#### Chapter 2461: You Shouldn't Have Come!

"Fellow Daoist Wing, you're currently a member of our generation too. Your horizons should be placed further. You refining pills for the few of us, it's for the human race's overall situation. We're eliminating traitors similarly for humanity's good. I know that your relationship with Ye Yuan is good, but his talent is too strong. His betrayal poses too great a threat to us. That's why we have no choice but to resort to such means!"

Ancestor Fire Weng Xian's expression did not change and his heart did not race, but he continued to persuade Sacred Ancestor High Priest with earnest words and the best intentions.

That appearance was like he was standing on the moral high ground.

"Further my ass! Weng Xian, this farther of yours won't believe your nonsense anymore! Ye Yuan will betray the human race? Heh heh, even if the few of you old things die out and there's only him left in this Heavenspan World, he won't betray the human race too! Very good! This ancestor hasn't fought with a same rank powerhouse after attaining Dao. Today, this ancestor will measure how strong a Dao Ancestor is!"

Wing gave a cold laugh, the imposing aura on his body suddenly erupting. The power of rules bloomed in an instant.

Boom!

With one punch, heaven and earth shook.

Two great rule powerhouses faced off in an instant just like that!

Sacred Ancestor High Priest attacked in anger, his power boundless.

Except, his foundation was ultimately not as deep as Ancestor Fire's.

Around Ancestor Fire, terrifying flames virtually burned a large hole in the void.

Each move carried extremely terrifying energy undulations.

In a twinkle, he suppressed Sacred Ancestor High Priest.

Seeing this scene, the corners of Lin Huan's mouth could not help revealing a hint of a smile, and he looked at Wan Zhen and said, "Did you think that you were saved? It's useless! No one in this world can save someone from Origin Enlighten Mountain!"

As he said, he picked up a Devastation Bone Gnawing Knife and suddenly stabbed toward Wan Zhen.

But right then, an abnormality suddenly occurred!

A streak of cold light suddenly appeared from the void.

Carrying a swift and fierce to the extreme sharp edge, it shot toward Lin Huan.

Pffft!

Lin Huan did not even have time to react and was directly pierced through by this streak of cold light.

A tremendous force directly carried Lin Huan flying out, nailing him onto a rock.

Lin Huan opened both eyes wide, his gaze full of disbelief.

Gurgles of blood were flowing out of his mouth, his entire body twitching.

Everyone was stunned by this streak of cold light.

Too fast!

Fast until no one reacted to it!

Even Lin Huan, this Deva Fifth Blight supreme powerhouse, got hit without any reaction.

Furthermore, this sword shuttled through the void, the speed swift to the extreme.

By the time Lin Huan reacted, the sword already arrived in front of his chest.

At this time, no matter how fast his speed was, it was also impossible to avoid it anymore.

A sharp-eyed person recognized the origin of this sword and immediately cried out in surprise, "S-Sword of Spacetime! It's Ye Yuan's Sword of Spacetime! Saint Azure Ye Yuan came!"

His voice had yet to fade when a figure stepped out of the void, arriving beside Wan Zhen.

Who was it if not Ye Yuan?

With Ye Yuan appearing, everyone exclaimed in surprise.

"He ... He really came!"

"He actually really dared to come!"

"Hang on! How did he become so strong?"

"Yeah! Back then, his full power sword barely managed to harm Lin Huan. This time, he actually pierced through him with one sword!"

... ..

The powerhouses all over the mountain were extremely shocked.

They were first shocked by Ye Yuan's courage. But very soon, they discovered that something was not right.

Ye Yuan had once used the same move against Lin Huan before.

At that time, he only barely managed to hurt Lin Huan.

But just how long had passed? Ye Yuan actually nailed the Deva Fifth Blight Lin Huan onto the rock with one sword!

Looking at Lin Huan's appearance, he had clearly already sustained serious injuries and did not even have the strength to fight anymore.

This improvement was also a little too terrifying, right?

The thing that Wan Zhen was most worried about still happened.

Unless Ye Yuan did not know about this, if he knew, he would definitely come!

"Pang Zhen! You ... Why did you have to tell His Excellency!" Wan Zhen looked at the Pang Zhen behind Ye Yuan as he said furiously.

Pang Zhen had an awkward look, but Ye Yuan said coolly, "A brother encounters adversity; how can I stand by and watch him die?"

Wan Zhen let out a sigh and said weakly, "Your Excellency, you ... you shouldn't have come!"

Ye Yuan did not speak, suddenly hitting a palm on Wan Zhen's body.

A torrential-like divine essence poured into Wan Zhen's body crazily.

Those Devastation Bone Gnawing Knives were shaken by these divine essence and were actually pulled out at the same time, being suspended in the air.

Ye Yuan pointed with his fingertip. The Devastation Bone Gnawing Knife plunged into Lin Huan's heart-area with a swoosh.

"Ahhh!!"

Lin Huan cried out miserably, struggling incessantly in pain.

It was just that his body was nailed onto the rock. He could not break free at all.

The more he struggled, the more painful it was.

It was as if Ye Yuan did nothing at all, looking at Wan Zhen and said smilingly, "You know that there's no way I won't come. Furthermore, even if Pang Zhen didn't say it, I'll know very soon too. They laid down such a huge scheme, wasn't it to let me know?"

While talking, his fingertip pointed again.

Another knife tore through the air and plunged into Lin Huan's body.

"Ahhh! I-It's killing me! I ... I'm going to die! Y-Ye Yuan, I-I beg you, let me go!"

Lin Huan did not have Wan Zhen's mettle. With two knives entering the body, he was almost collapsing.

That sort of pain that entered the marrows made him prefer to commit suicide.

He could not care that much anymore, he wanted to ask Ye Yuan for mercy.

Ye Yuan ignored him and instead, pointed with his fingertip again.

Another knife!

Lin Huan felt as if there were ten thousand ants devouring his body.

That sort of pain simply made people unable to pray for life, nor beg for death.

He knew that the Devastation Bone Gnawing Knife was very painful, but he never expected that it was actually agonizing to such a degree.

When the powerhouses all over the mountain saw this scene, each and every one of them drew a cold breath.

They witnessed Ye Yuan's cold-blooded side.

The current Ye Yuan gave them a feeling of shivering without it being cold.

Facing those who hurt his friends, he would return it double.

Furthermore, as an alchemy path overlord, his knives were much more precise than Lin Huan's.

He knew where to hit to make it more painful!

Ye Yuan helped Wan Zhen down and handed him to Pang Zhen. Then he gave in a medicinal pill in passing and said, "Give this to him, you take care of him."

As he said, he turned to look at the Sacred Ancestor High Priest who was battling in the sky and yelled, "Stop fighting. Come down and save people."

When Sacred Ancestor High Priest heard that, he hurriedly withdrew from the battlefield and came howling down.

Ancestor Fire did not pursue either. Their goal was Ye Yuan. Sacred Ancestor High Priest was not important.

Ye Yuan came. So he did not have a need to fight to the death with Wing.

When Sacred Ancestor High Priest came down to see Ye Yuan, his expression was very ugly and he said in a deep voice, "You punk, why did you come? Don't you know that this is a scheme targeting you?"

Ye Yuan shook his head and said, "I know, but you know that I can't possibly watch them die for me!"

Sacred Ancestor High Priest frowned and said, "But do you think that by coming, they will let them go? They will still use these people to threaten you!"

But Ye Yuan shook his head and said with a smile, "They won't!"

Sacred Ancestor High Priest was taken aback, not knowing where Ye Yuan's confidence came from.

"Ahhh!!"

There was another scream, Ye Yuan sent out another knife while talking.

#### **Chapter 2462: Dao Ancestor Eating Dust!**

Seeing Lin Huan's miserable state, the corners of Sacred Ancestor High Priest's mouth twitched slightly.

These were only four knives, and Lin Huan was already hurting until his expression was contorted. There was no way of comparing him to Wan Zhen at all.

One had to know, Wan Zhen was stabbed with dozens of knives earlier, but he did not make a sound.

“Won’t? Huhu, you’re also underestimating these guys’ shamelessness too much!” Sacred Ancestor High Priest said with a cold snort.

Previously, he respected Dao Ancestor powerhouses from the bottom of his heart too.

The strong were always worthy of respect.

However, ever since he was tricked into refining pills, his perception of the nine great Dao Ancestors already dropped to freezing point.

“Ahhh! I ... I’m going to die! Ye Yuan, I beg you, kill me! I ... I can’t take it anymore!” Lin Huan having been struck by a knife again, cried out miserably.

Ye Yuan ignored him and continued, “They won’t. Lin Chaotian will know the consequences of provoking me!”

Sacred Ancestor High Priest’s brows furrowed slightly, and he said, “I know that they can’t catch you, but you’re currently hesitating to take action out of fear of damages. What can you do to them?”

Swoosh!

Ye Yuan did not even turn his head back and dealt another knife, then said smilingly, “I’m indeed hesitant to take action out of fear of damages, but they will be cautious in taking action. No need to use this sort of eyes to look at me. You just watch by the side. Today, I’ll invite you to watch a good show! Oh, right! Treat Wan Zhen. He only has a breath left. The medicinal pills that I brought with me aren’t strong enough. So you do it.”

Swoosh!

Another knife!

When everyone saw Ye Yuan torture Lin Huan until he was transported away and wished to die while talking in a jovial manner, they could not help drawing cold breaths.

That sort of piercing cold killing intent, they felt it.

Ye Yuan arrived in front of Lin Huan and said with a gleeful smile, “You already want to seek death? It’s just seven knives, what you gave Wan Zhen, I won’t return to you twice as much either, you just have to take it all according to the bill.”

Pffft!

As he said, it was another knife stabbing Lin Huan.

Lin Huan hurt until he gasped cold air heavily and already could not speak.

