Chapter 2511: Farewell

Boom!

Finally, the eight statues could not withstand the berserk sword energy anymore and directly exploded, shattering into countless pieces.

That Eight Extreme Divinities' wisp of origin divinity also shattered along with the statues, turning into nothingness!

Golden rays of light suddenly appeared in the void.

Like, the void was shattering.

Finally, that region of void directly shattered apart.

Countless white light dots gushed out

These light dots scattered elegantly as if looking for something.

A portion of the light dots drifted and entered the bodies of the divine race powerhouses.

The eyes of those divine race powerhouses gradually became confused.

There seemed to be too much confusion!

"Just now ... what an intriguing feeling! Heavenly Stratum powerhouse, is it?" Ye Yuan looked above the sky, seemingly recollecting the aftertaste of something.

Just now, his offensive power layered on top of each other under the catalyzing of the sword formation, reaching an inconceivable realm.

That kind of realm was what Ye Yuan had never imagined before!

Ye Yuan immersed in it in intoxication!

However, just as he was about to cross over to that realm, there seemed to be an invisible wall blocking him outside.

Ye Yuan knew that was the realm gap!

He had not broken the shackles yet!

Perhaps, that was the limit of the Heavenspan World!

"Wonder how one can become a Heavenly Stratum powerhouse?! Maybe the one behind him knows the answer?"

Leaving that wonderful state, Ye Yuan's eyes became confused.

He had been constantly fumbling about how to break the shackles.

But this step was like it was a short distance away, but far away in the horizon, making him feel like he had no way of getting started.

This feeling was the same as the scenery when he reached grand completion Origin Deity.

It was just that now, it was harder than back then!

What he wanted to break was the shackle that no one in the Heavenspan World had broken for countless billions of years!

How difficult was this step?

At this time, a streak of white light merged into the World Suppressing Stele's space, entering Yue Mengli's divine soul.

Ye Yuan's thoughts stirred and he let Yue Mengli out.

"Big Brother Yuan, I'm ... sorry! I ... I couldn't control myself!" Yue Mengli said tearfully.

She knew how much damage her actions and behavior these few years brought to Ye Yuan.

Self-reproach, guilt, all kinds of emotions welled up in her heart, making her heart ache endlessly.

She was not feeling sorry for herself, she was feeling sorry for Ye Yuan.

Only she knew how much pressure Ye Yuan had endured over the years.

Ye Yuan took her gently into his arms and said calmly, "Silly girl, it wasn't your fault either, apologize for what? The main culprit is already dead, you don't need to blame yourself."

Li-er nodded her head slightly, but tears still could not stop flowing.

"Big Brother Yuan, Elder Sister Lingxue she ..."

Ye Yuan sighed slightly, shook his head, and said nothing.

Li-er's expression dimmed and she bit her lips lightly and said, "Why! Why is heaven so unfair! Elder Sister Lingxue is so nice, by heaven made her endure such suffering?"

She was indignant, she was unwilling, she ... felt sorry for Ye Yuan!

Accompanying Ye Yuan along the way, no one understood Mu Lingxue's position in his heart more than her.

Regarding Ye Yuan walking out of the Immortal Grove World, from an ant to Heavenspan's sovereign currently, it was all in order to be able to save Mu Lingxue.

But he failed!

The current Ye Yuan was very calm, but she knew how painful Ye Yuan's heart was.

Ye Yuan's gaze was deep, looking deep into the blue sky, and he said firmly, "It's fine. The Heavenspan World can't save Lingxue. Then I'll go beyond the heavens! Even if I smash the nine heavens and ten earths, I'll also let Lingxue recover!"

Yue Mengli's entire body trembled and she said, "T-There's really a world beyond heaven?"

Ye Yuan nodded slightly and said, "The Heavenspan World is a caged world, everything is under the control of the powerhouses beyond heaven! Eight Extreme Divinities, Doomsday Battle, fight for Dao Ancestor, it was merely just other people's games! In their eyes, we're just ants."

Yue Mengli's heart shook, her eyes seemingly full of disbelief.

All of a sudden, Tian Qing bellowed, "Impossible! Absolutely impossible! You're lying! Our divine race is the race favored by heaven. It's the supreme race! How is there beyond the heavens in this world? If there is, why has no one ever broken the shackles? You're lying!"

He could not accept this fact in front of him and also did not want to accept this fact.

Being enslaved for billions of years and suddenly waking up, he would rather be immersed in the past too.

Because he knew in the deepest corner of his heart that reality was too cruel.

Ye Yuan was indifferent and said coolly, "Whether I'm lying or not, you're clear of the truth, aren't you? Of course, I don't need to explain anything either. Because very soon, you'll know that you have to face some things! Li-er, let's go."

Yue Mengli nodded slightly and followed Ye Yuan and left.

Watching the two people's departing back view, Tian Qing's fingers were almost crushed by himself.

"L-Lord Tian Qing, w-what on earth are we?" Beside Tian Qing, Originsmile said with a blank face.

Finally, Tian Qing loosened his fist and said with a bitter smile, "What he said was right. We're ... just a bunch of pitiful people, that's all! I finally understand now, why he would let the divine race off!"

... ..

Heavenly Eagle Bodhidharma, in the great hall, Yue Mengli, Wan Zhen, Lu-er, Fiery, Wan Zhen, Pang Zhen, Profound Secrets, and the rest, everyone was shockingly present.

Everyone's faces carried thick solemnness.

Ye Yuan's expression was calm, without joy nor sorrow as he said coolly, "Everyone, please forgive this Ye's selfishness. The disaster was caused by me alone, it should naturally also be borne by me alone! It's just that after I go, it will likely bode ill rather than well. Everyone, take care!"

"What's Your Excellency saying? This isn't your matter alone, this is the matter of all the martial artists in the Heavenspan World! Wan Zhen is willing to follow Your Excellency to the death!" Wan Zhen said in a deep voice.

"Your Excellency, Pang Zhen is also a Dao Ancestor now! I can help out a bit no matter what! If Your Excellency is fighting against a powerful enemy, how can I, Pang Zhen, be missing?"

Pang Zhen already became Dao Ancestor Lightning, he was naturally unwilling to hole up at home.

Among those present were several Dao Ancestors, plus Ye Yuan, this sovereign.

This was the Heavenspan World's strongest combat force already.

Everyone was not willing to yield to others and insisted on following Ye Yuan.

Ye Yuan shook his head and said, "You all don't know what kind of existence you're facing! My strongest attack will likely be unable to even shake him in the least bit! If you all go, it's just to deliver yourselves to death!"

Everyone trembled all over, all feeling incredulous.

How strong Ye Yuan's strongest attack was, nobody knew.

They only knew that it was very, very strong!

Because no one could measure it!

Ye Yuan's sword was already the Heavenspan World's strongest!

His full-strength attack was actually unable to even shake the other party in the least bit. Then how strong was the other party's strength?

"The Chaos Heavenspan Canon and inheritance grand arrays, I've already left them in the Immortal Grove World. Some things must be done by someone! If I'm defeated, I also don't hope for the Heavenspan World to be caged by people forever. In the future, if a fated individual can reach my realm, they will naturally have a chance to break the shackles and break this sky! This matter, I don't feel at ease handing it over to others, better that you guys go and do!" Ye Yuan said coolly.

"Big Brother Yuan, go then, I'll wait here for you!" Yue Mengli said with a calm expression.

But her eyes revealed determination.

Ye Yuan just smiled and nodded, and did not say much.

He understood Li-er's feelings. If he died, Li-er absolutely would not live on by herself.

[Unrivaled Medicine God](#)

Chapter 2512: He Came From the Sky!

On Heavenspan Mountain, everything felt the same.

Many martial artists were cultivating here, comprehending Dao.

Above one million miles, many Deva powerhouses and Heavenly Emperor powerhouses were currently gaining enlightenment of Heavenly Dao.

This place was the Heavenspan Mountain's limit.

Even Dao Ancestors were unable to go further too.

Further up, cloud and mist coiled, no sun could be seen all year round.

If anyone walked beyond that point, they would be executed by Heavenly Dao and absolutely could not escape by any fluke.

After the Heavenly Dao Samsara battle, Dao Ancestor Storm had nowhere to go and simply returned to the Heavenspan Mountain and continued comprehending Heavenly Dao.

Although his realm was unable to improve any further, the power of rule could!

Suddenly, he sensed something and suddenly opened both eyes, looking up the mountain fixedly.

There was actually someone walking down!

Storm opened his mouth wide, shock written all over his face!

Not just him, the Deva powerhouses and Heavenly Emperor powerhouses below, all saw this scene!

Everyone was inexplicably shocked!

This ... How is this possible? Who is he? T-To actually come down the mountain! Is it possible that he ... he's actually from heaven?? Storm roared wildly in his heart.

He did not know how he felt currently in his heart.

Shock?

Scared?

Happy?

Or all at the same time!

Someone came from the sky. It showed that above the Heavenspan Mountain, there were really gods that kind of existences!

Therefore, he had hope too?

Even if this hope was bleak to the extreme.

But what kind of existence was this person?

Fear of the unknown was innate to humans.

Gradually, that figure slowly became clear. The outline of his face also gradually became clear.

That was a young man dressed in blue Taoist robes, looking elegant, luxurious, and too high beyond reach.

Dao Ancestor Storm could not see through this young man. He was too mysterious!

Mysterious until he was like heaven!

This feeling made him afraid.

The young man walked straight towards him.

Dao Ancestor Storm's heart thumped wildly.

