the front.

But this time, he had crossed swords with Ye Yuan several times, and he already felt tremendous pressure.

He had never encountered this kind of pressure since he corroborated his Dao!

Even when he encountered Grand Ancestor Spacetime back then and was exiled to spacetime turbulence, it never appeared before too.

This boy could not be let alive!

Ye Yuan was currently looking at himself with all his attention, seemingly oblivious to him.

Furthermore, Ye Yuan was currently in his divine soul body. So he should not be able to execute that bizarre evasion technique.

Plus, the gray-pupil Ye Yuan said previously, as long as the main soul was killed, the gray-pupil Ye Yuan would die too!

Then now, was undoubtedly the best opportunity to kill Ye Yuan!

No opportunity was better than now!

Missing this time, wanting to kill Ye Yuan again would likely be very, very difficult!

How powerful was Tian Qing? He hid his killing intent extremely well but was already accumulating strength in secret.

The moment he made his move, it would be earth-shattering!

Divine soul leaving the body was a major taboo to human powerhouses.

Although the divine soul was strong, it could not withstand the ravaging of the opponent at all.

Once the divine soul was injured, it would be extremely troublesome.

Ye Yuan was undoubtedly committing a huge mistake right now.

But right at this time, Ye Yuan seemed to have a feeling and suddenly turned to look at Tian Qing and said with a smile, "You want to kill me?"

Tian Qing was greatly astonished inwardly. He thought that he hid it extremely well. How could it possibly be discovered by Ye Yuan?

But now that it came to this, how could Tian Qing still show mercy?

Only to see a formidable power instantly burst forth, Tian Qing threw a punch out fiercely.

Everyone was stunned by this sudden scene.

No one could have thought that Progenitor Tian Qing would actually make a move at this time.

He was still talking in a jovial manner a moment ago, but in the next second, he dealt a deadly blow.

But the eyes of the Heaven Lineage powerhouses all revealed excitement.

Lord Tian Qing finally could not stand it and made a move!

Currently, outside the ancestral land, without the enchantment of the eight god statues, space was fragile like paper.

With Tian Qing throwing a punch out, space shattered into pieces like glass.

Those spatial turbulent flows were directly squeezed and receded like the tide.

A terrifying force directly threw the entire Heaven Lineage territory into an upheaval.

This was the might of Ten-marks!

At this moment, it was as if the Doomsday Battle had reappeared.

The entire Profound Heaven Ridge was caved in by Tian Qing.

The gray-pupil Ye Yuan's gaze turned cold, his figure suddenly disappearing, avoiding this blow.

Ye Yuan's divine soul was directly blown up under this terrifying punch.

The gray divine soul fragments scattered flying along with the spatial turbulent flow.

It looked like he was already beyond dead.

When the gray-pupil Ye Yuan saw this scene, his pupils could not help constricting. A piercing cold killing intent instantly covered the entire Heaven Lineage!

At this time, he already just broke through to the middle-stage Creation Realm. Although he had not consolidated his cultivation realm yet, his strength already improved greatly!

“Hahaha ... His divine soul left the body and still dared to be arrogant in front of this progenitor! Brat, farewell forever!” Tian Qing said with a loud laugh.

Seeing Ye Yuan’s divine soul get shattered, Tian Qing felt indescribably invigorated.

With this, future troubles had been severed forever.

“Hahaha ... What did I say?! This punk actually dared to be arrogant in front of Lord Tian Qing, really seeking death!”

“Divine soul shattering, this guy is deader than dead! With this, who else is my divine race’s match?”

“F\*cking hell! Your father was really aggrieved to the extreme in this one year. With this, it finally feels refreshing!”

... ..

When the Heaven Lineage powerhouses saw this scene, each and every one of them was extremely excited.

The gray-pupil Ye Yuan turned the Heaven Lineage upside down in this one year. They had no way of cultivating normally at all.

With this, they finally found the delight of having taken revenge.

Suddenly, Tian Qing felt that something was not quite right.

A piercing cold killing intent engulfed Profound Heaven Ridge!

“Mn? The main soul has already completely dissipated, why isn’t this guy dead yet? Could it be that he can still linger on with a last breath of life for a period of time? Not good!”

His voice had yet to fade when the gray-pupil Ye Yuan already suddenly disappeared from his original spot.

