Chapter 2491: Transaction!

“This ... This ... is too strong! Really too strong!”

“Five great Dao Ancestors! Those were five great Dao Ancestors! One was killed just like that?”

“Originally I thought that Universe was already Lord Saint Azure’s strongest move. Who would have expected that he actually still had more cards up his sleeves!”

... ..

The Deva powerhouses present were all staring dumbfoundedly with their mouths agape.

Ye Yuan’s Dual Polarity move killing Ancestor Water also announced the arrival of a new era!

Dao Ancestors would die!

In reality, this Dual Polarity move was not some new trick. It was just a derivative move of Universe.

The universe was all-encompassing!

Therefore, Universe this move in itself was even and calm, having no weakness to exploit.

However, this move also sacrificed the cutting edge and fierceness of Sword Dao.

Dual Polarity this move was derived from Universe.

It divided Universe into two, transforming it into two poles.

With two poles circulating, continuous reproduction in an endless succession, they unleashed the cutting edge of Sword Dao to the extreme.

Therefore, the offensive power of this move was formidable to the extreme.

Of course, Universe turning into Dual Polarity was tantamount to sacrificing defensive power.

But this was nothing to Ye Yuan.

His physical body already reached the realm of a Grand Ancestor. Who could rival it in this world?

Even Tian Qing’s physical body was also far inferior when compared to him!

At that moment, Ye Yuan activated the dragon race samsara progenitor’s other innate divine ability, True Dragon Profound Armor!

True Dragon Profound Armor was the dragon race’s strongest defensive divine ability.

He forcefully resisted the all-out attacks of five great Dao Ancestors and unleashed his strongest sword art, killing Ancestor Water and scaring four ancestors away, shocking everyone present!

This scene was seriously too soul-stirring.

“This ... Lord Saint Azure already obtained two of the nine! In this struggle for Dao Ancestor, he’s virtually in an undefeatable position!” Suddenly, someone reacted with a look of surprise.

Each rule crystal was extremely precious!

In the last struggle for Dao Ancestor, no idea how many Deva powerhouses died.

The killing was tragic to the extreme.

After that battle, humanity’s major powers virtually fell into a disjointed generation!

But now, Ye Yuan was almost certain to be the biggest winner.

By the side, someone nodded and said, “With Lord Saint Azure’s present strength, when rule crystals reach his hands, nobody can snatch it away at all! Even Tian Qing and Dao Ancestor Life can’t as well!”

“Lord Saint Azure himself already possesses Dao Ancestor-class terrifying strength. Coupled with two great Dao Ancestors, this Heavenspan World will be Lord Saint Azure’s world in the future!”

The present situation was what everyone did not expect.

Less than halfway through the passageways, Ye Yuan already had two rule crystals in his hands!

The crux was that when rule crystals reach his hands, it would be difficult to spit it out.

... ..

To say that Ye Yuan was unlucky, he actually acquired two rule crystals in a row.

But to say that he was lucky, walking along the way, he never found news about the Tear of Life.

Regardless of whether it was him or anyone else.

Currently, he already arrived above 800,000 miles. Along the way, virtually everyone knew that he had rule crystals in his hands.

If someone obtained the Tear of Life, they would definitely come to find him to exchange.

It was just that sadly, there wasn’t!

The mountainous paths became wider and wider. The originally narrow, winding trails already became main roads that led to heaven.

But Ye Yuan’s mood inexplicably became irritable.

He was not interested in other lucky chances.

Because to him, these lucky chances were already of little use.

Only the Tear of Life was what he was determined to get.

Along with the mountain paths getting higher and higher, the pressure in Ye Yuan’s heart also grew increasingly greater.

Ye Yuan passed through the fog and finally arrived above a million miles!

Ahead, nine main roads gradually became clear.

Suddenly, Ye Yuan's gaze turned sharp!

A familiar figure was currently sitting cross-legged, blocking in the middle of the main road.

And on the ground in front of him, three people were lying on the ground.

The three people's hand and leg ligaments were all severed. The auras on their bodies were also incredibly frail, having only left with one last breath.

These three people were none other than precisely Pang Zhen, Wan Zhen, as well as Heavenly Emperor Profound Secrets!

And that figure sitting cross-legged was none other than precisely Dao Ancestor Life, Lin Chaotian!

Seeing Ye Yuan appear, Lin Chaotian did not seem surprised and said smilingly, "You're finally here?"

Ye Yuan's gaze turned sullen and he said in a cold voice, "What do you want?"

Lin Chaotian smiled and said, "Nothing. I just want to make a deal with you!"

Ye Yuan said in a cold voice, "Speak!"

The corners of Lin Chaotian's mouth curled slightly and he said smugly, "I know that you have two rule crystals on you, hand them over and exchange for two people! The remaining person dies!"

After Lin Chaotian entered, he did not put his heart and soul into finding rule crystals.

On the contrary, he scattered the people under him out, to search for the whereabouts of the people around Ye Yuan.

Among the people around Ye Yuan, there were many who entered this time.

Apart from Pang Zhen and Wan Zhen, there was also Long Yi, Bai Chen, and the rest.

Heaven rewarded the faithful. Lin Chaotian found Pang Zhen, Wan Zhen, as well as Heavenly Emperor Profound Secrets!

Heavenly Emperor Profound Secrets was personally captured by him.

Ye Yuan's pupils constricted, a piercing cold killing intent instantly bloomed.

This Lin Chaotian was really shameless to the extreme!

However, when Lin Chaotian saw Ye Yuan's expression, he enjoyed it very much and said with a faint smile, "You seem to be very furious??*Huhu*, weren't you very arrogant when you were outside? What about now? Continue being arrogant!?!*Mn*??This ancestor knows that the people around you will always be your greatest weakness! You fool, to actually still dare to bring them in! Forget that you brought them in. But you actually dared to let them run around recklessly on the Heavenspan Mountain!?!*Huhu*, are you very conflicted right now?"

The current Lin Chaotian felt a delight of having taken revenge.

For so many years, he, this Dao Ancestor, had suffered no idea how many losses under Ye Yuan's hands!
His hatred toward Ye Yuan had long already reached the limit.

So what if Saint Azure?

He was a Dao Ancestor!

He was the number one Dao Ancestor!

But now, he was like a dog who lost its home!

This was thanks to Ye Yuan!

Therefore, he wanted to return all these pain to Ye Yuan!

"Huhu, entering the Heavenspan Mountain this time, I never thought of going to find the rule crystals at all! Because I know that you'll help me find it! Your destiny is too heaven-defying! Sure enough, you didn't disappoint me! Not only did you obtain the rule crystal, you even obtained two!"

"But very sadly, you only obtained two!?Hahaha?... you have to abandon one person, you should be very pained, right? But this sort of pain is precisely what I hope for!"

Talking about how he was pleased with himself, Lin Chaotian could not resist raising his head to the sky and laughing loudly.

These few years, he had never felt so happy before!

Suddenly, he flipped his palm over. A crystal clear crystal appeared in his palm.

The moment this thing appeared, a powerful life force instantly spread out.

This extremely clear crystal took on a water droplet shape.

Ye Yuan's entire body trembled, immediately guessing the origin of this crystal.

Tear of Life!

This thing was the Tear of Life he had been searching bitterly for!

It was actually in Lin Chaotian's hands!

Lin Chaotian said smugly, *"Huhu,* you didn't see wrongly. It's the Tear of Life! I know that you're looking for it, but very unfortunately, it was obtained by me!"

[Unrivaled Medicine God](#)

Chapter 2492: What Are You Scared Of?

"Tsk tsk, really touching! Your brothers barely escaped death to obtain the Tear of Life for you. But in the end, it was obtained by me. Would you feel very angry?"

Lin Chaotian smiled faintly. His smugness was practically exuding.

But right then, a figure walked out of the fog, looking at Ye Yuan with a proud look.

“Huhu, Lord Saint Azure, are you still satisfied with this big gift?”

The one talking was none other than precisely Zhang Zhen!

Ye Yuan’s brows furrowed, a wave of evil fire immediately welled up in his heart.

This Lin Chaotian really exhausted his abilities!

Zhang Zhen smiled and said, “Huhu, I know that Lord Saint Azure won’t trust me. I also don’t need Lord Saint Azure to trust me. As long as your brothers trust me, it will do!”

Lin Chaotian also smiled and said, “Apart from Zhang Zhen, the Deva Realms under this ancestor have sincerely turned to you for protection! Heh, a mixture of truth and falsehood makes it difficult to distinguish! Furthermore, you seem to have forgotten, this ancestor entered the Heavenspan Mountain once! Back then, this ancestor fought all the way, narrowly escaping death, before I attained the position of Dao Ancestor! Nobody is more familiar with the Heavenspan Mountain than me! Although Zhang Zhen they all didn’t take the same path, they will definitely run into each other! Hence, the whereabouts of these brothers of yours, have actually all been within my control!”

Ye Yuan’s existence made Lin Chaotian feel a tremendous threat.

This kind of threat even surpassed the divine race!

Hence, during these few years of Heavenly Dao Samsara, Lin Chaotian racked his brains to think, not about the struggle to be Dao Ancestor this time, but how to deal with Ye Yuan’s revenge!

Lin Chaotian was a sensible person. He knew that a battle between him and Ye Yuan was unavoidable.

Therefore, he practically hollowed his brain out these few years, wanting to find a way to deal with Ye Yuan.

But in the end, he discovered to his dismay, this was an unsolvable problem!

Ye Yuan could not be killed!

As long as he could not kill Ye Yuan, he would continuously grow stronger and eventually surpass himself.

Lin Chaotian thought of corroborating his Dao and becoming an ancestor again. But he thought it over. Being a Dao Ancestor could not provide him with a sense of security at all.