A warm but distant smile hung on the young man's face as he opened his mouth and said, "Let me ask you. Who ... destroyed the Eight Extreme Divinities?"

"E-Eight Extreme Divinities?" Dao Ancestor Storm shook his head blankly. Clearly, he did not know what the Eight Extreme Divinities was.

The Eight Extreme Divinities was the secret of the divine race. Apart from Ye Yuan, even Dao Ancestors were not aware of it.

No one could fight until the Heaven Lineage's central region and see the Eight Extreme Divinities.

Except for Ye Yuan!

Therefore, no one knew what the Eight Extreme Divinities was.

Seeing Dao Ancestor Storm shake his head, the young man had a look of disappointment and said, "Sigh, communicating with ants is really boring! Since you don't know, then you can go and die already."

Only to see the young man flick his finger lightly, a streak of invisible force vanished after a flash.

Bang!

Before Dao Ancestor Storm could react, his entire person already turned into nothingness.

Everyone was transfixed!

They were shouting madly in their hearts, that was a Dao Ancestor!

Although it was a former Dao Ancestor, his strength when compared to current Dao Ancestors, was also not a lot worse!

But he actually did not have any strength to fight back in front of this young man!

In fact, he could not even react!

How horrifying was this person?

Even the present Heavenspan World's supreme being, Lord Saint Azure, could not do it so casually too, right?

What was even scarier was that they could not feel the undulation of power at all.

No earth-shaking great battle, no energy undulation.

With just a flick, Dao Ancestor Storm was gone!

His entire person was gone!

Strong!

Unreasonably strong!

Suffocatingly strong!

Furthermore, wasn't it impossible to attack while being on the Heavenspan Mountain?

Why could he?

The young man had a bored look, shaking his head as he muttered under his breath, "Ants are ants, really too weak!"

To him, it was as if he had done a trivial thing.

His gaze swept slightly, landing on that group of Deva powerhouses.

The group of powerhouses immediately felt their hair stand on end.

The young man thought for a moment and walked straight in front of a Deva Fifth Blight.

He was called Wei Feng, he had just experienced the battle of Heavenly Dao Samsara and obtained a considerable lucky chance on the Heavenspan Mountain.

His strength also made great improvements.

It was just that at this time, he did not even dare to move, almost suffocating.

The young man still had a warm smile on his face as he asked, "These ants probably don't know about the Eight Extreme Divinities!?Uhh?... Why not change questions, do you know who's the strongest in the Heavenspan World?"

Being able to shatter the Eight Extreme Divinities and destroy his trace of origin divinity, it was definitely this Heavenspan World's strongest person.

Not everyone had the qualification to break the Eight Extreme Divinities.

"S-Strongest?" Wei Feng's brain could not quite wrap itself around it.

The impact that the scene that happened before his eyes brought to him was seriously too great.

A powerhouse that came down from the sky!

Eradicating a Dao Ancestor with a flick of a finger!

He was talking to him!

"You don't know either?" The young man's face was rather disappointed.

All the hair on Wei Feng's body stood on end at once.

His brain instantly switched back on.

"I-I know! D-Don't kill me!" Wei Feng practically roared it out.

"Who is it?" The young man said.

"H-He's called Ye Yuan!" Wei Feng said.

"Ye Yuan?"

The young man ruminated on this name for a while, feeling that it was very ordinary, and said, "Where is he?"

How could Wei Feng dare to hide it? He hurriedly said, “H-He’s at the Southern Border’s Heavenly Eagle Bodhidharma!”

The young man nodded slightly and took off, flying out.

Boom!

The Heavenspan Mountain shook fiercely. A human-shaped large hole was actually burst open in the layer of barrier outside!

Everyone opened their mouths wide, looking at this scene with incredible shock.

“This ... This ... The Heavenspan Mountain’s barrier exists only in name!”

“W-Who on earth is he? Why can he come down from the sky?”

“T-Too strong!”

... ..

After the young man left, Wei Feng gasped heavily for air, his body like he was hauled out of water.

He was almost fainting.

The pressure that this young man put on him was really too great!

Furthermore, he instantly killed a Dao Ancestor, and he ignored the barrier of the Heavenspan Mountain!

Such an existence, he could not imagine at all.

By the side, another Deva Fifth Blight roared, “Y-You actually betrayed Lord Saint Azure! You deserve death!”

Wei Feng had a bitter smile on his face as he said, “If it were you, would you say or not? Even if you and I don’t say, can it guarantee that the people on this Heavenspan Mountain all won’t say?”

The moment that person heard, he fell silent.

It was this logic!

If the young man set his mind on inquiring about it, he could find out no matter what.

Ye Yuan this strongest person, no one did not know!

Wei Feng had a conflicted look and said, “H-Hope that Lord Saint Azure can pull through!”

These words, he said them without any confidence at all.

The pressure that this young man put on him was really too great.

That person opposite suddenly sprang up and roared, “Still cultivating for what?! Hurry up and follow him! That young man came with bad intentions. Another bloody storm is likely coming again!”

Wei Feng’s entire body trembled and he also stood up quickly. But his legs went soft and he almost fell.

But he immediately recovered and swept over in the direction of the transmission array.

The others were the same too, not caring about cultivation at all and followed suit.

Unrivaled Medicine God

Chapter 2513: One Finger!

Above the void, a figure flickered, moving 100 thousand miles in an instant.

Leaving Heavenly Eagle, Ye Yuan headed to Heavenspan Mountain at the fastest speed!

He judged that if that person behind the Eight Extreme Divinities came to the Heavenspan World, the greatest likelihood would be Heavenspan Mountain.

Ahead, the Heavenspan Mountain was faintly visible.

Swoosh!

Suddenly, an extremely fast figure brushed past him!

At virtually the same time, the two people's figures suddenly came to a pause.

Following that, the two people each turned around and looked at the other person.

Opposite Ye Yuan was a young man in blue Taoist robes. It was precisely that person who came down from the sky!

Ye Yuan's pupils constricted, immediately feeling tremendous pressure.

He could not see through this young man!

Actually, the blue-robed youth did not deliberately apply pressure on him. The smile on his face was also very warm, as if harmless to man and beast.

But it was precisely because there was no pressure that Ye Yuan's pressure was akin to a mountain!

The him who was already invincible in the Heavenspan World saw another tall mountain!

The blue-robed youth sized up Ye Yuan and said smilingly, "If I didn't guess wrongly, you should be the Ye Yuan that they were talking about."

Ye Yuan's brows furrowed slightly and he said with a nod, "You're the Eight Extreme Divinities' true self?"

The blue-robed youth smiled and said, "Huhu, that's right! Looks like the one who destroyed the Eight Extreme Divinities is you. No mistakes! Mmm, grand completion Mortal Stratum, low-grade chaos origin divinity, five power of rules. You're indeed somewhat different from the other ants! In this abandoned world, you actually fumbled out the method to advance to Heavenly Stratum yourself! You have the qualification to be my servant. Kneel down and receive the gift. In the future ... the Heavenspan World will be managed by you."

Unexpectedly, the blue-robed youth did not make a move to deal with Ye Yuan but wanted to take him in as a servant instead.

The tone was so natural and logical.

But Ye Yuan felt his hair stand on end.

He seemed to be stark naked in front of the other party.

There was no secret from head to toe.

The blue-robed youth casually spoke and saw through all of his trump cards!

Terrifying!

Although Ye Yuan was mentally prepared long ago, at this moment, he was still shocked to the core.

He really wanted to know what kind of existences were above the Heavenspan Mountain!

The blue-robed youth said coolly, “Mn?? You’re not willing? You should know the outcome of showing unwillingness.”

Ye Yuan frowned and said in a solemn voice, “You made use of the Eight Extreme Divinities to impart Dao teachings. Then you collected those things in the divine souls. What is it for?”

The blue-robed youth stood with his hands behind his back and said with a faint smile, “Looks like you know quite a bit! No harm telling you either. Although you all, these ants, are of little use, the essence of your divine souls are still a little useful. It can help me cultivate the origin divinity. The Heavenly Dao that the divine race cultivates, is actually just the Dao teachings that I passed down. When they cultivate Heavenly Dao, they will offer their own divine soul essence to me. And the people they killed, the other party’s essence of the divine soul will be absorbed and will enter the Eight Extreme Space. This is the glory of you ants!”

At this time, a large number of powerhouses already gathered around in the distance.

Hearing this, they were all extremely indignant.

Only then did they understand that they were merely wild animals being reared in pens!

In the eyes of the blue-robed youth, they were nothing more than a grain of dust, their life or death insignificant.

Angry but also powerless!

They all, these powerhouses that came down from the Heavenspan Mountain, had already witnessed the blue-robed youth’s might.

“Really damn it! The Heavenspan World’s trillions of living things are actually being toyed with in the palm of his hand!”

“What Doomsday Battle, what war between two races, really a joke! It’s really laughable!”

“Lord Saint Azure, the Heavenspan World’s everything will be relying on you!”

... ..

At this time, all of the powerhouses put their hopes on Ye Yuan.

They knew that the only hope was Ye Yuan!

Even Dao Ancestors did not have the strength to fight back under the hands of the blue-robed youth.
Who else could they still count on?

But at this time, the corners of the blue-robed youth's mouth curled slightly, and he flicked his fingers.

Only to hear the sound of air howling!

Puu, puu, puu?...

Several hundred Deva powerhouses, Heavenly Emperor powerhouses, directly vanished without a trace!

"*Huhu*, ants don't have the right to be angry! All you need to know is that I'm heaven! The supreme heaven! You all can only grovel at my feet!" The blue-robed youth had a faint smile as if he had done a trivial thing.

