Chapter 2541: I'm Shielding the Tang Family!

"You're betting with the lives of everyone in the Tang Family! Furthermore, it's a sure-lose situation! As an ascender, what capital does he have to dare fight with the entire royal family??*Heh,*? maybe he already slipped away for good now!" Tang Jinhua shouted angrily.

This was a gamble without any chance of winning. He knew that Ye Yuan was strong, but Ye Yuan was too weak in front of the royal family!

One had to know, just the royal family's Greater Sublime Heaven powerhouses were plenty!

A middle Lesser Sublime Heaven entering the palace at night and even wanted to meet Second Prince, wasn't this a joke?

This was probably just Ye Yuan's excuse!

Tang Yu shook his head and said, "No! Ye Yuan isn't this kind of person! When he came out of Inklight Forest, Yang Xuezheng just took him for a ride and he helped Yang Xuezheng clear all obstacles!"

Tang Jinhua said with a cold smile, "That's because his strength was sufficient! But, you tell me, what does he have to contend with the royal family?"

Tang Yu fell silent!

This father and son two people argued endlessly, neither able to convince the other.

"Who is it?!"

Suddenly, Tang Yu shuddered and shot to his feet.

Only at this time, did he suddenly realize that there was an extra person in the room!

Focusing his eyes and looking, who could it be if not Ye Yuan?

"B-Big Brother? W-When did you come?" Tang Yu said in surprise.

"Came for some time already," Ye Yuan slowly walked out of the shadows and said lightly.

While Tang Jinhua's entire body trembled, thinking to himself if his words earlier were all heard by Ye Yuan.

How did this guy enter the room without a sound?

If not for Ye Yuan taking the initiative to reveal his figure, the two of them would not have been able to discover him at all!

Tang Yu's expression was very ugly and he said, "Big Brother, Father is concerned about the safety of the Tang Family and was a little harsh with his words. I ... I apologize on his behalf."

Actually, Tang Yu did not understand Ye Yuan.

He only knew that Ye Yuan acted mercilessly.

After all, the lesson learned from the Gui Family was right there.

Therefore, he had more fear toward Ye Yuan!

Ye Yuan smiled and said, "No need to apologize. I won't do anything to the Tang Family. Alright, it's getting late, rest early."

Finished speaking, Ye Yuan's figure directly disappeared into the night.

The father and son two people exchanged glances with horror on their faces.

"H-Has he left?" Tang Jinhua said with ragged breathing.

Tang Yu smiled bitterly as he shook his head and said, "Should have left?"

Tang Jinhua's expression was ugly as he said, "Then ... has he succeeded or not?"

Tang Yu smiled bitterly again and said, "I reckon that he came to find us to talk about this matter. But hearing the words earlier, he couldn't be bothered to say anymore. It's considered ... a warning to us."

"How on earth did he come in just now? I actually didn't detect it at all!"

"If even you can detect it, how can he have the courage to barge into the royal palace alone? You also know that Second Prince's master is that person!"

"Hence, I feel that he definitely failed! He can hide from us, but can he also hide from Greater Sublime Heavenly Stratum powerhouses? Let alone that there are also so many experts in the palace!"

Tang Yu's expression flickered slightly. To be honest, he did not have any confidence himself.

In the end, he could only let out a sigh and said, "Forget it, it's also useless to think so much. Wait for tomorrow!"

... ..

The next day, before the morning sun rose, a sedan chair already stopped at the entrance of the Tang Manor.

After receiving the report, Tang Jinhua and Tang Yu both got a big shock and hurriedly went out to welcome.

"Tang Jinhua (Tang Yu), pays respect to Second Prince, Your Highness, and Master Yun!" The two directly gave a big bow as they said.

Second Prince's expression was rather tired. Clearly, his frame of mind was not very good.

But, seeing the two people bow, he had a stomach full of anger that had nowhere to vent and could only say, "Get up, go in and talk!?Uh?... Master Yun wants to meet Ye Yuan!"

Tang Yu hurriedly said, "Yes, I'll go and invite Big Brother right away!"

Finished saying, Tang Jinhua led the two into the study, while Tang Yu went straight to Ye Yuan's closed-seclusion venue.

The moment Second Prince took his seat, he directly opened his mouth and said, "Last night, Ye Yuan and I have met!"

Although he already guessed in his heart, when Tang Jinhua heard this sentence, he was still shocked speechless for a long while.

"This ...How is this possible? Could it be that ... Master Yun wasn't in the palace last night?" Tang Jinhua said in shock.

Second Prince sneered and said, "Are you playing the fool here despite understanding??*Heh,*?your Tang Family really found a huge backer!"

Tang Jinhua was frightened until he directly knelt down and said, "Second Prince, please explain. This lowly one ... really doesn't know!"

Second Prince could not help feeling a little surprised when he saw Tang Jinhua's appearance.

It seemed like he really did not know.

"Forget it, forget it! Get up! Jasper Regeneration Pill's heavenly medicines, I've already ordered people to deliver them! Coming today is primarily because Master Yun wants to meet this Ye Yuan!" Second Prince said.

Just as he was talking, Tang Yu entered, his expression not too good.

Honestly speaking, he really did not want to offend Second Prince too badly.

But now, it was not up to him anymore!

"Your Highness, Big Brother said, have ... have Master Yun go see him himself!" Tang Yu said awkwardly.

Making a Greater Sublime Heavenly Stratum powerhouse go and see a Lesser Sublime Heavenly Stratum, what haughty airs!

But he had no choice!

Ye Yuan's words, he did not dare to not listen.

But he knew in his heart that since Second Prince came, it showed that Ye Yuan really succeeded yesterday!

It was just that, he still felt that it was too incredulous thinking about it.

The moment Second Prince heard, he almost stomped his foot.

Rather, it was Lu Yun who was very calm. Holding Second Prince down, he said coolly, "Lead the way!"

Tang Yu heaved a sigh of relief and led Lu Yun to Ye Yuan's closed-seclusion venue.

"Big Brother!"

“Come in!”

Tang Yu pushed the door and entered, Lu Yun followed inside.

There was dim lighting in the house, it was not bright.

“Big Brother?” After Tang Yu entered, he discovered that Ye Yuan was not there at all!

Lu Yun’s brows furrowed slightly. Going one round around the room, he did not discover Ye Yuan’s traces.

But the voice just now clearly came from inside the house!

“What a fine concealing art, looks like Yu Tang really didn’t lie! You wandered around in front of this old man and this old man actually didn’t even know!” Lu Yun said to the air.

But at this moment, on the seat not far away from Lu Yun, Ye Yuan’s figure appeared.

When Tang Yu saw this scene, his eyes went wide.

Only then was he absolutely sure that Lu Yun was really present at the place!

But even he did not discover Ye Yuan!

Furthermore, hearing Lu Yun’s words just now, Ye Yuan actually strolled around in front of him.

But Lu Yun still did not react at all.

This level of concealment technique was absolutely incredible!

If Ye Yuan really wanted to kill Second Prince, no matter how many experts he had protecting him, it was in vain too!

Seeing Ye Yuan reveal his figure, Lu Yun’s pupils constricted and he said in surprise, “Excellent spatial rule! Boy, your application of spatial rule is already transcendent! No wonder you have such haughty airs!”

Ye Yuan smiled faintly and said, “It’s not that I have haughty airs. I just want to tell you, I’m shielding the Tang Family! If Second Prince has any devious thoughts, he might be gone someday. Of course, if you’re not sensible, maybe one day ... you’ll be gone too!”

Chapter 2542: Painstaking Care and Thought!

When Tang Yu heard this, his hair stood on end.

He was really afraid that Lu Yun would smack the two of them to death in his rage.

However, Lu Yun did not.

He was not as angry as Tang Yu imagined, but very calm instead.

“Don’t you worry. With this old man around, no one can touch the Tang Family!” Suddenly, Lu Yun said such a thing.

Tang Yu opened his mouth wide with a look of disbelief.

This was Master Yun!

Even His Majesty also had to show him some respect when he saw him!

In this Eastward Country, if he stomped his foot, the entire country would have to tremble.

Now, he actually compromised toward Ye Yuan!

Furthermore, the meaning in these words was that he was actually even going to shield the Tang Family!

Tang Yu somewhat doubted whether his own ears heard wrongly or not.

Ye Yuan just smiled and said, "What do you want to obtain?"

Lu Yun shook his head and said, "I don't need anything. Just one thing, Second Prince will maintain a cooperative relationship with the Tang Family in the future!"

Ye Yuan nodded and said, "Can!"

Hearing Ye Yuan agree, Lu Yun's expression eased up slightly and he said with a faint smile, "Young Friend Ye, if you're free in the future, you can go to the royal family to find this old man! This old man has once traveled around various countries and still know quite a bit about True Yang Heavenly Domain's local customs and practices."

Ye Yuan's eyebrows raised up, and he said with a smile, "Elder Lu, rest assured. This Ye will go when I have time."

Lu Yun nodded slightly and left with a faint smile.

Tang Yu's mouth had never closed until now.

He was dumbstruck with amazement by the contents of these two people's conversation!

The three people present were all extremely clever people.

Lu Yun and Ye Yuan seemed to have only exchanged a few words, but had already crossed swords back and forth several times!

Firstly, Lu Yun made known his position that no one could touch the Tang Family.

The meaning of these words was that he, Lu Yun, would be the Tang Family's protective cover in the future.

Not Second Prince, it was Lu Yun!

This concept was totally different!

Second Prince's status was high, but in front of the Greater Sublime Heavenly Stratum Lu Yun, it was nothing!