Ye Yuan’s potential was endless!

Then, what was Ye Yuan’s weakness?

His friends!

Last time, he was ill-prepared.

But this time, he would not fail!

On the ground, Pang Zhen vomited blood and said with an angry roar, “Zhang Zhen, you despicable villain! I definitely won’t let you off!”

Zhang Zhen was indifferent and said with a smile, “*Huhu*, you’re thinking too much! He only has two rule crystals. How do you know that he’ll pick you? According to what I know, it seems like your standing on his side is inferior to these two!”

Pang Zhen’s pupils constricted and he gritted his teeth and said, “Wan Zhen, Lord Profound Secrets, after I die, you guys must avenge me and kill this damn dog!”

Wan Zhen’s gaze flickered and he roared, “Your Excellency, save Lord Profound Secrets and Pang Zhen!”

Profound Secrets had blood in his mouth as he laughed loudly and said, “You two little babes are actually vying with this old man! This old man has lived for ten billion years and has long already lived enough! Ye Yuan, although I didn’t achieve what Father has done, being revered for generation after generation, but I still have this bit of bearing! You save them!”

Ye Yuan frowned. He did not make a sound from start to end.

He could feel that Lin Chaotian performed some tricks on their bodies.

As long as he made the slightest unusual movement, these three would die without a burial ground.

But these three people, he was unable to accept losing any one of them!

“*Tsk tsk*, how touching! At this time, you guys can actually still think of helping the others! *Huhu*, but don’t you all feel that this will make it even harder for him to choose instead?”

Lin Chaotian had a smug face as he looked at Ye Yuan and said, “Why? Can’t choose? Why don’t ... this ancestor help you choose?”

Boom!

Lin Chaotian pointed a finger out, Pang Zhen’s two legs directly exploded into nothingness.

“*Urgh?...*” Pang Zhen hurt until he sweat cold bullets, gasping the cold air in pain.

But he refused to scream from start to end.

Although this was not fatal, it was painful to the extreme.

Ye Yuan’s pupils constricted and he shouted coldly, “Lin Chaotian, you’re courting death!”

Lin Chaotian was indifferent and said with a faint smile, “*Oh??* Is that so?”

Swoosh!

His figure suddenly moved, pouncing straight for Ye Yuan.

Ye Yuan’s two eyes narrowed, Universe suddenly unfolded!

“You dare to block?” Lin Chaotian was all smiles as he said.

Ye Yuan’s expression changed, immediately withdrawing Universe.

Bang!

Lin Chaotian’s palm was embedded into Ye Yuan’s chest firmly.

Ye Yuan spurted a mouthful of fresh blood wildly, flying out backward.

Against that palm, Ye Yuan withdrew Universe and the power of domain. Hence, it landed firmly on his body.

Regarding Lin Chaotian's one palm, how terrifying was the power?

The number one Dao Ancestor did not come from boasting!

His strength might be even greater than those five people Ye Yuan fought with previously!

"My Lord Saint Azure!, You're also nothing more than this!"

Lin Chaotian looked at the Ye Yuan who fell to the ground and said with a big laugh, "Hahaha?... Ye Yuan, aren't you very arrogant? Didn't you look down on this ancestor? Get up! You, fight back!"

Bang!

While talking, Lin Chaotian's figure moved swiftly, another palm imprinting onto Ye Yuan's chest.

Ye Yuan flew backward again!

Receiving two palms in a row, even if Ye Yuan's physical body was exceedingly strong, his innards also suffered a tremendous impact, his injuries extremely severe.

One had to know, he did not have the slightest defense, relying entirely on his physical body to forcibly resist two palms!

If it were others, Lin Chaotian's these two palms landing, they would have long already been beaten into nothingness.

"Hahaha?... indeed deserving of being Lord Saint Azure, really resistant to hits! Your divine soul can't be killed, but if this ancestor destroys your physical body, then I wonder if you can still break the shackles or not?"

Lin Chaotian laughed savagely, a palm slamming onto Ye Yuan's body once again.

All the bones in Ye Yuan's body seemed to have been broken up, his internal organs practically ruptured.

"Argh! Argh! Argh! Lord Saint Azure, leave us alone! Fight back!" Pang Zhen had tears in his eyes, enduring the intense pain as he bellowed.

Wan Zhen clenched his jaws tightly and said with an angry roar, "Lord Saint Azure, our death isn't regrettable! Fight back! Kill this damn dog and revive the human race!"

They understood that Ye Yuan already had the strength to challenge Lin Chaotian presently.

But, for their sake, he would rather be beaten into serious injuries by Lin Chaotian.

At this rate, Ye Yuan's physical body would really be ruined!

With his physical body being ruined, Ye Yuan naturally would not die.

But, wanting to reach his present peak would require far too much effort.

And Lin Chaotian would not give him this chance!

When Lin Chaotian heard that, he laughed loudly and said, "Yeah, fight back! Why aren't you fighting back, Lord Saint Azure? Fight back!"

Swoosh!

Lin Chaotian's figure moved again, a palm slamming toward Ye Yuan again.

This feeling of toying with Ye Yuan made him enjoy it greatly!

But right at this time, Ye Yuan suddenly lifted his hand, his eyes full of coldness.

A feeling of immense danger suddenly rose!

Lin Chaotian's expression changed wildly, his figure retreating explosively!

He was frightened!

Ye Yuan struggled to stand up. Looking at Lin Chaotian indifferently, he said, "Come on! What are you scared of?"

Only then did Lin Chaotian know that he had been tricked!

Ye Yuan did not dare to retaliate at all. Just now, he was just scaring him.

And he was really scared!

"Damn it! Brat, you're courting death!" Lin Chaotian turned angry from embarrassment, a palm thrusting toward Ye Yuan again!

Chapter 2493: Who's Faster!

"Die! Die! Die! Die for this ancestor! Damn thing, to actually dare trick this ancestor! This ancestor wants you dead!"

Lin Chaotian practically went mad. One palm after another landed on Ye Yuan's body.

Each palm was stronger than the last, continuously without ceasing.

Wood-attribute rule had a tenacious life force to begin with, stretching long and unbroken.

His palm force was like a huge wave, scouring Ye Yuan's body over and over again.

Ye Yuan still did not fight back. He just gritted his teeth and persevered.

His internal organs were practically almost shattered already.

His body of steel had also been broken in many sections.

But he still did not fight back!

Pang Zhen three people had tears pouring down their faces, not even daring to look over.

“Alas! Alas! Alas! Your Excellency, you ... should fight back! I’m begging you, fight back!” Pang Zhen used his fist to smash on the ground fiercely as he wept bitterly.

By the side, Zhang Zhen’s expression flickered indeterminately.

Even he was also somewhat envious of Pang Zhen three people.

With such a brother, what did you need to ask for!

Unfortunately, it was impossible for him to become Ye Yuan’s brother!

“Kneel for this ancestor!”

All of a sudden, Lin Chaotian kicked Ye Yuan’s calf bone.

It was only to hear a crack. Ye Yuan’s calf bone broke at the sound of it.

However, he did not kneel!

His complexion turned white from pain, but he still did not kneel down!

“Ptooeey!”

Ye Yuan spat a mouthful of blood, carrying Sword Dao will. Lin Chaotian actually could not evade it and had his face spat at.

“Lin Chaotian, you’ve vented it out too! But you’d best not touch some bottom-line! Making this Ye kneel down, you aren’t worthy!” Ye Yuan’s words were icy-cold to the extreme.

Lin Chaotian having his face spat at immediately flew into a great rage and said, “If this ancestor insists on making you kneel?”

“Then ... at the risk of the three of them dying, this Ye will cut you down here too!” Ye Yuan’s words did not carry the slightest emotion.

Lin Chaotian’s gaze turned dark, furious but not speaking.

He understood Ye Yuan. Ye Yuan was too proud!

No matter what the circumstances, it was impossible for him to submit!

Making Ye Yuan kneel, that was something absolutely impossible.

He did not doubt Ye Yuan’s words at all.

Because he knew that Ye Yuan would really do it!

He only said that because he was extremely angry just now.

Calming down at this time, he discovered that he had the tempo led by Ye Yuan a little instead.

The teasing earlier made him burn with fury.

But now, he felt rather disinterested!

Ye Yuan this person could be killed, but he could not be humiliated!

"Humph! Now, have you decided how to choose?" Lin Chaotian said with a cold snort.

This was equivalent to him compromising!

Zhang Zhen stared dumbfounded, his mouth agape. Ye Yuan was already almost dying. Yet, Lin Chaotian was actually stopping?

This kind of feeble threat could be effective too?

How could he know that Ye Yuan could not be killed at all!

Even if he destroyed his physical body, it was useless too.

Ye Yuan could not die!

"I've decided. I'll save the two of them!" Ye Yuan lifted his finger with difficulty and pointed towards Heavenly Emperor Profound Secrets and Wan Zhen.

This time, he did not hesitate.

Wan Zhen's entire body shook and he said angrily, "Your Excellency, I don't need your help!"

Heavenly Emperor Profound Secrets was also greatly enraged and said, "Ye Yuan, this emperor doesn't want you to save! Save them!"

But Lin Chaotian laughed loudly and said, *"Hahaha ...* What bullshit brother! Pang Zhen boy, saw that? You're not even a fart in his eyes!"

Pang Zhen was covered in blood and similarly laughed loudly and said, *"Hahaha ...* How can a self-centered, despicable, and shameless villain like you, understand the feelings between us brothers? Your Excellency, well done!"

He did not have any complaints about Ye Yuan!

In reality, no matter who Ye Yuan saved, the other two would not complain.

Just as Pang Zhen said, the feelings between them brothers, Lin Chaotian would never understand it.