Ye Yuan's pupils constricted, a suffocating pressure coming at him head-on!

Too strong!

A flick of a finger eradicated hundreds of Devas and Heavenly Emperors!

The crux was that he could not feel the slightest trace of divine essence undulation, and also could not feel the slightest rule undulation.

It was just a flick of a finger!

If Ye Yuan wanted to kill people, these Devas and Heavenly Emperors were naturally nothing.

But he absolutely could not do it in such an effortless manner!

Seeing Ye Yuan's shocked eyes, the blue-robed youth was very satisfied.

He said with a faint smile, "Saw that? It's not the disparity of strength between you and me, but the disparity in life-order! In front of Heavenly Stratum powerhouse, all are ants! You're the sovereign of a world, proud to the extreme. But in front of me, you don't have any capital to be proud of! I only need to move a finger and I'll be able to easily kill you! Taking you in as a servant is your highest glory, understand?"

The blue-robed youth paused for a while and said, "Now, kneel down and accept the gift!"

Ye Yuan drew a deep breath and forcefully dragged himself back from shock.

Then he slowly opened his mouth and said, "I refuse!"

The blue-robed youth was not very surprised. He just smiled faintly and said, "You'll die."

He was really calm and collected!

Nothing could make his emotions fluctuate.

How could an ant possibly cause a celestial deity to have fluctuations in emotions?

Ye Yuan's gaze gradually turned cold and he said, "Before fighting, who knows?"

He, Ye Yuan, had never lowered his head in front of a powerhouse before.

A scholar prefers death to humiliation!

Back then, he was just Emphyrean Realm but dared to face off against the powerful Nineorigin.

This kind of battle, he had already experienced no idea how many of them.

This time was no exception either.

However, the blue-robed youth did not get angry. He still had a faint smile as he said, "Very well, I'll give you this chance! I'll use one finger against you. If you can force me to use a hand, you'll have the qualification to know my name!"

One finger!

These words were rampant to the extreme!

The Heavenspan World powerhouses in the distances were similarly astonished to the extreme!

Ye Yuan was the Heavenspan World's sovereign!

The well-deserved number one person!

Now, this blue-robed youth was actually going to use one finger to fight!

Was this showing contempt?

No!

Everyone present could feel that this blue-robed youth was not the least bit complacent.

He was not overly conceited like a young genius. He just showed contempt for all life!

He looked at Ye Yuan with the eyes of looking at an ant from beginning to end!

Would heaven bother about ants?

No!

Because they were unworthy!

Ye Yuan's gaze gradually became cold.

Boom!

A fearsome sword intent instantly enveloped the area of a thousand miles.

Universe Sword Formation!

The moment Ye Yuan made his move, it was his strongest move!

Because he knew that hiding his strength in front of the blue-robed youth was equivalent to courting death!

He had no retreat at all!

Situated inside the sword formation, the blue-robed youth still stood with his hands behind his back, using a scrutinizing gaze to look at the Universe Sword Formation. He nodded his head slightly.

Unrivaled Medicine God

Chapter 2514: The Pride of Ants!

“Not bad. Developing a universe with a sword formation, it has quite the implication of Great Dao. This move is not bad.”

The blue-robed move nodded with a slight smile, making frivolous remarks about Ye Yuan’s Universe Sword Formation.

Facing such a powerful sword formation, he seemed to be in his own backyard, not caring at all.

Ye Yuan’s brows furrowed slightly and he activated the sword formation fiercely!

Swoosh, swoosh, swoosh?...

Countless sword light flashed, turning into streaks of rainbow, heading straight for the blue-robed youth.

However, the blue-robed youth did not have the intention of retaliating.

He just stood there quietly, waiting for the arrival of the countless sword lights.

In the next second, everyone was dumbfounded with shock!

Those terrifying sword lights, no matter from which angle, no matter how powerful, as long as they approached the blue-robed youth, they would all automatically change directions!

Bang! Bang! Bang!

The ground, the void, all were directly bombarded by the sword lights until it was reduced to fragments.

But not a single sword light landed on the blue-robed youth’s body!

Ye Yuan’s pupils constricted. His divine sense was actually unable to lock onto the blue-robed youth.

Once those sword lights arrived in front of the other party, they directly skidded out like skiing on a snowy day.

No matter how he tried to control it, he could not do so!

But the other party clearly did not do anything!

This means was simply inconceivable!

His heart shook wildly. It was really his first time encountering such a powerless battle.

Even back then in the Immortal Grove World, when he had not entered Divine Dao, he had never felt so powerless before too.

The opponent was too strong!

Strong until there was no opening to look for!

Strong beyond understanding!

Ye Yuan could not even fathom the other party's means. So how to deal with him?

At this time, the blue-robed youth finally moved.

He extended a finger and tapped inside the sword formation just like that.

Boom!

In an instant, the sword formation collapsed with a loud bang.

Ye Yuan only felt a tremendous force transmit over, his chest seemingly being hit by a giant mountain, fresh blood spurting wildly as he flew out backward.

This was the power of one finger!

The entire world fell deathly silent.

Those powerhouses far away were collectively rendered speechless.

"I ... Are my eyes failing me?"

"This is impossible! Lord Saint Azure is actually like a child in front of him!"

"Where in the world did he come from? How can he be so strong?"

... ..

The impact that this scene brought to them was seriously too strong.

It was Ye Yuan's first time displaying the Universe Sword Formation in front of everyone. But everyone could tell that this move fused together four great rules!

Compared to when battling the five ancestors alone previously, this move was more than a level stronger!

However, it was like a joke in front of the blue-robed youth!

One finger and it broke!

The Heavenspan World's number one person was actually so weak in front of the blue-robed youth!

Only after retreating several miles away did Ye Yuan barely manage to stabilize his figure.

And the current him seemed to have crawled out of a pool of blood, seemingly wretched to the extreme from head to toe.

The blue-robed youth smiled and said, "I told you, our disparity is in life-order! You're no different from them in my eyes. At the very most, you're just a slightly stronger ant. That's all. Dealing with you, one finger is enough."

Ye Yuan's breathing became labored, his opponent was seriously too strong.

However, his gaze was unprecedentedly firm.

“Your cocky appearance is really despicable! So what if ant? Do ants have to be toyed with in the palm of your hands? Ants have to be fish on your chopping board, life and death at your whims? Ants have to be at your mercy, being cruelly oppressed forever? Today, this Ye will tell you that ants ... have dignity too!”

Ye Yuan strode out step by step, the imposing aura on his body becoming stronger and stronger.

Universe Sword Formation revolved without ceasing and already gradually underwent changes.

Dual Polarity Sword Formation!

Toward Ye Yuan’s fury, the blue-robed youth did not care at all. He still smiled and said, “What dignity do ants need??*Huhu*,?this changed sword formation is a little interesting! THIS, is Sword Dao, revealing the sharp edge, sword intent soaring to the sky! It’s just that ants will always be ants. Very soon, you’ll understand that your fury can’t change anything.”

Swoosh!

The moment Dual Polarity Sword Formation released, that swift and fierce sharp edge penetrated the firmament!

The entire world seemed to be trembling!

“Kill!”

Ye Yuan shouted fiercely, then urged the Dual Polarity Sword Formation frenziedly.

At this moment, there were only sword lights that filled the sky!

Chi! Chi! Chi!

Countless sword energy exploded in front of the blue-robed youth!

Under his fury, the power of the Dual Polarity Sword Formation was more than ten times stronger!

It was just that no matter how he controlled, his sword lights were unable to land on the blue-robed youth’s body.

But Ye Yuan discovered that his sword lights got a little closer to the blue-robed youth!

This discovery made him ecstatic with joy!

The other party was not invincible!

At least, one finger was not enough!

The chaos divine essence within his body gushed out, urging the sword formation frenziedly without heed for his life.

The power of the Dual Polarity Sword Formation was continuously superimposing!

His sword lights got closer and closer to the blue-robed youth, increasingly nearer.

“Really the wishful thinking of an ant!?*Huhu*,?do you think that this degree of attack can hurt me?”

The blue-robed youth smiled slightly and pointed a finger out again.

It was still one finger!

However, this poke could poke a hole in the sky!

A finger pointing out, an invisible force directly exploded with him as the base point.

“Conceal!”

“True Dragon Profound Armor!”

Ye Yuan roared repeatedly.

All of a sudden, the sword lights that covered the sky disappeared without a trace!

This finger landed directly on Ye Yuan’s body.

“Puhwark!”

Forcibly receiving a finger, Ye Yuan vomited large mouthfuls of blood.

But he did not take a single step back!

“Appear!”

The sword lights that covered the skies appeared once again!

Chi! Chi! Chi!

The sword lights were finally only an inch away from the blue-robed youth.

Just an inch short!

The blue-robed youth’s brows raised up, revealing a hint of surprise.

Following that, his finger turned into a palm, and the void shook!

Boom!

The sword lights that covered the sky could not bear it anymore and collapsed with a loud bang.

“Puhwark!”

Ye Yuan could not withstand it, vomiting large mouthfuls of blood again.

Even if there was the True Dragon Profound Armor coupled with the perfect Nine Transformations Golden Body, forcefully receiving this finger, he almost died!

This finger was far too strong!

What was even scarier was that the blue-robed youth did not exert any effort at all!

A casual finger could seriously injure Ye Yuan and put him on the verge of death!