*Pffft!*

*Pffft!*

*Pffft!*

In a blink, more than ten Heaven Lineage powerhouses already died under the gray-pupil Ye Yuan’s sword.

The gray-pupil Ye Yuan did not have the slightest emotion when he acted.

He was terrifyingly calm, his calculation ability powerful to the extreme.

The moment he made his move, it was completely too late for Tian Qing to save.

“I warned you, but you didn’t seem to have listened to my words at all! Since that’s the case, bear the consequences then!” The gray-pupil Ye Yuan’s callous to the extreme voice came over as he murdered the people one by one.

One life after another withered away under his hands.

The current gray-pupil Ye Yuan already broke through to the middle-stage Creation Realm!

His strength was sufficient to eradicate late-stage Nine-marks powerhouses!

Apart from Tian Qing and a few others, who else was his match?

Tian Qing’s expression changed wildly and suddenly pounced over towards the gray-pupil Ye Yuan.

But how could he capture the gray-pupil Ye Yuan’s figure?

The gray-pupil Ye Yuan did not only have a bizarre movement technique. His calculation ability was also extremely powerful, not giving Tian Qing the slightest chance to get close at all.

In just a blink of an eye, there were already hundreds of Eight-marks and Nine-marks powerhouses who died under Ye Yuan’s sword!

“Damn it! You liar! Didn’t you say that if the main soul dies, you’ll die too? Why are you completely fine?” Tian Qing said with a roar.

But the gray-pupil Ye Yuan completely ignored him.

Once the gray-pupil Ye Yuan’s killing spree started, the entire Heaven Lineage fell into chaos.

Everyone scattered and fled, wanting to avoid Ye Yuan.

Tian Qing’s expression changed greatly. A clever idea hit him in an emergency and he roared wildly, “Don’t run! Everyone, come to me!”

After the divine race powerhouses heard that, only then did they feel like they woke up from a dream, drawing close to his side one after another.

But how could their speed be as fast as the gray-pupil Ye Yuan?

The gray-pupil Ye Yuan was still reaping the lives of the Heaven Lineage powerhouses without restraint.

Tian Qing’s heart was dripping blood, but he could not move.

Once he moved, the divine race powerhouses that finally managed to gather around him would become the target of being slaughtered again!

### [Unrivaled Medicine God](#)

#### **Chapter 2458: Bring You Home!**

Powerhouses that filled the sky fell one after another.

Places that the gray-pupil Ye Yuan passed by, not a blade of grass remained!

Everyone was desperately closing in towards Tian Qing, only hating their parents for not giving them another pair of legs.

At this moment, the power of the gray-pupil Ye Yuan was displayed fully!

Only then did the Heaven Lineage powerhouses know why Lord Tian Qing did not let them provoke the gray-pupil Ye Yuan.

This consequence was too terrifying!

But just as everyone was frightened by the gray-pupil Ye Yuan's lethal power, at that shattered void where Ye Yuan's divine soul was originally standing in, clusters of gray-colored particles gathered from all directions and quietly condensed and took shape.

The gray Ye Yuan divine soul condensed once again!

Tian Qing felt something and looking over to this side and his expression could not help changing wildly.

"This ... How is this possible? This progenitor's strike earlier, even if a Dao Ancestor withstands it forcibly, it's certain death too! He ... He's actually fine?" Tian Qing said with a look of shock.

He had clearly already wiped out Ye Yuan's divine soul just now.

But now, that divine soul recovered again!

The gray-pupil Ye Yuan's eyes also became slightly intent, stopping the killing.

He did not know what Ye Yuan's divine soul experienced. When he saw Ye Yuan being killed earlier, he instinctively wanted to kill.

But now, even he was also incomparably surprised.

Under that horrifying attack, Ye Yuan could actually still recover!

Furthermore, it looked like Ye Yuan's divine soul was not damaged at all!

This sort of thing was a little too magical.

Each of the divine race powerhouse present there was inexplicably shocked.

Who could have thought that a wisp of a divine soul could actually remain perfectly unscathed under Progenitor Tian Qing's attack?

This kind of thing was a fantasy tale in itself!

Ye Yuan looked at Tian Qing and said with a smile, "Looks like this chaos origin divinity is still a little useful. Uh, that just now at least proved that there's already no one in the Heavenspan World who can truly kill me, is it this logic?"