Because in Lin Chaotian's eyes, there was only self interest!

They could stab two knives into their ribs for their brothers, could throw away their lives, and could give everything up!

This sort of feeling already penetrated deep into the bone marrow long ago.

How could a cold-blooded person understand?

On the contrary, not only would Pang Zhen not resent Ye Yuan, but he would also feel heartache for Ye Yuan instead.

Because he knew how much courage Ye Yuan needed to make this decision!

The pain in Ye Yuan's heart was probably even more serious than the injuries on his body right now!

Ye Yuan closed his eyes painfully and said, "Brother, I'm sorry! I ... I only have two rule crystals!"

The current Pang Zhen seemed to have forgotten the pain on his body, and he said with a loud laugh, "My lord, thank you! It was a great honor for this Pang to be able to follow Your Excellency in this lifetime! It was you who taught me how to be an upright person! It was you who let me grow! In the next life, I hope that I can continue following Your Excellency!"

Lin Chaotian discovered that his inciting act did not take any effect at all.

He indeed could not quite understand why Pang Zhen was still loyal and devoted toward Ye Yuan under this kind of circumstances.

Swoosh!

A rule crystal flew toward Lin Chaotian.

He reached his hand out and grabbed it in his hand.

His face was full of joy.

Fire rule crystal!

"*Hahaha* ... Fire rule crystal, really a good thing! The fire rule crystal being placed with Ancestor Fire that fool was really too wasteful! Now, this ancestor obtained the fire rule crystal. Even if I am facing Tian Qing, what do I have to fear?" Lin Chaotian let out a burst of wild laughter after he obtained the fire rule crystal.

What he wanted to obtain the most was the fire rule crystal.

Wood begets fire!

Obtaining the fire rule crystal, his strength would increase exponentially!

Previously, he helped Ancestor Fire with wood-attribute power of rule, causing Fire Dance Frenzied Demon this move to become unbelievably strong.

However, that was only because his application of wood-attribute rule reached a transcendent level.

If he controlled wood-attribute rule and fire-attribute rule at the same time, what did Fire Dance Frenzied Demon count for?

When the Heavenspan Mountain opened, one person could only refine one rule crystal.

But, after Heavenly Dao Samsara, they could refine a second rule crystal!

Mastering two great rules, Lin Chaotian's strength would reach an extremely terrifying realm!

"Release them!" Ye Yuan said with a cold yell.

Lin Chaotian smiled slightly and waved his hand casually, Heavenly Emperor Profound Secrets was directly swept in front of Ye Yuan.

Ye Yuan fired out a stream of divine essence, catching Heavenly Emperor Profound Secrets.

He did not care about his own injuries, immediately checking Heavenly Emperor Profound Secrets' body, and his expression could not help changing.

Within Heavenly Emperor Profound Secrets's body, an incomparably powerful wood-attribute power of rule was hidden in the divine sea!

Clearly, it was done by Lin Chaotian.

As long as his mind stirred, this wood-attribute power of rule would immediately explode, blowing Heavenly Emperor Profound Secrets into smithereens.

When Lin Chaotian saw this scene, he could not help but smile slightly and said, "Huhu, gave up? See if it's your sword that's faster, or my thought that's faster! Alright, there's still a water-attribute rule crystal, hand it over!"

Hearing this, Zhang Zhen's entire body trembled. A look of wild ecstasy brimmed over on his face.

The reason why he agreed with Lin Chaotian was for this rule crystal!

What bullshit brotherhood, what loyalty? In front of Dao Ancestor, what did it count for?

Ye Yuan took out the water rule crystal and threw it to Lin Chaotian without the slightest hesitation.

Lin Chaotian was also full of joy.

He and Zhang Zhen both swore a Heavenly Dao Oath. He would obtain a rule crystal and give it to Zhang Zhen.

And when Zhang Zhen became a Dao Ancestor, he would pledge loyalty to him forever!

He swept his sleeves grandly, sweeping the rule crystal over.

But right at this time, his divine soul suddenly felt an intense stabbing pain, as if it was being pierced by ten thousand fine needles.

In an instant, his consciousness fell into stagnation.

Chapter 2494: Breaking the Deadlock!

Puu, puu, puu!

It was also at this moment that Ye Yuan flicked his fingers repeatedly.

Three streaks of sword energy penetrated into the three people's bodies respectively.

Following that, his divine essence did the leading. A powerful suction force swept Pang Zhen and Wan Zhen over.

All of these were completed in the time it took for sparks to fly off a piece of flint. Clearly, Ye Yuan had long already made a plan.

Only all the way until this time did the water rule crystal land on the ground quietly.

The change was too fast. Apart from Ye Yuan himself, everyone did not react to it.

Even Pang Zhen and Wan Zhen themselves were also dumbfounded at this moment.

Zhang Zhen was utterly dumbfounded by the side.

He did not understand why Lin Chaotian did not make a move to stop it.

With Lin Chaotian's strength, he could definitely make it in time.

But at this time, Lin Chaotian shook his head suddenly, only to feel a stabbing pain in his divine soul.

He was taken aback, recovering to his senses.

Divine soul attack!

He could not help looking towards Ye Yuan and discovered that the people were actually all rescued, and his pupils could not help shrinking.

"DIE!"

His thoughts stirred, and he was going to detonate the wood spirit divine essence within Pang Zhen's body.

However, Pang Zhen did not even move, not even an eyelid!

Lin Chaotian's heart thumped, being taken by surprise, and secretly thought that it was not good.

How was this possible?

His wood spirit divine essence was resolved so quickly?

Ye Yuan's means were also too heaven-defying, right?

But currently, Ye Yuan's pair of icy-cold eyes were currently looking over toward this side.

"No need to try! Your wood spirit divine essence has already been sealed by my sword energy. You can't detonate it!" Ye Yuan said in a cold voice.

Lin Chaotian had a look of shock on his face and said, "This is impossible! How can you possibly do it within such a short time?"

Ye Yuan said coolly, "Nothing is impossible! My law comprehensions are inferior to yours, but you're far worse in quality of divine essence! You think that I suffered so many palms of yours in vain?"

Lin Chaotian's expression changed wildly and he said in a solemn voice, "You ... What on earth did you do?"

Ye Yuan said coolly, "That mouthful of blood essence was tainted with my chaos origin divinity in it! I handed a rule crystal over to you just to exchange one person over, it didn't matter who. As long as someone comes over, I'll naturally have a way of stopping you from making a move. So when I tossed out the second rule crystal, the chaos origin divinity turned into a soul sword and sneak attacked your divine soul, making you absent-minded temporarily. And this period of time is enough for me to inject sword energy into their bodies."

Everyone present was stunned from listening.

This ... This was also too monstrous!

Within such a short time, Ye Yuan actually thought of such a meticulous method, it was truly inconceivable!

Everyone thought that Ye Yuan was hesitating to take action out of fear of damages, not daring to fight back.

Who could have thought that Ye Yuan was actually making concessions in order to gain advantages, concealing his means!

Everyone thought that Ye Yuan had no choice but to hand over the rule crystals.

Who could have thought that he was actually trying to grasp Lin Chaotian's method!

From start to end, Lin Chaotian thought that he held absolute dominance, thinking that it was absolutely impossible for Ye Yuan to make a comeback.

But Ye Yuan led the direction of the whole thing without him noticing it!

By the time Lin Chaotian reacted, the situation had already completely reversed!

Advancing gradually and entrenching himself at every step!

Incredibly meticulous!

Bizarre means!

Lin Chaotian only felt that he was battling in magic with a monster, losing so thoroughly.

This move was set up by him painstakingly over many years.

Each detail involved, he took it into consideration.

Ye Yuan was completely dealing with it passively.

However, it was under such a passive situation that Ye Yuan thought of a solution so quickly.

And reverse-schemed against Lin Chaotian, succeeding in breaking the deadlock!

This sort of cunningness, this kind of means, it was truly undefeatable!

Talking about this soul sword again, it was a utilization method of the chaos origin divinity that Ye Yuan found out.

With regards to the chaos origin divinity, Ye Yuan understood too little.

But its might was beyond all doubt.

So, these few years, Ye Yuan had always been trying to unearth some of the chaos origin divinity's functions.

This origin divinity decomposition technique was one of the methods that Ye Yuan found out!

Lin Chaotian this kind of old monster who had lived for so many years. His divine soul had long already reached the extreme.

Although Ye Yuan's chaos origin divinity was powerful, wanting to attack this level of powerhouse head-on, it was clearly rather inadequate.

After all, nobody was a fool. Lin Chaotian knew that Ye Yuan's origin divinity was powerful, how could he possibly not take precautions?

But, decomposing the origin divinity and hiding it in blood essence, incubating within Lin Chaotian's body to suddenly launch a sneak attack, it was absolutely impossible for him to guard against.

Sure enough, Lin Chaotian fell for it!

He thought that Ye Yuan just spat in anger.

But he did not know that failure was already destined at that time!

Lin Chaotian opened his eyes wide. Until now, he still did not quite dare to believe it.

He never planned on handing over the hostages to Ye Yuan at all!

Just now, he planned to directly detonate the wood spirit divine essence and kill Profound Secrets and Wan Zhen.

As for Pang Zhen, as long as he was around, Ye Yuan would not dare to be unbridled.

He had determined Ye Yuan's weakness, that was why there was the scheme this time.

But, before he made his move, the hostages were already rescued.

"You ... You're really a monster!" Lin Chaotian only felt a chill run down his spine. This fellow in front of him was really too scary!

Ye Yuan's eyes gradually grew cold and he said, "Is that so? Including chatting so much with you just now, my injuries have already recovered by 50% too! Now, you can go to hell!"

Boom!

His voice had yet to fade when Universe was already unleashed!