With him as a guarantor, even if His Majesty wanted to touch the Tang Family, he would also have to think thrice before acting.

This was a huge bargaining chip!

However, Ye Yuan asked Lu Yun what he wanted.

Lu Yun did not want anything, just for the Tang Family to cooperate with Second Prince.

It was cooperate!

Not a vassal!

Let alone a lackey!

This sentence was equivalent to raising the Tang Family's status to a position equal to that of Second Prince.

Tang Yu was not stupid. He naturally understood that the Tang Family did not have this qualification.

Then who?

Ye Yuan!

Actually, Lu Yun wanted to kidnap Ye Yuan onto Second Prince's chariot to help Second Prince seize the throne.

But Lu Yun understood that with Ye Yuan's pride, it was absolutely impossible to agree.

However, it did not matter if he did not agree.

As long as the Tang Family was tied onto this chariot, would he still be afraid Ye Yuan would not take action at the critical moment?

Of course, Ye Yuan was not a fool either, it was impossible to not be able to tell Lu Yun's intentions.

However, Ye Yuan still agreed.

Only like this did Lu Yun set his mind at ease.

In the end, he even invited Ye Yuan to the royal palace, which was tantamount to a discussion among peers.

From start to end, Lu Yun was clinging onto Ye Yuan!

Or should he say, he lowered his social status, wanting to find a good helper for Second Prince!

"B-Big Brother!" Tang Yu already did not know what he should say.

He only knew that he made the right bet!

Ye Yuan smiled and said, "I make clear distinctions between grievances and gratitude. This is what your Tang Family deserves."

Tang Yu knelt onto the ground with a thud and said to Ye Yuan with cupped fists, "Big Brother, you'll always be my, Tang Yu's, big brother in the future!"

Calling out 'Big Brother' in the past was being forced by Ye Yuan.

Later, it was in order to curry favor with Ye Yuan.

But now, this 'Big Brother' came from the bottom of his heart.

From now on, not only did the Tang Family not decline, it was very likely to become one of the top major clans of the imperial city instead!

... ..

"Master Yun, why?" On the way back, Second Prince could not resist asking.

Lu Yun said coolly, "Do you know why Grand Brightjade Complete Heaven's native powerhouses reject ascenders?"

Second Prince was taken aback and said with disdain, "Why else? Lower Realms ants also dare to contend for glory with the bright moon! They don't even have affinity, indicating that they are people who are abandoned by heaven. Couldn't we despise them?"

But Lu Yun smiled slightly and shook his head and said, "What you said is the perception of most people. But I don't think so! This old man feels that native powerhouses are jealous of ascenders, that's all!"

Second Prince was stunned again and could not help laughing as he said, "Master Yun, you couldn't have made a mistake, right? Us? Jealous of them? Just like that Ye Yuan, he cultivated bitterly for 18 years and only learned the extraction of one type of heavenly medicine with his intelligence. What's there for us to be jealous of?"

Lu Yun nodded and said, "You're right. They indeed don't have our nature-endowed advantage. But it's also precisely because of so that this is their greatest advantage! You only know that Five Light Heavenly Region survives between the crevices of the other heavenly regions. Then, have you thought before on what basis can a measly little Five Light Heavenly Region survive among the many native heavenly regions?"

Second Prince was stunned again and again. He had really never thought about this problem from this angle before.

Lu Yun gave him a glance and said, "Because they are very strong!"

Second Prince could not help laughing as he said, "Strong? Master Yun, I admit that Ye Yuan is an exception! But the other ascenders are simply akin to ants!"

Lower Realms shook his head and said, "You're wrong! The ascenders in your impression of being weak are just because they just ascended and haven't adapted to a supreme world like Grand Brightjade Complete Heaven. And this period is also the most vulnerable period for ascenders. However, once they pass this most difficult period, their strength will become very terrifying! Being able to reach Heavenly Stratum in the Lower Realms planes, which of these people don't have countless bones and corpses under their feet? Their temperament, talent, they are all one in a million! As long as give them a chance, they will be able to soar to the sky with one leap!"

"Back then, when this old man traveled all over the various states and nations, I saw an itinerant cultivator ascender challenge five same rank powerhouses with the realm of middle Lesser Sublime Heaven, and killed three of the other party, and injured two in the end! This old even had seen before

an upper Lesser Sublime Heaven ascender went head-on against a grand completion Lesser Sublime Heaven native powerhouse, and he defeated him! This is just one of those that I've seen. The examples that I've heard are even more! Therefore, you should understand how terrifying the strength of ascenders who are able to reach Five Light Heavenly Region alive are, right?"

The corners of Second Prince's mouth twitched slightly, his eyes revealing shock.

Clearly, these were things that he had never heard of before.

Eastward Country was just content to exercise sovereignty over a part of the region; that was all. The things that he was able to come into contact with were too few.

"Master Yun's meaning is that Ye Yuan has already tided over the most difficult period? That's right! His strength is indeed very strong! He can even defeat upper Lesser Sublime Heavens!" Second Prince recalled the scene of Ye Yuan defeating Zhao Yu two people and said with a solemn expression.

However, Lu Yun shook his head and said, "You're wrong again! It's not that Ye Yuan has tided over the most difficult period, but that he's an extremely strong existence among ascenders too! Comprehending spatial rule isn't scary. What's scary is that he applied spatial rule to the transcendent realm! He's a dragon among men. A tiny little Eastward Country can't trap him! With his help, your chances of defeating that elder brother of yours will greatly increase!"

Second Prince's entire body trembled. Only then did he know of Lu Yun's painstaking care and thought!

Chapter 2543: Great Sensation!

"Damn it! Damn it! Damn it! How did things develop until like this!"

In a courtyard in the imperial city, Gu Mao flew into a thunderous rage.

The development of things completely exceeded his expectations!

Originally, he was harboring the idea of watching a show, wanting to see how Ye Yuan and the Tang Family were destroyed.

The next day, he went to the Tang Family to watch a good show. He discovered that not only was the Tang Family completely intact, but Tang Jinhua and Tang Yu were also in a never-before-seen state of being fired up with boundless enthusiasm, giving him a good scolding.

In the end, they even chased him out of Whiteheart Hall!

Gu Mao was dumbfounded at that time. Without him, the Tang Family would be equivalent to losing half the country!

Back then, he let out a whole bunch of tough words, making it so that the Tang Family would not be able to survive in the imperial city.

But who would have expected that on the same day, another famous alchemy path star of the imperial city, Jiang Yu, sat garrison in the Tang Family!

Jiang Yu was only stronger and not weaker than him, Gu Mao, in the imperial city's alchemy world.

Furthermore, Jiang Yu also had a special identity. He was Second Prince's personal heavenly alchemist!

This weight was completely different!

This action was also another signal that Second Prince released to the outside world. The Tang Family was his, Second Prince's, ally. No one was allowed to touch them!

The Tang Family's prestige had no equal for some time.

And Jiang Yu holding down the fort also let the Tang Family shake off Gu Mao's influence thoroughly.

Whether he left or stayed had no impact on the Tang Family at all!

After a period of time, not only did the Tang Family not decline, it faintly showed signs of surpassing the other families instead.

Gu Mao was depressed!

A partner of Gu Mao's completely abandoned him today, and he defected to the Tang Family's arms.

Only then did Gu Mao fly into a thunderous rage.

Suddenly, his expression changed. His face flushed bright red.

Gu Mao's body started trembling violently.

The fire poison erupted!

He hurriedly mustered up the Iceheart Jade, attempting to suppress the fire poison.

But this time, the fire poison's eruption was extremely fierce, akin to a fierce beast that broke out of the cage. He was actually ... unable to suppress it anymore!

Suddenly, he remembered Ye Yuan's words.

The harder you suppress, the fiercer the eruption in the future!

The meridians within his body were suffering the ravaging of the fire poison, overwhelming to the extent where he wished that he was dead.

"Quick! Quickly help me to the Tang Family! Go to ... the Tang Family!" Gu Mao shouted.

His men carried him to the Tang Family, but Ye Yuan avoided seeing him. He just passed a sentence to him. "People can be proud, but can't be arrogant, especially incompetent arrogance! Some opportunity, once missed, they are gone. There won't be a next time!"

In the midst of despair, Gu Mao's fire poison erupted. Not only was he no longer able to continue being a heavenly alchemist, but also his cultivation realm even fell greatly.

The fire poison was much fiercer than he even anticipated.

A heavenly alchemist of his generation fell here.

In reality, Ye Yuan did not need to become a heavenly alchemist to save him at all.

With Ye Yuan's divine essence that was delicate until it made people's hair stand on end, combing his meridians once and it would be able to completely get rid of the fire poison.

It was just a pity that Gu Mao put on haughty airs time and again, and finally suffered the consequences.

... ..

As for Ye Yuan, he went into closed-seclusion again after the storm.

He had too much to do but too little time.

He was desperately honing his instinct. He wanted to let his instinct replace affinity!

But now, with Jiang Yu's help, Ye Yuan had a direct understanding of the medicinal properties of all kinds of basic heavenly medicines.

Training with a purpose, his improvement speed became even faster.

Speaking of which, after Jiang Yu came to the Tang Family, he could not bear to leave anymore.

He and Ye Yuan quickly became friends who talked about everything.

Ye Yuan was thirsty for knowledge and had an immense desire to understand the medicinal properties of heavenly medicines.

Therefore, he frequently asked Jiang Yu for advice.

Before coming, Lu Yun instructed him to definitely build good relations with Ye Yuan.

Whatever questions Ye Yuan had, he naturally said all that he knew.

However, along with the passing of time, Jiang Yu went from having the initial dealing with him attitude to having admiration for Ye Yuan.