Tian Qing opened his mouth, wanting to refute.

But he suddenly discovered that what Ye Yuan said made a lot of sense

Even he could not kill Ye Yuan. So who else could kill him?

This was genuine undying and imperishable!

Although he, Tian Qing, was known as the number one person, undying and imperishable, he was still rather apprehensive of the human race's nine great Dao Ancestors.

If they really fight to the death, there might be the risk of dying too.

But Ye Yuan was truly undying and imperishable!

Now, even if Ye Yuan stood there and let him kill, he could destroy Ye Yuan's physical body, but could not destroy Ye Yuan's divine soul!

His divine soul was undying and imperishable!

This was terrifying!

Ye Yuan's divine soul was even stronger than his physical body!

"You ... What on earth did you experience in the ancestral land?" Tian Qing said in shock.

Ye Yuan smiled and said, "Even if I said it, you won't believe it too! But you rest assured, one day, I'll come and rescue your divine race!"

Tian Qing's expression turned dark and he said, "Ridiculous! My divine race stands above the myriad races, why do we need someone to come and save?"

Ye Yuan shook his head slightly and said with a sigh, "Speaking of which, you all are also a bunch of pitiful people. Tian Qing, can't you all live in peace with the other races? The Heavenspan World is so big, it's also not that there isn't a place to accommodate you all, why do you have to fight until either you die or I perish?"

Ye Yuan knew that even if he recounted the matter in that space, Tian Qing they all would not believe it too.

Because of Li-er's matter, Ye Yuan hated the divine race immensely.

But now, he could not hate anymore.

The divine race was also a group of pitiful people. They were merely being exploited by someone.

As for where these Eight Extreme Divinities came from, it seemed like some research was still needed.

But Ye Yuan was certain that these Eight Extreme Divinities were surely existences above Dao Ancestor!

Fortunately, the Eight Extreme Divinities here seem to be already refined and did not have much individualistic consciousness.

Sure enough, Tian Qing gave a cold snort and said, "My divine race will never be able to coexist with the myriad races! We must dominate the Heavenspan World! We have to take back what belongs to us!"

Ye Yuan shrugged and said smilingly, "Perhaps in the near future, you'll change your mind."

After he finished talking, he looked towards the gray-pupil Ye Yuan and said with a smile, "Are you going back yourself or making me invite you back?"

The gray-pupil Ye Yuan's eyes were still icy-cold. But very soon, his consciousness receded like the tide.

The grayish-white pupils gradually regained their clarity.

The gray-pupil Ye Yuan had long seen through that the present Ye Yuan's divine soul was too strong. He was not a match at all.

With the gray-pupil Ye Yuan's calmness, he naturally knew how to make his choice.

The gray-colored Ye Yuan's figure moved, returning into his physical body.

Ye Yuan returned again!

With his divine soul returning to his body, Ye Yuan felt completely different.

At this time, he had a feeling of overlooking the world.

It was not that his strength was powerful to the extent of overlooking the world. It was that his divine soul communicated with heaven and earth. The perspective of looking at the world became completely different.

If he was looking up to Heavenly Dao in the past, then now, he could compete with Heavenly Dao!

His divine soul was seemingly able to reach above the ninth heaven, overlooking the world!

All kinds of laws, all sorts of rules, seemed to have become very simple when trying to comprehend them with Ye Yuan's current chaos origin divinity.

Originally, he needed to interpret and analyze things bit by bit.

But now, he was standing from the perspective of Heavenly Dao to look at them and comprehend things. Everything seemed to be so simple.

"This is the chaos origin divinity? Seems pretty good!"

Ye Yuan's divine soul had an indescribably sense of invigoration.

A person's greatest pleasure was not the pleasure of the physical body, but the pleasure of the soul.

Currently, Ye Yuan's chaos origin divinity returning to his body, his soul reached this realm!

This sort of feeling was what he had never experienced before.

Swoosh!

Ye Yuan's figure moved, arriving in front of Yue Mengli.

Facing Yue Mengli again, Ye Yuan's mental state was already completely different.

His fingers ran through Li-er's hair, scaring her until she was abruptly about to avoid.

But Ye Yuan grabbed her and kissed her.

All of the divine race members were dumbfounded.