The blue-robed youth said coolly, "Not bad, a little interesting! As an ant, you can be sufficiently proud to be able to force me to use one hand! You have the qualification to know my name! Listen up. I'm called Jun Tian, and I am from Grand Brightjade Complete Heaven!"

It was as if Ye Yuan knowing his name was a supreme glory.

But Ye Yuan only had bitterness in his heart.

Proud?

He used his strongest attack and even forcibly received a finger at his own expense. In the end, it could only force him to use one of his hands.

This was humiliation!

"Now, you should know the disparity between us, right? Why haven't you knelt down to receive the gift? This is the last chance!" Jun Tian's tone was calm but exuded a majesty that brooked no refusal.

The powerhouses present all choked!

Lost all hope!

The Heavenspan World's sovereign was actually too weak to stand up to a single blow!

Heavenspan World's number one person, was actually only fit to be someone else's servant!

Everyone shut their eyes painfully, feeling unprecedented humiliation.

"H-Huhu, hahaha?..."

Ye Yuan's mouth was full of blood when he suddenly burst out laughing.

"Kneel my ass! Your Grandpa Ye will only die standing and will never kneel to live! So what if Heavenly Stratum powerhouse? If you have the capability, come and kill your Grandpa Ye!"

Unrivaled Medicine God

Chapter 2515: Tragic!

"I-It's over!"

"Sigh!?" Lord Saint Azure's pride rises to the sky. How can he stand such humiliation?"

"Really unwilling! But, the opponent is too strong!"

... ..

The Heavenspan World's powerhouses were full of sorrow.

Weakness was the original sin!

At this time, they were so powerless!

Even the powerful Lord Saint Azure also ended up in such a plight.

And the smile on Jun Tian's face was finally reined in.

He was unhappy.

Not angry, because ants were not worthy of him being angry.

But this did not mean that ants could scold him!

“Impervious to reason! I’ve already given you the chance. Since you don’t know how to cherish it, then pay the price for the destruction of the Eight Extreme Divinities!”

It was only to see his figure sway and suddenly appeared in front of Ye Yuan.

He was actually face-to-face with Ye Yuan already!

Ye Yuan’s world domain had always been open.

Jun Tian directly passed through his domain!

This was the first time!

Ye Yuan only felt that every pore opened up. He used teleport without the slightest hesitation.

Swoosh!

In an instant, he left Jun Tian’s range.

However, in the next second, Jun Tian appeared in front of him again.

It was still that distance, a look of indifference and disdain.

“A small chiliocosm’s spatial law? It’s really quite good! Unfortunately ... it’s too weak!”

A faint smile hung on Jun Tian’s face, a finger already pressing on Ye Yuan’s chest.

Pffft!

A blood arrow spurted out of Ye Yuan’s back. His chest was pierced right through by a burst of energy!

His body flew towards the ground like a cannonball, smashing heavily into the ground.

The ever-victorious spatial teleport ceased to be effective too!

Ye Yuan’s teleport through his small world was actually unable to escape Jun Tian’s control too!

This Jun Tian was simply too strong!

Jun Tian slowly unleashed his palm. A powerful suction force transmitted over. Ye Yuan who was underground was actually directly sucked up.

It was only to see him shake his head slightly. He said with a sigh, “An ant also dares to fight for glory with heaven, you really don’t know life from death! Do you know that if I wanted you to die, you’d have already died ten times over?!”

“Ptooeey!”

Ye Yuan used all of his strength and spat fiercely.

It was just that that mouthful of blood already turned into nothingness before touching Jun Tian.

Jun Tian's gaze turned sullen. Another finger pointed at Ye Yuan's knee.

Pffft!

Ye Yuan's knee was directly crushed!

"*Argh!*"?Ye Yuan could not refrain from crying out miserably.

"An ant should have the awareness of an ant! Offending heaven, wanting to die ... won't be that easy too!"

As Jun Tian said indifferently, he gently pressed a palm on Ye Yuan's chest.

Bang!

Ye Yuan spurted another mouthful of fresh blood wildly, his figure flying out backward.

That speed was even faster than many Deva powerhouses!

It could be seen how terrifying this light palm was.

Ye Yuan only felt that from top to bottom, there was no piece of flesh that belonged to him anymore.

Jun Tian grasped his sense of propriety very well, he did not give Ye Yuan a fatal blow. But the agony inflicted on Ye Yuan's physical body was extremely intense.

Bang!

Bang!

Bang!

A palm, another palm.

Ye Yuan just felt that his skeleton was about to be dismantled by Jun Tian.

The whole place was deathly silent.

Everyone looked at this scene blankly, not knowing what to do.

Bang!

Another palm, Jun Tian flattened Ye Yuan on the ground.

He stood with his hands behind his back, looked at Ye Yuan indifferently, and said, "Speaking of which, being angry with an ant like you is beneath my dignity. It's just that you destroyed the Eight Extreme Divinities beforehand, and you insulted afterward. I can't tolerate you! However, I've grown tired of playing. You can go and die already! Before you die, I'll let you see the true strength of a Heavenly Stratum powerhouse!"

Jun Tian flipped his palm over, an aura that made people shudder rose to the sky.

That ... was the aura of Heavenly Dao!

Everyone's countenance changed visibly.

Including Ye Yuan!

This aura was too strong!

This was the true Heavenly Dao!

Jun Tian flipping his palm was like flipping the sky over!

That power was practically going to break the Heavenspan World!

"This ... is a Heavenly Stratum powerhouse? Could it be that the next realm is Heavenly Stratum? It's just, how the hell can I break through?" A hint of helplessness flashed across in Ye Yuan's heart.

Before coming, he already made the resolve to die.

It was just that he did not expect that he was actually unable to even touch the corners of Jun Tian's sleeves.

Good-for-nothing!

Unwillingness!

Swoosh!

Swoosh!

Swoosh!

... ..

All of a sudden, several figures sprang out, blocking in front of Ye Yuan.

Ye Yuan's entire body trembled, opening his hazy eyes, and his pupils constricted.

Yue Mengli, Pang Zhen, Fiery, Profound Secrets, Sacred Ancestor High Priest, Ni Xuan, and the six great Dao Ancestors, all came!

Apart from them, Tian Qing led Originsmile and Bo Yi three great Dao Ancestors as well as the other four great progenitors, and all appeared!

Nine great Dao Ancestors had all arrived!

"Y-You guys!" Ye Yuan's breath was weak as he said.

Yue Mengli turned her head and said with a smile, "Sorry, Big Brother Yuan. Li-er can't watch indifferently without lending a hand! What Elder Sister Lingxue can do, Li-er can do it too!"

Profound Secrets said with an indifferent look, "Ye Yuan, the Heavenspan World isn't your Heavenspan World alone! What you said is right. We've been frogs at the bottom of a well for too many years, just like the human race back then, being afraid to even face the outside world! Today, we'll face it together!"

At this time, the vacant look Tian Qing's face had already been swept away fully.

He had his back facing Ye Yuan and said with some melancholy, "Ye Yuan, I'm the Heavenspan World's sinner! Today, this ancestor is here to atone for my sins!"

Tian Qing's back view was indescribably lonely.

Sometimes, the truth was this cruel.

For countless years, he had been nothing more than Jun Tian's chess piece.

He was an executioner. How many Heavenspan World compatriots had he butchered?

Ever since recovering, he had fallen into deep self-reproach.

He knew that it was Ye Yuan who liberated them and let them return to themselves.

He was deeply grateful to Ye Yuan.

So, he came.

He was going to atone for the divine race!

Suddenly, Jun Tian put down his palm. That astonishing aura immediately disappeared without a trace.

"*Huhu*, these ... are all people around you, right? If they die in front of you one by one, you should be in agony, right?" Jun Tian looked at everyone behind Ye Yuan and said with a slight smile.

It was just that that smile exuded a cruel smell.

Yue Mengli's brows furrowed slightly and she said in a solemn voice, "You're really a cold-blooded and heartless person!"

But Jun Tian did not care at all, smiling as he said, "Ignorant ant! Don't you know that Heavenly Dao is heartless?"

Tian Qing snorted coldly and said, "Attack together! How can our Heavenspan World's Dao Ancestors have anyone who cravenly clings to life instead of braving death?"

Everyone nodded one after another, the nine great Dao Ancestors plus four great progenitors charged toward Jun Tian with astonishing imposing momentum.

It was just that Jun Tian still stood with his hands behind his back, moving back and forth indeterminately among the Dao Ancestors.

No matter how powerful their imposing momentum was, it could not touch the corners of Jun Tian's sleeves.

"*Huhu*, Dao Ancestor! How ridiculous! You guys are merely Jadetrue Heavenly Sect's toys, that's all! Do you really take yourselves to be supreme existences? Ants are ants!"

As he spoke, Jun Tian stomped his feet.

Boom!

The group of powerhouses was directly sent flying. Each person suffered serious injuries.

Jun Tian's haughtiness rose to the sky!

It was just that he did not notice that the light in Ye Yuan's eyes became brighter and brighter!

Unrivaled Medicine God

Chapter 2516: Transforming Dao!

"This ... This is simply toying with!"

"That Jun Tian is really too strong! Dao Ancestors are really ant-like existences in front of him."

"He's intent on toying with the Dao Ancestors, otherwise, he could probably eradicate the Dao Ancestors with a flick of a finger!"

... ..

In front of Jun Tian, the supreme Dao Ancestors also paled in comparison.

Their earth-shaking big moves seemed to only serve as a foil to Jun Tian's might.

He wandered around in it. Suddenly he waved his sleeves casually, and several people were then seriously injured.