He had never experienced this sort of taste before.

With his status, who dared to let him experience it?

While talking, there was a ripple in the void. A powerful aura appeared in everyone's line of sight.

It was precisely Dao Ancestor Life, Lin Chaotian!

When he saw Lin Huan's miserable state, he frowned and said, "Ye Yuan, enough!"

Ye Yuan looked at him and could not help laughing as he said, "Enough? Lin Chaotian, who do you think you're talking to?"

Lin Chaotian smiled coldly and said, "Why? Do you still think that you're that Saint Azure? You betrayed the human race. So we nine great Dao Ancestors have already jointly agreed to take back your title of Saint Azure! Why can't this ancestor speak to you like this?"

Ye Yuan was indifferent as he said with a faint smile, "Saint Azure? Huhu, do you think that I'd care about this sort of empty reputation?"

Lin Chaotian said disdainfully, "Since you forsake the title of Saint Azure, could this ancestor as the number one Dao Ancestor, be afraid of you still? Moreover, the people around you are all complicit in your betrayal of the human race. You dare to act wildly on my Origin Enlighten Mountain?"

Ye Yuan said coolly, "Then I'll let you take a look at what right I have to talk to you this way!"

Swoosh!

In a blink of an eye, Ye Yuan's figure disappeared.

Disappearing together with him was also Lin Huan.

Lin Chaotian's expression changed, immediately having a foreboding premonition.

Puu, puu, puu ...

Several figures directly burst into clouds of blood mist, dying until not even dregs remained!

One of them was Lin Lang!

There were also several Deva Third Blights who died along with them.

Everyone opened their mouths wide, looking at that figure with shocked faces.

This ... Just who was holding back from taking action for fear of implications?

Lin Chaotian's side had not killed anyone yet and Ye Yuan actually went on a killing spree already!

Lin Chaotian's face turned grim and he said furiously, "Ye Yuan! Do you really take it as this ancestor doesn't dare to kill people?"

Ye Yuan ignored him. His figure moved and actually disappeared from where he was once more.

Very soon, Lin Chaotian sensed Ye Yuan's aura. He was actually heading in the direction of Origin Enlighten Mountain's central region.

Lin Chaotian's pupils constricted. That mountain peak was the place where a Deva Fifth Blight was at.

This person was his grandchild called Lin Xiu. His strength was even stronger than Lin Huan.

This fellow was actually going to kill a Deva Fifth Blight?

Lin Chaotian's speed was very fast. But unfortunately, he was not as fast as Ye Yuan's teleportation!

Ye Yuan already shook him off in just a blink of an eye!

His pupils shrunk and he said in shock, "Just how long has it been? This guy became significantly stronger again!"

Lin Chaotian did not dare to dawdle, his figure immediately flashing, shuttling into the void and chasing after.

Ye Yuan did not hide his tracks in the slightest. An extremely powerful aura headed for Understanding Peak.

Lin Xiu was currently cultivating when he suddenly felt a powerful aura rushing over head-on, and his brows could not help furrowing.

However, he took no notice of it. The look of this aura was also just like someone who newly entered Deva Fourth Blight; far worse than him.

It was only to see him take a step out, already meeting Ye Yuan.

"Who's the arrival? To dare be unbridled in Origin Enlighten Bodhidharma, are you courting death?" Lin Xiu's brows furrowed, already striking with a sword.

Ye Yuan's speed was swift to the extreme, the Sword of Spacetime already in hand!

He did not say a word, lifting his hand, it was a sword!

"Courting death!"

Lin Xiu gave a cold snort, already genuinely enraged, urging his martial technique to the extreme.

Originally, he did not take it to heart.

But very soon, he felt that something was not right.

This sword of Ye Yuan's had an unstoppable momentum!

Reaching Ye Yuan's boundary, he already reached the realm of returning to one's original simplicity.

Coming and going, it was one sword!

Swoosh!

The two figures intersected and passed by, in only an instant.

Ye Yuan did not stop, his figure disappearing again, already headed to another mountain in a threatening manner!

There was another Deva Fifth Blight!

Deva Fifth Blights were extremely rare in the outside world. But to a bodhidharma that had existed for ten billion years of time, their accumulation was naturally extraordinary.

Ye Yuan's chaos origin divinity communicated with heaven and earth. Every powerhouse here could not escape his eyes and ears.

Lin Xiu's figure was still stopped in midair as if scared silly.

But right then, Lin Chaotian had just arrived.

He took a look at Lin Xiu and his expression changed wildly!

Lin Xiu was already without any life force!

Ye Yuan's sword was too fast, resulting in Lin Xiu still maintaining his original posture even after he died!

Crack!

The Dao artifact in Lin Xiu's hand directly snapped into two.

Half of it was still grasped in his hand.

Then his head slipped off gently, his corpse falling softly.

It turned out that Lin Xiu was actually decapitated already!

Lin Chaotian's heart shook wildly. What kind of situation was this?

Killed a Deva Fifth Blight with one sword?

One had to know, Deva Fifth Blights had reached the summit, and they were only a step away from Dao Ancestor!

Even if Lin Xiu was not a top Deva Fifth Blight, he was also not someone who could be killed with one sword!

How could Ye Yuan's strength be formidable to such an extent?

Suddenly, he somewhat understood what the words Ye Yuan said meant!

And while he was in a daze, Ye Yuan's figure already flew away from that mountain. He headed for the third mountain!

Another Deva Fifth Blight died?

Lin Chaotian completely could not describe the shock in his heart currently.

He, a Dao Ancestor, could only follow behind Ye Yuan and eat dust?

The last time he left, Ye Yuan was very strong but definitely not strong to such a degree!

Now, he could actually effortlessly kill Deva Fifth Blights already!

Suddenly, his expression changed greatly, and he said in alarm and anger, "Enough! Ye Yuan, this ancestor admits that you have the qualification to negotiate with me!"

### **Chapter 2463: You Won't! You Also Won't Dare!**

Pfft ...

A sword drifted by, the third Lin Family's Deva Fifth Blight snuffed it just like that.

Ye Yuan completely ignored Lin Chaotian's yell.

He killed the third person before finally stopping.

Within a short 20 breaths of time, the Lin Family had three Deva Fifth Blight powerhouses dying in a row!

Those powerhouses who came to watch the show were all transfixed.

They were shocked by Ye Yuan's might until they found it hard to breathe!

One person, one sword, forced the number one Dao Ancestor to give in.

This battle achievement simply made people despair.

"S-So strong! One sword instantly killing Deva Fifth Blights. In this world, apart from Dao Ancestors, there's probably no one who can do it, right?"

"From Ye Yuan leaving Origin Enlighten Mountain the last time until now, it's been merely several years! His strength actually grew to such an extent, truly terrifying!"

"The further one cultivates, the harder it is to drag their feet. But why do I feel that the further he goes, the faster he gets instead?"

... ..

They marveled at Ye Yuan's talent. It could simply be described using the term monstrous.

Only when he saw Ye Yuan stop did Lin Chaotian let out a slight sigh in relief.

If Ye Yuan continued killing like this, his Lin Family would likely become him alone, a solitary seedling.

Although these people were all his descendants, Lin Chaotian actually did not care about them.

His mindset was already different from these people.

If this descendant of his died, just give birth again.

What he dreaded was Ye Yuan's strength.

The present Ye Yuan already had the capital to pose a threat to him!

Although he could use White Light their lives to threaten Ye Yuan, if he really pressed Ye Yuan into a corner, Ye Yuan might run and find a place to hide.

Before long, probably even him, this Dao Ancestor, would not be Ye Yuan's match anymore.

This was what he dreaded the most!

At this moment, he also finally understood what basis Ye Yuan had to dare come.

Fortunately, he still had many chips on hand.

He knew that with Ye Yuan's temperament, he definitely would not leave those people alone.

"Ye Yuan, you're too ..." Lin Chaotian was just about to berate Ye Yuan, but he was stopped by Ye Yuan with a hand gesture.

It was only to see Ye Yuan casually throw Lin Huan onto the ground.

Puchi!

Another knife!

"I have yet to finish just now. After this guy breathes his last, we'll talk again," Ye Yuan said without even turning his head back.

There was no Dao Ancestor in his eyes at all.

Lin Chaotian said angrily, "You already killed three Deva Fifth Blights of my Lin Family! You still dare to kill people in front of my face? Let Lin Huan go! Otherwise, your people will die too!"

Ye Yuan turned his head to give him a glance and said with a faint smile, "You won't! You also don't dare!"

When Lin Chaotian heard that, he could not help choking. This guy actually saw through everything!

He had nothing to fear!

Killing people did not have the slightest use apart from infuriating Ye Yuan!

His eyes were incomparably dark, the two eyes virtually gouging flesh out of Ye Yuan.

But Ye Yuan ignored his murderous gaze and continued torturing Lin Huan.

The entire mountain was deathly silent. It was only Lin Huan's screams like a pig getting slaughtered spread throughout the wilderness.

He either begged for mercy, or wailed bitterly; or was awake, or fainted.

All in all, this process was extremely painful.

"Heh heh, His Excellency's technique is really marvelous! This guy deserves to die! Do you feel satisfied, Brother Wan?" Pang Zhen said with an excited look.

After Wan Zhen was treated by Sacred Ancestor High Priest, his complexion already became much better.

A Dao pill powerhouse taking action, would it be of the common sort?

Hearing Pang Zhen's question, Wan Zhen also nodded and said smilingly, "This guy indeed deserves death! Those heroes who died miserably on the battlefield, became utterly worthless when it came out of his mouth! Heh, what irony!"

Pang Zhen nodded and said, "If these pigs assume airs at the back, then forget it. We went through fire and water. What we exchanged for was them making light of it! Heh heh, it's still his excellency who is impressive! Really satisfying!"