Lin Chaotian's expression changed wildly, turning around and fleeing with a whoosh, merging into that main road.

Ye Yuan did not pursue, but he bent down and stuffed a medicinal pill each for the three of them.

Then he healed their injuries for them.

Profound Secrets three people were too heavily injured. Furthermore, Lin Chaotian's wood spirit divine essence was also just temporarily suppressed.

If it was not removed in time, there was a danger to their lives.

“Your Excellency, ignore us! Go and kill that damn dog! Having obtained the fire rule crystals, he’ll definitely refine it right away! If you wait for him to refine it, he’ll be even harder to deal with!” Pang Zhen gritted his teeth and said.

Ye Yuan frowned and said, “Shut up!”

Pang Zhen was helpless and could only shut up.

But in his heart, a warm current was flowing through.

This was a brother; no need for more words.

Lin Chaotian left, but Zhang Zhen did not.

This sudden change rendered his entire person stupefied.

He did not expect that Lin Chaotian actually did not even fight, directly slipping away.

He was left alone, what to do?

His gaze landed on the water rule crystal not far away.

Greed overflowed from his eyes.

But he just had the thought of moving when Ye Yuan’s devilish voice came over.

“If I were you, I’d stand there obediently and not think about anything. The more you think, the faster you’ll die!”

Zhang Zhen’s entire body shook, his eyes full of unwillingness.

Swoosh!

He still moved!

The temptation of Dao Ancestor was too great!

Furthermore, it was death either way. So why not risk his life?

Zhang Zhen’s speed was extremely fast. In a breath, he arrived in front of the water rule crystal.

His gaze revealed a look of wild ecstasy.

Sure enough, Ye Yuan was scaring him.

How could the wood-attribute divine essence that Dao Ancestor Life left behind be that easy to remove?

However, just as his hand was about to touch the water rule crystal, a streak of cold light flashed past.

Pffft!

His hands were directly gone!

Chapter 2495: Who Is Number One?

“Ahhh!!”

With a miserable scream, Zhang Zhen fell to the ground.

From start to end, Ye Yuan never lifted his head once.

Dealing with Zhang Zhen’s level of strength, it only needed a burst of sword energy and it was enough.

He was only a foot away from the water rule crystal.

Close at hand, but far away at the horizon!

Zhang Zhen looked at the water rule crystal in front of him, still desperately crawling forward.

He extended his severed arms, attempting to grab the water rule crystal.

But right at this time, another streak of cold light flashed past.

His two arms were gone.

In the distance, came Ye Yuan’s icy-cold voice. Ye Yuan said, “Man dies in pursuit of wealth, birds die in pursuit of food! It’s just that you got to have a bottom-line as a person! Yesterday’s karmic cause, today’s karmic effect. Everything was you bringing trouble upon yourself!”

Pang Zhen laughed wildly when he saw the situation and said, “*Hahaha* ... Zhang Zhen, you also have this day! Gratifying! How gratifying!”

Zhang Zhen was very smart. These few years, he did not deliberately be friendly with Pang Zhen.

But some things, he would always do it thoughtlessly.

He would let Pang Zhen see it or know about it by chance.

In the course of time, Pang Zhen was firmly convinced of Zhang Zhen’s character.

So along the way, he did not doubt Zhang Zhen at all.

But in the end, he was still deceived by Zhang Zhen!

He experienced a narrow shave with death, obtaining the Tear of Life.

But in the end, it benefited Lin Chaotian!

That burst of fury almost drove him crazy.

Now, finally venting this frustration, how could he not be happy?

Wan Zhen snorted coldly and said, “Just now, you probably also didn’t expect that you’d have such an end, right? Serves you right!”

Sword energy seeped into Zhang Zhen’s body through his wounds, overwhelming him to the point where he wished that he was dead.

Despair!

The disparity between him and Ye Yuan was too great!

He also understood that Ye Yuan did it on purpose.

Able to see, unable to eat!

Nothing was more despairing than this.

He was only a step away from Dao Ancestor.

But he would never become a Dao Ancestor!

Ye Yuan extended his hand and beckoned. The rule crystal flew into his hand.

Zhang Zhen could only watch this scene, powerless to do anything.

Done with these, Ye Yuan no longer cared about him, treating Pang Zhen and the rest dedicatedly.

Zhang Zhen sprawled on the ground just like that, not daring to move.

Ye Yuan's action was too terrifying. Zhang Zhen did not have any possibility of running away at all.

Currently, he was terrified to the extreme in his heart. The taste of awaiting death was not good.

Time slowly trickled by. The wood spirit divine essence within the three people's bodies, all were forced out of their bodies bit by bit by Ye Yuan.

The three people's injuries also gradually recovered.

Pang Zhen's severed limbs also slowly grew out under Ye Yuan's treatment.

"Your Excellency, Lin Chaotian obtained the fire rule crystal. He'll definitely refine it right away. Once he refined the fire rule crystal, his strength will definitely increase greatly," Pang Zhen said worriedly.

Ye Yuan was indifferent as he said coolly, "His appetite is very big, but he has to be able to swallow it too. The scores between me and him should also be settled now. The three of you stand guard over me. I'll go into closed-seclusion here."

"Closed-seclusion?"

The three people were stunned when he heard that.

Others came to the Heavenspan Mountain in order to compete for the position of Dao Ancestor.

Ye Yuan was exceptionally different, to actually come up the mountain to go into closed-seclusion and cultivate.

Was this competing in cultivation speed with Dao Ancestors?

One had to know, the time needed to refine a rule crystal was not considered long. At most one month and you could digest it fully.

With Ye Yuan going into closed-seclusion now, could he surpass Lin Chaotian within a month?

After Lin Chaotian refined the fire rule crystal, his strength would not be one plus one equals two so simple.

Wood-attribute rule plus fire-attribute rule, the power produced was seriously too terrifying.

Even if Ye Yuan went into closed-seclusion and broke through now, could he surpass Lin Chaotian who had two great rules gathered onto one body?

The few people all felt rather baffled by Ye Yuan's choice.

Right now, the most important thing should be catching up to Lin Chaotian and not let him refine the rule crystal.

However, Ye Yuan's authority had long already penetrated deep into the marrow. Regarding his decision, the few people naturally would not resist.

Ye Yuan made them stand guard, then they would stand guard.

"Your Excellency, what about this guy?" Pang Zhen pointed at Zhang Zhen and said.

"I'll leave him to you," Ye Yuan said coolly.

Ye Yuan knew that the one who hated Zhang Zhen the most was Pang Zhen.

This opportunity to take revenge, he naturally had to leave it to Pang Zhen.

Sure enough, Pang Zhen rubbed his fists and wiped his palms. His gaze when looking at Zhang Zhen was full of ill-intent.

He had been stifling this frustration until now.

After handing over this matter to him, Ye Yuan ignored him and started cultivating on his own.

His sword energy already seeped through the body, destroying Zhang Zhen's life force.

With these three people's strength, it was naturally impossible to let him run.

Ye Yuan's realm already reached the limit, it was impossible to make any more breakthroughs.

What he wanted to break through was naturally law comprehension.

Between time and space, these two great laws, Ye Yuan's time law fell into a state of stagnation, but his spatial law became stronger and stronger.

Before entering the Heavenspan Mountain, his spatial law actually already reached the level of rank five source.

After entering the Heavenspan Mountain, the spatial law here was virtually the Heavenspan World's supreme law.

In this place, even Dao Ancestors were unable to teleport. It could be seen how powerful the spatial rule here was.

Walking along the way, the spatial rule here was also of great inspiration to him.

What he had to do now, was to pool all these inspirations together, then make a breakthrough.

The realm of rule was already not far away.

... ..

At the end of the road was a deep and quiet passageway.

When Lin Chaotian saw this passage, he was immediately wildly elated.

Outside of this passageway, it was impossible to refine rule crystals.

To become a Dao Ancestor, you must enter this passageway to refine the rule crystal.

But now, he was only a step away from becoming a Dao Ancestor a second time.

He believed that as long as he became a Dao Ancestor again, his strength absolutely would not be inferior to Ye Yuan.

Even if Ye Yuan could really break the shackles, it was also impossible for him to be weaker than Ye Yuan.

Because his might was endowed by heaven.

Thinking up to here, he gripped the fire rule crystal in his hand a little tighter.

“Ye Yuan, you’ll never be able to imagine how powerful this ancestor will be after possessing two great powers of rule! No matter how great your talent is, heaven is an obstacle that you’ll never be able to overcome.”

Lin Chaotian laughed loudly as he entered the passageway.

Time went by day by day, Lin Chaotian’s aura also grew with each passing day.

A month later, Lin Chaotian’s imposing aura surged to the sky.

A terrifying power of flames made his entire person look like a god.

“*Hahaha* ... This ancestor transformed from Dao Ancestor Life to Dao Ancestor Firespirit! I’m likely the number one person since ancient times! Ye Yuan, this ancestor wants to see how strong you are, and whether or not your divine soul can be shattered by this ancestor!”

Lin Chaotian was incomparably wild at this time. He felt that he was unbelievably powerful.

Ye Yuan’s bizarreness previously was utterly not worth mentioning under his power!

With two great rules augmenting him, the position of Dao Ancestor descended. He already became the number one person in the world!

It was just that he did not know that currently, spatial rule descended upon Ye Yuan. His entire person became incomparably illusory.

Chapter 2496: Humanity’s Number One Person!

“The second passageway opened! A-Another person corroborated their Dao and became an ancestor!”

“Ancestor Tian Qing has already become Dao Ancestor Destruction. Coupled with his own strength, he’s already absolutely invincible! I wonder who this second Dao Ancestor is!”

“*Sigh,*? I hope that humanity can get a few more spots. Otherwise ... the days ahead will be tough to get by!”