It was just that no one shrunk back.

After they fell, they stood up again.

Fall down, stand up again.

Coming here, they were already prepared to die.

Boundless Moonlight, Limitless Samsara!

Yue Mengli cried out, the terrifying ocular art aiming right at Jun Tian.

Jun Tian just smiled slightly and said, "Huhu, pretty good ocular art. Unfortunately ... your Dao teachings were passed down by me. Isn't it a little laughable to use it to deal with me?"

Jun Tian gave Yue Mengli a glance. Yue Mengli's mind shook and tasted sweetness at the back of her throat. Her divine soul immediately suffered heavy damage, and she spurted out a mouthful of blood wildly.

Just one glance broke the Heavenspan World's strongest ocular art.

"Be careful!"

Suddenly, a cry entered Yue Mengli's ears.

Before she understood what was going on, she was knocked flying by a wall of meat, tumbling out heavily.

"L-Lord Tian Qing!" Yue Mengli discovered that the person pressed on top of her was precisely Tian Qing.

Just now, at the critical moment, Tian Qing blocked in front of her.

The current Tian Qing did not have an intact spot from top to bottom. He was only hanging in there with one last breath.

He forcibly took Jun Tian's finger and already had his life force severed.

Tian Qing's mouth dribbled blood as he smiled miserably and said, "Little Li, t-this blow, just take it as ... repaying my debt! I-I'm sorry!"

His life force was dissipating rapidly, there was no hope already.

Yue Mengli's eyes were filled with tears as she cried bitterly, shaking her head as she said, "No, you didn't let me down! Y-You were a good elder!"

Tian Qing's breath was weak as he said, "The ... sins that I've committed are too serious. Ten thousand deaths can't absolve me from the blame! *Huhu*, it's a pity that ... I can only die once! I ... I hate it!"

Tian Qing used his last breath and howled at the sky.

Then, he closed his eyes and passed away all of a sudden.

His life force had already been completely cut off, there was no possibility of surviving anymore.

"Lord Tian Qing!" Yue Mengli cried bitterly, beyond description.

She naturally had hate toward Tian Qing.

It was just that, she distinguished it clearly.

In the divine race, Tian Qing could be said to have spared no effort in nurturing her.

This kindness, Yue Mengli must accept it.

Yue Mengli was a reasonable person. She knew that the fault did not lie with Tian Qing.

Even Ye Yuan forgave Tian Qing. So what reason did she have to not forgive?

Now, Tian Qing died on the spot in order to save her, how could she not feel heartache?

"Jun Tian, I'll fight it out with you!" Yue Mengli's wrath billowed to the sky, rushing forward without heed for her personal safety.

But on the other side, Jun Tian casually smacked, and directly smacked Pang Zhen onto the ground, smashing a large pit in the ground.

Pang Zhen struggled several times but failed to struggle to his feet.

Yue Mengli's Heavenly Dao True Martial activated and she rushed toward Jun Tian without caring for her life.

The corners of Jun Tian's mouth curled slightly, and he said, "*Huhu*, ignorant ants! This kind of fury doesn't have the slightest function. *Uh*?... although you're an ant too. Your looks are not bad. In the future, follow me! After I kill them, I'll bring you out of this forsaken place."

Finished talking, he casually pointed and Yue Mengli directly fainted away.

Bang!

Bang!

Bang!

Jun Tian knocked everyone to the ground with one hand each.

“Alright, just about got tired of playing. It’s time to send you all on your way. This forsaken place, even the air is filthy. It really makes me uncomfortable all over!” Jun Tian had a look of disgust and walked toward Yue Mengli, about to bring her away.

But right at this time, Jun Tian’s expression changed, and he looked in Ye Yuan’s direction with astonishment.

No idea since when, Ye Yuan actually already stood up.

His gaze was staring fixedly at Jun Tian, the aura on his body was in the midst of rising crazily.

Boom!

Suddenly, the spiritual energy on Heavenspan Mountain completely erupted.

The heaven and earth spiritual energy all around, was seemingly like surging floodwaters, rolling in.

An illusory figure appeared in front of Ye Yuan.

Gray pupils!

White robes!

That was precisely the gray-pupiled Ye Yuan!

Only to see Ye Yuan say coolly, “From now on, you’ll be Heavenly Dao! Transforming! Dao!”

Ye Yuan pointed at the void, the gray-pupiled Ye Yuan dissipated with a loud bang.

Transforming into countless filaments, it burrowed into Ye Yuan’s body.

Ye Yuan’s small world underwent earth-shaking changes with a rumble!

The originally lifeless world became lively all of a sudden.

Grass was taking root, seedlings broke out of the soil, and started to grow green leaves.

Overflowing with vitality!

The sun, moon, and stars cycled without rest.

Mountains, rivers, lakes, and seas flowed in continuous streams!

Everything seemed to be operating according to some kind of law.

The current Ye Yuan stood proudly in the sky, with a feeling of overlooking all life.

He felt that he had become heaven!

Endless spiritual energy poured into the small world crazily, helping him to develop all life.

Jun Tian opened his eyes wide, the calm and collected expression on his face had changed for the first time.

He sucked in a deep breath and said in shock, "This ... How is this possible? How can an ant possibly understand the art of transforming Dao? In this forsaken place, there's actually someone ... who can break through to Heavenly Stratum?"

Ye Yuan's gaze never left Jun Tian from start to end.

"Heavenly Dao is heartless!? *Heh*, what a fine Heavenly Dao is heartless! Jun Tian, I really have to thank you so much! Without your reminder, it probably wouldn't have been so easy if I wanted to break through!" Ye Yuan said with a cold smile.

Jun Tian was stunned when he heard that, only then recalling what he said earlier.

Heavenly Dao is heartless!

He was shocked. This guy found the turning point to break through to Heavenly Stratum through this sentence?

A casual remark sounded significant to an attentive listener.

Jun Tian did not expect that his thoughtless sentence actually created a Heavenly Stratum powerhouse!

This guy's talent was too monstrous!

In reality, Ye Yuan had been stuck at this step for a long time already.

He always felt that his small world was missing something.

He had once thought of Heavenly Dao but did not know how to create Heavenly Dao.

Heavenly Dao was a vague and insubstantial thing.

No one knew what it was.

But there was a heartless existence in Ye Yuan's body!

That guy did not have the slightest emotion.

From when Ye Yuan's chaos first started, it already appeared after Origin Pill Realm.

Only a short while ago, Ye Yuan was still wondering whether the cultivation method he comprehended was correct or not.

It was just that later on, his strength became stronger and stronger. His confidence in himself also grew stronger and stronger, resulting in overlooking this problem.

In the end, Ye Yuan's strength was already sufficient to suppress the gray-pupil Ye Yuan, and he did not need to worry anymore.

Not worrying, he naturally overlooked it.

But the word 'heartless' filled Ye Yuan with enlightenment, suddenly seeing the whole thing in a clear light!

It turned out that the gray-pupil Ye Yuan was not born without cause.

He was Heavenly Dao!

The most important step of breaking through to Heavenly Stratum also lay with precisely him!

Unrivaled Medicine God

Chapter 2517: Look at My Mouth Shape!

"*Heh!*? Transforming Dao, this step, is the most dangerous. But you achieved the chaos origin divinity by chance. This step became very easy instead! You, boy, really have a heaven-defying destiny!" Jun Tian marveled with amazement.

Originally, Transforming Dao was the most dangerous in the process of breaking through to Heavenly Stratum.

Not knowing the right way, it was very likely to suffer a backlash and lose yourself.

Heavenly Dao was heartless. This was not said for fun.

But Ye Yuan achieved the chaos origin divinity by coincidence.

This was also to say that Ye Yuan's divine soul already reached the level of Heavenly Stratum!

Therefore, this step became the easiest for him actually.

While surprise was surprise, Jun Tian did not seem to pay attention to Ye Yuan's breakthrough.

Someone who just broke through to Heavenly Stratum, furthermore, it was even a lower realm ant. Why would he take him seriously?

Hence, he did not stop it at all. He watched with interest instead.

Everything was still under his control!

Ye Yuan's physical body was recovering at a speed visible to the naked eye.

At this time, virtually the entire Heavenspan World's spiritual energy was being used by him.

Ye Yuan only felt that his divine soul was almost leaving his body.

That refreshing feeling made every pore in his body relax.

At this time, when he looked at the Heavenspan World again, the feeling was already totally different.

It was like he was standing in the sky, looking at everything in the mortal world.

Whatever Dao Ancestor, whatever Deva, whatever Heavenly Emperor, they were insignificant like ants on the ground.

It was also no wonder that Jun Tian would be so scornful.

Beneath Heavenly Dao, all were ants!

He was heaven!

This kind of feeling was too wonderful!

“Huhu, do you feel unprecedentedly great?” Jun Tian said with a smile.

Ye Yuan nodded and said, “Yes, really unprecedentedly good!”

Jun Tian nodded his head and said, “Therefore, the current you should be able to understand how I feel, right? The lives of ants aren’t worthy of respect.”

Ye Yuan nodded his head, seemingly somewhat agreeing with it.

Seeing this scene, the smile on Jun Tian’s face grew stronger.

While the expressions of the others changed slightly.

Especially those Heavenspan World powerhouses in the distance, their hearts sunk to rock-bottom.

“Lord Saint Azure he ...”

They were scared to the extreme. If Lord Saint Azure became a person like Jun Tian, then the Heavenspan World would really be finished.

