Chapter 2591: Pill Alliance

“Is that so? Then the Worrisome Heart Callousness is also in order to teach her to test poison?” Ye Yuan looked at Qin Shun and said with a smile that was not a smile.

Qin Shun was immensely shocked and scolded angrily, “Bullshit! What Worrisome Heart Callousness! What nonsense are you spurting?”

Ye Yuan could not help laughing as he said, “There are really quite a number of wondrous formulas in your hands! It’s just a pity that this Worrisome Heart Callousness, this Ye knows about it too! Not admitting is fine. Bring a stalk of Pity Star Grass here. It will naturally be verified.”

Qin Shun’s expression changed wildly, and he actually fell silent.

While the others had baffled looks, not knowing what the two were talking about.

Wen Jingxuan frowned and said, “Master, what are you guys talking about?”

Qin Shun’s expression was complicated, but he did not open his mouth.

Ye Yuan smiled and said, “Worrisome Heart Callousness is a kind of strange poison. There are very few people who know about it! The poisoner just has to fuse his own blood into the poison, then let the woman drink it, and he’ll be able to turn her into his most loyal furnace! However, this poison isn’t easy to refine, and poisoning is likewise not easy. Of course, the symptoms after getting poisoned aren’t obvious. If it’s someone who doesn’t know it, it’s extremely difficult to discover. Fortunately, you aren’t poisoned deeply and can still be saved. Once this poison encounters the Pity Star Grass, the Pity Star will wither and turn yellow.”

Hearing that, everyone was incredibly shocked.

This Qin Shun was actually a beast in human clothing, posing as someone with high morals and plotted against his own disciple?

Wu Chengchao opened his mouth wide and said with a look of shock, “Worrisome Heart Callousness! No wonder! No wonder Chen Yuerong and Li Xinran, those girls, became somewhat odd after becoming your disciple! After that, they died in sect missions! It turns out that you actually poisoned them with such an unscrupulous poison!? *Heh*, you got bored of them and made them go and seek their own doom, is that it?”

Wen Jingxuan had a blank face. She was stunned by what Ye Yuan said.

The master that she respected actually did such a shameless thing!

This old thing was simply coveting her looks!

“Therefore, are you still planning on going together with him?” Ye Yuan smiled and said.

“Good! Very good! Brat, I’ve remembered you! In the future, this old man will definitely tear you to shreds! Also, Feng Xuanyi, you should know the consequences of offending the Pill Alliance!”

Qin Shun turned angry from embarrassment and threw down harsh words, then flicked his sleeves and left.

His face was utterly lost!

If he left because of a dispute, he could still garner some people's sympathy.

But now, the matter of the Worrisome Heart Callousness was exposed, he really lost all standing and reputation.

Worrisome Heart Callousness, even Wu Chengchao could not tell. He did not expect that it was actually seen through by Ye Yuan!

Therefore, he hated Ye Yuan to the bones.

Swoosh!

Luo Yunqing's figure flashed, blocking Qin Shun's path.

Qin Shun sneered and said, "What, Luo Yunqing? Could it be that you're still planning on killing me? Do you know the consequences of offending the Pill Alliance?"

Feng Xuanyi said in a solemn voice, "Let him leave!"

Luo Yunqing had a look of unwillingness on his face, but in the end, he still moved aside.

While Qin Shun had a smug look as he strutted away.

Everyone was extremely shocked. They did not expect that an entrance assessment actually played out until like this in the end.

After Qin Shun left, Feng Xuanyi said in a solemn voice, "It ends here today. The entrance test will be conducted on another day. All withdraw! Ye Yuan, Yunqing, Elder Shi, you guys come with me!"

... ..

In the hall, the atmosphere seemed a little heavy.

The sect producing a scum like Qin Shun, nobody looked good.

"Ye Yuan, you were too rash in this matter! Offending the Pill Alliance, our sect's heavenly pills in the future will get into an even more dire state!" Shi Feiyu shot Ye Yuan a fierce glare and said.

"Enough!"

Feng Xuanyi shouted coldly and said, "Shi Feiyu, if not looking on the account of your face as an elder, I'll definitely punish you severely today!"

"You, a dignified elder, don't think about looking for talents for the sect, and even want to doom Ye Yuan to death! I don't believe that you can't tell Ye Yuan's value to the sect!"

"Also, have you ascended for too long and already forgot about hotbloodedness when in the Lower Realms? No matter how formidable the Pill Alliance is, when can they ride on top of our Martial Secure

Heavenly Sect's head? He, a puny little grade three heavenly alchemist, is even a second-rate existence in the Pill Alliance. His face is bigger than my, Feng Xuanyi's face?"

Shi Feiyu completely did not dare to make a sound being countered by Feng Xuanyi.

Only then did he know that Feng Xuanyi had already tolerated him for very long!

At this time, Ye Yuan asked curiously, "Is this Pill Alliance ... very powerful?"

Luo Yunqing nodded his head and said, "More than just powerful! It can be said that they are Rainclear Continent's number one major faction ..."

It turned out that this Pill Alliance was actually the heavenly alchemist alliance.

Of the various major factions on this Rainclear Continent, more than 60% of the heavenly alchemists originated from the Pill Alliance.

Not only did they control the massive amounts of heavenly medicines, pill formulas, refining techniques, they even controlled the most abundant heavenly alchemist resources.

Many sects' heavenly alchemists originated from the Pill Alliance.

Such as Wu Chengchao!

However, those like Wu Chengchao did not belong to the Pill Alliance's own people.

Their internal faction had strict ranks, it was not what anyone could enter as they liked.

And Qin Shun was a proper member of the Pill Alliance!

Martial Secure Heavenly Sect's heavenly alchemists' strength was too weak. It was difficult for one person to support it.

Being helpless, Feng Xuanyi moved out in person and spent a lot of money to hire Qin Shun.

Who would have thought that this guy was actually such a despicable and shameless person!

Furthermore, the Pill Alliance's heavenly alchemists were very strong!

The heavenly alchemists that the various major sects sent over to the Pill Alliance, their strength was significantly worse compared to them,

Qin Chao was not considered very strong in the Pill Alliance, but his strength was much stronger than Wu Chengchao.

When Ye Yuan heard, he could not help suddenly seeing the light.

Even Feng Xuanyi did not want to completely offend the Pill Alliance too.

This Pill Alliance controlled all of the Rainclear Continent's alchemy path resources.

The other sects could only depend on them to survive.

The other heavenly alchemists' outcomes were much worse compared to those from the Pill Alliance. So how to compete?

Therefore, no matter how you sects fight among yourselves, I stand firm as a rock!

It was also precisely because of this that he could take out so many valuable and obscure pill formulas.

It was just that Qin Shun never expected that the pill formulas were all swiped away by Ye Yuan!

Luo Yunqing finished explaining, and then Feng Xuanyi followed up, saying, "Ye Yuan, this sect master carried out a huge bet for you! I hope that you won't let this sect master down!"

Ye Yuan smiled when he heard that and said, "Since Sect Master bet on Ye Yuan, then Ye Yuan naturally can't let you down. Competing in refining pills, I, Ye Yuan, examine my own conscience and feel that I won't lose to anyone."

Only then did Feng Xuanyi turn his anger into joy and say, "Does Elder Ye have a way to increase my Martial Secure Heavenly Sect's alchemy path strength within a short time?"

Ye Yuan laughed in spite of himself and said, "Could Sect Master be joking? Alchemy this sort of thing, how can there be a crash course? Not the slightest hint of lies can be allowed on this!"

"This ... Isn't it because there's no choice either! You're able to increase affinity! As long as affinity increases, our strength will naturally rise!" Feng Xuanyi said.

What he valued Ye Yuan most of all was also precisely this aspect.

To ascenders, affinity was a weakness!

But Ye Yuan shook his head and said, "It's useless. The effect of Foundation Establishment Heavenly Pill on Greater Sublime Heavenly Stratums is negligible! Let alone talk about Limitless Sublime Heavenly Stratum protectors! Sect Master, if you want to make Martial Secure Heavenly Sect's alchemy path become strong, leave everything in this area to me. Don't ask too much about other things! Otherwise, forgive this Ye for being powerless to do anything too!"

Chapter 2592: Astonishing Ultimate Move!

"Alright, the Worrisome Heart Callousness in your body has already been completely cured," Ye Yuan drew a deep breath and said.

The poison of Worrisome Heart Callousness was rather formidable. Ye Yuan needed to expend considerable effort to cure the poison too.

Wen Jingxuan looked at Ye Yuan with a grateful look.

If not for Ye Yuan, she really did not dare to imagine the consequences.

She got up and bowed towards Ye Yuan with folded hands at the lower right side and said gratefully, "Jingxuan thanks Elder Ye!"

"Mn??What did you call me?"

"M-Master!" Hesitating for a moment, Wen Jingxuan finally called.

Ye Yuan stood with his hands behind his back and said coolly, "I, Ye Yuan, have only taken the initiative to accept a disciple just this once walking all this way! However, I don't like to force things! There's only this one chance. So you have to think about it well!"

He knew that Wen Jingxuan could not get over this in her heart.

However, where did he, Ye Yuan, this person come from? How could he thicken his skin and beg people to acknowledge him as her master?

If Wen Jingxuan was willing, that was fine. If she was not willing, it was okay too.

He only gave this one chance.

Miss it, means she missed it!

Sure enough, Wen Jingxuan's expression changed and she hurriedly said, "T-This disciple knows that I'm wrong!"

Ye Yuan said coolly, "This isn't your fault, but I, Ye Yuan, have always been extremely strict in accepting disciples. If not looking on the account that your talent is really pretty good, I wouldn't have cared about your affairs!"

Wen Jingxuan's expression was sad as she said, "Many thanks, Master!"

Ye Yuan gave her a glance and did not say much.