This ... Was showing affection in front of so many people really good?

However, it was so sweet!

When the divine race girls saw this scene, many of them revealed besotted looks.

Which girl did not want their man to be peerlessly domineering and overlook the world?

Yue Mengli's man was someone that even Lord Tian Qing could not do anything to.

Wasn't it normal to be a little more domineering?

Li-er struggled fiercely, wanting to break free from Ye Yuan's embrace.

But at this time, it was as if she lost all strength.

After a long time, their lips parted.

Ye Yuan had a light smile as he looked at Li-er and said, "Wait for me. It won't be long before I'll come and bring you home!"

Li-er blushed, but said, "This place IS my home! Even if it's going home, it's also us fighting back to the Heavenspan World! Ye Yuan, our race is different. In the future ... In the future, best that we don't meet again!"

At this point, her tears burst forth uncontrollably.

But Ye Yuan did not care, lightly caressing her hair as he said smilingly, "Silly girl, you're my, Ye Yuan's woman, and forever will be my Ye Yuan's woman! Don't care what race you are, and also don't care who you are. You are my Ye Yuan's woman! No one can change this! After I return, I'll break those eight idols. Then I'll bring you home!"

#### **Chapter 2459: Shameless!**

Ye Yuan left freely and leisurely, unimpeded along the way.

He wreaked havoc in the Abyss World, turning the entire divine race upside down. Even Tian Qing was powerless to do anything, who else dared to be blind and block his path?

Leaving the Abyss World, Ye Yuan was currently planning on leaving for the Heavenspan Mountain.

At present, his realm had soared and his strength already did not lose to Deva Fifth Blights!

Coupled with his newly acquired and mysterious chaos origin divinity, Ye Yuan wanted to go to the Heavenspan Mountain to test his luck and see if he could find the Tear of Life or other ways to save Mu Lingxue.

But right then, a figure sprang out from the flank.

Ye Yuan focused his eyes and looked, but it was Pang Zhen.

Pang Zhen had an anxious look on his face. When he saw Ye Yuan, he rushed over at the fastest speed.

Seeing Pang Zhen's appearance, Ye Yuan's brows furrowed slightly, immediately having a foreboding premonition.

"Why did you come?"

When Pang Zhen saw Ye Yuan, he had a look of panic as he said, "Ye Yuan, things are bad!"

Ye Yuan frowned and asked, "What happened?"

Pang Zhen recounted the events that happened in this period of time, making Ye Yuan bristle with anger.

It turned out that not long after he left, Sacred Ancestor High Priest exited seclusion from the Primeval War Realm.

Moreover, he broke through to the realm of Dao pill in one stroke!

The so-called realm of Dao pill was reaching the level of rule in Alchemy Dao!

This way, apart from the nine great Dao Ancestors, the myriad races alliance finally had another who reached the realm of rules!

The entire Heavenspan World was greatly shocked for some time.

Another rule powerhouse appearing at this juncture clearly gave a cardiac stimulant to the myriad races.

After Wing exited seclusion, the first thing that came to mind was naturally to find Ye Yuan.

But after he heard about Ye Yuan's encounter, he was greatly enraged.

It just so happened that at this time, Dao Ancestor Life, Lin Chaotian, personally went to find Sacred Ancestor High Priest, to request him to take action and refine Dao pills for Ancestor Water, Ancestor Fire, and Ancestor Wind, three great Dao Ancestors.

These two Dao Ancestors suffered considerable injuries when they fought with Tian Qing last time.

But this level of fighting, injuries were extremely difficult to recover from.

Therefore, Sacred Ancestor High Priest exiting seclusion at this time was clearly at the right time.

But Sacred Ancestor High Priest refused without the slightest hesitation.

Because of Ye Yuan!

What a joke! He could reach the realm of rule and achieve a true Dao pill entirely because of Ye Yuan.

Now, how could he possibly refine pills for Ye Yuan's enemies?

Even if it was Dao Ancestors, it would not work too!

However, Lin Chaotian did not get angry. He put aside his ego instead, using a righteous cause to convince Sacred Ancestor High Priest.

Lin Chaotian said that Heavenly Dao Samsara would begin in the next few years. At this time, they should put the interests of the whole above all else.