From the initial-most unilateral asking for advice from Ye Yuan, it turned into intense discussions.

Jiang Yu discovered that Ye Yuan had a penetrating view and an almost freakish instinct for alchemy!

Although he did not know much about heavenly medicines, by relying on his alchemy ability that was engraved in his bones, he could often dispel Jiang Yu's clouds and let him suddenly see the light with a few words.

This way, Jiang Yu naturally behaved like he obtained a priceless treasure.

As long as Ye Yuan was free, he immediately dragged Ye Yuan to discuss alchemy.

Ye Yuan still did not know much about the refining system of heavenly pills and naturally would not refuse either.

Back and forth like this, although Ye Yuan had not started refining heavenly pills yet, he already had confidence in his heart with regards to the refinement of heavenly pills.

Both parties took what they needed.

While on the other side, Jadetrue Heavenly Sect's disciples led by Cheng Chongshan, exerted great pressure on the royal family.

Emperor Eastward was also utterly exhausted from overwork because of this matter.

Inklight Forest was too big, there was no way to investigate this matter at all.

He already employed all of the royal family's power. But in a blink, three years passed, and there were still no leads.

Helpless, Emperor Eastward even gave their princess to Cheng Chongshan to be a concubine, and also gave many precious treasures to the other two. Only then did it settle the three people down.

Actually, how could Cheng Chongshan not tell that Jun Tian's death probably had nothing to do with the royal family.

But they finally managed to come out. So they were not willing to return just like that too.

The death of an outer-sect deacon was not considered a big deal to the Jadetrue Heavenly Sect.

The Jadetrue Heavenly Sect persisting in finding the murderer was more for the sake of face.

But this matter was akin to finding a needle in a haystack; not easy to investigate.

Therefore, the three of them simply stayed in Eastward Country and tyrannically abused power, becoming overlords.

Rather, it was the eldest prince who saw through the three people's intentions and constantly tried his best to curry favor with them.

This idea of sending the princess to be a concubine had been come up by him.

Because he knew that these three people's words would have a decisive effect on Father's influence.

Another five years passed in a blink. And right at this moment, an event that caused a great sensation in the entire Eastward Country happened!

A one point heavenly alchemist was really born!

After 26 years, Ye Yuan finally refined his first heavenly pill!

The quality of this heavenly pill was extremely poor; furthermore, it was the most basic Foundation Establishment Heavenly Pill. Even so, this was indeed a heavenly pill!

This matter immediately caused a great sensation in the entire Eastward Country.

The entire imperial city was discussing this matter!

"Have you guys heard? That ascender with only one point affinity from the Tang Family really refined a heavenly pill!"

"My God, this is an unprecedented major event! The 33 Heavens' alchemy world might even change because of this incident!"

"I can't figure it out. His affinity is only one point. How on earth did he refine a heavenly pill?"

... ..

One point affinity, this was completely an affinity that was cut off from being a heavenly alchemist.

But Ye Yuan finally achieved it after 26 years of hard work!

This matter could be rated as having caused a great sensation.

When Jiang Yu witnessed his scene, his entire being was stunned for 15 minutes before recovering to his senses.

It was not just him. After the entire Tang Family heard about this matter, everyone's reaction was exactly the same!

Having hope was one thing but really refining it was another.

One had to know, refining a heavenly pill was ten thousand times harder than extracting the Dragonbone Grass!

Chapter 2544: Disaster Comes From the Sky

In the imperial garden, an old man and a youth, two figures, were currently strolling.

The young man in brocade said, "Master Lin, it's lively outside right now! An ascender, furthermore, it's an ascender whose affinity doesn't reach one point, actually refined a heavenly pill. The entire Eastward Country is boiling over with excitement! *Heh*, this ascender has overshadowed even your elderly self's prestige!"

The old man was indifferent and said with a smile, "That second child in your family has been making a big hoo-haa recently! *Huhu*, a one point affinity ascender, no matter how high his talent, it's also impossible to refine a heavenly pill! I'm afraid that this heavenly pill is refined by Jiang Yu, right?"

The youth in brocade smiled and said, "That second child of my family loves to make trouble the most. But this time, it's stirred up really big! Right now, rumors are spreading outside, saying that that ascender's alchemy path talent is outstanding, his potential unlimited. They even say ..."

The old man scolded with a smile: "You punk, still leaving this old man hanging?"

The youth in brocade gave a difficult smile and said, "I'm afraid that if I say it out, Master Lin will be unhappy."

The old man laughed in spite of himself and said, "This old man is already at this ripe old age, don't I have even this bit of magnanimity? Say!"

The youth in brocade said, "They said that that ascender will definitely surpass Master Lin in the future, and become Eastward Country's number one!"

The old man's eyes flickered, his smile revealing some unnaturalness.

However, this bit of fluctuation flashed across fleetingly and did not manifest.

The old man said confidently, "*Huhu*, there are too many heavenly alchemists who surpass this old man in this world. What's strange about one more? But, an ascender ... *huhu*, I'm afraid that it will be a little difficult!"

The youth in brocade said with a smile, "That's of course! These are all just rumors; nothing to believe. Looking across Eastward Country, who can compare with Master Lin's alchemy methods?"

This youth in brocade was naturally the Eastward Country's eldest prince.

And the old man was naturally Eastward Country's number one alchemy path person, Lin Lan.

Eldest Prince stopped after broaching the topic and did not go deep either, changing the topic very soon.

He was a clever man who knew the logic of going over the limit was as bad as falling short.

Master Lin was not who he could influence. He just had to bury a seed in Master Lin's heart and it would do.

Moreover, he was not fabricating wild tales, the outside world currently lauded Ye Yuan to the sky. Saying such a thing was not unusual.

After all, an ascender with only one point affinity being able to refine a heavenly pill was already heaven-defying to the extreme.

... ..

Ye Yuan himself also did not expect that refining a heavenly pill would cause such a great sensation.

The Tang Family's door was almost trampled broken.

He severely underestimated the influence of this incident. A one point affinity refining a complete product heavenly pill, this was absolutely an explosive to the extreme major incident!

Even people who had nothing to do with heavenly pills also knew that this was something impossible.

However, such a thing happened. It naturally aroused everyone's great curiosity.

Therefore, the people who came to the Tang Family to request an audience with Ye Yuan every day came and went in endless streams.

The Tang Family's popularity skyrocketed and even their business also boomed for some time.

But very soon, everyone's attitude changed.

No reason other than because Ye Yuan did not meet these people seeking novelty without exception!

With regards to this first heavenly pill, Ye Yuan himself was extremely dissatisfied.

Because the quality was too poor!

Unbearable to witness!

To others, this might be something worth showing off.

But to Ye Yuan, it was completely unnecessary.

However, Ye Yuan had indeed also tasted the pain of not having affinity.

Although he already trained his instinct to an extremely terrifying realm, when it came to really refine the heavenly pill, he was still beaten black and blue by the complexity of heavenly pills.

If it were others, they would have long broken down.

Even the lowest level Foundation Establishment Heavenly Pill required a combination of more than ten heavenly medicines too.

Extracting a heavenly medicine was nothing to the current Ye Yuan.

But combining them together was completely not like that at all.

The complexity involved, only people who really practiced alchemy knew.

It was also precisely because so, that the status of heavenly alchemists would be so revered.

It was also precisely because so that it was simply impossible for ascenders to become heavenly alchemists under the circumstances where affinity was lacking.

But Ye Yuan did not give up. Instinct was not enough? Then continue training!

Finally, eight years later, he refined a heavenly pill!

Although it was the lousiest heavenly pill.

Of course, in these eight years, Jiang Yu also helped him a lot.

"Big Brother, just show face! Just once, alright?" Tang Yu thickened his skin and begged.

Ye Yuan shook his head stubbornly and said, "Not going. I can't afford to lose this face!"

Tang Yu said gloomily, "But outside there, this news is already spreading like crazy; all saying that you're a liar, saying that our Tang Family are liars. In fact, someone already turned the spearhead toward Second Prince!"

Ye Yuan's mouth curled and he said, "What does that have to do with me?"

Tang Yu nearly stifled internal injuries out and he said gloomily, "Big Brother, you really did an earth-shattering major thing! Even if the Foundation Establishment Heavenly Pill's quality isn't good, your affinity is put there. Being able to refine it is already a huge deal! But you ... actually don't show face!"

Ye Yuan said coolly, "Can that thing be called a heavenly pill too? The name is called Foundation Establishment Heavenly Pill, but if someone were to eat it, their foundation will likely be ruined immediately! Leave, leave, leave! Don't disturb my closed-seclusion! After I really refine a heavenly pill, it won't be too late for you guys to show it off!"

Ye Yuan directly pushed Tang Yu out of the door and continued devoting himself to researching heavenly pills.

Him going into a retreat and not coming out, coupled with observant and conscientious people adding fuel to the fire, the discussion turned into a one-sided situation very quickly.

Originally, after this incident came out, it caused a stir in the entire city. The Tang Family also rose along with it.

But all of a sudden, the Tang Family became a ray crossing the street; everyone shouting to hit it.

Especially in the alchemy world, they even joined forces to boycott the Tang Family.

Very soon, Tang Yu realized that something was not right!

After the incident fermented for a period of time, suddenly, disaster came from the sky!

On this day, a middle-aged man brought a large number of guards and surrounded the Tang Family tightly until water could not seep through!

Tang Jinhua and Tang Yu got a fright and hurriedly came out to greet them.

"Lord Xie Hua, I wonder what has the Tang Family done to have alarmed you?" Tang Jinhua gave a bow and said.