But right at this time, Ye Yuan opened his mouth and said with a serious expression on his face: “I understand ... my ass! Is a Heavenly Stratum powerhouse very impressive? Why don’t you take a piss and look at your own reflection? Who the hell do you think you are? You’re definitely an ant-like existence in the outside world too, right? Otherwise, why would you come to the Heavenspan World to find a sense of existence? A piece of trash like you can only bully people of the Lower Realms, right?”

Ye Yuan deliberately dragged out the tone. Jun Tian revealed a look of amusement.

But suddenly, Ye Yuan’s tone changed and his words shot out like a machine gun, hitting Jun Tian until he did not come back to his senses for a long time.

But very soon, his expression turned dark.

“Huhu, very good! Looks like you’ve become high after you became a Heavenly Stratum powerhouse!” Jun Tian said with a cold smile.

“Yeah, I’m very high right now! But very soon, you’ll be high too! You’ll go high up into the sky!” Ye Yuan similarly responded with a sneer.

When Heavenspan World’s people heard Ye Yuan’s words, their hearts finally settled down.

Furthermore, Ye Yuan’s words made them feel very liberated.

Recollecting the aftertaste, they felt that Ye Yuan’s words make a lot of sense!

True powerhouses did not deign to bother with ants.

Only those people who failed to achieve their ambitions would look for a sense of existence in front of weaklings.

Just like Ye Yuan, he would never take the initiative to go and bully the weak.

His opponents were always those existences stronger than him!

A hint of an amused smile showed on Jun Tian's face, and he said, "Huhu, do you know why I didn't stop you when you broke through just now? Among Heavenly Stratum powerhouses, there is a vast difference in strength! Just like you now, you're a Lesser Sublime Heavenly Stratum. But, the disparity between Lesser Sublime Heavenly Stratum and Lesser Sublime Heavenly Stratum is huge too! For example, I can kill a lower Lesser Sublime Heavenly Stratum like you with a flip with my hand, understand?"

"Idiot!"

Jun Tian said a whole bunch, but Ye Yuan was expressionless and replied with a word coolly.

Jun Tian was taken aback and said in a solemn voice, "What did you say?"

Ye Yuan pointed at his own lips and said, "Don't understand? Look at the shape of my mouth, iiiidiot! Now, do you understand?"

This time, Jun Tian was really enraged.

The muscles on his face were twitching.

An ant like Ye Yuan provoked him time and again. He already reached the limit of patience.

"Very good! Looks like ... you really don't know what's called fear! Then ... I'll let you know now!"

Jun Tian flipped his palm over, that world-destroying power appeared once again!

The horrifying to the extreme power made everyone's faces change.

Ye Yuan swept his sleeves grandly and directly swept Yue Mengli and the others away.

"Take them away! The further you run, the better! If there are any losses, you all will be held accountable!"

These words were said to Wei Feng.

Wei Feng's entire body trembled, knowing that an apocalyptic great battle was about to start.

This was the true Doomsday Battle!

People like them, even if they watched the fight from afar, it was also impossible to be spared.

"Lord Saint Azure, rest assured. I definitely won't fail you!"

After he was done talking, Wei Feng brought the group of wounded people and sped away.

Jun Tian did not stop this scene. Being merely a bunch of ants, he could annihilate them with a turn of his hand.

The most important thing right now was to make this ant in front of him know fear!

Above the sky, the cloud layer was extremely low, giving people an extremely constrained feeling.

A blue ball emerged on Jun Tian's hand.

On the ball, electric light flashed, shocking to the core.

"Ants are ants. Even if you broke through to Heavenly Stratum, you're still an ant!"

Jun Tian's figure flashed, instantly arriving in front of Ye Yuan.

That light-ball was directly pressed toward Ye Yuan.

The void around the two people directly turned into a mass of nothingness.

A hint of a cruel smile flashed across the corners of his mouth.

Right at this time, Ye Yuan suddenly gave a big slap.

Without deviating to the left or right, it landed right on Jun Tian's body.

This slap landing, it was as if the entire sky had fallen down!

The power of this slap was actually much stronger than even Jun Tian!

Bang!

Jun Tian's body was directly smacked into the ground.

Being extremely far away, the figures of Wei Feng and the others suddenly paused, looking into the distance with shocked faces.

Then, everyone exchanged glances, their gazes revealing wild elation.

"You all felt it, right?" Wei Feng said.

"F-Felt it! The aura of the person from behind is definitely Lord Saint Azure! S-So strong!"

"But how can he be so strong? Even if he broke through to Heavenly Stratum, it's also impossible to be stronger than the outside world's powerhouses, right?"

The severely wounded Originsmile suddenly said, "It's the power of the Heavenspan World! Ye Yuan borrowed the power of the Heavenspan World! Fighting against that Heavenly Stratum powerhouse with the power of a world!"

He remembered that Ye Yuan had once executed it in the divine race before.

One word repelled Heavenly Dao!

Now, he definitely borrowed the power of the Heavenspan World!

"Excellent! We're finally saved! Lord Tian Qing, you didn't die in vain! The Heavenspan World is saved!"

Tears rolled down Originsmile's old face.

Unrivaled Medicine God

Chapter 2518: Ant, Don't Use This Sort of Eyes to Look at Me!

Boom!

Jun Tian scurried out of the ruins, appearing rather ragged.

His gaze was fixed on Ye Yuan, seemingly full of shock.

Ye Yuan's gaze was currently meeting his eyes as he said coolly, "Oh, an ant's slap smacked you away. Now, aren't you inferior to even an ant?"

Jun Tian's expression was indescribably ugly.

Posturing until now, he actually had his face slapped.

But he actually had nothing to say!

"Brat, you can actually control the Heavenspan World's power! I really underestimated you! I didn't expect that you actually concealed your abilities previously! Such shrewdness!" Jun Tian said with a cold smile.

"Speaking of which, I still have to thank you! If not for your trace of origin divinity, I wouldn't have learned this move! Uh, if I consider it like that, you really helped me quite a bit!" Ye Yuan said coolly.

When Jun Tian heard that, he nearly spewed out a mouthful of old blood.

His thoughtless words let Ye Yuan break through the shackles, becoming a Heavenly Stratum powerhouse.

His origin divinity taught Ye Yuan how to mobilize the power of the Heavenspan World.

Actually, it was not that Ye Yuan did not use it previously, but that he knew that it was also useless even if he used it.

The power that he controlled was simply showing off in the presence of an expert in front of Jun Tian!

Using it, he would die even faster instead.

Now, he broke through to Lesser Sublime Heavenly Stratum, completely controlling Heavenly Dao.

Through the Lesser Heavenspan Mountain's power, he could mobilize the power of the Heavenspan Mountain perfectly.

This was his powerful reliance!

Jun Tian's gaze turned cold, and he said in a cold voice, "Brat, your cocky appearance really pisses me off!"

Ye Yuan was still very calm and said coolly, "Is that so? This cocky look was learned from you! Don't you like to posture? Then I'll let you see what it's like to be postured by someone else."

Jun Tian nearly choked from anger. Ye Yuan's calm and collected appearance currently was really very similar to his just now!

Furthermore, Ye Yuan's appearance really nauseated him badly!

An ant was actually posturing in front of him!

Furthermore, he really achieved it!

Nothing was more humiliating than this.

"Brat, there's a price to pay for posturing! Therefore, you can go and die already! Heavenly Stratum powerhouses aren't as simple as you think!"

Jun Tian gave a cold snort, both hands suddenly kneading seals.

Space fell into an intense tremor instantly.

Rumble!

"W-What's going on? What a terrifying power!"

"How is this possible? That Jun Tian actually hasn't reached his limit yet?"

"T-This is the power of rule! It's just that this power of rule is also too strong, right? Lord Saint Azure, he ... he'll be alright, right?"

... ..

Extreme far away, Wei Feng and the rest of the powerhouses were unable to control their bodies at all, falling down from the air one after another.

It was not just them. At this time, there were even more Heavenspan World powerhouses who were unable to maintain their figures at all.

In an instant, they seemed to have become mortals!

Jun Tian's casting of his spell thoroughly disrupted the Heavenspan World's rules.

At this moment, the strength of a Heavenly Stratum powerhouse was displayed in its entirety.

His might subverted the Heavenspan World's powerhouses' understanding of power.

"Watch closely! THIS, is the true power of a Heavenly Stratum powerhouse! Silverfeather Heaven Suppressing Palm!"

Jun Tian struck a palm over. The void directly shattered, forming a huge black hole.

In this black hole, even spatial turbulent flows were unable to get close.

The might of the power could be imagined!

This was already a power that surpassed the Heavenspan World!

From start to end, Ye Yuan appeared very calm.

Facing this terrifying palm, his expression did not change in the slightest.

It was only to see him lightly raise a palm. Another slap smacked down.

Bang!

Jun Tian's power collapsed with a loud bang!

This time, Jun Tian was directly smacked into the spatial turbulent flow.

Wei Feng and the rest exchanged glances, with incredulous looks.

This scene was too strange!

They could not see the situation on the battlefield, but they could feel the outrageous undulations over there.

Jun Tian's terrifying attacks were directly shattered. How could they not feel it?

Boom!

Jun Tian flew back once more, looking at Ye Yuan with a look of apprehension.

He felt that something was wrong!

Too freaking wrong!

How could he possibly be so strong?

Ye Yuan still had that expression as he said coolly, "Ant, don't look at me with this kind of eyes. I'll get angry."

Finished talking, he flung another slap over.

Jun Tian's expression changed, hurriedly raising his palm to block.

It was just that, without the slightest surprise, he was smacked into the spatial turbulent flow once more.