If the human race's Dao Ancestors were to lose three people, then the myriad races would absolutely not be the divine race's match.

At this time, they should put aside their personal grudges and grievances, and put the interests of the whole above all else.

Furthermore, Lin Chaotian even said, Ye Yuan's matter was indeed him not considering things properly.

After Ye Yuan returned, he would take the initiative to apologize to Ye Yuan.

The exalted Dao Ancestor Life put aside his ego to say such words, Sacred Ancestor High Priest was still convinced in the end.

Hence, he refined Dao pills for the three great Dao Ancestors, and this thoroughly healed the injuries on their bodies.

But no one could have thought that after the three great Dao Ancestors recovered from their injuries, Lin Chaotian suddenly turned hostile and brought the eight great Dao Ancestors and directly rounded Profound Secrets Bodhimanda up in one fell swoop!

Even Heavenly Emperor Profound Secrets also became a prisoner now!

And the banner that they played was that Ye Yuan had entered the Abyss World. He definitely defected to the divine race.

This way, it was equivalent to confirming Ye Yuan's name as a traitor.

All the people close to Ye Yuan were all locked up.

White Light, Lu-er, Ye Tong, as well as many of Heavenly Eagle Bodhidharma's related people, were all captured.

Even the unpredictable army's upper echelons were also all detained apart from Pang Zhen.

Pang Zhen had an indignant look as he said, "This Dao Ancestor Life has simply lost all balance of judgment! They actually severed their own arm at this juncture for their goal! If not because of my family's ancestor, I'd have long been sent to prison too! Your Excellency, Dao Ancestor Life has already spread the news throughout the Heavenspan World, and even sent it into the Abyss World through certain channels! They're making you go to Origin Enlighten Bodhidharma within a year with the name of the nine great Dao Ancestors, to make an apology and ask for punishment! Otherwise, every half a year, they will kill off one person related to you! At present, there are only three days left away from the half-year date!"

After he finished listening to all these, Ye Yuan still appeared very calm.

However, Pang Zhen had followed him for a few years already. He knew that Ye Yuan at this time was actually the most terrifying!

“Heh, looks like Lin Chaotian doesn’t even want face anymore, in order to obtain the secret on me! Huhu, you want the secret on me, is it? So what even if I give it to you?” Ye Yuan said with a cold smile.

Pang Zhen was rather worried as he said, “Your Excellency, you can’t go! They couldn’t capture you. So they used this sort of method to force you to walk right into a trap! Once you go, you definitely won’t be able to come back!”

Ye Yuan gave Pang Zhen a glance and said, “Who’s the first one that they’re going to execute?”

Pang Zhen’s expression changed, and he said, “I-It’s Wan Zhen!”

Ye Yuan said, “Then do you think that I’m the kind of person to abandon my companions? Relax, they can’t do anything to me! Let’s go!”

If it was before this, Ye Yuan would really be helpless.

But he cultivated the chaos origin divinity now. Even Tian Qing could not do anything to him. So what was he scared of?

Even if I let you kill, could you kill me?

... ..

Today, in front of Origin Enlighten’s mountain pass gates, countless powerhouses gathered.

They were all here to watch the killing!

Ye Yuan’s proud subordinate, the unpredictable army’s chief figure, Wan Zhen, would be sentenced to death today!

It caused a great sensation in the world!

Of course, what they were more concerned with was whether or not Ye Yuan would come!

Ye Yuan entering the Abyss World was already not some secret.

With regards to his move, people at the outside world were all speculating.

It was just that, they all knew that with Ye Yuan’s personality, it was impossible for him to explain anything.

It was also because of Ye Yuan’s pride that made this matter become even more confusing to the eye.

“Do you all think that Ye Yuan would really have defected to the divine race or not?”

“Very likely! I heard that the divine race’s eight great progenitors have invincible might. Back then, they killed our 18 rule powerhouses! Looking at it now, the chances of winning are seriously not high! Moreover, Ye Yuan’s most beloved person has now become the divine race’s divine daughter. There isn’t without this possibility!”

“You’re bullshitting! The divine race members that Lord Saint Azure killed can probably pile up into several Origin Enlighten Mountains! He created an eternal legend, his contributions unparalleled, would he defect to the divine race?”