Wan Zhen looked at him like looking at a fool and suddenly said furiously, "You pig! Who told you to tell His Excellency?"

Pang Zhen was taken aback and said, "What's wrong? Isn't it pretty good like this? Dao Ancestor Life can't do anything to His Excellency at all!"

Wan Zhen wished to smack him to death with one slap. Pang Zhen had excess valor and vigor but was lacking in intellect.

He did not know what Ye Yuan appearing here meant.

Wan Zhen had a disappointed expression as he gritted his teeth and said, "You dumb pig! The stronger His Excellency is, the more dangerous it is to come here! Do you think that Lin Chaotian will let him leave? His Excellency's high morality reaches the clouds, he definitely won't watch the people around him die for him! Now, His Excellency exhibited such formidable strength, Lin Chaotian will definitely not be contented with anything less than his destruction! You ... You ... sigh!"

Sacred Ancestor High Priest's expression was also solemn as he said, "Previously, they coveted the secret on Ye Yuan, but now, it's different! Ye Yuan already possesses the strength to threaten them. So they won't let Ye Yuan off! Furthermore, with Ye Yuan's character, most likely ... he'd rather die than be willing to let something happen to the people around him!"

Pang Zhen's complexion became more and more pale, and then he suddenly became a little flustered.

He also did not think that the consequences would be so severe.

"This ... This ... Then what should I do?" Pang Zhen panicked.

"What else can we do?! Take it one step at a time!" Wan Zhen said helplessly.

He knew about Ye Yuan's temperament. Since he came, even the Jade Emperor would not be able to persuade him either.

No idea how long had passed, Lin Huan finally stopped moving.

Ye Yuan patted his hands and turned to Lin Chaotian and said, "Alright, we can talk."

The corners of Lin Chaotian's mouth twitched slightly and he said in a solemn voice, "Go to Origin Enlighten Hall, they are all waiting for you!"

Ye Yuan smiled and said, "What can't be discussed in front of everyone? Didn't you say that I'm the human race's traitor? Now, shouldn't you carry out an execution against me on the spot in front of everyone? Alright, I'm hesitating to take action out of fear of damage now and won't fight back."

Lin Chaotian felt a myriad of profanities race across his mind, but he suppressed his fury and said, "Brat, don't reach for a yard after taking an inch!"

Ye Yuan shrugged and said, "Reaching for a yard after taking an inch seems to be you, right? I want to see my people. If they are missing a single hair, I'll turn your nine great Dao Ancestors' bodhidharmas into seas of blood!"

Talking till the end, Ye Yuan seethed with killing intent again.

If it were before, everyone would naturally laugh it off.

But now, no one treated him like he was joking.

He would really kill people!

The corners of Lin Chaotian's mouth twitched again and he said, "You rest assured. This ancestor didn't do anything to them! Come, men! Bring the people to Origin Enlighten Hall!"

Finished talking, he turned to Ye Yuan and said, "Now, can we go?"

Ye Yuan said to Sacred Ancestor High Priest, "After White Light they all come out, you bring them away."

The three people's faces changed, all discerning overtones.

Ye Yuan knew that he would not be able to come out anymore!

Lin Chaotian would not give him this chance!

Ye Yuan followed Lin Chaotian into Origin Enlighten Hall, but the outside world burst into an uproar.

Those last few words at the back, Ye Yuan was not deliberately mocking Lin Chaotian, but he was doing it on purpose.

It was for the sake of letting everyone know the nine great Dao Ancestors' true faces!

The meaning of these words was deep.

How could clever people not understand that there was something fishy going on?

Since it was a major matter that concerned the human race, why not talk in front of everyone?

Moreover, what else was there to talk about?

Just kill and be done with it!

There was something fishy going on!

#### **Chapter 2464: Heavenspan's Events Shock the World!**

"This isn't right! Why do I feel more and more that the few great Dao Ancestors are doing it for the secrets on Ye Yuan?"

“Mn!?! I feel that way too! This matter is too suspicious!”

“There’s nothing that can’t be publicized! Especially major things that concern humanity’s fate! If Ye Yuan really betrayed the human race, why can they say it in front of everybody?”

... ..

Before Origin Enlighten mountain pass gates, the numerous powerhouses were discussing animatedly.

There was no shortage of Deva Fourth and Fifth Blight powerhouses present.

The conflict between the Dao Ancestors and Saint Azure affected the rise and fall of the myriad races. They could not help but pay attention.

After all, the Doomsday Battle was not over yet.

What was coming was the truly devastating war!

This matter got into such a mess, everyone wanted to see an outcome..

But who knew that at this final juncture, the Dao Ancestors shut the doors and did not let them see anything anymore!

... ..

“Big Brother!”

“Young Master!”

“Ye Yuan!”

... ..

When Lu-er, White Light, Ye Tong, and the rest saw Ye Yuan, each and every one of their expressions were very ugly.

They were least willing to see Ye Yuan come over. But he still came.

*Swoosh!*

A pink shadow rushed into Ye Yuan’s embrace and dug with its snout non-stop.

Ye Yuan pat Treasure Pig smilingly and stuffed a few medicinal pills for him.

Treasure Pig was satisfied, his head tilting and falling asleep.

It was also strange. With Ye Yuan’s present realm, he actually still could not see through this little fellow.

“Ye Yuan, you’ve seen your people. Now, can we sit down and talk?” Lin Chaotian said in a cold voice.

The nine great Dao Ancestors’ auras were constantly locked onto Lu-er and the rest.

If there was a trace of rustling leaves in the wind, he would immediately kill these people.

This was also a warning to Ye Yuan.

It was hard for him to kill Ye Yuan. But killing Lu-er they all only needed a thought!

But Ye Yuan said with a smile that was not a smile, "Talk about what?"

Lin Chaotian said, "Talk about ... the secret on you!"

Ye Yuan laughed loudly when he heard that and said, "Finally unfurled the map to reveal the dagger? Lin Chaotian, your behavior really makes people feel like vomiting!"

Ancestor Fire gave a cold snort and said, "Enough nonsense! Ye Yuan, hand over your secret! Otherwise, they will all die!"

Ye Yuan gave Ancestor Fire a glance pitifully and sighed endlessly.

Ancestor Fire's brows furrowed slightly and he said, "What's the meaning of this? Are you handing it over or not?"

Ye Yuan smiled and said, "I'm pitying you all! You all schemed for a long time and set up such a huge scheme. In the end, the thing that you obtain won't be of any use at all! *Huhu*, pitiable, lamentable!"

Ancestor Water said coolly, "Whether it's useful or not, don't need you to worry about it! Better hand it over first. Otherwise, once our thoughts stir, they won't be able to bear it."

Ye Yuan held his palm out, a small mountain appeared in his palm.

Immediately, an aura of Great Dao rippled out!

The faces of the nine great Dao Ancestors as well as everyone present was astounded by this aura.

This aura was seemingly akin to flowing water that got into every opening, filling the entire Origin Enlighten Mountain Range in an instant.

This was not enough yet, it was still flowing to even further places.

Outside the mountain pass gates, everyone was dumbstruck with amazement!

"What's this? What a strong aura of Great Dao! Why do I feel like the Heavenspan Mountain was moved to Origin Enlighten Mountain Range?"

"It came from the direction of the great hall! Sure enough, did Ye Yuan reveal his secret?"

"*Hahaha*? ... what a joke! What betraying the human race! What human race's righteous cause! The nine great Dao Ancestors are treating all of us like fools! His goal is simply the secret on Ye Yuan!"

"Shameless! Utterly contemptible! How can there be such a shameless person in this world?"

... ..

The public opinion burst into an uproar at once.

Such an earth-shaking aura of Great Dao, how could these people still not understand that everything before was all a lie!

The nine great Dao Ancestors targeted Ye Yuan for the sake of this!

Everything came to light!

Ye Yuan did not betray the human race. All of the charges were imposed on Ye Yuan by the nine great Dao Ancestors!

This scene was more convincing than any explanation!

Hence, in front of the mountain pass gates, sounds of cursing seemed to pour over like tidewaters.

The nine great Dao Ancestors all had shocked and agitated expressions on their faces.

How long had it been since their mental states had been so agitated?

“Not good!” Lin Chaotian was the first to recover to his senses from the excitement and exclaimed.

Such a terrifying Great Dao aura spreading out, at this time, the entire Heavenspan World probably already knew.

Then, everything that they had done previously all became a joke!

Before this, Ye Yuan had already repeatedly hinted to those powerhouses outside.

Now, seeing such a huge commotion, how could they still not understand?

Sure enough, waves of cursing voices came over, scolding extremely nastily.

Especially those Deva Fourth and Fifth Blight powerhouses, they did not cover up at all and instead used the power of divine essence to spread their voices until they could be heard all over the mountain.

Shameless, vile, despicable, give birth to a son without an asshole, so on and so forth. Words like that reverberated throughout the entire Origin Enlighten Mountain Range.

Lin Chaotian’s gaze looked towards Ye Yuan coldly and he said in a deep voice, “You did it on purpose!”

Ye Yuan was amused and said with a smile, “Yeah, I did it on purpose! Why? Afraid that others will know when you did it? You want to be a prostitute and also want to set up an archway to commemorate your chastity?”

This Great Dao aura was deliberately released by Ye Yuan.

He already refined the Lesser Heavenspan Mountain and could control it freely.

If he did not want the aura to spread out, he could naturally do it.

However, he deliberately caused a huge commotion. He made everyone take a look at these few Dao Ancestors’ faces!

Lin Chaotian’s gaze was slightly cold and he said, “*Humph!*? So what if they know? This ancestor is already standing at the summit of Heavenspan. After obtaining such a treasure, what else do I have to fear?”

Ye Yuan shrugged and threw the Lesser Heavenspan Mountain to Lin Chaotian carelessly and said, “If you like it, just take it. Can we go?”