Some roads needed one to walk themselves.

And right at this time, there was a commotion coming from outside.

"Elder Ye, you come out for me! I, Wu Chengchao, am not convinced and want to seek justice! This old man is a dignified grade three heavenly alchemist, and yet you're making Your Father refine Foundation Establishment Heavenly Pills day in and day out! What the hell is this?"

"Even if Foundation Establishment Heavenly Pill is cultivated to the acme of perfection, what the hell use is it?"

"We're not convinced! What right does a grade one heavenly alchemist have to be an elder?"

... ..

The moment Ye Yuan went out to take a look, he saw Wu Chengchao taking the lead in causing trouble.

A group of grade two heavenly alchemists also followed behind to make a fuss.

These were all the backbone people of the Martial Secure Heavenly Sect's alchemy path.

Although it was a little weak.

Ever since Qin Shun left, Ye Yuan took over the Alchemist Hall.

And the first thing that he did when he took office was to have everyone re-learn the Foundation Establishment Heavenly Pill from the top again.

Lin Lan was everyone's head coach.

It was just that this order was only carried out for two days, and Wu Chengchao and the rest took the lead to make trouble.

Although Ye Yuan's performance before was very astonishing, to make them, these grade two and grade three heavenly alchemists go and practice the most basic Foundation Establishment Heavenly Pill, this was simply the biggest joke in the world.

How could they be willing?

Among them, Wu Chengchao especially made the biggest clamor.

Ye Yuan's gaze swept over everyone's faces and he said with a frown, "Where's Lin Lan?"

The voices abruptly stopped!

"Master!" And at this time, a voice sounded out behind everyone.

Ye Yuan looked over, who could it be if not Lin Lan?

It was just that he was covered in wounds all over his body. Clearly, he had suffered considerable injuries.

Ye Yuan's eyes turned cold and he said in a solemn voice, "Who did it?"

Everyone exchanged glances, no one said anything.

When Ye Yuan saw the situation, he sneered and said, "Looks like you all see that my cultivation realm is low and aren't convinced of me taking on the position of elder!"

Wu Chengchao said, "It's not that we're not convinced! It's just that this guy used a made-up directive and forced us to re-cultivate the Foundation Establishment Heavenly Pill every day. What the hell is with that? It can't be that refining the Foundation Establishment Heavenly Pill can make one break through to grade four heavenly alchemist?"

Ye Yuan narrowed his eyes at Wu Chengchao and he said with a sneer, "So, you made a move to injure this elder's disciple?"

Ye Yuan looked straight at Wu Chengchao, Wu Chengchao also met eyes with Ye Yuan.

But very soon, Wu Chengchao avoided Ye Yuan's gaze.

He could not withstand Ye Yuan's imposing momentum!

Wu Chengchao was shocked in his heart, he actually lost to a Lesser Sublime Heavenly Stratum!

"I-I didn't do it alone!" Wu Chengchao said awkwardly.

"Jingxuan!" Ye Yuan suddenly said.

Wen Jingxuan was taken aback and hurriedly said, "This disciple is here!"

Everyone was uncertain what it meant, turning their gazes toward Wen Jingxuan.

Ye Yuan turned to her and said with a smile, "Your talent is pretty good, your affinity reaching an astonishing 59 points! Then do you want to improve further?"

Wen Jingxuan was taken aback again and immediately said with wild elation, "Master, c-can I?"

Ye Yuan smiled and said, "If I say can, of course you can!"

Hearing this, everyone trembled all over!

Affinity!

Elder Ye was finally releasing his big move!

They all knew that Elder Ye was able to become this elder by relying completely on this ultimate move!

A means that could increase affinity was seriously too attractive.

The significance of this move was extraordinary!

Even Wu Chengchao could not resist swallowing his saliva.

No one would mind affinity being too high!

Maybe if their affinity increased by one point, their strength would increase by ten!

"Many thanks, Master!" Wen Jingxuan said agitatedly.

The haze on her face was swept clean and what replaced it was a face full of excitement.

The allure of increasing affinity was too great!

She could not resist it!

Ye Yuan said coolly, "You're my disciple. So your treatment is naturally different from the rest!"

As he said, he held his palm out and took out a medicinal pill.

When Wen Jingxuan saw the medicinal pill, the expression on her face could not help becoming stupefied as she blurted out, "F-Foundation Establishment Heavenly Pill?"

"Can Foundation Establishment Heavenly Pill increase affinity?"

"Elder Ye, you're joking, right?"

"Sect Master let you be this elder because he pinned high hopes on you. Yet, you're showing us this?"

... ..

Ye Yuan actually taking out the Foundation Establishment Heavenly Pill immediately aroused mass ridicule.

They had never heard that the Foundation Establishment Heavenly Pill could increase affinity!

Wasn't this a joke?

"Fetch the pre-natal cloud stone," Ye Yuan instructed.

Wen Jingxuan suppressed the curiosity in her heart and fetched the pre-natal cloud stone.

“Test your affinity!” Ye Yuan instructed again.

Wen Jingxuan followed suit and placed her palm on the pre-natal cloud stone.

Very soon, the scale marks on the pre-natal cloud stone reached 59 points!

Although everyone already knew this result, having witnessed it again, they were still incredibly envious.

This number was something that they would have to look up to all their lives!

However, with regards to Ye Yuan’s way of doing things, they all turned their noses up in disdain.

If the Foundation Establishment Heavenly Pill could increase affinity, would it still be your, Ye Yuan’s, turn, to come and discover it?”

“Eat it and refine it on the spot.” Ye Yuan repeatedly instructed.

Wen Jingxuan did not hesitate, directly swallowing this ninth grade Foundation Establishment Heavenly Pill.

Very soon, Wen Jingxuan seemed to have been reborn, her entire person becoming much graceful.

A stench came over, her body and marrow had actually been cleansed!

Seeing this scene, everyone could not help being extremely surprised.

The Foundation Establishment Heavenly Pill still had this effect?

Finished refining, Wen Jingxuan only felt that her entire body was indescribably comfortable, and she said excitedly, “Master, this Foundation Establishment Heavenly Pill actually has such a miraculous effect?”

Ye Yuan just smiled and said, “Go and test again!”

Wen Jingxuan followed suit and placed her palm on the pre-natal cloud stone again!

Although they felt that it was impossible for a miracle to happen, everyone still held their breaths, staring at the pre-natal cloud stone without blinking.

Very soon, the scales reached 59.

But this time, it did not stop at 59!

Chapter 2593: I’m Biased, So What?

“6-61!”

“R-Really increased! Affinity really increased!”

“My God, I’m not dreaming, right? The Foundation Establishment Heavenly Pill can actually really increase affinity!”

... ..

The scale mark finally stopped on 61 points!

Although it was only two points, it was enough to shock everyone!

They all thought that Ye Yuan was joking. They did not expect that it was actually true.

The most rubbish Foundation Establishment Heavenly Pill can actually increase affinity!

Ye Yuan looked at Wu Chengchao and said coolly, "Wu Chengchao, now you tell me, whether the Foundation Establishment Heavenly Pill is useful or not?"

Wu Chengchao's expression turned stiff and he said in embarrassment, "U-Useful! B-But why is this?!"

Ye Yuan did not answer, but said coolly, "Now, what should you do?"

Wu Chengchao's expression was somewhat ugly.

However, this miraculous thing still evoked his limitless desire.

Moreover, he knew that he could not escape this hurdle!

Wu Chengchao cupped his fists towards Lin Lan and said, "Younger Brother Lin, I was reckless before, this old man apologizes to you!"

While Lin Lan gave a cold snort and paid no heed to him.

Wu Chengchao froze there, very embarrassed.

If it were before, being apologized to by a grade three heavenly alchemist, Lin Lan would definitely be in fear and trepidation.

But now, he was Ye Yuan's disciple. So, he was proud!

You struck Elder Ye's disciple and want to brush it over with a mere apology?

Dream on!

Ye Yuan's gaze swept and he said, "Who else did it?"

"Martial Uncle Lin, I'm sorry!"

"I-I'm sorry!"

... ..

Those who did it just now all came over to apologize very conscientiously.

When it was over, Ye Yuan said to Lin Lan, "Go and invite Elder Luo over! Those who beat you, hand them over to the Punishment Hall to wait for sentencing!"

Lin Lan chuckled and received the order and left.

The pain on his body immediately lessened significantly.

The expressions of Wu Chengchao and the rest all became extremely grim.

Luo Yunqing was in charge of the Punishment Hall now. His relationship with Ye Yuan was good until they could wear a single pair of trousers. So how could they have a good outcome?

They already apologized and actually still had to be handed over to the Punishment Hall!

Elder Ye was really ruthless!

And right at this time, Ye Yuan suddenly took out another Foundation Establishment Heavenly Pill.

Everyone's eyes turned sharp, looking over.

Their bodies were very honest!

"You all look carefully. What's the difference between this Foundation Establishment Heavenly Pill and ordinary ninth grade Foundation Establishment Heavenly Pills?" Ye Yuan said.

Just now, everyone only saw the ninth grade Foundation Establishment Heavenly Pill and did not look closely.

Hearing Ye Yuan's words, everyone could not help sizing it up carefully.

Upon looking, everyone really found it unusual.

"Although this Foundation Establishment Heavenly Pill is ninth grade, the light doesn't seem to be dazzling, but much more restrained instead! C-Could it be that this is ..."

After Wu Chengchao sized it up carefully, he suddenly thought of something and could not help looking at Ye Yuan with a shocked expression on his face.

Ye Yuan smiled and said, "At least you, this grade three heavenly alchemist, have some knowledge. That's right, it's a grand completion ninth grade Foundation Establishment Heavenly Pill! Therefore, you tell me whether cultivating the Foundation Establishment Heavenly Pill is useful or not?"

"G-Grand completion ninth grade!"