... ..

The struggle for Dao Ancestor was already nearing its end. Many Deva powerhouses already came out of the Heavenspan Mountain.

Those nine passageways, only by obtaining a rule crystal could one stay inside.

The others were transported out automatically.

Some people only entered the Heavenspan Mountain to try their luck.

They could not obtain the rule crystal, so they fumbled for some lucky chances, and then came out.

There were nine passageways above the void.

When a passageway opened, a new Dao Ancestor was born.

So far, only the first passageway had opened.

And the one who walked out of it was precisely the divine race’s Ten-marks powerhouse, Tian Qing!

Tian Qing refined the destruction crystal and became Dao Ancestor Destruction!

This Dao Ancestor Destruction was on a completely different level from the previous Dao Ancestor Destruction.

Ten-marks powerhouse plus destruction rule, he was simply capable of destroying any strongholds.

The human powerhouses present virtually lost all hope.

At present, the periphery of the Heavenspan Mountain was not just the powerhouses who entered the Heavenspan Mountain. Many people who did not enter the Heavenspan Mountain were also looking about.

After all, the birth of new Dao Ancestors was an unprecedented grand occasion!

Tian Qing currently had his eyes closed and was regulating his breathing when he saw a second passageway suddenly erupt with rays of brilliant light, and he could not help opening his eyes.

He was also very curious about who would be the second to come out.

A figure slowly walked out. A powerful flame rule was akin to the blazing sun high above in the sky, shining until everyone could not open their eyes.

His appearance was as if the divine buddha was alive, illuminating the world.

That astonishing bearing made everyone daunted at the sight of him!

Seeing the arrival, Tian Qing could not help frowning.

Clearly, this new Dao Ancestor Flame surprised him a little.

“It’s Dao Ancestor Life, Lin Chaotian! He ... He became the new Dao Ancestor Firespirit!”

“Damn it! How could it be him? He’s in possession of wood and fire, two great rules. After this ... who is still his match?”

“I didn’t expect that he actually became a Dao Ancestor a second time! Furthermore, he’s the most terrifying Dao Ancestor Firespirit!”

... ..

Lin Chaotian’s appearance immediately caused a stir.

This result was what they were not willing to see.

Disregarding the divine race’s side, a person like Lin Chaotian becoming humanity’s number one person was absolutely a calamity and not a blessing to the human race!

How could the human race who experienced the Doomsday Battle not understand this point?

The corners of Lin Chaotian’s mouth curled slightly, and he looked at Tian Qing and said, “Tian Qing, you seem to be very surprised by this ancestor’s appearance?”

The current Lin Chaotian no longer had that overcautious and timid mood.

Facing Tian Qing, this divine race’s number one person, he exuded indescribable self-confidence.

Tian Qing’s brows furrowed slightly, and he said in a solemn voice, “You seem to be very proud of yourself!”

Lin Chaotian laughed loudly and said, “Yes, this ancestor is really very pleased with myself right now! Tian Qing, didn’t you claim to be the divine race’s number one person? This ancestor currently really wants to see just how strong you are!”

The moment these words came out, everyone was stunned.

No one expected that Lin Chaotian would actually say such unbelievably domineering words.

In the entire Doomsday Battle, he cowered in the rear, not daring to rear his head at all.

But now, he was actually taking the initiative to provoke Tian Qing.

Furthermore, the present Tian Qing was not the Tian Qing before anymore.

He already became a Dao Ancestor!

Everything came so suddenly.

Two new Dao Ancestors were just born, and they were actually standing ready to cross swords.

But many people present also saw it clearly, these two people’s victory or defeat would likely determine the arrangement of humanity and divine, two races, in the future!

The divine race's strongest versus the human race's strongest!

Even Tian Qing also did not think that Lin Chaotian would be so arrogant. He could not help laughing from extreme fury and said, "Very good. This ancestor also wants to take a look at how much ability the new Dao Ancestor Firespirit has!"

Heavenly Dao True Martial, Myriad Dao Annihilation!

Boom!

It was only to see Tian Qing threw a punch out ordinarily, carrying a biting cold fist wind, heading straight for Lin Chaotian.

Myriad Dao Annihilation, this was the divine race's most terrifying Heavenly Dao True Martial and not one of!

One punch shattering myriad laws!

Under this punch, Tian Qing was able to borrow the power of Heavenly Dao, and make all Dao laws return to tranquility!

You could only take a beating!

Moreover, this punch of his even fused the destruction rule that he just acquired.

With this move, Tian Qing already unleashed 70% of his strength. It was unbelievably terrifying.

His high regard for Lin Chaotian could also be seen.

"*Heh,*?Myriad Dao Annihilation! Back then, this move made Shang Hang that guy suffer many hardships! However ... this ancestor isn't a mediocre person like Shang Hang!"

Lin Chaotian gave a cold laugh. Wood and fire, two kinds of power of rule, suddenly erupted from his body.

Heaven Wielding Golden Crow! Myriad Fire Consecration!

Only to see him hold his palm out, a large golden bird suddenly flew up.

The moment this golden crow appeared, everyone's breathing became ragged.

They felt like they were about to melt!

This kind of means was really more than ten times stronger compared to the Ancestor Fire back then!

Even Tian Qing's expression changed abruptly too.

His Myriad Dao Annihilation was actually unable to slaughter this large golden crow!

Boom!

The two people's peak collision reduced space to fragments.

Many powerhouses, some powerhouses who were in the distance, were actually directly annihilated by this terrifying power!

They had already gone far enough but still did not evade this fallout.

Everyone's complexion turned deathly pale, looking at this scene with incredible shock.

Above the void, Lin Chaotian and Tian Qing each fell back several tens of thousands of feet. They were actually evenly matched in strength!

Tian Qing's pupils constricted. He did not expect that the Lin Chaotian who became Dao Ancestor Firespirit was actually strong to such an extent.

He already became a Dao Ancestor and was actually unable to take him down!

"This ... This is also too strong, right? What a move! Heaven Wielding Golden Crow! He's the god of flames!"

"Wood and fire in perfect harmony, it's truly boundlessly terrifying! Even Tian Qing actually can't do anything to him!"

"This power is practically going to smash the sky already! I'm afraid that they are not far from Heavenly Dao anymore!"

... ..

Shocked voices lingered on incessantly.

The impact that the scene before their eyes brought to them, was seriously too strong.

Previously, when Lin Chaotian was arrogant, they still held much disdain in their hearts.

After all, Tian Qing's might had long been deeply rooted in people's hearts.

But no one expected that Lin Chaotian was actually so strong!

"*Hahaha?*... How is it, Tian Qing? I, this Dao Ancestor Firespirit, can still enter your sights, right?" Lin Chaotian looked at Tian Qing and said with a loud laugh.

He had never felt so good before.

Only a short while ago, the divine race was like a large mountain, pressing on his heart.

But now, he could already stand up to Tian Qing as an equal!

Furthermore, it was even under the situation where Tian Qing became a Dao Ancestor!

He was already the well-deserved humanity's number one person!

Tian Qing's gaze turned slightly dark, and he said, "Very good! That's right! You have the qualification to be on equal footing with this ancestor!"

These words were tantamount to acknowledging Lin Chaotian's status.

Lin Chaotian laughed loudly when he heard that and said, "All of you, listen up! From now on, everyone of the human race, all will heed my orders! Whoever dares to disobey me will die!"

Unrivaled Medicine God

Chapter 2497: The Arrogant Lin Chaotian!

“This ... He’s going to unify the human race!”

“Listen to his orders? Then what about Lord Saint Azure?”

“*Heh*, can’t you tell yet? He’s targeting Lord Saint Azure!”

... ..

A series of indignant voices immediately came from inside the crowd.

Ye Yuan’s name of sainthood had long already spread throughout the human race.

Everyone obeyed Lord Saint Azure’s orders spontaneously.

But now, Lin Chaotian was oppressing people by force!

He already considered himself to be humanity’s number one person!

Tian Qing gave Lin Chaotian a glance and slowly retreated. Tian Qing did not speak.

He would not care about the human race’s affairs.

Lin Chaotian gave a cold snort and said, “This ancestor knows what you all are thinking! After Ye Yuan comes out, this ancestor will personally suppress him! Not submitting, then it’s death! Not just Ye Yuan; all of humanity’s Dao Ancestors have to submit to this ancestor! In the future, there will be no other great Dao Ancestors! Only me, Lin Chaotian!”

His words leaked overbearingness, reverberating throughout the sky.

Heavenly Dao Samsara, it was already not the era where nine great Dao Ancestors existed side by side any longer.

From now on, there was only Tian Qing and Lin Chaotian!

As for Ye Yuan, Lin Chaotian did not take him seriously anymore.

Being unkillable in the past, that was just because he was not strong enough.

Now, he believed that he absolutely had the strength to kill Ye Yuan!

The human powerhouses present dared to get angry but did not dare to speak.

The present Lin Chaotian was too strong!

Right at this time, the third passageway lit up!

The third Dao Ancestor was born!

Everyone’s gazes looked towards that passageway.

“I-It’s Sacred Ancestor High Priest!”

“He actually obtained the light crystal, becoming Dao Ancestor Light!”

“Not good, Lin Chaotian probably won’t let him off!”

... ..

Seeing Sacred Ancestor High Priest, everyone’s gazes landed on Lin Chaotian naturally.

Sure enough, the corners of Lin Chaotian’s mouth curled slightly.

Clearly, he harbored ill-intent!

Sacred Ancestor High Priest was Ye Yuan’s man

Now, he became Dao Ancestor, how could Lin Chaotian possibly let him off?

“Wing, come over and pay respects to this ancestor!” Lin Chaotian’s words carried a sternness that brooked no intervention.