The status of this person in front of him was not ordinary. He was Nation Teacher Lin Lan's eldest disciple.

The entire Eastward Country's alchemy world's affairs were almost all in charge by him.

Dispatching a massive force today, the arrivals clearly came with unkind intentions.

Tang Jinhua and Tang Yu's expressions were very ugly. They did not expect to actually alarm Master Lin.

Xie Hua gave a cold laugh and said, "Don't you all know what you've done? The Tang Family spread rumors and plunged the entire Eastward Country's alchemy world into chaos. This Xie came here today to seal up the Tang Family!"

Tang Yu's brows furrowed and he said, "Your Excellency, I wonder when my Tang Family spread rumors and disrupted the alchemy world?"

"*Putooh!* You guys didn't spread rumors? Didn't you all say that a one point ascender refined a heavenly pill? Where's the heavenly pill?"

"Yeah! How can a one point ascender possibly refine a heavenly pill? Your Tang Family is lying through your teeth!"

"Right now, it raised a huge uproar in the entire city, your Tang Family is the main culprit!"

... ..

The moment Tang Yu opened his mouth, it immediately drew condemnation from a large group of people.

Chapter 2545: Searching House and Confiscating Property!

The expressions of Tang Yu father and son changed drastically. They did not expect that things were already so serious.

Someone clearly led the tempo!

It was just that at this time, they could not explain this even with a hundred mouths!

Xie Hua gave a cold laugh and said, "In accord with the will of the people, could it be that this Xie can still frame you all? If you want to slap my face, this Xie's face, also can. Let that one pointer ascender come out and refine a heavenly pill in public. This Xie will apologize to your Tang Family!"

Tang Yu's expression was very ugly. Because calling Ye Yuan out now was impossible.

A month ago, Ye Yuan directly announced terminal seclusion.

Disturbing Ye Yuan's closed-seclusion at this time, if it ruined his important thing, Ye Yuan would really kill people!

Seeing this father and son two people hesitate, Xie Hua sneered even harder as he said, "Why? Can't call him out, or ... he can't refine pills at all?"

"Your Excellency, Ye Yuan is currently in terminal seclusion! How about this, after he exits seclusion, I'll definitely give you an explanation!" Tang Yu was helpless and could only say this.

"*Heh*, what a coincidence! The moment this Xie came, he entered terminal seclusion! Seems like after this news spread, he has been in closed-seclusion all along, right?" Xie Hua said with a smile that was not a smile.

"This ..." Tang Yu had nothing to say in response.

Ye Yuan had never been willing to show up, he was also very helpless.

Everyone was also not to be blamed for misunderstanding. This sort of thing, no matter who, they would misunderstand too.

"Alright, enough crap! Since that ascender isn't willing to come out, search the house and confiscate property for me!"

Under Xie Hua's word of command, each and every one of the guards was like wolves and tigers, directly pouncing over.

Tang Jinhua's expression changed drastically and he said in alarm and anger, "Lord Xie Hua, how can you do this? Our Tang Family is ..."

Before he finished speaking, he was held back by Tang Yu.

Tang Yu knew that Father was going to bring up Second Prince in his moment of desperation.

But who was behind Xie Hua?

That was Nation Teacher Lin Lan!

How could a mere Second Prince be able to suppress Xie Hua?

It would be making a fool of himself, that's all!

Xie Hua looked at Tang Yu and said with a smile, "Tang Yu, although you're missing an arm, you're getting smarter and smarter! So, are you planning on surrendering without resistance?"

Tang Yu had a grim expression as he said, "Xie Hua, you'll regret it!"

Xie Hua laughed loudly and said, "In this Eastward Country, apart from Master and His Majesty, someone who can make this Xie regret hasn't been born yet! Come, men! Tie him up for me!"

Beside Xie Hua, two burly men dashed out, giving Tang Yu a kick the moment they came up, directly kicking him on his abdomen, dropping him to his knees.

Tang Yu's face was almost contorted from pain, vomiting a mouthful of blood with a cough.

But the burly men did not give him the chance to catch his breath at all, directly tying his hands behind his back.

Tying the Tang Family father and son up, Xie Hua took big steps and barged right into the Tang Family.

Upon inquiring, Xie Hua found Ye Yuan's closed-seclusion venue very quickly.

"*Huhu*, knows how to choose places. It's just that, putting on an appearance and being in closed-seclusion here, can you refine heavenly pills? What a joke! Trash will always be trash! How can ascenders possibly refine heavenly pills? Come, men! Break the door for me!" Xie Hua looked at the closed door and said with disdain.

Two upper Lesser Sublime Heaven guards rushed up and were about to break the door and enter.

But right at this time, the door erupted with rays of brilliant light. Rays of sword light turned into sword rain that filled the sky, rushing towards the two guards.

Bang, bang, bang ...

The two guards were caught off-guard and directly blasted flying out.

Xie Hua's expression changed, revealing a look of shock.

He heard that this ascender was merely middle Lesser Sublime Heaven. How could the grand array that he laid down be so strong?

Xie Hua suddenly turned his head and looked toward the Tang Family father and son with their hands tied behind their backs, and said angrily, "You guys know that there are restrictions here?"

A hint of a sneer flashed across Tang Yu's face.

Of course, he knew!

But, he did not say it!

Pah!

Xie Hua dealt a backhanded slap, flinging it fiercely onto Tang Yu's face, directly slapping him flying out.

This slap was extremely heavy, half of Tang Yu's face swelled up.

Xie Hua gave a cold snort and said, "Looks like you father and son won't shed tears without seeing the coffin! Come, men! Give them a good beating for me!"

Under his word of command, several guards rushed up and boxed and kicked.

These guards were all not weak. Each fist hitting the flesh, the Tang Family father and son immediately had their skin flayed open and flesh torn.

When Xie Hua saw this scene, he felt a little better.

He gave a cold snort and said, "A mere restriction also wants to stop this Xie, also overestimating his own ability too much!"

He walked slowly towards the door, the imposing momentum on his body growing stronger and stronger.

Xie Hua was a grand completion Lesser Sublime Heaven powerhouse, his strength was naturally not weak.

He did not believe that this lousy restriction could still stop him!

"Stop!" Just as he was prepared to make a move, a cold cry suddenly came over.

Xie Hua turned around to look and said with a smile, "So, it's Second Prince and Master Yun who arrived. This Xie pays respect."

His attitude was neither obsequiously nor haughtily, not taking the two people too seriously.

Second Prince went without saying, but even Lu Yun, he could overlook him.

Although Lu Yun and Lin Lan were similarly Greater Sublime Heavenly Stratum powerhouses, their statuses were like heaven and earth.

After all, Lin Lan was a heavenly alchemist, his status incomparably venerated, and he was even honored by the emperor as Nation Teacher.

Second Prince glared at Xie Hua and said, "Xie Hua, what's the meaning of this? You brought people to search the property and even want to touch Ye Yuan. Are you slapping this prince's face?"

Xie Hua said with a fake smile, "Your Highness' words are not right. This Xue is in charge of Eastward Country's alchemy world affairs, isn't the Tang Family under jurisdiction? They spread rumors, throwing the imperial regime into chaos. Shouldn't their property be searched and confiscated?"

Second Prince smiled coldly and said, "Xie Hua, this prince has never offended you! There's likely the shadow of that big brother of mine behind this matter, right? Searching and confiscating the Tang Family, *heh heh*, this is setting an example for this prince to see!"

Xie Hua said coolly, "Your Highness is thinking too much! Do you think that Eldest Prince can influence Master's decision?"

When Second Prince heard that, his expression could not help changing.

Xie Hua's words were tantamount to blocking off all of the retreat routes.

There was only one person who could influence Lin Lan's decision in this Eastward Country, that was the emperor himself!

At this time, Lu Yun who was by the side suddenly spoke up. He said, "Xie Hua, give this old man face, how about it?"

Xie Hua's expression changed. He could choose not to give Second Prince face, but Lu Yun was a Greater Sublime Heavenly Stratum powerhouse. His status was second only to Master in Eastward Country.

His face was huge!

After a moment of silence, Xie Hua said, "Master Yun has a lofty status and can originally stay out of this matter. Must you get involved in the battle for the throne?"

Lu Yun smiled faintly and said, "Didn't Lin Lan get involved in it too?"

Xie Hua's brows furrowed slightly and he said, "This matter, this Xie is judging by facts and not the individual! Master Yun's words are rather biased!"

Lu Yun said coolly, "Since that's the case, Ye Yuan and the Tang Family's matter, I, Lu, am intervening! What are you going to do about it?"

Xie Hua's expression changed immediately feeling great pressure.

Greater Sublime Heavenly Stratum was an existence that suppressed a region in Eastward Country.

Before coming, he also never thought that Lu Yun would actually intervene.

"*Huhu*, Younger Brother Lu's status is revered. Why is there a need to interfere in the matters of juniors? Why not give this old man face and withdraw?"

Just as Xie Hua was in a dilemma, another voice sounded out!

[Unrivaled Medicine God](#)

Chapter 2546: This Joke is Really Hilarious!

"Master!"

Seeing the arrival, Xie Hua was overjoyed.

At this time, there was only Lin Lan who could suppress Lu Yun.

However, the expressions of Lu Yun and the rest changed wildly.

Even Lu Yun also did not expect that with Lin Lan's identity, he would actually personally take action for a measly little Tang Family!

It seemed like his desire to destroy Ye Yuan was already as firm as iron.

Lu Yun's brows furrowed slightly and he said, "Nation Teacher came forth in person for a measly little Tang Family. It really caught this Lu by surprise!"