"The legendary grand completion ninth grade! There ... There's actually really someone who can reach this level!"

"No wonder! No wonder Elder Ye can cultivate the heavenly imperial pill! So that's how it is!"

... ..

All of the heavenly alchemists were shocked until they could not close their mouths.

Only then did they know what Ye Yuan relied on to refine the heavenly imperial pill!

While Wu Chengchao had an embarrassed look as he said with a bitter smile, "Elder Ye, but this grand completion ninth grade isn't what anybody can achieve! Is spending so much time on a basic heavenly pill really worth it?"

Ye Yuan looked at him and said with a look of disgust, "That's why you're not as good as Qin Shun! For so many years, the feeling of being suppressed by Qin Shun that old fellow must feel great, right?"

The moment Wu Chengchao heard, he said in a great rage, "Elder Ye, you're actually comparing me to that scumbag!"

Ye Yuan said disdainfully, "Irrespective of character, only in terms of refining pills, he's indeed much stronger than you! Do you know what's the difference between you guys?"

Wu Chengchao reined in his expression and said seriously, "I naturally know. My foundation is not as good as his! But he comes from the Pill Alliance! Although I went to the Pill Alliance, I couldn't come into contact with their core cultivation methods at all!"

Ye Yuan sneered and said, "So, I sent Lin Lan to go and help you all consolidate your foundations, and yet you all beat him until like this?"

Wu Chengchao's old face turned red and he blushed with shame as he said, "W-Wasn't it because this old man was unaware? Elder Ye, this old man is completely convinced by you! This Foundation Establishment Heavenly Pill, you can actually cultivate it to the legendary grand completion ninth grade! Then ... can you ..."

"Can't!" Ye Yuan said with decisiveness that could chop iron.

Everyone's expressions changed, secretly regretting immensely.

This time, they offended Elder Ye badly!

However, the heavenly alchemists present were really wholeheartedly convinced by Ye Yuan!

Although ninth grade golden pill and grand completion ninth grade golden pill were both ninth grade, they were two completely different concepts.

Ninth grade golden pill, someone had reached it before.

Grand completion ninth grade only existed in the legends!

But Elder Ye relied on his four-point affinity aptitude, and he actually reached the grand completion realm of ninth grade!

This already could not be described using monstrous!

Ye Yuan said coolly, "Starting from now, all of you be more obedient! Whoever cultivates the Foundation Establishment Heavenly Pill to ninth grade first, will be awarded one pill! If you can't do it, forget about it!"

"What?! Ninth grade? Elder Ye, are you trying to take our old lives?" When the group of heavenly alchemists heard that, they immediately cried of excruciating suffering.

Ye Yuan smiled coldly and said, "Of course, you all can also don't practice. You can naturally forget about that Foundation Establishment Heavenly Pill too."

As he said, he threw the Foundation Establishment Heavenly Pill in his hand to Wen Jingxuan and said, "Eat it, continue refining!"

When everyone saw this scene, their eyeballs were almost popping out.

Wu Chengchao said in a great rage, "Elder Ye! You ... You're biased!"

Ye Yuan smiled coldly and said, "I'm biased, so what? My disciple, I'll give her however many I want to! Furthermore, you rest assured. Jingxuan and Lin Lan's training is absolutely a hundred times crueler than yours! I, Ye Yuan, don't have any shortcuts when refining pills. It's just practice! If a hundred times won't do, a thousand times! If a thousand times won't work, ten thousand times! Ten thousand times don't work, 100 thousand times! A million times! All the way until you master it!"

Seeing the serious expression on Ye Yuan's face, everyone's expressions could not help turning somber, revealing a look of admiration.

Only then did they know that Ye Yuan's success was not accidental!

Suddenly, a dozen over figures fell from the sky, Luo Yunqing had arrived!

Wu Chengchao's expression changed, and he begged, "Elder Ye, I, Old Wu, know that I was wrong! Spare me this time around, alright?"

But Luo Yunqing blocked in front of him and said coolly, "Although Elder Ye's cultivation realm is low, his significance to the sect is tremendous! Sect Master has already ordered it. Those who disrespect Elder Ye will be punished severely! According to sect rules, those who offend elders, 100 strikes of the rod and paraded in public for three days! Come, men! Bring away!"

Finished saying, the members of the Punishment Hall gave no chance to explain too, directly taking everyone away by force.

"Elder Ye, I really know that I was wrong!"

"Elder Ye, spare us this time around?"

... ..

Wails of doom filled the sect immediately.

Chapter 2594: Land of Exile

After all the disturbances, they all became obedient.

For a grand completion ninth grade Foundation Establishment Heavenly Pill, the Martial Secure Heavenly Sect's heavenly alchemists started cultivating like crazy.

Of course, it was also not aimless cultivation.

Ye Yuan had naturally fumbled out a set of his own methods, having cultivated to the realm of grand completion.

He had long already imparted this set of methods to Lin Lan.

Therefore, the one really teaching them was all Lin Lan.

Without the slightest surprise, the one who broke through to the realm of ninth grade first was precisely Wen Jingxuan.

In fact, she was even faster than the grade three heavenly alchemist, Wu Chengchao!

She only used half a year's time and broke through from seventh grade to ninth grade!

Of course, Wen Jingxuan already had no need of the grand completion Foundation Establishment Heavenly Pill, because her affinity was already saturated.

In the end, it only stopped at less than 62 points too.

Wen Jingxuan's talent could be seen at a glance.

The second to break through was precisely Wu Chengchao.

As a grade three heavenly alchemist, his foundation was naturally incomparably solid.

Originally, he already had upper eighth grade strength, breaking through to ninth grade reasonable too.

However, after breaking through to ninth grade, he discovered to his pleasant surprise that when he refined other heavenly pills, there seemed to be some improvement!

Even when refining grade three heavenly pills, he was that tiny bit stronger than before too.

Although it was just that tiny trace, he felt it distinctly!

As for grade two and grade one, this kind of increment was even more obvious.

This discovery made Wu Chengchao wildly ecstatic!

Only at this point did he understand Ye Yuan's painstaking efforts.

"Elder Ye is really too impressive! You bunch of bastards all keep your chin up for me in the future! Whoever dares to slack off, see if this old man doesn't break your damn legs!" Wu Chengchao said ferociously in front of everyone.

At this time, he already went from being a skeptic into Ye Yuan's staunch advocate.

However, only after reaching ninth grade did they realize that this was just a new beginning!

Each tiny bit of improvement of the heavenly pill's quality was extremely difficult.

Even having a talent as strong as Wen Jingxuan's, her improvement was very slow too.

It was also precisely after reaching this step did they realize how terrifying Ye Yuan's strength was.

Ninth grade, almost all could reach it through hard work.

But wanting to improve further, the requirement of talent was close to freakish.

Only at this time did the disparity in talent truly manifested itself.

Wu Chengchao cultivated to middle ninth grade and was unable to advance an inch forward anymore.

Even Wen Jingxuan also stopped advancing after reaching peak upper ninth grade.

She was unable to break through to the realm of grand completion from start to end.

This final step was akin to a heavenly chasm, she could never cross it!

Ye Yuan did not let them continue. He instructed them to switch to cultivating other basic heavenly pills.

With the Foundation Establishment Heavenly Pill as the foundation, the cultivation speed of other basic heavenly pills was undoubtedly much faster.

It was also precisely under this kind of training that the collective strength of the Alchemist Hall was increasing rapidly.

Coupled with the increase of the Foundation Establishment Heavenly Pill on affinity, Martial Secure Heavenly Sect's alchemy path strength had a qualitative leap on the whole!

This sort of thing was naturally not empty talk, but it could absolutely be manifested in the heavenly pills.

The heavenly pills rewarded by the sect improved significantly in terms of quality!

Regardless of whether inner-sect disciples or outer-sect disciples, they sang praises of the medicinal efficacy of the heavenly pills.

A slight tug in one area would affect the situation on the whole!

This way, Martial Secure Heavenly Sect's overall strength naturally increased a lot.

With regards to this change in the sect, Feng Xuanyi took it into his sights and was delighted in his heart.

A short few years' time, Martial Secure Heavenly Sect's appearance took on a completely new look!

Of course, Feng Xuanyi understood that this was just the beginning!

Along with the passing of time, Martial Secure Heavenly Sect's strength would become stronger and stronger!

It might be able to return to the peak someday!

Feng Xuanyi knew that he had gambled correctly!

"Elder Ye, you've made great contributions to the sect! Whatever reward you want, as long as my Martial Secure Heavenly Sect has it, this sect master definitely won't be stingy!" Feng Xuanyi said with a smile.

"I want the method to condense the divine soul!" When Ye Yuan heard that, he said without hesitation.

To him, nothing was more important than reviving Mu Lingxue.

But Feng Xuanyi smiled bitterly and said, "You've stumped me! The method to condense the divine soul is an extremely profound origin divinity mystic art. Hence, our Martial Secure Heavenly Sect doesn't have one!"

When Ye Yuan heard that, he could not help revealing a look of disappointment.

"Then may I ask Sect Master, who is proficient in this origin divinity mystic art on this Rainclear Continent?" Ye Yuan asked.

Five Great Heavenly Regions said, "To talk about who is the most proficient in origin divinity mystic arts in this Five Great Heavenly Regions, it's naturally the Daycreek Heavenly Region's Soul Driving Heavenly Sect. This sect's cultivation method is the most mysterious and unpredictable. Even our Martial Secure Heavenly Sect is extremely apprehensive towards them too!"

Ye Yuan silently remembered the name Soul Driving Heavenly Sect, thinking to himself that when he became stronger, he had to take a trip to that sect.

It was just that at present, it was still increasing his strength that was more urgent.

"Alright, since that's the case, I want to go to the Land of Exile!" Ye Yuan said.