Sacred Ancestor High Priest’s brows furrowed, immediately getting annoyed.

He was already a Dao Ancestor. And yet, there was actually someone who dared to speak to him like that?

However, the moment his gaze landed on Lin Chaotian, his pupils could not help shrinking.

This guy actually became the new Dao Ancestor Firespirit?

Before Sacred Ancestor High Priest entered the Heavenspan Mountain, he was already a rule powerhouse!

Now, he became Dao Ancestor Light. His strength was also a tyrannical existence among Dao Ancestors already.

Lin Chaotian actually spoke to him like that. This made him very displeased.

Combined with the previous grudges, how could Sacred Ancestor High Priest lower his head?

“Lin Chaotian, you’re regarding yourself too highly, right? Even if this ancestor pays respects, it won’t be your turn too!” Sacred Ancestor High Priest said with a cold snort.

But Lin Chaotian just smiled faintly and said, “Is that so? Looks like you haven’t figured out the current situation yet!”

Sacred Ancestor High Priest said disdainfully, “The current situation is that I’m a Dao Ancestor too! After Ye Yuan returns, plus Treasure Pig, what do you count as?”

Wing was very clear that he might not be Lin Chaotian’s match currently.

But Ye Yuan already possessed Dao Ancestor-level strength to begin with.

Coupled with Treasure Pig who could rival two great Dao Ancestors, their side was absolutely the strongest in the Heavenspan World!

Therefore, he did not fear Lin Chaotian at all.

However, Lin Chaotian just smiled faintly and said, "You didn't hear it earlier. Then this ancestor will repeat this sentence again! From now on, humanity will hold me in the highest esteem! All Dao Ancestors must submit to this ancestor! Otherwise, bear the consequences yourself!"

Sacred Ancestor High Priest snorted coldly and said, "Who the hell do you think you are? To also dare be conceited enough to proclaim supremacy? Bear the consequences yourself??*Heh,*?this ancestor wants to see how I'll bear the consequences!"

Lin Chaotian nodded slightly and said, "Okay, I'll let you see how!"

Finished talking, his figure moved, a palm already smacking over.

Without that earth-shaking great battle just now, it was just an ordinary palm.

In fact, people could not even feel the undulation of fire-attribute rule on Lin Chaotian's body.

Sacred Ancestor High Priest was unperturbed and not afraid. He just gave a cold snort, and similarly smacked a palm out.

Immediately, a light rule power overflowed from his palm area.

The terrifying energy undulation shocked the world!

It was just that the powerhouses present all sighed slightly.

Clearly, they were not optimistic about Sacred Ancestor High Priest.

Bang!

The two great Dao Ancestors exchanged a blow. Sacred Ancestor High Priest only felt a terrifying flame power directly penetrated his body and entered.

"Pffft!"

Sacred Ancestor High Priest spurted a mouthful of blood wildly, his figure directly flying out backward.

One move and he was already seriously injured!

Wing looked at Lin Chaotian in great shock and exclaimed, "This ... How is this possible?"

He was the same as Lin Chaotian, a Dao Ancestor. But the two people's strengths were too far apart!

Lin Chaotian said coolly, "Nothing is impossible! Do you think that Ye Yuan and that pig will be able to save you? After he comes out, this ancestor will personally end him! Now, tell me your choice, submit, or die!"

Sacred Ancestor High Priest's gaze was gloomy, and he shouted coldly, "Want this ancestor to submit to you? Dream on!"

Lin Chaotian just shook his head slightly and let out a sigh as he said, "You really won't shed tears without seeing the coffin!"

It was only to see his figure moved, appearing beside Sacred Ancestor High Priest as if out of thin air.

Sacred Ancestor High Priest's hair stood on end, a feeling of extreme danger welling up in his heart.

Instinctively, he was about to teleport away.

Corroborating his Dao and becoming an ancestor, his application of spatial law had similarly reached the extreme.

Furthermore, as Dao Ancestor Light, his movement technique was extremely fast to begin with.

Between Dao Ancestor and Dao Ancestor, there was deterrence!

Because among them, it was very hard to kill the other person.

Otherwise, for so many years, it would also have been impossible for the nine great Dao Ancestors to get along peacefully.

Evading this blow, Wing breathed a slight sigh of relief.

However, right at this time, a voice exploded in his ears.

"It's useless! You can't escape in front of this ancestor!"

No idea since when, Lin Chaotian actually caught up to him already!

And he actually did not even know it!

Terrifying!

Too terrifying!

How could this be?

But he did not have time to think about it.

Lin Chaotian's palm was already imprinted onto his chest.

"Pffft!"

Wing spurted a mouthful of fresh blood wildly, his entire innards like they were incinerated.

This palm practically shattered his internal organs.

Wing fell heavily to the ground, his aura weak, already unable to move.

He looked at Lin Chaotian with a shocked face, full of unwillingness.

Why?!

Similarly a Dao Ancestor, why is Lin Chaotian so strong?

Lin Chaotian stood with his hands behind his back. Trampling a foot on Wing's face, he said with contempt, "I'll leave you your life first. The light crystal will be stored in your body first. After this ancestor kills Ye Yuan, I'll send you guys off together!"

Once a Dao Ancestor died, the rule crystal would condense anew.

A new Dao Ancestor would also be born.

It was just that in the last epoch, no Dao Ancestors died. There naturally also would not be changes in Dao Ancestors.

But this era was different!

He, Lin Chaotian, was too strong!

Each and every one of the human race powerhouses present was dumbfounded with shock.

They all did not expect that the disparity between Dao Ancestors would actually be so great!

[Unrivaled Medicine God](#)

Chapter 2498: Unreasonable!

The entire world fell deathly silent.

Only the blood from Sacred Ancestor High Priest's mouth gurgled as it kept flowing.

His injuries were extremely serious, he was only left with a breath.

Lin Chaotian's fire-attribute power of rule was ravaging his body wantonly.

"This ... This is also too strong!"

"It's over, Heavenspan World's arrangement will really be changing in the future!"

"Damn it! In the future, we can only submit to him!"

"Lord Saint Azure was too wilful! He was actually not willing to become a Dao Ancestor. So how can he possibly be Lin Chaotian's match?"

... ..

Hearing everyone's discussion, Lin Chaotian was seriously pleased with himself.

He understood awe and fear, these two words, very well. Since 'awe' could not be achieved, then let people 'fear.'

Strength was everything!

Time passed little by little. Very soon, the fourth passageway lit up.

Yue Mengli walked out of it!

Currently, her body was augmented by wind rule.

She already became Dao Ancestor Storm!

Her appearance naturally added a powerful balancing weight to the divine race.

Two mighty Ten-marks powerhouses became Dao Ancestors at the same time, the human race would naturally have a hard time.

Of course, this was not the main point.

The main point was, there was still internal strife on the human race's side!

When Yue Mengli saw the seriously injured Sacred Ancestor High Priest, her brows could not help furrowing slightly.

Arriving at Tian Qing's side, Tian Qing whispered a few words in her ear. She could not help revealing a look of surprise, looking towards Lin Chaotian.

Before long, the fifth Dao Ancestor appeared.

The fifth Dao Ancestor was still the divine race.

The Earth Lineage's Bo Yi became Dao Ancestor Darkness.

The sixth Dao Ancestor was still the divine race!

The Profound Lineage's progenitor, Originsmile, became Dao Ancestor Earth.

At this point, the divine race already occupied four out of the nine great Dao Ancestors!

Humanity's two great Dao Ancestors still had one who was seriously injured on the verge of death!

Humanity's powerhouses virtually lost all hope.

Even Lin Chaotian's expression did not look good either.

It was true that he was strong, but if this situation continued developing at this rate, it would be difficult for him to salvage the situation alone!

Tian Qing and Yue Mengli were both existences not inferior to him.

Furthermore, the divine race's progenitors were extremely powerful in their own right.

Becoming Dao Ancestors again, their strength soared. It was not what humanity could compare to at all.

Soon after, the seventh Dao Ancestor appeared!

This time, it was finally humanity's turn!

However, this seventh Dao Ancestor exceeded everyone's expectations. He was not a former Dao Ancestor, but a newcomer!

This person was originally Ancestor Fire's subordinate called Wang Cheng.

He did not expect that with Ancestor Fire's fall, Wang Cheng actually became Dao Ancestor Lightning!

Having just become a Dao Ancestor, Wang Cheng was full of high spirits too.

But right at this time, Lin Chaotian opened his mouth.

"Wang Cheng, from now on, I reign supreme over the human race! Come over and offer greetings to this ancestor, or ... die!" Lin Chaotian said coolly.

Wang Cheng's expression changed and he instinctively wanted to blow his top.

He already became a Dao Ancestor and actually still had to be a dog for Lin Chaotian?

But right then, he saw the injured Sacred Ancestor High Priest not far away from Lin Chaotian, and his pupils could not help shrinking.

How could he not tell that Sacred Ancestor High Priest already corroborated his Dao and became ancestor?

But he was actually beaten until like this!

Furthermore, Sacred Ancestor High Priest was even a grand ancestor who corroborated his Dao, his strength significantly stronger than his.

Linking it to Lin Chaotian's relationship with Ye Yuan, Wang Cheng immediately hesitated.

Seeing Wang Cheng hesitated, Lin Chaotian said with a cold snort, "You don't need to have any doubts. He was taken down by this ancestor! If you don't believe me, you can come and give it a try too."

Wang Cheng's expression changed wildly, already having a plan in his heart. He smiled awkwardly and said, "Y-You got to be kidding! You're a senior, unifying the human race is ought to be! From now on, Wang Cheng will follow Dao Ancestor Firespirit's lead!"

Finished saying, he arrived in front of Lin Chaotian with a flash and bowed in salute.