“Humph! Keep talking rubbish and I will smack you to death with a palm! The Dao Ancestors’ manner of eating is also too unsightly! They went back on their word and actually made a move against the people around Saint Azure! What Saint Azure said is definitely the truth!”

“T-Talk nicely, don’t attack!”

... ..

In the crowd, there were a lot of discussions.

The public’s opinions on this matter varied because of Ye Yuan’s failure to explain in the first place.

After all, no one had evidence to prove this.

But Dao Ancestor Life not keeping his word, this matter was already spread by Sacred Ancestor High Priest.

Therefore, the nine great Dao Ancestors’ reputation currently was very bad,

Of course, to them, this level of powerhouses, all were ants beneath Dao Ancestors. They would not care about these people’s discussions at all.

#### **Chapter 2460: Mettle!Mettle!**

“Stop looking! He won’t come, and he also won’t dare to come! Huhu, who do you think you are? You’re merely a dog under him. He made use of you all to fight battles across the land, performing meritorious exploits, bolstering his name of Saint Azure. Do you feel that he’ll risk his life for a dog?”

Lin Huan looked at the Wan Zhen who was tied onto the wooden stake and said with a disdainful smile.

Today was the day of the execution. The first target was Wan Zhen!

Wan Zhen had his divine sea sealed and was fixed onto the wooden stake with Origin Enlighten Mountain’s unique method, being unable to move at all.

He looked toward the horizon from time to time, not that he was longing for that figure to appear.

On the contrary, he was worried about that person showing up!

Regardless of the friendly relation between them, that person was humanity’s last hope.

If he folded at his own people’s hands, the human race would really have no hope.

Wan Zhen was different from the rest. His plans were very big, harboring the world in his heart.

It was also precisely because of this, that his relationship with Ye Yuan was the best.

Hearing Lin Huan’s ridiculing, he sneered and said, “When we were fighting at the front-lies, where were you all, these lords? Really want to talk about exploiting, it’s also you all, these despicable and

shameless people, who are making use of the myriad races' powerhouses, right? Does the name of Saint Azure need to be proven with this kind of battle? Huhu, if I were a dog, then you're even less than a dog and pig!"

Lin Huan's face turned grim and he said in a cold voice, "What a joke! If not for our family's ancestor and the eight great Dao Ancestors garrisoning, the Heavenspan World would have long fallen! You also dare to show off in front of this emperor with that bit of meritorious deed?"

Wan Zhen laughed loudly when he heard that and said, "Hahaha ... it's really making me die of laughter! Your family's ancestor garrisoning? They were planning how to get the secret on Ye Yuan, right?! If they're really doing it for the human race, they would have long gone to the Abyss World! If they are not going now, could it be that they are waiting until after Heavenly Dao Samsara before going?"

Pah!

A resounding slap landed on Wan Zhen's face, directly slapping until he spat a mouthful of blood.

How heaven was the slap of a Deva Fifth Blight?

Lin Huan snorted coldly and said, "Razor-tongued! At present, Ye Yuan's traitorous name has already been established. I want to see how he is going to face the heroes of the world!"

"Ptooeey!"

Wan Zhen spat a mouthful of blood and said disdainfully, "Just the likes of you also dare to call yourself a hero? Where's your face?"

By the side, Lin Lang said disdainfully, "Third Grandpa, stop talking rubbish with him! The hour has arrived, do it!"

Lin Huan nodded his head and said in a loud voice, "The hour has come. It looks like Ye Yuan has long already broken his faith, and he defected to the divine race! It's impossible for him to come anymore! Of course, Wan Zhen was in collusion with Ye Yuan and let Daymeld go together! The most heinous of crimes! Now, this emperor will execute justice on behalf of heaven, and deal out capital punishment to him!"

Lin Lang stepped forward, holding a jade plate in his hand.

Rows of exquisite short knives were placed on the jade plate.

This short knife was called Devastation Bone Gnawing Knife, an extremely cruel punishment tool.

With this short knife penetrating into the body of a martial artist, it would slowly cut off the martial artist's life vitality. However, they would not die right away.

That sort of feeling was even more painful than being sliced to a thousand pieces!

Lin Huan picked up a small blade and waved it in front of Wan Zhen and said smugly, "Punk, you've presumably heard of the Devastation Bone Gnawing Knife before too, right? Today, I'll let you have a taste of this! This is the outcome of betraying the human race!"