The expressions of Feng Xuanyi and the rest changed.

"No way! You can't go to the Land of Exile!" Feng Xuanyi said in a solemn voice.

Ye Yuan had long expected Feng Xuanyi's reaction and said with a smile, "Just now, didn't Sect Master say that whatever the Martial Secure Heavenly Sect has, you definitely won't be stingy?"

Feng Xuanyi's face turned black, feeling like he had fallen into a pit.

The Land of Exile was the place where the five great heavenly sects suppressed prisoners.

This Land of Exile was personally built by the Five Light Heavenly Region's sovereign back then, Zhuo Bufan!

Imprisoned inside were all some extremely violent and wicked people.

Not only were these prisoners powerful, but they were also extremely hostile towards the five great heavenly sects' disciples.

The reason why the five great heavenly sects made this Land of Exile, the purpose was to provide a place for experience for the disciples.

It was just that the disciples who entered inside rarely made it out alive.

Furthermore, even if they came out alive, some people had drastic changes in temperament too, becoming bloodthirsty and murderous.

Therefore, the number of disciples who went inside to train became fewer and fewer.

However, there were still some bold and strong ones who would enter inside.

But there were few that could come back alive.

If others entered the Land of Exile, Feng Xuanyi naturally could not be bothered to care.

Life and death are up to fate, not experiencing the tempering of blood, how could one possibly become a powerhouse?

But Ye Yuan was different!

He shouldered the heavy burden of Martial Secure Heavenly Sect's resurgence. If he fell in the Land of Exile, the loss to the Martial Secure Heavenly Sect would be too great.

Martial Secure Heavenly Sect could not bear it!

“Other things, this sect master can agree to it; only this matter can’t! You should know how much you mean to the sect!” Feng Xuanyi said.

Ye Yuan said, “My alchemy path understandings have already been imparted to Jingxuan and Lin Lan. With them around, as long as they followed the routine to cultivate, Wu Chengchao might be able to break through to grade four heavenly alchemist. Even if I stay in the sect, it won’t be very useful either.”

But Feng Xuanyi said firmly, “Even if Wu Chengchao can become a grade four heavenly alchemist, he’s unable to replace your position too! There’s no comparison between you and him! This sect master is helming the Martial Secure Heavenly Sect. Could it be that I can’t even see this? There’s no discussion about this matter!”

Finished saying, Feng Xuanyi turned around and left, without leaving any leeway.

Chapter 2595: Borrowing a Chicken to Lay Eggs

“Halt!”

Ye Yuan was stopped by Han Qianyun as soon as he arrived at Flowing Cloud Peak.

The Land of Exile was an independent space. The five great heavenly sects all had transmission arrays that led there.

The Martial Secure Heavenly Sect’s transmission array was on Flowing Cloud Peak.

Seeing Han Qianyun, Ye Yuan said with a frown, “I want to enter the Land of Exile!”

Han Qianyun said with a cold smile, “Sorry, Elder Ye! The Land of Exile is under the jurisdiction of my master. Without Master’s orders, nobody can enter the Land of Exile!”

Ye Yuan narrowed his eyes and said, “You dare stop me?”

Han Qianyun said coolly, “So what if I stop you? It’s also not that you can’t enter. As long as you get the warrant from Master there, you can! Or you can defeat me and step over my body!”

Ye Yuan did not argue either, turning around and leaving.

Han Qianyun looked at Ye Yuan’s departing back view and could not help feeling the delight of having taken revenge.

After he left, a figure came out, who could it be if not Feng Xuanyi?

“You did very well!” Feng Xuanyi said.

Han Qianyun hurriedly said, “Sect Master, rest assured. With me around, it’s absolutely impossible for Ye Yuan to break through!”

Feng Xuanyi nodded and said, “I naturally feel reassured about you. But this period of time, you have to be on alert and not slack off in the slightest! Below Limitless Sublime Heavenly Stratum, he can easily break through!”

Han Qianyun said, "Yes, Sect Master!"

After that day, Feng Xuanyi took various measures to prevent Ye Yuan from entering the Land of Exile.

He knew that Ye Yuan's methods were strange and unpredictable, so he even transferred Han Qianyun this protector over to guard Flowing Cloud Peak.

Of course, he used Shi Feiyu as the shield, so as to also reduce Ye Yuan's bad impression.

After Ye Yuan returned, he was surprisingly quiet and did not find him to make a big fuss.

One or two days, Feng Xuanyi was naturally uneasy.

But several months passed in a row. Ye Yuan was just cultivating in closed-seclusion or teaching the heavenly alchemists to refine pills. Feng Xuanyi also naturally set his mind at ease.

However, Feng Xuanyi still had Han Qianyun wait in full battle state, to prevent Ye Yuan from slipping in.

On this day, Ye Yuan finished giving pointers to Wu Chengchao as usual.

Wu Chengchao was naturally endlessly grateful.

"Elder Ye's alchemy path strength grows deep with each passing day. Wu Chengchao benefited a lot each time!" Wu Chengchao said with vicissitudes of emotion.

These few years of guidance, they were not the only ones who improved.

Wu Chengchao could also clearly feel that Ye Yuan was improving!

Furthermore, Ye Yuan's improvement speed was unimaginably fast!

This was the scariest part!

The longer it became, the more Wu Chengchao felt that Ye Yuan's talent was terrifying.

As for affinity this benchmark, it was long already tossed to the back of his mind by him.

Ye Yuan smiled faintly and said, "Your cultivation of grade one basic heavenly pills has already approached consummation. You can start the cultivation of grade two heavenly pills already."

The moment Wu Chengchao heard, he said, "Really?"

Ye Yuan nodded and said, "Would I still lie to you? Go. Go to your residence. I want to give you special training."

Wu Chengchao was ecstatic and did not suspect anything, repeatedly saying yes.

The two arrived at Skywater Peak. Wu Chengchao resided here.

As a grade three heavenly alchemist protector, there was naturally a pill room in Wu Chengchao's residence too.

Wu Chengchao had a look of excitement on his face as he said, "Elder Ye, how are you teaching me?"

Ye Yuan casually beckoned his hand, a row of heavenly medicines landed on the table neatly.

“You extract all of these heavenly medicines first.” Ye Yuan said coolly.

Wu Chengchao looked at these heavenly medicines doubtfully and said in confusion, “Elder Ye, what heavenly pill can these heavenly medicines refine? I’ve never heard of it!”

Ye Yuan said solemnly, “This is an obscure kind of grade two basic heavenly pill. That’s why you don’t need to know its origins. In a while, you just refine according to my instructions! I want to see what problems exist in your refinement of grade two heavenly pills.”

When Wu Chengchao heard that, he came to a sudden realization and said sincerely, “Brilliant, Elder Ye!”

Ye Yuan just smiled slightly and did not say anything.

It was just that Ye Yuan could not help being amused in his heart.

In a while, you won’t be calling me brilliant!

Wu Chengchao did as he said, extracting entirely all these heavenly medicines, and sending them into the medicine cauldron all at once.

Start refining pills!

Ye Yuan talked on and on in a flow of eloquence, issuing one order after another.

Wu Chengchao was like a robot being controlled, operating frantically according to Ye Yuan’s instructions.

If it were before, it would have been absolutely impossible for him to complete these instructions.

But now, he was actually able to keep up with Ye Yuan!

This discovery made Wu Chengchao wildly ecstatic.

Elder Ye is Elder Ye. My current alchemy path strength has improved too much compared to before! This is still just having cultivated grade one basic heavenly pills. If I finish cultivating grade two and three basic heavenly pills, I probably won’t be far away from grade four heavenly alchemist too!? Wu Chengchao thought in his heart.

These few years, the growth in Wu Chengchao’s strength was crystal clear in his heart.

It could be said to be a qualitative leap!

When he refined grade one heavenly pills now, it could basically all reach seventh grade and above!

Refining grade two heavenly pills could basically all reach fifth grade and above too.

As for grade three heavenly pills, those that he could not refine in the past, he could refine them now.

Those that he could refine in the past, their quality also improved greatly now!

His current alchemy path strength was definitely not worse than Qin Shun!

All these were due to Ye Yuan!

Therefore, he was extremely grateful to Ye Yuan.

When there's a chance in the future, I must repay Elder Ye! Wu Chengchao made up his mind secretly.

It was just that, he did not know that his chance to repay had already come.

Wu Chengchao's refinement went very smoothly.

Very soon, the refinement was completed!

Wu Chengchao looked at Ye Yuan with a fidgety face and asked, "Elder Ye, I wonder if my refinement this time is still okay?"

Ye Yuan smiled and said, "Whether it's okay or not, wouldn't you know when you open the furnace?"

Wu Chengchao nodded repeatedly and flipped his palm. He opened the furnace!

Boom!

A cloud of yellow smog gushed out.

Wu Chengchao was caught off-guard and directly sucked in a deep mouthful.

Then his eyes rolled back, and he fell stiffly to the ground, spasming endlessly.

While Ye Yuan's figure had already disappeared.

Looking at the smoke billowing on Skywater Peak, Ye Yuan smiled and said, "This enhanced version of Windward Topple is really strong! Zhong Jianchou probably also didn't expect that Windward Topple could become so fierce, right?? *Heh,* Sect Master, you miscalculated. Can a mere Han Qianyun stop me, Ye Yuan?"

Finished saying, his figure sped by, heading for Flowing Cloud Peak.

On Skywater Peak, thick smoke billowed, virtually enveloping the entire mountain peak.

"What's going on? Just what the hell did Wu Chengchao this fellow ... refine?" On Skywater Peak, a protector directly collapsed on the ground before finishing his sentence, convulsing endlessly.

There were many protectors staying on Skywater Peak.

However, after this smoke came out, it was condensed and did not disperse.

Those protectors were all being alarmed. But as long as they touched this thick smoke, they directly fell to the ground and spasmed.