Lin Chaotian revealed a playful look and said, "At least you're sensible!"

Wang Cheng said with a flattering expression, "Huhu, even the Ancestor Fire back then wasn't Brother Chaotian's match too. I, this junior, newly corroborated my Dao and took the position of Dao Ancestor. How can I dare to be impudent in front of you?"

This Wang Cheng already treated himself as Lin Chaotian's lackey very consciously.

As for everyone's contemptuous gazes, he directly ignored it.

What did the scorn of ants count for?

Although the present situation was very different from what he expected, he was invincible under Lin Chaotian!

Wang Cheng was a clever person and also a sly person.

He understood that now, the situation was already not what it used to be.

Times had already changed!

Dao Ancestors might not be able to disregard everything too!

Putting Lin Chaotian aside, those few divine race Dao Ancestors opposite, any random one that came out could trample on him!

Finding a powerful backer was naturally the most reliable.

Lin Chaotian nodded his head with satisfaction and said, "A lot of the people around Ye Yuan have already come out. Go and get them all docile and obedient! When Ye Yuan comes out, this ancestor will make you regret being born in this world!"

Wang Cheng's eyes lit up and he said, "Brother Chaotian is mighty!"

Currently, Long Yi, Bai Chen, and the rest, already came out of the Heavenspan Mountain.

Seeing Lin Chaotian's domineering appearance, each and every one of them dared to get angry but did not dare to speak.

At the same time, they faintly started to get worried.

After all, the current Lin Chaotian was too strong!

Reaching Dao Ancestor this realm, even improving one's strength by a tiny bit was extremely difficult.

It was true that Ye Yuan was strong.

But he had also reached the bottleneck.

Could he still surpass Lin Chaotian?

Wang Cheng having received the order, looking toward Long Yi and the rest with ill-intent. The expressions of the latter changed greatly.

... ..

In the Heavenspan Mountain, a powerful rule power suddenly descended.

Feeling this vast rule power, they were all moved.

The might of this power made them not dare to look directly at it!

"Is this spatial rule? Indeed ridiculously strong! It feels like within this space, His Excellency can kill me with a single thought!" Pang Zhen exclaimed.

Profound Secrets had a shocked face as he said, "Back then, when Senior Shang Hang corroborated his Dao as a grand ancestor, the undulations were also not so strong! Looks like he really has hope of defeating Lin Chaotian!"

When the trio saw this intense rule undulation, they could not help becoming more hopeful.

But right at this time, another power of rule descended!

Pang Zhen was dumbstruck with amazement and said, "T-Time rule! When did power of rules become so easy to comprehend?"

Laws reaching rule, this step seemed to only be a difference of a word.

But the effort and time required could not be calculated at all.

Too difficult!!

For ten billion years, no one had been able to step into the realm of rule!

Just based on this, it was sufficient to explain everything.

But Ye Yuan broke through two great power of rules at the same time in a short one month's time!

Such freakishness, even if they understood Ye Yuan extremely well, they were also shocked speechless.

Furthermore, the two great rules that Ye Yuan comprehended, were even the supreme laws, time and space, two great laws!

However, his voice had yet to fade when dense auspicious clouds gathered above the gray fog!

Another two power of rules!

The three people exchanged glances, already unable to describe the shock in their hearts currently.

Four power of rules!

"This ... This is really unreasonable! Time, space, Formation Dao, Alchemy Dao, four great rules breaking through at the same time. This is really unprecedented and unrepeatable!"

Even with Wan Zhen's calm personality, he was also dumbstruck with amazement by Ye Yuan at this time.

Chapter 2499: Was There Your Contribution?

Outside of the Heavenspan Mountain, the eighth passageway already opened.

The eighth Dao Ancestor, that was Dao Ancestor Life, was ultimately obtained by the divine race's World Lineage's progenitor, Cheng Kui.

So far, out of nine great Dao Ancestors, the divine race occupied five of them!

Humanity only had a scanty three people!

However, due to Lin Chaotian's sudden emergence to the fore, although the human race was weak, the divine race did not take advantage of the situation to enter.

But on humanity's side, it was very chaotic.

Under Wang Cheng's feet, laid a group of powerhouses who collapsed on the ground, their appearances very miserable.

These people were all people who followed Ye Yuan.

Long Yi, Bai Chen, Ni Xuan, and the rest were all beaten until they were severely wounded and vomiting blood.

Some people had all the bones in their bodies broken, white bones visible at the wound areas, the whole course very miserable.

However, this group of people was surprisingly silent.

Even when seriously injured and dying, these people all did not make a sound.

Wang Cheng also felt very bored after he finished teaching these people a lesson.

He did not experience the pleasure of teaching people a lesson.

He tried to force these people to beg for mercy, but no one begged him for mercy.

Rather die than surrender!

"Pooh!?A bunch of madmen!"

Wang Cheng spat and said with a sneer, "You fools, still counting on Ye Yuan to be able to save you guys??*Heh,* when he comes out, he'll probably be unable to even fend for himself! The era of Saint Azure will become the past very soon!"

After he came out, he already had an understanding of Lin Chaotian's strength.

Lin Chaotian actually fought to a draw with Tian Qing after corroborating his Dao. This made him have extremely strong confidence in Lin Chaotian.

"Pooh!?Shameless villain! If you have the ability, go and act wildly to the divine race! Only know how to show off your power to your own people! Such an impressive Dao Ancestor!" Ni Xuan spat.

He was someone with great integrity. Otherwise, he also would not have become humanity's chief commander back then.

Now, seeing Wang Cheng's shameless face, his lungs almost exploded from anger.

Crack!

Wang Cheng broke Ni Xuan's arms like lightning, causing him to howl with pain.

Seeing Ni Xuan's painful expression, Wang Cheng had a look of delight as he said, *"Heh,* stubborn mouth! When Ye Yuan that fellow comes out, let you all take a good look at his dead dog appearance! At that time, I'll send you all off together!"

Suddenly, the last passageway suddenly lit up.

The ninth Dao Ancestor was born!

Everyone's gazes focused on the ninth passageway.

The last Dao Ancestor Watersource, wonder who has this great destiny!"

Very soon, a figure slowly walked out.

"It's him!"

"Heavenly Emperor Profound Secrets! He ... He finally became a Dao Ancestor!"

"Not good! With Heavenly Emperor Profound Secrets becoming a Dao Ancestor means that Saint Azure didn't become a Dao Ancestor! Lin Chaotian won't let him off!"

... ..

Profound Secrets becoming ancestor was in favor with the general public.

The powerhouses present all knew the contributions he made to the human race over the years.

However, after the pleasant surprise, there were deep concerns.

Lin Chaotian currently had aggressive arrogance that billowed to the sky. Heavenly Emperor Profound Secrets was Saint Azure's people. Hence, Lin Chaotian definitely would not let him off.

Seeing Heavenly Emperor Profound Secrets appear, a hint of a smile flashed across the corners of Lin Chaotian's mouth.

This Ye Yuan was really a stubborn child!

He probably did not know how strong he had become after he became Dao Ancestor Firespirit, right?

Before this, Lin Chaotian was actually still a little worried.

If Ye Yuan fused with the water rule crystal and became Dao Ancestor Watersource, he would really pose a considerable threat to him.

It was just that when he thought back, with Ye Yuan's character, since he said that, it was definitely not shooting at a nonexistent target.

Currently, it was indeed the case.

At this very moment, Lin Chaotian's last bit of worry also dissipated with the wind.

What remained was settling the scores!

The moment Profound Secrets exited the passageway, his gaze could not help turning intent. A piercing cold killing intent surged straight to the sky.

Sacred Ancestor High Priest was seriously injured on the verge of death!

Long Yi had a large hole in his chest, seriously injured!

Bai Chen had an arm that went missing!

Ni Xuan's arms were forcefully broken!

... ..

Ye Yuan's line of people was all extremely miserable at this time.

Not needing Lin Chaotian to instruct, Wang Cheng welcomed Profound Secrets, saying with a jeer, "Profound Secrets, you're also a Dao Ancestor now! Go over and pay respects to Brother Chaotian, and then apologize. Swear to be loyal to him. Maybe if he's happy, the events in the past will be considered over. If you refuse to come to your senses, *heh heh*, they will be your outcome!"

Profound Secrets glared at Wang Cheng and spat, "*Kapoot!*" Wang Cheng, you also became a Dao Ancestor powerhouse now, to actually be willing to be a dog! You're barking really happily!

Wang Cheng did not get angry and said smilingly, "He who understands the times is a wise man! Profound Secrets, you're a clever man too! Brother Chaotian corroborating his Dao and becoming a Dao

Ancestor a second time, his strength is already exceedingly formidable. Even Progenitor Tian Qing can't do anything to him either! When Ye Yuan comes out, his death date will be approaching!"

When Profound Secrets heard that, his heart thumped.

Hearing Wang Cheng, this meant that Lin Chaotian and Tian Qing had already fought. Furthermore, neither side had the better of the other?

This was impressive!

One had to know, Tian Qing also corroborated his Dao and became an ancestor a second time!

Seeing that Profound Secrets' expression changed, Wang Cheng was even more pleased with himself and said, "Huhu, are you scared? That Sacred Ancestor High Priest couldn't even last three moves under Brother Chaotian's hands! Similarly being a Dao Ancestor, the disparity is too great! Therefore, following Brother Chaotian is the only way out! You're a clever man, you should know how to choose, right?"

"Choose your mum!"

Profound Secrets suddenly flew into a rage and could not resist bursting into a swear and said, "Shameless thing! Get lost to one side for Your Father!"

When Lin Chaotian heard that, he frowned slightly and said with a cold snort, "Looks like you also won't shed tears without seeing the coffin!"