The other eight great Dao Ancestors had long already been short of breath, and drooling for a long time already.

Seeing Ye Yuan throw the Lesser Heavenspan Mountain over, they all made a move right away!

But Lin Chaotian did not move!

“All stop for me! Have you all gone stupid? This brat wants to make us fight until only one of us will emerge alive, so that he can bring them and escape!? *Heh heh*, will you all have the life to take the treasure, and have the life to study the treasure?” Lin Chaotian’s voice was akin to a great bell, his aura constantly locked onto Lu-er and the rest firmly.

His words were akin to a clap of thunder, waking the other eight great Dao Ancestors.

The few great Dao Ancestors all felt lingering fear in their hearts. Almost fell for it!

Ye Yuan’s foundation had already been established. Even without this treasure, after his strength increases significantly again, the nine great Dao Ancestors might not be a match!

Lin Chaotian’s aura stirred slightly, immobilizing the Lesser Heavenspan Mountain firmly in the air. It was the same distance away from all the nine great Dao Ancestors.

This way, it could make them be more at ease.

“What cunningness! This boy can’t be kept!” Ancestor Fire had a feeling of being played and said in alarm and anger.

“*Humph!*? Still waiting for what? The treasure is already obtained! Kill them to prevent future troubles!” Dao Ancestor Destruction said angrily.

“Kill? How to kill? Can you kill him?” Lin Chaotian secretly cursed him an idiot as he said with a cold snort.

The bigger the problem was, the more carefully it had to be handled!

#### **Chapter 2465: Grand Exhibition of Despotic Power!**

Lin Chaotian was indeed well-deserving of being the Heavenspan World’s number one person. He was indeed not so easy to hoodwink.

Facing the Lesser Heavenspan Mountain, this kind of precious treasure, he could actually resist the temptation.

This greatly exceeded Ye Yuan’s expectations.

He did indeed had this idea, throwing out the Lesser Heavenspan Mountain, this heavyweight bombshell, and then leaving the place.

As for the Lesser Heavenspan Mountain’s exposure, Ye Yuan actually did not mind it anymore.

With his present strength and realm, there was already no one who could threaten him.

After his strength was attained, wouldn't going to find Lin Chaotian again to take back the Lesser Heavenspan Mountain be like picking his own pocket?

But Lin Chaotian actually did not fall for it!

Lin Chaotian looked at Ye Yuan and said with a cold smile, "Heh, my Lord Saint Azure! Got to admit, you almost succeeded! It's just that, you don't know that this ancestor's understanding of you far surpasses your imagination! This ancestor has been on guard against you!"

The Lesser Heavenspan Mountain coming into being, the world was shocked!

How could Lin Chaotian as the number one Dao Ancestor not feel the Lesser Heavenspan Mountain's terror?

It was just that he had long already studied Ye Yuan thoroughly over these few years!

Others might underestimate him because Ye Yuan was young, but Lin Chaotian would not!

Ye Yuan was absolutely a terrifying opponent!

Even if his strength was inferior to yours, you absolutely could not underestimate him!

On Ye Yuan's road of ascent, he encountered many powerful opponents.

But these people eventually all fell at his feet.

Sometimes, it was because of his powerful strength to jump realms and battle.

But at times, what Ye Yuan relied on was his wise and farsighted mind!

Many powerful major figures were defeated at Ye Yuan's hands!

Along with the research on Ye Yuan going deeper and deeper, Lin Chaotian increasingly felt this opponent's terror.

Lin Chaotian knew that this was the one and only chance to get rid of Ye Yuan.

Miss the opportunity this time and he probably would not have a chance anymore.

Therefore, he did not dare to take it too lightly!

When Ye Yuan took out the Lesser Heavenspan Mountain, his heart was moved.

He was the same as the other Dao Ancestors, immersed in it and unable to extricate himself, wishing to take it right away and go into closed-seclusion.

But he still retained the final trace of clarity in his heart.

He knew that he could not immerse in it!

Ye Yuan's brows furrowed slightly, aware that it was troublesome now, and said, "Alright, state your conditions!"

Lin Chaotian smiled and said, "Talking with smart people saves effort. Very simple, you sever your meridians yourself and cripple your own divine sea, and stay here forever. This ancestor will let them go."

The moment these words came out, the eight great Dao Ancestors all revealed knowing smiles.

While Lu-er and the rest turned pale with fright.

After severing one's own meridians, the divine essence would have no place to store, and one would not be able to utilize cultivation methods and martial techniques. It would be tantamount to being a cripple.

Crippling one's divine sea was equivalent to severing the communication between the martial artist and their small world and be rendered unable to use the power of the world.

These two conditions were tantamount to making Ye Yuan sever his own limbs.

How vicious was the intent!

Even if Ye Yuan's laws were heaven-defying, without divine essence, he would be a rootless weed too and would be completely unable to execute the art of teleportation.

"No way! Young Master, you hurry up and leave, don't need to care about us!" Lu-er said worriedly.

"Big Brother, I know that they can't keep you back! You go back and cultivate properly, and eliminate these few bastards! As long as you don't die, he won't dare to do anything to us!" White Light said furiously.

Got to admit, White Light's words make a lot of sense.

But Lin Chaotian chuckled and said, "Yeah, this ancestor naturally won't kill you all. But, this ancestor can torment you all, making you all unable to pray for life, nor beg for death! Also, this young lady, *hoho*, my Lin Family has many disciples who aren't married yet. She can still be a concubine."

Lu-er's pretty face turned ashen pale, and she said angrily, "You! Despicable! Shameless!"

Lin Chaotian understood Ye Yuan too well. He would never abandon these people and leave by himself.

If that was the case, Ye Yuan would not have come at all.

"As you wish!"

However, Ye Yuan did not say another word, and revolved his cultivation method without hesitation!

*"Pfft!"*

Ye Yuan spurted a mouthful of fresh blood wildly. The imposing aura of his body seemed to be like a deflated ball, disappearing in a blink of an eye.

His divine sea had already been wasted by himself.

When everyone saw this scene, they could not help being greatly shocked.

Even the nine great Dao Ancestors' pupils shrunk slightly too.

They did not expect that Ye Yuan would actually be so decisive, and not even think about it!

If it was someone else, this sort of major matter that concerned life and death, they would surely think thrice.

But Ye Yuan did not hesitate at all.

Clearly, in his heart, the statuses of Lu-er, White Light, and the rest were even more important than he himself!

Ye Yuan was feeble, looking at Lin Chaotian with an indifferent look as he said, "Now, can you let them go?"

Lin Chaotian nodded and said with a slight smile, "That's of course! You all are free!"

He did not immediately ask Ye Yuan to sever his own meridians. Between clever people, there did not need to be much agreement.

Everyone was perfectly clear in their hearts.

Ye Yuan naturally had to save a card up his sleeves too.

Lin Chaotian swept his sleeves grandly, Lu-er and a large group of people were swept away involuntarily.

When they re-appeared, they already arrived before the Origin Enlighten mountain pass gates.

"Young Master!" Lu-er burst into tears and was about to head for Origin Enlighten Hall.

"Brother Wing, take them away!" Ye Yuan's voice came out from the direction of Origin Enlighten Hall.

Sacred Ancestor High Priest's gaze turned dark, already faintly having guesses.

He pointed at the void, a powerful force sealed Lu-er, not letting her leave.

"What's wrong with Ye Yuan?" Sacred Ancestor High Priest looked at Bai Tong and said with an ugly expression.

Bai Tong had a black face, recounting the events that happened in Origin Enlighten Hall, making Sacred Ancestor High Priest burn with rage.

"This bunch of bastards, they really don't want any face at all!"

Bai Tong sneered and said, "Want face? But as long as they want a bit of face, they also wouldn't have done such a despicable thing!"

Their voices were not covered up, everyone heard it.

Right away, the public burned with indignation!

"Nine great Dao Ancestors!? *Heh*,? I think it's nine great shamelessness!"

"The war is near at hand, this bunch of guys are actually still scheming against each other, doing this sort of shameless thing, really impressive!"

"Release him! We want Saint Azure!"

... ..

Outside the mountain pass gates, angry roars lingered incessantly.

These powerhouses had already finished scolding the nine great Dao Ancestors' 18 generations of ancestors.

Suddenly, a figure stepped out of the sky.

Crimson-haired and red face, it was precisely Ancestor Fire!

Only to see his eyes turned dark and he said in a cold voice, "All disperse! If there are any more people raising a ruckus, kill without mercy!"

Powerful flame rule power instantly rippled between heaven and earth.

Everyone's expressions changed drastically.

This terrifying power was not what they were able to contend with at all!

Seeing that everyone was still reluctant to leave, Ancestor Fire pointed with his fingertip.

*Boom!*

In a certain region, dozens of powerhouses were directly burned to ashes!

The strength of a Dao Ancestor was utterly terrifying!

With this, everyone was really afraid.

Even if they joined forces, it was impossible to be a Dao Ancestor's match too!

Under Ancestor Fire's despotic power, these powerhouses retreated one after another with intense unwillingness.

Lin Chaotian looked at Ye Yuan and said with a smile, "Now, you should sever your meridians yourself! Otherwise, Ancestor Fire will kill the people!"

Although there was Wing, this rule powerhouse around, he was not Ancestor Fire's match after all.

He could bring people away, but casualties were inevitable.

*Puu, puu, puu?...*

Blood vessels directly exploded on Ye Yuan's body, instantly dyeing his clothes red.

All the meridians in his entire body snapped inch by inch completely!

**Chapter 2466: What a Large Pig!**

"Now, are you satisfied?" Ye Yuan was covered in fresh blood, looking at Lin Chaotian as he said in a cold voice.

All the Dao Ancestors exchanged glances and smiled, clearly all setting their minds at ease.