Very soon, the commotion on Skywater Peak naturally attracted the attention of all peaks.

"Quick look! What's happening on Skywater Peak?"

"I heard that the Limitless Sublime Heavenly Stratum powerhouses on it all collapsed. Let's quickly go up and take a look."

"Not good! You all quickly look! That thick smoke is headed for Flowing Cloud Peak!"

... ..

Chapter 2596: Pandemonium!

“Sect Master, this cloud of thick smoke is very formidable! We can’t get close at all! I’m afraid that an enemy has attacked!” A purple-wing protector came to report.

Feng Xuanyi’s gaze turned slightly dark, and he said in a cold voice, “Go and prepare quickly! Open the sect protecting grand array and meet the enemy!”

“Yes!” The purple-wing protector received the order and left.

At this time, the entire Martial Secure Heavenly Sect entered a state of combat readiness.

Everyone was waiting eagerly for battle already, planning on dealing a painful strike to the invading enemy.

Behind Feng Xuanyi, Luo Yunqing came out, brimming with fighting intent as he said, “Sect Master, I’m going to Skywater Peak!”

But Feng Xuanyi shook his head and said, “Don’t panic! The enemy’s intention is unknown. If you launch an attack rashly, you’ll likely fall into passiveness. This poison fog is very formidable. It has obviously been planned for a long time. There’s probably already no survivor on Skywater Peak anymore!”

Luo Yunqing gritted his teeth lightly, his eyes full of killing intent.

Right at this time, another person came to report, “Sect Master, things are bad! That thick smoke has gone with the wind, and it already floated to Flowing Cloud Peak!”

The moment Luo Yunqing heard, he could not endure it anymore and said, “Sect Master, this poison fog doesn’t dissipate when the wind blows! If we allow it to continue floating, I’m afraid that there is no need to wait for the enemy to attack; our Martial Secure Heavenly Sect will already be destroyed!”

Feng Xuanyi’s gaze turned slightly dark and he said, “Go and inform all elders to go to Flowing Cloud Peak and await orders!”

“Yes!” That protector received the order and left.

“Wait!” The protector had not left yet but was stopped by Feng Xuanyi again.

“Just now, you said Flowing Cloud Peak?” Feng Xuanyi said with a frown.

The protector nodded his head and said, “Yes! Skywater Peak is located to the southeast of Flowing Cloud Peak, the northwest wind blows there all year round. The poisonous smoke has already drifted to Flowing Cloud Peak along with the northwest wind!”

“Hu?...?huhuhu, hahaha?...”

When Feng Xuanyi heard that, he was taken back first, then smiled faintly, and turned into a peal of roaring laughter in the end.

Luo Yunqing and the protector were baffled, not knowing why Feng Xuanyi laughed.

“What’s wrong, Sect Master?” Luo Yunqing frowned and said.

Feng Xuanyi laughed until tears were almost coming out. Hearing that, he shook his head and said, “I’m laughing at how Ye Yuan’s, that punk, methods are really formidable! This sect master refused to let him enter the Land of Exile, and so he turned the entire Martial Secure Heavenly Sect upside down!”

Luo Yunqing was stunned and said, “Ye Yuan? What does this have to do with him?”

Feng Xuanyi’s laughter gradually ceased, and he said with a cold snort, “What has it got to do with him? This punk must have long already calculated the wind direction, and then he cast poison on Skywater Peak! Then he let the poisonous smoke move with the wind and float toward Flowing Cloud Peak! *Heh,* nice trick! Really excellent trick!”

The moment Luo Yunqing heard this, it suddenly dawned on him.

But listening to it still felt fantastical.

“Sect Master, this ... this isn’t too likely, right? After all, Ye Yuan is just a grade one heavenly alchemist. So how can he possibly refine such a powerful poison?” Luo Yunqing said.

Feng Xuanyi’s expression became solemn and he said, “What you said is true too. This matter can’t be slipshod. It’s better we go to Flowing Cloud Peak to take a look at the situation first! You, quickly go and check on Ye Yuan’s movements for me! After investigating clearly, tell me right away!”

“Yes!” That protector received the order and left.

... ..

On Flowing Cloud Peak, powerhouses gathered.

Even some elders who were reclusive and did not emerge were also alarmed.

Currently, on Flowing Cloud Peak, just the Jade Sovereign Heaven elders were as many as more than 20!

A figure came down from Flowing Cloud Peak.

Feng Xuanyi said with a frown, “How is it, Yunqing?”

Luo Yunqing drew a deep breath and said in a solemn voice, “They are all fine. It’s just that they are poisoned, their entire body spasming endlessly! Looking at the appearance, it should be ... Windward Topple!”

Feng Xuanyi was taken aback and said, “Windward Topple? When did this poison become so powerful?”

Windward Topple poison had long already become renowned.

The entire Martial Secure Heavenly Sect knew about it.

It was just that they also knew that this poison could only paralyze below Limitless Sublime Heavenly Stratum.

Limitless Sublime Heavenly Stratums were immune to this poison!

Luo Yunqing smiled bitterly and said, "Although their symptoms are the same as Windward Topple, this poison is indeed extremely powerful! Even when I went up, I also felt quite uncomfortable!"

"What?! This ... How is this possible?" Feng Xuanyi as well as the group of elders all had shocked expressions on their faces.

They had never heard before that Windward Topple could actually be so powerful, able to even affect Jade Sovereign Heaven powerhouses!

Luo Yunqing smiled bitterly and said, "It can basically be ascertained that this matter was caused by Ye Yuan! When I found Han Qianyun, there was also ... a shoe print on his face, he was clearly stepped on by someone! The transmission array to enter the Land of Exile has already been touched by someone."

By the side, Shi Feiyu's expression could not help turning black.

This Ye Yuan was really shameless to the extreme!

Feng Xuanyi's expression was ugly too, but in his heart, he already approved of Luo Yunqing's judgment.

Because when Han Qianyun let out the harsh words, he was hiding not far away.

Han Qianyun said, or you could defeat me, and step over my body!

This damn guy really did it!

Feng Xuanyi covered his face with his hand. He was seriously unable to accept such a result.

He already considered all possibilities and had never slackened off in these past few months too.

Who knew that Ye Yuan actually caused such a huge commotion in order to enter the Land of Exile!

This boy was really too frightening!

If he really wanted to deal with the Martial Secure Heavenly Sect, they would probably be pretty much completely annihilated apart from the elders now.

A Lesser Sublime Heavenly Stratum, this deterrence was also too terrifying!

And right at this time, that protector who went to investigate Ye Yuan came back.

"How is it? Where did Ye Yuan go?" Feng Xuanyi hurriedly asked.

That protector said, "Today, after Elder Ye finished giving pointers to everyone's pill refinement, he said that he was going to teach Wu Chengchao alone! Afterward, the two of them went up Skywater Peak, and no one saw him again!"

Feng Xuanyi's expression flickered indeterminately and he gritted his teeth and said, "Heh!? A fine borrowing a chicken to lay an egg! Good! Good! Good!"

The three 'good's exuded endless helplessness.

He calculated everything and also never expected that Ye Yuan actually used such an ingenious move!

The elders and protectors present also could not muster up any temper.

He already ran. Their bellies full of anger had nowhere to vent too!

But this guy was really lawless and unbridled.

In order to enter the Land of Exile, he sent the entire Martial Secure Heavenly Sect into pandemonium!

That protector asked weakly, "Sect Master, what ... what should we do?"

Feng Xuanyi's expression was grim until it was almost dripping water.

He snorted coldly and said, "What else can we do? All elders listen up! You all go up the peak together and scatter the poisonous smoke! The rest, stay where you are and wait for orders!"

The poisonous smoke seemed to have grown roots, unable to disperse at all.

Only elder-level Jade Sovereign Heaven powerhouses could scatter it with their profound power.

When Feng Xuanyi saw this scene, he was shocked in his heart.

He did not expect that Ye Yuan actually had such terrifying strength!

He naturally knew about the poison Windward Topple.

But there definitely wasn't such a powerful Windward Topple.

That could only mean that this thing was invented by Ye Yuan himself!

He looked at Flowing Cloud Peak and said with a sigh, "Scoundrelly punk, I hope that you can come back alive! No, wait! Maybe if you go to the Land of Exile, those wicked and ferocious villains will probably have a headache when they see you too, right?"

Chapter 2597: Killing People to Establish Awe!

"Wang Tie, this White Pine Melody was discovered by our Ning Si City first. You guys dare to snatch it?"

"Liang Wen, is your brain freaking spoiled? Who will talk to you about who discovered it first in this Land of Exile? Whoever snatches it first belongs to whom!"

"Screw you! I will hack you to death!"

"Am I scared of you?! Brothers, kill for me!"

... ..

In the dense woods, two groups drew their swords against each other at a word of disagreement.

Although both sides were all Lesser Sublime Heavenly Stratum, their combat strength was extremely intrepid.

For some time, they were locked in a struggle.

Especially Wang Tie and Liang Wen, the two people exchanged dozens of moves in the time it took for sparks to fly off a piece of flint. No one could get close.

“F*cking hell! If our Ning Si City can’t get it, your Resplendent Sun City can forget about getting it too! Zhang Yang, go and destroy the White Pine Melody for Your Father! Don’t leave a single one behind!”

Liang Wen gradually faltered in strength and fury immediately rose up in his heart, and he was going to destroy this stretch of White Pine Melody.

White Pine Melody was a grade one heavenly medicine that was very hard to come across. With several dozen stalks appearing here all of a sudden, both sides naturally coveted it greatly.

Having gotten the order, Zhang Yang forced his opponent back with a single saber blow and moved toward the White Pine Melody like lightning.

His movement technique was extremely fast. His opponent could not catch up in time at all.