Bang!

Bang!

Bang!

One slap after another; Jun Tian did not have the slightest strength to fight back, being smacked flying over and over again.

The entire spatial turbulent flow had already turned into a chaotic mess.

"T-This is ... too monstrous! Too monstrous! Too ... freaking liberating! Lord Saint Azure, smack this guy to death! Let him posture! Let him posture!" Wei Feng's tone had a 180-degree turnabout, and tears actually flowed down his old face.

Previously, he was in extreme despair!

Jun Tian's might practically scared the piss out of him.

But now, he felt exaltation upon fulfillment!

Jun Tian under Ye Yuan's palm was like a dead dog, without any strength to fight back!

Everyone present felt the same way!

Too freaking liberating!

"Enough! I said, ENOUGH!"

Jun Tian bellowed, a terrifying to the extreme power suddenly exploded.

Ye Yuan was caught by surprise and was actually rocked backward.

Jun Tian had a head of disheveled hair, his clothes tattered, gaze looking at Ye Yuan gloomily.

But there was an additional azure long spear in his hand, emitting an astonishing power.

His gaze was dark, clearly furious to the extreme.

"Brat, even if you can borrow the power of the Heavenspan World, it's also impossible to be so strong! However, I also don't want to know anymore, because ... I'm very furious right now! Therefore, you must die!"

Jun Tian's eyes were full of hatred.

He knew that Ye Yuan was deliberately humiliating him, avenging the grudge from before.

Yet, he actually did not have the strength to fight back.

He thought that he could make Ye Yuan submit obediently with a pair of flesh palms.

But he was wrong!

Ye Yuan who had a calm look suddenly smiled.

"What a coincidence, I also feel that you must die!"

Talking until the back, Ye Yuan's gaze gradually turned cold.

Tian Qing's corpse had not turned cold yet.

The dead souls of the Heavenspan World's powerhouses were still quivering in the void!

In fact, he even wanted to encroach upon Li-er!

Also, this enmity of ten billion years of enslavement!

Everything and everything needed Jun Tian to repay!

If he did not die, how could the hatred in Ye Yuan's heart be dispelled?

Jun Tian sneered and said, "Ignorant ant, you completely don't know what a Heavenly Stratum powerhouse is! This time, I'm going to be serious!"

Only to see him wave his long spear, the aura on his body became stronger.

This long spear could actually make his strength soar!

However, the expression on Ye Yuan's face did not change much.

He still had a faint smile as he said, "What a coincidence, I'm also going to be serious this time!"

Ye Yuan lifted his palm, the Lesser Heavenspan Mountain appeared in his palm impressively!

Jun Tian's pupils constricted and he cried out in surprise, "Heart of Heavenspan! You ... You actually refined the Heart of Heavenspan! This ... This is impossible!"

But right at this time, the Heart of Heavenspan suddenly bloomed with light, turning into a streak of flowing light, flying toward the Heavenspan Mountain!

Unrivaled Medicine God

Chapter 2519: Pulling up Mountain With Strength, Unparalleled Imposing Aura!

Boom!

A loud noise came over. The Heart of Heavenspan directly fused into the Heavenspan Mountain.

In the next moment, the earth quaked and mountains shook!

Rumble ...

The Heavenspan Mountain started trembling violently.

Jun Tian's expression changed wildly and he said in shock, "T-The Heavenspan Mountain is ... being taken in by you?"

The current Jun Tian felt like he had incredibly bad luck.

He never dreamed that such a situation would actually occur.

Ye Yuan was actually going to take in the Heavenspan Mountain!

The Heavenspan Mountain was Jadetrue Heavenly Sect's heavenly spirit immortal treasure of the legends!

Who could have thought that such a treasure would actually land in Ye Yuan's hands!

"Yeah. Otherwise, how can I, this ant, beat you, this powerful Heavenly Stratum powerhouse?" Ye Yuan said coolly.

After breaking through to Heavenly Stratum, Ye Yuan's mind became more agile as luck hit, suddenly feeling a sense of perfect harmony with the Heavenspan Mountain.

It was also precisely because of this that he could easily smack Jun Tian flying.

Otherwise, how could he, a newbie who just broke through to Lesser Sublime Heavenly Stratum, possibly be Jun Tian's match?

Ye Yuan also never thought that the Heavenspan Mountain, which all of the Heavenspan World's powerhouses viewed as a cultivation holy land, was actually just a treasure!

Such a treasure could actually be taken away!

And the key to taking this treasure away was refining the Heart of Heavenspan.

Ye Yuan stumbled blindly and refined the Heart of Heavenspan, and he created the Chaos Heavenspan Canon by blind chance, becoming a Heavenly Stratum powerhouse.

In the end, he took in the Heavenspan Mountain with a random stumble!

The moment it moved, it was earth-shattering!

Currently, the entire Heavenspan World was in the midst of trembling.

Ye Yuan arrived at the foot of the Heavenspan Mountain with a flash.

Boom!

Ye Yuan directly reached a hand out and stuck it into the ground.

The first feeling was heavy!

Incomparably heavy!

Ye Yuan's complexion flushed bright red, using all the strength in his body.

Although he refined the Heavenspan Mountain, he did not have the method to mobilize such a treasure at all.

Even if his mind was linked with the Heavenspan Mountain and the Heavenspan Mountain became countless times lighter.

But it was still unbelievably heavy!

Rumble ...

The Heavenspan Mountain moved!

Jun Tian's expression was indescribably ugly.

"This guy ... is really boorish! He doesn't know the method to use the Heavenspan Mountain at all. So he's actually pulling up the mountain with his bare hands! If you can take in the Heavenspan Mountain, that would be strange!" Jun Tian said with a cold laugh.

At the same time, he raised his spear again.

Toward this kind of newbie, even if you gave him a supreme treasure, he would not know how to use it either!

How could he possibly lose to this kind of rookie?

While at this time, the entire Heavenspan World was shaking.

Everyone fell into deep shock.

Wei Feng and the rest had blank faces as they said in shock, "What's Lord Saint Azure doing? C-Could it be that he's going to pull the Heavenspan Mountain up?"

"I-It's impossible, right? The Heavenspan Mountain leads above the heavens! How can this kind of divine mountain possibly be pulled up with human strength?"

"What on earth is His Excellency trying to do? Could it be that he's going to use the Heavenspan Mountain to deal with Jun Tian?"

... ..

In this place, the Heavenspan Mountain was faintly visible.

Ye Yuan's astonishing aura could not be concealed no matter what, how could they not know what Ye Yuan was trying to do?

But Jun Tian ignored these, brandishing the azure long spear in his hand. A similarly astonishing imposing momentum rose to the sky.

"Seven Cardinal Sky Howling Spear! This spear will let you know the outcome of resisting heaven!"

His voice had yet to fade when Jun Tian's expression suddenly changed wildly.

"Argh ... !"

Rumble ...

It was only to hear Ye Yuan give a long howl.

The Heavenspan Mountain rose up from the ground!

Jun Tian opened his mouth wide, having a look of disbelief.

Below the Heavenspan Mountain, Ye Yuan's figure was tall and straight.

His two hands supported the Heavenspan Mountain, appearing somewhat strained.

But he had indeed heaved it up!

Boom!

The moment the Heavenspan Mountain moved, the sky seemed to have had a hole poked in it.

A thick to the extreme spiritual energy suddenly poured down.

An enormous black vortex suddenly appeared in the sky, like a black hole.

That appearance was seemingly like a stopper was pulled away by someone!

In the Heavenspan World, everyone was inexplicably shocked, thinking that it was the end of the world.

This scene was too shocking!

Wei Feng's pupils constricted and he cried out in alarm, "P-P-Pulled up! Really pulled up! T-T-This ... How is this possible?"

Boom!

Ye Yuan moved and took a step forward.

The earth quaked and mountains swayed!

Boom!

Ye Yuan took another step forward!

Below the Heavenspan Mountain, Ye Yuan was insignificant as an ant.

But his imposing momentum was astonishing like a celestial's!

Pulling up the mountain with strength, unparalleled imposing aura!

Ye Yuan's imposing momentum obstructed even the sky!

Jun Tian already accumulated his momentum fully, only waiting for a suitable opportunity to unleash his spear.

But now, he hesitated!

"Why? Aren't you serious now? Thrust your spear! I, this ant, don't even know how to use the Heavenspan Mountain. Could it be that you'll feel scared too?" Ye Yuan's words were full of mockery.

Jun Tian's expression changed slightly, but his imposing momentum became weaker and weaker.

Thrusting one's spear paid great attention to momentum!

Even if one reached Heavenly Stratum, this principle would not change too.

His imposing momentum could poke a hole in the sky.

But he encountered Ye Yuan!

This guy was completely unreasonable!

He pulled the mountain up!

No matter how strong his momentum was, how could it possibly win the current Ye Yuan?

Therefore, he was nervous!

He was backing away!

"Huhu, didn't you say that you're heaven? The paramount heaven will actually be afraid of an ant? Laughable! Really ridiculous!"

Ye Yuan returned all of Jun Tian's mockery to him!

He was still advancing, Jun Tian was still retreating.

It was already impossible to unleash his spear!

“D-Damn it! You lunatic! Consider yourself ruthless! After I report the matter here to the sect, I want to see how you still be arrogant?!”

Finally, Jun Tian put away the azure long spear, his figure moving, speeding toward the horizon.

He did not dare to clash with Ye Yuan anymore!

For example, this Heavenspan Mountain was ten thousand pounds in Ye Yuan’s hand.