Lin Lan smiled and said, "Didn't Younger Brother Lu also move out in person for a measly little Tang Family? The Tang Family brought chaos upon the alchemy world, causing the atmosphere of the entire

imperial city to be foul everywhere. It isn't considered overboard for this nation teacher to want to take them down, right? Or is it that that one point affinity ascender can really refine heavenly pills?"

The corners of Lu Yun's mouth twitched slightly, because he had never seen Ye Yuan refine pills with his own eyes before.

There was only Jiang Yu alone who had truly seen him before.

Sometimes, public clamor could melt metals.

When the entire world was denying a person, no matter how much you said, it was useless too.

Lu Yun and Second Prince clearly did not have much confidence in Ye Yuan refining a heavenly pill too.

After all, this was something impossible in the first place.

"This ... Whether can or not, we got to witness it before we'll know!" Lu Yun argued.

Lin Lan smiled and said, "Yeah, indeed need to witness it. It's just that ... this nation teacher feels that that brat has probably long already slipped away! Whether he's in here or not is already very hard to say. Otherwise, why did he suddenly go into terminal seclusion?"

Lu Yun's expression became rather ugly.

Indeed, if Ye Yuan really could not refine a heavenly pill, he might very likely have already slipped away now.

How could he be in closed-seclusion here stupidly?

"Big Brother he's right inside!" Tang Yu vomited blood from his mouth, using a hoarse voice to roar.

After a bout of pummeling, Tang Yu currently had a bloodied nose and swollen face, fresh blood flowing across his body, his appearance incomparably miserable.

When Lin Lan heard this, he still smiled and said, "Child, if he already left, can you discover it with the likes of you?"

Tang Yu choked when he heard that, but immediately said, "Big Brother definitely won't run away!"

Lin Lan smiled slightly and said, "Whether he left or not, we'll naturally know after breaking this array formation. If he isn't here, your Tang Family will have nothing to say anymore, right?"

Tang Yu said stubbornly, "If he isn't here, want to kill or dismember my Tang Family is up to your disposal!"

In the past, he did not understand Ye Yuan.

But along with the passing of time, his understanding of Ye Yuan gradually grew deeper, only then, discovering that this was someone who valued relationships and loyalty immensely.

Want him to believe that Ye Yuan fled? That was impossible!

Lin Lan smiled and arrived before the door.

The imposing aura of a Greater Sublime Heavenly Stratum suddenly erupted and Lin Lan smashed a fist towards the grand array.

But right at this time, the door opened from inside with a creak. Ye Yuan's figure appeared in front of everyone.

"Eh?? So many people? So lively! This brother, this Ye doesn't have grudges nor enmity with you, why did you smash my door?" Ye Yuan asked in puzzlement.

Lin Lan was stunned. Clearly, he did not expect Ye Yuan to leave seclusion at this time.

Let alone did he imagine that Ye Yuan actually really did not leave.

In his view, Ye Yuan dragging it out and not daring to show face was absolutely due to a guilty conscience.

How could this kind of person possibly refine a heavenly pill?

But Lu Yun's expression changed, and he said, "Ye Yuan, you mustn't be rude! This is our Eastward Country's Nation Teacher Lin Lan, Eastward alchemy world's number one person!"

Ye Yuan had just exited seclusion and had not figured out the situation yet.

However, he already saw that the Tang Family father and son were beaten until they were unrecognizable. How could he still not understand what had happened?

Fury rose from the bottom of his heart.

"Eastward alchemy world's number one person, is it?? *Huhu*, then these people were all brought by you?" Ye Yuan said with a cold smile.

The tone was already rather unfriendly.

Lin Lan nodded faintly and said, "That's right. You can think of it as they were brought by this nation teacher. The Tang Family brought chaos to the alchemy world and spread rumors, this nation teacher is searching and confiscating the Tang Family's property. Why? What's wrong with it?"

Ye Yuan said, "Spread rumors? What rumors? That I know how to refine heavenly pills?"

This kind of thing, use one's buttocks to think and one would also know.

Lin Lan smiled and said, "Why? You aren't going to tell this Nation Teacher that you really know how to refine heavenly pills, right?"

Ye Yuan said coolly, "Why? Can't I?"

"*Hahaha*?... a one point affinity pitiful bug. Even if you're posturing, you also have to pick your target, alright? Posturing in front of Master, aren't you asking for trouble?" Xie Hua laughed loudly when he heard that.

When others heard it, mocking smiles also came over.

“Really ignorant, already told him that Nation Teacher is the alchemy path’s number one person, he’s still asking for trouble!”

“He hid in this dilapidated house for so long and not dare to come out. To say that he knows how to refine heavenly pills, I won’t believe it even if you beat me to death!”

“The Tang Family was scolded for so long and this guy didn’t even come out to clarify. He clearly has a guilty conscience! Refining heavenly pill? A hilarious joke!”

... ..

At this point, no one believed that Ye Yuan knew how to refine pills anymore.

Something that was originally impossible, a six-month long closed-seclusion was enough to deny everything.

Therefore, Ye Yuan’s tough attitude at this time was just looking for a rebuff in the eyes of others.

The Tang Family was destroyed for sure today.

Ye Yuan was also dead for sure today.

Lin Lan could not help laughing as he said, “I heard before that your talent is pretty good. But, it’s impossible for one point affinity to refine heavenly pills!”

Ye Yuan sneered and said, “If I refine it?”

Lin Lan still shook his head and said, “Absolutely impossible! In the 33 Heavens, no one with one point affinity has refined a heavenly pill!”

Ye Yuan chuckled and changed the topic, “They said that you’re Eastward alchemy path’s number one person?”

Lin Lan smiled and said, “At least so far, no one in Eastward can surpass this nation teacher in Alchemy Dao!”

In Eastward this border place, heavenly alchemists were very rare to begin with.

Each heavenly alchemist had extremely venerated status.

But Lin Lan was the most illustrious one, not one of!

Therefore, his words were full of confidence.

When Ye Yuan heard that, he just said coolly, “Since that’s the case, then this Ye will challenge you, this Eastward alchemy path’s number one person! Do you dare accept it or not?”

The moment these words came out, the whole place became deathly silent.

And right away, there was a burst of roaring laughter.

“A one point heavenly alchemist wants to challenge Nation Teacher! This is the most hilarious joke that I’ve heard in the past 100 years!”

"I'm dying of laughter! It's really killing me! Did this ascender break his brain when he ascended?"

"He had an appearance of seriously challenging Nation Teacher! It's really scary! Nation Teacher, you mustn't accept it, I'm scared!"

... ..

The ridiculing voices reached their peak.

If a one point heavenly alchemist was a massive joke in itself, then Ye Yuan's challenge was really going to shatter the firmament with laughter!

Even Tang Yu, Lu Yun, and the rest were also thunderstruck until they were tender on the inside and crispy on the outside.

This challenge was really an astonishing move!

Even if Ye Yuan was really a one point heavenly alchemist, this was also the biggest joke since ancient times!

Lin Lan maintained a proper demeanor and said with a slight smile, "Young man, your courage is commendable! It's just that, you heard it too. This joke is really very funny!"

[Unrivaled Medicine God](#)

Chapter 2547: You Can't Kill Him!

"A joke? This Ye doesn't have the time to tell you jokes! You just say, do you dare or not?! Or, are you, this whatever Eastward alchemy path's number one person, actually a coward?" Ye Yuan said coolly.

The moment these words came out, everyone sucked in a cold breath.

Ye Yuan was considered to have publicly insulted Nation Teacher!

How many years had it been since such a thing had happened?

Lin Lan's expression also instantly turned sullen.

He clearly knew that Ye Yuan was goading, but the fury in his heart still erupted uncontrollably.

Even His Majesty would not dare to put him on the spot in front of so many people.

An ascender with one point affinity actually dared to insult him so mercilessly.

Furthermore, it was even humiliating him on the Alchemy Dao that he was most proud of!

If this could be endured, what else could not be?

"*Huhu*, very good! This nation teacher accepts your challenge! But, if this nation teacher finds out that you're playing with me and can't refine heavenly pills at all ..."

"If this Ye loses to you, I'll cripple my own cultivation and the Tang Family will be at your disposal!"

Not waiting for Lin Lan to finish speaking, Ye Yuan directly interrupted his words, not leaving himself the slightest leeway.

What Lin Lan said was that if he could not refine a heavenly pill.

But when it reached Ye Yuan's mouth, it became would not lose to Lin Lan!

Which was also to say that Ye Yuan had absolute confidence in this alchemy battle!

And these words also directly forced himself to the edge of the cliff!

Everyone was dumbfounded.

Seen before ruthless people, but never seen before such a ruthless one!

However, everyone discerned that Ye Yuan's words still had a continuation.

Sure enough, Ye Yuan paused for a bit and said in a solemn voice, "But if this Ye wins, what will Nation Teacher do?"

Lin Lan laughed in spite of himself and said, "What qualifications do you have to negotiate terms with this nation teacher?"

Ye Yuan grinned and said, "You can't kill me, but I can kill you in the future! Even if you hide in the royal palace, it's useless too! So this match, you have to bet!"

Everyone looked at Ye Yuan like looking at a fool. They were all dumbstruck with amazement.

A middle Lesser Sublime Heaven said that he was going to kill Nation Teacher under the encirclement of so many powerhouses.

They were already absolutely sure that this ascender was definitely out of his mind!

Of course, his ability to be funny was also first-rate!

Lin Lan laughed loudly and he said, "You're saying that this nation teacher is a Greater Sublime Heavenly Stratum powerhouse but have to be coerced by you now? What a joke! Do you believe that this nation teacher will kill you right now?"