Seeing the White Pine Melody in front of him, Zhang Yang raised his hand and dealt a saber blow!

However, right at this time, a change suddenly occurred.

Zhang Yang only felt a blur before his eyes, a figure already blocked in front.

Bang!

Before he could see his opponent clearly, his figure directly flew out.

“I didn’t expect that the moment I came to the Land of Exile, I ran into so many White Pine Melody. My luck is really good!”

A youth in white played with the White Pine Melody in his hand, his face seemingly full of satisfaction.

This youth was in white was naturally the Ye Yuan who had just entered the Land of Exile not long ago.

He was currently at a loss when he suddenly heard that there was the sound of fierce fighting over here, and he came over following the sound.

But unexpectedly, he saw such a large stretch of White Pine Melody.

This White Pine Melody was precisely a main medicine for the imperial grade heavenly pill, Yu Qi Dust Cleansing Heavenly Imperial Pill.

But Ye Yuan’s sudden arrival made both sides’ fierce fighting come to an abrupt end.

Ye Yuan started collecting the White Pine Melody unhurriedly and said nonchalantly, “You guys carry on. Don’t need to care about me. I’ll leave after collecting all of them.”

Both sides stopped fighting and quietly surrounded Ye Yuan in the middle, blocking all of his paths of retreat.

“*Heh heh*,?another brat who doesn’t know life from death!” Wang Tie said with a playful smile on his face.

“Looking at this attire, it should be the Martial Secure Heavenly Sect, right? Looks like it’s a fool who came in this time!” Liang Wen said with a cold smile.

“Brat, hand over the storage ring on you and kneel down and kowtow three times. Elder Brother Tie, I, can spare your life and let you follow Elder Brother Tie in the future,” Wang Tie said with a smile.

Not only did Wang Tie and Liang Wen not get angry, but they also seem to be very happy instead.

The various sects’ disciples that came to train in the Land of Exile would normally carry all sorts of treasures on them, which were much more valuable than the White Pine Melody.

The various sect disciples who came to train were all cautious after entering, akin to treading on thin ice.

This guy was good, directly running in front of two great factions to posture; how ridiculous!

Since that was the case, they naturally would not be courteous either. They would kindly accept the treasures on Ye Yuan.

With regards to everyone’s encirclement, Ye Yuan remained indifferent.

After collecting the White Pine Melody, he pointed at Wang Tie and said, “You come and tell me about the distribution of this Land of Exile’s first level, and then kneel down and kowtow thrice, and get lost!”

Wang Tie was stunned. This boy who came to train seemed to be somewhat different from the rest!

Ugh?...

Seems like, he was really a fool!

“*Hahaha*,?boy, you probably don’t even know what’s your surname, right? Making Elder Brother Tie, I, kneel for you. Can you bear it?” Wang Tie said with a loud laugh.

“Listen up, our Big Brother Tie is Resplendent Sun City’s ranked 29th big shot!”

“If you don’t know what 29th place means, then let me tell you. His strength is invincible among your sect’s Lesser Sublime Heavenly Stratums!”

“Punk, why haven’t you knelt down to apologize for your offense!”

... ..

The small fries immediately brought out Wang Tie’s identity, attempting to scare Ye Yuan.

It was just that Ye Yuan was aloof and indifferent and said coolly, “You just kneel down. I can bear it!”

Wang Tie’s gaze turned cold and he said, “Refusing face when it’s given! Since you’re courting death yourself, then Big Brother Tie, I, will send you off! Attack!”

Swoosh! Swoosh! Swoosh!

Under Wang Tie’s word of command, more than ten figures rushed towards Ye Yuan.

Liang Wensheng was afraid that the good stuff would be snatched by Wang Tie. So he also brought his men and rushed over.

More than 20 upper and grand completion Lesser Sublime Heavenly Stratums swarming over, their commotion was quite shocking.

None of these people were mediocre.

Those able to survive in the Land of Exile were all veterans of a hundred battles. No one knew how much fresh blood had stained their hands.

Their combat strength was far from what cultivation realm could measure.

These people, even if it was just a small fry, they could also jump realms to battle when placed outside.

With over 20 people dealing with one person, that feeling of oppression could only be imagined.

However, Ye Yuan dodged in the crowd, akin to strolling idly in a courtyard.

Occasionally flicking his finger, sabers and swords would slip out of the hand directly.

In the time it took for sparks to fly off a piece of flint, Liang Wen slashed over with a saber.

Ye Yuan turned sideways slightly and guided with his fingertip, Liang Wen staggered and could not pull his saber back in time.

Pffft!

This blade just happened to stab right through Wang Tie!

Wang Tie did not dare to believe everything that happened before his eyes until death.

How could a trial-taker be so strong?

It turned out that he was that fool!

Wang Tie's eyes gradually dimmed, completely losing consciousness.

"This ... How can it be like this?"

"S-So strong! He hasn't even attacked and Wang Tie already died?"

"This trial-taker is different from the others!"

... ..

Liang Wen similarly had a look of disbelief. He could not quite imagine that his blade actually killed Wang Tie so easily.

That blade just now, he seemed to have been bewitched, thrusting it out involuntarily.

The timing was just right!

It was as if Wang Tie himself got tired of living, colliding onto the edge of his saber.

One had to know, he was evenly matched in strength with Wang Tie.

Even if he wanted to kill the opponent, it had to at least be after several hundred moves too!

"He's not saying anything. So why don't you tell me then?" Ye Yuan said coolly.

“Y-Yes! Y-Your Excellency, spare my life!” Liang Wen let go of his saber and directly knelt in front of Ye Yuan.

The others knelt down one after another.

The Land of Exile did not have any rules at all. Whoever’s fist was harder, whoever would be the boss!

The people here also had ways of seeking death. Ye Yuan did not have the slightest psychological burden in killing any one of them.

Ye Yuan said coolly, “I don’t like to kill people, but I’m not afraid of killing people too. What happens will depend on your performance.”

Liang Wen hurriedly kowtowed incessantly and said, “Your Excellency just ask away. This lowly one will definitely spill everything that I know!”

Very soon, Liang Wen introduced the Land of Exile’s first level’s forces.

Land of Exile, each major cultivation realm lived on a level.

The first level was the place where Lesser Sublime Heavenly Stratums were at.

If one reached Greater Sublime Heavenly Stratum, they would ascend to the next level.

The first level had ten great factions, gathered in ten cities respectively.

The ten cities were ruled by ten sovereigns respectively.

Friction would often occur among them.

[Unrivaled Medicine God](#)

Chapter 2598: Taken Over by Me!

In the Land of Exile, no one would look at how your cultivation realm was.

Because here, for someone to jump realms in a battle, it was too normal!

A grand completion Lesser Sublime Heaven being finished off by an upper Lesser Sublime Heaven, this sort of thing was very common.

In fact, there were even precedents of grand completion powerhouses being finished off by middle Lesser Sublime Heavens!

As for the sovereigns of these ten great cities, they had practically reached the limits of Lesser Sublime Heavenly Stratum already.

As long as they were willing, they could break through to Greater Sublime Heavenly Stratum at any time.

But ascending to the next level, they could only be the small fries.

Therefore, they would rather not ascend.

But it was said that these ten people’s combat power already rivaled Greater Sublime Heavenly Stratums.

Ye Yuan nodded his head and said, "Okay, then take me to Resplendent Sun City."

Liang Wen and the rest naturally did not dare to refuse and could only bring Ye Yuan into Resplendent Sun City.

This place originally did not have a city. Later on, the number of people who were captured increased, giving birth to all kinds of factions.

Hence, there were gradually cities.

This place did not have too many rules; a big fist was the absolute principle.

Regarding this point, Ye Yuan had already heard about it before coming.

Entering the city, Ye Yuan immediately attracted the attention of countless people.

"Eh, it's an outsider! Looking at his appearance, he seems like a Martial Secure Heavenly Sect's disciple. Heh heh, boy, just came out to experience the world, right? To actually dare swagger your way into the city like this, hand over the items on your body ..."

Pffft!

A grand completion level powerhouses saw Ye Yuan and thought that he was easy to bully, so he came up to show off and posture.

In the end, before he finished talking, he was split apart by Liang Wen with one slash.

Liang Wen spat and said disdainfully, "Hand over your ass! Damn blind thing, to actually dare offend His Excellency! What are you looking at? Get lost to one side, keep posturing and the outcome will be the same as him!"

He was somewhat doubtful. Was this fool stupid or not?

Liang Wen was following behind like a grandson, and yet he actually dared to come up and posture.

Sure enough, a saber swinging down, the world became quiet.

Everyone looked toward Ye Yuan with looks of surprise, extremely shocked.

Liang Wen was Resplendent Sun City's bit shot, an existence whose strength ranked in the top 30.

If even he became a follower, this Martial Secure Heavenly Sect disciple was so impressive!

"Which place has the most people?" Ye Yuan asked.

Liang Wen hurriedly moved closer and said, "Resplendent Sun Plaza!"

"Lead the way!"

Liang Wen trotted to the front and led the way for Ye Yuan.

Before long, they arrived at an open square.

Ye Yuan swept a glance and discovered that there were indeed streams of people on the plaza, and was quite satisfied.

Under Liang Wen's puzzled gaze, Ye Yuan slowly walked towards the center of the plaza.

His subordinate had a puzzled look on his face and asked, "Big Brother Wen, this guy is being secretive. What does he want to do?"

Liang Wen rolled his eyes and said crossly, "How would I know? However, our little lives are saved at any rate!"

The subordinates had looks of approval on their faces, feeling like they had just made a trip to and from the gates of hell.

And right at this time, Ye Yuan arrived at the center of the square and said loudly, "From now on, Resplendent Sun City will be taken over by me! Within three days, the top 100 powerhouses in the city who don't come and submit, will be killed without mercy!"