Finished talking, he was about to make a move to deal with Profound Secrets.

Rumble?...

Right at this time, the Heavenspan Mountain was in upheaval.

One figure after another was transported out of the Heavenspan Mountain.

Those nine passageways also turned into nothing after Profound Secrets came out.

"Heavenly Dao Samsara ended! With nine great Dao Ancestors returning to their positions, the new epoch has begun!" Tian Qing looked at this scene and said with an emotional sigh.

Suddenly, a familiar figure landed in everyone's eyes.

When Lin Chaotian saw the arrival, the corners of his mouth could not help curling slightly, revealing a hint of playfulness.

This person was precisely Ye Yuan!

Ye Yuan returned, swept a glance over, and discovered the tragic states of Sacred Ancestor High Priest and the rest.

A surge of fury welled up from his heart.

“Ye Yuan, this ancestor has waited very long for you! Huhu, if not for letting them witness your death, this ancestor would have long sent them on their way!” Lin Chaotian stood with both hands behind his back as he said with a confident smile.

“You deserve death!” Ye Yuan glared angrily as he said in a cold voice.

“*Hahaha?*... in this world, there’s nobody who deserves death or doesn’t deserve death! The weak is the original sin! You’re too weak! So, the one who deserves death is you!” Lin Chaotian said with a loud laugh.

“*Heh heh,* Ye Yuan, Heavenly Dao Samsara ended, your era has also completely ended! From now on, it’s the dualistic era where Progenitor Tian Qing and Brother Chaotian exist side by side. You’re already behind the times! Originally, you had the opportunity to touch the sky. But unfortunately, you were too conceited and weren’t willing to refine the rule crystal. Now, you already have no chance!” Wang Cheng burst into laughter when he saw the situation.

At this time, it was clearly the best timing to pick sides.

Hearing this, Ye Yuan turned to look at Wang Cheng, pointed at Ni Xuan and the others, and said in a cold voice, “Was there your contribution in this?”

Unrivaled Medicine God

Chapter 2500: This Ancestor is Talking to You!

“Yes! Of course there was!”

Hearing Ye Yuan’s question, Wang Cheng could not resist being pleased with himself and said, “That guy, that guy, and that guy, all were done by me! Why? You want to come to find me to take revenge??*Hahaha?*... what a joke!”

Wang Cheng laughed very wildly, very arrogantly.

He was already very sure that Ye Yuan was not Lin Chaotian’s match.

Heavenly Dao Samsara was already over. The outcome was a foregone conclusion!

Ye Yuan could only be eliminated by the times.

Therefore, he did not care about Ye Yuan’s attitude at all.

Not only did he not care, but he was also very proud of himself instead.

The person who abused Saint Azure made him feel great!

Not far away, Lin Chaotian also smiled as he said, “*Huhu,* if you feel that you have the capability, you can very well take revenge on Wang Cheng under this ancestor’s eyelids!”

Swoosh!

Lin Chaotian’s voice had yet to fade when Ye Yuan’s figure already disappeared.

That speed already surpassed thought!

Crack!

Everyone still had not understood what was going on when they heard a brittle sound came over.

“ARGH!?My ... My arm!” Only after a breath, di Wang Chang’s pig-slaughter-like scream suddenly came out.

Everyone followed the voice and looked over, and they could not help being filled with fear.

It turned out that one of Wang Cheng’s arms had already been forcibly broken by Ye Yuan!

Without the strength to fight back!

A Dao Ancestor actually did not have the strength to fight back in front of Ye Yuan!

Far away, came a series of sounds of cold air being sucked in.

This bit earlier was seriously too fast, quickly until everyone did not react. Many people also looked at Lin Chaotian with strange expressions. He just finished talking and Wang Cheng’s bones were broken.

This face was slapped too resoundingly. It was even more resounding than Wang Cheng’s screams.

Tian Qing’s pupils constricted slightly, having a look of surprise on his face.

He also did not expect that things would actually have such a dramatic change.

“It will be easy to discuss things with you,” Ye Yuan’s nonchalant words sounded out in Wang Cheng’s ears.

Lin Chaotian’s eyes turned dark, a fiery-burning feeling on his face.

The prestige that he had just established, was wiped away with Ye Yuan’s slap!

Fury!

“Ye Yuan! Let Wang Cheng go! Otherwise, you’ll die very horribly!” Lin Chaotian said in a chilly voice.

Ye Yuan ignored him, he just said to Wang Cheng indifferently, “The things that they suffered, you need to bear it ten-fold! Relax, you won’t die so quickly!”

Wang Cheng was alarmed and enraged, his fear reaching the extreme.

Just now, he did not see how Ye Yuan made his move at all.

A Dao Ancestor could not see clearly how his opponent made his move.

This sort of thing was simply too crazy, and too ... chilling!

“B-Brother Chaotian, s-save me!” Wang Cheng endured the intense pain and shouted.

Crack!

Another crisp bone snapping sound.

This time, everyone saw it clearly.

Ye Yuan forcibly broke Wang Cheng's other arm just like that.

He did not employ divine essence, he just used the power of the fleshy body crudely.

This kind of breaking was not fatal, but it made the physical body feel very painful.

Wang Cheng's scream lingered on incessantly.

With this, Lin Chaotian was genuinely enraged.

Ye Yuan actually dared to make light of him!

"Humph!?" Looks like you're really seeking death!"

Lin Chaotian gave a cold snort, his figure moving swiftly, suddenly thrusting a palm towards Ye Yuan.

His speed was quick to the extreme.

Being conferred ancestor a second time, Lin Chaotian's improvement was all-around.

Just in terms of the application of spatial law, he also far surpassed other Dao Ancestors.

Boom!

Lin Chaotian's palm smacked onto Ye Yuan's body.

The corners of his mouth curled slightly. Sure enough, the current Ye Yuan was already not his match!

A series of exclamations came from all around.

But right at this time, Ye Yuan's figure slowly became illusory, akin to the moon's reflection in the water, dissipating without a trace.

"Ahhh!!"

At the same time, another scream came over.

It turned out that Wang Cheng's chest directly had a large hole opened up!

It was forcibly punched through by Ye Yuan with one punch!

The current Wang Cheng was miserable to the extreme, having cold sweat pouring profusely from pain.

He only felt that every cell in his body was hurting from head to toe.

"Were you yelling for him to come to save you just now?" A hint of a smile appeared at the corners of Ye Yuan's mouth.

It was just that the smile was somewhat cold.

Ye Yuan was really enraged!

Lin Chaotian provoked his bottom-line time and again, making him reach the limit of his patience!

Now, there was even a Wang Cheng who jumped out to bounce around.

He naturally did not mind cleaning them up together.

Looking at the Ye Yuan in front of him disappear bit by bit, Lin Chaotian's eyes suddenly contracted.

He was a little surprised in his heart.

This disappearance was completely different from that strange disappearance in the past.

Was it possible that this boy already reached the realm of spatial rule?

"Damn it! This ancestor wants to see how much you can avoid! Endless Fire Hell!"

Lin Chaotian was enraged too!

It was only to see that the moment he released his law. It instantly turned into a sea of fire within a hundred miles.

Ye Yuan as well as Sacred Ancestor High Priest and the others were shockingly encased inside.

Wood and fire, two laws activated, the temperature of this sea of fire, was ten times more terrifying than the Fire Dance Frenzied Demon back then!

In this sea of fire, ordinary Dao Ancestors would be incinerated into nothingness too.

"What a terrifying sea of fire! This ... This is the true Ancestor Fire!"

"Yeah! The former Ancestor Fire is simply like a baby when compared to Lin Chaotian!"

"It's over! This is an indiscriminate attack! I'm afraid that Lord Saint Azure is unable to escape, right? Even if he can escape, those friends of his likely can't escape too!"

... ..

The moment the sea of fire appeared, everyone's expressions changed wildly.

Even Tian Qing's gaze also flashed slightly.

Clearly, the power of this fire sea made him view it in a different light.

But at this time, an indifferent voice came from beyond a hundred miles away.

"Kneel down!"

Pffft!

Pffft!

The sound of two bones cracking came over, Wang Cheng directly knelt down.

And opposite him was Ni Xuan and the rest.

Lin Chaotian's eyes immediately became wide-saucers.

“He ... How did he escape? This is impossible! My Endless Fire Hell doesn’t have a dead angle at all! Even if he reached the realm of spatial rule, it’s impossible to escape too!” Lin Chaotian looked at this scene, full of shock and disbelief.

This sea of fire was vastly different from an ordinary sea of fire.

Even if you escaped into the void, the sea of fire could burn you too.

This move was an indiscriminate attack!

But this formidable move was actually dodged by Ye Yuan so casually?

Lin Chaotian was full of puzzlement in his heart!

Wang Cheng’s knee bones had already been completely crushed and he could not help kneeling down in front of Ni Xuan and the others.

Seeing this scene, Ni Xuan and the others felt incomparably delighted.

Previously, Wang Cheng’s lackey appearance was still vivid in their minds.

Now, he was finally taken care of by Ye Yuan!

So what if Dao Ancestor?

“Apologize!” Ye Yuan said nonchalantly, his words carrying a majesty that brooked no intervention.

Wang Cheng broke down!

He discovered to his dismay that Lin Chaotian could not save him at all!

In fact, he was almost killed by Lin Chaotian indiscriminately just now!

He appeared outside of the sea of fire bafflingly.

“I ... I was wrong! Your Excellencies, j-just treat this lowly one as a far and let me off!” Wang Cheng said to the few people with tears and snorts running down his face.

But right then, a terrifying to the extreme power of rule surged to the sky behind everybody.

This power made everyone feel despair!

“Ye Yuan! This ancestor is talking to you, are you deaf?” Lin Chaotian bellowed angrily.