Meridians completely severed and divine sea being crippled, there was already nothing to fear about Ye Yuan.

This mortal calamity was finally resolved!

*"Huhu, satisfied, very satisfied!"* Lin Chaotian said with a smile.

There was a kind of smugness that could not be concealed in the smile.

Ye Yuan was really someone hard to deal with.

Although he was the number one Dao Ancestor and that he was powerful to the extreme, he still dreaded Ye Yuan immensely.

In the last battle, Ye Yuan escaping from under the teaming-up of the nine of them seriously greatly exceeded their expectations.

It was also precisely because of this that his fear toward Ye Yuan reached its peak.

So this time, he was determined to succeed!

Obtaining the Lesser Heavenspan Mountain was naturally a part of the plan.

But finishing Ye Yuan off was the matter that he was most, most concerned about.

In fact, it was even above obtaining the Lesser Heavenspan Mountain!

There was a ripple in the void, Ancestor Fire's figure appeared in the hall.

*"All left! Brother Chaotian, is it inappropriate for us to do this?"* Ancestor Fire said with a frown.

The matter this time already completely went out of their control.

Right now, the entire Heavenspan World was berating them, the nine great Dao Ancestors!

The nine great Dao Ancestors were naturally not people of the mortal realm.

But they still could not escape mortals and exist on their own.

Lin Chaotian did not take it to heart and said coolly, *"Huhu, mortals are all forgetful! With this treasure, our strength will definitely be able to improve further! At that time, when we exterminate those few fellows from the divine race, with this kind of great achievement, are you still scared that they won't prostrate in worship towards us?"*

The eyes of all the Dao Ancestors lit up, gazes when looking toward the Lesser Heavenspan Mountain was full of searing heat and thirst.

Clearly, they already could not wait.

But Ye Yuan laughed loudly when he heard that and said, *"Lin Chaotian, you're also thinking too highly of yourself! You think that by obtaining the Lesser Heavenspan Mountain, you'll be able to improve further?"*

But Lin Chaotian did not dare and said coolly, “You can, so why can’t I? This treasure contains heaven and earth Great Dao. It’s virtually a miniature Heavenspan Mountain! Obtaining it, with this ancestor’s talents, I’ll definitely be able to improve further!”

Ye Yuan laughed loudly and said, “People are different, each one being unique!”

With regards to the Lesser Heavenspan Mountain, Ye Yuan had absolute confidence.

It was absolutely impossible for Lin Chaotian to improve further!

When Ye Yuan just entered the Heavenspan Mountain, he suddenly had an inspiration, and entered Great Dao with Alchemy Dao, creating the Chaos Heavenspan Canon with astonishing talent. That was how he had today’s strength.

But the nine great Dao Ancestors’ foundations were already set. They had long already formed innate ideas with regards to the journey of Dao and could not change at all.

It was not that Ye Yuan was convinced that his talent was outstanding, far surpassing that of the nine great Dao Ancestors.

It was just that unless Lin Chaotian had tremendous courage and could give up all the inherent understanding, and start all over again!

Otherwise, even if he comprehended until heaven and earth turned old, it was also impossible to break the shackles.

Making a Dao Ancestor cripple his own small world and start all over from the top?

Who could have such tremendous guts and courage?

Ye Yuan was confident that if he was a Dao Ancestor, it would also be impossible to take this step!

Let alone that even if Lin Chaotian really started over from the top, he also did not have time to cultivate to the Creation Realm anymore!

The system that Ye Yuan cultivated and the Heavenspan World’s inherent cultivation system, was of completely different concepts.

His cultivation would not disregard cultivation realms and advance by leaps and bounds because Lin Chaotian was a Dao Ancestor.

Time and fate!

It was impossible for Lin Chaotian to ever break the fetters!

Of course, the Lesser Heavenspan Mountain was a precious treasure. After the few great Dao Ancestors obtained it, their strength would definitely increase.

It was just that, there was no possibility of wanting to break the shackles at all!

Lin Chaotian’s brows furrowed together.

Ye Yuan’s wave of cold water made him very unhappy!

*"Humph!* You're already a cripple, and yet you still dare to be arrogant in front of us? This ancestor will send you on your way right now!"

Ancestor Fire was enraged, a terrifying aura engulfed everything and swept over.

*"Honk!"*

But right then, the Treasure Pig in Ye Yuan's shirt woke up unhurriedly.

Treasure Pig opened its bleary eyes and suddenly felt a powerful killing aura.

With this, Treasure Pig was completely startled awake!

It was only to see its eyes go wide, the hair all over its body directly standing up.

A burst of fury erupted from Treasure Pig's eyes.

*Boom!*

An aura that did not lose to Ancestor Fire suddenly erupted.

It was only to see Treasure Pig's figure suddenly become large, becoming larger, just like a constantly inflating balloon.

Seeing this scene, regardless of whether it was Ye Yuan or the nine great Dao Ancestors, they were all shocked until they could not close their mouths!

No one could have thought that this adorable pinkish piglet actually had such terrifying strength.

Rule powerhouse!

Ye Yuan opened his mouth wide, a look of disbelief on his face.

Treasure Pig was actually a rule powerhouse!

Furthermore, his aura was actually not the slightest bit weaker than one of the nine great Dao Ancestors, Ancestor Fire!

What kind of situation was this?

Furthermore, the current Treasure Pig was clearly in a state of madness. How was there still any cute appearance?

His expression was savage, eyes ferocious, just like an enraged wild boar, wanting to level this world!

*Boom!*

Treasure Pig suddenly opened his mouth and spat out a mouthful of flames, closing in on Ancestor Fire!

The terrifying temperature seemed to want to burn heaven and earth.

Ancestor Fire's expression changed wildly. He did not expect that in this world, apart from him, there was actually still someone ... a pig, that could unleash such a terrifying flame attack!"

Without the slightest hesitation, Ancestor Fire also shot a flame out!

Two power of rules collided in the great hall.

*Boom!*

A terrifying flame directly blew up, blasting the great hall into nothingness.

The battle of two great rule powerhouses also instantly spread to the entire Origin Enlighten Mountain.

For some time, the casualties were countless!

And Ancestor Fire actually staggered under this blow, and was almost knocked over!

“What a terrifying flame temperature! What’s going on here? In this world, apart from Ancestor Fire, there’s actually still someone who can cultivate flame law to the realm of rule?”

“This aura, hang on! Sacred Ancestor High Priest has clearly already left! So where did this tenth rule aura come from?”

“You guys, look! What a large pig! A pig is actually a rule powerhouse? This ... How is this possible?”

... ..

The battle of rule powerhouses was too widespread.

Many powerhouses already left Origin Enlighten mountain pass gates, but did not go far.

Currently, they looked from afar, only to see an enormous pink pig, facing off against the nine great Dao Ancestors from a distance.

Its aura was actually not the least bit weak!

This discovery made all the powerhouses extremely shocked.

There were no rules in this world, this was the consensus of all of the Heavenspan World’s powerhouses.

Apart from the nine great Dao Ancestors, no one could reach the level of rules.

Someone as strong as Heavenly Emperor Profound Secrets did not reach this step too.

But now, a pig that appeared from God knows where! It was actually a rule powerhouse. How could they not be surprised?

They were surprised, but the nine great Dao Ancestors were even more surprised than them!

No one could have thought that that pink lump piglet that burrowed into Ye Yuan’s embrace was actually a rule powerhouse.

Forget that it was a rule powerhouse, this pig was actually even stronger than Ancestor Fire!

Ancestor Fire’s expression was ugly to the extreme.

F\*cking hell!

He cultivated for countless years and even reached the realm of Dao Ancestor, and yet he was actually inferior to a pig?

### Unrivaled Medicine God

#### **Chapter 2467: Became a Spirit!**

*"Honk!"*

Treasure Pig gave an angry roar. Its pig mouth opened, and rows of water swords shot toward Ancestor Fire.

This power was actually also a power of rules!

This pig actually grasped two great power of rules at the same time!

Ancestor Fire's expression changed wildly, hurriedly meeting the challenge.

*Bang, bang, bang?...*

Heaven and earth were collapsing, terrifying energy undulation made everyone's faces change.

What was even scarier was that Ancestor Fire was being completely suppressed!

Water and fire gushed from Treasure Pig's mouth, the power being boundless. It actually fought until Ancestor Fire did not have the slightest strength to fight back!

Ye Yuan was dumbstruck with amazement from watching. He fed Treasure Pig for so many years and never knew that he was so strong!

He remembered back then that Treasure Pig sent Lin Changqing flying with a sneeze.

Although it was surprising, Ye Yuan did not feel that it was too exaggerated.

After all, Treasure Pig was also a very special existence in Bamboo Groove Void Realm.

But now, Treasure Pig actually fought until Ancestor Fire did not have the slightest strength to fight back! This was too exaggerated.

Origin Enlighten Mountain Range was directly crumbled apart by two great Ancestor Realm powerhouses fighting, spiritual energy collapsing and dissipating.

The group of powerhouses hid far away, such a battle was too terrifying!

*"I'll help you!"*

At this time, Dao Ancestor Destruction suddenly burst forth with an imposing momentum, joining the battle with a flash.

The moment Dao Ancestor Destruction made his move, space shattered, and not a blade of grass survived!

That kind of horrifying attack simply obliterated the heaven and decimated the earth!

These two great Dao Ancestors were all known for the power of their offensive strength.

It was just that sadly, the addition of Dao Ancestor Destruction did not suppress Treasure Pig. They just barely fought to a draw with Treasure Pig.

The might of Treasure Pig was utterly appalling!

The more the two great Dao Ancestors fought, the more alarmed they got. Treasure Pig was like a rule transmitter, all kinds of attacks emerging in endless streams.

Furthermore, there was never a stop!