Ye Yuan's voice was akin to a bolt out of the blue, reverberating throughout the entire Resplendent Sun City.

When Liang Wen and the rest heard it, they could not help being stunned.

Terrific fellow! This was really domineering!

"What is he saying? I didn't hear it wrongly, right?"

"This boy is probably a lunatic who turned silly from cultivation, right?"

"Did he come to train or seek death?? *Huhu*, what a joke!"

... ..

A series of ridiculing voices came over from the plaza. Regarding Ye Yuan's declaration, no one felt that it was very domineering, they just found it funny.

Over the years, there were some who challenged city lords, and also those who challenged the top ten powerhouses.

But no one dared to challenge the top 100 powerhouses so arrogantly at the same time.

The top 100 represented the entire Resplendent Sun City!

This person was declaring war on the entire Resplendent Sun City!

This was not domineering, this was courting death!

"*Hahaha*, Martial Secure Heavenly Sect's punk, do you feel that the Land of Exile is too boring, and specially came to make jokes? I'm Resplendent Sun City's 85th place Jiao Duo. I won't submit to you. Try killing me for me to see!" Jiao Duo said with a loud laugh.

In the crowd, Liang Wen rolled his eyes and said, "Idiot!"

Sure enough, his voice had yet to fade, only to see a streak of cold light flash past.

Jiao Duo was decapitated!

From start to end, Ye Yuan did not even look at him.

The loud laughter abruptly stopped.

They could not laugh anymore, this guy's strength was too horrifying!

"This ... This ... How can he be this strong? Is he really a sect disciple?"

"When did Martial Secure Heavenly Sect produce such a monster?"

"No wonder he dared to be so arrogant. It turns out that he really had his reliance! It's just that, he probably doesn't know about the terror of the Land of Exile yet, right?"

... ..

Ye Yuan's strength made everyone incredibly alarmed and terrified.

But while they were surprised, they did not agree with Ye Yuan's approach.

The guys who were ranked higher, their strength became more terrifying.

Killing Jiao Duo with a single sword, the top 20 powerhouses could all accomplish it.

However, this also showed that Ye Yuan was equipped with the strength of the top 20.

In the crowd, Liang Wen did not immediately come out to express surrender.

He knew that someone would come very soon.

The Land of Exile was such a bloody place. If you dared to come forward, you would be killed!

Let alone someone as arrogant as Ye Yuan?

According to Liang Wen's estimation, Ye Yuan's strength was far from just top 20, he definitely had the strength of top 10!

It was just that which ranking in the top 10 was hard to say.

Therefore, he was waiting to see.

Stepping forward at this time to submit, if Ye Yuan lost, he would be screwed!

Having lived in the Land of Exile for so long, one naturally had to know the way of protecting personal interest and staying out of trouble.

Those who did not understand it had long turned cold.

"*Huhu*, Resplendent Sun City really hasn't been so lively for a long time! Now, any random Tom, Dick, or Harry, dare to jump out!" At this time, a figure walked out of the crowd.

"It's the 19th place Quickblade, Qiu Chengzhi! *Heh*, there's a show to watch now!"

The moment this person appeared, he was immediately identified by people.

Ye Yuan did not even look up and said coolly, "Do you choose to submit, or die?"

The moment Qiu Chengzhi heard, he was amused.

He laughed and said, "I choose, you die!"

Amidst the laughter, his blade was already out of its sheath!

People only saw things in a blur, unable to see the trajectory of the blade at all.

The name of Quickblade was displayed in its entirety at this moment.

"His blade became faster!" Liang Wen exclaimed.

However, in the next second, everyone was petrified!

Clank! Clank! Clank!

Sparks from metal clashing continuously set off in the space around Ye Yuan.

Only to see Qiu Chengzhi's figure moving around constantly.

While Ye Yuan did not move a muscle from beginning to end!

He did not even make a move!

Rays of sword energy wandered around Ye Yuan non-stop.

In an instant, Qiu Chengzhi had moved no idea to how many locations and unleashed god knows how many cuts.

But, he could not get close at all!

Liang Wen's eyes were full of astonishment.

The subordinate said in shock, "B-Big Brother Wen, this guy is also too monstrous, right? Quickblade Qiu Chengzhi actually can't even force him to make a move?"

Liang Wen smiled bitterly and said, "That's aura perception! He doesn't need to take action at all. As long as Qiu Chengzhi enters his domain, there will be sword energy exchanging blows with him of its own accord!"

Chapter 2599: Bullying with Numbers!

The subordinate said in shock, "Then, isn't it unsolvable?"

But Liang Wen shook his head and said, "Not unsolvable, but that Qiu Chengzhi's blade isn't fast enough!"

Quickblade was not fast enough!

This was perhaps the greatest irony.

Puu, puu, puu?...

All of a sudden, sword light flashed past.

Qiu Chengzhi was struck by several swords in an instant, landing miserably.

“Blade technique is decent, but it’s just a pity that it isn’t there yet!” Ye Yuan said coolly.

Blade intent and sword intent were both at the first level of rule.

Qiu Chengzhi was completely defeated!

Qiu Chengzhi struggled to get up and knelt in front of Ye Yuan and said, “Qiu Chengzhi, thanks Your Excellency for your grace of not killing, I’m willing to follow Your Excellency!”

Ye Yuan said coolly, “Get up, wait at one side.”

Qiu Chengzhi did not dare to disobey and got up to stand at one side droopily.

“*Humph!*? What a trash! Qiu Chengzhi, you’re really declining the longer you live! Since you’ve lost, why aren’t you dead?”

Right at this time, a cold snort came from the crowd.

The piercing cold spear intent seemed to have come out of the underworld, locking onto Qiu Chengzhi firmly.

Qiu Chengzhi’s expression changed wildly, and he exclaimed, “Absolute Spear, Zheng Tianyang!”

This spear carried an imposing momentum that dominated the whole world but was also unpredictable.

People could not even detect where the spear was at!

“Number ten, Zheng Tianyan! He came too!”

“What a strong spear! He’s going to kill Qiu Chengzhi!”

“Heh, Qiu Chengzhi is to be killed when he was the first to submit. This is slapping face!”

... ..

Those present were not fools. Someone immediately guessed Zheng Tianyang’s intentions.

It was just that up until now, it was all just hearsay without seeing the person!

Suddenly, there was a blur before everyone’s eyes.

An ice-blue long spear already appeared three feet in front of Qiu Chengzhi.

Three feet, for a spear technique that pressed forward indomitably, it was just a matter of a single breath.

This already determined Qiu Chengzhi’s death.

“Universe!”

In the time it took for sparks to fly off a piece of flint, Ye Yuan’s figure suddenly disappeared from where he was.

When he appeared again, he already blocked in front of Qiu Chengzhi.

Boom!

An intense explosion sound came over, Zheng Tianyang's figure fell back over a dozen steps in a row before barely managing to stabilize his figure.

While Ye Yuan did not budge an inch!

Zheng Tianyang's expression changed wildly, looking at Ye Yuan full of dread.

His indomitable strike was actually blocked by Ye Yuan!

Furthermore, it was when his spear momentum reached its pinnacle and clashed head-on to forcibly block it!

At this time, Ye Yuan was currently standing with his hands behind his back as he looked at him indifferently and said, "Spear technique is not bad! But you can't arouse my interest. Submit, or die!"

Ye Yuan naturally did not come here to dominate the Resplendent Sun City.

He did it in order to borrow the hands of these powerhouses to temper himself.

These ferocious and wicked people who were veterans were absolutely the best opponents for training.

But, that also depended on who the opponent was.

At least, the top 10 had already taken the stage, but Ye Yuan did not have the interest of making his move.

Zheng Tianyang was very strong, but he still could not arouse his interest.

Zheng Tianyang's expression flickered indeterminately. Finally, he cupped his fists and gave a bow as he said, "Zheng Tianyang is willing to submit!"

Not submitting was death!

That blow just now, the victor was already determined. There was no need to fight anymore.

While he was a great deal stronger than Qiu Chengzhi, it was also merely just forcing Ye Yuan to leave where he was standing.

If they really clashed, he would definitely die within three moves!

Zheng Tianyang was not a fool either. So why would he seek death himself?

It was just that this scene looked incomparably shocking in everyone's eyes.

Talking about it was slow, but actually, from Zheng Tianyang opening his mouth to being repelled back, it was merely three breaths of time.

Many people still had not figured out what was going on and it already ended.

A second ago, Zheng Tianyang was still mocking Qiu Chengzhi for being a good-for-nothing.

In the next second, he himself submitted too.

Really a comical scene!

It was just that no one laughed.

On the contrary, they were deeply shocked.

Even the 10th place Zheng Tianyang could not last a single move under Ye Yuan's hands.

Just how strong was he?

After Zheng Tianyang, it was immediately much quieter.

No one came out anymore.

Ye Yuan was still seated on the ground, waiting for the next challenger.

Two hours later, six figures walked out of the crowd, surrounding Ye Yuan.

These six people, each of them had threatening and imposing auras!

The appearance of these six people made everyone seethe with excitement all at once.

"Number nine, Zhou Jian; number eight, Qian Yuhuai; number seven, Luo Zhen; number six, Leng Xia; number five, Ling Bu; number four, Zhao Chendong! Six of the top ten powerhouses came all at once!"

"Too exciting! Too explosive! Didn't expect that this outsider can actually force six people in the top ten to join forces! Furthermore, these six people's strengths are not close. Each of them is extremely stronger than the last!"

"It looks like the six of them don't have the confidence to win for sure too. That's why they chose to join forces!"

... ..

The Land of Exile was never a place that obeyed rules.

The creed here was the fist!

When they felt that they might not be able to defeat you, they would join forces to kill the enemy without the slightest hesitation!

One-on-one did not exist!

The six people got into position, with their killing intent already linked up together.