"Ptooeey!"

Wan Zhen spat, but sadly, it did not hit Lin Huan.

It was just that his face did not have any trace of fear. What could be seen there was only anger.

He was angry for failing to live up to expectations!

He mourned his misfortune!

The nine Dao Ancestors being humanity's strongest people were actually people who turned their back on the world for their own selfish interests!

Seeing that Wan Zhen was not afraid, Lin Huan could not help feeling a little dull.

But he did not care, he had not seen anyone who could survive under the Devastation Bone Gnawing Knives!

Puchi!

Lin Huan did not hesitate in the slightest, directly plunging a knife into Wan Zhen's heart position.

"Ugh!"

A feeling of being penetrated into the deepest part of the heart instantly spread throughout his four limbs and bones.

Wan Zhen could not help but let out a muffled groan, cold sweat instantly drenching his whole body.

But he endured forcefully and did not cry out.

Lin Huan's brows furrowed slightly, very unhappy with Wan Zhen's behavior.

At this time, he should be hurting until he knelt on the ground and begged for mercy!

"Huhu, can really endure huh! This emperor wants to see how long you can hold out for!"

Lin Huan laughed coldly and plunged another knife in.

"Ugh!"

Wan Zhen let out another muffled groan, but he still stubbornly did not make any sound.

"H-Huhu, are you very disappointed? Do you think that I won't be able to stand it and open my mouth to beg you for mercy? You're thinking too much! There are no cowards among Lord Saint Azure's subordinates! Just you ... bring it on. If I were to make a sound, I, Wan Zhen, am not worthy to be Lord Saint Azure's subordinate!"

Wan Zhen gasped the cold air as he said.

Lin Huan's expression became very ugly.

And Wan Zhen's stubbornness also made many powerhouses extremely moved.

"Such mettle, even if you beat me to death, I also won't believe that Lord Saint Azure will betray the human race!"

“Yeah! As the saying goes, a crooked stick will have a crooked shadow! Facing the punishment of the Devastation Bone Gnawing Knives, he didn’t even bat an eyelid. This is absolutely not what a traitor can do!”

“It’s too much! Really too much! I feel that Dao Ancestor Life is simply throwing dirty water!”

... ..

Everyone knew the terror of the Devastation Bone Gnawing Knife. Using terms like bone-festering and overwhelming the soul to describe were also not over the top.

But facing such a terrifying punishment, Wan Zhen actually kept a straight face. How strong of a willpower did this require?

Even the subordinates had such a strong will, how could Saint Azure himself possibly betray humanity?

A lot of discussions transmitted into Lin Huan’s ears, making him even more enraged.

Puchi!

Another knife!

However, Wan Zhen still only gave a muffled groan.

His complexion was already as pale as paper. He was clearly in agony to the extreme.

But he still did not flinch at all!

Just like that, one blade after another, Wan Zhen did not make a sound from start to end.

Several times, he fainted from the pain and woke up again from the pain.

But even so, he did not cry out.

He used his own actions to defend what he said!

Lin Huan’s expression became more and more ugly.

He did not expect that this Wan Zhen to actually be so stubborn.

“Humph! Since that’s the case, go to hell then!” Lin Huan took another knife and was about to stab into Wan Zhen’s body.

“Stop!” Right at this time, an angry roar came over.

A peerlessly powerful aura approached from afar.

This was the aura of a rule powerhouse!

At virtually the same time, a powerful aura similarly swept up from the direction of Origin Enlighten Mountain.

Sacred Ancestor High Priest looked at Ancestor Fire with a wrathful face as he yelled angrily, “You all are too much! Immediately stop the execution! Otherwise, this ancestor will definitely go on a killing spree today!”

Ancestor Fire just said coolly, "Fellow Daoist Wing, this boy's traitorous name has already been confirmed. Executing him in front of the world now, you don't have a reason to intervene!"

Sacred Ancestor High Priest said furiously, "Screw you! Who confirmed it? What evidence do you have?"

Ancestor Fire did not get angry either and said coolly, "He and Ye Yuan let Daymeld leave! This is an iron-like fact!"

Sacred Ancestor High Priest nearly fainted from anger and said angrily, "Weng Xian, I was really blind, to have actually refined pills for you, this ingrate!"