Suddenly, a strong thick strange fragrance spread out. The entire world teemed with this fragrance.

When the fragrance entered his nose, Ye Yuan's expression became weird.

His brows furrowed and he said in surprise, "This fragrance is ... medicinal fragrance?"

Very clearly, this exotic fragrance effused from Treasure Pig's body.

This guy was in the heat of a great battle and his body was actually giving off such a thick medicinal fragrance.

Ye Yuan's mind spun like lightning and had an answer very soon.

It was just that, he was also stunned by this answer, disbelief written all over his face.

"This guy ... wouldn't be a Dao pill, right?" Ye Yuan said in shock.

At the same time, Lin Chaotian's face also revealed a look of sudden realization and cried out in surprise, "Legends has it that back then, Grand Ancestor Profound Spirit refined a Dao pill. As a result, it brought down heaven and earth Dao tribulation, and a mutation happened to the Dao pill! Could it be that this pig is that Dao pill?"

"What! This pig is ... a Dao pill?" By the side, Ancestor Water was dumbstruck with amazement.

"This ... This is also too inconceivable, right? Grand Ancestor Profound Spirit was the alchemy path's number one person back then!" Ancestor Lightning also said in shock.

A Dao pill became a spirit!

They all, these Dao Ancestors, actually could not beat a Dao pill!

The group of Dao Ancestors opened their mouths wide, shocked until it could not be any greater.

A Dao pill actually transformed into a pig and even cultivated to the realm of rule!

Lin Chaotian's gaze gradually turned from shock into ecstasy and greed.

Ye Yuan's pupils constricted and he yelled, "Treasure Pig, come back!"

When Treasure Pig heard that, he released a few shots through the air and turned back to return to Ye Yuan's side, turning into a pink pig and returning to Ye Yuan's arms.

Hearing Lin Chaotian's words, Ye Yuan finally understood why Treasure Pig liked him so much.

The alchemy Dao teachings in the last epoch were imparted by him.

The medicinal pills that he refined had a familiar taste to Treasure Pig.

Furthermore, Treasure Pig ate medicinal pills to live. It was actually also strengthening his own strength.

The taste of the medicinal pills that Ye Yuan refined was naturally extraordinary.

It was just that with Treasure Pig revealing his identity, he was now viewed as a great tonic to Lin Chaotian they all!

Regarding a Dao pill that cultivated and became a spirit, its strength was even stronger than a Dao Ancestor.

If they ate Treasure Pig, their strength would most likely grow to a terrifying point.

To powerhouses at the level of Lin Chaotian, even Dao pills did not have much effect anymore.

But Treasure Pig was an exception!

He was the proud work of Grand Ancestor Profound Spirit and had even experienced the accumulation of countless years, and already grew into a Dao Ancestor-like existence.

Such a Dao pill, one absolutely could not find a second one in the world.

He determined Lin Chaotian's plans from the change in his eyes, so he quickly called Treasure Pig back.

Although Treasure Pig was strong, it was also impossible to be the nine great Dao Ancestors' match.

"Treasure Pig, in a while, you bring my physical body and escape. The further you run, the better! Don't need to care about me! Even if they chase you, don't continue fighting. Understood?" Ye Yuan transmitted his voice with his divine soul and communicated with Treasure Pig.

Witnessing Treasure Pig's strength, Ye Yuan had long already made a plan.

If Treasure Pig brought him along, they definitely could not escape.

Escaping from under the hands of the nine great Dao Ancestors, this was something virtually impossible.

Moreover, with Ye Yuan's current state, he was simply a burden to Treasure Pig.

Treasure Pig looked toward Ye Yuan, his gaze flickering.

Ye Yuan knew that he understood!

"Leave!"

Ye Yuan shouted loudly, his origin divinity instantly leaving his body!

Treasure Pig was extremely intelligent, he erupted at the same time, holding Ye Yuan's physical body in his mouth, turning tail and running.

Lin Chaotian and the rest had astounded faces. Clearly, they were caught off-guard by this sudden change.

But his reaction was also extremely fast as he said, "Ancestor Fire, Ancestor Water, Destruction, the three of you go chase that pig, don't need to finish him off! Just delay him will do! The few of us go and

chase Ye Yuan! After killing Ye Yuan, we'll regroup with you again!? *Heh*,?this brat actually dared to have his divine soul leave the body, truly reckless and blind!"

Lin Chaotian was still very awake at this time. To him, Ye Yuan was of the utmost importance!

Letting Ye Yuan escape, there would be no end to future troubles!

Therefore, even if Ye Yuan escaped with his divine soul body, he still brought the main force to hunt Ye Yuan down.

At this time, there was no way for the Dao Ancestors they all to hesitate either. Fire, Water, and Destruction, three great Dao Ancestors, directly turned into wisps of green smoke, chasing after.

Ye Yuan cultivated the chaos origin divinity, he traversed the world incredibly swiftly.

Although he was unable to borrow spacetime law to carry out teleportation, his speed was not much slower.

Lin Chaotian and the rest turned into six streaks of long rainbow, chasing right after.

This sudden change stunned all of the powerhouses.

"This ... What in the world is going on here? That pig was actually a Dao pill that cultivated and achieved sentience?"

"Ye Yuan's divine soul actually left his body in order to let that pig run? How can he possibly escape the pursuit of Dao Ancestors with a wisp of a divine soul?"

"I'm afraid that he knows that he can't escape anymore, that's why he used himself as a bait to let that pig escape."

... ..

No one could have thought that the show today actually developed into this state. It was truly full of twists and turns.

Except, they also let out long sighs in the end.

Ye Yuan was ultimately unable to escape the fiendish clutches of the Dao Ancestors!

Divine soul leaving the body was no different from suiciding.

"How can this brat's divine soul body be so fast?" Lin Chaotian's expression changed slightly as he said.

Upon chasing, they discovered that they actually could not catch up to Ye Yuan within a short time!"

To the group of Dao Ancestors, this was simply inconceivable.

**Chapter 2468: Unkillable!**

*Swoosh! Swoosh! Swoosh!*

Several powerhouse auras surrounded a gray-robed youth in the middle, sealing off all of his escape routes.

Chasing for half a day, the six great Dao Ancestors finally caught up to Ye Yuan's chaos origin divinity.

Lin Chaotian's expression was very ugly. He did not expect that the speed of Ye Yuan's divine soul was actually so fast.

This half a day's time, no idea what was the situation over there anymore.

*"Humph! See where you can still run to!"* Lin Chaotian said in a deep voice.

Ye Yuan shrugged and said nonchalantly, "Lin Chaotian, you exhausted your brain and also didn't expect that Treasure Pig was actually a rule powerhouse, right? *Huhu*, now that you can't kill me this time, I'm afraid that you'll find it hard to eat and sleep in the future."

The six great Dao Ancestors had strange looks on their faces. Did this guy not figure out the situation yet?

Your divine soul had already been nabbed by us, still want to get out alive?

*"Hahaha, Ye Yuan, you already have nowhere to retreat, what will you use to seek revenge on us? Using that fleshy body of yours? Foolish guy, do you think that I'll chase that pig and let you off? In my eyes, your importance is much greater than a Dao pill!"* Lin Chaotian said with a loud laugh.

"Fool, have you not figured out the situation yet? Your divine soul is about to be annihilated right away. Yet, you're actually threatening us here?" Ancestor Wind snickered and said.

But facing six great Dao Ancestors, Ye Yuan was very relaxed as he said smilingly, "The Lesser Heavenspan Mountain will be placed with you all for the time being. I'll come and retrieve it later. *Uh?*... this period of time, you all have to work a little harder. At that time, don't disappoint me."

Lin Chaotian's brows furrowed slightly, having a foreboding premonition.

He understood Ye Yuan very well. These words seemed like posturing but Ye Yuan absolutely would not put up a bold front under the circumstances where he was not confident.

Could it be that this guy really still had some trump card?

Ye Yuan snickered and actually ignored the six great Dao Ancestors, passing through them.

The six great Dao Ancestors exchanged glances, was it possible that this guy was a fool?

Lin Chaotian's brows furrowed slightly. Suddenly, he thrust a palm over.

*Boom!*

Terrifying energy undulation directly shattered Ye Yuan's divine soul into pieces.

Lin Chaotian curled his lips and said, "This ancestor was still wondering what trump card there was. After half a day, it was indeed making an empty show of strength!"

Ancestor Wind smiled and said, “*Hahaha*, honestly, he acted rather real. This ancestor almost believed it!”

Dao Ancestor Darkness also smiled and said, “This guy is too freaky, it indeed makes people feel anxious. But this time, he’s de-de ...”

Suddenly, Dao Ancestor Darkness’ eyeballs went wide, looking at a certain place with a disbelieving look.

That ‘dead’ word, could not continue saying anymore.

“*Huhu*, Darkness, have you gone silly from joy?” Ancestor Wind could not help laughing as he said.

“Not that he’s gone silly. It’s you who have gone stupid!” At this time, a voice sounded out leisurely, seemingly so familiar.

Ancestor Wind’s eyelids twitched, turning to look at that place. Immediately, his eyeballs became engorged.

Ye Yuan was actually standing there perfectly fine like nothing happened.

Lin Chaotian looked towards Ye Yuan, immediately feeling his scalp tingle.

How could this guy be completely fine?

“You all seem to be very surprised? Lin Chaotian, did you boast that you understand me very well? This time, you seem to be very surprised! If I didn’t have a trump card, would I face the six of you great Dao Ancestors based on a wisp of a divine soul?” Ye Yuan said with a disdainful look.

Lin Chaotian had a shocked face as he said in disbelief, “You ... How can you possibly be completely fine? Something is odd ... about your divine soul!”

Ye Yuan smiled and said, “Yeah, I don’t understand it too well either. But some kind of change seems to have happened to my divine soul. Forgot to tell you, Tian Qing was the same as you, wanted to kill me. But it was a shame. He couldn’t kill me either.”