At this time, Lu Yun suddenly said, "No, this isn't a joke! You really can't kill him!"

The moment these words came out, everyone was shocked.

Lin Lan frowned and said, "Lu Yun, don't you find it ridiculous to speak up for him at this time?"

But Lu Yun shook his head indifferently and said, "This old man isn't speaking up for him, I'm just stating a fact! Why do you think this old man showed up here? Is a mere middle Lesser Sublime Heaven worth making this old man come forward in person to protect him?"

Lin Lan's expression changed, immediately feeling something amiss.

Lu Yun did not rush and continued, "Ye Yuan had once sneaked into the royal palace before and strolled around in front of this old man. But this old man didn't notice it in the slightest! His spatial rule is long already transcendent. You can't kill him! But he can kill you in the future! Of course, if you don't believe me, you can attack right now!"

Lu Yun's words shocked everyone until they stared dumbfoundedly with their mouths agape.

A middle Lesser Sublime Heaven strolled around under the eyelids of a Greater Sublime Heaven powerhouse and he actually did not notice it?

How could this kind of thing possibly happen?

"Too fake! Master Yun must be lying!"

"In order to protect the Tang Family, Master Yun has really gone all out!"

"Telling bald-faced lies this sort of thing, I didn't expect that Master Yun could do it too!"

... ..

No one believed Lu Yun at all, because what he said was too fantastical.

The degree was likely comparable to a one point heavenly alchemist.

One had to know, what Lu Yun said was in front of him, not hiding from his eyes and ears.

A middle Lesser Sublime Heaven stood in front of a Greater Sublime Heavenly Stratum powerhouse and he did not notice it at all.

Was it possible?

Lin Lan's pupils constricted slightly but fell silent.

He understood Lu Yun. Telling a brazen lie this sort of thing, he could not make up this kind of nonsense.

Furthermore, Lu Yun said it too calmly, and it also seemed to have some fear mixed in it.

This subtle emotion was what truly triggered Lin Lan's nerves.

"Fine! This nation teacher accepts your challenge! Now, state your request!" Lin Lan said.

Everyone was shocked. Nation Teacher actually compromised!

Could it be that what Master Yun said was actually true?

Everyone's hearts shook wildly!

Ye Yuan pointed at the Tang Family father and son, and said coolly, "Very simple, those who attacked, leave an arm behind, and kneel down and apologize to the Tang Family! Also, you, Lord Nation Teacher, bow and apologize to the Tang Family father and son in front of everyone!"

"Hiss ..."

Another series of the sound of cold air being drawn came over.

Today's matter blew up!

Making Nation Teacher bow and apologize, even His Majesty did not dare to propose this, right?

This ascender really ate a bear's heart or leopard's gall, to actually dare make such a request!

This was offending Nation Teacher to the core!

Even Second Prince's expression changed too, and he said with a cold yell, "Ye Yuan, that's too much!"

Ye Yuan's brows furrowed, and he gave Second Prince a deep glance.

Second Prince's neck shrunk back, immediately feeling a strong pressure, almost asphyxiating him.

Lu Yun secretly thought to himself that things were not good and hurriedly said, "Young Friend Ye, no matter what decision you make today, this Lu supports you!"

Only then did Ye Yuan's gaze ease up a little, and he nodded his head slightly to signal it.

Second Prince still wanted to say something but was shot down by Lu Yun with a fierce glare.

Lu Yun naturally knew Second Prince's thoughts. Nation Teacher was a major favorite in front of His Majesty.

With regards to seizing the throne, a word from Nation Teacher could match ten thousand words that he said!

He held incredible weight!

Offending Nation Teacher was equivalent to severing his own prospects!

When Second Prince saw Ye Yuan make such an overboard request, how could he not be agitated?

However, Lu Yun saw it deeper than him!

Offending Nation Teacher was for sure.

There was no meaning in standing up to say this sort of thing at this time.

If he offended Ye Yuan again because of one sentence, then Second Prince was really finished!

Because Lu Yun felt that the consequences of offending Ye Yuan were even more severe than offending Nation Teacher!

Pick the lesser of two evils!

Therefore, at this time, they had to stand on Ye Yuan's side even more incomparably firmly!

Make a complete break from Nation Teacher!

Stand side by side with Ye Yuan!

Lu Yun was gambling!

He was gambling that Ye Yuan could become a big shot who would cause a great sensation in Eastward!

Perhaps Ye Yuan's weight in Eastward in the future would even surpass that of Nation Teacher's!

Sure enough, Lin Lan gave a cold laugh, his gaze when looking toward Second Prince became extremely indifferent.

Clearly, he already made a decision in his heart.

"Huhu, so what if I promise you? Could it be that this nation teacher is even afraid of you, a one point affinity ascender? Since it's a life-and-death wager, this nation teacher will sign an origin divinity contract with you! The person who breaks the contract will be struck dead by heaven!" Lin Lan said in a cold voice.

Since he knew that Ye Yuan's spatial rule was incredible, Lin Lan was naturally afraid that Ye Yuan would break the contract and flee after his defeat.

As for losing to Ye Yuan, he never thought about it at all.

This was something impossible!

Ye Yuan nodded his head faintly and said, "As it ought to be!"

Unrivaled Medicine God

Chapter 2548: Please Start Your Performance!

Everything was ready. An alchemy battle without any suspense officially started.

Actually, everyone including Lu Yun and Tang Yu did not have much confidence in Ye Yuan.

This brag was too over the top!

If it was just refining a heavenly pill to prove the Tang Family's innocence, they still had some confidence.

But the opponent was Nation Teacher, Eastward alchemy path's number one person!

This difficulty was too great!

However, at that moment when the origin divinity contract was signed, Tang Yu father and son almost shed tears.

They knew that Ye Yuan only did this in order to vent his frustration for him.

He even wagered his own life!

Ye Yuan could naturally escape, but he did not.

He fought to the bitter end with Nation Teacher in order to help the Tang Family seek justice!

How could they not be moved?

As distance tested a horse's strength, time revealed a person's heart!

It was talking about this, right?

"Brat, you say that you're a heavenly alchemist. Then what heavenly pill do you want to compete in?" Lin Lan said with a cold smile.

"I only know the Foundation Establishment Heavenly Pill!" Ye Yuan said calmly.

He said it so naturally and righteously.

Everyone had stunned faces. Following that, they burst into another wave of roaring laughter.

Lin Lan saw that Ye Yuan had always had a calm and collected appearance. He even thought that Ye Yuan really had some heaven-defying ability.

After a farce, he actually only knew how to refine the Foundation Establishment Heavenly Pill!

Foundation Establishment Heavenly Pill was the most basic heavenly pill. The refining difficulty was the lowest.

To a grade two heavenly alchemist like Lin Lan, refining a Foundation Establishment Heavenly Pill was like playing around.

Furthermore, his quality was several times stronger than grade one heavenly alchemists!

Ye Yuan competing in the Foundation Establishment Heavenly Pill with him, wasn't this looking for abuse?

"It's over! This time, it's really over!" A look of despair was revealed in Tang Yu's eyes.

Second Prince gritted his teeth, and he said in a low voice, "Master Yun, is this the person that you bet on? How will he win now? Even if he can really refine a heavenly pill, how can he possibly beat Nation Teacher?"

Lu Yun also had a stunned look and actually had nothing to say in reply.

He also somewhat doubted whether he bet wrongly or not.

As for the rest, they hugged their bellies and laughed loudly.

"*Hahaha?*... It's really killing me! I really didn't come in vain today! This kid's ability to amuse is superb!"

"He was so cocky just now. So I thought that he knew how to refine some heaven-defying heavenly pill. After a long time, he's going to compete in the Foundation Establishment Heavenly Pill with Nation Teacher!"

"*Tsk tsk,* really a gimmick! It's still my first time hearing that someone dares to compete in Foundation Establishment Heavenly Pill with Nation Teacher! Doesn't he know that Nation Teacher's Foundation Establishment Heavenly Pill is the strongest in Eastward Country?"

... ..

Ye Yuan's composure previously became forced posturing in everyone's eyes.

Now, his true colors were revealed!

Lin Lan could not help laughing as he said, "*Huhu,* Foundation Establishment Heavenly Pill? *huh?* You really scared this nation teacher. Alright, compete in the Foundation Establishment Heavenly Pill then. Master Ye, you have to show mercy in a while!"

Roaring laughter sounded out everywhere. Everyone was tickled by Nation Teacher's humor.

Ye Yuan was indifferent and said coolly, "Then, please start your performance, Nation Teacher!"

Lin Lan smiled and said, "Alright, after this nation teacher finishes refining, I want to see how you still continue posturing!"

Lin Lan arrived before the pill furnace. Everyone quietened down.

Such a major incident happening to the Tang Family, many heavenly alchemists also rushed over when they heard the news.

Seeing Lin Lan take action, each and everyone held their breaths.

Lin Lan already had not displayed his strength in front of people for a long time.

Observing Nation Teacher's pill refinement, even if it was the Foundation Establishment Heavenly Pill, it would be a good learning opportunity for them too.

Arriving before the pill furnace, Lin Lan's aura changed. The disposition of a grandmaster rose leisurely.

Feeling this aura, everyone registered profound respect.

How could an ordinary person become the nation teacher?

Lin Lan held his palm out, a dark-red Dao fire emerged.

Grade two Dao fire!

Red Lotus Wood Heaven Dao Fire!

Compared to grade one Dao fires, this Red Lotus Wood Heaven Dao Fire was clearly much purer. The damage to heavenly alchemists was also significantly lesser.

It was only to see Lin Lan beckon with his hand. A Dragonbone Grass arrived on his palm.