When it reached him with such strong momentum, it might be a million, or ten million pounds!

His spear was likely to be smashed!

The Heavenspan Mountain was a heavenly spirit treasure!

His long spear was not on the same level at all!

If Ye Yuan smashed the mountain over, how many tens of millions of pounds would that power be?

It was just that, how could Ye Yuan let him go just like this?

Ye Yuan gave a cold laugh, the divine essence within his body surging crazily. He used all the strength in his body and threw the Heavenspan Mountain out.

Then, the Heavenspan Mountain smashed toward that figure above the sky amidst everyone’s astonished gazes.

The speed was swift to the extreme!

Jun Tian was currently sweeping past wildly, but the Heavenspan Mountain’s speed was too fast, and the size was too large!

Nowhere to avoid!

His pupils constricted, his scalp tingling.

At this time, there was only forcefully resisting it!

Boom!

Jun Tian spurted a mouthful of blood wildly, feeling the bones all over his body were crumbling.

The strike of a heavenly spirit treasure, the power was formidable to the extreme!

However, a Heavenly Stratum powerhouse was ultimately a Heavenly Stratum powerhouse. This kind of terrifying force still did not smash him to death.

Borrowing the counter-shock force, his speed became even faster, directly flying into that mass of black vortex, disappearing!

“Ye Yuan, I’ve remembered today’s matter! The plane passageway is going to close. Even if you broke through to Heavenly Stratum, you can’t leave the Heavenspan World too! Wash your neck well and wait for death!”

Only at this time did a sentence come over from the void.

Unrivaled Medicine God

Chapter 2520: Grand Brightjade Complete Heaven!

Grand Brightjade Complete Heaven, True Yang Heavenly Domain.

There was a vast expanse of forest in front. Trees were vigorous and upright, luscious and green.

There was a clearing in the forest, the clearing was overgrown with weeds.

Amidst the weeds, a broken altar was faintly visible.

Suddenly, the altar gave off a beam of light, and a figure appeared.

“Puhwark!”

As soon as the figure appeared, he vomited a large mouthful of blood fiercely.

It was only to see his figure sway, wanting to take two steps, but he vomited a mouthful of blood again.

The severity of his wounds could be seen.

This person was precisely the Jun Tian who had just escaped from the Heavenspan World!

“D-Damn it! My injuries are too heavy. I already can’t move! I really failed in this simple task, to actually let an ant hurt me until like this! However ... that heavenly spirit treasure! After my injuries recover, I must find a way to obtain the Heavenspan Mountain!”

Thick greed flashed across in Jun Tian’s eyes.

That collision from Ye Yuan truly startled heaven and earth and made gods and ghosts weep.

He, this grand completion Lesser Sublime Heavenly Stratum, was also knocked dazed and confused.

But fortunately, the plane passageway was closed. Ye Yuan was unable to pass through!

Otherwise, he would probably die on the spot right now.

Putting away the heated gaze, Jun Tian took out a dark-gray medicinal pill and swallowed it, and started revolving his powers and regulating his breathing.

Boom!

Suddenly, there was a loud bang, and the altar exploded!

Jun Tian was directly sent flying out by the huge impact.

A figure dashed out and landed not far in front of Jun Tian.

Jun Tian’s pupils constricted and he said in horror, “Y-You ... How is it possible? The plane passageway is closed. It’s absolutely impossible for a Lesser Sublime Heavenly Stratum to forcibly burst open! You ... How did you do it?”

The current Jun Tian was terrified to the extreme.

His injuries were extremely heavy and he was completely unable to fight anymore.

But Ye Yuan forcibly broke through the plane barrier at this time; this was really terrible!

Ye Yuan held his palm out, a hardy and heavy small mountain appeared.

“Used this to smash it open,” Ye Yuan said coolly.

Jun Tian’s expression changed wildly and he said, “Y-You subdued the Heavenspan Mountain? This ... How is this possible? You’re clearly ...”

“I’m clearly a rookie who knows nothing, so how can I subdue the Heavenspan Mountain, is it? Really let you down. The Heavenspan Mountain’s method of control is hidden on the Heavenspan Mountain,” Ye Yuan said coolly.

When Jun Tian heard that, he practically had an impulse to swear.

This Heavenspan World was really a huge pit!

Him jumping in now directly buried himself!

Earlier on, Ye Yuan caused a great sensation in the Heavenspan World.

That towering and lofty Heavenspan Mountain that had stood for countless hundreds of millions of years was actually gone!

Gone ...

The Heavenspan Mountain was taken away by Ye Yuan!

At that moment, the entire Heavenspan World was plunged into deep fear and shock.

The Heavenspan Mountain’s significance to the Heavenspan World’s martial artists could not be described using words at all.

Now, the Heavenspan Mountain was gone. They already felt at a loss on what to do.

This time, Jun Tian was really afraid!

Jun Tian’s footsteps were falling back involuntarily.

But Ye Yuan’s gaze was sizing up the surroundings.

This place made him very uncomfortable.

The air was filled with a powerful suppression force.

That feeling was like someone walked into a gravity chamber.

If Heavenspan World’s gravity was one, then the gravity here was ten thousand!

The powerful restrictive force greatly limited his cultivation method and martial technique when they were displayed.

Clearly, Jun Tian also sensed Ye Yuan’s abnormality.

He smiled coldly and said, "Brat, do you feel very uncomfortable??*Heh,*?the 33 Heavens is the world of rules! There are no laws here, only rules! This place is heaven, the heaven that dominates a myriad of worlds! Entering here, all of your power will be infinitely suppressed! Right now, you can't even fly. I want to see how you kill me!"

Finished talking, Jun Tian's figure flashed, speeding away into the depths of the dense forest.

Ye Yuan just laughed coldly and urged the Heavenspan Mountain according to the spell recorded on the Heavenspan Mountain.

Swoosh!

The Heavenspan Mountain instantly turned into a streak of flowing light, chasing right after.

Jun Tian was currently crying out in his heart about getting lucky when suddenly, he felt a powerful aura arrive with a howl from the rear.

He was seriously injured to begin with. His strength had greatly diminished.

At this time, how could he avoid it?

Boom!

The Heavenspan Mountain slammed right onto his body without the slightest surprise.

Jun Tian spurted out a mouthful of fresh blood and fell to the ground.

Ye Yuan walked over unhurriedly and said indifferently, "It doesn't matter that my strength is suppressed. Don't I still have the Heavenspan Mountain? Although I don't know what grade of a treasure it is, being able to suppress a world, it's definitely not what the long spear in your hands can compare to, isn't that right? Therefore, I don't need any cultivation method or martial technique at all. Directly using it to smash you will do."

Seeing Ye Yuan walking over step by step, Jun Tian really got scared!

He underestimated the Heavenspan Mountain!

Yeah, Ye Yuan did not need to compete with whatever cultivation method or martial technique with him at all.

He just had to pick up the Heavenspan Mountain and smash people.

Simple, yet crude!

But very practical!

"Y-You can't kill me!" Jun Tian gasped heavily for air.

"*Oh??Why?*" Ye Yuan said.

"I'm the Jadetrue Heavenly Sect's outer-sect deacon. I have a life tablet in the sect. If you kill me, Jadetrue Heavenly Sect will definitely come and find you! Furthermore, the Heavenspan Mountain is the Jadetrue Heavenly Sect's supreme treasure. If they know that you acquired the Heavenspan Mountain,

they will definitely keep hunting you down! You can run, but what do you plan on doing with those people in the Heavenspan World?" Jun Tian hurriedly said.

Ye Yuan's brows furrowed slightly, this was a troublesome thing.

However, Ye Yuan was naturally not willing to believe it easily.

When Jun Tian saw that Ye Yuan was moved, he hurriedly said, "You've felt Grand Brightjade Complete Heaven's rule pressure too! If those friends of yours don't break through to Heavenly Stratum Realm, it's impossible to enter Grand Brightjade Complete Heaven! Otherwise, they will be crushed into minced meat by the Great Dao rules here!"

"As long as you don't kill me, I can let you plant an origin divinity will and become your servant! You'll definitely be entering Grand Brightjade Complete Heaven and know absolutely nothing about the things here. Just nice, you need a servant!"

There was an impulse to die in Jun Tian's heart.

When he entered Heavenspan World previously, he was planning on taking Ye Yuan in as a servant.

Who knew that in a blink, he was actually going to take the initiative to become Ye Yuan's servant? Such irony!

After Jun Tian finished talking, he looked at Ye Yuan eagerly, waiting for his decision.

Ye Yuan remained silent all along, also not knowing what he was thinking about.

Jun Tian's heart was fidgety to the extreme.

Suddenly, Ye Yuan opened his mouth and said, "Is there a method that can let a wisp of spiritual consciousness regather the divine soul in this Grand Brightjade Complete Heaven?"

Jun Tian hurriedly nodded and said, "Of course! Of course, there is! The 33 Heavens is the pinnacle of myriad worlds, the most primitive of the land of rules! Forget about just a wisp of spiritual consciousness remaining, even a dead person can be revived too!"

When Ye Yuan heard that, he was wildly ecstatic in his heart.

However, he did not show it. He just said calmly, "Oh?? Then how can one regather the divine soul?"

"This ... This ..." Jun Tian smiled bitterly and said, "I'm just Lesser Sublime Heavenly Stratum, belonging to the lowest level existence in the 33 Heavens. How would I know how to regather the divine soul, this kind of heaven-defying means?"

"Oh?? Then it's no use keeping you, go to hell then!" Ye Yuan said very calmly.