Lin Chaotian’s pupils constricted, his eyes being filled with shock.

His divine soul, even Tian Qing was actually helpless against it too?

Having experienced the last Doomsday Battle, Lin Chaotian naturally knew what kind of figure Tian Qing was!

Even Tian Qing could not kill Ye Yuan. If so, then how strong was his divine soul?

However, Lin Chaotian was Dao Ancestor Life in the end. After experiencing the initial-most shock, he laughed coldly and said, “*Heh*, you want to intimidate this ancestor with a few words? Can’t kill one time, then this ancestor will kill you ten times, a hundred times! This ancestor wants to see whether you can pull through or not!”

Finished talking, Lin Chaotian raised his hand and it was another palm, striking until the void shattered.

*Boom!*

The chaos origin divinity was shattered again. But very soon, those gray-colored powder condensed together once more, recovering back to new!

Ye Yuan looked at Lin Chaotian and said smilingly, “*Huhu*, if you have the leisure time to kill me ten times, a hundred times, then bring it on!”

Finished talking, Ye Yuan’s figure moved, running away again.

The six great Dao Ancestors had shocked looks on their faces, hurriedly chasing after.

“How is this possible? His divine soul actually can’t be killed?” Ancestor Wind still did not quite dare to believe it until now.

Lin Chaotian had a gloomy look and said, “No matter what, we absolutely can’t let him escape!”

*Boom!*

*Boom!*

*Boom!*

In a blink, more than half a month passed. Terrifying sounds came from above the void from time to time.

Ye Yuan’s divine soul was shattered over and over again.

Except, it was useless!

The more the six great Dao Ancestors killed, the more fearful they became.

Ye Yuan’s divine soul did not show any signs of dissipating.

Lin Chaotian gritted his teeth and said, “Damn it! We already killed him dozens of times. Yet, his divine soul actually doesn’t have any signs of weakening! What kind of change happened to this guy’s divine soul?”

At this time, Lin Chaotian finally believed that Ye Yuan was not bragging anymore.

They really could not kill Ye Yuan!

Dao Ancestor Darkness said in a solemn voice, “Undying divine soul! I never heard of it before! Even if it’s Tian Qing, once his divine soul is destroyed, it will be certain death too. It would be absolutely impossible to survive. This boy is really too freakish!”

Ahead, came Ye Yuan’s jeering voice, “Lin Chaotian, if I were you, I’d make the best use of my time to go back and gain enlightenment on the Lesser Heavenspan Mountain. I can feel that Heavenly Dao Samsara will definitely occur within ten years. If you have the time to waste here with me, better to go back and increase your strength. Maybe you’ll still have a chance to turn the tables!”

Lin Chaotian had a look of unwillingness on his face. But he knew that what Ye Yuan said was right!

Keep wasting time like this was no good to anyone.

They were almost approaching the Abyss World. It was not much far ahead. As long as Ye Yuan escaped into the Abyss World, they would not dare to enter too.

Rather than wasting time here, better to go back and cultivate.

Having obtained such a precious treasure, perhaps there would really be some breakthrough.

“Leave!” Finally, Lin Chaotian carried strong unwillingness and turned around and left.

Ancestor Wind said angrily, “Letting him go just like that? If he stages a comeback, what should we do?”

Lin Chaotian said furiously, “Can you kill him?”

Ancestor Win could not help choking when he heard that.

Lin Chaotian ignored him and left on his own.

The five great Dao Ancestors were unwilling too and could only follow after and leave.

Ye Yuan watched the few people’s departing back views, a look of amusement on his face.

“Huhu, really didn’t expect that that unremarkable boy back then, could actually grow to this point, truly surprising!” Right at this time, a voice sounded out with a touch of playfulness.

#### **Chapter 2469: Dao of Devouring!**

Ye Yuan looked toward the arrival and could not help being slightly surprised.

His chaos origin divinity’s perception was extremely strong, this person naturally could not escape his perception.

It was just that this person’s appearance surprised him greatly.

This person was actually Medicine Ancestor’s eldest disciple, Heavenly Emperor Lastingjoy!

If Medicine Ancestor appeared here, Ye Yuan would not be surprised at all.

But the one who appeared was actually Heavenly Emperor Lastingjoy.

This eldest disciple who looked a little simple and honest was without any sharp edge to speak of.

Back then when Cloudheart Realm collapsed, those Medicine Ancestor’s disciples that died had died, while those who fled had fled. They had long since disappeared without a trace.

Who knew that today, Heavenly Emperor Lastingjoy actually appeared in front of him.

Ye Yuan looked at Lastingjoy and said, “Brother Lastingjoy seems ... to no longer be what you used to be! You followed us along the way and actually hid from the Dao Ancestors’ perception!”

Lastingjoy had his hands behind his back as he said with a smile, “Didn’t I fail to hide from Lord Saint Azure’s perception? It really surprises this emperor. Lord Saint Azure is actually so powerful, where even Dao Ancestors can’t kill you!”

These few years, Lastingjoy had been in closed-seclusion inside a small world all along.

All the way until the recent few years, Lastingjoy returned to the Heavenspan World and transcended the Deva Fifth Blight.

At present, Medicine Ancestor's Alchemy Dao was already completely digested by him.

His strength was already just a step away from the realm of Dao pill.

Therefore, he prepared to go and find the last target for devouring, Ye Yuan!

As long as he devoured Ye Yuan, he would surely be able to reach the realm of Dao pill!

Who would have thought that presently, the world had already changed drastically? That little fellow who provoked Medicine Ancestor back then actually transformed with a sway of his body, becoming the eternal Saint Azure!

When he got this news, Heavenly Emperor Lastingjoy was truly incomparably shocked.

But fortunately, Ye Yuan actually fell out with the nine great Dao Ancestors. This let him find an opportunity to take advantage of.

Sure enough, he had been constantly observing the battle around Origin Enlighten Mountain Range this time, and he finally found an opportunity.

Ye Yuan's divine soul actually went out of his body!

Hence, he tagged along all the way, following until here.

But along the way, it shocked him until he stared dumbfoundedly with his mouth agape.

Six great Dao Ancestors took turns to attack, decimating Ye Yuan dozens of times, but Ye Yuan's divine soul was actually completely fine!

This sort of thing was simply too insane!

He lived to a ripe old age and had never seen such a crazy thing.

Unkillable!

But very soon, Lastingjoy went from shock to wild ecstasy.

What his Dao of Devouring primarily targeted was the divine soul.

If he could absorb Ye Yuan's divine soul, then wouldn't he achieve an undying body?

In the future, what did Dao Ancestors count for?

Presently, the world had changed greatly, Dao Ancestors were no longer such unreachable existences.

Didn't that pig take down a Dao Ancestor?

Ye Yuan looked at Lastingjoy and said with a smile, "Huhu, Brother Lastingjoy seems to be very interested in this Ye."

Lastingjoy did not hide it either, nodding as he said, "You and I both take Alchemy Dao as the highest pursuit. Lastingjoy is naturally interested in you. The last time in Cloudheart Realm, this emperor

actually really wanted to exchange blows with Younger Brother Ye. It's just a pity that at that time, Master already gave the order. Hence, Lastingjoy didn't have that fortune. Wonder if Younger Brother Ye can satisfy Lastingjoy's long-cherished wish?"

Ye Yuan was a little surprised in his heart. Heavenly Emperor Lastingjoy took such a huge risk to tag along. It was in order to compete in alchemy with him?

He did not believe it even if he was beaten to death!

Heavenly Emperor Lastingjoy looked very honest and sincere, but when Ye Yuan faced him, he always had a dangerous feeling.

Ye Yuan did not agree immediately, but asked, "I remember that back then, you should have escaped Cloudheart Realm together with Medicine Ancestor. Where is he?"

Lastingjoy beamed and said nonchalantly, "Dead!"

The corners of Ye Yuan's mouth twitched slightly. This guy said it so casually!

His own master died, it was as if he was talking about a casual matter.

However, Medicine Ancestor was a fierce and ambitious person of his generation. He was indeed a rare talent of the alchemy path.

But he did not expect that in the end, he actually ended up in such a plight.

No need to think, Ye Yuan also guessed what happened between the master and apprentice.

Heavenly Emperor Lastingjoy was that sort of treacherous person who seemed loyal.

Looked very honest and simple, harmless to man and beast, but was actually very dangerous.

This sort of person made people stay on alert the most.

In Cloudheart Realm, Heavenly Emperor Lastingjoy's sense of existence was not strong. In fact, it was inferior to his junior apprentice brother, Heavenly Emperor Distantbook.

But in the end, it was still him who had the last laugh!

Lastingjoy smiled and said, "Younger Brother Ye is a clever man. This emperor won't beat around the bush anymore. This emperor has already obtained all of Master's inheritance and is only half a step away from being able to reach the realm of Dao pill! This emperor needs a powerful opponent to help me to take this step. I wonder if Younger Brother Ye can grant my wish?"

Ye Yuan's brows furrowed slightly and he said, "You're really just looking for me to compete in alchemy?"

Heavenly Emperor Lastingjoy could not help laughing as he said, "If I wanted to be detrimental to Younger Brother Ye, I'd have long made a move. Why bother to waste my breath with you? Moreover, about Younger Brother Ye's divine soul, even Dao Ancestors can kill you. Are you still afraid of me taking action?"

Without thinking, Ye Yuan shook his head and said, "Sorry, I don't compete in alchemy with people who betray their master!"

After he finished talking, Ye Yuan turned around to leave.

But right then, the sky suddenly darkened.

A huge suction force actually grabbed Ye Yuan's chaos origin divinity, making him unable to break free!

His movement technique was actually unable to be executed.