Although the six of them had never joined forces before, amidst the endless killing, their control of killing intent had long already reached the acme of perfection.

So when cooperating, it would not seem unsmooth!

The fifth place Ling Bu said in a solemn voice, "Outsider, you're very strong! But you're too arrogant! In the Land of Exile, arrogant people only have one outcome; that's death!"

The seventh place Luo Zhen said with a cold laugh, “*Huhu*, punk, do you think that this place is the same as outside, and that we’ll come and challenge you one-on-one? What a joke!”

Seeing the arrival of these six people, Ye Yuan slowly got up and said with a smile, “I can feel that you guys are very strong. I hope that you guys won’t let me down!”

Luo Zhen sneered and said, “We won’t let you down. We’ll be sending you on your way! Kill!”

With a word, the six people launched an attack at the same time!

That commotion made the faces of everyone present change.

The cooperation of the six was simply brilliant to the peak!

No one could have imagined that this was actually their first time joining hands against an enemy!

The rules that the six people were skilled in were different, but cooperating together, it was like nature itself, as if completely covering this world.

And everything inside would be crushed.

“So strong! The combined attack of the six of them should be able to forcefully contend with the third place Di Xing, right?”

“That boy was too haughty! With these six people working together, even a Greater Sublime Heavenly Stratum will pale in comparison too! With just him alone, can he stop them?”

“The battle has ended! This boy’s talent was really wasted!”

... ..

The six people’s perfect cooperation attracted a series of exclamations.

However, the cooperation was secondary.

These six people’s strength by itself already reached the limits of Lesser Sublime Heavenly Stratum!

As long as they were willing, they could break through to Greater Sublime Heavenly Stratum at any time!

Furthermore, their application of rule already reached the level of instinct.

Right at the tip of their fingers!

That spear strike of Zheng Tianyang would definitely be instantly crushed under these six people’s combined attack!

It was not on the same level at all!

Therefore, in their view, Ye Yuan was dead without a doubt!

Facing such a powerful attack, Ye Yuan’s face revealed a smile and he said, “Not bad. This makes it a little interesting! This Land of Exile indeed has tigers crouching and dragons hiding!”

He felt a strong pressure!

With six people joining forces, it was truly a thunderbolt blow!

But this also triggered his powerful fighting intent!

Chapter 2600: Secretly Learning

“Universe!”

“Dual Polarity!”

“Four Symbols!”

... ..

Ye Yuan’s sword art swept out one move after another. However, facing the suppression of six great experts, Ye Yuan was still somewhat in a strained situation.

Especially facing the fourth place Zhao Chendong, he gave Ye Yuan tremendous pressure.

The experts of the Land of Exile, their talent might not be as strong as the outside world’s experts.

But the slaughter that they experienced shook the outside world powerhouses off by more than ten streets!

Fighting was already fused in their blood.

In this place, not fighting meant death!

That Zhao Chendong used the sword too. But the path that he took was extremely different from others.

Each time he unleashed a sword strike, it was like an old lady swinging a sword. It was unbelievably slow.

However, each of his slashes would appear at your most uncomfortable place.

Seemingly slow, but in reality fast!

With regards to Zhao Chendong, Ye Yuan was incomparably surprised too.

He deduced the Dao of Fast and Slow of sword art to the extreme!

Just a quick sword naturally did not count as anything.

But the Dao of Fast and Slow was similarly a perfect cycle!

In other words, Zhao Chendong’s sword technique was similarly a deduction of Great Dao!

The Great Dao of Universe was integrated into Ye Yuan’s sword art, being all-encompassing. It was naturally stronger than Zhao Chendong’s.

It was just that the others were not easy to deal with either, and could compensate for Zhao Chendong’s inadequacies very well.

Ye Yuan fell into a bitter fight.

However, this scene still shocked everyone.

“His sword technique is actually even stronger than Zhao Chendong’s!”

“This boy is fighting six people by himself. His strength can probably squeeze into the top three already!”

“When did Martial Secure Heavenly Sect produce such a monster?”

... ..

In the beginning, Ye Yuan’s action was just talking big to impress people in everyone’s eyes.

But now, no one went to laugh at him anymore.

Even if he could not rival six people, his strength obtained sufficient proof too.

In the crowd, two figures were currently chatting about something.

A man in black clothing said, “*Huhu*, I was wondering how capable he was. It looks like it’s only this and nothing more too.”

Beside him, a man in green clothes stood with his hands behind his back and said coolly, “His strength shouldn’t be just this.”

The man in black said in surprise, “How so?”

The man in green clothing said, “To dare provoke the powerhouses in the entire city like this, it’s either a fool or their strength is extremely formidable! You look at his appearance. Does he look like a fool?”

The man in black frowned and said, “You’re saying that he’s the same as us, grasping two or more power of rules? But he doesn’t have the advantage right now. Why doesn’t he use his full strength yet?”

The man in green smiled and said, “He’s naturally tempering his sword art! Regarding Zhao Chendong six people’s strength, they are neither high nor low. They are just nicely a piece of decent whetting stone! And this is probably precisely his goal of coming to the Land of Exile, right?”

The man in black said disdainfully, “Just the likes of a sect disciple also has this thinking and strength? I don’t believe it! This Land of Exile, how many sect disciples have come in to train before? Didn’t they all become deceased souls under our blades? This boy is naturally no exception either.”

The man in green smiled and did not speak.

Amidst the fierce fighting, Ye Yuan’s sword seemed to be getting slower and slower.

That tempo showed some signs of approaching Zhao Chendong.

And this change made the originally unassailable Universe actually reveal quite a number of flaws.

Ye Yuan also suffered quite a few injuries because of this.

How could Zhao Chendong not understand Ye Yuan’s thoughts? He then said disdainfully, “Imitating others and losing one’s own individuality, incurring the ridicule of experts! This sword art was only honed through my countless life and death instances, how could it be learned overnight?”

“Heh, this is sharpening one’s spear on the eve of battle, don’t you feel that it’s too late?” Ling Bu also said with a cold smile.

With regards to Ye Yuan’s approaching of ‘secretly learning’, everyone turned their noses up in disdain.

But to the six great experts, they were naturally happy to see it happen.

They just had to kill the opponent. As for how he died, they did not care.

The most worthless thing in this place was human lives.

Ye Yuan’s Universe was all-inclusive. But it was just a framework.

The more things contained in Universe, the more complex it would be, and the stronger it would get!

Zhao Chendong’s Dao of Fast and Slow undoubtedly gave Ye Yuan a new train of thought.

Integrating Fast and Slow Sword Dao into Universe would definitely greatly increase its power.

But saying and doing were two different things.

Just as Zhao Chendong said, this was only honed through his countless life and death instances, how could it be comprehended so easily?

Let alone that he even had to fuse it into the Universe Sword Dao.

But Zhao Chendong still underestimated Ye Yuan!

His Universe Sword Dao was extremely high level to begin with and Fast and Slow Sword Dao was just a part of it.

Operating from a strategically advantageous position, it was not far beyond reach for Ye Yuan to comprehend it.

Coupled with that this kind of comprehension amidst life and death forced Ye Yuan to do his utmost.

Ye Yuan’s Universe was gradually started reaching grand completion again!

Zhao Chendong had clearly detected Ye Yuan’s transformation too. His expression changed wildly as he said, “Not good! This guy’s Sword Dao is going to be perfected even more! This brat is going to defy the heavens!”

Ye Yuan was riddled with wounds, but a faint smile hung on his face as he said, “Imitating others and losing one’s own individuality is it?? *Huhu*, looking on the account of the Fast and Slow Sword Dao, I’ll spare your lives!”

Great Dao returning to one!

All of a sudden, Ye Yuan’s sword light radiated brilliantly.

It was still that Universe, but there was the additional change of fast and slow tempo in it!

This sword was truly strange to the extreme.

Zhao Chendong and the rest unleashed all of their abilities and were unable to block the edge of this sword too.

Chi! Chi! Chi!

The six people were directly struck by the sword light and flew out.

One sword defeating six powerhouses!

When the man in black saw this scene, he was immediately stunned.

“This ... Is this guy a freak? Secretly learning in the midst of battle and integrating it into his own Sword Dao! Freaking hell, this is also too monstrous!”

A hint of surprise flashed across in the eyes of the man in azure clothes too and he said, “Such astonishing comprehension ability! Although his Sword Dao was stronger than Zhao Chendong’s, Fast and Slow Sword Dao is another facet of Sword Dao. It doesn’t just link with his Sword Dao! He can actually comprehend the Sword Dao within such a short time and fuse it into his own Sword Dao! Truly monstrous!”

In his view, Ye Yuan was planning on using these few people to temper his Sword Dao, and then to use his trump card to defeat the opponents in the end.

Who knew that Ye Yuan directly comprehended Sword Dao in the middle of the fight!

The man in black said, “He Yunxiang, it’s your turn to take the stage! If you lose to him, I’ll directly surrender!”

This man in black was none other than precisely Resplendent Sun City’s rank three, Di Xing.

And the man in green was the second place He Yunxiang.

He Yunxiang did not speak. Walking out of the crowd, he walked straight toward Ye Yuan.

Di Xing chuckled and said, “Looks like it’s another fierce struggle between two evenly-matched opponents! If it’s He Yunxiang, he should be able to force out all of his strength, right?”

He Yunxiang coming in front of Ye Yuan immediately caused a commotion!

“It’s He Yunxiang! There’s a good show to watch now!”

“He Yunxiang fused two kinds of power of rules. His combat power is unparalleled! I wonder; between him and this boy, who’s stronger?”

“Rubbish! Of course it’s He Yunxiang! You have to know, he’s a powerhouse who has been a city lord before! If not for Changsun Xingyu’s sudden emergence later on, he’d be this Resplendent Sun City’s number one!”

... ..