Dragonbone Grass was precisely one of the Foundation Establishment Heavenly Pill's heavenly medicine.

The Dragonbone Grass gradually turned into paste form, being crystal clear without the slightest blemish!

Cries of wonder rose and ebbed!

"*Tsk tsk*, the nation teacher is really the nation teacher. He is really too strong! This extraction technique has reached the acme of perfection!"

"I heard that Nation Teacher's affinity reached a horrifying 48 points! Refining an entry-level heavenly medicine like Dragonbone Grass, isn't it at his fingertips?"

"*Haha*, I'm somewhat looking forward to it now. How a one point heavenly alchemist refines these heavenly medicines!"

... ..

When experts make their move, the genuine and the fake would become clear at a glance.

The moment Lin Lan got started, it was completely not what Gu Mao that level of heavenly alchemist could compare to.

Regardless of whether it was heat or skill level, it was not on the same level at all!

Tang Yu and the rest had also never seen a grade two heavenly alchemist take action before.

Seeing this scene, they despaired to the extreme.

The nation teacher was still the nation teacher!

Too strong!

They already could not care about their injuries anymore. They only hoped that Lin Lan would make some mistakes when refining.

Otherwise, Ye Yuan would not have a chance to win at all!

However, time slowly trickled by. Lin Lan did not make any mistakes at all.

Not only that, but Lin Lan also seemed to have gotten serious, and actually showed signs of gradually entering an ideal state.

Lin Lan's performance was like bullets, shattering the hearts of the Tang Family father and son to pieces.

No idea how long had passed either, Lin Lan withdrew his Dao fire and urged with his palm. A medicinal pill fell onto the table.

One look and the quality was extremely high!

"*Huhu*,?I haven't practiced the Foundation Establishment Heavenly Pill for many years. I've become a little rusty. Fortunately, I gradually found some feeling back. Come, men, bring forth the Cloud Mount Mother Stone!" Lin Lan said with a laugh.

In reality, he was serious from the start.

Ye Yuan's repeated provocation upset him greatly. He was naturally unwilling to be neglectful.

Taking action this time, he went all out!

As for being rusty, he had indeed not refined the Foundation Establishment Heavenly Pill for some years already, but it definitely would not affect his strength!

Just like a mathematics professional, he had not done elementary school problems for many years already.

If he went back to do the problems now, would he be rusty?

Obviously not!

Of course, he would not say that.

Very soon, someone brought a white rock up.

This rock was called Cloud Mount Mother Stone, it was specifically used to determine the quality of heavenly pills.

The Cloud Mount Mother Stone was the most sensitive to the quality of medicinal pills. A Heavenly Stratum powerhouse carved restrictions on it, once it reacted, it would give birth to a beam of light.

The more sections the light beam had, the higher the quality.

The quality of heavenly pills was divided into nine grades. First grade was the weakest, and ninth grade was the strongest!

The Foundation Establishment Heavenly Pill that Ye Yuan refined previously did not reach a grade at all.

Lin Lan reached his hand out and beckoned, that Foundation Establishment Heavenly Pill suspended above the Cloud Mount Mother Stone.

Suddenly, light shone.

A light beam lit up on the Foundation Establishment Heavenly Pill.

Following that, the second beam of light, the third beam of light.

Only all the way until the fifth beam of light was more than half completed did it stop.

“Nation Teacher’s Foundation Establishment Heavenly Pill is of the upper fifth grade!”

Lin Lan nodded his head slightly, expressing satisfaction.

However, everyone was already boiling with excitement!

“Upper fifth grade! Just a bit more and it can reach sixth grade!”

“Nation Teacher is Nation Teacher, far from what some random Tom, Dick, or Harry, can compare to!”

“*Heh,*?Nation Teacher is simply demeaning his own status by competing in alchemy with that ascender!”

Chapter 2549: Master Ye, Time for You to Perform!

For ordinary grade one heavenly alchemists, no matter how skilled, they could only refine upper third grade quality too.

Those who could reach fourth grade were all heaven-grade powerhouses.

But the moment Lin Lan took action, it was upper fifth grade. It could be seen how profound his skill level was!

It was not that fifth grade was two grades higher than third grade; the quality would increase by less than twice.

The higher the quality, the harder it was to achieve.

Third grade to fourth grade was several times the gap.

Fourth grade to fifth grade was another gap of several times!

This kind of disparity was magnified exponentially.

Fifth grade compared to ordinary third grade, the medicinal effect was at least more than ten times stronger!

Further up, it was virtually impossible for a grade two heavenly alchemist to want to reach sixth grade.

Of course, this was also the most basic Foundation Establishment Heavenly Pill.

If it were other heavenly pills, it would have been impossible for him to reach this level.

“Master Ye, can this Foundation Establishment Heavenly Pill still enter your arcane sights?” Lin Lan joked.

Upper fifth grade was an exceptional performance for him as well.

He was already very sure in his heart that he would win.

If upper fifth grade could not even beat a one point affinity fellow, he could find a piece of tofu to go and commit suicide.

Therefore, he was very relaxed right now.

However, Ye Yuan said coolly, “It’s just like that, barely passable. However, you’re indeed much stronger than Gu Mao that fellow.”

Ye Yuan’s visual prowess was not what these heavenly alchemists present could compare to.

Lin Lan’s pill refinement was like floating clouds and flowing water – natural and smooth; accomplished in one go.

Just controlling the fire shook Gu Mao off by ten streets behind!

Therefore, the two were not on the same level at all.

Of course, Ye Yuan’s fire control shook Gu Mao off by more than 100 streets.

Lin Lan was similarly not on the same level as Ye Yuan.

But the crowd was extremely indignant.

“This guy is really cocky to the extreme! Still posturing until now!”

“Nation Teacher is good-tempered. Otherwise, he would have long wrecked him to death!”

“Upper fifth grade is still passable!? *Huhu*, he really is not afraid of spraining his tongue when talking!”

... ..

Lin Lan’s face turned black, and he almost spewed out a mouthful of blood.

This guy actually compared him to Gu Mao that trash!

One was a grade one heavenly alchemist, while the other was grade two. There was no comparison, alright?

“Is that so? Then Master Ye, it’s time for you to perform!” Lin Lan said with a cold smile.

Ye Yuan nodded slightly and said, “Alright, you learn by the side. It might help you to break through your current bottleneck. As for today’s matter, just take it as you paid tuition fees! Just because you can’t do some things, it doesn’t mean that others can’t do it. So what if one point affinity? To me, Ye Yuan, affinity is nothing at all!”

As Ye Yuan said, he slowly walked in front of the pill furnace.

Everyone was dumbfounded.

Posturing!

Too capable at posturing!

This guy was nuts, to actually have Nation Teacher learn by the side!

A rookie who could only refine Foundation Establishment Heavenly Pill actually made a grade two heavenly alchemist learn something!

Even said that affinity was nothing!

Where did your freaking courage come from?

Lin Lan was shocked too, he had never seen before a junior who could posture so much.

This was crazy!

But just as everyone was shocked, Ye Yuan made his move.

Swoosh!

The Dragonbone Grass flew right into Ye Yuan’s hand. Ye Yuan controlled the Dao fire and started extracting.

The pale blue Dao fire flickered and jumped. At times, it was like a dragon prancing the nine heavens, at other times, it was like a fish swimming in shallow waters.

All in all, that cluster of flame seemed to have life.

The vast majority of the people present had never seen Ye Yuan refine the Dragonbone Grass before.

Upon seeing at this moment, it was immediately overwhelmingly shocking!

This fire control was too amazing!

Ye Yuan’s current refinement was god knows how many times stronger than when he bet with Gu Mao back then!

The faint smile of a victor had been hanging on Lin Lan’s face all along.

But at this time, this confidence had already disappeared completely.

What replaced it was shock!

A shock that was incapable of further increase!

He had never thought that someone could control fire to such an extent!

Furthermore, the Dragonbone Grass was currently becoming purer and purer under Ye Yuan's refinement.

When the Dragonbone Grass was finished refining, Lin Lan already had a score in his heart.

The Dragonbone Grass that Ye Yuan refined was significantly stronger than his!

One stalk after another of heavenly medicine, Ye Yuan's extraction was mastered to perfection, it was simply the style of a master.

In contrast, Lin Lan's air of a master was not even fit to carry Ye Yuan's shoes!

In the path of alchemy, Ye Yuan was the eternal king.

Even if he did not have much affinity, no one could overpower him in alchemy too.

Not that he was invincible, but that it was his formidable strength and bearing that exudes from inside out!

This kind of self-confidence based on powerful strength was something that no one could replace.

Affinity was the greatest obstacle stopping Ye Yuan from refining heavenly pills.

But in other aspects, Ye Yuan's strength was completely not what Lin Lan could compare to.

That kind of might that had gone through endless tempering simply had no weakness to exploit!

After finished refining the heavenly medicines, the most crucial moment came!

Refining the heavenly pill!

Whether it was a mule or a horse, it was time to see the truth.

All of the heavenly medicines gathered in the pill furnace, the pressure on Ye Yuan suddenly increased.

Even now, affinity this hurdle still added tremendous pressure on him when he was refining pills.

That feeling was like Ye Yuan was rushing forward at full speed, but there were eight horses pulling him in the opposite direction.

The feeling of restraint was too obvious.

The sweat on Ye Yuan's head grew more and more, and his expression became more and more serious.

Clearly, he was very taxed.

When Lin Lan saw this scene, he was immediately much more at ease.

He could feel that Ye Yuan's affinity absolutely did not exceed three points.

This showed that the one point affinity was not a groundless rumor.