Ye Yuan's pupils constricted, turning around to look at Heavenly Emperor Lastingjoy.

It was only to see that behind him, an enormous black wheel disc was spinning quietly.

That terrifying suction force was emitted by precisely this huge wheel disc.

This wheel disc seemed to be able to devour everything!

"*Huhu*, since you refuse a toast only to drink to a forfeit, then this emperor can only invite you to drink to a forfeit! This is my Dao, the Dao of Devouring! There are already 35,078 people who have died under my Dao of Devouring! Among them include Medicine Ancestor, that old fogey. As long as I devour you, this emperor will be able to corroborate my Dao, and I will reach the realm of Dao Pill!" Heavenly Emperor Lastingjoy was still talking with a smile on his face, just like a Maitreya Buddha.

It was just that his smile became incomparably evil now.

Ye Yuan's expression changed, feeling that his divine soul was actually being sucked over involuntarily.

What a powerful divine soul power!

His chaos origin divinity could resist the might of Dao Ancestors and not die, but it was actually unable to resist this terrifying devouring power!

Heavenly Emperor Lastingjoy's divine soul was the most powerful divine soul that Ye Yuan had seen so far.

Ye Yuan felt that even if his divine essence was not as good as the chaos origin divinity, it was also not much worse.

Heavenly Emperor Lastingjoy had devoured too many divine souls and turned them for his own use. This made his divine soul grow to an unimaginable level.

Coupled with his bizarre and unpredictable power of Great Dao, it actually gave him an extremely dangerous feeling.

No wonder Medicine Ancestor that fellow would actually die at Lastingjoy's hands.

If taken by surprise, how could Medicine Ancestor resist this devouring power?

If Ye Yuan currently had his complete body, he could split Heavenly Emperor Lastingjoy with one sword.

It was a shame that he was currently of a divine soul body!

Ye Yuan also did not think that in this Heavenspan World, there was actually still someone who could threaten his chaos origin divinity.

*Rumble ...*

A huge black hand actually reached out of that black disc and grabbed toward Ye Yuan.

That black hand seemed to have magical powers, crushing Ye Yuan until he was unable to move a muscle all over his body.

*Puchi!*

That black hand suddenly grabbed, plunging directly into Ye Yuan's divine soul body.

Ye Yuan's pupils constricted, immediately feeling as if soul force was like floodwaters that broke the dam, flooding out!

#### **Chapter 2470: Stuffed to Death!**

*"Tsk tsk, what a delicious divine soul! Simply perfect! Gobbling you up, my strength will likely tower above Dao Ancestors! Hahaha ... What a surprise!"*

Lastingjoy felt that his divine soul was growing at a terrifying speed.

This sort of growth, even he himself felt afraid!

That vigorous and powerful soul force made him extremely intoxicated.

He had devoured countless Great Daos and countless divine souls in his life. However, not once did it feel as good as it did now.

Ye Yuan's body was completely controlled by that black hand, unable to move a muscle.

Lastingjoy's Great Dao was too bizarre!

Ye Yuan was frozen there, also secretly panicking in his heart.

Even when facing the refinement of the Eight Extreme Divinities, he was also not so powerless.

His chaos origin divinity became more and more illusory, and increasingly dim.

That enormous disc was like a water pump, extracting his soul force crazily.

*"Huhu, all of you did not expect that in the end, it was actually me who had the last laugh, right?"*

*"After I absorb your divine soul and corroborate my Great Dao, everyone will submit under my feet!"*

*"Hahaha ... so what if Dao Ancestor? So what if Tian Qing? I want them to become my dogs!"*

*"After enduring patiently for billions of years, I can finally roam this world unhindered in broad daylight!"*

... ..

Heavenly Emperor Lastingjoy indulged in self-delusion as if already seeing the delight of climbing to the summit of life.

During the past billions of years of forbearance, Heavenly Emperor Lastingjoy had long already suppressed his desire to the extreme.

Now, he attained Dao in one day. This desire erupted crazily.

In Cloudheart Realm, many people treated him as air.

Many people thought that Heavenly Emperor Distantbook was Medicine Ancestor's successor.

But only he knew that no one could surpass Medicine Ancestor!

This guy absolutely would not allow others to surpass him.

From billions of years ago, when he was serving Medicine Ancestor as a servant, he already understood it.

Heavenly Emperor Lastingjoy was actually very smart. It was just that in order to not let Medicine Ancestor perceive it, he buried everything.

Medicine Ancestor was hoodwinked by him for billions of years before finally being devoured by him.

On his deathbed, Medicine Ancestor also did not dare to believe that this loyal and honest disciple actually killed him.

Obtaining Medicine Ancestor's soul and Dao, Lastingjoy's strength had a qualitative leap.

It was also precisely because of this that he had this confidence to come and deal with Ye Yuan.

And Ye Yuan's divine soul was even more delicious than he imagined.

Heavenly Emperor Lastingjoy let out a burst of wild laughter. But suddenly, his expression changed abruptly.

*Rumble ...*

The black wheel disc actually started to tremble violently.

At first, it was just a slight tremor.

But very soon, the shaking became more and more intense.

Heavenly Emperor Lastingjoy's expression changed wildly and he said, "This ... What's going on?"

*Crack ... Crack, crack ...*

As if answering his question, cracks actually started appearing on the black disc.

Ye Yuan's gaze also gradually became bright.

"*Huhu*, my divine soul is called chaos origin divinity! Even Tian Qing doesn't recognize it, showing that my chaos origin divinity is probably not what this world should have! You used this world's Great Dao to

absorb the chaos origin divinity that doesn't belong to this world. It would be weird if it can bear it!" Ye Yuan said with a cold smile.

He came to understand very quickly where the problem lay.

The might of the chaos origin divinity was completely not what Heavenly Emperor Lastingjoy was able to understand.

His Dao of Devouring was indeed formidable. It was even not much worse than the chaos origin divinity.

Except, that was just in terms of quantity.

In terms of quality, Heavenly Emperor Lastingjoy was much worse when compared to the chaos origin divinity!

Putting it bluntly, the soul force that the black wheel disc absorbed already far surpassed the limit that he could bear!

The black disc was stuffed to death!

The Great Dao was about to collapse!

Heavenly Emperor Lastingjoy's heart shook wildly. He was stunned by Ye Yuan's words.

Chaos origin divinity!

Not belonging to this world!

If it did not belong to this world, then why would it appear in this world?

However, he did not have time to puzzle over this anymore.

The cracks on the black wheel grew larger and larger, practically almost collapsing.

But right then, his expression changed wildly.

An even more turbulent soul force than before poured into the black wheel.

*Rumble ...*

The cracks on the black wheel became more and more, and increasingly larger.

It turned out that Ye Yuan acted in a diametrically opposite way, injecting his soul force into the black wheel crazily.

This was equivalent to quenching thirst with a poison; making matters worse.

"Damn it! You ... What do you want to do? Stop for me!"

Heavenly Emperor Lastingjoy roared angrily, wanting to cut off the absorption of Ye Yuan's divine soul.

However, it was already too late.

That black hand was like a pipe.

Currently, the floodwaters from that end were too strong, he already could not shut the floodgates!

Ye Yuan's soul force was too strong!

Ye Yuan was a little weak, but his soul force could still hold out for a while.

Seeing Heavenly Emperor Lastingjoy's appearance, he smiled and said, "Didn't you want to devour me? Then I'll let you devour until it's enough!"

Heavenly Emperor Lastingjoy finally panicked. The black wheel's collapse was near at hand, how could he still care about absorbing soul force?

"I ... I was wrong! Lord Saint Azure, I'll return all of the soul force! I ... I beg you, please stop!" Heavenly Emperor Lastingjoy was practically crying.

Honestly, played with eagles for a lifetime, in the end, got his eye pecked by an eagle!

It was just that how could he have thought that Ye Yuan's divine soul was actually so strong?

Ye Yuan could not help laughing and said, "Although Medicine Ancestor was obnoxious, he also wouldn't make people feel like vomiting like you! Someone who betrays their master and forefathers, everyone has the right to punish the person! It's too late to beg for mercy now!"

Ye Yuan ignored Lastingjoy's tearful complaints and instead, injected soul force even more crazily.

*Boom!*

Finally, the black wheel could not hold on anymore, directly crumbling apart!

Heavenly Emperor Lastingjoy spurted a mouthful of blood wildly, his entire person akin to being struck by lightning, falling down.

This black wheel was closely linked to his divine soul. Now that the wheel disc collapsed, it was equivalent to his Great Dao collapsing.

His divine soul similarly suffered a devastating blow too!

The current Ye Yuan also finally heaved a sigh in relief.

This time, he really had a narrow escape from death.

He also never dreamed that there was actually still an existence that could pose a threat to him in this Heavenspan World.

But right at this time, an abnormality occurred again!

That soul force originally belonged to Ye Yuan. Now that the black wheel disc crumbled, the soul force actually started flowing in reverse, pouring into Ye Yuan's divine soul body crazily.

But among these inverse-flows, it was far from as pure as his soul force anymore.

One scene after another appeared before Ye Yuan's eyes.

Inside Ye Yuan's mind, countless pieces of information crisscrossed.

Fortunately, his chaos origin divinity was incomparably powerful and was completely able to digest this information.

These scenes were precisely those lives that Heavenly Emperor Lastingjoy devoured.

Ye Yuan even saw Medicine Ancestor's memories among them.

These memories were nothing to Ye Yuan.

But then these people's Great Dao fragments poured into Ye Yuan's divine soul in a rush.

Ye Yuan's eyes became brighter and brighter.

These things were priceless treasures!

Those able to get devoured by Heavenly Emperor Lastingjoy were all some genius characters. Each person had their own unique views on Alchemy Dao.

This was equivalent to delivering a treasure vault into Ye Yuan's divine soul!