Ye Yuan really did not have affinity!

Looking at Ye Yuan's expression again, one would know that it was enough to choke him.

"*Huhu*,?I thought he could really defy the heavens. After a long time, it was a false alarm." Lin Lan said with a cold laugh.

The others also let out long sighs of relief.

Everyone was deceived by Ye Yuan's grandmaster air previously.

"Freaking hell, scared me to death! I even thought that he could really refine a heavenly pill!"

"This guy really scares people to death without paying for it!"

"But, apart from that his affinity is only one point, his other areas are really strong!?*Sigh*,?what a pity!"

... ..

Now, everyone's attitude was a little better.

After all, Ye Yuan indeed had the capital to posture.

Just in terms of fire control and extraction, Ye Yuan had even surpassed Nation Teacher Lin Lan already.

This was sufficient to be proud.

However, without being able to refine a heavenly pill, everything was in vain.

He would not be able to clear this hurdle today!

Therefore, many people were also lamenting endlessly.

Such a genius, it was indeed a pity.

Along with the passing of time, Ye Yuan's performance became more and more strained, and his breathing also became more and more labored.

However, the movements of his hands were not disorderly at all.

No idea how long had passed either, Ye Yuan flipped his palm over. The Dao fire extinguished with a loud bang.

Pah!

Pah!

Pah!

Lin Lan's applause came from the side.

"Master Ye has worked hard. Have to admit, you really scared this nation teacher! However, forget about refining heavenly pills. With your pitiful bit of affinity, it's impossible to refine a complete heavenly pill, much less surpass this nation teacher!" Lin Lan said with a snicker.

Ye Yuan drew a deep breath and flipped his palm over again, and the pill furnace opened.

A thick medicinal scent struck the nose.

A medicinal pill flew out of the pill furnace slowly and landed in the dish.

Ye Yuan looked at Lin Lan and said with a sneer, "Who said that you can't refine heavenly pills without affinity?"

Unrivaled Medicine God

Chapter 2550: There's Still a Long Way to Go!

There was silence. The sound of a needle falling could be heard!

Everyone present was collectively rendered speechless!

A Foundation Establishment Heavenly Pill was really formed!

After several breaths, the crowd suddenly exploded!

"Heavenly pill! He really refined a heavenly pill! A one point heavenly alchemist! He's really a one point heavenly alchemist!"

"My goodness, I even thought that he was posturing! It turns out that he's really awesome!"

"Something's not right! Why does the aura of this Foundation Establishment Heavenly Pill feel stronger than Nation Teacher's?"

... ..

Previously, these people were still taunting and jeering, mocking Ye Yuan in various ways.

It was as if Ye Yuan was a clown.

But now, Ye Yuan used a single heavenly pill to make everyone shut up!

Shocked everyone!

Of course, what shocked them even more was the quality of this Foundation Establishment Heavenly Pill.

Judging from the aura, it was actually even stronger than Nation Teacher's.

Of course, just how strong it was, it still needed to be tested before they would know.

Second Prince was stunned and muttered, "H-He really succeeded! B-But how is this possible? One point affinity! A one point affinity actually refined a heavenly pill!"

Clearly, he still could not quite believe the truth before his eyes.

But he knew that Master Yun gambled correctly!

Inconceivable!

Under the circumstances where there was absolutely no hope, he turned the tables!

Lu Yun was also unbelievably shocked. Until now, he still felt that he was dreaming.

He thought before that Ye Yuan could refine heavenly pills.

But he never thought that the quality of the heavenly pill that Ye Yuan refined was actually so good!

“If not for that his affinity is only one point, how could he have refined this Foundation Establishment Heavenly Pill so strenuously?” Lu Yun smiled bitterly and said.

From Ye Yuan’s performance, one could tell how much effort he put in for today!

If not for the restriction of affinity, with Ye Yuan’s terrifying talent, he would have long already made Eastward Country submit at his feet!

What did a mere Lin Lan count for?

Lin Lan looked at that Foundation Establishment Heavenly Pill, a shocked expression on his face.

When the impossible became possible, nothing was more impactful than this.

“This ... How is this possible? With one point affinity, he ... he actually really refined a heavenly pill!” Lin Lan’s eyes were full of astonishment and disbelief.

Until now, he was also unwilling to believe that this was real!

Ye Yuan said coolly, “Looks like you only cared about mocking just now and didn’t study well. Just a grade two heavenly alchemist, I wonder where your baffling self-confidence comes from. You must know, there’s a heaven beyond heaven. Lording over in this tiny little Eastward Country and posing as being number one in the world, you’ll only have this bit of strength forever. Refining pills need to harbor a heart of awe and veneration. It’s not that no one is stronger than you; it’s just that you haven’t encountered them.”

As he said, Ye Yuan reached his hand out and beckoned, and sent the Foundation Establishment Heavenly Pill that he refined to the Cloud Mount Mother Stone.

Light shone; one beam, two beams ...

Very soon, the light beams surpassed five.

At this time, everyone quietened down again, holding their breaths and staring fixedly at the Cloud Mount Mother Stone.

The fifth beam of light was still rising!

These people felt as though they were almost suffocating, as if even more nervous than them competing in alchemy themselves.

Gradually, the fifth light beam rose to more than half!

Same as Nation Teacher, upper fifth grade!

The sound of hearts shattering seemed to be able to be heard all around.

However, the light beam did not stop rising!

The fifth beam of light was full very soon.

However, it reached the sixth light beam without the least bit of suspense!

“Sixth grade! My God, a one point heavenly alchemist refined a sixth grade Foundation Establishment Heavenly Pill! Crazy! It’s too crazy! I-It’s still rising!”

The clamoring voices rose and ebbed, lingering on incessantly!

That rising beam of light continuously refreshed their understanding!

From being impossible to possible.

From being possible to surpassing Nation Teacher.

From surpassing Nation Teacher to crushing Nation Teacher!

Progressing step by step, pressing harder with each step!

A one point affinity ascender had created too many miracles within this short time!

The light beam did not stop rising.

From lower sixth grade to middle sixth grade, and then to upper sixth grade!

Very soon, it closed in on the great hurdle of seventh grade!

Everyone was almost asphyxiating. Their eyes were glued on the light beam, wanting to know when it would stop!

The rising speed of the light beam began to slow down.

Finally, it arrived before the juncture of seventh grade!

Then, the light beam was like a stream of water that spilled over, breaking through the great hurdle of seventh grade.

Seventh grade!

“S-Seventh grade! A seventh grade Foundation Establishment Heavenly Pill! My God, I’ve never seen before such a high-quality Foundation Establishment Heavenly Pill in my lifetime!”

“Really blinded my dog eyes! I actually thought that this ascender was a piece of trash!”

“Forget about Eastward Country; even in the entire True Yang Heavenly Domain, seventh grade Foundation Establishment Heavenly Pills are also seldom-seen, right?”

... ..

The light beam stopped at middle seventh grade in the end.

Ye Yuan looked at the light beam and heaved a slight sigh, muttering under his breath: “Just middle seventh grade? Indeed, there’s still a very long way to go!”

Clearly, he felt quite regrettable.

This was already his current limit.

To him, not reaching peak ninth grade was not considered a success at all.

The Foundation Establishment Heavenly Pill was the most basic heavenly pill. If even the Foundation Establishment Heavenly Pill could not reach grand completion, how could the road in the future be smooth?

High-rise buildings were raised from the ground up!

Ye Yuan had never relaxed his pursuit in alchemy before.

It was precisely this kind of stringent pursuit that was close to freakish that let him have today's accomplishments.

Actually, the Foundation Establishment Heavenly Pill was really too simple for Ye Yuan.

But, because of the constraints of affinity, he had not been able to achieve grand completion for a long time.

His instinct training still had not reached perfection.

It was just that when his words fell into the ears of bystanders, the posturing value increased infinitely.

Lin Lan's face turned black, wishing to swing a slap over.

This posturing was too obvious, right?

Many onlookers were also extremely unhappy inwardly.

Middle seventh grade, this was already outrageously strong, alright?

But no one jumped out anymore at this time.

Fine, you're amazing; posture however you like!

Actually, it was just the difference in worldview that led to a difference in understanding.

The things that you flaunted were merely other people's daily life.

Although Ye Yuan was an ascender and was even still a newcomer in the cultivation of heavenly pills, his pursuit of Alchemy Dao was not what these people could understand at all.

He was just speaking his mind.

"Lord Nation Teacher, can the Foundation Establishment Heavenly Pill that this Ye refined still enter your arcane sights?" Ye Yuan responded lightly.

Lin Lan's expression changed. But without waiting for him to speak, Ye Yuan continued, "The pill has been refined too. Isn't it time for Nation Teacher to fulfill the origin divinity contract?"

Lin Lan's pupils constricted, he did not expect that he really lost!

Lost completely and utterly!

A grade two heavenly alchemist actually lost to a one point affinity ascender!

He had never even thought about such a thing before.

But now, at this point, he wished to find a hole in the ground to burrow into.

He, the exalted nation teacher, Eastward alchemy path's ... former number one person, actually had to apologize to the Tang Family!

He clenched his jaws tightly and said in a solemn voice, "Those who attacked just now, cut off an arm yourselves and kowtow and apologize to the Tang Family father and son!"

"Nation Teacher! W-We-!"

Lin Lan's gaze turned cold, and he said in a cold voice, "Why? Want this nation teacher to do it personally?"

Those few guards who attacked were practically all upper Lesser Sublime Heaven, their strength rather formidable.

Making them cut off an arm, they were naturally unwilling.

But at this time, it was not up to them anymore as well.
